Fyi - understand your meeting. Alectra was concerned they wouldn't be able to meet the deadline for dynamic savings message on bills. See my response below - they can request an exemption.

Hi

The reg will have a provision to request an exemption from the Minister in the form of a letter, if for technical or other reasons the dynamic messaging cannot be implemented by the deadline. There's a similar provision for the 8% I believe.

Staff understand the uniqueness of Alectra's situation, so we'd certainly account for that in considering an exemption request.

Sooooo.....all good?

Matt
