I'm alright with these. Some alternative ideas, if so desired:

Social focus - Launched Watay project, which will connect up to 21 remote first nations

Nuclear focus - refurb! Securing generations of clean emissions-free power and thousands of jobs

Biz focus - expanded ICI, allowing more than a thousand new businesses to cut costs by up to one third

All good suggestions! The three mentioned in the chain are pasted below. Any other feedback?

- Through Ontario's Fair Hydro Plan, we're lowering electricity bills by 25 per cent on average for all residential households and as many as half a million small businesses and farms starting this summer.
- As part of the Fair Hydro Plan, we're expanding the Ontario Electricity Support Program (OESP) by 50 per cent to deliver more savings to low-income Ontarians – an additional \$180 a year, for a total of \$540 a year in support for eligible households (effective May 1, 2017); and (For rural and remote areas) we're enhancing the Rural or Remote Rate Protection (RRRP) Program to provide more relief to rural and remote residential customers who face higher distribution costs compared to urban areas – about 800,000 households will benefit. Including the 25 per cent on average

savings, those eligible for OESP and RPPP could see reductions of up to 40 to 50 per cent on their bill.

- Three years ago (April 15, 2014) we ended coal-fired electricity, which remains the single largest climate change initiative undertaken in North America – reducing smog days in Ontario from 53 in 2005 to zero last year

Suggest fair hydro plan could make up two points - one is 25 off for all, and another is expanded programs for those in need.

Hi Team,

LCSB is asking for our office's top 3 achievements, so that they can share a list with constituency offices.

Any suggestions? Removing coal would probably be one, and lowering rates for all Ontarians by 25% on average?

Thanks in advance for your suggestions,

Hello everyone,

I am helping Mary Galati compile an updated list of top 3 achievements from each office as a resource for constituency offices. If you could please forward me a list of those three as soon as possible it would be greatly appreciated.

Thank you,
