(i) No consent, approval or authorization of, or declaration, registration, filing or qualification with, or giving of notice to, or taking of any other action in respect of, any Governmental Authority on the part of the Issuer is required in connection with the execution and delivery of this Indenture, the other Program Agreements executed by it or any agreements or instruments delivered pursuant hereto or thereto or the consummation of any of the transactions contemplated hereby or in

connection with the enforcement of this Indenture, the other Program Agreements executed by it or any agreements or instruments delivered pursuant hereto or thereto (except those which have been obtained or deemed to have been obtained).

ARTICLE XIII
COVENANTS OF THE ISSUER

13.01 Payment of Principal and Interest

With respect to each Class, Series or Tranche of Issuer Funding Obligations, the Issuer will duly and punctually pay the principal of and interest on such Issuer Funding Obligations in accordance with their terms, this Indenture and any Related Funding Obligation Agreement, and will duly comply with all the other terms, agreements and conditions contained in, or made in this Indenture and any Funding Obligation Agreement.

13.02 Use of Proceeds

The Issuer will use the proceeds of Notes and Borrowings solely for: (a) the acquisition by the Issuer of an Investment Interest; (b) the redemption, repayment or repurchase of any existing Issuer Funding Obligations; (c) the funding of Issuer Accounts; and (d) the payment of transaction fees and expenses in connection with the incurrence of Issuer Funding Obligations.

13.03 Maintenance of Office or Agency

The Issuer will maintain an office or agency in each Place of Payment where Notes may be presented or surrendered for payment, where Notes may be surrendered for transfer or exchange and where notices and demands to or upon the Issuer in respect of the Notes and this Indenture may be served. The Issuer will give prompt written notice to the Indenture Trustee of the location, and of any change in the location, of such office or agency. If at any time the Issuer will fail to maintain such office or agency or will fail to furnish the Indenture Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Indenture Trustee, and the Issuer hereby appoints the Indenture Trustee its agent to receive all such presentations, surrenders, notices and demands.

The Issuer may also from time to time designate one or more other offices or agencies where the Notes of one or more Classes, Series or Tranches may be presented or surrendered for any or all of such purposes specified above and may constitute and appoint one or more Paying Agents for the payments of such Notes, in one or more other cities, and may from time to time rescind such designations and appointments; provided, however, that no such designation, appointment or rescission shall in any matter relieve the Issuer of its obligations to maintain an office or agency in each Place of Payment for Notes of any Class, Series or Tranche for such purposes. The Issuer will give prompt written notice to the Indenture Trustee of any such designation or rescission and of any change in the location of any such other office or agency. Unless and until the Issuer rescinds one or more of such appointments, the Issuer hereby appoints the Indenture Trustee, as its Paying Agent in Toronto, Ontario with respect to all Series, Classes and Tranches of Notes having a Place of Payment in the City of Toronto, Ontario.

13.04 Legal Existence

The Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its legal existence and maintain its status as a Financing Entity.

13.05 Separateness Covenants

The Issuer will take all reasonable steps to maintain the Issuer's identity as a distinct entity with assets and liabilities distinct from those of the Manager and any of its Affiliates. Without limiting the generality of the foregoing and in addition to the other covenants set forth herein, the Issuer shall:

(a) not identify the offices of the Manager or any Affiliate thereof as its offices (by signage or otherwise);

(b) not identify the telephone number of the Manager as its telephone number and it will not utilize the stationery, invoices or cheques of the Manager;

(c) conduct all transactions with the Manager strictly on an arm's length basis and in good faith, allocate all overhead expenses for items shared between the Issuer and the Manager on the basis of actual use to the extent practicable and, to the extent such allocation is not practicable, on a basis reasonably related to actual use;

(d) conduct its affairs strictly in accordance with the Declaration of Trust, and observe all necessary, appropriate and trust formalities;

(e) maintain the Issuer's books and records separate from those of the Manager or any Affiliate thereof and otherwise readily identifiable as its own assets rather than assets of the Manager or any Affiliate thereof;

(f) prepare its financial statements separately from those of the Manager and ensure that any consolidated financial statements of the Manager that include the Issuer have notes clearly stating that the Issuer is a separate entity;

(g) only maintain bank accounts or other depository accounts to which the Issuer alone is the account party (or where the Issuer Trustee or the Indenture Trustee will maintain them on behalf of the Issuer), and from which only the Issuer or its agent has the power to make withdrawals;

(h) pay all of the Issuer's operating expenses from the Issuer's own assets (including, for greater certainty, reimbursing the Manager for any such expenses);

(i) continuously maintain the resolutions, agreements and other instruments of the Issuer underlying the transactions described in the Program Agreements as official records of the Issuer separately identified and held apart from the records of the Manager;

(j) maintain its property in such a manner that it is not costly or difficult to segregate, ascertain or otherwise identify its individual assets from or against those of the Manager or any Affiliate thereof; and

(k) not become liable to any Person for any obligations of the Manager or any Affiliate thereof.

13.06 Compliance with Laws

The Issuer will comply with the requirements of all applicable laws, the noncompliance with which would, individually or in the aggregate, materially and adversely affect the ability of the Issuer to perform its obligations under the Program Agreements.

13.07 Performance of Obligations

(a) The Issuer will punctually perform and observe all of its obligations and agreements contained in this Indenture, the Declaration of Trust, the Master Transfer and Servicing Agreement, the other Program Agreements and in the instruments and agreements relating to the Collateral, including but not limited to filing or causing to be filed all PPSA financing statements and amendments thereto required to be filed by the terms of this Indenture in accordance with and within the time periods provided for herein.

(b) The Issuer (i) will diligently pursue any and all actions to enforce its rights under each instrument or agreement included in the Collateral and (ii) will not take any action and will use its best efforts not to permit any action to be taken by others that would release any Person from any of such Person's covenants or obligations under any such instrument or agreement or that would result in the amendment, hypothecation, subordination, termination or discharge of, or impair the validity or effectiveness of, any such instrument or agreement, except, in each case, as expressly provided in this Indenture, the Master Transfer and Servicing Agreement or any other Program Agreement.

(c) The Issuer will enforce the Servicer's compliance with and performance of all of the Servicer's material obligations under the Master Transfer and Servicing Agreement. The Issuer will enforce the Manager's compliance with and performance of all of the Manager's material obligations under the Management Agreement.

13.08 Funding Obligations

The Issuer will ensure that all indebtedness is incurred pursuant to and in accordance with Article V.

13.09 Financial Statements

The Issuer will deliver or cause to be delivered to the Indenture Trustee and the Rating Agencies within 140 days after the end of each fiscal year audited financial statements of the Issuer

for the fiscal year, including the balance sheet and statements of income, retained earnings and changes in financial position of the Issuer, and within 90 days after the end of each fiscal quarter, other than the fiscal quarter of the Issuer ending on the fiscal year end of the Issuer, unaudited financial statements of the Issuer for such fiscal quarter of the Issuer, including the balance sheet and statements of income, retained earnings and changes in financial position of the Issuer.

13.10 Statement as to Compliance

The Issuer will deliver to the Indenture Trustee and the Rating Agencies, on or before March 31 of each year, beginning in 2018, a written statement signed by a Responsible Officer of the Issuer stating that:

(a) a review of the activities of the Issuer during the prior year and of the Issuer's performance under this Indenture and under the terms of the Notes has been made under such Responsible Officer's supervision; and

(b) to the best of such Responsible Officer's knowledge, based on such review, the Issuer has complied in all material respects with all conditions and covenants under this Indenture throughout such year and that no Event of Default has occurred (without regard to any grace period or requirement of notice), or, if there has been a material default in the fulfillment of any such condition or covenant or an Event of Default has occurred (without regard to any grace period or requirement of notice), specifying each such default known to such Responsible Officer and the nature and status thereof.

13.11 Payment Instruction

Promptly after the receipt by the Issuer of each Monthly Report under the Master Transfer and Servicing Agreement, the Issuer will, in cooperation with the Manager, complete the Payment Instruction and deliver a copy thereof to the Indenture Trustee and the Paying Agent (if the Paying Agent is not the Indenture Trustee).

13.12 Notice of Events of Default

The Issuer agrees to give the Indenture Trustee and the Rating Agencies prompt written notice of (i) each Event of Default, (ii) each breach on the part of the Issuer or the Servicer of its respective obligations under the Master Transfer and Servicing Agreement, (iii) each breach on the part of the Manager of its obligations under the Management Agreement, and (iv) any default of the Issuer or a Derivative Counterparty under a Derivative Agreement.

13.13 Issuer To Furnish Indenture Trustee Names and Addresses of Specified Creditors

(a) The Issuer will furnish or cause to be furnished to the Indenture Trustee:

(i) not more than 15 days after each Record Date, in such form as the Indenture Trustee may reasonably require, a list of the names and addresses of the Registered Noteholders of such Classes, Series or Tranches as of such date, and

(ii) at such other times as the Indenture Trustee may request in writing, within 30 days after the receipt by the Issuer of any such request, a list of similar form and content as of a date not more than 15 days before the time such list is furnished;

provided, however, that so long as the Indenture Trustee is the Note Registrar, no such lists shall be required to be furnished.

(b) Upon written request from the Indenture Trustee, within 30 days after the receipt by the Issuer of any such request, the Issuer will furnish or cause to be furnished to the Indenture Trustee a list of the names and addresses of all other Specified Creditors.

13.14 Other Positive Covenants

The Issuer will:

(a) in the event that the Issuer shall be required to file tax returns, the Manager shall prepare or shall cause to be prepared such tax returns and shall provide such tax returns to the Issuer for signature at least five (5) Business Days before such tax returns are due to be filed. The Issuer, in accordance with the terms of each applicable Supplemental Indenture, shall also prepare or shall cause to be prepared all tax information required by applicable law to be distributed to any Noteholder and shall deliver such information to the Indenture Trustee at least 5 Business Days prior to the date it is required by applicable law to be distributed to any Noteholder. The Indenture Trustee, upon written request, will furnish the Manager with all such information known to the Indenture Trustee as may be reasonably requested and required in connection with the preparation of all tax returns of the Issuer;

(b) pay or cause to be paid all Taxes levied, assessed or imposed upon the Issuer and its property or any part thereof, as and when the same become due and payable; provided that the Issuer may protest the payment of any such Taxes if it is acting in good faith and if it either provides the Indenture Trustee with cash in an amount sufficient to satisfy the same or otherwise satisfies the Indenture Trustee that its interests are not prejudiced thereby and the Rating Agency Condition is satisfied;

(c) upon the written request of the Indenture Trustee, use reasonable commercial efforts, following any (i) termination or resignation of the Servicer, the Manager or the Paying Agent or, in each case, any successor thereof; or (ii) termination, non-renewal or expiry of a Liquidity Agreement or a Credit Enhancement Agreement (other than, in the latter case, a termination, non-renewal or expiry which occurs because neither party thereto has any further obligation thereunder), to appoint and enter into an agreement with a successor to such Servicer, Manager or Paying Agent, or replace or renew such Liquidity Agreement or Credit Enhancement Agreement, in form and substance the same as the applicable provisions in the previously existing Program Agreement and will notify the Indenture Trustee and the Rating Agencies of each such occurrence and new agreement, and will execute

and deliver all Supplemental Indentures and amendments hereto and all instruments of further assurance and other instruments and will take other and further action as the Indenture Trustee, relying on the advice of counsel, may consider necessary or advisable to assign and render subject to this Indenture any such agreement; and

(d) deliver or cause to be delivered to the Indenture Trustee and the Rating Agencies on a confidential basis (excepting only, on the part of the Rating Agencies, for purposes of rating the securities of the Issuer) (i) copies of all Program Agreements (including any amendments thereto) in effect from time to time; and (ii) such reports and other information relating to the conduct of the business and affairs of the Issuer as the Indenture Trustee and the Rating Agencies may reasonably require including, without limitation, information pertaining to any actual or anticipated Event of Default or other event which could reasonably be anticipated to have a material adverse effect on the affairs of the Issuer.

13.15 Rule 144A Information

For so long as Notes of any Class, Series or Tranche are "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Exchange Act, the Issuer agrees to provide to any Noteholder of such Class, Series or Tranche and to any prospective purchaser of Notes designated by such Noteholder, upon the request of such Noteholder or prospective purchaser, any information required to be provided to such Noteholder or prospective purchaser to satisfy the conditions set forth in Rule 144A(d)(4) under the Securities Exchange Act.

13.16 Further Instruments and Acts

Upon request of the Indenture Trustee or as necessary, the Issuer will execute and deliver such further instruments and do such further acts (including, but not limited to, disclosing or causing to be disclosed information) as may be reasonably necessary or proper to carry out more effectively the purpose of this Indenture.

13.17 No Other Business

The Issuer will not engage in any business other than as permitted under the Declaration of Trust or the other Program Agreements and activities ancillary thereto.

13.18 Amendments to Program Agreements

(a) The Issuer will not:

(i) amend, supplement, modify, restate or replace, or waive or consent to a postponement of compliance with the terms and conditions on the part of any other party to, any of the Funding Obligation Agreements (other than this Indenture and Derivative Agreements) if any such supplementation, amendment, modification, restatement or replacement, or waiver or consent, could reasonably be considered to be materially prejudicial to the rights or interests of any Specified Creditor, except as expressly permitted

by such Specified Creditor, and unless the Rating Agency Condition is satisfied; or

(ii) consent, if consent is required, to the resignation of the Manager under the Management Agreement unless the Rating Agency Condition is satisfied.

(b) The Issuer will not amend the Declaration of Trust if such amendment would have an Adverse Effect or would reasonably be expected to have an Adverse Effect at any time in the future; provided that if an amendment would have, or would reasonably be expected to have, an Adverse Effect, such amendment may only be made with the consent of the Debtholders affected thereby, acting pursuant to an Ordinary Resolution.

13.19 Issuer May Consolidate, Etc., Only on Certain Terms

The Issuer shall not consolidate or merge with or into any other Person, or sell, convey, exchange, transfer or otherwise dispose of any of its properties or assets included in the Collateral to any Person (in this Section 13.19, a "**transaction**"), unless:

(a) the Person (if other than the Issuer) formed by or surviving the consolidation or merger, or the Person that acquires by conveyance or transfer the properties and assets of the Issuer the conveyance or transfer of which is restricted, as applicable, shall: (i) be a Financing Entity, (ii) be organized and existing under the laws of Canada or any province or territory thereof, (iii) not be a Non-resident, (iv) not be subject to regulation as an "investment company" under the Investment Company Act, (v) expressly assume, pursuant to an assignment and/or assumption agreement or supplement executed and delivered to the Indenture Trustee, in a form satisfactory to the Indenture Trustee, the due and punctual payment of all Obligations Secured then outstanding and the performance or observance of every agreement and covenant of the Issuer in this Indenture and the other Program Agreements to which the Issuer is a party; and (vi) in the case of a conveyance or transfer only, expressly agree, by means of such assignment and/or assumption agreement or supplement, that (A) all right, title and interest so conveyed or transferred is subject and subordinate to the Security Interest, and (B) it shall make all filings required by applicable securities laws in connection with the Notes;

(b) immediately after giving effect to such transaction, no Event of Default shall have occurred and be continuing;

(c) the Issuer shall have delivered to the Indenture Trustee an Issuer Certificate and an Opinion of Counsel each stating that (i) such transaction and the agreements delivered in connection therewith comply with this Section 13.19, (ii) all conditions precedent in this Section 13.19 relating to such transaction have been complied with, and (iii) each agreement delivered in connection with such transaction has been duly authorized, executed and delivered, and is valid, binding and enforceable against the surviving Person or transferee, as applicable;

(d) the Rating Agency Condition shall have been satisfied with respect to such transaction; and

(e) any action that is necessary to maintain the Security Interest shall have been taken.

13.20 Successor Substituted

Upon any consolidation or merger, or any conveyance or transfer of the properties and assets of the Issuer substantially as an entirety in accordance with Section 13.19, the Person formed by or surviving such consolidation or merger (if other than the Issuer) or the Person to which such conveyance or transfer is made shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under this Indenture with the same effect as if such Person had been named as the Issuer herein. In the event of any such conveyance or transfer, the Person named as the Issuer in the first paragraph of this Indenture or any successor which shall theretofore have become such in the manner prescribed in this Section 13.20 shall be released from its obligations under this Indenture as issued immediately upon the effectiveness of such conveyance or transfer.

13.21 Guarantees, Loans, Advances and Other Liabilities

Except as contemplated by this Indenture or the Declaration of Trust, the Issuer shall not make any loan or advance or credit to, or guarantee (directly or indirectly or by an instrument having the effect of assuring another's payment or performance on any obligation or capability of so doing or otherwise), endorse or otherwise become contingently liable, directly or indirectly, in connection with the obligations, stocks or dividends of, or own, purchase, repurchase or acquire (or agree contingently to do so) any stock, obligations, assets or securities of, or any other interest in, or make any capital contribution to, any other Person.

13.22 Capital Expenditures

The Issuer shall not make any expenditure (by long-term or operating lease or otherwise) for capital assets.

13.23 Restricted Payments

The Issuer is permitted to declare or make payable any amounts to the owner of units in the Issuer as permitted or in accordance with the Declaration of Trust, and redeem, purchase, retire or otherwise acquire for value any units in the Issuer, provided that the Issuer may only satisfy the distribution declared or made payable, or the redemption or purchase price of any units so redeemed, purchased, retired or otherwise acquired, in cash or property to the extent that cash or property is available for such purpose, subject to Sections 7.04 and 8.13. For greater certainty, if the Issuer is restricted from satisfying the foregoing amounts in cash or property pursuant to the provisions of this Section, then the Issuer shall satisfy such amounts through the issuance of additional units and/or a promissory note to its unitholders in accordance with the Declaration of Trust. The Issuer Trustee is permitted to make or cause to be made payments to the Indenture Trustee pursuant to Sections 9.05 and 13.26.

13.24 No Borrowing

The Issuer will not issue, incur, assume, guarantee or otherwise become liable, directly or indirectly, for any additional indebtedness, except for Funding Obligations and pursuant to the Program Agreements.

13.25 Other Negative Covenants

The Issuer will not:

(a) claim any credit on, or make any deduction from the principal or interest payable in respect of, the Notes or Borrowings (other than amounts withheld or deducted as described in Section 16.02);

(b) permit the validity or effectiveness of this Indenture to be impaired, or permit the Security Interest to be amended, hypothecated, subordinated, terminated or discharged, or permit any Person to be released from any covenants or obligations hereunder with respect to any Program Agreements except as may be expressly permitted hereby;

(c) permit any Lien (other than Permitted Liens) to be created on or extend to or otherwise arise upon or burden the Collateral or any part thereof or any interest therein or the proceeds thereof;

(d) sell, transfer, exchange or otherwise dispose of any of the Collateral except as may be expressly permitted hereby;

(e) release any security or guarantee in respect of the Collateral;

(f) voluntarily dissolve or liquidate; or

(g) take any action that would cause it to be treated as engaged in a "trade or business within the United States" within the meaning of applicable U.S. tax law interpreting section 864 of the Internal Revenue Code or its successor or predecessor provisions.

13.26 Indenture Trustee May Perform Covenants

If the Issuer fails to perform any of its covenants herein contained, the Indenture Trustee may, subject to the receipt of indemnification and funding reasonably acceptable to the Indenture Trustee as provided in Section 9.02(d), itself perform the covenant if the covenant is capable of being performed by the Indenture Trustee and, if the covenant requires the payment or expenditure of money, the Indenture Trustee may make the payment or expenditure with its own funds or with money borrowed by or advanced to it for such purpose, but will be under no obligation to do so; and all sums so expended or advanced will bear interest at the rate of interest charged to the Indenture Trustee by its bankers from the date of expenditure until repayment and will (together with such interest) be paid by the Issuer upon demand and will until paid form part of the Obligations Secured and constitute a Lien on the Collateral to which such covenant related in priority to the Security Interest and will be payable out of any funds coming into possession of the

Indenture Trustee hereunder. No performance or payment will be deemed to relieve the Issuer from the consequences of the occurrence of any Event of Default hereunder.

ARTICLE XIV
MANAGEMENT AGREEMENT AND CREDIT ENHANCEMENT AGREEMENTS

14.01 Management Agreement

The Indenture Trustee acknowledges that the Issuer has entered into the Management Agreement which provides, among other things, for the provision of certain services and the performance by the Manager of certain obligations of the Issuer under this Indenture connected with the Issuer Investment Interest, the incurrence of Issuer Funding Obligations and all registrations required pursuant to Section 4.05. Accordingly, any obligation of the Issuer hereunder performed by the Manager on behalf of the Issuer will be deemed to have been performed by the Issuer and any payments referred to hereunder received or received and applied against the Issuer Funding Obligations by the Manager on behalf of the Issuer will be deemed to have been received or received and applied by the Issuer. The Indenture Trustee may act and rely on any instrument or report referred to hereunder prepared by the Manager on behalf of the Issuer as if the instrument or report had been prepared by the Issuer.

14.02 Credit Enhancement Agreements

The Indenture Trustee acknowledges that the Issuer may enter into one or more Credit Enhancement Agreements which provide, among other things, for the right of the Issuer, the Indenture Trustee or the Manager, as attorney for the Issuer, to make drawings on Credit Enhancers for the purpose of paying maturing Issuer Funding Obligations and repaying Borrowings under Liquidity Agreements. The Indenture Trustee hereby appoints the Manager as the Indenture Trustee's attorney, with full authority in the place and stead of and in the name of the Indenture Trustee or otherwise, from time to time to make any drawings pursuant to a Credit Enhancement Agreement (provided that written notice of any drawings shall be given by the Manager to the Indenture Trustee) and, in that connection, to execute and deliver all such documents, instruments and certificates including, without limitation, any drawing certificates required to be delivered to a Credit Enhancer at the time any drawing is made, and to do all such further acts and things and to take all such proceedings as the Manager in its sole discretion deems necessary or desirable to enforce compliance by a Credit Enhancer with the terms of a Credit Enhancement Agreement.

ARTICLE XV
NOTICES

15.01 Notice to Issuer

Any notice, document or other communication required or permitted to be given or delivered to the Issuer hereunder will be in writing and will be valid and effective if given by delivery to the addresses indicated below or by facsimile or email transmission at such addresses (with, in the case of facsimile or email transmission, receipt confirmed, either by telephone, reply facsimile or reply email, or, in the case of email transmission, through the email software itself) and such notice, document or other communication shall be deemed to have been received, if given by delivery, on the day of delivery, and, if sent by facsimile or email transmission, on the day

receipt thereof has been confirmed in accordance with the provisions of this Section 15.01. Such notice shall, if given on a day other than a Business Day or after the normal business hours of the recipient on a Business Day, be deemed to have been given on the next Business Day:

Fair Hydro Trust
c/o Ontario Power Generation Inc.
700 University Avenue
Toronto, Ontario M5G 1X6

Attention: [■]
Fax: (416) [■]
Email: [■]

with copies to:

Computershare Trust Company of Canada, in its capacity as
Issuer Trustee for Fair Hydro Trust
100 University Avenue, 11th Floor
Toronto, Ontario M5J 2Y1

Attention: [■]
Fax: (416) [■]
Email: [■]

15.02 Notice to the Indenture Trustee

Any notice, document or other communication required or permitted to be given or delivered to the Indenture Trustee hereunder will be in writing and will be valid and effective if given by delivery to the address indicated below or by facsimile transmission at such address (with, in the case of facsimile transmission, receipt confirmed, either by telephone or reply facsimile) and such notice, document or other communication shall be deemed to have been received, if given by delivery, on the day of delivery, and, if sent by facsimile transmission, on the day receipt thereof has been confirmed in accordance with the provisions of this Section 15.02. Such notice shall, if given on a day other than a Business Day or after the normal business hours of the Indenture Trustee on a Business Day, be deemed to have been given on the next Business Day:

BNY Trust Company of Canada
One York Street, 6th Floor
Toronto, Ontario M5J 0B6

Attention: Corporate Trust Services
Fax: (416) 360-1711

15.03 Notice to Noteholders

(a) Any notice, document or other communication required or permitted to be given or delivered hereunder to Registered Noteholders will be deemed to be validly given if sent to a destination within Canada by first class mail and if sent to a destination

outside of Canada by airmail, postage prepaid in each case, or sent by facsimile transmission or email transmission, addressed in each case to the Registered Noteholder at its address appearing in the Note Register, not later than the latest date, and not earlier than the earliest date, prescribed for the giving of such notice. In any case where notice to Registered Noteholders is given by mail, facsimile or electronic transmission, neither the failure to mail, send by facsimile or send by electronic transmission such notice, nor any defect in any notice so mailed, to any particular Noteholders will affect the sufficiency of such notice with respect to other Noteholders and any notice that is mailed, sent by facsimile or sent by electronic transmission in the manner herein provided shall conclusively have been presumed to have been duly given.

(b) No notice will be given by mail, facsimile, email transmission or otherwise delivered to a holder of Bearer Notes or coupons in bearer form. In the case of any Class, Series or Tranche with respect to which any Bearer Notes are Outstanding, any notice required or permitted to be given to holders of such Bearer Notes will be published in an Authorized Newspaper within the time period prescribed in this Indenture or the Related Supplemental Indenture.

(c) In case, by reason of the suspension of regular mail service as a result of a strike, work stoppage or otherwise, it will be impractical to mail notice of any event to any holder of a Registered Note when such notice is required to be given pursuant to any provision of this Indenture, then any method of notification as will be satisfactory to the Indenture Trustee and the Issuer will be deemed to be a sufficient giving of such notice.

(d) With respect to any Series or Tranche of Notes, the Related Supplemental Indenture may specify different or additional means of giving notice to the Noteholders of such Series or Tranche.

(e) Where this Indenture, any Supplemental Indenture or any Registered Note provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver will be the equivalent of such notice. Waivers of notice by Registered Noteholders will be filed with the Indenture Trustee, but such filing will not be a condition precedent to the validity of any action taken in reliance upon such waiver.

15.04 Notice to Other Specified Creditors

Any notice, document or other communication required or permitted to be given or delivered to (i) a Lender will be given in accordance with the relevant Liquidity Agreement, Loan Agreement or Credit Enhancement Agreement; (ii) the Manager will be given in accordance with the Management Agreement; (iii) a Derivative Counterparty will be given in accordance with the relevant Derivative Agreement; and (iv) any other Specified Creditor will be given in accordance with the relevant Program Agreement.

15.05 Notice to Rating Agencies

Any notice, document or other communication required or permitted to be given or delivered to the Rating Agencies hereunder will be in writing and will be given by delivery to the applicable addresses provided to the Issuer by the Rating Agencies or by facsimile or electronic transmission. Any such notice shall, if given on a day other than a Business Day or after the normal business hours of the recipient on a Business Day, be deemed to have been given on the next Business Day. Where this Indenture provides for notice to any Rating Agency, failure to give such notice will not affect any other rights or obligations created hereunder and will not under any circumstance constitute an Adverse Effect.

15.06 Change of Address

Any Person referenced above may from time to time notify any other interested Person, in accordance with the provisions hereof, of any change of address which thereafter, until changed by like notice, shall be the address of such Person for all purposes of this Indenture.

ARTICLE XVI
MISCELLANEOUS

16.01 No Petition

The Indenture Trustee, by entering into this Indenture, and each Specified Creditor by accepting its rights as a third party beneficiary hereunder, agrees, to the fullest extent permitted by applicable law, that at no time until one year and one day following repayment in full of all Issuer Funding Obligations shall it commence, or join in commencing, a bankruptcy case or other insolvency or similar proceeding under the laws of any jurisdiction against the Issuer.

16.02 Withholding Rights

The right of any Person to receive amounts described in this Indenture, including rights of a Noteholder to receive interest on or principal of a Note, or the rights of a Person to receive payments described in Section 7.04 and 8.13, shall be subject to any applicable withholding or deduction imposed pursuant to the Income Tax Act or other applicable tax law, including foreign withholding and deduction. Any amounts properly withheld or deducted shall be treated as actually paid to the appropriate recipient, provided that such deduction or withheld amounts are actually remitted in accordance with applicable law to the appropriate Governmental Authority.

16.03 U.S. Tax Treatment

The Issuer and each Noteholder that is a United States Person agree that the Notes are intended to be debt for United States federal, state and local income and franchise tax purposes and agree to treat the Notes accordingly for all such purposes, unless otherwise required by a taxing authority. Each Noteholder that is a United States Person further agrees that it will cause any Note Owner that is a United States Person acquiring an interest in a Note through it to comply with this Indenture as to treatment as indebtedness for United States federal, state and local income and franchise tax purposes as described in this Section 16.02.

16.04 Alternate Payment Provisions

Notwithstanding any provision of this Indenture or any of the Notes to the contrary, the Issuer, with the written consent of the Indenture Trustee, may enter into any agreement with any Noteholder providing for a method of payment or notice that is different from the methods provided for in this Indenture for such payments or notices. The Issuer will furnish to the Indenture Trustee a copy of each such agreement and the Indenture Trustee will cause payments or notices, as applicable, to be made in accordance with such agreements.

16.05 Final Distribution

(a) The Issuer shall give the Indenture Trustee at least 30 days written notice of the Payment Date on which the Noteholders of any Class, Series or Tranche may surrender their Notes for payment of the final distribution on and cancellation of such Notes. Not later than the fifth day of the month in which the final distribution in respect of such Class, Series or Tranche is payable to Noteholders, the Indenture Trustee shall provide notice to Noteholders of such Class, Series or Tranche specifying (i) the date upon which final payment of such Class, Series or Tranche will be made upon presentation and surrender of Notes of such Class, Series or Tranche at the office or offices therein designated, (ii) the amount of any such final payment, and (iii) that the Record Date otherwise applicable to such Payment Date is not applicable, payments being made only upon presentation and surrender of such Notes at the office or offices therein specified (which, in the case of Bearer Notes, shall be outside the United States **[and Canada]**). The Indenture Trustee shall give such notice to the Note Registrar and the Paying Agent at the time such notice is given to Noteholders.

(b) Notwithstanding a final distribution to the Noteholders of any Class, Series or Tranche of Notes (or the termination of the Issuer), except as otherwise provided in this paragraph, all funds then on deposit in any Series Account allocated solely to such Noteholders shall continue to be held in trust for the benefit of such Noteholders, and the Paying Agent or the Indenture Trustee shall pay such funds to such Noteholders upon surrender of their Notes, if certificated. In the event that all such Noteholders shall not surrender their Notes for cancellation within 6 months after the date specified in the notice from the Indenture Trustee described in paragraph (a), the Indenture Trustee shall give a second notice to the remaining such Noteholders to surrender their Notes for cancellation and receive the final distribution with respect thereto (which surrender and payment, in the case of Bearer Notes, shall be outside the United States **[and Canada]**). If within one year after the second notice all such Notes shall not have been surrendered for cancellation, the Indenture Trustee may take appropriate steps, or may appoint an agent to take appropriate steps, to contact the remaining such Noteholders concerning surrender of their Notes, and the cost thereof shall be paid out of the funds in the Collection Account or any Series Account held for the benefit of such Noteholders. The Indenture Trustee and the Paying Agent shall pay to the Issuer any monies held by them for the payment of principal or interest that remains unclaimed for 2 years. After payment to the Issuer, Noteholders entitled to the

money must look to the Issuer for payment as general creditors unless an applicable abandoned property law designates another Person.

16.06 Force Majeure

In no event shall the Indenture Trustee or the Issuer Trustee be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services; it being understood that the Indenture Trustee and the Issuer Trustee shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

16.07 Delivery of Executed Copies

Each party acknowledges delivery of a fully executed copy of this Indenture.

Schedule A
DEFINED TERMS

"**Act**" means *Ontario Fair Hydro Plan Act, 2017*.

"**Action**" has the meaning specified in Section 1.04.

"**Adverse Effect**" means, whenever used in this Indenture with respect to any action, that such action will at the time of its occurrence (a) result in the occurrence of an Event of Default or any event which with the giving of notice or passage of time, or both, would become an Event of Default, (b) adversely affect the amount or timing of any payment to be made to any Debtholder or Derivative Counterparty pursuant to this Indenture or any Program Agreement, (c) materially adversely affect the amount or timing of payments to be made to the Specified Creditors (other than Debtholders and Derivative Counterparties) pursuant to this Indenture or any Program Agreement, or (d) adversely affect the Security Interest and the rights and remedies of the Indenture Trustee in respect thereof.

"**Affected Party**" has the meaning specified in the applicable Derivative Agreement.

"**Affiliate**" means, with respect to any specified Person, any other Person controlling or controlled by or under common control with such specified Person. For the purposes of this definition, "**control**" when used with respect to any specified Person means the power to direct the management and policies of such specified Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise, and the terms "**controlling**" and "**controlled**" have meanings correlative to the foregoing.

"**Agency Agreement**" means an agency agreement made between the Issuer and one or more Persons acting on behalf of the Issuer, providing for the sale and distribution of Notes on an agency basis.

"**Authorized Newspaper**" means any newspaper or newspapers of general circulation, in the case of Notes issued in the United States, in the Borough of Manhattan, The City of New York, and in the case of Notes issued in Canada, in the City of Toronto, in each case printed in the English language and customarily published on each Business Day at such place, whether or not published on Saturdays, Sundays or holidays, or if and so long as Notes of any Class, Series or Tranche are listed on any securities exchange and that exchange so requires, the newspaper of record required by the applicable securities exchange, printed in any language satisfying the requirements of such exchange.

"**Available Collections**" means, for any Monthly Period: (a) the Servicer CEA Collections paid to the Issuer in accordance with Section **[3.3]** of the Master Transfer and Servicing Agreement, plus investment earnings allocable to the amounts on deposit in any Issuer Account, plus any other amounts, or allocable portion thereof, to be treated as Available Collections, subject to this Indenture and any applicable Supplemental Indenture; (b) the IESO Carrying Cost Payments; and (c) amounts received by the Issuer pursuant to Derivative Agreements.

"**Bearer Note**" means a Note in bearer form.

"**Benefit Plan**" means an "employee benefit plan" as defined in Section 3(3) of ERISA, which is subject to the provisions of Title I of ERISA, a "plan" described in and subject to Section 4975 of the Code, or an entity whose underlying assets include "plan assets" by reason of an employee benefit plan's investment in the entity.

"**Borrowing**" means a borrowing or drawing by the Issuer pursuant to a Liquidity Agreement, a Loan Agreement or a Credit Enhancement Agreement.

"**Business Day**" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are, or the office of the Indenture Trustee is, authorized or obligated by applicable law, regulation or executive order to be closed.

"**Canadian Depository**" means, unless otherwise specified by the Issuer pursuant to any of Section 3.04, 3.06, or 4.01, with respect to Notes issuable or issued as a Global Note within Canada, CDS Clearing and Depository Services Inc., or any successor thereto registered as a clearing agency under the *Securities Act* (Ontario), or other applicable statute or regulation.

"**Certificate of Authentication**" means the certificate of authentication of the Indenture Trustee, the form of which is described in Section 3.03.

"**Chairman**" has the meaning specified in subsection 10.01(d).

"**Change of Law Protection Agreement**" means the change of law protection agreement dated [■], 2017 among the Province, the Issuer and the Indenture Trustee.

"**Class**" or "**Class of Issuer Funding Obligations**" means the Senior Funding Obligations, the Subordinated Funding Obligations, the Junior Subordinated Funding Obligations **[and the Derivative Funding Obligations]**, each of which shall be a class of Issuer Funding Obligations.

"**Closing Date**", with respect to any Series of Issuer Funding Obligations, has the meaning specified in the Related Funding Obligation Agreement.

"**Collateral**" has the meaning specified in Section 2.01.

"**Collection Account**" has the meaning specified in subsection 7.02(a).

"**Commission**" means the U.S. Securities and Exchange Commission.

"**Controlling Class Obligations** means: (a) Senior Funding Obligations until such time as all Senior Funding Obligations have been paid in full; then (b) if all Senior Funding Obligations have been paid in full, Subordinated Funding Obligations until such time as all Subordinated Funding Obligations have been paid in full; then (c) if all Senior Funding Obligations and Subordinated Funding Obligations have been paid in full, Junior Subordinated Funding Obligations until such time as all Junior Subordinated Funding Obligations have been paid in full; and finally (d) if all Issuer Funding Obligations have been paid in full, all other Obligations Secured.

"**Co-Owner Agreement**" means any agreement between, *inter alia*, the Issuer and any other owner or owners of an Investment Interest as contemplated by subsection 29(5) of the Act.

"**Corporate Trust Office**" means the office of the Indenture Trustee at which, at any particular time, its corporate trust business shall be administered, which office as of the date hereof is located at One York Street, 6th Floor, Toronto, Ontario M5J 0B6, or at such other address as the Indenture Trustee may designate from time to time by notice to the Specified Creditors and the Issuer, or the principal corporate trust office of any successor trustee designated by like notice.

"**Credit Enhancement**" means any form of credit enhancement (howsoever characterized) for any Obligations Secured, including any letter of credit, letter of guarantee, insurance policy, surety bond, cash reserve account, spread account, guaranteed rate agreement, note purchase agreement, loan facility or other similar agreement established for the benefit of a Lender or Noteholder, as applicable, and including any facility provided by a Person to the Issuer which is specified or acknowledged in writing by the Issuer as "Credit Enhancement" for purposes hereof.

"**Credit Enhancement Agreement**" means any credit enhancement agreement entered into hereafter between the Issuer and one or more Credit Enhancers, and acknowledged and accepted by the Indenture Trustee in accordance with Article V, providing Credit Enhancement in respect of Obligations Secured, and includes any letter of credit, guarantee, surety bond or other instrument executed and delivered by such Credit Enhancer(s).

"**Credit Enhancer**" means any Person providing Credit Enhancement to the Issuer or in respect of Obligations Secured.

"**DBRS**" means DBRS Limited, or any successor thereof.

"**Debtholder**" means a Noteholder or a Lender.

"**Debtholder Group**" has the meaning specified in subsection 10.01(a)

"**Declaration of Trust**" means the declaration of trust made as of [■], 2017 under which the Issuer was established.

"**Defaulting Party**" has the meaning specified in the applicable Derivative Agreement.

"**Deferred Principal Accumulation Amount**" means, on any Payment Date, the amount by which the aggregate of the Principal Accumulation Amount (Senior), the Principal Accumulation Amount (Subordinated) and the Principal Accumulation Amount (Junior Subordinated) for such Payment Date determined without reference to any Refinancing Notices is greater than the amount on deposit in the Principal Accumulation Account.

"**Depository**" means a Canadian Depository, a U.S. Depository or a Foreign Depository, as the case may be.

"**Derivative Agreement**" means any rate swap transaction, basis swap, forward rate transaction, bond option, interest rate option, foreign exchange transaction, cap transaction, floor transaction, collar transaction, currency swap transaction, cross-currency rate swap transaction, currency option, total return swap transaction, credit default swap transaction or any other similar transaction (including any option with respect to any of those transactions) or any combination of

these transactions entered into from time to time by the Issuer in connection with or related to Borrowings or Notes.

"**Derivative Counterparty**" means any party to any Derivative Agreement other than the Issuer or the Indenture Trustee.

"**Derivative Funding Obligations**" means Funding Obligations arising under, or in connection with, Derivative Agreements.

"**Discount Note**" means a Note that provides for an amount less than the Stated Principal Amount (but not less than the Initial Currency Specific Dollar Principal Amount) thereof to be due and payable upon the occurrence of an optional or mandatory redemption, or the occurrence of an Event of Default and the acceleration of such Note, in each case before the Principal Payment Due Date of the applicable Note.

"**Dollar**," "**$**" or "**Cdn. $**" means Canadian dollars.

"**Electronic Methods**" means delivery of any notice or form of communication by facsimile, pdf or e-mail, or by other similar electronic means in a form satisfactory to the Issuer.

"**Eligible Deposit Account**" means, in relation to any Issuer Account, an account that is a segregated account with an Eligible Institution.

"**Eligible Institution**" means (a) a trust company or Schedule I chartered bank incorporated under the laws of Canada or any province thereof (i) which has either (x) a long-term unsecured debt rating of A (high) or better by DBRS, or (y) a certificate of deposit rating or short-term credit rating of R-1 (middle) or better by DBRS, (ii) which has (x) either (1) a long-term unsecured debt rating of A or better by S&P and (2) a short-term debt rating of A-1 or better by S&P, (y) a long-term unsecured debt rating of A+ or better by S&P and no short-term rating by S&P, or (z) a short-term debt rating of A-1 or better by S&P and no long-term unsecured debt rating by S&P, and (iii) whose deposits are insured by Canada Deposit Insurance Corporation, or (b) any institution that otherwise satisfies the Rating Agency Condition.

"**Eligible Investments**" means instruments or investment property that evidence:

(a) direct obligations of, or obligations fully and unconditionally guaranteed as to timely payment by, Canada or the United States of America;

(b) demand or time deposits of, unsecured certificates of deposit of, money market deposit accounts of, bank deposit products of or bankers' acceptances issued by, any depository institution (including, but not limited to, bank deposit products of the Indenture Trustee, acting in its commercial capacity) incorporated or organized under the laws of the United States of America, Canada or any state or province thereof and subject to supervision and examination by applicable banking authorities, so long as the commercial paper or other short-term debt obligations of such depository institution are, at the time of deposit, rated at least "A-1" and "P-1" (or their equivalents) by each of S&P and Moody's and, if DBRS provides a rating

thereon, by DBRS, or such lower rating as will not result in the downgrading or withdrawal of the ratings of the Issuer or any of the Issuer Funding Obligations;

(c) commercial paper (including commercial paper of the Indenture Trustee, acting in its commercial capacity, and other than commercial paper of the Servicer), which at the time of purchase is rated at least "A-1" and "P-1" (or their equivalents) by each of S&P and Moody's or such lower rating as will not result in the downgrading or withdrawal of the ratings of the Issuer or any of the Issuer Funding Obligations;

(d) investments in money market funds having a rating in the highest investment category granted thereby (including funds for which the Indenture Trustee or any of its Affiliates is investment manager or advisor) from Moody's, S&P and DBRS, if rated by DBRS;

(e) repurchase obligations with respect to any security that is a direct obligation of, or fully guaranteed by, the United States of America, Canada or their respective agencies or instrumentalities, entered into with Eligible Institutions;

(f) repurchase obligations with respect to any security or whole loan entered into with an Eligible Institution or with a registered broker/dealer acting as principal and that meets the ratings criteria set forth below:

(i) a broker/dealer (acting as principal) registered as a broker or dealer under the Securities Act (any such broker/dealer being referred to in this definition as a "broker/dealer"), the unsecured short-term debt obligations of which are rated at least "P-1" by Moody's, "A-1+" by S&P and, if DBRS provides a rating thereon, "R-1" by DBRS at the time of entering into such repurchase obligation; or

(ii) an unrated broker/dealer, acting as principal, that is a wholly-owned subsidiary of a non-bank or bank holding company the unsecured short-term debt obligations of which are rated at least "P-1" by Moody's, "A-1+" by S&P and, if DBRS provides a rating thereon, "R-1" by DBRS at the time of purchase so long as the obligations of such unrated broker/dealer are unconditionally guaranteed by such non-bank or bank holding company; and

(g) any other investment permitted by each of the Rating Agencies;

in each case maturing not later than the Business Day preceding the next Payment Date (for the avoidance of doubt, investments in money market funds or similar instruments that are redeemable on demand shall be deemed to satisfy the foregoing requirement). Notwithstanding the foregoing: (1) no securities or investments that mature in 30 days or more shall be "Eligible Investments" unless the issuer thereof has either a short-term unsecured debt rating of at least "P-1" from Moody's or a long-term unsecured debt rating of at least "A1" from Moody's and also has a long-term unsecured debt rating of at least "A" from S&P; (2) no securities or investments described in clauses (b) through (d) above that have maturities of more than 30 days but less than or equal to

3 months shall be "Eligible Investments" unless the issuer thereof has a long-term unsecured debt rating of at least "A1" from Moody's and a short-term unsecured debt rating of at least "P-1" from Moody's; and (3) no securities or investments described in clauses (b) through (d) above that have maturities of more than 3 months shall be "Eligible Investments" unless the issuer thereof has a long-term unsecured debt rating of at least "A1" from Moody's and a short-term unsecured debt rating of at least "P-1" from Moody's.

"**ERISA**" means the *Employee Retirement Income Security Act* of 1974, as amended.

"**Event of Default**" has the meaning specified in Section 8.01.

"**Exchange Date**" means, with respect to any Class, Series or Tranche of Notes, the latest of:

(a) in the case of exchanges of beneficial interests in Temporary Global Notes for beneficial interests in Permanent Global Notes in registered form, any date that is after the related issuance date;

(b) in the case of exchanges of beneficial interests in Temporary Global Notes for beneficial interests in Permanent Global Notes in bearer form, the date of presentation of certification of non-United States beneficial ownership (as described in Section 3.05); and

(c) the earliest date on which such an exchange of a beneficial interest in a Temporary Global Note for a beneficial interest in a Permanent Global Note is permitted by applicable law.

"**Extraordinary Resolution**" means a resolution passed by the affirmative votes of Debtholders of not less than 66⅔% of the Outstanding Dollar Principal Amount of all Controlling Class Obligations represented and voting at a meeting of Debtholders of all Controlling Class Obligations duly convened and held in accordance with the provisions of this Indenture.

"**Fair Allocation Amount**" has the meaning ascribed to the term "fair allocation amount" in the Act as of the date of this Indenture.

"**Fair Hydro Regulations**" means the regulations made under the Act including Ontario regulations 206/17 and 195/17

"**Finance Amount**" has the meaning ascribed to the term "finance amount" in the Act as of the date of this Indenture.

"**Financing Entity**" has the meaning ascribed to the term "financing entity" in the Act as of the date of this Indenture.

"**Financing Plan**" has the meaning ascribed to the term "financing plan" in the Act as of the date of this Indenture.

"**Foreign Currency**" means (a) a currency other than Dollars, or (b) denominated in a currency other than Dollars.

"**Foreign Currency Note**" means a Note denominated in a Foreign Currency.

"**Foreign Depository**" means the Person specified in the Related Supplemental Indenture, in its capacity as depository for the accounts of any clearing agencies located outside Canada and the United States.

"**Funding Obligation Agreement**" means any Notes, any Supplemental Indenture (including any Terms Document), any Liquidity Agreement, any Loan Agreement, any Credit Enhancement Agreement or any Derivative Agreement.

"**Funding Obligation**" has the meaning ascribed to the term "funding obligation" in the Act as of the date of this Indenture.

"**Global Note**" means any Note issued pursuant to Section 3.04.

"**Governmental Authority**" means any nation or government, any federal, state, provincial, local or other political subdivision thereof and any court, administrative agency or other instrumentality or entity exercising executive, legislative, judicial, regulatory or administrative functions of government.

"**IESO**" means the Independent Electricity System Operator, a statutory corporation without share capital established by the *Electricity Act, 1998*, SO, 1998.

"**IESO Carrying Cost Payments**" means those amounts paid to the Issuer by the IESO pursuant to the Act and the regulations promulgated thereunder.

"**IESO Security Agreement**" means the security agreement made by the IESO in favour of the Issuer pursuant to the Act and the regulations promulgated thereunder.

"**Income Tax Act**" means the *Income Tax Act* (Canada).

"**Indenture**" or "**this Indenture**" means this Trust Indenture, as amended, supplemented, restated or otherwise modified from time to time, including by Supplemental Indentures for the issuance of Series of Notes entered into pursuant to the applicable provisions hereof.

"**Indenture Trustee**" means the Person named as the Indenture Trustee in the first paragraph of this Indenture until a successor Indenture Trustee shall have become such pursuant to the applicable provisions of this Indenture, and thereafter "Indenture Trustee" means and includes such Person.

"**Initial Currency Specific Dollar Principal Amount**" means with respect to a Series or Tranche in a Series that includes Foreign Currency Notes, the amount specified in the applicable Supplemental Indenture as the Initial Currency Specific Dollar Principal Amount thereof.

"**Initial Dollar Principal Amount**" means (a) unless otherwise specified in the applicable Supplemental Indenture, with respect to a Class, Series or Tranche of Notes, the aggregate initial principal amount of the Outstanding Notes of such Class, Series or Tranche plus the aggregate initial principal amount of any additional Notes of such Class, Series or Tranche, and (b) with

respect to a Class, Series or Tranche of Discount Notes that includes Foreign Currency Notes, the amount specified in the applicable Supplemental Indenture as the Initial Dollar Principal Amount thereof.

"**Insolvency Event**" means, with respect to a specified Person, the specified Person admits the inability of such specified Person to pay its liabilities generally as they become due or makes a general assignment for the benefit of the creditors of such specified Person or otherwise acknowledges the insolvency of such specified Person or any proceeding shall be instituted by or against such specified Person seeking to adjudicate it a bankrupt or insolvent or seeking liquidation, winding up, dissolution, reorganization, arrangement, adjustment, protection, relief or composition of its debts under any law relating to bankruptcy, insolvency, reorganization, moratorium or relief of debtors or seeking the entry of an order for relief by the appointment of a receiver, trustee or other similar official for such specified Person or for any substantial part of its property and if such proceeding has been instituted against such specified Person either such proceeding has not been stayed or dismissed within 45 days or any of the actions sought in such proceeding (including the entry of an order for relief or the appointment of a receiver) are granted in whole or in part, or if a receiver is privately appointed in respect of such specified Person or of the property of such specified Person or any substantial part thereof.

"**Interest Accrual Amount (Junior Subordinated)**" means, in respect of any Payment Date and all Junior Subordinated Funding Obligations, the amount of interest that accrued on such Junior Subordinated Funding Obligations during the period from and including the issuance date of such Junior Subordinated Funding Obligations or the last date to which interest has been paid in respect of such Junior Subordinated Funding Obligations, as applicable, to such Payment Date less any amounts deposited to the Interest Accrual Account in respect of such interest accruing during such period pursuant to Section 7.04(e)(xiii) plus any amounts transferred from the Interest Accumulation Account to the Principal Accumulation Account pursuant to subsection 7.07(a).

"**Interest Accrual Amount (Senior)**" means, in respect of any Payment Date and all Senior Funding Obligations, the amount of interest that accrued on such Senior Funding Obligations during the period from and including the issuance date of such Senior Funding Obligations or the last date to which interest has been paid in respect of such Senior Funding Obligations, as applicable, to such Payment Date less any amounts deposited to the Interest Accrual Account in respect of such interest accruing during such period pursuant to Section 7.04(e)(iii)(A).

"**Interest Accrual Amount (Subordinated)**" means, in respect of any Payment Date and all Subordinated Funding Obligations, the amount of interest that accrued on such Subordinated Funding Obligations during the period from and including the issuance date of such Subordinated Funding Obligations or the last date to which interest has been paid in respect of such Subordinated Funding Obligations, as applicable, to such Payment Date less any amounts deposited to the Interest Accrual Account in respect of such interest accruing during such period pursuant to Section 7.04(e)(viii) plus any amounts transferred from the Interest Accumulation Account to the Principal Accumulation Account pursuant to subsection 7.07(b).

"**Interest Accumulation Account**" has the meaning specified in subsection 7.02(b).

"**Interest Payment Date**" means each Business Day which is an "Interest Payment Date" in respect of any Funding Obligation Agreement in respect of Senior Funding Obligations, Subordinated Funding Obligations or Junior Subordinated Funding Obligations.

"**Internal Revenue Code**" means the United States Internal Revenue Code of 1986, as amended.

"**Investment Asset**" has the meaning ascribed to the term "investment asset" in the Act as of the date of this Indenture.

"**Investment Company Act**" means the United States Investment Company Act of 1940, as amended.

"**Investment Interest**" has the meaning ascribed to the term "investment interest" in the Act as of the date of this Indenture.

"**Issuer**" has the meaning specified in the first paragraph of this Indenture.

"**Issuer Accounts**" means, collectively, the Program Accounts and the Series Accounts and including any Sub-Accounts thereof.

"**Issuer Certificate**" means a certificate (including an Officer's Certificate) signed in the name of the Issuer by a Responsible Officer of the Manager on behalf of the Issuer and, in each case delivered to the Indenture Trustee relating to, among other things, the issuance of a new Series or Tranche of Notes. Wherever this Indenture requires that an Issuer Certificate be signed also by an accountant or other expert, such accountant or other expert (except as otherwise expressly provided in this Indenture) may be an employee of the Manager.

"**Issuer Funding Obligations**" means, the Funding Obligations of the Issuer, including the Senior Funding Obligations, the Subordinated Funding Obligations, the Junior Subordinated Funding Obligations and the Derivative Funding Obligations.

"**Issuer Investment Interest**" means, initially, the Investment Interest acquired by the Issuer pursuant to the first Transfer completed under the Master Transfer and Servicing Agreement and, upon the completion of each Transfer thereafter, the cumulative Investment Interest acquired by the Issuer.

"**Issuer Trustee**" means, at any time, the Person who is, in accordance with the Declaration of Trust, the trustee of the Issuer at such time.

"**Junior Subordinated Borrowings**" means Borrowings that have been designated as "Junior Subordinated Borrowings" in the Related Loan Agreement, Related Liquidity Agreement or Related Credit Enhancement Agreement.

"**Junior Subordinated Funding Obligations**" means Funding Obligations arising under, or in connection with, Junior Subordinated Notes and Junior Subordinated Borrowings.

"**Junior Subordinated Notes**" means Notes of a Series that have been designated as "Junior Subordinated Notes" in the Related Supplemental Indenture.

"**Lender**" means any Person providing credit facilities, note purchase facilities or advances under a Liquidity Agreement, Loan Agreement or Credit Enhancement Agreement, as applicable.

"**Lien**" means a security interest, lien, mortgage, charge, pledge, claim or encumbrance of any kind.

"**Liquidity Agreement**" means an agreement between the Issuer and one or more Lenders, and acknowledged and accepted by the Indenture Trustee in accordance with Article V, providing for the creation of one or more liquidity facilities in respect of all or a portion of the Notes in favour of the Issuer, including a facility to fund the repayment of all or a portion of Notes or that permits the Issuer to require the purchase of Notes by a counterparty, and including further any facility provided by a Person to the Issuer which is specified or acknowledged in writing by the Issuer as a "Liquidity Agreement" for the purposes hereof.

"**Loan Agreement**" means an agreement between the Issuer and one or more Lenders, and acknowledged and accepted by the Indenture Trustee in accordance with Article V, providing for the creation of one or more credit facilities in favour of the Issuer for purposes of purchasing Investment Interests.

"**Management Agreement**" means the management agreement dated [■], 2017 between the Manager and the Issuer.

"**Manager**" means OPG, in its capacity as manager of the Issuer under the Management Agreement.

"**Master Transfer and Servicing Agreement**" means the master transfer and servicing agreement dated [■], 2017 between the Issuer and IESO, and acknowledged and accepted by the Indenture Trustee.

"**Monthly Period**" means, with respect to each Payment Date, unless otherwise provided in a Funding Obligation Agreement, the period from and including the first day of each calendar month and to and including the last day of such calendar month; provided, however, that the initial Monthly Period with respect to any Series of Issuer Funding Obligations will commence on the Closing Date with respect to such Series.

"**Monthly Report**" has the meaning ascribed thereto in Section 3.5(a) of the Master Transfer and Servicing Agreement.

"**Moody's**" means Moody's Investors Service, Inc., or any successor thereof.

"**Non-resident**" means a non-resident of Canada as such term is defined in the Income Tax Act or a partnership that is not a Canadian partnership within the meaning of the Income Tax Act.

"**Note**" or "**Notes**" means any note or notes of any Class, Series or Tranche created pursuant to Supplemental Indentures and authenticated and delivered from time to time under this Indenture.

"**Noteholder**" means a Person in whose name a Note is registered in the Note Register or the bearer of any Bearer Note (including a Global Note in bearer form), as the case may be.

"**Note Owner**" means the beneficial owner of an interest in a Global Note.

"**Note Purchase Agreement**" means an agreement providing for the purchase of Notes from the Issuer by one or more Persons.

"**Note Register**" has the meaning specified in subsection 4.05(a).

"**Note Registrar**" means the Person who keeps the Note Register.

"**Obligations Secured**" means all present and future debts, expenses and liabilities, direct or indirect, absolute or contingent, due, owing or accruing due or owing from time to time by the Issuer to the Specified Creditors in their capacity as such. For greater certainty, amounts owing to any Specified Creditors by the Issuer at any time shall include (a) the unpaid face amount of any Notes issued on a discount basis; (b) the principal amount owing at such time, together with the accrued and unpaid interest on interest bearing Notes or Borrowings; (c) accrued fees, whether or not then due and payable; and (d) any evidence of indebtedness issued pursuant to or in respect of an amount owing under a Program Agreement (other than amounts payable by the Issuer to its beneficiaries pursuant to the Declaration of Trust or a promissory note issued by the Issuer to a beneficiary as contemplated in the Declaration of Trust).

"**Officer's Certificate**" means a certificate on behalf of any Person that is signed by any Responsible Officer of such Person and states that the certifications set forth in such certificate are based upon the results of a due inquiry into the matters in question conducted by or under the supervision of the signing Responsible Officer and that the facts stated in such certifications are made to such signing Responsible Officer's knowledge and belief.

"**OPG**" means Ontario Power Generation Inc., a corporation established under the laws of the Province of Ontario.

"**Opinion of Counsel**" means one or more written opinions of counsel, who may, except as otherwise expressly provided in the Program Agreements, be employees of or counsel to the party providing such opinion of counsel, which counsel shall be reasonably acceptable to the party receiving such opinion of counsel, and shall be in form and substance reasonably acceptable to such party.

"**Ordinary Resolution**" has the meaning specified in subsection 10.01(e).

"**Outstanding**" means, in respect of Notes, as of the date of determination, all Notes theretofore authenticated and delivered under this Indenture, except:

(a) any Notes theretofore canceled by the Indenture Trustee or delivered to the Indenture Trustee for cancellation pursuant to Section 4.08, or canceled by the Issuer and delivered to the Indenture Trustee pursuant to Section 4.08;

(b) any Notes for whose full payment (including principal and interest) or redemption money in the necessary amount has been theretofore deposited with the Indenture Trustee or any Paying Agent in trust for the holders of such Notes; provided that, if such Notes are to be redeemed, notice of such redemption has been duly given if

required pursuant to this Indenture or the Related Supplemental Indenture, or provision therefor satisfactory to the Indenture Trustee has been made; and

(c) any Notes in exchange for or in lieu of which other Notes have been authenticated and delivered pursuant to this Indenture, or which will have been paid pursuant to the terms of Section 4.06 (except with respect to any such Note as to which proof satisfactory to the Indenture Trustee is presented that such Note is held by a Person in whose hands such Note is a legal, valid and binding obligation of the Issuer).

For purposes of determining the amounts of deposits, allocations, reallocations or payments to be made, unless the context clearly requires otherwise, references to "Notes" will be deemed to be references to "Outstanding Notes". In determining whether Noteholders of the requisite principal amount of Outstanding Notes have taken any Action hereunder, and for purposes of Article X, Senior Notes beneficially owned by the Issuer, OPG or any Affiliate of the Issuer or OPG will be disregarded and deemed not to be Outstanding. In determining whether the Indenture Trustee will be protected in relying upon any such Action, only Senior Notes which a Responsible Officer of the Indenture Trustee knows to be owned by the Issuer, OPG or any Affiliate of the Issuer or OPG will be so disregarded. Senior Notes so owned which have been pledged in good faith may be regarded as Outstanding if the pledgee creates to the satisfaction of the Indenture Trustee the pledgee's right to act as owner with respect to such Notes and that the pledgee is not the Issuer, OPG or any Affiliate of the Issuer or OPG.

"**Outstanding Currency Specific Dollar Principal Amount**" means at any time, with respect to any Notes in a Series that includes Foreign Currency Notes, the Initial Currency Specific Dollar Principal Amount of the Outstanding Notes of such Series or Tranche at such time, less the amount of any payments of principal to the holders of such Series of Notes; plus, the amount of any increase in the Outstanding Currency Specific Dollar Principal Amount of such Series of Notes due to the issuance of additional Notes of such Series.

"**Outstanding Dollar Principal Amount**" means at any time:

(a) in respect of Notes, either:

(i) with respect to any Class, Series or Tranche of Notes (other than Discount Notes), the aggregate Initial Dollar Principal Amount of the Outstanding Notes of such Class, Series or Tranche at such time, less the amount of any payments of principal to the holders of such Class, Series or Tranche of Notes or the applicable Derivative Counterparty pursuant to the Related Supplemental Indenture, or

(ii) with respect to any Series or Tranche of Discount Notes, an amount of the Outstanding Notes of such Series or Tranche calculated by reference to the applicable formula set forth in the Related Supplemental Indenture, taking into account the amount and timing of payments of principal made to the holders of such Series or Tranche or the applicable Derivative Counterparty, each pursuant to the Related Supplemental Indenture;

plus, in either case, the amount of any increase in the Outstanding Dollar Principal Amount of such Class, Series or Tranche of Notes due to the issuance of additional Notes of such Class, Series or Tranche pursuant to Article V; and

(b) in respect of other Issuer Funding Obligations, the aggregate principal amount (converted into Dollars, if applicable) of Borrowings under the Liquidity Agreements and the Loan Agreements.

"**Paying Agent**" means any Person authorized by the Issuer to pay any Obligations Secured on behalf of the Issuer as provided in Section 13.03.

"**Payment Date**" means the 15th day of each calendar month.

"**Payment Instruction**" means, with respect to any Series of Issuer Funding Obligations, the instructions of the Manager substantially in the form of Exhibit 1.

"**Permanent Global Note**" has the meaning specified in subsection 3.05(a).

"**Permitted Liens**" means:

(a) Liens for Taxes not yet due or for which installments have been paid based on reasonable estimates pending final assessments, or if due, the validity of which is being contested diligently and in good faith by appropriate proceedings by that Person for which reasonable reserves under GAAP are maintained;

(b) the Lien of any Indenture Trustee, as provided in Section 9.05;

(c) the Security Interest; and

(d) any Lien created pursuant to a Co-Owner Agreement.

"**Person**" means any individual, corporation, limited liability company, unlimited liability company, estate, partnership, joint venture, association, joint stock company, trust (including any beneficiary thereof), unincorporated organization or Governmental Authority.

"**Place of Payment**" means, with respect to any Class, Series or Tranche of Notes issued hereunder, the city or political subdivision so designated with respect to such Class, Series or Tranche of Notes in accordance with the provisions of Article V.

"**PPSA**" shall mean the *Personal Property Security Act* (Ontario).

"**Predecessor Notes**" of any particular Note means every previous Note evidencing all or a portion of the same debt as that evidenced by such particular Note; and, for the purposes of this definition, any Note authenticated and delivered under Section 4.06 in lieu of a mutilated, lost, destroyed or stolen Note will be deemed to evidence the same debt as the mutilated, lost, destroyed or stolen Note.

"**Principal Accumulation Account**" has the meaning specified in subsection 7.02(c).

"**Principal Accumulation Amount**" means, in respect of any Series of Senior Funding Obligations, Subordinated Funding Obligations or Junior Subordinated Funding Obligations and a Payment Date occurring on or after the Principal Accumulation Date for such Series, the amount specified for such Payment Date in the Funding Obligation Agreement in respect of such Series plus any amounts specified in the Funding Obligation Agreement in respect of such Series in respect of prior Payment Dates after the Principal Accumulation Date for such Series which were not deposited to the Principal Accumulation Account; *provided* that if the Issuer has delivered a Refinancing Notice in respect of such Series pursuant to Section 7.09, the Principal Accumulation Amounts in respect of such Series shall be adjusted as provided for in such Refinancing Notice.

"**Principal Accumulation Amount (Junior Subordinated)**" means, in respect of any Payment Date, the sum of the Principal Accumulation Amounts for all Series of Junior Subordinated Funding Obligations for such Payment Date.

"**Principal Accumulation Amount (Senior)**" means, in respect of any Payment Date, the sum of the Principal Accumulation Amounts for all Series of Senior Funding Obligations for such Payment Date.

"**Principal Accumulation Amount (Subordinated)**" means, in respect of any Payment Date, the sum of the Principal Accumulation Amounts for all Series of Subordinated Funding Obligations for such Payment Date.

"**Principal Accumulation Date**" means, in respect of any Series of Issuer Funding Obligations, other than Derivative Funding Obligations, the date, if any, specified in the related Funding Obligation Agreement.

"**Principal Payment Date**" means each Business Day which is a "Principal Payment Date" under a Funding Obligation Agreement in respect of Senior Funding Obligations, Subordinated Funding Obligations or Junior Subordinated Funding Obligations.

"**Principal Payment Default Date**" has, with respect to any Issuer Funding Obligation, the meaning specified in the Related Supplemental Indenture or Related Loan Agreement.

"**Principal Payment Due Date**" has, with respect to any Issuer Funding Obligation, the meaning specified in the Related Supplemental Indenture or Related Loan Agreement.

"**Program Account**" means each of the Collection Account, the Principal Accumulation Account, the Interest Accumulation Account, the Program Cash Reserve Account and the Refinancing Account.

"**Program Agreements**" means this Indenture, each Supplemental Indenture, the Declaration of Trust, the Management Agreement, the Master Transfer and Servicing Agreement, each Transfer Notice, any Co-Owner Agreements, the IESO Security Agreement, the Change of Law Protection Agreement, the Notes, any Derivative Agreements, Credit Enhancement Agreements, Liquidity Agreements, Loan Agreements, Underwriting Agreements, Agency Agreements or Note Purchase Agreements and all other documents and certificates delivered in connection therewith.

"**Program Cash Reserve Account**" has the meaning specified in subsection 7.02(g).

"**Program Cash Reserve Balance**" means, at any time, the amount on deposit in the Program Cash Reserve Account.

"**Program Cash Reserve Required Amount (Junior Subordinated)**" means, on any Payment Date, an amount equal to [■]% of the outstanding principal amount of Junior Subordinated Funding Obligations after giving effect to all settlements on such Payment Date.

"**Program Cash Reserve Required Amount (Senior)**" means, on any Payment Date, an amount equal to [■]% of the outstanding principal amount of Senior Funding Obligations after giving effect to all settlements on such Payment Date.

"**Program Cash Reserve Required Amount (Subordinated)**" means, on any Payment Date, an amount equal to [■]% of the outstanding principal amount of Subordinated Funding Obligations after giving effect to all settlements on such Payment Date.

"**Program Cash Reserve Required Amount (Total)**" means, on any Payment Date, an amount equal to the sum of the Program Cash Reserve Required Amount (Senior), the Program Cash Reserve Required Amount (Subordinated) and the Program Cash Reserve Required Amount (Junior Subordinated).

"**Program Cash Reserve Required Deposit Amount (Junior Subordinated)**" means, on any Payment Date, the amount by which the aggregate of the Program Cash Reserve Required Amount (Total) exceeds the Program Cash Reserve Balance.

"**Program Cash Reserve Required Deposit Amount (Senior)**" means, on any Payment Date, the amount by which the Program Cash Reserve Required Amount (Senior) exceeds the Program Cash Reserve Balance.

"**Program Cash Reserve Required Deposit Amount (Subordinated)**" means, on any Payment Date, the amount by which the aggregate of the Program Cash Reserve Required Amount (Senior) plus the Program Cash Reserve Required Amount (Subordinated) exceeds the Program Cash Reserve Balance.

"**Province**" means Her Majesty the Queen in Right of Ontario as represented by the Minister of Energy and the Minister of Finance.

"**Rating Agency**" means, with respect to any Outstanding Class, Series or Tranche of Notes, each nationally recognized statistical rating organization or designated rating organization, as specified in the Related Supplemental Indenture, selected by the Manager to rate such Notes.

"**Rating Agency Condition**" means, unless otherwise specified in the Related Supplemental Indenture for any Series or Tranche of Notes, with respect to any action subject to such condition, the Issuer shall deliver written notice of the proposed action to such Rating Agency or Rating Agencies at least 10 Business Days prior to the effective date of such action (or such shorter notice period if specified in the Related Supplemental Indenture with respect to any specific action, or if 10 Business Days prior notice is impractical, such advance notice as is practicable) and the Rating Agencies (i) shall not have informed the Issuer prior to the effective date of such action that such action will result in the reduction or withdrawal of the rating in effect with respect to any

Outstanding Notes immediately before the taking of such action, **[or (ii) in the case of S&P, or any successor thereto, when it is a Rating Agency, such Rating Agency shall have informed the Issuer in writing prior to the effective date of such action that such action will not result in the reduction or withdrawal of the rating of any Outstanding Notes immediately before the taking of such action]**, provided that wherever there is reference to satisfaction of a Rating Agency Condition in this Indenture or any other Program Agreement, subject to the terms of the specific Program Agreement which shall govern, such condition need not be satisfied if there is no Rating Agency then rating the applicable Notes or other Notes in respect of which the Rating Agency Condition is applicable. For purposes of this Indenture, any Supplemental Indenture and the Master Transfer and Servicing Agreement, the Indenture Trustee shall receive, and shall be entitled to rely on, an Issuer Certificate confirming the satisfaction of the Rating Agency Condition.

"**Record Date**" means, for the interest or principal payable on any Note on any applicable Payment Date, the last day of the calendar month immediately preceding such Payment Date, unless otherwise specified in the Related Supplemental Indenture.

"**Reference Period**" has the meaning ascribed to the term "reference period" in the Act as of the date of this Indenture.

"**Refinancing**" has the meaning ascribed to the term "refinancing" in the Act as of the date of this Indenture.

"**Refinancing Account**" has the meaning specified in subsection 7.02(b).

"**Refinancing Notice**" means a notice substantially in the form of Exhibit 2.

"**Registered Note**" means a Note issued in registered form.

"**Registered Noteholder**" means a Noteholder of a Registered Note.

"**Regulation AB**" means Subpart 229.1100 – Asset Backed Securities (Regulation AB), 17 C.F.R. §§229.1100-229.1125, and all related rules and regulations of the Commission, as such rules may be amended from time to time, and subject to such clarification and interpretation as have been provided by the Commission or by the staff of the Commission, or as may be provided by the Commission or its staff from time to time.

"**Related**" is used in reference to the Issuer Funding Obligations of a particular Series and means, when used in conjunction with:

(a) "Credit Enhancement Agreement": a Credit Enhancement Agreement pursuant to which Credit Enhancement has been provided in respect of such Issuer Funding Obligations;

(b) "Funding Obligation Agreements": the Funding Obligation Agreements entered into in connection with the incurrence of such Issuer Funding Obligations;

(c) "Liquidity Agreement": a Liquidity Agreement pursuant to which one or more liquidity facilities have been made available to fund the repayment of such Issuer Funding Obligations constituting Notes or, if specified in such Liquidity Agreement, a Series or Tranche of such Issuer Funding Obligations constituting Notes;

(d) "Loan Agreement": a Loan Agreement in respect of Issuer Funding Obligations constituting Borrowings; and

(e) "Supplemental Indenture": a supplement to this Indenture executed in connection with the issuance of such Issuer Funding Obligations constituting Notes.

"**Required Principal Accumulation Amount (Senior)**" means, in respect of any Principal Payment Date or Interest Payment Date, the aggregate of the Principal Accumulation Amounts (Senior) for all Payment Dates up to and including such Principal Payment Date or Interest Payment Date, as applicable, less all amounts that have been applied to principal repayments of Senior Funding Obligations on or prior to such Principal Payment Date or Interest Payment Date, as applicable.

"**Required Principal Accumulation Amount (Subordinated)**" means, in respect of any Principal Payment Date or Interest Payment Date, the aggregate of the Principal Accumulation Amounts (Subordinated) for all Payment Dates up to and including such Principal Payment Date or Interest Payment Date, as applicable, less all amounts that have been applied to principal repayments of Subordinated Funding Obligations on or prior to such Principal Payment Date or Interest Payment Date, as applicable.

"**Responsible Officer**" means, with respect to: (a) the Issuer, any director or officer of the Manager; (b) the Servicer, any director or officer of the IESO; and (c) the Indenture Trustee, any officer within the Corporate Trust Office of such trustee (including the President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Treasurer or any other officer of the Indenture Trustee customarily performing functions similar to those performed by persons who at the time shall be such officers, respectively, and that has direct responsibility for the administration of this Indenture and also, with respect to a particular matter, any other officer to whom such matter is referred to because of such officer's knowledge and familiarity with the particular subject).

"**S&P**" means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc., or any successor thereof.

"**Securities Exchange Act**" means the United States Securities Exchange Act of 1934, as amended from time to time.

"**Security Interest**" means the Lien granted pursuant to Section 2.01.

"**Senior Borrowings**" means Borrowings that have been designated as "Senior Borrowings" in the Related Loan Agreement, Related Liquidity Agreement or Related Credit Enhancement Agreement.

"**Senior Funding Obligations**" means Funding Obligations arising under, or in connection with, Senior Notes and Senior Borrowings.

"**Senior Principal Shortfall**" has the meaning specified in subsection 7.07(b).

"**Senior Notes**" means Notes of a Series that have been designated as "Senior Notes" in the Related Supplemental Indenture.

"**Series**" means, with respect to any Class of Issuer Funding Obligation, the Series of the Class specified in the Related Funding Obligation Agreement.

"**Series Account**" means each Series Finance Reserve Account and each Series Capital Account.

"**Series Finance Reserve Account**" has the meaning specified in subsection 7.02(g).

"**Series Capital Account**" has the meaning specified in subsection 7.02(f).

"**Servicer**" has the meaning specified in the Master Transfer and Servicing Agreement.

"**Servicer Default**" has the meaning ascribed thereto in Section **[7.1]** of the Master Transfer and Servicing Agreement.

"**Specified Creditors**" means, collectively, Noteholders, Lenders, the Paying Agent, the Indenture Trustee, the Issuer Trustee, the Manager, the Servicer, Derivative Counterparties, Credit Enhancers, counterparties to Underwriting Agreements, Agency Agreements or Note Purchase Agreements, and other Persons in respect of Obligations Secured, in each case, to the extent of their claims related to Program Agreements.

"**Stated Principal Amount**," has, with respect to any Note, the meaning specified in the Related Supplemental Indenture (including a Terms Document).

"**Sub-Account**" means each sub-account of an Issuer Account maintained pursuant to this Indenture or any Funding Obligation Agreement.

"**Subordinated/Senior Principal Shortfall**" has the meaning specified in subsection 7.07(a).

"**Subordinated Borrowings**" means Borrowings that have been designated as "Subordinated Borrowings" in the Related Loan Agreement, Related Liquidity Agreement or Related Credit Enhancement Agreement.

"**Subordinated Funding Obligations**" means Funding Obligations arising under, or in connection with, Subordinated Notes and Subordinated Borrowings.

"**Subordinated Notes**" means Notes of a Series that have been designated as "Subordinated Notes" in the Related Supplemental Indenture.

"**Supplemental Indenture**" means, with respect to any Series of Notes, a supplement to this Indenture, executed and delivered in conjunction with the issuance of such Notes pursuant to Section 4.01, together with any applicable Terms Document for any Tranches of Notes belonging

to such Series and any amendment to the Supplemental Indenture executed pursuant to Section 11.01 or 11.02.

"**Tax**" has the meaning ascribed to the term "tax" in the regulations promulgated under the Act as of the date of this Indenture.

"**Temporary Global Note**" has the meaning specified in Section 3.05(a).

"**Termination Payment**" means all amounts payable upon early termination of any Derivative Agreement calculated in accordance with the terms of such Derivative Agreeement.

"**Terms Document**" means, with respect to any Tranche of Notes, a supplement to the Related Supplemental Indenture.

"**Tranche**" means, with respect to any Series of Notes, Notes of such Series which have identical terms, conditions and Tranche designation. Notes of a single Tranche may be issued on different dates.

"**Underwriting Agreement**" means an agreement providing for the purchase of Notes from the Issuer by one or more Persons as principals for the purpose of resale.

"**United States Person**" means a citizen or resident of the United States, a corporation, partnership or other entity created or organized in or under the laws of the United States of America, any one of the states thereof, the District of Columbia or any political subdivision thereof, or an estate or trust the income of which is subject to United States federal income taxation regardless of its source.

"**U.S. Depository**" means, unless otherwise specified by the Issuer pursuant to any of Section 3.04, 3.06, or 4.01, with respect to Notes issuable or issued as a Global Note within the United States, The Depository Trust Company, or any successor thereto registered as a clearing agency under the Securities Exchange Act, or other applicable statute or regulation.

"**U.S. Securities Act**" means the United States Securities Act of 1933, as amended from time to time.

"**Warehouse Facility Agreement**" means a Funding Obligation Agreement that provides the Issuer with a revolving facility under which principal amounts can be advanced, repaid and again advanced during a committed revolving period and does not provide any other type of credit facility.

Subject: OFA - MoE Fair Hydro Plan MOU
Date: Tuesday, July 18, 2017 4:06:33 PM
Attachments: OFA - MoE MOU Fair Hydro Plan(v3).docx

John and Ken

Attached is a first draft of the Fair Hydro Plan MOU which is based on the NIER MOU for your review.

One issue which likely needs some work is timing. Share subscriptions unlike invoices may not have a clear payment date.

The Draft MOU has a bracketed proposed requirement for MoE to pay within five business days of receiving the share subscription.

Under the NIER MOU the OFA requires three business days notice prior to making a payment. Those timelines would only give MoE two days to review and execute the subscription.

Are you prepared to include a requirement that the OFA pay the Subscription Amount on specified Subscription Payment Date or do you prefer to leave it open as in this draft?

I look forward to your comments.

Ken

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Minister**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") create certain assets related to the deferral of electricity charges (the "Assets"), which Assets will be acquired from the Independent Electricity System Operator ("IESO") by the Fair Hydro Trust, a special purpose financing entity established by OPG to implement the FHP

3. The Fair Hydro Trust will acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to fund up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the Fair Hydro Trust's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Minister will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed by the Minister.

8. The Minister is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose ("Appropriated Amount");

9. The Minister has advised the OFA that the Minister is required to make the Subscription Payments within [*] business days of the receipt by the Minister of the Share Subscription (the "Share Subscription Payment Date")

10. The Minister considers it advisable for the OFA to make the Subscription Payments on behalf of the Minister and the OFA has agreed to make the Subscription Payments on behalf of the Minister;

11. The Minister and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

.

Therefore:

The Minister and the OFA agree as follows:

1. Payment Authorization

(i) The Minister authorizes the OFA to make the Subscription Payments on behalf of the Minister and the OFA agrees to make the Payments on behalf of the Minister.

(ii) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate.

(iii) It is agreed by the Minister and the OFA that the OFA is acting as an agent, on behalf of the Minister, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of the Minister as further described in this MOU.

2. Payment Process

a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. Upon receipt of the executed and approved Share Subscription the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA into the Province's IFIS system under a pre-defined Minister account immediately upon the completion of the Subscription Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Minister's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the Minister.

4. Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5. Review and Termination

a) The Minister and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Minister to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Minister to the OFA after the date of

termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6. No Service Charges

The OFA will not charge the Minister for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the Minister's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
<u>Hand Delivery</u>:

Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the Minister, the addresses for notice are:
Hand Delivery:
Ministry of Energy

9. Execution

The parties have executed this MOU, effective as of the date first above written.

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.
2. The Speaker of the Assembly.
3. The Auditor General.
4. The Chief Electoral Officer.
5. A person authorized by the Management Board of Cabinet.
6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") create certain assets related to the deferral of electricity charges (the "Assets"), which Assets will be acquired from the Independent Electricity System Operator ("IESO") by the Fair Hydro Trust, a special purpose financing entity established by OPG to implement the FHP

3. The Fair Hydro Trust will acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to fund up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the Fair Hydro Trust's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Minister will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed by the Minister.

8. The Minister is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose ("Appropriated Amount") for the fiscal year in which the payment is made;

9. The Minister has advised the OFA that the Minister is required to make the Subscription Payments within [*] business days of the receipt by the Minister of the Share Subscription (the "Share Subscription Payment Date")

10. The Minister considers it advisable for the OFA to make the Subscription Payments on behalf of the Minister and the OFA has agreed to make the Subscription Payments on behalf of the Minister;

11. The Minister and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

.

Therefore:

The Minister and the OFA agree as follows:

1. Payment Authorization

(i) The Minister authorizes the OFA to make the Subscription Payments on behalf of the Minister and the OFA agrees to make the Payments on behalf of the Minister.

(ii) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate.

(iii) It is agreed by the Minister and the OFA that the OFA is acting as an agent, on behalf of the Minister, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of the Minister as further described in this MOU.

2. Payment Process

a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. Upon receipt of the executed and approved Share Subscription the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Minist~~er~~ry of Energy ~~-~~account immediately upon the completion of the Subscription Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Minister's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the Minister.

4. Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

Commented [KK1]: I am just a little concerned by this, if we make a payment and there's insufficient appropriations there is a really significant issue. Hence we need to incorporate some control mechanism that ensures along with the Share subscription delivered to us there's some kind of assurance by MOE that sufficient funds exist within the relevant appropriation to cover the upcoming payment.

5. Review and Termination

a) The Minister and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Minister to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and

approved Share Subscriptions delivered by the Minister to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6. No Service Charges

The OFA will not charge the Minister for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the Minister's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:

Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the Minister, the addresses for notice are:
Hand Delivery:
Ministry of Energy

9. Execution

The parties have executed this MOU, effective as of the date first above written.

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.
2. The Speaker of the Assembly.
3. The Auditor General.
4. The Chief Electoral Officer.
5. A person authorized by the Management Board of Cabinet.
6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

Memorandum of Understanding
Relating to the
Ontario Rebate for Electricity Consumers

Dated: **January 1, 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy ("**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. Pursuant to the *Ontario Rebate for Electricity Consumers Act, 2016* and the regulations thereunder (the "Act"), certain consumers will be entitled to receive financial assistance (the "Ontario Rebate for Electricity Consumers" or "OREC") in respect of the cost of electricity consumed by them commencing January 1, 2017;

2. Reimbursement for OREC provided to consumers and persons receiving invoices from unit sub-meter providers ("Reimbursement") will flow to specified electricity distributors, retailers and unit sub-metering providers ("Payment Recipients") through the Independent Electricity System Operator ("IESO") in accordance with the Act;

3. Under the Act, the Ministry will be required to pay amounts to the IESO on account of the OREC Reimbursement (the "Payments") out of amounts appropriated by the Legislature for that purpose ("Appropriated Amount");

4. The Ministry considers it advisable for the OFA to make the Payments on behalf of the Ministry and the OFA has agreed to make the Payments on behalf of the Ministry;

5. The Ministry and the OFA have also agreed to work together on OREC cost forecasting;

6. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") pursuant to clause 7 (3)(f) of the *Ministry of Energy Act* and subsection 30 (1) of the *Capital Investment Plan Act, 1993* to confirm their agreement regarding the terms on which the OFA will make the Payments and on which the Ministry and the OFA will work together on OREC cost forecasting.

Therefore:

The Ministry and the OFA agree as follows:

1. Payment Authorization

(i) The Ministry authorizes the OFA to make the Payments on behalf of the Ministry and the OFA agrees to make the Payments on behalf of the Ministry.

(ii) The Ministy shall ensure that the certificate under section 11.4 of the *Financial Administration Act* required for each of the Payments is obtained.

(iii) It is agreed by the Ministry and the OFA that the OFA is acting as agent, on behalf of the Ministry, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Act, and

ii. Making the required Payments on behalf of the Ministry as further described in this MOU.

2. Payment Process

a) The Ministry has an account with the IESO under which the IESO will issue invoices to the Ministry for the Payments. The IESO will provide the Ministry with access to these invoices by giving the Ministry access to a secure IESO portal containing these invoices ("IESO Portal").

b) The Ministry will take all necessary steps to provide the OFA with access to the IESO Portal so that the OFA will have access to each IESO invoice to the Ministry, at the same time the IESO issues the invoice to the Ministry.

c) The OFA will make the Payments on behalf of the Ministry, in the amount of the IESO invoices.

d) The Payments will be made in accordance with the IESO Market Rules and IESO Manuals for settlements and billing of market participants, as amended from time to time.

e) The Payments will be made from the Consolidated Revenue Fund and the amount of each Payment will be entered by the OFA into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Payment in the amount of the IESO invoice.

b) The OFA will keep and maintain all records related to the OREC for a period of seven (7) years, and will provide the Ministry with electronic copies (or paper copies, if requested by the Ministry) of such of those records as the Ministry may request from time to time.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Payments will be performed by the Ministry.

4. OREC Cost Forecasting

a) The Ministry and the OFA will work together to prepare and review cost forecasts, estimates, and analysis related to the OREC.

b) The Ministry will provide to the OFA all IESO invoices and settlement statements relating to the OREC, and any reports by OREC Payment Recipients to the IESO, that are received by the Ministry. This includes providing electronic portal access to data and reports by OREC transfer payment recipients expected to be provided through an electronic portal reporting process.

c) The OFA and the Ministry will collaborate to prepare fiscal year cost estimates and monthly cashflow estimates for OREC.

d) The OFA and the Ministry will ensure senior management in their respective organizations are briefed and updated on the OREC forecasting on a regular basis to ensure there is mutual understanding and agreement on the forecasts.

e) The Ministry and the OFA acknowledge and agree that the actual costs of OREC may not be the same as the forecasted costs, and the OFA bears no liability for any differences between the forecast and actual costs of OREC, nor does the OFA have any responsibility for any application to Treasury Board for the appropriated amount or for a change in the appropriated amount for OREC.

5. Limited Role of the OFA

The OFA will only be responsible for making the Payments in accordance with section 2 and assisting in OREC cost forecasting in accordance with section 4. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the IESO invoices, monitoring the IESO's application of the Payments, monitoring the balance from time to time of the Appropriated Amount, or ensuring the Appropriated Amount is sufficient.

6. Review and Termination

a) The Ministry and the OFA will review this MOU annually.

b) This MOU may be terminated by either party at any time, on 90 days notice.

c) Upon termination of this MOU, the OFA will cease to make any Payments.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

7. No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

8. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact person is:

John Kim
Tel: (416) 212-6996
email: john.kim@ofina.on.ca

c) As of the date of this MOU the Ministry's contact person is:

Robert Burns, Chief Administrative Officer & Assitant Deputy Minister, Corporate Services Division

Tel: 416-327-3682
email: robert.burns@ontario.ca

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 9.

9. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Toronto, ON M7A 1Y7
Attention: John Kim
email: john.kim@ofina.on.ca

c) In the case of the Ministry, the addresses for notice are:
Hand Delivery:
Ministry of Energy, Corproate Services Division

4th Floor, 56 Wellesley St
Toronto, ON M7A 2E7
Attention: Robert Burns, Chief Administrative Officer & Assistant Deputy Minister
email: robert.burns@ontario.ca

10. Execution

The parties have executed this MOU, effective as of the date first above written.

Subject:	OFA/Energy MOU - Follow up from Nov 9 meeting
Date:	Friday, November 10, 2017 11:29:29 AM

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made.

2. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above.

3. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Financing Trust - Performance Fee Recommendation.doc

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy
- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)
- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)
- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, ie, annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder
- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi year forecasts
- Ministry of Energy and Ontario Financing Authority will have a service level agreement in place which provides authority for OFA to provide cash management services to facilitate these share purchases on an ongoing basis on behalf of the Ministry of Energy
- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan
- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option
- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – ie, existing shareholder's equity
- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027
- Redemption value of the Class A Shares to be based on book value on the redemption date, ie, the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Formatted: Indent: Left: 0.5", No bullets or numbering

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

Timing: [same day as notice from Fair Hydro Trust]

Documents/steps:

(i) share subscription form,

(ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

b) OFA ~~and~~ OPG settle equity injection amounts
Timing: [five] business days from notice to OFA to payment/settlement with OPG
[NOTE: timing to be confirmed based on IESO/Trust process requirements]
Documents/steps:
(i) completed/signed share subscription form from OFA~~/Province~~ to OPG
(ii) funds transfer from OFA to OPG account)
(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register sent to OFA and Ministry of Energy

Longer term Process/Approvals:

1. Equity Requirements Estimates:
   a. Business Plan Submissions: OPG to include forecasts of equity requirements for the business planning period as well as supporting documentation
   ~~a.~~
   b. OPG Board Approvals
      - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
      - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

   c. Ministry of Energy appropriations
   ~~[describe annual process]~~ Ministry of Energy to update appropriations for upcoming 3 year cycle through the PRRT process, including 3 year rolling estimates along with supporting information as provided by OPG through its business planning process

Formatted: Indent: Left: 2", No bullets or numbering

Share Redemption Process

- TBD -- process to be determined at a later date and appended as Appendix to Master Subscription Agreement

FINANCING TRUST – PERFORMANCE FEE TO OPG

BACKGROUND

Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest. A performance fee relating to the funding obligations will be meaningful and allow OPG to make decisions that will significantly impact its return. The Act as drafted enables OPG to achieve its accounting objective of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.. The objective therefore is to recommend a reasonable variable performance fee structure for OPG to earn a return from the Trust, and meet the accounting requirement.

ANALYSIS OF ACCOUNTING REQUIREMENT

To support the accounting consolidation, OPG's variable performance return will be accomplished through the followings:

a. The cash flow from the investment asset shall include interest determined based on a relevant benchmark that is appropriate relative to the investment asset, plus an appropriate margin consistent with the relevant market and other risks
b. OPG shall have the authority to determine the financing strategy, which will vary the financing costs with the objective of enabling the Trust to achieve a more favorable return compared to the benchmark for interest on the investment asset
c. The Trust shall establish different classes of debt (senior, subordinated and the most subordinated). The classes would allow the Trust to delineate financing of lower risk investment and investment that would bear higher residual risk. The delineation would limit OPG's self-funded investment to a reasonable level in order to allow OPG to remain a self-sustaining entity.
d. OPG shall, through its ownership of the most subordinated liability, be able to capture and retain the pricing difference between cost of financing and benchmark for interest on the investment asset, or any residual risk of investment asset. The targeted return of the subordinated debt should be reflective of the underlying risks and compensate holders for active management that would be required.

PERFORMANCE FEE ANALYSIS

Based on the accounting requirements, the recommendation is for OPG to establish a variable performance fee structure as follows:

As the Trust may issue both long term bonds and medium term notes, benchmarks based on various terms, will be established on an annual basis, subject to the following methodology:

- Benchmarks will be established as the sum of (1) reference rate, and (2) spread
    - Both reference rate and spread will be term dependant

- For bond/note issuance, reference rate will be GOC rate of equivalent term
- Reference rate will be based on consensus forecast provided by various financial institutions

- Benchmarks will be established based on the weighted average rate of incremental debt issuance at the Trust level
- If the actual weighted average rate is lower than the corresponding benchmark, OPG will realize a gain, otherwise a loss
- Variable performance fee, i.e. gain/loss, is applicable only to OPG's investment in the Trust (5% of the funding requirement), and is capped at benchmark weighted average rate +/-1%

An example illustrating this structure is detailed in Appendix 1

APPENDIX 1

The illustration is based on the expected Trust debt structure as follows:

	Risk Profile	Source	% of Total Funding Requirement
Tranche A Senior Debt	the least risky	Capital Markets	51%
Tranche B Sub Debt	In between A&C	OPG via OEFC	39%
Tranche C Sub Debt	the most risky	OPG via OEFC	5%
		OPG via Capital Markets	5%

1. Benchmark is to be established at each year end for Trust issuance next year. In this example, assuming the following benchmark is established as of end of Yr 1

		Benchmark
Tranche A	51%	4.25%
Tranche B Sub Debt	39%	5.50%
Tranche C Sub Debt	10%	6.50%
Weighted Average Rate		**5.0%**

2. By the end of Yr 2, OPG will calculate the actual weighted average rate for all incremental issuance for the year. If the actual weighted average rate is lower than the corresponding benchmark, OPG will realize a gain, otherwise a loss.

	Allocation	Benchmark	Actual
Tranche A	51%	4.25%	5.0%
Tranche B Sub Debt	39%	5.50%	5.60%
Tranche C Sub Debt	10%	6.50%	6.60%
Weighted Average Rate		**5.0%**	5.4%
		Loss	0.4%

3. Variable management fee, i.e. gain/loss, is applicable only to OPG's investment (5% of the Trust funding requirement), and is capped at benchmark weighted average rate +/-1%.

   Based on the example above and assume incremental Trust issuance is $2B, OPG will realize loss of variable performance fee of 0.4M ($2B*5%*0.4%)

DRAFT

OPG Fiscal Impacts

Corporate and Electricity Finance Division
2017-05-01

DRAFT

OPG Fiscal Impact

- The table below illustrates OPG's fiscal impacts in the 2017 Budget forecast.

	2016-17	2017-18	2018-19	2019-20	2020-21
OPG Net Income - 2017 Ontario Budget / Fiscal Plan					
OPG 2017-19 Business Plan[1]	349	702	678	726	913[1]
OPG Monthly Shareholder Update (February 2017)	30				
OPG IFRS Consolidation Risk[2]	(75)	(400)	-	(200)	-
OPG Head Office Sales (Reported under Sales and Rentals)[3]		(222)			
GA Refinancing – OPG Trust Interest Revenue		17	54	99	153
OPG Net Income (After Tax, Adjusted)	**304**	**97**	**732**	**625**	**1,066**
ONFA Adjustments[4]	8	-	-	-	-
OPG Income Tax PILs - 2017 Ontario Budget / Fiscal Plan					
OPG 2017-19 Business Plan	96	166	135	170	298[1]
OPG Monthly Shareholder Update (February 2017)	(4)				
OPG Head Office Sales (Reported under Sales and Rentals)[3]		(74)			
OPG Income Tax PILs (Adjusted)	92	92	135	170	298

1 Fiscalized projection from OPG Business Plan

2 IFRS risk is related to Province's reporting of nuclear asset retirement obligations. The Ontario Auditor General recommended (2016 AG Report) that the Province include Hydro One and OPG financial information in the consolidated financial statements using the IFRS reporting framework as required by PSAB standards, versus the companies U.S. GAAP basis of reporting.

3 For public Budget reporting, projected net impacts of Province asset optimization strategy including, OPG Head Office sale, are reported under Sales and Rentals for commercial confidentiality. OPG proceeds estimate updated per 2017 Budget.

4 Provincial consolidation adjustments for unrealized earnings on decommissioning and used fuel segregated funds net of Bruce variance account and change in Due to the Province on the decommissioning and used fuel segregated funds.

Updated OPG Fiscal Impacts

- The table below illustrates updated OPG's net income, income tax PILs and ONFA adjustment figures from the 2017 Budget forecast.

	2016-17	2017-18	2018-19	2019-20	2020-21
Other updates since Budget 2017					
March 2017 Shareholder Update: OPG Net Income	385	-	-	-	-
March 2017 Shareholder Update: Income Tax Expense	94	-	-	-	-
ONFA Adjustments (as at Mar 31, 2017)	49	-	-	-	-

Risks

- **OEB Risks:** OPG's multi-year rate application to the Ontario Energy Board for the period starting January 1, 2017, is currently in process. Potential OEB decisions providing for lower rates, including disallowance of recovery of OPG's operating costs, current or future deferral and variance account balances (including for the proposed nuclear rate smoothing) and unfavourable future treatment of pension costs would adversely affect OPG's results, resulting in negative fiscal impacts.
- **IFRS Risks:** A change in the basis of accounting used for consolidation of OPG results from U.S. GAAP to International Financial Reporting Standards (IFRS) on the Province's financial statements is expected to result in potentially significant fiscal impacts.

	2016-17	2017-18	2018-19	2019-20	2020-21
Net additional OPG IFRS Consolidation Risks	-	(25)	(525)	(475)	N/A

- **Financing Costs:** Higher cost public capital market borrowing (vs the Province's borrowing cost for OEFC to lend to OPG) would have a negative fiscal impact.

Risks – Darlington Refurbishment

- **Darlington Refurbishment Risk:** Darlington Refurbishment is executed consistent with the approved project budget and schedule. Failure to maintain cost and schedule commitments for the project could potentially result in significant write-offs against net income as well as reputational damage. In addition, inability to carry out the refurbishment of the first unit as planned may result in the Province of Ontario (Province) not proceeding with OPG's refurbishment of the remaining units.

- Darlington Refurbishment Update from March 2017 OPG Monthly Update:
  - Vault Preparations commenced on January 11th. Since that time, the project has lost 28 days of critical path and, is two days behind the working schedule. Key contributors to these delays are unanticipated work, vendor performance, and vendor and OPG integration.
  - In order to mitigate the impacts, the Joint Venture and OPG have implemented four Logistic Coordinators, an hour-by-hour schedule of critical path activities, assigned dedicated staff to vault and rubber area activities and OPG's construction oversight organization is taking a move active and intrusive role on execution activities.

Electricity Sector Rules of Thumb

- **OPG Rule of Thumb**: For every $50M change in OPG revenues due to changes in regulated prices, all-in rate impact of about 0.04 ¢/kWh (less than 0.25% of total bill)

OPG Risks	Fiscal Impact
Realised gains in ONFA funds v plan -/+ 1%	-/+ $100 million
Change in Regulated Prices -/+ 1%	-/+ $40 million
Regulated ROE -/+ 1%	-/+ $45 million
Nuclear regulated price -/+ 0.1 ¢/kWh	-/+ $40 million
Hydro regulated price -/+ 0.1 ¢/kWh	-/+ $20 million
Nuclear output -/+ 1 TWh	-/+ $70 million
Hydro output -/+ 1 TWh	-/+ $45 million

Hello Everyone,

OPG made a formal request to the Ministry of Energy on April 12th for the third equity injection closing on April 20th. As per our MOU with the OFA, attached are the following signed documents:

1. Share Subscription Form
2. FAA Certificate
3. Memo authorizing release of funds to OPG

OFA should have what it needs from ENERGY to make the payment to OPG. Please let me know by today if there are any questions or issues.

Thank you,

Deni Ogunrinde

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription dated **April 20, 2018** (the "Share Subscription") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated November 22, 2017.

The Share Subscription requests payment by the Ministry to OPG in the amount of **$65,560,000** as consideration for the subscription for **1,498,856** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I Carolyn Calwell, Assistant Deputy Minister, as delegated by the Minister of Energy, hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Ron,

I have the following as CMD is saying the whole of slide 5, they cannot speak to. And Ken made the point that it's not OPG acquiring the asset on slide 4.

John

Subject: 2017 09 11 OFHP Outstanding Business Issues v02 (002).pptx

Hi Ron,

I've made my edits to this request from IGB….they'd like it for eod at Energy MO's request. Maybe a bit heavy handed on my edits for the equity injection slide.

I've asked FTD and CMD for comments and Ken has already commented.

Thanks,

John

OFHP Business Issues

DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - The Financing Entity will purchase the regulatory asset, effectively financing the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including:
  - A regulation to minimize Payments in Lieu (PILs) of taxes by the financing entity
  - An equity injection by the Province to OPG that OPG would use to lend to the financing entity
  - A subordinated debt agreement related to OPG lending to the financing entity

The above are in addition to a "Change of Law Protection Agreement" under which the Province would provide a guarantee to support the financing entities' debt under certain limited events such as a change in law or adverse court decision that would materially adversely affect the financing entities' ability to service debt.

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as financial services manager, will be a Trust
- The Trust would be subject to tax under the Income Tax Act (Canada) (ITA) and the Ontario Taxation Act, 2007 (TA)
- The beneficiary of the Trust will be a corporation that will be directly or indirectly wholly-owned by OPG
  - The corporation, given it is owned by OPG, would be exempt from federal and provincial corporate taxes and property taxes payable by private sector companies, and instead make payments in lieu of taxes (PILs) to the Ontario Electricity Financial Corporation (OEFC)
  - PILs are used by the OEFC to help pay down its debt and other liabilities – OEFC is the legal continuation ~~the stranded debt~~ of the former Ontario Hydro
- In order to mitigate the cost to ratepayers, the ministry ~~Province~~ plans to bring forward a proposed Minister of Finance's regulation under the *Electricity Act* that would exempt the financing entity trust ~~corporation~~ from paying PILs
- The ministry ~~Province~~ will also consider similar regulations in the future should OPG establish another financing entity in its role as the Financing Entity

Next Steps:

- Draft letter from the Minister of Finance to OPG in development that will provide comfort that the financing entity will be exempt from PILs
- The Ministry of Finance is working with OPG on a draft regulation, which will be brought forward in the Fall

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- ~~OPG will require equity injections on an ongoing basis in order to~~ Acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval through the PRRT process for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a monthly/quarterly basis, OPG will send a notice of share subscription to the ~~Province~~ Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds following receipt of a certificate from the Ministry of Energy, as required under s.11.4 of the Financial Administration Act

Next Steps:

- OPG is seeking its Board approval on September 29th for …
- The Province is working with appropriate parties internally to ensure a mechanism is in place to provide the equity injection to OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt
- OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt
- Interest rates on the subordinated debt will be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying ~~Government of~~ Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate.

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of September

Hi

I have few minor edits/comments. You may want to take a quick look slide #5 re the methodology for establishing the interest rates on the sub debt. Since John is coordinating you can provide comments to him.

Thanks

Ken K

OFHP Business Issues

DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - The Financing Entity will purchase the regulatory asset, effectively financing the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including:
  - A regulation to minimize Payments in Lieu (PILs) of taxes by the financing entity
  - An equity injection by the Province to OPG that OPG would use to lend to the financing entity
  - A subordinated debt agreement related to OPG lending to the financing entity

The above are in addition to a "Change of Law Protection Agreement" under which the Province would provide a guarantee to support the financing entities' debt under certain limited events such as a change in law or adverse court decision that would materially adversely affect the financing entities' ability to service debt.

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as financial services manager, will be a Trust
- The Trust would be subject to tax under the Income Tax Act (Canada) (ITA) and the Ontario Taxation Act, 2007 (TA)
- The beneficiary of the Trust will be a corporation that will be directly or indirectly wholly-owned by OPG
  - The corporation, given it is owned by OPG, would be exempt from federal and provincial corporate taxes and property taxes payable by private sector companies, and instead make payments in lieu of taxes (PILs) to the Ontario Electricity Financial Corporation (OEFC)
  - PILs are used by the OEFC to help pay down its debt and other liabilities – OEFC is the legal continuation ~~the stranded debt~~ of the former Ontario Hydro
- In order to mitigate the cost to ratepayers, the ministry ~~Province~~ plans to bring forward a proposed Minister of Finance's regulation under the *Electricity Act* that would exempt the financing entity trust ~~corporation~~ from paying PILs
- The ministry ~~Province~~ will also consider similar regulations in the future should OPG establish another financing entity in its role as the Financing Entity

Next Steps:

- Draft letter from the Minister of Finance to OPG in development that will provide comfort that the financing entity will be exempt from PILs
- The Ministry of Finance is working with OPG on a draft regulation, which will be brought forward in the Fall

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval through the PRRT process for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a monthly/quarterly basis, OPG will send a notice of share subscription to the ~~Province~~ Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds following receipt of a certificate from the Ministry of Energy, as required under s.11.4 of the Financial Administration Act

Next Steps:

- OPG is seeking its Board approval on September 29th for …
- The Province is working with appropriate parties internally to ensure a mechanism is in place to provide the equity injection to OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt
- OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt
- Interest rates on the subordinated debt will be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying ~~Government of~~ Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate.

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of September

Hi Ron,

I've made my edits to this request from IGB….they'd like it for eod at Energy MO's request. Maybe a bit heavy handed on my edits for the equity injection slide.

I've asked FTD and CMD for comments and Ken has already commented.

Thanks,

John

John
I have made some edits to the Base Fee and Variable Fee on slide#7. It now reads as follows:

- **Base fee**: Monthly fee calculated as 7.5 basis points on monthly funding obligation. The base fee will be independently reviewed in 2018.
- **Variable fee**: Annual fee of 5% of the difference difference between forecast and actual interest rates achieved for each of its funding tranches. The variable fee in any one year will be no more than 5 basis points of the net annual borrowing and can be no less than -5 basis of the net annual borrowing. If the variable fee is a negative amount, such amount will be deducted from the base fee in the following calendar year in twelve equal monthly payments

Subject: RE: BN - Ontario Faiy Hydro Plan Program Payments

I am sorry Shajee, but this information is not accurate, IFIS does not require 30 days to process a transaction, rather the turnaround time is set at a minimum 3 days and that too because of the Cash Management directive. Technically IFIS is capable of processing and making an EFT payment within 24 hours, as such I am very unsympathetic to Energy attempting to move this rather simple transaction to the OFA instead of doing it themselves.

Thanks

Ken k

Subject: RE: BN - Ontario Faiy Hydro Plan Program Payments

Thank you Ken.

We went back to Energy, and they advise payments from the IESO require a two day turn around window which cannot be facilitated by IFIS. According to Energy, IFIS would take 30 days to process payments. Delayed payments to the IESO would result in interest penalties (currently 4.95% annually, approximately $2,000 daily for a $15M payment according to Energy).

Also to note, the monthly statements for the additional parts of the Fair Hydro Plan would show up on the existing invoice the IESO issues for the OREC program, requiring only a single payment from the OFA to the IESO.

Would this change the decision on Energy's request?

Thanks,
Shajee

Subject: RE: BN - Ontario Faiy Hydro Plan Program Payments

Hi Shajee

If I remember correctly from the note that was attached to your previous email on the issue, the monthly payment was $15M. This amount is well within the single transaction limit for IFIS of $99M and I therefore see absolutely no reason why Energy cannot use IFIS to make these payments. The OFA should be used as a substitute for the standard payment mechanisms used by all ministries when those mechanisms are perfectly capable of making the payment in question.

Pls let Energy know that they should process these payments through IFIS.

Thanks

Ken k

Hi Ken,

Just a friendly follow up on this request from the Ministry of Energy.

They are requesting the OFA facilitate payments to the IESO for additional parts of the Fair Hydro Plan.

Would we have a decision on their request?

They informed me the next invoice from the IESO is expected on the August 15th with expected payment 2 days later.

Happy to chat further or follow up with one of your staff.

Thanks,
Shajee

Hi Ken,

Hope you had a great long weekend.

I understand you may have spoken with John about this before - in his absence this week he had asked me to follow up with you or your staff.

To facilitate parts of the Fair Hydro Plan, the Ministry of Energy is requesting the OFA make payments to the IESO on their behalf on the same monthly invoice as the existing OREC program.

The Ministry of Energy had provided the attached business case/rationale outlining their need for this. Not sure if this would be a sufficient explanation to commence these payments. I can reach out to Energy to communicate/ask for anything further.

Happy to chat further or discuss with you or your staff.

Thanks,
Shajee

I am sorry Shajee, but this information is not accurate, IFIS does not require 30 days to process a transaction, rather the turnaround time is set at a minimum 3 days and that too because of the Cash Management directive. Technically IFIS is capable of processing and making an EFT payment within 24 hours, as such I am very unsympathetic to Energy attempting to move this rather simple transaction to the OFA instead of doing it themselves.

Thanks

Ken k

Hi John,

I see through the email trail that Energy is expecting an invoice from IESO on August 15th. I want to ensure that they will make the payment through IFIS and are not expecting the OFA to make the payment on their behalf. Can you please confirm that this is accurate?

Thanks,

Risa Thau

Hi Ken,

In case Energy staff want to escalate or seek further information, who would be a good person in FTD? Given the level of staff that are involved, I am reluctant to provide you as the contact.

Thanks,

John

I am sorry Shajee, but this information is not accurate, IFIS does not require 30 days to process a transaction, rather the turnaround time is set at a minimum 3 days and that too because of the Cash Management directive. Technically IFIS is capable of processing and making an EFT payment within 24 hours, as such I am very unsympathetic to Energy attempting to move this rather simple transaction to the OFA instead of doing it themselves.

Thanks

Ken k

Subject: RE: BN - Ontario Faiy Hydro Plan Program Payments

Thank you Ken.

We went back to Energy, and they advise payments from the IESO require a two day turn around window which cannot be facilitated by IFIS. According to Energy, IFIS would take 30 days to process payments. Delayed payments to the IESO would result in interest penalties (currently 4.95% annually, approximately $2,000 daily for a $15M payment according to Energy).

Also to note, the monthly statements for the additional parts of the Fair Hydro Plan would show up on the existing invoice the IESO issues for the OREC program, requiring only a single payment from the OFA to the IESO.

Would this change the decision on Energy's request?

Thanks,
Shajee

Subject: RE: BN - Ontario Faiy Hydro Plan Program Payments

Hi Shajee

If I remember correctly from the note that was attached to your previous email on the issue, the monthly payment was $15M. This amount is well within the single transaction limit for IFIS of $99M and I therefore see absolutely no reason why Energy cannot use IFIS to make these payments. The OFA should be used as a substitute for the standard payment mechanisms used by all ministries when those mechanisms are perfectly capable of making the payment in question.

Pls let Energy know that they should process these payments through IFIS.

Thanks

Ken k

Hi Ken,

Just a friendly follow up on this request from the Ministry of Energy.

They are requesting the OFA facilitate payments to the IESO for additional parts of the Fair Hydro Plan.

Would we have a decision on their request?

They informed me the next invoice from the IESO is expected on the August 15th with expected payment 2 days later.

Happy to chat further or follow up with one of your staff.

Thanks,
Shajee

Hi Ken,

Hope you had a great long weekend.

I understand you may have spoken with John about this before - in his absence this week he had asked me to follow up with you or your staff.

To facilitate parts of the Fair Hydro Plan, the Ministry of Energy is requesting the OFA make payments to the IESO on their behalf on the same monthly invoice as the existing OREC program.

The Ministry of Energy had provided the attached business case/rationale outlining their need for this. Not sure if this would be a sufficient explanation to commence these payments. I can reach out to Energy to communicate/ask for anything further.

Happy to chat further or discuss with you or your staff.

Thanks,
Shajee

Subject: Confirm with FTD

Hi Gavin,

This afternoon, could you try to get FTD to confirm the discussion in the call today? If all numbers are to be finalized Dec 5-6 and if the documents are to be signed and delivered Dec 15 for the first iteration, with equity injection to be effected on the 18th, it shouldn't be a problem but let's clarify that with FTD and circle back to Shruti.

Let me know if you need me to be involved.

Thanks,

John

Date: Friday, June 02, 2017 2:27:34 PM

Hi Carlos, Mike,

I would appreciate a bit of a debrief on the meeting and may organize a short meeting Tuesday or so next week for a small group to that end.

I don't have an interest in terms of the benchmark, etc. per se but do have an interest looking it from the electricity sector perspective.

John

Subject: RE: Draft GA Sub debt term sheet - Performance Fee Recommendations

Carlos, Mike and Jim

Since I will not be available for the meeting this afternoon here is my single comment.

I have concerns with the weighted average calculation of both the benchmark and actual issuance including the debt issued to the Trust by OPG funded by the 44% equity injection given that there are no market forces in play with regard both issuance and funding of this tranche, at least from an OPG perspective.

The only way in which this tranche is acceptable for performance inclusion is by OPG linking the yield on this debt to what was issued to the markets by the Trust. For example the debt from the equity injection is X bps above or below what was issued in the markets for equal tenors. Even so a linked component in the benchmark, in my opinion, adds limited value.

Thanks

Ken k

Hi John,

Will this be an ongoing request, or one time?

Back in December when we were discussing the process, OFA will provide confirmation to Energy when the payment is done. So I told Settlements to provide confirmation to Shruti after it's done going forward. I think it would be better to keep this process clean as possible, also it might be hard for Settlements to keep track of the distribution list.

Importance: High

Thanks Shruti. I appreciate your (and everyone's) help at Energy and OFA. I was asked if it would be possible to get an OFA confirmation email once the funds have been wired, ie a wire tracking number.
Is there someone at OFA I can contact directly about this??

Regards
Clara

Subject:	RE: EXTERNAL – RE: Fair Hydro Plan Protocol Agreement - Subordinated and Junior Subordinated Debt
Date:	Tuesday, December 12, 2017 3:38:07 PM

Hi Carlos – I am still confused. For whose benefit is the protocol being entered into? The Province (MOE or MOF) or OFA?

Who has requested it and for what purpose? Is it to provide OFA(?)/MOF(?)/MOE(?) with certainty as to how subordinate and junior debt issued by OPG will be priced? Who initiated the change from the Nov 29 draft (in which MOE was a party) to the Dec 11 draft (which has switched to OFA?). Was this done at the request of the OFA after review, or was it done unilaterally by MOE?

I am advised by Ken that the service MOU he has been involved with deals only with what OFA will do to facilitate the payment by MoE for Class A Shares. The only parties to the MOU are MOE and OFA (OPG is not a party). There was a proposal in the early stages whereby MOE requested that OFA be a party to the subscription agreement but, as with here, we didn't really understand why that would be necessary or appropriate, and would have had the effect of shifting some responsibilities of MOE onto OFA, without clear authorization. As a result, the MOU was pursued as a better option.

I note the OFA isn't providing any service under the Protocol. It's only role is to receive information from OPG. It is not even clear what the OFA is supposed to do with that information. Based on the above, I do not know why the OFA would properly be the counterparty.

I suspect I am missing key pieces of the puzzle. If you would like to discuss further, I will be back in the office tomorrow.

Sarah

Subject: RE: EXTERNAL – RE: Fair Hydro Plan Protocol Agreement - Subordinated and Junior Subordinated Debt

Hi Sarah,
Background information:
1)OPG Treasury had initially circulated the "Fair Hydro Subordinated Notes Interest Rate Protocol" draft memos dated Nov7 and Nov 21 describing the process that OPG would use to price the

Subordinated and Junior-Subordinated debt between OPG and the Trust. Capital Markets has provided feedback to simplify the process and spread calculations used for pricing the sub and junior-sub debt.
2)A new "Subordinated Debt Pricing Protocol Agreement" draft dated Nov29 showing the counterparties as OPG and MoE was received and circulated on Nov30.
3)This morning, we received the "Subordinated Debt Pricing Protocol" draft dated Dec11 showing the counterparties as OPG and OFA.

Let's discuss with Ken, if the MoU can incorporate any help that MoE requires relating to the pricing of the subordinated and junior sub debt pricing protocol.

Regards
Carlos

Subject: RE: EXTERNAL – RE: Fair Hydro Plan Protocol Agreement - Subordinated and Junior Subordinated Debt

Hello Carlos – I have never seen this protocol before and don't have any background or context. I have reached out to Ken Russell who has been working on an MOU with MOE regarding the services being provided to MOE in regard to the equity injection process, to see if this has crossed his desk or come up in discussion. I am waiting for his response but this does not seem related to that.

I agree with Malle that MOE should provide information as to the rationale of making the OFA the counterparty.

Based on a cursory review, I note that the language in the document has been changed from "agreement" to "protocol". I didn't identify any positive obligations of the OFA to do anything under the protocol. The only mention of the OFA is with respect to OPG's reporting obligations:

2.06Reporting

The FSM will share with the OFA, within a reasonable time period following receipt, a copy of all Indicative Spreads obtained pursuant to Section 2.04 and all Credit Ratings obtained pursuant to Section 2.05.

I don't see why OFA needs to be the sole counter-party to this protocol for S. 2.06 to be included/effective (reporting to the Province can be agreed to be done through reporting to the Province's agent, the OFA). I would think that the Province would want to be the counterparty to the extent it wants to enforce the protocol directly, rather than doing so through the OFA (to the extent a Protocol is enforceable, I note that there is no clause indicating that OPG is bound by the

protocol and there is no clause outlining any remedies for breach, or process for dispute resolution. I also note that the time periods in 2.05 and 2.06 are vague – "from time to time" and "within a reasonable time" respectively, not sure if this is appropriate for the Provnce's/OFA's needs).

I have no comments on the clauses dealing with interest rate setting and spreads as these are technical. I am assuming that Capital Markets is reviewing and commenting on the appropriateness of these clauses.

Absent more context, background, understanding of the purpose of this protocol, I don't think I can add anything further at this point. Please let me know if you would like to discuss or if you have any questions.

Thanks very much,

Sarah

Carlos,

Please find attached a clean and incremental blackline of the revised Subordinated Debt Pricing Protocol. This reflects comments received from the MOE late last week. We have revised the document to appear less formal (changed from Protocol Agreement to Protocol) and also changed the counterparty to be the OFA. We have also added an obligation for the FSM to share the inputs (ie Indicative Spreads, and Credit Ratings) with the OFA, within a reasonable time period.

Please let us know if you have any additional comments or concerns.

Thanks

Sheen

Hi Shruti,

Some informal comments. I had a chat with Carlos on the trading floor. He indicated that there should be no concern about the survey mechanism (as you point out consistent with how OEFC lends for general corporate purpose). If there are concerns Energy can give Carlos a call.

On the counterparty question, OFA will not want to be a counterparty to this agreement. We haven't checked with Legal here but we will likely stay out of this agreement.

Thanks,

John

Hi John,

As discussed, attached is the interest protocol agreement that OPG has drafted with support from OFA capital markets. I have a few preliminary comments – my main one being who would be the appropriate counterparties (or counterparty) and what would be the ongoing roles and responsibilities for each party. Additional details in the attached.

We need to land this one pretty quickly so let us know what the OFA (policy, capital markets, legal) views are and we can go from there.
Our LSB has spoken to OPG legal as well. It may help to have a call with all groups tomorrow so we can figure how best to go forward.

Thanks,

For term debt, the process will be similar to our corporate debt spread, i.e. dealers provide indicative spread on a weekly basis (I believe OFA is copied on those emails as well), even though OPG does not issue debt on a weekly basis. This will provide us with a good sense of market conditions, etc.

For senior debt issuance, you are correct, probably quarterly, depending on the accumulated amount of deferral assets.

Carlos – I left a v-message with you as I've realized that you might find the warehouse pricing different as discussed previously. The reason is that based on the Warehouse Facility Agreement re the senior tranche we are working on with dealers, the way it is to be charged includes various fees, such as upfront fees, standby fees, program fees (CP + adder), etc. The facility is committed by dealers and the Global Adjustments deferral assets will be part of banks' ABCP Trust assets pool, through which CP will be issued.

Please give me a call if you'd like to go through the details and rationale.

Hi Carlos,

To expedite the process, we agree with your suggestion re short term funding, as per our last conversation , i.e. one single spread will be used for both sub and junior sub debt unless junior sub drops to non-investment grade, in which case additional 100bps will be added to junior sub for pricing purpose.

For long term funding, we are in agreement with your approach suggested below.

Thanks

Sheen

Hi Sheen
There are 2 main simplifying comments that start by eliminating the need for the full pricing grid solely based on credit rating from BBB to AAA.

1)For the short term funding, it would be more efficient to use one single spread rather than multiple spreads for subordinated and junior subordinated.

2)For long term funding, there are no comparable issuers of subordinated & junior subordinated debt issues. Dealers can provide estimates for the subordinated and junior subordinated spreads for each tenor based on the specific characteristics of the Financing Trust.

Please call if you have any questions or would like to discuss further.

Regards
Carlos

Ken,

As you're aware we are currently working on drafting the Protocol Agreement re Sub Debt under the Fair Hydro Plan. Attached for you review please find the key terms re the Agreement, including procedure for advance, as well as price setting, etc. Please let us know if you have any comments/thoughts.

Please be advised that FHP financing will include both a short term warehouse facility (ABCP conduit) and term debt.

Thanks

Sheen

Hi John,

As discussed, attached is the interest protocol agreement that OPG has drafted with support from OFA capital markets. I have a few preliminary comments – my main one being who would be the appropriate counterparties (or counterparty) and what would be the ongoing roles and responsibilities for each party. Additional details in the attached.

We need to land this one pretty quickly so let us know what the OFA (policy, capital markets, legal) views are and we can go from there.
Our LSB has spoken to OPG legal as well. It may help to have a call with all groups tomorrow so we can figure how best to go forward.

Thanks,
Shruti

For term debt, the process will be similar to our corporate debt spread, i.e. dealers provide indicative spread on a weekly basis (I believe OFA is copied on those emails as well), even though OPG does not issue debt on a weekly basis. This will provide us with a good sense of market conditions, etc.

For senior debt issuance, you are correct, probably quarterly, depending on the accumulated amount of deferral assets.

For the term debt, do you still need spreads "no less frequently than weekly"?
What is the projected frequency of issuing senior debt – quarterly?

Carlos – I left a v-message with you as I've realized that you might find the warehouse pricing different as discussed previously. The reason is that based on the Warehouse Facility Agreement re the senior tranche we are working on with dealers, the way it is to be charged includes various fees, such as upfront fees, standby fees, program fees (CP + adder), etc. The facility is committed by

dealers and the Global Adjustments deferral assets will be part of banks' ABCP Trust assets pool, through which CP will be issued.

Please give me a call if you'd like to go through the details and rationale.

Draft: November 29, 2017

Subordinated Debt Pricing Protocol Agreement

THIS AGREEMENT is made as of •, 2017

BETWEEN

ONTARIO POWER GENERATION INC., a corporation incorporated under the laws of Ontario ("**OPG**"), solely in its capacity as financial services manager (the "**FSM**") of the Fair Hydro Trust (the "**Issuer**"), a trust existing under the laws of the Province of Ontario

- and -

HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, (the "**Province**") as represented by the Minister of Energy

Commented [TS(1]: Not clear to me what the role is for the Ministry except to approve an approach that FSM is putting forward. Are there any ongoing obligations/reporting?

Given the technical nature of the approval, and that it appears to be based on the approach for OEFC lending to OPG for general corporate purposes, I would strongly recommend that OFA/Ministry of Finance co-sign this document

WHEREAS the Issuer and BNY Trust Company of Canada entered into that certain trust indenture (as supplemented from time to time, the "**Trust Indenture**") dated ■, 2017;

AND WHEREAS pursuant to the Trust Indenture the Issuer may issue, from time to time, certain Subordinated Notes and Junior Subordinated Notes;

AND WHEREAS the FSM and the Province have agreed to establish herein the procedures for establishing the interest rate applicable to each Series of Subordinated Notes and Junior Subordinated Notes where such Notes are to be issued only to OPG or its Affiliates;

NOW THEREFORE, in consideration of the premises and the covenants and agreements herein contained, the parties agree as follows:

ARTICLE 1 - INTERPRETATION

1.01 **Definitions**

In this Agreement, unless something in the subject matter or context is inconsistent therewith terms used herein have the meanings ascribed in the Trust Indenture. In addition, the following terms shall have the following meanings:

(a) "**Applicable Spread**" has the meaning ascribed to such term in section 2.04(c);

(b) "**Base Rate**" has the meaning ascribed to such term in section 2.03(a) or (b), as applicable;

(c) "**Junior Subordinated Term Note**" means a Junior Subordinated Note that is not incurred pursuant to a Warehouse Facility Agreement;

(d) "**Junior Subordinated Warehouse Note**" means a Junior Subordinated Note that is incurred pursuant to a Warehouse Facility Agreement;

(e) "**Subordinated Term Note**" means a Subordinated Note that is not incurred pursuant to a Warehouse Facility Agreement; and

(f) "**Subordinated Warehouse Note**" means a Subordinated Note that is incurred pursuant to a Warehouse Facility Agreement.

1.02 **Headings**

The division of this Agreement into Articles and Sections and the insertion of headings are for convenience of reference only and do not affect the construction or interpretation of this Agreement. The terms "hereof", "hereunder" and similar expressions refer to this Agreement and not to any particular Article, Section or other portion hereof.

ARTICLE 2 - INTEREST RATE PROTOCOLS

2.01 **Interest Rate Protocols**

The interest rate applicable to each Series of Subordinated Notes and Junior Subordinated Notes that are issued only to OPG or its Affiliates shall be established by the FSM in accordance with the procedures set out herein.

2.02 **Composite Interest Rate**

For any Series of Subordinated Notes or Junior Subordinated Notes that are issued only to OPG or its Affiliates, the interest rate shall be the aggregate of the applicable Base Rate and the Applicable Spread.

2.03 **Base Rate**

(a) For Subordinated Term Notes and Junior Subordinated Term Notes, the "Base Rate" shall be an annual rate of interest comprised of the applicable yield for the Benchmark Government of Canada bonds listed at the time and with the same term as that of the Series of Subordinated Notes or Series of Junior Subordinated Notes, as applicable. In the event that there are no such Benchmark Government of Canada bonds listed at the time of issuance, the applicable Base Rate of interest shall be established by interpolating on a straight line basis the terms of the two Benchmark Government of Canada bonds that are closest to the term of the applicable Series of Subordinated Term Notes or Series of Junior Subordinated Term Notes, as applicable, one being for a longer term and the other being for a shorter term; and

(b) For Subordinated Warehouse Notes and Junior Subordinated Warehouse Notes, the "Base Rate" shall be an annual interest rate equal to the all-in funding costs under the related Warehouse Obligations, expressed as a rate per annum, as

Commented [TS(2]: As it is structured, while the approach may be consistent with how OEFC lends to OPG for general coroporate purpose, there does not seem to be a check in place on the interest rates. The rates will be a large driver of ratepayer impacts, particulary in the long run.

I would suggest a mechanism that OPG check in with OFA on the base rate and applicable spread prior to the issuance of notes. OFA would then communicate its satisfication with OPG's survey results to OPG and Energy. This may need further discussion if this oversight has other unintended consequences.

determined by the FSM acting reasonably, or at any time when there are no Warehouse Obligations outstanding the "Base Rate" shall be the average of the posted "prime rate of interest" published by the five largest Canadian banks at such time.

2.04 **Applicable Spread**

(a) Prior to the issuance of any new Subordinated Term Notes or Junior Subordinated Term Notes, the FSM will solicit from at least five investment dealers in Canada, a survey of indicative spreads over the applicable Base Rate (collectively, the "**Indicative Spreads**" and each an "**Indicative Spread**") applicable to capital market debt issuances having features comparable to each of the proposed Series of Subordinated Term Notes and Junior Subordinated Term Notes, having regard to the expected credit rating and tenor. Such solicitation of Indicative Spreads shall occur on the pricing date of the applicable Series of Subordinated Term Notes and Junior Subordinated Term Notes and may, at the FSM's option, also occur on other dates selected by the FSM provided that no such date is more than **one week** prior to the pricing date. The Applicable Spread for Subordinated Term Notes or Junior Subordinated Term Notes, as applicable, will be the simple average of the respective Indicative Spreads after excluding the highest and the lowest Indicative Spread for each day (not more than one week prior to the pricing date) that Indicative Spreads were provided;

(b) For Subordinated Warehouse Notes the FSM will solicit from time to time, but no less frequently than on an annual basis, from at least five investment dealers in Canada, a survey of Indicative Spreads over the applicable Base Rate applicable to commercial paper issuances having features comparable to the Subordinated Warehouse Notes including credit rating and tenor. The Applicable Spread for Subordinated Warehouse Notes will be the simple average of the respective Indicative Spreads, after excluding the highest and the lowest Indicative Spread;

(c) The Applicable Spread for Junior Subordinated Warehouse Notes shall be equal to the Applicable Spread derived from Section 2.04(b) for the Subordinated Warehouse Notes, provided the Junior Subordinated Term Notes are rated Investment Grade. If the Junior Subordinated Term Notes are rated below Investment Grade, the Applicable Spread for the Junior Subordinated Warehouse Notes will equal to the Applicable Spread for the Subordinated Warehouse Notes plus 100 bps.

For the purposes of this section "Investment Grade" means an "approved rating" from at least one "designated rating organization" (as such terms are defined for securities law purposes).

2.05 **Credit Ratings**

In order to facilitate the survey of Indicative Spreads, the FSM will solicit from time to time, from an approved rating organization (as such term is defined for securities laws

Commented [TS(3]: What does this mean on an objective basis?

Commented [TS(4]: Is OPG to keep a record of the underlying data to support the calculations (e.g., surveys etc.) and submit to the OFA/Ministry?

Commented [TS(5]: How do we know that these are the five best deals? Is there a risk that only fewer than 5 dealers in Canada with such offerings? If so, what is the alternative?

Commented [TS(6]: Five business days?

Commented [TS(7]: What is the methodology to determine comparables? Will each dealer have their own approach. Should these dealers have certain credentials etc.

purposes), a credit rating, which may include a shadow rating, for the Subordinated Notes and the Junior Subordinated Notes.

ARTICLE 3 - GENERAL

3.01 Benefit of the Agreement

This Agreement will enure to the benefit of and be binding upon the respective successors and permitted assigns of the parties.

3.02 Entire Agreement

This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and cancel and supersede any prior understandings and agreements between the parties with respect thereto. There are no representations, warranties, terms, conditions, undertakings or collateral agreements, express, implied or statutory, between the parties other than as expressly set forth in this Agreement.

3.03 Assignment, Amendments and Waivers

No assignment or amendment to this Agreement will be valid or binding unless set forth in writing and duly executed by all of the parties. No waiver of any breach of any provision of this Agreement will be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided in the written waiver, will be limited to the specific breach waived.

3.04 Severability

If any provision of this Agreement is determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability will attach only to such provision or part thereof and the remaining part of such provision and all other provisions hereof will continue in full force and effect.

3.05 Governing Law

This Agreement is governed by and will be construed in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein. For the purpose of all legal proceedings this Agreement will be deemed to have been performed in the Province of Ontario and the courts of the Province of Ontario will have exclusive jurisdiction to entertain any action arising under this Agreement. The parties hereby attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

3.06 Counterparts

This Agreement may be executed in any number of counterparts, each of which will be deemed to be an original and all of which taken together will be deemed to constitute one and the same instrument.

3.07 **Electronic Execution**

Any party may deliver an executed signature page to this Agreement by electronic transmission and such delivery will be as effective as delivery of a manually executed copy of the Agreement by such party.

Date:	Thursday, November 30, 2017 2:15:16 PM

Hi John,

I have reviewed the documents and I don't have any comments at this time.

The focus of the Agreement is on how the interest rate will be calculated. In a nutshell, the interest rate will be the sum of base rate and spread. For the term note, the base rate will be comprised of the applicable yield for the Benchmark Government of Canada bonds listed at the time. For the Warehouse note, the base rate will be an annual interest rate equal to the all-in funding costs under the related Warehouse Obligations. For the Spread, it will be the simple average of the surveys of indicative spread from at least 5 investment dealers in Canada, excluding the highest and the lowest indicative Spread.

The Agreement also states that to facilitate the surveys of those indicative spreads, the FSM will solicit from an approved rating organization (e.g. DBRS and/or Moody's) a credit rating on a regular basis.

Regards,
Gavin He

The only change that I have is in section
Applicable Spread: "Applicable Spread" means the addition spread in basis points …

Regards
Carlos

For term debt, the process will be similar to our corporate debt spread, i.e. dealers provide indicative spread on a weekly basis (I believe OFA is copied on those emails as well), even though OPG does not issue debt on a weekly basis. This will provide us with a good sense of market conditions, etc.

For senior debt issuance, you are correct, probably quarterly, depending on the accumulated amount of deferral assets.

For the term debt, do you still need spreads "no less frequently than weekly"?
What is the projected frequency of issuing senior debt – quarterly?

Carlos – I left a v-message with you as I've realized that you might find the warehouse pricing different as discussed previously. The reason is that based on the Warehouse Facility Agreement re the senior tranche we are working on with dealers, the way it is to be charged includes various fees, such as upfront fees, standby fees, program fees (CP + adder), etc. The facility is committed by dealers and the Global Adjustments deferral assets will be part of banks' ABCP Trust assets pool, through which CP will be issued.

Please give me a call if you'd like to go through the details and rationale.

Hi Carlos,

To expedite the process, we agree with your suggestion re short term funding, as per our last

conversation , i.e. one single spread will be used for both sub and junior sub debt unless junior sub drops to non-investment grade, in which case additional 100bps will be added to junior sub for pricing purpose.

For long term funding, we are in agreement with your approach suggested below.

Thanks

Sheen

*** Exercise caution. This is an EXTERNAL email. DO NOT open attachments or click links from unknown senders or unexpected email. ***

Hi Sheen
There are 2 main simplifying comments that start by eliminating the need for the full pricing grid solely based on credit rating from BBB to AAA.

1)For the short term funding, it would be more efficient to use one single spread rather than multiple spreads for subordinated and junior subordinated.

2)For long term funding, there are no comparable issuers of subordinated & junior subordinated debt issues. Dealers can provide estimates for the subordinated and junior subordinated spreads for each tenor based on the specific characteristics of the Financing Trust.

Please call if you have any questions or would like to discuss further.

Regards
Carlos

Gavin

We found out through our Legal branch that OFA is interested in having ENERGY be a third signatory to the Interest Protocol Agreement. Do you have a sense as to why OFA would like us to sign it? We understood it to be a fairly operational agreement between OPG & OFA.

Not sure if you're looped in on the Interest Protocol Agreement, please let me know if there's another group in OFA I should be directing this question to.

Thank you,
Graham

Subject: RE: EXTERNAL – RE: Fair Hydro Plan Protocol Agreement - Subordinated and Junior Subordinated Debt

Dear Alena,

Further to our discussion, we have converted the formal protocol agreement to a less formal protocol document to be signed by OPG and the OFA (attached). I understand that Mike Manning of the OFA, who would be signing on behalf of the OFA, has also suggested that a signatory from the MOE be added the protocol document. Let us know if there are any concerns with that. Otherwise, could you advise who could sign on behalf of the MOE? We will add that signature line to the protocol document.

I have copied Malle on this e-mail to keep her in the loop, as well as Sheen Liu from our Treasury group as she has been dealing with her counterparts at the OFA on the protocol document.

Regards,

Les

Shruti,
Please contact Tyler McAuley 416-592-4015 to arrange for pick up of the original.

Going forward I don't anticipate same issues as we had with this first transaction with respect to dates in the document.
Thanks,
Ken

*** Exercise caution. This is an EXTERNAL email. DO NOT open attachments or click links from unknown senders or unexpected email. ***

Earlier today, we sent an electronic copy of the signed Share Subscription form to the OFA. We can give OPG the original on the closing date – let us know who at OPG we should connect with.

One question on the transfer notice – going forward, will the usual practice be that it is signed but undated?

Hi,
Just wanted to confirm the discussion between John Lee and Ken Kandeepan this morning. I understand that the Province will fund the equity injection on the morning of December 20 to help minimize any issues with closing of the first asset purchase.
Thanks,
Ken

Hi,

The Transfer Notice has been signed but has not been dated as it is being held in escrow. On closing the Transfer Notice will be dated effective the closing date and released from escrow.

Attached is the document package for the equity purchase with the signed but undated Transfer Notice. On closing we will provide an updated Transfer Notice with the date completed.

Thanks,
Ken

Hi,
Just wanted to let everyone know that closing has been delayed as a result of discussions this week to finalize the Change in Law Protection Agreement. The credit rating process has been delayed and closing is now targeted for Dec 20 or 21. I hope to have a final transfer amount today. The amount is still around $1.2 B.
Thanks,
Ken

From: John Kim
To: Ronald Kwan
Subject: RE: Equity Financing
Date: Saturday, April 22, 2017 1:52:00 PM

Hi Ron,

The 50% is news to me and maybe Cindy has insight we don't as even Scott was non-committal. I believe Scott won't commit to anything until circled back fully.

No certain so far on May 1 start.

Energy has not say a word and Scott was also quite reserved. Not sure if Cindy and Ken are aware of their operating protocol.

I still think Supp is a possibility but seem to be trying for a full estimates. They did indicate they wanted to avoid a sup....not sure who.

I had issues with some of his bullets but may be his English.

Yes, I'll keep you informed....and I am very concerned about how this project is run. I'm trying to do more and sometimes behind the scene.

As for the cash, I don't believe CMD's concerns/focus are all misguided, thus, my moderating some of the sentiments yesterday. It is not wrong to be informed one way or another on details the government doesn't do every day. CMD's concern is mainly consideration over time and details on how the cash out situations occur. They are not misguided in my opinion. If the government chooses not to worry about it in the end, that is a choice but to be informed and setting it up right is not a bad thing.

John

To: John Kim <John.Kim@ofina.on.ca>
Subject: Re: Equity Financing

Hi John,

Is the 50% supposed to then provide a buffer, vs 44%?

And would it be based on a May1 retroactive start time, so 11 months?

And has Energy provided a fiscalsed set of GA deferral estimates?

I thought the earlier discussion was for this to be in Supps. Why the change? I think it makes sense to have it in the Document Estimates, but just want to know why the change.

Ken seems to understand this, except I would not have written his first bullet quite that way, since there is an impact on the Estimates, even if indirect through Energy, as he lays out in his other bullets.

Please keep me apprised, or loop me into the exchange, as needed.

Thanks,
Ron

P.S. An Aside: If Ken and FTD understand that the OFA is providing cash to Energy to inject equity into OPG, how can CMD be thinking about what Francisco was talking about yesterday?

Subject: RE: Equity Financing

Thanks Scott. This is helpful. We have reached out to Pratima Gounden in Energy's corporate shop on this. We understand that the Ministry will provide more information on this request as part of the May 9 TB/MBC submission - however, as discussed previously, in order for us to include this operating asset in Printed Estimates, we need written documentation - requesting operating asset asap. This could be in the form of a CAO memo from Rob to Karen Hughes requesting that this operating asset be included as part of Energy's Printed Estimates.

We need this memo asap (i.e., tomorrow at the latest so that it can be considered as part of Document Day), so that we can address the technical elements for Printed Estimates.

Please let us know if you have any questions.

Thanks,
Felix

Subject: RE: Equity Financing

Hi,

Energy has agreed to record these additional purchases of OPG shares on its financials.

In terms of the appropriation for 2017-18, Energy proposes the following (subject to input from others):

- The total debt forecast for the year starting May 1 2017 ending April 30 2018 is $2.5B including interest. Taking one month off that to align with the province's fiscal year gives $2.3B; of which up to 49% is anticipated to be financed via equity injections. This results in an equity injection requirement of approximately $1.1B for this fiscal year.

- Proposed forecasting buffer:

    - OEB has only allocated 50% of the benefit until the legislation passes, which may reduce the requirement for May and June. However, given that we don't know with certainty how the OEB will reassess RPP, we propose to leave the appropriated equity amount at $1.1B.
    - OPG also plans to borrow a small percentage of the 49% from the market. This amount has not yet been finalized, but could represent up to 5% of the total financing requirement. Given this uncertainty, we would suggest maintaining the request for $1.1B.
    - Both of these elements also provide a buffer against other forecasting uncertainties.

We are working with ENE staff to develop a TB submission that will incorporate this request. In the meantime, we are happy to chat if you have questions.

Thanks,
Scott

Subject: Re: Equity Financing

Agreed. OPG Trust has not yet been created.

The operating asset appropriation will be for the Ministry that owns the new shares in OPG. Scott Nelms - assuming that will Energy. Can you confirm.

The amount needs to be based on 50% of the expected deferral for the 2017-18 year. IESO may need to weigh in on that.

Cindy

Hi Helen

I suspect you are referring to the Affordability Trust that has already been set up by the Province but has nothing to to do with the OPG Trust that I mention in my email.

You may want to touch base with Cindy for a few minutes next week and she should be able to clarify the differences between these two trusts for you.

Thanks

Ken k

Since this is case, then it wouldn't be an operating asset that we need to show in the Estimates (as the Estimates generally don't show assets of consolidated entities). Instead, we would need to show a payment from MOF or Energy to the trust, and then a reversing adjustment below the line (but all of this would be in expense, not assets)?. In other words, how does MOF/ENE propose this to be shown in Printed Estimates?

Yes, but was thinking the clean version was a bit too thin. So to give people a sense of when the inflection points come, etc.

Hi Shajee,

Could you clean this version up a bit? Namely, I want to leave in all the slides but maybe, for example, slide 4, delete the pcart beyond the inflection point.

Subject: Equity Injection Term Sheet

Hey John, Carlos,

Attached is a term sheet from OPG that would form the basis of the Equity Injection Agreement. I think this would be an agreement between ENE/OPG and OFA. While it currently says 5 business days in this document Clara flagged that the IESO may be looking for it to be settled in as quickly as 1 day. Given how quick this needs to happen I've included a line about ENE delegating authority to the OFA to manage this monthly process. I think ENE would want to be kept in the loop but I don't think they would need to sign off each month. That being said I haven't run this up the chain at ENE yet or discussed with ENE controllership.

Id defer to you guys for short term mechanics for the most part as you have the experience on the borrowing side. If you could take a look and mark-up where desired then maybe we can chat?

Let me know if you have any questions.

Hi John,

Has OPG "agreed" that the Trust would purchase the asset monthly? Earlier discussions had contemplated the Trust not going to market every month but perhaps, e.g., quarterly. Would the Trust get interim financing and purchase the asset monthly regardless?

Ron

Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy
- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)
- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)
- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, ie, annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder
- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi year forecasts
- The Ministry of Energy will delegate authority to the Ontario Financing Authority to manage the monthly settlement process
- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan
- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option
- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – ie, existing shareholder's equity
- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027
- Redemption value of the Class A Shares to be based on book value on the redemption date, ie, the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

Timing: [same day as notice from Fair Hydro Trust]

Documents/steps:

(i) share subscription form,
(ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

Formatted: Indent: Left: 0.5", No bullets or numbering

Commented [RK1]: Will the Trust be purchasing the IESO regulatory asset monthly, such that the sub-debt is issued monthly and OPG earns a return to help offset the Province's borrowing costs?

What if the Trust does not purchase monthly, but, e.g., quarterly – shouldn't the wording of the term sheet contemplate/encompass this?

Isn't it a problem if the asset is purchased less than monthly, such that the Trust does not issue debt or sub-debt, so there is no sub-debt interest to offset the Province's borrowing cost?

Commented [RK2]: Is this expected to be a fixed amount, as at the initial 1999 book value, and now and over the injection and redemption periods of the FHP?

What are the kinds of events that could change the book value? Risk / likelihood?

Or, is the book value of common shares the equity at the moment in time divided by the number of shares – more a fair value?

Commented [RK3]: Could it be zero?

b) OFA and OPG settle equity injection amounts

Timing: [five] business days from notice to OFA to payment/settlement with OPG [NOTE: timing to be confirmed based on IESO/Trust process requirements]

Documents/steps:

(i) completed/signed share subscription form from OFA~~/Province~~ to OPG

(ii) funds transfer from OFA to OPG account)

(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register sent to both OFA and ENE

Commented [KC4]: OFA: any details we can add based on your experience on the loan side? Who signs off at the OFA? Should we just make it the same process and delegate authority from ENE so OfA can execute?

Longer term Process/Approvals:

1. Equity Requirements Estimates:
   a. Business Plan Submissions
   b. OPG Board Approvals
      - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
      - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

   c. Ministry of Energy appropriations
      ~~[describe annual process]~~Ministry of Energy will seek appropriation through PRRT process, including 3-year estimates that OPG provides through its business plan submission

Share Redemption Process

- TBD -- process to be determined at a later date and appended as Appendix to Master Subscription Agreement

Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy
- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)
- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)
- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, i.e., annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder
- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi-year forecasts
- The Ministry of Energy will delegate authority to the Ontario Financing Authority to manage the monthly settlement process
- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan
- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option
- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – i.e., existing shareholder's equity
- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027
- Redemption value of the Class A Shares to be based on book value on the redemption date, i.e., the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

Timing: [same day as notice from Fair Hydro Trust]

Documents/steps:

(i) share subscription form,
(ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

Commented [BA1]: Question about wording on this point. Is appropriation request not just for one year with multi-year projections included for fiscal planning purposes?

Formatted: Indent: Left: 0.5", No bullets or numbering

Commented [SQ22]: As MOF legal pointed out, this will need to be clarified as its not clear whether MOE can delegate to OFA since it is not its agency.

As in past scenarios, OFA would do the "back office" transactions-related work, but direction would come from someone at Energy subject to an MOU being established re: services being rendered.

Commented [RK3]: Will the Trust be purchasing the IESO regulatory asset monthly, such that the sub-debt is issued monthly and OPG earns a return to help offset the Province's borrowing costs?

What if the Trust does not purchase monthly, but, e.g., quarterly – shouldn't the wording of the term sheet contemplate/encompass this?

Isn't it a problem if the asset is purchased less than monthly, such that the Trust does not issue debt or sub-debt, so there is no sub-debt interest to offset the Province's borrowing cost?

Commented [RK4]: Is this expected to be a fixed amount, as at the initial 1999 book value, and now and over the injection and redemption periods of the FHP?

What are the kinds of events that could change the book value? Risk / likelihood?

Or, is the book value of common shares the equity at the moment in time divided by the number of shares – more a fair value?

Commented [JK5R4]: There have been earlier discussions but would like to get clarity from OPG on the book value and if not the original book value how it would be computed.

Commented [SQ26]: This seems to imply that there will be no rate of return for the Province's equity injection, and so Province will eat the IOD cost – is this correct and confirmed now?

Commented [RK7]: Could it be zero?

b) OFA and OPG settle equity injection amounts

Timing: [five] business days from notice to OFA to payment/settlement with OPG [NOTE: timing to be confirmed based on IESO/Trust process requirements]

Documents/steps:

(i) completed/signed share subscription form from OFA~~/Province~~ to OPG

(ii) funds transfer from OFA to OPG account)

(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register sent to both OFA and ENE

Commented [KC8]: OFA: any details we can add based on your experience on the loan side? Who signs off at the OFA? Should we just make it the same process and delegate authority from ENE so OfA can execute?

Longer term Process/Approvals:

1. Equity Requirements Estimates:
   a. Business Plan Submissions
   b. OPG Board Approvals
      - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
      - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

Hi John,

Has OPG "agreed" that the Trust would purchase the asset monthly? Earlier discussions had contemplated the Trust not going to market every month but perhaps, e.g., quarterly. Would the Trust get interim financing and purchase the asset monthly regardless?

Subject: Equity Injection Term Sheet

Hey John, Carlos,

Attached is a term sheet from OPG that would form the basis of the Equity Injection Agreement. I think this would be an agreement between ENE/OPG and OFA. While it currently says 5 business days in this document Clara flagged that the IESO may be looking for it to be settled in as quickly as 1 day. Given how quick this needs to happen I've included a line about ENE delegating authority to the

OFA to manage this monthly process. I think ENE would want to be kept in the loop but I don't think they would need to sign off each month. That being said I haven't run this up the chain at ENE yet or discussed with ENE controllership.

Id defer to you guys for short term mechanics for the most part as you have the experience on the borrowing side. If you could take a look and mark-up where desired then maybe we can chat?

Let me know if you have any questions.

Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy
- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)
- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)
- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, i.e., annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder
- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi-year forecasts
- The Ministry of Energy will delegate authority to the Ontario Financing Authority to manage the monthly settlement process
- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan
- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option
- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – i.e., existing shareholder's equity
- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027
- Redemption value of the Class A Shares to be based on book value on the redemption date, i.e., the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

Timing: [same day as notice from Fair Hydro Trust]

Documents/steps:

(i) share subscription form,
(ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

Commented [BA1]: Just wondering about wording on this point. Is appropriation request not just for one year with multi-year projections included for fiscal planning purposes?

Formatted: Indent: Left: 0.5", No bullets or numbering

Commented [SQ22]: As MOF legal pointed out, this will need to be clarified as its not clear whether MOE can delegate to OFA since it is not its agency.

As in past scenarios, OFA would do the "back office" transactions-related work, but direction would come from someone at Energy subject to an MOU being established re: services being rendered.

Commented [RK3]: Will the Trust be purchasing the IESO regulatory asset monthly, such that the sub-debt is issued monthly and OPG earns a return to help offset the Province's borrowing costs?

What if the Trust does not purchase monthly, but, e.g., quarterly – shouldn't the wording of the term sheet contemplate/encompass this?

Isn't it a problem if the asset is purchased less than monthly, such that the Trust does not issue debt or sub-debt, so there is no sub-debt interest to offset the Province's borrowing cost?

Commented [RK4]: Is this expected to be a fixed amount, as at the initial 1999 book value, and now and over the injection and redemption periods of the FHP?

What are the kinds of events that could change the book value? Risk / likelihood?

Or, is the book value of common shares the equity at the moment in time divided by the number of shares – more a fair value?

Commented [JK5R4]: There have been earlier discussions but would like to get clarity from OPG on the book value and if not the original book value how it would be computed.

Commented [SQ26]: This seems to imply that there will be no rate of return for the Province's equity injection, and so Province will eat the IOD cost – is this correct and confirmed now?

Commented [RK7]: Could it be zero?

b) OFA and OPG settle equity injection amounts

Timing: [five] business days from notice to OFA to payment/settlement with OPG [NOTE: timing to be confirmed based on IESO/Trust process requirements]

Documents/steps:

(i) completed/signed share subscription form from OFA~~/Province~~ to OPG

(ii) funds transfer from OFA to OPG account)

(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register sent to both OFA and ENE

Commented [KC8]: OFA: any details we can add based on your experience on the loan side? Who signs off at the OFA? Should we just make it the same process and delegate authority from ENE so OfA can execute?

Longer term Process/Approvals:

1. Equity Requirements Estimates:
   a. Business Plan Submissions
   b. OPG Board Approvals
      - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
      - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

   c. Ministry of Energy appropriations
      ~~[describe annual process]~~Ministry of Energy will seek appropriation through PRRT process, including 3-year estimates that OPG provides through its business plan submission

Share Redemption Process

- TBD -- process to be determined at a later date and appended as Appendix to Master Subscription Agreement

Hi Kaitlin,

We have a few questions but the main one for now is the way the document worded the monthly purchase by OPG. Is OPG agreeable to purchasing assets each month? Are they putting in place interim financing to do so monthly?

- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)
- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, i.e., annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder
- Ministry of Energy will seek an asset appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi-year forecasts
- The Ministry of Energy will delegate authority to the Ontario Financing Authority to manage the monthly settlement process
- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan
- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option
- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – i.e., existing shareholder's equity
- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027
- Redemption value of the Class A Shares to be based on book value on the redemption date, i.e., the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

Timing: [same day as notice from Fair Hydro Trust]

Documents/steps:

(i) share subscription form,
(ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

Commented [KK1]: Its important to note that the appropriation is not an expense item, rather seeks to set up an asset.

Commented [BA2]: Question about wording on this point. Is appropriation request not just for one year with multi-year projections included for fiscal planning purposes?

Formatted: Indent: Left: 0.5", No bullets or numbering

Commented [CY3]: May need a service level agreement between Ministry of Energy and OFA

Formatted: Highlight

Commented [SQ24]: As MOF legal pointed out, this will need to be clarified as its not clear whether MOE can delegate to OFA since it is not its agency.

As in past scenarios, OFA would do the "back office" transactions-related work, but direction would come from someone at Energy subject to an MOU being established re: services being rendered.

Commented [KK5]: Are the Class A shares the same class as the current shares? I was under the impression that the shares issued under Equity Injection while still common shares will be designated differently in order to facilitate tracking.

Commented [CY6]: New class of shares will make it easier to track the outflows in the first 10 years and the repayments starting in year 11-40

Commented [RK7]: Will the Trust be purchasing the IESO regulatory asset monthly, such that the sub-debt is issued monthly and OPG earns a return to help offset the Province's borrowing costs?

What if the Trust does not purchase monthly, but, e.g., quarterly – shouldn't the wording of the term sheet contemplate/encompass this?

Isn't it a problem if the asset is purchased less than monthly, such that the Trust does not issue debt or sub-debt, so there is no sub-debt interest to offset the Province's borrowing cost?

Commented [RK8]: Is this expected to be a fixed amount, as at the initial 1999 book value, and now and over the injection and redemption periods of the FHP?

What are the kinds of events that could change the book value? Risk / likelihood?

...

Commented [JK9R8]: There have been earlier discussions but would like to get clarity from OPG on the book value and if not the original book value how it would be computed.

Commented [KK10]: How is this right to redeem formalized? TDS has indicated that the inclusion of any option to allow redemption moves the shares closer to the definition of debt.

Commented [SQ211]: This seems to imply that there will be no rate of return for the Province's equity injection, and so Province will eat the IOD cost – is this correct and confirmed now?

Commented [KK12]: How about dividends to the Province to ensure that it is whole on a cash as well as fiscal basis

Commented [RK13]: Could it be zero?

b) OFA and OPG settle equity injection amounts

Timing: [five] business days from notice to OFA and ENE to payment/settlement with OPG [NOTE: timing to be confirmed based on IESO/Trust process requirements]

Documents/steps:

(i) completed/signed share subscription form from OFA and ENE/~~Province~~ to OPG

(ii) funds transfer from ~~OFA~~ Province to OPG account)

(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register sent to both OFA and ENE

Longer term Process/Approvals:

1. Equity Requirements Estimates:
   a. Business Plan Submissions
   b. OPG Board Approvals
      - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
      - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

   c. Ministry of Energy appropriations
      ~~[describe annual process]~~Ministry of Energy will seek appropriation through PRRT process, including 3-year estimates that OPG provides through its business plan submission

Share Redemption Process

- TBD -- process to be determined at a later date and appended as Appendix to Master Subscription Agreement

Commented [CY14]: For the loans from OEFC to OPG, Mike Manning signs and we have a system that tracks bond/loan tickets.

The Equity injections are different than a loan and will require an accounting journal entry by Ken Kandeepan's group.

Commented [KC15]: OFA: any details we can add based on your experience on the loan side? Who signs off at the OFA? Should we just make it the same process and delegate authority from ENE so OfA can execute? My suggestion is that the details be part of an MOU or Services Agreement between the OFA and Energy

Formatted: Highlight

Formatted: Not Highlight

Formatted: Highlight

Formatted: Strikethrough

Good morning Shruti,
We will be completing another investment purchase with the IESO on April 20 for a purchase price of $149M. The corresponding required equity injection will be $65,560,000 and we will be sending along the subscription materials shortly.

Regards,
Clara

Hi Clara,

I'm confirming that we got the necessary approvals on our end and made the request to the OFA on Friday, March 16.
We understand from the OFA that the funds are queued up to close on the 22.

Let me know if you have any questions.

Subject: FW: Fair Hydro - March 22 equity injection

Hi Shruti,
Pursuant to section 2.2 of the Master Share Subscription Agreement (MSSA) made between OPG and the Minister of Energy Nov 22, 2017 I attach the following documents with respect to the planned equity injection for our March 22, 2018 asset purchase from the IESO:

Share Subscription Notice

Exh B, ie IESO Transfer Notice and Attachment A calculation of equity amount
Quarterly Share price calculation

As you know, per the MSSA, the Province is required to deliver the executed share subscription and wire transfer the equity funds to OPG within 5 business days of receipt of these documents.

I would appreciate confirmation of receipt of this email in accordance with the MSSA notice requirements by return email to myself and the cc list.

If you have any questions please do not hesitate to contact me.

Regards,
Clara

Date: Friday, November 24, 2017 2:34:33 PM

Hi John,

I have reviewed the MSA and I don't have any comments on this. The information provided in the MSA is consistent with the information in the MOU, regarding to the equity injection payment process. It mentions that OPG will require the payment within 5 business days after the notice. This was not updated in the MOU but I will update that once Energy provided us with their revisions.

Also, Ken R. reviewed and said that the interest of the OFA is only in the payment provisions. He noted that the timeline for making the subscriptions is consistent either the timeline in the MOU and the wire transfer instructions are also consistent.

I can share this with FTD and CMD too. Although this has been executed, I can send them a copy as FYI. Also, I didn't hear anything back from Energy whether they have consulted with OPCD on this.

Would you like me to get back to Ron?

Thanks,
Gavin He

Hi Ron,

We went through the MSA and we don't have any comments on that. The information provided in the MSA is consistent with the information in the MOU, regarding the equity injection payment process. It mentions that OPG will require the payment within 5 business days after the notice. This was not updated in the MOU but I will update that once Energy sent us an updated version with their edits.

Ken R. also reviewed and said that the interest of the OFA is only in the payment provisions. He noted that the timeline for making the subscriptions is consistent with his understanding and the wire transfer instructions are also consistent. I have shared a copy with FTD and CMD but haven't heard anything back from them.

Also, I went back to Energy on whether they have shared the agreement with OPCD, and specifically section 2.3 (ii). I haven't heard back from them either. I understand that this agreement has already been executed, but I can follow up with them on that again on Monday.

Please let us know if you have any other questions.

Thanks,
Gavin He

You actually raised a good point Ken. I was thinking of just doing the OREC MOU and then doing the GA MOU/SLA separately but I think the idea of having one SLA/MOU makes sense.

There are aspects to the OREC MOU we want to maintain, sharing of data, etc. so let me give it some thought. Maybe we can touch base tomorrow or Monday

Hi Malle,
Last nite, We received the draft Interest Protocol Agreement draft dated Nov29 . This morning the document was forwarded to Shruti Talwar in Energy.

Yes, I have been involved in the spread discussion for the sub/junior-sub debt based in the memo draft of nov21 and one earlier version from Nov7.

If you have any questions, please call x58121 and we can discuss

Regards
Carlos

Subject: Fair Hydro Plan Protocol Agreement - Subordinated and Junior Subordinated Debt

Dear Alena and Malle,

Please find attached a draft of the protocol agreement relating to the determination of interest rates on the subordinated and junior subordinated debt to be issued to OPG by the Fair Hydro Trust. Most of this debt will be funded through equity injections by the Province into OPG. OPG's Treasury team has been working with Carlos Yep of the OFA on this agreement. I understand that Alena has previously seen a term sheet setting out the main terms of the agreement.

Let us know if you have any questions or comments on the draft.

Regards,

Les

Hi Sheen
There are 2 main simplifying comments that start by eliminating the need for the full pricing grid solely based on credit rating from BBB to AAA.

1)For the short term funding, it would be more efficient to use one single spread rather than multiple spreads for subordinated and junior subordinated.

2)For long term funding, there are no comparable issuers of subordinated & junior subordinated debt issues. Dealers can provide estimates for the subordinated and junior subordinated spreads for each tenor based on the specific characteristics of the Financing Trust.

Please call if you have any questions or would like to discuss further.

Regards
Carlos

Ken,

As you're aware we are currently working on drafting the Protocol Agreement re Sub Debt under the Fair Hydro Plan. Attached for you review please find the key terms re the Agreement, including procedure for advance, as well as price setting, etc. Please let us know if you have any comments/thoughts.

Please be advised that FHP financing will include both a short term warehouse facility (ABCP conduit) and term debt.

Thanks

Sheen

Hi John

What Ricky requires for the FES is the forecast amount of the 44% equity injection number for 17-18 and the two out years. Given that the total debt number has reduced to $20 Billion from the $28 B forecast at Budget time I guess there would be reductions in the first three years as well.

Thanks

Hi Ricky,

There is no official updated information on the GA modelling. I have been looking for that from the Ministry of Energy without having any success.

Energy's response thus far is that they are still working on finalizing the FHP-related GA forecast.

In terms of FES, let me know what you are looking to do and the timeline you're working towards.

> Hi John

What Ricky requires for the FES is the forecast amount of the 44% equity injection number for 17-18 and the two out years. Given that the total debt number has reduced to $20 Billion from the $28 B forecast at Budget time I guess there would be reductions in the first three years as well.

Thanks

Ken k

Subject: RE: Fair Hydro Plan

Hi Ricky,

There is no official updated information on the GA modelling. I have been looking for that from the Ministry of Energy without having any success.

Energy's response thus far is that they are still working on finalizing the FHP-related GA forecast.

In terms of FES, let me know what you are looking to do and the timeline you're working towards.

John

Subject: Fair Hydro Plan

Hi John,

In preparation for the upcoming FES, would you be able to provide an update to the Fair Hydro Plan numbers. I have attached the worksheet that we have used for the 2017 Budget (password protected using FES password).

Your input by the end of today would be appreciated.

Thanks.

Ricky

Attachments:	Equity Injection Determination v7.pptx

Hi Ken,

We can share a deck with you which we based off of the FAA numbers from Energy earlier. This is not quite the financing plan but our understanding is that the plan was based on this underlying info. I will caveat in a big way as I am continually told by Energy that numbers have shifted.

I was about to share it earlier but following a call with OPG, understood OPG was to provide detailed tables which never came.

Thanks,

John

P.S. I will be off as of Friday for two weeks and Bruno will be acting for me during this time.

Subject: Financing Plan

Hi Ron and John

Is it possible to obtain the latest version of the Financing Plan from MOE, which hopefully has numbers including the program maximum for the next two years.

Thanks

Ken k

DRAFT

Preliminary Assessment – OPG Equity Injection

On September 28, 2017, the Minister of Energy provided Fair Allocation Amount and Readjustment Amount estimates over the FHP Reference Periods to OPG, the Financial Services Manager for the Fair Hydro Plan.

The following analysis is based on a preliminary assessment of annual OPG Equity Injection requirements using the information from the September 28, 2017 Ministry of Energy letter.

Energy staff indicate that scenarios involving the Fair Allocation Adjustment and Readjustment Amount continue to evolve in discussions with investment community and financial advisors. Information beyond 2021 is to be determined, as such CEFD is unable to make an assessment beyond 2021.

Subject to update and refinement.

DRAFT

Preliminary Assessment – OPG Equity Injection – Calendar Year (5 year period)

- The table below outlines a preliminary assessment for the estimated annual equity injection amounts from the Province to OPG.

$M nominal	2017	2018	2019	2020	2021
Fair Allocation Amount[1]	(1191)	(1336)	(1064)	(855)	(621)
Readjustment Amount[1]	(188)	(885)	(1233)	(1523)	(1551)
Total Annual Borrowing Requirement[1]	(1378)	(2221)	(2297)	(2378)	(2172)
OPG Equity Injection (44%)	**(606)**	**(977)**	**(1011)**	**(1046)**	**(956)**

NOTE: Letter from Minister of Energy provided OPG information based on Reference Periods (generally aligning with RPP periods). Converted to calendar years by assuming equal distribution of amounts across months in the reference period.

1. Assumes sum of the Fair Allocation Amount, and Readjustment Amount represents amount to be financed annually including interest costs.

DRAFT

Preliminary Assessment – OPG Equity Injection – Calendar Year

- Due to the uncertain amounts of Clean Energy Adjustments expected to begin May 2021, longer term forecasts are less accurate (*italicized below*).
- Based on these forecasts, funding requirements (equity injections) are expected to end in 2024.

$M nominal	2017	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028	2029	2030	2031	2032
Fair Allocation Amount[1]	(1191)	(1336)	(1064)	(855)	(621)	*(396)*	*(201)*	*(53)*	*91*	*231*	*321*	*537*	*892*	*1340*	*1365*	*1486*
Readjustment Amount[1]	(188)	(885)	(1233)	(1523)	(1551)	*(1289)*	*(859)*	*(436)*	*(49)*	-	-	-	-	-	-	-
Total Annual borrowing requirement/repayment[1]	(1378)	(2221)	(2297)	(2378)	(2172)	*(1684)*	*(1060)*	*(489)*	*42*	*231*	*321*	*537*	*892*	*1340*	*1365*	*1486*
OPG Equity Injection (44%)	**(606)**	**(977)**	**(1011)**	**(1046)**	**(956)**	***(741)***	***(466)***	***(215)***								

$M nominal	2033	2034	2035	2036	2037	2038	2039	2040	2041	2042	2043	2044	2045	2046	2047
Fair Allocation Amount[1]	*1609*	*2007*	*2201*	*2237*	*2185*	*2163*	*1892*	*1626*	*1484*	*1444*	*1385*	*1395*	*1421*	*1603*	*2006*
Readjustment Amount[1]	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-
Total Annual borrowing requirement/repayment[1]	*1609*	*2007*	*2201*	*2237*	*2185*	*2163*	*1892*	*1626*	*1484*	*1444*	*1385*	*1395*	*1421*	*1603*	*2006*

NOTE: Letter from Minister of Energy provided OPG information based on Reference Periods (generally aligning with RPP periods). Converted to calendar years by assuming equal distribution of amounts across months in the reference period.

1. Assumes sum of the Fair Allocation Amount, and Readjustment Amount represents amount to be financed annually including interest costs.

DRAFT

Preliminary Assessment – OPG Equity Injection – Calendar Year

- OPG equity injections forecasted to end in ~2024 to ~2025 (subject to updates).
- OPG share-buy back process yet to be determined.

Subject: RE: MOF - Energy compromise

Asokan,

I just want to confirm that the Ministry of Energy will record the equity injection payments (likely on a monthly basis (tbd)) and subsequently record the shares received from OPG going forward. From what I understand, this is line with the Hydro 1 compromise, where new equity will be recorded on Energy's books and that Energy will take the lead in all aspects?

Thanks.

John

Subject: MOU OFA and Energy re share subscription process

Hi Lisa,

I understand that John shared this draft MOU with you. Per Investment Governance Branch email below, I'm following up. My understanding is that the key issue that had been discussed was whether formal authorization would be required each month from the Minister of Energy for subscription payments. OFA preferred this approach, but Energy preferred an annual approval. I understand also that responsibility for due diligence was a key factor. In the attached Energy has edited to clarify that it would conduct the necessary due diligence (see 9. Below). The MOU also notes that OPG would notify both Energy and OFA of monthly subscription amounts, and that Energy would notify OPFA within 3 days if there were any issues with subscription payment to be made.

> 9. Upon receipt of the Share Subscription, ENERGY will conduct the necessary due diligence to ensure that the documentation supports the Subscription Payment and that

the Appropriated Amount is sufficient.

Let me know if you have had a chance to review, and if so, what you think. I'm not sure if this was also being discussed with/reviewed by Mike Manning or Ken.

Thanks
Bruno

Agreed. The sample was not meant to replace Schedule A; but to have language incorporated into Schedule A to make it into a payment request.

Am repeating my concern indicated in the message I just sent:

> My concern is that there is no request from the ministry to the OFA to process the payment. Neither Section 2 nor the Schedule A contains any language requesting OFA to effect the wire transfer to OPG.

Thanks,

Asokan

Risa

The attached sample payment request does not address either of the two issues addressed by the current Schedule A. i.e. it does not certify that there is sufficient Appropriated Amount from which to make the Subscription Payment and does not provide the required certificate under Section 11.4 of FAA. As such it may not be used to replace the current Schedule A.

A form of payment authorization could be added as a separate schedule. The language of the MOU would have to be modified to make appropriate referenced to this new Schedule.

Ken

Subject: FW: MOU between OFA and Energy

Joe,

It has been confirmed that Schedule A – Certificate is the document that is referenced in Section 2 – Copy of each Share subscription executed and approved for payment (see highlight in below message).

I would rather have this replaced with something similar to the attached sample payment request. The attached can be modified to cover the legal aspects covered in Schedule A.

Let me know your thoughts please.

I am at an offsite meeting today. Hence we may not be able to connect; however, if you leave me a voice message I shall get back to you when I get a break.

Thanks,

Asokan

Subject: MOU between OFA and Energy

Joe,

Further to our telecon (in the absence of Risa), attached is the draft MOU for payments to be made by OFA on behalf of the ministry re Fiir Hydro Plan.

Section 2) Payment process indicates that ministry will deliver:

- Copy of each Share Subscription executed and approved for payment by Minister or Delegate
- Copy of certificate that there is sufficient appropriation for the payment

to OFA to process payment on behalf of the ministry.

Please also refer Schedule A – Certificate in this regard.

Would appreciate if you could kindly advise if the above mentioned two documents are sufficient for OFA to process payment on behalf of the ministry please?

Thanks,

Asokan

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: ~~November~~ **December** **, 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. On June 1, 2017, ~~T~~the Legislative Assembly of Ontario ~~Government of Ontario~~ enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") which was introduced by the Government to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act ~~(the "Regulations")~~ provide~~s~~ the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's ~~subordinated~~ debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.~~.~~

6. In accordance with the Equity Injection Plan, ~~T~~the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") ~~in the form consistent with that provided for in Schedule A to this Memorandum of Understanding (the "MOU"),~~ setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount"), ~~consistent with the requisite approval for the appropriations, which have already been obtained and any future appropriations approvals processes to be obtained.~~ .

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within ~~[*]~~ five (5) ~~business~~ Business ~~days~~ Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Commented [GH1]: Schedule A is a s.11.4 FAA Certificate, not a share subscription form.

Commented [GH2]: What's the purpose of this sentence?

Commented [KR3]: I agree. This statement is not relevant for the purposes of the MOU.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three ~~business~~ Business ~~days~~ Days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic copy of each Share Subscription executed and approved ~~for payment~~ by the Minister of Energy or authorized delegate; ~~and~~

b. a clear and legible electronic copy of a certificate ~~(the "Certificate")~~, in the form attached as Schedule A to this MOU (the "Certificate"), ~~-~~confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under s~~S~~ection 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment; and~~. The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.~~, and

c. a clear and legible electronic copy of a ~~P~~payment ~~A~~authorizs~~s~~ation approved by the Deputy Minister of Energy or authorized delegate in the form attached as ~~(~~Schedule C~~)~~ to this MOU (the "Payment Authorization"). ~~Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.~~

c) Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

~~c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.~~

Formatted: Indent: Left: 0.5", No bullets or numbering

d) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, the Certificate and the Payment Authorization as provided in paragraph b) above.

e) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry ~~-~~account immediately upon the completion of the Subscription Payment or shortly thereafter.

f) The OPG wire transfer information for the Subscription Payments ~~is~~ shall be as set out in ~~attached as~~ Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

g) The Ministry shall deliver electronically to the OFA certified copies of any

a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,
b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and
c. authorizations under ~~S~~section 11.4 (2) 1. of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3
Tel: (416) 325-9814

Email: asokan.sadasivan@ontario.ca

c) Either party may designate a different member of its staff as its contact person by providing thirty (30) days notice to the other party in accordance with section 7.

8) Notice

a) Any notice given under this MOU shall be in writing and shall be deemed effective on the date personally delivered to the party's contact person or on the date transmitted

by electronic transmission with a confirmation of receipt in all cases, addressed as follows:

As of the date of this MOU the OFA's contact persons are:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3
Tel: (416) 325-9814
Email: Ken.Kandeepan@ofina.on.ca

Commented [SK(4]: Should Ken be included in section 7?

Commented [GH5R4]: Added to section 7.

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription ~~form~~ dated **[date]** (the "Share Subscription ~~Form~~") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription ~~Form~~ requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Sincerely,

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **December , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. On June 1, 2017, the Legislative Assembly of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") which was introduced by the Government to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act provide the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.

6. In accordance with the Equity Injection Plan, the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within five (5) Business Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

   i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three Business Days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic copy of each Share Subscription executed and approved by the Minister of Energy or authorized delegate;
   b. a clear and legible electronic copy of a certificate, in the form attached as Schedule A to this MOU (the "Certificate"), confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under section 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment; and
   c. a clear and legible electronic copy of a payment authorization approved by the Deputy Minister of Energy or authorized delegate in the form attached as Schedule C to this MOU (the "Payment Authorization").

c) Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

d) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, the Certificate and the Payment Authorization as provided in paragraph b) above.

e) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

f) The OPG wire transfer information for the Subscription Payments shall be as set out in Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

g) The Ministry shall deliver electronically to the OFA certified copies of any

   a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,
   b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and
   c. authorizations under section 11.4 (2) 1 of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription dated **[date]** (the "Share Subscription") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Risa

The attached sample payment request does not address either of the two issues addressed by the current Schedule A. i.e. it does not certify that there is sufficient Appropriated Amount from which to make the Subscription Payment and does not provide the required certificate under Section 11.4 of FAA. As such it may not be used to replace the current Schedule A.

A form of payment authorization could be added as a separate schedule. The language of the MOU would have to be modified to make appropriate referenced to this new Schedule.

Hi Ken Russell,

Asokan Sadasivan sent us the below email last week (I was away and Joe Pedota didn't know who was involved in drafting the MOU between OFA and MOE). He is the Controller for MOE. He would like to replace Schedule A with the sample type document and his senior executives need an answer today by 12:00 noon. Is it possible to make this change or can we add the same as another

Schedule?

I'm working from home today, but I can call you if you would like to discuss.

Thanks,

Risa Thau

Joe,

It has been confirmed that Schedule A – Certificate is the document that is referenced in Section 2 – Copy of each Share subscription executed and approved for payment (see highlight in below message).

I would rather have this replaced with something similar to the attached sample payment request. The attached can be modified to cover the legal aspects covered in Schedule A.

Let me know your thoughts please.

I am at an offsite meeting today. Hence we may not be able to connect; however, if you leave me a voice message I shall get back to you when I get a break.

Thanks,

Asokan

Joe,

Further to our telecon (in the absence of Risa), attached is the draft MOU for payments to be made by OFA on behalf of the ministry re Fiir Hydro Plan.

Section 2) Payment process indicates that ministry will deliver:

- Copy of each Share Subscription executed and approved for payment by Minister or Delegate
- Copy of certificate that there is sufficient appropriation for the payment

to OFA to process payment on behalf of the ministry.

Please also refer Schedule A – Certificate in this regard.

Would appreciate if you could kindly advise if the above mentioned two documents are sufficient for OFA to process payment on behalf of the ministry please?

Thanks,

Asokan

Gavin

We were good with the revisions you made yesterday. Some additional minor edits back under section 2.

We circled back and decided to keep the contact names in. Sorry for the back and forth.

Thanks very much for your patience. We're hoping this is the last round of edits before approvals.

Let us know if you have any concerns.
Graham

Hi Graham,

Thanks for the comments. We have reviewed and provided our edits/comments in the attached version.

In addition, I have removed the names and contact information under section 7 and 8, based on the comments from your CAO office.

Please let me know if this works for you.

Thanks,
Gavin He

Hi Shruti,

Attached is the latest version of the MOU that our Legal just provided. I have removed the word "subordinate" in the attached copy on paragraph 4 based on our discussion last Friday.

Here's a summary of the changes:

- Remove the word "subordinate" in paragraph 4
- Added a definition of business day
- Added an acknowledgement of possible future changes to the wire transfer instruction
- Added schedule C and reference to schedule C in the MOU.

Could you please take a look and let me know if you are good with the attached version?

Thanks,
Gavin He

Gavin

My comments on the most recent draft of the MOU which you have provided to me, including my comments on the proposed payment authorization form are attached.

I note that not all of the concerns from MoE of which I am aware (such as the desire to remove the reference to subordinated debt in
Recital 4) are reflected in this draft. Please ensure that any further comments by MoE are made on this draft.

Agreed. The sample was not meant to replace Schedule A; but to have language incorporated into Schedule A to make it into a payment request.

Am repeating my concern indicated in the message I just sent:

> My concern is that there is no request from the ministry to the OFA to process the payment. Neither Section 2 nor the Schedule A contains any language requesting OFA to effect the wire transfer to OPG.

Thanks,

Asokan

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **November , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. On June 1, 2017, ~~T~~the Legislative Assembly of Ontario ~~Government of Ontario~~ enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") which was introduced by the Government to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act ~~(the "Regulations")~~ provide~~s~~ the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's ~~subordinated~~ debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.~~.~~

6. In accordance with the Equity Injection Plan, ~~T~~the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") ~~in the form consistent with that provided for in Schedule A to this Memorandum of Understanding (the "MOU"),~~ setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount"), ~~consistent with the requisite approval for the appropriations, which have already been obtained and any future appropriations approvals processes to be obtained.~~ .

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within ~~[*]~~ five (5) ~~business~~ Business ~~days~~ Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Commented [GH1]: Schedule A is a s.11.4 FAA Certificate, not a share subscription form.

Commented [GH2]: What's the purpose of this sentence?

Commented [KR3]: I agree. This statement is not relevant for the purposes of the MOU.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three ~~business~~ Business ~~days~~ Days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic copy of each Share Subscription executed and approved ~~for payment~~ by the Minister of Energy or authorized delegate~~,~~ ~~and~~
b. a clear and legible electronic copy of a certificate ~~(the "Certificate")~~, in the form attached as Schedule A to this MOU (the "Certificate"), ~~-~~confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under s~~S~~ection 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment; and~~. The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription., and~~
c. a clear and legible electronic copy of a ~~P~~payment ~~A~~authorizs~~s~~ation approved by the Deputy Minister of Energy or authorized delegate in the form attached as ~~(~~Schedule C~~)~~ to this MOU (the "Payment Authorization"). Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

~~c)~~ The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, ~~and~~ the Certificate and the Payment Authorization as provided in paragraph b) above.

~~d)~~c)

~~e)~~d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry ~~-~~account immediately upon the completion of the Subscription Payment or shortly thereafter.

~~f)~~e) The OPG wire transfer information for the Subscription Payments ~~is~~ shall be as set out in ~~attached as~~ Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

f) The Ministry shall deliver electronically to the OFA certified copies of any

a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,
b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and

c. authorizations under ~~s~~Section 11.4 (2) 1. of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3
Tel: (416) 212-6996
Email: John.Kim@ofina.on.ca

Name: John Psinas
Title: Senior Manager, Accounting and Reporting, Finance and Treasury Division
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3
Tel: (416) 325-8072
Email: John.Psinas@ofina.on.ca

As of the date of this MOU the Ministry's contact persons are:

Name: Shruti Talwar
Title: Director, Strategic Policy and Analytics
Address: 77 Grenville Street, 6th Floor, Toronto, ON, M7A, 2C1
Tel: (416) 325-8698
Email: shruti.talwar@ontario.ca

Name: Asokan Sadasivan
Title: Controller
Address: 56 Wellesley Street West, 4th Floor, Toronto ON M7A 2E7
Tel: (416) 902-2649
Email: asokan.sadasivan@ontario.ca

c) Either party may designate a different member of its staff as its contact person by providing thirty (30) days notice to the other party in accordance with section 7.

8) Notice

a) Any notice given under this MOU shall be in writing and shall be deemed effective on the date personally delivered to the party's contact person or on the date transmitted by electronic transmission with a confirmation of receipt in all cases, addressed as follows:

As of the date of this MOU the OFA's contact persons are:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3
Tel: (416) 325-9814
Email: Ken.Kandeepan@ofina.on.ca

Commented [SK(4]: Should Ken be included in section 7?

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3
Tel: (416) 212-6996

Ontario Financing Authority

by:_____

name:
title:

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription ~~form~~ dated **[date]** (the "Share Subscription ~~Form~~") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription ~~Form~~ requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

SCHEDULE C

PAYMENT AUTHORISATION

(MINISTRY LETTER HEAD)

(DATE)

MEMORANDUM TO: Alfonso Soriano, Manager, Cash Management
Finance and Treasury Division, OFA

FROM: (~~Authorised person of Ministry of Energy~~Deputy Minister of Energy or authorized delegate)

SUBJECT: Authorizing the Release of Funds to Ontario Power Generation Inc.

I am hereby authorizing a payment (through wire transfer) in the amount of ($ xxx,xxx,xxx.xx), to Ontario Power Generation Inc. (OPG) to cover payment as consideration for the subscription of [number] shares of OPG.

Commented [SK(5]: I recommend setting out here how many shares are to be purchased with each authorization.

The bank account information of OPG is provided below:

Bank: Bank of Nova Scotia
Address: 44 King Street West Toronto, Ontario MSH 1H1
SWIFT Code: NOSCCATT
Branch Transit: 47696
Bank Code: 002
Account Number: 476960302716

Hi Graham,

Thanks for the comments. We have reviewed and provided our edits/comments in the attached version.

In addition, I have removed the names and contact information under section 7 and 8, based on the comments from your CAO office.

Please let me know if this works for you.

Thanks,
Gavin He

Hi Shruti,

Attached is the latest version of the MOU that our Legal just provided. I have removed the word "subordinate" in the attached copy on paragraph 4 based on our discussion last Friday.

Here's a summary of the changes:

- Remove the word "subordinate" in paragraph 4
- Added a definition of business day
- Added an acknowledgement of possible future changes to the wire transfer instruction
- Added schedule C and reference to schedule C in the MOU.

Could you please take a look and let me know if you are good with the attached version?

Thanks,
Gavin He

Gavin

My comments on the most recent draft of the MOU which you have provided to me, including my comments on the proposed payment authorization form are attached.

I note that not all of the concerns from MoE of which I am aware (such as the desire to remove the reference to subordinated debt in
Recital 4) are reflected in this draft. Please ensure that any further comments by MoE are made on this draft.

Risa,

Please see attached; added "c. Payment Authorisation" under Section 2 and included Schedule C.

Not sure if Ken would be able to combine the Certificate and Payment Authorisation into one document.

Regards,

Asokan

Agreed. The sample was not meant to replace Schedule A; but to have language incorporated into Schedule A to make it into a payment request.

Am repeating my concern indicated in the message I just sent:

> My concern is that there is no request from the ministry to the OFA to process the payment. Neither Section 2 nor the Schedule A contains any language requesting OFA to effect the wire transfer to OPG.

Thanks,

Asokan

Risa

The attached sample payment request does not address either of the two issues addressed by the current Schedule A. i.e. it does not certify that there is sufficient Appropriated Amount from which to make the Subscription Payment and does not provide the required certificate under Section 11.4 of FAA. As such it may not be used to replace the current Schedule A.

A form of payment authorization could be added as a separate schedule. The language of the MOU would have to be modified to make appropriate referenced to this new Schedule.

Ken

Importance: High

Hi Ken Russell,

Asokan Sadasivan sent us the below email last week (I was away and Joe Pedota didn't know who was involved in drafting the MOU between OFA and MOE). He is the Controller for MOE. He would like to replace Schedule A with the sample type document and his senior executives need an answer today by 12:00 noon. Is it possible to make this change or can we add the same as another Schedule?

I'm working from home today, but I can call you if you would like to discuss.

Thanks,

Risa Thau

Subject: FW: MOU between OFA and Energy

Joe,

It has been confirmed that Schedule A – Certificate is the document that is referenced in Section 2 – Copy of each Share subscription executed and approved for payment (see highlight in below message).

I would rather have this replaced with something similar to the attached sample payment request. The attached can be modified to cover the legal aspects covered in Schedule A.

Let me know your thoughts please.

I am at an offsite meeting today. Hence we may not be able to connect; however, if you leave me a voice message I shall get back to you when I get a break.

Thanks,

Asokan

Subject: MOU between OFA and Energy

Joe,

Further to our telecon (in the absence of Risa), attached is the draft MOU for payments to be made by OFA on behalf of the ministry re Fiir Hydro Plan.

Section 2) Payment process indicates that ministry will deliver:

- Copy of each Share Subscription executed and approved for payment by Minister or Delegate
- Copy of certificate that there is sufficient appropriation for the payment

to OFA to process payment on behalf of the ministry.

Please also refer Schedule A – Certificate in this regard.

Would appreciate if you could kindly advise if the above mentioned two documents are sufficient for OFA to process payment on behalf of the ministry please?

Thanks,

Asokan

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **November , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. On June 1, 2017, ~~T~~the Legislative Assembly of Ontario ~~Government of Ontario~~ enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") which was introduced by the Government to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act ~~(the "Regulations")~~ provide~~s~~ the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's ~~subordinated~~ debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.~~.~~

6. In accordance with the Equity Injection Plan, ~~T~~the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") ~~in the form consistent with that provided for in Schedule A to this Memorandum of Understanding (the "MOU"),~~ setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount"), ~~consistent with the requisite approval for the appropriations, which have already been obtained and any future appropriations approvals processes to be obtained.~~ .

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within ~~[*]~~ five (5) ~~business~~ Business ~~days~~ Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Commented [GH1]: Schedule A is a s.11.4 FAA Certificate, not a share subscription form.

Commented [GH2]: What's the purpose of this sentence?

Commented [KR3]: I agree. This statement is not relevant for the purposes of the MOU.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three ~~business~~ Business ~~days~~ Days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic copy of each Share Subscription executed and approved ~~for payment~~ by the Minister of Energy or a delegate, ~~and~~

b. a clear and legible electronic copy of a certificate (the "Certificate") confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment. The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription~~.~~, and

~~b.~~c. a ~~P~~payment ~~A~~authorizs~~s~~ation approved by Deputy Minister of Energy or delegate in the form attached as ~~(~~Schedule C~~)~~ to this MOU (the "Payment Authorization").

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, ~~and~~ the Certificate and the Payment Authorization as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments ~~is~~ shall be as set out in ~~attached as~~ Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

f) The Ministry shall deliver to the OFA certified copies of any

a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,

b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and

c. authorizations under Section 11.4 (2) 1. of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

~~Name: John Kim~~
~~Title:~~ Director, Electricity Finance Branch

Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription ~~form~~ dated **[date]** (the "Share Subscription ~~Form~~") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription ~~Form~~ requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Gavin

My comments on the most recent draft of the MOU which you have provided to me, including my comments on the proposed payment authorization form are attached.

I note that not all of the concerns from MoE of which I am aware (such as the desire to remove the reference to subordinated debt in
Recital 4) are reflected in this draft. Please ensure that any further comments by MoE are made on this draft.

Agreed. The sample was not meant to replace Schedule A; but to have language incorporated into Schedule A to make it into a payment request.

Am repeating my concern indicated in the message I just sent:

> My concern is that there is no request from the ministry to the OFA to process the payment. Neither Section 2 nor the Schedule A contains any language requesting OFA to effect the wire transfer to OPG.

Thanks,

Asokan

Risa

The attached sample payment request does not address either of the two issues addressed by the current Schedule A. i.e. it does not certify that there is sufficient Appropriated Amount from which to make the Subscription Payment and does not provide the required certificate under Section 11.4 of FAA. As such it may not be used to replace the current Schedule A.

A form of payment authorization could be added as a separate schedule. The language of the MOU would have to be modified to make appropriate referenced to this new Schedule.

Ken

Hi Ken Russell,

Asokan Sadasivan sent us the below email last week (I was away and Joe Pedota didn't know who was involved in drafting the MOU between OFA and MOE). He is the Controller for MOE. He would like to replace Schedule A with the sample type document and his senior executives need an answer today by 12:00 noon. Is it possible to make this change or can we add the same as another Schedule?

I'm working from home today, but I can call you if you would like to discuss.

Thanks,

Risa Thau

Subject: FW: MOU between OFA and Energy

Joe,

It has been confirmed that Schedule A – Certificate is the document that is referenced in Section 2 – Copy of each Share subscription executed and approved for payment (see highlight in below message).

I would rather have this replaced with something similar to the attached sample payment request. The attached can be modified to cover the legal aspects covered in Schedule A.

Let me know your thoughts please.

I am at an offsite meeting today. Hence we may not be able to connect; however, if you leave me a voice message I shall get back to you when I get a break.

Thanks,

Asokan

Subject: MOU between OFA and Energy

Joe,

Further to our telecon (in the absence of Risa), attached is the draft MOU for payments to be made by OFA on behalf of the ministry re Fiir Hydro Plan.

Section 2) Payment process indicates that ministry will deliver:

- Copy of each Share Subscription executed and approved for payment by Minister or Delegate
- Copy of certificate that there is sufficient appropriation for the payment

to OFA to process payment on behalf of the ministry.

Please also refer Schedule A – Certificate in this regard.

Would appreciate if you could kindly advise if the above mentioned two documents are sufficient for OFA to process payment on behalf of the ministry please?

Thanks,

Asokan

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **November , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act ~~(the "Regulations")~~ provide~~s~~ the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within ~~[*]~~ five (5) ~~business~~ Business ~~days~~ Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding (the "MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three ~~business~~ Business ~~days~~ Days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic copy of each Share Subscription executed and approved ~~for payment~~ by the Minister of Energy or a delegate, ~~and~~

b. a clear and legible electronic copy of a certificate (the "Certificate") confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment. The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription~~.~~, and

~~b.~~c. a ~~P~~payment ~~A~~authori~~z~~sation approved by Deputy Minister of Energy or delegate in the form attached as ~~(~~Schedule C~~)~~ to this MOU (the "Payment Authorization").

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, ~~and~~ the Certificate and the Payment Authorization as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments ~~is~~ shall be as set out in ~~attached as~~ Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

f) The Ministry shall deliver to the OFA certified copies of any

a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,

b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and

c. authorizations under Section 11.4 (2) 1. of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

Formatted: Font: (Default) Arial

Formatted: Indent: Left: 0.5", No bullets or numbering

Formatted

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this

MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3
Tel: (416) 212-6996

Subject: RE: MOU between OFA and Energy

Risa

The attached sample payment request does not address either of the two issues addressed by the current Schedule A. i.e. it does not certify that there is sufficient Appropriated Amount from which to make the Subscription Payment and does not provide the required certificate under Section 11.4 of FAA. As such it may not be used to replace the current Schedule A.

A form of payment authorization could be added as a separate schedule. The language of the MOU would have to be modified to make appropriate referenced to this new Schedule.

Ken

Hi Ken Russell,

Asokan Sadasivan sent us the below email last week (I was away and Joe Pedota didn't know who was involved in drafting the MOU between OFA and MOE). He is the Controller for MOE. He would like to replace Schedule A with the sample type document and his senior executives need an answer today by 12:00 noon. Is it possible to make this change or can we add the same as another Schedule?

I'm working from home today, but I can call you if you would like to discuss.

Thanks,

Risa Thau

Subject: FW: MOU between OFA and Energy

Joe,

It has been confirmed that Schedule A – Certificate is the document that is referenced in Section 2 – Copy of each Share subscription executed and approved for payment (see highlight in below message).

I would rather have this replaced with something similar to the attached sample payment request. The attached can be modified to cover the legal aspects covered in Schedule A.

Let me know your thoughts please.

I am at an offsite meeting today. Hence we may not be able to connect; however, if you leave me a voice message I shall get back to you when I get a break.

Thanks,

Asokan

Subject: MOU between OFA and Energy

Joe,

Further to our telecon (in the absence of Risa), attached is the draft MOU for payments to be made by OFA on behalf of the ministry re Fiir Hydro Plan.

Section 2) Payment process indicates that ministry will deliver:

- Copy of each Share Subscription executed and approved for payment by Minister or Delegate
- Copy of certificate that there is sufficient appropriation for the payment

to OFA to process payment on behalf of the ministry.

Please also refer Schedule A – Certificate in this regard.

Would appreciate if you could kindly advise if the above mentioned two documents are sufficient for OFA to process payment on behalf of the ministry please?

Thanks,

Asokan

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **November , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic copy of each Share Subscription executed and approved ~~for payment~~ by the Minister of Energy or a delegate, ~~and~~

b. a clear and legible electronic copy of a certificate (the "Certificate") confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment. The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription~~.~~, and

~~b.~~c. Payment Authorisation approved by Deputy Minister or delegate (Schedule C)

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3
Tel: (416) 212-6996

As of the date of this MOU the Ministry's contact persons are:

Name: Shruti Talwar
Title: Director, Strategic Policy and Analytics
Address: 77 Grenville Street, 6th Floor, Toronto, ON, M7A, 2C1
Tel: (416) 325-8698
Email: shruti.talwar@ontario.ca

Name: Asokan Sadasivan
Title: Controller
Address: 56 Wellesley Street West, 4th Floor, Toronto ON M7A 2E7

Tel: (416) 902-2649
Email: asokan.sadasivan@ontario.ca

c) Either party may designate a different member of its staff as its contact person by providing thirty (30) days notice to the other party in accordance with section 7.

8) Notice

a) Any notice given under this MOU shall be in writing and shall be deemed effective on the date personally delivered to the party's contact person or on the date transmitted by electronic transmission with a confirmation of receipt in all cases, addressed as follows:

In the case of the OFA:

Name: Ken Kandeepan

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription Form requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

The attached sample payment request does not address either of the two issues addressed by the current Schedule A. i.e. it does not certify that there is sufficient Appropriated Amount from which to make the Subscription Payment and does not provide the required certificate under Section 11.4 of FAA. As such it may not be used to replace the current Schedule A.

A form of payment authorization could be added as a separate schedule. The language of the MOU would have to be modified to make appropriate referenced to this new Schedule.

Ken

Subject: FW: MOU between OFA and Energy
Importance: High

Hi Ken Russell,

Asokan Sadasivan sent us the below email last week (I was away and Joe Pedota didn't know who was involved in drafting the MOU between OFA and MOE). He is the Controller for MOE. He would like to replace Schedule A with the sample type document and his senior executives need an answer today by 12:00 noon. Is it possible to make this change or can we add the same as another Schedule?

I'm working from home today, but I can call you if you would like to discuss.

Thanks,

Risa Thau

From: Sadasivan, Asokan (MEDG/MRIS) [mailto:Asokan.Sadasivan@ontario.ca]

Cc: Risa Thau <Risa.Thau@ofina.on.ca>
Subject: FW: MOU between OFA and Energy

Joe,

It has been confirmed that Schedule A – Certificate is the document that is referenced in Section 2 – Copy of each Share subscription executed and approved for payment (see highlight in below message).

I would rather have this replaced with something similar to the attached sample payment request. The attached can be modified to cover the legal aspects covered in Schedule A.

Let me know your thoughts please.

I am at an offsite meeting today. Hence we may not be able to connect; however, if you leave me a voice message I shall get back to you when I get a break.

Thanks,

Asokan

Subject: MOU between OFA and Energy

Joe,

Further to our telecon (in the absence of Risa), attached is the draft MOU for payments to be made by OFA on behalf of the ministry re Fiir Hydro Plan.

Section 2) Payment process indicates that ministry will deliver:

- Copy of each Share Subscription executed and approved for payment by Minister or Delegate
- Copy of certificate that there is sufficient appropriation for the payment

to OFA to process payment on behalf of the ministry.

Please also refer Schedule A – Certificate in this regard.

Would appreciate if you could kindly advise if the above mentioned two documents are sufficient for OFA to process payment on behalf of the ministry please?

Thanks,

Asokan

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **November , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic copy of each Share Subscription executed and approved for payment by the Minister of Energy or a delegate, and

b. a clear and legible electronic copy of a certificate (the "Certificate") confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment. The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of

executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3
Tel: (416) 212-6996

Title: Controller
Address: 56 Wellesley Street West, 4th Floor, Toronto ON M7A 2E7
Tel: (416) 902-2649
Email: asokan.sadasivan@ontario.ca

c) Either party may designate a different member of its staff as its contact person by providing thirty (30) days notice to the other party in accordance with section 7.

8) Notice

a) Any notice given under this MOU shall be in writing and shall be deemed effective on the date personally delivered to the party's contact person or on the date transmitted by electronic transmission with a confirmation of receipt in all cases, addressed as follows:

In the case of the OFA:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3
Tel: (416) 325-9814
Email: Ken.Kandeepan@ofina.on.ca

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription Form requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Graham,

Sorry for the delay in sending you this. Please find attached the clean version of the MOU between OFA and ENERGY, which I will use for our ADM's sign-off.

Here are the changes since last version you sent to us:

1. Section 3(d) was removed as discussed with Asokan yesterday.

2. Added contact names for OFA.

Please let me know if you have any other questions.

Thanks,

Gavin He

Hi Gavin

Thank you for getting back to us. We are OK to remove the conflicts cause.

If you are OK with the attached, can you please send us a clean version back tomorrow? This version is the same as what you sent me this morning, except we made a change to the contact name from Corporate on page 5.

Thank you

Graham

Hi Graham,

Thank you very much for the feedback. We have reviewed and included our comments in the attached version. Please note that we prefer not to include your proposed paragraph concerning conflicts between the MOU and the MSA. As we pointed out in the meeting as well, OFA's role in this process is to facilitate the payment on behalf of ENERGY. If ENERGY has concerns about specific issues where conflict may arise, our expectation is that ENERGY should address that directly. For example, if the MSA called for a payment schedule which the OFA cannot meet, the OFA could not agree that the MOU be subject to those provisions of the MSA.

Please let us know if you are okay with this.

Thanks,

Gavin He

Hi Shruti,

Please find attached the updated draft MOU for your review and comments. We have incorporated the comments that we got from the meeting last week. Also, we have drafted the Certificate Form for your review as well. Please note that these are staff level draft and are subject to further changes.

Also, please see our responses to your questions below in red font.

Please let us know if you have any questions.

Regards,

Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made.

OFA: This has been reflected in the updated version of the MOU.

2. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above.

OFA: This has been reflected in the updated version of the MOU.

3. Confirm the following:

•□□□□□□□□ OFA has OPG's wire transfer information (suggest including this information as a separate schedule)

OFA: Could you please provide us with the updated OPG's wire transfer information?

•□□□□□□□□ Scanned electronic copies for the share subscription form & FAA certificate are acceptable

•□□□□□□□□ Every month, the OFA will inform the Ministry of Energy via email once the payments have been made.

OFA: Yes, the Settlements team of OFA can do that. Could you please provide a contact for this?

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.

Thanks,

Shruti

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **November , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic copy of each Share Subscription executed and approved for payment by the Minister of Energy or a delegate, and

b. a clear and legible electronic copy of a certificate (the "Certificate") confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment. The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of

executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription Form requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi John,

Shruti is aware of this. She called me on Friday and told me to make any other change too, in addition. She wants to remove the word "subordinate" on paragraph 4 to be consistent with the MSA which has been executed. Ken R. said he was okay with that. I will make that change in when we sent our edits back.

Regards,
Gavin He

Agreed. The sample was not meant to replace Schedule A; but to have

language incorporated into Schedule A to make it into a payment request.

Am repeating my concern indicated in the message I just sent:

> My concern is that there is no request from the ministry to the OFA to process the payment. Neither Section 2 nor the Schedule A contains any language requesting OFA to effect the wire transfer to OPG.

Thanks,

Asokan

Risa

The attached sample payment request does not address either of the two issues addressed by the current Schedule A. i.e. it does not certify that there is sufficient Appropriated Amount from which to make the Subscription Payment and does not provide the required certificate under Section 11.4 of FAA. As such it may not be used to replace the current Schedule A.

A form of payment authorization could be added as a separate schedule. The language

of the MOU would have to be modified to make appropriate referenced to this new Schedule.

Hi Ken Russell,

Asokan Sadasivan sent us the below email last week (I was away and Joe Pedota didn't know who was involved in drafting the MOU between OFA and MOE). He is the Controller for MOE. He would like to replace Schedule A with the sample type document and his senior executives need an answer today by 12:00 noon. Is it possible to make this change or can we add the same as another Schedule?

I'm working from home today, but I can call you if you would like to discuss.

Thanks,

Risa Thau

Cc: Risa Thau <Risa.Thau@ofina.on.ca>
Subject: FW: MOU between OFA and Energy

Joe,

It has been confirmed that Schedule A – Certificate is the document that is referenced in Section 2 – Copy of each Share subscription executed and approved for payment (see highlight in below message).

I would rather have this replaced with something similar to the attached sample payment request. The attached can be modified to cover the legal aspects covered in Schedule A.

Let me know your thoughts please.

I am at an offsite meeting today. Hence we may not be able to connect; however, if you leave me a voice message I shall get back to you when I get a break.

Thanks,

Asokan

Cc: Thau, Risa (OFA)
Subject: MOU between OFA and Energy

Joe,

Further to our telecon (in the absence of Risa), attached is the draft MOU for payments to be made by OFA on behalf of the ministry re Fiir Hydro Plan.

Section 2) Payment process indicates that ministry will deliver:

- Copy of each Share Subscription executed and approved for payment by Minister or Delegate
- Copy of certificate that there is sufficient appropriation for the payment

to OFA to process payment on behalf of the ministry.

Please also refer Schedule A – Certificate in this regard.

Would appreciate if you could kindly advise if the above mentioned two documents are sufficient for OFA to process payment on behalf of the ministry please?

Thanks,

Asokan

Hi Ken,

I just got a call from Shruti about another change they want to make on paragraph 4, the Equity Injection Plan. They noted that in the Master Service Agreement, which has now been executed, it says "…use the equity injections solely for funding the Financing entity's debt (the "Equity Injection Plan"), without the word "subordinated". They want to remove the word "subordinated" to be consistent with the MSA. I know that you mention that this recital does not specifically reference the MSA, but from Energy's perspective, they want to keep the documents clean and consistent in this case. Will there be any issues by removing that word?

Thanks,

Gavin

This is to let you know that there are a couple of clean up changes that should be made to the MOU before it is signed

1. A definition of business day needs to be added.

2. An acknowledgement of possible future changes to the wire transfer instruction should be added.

I will put these in on Monday.

Ken

Hi Gavin,

We had the opportunity to brief our CAO yesterday and he recommends removing the names in the contact section of the MOU – essentially only referring to the contacts by title. The reason for this is that we don't want to continually update the MOU as people change positions, and also, this MOU will probably outlive most of our careers with the Ministry, so it shouldn't be tied to specific people.

Also, I believe Asokan spoke to you about additional edits to Schedule A. He is working with the accounting team on those now.

Thanks,
Pratima

Hi Graham,

Thank you very much for the feedback. We have reviewed and included our comments in the attached version. Please note that we prefer not to include your proposed paragraph concerning conflicts between the MOU and the MSA. As we pointed out in the meeting as well, OFA's role in this process is to facilitate the payment on behalf of ENERGY. If ENERGY has concerns about specific issues where conflict may arise, our expectation is that ENERGY should address that directly. For example, if the MSA called for a payment schedule which the OFA cannot meet, the OFA could not agree that the MOU be subject to those provisions of the MSA.

Please let us know if you are okay with this.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made.
   OFA: This has been reflected in the updated version of the MOU.

2. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above.
   OFA: This has been reflected in the updated version of the MOU.

3. Confirm the following:
   - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
     OFA: Could you please provide us with the updated OPG's wire transfer information?
   - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
   - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made.
     OFA: Yes, the Settlements team of OFA can do that. Could you please provide a contact for this?

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.

Thanks,
Shruti

Risa

The attached sample payment request does not address either of the two issues addressed by the current Schedule A. i.e. it does not certify that there is sufficient Appropriated Amount from which to make the Subscription Payment and does not provide the required certificate under Section 11.4 of FAA. As such it may not be used to replace the current Schedule A.

A form of payment authorization could be added as a separate schedule. The language of the MOU would have to be modified to make appropriate referenced to this new Schedule.

To: Pedota, Joe (OFA)
Cc: Thau, Risa (OFA)
Subject: MOU between OFA and Energy

Joe,

Further to our telecon (in the absence of Risa), attached is the draft MOU for payments to be made by OFA on behalf of the ministry re Fiir Hydro Plan.

Section 2) Payment process indicates that ministry will deliver:

- Copy of each Share Subscription executed and approved for payment by Minister or Delegate
- Copy of certificate that there is sufficient appropriation for the payment

to OFA to process payment on behalf of the ministry.

Please also refer Schedule A – Certificate in this regard.

Would appreciate if you could kindly advise if the above mentioned two documents are sufficient for OFA to process payment on behalf of the ministry please?

Thanks,

Asokan

Hi Graham,

Thanks for the feedback. We are good with your edits to section 2. In addition, we made some formatting edits to 2) Payment Process, updated section 7) Contacts, and minor revision to Schedule C. If you are good with the attached version, we can move forward with the execution.

Thanks,
Gavin He

Gavin

We were good with the revisions you made yesterday. Some additional minor edits back under section 2.

We circled back and decided to keep the contact names in. Sorry for the back and forth.

Thanks very much for your patience. We're hoping this is the last round of edits before approvals.

Let us know if you have any concerns.

Hi Graham,

Thanks for the comments. We have reviewed and provided our edits/comments in the attached version.

In addition, I have removed the names and contact information under section 7 and 8, based on the comments from your CAO office.

Please let me know if this works for you.

Thanks,
Gavin He

Hi Shruti,

Attached is the latest version of the MOU that our Legal just provided. I have removed the word "subordinate" in the attached copy on paragraph 4 based on our discussion last Friday.

Here's a summary of the changes:

- Remove the word "subordinate" in paragraph 4
- Added a definition of business day
- Added an acknowledgement of possible future changes to the wire transfer instruction
- Added schedule C and reference to schedule C in the MOU.

Could you please take a look and let me know if you are good with the attached version?

Thanks,
Gavin He

Gavin

My comments on the most recent draft of the MOU which you have provided to me, including my comments on the proposed payment authorization form are attached.

I note that not all of the concerns from MoE of which I am aware (such as the desire to remove the reference to subordinated debt in
Recital 4) are reflected in this draft. Please ensure that any further comments by MoE are made on this draft.

Agreed. The sample was not meant to replace Schedule A; but to have language incorporated into Schedule A to make it into a payment request.

Am repeating my concern indicated in the message I just sent:

> My concern is that there is no request from the ministry to the OFA to process the payment. Neither Section 2 nor the Schedule A contains any language requesting OFA to effect the wire transfer to OPG.

Thanks,

Asokan

Risa

The attached sample payment request does not address either of the two issues addressed by the current Schedule A. i.e. it does not certify that there is sufficient Appropriated Amount from which to make the Subscription Payment and does not provide the required certificate under Section 11.4 of FAA. As such it may not be used to replace the current Schedule A.

A form of payment authorization could be added as a separate schedule. The language of the MOU would have to be modified to make appropriate referenced to this new Schedule.

Hi Ken Russell,

Asokan Sadasivan sent us the below email last week (I was away and Joe Pedota didn't know who was involved in drafting the MOU between OFA and MOE). He is the Controller for MOE. He would like to replace Schedule A with the sample type document and his senior executives need an answer today by 12:00 noon. Is it possible to make this change or can we add the same as another Schedule?

I'm working from home today, but I can call you if you would like to discuss.

Thanks,

Risa Thau

Subject: FW: MOU between OFA and Energy

Joe,

It has been confirmed that Schedule A – Certificate is the document that is referenced in Section 2 – Copy of each Share subscription executed and approved for payment (see highlight in below message).

I would rather have this replaced with something similar to the attached sample payment request. The attached can be modified to cover the legal aspects covered in Schedule A.

Let me know your thoughts please.

I am at an offsite meeting today. Hence we may not be able to connect; however, if you leave me a voice message I shall get back to you when I get a break.

Thanks,

Asokan

Subject: RE: MOU for Equity Injection

Hi Christina,

Sorry I just got some more clarification on this. OPG is actually expecting a purchase of regulatory assets from IESO by the end of March, and about $265M will be funded by OFA through equity injection. And then in April, there will be another purchase, and about $90M will be funded by OFA.

However, please note that those are the best estimates we have based on the information available, and the actual transaction (timing, amount) could be changed for prudency.

Sorry about the confusion, and please let me know if you have any other questions.

Regards,
Gavin He

Subject: RE: MOU for Equity Injection

Hi Christina,

Sorry I just got some more clarification on this. OPG is actually expecting a purchase of regulatory assets from IESO by the end of March, and about $265M will be funded by OFA through equity injection. And then in April, there will be another purchase, and about $90M will be funded by OFA.

However, please note that those are the best estimates we have based on the information available, and the actual transaction (timing, amount) could be changed for prudency.

Sorry about the confusion, and please let me know if you have any other questions.

Regards,
Gavin He

Subject: FW: MOU for Equity Injection

Hi John,

FYI. Alex was asking why there was such a discrepancy between the Budget 2018 number that we carried for GA in the financing table versus the actual amount. It's bad timing considering we locked in the numbers for the Document on Friday.

Hi,

Just saying that the Province may be flowing $333M less than the $853 forecast for 2017-18.

Hi Salvatore,

Would you mind clarifying your comment? I believe the $853M for F2017-18 is unchanged from FES.

Hello,

As an FYI…..We'll see what happens on this, but $853M may have to be reduced by $333M (forecast for March 2018) for 2017-18 (highlighted in purple below)?

Hi Alfano,

According to the latest update from OPG, they are not expecting to purchase the regulatory assets from IESO until next month, so I don't think there will be an equity injection for this month.

I will keep you posted if I hear anything else.

Regards,
Gavin He

Hi Ken,

Ron had some suggestions/edits.

Thanks,

John

As for Risa's question, I believe the handling of the Class A share (custodian, etc.) for the equity injection is outside the scope of the agreement with Energy handling that. Energy, as a sole shareholder, holds the shares today (I understand physically in their vault).

Subject: Re: OFA - MoE MOU Fair Hydro Plan(v3).docx

John

In the MOU the MoE is defined as the Minister rather than as the Ministry. This is because that is the way that MoE is defined in the MoE - OPG draft agreement. I used this defined term for consistency. The typical OFA MOUs use the defined term Ministry. I would be happy to make the change if you wish.

My own preference is to use Ministry. As noted I only used Minister to parallel the other agreement.

Let me know what you would prefer.

I also need to add a provision to reflect Ken's concern about the OFA receiving confirmation that there is a sufficient appropriated amount for each payment.

Hi Ken

This looks very good, I have a couple of minor edits and one comment, also sharing with John et al in case they also have any comments.

Thanks
Ken k

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Minister**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets maywill be acquired from the Independent Electricity System Operator ("IESO") by one or morethe Fair Hydro Trust, a special purpose financing entitiesy, under the Act (the "Financing Entity"), established by OPG to implement the FHP(each an "OPG Financing Entity"), which isare expected to include a Fair Hydro Trust.

3. An OPG Financing EntityThe Fair Hydro Trust willis expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to fundprovide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity'sthe Fair Hydro Trust's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Minister will subscribe for Class A Shares monthly.

Commented [RK1]: Should this be written more generally, to reflect the flexibility in the Act? Or, is the preference to do a new MOU for each OPG financing entity? If so, why?

KGR: The changes are fine. The first draft was taken from the draft Master Subscription Agreement

7. Each month OPG will deliver to the ~~Ministry of Energy (the "Ministry")~~Minister a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed ~~to~~for by the Minister.

8. The Minister is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose ~~("Appropriated Amount")~~ for the fiscal year in which the payment is made ("Appropriated Amount"). ~~;~~

9. The Minister has advised the OFA that the Minister is required to make the Subscription Payments within [*] business days of the receipt by the Minister of the Share Subscription (the "Share Subscription Payment Date").

10. The Minister considers it advisable for the OFA to make the Subscription Payments on behalf of the Minister and the OFA has agreed to make the Subscription Payments on behalf of the Minister. ~~;~~

11. The Minister and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

~~-~~

Therefore:

The Minister and the OFA agree as follows:

1. Payment Authorization

(i) The Minister authorizes the OFA to make the Subscription Payments on behalf of the Minister and the OFA agrees to make the Payments on behalf of the Minister.

(ii) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate within **[*]** days after the Subscription Payment is made.

(iii) It is agreed by the Minister and the OFA that the OFA is acting as an agent, on behalf of the Minister, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of the Minister as further described in this MOU.

Commented [GH2]: Ministry of Energy or the Minister?

KGR: The defined term for Ministry of Energy in this agreement is Minister

Commented [RK3]: Is a timeframe to be specified?

KGR: a placeholder for the time to deliver the certificate has been added

2. Payment Process

a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. The approval for payment shall include confirmation that there is a sufficient Appropriated Amount from which to make the Subscription Payment. Upon receipt of the executed and approved Share Subscription, the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined ~~Ministerry of Energy~~Minister account immediately upon the completion of the Subscription Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Minister's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the Minister.

4. Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5. Review and Termination

a) The Minister and the OFA will review this MOU as necessary.

Formatted: Indent: Left: 0.03", Keep with next

Commented [KR4]: In this agreement the defined term for Ministry of Energy is "Minister".

Commented [RK5]: Why seven?

KGR: This is the term commonly adopted in OFA MOUs

Commented [RK6]: Should the MOU specify the Ministry's record keeping obligations under the MOU, or does it rely on normal record keeping requirements for the OPS?

KGR: Since the OFA is providing the service under this MOU the concern is with OFA record maintenance.

Commented [KK7]: I am just a little concerned by this, if we make a payment and there's insufficient appropriations there is a really significant issue. Hence we need to incorporate some control mechanism that ensures along with the Share subscription delivered to us there's some kind of assurance by MOE that sufficient funds exist within the relevant appropriation to cover the upcoming payment.

Commented [RK8R7]: I believe under ONFA, when OPG makes a disbursement request, an OPG Officer has to certify that there is sufficient room under the Approved ONFA Budget. Should Energy be required to do the same in this instance? If so, would the wording in this section need to specify that the onus is still on Energy to verify the correctness of such an internal certification?

KGR: a requirement for MoE to confirm that there are sufficient appropriated amounts for each payment has been added.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Minister to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Minister to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6. No Service Charges

The OFA will not charge the Minister for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the Minister's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the Minister, the addresses for notice are:
Hand Delivery:
Ministry of Energy

9. Execution

The parties have executed this MOU, effective as of the date first above written.

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.
2. The Speaker of the Assembly.
3. The Auditor General.
4. The Chief Electoral Officer.
5. A person authorized by the Management Board of Cabinet.
6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Minister**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the Independent Electricity System Operator ("IESO") by one or more special purpose financing entities, under the Act established by OPG to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Minister will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Minister a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Minister.

8. The Minister is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Minister has advised the OFA that the Minister is required to make the Subscription Payments within [*] business days of the receipt by the Minister of the Share Subscription (the "Share Subscription Payment Date").

10. The Minister considers it advisable for the OFA to make the Subscription Payments on behalf of the Minister and the OFA has agreed to make the Subscription Payments on behalf of the Minister.

11. The Minister and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Minister and the OFA agree as follows:

1. Payment Authorization

(i) The Minister authorizes the OFA to make the Subscription Payments on behalf of the Minister and the OFA agrees to make the Payments on behalf of the Minister.

(ii) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate within **[*]** days after the Subscription Payment is made.

(iii) It is agreed by the Minister and the OFA that the OFA is acting as an agent, on behalf of the Minister, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of the Minister as further described in this MOU.

2. Payment Process

a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. The approval for payment shall include confirmation that there is a sufficient Appropriated Amount from which to make the Subscription Payment. Upon receipt of the executed and approved Share Subscription, the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Minister account immediately upon the completion of the Subscription Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Minister's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the Minister.

4. Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5. Review and Termination

a) The Minister and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Minister to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Minister to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6. No Service Charges

The OFA will not charge the Minister for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the Minister's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the Minister, the addresses for notice are:
Hand Delivery:
Ministry of Energy

9. Execution

The parties have executed this MOU, effective as of the date first above written.

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.
2. The Speaker of the Assembly.
3. The Auditor General.
4. The Chief Electoral Officer.
5. A person authorized by the Management Board of Cabinet.
6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

Hi Ken,

Ron had some suggestions/edits.

Thanks,

John

As for Risa's question, I believe the handling of the Class A share (custodian, etc.) for the equity injection is outside the scope of the agreement with Energy handling that. Energy, as a sole shareholder, holds the shares today (I understand physically in their vault).

John

In the MOU the MoE is defined as the Minister rather than as the Ministry. This is because that is the way that MoE is defined in the MoE - OPG draft agreement. I used this defined term for consistency. The typical OFA MOUs use the defined term Ministry. I would be happy to make the change if you wish.

My own preference is to use Ministry. As noted I only used Minister to parallel the other agreement.

Let me know what you would prefer.

I also need to add a provision to reflect Ken's concern about the OFA receiving confirmation that there is a sufficient appropriated amount for each payment.

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: XXXXXXX

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Minister**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") create certain assets related to the deferral of electricity charges (the "Assets"), which Assets will be acquired from the Independent Electricity System Operator ("IESO") by the Fair Hydro Trust, a special purpose financing entity established by OPG to implement the FHP

3. The Fair Hydro Trust will acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to fund up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the Fair Hydro Trust's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Minister will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed by the Minister.

Commented [RT1]: Will the Class A Shares be book-based and issued by OPG's fiscal agent, Computershare, or are the shares physical and issued directly by OPG? Where will the shares be delivered – the Province's custodian, currently CIBC Mellon, or the OFA (if the shares are physical).Will the OFA hold the shares in a Provincial account at our custodian or in the OFA's vault if in physical format?

8. The Minister is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose ("Appropriated Amount") for the fiscal year in which the payment is made;

9. The Minister has advised the OFA that the Minister is required to make the Subscription Payments within [*] business days of the receipt by the Minister of the Share Subscription (the "Share Subscription Payment Date")

10. The Minister considers it advisable for the OFA to make the Subscription Payments on behalf of the Minister and the OFA has agreed to make the Subscription Payments on behalf of the Minister;

11. The Minister and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

.

Therefore:

The Minister and the OFA agree as follows:

1. Payment Authorization

(i) The Minister authorizes the OFA to make the Subscription Payments on behalf of the Minister and the OFA agrees to make the Payments on behalf of the Minister.

(ii) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate.

(iii) It is agreed by the Minister and the OFA that the OFA is acting as an agent, on behalf of the Minister, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of the Minister as further described in this MOU.

2. Payment Process

a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. Upon receipt of the executed and approved Share Subscription the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Minist~~e~~ry of Energy ~~-~~account immediately upon the completion of the Subscription Payment or shortly thereafter.

Commented [RT2]: Usually when the OFA makes a payment for a ministry, we book a debit entry to an Accounts Receivable Miscellaneous and the appropriate Ministry books a corresponding credit entry.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Minister's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the Minister.

4. Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

Commented [KK3]: I am just a little concerned by this, if we make a payment and there's insufficient appropriations there is a really significant issue. Hence we need to incorporate some control mechanism that ensures along with the Share subscription delivered to us there's some kind of assurance by MOE that sufficient funds exist within the relevant appropriation to cover the upcoming payment.

5. Review and Termination

a) The Minister and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Minister to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and

approved Share Subscriptions delivered by the Minister to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6. No Service Charges

The OFA will not charge the Minister for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the Minister's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:

Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the Minister, the addresses for notice are:

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.
2. The Speaker of the Assembly.
3. The Auditor General.
4. The Chief Electoral Officer.
5. A person authorized by the Management Board of Cabinet.
6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

Hi John,

I just have one comment on paragraph 7, saved it under below folder:

S:\Users\CEF\Hydro 2017\Electricity Prices\Mitigation Proposals\Debt Financing the GA\Implementation\MOU

I am not sure why the Minister is signing, but it seems that this is a MOU between the Minister and OFA, not MoE and OFA, so might be why the Minster is signing.

Regards,
Gavin He

Subject: OFA - MoE MOU Fair Hydro Plan(v3).docx

Hi Ken

This looks very good, I have a couple of minor edits and one comment, also sharing with John et al in case they also have any comments.

Thanks
Ken k

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: XXXXXXX

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Minister**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") create certain assets related to the deferral of electricity charges (the "Assets"), which Assets will be acquired from the Independent Electricity System Operator ("IESO") by the Fair Hydro Trust, a special purpose financing entity established by OPG to implement the FHP

3. The Fair Hydro Trust will acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to fund up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the Fair Hydro Trust's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Minister will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed by the Minister.

Commented [GH1]: Ministry of Energy or the Minister?

Commented [RT2]: Will the Class A Shares be book-based and issued by OPG's fiscal agent, Computershare, or are the shares physical and issued directly by OPG? Where will the shares be delivered – the Province's custodian, currently CIBC Mellon, or the OFA (if the shares are physical).Will the OFA hold the shares in a Provincial account at our custodian or in the OFA's vault if in physical format?

8. The Minister is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose ("Appropriated Amount") for the fiscal year in which the payment is made;

9. The Minister has advised the OFA that the Minister is required to make the Subscription Payments within [*] business days of the receipt by the Minister of the Share Subscription (the "Share Subscription Payment Date")

10. The Minister considers it advisable for the OFA to make the Subscription Payments on behalf of the Minister and the OFA has agreed to make the Subscription Payments on behalf of the Minister;

11. The Minister and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Minister and the OFA agree as follows:

1. Payment Authorization

(i) The Minister authorizes the OFA to make the Subscription Payments on behalf of the Minister and the OFA agrees to make the Payments on behalf of the Minister.

(ii) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate.

(iii) It is agreed by the Minister and the OFA that the OFA is acting as an agent, on behalf of the Minister, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of the Minister as further described in this MOU.

2. Payment Process

a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. Upon receipt of the executed and approved Share Subscription the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Minist~~er~~ry of Energy ~~-~~account immediately upon the completion of the Subscription Payment or shortly thereafter.

Commented [RT3]: Usually when the OFA makes a payment for a ministry, we book a debit entry to an Accounts Receivable Miscellaneous and the appropriate Ministry books a corresponding credit entry.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Minister's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the Minister.

4. Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

Commented [KK4]: I am just a little concerned by this, if we make a payment and there's insufficient appropriations there is a really significant issue. Hence we need to incorporate some control mechanism that ensures along with the Share subscription delivered to us there's some kind of assurance by MOE that sufficient funds exist within the relevant appropriation to cover the upcoming payment.

5. Review and Termination

a) The Minister and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Minister to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and

approved Share Subscriptions delivered by the Minister to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6. No Service Charges

The OFA will not charge the Minister for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the Minister's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:

Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the Minister, the addresses for notice are:
Hand Delivery:
Ministry of Energy

9. Execution

The parties have executed this MOU, effective as of the date first above written.

Hi John,

I was thinking about OFA's record retention obligation.

It could be an internal rule, but it seems reasonable for the government to have records so long as it holds the additional class of shares.

Ron

Hi Ken,

Ron had some suggestions/edits.

Thanks,

John

As for Risa's question, I believe the handling of the Class A share (custodian, etc.) for the equity injection is outside the scope of the agreement with Energy handling that. Energy, as a sole shareholder, holds the shares today (I understand physically in their vault).

Subject: Re: OFA - MoE MOU Fair Hydro Plan(v3).docx

John

In the MOU the MoE is defined as the Minister rather than as the Ministry. This is because that is the way that MoE is defined in the MoE - OPG draft agreement. I used this defined term for consistency. The typical OFA MOUs use the defined term Ministry. I would be happy to make the change if you wish.

My own preference is to use Ministry. As noted I only used Minister to parallel the other agreement.

Let me know what you would prefer.

I also need to add a provision to reflect Ken's concern about the OFA receiving confirmation that there is a sufficient appropriated amount for each payment.

Ken

Subject: OFA - MoE MOU re FHP

John and Ken

With respect to the form of the FAA Section 11.4 certificate I would note that since the payment by MoE is not in respect of goods or services the certificate must be delivered under section 11.4 (c). It may be more difficult to find a precedent for a certificate under this provision than it is to find one for a certificate provided under sections 11.4 (a) or (b).

Section 11.4 of the FAA is reproduced below.

Certificate for payments
11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,
(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,
(i) the payment is in accordance with the agreement, or
(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in

the agreement;
(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or
(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

It should also be noted that ony the following persons may deliver the certificate.

Persons authorized to certify payments
(2) Only the following persons have authority to give a certificate under subsection (1):
1. A minister or deputy minister.
2. The Speaker of the Assembly.
3. The Auditor General.
4. The Chief Electoral Officer.
5. A person authorized by the Management Board of Cabinet.
6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

Subject: FW: OFA Feedback re Fair Hydro Plan - Sub Debt

Hi Kaitlin,
Yes, there is still some work to be done on the Sub-Debt.

The OFA has not seen any revised documents from OPG. With Attached is the email from Ken Kandeepan to Sheen Liu at OPG on July 31 that dealt only with the Sub-Debt and Performance Fees with one major change and some other recommendations, Ken did clarify with Sheen that the OFA could not comment on the fix fee.

The main point is that it should be between OPG, Fair Hydro Trust and the Ministry of Energy.

Regards
Carlos

Ken,

Thanks for providing your concurrence in the Trust's approach to performance benchmarking. In order to move forward with completing all Fair Hydro Plan related legal documents, could you please also confirm your agreement to the methodology/process as illustrated in the other two documents provided to you in the past (both attached above for your reference)? Specifically, we would appreciate your confirmation re the following items:

1. Fee Structure, including both fixed and variable fees (as described in FHPA Regulations – Fees.docx)
2. The process of (a) taking out subordinated loan from OFA; and (b) establishing relevant pricing (as described in Draft subordinated Debt Term Sheet.doc)

If you have other outstanding comments relating to Fair Hydro Plan, please also let us know so that we could incorporate them before finalizing the structure and legal documents.

Your timely response will be appreciated.

Regards

Sheen

Hi Ken,

My name is May Lapira and I'm the newest addition to the Treasury team. Jenny has been working hard to get me updated on the accounting aspects of the Fair Hydro Plan so we can transition future correspondences over to me.

Per our discussion during the call earlier today, we have reached out to EY to obtain concurrence on our interpretation of their accounting position. Please see attached the email trail from EY's senior manager Brittany Keenan confirming that excluding the equity injection component from the definition of a 'benchmark bond' would result in non-commercial terms and could ultimately result in OPG not being able to consolidate the financing entity.

Please let me know if you have any follow up questions on this matter.

I look forward to working with you,
May

Subject: OFA Feedback re Fair Hydro Plan

Ken,

Thanks for providing your concurrence in the Trust's approach to performance benchmarking. In order to move forward with completing all Fair Hydro Plan related legal documents, could you please also confirm your agreement to the methodology/process as illustrated in the other two documents provided to you in the past (both attached above for your reference)? Specifically, we would appreciate your confirmation re the following items:

1. Fee Structure, including both fixed and variable fees (as described in FHPA Regulations – Fees.docx)
2. The process of (a) taking out subordinated loan from OFA; and (b) establishing relevant pricing (as described in Draft subordinated Debt Term Sheet.doc)

If you have other outstanding comments relating to Fair Hydro Plan, please also let us know so that we could incorporate them before finalizing the structure and legal documents.

Your timely response will be appreciated.

Regards

Sheen

Hi Ken,

My name is May Lapira and I'm the newest addition to the Treasury team. Jenny has been working hard to get me updated on the accounting aspects of the Fair Hydro Plan so we can transition future correspondences over to me.

Per our discussion during the call earlier today, we have reached out to EY to obtain concurrence on our interpretation of their accounting position. Please see attached the email trail from EY's senior manager Brittany Keenan confirming that excluding the equity injection component from the

definition of a 'benchmark bond' would result in non-commercial terms and could ultimately result in OPG not being able to consolidate the financing entity.

Please let me know if you have any follow up questions on this matter.

I look forward to working with you,
May

Fair Hydro Plan – Subordinated Debt Loan Arrangement
Term Sheet

- Parties: OPG, Fair Hydro Trust, OFA

- In accordance with the Master Subscription Agreement between among OPG and the Province of Ontario as represented by , OFA andthe Ministry of Energy ("the Province"), the Province agrees to inject 44% of total funding of GA asset by way of equity subscriptions in OPG, and OPG agrees to use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt (Equity Injection Plan) requirements as part of the Fair Hydro Plan

- OPG will lend the equity injection from the Province to Fair Hydro Trust by way of subordinated debt (one or more mezzanine level)

- Initial credit rating will be assigned to the subordinated debt of Fair Hydro Trust

- Based on monthly funding requirement of GA asset, the Trust will use short term financing, such as bank facilities, and take out bonds once accumulative short term funding reaches certain levels.

- The mechanism to implement Equity Injection Plan will be based on monthly equity injections reflecting funding requirements of GA asset

- Interest rates on the subordinated debt will be established as follows:

    - During the Trust short term financing period when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt

    - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. The process will be similar to the one established for pricing of OPG debt drawn from OEFC facilities.

Commented [RK1]: Should this be generically an OPG OFHP Act Financing Entity, or will there be a new MSA for each such entity?

Commented [RK2]: Or HMQ in Right of Ontario? Has MOF Legal reviewed?

Commented [RK3]: Should this be generically an OPG FHP financing entity?

Hi Ron,

We have landed on the final version of the MOU between OFA and ENERGY. It has been reviewed by OFA Legal, FTD, and CMD. Please let me know if you are good with this.

Here's a summary of the key changes since the last version you saw:

1. A new schedule (Schedule C) was added at the end of the document, as a confirmation of payment authorisation from ENERGY. Section 2) Payment Process was updated to add reference to schedule C as well.
2. Removed the word "subordinate" in paragraph 4 to be consistent with the Master Share Subscription Agreement executed between OPG and ENERGY. OFA Legal is good with this change too.
3. Added a definition of business day and number of days allowed to complete the payment, consistent with the MSA.
4. Added an acknowledgement of possible future changes to the wire transfer instruction.
5. For section 7 & 8, ENERGY decided to keep the names and contacts information, so we reserved the edits.

ENERGY will move forward with the sign-off from their ADM first and send the original to us. I will put together a blue sheet package with the required signatures once I receive the original.

Please let me know if you have any questions.

Thanks,
Gavin He

Hi Ron,

ENERGY just told me that their CAO suggested we remove the names in the contact section of the MOU – essentially only referring to the contacts by title. This will eliminate updates when the contacts change. FTD and OFA Legal are good with that suggestion. ENERGY will send me an updated version of the MOU and I will share that with you once I have it.

Thanks,
Gavin He

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription

Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on

Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.
3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done

in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.

4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

<OFA - MoE MOU Fair Hydro Plan_v11.docx>

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: ~~November~~ **December** **, 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. On June 1, 2017, ~~T~~the Legislative Assembly of Ontario ~~Government of Ontario~~ enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") which was introduced by the Government to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act ~~(the "Regulations")~~ provide~~s~~ the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's ~~subordinated~~ debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.~~.~~

6. In accordance with the Equity Injection Plan, ~~T~~the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") ~~in the form consistent with that provided for in Schedule A to this Memorandum of Understanding (the "MOU"),~~ setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount"), ~~consistent with the requisite approval for the appropriations, which have already been obtained and any future appropriations approvals processes to be obtained.~~ .

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within ~~[*]~~ five (5) ~~business~~ Business ~~days~~ Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Commented [GH1]: Schedule A is a s.11.4 FAA Certificate, not a share subscription form.

Commented [GH2]: What's the purpose of this sentence?

Commented [KR3]: I agree. This statement is not relevant for the purposes of the MOU.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three ~~business~~ Business ~~days~~ Days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic copy of each Share Subscription executed and approved ~~for payment~~ by the Minister of Energy or authorized delegate; ~~and~~

b. a clear and legible electronic copy of a certificate ~~(the "Certificate")~~, in the form attached as Schedule A to this MOU (the "Certificate"), ~~-~~confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under s~~S~~ection 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment; and~~. The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.~~, and

c. a clear and legible electronic copy of a ~~P~~payment ~~A~~authorizs~~s~~ation approved by the Deputy Minister of Energy or authorized delegate in the form attached as ~~(~~Schedule C~~)~~ to this MOU (the "Payment Authorization"). ~~Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.~~

c) Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

~~c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.~~

Formatted: Indent: Left: 0.5", No bullets or numbering

d) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, the Certificate and the Payment Authorization as provided in paragraph b) above.

e) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry ~~-~~account immediately upon the completion of the Subscription Payment or shortly thereafter.

f) The OPG wire transfer information for the Subscription Payments ~~is~~ shall be as set out in ~~attached as~~ Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

g) The Ministry shall deliver electronically to the OFA certified copies of any

a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,
b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and
c. authorizations under ~~S~~section 11.4 (2) 1. of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3
Tel: (416) 325-9814
Email: Ken.Kandeepan@ofina.on.ca

Name: John Kim

Title: Controller
Address: 56 Wellesley Street West, 4th Floor, Toronto ON M7A 2E7
Tel: (416) 902-2649
Email: asokan.sadasivan@ontario.ca

c) Either party may designate a different member of its staff as its contact person by providing thirty (30) days notice to the other party in accordance with section 7.

8) Notice

a) Any notice given under this MOU shall be in writing and shall be deemed effective on the date personally delivered to the party's contact person or on the date transmitted

by electronic transmission with a confirmation of receipt in all cases, addressed as follows:

As of the date of this MOU the OFA's contact persons are:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3
Tel: (416) 325-9814
Email: Ken.Kandeepan@ofina.on.ca

Commented [SK(4]: Should Ken be included in section 7?

Commented [GH5R4]: Added to section 7.

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription ~~form~~ dated **[date]** (the "Share Subscription ~~Form~~") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription ~~Form~~ requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

The IFIS account code string to be used to record the above transaction is:

029-290505-0000-981671-141085-0000-0000-0000

Sincerely,

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **December , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. On June 1, 2017, the Legislative Assembly of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") which was introduced by the Government to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act provide the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.

6. In accordance with the Equity Injection Plan, the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within five (5) Business Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

   i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three Business Days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic copy of each Share Subscription executed and approved by the Minister of Energy or authorized delegate;
   b. a clear and legible electronic copy of a certificate, in the form attached as Schedule A to this MOU (the "Certificate"), confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under section 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment; and
   c. a clear and legible electronic copy of a payment authorization approved by the Deputy Minister of Energy or authorized delegate in the form attached as Schedule C to this MOU (the "Payment Authorization").

c) Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

d) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, the Certificate and the Payment Authorization as provided in paragraph b) above.

e) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

f) The OPG wire transfer information for the Subscription Payments shall be as set out in Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

g) The Ministry shall deliver electronically to the OFA certified copies of any

   a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,
   b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and
   c. authorizations under section 11.4 (2) 1 of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Hi Ron,

FTD, CMD and OFA Legal have confirmed that they are fine with the attached version. In addition, I have attached a clean copy for your review and approval. I can start putting together the approval package.

Are you good with the clean version going back to ENERGY so that they can start their approval process?

Thanks,
Gavin He

Hi Ron,

I haven't heard anything back from them yet. I just followed up with them this morning and hope to hear back from them soon.

I can remove some contact names once I hear back from FTD.

Regards,
Gavin He

Hi Gavin,

Was there any feedback from fTD or CMD?

And that's a lot of contact names!

Ron

> Hi Ron,
>
> One of the principles that guided us, which was an input from Ken R., was that if we are

more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Ron

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is

of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.

- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Hi Gavin

We have no comments on the MOU and the certificate, my previous suggestions have been incorporated by Ken R. With regard to Energy's questions pls see below in red.

From a cash management perspective Alfonso would like to have a contact in energy who can provide on a monthly basis the cash outflow with regard to this payment. Much appreciated if you can follow up with Energy and provide him with the contact details.

Thanks

Ken k

Subject: FW: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.

4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

<OFA - MoE MOU Fair Hydro Plan_v11.docx>

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: ~~XXXXXXX~~November , 2017

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the ~~Independent Electricity System Operator ("~~IESO~~")~~ by one or more special purpose financing entities, under the Act established by ~~the~~ Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the~~an~~ OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) tTransacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) mMaking the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible ~~good quality~~ unapproved electronic copy of each Share Subscription, on the same day

the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic ~~good quality~~ copy of each Share Subscription executed and approved for payment by the Minister of Energy or a delegate Energy ~~**[insert appropriate MoE official]**~~, and
   b. a clear and legible electronic copy of a certificate (the "Certificate"~~ confirming~~) confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment~~ (the "Certificate").~~ The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the ~~any~~ termination of this~~he~~ MOU.

~~d) The Public Accounts, Volume 3 reporting related to the Subscription Payments will be performed by the Ministry.~~

Commented [Kamala1]: Transactions recorded through inter-ministry journals are not captured for Public Accounts Volume 3 reporting.
Please note that these subscription payments will be recorded in Energy books through OFA's inter-ministry journals.

Commented [GH2R1]: Deleted.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3

~~Conflict between MOU and Master Share Subscription Agreement~~

~~In the event of a conflict between the terms and conditions of this MOU and the terms and conditions of the Master Share Subscription Agreement between the Ministry and OPG dated November XX, 2017 (the "Master Share Subscription Agreement"), such conflict shall be resolved in favor of the terms and conditions of the Master Share Subscription Agreement.~~

9) Execution

The parties have executed this MOU, effective as of the date first above written.

Formatted: Indent: First line: 0"

Commented [SK(3]: I'm assuming the contact person under section 7 will be the same contact person set out here.

Commented [TS(4R3]: To be confirmed with Corporate/OFA

Commented [KR5]: My view is that the OFA can not agree to be bound by the terms of the Master Subscription Agreement to which it is not a party. The OFA must have certainty about its responsibilities. The MOU must set out the OFA's specific responsibilities. Any possible conflicts between the MOU and the MSA should be resolved before the MOU is executed. If issues arise in future it will be necessary to address them at that time.

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of ~~OPG~~Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date]**.

The Share Subscription Form requests payment by the Ministry to OPG ~~of~~ in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **November , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic copy of each Share Subscription executed and approved for payment by the Minister of Energy or a delegate, and

b. a clear and legible electronic copy of a certificate (the "Certificate") confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment. The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of

executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription Form requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Date: Thursday, November 23, 2017 5:07:53 PM

Hi John,

Thanks, that's what I am going to do as well. I will put together the package, but given that I need to send a clean copy to Energy as well, I will ask him if he is comfortable with that.

Regards,
Gavin He

Yup, let's get it done….leave this to you. Whether to run by Ron again or just to get the execution going. I'd say give Ron a heads up that you're going to send the clean copy of the attached.

Hi John,

FTD and CMD confirmed that they don't have any changes, and they are good with the Contacts sections as well.

However, I removed my name from the MOU to address Ron's comment below. Are you good with the attached version going to Ron for approval?

Thanks,
Gavin He

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.
4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

<OFA - MoE MOU Fair Hydro Plan_v11.docx>

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: ~~XXXXXXX~~November , 2017

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the ~~Independent Electricity System Operator ("~~IESO~~")~~ by one or more special purpose financing entities, under the Act established by ~~the~~ Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the~~an~~ OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) tTransacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) mMaking the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible ~~good quality~~ unapproved electronic copy of each Share Subscription, on the same day

the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic ~~good quality~~ copy of each Share Subscription executed and approved for payment by the Minister of Energy or a delegate Energy ~~**[insert appropriate MoE official]**~~, and
   b. a clear and legible electronic copy of a certificate (the "Certificate"~~ confirming~~) confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment~~ (the "Certificate").~~ The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the ~~any~~ termination of this~~he~~ MOU.

~~d) The Public Accounts, Volume 3 reporting related to the Subscription Payments will be performed by the Ministry.~~

Commented [Kamala1]: Transactions recorded through inter-ministry journals are not captured for Public Accounts Volume 3 reporting.
Please note that these subscription payments will be recorded in Energy books through OFA's inter-ministry journals.

Commented [GH2R1]: Deleted.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: John Kim

~~Conflict between MOU and Master Share Subscription Agreement~~

~~In the event of a conflict between the terms and conditions of this MOU and the terms and conditions of the Master Share Subscription Agreement between the Ministry and OPG dated November XX, 2017 (the "Master Share Subscription Agreement"), such conflict shall be resolved in favor of the terms and conditions of the Master Share Subscription Agreement.~~

9) Execution

The parties have executed this MOU, effective as of the date first above written.

Formatted: Indent: First line: 0"

Commented [SK(3]: I'm assuming the contact person under section 7 will be the same contact person set out here.

Commented [TS(4R3]: To be confirmed with Corporate/OFA

Commented [KR5]: My view is that the OFA can not agree to be bound by the terms of the Master Subscription Agreement to which it is not a party. The OFA must have certainty about its responsibilities. The MOU must set out the OFA's specific responsibilities. Any possible conflicts between the MOU and the MSA should be resolved before the MOU is executed. If issues arise in future it will be necessary to address them at that time.

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of ~~OPG~~Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date]**.

The Share Subscription Form requests payment by the Ministry to OPG ~~of~~ in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Gavin

Are there any additional documents that OFA Settlements may need on a monthly basis e.g., a payment request memo? This was raised by Corporate given their experience on some other files.

Thank you
Graham

Hi Graham,

Thank you very much for the feedback. We have reviewed and included our comments in the attached version. Please note that we prefer not to include your proposed paragraph concerning conflicts between the MOU and the MSA. As we pointed out in the meeting as well, OFA's role in this process is to facilitate the payment on behalf of ENERGY. If ENERGY has concerns about specific issues where conflict may arise, our expectation is that ENERGY should address that directly. For example, if the MSA called for a payment schedule which the OFA cannot meet, the OFA could not agree that the MOU be subject to those provisions of the MSA.

Please let us know if you are okay with this.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA

each month i.e., alongside the share subscription form, or after the payments have been made.
OFA: This has been reflected in the updated version of the MOU.

2. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above.
OFA: This has been reflected in the updated version of the MOU.

3. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    OFA: Could you please provide us with the updated OPG's wire transfer information?
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made.
    OFA: Yes, the Settlements team of OFA can do that. Could you please provide a contact for this?

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more

detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Ron

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Subject: FW: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please

review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Ron

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.

- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Hi Gavin

We have no comments on the MOU and the certificate, my previous suggestions have been incorporated by Ken R. With regard to Energy's questions pls see below in red.

From a cash management perspective Alfonso would like to have a contact in energy who can provide on a monthly basis the cash outflow with regard to this payment. Much appreciated if you can follow up with Energy and provide him with the contact details.

Thanks

Ken k

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.

4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,

Hi Ken,

Attached is updated draft version of the MOU with edits from Energy. Could you please take a look and let me know if you have any comments/concerns? Also, could you please review the contacts information on section 7 and 8 to make the proper contacts from OFA are included?

It would be great if you could provide me with your comments by noon tomorrow, as Energy would like to hear back from us tomorrow.

Thanks,
Gavin He

Hi Gavin

We have no comments on the MOU and the certificate, my previous suggestions have been incorporated by Ken R. With regard to Energy's questions pls see below in red.

From a cash management perspective Alfonso would like to have a contact in energy who can provide on a monthly basis the cash outflow with regard to this payment. Much appreciated if you can follow up with Energy and provide him with the contact details.

Thanks

Ken k

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.

4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Hi Ron,

ENERGY just told me that their CAO suggested we remove the names in the contact section of the MOU – essentially only referring to the contacts by title. This will eliminate updates when the contacts change. FTD and OFA Legal are good with that suggestion. ENERGY will send me an updated version of the MOU and I will share that with you once I have it.

Thanks,
Gavin He

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to

them caveating that we may have further changes to the Certificate?

Thanks,

John

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate

schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Hi Ken,

Attached is updated draft version of the MOU with edits from Energy. Could you please take a look and let me know if you have any comments/concerns? Also, could you please review the contacts information on section 7 and 8 to make the proper contacts from OFA are included?

It would be great if you could provide me with your comments by noon tomorrow, as Energy would like to hear back from us tomorrow.

Thanks,
Gavin He

Hi Gavin

We have no comments on the MOU and the certificate, my previous suggestions have been incorporated by Ken R. With regard to Energy's questions pls see below in red.

From a cash management perspective Alfonso would like to have a contact in energy who can provide on a monthly basis the cash outflow with regard to this payment. Much appreciated if you can follow up with Energy and provide him with the contact details.

Thanks

Ken k

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.

4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Hi Graham,

Thank you very much for the feedback. We have reviewed and included our comments in the attached version. Please note that we prefer not to include your proposed paragraph concerning conflicts between the MOU and the MSA. As we pointed out in the meeting as well, OFA's role in

this process is to facilitate the payment on behalf of ENERGY. If ENERGY has concerns about specific issues where conflict may arise, our expectation is that ENERGY should address that directly. For example, if the MSA called for a payment schedule which the OFA cannot meet, the OFA could not agree that the MOU be subject to those provisions of the MSA.

Please let us know if you are okay with this.

Thanks,
Gavin He

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept

simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Ron

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: ~~XXXXXXX~~November , 2017

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the ~~Independent Electricity System Operator ("~~IESO~~")~~ by one or more special purpose financing entities, under the Act established by ~~the~~ Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the~~an~~ OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) tTransacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) mMaking the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible ~~good quality~~ unapproved electronic copy of each Share Subscription, on the same day

the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic ~~good quality~~ copy of each Share Subscription executed and approved for payment by the Minister of Energy or a delegate Energy ~~**[insert appropriate MoE official]**~~, and
   b. a clear and legible electronic copy of a certificate (the "Certificate"~~ confirming~~) confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment~~ (the "Certificate").~~ The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the ~~any~~ termination of this~~he~~ MOU.

~~d) The Public Accounts, Volume 3 reporting related to the Subscription Payments will be performed by the Ministry.~~

Commented [Kamala1]: Transactions recorded through inter-ministry journals are not captured for Public Accounts Volume 3 reporting.
Please note that these subscription payments will be recorded in Energy books through OFA's inter-ministry journals.

Commented [GH2R1]: Deleted.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3
Tel: (416) 212-6996

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of ~~OPG~~Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date]**.

The Share Subscription Form requests payment by the Ministry to OPG ~~of~~ in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Ken,

Attached is updated draft version of the MOU with edits from Energy. Could you please take a look and let me know if you have any comments/concerns? Also, could you please review the contacts information on section 7 and 8 to make the proper contacts from OFA are included?

It would be great if you could provide me with your comments by noon tomorrow, as Energy would like to hear back from us tomorrow.

Thanks,
Gavin He

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Gavin

We have no comments on the MOU and the certificate, my previous suggestions have been incorporated by Ken R. With regard to Energy's questions pls see below in red.

From a cash management perspective Alfonso would like to have a contact in energy who can provide on a monthly basis the cash outflow with regard to this payment. Much appreciated if you can follow up with Energy and provide him with the contact details.

Thanks

Ken k

Subject: FW: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as

a separate schedule is a good idea.

2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.

4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: ~~XXXXXXX~~November , 2017

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the ~~Independent Electricity System Operator ("~~IESO~~")~~ by one or more special purpose financing entities, under the Act established by ~~the~~ Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the~~an~~ OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) tTransacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) mMaking the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible ~~good quality~~ unapproved electronic copy of each Share Subscription, on the same day

the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic ~~good quality~~ copy of each Share Subscription executed and approved for payment by the Minister of Energy or a delegate Energy ~~**[insert appropriate MoE official]**~~, and
   b. a clear and legible electronic copy of a certificate (the "Certificate"~~ confirming~~) confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment~~ (the "Certificate").~~ The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the ~~any~~ termination of this~~he~~ MOU.

~~d) The Public Accounts, Volume 3 reporting related to the Subscription Payments will be performed by the Ministry.~~

Commented [Kamala1]: Transactions recorded through inter-ministry journals are not captured for Public Accounts Volume 3 reporting.
Please note that these subscription payments will be recorded in Energy books through OFA's inter-ministry journals.

Commented [GH2R1]: Deleted.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of ~~OPG~~Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date]**.

The Share Subscription Form requests payment by the Ministry to OPG ~~of~~ in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Gavin

Thank you for getting back to us. We are OK to remove the conflicts cause.

If you are OK with the attached, can you please send us a clean version back tomorrow? This version is the same as what you sent me this morning, except we made a change to the contact name from Corporate on page 5.

Thank you
Graham

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Graham,

Thank you very much for the feedback. We have reviewed and included our comments in the attached version. Please note that we prefer not to include your proposed paragraph concerning conflicts between the MOU and the MSA. As we pointed out in the meeting as well, OFA's role in this process is to facilitate the payment on behalf of ENERGY. If ENERGY has concerns about specific issues where conflict may arise, our expectation is that ENERGY should address that directly. For example, if the MSA called for a payment schedule which the OFA cannot meet, the OFA could not agree that the MOU be subject to those provisions of the MSA.

Please let us know if you are okay with this.

Thanks,
Gavin He

Hi Shruti,

Please find attached the updated draft MOU for your review and comments. We have incorporated the comments that we got from the meeting last week. Also, we have drafted the Certificate Form for your review as well. Please note that these are staff level draft and are subject to further changes.

Also, please see our responses to your questions below in red font.

Please let us know if you have any questions.

Regards,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made.
   OFA: This has been reflected in the updated version of the MOU.

2. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above.
   OFA: This has been reflected in the updated version of the MOU.

3. Confirm the following:
   - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
     OFA: Could you please provide us with the updated OPG's wire transfer information?
   - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
   - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made.
     OFA: Yes, the Settlements team of OFA can do that. Could you please provide a contact for this?

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the ~~Independent Electricity System Operator ("~~IESO~~")~~ by one or more special purpose financing entities, under the Act established by ~~the~~ Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the~~an~~ OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

Commented [TS(1]: The Master Share Subscription agreement doesn't specify that the equity injections would go to fund "subordinated debt." I understand there is another agreement between OFA and OPG on this issue. Do we need to be specific here?

Commented [KR2]: This recital does not specifically reference the MSA. The fact that there is an agreement separate from the MSA for this obligation does not affect the recital.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

   i) tTransacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) mMaking the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible ~~good quality~~ unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic ~~good quality~~ copy of each Share Subscription executed and approved for payment by the Minister of Energy or a delegate ~~Energy~~ **~~[insert appropriate MoE official]~~**, and
   b. a clear and legible electronic copy of a certificate (the "Certificate" ~~confirming~~) confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment. ~~(the "Certificate").~~ The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the ~~any~~ termination of this~~he~~ MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription Payments will be performed by the Ministry.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this

Commented [TS(3]: I believe this is defining the certificate in this section, and not the subscription payment.

Commented [Kamala4]: Transactions recorded through inter-ministry journals are not captured for Public Accounts Volume 3 reporting.
Please note that these subscription payments will be recorded in Energy books through OFA's inter-ministry journals.

MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name:
Title:
Address:
Tel:
Eemail:

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of ~~OPG~~Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription Form requests payment by the Ministry to OPG ~~of~~ in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Graham,

Thank you very much for the feedback. We have reviewed and included our comments in the attached version. Please note that we prefer not to include your proposed paragraph concerning conflicts between the MOU and the MSA. As we pointed out in the meeting as well, OFA's role in this process is to facilitate the payment on behalf of ENERGY. If ENERGY has concerns about specific issues where conflict may arise, our expectation is that ENERGY should address that directly. For example, if the MSA called for a payment schedule which the OFA cannot meet, the OFA could not agree that the MOU be subject to those provisions of the MSA.

Please let us know if you are okay with this.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made.
   OFA: This has been reflected in the updated version of the MOU.

2. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above.

OFA: This has been reflected in the updated version of the MOU.

3. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
      OFA: Could you please provide us with the updated OPG's wire transfer information?
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made.
      OFA: Yes, the Settlements team of OFA can do that. Could you please provide a contact for this?

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the ~~Independent Electricity System Operator ("~~IESO~~")~~ by one or more special purpose financing entities, under the Act established by ~~the~~ Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the~~an~~ OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

Commented [TS(1]: The Master Share Subscription agreement doesn't specify that the equity injections would go to fund "subordinated debt." I understand there is another agreement between OFA and OPG on this issue. Do we need to be specific here?

Commented [KR2]: This recital does not specifically reference the MSA. The fact that there is an agreement separate from the MSA for this obligation does not affect the recital.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

   i) tTransacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) mMaking the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible ~~good quality~~ unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic ~~good quality~~ copy of each Share Subscription executed and approved for payment by the Minister of Energy or a delegate ~~Energy~~ **~~[insert appropriate MoE official]~~**, and
   b. a clear and legible electronic copy of a certificate (the "Certificate" ~~confirming~~) confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment. ~~(the "Certificate").~~ The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the ~~any~~ termination of this~~he~~ MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription Payments will be performed by the Ministry.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this

Commented [TS(3]: I believe this is defining the certificate in this section, and not the subscription payment.

Commented [Kamala4]: Transactions recorded through inter-ministry journals are not captured for Public Accounts Volume 3 reporting.
Please note that these subscription payments will be recorded in Energy books through OFA's inter-ministry journals.

MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name:
Title:
Address:

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of ~~OPG~~Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription Form requests payment by the Ministry to OPG ~~of~~ in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Shruti,

Please find attached the updated draft MOU for your review and comments. We have incorporated the comments that we got from the meeting last week. Also, we have drafted the Certificate Form for your review as well. Please note that these are staff level draft and are subject to further changes.

Also, please see our responses to your questions below in red font.

Please let us know if you have any questions.

Regards,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made.
   OFA: This has been reflected in the updated version of the MOU.

2. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above.
   OFA: This has been reflected in the updated version of the MOU.

3. Confirm the following:
   - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
     OFA: Could you please provide us with the updated OPG's wire transfer information?
   - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
   - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made.

OFA: Yes, the Settlements team of OFA can do that. Could you please provide a contact for this?

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: XXXXXXX

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the ~~Independent Electricity System Operator ("~~IESO~~")~~ by one or more special purpose financing entities, under the Act established by the Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the~~an~~ OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

Commented [TS(1]: The Master Share Subscription agreement doesn't specify that the equity injections would go to fund "subordinated debt." I understand there is another agreement between OFA and OPG on this issue. Do we need to be specific here?

7. Each month OPG will deliver to the Ministry a share subscription form (the “Share Subscription”) setting out the amount of equity injection required (the “Subscription Payment”) and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (“Appropriated Amount”).

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the “Share Subscription Payment Date”).

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding (“MOU”) to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

   i) t~~T~~ransacting with the Ontario Shared Services “IFIS” system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) m~~M~~aking the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible ~~good quality~~ unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic ~~good quality~~ copy of each Share Subscription executed and approved for payment by Minister or a delegate ~~Energy~~ **~~[insert appropriate MoE official]~~**, and
b. a clear and legible electronic copy of a certificate (the "Certificate" ~~confirming~~) confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment. ~~(the "Certificate").~~ The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the ~~any~~ termination of this~~he~~ MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription Payments will be performed by the Ministry.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the

Commented [TS(2]: I believe this is defining the certificate in this section, and not the subscription payment.

Commented [Kamala3]: Transactions recorded through inter-ministry journals are not captured for Public Accounts Volume 3 reporting.
Please note that these subscription payments will be recorded in Energy books through OFA's inter-ministry journals.

Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of ~~OPG~~Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date]**.

The Share Subscription Form requests payment by the Ministry to OPG ~~of~~ in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting
Date: Friday, November 24, 2017 10:24:06 AM

Hi Ron,

ENERGY just told me that their CAO suggested we remove the names in the contact section of the MOU – essentially only referring to the contacts by title. This will eliminate updates when the contacts change. FTD and OFA Legal are good with that suggestion. ENERGY will send me an updated version of the MOU and I will share that with you once I have it.

Thanks,
Gavin He

Hi Ron,

FTD, CMD and OFA Legal have confirmed that they are fine with the attached version. In addition, I have attached a clean copy for your review and approval. I can start putting together the approval package.

Are you good with the clean version going back to ENERGY so that they can start their approval process?

Thanks,

Gavin He

Hi Ron,

I haven't heard anything back from them yet. I just followed up with them this morning and hope to hear back from them soon.

I can remove some contact names once I hear back from FTD.

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription

Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Subject: FW: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on

Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.
3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done

in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.

4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the Independent Electricity System Operator ("IESO") by one or more special purpose financing entities, under the Act established by OPG to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of

   i) Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) Making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date:

   a. a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]**, and
   b. a certificate confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment (the "Certificate"). The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the Ministry.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the Ministry's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8) Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the Ministry, the addresses for notice are:
Hand Delivery:
Ministry of Energy

9) Execution

The parties have executed this MOU, effective as of the date first above written.

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of OPG

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date]**

The Share Subscription Form requests payment by the Ministry to OPG of the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept

simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Subject: FW: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.

4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Ontario Nuclear Funds Agreement - Disbursement Checklist

☐ Decommissioning Segregated Fund

☑ Used Fuel Segregated Fund

Date of Disbursement to be paid: November 10, 2017

Finance and Treasury Division review of Disbursement Notice documents:

☑ Notice is duly signed by the Payee as per the latest/current incumbency certificate on file with the Custodian and the Province. {ONFA 3.10.1(c) and 4.7.1(c)}

☑ Notice is dated Sept-20/17 at least 30 business days prior to the date of Disbursement to be paid. {ONFA 3.10.1(c)(i) and 4.7.1(c) (i) and 14.6}

☑ Notice specifies the amount $ 4,702,499 requested to be Disbursed {ONFA 3.10.1(c)(i) and 4.7.1(c)(i)}

☑ Accompanied by a statement (of funds use) containing details as to the proposed use of the proceeds of the Disbursement. {ONFA 3.10.1(c)(ii) and 4.7.1(c)(ii)}

☑ The Disbursement amount, if Disbursed, does not exceed or causes the total year-to-date Disbursement to exceed the Approved Budget. {ONFA 3.10.1(a) and 4.7.1(a)}

☑ Accompanied by a certificate duly signed by an OPG senior officer to the Province and the Custodian certifying that: {ONFA 3.10.1(c)(iii) and 4.7.1(c)(iii)}

- Such senior officer has read and is familiar with the provisions of ONFA and has all information necessary to make the certification (Items #1 & 2)
- That all costs included are Eligible Costs and identifying these Eligible Costs, by reference, to the Approved Budget (and separately the Incremental Costs) (Items #4&9)
- Whether, and to the extent that a Default or an Event of Default has occurred, or would occur by reason of receipt of the Disbursement (Items #5 & 7)
- That all requirements of any Applicable Regulator and Applicable Law with respect to the matters identified in the Disbursement statement have been met (Item #8)

Where the Payee is not OPG nor an OPGNS:

☐ A copy of same docs. (Disbursement Notice, certificate and statement) are sent to OPG

☐ The certificate shall be provided by OPG within 2 Business Days of the statement (of funds use). {ONFA 3.10.1(c)(iii) and 4.7.1(c)(iii)} Date certificate provided

Comments:

Dated: Oct. 26/17

Robert Bozinoski
Finance and Treasury Division

Corporate and Electricity Finance Division Designate's comments:

☑ Not aware of any Default or if an Event of Default has occurred.

☑ Not aware of any reason why this Disbursement should not proceed or that costs included are not eligible under ONFA (to the best of my knowledge).

Comments:

Dated: Oct. 30/17

SCHEDULE 1.1.21

DISBURSEMENT NOTICE

TO: CIBC Mellon Trust Company (the "**Custodian**")

AND TO: Her Majesty the Queen in right of Ontario (the "**Province**")

FROM: Ontario Power Generation Inc. ("**Payee**")

RE: Used Fuel Segregated Fund established pursuant to the provisions of a used fuel segregated fund custodian agreement dated as of October 5, 2010 between the Province, Ontario Power Generation Inc., the Custodian and CIBC Mellon Global Securities Services (the "**Custodian Agreement**")

---

1. I am the Chief Investment Officer of OPG.

2. I hereby request a Disbursement from the Used Fuel Segregated Fund in the amount of $4,702,499 to be paid on November 10, 2017. This date complies with Section 7.1 of the Custodian Agreement.

3. The funds requested will be used for the activities or expenses set out in the attached statement of funds use.

4. Capitalized terms used but not defined in this Disbursement Notice have the meanings given to them in the Custodian Agreement.

Dated this 20th day of September, 2017.

David Kaposi
Chief Investment Officer
Ontario Power Generation Inc.

Payment instructions:

Debit account:	UFEF0007002 (CIBC Mellon)
Credit account:	476960297410 (Bank of Nova Scotia)
Branch:	Toronto Business Support Centre 44 King Street West Toronto, ON M5H 1H1
SWIFT Code:	NOSCCATT
Transit Number:	47696
Bank Code:	002

OPG CERTIFICATE

TO: Canadian Imperial Bank of Commerce (the "**Custodian**")

AND TO: Her Majesty the Queen in right of Ontario (the "**Province**")

RE: Used Fuel Segregated Fund established pursuant to the provisions of a used fuel segregated fund custodian agreement entered into as of July 16, 2003 between the Custodian, Ontario Power Generation Inc. ("**OPG**"), the Province, CIBC Mellon Global Securities Services Company and Mellon Bank, N.A. (the "**Custodian Agreement**") and Disbursement Notice by **OPG Treasury** delivered pursuant to section 7.1.1 thereof

---

1. I am the VP Finance, Chief Controller and Accounting Officer of OPG and in this capacity I have knowledge of, and sufficient information about, the matters that I am certifying in this Certificate. This Certificate is based on my knowledge as of the date of this Certificate and is not given in my personal capacity.

2. I have read and am familiar with the Disbursement Notice to which this Certificate relates and the provisions of ONFA and have reviewed and am familiar with all other information, in each case, which in my reasonable belief is necessary to be in a position to certify the matters referred to below.

3. Intentionally omitted.

4. All of the costs and expenses identified in the Disbursement Notice to which this Certificate relates and to be paid with the funds requested pursuant to that Disbursement Notice (the "**Requested Funds**") are costs and expenses that are Used Fuel Eligible Costs (as defined in ONFA) or are otherwise specifically authorized by ONFA to be paid from the Used Fuel Segregated Fund.

5. No Default or Event of Default (each as defined in ONFA) has occurred which has not been cured as of the date of this Certificate.

6. Intentionally omitted.

7. No Default or Event of Default (each as defined in ONFA) will occur as a result of the Disbursement requested by the Disbursement Notice to which this Certificate relates.

8. All requirements of any Applicable Regulator and Applicable Law (each as defined in the ONFA) with respect to the proposed uses of the Requested Funds have been met.

9. The attached statement sets out, to the extent that the Requested Funds are not costs and expenses otherwise specifically authorized by ONFA to be paid from the Used Fuel Segregated Fund in accordance with section 4 of this Certificate, the proposed uses of the Requested Funds by reference to the current Approved Budget (as defined in ONFA), and identifies the specific Used Fuel Eligible Costs (as defined in ONFA) the Requested Funds will be used for and, if applicable, separately identifies the specific Incremental Costs (as defined in ONFA) that the Requested Funds will be used for.

10. Capitalized terms used but not defined in this Certificate have the meaning given to them in the Custodian Agreement.

Dated this 14th day of September, 2017.

John Mauti
VP Finance, Chief Controller and Accounting Officer
Ontario Power Generation Inc.

STATEMENT OF FUNDS USE

The funds requested will be expended to pay for the following costs and expenses:

Attachments:	OFA - MoE MOU Fair Hydro Plan_v10.docx FAA section 11.4 Certificate Form_Draft(v3).docx

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Gavin

We have no comments on the MOU and the certificate, my previous suggestions have been incorporated by Ken R. With regard to Energy's questions pls see below in red.

From a cash management perspective Alfonso would like to have a contact in energy who can provide on a monthly basis the cash outflow with regard to this payment. Much appreciated if you can follow up with Energy and provide him with the contact details.

Thanks

Ken k

Subject: FW: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.

4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: XXXXXXX

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "~~Minister~~Ministry")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the Independent Electricity System Operator ("IESO") by one or more special purpose financing entities, under the Act established by OPG to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The ~~Minister~~Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The ~~Minister~~Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the ~~Minister~~Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the

"Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the ~~Minister~~Ministry.

8. The ~~Minister~~Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The ~~Minister~~Ministry has advised the OFA that the ~~Minister~~Ministry is required to make the Subscription Payments within [*] business days of the receipt by the ~~Minister~~Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The ~~Minister~~Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the ~~Minister~~Ministry and the OFA has agreed to make the Subscription Payments on behalf of the ~~Minister~~Ministry.

11. The ~~Minister~~Ministry and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The ~~Minister~~Ministry and the OFA agree as follows:

1) Payment Authorization

a) The ~~Minister~~Ministry authorizes the OFA to make the Subscription Payments on behalf of the ~~Minister~~Ministry and the OFA agrees to make the Payments on behalf of the ~~Minister~~Ministry.

~~b) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is completed, and shall provide the OFA with a copy of such certificate within **[*]** days after the Subscription Payment is made to OPG.~~

~~c)~~b) It is agreed by the ~~Minister~~Ministry and the OFA that the OFA is acting as an agent, on behalf of the ~~Minister~~Ministry, for the purposes of

i) Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the ~~Minister~~Ministry in respect of the Fair Hydro Plan, and

ii) Making the required Subscription Payments on behalf of the ~~Minister~~Ministry as further described in this MOU.

2) Payment Process

a) The ~~Minister~~Ministry will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the ~~Minister~~Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The ~~Minister~~Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date:

a. a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]**, and

~~b)~~b. a certificate confirming that ~~at least three business days before the Share Subscription Payment Date. The approval for payment shall include confirmation that~~ there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment (the "Certificate"). The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the ~~Minister~~Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the ~~Minister~~Ministry if the ~~Minister~~Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined ~~Minister~~Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the ~~Minister~~Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the ~~Minister~~Ministry.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments;

Formatted: Font: (Default) Arial

Formatted: Indent: Left: 0.5", No bullets or numbering

Formatted

Formatted: Font: Not Italic

monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The ~~Minister~~Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the ~~Minister~~Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the ~~Minister~~Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the ~~Minister~~Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the ~~Minister~~Ministry's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8) Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the ~~Minister~~Ministry, the addresses for notice are:
Hand Delivery:
Ministry of Energy

9) Execution

The parties have executed this MOU, effective as of the date first above written.

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.

2. The Speaker of the Assembly.

3. The Auditor General.

4. The Chief Electoral Officer.

5. A person authorized by the Management Board of Cabinet.

6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of OPG

Formatted: Centered

Formatted: Centered

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date]**

The Share Subscription Form requests payment by the Ministry to OPG of the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting
Date: Wednesday, November 15, 2017 10:46:26 AM

Hi John,

I see.

Also, Mike responded saying that he has no comments. Should I send this to Ron to review before going back to Energy?

Thanks,
Gavin He

I think what Ken is asking is to have Energy provide wire information attached as another Schedule, just like the Certificates, so we have something official.

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.
4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable

- Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Hi Graham,

Sorry for the delay in sending you this. Please find attached the clean version of the MOU between OFA and ENERGY, which I will use for our ADM's sign-off.

Here are the changes since last version you sent to us:

1. Section 3(d) was removed as discussed with Asokan yesterday.
2. Added contact names for OFA.

Please let me know if you have any other questions.

Thanks,
Gavin He

Hi Graham,

Thank you very much for the feedback. We have reviewed and included our comments in the attached version. Please note that we prefer not to include your proposed paragraph concerning conflicts between the MOU and the MSA. As we pointed out in the meeting as well, OFA's role in this process is to facilitate the payment on behalf of ENERGY. If ENERGY has concerns about specific issues where conflict may arise, our expectation is that ENERGY should address that directly. For example, if the MSA called for a payment schedule which the OFA cannot meet, the OFA could not agree that the MOU be subject to those provisions of the MSA.

Please let us know if you are okay with this.

Thanks,
Gavin He

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate

should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made.
OFA: This has been reflected in the updated version of the MOU.

2. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above.
OFA: This has been reflected in the updated version of the MOU.

3. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    OFA: Could you please provide us with the updated OPG's wire transfer information?
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made.
    OFA: Yes, the Settlements team of OFA can do that. Could you please provide a contact for this?

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: XXXXXXX

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "~~Minister~~Ministry")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the Independent Electricity System Operator ("IESO") by one or more special purpose financing entities, under the Act established by OPG to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The ~~Minister~~Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The ~~Minister~~Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the ~~Minister~~Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the

"Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the ~~Minister~~Ministry.

8. The ~~Minister~~Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The ~~Minister~~Ministry has advised the OFA that the ~~Minister~~Ministry is required to make the Subscription Payments within [*] business days of the receipt by the ~~Minister~~Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The ~~Minister~~Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the ~~Minister~~Ministry and the OFA has agreed to make the Subscription Payments on behalf of the ~~Minister~~Ministry.

11. The ~~Minister~~Ministry and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The ~~Minister~~Ministry and the OFA agree as follows:

1) Payment Authorization

a) The ~~Minister~~Ministry authorizes the OFA to make the Subscription Payments on behalf of the ~~Minister~~Ministry and the OFA agrees to make the Payments on behalf of the ~~Minister~~Ministry.

~~b) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is completed, and shall provide the OFA with a copy of such certificate within **[*]** days after the Subscription Payment is made to OPG.~~

~~c)~~b) It is agreed by the ~~Minister~~Ministry and the OFA that the OFA is acting as an agent, on behalf of the ~~Minister~~Ministry, for the purposes of

i) Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the ~~Minister~~Ministry in respect of the Fair Hydro Plan, and

ii) Making the required Subscription Payments on behalf of the ~~Minister~~Ministry as further described in this MOU.

2) Payment Process

a) The ~~Minister~~Ministry will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the ~~Minister~~Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The ~~Minister~~Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date:

a. a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]**, and

~~b)~~b. a certificate confirming that ~~at least three business days before the Share Subscription Payment Date. The approval for payment shall include confirmation that~~ there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment (the "Certificate"). The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the ~~Minister~~Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the ~~Minister~~Ministry if the ~~Minister~~Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined ~~Minister~~Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the ~~Minister~~Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the ~~Minister~~Ministry.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments;

Formatted: Font: (Default) Arial

Formatted: Indent: Left: 0.5", No bullets or numbering

Formatted

Formatted: Font: Not Italic

monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The ~~Minister~~Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the ~~Minister~~Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the ~~Minister~~Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the ~~Minister~~Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the ~~Minister~~Ministry's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8) Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the ~~Minister~~Ministry, the addresses for notice are:
Hand Delivery:
Ministry of Energy

9) Execution

The parties have executed this MOU, effective as of the date first above written.

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.

2. The Speaker of the Assembly.

3. The Auditor General.

4. The Chief Electoral Officer.

5. A person authorized by the Management Board of Cabinet.

6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Gavin,

We had the opportunity to brief our CAO yesterday and he recommends removing the names in the contact section of the MOU – essentially only referring to the contacts by title. The reason for this is that we don't want to continually update the MOU as people change positions, and also, this MOU will probably outlive most of our careers with the Ministry, so it shouldn't be tied to specific people.

Also, I believe Asokan spoke to you about additional edits to Schedule A. He is working with the accounting team on those now.

Thanks,
Pratima

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Graham,

Sorry for the delay in sending you this. Please find attached the clean version of the MOU between OFA and ENERGY, which I will use for our ADM's sign-off.

Here are the changes since last version you sent to us:

1. Section 3(d) was removed as discussed with Asokan yesterday.
2. Added contact names for OFA.

Please let me know if you have any other questions.

Thanks,
Gavin He

Hi Graham,

Thank you very much for the feedback. We have reviewed and included our comments in the attached version. Please note that we prefer not to include your proposed paragraph concerning conflicts between the MOU and the MSA. As we pointed out in the meeting as well, OFA's role in this process is to facilitate the payment on behalf of ENERGY. If ENERGY has concerns about specific issues where conflict may arise, our expectation is that ENERGY should address that directly. For example, if the MSA called for a payment schedule which the OFA cannot meet, the OFA could not agree that the MOU be subject to those provisions of the MSA.

Please let us know if you are okay with this.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made.
   OFA: This has been reflected in the updated version of the MOU.

2. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above.
   OFA: This has been reflected in the updated version of the MOU.

3. Confirm the following:
   - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)

OFA: Could you please provide us with the updated OPG's wire transfer information?

- Scanned electronic copies for the share subscription form & FAA certificate are acceptable
- Every month, the OFA will inform the Ministry of Energy via email once the payments have been made.
  OFA: Yes, the Settlements team of OFA can do that. Could you please provide a contact for this?

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Ron

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the

discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Hi Gavin

Thank you for getting back to us. We are OK to remove the conflicts cause.

If you are OK with the attached, can you please send us a clean version back tomorrow? This version is the same as what you sent me this morning, except we made a change to the contact name from Corporate on page 5.

Thank you
Graham

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Graham,

Thank you very much for the feedback. We have reviewed and included our comments in the attached version. Please note that we prefer not to include your proposed paragraph concerning conflicts between the MOU and the MSA. As we pointed out in the meeting as well, OFA's role in this process is to facilitate the payment on behalf of ENERGY. If ENERGY has concerns about specific issues where conflict may arise, our expectation is that ENERGY should address that directly. For example, if the MSA called for a payment schedule which the OFA cannot meet, the OFA could not agree that the MOU be subject to those provisions of the MSA.

Please let us know if you are okay with this.

Thanks,
Gavin He

Hi Shruti,

Please find attached the updated draft MOU for your review and comments. We have incorporated the comments that we got from the meeting last week. Also, we have drafted the Certificate Form for your review as well. Please note that these are staff level draft and are subject to further changes.

Also, please see our responses to your questions below in red font.

Please let us know if you have any questions.

Regards,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made.
   OFA: This has been reflected in the updated version of the MOU.

2. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above.
   OFA: This has been reflected in the updated version of the MOU.

3. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
      OFA: Could you please provide us with the updated OPG's wire transfer information?
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made.
      OFA: Yes, the Settlements team of OFA can do that. Could you please provide a contact for this?

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **November , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Ministry will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within [*] business days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date").

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three business days before the Share Subscription Payment Date, electronic copies of the following:

a. a clear and legible electronic copy of each Share Subscription executed and approved for payment by the Minister of Energy or a delegate, and

b. a clear and legible electronic copy of a certificate (the "Certificate") confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under Section 11.4 of the *Financial* Administration *Act*, that OPG is entitled to receive the Subscription Payment. The form of the Certificate is attached as Schedule A to this MOU. Upon receipt of the executed and approved Share Subscription and the Certificate, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription and the Certificate as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

e) The OPG wire transfer information for the Subscription Payments is attached as Schedule B to this MOU.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of

executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: John Kim
Title: Director, Electricity Finance Branch
Address: 1 Dundas Street West, Suite 300, Toronto, Ontario M5G 1Z3
Tel: (416) 212-6996

Title: Controller
Address: 56 Wellesley Street West, 4th Floor, Toronto ON M7A 2E7
Tel: (416) 902-2649
Email: asokan.sadasivan@ontario.ca

c) Either party may designate a different member of its staff as its contact person by providing thirty (30) days notice to the other party in accordance with section 7.

8) Notice

a) Any notice given under this MOU shall be in writing and shall be deemed effective on the date personally delivered to the party's contact person or on the date transmitted by electronic transmission with a confirmation of receipt in all cases, addressed as follows:

In the case of the OFA:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription form dated **[date]** (the "Share Subscription Form") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription Form requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Ron,

FTD, CMD and OFA Legal have confirmed that they are fine with the attached version. In addition, I have attached a clean copy for your review and approval. I can start putting together the approval package.

Are you good with the clean version going back to ENERGY so that they can start their approval process?

Thanks,
Gavin He

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Ron

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Subject: FW: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Hi Ron,

ENERGY has signed the MOU. Attached is the final version, which is the same as the version I sent you on Friday, December 1.

I brought it up to FTD for their signature on the blue sheet, but Ken said that he should sign off on the MOU too, since they are the one making the payment. So I added a line for his signature in those 2 hard copies.

ENERGY would like to have get this back ASAP. I left the package to Usman for your signature.

Thanks,
Gavin He

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

We have landed on the final version of the MOU between OFA and ENERGY. It has been reviewed by OFA Legal, FTD, and CMD. Please let me know if you are good with this.

Here's a summary of the key changes since the last version you saw:

1. A new schedule (Schedule C) was added at the end of the document, as a confirmation of payment authorisation from ENERGY. Section 2) Payment Process was updated to add reference to schedule C as well.
2. Removed the word "subordinate" in paragraph 4 to be consistent with the Master Share Subscription Agreement executed between OPG and ENERGY. OFA Legal is good with this change too.
3. Added a definition of business day and number of days allowed to complete the payment, consistent with the MSA.
4. Added an acknowledgement of possible future changes to the wire transfer instruction.
5. For section 7 & 8, ENERGY decided to keep the names and contacts information, so we reserved the edits.

ENERGY will move forward with the sign-off from their ADM first and send the original to us. I will put together a blue sheet package with the required signatures once I receive the original.

Please let me know if you have any questions.

Thanks,
Gavin He

Hi Ron,

ENERGY just told me that their CAO suggested we remove the names in the contact section of the MOU – essentially only referring to the contacts by title. This will eliminate updates when the contacts change. FTD and OFA Legal are good with that suggestion. ENERGY will send me an updated version of the MOU and I will share that with you once I have it.

Thanks,
Gavin He

Hi Ron,

FTD, CMD and OFA Legal have confirmed that they are fine with the attached version. In addition, I have attached a clean copy for your review and approval. I can start putting together the approval package.

Are you good with the clean version going back to ENERGY so that they can start their approval process?

Thanks,
Gavin He

Hi Ron,

I haven't heard anything back from them yet. I just followed up with them this morning and hope to hear back from them soon.

I can remove some contact names once I hear back from FTD.

Regards,
Gavin He

Hi Gavin,

Was there any feedback from fTD or CMD?

And that's a lot of contact names!

Ron

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Ron

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Hi Gavin

We have no comments on the MOU and the certificate, my previous suggestions have been incorporated by Ken R. With regard to Energy's questions pls see below in red.

From a cash management perspective Alfonso would like to have a contact in energy

who can provide on a monthly basis the cash outflow with regard to this payment. Much appreciated if you can follow up with Energy and provide him with the contact details.

Thanks

Ken k

Subject: FW: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ken and Mike,

Last week, we attended a meeting with Energy and OPG to discuss the Master Subscription Agreement for the equity injection process. Ken Russell drafted a MOU between OFA and Energy before about making the equity injection payments on Energy's behalf. Also, Ken R. drafted a FAA section 11.4 certificate form as well. After the meeting, Ken R. has updated both document, see attached, based on the discussion.

Could you please kindly review and let us know if you have any comments/concerns by **noon tomorrow, Wednesday, November 15th, 2017**? In addition, could you please review and confirm questions 2&3 from Energy in below email?

Please let me know if you would like to discuss this in person, and we can set up a brief meeting. Thanks in advance for your cooperation.

Thanks,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.
4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

<OFA - MoE MOU Fair Hydro Plan_v11.docx>

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **December , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. On June 1, 2017, the Legislative Assembly of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") which was introduced by the Government to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act provide the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.

6. In accordance with the Equity Injection Plan, the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within five (5) Business Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

   i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three Business Days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic copy of each Share Subscription executed and approved by the Minister of Energy or authorized delegate;
   b. a clear and legible electronic copy of a certificate, in the form attached as Schedule A to this MOU (the "Certificate"), confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under section 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment; and
   c. a clear and legible electronic copy of a payment authorization approved by the Deputy Minister of Energy or authorized delegate in the form attached as Schedule C to this MOU (the "Payment Authorization").

c) Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

d) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, the Certificate and the Payment Authorization as provided in paragraph b) above.

e) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

f) The OPG wire transfer information for the Subscription Payments shall be as set out in Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

g) The Ministry shall deliver electronically to the OFA certified copies of any

   a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,
   b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and
   c. authorizations under section 11.4 (2) 1 of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription dated **[date]** (the "Share Subscription") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Kaitlin,

On the OFA side, we are of the view that the MSA should be between OPG and Energy.

Thanks,

John

Hi – There's a strong interest in proceeding with the OFA as a party to the MSA. In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

Happy to discuss,
Kaitlin

Subject: RE: OFHP - Business Issue next steps

Ok I'll run that by ENE and see if there's any major concerns. Couple follow ups:

1. Can we still have a contact at OFA listed in the MSA that OPG can provide notice to?
2. When do you expect a draft SLA/MOU to be ready for ENE legal review?
3. Will ENE need to give OFA approval every month to issue the equity or can we delegate that authority for "up to xxB annually"?

Thanks,
Kaitlin

Hi Kaitlin,

Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let's go down that path and have that discussion.

Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.

Happy to discuss.

John

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi John,

Both OFA Legal and I have reviewed the subscription agreement on a preliminary basis. Why has the OFA been made a direct party to the agreement as it seems that the OFA has a "service" type function here which could be accommodated by a service level agreement between the Ministry Energy and the OFA.

Do you know who prepared this draft and is it based on a term sheet or another document that sets out what the roles of the various parties in this would be.

Thank you.

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal's input so I will send this to Sarah Neville for her review too if that's ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG.

The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Hi Toby,

Just wanted to get something going with an introductory email and to provide you with some context.

Pls. take a look at the Fair Hydro Master Subscription Agreement and the way the equity injection mechanism is envisioned, the operational set up with be under some sort of a service level agreement between Energy and OFA to facilitate the proposed monthly equity injection.

I have a type of service level agreement or MOU in this instance for the Northern Industrial Electricity Rate program as attached. We are hoping something similar could be put in place between Energy and the OFA for this purpose. (The MOU had been drafted by OFA Legal a few years ago when NIER first came into place and have been revised a few times since)

Happy to discuss.

Thanks,

John

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Further to my last email, I realize it was an incomplete thought.

I did take a look at the earlier communication about what the reasoning for the OFA to be a party is. I am wondering if there should be a business level discussion about the roles of the parties. It seems to me that it makes sense that Energy is monitoring and reviewing/approving each injection, but please let me know if you think that the OFA would be doing that on behalf of Energy. I would think that the role of the OFA in the term sheet is not to make the calculations or determine whether the amount being requested by OPG is the correct amount, but more in terms of managing the actual flow of funds.

It might be helpful if someone set out what they see as the role of the OFA (I know that the SLA is being drafted, and that it will give more detail to this issue) in the monthly purchase of OPG shares. The role of the OFA at the stage of "settle equity injection amounts" is unclear, and I think this is the stage at which the roles need to be more clearly set out if the OFA is to do more than would normally occur in an SLA.

Once the role is determined, then how (and if) the OFA should be a party to the Subscription Agreement can be more clearly understood.

Hi - we are wondering if it makes sense to discuss this issue further. I know that OFA legal had questioned whether the OFA needed to be a party to this agreement, and I am not sure what the reasoning is behind making it one, but I think it would help to have a discussion about what is driving this request.

I have not included Kaitlin in this email, but happy to include her in the conversation as well if it makes sense.

Hi – There's a strong interest in proceeding with the OFA as a party to the MSA. In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

Happy to discuss,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)

a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares

2. Performance Fee Recommendation (OPG recommended approach attached)

a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Any indication of what the reasoning is? We can have a conversation with Energy legal directly to understand better, if that helps. Do you know who at energy legal is working on this?

Thanks for the follow up. I got sidetracked on a few things.

I had a call with Kaitlin last Friday and she's mentioned to me that Energy Legal seems to be fairly firm on wanting OFA to be a party to the agreement. We will need to sort this out for sure.

John

Hi - we are wondering if it makes sense to discuss this issue further. I know that OFA legal had questioned whether the OFA needed to be a party to this agreement, and I am not sure what the reasoning is behind making it one, but I think it would help to have a discussion about what is driving this request.

I have not included Kaitlin in this email, but happy to include her in the conversation as well if it makes sense.

Hi – There's a strong interest in proceeding with the OFA as a party to the MSA. In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

Happy to discuss,
Kaitlin

Ok I'll run that by ENE and see if there's any major concerns. Couple follow ups:

1. Can we still have a contact at OFA listed in the MSA that OPG can provide notice to?

2. When do you expect a draft SLA/MOU to be ready for ENE legal review?

3. Will ENE need to give OFA approval every month to issue the equity or can we delegate that authority for "up to xxB annually"?

Thanks,
Kaitlin

Subject: RE: OFHP - Business Issue next steps

Hi Kaitlin,

Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let's go down that path and have that discussion.

Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.

Happy to discuss.

John

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal's input so I will send this to Sarah Neville for her review too if that's ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG. The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Hi Toby,

Just wanted to get something going with an introductory email and to provide you with some context.

Pls. take a look at the Fair Hydro Master Subscription Agreement and the way the equity injection mechanism is envisioned, the operational set up with be under some sort of a service level agreement between Energy and OFA to facilitate the proposed monthly equity injection.

I have a type of service level agreement or MOU in this instance for the Northern Industrial Electricity Rate program as attached. We are hoping something similar could be put in place between Energy and the OFA for this purpose. (The MOU had been drafted by OFA Legal a few years ago when NIER first came into place and have been revised a few times since)

Happy to discuss.

Thanks,

John

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e., We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Ken k

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)

a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares

2. Performance Fee Recommendation (OPG recommended approach attached)

a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e., We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Ken k

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)

a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares

2. Performance Fee Recommendation (OPG recommended approach attached)

a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Hi - we are wondering if it makes sense to discuss this issue further. I know that OFA legal had questioned whether the OFA needed to be a party to this agreement, and I am not sure what the reasoning is behind making it one, but I think it would help to have a discussion about what is driving this request.

I have not included Kaitlin in this email, but happy to include her in the conversation as well if it makes sense.

Hi – There's a strong interest in proceeding with the OFA as a party to the MSA. In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

Happy to discuss,
Kaitlin

Ok I'll run that by ENE and see if there's any major concerns. Couple follow ups:

1. Can we still have a contact at OFA listed in the MSA that OPG can provide notice to?

2. When do you expect a draft SLA/MOU to be ready for ENE legal review?

3. Will ENE need to give OFA approval every month to issue the equity or can we delegate that authority for "up to xxB annually"?

Thanks,
Kaitlin

Hi Kaitlin,

Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let's go down that path and have that discussion.

Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.

Happy to discuss.

John

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal’s input so I will send this to Sarah Neville for her review too if that’s ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG. The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

John and Sarah

The main question to be answered is what are the extent of the OFA's responsibilities.

Is the OFA to provide only cash management services, or is it to have additional responsibilities? i.e. is the decision to fund the subscription to be made by the OFA or by MOE and is the decision that the amount requested under the subscription is appropriate to be made by the OFA or by MoE?

With respect to the first question it is not clear to me what the procedure would be to provide the OFA with the authority to authorise the expenditure.

With respect to the second my previous e-mails sets about my concerns about the lack of specificity in the current draft of the agreement with respect to determining the appropriate amount for each subscription.

There also remains the question of how to address the delivery of the certificate under section 11.4 of the FAA.

Ken

I will take a look at the comments in detail but on the question of whether Gadi has signed off on this, my understanding is that Gadi has not yet been made aware of the proposed MSA. I spoke to Ron yesterday that OFA staff are looking into Energy's request. At some point, following our review, we would need to brief Gadi on the MSA (and the proposed approach).

An FYI, I got a call from Kaitlin this morning that Energy is keen to having the OFA party to the MSA.

John

To: Sarah Neville <Sarah.Neville@ofina.on.ca>; John Kim <John.Kim@ofina.on.ca>
Subject: FW: OFHP - Business Issue next steps

Sarah and John

Has Gadi signed off on this?

My most significant concern with the draft master subscription agreement is its lack of specificity.

In Section 1.1 the Minister of Energy commits to fund 44% of the total financing required by the Fair Hydro Trust. At this point there is no provision in the agreement to establish how that amount is determined. Section 2. of the draft agreement provides only that the monthly subscription amount will be determined by OPG and based on supporting information provided by OPG to be set out in as yet undrafted attachments to the agreement.

Section 11.4 (1)(c) of the Financial Administration Act requires that a certificate be issued confirming that OPG is entitled to or eligible for the payment. My understanding of the current practice of the OFA as reflected in the NIER MOU is to require that this certificate be provided by the Ministry in question. The proposal that the OFA be a party to the master subscription agreement suggests that authorisation would have to be obtained under section 11.2 of the FAA for OFA personnel to issue the certificate. Is that desired?

My initial view is that the provision of the certificate that OPG is entitled to the payment would require a determination that the amount is correct. The current draft of the master subscription agreement does not provide a basis for making that determination. The attachments to the agreement are intended to provide supporting information for the calculation. Further comments on this issue can be made once drafts of these attachments are prepared.

Ken

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Ken k

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

I did flag this for Gadi at my weekly on Tuesday, on the basis that Malle had brought me in late last week. We had a very brief discussion wherein I confirmed that my preliminary view was that I recommended that the OFA not be a party to the MSA and should enter into a separate MOU.

The rationale I provided was that the MSA was very unclear and the OFA's role, responsibilities and authorities were vague given that my understanding was the OFA was a facilitator of cash management services rather than a party with obligations and/or rights in respect of the shares.

Gadi was supportive of this approach (hence my e-mail last week setting out my concerns with the OFA being a party to the agreement), but this was certainly not a formal decision/approval or sign off .

I will take a look at the comments in detail but on the question of whether Gadi has signed off on this, my understanding is that Gadi has not yet been made aware of the proposed MSA. I spoke to Ron yesterday that OFA staff are looking into Energy's request. At some point, following our review, we would need to brief Gadi on the MSA (and the proposed approach).

An FYI, I got a call from Kaitlin this morning that Energy is keen to having the OFA party to the MSA.

Sarah and John

Has Gadi signed off on this?

My most significant concern with the draft master subscription agreement is its lack of specificity.

In Section 1.1 the Minister of Energy commits to fund 44% of the total financing required by the Fair

Hydro Trust. At this point there is no provision in the agreement to establish how that amount is determined. Section 2. of the draft agreement provides only that the monthly subscription amount will be determined by OPG and based on supporting information provided by OPG to be set out in as yet undrafted attachments to the agreement.

Section 11.4 (1)(c) of the Financial Administration Act requires that a certificate be issued confirming that OPG is entitled to or eligible for the payment. My understanding of the current practice of the OFA as reflected in the NIER MOU is to require that this certificate be provided by the Ministry in question. The proposal that the OFA be a party to the master subscription agreement suggests that authorisation would have to be obtained under section 11.2 of the FAA for OFA personnel to issue the certificate. Is that desired?

My initial view is that the provision of the certificate that OPG is entitled to the payment would require a determination that the amount is correct. The current draft of the master subscription agreement does not provide a basis for making that determination. The attachments to the agreement are intended to provide supporting information for the calculation. Further comments on this issue can be made once drafts of these attachments are prepared.

Hi – There's a strong interest in proceeding with the OFA as a party to the MSA. In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

Happy to discuss,
Kaitlin

Ok I'll run that by ENE and see if there's any major concerns. Couple follow ups:

1. Can we still have a contact at OFA listed in the MSA that OPG can provide notice to?
2. When do you expect a draft SLA/MOU to be ready for ENE legal review?
3. Will ENE need to give OFA approval every month to issue the equity or can we delegate that authority for "up to xxB annually"?

Thanks,
Kaitlin

Hi Kaitlin,

Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let's go down that path and have that discussion.

Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.

Happy to discuss.

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully

aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Just wanted to get something going with an introductory email and to provide you with some context.

Pls. take a look at the Fair Hydro Master Subscription Agreement and the way the equity injection mechanism is envisioned, the operational set up with be under some sort of a service level agreement between Energy and OFA to facilitate the proposed monthly equity injection.

I have a type of service level agreement or MOU in this instance for the Northern Industrial Electricity Rate program as attached. We are hoping something similar could be put in place between Energy and the OFA for this purpose. (The MOU had been drafted by OFA Legal a few years ago when NIER first came into place and have been revised a few times since)

Happy to discuss.

Thanks,

John

Subject: RE: OFHP - Business Issue next steps

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Ken k

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you

already have in place that we could work from?

Thanks,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Hi – There's a strong interest in proceeding with the OFA as a party to the MSA. In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

Happy to discuss,
Kaitlin

Ok I'll run that by ENE and see if there's any major concerns. Couple follow ups:

1. Can we still have a contact at OFA listed in the MSA that OPG can provide notice to?
2. When do you expect a draft SLA/MOU to be ready for ENE legal review?
3. Will ENE need to give OFA approval every month to issue the equity or can we delegate that authority for "up to xxB annually"?

Thanks,
Kaitlin

Hi Kaitlin,

Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let's go down that path and have that discussion.

Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.

Happy to discuss.

John

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi John,

Both OFA Legal and I have reviewed the subscription agreement on a preliminary basis. Why has the OFA been made a direct party to the agreement as it seems that the OFA has a "service" type function here which could be accommodated by a service level agreement between the Ministry Energy and the OFA.

Do you know who prepared this draft and is it based on a term sheet or another document that sets out what the roles of the various parties in this would be.

Thank you.

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal's input so I will send this to Sarah Neville for her review too if that's ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG. The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this

agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Hi Ken, Sarah,

Any issue on OFA being listed in the MSA, per #1 below? To the extent that SLA/MOU would clearly indicate that Energy is responsible and the OFA facilitates certain services, I don't have a problem with #1.

In terms of #3, we may want to put the onus on Energy to notify OFA if any material changes occur, e.g. law/legal framework, approvals in place for the equity injection, etc., but if it is Energy's preference to stay out operationally, I don't know if I'd see a problem with that.

Open to other views.

John

Thanks pls cc me and Mike on these issues in the future since both Scott and Kaitlin do include both of us in their communications. I see that in the email chain below the first few emails are addressed to all three of us and it would be appropriate if you kept us informed as you consulted with others including Legal.

Ok I'll run that by ENE and see if there's any major concerns. Couple follow ups:

1. Can we still have a contact at OFA listed in the MSA that OPG can provide notice to?
2. When do you expect a draft SLA/MOU to be ready for ENE legal review?
3. Will ENE need to give OFA approval every month to issue the equity or can we delegate that authority for "up to xxB annually"?

Thanks,
Kaitlin

Hi Kaitlin,

Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the

Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let's go down that path and have that discussion.

Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.

Happy to discuss.

John

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi John,

Both OFA Legal and I have reviewed the subscription agreement on a preliminary basis. Why has the OFA been made a direct party to the agreement as it seems that the OFA has a "service" type function here which could be accommodated by a service level agreement between the Ministry Energy and the OFA.

Do you know who prepared this draft and is it based on a term sheet or another document that sets out what the roles of the various parties in this would be.

Thank you.

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal's input so I will send this to Sarah Neville for her review too if that's ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG. The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Hi Toby,

Just wanted to get something going with an introductory email and to provide you with some context.

Pls. take a look at the Fair Hydro Master Subscription Agreement and the way the equity injection mechanism is envisioned, the operational set up with be under some sort of a service level agreement between Energy and OFA to facilitate the proposed monthly equity injection.

I have a type of service level agreement or MOU in this instance for the Northern Industrial Electricity Rate program as attached. We are hoping something similar could be put in place between Energy and the OFA for this purpose. (The MOU had been drafted by OFA Legal a few years ago when NIER first came into place and have been revised a few times since)

Happy to discuss.

Thanks,

John

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Hi – There's a strong interest in proceeding with the OFA as a party to the MSA. In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

Happy to discuss,
Kaitlin

Subject: FW: OFHP - Business Issue next steps

Hello –

My strong preference and recommendation is that the OFA not be a party to the Subscription Agreement and that its role as cash flow facilitator/service provider along with a clear delineation of the authorities under which the OFA is acting be established in a separate MOU with Energy (e.g. the term sheet contemplates that a completed/signed subscription form will be provided to OPG from the OFA, is the OFA receiving the subscription form from Energy or is it anticipated that OFA will be executing the form on behalf of Energy? If so, what is the source of the authority for Energy to sign and how is it anticipated that MOE's authority will be delegated to the OFA? The term sheet provides that OFA will receive a share certificate confirming issuance of shares/update of share register sent to OFA and Energy. Why is the OFA receiving this? Is it anticipated that the OFA will have some on-going responsibility/role in respect of the shares/due diligence in ensuring that the shares are issued in exchange for the funds or maintaining records in respect of these transactions beyond flowing the "equity injection" and receiving a receipt?).

I think the arrangement and documentation needs to be clear that OFA is not providing services to OPG as a function of this arrangement (and OPG is not a public body, so OFA cannot provide services to OPG).

If there is a desire for OPG to be aware of the obligations and procedures established in arrangement between the OFA and Energy, the MOU can be attached as a schedule to the Subscription Agreement and the Ministry of Energy can undertake in the Subscription Agreement

not to change or amend the MOU without prior written notice to OPG.

Happy to discuss further if there is more context/detail as to what the OFA's role is that I am not aware of beyond the term sheet.

Thanks very much,

Sarah

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi John,

Both OFA Legal and I have reviewed the subscription agreement on a preliminary basis. Why has the OFA been made a direct party to the agreement as it seems that the OFA has a "service" type function here which could be accommodated by a service level agreement between the Ministry Energy and the OFA.

Do you know who prepared this draft and is it based on a term sheet or another document that sets out what the roles of the various parties in this would be.

Thank you.

Malle

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal's input so I will send this to Sarah Neville for her review too if that's ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG. The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Hi Toby,

Just wanted to get something going with an introductory email and to provide you with some context.

Pls. take a look at the Fair Hydro Master Subscription Agreement and the way the equity injection mechanism is envisioned, the operational set up with be under some sort of a service level agreement between Energy and OFA to facilitate the proposed monthly equity injection.

I have a type of service level agreement or MOU in this instance for the Northern Industrial Electricity Rate program as attached. We are hoping something similar could be put in place between Energy and the OFA for this purpose. (The MOU had been drafted by OFA Legal a few years ago when NIER first came into place and have been revised a few times since)

Happy to discuss.

Thanks,

John

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Ken k

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Ok I'll run that by ENE and see if there's any major concerns. Couple follow ups:

1. Can we still have a contact at OFA listed in the MSA that OPG can provide notice to?
2. When do you expect a draft SLA/MOU to be ready for ENE legal review?
3. Will ENE need to give OFA approval every month to issue the equity or can we delegate that authority for "up to xxB annually"?

Thanks,
Kaitlin

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times

through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi John,

Both OFA Legal and I have reviewed the subscription agreement on a preliminary basis.

Why has the OFA been made a direct party to the agreement as it seems that the OFA has a “service” type function here which could be accommodated by a service level agreement between the Ministry Energy and the OFA.

Do you know who prepared this draft and is it based on a term sheet or another document that sets out what the roles of the various parties in this would be.

Thank you.

Malle

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with

the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Ken k

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated “business issues” note, which I’ll send around for everyone’s input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there’s no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy
- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)
- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)
- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, ie, annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder
- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi year forecasts
- Ministry of Energy and Ontario Financing Authority will have a service level agreement in place which provides authority for OFA to provide cash management services to facilitate these share purchases on an ongoing basis on behalf of the Ministry of Energy
- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan
- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option
- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – ie, existing shareholder's equity
- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027
- Redemption value of the Class A Shares to be based on book value on the redemption date, ie, the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Formatted: Indent: Left: 0.5", No bullets or numbering

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

Timing: [same day as notice from Fair Hydro Trust]

Documents/steps:

(i) share subscription form,

(ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

b) OFA and OPG settle equity injection amounts
Timing: [five] business days from notice to OFA to payment/settlement with OPG
[NOTE: timing to be confirmed based on IESO/Trust process requirements]
Documents/steps:
(i) completed/signed share subscription form from OFA/Province to OPG
(ii) funds transfer from OFA to OPG account)
(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register sent to OFA and Ministry of Energy

Longer term Process/Approvals:

1. Equity Requirements Estimates:
   a. Business Plan Submissions: OPG to include forecasts of equity requirements for the business planning period as well as supporting documentation
   a.
   b. OPG Board Approvals
      - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
      - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

   c. Ministry of Energy appropriations
   [describe annual process]- Ministry of Energy to update appropriations for upcoming 3 year cycle through the PRRT process, including 3 year rolling estimates along with supporting information as provided by OPG through its business planning process.

Share Redemption Process

- TBD -- process to be determined at a later date and appended as Appendix to Master Subscription Agreement

Formatted: Indent: Left: 2", No bullets or numbering

Commented [KC1]: Technically appropriation authority doesn't come into effect until the Budget passes. In the event of a post-March 31 Budget, we would need to seek a temporary allocation from OPCD until the budget is approved. Is this handled differently on the loan side at OFA?

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

I'm not sure who drafted, but I received it from Clara Greco at OPG.

ENE legal is also reviewing, I'm hoping to consolidate comments/questions/edits and get back to OPG.

Happy to join the discussion with Malle.

Hi Kaitlin,

The draft agreement….who drafted the agreement? Was it OPG Legal?

I've been back and forth with Malle but will copy you in the next round so some of the questions could be answered directly.

This what you're looking for?

I sent to Ken/Mike/you last week but also sent it to Bruno afterwards as I noticed you were out of the office.

ENE legal is reviewing as well but they've been tied up on the fee discussion so I haven't got comments back.

Happy to take any edits you have on it.

Is MOF legal able to develop the service level agreement between ene/ofa? More of an internal matter so probably less priority but would be good to get that moving through the system.

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Ken k

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Hi John,

Both OFA Legal and I have reviewed the subscription agreement on a preliminary basis. Why has the OFA been made a direct party to the agreement as it seems that the OFA has a "service" type function here which could be accommodated by a service level agreement between the Ministry Energy and the OFA.

Do you know who prepared this draft and is it based on a term sheet or another document that sets out what the roles of the various parties in this would be.

Thank you.

Malle

Subject: RE: OFHP - Business Issue next steps

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal's input so I will send this to Sarah Neville for her review too if that's ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG. The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Hi Toby,

Just wanted to get something going with an introductory email and to provide you with some context.

Pls. take a look at the Fair Hydro Master Subscription Agreement and the way the equity injection mechanism is envisioned, the operational set up with be under some sort of a service level agreement between Energy and OFA to facilitate the proposed monthly equity injection.

I have a type of service level agreement or MOU in this instance for the Northern Industrial Electricity Rate program as attached. We are hoping something similar could be put in place between Energy and the OFA for this purpose. (The MOU had been drafted by OFA Legal a few years ago when NIER first came into place and have been revised a few times since)

Happy to discuss.

Thanks,

John

Subject: RE: OFHP - Business Issue next steps

Hi – There's a strong interest in proceeding with the OFA as a party to the MSA. In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

Happy to discuss,
Kaitlin

Subject: RE: OFHP - Business Issue next steps

Ok I'll run that by ENE and see if there's any major concerns. Couple follow ups:

1. Can we still have a contact at OFA listed in the MSA that OPG can provide notice to?
2. When do you expect a draft SLA/MOU to be ready for ENE legal review?
3. Will ENE need to give OFA approval every month to issue the equity or can we delegate that authority for "up to xxB annually"?

Thanks,
Kaitlin

Hi Kaitlin,

Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let's go down that path and have that discussion.

Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.

Happy to discuss.

John

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi Malle,

My understanding is that OPG staff drafted the draft agreement. Clara Greco at OPG is the contact person.

Looping Kaitlin in as she has been in contact with OPG on this one.

Thanks,

John

Hi John,

Both OFA Legal and I have reviewed the subscription agreement on a preliminary basis. Why has the OFA been made a direct party to the agreement as it seems that the OFA has a "service" type function here which could be accommodated by a service level agreement between the Ministry Energy and the OFA.

Do you know who prepared this draft and is it based on a term sheet or another document that sets out what the roles of the various parties in this would be.

Thank you.

Malle

Subject: RE: OFHP - Business Issue next steps

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal's input so I will send this to Sarah Neville for her review too if that's ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG. The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Hi Toby,

Just wanted to get something going with an introductory email and to provide you with some context.

Pls. take a look at the Fair Hydro Master Subscription Agreement and the way the equity injection mechanism is envisioned, the operational set up with be under some sort of a service level agreement between Energy and OFA to facilitate the proposed monthly equity injection.

I have a type of service level agreement or MOU in this instance for the Northern Industrial Electricity Rate program as attached. We are hoping something similar could be put in place between Energy and the OFA for this purpose. (The MOU had been drafted by OFA Legal a few years ago when NIER first came into place and have been revised a few times since)

Happy to discuss.

Thanks,

John

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Ken k

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated “business issues” note, which I’ll send around for everyone’s input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there’s no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Hi Malle,

Sue, I'm OK with you discussing with OFA Legal.

I will circle back with Kaitlin on the master agreement.

Thanks,

John

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal's input so I will send this to Sarah Neville for her review too if that's ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG. The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Hi Toby,

Just wanted to get something going with an introductory email and to provide you with some context.

Pls. take a look at the Fair Hydro Master Subscription Agreement and the way the equity injection mechanism is envisioned, the operational set up with be under some sort of a service level agreement between Energy and OFA to facilitate the proposed monthly equity injection.

I have a type of service level agreement or MOU in this instance for the Northern Industrial Electricity Rate program as attached. We are hoping something similar could be put in place between Energy and the OFA for this purpose. (The MOU had been drafted by OFA Legal a few years ago when NIER first came into place and have been revised a few times since)

Happy to discuss.

Thanks,

John

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Ken k

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)

    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Subject: RE: OFHP - Business Issue next steps

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Would you mind if I share this with Toby at Legal? I wanted to engage him on the potential SLA. This would help provide context.

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

DRAFT: JUNE 22, 2017

MASTER SHARE SUBSCRIPTION AGREEMENT

among

MINISTER OF ENERGY

- and –

ONTARIO POWER GENERATION

- and -

ONTARIO FINANCING AUTHORITY

Dated as of ■, 2017

EXHIBITS

Exhibit A	--	Share Subscription Form
Exhibit B	--	Subscription Supporting Information
Exhibit C	--	Receipt and Certificate
Exhibit D	--	Payment/Wire Transfer instructions
Exhibit E	--	Share Redemption Process

MASTER SHARE SUBSCRIPTION AGREEMENT

THIS AGREEMENT made as of ■, 2017.

AMONG:

HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, as represented by the Minister of Energy

(the "**Minister**")

- and -

ONTARIO POWER GENERATION INC., a corporation established under the laws of the Province of Ontario

("OPG")

- and -

ONTARIO FINANCING AUTHORITY, a [ ]

(the "**OFA**")

Background

1. The Government of Ontario enacted the *Ontario Fair Hydro Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP"). The Act's purpose is, among other things, to ensure that clean energy costs and clean energy benefits are fairly allocated among present and future specified consumers.

2. The Act and the regulations promulgated under the Act (the "Regulations") creates certain assets related to the deferral of electricity charges (the "Assets"), which Assets will be acquired from the Independent Electricity System Operator ("IESO") by the special purpose financing entity established by OPG to implement the financing plan to fund the deferral under the Act (the "Fair Hydro Trust") **[NTD: use "Financing Entity"??].**

3. The Fair Hydro Trust will acquire the Assets monthly from IESO and finance them in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to fund up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the Fair Hydro Trust's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG [will amend] [has amended] its articles to create a new class of non-voting, redeemable shares (the "Class A Shares"). The Minister will subscribe for Class A Shares monthly in accordance with the process set forth in this Agreement and OPG will in turn invest these amounts in subordinated debt of the Fair Hydro Trust.

6. OPG will be entitled from time to time to redeem or buy back outstanding Class A Shares in connection with repayment of the Fair Hydro Trust subordinated debt or other purposes as may be approved by the OPG board of directors.

7. The Minister and the OFA have entered into a service level agreement (the "SLA") which provides the OFA with authority to provide cash management services to facilitate the share purchases on an ongoing basis on behalf of the Minister.

8. The parties desire to set out in this Agreement the process and mechanisms by which the equity injections and share purchases will occur and their respective roles and responsibilities in the Equity Injection Plan.

NOW THEREFORE the parties hereto agree as follows:

1. Confirmation of Equity Injection and Use of Funds

1.1 The Minister commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations, by way of equity subscriptions in OPG.

1.2 OPG agrees to use the equity received from the Minister solely to lend as subordinated debt to the Fair Hydro Trust to fund the Fair Hydro Trust's obligations under the [Master Sale and Servicing Agreement][**NTD: confirm name]** between the IESO and the Fair Hydro Trust, and the Act and Regulations.

2. Monthly Share Subscription Process

2.1 The Minister, through the OFA, will subscribe for and purchase Class A Shares from OPG monthly, in an amount, and for a value, as determined by OPG in accordance with paragraph 2.2 below.

2.2 Each month, coincident with the asset acquisition to be made by the Fair Hydro Trust from the IESO under the [Master Sale and Servicing Agreement], OPG will provide notice to the Minister and the OFA of the amount of equity injection required and the corresponding number of shares to be issued by OPG and subscribed by the Minister. This notice will be in the form of the Share Subscription attached as Exhibit A. OPG will also provide reasonable supporting information for the values and amounts set out in the Share Subscription, in the form of the Subscription Supporting Information attached as Exhibit B.

2.3 For purposes of providing the reasonable supporting information required under paragraph 2.2 above, OPG agrees:

(i) that the value of the monthly equity injection/share subscription amount will reflect the monthly funding requirements of the Fair Hydro Trust acquisitions under the [Master Sale and Servicing Agreement],; and

(ii) Class A Shares will be issued to the Minister at a value per share equal to their book value as determined from OPG's last approved quarterly financial statements. **[NTD: do we need any more specificity here?]**

2.4 Within [five] Business Days of receipt of the notice and supporting information described in paragraph 2.2, the OFA will deliver the executed Share Subscription to OPG and wire transfer, in immediately available funds, the required equity funds in accordance with the payment instructions set out in Exhibit D or as may be otherwise provided by OPG from time to time. For purposes of this Agreement, "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

2.5 OPG will issue a receipt to the Minister and the OFA, in the form of Exhibit C attached, confirming receipt of the equity amount and certifying as to the update of OPG's corporate share register with issue of the shares in the name of the Minister.

2.6 The first equity injection/share subscription will occur [August x 2017] (the "Initial Equity Injection"). Equity injections will continue monthly so long as the Fair Hydro Trust is purchasing assets and incurring debt obligations, including subordinated debt in favour of OPG, pursuant to the Act and Regulations.

3. Equity Requirement Forecasts and Approvals

3.1 OPG will prepare and submit forecasts of equity requirements for the applicable business planning period as part of its business plan submissions to the Shareholder in accordance with the Memorandum of Agreement between the Minister and OPG effective July 17, 2015 (the "MOA") as amended, restated or replaced from time to time. For clarity, OPG will submit annually, as part of its business plan submissions, the FHP equity requirements forecast for the upcoming 3 years.

3.2 OPG's equity requirement forecast submissions will include all reasonable supporting information and documentation. **[NTD: any more specificity required?]**

3.3 The OFA and the Minister confirm that OPG's equity requirement forecasts submitted with OPG's business plans will not require concurrence by the Shareholder as set out in the MOA.

3.4 In accordance with the submissions made under paragraph 3.1 above, the Minister will update the appropriations for the upcoming 3 year cycle through the PRRT process, including 3 year rolling estimates along with supporting information as provided by OPG through its business planning process.**[NTD: clarify that purpose of this clause is to confirm Energy will seek out and obtain required appropriations]**

4. Share Redemption Process

5.1 The Minister and OPG agree to set out the required process for any future redemption by OPG of outstanding Class A Shares in an appendix to this Agreement and attach it as Exhibit E. Exhibit E will be finalized before the first share redemption [and in any case no later than [90] Business Days before the effective date of such redemption].**[NTD: confirm if need timeframe]**

6. Miscellaneous

6.1 Notices

Any notice, report or other communication to be given under this Agreement will be in writing and will be effective (a) upon receipt when sent by mail or courier, (b) on the date personally delivered to an authorized officer of the party to which sent, or (c) on the date transmitted by electronic transmission with a confirmation of receipt in all cases, addressed as follows:

in the case of the Minister:

■

in the case of the OFA:

■

in the case of OPG:

Ontario Power Generation Inc.
700 University Avenue

Toronto, Ontario
M5G 1X6

Attention: ■
Email: ■

and

Attention: ■
Email: ■

Each party may by notice given as above to the other party or parties hereto, designate any further or different address to which subsequent notices, reports and other communications will be sent.

6.2 Separate Counterparts; Electronic Delivery

This Agreement may be executed by the parties in separate counterparts, each of which when so executed and delivered will be considered an original, but all such counterparts together constitute but one and the same instrument. Delivery of an executed signature page to this Agreement by a party by electronic transmission will be as effective as delivery of a manually executed copy of this Agreement by such party.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their respective officers as of the day and year first above written.

Hi Kaitlin,

On the OFA side, we are of the view that the MSA should be between OPG and Energy.

Thanks,

John

Subject: RE: OFHP - Business Issue next steps

Hi – There's a strong interest in proceeding with the OFA as a party to the MSA. In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

Happy to discuss,
Kaitlin

Ok I'll run that by ENE and see if there's any major concerns. Couple follow ups:

1. Can we still have a contact at OFA listed in the MSA that OPG can provide notice to?
2. When do you expect a draft SLA/MOU to be ready for ENE legal review?
3. Will ENE need to give OFA approval every month to issue the equity or can we delegate that authority for "up to xxB annually"?

Thanks,

Kaitlin

Subject: RE: OFHP - Business Issue next steps

Hi Kaitlin,

Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let's go down that path and have that discussion.

Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.

Happy to discuss.

John

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have

the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi John,

Both OFA Legal and I have reviewed the subscription agreement on a preliminary basis. Why has the OFA been made a direct party to the agreement as it seems that the OFA has a "service" type function here which could be accommodated by a service level agreement between the Ministry Energy and the OFA.

Do you know who prepared this draft and is it based on a term sheet or another document that sets out what the roles of the various parties in this would be.

Thank you.

Subject: RE: OFHP - Business Issue next steps

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal's input so I will send this to Sarah Neville for her review too if that's ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG. The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Hi Toby,

Just wanted to get something going with an introductory email and to provide you with some context.

Pls. take a look at the Fair Hydro Master Subscription Agreement and the way the equity injection mechanism is envisioned, the operational set up with be under some sort of a service level agreement between Energy and OFA to facilitate the proposed monthly equity injection.

I have a type of service level agreement or MOU in this instance for the Northern Industrial Electricity Rate program as attached. We are hoping something similar could be put in place between Energy and the OFA for this purpose. (The MOU had been drafted by OFA Legal a few

years ago when NIER first came into place and have been revised a few times since)

Happy to discuss.

Thanks,

John

Subject: RE: OFHP - Business Issue next steps

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Ken k

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Hi John - I have no substantive comments.

Although I would suggest it be clear internally (at the OFA) who will do what (or if its all CMD?). I also assume we will not be expecting a rate of return on our equity to offset our borrowing interest costs? Not sure if that was dealt with in some discussions..

Regards,
Salman

Hi Kaitlin,

I think the example raised was the example we have with MNDM on NIER. We can quickly work on something like it….the bigger question though is whether SLA between OFA and Energy is sufficient for respective Legal branches.

Thanks,

John

P.S. FYI, I'm off for a few days after tomorrow until Thursday next week.

    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

I would say its MOF legal, since it's the Minister of Finance vs Minister of Energy holding the shares etc… OFA is just a service provider no?

Also, would Minister of Energy also be getting an appropriation for the IOD? I also don't recall if we settled on how interest payments would flow through to rate payers etc.. higher ups may have, but maybe to flag as I don't know how that would impact this if at all.

You know what my main concern is?

I don't know if the process of equity injecting would be blessed by respective Legal branches. I know the TB approval was made for $1.1bn. But the shares are to be owned by or held by Energy as a shareholder. How would they delegate that authority to MOF or to OFA. Could we seek Legal views on that? Who would that be? MOF Legal or OFA Legal?

Hi John - I have no substantive comments.

Although I would suggest it be clear internally (at the OFA) who will do what (or if its all CMD?). I also assume we will not be expecting a rate of return on our equity to offset our borrowing interest costs? Not sure if that was dealt with in some discussions..

Regards,
Salman

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Hi Kaitlin,

I think the example raised was the example we have with MNDM on NIER. We can quickly work on something like it….the bigger question though is whether SLA between OFA and Energy is sufficient for respective Legal branches.

Thanks,

John

P.S. FYI, I'm off for a few days after tomorrow until Thursday next week.

Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy
- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)
- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)
- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, ie, annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder
- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi year forecasts
- Ministry of Energy and Ontario Financing Authority will have a service level agreement in place which provides authority for OFA to provide cash management services to facilitate these share purchases on an ongoing basis on behalf of the Ministry of Energy
- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan
- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option
- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – ie, existing shareholder's equity
- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027
- Redemption value of the Class A Shares to be based on book value on the redemption date, ie, the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Formatted: Indent: Left: 0.5", No bullets or numbering

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

Timing: [same day as notice from Fair Hydro Trust]

Documents/steps:

(i) share subscription form,

(ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

b) OFA and OPG settle equity injection amounts
Timing: [five] business days from notice to OFA to payment/settlement with OPG
[NOTE: timing to be confirmed based on IESO/Trust process requirements]
Documents/steps:
(i) completed/signed share subscription form from OFA/Province to OPG
(ii) funds transfer from OFA to OPG account)
(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register sent to OFA and Ministry of Energy

Longer term Process/Approvals:

1. Equity Requirements Estimates:
   a. Business Plan Submissions: OPG to include forecasts of equity requirements for the business planning period as well as supporting documentation
   a.
   b. OPG Board Approvals
      - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
      - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

   c. Ministry of Energy appropriations
   [describe annual process]- Ministry of Energy to update appropriations for upcoming 3 year cycle through the PRRT process, including 3 year rolling estimates along with supporting information as provided by OPG through its business planning process.

Share Redemption Process

- TBD -- process to be determined at a later date and appended as Appendix to Master Subscription Agreement

Formatted: Indent: Left: 2", No bullets or numbering

Commented [KC1]: Technically appropriation authority doesn't come into effect until the Budget passes. In the event of a post-March 31 Budget, we would need to seek a temporary allocation from OPCD until the budget is approved. Is this handled differently on the loan side at OFA?

Hi Ron,

The challenge is Energy Legal appears to be pushing for OFA's role under the MSA and is not yet clear what the rationale is. I agree with your comments.

John

Thanks John.

I'm not sure of the legal distinction, but I thought of the OFA as acting under an SLA, not having delegated authority.

I was not seeing the OFA taking on legal liability to OPG on this. I would think there would need to be quite a bit more of a drafting issue and approvals issue if there's a push by Energy and OPG to have the OFA take on legal liability.

John

It seems to me that if the OFA was to take on delegated operational responsibility it would in effect have responsibility under the MSA and an argument would exist that it should be a party.

My view is that we should have an internal discussion about the role of the OFA before speaking to MoE.

Ken

>> Hi Kaitlin,
>>
>> Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let's go down that path and have that discussion.
>>
>> Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.
>>
>> Happy to discuss.

>> Subject: RE: OFHP - Business Issue next steps
>>
>> It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.
>>
>> I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.
>>
>> I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.
>>
>> I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Hi Ken, Mike,

On these items, maybe #2 more so than #1, my understanding is that draft regulation is being drafted on the basis of our discussion on Monday.

Any concerns/comments? I will speak to Ron about it this afternoon.

Thanks,

John

Outstanding Business Issues – Ontario Fair Hydro Plan

Briefing Note

PURPOSE

Provide an overview of a few of the key remaining outstanding business issues that OPG and the Province are working through

BUSINESS ISSUES

1. **Provincial Support Agreement Term Sheet (Performance and Payment Guarantees)**
   - As part of the OFHP, the IESO will create and sell a regulatory asset to the OPG financing entity
   - In order to provide assurances to those with claims against the Financing Entity (eg. Holders of debt), and support credit ratings, the Province is providing both a Service Guarantee and a Performance Guarantee to ensure that the obligations of the IESO are carried out including obligations related to collecting and remitting clean energy adjustments.
   - **Next Steps:**
     - OPG and OFA have discussed a draft term sheet and the OFA, MOF and Blakes will work together to provide comments
     - Timing: Guarantees are required to support rating agency review which is expected by the end of July.

2. **Payments in Lieu of Taxes (PILs) Exemption**
   - Provincial staff, with OPG's concurrence, recommends minimizing, to the extent possible, the PILs payable by the OPG financing vehicle, as those costs will be recovered from ratepayers.
   - The Province is considering regulation changes to exempt from PILs the income arising to the OPG financing vehicle / OPG as a consequence of the Fair Hydro Plan.
   - As part of the OFHP, the financing entity will raise debt and acquire "investment assets" from the IESO. Given the unique nature of the investment assets, there are no specific rules which govern the manner which investment assets should be treated for tax purposes, and further analysis is required to ensure the cost of the investment assets are appropriately recognized as a deduction or offset in computing the income of the financing entity.
   - **Next Steps:**
     - The MOF, OFA and OPG are working together to determine required regulation changes.
     - Torys prepared a memo on the item
     - Timing: MOF will be setting up a call with tax policy, OPG and Torys to discuss a memo Torys prepared on the item in the next few days

3. **Fair Hydro Plan - Master Subscription Agreement Term Sheet (Equity Injection Process)**
    - OPG will require equity injections on a monthly basis, to match the timing of the purchase of the IESO regulatory asset, as applicable, in order to maintain its capital structure, and will require flexibility in order to issue shares as needed by the Province.
    - The Ministry of Energy received appropriation for a fiscally-neutral operating asset expenditure of $1.1B through PRRT to support equity injections for the 2017-18 period, and will continue to provide multi-year forecasts each year through PRRT.
    - **Next Steps:**
        - ~~The Ministry of Energy, OFA and OPG are working through the short term mechanics of this process, which will ultimately feed into a Master Subscription Agreement. A draft term sheet is underway.~~Approval of the draft term sheet (see note).
        - Once term sheet is approved, this will serve as the basis for the Master Subscription Agreement between OPG/ENE and OFA
        - OFA and ENE to develop Service Level Agreement for monthly cash management services
        - Amendment to OPG articles required to facilitate issuance of new class of shares
        - Timing: OPG will require the ability to issue equity in ~~July~~August, so mechanics and agreements should be finalized in ~~June~~July.

4. **Management Fees**
    - OPG will be providing all required services to the Trust as part of the OFHP, including planning, strategy, financing, deal execution etc.
    - The legislation allows OPG to establish and charge a management fee for those services in accordance with the regulations, which are currently in development.
    - ~~OPG and OEB are currently working together on a management fee structure that balances the interests of minimizing costs and satisfying accounting consolidation requirements.~~
    - There are two components to the management fee model proposed by OPG:
        - Base fee: the structure will allow OPG to earn a commercial fee, an accounting consolidation requirement, with periodic OEB review of the commercial basis of that fee. OEB and OPG are in discussions in order to develop a model that satisfies the accounting requirements and is consistent with OEB's processes.
        - Performance ~~management~~ fee: OPG has the ability to gain or lose depending on the actual financing cost relative to a benchmark, which would be shared equally between ratepayers and OPG. Gain/loss is capped at 1% of annual incremental issuance amount.
    - **Next Steps:**

- Base fee: OEB to provide comments on OPG's proposed base fee framework.
- Performance Fee: ~~OPG and OEB will bring forward a recommended framework for developing management fees.~~Approval of the draft framework (see note).
- Timing: ~~TBD~~For incorporation into the June 27th regulations

5. **Subordinated Debt Loan Agreement**
   - OPG will lend the equity injection from the Province to the Fair Hydro Trust by way of subordinated debt
   - Based on monthly funding requirements of the GA asset, the Trust will use short term financing and take out bonds once short term funding reaches certain levels
   - OPG and OFA are working on a Debt Loan Arrangement that would establish the interest rates on the subordinated debt
   - **Next Steps:**
     - OPG and OFA will bring forward a recommended framework for determining interest rates
     - Timing: TBD

6. **IESO – Increased OFA Credit Facilities**
   - THE OPG financing entity is not expected to be immediately operational, so the IESO will need to have transitional financing in place to manage the difference in the payments to generators and other service providers vs payments from loads / LDCs.
   - There may also be on-going monthly cash flow timing differences that the IESO will need a credit facility for.
   - In addition, the OPG financing entity has the right to purchase the regulatory asset from IESO but is not required to purchase it.
   - IESO is working with the OFA to increase the credit facilities in the event that the OPG financing entity does not purchase the regulatory asset
   - **Next Steps:**
     - OFA is drafting a new agreement for a $2 billion credit facility for the OFA to lend funds to IESO for FHP purposes. Concurrently, the OFA is seeking the Minister's approval for an LRC submission to approve an OIC for an additional $2 billion in borrowing capacity, as well as a Directive from the Minister of Finance, which are both necessary for the OFA to lend funds to IESO under the requested new Credit Facility.
     - Timing: The OIC is scheduled for the June 27, 2017 LRC meeting. The Directive and Credit Facility Agreement are currently being drafted, to be in place by July 1st, 2017

7. **OPG Indemnity**
    - OPG (and IESO) are asking for the Province to indemnify the IESO, OPG (the entities) and their respective directors, officers and employee in order to allow them to carry out their roles in implementing the Ontario Fair Hydro Plan and primarily the Global Adjustment refinancing.
    - Indemnification will need to ensure separation between the Province and OPG is maintained
    - **Next Steps:**
        - Staff in Ministry of Finance and Treasury Board Secretariat have received initial documents and are currently reviewing.
        - Depending on the structure of the indemnity requested, an OIC may be required to provide authority to the Minister of Finance
        - Timing: If an OIC is required this would be included in the June 27th, 2017 submission

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares

2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

(DRAFT) FINANCING TRUST – MANAGEMENT FEE TO OPG

BACKGROUND

OPG will be providing all required services to the Trust as part of the Ontario Fair Hydro Act. These services will include but are not limited to planning, strategy, financing, deal execution (front office services) and operational/administrative (back office services). The details will be part of the Financing & Management Agreement between the Trust and OPG.

Sections 18 and 19 of the legislation outline the above and allow OPG to establish and charge a management fee for these services, in accordance with the regulations. Over the next few weeks, the Province will develop these regulations. To further the regulation development, below is a frame work that is being contemplated for developing a management fee:

- The fee charged must satisfy accounting consolidation requirements
    - OPG must earn a fee with a commercial basis.
    - An at-risk component is required.
        - The total fee would have a base and performance/at-risk component. The at-risk component would have a smaller weighting (less than 50%). The details and methodology are still under development and in consultation with the OFA.

Below is an analysis for establishing a base management fee, and if accepted, certain elements may have to be built into the regulations.

PRELIMINARY COMPARABLES

Typical management fees for services provided to a trust are quoted as basis points (bps) of Assets Under Management (AUM). To get an idea of a commercial basis fee which could be applicable to the Trust securitization structure, the following were assessed:

- Recent Asset Backed Security (ABS) deals
- Dealers input
- Rating agency input
- OPG employee pension benchmark data

See Appendix 1 for the results of the assessment.

RATIONALE FOR DEVELOPMENT OF BASE MANAGEMENT FEE

Below is a table of preliminary findings based on Appendix 1:

Back Office Services	All-inclusive Services (Front and Back Office
3 - 10 bps	20 bps

An estimated base management fee of 10 bps is built up as follows:

1. Based on the comparables, back office services are priced at 3 - 10 bps. Long Island Power Authority (LIPA) and Duke Energy, both of which were used as the basis for formulating the legislation and structure, each earn 5 bps for performing these services. It should be noted there are differences between their program and OPG's:
    - These entities are both sponsor and servicer of their respective trusts
    - The debt issuance programs are not on-going and smaller
    - This fee amount is representative of a cost recovery

    LIPA and Duke Energy's agreements allow for a third party to provide these services on a commercial basis and under that construct the fee could go as high as 60 bps. In discussions with the dealers, the fee for back office services provided externally is 3 - 10 bps in an ABS vehicle. The low end is reflective of very basic services for a traditional ABS vehicle, which is much less than what is required by the Trust. Dealers have indicated given the size and complexity of the Trust operations (short-term / long-term debt, on-going debt issuances, etc.) the high end of the range is consistent with the level of services required.

2. The dealers had seen all-inclusive fees of 20 bps for an ABS trust structure in the market. The size of the assets secured in these trusts is around $4 billion. Dealers have indicated given the forecasted size of the Trust, a fee in the range of 10 – 15 bps would be appropriate. This is consistent with management fees seen by the OPG employee pension fund during their RFP for a pension strategist. The pension strategist essentially performs front and back office services on behalf of the pension fund trust, which has an AUM of $14 billion.

3. CRA transfer pricing rules state that charges between related parties must be at commercial terms.

The estimated 10 bps base management fee would seem to be appropriate as it is balancing the interests of minimizing costs and earning a fee at commercial terms. If this framework is accepted, further work would be undertaken to determine the final number. Such work would include broadening discussions with dealers and rating agencies, and gathering further benchmark information.

APPENDIX 1

FINANCING TRUST

Financial Services & Management Fee Comparables

	Comparables	Fee (bps)		Source	Comments
		Back Office	All Inclusive		
1.	Management services provider for ABS trust	3 - 10	20	Discussion with dealers and rating agency	Back Office - Basic services like billing, payments, reporting, and settlements. Front office component larger due to nature of work. Secured assets of around $4 billion.
2.	Bids from OPG employee pension strategist RFP participants	N/A	10 - 15	Discussion with OPG Fund Management	Some pricing was contingent on having a separate performance fee component (active management). If there is no active management, the base management fee would be adjusted higher to compensate.
3.	Long Island Power Authority (LIPA) 2016B Restructuring Bonds	5	N/A	USDA Prospectus Restructuring Bonds Series 2016B	Basic services similar to #1. The 5 bps assumes the issuer is also the servicer. The fee can go as high as 60 bps for an external service provider.
4.	Duke Energy nuclear asset-recovery bond	5	N/A	Nuclear asset -recovery bond financing order (11/19/2015)	Basic services similar to #1. The 5 bps assumes the issuer is also the servicer. The fee can go as high as 60 bps for an external service provider.

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

John

It seems to me that if the OFA was to take on delegated operational responsibility it would in effect have responsibility under the MSA and an argument would exist that it should be a party.

My view is that we should have an internal discussion about the role of the OFA before speaking to MoE.

Ken

>> Subject: RE: OFHP - Business Issue next steps
>>
>> It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.
>>
>> I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.
>>
>> I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.
>>
>> I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

>>> Subject: RE: OFHP - Business Issue next steps
>>>
>>> It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.
>>>
>>> I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.
>>>
>>> I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.
>>>
>>> I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Sure, I will set it up and I have a few questions around the delegated operational role.

John

John

It seems to me that if the OFA was to take on delegated operational responsibility it would in effect have responsibility under the MSA and an argument would exist that it should be a party.

My view is that we should have an internal discussion about the role of the OFA before speaking to MoE.

Ken

>> Subject: RE: OFHP - Business Issue next steps
>>
>> It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.
>>
>> I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.
>>
>> I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.
>>
>> I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

I would be happy if a reach out to Energy Legal is made.

Even if a delegated operational role is taken on, I wasn't sure why the OFA would need to be a party to the MSA but would help to hear Energy Legal's perspective.

I agree that a discussion would be useful.

It seems to me that the first thing to clarify is the role of the OFA. Is the OFA to simply provide financial services or is it prepared to take on a delegated operational role? My view is that for the OFA to take on an operational role some significant issues would have to be addressed.

Ken

All good – I had another chat with legal and think they are getting comfortable. Hoping you guys are still willing to review the MSA even if OFA isn't a party to it (as I think OFA's probably more familiar with this type of stuff).

I'm off weds/thurs on a course but we can chat Friday.

Hi Kaitlin,

On the OFA side, we are of the view that the MSA should be between OPG and Energy.

Thanks,

John

Hi – There's a strong interest in proceeding with the OFA as a party to the MSA. In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

Happy to discuss,
Kaitlin

Subject: RE: OFHP - Business Issue next steps

Ok I'll run that by ENE and see if there's any major concerns. Couple follow ups:

1. Can we still have a contact at OFA listed in the MSA that OPG can provide notice to?
2. When do you expect a draft SLA/MOU to be ready for ENE legal review?
3. Will ENE need to give OFA approval every month to issue the equity or can we delegate that

authority for “up to xxB annually”?

Thanks,
Kaitlin

Subject: RE: OFHP - Business Issue next steps

Hi Kaitlin,

Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let’s go down that path and have that discussion.

Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.

Happy to discuss.

John

Cc: Bruno Amara <Bruno.Amara@ofina.on.ca>; Kenneth Russell <Kenneth.Russell@ofina.on.ca>; Sarah Neville <Sarah.Neville@ofina.on.ca>
Subject: RE: OFHP - Business Issue next steps

It’s based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn’t ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn’t a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation

of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi John,

Both OFA Legal and I have reviewed the subscription agreement on a preliminary basis. Why has the OFA been made a direct party to the agreement as it seems that the OFA has a “service” type function here which could be accommodated by a service level agreement between the Ministry Energy and the OFA.

Do you know who prepared this draft and is it based on a term sheet or another document that sets out what the roles of the various parties in this would be.

Thank you.

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this

point in time?

Thanks in advance,
Kaitlin

Hi all – just checking in on comments. ENE DMO is looking for this by noon so if you're able to share any comments shortly I would greatly appreciate it.

This version just includes one more item based on the term sheet OPG shared yesterday but I was unsure about timing on that one.

Please let me know if you have any questions.

Hi all,

ENE MO asked for a quick note on 4 of the outstanding business issues that are being worked through and are hoping to see something tomorrow morning.

I've pulled together a high level explanation of each of the items and next steps/timing (to the extent I know).

Would greatly appreciate if you guys could take a look and provide any edits/comments today/early tomorrow if possible. I'm also not too involved in a few of these discussions so if there's others within OFA you think should review feel free to pass along.

Thanks in advance,
Kaitlin

Hi John

Did you notice the wording change on the timing of the OIC regarding OPG indemnity. It now says

June 27. Our wording was not committal to the June 27 date, but to . I don't think there is that urgency for this OIC. Per our teleconference earlier this week, there are still internal discussions to be had regarding the Province's position.

This was our wording

- Upcoming Cabinet date is June 27, 2017, for which documents are past due. Next possible LRC/Cabinet date is scheduled for July 26, 2017.

Hi all,

ENE MO asked for a quick note on 4 of the outstanding business issues that are being worked through and are hoping to see something tomorrow morning.

I've pulled together a high level explanation of each of the items and next steps/timing (to the extent I know).

Would greatly appreciate if you guys could take a look and provide any edits/comments today/early tomorrow if possible. I'm also not too involved in a few of these discussions so if there's others within OFA you think should review feel free to pass along.

Thanks in advance,
Kaitlin

Hi,

I'm assuming our branch has no deliverables related to other parts of the OFHP, so I've created a "Implementation" folder in the "Debt Financing the GA" since all of these related to the GA part of the OFHP. Happy to move around and reorg.

Z:\Users\CEF\Hydro 2017\Electricity Prices\Mitigation Proposals\Debt Financing the GA\Implementation

I've created a deliverables list there as well. Feel free to add.

Regards,
Salman

Hi John,

That`s fine to get back at a staff level.

Presumably, slide 3 should replace the ''Protection Agreement'' wording too.

On slide 5, it refers to an estimated $20 bn, vs the less than $20 bn in the comms around the AG report. Is this an update, or should it be edited to conform?

Hi everyone,

We're pulling together a product summarizing all the outstanding business issues including status/next steps with respect to the Fair Hydro Plan for the Minister of Energy

I've attempted to fill out as much as possible (Hilary there's a couple placeholder slides where I had no content but I think those would be for ESP? Please correct me if I'm wrong).

Each of you are involved in various aspects of these issues so I'm hoping you can take a look to ensure we're accurately capturing each item.

I'm away next week but if you could provide your suggested edits to Keley by next Wednesday we would appreciate it. The briefing has not yet been set up so we will keep you posted if that timing needs to change.

Thanks in advance,
Kaitlin

Hi everyone,

This product was put on hold but we've now been asked to refresh it.

Could you please take a look and provide any comments midday tomorrow.

Hilary – I think you guys would lead slides 6/8 but please let me know if that's not the case.

Thanks in advance,
Kaitlin

Hi everyone,

We're pulling together a product summarizing all the outstanding business issues including status/next steps with respect to the Fair Hydro Plan for the Minister of Energy

I've attempted to fill out as much as possible (Hilary there's a couple placeholder slides where I had no content but I think those would be for ESP? Please correct me if I'm wrong).

Each of you are involved in various aspects of these issues so I'm hoping you can take a look to ensure we're accurately capturing each item.

I'm away next week but if you could provide your suggested edits to Keley by next Wednesday we would appreciate it. The briefing has not yet been set up so we will keep you posted if that timing needs to change.

Thanks in advance,
Kaitlin

Thanks John, I don't have any major issues. I do note that the slide on the recovery of interest over the moratorium period remains blank, I understand a reg was crafted on this issue with IESO recovering these amounts from the Global Adjustment. Not sure whether the recovery is limited to IESO's interest costs on the credit line or extends to the interest costs of the financing entity over the four years in question.

Clarification from you or Energy will be much appreciated.

Slide 10: one small point it says the sub debt agreement includes the OFA as a party, my understanding is that the OFA will review the sub debt agreement and make sure we are comfortable with the terms, but will not be a signatory, you may want to communicate this to Energy.

Thanks

Ken k

OFHP Business Issues

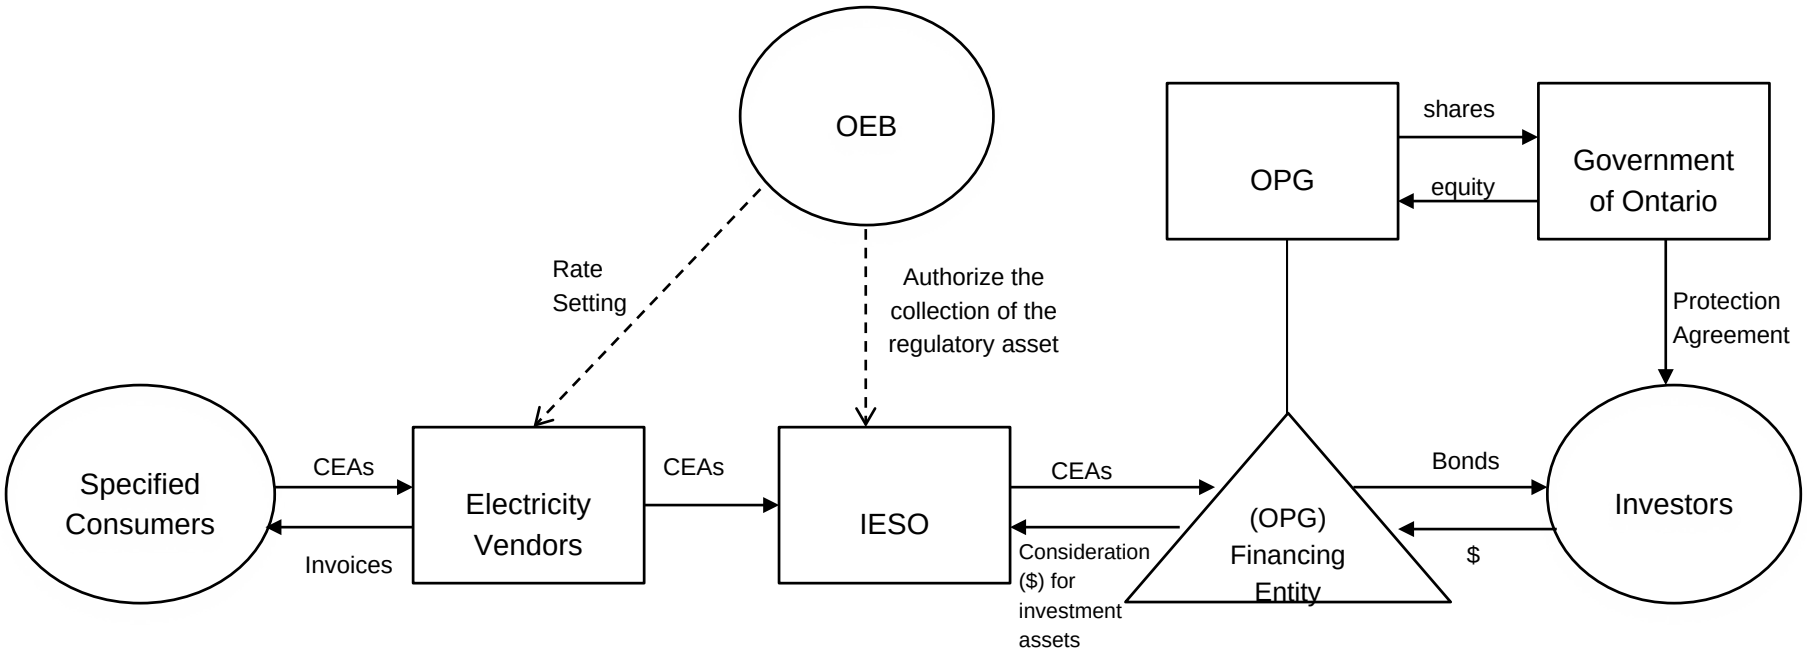
DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - A financing entity purchasing the regulatory asset would effectively finance the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including
  - Provincial Protection and Assurances Agreement (PPAA)
  - Fair Allocation Amount (FAA)
  - Management Fees Regulation
  - Moratorium Period Interest and Fee Recovery
  - Equity Injections
  - Subordinated Debt Agreement
  - PILs Exemption

Global Adjustment Refinancing – Roles and Responsibilities



Note: CEAs are “clean energy adjustments”

Provincial Protection and Assurances Agreement

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets (planned to be 51%, with other financing to come from OPG and, indirectly, the Province)
  - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable or would result in higher financing costs, to be passed on to ratepayers
- Upon receiving TB/MBC approval, and as contemplated under the Act, the Ministers of Energy and Finance have the authority to negotiate and enter into a protection agreement that supports the Financing Entity and prospective debt holders such that the Province would take over the funding obligations of the Financing Entity, under certain circumstances, including
  - Actions of the Legislative Assembly that undermine the financing arrangement; i.e., repeal or amendment of the Ontario Fair Hydro Plan Act, 2017, or new legislation that adversely affect the Financing Entity
  - A court decision that declares the rights of the Financing Entity to recover amounts from ratepayers to be invalid or unenforceable
  - Changes to the organization, structure or operations of IESO or a change in the electricity market structure or operations that adversely affects the ability of the Financing Entity to recover amounts related to funding obligations.

Provincial Protection and Assurances Agreement (Con't)

- In the event the protection agreement is triggered, the Province will be required to pay the obligations of the Financing Entity including principal and interest payments on debt issued to date, any payments to derivatives counterparties and any outstanding payments to service providers
  - The Province could potentially service the debt and other obligations and could replace OPG as the financial services manager
- The protection agreement may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access the U.S. market as investors in that market will likely require additional compensation if the assumption agreement is triggered
- The Province will take on a contingent liability, which will increase over the duration of the Fair Hydro Plan and peak at an estimated $20B of debt (final cost forecasts TBC), including principal and accumulated interest
- In the event the protection agreement is triggered, the Province's net debt will most likely increase by an amount equal to the contingent liability at that point in time
  - The Province's interest payments will also increase by the debt interest servicing of the debt payment obligations it has assumed under the protection agreement
  - IOD expense may increase between $0.8B and $1.0B per annum, assuming the protection agreement is triggered when debt is at its peak, and depending on the interest rate at which the Financing entity will be able to borrow at

Next Steps:

- Province to work with OPG and external legal counsel to finalise the Protection Agreement

Fair Allocation Amount

Overview:

- xx

Next Steps:

- Xx

CEFD Comment: Does the FAA include any interest on the deferred GA amount? Does the equity injection from the Province also covers those interest costs?

Management Fees Regulation

Overview:

- Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest.
- The Act enables OPG to achieve its objectives of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.
- The fee will have a fixed and variable component and be determined by formulas set out in a regulation, which as currently drafted includes:
    - **Base fee**: Monthly fee calculated as 7.5 basis points on monthly funding obligation. The base fee will be independently reviewed in 2018.
    - **Variable fee**: Annual fee of 5% of the difference difference between forecast and actual interest rates achieved for each of its funding tranches. The variable fee in any one year will be no more than 5 basis points of the net annual borrowing and can be no less than -5 basis of the net annual borrowing. If the variable fee is a negative amount, such amount will be deducted from the base fee in the following calendar year in twelve equal monthly payments
- The OEB will have a role in reviewing OPG's fees to ensure that the fees are consistent with prevailing market comparators

Next Steps:

- The Province is working with the OEB and OPG to develop a regulation setting out how the fees would be calculated including appropriate comparators for the OEBs review

Moratorium Period Interest and Fee Recovery

Overview:

- xx

Next Steps:

- Xx

OFA Comment: Is the recovery limited to IESO's interest costs on the credit line or does it extend to the interest costs of the financing entity over the four years in question?

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, an OPG financing entity would be established and borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to provide the 44% share of financing for the financing entity to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a periodic basis, OPG will send a notice of share subscription to the Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds

Next Steps:

- OPG and the Ministry of Energy have approved the Master Subscription Agreement and will proceed to execute in the coming weeks
- The Ministry of Energy will work with the OFA to ensure a mechanism is in place to flow the funds within the required timeframes after the request is made by OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt
- OPG proposes that OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt [TBD]
- OPG has proposed that interest rates on the subordinated debt be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt [TBD]
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. [TBD]

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of September [TBD]

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as Financial Services Manager, will be a trust (Trust).
- The Trust would be subject to tax under the *Income Tax Act* (Canada) and the Ontario *Taxation Act, 2007*.
- The beneficiary of the Trust will be a corporation (Subco) that will be directly or indirectly wholly-owned by OPG.
  - Subco, as a subsidiary of OPG, would be exempt from federal and provincial corporate taxes payable by private sector companies. Instead, Subco would be subject to tax under the payments in lieu of taxes (PILs) regime under the *Electricity Act, 1998 (EA),* and would pay PILs to the Ontario Electricity Financial Corporation (OEFC);
  - PILs are used by the OEFC to help pay down ~~its~~ debt and other liabilities – OEFC is the legal continuation of the former Ontario Hydro.
- In order to mitigate the cost to ratepayers, a recommendation will be made to the Minister of Finance ~~to~~ to make a regulation under the EA that would exempt Subco from PILs on income received by Subco as beneficiary of the Trust.
- Should OPG, as Financial Services Manager, establish other financing entities in the future for purposes of the OFHP, the Ministry of Finance will ~~also~~ consider making similar recommendations to the Minister of Finance.

Next Steps:

- Letter to OPG provide comfort that Subco will be exempt from PILs on income received as beneficiary of the Trust.
- The Ministry of Finance is working with OPG on a draft regulation, which is intended to be made by the Minister of Finance in the Fall of 2017.

Hi everyone,

We're pulling together a product summarizing all the outstanding business issues including status/next steps with respect to the Fair Hydro Plan for the Minister of Energy

I've attempted to fill out as much as possible (Hilary there's a couple placeholder slides where I had no content but I think those would be for ESP? Please correct me if I'm wrong).

Each of you are involved in various aspects of these issues so I'm hoping you can take a look to ensure we're accurately capturing each item.

I'm away next week but if you could provide your suggested edits to Keley by next Wednesday we would appreciate it. The briefing has not yet been set up so we will keep you posted if that timing needs to change.

Thanks in advance,
Kaitlin

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets (planned to be 51%, with other financing to come from OPG and, indirectly, the Province)
  - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable or would result in higher financing costs, to be passed on to ratepayers
- Upon receiving TB/MBC approval, and as contemplated under the Act, the Ministers of Energy and Finance have the authority to negotiate and enter into a protection agreement that supports the Financing Entity and prospective debt holders such that the Province would take over the funding obligations of the Financing Entity, under certain circumstances, including
  - Actions of the Legislative Assembly that undermine the financing arrangement; i.e., repeal or amendment of the Ontario Fair Hydro Plan Act, 2017, or new legislation that adversely affect the Financing Entity
  - A court decision that declares the rights of the Financing Entity to recover amounts from ratepayers to be invalid or unenforceable
  - Changes to the organization, structure or operations of IESO or a change in the electricity market structure or operations that adversely affects the ability of the Financing Entity to recover amounts related to funding obligations.

Provincial Protection and Assurances Agreement (Con't)

- In the event the protection agreement is triggered, the Province will be required to pay the obligations of the Financing Entity including principal and interest payments on debt issued to date, any payments to derivatives counterparties and any outstanding payments to service providers
  - The Province could potentially service the debt and other obligations and could replace OPG as the financial services manager
- The protection agreement may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access the U.S. market as investors in that market will likely require additional compensation if the assumption agreement is triggered
- The Province will take on a contingent liability, which will increase over the duration of the Fair Hydro Plan and peak at an estimated $20B of debt (final cost forecasts TBC), including principal and accumulated interest
- In the event the protection agreement is triggered, the Province's net debt will most likely increase by an amount equal to the contingent liability at that point in time
  - The Province's interest payments will also increase by the debt interest servicing of the debt payment obligations it has assumed under the protection agreement
  - IOD expense may increase between $0.8B and $1.0B per annum, assuming the protection agreement is triggered when debt is at its peak, and depending on the interest rate at which the Financing entity will be able to borrow at

Next Steps:

- Province to work with OPG and external legal counsel to finalise the Protection Agreement

Fair Allocation Amount

Overview:

- xx

Next Steps:

- xx

Management Fees Regulation

Overview:

- Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest.
- The Act enables OPG to achieve its objectives of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.
- The fee will have a fixed and variable component and be determined by formulas set out in a regulation, which as currently drafted includes:
    - **Base fee**: Monthly fee calculated as 7.5 basis points on monthly funding obligation. The base fee will be independently reviewed in 2018.
    - **Variable fee**: Annual fee of 5% of the difference difference between forecast and actual interest rates achieved for each of its funding tranches. The variable fee in any one year will be no more than 5 basis points of the net annual borrowing and can be no less than -5 basis of the net annual borrowing. If the variable fee is a negative amount, such amount will be deducted from the base fee in the following calendar year in twelve equal monthly payments
- The OEB will have a role in reviewing OPG's fees to ensure that the fees are consistent with prevailing market comparators

Next Steps:

- The Province is working with the OEB and OPG to develop a regulation setting out how the fees would be calculated including appropriate comparators for the OEBs review

Moratorium Period Interest and Fee Recovery

Overview:

- xx

Next Steps:

- xx

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, an OPG financing entity would be established and borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to provide the 44% share of financing for the financing entity to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a periodic basis, OPG will send a notice of share subscription to the Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds

Next Steps:

- OPG and the Ministry of Energy have approved the Master Subscription Agreement and will proceed to execute in the coming weeks
- The Ministry of Energy will work with the OFA to ensure a mechanism is in place to flow the funds within the required timeframes after the request is made by OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt
- OPG proposes that OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt [TBD]
- OPG has proposed that interest rates on the subordinated debt be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt [TBD]
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. [TBD]

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of September [TBD]

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as Financial Services Manager, will be a trust (Trust).
- The Trust would be subject to tax under the *Income Tax Act* (Canada) and the Ontario *Taxation Act, 2007*.
- The beneficiary of the Trust will be a corporation (Subco) that will be directly or indirectly wholly-owned by OPG.
  - Subco, as a subsidiary of OPG, would be exempt from federal and provincial corporate taxes payable by private sector companies. Instead, Subco would be subject to tax under the payments in lieu of taxes (PILs) regime under the *Electricity Act, 1998 (EA),* and would pay PILs to the Ontario Electricity Financial Corporation (OEFC);
  - PILs are used by the OEFC to help pay down ~~its~~ debt and other liabilities – OEFC is the legal continuation of the former Ontario Hydro.
- In order to mitigate the cost to ratepayers, a recommendation will be made to the Minister of Finance ~~to~~ to make a regulation under the EA that would exempt Subco from PILs on income received by Subco as beneficiary of the Trust.
- Should OPG, as Financial Services Manager, establish other financing entities in the future for purposes of the OFHP, the Ministry of Finance will ~~also~~ consider making similar recommendations to the Minister of Finance.

Next Steps:

- Letter to OPG provide comfort that Subco will be exempt from PILs on income received as beneficiary of the Trust.
- The Ministry of Finance is working with OPG on a draft regulation, which is intended to be made by the Minister of Finance in the Fall of 2017.

Hi everyone,

We're pulling together a product summarizing all the outstanding business issues including status/next steps with respect to the Fair Hydro Plan for the Minister of Energy

I’ve attempted to fill out as much as possible (Hilary there’s a couple placeholder slides where I had no content but I think those would be for ESP? Please correct me if I’m wrong).

Each of you are involved in various aspects of these issues so I’m hoping you can take a look to ensure we’re accurately capturing each item.

I’m away next week but if you could provide your suggested edits to Keley by next Wednesday we would appreciate it. The briefing has not yet been set up so we will keep you posted if that timing needs to change.

Thanks in advance,
Kaitlin

OFHP Business Issues

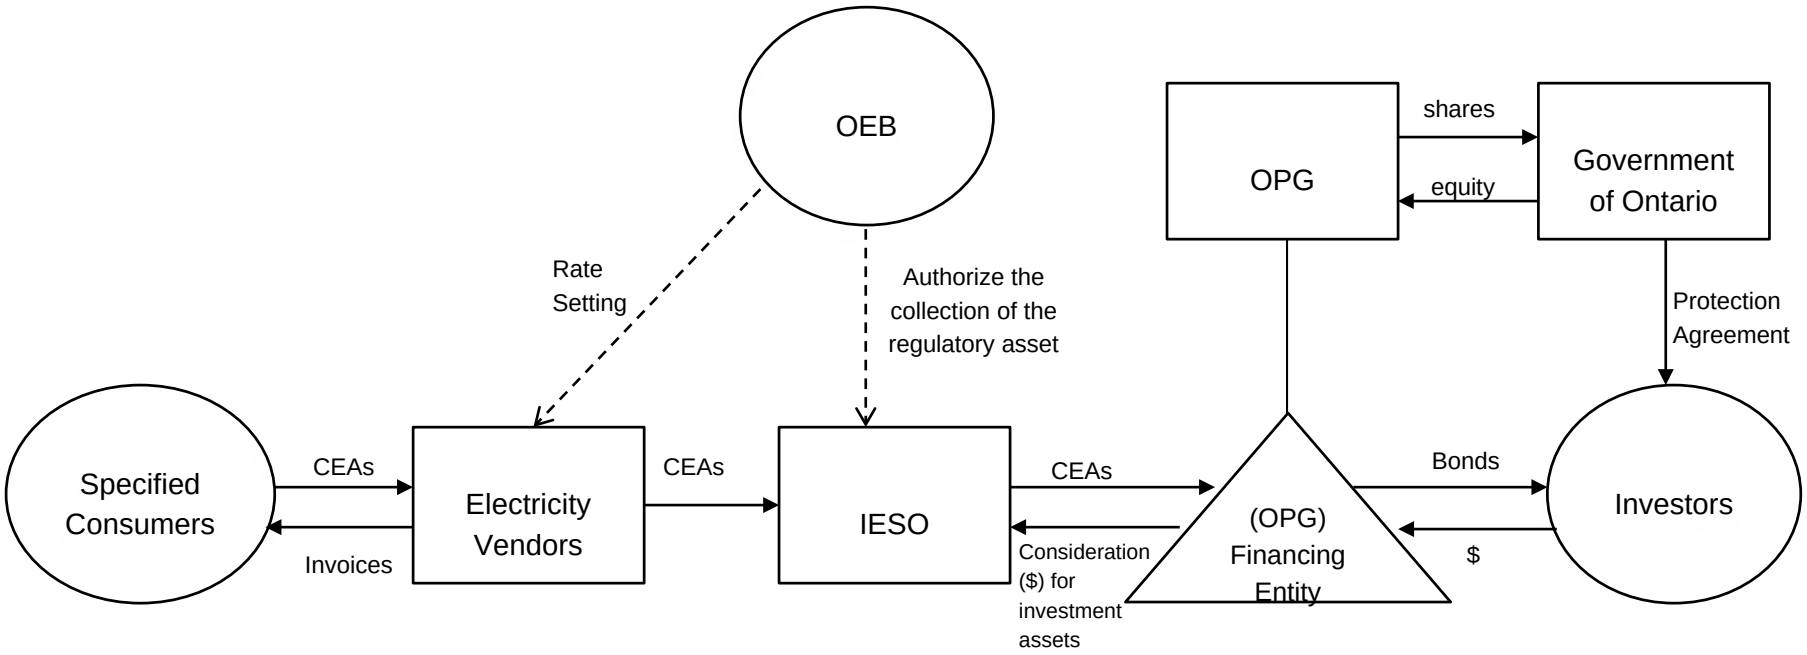
DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - ~~The~~ A financing entity ~~will~~ purchas~~ing~~ ~~e~~ the regulatory asset would~~,~~ effectively finance ~~ing~~ the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including
  - Provincial Protection and Assurances Agreement (PPAA)
  - Fair Allocation Amount (FAA)
  - Management Fees Regulation
  - Moratorium Period Interest and Fee Recovery
  - Equity Injections
  - Subordinated Debt Agreement
  - PILs Exemption

Global Adjustment Refinancing – Roles and Responsibilities



Note: CEAs are “clean energy adjustments”

Provincial Protection and Assurances Agreement

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets (planned to be 51%, with other financing to come from OPG and, indirectly, the Province)
    - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable or would result in higher financing costs, to be passed on to ratepayers
- Upon receiving TB/MBC approval, and as contemplated under the Act, the Province has agreed to provide a protection agreement that supports the Financing Entity and prospective debt holders such that~~, under certain circumstances,~~ the Province would take over the funding obligations of the Financing Entity, under certain circumstances, including
    - Actions of the Legislative Assembly that undermine the financing arrangement~~,~~; i.e., repeal or amendment of the Ontario Fair Hydro Plan Act, 2017, or new legislation that adversely affect the Financing Entity
    - A court decision that declares the rights of the Financing Entity to recover amounts from ratepayers to be invalid or unenforceable
    - Changes to the organization, structure or operations of IESO or a change in the electricity market structure or operations that adversely affects the ability of the Financing Entity to recover amounts related to funding obligations.

Provincial Protection and Assurances Agreement (Con't)

- In the event the protection agreement is triggered, the Province will be required to pay the obligations of the Financing Entity including principal and interest payments on debt issued to date, any payments to derivatives counterparties and any outstanding payments to service providers
    - The Province could potentially service the debt and other obligations and could replace OPG as the financial services manager
- The protection agreement may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access the U.S. market as investors in that market will likely require additional compensation if the assumption agreement is triggered
- The Province will take on a contingent liability, which will increase over the duration of the Fair Hydro Plan and peak at an estimated $20B of debt (final cost forecasts TBC), including principal and accumulated interest
- In the event the protection agreement is triggered, the Province's net debt will most likely increase by an amount equal to the contingent liability at that point in time
    - The Province's interest payments will also increase by the debt interest servicing of the debt payment obligations it has assumed under the protection agreement
    - IOD expense may increase between $0.8B and $1.0B per annum, assuming the protection agreement is triggered when debt is at its peak, and depending on the interest rate at which the Financing entity will be able to borrow at

Next Steps:

- Province to work with OPG and external legal counsel to finalise the Protection Agreement

Fair Allocation Amount

Overview:

- xx

Next Steps:

- xx

Management Fees Regulation

Overview:

- Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest.
- The Act enables OPG to achieve its ~~accounting~~ objectives of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.
- The fee will have a fixed and variable component and be determined by formulas set out in a regulation, which as currently drafted includes:
    - **Base fee**: Monthly fee calculated as 7.5 basis points on monthly funding obligation. The base fee will be independently reviewed in 2018.
    - **Variable fee**: Annual fee of 5% of the difference difference between forecast and actual interest rates achieved for each of its funding tranches. The variable fee in any one year will be no more than 5 basis points of the net annual borrowing and can be no less than -5 basis of the net annual borrowing. If the variable fee is a negative amount, such amount will be deducted from the base fee in the following calendar year in twelve equal monthly payments
- The OEB will have a role in reviewing OPG's fees to ensure that the fees are consistent with prevailing market comparators

Next Steps:

- The Province is working with the OEB and OPG to develop a regulation setting out how the fees would be calculated including appropriate comparators for the OEBs review

Moratorium Period Interest and Fee Recovery

Overview:

- xx

Next Steps:

- xx

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, an OPG financing entity would be established and borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to provide the 44% share of financing for the financing entity to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a periodic basis, OPG will send a notice of share subscription to the Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds

Next Steps:

- OPG and the Ministry of Energy have approved the Master Subscription Agreement and will proceed to execute in the coming weeks
- The Ministry of Energy will work with the OFA to ensure a mechanism is in place to flow the funds within the required timeframes after the request is made by OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt
- OPG proposes that OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt [TBD]
- OPG has proposed that interest rates on the subordinated debt be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt [TBD]
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. [TBD]

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of September [TBD]

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as Financial Services Manager, will be a trust (Trust)
- The Trust would be subject to tax under the Income Tax Act (Canada) and the Ontario Taxation Act, 2007
- The beneficiary of the Trust will be a corporation (Subco) that will be directly or indirectly wholly-owned by OPG
  - Subco, given it is owned by OPG, would be exempt from federal and provincial corporate taxes and property taxes payable by private sector companies, and instead make payments in lieu of taxes (PILs) to the Ontario Electricity Financial Corporation (OEFC)
  - PILs are used by the OEFC to help pay down its debt and other liabilities – OEFC is the legal continuation of the former Ontario Hydro
- In order to mitigate the cost to ratepayers, the Ministry of Finance plans to bring forward a proposed Minister of Finance's regulation under the *Electricity Act* , 1998 that would exempt Subco from paying PILs on income received as beneficiary of the Trust
- The Ministry of Finance will also consider similar regulations in the future should OPG establish another financing entity in its role as the Financial Services Manager

Next Steps:

- Draft letter from the Minister of Finance to OPG is in development that will provide comfort that Subco will be exempt from PILs on income received as beneficiary of the Trust.
- The Ministry of Finance is working with OPG on a draft regulation, which will be brought forward in the Fall

John,

Does the OFA have an opinion on whether the interest paid by the SPV ought to have a tax exemption?

There would be no reason to exempt interest paid to OPG from a policy perspective.

John,

Do you know if the interest on the money OPG intends to lend to the Fair Hydro Trust needs to be tax exempt too? We were told that incidental income may arise in the trust and would have to be payable to OPG (or an OPG sub) in order that the Fair Hydro Trust pays no tax. Otherwise the tax (or PILs) would have to be passed on to rate payers.

The Province appears to be buying shares of OPG to inject the capital. OPG then plans to lend the capital to the trust at market interest rates. Seems to me that OPG will profit from this funding and ought to be taxable on interest received.

Please let me know what you think.

Regards,

Rob

Keley.

Rob asked that I forward this slightly amended slide deck (attached) and these general comments to you. Our amendments have been keyed directly into this copy in red font (page 3). One edit adds words. One edit replaces words.

Other comments.

1. A Trust is mentioned as part of the financing entity structure (page 3, top). Then a specific trust is named (page 5, the Fair Hydro Trust) but it is not explained whether this named trust is, or isn't, the Trust that is part of the financing entity structure.
2. The term financing entity is used eleven times but it seems that there are different meanings and different contexts (i.e., capitalized/not capitalized, specific entity/generic entity). This is confusing. In one instance perhaps the term "financial services manager" is meant (page 3, just before the heading 'Next Steps.')
3. We note that acronyms for the Income Tax Act (Canada) and Ontario Taxation Act are provided, but not used elsewhere in the document. Perhaps these two acronyms are not needed.

If questions, please do not hesitate to ask.

Regards.

Keley.

Rob asked that I forward this slightly amended slide deck (attached) and these general comments to you. Our amendments have been keyed directly into this copy in red font (page 3). One edit adds words. One edit replaces words.

Other comments.

1. A Trust is mentioned as part of the financing entity structure (page 3, top). Then a specific trust is named (page 5, the Fair Hydro Trust) but it is not explained whether this named trust is, or isn't, the Trust that is part of the financing entity structure.
2. The term financing entity is used eleven times but it seems that there are different meanings and different contexts (i.e., capitalized/not capitalized, specific entity/generic entity). This is confusing. In one instance perhaps the term "financial services manager" is meant (page 3, just before the heading 'Next Steps.')
3. We note that acronyms for the Income Tax Act (Canada) and Ontario Taxation Act are provided, but not used elsewhere in the document. Perhaps these two acronyms are not needed.

If questions, please do not hesitate to ask.

Regards.

Lloyd

Hi John,

That`s fine to get back at a staff level.

Presumably, slide 3 should replace the ''Protection Agreement'' wording too.

On slide 5, it refers to an estimated $20 bn, vs the less than $20 bn in the comms around the AG report. Is this an update, or should it be edited to conform?

Ron

Subject: OFHP Business Issues

Hi everyone,

We're pulling together a product summarizing all the outstanding business issues including status/next steps with respect to the Fair Hydro Plan for the Minister of Energy

I've attempted to fill out as much as possible (Hilary there's a couple placeholder slides where I had no content but I think those would be for ESP? Please correct me if I'm wrong).

Each of you are involved in various aspects of these issues so I'm hoping you can take a look to ensure we're accurately capturing each item.

I'm away next week but if you could provide your suggested edits to Keley by next Wednesday we would appreciate it. The briefing has not yet been set up so we will keep you posted if that timing needs to change.

Thanks in advance,
Kaitlin

OFHP Business Issues

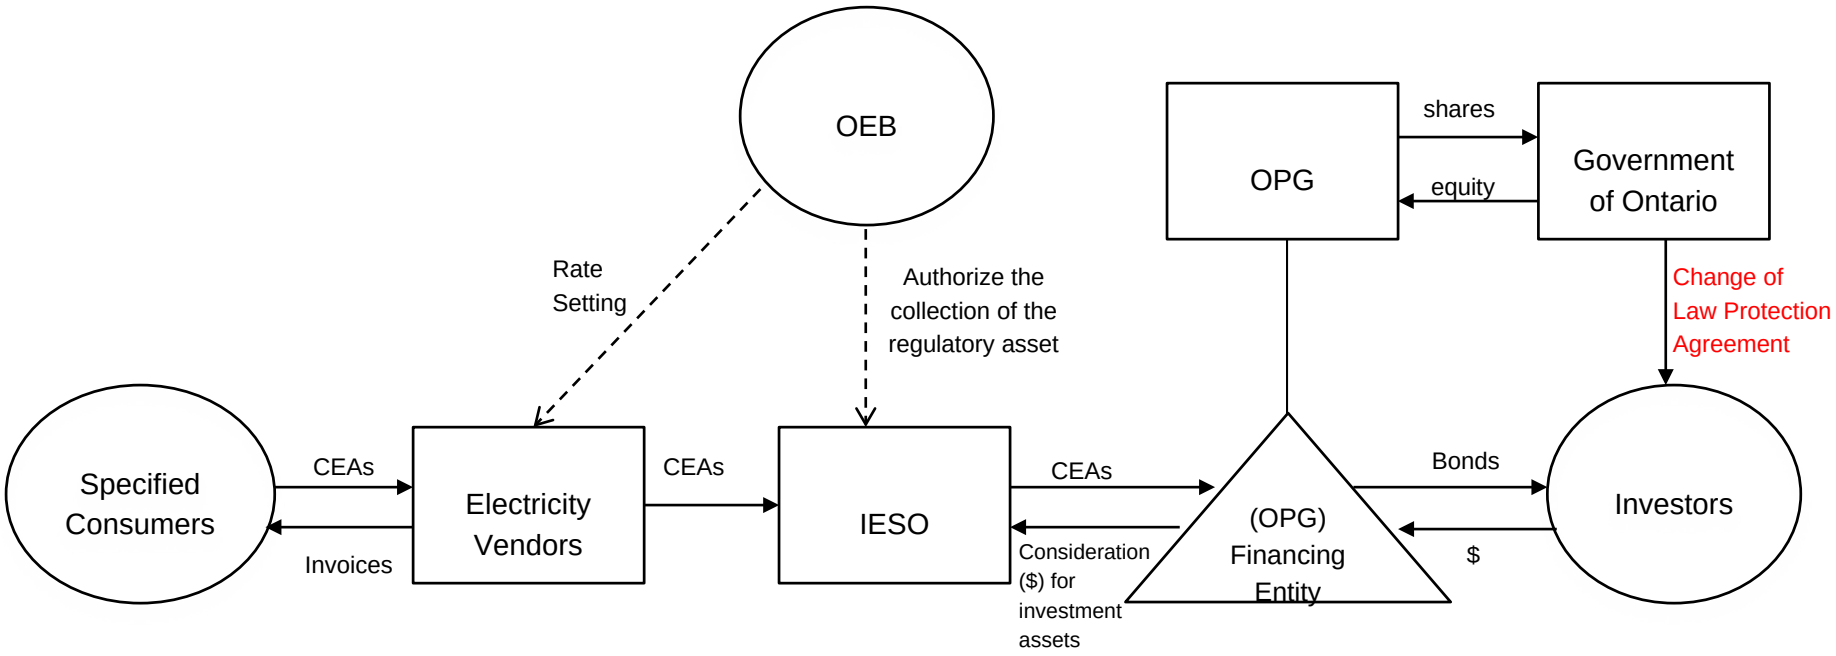
DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - A financing entity purchasing the regulatory asset would effectively finance the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including
  - ~~Provincial Protection and Assurances Agreement (PPAA)~~ Change of Law Protection Agreement
  - Fair Allocation Amount (FAA)
  - Management Fees Regulation
  - Moratorium Period Interest and Fee Recovery
  - Equity Injections
  - Subordinated Debt Agreement
  - PILs Exemption

Global Adjustment Refinancing – Roles and Responsibilities



Note: CEAs are “clean energy adjustments”

~~Provincial Protection and Assurances Agreement~~Change of Law Protection Agreement

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets (planned to be 51%, with other financing to come from OPG and, indirectly, the Province)
  - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable or would result in higher financing costs, to be passed on to ratepayers
- Upon receiving TB/MBC approval, and as contemplated under the Act, the Ministers of Energy and Finance have the authority to negotiate and enter into a protection agreement that supports the Financing Entity and prospective debt holders such that the Province would take over the funding obligations of the Financing Entity, under certain circumstances, including
  - Actions of the Legislative Assembly that undermine the financing arrangement; i.e., repeal or amendment of the Ontario Fair Hydro Plan Act, 2017, or new legislation that adversely affect the Financing Entity
  - A court decision that declares the rights of the Financing Entity to recover amounts from ratepayers to be invalid or unenforceable
  - Changes to the organization, structure or operations of IESO or a change in the electricity market structure or operations that adversely affects the ability of the Financing Entity to recover amounts related to funding obligations.

~~Provincial Protection and Assurances Agreement~~Change of ~~Law Protection Agreement~~ (Con't)

- In the event the protection agreement is triggered, the Province will be required to pay the obligations of the Financing Entity including principal and interest payments on debt issued to date, any payments to derivatives counterparties and any outstanding payments to service providers
  - The Province could potentially service the debt and other obligations and could replace OPG as the financial services manager
- The protection agreement may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access the U.S. market as investors in that market will likely require additional compensation if the assumption agreement is triggered
- The Province will take on a contingent liability, which will increase over the duration of the Fair Hydro Plan and peak at an estimated $20B of debt (final cost forecasts TBC), including principal and accumulated interest
- In the event the protection agreement is triggered, the Province's net debt will most likely increase by an amount equal to the contingent liability at that point in time
  - The Province's interest payments will also increase by the debt interest servicing of the debt payment obligations it has assumed under the protection agreement
  - IOD expense may increase between $0.8B and $1.0B per annum, assuming the protection agreement is triggered when debt is at its peak, and depending on the interest rate at which the Financing entity will be able to borrow at

Next Steps:

- Province to work with OPG and external legal counsel to finalise the Protection Agreement

Fair Allocation Amount

Overview:

- xx

Next Steps:

- Xx

Management Fees Regulation

Overview:

- Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest.
- The Act enables OPG to achieve its objectives of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.
- The fee will have a fixed and variable component and be determined by formulas set out in a regulation, which as currently drafted includes:
    - **Base fee**: Monthly fee calculated as 7.5 basis points on monthly funding obligation. The base fee will be independently reviewed in 2018.
    - **Variable fee**: Annual fee of 5% of the difference difference between forecast and actual interest rates achieved for each of its funding tranches. The variable fee in any one year will be no more than 5 basis points of the net annual borrowing and can be no less than -5 basis of the net annual borrowing. If the variable fee is a negative amount, such amount will be deducted from the base fee in the following calendar year in twelve equal monthly payments
- The OEB will have a role in reviewing OPG's fees to ensure that the fees are consistent with prevailing market comparators

Next Steps:

- The Province is working with the OEB and OPG to develop a regulation setting out how the fees would be calculated including appropriate comparators for the OEBs review

Moratorium Period Interest and Fee Recovery

Overview:

- xx

Next Steps:

- Xx

FTD OFA Comment: Is the recovery limited to IESO's interest costs on the credit line or does it extend to the interest costs of the financing entity over the four years in question?

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, an OPG financing entity would be established and borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to provide the 44% share of financing for the financing entity to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a periodic basis, OPG will send a notice of share subscription to the Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds

Next Steps:

- OPG and the Ministry of Energy have approved the Master Subscription Agreement and will proceed to execute in the coming weeks
- The Ministry of Energy will work with the OFA to ensure a mechanism is in place to flow the funds within the required timeframes after the request is made by OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt and junior subordinated debt
- OPG proposes that OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt [TBD]
- OPG has proposed that interest rates on the subordinated debt be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt [TBD]
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. [TBD]

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of ~~September~~November [TBD]

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as Financial Services Manager, will be a trust (Trust).
- The Trust would be subject to tax under the *Income Tax Act* (Canada) and the Ontario *Taxation Act, 2007*.
- The beneficiary of the Trust will be a corporation (Subco) that will be directly or indirectly wholly-owned by OPG.
  - Subco, as a subsidiary of OPG, would be exempt from federal and provincial corporate taxes payable by private sector companies. Instead, Subco would be subject to tax under the payments in lieu of taxes (PILs) regime under the *Electricity Act, 1998 (EA),* and would pay PILs to the Ontario Electricity Financial Corporation (OEFC);
  - PILs are used by the OEFC to help pay down ~~its~~ debt and other liabilities – OEFC is the legal continuation of the former Ontario Hydro.
- In order to mitigate the cost to ratepayers, a recommendation will be made to the Minister of Finance ~~to~~ to make a regulation under the EA that would exempt Subco from PILs on income received by Subco as beneficiary of the Trust.
- Should OPG, as Financial Services Manager, establish other financing entities in the future for purposes of the OFHP, the Ministry of Finance will ~~also~~ consider making similar recommendations to the Minister of Finance.

Next Steps:

- Letter to OPG provide comfort that Subco will be exempt from PILs on income received as beneficiary of the Trust.
- The Ministry of Finance is working with OPG on a draft regulation, which is intended to be made by the Minister of Finance in the Fall of 2017.

OFHP Business Issues

DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - The financing entity will purchase the regulatory asset, effectively financing the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including:
  - A regulation to minimize Payments in Lieu (PILs) of taxes by the financing entity
  - An equity injection by the Province to OPG that OPG would use to lend to the financing entity
  - A subordinated debt agreement related to OPG lending to the financing entity
- The above are in addition to a "Change of Law Protection Agreement" under which the Province would provide a guarantee to support the financing entities' debt under certain limited events such as a change in law or adverse court decision that would materially adversely affect the financing entities' ability to service debt.

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as Financial Services Manager, will be a trust (Trust)
- The Trust would be subject to tax under the Income Tax Act (Canada) and the Ontario Taxation Act, 2007
- The beneficiary of the Trust will be a corporation (Subco) that will be directly or indirectly wholly-owned by OPG
  - Subco, given it is owned by OPG, would be exempt from federal and provincial corporate taxes and property taxes payable by private sector companies, and instead make payments in lieu of taxes (PILs) to the Ontario Electricity Financial Corporation (OEFC)
  - PILs are used by the OEFC to help pay down its debt and other liabilities – OEFC is the legal continuation ~~the stranded debt~~ of the former Ontario Hydro
- In order to mitigate the cost to ratepayers, the Ministry of Finance ~~Province~~ plans to bring forward a proposed Minister of Finance's regulation under the *Electricity Act* , 1998 that would exempt Subco from paying PILs on income received as beneficiary of the Trust
- The Ministry of Finance ~~Province~~ will also consider similar regulations in the future should OPG establish another financing entity in its role as the Financial Services Manager

Next Steps:

- Draft letter from the Minister of Finance to OPG is in development that will provide comfort that Subco will be exempt from PILs on income received as beneficiary of the Trust.
- The Ministry of Finance is working with OPG on a draft regulation, which will be brought forward in the Fall

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, an OPG financing entity would be established and ~~must~~ borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to provide the 44% share of financing for the financing entity to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval ~~through the PRRT process~~ for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a monthly/quarterly basis, OPG will send a notice of share subscription to the ~~Province~~ Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds ~~following receipt of a certificate from the Ministry of Energy, as required under s.11.4 of the Financial Administration Act~~

Next Steps:

- OPG is seeking its Board approval on September 29th of any required steps for the equity subscription
- The Province is working with appropriate parties internally to ensure a mechanism is in place to provide the equity injection to OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt
- OPG proposes that OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt [TBD]
- OPG has proposed that interest rates on the subordinated debt ~~will~~ be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt [TBD]
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. [TBD]

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of September [TBD]

Hi Keley,

Attached is comments from OFA. My CMD colleagues indicate that much of slide 5 on Subordinate Debt Agreement is work in progress and TBD. CMD will be meeting with OPG next week to discuss these items.

Thanks,

John

Subject: RE: OFHP Business Issues

Keley.

Rob asked that I forward this slightly amended slide deck (attached) and these general comments to you. Our amendments have been keyed directly into this copy in red font (page 3). One edit adds words. One edit replaces words.

Other comments.

1. A Trust is mentioned as part of the financing entity structure (page 3, top). Then a specific trust is named (page 5, the Fair Hydro Trust) but it is not explained whether this named trust is, or isn't, the Trust that is part of the financing entity structure.
2. The term financing entity is used eleven times but it seems that there are different

meanings and different contexts (i.e., capitalized/not capitalized, specific entity/generic entity). This is confusing. In one instance perhaps the term "financial services manager" is meant (page 3, just before the heading 'Next Steps.')

3. We note that acronyms for the Income Tax Act (Canada) and Ontario Taxation Act are provided, but not used elsewhere in the document. Perhaps these two acronyms are not needed.

If questions, please do not hesitate to ask.

Regards.

OFHP Business Issues

DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - The Financing Entity will purchase the regulatory asset, effectively financing the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including:
  - A regulation to minimize Payments in Lieu (PILs) of taxes by the financing entity
  - An equity injection by the Province to OPG that OPG would use to lend to the financing entity
  - A subordinated debt agreement related to OPG lending to the financing entity

The above are in addition to a "Change of Law Protection Agreement" under which the Province would provide a guarantee to support the financing entities' debt under certain limited events such as a change in law or adverse court decision that would materially adversely affect the financing entities' ability to service debt.

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as financial services manager, will be a Trust
- The Trust would be subject to tax under the Income Tax Act (Canada) (ITA) and the Ontario Taxation Act, 2007 (TA)
- The beneficiary of the Trust will be a corporation that will be directly or indirectly wholly-owned by OPG
  - The corporation, given it is owned by OPG, would be exempt from federal and provincial corporate taxes and property taxes payable by private sector companies, and instead make payments in lieu of taxes (PILs) to the Ontario Electricity Financial Corporation (OEFC)
  - PILs are used by the OEFC to help pay down its debt and other liabilities – OEFC is the legal continuation ~~the stranded debt~~ of the former Ontario Hydro
- In order to mitigate the cost to ratepayers, the ministry ~~Province~~ plans to bring forward a proposed Minister of Finance's regulation under the *Electricity Act* that would exempt the financing entity trust ~~corporation~~ from paying PILs
- The ministry ~~Province~~ will also consider similar regulations in the future should OPG establish another financing entity in its role as the Financing Entity

Next Steps:

- Draft letter from the Minister of Finance to OPG in development that will provide comfort that the financing entity will be exempt from PILs
- The Ministry of Finance is working with OPG on a draft regulation, which will be brought forward in the Fall

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to provide financing for the Financing Entity to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval through the PRRT process for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a monthly/quarterly basis, OPG will send a notice of share subscription to the ~~Province~~ Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds following receipt of a certificate from the Ministry of Energy, as required under s.11.4 of the Financial Administration Act

Next Steps:

- OPG is seeking its Board approval on September 29th for …
- The Province is working with appropriate parties internally to ensure a mechanism is in place to provide the equity injection to OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt
- OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt [TBD]
- Interest rates on the subordinated debt will be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt [TBD]
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying ~~Government of~~ Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. [TBD]

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of September [TBD]

Hi John,

That`s fine to get back at a staff level.

Presumably, slide 3 should replace the ''Protection Agreement'' wording too.

On slide 5, it refers to an estimated $20 bn, vs the less than $20 bn in the comms around the AG report. Is this an update, or should it be edited to conform?

Ron

Hi everyone,

We're pulling together a product summarizing all the outstanding business issues including status/next steps with respect to the Fair Hydro Plan for the Minister of Energy

I've attempted to fill out as much as possible (Hilary there's a couple placeholder slides where I had no content but I think those would be for ESP? Please correct me if I'm wrong).

Each of you are involved in various aspects of these issues so I'm hoping you can take a look to ensure we're accurately capturing each item.

I'm away next week but if you could provide your suggested edits to Keley by next Wednesday we would appreciate it. The briefing has not yet been set up so we will keep you posted if that timing

needs to change.

Thanks in advance,
Kaitlin

Gavin,
re: slide #2, 4,5
-you may want to change the references of "Provincial Protection and Assurance Agreement" to the "Change of Law Protection Agreement"

re: slide#9
-is this correct: OPG and the Ministry of Energy have approved the Master Subscription Agreement

re:Slide#10
-need to add "and junior subordinated debt" after OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt "

-need to change by the end of "November" finalized by the end of September

regards
Carlos

OFHP Business Issues

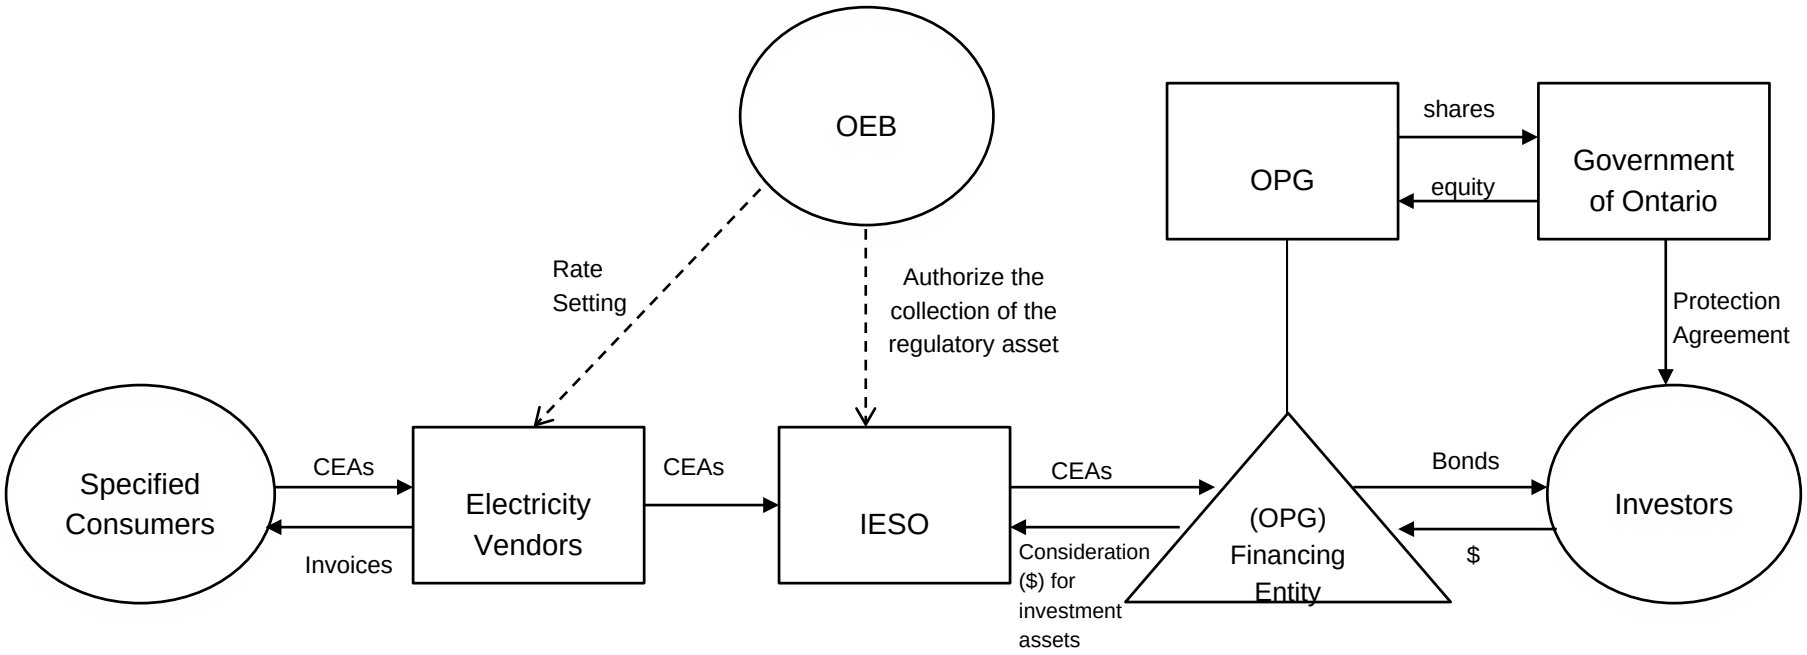
DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - A financing entity purchasing the regulatory asset would effectively finance the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including
  - ~~Provincial Protection and Assurances Agreement (PPAA)~~ Change of Law Protection Agreement
  - Fair Allocation Amount (FAA)
  - Management Fees Regulation
  - Moratorium Period Interest and Fee Recovery
  - Equity Injections
  - Subordinated Debt Agreement
  - PILs Exemption

Global Adjustment Refinancing – Roles and Responsibilities



Note: CEAs are “clean energy adjustments”

~~Provincial Protection and Assurances Agreement~~Change of Law Protection Agreement

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets (planned to be 51%, with other financing to come from OPG and, indirectly, the Province)
  - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable or would result in higher financing costs, to be passed on to ratepayers
- Upon receiving TB/MBC approval, and as contemplated under the Act, the Ministers of Energy and Finance have the authority to negotiate and enter into a protection agreement that supports the Financing Entity and prospective debt holders such that the Province would take over the funding obligations of the Financing Entity, under certain circumstances, including
  - Actions of the Legislative Assembly that undermine the financing arrangement; i.e., repeal or amendment of the Ontario Fair Hydro Plan Act, 2017, or new legislation that adversely affect the Financing Entity
  - A court decision that declares the rights of the Financing Entity to recover amounts from ratepayers to be invalid or unenforceable
  - Changes to the organization, structure or operations of IESO or a change in the electricity market structure or operations that adversely affects the ability of the Financing Entity to recover amounts related to funding obligations.

~~Provincial Protection and Assurances Agreement~~Change of Law Protection Agreement (Con't)

- In the event the protection agreement is triggered, the Province will be required to pay the obligations of the Financing Entity including principal and interest payments on debt issued to date, any payments to derivatives counterparties and any outstanding payments to service providers
  - The Province could potentially service the debt and other obligations and could replace OPG as the financial services manager
- The protection agreement may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access the U.S. market as investors in that market will likely require additional compensation if the assumption agreement is triggered
- The Province will take on a contingent liability, which will increase over the duration of the Fair Hydro Plan and peak at an estimated $20B of debt (final cost forecasts TBC), including principal and accumulated interest
- In the event the protection agreement is triggered, the Province's net debt will most likely increase by an amount equal to the contingent liability at that point in time
  - The Province's interest payments will also increase by the debt interest servicing of the debt payment obligations it has assumed under the protection agreement
  - IOD expense may increase between $0.8B and $1.0B per annum, assuming the protection agreement is triggered when debt is at its peak, and depending on the interest rate at which the Financing entity will be able to borrow at

Next Steps:

- Province to work with OPG and external legal counsel to finalise the Protection Agreement

Fair Allocation Amount

Overview:

- xx

Next Steps:

- Xx

CEFD Comment: Does the FAA include any interest on the deferred GA amount? Does the equity injection from the Province also covers those interest costs?

Management Fees Regulation

Overview:

- Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest.
- The Act enables OPG to achieve its objectives of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.
- The fee will have a fixed and variable component and be determined by formulas set out in a regulation, which as currently drafted includes:
    - **Base fee**: Monthly fee calculated as 7.5 basis points on monthly funding obligation. The base fee will be independently reviewed in 2018.
    - **Variable fee**: Annual fee of 5% of the difference difference between forecast and actual interest rates achieved for each of its funding tranches. The variable fee in any one year will be no more than 5 basis points of the net annual borrowing and can be no less than -5 basis of the net annual borrowing. If the variable fee is a negative amount, such amount will be deducted from the base fee in the following calendar year in twelve equal monthly payments
- The OEB will have a role in reviewing OPG's fees to ensure that the fees are consistent with prevailing market comparators

Next Steps:

- The Province is working with the OEB and OPG to develop a regulation setting out how the fees would be calculated including appropriate comparators for the OEBs review

Moratorium Period Interest and Fee Recovery

Overview:

- xx

Next Steps:

- Xx

OFA Comment: Is the recovery limited to IESO's interest costs on the credit line or does it extend to the interest costs of the financing entity over the four years in question?

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, an OPG financing entity would be established and borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to provide the 44% share of financing for the financing entity to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a periodic basis, OPG will send a notice of share subscription to the Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds

Next Steps:

- OPG and the Ministry of Energy have approved the Master Subscription Agreement and will proceed to execute in the coming weeks
- The Ministry of Energy will work with the OFA to ensure a mechanism is in place to flow the funds within the required timeframes after the request is made by OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt and junior subordinated debt
- OPG proposes that OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt [TBD]
- OPG has proposed that interest rates on the subordinated debt be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt [TBD]
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. [TBD]

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of ~~September~~November [TBD]

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as Financial Services Manager, will be a trust (Trust).
- The Trust would be subject to tax under the *Income Tax Act* (Canada) and the Ontario *Taxation Act, 2007*.
- The beneficiary of the Trust will be a corporation (Subco) that will be directly or indirectly wholly-owned by OPG.
  - Subco, as a subsidiary of OPG, would be exempt from federal and provincial corporate taxes payable by private sector companies. Instead, Subco would be subject to tax under the payments in lieu of taxes (PILs) regime under the *Electricity Act, 1998 (EA),* and would pay PILs to the Ontario Electricity Financial Corporation (OEFC);
  - PILs are used by the OEFC to help pay down ~~its~~ debt and other liabilities – OEFC is the legal continuation of the former Ontario Hydro.
- In order to mitigate the cost to ratepayers, a recommendation will be made to the Minister of Finance ~~to~~ to make a regulation under the EA that would exempt Subco from PILs on income received by Subco as beneficiary of the Trust.
- Should OPG, as Financial Services Manager, establish other financing entities in the future for purposes of the OFHP, the Ministry of Finance will ~~also~~ consider making similar recommendations to the Minister of Finance.

Next Steps:

- Letter to OPG provide comfort that Subco will be exempt from PILs on income received as beneficiary of the Trust.
- The Ministry of Finance is working with OPG on a draft regulation, which is intended to be made by the Minister of Finance in the Fall of 2017.

Gavin,
re: slide #2, 4,5
-you may want to change the references of "Provincial Protection and Assurance Agreement" to the "Change of Law Protection Agreement"

re: slide#9
-is this correct: OPG and the Ministry of Energy have approved the Master Subscription Agreement

re:Slide#10
-need to add "and junior subordinated debt" after OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt "

-need to change by the end of "November" finalized by the end of September

regards
Carlos

Hi everyone,

We're pulling together a product summarizing all the outstanding business issues including status/next steps with respect to the Fair Hydro Plan for the Minister of Energy

I've attempted to fill out as much as possible (Hilary there's a couple placeholder slides where I had no content but I think those would be for ESP? Please correct me if I'm wrong).

Each of you are involved in various aspects of these issues so I'm hoping you can take a look to ensure we're accurately capturing each item.

I'm away next week but if you could provide your suggested edits to Keley by next Wednesday we would appreciate it. The briefing has not yet been set up so we will keep you posted if that timing needs to change.

Thanks in advance,
Kaitlin

OFHP Business Issues

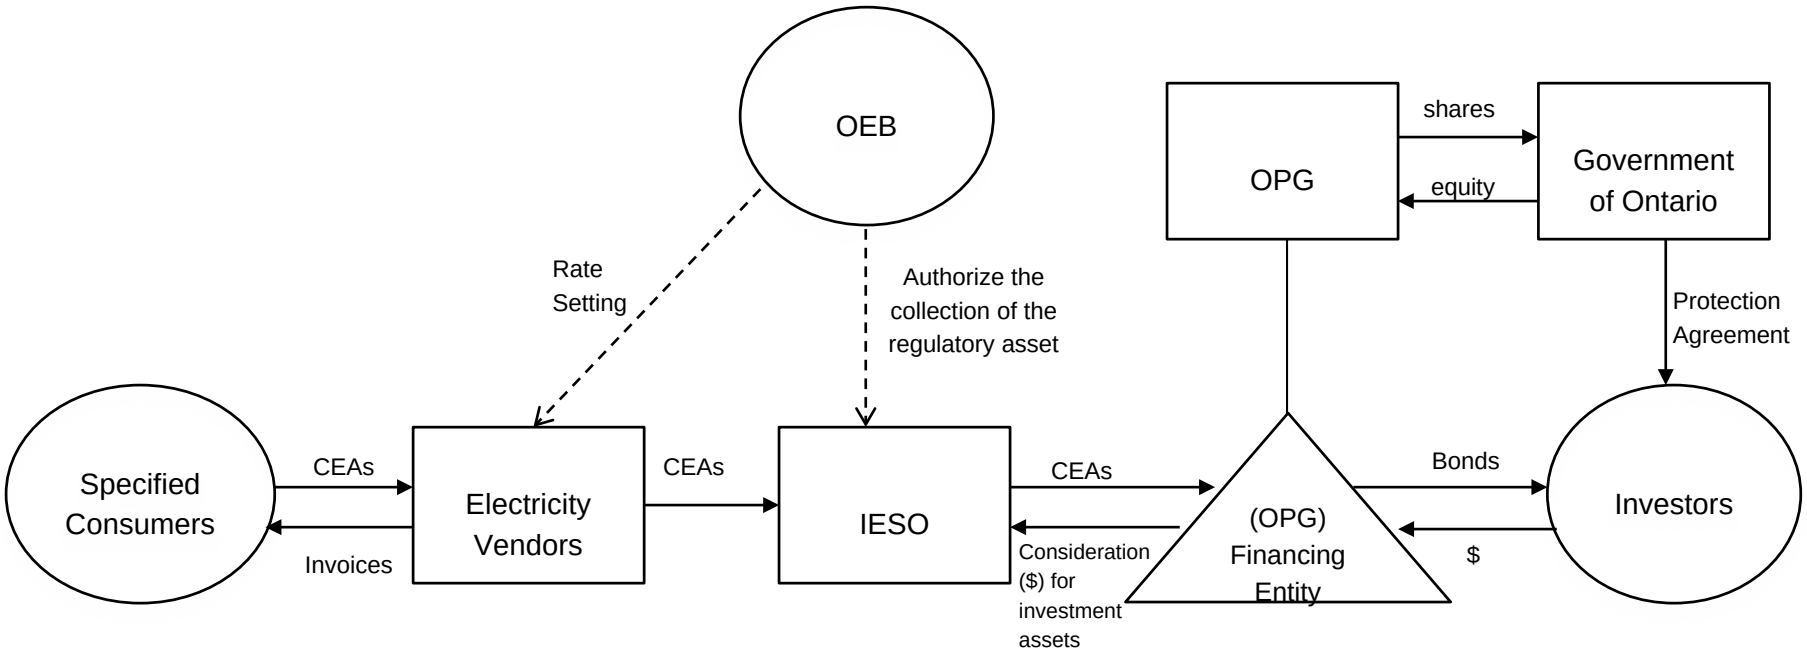
DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - A financing entity purchasing the regulatory asset would effectively finance the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including
  - Provincial Protection and Assurances Agreement (PPAA)
  - Fair Allocation Amount (FAA)
  - Management Fees Regulation
  - Moratorium Period Interest and Fee Recovery
  - Equity Injections
  - Subordinated Debt Agreement
  - PILs Exemption

Global Adjustment Refinancing – Roles and Responsibilities



Note: CEAs are “clean energy adjustments”

Provincial Protection and Assurances Agreement

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets (planned to be 51%, with other financing to come from OPG and, indirectly, the Province)
  - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable or would result in higher financing costs, to be passed on to ratepayers
- Upon receiving TB/MBC approval, and as contemplated under the Act, the Ministers of Energy and Finance have the authority to negotiate and enter into a protection agreement that supports the Financing Entity and prospective debt holders such that the Province would take over the funding obligations of the Financing Entity, under certain circumstances, including
  - Actions of the Legislative Assembly that undermine the financing arrangement; i.e., repeal or amendment of the Ontario Fair Hydro Plan Act, 2017, or new legislation that adversely affect the Financing Entity
  - A court decision that declares the rights of the Financing Entity to recover amounts from ratepayers to be invalid or unenforceable
  - Changes to the organization, structure or operations of IESO or a change in the electricity market structure or operations that adversely affects the ability of the Financing Entity to recover amounts related to funding obligations.

Provincial Protection and Assurances Agreement (Con't)

- In the event the protection agreement is triggered, the Province will be required to pay the obligations of the Financing Entity including principal and interest payments on debt issued to date, any payments to derivatives counterparties and any outstanding payments to service providers
  - The Province could potentially service the debt and other obligations and could replace OPG as the financial services manager
- The protection agreement may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access the U.S. market as investors in that market will likely require additional compensation if the assumption agreement is triggered
- The Province will take on a contingent liability, which will increase over the duration of the Fair Hydro Plan and peak at an estimated $20B of debt (final cost forecasts TBC), including principal and accumulated interest
- In the event the protection agreement is triggered, the Province's net debt will most likely increase by an amount equal to the contingent liability at that point in time
  - The Province's interest payments will also increase by the debt interest servicing of the debt payment obligations it has assumed under the protection agreement
  - IOD expense may increase between $0.8B and $1.0B per annum, assuming the protection agreement is triggered when debt is at its peak, and depending on the interest rate at which the Financing entity will be able to borrow at

Next Steps:

- Province to work with OPG and external legal counsel to finalise the Protection Agreement

Fair Allocation Amount

Overview:

- xx

Next Steps:

- Xx

CEFD Comment: Does the FAA include any interest on the deferred GA amount? Does the equity injection from the Province also covers those interest costs?

Management Fees Regulation

Overview:

- Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest.
- The Act enables OPG to achieve its objectives of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.
- The fee will have a fixed and variable component and be determined by formulas set out in a regulation, which as currently drafted includes:
    - **Base fee**: Monthly fee calculated as 7.5 basis points on monthly funding obligation. The base fee will be independently reviewed in 2018.
    - **Variable fee**: Annual fee of 5% of the difference difference between forecast and actual interest rates achieved for each of its funding tranches. The variable fee in any one year will be no more than 5 basis points of the net annual borrowing and can be no less than -5 basis of the net annual borrowing. If the variable fee is a negative amount, such amount will be deducted from the base fee in the following calendar year in twelve equal monthly payments
- The OEB will have a role in reviewing OPG's fees to ensure that the fees are consistent with prevailing market comparators

Next Steps:

- The Province is working with the OEB and OPG to develop a regulation setting out how the fees would be calculated including appropriate comparators for the OEBs review

Moratorium Period Interest and Fee Recovery

Overview:

- xx

Next Steps:

- Xx

OFA Comment: Is the recovery limited to IESO's interest costs on the credit line or does it extend to the interest costs of the financing entity over the four years in question?

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, an OPG financing entity would be established and borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to provide the 44% share of financing for the financing entity to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a periodic basis, OPG will send a notice of share subscription to the Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds

Next Steps:

- OPG and the Ministry of Energy have approved the Master Subscription Agreement and will proceed to execute in the coming weeks
- The Ministry of Energy will work with the OFA to ensure a mechanism is in place to flow the funds within the required timeframes after the request is made by OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt
- OPG proposes that OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt [TBD]
- OPG has proposed that interest rates on the subordinated debt be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt [TBD]
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. [TBD]

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of September [TBD]

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as Financial Services Manager, will be a trust (Trust).
- The Trust would be subject to tax under the *Income Tax Act* (Canada) and the Ontario *Taxation Act, 2007*.
- The beneficiary of the Trust will be a corporation (Subco) that will be directly or indirectly wholly-owned by OPG.
  - Subco, as a subsidiary of OPG, would be exempt from federal and provincial corporate taxes payable by private sector companies. Instead, Subco would be subject to tax under the payments in lieu of taxes (PILs) regime under the *Electricity Act, 1998 (EA),* and would pay PILs to the Ontario Electricity Financial Corporation (OEFC);
  - PILs are used by the OEFC to help pay down ~~its~~ debt and other liabilities – OEFC is the legal continuation of the former Ontario Hydro.
- In order to mitigate the cost to ratepayers, a recommendation will be made to the Minister of Finance ~~to~~ to make a regulation under the EA that would exempt Subco from PILs on income received by Subco as beneficiary of the Trust.
- Should OPG, as Financial Services Manager, establish other financing entities in the future for purposes of the OFHP, the Ministry of Finance will ~~also~~ consider making similar recommendations to the Minister of Finance.

Next Steps:

- Letter to OPG provide comfort that Subco will be exempt from PILs on income received as beneficiary of the Trust.
- The Ministry of Finance is working with OPG on a draft regulation, which is intended to be made by the Minister of Finance in the Fall of 2017.

OFHP Business Issues

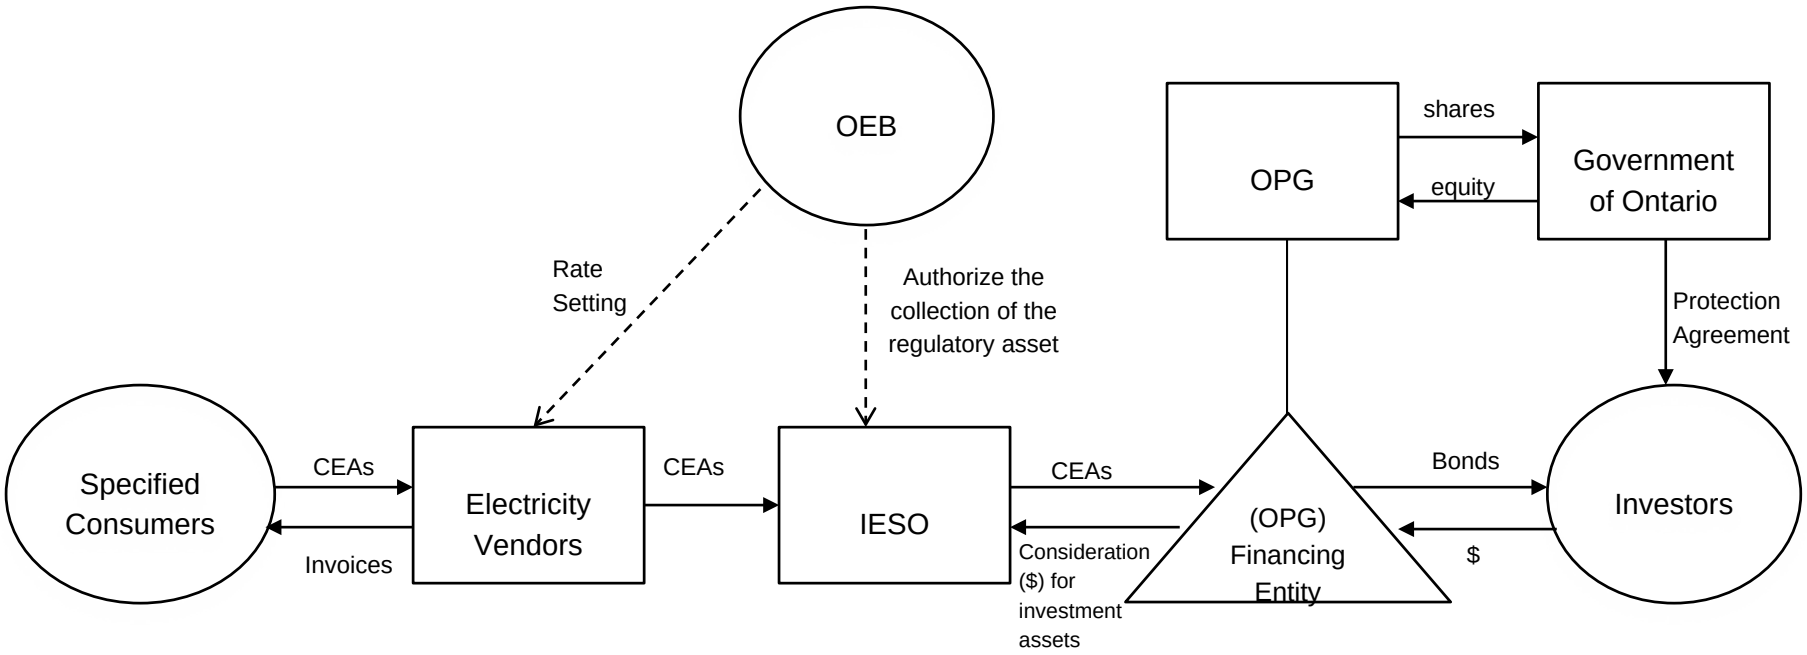
DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - A financing entity purchasing the regulatory asset would effectively finance the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including
  - Provincial Protection and Assurances Agreement (PPAA)
  - Fair Allocation Amount (FAA)
  - Management Fees Regulation
  - Moratorium Period Interest and Fee Recovery
  - Equity Injections
  - Subordinated Debt Agreement
  - PILs Exemption

Global Adjustment Refinancing – Roles and Responsibilities



Note: CEAs are “clean energy adjustments”

Provincial Protection and Assurances Agreement

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets (planned to be 51%, with other financing to come from OPG and, indirectly, the Province)
  - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable or would result in higher financing costs, to be passed on to ratepayers
- Upon receiving TB/MBC approval, and as contemplated under the Act, the Ministers of Energy and Finance have the authority to negotiate and enter into a protection agreement that supports the Financing Entity and prospective debt holders such that the Province would take over the funding obligations of the Financing Entity, under certain circumstances, including
  - Actions of the Legislative Assembly that undermine the financing arrangement; i.e., repeal or amendment of the Ontario Fair Hydro Plan Act, 2017, or new legislation that adversely affect the Financing Entity
  - A court decision that declares the rights of the Financing Entity to recover amounts from ratepayers to be invalid or unenforceable
  - Changes to the organization, structure or operations of IESO or a change in the electricity market structure or operations that adversely affects the ability of the Financing Entity to recover amounts related to funding obligations.

Provincial Protection and Assurances Agreement (Con't)

- In the event the protection agreement is triggered, the Province will be required to pay the obligations of the Financing Entity including principal and interest payments on debt issued to date, any payments to derivatives counterparties and any outstanding payments to service providers
  - The Province could potentially service the debt and other obligations and could replace OPG as the financial services manager
- The protection agreement may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access the U.S. market as investors in that market will likely require additional compensation if the assumption agreement is triggered
- The Province will take on a contingent liability, which will increase over the duration of the Fair Hydro Plan and peak at an estimated $20B of debt (final cost forecasts TBC), including principal and accumulated interest
- In the event the protection agreement is triggered, the Province's net debt will most likely increase by an amount equal to the contingent liability at that point in time
  - The Province's interest payments will also increase by the debt interest servicing of the debt payment obligations it has assumed under the protection agreement
  - IOD expense may increase between $0.8B and $1.0B per annum, assuming the protection agreement is triggered when debt is at its peak, and depending on the interest rate at which the Financing entity will be able to borrow at

Next Steps:

- Province to work with OPG and external legal counsel to finalise the Protection Agreement

Fair Allocation Amount

Overview:

- xx

Next Steps:

- xx

Management Fees Regulation

Overview:

- Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest.
- The Act enables OPG to achieve its objectives of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.
- The fee will have a fixed and variable component and be determined by formulas set out in a regulation, which as currently drafted includes:
    - **Base fee**: Monthly fee calculated as 7.5 basis points on monthly funding obligation. The base fee will be independently reviewed in 2018.
    - **Variable fee**: Annual fee of 5% of the difference difference between forecast and actual interest rates achieved for each of its funding tranches. The variable fee in any one year will be no more than 5 basis points of the net annual borrowing and can be no less than -5 basis of the net annual borrowing. If the variable fee is a negative amount, such amount will be deducted from the base fee in the following calendar year in twelve equal monthly payments
- The OEB will have a role in reviewing OPG's fees to ensure that the fees are consistent with prevailing market comparators

Next Steps:

- The Province is working with the OEB and OPG to develop a regulation setting out how the fees would be calculated including appropriate comparators for the OEBs review

Moratorium Period Interest and Fee Recovery

Overview:

- xx

Next Steps:

- xx

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, an OPG financing entity would be established and borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to provide the 44% share of financing for the financing entity to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a periodic basis, OPG will send a notice of share subscription to the Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds

Next Steps:

- OPG and the Ministry of Energy have approved the Master Subscription Agreement and will proceed to execute in the coming weeks
- The Ministry of Energy will work with the OFA to ensure a mechanism is in place to flow the funds within the required timeframes after the request is made by OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt
- OPG proposes that OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt [TBD]
- OPG has proposed that interest rates on the subordinated debt be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt [TBD]
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. [TBD]

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of September [TBD]

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as Financial Services Manager, will be a trust (Trust).
- The Trust would be subject to tax under the *Income Tax Act* (Canada) and the Ontario *Taxation Act, 2007*.
- The beneficiary of the Trust will be a corporation (Subco) that will be directly or indirectly wholly-owned by OPG.
  - Subco, as a subsidiary of OPG, would be exempt from federal and provincial corporate taxes payable by private sector companies. Instead, Subco would be subject to tax under the payments in lieu of taxes (PILs) regime under the *Electricity Act, 1998 (EA),* and would pay PILs to the Ontario Electricity Financial Corporation (OEFC);
  - PILs are used by the OEFC to help pay down ~~its~~ debt and other liabilities – OEFC is the legal continuation of the former Ontario Hydro.
- In order to mitigate the cost to ratepayers, a recommendation will be made to the Minister of Finance ~~to~~ to make a regulation under the EA that would exempt Subco from PILs on income received by Subco as beneficiary of the Trust.
- Should OPG, as Financial Services Manager, establish other financing entities in the future for purposes of the OFHP, the Ministry of Finance will ~~also~~ consider making similar recommendations to the Minister of Finance.

Next Steps:

- Letter to OPG provide comfort that Subco will be exempt from PILs on income received as beneficiary of the Trust.
- The Ministry of Finance is working with OPG on a draft regulation, which is intended to be made by the Minister of Finance in the Fall of 2017.

Hi everyone,

This product was put on hold but we've now been asked to refresh it.

Could you please take a look and provide any comments midday tomorrow.

Hilary – I think you guys would lead slides 6/8 but please let me know if that's not the case.

Thanks in advance,
Kaitlin

Hi everyone,

We're pulling together a product summarizing all the outstanding business issues including status/next steps with respect to the Fair Hydro Plan for the Minister of Energy

I've attempted to fill out as much as possible (Hilary there's a couple placeholder slides where I had no content but I think those would be for ESP? Please correct me if I'm wrong).

Each of you are involved in various aspects of these issues so I'm hoping you can take a look to ensure we're accurately capturing each item.

I'm away next week but if you could provide your suggested edits to Keley by next Wednesday we would appreciate it. The briefing has not yet been set up so we will keep you posted if that timing needs to change.

Thanks in advance,
Kaitlin

OFHP Business Issues

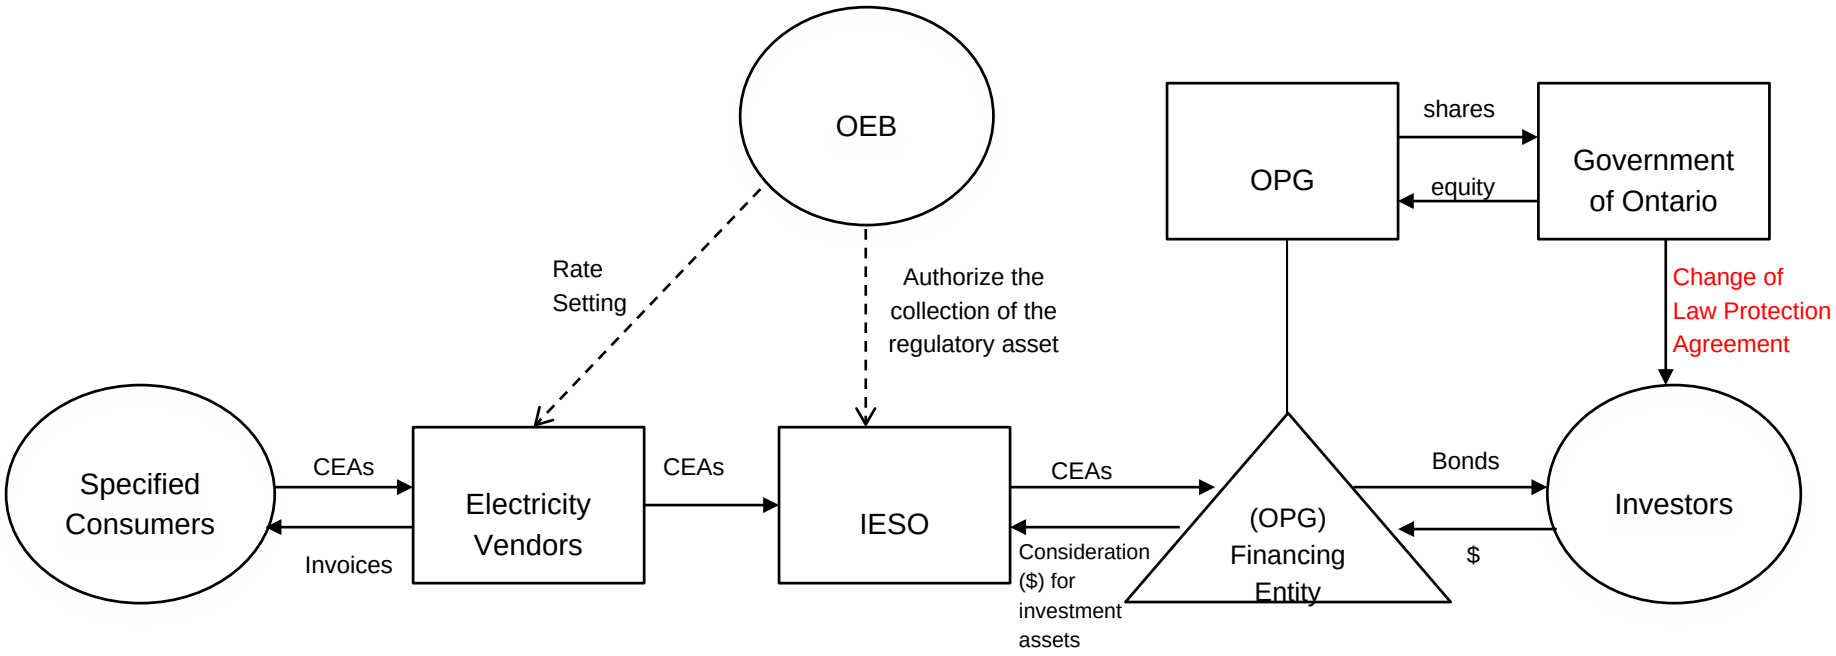
DRAFT – September 11, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Context: GA Financing

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset as the Act provides the IESO the right to recover the balance in the variance account
  - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
  - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
  - A financing entity purchasing the regulatory asset would effectively finance the IESO's shortfall in current rates not received from ratepayers
- In order to support the establishment of a financing entity, facilitate ongoing funding requirements of the Global Adjustment and optimize ratepayer impacts, OPG and the Province are working on finalizing the details for a number of business issues, including
  - ~~Provincial Protection and Assurances Agreement (PPAA)~~ Change of Law Protection Agreement
  - Fair Allocation Amount (FAA)
  - Management Fees Regulation
  - Moratorium Period Interest and Fee Recovery
  - Equity Injections
  - Subordinated Debt Agreement
  - PILs Exemption

Global Adjustment Refinancing – Roles and Responsibilities



Note: CEAs are “clean energy adjustments”

~~Provincial Protection and Assurances Agreement~~Change of Law Protection Agreement

Overview:

- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets (planned to be 51%, with other financing to come from OPG and, indirectly, the Province)
  - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable or would result in higher financing costs, to be passed on to ratepayers
- Upon receiving TB/MBC approval, and as contemplated under the Act, the Ministers of Energy and Finance have the authority to negotiate and enter into a protection agreement that supports the Financing Entity and prospective debt holders such that the Province would take over the funding obligations of the Financing Entity, under certain circumstances, including
  - Actions of the Legislative Assembly that undermine the financing arrangement; i.e., repeal or amendment of the Ontario Fair Hydro Plan Act, 2017, or new legislation that adversely affect the Financing Entity
  - A court decision that declares the rights of the Financing Entity to recover amounts from ratepayers to be invalid or unenforceable
  - Changes to the organization, structure or operations of IESO or a change in the electricity market structure or operations that adversely affects the ability of the Financing Entity to recover amounts related to funding obligations.

~~Provincial Protection and Assurances Agreement~~Change of Law Protection Agreement (Con't)

- In the event the protection agreement is triggered, the Province will be required to pay the obligations of the Financing Entity including principal and interest payments on debt issued to date, any payments to derivatives counterparties and any outstanding payments to service providers
  - The Province could potentially service the debt and other obligations and could replace OPG as the financial services manager
- The protection agreement may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access the U.S. market as investors in that market will likely require additional compensation if the assumption agreement is triggered
- The Province will take on a contingent liability, which will increase over the duration of the Fair Hydro Plan and peak at an estimated $20B of debt (final cost forecasts TBC), including principal and accumulated interest
- In the event the protection agreement is triggered, the Province's net debt will most likely increase by an amount equal to the contingent liability at that point in time
  - The Province's interest payments will also increase by the debt interest servicing of the debt payment obligations it has assumed under the protection agreement
  - IOD expense may increase between $0.8B and $1.0B per annum, assuming the protection agreement is triggered when debt is at its peak, and depending on the interest rate at which the Financing entity will be able to borrow at

Next Steps:

- Province to work with OPG and external legal counsel to finalise the Protection Agreement

Fair Allocation Amount

Overview:

- xx

Next Steps:

- Xx

Management Fees Regulation

Overview:

- Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest.
- The Act enables OPG to achieve its objectives of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.
- The fee will have a fixed and variable component and be determined by formulas set out in a regulation, which as currently drafted includes:
    - **Base fee**: Monthly fee calculated as 7.5 basis points on monthly funding obligation. The base fee will be independently reviewed in 2018.
    - **Variable fee**: Annual fee of 5% of the difference difference between forecast and actual interest rates achieved for each of its funding tranches. The variable fee in any one year will be no more than 5 basis points of the net annual borrowing and can be no less than -5 basis of the net annual borrowing. If the variable fee is a negative amount, such amount will be deducted from the base fee in the following calendar year in twelve equal monthly payments
- The OEB will have a role in reviewing OPG's fees to ensure that the fees are consistent with prevailing market comparators

Next Steps:

- The Province is working with the OEB and OPG to develop a regulation setting out how the fees would be calculated including appropriate comparators for the OEBs review

Moratorium Period Interest and Fee Recovery

Overview:

- xx

Next Steps:

- Xx

FTD OFA Comment: Is the recovery limited to IESO's interest costs on the credit line or does it extend to the interest costs of the financing entity over the four years in question?

Equity Injections

Overview:

- To purchase the regulatory asset from the IESO, an OPG financing entity would be established and borrow funds from the following:
  - Capital markets (51%)
  - Subordinated OPG debt, financed through equity injections from the Province (44%) and OPG, financing from capital markets (5%)
- OPG will require equity injections on an ongoing basis in order to provide the 44% share of financing for the financing entity to acquire the regulatory asset from IESO and keep its capital structure in line, and will require flexibility in order to issue shares to the Province as needed, under a share subscription agreement
- The Ministry of Energy will be responsible for seeking approval for the investment envelope each year and managing the share subscription arrangement with OPG
  - On a periodic basis, OPG will send a notice of share subscription to the Ministry of Energy, requesting a certain amount of equity based on the amount of the regulatory asset it plans to purchase in a fiscal year; the Ontario Financing Authority will flow the funds

Next Steps:

- OPG and the Ministry of Energy have approved the Master Subscription Agreement and will proceed to execute in the coming weeks
- The Ministry of Energy will work with the OFA to ensure a mechanism is in place to flow the funds within the required timeframes after the request is made by OPG

Subordinated Debt Agreement

Overview:

- OPG intends to lend the equity injection from the Province to the Trust by way of subordinated debt and junior subordinated debt
- OPG proposes that OPG, the Fair Hydro Trust and the OFA will enter into a subordinated debt loan agreement, which outlines the terms of the subordinated debt [TBD]
- OPG has proposed that interest rates on the subordinated debt be established as follows:
  - During the Trust short term financing period, when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt [TBD]
  - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. [TBD]

Next Steps:

- OPG to incorporate the Province's comments into the next draft of the Subordinated Debt Agreement, which is tracking to be finalized by the end of ~~September~~November [TBD]

PILs Exemption

Overview:

- It is currently contemplated that the first financing entity to be established by OPG, in its capacity as Financial Services Manager, will be a trust (Trust).
- The Trust would be subject to tax under the *Income Tax Act* (Canada) and the Ontario *Taxation Act, 2007*.
- The beneficiary of the Trust will be a corporation (Subco) that will be directly or indirectly wholly-owned by OPG.
  - Subco, as a subsidiary of OPG, would be exempt from federal and provincial corporate taxes payable by private sector companies. Instead, Subco would be subject to tax under the payments in lieu of taxes (PILs) regime under the *Electricity Act, 1998 (EA),* and would pay PILs to the Ontario Electricity Financial Corporation (OEFC);
  - PILs are used by the OEFC to help pay down ~~its~~ debt and other liabilities – OEFC is the legal continuation of the former Ontario Hydro.
- In order to mitigate the cost to ratepayers, a recommendation will be made to the Minister of Finance ~~to~~ to make a regulation under the EA that would exempt Subco from PILs on income received by Subco as beneficiary of the Trust.
- Should OPG, as Financial Services Manager, establish other financing entities in the future for purposes of the OFHP, the Ministry of Finance will ~~also~~ consider making similar recommendations to the Minister of Finance.

Next Steps:

- Letter to OPG provide comfort that Subco will be exempt from PILs on income received as beneficiary of the Trust.
- The Ministry of Finance is working with OPG on a draft regulation, which is intended to be made by the Minister of Finance in the Fall of 2017.

Hello Everyone,

OPG made a formal request to the Ministry of Energy on April 12th for the third equity injection closing on April 20th. As per our MOU with the OFA, attached are the following signed documents:

1. Share Subscription Form
2. FAA Certificate
3. Memo authorizing release of funds to OPG

OFA should have what it needs from ENERGY to make the payment to OPG. Please let me know by today if there are any questions or issues.

Thank you,

Subject: RE: OPG Equity Injection - Closing April 20, 2018

Hello,

Attached is OPG's calculation for the equity injection.

Moving forward, we'll include it with the Share Subscription Form like the first two purchases in December & March.

Thank you,
Graham

Hello Everyone,

OPG made a formal request to the Ministry of Energy on April 12th for the third equity injection closing on April 20th. As per our MOU with the OFA, attached are the following signed documents:

1. Share Subscription Form
2. FAA Certificate
3. Memo authorizing release of funds to OPG

OFA should have what it needs from ENERGY to make the payment to OPG. Please let me know by today if there are any questions or issues.

Thank you,

Hi John,

The Settlements team just confirmed with CIBC that they would start releasing payments at 7:30 a.m. They has asked them to release the payment as early as possible and will send us the LVTS number once they received it from CIBC on March 22. However, they have noted that we can't assure OPG what time their bank, Scotiabank, will credit their account.

Regards,
Gavin He

Hi Shruti,

I am told that our processing will be done first thing. But that it is not possible for us to know when OPG's bank would do their stuff and credit the bank.

So I think the response is – we will do our best but no guarantees.

Hope that helps.

John

Just followed up with Risk…

Alex is on vacation til Monday. If this can wait, they suggest chatting then. They too want to get an idea of whether to classify the equity injections as new borrowings or from the liquid reserves and how to calculate. They'll want to chat with Alex before moving forward on that.

If the only hold up is just the actual calculation from Alex's team, I'll can start developing a briefing note on what we're proposing, and why and leave the interest cost amounts as placeholders for the time being.

Thanks,
Shajee

Subject: OPG Equity Injection Interest

Hi Alex and team,

Hope you all are well.

You might be aware, as part of the Fair Hydro Plan the Province (via the OFA) provides an equity injection into OPG in return for OPG shares.

Since December 2017 when the equity injection began, the province has invested approximately $787M in equity into OPG. We're trying to develop an accurate picture of the interest costs of these

equity injections thus far. I know we've dealt with your area before on projecting interest costs regarding FHP, but would you have information on what the exact costs have been due for the equity injections.

Happy to discuss this further or be redirected elsewhere if there's another area that would be more appropriate to talk to.

Thanks,
Shajee

FYI John, on the interest cost calculations (re: ESDI) for the equity injection.

Risk is working on it, it seems. If I don't hear further from them by the end of the week I can follow up further. (let me know if this is ok, otherwise I can follow up more frequently).

Not sure if we already shared our draft note for this proposal/policy. We left a placeholder for the information from Risk. Attached and found here:

Hi Alex,

Hope you're well. Just a friendly follow up on this request from last week…

We have details on the equity injections that have occurred and amounts, but we're looking to have an accurate idea of the interest costs (from the Province's perspective) for the OPG equity injections that have occurred.

Would your area be able to help us with this, or is there another area that would be more appropriate to talk to.

Thanks,
Shajee

Hi Ron,

The Ministry of Energy has signed off on the OREC MOU between OFA and the Ministry of Energy. Attached is a scanned copy of their signatures.

The final version of the MOU is consistent with our proposed version (please see the second attachment) reviewed by Legal. I have tracked the changes for your convenience as well. The changes are not material.

I will bring you a hard copy for sign-off as well.

Thanks,
Gavin He

Memorandum of Understanding
Relating to the
Ontario Rebate for Electricity Consumers

Dated: **January 1, 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy ("**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. Pursuant to the *Ontario Rebate for Electricity Consumers Act, 2016* and the regulations thereunder (the "Act"), certain consumers will be entitled to receive financial assistance (the "Ontario Rebate for Electricity Consumers" or "OREC") in respect of the cost of electricity consumed by them commencing January 1, 2017;

2. Reimbursement for OREC provided to consumers and persons receiving invoices from unit sub-meter providers ("Reimbursement") will flow to specified electricity distributors, retailers and unit sub-metering providers ("Payment Recipients") through the Independent Electricity System Operator ("IESO") in accordance with the Act;

3. Under the Act, the Ministry will be required to pay amounts to the IESO on account of the OREC Reimbursement (the "Payments") out of amounts appropriated by the Legislature for that purpose ("Appropriated Amount");

4. The Ministry considers it advisable for the OFA to make the Payments on behalf of the Ministry and the OFA has agreed to make the Payments on behalf of the Ministry;

5. The Ministry and the OFA have also agreed to work together on OREC cost forecasting;

6. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") pursuant to clause 7 (3)(f) of the *Ministry of Energy Act* and subsection 30 (1) of the *Capital Investment Plan Act, 1993* to confirm their agreement regarding the terms on which the OFA will make the Payments and on which the Ministry and the OFA will work together on OREC cost forecasting.

Therefore:

The Ministry and the OFA agree as follows:

1. Payment Authorization

(i) The Ministry authorizes the OFA to make the Payments on behalf of the Ministry and the OFA agrees to make the Payments on behalf of the Ministry.

(ii) The Ministy shall ensure that the certificate under section 11.4 of the *Financial Administration Act* required for each of the Payments is obtained.

(iii) It is agreed by the Ministry and the OFA that the OFA is acting as agent, on behalf of the Ministry, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Act, and

ii. Making the required Payments on behalf of the Ministry as further described in this MOU.

2. Payment Process

a) The Ministry has an account with the IESO under which the IESO will issue invoices to the Ministry for the Payments. The IESO will provide the Ministry with access to these invoices by giving the Ministry access to a secure IESO portal containing these invoices ("IESO Portal").

b) The Ministry will take all necessary steps to provide the OFA with access to the IESO Portal so that the OFA will have access to each IESO invoice to the Ministry, at the same time the IESO issues the invoice to the Ministry.

c) The OFA will make the Payments on behalf of the Ministry, in the amount of the IESO invoices.

d) The Payments will be made in accordance with the IESO Market Rules and IESO Manuals for settlements and billing of market participants, as amended from time to time.

e) The Payments will be made from the Consolidated Revenue Fund and the amount of each Payment will be entered by the OFA into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Payment in the amount of the IESO invoice.

b) The OFA will keep and maintain all records related to the OREC for a period of seven (7) years, and will provide the Ministry with electronic copies (or paper copies, if requested by the Ministry) of such of those records as the Ministry may request from time to time.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Payments will be performed by the Ministry.

4. OREC Cost Forecasting

a) The Ministry and the OFA will work together to prepare and review cost forecasts, estimates, and analysis related to the OREC.

b) The Ministry will provide to the OFA all IESO invoices and settlement statements relating to the OREC, and any reports by OREC Payment Recipients to the IESO, that are received by the Ministry. This includes providing electronic portal access to data and reports by OREC transfer payment recipients expected to be provided through an electronic portal reporting process.

c) The OFA and the Ministry will collaborate to prepare fiscal year cost estimates and monthly cashflow estimates for OREC.

d) The OFA and the Ministry will ensure senior management in their respective organizations are briefed and updated on the OREC forecasting on a regular basis to ensure there is mutual understanding and agreement on the forecasts.

e) The Ministry and the OFA acknowledge and agree that the actual costs of OREC may not be the same as the forecasted costs, and the OFA bears no liability for any differences between the forecast and actual costs of OREC, nor does the OFA have any responsibility for any application to Treasury Board for the appropriated amount or for a change in the appropriated amount for OREC.

5. Limited Role of the OFA

The OFA will only be responsible for making the Payments in accordance with section 2 and assisting in OREC cost forecasting in accordance with section 4. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the IESO invoices, monitoring the IESO's application of the Payments, monitoring the balance from time to time of the Appropriated Amount, or ensuring the Appropriated Amount is sufficient.

6. Review and Termination

a) The Ministry and the OFA will review this MOU annually.

b) This MOU may be terminated by either party at any time, on 90 days notice.

c) Upon termination of this MOU, the OFA will cease to make any Payments.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

7. No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

8. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact person is:

John Kim
Tel: (416) 212-6996
email: john.kim@ofina.on.ca

c) As of the date of this MOU the Ministry's contact person is:

Robert Burns, Chief Administrative Officer & Assitant Deputy Minister, Corporate Services Division

Tel: 416-327-3682
email: robert.burns@ontario.ca

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 9.

9. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Toronto, ON M7A 1Y7
Attention: John Kim
email: john.kim@ofina.on.ca

c) In the case of the Ministry, the addresses for notice are:
Hand Delivery:
Ministry of Energy, Corproate Services Division

4th Floor, 56 Wellesley St
Toronto, ON M7A 2E7
Attention: Robert Burns, Chief Administrative Officer & Assistant Deputy Minister
email: robert.burns@ontario.ca

10. Execution

The parties have executed this MOU, effective as of the date first above written.

Memorandum of Understanding
Relating to the
Ontario Rebate for Electricity Consumers

Dated: ~~, 2016~~January 1, 2017

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy ("**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. Pursuant to the *Ontario Rebate for Electricity Consumers Act, 2016* and the regulations thereunder (the "Act"), certain consumers will be entitled to receive financial assistance~~, in this Memorandum of Understanding ("MOU") called~~ (the "Ontario Rebate for Electricity Consumers" or "OREC")~~,~~ in respect of the cost of electricity consumed by them commencing January 1, 2017;

2. Reimbursement for OREC provided to consumers and persons receiving invoices from unit sub-meter providers ("Reimbursement") will flow to specified electricity distributors, retailers and unit sub-metering providers ("Payment Recipients") through the Independent Electricity System Operator ("IESO") in accordance with the Act;

3. Under the Act, the Ministry will be required to pay amounts to the IESO on account of the Reimbursement (the "Payments") out of amounts appropriated by the Legislature for that purpose ("Appropriated Amount");

4. The Ministry considers it advisable for the OFA to make the Payments on behalf of the Ministry and the OFA has agreed to make the Payments on behalf of the Ministry;

5. The Ministry and the OFA have also agreed to work together on OREC cost forecasting;

6. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") pursuant to clause 7 (3)(f) of the *Ministry of Energy Act* and subsection 30 (1) of the *Capital Investment Plan Act, 1993* to confirm their agreement regarding the terms on which the OFA will make the Payments and on which the Ministry and the OFA will work together on OREC cost forecasting.

Therefore:

The Ministry and the OFA agree as follows:

1. Payment Authorization

(i) The Ministry authorizes the OFA to make the Payments on behalf of the Ministry and the OFA agrees to make the Payments on behalf of the Ministry.

(ii) The Ministy shall ensure that the certificate under section 11.4 of the *Financial Administration Act* required for each of the Payments is obtained.

(iii) It is agreed by the Ministry and the OFA that the OFA is acting as agent, on behalf of the Ministry, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Act, and

ii. Making the required Payments on behalf of the Ministry as further described in this MOU.

2. Payment Process

a) The Ministry has an account with the IESO under which the IESO will issue invoices to the Ministry for the Payments. The IESO will provide the Ministry with access to these invoices by giving the Ministry access to a secure IESO portal containing these invoices ("IESO Portal").

b) The Ministry will take all necessary steps to provide the OFA with access to the IESO Portal so that the OFA will have access to each IESO invoice to the Ministry, at the same time the IESO issues the invoice to the Ministry.

c) The OFA will make the Payments on behalf of the Ministry, in the amount of the IESO invoices.

d) The Payments will be made in accordance with the IESO Market Rules and IESO Manuals for settlements and billing of market participants, as amended from time to time.

e) The Payments will be made from the Consolidated Revenue Fund and the amount of each Payment will be entered by the OFA into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Payment in the amount of the IESO invoice.

b) The OFA will keep and maintain all records related to the OREC for a period of seven (7) years, and will provide the Ministry with electronic copies (or paper copies, if requested by the Ministry) of such of those records as the Ministry may request from time to time.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Payments will be performed by the Ministry.

4. OREC Cost Forecasting

a) The Ministry and the OFA will work together to prepare and review cost forecasts, estimates, and analysis related to the OREC.

b) The Ministry will provide to the OFA all IESO invoices and settlement statements relating to the OREC, and any reports by OREC ~~transfer~~ Ppayment Rrecipients ~~(e.g. Local Distribution Companies, retailers, and unit sub-metering providers)~~ to the IESO, that are received by the Ministry. This includes providing electronic portal access to data and reports by OREC transfer payment recipients expected to be provided through an electronic portal reporting process.

c) The OFA and the Ministry will collaborate to prepare fiscal year cost estimates and monthly cashflow estimates for OREC.

d) The OFA and the Ministry will ensure senior management in their respective organizations are briefed and updated on the OREC forecasting on a regular basis to ensure there is mutual understanding and agreement on the forecasts.

e) The Ministry and the OFA acknowledge and agree that the actual costs of OREC may not be the same as the forecasted costs, and the OFA bears no liability for any differences between the forecast and actual costs of OREC, nor does the OFA have any responsibility for any application to Treasury Board for the appropriated amount or for a change in the appropriated amount for OREC.

5. Limited Role of the OFA

The OFA will only be responsible for making the Payments in accordance with section 2 and assisting in OREC cost forecasting in accordance with section 4. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the IESO invoices, monitoring the IESO's application of the Payments, monitoring the balance from time to time of the Appropriated Amount, or ensuring the Appropriated Amount is sufficient.

6. Review and Termination

a) The Ministry and the OFA will review this MOU annually.

b) This MOU may be terminated by either party at any time, on 90 days notice.

c) Upon termination of this MOU, the OFA will cease to make any Payments.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

7. No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

8. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact person is:

John Kim
Tel: (416) 212-6996

Hi John,

I think Adam and I had discussed this briefly. We were questioning why the Province could not issue debt to OPG instead of Equity (or even directly into the Trust). The only reason that came to mind was to effect OPG's credit rating (which TD says would be treated as "intermediate equity" for option 3) – don't think GBE status would be affected.

The OEFC already lends to OPG which hasn't seemed to effect its GBE status… not sure what I'm missing here..

I don't follow Ken's bullet #1. Maybe I'm missing something due to having too many files on the go but is it true that if we have a loan to OPG, that the GBE treatment falls apart?

Carlos, and others

I believe the discussion with TDS will be scheduled for either Thursday of Friday and I am not available on both days so here are my comments.

- Page 3: Option#3 is not feasible since it is essentially a type of debt from the Province to OPG and may impact the latter's GBE status, which jeopardizes the entire arrangement.
- Options 2 and 4 are superior to 1 from the Province's perspective providing a greater assurance of dividends, which means less cash flow risk for the province.
- The last bullet on page 4 is a little confusing especially the phrase; "and the debt issued to OPG by the SPV/Trust". It's actually the other way around, OPG uses the cash flow from the equity injection to issue debt to the Trust.
- The cash flow from the equity injection is essentially cost free for OPG however, the Trust will generate interest income on 100% of its debt, as such when the trust is consolidated with OPG, the latter will show a net interest income. This income can be paid out as dividends to the Province and in essence defray the Province's interest payments on the debt incurred to fund the equity injection.

Thanks and as always happy to discuss.

Hi Ken,

Thanks for these helpful comments. I do have a question on your first comment. I haven't been as close to the accounting discussion as you have been - why would providing debt from the Province to OPG, for this purpose, affect its status as a GBE, if the loan is provided at a market rate. I haven't gone through this deck carefully yet but wanted to clarify this point.

I do recognize that ultimately OPG would want to make a commercial decision so we are looking to be educated on various structures.

Happy to chat in the lock-up tomorrow.

Hi Carlos,

We are available at following times. As you know, Trevor is out tomorrow but I'm happy to coordinate if that date/time suits you best:

Thursday, April 27th: 10:30 – 11:30 am and 2:30 – 5:30 pm

Friday, April 28th: 2:00 – 4:00 pm

Tuesday, May 2nd: 10:00 am – 1:30 pm and 3:30 pm – 5:30 pm

Regards,

Susan

Hi Harold,
Thank you for the Capital Injection Discussion slides.

Can you advise your availability for a conference call this week and next week to discuss further and I will check with others in the OFA and Ministry of Energy .

Regards
Carlos

Mike & team – please see attached for our analysis on the capital injection.

Let us know when you would like to discuss further. We have a # of folks on the road this week, but happy to accommodate later in the week if that works.

I would say Dimitri but don't think he's involved with this file, so likely back to Toby. It may be best to go to Malle and she can advise whether Toby or someone else can help.

> Despite any other Act, a ministry or public entity shall not enter into any financial arrangement, financial commitment, guarantee, indemnity or similar transaction that would increase, directly or indirectly, the indebtedness or contingent liabilities of Ontario, or seek the approval of the Lieutenant Governor in Council to do so, unless the arrangement, commitment, guarantee, indemnity or transaction

Section 28 is specifically for any public entity, acting on behalf of the province, who will be indemnifying ANOTHER entity. What IESO and OPG have asked is that the Province indemnify them, which is where s22 comes into play.

I just read through s.22 and s.28 and that didn't help me. I'll see if we can get some definitive explanation, otherwise per your suggestion.

Thanks….looks good. One thing though, could we leave both s22 and s28 as options? I'm of the bias that s28 is the way to go. Happy to be persuaded otherwise though. It has to do with my understanding that s28 won't require OIC? And wouldn't it be cleaner for the government to provide indemnities to the organizations (OPG and IESO) and have them extend the indemnities to relevant parties? I understood Bruce Lease indemnity was done this way?

Hi John

Salman added a bullet with respect to the indemnity request. S.22. We can discuss the S.22 vs. S.28. I note that James Strang's BN on this changed it to s.22 although his Qs and As still refer to S.28.

Yes there is a distinction accounting wise – but we ultimately will not know how the rating agency will treat the transaction unless a conversation is opened about it with them.

Cc: Bruno Amara <Bruno.Amara@ofina.on.ca>
Subject: RE: Preferred equity treatment
Importance: Low

Perhaps there's a distinction on the way it's consolidated? Eg. Subsidiaries (like OPG Trust to OPG) get consolidated line by line. Whereas for the province OPG is consolidated in a single line?

That's what Salman had stated earlier – wouldn't know for sure but it's not the typical parent-sub relationship since OPG is not technically a sub as a GBE. It would be up to the rating agency's interpretation.

Here is S&P's handbook – although there have been various amendments issued since 2008 that would need to be checked. It states the following but need to review in more detail:

Pg 33.
We include any hybrid capital issuance in excess of 15% in the numerator of our leverage calculations. We do not generally recognize hybrid issuance of operating companies (reflected also as hybrid capital in the relevant parent's consolidated financial statements) as such in our consolidated capital adequacy analysis (see table 4)

Subject: Preferred equity treatment

There is an exception to preferred share 20% rule:

"There are cases where a parent may invest in a subsidiary through deeply subordinated debt for tax or other reasons with the intention that the security mirrors the attributes of equity. DBRS would

typically assess a range of factors to establish if the latter has been achieved, such as cross-default trigger covenants, term and ability to defer interest. Regardless of these factors, the parent-subsidiary relationship is key and represents the only reason that DBRS would consider these debt instruments for high equity treatment. In these cases, the 20% cap rule does not apply."

Subject: RE: Preliminary notice of first asset purchase and debt issuance under Fair Hydro Program

Ken R.,

Thanks for your email, and the chat last Friday morning to clarify the proposed process for the first transaction. As you know it is important to Ministry to ensure that we follow the proper process at all times, particularly for the first transaction. Here is the proposed process as I understand it from our chat.

1) IESO asset to be transferred is the balance as of November 30. I understand the projected balance is ~$1.2B of which 44 per cent which will covered by the request for the equity injection.
2) On Dec 7 or 8, IESO will get confirmation of the November 30 balance and relay to OPG
3) On Dec 7 or 8, OPG to send Ministry of Energy an unofficial, unsigned Transfer Notice indicating the balance, and the amount requested for equity injection along with the Share Subscription form. This notice will be missing the closing date but all other information will be complete and accurate.
4) Ministry of Energy to commence reviewing the request on the assumption that a formal signed Transfer notice will be provided between Dec 12 –15.
5) Ministry of Energy to make formal request to the OFA under an MOU, once the formal signed Transfer Notice is received by the Ministry from OPG. Only once the formal signed Transfer Notice is received by the Ministry of Energy from OPG, will the 5 day period starts, but we will endeavour to expedite, although only 2 of the 5 days are under our control.
6) OFA staff to process the payment within three business days as per the terms of the MOU and wire funds to the appropriate account as per the MOU

From a Ministry of Energy perspective, we are ok with the above approach for this transaction. Our main concern, legal and policy, is ensuring that we have the formal signed Transfer Notice in hand before making any request to the OFA.

I understand that the closing date of the equity injection is the same as the closing date for the external financing which makes it challenging to provide the formal Transfer Notice within the 5 days. Going forward, you mentioned the warehousing facility may help with this timing issue.

Mike M and Ken K may have additional comments from an OFA perspective.

Subject: Preliminary notice of first asset purchase and debt issuance under Fair Hydro Program

Shruti / Mike / Ken K,
Just wanted to give you a preliminary notice of expected funding requirements over the next month to facilitate the first purchase of the asset from the IESO and corresponding debt issued by the Trust, a part of which is supported by the equity injection from the Province. A formal notice will be provided in accordance with the relevant processes but given that this is the first transaction during a month when many people are away then we are providing this preliminary notice to help with lining up the relevant approvals.

The timing of the asset purchase will correspond to the debt issuance by the Trust. The exact timing will depend on completing the items required to market to investors – program documents and credit rating are the key elements.

In terms of dollar amount we anticipate the Trust purchasing the entire variance account balance. This is expected to be about $1.2 billion. As of the end of October, the account is just over $1 billion. It is expected that the senior debt for this first transaction will be both term debt and

warehouse debt.

Since this is the first transaction in this structure and there are a number of moving parts at the current time then we will need to have some flexibility on the 5 business day requirement between notification and funding. One of the challenges is to include the Transfer Notice as part of the request for the equity since there is a similar 5 business day notice requirement. We may need to issue the equity request without the Transfer Notice attachment which would follow shortly after.

At the current time the expected dates are:
Pricing of term debt issuance – current target is sometime between Dec 12 to 15
Closing of debt issuance – Dec 19 to 22 (standard for securitization is T+5)

Closing date would correspond to the date for OPG to issue Class A shares to the Province in exchange for the corresponding funding from the Province.
Thanks,
Ken R

Earlier today, we sent an electronic copy of the signed Share Subscription form to the OFA. We can give OPG the original on the closing date – let us know who at OPG we should connect with.

One question on the transfer notice – going forward, will the usual practice be that it is signed but undated?

Hi,
The Transfer Notice has been signed but has not been dated as it is being held in escrow. On closing the Transfer Notice will be dated effective the closing date and released from escrow.

Attached is the document package for the equity purchase with the signed but undated Transfer Notice. On closing we will provide an updated Transfer Notice with the date completed.

Thanks,
Ken

Hi,
Just wanted to let everyone know that closing has been delayed as a result of discussions this week to finalize the Change in Law Protection Agreement. The credit rating process has been delayed and closing is now targeted for Dec 20 or 21. I hope to have a final transfer amount today. The amount is still around $1.2 B.
Thanks,
Ken

TRANSFER NOTICE

TO: Fair Hydro Trust
c/o Ontario Power Generation Inc., as Manager
700 University Avenue
Toronto, Ontario
M5G 1X6

Attention:
Email:

This Transfer Notice is delivered to you pursuant to Section 2.1 of a master transfer and servicing agreement made as of December 11, 2017 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "**Master Transfer and Servicing Agreement**") between **FAIR HYDRO TRUST**, a trust formed under the laws of the Province of Ontario (the "**Issuer**"), the **INDEPENDENT ELECTRICITY SYSTEM OPERATOR** ("**Transferor**" in its capacity as transferor, "**Servicer**", in its capacity as servicer, and "**IESO**" in its capacity as both Transferor and Servicer), a statutory corporation without share capital amalgamated under the laws of the Province of Ontario. All capitalized terms used but not otherwise defined herein shall have the respective meanings ascribed to such terms in the Master Transfer and Servicing Agreement.

The Transferor hereby gives notice to the Issuer of its offer to transfer to the Issuer on the Closing Date set out below, the Specified Portion of the Regulatory Asset referred to below, all in accordance with the terms and conditions of the Master Transfer and Servicing Agreement. In consideration for (i) the Transferor's Transfer to the Issuer of the Specified Portion of the Regulatory Asset referred to below, the Issuer shall deliver or cause to be delivered to the Transferor on the Closing Date set out below, by wire transfer or electronic funds transfer in immediately available funds, an amount in Canadian dollars equal to the Purchase Price set out below.

Upon receipt by the Transferor of the Purchase Price on the Closing Date the Transferor shall reduce the balance of the Fair Hydro Variance Account by an amount equal to the Purchase Price, and the Regulatory Asset shall be adjusted accordingly.

Specified portion of Regulatory Asset: $1,200,000,000.00

Purchase Price: $1,200,000,000.00

Closing Date: December 19, 2018

The Transferor hereby represents, warrants and confirms that:

(i) each of the representations and warranties on the part of the Transferor contained in the Master Transfer and Servicing Agreement are true and correct in all respects on the date hereof as if made on the date hereof;

(ii) the Transferor is not in breach of any of its covenants in the Master Transfer and Servicing Agreement;

(iii) since the date of the last Transfer Notice there has been no change to the information described in Section 2.2(a)(i)(A) of the Master Transfer and Servicing Agreement; and

(iv) as of the date hereof, each condition precedent that must be satisfied by the Transferor under Section 2.2 of the Master Transfer and Servicing Agreement is capable of being satisfied prior to Closing Date.

The closing shall take place at ■ (Toronto time) on the Closing Date referred to above at the offices of ■, except as may be otherwise mutually agreed. The Purchase Price shall be paid on that date by wire transfer or electronic funds transfer to [insert IESO bank account details].

Hi John,

FYI – I gave one original copy back to Energy and saved a scanned version under below folder:

S:\Users\CEF\Hydro 2017\Fair Hydro Plan (Post Announcement)\Implementation\MOU\Final

Usman will give our original copy to Legal.

Regards,
Gavin He

Hi Gavin,

Yes, I have confirmation from Shruti. You can include settlement as a contact in schedule C, and we can e-mail schedule C to both Alfonso, and the settlement account outside of the agreement.

Can you send us the final copy that you will be singing off on?

Thanks,
Deni

Hi Deni,

Sorry for the back and forth on this. I think we can move forward with the sign-off on our side on the current copy.

Separately, is it possible to email "schedule C" to the OFA settlements team (Alfonso and Settlement@ofina.on.ca) then? Right now, it's in a memo format, so I am not sure how he will receive that memo.

Please let us know if that will work for you.

Regards,
Gavin He

Hi Gavin,

We're looking at the changes and we're wondering if the ministry would be required to submit the documents in Section 2 b) of the MOU to this email, in addition to Alfonso (to whom the Payment Authorisation is addressed). If so, our corporate suggested this be included in Schedule C.

Thanks,
Deni

Hi Deni,

Thanks for dropping off the package. Our legal confirmed that he is ok with the edits on paragraph 2. But if you were okay without the edits, could you please send the updated version removing that then?

In addition, our OFA settlements team would like to add an additional generic mailbox for the notice purpose, so I have added that in the attached version.

Thanks,
Gavin He

Hi Gavin,

We checked back with our legal and we were able to remove that new line to the MOU that we checked in with you about yesterday. Thank you for looking into it.

I will be walking over two signed copies of the MOU around 11:15 for your ADM to sign off on. If you aren't there I can leave them with Karim.

Once they are signed, if you could return one of the copies back to us it would be very appreciated.

Let me know if you have any questions or concerns.

Thank you,
Deni

Hi Gavin,

We have made a couple of changes to the MOU upon some advice from legal.

We wanted to see if you were ok with the change to paragraph two under the Whereas Clause at the beginning.

Thanks,
Deni

Hi Gavin,

Yes, that is understanding. So thank you for confirming. I will be out of the office next week, so please connect with Graham on any issues.

Also, we are arranging for Carolyn to sign the MOU today, so we can walk over two copies to you. Or if you are coming up here, you can pick them up.
Will be in touch.

Thanks,
Shruti

Hi Shruti,

Hope all is going well!

Following the discussion yesterday, we understand that all numbers are to be finalized before the end of this week but won't be signed and delivered until Dec 15th for the first iteration. If that's the case, and the numbers won't change for the time being, OFA will be able to process the payment on 18th if we received the signed document on 15th.

Please feel free to let us know if you have any other questions/concerns.

Thanks,
Gavin He

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **December 5 , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. On June 1, 2017, the Legislative Assembly of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") which was introduced by the Government to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act provide the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.

6. In accordance with the Equity Injection Plan, the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within five (5) Business Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

   i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three Business Days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic copy of each Share Subscription executed and approved by the Minister of Energy or authorized delegate;
   b. a clear and legible electronic copy of a certificate, in the form attached as Schedule A to this MOU (the "Certificate"), confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under section 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment; and
   c. a clear and legible electronic copy of a payment authorization approved by the Deputy Minister of Energy or authorized delegate in the form attached as Schedule C to this MOU (the "Payment Authorization").

c) Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

d) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, the Certificate and the Payment Authorization as provided in paragraph b) above.

e) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

f) The OPG wire transfer information for the Subscription Payments shall be as set out in Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

g) The Ministry shall deliver electronically to the OFA certified copies of any

   a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,
   b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and
   c. authorizations under section 11.4 (2) 1 of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription dated **[date]** (the "Share Subscription") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4]** hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Gavin,

Yes, I have confirmation from Shruti. You can include settlement as a contact in schedule C, and we can e-mail schedule C to both Alfonso, and the settlement account outside of the agreement.

Can you send us the final copy that you will be singing off on?

Thanks,
Deni

Subject: RE: Process and documents for first asset purchase

Hi Deni,

Sorry for the back and forth on this. I think we can move forward with the sign-off on our side on the current copy.

Separately, is it possible to email "schedule C" to the OFA settlements team (Alfonso and Settlement@ofina.on.ca) then? Right now, it's in a memo format, so I am not sure how he will receive that memo.

Please let us know if that will work for you.

Regards,
Gavin He

Hi Gavin,

We're looking at the changes and we're wondering if the ministry would be required to submit the documents in Section 2 b) of the MOU to this email, in addition to Alfonso (to whom the Payment Authorisation is addressed). If so, our corporate suggested this be included in Schedule C.

Thanks,
Deni

Hi Deni,

Thanks for dropping off the package. Our legal confirmed that he is ok with the edits on paragraph 2. But if you were okay without the edits, could you please send the updated version removing that then?

In addition, our OFA settlements team would like to add an additional generic mailbox for the notice purpose, so I have added that in the attached version.

Thanks,
Gavin He

Hi Gavin,

We checked back with our legal and we were able to remove that new line to the MOU that we checked in with you about yesterday. Thank you for looking into it.

I will be walking over two signed copies of the MOU around 11:15 for your ADM to sign off on. If you aren't there I can leave them with Karim.

Once they are signed, if you could return one of the copies back to us it would be very appreciated.

Let me know if you have any questions or concerns.

Thank you,
Deni

Hi Shruti,

Hope all is going well!

Following the discussion yesterday, we understand that all numbers are to be finalized before the end of this week but won't be signed and delivered until Dec 15th for the first iteration. If that's the case, and the numbers won't change for the time being, OFA will be able to process the payment on 18th if we received the signed document on 15th.

Please feel free to let us know if you have any other questions/concerns.

Thanks,
Gavin He

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **December , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. On June 1, 2017, the Legislative Assembly of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") which was introduced by the Government to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act provide the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG") to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.

6. In accordance with the Equity Injection Plan, the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within five (5) Business Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

   i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three Business Days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic copy of each Share Subscription executed and approved by the Minister of Energy or authorized delegate;
   b. a clear and legible electronic copy of a certificate, in the form attached as Schedule A to this MOU (the "Certificate"), confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under section 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment; and
   c. a clear and legible electronic copy of a payment authorization approved by the Deputy Minister of Energy or authorized delegate in the form attached as Schedule C to this MOU (the "Payment Authorization").

c) Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

d) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, the Certificate and the Payment Authorization as provided in paragraph b) above.

e) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

f) The OPG wire transfer information for the Subscription Payments shall be as set out in Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

g) The Ministry shall deliver electronically to the OFA certified copies of any

   a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,
   b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and
   c. authorizations under section 11.4 (2) 1 of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3
Tel: (416) 325-9814

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription dated **[date]** (the "Share Subscription") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

2. The Act and the regulations promulgated under the Act provide the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG"), as Financial Services Manager for the purposes of the Act, to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.

6. In accordance with the Equity Injection Plan, the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within five (5) Business Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

   i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three Business Days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic copy of each Share Subscription executed and approved by the Minister of Energy or authorized delegate;
   b. a clear and legible electronic copy of a certificate, in the form attached as Schedule A to this MOU (the "Certificate"), confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under section 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment; and
   c. a clear and legible electronic copy of a payment authorization approved by the Deputy Minister of Energy or authorized delegate in the form attached as Schedule C to this MOU (the "Payment Authorization").

c) Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

d) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, the Certificate and the Payment Authorization as provided in paragraph b) above.

e) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

f) The OPG wire transfer information for the Subscription Payments shall be as set out in Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

g) The Ministry shall deliver electronically to the OFA certified copies of any

   a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,
   b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and
   c. authorizations under section 11.4 (2) 1 of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3
Tel: (416) 325-9814

SCHEDULE A

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription dated **[date]** (the "Share Subscription") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

Hi Gavin,

We have made a couple of changes to the MOU upon some advice from legal.

We wanted to see if you were ok with the change to paragraph two under the Whereas Clause at the beginning.

Thanks,
Deni

Hi Gavin,

Yes, that is understanding. So thank you for confirming. I will be out of the office next week, so please connect with Graham on any issues.

Also, we are arranging for Carolyn to sign the MOU today, so we can walk over two copies to you. Or if you are coming up here, you can pick them up.
Will be in touch.

Thanks,
Shruti

Subject: RE: Process and documents for first asset purchase

Hi Shruti,

Hope all is going well!

Following the discussion yesterday, we understand that all numbers are to be finalized before the end of this week but won't be signed and delivered until Dec 15th for the first iteration. If that's the

case, and the numbers won't change for the time being, OFA will be able to process the payment on 18th if we received the signed document on 15th.

Please feel free to let us know if you have any other questions/concerns.

Thanks,
Gavin He

Memorandum of Understanding
Relating to the Fair Hydro Plan

Dated: **December , 2017**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Ministry**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. On June 1, 2017, the Legislative Assembly of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") which was introduced by the Government to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act provide the right for the Independent Electricity System Operator ("IESO") to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the IESO by one or more special purpose financing entities, under the Act established by Ontario Power Generation Inc. ("OPG"), as Financial Services Manager for the purposes of the Act, to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Ministry has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the OPG Financing Entity's debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has, having received shareholder consent, amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares") for the purposes of facilitating the contemplated equity injections.

6. In accordance with the Equity Injection Plan, the Ministry will subscribe for Class A Shares on a monthly basis.

7. Each month OPG will deliver to the Ministry a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Ministry.

8. The Ministry is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

9. The Ministry has advised the OFA that the Ministry is required to make the Subscription Payments within five (5) Business Days of the receipt by the Ministry of the Share Subscription (the "Share Subscription Payment Date"). For the purposes of this MOU "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

10. The Ministry considers it advisable for the OFA to make the Subscription Payments on behalf of the Ministry and the OFA has agreed to make the Subscription Payments on behalf of the Ministry.

11. The Ministry and the OFA wish to enter into this Memorandum of Understanding ("MOU") to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Ministry and the OFA agree as follows:

1) Payment Authorization

a) The Ministry authorizes the OFA to make the Subscription Payments on behalf of the Ministry and the OFA agrees to make the Subscription Payments on behalf of the Ministry.

b) It is agreed by the Ministry and the OFA that the OFA is acting as an agent, on behalf of the Ministry, for the purposes of:

   i) transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Ministry in respect of the Fair Hydro Plan, and

   ii) making the required Subscription Payments on behalf of the Ministry as further described in this MOU.

2) Payment Process

a) The Ministry will take all necessary steps to provide the OFA with a clear and legible unapproved electronic copy of each Share Subscription, on the same day the Ministry receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Ministry will deliver to the OFA at least three Business Days before the Share Subscription Payment Date, electronic copies of the following:

   a. a clear and legible electronic copy of each Share Subscription executed and approved by the Minister of Energy or authorized delegate;
   b. a clear and legible electronic copy of a certificate, in the form attached as Schedule A to this MOU (the "Certificate"), confirming that there is a sufficient Appropriated Amount from which to make the Subscription Payment and, under section 11.4 of the *Financial* Administration *Act* (the "FAA"), that OPG is entitled to receive the Subscription Payment; and
   c. a clear and legible electronic copy of a payment authorization approved by the Deputy Minister of Energy or authorized delegate in the form attached as Schedule C to this MOU (the "Payment Authorization").

c) Upon receipt of the executed and approved Share Subscription, the Certificate and the Payment Authorization, the OFA will make the Subscription Payment on behalf of the Ministry, in the amount of the Share Subscription.

d) The OFA shall not be required to make any Subscription Payment on behalf of the Ministry if the Ministry has not delivered to the OFA an executed and approved Share Subscription, the Certificate and the Payment Authorization as provided in paragraph b) above.

e) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Ministry account immediately upon the completion of the Subscription Payment or shortly thereafter.

f) The OPG wire transfer information for the Subscription Payments shall be as set out in Schedule B attached to this MOU, or as the Ministry may otherwise provide from time to time by notice in writing to the OFA.

g) The Ministry shall deliver electronically to the OFA certified copies of any

   a. delegations under paragraph b) above made by the Minister of Energy to authorize persons to execute the Share Subscription,
   b. delegations under paragraph b) above by the Deputy Minister of Energy to authorize persons to execute the Payment Authorization, and
   c. authorizations under section 11.4 (2) 1 of the FAA by the Minister of Energy or the Deputy Minister of Energy of persons to execute the Certificate.

3) Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Ministry's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive the termination of this MOU.

4) Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 of this MOU and reporting and record keeping in accordance with section 3 of this MOU. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5) Review and Termination

a) The Ministry and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on ninety (90) days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Ministry to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Ministry to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by the OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6) No Service Charges

The OFA will not charge the Ministry for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7) Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Name: Ken Kandeepan
Title: Chief Financial and Risk Officer, Ontario Financing Authority
Address: 1 Dundas Street West, Suite 1400, Toronto, Ontario M5G 1Z3

CERTIFICATE

Ministry of Energy Subscription for Class A Shares of Ontario Power Generation Inc.

Ontario Power Generation Inc. ("OPG ") has delivered to the Ministry of Energy (the "Ministry") a share subscription dated **[date]** (the "Share Subscription") pursuant to the Master Share Subscription Agreement between the Ministry and OPG dated **[date].**

The Share Subscription requests payment by the Ministry to OPG in the amount of **[amount]** as consideration for the subscription for **[number]** Class A shares of OPG (the "Subscription Payment").

The Ministry is required to pay the Subscription Payment out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made (the "Appropriated Amount").

Section 11.4 (1)(c) of the *Financial Administration Act* provides that the Subscription Payment shall not be made unless a person authorized under that section certifies that OPG is eligible for or entitled to the Subscription Payment.

I **[Minister of Energy, or Deputy Minister of Energy, or a person authorized by either of them under FAA s. 11.4**] hereby certify that

i) There is a sufficient Appropriated Amount from which to make the Subscription Payment, and
ii) OPG is entitled to the Subscription Payment.

SCHEDULE C

PAYMENT AUTHORISATION

(MINISTRY LETTER HEAD)

(DATE)

MEMORANDUM TO: Alfonso Soriano, Manager, Cash Management
Finance and Treasury Division, OFA

FROM: (Deputy Minister of Energy or authorized delegate)

SUBJECT: Authorizing the Release of Funds to Ontario Power Generation Inc.

I am hereby authorizing a payment (through wire transfer) in the amount of ($ xxx,xxx,xxx.xx), to Ontario Power Generation Inc. (OPG) as consideration for the subscription for [number] Class A Shares of OPG.

The bank account information of OPG is provided below:

Bank: Bank of Nova Scotia
Address: 44 King Street West Toronto, Ontario MSH 1H1
SWIFT Code: NOSCCATT
Branch Transit: 47696
Bank Code: 002
Account Number: 476960302716

Ontario Power Generation Inc.
Treasury
700 University Avenue
Toronto, Ontario
M5G 1X6

The IFIS account code string to be used to record the above transaction is:

029-290505-0000-981671-141085-0000-0000-0000

Sincerely,

From:	Young, Graham (ENERGY)
To:	Gavin He
Cc:	John Kim; Bruno Amara; Shajee Kathirgamanathan; Talwar, Shruti (ENERGY); Sud, Manu (ENERGY); Ogunrinde, Deni (ENERGY)
Subject:	RE: Process and documents for first asset purchase
Date:	Monday, December 18, 2017 3:35:25 PM
Attachments:	2. FAA Authorization Form - signed.pdf 1. Delegation Resolution for the MSA - signed.pdf

Gavin,

Attached are the delegation memos.

#1- 'Delegation Resolution for the MSA' allows Carolyn to sign the Share Subscription form. It also delegates administrative functions, so that allows her to sign the payment authorization memo.

#2- 'FAA authorization form' authorizes her to certify the payment as required by S 11.4.

Thank you,
Graham

Hi Graham,

As part of the requirements in the MOU, we also need below information from your team:

Under Section 2 (g) a, b, and c,

1. The delegation by the Minister of Energy authorising the execution of the Share Subscription by Carolyn Caldwell
2. The delegation by the Deputy Minister of Energy authorising the execution of the payment authorisation by Carolyn Caldwell, and
3. The authorisation by the Minister of Energy or the Deputy Minister of Energy under Section 11.4 of the FAA for the execution of the certificate by Carolyn Caldwell

Would you be able to provide OFA with the above delegations as well?

Thanks,
Gavin He

Hi,
The Transfer Notice has been signed but has not been dated as it is being held in escrow. On closing the Transfer Notice will be dated effective the closing date and released from escrow.

Attached is the document package for the equity purchase with the signed but undated Transfer Notice. On closing we will provide an updated Transfer Notice with the date completed.

Thanks,
Ken

MINISTRY OF ENERGY AUTHORIZATION ORDER

***Financial Administration Act* (Ontario)**

I, Glenn Thibeault, as Minister of Energy and pursuant to the authority granted to the Minister under paragraph 6 of subsection 11.4(2) of the *Financial Administration Act* (Ontario), hereby authorize an Assistant Deputy Minister of Energy to certify payments out of the Consolidated Revenue Fund to Ontario Power Generation Inc. (the **"Corporation"**), in accordance with subsection 11.4(1) of the *Financial Administration Act* (Ontario) for the purposes of fulfilling the Minister's, as shareholder, obligations under and in pursuance of the Master Share Subscription Agreement entered into between the shareholder and the Corporation, dated day of November, 2017.

This authorization is effective November , 2017 until such time that it is revoked or amended.

DATED as of the 29 day of November, 2017.

HER MAJESTY THE QUEEN IN THE RIGHT OF THE PROVINCE OF ONTARIO AS REPRESENTED BY THE MINISTER OF ENERGY

By: _____

Glenn Thibeault
Minister of Energy

Ontario Power Generation Inc.

RESOLUTION OF THE SOLE SHAREHOLDER

WHEREAS the Shareholder and the Ontario Power Generation Inc. (the "**Corporation**") have entered into a Master Share Subscription Agreement dated , 2017 (the "**Agreement**") in the form set out in Schedule "A" to this Resolution in which the Shareholder has determined to act in accordance with that Agreement and its terms and conditions;

AND WHEREAS the Shareholder, as the Minister of Energy, has the authority by statute to acquire and hold shares of the Corporation (namely pursuant to section 53.2 of the *Electricity Act,* 1998) and the authority to delegate his statutory responsibilities (namely pursuant to section 11 of the *Ministry of Energy Act*, 2011) to the Deputy Minister of Energy;

AND WHEREAS it is both convenient and expedient for the Shareholder to so delegate the day-to-day administrative functions related to fulfilling the Shareholder's obligations under the Master Share Subscription Agreement whether of a financial or an administrative nature (the "Administrative Functions") to the Deputy Minister of Energy;

AND WHEREAS the undersigned, being the sole shareholder of the Corporation entitled to vote at meetings of the shareholders of the Corporation, by such signature hereby consents, pursuant to the provisions of the Bus*iness Corporations Act* (Ontario), to the following resolutions:

EQUITY INJECTION ADMINISTRATIVE DELEGATION RESOLUTION

BE IT RESOLVED THAT:

The Shareholder, as Minister of Energy and pursuant to the authority granted to the Minister under section 11 of the *Ministry of Energy Act*, 2011, hereby delegates the authority to carry out all Administrative Functions necessary for the proper implementation and ongoing operation of, under or in respect of the Agreement, to the Deputy Minister of Energy or to an Assistant Deputy Minister of Energy listed in Appendix "A" to this Shareholder's Resolution.

DATED as of the 29 day of November, 2017.

HER MAJESTY THE QUEEN IN THE RIGHT OF THE PROVINCE OF ONTARIO AS REPRESENTED BY THE MINISTER OF ENERGY

Hi,
Just wanted to confirm the discussion between John Lee and Ken Kandeepan this morning. I understand that the Province will fund the equity injection on the morning of December 20 to help minimize any issues with closing of the first asset purchase.
Thanks,
Ken

Hi,
Just wanted to let everyone know that closing has been delayed as a result of discussions this week to finalize the Change in Law Protection Agreement. The credit rating process has been delayed and closing is now targeted for Dec 20 or 21. I hope to have a final transfer amount today. The amount is still around $1.2 B.
Thanks,
Ken

Attachment A

Calculation of Equity Injection for

_____

Investment Asset Purchase in December 2017 representing cumulative IESO deferral to date ("Period")

(A) Purchase Price per Transfer Notice attached:	1,179,000,000.00
(B) Percentage Funded by Equity:	44%
(C) Total Equity injection required for Period (A x B):	518,760,000.00
(D) Class A Share Price pursuant to OPG Financial Statements as of September 30, 2017:	42.46
(E) Number of Class A Shares to be issued to Province (C ÷ D):	12,217,616

TRANSFER NOTICE

TO: Fair Hydro Trust
c/o Ontario Power Generation Inc., as Manager
700 University Avenue
Toronto, Ontario
M5G 1X6

Attention: Vice President, Fair Hydro Plan
Email: FHT@opg.com

This Transfer Notice is delivered to you pursuant to Section 2.1 of a master transfer and servicing agreement made as of December ____, 2017 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "**Master Transfer and Servicing Agreement**") between **FAIR HYDRO TRUST**, a trust formed under the laws of the Province of Ontario (the "**Issuer**"), the **INDEPENDENT ELECTRICITY SYSTEM OPERATOR** ("**Transferor**" in its capacity as transferor, "**Servicer**", in its capacity as servicer, and "**IESO**" in its capacity as both Transferor and Servicer), a statutory corporation without share capital amalgamated under the laws of the Province of Ontario. All capitalized terms used but not otherwise defined herein shall have the respective meanings ascribed to such terms in the Master Transfer and Servicing Agreement.

The Transferor hereby gives notice to the Issuer of its offer to transfer to the Issuer on the Closing Date set out below, the Specified Portion of the Regulatory Asset referred to below, all in accordance with the terms and conditions of the Master Transfer and Servicing Agreement. In consideration for (i) the Transferor's Transfer to the Issuer of the Specified Portion of the Regulatory Asset referred to below, the Issuer shall deliver or cause to be delivered to the Transferor on the Closing Date set out below, by wire transfer or electronic funds transfer in immediately available funds, an amount in Canadian dollars equal to the Purchase Price set out below.

Upon receipt by the Transferor of the Purchase Price on the Closing Date the Transferor shall reduce the balance of the Fair Hydro Variance Account by an amount equal to the Purchase Price, and the Regulatory Asset shall be adjusted accordingly.

Specified portion of Regulatory Asset: $1,179,000,000.00

Purchase Price: $1,179,000,000.00

Closing Date: December ____, 2017

The Transferor hereby represents, warrants and confirms that:

(i) each of the representations and warranties on the part of the Transferor contained in the Master Transfer and Servicing Agreement are true and correct in all respects on the date hereof as if made on the date hereof;

(ii) the Transferor is not in breach of any of its covenants in the Master Transfer and Servicing Agreement; and

(iii) as of the date hereof, each condition precedent that must be satisfied by the Transferor under Section 2.2 of the Master Transfer and Servicing Agreement is capable of being satisfied prior to Closing Date.

The closing shall take place at _____ (Toronto time) on the Closing Date referred to above at the offices of Torys LLP, except as may be otherwise mutually agreed. The Purchase Price shall be paid on that date by wire transfer or electronic funds transfer to:

Hi,
Just wanted to let everyone know that closing has been delayed as a result of discussions this week to finalize the Change in Law Protection Agreement. The credit rating process has been delayed and closing is now targeted for Dec 20 or 21. I hope to have a final transfer amount today. The amount is still around $1.2 B.
Thanks,
Ken

Hi Graham,

Thanks for providing this. However, we will need a delegation by the Deputy Minister to authorise the ADM to execute the Payment Authorisation. The Schedule C of the MOU is supposed to be from your DM to OFA, so in this case, we would need a delegation from the DM because the delegation by the Minister would not apply. Hope this clarifies the requirements.

Thanks,
Gavin He

Subject: RE: Process and documents for first asset purchase

Gavin,

Attached are the delegation memos.

#1- 'Delegation Resolution for the MSA' allows Carolyn to sign the Share Subscription form. It also delegates administrative functions, so that allows her to sign the payment authorization memo.

#2- 'FAA authorization form' authorizes her to certify the payment as required by S 11.4.

Thank you,
Graham

Hi Graham,

As part of the requirements in the MOU, we also need below information from your team:

Under Section 2 (g) a, b, and c,

1. The delegation by the Minister of Energy authorising the execution of the Share Subscription by Carolyn Caldwell
2. The delegation by the Deputy Minister of Energy authorising the execution of the payment authorisation by Carolyn Caldwell, and
3. The authorisation by the Minister of Energy or the Deputy Minister of Energy under Section 11.4 of the FAA for the execution of the certificate by Carolyn Caldwell

Would you be able to provide OFA with the above delegations as well?

Thanks,
Gavin He

Hi,
The Transfer Notice has been signed but has not been dated as it is being held in escrow. On closing the Transfer Notice will be dated effective the closing date and released from escrow.

Attached is the document package for the equity purchase with the signed but undated Transfer Notice. On closing we will provide an updated Transfer Notice with the date completed.

Thanks,
Ken

Subject: RE: Question about the province"s equity injection in OPG
Date: Wednesday, July 12, 2017 11:49:07 AM

Hi Bonnie,

The Ontario Fair Hydro Plan Act legislation provides for the recovery, from eligible ratepayers, of financing costs by the financing entity, including financing done through the financing entity, OPG and indirectly by the Province, for the equity injection. The Province would, therefore, expect a return on equity from OPG which would at least cover its borrowing cost. For prudence, this recovery to match the interest cost is built into the current fiscal plan. [Not public information] In addition, the increased investment in OPG, from the equity injection, would a higher level of asset for the Province's balance sheet to offset the increased borrowing to appear on its balance sheet, thus mitigating the concern expressed in DBRS' question, i.e. no increase in net debt.

Our colleagues in FTD/CMD and GBED likely would have additional insight as well, copying here Ken and Mike in the response.

John

Cc: David Cross <David.Cross@ofina.on.ca>
Subject: Question about the province's equity injection in OPG

DBRS is wondering if we have any details on how the province will recoup its equity investment. Do we have any details on this.
"The Province has indicated that it intends to recoup the equity investment over time but has not clarified its required return on the equity or the timing of the repayment. The Province will borrow to fund this equity investment, and in the absence of further information, DBRS considers this debt to be tax-supported debt, consistent with established practice."

Thanks Ron.

I think your comments would do the trick.

The Ontario Fair Hydro Plan Act legislation provides for the recovery, from eligible ratepayers, of financing costs by the financing entity, including financing done through the financing entity, OPG and indirectly by the Province, for the equity injection. The Province would, therefore, expect a return on equity from OPG which would at least cover its borrowing cost. For prudence, this recovery to match the interest cost is built into the current fiscal plan. [I am open to different views but don't personally have an issue disclosing this.] In addition, the increased investment in OPG, from the equity injection, would a higher level of asset for the Province's balance sheet to offset the increased borrowing to appear on its balance sheet, thus mitigating the concern expressed in DBRS' question, i.e. no increase in net debt.

Our colleagues in FTD/CMD and GBED likely would have additional insight as well, copying here in the response. [Copying Ken and Mike, at least.]

Subject: RE: Question about the province's equity injection in OPG

Hi John,

I think there should be multiple eyes and input on this, including CEFD, CMD/FTD and GBED.

I'd think we'd want to say that the OFHP legislation provides for the recovering, from eligible ratepayers, of financing costs by the financing entity, including financing done through OPG and indirectly by the Province for the equity injection, so it might be better to say that the Province expects a return on equity from OPG to a t least cover its borrowing cost. And that for prudence, that's what's built into the fiscal plan (I'd assume the latter part could be in confidence, though I think we would have answered as such if asked in lockup or elsewhere – views?).

Please draft a response to Bonnie and loop me in.

Thanks,
Ron

Subject: FW: Question about the province's equity injection in OPG

Hi Ron,

Would you agree that this is best answered by FTD and/or CMD?

I am not certain if the distinction matters given increased equity investment (part of assets in the B/S) and increased borrowing (liabilities in B/S) but not sure about the ratings practices.

Thanks,

John

Subject: RE: Question about the province's equity injection in OPG

Hi Bonnie,

The Ontario Fair Hydro Plan Act legislation provides for the recovery, from eligible ratepayers, of financing costs by the financing entity, including financing done through the financing entity, OPG and indirectly by the Province, for the equity injection. The Province would, therefore, expect a return on equity from OPG which would at least cover its borrowing cost. For prudence, this recovery to match the interest cost is built into the current fiscal plan. [Not public information] In addition, the increased investment in OPG, from the equity injection, would a higher level of asset for the Province's balance sheet to offset the increased borrowing to appear on its balance sheet, thus mitigating the concern expressed in DBRS' question, i.e. no increase in net debt.

Our colleagues in FTD/CMD and GBED likely would have additional insight as well, copying here Ken and Mike in the response.

John

Subject: Question about the province's equity injection in OPG

DBRS is wondering if we have any details on how the province will recoup its equity investment. Do we have any details on this.
"The Province has indicated that it intends to recoup the equity investment over time but has not clarified its required return on the equity or the timing of the repayment. The Province will borrow to fund this equity investment, and in the absence of further information, DBRS considers this debt to be tax-supported debt, consistent with established practice."

Attachments: Fair Hydro - MasterSubscripAgt - June 22_OPG.DOCX

Hi John,

It seems that the subscription form and certificate should be included as part of the Master Subscription agreement provided by OPG. The last version we I found was from June 2017, do you know if there's an updated version?

I found it under below folder:
S:\Users\CEF\Hydro 2017\Fair Hydro Plan (Post Announcement)\Implementation\Master Subscription Agreement

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

Hi Ken,

Thanks for the clarification on the process. To help make the process more clear, I have proposed some edits to the MOU. Could you please review and let me know if that works?

I added some more wording on the process based on our conversation, to state that, OPG will send the subscription form to MOE, which MOE will review and complete their due diligence. Once that's done, their Deputy of the Minister will provide us a copy of the certification under s.11.4 of the FAA, and OFA will then process the payment.

Please let me know if there's anything I misunderstood. Have a great weekend.

Thanks,
Gavin He

Gavin

Section 11.4 of the FAA does not specify a time for the delivery of the certificate. In the case at hand the certificate could be provided at the time the subscription form is executed by MoE. The certificate cannot be executed prior to that time because the certificate will state that OPG is entitled to the payment which will not be the case until the subscription form is executed.

A copy of the certificate could be provided to the OFA at the same time as OFA is provided a copy of the executed subscription form, and this would in fact be the best practice.

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

Hi Ken,

IESO has a question about the s.11.4 certificate. Currently, our draft MOU says:

"(ii) The Minister shall ensure that the certificate under section 11.4 of the Financial Administration Act (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate within [*] days after the Subscription Payment is made."

Is there a reason why the certificate is to be delivered after the subscription payment is made but not before?

Thanks,
Gavin He

Cc: Gavin He <Gavin.He@ofina.on.ca>
Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

John

Am I right that you want me to prepare a draft that includes the revisions which are not objectionable?

I want to reiterate that the draft received back from MoE substantially

changes the role from what I understand that the OFA has agreed.

Under the MoE draft

1. The subscription form is provided by OPG to MoE and the OFA. I note that since the OFA is not a party to the master subscription agreement and OPG is not a party to this MOU the source of this obligation for OPG is not clear.
2. The OFA then agrees to pay the amount requested by OPG based on an annual payment direction provided by MoE unless MoE notifies the OFA that the payment is not to be made.
3. The provision in the OFA draft for MoE to deliver a copy of the signed subscription form to the OFA is deleted.
4. The OFA is to deliver the s. 11.4 FAA certificate.
5. The limited responsibility of the OFA set out in s. 4 of the OFA draft is deleted.

This process takes the OFA far beyond the simple payments function contemplated in the OFA draft MOU.

It seems to me that MoE is attempting to avoid responsibilities which it cannot avoid.

The share subscription transaction requires that the subscription form be executed by MoE. To execute the form MoE will be required to confirm that the amount requested is appropriate. Having done this there is no reason why MoE should not also execute the s. 11.4 certificate. I also do not understand why this process could not easily include the provision of notice to the OFA to make the payment.

The process proposed by MoE appears to contemplate that the request by OPG is in the nature of an invoice which could simply be paid by the OFA. This fails to recognise the necessity for the subscription form to be executed before payment can be made. The subscription form can only be executed by MoE.

Would it be worthwhile to pursue these issues with MoE before preparing a further draft or do you prefer to send over the OFA draft, modified to reflect the MoE terminology changes?

John and Gavin

There are some changes in terminology in the MoE draft which could could be incorporated into the OFA draft if you wish if the direction of the OFA draft is confirmed.

Gavin

The draft MOU attached to your e-mail (v.6 clean) is the last draft on which I have signed off.

Subsequent to that draft the attached marked up draft was provided to me. My view is that this draft contains a revised structure which is unacceptable to the OFA. I have not provided any comments on this draft pending further discussions with OFA staff.

Importance: High

Hi Gavin,

I hope you are the correct contact for this as we worked through the OREC MOU together. If not can you please direct me to the correct contact?

The Ministry is aiming to revise its Memorandum of Understanding with the OFA to include provisions to give the OFA authority to make payments for the new Fair Hydro Plan programs. We will provide the cost centre information and payment information. The payments will work similar to how they currently work for the Ontario Rebate for Electricity Consumers. The document is based on the OREC MOU and has been updated to include provisions for the Fair Hydro Plan.

We are on a bit of a time crunch as we would like to have this in place before payments need to be made (mid-August). **Can you please review the attached MOU and provide any comments/requested changes by Monday, July 24 EOD?**

Please let me know if you have any questions.

Thanks,

<OREC-Fair Hydro MOU - Energy-OFA Draft 07-20-2017 Clean.docx>

DRAFT: JUNE 22, 2017

MASTER SHARE SUBSCRIPTION AGREEMENT

among

MINISTER OF ENERGY

- and –

ONTARIO POWER GENERATION

- and -

ONTARIO FINANCING AUTHORITY

Dated as of ■, 2017

EXHIBITS

Exhibit A	--	Share Subscription Form
Exhibit B	--	Subscription Supporting Information
Exhibit C	--	Receipt and Certificate
Exhibit D	--	Payment/Wire Transfer instructions
Exhibit E	--	Share Redemption Process

MASTER SHARE SUBSCRIPTION AGREEMENT

THIS AGREEMENT made as of ■, 2017.

AMONG:

HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, as represented by the Minister of Energy

(the "**Minister**")

- and -

ONTARIO POWER GENERATION INC., a corporation established under the laws of the Province of Ontario

("OPG")

- and -

ONTARIO FINANCING AUTHORITY, a [ ]

(the "**OFA**")

Background

1. The Government of Ontario enacted the *Ontario Fair Hydro Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP"). The Act's purpose is, among other things, to ensure that clean energy costs and clean energy benefits are fairly allocated among present and future specified consumers.

2. The Act and the regulations promulgated under the Act (the "Regulations") creates certain assets related to the deferral of electricity charges (the "Assets"), which Assets will be acquired from the Independent Electricity System Operator ("IESO") by the special purpose financing entity established by OPG to implement the financing plan to fund the deferral under the Act (the "Fair Hydro Trust") **[NTD: use "Financing Entity"??].**

3. The Fair Hydro Trust will acquire the Assets monthly from IESO and finance them in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to fund up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding the Fair Hydro Trust's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG [will amend] [has amended] its articles to create a new class of non-voting, redeemable shares (the "Class A Shares"). The Minister will subscribe for Class A Shares monthly in accordance with the process set forth in this Agreement and OPG will in turn invest these amounts in subordinated debt of the Fair Hydro Trust.

6. OPG will be entitled from time to time to redeem or buy back outstanding Class A Shares in connection with repayment of the Fair Hydro Trust subordinated debt or other purposes as may be approved by the OPG board of directors.

7. The Minister and the OFA have entered into a service level agreement (the "SLA") which provides the OFA with authority to provide cash management services to facilitate the share purchases on an ongoing basis on behalf of the Minister.

8. The parties desire to set out in this Agreement the process and mechanisms by which the equity injections and share purchases will occur and their respective roles and responsibilities in the Equity Injection Plan.

NOW THEREFORE the parties hereto agree as follows:

1. Confirmation of Equity Injection and Use of Funds

1.1 The Minister commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations, by way of equity subscriptions in OPG.

1.2 OPG agrees to use the equity received from the Minister solely to lend as subordinated debt to the Fair Hydro Trust to fund the Fair Hydro Trust's obligations under the [Master Sale and Servicing Agreement][**NTD: confirm name]** between the IESO and the Fair Hydro Trust, and the Act and Regulations.

2. Monthly Share Subscription Process

2.1 The Minister, through the OFA, will subscribe for and purchase Class A Shares from OPG monthly, in an amount, and for a value, as determined by OPG in accordance with paragraph 2.2 below.

2.2 Each month, coincident with the asset acquisition to be made by the Fair Hydro Trust from the IESO under the [Master Sale and Servicing Agreement], OPG will provide notice to the Minister and the OFA of the amount of equity injection required and the corresponding number of shares to be issued by OPG and subscribed by the Minister. This notice will be in the form of the Share Subscription attached as Exhibit A. OPG will also provide reasonable supporting information for the values and amounts set out in the Share Subscription, in the form of the Subscription Supporting Information attached as Exhibit B.

2.3 For purposes of providing the reasonable supporting information required under paragraph 2.2 above, OPG agrees:

(i) that the value of the monthly equity injection/share subscription amount will reflect the monthly funding requirements of the Fair Hydro Trust acquisitions under the [Master Sale and Servicing Agreement],; and

(ii) Class A Shares will be issued to the Minister at a value per share equal to their book value as determined from OPG's last approved quarterly financial statements. **[NTD: do we need any more specificity here?]**

2.4 Within [five] Business Days of receipt of the notice and supporting information described in paragraph 2.2, the OFA will deliver the executed Share Subscription to OPG and wire transfer, in immediately available funds, the required equity funds in accordance with the payment instructions set out in Exhibit D or as may be otherwise provided by OPG from time to time. For purposes of this Agreement, "Business Day" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed.

2.5 OPG will issue a receipt to the Minister and the OFA, in the form of Exhibit C attached, confirming receipt of the equity amount and certifying as to the update of OPG's corporate share register with issue of the shares in the name of the Minister.

2.6 The first equity injection/share subscription will occur [August x 2017] (the "Initial Equity Injection"). Equity injections will continue monthly so long as the Fair Hydro Trust is purchasing assets and incurring debt obligations, including subordinated debt in favour of OPG, pursuant to the Act and Regulations.

3. Equity Requirement Forecasts and Approvals

3.1 OPG will prepare and submit forecasts of equity requirements for the applicable business planning period as part of its business plan submissions to the Shareholder in accordance with the Memorandum of Agreement between the Minister and OPG effective July 17, 2015 (the "MOA") as amended, restated or replaced from time to time. For clarity, OPG will submit annually, as part of its business plan submissions, the FHP equity requirements forecast for the upcoming 3 years.

3.2 OPG's equity requirement forecast submissions will include all reasonable supporting information and documentation. **[NTD: any more specificity required?]**

3.3 The OFA and the Minister confirm that OPG's equity requirement forecasts submitted with OPG's business plans will not require concurrence by the Shareholder as set out in the MOA.

3.4 In accordance with the submissions made under paragraph 3.1 above, the Minister will update the appropriations for the upcoming 3 year cycle through the PRRT process, including 3 year rolling estimates along with supporting information as provided by OPG through its business planning process.**[NTD: clarify that purpose of this clause is to confirm Energy will seek out and obtain required appropriations]**

4. Share Redemption Process

5.1 The Minister and OPG agree to set out the required process for any future redemption by OPG of outstanding Class A Shares in an appendix to this Agreement and attach it as Exhibit E. Exhibit E will be finalized before the first share redemption [and in any case no later than [90] Business Days before the effective date of such redemption].**[NTD: confirm if need timeframe]**

6. Miscellaneous

6.1 Notices

Any notice, report or other communication to be given under this Agreement will be in writing and will be effective (a) upon receipt when sent by mail or courier, (b) on the date personally delivered to an authorized officer of the party to which sent, or (c) on the date transmitted by electronic transmission with a confirmation of receipt in all cases, addressed as follows:

in the case of the Minister:

■

in the case of the OFA:

■

in the case of OPG:

Ontario Power Generation Inc.
700 University Avenue

Toronto, Ontario
M5G 1X6

Attention: ■
Email: ■

and

Attention: ■
Email: ■

Each party may by notice given as above to the other party or parties hereto, designate any further or different address to which subsequent notices, reports and other communications will be sent.

6.2 Separate Counterparts; Electronic Delivery

This Agreement may be executed by the parties in separate counterparts, each of which when so executed and delivered will be considered an original, but all such counterparts together constitute but one and the same instrument. Delivery of an executed signature page to this Agreement by a party by electronic transmission will be as effective as delivery of a manually executed copy of this Agreement by such party.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their respective officers as of the day and year first above written.

Date:	Thursday, July 20, 2017 1:55:40 PM

I took a quick glance, it might have to do with the government funding of the RRRP, OESP and other programs, not GA deferral.

Having said that I was surprised something as big as GA deferral came through this channel rather than the OFA proper (Gadi's office).

Will get back at Energy to confirm.

Shajee

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

So in the entirety of FHP, Energy is asking us to make the payment for the equity injection part, no? OREC is ongoing since Jan 1 2017?

The OPG funded part, the 56%, would be settled by OPG.

Is that a fair statement?

Subject: FW: Revising OFA MOU with Energy to include Fair Hydro Programs

Hi John,

Energy is asking for comments on the MOU. We can review, but considering this is FHP, I assume other areas of the OFA are involved, no?

I think I bought some time, but at the very least we can give other areas a heads up. I remember reviewing the OREC MOU, but forgot who we had to deal with outside our branch. Gavin, I know Salman was working on it, would you know as well?

Thanks,
Shajee

Hi Shajee,

Please find the document attached. The timeline has some leeway, but we would like to get through this process as soon as possible. Also for reference, the mechanics of the Fair Hydro Plan processes that will involve the OFA are quite similar to the OREC.

Thank you for following up on this.

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

Hi Robert,

I didn't get the attachment in the previous email.

On the timeline for July 24 EOD, please note we may have to involve other areas of the OFA (legal, capital markets, or treasury division), particularly as unlike the OREC MOU which had the prior OCEB MOU to be based on, the mechanics behind the FHP may be different. If it's a hard deadline, it might be helpful to send this via more senior channels.

We'll do what we can for now.

Thanks,
Shajee

Hi Gavin,

I hope you are the correct contact for this as we worked through the OREC MOU together. If not can you please direct me to the correct contact?

The Ministry is aiming to revise its Memorandum of Understanding with the OFA to include provisions to give the OFA authority to make payments for the new Fair Hydro Plan programs. We will provide the cost centre information and payment information. The payments will work similar to how they currently work for the Ontario Rebate for Electricity Consumers. The document is based on the OREC MOU and has been updated to include provisions for the Fair Hydro Plan.

We are on a bit of a time crunch as we would like to have this in place before payments need to be made (mid-August). **Can you please review the attached MOU and provide any comments/requested changes by Monday, July 24 EOD?**

Please let me know if you have any questions.

Thanks,

Robert Hunter

Gavin

Section 11.4 of the FAA does not specify a time for the delivery of the certificate. In the case at hand the certificate could be provided at the time the subscription form is executed by MoE. The certificate cannot be executed prior to that time because the certificate will state that OPG is entitled to the payment which will not be the case until the subscription form is executed.

A copy of the certificate could be provided to the OFA at the same time as OFA is provided a copy of the executed subscription form, and this would in fact be the best practice.

Ken

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

Hi Ken,

IESO has a question about the s.11.4 certificate. Currently, our draft MOU says:

"(ii) The Minister shall ensure that the certificate under section 11.4 of the Financial Administration Act (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate within [*] days after the Subscription Payment is made."

Is there a reason why the certificate is to be delivered after the subscription payment is made but not before?

Thanks,
Gavin He

Cc: Gavin He <Gavin.He@ofina.on.ca>
Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

John

Am I right that you want me to prepare a draft that includes the revisions which are not objectionable?

I want to reiterate that the draft received back from MoE substantially changes the role from what I understand that the OFA has agreed.

Under the MoE draft

1. The subscription form is provided by OPG to MoE and the OFA. I note that since the OFA is not a party to the master subscription agreement and OPG is not a party to this MOU the source of this obligation for OPG is not clear.
2. The OFA then agrees to pay the amount requested by OPG based on an annual payment direction provided by MoE unless MoE notifies the OFA that the payment is not to be made.
3. The provision in the OFA draft for MoE to deliver a copy of the signed subscription form to the OFA is deleted.
4. The OFA is to deliver the s. 11.4 FAA certificate.
5. The limited responsibility of the OFA set out in s. 4 of the OFA draft is deleted.

This process takes the OFA far beyond the simple payments function contemplated in the OFA draft MOU.

It seems to me that MoE is attempting to avoid responsibilities which it cannot avoid.

The share subscription transaction requires that the subscription form be executed by MoE. To execute the form MoE will be required to confirm that the amount requested is appropriate. Having done this there is no reason why MoE should not also execute the s. 11.4 certificate. I also do not understand why this process could not easily include the provision of notice to the OFA to make the payment.

The process proposed by MoE appears to contemplate that the request by OPG is in the nature of an invoice which could simply be paid by the OFA. This fails to recognise the necessity for the subscription form to be executed before payment can be made. The subscription form can only be executed by MoE.

Would it be worthwhile to pursue these issues with MoE before preparing a further draft or do you prefer to send over the OFA draft, modified to reflect the MoE terminology changes?

John and Gavin

There are some changes in terminology in the MoE draft which could could be incorporated into the OFA draft if you wish if the direction of the OFA draft is confirmed.

Subsequent to that draft the attached marked up draft was provided to me. My view is that this draft contains a revised structure which is unacceptable to the OFA. I have not provided any comments on this draft pending further discussions with OFA staff.

Subject: Re: Revising OFA MOU with Energy to include Fair Hydro Programs

John and Gavin

There are some changes in terminology in the MoE draft which could could be incorporated into the OFA draft if you wish if the direction of the OFA draft is confirmed.

The current plan is to enter into a separate MOU for the Fair Hydro Plan. A draft of that MOU is currently with John Kim and Ken Kandeepan for comment.

Subject: Revising OFA MOU with Energy to include Fair Hydro Programs
Importance: High

Hi Gavin,

I hope you are the correct contact for this as we worked through the OREC MOU together. If not can you please direct me to the correct contact?

The Ministry is aiming to revise its Memorandum of Understanding with the OFA to include provisions to give the OFA authority to make payments for the new Fair Hydro Plan programs. We will provide the cost centre information and payment information. The payments will work similar to how they currently work for the Ontario Rebate for Electricity Consumers. The document is based on the OREC MOU and has been updated to include provisions for the Fair Hydro Plan.

We are on a bit of a time crunch as we would like to have this in place before payments need to be made (mid-August). **Can you please review the attached MOU and provide any comments/requested changes by Monday, July 24 EOD?**

Please let me know if you have any questions.

Thanks,

<OREC-Fair Hydro MOU - Energy-OFA Draft 07-20-2017 Clean.docx>

From: Kenneth Russell
To: John Kim
Cc: Gavin He
Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs
Date: Monday, October 30, 2017 11:13:20 PM

John

Am I right that you want me to prepare a draft that includes the revisions which are not objectionable?

I want to reiterate that the draft received back from MoE substantially changes the role from what I understand that the OFA has agreed.

Under the MoE draft

1. The subscription form is provided by OPG to MoE and the OFA. I note that since the OFA is not a party to the master subscription agreement and OPG is not a party to this MOU the source of this obligation for OPG is not clear.
2. The OFA then agrees to pay the amount requested by OPG based on an annual payment direction provided by MoE unless MoE notifies the OFA that the payment is not to be made.
3. The provision in the OFA draft for MoE to deliver a copy of the signed subscription form to the OFA is deleted.
4. The OFA is to deliver the s. 11.4 FAA certificate.
5. The limited responsibility of the OFA set out in s. 4 of the OFA draft is deleted.

This process takes the OFA far beyond the simple payments function contemplated in the OFA draft MOU.

It seems to me that MoE is attempting to avoid responsibilities which it cannot avoid.

The share subscription transaction requires that the subscription form be executed by MoE. To execute the form MoE will be required to confirm that the amount requested is appropriate. Having done this there is no reason why MoE should not also execute the s. 11.4 certificate. I also do not understand why this process could not easily include the provision of notice to the OFA to make the payment.

The process proposed by MoE appears to contemplate that the request by OPG is in the nature of an invoice which could simply be paid by the OFA. This fails to recognise the necessity for the subscription form to be executed before payment can be made. The subscription form can only be executed by MoE.

Would it be worthwhile to pursue these issues with MoE before preparing a further draft or do you prefer to send over the OFA draft, modified to reflect the MoE terminology changes?

Gavin

The draft MOU attached to your e-mail (v.6 clean) is the last draft on which I have signed off.

Subsequent to that draft the attached marked up draft was provided to me. My view is that this draft contains a revised structure which is unacceptable to the OFA. I have not provided any comments on this draft pending further discussions with OFA staff.

<OREC-Fair Hydro MOU - Energy-OFA Draft 07-20-2017 Clean.docx>

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (~~the~~ "~~**Minister**~~**ENERGY**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the Independent Electricity System Operator ("IESO") by one or more special purpose financing entities, under the Act established by OPG to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. ~~The Minister~~ENERGY has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. ~~The Minister~~ENERGY will subscribe for Class A Shares [monthly].

7. Each [month] OPG will deliver to ~~the Minister~~[ENE Representative and OFA representative] a share subscription form (the "Share Subscription") setting out the

amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by ~~the Minister~~ENERGY. OPG will also include supporting documentation, including the Transfer Notice from the IESO outlining the amount of the regulatory asset to be purchased by OPG, as well as the calculation to determine the Subscription payment required at that time.

~~7.~~

8. ~~The Minister~~ENERGY is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. Upon receipt of the Share Subscription, ENERGY will conduct the necessary due diligence to ensure that the documentation supports the Subscription Payment and that the Appropriated Amount is sufficient.

~~8.~~10. ~~The Minister~~ENERGY has advised the OFA that ~~the Minister~~ENERGY is required to make the Subscription Payments within [*] business days of the receipt ~~by the Minister~~ of the Share Subscription (the "Share Subscription Payment Date").

~~9.~~11. ~~The Minister~~ENERGY considers it advisable for the OFA to make the Subscription Payments on behalf of ~~the Minister~~ENERGY and the OFA has agreed to make the Subscription Payments on behalf of ~~the Minister~~ENERGY.

~~10.~~12. ~~The Minister~~ENERGY and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

~~The Minister~~ENERGY and the OFA agree as follows:

1. Payment Authorization

(i) ~~The Minister~~ENERGY authorizes the OFA to make the Subscription Payments on behalf of ~~the Minister~~ENERGY and the OFA agrees to make the Payments on behalf of the ~~Minister~~ENERGY.

(ii) ENERGY will provide payment directions to the OFA on an annual basis enabling OFA to authorize payments up to the Appropriated Amount.

(iii) ENERGY commits to indicate within 3 days after receipt of the Share Subscription to notify the OFA in the event a Subscription Payment should not be made, otherwise the OFA is to proceed with the Subscription Payment each [month].

Formatted: Font: (Default) Arial

Formatted: Indent: Left: 0.5", Space After: 10 pt, No bullets or numbering

Formatted: Indent: Left: 0.5", No bullets or numbering

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

Formatted: Normal, Indent: Left: 1.03", No bullets or numbering

~~(i)~~

~~(ii)~~(iv) In accordance with 11.4 (2) of the Financial Administration Act (reproduced as Schedule A to this MOU), the Minister of Energy authorizes the OFA to ~~The Minister shall ensure that~~provide the certificate under section 11.4 of the *Financial Administration Act* ~~(reproduced as Schedule A to this MOU)~~ required for each of the Subscription Payments ~~is obtained, and shall provide the OFA with a copy of such certificate within **[*]** days after the Subscription Payment is made.~~

~~(iii)~~(v) It is agreed by ~~the Minister~~ENERGY and the OFA that the OFA is acting as an agent, on behalf of ~~the Minister~~ENERGY, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of ~~the Minister~~ENERGY as further described in this MOU.

2. Payment Process

~~a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.~~

~~b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. The approval for payment shall include confirmation that there is a sufficient Appropriated Amount from which to make the Subscription Payment. Upon receipt of the executed and approved Share Subscription, the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.~~

~~c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.~~

~~d)~~a) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined ~~Minister~~ ENERGY account immediately upon the completion of the Subscription Payment or shortly thereafter.

3. Reporting Requirements and Records

Commented [KC1]: The intent here is that ENE will do all the necessary due diligence, and monitor the payments etc. just trying to give OFA comfort/authority to move forward each month without requiring us to provide instructions each month to do so.

Formatted: Normal, Indent: Left: 0.25", No bullets or numbering

Formatted: Font: (Default) Arial

Commented [KC2]: OFA will be on the subscription notice that comes from OPG.

a) The OFA will deliver a notice by e-mail to the ~~Minister's~~ ENERGY contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by ~~the Minister~~ENERGY.

~~**4. Limited Role of the OFA**~~

~~The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.~~

Commented [KC3]: Don't think this is required anymore since I've outlined ENE is responsible for this above.

~~5.~~4. Review and Termination

a) ~~The Minister~~ENERGY and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by ~~the Minister~~OPG to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by ~~the Minister~~OPG to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

~~6.~~5. No Service Charges

The OFA will not charge ~~the Minister~~ENERGY for the OFA's services or for its disbursements or other expenses incurred under this MOU.

~~7.~~6. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU ~~the Minister'S~~ENERGY's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

~~8.~~7. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of ~~the Minister~~ENERGY, the addresses for notice are:
Hand Delivery:
Ministry of Energy

~~9.~~8. Execution

The parties have executed this MOU, effective as of the date first above written.

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.
2. The Speaker of the Assembly.
3. The Auditor General.
4. The Chief Electoral Officer.
5. A person authorized by the Management Board of Cabinet.
6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Minister**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the Independent Electricity System Operator ("IESO") by one or more special purpose financing entities, under the Act established by OPG to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Minister will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Minister a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Minister.

8. The Minister is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Minister has advised the OFA that the Minister is required to make the Subscription Payments within [*] business days of the receipt by the Minister of the Share Subscription (the "Share Subscription Payment Date").

10. The Minister considers it advisable for the OFA to make the Subscription Payments on behalf of the Minister and the OFA has agreed to make the Subscription Payments on behalf of the Minister.

11. The Minister and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Minister and the OFA agree as follows:

1. Payment Authorization

(i) The Minister authorizes the OFA to make the Subscription Payments on behalf of the Minister and the OFA agrees to make the Payments on behalf of the Minister.

(ii) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate within **[*]** days after the Subscription Payment is made.

(iii) It is agreed by the Minister and the OFA that the OFA is acting as an agent, on behalf of the Minister, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of the Minister as further described in this MOU.

2. Payment Process

a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. The approval for payment shall include confirmation that there is a sufficient Appropriated Amount from which to make the Subscription Payment. Upon receipt of the executed and approved Share Subscription, the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Minister account immediately upon the completion of the Subscription Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Minister's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the Minister.

4. Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5. Review and Termination

a) The Minister and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Minister to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Minister to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6. No Service Charges

The OFA will not charge the Minister for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the Minister's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the Minister, the addresses for notice are:
Hand Delivery:
Ministry of Energy

9. Execution

The parties have executed this MOU, effective as of the date first above written.

Hi Ken,

Hope all is going well! Just want to refresh the OFA MOU with Energy on the Fair Hydro Plan. Attached is the latest draft we have, are you aware of any updates that we should make to the MOU?

Energy is likely to reach out to us again on this MOU.

Thanks,
Gavin He

Gavin

The current plan is to enter into a separate MOU for the Fair Hydro Plan. A draft of that MOU is currently with John Kim and Ken Kandeepan for comment.

Subject: Revising OFA MOU with Energy to include Fair Hydro Programs
Importance: High

Hi Gavin,

I hope you are the correct contact for this as we worked through the OREC MOU together. If not can you please direct me to the correct contact?

The Ministry is aiming to revise its Memorandum of Understanding with the OFA to include provisions to give the OFA authority to make payments for the new Fair Hydro Plan programs. We will provide the cost centre information and payment information. The payments will work similar to how they currently work for the Ontario Rebate for Electricity Consumers. The document is based on the OREC MOU and has been updated to include provisions for the Fair Hydro Plan.

We are on a bit of a time crunch as we would like to have this in place before payments need to be made (mid-August). **Can you please review the attached MOU and provide any comments/requested changes by Monday, July 24 EOD?**

Please let me know if you have any questions.

Thanks,

<OREC-Fair Hydro MOU - Energy-OFA Draft 07-20-2017 Clean.docx>

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Minister**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the Independent Electricity System Operator ("IESO") by one or more special purpose financing entities, under the Act established by OPG to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Minister will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Minister a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Minister.

8. The Minister is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Minister has advised the OFA that the Minister is required to make the Subscription Payments within [*] business days of the receipt by the Minister of the Share Subscription (the "Share Subscription Payment Date").

10. The Minister considers it advisable for the OFA to make the Subscription Payments on behalf of the Minister and the OFA has agreed to make the Subscription Payments on behalf of the Minister.

11. The Minister and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Minister and the OFA agree as follows:

1. Payment Authorization

(i) The Minister authorizes the OFA to make the Subscription Payments on behalf of the Minister and the OFA agrees to make the Payments on behalf of the Minister.

(ii) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate within **[*]** days after the Subscription Payment is made.

(iii) It is agreed by the Minister and the OFA that the OFA is acting as an agent, on behalf of the Minister, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of the Minister as further described in this MOU.

2. Payment Process

a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. The approval for payment shall include confirmation that there is a sufficient Appropriated Amount from which to make the Subscription Payment. Upon receipt of the executed and approved Share Subscription, the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Minister account immediately upon the completion of the Subscription Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Minister's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the Minister.

4. Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5. Review and Termination

a) The Minister and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Minister to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Minister to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6. No Service Charges

The OFA will not charge the Minister for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

Hi Robert, Christine,

Just to follow up on our discussion this morning…

There's no business case template, but a briefing note would be fine, with the rationale for this and costs should the Ministry of Energy does not utilize the OFA's payment mechanism. If there is one single monthly payment/transaction (which would include the existing OREC and FHP components), it would be helpful to emphasize that in the business case as well.

If you'd like to escalate it, please have your director get in contact with my director, John Kim.

Happy to chat further if you'd like.

Thanks,
Shajee

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

Hi Robert,

Thanks for following up.

My understanding is the OFA facilitates payments for large amounts, and doesn't make a habit of facilitating smaller payments. As such from my initial discussion, there doesn't seem to be much appetite to open up the OREC MOU for these additional parts of the FHP.

If it's something that is necessary on your end, I would suggest presenting a business case explaining the rationale for having the OFA handle these payments (projected amounts, settlement requirements, costs, timing etc). That might help us get a handle of how/why the OFA needs to be involved in payment facilitation for this part of the FHP.

I know that's not exactly what you were expecting at this time, but hopefully the business case (if necessary) would help.

Thanks,
Shajee

Hi Shajee,

Please find the document attached. The timeline has some leeway, but we would like to get through this process as soon as possible. Also for reference, the mechanics of the Fair Hydro Plan processes that will involve the OFA are quite similar to the OREC.

Thank you for following up on this.

-Robert

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

Hi Robert,

I didn't get the attachment in the previous email.

On the timeline for July 24 EOD, please note we may have to involve other areas of the OFA (legal, capital markets, or treasury division), particularly as unlike the OREC MOU which had the prior OCEB MOU to be based on, the mechanics behind the FHP may be different. If it's a hard deadline, it might be helpful to send this via more senior channels.

We'll do what we can for now.

Thanks,
Shajee

Subject: Revising OFA MOU with Energy to include Fair Hydro Programs
Importance: High

Hi Gavin,

I hope you are the correct contact for this as we worked through the OREC MOU together. If not can you please direct me to the correct contact?

The Ministry is aiming to revise its Memorandum of Understanding with the OFA to include provisions to give the OFA authority to make payments for the new Fair Hydro Plan programs. We will provide the cost centre information and payment information. The payments will work similar to how they currently work for the Ontario Rebate for Electricity Consumers. The document is based on the OREC MOU and has been updated to include provisions for the Fair Hydro Plan.

We are on a bit of a time crunch as we would like to have this in place before payments need to be made (mid-August). **Can you please review the attached MOU and provide any comments/requested changes by Monday, July 24 EOD?**

Please let me know if you have any questions.

Thanks,

Robert Hunter

No, not to get back to Energy.

Let's chat on this tomorrow. Ken R. is already working on the FHP SLA/MOU. He seems to be leaning towards combining the OREC component to that so I wanted to ask you and Gavin if there were other payment facilitation OFA does for Energy.

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

I took a quick glance, it might have to do with the government funding of the RRRP, OESP and other programs, not GA deferral.

Having said that I was surprised something as big as GA deferral came through this channel rather than the OFA proper (Gadi's office).

Will get back at Energy to confirm.

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

So in the entirety of FHP, Energy is asking us to make the payment for the equity injection part, no? OREC is ongoing since Jan 1 2017?

The OPG funded part, the 56%, would be settled by OPG.

Is that a fair statement?

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

Hi Robert,

I didn't get the attachment in the previous email.

On the timeline for July 24 EOD, please note we may have to involve other areas of the OFA (legal, capital markets, or treasury division), particularly as unlike the OREC MOU which had the prior OCEB MOU to be based on, the mechanics behind the FHP may be different. If it's a hard deadline, it might be helpful to send this via more senior channels.

We'll do what we can for now.

Thanks,
Shajee

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

Gavin

Section 11.4 of the FAA does not specify a time for the delivery of the certificate. In the case at hand the certificate could be provided at the time the subscription form is executed by MoE. The certificate cannot be executed prior to that time because the certificate will state that OPG is entitled to the payment which will not be the case until the subscription form is executed.

A copy of the certificate could be provided to the OFA at the same time as OFA is provided a copy of the executed subscription form, and this would in fact be the best practice.

Ken

Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

Hi Ken,

IESO has a question about the s.11.4 certificate. Currently, our draft MOU says:

"(ii) The Minister shall ensure that the certificate under section 11.4 of the Financial Administration Act (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate within [*] days after the Subscription Payment is made."

Is there a reason why the certificate is to be delivered after the subscription payment is made but not before?

Thanks,
Gavin He

To: John Kim <John.Kim@ofina.on.ca>
Cc: Gavin He <Gavin.He@ofina.on.ca>
Subject: RE: Revising OFA MOU with Energy to include Fair Hydro Programs

John

Am I right that you want me to prepare a draft that includes the revisions which are not objectionable?

I want to reiterate that the draft received back from MoE substantially changes the role from what I understand that the OFA has agreed.

Under the MoE draft

1. The subscription form is provided by OPG to MoE and the OFA. I note that since the OFA is not a party to the master subscription agreement and OPG is not a party to this MOU the source of this obligation for OPG is not clear.
2. The OFA then agrees to pay the amount requested by OPG based on an annual payment direction provided by MoE unless MoE notifies the OFA that the payment is not to be made.
3. The provision in the OFA draft for MoE to deliver a copy of the signed subscription form to the OFA is deleted.
4. The OFA is to deliver the s. 11.4 FAA certificate.
5. The limited responsibility of the OFA set out in s. 4 of the OFA draft is deleted.

This process takes the OFA far beyond the simple payments function contemplated in the OFA draft MOU.

It seems to me that MoE is attempting to avoid responsibilities which it cannot avoid.

The share subscription transaction requires that the subscription form be

executed by MoE. To execute the form MoE will be required to confirm that the amount requested is appropriate. Having done this there is no reason why MoE should not also execute the s. 11.4 certificate. I also do not understand why this process could not easily include the provision of notice to the OFA to make the payment.

The process proposed by MoE appears to contemplate that the request by OPG is in the nature of an invoice which could simply be paid by the OFA. This fails to recognise the necessity for the subscription form to be executed before payment can be made. The subscription form can only be executed by MoE.

Would it be worthwhile to pursue these issues with MoE before preparing a further draft or do you prefer to send over the OFA draft, modified to reflect the MoE terminology changes?

<OREC-Fair Hydro MOU - Energy-OFA Draft 07-20-2017 Clean.docx>

From: Kenneth Russell
To: Bruno Amara
Cc: John Kim
Subject: RE: SLA draft
Date: Thursday, August 10, 2017 4:56:09 PM

Bruno

I have had the opportunity to review the proposed changes to the draft SLA. I have serious concerns about both the proposed procedures and the responsibilities that the OFA is being requested to undertake under this draft.

The share subscription process is monthly under the proposed program. Energy will have to sign a share subscription each month. It is not clear to me how Energy intends that it can proceed by way of an annual approval.

It is again proposed that an OFA official deliver the Section 11.4 certificate. This would place a due diligence responsibility on the OFA.

I would suggest that a meeting with John Kim next week to discuss this further.

Ken

Cc: John Kim <John.Kim@ofina.on.ca>; Lisa Stein <Lisa.Stein@ofina.on.ca>
Subject: RE: SLA draft

Hi Ken

Just checking to see if you had a chance to review the attached. (Copying Lisa as I at first sent this follow-up to her in error).

My understanding is that the key issue that had been discussed with Energy (through Investment Government Branch) was whether formal authorization would be required each month from the Minister of Energy for subscription payments. OFA preferred this approach, but Energy preferred an annual approval. I understand also that responsibility for due diligence was a key factor. In the attached Energy has edited to clarify that it would conduct the necessary due diligence (see 9. Below). The MOU also notes that OPG would notify both Energy and OFA of monthly subscription amounts, and that Energy would notify OPFA within 3 days if there were any issues with subscription payment to be made.

> 9. Upon receipt of the Share Subscription, ENERGY will conduct the necessary due diligence to ensure that the documentation supports the Subscription Payment and that the Appropriated Amount is sufficient.

Hey – Attached is my proposed markup. ENE will take full responsibility for the due diligence and ensuring the payments are correct etc. but we would authorize the OFA under the FAA to make the payments.

The lawyers indicated it didn't make sense for them to review until the business groups were in agreement on process.

Happy to jump on a call to discuss if that's easier.

Hi Kaitlin,

Here's the draft SLA as drafted by OFA Legal.

Could we get this bounced off Energy Legal?

Hi Ken

Just checking to see if you had a chance to review the attached. (Copying Lisa as I at first sent this follow-up to her in error).

My understanding is that the key issue that had been discussed with Energy (through Investment Government Branch) was whether formal authorization would be required each month from the Minister of Energy for subscription payments. OFA preferred this approach, but Energy preferred an annual approval. I understand also that responsibility for due diligence was a key factor. In the attached Energy has edited to clarify that it would conduct the necessary due diligence (see 9. Below). The MOU also notes that OPG would notify both Energy and OFA of monthly subscription amounts, and that Energy would notify OPFA within 3 days if there were any issues with subscription payment to be made.

> 9. Upon receipt of the Share Subscription, ENERGY will conduct the necessary due diligence to ensure that the documentation supports the Subscription Payment and that the Appropriated Amount is sufficient.

Thanks
Bruno

<OFA - MoE MOU Fair Hydro Plan(v6)clean - igs.docx>

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (~~the~~ "~~**Minister**~~**ENERGY**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the Independent Electricity System Operator ("IESO") by one or more special purpose financing entities, under the Act established by OPG to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. ~~The Minister~~ENERGY has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. ~~The Minister~~ENERGY will subscribe for Class A Shares [monthly].

7. Each [month] OPG will deliver to ~~the Minister~~[ENE Representative and OFA representative] a share subscription form (the "Share Subscription") setting out the

amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by ~~the Minister~~ENERGY. OPG will also include supporting documentation, including the Transfer Notice from the IESO outlining the amount of the regulatory asset to be purchased by OPG, as well as the calculation to determine the Subscription payment required at that time.

~~7.~~

8. ~~The Minister~~ENERGY is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. Upon receipt of the Share Subscription, ENERGY will conduct the necessary due diligence to ensure that the documentation supports the Subscription Payment and that the Appropriated Amount is sufficient.

~~8.~~10. ~~The Minister~~ENERGY has advised the OFA that ~~the Minister~~ENERGY is required to make the Subscription Payments within [*] business days of the receipt ~~by the Minister~~ of the Share Subscription (the "Share Subscription Payment Date").

~~9.~~11. ~~The Minister~~ENERGY considers it advisable for the OFA to make the Subscription Payments on behalf of ~~the Minister~~ENERGY and the OFA has agreed to make the Subscription Payments on behalf of ~~the Minister~~ENERGY.

~~10.~~12. ~~The Minister~~ENERGY and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

~~The Minister~~ENERGY and the OFA agree as follows:

1. Payment Authorization

(i) ~~The Minister~~ENERGY authorizes the OFA to make the Subscription Payments on behalf of ~~the Minister~~ENERGY and the OFA agrees to make the Payments on behalf of the ~~Minister~~ENERGY.

(ii) ENERGY will provide payment directions to the OFA on an annual basis enabling OFA to authorize payments up to the Appropriated Amount.

(iii) ENERGY commits to indicate within 3 days after receipt of the Share Subscription to notify the OFA in the event a Subscription Payment should not be made, otherwise the OFA is to proceed with the Subscription Payment each [month].

Formatted: Font: (Default) Arial

Formatted: Indent: Left: 0.5", Space After: 10 pt, No bullets or numbering

Formatted: Indent: Left: 0.5", No bullets or numbering

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

Formatted: Normal, Indent: Left: 1.03", No bullets or numbering

~~(i)~~

~~(ii)~~(iv) In accordance with 11.4 (2) of the Financial Administration Act (reproduced as Schedule A to this MOU), the Minister of Energy authorizes the OFA to ~~The Minister shall ensure that~~provide the certificate under section 11.4 of the *Financial Administration Act* ~~(reproduced as Schedule A to this MOU)~~ required for each of the Subscription Payments ~~is obtained, and shall provide the OFA with a copy of such certificate within **[*]** days after the Subscription Payment is made.~~

~~(iii)~~(v) It is agreed by ~~the Minister~~ENERGY and the OFA that the OFA is acting as an agent, on behalf of ~~the Minister~~ENERGY, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of ~~the Minister~~ENERGY as further described in this MOU.

2. Payment Process

~~a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.~~

~~b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. The approval for payment shall include confirmation that there is a sufficient Appropriated Amount from which to make the Subscription Payment. Upon receipt of the executed and approved Share Subscription, the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.~~

~~c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.~~

~~d)~~a) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined ~~Minister~~ ENERGY account immediately upon the completion of the Subscription Payment or shortly thereafter.

3. Reporting Requirements and Records

Commented [KC1]: The intent here is that ENE will do all the necessary due diligence, and monitor the payments etc. just trying to give OFA comfort/authority to move forward each month without requiring us to provide instructions each month to do so.

Formatted: Normal, Indent: Left: 0.25", No bullets or numbering

Formatted: Font: (Default) Arial

Commented [KC2]: OFA will be on the subscription notice that comes from OPG.

a) The OFA will deliver a notice by e-mail to the ~~Minister's~~ ENERGY contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by ~~the Minister~~ENERGY.

~~**4. Limited Role of the OFA**~~

~~The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.~~

Commented [KC3]: Don't think this is required anymore since I've outlined ENE is responsible for this above.

~~5.~~4. Review and Termination

a) ~~The Minister~~ENERGY and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by ~~the Minister~~OPG to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by ~~the Minister~~OPG to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

~~6.~~5. No Service Charges

The OFA will not charge ~~the Minister~~ENERGY for the OFA's services or for its disbursements or other expenses incurred under this MOU.

~~7.~~6. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU ~~the Minister'S~~ENERGY's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

~~8.~~7. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of ~~the Minister~~ENERGY, the addresses for notice are:
Hand Delivery:
Ministry of Energy

~~9.~~8. Execution

The parties have executed this MOU, effective as of the date first above written.

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy

by:_____

name:
title:

Ontario Financing Authority

by:_____

name:

title:

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.
2. The Speaker of the Assembly.
3. The Auditor General.
4. The Chief Electoral Officer.
5. A person authorized by the Management Board of Cabinet.
6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

Tom Mckinlay will be the ene lawyer – but hasn't been too involved yet.

For the most part I'm just looking for OFA to say they're okay in concept, and then I planned to engage the lawyers to figure out how to make it happen (to the extent possible).

Ok, will take a look. Who is the lawyer at Energy's end? Might be an idea to let the lawyer to lawyer discussion happen. Will confirm on that.

From:	Montgomery, Kaitlin (MOF)
To:	John Kim
Subject:	RE: SLA draft
Date:	Friday, August 04, 2017 11:28:11 AM
Attachments:	OFA - MoE MOU Fair Hydro Plan(v6)clean - igs.docx

Hey – Attached is my proposed markup. ENE will take full responsibility for the due diligence and ensuring the payments are correct etc. but we would authorize the OFA under the FAA to make the payments.

The lawyers indicated it didn't make sense for them to review until the business groups were in agreement on process.

Happy to jump on a call to discuss if that's easier.

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (~~the~~ "~~**Minister**~~**ENERGY**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the Independent Electricity System Operator ("IESO") by one or more special purpose financing entities, under the Act established by OPG to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. ~~The Minister~~ENERGY has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. ~~The Minister~~ENERGY will subscribe for Class A Shares [monthly].

7. Each [month] OPG will deliver to ~~the Minister~~[ENE Representative and OFA representative] a share subscription form (the "Share Subscription") setting out the

amount of equity injection required (the "Subscription Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by ~~the Minister~~ENERGY. OPG will also include supporting documentation, including the Transfer Notice from the IESO outlining the amount of the regulatory asset to be purchased by OPG, as well as the calculation to determine the Subscription payment required at that time.

~~7.~~

8. ~~The Minister~~ENERGY is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. Upon receipt of the Share Subscription, ENERGY will conduct the necessary due diligence to ensure that the documentation supports the Subscription Payment and that the Appropriated Amount is sufficient.

~~8.~~10. ~~The Minister~~ENERGY has advised the OFA that ~~the Minister~~ENERGY is required to make the Subscription Payments within [*] business days of the receipt ~~by the Minister~~ of the Share Subscription (the "Share Subscription Payment Date").

~~9.~~11. ~~The Minister~~ENERGY considers it advisable for the OFA to make the Subscription Payments on behalf of ~~the Minister~~ENERGY and the OFA has agreed to make the Subscription Payments on behalf of ~~the Minister~~ENERGY.

~~10.~~12. ~~The Minister~~ENERGY and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

~~The Minister~~ENERGY and the OFA agree as follows:

1. Payment Authorization

(i) ~~The Minister~~ENERGY authorizes the OFA to make the Subscription Payments on behalf of ~~the Minister~~ENERGY and the OFA agrees to make the Payments on behalf of the ~~Minister~~ENERGY.

(ii) ENERGY will provide payment directions to the OFA on an annual basis enabling OFA to authorize payments up to the Appropriated Amount.

(iii) ENERGY commits to indicate within 3 days after receipt of the Share Subscription to notify the OFA in the event a Subscription Payment should not be made, otherwise the OFA is to proceed with the Subscription Payment each [month].

Formatted: Font: (Default) Arial

Formatted: Indent: Left: 0.5", Space After: 10 pt, No bullets or numbering

Formatted: Indent: Left: 0.5", No bullets or numbering

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

Formatted: Normal, Indent: Left: 1.03", No bullets or numbering

~~(i)~~

~~(ii)~~(iv) In accordance with 11.4 (2) of the Financial Administration Act (reproduced as Schedule A to this MOU), the Minister of Energy authorizes the OFA to ~~The Minister shall ensure that~~provide the certificate under section 11.4 of the *Financial Administration Act* ~~(reproduced as Schedule A to this MOU)~~ required for each of the Subscription Payments ~~is obtained, and shall provide the OFA with a copy of such certificate within **[*]** days after the Subscription Payment is made.~~

Commented [KC1]: The intent here is that ENE will do all the necessary due diligence, and monitor the payments etc. just trying to give OFA comfort/authority to move forward each month without requiring us to provide instructions each month to do so.

~~(iii)~~(v) It is agreed by ~~the Minister~~ENERGY and the OFA that the OFA is acting as an agent, on behalf of ~~the Minister~~ENERGY, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of ~~the Minister~~ENERGY as further described in this MOU.

2. Payment Process

~~a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.~~

Formatted: Normal, Indent: Left: 0.25", No bullets or numbering

Formatted: Font: (Default) Arial

~~b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. The approval for payment shall include confirmation that there is a sufficient Appropriated Amount from which to make the Subscription Payment. Upon receipt of the executed and approved Share Subscription, the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.~~

~~c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.~~

Commented [KC2]: OFA will be on the subscription notice that comes from OPG.

~~d)~~a) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined ~~Minister~~ ENERGY account immediately upon the completion of the Subscription Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the ~~Minister's~~ ENERGY contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by ~~the Minister~~ENERGY.

~~4. Limited Role of the OFA~~

~~The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.~~

Commented [KC3]: Don't think this is required anymore since I've outlined ENE is responsible for this above.

~~5.~~4. Review and Termination

a) ~~The Minister~~ENERGY and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by ~~the Minister~~OPG to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by ~~the Minister~~OPG to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

~~6.~~5. No Service Charges

The OFA will not charge ~~the Minister~~ENERGY for the OFA's services or for its disbursements or other expenses incurred under this MOU.

~~7.~~6. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU ~~the Minister'S~~ENERGY's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

~~8.~~7. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of ~~the Minister~~ENERGY, the addresses for notice are:
Hand Delivery:

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.
2. The Speaker of the Assembly.
3. The Auditor General.
4. The Chief Electoral Officer.
5. A person authorized by the Management Board of Cabinet.
6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

Bruno

I have had the opportunity to review the proposed changes to the draft SLA. I have serious concerns about both the proposed procedures and the responsibilities that the OFA is being requested to undertake under this draft.

The share subscription process is monthly under the proposed program. Energy will have to sign a share subscription each month. It is not clear to me how Energy intends that it can proceed by way of an annual approval.

It is again proposed that an OFA official deliver the Section 11.4 certificate. This would place a due diligence responsibility on the OFA.

I would suggest that a meeting with John Kim next week to discuss this further.

Cc: John Kim <John.Kim@ofina.on.ca>; Lisa Stein <Lisa.Stein@ofina.on.ca>
Subject: RE: SLA draft

Hi Ken

Just checking to see if you had a chance to review the attached. (Copying Lisa as I at first sent this follow-up to her in error).

My understanding is that the key issue that had been discussed with Energy (through Investment Government Branch) was whether formal authorization would be required each month from the Minister of Energy for subscription payments. OFA preferred this approach, but Energy preferred an annual approval. I understand also that responsibility for due diligence was a key factor. In the attached Energy has edited to clarify that it would conduct the necessary due diligence (see 9. Below). The MOU also notes that OPG would notify both Energy and OFA of monthly subscription amounts, and that Energy would notify OPFA within 3 days if there were any issues with subscription payment to be made.

> 9. Upon receipt of the Share Subscription, ENERGY will conduct the necessary due diligence to ensure that the documentation supports the Subscription Payment and that the Appropriated Amount is sufficient.

<OFA - MoE MOU Fair Hydro Plan(v6)clean - igs.docx>

From: John Kim
To: Ronald Kwan; Gavin He
Cc: Usman Zahid
Subject: RE: Service agreement on Fair Hydro
Date: Thursday, November 09, 2017 10:07:25 AM

I believe the FAA defines eligible activities and under s15(2) 6, it mentions "entitled to reimbursement under a statutory appropriation administered by that ministry". I am not sure if it fully addresses this scenario but will check with Ken R.

FTD was consulted in arriving at the MOU but a couple of months ago, if not more.

Subject: Re: Service agreement on Fair Hydro

Hi,

What is the definition of or what does it mean under the FAA to be "eligible for" or "entitled to" a payment? Does it encompass that Energy, through its PRT, has received TB approval for an appropriation to make the payment? Should it? Should I assume that it does not require Estimates to have been approved by the Legislature or its committees, given how late that process can be into a fiscal year?

Does it include that OPG is not otherwise in default under the Master Subscription Agreement? Should it? Any other consideration/conditions considered and not recommended?

Thanks,
Ron

From: Gavin He
Sent: November 9, 2017 9:03 AM
To: Ronald Kwan
Cc: Usman Zahid; John Kim
Subject: FW: Service agreement on Fair Hydro

Hi Ron,

At the end of last month, Energy reached out to EFB to touch base on the MOU between MOE and OFA for the service agreement on FHP. In the previous draft version of the MOU, it was mentioned that OFA would get confirmation of the equity injection amount from MOE via the Subscription Form and the Certificate Form under section 11.4 of the FAA. So Energy has reached out to see if we have an example of the Certificate that we can share with them. Ken Russell said that OFA does not have a precedent section 11.4 certificate, so he drafted the attached certificate to be shared with Energy.

In the previous draft of the Master Subscription Agreement, it seems the templates of those two forms will be included, Energy has invited us to a meeting today to discuss questions with OPG re Master Subscription Agreement. Ken Russell, John, and myself are attending the meeting today.

Are you okay with us sharing the attached draft Certificate Form with Energy at a staff level? Also, I have attached the previous draft of the MOU provided by OFA Legal for your reference.

Thanks,
Gavin He

Memorandum of Understanding
Relating to the
Fair Hydro Plan

Dated: **XXXXXXX**

Between:

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy (the "**Minister**")

And:

Ontario Financing Authority
an agency of the Province of Ontario (the "**OFA**")

Whereas:

1. The Government of Ontario enacted the *Ontario Fair Hydro Plan Act, 2017* (the "Act") to implement its Fair Hydro Plan (the "FHP").

2. The Act and the regulations promulgated under the Act (the "Regulations") provides the right for IESO to create certain assets related to the deferral of electricity charges (the "Assets"), which Assets may be acquired from the Independent Electricity System Operator ("IESO") by one or more special purpose financing entities, under the Act established by OPG to implement the FHP (each an "OPG Financing Entity"), which are expected to include a Fair Hydro Trust.

3. An OPG Financing Entity is expected to acquire the Assets monthly from the IESO and will finance the Assets in accordance with the financing plan, which includes both senior debt (minimum of 51%) from external sources and subordinated debt (up to 49%) from OPG.

4. The Minister has agreed to provide up to 44% of the total funding requirement for the Assets through equity injections in OPG and OPG has agreed to use the equity injections solely for funding an OPG Financing Entity's subordinated debt (the "Equity Injection Plan").

5. For purposes of the Equity Injection Plan, OPG has amended its articles to create a new class of non-voting, redeemable shares (the "Class A Shares").

6. The Minister will subscribe for Class A Shares monthly.

7. Each month OPG will deliver to the Minister a share subscription form (the "Share Subscription") setting out the amount of equity injection required (the "Subscription

Payment") and the corresponding number of Class A Shares to be issued by OPG and subscribed for by the Minister.

8. The Minister is required to pay the Subscription Payments out of amounts appropriated by the Legislature for that purpose for the fiscal year in which the payment is made ("Appropriated Amount").

9. The Minister has advised the OFA that the Minister is required to make the Subscription Payments within [*] business days of the receipt by the Minister of the Share Subscription (the "Share Subscription Payment Date").

10. The Minister considers it advisable for the OFA to make the Subscription Payments on behalf of the Minister and the OFA has agreed to make the Subscription Payments on behalf of the Minister.

11. The Minister and the OFA wish to enter into this MOU to confirm their agreement regarding the terms on which the OFA will make the Subscription Payments.

Therefore:

The Minister and the OFA agree as follows:

1. Payment Authorization

(i) The Minister authorizes the OFA to make the Subscription Payments on behalf of the Minister and the OFA agrees to make the Payments on behalf of the Minister.

(ii) The Minister shall ensure that the certificate under section 11.4 of the *Financial Administration Act* (reproduced as Schedule A to this MOU) required for each of the Subscription Payments is obtained, and shall provide the OFA with a copy of such certificate within **[*]** days after the Subscription Payment is made.

(iii) It is agreed by the Minister and the OFA that the OFA is acting as an agent, on behalf of the Minister, for the purposes of

i. Transacting with the Ontario Shared Services "IFIS" system in order to access funds appropriated for the Minister in respect of the Fair Hydro Plan, and

ii. Making the required Subscription Payments on behalf of the Minister as further described in this MOU.

2. Payment Process

a) The Minister will take all necessary steps to provide the OFA with a good quality unapproved electronic copy of each Share Subscription, on the same day the Minister receives the Share Subscription from OPG to allow the OFA to begin the procedures for making the Subscription Payment.

b) The Minister will deliver to the OFA a good quality copy of each Share Subscription executed and approved for payment by **[insert appropriate MoE official]** - at least three business days before the Share Subscription Payment Date. The approval for payment shall include confirmation that there is a sufficient Appropriated Amount from which to make the Subscription Payment. Upon receipt of the executed and approved Share Subscription, the OFA will make the Subscription Payment on behalf of the Minister, in the amount of the Share Subscription.

c) The OFA shall not be required to make any Subscription Payment on behalf of the Minister if the Minister has not delivered to the OFA an executed and approved Share Subscription as provided in paragraph b) above.

d) The Subscription Payments will be made from the Consolidated Revenue Fund and the amount of each Subscription Payment will be entered by the OFA via a journal entry into the Province's IFIS system under a pre-defined Minister account immediately upon the completion of the Subscription Payment or shortly thereafter.

3. Reporting Requirements and Records

a) The OFA will deliver a notice by e-mail to the Minister's contact person to confirm the completion of each Subscription Payment in the amount of the Share Subscription.

b) The OFA will keep and maintain all records related to the Share Subscriptions for a period of seven (7) years.

c) The requirements under this section shall survive any termination of the MOU.

d) The Public Accounts, Volume 3 reporting related to the Subscription payments will be performed by the Minister.

4. Limited Role of the OFA

The OFA will only be responsible for making the Subscription Payments in accordance with section 2 and reporting and record keeping in accordance with section 3. For greater clarity, the OFA will not be responsible for auditing or otherwise verifying the correctness of the Share Subscriptions; monitoring the OPG's application of the Subscription Payments; monitoring the balance from time to time of the Appropriated Amount; or ensuring the Appropriated Amount is sufficient.

5. Review and Termination

a) The Minister and the OFA will review this MOU as necessary.

b) This MOU may be terminated by either party at any time, on 90 days' notice.

c) Upon termination of this MOU, provided the OFA has the power and authority to make such Subscription Payments, the OFA will make Subscription Payments in respect of executed and approved Share Subscriptions delivered by the Minister to the OFA on or before the date of termination in accordance with subsection 2(c) of this MOU, but will not be obligated to make any further Subscription Payments on any executed and approved Share Subscriptions delivered by the Minister to the OFA after the date of termination of this MOU. All provisions of this MOU relating to Subscription Payments made by OFA will continue to apply with respect to such Subscription Payments made by the OFA after the termination date, notwithstanding termination of this MOU.

d) The parties will cooperate to help to ensure a smooth transition of the payment function upon termination.

6. No Service Charges

The OFA will not charge the Minister for the OFA's services or for its disbursements or other expenses incurred under this MOU.

7. Contacts

a) Each party shall designate a member of its staff to be a contact person for the purposes of administering this MOU.

b) As of the date of this MOU the OFA's contact persons are:

Tel:
email:

Tel: email:

should also be sent to:

Tel: email: & email:

c) As of the date of this MOU the Minister's contact person is:

Tel:
email:

d) Either party may designate a different member of its staff as its contact person by providing notice to the other party in accordance with section 7.

8. Notice

a) Any notice under this MOU shall be in writing and shall be deemed given when delivered by hand or email, and addressed to the party's contact person.

b) In the case of the OFA, the addresses for notice are:
Hand Delivery:
Ontario Financing Authority
Suite 1400
1 Dundas St. W.
Attention: Ken Kandeepan, Chief Financial and Risk Officer
email: Ken.Kandeepan@ofina.on.ca

c) In the case of the Minister, the addresses for notice are:
Hand Delivery:
Ministry of Energy

9. Execution

The parties have executed this MOU, effective as of the date first above written.

SCHEDULE A

Section 11.4, *Financial Administration Act*, R.S.O. 1990, c. F.12

11.4 (1) No payment shall be made out of the Consolidated Revenue Fund unless, in addition to any other voucher or certificate that may be required, a person referred to in subsection (2) certifies,

(a) in the case of a payment for the supply of goods or the rendering of services after the goods are delivered or the services are rendered, that the goods have been supplied or the services have been rendered and that,

(i) the payment is in accordance with the agreement, or

(ii) the amount of the payment is reasonable, if the amount of the payment is not specified in the agreement;

(b) in the case of a payment for the supply of goods or the rendering of services before the delivery of the goods or the supply of the services, that the payment is in accordance with the agreement; or

(c) in the case of a payment not described in clause (a) or (b), that the payee is eligible for or entitled to the payment. 2002, c. 8, Sched. B, s. 2.

Persons authorized to certify payments

(2) Only the following persons have authority to give a certificate under subsection (1):

1. A minister or deputy minister.
2. The Speaker of the Assembly.
3. The Auditor General.
4. The Chief Electoral Officer.
5. A person authorized by the Management Board of Cabinet.
6. A person authorized by a person referred to in any of paragraphs 1 to 5. 2002, c. 8, Sched. B, s. 2; 2004, c. 17, s. 32; 2007, c. 15, s. 40 (1).

Subject: RE: Service agreement on Fair Hydro

I believe the FAA defines eligible activities and under s15(2) 6, it mentions "entitled to reimbursement under a statutory appropriation administered by that ministry". I am not sure if it fully addresses this scenario but will check with Ken R.

FTD was consulted in arriving at the MOU but a couple of months ago, if not more.

Subject: Re: Service agreement on Fair Hydro

Hi,

What is the definition of or what does it mean under the FAA to be "eligible for" or "entitled to" a payment? Does it encompass that Energy, through its PRT, has received TB approval for an appropriation to make the payment? Should it? Should I assume that it does not require Estimates to have been approved by the Legislature or its committees, given how late that process can be into a fiscal year?

Does it include that OPG is not otherwise in default under the Master Subscription Agreement? Should it? Any other consideration/conditions considered and not recommended?

Thanks,
Ron

From: Gavin He
Sent: November 9, 2017 9:03 AM
To: Ronald Kwan
Cc: Usman Zahid; John Kim
Subject: FW: Service agreement on Fair Hydro

Hi Ron,

At the end of last month, Energy reached out to EFB to touch base on the MOU between MOE and OFA for the service agreement on FHP. In the previous draft version of the MOU, it was mentioned that OFA would get confirmation of the equity injection amount from MOE via the Subscription Form and the Certificate Form under section 11.4 of the FAA. So Energy has reached out to see if we have an example of the Certificate that we can share with them. Ken Russell said that OFA does not have a precedent section 11.4 certificate, so he drafted the attached certificate to be shared with Energy.

In the previous draft of the Master Subscription Agreement, it seems the templates of those two forms will be included, Energy has invited us to a meeting today to discuss questions with OPG re Master Subscription Agreement. Ken Russell, John, and myself are attending the meeting today.

Are you okay with us sharing the attached draft Certificate Form with Energy at a staff level? Also, I have attached the previous draft of the MOU provided by OFA Legal for your reference.

Thanks,

Subject: RE: Total Interest costs (SOC)

Hi John, Bruno,

Attached is a refined analysis trying to mimic Energy's FAA projection. As mentioned we weren't able to recreate their numbers exactly so that's one source of error.

Furthermore, if you recall, the 3.357% Debt from the FHT should be the Senior most debt and therefore lowest cost debt incurred by the trust. The Sub and Jr. Sub debt from the provincial equity injection and OPG borrowing should have a higher borrowing rate. If we take a weighted average borrowing, this would be noticeably higher than 3.357%.

Please see calculations attached and in the table below. (File found here: S:\Users\CEF\Hydro 2018\FAO\FHP\Revised Calculations)

Difference In Interest Charges	
Provincial (3.12%) vs Weighted Avg Borrowing (4.017%):	**5,121**
Provincial (3.12%) vs FHT Borrowing (3.357%):	**1,182**

Happy to chat if you have a few mins.

Thanks,
Shajee

Subject: RE: Total Interest costs (SOC)

Thanks, could we set up the FAA-based analysis? Ron and I are tied up till 4:30 or so. We still have a bit of time.

The concern, unless you convince otherwise, is that the Excel file we used might be dated.

So the FAO analysis was the delta of 50bps? Is that reasonably certain?

Sent: Wednesday, February 07, 2018 1:37 PM
To: John Kim <John.Kim@ofina.on.ca>
Cc: Gavin He <Gavin.He@ofina.on.ca>; Bruno Amara <Bruno.Amara@ofina.on.ca>
Subject: RE: Total Interest costs (SOC)

Hi John,

This analysis from Bruno might be what we need for now, particularly since it's an apples to apples comparison of the previous $4B number.

However the borrowing profile with the revised FAA amounts could change this assessment. We had looked into recreating Energy's FAA amounts [in order to recreate this interest calculation] with partial success.

We can use this analysis for now, if that can satisfy the request.

However to use the revised FAA amounts, we can also reach out to Energy. However it may no longer be the apples to apples comparison of a simple reduction in borrowing spreads.

Thanks,
Shajee

From: Bruno Amara

Subject: RE: Total Interest costs (SOC)

Correction Summary table should show FAO 4.5% assumption for Province. Just labelling, calculation was correct.

Total Interest Costs $ Millions

FAO	rate	Revised	rate
20,924	5.0%	10,229	3.35%
16,863	4.5%	9,194	3.12%
4061	difference	1,035	difference

From: Bruno Amara
Sent: Wednesday, February 07, 2018 1:09 PM
To: John Kim <John.Kim@ofina.on.ca>
Cc: Shajee Kathirgamanathan <Shajee.Kathirgamanathan@ofina.on.ca>; Gavin He <Gavin.He@ofina.on.ca>
Subject: Total Interest costs (SOC)

I think I found the most recent file. I replicated the FAO assumptions of 5% for FHT borrowing vs 4.5% for Province. In attached model that also yields a $4b difference. Redoing this with the 3.12% and 3.35% reduces this difference to about $1B. See summary table below.

Total Interest Costs $ Millions

FAO	rate	Revised	rate
20,924	5%	10,229	3.35%
16,863	4%	9,194	3.12%
4061	difference	1,035	difference

Subject: Updates for the Financing Table

Good morning,

In preparation for the upcoming 2018 Document, please provide inputs from your respective areas to the following SharePoint link:

http://portal.ofina.on.ca/sites/rcd/Financing%20Table/SitePages/Home.aspx

Information up to F2020-21 is required but if possible, please complete information up to F2021-22.

Please complete your updates by **noon on Monday, February 26th**.

Please input the data in your area's respective folders. You should have the appropriate editing rights for your respective areas, otherwise you should only have reading rights. If you have issues with the sites, please let me know.

The Financing table document is currently password protected with the new 2018 Document password. Please message or call me (or anyone from IR) if you need the password.

Much appreciated.
Christina

Subject: FW: Updates for the Financing Table

Hi Ron,

As mentioned, the Financing Table has the recently provided data and the old data mixed and matched. We are proposing that we stick with the consistent set of figures from the FAA memo.

Pls. see attached.

What is in the Financing Table now – pls. refer to the GA tab: (The blue cells were provided at the time of FES. The yellow cells were provided before that based on earlier modelling)

Fiscal Year Equivalent	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24	2024-25	2025-26
FY Adjusted Debt Requirement	1938.333	2224	2325.5	2352.5	2608	2350	1875	1342	858
Provincial Borrowing Required	853	979	1023	1035	1148	1034	825	590	377

To be consistent with the FES, we propose to send the following complete series of figures: (The yellow cells – consistent with the FAA memo; the bold figures would be new)

Fiscalized								
$ nominal million	**2017-18**	**2018-19**	**2019-20**	**2020-21**	**2021-22**	**2022-23**	**2023-24**	**2024-25**
Fair Allocation Amount	(1580)	(1227)	(1014)	(798)	(563)	(344)	(161)	(18)
Readjustment amount	(358)	(997)	(1312)	(1555)	(1508)	(1191)	(752)	(329)
Total Borrowing Requirement	(1938)	(2224)	(2326)	(2353)	(2071)	(1535)	(913)	(347)
Accumulated borrowing requirement including financing costs		(4162)	(6488)	(8840)	(10911)	(12446)	(13359)	(13705)
OPG Equity Injection (44%)	(853)	(979)	(1023)	(1035)	**(911)**	**(675)**	**(402)**	**(152)**

Thanks,

John

Carlos, Mike and Jim

Since I will not be available for the meeting this afternoon here is my single comment.

I have concerns with the weighted average calculation of both the benchmark and actual issuance including the debt issued to the Trust by OPG funded by the 44% equity injection given that there are no market forces in play with regard both issuance and funding of this tranche, at least from an OPG perspective.

The only way in which this tranche is acceptable for performance inclusion is by OPG linking the yield on this debt to what was issued to the markets by the Trust. For example the debt from the equity injection is X bps above or below what was issued in the markets for equal tenors. Even so a linked component in the benchmark, in my opinion, adds limited value.

Thanks

Ken k

Subject: Equity Injection Term Sheet

Hey John, Carlos,

Attached is a term sheet from OPG that would form the basis of the Equity Injection Agreement. I think this would be an agreement between ENE/OPG and OFA. While it currently says 5 business days in this document Clara flagged that the IESO may be looking for it to be settled in as quickly as 1 day. Given how quick this needs to happen I've included a line about ENE delegating authority to the OFA to manage this monthly process. I think ENE would want to be kept in the loop but I don't think they would need to sign off each month. That being said I haven't run this up the chain at ENE yet or discussed with ENE controllership.

Id defer to you guys for short term mechanics for the most part as you have the experience on the borrowing side. If you could take a look and mark-up where desired then maybe we can chat?

Let me know if you have any questions.

Hey John,

On your first question, yes OPG is purchasing the asset monthly and on the basis of short term financing which will be replaced with long term bond financing eventually.

On your second, I don't think the plan is to take this back to TB. We received appropriation already and mentioned that we would come back through PRRT for future years so I think we're covered there. Unless there are other components of the short term piece you think need TB approval?

I'm offsite today but in the office tomorrow if you'd like to chat.

Hi Kaitlin,

We have a few questions but the main one for now is the way the document worded the monthly purchase by OPG. Is OPG agreeable to purchasing assets each month? Are they putting in place interim financing to do so monthly?

Subject: Equity Injection Term Sheet

Hey John, Carlos,

Attached is a term sheet from OPG that would form the basis of the Equity Injection Agreement. I think this would be an agreement between ENE/OPG and OFA. While it currently says 5 business days in this document Clara flagged that the IESO may be looking for it to be settled in as quickly as 1 day. Given how quick this needs to happen I've included a line about ENE delegating authority to the OFA to manage this monthly process. I think

ENE would want to be kept in the loop but I don’t think they would need to sign off each month. That being said I haven’t run this up the chain at ENE yet or discussed with ENE controllership.

Id defer to you guys for short term mechanics for the most part as you have the experience on the borrowing side. If you could take a look and mark-up where desired then maybe we can chat?

Let me know if you have any questions.
Kaitlin

John

As I understand it there is already an OREC MOU in place.

My initial view is that the MOU for the payments to OPG should be separate. We can talk about this further on Monday.

Hi Ken,

The data we used to see the debt number being reduced to $20bn was not an official set of data. I am working to get a more official update from Energy but it is a process that requires approvals on their end.

If you're okay with what Energy has described as preliminary then we can work to provide it. This has been getting escalated so if you can wait towards the end of the week then we may have something.

John

Hi John

What Ricky requires for the FES is the forecast amount of the 44% equity injection number for 17-18 and the two out years. Given that the total debt number has reduced to $20 Billion from the $28 B forecast at Budget time I guess there would be reductions in the first three years as well.

Thanks

Hi Ricky,

There is no official updated information on the GA modelling. I have been looking for that from the Ministry of Energy without having any success.

Energy's response thus far is that they are still working on finalizing the FHP-related GA forecast.

In terms of FES, let me know what you are looking to do and the timeline you're working towards.

Risa,

Please see attached; added "c. Payment Authorisation" under Section 2 and included Schedule C.

Not sure if Ken would be able to combine the Certificate and Payment Authorisation into one document.

Agreed. The sample was not meant to replace Schedule A; but to have language incorporated into Schedule A to make it into a payment request.

Am repeating my concern indicated in the message I just sent:

> My concern is that there is no request from the ministry to the OFA to process the payment. Neither Section 2 nor the Schedule A contains any language requesting OFA to effect the wire transfer to OPG.

Risa

The attached sample payment request does not address either of the two issues addressed by the current Schedule A. i.e. it does not certify that there is sufficient Appropriated Amount from which to make the Subscription Payment and does not provide the required certificate under Section 11.4 of FAA. As such it may not be used to replace the current Schedule A.

A form of payment authorization could be added as a separate schedule. The language of the MOU would have to be modified to make appropriate referenced to this new Schedule.

Hi Ken Russell,

Asokan Sadasivan sent us the below email last week (I was away and Joe Pedota didn't know who was involved in drafting the MOU between OFA and MOE). He is the Controller for MOE. He would like to replace Schedule A with the sample type document and his senior executives need an answer today by 12:00 noon. Is it possible to make this change or can we add the same as another Schedule?

I'm working from home today, but I can call you if you would like to discuss.

Thanks,

Risa Thau

Joe,

It has been confirmed that Schedule A – Certificate is the document that is referenced in Section 2 – Copy of each Share subscription executed and approved for payment (see highlight in below message).

I would rather have this replaced with something similar to the attached sample payment request. The attached can be modified to cover the legal aspects covered in Schedule A.

Let me know your thoughts please.

I am at an offsite meeting today. Hence we may not be able to connect; however, if you leave me a voice message I shall get back to you when I get a break.

Thanks,

Asokan

Subject: MOU between OFA and Energy

Joe,

Further to our telecon (in the absence of Risa), attached is the draft MOU for payments to be made by OFA on behalf of the ministry re Fiir Hydro Plan.

Section 2) Payment process indicates that ministry will deliver:

- Copy of each Share Subscription executed and approved for payment by Minister or Delegate

- Copy of certificate that there is sufficient appropriation for the payment

to OFA to process payment on behalf of the ministry.

Please also refer Schedule A – Certificate in this regard.

Would appreciate if you could kindly advise if the above mentioned two documents are sufficient for OFA to process payment on behalf of the ministry please?

Thanks,

Asokan

John

In the MOU the MoE is defined as the Minister rather than as the Ministry. This is because that is the way that MoE is defined in the MoE - OPG draft agreement. I used this defined term for consistency. The typical OFA MOUs use the defined term Ministry. I would be happy to make the change if you wish.

My own preference is to use Ministry. As noted I only used Minister to parallel the other agreement.

Let me know what you would prefer.

I also need to add a provision to reflect Ken's concern about the OFA receiving confirmation that there is a sufficient appropriated amount for each payment.

Ken

John

An OFA official or officials could be authorized to give the certificate. However this would mean in effect that the OFA is taking on responsibility for certifying the transaction since the OFA official would be certifying that OPG is entitled to the payment.

My understanding is that the OFA does not wish to take on this responsibility.

In some prior MOUs the OFA agreed to provide the certificate but this policy was reviewed and the decision was taken to require the Ministry to provide the certificate.

As for Risa's question, I believe the handling of the Class A share (custodian, etc.) for the equity injection is outside the scope of the agreement with Energy handling that. Energy, as a sole shareholder, holds the shares today (I understand physically in their vault).

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.
4. Confirm the following:

- OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
- Scanned electronic copies for the share subscription form & FAA certificate are acceptable
- Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.

4. Confirm the following:

- OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
- Scanned electronic copies for the share subscription form & FAA certificate are acceptable
- Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,
Shruti

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

One of the principles that guided us, which was an input from Ken R., was that if we are more involved, then we are more accountable. We wanted this to be a responsibility of Energy to keep track of the appropriation amount and that they are requesting payments within it. Ken K. had suggested getting more detailed information and was convinced otherwise. So things were kept simple but to meet the legal test under the Financial Administration Act.

Energy is looking for the draft documents today (SNAP), would it be okay to send to them caveating that we may have further changes to the Certificate?

Thanks,

John

Thanks Gavin. That appears to meet my request on certification on the appropriation room as well.

I would note that OPG's certificate for disbursements under ONFA is somewhat more detailed. Would some of its components (an example is attached) have been considered for inclusion in the certificate for the equity injection?

Subject: RE: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the

attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- <!--[if !supportLists]-->• <!--[endif]-->The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- <!--[if !supportLists]-->• <!--[endif]-->Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.
- <!--[if !supportLists]-->• <!--[endif]-->Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Regards,
Gavin He

Hi Ron,

Following the OFA/Energy MOU meeting regarding the equity injection last week, Ken Russell has updated the MOU and the Certificate form based on the discussion, and the attached have been reviewed by FTD and CMD's. Below are some key comments from the discussion/review:

- The MOU should include timing on when the Subscription Form and Certificate Form are required before the payments can be made.
- Ken Kandeepan had a comment that we should have mechanism to confirm that Energy has enough Appropriated Amount for the payment. Ken Russell is of the view that this takes the OFA's role beyond payment agent to monitoring and that the MOU should maintain the process from previous MOUs and

require only that MoE certify that there is a sufficient Appropriated Amount for the payment. Therefore, Ken R. added a confirmation language in the Certificate Form to address this. Ken K. agreed and was good with this approach.

- Ken K. also suggested adding OPG's wire transfer information as a separate schedule in the MOU.

CMD also reviewed and they don't have any comments.

Also, getting back to your question previously on whether OPG is entitled to receive the payment from MoE under FAA. Ken R. responded that the language of the Certificate Form tracks the language of the statute, and he included wording in the Certificate Form to get Energy to confirm that OPG is entitled to the payment. However, if you like, he said we could add some wording such as "OPG is entitled to the payment since MoE is required to subscribe for the Class A shares under the Master Subscription Agreement."

Could you please review the draft and let us know if we can share this with Energy? They would like to get this approved by the end of this week.

Subject: OFA/Energy MOU - Follow up from Nov 9 meeting

Hi John,

Thanks for meeting with us yesterday on the equity injection process. It was helpful to have everyone together in one place.

I hope to get the ENERGY-OFA MOU completed and ready for approvals by the end of

next week. In order to do that, these are the following outstanding pieces. Right now, the OFA is holding the pen on the document, so it makes sense for you to include these items in the version you are working off and we can review next week:

1. Template for the FAA Section 11.4 certificate. I propose we include this as a schedule to the MOU. Also, please confirm the timing of when the certificate should be provided to OFA each month i.e., alongside the share subscription form, or after the payments have been made. Settlements would like updated wire transfer information from OPG and adding it as a separate schedule is a good idea.
2.

3. Identify how ENERGY should confirm that there is sufficient Appropriated Amount for the payments each month. The need for this is identified in 2b of the draft MOU. As discussed yesterday, it would be ideal if this could be done in the same certificate mentioned above. Agreed, the certificate as it stands does provide for this.
4. Confirm the following:
    - OFA has OPG's wire transfer information (suggest including this information as a separate schedule)
    - Scanned electronic copies for the share subscription form & FAA certificate are acceptable
    - Every month, the OFA will inform the Ministry of Energy via email once the payments have been made. Yes, Settlements can do that.

Let us know if you have any questions. We are working with our legal on the delegation memos. Also as discussed at yesterday's meeting, we will update the flowchart and circulate.
Thanks,

John

It seems to me that if the OFA was to take on delegated operational responsibility it would in effect have responsibility under the MSA and an argument would exist that it should be a party.

My view is that we should have an internal discussion about the role of the OFA before speaking to MoE.

Ken

>> It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.
>>
>> I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.
>>
>> I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.
>>
>> I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

>>
>> Hi everyone,
>>
>> As a follow up to today's meeting there are a couple items I think can move forward at this point.
>>
>>
>> 1. Equity Injection Mechanics (draft term sheet attached)
>>
>> a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
>>
>> 2. Performance Fee Recommendation (OPG recommended approach attached)
>>
>> a. If comfortable, OPG would assist ENE in developing regulation language
>>
>> My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.
>>
>> Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?
>>
>> Thanks in advance,
>> Kaitlin

> Further to my last email, I realize it was an incomplete thought.
>
> I did take a look at the earlier communication about what the reasoning for the OFA to be a party is. I am wondering if there should be a business level discussion about the roles of the parties. It seems to me that it makes sense that Energy is monitoring and reviewing/approving each injection, but please let me know if you think that the OFA would be doing that on behalf of Energy. I would think that the role of the OFA in the term sheet is not to make the calculations or determine whether the amount being requested by OPG is the correct amount, but more in terms of managing the actual flow of funds.
>
> It might be helpful if someone set out what they see as the role of the OFA (I know that the SLA is being drafted, and that it will give more detail to this issue) in the monthly purchase of OPG shares. The role of the OFA at the stage of "settle equity injection amounts" is unclear, and I think this is the stage at which the roles need to be more clearly set out if the OFA is to do more than would normally occur in an SLA.
>
> Once the role is determined, then how (and if) the OFA should be a party to the Subscription Agreement can be more clearly understood.

> I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.
>
> I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

I agree that a discussion would be useful.

It seems to me that the first thing to clarify is the role of the OFA. Is the OFA to simply provide financial services or is it prepared to take on a delegated operational role? My view is that for the OFA to take on an operational role some significant issues would have to be addressed.

Ken

In terms of the significant reworking that you mentioned to make this agreeable I'm happy to take back any edits to the document– ENE legal has some edits to make as well but I think it would be helpful to see what works from the OFA's perspective first. I don't see any major policy issues popping up in this document its more just mechanics.

John

My initial view is that the notice under 1. should be directed to MoE but could be copied to the OFA.

Consistent with that position and with the procedures under prior service agreements a delegation of authority from MoE to the OFA under 3 would not be appropriate.

Hi Kaitlin,

Following our call, I had an internal discussion. Our preference is that the OFA not be a party to the Master Subscription Agreement. If we are to be a party, the agreement would need to reviewed and reworked fairly materially. If there is a strong view on wanting to see the OFA as party to it, then let's go down that path and have that discussion.

Whether it be an MOU or SLA, the OFA and Energy would be able to set out the terms of the equity injection.

Happy to discuss.

John

Subject: RE: OFHP - Business Issue next steps

It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.

I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a

couple times through so suspect ENE legal would have a copy.

I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.

I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Happy to discuss,
Kaitlin

Hi John,

Both OFA Legal and I have reviewed the subscription agreement on a preliminary basis. Why has the OFA been made a direct party to the agreement as it seems that the OFA has a “service” type function here which could be accommodated by a service level agreement between the Ministry Energy and the OFA.

Do you know who prepared this draft and is it based on a term sheet or another document that sets out what the roles of the various parties in this would be.

Thank you.

Hi John,

Since OFA is directly being made a party to the subscription agreement, we should also get OFA legal’s input so I will send this to Sarah Neville for her review too if that’s ok. As well I would like to discuss the northern service level agreement with them and whether there are other situations where the OFA acts as an agent to make payments out of the CRF. I agree that some type of service level agreement would

I notice that the subscription agreement mentions that the first equity injection/share subscription will occur August 2017. Is this a realistic timeframe?

The commitments in section 1 seem very broad and open-ended – The Minister of Energy commits to fund up to 44% of the total financing required by the Fair Hydro Trust, to acquire Assets from the IESO under the Act and Regulations by way of equity subscription in OPG. The Master Sale and Servicing Agreement is in square brackets. Is a draft copy of this agreement available for review?

Also not sure what the purpose of s. 3.4 is and whether the Minister of Energy can agree to this process. I note that there is a note to draft there already.

Tom McKinlay of Energy Legal is also reviewing this draft and called to discuss it with me.

Thanks.

Hi Toby,

Just wanted to get something going with an introductory email and to provide you with some context.

Pls. take a look at the Fair Hydro Master Subscription Agreement and the way the equity injection mechanism is envisioned, the operational set up with be under some sort of a service level agreement between Energy and OFA to facilitate the proposed monthly equity injection.

I have a type of service level agreement or MOU in this instance for the Northern Industrial Electricity Rate program as attached. We are hoping something similar could be put in place between Energy and the OFA for this purpose. (The MOU had been drafted by OFA Legal a few years ago when NIER first came into place and have been revised a few times since)

Happy to discuss.

Thanks,

John

Thanks Ken – Are you aware how the potential timing issue with appropriations is handled on the credit side? OPG seemed to think that the OFA had some process in place so that even though only 1 year of appropriations is approved at a time there is always coverage post March 31, 2017 in the event the budget is delayed but OPG needs to borrow. I was just hoping to incorporate something similar on the ENE side so that we don't run into any issues.

OPG provided a draft Master Subscription Agreement based on the term sheet. I will run this by legal as well but please feel free to provide comments/edits.

Hi Kaitlin

My apologies for the delay in responding, just going through my emails from last week, I am ok with the term sheet, you had however, raised a comment re the appropriations. Note that since the OFA will simply be a service provided in this arrangement, i.e.,
We will not be able to provide cash management services including the transfer of the funds from the Province to OPG for the equity injection until the appropriations are approved.

Thanks

Hi all – just following up on the equity injection term sheet. I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

You know what my main concern is?

I don't know if the process of equity injecting would be blessed by respective Legal branches. I know the TB approval was made for $1.1bn. But the shares are to be owned by or held by Energy as a shareholder. How would they delegate that authority to MOF or to OFA. Could we seek Legal views on that? Who would that be? MOF Legal or OFA Legal?

Hi John - I have no substantive comments.

Although I would suggest it be clear internally (at the OFA) who will do what (or if its all CMD?). I also assume we will not be expecting a rate of return on our equity to offset our borrowing interest costs? Not sure if that was dealt with in some discussions..

Regards,
Salman

I'm going to send this to ENE legal now so that they can start to digest given that the next step will be preparation of the Master Subscription Agreement. I'm assuming there aren't any major concerns but if there are items you'd like to modify if you could pass those along this week I'd appreciate it. Please note that there is a question embedded in the document regarding appropriations that I'm hoping one of you will have insight on.

At the meeting with OPG a few weeks back you had mentioned that there would likely need to be some sort of Service Level Agreement between OFA and ENE – is there a similar agreement you already have in place that we could work from?

Thanks,
Kaitlin

Subject: OFHP - Business Issue next steps

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

<!--[if !supportLists]-->1. <!--[endif]-->Equity Injection Mechanics (draft term sheet attached)
    <!--[if !supportLists]-->a. <!--[endif]-->If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
<!--[if !supportLists]-->2. <!--[endif]-->Performance Fee Recommendation (OPG recommended approach attached)
    <!--[if !supportLists]-->a. <!--[endif]-->If comfortable, OPG

would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated “business issues” note, which I’ll send around for everyone’s input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there’s no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,
Kaitlin

Although I would suggest it be clear internally (at the OFA) who will do what (or if its all CMD?). I also assume we will not be expecting a rate of return on our equity to offset our borrowing interest costs? Not sure if that was dealt with in some discussions..

Regards,
Salman

>>> Subject: RE: OFHP - Business Issue next steps
>>>
>>> It's based on a high-level term sheet that the policy areas were comfortable with (attached), though this wasn't ever formally approved or moved up the chain it was more just to get staff aligned so not locked into anything by any means.
>>>
>>> I have not seen the Master Sale and Servicing Agreement - I have heard it mentioned a couple times through so suspect ENE legal would have a copy.
>>>
>>> I think the purpose of having OFA be a direct party is to make sure OPG, OFA and ENE are all fully aware of each of their roles and to formalise the authority for OPG to deal directly with the OFA on the item. The high-level idea is that while ENE will be responsible for getting the annual appropriations, there is no monthly approval process/role for ENE. ENE will be one of the parties to receive notice, but it makes sense for the Subscription notice to go directly to OFA so ENE isn't a middle man adding time pressure. I was hopeful that this agreement could act as sort of a delegation of authority to some extent.
>>>
>>> I agree the SLA is duplicative in this regard - my preference would be to scrap the SLA and just have the master agreement if it can accomplish the above intention, but if there is a preference to have a separate SLA and make the Master agreement just between OPG and ENE then happy to proceed on that basis.

Hi all – just checking in on comments. ENE DMO is looking for this by noon so if you're able to share any comments shortly I would greatly appreciate it.

This version just includes one more item based on the term sheet OPG shared yesterday but I was unsure about timing on that one.

Please let me know if you have any questions.

Subject: OFHP - Outstanding business issues

Hi all,

ENE MO asked for a quick note on 4 of the outstanding business issues that are being worked through and are hoping to see something tomorrow morning.

I've pulled together a high level explanation of each of the items and next steps/timing (to the extent I know).

Would greatly appreciate if you guys could take a look and provide any edits/comments today/early tomorrow if possible. I'm also not too involved in a

few of these discussions so if there's others within OFA you think should review feel free to pass along.

Thanks in advance,
Kaitlin

Hey Ken – In Scotts absence I'm hoping you can help me with a couple items:

1. On the performance fees – Did Scott share an ENE note with 3 options for your review last week? No
2. On the Sub-Debt – could you share the latest term sheet and what is the status of this one? Is it over to OFA to provide comments back to OPG or are we waiting on OPG for something? To the best of my knowledge we didn't have any major issues with the latest term sheet.

Thanks and happy to chat if that's easier

Subject: OFHP Business Issues

Hi everyone,

We're pulling together a product summarizing all the outstanding business issues including status/next steps with respect to the Fair Hydro Plan for the Minister of Energy

I've attempted to fill out as much as possible (Hilary there's a couple placeholder slides where I had no content but I think those would be for ESP? Please correct me if I'm wrong).

Each of you are involved in various aspects of these issues so I'm hoping you can take a look to ensure we're accurately capturing each item.

I'm away next week but if you could provide your suggested edits to Keley by next Wednesday we would appreciate it. The briefing has not yet been set up so we will keep you posted if that timing needs to change.

Thanks in advance,
Kaitlin

Hi Ken,

Thanks for these helpful comments. I do have a question on your first comment. I haven't been as close to the accounting discussion as you have been - why would providing debt from the Province to OPG, for this purpose, affect its status as a GBE, if the loan is provided at a market rate. I haven't gone through this deck carefully yet but wanted to clarify this point.

I do recognize that ultimately OPG would want to make a commercial decision so we are looking to be educated on various structures.

Happy to chat in the lock-up tomorrow.

John

Subject: RE: Ontario Fair Hydro Plan - Equity Infusion - initial comments from TD

Carlos, and others

I believe the discussion with TDS will be scheduled for either Thursday of Friday and I am not available on both days so here are my comments.

- Page 3: Option#3 is not feasible since it is essentially a type of debt from the Province to OPG and may impact the latter's GBE status, which jeopardizes the entire arrangement.
- Options 2 and 4 are superior to 1 from the Province's perspective providing a greater assurance of dividends, which means less cash flow risk for the province.
- The last bullet on page 4 is a little confusing especially the phrase; "and the debt issued to OPG by the SPV/Trust". It's actually the other way around, OPG uses the cash flow from the equity injection to issue debt to the Trust.

<!--[if !supportLists]-->● <!--[endif]-->The cash flow from the equity injection is essentially cost free for OPG however, the Trust will generate interest income on 100% of its debt, as such when the trust is consolidated with OPG, the latter will show a net interest income. This income can be paid out as dividends to the Province and in essence defray the Province's interest payments on the debt incurred to fund the equity injection.

Thanks and as always happy to discuss.

Could you remind me. The condition in the third from bottom bullet. Where did that come from?

On Apr 26, 2017, at 6:56 PM, Adam Prokop <Adam.Prokop@ofina.on.ca> wrote:

> Hello all,
>
> Here are some of my points
>
> - Equity could affect OPG's GBE status if it is effectively seen as an interest-free loan; if the return from the structure does not justify an equity position. Otherwise, the Province could continue to inject equity into OPG in perpetuity for no reason. The fact that the Province is the sole shareholder strengthens this point. OPG could be seen as reliant on this funding for operations.
> - The rating agencies would need to be brought into the discussion - would have to see what cash return from the structure would limit the impact on some ratios; the fact that the capital markets debt will be in a SPV means that portion is bankruptcy remote and may not factor into calculations.
> - OPG is at currently at approximately 65% equity, 35% debt while the deemed structure is 45% equity and 55% debt. OPG does have the capacity to take on more debt within the deemed structure. Furthermore, if the structure is separate from the rate regulation process, the deemed structure is not as relevant.
> - The related GBE status factor is if OPG can maintain operations and meet their obligations through revenues generated outside of the Province. As long as the debt issued from the Province to OPG is at the market rate, and the revenue from the structure is reasonably expected to cover expenses, the GBE status may not be threatened.
>   - There is no minimal credit rating or minimum debt to equity ratio to retain GBE status.
> - The markets could also take on more than 51% of the debt from the SPV (51% is minimum).
> - There is also the consideration for if the Province issued debt directly to the SPV (i.e., buying securities from the SPV directly rather than going through OPG).
>   - Nothing in the 14 conditions prevents this.

    - Need to confirm with OPG auditors.
- The relevant condition is that the Province cannot indirectly (i.e., through OPG) or directly (i.e., to the SPV) finance more than 44% of the structure, either through equity or debt.
- Preferred shares with cumulative dividends if not paid and over a 10 year term would likely get a 50% equity and 50% debt treatment from DBRS, which would lessen the pressure on the capital structure if Province finances OPG directly.
- There could also be a mix of debt and equity financing from the Province over time to OPG.

Overall, a discussion with the credit rating agencies and OPG auditors would probably help clarify options if this is feasible.

Kind regards,

Adam Prokop

I think the challenge starts once you cross the deemed capital structure or when OPG starts getting downgraded for carrying too much debt. If the loans provided by the Province are not something a prudent lender would agree to do you could potentially be putting at risk the GBE status. What you should do is compare the potential outcome of the different structures against the test that needs to be met to remain a GBE. You should check this on top of the 14 other points.

Subject: RE: Ontario Fair Hydro Plan - Equity Infusion - initial comments from TD

Hi John,

I think Adam and I had discussed this briefly. We were questioning why the Province could not issue debt to OPG instead of Equity (or even directly into the Trust). The only reason that came to mind was to effect OPG's credit rating (which TD says would be treated as "intermediate equity" for option 3) – don't think GBE status would be affected.

The OEFC already lends to OPG which hasn't seemed to effect its GBE status… not sure what I'm missing here..

Carlos, and others

I believe the discussion with TDS will be scheduled for either Thursday of Friday and I am not available on both days so

here are my comments.

- Page 3: Option#3 is not feasible since it is essentially a type of debt from the Province to OPG and may impact the latter's GBE status, which jeopardizes the entire arrangement.

- Options 2 and 4 are superior to 1 from the Province's perspective providing a greater assurance of dividends, which means less cash flow risk for the province.

- The last bullet on page 4 is a little confusing especially the phrase; "and the debt issued to OPG by the SPV/Trust". It's actually the other way around, OPG uses the cash flow from the equity injection to issue debt to the Trust.

- The cash flow from the equity injection is essentially cost free for OPG however, the Trust will generate interest income on 100% of its debt, as such when the trust is consolidated with OPG, the latter will show a net interest income. This income can be paid out as dividends to the Province and in essence defray the Province's interest payments on the debt incurred to fund the equity injection.

Thanks and as always happy to discuss.

Instead of these emails back and forth, let's spend the time at work figuring things out and getting our facts together. I'd like a summary view by the time I get back from the lock up tomorrow.

E&Y views are summarized in the white paper and in the separate piece that has the 14 conditions, I understand.

I know the 100% debt scenario has been persistently raised in the branch. I would like to have the view reconciled against the white paper and the 14 conditions as otherwise we are going to look pretty bad as a branch raising stuff we should know.

Thanks Salman,

Attached is the version that I have on e-mail (probably not the latest). The appendixes don't say much but in the attached cabinet submission (p. 21) this is the mention of the GBE status:

B. GA Smoothing – OPG's Financing Structure Requirements (cont'd)

- Special Purpose Vehicle (SPV) will be used to raise the GA financing and ring fence OPG from its legal obligations
- SPV will be structured to allow for GBE accounting consolidation into OPG
- Given that SPV will be consolidated into OPG for accounting purposes, the significant amount of debt required to fund the GA deferral will have a severe impact on OPG's credit rating. If 100% of the requirement is funded by debt OPG would be downgraded.
- To manage this exposure and minimize the cost of funding. The required funding would be split into 2 buckets:
  1. 56% from capital markets; and
  2. The remainder provided by the Province via equity injection, which would be loaned to SPV as subordinated debt.
- The use of equity to fund a portion of the GA deferral also allows for an improvement in both Net Income and EBITDA as incremental revenue is captured by the increase in the value of the deferral which would offset the fiscal impact of the borrowing at Province level.
- Credit rating metrics are generally maintained within established limits.

Just to add, I retrieved the March 1 Cabinet Submission deck that is saved in the shared folder and the last page says "APPENDIX: SEE MINISTRY OF ENERGY'S ELECTRICITY PRICE MITIGATION –APPENDIX" – do we have this anywhere? Maybe there is something in there that Ken is referring to (which is could equally likely be what Bruno and Adam have provided below).

Subject: Re: Ontario Fair Hydro Plan - Equity Infusion - initial comments from TD

Thanks Bruno,

Yes that is it. A key part is point is c (50% of the most subordinated debt) - OPG needs to own at least 50% of the subordinated debt (the equity tranche) with this portion suggested to be about 5% of the Trust. This is the 5% that OPG is borrowing from the market. This is why the borrowing is capped from the Province at an epsilon below 45%.

Thanks Adam

One of the list of 14 in the white paper. This was one of the conditions required for OPG to consolidate the Trust

1. The Province or its agencies must not directly or indirectly fund (through debt or equity) more than 50% of the following:
    a. The Trust
    b. Any of OPG's investments in the Trust
    c. The most subordinated debt of the Trust

Could you remind me. The condition in the third from bottom bullet. Where did that come from?

On Apr 26, 2017, at 6:56 PM, Adam Prokop <Adam.Prokop@ofina.on.ca> wrote:

> Hello all,
>
> Here are some of my points
>
> - Equity could affect OPG's GBE status if it is effectively seen as an interest-free loan; if the return from the structure does not justify an equity position. Otherwise, the Province could continue to inject equity into OPG in perpetuity for no reason. The fact that the Province is the sole shareholder strengthens this point. OPG could be seen as reliant on this funding for operations.
> - The rating agencies would need to be brought into the discussion - would have to see what cash return from the structure would limit the impact on some ratios; the fact that the capital markets debt will be in a SPV means that portion is bankruptcy remote and may not factor into calculations.
> - OPG is at currently at approximately 65% equity, 35% debt while the deemed structure is 45% equity and 55% debt. OPG does have the capacity to take on more debt within the deemed structure. Furthermore, if the structure is separate from the rate regulation process, the deemed structure is not as relevant.
> - The related GBE status factor is if OPG can maintain operations and meet their obligations through revenues generated outside of the Province. As long as the debt issued from the Province to OPG is at the market rate, and the revenue from the structure is reasonably expected to cover expenses,

the GBE status may not be threatened.

    - There is no minimal credit rating or minimum debt to equity ratio to retain GBE status.

- The markets could also take on more than 51% of the debt from the SPV (51% is minimum).
- There is also the consideration for if the Province issued debt directly to the SPV (i.e., buying securities from the SPV directly rather than going through OPG).

    - Nothing in the 14 conditions prevents this.
    - Need to confirm with OPG auditors.

- The relevant condition is that the Province cannot indirectly (i.e., through OPG) or directly (i.e., to the SPV) finance more than 44% of the structure, either through equity or debt.
- Preferred shares with cumulative dividends if not paid and over a 10 year term would likely get a 50% equity and 50% debt treatment from DBRS, which would lessen the pressure on the capital structure if Province finances OPG directly.
- There could also be a mix of debt and equity financing from the Province over time to OPG.

Overall, a discussion with the credit rating agencies and OPG auditors would probably help clarify options if this is feasible.

Kind regards,

Adam Prokop

John and Gavin

I want to make it clear that the marked up draft which came back from MoE significantly changed the role of the OFA from what I understand the OFA has agreed to do. That is why I did not comment on that draft. The clean draft of v6 sets out what I understand to be the service which the OFA has agreed to provide.

Hi Ken,

Hope all is going well! Just want to refresh the OFA MOU with Energy on the Fair Hydro Plan. Attached is the latest draft we have, are you aware of any updates that we should make to the MOU?

Energy is likely to reach out to us again on this MOU.

Thanks,
Gavin He

Subject: Revising OFA MOU with Energy to include Fair Hydro Programs
Importance: High

Hi Gavin,

I hope you are the correct contact for this as we worked through the OREC MOU together. If not can you please direct me to the correct contact?

The Ministry is aiming to revise its Memorandum of Understanding with the OFA to include provisions to give the OFA authority to make payments for the new Fair Hydro Plan programs. We will provide the cost centre information and payment information. The payments will work similar to how they currently work for the Ontario Rebate for Electricity Consumers. The document is based on the OREC MOU and has been updated to include provisions for the Fair Hydro Plan.

We are on a bit of a time crunch as we would like to have this in place before payments need to be made (mid-August). **Can you please review the attached MOU and provide any comments/requested changes by Monday, July 24 EOD?**

Please let me know if you have any questions.

Thanks,

John and Gavin

There are some changes in terminology in the MoE draft which could could be incorporated into the OFA draft if you wish if the direction of the OFA draft is confirmed.

> **Subject:** RE: SLA draft

Hi Ken

Just checking to see if you had a chance to review the attached. (Copying Lisa as I at first sent this follow-up to her in error).

My understanding is that the key issue that had been discussed with Energy (through Investment Government Branch) was whether formal authorization would be required each month from the Minister of Energy for subscription payments. OFA preferred this approach, but Energy preferred an annual approval. I understand also that responsibility for due diligence was a key factor. In the attached Energy has edited to clarify that it would conduct the necessary due diligence (see 9. Below). The MOU also notes that OPG would notify both Energy and OFA of monthly subscription amounts, and that Energy would notify OPFA within 3 days if there were any issues with subscription payment to be made.

> 9. Upon receipt of the Share Subscription, ENERGY will conduct the necessary due diligence to ensure that the documentation supports the Subscription Payment and that the Appropriated Amount is sufficient.

Hi,

What is the definition of or what does it mean under the FAA to be "eligible for" or "entitled to" a payment? Does it encompass that Energy, through its PRT, has received TB approval for an appropriation to make the payment? Should it? Should I assume that it does not require Estimates to have been approved by the Legislature or its committees, given how late that process can be into a fiscal year?

Does it include that OPG is not otherwise in default under the Master Subscription Agreement? Should it? Any other consideration/conditions considered and not recommended?

Thanks,
Ron

From: Gavin He

Subject: FW: Service agreement on Fair Hydro

Hi Ron,

At the end of last month, Energy reached out to EFB to touch base on the MOU between MOE and OFA for the service agreement on FHP. In the previous draft version of the MOU, it was mentioned that OFA would get confirmation of the equity injection amount from MOE via the Subscription Form and the Certificate Form under section 11.4 of the FAA. So Energy has reached out to see if we have an example of the Certificate that we can share with them. Ken Russell said that OFA does not have a precedent section 11.4 certificate, so he drafted the attached certificate to be shared with Energy.

In the previous draft of the Master Subscription Agreement, it seems the templates of those two forms will be included, Energy has invited us to a meeting today to discuss questions with OPG re Master Subscription Agreement. Ken Russell, John, and myself are attending the meeting today.

Are you okay with us sharing the attached draft Certificate Form with Energy at a staff level? Also, I have attached the previous draft of the MOU provided by OFA Legal for your reference.

Thanks,

Hi John,

Hope things are well.

My team is now responsible for OPG - Scott's group is no longer working on it. Can you send me the latest draft of the Service Agreement please.

Thanks,
Shruti

Subject: RE: Service agreement on Fair Hydro

I believe the FAA defines eligible activities and under s15(2) 6, it mentions “entitled to reimbursement under a statutory appropriation administered by that ministry”. I am not sure if it fully addresses this scenario but will check with Ken R.

FTD was consulted in arriving at the MOU but a couple of months ago, if not more.

Subject: Re: Service agreement on Fair Hydro

Hi,

What is the definition of or what does it mean under the FAA to be "eligible for" or "entitled

to" a payment? Does it encompass that Energy, through its PRT, has received TB approval for an appropriation to make the payment? Should it? Should I assume that it does not require Estimates to have been approved by the Legislature or its committees, given how late that process can be into a fiscal year?

Does it include that OPG is not otherwise in default under the Master Subscription Agreement? Should it? Any other consideration/conditions considered and not recommended?

Thanks,
Ron

Subject: FW: Service agreement on Fair Hydro

Hi Ron,

At the end of last month, Energy reached out to EFB to touch base on the MOU between MOE and OFA for the service agreement on FHP. In the previous draft version of the MOU, it was mentioned that OFA would get confirmation of the equity injection amount from MOE via the Subscription Form and the Certificate Form under section 11.4 of the FAA. So Energy has reached out to see if we have an example of the Certificate that we can share with them. Ken Russell said that OFA does not have a precedent section 11.4 certificate, so he drafted the attached certificate to be shared with Energy.

In the previous draft of the Master Subscription Agreement, it seems the templates of those two forms will be included, Energy has invited us to a meeting today to discuss questions with OPG re Master Subscription Agreement. Ken Russell, John, and myself are attending the meeting today.

Are you okay with us sharing the attached draft Certificate Form with Energy at a staff level? Also, I have attached the previous draft of the MOU provided by OFA Legal for your reference.

Thanks,
Gavin He

Hi Ken, Mike,

Let me know if this works.

I'm on the fence about the last bullet I added.

Thanks,

John

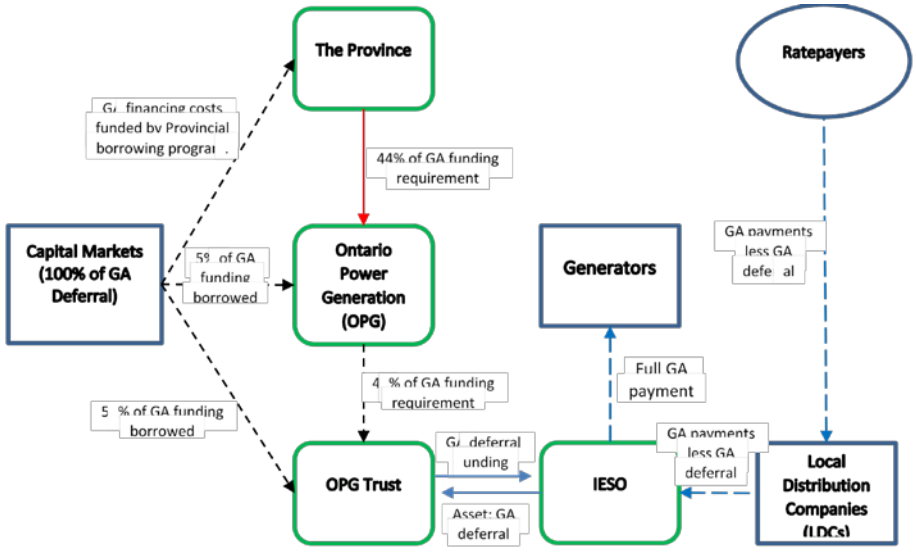
GA FINANCING – TD'S ADVICE SOUGHT ON CAPITAL CONTRIBUTION MECHANISM

The Capital Markets Division of the Ontario Financing Authority require TD advisors' recommendations and detailed descriptions of options vis-à-vis the proposal to provide capital ~~equity injection~~ to the Global Adjustment (GA) deferral proposal as part of the larger Ontario's Fair Hydro Plan, as announced on March 2, 2017.

Context

The Ministry of Energy, Ministry of Finance and the Ontario Financing Authority (OFA) are coordinating with OPG to implement a Global Adjustment (GA) smoothing mechanism.

Under the current proposal, OPG would develop a Special Purpose Vehicle (SPV) referred to as "OPG Trust" which will use 100% debt financing to purchase regulatory assets from the IESO. These regulatory assets represent the portion of RPP GA expenses recovery deferred to future years. IESO would use the cash from the OPG Trust to make up the shortfall in GA recoveries from ratepayers versus the cost of full payment to~~in order to fully compensate~~ generators.



OPG Trust would finance 51% of its funding requirements through the capital markets as senior debt with the remaining 49% being provided by OPG as subordinated debt. The 49% subordinated debt from OPG will be financed through debt OPG issues in its own corporate capacity, from the capital markets (5%) and through equity injections from the Province (44%). The Province will finance its capital

contributions ~~equity injection~~ through its annual borrowing program - from issuing debt into the capital markets.

Options for Equity Injection from TD Securities

The advice sought from TD could be summarized as follows:

When developing options for structuring the capital contributions ~~equity injection~~ from the Province to OPG for the~~amounting to~~ 44% of the ~~debt incurred~~financing requirement ~~-~~by the OPG Trust ~~set up~~ to purchase the regulatory asset from IESO, a number of ~~the following~~ underlying principles need to be addressed.

- While the Province is a sole shareholder of OPG, advice is sought to address potentially higher degrees of complexity of shareholder structure.
    - For example, options should include options for mechanism to create a level of certainty for recovering the capital ~~money~~ provided to OPG ~~no matter if~~whether this is done as common equity or through other mechanisms, including the potential use~~d~~ of preferred shares.~~as 'equity injection' for the purpose of the GA deferral proposal.~~
- Under the current state of discussion, t~~T~~he capital contribution ~~equity injection~~ would~~ill~~ be provided on a monthly/quarterly basis to OPG by the Province.
- The capital contribution ~~equity injection~~ results in the Province, the sole shareholder of OPG receiving common shares, or another type of security, from OPG whose valuation is based on a determined and agreed upon methodology. The Province will require an internal discussion before proceeding with a dialogue with OPG on the details.
- This methodology can be as simple as book value or can be based on some ~~kind~~ form of a discounted cash flow (DCF) mechanism but TD's expertise in structuring deals is sought in this request [keeping in mind the first bullet above].
- Given the time limited nature of the capital contribution ~~equity injection~~ the Province would anticipate~~s~~ repayment at a future date.
- The potential for repayment can be implemented as follows:
    - The Province as the sole shareholder~~, as well as having vested legislative authority~~, can require OPG to issue dividends annually.
- The shares issues by OPG can include some ~~kind~~ form of optionality to be exercised by the Province as and when repayment is ~~required~~due under the GA deferral plan. The nature of the repayment should be flexible enough to request payment at a much earlier date than anticipated, ~~given the potentiality of a new government's different policies subsequent to future elections~~with any number of possible causes, e.g. changes in government policy.

Commented [1]:
I suggest we delete this and have TD opine on options.

- ~~OPG c~~Could~~an~~ the structure involve issuing~~e preference~~ preferred shares ~~again~~ with some ~~kind~~ form of optionality for repayment. Preferredence shares, especially those with a specified annual dividend schedule could potentially~~will~~ ensure that the Province remain~~s~~ whole in terms of the incremental interest costs it would incur~~s~~ on the ~~equity injection~~capital contribution.

- Other factors to be considered for repayment:
  - Should the senior and subordinated debt be ranked as the same and if so does this impact market access
  - Should the senior debt be repaid first or should repayment be on a pari-passu basis
  - OPG may have concerns about their own credit rating if the number of shares issued to the Province substantially dilutes key ratios.
  - Eventually, the Province would need to have a discussion with OPG on the path forward.

Commented [2]:
Not sure if this is needed here.

Summarizing Issues to Work Around [Pls. Add More CMD and FTD]

- The Province will need to consider various levels of options for certainty in being able to recover its capital ~~getting the money back,~~ as stipulated in the GA deferral plan.
- The Province needs to be kept whole with respect to any financial cost that may arise from making and carrying forward the capital contributions.
- For regulatory purposes, there may be an interest in insuring that the capital contributions ~~equity injection is~~are considered a true equity in OPG's capital structure [TBD but still require consideration].
- The plan require that OPG operates on a commercial basis for the SPV with its Board needing to make independent decisions[, thus the need to have a discussion].
- In order to ensure continued treatment of OPG as a government business enterprise (GBE), the Province would want to avoid the appearance of providing zero or low interest loan.

Subject:	comments on sub debt
Date:	Monday, July 31, 2017 3:34:36 PM

Ken
Here are some comments that you can add:

Currently, OPG plans to use proxy short term funding (banking facilities) rates on the subordinated debt until such time as the FHT issues Senior Debt to take out (term out) the short term funding.

OPG can **simplify** (only set rates once) and **reduce financing risk** (there is no certainty as to the timing or term structure of the senior debt issuance) of the suggested process by terming out the subordinated debt at the time of each monthly equity injection from the Province.

Regards
Carlos

////////////// this is the original wording

- Interest rates on the subordinated debt will be established as follows:
    - During the Trust short term financing period when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt
    - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. The process will be similar to the one established for pricing of OPG debt drawn from OEFC facilities.

Fair Hydro Plan – Subordinated Debt Loan Arrangement
Term Sheet

- Parties: OPG, Fair Hydro Trust, OFA

- In accordance with the Master Subscription Agreement among OPG, OFA and Ministry of Energy, the Province agrees to inject 44% of total funding of GA asset by way of equity subscriptions in OPG, and OPG agrees to use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt (Equity Injection Plan) requirements as part of the Fair Hydro Plan

- OPG will lend the equity injection from the Province to Fair Hydro Trust by way of subordinated debt (one or more mezzanine level)

- Initial credit rating will be assigned to the subordinated debt of Fair Hydro Trust

- Based on monthly funding requirement of GA asset, the Trust will use short term financing, such as bank facilities, and take out bonds once accumulative short term funding reaches certain levels.

- The mechanism to implement Equity Injection Plan will be based on monthly equity injections reflecting funding requirements of GA asset

- Interest rates on the subordinated debt will be established as follows:

    - During the Trust short term financing period when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt

    - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. The process will be similar to the one established for pricing of OPG debt drawn from OEFC facilities.

FINANCING TRUST – PERFORMANCE FEE TO OPG

BACKGROUND

Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest. A performance fee relating to the funding obligations will be meaningful and allow OPG to make decisions that will significantly impact its return. The Act as drafted enables OPG to achieve its accounting objective of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.. The objective therefore is to recommend a reasonable variable performance fee structure for OPG to earn a return from the Trust, and meet the accounting requirement.

ANALYSIS OF ACCOUNTING REQUIREMENT

To support the accounting consolidation, OPG's variable performance return will be accomplished through the followings:

a. The cash flow from the investment asset shall include interest determined based on a relevant benchmark that is appropriate relative to the investment asset, plus an appropriate margin consistent with the relevant market and other risks
b. OPG shall have the authority to determine the financing strategy, which will vary the financing costs with the objective of enabling the Trust to achieve a more favorable return compared to the benchmark for interest on the investment asset
c. The Trust shall establish different classes of debt (senior, subordinated and the most subordinated). The classes would allow the Trust to delineate financing of lower risk investment and investment that would bear higher residual risk. The delineation would limit OPG's self-funded investment to a reasonable level in order to allow OPG to remain a self-sustaining entity.
d. OPG shall, through its ownership of the most subordinated liability, be able to capture and retain the pricing difference between cost of financing and benchmark for interest on the investment asset, or any residual risk of investment asset. The targeted return of the subordinated debt should be reflective of the underlying risks and compensate holders for active management that would be required.

PERFORMANCE FEE ANALYSIS

Based on the accounting requirements, the recommendation is for OPG to establish a variable performance fee structure as follows:

As the Trust may issue both long term bonds and medium term notes, benchmarks based on various terms, will be established on an annual basis, subject to the following methodology:

- Benchmarks will be established as the sum of (1) reference rate, and (2) spread
    - Both reference rate and spread will be term dependant

- For bond/note issuance, reference rate will be GOC rate of equivalent term
- Reference rate will be based on consensus forecast provided by various financial institutions

- Benchmarks will be established based on the weighted average rate of incremental debt issuance at the Trust level
- If the actual weighted average rate is lower than the corresponding benchmark, OPG will realize a gain, otherwise a loss
- Variable performance fee, i.e. gain/loss, is applicable only to OPG's investment in the Trust (5% of the funding requirement), and is capped at benchmark weighted average rate +/-1%

An example illustrating this structure is detailed in Appendix 1

APPENDIX 1

The illustration is based on the expected Trust debt structure as follows:

	Risk Profile	Source	% of Total Funding Requirement
Tranche A Senior Debt	the least risky	Capital Markets	51%
Tranche B Sub Debt	In between A&C	OPG via OEFC	39%
Tranche C Sub Debt	the most risky	OPG via OEFC	5%
		OPG via Capital Markets	5%

1. Benchmark is to be established at each year end for Trust issuance next year. In this example, assuming the following benchmark is established as of end of Yr 1

		Benchmark
Tranche A	51%	4.25%
Tranche B Sub Debt	39%	5.50%
Tranche C Sub Debt	10%	6.50%
Weighted Average Rate		**5.0%**

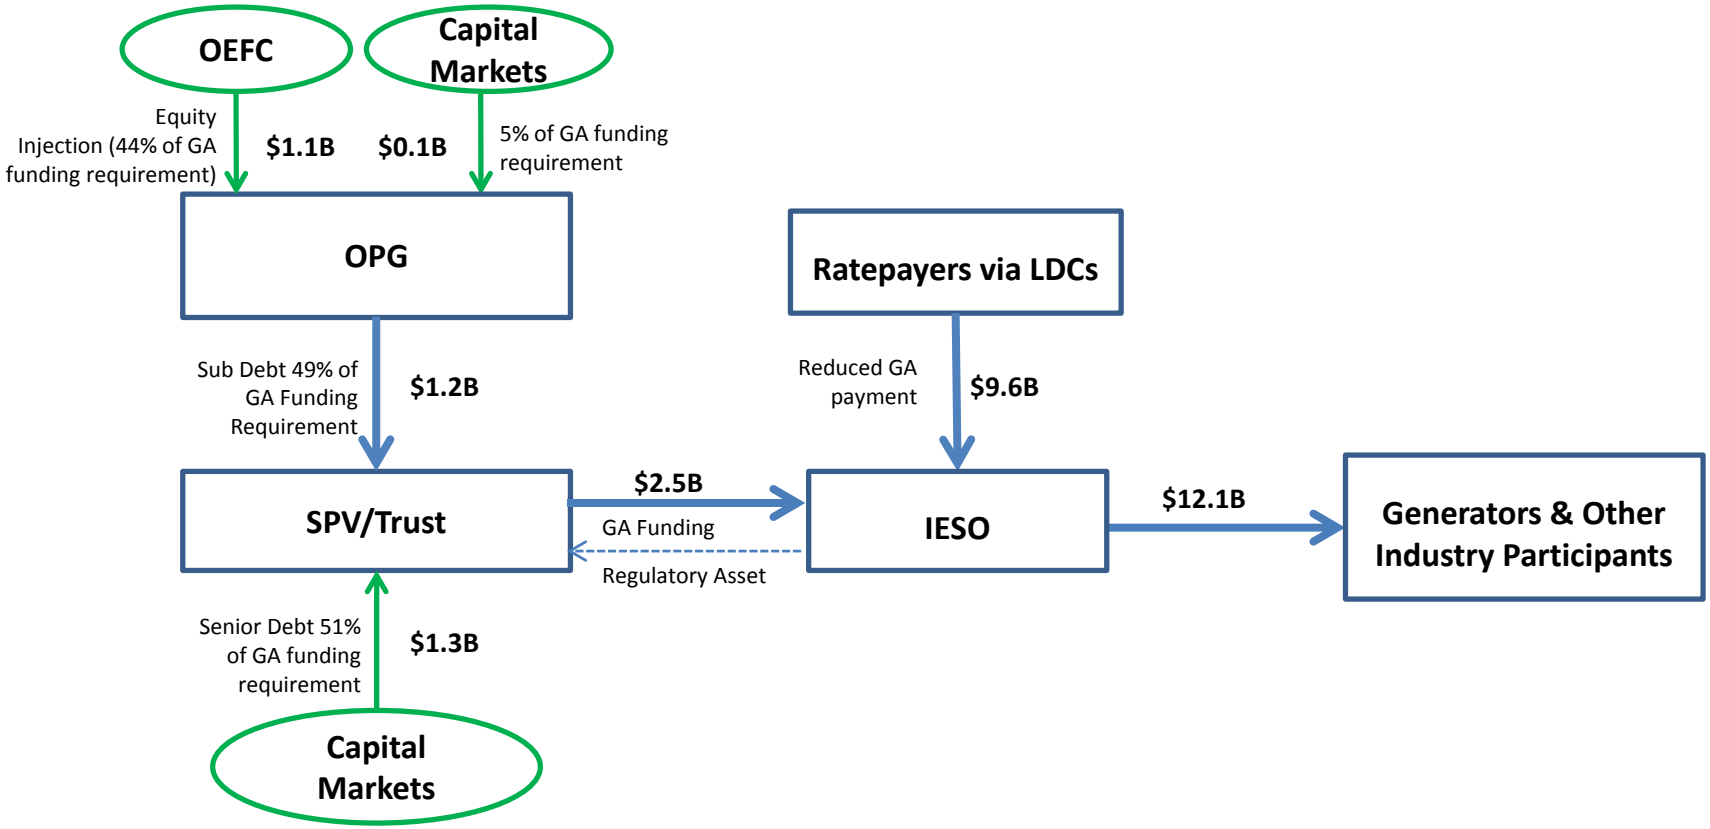
2. By the end of Yr 2, OPG will calculate the actual weighted average rate for all incremental issuance for the year. If the actual weighted average rate is lower than the corresponding benchmark, OPG will realize a gain, otherwise a loss.

	Allocation	Benchmark	Actual
Tranche A	51%	4.25%	5.0%
Tranche B Sub Debt	39%	5.50%	5.60%
Tranche C Sub Debt	10%	6.50%	6.60%
Weighted Average Rate		**5.0%**	5.4%
		Loss	0.4%

3. Variable management fee, i.e. gain/loss, is applicable only to OPG's investment (5% of the Trust funding requirement), and is capped at benchmark weighted average rate +/-1%.

   Based on the example above and assume incremental Trust issuance is $2B, OPG will realize loss of variable performance fee of 0.4M ($2B*5%*0.4%)

Illustration based on $2.5B GA Funding



Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy

- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)

- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)

- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, ie, annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder

- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi year forecasts

- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan

- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option

- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – ie, existing shareholder's equity

- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027

- Redemption value of the Class A Shares to be based on book value on the redemption date, ie, the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

   Timing: [same day as notice from Fair Hydro Trust]

   Documents/steps:

   (i) share subscription form,
   (ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

b) OFA and OPG settle equity injection amounts

Timing: [five] business days from notice to OFA to payment/settlement with OPG [NOTE: timing to be confirmed based on IESO/Trust process requirements]

Documents/steps:
(i) completed/signed share subscription form from OFA/Province to OPG
(ii) funds transfer from OFA to OPG account)
(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register

Longer term Process/Approvals:

1. Equity Requirements Estimates:
    a. Business Plan Submissions
    b. OPG Board Approvals
        - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
        - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

    c. Ministry of Energy appropriations
    [describe annual process]

Share Redemption Process

- TBD -- process to be determined at a later date and appended as Appendix to Master Subscription Agreement
