The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.6 Delay or Omission not Waiver.

No delay or omission of the OFA to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Subject: Transfer of Wire Payments for Ministries from OFA to OSS

Hi Everyone,

In January 2018 the managers of Finance and Treasury Division (FTD) discussed with Ken the increased number of wire payments the OFA makes on behalf of various ministries (please see attached spreadsheet). We concluded that since these payments are not within the OFA Mandate we should approach the Office of the Provincial Controller Division (OPCD) with a recommendation that the wire payments be transferred from the OFA to Ontario Shared Services (OSS) which handles the ministries Electronic Funds Transfers (EFTs) (please see attached email from Ken to Joe Liscio, Director of OPCD).

Today we received notification from OPCD that they have received approval to go ahead with

this project. FTD will be working with OPCD and OSS to effect a smooth transition of these wire payments. The reason I am notifying you of this transition is because once it takes place, OSS will make all wire payments for all ministries. These payments will include MOF loan advances, payments on behalf of Ministry of Energy to IESO and several other payments in which your divisions may be involved. Moreover, MOUs may have to be amended once OSS takes over making these wire payments from the OFA (Sarah Neville, that is why I am copying you on this email).

We do not yet have a timeline for the transition of the wire payments however I will keep you apprised of the progress of the project.

If you have any questions, please don't hesitate to contact me.

Thanks,

Risa Thau

Subject: Wire Payments out of IFIS

Hi Joe

Happy new year, hope all is well.

I mentioned this to Cindy and she suggested that I raise it with you and Gary. As you are aware ministries approach the OFA when payments exceeding $99M have to be made. This limit is imposed by Payments Canada and is a reflection of the capacity of the rather old and creaky system over which EFT payments are made.

These payments run the gamut from social and health services to substantial completion payments for large AFP initiatives and most if not all of them fall outside the OFA's mandate which is limited to payments pertaining to the Province's debt, derivatives and IOD. Given our wire payments capacity, when requested we have always made these payments as opposed to the alternative of ministries splitting them into chunks that are less that the limit, if they intend to use IFIS. Splitting, in the past has led to errors and in any event is not a good accounting or internal control practice.

However, it is also not a good practice for the OFA to continue to make payments that are outside its mandate, especially when these payments are initially debited to an OFA account and subsequently journaled to the appropriate ministry.

Our understanding is that when IFIS was implemented well over a decade technological issues prevented the inclusion of a wire payment option. I suspect that these issues no longer exist, in any event, much appreciated if you can explore the possibility of implementing a wire payment option in IFIS so that all ministry payments are processed and recorded, as they should be, by the system of record of the OPS.

Happy to further discuss.

Thanks

Ken k

Hello Victor,

The Board Resolution in relation to the OFA credit facilities is redacted, as such the reference to "Credit Facilities" therein may not be general. In any event, it is appropriate that the COI refers to the two specific OFA agreements. The only comment is the reference to the 2017 FHP agreement could also state "as may be amended from time to time".

Also, there is no need for a new certificate in relation to the OEFC financings at this time.

Thanks,

Will

Hi Will – I will have to defer to your group on the details relating to differences in documentation for the different financings. We have been using the forms of incumbency certificates OEFC/OFA gave to us for each of the financings (as this is a lender requirement).

The first two items on your list are the OEFC financings which were last renewed on May 1, 2017. These used a slightly different form of Incumbency Certificate than the one that I forwarded re the last two financings (i.e. the OFA financings). The certificate for the OEFC financings addressed the identity and authority of the authorized signatory only as of the date of execution of the May 2017 amending agreements. Separately, we also provided a certified Board resolution authorizing IESO's CFO to draw funds under the OEFC financings.

The form of certificate I forwarded for your review yesterday is the one OFA required in the past in connection with the two OFA financings only.

Hello Victor,

May I provide final comments tomorrow? Lisa Stein is away until tomorrow. However, if this matter is urgent, I can call upon another contact.

In the interim, to my knowledge IESO has four agreements with OFA. The Incumbency Certificate only mentions two agreements. Unless of course you intended to provide signing authority to these two specific agreements only.

Hi Will. In Olga's absence this week, I wanted to get the ball rolling on updating IESO's Incumbency Certificate re the OFA financings.

At the August meeting of our Board, Barb Anderson's position as VP and CFO was changed so that it is no longer "Interim". The change was made retroactive to July 9.

I have prepared a draft updated certificate based on the current certificate (see attached) and just wanted to confirm its form is acceptable to OFA prior to arranging for it to be executed.

Thanks,
Victor

Hello Victor,

The Board Resolution in relation to the OFA credit facilities is redacted, as such the reference to "Credit Facilities" therein may not be general. In any event, it is appropriate that the COI refers to the two specific OFA agreements. The only comment is the reference to the 2017 FHP agreement could also state "as may be amended from time to time".

Also, there is no need for a new certificate in relation to the OEFC financings at this time.

Thanks,

Will

Hi Will – I will have to defer to your group on the details relating to differences in documentation for the different financings. We have been using the forms of incumbency certificates OEFC/OFA gave to us for each of the financings (as this is a lender requirement).

The first two items on your list are the OEFC financings which were last renewed on May 1, 2017. These used a slightly different form of Incumbency Certificate than the one that I forwarded re the last two financings (i.e. the OFA financings). The certificate for the OEFC financings addressed the identity and authority of the authorized signatory only as of the date of execution of the May 2017 amending agreements. Separately, we also provided a certified Board resolution authorizing IESO's CFO to draw funds under the OEFC financings.

The form of certificate I forwarded for your review yesterday is the one OFA required in the past in connection with the two OFA financings only.

Hi Will. In Olga's absence this week, I wanted to get the ball rolling on updating IESO's Incumbency Certificate re the OFA financings.

At the August meeting of our Board, Barb Anderson's position as VP and CFO was changed so that it is no longer "Interim". The change was made retroactive to July 9.

I have prepared a draft updated certificate based on the current certificate (see attached) and just wanted to confirm its form is acceptable to OFA prior to arranging for it to be executed.

My comments are below. Victor indicated that his draft COI is consistent in format to the COI provided on November 6, 2017 and reviewed by us.
Attached is the draft Incumbency Certificate provided by Victor. I have included a copy of the Board Resolution from June 14, 2017 (that authorizes the CFO) and COI from November 6, 2017 of the same format as the draft.

Thanks Will. I can confirm that the term "Credit Facilities" in the resolution refers to all of the credit facilities referenced in the resolution, including both OFA facilities.

Regarding the suggested adder ("as may be amended from time to time"), I would propose to leave the language as is. Firstly, for the sake of consistency. The reference in the Certificate to the 2005 agreement "as amended" is a reference to the fact that the 2005 agreement had already been amended numerous times – and was being amended one more time – at the time the Certificate was executed. On the other hand, the FHP loan had not been amended as of execution (this being the original loan), and it has yet to be amended as of today.

Second, if the FHP facility is amended in the future, this would likely be accompanied by a new Certificate in any case, at which time the wording can be amended to reflect the then applicable circumstances.

So for the above reasons, I propose to leave the language unchanged. Hopefully this makes sense.

Thanks,
Victor

Hello all,

IESO has asked OFA for a one-time exception to waive the minimum period for advances of 5 days (FHP Credit Facility Agreement). IESO has asked for an advance period of 1 day, so it may use money expected from OPG to repay its advance on the same day it matures.

IESO's current outstanding advance of $322M, matures on March 21, 2018. IESO will require an additional advance of $208M (to pay power generators) for a total of $530M, but will only require this for 1 day because IESO expects to receive funds from OPG to repay its advances on March 22. Rather than incurring additional interest costs of borrowing until March 26, 2018 (5 day minimum),

IESO would prefer to match the maturity of its advances and expected cash inflow from OPG.

Please let me know if your respective areas have any concerns or issues from an operational standpoint.

AND WHEREAS pursuant to Section 7.3 of the Credit Agreement, the Credit Agreement may only be amended or otherwise modified by written agreement executed by the Parties.

THEREFORE, in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and subject to the terms and conditions hereafter set out, the Parties agree that:

1. The definition of “Advances” in Section 1.1 of the Credit Agreement is deleted and replaced by the following:

2. The definition of “Commitment” in Section 1.1 of the Credit Agreement is amended by deleting “$975,000,000” and substituting “$475,000,000” therefor.

3. The following definitions are added to Section 1.1 of the Agreement

   “**Continued Advance”** has the meaning specified in Section 3.3(1).

   “**Current Repayment Date**” has the meaning specified in Section 3.3(2).

   “**New Repayment Date**” has the meaning specified in Section 3.3(2).

4. Section 2.3 “Use of Proceeds” of the Credit Agreement is deleted in its entirety and replaced by the following:

   “The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, provided that Advances may be used only for liquidity purposes.”

5. Section 3.2 “Procedures for Advances” of the Credit Agreement is deleted in its entirety and replaced by the following:

   “(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days’ prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall be no earlier than 28 days and not later than 95 days after the date of the requested Advance. The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of

manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement."

6. Section 3.3 "Elections Regarding Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

   "(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 28 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

   (2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 28 days and not later than 95 days after the Current Repayment Date (the "**New Repayment Date"**).    (3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

   (4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

   (5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date."

7. Schedule 1 of the Credit Agreement, Form of Borrowing Notice, is deleted in its entirety and replaced by the Form of Borrowing Notice attached hereto as Schedule 1.

8. Schedule 2 of the Credit Agreement, Form of Election Notice, is deleted in its entirety and replaced by the Form of Election Notice attached hereto as Schedule 2.

DRAFT

As that new 2017 OIC is specific to the FHP, I'm not sure that it needs to be referenced in the annual lending directive, which references specific loans to public bodies (and does not include the FHP loan), or in the OLG directive. Does anyone else have thoughts on this? The current paragraph of the annual lending directive pertaining to OICs provides as follows:

Pursuant to Orders in Council 675/97, 767/99, 1883/2006, 2144/2007, 300/2010, 163/2012, 1051/2012 and 354/2014, all as amended, made under subsection 22(1) of the *Capital Investment Plan Act, 1993,* the Minister of Finance is authorized to make loans to the OFA and to determine the amount of the spread to be retained by the OFA where those funds are subsequently loaned to public bodies. It is hereby determined that for each Loan made under the authority of this Directive, the amount of the spread retained by the OFA is equal to the sum of the Cost Recovery Fee and the Commercial Spread, if any, for the Loan as set out above.

Thanks,

Lisa

354/2014 was the last OIC, however, with this last Tuesday's LRC, a new $2B OIC for the OFA-IESO FHP Credit Facility was to have been approved. I am copying Salman, as he is managing that process and he would be able to provide the update on the OIC's approval status (and the relevant # to identify the OIC).

Hi all,

As that new 2017 OIC was intended to be specific to the FHP but not specifically reference it, I'm not sure that it needs to be referenced in the annual lending directive, which references specific loans to public bodies (and does not include the FHP loan), or in the OLG directive. Does anyone else have thoughts on this? Is there a possibility that the funds referenced in the 2017 OIC may in future be drawn down for one of these other loans?

The current paragraph of the annual lending directive pertaining to OICs provides as follows:

Pursuant to Orders in Council 675/97, 767/99, 1883/2006, 2144/2007, 300/2010, 163/2012, 1051/2012 and 354/2014, all as amended, made under subsection 22(1) of the *Capital Investment Plan Act, 1993,* the Minister of Finance is authorized to make loans to the OFA and to determine the amount of the spread to be retained by the OFA where those funds are subsequently loaned to public bodies. It is hereby determined that for each Loan made under the authority of this Directive, the amount of the spread retained by the OFA is equal to the sum of the Cost Recovery Fee and the Commercial Spread, if any, for the Loan as set out above.

I asked Caroline and she advised me to ask you two if it would be helpful as you may have files dealing with the Fair Hydro Act

Please let me know if this would be helpful for legal,

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.
Regards,
Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Regards,
Victor

Subject: Touch Base

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 2.9 Application of Payments.

All payments made by the IESO under this Agreement shall be applied firstly to the payment of interest payable to the OFA on late payments of principal or interest hereunder, secondly, to the payment of accrued and unpaid interest payable to the OFA hereunder and thirdly, to the payment of the outstanding principal amount of any Advances payable to the OFA.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

ADVANCES

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

June 14, 2017

In Respect of the establishment of a new credit facility and revision of existing credit facilities in relation to the Fair Hydro Plan

---

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

AND WHEREAS, due to the structure of the Fair Hydro Plan, once the New Facility is established, the Corporation's existing credit facility with the Ontario Financing Authority in the amount of $975 million (the "**OFA Facility**") will include unnecessary and duplicative credit liquidity such that the OFA Facility may be reduced to an amount yet to be determined between $400 million and $500 million;

AND WHEREAS …**[Recital redacted]…**

NOW THEREFORE BE IT RESOLVED THAT:

1. The Board of Directors hereby authorizes and approves the establishment of the New Facility and the amendment of the OFA Facility …**[Redacted]**… on such terms and conditions as are generally outlined in the Memorandum (collectively, all facilities being the "**Credit Facilities**").

2. The Chief Financial Officer or her delegate is hereby authorized for and on behalf of the Corporation to:

(c) do any and all such further acts as may be determined to be necessary or desirable to give effect to the foregoing transactions including, for further certainty, amending any other agreements as may be required as a consequence of such transactions. "

Subject:	Finalization of OFA-IESO Credit Agreements
Date:	Tuesday, October 24, 2017 4:20:17 PM

Hi John. We have had internal discussions following your and my conversation yesterday afternoon regarding the finalization of the two OFA/IESO credit agreements (Amending Agreement #10 to the existing credit agreement; and the new $2 billion credit agreement for implementing the Fair Hydro Plan).

As discussed, we need urgently to finalize these credit agreements in order to avoid a funding shortfall for IESO in November relating to implementing the FHP. There will not be sufficient room under the existing OFA credit agreement – with its commitment of $975 million – to fund the amounts required by IESO in this regard.

Given this urgent funding need, we propose that OFA and IESO finalize the current drafts of the credit agreements and have them executed by both parties no later than Wednesday, November 1 in order to ensure that funds will be available for drawing by IESO in November.

We recognize that the on-going discussions with the OPG Trust about a possible grant of security over IESO's assets in connection with implementing the Fair Hydro Plan may result in the need for further amendments to the OFA-IESO credit agreements. However, we propose to amend the agreements as needed once we actually know what, if anything, is required in this regard.

We would appreciate it is OFA could let us know if it agrees with the above approach by Thursday this week in order that we may each proceed to take the steps required to finalize and execute the agreements, and maintain the timely funding of IESO's needs.

Regards,
Victor

Hello Anthony and Victor,

The Election for to roll-over a portion or all of the interest triggered a number of changes which includes updates to definitions, Section 3.2, 3.3, Schedules 1, 2 and 3.

Section 3.3(4) was added from the FHP Agreement, which addresses calculation of interest on a Continued Advance

The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

Reason for the scope of changes that have been added (this draft updates all of the Schedules to the Agreement and also aligns the language in the related sections of the Agreement).

Please review and comment.

Thanks,

Will

Hi,

Just for clarity. Below is an example of the OFA's regular email and grid notes (see attached) that the IESO receives each month directly from the OFA.
You will note that the grid notes shows one row and its respective aggregated amount for each month's advance (previous + new).

It was noted on yesterday's call that each respective advance has its own row and # of days updated in the grid note – in practice the IESO does not see this.
I assume there is an internal OFA grid document which provides each advance as segregate rows.

Victor and I are reviewing today's draft.

Regards.

Will,
I have requested our legal group to address your request and prepare an updated cert….it is pending.
I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.
As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

Hello Anthony,

As per our earlier conversation, we would require updated signing authority documents.

Please provide the following:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory.
2. Updated Incumbency Certificate.

Attached is an example of the documents.

Thanks,

Will

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

Regards.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the

IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any

amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Toby,

If you have time this afternoon, I would appreciate your view on the proposed amendment below to a credit agreement between OEFC and the IESO in relation to the FHP. The purpose is to bring these provisions in line with the OFA IESO FHP credit facility agreement, which we have previously discussed.

Thank you,

Lisa

Hi Ryan,

I have no concerns with this deletion either. However, as noted earlier, I suggest running it by Toby as well as we worked together on the negative pledge language.

I believe there was also a deletion to the other agreement. Was it the same paragraph ? I think that numbering was different.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

The OFA lending policy on intercepts also involves the oversight ministry of an agency:

> …prior to any loan agreement entered into between the OFA and a public body, such public body and its responsible ministry are to agree that the Minister of Finance is entitled to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts that the public body fails to pay to the OFA on account of indebtedness under its loan agreement with the OFA. In addition, the public body is to agree that any notice from the OFA to the Minister of Finance in relation to its failure to pay under its loan agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

In that context of going forward and including an intercept provision in the credit facility, Energy would need to provide such agreement (this is from last month`s discussions by staff with OFA Legal). Note that we have not discussed this with Energy at this point. There may be some challenges to expeditiously have Energy provide written agreement in this regard, noting that IESO will be wanting the facility in place soon.

As an aside, we had asked TBS staff in August to confirm our understanding that at this point there are no such moneys appropriated by the Legislature for payment to the IESO, but we'd want to confirm that more formally under this option of proceeding.

Perhaps an option could be that Energy might simply confirm that there are no such amounts appropriated (currently, though the question of the future could arise), or come to an internal agreement that since there are no amounts to intercept, that Energy does not need to agree to an intercept -- and see if folks are comfortable moving forward on that basis – to include an intercept provision now, which would have no practical effect, and move forward in the near term with a general amendment to the OFA lending policy that would provide for no intercept clause in the case of loans / credit facilities to public bodies that have no appropriated amounts to intercept.

Hi Ken, Ron,

I spoke to Gadi and it sounds like the Deputy's preference would be to add the

intercept provision to the agreement with IESO (explaining to them that it is required under our Lending Policy, but would not actually apply in this case) and therefore not have to seek an exemption from the Minister nor have to involve the Board in a change to our Lending Policy.

Would IESO be amenable to this?

Gadi – in a separate email chain, Ken provided his concurrence: that not obtaining the Minister's exemption should have no impact on IESO's accounting; however it would be inconsistent with a requirement in the OFA's Lending Policy.

Ron/Ken, could you circle back with Legal and make the suggestion of an amendment to the OFA Lending Policy?

Thanks, Anna

Hi Anna,

The intercept issue is not an IESO accounting issue, but an OFA lending policy interpretation issue.

As such, I would think of the first step is more an internal to the OFA one, on getting approval/direction to move forward to provide a facility to the IESO without the "security" of an intercept clause envisaged in a plain reading of the OFA lending policy. I think if the Chair and CEO are fine with seeing the OFA

lending policy as at most a wording issue and not a non-compliance issue -- i.e., that in effect an intercept is only required when there is an amount to intercept -- then we can move forward on providing a credit facility without an intercept on that basis.

We'd need to respond that way to Legal, as it has been Legal's advice on the issue of compliance with the policy that has led to the exemption request and not have to check a non-compliance box in the quarterly compliance checklist.

If we move forward on that basis, the next time the lending policy is amended, the wording could then be clarified that an intercept is required only where applicable. The Board may ask about the "security" issue too, at that time.

If IESO has the credit facility, then it can finance the GA deferrals until OPG's financing entity purchases the regulatory asset, which I would think is the key accounting issue for the IESO. Whether it needs the larger facility right now is more of a timing issue. This monthly settlement, they are likely to take their total draw so far to over $600 million of the existing $975 facility, so could draw for another month or so before running out of room.

from the OFA's public bodies lending policy requiring an intercept provision for the IESO facility, since there is no transfer amount to intercept in this case.

You may recall that OFA Legal had identified this issue in the summer, after the Minister's directive was provided on the IESO facility. It was identified as Legal was drawing up the credit facility documents, and they raised the issue on compliance with the lending policy, and in the context of attestations and scrutiny on compliance issues.

While it was raised at the time that an intercept provision would be moot in this case, we moved forward to seek a Minister's exemption from that part of the lending policy, as provided for under the policy.

Just as a reminder, attached are the related materials.

Happy to discuss.

Hi John,

We've received no internal direction on the nature of changes IESO is looking for in relation to existing OEFC credit facility with the IESO and the FHP. I surmise it may have to do with adjusting the agreement to allow FHP permitted liens (which we would need internal approval to do) or similar changes, but do you know if IESO communicated requirements to Gadi or Ron?

According to Anthony he wish arrange the facilities as follows:

$475

$15+5

FHP
RPP (Regulated Price Plan Variance)
$825+$225

The additional balances (+) are for the new advances. He does not know the names of the subcategories yet or the amount allocations/limit to dedicate to the subcategories. He will provide us with these details in the form of a Borrowing Notice at the time for advancements.

Let me know if you require more details.

DIRECTIVE

MINISTER OF FINANCE

INDEPENDENT ELECTRICITY SYSTEM OPERATOR CREDIT FACILITY

To: Ontario Financing Authority ("OFA")

Whereas:

Under the *Capital Investment Plan Act, 1993* ("CIPA"), the OFA provides financing to public bodies as directed by the Minister of Finance.

The Independent Electricity System Operator ("IESO"), a public body for the purposes of CIPA, has requested funding from the OFA to support the IESO's role in the implementation and administration of the *Ontario Fair Hydro Plan Act, 2017* (the "OFHP").

In order to fulfil the Province's commitments under the OFHP, it is desirable for the Minister of Finance to provide direction to the OFA to provide a revolving credit facility for the purposes of providing short to medium term financing related to the OFHP.

Therefore:

Pursuant to sub-section 16(2) of CIPA, the OFA is directed to lend to the IESO under a revolving credit facility (the "Line of Credit") for the purpose of short to medium term financing related to the IESO's implementation of the OFHP, an aggregate principal amount of up to CAD $2 billion.

The Line of Credit shall be subject to the following terms:

- The Line of Credit shall be evidenced by an agreement between the IESO and the OFA containing terms and conditions consistent with this Directive (the "Credit Agreement").

- Interest on the Line of Credit shall be payable at a rate equal to the Province's cost of funds based on the terms of the Credit Agreement, and as determined by the Chief Executive Officer of the OFA or the Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA, or a person designated by either of them, plus a twenty-five (25) basis point spread.

../2

- All amounts outstanding under the Line of Credit shall be repaid in full on or before the date no later than September 30, 2022.

- The Line of Credit shall be subject to such other terms as the OFA deems appropriate from time to time.

Hello Victor,

Lisa is in a meeting until 3 p.m.., so I am forwarding our comments on the FHP agreement on her

behalf.

We have made a minor change to section 3.2(3) - specifically, we deleted the language "and shall also be noted in the grid of the Grid Note" following "The amount of the Repayment Amount shall be detailed in the Borrowing Notice." This is because the Repayment Amount ($825M) is not the first entry on the FHP Grid; the first entry will be for the entire advance of approximately $1B ($825M + new funds). Anthony and Will just had a call to discuss the particulars of what the various grid notes under the existing facility and new facility will be on November 21st (including partial repayment of the outstanding $840M loan) and Anthony will be circulating an e-mail summarizing that conversation. The Effective Date of the amending agreement to reduce the existing facility will also be November 21st, not November 22nd.

In terms of the intercept letter, we cannot amend the opening paragraph as the OFA Lending Policy requirement is that this agreement must be in place "prior to entering into a loan agreement….". It looks, in practice, that the intercept letter will be executed prior to these two facility agreements, so we surmise this would not be an issue.

We received your most recent draft of the amending agreement. Lisa will be able to review once she is out of her meeting, after 3 p.m.

Thanks,
Sarah

Hello All,

Lisa and I discussed a concern expressed by IESO's counsel yesterday regarding the reference of "costs related to the market renewals" program in the second recital of the attached amending agreement.

> ***AND WHEREAS*** *IESO and OEFC wish to amend the Agreement to increase the revolving line of credit from a principal amount of CDN $95 million to a principal amount of up to CDN $160 million to provide funding for IESO Corporate Requirements (as defined herein)* **and costs related to the market renewals program**;

The wording of the Directive states,

> It is now desirable to increase the Line of Credit to a principal amount of up to C$160 million to provide temporary funding for IESO corporate requirements and costs related to the market renewals program, and to extend the mandatory repayment date

IESO in the draft amending agreement defines "IESO Corporate Requirements" to mean any borrowing authorized by O. Reg. 280/14. IESO's counsel has stated that the market renewals program requirements would be authorized under O. Reg 280/14.

We would propose changing the second recital to incorporate 'market renewal program' under IESO Corporate Requirements, such that the second recital would read:

> ***AND WHEREAS*** *IESO and OEFC wish to amend the Agreement to increase the revolving line of credit from a principal amount of CDN $95 million to a principal amount of up to CDN $160 million to provide funding for IESO Corporate Requirements (as defined herein)* ~~and costs related to the market renewals program~~;

SALMAN: Is there any reason this **cannot** be done? i.e. was there a specific reason for singling out "costs related to the market renewals program" in the Directive? As a note, IESO's counsel asked to see the Directive. I am unsure whether in drafting the directive, if they ever would have gotten a copy, or if they typically would?

Lisa has schedule a meeting a 1 p.m. to discuss this. Lisa, since this seems to be the only outstanding issue (we are fine with the suggestions discussed on the other draft), that it may only be necessary for you and Salman to let us know if the proposed solution above is acceptable. We are available to discuss if I have not reflected the issue accurately.

Thanks,
Sarah

MINISTER OF FINANCE

INDEPENDENT ELECTRICITY SYSTEM OPERATOR LINE OF CREDIT

TO: ONTARIO FINANCING AUTHORITY

Whereas:

Pursuant to a directive dated December 22, 2004 the Minister of Finance approved and directed the Ontario Financing Authority ("OFA") to make loans (the "Loans") to the Ontario Power Authority ("OPA") from time to time, as considered necessary by the OPA to meet its purposes, up to the maximum aggregate amount of $500 million, and to enter into a revolving credit facility agreement setting out the terms of the Loans (the "Credit Agreement").

Pursuant to a further directive dated October 3, 2005 the Minister of Finance approved and directed the OFA to increase the maximum aggregate amount of the Loans from $500 million to $975 million.

Effective January 1, 2015, the OPA and the Independent Electricity System Operator amalgamated and continued as a corporation without share capital under Part II of the Electricity Act, 1998 (the "Amalgamation") with the name Independent Electricity System Operator (the "IESO"). Under the Amalgamation the obligations of the OPA became obligations of the amalgamated corporation.

The IESO has requested that that the OFA decrease the maximum aggregate amount of the Loans from $975 million to $475 million to eliminate duplicate credit needs for the purpose of the implementation of the *Ontario Fair Hydro Plan Act, 2017*.

Commented [LS1]: Program area to confirm

It is now desirable to agree to the IESO's request to decrease the maximum aggregate amount of the Loans from $975 million to $475 million.

Therefore:

Pursuant to sub-section 16(2) of the *Capital Investment Plan Act, 1993*, the OFA is directed to amend the Credit Agreement to decrease the maximum aggregate amount of the Loans from $975 million to $475 million.

Hello –

Further to our meeting yesterday, attached is a draft directive seeking a decrease in the line and amended use of proceeds.

I reviewed the language in amending agreement 8 and I note the following:

- It permits the IESO from and after the Amalgamation to use the proceeds of Advances only as authorized by the Regulation (defined as Reg 280/14);
- The control with respect to using proceeds for purposes and requirements in relation to the operations and activities of the OPG prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO following the Amalgamation, is limited *to the extent not inconsistent with the Regulation*;
- The condition with respect to the use of proceeds states the proceeds of Advances, "may be used only for liquidity purposes and to *temporarily* fund corporate requirements". This does not track the language in the Regulation 280/14 exactly. The Regulation in place at the time amending agreement 8 was entered into reads at 3(1) "The IESO may borrow only for the purpose of funding *corporate requirements* and for liquidity purposes". The word *temporarily* is not in the Reg. This may support an argument that no amendment was required to the use of proceeds section of Credit Agreement to implement the November 28, 2016 Directive supporting the amending agreement number 9 on the basis that "temporary" funding is a liquidity purpose. Does that make sense.?

Below is the relevant section from the Regulation at the time the most recent Directive was issued in November last year.

Authorized borrowing

3. (1) The IESO may borrow only for the purpose of funding corporate requirements and for liquidity purposes. O. Reg. 162/15, s. 3.
(2) Without limiting the generality of subsection (1), the IESO may borrow for the following purposes:
1. To fund the payment of amounts payable by the IESO under section 25.33 of the Act and any amounts payable under the regulations.
2. To provide such funds as may be necessary for the management of any variance account established and maintained under the Act by the IESO.
3. To provide such funds as may be necessary for the IESO to manage timing differences between the receipt of amounts and the payment of costs and expenses incurred by the IESO in exercising its rights and performing its duties under the Act.
4. To provide such funds as may be necessary for the IESO to manage timing differences between the receipt of payments in respect of procurement contracts that the IESO has entered into pursuant to Part II.2 of the Act and the payment of such amounts by the IESO under the procurement contracts referred to in that Part. O. Reg. 162/15, s. 3.

The recent amendments to add the FHP added the following:

5. To provide such funds as may be required for the purposes of the *Ontario Fair Hydro Plan Act, 2017*, including borrowing,
i. to fund IESO deferrals under section 23 of that Act, and
ii. to fund the activities in which the IESO is authorized or required to engage under that Act.
O. Reg. 162/15, s. 3; O. Reg. 193/17, s. 1.

If OFHP funding can't be considered a "liquidity purpose", my view is that in order to accept IESO's proposed revision to the use of proceeds language, a new directive is required. The alternative remains to add a condition to IESO's use of proceeds language limiting the use of proceeds to liquidity purposes only.

Please let me know your thoughts on how you would like to move forward.

Thanks very much,

Sarah

Hi Lisa/all,

I thought I'd take this time to send around some background information that you may or may not have – just to ensure we're working from the same documents for reference.

Please see attached:

1) LRC Approval Form: Some background notes on the OIC being recommended for approval for the June 27, 2017 LRC/Cabinet date.
2) Proposed OIC: OIC being recommended for approval for the June 27, 2017 LRC/Cabinet date.
3) Request Letter from IESO outlined some of the key terms of the proposed agreement. OFA agrees with the request.
4) To help facilitate, I used an older directive (Algonquin College from 2011), did a new version for this agreement. Defer to Lisa on the language though.

Timing:

- Unless otherwise instructed, we are looking to have the agreement in place for July 1, 2017 (business day: July 3, 2017).
- We're hoping that we can finalize the directive by next week. Both the agreement and the directive are expected to be worked on simultaneously.
- We should aim to get a first draft agreement to IESO as soon as we can as well.
- OIC should be in approved for Tuesday, June 27, 2017.

As I type this, I do not think we can have the directive signed before the OIC is approved since the directive makes reference to the OIC. Any thoughts on this are welcome.

Happy to discuss further once you have reviewed, as needed.

Thank you,
Salman

s. 1 Proposal and Context

- Approval is being sought for an OIC under section 22 of *Capital Investment Plan Act, 1993* ("CIPA"), which will authorize the Minister of Finance to provide loan(s) to the Ontario Financing Authority ("OFA") in an amount of up to $2.0 billion. Under the proposed OIC, repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by December 31, 2047.

- Subsection 22(1) of CIPA authorizes the Minister of Finance to make loans to the OFA in the amounts, times and on the terms and conditions authorized by Lieutenant Governor in Council ("LGIC"). Subsection 22(2) provides a statutory appropriation for loans made by the Minister to the OFA under subsection 22(1).

- Existing OICs authorize the Minister of Finance to provide loans to the OFA, and in turn the OFA has provided loans and credit facilities to colleges, school boards and other public bodies such as Infrastructure Ontario, IESO, Ontario Lottery and Gaming Corporation and Liquor Control Board of Ontario.

- This proposed OIC is required to increase the authority of the Minister of Finance to lend to the OFA which will provide the OFA with the capacity to provide additional loans to the Independent Electricity System Operator ("IESO").
    - This will help the IESO to fulfil the commitments under the *Fair Hydro Act, 2017* as the IESO will have to finance short to medium term funding shortfalls in the implementation of the Fair Hydro Plan.
    - The timing of this OIC is critical to ensure that borrowing authority for the OFA is available to provide the IESO its requested financing arrangements under the *Ontario Fair Hydro Plan Act, 2017.*

s. 2 Approach and Intended Outcomes

- Under CIPA, the OFA provides financing to public bodies as directed by the Minister of Finance. The OFA obtains the funds it needs for its lending program by borrowing from the Province. This OIC would authorize the Minister of Finance under section 22 of CIPA to provide additional loans to the OFA.

- As per subsection 3(1) of CIPA, the Minister of Finance is responsible for the administration of CIPA with respect to the OFA.

- This proposed OIC is required to assist in fulfilling the commitments under the *Ontario Fair Hydro Plan Act, 2017.*

- It is expected that as part of the implementation, the Minister of Finance will direct the OFA to provide a revolving credit facility for short term financing related to the *Ontario Fair Hydro Plan Act, 2017*. In particular, the OFA would be directed to provide a credit facility to the Independent Electricity System Operator ("IESO"). The IESO is a public body for the purposes of CIPA.

- Under the *Ontario Fair Hydro Plan Act, 2017,* the IESO will incur a monthly funding shortfall in the early years of the plan, as a portion of the Global Adjustment charge to ratepayers will be deferred to the future. During this period, Global Adjustment amounts collected from ratepayers will, therefore, be insufficient to fund the IESO's contractual obligations to electricity producers and service providers.

- The *Ontario Fair Hydro Plan Act, 2017* gives the IESO the right to recover those deferred amounts from specified consumers in the future (the "regulatory asset") and the ability to sell the regulatory asset to a financing entity.
    - It is anticipated that the regulatory asset will be purchased by the financing entity to be established by OPG ("OPG SPV", an OPG special purpose vehicle or trust).
    - The cash received from selling the regulatory asset will be used by the IESO to fund the current Global Adjustment shortfall.

- There is expected to be initial and potential ongoing IESO cash flow requirement timing differences. The OPG SPV is not anticipated to be established and able to borrow to finance the purchase of the regulatory asset from the IESO until later in 2017 (planned for later in summer 2017; however, exact timing is subject to actual implementation). Even once the SPV is set up to borrow, there is expected to be timing differences between the IESO's monthly settlement process when it has to pay generators and when the SPV purchases the asset from IESO. Also, under the legislation, OPG's SPV is not required to purchase any portion of the regulatory asset.

- As a result, IESO requires short-term financing to be in place for initial and expected monthly timing differences, or in the event that the OPG SPV, at any time, does not purchase a portion of the regulatory asset.

- IESO has requested that the OFA provide a revolving credit facility of $2.0 billion to support its role in the implementation of the *Ontario Fair Hydro Plan Act, 2017*.

- It is proposed that the OIC authorizes the OFA to borrow an additional $2.0 billion, which would be in addition to existing authority for the Minister of Finance to provide loans to the OFA, to ensure that there is sufficient borrowing authority in place for the OFA to meet the IESO requested requirements.

- If approved, the Minister of Finance will subsequently provide a Directive to the OFA to direct it to provide credit facilities to the IESO.
    - The OFA currently provides a credit facility to the IESO of $975 million.
    - The IESO has requested that the existing credit facility be reduced to $475 million, and a new credit facility be provided of $2.0 billion, for a total amount of $2.475 billion.

s. 3 Direction and Urgency

- The Province passed legislation on May 31, 2017 to implement the *Ontario Fair Hydro Plan Act, 2017,* which will reduce electricity bills by 25 per cent on average for eligible households.
- The ability for the OFA to have the requisite borrowing and lending capacity is instrumental in supporting implementation of the *Ontario Fair Hydro Plan Act, 2017*.
- Ministry of Energy proposed regulations under the *Ontario Fair Hydro Plan Act, 2017* are expected to track for Cabinet approval by end of June 2017. It is expected that this OIC also be submitted for approval concurrently as it supports a crucial component of the successfully implementation of the Fair Hydro Plan.
- A related Cabinet Minute from the Ministry of Energy is tracking for June 27, 2017 date.

s. 4 Impact Assessment and Costs

- With this OIC, the Minister of Finance will be authorized to lend an additional amount of $2.0 billion to the OFA. Subject to the terms and conditions of a

Directive from the Minister of Finance, loans from the Minister of Finance to the OFA are expected to be at the Province's cost of funds.
- Loans advanced will result in increased borrowing in the debt markets by the Province.
- Loans are expected to be repaid and, therefore, no fiscal impact is expected.

s. 5 Implementation

- If the OIC is approved and signed, the Minister of Finance will have authorization to provide a loan to the OFA. A Directive from the Minister may provide direction to the OFA on how it can use the proceeds of the loan.

s. 6 Delivery and Results Tracking

- As described in section 2 above, the requirement for this OIC is a result of the Province's *Ontario Fair Hydro Plan Act, 2017* and is required to ensure the timely implementation and support for the success of the Fair Hydro Plan. Upon approval, the Minister of Finance will have authorization to provide a loan to the OFA with a directive on how the loan can be used.

s.7 Stakeholder Consultations

- As described in section 2 above, the requirement for this OIC is a result of the Province's *Ontario Fair Hydro Plan Act, 2017*. The related Cabinet note for the initiative should be referred to.

Order in Council
Décret

On the recommendation of the undersigned, the Lieutenant Governor of Ontario, by and with the advice and concurrence of the Executive Council of Ontario, orders that:

Sur la recommandation de la personne soussignée, la lieutenante-gouverneure de l'Ontario, sur l'avis et avec le consentement du Conseil exécutif de l'Ontario, décrète ce qui suit :

WHEREAS pursuant to subsection 22(1) of the *Capital Investment Plan Act, 1993* (the "Act"), the Minister of Finance may purchase securities of or make loans to corporations established under subsection 2(1) of the Act in such amounts, at such times and on such terms and conditions as the Lieutenant Governor in Council considers expedient;

AND WHEREAS the Ontario Financing Authority (the "OFA") is a corporation established under subsection 2(1) of the Act;

AND WHEREAS pursuant to subsection 6(3) of the Act, the power of a corporation established under subsection 2(1) of the Act to borrow and issue securities, among other things, may only be exercised under the authority of a by-law that has been approved by the Minister of Finance;

AND WHEREAS the OFA wishes to borrow up to Two Billion Dollars in lawful money of Canada from the Minister of Finance and has been authorized to do so by a borrowing by-law approved in accordance with the Act;

THEREFORE:

Pursuant to subsection 22 (1) of the Act, the Minister of Finance is authorized to lend a maximum of Two Billion Dollars in lawful money of Canada to the OFA on the following terms and conditions:

(a) the loan may be advanced in such amounts and at such time or times as required by the OFA;

(b) repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by December 31, 2047;

(c) each advance (an “Advance”) made under the loan hereby authorized shall bear interest at a rate which is determined as follows:

(i) from the date of the Advance to (but excluding) the date of repayment the Advance shall bear interest at a per annum rate equivalent to the yield earned on ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for longer than ninety days, the interest rate shall be reset on the last day of each ninety day period (the “Reset Date”) to the yield earned on ninety day Province of Ontario treasury bills immediately preceding the Reset Date for such ninety day period as determined by the Province;

(ii) in the event that moneys included in an Advance are used by the OFA for the purpose of funding loans to third parties (a “Third Party Loan”), the rate of interest payable by the OFA to the Province on the portion of the Advance so used shall be adjusted effective as of the date that the portion of the Advance is used to fund the Third Party Loan so that the per annum rate of interest payable by the OFA on such moneys is equivalent to the per annum rate of interest payable to the OFA under the Third Party Loan less an amount as may be determined by the Minister of Finance in respect of such Third Party Loan or a class of such Third Party Loans, until but excluding the date on which the Third Party Loan is repaid, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently used to fund loans to third parties, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Province on that portion of the Advance used to fund such loan, and so on, until the Advance shall be repaid to the Province in full;

(iv) despite subparagraphs (ii) and (iii), in the event that no interest is payable to the OFA under a Third Party Loan, no interest shall be payable by the OFA on the portion of the Advance so used and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period.

(d) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(e) despite paragraph (b) of this Order, interest on any portion of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the OFA receives payment of interest under the relevant Third Party Loan;

(f) despite paragraph (b) of this Order, any portion of the principal of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall become payable only to the extent the OFA receives repayment of principal under the relevant Third Party Loan; and

(g) the loan hereby authorized shall be evidenced by a promissory note.

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its intension to implement the proposed Fair Hydro Plan (FHP) to reduce electricity prices for eligible consumers in the province. Proposed legislation was introduced this month for the FHP. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that in order to support the IESO's role in FHP implementation it will need greater credit liquidity than currently exists.

An existing credit facility between the IESO and the Ontario Financing Authority (OFA) is currently available for $975 million which includes support for the current Regulated Price Plan (RPP) program. The IESO proposes that a separate and additional credit facility be provided by either the OFA or Ontario Electricity Financial Corporation (OEFC) to support only the FHP credit needs. A separate facility for the FHP is preferable to ensure operational efficiency and interest tracking.

IESO's FHP Credit Requirements and Rationale

Below we have outlined the IESO's expected credit needs including the current OFA facility as follows:

	OFA:IESO Facility	New FHP facility
Current credit facilities	$975 million	$ -
Reduction due to FHP	($500 million)	$ -
Increase due to FHP	$ -	$2,000 million
Totals Credit Facilities	$475 million	$2,000 million

The above $500 million reduction in the current OFA facility is to eliminate duplicate credit needs and reflect the replacement of the current RPP by the new FHP. In addition, the IESO has had recent discussions with OFA staff to explain the rationale to support the overall $2,000 million FHP commitment.

We suggest the new FHP credit facility consider the following key provisions:

- 5 year term - to align with the FHP's initial period of deferral of electricity prices plus a contingency period (i.e. to September 30, 2022);
- interest charge - to be Province's cost of funds for borrowing with a similar term as determined by OFA / OEFC plus 0.25 percent per annum;
- Draws - to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers; and
- Existing $975 million OFA facility : draws to permit for FHP purposes until a new separate credit agreement for FHP purposes has been made available;

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facilities and we will provide such evidence for your records.

We appreciate your continued support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

Kimberly Marshall

Subject:	IESO FHP $2 billion Revolving Credit Facility and Existing $475 million Revolving Credit Facility

Hello,

This is to note that IESO requested the option to elect to continue (roll-over) all or a portion of principal and interest for the new FHP Revolving Credit Facility and existing $975 million (to be reduced to $475 million) Revolving Credit Facility. We have discussed this matter and there are no concerns from a Capital Markets perspective.

Subject: FW: IESO FHP Credit Facility Agreement

Hello Anthony and Victor,

My apologies for the delay in providing the next turn of the FHP Credit Facility Agreement. While reviewing the last draft for the new credit facility, we became aware of a policy requirement for which we will need to obtain an additional directive prior to execution of the agreement. We estimate that this will likely take 3 or 4 weeks. Knowing that IESO's next funding request will be sent to the OFA on August 17th (for funding on August 21st), the August FHP draw will need to be made under the existing $975 million credit facility. At the time we execute the new $2 Billion facility, we would be able to transfer (by incorporating into the agreements the required provisions or by another agreed mechanism) any amount of loans exceeding $475 million (being the reduced facility limit under the draft amending agreement) under the existing facility to the new facility. We can set-up a call to discuss the details how this would work.

Thanks,

Will

MINISTER OF FINANCE

INDEPENDENT ELECTRICITY SYSTEM OPERATOR CREDIT FACILITY

To: Ontario Financing Authority ("OFA")

Whereas:

Under the *Capital Investment Plan Act, 1993* ("CIPA"), the OFA provides financing to public bodies as directed by the Minister of Finance.

Pursuant to OIC ####, the Minister of Finance is authorized to lend a maximum of $2 billion to the OFA for the credit facility

The Independent Electricity System Operator ("IESO"), a public body for the purposes of CIPA, has requested funding from the OFA to support the IESO's role in the implementation of the *Ontario Fair Hydro Plan Act, 2017* (the "OFHP").

In order to fulfil the Province's commitments under the OFHP, it is desirable for the Minister of Finance to provide direction to the OFA to provide a revolving credit facility for the purposes of short to medium term financing related to the OFHP.

~~The OFA will be borrowing funds for this requested credit facility under the authority of OIC ###.~~

Therefore:

i) **Line of Credit**

Pursuant to sub-section 16(2) of CIPA, the OFA is directed to lend to the IESO under a revolving credit facility (the "Line of Credit") for the purpose of short to medium term financing related to the IESO's implementation of the OFHP, an aggregate principal amount of up to CAD $2 billion.

The Line of Credit shall be subject to the following terms:

- The Line of Credit shall be evidenced by an agreement between the IESO and the OFA containing terms and conditions consistent with this Directive (the "Credit Agreement").

- Interest on the Line of Credit shall be payable at a rate established as of [insert], equal to the Province's cost of funds as based on the term as set out the Credit Agreement, and as determined by the Chief Executive Officer of the OFA or the Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA, or a person designated by either of them, plus a twenty-five (25) basis point spread ~~to cover the OFA's lending costs~~ ("~~Cost Recovery Fee~~Spread").

- ~~Advances under t~~The Line of Credit will only be made at the request and on the recommendation of the Minister of Energy.

Commented [LS1]: Program area to confirm; differs from LRC form

Commented [SQ22R1]: Mentioned in s1 of LRC form:

oThis will help the IESO to fulfil the commitments under the *Fair Hydro Act, 2017* as the IESO will have to finance short to medium term funding shortfalls in the implementation of the Fair Hydro Plan.

Commented [SQ23]: Should this be mentioned in the second Whereas recital?

Commented [LS4]: Program area

Commented [SQ25R4]: This is a revolving credit facility, rates would be established as the OFA deems necessary, as set out in the Credit Agreement.

Commented [SQ26]: This is simply a spread – I would not classify this as a cost recovery fee.

Commented [LS7]: Business decision; program area to confirm.

Commented [SQ28R7]: Not Advances. Only the Agreement itself.

Commented [LS9]: Further discussion required. This may require the Minister of Energy to be a party to the loan agreement.

Commented [SQ210R9]: This is incorrect. The Credit Agreement will be made at the request of and recommendation of Minister of Energy, if at all – not the advances. Minister of Energy won't be a party to the proposed agreement.

DRAFT

- All amounts outstanding under the Line of Credit shall be repaid in full on or before the date no later than ~~five years after the execution of the Credit Agreement~~September 30, 2022.

- The Line of Credit shall be subject to such other terms as the OFA deems appropriate from time to time.

ii) Retention of spread

Pursuant to Order in Council ####, made under sub-section 22(1) of CIPA, the Minister of Finance is authorized to make loans to the OFA and to determine the amount of the spread to be retained by the OFA where those funds are subsequently loaned to public bodies. It is hereby determined that for the Line of Credit made under the authority of this Directive, the amount of the spread retained by the OFA shall be for the amount of the ~~Cost Recovery Fee~~Spread as set out above.

Dated , 2017

Charles Sousa

Minister of Finance

Commented [LS11]: Is this reasonable given the principal amount of the line? Previous draft provided had 40 year term (as per draft OIC). IESO has requested 5 year term in letter dated 05/12/17,

Commented [SQ212R11]: We made the decision to do the OIC for the entire OFHP period in order to avoid going back to LRC for a new OIC as we expect the requirement for a credit facility will be there.
The Directive is more aligned with the ask from IESO, and is meant to be a little tighter on the terms.

As per IESO request and previous drafts, this should say September 30, 2022.

Commented [LS13]: Confirm authorization is contained in new OIC

Commented [LS14]: As previously discussed, this is a business decision. My understanding is that this is generally retained only where there is commercial risk. Should this be remitted back to the Province?

Commented [SQ215R14]: We will be retaining this to remain consistent with past credit facility – unless otherwise advised.

Hi Sarah,

I discussed the sharing of the agreement with Opal last week and noted that it is a business decision. There are no contractual or legislative provisions which prohibit the sharing of the agreement. If there are concerns from a business perspective, we can discuss an NDA or other options if necessary.

Hi Opal,

I took a look and asked Carlos as well. There is nothing from a market perspective that is controversial, and I don't see anything in the provisions that concern me. I thought about the intercept provision, but I think it is fine since the legislation 'publicly' allows for that carve out.

Lisa, do you have any objections about IESO sharing any of the contents of the $2B facility with TD?

Hi Sarah,

I was just in the midst of an email to you regarding this matter. John Kim has let IESO know they can move forward with working with CMO on the agreements, but also communicated that the inclusion of the requested language is pending approval. Its fine to work on amending the agreements, as from all sides the indication is that final signoff will occur.

Regarding IESO's request to share the OFA-IESO agreement with TD, since there's nothing in the agreement prohibiting it and neither Gadi nor OFA legal is concerned about it being shared, it seems unreasonable to withhold it. As there is no obligation for us to provide/deny permission, perhaps we can just point that out to IESO (in an email) and tell them we are leaving the decision as to whether or not to share the agreement to their discretion. Not sure if a more formal response needs to be provided to IESO, but I can discuss with John the best way to convey that info to IESO.

Thanks,
Opal.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this

Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

IESO FORM OF BORROWING NOTICE (1).docx

Hi Lisa:

I have just received back from the IESO their proposed changes to the Revolving Facility Amendment and Note. I have no problem with most of them, except where changes have been made to the wording taken from the Directive (which I have re – edited). They also suggest a small change to the Borrowing Notice, so I have included it in a new version also attached. If I have no changes or comments on the doc, I am fine with their change.

This needs to be wrapped up this week, so please provide any feedback as soon as you can and I will return to the IESO. I believe there is a new person working on this who may not be familiar with the notion of matching what is in the Directive.

The Note Facility Amendment will follow.

Hi Lisa/Ryan,

Thank you very much for the responses and that's helpful!

I will go back to IESO to verify what's their rationale to for the request. But before I go back, I just want to make sure that I understand the concerns/suggestions from our side first.

The change we made for the OFA credit facility agreement was to allow IESO to take liens related to FHP in the event if IESO can't pay OFA back the loan, correct? What was the reason for this change? And wouldn't the same reason apply for the loans that IESO has with OEFC? And if IESO can't pay back the loans to OEFC, should they still be able to take any liens related to FHP, or not? But if they were able to do so under the OFA credit facility agreement, are there any reasons that they cannot do the same under the OEFC credit facility agreement?

I understand that the $120M and $160M credit facilities are not for FHP purposes, but I think this is a separate question from whether they can take liens related to FHP if IESO can't pay OEFC back the loans? Similarly, I believe the existing $475M IESO credit facility with OFA was not for the FHP purpose, but the agreement was amended by the amendment #10 to include the FHP lien clause in the actual agreement, right? So I am just a bit confused about this process and trying to find out whether we should apply a consistent approach for OEFC's credit facilities before I push this back to IESO.

Also, a separate question on the $160M credit facility agreement. Since it was amended to be used for FHP purpose previously, do we need to amend that now since a separate facility agreement was created specifically for FHP purposes? Or that amendment automatically expires when the $2B FHP credit facility was created, and for sure we don't need to update anything in the $160M credit facility agreement to that effect?

Thanks,
Gavin He

Subject: IESO / OEFC - $120MM and $160MM

Hi Gavin,

Thank you for your note. After reviewing your note and the attached agreements we had a few comments:

- We understand that the $160M credit facility agreement will not be used for FHP purposes, although an amendment was made earlier in 2017 to allow advances for the purposes of FHP.
- It is our assumption that the $160M credit facility agreement was amended in April, 2017, pursuant to Reg. 280/14 as a potential temporary option for FHP funding requirements until such time as a separate facility agreement was created specifically for FHP purposes (i.e. the $2B OFA-IESO credit facility)
- There is an existing $120M loan agreement, maturing June 30, 2020, which is not a credit facility, but a fixed term loan. No amendments were made here in relation to FHP, as it is non-revolving and used for capital purposes.
- Since the $160M credit facility agreement will not be used for FHP purposes, it is not clear to us why the change to definition of Permitted Liens is required, and how not making this change would prevent IESO from performing its obligations under the OFHP Act. Please clarify.
- Kindly confirm with Anthony why IESO believes these amendments are necessary in respect of the $160M credit facility and $120M loan agreement.

We look forward to hearing back from you. Happy to discuss further as always.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted

from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa/Sarah H.,

We touched based with IESO and they told us that the OEFC agreements do not contemplate a general grant of security by IESO over its assets as is currently under discussion with the OPG Trust relative to the implementation of the OFHP. The changes required to allow for such a grant would be to amend the permitted liens and negative covenant language in the OEFC agreements so as to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.

We will get a policy direction soon and will draft a note for you to review once it's ready.

No, I don't think the OFA Lending Policy would apply to these OEFC loans. The OFA Lending Policy addresses lending activities to public bodies undertaken where the OFA is acting as an intermediary on behalf of the Province.

Hi John,

We've received no internal direction on the nature of changes IESO is looking for in relation to existing OEFC credit facility with the IESO and the FHP. I surmise it may have to do with adjusting the agreement to allow FHP permitted liens (which we would need internal approval to do) or similar changes, but do you know if IESO communicated requirements to Gadi or Ron?

Hi Gavin,

Thank you for your note. After reviewing your note and the attached agreements we had a few comments:

- We understand that the $160M credit facility agreement will not be used for FHP purposes, although an amendment was made earlier in 2017 to allow advances for the purposes of FHP.
- It is our assumption that the $160M credit facility agreement was amended in April, 2017, pursuant to Reg. 280/14 as a potential temporary option for FHP funding requirements until such time as a separate facility agreement was created specifically for FHP purposes (i.e. the $2B OFA-IESO credit facility)
- There is an existing $120M loan agreement, maturing June 30, 2020, which is not a credit facility, but a fixed term loan. No amendments were made here in relation to FHP, as it is non-revolving and used for capital purposes.
- Since the $160M credit facility agreement will not be used for FHP purposes, it is not clear to us why the change to definition of Permitted Liens is required, and how not making this change would prevent IESO from performing its obligations under the OFHP Act. Please clarify.
- Kindly confirm with Anthony why IESO believes these amendments are necessary in respect of the $160M credit facility and $120M loan agreement.

We look forward to hearing back from you. Happy to discuss further as always.

Thank You,

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation,

allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa, Sarah, and William,

Following my email on Tuesday, EFB has drafted the attached note on the IESO's request on the OEFC credit facility, including the background information, our recommendation, and the rationale. Could you please review the accuracy of the note and would you be able to provide me with your feedback before noon today?

Sorry for the short turnaround time, but we all would like to move on this as soon as possible.

Thanks,

Hi Lisa/Sarah H.,

We touched based with IESO and they told us that the OEFC agreements do not contemplate a general grant of security by IESO over its assets as is currently under discussion with the OPG Trust relative to the implementation of the OFHP. The changes required to allow for such a grant would be to amend the permitted liens and negative covenant language in the OEFC agreements so as to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.

We will get a policy direction soon and will draft a note for you to review once it's ready.

Regards,
Gavin He

No, I don't think the OFA Lending Policy would apply to these OEFC loans. The OFA Lending Policy addresses lending activities to public bodies undertaken where the OFA is acting as an intermediary on behalf of the Province.

The Advances Outstanding to IESO under the Credit Facility shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

IESO shall use the proceeds of Advances for the following purposes for which it is authorized to borrow funds:

IESO agrees that the records kept by the OEFC in the absence of manifest error, shall be prima facie evidence of the indebtedness of IESO and the matters recorded provided that the failure of the OEFC to record or correctly record any amount or date shall not affect the obligation of IESO to repay the aggregate principal amounts and accrued interest thereon owing under this Agreement.

ARTICLE 3
ADVANCES AND INTEREST

Section 3.1 Advances.

OEFC agrees, on the terms and conditions of this Agreement, to make Advances to IESO under the Credit Facility on the first Business Day of each month from and including May 3, 2010 to and including April 1, 2013.

Section 3.2 Procedure for Advances.

(1) Each Advance shall be made subject to four Business Day's prior notice given not later than 10:00 a.m. (Toronto time) by IESO to OEFC. Each notice of an Advance (a **"Borrowing Notice"**) shall be substantially in the form of Schedule 1, shall be irrevocable and binding on IESO and shall specify (a) the requested date of the Advance (the **"Advance Date"**), and (b) the principal amount of the Advance which shall be in a minimum amount of $1,000,000.00 (unless otherwise agreed to by OEFC), and in increments of $1,000,000.00 (or such other increments as may be agreed to by OEFC). OEFC will make the principal amount of each Advance available to IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, IESO shall execute and deliver to OEFC a grid promissory note (the "Note") in respect of Advances substantially in the form of Schedule 2. IESO authorizes OEFC to record on the grid promissory note (a) the date and amount of each Advance; (b) the applicable rate of interest for each Advance; (c) the date and amount of each payment of interest and each payment of principal in respect of each Advance; and (d) the outstanding principal amount of the grid promissory note. Such notations, in the absence of manifest error, shall be prima facie evidence of the such advances and repayments; provided that the failure of OEFC to record any amount, rate or date shall not affect the obligation of IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) In the event that funds are not received by IESO on the Advance Date, IESO and OEFC agree to take all steps necessary to amend the date of the Advance, without amending the Interest Rate that was agreed to with respect to such Advance.

(4) The Note shall at all times rank *pari passu* with all other unsubordinated Indebtedness of IESO, subject to the existence of any Permitted Liens of IESO.

(5) All amounts owing in respect of the Advances shall be paid without exercising any right or set off or counterclaim by IESO.

Section 3.3 Interest on Advances.

(1) IESO shall pay interest on the principal amount of each Advance then outstanding in accordance with this Section 3.3 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the first Interest Payment Date following the date of the Advance, at the rate equal to the Interest Rate, and shall be payable on the Interest Payment Date for such Advance. The amount of interest payable on an Advance will be calculated by OEFC by dividing the Interest Rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance then outstanding and further multiplying the result by the number of days in the period from the date of the Advance to the Interest Payment Date.

(i) If an Advance is outstanding on an Interest Payment Date, the interest rate applicable to such Advance shall be reset automatically by OEFC on that date (the "Interest Reset Date"), at the Interest Rate determined as of the Interest Reset Date.

(ii) For each Advance, OEFC shall notify IESO via email of the Interest Rate on the Advance Date and on each Interest Reset Date.

(3) Upon four Business Days prior notice by IESO, OEFC may at its discretion agree to capitalize the interest on any Advance on an Interest Payment Date, which shall be determined in the following manner: each such interest payment due on the Interest Payment Date shall be deemed to form part of the principal amount of the outstanding Advance and interest shall accrue and be payable thereon in accordance with Section 3.3(2). OEFC shall record on the grid forming part of the note: (a) the date and amount of the new Advance; (b) the applicable rate of interest for the Advance; and (c) the outstanding principal amount of the grid promissory note.

(4) Interest shall accrue on the principal amount of each Advance at the Interest Rate as determined from time to time, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after default.

Section 3.4 Computations of Interest.

(1) All computations of interest shall be made by OEFC taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any

period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 3.5 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, IESO shall not be obliged to make any payments of interest or other amounts payable to OEFC hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by OEFC of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada), as amended from time to time).

(2) In the event that any such payments are limited or prohibited as provided in Section 3.5(1), OEFC shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 3.6 Conditions Precedent

The obligation of OEFC to make the Advances pursuant to Section 2.1 is subject to the following conditions being met to OEFC's satisfaction at the time of making each Advance:

(a) that the representations and warranties of IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing and no event or condition has occurred, which, with the lapse of time or the giving of notice or both would constitute an Event of Default;

(c) that there shall, in the reasonable opinion of OEFC, have been no material adverse change in the financial condition of IESO; and

(d) that OEFC has received such other documentation which it has reasonably requested to ensure that IESO is in compliance with the terms and conditions of this Agreement, including certified true copies of any necessary resolutions including resolutions authorizing the borrowing and authorized signatories.

OEFC agrees, acting reasonably, to invoice IESO for any such costs, charges and expense as they are incurred, together with interest at the aforesaid rate (with interest on overdue interest).

(ii) Have resulted in such Indebtedness becoming or being declared due and payable prior to its final Stated Maturity (and which acceleration or declaration has not been waived or rescinded);

(f) The Company or any Material Subsidiary:

(i) Becomes generally not able to pay its debts as they become due;

(ii) Admits in writing its inability to pay its debts generally or makes a general assignment for the benefit of its creditors or files a proposal or other scheme of arrangement involving the rescheduling or composition of its Indebtedness;

(B) Liquidation, winding-up or reorganization, arrangement, adjustment, protection, relief or composition of it or its debts under any law relating to bankruptcy, insolvency, reorganization or relief of debtors including any plan of compromise or arrangement or other corporate proceeding involving or affecting its creditors, or

(C) The entry of an order for relief or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its assets,

and in the case of any such proceeding instituted against it (but not instituted by it), either the proceeding remains undismissed or unstayed for a period of 30 days, or any of the actions sought in such proceeding (including the entry of an order for relief against it or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its properties and assets) occurs; or

Section 4.2 Acceleration of Maturity; Rescission and Annulment.

If an Event of Default occurs and is continuing, then and in every such case OEFC may declare all amounts owing on the Note and all other amounts owing hereunder to be due and payable immediately, by a notice in writing to the Company, and upon any such declaration all such amounts shall become immediately due and payable.

Section 4.3 Suits for Enforcement by OEFC.

If an Event of Default occurs and is continuing, OEFC may proceed to protect and enforce the rights vested in it by this Agreement either by suit in equity or by action at law or by proceedings in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement contained in this Agreement or in aid of the exercise of any power granted in this Agreement, or to enforce any other legal or equitable right vested in OEFC by this Agreement or by law.

Section 4.4 OEFC May File Proof of Claim.

(a) To file and prove a claim for all amounts owing on the Note or under this Agreement and to file such other papers or documents as may be necessary or advisable in order to have the claims of OEFC (including any claim for fees and disbursements of OEFC, its agents and counsel) allowed in such judicial proceeding; and

(b) To collect and receive any moneys or other property payable or deliverable on any such claim.

Section 4.5 Rights and Remedies Cumulative.

The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 4.6 Delay or Omission not Waiver.

No delay or omission of OEFC to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given

by this Article 4 or by law to OEFC may be exercised from time to time, and as often as may be deemed expedient, by OEFC.

Hello all,

I will be assisting with the amendment to the existing IESO and OFA Credit Agreement and drafting of the new IESO and OFA, FHP Credit Facility Agreement. I am fairly available if you have any suggestions or questions for me. I will put together a draft for each credit facility as soon as possible. The draft will require several revisions before final completion. For each draft I ask you to please identify any additional and specific information that I have missed. I look forward working with all of you.

Hi Will

As discussed yesterday, Salman dropped by the office yesterday after our meeting. He suggested that MoF legal has worked on these agreements previously and may be able to provide some clarification on the issues we discussed yesterday. I also debriefed John K on our discussion. He noted that EFB has previously been heavily involved in this area and was not comfortable on signing off on the 2 issues we discussed yesterday. Namely the section (k) and the pari passu item. Having said that, I think our wish to get more clarification on section (k) is still relevant. I know we don't wish to slow down this process, but it may be worth asking MoF Legal's opinion on these two issues. They have also been involved in OFHP issue, so will have that context as well.

Thanks

Subject: RE: FHP Credit Facility Agreement

Hi Will. Attached you will find IESO's mark-up of the FHP Credit Facility Agreement. Most of the changes are self-explanatory, but it may be helpful if I provide a few words of explanation about the more substantive changes:

1. We added paragraph (k) to the definition of "Permitted Liens" to address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien, and we

did not want to be inadvertently in default. (Please note that, assuming this addition to the definition of "Permitted Liens" is acceptable, the same or similar language should also be added to the definition of Permitted Liens in Amending Agreement #10 to the existing OFA line of credit that we discussed yesterday.)

2. We amended Section 2.2 Use of Proceeds as shown in the draft because: (i) there is a possibility that the funding provided under the FHP Credit Agreement may accumulate and be outstanding for an extended period of time (i.e. in excess of 12 months); and (ii) the use of the terminology "cash flow timing differences" does not seem appropriate given its implication of a shorter-term funding requirement (something on the order of month-to-month), taking into account all of the obligations of IESO under the FHP.

3. We amended the exceptions to the *pari passu* requirement under Section 3.3(5) to avoid a conflict with the different list of exceptions in s.4.6, the negative pledge. An alternative, and arguably cleaner, way of avoiding the conflict between s.3.3(5) and s.4.6 would be to delete the *pari passu* requirement in s.3.3(5) altogether, since the negative pledge in s.4.6 already contains more tailored language that performs essentially the same function.

In addition to the above changes marked-up directly on the document, in general with respect to all revolving lines, it seems that the definition of "Advances" should probably also include Continued Advances where an Election Notice is used (though I didn't make any changes to reflect this). I say this because Advances can become Continued Advances through an initial Election Notice, and then those Continued Advances can be continued again as further Continued Advances, and so on. In other words, the practice and intent of IESO and OFA has been and continues to be that an original Advance can be Continued (rolled-over) many times but, unless I am missing something, the language and definitions do not quite capture that intent. It might be easier if I were to discuss what is essentially a drafting point with your Legal Counsel assigned to this – as I say, it's entirely possible that I am simply missing something here.

I didn't know who would be reviewing this from your Legal group, so did not copy anyone else at OFA – I will rely on you to forward it as required.

Regards,
Victor

Subject: RE: FHP Credit Facility Agreement

Hi Will. Attached you will find IESO's mark-up of the FHP Credit Facility Agreement. Most of the changes are self-explanatory, but it may be helpful if I provide a few words of explanation about the more substantive changes:

1. We added paragraph (k) to the definition of "Permitted Liens" to address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien, and we

did not want to be inadvertently in default. (Please note that, assuming this addition to the definition of "Permitted Liens" is acceptable, the same or similar language should also be added to the definition of Permitted Liens in Amending Agreement #10 to the existing OFA line of credit that we discussed yesterday.)

2. We amended Section 2.2 Use of Proceeds as shown in the draft because: (i) there is a possibility that the funding provided under the FHP Credit Agreement may accumulate and be outstanding for an extended period of time (i.e. in excess of 12 months); and (ii) the use of the terminology "cash flow timing differences" does not seem appropriate given its implication of a shorter-term funding requirement (something on the order of month-to-month), taking into account all of the obligations of IESO under the FHP.

3. We amended the exceptions to the *pari passu* requirement under Section 3.3(5) to avoid a conflict with the different list of exceptions in s.4.6, the negative pledge. An alternative, and arguably cleaner, way of avoiding the conflict between s.3.3(5) and s.4.6 would be to delete the *pari passu* requirement in s.3.3(5) altogether, since the negative pledge in s.4.6 already contains more tailored language that performs essentially the same function.

In addition to the above changes marked-up directly on the document, in general with respect to all revolving lines, it seems that the definition of "Advances" should probably also include Continued Advances where an Election Notice is used (though I didn't make any changes to reflect this). I say this because Advances can become Continued Advances through an initial Election Notice, and then those Continued Advances can be continued again as further Continued Advances, and so on. In other words, the practice and intent of IESO and OFA has been and continues to be that an original Advance can be Continued (rolled-over) many times but, unless I am missing something, the language and definitions do not quite capture that intent. It might be easier if I were to discuss what is essentially a drafting point with your Legal Counsel assigned to this – as I say, it's entirely possible that I am simply missing something here.

I didn't know who would be reviewing this from your Legal group, so did not copy anyone else at OFA – I will rely on you to forward it as required.

Regards,
Victor

Good morning Anthony,

I've had a chance to speak with Victor on Friday to try to clear up any confusion.
Victor did not have any major concerns regarding Paragraph 2 and 3. But, deferred to you for Paragraph 4.
If the "Use of Proceeds" section is not acceptable please let me know by **noon**. So that I may take action to seek a new Directive and the timing is very tight given our Ministers' vacation schedule.

Thanks,

Will

Hello Victor,

We apologize for the delay in replying back on the draft amending agreement. The proposed change regarding the Use of Proceeds required internal discussions to work through the proposed wording.

I will send you a revised mark-up next week, but would ask if IESO is able to agree to the following key items:

Paragraph 4 -USE OF PROCEEDS:

Would IESO be able to agree the following addition to IESO's proposed "Use of Proceeds":

> *"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time**, provided that Advances may be used only for liquidity purposes.**"*

Our current Ministerial Directive provides that advances under the facility may only be used for liquidity purposes, and hence we would prefer to include the qualification.

If this is not acceptable, would you please let us know **by Monday**, as we would need to seek a new Directive, and the timing is very tight given our Minister's vacation schedule.

Paragraph 2

This language should revert back to the original language:

> *"2. On the date of this Amending Agreement and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form of the grid note attached hereto and indicating a total principal amount of Advances Outstanding to date of $114,383,131 .40. "*

Schedule 3 is the Form of Grid Note to be delivered. The actual grid note is a separate document (adhering to the form of the Grid Note attached in the Schedule, signed and delivered on the effective date of the Amending Agreement prior to any further Advance). Because the Grid Note is updated with each Advance, if it forms part of the Agreement as a Schedule, each update would have to be treated as an amendment. This is not consistent with how the OFA administers its loans and is not consistent with how the OPA/IESO loans have been administered.

Paragraph 3

This has been reverted back to the OFA's original drafting because OFA will not cancel the existing Grid Note until we receive the new one Grid Note is received.

> *"3. Upon receipt of the new grid promissory note, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO."*

Thanks,

Will

Hello Anthony,

Please find the attached Amending Agreement 10. If comments for the FHP Credit Facility is not possible this week, would it be possible to have the Amending Agreement 10 signed along with an updated Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy) first? This is necessary to reduce the existing credit facility from $975

million to $475 million to eliminate duplicate credit needs.

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested OEFC to ~~reopen the~~amend the existing credit facility agreement between OEFC and IESO (for $XX) to address the additional obligations the IESO is taking on under Ontario's Fair Hydro Plan.~~make amendment to the definition of the permitted liens~~.

CONTEXT

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act"), OFA recently amended the credit facility agreement between OFA and the IESO [insert date] (the "OFA Agreement"). One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.

The OFA credit facility agreement was amended due to additional roles IESO is taking on under Ontario's Fair Hydro Plan. To fufil its obligation, the IESO will need a general grant of security on any lien arising from the IESO's role and obligations under the OFHP. Therefore, the OFA credit facility agreement was amended to allow for such a general grant of security.

For the same reason, the IESO has requested OEFC to reopen the existing credit facility agreement between OEFC and IESO to make the similar amendment. Specifically, adding a clause in the OEFC credit facility agreement that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations to OEFC.

RECOMMENDATION

- To maintain a consistent approach with IESO's credit facilities, CEFD staff ~~and IESO~~ are of the view that the exisiting OEFC credit facility ~~should amend~~requires amendments to the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.
- Although the OEFC credit facility is not used for OFHP's purpose, such change to the permitted liens is still required in order for IESO to meet its role and obligation under the OFHP Act.

BACKGROUND

- Currently, under the existing credit facility agreement between OEFC and the IESO, the definition of the "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.
- On November 6, 2017, OFA and IESO signed an updated OFA IESO credit facility agreement with respect to changes related to OFHP. ~~Below are the related changes made to the OFA credit facility:~~

~~*Excerpt from the excuted OFA IESO Amending Agreement #10:*~~

~~*The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (i); replacing the "." at the end of subsection (j) and replacing it with "; and" ; and adding the following subsection (k):*~~

~~*"(k) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."*~~

COMMERCIALLY SENSITIVE AND CONFIDENTIAL ADVICE

Commented [LS1]: I recommend moving this to the background section with less detail and explaining the purpose for the amendment on its own, as the IESO OEFC credit facility agreement is separate and needs to be amended on its own merits.

Commented [LS2]: See above.

Commented [LS3]: Is this the only amendment? I'll review again once re-drafted as per above comments.

Commented [LS4]: I don't think this is relevant here

Commented [LS5]: There are no prior references to the FHP Credit Facility Agreement. Again, as per earlier comments, please add a reference to a background section.

Commented [LS6]: Is it actually required?

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility.

Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,
Victor

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Regards.

Hi Lisa/Malle,

As part of the Fair Hydro Plan implementation, IESO has requested a revolving credit facility from the OFA to support its role in the implementation and participation under the FHP. CEFD has put together the attached approval package. Could you please review and provide us with your comments as soon as possible?

Please let me know if you have any questions.

IESO FAIR HYDRO PLAN CREDIT FACILITY
MINISTER OF FINANCE LENDING DIRECTIVE

The Independent Electricity System Operator (IESO) has requested a revolving credit facility in an amount of up to $2 billion from the Ontario Financing Authority ("OFA") to support its role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act"). To accommodate this request, the OFA requires a Lending Directive from the Minister of Finance.

- The IESO is requesting the credit facility be in place by July 1, 2017, with an initial term of 5-years plus a contingency of three months (effectively expiring on September 30, 2022).

RECOMMENDATION

- OFA staff recommend the Minister sign the Lending Directive allowing the OFA to lend to the IESO.
  - This will help the IESO to fulfil the commitments under the OFHP Act as the IESO will have to finance short to medium term funding shortfalls in the implementation of the Fair Hydro Plan.

MINISTER'S DIRECTIVE

Minister of Finance's Lending Directive would authorize the OFA to provide a revolving credit facility in an amount of up to $2 billion with a maturity date of September 30, 2022. The Lending Directive will also include the following conditions:

- The interest rate charged to IESO on all advances will be based on the Province's cost of funds plus a twenty-five basis point (0.25%) spread.
- The credit facility agreement shall be subject to such other terms as the OFA deems appropriate from time to time.

FISCAL IMPACT

- There would be a relatively small but positive fiscal impact for the Province as a result of this credit facility.
  - The Province receives a small fiscal benefit by adding 25 basis points (i.e., 0.25%) to the Provinces cost of borrowing for funds provided to the IESO under the facility.

- Both the IESO and OFA are consolidated with the Province on a line by line basis. For the OFA and the Province, costs associated with the credit facility are recovered from the IESO. For the IESO, principal and interest associated with the credit facility are recovered from electricity ratepayers.

DETAILS AND ANALYSIS

- On May 31, 2017, the government passed the OFHP Act to enable the implementation of the Ontario Fair Hydro Plan, which will lower electricity bills by 25 per cent on average for eligible residential customers. Eligible farms and small businesses will also receive benefits (essentially for those eligible for the Regulated Price Plan).
- Under the OFHP Act, the IESO will incur a monthly funding shortfall in the early years of the plan, as a portion of the Global Adjustment ("GA") charge to ratepayers will be deferred to the future.
- During this period, GA amounts collected from ratepayers will, therefore, be insufficient to fund the IESO's contractual obligations to electricity producers and service providers.

- The OFHP Act gives the IESO the right to recover those deferred amounts from specified consumers in the future (the "regulatory asset") and the ability to sell the regulatory asset (i.e., the shortfall) to a financing entity.
  - It is anticipated that the regulatory asset will be purchased by the financing entity to be established by OPG ("OPG SPV", an OPG special purpose vehicle or trust).
  - The cash received from selling the regulatory asset will be used by the IESO to fund the incurred GA shortfall.

- Although IESO will not need long-term borrowing for its role in this process, it is expected to need short-term financing to manage initial and ongoing IESO cash flow requirement timing differences.
  - The OPG SPV is not anticipated to be established and able to borrow to finance the purchase of the regulatory asset from the IESO until later in 2017 (planned for later in summer 2017; however, exact timing is subject to actual implementation).
  - Even once the SPV is set up to borrow, there is expected to be timing differences between the IESO's monthly settlement process when it has to pay generators and when the SPV purchases the asset from IESO.
  - Also, under the legislation, OPG's SPV is not required to purchase any portion of the regulatory asset.

Current Status

- An existing credit facility between the IESO and the OFA is currently available for $975 million which includes support for the current Regulated Price Plan (RPP) program. The IESO has proposed that a separate and additional credit facility be provided to support only the FHP credit needs. A separate facility for the FHP is preferable to ensure operational efficiency and tracking of related interest costs.
- As a result, the IESO has proposed to reduce the current $975 million credit facility by $500 million and create a new FHP facility in the amount of $2 billion.
  - The $500 million reduction in the current OFA facility is to eliminate duplicate credit needs and reflect the replacement of the current RPP by the new FHP.
  - Specific terms of the agreement are being negotiated between the IESO and OFA.

	OFA: IESO Facility	**New Proposed FHP Facility**
Current Credit Facilities	$975 million	$ -
Reduction due to FHP	$(500 million)	$ -
Increase due to FHP	$ -	$2,000 million
Total Credit Facilities	**$475 million**	**$2,000 million**

BACKGROUND

- The IESO is a not-for-profit corporate entity established in 1998 by the *Electricity Act, 1998*. It is governed by an independent Board of Directors and its Chair and Directors are appointed by the Province.
- The IESO has full statute-based authority for establishing, monitoring and enforcing reliability standards in the province. All the companies that make up the power system in Ontario must meet the IESO's standards.
- Its fees and licences to operate are set by the Ontario Energy Board and it operates independently of all other participants in the electricity market.

SUBJECT: **Minister's Directive to OFA to provide IESO a Credit Facility Extension**

Attached for your review and consideration is a memo to the Minister of Finance recommending that the Minister direct the Ontario Financing Authority (OFA) to provide the Independent Electricity System Operator (IESO) a revolving credit facility in an amount of up to $2 billion. The credit facility is being requested by the IESO and will be used to support its role in the implementation and administration as prescribed under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act").

Under the OFHP Act, the IESO will incur a monthly funding shortfall in the early years of the plan, as a portion of the Global Adjustment ("GA") charge to ratepayers will be deferred to the future. During this period, GA amounts collected from ratepayers will, therefore, be insufficient to fund the IESO's contractual obligations to electricity producers and service providers. The OFHP Act gives the IESO the right to recover those deferred amounts from specified consumers in the future (the "regulatory asset") and the ability to sell the regulatory asset (i.e., the shortfall) to a financing entity.

- The cash received from selling the regulatory asset will be used by the IESO to fund the incurred GA shortfall.

Although IESO will not need long-term borrowing for its role in this process, it is expected to need short-term financing to manage initial and ongoing IESO cash flow requirement timing differences.

MINISTER OF FINANCE

INDEPENDENT ELECTRICITY SYSTEM OPERATOR CREDIT FACILITY

To: Ontario Financing Authority ("OFA")

Whereas:

Under the *Capital Investment Plan Act, 1993* ("CIPA"), the OFA provides financing to public bodies as directed by the Minister of Finance.

The Independent Electricity System Operator ("IESO"), a public body for the purposes of CIPA, has requested funding from the OFA to support the IESO's role in the implementation and administration of the *Ontario Fair Hydro Plan Act, 2017* (the "OFHP").

In order to fulfil the Province's commitments under the OFHP, it is desirable for the Minister of Finance to provide direction to the OFA to provide a revolving credit facility for the purposes of providing short to medium term financing related to the OFHP.

Therefore:

Pursuant to sub-section 16(2) of CIPA, the OFA is directed to lend to the IESO under a revolving credit facility (the "Line of Credit") for the purpose of short to medium term financing related to the IESO's implementation of the OFHP, an aggregate principal amount of up to CAD $2 billion.

The Line of Credit shall be subject to the following terms:

- The Line of Credit shall be evidenced by an agreement between the IESO and the OFA containing terms and conditions consistent with this Directive (the "Credit Agreement").

- Interest on the Line of Credit shall be payable at a rate equal to the Province's cost of funds based on the terms of the Credit Agreement, and as determined by the Chief Executive Officer of the OFA or the Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA, or a person designated by either of them, plus a twenty-five (25) basis point spread.

DRAFT

../2

- All amounts outstanding under the Line of Credit shall be repaid in full on or before the date no later than September 30, 2022.

- The Line of Credit shall be subject to such other terms as the OFA deems appropriate from time to time.

Dated:

Charles Sousa
Minister of Finance

Hi Victor,

Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?

You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.

Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to IESO.

Thanks,

Will

Hi Will – I have a signing meeting scheduled with our signatory at 2:30pm this afternoon – so I will send you counterpart signatures and a scanned version of the Intercept Letter by 3:00pm or possibly earlier.

Hardcopy of Intercept Letter to follow as you prefer – overnight or pickup? We also need to make arrangements re delivery of the $2Bn Grid Note.

Per s.16 of AA#10, the other Note for $475MM is to be delivered following the Effective Time in exchange for the return by OFA of the Nov 30 2016 Note for $975MM.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date**"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

(b) to collect and receive any monies or other property payable or deliverable on any such claim.

Section 5.5 Rights and Remedies Cumulative.

No right or remedy herein conferred upon or reserved to the OFA is intended to be exclusive of any other such right or remedy, and every such right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.6 Delay or Omission not Waiver.

No delay or omission of the OFA to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OFA may be exercised from time to time, and as often as may be deemed expedient, by the OFA.

Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of even date herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

For further certainty, the OFA and the Ministry of Energy ("ENERGY") acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing ~~[~~$975 million~~]~~ credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):
    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.
    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.
    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.
    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.
    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.
    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an~~The~~ intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The OFA, IESO and the Ministry of Energy ("ENERGY") acknowledge and confirm that at this time there are no amounts appropriated by the Legislature for payment to the IESO [Energy to confirm] by ENERGY and the intent of such intercept~~-~~ provision is that it would~~-~~ apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Commented [ESP1]: Defer to Corporate?

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement")~~,~~ on an unsecured basis, the OFA requires ~~the Ministry of Energy ("~~ENERGY~~")~~ and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing [$975 million] credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):
    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.
    - If~~Under~~ the intercept provision is exercised, ~~which shall be included in the Loan Agreements,~~ the IESO ~~also~~ agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

DRAFT

- Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

- ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

- For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY ~~or through any other agencies, bodies or other means~~.

Hi John – tweaked the acknowledgement to make it mutual as between all and to narrow the reference to appropriations so that it is clear it is not any MOE appropriation but only that destined for the IESO.

Sarah

Commented [RK1]: I had thought the earlier discussion contemplated an acknowledgement / confirmation that at this time there are currently no amounts appropriated by the Legislature for the IESO and that these provisions would apply if amounts were appropriated in the future.

Has there been an update to that thinking?

Commented [LS2]: Agreed

Commented [SN3]: Can this be in the loan agreement? This would seem to be covered by the statutory authority in 23(2)?

Commented [LS4]: The policy provides that this agreement is required prior to the loan agreement.

Commented [SN5]: Can this be moved to either the beginning or the end of the letter as part of providing assurance that there will be consultation with the Ministry prior to any steps being taken. Doesn't impact the substance but just makes it seem slightly less onerous and this is an OFA policy obligation.

Commented [LS6]: I think this belongs here as it would take place prior to the exercise of the intercept provision

Commented [SN7]: Can this be in the agreement only, it is procedural.

Commented [LS8]: Ok

Hi Lisa – thanks very much for this, good job. I have flagged a few questions about whether some of the procedural obligations can be dealt with in the agreement with the IESO so that the letter still complies with the Policy but focuses on what we need IESO and MOE to mutually turn their minds to, rather than how it will be implemented.

Happy to discuss

Sarah

I am writing in relation to the IESO's request for a new revolving credit facility in an amount of up to $2 billion from the OFA (the "New Credit Facility") to support its role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Pursuant to the OFA Lending Policy, the OFA is required to include an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In accordance with section 23 of the *Capital Investment Plan Act, 1993* ("CIPA"), the intercept provision allows the Minister of Finance to deduct amounts equal to any amounts the public body fails to pay the OFA under a loan agreement from money appropriated by the Legislature for payment to the public body.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement"), the OFA requires the Ministry of Energy ("MOE") and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement. These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

As such, the OFA, the IESO, and MOE agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

- Pursuant to section 23 of CIPA, the IESO and MOE agree that in the event that the Legislature appropriates any funds for payment to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance is entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision").

- Under the intercept provision, which shall be included in the Loan Agreements, the IESO also agrees that any notice from the OFA to the Minister of Finance in relation to its failure to pay under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

- Prior to recommending to the Minister of Finance that the intercept be exercised, the OFA will raise the issue with MOE and seek MOE's support in getting the IESO to pay the amounts owing within a reasonable cure period.

- If the OFA determines that it is necessary to request the Minister of Finance to exercise the intercept, the OFA will give written notice to the Minister of Finance, with a copy to MOE, of the IESO's failure to pay under a Loan Agreement and requesting the deduction of amounts equal to the amounts that the IESO has failed to pay under the Loan Agreement.

Commented [SN1]: CIPA is permissive, it is the policy that is mandatory so we may want to delete this.

Commented [SN2]: Can this be in the loan agreement? This would seem to be covered by the statutory authority in 23(2)?

Commented [SN3]: Can this be moved to either the beginning or the end of the letter as part of providing assurance that there will be consultation with the Ministry prior to any steps being taken. Doesn't impact the substance but just makes it seem slightly less onerous and this is an OFA policy obligation.

Commented [SN4]: Can this be in the agreement only, it is procedural.

DRAFT

- Upon receipt of notice from the OFA that the IESO has failed to pay in accordance with the provisions of a Loan Agreement, MOE will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO, including the intended purpose and expected timing of such payments to be made by MOE. Upon request, MOE will provide similar information to the Minister of Finance.

- MOE acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment to the IESO, MOE will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

Draft as discussed

I am writing in relation to the IESO's request for a new revolving credit facility in an amount of up to $2 billion from the OFA (the "New Credit Facility") to support its role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Pursuant to the OFA Lending Policy, the OFA is required to include an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In accordance with section 23 of the *Capital Investment Plan Act, 1993* ("CIPA"), the intercept provision allows the Minister of Finance to deduct amounts equal to any amounts the public body fails to pay the OFA under a loan agreement from money appropriated by the Legislature for payment to the public body.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement"), the OFA requires the Ministry of Energy ("MOE") and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement. These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

As such, the OFA, the IESO, and MOE agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

- Pursuant to section 23 of CIPA, the IESO and MOE agree that in the event that the Legislature appropriates any funds for payment to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance is entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision").

- Under the intercept provision, which shall be included in the Loan Agreements, the IESO also agrees that any notice from the OFA to the Minister of Finance in relation to its failure to pay under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

- Prior to recommending to the Minister of Finance that the intercept be exercised, the OFA will raise the issue with MOE and seek MOE's support in getting the IESO to pay the amounts owing within a reasonable cure period.

- If the OFA determines that it is necessary to request the Minister of Finance to exercise the intercept, the OFA will give written notice to the Minister of Finance, with a copy to MOE, of the IESO's failure to pay under a Loan Agreement and requesting the deduction of amounts equal to the amounts that the IESO has failed to pay under the Loan Agreement.

DRAFT

- Upon receipt of notice from the OFA that the IESO has failed to pay in accordance with the provisions of a Loan Agreement, MOE will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO, including the intended purpose and expected timing of such payments to be made by MOE. Upon request, MOE will provide similar information to the Minister of Finance.

- MOE acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment to the IESO, MOE will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a “Loan Agreement”; together, the “Loan Agreements”):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose (“Appropriated Funds”), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the “intercept provision”). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY’s support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance’s direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

Hi Lisa,

Could you please review the draft of 2017-18 OFA Lending Directive and provide your comments?

I also attach the OFA's Annual Borrowing and On-lending Plan 2017-18 which is expected to be approved by the Board during the OFA Board meeting on June 16, 2017. Please note that the new loan amount in the Borrowing and On-lending Plan doesn't include IO's new credit facility of $200 million which is a replacement of the existing credit facility but the Lending Directive includes this amount. The Borrowing and On-lending Plan focuses on new requirement of borrowing. If IO's credit facility will not increase the borrowing requirement (a replacement of the existing credit facility), it is not included in the borrowing plan. Let me know your opinion.

5. The OFA will charge interest on the each of the Loans determined in accordance with the OFA's Lending Policy as approved by the OFA Board of Directors (the "Loan Rate"); provided that the Loan Rate shall be comprised of

    a. The Province's total cost of funds, including commissions,to fund the Loan (the "Province's Cost of Funds"),

b. a two and one-half (2.5) basis point spread over the Province's Cost of Funds to recover the OFA's lending costs (the "Cost Recovery Fee"), and

OFA'S ANNUAL BORROWING AND ON-LENDING PLAN
FISCAL YEAR 2017-18

ISSUE

The OFA Lending Policy requires that the Board review the Annual Borrowing and On-Lending Plan and approve the OFA's cost recovery fee and proxy commercial interest rate spreads related to the OFA's on-lending activities to public bodies.

RECOMMENDATION

It is recommended that the OFA Board approve:

1. No change in the cost recovery fee of 2.5 basis points (bps) per annum on new loans to public bodies to cover costs related to upfront loan origination and on-going loan monitoring and administration; and
2. An increase in the maximum proxy commercial interest rate spread to 75 bps up from 65 bps in fiscal 2016-17. The following commercial interest rate spreads are to be assigned to different project risk ratings as:

   "C" Risk Rating: Province's cost of funds + cost recovery fee + 75 bps.
   "B" Risk Rating: Province's cost of funds + cost recovery fee + 50 bps.
   "A" Risk Rating: Province's cost of funds + cost recovery fee + 25 bps.

For those loans with a credit risk rating higher than a "C" Risk Rating, it is recommended that the OFA charge an additional credit spread premium that is reflective of the loan's risk profile.

It is further recommended that the OFA continue to conduct an annual review of both spreads to ensure that there are no significant long-term under/over recoveries that may require corrective action and the proxy commercial spread is reflective of credit market conditions.

COST RECOVERY SPREAD

- The OFA's Lending Policy requires the OFA to recover all costs related to the upfront and ongoing loan monitoring and administration of the OFA's lending activities.
- The OFA uses a basis points (bps) spread cost recovery methodology. The total costs are divided by the average loan portfolio balance to reach the cost recovery spread in bps.
- The calculation methodology reflects current realities of a mature loan portfolio, and it supports the OFA's recommendation to maintain the cost recovery spread for new loans at 2.5 bps per annum in fiscal 2017-18.
- The Ontario Internal Audit Division (OIAD) reviewed the calculation methodology in March 2017 and concluded that the bps spread calculation methodology proposed by the OFA was reasonable and appropriate.
- The cost recovery fee is charged as a basis points spread on the loan interest rate and recovered over the term of the loan. It is estimated that 2.5 bps is required to recover the costs of administering OFA loans in 2017-18.

	2012-13	2013-14	2014-15	2015-16	2016-17	2017-18E
Size of Loan Portfolio	$5.5 billion	$6.0 billion	$6.0 billion	$6.0 billion	$6.0 billion	$5.8 billion
Estimated FTEs	11.37	10.80	10.39	8.14	9.44	7.89
Cost Recovery Spread	2.5 bps	2.5 bps	2.5 bps	2.5 bps	2.5 bps	2.5 bps
Total Costs	**$1,665,713**	**$1,623,226**	**$1,443,454**	**$1,151,310**	**1,414,570**	**$1,233,150**
Cost Recovery Revenue	**$1,735,219**	**$1,875,800**	**$1,937,069**	**$1,921,531**	**$1,906,227**	**$1,863,679**
Cumulative Over/(Under) Recoveries	**($2,704,324)**	**($2,451,750)**	**($1,958,134)**	**($1,187,913)**	**(696,256)**	**(65,727)**

- On a cumulative basis, the OFA is still in an under-recovered position, due to a legacy of no recoveries at the inception of the on-lending program. However, it is expected this will shift to an over recovered position in 2018-19 as the cost recovery spread of 5 bps that was charged in earlier years of the program was too high.
- Although the OFA took corrective action early on to reduce the cost recovery spread to 2.5 bps, the annual over-recovery will persist until the loans that were charged 5 bps have been fully paid off.
- The revenues have remained relatively constant since the size of the loan portfolio has remained relatively stable. Over the next few years, the size of the loan portfolio is expected to slowly decrease since the school board loan program has come to an end. New loan issues may be surpassed by principal repayments on existing loans.
- The total costs for 2016-17 increased from a year earlier mainly due to the development of an in-house new loan system, the OFA Loan Management System (OLMS). More FTE equivalents were required to carry out the system development.
- The total costs for 2017-18 are expected to decrease from the previous year due to improved operational efficiency after the launch of the OLMS.

PROXY COMMERCIAL SPREAD

- The OFA Lending Policy requires the OFA to charge a proxy commercial interest rate spread for projects that are deemed commercial in nature, in order to better reflect the underlying risk of such projects. The spread is added to the Province's costs of funds and cost recovery fee and recovered over the term of the loan.
- The proposed 75 bps spread is arrived at based on a methodology used in the past two years, which analyzes various sources of long-term bonds with similar commercial risk profiles and constructs for either "A/A-" or "A/BBB" rated long-term bond indices.
- An average interest rate spread of the three indices over the Province's 20-year cost of funds is calculated and it is further reduced by 10 bps to convert the long-term interest rate spread to a medium-term interest rate spread as the average duration of OFA loans is approximately 10 years.
- With the appropriate interest rate spreads representing risks embedded in the loans, the borrowers should be more motivated to pay back their loans in a timely manner.
- As recommended, the maximum medium term interest rate spread is 75 bps versus 65 bps in F2016-17.
- In fiscal 2016-17, the total OFA retained interest from the proxy commercial spreads was $1,452,707, a 16% increase from a year earlier resulting from a relatively higher average outstanding amount of agency loans throughout the year. The agency loans are subjected to the proxy commercial spread charge as opposed to the school board loans for which only an administration fee is charged over the province's cost of borrowing.

Fiscal Year	Composite Medium-term Spread Over Province's Cost of Funds	Recommended Maximum Spread	OFA Retained Interest
2017-18	75 bps (recommended)	75 bps (recommended)	N/A
2016-17	65 bps	65 bps	$1,452,707
2015-16	70 bps	70 bps	$1,249,255
2014-15	45 bps	45 bps	$1,303,898
2013-14	54 bps	55 bps	$1,288,346
2012-13	55 bps	55 bps	$1,132,813
2011-12	52 bps	50 bps	$832,391
2010-11	50 bps	50 bps	$540,818

- Loans are deemed to be commercial in nature when generally less than 50% of the operating revenues generated by the underlying project are attributable to government sources. The OFA evaluates the project risk of these loans in order to establish a proxy commercial rate of interest. Two risk measures are used to evaluate the risk:

  1. The percentage of total project revenue attributable to government sources; and
  2. The average Debt Service Coverage Ratio (DSCR) of the project, where DSCR is defined as the number of times the average annual free cash flow generated over the term of the loan would cover the principal and interest payments of the associated debt.

- For a given "commercial" loan, each of these two risk measures are evaluated and assigned an overall project risk ranking as follows:

PERCENTAGE OF REVENUE FROM GOVERNMENT SOURCES

AVERAGE DSCR	LESS THAN 30%	GREATER THAN 30%
LESS THAN 1.35X	"C" Rating	"B" Rating
GREATER THAN 1.35X	"B" Rating	"A" Rating

Where: "C" Risk Rating = Province's cost of funds + cost recovery fee + 75 bps.
"B" Risk Rating = Province's cost of funds + cost recovery fee + 50 bps.
"A" Risk Rating = Province's cost of funds + cost recovery fee + 25 bps.

APPENDIX I: NOTES TO FINANCIAL STATEMENTS (UNAUDITED) FOR THE PERIOD ENDED MARCH 31, 2017

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies will generally be slightly higher than the rate charged on the advances from the Province to fund the loans ("the spread").

The OFA will generally retain a portion of the spread in order to recover the administrative costs of managing these loans. The spread retained by the OFA includes a cost recovery component and, where applicable, a proxy commercial interest rate spread. The inclusion of the proxy commercial spread results in an interest rate equivalent to what would be charged on the loan by a commercial lender and reflects the relative risk associated with the loan. During the year ended March 31, 2017, $3.5 million in interest rate spread revenue was recognized (2016 – $3.4 million) of which $2.1 million in receivable at year end (2016 – $1.7 million).

As at March 31, 2017, the principal amounts receivable by the OFA on behalf of the Province represent debentures and short term loans. In addition to the outstanding loans below, interest accrued on these loans amounted to $93.9 million (March 2016 – $93.6 million), of which $92.7 million (2016 – $92.6 million) will be flowed to the Province.

These are related party transactions, with the exception of those with the Corporation of the City of Windsor and the University Of Ontario Institute Of Technology.

Loans to Public Bodies by the Province:

The Centennial Centre of Science and Technology is a Crown agency of the Province under the *Centennial Centre of Science and Technology Act, 1990*. The loan made to fund the construction of the Agents of Change project matured in March 2017 and has been repaid in full.

Colleges of Applied Art and Technologies have been loaned $320.7 million (March 2016 – $221.5 million) for various campus projects including new and expanded student residences, computer equipment, parking facilities, and an energy saving capital project. These loans bear interest ranging from 1.32 per cent to 5.75 per cent and mature from 2017 to 2042.

The Corporation of the City of Windsor is a municipality within the meaning of the *Municipal Act*. The financing provided is for the acquisition, design and construction of the Windsor Justice Facility consisting of a provincial division courthouse and city police headquarters. This is a 20 year loan bearing interest at 6.41 per cent and maturing in March 2021. The outstanding balance is $8.1 million (March 2016 – $9.9 million).

The Independent Electricity System Operator (IESO) has been provided a maximum $975 million credit facility to primarily fund the Regulated Price Plan variance account. This credit facility has

been extended until November 30, 2019. IESO has drawn $81.2 million from this facility as of March 31, 2017 bearing interest rate at 0.81 per cent and maturing on April 24, 2017.

The Niagara Parks Commission, a Crown agency of the Province, operating under *Niagara Parks Act, 1990*, has been provided a loan of $4.5 million (March 2016 – $4.9 million) to finance additional capital costs incurred for the redevelopment of phase I of Table Rock House in Queen Victoria Park, Niagara Falls. This loan bears interest at 5.07 per cent and matures in April 2027.

The Ontario Lottery and Gaming Corporation (OLG) is a Crown agency of the Province under the *Ontario Lottery and Gaming Corporation Act*, *1999*, and has been provided loans totalling $33.7 million (March 2016 – $34.1 million) to fund several projects, bearing interest at rates ranging from 0.9 to 2.32 per cent and maturing from October 2017 to January 2018.

The Ontario Northland Transportation Commission (ONTC) is a Crown agency of the Province under the *Ontario Northland Transportation Commission Act, 1990*. ONTC's total borrowing of $2.5 million (March 2016 – $2.9 million) matures from 2020 to 2031 and bears interest ranging from 4.90 to 5.22 per cent.

The Royal Ontario Museum (ROM) is a Crown agency of the Province under a Special Act of the Ontario Legislature and has borrowed $26.0 million (March 2016 – $30.1 million) at floating rate, currently at 2.3 per cent. All outstanding loans are scheduled to be repaid by March 2027.

School boards have been provided loans under various programs beginning in 2006. During the year ended March 31, 2017, school boards were provided with additional loans and made semi-annual blended payments of principal and interest, leaving the total outstanding amount at $5,473.0 million (March 2016 – $5,611.9 million). These loans bear interest ranging from 2.43 to 5.38 per cent and mature from 2021 to 2042.

The Shaw Centre (formerly the Ottawa Convention Centre Corporation) is a Crown agency of the Province governed under the Ottawa Convention Centre Corporation Act, 1988, and has been provided a loan of $48.0 million (March 2016 – $45.9 million) for the purpose of providing term debt to finance part of the construction of the Shaw centre. This is a 25-year loan, bears interest at 4.67 per cent and matures in September 2036. Pursuant to a directive signed by the Minister of Finance on November 2, 2012, the Province provided Shaw Centre with a repayment deferral of principal and interest up to five years. Interest continues to accrue over the five year deferral period. The outstanding amount includes capitalized interest of $8 million.

The University Of Ontario Institute of Technology (UOIT) is a corporation established under the University of Ontario Institute of Technology Act, 2002. The Province has provided a five-year term loan of $5.5 million (March 2016 – $10.6 million) bearing an interest rate at 2.77 per cent and maturing in October 2017.

APPENDIX II:

COST RECOVERY SPREAD
OFA LOANS TO CONSOLIDATED PUBLIC BODIES

ISSUE

What cost recovery fee should the OFA charge on loans to public bodies in 2017-18?

RECOMMENDATION

It is recommended that the cost recovery spread remain unchanged at 2.5 bps given the estimated 2.3 bps it will cost the OFA to administer the loan program in 2017-18.

It is further recommended that the OFA continue to conduct an annual review to ensure the cost recovery methodology and interest rate spread is appropriate and that there are no significant long-term under-/over-recoveries that may require OFA management's corrective action.

- Although revenues continue to outpace costs, this is partially a revenue timing issue since loan origination costs are incurred upfront and recovered over the life of the loans.
- Loan initiation costs are not recovered upfront because the OFA does not charge an upfront fee, but uses a basis points spread cost recovery methodology. It is expected that these costs will be fully recovered over the life of the loans, assuming the loans remain in good standing and are fully repaid.
- On a cumulative basis, the OFA is still in an under-recovered position. However, it is expected this will begin to turn into an over-recovery in 2018-19 as the cost recovery spread of 5 bps that was charged at the inception of the program was too high.
- Although the OFA took corrective action early on to reduce the cost recovery spread to 2.5 bps, the cumulative over-recovery will persist until the loans that were charged 5 bps have been fully paid off.
- The rate of revenue increase peaked in 2014-15 and is declining gradually as growth in the size of the loan portfolio plateaus. Over the next few years, the size of the loan portfolio is expected to decline slowly as the school board loan program is coming to an end with the

last tranche being drawn in March 2017. It is expected that future new loan issues will be slightly outpaced by principal repayments on existing loans.

- The total estimate costs for fiscal 2017-18 are expected to be lower than those of fiscal 2016-17 because in 2016-17, extra costs were incurred to support the development of a new OFA Loan Management System (OLMS).
- The proportional FTE method is used for fiscal 2016-17 and 2017-18 for estimating overhead costs.

- The fiscal 2016-17 cost recovery fee estimation at the beginning of the year is revised at the end of the year based on additional information obtained.
- The assumption of $400 million new loan issuance at the beginning of the year is revised to $439 million which includes an unexpected credit line drawing of $ $230 million for the Independent Electricity System Operator (IESO). The additional new loan amount were partially offset by the reduction of the last tranche of school board loan issued in March 2017 from expected $200 million to $67 million.
- The FTE allocation for upfront costs is reduced by 0.84 to reflect the reduced activities of new loan issuance (without considering the IESO line of credit drawing).
- The salary and overhead costs are revised by taking fiscal 2015-16 as the expense base year. The salary costs are adjusted by an across the board salary increase in fiscal 2016-17 of 6.4%.
- A difference of $27,171 in cumulative under recoveries is identified, however it is not a significant amount to warrant a corrective action.

ESTIMATED COSTS

The total administrative costs for the OFA to carry out the loan program to public bodies were calculated as follows:

1. Determine the estimated number of FTEs required by each division/branch to fulfill the OFA's loan initiation or ongoing activities; and
2. Multiply the estimated number of FTEs by the average cost per FTE per division/branch involved in the loan program.

Below is a detailed breakdown of FTE estimates per division for both upfront costs and ongoing loan monitoring costs. For comparison purposes, estimates for fiscal 2016-17 and 2017-18 are shown below.

--- Exclude loans issued without cost recovery fee charges	5,258,584,854
Total cost recovery fee	**0.02345%**

The fiscal 2017-18 calculation of cost estimates considers:

1) Loan origination costs and loan monitoring costs were combined to arrive at the total estimate costs of $1.2 million which was divided by the estimated average loans under management which are subject to fee recoveries in 2017-18 to reach the annual cost recovery fee of 0.02345% or 2.3 basis points per annum.

2) The average overhead costs per FTE were estimated by having the total OFA overhead costs in fiscal 2015-16 divided by the total OFA FTEs of 165 and multiplied by an inflation factor of 1.02. Next, the average overhead costs were multiplied by estimated divisional FTEs to arrive at the overhead costs of $229,542.

3) The estimated salary costs were based on 2016-17 estimates and adjusted for an expected increase of 3.9%.

4) The development of the new OLMS system in 2016-17 and its subsequent launch on April 5, 2017 effectively reduces the FTE counts for fiscal 2017-18, especially in the OFA IT group, that is, the Strategic Corporate Services Branch.

ESTIMATED REVENUES

- Assuming the OFA Board approves keeping the cost recovery spread at 2.5 bps based on the calculations above, estimated revenues are expected to be $1.9 million in 2017-18.
- Fiscal 2017-18 revenues are based on average loans under management which are subject to fee recoveries as not all of the $336 million in expected new loans will be issued at the beginning of the year.
- The new loan forecast for fiscal 2017-18 is lower than the previous year as the school board loan program has come to an end in fiscal 2016-17.
- The loan portfolio is expected to decrease slightly to $5.7 billion at end of year 2017-18 and average loans under management are assumed to be $5.8 billion throughout the year.
- The current estimate assumes that all of the $336 million in expected loans in 2017-18 will be advanced. Although this is a prudent assumption, experience has shown that the actual amount of loans advanced in a given year could be slightly more or less than what was forecasted.
- For fiscal 2016-17, the actual revenue recovered was $1,906,227, slightly lower than the estimated cost recovery revenue of $1,916,997.

BACKGROUND

- In 2007, Treasury Board approved the “Financing Public Bodies” initiative where the OFA is mandated to provide long-term financing for consolidated public bodies, including school boards, colleges, and hospitals, as well as corporations, boards, and commissions that borrow as agents of the Crown. The OFA was also directed by Treasury Boards to charge a cost recovery rate for this loan program.
- The OFA Lending Policy requires the OFA to conduct an annual review to ensure that the cost recovery methodology and interest rate spread is appropriate and that there are no significant long-term under-/over-recoveries that may require OFA management’s corrective action.

- In fiscal 2016-17, a simplified cost recovery fee calculation methodology was proposed and approved by the OFA Board of Directors and reviewed by the Internal Audit Division (IAD).
- The same fee calculation methodology is proposed for fiscal 2017-18 as no significant change is expected for OFA to manage new loan issuance and ongoing loan administration in the coming fiscal year.

APPENDIX III:

PROXY COMMERCIAL INTEREST RATE SPREADS ON LOANS TO PUBLIC BODIES

ISSUE

What is the maximum proxy commercial interest rate spread the OFA should charge on loans to public bodies where the underlying activity is commercial in nature?

RECOMMENDATION

It is recommended that maximum proxy commercial interest rate spread for “commercial” loans be increased to 75 basis points (bps) for fiscal year 2017-18 from the previous year spread of 65 bps.

ANALYSIS & RATIONALE

The reasons for the change are as follows:

1. The methodology for calculating proxy commercial interest rate spreads is the same as that used for the prior year through examining and analyzing long-term bonds with risk profiles similar to loans to public bodies in order to reflect the risk factors of today’s complex “commercial” projects undertaken by public bodies.
2. The proposed 75 bps spread is arrived at based on a calculation methodology which analyzes various sources of long-term bonds with similar commercial risk profiles and constructs for either “A/A-“ or “A/BBB” rated long-term bond indices. An average interest rate spread of three indices over the Province’s 20-year cost of funds is calculated, which is then converted to a spread over medium term Ontario bond. The average duration of OFA loans is estimated at 10 years.
3. The three constructed indices are comprised of the Casgrain three month average (February to April 2017) of PPP (Public Private Partnership) index based on 24 projects in Canada with “A” range PPP credit, the average of 5-year composite indices of Canada Utility A and Corporate BBB, and the Ontario Quasi-government entity long-term bond index. The details are provided in Schedule I: Proxy Commercial Interest Rate Spread Calculation.
4. The interest rates on loans deemed to be commercial in nature should reflect major risk factors in the credit markets, while shielding public bodies from extreme short-term volatility. The credit spread on the average of indices of comparable bonds is 75bps over the Province’s credit spreads.
5. With the appropriate interest rate spreads representing risks embedded in the loans, the borrowers should be more motived to pay back loans.

The Province’s spread over the government of Canada (the benchmark) was narrowed over the past year, and the spread of commercial long-term bonds over the benchmark has slightly widened which results in the OFA’s need to increase its maximum proxy commercial interest rate spread to 75 bps from 65 bps. For those loans with higher than usual credit risk, it is recommended that the OFA charge an additional credit spread premium that is reflective of the loan’s risk profile.

It is further recommended that the OFA continue to re-evaluate and monitor the proxy commercial interest rate spreads as credit spreads have varied significantly over the past few years.

In fiscal 2016-17, the total OFA retained interest from the proxy commercial spreads was $1,452,707, a 16% increase from a year earlier resulting from a relative higher average outstanding amount of agency loans throughout the year. The agency loans are subjected to the proxy commercial spread charge as opposed to the school board loans for which only an administration fee is charged over the province's cost of borrowing.

Fiscal Year	Composite Medium-term Spread Over Province's Cost of Funds	Recommended Maximum Spread	OFA Retained Interest
2017-18	75 bps	75 bps (recommended)	N/A
2016-17	65 bps	65 bps	$1,452,707
2015-16	70 bps	70 bps	$1,249,255
2014-15	45 bps	45 bps	$1,303,898
2013-14	54 bps	55 bps	$1,288,346
2012-13	55 bps	55 bps	$1,132,813
2011-12	52 bps	50 bps	$832,391
2010-11	50 bps	50 bps	$540,818

Identification of Appropriate Credit Spread

- "Commercial" projects undertaken by public bodies exhibit qualities and characteristics that could be considered similar to those of quasi-government PPP projects.
    - The public and private partnership feature gives PPP projects a quasi-government structure; and
    - There exists government guidance for project initiation, planning, controlling, executing and closure.

- The commercial risk spread identified through composite indices of comparable 'A or A/BBB' rated bonds is considered to be an appropriate index for measuring the risk of commercial projects undertaken by public bodies.

Approach in Setting Appropriate Credit Spread

- Establish a proxy commercial interest rate spread based on the risk of the project using two risk measures to evaluate project risk:
    i) the percentage of total project revenue attributable to government sources; and
    ii) the average debt service coverage ratio (DSCR) of the project.
- As illustrated in **Table A**, below, a project would fall into one of three different overall project risk categories depending on its risk measure scores: "A", "B", or "C" risk ratings

Table A – Overall Project Risk Rating

AVERAGE DSCR	PERCENTAGE OF REVENUE FROM GOVERNMENT SOURCES: LESS THAN 30%	PERCENTAGE OF REVENUE FROM GOVERNMENT SOURCES: GREATER THAN 30%
LESS THAN 1.35X	"C" Rating	"B" Rating
GREATER THAN 1.35X	"B" Rating	"A" Rating

- The interest rate spreads assigned to different project risk ratings are:
    - **"C" Risk Rating**: Province's cost of funds plus cost recovery charge plus 75 bps.
    - **"B" Risk Rating**: Province's cost of funds plus cost recovery charge plus 50 bps.
    - **"A" Risk Rating**: Province's cost of funds plus cost recovery charge plus 25 bps.

MINISTER OF FINANCE

INDEPENDENT ELECTRICITY SYSTEM OPERATOR CREDIT FACILITY

To: Ontario Financing Authority ("OFA")

Whereas:

Under the *Capital Investment Plan Act, 1993* ("CIPA"), the OFA provides financing to public bodies as directed by the Minister of Finance.

The Independent Electricity System Operator ("IESO"), a public body for the purposes of CIPA, has requested funding from the OFA to support the IESO's role in the implementation and administration of the *Ontario Fair Hydro Plan Act, 2017* (the "OFHP").

In order to fulfil the Province's commitments under the OFHP, it is desirable for the Minister of Finance to provide direction to the OFA to provide a revolving credit facility for the purposes of providing short to medium term financing related to the OFHP.

Therefore:

Pursuant to sub-section 16(2) of CIPA, the OFA is directed to lend to the IESO under a revolving credit facility (the "Line of Credit") for the purpose of short to medium term financing related to the IESO's implementation of the OFHP, an aggregate principal amount of up to CAD $2 billion.

The Line of Credit shall be subject to the following terms:

- The Line of Credit shall be evidenced by an agreement between the IESO and the OFA containing terms and conditions consistent with this Directive (the "Credit Agreement").

- Interest on the Line of Credit shall be payable at a rate equal to the Province's cost of funds based on the terms of the Credit Agreement, and as determined by the Chief Executive Officer of the OFA or the Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA, or a person designated by either of them, plus a twenty-five (25) basis point spread.

../2

- All amounts outstanding under the Line of Credit shall be repaid in full on or before the date no later than September 30, 2022.

- The Line of Credit shall be subject to such other terms as the OFA deems appropriate from time to time.

William Tan 11:13 AM:
Hi Lisa
i agree with having a call.
Should i include Mike and Ken?
Mike says the unsecured loan makes sense but it doesn't hurt to have a call.

Lisa Stein 11:14 AM:
business decision

William Tan 11:14 AM:
I am little confused here, yes its unsecured but so is every loan issued by the OFA to a public body so not sure why the risk associated with this loan is greater or for that matter lower than the loans currently in the OFA's loan book.

As such, this should be treated exactly like all the other loans. Note that the IESO is fully consolidated with that of the Province so loans issued by the OFA to IESO will be a wash upon consolidation.

Thanks and I am cc'ing Siva and John the former is responsible for the OFA and the latter for the implementation of the Fair Hydro plan.

I require Mike's decision in writing

Section 3.3 (6) &(7) is included in the FHP.
sorry the about the emicon.
Section 3.3. 6 & 7 is included in the FHP.
But not in the Amending Agreement No. 10.
Also, Section 4.6 Negative Pledge seems to be all there except for the mention of "material subsidiary".

William Tan 11:53 AM:

also, with todays update to the FHP, do I need to provide an explanation, or is this considered standard legal language?

Lisa Stein 11:59 AM:

You don't need to provide an explanation for today's update.
Please send me this type of information by e-mail next time (re amending agreement)
Just note to the IESO that we added an "entire agreement" clause.

sure will do.

Subject:	OFA Credit Facility to IESO - reduction from $975-$475
Date:	Tuesday, July 18, 2017 9:37:25 AM
Attachments:	RE IESO OFA new FH credit facility.msg

Hi Toby,

Hope you are having a good summer. Lisa is away and I am trying to move the IESO credit facility agreements forward in her absence. I understand that you have been involved in the new $2 billion line to fund the FHP. We are expecting feedback from IESO on that agreement in the next week or so, but in the meantime an issue has come up in respect of the "use of proceeds" under the other credit facility (the one being reduced to $475).

IESO has requested that the "use of proceeds" clauses in the Credit Facility be amended to simply permit borrowing for any purpose authorized by the Regulation. The IESO is currently using this line to fund FHP (which is permitted). In my view this would still be permitted under the reduced line even without the proposed change to the use of proceeds.

I am forwarding you an e-mail (attached) which includes what the ask is, the language in the current use of proceeds section, what the Regulation says and what the act permits. I am also forwarding (below in this e-mail) Sarah Harris' good summary of where all the loose ends have been tied up or remain loose. I realize you did not advise on this aspect of the FHP financing but I thought it might be prudent for you to be aware of this dynamic in the context of the $2billion line, in the event that what is being proposed is somehow problematic or inconsistent with what was envisioned/approved. I don't expect so, but want to make sure we are covering the basis.

Please let us know if you have any concerns or issues we should be aware of.

Thanks very much,

Sarah

Subject: RE: IESO Directives

Hi Sarah (N) and Will,

I am just back from vacation, but came back to have my son's foot fractured. As such, I will be at the fracture clinic this morning.

From what I can briefly reading the history in the past couple of days, as well as drawing on the history of this file, my comments are:

1) There was no directive put forward to reduce the size of the credit facility, as we (including Lisa S.) collectively agreed that no directive was required to 'reduce' the size of the facility. This was a request from IESO, and we are accommodating it.

2) Given that IESO's legal counsel were "tied up with higher priority matters" than getting both the new FHP facility and the amendment in place by July 1st, Lisa, Salman, Anthony (IESO), Will and I discussed reducing the size of the existing credit facility prior to putting the new $2B facility in place so that we don't go over the 'global' intended limit of $2.475B. In discussing this, Salman confirmed that the existing credit facility could be used to funding timing variances under the existing Regulation. In all of our discussions, there have been no conversations with IESO about overtly changing the Use of Proceeds under the existing facility, nor was any direction given on this matter.

   If changing the Use of Proceeds is something IESO wishes to do (given that there have been draws from timing differences under the existing facility – Will, please confirm if this is correct), then I suggest we have a call with IESO to discuss this option. We should internally have a quick meeting or call prior to the discussion with IESO.

   I am working from home today, and just about on my way to the fracture clinic. If possible this morning, might I suggest a quick internal meeting with Gavin (I don't need to be there) this morning to agree on the OFA's preferred direction, and then a call with Anthony this afternoon, if possible. Ultimately the Use of Proceeds is Electricity Finance's decision on whether/how to change it.

Thanks,
Sarah H

Hello William and Gavin:

For the purposes of coming to a decision on the question of the use of proceeds, I thought it might be helpful to consolidate all the different moving parts into one document.

Current Use of Proceeds under the Credit Facility (as amended on December 19, 2014 by Amendment No. 8):

Section 1 was amended to add the following definition of "Regulation" means O. Reg. 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time.

2.3 Use of Proceeds:

Up to the effective time of Amalgamation, the OPA shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 423/04 made under the Electricity Act, subject to the following conditions:

(1) effective as of December 31,2013, the proceeds of Advances may be used only for liquidity purposes and to temporarily fund corporate requirements; and,
(2) with the exception of funds borrowed solely for the purposes of funding the payment of amounts payable by the OPA under section 25.33 of the Electricity Act, the OPA is expected to recover or repay such proceeds over a period of no more than 12 months from the date of the Advance.

From and after the effective time of the Amalgamation: (a) New IESO shall use the proceeds of Advances only as authorized by the Regulation, and, to the extent not inconsistent with the Regulation, for purposes and requirements in relation to the operations and activities of the OPA prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO following the Amalgamation; and (b) the following conditions will apply:

(1) the proceeds of the Advances may be used only for liquidity purposes and to temporarily fund corporate requirements; and
(2) with the exception of funds borrowed solely for the purposes of funding the payment of amounts payable by New IESO under section 25.33 of the Electricity Act, New IESO is expected to recover or repay such proceeds over a period of no more than 12 months from the date of the Advance.

Proposed Change to Section 2.3 Requested by the IESO

The IESO has requested that the above be deleted in its entirety and replaced with the following:

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time.

Comments:

(1) The "Pre-Amalgamation" structuring language is removed. Are there any implications arising from this related to existing loans?

(2) The "Post-Amalgamation" structuring which tied borrowing to the purposes and requirements in relation to the operations and activities of the OPA prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO following the Amalgamation has also been removed along with the additional conditions set out sub-paragraphs (1) and (2). Does this cause any concern in respect of how the Credit Facility operates?;

(3) The reference to the Regulation can be abbreviated to simply "Regulation" given the addition of the defined term in Amending Agreement No. 8

(4) I note that the condition in sub(2) is phrased not as an obligation but an "expectation". It appears to have an intended purpose of restraining the renewal of certain advances beyond 12months. I do not know the rationale for its inclusion (this language was added in Amending Agreement 8). The Regulation and the Act, at least as they apply now, do not appear to require this (see below). I also note it is not drafted as an enforceable restriction or constraint in other relevant sections of the Agreement (as amended) e.g. in Section 3.3 which details the requirements for "Elections Regarding Advances" or in the Borrowing Notice, and there is no required related disclosure in respect of the Borrowing Notice for Renewed Advances. Is this possibly a requirement in the SIPP or the Minister's Directive, if there is one? I note that our file contains drafts of a reduction specific Minister's Directive which includes the following rationale for the reduction in the Credit Facility: "The IESO has requested that that the OFA decrease the maximum aggregate amount of the Loans from $975 million to $475 million to eliminate duplicate credit needs for the purpose of the implementation of the *Ontario Fair Hydro Plan Act, 2017"* but this language is flagged as requiring confirmation and I have no final version of the directive in the file, was this abandoned?

I note that the letter from the IESO to Gadi, requesting the $2 billion line, notes that the $975 credit facility is currently being used but the separate line is being requested for the following reason: "The IESO proposes that a separate and additional credit facility be provided by either the OFA or [the OEFC] to support only the FHP credit needs. A separate facility for the FHP is preferable to ensure operational efficiency and interest tracking" and goes on to state "The above $500 million reduction in the current OFA facility is to eliminate duplicate credit needs and reflect the replacement of the current RPP by the new FHP". If there is concern about adopting the IESO's broad use of proceeds language that it will continue to borrow for FHP once the FHP agreement is in place, is one option to replicated the Pre- and Post- Amalgamation structure in Amending Agreement 8, allowing the line to be used until the FHP Credit Facility is not place but not after? This would not impact on timing of the agreements and would provide for the transition.

Regulation 280

Hello Gavin,

The first draft of Amending Agreement 10, that went to IESO had no changes to "Use of Proceeds". IESO proposed changes to "Use of Proceeds". Upon further review I discovered that "Use of Proceeds" in Amending Agreement 8, had very specific wording. I have drafted some proposed language but also wanted to bring to your attention the differences in language IESO has proposed compared to Amending Agreement 8. If you accept Documentation draft language for "Use of Proceeds" please reply to my email sent on Sunday 7/16/2017 at 2:38pm.

I have included the language from Amending Agreement 8, for your convenience.

IESO Proposed:

4. Delete Section 2.3 "Use of Proceeds" of the Credit Agreement and replace it as follows:

"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time."

Documentation draft 2 version:

4. Delete Section 2.3 "Use of Proceeds" of the Credit Agreement and replace it as follows:

"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998,* as such regulation may be amended or replaced from time to time.

The IESO is expected to recover or repay the proceeds for each Advance over a period of no more than 12 months from the date of such Advance" .

Amending Agreement 8:

From and after the effective time of the Amalgamation: (a) New IESO shall use the proceeds of Advances only as authorized by Regulation, and, to the extent not inconsistent with the Regulation, for purposes and requirements in relation to the operations and activities of the OPA prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO follow the Amalgamation; and (b) the following conditions will apply

"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998,* as such regulation may be amended or replaced from time to time and subject to the following conditions:

(1) the proceeds of Advances may be used only for liquidity purposes and to temporarily fund corporate requirements; and

(2) with the exception of funds borrowed solely for the purposes of funding the payment of amounts payable by IESO under section 25.33 of the Electricity Act, IESO is expected to recover or repay such proceeds over a period of no more than 12 months from the date of the Advance. "

Thanks,

Will

Hi

I think I'm in agreement Sarah's comments on the $475M. My understand is that the $475M will be used for certain day-to-day non-OFHP IESO purposes, but is also currently used for OFHP purposes, per the amended language in Reg. 280/14 attached. But the use of proceeds for the $475M facility is not and can't be restricted to use for OFHP.

Will, I have no objection to adding in the condition on timing of repayment that you drafted to be consistent with previous agreement

> *"The IESO is expected to recover or repay the proceeds for each Advance over a period of no more than 12 months from the date of such advance."*

I don't know much about the history around paragraph 2, but I take Sarah's point and that makes sense if a change of the current obligation was not contemplated or agreed to.

Will, in regard to your question about the IESO striking out the paragraphs that refer to the original $500M agreement and the subsequent increase to $975M, I have no objection to having these struck. It seems to me that it's a bit more streamlined to get straight to "facility is currently $975M and we're reducing it to $475M". However, I don't know what the convention is regrading maintaining the complete history.

I am away for the next two weeks, but Gavin will be here and could attend a meeting as necessary.

Thanks
Bruno

Hi Sarah and Bruno – Sarah, just got your voicemail indicating you are out of office until the 18th.

It seems we have a chicken and egg situation here. My understanding from Lisa had been that it was

important for the $475 line to be executed first in the process to ensure that borrowing limits were maintained, but it appears given the borrowing for OFHP that has already been done under that line, that can't be done if the use of proceeds under the $475 line restricts use for OFHP. Ultimately (assuming the Regulatory authorities are as stated below by IESO, which I will need to parse through, and further assuming there is nothing in the approval framework under which the OF is operating that requires the $975/475 line to prohibit OFHP borrowing, which I will also have to parse through) then this is a business decision. Is timing such that we could have a meeting with everyone involved when you are back to work next week, Sarah, to sort through these questions and make sure we are all on the same page, or is there a greater urgency here?

With respect to other substantive issues on the IESO's mark-up of amendment 10, the only significant issue I have noted is that paragraph 2 should be reverted back to the original language. The changes made by IESO contemplate that the actual signed grid note will be an attachment to the amending agreement. This is not correct. The obligation in the amendment is to deliver a signed note. The signed grid note needs to be delivered on closing prior to any advance, the form of the grid note to be delivered is what is set out in the schedule to the amending agreement. If the actual grid note is attached it becomes part of the agreement and whenever the grid needs to be updated that will be a further amendment to the agreement requiring signature of both parties, the IESO proposed structure could also potentially lead to enforcement issues.

Please let me know if you are amenable to a meeting next Tuesday to work through next steps and our response to the IESO's position below.

Hi Bruno:

1. Re your question about Reg. 423/04 being replaced with Reg. 280/14, this already occurred at the beginning of January 2015 when IESO and OPA amalgamated and the new IESO entity became subject to Reg 280/14 as of that date, together with certain additional restrictions - see section 2 of Amending Agreement #8 for further details.
2. I agree that, as drafted, the OFHP facility clearly restricts funds drawn to use exclusively for implementation of OFHP. As for the $475M facility, as proposed in our draft of Amendment #10, the Use of Proceeds clause would not prevent IESO from drawing on it with respect to OFHP because Reg. 280/14 was recently amended to allow IESO "To provide such funds as may be required for the purposes of the Ontario Fair Hydro Plan Act, 2017..." (see s.3(2)5 of the Reg. 280 for the full text). So if the intent is to only allow OFHP borrowing to occur under the new $2Bn line and not at all under the $475M line, then the Use of Proceeds clause in the $475M line would have to be changed to expressly exclude borrowing for OFHP purposes. As Anthony has mentioned, he is currently using the $975/$475M line to fund OFHP variances, so this would presumably end only once the $2Bn line is available. In this regard, it would seem to make sense to sign and bring into effect the new OFHP line before or at the same time that any restrictions on the existing line take effect.

Let me know if you have any other questions.
Regards,
Victor

Hi Victor

Could you confirm (or not) my understanding of couple of things with respect to the attached markup you provided.

1. In terms of Item 4., Use of proceeds. My reading is that this is amendment updates to Reg. 280/14 IESO: *Eligible Investments and Borrowing* replacing Reg. 423/04 *OPA, Eligible investments and Borrowing,* which is revoked. But that otherwise the regulations are largely similar.

2. The use of proceeds, for the reduced $475M facility is different from the new $2B facility. I.e., The latter is specifically covering timing difference with regard to IESO's role in administering the OFHP. The previous $975M facility was reduced as some of the use of proceeds for that facility are now covered by the new $2B facility. There is a differentiation in the use of proceeds for the amended $475M facility – as described in Reg 280/14 – from the use of proceeds for the $2B facility.

Thanks for your help

Hello Anthony,

Please find the attached Amending Agreement 10. If comments for the FHP Credit Facility is not possible this week, would it be possible to have the Amending Agreement 10 signed along with an updated Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy) first? This is necessary to reduce the existing credit facility from $975 million to $475 million to eliminate duplicate credit needs.

Hi Will,

Please find attached amending agreement #10 with the latest updates. We should still wait to send these to IESO until we know how we are going to proceed regarding the intercept provisions.

On another note, have the borrowing notice and election notice already been updated to reflect the new credit facility agreement notice language?

Thanks,

Lisa

INDEPENDENT ELECTRICITY SYSTEM OPERATOR

Commented [LS7]: Note to Sarah/Will – Please ensure that you provide IESO with actual completed Grid Note; this is just the form

Commented [VB8]: The term "Note" is not defined in the Agreement as far as I can tell, having checked all amendments. It occurs 6 times on this page. In the 2nd para, the term "grid promissory note" is also used and means the same thing. These should be consistent. "Note" should be defined, or we could use "Grid Note" throughout, but again it's preferable for it to be defined in some manner.

Commented [LS9]: "Grid Note" now defined in s. 3.2 of Credit Agreement.

Commented [LS10]: NTD: Consistent with FHP credit facility language; is this accurate or would you prefer to use "Grid"?

Commented [VB11]: The original 2005 agreement is not defined as or entitled "Credit Agreement", so this occurrence should be lower case.

Commented [LS12]: "Grid Note" now defined in s. 3.2 of Credit Agreement.

Commented [LS6]: Note to Sarah/Will – Please ensure that you provide IESO with actual completed Grid Note; this is just the form

Commented [VB7]: The term "Note" is not defined in the Agreement as far as I can tell, having checked all amendments. It occurs 6 times on this page. In the 2nd para, the term "grid promissory note" is also used and means the same thing. These should be consistent. "Note" should be defined, or we could use "Grid Note" throughout, but again it's preferable for it to be defined in some manner.

Commented [LS8]: "Grid Note" now defined in s. 3.2 of Credit Agreement.

Commented [LS9]: NTD: Consistent with FHP credit facility language; is this accurate or would you prefer to use "Grid"?

Commented [VB10]: The original 2005 agreement is not defined as or entitled "Credit Agreement", so this occurrence should be lower case.

Commented [LS11]: "Grid Note" now defined in s. 3.2 of Credit Agreement.

Subject: OFA lending policy re security
Date: Friday, August 04, 2017 12:31:58 PM

Hi Toby,

After discussing this matter with Sarah Neville, I wanted to share with you some additional information pertaining to the structure of the OFA loan to IESO re: OFHP. While this information adds context, it doesn't address the ultimate policy question of whether an unsecured loan is appropriate (based on the extent of the insolvency risk) for this regulatory asset. This is a question best addressed by the business/policy people in CEFD.

The current draft FHP Credit Facility Agreement is consistent with the OFA Lending Policy (last revised and approved April 16, 2010 – *status to be confirmed*), which provides that except where otherwise directed by the Minister of Finance, Treasury Board or Cabinet, the OFA will generally lend on an unsecured basis (apart from the intercept provision) in respect of loans made by the OFA to public bodies (pursuant to O.Reg. 632/94, the IESO is a "public body" for the purposes of CIPA). As such, the structure of this loan as set out in the draft agreement is consistent with the Policy (subject to my note below re: intercept provision). In my review of the supporting policy documentation, including the LRC minute, I didn't see any reference to a secured lending structure and I'm not aware of any direction requiring this to be a secured loan.

In terms of the intercept provisions (which as you know are required pursuant to s. 23 of CIPA), it is unclear whether adding such provisions to the FHP credit facility agreement will provide further comfort. Do you know if there is currently an agreement in place between the Ministry of Energy and the IESO agreeing that the Minister of Finance is entitled to deduct from money appropriated by the Legislature for payment to the IESO amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this loan agreement? Is this something to be further discussed with Energy? Is this a moot point? I would appreciate your thoughts on this issue.

Happy to discuss further,

Lisa

Subject: OFHP - June 28 meeting summary
Date: Monday, July 10, 2017 4:55:09 PM

Hello all,

Below is a number of topics discussed internally and eventually with Anthony of IESO.

IESO has not completed its review of the documents relating to the new OFHP Credit Facility Agreement and Amending Agreement 10 (existing IESO OFA Credit Facility) by July 1. (Update: First round of IESO draft comments for Amending Agreement 10 was received on July 7) As a result, the new and existing credit facilities will not be in place in time of the targeted set-up date of July 1. According to Anthony Martinello of IESO, their legal department has a number of competing issues and limited resources. Anthony, estimated that the Amending Agreement 10, would be completed mid-July and new credit facility would be completed by the end of July. IESO is currently drawing on the existing credit facility categorized as Regulated Price Plan (RPP) under the FHP related financing and does not plan to exceed $475 million.

IESO's request for a new FHP $2 billion Credit Facility was predicated on the reduction of the existing credit facility by $500 million dollars. This information was included in the briefing material (LRC Approval Form) to assist the Ministry of Finance in its decision to approve the order in council and directive.

In order to proceed in a manner consistent with the FHP loan framework presented to the Minister of Finance (i.e. an existing credit facility reduced to $475M plus a new $2B FHP credit facility, with a combined limit of $2.475 B), IESO and OFA agreed that we will reduce the existing credit facility from $975 million down to $475 million before completing the new $2 billion credit facility.

Reducing the $975M credit facility first mitigates, the possibility of IESO exceeding the $475 million revised borrowing limit requested by IESO on the existing credit facility, and ensures that the total $2.475B 'borrowing limit' for FHP purposes is not exceeded. Anthony has also noted that IESO has an existing credit facility with TD Bank. In the unlikely event of IESO exceeding borrowing requirements of $475 million between now and execution of the of the amending agreement, IESO indicated they would use their other credit facility at TD Bank instead to bridge the funding gap until such time as the new $2 billion credit facility is in place. It was also internally agreed that that in the event IESO does exceed $475 million before the existing credit facility is reduced, the remedy would be to reduce the $2 billion credit facility by the same amount.

Date:	Tuesday, June 20, 2017 1:26:56 PM

Hi Toby and Salman,

May I ask both of your assistance in defining the use of proceeds from the IESO credit facility below?

Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 423/04 made under the Electricity Act, 1998, subject to the following conditions:

(1) Proceeds of Advances may be used only for liquidity purposes and to temporarily fund corporate requirements; and,

(2) With the exception of funds borrowed solely for the purposes of funding the payment of amounts payable by the IESO under 25.33 of the Electricity Act, 1998, the IESO is expected to recover or repay such proceeds over a period of no more than 12 months from the date of the Advance."

Toby, once Lisa has finished reviewing the IESO credit facility, I will implement her suggested changes and then circulate the draft for your review and comment.

I reviewed the draft Promissory Note against the OIC, and noticed a discrepancy in the wording used in s. (d)(i) of the Prom Note. I have amended it (attached) to align with the wording in the OIC.

I've cc'd Toby since he is also reviewing this – Toby, could you please let me know if you are okay with this change, or would like to discuss?

Promissory Note

For value received, the Ontario Financing Authority (the "Borrower") promises to pay to Her Majesty the Queen in right of Ontario as represented by the Minister of Finance, Province of Ontario (the "Lender") at the City of Toronto in lawful money of Canada, the lesser of:

(i) Two Billion Dollars; and

(ii) the aggregate unpaid principal balance of all advances made by the Lender as recorded on the reverse of this note or on any attachment described below;

at such time and on such other terms and conditions including the payment of interest as follows;

(a) the Borrower shall be entitled to advances of the loan (an "Advance") in such amounts and at such times as it requires provided that the aggregate amount advanced shall not exceed Two Billion Dollars;

(b) the Borrower shall be entitled to repay Advances either in whole or in part and at such time or times as it determines provided that all Advances plus any accrued interest shall be fully repaid by December 31, 2047;

(c) the Borrower shall be entitled to use the loan as a revolving credit facility allowing for successive advances of moneys repaid under the loan; provided that the maximum principal amount of the loan outstanding at any time shall not exceed Two Billion Dollars;

(d) the Borrower shall pay to the Lender interest on each Advance at a rate which is determined as follows

(i) from the date of Advance to (but excluding) the date of repayment the Borrower shall pay to the Lender interest on the Advance at a per annum rate equivalent to the yield earned on ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for longer than ninety days ~~or longer~~, the interest rate shall be reset on the last day of each ninety day period (the "Reset Date") to the yield earned on ninety day Province

of Ontario treasury bills immediately preceding ~~on~~ the Reset Date as determined by the Province;

(ii) in the event that moneys included in an Advance are subsequently loaned by the Borrower to third parties for the purposes contemplated in the Act, (a "Third Party Loan") the rate of interest payable by the Borrower to the Lender on the portion of the Advance so loaned shall be adjusted at the option of the OFA effective as of the date of the Third Party Loan so that the per annum rate of interest payable by the Borrower on such moneys is equivalent to either:

(A) the per annum rate of interest payable to the Borrower under the Third Party Loan, or

(B) the per annum rate of interest payable to the Borrower under the Third Party Loan less an amount not exceeding 25 basis points,

rather than the rate specified in subparagraph (i), until (but excluding) the date on which the Third Party Loan is repaid to the OFA, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently loaned to third parties again, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Lender on that portion of the Advance included in any subsequent loan, and so on, until the Advance shall be repaid to the Province in full;

(e) despite subparagraphs (c)(ii) and (iii) in the event that no interest is payable to the Borrower under a Third Party Loan, no- interest shall be payable by the Borrower on the portion of the Advance so loaned and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period;

Commented [WT1]: Lisa, what type of additional written authorization is required for the Minister to specify 'the amount determined by the Minister of Finance" or is this handled by the Directive that is being drafted?

(f) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(g) despite paragraph (b), interest on any portion of an Advance made to the Borrower under the loan that is loaned by the Borrower as a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the Borrower receives payment of interest under the relevant Third Party Loan; and

(h) despite paragraph (b), any portion of the principal of an Advance made to the Borrower under the loan that is loaned by the Borrower as a Third Party Loan shall become payable only to the extent the Borrower receives repayment of principal under the relevant Third Party Loan.

The undersigned authorizes the Lender to record on the reverse of this note or on any attachment to this note all advances, repayments and prepayments of principal and interest and the unpaid balance of principal from time to time. The undersigned agrees that in the absence of manifest error the record kept by the Lender on this note or any attachment shall be conclusive evidence of the matters recorded, provided that the failure of the Lender to record or correctly record any amount or date shall not affect the obligation of the undersigned to pay the outstanding principal amount of the Advances and interest.

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently used to fund loans to third parties, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Province on that portion of the Advance used to fund such loan, and so on, until the Advance shall be repaid to the Province in full;

(iv) despite subparagraphs (ii) and (iii), in the event that no interest is payable to the OFA under a Third Party Loan, no interest shall be payable by the OFA on the portion of the Advance so used and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period.

(e) despite paragraph (b) of this Order, interest on any portion of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the OFA receives payment of interest under the relevant Third Party Loan;

(i) de la date où elle a été faite jusqu'à la date (non comprise) de son remboursement, l'avance portera intérêt à un taux annuel équivalant au rendement gagné sur des bons du Trésor de la province de l'Ontario de quatre-vingt-dix jours à la date précédant la date de l'avance fixée par la province, pourvu que ce taux d'intérêt soit rajusté le dernier jour de chaque période de quatre-vingt-dix jours (« date de rajustement ») selon le rendement gagné sur de tels bons du Trésor immédiatement avant la date de rajustement pour une période de quatre-vingt-dix jours décidée par la province, si l'avance est impayée pendant plus de quatre-vingt-dix jours;

(ii) dans l'éventualité où l'OOF se servirait de sommes comprises dans une avance pour financer des prêts à des tiers, le taux d'intérêt à payer par l'OOF à la province sur la partie de l'avance ainsi utilisée sera rajusté à la date à laquelle la partie de l'avance sera utilisée pour le financement du prêt à un tiers de façon que le taux d'intérêt annuel à payer par l'OOF sur de telles sommes soit équivalent à ce dernier taux moins un montant que pourra fixer le ministre des Finances à l'égard d'un tel prêt ou d'une telle catégorie de prêt, jusqu'à la date (non comprise) à laquelle le prêt à un tiers sera remboursé, date à laquelle le taux d'intérêt établi au sous-alinéa (i) s'appliquera de nouveau à cette partie de l'avance;

(iv) malgré les sous-alinéas (ii) et (iii), dans l'éventualité où aucun intérêt ne serait payable à l'OOF au titre d'un prêt à un tiers, aucun intérêt ne sera à payer par l'OOF sur la partie de l'avance ainsi utilisée et dans la mesure où les conditions du prêt à un tiers prévoient le report du paiement d'intérêts courus pour une période, le paiement d'intérêts au titre d'une avance ou d'une partie d'une avance sera également reporté pour une période d'égale durée;

d) l'intérêt payable relativement à toute période de moins d'un an sera calculé en fonction du nombre de jours réellement compris dans cette période, par rapport à une année comptant 365 jours;

e) par dérogation à l'alinéa a) ci-dessus, l'intérêt sur toute partie d'une avance consentie à l'OOF dans le cadre du prêt que cette dernière utilise pour financer un prêt à un tiers est calculé comme il est indiqué ci-dessus, mais cet intérêt devient payable uniquement dans la mesure où l'OOF reçoit un paiement d'intérêts au titre du prêt à un tiers;

f) par dérogation à l'alinéa b) ci-dessus, toute partie du capital d'une avance consentie à l'OOF dans le cadre du prêt que cette dernière utilise pour financer un prêt à un tiers devient payable uniquement dans la mesure où l'OOF reçoit un remboursement du capital au titre du prêt à un tiers

Promissory Note

For value received, the Ontario Financing Authority (the "Borrower") promises to pay to Her Majesty the Queen in right of Ontario as represented by the Minister of Finance, Province of Ontario (the "Lender") at the City of Toronto in lawful money of Canada, the lesser of:

(i) Two Billion Dollars; and
(ii) the aggregate unpaid principal balance of all advances made by the Lender as recorded on the reverse of this note or on any attachment described below;

at such time and on such other terms and conditions including the payment of interest as follows;

(a) the Borrower shall be entitled to advances of the loan (an "Advance") in such amounts and at such times as it requires provided that the aggregate amount advanced shall not exceed Two Billion Dollars;

(b) the Borrower shall be entitled to repay Advances either in whole or in part and at such time or times as it determines provided that all Advances plus any accrued interest shall be fully repaid by December 31, 2047;

(c) the Borrower shall be entitled to use the loan as a revolving credit facility allowing for successive advances of moneys repaid under the loan; provided that the maximum principal amount of the loan outstanding at any time shall not exceed Two Billion Dollars;

(d) the Borrower shall pay to the Lender interest on each Advance at a rate which is determined as follows

(i) from the date of Advance to (but excluding) the date of repayment the Borrower shall pay to the Lender interest on the Advance at a per annum rate equivalent to the yield earned on ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for ninety days or longer, the interest rate shall be reset on the last day of each ninety day period (the "Reset Date") to the yield earned on ninety day Province of Ontario treasury bills on the Reset Date as determined by the Province;

(ii) in the event that moneys included in an Advance are subsequently loaned by the Borrower to third parties for the purposes contemplated in the Act, (a "Third Party Loan") the rate of interest payable by the Borrower to the Lender on the portion of the Advance so loaned shall be adjusted at the option of the OFA effective as of the date of the Third Party Loan so that the per annum rate of interest payable by the Borrower on such moneys is equivalent to either:

(A) the per annum rate of interest payable to the Borrower under the Third Party Loan, or

(B) the per annum rate of interest payable to the Borrower under the Third Party Loan less an amount not exceeding 25 basis points,

rather than the rate specified in subparagraph (i), until (but excluding) the date on which the Third Party Loan is repaid to the OFA, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently loaned to third parties again, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Lender on that portion of the Advance included in any subsequent loan, and so on, until the Advance shall be repaid to the Province in full;

(d) despite subparagraphs (c)(ii) and (iii) in the event that no interest is payable to the Borrower under a Third Party Loan, no- interest shall be payable by the Borrower on the portion of the Advance so loaned and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period;

(e) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(f) despite paragraph (b), interest on any portion of an Advance made to the Borrower under the loan that is loaned by the Borrower as a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the Borrower receives payment of interest under the relevant Third Party Loan; and

(g) despite paragraph (b), any portion of the principal of an Advance made to the Borrower under the loan that is loaned by the Borrower as a Third Party Loan shall become payable only to the extent the Borrower receives repayment of principal under the relevant Third Party Loan.

The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.6 Delay or Omission not Waiver.

No delay or omission of the OFA to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OFA may be exercised from time to time, and as often as may be deemed expedient, by the OFA.

Hi Bruno and John,

I have some additional information pertaining to the structure of the OFA loan to IESO re: OFHP. While this information adds context, it doesn't address the policy question of whether an unsecured loan is appropriate (based on the extent of the insolvency risk) for this regulatory asset.

The current draft FHP Credit Facility Agreement is consistent with the OFA Lending Policy (last revised and approved April 16, 2010 – *status TBC*), which provides that except where otherwise directed by the Minister of Finance, Treasury Board or Cabinet, the OFA will generally lend on an unsecured basis (apart from the intercept provision) in respect of loans made by the OFA to public bodies (IESO is a public body for the purposes of CIPA). As such, the structure of this loan is consistent with the Policy (subject to my note below re: intercept provision). In my review of the supporting policy documentation, including the LRC minute, I didn't see any reference to a secured lending structure and I don't believe that there is any direction requiring this to be a secured loan. That being said, I query whether OFA CEFD staff are comfortable with this approach (see below).

In terms of the intercept provisions, which are required pursuant to s. 23 of CIPA, I have asked Toby from MOF Legal if they are aware of any agreement between the Ministry of Energy and the IESO agreeing that the Minister of Finance is entitled to deduct from money appropriated by the Legislature for payment to the IESO amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this loan agreement (as required by CIPA)? Are you aware of any such agreement? However, even if there were such an agreement in place, it is unclear to whether adding intercept provisions to the credit facility agreement, will provide further comfort. I plan to discuss this matter further with MOF Legal.

Based on the foregoing (and pending any additional information that Toby may obtain from his discussions with the Ministry of Energy), I defer the following question to CEFD staff:

> **Are you comfortable with the current structure of this loan as an unsecured loan (and the risk that this may entail)?** This decision ultimately needs to be made by business/policy people.
>
> - **If yes,** the next draft of the agreement will be available in the next day or so to send to IESO for review. I will work with MOF Legal to draft/leverage intercept provisions to mitigate this risk (as far as possible, based on the foregoing). We are also working on the permitted liens, *pari passu* and negative pledge provisions of the draft agreement, as previously discussed.
>
> - **If no,** additional Ministerial/TB direction, and a new legal agreement (likely with the

assistance of external legal counsel) will be required. This will take additional time.

Please do not hesitate to contact me if you would like to discuss further.

Thank you,

Lisa

DRAFT

Hi Sarah H. and Will,

Based on the e-mails to date, I understand that OFA staff held a conference call yesterday and based the OFA Lending Policy and past practices, may have concluded that it is appropriate for the loan to the IESO in relation to the OFHP to be unsecured, as per other OFA loans to public bodies. However, as neither Toby (from MOF Legal) nor I were part of the aforementioned call, we wanted to clarify that this loan is NOT necessarily the same as other OFA unsecured loans to public bodies, and as such, the protection provided by the "intercept" provisions of the standard OFA loan agreements have limited application in this particular case (which is likely the reason why these provisions were not included in the original drafts). Our understanding is that, although the intercept provisions are intended to allow the Minister of Finance to deduct from money appropriated by the Legislature for payment to the Borrower amounts equal to any amounts that a Borrower fails to pay to the OFA on account of indebtedness under the loan agreement, in the case of the IESO as Borrower, these amounts are likely to be minimal.

Before proceeding, we would like to ensure that the nature of the loan, the impact of intercept provisions, and the insolvency and operational risks, have all been considered. Toby has succinctly summarized the questions which still need to be addressed during our call this afternoon in the e-mail which I have forwarded below.

Subject: RE: Policy question re OFHP Credit Facility Agreement

Lisa,

I have attempted to summarize my questions/issues in the below. Let me know if you have anything to add or have any edits.

The concerns I have with the IESO loan, and that should be considered are related to what could happen to the Regulatory Asset (the "Asset") if there are any credit or liquidity issues at the IESO. Because the Asset is something that it is possible to take security in, and that is an intangible that may be subject to a floating charge (ie, as a result of a GSA or from a financing agreement) I thought it would be prudent to consider whether the OFA should take a security interest in the Asset as security for the loan.

I am not familiar with the types of financial arrangements or other obligations that the IESO may be a party to, either as a result of its market operations or otherwise, but it may be possible that the IESO has entered into such arrangements, such as swaps or other derivatives agreements, loans or other financing arrangements for which security could be given.

I am not aware of what financial guarantees or other arrangements may be in place such that the Province may have guaranteed the IESO's obligations. My understanding is that the IESO is consolidated with the Province's books, but that may not mean that the Province is liable for all of IESO's obligations. However, I am not sure about the underlying facts.

In light of these issues it may be worthwhile to consider some related issues:

- How does the proposed IESO loan compare to other OFA loans made to public bodies, such that it is appropriate to use the same requirements?
    - Size of loan – it is my understanding that there are not many loans that approach the size of the $2 billion loan that is proposed to the IESO.
    - Are the obligations of the IESO the obligations of the Province, and how does this compare to other public body loans?
    - What other financial obligations could the IESO have (such as swap agreements, other financial obligations) that could become due or create credit risk?
    - If in many public body loans, there is an intercept and an MOU with the appropriate ministry to create some security, does that make sense in this context? Are there significant transfers to the IESO?
    - Note that the OFA loan to the ROM was secured by pledges and an intercept.
- Does the Province/OFA understand the financial obligations of the IESO such that it is confident that no other security interest could attach to the Asset?
- Given that the debt is specifically for the purpose of creating the Asset which will be "warehoused" at the IESO, once the Asset is sold to the financing entity, how will the Province ensure that the proceeds can only be used to repay the loan?

In light of these questions it may be worthwhile to consider some related issues:

(d) the Borrower shall pay to the Lender interest on each Advance at a rate which is determined as follows

(i) from the date of Advance to (but excluding) the date of repayment the Borrower shall pay to the Lender interest on the Advance at a per annum rate equivalent to the yield earned on ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for longer than ninety days, the interest rate shall be reset on the last day of each ninety day

(A) the per annum rate of interest payable to the Borrower under the Third Party Loan, or

(B) the per annum rate of interest payable to the Borrower under the Third Party Loan less an amount not exceeding 25 basis points,

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently loaned to third parties again, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Lender on that portion of the Advance included in any subsequent loan, and so on, until the Advance shall be repaid to the Province in full;

(e) despite subparagraphs (c)(ii) and (iii) in the event that no interest is payable to the Borrower under a Third Party Loan, no- interest shall be payable by the Borrower on the portion of the Advance so loaned and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period;

(f) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(g) despite paragraph (b), interest on any portion of an Advance made to the Borrower under the loan that is loaned by the Borrower as a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the Borrower receives payment of interest under the relevant Third Party Loan; and

(h) despite paragraph (b), any portion of the principal of an Advance made to the Borrower under the loan that is loaned by the Borrower as a Third Party Loan shall become payable only to the extent the Borrower receives repayment of principal under the relevant Third Party Loan.

The undersigned authorizes the Lender to record on the reverse of this note or on any attachment to this note all advances, repayments and prepayments of principal and interest and the unpaid balance of principal from time to time. The undersigned agrees that in the absence of manifest error the record kept by the Lender on this note or any attachment shall be conclusive evidence of the matters recorded, provided that the failure of the Lender to record or correctly record any amount or date shall not affect the obligation of the undersigned to pay the outstanding principal amount of the Advances and interest.

Sarah,

Four points.

a) Thank you very much for accommodating the 5 day request, …it will be more efficient for cash flows and better alignment.
b) We examined our TD credit facility and it specifically does not permit IESO to use for Fair Hydro programs purposes.
c) The good news is that the Fair Hydro amounts for May and June (a draw to be made in mid-July on the $475 million facility) is a total of $260 million. Therefore, the next draw for Fair Hydro's month of July will be in mid-Aug of which I expect at least another $200-$250 million will be added. I hope the $2B facility will be signed before mid-August, so there should be no concerns. The first FH sale to the Financing Entity is expected to be made in August so I (hope) expect the May, June, July's FH amounts will be sold by mid-end of August and then I can repay the OFA.
d) Victor will address Bruno's comments directly on the amendment #10 shortly.

Regards.

Hello Anthony,

Will is currently away today, and I just wanted to follow up on the e-mail below.

We are fine reducing the minimum draw period from 7 to 5 days for the new $2B FHP facility.

Further, to clarify Will's e-mail below, from our conference call the week before last, you had mentioned that in the event that IESO's funding needs were to exceed the $475M before the current $975M facility is reduced, IESO had another line of credit with TD that it would be able to draw on to fund any potential gap before the $2B facility is up and running. I think some confusion may have been created in referencing IESO's agreement to reduce to the size of the $2B OFHP credit facility if IESO's funding needs exceed $475M before the new FHP facility is executed. This is not something we proposed to you on the call, but was part of OFA internal discussions on contingency options that might be available in the event that there were delays getting both the amending agreement and FHP facility in place. My apologies should there have been any misunderstanding.

We expect to have comments to you on the amending agreement tomorrow.

Best regards,

Sarah

Hello Anthony,

Thank you for your email and sorry for the delay in replying. We look forward to getting these agreements up and running. As discussed, IESO has a supplemental credit facility with TD bank. In the unlikely event, IESO exceeds $475 million under its existing credit facility, it agrees to reduce the $2 billion OFHP Credit Facility by the amount that it exceeds $475 million.

Will,

As discussed, the IESO will work on completing amendment #10 followed then by the new FH $2B line.
The amendment #10 may take a few weeks to complete (mid-July), and then the new FH $2B line may need a few more additional weeks – likely end of July.

I am using the $975MM line today for FH (RPP) draws, and expect this will continue until the FH$2B line is up and running.

I would prefer to do both docs at the same time (i.e. signing on the same day both docs), but I understand that the OFA has been given direction to lower the $975MM to $475MM first.

Over the next few weeks in July I will be drawing on the $975MM again for the FH (RPP) amounts and I expect (but not 100% sure) that I should be under a total of $475MM.

Subject: Questions re Intercept Provision
Date: Monday, August 14, 2017 10:51:26 AM

Hi,

Following our discussion on Friday, I have a few questions as we start drafting material.

1. In regard to our discussion about the intercept provision, it was noted that the current agreement for the $975M facility also did not have this provision. I don't think there was a clear idea around the table of why this was the case (OFA lending policy changed or maybe a previous exemption). If anyone has any ideas on how we can find this out that would be helpful. It is a question that I expect would come up. We will see what we can find out at our end.

2. In regard to the timing issues noted below in Sarah's email, around including of an intercept in the Agreement, it is noted that an MOU would be required. Is that MOU a policy requirement? I'm looking at the Intercept section, first paragraph of the OFA lending policy. Are the agreements noted therein, or elsewhere in the Intercept section, what would be covered in the MOU, or is the something else?

> *1. Pursuant to section 23 of the Capital investment Plan Act and prior to any loan agreement entered into between the OFA and a public body, such public body and its responsible ministry are to agree that the Minister of Finance is entitled to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts that the public body fails to pay to the OFA on account of indebtedness under its loan agreement with the OFA. In addition, the public body is to agree that any notice from the OFA to the Minister of Finance in relation to its failure to pay under its loan agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.*

3. Am I correct that Energy did not include the intercept provision in its initial draft of the Agreement. Do we know is they were just following the previous agreement, or was there a deliberate exclusion as it doesn't appear to do much under the specific circumstances? Apologies if there was a previous discussion on this that I'm not recalling.

Thanks
Bruno

Subject: RE: Policy questions re OFHP Credit Facility Agreement

Hi Ken,

Yesterday we held an internal meeting to discuss issues identified by Lisa and Toby regarding inclusion of an intercept provision in the new $2B FHP Credit Facility, as well the factors that the OFA needs to consider on whether or not to seek a security interest in the Regulatory Asset. We will need to obtain further information from IESO to inform the OFA's final determination on these matters, and also require your input on certain items below.

Security Interest - Background

In reference to Bruno's comments and your comments below, if the OFA were to take a security interest in the Regulatory Asset, any security interest would only be applicable while the IESO was the holder of the asset, and only while it is being held by the IESO with money borrowed from the OFA.

The steps of the transaction would be:

1 – The IESO makes payments to electricity producers at the contracted rate, but charges consumers a rate that is set by the FHP, which leaves a shortfall that must be made up;
2 – The IESO borrows money from the OFA to finance the shortfall – it is at this stage that the OFA would consider taking a security interest in the asset, up to the amount that the OFA lends to the IESO;
3 – The IESO bundles the right to charge consumers for the shortfall in the future through the GA into the Regulatory Asset, which is sold to the OPG SPV, which sale can be of the asset free and clear of any security interest;
4 – The IESO repays the OFA for the loan.

Steps 3 and 4 can happen simultaneously. If it is deemed to be something that the OFA would like to do, the security interest would only apply while the IESO holds the assets that it creates using the OFA loan to finance the purchase of electricity that it does not charge for. Once the asset is sold to the OPG SPV, the loan can be repaid and the security interest that the OFA had in the asset can be discharged.

Intercept Provision - Background

Regarding the inclusion of the intercept provision, the OFA Lending Policy (attached, see p. 4 "Security" section), stipulates the OFA must include an intercept provision, unless the OFA either receives an exemption from the OFA Board OR receives direction from the Minister, Cabinet or Treasury Board.

The intercept provision provides that in the event of non-payment by IESO to the OFA under the Credit Facility, the Minister may take funds appropriated by the Legislature for IESO, and may instead use the funds to repay the OFA (in the amount that IESO has defaulted under the facility).

Question for Ken: Are you aware of how we might determine if the Legislature has appropriated funds for IESO? If the amounts are minimal, there would seem token benefit to include the intercept provision in the new FHP credit facility agreement

Draft E-mail to IESO

We would like to ensure that we obtain from IESO all the information that would be required to make a risk assessment as to whether an intercept provision and/or a security interest by the OFA in the Regulatory Asset would be required.

Request for Ken: We are drafting an e-mail to send to IESO today (below) to request information that is pertinent for an analysis regarding these matters. We would appreciate if you could please review the draft and amend it to include all key questions that would be required to make a risk assessment.

"Dear Anthony,

My apologies for the delay in providing the next turn of the FHP Credit Facility Agreement. We became aware of a potential requirement under the OFA's lending policy which needs to be considered internally for inclusion in the agreement, for which we require additional information. Would you kindly provide answers to the following questions?

- *Does IESO have other financial obligations (such as but not limited to swap agreements, other financial obligations etc.) that could become due and adversely impact IESO's ability to pay its debts when they become due?*
- *Does IESO have any other financial obligations or security interests that could attach to the Regulator Asset/Special Purpose Vehicle?*
- *[Include additional questions]*

I also want to make you aware that due to the internal assessment that must be made in respect of the OFA's lending policy, we will likely not be able to execute the new FHP facility prior to IESO's next funding request (for which IESO will be providing notice on August 17th, for funding on August 21st). Accordingly, the August FHP draw will be made under the existing $975 million credit facility. At the time we execute the new $2B facility, we would be able to transfer (by incorporating into the agreements the required provisions or by another agreed mechanism) any amount of loans exceeding $475 million (being the reduced facility limit under the draft amending agreement) under the existing facility to the new facility.

Best regards,"

In reference to the last sentence above in the draft e-mail to IESO, the intended financing structure for IESO credit facilities is to (i) execute a new $2B FHP facility and (ii) simultaneously reduce the existing $975 million facility by $500 million to $475 million. This would create a total aggregated limit of $2.475 billion. Ideally these 2 agreements would have been executed simultaneously prior to the August draw from IESO (since IESO's August draw will likely bring the balance of the existing credit facility to approx. $500M, exceeding the intended revised limit of $475 million).

Question for Ken: When we do execute both agreements, are there any obstacles from an operational perspective (settlement, cash, accounting, risk) with transferring any 'excess loan amount' from the existing credit facility to the new FHP credit facility? We would be looking to re-allocate certain loans from the existing facility to the new facility, without any cash flow impact. From a legal perspective we expect this should be fine, as we can work out the legal particulars with IESO.

General Note re: Timing Impact of Intercept Provision

Regardless of whether the OFA decides to include or exclude the intercept provision, the execution of the FHP facility will take longer than expected, likely taking an additional number of weeks.

If the decision is made not to include the intercept provision, a directive will need to be obtained from the Minister to this effect, potentially taking a few weeks.

If it is a determined an intercept provision is required, then this will likely even take longer than getting a directive from the Minister. In this case, the OFA would need to go back to the Ministry of Energy to effect the following: (I)Ministry of Energy will need to agree with IESO on acceptance of the inclusion of intercept provision in the FHP credit facility agreement and (ii) the OFA and Ministry of Energy will require an MOU whereby the parties agree on the inclusion of a the intercept provision in the FHP credit facility agreement.

Thanks
Sarah

Totally agree with Bruno, the province should not be taking a security intent in the reg asset, that

would make the sale to the SPV or trust rather difficult.

It would also create issues in terms of the SPV's ability to obtain an appropriate credit rating as well as issue debt in the capital markets.

Under the OFHP, the sale of the asset ultimately allows for payments to electricity generators. If the Province has a security interest in the asset, can we envisage a potential situation wherein the IESO would be repaying the OFA loan rather than paying generators, which would be problematic for OFHP?

Thank you Sarah. I should add that under the OFA Lending Policy, the intercept provision (and accompanying MOU, etc.) must be included in OFA loan agreements *except* where otherwise directed by the Minister of Finance, Treasury Board, or Cabinet. As such, if it is determined that the intercept provisions are not required/relevant in this case, Ministerial direction will be required. We can discuss further this afternoon.

Hello Bruno and John,

In advance of our internal call this afternoon, Lisa and Toby have prepared the following e-mail below to consider whether the OFA should consider taking a security interest in the Regulatory Asset as security for $2B credit facility, as well as the inclusion of the intercept provision. Ken Kandeepan expressed the following view yesterday:

> *"…[the $2B Facility] is unsecured but so is every loan issued by the OFA to a public body so not sure why the risk associated with this loan is greater or for that matter lower than the loans currently in the OFA's loan book.*
>
> *As such, this should be treated exactly like all the other loans. Note that the IESO is fully consolidated with that of the Province so loans issued by the OFA to IESO will be a wash upon consolidation."*

In light of this, could you please advise if there are there any additional considerations regarding the FHP structure that would could necessitate the inclusion of an intercept provision in the $2B facility and/or the OFA taking a security interest in the Regulatory Asset?

I am including Ken and Mike Manning in this e-mail, should they have any additional input or insight on this matter.

Thank you,

Sarah

Hi Sarah H. and Will,

Based on the e-mails to date, I understand that OFA staff held a conference call yesterday and based the OFA Lending Policy and past practices, may have concluded that it is appropriate for the loan to the IESO in relation to the OFHP to be unsecured, as per other OFA loans to public bodies. However, as neither Toby (from MOF Legal) nor I were part of the aforementioned call, we wanted to clarify that this loan is NOT necessarily the same as other OFA unsecured loans to public bodies, and as such, the protection provided by the "intercept" provisions of the standard OFA loan agreements have limited application in this particular case (which is likely the reason why these provisions were not included in the original drafts). Our understanding is that, although the intercept provisions are intended to allow the Minister of Finance to deduct from money appropriated by the Legislature for payment to the Borrower amounts equal to any amounts that a Borrower fails to pay to the OFA on account of indebtedness under the loan agreement, in the case of the IESO as Borrower, these amounts are likely to be minimal.

Before proceeding, we would like to ensure that the nature of the loan, the impact of intercept provisions, and the insolvency and operational risks, have all been considered. Toby has succinctly summarized the questions which still need to be addressed during our call this afternoon in the e-mail which I have forwarded below.

Subject: RE: Policy question re OFHP Credit Facility Agreement

Lisa,

I have attempted to summarize my questions/issues in the below. Let me know if you have anything to add or have any edits.

The concerns I have with the IESO loan, and that should be considered are related to what could happen to the Regulatory Asset (the "Asset") if there are any credit or liquidity issues at the IESO. Because the Asset is something that it is possible to take

security in, and that is an intangible that may be subject to a floating charge (ie, as a result of a GSA or from a financing agreement) I thought it would be prudent to consider whether the OFA should take a security interest in the Asset as security for the loan.

I am not familiar with the types of financial arrangements or other obligations that the IESO may be a party to, either as a result of its market operations or otherwise, but it may be possible that the IESO has entered into such arrangements, such as swaps or other derivatives agreements, loans or other financing arrangements for which security could be given.

I am not aware of what financial guarantees or other arrangements may be in place such that the Province may have guaranteed the IESO's obligations, but I don't believe that there are any. My understanding is that the IESO is consolidated with the Province's books, but that the IESO is not a crown agent, and the Province is not liable for the IESO's obligations to third parties. However, I am not sure about the underlying facts without more input from ENERGY and the IESO.

In light of these questions it may be worthwhile to consider some related issues:

- How does the proposed IESO loan compare to other OFA loans made to public bodies, such that it is appropriate to use the same requirements?
    - Size of loan – it is my understanding that there are not many loans that approach the size of the $2 billion loan that is proposed to the IESO.
    - Are the obligations of the IESO the obligations of the Province, and how does this compare to other public body loans?
    - What other financial obligations could the IESO have (such as swap agreements, other financial obligations) that could become due or create credit risk?
    - If in many public body loans, there is an intercept and an MOU with the appropriate ministry to create some security, does that make sense in this context? Are there significant transfers to the IESO?
    - Note that the OFA loan to the ROM was secured by pledges and an intercept, and that other Provincial loans to public bodies or other groups may be secured.
- Does the Province/OFA understand the financial obligations of the IESO such that it is confident that no other security interest could attach to the Asset?
- Given that the debt is specifically for the purpose of creating the Asset which will be "warehoused" at the IESO, once the Asset is sold to the financing entity, how will the Province ensure that the proceeds can only be used to repay the loan?

Hi Lisa,

As per your previous email, I reviewed the previous amending agreements and the only relevant amendment was in Amending Agreement No. 6 dated April 30, 2017. In that Amending Agreement a definition of Ontario's Fair Hydro Plan was added. As a result, I changed the attached agreement with language to "delete and replace" rather than just "add" the revised definition of OFHP. I also included your suggested edits in the attached. Please let us know if you have any comments.

Thank You,
Ryan

Hi Will,

Please see attached my suggested black-lined amendments and comments on the draft waiver.

In addition to the attached comments, have you considered how this daylight borrowing period will work from an operational point of view, for both the new Proposed Advance and the Continued Advance? Will interest still be applicable and how will it be calculated? Do we need to specify further details in the waiver?

As I will be away on vacation starting tomorrow, I have copied Caroline on this e-mail. As previously noted, she will be able to assist you in my absence.

Pls. see attached. I haven't yet run this draft by Ron but spoke to him about the direction this afternoon.

Happy to organize a call first thing tomorrow. We are hoping to get it signed by Ron and Gadi tomorrow before Gadi leaves on his vacation.

I left out the second part of Malle's comment (the whereas one) as I wasn't sure how to do that.

Thanks,

Hi,

I think in the 3rd paragraph it should say the Minister of Finance is entitled to deduct rather than the OFA. If in fact there are some transfer payments to the IESO for the programs mentioned (although there shouldn't be a deduction because they are for the benefit of some others) maybe the whereas in the directive should be modified a bit.

- This policy addresses lending activities undertaken where the OFA is acting as an intermediary on behalf of the Province.

AMENDMENTS and EXCEPTIONS

- Any amendment or exception to this policy must be approved by the OFA Board of Directors.

POLICY RULES

1. Role of OFA as a Lending Intermediary

a. The OFA will not lend funds to public bodies, other than as an intermediary of the Province, without the prior approval of the OFA Board.

b. The OFA will advance loans to Crown Agencies and Other Public Bodies where the Province supports the provision of Provincial financing and it is advantageous to the Province for the OFA to provide the loan.

c. The OFA will not receive a fee from the Province or earn a profit for lending activities where it is acting as an intermediary on behalf of the Province.

2. OFA Loan Approvals

a. The OFA shall annually approve a borrowing plan for the OFA that identifies:

(i) the OFA's borrowing requirements for the year from the Province and any other sources; and

(ii) the projects or purposes for which the borrowed funds will be used, including loans to public bodies for specific projects and contingencies.

b. Where Cabinet, Management Board of Cabinet or the Minister of Finance requests the OFA to advance a loan to a public body or authorizes the public body to borrow from the OFA, no further OFA Board approval is required.

c. Where the Province has approved the provision of Provincial financial support to a public body, but has not specifically referred to a role for the OFA, the OFA will advance the loan only where:

(i) either the Chief Executive Officer of the OFA and the Director of Corporate Finance or a committee of the OFA Board or the Board has authorized the OFA to advance the loan; and

(ii) there is a sufficient allocation for the loan (specifically or as a contingency allocation) in the annual borrowing plan for the OFA approved by the Board.

d. The Board will be advised, at its next regularly scheduled meeting, of any potential or actual deviations from the annual borrowing plan resulting from a loan referred to in paragraph 2(b).

3. OFA Loan Terms and Conditions

a. Where Cabinet, Management Board of Cabinet or the Minister of Finance has requested that the OFA advance a loan to a public body with specific terms or conditions, the OFA will comply.

b. Otherwise, the OFA will adhere to the lending terms and conditions outlined in the Appendix.

4. OFA Loan Reporting Requirements

a. A report outlining the status of all loans outstanding will be tabled with the OFA Board annually and at such other times as the OFA Board requests.

b. For each loan outstanding, such report will identify: the borrower; the authority under which the loan was advanced; the purpose of the loan; the current status of the loan; the principal amount outstanding; the major terms and conditions; and such other information as the OFA Board may request.

SCOPE

- These policies address lending activities undertaken where the OFA is acting as an intermediary on behalf of the Province.

INTRODUCTION

- The OFA lending policies address the following matters related to loan terms and conditions:

  - conditions precedent
  - advances
  - repayments
  - interest rate
  - loan security

- Since these policies address lending activities undertaken where the OFA is acting as an intermediary on behalf of the Province, they are designed to be consistent with the public policy or economic rationale for the provision of Provincial financial support. In addition, they match commercial lending policies where that is advantageous to the Province.

OFA LOAN TERMS and CONDITIONS

a. Where Cabinet, Management Board of Cabinet or the Minister of Finance has requested that the OFA advance a loan to a public body with specific terms or conditions, the OFA will comply.

b. Otherwise, the OFA should adhere to the lending terms and conditions described in this Appendix.

CONDITIONS PRECEDENT

Commercial Standard

- Prior to making a loan, a commercial lender would ensure that the borrower had sufficient authority to execute the loan.

- Generally, an entity's authority to enter a loan may be determined by a review of its enabling legislation, by-laws and resolutions of its Board of Directors.

Provincial Public Policy or Economic Considerations

- Unlike a commercial lender, the OFA can only lend to public bodies.

- Public bodies are defined in subsection 29(1) of the *Capital Investment Plan Act, 1993* and include scheduled Crown Agencies, colleges and universities, hospitals, municipalities and school boards and an entity included in regulations to the Act.

OFA Lending Policy Rule: Conditions Precedent

1. Prior to lending funds, the OFA will ensure that the borrower is a public body, has the authority to borrow and the Province has agreed to provide it with the requested financial support.

ADVANCES

Commercial Standard

- Loan advances over a number of months and years may be required to finance the development cost for a project. A loan agreement may provide for interest costs to be capitalized during a project development period followed by a term loan to take-out the total capitalized cost of the project. Alternatively, a single loan advance may be required to finance the acquisition of an asset.

- Where a commercial lender is making a secured project loan, it may seek evidence that loan advances are applied to legitimate project expenditures and that the total cost to complete the project have not increased. The lender would generally have the right to take significant action in the event that the borrower did not fulfill its loan obligations.

- Where a commercial lender is making an unsecured loan, such as a revolving line of credit, it is generally less interested in monitoring how the borrower is utilizing the funds because it expects the borrower to be able to repay the loan from its general revenues.

Provincial Public Policy or Economic Considerations

- Where the Province has used the OFA to provide financing to Crown Agents such as the Ontario Transportation Capital Corporation or the Metro Toronto Convention Centre for projects, the Province has continued to rely on the borrowing agency for overall project management. Because the borrowing agency is accountable to the Province, through its Board of Directors, for the prudent management of its expenditures the OFA is not required to monitor the application of funds.

- If the government directed the OFA to provide project financing to Other Public Bodies, it is expected that the OFA should manage such loans in the same manner as would a commercial lender. In this respect, the OFA would need to take adequate steps to ensure the funds were used for the intended purpose and that the project was well managed. The OFA does not currently have the expertise or human resources to provide project financing.

OFA Lending Policy Rule: Advances

1. For loans to Crown Agencies, the OFA will make advances as requested by the borrower pursuant to a loan agreement. The OFA will not monitor the application of funds by the Crown Agency.

2. For loans to Other Public Bodies, the OFA will seek evidence of project costs incurred and project cost to completion prior to making any advance in the same manner as a commercial lender except that, where the Province or one of its agents (ie. ORC) is the project manager, the OFA will make advances as authorized by the borrower and approved by the project manager.

REPAYMENTS

Commercial Standard

- A loan agreement may provide for the loan to be repaid: in a lump sum payment of principal and interest (ie. a zero coupon); on demand by the lender; in periodic payments of principal and interest (ie. an amortizing loan); in periodic payments of interest with bullet payments of interest (ie. a bullet bond or serial debenture): or repaid early by the borrower in whole or in part.

- In a secured loan, the term would generally not exceed the economic life of the asset being financed and may be significantly shorter.

- Some loans provide authority for the borrower to prepay all or a portion of the loan prior to maturity. Prepayment provisions can reduce the value of the loan to the lender because the borrower can, for example, prepay the loan when interest rates decline. A commercial lender would charge for such an option.

- Bank loans generally have a term of not longer than 7 years whereas debt issued in capital markets could have a term of up to 30 years or more.

OFA Lending Policy Rule: Repayments

1. OFA loans to Crown Agencies will have a term not longer than the economic life of the asset being financed and 30 years, whichever is less.

2. OFA loans to Other Public Bodies will have a term not longer than the least of: (a) the economic life of the asset being financed; (b) the term available to the borrower from commercial lenders or in the capital markets; and (c) 30 years.

3. All OFA loans will have a fixed repayment or review date (ie. subject only to early repayment where permitted).

INTEREST RATE

Commercial Standard

- The interest rate on a commercial loan is generally based on the credit worthiness of the borrower and interest rates available in the market.

Provincial Public Policy or Economic Considerations

- The OFA's current practice is to lend to public bodies at the Province's cost of funds, including commissions, plus 25 basis points. In most cases this results in a cost of funds to the public body substantially lower than bank funding.
    - For example, in a demand bank loan a public body would pay an interest rate of roughly 75 to 125 basis points above the Province's cost of funds (eg. Prime minus 50 bp compared to the yield on a 3 month Ontario Treasury-bill) even with an explicit Provincial guarantee.
- Over the past several decades the Office of the Treasury (ie. Predecessor to OFA corporate) has held the view that the Province should recover its full cost of debt service in respect of lending activities. If the lending rate is below the Province's cost of funds then the cost of debt service would be allocated to PDI expense instead of to the respective government program sponsoring the lending activity. The Office of the Treasury established the practice of adding 25 basis points to the Province's cost of funds (excluding commissions because it predated the Province's borrowing in capital markets), for lending activities to meet this objective. Under this policy the Province will continue to earn the same mark-up (ie. 25 basis points above the Province's cost of funds, including dealer commissions).
- The OFA could set the interest rate on loans to public bodies at the cost of funds to the public body without Provincial support (ie. Commercial interest rate).
    - For loans to Crown Agencies (ie. Related parties) there is no economic benefit to the Province for the OFA to charge a commercial rate of interest.

- While charging a commercial interest rate to Other Public Bodies (ie. Non-related parties) could provide an economic benefit to the Province, it would likely be inconsistent with the public policy rationale for providing Provincial financial support to the borrower (eg. would be contrary to the intent of reducing a public body's borrowing costs).

– Establishing a commercial rate of interest would result in additional credit assessment costs.

- The approved OFA accounting policy is to eliminate, from its audited financial statements, all lending transactions with public bodies in which the OFA acts as an intermediary for the Province. In order to be consistent with the OFA's accounting policy, the rate of interest on OFA loans due to the Province will match the rate of interest on its loans receivable from public bodies.

OFA Lending Policy Rule: Interest Rate

1. The interest rate on loans from the OFA will be equal to the Province's cost of funds, including commissions, for a borrowing of equivalent duration, plus 25 basis points.

2. Any options for the borrower to prepay the loan, in whole or in part, will be added to the interest rate cost of the loan.

3. The OFA will match the rate of interest on its loans due to the Province with the rate of interest on its loans receivable from public bodies.

LOAN SECURITY

Commercial Standard

- It is common for commercial lenders to seek security for a loan. Security may be in the form of bankers' acceptances, a mortgage, a lien on personal property. The costs associated with obtaining security for a loan, such as registering a mortgage, are generally paid for by the borrower.

- A loan agreement may include the requirement for the borrower to maintain certain performance financial ratios or debt reserves. In such cases, the lender needs to establish appropriate compliance controls and take action if the borrower does not comply.

Provincial Public Policy or Economic Considerations

- In some cases it is not clear that a lender could, in the event of a default, realize the security in a loan to certain public bodies. For example:

  - Under the *Municipal Act*, municipalities do not have the explicit authority to mortgage their real property.
  - Under the *Proceedings Against the Crown Act*, there may be restrictions on the ability of a lender to seize property belonging to a Crown Agency.

- The Province could seek an intercept of any Provincial grants payable to a public body as additional security for a loan. While there is no precedent for executing such an intercept, it is likely that considerable pressure would be exerted to prevent the Province from intercepting Provincial revenues. Alternatively, the Province could request that should the public body default on its loan the responsible Ministry would repay the loan from within its allocation.

- It is unlikely that the Province would benefit from the OFA seeking to enforce a security interest against another Crown Agency. If a Crown Agency defaulted on a loan from the OFA, the Province could resolve the matter.

OFA Lending Policy Rule: Loan Security

1. For loans to Crown Agencies, the OFA will lend on an unsecured basis, unless there is an economic benefit to the Province of the OFA obtaining loan security.

2. For loans to Other Public Bodies, the OFA will require the same level of loan security as would a commercial lender. This is a matter of judgement and will be evaluated on a case by case basis.

3. For loans to Other Public Bodies, the OFA will obtain an intercept of any Provincial grants or rebates receivable by the borrower as loan security, in addition to the security provided by rule 2.

Hi Malle, Lisa,

Pls. see attached. I haven't yet run this draft by Ron but spoke to him about the direction this afternoon.

Happy to organize a call first thing tomorrow. We are hoping to get it signed by Ron and Gadi tomorrow before Gadi leaves on his vacation.

I left out the second part of Malle's comment (the whereas one) as I wasn't sure how to do that.

Thanks,

John

Hi,

I think in the 3rd paragraph it should say the Minister of Finance is entitled to deduct rather than the OFA. If in fact there are some transfer payments to the IESO for the programs mentioned (although there shouldn't be a deduction because they are for the benefit of some others) maybe the whereas in the directive should be modified a bit.

OFA -- IESO CREDIT FACILITY ~~IES~~MINISTER OF FINANCE DIRECTIVE TO EXEMPT THE INTERCEPT PROVISION ("INTERCEPT EXEMPTION DIRECTIVE") REQUIRED UNDER THE OFA'S LENDING POLICY

BACKGROUND

The Independent Electricity System Operator ("IESO") requested a revolving credit facility ("the credit facility") in an amount of up to $2 billion from the Ontario Financing Authority ("OFA") to support its role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act"). In the same request, the IESO had requested a reduction to its existing credit facility from the current $975 million to $475 million.

On June 29, 2017, the OFA received ~~a~~ l~~L~~ending d~~D~~irective from the Minister of Finance to accommodate the IESO's request and provide a revolving credit facility to the IESO in an amount of up to $2 billion (the "OFHP Credit Facility").

Pursuant to the OFA Lending Policy, the OFA is required to include an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis, unless otherwise directed by the Minister [or Treasury Board or Cabinet]. In accordance with section 23 of the *Capital Investment Plan Act, 1993* ("CIPA"), the intercept provision allows the ~~OFA~~Minister of Finance to deduct amounts equal to any amounts the public body fails to pay to the OFA under a loan agreement from money appropriated by the Legislature for payment to the public body.

Per the requirements of the OFA's Lending Policy, the OFA is returning to request a Minister's direction to exempt the requirement to include an ~~from the i~~Intercept p~~P~~rovision ~~both~~ in ~~its OFHP Credit Facility~~ the credit facility agreement with the IESO and the reduced $475 million credit facility ~~the new $2 billion credit facility to support the IESO's role in the Fair Hydro Plan and the reduced $475 million credit facility~~. [The existing $975 million credit facility is requested to be reduced to $475 million, in connection with the newly requested $2 billion credit facility.]

- ~~Note: The Intercept Provision under the OFA's Lending Policy for unsecured lending to a public body requires that, unless exempted by the Minister of Finance [or Treasury Board or Cabinet], the OFA put in place a provision whereby the OFA is entitled to deduct amounts equal to any amounts the public body fails to pay to the OFA under the loan, from money appropriated by the Legislature for payment to the public body.~~

RECOMMENDATION

- OFA staff recommend the Minister sign the attached Intercept Exemption Directive allowing the OFA to provide th~~ese~~ requested credit facilities~~ies~~ to the IESO without the inclusion of an ~~an I~~intercept provision in the loan agreement~~under the OFA Lending Policy~~.

- The requested Intercept Exemption Directive would only apply to the two specified credit facilities.

CONSIDERATIONS

Commented [LS1]: After discussion with Ken Russell, we think the directive should be limited to the new credit facility agreement.

Commented [SK82R1]: I understand we are deciding to ensure both credit facilities are covered the Intercept Exemption Directive. Will revert language back accordingly.

Commented [JK3R1]: A business decision – which I am sure ADM/CEO would support

- ~~This The OFHP Credit Facility~~This Intercept Exemption Directive will enable the IESO to fulfil its commitments under the OFHP Act as the IESO will have to finance for a short or medium term period the funding shortfalls in the implementation of the ~~Fair Hydro Plan~~OFHP Act, as well as the continued implementation of the market support function for the IESO through the $475 million facility [to be amended from the current $975 million facility].

- ~~Under T~~the OFA Lending Policy provides the following requirement for unsecured loans to public bodies under CIPA~~, the following is provided for~~:

  ~~"~~Except where otherwise directed by the Minister of Finance, Treasury Board or Cabinet, and prior to the OFA making any loan to a public body, the OFA will [e]nsure that it has an appropriate intercept in place for the loan.~~"~~

- The ~~intercept in the~~ OFA Lending Policy also includes the following requirements in relation to the intercept provision:

  The public body and its responsible ministry are to agree that the Minister of Finance is entitled to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts that the public body fails to pay to the OFA on account of indebtedness under its loan agreement with the OFA.

RATIONALE FOR EXEMPTION

- ~~An~~ Including an i~~I~~ntercept p~~P~~rovision in the ~~new OFHP Credit Facility~~ credit facilities agreement with the IESO would have no practical usefulness in the case of the IESO as it receives no operational funding from the Province of Ontario.

- While the IESO settlements system for the electricity sector may facilitate the flow of appropriations of the Ministry of Energy for energy-related programs such as the Ontario Rebate for Electricity Consumers (OREC), the Rural or Remote Rate Protection Program (RRRP), the Ontario Electricity Support Program (OESP) etc., these payments are for the benefit of various electricity consumers.

- Intercepting these program specific payments, under which the IESO may only be providing a conduit to local distribution companies under the IESO settlement system to provide benefits to ratepayers, in order to recover loan payments would not be in alignment of the intent of the OFA's Lending Policy.

MINISTER'S DIRECTIVE

- The Minister of Finance's Intercept Exemption Directive would authorize the OFA to exempt the two ~~new two revolving~~ credit facilities~~y~~~~ies~~ ~~agreement~~ with ~~to~~ the IESO [per the Minister's Directive signed on June 29, 2017] from inclusion of an intercept provision, as required by the OFA Lending Policy. ~~Intercept provision under the OFA Lending Policy.~~

Commented [LS4]: This is not a defined term.

Commented [LS5]: Is this even a possibility? I thought there were no funds to intercept.

Commented [SK86R5]: There are payments (appropriated to Energy from the legislature) made to the IESO to carry out price mitigation programs (eg. electricity support programs).

Just want to explain here the intent of the policy isn't to claw back/intercept payments specifically designed to assist electricity ratepayers for which the IESO is a conduit.

Commented [JK7R5]: To Lisa's question - I don't believe that is the intent of requiring an intercept provision.

- ~~[The Intercept Exemption Directive would also exempt any lending to the IESO from the OFA, previously authorized and/or subsequently amended, to be exempt from the Intercept Provision.]~~

Commented [SK88]: This is to ensure both the 2B and 475M credit facilities are covered.

Commented [LS9]: See earlier comment

Commented [SK810R9]: Bullet above modified to include both facilities.

Commented [JK11R9]: To proceed with the Intercept Exemption Directive for the two facilities only.

FISCAL IMPACT

- There is no expected incremental fiscal impact for the Province from providing an exemption from the intercept provision requirement of the OFA Lending Policy.
  - [The IESO is an entity consolidated to the Province and if there were any amounts to intercept, there would be no incremental fiscal impact of ~~not~~ having ~~an~~the ~~i~~Intercept Exemption ~~p~~Provision.]

Commented [RK12]: What about saying that as IESO is a consolidated entity, and if there were any amounts to intercept, there would be no incremental fiscal impact of not having an intercept provision?

BACKGROUND

The IESO

- The IESO is a not-for-profit corporate entity established in 1998 by the *Electricity Act, 1998*. It is governed by an independent Board of Directors and its Chair and Directors are appointed by the Province.
- The IESO has full statute-based authority for establishing, monitoring and enforcing reliability standards in the province. All the companies that make up the power system in Ontario must meet the IESO's standards.
- Its fees and licences to operate are set by the Ontario Energy Board and it operates independently of all other participants in the electricity market.
-
- The IESO is a public body for the purposes of CIPA.

Hi Malle, Lisa,
Pls. see attached. I haven't yet run this draft by Ron but spoke to him about the direction this afternoon.
Happy to organize a call first thing tomorrow. We are hoping to get it signed by Ron and Gadi tomorrow before Gadi leaves on his vacation.
I left out the second part of Malle's comment (the whereas one) as I wasn't sure how to do that.
Thanks,
John

Hi,

I think in the 3rd paragraph it should say the Minister of Finance is entitled to deduct rather than the OFA. If in fact there are some transfer payments to the IESO for the programs mentioned (although there shouldn't be a deduction because they are for the benefit of some others) maybe the whereas in the directive should be modified a bit.

Hi Lisa,

Sarah's group is working on the agreement and the terms of the agreement, at a high level, are what were included in IESO's request letter, which the OFA appears to have agreed to.

I think the directive covers the key terms of the request which were in the request letter from IESO and anything further will be subject to any negotiation between OFA and IESO. If a specific term is in the directive language is causing an issue, we could leave it out?

It may look like a lot of track changes, but most of them are just moving things around.

I just don't want the directive to be similar to the term sheet since the term sheet may change if need be and the directive still needs flexibility for any negotiation that may need to occur.

Happy to share it with MOF legal as is as well.

Regards,
Salman

Hi Salman,

In my view it would be prudent to develop a term sheet prior to finalizing the draft directive as it is currently missing details. Is this a possibility? Once I receive a term sheet I will create a new draft of the directive.

Hi Lisa,

I've made some changes to the directive, some based on our discussion and some based on an example of another directive I found for a line of credit (see pdf attached, albeit between OEFC and IESO). You'll see that there are still some questions to confirm, so we can leave those comments in.

If you can take a look at the drafting and if you're okay with it (feel free to make additional changes), I will clean it up and circulate to CMD/senior management for another review and to gauge some feedback on the remaining questions.

Accordingly, I can drop by any time today to discuss further.

Thank you again,

Hi Lisa and Salman,

I note that IESO made the following for the term of the credit facility request in their attached letter:

> o 5 year term - to align with the FHP's initial period of deferral of electricity prices plus a contingency period (i.e. to September 30, 2022);

I think that an the actual date should be referenced in the OIC, since they are asking for slightly in excess of a 5 year period.

I think we would usually want to run the draft directive by Patrick as LSB as well?

Thanks,
Sarah

As of now, IESO is requesting that advances be allowed for as minimum as 7-days. There is no equivalent rate for a 7-day borrowing. Initial conversations with CMD suggested we simply do "if advance less than 30 days, use 30-day t-bill" – or similarly, since advances are expected to be no more than 95 days, simply use 90-day t-bill rate for all advances.

Commented [SQ26]: OIC expires on December 31, 2047. However, changing this date to match IESO request, so suggesting for this to state "5-year after date of corresponding credit agreement.

Commented [LS7]: IESO is requesting 5 year term. New directive after 5 years?

Pursuant to Orders in Council ###/##, made under subsection 22(1) of the *Capital Investment Plan Act, 1993,* the Minister of Finance is authorized to make loans to the OFA and to determine the amount of the spread to be retained by the OFA where those funds are subsequently loaned to public bodies. It is hereby determined that for the Loan made under the authority of this Directive, the amount of the spread retained by the OFA shall be equal totwenty-five (25) basis points.

Should the spread be retained like most other loan agreements? Or should we remit this back to Province.

Hi Lisa,

Sarah's group is working on the agreement and the terms of the agreement, at a high level, are what were included in IESO's request letter, which the OFA appears to have agreed to.

I think the directive covers the key terms of the request which were in the request letter from IESO and anything further will be subject to any negotiation between OFA and IESO. If a specific term is in the directive language is causing an issue, we could leave it out?

It may look like a lot of track changes, but most of them are just moving things around.

I just don't want the directive to be similar to the term sheet since the term sheet may change if need be and the directive still needs flexibility for any negotiation that may need to occur.

Happy to share it with MOF legal as is as well.

Regards,
Salman

Hi Lisa,

I've made some changes to the directive, some based on our discussion and some based on an example of another directive I found for a line of credit (see pdf attached, albeit between OEFC and IESO). You'll see that there are still some questions to confirm, so we can leave those comments in.

If you can take a look at the drafting and if you're okay with it (feel free to make additional changes), I will clean it up and circulate to CMD/senior management for another review and to gauge some feedback on the remaining questions.

Accordingly, I can drop by any time today to discuss further.

Hi Lisa,

I've made some changes to the directive, some based on our discussion and some based on an example of another directive I found for a line of credit (see pdf attached, albeit between OEFC and IESO). You'll see that there are still some questions to confirm, so we can leave those comments in.

If you can take a look at the drafting and if you're okay with it (feel free to make additional changes), I will clean it up and circulate to CMD/senior management for another review and to gauge some feedback on the remaining questions.

Accordingly, I can drop by any time today to discuss further.

Thank you again,
Salman

I think the directive covers the key terms of the request which were in the request letter from IESO and anything further will be subject to any negotiation between OFA and IESO. If a specific term is in the directive language is causing an issue, we could leave it out?

It may look like a lot of track changes, but most of them are just moving things around.

I just don't want the directive to be similar to the term sheet since the term sheet may change if need be and the directive still needs flexibility for any negotiation that may need to occur.

Happy to share it with MOF legal as is as well.

Hi Lisa,

Could we chat about this today? I've been asked to get an initial draft of the directive to Ron for any comments he may also have. Just like to send a more or less cleaner version (even if it has some comments inline).

Thanks,
Salman

Hi Lisa,

Sarah's group is working on the agreement and the terms of the agreement, at a high level, are what were included in IESO's request letter, which the OFA appears to have agreed to.

I think the directive covers the key terms of the request which were in the request letter from IESO and anything further will be subject to any negotiation between OFA and IESO. If a specific term is in the directive language is causing an issue, we could leave it out?

It may look like a lot of track changes, but most of them are just moving things around.

I just don't want the directive to be similar to the term sheet since the term sheet may change if need be and the directive still needs flexibility for any negotiation that may need to occur.

Happy to share it with MOF legal as is as well.

Regards,
Salman

Hi Salman,

In my view it would be prudent to develop a term sheet prior to finalizing the draft directive as it is currently missing details. Is this a possibility? Once I receive a term sheet I will create a new draft of the directive.

Thank you,

Lisa

Hi Lisa,

I've made some changes to the directive, some based on our discussion and some based on an example of another directive I found for a line of credit (see pdf attached, albeit between OEFC and IESO). You'll see that there are still some questions to confirm, so we can leave those comments in.

If you can take a look at the drafting and if you're okay with it (feel free to make additional changes), I will clean it up and circulate to CMD/senior management for another review and to gauge some feedback on the remaining questions.

Accordingly, I can drop by any time today to discuss further.

Thank you again,
Salman

Hi Salman,

Further to our discussion this afternoon, please find attached a revised draft reflecting my comments and follow-up items. Once you have had a chance to consider, please set up another meeting or send me a further draft.

Just to confirm, I understand that documentation will be sending me a draft version of the amending agreement and the new agreement for review. Sarah – Please let me know if you would like to discuss.

Thank you,

Lisa

Hi Victor and Anthony,

Just a quick note to let you know that Lisa and I both must leave at 5 p.m. today. If we're able receive any draft language soon enough before then, we will take a look and try to revert before then. If not, we'll have to do it first thing in the morning.

Also, if you could please let us know if IESO has received the intercept letter for signature, that would be great. Given the time factor, and once the Intercept Letter is fully executed, it looks like we will be then be signing the two agreements in counterparts (with IESO signing first and sending .pdf's to the OFA).

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. OFA shall and is unconditionally and absolutely authorized and directed by the IESO to record on the Grid Note (i) the date and amount of each Advance, including any Advance all or a portion of which is continued by election under Section 3.3; (ii) the applicable rate of interest for each Advance; (iii) the repayment date of each Advance; (iv) the date and amount of each payment of interest and each payment of principal in respect of each Advance; and (v) the outstanding principal amount of the Grid Note. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such advances and repayments; provided that the failure of the OFA to record the same shall not affect the obligations of the Borrower to pay such amounts to the OFA.

The outstanding principal amount of each Advance under this Grid Note together with all interest accrued thereon shall become due and payable as specified in the credit agreement dated January 1, 2005 as amended, supplemented or restated from time to time, between the Borrower and the OFA (the **"Credit Agreement"**).

This Grid Note is issued pursuant to, and is subject to and payable in accordance with the provisions of, the Credit Agreement.

This Grid Note is not transferable or negotiable without the prior written consent of the IESO.

The IESO waives presentment for payment and notice of non-payment.

This Grid Note shall be governed by and interpreted and enforced in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein.

IN WITNESS WHEREOF the IESO has executed this Grid Note.

Hi Kelly,

What is the current status of this amending agreement? If it is not too late, we recommend adding the following to the beginning of section 4 (Base Rate):

"On or after the date of this Amending Agreement…."

We are suggesting this change on the basis the new process for calculating "Base Rate" (as amended) would only occur after the execution of the Amending Agreement. However, if it is too late for this additional amendment, we think it is already implied in any event.

Happy to discuss,

Lisa

Hi Lisa/ Sarah

So there is yet another twist to this. OPG has requested a new item be added to clarify the definition of "subsidiary" to **exclude** any financing entity related to the Ontario Fair Hydro Plan Act. The OFA has been involved in the developments related to this Act and both Linda and John Kim's group are fine with this and are comfortable with OPG's wording, as am I. I have added what they sent to the amendment for your review (item #5).

Also attached is the original agreement for ease of reference.

Kelly – As per your instructions I will comment only on the proposed amendment to section 5 of Amending Agreement No. 3.

Assuming that the SPV would qualify as a Material Subsidiary under the Credit Facility, the significant legal impact of the proposed amendment with respect to carving out the SPV from the definition of Subsidiary is with respect to how Events of Default and related remedies are determined under the Credit Facility and in particular with respect to Section 5.1(g). The cross-default provisions in any credit facility are designed to preserve a creditor's rights/value at the earliest possible point that the borrower becomes financially unsound across any of its business lines or becomes unable to meet its other debt obligations.

With the proposed amendment, the financial health/solvency of the SPV would not be a factor in triggering an Event of Default under the Credit Facility, even if the SPV becomes insolvent. I am not aware of the structure and funding of the SPV and whether or not OPG has any responsibilities/obligations in this regard, but if funding the SPV could be deemed "Other General Corporate Requirements" under the Credit Facility, then it is possible the Credit Facility could be used to continue to fund an entity that is otherwise insolvent and would otherwise have triggered an Event of Default. OFA would have no lens into the solvency status of the SPV as a result of this structure.

Provided the respective business advisors on this matter understand the implications of this carve out for the administration of the loan, and have considered the related risks given their knowledge of the structure and purpose of the SPV and its relationship to OPG, I have no further comments.

Hi Sarah – the only new item to review is the addition of the subsidiary exclusion – everything else has been reviewed and agreed on by Lisa, Linda and myself. So you know, both Linda and John Kim's group are fine with excluding the Special Purpose Vehicle from the definition of subsidiary. The OFA, OPG and MOE have been working on the structure of the electricity rate reduction program for some time now.

AND: **ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC")**
As Lender

WHEREAS OPG and OEFC entered into a Credit Facility Agreement dated June 17, 2016, as amended by Amending Agreement No. 1 dated September 7, 2016, and Amending Agreement No. 2 dated February 2, 2017 (the "Agreement", the terms defined therein being used herein as therein defined), providing for OPG to borrow from OEFC a principal amount of up to Seven Hundred Million Dollars;

AND WHEREAS the Agreement provides that advances under the Agreement only occur during the period starting on January 1, 2017 and ending on December 31, 2017;

AND WHEREAS as of the date hereof, the total principal amount outstanding under the Agreement is $300,000,000.00;

AND WHEREAS OPG and OEFC have now agreed to increase the total commitment amount under the Agreement to an amount of up to Two Billion Three Hundred Fifty Million Dollars, with no more than One Billion Five Hundred Million Dollars to be advanced prior to January 1, 2018;

AND WHEREAS OPG and OEFC now agree to amend the Agreement so that advances under the Agreement may occur during the period starting on January 1, 2017 and ending on December 31, 2018.

THEREFORE, in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and subject to the terms and conditions hereinafter set out, the parties agree that:

2. The definition of the term "**General Corporate Requirements**" in Section 1.1 of the Agreement is deleted and replaced with the following :

"General Corporate Requirements" means OPG's general corporate requirements for the period from January 1, 2017 to December 31, 2018, comprised of the Darlington Requirements and the Other General Corporate Requirements;

3. The definition of the term "**Other General Corporate Requirements**" in Section 1.1 of the Agreement is deleted and replaced with the following :

In the event that the Benchmark Bond does not have the same term as specified in the applicable Borrowing Notice, the rate shall be established by OEFC by interpolating the terms of two Government of Canada bonds published by Bloomberg RBCB as of the Business Day immediately preceding the applicable Advance Date that are closest to the term of the Advance in question, one being for a longer term and the other being for a shorter term.

5. Section 3.1 of the Agreement "**Advances**" is deleted and replaced with the following:

OPG shall not request Advances more than twelve (12) times per calendar year without first obtaining the prior written consent of OEFC. OPG may request at the same time Advances for the Darlington Requirements and for the Other General Corporate Requirements. It is anticipated that OPG will request these Advances approximately monthly throughout a calendar year. The total of all Advances made prior to January 1, 2018 shall not be more than One Billion Five Hundred Million Dollars.

The Repayment Date of each Proposed Advance to be made in 2017 shall be such that the Repayment Date is no more than 30 years after the date of the Proposed Advance for 2017.

The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC.

~~5.~~6. Section 3.2 of the Agreement is deleted and replaced with the following:

OPG shall provide OEFC with written notice requesting an Advance at least 10 Business Days prior to the date of the Advance. Each such notice (a **"Borrowing Notice**") shall be substantially in the form of Schedule 1 and shall specify, with respect to each Proposed Advance: (a) the date of the Advance (the **"Advance Date**"); (b) the principal amount of the Advance; (c) the purpose of the Advance, that is, whether it is for Darlington Requirements or Other General Corporate Requirements; (d) the Repayment Date of the Advance; and (e) the Interest Payment Dates. (2) OEFC shall notify OPG of the Applicable Spread and Base Rate in writing by no later than 2:00 p.m. on the Business Day before the Advance Date, provided that OPG has up to 5 Business Days to advise OEFC of any errors or discrepancies.

(3) Interest shall accrue daily on the principal amount of each Note from and including the date of the Note to but excluding the Repayment Date of such Advance, at an annual rate equal to the aggregate of the Base Rate and the Applicable Spread (both before and after the date such principal amount or interest thereon becomes due and both before and after Default) and shall be payable in equal semi-annual installments on the Interest Payment Dates.

(4) Notwithstanding the foregoing, whenever it is necessary to compute interest in respect of the Notes for a period of less than one full year, other than such equal semi-annual installments, such interest shall be calculated on the basis of the actual number of days elapsed in a year of 365 days. If any Repayment Date is not a Business Day, such

Repayment Date will be adjusted to the following Business Day, (the "Adjusted Repayment Date"), and, notwithstanding Section 1.5 of this Agreement, additional interest shall accrue daily on the principal amount of each Note from and including the Repayment Date to but excluding the Adjusted Repayment Date of such Advance, at an annual rate equal to the aggregate of the Base Rate and the Applicable Spread (both before and after the date such principal amount or interest thereon becomes due and both before and after Default), and shall be payable together with the principal amount of the Advance on the Adjusted Repayment Date.

Section 3.5 Computations of Interest.

(1) All computations of interest shall be made by OEFC taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 3.6 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, OPG shall not be obliged to make any payments of interest or other amounts payable to OEFC hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by OEFC of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada), as amended from time to time).

(2) In the event that any such payments are limited or prohibited as provided in Section 3.6(1), OEFC shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 3.7 Conditions Precedent.

If an Event of Default occurs and is continuing, then and in every such case OEFC may declare all amounts owing hereunder to be due and payable immediately, by a notice in writing to OPG, and upon any such declaration all such amounts shall become immediately due and payable.

Section 5.3 Suits for Enforcement by OEFC.

If an Event of Default occurs and is continuing, OEFC may proceed to protect and enforce the rights vested in it by this Agreement either by suit in equity or by action at law or by proceedings in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement contained in this Agreement or in aid of the exercise of any power granted in this Agreement, or to enforce any other legal or equitable right vested in OEFC by this Agreement or by law.

Section 5.4 OEFC May File Proof of Claim.

If proceedings for the receivership, insolvency, liquidation, bankruptcy, winding-up, reorganization, arrangement or composition of OPG under any applicable law are pending, or if a receiver, trustee, custodian or other similar official shall have been appointed for the property of OPG, or if any other judicial proceedings relative to OPG, its creditors or its property are pending, OEFC shall be entitled and empowered, by intention in such proceeding or otherwise:

(a) to file and prove a claim for all amounts owing under this Agreement and to file such other papers or documents as may be necessary or advisable in order to have the claims of OEFC (including any claim for fees and disbursements of OEFC, its agents and counsel as contemplated under Section 4.7) allowed in such judicial proceeding; and

(b) to collect and receive any moneys or other property payable or deliverable on any such claim.

Section 5.5 Rights and Remedies Cumulative.

No right or remedy herein conferred upon or reserved to OEFC is intended to be exclusive of any other such right or remedy, and every such right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.6 Delay or Omission not Waiver.

No delay or omission of OEFC to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OEFC may be exercised from time to time, and as often as may be deemed expedient, by OEFC.
