James,

As discussed, staff were unable to verify the sentence regarding OEB rate reductions in the past. As you mentioned, if there is an OEB source for that messaging, that's fine.

In addition, the sentence regarding rate reductions in Simcoe North – this varies by LDC but the sentence should be approximately correct for the purpose of this letter (staff won't be able to exactly confirm that without further analysis).

Small change to the attached – otherwise DM and Ministry approved.

Thanks,

Jeet

Here's the approved letter attached with tracked changes – very minor. We think it should also go to media. Can it go ASAP? Thanks guys

Here's the revised letter for your review/feedback in response to Brown's correspondence re: Hydro One's rate application.

Let us know if you have any changes.

Thanks,
James

Hi.

Here is content from policy / fact check.

Needs to have tone sharpened and elbows up / get into the corners a bit more; but the substance is there - just needs the sizzle.

Wondering if folks on this chain could take a run at jazzing this up (Bill / Andrew want to take first crack; or should we?) then can I give it another once-over before we send to Minister, please?

That is, unless you want it to be "from Premier"?

Many thanks, in advance.
