Premier,

Your remarks for OSSTF, OECTA and Monday mornings Affordability event have all been updated.

Summary of Updates:

OSSTF & OEECTA – Starting with the last paragraph of page 11 through page 13 it is re-worked to adjust to a slightly different construct on the deficit and the care language has been added.

Affordability Announcement – Page 1: This paragraph has been re-worked to change from "taking a toll" to:

- The challenges people are facing are causing stress and anxiety — that's the reality

Page 2: The third paragraph on CPP has been changed to be about "support" rather than "care" in retirement, as follows:

- Then we fought for an enhanced Canada Pension Plan so that when people retire, they can and will have the support they need

Updated remarks are attached. I will have hard copies of all these remarks for you tomorrow, but am also happy to bring them up to the house tonight if you would like to have them it's no trouble at all.

If you have questions about these changes please let me or Gen know.

Thanks,
Carly
