Hey again guys: PO is looking for a list (no messaging, just the details) of all initiatives benefiting Indigenous peoples that our government has progressed over the last four months (up to and including November)? This would include the EVAIW update, Human Trafficking, the Indigenous component of the Fair Hydro plan, etc.

Is there anything else, over and above, Fair Hydro Plan measures that can be mentioned here? I'll make sure to send along the March 2 backgrounder that includes the description of the changes to the social programs for their reference.

Thanks for any advice you can provide!

James

Hello:

We have an urgent request from our MO for the Premier's office.

Can you please send a list (no messaging, just the details) of all initiatives benefiting Indigenous peoples that our government has progressed over the last 4 months (up to and including November)? This would include the EVAIW update, Human Trafficking, the Indigenous component of the Fair Hydro plan, etc.

This is needed by **11 a.m.**

Many thanks,

Ingrid
