Hi Justin,

Thanks for following up. This seems to be a different working group (that includes social service agencies, natural gas utilities, etc.).

Our officials told us they have a general working group that includes 15-20 LDCs, IESO, OEB, and the EDA, in which some issues related to the Fair Hydro Plan would be discussed.

Let us check with SNAP and see if they have any more information related to the group (whether the EDA has attended these meetings, perhaps labelled with a different name, and/or when future meetings are expected to be).

Cheers,

Craig Ruttan

Thanks for the meeting yesterday.

As follow up, here is what I got re: the OESP Working Group.

Looking at the attached doesn't seem to be about the implementation of the Fair Hydro Plan – unless I am missing something?

Thanks,

Justin
