Speech Outline - EDA

- * Thanking the LDCs on their part on moving forward with Ontario's agenda on the energy file
- * Reminding them that beyond delivering for shareholders that we must have a united front with a focus on helping customers
- * Where we've come from and why we've made the investments we've made in a clean reliable system.
- * The current focus on realizing that customers need help.
- * Overall Rate mitigation strategy outlined.
- * December Directive to ensure that all customers in all LDC service territories will have access to the same province wide programs, in particular highlighting the delivery of HAP province wide. Then to go a step beyond and acknowledge the affordability fund.
- * Working together to turn the narrative that paying for electricity is a burden.
