Section 5.2 Acceleration of Maturity; Rescission and Annulment.

If an Event of Default occurs and is continuing, then and in every such case the OFA may at its option, in addition to any other remedy available to the OFA at law, by written notice to the IESO, suspend the right of the IESO to request any further Advance until the Event of Default has been cured to the OFA's satisfaction or, if the Event of Default is not cured within three (3) Business Days ~~of~~after the date on which written notice of ~~providing such written notice~~such Event of Default shall have been given to the IESO by the OFA, declare all amounts owing hereunder including all interest accrued to be due and payable immediately, by a notice in writing to the IESO, and upon any such declaration all such amounts shall become immediately due and payable.

Section 5.3 Suits for Enforcement by the OFA.

If an Event of Default occurs and is continuing, the OFA may proceed to protect and enforce the rights vested in it by this Agreement either by suit in equity or by action at law or by proceedings in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement contained in this Agreement or in aid of the exercise of any power granted in this Agreement, or to enforce any other legal or equitable right vested in the OFA by this Agreement or by law.

Section 5.4 OFA May File Proof of Claim.

If proceedings for the receivership, insolvency, liquidation, bankruptcy, winding-up, reorganization, arrangement or composition of the IESO under any applicable law are pending, or if a receiver, trustee, custodian or other similar official shall have been appointed for the property of the IESO, or if any other judicial proceedings relative to the IESO, its creditors or its property are pending, the OFA shall be entitled and empowered, by intention in such proceeding or otherwise:

(a) to file and prove a claim for all amounts owing under this Agreement and to file such other papers or documents as may be necessary or advisable in order to have the claims of the OFA (including any claim for fees and disbursements of the OFA, its agents and counsel) allowed in such judicial proceeding; and

(b) to collect and receive any moneys or other property payable or deliverable on any such claim.

Section 5.5 Rights and Remedies Cumulative.

No right or remedy herein conferred upon or reserved to the OFA is intended to be exclusive of any other such right or remedy, and every such right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.6 Delay or Omission not Waiver.

No delay or omission of the OFA to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OFA may be exercised from time to time, and as often as may be deemed expedient, by the OFA.

William,

Yes the list below are current examples of programs under/part of the FHP.
I would caution that there may be more too such as "Funding Rebates", and there are current discussions about potential new regulations under FH Act still being contemplated/discussed by gov't lawyers.
I would prefer that we keep the language in our debt agreement to reference activities under the FH Act….since there may be new regulations, amendments to FH regulations, or new programs that may be set up.

Regards.

Subject: FHP subcategories

Hi Anthony,

Is the list below a basic list of programs that would be a part of FHP Permitted Liens (k)? if yes, is there a more exhaustive list?

Broadening Distribution Rate Protection

RRRP program provides a rate subsidy to rural and remote residential customers who face higher distribution costs.

About 800,000 customers would benefit from the new broadened distribution rate protection program. Customers of LDCs benefitting from this include: Hydro One R2 and R1 customers, and residential customers of Northern Ontario Wires, Lakeland Parry Sound, Chapleau, Sioux Lookout, InnPower, Atikokan and Algoma. The benefits would differ from LDC to LDC.

Expanding the OESP

The OESP[na01.safelinks.protection.outlook.com] is an income-tested, application based program that lowers electricity costs for the most vulnerable consumers, providing a rebate directly on bills. There are two scales: one with basic credits, and an enhanced credit for Indigenous people or those who

use electric heat or certain electrically intensive medical devices.

Effective May 1, 2017, Ontario increased the OESP by 50 per cent, meaning that single, low-income consumers who receive the lowest credit amount would get an increase from $30 to $45 per month ($540 per year, an increase of $180), and single, low-income consumers who qualify for the enhanced scale would see an increase from $45 to $68 ($816 per year, an increase of $276).

Providing a First Nations On-Reserve Delivery Credit

In 2016, the Ontario Energy Board (OEB) engaged with First Nations, including remote communities, the distributors serving them, and consumer groups such as the Low Income Energy Network.

As a result of recommendations from the OEB, the government plans to eliminate the delivery charge for all on-reserve First Nations residential customers and remove the monthly service charge for customers of licensed distributors which charge a bundled rate.

The Fair Hydro Act, 2017 would, if passed, enable the above initiatives. In addition, an Affordability Fund has been established. No legislative amendments were required for this fund.

Establishing an Affordability Fund

Ontario has established an Affordability Fund that will provide energy efficiency measures to Ontarians who are not eligible for low-income conservation programs, and who are otherwise unable to make energy efficiency improvements without financial assistance.

The Province is paying for the Affordability Fund through provincial revenues.

Energy Sector Efficiencies

The Ontario government has commenced work on the next Long-Term Energy Plan (LTEP).

Ontario is in a strong electricity supply situation and well-positioned to meet demand at this time. The LTEP process is designed to be iterative and flexible and only commit resources as demand needs become clearer. The Province is committed to continuing to put conservation first in its energy planning decisions, where cost-effective.

When new electricity supply is needed, the next LTEP would ensure that future procurements are focused on outcomes, rather than contracting with specific technologies. This technology-neutral approach would foster innovation and create competition. This approach is expected to lower the cost of electricity supply.

The OEB will identify opportunities for cost efficiencies by:

Encouraging shared partnerships on services between utilities, which would help reduce costs and encourage further innovation for small to medium-sized utilities.

Reviewing business cases behind its regulatory requirements to reduce red tape and eliminate costs that LDCs indicate are creating pressures on operating expenses.

Looking at opportunities to further drive transmitter and LDC efficiencies and productivity improvements, including the use of innovative technologies and business processes.

The IESO and partners have begun a market renewal project to enhance efficiency and performance of the wholesale electricity market.

Changes related to the IESO's market renewal initiatives are estimated to save at least $200 million per year, starting in 2021.

Best regards,

Ontario Fair Hydro Plan Act, 2017 (*Fair Hydro Act, 2017*) Summary of Act and Regulations

Summary

- Purpose: To foster the development of a clean, modern and reliable electricity system, and to remove barriers to and promote opportunities for renewable and clean energy projects by sharing costs fairly among consumers today and in the future[1].
- As of July 1, 2017, consumers will receive an immediate 25% reduction in their electricity bills, there will be no increase to electricity rates beyond the rate of inflation for four years and additional reductions of up to 40-50% are available for people in rural or remote communities or families with low income.
- Bills are lowered because electricity support programs are funded with provincial revenues, not electricity revenues.
- The Government, the Independent Electricity Systems Operator (IESO) and the Ontario Energy Board (OEB) are working together to improve sector efficiency and modernize the province's electricity market.
- $5.2 billion in savings are expected over a 10-year period[2].

IESO's Involvement

Below are a list of sections within the Act that specifically discuss the IESO and their involvement.

- IESO and OPG will to spread the costs of clean electricity investments over time.
- IESO's Market Renewal Initiative will "result in a more efficient marketplace with competitive and transparent mechanisms that meet future system meets at the lowest cost[3].
- **Part III Clean Energy Adjustment** s 16 (1-4) IESO will receive amounts from the clean energy adjustment by electricity vendors. These amounts will be held in trust by the IESO for the benefit of investment interest owners.
- s 17 (2, 5) All electricity vendors will report to the IESO the total amount invoiced to specified consumers in respect of the clean energy adjustment, the amount collected and any other information may be prescribed. Until this time the proceeds are held in trust by the electricity vendor.
- **Part IV Implementation** s 18 (2) OPG, the Financial Services Manager of the Act, must also provide relevant information to IESO in respect of obligations under Part III.
- **Part V The Regulatory Asset** s 23 (1-4) The IESO deferral for each month, starting May 1, 2017, will be determined by IESO in accordance with the regulations. The IESO may rely on the information provided by electricity vendors to make the deferral determination.

[2] *Ontario's Fair Hydro* Plan, online: Ministry of Energy <https://www.ontario.ca/page/ontarios-fair-hydro-plan>
[3] *Ibid.*

- s 24 (1-3) IESO will establish and maintain a variance account recording: the monthly deferral, payments received under the right of recover (section 25 and 26), and any other adjustments as may be prescribed. Subject to any obvious error, the balance in the variance account is determinative. In the context of a transfer under section 26, no change made by the IESO to the balance will affect the rights acquired by the investment interest owner under the transfer if the previous balance was relied upon.
- s 25 (1-3) IESO has the right to recover the balance recorded in the variance account from specified consumer, but it cannot be collected before May 1, 2021 and after that it can be collected subject to Board allowance.
- s 26 (1-3) IESO may transfer a specified portion of the regulatory asset to a financing entity. Upon receipt by the IESO of payment by the financing entity:
    a. "the balance in the variance account shall be reduced by the amount of the payment
    b. The regulatory asset shall be adjusted accordingly

Hi Lisa – just wanted to check whether the latest version of AA#10 was ever sent across for our review or whether you were still waiting on finalization of the FHP Credit Agreement ? I can't seem to find anything in my system.
I would like to review the additions to the Permitted Liens language in AA#10 asap even if the addition of the Intercept language is not final.
Thanks,

Hi Will. The following is the revised paragraph that we ask be substituted for that already in the definition of "Permitted Liens" in the FHP facility, and be added to the definition of Permitted Liens in Amending Agreement #10 for the existing facility –

" any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP; "

Regarding the addition to AA#10, this would also require the addition of the definitions for "OFHP" and "Clean Energy Adjustment" to that amendment.

Let me know if you have any questions.

Victor

Good morning Victor,

That's correct, I intentionally did not include a copy of the Amending Agreement No. 10 v2, because no changes to be made to it and the current version is still valid.

Yes, please review the Intercept Provision language in the FHP Credit Facility after discussions have concluded with OPG. John Kim is currently reviewing Intercept Provision matter with regards to the Existing Credit Facility.

We look forward to the Permitted Liens changes tomorrow.

Thanks,

Will

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?

Also, just wanted to let you know that based on our most recent reviews of the draft documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be

controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Feel free to call if you have any questions.

Victor

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and

Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

My recommendation would be that the next step would be to set up a call today with counsel (Lisa and Victor) and clients (Anthony, William, Sarah and John) and discuss the Existing Agreement and inclusion of the intercept, but also to prioritize that the letter and the new line should be completed first. That way it can be determined if the intercept's inclusion in the $425 line is a deal breaker for IESO, if so, what their issues are or if they are just trying to confirm our position. Based on the outcome of that discussion a clear path forward could be identified hopefully quickly with everyone on the same page and we can clarify roles.

I should have picked up on this last week when I was monitoring John's e-mails, but I too got caught up in the task of getting the file moving and getting feedback from the other parties.

It is not appropriate in the ordinary course for counsel on one side to be speaking directly to clients on the other and vice versa. Will please respond to Anthony and copy Victor and Lisa on the communications. If you get communications directly from Victor, please forward to Lisa or I. If there are discussions with IESO, if their counsel is present Lisa or I should also be present.

Please let me know if there are questions or if you would like to discuss. Hopefully we are close to resolution on this.

Hi Sarah,

I had a discussion early on with Anthony and Victor when we first floated the idea of a letter agreement. I would not say that I made a representation in that call as I left it vague as to how things come about without the intercept provision, i.e. amendments to extend the original facility. The discussion was exploratory.

I believe I have always discussed requiring the provision for both facilities.

All said, I didn't realize Victor was a lawyer.

I know we discussed some comfort about the lending policy at the time of the first Directive but think both facilities should be brought onside with the current policy.

John

William, I thought Sarah N. wanted to clarify this before responding to Victor?

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Regards,
Victor

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution

format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

My recommendation would be that the next step would be to set up a call today with counsel (Lisa and Victor) and clients (Anthony, William, Sarah and John) and discuss the Existing Agreement and inclusion of the intercept, but also to prioritize that the letter and the new line should be completed first. That way it can be determined if the intercept's inclusion in the $425 line is a deal breaker for IESO, if so, what their issues are or if they are just trying to confirm our position. Based on the outcome of that discussion a clear path forward could be identified hopefully quickly with everyone on the same page and we can clarify roles.

In my case, I had scheduled a call with Anthony and he invited Victor. I didn't know he was a Legal Cousel until William forwarded the email below.

Hello – I know we are all focused on trying to get this done in as efficient manner as possible, but I think now is a good time to reset/refresh the dynamic. I should have picked up on this last week when I was monitoring John's e-mails, but I too got caught up in the task of getting the file moving and getting feedback from the other parties.

It is not appropriate in the ordinary course for counsel on one side to be speaking directly to clients on the other and vice versa. Will please respond to Anthony and copy Victor and Lisa on the communications. If you get communications directly from Victor, please forward to Lisa or I. If there are discussions with IESO, if their counsel is present Lisa or I should also be present.

Please let me know if there are questions or if you would like to discuss. Hopefully we are close to resolution on this.

Hi Sarah,

I had a discussion early on with Anthony and Victor when we first floated the idea of a letter agreement. I would not say that I made a representation in that call as I left it vague as to how things come about without the intercept provision, i.e. amendments to extend the original facility. The discussion was exploratory.

I believe I have always discussed requiring the provision for both facilities.

All said, I didn't realize Victor was a lawyer.

I know we discussed some comfort about the lending policy at the time of the first Directive but think both facilities should be brought onside with the current policy.

John

William, I thought Sarah N. wanted to clarify this before responding to Victor?

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit

Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Also, just wanted to let you know that based on our most recent reviews of the draft documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following “September” as appropriate so that the final

signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).

2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Victor

Subject: Final Docs for FHP Credit Agreement and AA#10

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Regards,
Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

Hello – I know we are all focused on trying to get this done in as efficient manner as possible, but I think now is a good time to reset/refresh the dynamic. I should have picked up on this last week when I was monitoring John's e-mails, but I too got caught up in the task of getting the file moving and getting feedback from the other parties.

It is not appropriate in the ordinary course for counsel on one side to be speaking directly to clients on the other and vice versa. Will please respond to Anthony and copy Victor and Lisa on the communications. If you get communications directly from Victor, please forward to Lisa or I. If there are discussions with IESO, if their counsel is present Lisa or I should also be present.

Please let me know if there are questions or if you would like to discuss. Hopefully we are close to resolution on this.

Hi Sarah,

I had a discussion early on with Anthony and Victor when we first floated the idea of a letter agreement. I would not say that I made a representation in that call as I left it vague as to how things come about without the intercept provision, i.e. amendments to extend the original facility. The discussion was exploratory.

I believe I have always discussed requiring the provision for both facilities.

All said, I didn't realize Victor was a lawyer.

I know we discussed some comfort about the lending policy at the time of the first Directive but think both facilities should be brought onside with the current policy.

John

William, I thought Sarah N. wanted to clarify this before responding to Victor?

Hi Joan - My preference is to also bring it into alignment with the current policy. But before we respond to IESO at what point was "grandfathering" discussed with IESO and what was the context of those discussions? If representations were made we need to deal with those in the response.

My view is that the existing facility should also be amended. Sarah N. can let us know her view as well. I would also indicate that the $2bn facility is more time sensitive.

When you respond to Victor, pls. copy me.

Hello John,

Victor would like some clarification with regards to the application of the intercept provision to the Existing Credit Facility. His understanding is that the provision only applies to the FHP Credit Facility and that the Existing Credit Facility is to be grandfather. Could you please respond to Victor on this matter?

"current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's

intended approach on this ?"

Will

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?

Also, just wanted to let you know that based on our most recent reviews of the draft documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Feel free to call if you have any questions.

Victor

That's correct, I intentionally did not include a copy of the Amending Agreement No. 10 v2, because no changes to be made to it and the current version is still valid.

Yes, please review the Intercept Provision language in the FHP Credit Facility after discussions have concluded with OPG. John Kim is currently reviewing Intercept Provision matter with regards to the Existing Credit Facility.

We look forward to the Permitted Liens changes tomorrow.

Thanks,

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Regards,
Victor

Subject: Touch Base

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

Hi William,

I believe we require changes to Amending Agreement No. 10. Please let Victor know that we will provide a revised version; however, the priorities right now are the letter agreement and the new credit facility agreement.

Thanks,

LIsa

Good morning Victor,

That's correct, I intentionally did not include a copy of the Amending Agreement No. 10 v2, because no changes to be made to it and the current version is still valid.

Yes, please review the Intercept Provision language in the FHP Credit Facility after discussions have concluded with OPG. John Kim is currently reviewing Intercept Provision matter with regards to the Existing Credit Facility.

We look forward to the Permitted Liens changes tomorrow.

Thanks,

Will

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit

Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?

Also, just wanted to let you know that based on our most recent reviews of the draft documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Feel free to call if you have any questions.

Victor

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following “September” as appropriate so that the final

signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).

2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Victor

Hi Sarah,

I had a discussion early on with Anthony and Victor when we first floated the idea of a letter agreement. I would not say that I made a representation in that call as I left it vague as to how things come about without the intercept provision, i.e. amendments to extend the original facility. The discussion was exploratory.

I believe I have always discussed requiring the provision for both facilities.

All said, I didn't realize Victor was a lawyer.

I know we discussed some comfort about the lending policy at the time of the first Directive but think both facilities should be brought onside with the current policy.

John

William, I thought Sarah N. wanted to clarify this before responding to Victor?

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?

Also, just wanted to let you know that based on our most recent reviews of the draft documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Feel free to call if you have any questions.

Regards,
Victor

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.
Regards,
Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

My view is that the existing facility should also be amended. Sarah N. can let us know her view as well. I would also indicate that the $2bn facility is more time sensitive.

Hello John,

Victor would like some clarification with regards to the application of the intercept provision to the Existing Credit Facility. His understanding is that the provision only applies to the FHP Credit Facility and that the Existing Credit Facility is to be grandfather. Could you please respond to Victor on this matter?

Subject: Touch Base

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

Hi Lisa – just wanted to check whether the latest version of AA#10 was ever sent across for our review or whether you were still waiting on finalization of the FHP Credit Agreement ? I can't seem to find anything in my system.
I would like to review the additions to the Permitted Liens language in AA#10 asap even if the addition of the Intercept language is not final.
Thanks,
Victor

Hi Victor,

We will send out a revised version of Amending Agreement #10, which has already been updated to include the Permitted Liens language, once we finalize the Credit Facility Agreement. Do you have any update on that agreement?

Thank you,

Lisa

Hello Anthony and Victor,

Please find the attached version of the FHP Credit Facility Agreement which includes revised Permitted Liens (K) language. Obviously the letter agreement needs to be executed first.

Thanks,

Hi Will. The following is the revised paragraph that we ask be substituted for that already in the definition of "Permitted Liens" in the FHP facility, and be added to the definition of Permitted Liens in Amending Agreement #10 for the existing facility –

" any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP; "

Regarding the addition to AA#10, this would also require the addition of the definitions for "OFHP" and "Clean Energy Adjustment" to that amendment.

Let me know if you have any questions.
Regards,
Victor

Good morning Victor,

That's correct, I intentionally did not include a copy of the Amending Agreement No. 10 v2, because no changes to be made to it and the current version is still valid.

Yes, please review the Intercept Provision language in the FHP Credit Facility after discussions have concluded with OPG. John Kim is currently reviewing Intercept Provision matter with regards to the Existing Credit Facility.

We look forward to the Permitted Liens changes tomorrow.

Thanks,

Will

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?

Also, just wanted to let you know that based on our most recent reviews of the draft documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Feel free to call if you have any questions.

Regards,
Victor

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

ADVANCES

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

Hi Will. The following is the revised paragraph that we ask be substituted for that already in the definition of "Permitted Liens" in the FHP facility, and be added to the definition of Permitted Liens in Amending Agreement #10 for the existing facility –

" any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP; "

Regarding the addition to AA#10, this would also require the addition of the definitions for "OFHP" and "Clean Energy Adjustment" to that amendment.

Let me know if you have any questions.
Regards,
Victor

Good morning Victor,

That's correct, I intentionally did not include a copy of the Amending Agreement No. 10 v2, because

no changes to be made to it and the current version is still valid.

Yes, please review the Intercept Provision language in the FHP Credit Facility after discussions have concluded with OPG. John Kim is currently reviewing Intercept Provision matter with regards to the Existing Credit Facility.

We look forward to the Permitted Liens changes tomorrow.

Thanks,

Will

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?

Also, just wanted to let you know that based on our most recent reviews of the draft documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Feel free to call if you have any questions.

Regards,
Victor

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

Hi Will. The following is the revised paragraph that we ask be substituted for that already in the definition of "Permitted Liens" in the FHP facility, and be added to the definition of Permitted Liens in Amending Agreement #10 for the existing facility –

" any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP; "

Regarding the addition to AA#10, this would also require the addition of the definitions for "OFHP" and "Clean Energy Adjustment" to that amendment.

Let me know if you have any questions.

Subject: Final Docs for FHP Credit Agreement and AA#10

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.

4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.
Regards,
Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Subject: Touch Base

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

Hi Will. The following is the revised paragraph that we ask be substituted for that already in the definition of "Permitted Liens" in the FHP facility, and be added to the definition of Permitted Liens in Amending Agreement #10 for the existing facility –

" any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP; "

Regarding the addition to AA#10, this would also require the addition of the definitions for "OFHP" and "Clean Energy Adjustment" to that amendment.

Let me know if you have any questions.

Victor

Good morning Victor,

That's correct, I intentionally did not include a copy of the Amending Agreement No. 10 v2, because no changes to be made to it and the current version is still valid.

Yes, please review the Intercept Provision language in the FHP Credit Facility after discussions have concluded with OPG. John Kim is currently reviewing Intercept Provision matter with regards to the Existing Credit Facility.

We look forward to the Permitted Liens changes tomorrow.

Thanks,

Will

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?

Also, just wanted to let you know that based on our most recent reviews of the draft documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Feel free to call if you have any questions.

Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Victor

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

My recommendation would be that the next step would be to set up a call today with counsel (Lisa and Victor) and clients (Anthony, William, Sarah and John) and discuss the Existing Agreement and inclusion of the intercept, but also to prioritize that the letter and the new line should be completed first. That way it can be determined if the intercept's inclusion in the $425 line is a deal breaker for IESO, if so, what their issues are or if they are just trying to confirm our position. Based on the outcome of that discussion a clear path forward could be identified hopefully quickly with everyone on the same page and we can clarify roles.

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and

Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Victor

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.
Regards,
Victor

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

Hi Lisa – just wanted to check whether the latest version of AA#10 was ever sent across for our review or whether you were still waiting on finalization of the FHP Credit Agreement ? I can't seem to find anything in my system.
I would like to review the additions to the Permitted Liens language in AA#10 asap even if the addition of the Intercept language is not final.
Thanks,

Hi Will. The following is the revised paragraph that we ask be substituted for that already in the definition of "Permitted Liens" in the FHP facility, and be added to the definition of Permitted Liens in Amending Agreement #10 for the existing facility –

" any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP; "

Regarding the addition to AA#10, this would also require the addition of the definitions for "OFHP" and "Clean Energy Adjustment" to that amendment.

Let me know if you have any questions.

Victor

Good morning Victor,

That's correct, I intentionally did not include a copy of the Amending Agreement No. 10 v2, because no changes to be made to it and the current version is still valid.

Yes, please review the Intercept Provision language in the FHP Credit Facility after discussions have concluded with OPG. John Kim is currently reviewing Intercept Provision matter with regards to the Existing Credit Facility.

We look forward to the Permitted Liens changes tomorrow.

Thanks,

Will

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?

Also, just wanted to let you know that based on our most recent reviews of the draft documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Feel free to call if you have any questions.

Regards,
Victor

Okay, I will act on that. I could let them know the following:

"With timely execution of the letter agreement by all parties, we will move to conclude the FHP credit facility agreement and amending agreement #10 by November 1st. Also, future amendments to these agreements would have to be considered when known at the time. The OFA will not make any assurances or representations to the IESO that such amendments would be made as a matter of right."

Would you suggest any edits to this response?

Hi John – I agree with Lisa.

We can agree to move forward to conclude the agreements with the intercept by November 1 (assuming all parties agree) and assuming we also get the letter.

Future amendments would have to be considered when known at the time with no assurance or representation made to IESO in the interim that that such amendments will be made as a matter of right. That is why we added the entire agreement clause.

The risk to this path as I see it is that if a future amendment requested by IESO requires a directive, and there is a real possibility that it may, given OPG's current position, this directive may be a challenge to obtain or not obtainable.

Hi John,

There is no mention in Victor's e-mail about the letter agreement or the intercept provisions. Is he proposing that we finalize the agreements with the intercept provisions included? In this case, the letter agreement will need to be signed first and we will need to tweak the amending agreement.

As we have previously discussed, we are not willing to make assurances regarding further future amendments, especially regarding the intercept requirement. This is the reason I had added in the "Entire Agreement" clause. In my view it is not appropriate to discuss our internal approval processes with the IESO.

Fyi, and pls. let me know if any concern.

Victor's comments seem reasonable to me. They are indicating that the discussion between OPG Trust and IESO has not settled. I do think about any risks that could result from continuing to go down this path and not sure I can come up with any. I wouldn't mind a reiteration from Legal back to Victor on the due process and approvals required on any future amendments to the credit facility or facilities in place [when the discussion between OPG Trust and IESO conclude].

Please keep Gadi in the loop on this. I will keep Ron in the loop.

Subject: Finalization of OFA-IESO Credit Agreements

Hi John. We have had internal discussions following your and my conversation yesterday afternoon regarding the finalization of the two OFA/IESO credit agreements (Amending Agreement #10 to the existing credit agreement; and the new $2 billion credit agreement for implementing the Fair Hydro Plan).

As discussed, we need urgently to finalize these credit agreements in order to avoid a funding shortfall for IESO in November relating to implementing the FHP. There will not be sufficient room under the existing OFA credit agreement – with its commitment of $975 million – to fund the amounts required by IESO in this regard.

Given this urgent funding need, we propose that OFA and IESO finalize the current drafts of the credit agreements and have them executed by both parties no later than Wednesday, November 1 in order to ensure that funds will be available for drawing by IESO in November.

We recognize that the on-going discussions with the OPG Trust about a possible grant of security over IESO's assets in connection with implementing the Fair Hydro Plan may result in the need for further amendments to the OFA-IESO credit agreements. However, we propose to amend the agreements as needed once we actually know what, if anything, is required in this regard.

We would appreciate it is OFA could let us know if it agrees with the above approach by Thursday this week in order that we may each proceed to take the steps required to finalize and execute the agreements, and maintain the timely funding of IESO's needs.

Regards,
Victor

I'm indifferent but they will know it didn't come from me. I will just add a sentence to say – Let's aim to get this letter agreement done well ahead of the end of this week or something like that to soften things up a little.

I've made a couple of minor edits to your suggested response, below, based on Sarah's e-mail. Based on your earlier e-mail, I will update Amending Agreement #10 to include intercept language as well.

Please copy me on your e-mail to Victor.

Hi John – I agree with Lisa.

We can agree to move forward to conclude the agreements with the intercept by November 1 (assuming all parties agree) and assuming we also get the letter.

Future amendments would have to be considered when known at the time with no assurance or representation made to IESO in the interim that that such amendments will be made as a matter of right. That is why we added the entire agreement clause.

The risk to this path as I see it is that if a future amendment requested by IESO requires a directive, and there is a real possibility that it may, given OPG's current position, this directive may be a challenge to obtain or not obtainable.

Subject: Finalization of OFA-IESO Credit Agreements

Hi John. We have had internal discussions following your and my conversation yesterday afternoon regarding the finalization of the two OFA/IESO credit agreements (Amending Agreement #10 to the existing credit agreement; and the new $2 billion credit agreement for implementing the Fair Hydro Plan).

As discussed, we need urgently to finalize these credit agreements in order to avoid a funding shortfall for IESO in November relating to implementing the FHP. There will not be sufficient room under the existing OFA credit agreement – with its commitment of $975 million – to fund the amounts required by IESO in this regard.

Given this urgent funding need, we propose that OFA and IESO finalize the current drafts of the credit agreements and have them executed by both parties no later than Wednesday, November 1 in order to ensure that funds will be available for drawing by IESO in November.

We recognize that the on-going discussions with the OPG Trust about a possible grant of security

over IESO's assets in connection with implementing the Fair Hydro Plan may result in the need for further amendments to the OFA-IESO credit agreements. However, we propose to amend the agreements as needed once we actually know what, if anything, is required in this regard.

We would appreciate it is OFA could let us know if it agrees with the above approach by Thursday this week in order that we may each proceed to take the steps required to finalize and execute the agreements, and maintain the timely funding of IESO's needs.

Regards,
Victor

Hi John,

I've made a couple of minor edits to your suggested response, below, based on Sarah's e-mail. Based on your earlier e-mail, I will update Amending Agreement #10 to include intercept language as well.

Please copy me on your e-mail to Victor.

Thank you,

Lisa

Okay, I will act on that. I could let them know the following:

"With timely execution of the letter agreement by all parties, we will move to conclude the FHP credit facility agreement and amending agreement #10 by November 1st. Also, future amendments to these agreements would have to be considered when known at the time. The OFA will not make any assurances or representations to the IESO that such amendments would be made as a matter of right."

Would you suggest any edits to this response?

Hi John – I agree with Lisa.

We can agree to move forward to conclude the agreements with the intercept by November 1 (assuming all parties agree) and assuming we also get the letter.

Future amendments would have to be considered when known at the time with no assurance or representation made to IESO in the interim that that such amendments will be made as a matter of right. That is why we added the entire agreement clause.

The risk to this path as I see it is that if a future amendment requested by IESO requires a directive, and there is a real possibility that it may, given OPG's current position, this directive may be a challenge to obtain or not obtainable.

Hi John,

There is no mention in Victor's e-mail about the letter agreement or the intercept provisions. Is he proposing that we finalize the agreements with the intercept provisions included? In this case, the letter agreement will need to be signed first and we will need to tweak the amending agreement.

As we have previously discussed, we are not willing to make assurances regarding further future amendments, especially regarding the intercept requirement. This is the reason I had added in the "Entire Agreement" clause. In my view it is not appropriate to discuss our internal approval processes with the IESO.

Victor's comments seem reasonable to me. They are indicating that the discussion between OPG Trust and IESO has not settled. I do think about any risks that could result from continuing to go down this path and not sure I can come up with any. I wouldn't mind a reiteration from Legal back to Victor on the due process and approvals required on any future amendments to the credit facility or facilities in place [when the discussion between OPG Trust and IESO conclude].

Fyi, and pls. let me know if any concern.

Victor's comments seem reasonable to me. They are indicating that the discussion between OPG Trust and IESO has not settled. I do think about any risks that could result from continuing to go down this path and not sure I can come up with any. I wouldn't mind a reiteration from Legal back to Victor on the due process and approvals required on any future amendments to the credit facility or facilities in place [when the discussion between OPG Trust and IESO conclude].

Please keep Gadi in the loop on this. I will keep Ron in the loop.

Subject: Finalization of OFA-IESO Credit Agreements

Hi John. We have had internal discussions following your and my conversation yesterday afternoon regarding the finalization of the two OFA/IESO credit agreements (Amending Agreement #10 to the existing credit agreement; and the new $2 billion credit agreement for implementing the Fair Hydro Plan).

As discussed, we need urgently to finalize these credit agreements in order to avoid a funding shortfall for IESO in November relating to implementing the FHP. There will not be sufficient room under the existing OFA credit agreement – with its commitment of $975 million – to fund the amounts required by IESO in this regard.

Given this urgent funding need, we propose that OFA and IESO finalize the current drafts of the credit agreements and have them executed by both parties no later than Wednesday, November 1 in order to ensure that funds will be available for drawing by IESO in November.

We recognize that the on-going discussions with the OPG Trust about a possible grant of security over IESO's assets in connection with implementing the Fair Hydro Plan may result in the need for further amendments to the OFA-IESO credit agreements. However, we propose to amend the agreements as needed once we actually know what, if anything, is required in this regard.

We would appreciate it is OFA could let us know if it agrees with the above approach by Thursday this week in order that we may each proceed to take the steps required to finalize and execute the agreements, and maintain the timely funding of IESO's needs.

Regards,
Victor

Hi Victor,

With timely execution of the letter agreement by all parties, we will move to conclude the FHP credit facility agreement and amending agreement #10 by November 1st. Also, future amendments to these agreements would have to be considered when known at the time. The OFA will not make any assurances or representations to the IESO that such amendments would be made as a matter of right.

Let's aim to get the letter agreement done well before the end of this week.

Thanks,

John

Hi Lisa,

I don't have any precedents and only came to this conclusion based on what I've seen (and if we're really really worried, which I, myself, am not). I think its best to wait until we get closer to the date before making any significant changes – at best, we will get the amending agreement completed next week at the $475 million level without it being breached. Sarah H's group is doing the agreement, so my involvement has been minimal at the moment and only offering a suggestion if we are really concerned.

Salman

Hi Salman,

Do you have a precedent for such an amending agreement? I'm happy to draft such amendments or review a black-line. Or, should we wait on revising the amending agreement until closer to the time (to see how much has been drawn down)? Please advise how you would like to proceed.

Thank you,

Thanks Lisa.

I will send an FYI to Carlos as I believe CMD processes their borrowing requests – and that can be an initial flag that the amount outstanding is approaching the $475 million.

Alternatively (just a thought based on what I have seen in the past): the amending agreement, since the amount is being reduced, should include a clause that if there is an amount outstanding above the new reduced credit limit ($475 million), IESO must repay within X business days (i.e. 3 business days). It can even go more strict that non-payment would constitute an event of default, furthermore, cross-default on all OFA credit facilities, which would include the $2 billion facility and hence, would stop any advances on all facilities.

I'll defer to others on this that may have more expertise in the matter, but I think we should be okay.

Salman

Thanks Salman. I note that IESO's e-mail states that they are not 100% sure that they will NOT exceed the $475million. Please watch this amount carefully prior to the execution of the agreements as further amendments and internal approvals may be required if this is the case (as I've noted below and at our meeting).

Another option as discussed would be to ask IESO to sign an undertaking that they will not exceed the $475 million; however, given the e-mail below, it is unlikely that they will agree to this approach.

Happy to discuss further,

Hi Salman,

Please provide the original to Joan. Also, did you receive a written confirmation of our call yesterday from IESO, as discussed? When received, we should re-confirm with them in writing, as we noted over the phone, that the $2B facility is contingent on the reduction of the existing $975M credit facility.

I've briefed Sarah N. on this file in the event that we receive comments back on the agreements when I'm away (July 7th-19th).

Will,

As discussed, the IESO will work on completing amendment #10 followed then by the new FH $2B line.

The amendment #10 may take a few weeks to complete (mid-July), and then the new FH $2B line may need a few more additional weeks – likely end of July.

I am using the $975MM line today for FH (RPP) draws, and expect this will continue until the FH$2B line is up and running.

I would prefer to do both docs at the same time (i.e. signing on the same day both docs), but I understand that the OFA has been given direction to lower the $975MM to $475MM first.

Over the next few weeks in July I will be drawing on the $975MM again for the FH (RPP) amounts and I expect (but not 100% sure) that I should be under a total of $475MM.

Regards

Hi Salman,

Please provide the original to Joan. Also, did you receive a written confirmation of our call yesterday from IESO, as discussed? When received, we should re-confirm with them in writing, as we noted over the phone, that the $2B facility is contingent on the reduction of the existing $975M credit facility.

I've briefed Sarah N. on this file in the event that we receive comments back on the agreements when I'm away (July 7th-19th).

Thank you,

Lisa

Hi Lisa,

The Minister of Finance approved the Minister's Directive for the OFA to lend to the IESO for up to $2 billion for FHP. Attached is the electronic copy. Do I provide the original to you or to Joan?

Thank you again for your help with this,

Okay thank you Salman. Once the amending agreement is completed, they will not be able to draw down more than the $475 million. Ideally, this agreement will be executed before they exceed this amount. Please let me know if you would like to discuss further.

Hi Lisa,

I don't have any precedents and only came to this conclusion based on what I've seen (and if we're really really worried, which I, myself, am not). I think its best to wait until we get closer to the date before making any significant changes – at best, we will get the amending agreement completed next week at the $475 million level without it being breached. Sarah H's group is doing the agreement, so my involvement has been minimal at the moment and only offering a suggestion if we are really concerned.

Salman

Hi Salman,

Do you have a precedent for such an amending agreement? I'm happy to draft such amendments or review a black-line. Or, should we wait on revising the amending agreement until closer to the time (to see how much has been drawn down)? Please advise how you would like to proceed.

Thank you,

Lisa

Thanks Lisa.

I will send an FYI to Carlos as I believe CMD processes their borrowing requests – and that can be an initial flag that the amount outstanding is approaching the $475 million.

Alternatively (just a thought based on what I have seen in the past): the amending agreement, since the amount is being reduced, should include a clause that if there is an amount outstanding above the new reduced credit limit ($475 million), IESO must repay within X business days (i.e. 3 business days). It can even go more strict that non-payment would constitute an event of default, furthermore, cross-default on all OFA credit facilities, which would include the $2 billion facility and hence, would stop any advances on all facilities.

I'll defer to others on this that may have more expertise in the matter, but I think we should be okay.

Regards,
Salman

Thanks Salman. I note that IESO's e-mail states that they are not 100% sure that they will NOT exceed the $475million. Please watch this amount carefully prior to the execution of the agreements as further amendments and internal approvals may be required if this is the case (as I've noted below and at our meeting).

Another option as discussed would be to ask IESO to sign an undertaking that they will not exceed the $475 million; however, given the e-mail below, it is unlikely that they will agree to this approach.

Happy to discuss further,

Lisa

Hi Will and Sarah,

Further to my earlier e-mails, if none of the requested documents are available from the IESO (i.e. by-law, delegation of signing authority, or signing authority resolution), we can also accept:

- A certificate from the IESO Corporate Secretary stating that the IESO CEO has signing authority (although this will be unlikely if there is no evidence of signing authority available); or,
- A signature under seal of the corporation

If none of the above are available, it will be a business decision as to whether the OFA is willing to accept borrowing notices that are not properly executed. It would likely be low risk, given that all of the other details are consistent with the terms of the agreement. However, this would not be a legal decision.

Happy to discuss further,

Lisa

Hello Lisa and Sarah N.,

On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person we had documented to have signing authority). Anthony Martinello (IESO) was informed of the required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony,

their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.

Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?

Thanks,

Will

I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.
As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

Hi Lisa,

Sorry, I already requested the other two items below. Is the by-law a must have for now?

- a delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories); and/or,
- a general signing authority resolution of the IESO Board of Directors

Hello Lisa and Sarah N.,

On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person we had documented to have signing authority). Anthony Martinello (IESO) was informed of the required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony,

their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.

Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?

Thanks,

Will

Will,
I have requested our legal group to address your request and prepare an updated cert….it is pending.
I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.
As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

Hello Anthony,

As per our earlier conversation, we would require updated signing authority documents.

Please provide the following:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory.
2. Updated Incumbency Certificate.

Attached is an example of the documents.

Thanks,

Will

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

Hello Lisa and Sarah N.,

On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person

we had documented to have signing authority). Anthony Martinello (IESO) was informed of the required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony, their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.

Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?

Thanks,

Will

Will,
I have requested our legal group to address your request and prepare an updated cert….it is pending.
I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.
As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 2.9 Application of Payments.

All payments made by the IESO under this Agreement shall be applied firstly to the payment of interest payable to the OFA on late payments of principal or interest hereunder, secondly, to the payment of accrued and unpaid interest payable to the OFA hereunder and thirdly, to the payment of the outstanding principal amount of any Advances payable to the OFA.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date**"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of even date herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

OFA shall and is unconditionally and absolutely authorized and directed by the IESO to record on the Grid Note (i) the date and amount of each Advance, including any Advance all or a portion of which is continued by election under Section 3.3; (ii) the applicable rate of interest for each Advance; (iii) the repayment date of each Advance; (iv) the date and amount of each payment of interest and each payment of principal in respect of each Advance; and (v) the outstanding principal amount of the Grid Note. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such advances and repayments; provided that the failure of the OFA to record the same shall not affect the obligations of the Borrower to pay such amounts to the OFA.

The outstanding principal amount of each Advance under this Grid Note together with all interest accrued thereon shall become due and payable as specified in the Revolving Credit Facility Agreement dated **[INSERT DATE]** as amended, supplemented or restated from time to time, between the Borrower and the OFA (the "Agreement"). All capitalized terms used herein and not otherwise defined herein shall have the meanings given to such terms in the Agreement.

This Grid Note is issued pursuant to, and is subject to and payable in accordance with the provisions of, the Agreement.

This Grid Note is not transferable or negotiable without the prior written consent of the IESO.

The IESO waives presentment for payment and notice of non-payment.

This Grid Note shall be governed by and interpreted and enforced in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein.

IN WITNESS WHEREOF the IESO has executed this Grid Note.

Independent Electricity System Operator

June 14, 2017

In Respect of the establishment of a new credit facility and revision of existing credit facilities in relation to the Fair Hydro Plan

---

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

AND WHEREAS the Corporation proposes to enter into a new credit facility with the Ontario Financing Authority or Ontario Electricity Financial Corporation to support the Corporation's role in the Fair Hydro Plan in an amount yet to be determined of between $1,800 million and $2,500 million (the "**New Facility**");

AND WHEREAS, due to the structure of the Fair Hydro Plan, once the New Facility is established, the Corporation's existing credit facility with the Ontario Financing Authority in the amount of $975 million (the "**OFA Facility**") will include unnecessary and duplicative credit liquidity such that the OFA Facility may be reduced to an amount yet to be determined between $400 million and $500 million;

AND WHEREAS ...[Recital redacted]...

NOW THEREFORE BE IT RESOLVED THAT:

1. The Board of Directors hereby authorizes and approves the establishment of the New Facility and the amendment of the OFA Facility ...**[Redacted]**... on such terms and conditions as are generally outlined in the Memorandum (collectively, all facilities being the "**Credit Facilities**").

2. The Chief Financial Officer or her delegate is hereby authorized for and on behalf of the Corporation to:

(a) finalize, execute and deliver

(i) all relevant agreements, instruments and other documents required for the establishment or amendment, as applicable, of the Credit Facilities, and

(ii) all ancillary documents, deeds and instruments determined to be necessary or desirable in connection therewith (the execution of any such document, deed or instrument being conclusive evidence of such determination),

and to perform the Corporation's obligations thereunder, and to obtain the benefits thereof;

(b) draw upon or continue to draw upon, as applicable, the Credit Facilities from time to time in accordance with their terms; and

(c) do any and all such further acts as may be determined to be necessary or desirable to give effect to the foregoing transactions including, for further certainty, amending any other agreements as may be required as a consequence of such transactions. "

I certify that the above is a true, redacted copy of a resolution approved by the Board of Directors of the Independent Electricity System Operator on June 14, 2017.

Hello Anthony and Olga,

I apologise for the multiple emails. I have additional solutions as I am having a fluid conversation with my legal department.

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory and Updated Incumbency Certificate.
2. A delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories).
3. A general signing authority resolution of the IESO Board of Directors.
4. By-law or other document in place providing authorization to the IESO CEO.
5. A certificate from the IESO Corporate Secretary stating that the IESO CEO has signing authority.
6. A signature under seal of the corporation.

Thanks,

Will

Will,
I have requested our legal group to address your request and prepare an updated cert….it is pending.
I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.
As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

Please provide the following:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory.
2. Updated Incumbency Certificate.

Attached is an example of the documents.

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

William,

1.
As of July 26, we have OFA credit o/s of:

1. RPP (Fair Hydro) amount o/s = $246.5 million
2. RRRP amount o/s = $6.6 million

2.
Assuming August is $250 million this will increase the RPP (Fair Hydro) amount to = $496.5 million.

Plus any RRRP or other credit needs that may result during August.

3.
The transfer of the RPP (Fair Hydro) amounts to the "Financing Entity" is now expected to occur sometime during Sept/Oct.
For forecasting, you can assume $200-$250 million per month added to the RPP (Fair Hydro) balance.

Hi Anthony,

I trying to understand your drawing requirements.

Question regarding the email below and amounts needed for mid-August.
Currently, under the existing credit facility of $975 million a balance of combined balance of:

1. RRRP: July 21 – Repayment Date Aug 21 - $2,231,912.78
   RPP: July 21, Repayment Date Aug 21 - $136,581,867.69 or $138,813,780.47

   I don't see the requirements of $260 million?

2. In mid-August if you add another $200-$250 million, what will be the new balance?

3. Can you explain the sale of the Financing Entity made in May, June, July that you expect in August?

Call me if it's easier for you. 416-325-8090.

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility.

Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,
Victor

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated

Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility.

Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,
Victor

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without

limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions

contained in this Agreement shall prevail."

Hi Ryan,

I have no concerns with this deletion either. However, as noted earlier, I suggest running it by Toby as well as we worked together on the negative pledge language.

I believe there was also a deletion to the other agreement. Was it the same paragraph ? I think that numbering was different.

Hi Ryan,

I have no concerns with this deletion either. However, as noted earlier, I suggest running it by Toby as well as we worked together on the negative pledge language.

I believe there was also a deletion to the other agreement. Was it the same paragraph ? I think that numbering was different.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

(b) The grant of any Lien in the normal course of business to any banks or financial institutions for present or future Indebtedness of the Company or any Subsidiary to such banks or financial institutions payable on demand or having an original term to maturity less than 18 months;

(c) Permitted Liens;

(d) Liens granted by a Subsidiary to the Company;

(e) Any extension, renewal or replacement of any of the Liens referred to in Sections 3.8(a) to (d), provided that the principal amount secured by any such Lien outstanding immediately before such extension, renewal or replacement or refunding is not thereby increased.; and

(f) Any Lien charging the interest of the Company or any Subsidiary in any property to secure any Indebtedness, other than any Lien referred to in Sections 3.8(a) to (d), provided that, at the time such Lien is created, incurred or assumed, the principal amount of such Indebtedness, together with the aggregate principal amount of all other Indebtedness secured by Liens permitted pursuant to this Section 3.8(f) which is outstanding at such time does not exceed 25% of Consolidated Assets at such time.

Hi Lisa,

There was no similar deletion in the other agreement (for the $160M revolving credit facility). As Victor pointed out in his email: "You will note that a similar clause is not included in the Revolving Credit Agreement.)"

In the original revolving credit agreement "Negative Pledge" was addressed in Section 4.7. There was no similar section called "Other Indebtedness" as there was in the original agreement for the $120M note..

Thank You,
Ryan

Hi Lisa,

I spoke to JF and we are fine with moving forward with deleting this paragraph. We understand it's a business decision.

Did you have any other concerns with either note?

Thanks,
Ryan

Hi Ryan,

I have no concerns with this deletion either. However, as noted earlier, I suggest running it by Toby as well as we worked together on the negative pledge language.

I believe there was also a deletion to the other agreement. Was it the same paragraph ? I think that numbering was different.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if

the same applies to OEFC if yes:

“Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the “Intercept Letter”), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO (“Appropriated Funds”), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA’s compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA (“Intercept”).
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO’s failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms

and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa,

Based on my conversation with Opal this morning, from a business perspective I don't have any concerns with this change.

From Victor Buza's email:

"Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)"

Section 3.7 Other Indebtedness.

The Company covenants that if it shall cause any payment of principal, premium or interest on any of its Indebtedness to be subordinated or postponed to the prior payment of any other Indebtedness it shall in like manner subordinate or postpone such payment to the prior payment of the Note.

Section 3.8 Negative Pledge.

The Company will not, and will not permit any Subsidiary to, create, incur or assume any Lien, charging the interest of the Company or any Subsidiary in any property, to secure any obligations (including any Indebtedness) unless, at or prior to the time such Lien is created, incurred or assumed, the Note is secured equally and rateably with any and all such obligations secured or to be secured by such Lien, for so long as such obligations shall be secured, provided, however, that the foregoing covenant shall not prevent, restrict or apply to any of the following:

(a) The creation, incurrence or assumption of any Purchase Money Mortgage;

(b) The grant of any Lien in the normal course of business to any banks or financial institutions for present or future Indebtedness of the Company or any Subsidiary to such banks or financial institutions payable on demand or having an original term to maturity less than 18 months;

(c) Permitted Liens;

(d) Liens granted by a Subsidiary to the Company;

(e) Any extension, renewal or replacement of any of the Liens referred to in Sections 3.8(a) to (d), provided that the principal amount secured by any such Lien outstanding immediately before such extension, renewal or replacement or refunding is not thereby increased.; and

(f) Any Lien charging the interest of the Company or any Subsidiary in any property to secure any Indebtedness, other than any Lien referred to in Sections 3.8(a) to (d), provided that, at the time such Lien is created, incurred or assumed, the principal amount of such Indebtedness, together with the aggregate principal amount of all other Indebtedness secured by Liens permitted pursuant to this Section 3.8(f) which is outstanding at such time does not exceed 25% of Consolidated Assets at such time.

Thanks,
Ryan

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility.

Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility.

Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,
Victor

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. (b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility.

Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,
Victor

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made

pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility.

Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,
Victor

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification

by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Ryan,

As discussed, the IESO's proposed amendments are consistent with the "permitted liens" language from the OFA FHP credit facility agreement.

I've now discussed this language with Toby (from MOF legal) and have noted that CEFD and Capital Markets are already aware of the rationale and risks involved with these proposed amendments (i.e priority of claims, which you have identified as low/uncertain as per the draft briefing note).

As such, these additional amendments are acceptable from a legal perspective.

Please let me know if you would like to discuss further.

Thank you,

Lisa

Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies

appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

(4) The Note shall at all times rank *pari passu* with all other unsubordinated Indebtedness of IESO, subject to the existence of any Permitted Liens of IESO.

(2) The Note shall at all times rank pari passu with all other Senior Debt, except Senior Debt that is statutorily preferred and Senior Debt that is secured by a Lien referred to in Sections 3.8(a) to 3.8(f), inclusive.

Section 3.8 Negative Pledge.

The Company will not, and will not permit any Subsidiary to, create, incur or assume any Lien, charging the interest of the Company or any Subsidiary in any property, to secure any obligations (including any Indebtedness) unless, at or prior to the time such Lien is created, incurred or assumed, the Note is secured equally

and rateably with any and all such obligations secured or to be secured by such Lien, for so long as such obligations shall be secured, provided, however, that the foregoing covenant shall not prevent, restrict or apply to any of the following:

(a) The creation, incurrence or assumption of any Purchase Money Mortgage;

(b) The grant of any Lien in the normal course of business to any banks or financial institutions for present or future Indebtedness of the Company or any Subsidiary to such banks or financial institutions payable on demand or having an original term to maturity less than 18 months;

(c) Permitted Liens;

(d) Liens granted by a Subsidiary to the Company;

(e) Any extension, renewal or replacement of any of the Liens referred to in Sections 3.8(a) to (d), provided that the principal amount secured by any such Lien outstanding immediately before such extension, renewal or replacement or refunding is not thereby increased.; and

(f) Any Lien charging the interest of the Company or any Subsidiary in any property to secure any Indebtedness, other than any Lien referred to in Sections 3.8(a) to (d), provided that, at the time such Lien is created, incurred or assumed, the principal amount of such Indebtedness, together with the aggregate principal amount of all other Indebtedness secured by Liens permitted pursuant to this Section 3.8(f) which is outstanding at such time does not exceed 25% of Consolidated Assets at such time.

Hi Lisa,

I believe the corresponding clause you are referring to is subsection 3.3(6) of the attached OFA FHP agreement.

This is the clause:

> (6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. (b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the

Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

Section 2.7 Computations of Interest.

(1) All computations of interest shall be made by the OFA taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date**"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing;

(c) that there shall, in the reasonable opinion of the OFA, have been no material adverse change in the financial condition of the IESO or a Material Subsidiary; and

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

Subject: RE: IESO - OEFC Drafts - IESO Comments Nov 29

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility.

Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,
Victor

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Opal,

I took a look and asked Carlos as well. There is nothing from a market perspective that is controversial, and I don't see anything in the provisions that concern me. I thought about the intercept provision, but I think it is fine since the legislation 'publicly' allows for that carve out.

Lisa, do you have any objections about IESO sharing any of the contents of the $2B facility with TD?

Hi Sarah,

I was just in the midst of an email to you regarding this matter. John Kim has let IESO know they can move forward with working with CMO on the agreements, but also communicated that the inclusion of the requested language is pending approval. Its fine to work on amending the agreements, as from all sides the indication is that final signoff will occur.

Regarding IESO's request to share the OFA-IESO agreement with TD, since there's nothing in the agreement prohibiting it and neither Gadi nor OFA legal is concerned about it being shared, it seems unreasonable to withhold it. As there is no obligation for us to provide/deny permission, perhaps we can just point that out to IESO (in an email) and tell them we are leaving the decision as to whether or not to share the agreement to their discretion. Not sure if a more formal response needs to be provided to IESO, but I can discuss with John the best way to convey that info to IESO.

Thanks,
Opal.

Hi Opal,

Anthony is reaching out to provide drafts of the agreements. While we have started to work on them here, we haven't received word on final sign-off from Ron/Gadi. Any word?

I'm cc'ing Lisa, as she also wasn't cc'd on IESO's request.

Thanks,
Sarah

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is

necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Sarah,

I was just in the midst of an email to you regarding this matter. John Kim has let IESO know they can move forward with working with CMO on the agreements, but also communicated that the inclusion of the requested language is pending approval. Its fine to work on amending the agreements, as from all sides the indication is that final signoff will occur.

Regarding IESO's request to share the OFA-IESO agreement with TD, since there's nothing in the agreement prohibiting it and neither Gadi nor OFA legal is concerned about it being shared, it seems unreasonable to withhold it. As there is no obligation for us to provide/deny permission, perhaps we can just point that out to IESO (in an email) and tell them we are leaving the decision as to whether or not to share the agreement to their discretion. Not sure if a more formal response needs to be provided to IESO, but I can discuss with John the best way to convey that info to IESO.

Thanks,
Opal.

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein

and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

Hi Lisa,

Are the two original agreements I sent last night what you were looking for or did you also need the original of each amending agreement no. 6? I am attaching them here for you just in case. Please let me know if you need anything else.

Also, so you are aware, IESO had been looking to execute the amending agreements by tomorrow in line with execution with the security agreement - that would be very tight, but if we can get them drafts ASAP, today even, that would be the goal.

Thanks,
Ryan

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Hi Lisa,

Are the two original agreements I sent last night what you were looking for or did you also need the original of each amending agreement no. 6? I am attaching them here for you just in case. Please let me know if you need anything else.

Also, so you are aware, IESO had been looking to execute the amending agreements by tomorrow in line with execution with the security agreement - that would be very tight, but if we can get them drafts ASAP, today even, that would be the goal.

Thanks,

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if

yes:

“Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the “Intercept Letter”), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO (“Appropriated Funds”), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA’s compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA (“Intercept”).
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO’s failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.”

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa,

Are the two original agreements I sent last night what you were looking for or did you also need the original of each amending agreement no. 6? I am attaching them here for you just in case. Please let me know if you need anything else.

Also, so you are aware, IESO had been looking to execute the amending agreements by tomorrow in line with execution with the security agreement - that would be very tight, but if we can get them drafts ASAP, today even, that would be the goal.

Thanks,
Ryan

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished

two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for

fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall

apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa,

Are the two original agreements I sent last night what you were looking for or did you also need the original of each amending agreement no. 6? I am attaching them here for you just in case. Please let me know if you need anything else.

Also, so you are aware, IESO had been looking to execute the amending agreements by tomorrow in line with execution with the security agreement - that would be very tight, but if we can get them drafts ASAP, today even, that would be the goal.

Thanks,
Ryan

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with

the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

At this time, our preference would be to obtain clarifications from CEFD and/or IESO in response to the comments we raised so that we may gain a better understanding of the potential implications for OEFC. Opal suggested that we could have a call or meeting tomorrow if you think that would be helpful?

Hi all,

We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.

This has been reviewed by Legal last night and I have incorporated the feedback from Sarah N. (in Lisa's absence).

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested OEFC to amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations the IESO is taking on under Ontario's Fair Hydro Plan.

CONTEXT

The Fair Hydro Plan will require the IESO and Ontario Power Generation (OPG) to work together to spread out the costs of Ontario's clean energy investments over a longer period of time, which ensures that the costs of these investments are allocated fairly among current and future ratepayers. This is being accomplished through refinancing a portion of the Global Adjustment (GA). The IESO and OPG are in a discussion to potentially grant the security/priority on IESO's assets to the OPG Trust for the period of the first four years of the GA deferral. The IESO will seek its Board approval on Nov 22, 2017 for the security agreement and this would be in conflict with OEFC's $160M and $120M credit facility agreements (the "OEFC Agreements") with the IESO without the requested amendments. Paragraph 4.7 – Negative Pledges – in both OEFC credit facility agreements does not allow IESO to grant such security/priority to the OPG Trust.

In order to address this issue, the IESO has requested OEFC to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the Fair Hydro Plan (FHP). Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations towards OPG. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want inadvertently to be in default.

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") in July 2017, the IESO had reached out to the Capital Market Division – Operations of the OFA to make the same request to the credit facility agreements with OFA in October. The OFA staff have recommended providing the requested amendments and amended the $475M and $2B credit facility agreements between OFA and the IESO on November 6th, 2017 (the "OFA Agreements"), as suggested by the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.

RECOMMENDATION

- To support IESO's role in the implementation and participation under the OFHP Act and also to be consistent with the approach OFA implemented , OFA staff are of the view that the exisiting OEFC Agreements require amendments to the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the OFA Agreements that were signed recently.
- Although the OEFC credit facility is not used for OFHP's purpose, it is IESO's position that it wants to make such change to the definition of the permitted liens to make sure that the IESO is not inadvertently in default of its security obligations to OPG Trust ~~is still required in order for IESO to~~and meets its role and obligation under the OFHP Act.

BACKGROUND

- Currently, under the existing credit facility agreement between OEFC and the IESO, the definition of the "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation,

amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

- On November 6, 2017, OFA and IESO signed an updated OFA IESO credit facility agreement with respect to changes related to OFHP.

Hi John – I reviewed the draft note Gavin sent, against the version of the note Lisa commented on dated November 9 (I don't have access to any more recent correspondence on this). It appears that most of her proposed changes were substantially incorporated. The only change not addressed was with respect to the second bullet in the recommendation: "…such change to the permitted liens is still *required* in order for IESO to meet its role…." Lisa queried whether it is really "required" (I agree with this comment, there are other options, for example a waiver, but an amendment is the most certain and consistent approach). One option may be to clarify that this is IESO's position/preference (presumably this is the source of the request).

I will leave it to you as to whether you want to make this change.

Based on my review of the note, Lisa's prior comments and the discussion I had with Lisa yesterday I have no further comments.

In the interests of time, and subject to your receiving direction to proceed, my recommendation is that you get IESO to provide a first cut of proposed amendments it is seeking for Lisa's review when she returns to the office on Monday.

The IESO has reached out to us to make the similar change to the definition of the "permitted liens" under the OFA credit facility agreement, which were signed recently. As a result, CEFD has drafted the attached note for IESO's request. Could you please review and let us know if you have any concerns?

Please note that IESO has indicated that they will seek their Board approval on Nov. 22 to grant the security/priority on IESO's assets to the OPG Trust, so we will need to resolve this as soon as possible.

Please let us know if you have any questions.

John,

As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

Regards.

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested OEFC to amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations the IESO is taking on under Ontario's Fair Hydro Plan.

CONTEXT

The Fair Hydro Plan will require the IESO and Ontario Power Generation (OPG) to work together to spread out the costs of Ontario's clean energy investments over a longer period of time, which ensures that the costs of these investments are allocated fairly among current and future ratepayers. This is being accomplished through refinancing a portion of the Global Adjustment (GA). The IESO and OPG are in a discussion to potentially grant the security/priority on IESO's assets to the OPG Trust for the period of the first four years of the GA deferral. The IESO will seek its Board approval on Nov 22, 2017 for the security agreement and this would be in conflict with OEFC's $160M and $120M credit facility agreements (the "OEFC Agreements") with the IESO without the requested amendments. Paragraph 4.7 – Negative Pledges – in both OEFC credit facility agreements does not allow IESO to grant such security/priority to the OPG Trust.

In order to address this issue, the IESO has requested OEFC to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the Fair Hydro Plan (FHP). Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations towards OPG. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want inadvertently to be in default.

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") in July 2017, the IESO had reached out to the Capital Market Division – Operations of the OFA to make the same request to the credit facility agreements with OFA in October. The OFA staff have recommended providing the requested amendments and amended the $475M and $2B credit facility agreements between OFA and the IESO on November 6th, 2017 (the "OFA Agreements"), as suggested by the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.

RECOMMENDATION

- To support IESO's role in the implementation and participation under the OFHP Act and also to be consistent with the approach OFA implemented , OFA staff are of the view that the exisiting OEFC Agreements require amendments to the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the OFA Agreements that were signed recently.
- Although the OEFC credit facility is not used for OFHP's purpose, it's still IESO's preference to make such change to the definition of the permitted liens to make sure that the IESO is not inadvertently in default ~~is still required in order for IESO to~~and meets its role and obligation under the OFHP Act.

BACKGROUND

- Currently, under the existing credit facility agreement between OEFC and the IESO, the definition of the "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation,

amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

- On November 6, 2017, OFA and IESO signed an updated OFA IESO credit facility agreement with respect to changes related to OFHP.

Hi John – I reviewed the draft note Gavin sent, against the version of the note Lisa commented on dated November 9 (I don't have access to any more recent correspondence on this). It appears that most of her proposed changes were substantially incorporated. The only change not addressed was with respect to the second bullet in the recommendation: "…such change to the permitted liens is still *required* in order for IESO to meet its role…." Lisa queried whether it is really "required" (I agree with this comment, there are other options, for example a waiver, but an amendment is the most certain and consistent approach). One option may be to clarify that this is IESO's position/preference (presumably this is the source of the request).

I will leave it to you as to whether you want to make this change.

Based on my review of the note, Lisa's prior comments and the discussion I had with Lisa yesterday I have no further comments.

In the interests of time, and subject to your receiving direction to proceed, my recommendation is that you get IESO to provide a first cut of proposed amendments it is seeking for Lisa's review when she returns to the office on Monday.

Hi Sarah,

Hope all is going well! In Lisa's absence, I am sending the OEFC credit facility agreement BN to you for review and comments.

The IESO has reached out to us to make the similar change to the definition of the "permitted liens" under the OFA credit facility agreement, which were signed recently. As a result, CEFD has drafted the attached note for IESO's request. Could you please review and let us know if you have any concerns?

Please note that IESO has indicated that they will seek their Board approval on Nov. 22 to grant the security/priority on IESO's assets to the OPG Trust, so we will need to resolve this as soon as possible.

Please let us know if you have any questions.

Please let me know if you have any questions.

Thanks,

Subject: IESO - OEFC credit facilities : permitted liens

John,

As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

Regards.

Subject: IESO - OEFC credit facilities : permitted liens

John,

As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

Regards.

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested OEFC to amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations the IESO is taking on under Ontario's Fair Hydro Plan.

CONTEXT

The Fair Hydro Plan will require the IESO and Ontario Power Generation (OPG) to work together to spread out the costs of Ontario's clean energy investments over a longer period of time, which ensures that the costs of these investments are allocated fairly among current and future ratepayers. This is being accomplished through refinancing a portion of the Global Adjustment (GA). The IESO and OPG are in a discussion to potentially grant the security/priority on IESO's assets to the OPG Trust for the period of the first four years of the GA deferral. The IESO will seek its Board approval on Nov 22, 2017 for the security agreement and this would be in conflict with OEFC's $160M and $120M credit facility agreements (the "OEFC Agreements") with the IESO without the requested amendments. Paragraph 4.7 – Negative Pledges – in both OEFC credit facility agreements does not allow IESO to grant such security/priority to the OPG Trust.

In order to address this issue, the IESO has requested OEFC to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the Fair Hydro Plan (FHP). Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations towards OPG. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want inadvertently to be in default.

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") in July 2017, the IESO had reached out to the Capital Market Division – Operations of the OFA to make the same request to the credit facility agreements with OFA in October. The OFA staff have recommended providing the requested amendments and amended the $475M and $2B credit facility agreements between OFA and the IESO on November 6th, 2017 (the "OFA Agreements"), as suggested by the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.

RECOMMENDATION

- To support IESO's role in the implementation and participation under the OFHP Act and also to be consistent with the approach OFA implemented , OFA staff are of the view that the exisiting OEFC Agreements require amendments to the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the OFA Agreements that were signed recently.
- Although the OEFC credit facility is not used for OFHP's purpose, it is IESO's position that it wants to make such change to the definition of the permitted liens to make sure that the IESO is not inadvertently in default of its security obligations to OPG Trust ~~is still required in order for IESO to~~and meets its role and obligation under the OFHP Act.

BACKGROUND

- Currently, under the existing credit facility agreement between OEFC and the IESO, the definition of the "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation,

Commented [JB1]:
If the existing agreements between OEFC and IESO will not be used for OFHP purposes (see 2nd bullet in "Recommendations") and since draws for FHP purposes will only made from the OFA-IESO $2B credit facility agreement, there does not appear to be a clear rationale why the definition of 'permitted liens" needs to be amended in the OEFC agreement at this time. Please advise.

Commented [JB2]:
We are not privy to the 'security agreement' and need to understand why this would be in conflict with existing agreements. Please explain what are the risks, if any, of OEFC permitting IESO to grant priority to OPG Trust?

(e.g. If changes were made to the Clean Energy Adjustment fund collected by IESO in the future and OPG Trust had liens in place against these assets, is there a possibility that IESO would default on its 'non-OFHP' related obligations to OEFC? How would this work?

Commented [JB3]:
We require a better understanding of how the GA, Clean Energy Adjustment Funds and OPG Trust fit together in the context of OEFC. Please advise.

May you please explain if the GA is related to OEFC and how this may impact the existing $120M and $160M agreements precisely?

It would be helpful if you could please provide an example of a situation where non-OFHP related business conducted between IESO-OEFC would end up as part of a lien related to FHP obligations?

Commented [JB4]:
Should these agreements be examined on a case-by-case basis to determine what they are being used for and only those agreements which pertain to OFHP obligations should be amended?

Commented [JB5]:
How would funds collected from the Clean Energy Adjustment affect OEFC and IESO's obligations to repay OEFC?

amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

- On November 6, 2017, OFA and IESO signed an updated OFA IESO credit facility agreement with respect to changes related to OFHP.

Yes, the language would be similar to the OFA-IESO agreements. CEFD is working on a revised briefing note and I would advise waiting on amending the agreements until we have a final version of the note to make sure everyone agrees.

Thanks,

I assume that the language would be similar to the FHP agreement. However, would it be helpful for Gadi/Ron/Mike to see the language of the proposed amendments in order to inform their decision?

Hi Lisa,

The decision to amend the IESO-OEFC agreements for permitted liens is still being determined by Gadi/Ron/Mike. As such, we won't ask IESO for draft amendments until such time as that decision has been made.

Hi Jean-Francois,

You had comments in the draft with questions and concerns expressed. Are these approved by Sarah and Opal or comments at your level?

Given that we are under a tight timeline, it would be helpful if we can have a discussion today.

Mike is in the loop on the FHP discussion. Could your group check with him on his views beforehand too?

Hi Gavin,

I discussed your request for me to come down to the 3rd floor for a quick chat with you and John with Opal.

At this time, our preference would be to obtain clarifications from CEFD and/or IESO in response to the comments we raised so that we may gain a better understanding of the potential implications for OEFC. Opal suggested that we could have a call or meeting tomorrow if you think that would be helpful?

Kind regards,

Hi all,

We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.

This has been reviewed by Legal last night and I have incorporated the feedback from Sarah N. (in Lisa's absence).

Please let me know if you have any questions.

Thanks,

Gavin He

Hello Lisa,

Olga Whiteley (IESO) is asking if IESO can provide a Certificate of Incumbency without a Board Resolution to satisfy required sighing authority documentation. According to Olga their legal counsel are willing to provide the Board Resolution but it would "require some work" to redact non-essential information and to satisfy the deadline of June 18/19. Please let me know if this is possible.

Hello Anthony,

As per conversation regarding the required signing authority documents for Barb Anderson VP, & CFO on the election notices for June 20. Please provide completed documents for one of the following options below before June 20.

While option 6 is a suitable solution, it should be viewed as a temporary solution. Therefore, I recommend option 1, as a comprehensive long-term solution.

Options provided in May, 2018:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan

Credit Agreement and for the Existing Credit Facility authorizing the signatory and Updated Incumbency Certificate.

~~2. A delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories).~~

3. A general signing authority resolution of the IESO Board of Directors.
4. By-law or other document in place providing authorization to the IESO ~~CEO~~ CFO.
5. A certificate from the IESO Corporate Secretary stating that the IESO ~~CEO~~ CFO has signing authority.
6. A signature under seal of the corporation.

Victor,

Thank you very much for the draft.

Overall, the certificate looks fine. The only comment we have is that we don't think the last paragraph at the bottom of the page (certification by Barb Anderson for Michael Lyle) is necessary; if that is your standard, however, that's fine.

If it possible to have the draft executed by end of day, that will be helpful ensuring the payment is released ASAP.

Thanks,
Sarah

Please call me if you have any questions.

Subject: IESO - Signing Authority Documents

Hello Anthony,

As per conversation regarding the required signing authority documents for Barb Anderson VP, & CFO on the election notices for June 20. Please provide completed documents for one of the following options below before June 20.

While option 6 is a suitable solution, it should be viewed as a temporary solution. Therefore, I recommend option 1, as a comprehensive long-term solution.

Options provided in May, 2018:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory and Updated Incumbency Certificate.
2. ~~A delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories).~~
3. A general signing authority resolution of the IESO Board of Directors.
4. By-law or other document in place providing authorization to the IESO ~~CEO~~ CFO.
5. A certificate from the IESO Corporate Secretary stating that the IESO ~~CEO~~ CFO has signing authority.
6. A signature under seal of the corporation.

Subject: RE: FHP Revolving Credit Facility Agreement 2017-2022 Version v7 Revised by IESO Oct 31

Hello Victor,

Lisa is in a meeting until 3 p.m.., so I am forwarding our comments on the FHP agreement on her behalf.

We have made a minor change to section 3.2(3) - specifically, we deleted the language "and shall also be noted in the grid of the Grid Note" following "The amount of the Repayment Amount shall be detailed in the Borrowing Notice." This is because the Repayment Amount ($825M) is not the first entry on the FHP Grid; the first entry will be for the entire advance of approximately $1B ($825M + new funds). Anthony and Will just had a call to discuss the particulars of what the various grid notes under the existing facility and new facility will be on November 21st (including partial repayment of the outstanding $840M loan) and Anthony will be circulating an e-mail summarizing that conversation. The Effective Date of the amending agreement to reduce the existing facility will also be November 21st, not November 22nd.

In terms of the intercept letter, we cannot amend the opening paragraph as the OFA Lending Policy requirement is that this agreement must be in place "prior to entering into a loan agreement….". It looks, in practice, that the intercept letter will be executed prior to these two facility agreements, so we surmise this would not be an issue.

We received your most recent draft of the amending agreement. Lisa will be able to review once she is out of her meeting, after 3 p.m.

Thanks,
Sarah

Following our conference call this afternoon, please find attached a revised draft of the FHP Credit Facility. Main changes are to s.3.2(3) and to the Intercept provision. See also minor tweaks to the new Entire Agreement Clause (s.7.8) and to the Form of Grid Note (Schedule 3). Other than for s. 3.2(3), I accepted all of your changes so any changes you see are mine.

Anthony has not had a chance to review this so he may have comments, though I am hoping this is pretty closely in keeping with our discussions.

Regarding the Intercept Letter, could you please consider amending the opening to the third paragraph to read: "Prior to or concurrent with entering into a loan agreement with the IESO for the New Credit Facility…"

Comments on AA#10 to follow tomorrow morning.

Victor

Hi Victor,

Please find attached the latest black-lined version of the FHP Credit Facility Agreement. In this version, we have made some additional amendments to section 5.7 (Intercept) and section 7.8 (Entire Agreement). We have also added a new sub-section – 3.2(3) to address the IESO's repayment of a portion of the existing credit facility using the first advance. Minor amendments were also made to the Definitions section and the heading in section 4.1.

Please let us know if you have any further comments or if you would like to discuss further. If you are satisfied with this version, we will prepare an execution version and also send over AA#10 for your review.

Thank you,

Hi Victor,

Thanks for the revised drafts. Please note the following:

1. Re the Note Agreement For clarity, we've amended Section 2.17 to better show the breakdown of the calculation of the accrual of interest for the two calculations separate periods used for Part A (from April 30) and Part B (from May 1). Similar changes were also made to the form of Note.
2. Re the Revolving Facility – We agree with your changes
3. Certified Board Resolution – Looks good.

The Note and Revolving Facility have been tidied up for a few typos.

I think we are in good shape. Fingers crossed.

Regarding your question, yes, you should sign and deliver the actual two notes (i.e.as separate them from the forms of notes in each respective schedule). Given the rate is set on Monday for the $120M note, I am thinking that we leave the 'descriptor' the interest rate at the top of the note as the effective rate on the note (vs. the discrete interest rate) , but am going to verify tomorrow. It seems there's precedent for both in the past.

Hi Kelly – per our call earlier this afternoon, I have amended both agreements to what I hope are now final versions.

1. Re the Note Agreement – as discussed, we agree with the latest changes you made to introduce the Part A and Part B Amounts – this resolves the interest issues very cleanly. Also, as mentioned, I added the stub period language that was inserted previously into the main body of the agreement into the Note itself, for consistency. And I fixed a couple of small typos which you'll see in the mark-up.

2. Re the Revolving Facility – I understand the Fair Hydro language I provided last night is acceptable to you, so I just accepted it. I also added the Counterparts language to the Revolving Facility that was in the Note Agreement in case we have trouble circulating the same documents to everyone in time tomorrow. Finally, I deleted the reference to the "market renewals program" in the Use of Proceeds section since we intended to remove reference to that from the agreement, but apparently missed one of the three references.

3. Certified Board Resolution – Per your email of a few moments ago, I correct the typo in the name of OEFC – see attached.

Important Question – in addition to signing the two agreements and the Certified Director's Resolution and Incumbency Certificate, do we not also have to sign the two actual Notes themselves? Ie. The $120million Note for the Note Agreement; and the $160 million Note for the Revolver? If so, can you provide those in execution form asap so I can include them in the final package for execution ?

Thanks,
Victor

HI Lisa,

Here are (hopefully) my final comments on the Agreements:

1. Re the Note Agreement (attached), I had to fix some formatting – the para (c) intro clause had accidentally been absorbed into the preceding section (b), so I broke it back out, and then opened quotes for the beginning of the 2.16 adder (there were close quotes but not open). Also, I had to insert the word "be" in the Note for correct grammar (it was in the main body language but not in the Note). I also removed one double period. Other than that, I just formatted it so the last page is not a signature block only.

2. Re the Revolving Credit Agreement, I am ok with that. Only question I have is what the Grid should look like to attach to the Note. When I print the Note for signing, there will not actually be any kind of real Grid showing numbers. Are you able to complete the Grid itself now and send it to me so I can have it for the signor to see when signing the Note ? Or is that not feasible or normal practice?

Thanks
Victor

Hi Sarah - could you resend the attachments you sent in your 4:58 email yesterday (shows up as 5:07 too). For some reason the Note Agreement is on a magenta background, and I want to make sure I am looking at the right documents. It's a long story but the problem may be on this end and it's best if you could just resend.
Thanks

Hi Victor,

Thanks for the revised drafts. Please note the following:

1. Re the Note Agreement For clarity, we've amended Section 2.17 to better show the breakdown of the calculation of the accrual of interest for the two calculations separate periods used for Part A (from April 30) and Part B (from May 1). Similar changes were also made to the form of Note.
2. Re the Revolving Facility – We agree with your changes
3. Certified Board Resolution – Looks good.

The Note and Revolving Facility have been tidied up for a few typos.

I think we are in good shape. Fingers crossed.

Regarding your question, yes, you should sign and deliver the actual two notes (i.e.as separate them from the forms of notes in each respective schedule). Given the rate is set on Monday for the $120M note, I am thinking that we leave the 'descriptor' the interest rate at the top of the note as the effective rate on the note (vs. the discrete interest rate) , but am going to verify tomorrow. It seems there's precedent for both in the past.

Hi Kelly – per our call earlier this afternoon, I have amended both agreements to what I hope are now final versions.

1. Re the Note Agreement – as discussed, we agree with the latest changes you made to introduce the Part A and Part B Amounts – this resolves the interest issues very cleanly. Also, as mentioned, I added the stub period language that was inserted previously into the main body of the agreement into the Note itself, for consistency. And I fixed a couple of small typos which you'll see in the mark-up.

2. Re the Revolving Facility – I understand the Fair Hydro language I provided last night is acceptable to you, so I just accepted it. I also added the Counterparts language to the Revolving Facility that was in the Note Agreement in case we have trouble circulating the same documents to everyone in time tomorrow. Finally, I deleted the reference to the "market renewals program" in the Use of Proceeds section since we intended to remove reference to that from the agreement, but apparently missed one of the three references.

3. Certified Board Resolution – Per your email of a few moments ago, I correct the typo in the name of OEFC – see attached.

Important Question – in addition to signing the two agreements and the Certified Director's Resolution and Incumbency Certificate, do we not also have to sign the two actual Notes themselves? Ie. The $120million Note for the Note Agreement; and the $160 million Note for the Revolver? If so, can you provide those in execution form asap so I can include them in the final package for execution ?

Thanks,
Victor

Hi William,

We have discussed this with our Director, John Kim, and we would like to move forward with Sarah Neville's suggestion, to provide the proposed language to IESO that specifically refers to "liquidity purposes" such as;

> "The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act*, *1998*, as such regulation may be amended or replaced from time to time provided that Advances may be used only for liquidity purposes."

If IESO is good with this, then there's no need to do another directive.

Please let us know if you have any additional questions/concerns.

Thanks,
Gavin He

Hello Gavin,

I would like to provide Anthony Martinello (IESO) with a status update for the Amending Agreement 10 (as we have had it for nearly two weeks now). I was wondering if it's possible to for Electricity Finance to may make a determination as to the wording/direction for the "Use of Proceeds". As you mentioned, if our goal is to seek a new directive, we require internal sign-offs by the end of this week in order to be on track to have the Minister's signature by August 7th.

Thanks,

Will

Hi Sarah and all,

Sorry we were tied up with a few deliverables today, so we haven't had a chance to discuss this within the Branch (and with Ron) yet. We will try to get clarification soon.

Also, if the term "liquidity purposes" is broad enough to cover temporary funding of corporate requirements, is there a need to get another directive? Just for clarification purpose?

Thanks,

Hi Sarah N.,

Thanks for the summary. Will had a chat with Ken and will be providing more details soon, but the bottom line is that the argument can be made that 'liquidity purposes' is broad enough to cover temporary funding of corporate requirements, as well as anything under the reg. That being said, if there is the opportunity to get a new Directive to clarify, he said that would be better.

Gavin, have you had the opportunity to speak with Ronald K regarding the scope of the reg, and has he provided direction on the matter?

Thanks,

Subject: IESO DIRECTIVE decrease line of credit

Hello –

Further to our meeting yesterday, attached is a draft directive seeking a decrease in the line and amended use of proceeds.

I reviewed the language in amending agreement 8 and I note the following:

- It permits the IESO from and after the Amalgamation to use the proceeds of Advances only as authorized by the Regulation (defined as Reg 280/14);
- The control with respect to using proceeds for purposes and requirements in relation to the operations and activities of the OPG prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO following the Amalgamation, is limited *to the extent not inconsistent with the Regulation*;
- The condition with respect to the use of proceeds states the proceeds of Advances, "may be used only for liquidity purposes and to *temporarily* fund corporate requirements". This does not track the language in the Regulation 280/14 exactly. The Regulation in place at the time amending agreement 8 was entered into reads at 3(1) "The IESO may borrow only for the purpose of funding *corporate requirements* and for liquidity purposes". The word *temporarily* is not in the Reg. This may support an argument that no amendment was required to the use of proceeds section of Credit Agreement to implement the November 28, 2016 Directive supporting the amending agreement number 9 on the basis that "temporary" funding is a liquidity purpose. Does that make sense.?

Below is the relevant section from the Regulation at the time the most recent Directive was issued in November last year.

Authorized borrowing

3. (1) The IESO may borrow only for the purpose of funding corporate requirements and for liquidity purposes. O. Reg. 162/15, s. 3.

(2) Without limiting the generality of subsection (1), the IESO may borrow for the following purposes:

1. To fund the payment of amounts payable by the IESO under section 25.33 of the Act and any amounts payable under the regulations.
2. To provide such funds as may be necessary for the management of any variance account established and maintained under the Act by the IESO.
3. To provide such funds as may be necessary for the IESO to manage timing differences between the receipt of amounts and the payment of costs and expenses incurred by the IESO in exercising its rights and performing its duties under the Act.
4. To provide such funds as may be necessary for the IESO to manage timing differences between the receipt of payments in respect of procurement contracts that the IESO has entered into pursuant to Part II.2 of the Act and the payment of such amounts by the IESO

under the procurement contracts referred to in that Part. O. Reg. 162/15, s. 3.

The recent amendments to add the FHP added the following:

5. To provide such funds as may be required for the purposes of the *Ontario Fair Hydro Plan Act, 2017*, including borrowing,
i. to fund IESO deferrals under section 23 of that Act, and
ii. to fund the activities in which the IESO is authorized or required to engage under that Act. O. Reg. 162/15, s. 3; O. Reg. 193/17, s. 1.

If OFHP funding can't be considered a "liquidity purpose", my view is that in order to accept IESO's proposed revision to the use of proceeds language, a new directive is required. The alternative remains to add a condition to IESO's use of proceeds language limiting the use of proceeds to liquidity purposes only.

Please let me know your thoughts on how you would like to move forward.

Thanks very much,

Sarah

Sorry, to clarify, I think we should seek a clarifying directive unless IESO agrees to language that specifically refers to "liquidity purposes" such as;

> "The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act*, *1998*, as such regulation may be amended or replaced from time to time provided that Advances may be used only for liquidity purposes."

Hello all,

I have spoken to Ken Kandeepan to get his view from an accounting perspective. I asked if our the wording used in our directives is flexible enough to cover authorized borrowing from Regulation 280/14.
To paraphrase Ken: You can make the argument liquidity covers variances and corporate requirements but if you have the opportunity to change the directive and so you can be fully covered by the directive. Why not.

Directive Minister of Finance OPA Credit Facility Directive Dec 18, 2013 (Paragraph 3) from

Amending Agreement 7
Provide that effective as of December 31, 2013 advances under the Loan Agreement may be used only for liquidity purposes and to temporarily fund corporate requirements.

Directive Minister of Finance IESO Credit Facility (paragraph 4) Amending Agreement 9
Provide effective as of December 31, 2016 advances under the Loan Agreement may be used only for liquidity purposes.

No need to get a new directive provided the IESO agrees to add the words "only for liquidity purposes" to the draft use of proceeds language it has proposed.

Without the addition of a limitation it is borrowing permitted under the Reg which includes "corporate requirements" not "temporary corporate requirements", in that case my recommendation would be a new directive is obtained to clarify the record.

The Regulation in place at the time amending agreement 8 was entered into reads at 3(1) "The IESO may borrow only for the purpose of funding *corporate requirements* and for liquidity purposes". The word

temporarily is not in the Reg. This may support an argument that no amendment was required to the use of proceeds section of Credit Agreement to implement the November 28, 2016 Directive supporting the amending agreement number 9 on the basis that "temporary" funding is a liquidity purpose. Does that make sense.?

Below is the relevant section from the Regulation at the time the most recent Directive was issued in November last year.

Authorized borrowing

3. (1) The IESO may borrow only for the purpose of funding corporate requirements and for liquidity purposes. O. Reg. 162/15, s. 3.

4. To provide such funds as may be necessary for the IESO to manage timing differences between the receipt of payments in respect of procurement contracts that the IESO has entered into pursuant to Part II.2 of the Act and the payment of such amounts by the IESO under the procurement contracts referred to in that Part. O. Reg. 162/15, s. 3.

The recent amendments to add the FHP added the following:

5. To provide such funds as may be required for the purposes of the *Ontario Fair Hydro Plan Act, 2017*, including borrowing,
i. to fund IESO deferrals under section 23 of that Act, and
ii. to fund the activities in which the IESO is authorized or required to engage under that Act. O. Reg. 162/15, s. 3; O. Reg. 193/17, s. 1.

If OFHP funding can't be considered a "liquidity purpose", my view is that in order to accept IESO's proposed revision to the use of proceeds language, a new directive is required. O. Reg. 162/15, s. 3.

The recent amendments to add the FHP added the following:

5. To provide such funds as may be required for the purposes of the *Ontario Fair Hydro Plan*

Act, *2017*, including borrowing,
i. to fund IESO deferrals under section 23 of that Act, and
ii. to fund the activities in which the IESO is authorized or required to engage under that Act.
O. Reg. 162/15, s. 3; O. Reg. 193/17, s. 1.

If OFHP funding can't be considered a "liquidity purpose", my view is that in order to accept IESO's proposed revision to the use of proceeds language, a new directive is required. The alternative remains to add a condition to IESO's use of proceeds language limiting the use of proceeds to liquidity purposes only.

Please let me know your thoughts on how you would like to move forward.

Thanks very much,

Sarah

No need to get a new directive provided the IESO agrees to add the words "only for liquidity purposes" to the draft use of proceeds language it has proposed.

Without the addition of a limitation it is borrowing permitted under the Reg which includes "corporate requirements" not "temporary corporate requirements", in that case my recommendation would be a new directive is obtained to clarify the record.

Hi Sarah and all,

Sorry we were tied up with a few deliverables today, so we haven't had a chance to discuss this within the Branch (and with Ron) yet. We will try to get clarification soon.

Also, if the term "liquidity purposes" is broad enough to cover temporary funding of corporate requirements, is there a need to get another directive? Just for clarification purpose?

Thanks,

Hi Sarah N.,

Thanks for the summary. Will had a chat with Ken and will be providing more details soon, but the bottom line is that the argument can be made that 'liquidity purposes' is broad enough to cover

temporary funding of corporate requirements, as well as anything under the reg. That being said, if there is the opportunity to get a new Directive to clarify, he said that would be better.

Gavin, have you had the opportunity to speak with Ronald K regarding the scope of the reg, and has he provided direction on the matter?

Hello –

Further to our meeting yesterday, attached is a draft directive seeking a decrease in the line and amended use of proceeds.

I reviewed the language in amending agreement 8 and I note the following:

- It permits the IESO from and after the Amalgamation to use the proceeds of Advances only as authorized by the Regulation (defined as Reg 280/14);
- The control with respect to using proceeds for purposes and requirements in relation to the operations and activities of the OPG prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO following the Amalgamation, is limited *to the extent not inconsistent with the Regulation*;
- The condition with respect to the use of proceeds states the proceeds of Advances, "may be used only for liquidity purposes and to *temporarily* fund corporate requirements". This does not track the language in the Regulation 280/14 exactly. The Regulation in place at the time amending agreement 8 was entered into reads at 3(1) "The IESO may borrow only for the purpose of funding *corporate requirements* and for liquidity purposes". The word *temporarily* is not in the Reg. This may support an argument that no amendment was required to the use of proceeds section of Credit Agreement to implement the November 28, 2016 Directive supporting the amending agreement number 9 on the basis that "temporary" funding is a liquidity purpose. Does that make sense.?

Below is the relevant section from the Regulation at the time the most recent Directive was issued in November last year.

Authorized borrowing

3. (1) The IESO may borrow only for the purpose of funding corporate requirements and for liquidity purposes. O. Reg. 162/15, s. 3.
(2) Without limiting the generality of subsection (1), the IESO may borrow for the following

purposes:
1. To fund the payment of amounts payable by the IESO under section 25.33 of the Act and any amounts payable under the regulations.
2. To provide such funds as may be necessary for the management of any variance account established and maintained under the Act by the IESO.
3. To provide such funds as may be necessary for the IESO to manage timing differences between the receipt of amounts and the payment of costs and expenses incurred by the IESO in exercising its rights and performing its duties under the Act.
4. To provide such funds as may be necessary for the IESO to manage timing differences between the receipt of payments in respect of procurement contracts that the IESO has entered into pursuant to Part II.2 of the Act and the payment of such amounts by the IESO under the procurement contracts referred to in that Part. O. Reg. 162/15, s. 3.

The recent amendments to add the FHP added the following:

5. To provide such funds as may be required for the purposes of the *Ontario Fair Hydro Plan Act*, *2017*, including borrowing,
i. to fund IESO deferrals under section 23 of that Act, and
ii. to fund the activities in which the IESO is authorized or required to engage under that Act. O. Reg. 162/15, s. 3; O. Reg. 193/17, s. 1.

If OFHP funding can't be considered a "liquidity purpose", my view is that in order to accept IESO's proposed revision to the use of proceeds language, a new directive is required. The alternative remains to add a condition to IESO's use of proceeds language limiting the use of proceeds to liquidity purposes only.

Hi everyone,

I think we need to keep in mind including the condition of "provided that Advances may be used only for liquidity purposes" in the "Use of Proceeds" works if Anthony and Victor (IESO) accepts it, otherwise we may have to fall back on plan B, the directive route.

Hi William,

We have discussed this with our Director, John Kim, and we would like to move forward with Sarah Neville's suggestion, to provide the proposed language to IESO that specifically refers to "liquidity purposes" such as;

> "The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act*, *1998*, as such regulation may be amended or replaced from time to time provided that Advances may be used only for liquidity purposes."

If IESO is good with this, then there's no need to do another directive.

Please let us know if you have any additional questions/concerns.

Thanks,

Hello Gavin,

I would like to provide Anthony Martinello (IESO) with a status update for the Amending Agreement 10 (as we have had it for nearly two weeks now). I was wondering if it's possible to for Electricity Finance to may make a determination as to the wording/direction for the "Use of Proceeds". As you mentioned, if our goal is to seek a new directive, we require internal sign-offs by the end of this week in order to be on track to have the Minister's signature by August 7th.

Thanks,

Will

Hello –

Further to our meeting yesterday, attached is a draft directive seeking a decrease in the line and amended use of proceeds.

I reviewed the language in amending agreement 8 and I note the following:

- It permits the IESO from and after the Amalgamation to use the proceeds of Advances only as authorized by the Regulation (defined as Reg 280/14);
- The control with respect to using proceeds for purposes and requirements in relation to the operations and activities of the OPG prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO following the Amalgamation, is limited *to the extent not inconsistent with the Regulation*;
- The condition with respect to the use of proceeds states the proceeds of Advances, "may be used only for liquidity purposes and to *temporarily* fund corporate requirements". This does not track the language in the Regulation 280/14 exactly. The Regulation in place at the time amending agreement 8 was entered into reads at 3(1) "The IESO may borrow only for the purpose of funding *corporate requirements* and for liquidity purposes". The word *temporarily* is not in the Reg. This may support an argument that no amendment was required to the use of proceeds section of Credit Agreement to implement the November 28, 2016 Directive supporting the amending agreement number 9 on the basis that "temporary" funding is a liquidity purpose. Does that make sense.?

Below is the relevant section from the Regulation at the time the most recent Directive was issued in November last year.

Authorized borrowing

3. (1) The IESO may borrow only for the purpose of funding corporate requirements and for

liquidity purposes. O. Reg. 162/15, s. 3.
(2) Without limiting the generality of subsection (1), the IESO may borrow for the following purposes:
1. To fund the payment of amounts payable by the IESO under section 25.33 of the Act and any amounts payable under the regulations.
2. To provide such funds as may be necessary for the management of any variance account established and maintained under the Act by the IESO.
3. To provide such funds as may be necessary for the IESO to manage timing differences between the receipt of amounts and the payment of costs and expenses incurred by the IESO in exercising its rights and performing its duties under the Act.
4. To provide such funds as may be necessary for the IESO to manage timing differences between the receipt of payments in respect of procurement contracts that the IESO has entered into pursuant to Part II.2 of the Act and the payment of such amounts by the IESO under the procurement contracts referred to in that Part. O. Reg. 162/15, s. 3.

The recent amendments to add the FHP added the following:

5. To provide such funds as may be required for the purposes of the *Ontario Fair Hydro Plan Act, 2017*, including borrowing,
i. to fund IESO deferrals under section 23 of that Act, and
ii. to fund the activities in which the IESO is authorized or required to engage under that Act. O. Reg. 162/15, s. 3; O. Reg. 193/17, s. 1.

If OFHP funding can't be considered a "liquidity purpose", my view is that in order to accept IESO's proposed revision to the use of proceeds language, a new directive is required. The alternative remains to add a condition to IESO's use of proceeds language limiting the use of proceeds to liquidity purposes only.

Please let me know your thoughts on how you would like to move forward.

Thanks very much,

Sarah

Will,

As a business/commercial item (not a legal item), I would like to discuss the following.

The current $975M facility's Election Notice is different that the proposed $2B facility's Election Notice.

When the IESO currently borrows on the $975M, the practice has been that the Election Notice is used to capture all pertinent info needed. But my understanding of the proposed $2B forms are that the IESO would need to supply both a) Election Notice (e.g. rollover amounts) and b) Borrowing Notice (e.g. any new principal) each month.

Call me to discuss, as I think there may be some room to make this more efficient for both the IESO and OPA.

Regards.

Hello Anthony and Victor,

My apologies for the delay in providing the next turn of the FHP Credit Facility Agreement. While reviewing the last draft for the new credit facility, we became aware of a policy requirement for which we will need to obtain an additional directive prior to execution of the agreement. We estimate that this will likely take 3 or 4 weeks. Knowing that IESO's next funding request will be sent to the OFA on August 17th (for funding on August 21st), the August FHP draw will need to be made under the existing $975 million credit facility. At the time we execute the new $2 Billion facility, we would be able to transfer (by incorporating into the agreements the required provisions or by another agreed mechanism) any amount of loans exceeding $475 million (being the reduced facility limit under the draft amending agreement) under the existing facility to the new facility. We can set-up a call to discuss the details how this would work.

Thanks,
Will

Thanks Will.
I will update the Amending Agreement No. 10. I understand that the instructions are to update the Amending Agreement to:

- Replace Schedule 2, Form of Election Notice, with the FHP Agreement Form of Election Notice (e.g. add the Borrowing Notice), with the following exceptions:
  - Don't allow for rollover of accrued interest
  - New Repayment Date to be no earlier than 28 days after Current Repayment Date
- Complementary amendments to the definitions, s. 3.2 and 3.3 of the Credit Agreement that are required for the new Form of Election Notice

Please let me know if this is correct or if I am misunderstanding what needs to be changed.
With respect to #3 in your email – Amending Agreement No. 9 requires one Business Days' prior notice for an Election Notice. Two Business Days are required for an Advance/Borrowing Notice under s. 3.2(1) of the Credit Agreement (as amended by Amending Agreement No. 9). If the Election Notice could now include a Borrowing Notice, then I think the notice requirement for an Election Notice should be increased to 2 business days to comply with s. 3.2(1) of the Credit Agreement. Do you agree or have any concerns? If my question is not clear, please let me know and we can discuss.
Thanks,
Caroline

Hello Caroline,
Attached is the IESO Credit Requirements Letter which outlined the $2 Billion Credit Facility.
Also attached is the History of IESO OFA Amending Agreements doc.

1. The existing credit facility for $975 million credit facility was originally set-up for different lending purposes and was only updated recently to accommodate FHP related advances and we were not instructed to update advancement parameters. No change required.
2. Same as above. Currently no instructions to update how Advances are to be continued/rolled-over. No change required.
3. Amending Agreement No. 9 extends from One business day to Two business days' notice for Advancements. No change required.
4. Currently there are no instructions to implement Sections 3.3 (4)(6)(7) Elections Regarding Advances. into Amending Agreement 10.

Thanks,
Will

Subject: FW: IESO FHP Credit Facility Agreement and Amending Agreement 10

Hi,

I've started drafting the changes to the Amending Agreement 10, and have a couple of questions about the extent to which the two credit agreements are to be aligned:

- The current Credit Agreement states that the Repayment Date for an Advance/continued Advance, must be no earlier than 28 days and not later than 95 days after the date of the requested Advance/current Repayment Date. Under the FHP agreement, the minimum period is 5 days. Please confirm whether the minimum should remain 28 days for the current credit facility.
- The current Credit Agreement only provides for principal amounts of Advances to be continued/rolled-over. The FHP agreement allows for interest to be rolled-over as well (and included in the "Continued Advance" amount). Please confirm whether the current agreement should now provide for interest to be rolled-over.
- The current Credit Agreement requires one Business Day's prior notice for an election. The FHP agreement requires 2 Business Days' notice for an election. Since the new form of Election Notice could include a request for a new advance, I will use 2 Business Days in the amending agreement. Please let me know if this is not correct.
- The following subsections in 3.3 are new in the FHP Agreement, and are not in the current Credit Agreement. I am still looking at whether these should be added to Amending Agreement 10. Do you have any thoughts on this based on your knowledge of the history of this file? We may need to meet to discuss:

  (4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

  (6) The Credit Facility shall at all times rank pari passu with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

  (7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Thanks,
Caroline

Will – see attached $2B draft for your review.
As discussed, we amended the election notice to make it more efficient for both IESO and OFA.
We will await your comments on this $2B draft before we make draft comments on the amendment #10 – as we likely should revise amendment #10's borrowing/election form notices to align with the attached $2B draft.
Regards.

Hi Will,
Just looking at the "Principal Advanced or Rollover Amount" column for the RRRP Grid Notes, it seems to me that your rough version and the version below in the email are consistent with each other (they both have the same current total), but the one below is cumulative, whereas the attached is not.

Hello,
Anthony is correct that the Grid note provided to him that the Advances are consoldiated into one line item, but I think its done incorrectly.
If you look closely to the items above the number I crossed out, it appears to be some double counting.
I have attached my rough version suggesting how it should appear.

Hi,
Just for clarity. Below is an example of the OFA's regular email and grid notes (see attached) that the IESO receives each month directly from the OFA.
You will note that the grid notes shows one row and its respective aggregated amount for each month's advance (previous + new).
It was noted on yesterday's call that each respective advance has its own row and # of days updated in the grid note – in practice the IESO does not see this.
I assume there is an internal OFA grid document which provides each advance as segregate rows.

Victor and I are reviewing today's draft.

Regards.

Subject: Re: IESO OEFC credit facilities

Hi Lisa,

As you will recall, we circulated earlier version of the note which you had reviewed and Sarah Neville as well. My understanding was the Legal took the position that this was a business decision. I can share the latest version of the note Monday. I am off today so am not sure where things are but understood that an effort would be made to bring everyone onside.

Thanks,

John

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

The Independent Electricity System Operator ("IESO") has requested that OEFC amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations IESO is taking on under Ontario's Fair Hydro Plan. IESO has indicated that OEFC credit facilities will not be used for Ontario Fair Hydro Plan (FHP) purposes.

IESO'S REQUEST

- Under the FHP, the IESO and Ontario Power Generation (OPG) are interacting to refinance a portion of the Global Adjustment over a longer period of time.

- IESO and OPG are in a discussion to grant a security/priority interest on IESO's assets to OPG Trust for the period of the first 4 years of the GA deferral.

- The IESO is planning to seek its Board's approval on Nov 22, 2017 to enter into a security agreement with OPG Trust. The security agreement is currently in draft form. Without amending the existing OEFC $160M and $120M credit facility agreements (the "OEFC Agreements"), IESO could potentially be considered to be in default of the terms of the various agreements. IESO staff wrote:

  "…it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default."

- The IESO provided a draft Security Agreement, dated November 7th, 2017, between them and the OPG Trust to OFA. According to the draft Security Agreement, in the unlikely event that the IESO runs into ~~a~~ financial difficulty, the IESO would give OPG Trust a priority in the IESO's assets, including all accounts of the IESO and all cash and proceeds from LDCs, that would put OPG Trust ahead of unsecured creditors, including the OFA and the OEFC.
  - The security agreement is not limited to the Clean Energy Adjustment funds collected by the IESO only.

- In order to address this issue, the IESO has requested to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the FHP. Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations to OPG under the FHP. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid breaching the terms of the existing agreements with OEFC.

- To support IESO's role in the implementation and participation under the Ontario Fair Hydro Plan Act, 2017 ("OFHP Act"), in July 2017 the IESO had requested that the OFA make similar changes to the credit facility agreements with OFA in October.
  - On November 6, 2017, the OFA amended the $475M facility to amend the definition of "permitted liens" and also included same for the new $2B credit facility agreement between OFA and the IESO , as requested by the IESO.

CONSIDERATIONS

- -With the proposed new security agreement between OPG Trust and the IESO, OPG Trust would have a priority claim against ~~potentially the Clean Energy Adjustment funds collected by or flowing through~~ the IESO's assets, the OEFC could find itself unable to collect payments due from the IESO. The likelihood of this scenario could be assessed as low.

- The extent of this risk is uncertain at this time, given that the regulations that determine the Fair Allocation Amount payable in each period, and how that relates to the obligations to the Financing Entity are still under development.

- IESO is an agency of the government consolidated line-by-line in the Province's accounts.

- The OFA agreed to IESO's requested changes to the OFA credit facilities.

- OFA'S Capital Markets Operations staff have commented that the legislation governing OEFC, the *Electricity Act, 1998*, may provide differing context from the OFA's objects and mandate under the *Capital Investment Plan Act, 1993*~~.~~ and any changes to the OEFC agreements should take this into account.

- According to the Minister's Directives associated with the OEFC Agreements, ~~it states that~~ the loan and the credit facilities~~y~~ are "subject to such other terms as OEFC deams appropriate~~the terms set out in the OEFC Agreements.~~ Therefore, this is not seen as a change to the directives, and new directives from the Minister of Finance are not deemed necessary. This was consistent with the approach when amending the existing OFA-IESO credit facility agreements on November 6, 2017.

RECOMMENDATIONS

- In order to support IESO's request in relation to its obligation with respect to FHP, OFA staff are of the view that the exisiting OEFC Agreements can be amended to include liens related to FHP under the definition of the "permitted liens".

BACKGROUND

- In order to support IESO's role with the implementation of the OFHP Act, OFA staff made similar changes to the definition of 'permitted liens" in existing OFA-IESO credit facility agreements on November 6, 2017.

- Currently, under the existing credit facility agreements between OEFC and the IESO, the definition of "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

Hi Lisa/Ryan,

Thank you very much for the responses and that's helpful!

I will go back to IESO to verify what's their rationale to for the request. But before I go back, I just want to make sure that I understand the concerns/suggestions from our side first.

The change we made for the OFA credit facility agreement was to allow IESO to take liens related to FHP in the event if IESO can't pay OFA back the loan, correct? What was the reason for this change? And wouldn't the same reason apply for the loans that IESO has with OEFC? And if IESO can't pay back the loans to OEFC, should they still be able to take any liens related to FHP, or not? But if they were able to do so under the OFA credit facility agreement, are there any reasons that they cannot

do the same under the OEFC credit facility agreement?

I understand that the $120M and $160M credit facilities are not for FHP purposes, but I think this is a separate question from whether they can take liens related to FHP if IESO can't pay OEFC back the loans? Similarly, I believe the existing $475M IESO credit facility with OFA was not for the FHP purpose, but the agreement was amended by the amendment #10 to include the FHP lien clause in the actual agreement, right? So I am just a bit confused about this process and trying to find out whether we should apply a consistent approach for OEFC's credit facilities before I push this back to IESO.

Also, a separate question on the $160M credit facility agreement. Since it was amended to be used for FHP purpose previously, do we need to amend that now since a separate facility agreement was created specifically for FHP purposes? Or that amendment automatically expires when the $2B FHP credit facility was created, and for sure we don't need to update anything in the $160M credit facility agreement to that effect?

Thanks,
Gavin He

Subject: IESO / OEFC - $120MM and $160MM

Hi Gavin,

Thank you for your note. After reviewing your note and the attached agreements we had a few comments:

- We understand that the $160M credit facility agreement will not be used for FHP purposes, although an amendment was made earlier in 2017 to allow advances for the purposes of FHP.

- It is our assumption that the $160M credit facility agreement was amended in April, 2017, pursuant to Reg. 280/14 as a potential temporary option for FHP funding requirements until such time as a separate facility agreement was created specifically for FHP purposes (i.e. the $2B OFA-IESO credit facility)
- There is an existing $120M loan agreement, maturing June 30, 2020, which is not a credit facility, but a fixed term loan. No amendments were made here in relation to FHP, as it is non-revolving and used for capital purposes.
- Since the $160M credit facility agreement will not be used for FHP purposes, it is not clear to us why the change to definition of Permitted Liens is required, and how not making this change would prevent IESO from performing its obligations under the OFHP Act. Please clarify.
- Kindly confirm with Anthony why IESO believes these amendments are necessary in respect of the $160M credit facility and $120M loan agreement.

We look forward to hearing back from you. Happy to discuss further as always.

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste

the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this

section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

Hi Lisa, Sarah, and William,

Following my email on Tuesday, EFB has drafted the attached note on the IESO's request on the OEFC credit facility, including the background information, our recommendation, and the rationale. Could you please review the accuracy of the note and would you be able to provide me with your feedback before noon today?

Sorry for the short turnaround time, but we all would like to move on this as soon as possible.

Hi Lisa/Sarah H.,

We touched based with IESO and they told us that the OEFC agreements do not contemplate a general grant of security by IESO over its assets as is currently under discussion with the OPG Trust relative to the implementation of the OFHP. The changes required to allow for such a grant would be to amend the permitted liens and negative covenant language in the OEFC agreements so as to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.

We will get a policy direction soon and will draft a note for you to review once it's ready.

No, I don't think the OFA Lending Policy would apply to these OEFC loans. The OFA Lending Policy addresses lending activities to public bodies undertaken where the OFA is acting as an intermediary on behalf of the Province.

Hi Lisa/Ryan,

Thank you very much for the responses and that's helpful!

I will go back to IESO to verify what's their rationale to for the request. But before I go back, I just want to make sure that I understand the concerns/suggestions from our side first.

The change we made for the OFA credit facility agreement was to allow IESO to take liens related to FHP in the event if IESO can't pay OFA back the loan, correct? What was the reason for this change? And wouldn't the same reason apply for the loans that IESO has with OEFC? And if IESO can't pay back the loans to OEFC, should they still be able to take any liens related to FHP, or not? But if they were able to do so under the OFA credit facility agreement, are there any reasons that they cannot do the same under the OEFC credit facility agreement?

I understand that the $120M and $160M credit facilities are not for FHP purposes, but I think this is a separate question from whether they can take liens related to FHP if IESO can't pay OEFC back the loans? Similarly, I believe the existing $475M IESO credit facility with OFA was not for the FHP purpose, but the agreement was amended by the amendment #10 to include the FHP lien clause in the actual agreement, right? So I am just a bit confused about this process and trying to find out whether we should apply a consistent approach for OEFC's credit facilities before I push this back to IESO.

Also, a separate question on the $160M credit facility agreement. Since it was amended to be used for FHP purpose previously, do we need to amend that now since a separate facility agreement was created specifically for FHP purposes? Or that amendment automatically expires when the $2B FHP

credit facility was created, and for sure we don't need to update anything in the $160M credit facility agreement to that effect?

Thanks,
Gavin He

Subject: IESO / OEFC - $120MM and $160MM

Hi Gavin,

Thank you for your note. After reviewing your note and the attached agreements we had a few comments:

- We understand that the $160M credit facility agreement will not be used for FHP purposes, although an amendment was made earlier in 2017 to allow advances for the purposes of FHP.
- It is our assumption that the $160M credit facility agreement was amended in April, 2017, pursuant to Reg. 280/14 as a potential temporary option for FHP funding requirements until such time as a separate facility agreement was created specifically for FHP purposes (i.e. the $2B OFA-IESO credit facility)
- There is an existing $120M loan agreement, maturing June 30, 2020, which is not a credit facility, but a fixed term loan. No amendments were made here in relation to FHP, as it is non-revolving and used for capital purposes.
- Since the $160M credit facility agreement will not be used for FHP purposes, it is not clear to us why the change to definition of Permitted Liens is required, and how not making this change would prevent IESO from performing its obligations under the OFHP Act. Please clarify.
- Kindly confirm with Anthony why IESO believes these amendments are necessary in respect

of the $160M credit facility and $120M loan agreement.

We look forward to hearing back from you. Happy to discuss further as always.

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Regards.

Hi Lisa/Sarah H.,

We touched based with IESO and they told us that the OEFC agreements do not contemplate a general grant of security by IESO over its assets as is currently under discussion with the OPG Trust relative to the implementation of the OFHP. The changes required to allow for such a grant would be to amend the permitted liens and negative covenant language in the OEFC agreements so as to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.

We will get a policy direction soon and will draft a note for you to review once it's ready.

Once we have completed the 2 OFA facilities and the intercept letter – we then have to turn to the 2 outstanding IESO-OEFC credit facilities to contemplate any further amendments too.

Just ensuring that these 2 OEFC facilities are not missed.

Hi Lisa/Ryan,

Thank you very much for the responses and that's helpful!

I will go back to IESO to verify what's their rationale to for the request. But before I go back, I just want to make sure that I understand the concerns/suggestions from our side first.

The change we made for the OFA credit facility agreement was to allow IESO to take liens related to FHP in the event if IESO can't pay OFA back the loan, correct? What was the reason for this change? And wouldn't the same reason apply for the loans that IESO has with OEFC? And if IESO can't pay back the loans to OEFC, should they still be able to take any liens related to FHP, or not? But if they were able to do so under the OFA credit facility agreement, are there any reasons that they cannot do the same under the OEFC credit facility agreement?

I understand that the $120M and $160M credit facilities are not for FHP purposes, but I think this is a separate question from whether they can take liens related to FHP if IESO can't pay OEFC back the loans? Similarly, I believe the existing $475M IESO credit facility with OFA was not for the FHP purpose, but the agreement was amended by the amendment #10 to include the FHP lien clause in the actual agreement, right? So I am just a bit confused about this process and trying to find out whether we should apply a consistent approach for OEFC's credit facilities before I push this back to IESO.

Also, a separate question on the $160M credit facility agreement. Since it was amended to be used for FHP purpose previously, do we need to amend that now since a separate facility agreement was created specifically for FHP purposes? Or that amendment automatically expires when the $2B FHP credit facility was created, and for sure we don't need to update anything in the $160M credit facility agreement to that effect?

Thanks,
Gavin He

Hi Gavin,

Thank you for your note. After reviewing your note and the attached agreements we had a few comments:

- We understand that the $160M credit facility agreement will not be used for FHP purposes, although an amendment was made earlier in 2017 to allow advances for the purposes of FHP.
- It is our assumption that the $160M credit facility agreement was amended in April, 2017, pursuant to Reg. 280/14 as a potential temporary option for FHP funding requirements until such time as a separate facility agreement was created specifically for FHP purposes (i.e. the $2B OFA-IESO credit facility)
- There is an existing $120M loan agreement, maturing June 30, 2020, which is not a credit facility, but a fixed term loan. No amendments were made here in relation to FHP, as it is non-revolving and used for capital purposes.
- Since the $160M credit facility agreement will not be used for FHP purposes, it is not clear to us why the change to definition of Permitted Liens is required, and how not making this change would prevent IESO from performing its obligations under the OFHP Act. Please clarify.
- Kindly confirm with Anthony why IESO believes these amendments are necessary in respect of the $160M credit facility and $120M loan agreement.

We look forward to hearing back from you. Happy to discuss further as always.

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Lisa/Sarah H.,

We touched based with IESO and they told us that the OEFC agreements do not contemplate a general grant of security by IESO over its assets as is currently under discussion with the OPG Trust relative to the implementation of the OFHP. The changes required to allow for such a grant would be to amend the permitted liens and negative covenant language in the OEFC agreements so as to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.

We will get a policy direction soon and will draft a note for you to review once it's ready.

Regards,
Gavin He

No, I don't think the OFA Lending Policy would apply to these OEFC loans. The OFA Lending Policy addresses lending activities to public bodies undertaken where the OFA is acting as an intermediary on behalf of the Province.

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The IESO has requested OEFC to reopen the existing credit facility agreement between OEFC and IESO to make amendment to the definition of the permitted liens.

CONTEXT

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act"), OFA recently amended the credit facility agreement between OFA and the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.

The OFA credit facility agreement was amended due to additional roles IESO is taking on under Ontario's Fair Hydro Plan. To fufil its obligation, the IESO will need a general grant of security on any lien arising from the IESO's role and obligations under the OFHP. Therefore, the OFA credit facility agreement was amended to allow for such a general grant of security.

For the same reason, the IESO has requested OEFC to reopen the existing credit facility agreement between OEFC and IESO to make the similar amendment. Specifically, adding a clause in the OEFC credit facility agreement that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations to OEFC.

RECOMMENDATION

- To maintain a consistent approach with IESO's credit facilities, CEFD staff and IESO are of the view that the exisiting OEFC credit facility should amend the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.
- Although the OEFC credit facility is not used for OFHP's purpose, such change to the permitted liens is still required in order for IESO to meet its role and obligation under the OFHP Act.

BACKGROUND

- Currently, under the existing credit facility agreement between OEFC and the IESO, the definition of the "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.
- On November 6, 2017, OFA and IESO signed an updated OFA IESO credit facility agreement with respect to changes related to OFHP. Below are the related changes made to the OFA credit facility:

  Excerpt from the excuted OFA IESO Amending Agreement #10:

  > *The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (i); replacing the "." at the end of subsection (j) and replacing it with "; and" ; and adding the following subsection (k):*
  >
  > > *"(k) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."*

Hi Lisa/Sarah H.,

We touched based with IESO and they told us that the OEFC agreements do not contemplate a general grant of security by IESO over its assets as is currently under discussion with the OPG Trust relative to the implementation of the OFHP. The changes required to allow for such a grant would be to amend the permitted liens and negative covenant language in the OEFC agreements so as to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.

We will get a policy direction soon and will draft a note for you to review once it's ready.

Gavin He

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The IESO has requested OEFC to reopen the existing credit facility agreement between OEFC and IESO to make amendment to the definition of the permitted liens.

CONTEXT

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act"), OFA recently amended the credit facility agreement between OFA and the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.

The OFA credit facility agreement was amended due to additional roles IESO is taking on under Ontario's Fair Hydro Plan. To fufil its obligation, the IESO will need a general grant of security on any lien arising from the IESO's role and obligations under the OFHP. Therefore, the OFA credit facility agreement was amended to allow for such a general grant of security.

For the same reason, the IESO has requested OEFC to reopen the existing credit facility agreement between OEFC and IESO to make the similar amendment. Specifically, adding a clause in the OEFC credit facility agreement that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations to OEFC.

RECOMMENDATION

- To maintain a consistent approach with IESO's credit facilities, CEFD staff and IESO are of the view that the exisiting OEFC credit facility should amend the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.
- Although the OEFC credit facility is not used for OFHP's purpose, such change to the permitted liens is still required in order for IESO to meet its role and obligation under the OFHP Act.

BACKGROUND

- Currently, under the existing credit facility agreement between OEFC and the IESO, the definition of the "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.
- On November 6, 2017, OFA and IESO signed an updated OFA IESO credit facility agreement with respect to changes related to OFHP. Below are the related changes made to the OFA credit facility:

  Excerpt from the excuted OFA IESO Amending Agreement #10:

  > *The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (i); replacing the "." at the end of subsection (j) and replacing it with "; and" ; and adding the following subsection (k):*
  >
  > > *"(k) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."*

Hi Lisa/Ryan,

Thank you very much for the responses and that's helpful!

I will go back to IESO to verify what's their rationale to for the request. But before I go back, I just want to make sure that I understand the concerns/suggestions from our side first.

The change we made for the OFA credit facility agreement was to allow IESO to take liens related to FHP in the event if IESO can't pay OFA back the loan, correct? What was the reason for this change? And wouldn't the same reason apply for the loans that IESO has with OEFC? And if IESO can't pay back the loans to OEFC, should they still be able to take any liens related to FHP, or not? But if they were able to do so under the OFA credit facility agreement, are there any reasons that they cannot do the same under the OEFC credit facility agreement?

I understand that the $120M and $160M credit facilities are not for FHP purposes, but I think this is a separate question from whether they can take liens related to FHP if IESO can't pay OEFC back the loans? Similarly, I believe the existing $475M IESO credit facility with OFA was not for the FHP purpose, but the agreement was amended by the amendment #10 to include the FHP lien clause in the actual agreement, right? So I am just a bit confused about this process and trying to find out whether we should apply a consistent approach for OEFC's credit facilities before I push this back to IESO.

Also, a separate question on the $160M credit facility agreement. Since it was amended to be used for FHP purpose previously, do we need to amend that now since a separate facility agreement was created specifically for FHP purposes? Or that amendment automatically expires when the $2B FHP credit facility was created, and for sure we don't need to update anything in the $160M credit facility agreement to that effect?

Thanks,
Gavin He

Subject: IESO / OEFC - $120MM and $160MM

Hi Gavin,

Thank you for your note. After reviewing your note and the attached agreements we had a few comments:

- We understand that the $160M credit facility agreement will not be used for FHP purposes, although an amendment was made earlier in 2017 to allow advances for the purposes of FHP.
- It is our assumption that the $160M credit facility agreement was amended in April, 2017, pursuant to Reg. 280/14 as a potential temporary option for FHP funding requirements until such time as a separate facility agreement was created specifically for FHP purposes (i.e. the $2B OFA-IESO credit facility)
- There is an existing $120M loan agreement, maturing June 30, 2020, which is not a credit facility, but a fixed term loan. No amendments were made here in relation to FHP, as it is non-revolving and used for capital purposes.
- Since the $160M credit facility agreement will not be used for FHP purposes, it is not clear to us why the change to definition of Permitted Liens is required, and how not making this change would prevent IESO from performing its obligations under the OFHP Act. Please clarify.
- Kindly confirm with Anthony why IESO believes these amendments are necessary in respect of the $160M credit facility and $120M loan agreement.

We look forward to hearing back from you. Happy to discuss further as always.

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Lisa/Sarah H.,

We touched based with IESO and they told us that the OEFC agreements do not contemplate a general grant of security by IESO over its assets as is currently under discussion with the OPG Trust relative to the implementation of the OFHP. The changes required to allow for such a grant would be to amend the permitted liens and negative covenant language in the OEFC agreements so as to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.

We will get a policy direction soon and will draft a note for you to review once it's ready.

Hi Will - a couple of small items I am noticing on this draft of Amending Agreement #10 - not sure who is handling the legal drafting details, but it would be helpful if we could do a quick Legal call on this rather than send drafts back and forth - we should be able to deal with it quicker that way.

Also, at the same time, I'd like to touch base on the authorizing documents - the Certified IESO Board Resolution and Incumbency Certificate are ready for your review in draft form, but before sending those over, I would like to briefly discuss the Delegation of Authority document you mentioned since I believe it may not apply here.

I am not in the office today so please give me a call at 905-929-1434 this morning or between 2:00 and 5:30 this afternoon - or let me know who to call at what number.

Thanks

Thank you gentlemen. For your convenience please find the revised amending agreement.

Other than paragraphs 2 & 3, the draft tracks only new changes to the Amending Agreement that the OFA is proposing to make to IESO's July 7 draft, most are simply true up changes to align definitions, etc. The only substantive issue is the change to paragraph 4 confirming the limitation on the use of proceeds.

Please let me know if you require anything further or if you have questions.

Good morning Anthony,

I've had a chance to speak with Victor on Friday to try to clear up any confusion.
Victor did not have any major concerns regarding Paragraph 2 and 3. But, deferred to you for Paragraph 4.
If the "Use of Proceeds" section is not acceptable please let me know by **noon**. So that I may take action to seek a new Directive and the timing is very tight given our Ministers' vacation schedule.

Thanks,

Hello Victor,

We apologize for the delay in replying back on the draft amending agreement. The proposed change regarding the Use of Proceeds required internal discussions to work through the proposed wording. I will send you a revised mark-up next week, but would ask if IESO is able to agree to the following key items:

Paragraph 4 -USE OF PROCEEDS:
Would IESO be able to agree the following addition to IESO's proposed "Use of Proceeds":

*"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time**, provided that Advances may be used only for liquidity purposes.**"*

Our current Ministerial Directive provides that advances under the facility may only be used for liquidity purposes, and hence we would prefer to include the qualification.
If this is not acceptable, would you please let us know **by Monday**, as we would need to seek a new Directive, and the timing is very tight given our Minister's vacation schedule.

Paragraph 2
This language should revert back to the original language:

"2. On the date of this Amending Agreement and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form of the grid note attached hereto and indicating a total principal amount of Advances Outstanding to date of $114,383,131 .40. "

Schedule 3 is the Form of Grid Note to be delivered. The actual grid note is a separate document (adhering to the form of the Grid Note attached in the Schedule, signed and delivered on the effective date of the Amending Agreement prior to any further Advance). Because the Grid Note is updated with each Advance, if it forms part of the Agreement as a Schedule, each update would have to be treated as an amendment. This is not consistent with how the OFA administers its loans and is not consistent with how the OPA/IESO loans have been administered.

Paragraph 3
This has been reverted back to the OFA's original drafting because OFA will not cancel the existing Grid Note until we receive the new one Grid Note is received.
"3. Upon receipt of the new grid promissory note, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO."

Thanks,

Will

" Resolution of the Board of Directors

Independent Electricity System Operator

June 14, 2017

In Respect of the establishment of a new credit facility and revision of existing credit facilities in relation to the Fair Hydro Plan

---

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

AND WHEREAS the Corporation proposes to enter into a new credit facility with the Ontario Financing Authority or Ontario Electricity Financial Corporation to support the Corporation's role in the Fair Hydro Plan in an amount yet to be determined of between $1,800 and $2,500 million (the "**New Facility**");

AND WHEREAS, due to the structure of the Fair Hydro Plan, once the New Facility is established, the Corporation's existing credit facility with the Ontario Financing Authority in the amount of $975 million (the "**OFA Facility**") will include unnecessary and duplicative credit liquidity such that the OFA Facility may be reduced to an amount yet to be determined between $400 million and $500 million;

AND WHEREAS …

NOW THEREFORE BE IT RESOLVED THAT:

1. The Board of Directors hereby authorizes and approves the establishment of the New Facility and the amendment of the OFA Facility … on such terms and conditions as are generally outlined in the Memorandum (collectively, all facilities being the "**Credit Facilities**").

2. The Chief Financial Officer or her delegate is hereby authorized for and on behalf of the Corporation to:

(a) finalize, execute and deliver

(i) all relevant agreements, instruments and other documents required for the establishment or amendment, as applicable, of the Credit Facilities, and

(ii) all ancillary documents, deeds and instruments determined to be necessary or desirable in connection therewith (the execution of any such document, deed or instrument being conclusive evidence of such determination),

and to perform the Corporation's obligations thereunder, and to obtain the benefits thereof;

(b) draw upon or continue to draw upon, as applicable, the Credit Facilities from time to time in accordance with their terms; and

(c) do any and all such further acts as may be determined to be necessary or desirable to give effect to the foregoing transactions including, for further certainty, amending any other agreements as may be required as a consequence of such transactions. "

I anticipate that IESO is offering to provide a IESO Statement of Policy as an alternative to Delegation of Authority? If so, according to the sample (provided in the past) which provides signing authorities and amounts would be a good alternative to the Delegation of Authority. Can you arrange to speak with Victor and please include me in the invite.

Hello Victor,

We apologize for the delay in replying back on the draft amending agreement. The proposed change regarding the Use of Proceeds required internal discussions to work through the proposed wording. I will send you a revised mark-up next week, but would ask if IESO is able to agree to the following key items:

Paragraph 4 -USE OF PROCEEDS:
Would IESO be able to agree the following addition to IESO's proposed "Use of Proceeds":

*"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time**, provided that Advances may be used only for liquidity purposes.**"*

Our current Ministerial Directive provides that advances under the facility may only be used for liquidity purposes, and hence we would prefer to include the qualification.
If this is not acceptable, would you please let us know **by Monday**, as we would need to seek a new Directive, and the timing is very tight given our Minister's vacation schedule.

Paragraph 2
This language should revert back to the original language:

"2. On the date of this Amending Agreement and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form of the grid note attached hereto and indicating a total principal amount of Advances Outstanding to date of $114,383,131 .40. "

Schedule 3 is the Form of Grid Note to be delivered. The actual grid note is a separate document (adhering to the form of the Grid Note attached in the Schedule, signed and delivered on the effective date of the Amending Agreement prior to any further Advance). Because the Grid Note is updated with each Advance, if it forms part of the Agreement as a Schedule, each update would have to be treated as an amendment. This is not consistent with how the OFA administers its loans and is not consistent with how the OPA/IESO loans have been administered.

Paragraph 3
This has been reverted back to the OFA's original drafting because OFA will not cancel the existing Grid Note until we receive the new one Grid Note is received.
"3. Upon receipt of the new grid promissory note, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO."

Thanks,

Will

Thank you gentlemen. For your convenience please find the revised amending agreement.

Other than paragraphs 2 & 3, the draft tracks only new changes to the Amending Agreement that the OFA is proposing to make to IESO's July 7 draft, most are simply true up changes to align definitions, etc. The only substantive issue is the change to paragraph 4 confirming the limitation on the use of proceeds.

Please let me know if you require anything further or if you have questions.

Good morning Anthony,

I've had a chance to speak with Victor on Friday to try to clear up any confusion.
Victor did not have any major concerns regarding Paragraph 2 and 3. But, deferred to you for Paragraph 4.
If the "Use of Proceeds" section is not acceptable please let me know by **noon**. So that I may take action to seek a new Directive and the timing is very tight given our Ministers' vacation schedule.

Thanks,

Will

Hello Victor,

We apologize for the delay in replying back on the draft amending agreement. The proposed change regarding the Use of Proceeds required internal discussions to work through the proposed wording. I will send you a revised mark-up next week, but would ask if IESO is able to agree to the following key items:

Paragraph 4 -USE OF PROCEEDS:
Would IESO be able to agree the following addition to IESO's proposed "Use of Proceeds":

> *"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time**, provided that Advances may be used only for liquidity purposes.**"*

Our current Ministerial Directive provides that advances under the facility may only be used for liquidity purposes, and hence we would prefer to include the qualification.
If this is not acceptable, would you please let us know **by Monday**, as we would need to seek a new Directive, and the timing is very tight given our Minister's vacation schedule.

Paragraph 2
This language should revert back to the original language:

> *"2. On the date of this Amending Agreement and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form of the grid note attached hereto and indicating a total principal amount of Advances Outstanding to date of $114,383,131 .40. "*

Schedule 3 is the Form of Grid Note to be delivered. The actual grid note is a separate document (adhering to the form of the Grid Note attached in the Schedule, signed and delivered on the effective date of the Amending Agreement prior to any further Advance). Because the Grid Note is updated with each Advance, if it forms part of the Agreement as a Schedule, each update would have to be treated as an amendment. This is not consistent with how the OFA administers its loans and is not consistent with how the OPA/IESO loans have been administered.

Paragraph 3
This has been reverted back to the OFA's original drafting because OFA will not cancel the existing

Grid Note until we receive the new one Grid Note is received.

"3. Upon receipt of the new grid promissory note, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO."

Thanks,

Will

Hello Anthony,

Please find the attached Amending Agreement 10. If comments for the FHP Credit Facility is not possible this week, would it be possible to have the Amending Agreement 10 signed along with an updated Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy) first? This is necessary to reduce the existing credit facility from $975 million to $475 million to eliminate duplicate credit needs.

Thanks,

Will

Hello Victor,

We apologize for the delay in replying back on the draft amending agreement. The proposed change regarding the Use of Proceeds required internal discussions to work through the proposed wording. I will send you a revised mark-up next week, but would ask if IESO is able to agree to the following key items:

Paragraph 4 -USE OF PROCEEDS:
Would IESO be able to agree the following addition to IESO's proposed "Use of Proceeds":

> *"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time**, provided that Advances may be used only for liquidity purposes.**"*

Our current Ministerial Directive provides that advances under the facility may only be used for liquidity purposes, and hence we would prefer to include the qualification.

If this is not acceptable, would you please let us know **by Monday**, as we would need to seek a new Directive, and the timing is very tight given our Minister's vacation schedule.

Paragraph 2
This language should revert back to the original language:

> *"2. On the date of this Amending Agreement and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form of the grid note attached hereto and indicating a total principal amount of Advances Outstanding to date of $114,383,131 .40. "*

Schedule 3 is the Form of Grid Note to be delivered. The actual grid note is a separate document (adhering to the form of the Grid Note attached in the Schedule, signed and delivered on the effective date of the Amending Agreement prior to any further Advance). Because the Grid Note is updated with each Advance, if it forms part of the Agreement as a Schedule, each update would have to be treated as an amendment. This is not consistent with how the OFA administers its loans and is not consistent with how the OPA/IESO loans have been administered.

Paragraph 3
This has been reverted back to the OFA's original drafting because OFA will not cancel the existing Grid Note until we receive the new one Grid Note is received.

> *"3. Upon receipt of the new grid promissory note, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO."*

Thanks,

Will

Hello Anthony,

Please find the attached Amending Agreement 10. If comments for the FHP Credit Facility is not possible this week, would it be possible to have the Amending Agreement 10 signed along with an updated Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy) first? This is necessary to reduce the existing credit facility from $975 million to $475 million to eliminate duplicate credit needs.

Thanks,

Will

Hello Victor,

We apologize for the delay in replying back on the draft amending agreement. The proposed change regarding the Use of Proceeds required internal discussions to work through the proposed wording. I will send you a revised mark-up next week, but would ask if IESO is able to agree to the following key items:

Paragraph 4 -USE OF PROCEEDS:

Would IESO be able to agree the following addition to IESO's proposed "Use of Proceeds":

> *"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time**, provided that Advances may be used only for liquidity purposes.**"*

Our current Ministerial Directive provides that advances under the facility may only be used for liquidity purposes, and hence we would prefer to include the qualification.
If this is not acceptable, would you please let us know **by Monday**, as we would need to seek a new Directive, and the timing is very tight given our Minister's vacation schedule.

Paragraph 2

This language should revert back to the original language:

> *"2. On the date of this Amending Agreement and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form of the grid note attached hereto and indicating a total principal amount of Advances Outstanding to date of $114,383,131 .40. "*

Schedule 3 is the Form of Grid Note to be delivered. The actual grid note is a separate document (adhering to the form of the Grid Note attached in the Schedule, signed and delivered on the effective date of the Amending Agreement prior to any further Advance). Because the Grid Note is updated with each Advance, if it forms part of the Agreement as a Schedule, each update would have to be treated as an amendment. This is not consistent with how the OFA administers its loans and is not consistent with how the OPA/IESO loans have been administered.

Paragraph 3

This has been reverted back to the OFA's original drafting because OFA will not cancel the existing Grid Note until we receive the new one Grid Note is received.

> *"3. Upon receipt of the new grid promissory note, the OFA will cancel and return the grid*

promissory note dated November 30, 2016 to the IESO."

Thanks,

Will

Hi Will - a couple of small items I am noticing on this draft of Amending Agreement #10 - not sure who is handling the legal drafting details, but it would be helpful if we could do a quick Legal call on this rather than send drafts back and forth - we should be able to deal with it quicker that way.

Also, at the same time, I'd like to touch base on the authorizing documents - the Certified IESO Board Resolution and Incumbency Certificate are ready for your review in draft form, but before sending those over, I would like to briefly discuss the Delegation of Authority document you mentioned since I believe it may not apply here.

I am not in the office today so please give me a call at 905-929-1434 this morning or between 2:00 and 5:30 this afternoon - or let me know who to call at what number.

Thanks
Victor

Thank you gentlemen. For your convenience please find the revised amending agreement.

Other than paragraphs 2 & 3, the draft tracks only new changes to the Amending Agreement that the OFA is proposing to make to IESO's July 7 draft, most are simply true up changes to align definitions, etc. The only substantive issue is the change to paragraph 4 confirming the limitation on the use of proceeds.

Please let me know if you require anything further or if you have questions.

I've had a chance to speak with Victor on Friday to try to clear up any confusion.
Victor did not have any major concerns regarding Paragraph 2 and 3. But, deferred to you for Paragraph 4.
If the "Use of Proceeds" section is not acceptable please let me know by **noon**. So that I may take action to seek a new Directive and the timing is very tight given our Ministers' vacation schedule.

Hello Victor,

We apologize for the delay in replying back on the draft amending agreement. The proposed change regarding the Use of Proceeds required internal discussions to work through the proposed wording. I will send you a revised mark-up next week, but would ask if IESO is able to agree to the following key items:

Paragraph 4 -USE OF PROCEEDS:
Would IESO be able to agree the following addition to IESO's proposed "Use of Proceeds":

*"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time**, provided that Advances may be used only for liquidity purposes.**"*

Our current Ministerial Directive provides that advances under the facility may only be used for

liquidity purposes, and hence we would prefer to include the qualification.
If this is not acceptable, would you please let us know **by Monday**, as we would need to seek a new Directive, and the timing is very tight given our Minister's vacation schedule.

Paragraph 2
This language should revert back to the original language:

"2. On the date of this Amending Agreement and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form of the grid note attached hereto and indicating a total principal amount of Advances Outstanding to date of $114,383,131 .40. "

Schedule 3 is the Form of Grid Note to be delivered. The actual grid note is a separate document (adhering to the form of the Grid Note attached in the Schedule, signed and delivered on the effective date of the Amending Agreement prior to any further Advance). Because the Grid Note is updated with each Advance, if it forms part of the Agreement as a Schedule, each update would have to be treated as an amendment. This is not consistent with how the OFA administers its loans and is not consistent with how the OPA/IESO loans have been administered.

Paragraph 3
This has been reverted back to the OFA's original drafting because OFA will not cancel the existing Grid Note until we receive the new one Grid Note is received.
"3. Upon receipt of the new grid promissory note, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO."

Thanks,

Will

Hello Lisa,

Sarah H is on vacation for two weeks, so I'm copying Kelly and JF on emails.
I've created a table for planning purposes and for managing our own schedules. According to Anthony's email below, he hopes to have the $2 billion credit facility set up by mid-August.
I'm trying to be aggressive with my time line to account for any slippage.

Time Table

Date	Action	Action required by Group
~~July 24~~	~~Amending Agreement 10 (AA10), reply for "Use of Proceeds"~~	~~IESO~~
July 25	Check-in with IESO that the Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy) is being completed.	Documentation
July 25	FHP Credit Facility, receive comments from IESO.	IESO
July 26	AA10, Request for updated Grid note amounts and request IESO for original signatures.	Documentation
July 26	FHP Credit Facility, comment and forward to OFA Legal. Documentation.	Documentation
July 27, 28	FHP Credit Facility, back and forth between	Documentation/OFA Legal

	Documentation and OFA Legal.	
July 31	FHP Credit Facility, draft 2 back to IESO.	Documentation/OFA Legal
August 1	AA10, executed by IESO and physical sent OFA for counter signature. Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy).	IESO
August 4	FHP Credit Facility, executed by IESO and physical sent OFA for counter signature. Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy).	IESO

Sarah,

Four points.

a) Thank you very much for accommodating the 5 day request, …it will be more efficient for cash flows and better alignment.
b) We examined our TD credit facility and it specifically does not permit IESO to use for Fair Hydro programs purposes.
c) The good news is that the Fair Hydro amounts for May and June (a draw to be made in mid-July on the $475 million facility) is a total of $260 million. Therefore, the next draw for Fair Hydro's month of July will be in mid-Aug of which I expect at least another $200-$250 million will be added. I hope the $2B facility will be signed before mid-August, so there should be no concerns. The first FH sale to the Financing Entity is expected to be made in August so I

(hope) expect the May, June, July's FH amounts will be sold by mid-end of August and then I can repay the OFA.

d) Victor will address Bruno's comments directly on the amendment #10 shortly.

Regards.

Hello Anthony,

Will is currently away today, and I just wanted to follow up on the e-mail below.

We are fine reducing the minimum draw period from 7 to 5 days for the new $2B FHP facility.

Further, to clarify Will's e-mail below, from our conference call the week before last, you had mentioned that in the event that IESO's funding needs were to exceed the $475M before the current $975M facility is reduced, IESO had another line of credit with TD that it would be able to draw on to fund any potential gap before the $2B facility is up and running. I think some confusion may have been created in referencing IESO's agreement to reduce to the size of the $2B OFHP credit facility if IESO's funding needs exceed $475M before the new FHP facility is executed. This is not something we proposed to you on the call, but was part of OFA internal discussions on contingency options that might be available in the event that there were delays getting both the amending agreement and FHP facility in place. My apologies should there have been any misunderstanding.

We expect to have comments to you on the amending agreement tomorrow.

Best regards,

Sarah

Hello Anthony,

Thank you for your email and sorry for the delay in replying. We look forward to getting these agreements up and running. As discussed, IESO has a supplemental credit facility with TD bank. In the unlikely event, IESO exceeds $475 million under its existing credit facility, it agrees to reduce the $2 billion OFHP Credit Facility by the amount that it exceeds $475 million.

Best regards,

Will

Will,

As discussed, the IESO will work on completing amendment #10 followed then by the new FH $2B line.
The amendment #10 may take a few weeks to complete (mid-July), and then the new FH $2B line may need a few more additional weeks – likely end of July.

I am using the $975MM line today for FH (RPP) draws, and expect this will continue until the FH$2B line is up and running.

I would prefer to do both docs at the same time (i.e. signing on the same day both docs), but I understand that the OFA has been given direction to lower the $975MM to $475MM first.

Over the next few weeks in July I will be drawing on the $975MM again for the FH (RPP) amounts and I expect (but not 100% sure) that I should be under a total of $475MM.

Thanks very much for your reply and for the additional information on forecasted draws – very helpful. There should be no issue with signing the FHP facility by mid-August (hopefully we can wrap this up before August starts!).

Hi Victor

Could you confirm (or not) my understanding of couple of things with respect to the attached markup you provided.

1. In terms of Item 4., Use of proceeds. My reading is that this is amendment updates to Reg. 280/14 IESO: *Eligible Investments and Borrowing* replacing Reg. 423/04 *OPA, Eligible investments and Borrowing,* which is revoked. But that otherwise the regulations are largely similar.

2. The use of proceeds, for the reduced $475M facility is different from the new $2B facility. I.e., The latter is specifically covering timing difference with regard to IESO's role in administering the OFHP. The previous $975M facility was reduced as some of the use of proceeds for that facility are now covered by the new $2B facility. There is a differentiation in the use of proceeds for the amended $475M facility – as described in Reg 280/14 – from the use of proceeds for the $2B facility.

Thanks for your help

Hello Anthony,

Please find the attached Amending Agreement 10. If comments for the FHP Credit Facility is not possible this week, would it be possible to have the Amending Agreement 10 signed along with an updated Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy) first? This is necessary to reduce the existing credit facility from $975 million to $475 million to eliminate duplicate credit needs.

Hello Anthony,

Will is currently away today, and I just wanted to follow up on the e-mail below.

We are fine reducing the minimum draw period from 7 to 5 days for the new $2B FHP facility.

Further, to clarify Will's e-mail below, from our conference call the week before last, you had mentioned that in the event that IESO's funding needs were to exceed the $475M before the current $975M facility is reduced, IESO had another line of credit with TD that it would be able to draw on to fund any potential gap before the $2B facility is up and running. I think some confusion may have been created in referencing IESO's agreement to reduce to the size of the $2B OFHP credit facility if IESO's funding needs exceed $475M before the new FHP facility is executed. This is not something we proposed to you on the call, but was part of OFA internal discussions on contingency options that might be available in the event that there were delays getting both the amending agreement and FHP facility in place. My apologies should there have been any misunderstanding.

We expect to have comments to you on the amending agreement tomorrow.

Subject: FW: IESO : OFA new FH credit facility

Hello Anthony,

Thank you for your email and sorry for the delay in replying. We look forward to getting these agreements up and running. As discussed, IESO has a supplemental credit facility with TD bank. In the unlikely event, IESO exceeds $475 million under its existing credit facility, it agrees to reduce the $2 billion OFHP Credit Facility by the amount that it exceeds $475 million.

Best regards,

Will

Will,

As discussed, the IESO will work on completing amendment #10 followed then by the new FH $2B line.
The amendment #10 may take a few weeks to complete (mid-July), and then the new FH $2B line may need a few more additional weeks – likely end of July.

I am using the $975MM line today for FH (RPP) draws, and expect this will continue until the FH$2B line is up and running.

I would prefer to do both docs at the same time (i.e. signing on the same day both docs), but I understand that the OFA has been given direction to lower the $975MM to $475MM first.

Over the next few weeks in July I will be drawing on the $975MM again for the FH (RPP) amounts and I expect (but not 100% sure) that I should be under a total of $475MM.

We are working on the $2B draft now.

Is there any flexibility on changing the 7 day (not business days) minimum draw to 5 days? I'm trying to mitigate having OPG monies in hand while not having yet to repay the OFA. Please advise.

Hi William,

If the credit agreement cannot be put in place this week, the alternative would be to actually amend the $975 agreement to update "purpose" to include FHP. The facility can likely still be used as written for FHP but amending it would provide clarity.

When the new one is ready, we would move over any drawdowns related to FHP to the new facility.

Reducing the $975 to $475 before the new one is in effect would not work for IESO.

Regards,
Salman

Date:	Monday, July 17, 2017 4:53:02 PM

Hello William and Gavin:

For the purposes of coming to a decision on the question of the use of proceeds, I thought it might be helpful to consolidate all the different moving parts into one document.

Current Use of Proceeds under the Credit Facility (as amended on December 19, 2014 by Amendment No. 8):

Section 1 was amended to add the following definition of "Regulation" means O. Reg. 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time.

2.3 Use of Proceeds:

Up to the effective time of Amalgamation, the OPA shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 423/04 made under the Electricity Act, subject to the following conditions:

(1) effective as of December 31,2013, the proceeds of Advances may be used only for liquidity purposes and to temporarily fund corporate requirements; and,
(2) with the exception of funds borrowed solely for the purposes of funding the payment of amounts payable by the OPA under section 25.33 of the Electricity Act, the OPA is expected to recover or repay such proceeds over a period of no more than 12 months from the date of the Advance.

From and after the effective time of the Amalgamation: (a) New IESO shall use the proceeds of Advances only as authorized by the Regulation, and, to the extent not inconsistent with the Regulation, for purposes and requirements in relation to the operations and activities of the OPA prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO following the Amalgamation; and (b) the following conditions will apply:

(1) the proceeds of the Advances may be used only for liquidity purposes and to temporarily fund corporate requirements; and
(2) with the exception of funds borrowed solely for the purposes of funding the payment of amounts payable by New IESO under section 25.33 of the Electricity Act, New IESO is expected to recover or repay such proceeds over a period of no more than 12 months from the date of the Advance.

Proposed Change to Section 2.3 Requested by the IESO

The IESO has requested that the above be deleted in its entirety and replaced with the following:

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time.

Comments:

(1) The "Pre-Amalgamation" structuring language is removed. Are there any implications arising from this related to existing loans?

(2) The "Post-Amalgamation" structuring which tied borrowing to the purposes and requirements in relation to the operations and activities of the OPA prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO following the Amalgamation has also been removed along with the additional conditions set out sub-paragraphs (1) and (2). Does this cause any concern in respect of how the Credit Facility operates?;

(3) The reference to the Regulation can be abbreviated to simply "Regulation" given the addition of the defined term in Amending Agreement No. 8

(4) I note that the condition in sub(2) is phrased not as an obligation but an "expectation". It appears to have an intended purpose of restraining the renewal of certain advances beyond 12months. I do not know the rationale for its inclusion (this language was added in Amending Agreement 8). The Regulation and the Act, at least as they apply now, do not appear to require this (see below). I also note it is not drafted as an enforceable restriction or constraint in other relevant sections of the Agreement (as amended) e.g. in Section 3.3 which details the requirements for "Elections Regarding Advances" or in the Borrowing Notice, and there is no required related disclosure in respect of the Borrowing Notice for Renewed Advances. Is this possibly a requirement in the SIPP or the Minister's Directive, if there is one? I note that our file contains drafts of a reduction specific Minister's Directive which includes the following rationale for the reduction in the Credit Facility: "The IESO has requested that that the OFA decrease the maximum aggregate amount of the Loans from $975 million to $475 million to eliminate duplicate credit needs for the purpose of the implementation of the *Ontario Fair Hydro Plan Act, 2017"* but this language is flagged as requiring confirmation and I have no final version of the directive in the file, was this abandoned?

I note that the letter from the IESO to Gadi, requesting the $2 billion line, notes that the $975 credit facility is currently being used but the separate line is being requested for the following reason: "The IESO proposes that a separate and additional credit facility be provided by either the OFA or [the OEFC] to support only the FHP credit needs. A separate facility for the FHP is preferable to ensure operational efficiency and interest tracking" and goes on to state "The above $500 million reduction in the current OFA facility is to eliminate duplicate credit needs and reflect the replacement of the current RPP by the new FHP". If there is concern about adopting the IESO's broad use of proceeds language that it will

continue to borrow for FHP once the FHP agreement is in place, is one option to replicated the Pre- and Post- Amalgamation structure in Amending Agreement 8, allowing the line to be used until the FHP Credit Facility is not place but not after? This would not impact on timing of the agreements and would provide for the transition.

Regulation 280

Hello Gavin,

The first draft of Amending Agreement 10, that went to IESO had no changes to "Use of Proceeds". IESO proposed changes to "Use of Proceeds". Upon further review I discovered that "Use of Proceeds" in Amending Agreement 8, had very specific wording. I have drafted some proposed language but also wanted to bring to your attention the differences in language IESO has proposed compared to Amending Agreement 8. If you accept Documentation draft language for "Use of Proceeds" please reply to my email sent on Sunday 7/16/2017 at 2:38pm.

I have included the language from Amending Agreement 8, for your convenience.

IESO Proposed:

-

4. Delete Section 2.3 “Use of Proceeds” of the Credit Agreement and replace it as follows:

“The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time.”

Documentation draft 2 version:

4. Delete Section 2.3 “Use of Proceeds” of the Credit Agreement and replace it as follows:

“The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998,* as such regulation may be amended or replaced from time to time.

The IESO is expected to recover or repay the proceeds for each Advance over a period of no more than 12 months from the date of such Advance” .

Amending Agreement 8:

From and after the effective time of the Amalgamation: (a) New IESO shall use the proceeds of Advances only as authorized by Regulation, and, to the extent not inconsistent with the Regulation, for purposes and requirements in relation to the operations and activities of the OPA prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO follow the Amalgamation; and (b) the following conditions will apply

“The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998,* as such regulation may be amended or replaced from time to time and subject to the following conditions:

(1) the proceeds of Advances may be used only for liquidity purposes and to temporarily fund corporate requirements; and

(2) with the exception of funds borrowed solely for the purposes of funding the payment of amounts payable by IESO under section 25.33 of the Electricity Act, IESO is expected to recover or repay such proceeds over a period of no more than 12 months from the date of the Advance. “

Thanks,

Will

Hi

I think I'm in agreement Sarah's comments on the $475M. My understand is that the $475M will be used for certain day-to-day non-OFHP IESO purposes, but is also currently used for OFHP purposes, per the amended language in Reg. 280/14 attached. But the use of proceeds for the $475M facility is not and can't be restricted to use for OFHP.

Will, I have no objection to adding in the condition on timing of repayment that you drafted to be consistent with previous agreement

> *"The IESO is expected to recover or repay the proceeds for each Advance over a period of no more than 12 months from the date of such advance."*

I don't know much about the history around paragraph 2, but I take Sarah's point and that makes sense if a change of the current obligation was not contemplated or agreed to.

Will, in regard to your question about the IESO striking out the paragraphs that refer to the original $500M agreement and the subsequent increase to $975M, I have no objection to having these struck. It seems to me that it's a bit more streamlined to get straight to "facility is currently $975M and we're reducing it to $475M". However, I don't know what the convention is regrading maintaining the complete history.

I am away for the next two weeks, but Gavin will be here and could attend a meeting as necessary.

Thanks

Bruno

Hi Sarah and Bruno – Sarah, just got your voicemail indicating you are out of office until the 18th.

It seems we have a chicken and egg situation here. My understanding from Lisa had been that it was important for the $475 line to be executed first in the process to ensure that borrowing limits were maintained, but it appears given the borrowing for OFHP that has already been done under that line, that can't be done if the use of proceeds under the $475 line restricts use for OFHP. Ultimately (assuming the Regulatory authorities are as stated below by IESO, which I will need to parse through, and further assuming there is nothing in the approval framework under which the OF is operating that requires the $975/475 line to prohibit OFHP borrowing, which I will also have to parse through) then this is a business decision. Is timing such that we could have a meeting with everyone involved when you are back to work next week, Sarah, to sort through these questions and make sure we are all on the same page, or is there a greater urgency here?

With respect to other substantive issues on the IESO's mark-up of amendment 10, the only significant issue I have noted is that paragraph 2 should be reverted back to the original language. The changes made by IESO contemplate that the actual signed grid note will be an attachment to the amending agreement. This is not correct. The obligation in the amendment is to deliver a signed note. The signed grid note needs to be delivered on closing prior to any advance, the form of the grid note to be delivered is what is set out in the schedule to the amending agreement. If the actual grid note is attached it becomes part of the agreement and whenever the grid needs to be updated that will be a further amendment to the agreement requiring signature of both parties, the IESO proposed structure could also potentially lead to enforcement issues.

Please let me know if you are amenable to a meeting next Tuesday to work through next steps and our response to the IESO's position below.

Hi Bruno:

1. Re your question about Reg. 423/04 being replaced with Reg. 280/14, this already occurred at the beginning of January 2015 when IESO and OPA amalgamated and the new IESO entity became subject to Reg 280/14 as of that date, together with certain additional restrictions - see section 2 of Amending Agreement #8 for further details.
2. I agree that, as drafted, the OFHP facility clearly restricts funds drawn to use exclusively for implementation of OFHP. As for the $475M facility, as proposed in our draft of Amendment #10, the Use of Proceeds clause would not prevent IESO from drawing on it with respect to OFHP because Reg. 280/14 was recently amended to allow IESO "To provide such funds as may be required for the purposes of the Ontario Fair Hydro Plan Act, 2017..." (see s.3(2)5 of the Reg. 280 for the full text). So if the intent is to only allow OFHP borrowing to occur under the new $2Bn line and not at all under the $475M line, then the Use of Proceeds clause in the $475M line would have to be changed to expressly exclude borrowing for OFHP purposes. As Anthony has mentioned, he is currently using the $975/$475M line to fund OFHP variances, so this would presumably end only once the $2Bn line is available. In this regard, it would seem to make sense to sign and bring into effect the new OFHP line before or at the same time that any restrictions on the existing line take effect.

Let me know if you have any other questions.
Regards,
Victor

Hi Victor

Could you confirm (or not) my understanding of couple of things with respect to the attached markup you provided.

1. In terms of Item 4., Use of proceeds. My reading is that this is amendment updates to Reg. 280/14 IESO: *Eligible Investments and Borrowing* replacing Reg. 423/04 *OPA, Eligible investments and Borrowing,* which is revoked. But that otherwise the regulations are largely similar.

2. The use of proceeds, for the reduced $475M facility is different from the new $2B facility. I.e., The latter is specifically covering timing difference with regard to IESO's role in administering the OFHP. The previous $975M facility was reduced as some of the use of proceeds for that facility are now covered by the new $2B facility. There is a differentiation in the use of proceeds for the amended $475M facility – as described in Reg 280/14 – from the use of proceeds for the $2B facility.

Thanks for your help

Hello Anthony,

Please find the attached Amending Agreement 10. If comments for the FHP Credit Facility is not possible this week, would it be possible to have the Amending Agreement 10 signed along with an updated Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy) first? This is necessary to reduce the existing credit facility from $975 million to $475 million to eliminate duplicate credit needs.

Thanks,

Will

Hello Gavin,

The first draft of Amending Agreement 10, that went to IESO had no changes to "Use of Proceeds". IESO proposed changes to "Use of Proceeds". Upon further review I discovered that "Use of Proceeds" in Amending Agreement 8, had very specific wording. I have drafted some proposed language but also wanted to bring to your attention the differences in language IESO has proposed compared to Amending Agreement 8. If you accept Documentation draft language for "Use of Proceeds" please reply to my email sent on Sunday 7/16/2017 at 2:38pm.

I have included the language from Amending Agreement 8, for your convenience.

IESO Proposed:

4. Delete Section 2.3 "Use of Proceeds" of the Credit Agreement and replace it as follows:

   "The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time."

Documentation draft 2 version:

4. Delete Section 2.3 "Use of Proceeds" of the Credit Agreement and replace it as follows:

   "The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998,* as such regulation may be amended or replaced from time to time.

   The IESO is expected to recover or repay the proceeds for each Advance over a period of no more than 12 months from the date of such Advance" .

Amending Agreement 8:

> From and after the effective time of the Amalgamation: (a) New IESO shall use the proceeds of Advances only as authorized by Regulation, and, to the extent not inconsistent with the Regulation, for purposes and requirements in relation to the operations and activities of the OPA prior to the Amalgamation, to the extent those operations and activities are carried on by New IESO follow the Amalgamation; and (b) the following conditions will apply
>
> "The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998,* as such regulation may be amended or replaced from time to time and subject to the following conditions:
>
> (1) the proceeds of Advances may be used only for liquidity purposes and to temporarily fund corporate requirements; and
>
> (2) with the exception of funds borrowed solely for the purposes of funding the payment of amounts payable by IESO under section 25.33 of the Electricity Act, IESO is expected to recover or repay such proceeds over a period of no more than 12 months from the date of the Advance. "

Thanks,

Will

Hi

I think I'm in agreement Sarah's comments on the $475M. My understand is that the $475M will be used for certain day-to-day non-OFHP IESO purposes, but is also currently used for OFHP purposes, per the amended language in Reg. 280/14 attached. But the use of proceeds for the $475M facility is not and can't be restricted to use for OFHP.

Will, I have no objection to adding in the condition on timing of repayment that you drafted to be consistent with previous agreement

> *"The IESO is expected to recover or repay the proceeds for each Advance over a period of no more than 12 months from the date of such advance."*

I don't know much about the history around paragraph 2, but I take Sarah's point and that makes sense if a change of the current obligation was not contemplated or agreed to.

Will, in regard to your question about the IESO striking out the paragraphs that refer to the original $500M agreement and the subsequent increase to $975M, I have no objection to having these struck. It seems to me that it's a bit more streamlined to get straight to "facility is currently $975M and we're reducing it to $475M". However, I don't know what the convention is regrading maintaining the complete history.

I am away for the next two weeks, but Gavin will be here and could attend a meeting as necessary.

Thanks
Bruno

Hi Sarah and Bruno – Sarah, just got your voicemail indicating you are out of office until the 18th.

It seems we have a chicken and egg situation here. My understanding from Lisa had been that it was important for the $475 line to be executed first in the process to ensure that borrowing limits were maintained, but it appears given the borrowing for OFHP that has already been done under that line, that can't be done if the use of proceeds under the $475 line restricts use for OFHP. Ultimately (assuming the Regulatory authorities are as stated below by IESO, which I will need to parse through, and further assuming there is nothing in the approval framework under which the OF is operating that requires the $975/475 line to prohibit OFHP borrowing, which I will also have to parse through) then this is a business decision. Is timing such that we could have a meeting with everyone involved when you are back to work next week, Sarah, to sort through these questions and make sure we are all on the same page, or is there a greater urgency here?

With respect to other substantive issues on the IESO's mark-up of amendment 10, the only significant issue I have noted is that paragraph 2 should be reverted back to the original language. The changes made by IESO contemplate that the actual signed grid note will be an attachment to the amending agreement. This is not correct. The obligation in the amendment is to deliver a signed note. The signed grid note needs to be delivered on closing prior to any advance, the form of the grid note to be delivered is what is set out in the schedule to the amending agreement. If the actual grid note is attached it becomes part of the agreement and whenever the grid needs to be updated that will be a further amendment to the agreement requiring signature of both parties, the IESO proposed structure could also potentially lead to enforcement issues.

Please let me know if you are amenable to a meeting next Tuesday to work through next steps and our response to the IESO's position below.

Subject: Re: IESO : OFA new FH credit facility

Hi Bruno:

1. Re your question about Reg. 423/04 being replaced with Reg. 280/14, this already occurred at the beginning of January 2015 when IESO and OPA amalgamated and the new IESO entity became subject to Reg 280/14 as of that date, together with certain additional restrictions - see section 2 of Amending Agreement #8 for further details.
2. I agree that, as drafted, the OFHP facility clearly restricts funds drawn to use exclusively for implementation of OFHP. As for the $475M facility, as proposed in our draft of Amendment #10, the Use of Proceeds clause would not prevent IESO from drawing on it with respect to OFHP because Reg. 280/14 was recently amended to allow IESO "To provide such funds as may be required for the purposes of the Ontario Fair Hydro Plan Act, 2017..." (see s.3(2)5 of the Reg. 280 for the full text). So if the intent is to only allow OFHP borrowing to occur under the new $2Bn line and not at all under the $475M line, then the Use of Proceeds clause in the $475M line would have to be changed to expressly exclude borrowing for OFHP purposes. As Anthony has mentioned, he is currently using the $975/$475M line to fund OFHP variances, so this would presumably end only once the $2Bn line is available. In this regard, it would seem to make sense to sign and bring into effect the new OFHP line before or at the same time that any restrictions on the existing line take effect.

Let me know if you have any other questions.
Regards,
Victor

Hi Victor

Could you confirm (or not) my understanding of couple of things with respect to the attached markup you provided.

1. In terms of Item 4., Use of proceeds. My reading is that this is amendment updates to Reg. 280/14 IESO: *Eligible Investments and Borrowing* replacing Reg. 423/04 *OPA, Eligible investments and Borrowing,* which is revoked. But that otherwise the regulations are largely similar.

2. The use of proceeds, for the reduced $475M facility is different from the new $2B facility. I.e., The latter is specifically covering timing difference with regard to IESO's role in administering the OFHP. The previous $975M facility was reduced as some of the use of proceeds for that facility are now covered by the new $2B facility. There is a differentiation in the use of proceeds for the amended $475M facility – as described in Reg 280/14 – from the use of proceeds for the $2B facility.

Thanks for your help
Bruno

Subject: Re: IESO : OFA new FH credit facility

Hi Bruno:

1. Re your question about Reg. 423/04 being replaced with Reg. 280/14, this already occurred at the beginning of January 2015 when IESO and OPA amalgamated and the new IESO entity became subject to Reg 280/14 as of that date, together with certain additional restrictions - see section 2 of Amending Agreement #8 for further details.
2. I agree that, as drafted, the OFHP facility clearly restricts funds drawn to use exclusively for implementation of OFHP. As for the $475M facility, as proposed in our draft of Amendment #10, the Use of Proceeds clause would not prevent IESO from drawing on it with respect to OFHP because Reg. 280/14 was recently amended to allow IESO "To provide such funds as may be required for the purposes of the Ontario Fair Hydro Plan Act, 2017..." (see s.3(2)5 of the Reg. 280 for the full text). So if the intent is to only allow OFHP borrowing to occur under the new $2Bn line and not at all under the $475M line, then the Use of Proceeds clause in the $475M line would have to be changed to expressly exclude borrowing for OFHP purposes. As Anthony has mentioned, he is currently using the $975/$475M line to fund OFHP variances, so this would presumably end only once the $2Bn line is available. In this regard, it would seem to make sense to sign and bring into effect the new OFHP line before or at the same time that any restrictions on the existing line take effect.

Let me know if you have any other questions.
Regards,

Victor

Hi Victor

Could you confirm (or not) my understanding of couple of things with respect to the attached markup you provided.

1. In terms of Item 4., Use of proceeds. My reading is that this is amendment updates to Reg. 280/14 IESO: *Eligible Investments and Borrowing* replacing Reg. 423/04 *OPA, Eligible investments and Borrowing,* which is revoked. But that otherwise the regulations are largely similar.

2. The use of proceeds, for the reduced $475M facility is different from the new $2B facility. I.e., The latter is specifically covering timing difference with regard to IESO's role in administering the OFHP. The previous $975M facility was reduced as some of the use of proceeds for that facility are now covered by the new $2B facility. There is a differentiation in the use of proceeds for the amended $475M facility – as described in Reg 280/14 – from the use of proceeds for the $2B facility.

Thanks for your help

Subject: FW: IESO : OFA new FH credit facility

Hello Anthony,

Please find the attached Amending Agreement 10. If comments for the FHP Credit Facility is not possible this week, would it be possible to have the Amending Agreement 10 signed along with an updated Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy) first? This is necessary to reduce the existing credit facility from $975 million to $475 million to eliminate duplicate credit needs.

Thanks,

Will

Hi Sarah N,

Thank you for pointing out to me that the TD facility cannot be used for FHP draws.

I'll let Anthony know that that the amendment will have to wait until next week.

Thanks,

Hi Will –

I note that Anthony confirmed that the TD facility **cannot** be used for FHP draws (see highlighted language below), this not consistent with your statement below and it is not consistent with IESO's position/comments regarding Amendment 10.

As I understand it, the immediate question we are trying to answer with respect to Amendment 10 from both a legal and business perspective is: can the $475 facility continue to be used to lend to the IESO for purposes of the FHP after the $2 billion comes into effect. (Assuming that it is already able to do this under Amendment 9 on the basis that it is in fact doing this).

Given that there is some breathing room indicated in the IESO's timing requirements, I am going to revert to my prior suggestion that we meet to review this next week.

Hello Sarah N,

Below is background on a meeting on June 28 between Anthony (IESO), Sarah H, Lisa and Salman:

1. Capital Markets approved IESO's request to have a minimum 5 day and a maximum 95 day draw ($2 billion Credit Facility)
2. Anthony discussed in the event IESO funding needs were to exceed the $475 million before the current $975 million is reduced, IESO had another credit facility with TD that it would be able to draw on to fund any potential gap before the $2 billion facility is up and running.

Anthony,

Thanks very much for your reply and for the additional information on forecasted draws – very helpful. There should be no issue with signing the FHP facility by mid-August (hopefully we can wrap this up before August starts!).

Best,

Sarah

Subject: RE: IESO : OFA new FH credit facility

Sarah,

Four points.

a) Thank you very much for accommodating the 5 day request, …it will be more efficient for cash flows and better alignment.
b) We examined our TD credit facility and it specifically does not permit IESO to use for Fair Hydro programs purposes.
c) The good news is that the Fair Hydro amounts for May and June (a draw to be made in mid-July on the $475 million facility) is a total of $260 million. Therefore, the next draw for Fair Hydro's month of July will be in mid-Aug of which I expect at least another $200-$250 million will be added. I hope the $2B facility will be signed before mid-August, so there should be no concerns. The first FH sale to the Financing Entity is expected to be made in August so I (hope) expect the May, June, July's FH amounts will be sold by mid-end of August and then I can repay the OFA.
d) Victor will address Bruno's comments directly on the amendment #10 shortly.

Regards.

Hello Anthony,

Will is currently away today, and I just wanted to follow up on the e-mail below.

We are fine reducing the minimum draw period from 7 to 5 days for the new $2B FHP facility.

Further, to clarify Will's e-mail below, from our conference call the week before last, you had mentioned that in the event that IESO's funding needs were to exceed the $475M before the current $975M facility is reduced, IESO had another line of credit with TD that it would be able to draw on to fund any potential gap before the $2B facility is up and running. I think some confusion may have been created in referencing IESO's agreement to reduce to the size of the $2B OFHP credit facility if IESO's funding needs exceed $475M before the new FHP facility is executed. This is not something we proposed to you on the call, but was part of OFA internal discussions on contingency options that might be available in the event that there were delays getting both the amending agreement and FHP facility in place. My apologies should there have been any misunderstanding.

We expect to have comments to you on the amending agreement tomorrow.

Best regards,

Sarah

Hello Anthony,

Thank you for your email and sorry for the delay in replying. We look forward to getting these agreements up and running. As discussed, IESO has a supplemental credit facility with TD bank. In the unlikely event, IESO exceeds $475 million under its existing credit facility, it agrees to reduce the $2 billion OFHP Credit Facility by the amount that it exceeds $475 million.

Best regards,

Will

Will,

As discussed, the IESO will work on completing amendment #10 followed then by the new FH $2B line.
The amendment #10 may take a few weeks to complete (mid-July), and then the new FH $2B line may need a few more additional weeks – likely end of July.

I am using the $975MM line today for FH (RPP) draws, and expect this will continue until the FH$2B line is up and running.

I would prefer to do both docs at the same time (i.e. signing on the same day both docs), but I understand that the OFA has been given direction to lower the $975MM to $475MM first.

Over the next few weeks in July I will be drawing on the $975MM again for the FH (RPP) amounts and I expect (but not 100% sure) that I should be under a total of $475MM.
