Authorized Signatory

Dated: _____

3.04 Notes Issuable in the Form of a Global Note

(a) If the Issuer establishes pursuant to Sections 3.02 and 4.01 that the Notes of a particular Series, Class or Tranche are to be issued in whole or in part in the form of one or more Global Notes, then the Issuer will execute and the Indenture Trustee or its agent will, in accordance with Section 4.03 and the Issuer Certificate delivered to the Indenture Trustee or its agent thereunder, authenticate and deliver, such Global Note or Notes, which, unless otherwise provided in the Related Supplemental Indenture (i) will represent, and will be denominated in an amount equal to the aggregate Stated Principal Amount (or in the case of Discount Notes, the aggregate Stated Principal Amount at the Scheduled Final Payment Date of such Notes) of the Outstanding Notes of such Series, Class or Tranche to be represented by such Global Note or Notes, or such portion thereof as the Issuer will specify in an Issuer Certificate, (ii) in the case of Registered Notes, will be registered in the name of the Depository for such Global Note or Notes or its nominee, (iii) will be delivered by the Indenture Trustee or its agent to the Depository or pursuant to the Depository's instruction, (iv) if applicable, will bear a legend substantially to the following effect: (A) "Unless this Note is presented by an authorized representative of The Depository Trust Company ("**DTC**"), to [Issuer] (the "**Issuer**") or its agent for registration of transfer, exchange or payment, and any Note issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), any transfer, pledge or other use hereof for value or otherwise by or to any Person is wrongful inasmuch

as the registered owner hereof, Cede & Co., has an interest herein", or (B) "Unless this Note is presented by an authorized representative of CDS Clearing and Depository Services Inc. ("**CDS**"), to [Issuer] (the "**Issuer**") or its agent for registration of transfer, exchange or payment, and any Note issued is registered in the name of CDS & Co. or in such other name as is requested by an authorized representative of CDS (and any payment is made to CDS & Co. or to such other entity as is requested by an authorized representative of CDS), any transfer, pledge or other use hereof for value or otherwise by or to any Person is wrongful since the registered owner hereof, CDS & Co., has a property interest in the securities represented by this Note and it is a violation of its rights for another Person to hold, transfer or deal with this Note", and (v) may bear such other legend as the Issuer, upon advice of counsel, deems to be applicable.

(b) Notwithstanding any other provisions of this Section 3.04 or of Section 4.05, and subject to the provisions of paragraph (c) below, unless the terms of a Global Note or the Related Supplemental Indenture expressly permit such Global Note to be exchanged in whole or in part for individual Notes, a Global Note may be transferred, in whole but not in part and in the manner provided in Section 4.05, only to a nominee of the Depository for such Global Note, or to the Depository, or a successor Depository for such Global Note selected or approved by the Issuer, or to a nominee of such successor Depository.

(c) With respect to Notes issued within the United States or Canada, unless otherwise specified in the Related Supplemental Indenture, or with respect to Notes issued outside the United States and Canada, if specified in the Related Supplemental Indenture:

(i) If at any time the Depository for a Global Note notifies the Issuer that it is unwilling or unable to continue as Depository for such Global Note or if at any time the Depository for the Notes for such Series, Class or Tranche ceases to be a clearing agency registered under the Securities Exchange Act, or other applicable statute or regulation, in the case of Notes issued within the United States, or a clearing agency registered under the *Securities Act* (Ontario), or other applicable statute or regulation, in the case of Notes issued within Canada, the Issuer will appoint a successor Depository with respect to such Global Note. If a successor Depository for such Global Note is not appointed by the Issuer within 90 days after the Issuer receives such notice or becomes aware of such ineligibility, the Issuer will execute, and the Indenture Trustee or its agent, upon receipt of an Issuer Certificate requesting the authentication and delivery of individual Notes of such Series, Class or Tranche in exchange for such Global Note, will authenticate and deliver, individual Notes of such Series, Class or Tranche of like tenor and terms in an aggregate Stated Principal Amount equal to the Stated Principal Amount of the Global Note in exchange for such Global Note.

(ii) The Issuer may at any time and in its sole discretion determine that the Notes of any Series, Class or Tranche or portion thereof issued or issuable

in the form of one or more Global Notes will no longer be represented by such Global Note or Notes. In such event the Issuer will execute, and the Indenture Trustee, upon receipt of a written request by the Issuer for the authentication and delivery of individual Notes of such Series, Class or Tranche in exchange in whole or in part for such Global Note, will authenticate and deliver individual Notes of such Series, Class or Tranche of like tenor and terms in definitive form in an aggregate Stated Principal Amount equal to the Stated Principal Amount of such Global Note or Notes representing such Series, Class or Tranche or portion thereof in exchange for such Global Note or Notes.

(iii) If specified by the Issuer pursuant to Sections 3.02 and 4.01 with respect to Notes issued or issuable in the form of a Global Note, the Depository for such Global Note may surrender such Global Note in exchange in whole or in part for individual Notes of such Series, Class or Tranche of like tenor and terms in definitive form on such terms as are acceptable to the Issuer and such Depository. Thereupon the Issuer will execute, and the Indenture Trustee or its agent will authenticate and deliver, without service charge, (A) to each Person specified by such Depository a new Note or Notes of the same Series, Class or Tranche of like tenor and terms and of any authorized denomination as requested by such Person in aggregate Stated Principal Amount equal to and in exchange for such Person's beneficial interest in the Global Note; and (B) to such Depository a new Global Note of like tenor and terms and in an authorized denomination equal to the difference, if any, between the Stated Principal Amount of the surrendered Global Note and the aggregate Stated Principal Amount of Notes delivered to the Noteholders thereof.

(iv) If any Event of Default has occurred and is continuing with respect to such Global Notes, and Noteholders holding more than 50% of the unpaid Outstanding Dollar Principal Amount of the Global Notes of that Series advise the Indenture Trustee and the Depository that a Global Note is no longer in the best interest of the Noteholders of that Series, the holders of Global Notes of that Series may exchange such Notes for individual Notes.

(v) In any exchange provided for in any of the preceding four paragraphs, the Issuer will execute and the Indenture Trustee or its agent will authenticate and deliver individual Notes in definitive registered form in authorized denominations. Upon the exchange of the entire Stated Principal Amount of a Global Note for individual Notes, such Global Note will be canceled by the Indenture Trustee or its agent. Except as provided in the preceding paragraphs, Notes issued in exchange for a Global Note pursuant to this Section 3.04 will be registered in such names and in such authorized denominations as the Depository for such Global Note, pursuant to instructions from its direct or indirect participants or otherwise, will instruct the Indenture Trustee or the Note Registrar. The Indenture Trustee or the

Note Registrar will deliver such Notes to the Persons in whose names such Notes are so registered.

3.05 Temporary Global Notes and Permanent Global Notes

(a) If specified in the Related Supplemental Indenture for any Tranche, all or any portion of a Global Note may initially be issued in the form of a single temporary global Bearer Note or Registered Note (the "**Temporary Global Note**"), without interest coupons, in the denomination of the entire aggregate principal amount of such Series, Class or Tranche and substantially in the form set forth in the exhibit with respect thereto attached to the Related Supplemental Indenture. The Temporary Global Note will be authenticated by the Indenture Trustee upon the same conditions, in substantially the same manner and with the same effect as the Notes in definitive form. The Temporary Global Note may be exchanged as described below or in the Related Supplemental Indenture for permanent global Bearer Notes or Registered Notes (the "**Permanent Global Notes**").

(b) Unless otherwise provided in the Related Supplemental Indenture, exchanges of beneficial interests in or security entitlements to Temporary Global Notes for beneficial interests in or security entitlements to Permanent Global Notes will be made as provided in this subsection 3.05(b). The Manager will, upon its determination of the date of completion of the distribution of the Notes of such Series, Class or Tranche, so advise the Indenture Trustee, the Issuer, the Foreign Depository, and each foreign clearing agency forthwith. Without unnecessary delay, but in any event not prior to the Exchange Date, the Issuer will execute and deliver to the Indenture Trustee at the office of its designated agent outside Canada and the United States Permanent Global Notes in bearer or registered form (as specified in the Related Supplemental Indenture) in an aggregate principal amount equal to the Outstanding Currency Specific Dollar Principal Amount of such Series, Class or Tranche of Notes. Bearer Notes so issued and delivered may have coupons attached. The Temporary Global Note may be exchanged for an equal aggregate principal amount of Permanent Global Notes only on or after the Exchange Date. A United States Person may exchange its beneficial interest in or security entitlement to the Temporary Global Note only for an equal aggregate principal amount of Permanent Global Notes in registered form bearing the applicable legend set forth in the form of Registered Note attached to the Related Supplemental Indenture and having a minimum denomination of 500,000 units of the applicable currency, which may be in temporary form if the Issuer so elects. The Issuer may waive the 500,000 minimum denomination requirement if it so elects. Upon any demand for exchange for Permanent Global Notes in accordance with this subsection 3.05(b), the Issuer will cause the Indenture Trustee to authenticate and deliver the Permanent Global Notes to the Noteholder (x) outside Canada or the United States, in the case of Bearer Notes and (y) according to the instructions of the Noteholder, in the case of Registered Notes. Upon receipt of such certification, the Indenture Trustee will cause the Temporary Global Note to be endorsed in accordance with subsection 3.05(d). Any exchange as provided in this Section 3.05 will be made free of charge to the Noteholders and the beneficial owners of the

Temporary Global Note and to the beneficial owners of the Permanent Global Note issued in exchange, except that a Person receiving the Permanent Global Note must bear the cost of insurance, postage, transportation and the like in the event that such Person does not receive such Permanent Global Note in person at the offices of a foreign clearing agency or Foreign Depository.

(c) The delivery to the Indenture Trustee by a foreign clearing agency or Foreign Depository of any written statement referred to above may be relied upon by the Issuer and the Indenture Trustee as conclusive evidence that a corresponding certification or certifications has or have been delivered to such foreign clearing agency or Foreign Depository pursuant to the terms of this Indenture.

(d) Upon any such exchange of all or a portion of the Temporary Global Note for a Permanent Global Note(s), such Temporary Global Note will be endorsed by or on behalf of the Indenture Trustee to reflect the reduction of its principal amount by an amount equal to the aggregate principal amount of such Permanent Global Note(s). Until so exchanged in full, such Temporary Global Note will in all respects be entitled to the same benefits under this Indenture as Permanent Global Notes authenticated and delivered hereunder except that the beneficial owners of such Temporary Global Note will not be entitled to receive payments of interest on the Notes until they have exchanged their beneficial interests in or security entitlements to such Temporary Global Note for Permanent Global Notes.

3.06 Beneficial Ownership of Global Notes

Until definitive Notes have been issued to the applicable Noteholders pursuant to Section 3.04 or as otherwise specified in any Related Supplemental Indenture:

(a) the Issuer and the Indenture Trustee may deal with the applicable clearing agency or Depository and the clearing agency's or Depository's participants for all purposes (including the making of distributions) as the authorized representatives of the respective Note Owners; and

(b) the rights of the respective Note Owners will be exercised only through the applicable clearing agency or Depository and the clearing agency's or Depository's participants and will be limited to those established by applicable law and agreements between such Note Owners and the clearing agency or Depository and/or the clearing agency's or Depository's participants. Pursuant to the operating rules of the applicable clearing agency, unless and until Notes in definitive form are issued pursuant to Section 3.04, the clearing agency or the Depository will make book-entry transfers among the clearing agency's or the Depository's participants and receive and transmit distributions of principal and interest on the related Notes to such clearing agency's or Depository's participants.

For purposes of any provision of this Indenture requiring or permitting Actions with the consent of, or at the direction of, Noteholders evidencing a specified percentage of the Outstanding Dollar Principal Amount of Outstanding Notes, such direction or consent may be given by Note

Owners (acting through the clearing agency and the clearing agency's participants) owning interests in or security entitlements to Notes evidencing the requisite percentage of principal amount of Notes.

3.07 Notices to Depository

Whenever any notice or other communication is required to be given to Noteholders with respect to which book-entry Notes have been issued, unless and until Notes in definitive form will have been issued to the related Note Owners, the Indenture Trustee will give all such notices and communications to the applicable clearing agency or Depository.

3.08 CUSIP Numbers

In issuing the Notes, the Issuer may use "CUSIP" numbers (if then generally in use), and, if so, the Indenture Trustee shall use such CUSIP numbers in notices of redemption as a convenience to Noteholders; provided that, subject to Section 9.01, any such notice may state that (a) no representation is made as to the correctness of such CUSIP numbers as printed on the related Notes or as contained in any notice of redemption, (b) reliance may be placed only on the other identification numbers, if any, printed on the Notes and (c) any such redemption shall not be affected by any defect in or omission of such CUSIP numbers. The Issuer will promptly provide the Indenture Trustee with written notice of any change in the CUSIP numbers for any Outstanding Note.

ARTICLE IV
THE NOTES

4.01 General Title, General Limitations, Issuable in Series, Terms of a Series, Class or Tranche of Notes

(a) The aggregate Stated Principal Amount of Notes which may be authenticated and delivered and Outstanding under this Indenture is not limited.

(b) The Notes may be issued in one or more Series, Classes or Tranches up to an aggregate Stated Principal Amount of Notes as from time to time may be authorized by the Issuer.

(c) Each Note issued must be part of a Series, Class and Tranche of Notes for purposes of allocations pursuant to this Indenture, the Related Supplemental Indenture and the Master Transfer and Servicing Agreement. A Series of Notes is created pursuant to a Supplemental Indenture. A Class or Tranche of Notes is created pursuant to a Supplemental Indenture or pursuant to a Terms Document related to the Supplemental Indenture for the applicable Series.

(d) Each Series of Notes may, but need not be, subdivided into multiple Classes. Notes belonging to a Class in any Series may be entitled to specified payment priorities over other Classes of Notes in that Series.

(e) Notes of a Series that belong to different Classes in that Series belong to different Tranches on the basis of the difference in Class membership.

(f) Each Class of Notes may consist of a single Tranche or may be subdivided into multiple Tranches. Notes of a single Class of a Series will belong to different Tranches if they have different terms and conditions. With respect to any Class of Notes, Notes which have identical terms, conditions and Tranche designation will be deemed to be part of a single Tranche of Notes.

(g) Before the initial issuance of Notes of each Series, Class or Tranche, there shall also be established in or pursuant to a Supplemental Indenture or pursuant to a Terms Document related to the applicable Supplemental Indenture, provision for:

(i) the Series designation;

(ii) the Stated Principal Amount of the Notes;

(iii) whether such Notes are of a particular Class of Notes or a Tranche of a Class of Notes;

(iv) the currency or currencies in which such Notes will be denominated and in which payments of principal of, and interest on, such Notes will or may be payable;

(v) if the principal of or interest, if any, on such Notes are to be payable, at the election of the Issuer or a Noteholder, in a currency or currencies other than that in which the Notes are stated to be payable, the period or periods within which, and the terms and conditions upon which, such election may be made;

(vi) if the amount of payments of principal of or interest, if any, on such Notes may be determined with reference to an index based on (A) a currency or currencies other than that in which the Notes are stated to be payable, (B) changes in the prices of one or more other securities or indexes of securities or (C) changes in the prices of one or more commodities or indexes of commodities, or any combination of the foregoing, the manner in which such amounts will be determined;

(vii) the price or prices at which such Series, Class or Tranche of Notes will be issued;

(viii) the times at which such Series, Class or Tranche of Notes may, pursuant to any optional or mandatory redemption provisions, be redeemed, and the other terms and provisions of any such redemption;

(ix) the rate per annum at which such Series, Class or Tranche of Notes will bear interest, if any, or the formula or index on which such rate will be

determined, including all relevant definitions, and the date from which interest will accrue;

(x) each Payment Date, the Scheduled Final Payment Date and the Legal Maturity Date for such Series, Class or Tranche of Notes;

(xi) the Initial Dollar Principal Amount or the Initial Currency Specific Dollar Principal Amount of such Notes, and the means for calculating the Outstanding Dollar Principal Amount or the Outstanding Currency Specific Dollar Principal Amount, as applicable, of such Series, Class or Tranche of Notes;

(xii) whether or not application will be made to list such Series, Class or Tranche of Notes on any securities exchange;

(xiii) any Events of Default or Early Amortization Events with respect to such Series, Class or Tranche of Notes, if not set forth herein and any additions, deletions or other changes to the Events of Default or Early Amortization Events set forth herein that will be applicable to such Series, Class or Tranche of Notes (including a provision making any Event of Default or Early Amortization Event set forth herein inapplicable to the Notes of that Series, Class or Tranche);

(xiv) if such Series, Class or Tranche of Notes will be issued in whole or in part in the form of a Global Note or Global Notes, the terms and conditions, if any, upon which such Global Note or Global Notes may be exchanged in whole or in part for other individual Notes, and the Depository for such Global Note or Global Notes;

(xv) if such Series, Class or Tranche of Notes will be issued in whole or in part as Registered Notes, Bearer Notes or both, whether such Series, Class or Tranche of Notes are to be issued with or without coupons or both;

(xvi) the subordination of such Series, Class or Tranche of Notes to any other indebtedness of the Issuer, including without limitation, the Notes of any other Series, Class or Tranche;

(xvii) if such Series, Class or Tranche of Notes are to have the benefit of any Derivative Agreement, the terms and provisions of such agreement;

(xviii) if such Series, Class or Tranche of Notes are to have the benefit of any Credit Enhancement Agreement or Liquidity Agreement, the terms and provisions of the applicable agreement;

(xix) the Record Date for any Payment Date of such Series, Class or Tranche of Notes, if different from the last day of the month before the related Payment Date;

(xx) the amount scheduled to be deposited on each Payment Date during an Amortization Period or Accumulation Period for such Series, Class or Tranche of Notes;

(xxi) whether and under what conditions, additional amounts will be payable to Noteholders of such Series, Class or Tranche; and

(xxii) any other terms of such Notes as stated in the Related Supplemental Indenture;

all upon such terms as may be determined in or pursuant to the Related Supplemental Indenture.

(h) The form of the Notes of each Series, Class or Tranche will be established pursuant to the provisions of this Indenture and the Related Supplemental Indenture or Terms Document. The Notes of each Series, Class or Tranche will be distinguished from the Notes of each other Series, Class or Tranche in such manner, reasonably satisfactory to the Indenture Trustee, as the Issuer may determine.

(i) Any terms or provisions in respect of the Notes of any Series, Class or Tranche issued under this Indenture may be determined pursuant to this Section 4.01 by providing in the Related Supplemental Indenture for the method by which such terms or provisions will be determined.

4.02 Denominations

The Notes of each Series, Class or Tranche will be issuable in such denominations and currency as will be provided in the provisions of this Indenture or in or pursuant to the Related Supplemental Indenture. In the absence of any such provisions with respect to the Registered Notes of any Series, Class or Tranche, the Registered Notes of that Series, Class or Tranche will be issued in denominations of 100,000 units of the applicable currency and integral multiples of 1,000. In the absence of any such provisions with respect to the Bearer Notes of any Series, Class or Tranche, the Bearer Notes of that Series, Class or Tranche will be issued in denominations of 1,000, 5,000, 50,000 and 100,000 units of the applicable currency.

4.03 Execution, Authentication and Delivery and Dating

(a) The Notes will be executed on behalf of the Issuer by a Responsible Officer of the Issuer. The signature of any Responsible Officer of the Issuer on the Notes may be manual or facsimile or may be given by other electronic means.

(b) Notes bearing the manual, facsimile or other electronic signatures of individuals who were at any time a Responsible Officer of the Issuer will bind the Issuer, notwithstanding that such individuals or any of them have ceased to hold such offices before the authentication and delivery of such Notes or did not hold such offices at the date of issuance of such Notes.

(c) At any time and from time to time after the execution and delivery of this Indenture, the Issuer may deliver Notes executed by the Issuer to the Indenture Trustee for authentication; and the Indenture Trustee will, upon request by an Issuer Certificate, authenticate and deliver such Notes as provided in this Indenture and not otherwise.

(d) Before any such authentication and delivery, the Indenture Trustee will be entitled to receive, in addition to any Officer's Certificate and Opinion of Counsel required to be furnished to the Indenture Trustee pursuant to Section 1.02, the Issuer Certificate and any other opinion or certificate relating to the issuance of the Series, Class or Tranche of Notes required to be furnished pursuant to Section 3.02 or Article V.

(e) The Indenture Trustee will not be required to authenticate such Notes if the issue thereof will adversely affect the Indenture Trustee's own rights, duties or immunities under the Notes and this Indenture.

(f) Unless otherwise provided in the form of Note for any Series, Class or Tranche, all Notes will be dated the date of their authentication.

(g) No Note will be entitled to any benefit under this Indenture or be valid or obligatory for any purpose unless there appears on such Note a Certificate of Authentication executed by the Indenture Trustee by manual signature of an authorized signatory, and such certificate upon any Note will be conclusive evidence, and the only evidence, that such Note has been duly authenticated and delivered hereunder.

4.04 Temporary Notes

(a) Pending the preparation of definitive Notes of any Series, Class or Tranche, the Issuer may execute, and, upon receipt of the documents required by Section 4.03, the Indenture Trustee will authenticate and deliver, temporary Notes which are printed, lithographed, typewritten, mimeographed or otherwise produced, in any authorized denomination, substantially of the tenor of the definitive Notes in lieu of which they are issued and with such appropriate insertions, omissions, substitutions and other variations as the Issuer may determine, as evidenced by the Issuer's execution of such Notes.

(b) If temporary Notes of any Series, Class or Tranche are issued, the Issuer will cause definitive Notes of such Series, Class or Tranche to be prepared without unreasonable delay. After the preparation of definitive Notes, the temporary Notes of such Series, Class or Tranche will be exchangeable for definitive Notes of such Series, Class or Tranche upon surrender of the temporary Notes of such Series, Class or Tranche at the office or agency of the Issuer in a Place of Payment, without charge to the Noteholder; and upon surrender for cancellation of any one or more temporary Notes the Issuer will execute and the Indenture Trustee will authenticate and deliver in exchange therefor a like Stated Principal Amount of definitive Notes of such Series, Class or Tranche of authorized denominations and of like tenor and terms. Until so exchanged the temporary Notes of such Series, Class or Tranche

will in all respects be entitled to the same benefits under this Indenture as definitive Notes of such Series, Class or Tranche.

4.05 Registration, Transfer and Exchange

(a) The Issuer will keep or cause to be kept a register (herein sometimes referred to as the "**Note Register**") in which, subject to such reasonable regulations as it may prescribe, the Issuer will provide for the registration of Registered Notes, or of Registered Notes of a particular Series, Class or Tranche, and for transfers of Registered Notes or of Registered Notes of such Series, Class or Tranche. Any such register will be in written form or in any other form capable of being converted into written form within a reasonable time. At all reasonable times, the information contained in such register or registers will be available for inspection by the Indenture Trustee at the office or agency to be maintained by the Issuer as provided in Section 13.03.

(b) Subject to Section 3.04, upon surrender for transfer of any Registered Note of any Series, Class or Tranche at the office or agency of the Issuer in a Place of Payment, the Issuer will execute, and, upon receipt of such surrendered Note, the Indenture Trustee will authenticate and deliver, in the name of the designated transferee or transferees, one or more new Registered Notes of such Series, Class or Tranche of any authorized denominations, of a like aggregate Stated Principal Amount, Scheduled Final Payment Date and Legal Maturity Date and of like terms.

(c) Subject to Section 3.04, at the option of the Noteholder, Notes of any Series, Class or Tranche may be exchanged for other Notes of such Series, Class or Tranche of any authorized denominations, of a like aggregate Stated Principal Amount, Scheduled Final Payment Date and Legal Maturity Date and of like terms, upon surrender of the Notes to be exchanged at the office or agency of the Issuer in a Place of Payment. Registered Notes, including Registered Notes received in exchange for Bearer Notes, may not be exchanged for Bearer Notes. At the option of the holder of a Bearer Note, subject to applicable laws and regulations, Bearer Notes may be exchanged for other Bearer Notes or Registered Notes (of the same Series, Class and Tranche of Notes) of authorized denominations of like aggregate fractional undivided interests in the Noteholders' interest, upon surrender of the Bearer Notes to be exchanged at an office or agency of the Note Registrar located outside Canada and the United States. Each Bearer Note surrendered pursuant to this Section 4.05 will have attached thereto all unmatured coupons; provided, however, that any Bearer Note, so surrendered after the close of business on the last day of the month preceding the relevant Payment Date need not have attached the coupon relating to such Payment Date. Whenever any Notes are so surrendered for exchange, the Issuer will execute, and the Indenture Trustee will authenticate and deliver (in the case of Bearer Notes, outside Canada and the United States), the Notes which the Noteholders making the exchange are entitled to receive.

(d) All Notes issued upon any transfer or exchange of Notes will be the valid and legally binding obligations of the Issuer, evidencing the same debt, and entitled to

the same benefits under this Indenture, as the Notes surrendered upon such transfer or exchange.

(e) Every Note presented or surrendered for transfer or exchange will (if so required by the Issuer or the Indenture Trustee) be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Issuer and the Note Registrar duly executed, by the Noteholder or his attorney duly authorized in writing.

(f) Unless otherwise provided in the Note to be transferred or exchanged, no service charge will be made on any Noteholder for any transfer or exchange of Notes, but the Issuer may (unless otherwise provided in such Note) require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Notes before the transfer or exchange will be complete, other than exchanges pursuant to Section 4.04 or Section 11.05 not involving any transfer.

(g) None of the Issuer, the Note Registrar or the Indenture Trustee shall be required (i) to issue, register the transfer of or exchange any Notes of any Series, Class or Tranche during a period beginning at the opening of business 15 days before the day of selection of Notes of such Series, Class or Tranche to be redeemed and ending at the close of business on (A) if Notes of such Series, Class or Tranche are issuable only as Registered Notes, the day of the mailing of the relevant notice of redemption of Registered Notes of such Series, Class or Tranche so selected for redemption or (B) if Notes of the Series, Class or Tranche are issuable as Bearer Notes, the day of the first publication of the relevant notice of redemption or, if Notes of the Series, Class or Tranche are also issuable as Registered Notes and there is no publication, the mailing of the relevant notice of redemption or (ii) to register the transfer or exchange of any Notes or portions thereof so selected for redemption.

(h) Notwithstanding anything herein to the contrary, the exchange of Bearer Notes into Registered Notes shall be subject to applicable laws and regulations in effect at the time of exchange; none of the Issuer, the Indenture Trustee or the Note Registrar shall exchange any Bearer Notes into Registered Notes if it has received an Opinion of Counsel that as a result of such exchanges the Issuer would suffer adverse consequences under the Canadian and United States federal income tax laws and regulations then in effect and the Issuer has delivered to the Indenture Trustee an Issuer Certificate directing the Indenture Trustee not to make such exchanges unless and until the Indenture Trustee receives a subsequent Issuer Certificate to the contrary. The Issuer shall deliver copies of such Issuer Certificates to the Note Registrar.

(i) None of the Issuer, the Indenture Trustee, any agent of the Indenture Trustee, any Paying Agent or the Note Registrar will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial

ownership of a Global Note or for maintaining, supervising or reviewing any records relating to such beneficial ownership.

(j) The Issuer initially appoints the Indenture Trustee to act as Note Registrar for the Registered Notes on its behalf. The Issuer may at any time and from time to time authorize any Person to act as Note Registrar in place of the Indenture Trustee with respect to any Series, Class or Tranche of Notes issued under this Indenture.

(k) Registration of transfer of Notes containing the following legend or to which the following legend is applicable:

THIS NOTE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT IN ACCORDANCE WITH THE TRUST INDENTURE AND THE INDENTURE SUPPLEMENT AND PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT.

will be effected only if such transfer is made pursuant to an effective registration statement under the U.S. Securities Act, or is exempt from the registration requirements under the U.S. Securities Act. In the event that registration of a transfer is to be made in reliance upon an exemption from the registration requirements under the U.S. Securities Act other than Rule 144A under the U.S. Securities Act or Rule 903 or Rule 904 of Regulation S under the U.S. Securities Act, the transferor or the transferee will deliver, at its expense, to the Issuer and the Indenture Trustee, an investment letter from the transferee, substantially in the form of the investment letter attached hereto as Exhibit 1 or such other form as the Issuer may determine, and no registration of transfer will be made until such letter is so delivered.

Notes issued upon registration or transfer of, or Notes issued in exchange for, Notes bearing the legend referred to above will also bear such legend and any other legends required by the Related Supplemental Indenture unless the Issuer, the Indenture Trustee and the Note Registrar receive an Opinion of Counsel, satisfactory to each of them, to the effect that such legend may be removed.

Whenever a Note containing the legend referred to above is presented to the Note Registrar for registration of transfer, the Note Registrar will promptly seek instructions from the Issuer regarding such transfer and will be entitled to receive an Issuer Certificate prior to registering any such transfer. The Issuer hereby agrees to indemnify the Note Registrar and the Indenture Trustee and to hold each of them harmless against any loss, liability or expense incurred without negligence or bad faith on their part arising out of or in connection with actions taken or omitted by

them in relation to any such instructions furnished pursuant to this clause. The Indenture Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture, the Related Supplemental Indenture, or under applicable law with respect to any transfer of any interest in any Note other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by the terms of, this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

(l) By acquiring a Note, each Noteholder that is a United States Person will be deemed to represent, warrant and covenant that either: (i) it is not acquiring the Note (or any interest therein) with the assets of a Benefit Plan or a governmental, church or non-U.S. plan that is subject to any federal, state, local or other non-U.S. law that is substantially similar to Section 406 of ERISA or Section 4975 of the Internal Revenue Code ("**Similar Law**"); or (ii) (A) the Note is rated at least "BBB-" or its equivalent by a nationally recognized statistical rating agency at the time of purchase or transfer, and (B) the acquisition, holding and disposition of the Note will not give rise to a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Internal Revenue Code or a violation of any Similar Law.

4.06 Mutilated, Destroyed, Lost and Stolen Notes

(a) If (i) any mutilated Note (together, in the case of Bearer Notes, with all unmatured coupons, if any, appertaining thereto) is surrendered to the Indenture Trustee or the Note Registrar, or the Issuer, the Note Registrar or the Indenture Trustee receive evidence to their satisfaction of the destruction, loss or theft of any Note, and (ii) there is delivered to the Issuer, the Note Registrar or the Indenture Trustee such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the Issuer, the Note Registrar or the Indenture Trustee that such Note has been acquired by a protected purchaser, the Issuer will execute and upon its request the Indenture Trustee will authenticate and deliver (in the case of Bearer Notes, outside the United States), in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Note, a new Note of like tenor, Series, Class or Tranche, Scheduled Final Payment Date, Legal Maturity Date and Stated Principal Amount, bearing a number not contemporaneously Outstanding.

(b) In case any such mutilated, destroyed, lost or stolen Note has become or is about to become due and payable, the Issuer in its discretion may, instead of issuing a new Note, pay such Note.

(c) Upon the issuance of any new Note under this Section 4.06, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Indenture Trustee) connected therewith.

(d) Every new Note issued pursuant to this Section 4.06 in lieu of any destroyed, lost or stolen Note will constitute an original additional contractual obligation of the Issuer, whether or not the destroyed, lost or stolen Note will be at any time enforceable by anyone, and will be entitled to all the benefits of this Indenture equally and proportionately with any and all other Notes of the same Series, Class or Tranche duly issued hereunder.

(e) The provisions of this Section 4.06 are exclusive and will preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes.

4.07 Persons Entitled to Payment

(a) Unless otherwise provided with respect to such Note pursuant to Section 4.01, interest payable on any Registered Note will be paid to the Person in whose name that Note (or one or more Predecessor Notes) is registered at the close of business on the most recent Record Date and interest payable on any Bearer Note will be paid to the bearer of that Note (or the applicable coupon).

(b) Subject to clause (a), each Note delivered under this Indenture upon transfer of or in exchange for or in lieu of any other Note will carry the rights to interest accrued or principal accreted and unpaid, and to accrue or accrete, which were carried by such other Note.

(c) Title to any Bearer Note, including any coupons appertaining thereto, shall pass by delivery. The Issuer, the Indenture Trustee, the Manager and any agent of the Issuer, the Indenture Trustee or the Manager may treat the Person who is proved to be the owner of such Note pursuant to subsection 1.04(c) as the owner of such Note for the purpose of receiving payment of principal of and (subject to this Section 4.07) interest on such Note and for all other purposes whatsoever, whether or not such Note be overdue, and none of the Issuer, the Indenture Trustee, the Manager or any agent of the Issuer, the Indenture Trustee or the Manager will be affected by notice to the contrary.

(d) Delivery of a Note to the Paying Agent by the holder of such Note shall, upon payment thereof, be a good discharge to the Issuer of all obligations evidenced by such Note. The Paying Agent shall not be bound to enquire into the title of any such Noteholder, save as ordered by a court of competent jurisdiction or as required by statute, nor shall it be bound to see to the execution of any trust affecting the ownership of any Note or be affected by notice of any equity that may be subsisting in respect thereof.

(e) In the case of the death of one or more joint registered owners, the principal money of and interest, if any, on a Note may be paid to the survivor or survivors of such registered Noteholders whose receipt thereof, accompanied by the delivery of such Note, shall constitute a valid discharge to the Issuer and the Paying Agent.

(f) Any payment of principal or interest on any Note which is due on a day other than a Business Day shall be payable on the next succeeding Business Day without adjustment for interest thereon and such payment shall be deemed to have been made with the same force and effect as if made on the due date.

(g) The right of any Noteholder to receive interest on or principal of any Note shall be subject to any applicable withholding or deduction imposed pursuant to the Income Tax Act or other applicable tax law, including foreign withholding and deduction. Any amounts properly so withheld or deducted shall be treated as actually paid to the appropriate Noteholder.

(h) Upon the Paying Agent's reasonable request therefor, the Issuer will (i) provide the Paying Agent with any information in its possession or (ii) assist the Paying Agent (to the extent necessary and it is commercially reasonable for the Issuer to do so) to obtain information, in each case, to the extent such information is required by the Paying Agent to comply with its tax reporting and withholding obligations under applicable law with respect to payments to be made to Specified Creditors pursuant to this Indenture and the other Program Agreements, unless the Issuer is prohibited from doing so by applicable law or an obligation of confidentiality by which the Issuer is bound.

4.08 Cancellation

All Notes surrendered for payment, redemption, transfer, conversion or exchange will, if surrendered to any Person other than the Indenture Trustee, be delivered to the Indenture Trustee and, if not already canceled, will be promptly canceled by it. The Issuer may at any time deliver to the Indenture Trustee for cancellation any Notes previously authenticated and delivered hereunder which the Issuer may have acquired in any manner whatsoever, and all Notes so delivered will be promptly canceled by the Indenture Trustee. No Note will be authenticated in lieu of or in exchange for any Notes canceled as provided in this Section 4.08, except as expressly permitted by this Indenture. The Indenture Trustee will dispose of all canceled Notes in accordance with its customary procedures and will deliver a certificate of such disposition to the Issuer.

4.09 Protection of Notes

(a) The Indenture Trustee shall hold in safekeeping the Notes which have not been issued (but which have been delivered to the Indenture Trustee by or on behalf of the Issuer) pending receipt of an Issuer Certificate. The Indenture Trustee shall acknowledge receipt of the Notes so delivered by signing and returning to the Issuer an acknowledgement of receipt of the Notes, such acknowledgement to be in a form satisfactory to the Issuer.

(b) The Indenture Trustee's responsibility for any Notes held in its custody hereunder shall be limited to using the same diligence in physically safeguarding such Notes as it does for its own securities. The Indenture Trustee shall account for the unissued Notes held in its custody whenever so required by the Issuer. If at any time the Indenture Trustee shall discover that any of such Notes have been lost, damaged,

destroyed, stolen or misappropriated, it shall promptly advise the Issuer thereof and identify, to the extent practicable, such Notes.

4.10 New Issuances of Notes

(a) There are no restrictions on the timing or amount of any additional issuance of Notes of an Outstanding Class or Tranche of a Series of Notes, so long as the conditions described in Article V are satisfied. As of the date of any additional issuance of Notes of an Outstanding Class or Tranche of Notes, the Stated Principal Amount and Outstanding Dollar Principal Amount of that Class or Tranche will be increased to reflect the principal amount of the additional Notes. If the additional Notes are a Class or Tranche of Notes that has the benefit of a Derivative Agreement, the Issuer will enter into a Derivative Agreement for the benefit of the additional Notes. In addition, if the additional Notes are a Class or Tranche of Notes that has the benefit of any Credit Enhancement Agreement or Liquidity Agreement, the Issuer will enter into a Credit Enhancement Agreement or Liquidity Agreement, as applicable, for the benefit of the additional Notes. Furthermore, the targeted deposits, if any, to any applicable Issuer Account, will be increased proportionately to reflect the principal amount of the additional Notes.

(b) When issued, the additional Notes of a Class or Tranche will be identical in all respects to the other Outstanding Notes of that Class or Tranche and will be equally and ratably entitled to the benefits of this Indenture and the Related Supplemental Indenture as the other Outstanding Notes of that Class or Tranche without preference, priority or distinction.

ARTICLE V
CONDITIONS PRECEDENT

5.01 Conditions Precedent for Incurrence of Indebtedness

On or prior to the date that the Issuer enters into a definitive agreement for the incurrence of Funding Obligations, the following conditions precedent shall be satisfied:[3]

(a) the Issuer delivers to the Indenture Trustee and each Rating Agency notice of the incurrence of such new Funding Obligation;

(b) the Issuer delivers to the Indenture Trustee and each Rating Agency an Issuer Certificate to the effect that:

(i) the Issuer reasonably believes that the incurrence of the new Funding Obligation will not cause an Adverse Effect;

(ii) all instruments furnished to the Indenture Trustee conform to the requirements of this Indenture and constitute sufficient authority hereunder for the Indenture Trustee to (i) in the case of a Note issuance only,

[3] OPG and Dealers to discuss need for condition precedent re minimum amount of subordinated debt.

authenticate and deliver such Notes, and (ii) in the case of all other Funding Obligations, execute and deliver the Related Funding Obligation Agreement(s) in accordance with Section 5.04;

(iii) in the case of a Note issuance only, the form and terms of such Notes have been established in conformity with the provisions of this Indenture;

(iv) the incurrence of such Funding Obligation is consistent in all material respects with the Financing Plan;

(v) after giving effect to the incurrence of such Funding Obligation, the estimated Finance Amount that would become due and payable during the applicable Reference Period is reasonably expected to align with the Fair Allocation Amount determined in respect of such Reference Period; and

(vi) such other matters as the Indenture Trustee may reasonably request;

(c) the representations and warranties set forth in Section 12.01 shall be true and correct in all material respects;

(d) the Rating Agency Condition shall have been satisfied with respect to the incurrence of such Funding Obligation;

(e) the Issuer delivers to the Indenture Trustee copies of the Related Funding Obligation Agreement(s), including in the case of Notes, a Supplemental Indenture, and if applicable, a Terms Document relating to the applicable Class or Tranche of Notes;

(f) each creditor for such Funding Obligation (or an authorized agent on their behalf) shall (i) have acknowledged and agreed in favour of the Indenture Trustee that it is a Specified Creditor hereunder and its entitlements as a Specified Creditor are subject to the provisions applicable to Specified Creditors under this Indenture including, without limitation, Section 7.06 (Payments Held in Trust), Section 8.12 (Limitation on Suits), Sections 7.04 and 8.13 (Payment Priorities), Section 8.15 (Limited Recourse) and Section 17.01 (No Petition), (ii) irrevocably authorize and direct the Indenture Trustee on its behalf to take such action (including the execution and delivery of documents of subordination) as may be necessary or appropriate to further assure the priority arrangements provided for in Article VI and Sections 7.04 and 8.13, (iii) appoint the Indenture Trustee as its agent for any and all such purposes, and (iv) provide the Indenture Trustee with its notice details;

(g) the conditions precedent, if any, specified in the applicable Funding Obligation Agreement shall be satisfied;

(h) in the case of a Note issuance only, the Indenture Trustee shall have received an Issuer Certificate for the certification and delivery of such Notes and specifying the particulars relating to such Notes;

(i) in the case of Bearer Notes issued to a United States Person that are "registration required obligations" as described in section 163(f)(2)(A) of the Internal Revenue Code only, such Notes shall be issued in registered form for U.S. federal income tax purposes or shall be issued in accordance with section 4701(b)(1)(B) of the Internal Revenue Code; and

(j) in the case of Foreign Currency Notes only, the Issuer shall have appointed one or more Paying Agents in the appropriate countries, if requested by the Indenture Trustee.

5.02 No Consent

The Issuer and the Indenture Trustee will not be required to provide prior notice to or obtain the consent of any Debtholder to incur any additional Funding Obligations.

5.03 Conditions Precedent for the Incurrence of other Obligations

On or prior to the date that the Issuer enters into any agreement that would give rise to Obligations Secured (other than Funding Obligations), the following conditions precedent shall be satisfied:

(a) the Issuer delivers to the Indenture Trustee a copy of the applicable agreement; and

(b) each counterparty to such agreement (or an authorized agent on their behalf) shall (i) have acknowledged and agreed in favour of the Indenture Trustee that it is a Specified Creditor hereunder and its entitlements as a Specified Creditor are subject to the provisions applicable to Specified Creditors under this Indenture including, without limitation, Section 7.06 (Payments Held in Trust), Section 8.12 (Limitation on Suits), Sections 7.04 and 8.13 (Payment Priorities), Section 8.15 (Limited Recourse) and Section 17.01 (No Petition), (ii) irrevocably authorize and direct the Indenture Trustee on its behalf to take such action (including the execution and delivery of documents of subordination) as may be necessary or appropriate to further assure the priority arrangements provided for in Article VI and Sections 7.04 and 8.13, (iii) appoint the Indenture Trustee as its agent for any and all such purposes, and (iv) provide the Indenture Trustee with its notice details.

5.04 Acknowledgements

Upon receipt of an Issuer Certificate directing it to do so (provided the conditions set forth in Sections 5.01 and 5.03 have been satisfied, as certified by the Issuer), the Indenture Trustee shall execute an acknowledgement on any Program Agreement or any evidence of indebtedness issued pursuant to a Program Agreement confirming that such Program Agreement or evidence of indebtedness is an Obligation Secured under this Indenture and the creditors listed in such Program Agreements are Specified Creditors for the purposes of this Indenture.

ARTICLE VI
SUBORDINATION

6.01 Subordination

The payment of the Associated Subordinated Funding Obligations of any Series shall be subordinate and rank junior, to the extent and in the manner set forth in this Article VI, Article VII and Article VIII, if applicable. The payment of the Associated Junior Subordinated Funding Obligations of any Series shall be subordinate and rank junior, to the extent and in the manner set forth in this Article VI, Article VII and Article VIII, if applicable. Subject to the provisions of the Related Funding Obligation Agreement, (i) prior to the acceleration of the Funding Obligations pursuant to Section 8.02, payment in respect of the Associated Subordinated Funding Obligations and the Associated Junior Subordinated Funding Obligations shall be made as provided for in Section 7.04; and (ii) after the acceleration of the Funding Obligations pursuant to Section 8.02, payment on account of the Associated Subordinated Funding Obligations and the Associated Junior Subordinated Funding Obligations shall be made as provided for in Section 8.13.

6.02 Subrogation to Senior Funding Obligations

(a) Subject to the payment in full of the Senior Funding Obligations or the making of due provision for such payment, the Debtholders of Associated Subordinated Funding Obligations shall be subrogated to the rights of the Debtholders of Senior Funding Obligations to receive payments or distributions of assets of the Issuer, to the extent of the application thereto of moneys or other assets which would have been received by the Debtholders of Associated Subordinated Funding Obligations but for the provisions of this Article VI, until the principal of and interest on the Associated Subordinated Funding Obligations shall be paid in full.

(b) Subject to the payment in full of Associated Subordinated Funding Obligations and Senior Funding Obligations or the making of due provision for such payment, the Debtholders of Associated Junior Subordinated Funding Obligations shall be subrogated to the rights of the Debtholders of Associated Subordinated Funding Obligations and Senior Funding Obligations to receive payments or distributions of assets of the Issuer, to the extent of the application thereto of moneys or other assets which would have been received by the Debtholders of Associated Junior Subordinated Funding Obligations but for the provisions of this Article VI, until the principal of and interest on the Associated Junior Subordinated Funding Obligations shall be paid in full.

6.03 Rights of Specified Creditors Preserved

The provisions of this Article VI are and are intended solely for the purpose of defining the relative rights of the Debtholders of the Senior Funding Obligations and the Associated Subordinated Funding Obligations and Associated Junior Subordinated Funding Obligations, as applicable. Nothing in this Article VI is intended to or shall impair the obligation of the Issuer, subject to the rights of the Debtholders of the Senior Funding Obligations, to pay the Associated Subordinated Funding Obligations and Associated Junior Subordinated Funding Obligations as

and when the same shall become due and payable in accordance herewith, or affect the relative rights of the Debtholders of the Associated Subordinated Funding Obligations and Associated Junior Subordinated Funding Obligations, and creditors of the Issuer other than the Debtholders of such Senior Funding Obligations, nor shall anything in this Article VI prevent the Indenture Trustee or the Debtholders from exercising all remedies otherwise permitted by this Indenture, subject to the rights (if any) under this Article VI of the Debtholders of such Senior Funding Obligations and the Indenture Trustee on their behalf in respect of any payment or distribution of cash, property or securities of the Issuer received upon the exercise of any such remedy.

6.04 Renewal or Extension of Senior Funding Obligations

(a) Except as provided in the Related Funding Obligation Agreement, the Debtholders of Senior Funding Obligations of any particular Series may at any time in their discretion renew or extend the time of payment of such Senior Funding Obligations or exercise any other of their rights in respect thereof, including, without limitation, the waiver of an Event of Default thereunder, all without notice to or assent from the Debtholders of the Associated Subordinated Funding Obligations or Associated Junior Subordinated Funding Obligations, or the Indenture Trustee.

(b) No compromise, alteration, amendment, modification, extension, renewal or other change of, or waiver, consent or other action in respect of, any liability or obligation under or in respect of any Senior Funding Obligations or of any of the terms, covenants or conditions of any Related Funding Obligation Agreement under which any Senior Funding Obligations shall have been issued, shall in any way alter or affect any of the provisions of this Article VI.

ARTICLE VII
ISSUER ACCOUNTS AND INVESTMENTS; ORDINARY COURSE ALLOCATIONS

7.01 Available Collections

Except as otherwise expressly provided in this Indenture, the Indenture Trustee may demand payment or delivery of, and shall receive and collect, directly and without intervention or assistance from any fiscal agent or other intermediary, all money and other property payable to or receivable by the Indenture Trustee pursuant to this Indenture including, without limitation, all funds and other property payable to the Indenture Trustee in connection with the Collateral. The Indenture Trustee will hold all such money and property received by it as part of the Collateral and will apply it, or cause it to be applied, as provided in this Indenture and any applicable Program Agreement.

7.02 Issuer Accounts; Distributions from Issuer Accounts

(a) On or before the date hereof, the Issuer shall cause to be established and maintained an Eligible Deposit Account (the "**Collection Account**") in the name of the Indenture Trustee, bearing a designation clearly indicating that the funds and other property credited thereto are held for the benefit of the Indenture Trustee and the Specified Creditors. All Available Collections received shall be credited to the Collection Account. The Collection Account shall be under the control of the

Indenture Trustee for the benefit of the Indenture Trustee and the Specified Creditors. If, at any time, the institution holding the Collection Account ceases to be an Eligible Institution, the Manager shall notify the Indenture Trustee, and the Indenture Trustee upon being notified in writing of such ineligibility (or the Manager on its behalf) shall within 30 calendar days (or such longer period, not to exceed 45 calendar days, so long as the Rating Agency Condition is satisfied) establish a new Collection Account that is an Eligible Deposit Account and shall transfer any funds or other property from such Collection Account to such new Collection Account. From the date each such new Collection Account is established, it shall be the "Collection Account".

(b) From time to time in connection with the creation of any Series of Funding Obligations, the Issuer may cause to be established and maintained an Eligible Deposit Account (a "**Capital Reserve Account**") in the name of the Indenture Trustee, bearing a designation clearly indicating that the funds and other property credited thereto are held for the benefit of the Indenture Trustee and the applicable Specified Creditors. Payments of Available Collections out of the Collection Account not otherwise required to be paid to Specified Creditors at such time shall be credited to a Capital Reserve Account in accordance with the terms of any applicable Funding Obligation Agreement and Section 7.04 or 8.13, as applicable. Each Capital Reserve Account shall be under the control of the Indenture Trustee for the benefit of the Indenture Trustee and the applicable Specified Creditors. If, at any time, the institution holding a Capital Reserve Account ceases to be an Eligible Institution, the Manager shall notify the Indenture Trustee, and the Indenture Trustee upon being notified in writing of such ineligibility (or the Manager on its behalf) shall within 30 calendar days (or such longer period, not to exceed 45 calendar days, so long as the Rating Agency Condition is satisfied) establish a new Capital Reserve Account that is an Eligible Deposit Account and shall transfer any funds or other property to such new Capital Reserve Account. From the date each such new Capital Reserve Account is established, it shall be a "Capital Reserve Account".

(c) From time to time in connection with the creation of any Series of Funding Obligations, the Issuer may cause to be established and maintained an Eligible Deposit Account (a "**Finance Reserve Account**") in the name of the Indenture Trustee, bearing a designation clearly indicating that the funds and other property credited thereto are held for the benefit of the Indenture Trustee and the applicable Specified Creditors. Payments of Available Collections out of the Collection Account not otherwise required to be paid to Specified Creditors or a Capital Reserve Account at such time shall be credited to a Finance Reserve Account in accordance with the terms of any applicable Funding Obligation Agreement and Section 7.04 or 8.13, as applicable. Each Finance Reserve Account shall be under the control of the Indenture Trustee for the benefit of the Indenture Trustee and the applicable Specified Creditors. If, at any time, the institution holding a Finance Reserve Account ceases to be an Eligible Institution, the Manager shall notify the Indenture Trustee, and the Indenture Trustee upon being notified in writing of such ineligibility (or the Manager on its behalf) shall within 30 calendar days (or such

longer period, not to exceed 45 calendar days, so long as the Rating Agency Condition is satisfied) establish a new Finance Reserve Account that is an Eligible Deposit Account and shall transfer any funds or other property to such new Finance Reserve Account. From the date each such new Finance Reserve Account is established, it shall be a "Finance Reserve Account".

(d) From time to time in connection with the creation of any Series of Funding Obligations, the Issuer may cause the Indenture Trustee to establish one or more Eligible Deposit Accounts denominated as "**Supplemental Reserve Accounts**" in the name of the Indenture Trustee, bearing a designation clearly indicating that the funds and other property credited thereto are held for the benefit of the Indenture Trustee and the applicable Specified Creditors. Payments of Available Collections out of the Collection Account not otherwise required to be paid to Specified Creditors, a Capital Reserve Account or a Finance Reserve Account at such time shall be credited to a Supplemental Reserve Account in accordance with the terms of the any applicable Funding Obligation Agreement and Section 7.04 or 8.13, as applicable. Each Supplemental Reserve Account shall be under the control of the Indenture Trustee for the benefit of the Indenture Trustee and the applicable Specified Creditors. If, at any time, the institution holding a Supplemental Reserve Account ceases to be an Eligible Institution, the Manager shall notify the Indenture Trustee, and the Indenture Trustee upon being notified in writing of such ineligibility (or the Manager on its behalf) shall within 30 calendar days (or such longer period, not to exceed 45 calendar days, so long as the Rating Agency Condition is satisfied) establish a new Supplemental Reserve Account, as applicable, that is an Eligible Deposit Account and shall transfer any funds or other property from such Supplemental Reserve Account to such new Supplemental Reserve Account. From the date each such new Supplemental Reserve Account is established, it shall be a "Supplemental Reserve Account".

(e) All payments to be made from time to time by or on behalf of the Issuer to Specified Creditors out of funds in the Issuer Accounts pursuant to the Program Agreements will be made by the Paying Agent in each case not later than 1:00 p.m., Toronto time, on the applicable Payment Date or earlier, if necessary, or as otherwise provided in the applicable Program Agreement but only to the extent of available funds in the applicable Issuer Accounts or Sub-Accounts.

7.03 <u>Investment of Funds in the Issuer Accounts</u>

(a) Funds credited to the Issuer Accounts will (unless otherwise stated in this Indenture or any applicable Funding Obligation Agreement) be invested and reinvested by the Indenture Trustee at the written direction of the Manager in one or more Eligible Investments. The Manager may appoint as its agent under a separate agreement a registered investment advisor and authorize such agent to give instructions on behalf of the Manager to the Indenture Trustee for funds to be invested and reinvested in one or more Eligible Investments. The Manager shall provide the Indenture Trustee with a written direction certifying any such appointment. The Indenture Trustee shall be entitled to conclusively rely on, and shall be protected in

acting upon, instructions received from such agent on behalf of the Manager. The Manager (or its agent appointed pursuant to the preceding sentence) may authorize the Indenture Trustee to make specific investments pursuant to written instructions, in such amounts as the Manager will specify. Notwithstanding the foregoing, funds held by the Indenture Trustee in any of the Issuer Accounts will be invested in Eligible Investments that will mature so that a sufficient amount of such funds shall be available to the extent required to pay all Obligations Secured that are payable on the following Payment Date.

(b) All funds from time to time credited to the Issuer Accounts pursuant to this Indenture and the Funding Obligation Agreements, and all investments made with such funds, if any, will be held by the Indenture Trustee in the Issuer Accounts as part of the Collateral as herein provided, subject to withdrawal by the Paying Agent or the Indenture Trustee for the purposes specified herein.

(c) Funds and other property in any of the Issuer Accounts will not be commingled with any other funds or property of the Issuer or the Indenture Trustee.

(d) Subject to Section 8.13, on the applicable Payment Date, all interest and earnings (net of losses and investment expenses), if any, on funds credited to the Issuer Accounts will be applied as specified in Sections 7.04 and 7.05. Unless otherwise stated in any applicable Funding Obligation Agreement, for purposes of determining the availability of funds or the balance in the Issuer Accounts for any reason under this Indenture or any Funding Obligation Agreement, investment earnings on such funds, if any, shall be deemed not to be available or on deposit.

(e) Subject to subsection 9.01(d), neither the Indenture Trustee nor the Manager will in any way be held liable by reason of any insufficiency in such Issuer Accounts resulting from any loss on any Eligible Investment included therein.

(f) Funds credited to the Issuer Accounts will be invested and reinvested by the Indenture Trustee as provided in the written direction of the Manager; provided, however, that such funds shall remain uninvested upon the occurrence of any of the following events:

(i) the Manager (or its agent appointed pursuant to paragraph (a) above) shall have failed to give investment directions to the Indenture Trustee; or

(ii) an Event of Default shall have occurred and is continuing but no Notes have been declared due and payable pursuant to Section 8.02.

7.04 Allocation of Amounts on Deposit in the Collection Account

(a) All Senior Funding Obligations of each Series, Class or Tranche will in all respects be equally and ratably entitled to the benefits hereof with respect to such Series, Class or Tranche without preference, priority or distinction on account of (i) the actual time of the incurrence, (ii) the Scheduled Final Payment Date, or (iii) the Legal Maturity Date of the Senior Funding Obligations of such Series, Class or

Tranche, except as specified in the Related Funding Obligation Agreement. All Associated Subordinated Funding Obligations of each Series, Class or Tranche will in all respects be equally and ratably entitled to the benefits hereof with respect to such Series, Class or Tranche without preference, priority or distinction on account of (i) the actual time of the incurrence, (ii) the Scheduled Final Payment Date, or (iii) the Legal Maturity Date of the Associated Subordinated Funding Obligations of such Series, Class or Tranche, except as specified in the Related Funding Obligation Agreement. All Associated Junior Subordinated Funding Obligations of each Series, Class or Tranche under this Indenture will in all respects be equally and ratably entitled to the benefits hereof with respect to such Series, Class or Tranche without preference, priority or distinction on account of (i) the actual time of the incurrence, (ii) the Scheduled Final Payment Date, or (iii) the Legal Maturity Date of the Associated Junior Subordinated Funding Obligations of such Series, Class or Tranche, except as specified in the Related Funding Obligation Agreement.

(b) On each Payment Date, Available Collections credited to the Collection Account since the previous Payment Date will be distributed in accordance with Section 7.04(e).

(c) If any amount below is payable on a date other than a Payment Date, prior to such payment being made, an amount will be reserved in the Collection Account equal to the amount estimated by the Manager in its commercially reasonable judgment, based upon amounts then known and/or reasonably expected to be or become payable on or before the next Payment Date, in respect of the aggregate amount of items *pari passu* or more senior in priority than such obligation, calculated on a *pro forma* basis, and if, due to such reservation of funds, there are insufficient funds available in the Collection Account to make such payment, such payment will be made only on the following Payment Date (and then only if funds are available pursuant to this Section 7.04).

(d) In the event of non-payment on any Payment Date of any amounts referred to in subsection 7.04(e), such amounts shall remain due and shall be payable on each subsequent Payment Date in the order of priority provided for in subsection 7.04(e), subject to Section 8.13.

(e) Subject to Section 8.13, on each Payment Date, any amount standing to the credit of the Collection Account will be distributed by the Paying Agent in the order of priority specified below, based upon the Payment Instructions received from the Manager in respect of such Payment Date, *pro rata* in proportion to the claims represented by each subclause except as otherwise specifically provided below:

(i) First, to (A) the payment of the allocated amount of all taxes exigible for which a Governmental Authority is given priority over the Specified Creditors under the laws of Canada or any province or territory thereof; and then to (B) the Indenture Trustee, the Issuer Trustee and the Administrative Agent in respect of the allocated amount of fees, expenses and reimbursements (including, solely in the case of the Administrative Agent,

any indemnified claims under the terms of the Administrative Services Agreement (but excluding tax indemnities) in respect of the allocated amount of any indemnity) owing, up to a maximum aggregate amount (after taking into account any amounts previously paid in respect of such fees, expenses, reimbursements and indemnified claims under this subsection 7.04(e)(i) or subsection 8.13(a) and without duplication of amounts distributed for such purpose under this subsection 7.04(e)(i) or subsection 8.13(a)) of **[■ percent (■%)]** of the Outstanding Dollar Principal Amount of all Funding Obligations at such time;

(ii) Second, *pari passu*, (A) to Debtholders, on a *pro rata* basis, in respect of all interest accrued and unpaid, if any, and fees and other amounts (other than principal) due and payable on the Senior Funding Obligations, and (B) to Derivative Counterparties, on a *pro rata* basis, all amounts payable other than Termination Payments;

(iii) Third, *pari passu*, (A) to Debtholders, on a *pro rata* basis, in respect of the aggregate outstanding principal amount of the Senior Funding Obligations, only to the extent required to satisfy any payment of principal or requirement to accumulate amounts in a Capital Reserve Account in accordance with the terms of any Related Funding Obligation Agreement, and (B) to Derivative Counterparties, on a *pro rata* basis, any Termination Payment where the Derivative Counterparty is not the Defaulting Party or the sole Affected Party;

(iv) Fourth, to transfer such amounts as is sufficient to replenish, on a *pro rata* basis, any other Issuer Account as required by any Related Funding Obligation Agreement, other than Issuer Accounts related solely to Associated Subordinated Funding Obligations or Associated Junior Subordinated Funding Obligations;

(v) Fifth, to the Manager in respect of all fees, expenses, reimbursement and indemnity amounts owing;

(vi) Sixth, to the payment of all taxes eligible and not previously paid pursuant to clause (i);

(vii) Seventh, to (A) the Indenture Trustee, the Issuer Trustee and the Administrative Agent, in each case, in respect of the allocated amount of any fees, expenses, reimbursements and indemnity amounts owing and not previously paid pursuant to clause (i); and then (B) other service providers, in each case, in respect of the allocated amount of any fees, expenses, reimbursement and indemnity amounts owing; including for each referenced party in subclauses (A) and (B), any amounts payable to their respective Affiliates under the terms of any relevant indemnity, with funds being distributed *pro rata* in proportion to the claims represented by each of subclauses (A) and (B), respectively;

(viii) Eighth, to Debtholders, on a *pro rata* basis, in respect of all interest accrued and unpaid, if any, and fees and other amounts (other than principal) due and payable on the Associated Subordinated Funding Obligations;

(ix) Ninth, to Debtholders, on a *pro rata* basis, in respect of the aggregate outstanding principal amount of the Associated Subordinated Funding Obligations, only to the extent required to satisfy any payment of principal or requirement to accumulate amounts in a Capital Reserve Account in accordance with the terms of any Related Funding Obligation Agreement;

(x) Tenth, to transfer such amounts as is sufficient to replenish, on a *pro rata* basis, any Issuer Account related solely to Associated Subordinated Funding Obligations as required by any Related Funding Obligation Agreement;

(xi) Eleventh, to Debtholders, on a *pro rata* basis, in respect of all interest accrued and unpaid, if any, and fees and other amounts (other than principal) due and payable on the Associated Junior Subordinated Funding Obligations;

(xii) Twelfth, to Debtholders, on a *pro rata* basis, in respect of the aggregate outstanding principal amount of the Associated Junior Subordinated Funding Obligations, only to the extent required to satisfy any payment of principal or requirement to accumulate amounts in a Capital Reserve Account in accordance with the terms of any Related Funding Obligation Agreement;

(xiii) Thirteenth, to transfer such amounts as is sufficient to replenish, on a *pro rata* basis, any Issuer Account related solely to Associated Junior Subordinated Funding Obligations as required by any Related Funding Obligation Agreement;

(xiv) Fourteenth, to each Derivative Counterparty, on a *pro rata* basis, any Termination Payment where the Derivative Counterparty is the Defaulting Party or the sole Affected Party;

(xv) Fifteenth, to the Issuer Trustee for the account of the beneficiary, such amount as is required pursuant to the Declaration of Trust, provided that such amount shall at no time be less than $100; and

(xvi) Sixteenth, any amounts remaining: (i) to be held in the Collection Account for distribution in the above order of priority on the succeeding Payment Date (or for distribution prior thereto as permitted or required pursuant to this Indenture); or (ii) after the final Funding Obligation has been paid in full and discharged, and all of the other foregoing amounts are paid in full, together with all amounts due to the Indenture Trustee under Section 9.05 or otherwise, to the Issuer or as the Issuer designates.

7.05 Allocation of Amounts on Deposit in the Other Issuer Accounts

(a) Subject to clause (b) below, if, after giving effect to payments made on any Payment Date, the amount in the Collection Account is insufficient to satisfy all amounts required to be paid to Specified Creditors on such date: (i) amounts on deposit in any Issuer Account, other than Issuer Accounts related solely to Associated Subordinated Funding Obligations or Associated Junior Subordinated Funding Obligations, may be withdrawn from such Issuer Account and allocated only to those Specified Creditors required to be paid pursuant to and in accordance with subsection 7.04(e)(i) through (iii); (ii) amounts on deposit in any Issuer Account related solely to Associated Junior Subordinated Funding Obligations may be withdrawn from such Issuer Account and allocated only to those Specified Creditors required to be paid pursuant to and in accordance with subsection 7.04(e)(i) through (ix); and (iii) amounts on deposit in any Issuer Account related solely to Associated Subordinated Funding Obligations may be withdrawn from such Issuer Account and allocated only to those Specified Creditors required to be paid pursuant to and in accordance with subsection 7.04(e)(i) through (xii).

(b) Notwithstanding anything to the contrary contained herein but subject to Section 8.13, amounts on deposit in an Issuer Account established solely for the benefit of one or more Series, Classes or Tranches of Funding Obligations may only be withdrawn from such Issuer Account for the purpose for which such Issuer Account was established and allocated only to those Specified Creditors for whom such Issuer Account was established.

7.06 Payments to be Held in Trust

If, notwithstanding Sections 7.04 and 8.13, any payment on Obligations Secured shall be received at any time by any Specified Creditor, other than in accordance with this Indenture, then the funds received in respect of such payment shall be held by such Specified Creditor in trust for the Issuer and the other Specified Creditors and such Specified Creditor shall forthwith remit to the Indenture Trustee such funds.

7.07 Application of Trust Money

All money and obligations deposited with the Indenture Trustee pursuant to Section 7.01 or Section 7.03 and all money received by the Indenture Trustee in respect of such obligations will be held in trust and applied by it, in accordance with the provisions of the Program Agreements in respect of which it was deposited and this Indenture, to the payment, either directly or through any Paying Agent (including the Issuer acting as its own Paying Agent) as the Indenture Trustee, at the direction of the Manager, may determine, to the Persons entitled thereto, of the principal, interest, fees and other amounts for whose payment that money and obligations have been deposited with or received by the Indenture Trustee. Money held by the Indenture Trustee in trust hereunder need not be segregated from other funds except to the extent required by this Indenture or by applicable law. The Indenture Trustee will be under no liability for interest on any money received by it hereunder except as otherwise agreed with the Issuer.

ARTICLE VIII
EVENTS OF DEFAULT AND REMEDIES[4]

8.01 Events of Default

"**Event of Default**," wherever used herein, means with respect to any Series of Funding Obligations any one of the following events (whatever the reason for such Event of Default and whether it will be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any Governmental Authority), unless such event is either expressly stated to be inapplicable to a particular Series of Funding Obligations or specifically deleted or modified in the Related Funding Obligation Agreement:

(a) with respect to such Series of Funding Obligations, a default by the Issuer in the payment of any interest on such Funding Obligations when such interest becomes due and payable, and continuance of such default for a period of **[65]** days following the date on which such interest became due and payable;

(b) with respect to such Series of Funding Obligations, a default by the Issuer in the payment of principal of such Series of Funding Obligations at the applicable Legal Maturity Date;

(c) any representation or warranty contained in Section 12.01 proves to be incorrect in any material respect when made and such incorrect representation or warranty if capable of being remedied by the Issuer, has not been remedied for a period of 90 days after notice thereof has been given, by registered or certified mail, to the Issuer by the Indenture Trustee or to the Issuer and the Indenture Trustee by Debtholders holding at least **[25%]** of the Outstanding Dollar Principal Amount of the affected Series of Funding Obligations, a written notice specifying such default or breach and requesting it to be remedied and stating that such notice is a "Notice of Default" hereunder and, as a result of such default, the interests of the Debtholders of such Series are materially and adversely affected and continue to be materially and adversely affected during the 90-day period;

(d) a default in the performance, or breach, of any covenant of the Issuer in this Indenture in respect of the Funding Obligations of such Series (other than an agreement, covenant or warranty a default in the performance of which or the breach of which is elsewhere specifically dealt with in this Section 8.01), all of such covenants in this Indenture which are not expressly stated to be for the benefit of a particular Series of Funding Obligations being deemed to be in respect of the Funding Obligations of all Series for this purpose, and continuance of such default or breach for a period of 90 days after notice thereof has been given, by registered or certified mail, to the Issuer by the Indenture Trustee or to the Issuer and the Indenture Trustee by Debtholders holding at least **[25%]** of the Outstanding Dollar Principal Amount of the affected Series of Funding Obligations, a written notice

[4] Subject to further review and discussion.

specifying such default or breach and requesting it to be remedied and stating that such notice is a "Notice of Default" hereunder and, as a result of such default, the interests of the Debtholders of such Series are materially and adversely affected and continue to be materially and adversely affected during the 90-day period;

(e) an Insolvency Event in respect of the Issuer;

(f) a default by the Issuer in the observance or performance of any term, covenant or agreement contained in any Funding Obligation Agreement by which it is bound as a result of which the holders of such Funding Obligations cause or are entitled to cause acceleration of the maturity thereof;

(g) the Provincial Protection and Assurances Agreement ceases to be in full force and effect against the Province and if the Province does not, within **[90]** days of receipt of notice of such agreement not being in full force and effect, cause such agreement to be in full force and effect or replace such agreement with a new agreement that is in form and substance satisfactory to Debtholders, acting reasonably, pursuant to an Ordinary Resolution;

(h) the validity of the Provincial Protection and Assurances Agreement or the applicability thereof to the Province or to the Funding Obligations or any other obligations purported to be secured thereby or any material part thereof shall be disaffirmed in writing by or on behalf of the Province; or

(i) with respect to such Series of Funding Obligations, any additional event of default specified in a Related Funding Obligation Agreement.

8.02 Acceleration of Maturity; Rescission and Annulment[5]

(a) If an Event of Default described in clause (a), (b), (c), (d), (f) or (g) (if the Event of Default under clause (c) or (d) is with respect to less than all Series of Funding Obligations) of Section 8.01 occurs and is continuing with respect to any Series, then and in each and every such case, unless the principal of all the Funding Obligations of such Series shall have already become due and payable, either the Indenture Trustee or Debtholders holding not less than 50% of the Outstanding Dollar Principal Amount of the Funding Obligations of such Series (each such Series acting as a separate Class), by notice in writing to the Issuer (and to the Indenture Trustee if given by the Debtholders), may declare the Outstanding Dollar Principal Amount of all Funding Obligations of such Series and all interest accrued or principal accreted and unpaid (if any) thereon to be due and payable immediately, and upon any such declaration the same will become and will be immediately due and payable, notwithstanding anything in this Indenture or any Funding Obligation Agreement to the contrary.

[5] To discuss if any additional delay is required between the occurrence of an Event of Default and the right to accelerate.

(b) If an Event of Default described in clause (c) or (d) of Section 8.01 occurs with respect to all Series of Funding Obligations and is continuing or an Event of Default described in clause (g) or (h) occurs and is continuing, then and in each and every such case, unless the principal of all the Funding Obligations shall have already become due and payable, either the Indenture Trustee or Debtholders holding not less than 50% of the Outstanding Dollar Principal Amount of all Funding Obligations (treated as one Class), by notice in writing to the Issuer (and to the Indenture Trustee if given by Debtholders), may declare the Outstanding Dollar Principal Amount of all the Funding Obligations and all interest accrued or principal accreted and unpaid (if any) thereon to be due and payable immediately, and upon any such declaration the same will become and will be immediately due and payable, notwithstanding anything in this Indenture or any Funding Obligation Agreement to the contrary.

(c) If an Event of Default described in clause (e) of Section 8.01 occurs and is continuing, then all Series of Funding Obligations will automatically be and become immediately due and payable by the Issuer, without notice or demand to any Person, and the Issuer will automatically and immediately be obligated to pay off the Funding Obligations.

(d) At any time after such a declaration of acceleration has been made or an automatic acceleration has occurred with respect to the Funding Obligations of any Series and before a judgment or decree for payment of the money due has been obtained by the Indenture Trustee as hereinafter provided in this Article VIII, Debtholders may, by Extraordinary Resolution, rescind and annul such declaration and its consequences if:

(i) the Issuer has paid or deposited with the Indenture Trustee a sum sufficient to pay (A) all overdue installments of interest on the Funding Obligations of such Series, (B) the principal of any Funding Obligations of such Series which have become due otherwise than by such declaration of acceleration, and interest thereon at the rate or rates prescribed therefor by the terms of the Funding Obligations of such Series, to the extent that payment of such interest is lawful, (C) interest upon overdue installments of interest at the rate or rates prescribed therefor by the terms of the Funding Obligations of such Series, to the extent that payment of such interest is lawful, and (D) all sums paid by the Indenture Trustee hereunder and the reasonable compensation, expenses and disbursements of the Indenture Trustee, its agents and counsel and all other amounts due to the Indenture Trustee under Section 9.05; and

(ii) all Events of Default with respect to such Series of Funding Obligations, other than the nonpayment of the principal of the Funding Obligations of such Series which has become due solely by such acceleration, have been cured or waived as provided in Section 8.03.

(e) If, at any time, any Event of Default capable of being remedied has been remedied by the Issuer to the satisfaction of the Indenture Trustee: (i) the Security Interest will no longer be or be deemed to be enforceable by reason of such Event of Default; (ii) any rights which had become vested in the Indenture Trustee by virtue thereof will be and be deemed to be cancelled as fully and to the same extent as though no such Event of Default had occurred; and (iii) the Indenture Trustee will, or will instruct any receiver appointed pursuant to this Indenture to restore to the Issuer any Collateral in the possession of the Indenture Trustee or receiver, as the case may be.

(f) No such rescission will affect any subsequent default or impair any right consequent thereon.

8.03 Waiver of Past Defaults

Debtholders may, by Extraordinary Resolution, waive any past default hereunder or under the Related Funding Obligation Agreement with respect to such Series, and its consequences, except a default not theretofore cured in the payment of the principal of or interest on any Funding Obligation of such Series.

Upon any such waiver, such default will cease to exist, and any Event of Default arising therefrom will be deemed to have been cured, for every purpose of this Indenture; but no such waiver will extend to any subsequent or other default or impair any right consequent thereon.

8.04 Notice of Defaults

(a) Within 90 days after the occurrence of any Event of Default of which the Indenture Trustee has received written notice:

(i) the Indenture Trustee will transmit by mail to all Registered Noteholders of such Series, Class or Tranche, as their names and addresses appear in the Note Register, notice of such default;

(ii) the Indenture Trustee will notify all Noteholders of Bearer Notes of such Series, Class or Tranche, by publication of notice of such default in an Authorized Newspaper, or as otherwise provided in the Related Supplemental Indenture;

(iii) the Indenture Trustee will give prompt written notification thereof to the other Specified Creditors; and

(iv) the Indenture Trustee will give prompt written notification thereof to the Rating Agencies, unless such default will have been cured or waived;

provided, however, that, except in the case of a default in the payment of the principal of or interest on any Funding Obligations of any Series, Class or Tranche, the Indenture Trustee will be protected in withholding such notice if and so long as a Responsible Officer of the Indenture Trustee in good faith determines that the

withholding of such notice is in the interests of the Debtholders of such Series, Class or Tranche and the other Specified Creditors.

(b) When such notice of an occurrence of an Event of Default has been given and the Event of Default is thereafter cured, notice that the Event of Default is no longer continuing shall be given by the Indenture Trustee to Persons to whom notice was sent pursuant to Section 8.04(a) within a reasonable time, but not exceeding 30 days in any event, after the Indenture Trustee receives notice from the applicable Debtholders that the Event of Default has been cured.

8.05 Remedies Generally

Subject to subsections 8.02(d) and (e), and Section 8.03, if, with respect to any Funding Obligation, such Funding Obligation has become due and payable pursuant to Section 8.02 and the Issuer has failed to pay such Funding Obligation, the Indenture Trustee (subject, however, to compliance with the provisions of Section 9.02(d) with respect to the giving of indemnity and funds) may proceed to realize upon the Security Interest and to enforce the rights of the Indenture Trustee and of the Specified Creditors to whom Obligations Secured are owed by (i) application to any court of competent jurisdiction for an order of sequestration and payment of amounts in respect of clean energy adjustments, collections or remittances in accordance with the Act, (ii) possession of the Collateral, (iii) appointment of a receiver with respect to the Collateral, (iv) proceedings in any court of competent jurisdiction for the appointment of a receiver or for sale of the Collateral or any part thereof or for foreclosure, (v) subject to Section 10.02, exercise any of the rights of the Issuer under any of the Program Agreements, including the right to replace the Manager, the Administrative Agent or the Servicer in accordance with Section 8.10, or (vi) any other action, suit, remedy or proceeding authorized or permitted by this Indenture or by applicable law or by equity.

8.06 Collection of Indebtedness and Suits for Enforcement by Indenture Trustee

The Issuer covenants that if:

(a) the Issuer defaults in the payment of interest on any Series of Funding Obligations when such interest becomes due and payable and such default continues for a period of **[65]** days following the date on which such interest became due and payable, or

(b) the Issuer defaults in the payment of the principal amount of any Series of Funding Obligations on the Legal Maturity Date thereof;

the Issuer will, upon demand of the Indenture Trustee, pay (subject to the allocation provided in this Article VIII and any Related Funding Obligation Agreement) to the Indenture Trustee, for the benefit of the Debtholders of any such Funding Obligations of the affected Series, the whole amount then due and payable on any such Funding Obligations for principal and interest, with interest, to the extent that payment of such interest will be legally enforceable, upon the overdue principal and upon overdue installments of interest, (i) in the case of interest-bearing Funding Obligations, at the rate of interest applicable to the principal amount thereof, unless otherwise specified in the Related Funding Obligation Agreement; and (ii) in the case of Discount Notes, as specified in the Related Supplemental Indenture, and in addition thereto, will pay such further

amount as will be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Indenture Trustee, its agents and counsel and all other amounts due to the Indenture Trustee under Section 9.05.

If the Issuer fails to pay such amounts forthwith upon such demand, the Indenture Trustee may take immediate steps to enforce the Security Interest, including instituting, in its own name and as trustee of an express trust, a judicial proceeding seeking the appointment of a receiver or a judicial proceeding for the collection of the sums so due and unpaid, and may directly prosecute such proceeding to judgment or final decree, and the Indenture Trustee may enforce the same against the Issuer and collect the money adjudged or decreed to be payable in the manner provided by applicable law out of the Collateral, wherever situated.

8.07 Indenture Trustee May File Proofs of Claim

In case of the pendency of any receivership, insolvency, liquidation, bankruptcy or other similar proceeding relative to the Issuer or the property of the Issuer, the Indenture Trustee (irrespective of whether the principal of the Funding Obligations will then be due and payable as therein expressed or by declaration or otherwise) will be entitled and empowered by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of principal, interest, fees and other amounts owing and unpaid in respect of the Funding Obligations and to file such other papers or documents as may be necessary and advisable in order to have the claims of the Indenture Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Indenture Trustee, its agents and counsel and all other amounts due the Indenture Trustee under Section 9.05) and of the Specified Creditors allowed in such judicial proceeding, and

(b) to collect and receive any funds or other property payable or deliverable on any such claims and to distribute the same;

and any receiver, assignee, trustee, liquidator or other similar official in any such proceeding is hereby authorized by each Specified Creditor to make such payment to the Indenture Trustee, and in the event that the Indenture Trustee will consent to the making of such payments directly to the Specified Creditors, to pay to the Indenture Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Indenture Trustee, its agents and counsel, and any other amounts due the Indenture Trustee under Section 9.05.

Nothing herein contained will be deemed to authorize the Indenture Trustee to authorize or consent to or accept or adopt on behalf of any Specified Creditor any plan of reorganization, arrangement, adjustment or composition affecting the Funding Obligations or the rights of any Specified Creditors, or to authorize the Indenture Trustee to vote in respect of the claim of any Specified Creditor in any such proceeding.

8.08 Indenture Trustee May Enforce Claims Without Possession of Notes

All rights of action and claims under this Indenture or the Notes of any Series, Class or Tranche may be prosecuted and enforced by the Indenture Trustee without the possession of any of the Notes of such Series, Class or Tranche or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Indenture Trustee will be brought in its own name as trustee of an express trust.

8.09 Indenture Trustee May Elect to Hold the Collateral

Following an acceleration of any Series of Funding Obligations, the Indenture Trustee may elect to continue to hold the Collateral and apply distributions on the Collateral in accordance with the distribution provisions of Section 8.13.

8.10 Termination by Indenture Trustee of Manager, Administrative Agent and Servicer

Upon the occurrence and during the continuance of an Event of Default, the Indenture Trustee shall have the right to (and, upon receipt of an Extraordinary Resolution to that effect, shall) terminate the appointment of the then existing Manager under the Management Agreement, the then existing Administrative Agent under the Administrative Services Agreement and/or the Servicer under the Master Transfer and Servicing Agreement, and appoint new Persons under such agreements in accordance with such direction, provided that the Issuer shall have the right to reinstate any appointee under such agreements at such time as the Event of Default is no longer continuing.

8.11 Control by Debtholders of Funding Obligations

Subject to Section 10.02(b), Debtholders of any affected Series of Funding Obligations will, by Ordinary Resolution, have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Indenture Trustee, or exercising any trust or power conferred on the Indenture Trustee with respect to the Funding Obligations of such Series, provided that:

(a) the Indenture Trustee will have the right to decline to follow any such direction if the Indenture Trustee, being advised by counsel, determines that the action so directed may not lawfully be taken or would conflict with this Indenture or if the Indenture Trustee in good faith determines that the proceedings so directed would involve it in personal liability or be unjustly prejudicial to the Debtholders not taking part in such direction; and

(b) the Indenture Trustee may take any other action permitted hereunder deemed proper by the Indenture Trustee which is not inconsistent with such direction.

8.12 Limitation on Suits

To the fullest extent permitted by applicable law, no Specified Creditor will have any right to institute any proceeding, judicial or otherwise, with respect to this Indenture, or for the appointment of a receiver or trustee or similar official, or for any other remedy hereunder, unless:

(a) the Issuer or a Debtholder has previously given written notice to the Indenture Trustee of a continuing Event of Default with respect to the Funding Obligations;

(b) the Debtholders, by way of Extraordinary Resolution, have made written request to the Indenture Trustee to institute proceedings in respect of such Event of Default in the name of the Indenture Trustee hereunder;

(c) such Debtholder(s) have offered to the Indenture Trustee (when so requested by the Indenture Trustee) indemnity reasonably satisfactory to it against the costs, expenses and liabilities to be incurred in compliance with such request; and

(d) the Indenture Trustee, for 60 days after the Indenture Trustee has received such notice, request and offer of indemnity has failed to institute any such proceeding;

it being understood and intended that no one or more Specified Creditors will have any right in any manner whatsoever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other Specified Creditor, or to obtain or to seek to obtain priority or preference over any other Specified Creditor or to enforce any right under this Indenture, except in the manner herein provided and for the benefit of all the Specified Creditors.

8.13 Application of Money Following an Event of Default

Upon the occurrence and during the continuance of an Event of Default, any money or other property standing in each Issuer Account (except as set out in the following paragraph) or otherwise received by the Indenture Trustee pursuant to this Article VIII will be applied in the order of priority specified in this Section 8.13, *pro rata* in proportion to the claims represented by each subclause, except as otherwise specifically provided below:

(a) First, to (A) the payment of the allocated amount of all taxes exigible for which a Governmental Authority is given priority over the Specified Creditors under the laws of Canada or any province or territory thereof; and then to (B) the Indenture Trustee, the Issuer Trustee and the Administrative Agent in respect of the allocated amount of fees, expenses and reimbursements (including, solely in the case of the Administrative Agent, any indemnified claims under the terms of the Administrative Services Agreement (but excluding tax indemnities) in respect of the allocated amount of any indemnity) amounts owing, up to a maximum aggregate amount (after taking into account any amounts previously paid in respect of such fees, expenses, reimbursements and indemnified claims under this subsection 8.13(a) or subsection 7.04(e)(i) and without duplication of amounts distributed for such purpose under this subsection 8.13(a) or subsection 7.04(e)(i)) of **[■ percent (■%)]** of the Outstanding Dollar Principal Amount of all Funding Obligations at such time;

(b) Second, *pari passu*, (A) to Debtholders, on a *pro rata* basis, in respect of all interest accrued and unpaid, if any, and fees and other amounts (other than principal) due and payable on the Senior Funding Obligations, and (B) to Derivative Counterparties, on a *pro rata* basis, all amounts payable other than Termination Payments;

(c) Third, *pari passu*, (A) to Debtholders, on a *pro rata* basis, in respect of the aggregate outstanding principal amount of the Senior Funding Obligations until such amount has been paid in full, and (B) to Derivative Counterparties, on a *pro rata* basis, any Termination Payment where the Derivative Counterparty is not the Defaulting Party or the sole Affected Party;

(d) Fourth, to the Manager in respect of all fees, expenses, reimbursement and indemnity amounts owing;

(e) Fifth, to the payment of all taxes eligible and not previously paid pursuant to clause (a);

(f) Sixth, to (A) the Indenture Trustee, the Issuer Trustee and the Administrative Agent, in each case, in respect of the allocated amount of any fees, expenses, reimbursements and indemnity amounts owing and not previously paid pursuant to clause (a); and then (B) other service providers, in each case, in respect of the allocated amount of any fees, expenses, reimbursement and indemnity amounts owing; including for each referenced party in subclauses (A) and (B), any amounts payable to their respective Affiliates under the terms of any relevant indemnity, with funds being distributed *pro rata* in proportion to the claims represented by each of subclauses (A) and (B), respectively;

(g) Seventh, to Debtholders, on a *pro rata* basis, in respect of all interest accrued and unpaid, if any, and fees and other amounts (other than principal) due and payable on the Associated Subordinated Funding Obligations;

(h) Eighth, to Debtholders, on a *pro rata* basis, in respect of the aggregate outstanding principal amount of the Associated Subordinated Funding Obligations until such amount has been paid in full;

(i) Ninth, to Debtholders, on a *pro rata* basis, in respect of all interest accrued and unpaid, if any, and fees and other amounts (other than principal) due and payable on the Associated Junior Subordinated Funding Obligations;

(j) Tenth, to Debtholders, on a *pro rata* basis, in respect of the aggregate outstanding principal amount of the Associated Junior Subordinated Funding Obligations until such amount has been paid in full;

(k) Eleventh, to each Derivative Counterparty, on a *pro rata* basis, any Termination Payment where the Derivative Counterparty is the Defaulting Party or the sole Affected Party; and

(l) Twelfth, to the Issuer or as the Issuer otherwise directs.

Notwithstanding the foregoing, amounts on deposit in an Issuer Account established solely for the benefit of one or more Series, Classes or Tranches of Funding Obligations shall first be used to satisfy all obligations owing to those Specified Creditors for whom such Issuer Account was established. If any amounts remain following such application, such amounts shall be applied in accordance with the priorities set out above.

8.14 Unconditional Right of Noteholders to Receive Principal and Interest

Notwithstanding any other provisions in this Indenture but subject to Section 8.15, any Noteholder will have the right, which is absolute and unconditional, to receive payment of the principal of and interest on such Note on the Legal Maturity Date expressed in the Related Supplemental Indenture and to institute suit for the enforcement of any such payment, and such right will not be impaired without the consent of such Noteholder.

8.15 Limited Recourse

(a) Notwithstanding any other provision of this Indenture to the contrary, the obligation to pay principal of or interest on any Funding Obligation or any other amount payable to any Debtholder will be without recourse to the Indenture Trustee, the Issuer Trustee or any Affiliate, officer, employee, member or director of any of them, and the obligation of the Issuer to pay principal of or interest on any Funding Obligation or any other amount payable to any Debtholder will be subject to the allocation and payment provisions of this Indenture and any Related Funding Obligation Agreement, and limited to amounts available from the Collateral.

(b) No recourse may be taken, directly or indirectly, with respect to the obligations of the Issuer under the Funding Obligations or under this Indenture, or any certificate or other writing delivered in connection herewith or therewith, against (i) the Issuer Trustee in its individual capacity, (ii) any owner of a beneficial interest in the Issuer or (iii) any partner, owner, beneficiary, agent, officer, director, employee or agent of the Issuer Trustee in its individual capacity, any holder of a beneficial interest in the Issuer or the Issuer Trustee or of any successor or assign of the Issuer Trustee in its individual capacity, except as any such Person may have expressly agreed (it being understood that the Issuer Trustee has no such obligations in its individual capacity).

(c) Under no circumstances shall the Manager or the Administrative Agent or any of their Affiliates be deemed an obligor or guarantor or otherwise deemed to be responsible for payment from its own funds of principal, interest, dividends or other amounts due on the Collateral, the Funding Obligations or any other Obligations Secured.

8.16 Restoration of Rights and Remedies

If the Indenture Trustee or any Specified Creditor has instituted any proceeding to enforce any right or remedy under this Indenture and such proceeding has been discontinued or abandoned

for any reason, then and in every such case the Issuer, the Indenture Trustee and the Specified Creditors will, subject to any determination in such proceeding, be restored severally and respectively to their former positions hereunder, and thereafter all rights and remedies of the Indenture Trustee and the Specified Creditors will continue as though no such proceeding had been instituted.

8.17 Rights and Remedies Cumulative

No right or remedy herein conferred upon or reserved to the Indenture Trustee or to the Specified Creditors is intended to be exclusive of any other right or remedy, and every right and remedy will, to the extent permitted by applicable law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, will not prevent the concurrent assertion or employment of any other appropriate right or remedy.

8.18 Delay or Omission Not Waiver

No delay or omission of the Indenture Trustee or of any Specified Creditor to exercise any right or remedy accruing upon any Event of Default will impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article VIII or by applicable law to the Indenture Trustee or to the Specified Creditors may be exercised from time to time, and as often as may be deemed expedient, by the Indenture Trustee or by the Specified Creditors, as the case may be.

8.19 Waiver of Stay or Extension Laws

The Issuer covenants (to the extent that it may lawfully do so) that it will not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and the Issuer (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Indenture Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

8.20 Indenture Trustee Appointed Attorney

The Issuer irrevocably constitutes and appoints the Indenture Trustee and any officer or employee thereof, with full power of substitution, as its true and lawful attorney coupled with an interest with full power and authority in the name of the Issuer or in its own name, in its discretion, upon the occurrence and during the continuance of any Event of Default, for the purpose of carrying out the terms of this Indenture to take all appropriate action and to execute any and all documents and instruments which may be necessary or desirable to accomplish the purposes hereof, and without limiting the generality of the foregoing, hereby gives the Indenture Trustee the power and right on behalf of the Issuer, without notice to or assent by the Issuer, to the extent permitted by applicable law, to do the following:

(a) to ask for, demand, sue for, collect and receive all and any monies due or becoming due with respect to the Collateral;

(b) to receive, take, endorse, assign and deliver any and all cheques, notes, drafts, acceptances, documents and other negotiable and non-negotiable instruments, documents and chattel paper taken or received by the Indenture Trustee in connection therewith and herewith; and

(c) to commence, file, prosecute, defend, settle, compromise or adjust any claim, suit, action or proceeding with respect to the Collateral.

8.21 Disclaimer of Marshalling

In the event that the security hereby constituted shall become enforceable and the Indenture Trustee shall have determined or become bound to enforce the same, the Issuer covenants not to invoke the doctrine of marshalling or any other equitable principle for the purpose of requiring the Indenture Trustee to realize or to have realized on any particular asset forming part of the Collateral.

ARTICLE IX
THE INDENTURE TRUSTEE

9.01 Certain Duties and Responsibilities

(a) The Indenture Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture with respect to the Funding Obligations of any Series, Class or Tranche, and no implied covenants or obligations will be read into this Indenture against the Indenture Trustee.

(b) In the exercise of the rights and duties prescribed or conferred by the terms of this Indenture, the Indenture Trustee will act honestly and in good faith with a view to the best interests of the Specified Creditors as a whole and exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances.

(c) In the absence of bad faith on its part, the Indenture Trustee may, with respect to Funding Obligations of any Series, conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Indenture Trustee and conforming to the requirements of this Indenture; but in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Indenture Trustee, the Indenture Trustee will be under a duty to examine the same to determine whether or not they substantially conform to the requirements of this Indenture (but need not confirm or investigate the accuracy of any mathematical calculations or other facts stated therein).

(d) No provision of this Indenture will be construed to relieve the Indenture Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(i) this clause (d) will not be construed to limit the effect of subsection 9.01(a);

(ii) the Indenture Trustee will not be liable for any error of judgment made in good faith by a Responsible Officer of the Indenture Trustee, unless it will be proved that the Indenture Trustee was negligent in ascertaining the pertinent facts;

(iii) the Indenture Trustee will not be liable with respect to any action taken or omitted to be taken by it in good faith if so directed by Extraordinary Resolution, relating to the time, method and place of conducting any proceeding for any remedy available to the Indenture Trustee, or exercising any trust or power conferred upon the Indenture Trustee, under this Indenture with respect to the Funding Obligations; and

(iv) no provision of this Indenture will require the Indenture Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers.

(e) Whether or not therein expressly so provided, every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Indenture Trustee will be subject to the provisions of this Section 9.01.

9.02 Certain Rights of Indenture Trustee

Except as otherwise provided in Section 9.01:

(a) the Indenture Trustee may conclusively rely and will be protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or document (whether in its original, facsimile or other electronic form) believed by it to be genuine and to have been signed or presented by the proper party or parties;

(b) whenever in the administration of this Indenture the Indenture Trustee will deem it desirable that a matter be proved or established before taking, suffering or omitting any action hereunder, the Indenture Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officer's Certificate;

(c) the Indenture Trustee may consult with counsel of its own selection and the advice of such counsel or any Opinion of Counsel will be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(d) the Indenture Trustee will be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Specified Creditors pursuant to this Indenture, unless such Specified Creditors shall have offered to the Indenture Trustee security or indemnity reasonably satisfactory to it against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction;

(e) the Indenture Trustee will not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or document, but the Indenture Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Indenture Trustee will determine to make such further inquiry or investigation, it will be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney;

(f) the Indenture Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Indenture Trustee will not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder;

(g) the Indenture Trustee will not be responsible for filing any financing statements or continuation statements in connection with the Obligations Secured or the Security Interest, but will cooperate with the Issuer in connection with the filing of such financing statements or amendments to such financing statements;

(h) the Indenture Trustee shall not be deemed to have notice of any default (including any Servicer Default or Event of Default) unless a Responsible Officer of the Indenture Trustee has actual knowledge thereof or unless written notice of any event which is in fact such a default is received by the Indenture Trustee at the Corporate Trust Office of the Indenture Trustee, and such notice references the Funding Obligations and this Indenture;

(i) the rights, privileges, protections, immunities and benefits given to the Indenture Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Indenture Trustee in each of its capacities hereunder, and each agent, custodian and other person employed to act hereunder;

(j) the Indenture Trustee shall not be liable for any action taken, suffered or omitted to be taken by it in good faith and reasonably believed by it to be authorized or within the discretion or rights or powers conferred upon it by this Indenture;

(k) the Indenture Trustee will have no obligation to calculate any amount due or owing or to be allocated as provided in this Indenture, including interest or principal for any Funding Obligations; the Indenture Trustee shall be entitled to and may rely absolutely upon the Payment Instruction;

(l) the Indenture Trustee will be entitled to rely and act upon any direction, order, instruction, notice or communication provided to it under this Indenture which is sent to it by Electronic Methods. The Indenture Trustee shall have no liability for any losses, liabilities, costs or expenses incurred by it as a result of such reliance upon or compliance with such instructions or directions. The Issuer agrees: (i) to assume all risks arising out of the use of such Electronic Methods to submit instructions and directions to the Indenture Trustee, including without limitation the risk of the Indenture Trustee acting on unauthorized instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting instructions to the Indenture Trustee and that there may be more secure methods of transmitting instructions than the method(s) selected by the Issuer; and (iii) that the security procedures (if any) to be followed in connection with its transmission of instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and

(m) the Indenture Trustee will not be liable for any consequential, punitive or special damages.

9.03 Not Responsible for Recitals or Issuance of Notes

The recitals contained herein and in the Notes, except the Certificates of Authentication, will be taken as the statements of the Issuer, and the Indenture Trustee assumes no responsibility for their correctness. The Indenture Trustee makes no representations as to the validity or sufficiency of this Indenture or of the Funding Obligation Agreements. The Indenture Trustee will not be accountable for the use or application by the Issuer of Notes, Borrowings or the proceeds thereof.

9.04 May Hold Notes

The Indenture Trustee, any Paying Agent, the Note Registrar, the Administrative Agent, the Manager or any other agent of the Issuer, in its individual or any other capacity, may become the owner or pledgee of Notes and, subject to subsection 9.07(e) and applicable legislation, may otherwise deal with the Issuer with the same rights it would have if it were not Indenture Trustee, Paying Agent, Note Registrar, Administrative Agent, Manager or such other agent.

9.05 Compensation and Reimbursement; Limit on Compensation Reimbursement and Indemnity

(a) The Issuer agrees:

(i) to pay to the Indenture Trustee from time to time reasonable compensation (or, for so long as [Indenture Trustee] is the Indenture Trustee, such amount as has been mutually agreed upon in writing) for all services rendered by it hereunder (which compensation will not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(ii) except as otherwise expressly provided herein, to reimburse the Indenture Trustee upon its request for all reasonable expenses, disbursements and advances incurred or made by the Indenture Trustee in accordance with any provision of this Indenture (including the reasonable compensation and the reasonable expenses and disbursements of its agents and counsel), except any such expense, disbursement or advance as may be attributable to its own negligence or bad faith; and

(iii) to indemnify the Indenture Trustee for, and to hold it harmless against, any and all loss, liability, expense, claim, damage or injury incurred without negligence or bad faith on its part, arising out of or in connection with the acceptance or administration of this trust, including the costs and expenses of defending itself against any claim or liability (whether asserted by the Issuer, any Specified Creditor or any other Person) in connection with the exercise or performance of any of its powers or duties hereunder.

The Indenture Trustee will have no recourse to any asset of the Issuer other than funds available pursuant to Section 7.04 or 8.13, or to any Person other than the Issuer.

(b) This Section 9.05 will survive the termination of this Indenture and the resignation or replacement of the Indenture Trustee under Section 9.07.

9.06 Corporate Indenture Trustee Required; Eligibility

There will at all times be an Indenture Trustee hereunder which will be either a bank, a trust company or a corporation organized and doing business under the laws of Canada or of any province or territory thereof, authorized under such laws to carry on a trust business as contemplated hereby in each of the provinces and territories of Canada. The Issuer may not, nor may any Person directly or indirectly controlling, controlled by, or under common control with the Issuer, serve as Indenture Trustee. If at any time the Indenture Trustee will cease to be eligible in accordance with the provisions of this Section 9.06, it will resign immediately in the manner and with the effect hereinafter specified in this Article IX.

9.07 Resignation and Removal; Appointment of Successor

(a) No resignation or removal of the Indenture Trustee and no appointment of a successor Indenture Trustee pursuant to this Article IX will become effective until the acceptance of appointment by the successor Indenture Trustee under Section 9.08.

(b) The Indenture Trustee may resign at any time by giving written notice thereof to the Issuer. If an instrument of acceptance by a successor Indenture Trustee shall not have been delivered to the Indenture Trustee within 30 days after the giving of such notice of resignation, the resigning Indenture Trustee may petition any court of competent jurisdiction for the appointment of a successor Indenture Trustee.

(c) The Indenture Trustee may be removed at any time by Ordinary Resolution of the Debtholders delivered to the Indenture Trustee and to the Issuer. If an instrument of acceptance by a successor Indenture Trustee shall not have been delivered to the Indenture Trustee within 30 days after the giving of such notice of removal, the Indenture Trustee being removed may petition any court of competent jurisdiction for the appointment of a successor Indenture Trustee.

(d) If at any time:

(i) the Indenture Trustee ceases to be eligible under Section 9.06 and fails to resign after written request therefor by the Issuer or by any Debtholder, or

(ii) the Indenture Trustee becomes incapable of acting, or

(iii) the Indenture Trustee is adjudged bankrupt or insolvent or a receiver of the Indenture Trustee or of its property is appointed, or any public officer takes charge or control of the Indenture Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation,

then, in any such case, (A) the Issuer may remove the Indenture Trustee, or (B) subject to Article XI, any Debtholder who has been a bona fide Debtholder for at least six (6) months may, on behalf of itself and all other Debtholders, petition any court of competent jurisdiction for the removal of the Indenture Trustee and the appointment of a successor Indenture Trustee.

(e) The Indenture Trustee shall resign if a material conflict of interest arises in its role as a trustee under this Indenture that is not eliminated within 90 days after the Indenture Trustee becomes aware that it has such a material conflict of interest. Forthwith after the Indenture Trustee becomes aware that it has a material conflict of interest, it shall provide the Issuer with written notice of the nature of that conflict. If, notwithstanding the foregoing provisions of this subsection 9.07(e), the Indenture Trustee has such a material conflict of interest, the validity and enforceability of this Indenture and of the Funding Obligation Agreements shall not be affected in any manner whatsoever by reason only of the existence of such material conflict of interest. If the Indenture Trustee contravenes the foregoing provisions of this subsection 9.07(e), any interested party may apply to a court of competent jurisdiction for an order that the Indenture Trustee be replaced as trustee hereunder. The Indenture Trustee represents to the Issuer that at the time of the execution and delivery hereof no material conflict of interest exists in the Indenture Trustee's role as a fiduciary hereunder.

(f) If the Indenture Trustee resigns, is removed or becomes incapable of acting, or if a vacancy shall occur in the office of the Indenture Trustee for any cause, the Issuer will promptly appoint a successor Indenture Trustee. If, within one (1) year after such resignation, removal or incapacity, or the occurrence of such vacancy, a successor Indenture Trustee is appointed by Ordinary Resolution of the Debtholders delivered to the Issuer and the retiring Indenture Trustee, the successor

Indenture Trustee so appointed will, forthwith upon its acceptance of such appointment, become the successor Indenture Trustee and supersede the successor Indenture Trustee appointed by the Issuer. If no successor Indenture Trustee shall have been so appointed by the Issuer or the Debtholders and accepted in the manner hereinafter provided, any Debtholder who has been a bona fide Debtholder for at least six (6) months may, on behalf of itself and all other Debtholders, petition any court of competent jurisdiction for the appointment of a successor Indenture Trustee.

(g) The Issuer will give written notice of each resignation and each removal of the Indenture Trustee and each appointment of a successor Indenture Trustee to each Specified Creditor as provided in Article XVI and to each Rating Agency. To facilitate delivery of such notice, upon request by the Issuer, the Note Registrar shall provide to the Issuer a list of the relevant Registered Noteholders. Each notice will include the name of the successor Indenture Trustee and the address of its Corporate Trust Office.

(h) Upon such resignation, the Indenture Trustee shall be discharged from all further duties and liabilities under this Indenture.

9.08 Acceptance of Appointment by Successor

Every successor Indenture Trustee appointed hereunder will execute, acknowledge and deliver to the Issuer and to the predecessor Indenture Trustee an instrument accepting such appointment, with a copy to the Rating Agencies, and thereupon the resignation or removal of the predecessor Indenture Trustee will become effective, and such successor Indenture Trustee, without any further act, deed or conveyance, will become vested with all the rights, powers, trusts and duties of the predecessor Indenture Trustee; but, on request of the Issuer or the successor Indenture Trustee, such predecessor Indenture Trustee will, upon payment of its reasonable charges, if any, execute and deliver an instrument transferring to such successor Indenture Trustee all the rights, powers and trusts of the predecessor Indenture Trustee, and will duly assign, transfer and deliver to such successor Indenture Trustee all property and money held by such predecessor Indenture Trustee hereunder, subject nevertheless to its Lien, if any, provided for in Section 9.05. Upon request of any such successor Indenture Trustee, the Issuer will execute any and all instruments for more fully and certainly vesting in and confirming to such successor Indenture Trustee all such rights, powers and trusts.

No successor Indenture Trustee will accept its appointment unless at the time of such acceptance, such successor Indenture Trustee will be qualified and eligible under this Article IX.

9.09 Merger, Conversion, Consolidation or Succession to Business

Any corporation into which the Indenture Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Indenture Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Indenture Trustee, will be the successor of the Indenture Trustee hereunder, provided such corporation shall be otherwise qualified and

eligible under this Article IX, without the execution or filing of any paper or any further act on the part of any of the parties hereto. The Indenture Trustee shall give prompt written notice of such merger, conversion, consolidation or succession to the Issuer and the Rating Agencies. In case any Notes shall have been authenticated, but not delivered, by the Indenture Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Indenture Trustee may adopt such authentication and deliver the Notes so authenticated with the same effect as if such successor Indenture Trustee had itself authenticated such Notes.

9.10 Trust Indenture Legislation

(a) In this Article IX, the term "applicable legislation" means the provisions, if any, of the *Trust and Loan Companies Act* (Canada) and any other statute of Canada or a province thereof, and of regulations under any such statute, in each case, as amended, restated or re-enacted from time to time, relating to trust indentures and to the rights, duties and obligations of trustees under trust indentures and of entities issuing debt obligations under trust indentures, to the extent that in the opinion of counsel to the Issuer such provisions are at the time in force and applicable to this Indenture.

(b) If and to the extent that any provision of this Indenture limits, qualifies or conflicts with a mandatory requirement of applicable legislation, such mandatory requirement shall prevail.

(c) The Issuer and the Indenture Trustee agree that each will at all times in relation to this Indenture and any action to be taken hereunder, observe and comply with and be entitled to the benefits of applicable legislation.

9.11 Representations and Covenants of the Indenture Trustee

The Indenture Trustee represents, warrants and covenants that:

(a) The Indenture Trustee is a trust company organized, existing and in good standing under the laws of Canada;

(b) The Indenture Trustee has full power and authority to execute, deliver and perform this Indenture and has taken all necessary action to authorize the execution, delivery and performance by it of this Indenture and other documents to which it is a party;

(c) Each of this Indenture and the other documents to which it is a party has been duly executed and delivered by the Indenture Trustee and constitutes its legal, valid and binding obligation in accordance with its terms; and

(d) The Indenture Trustee is authorized to carry on the business of a trust company in each of the provinces and territories of Canada. If, notwithstanding the provisions of this subsection 9.11(d), the Indenture Trustee ceases to be so authorized to carry on business, the validity and enforceability of this Indenture and the Funding Obligation Agreements shall not be affected in any manner whatsoever by reason only of such event.

9.12 Indenture Trustee's Application for Instructions from the Issuer

Any application by the Indenture Trustee for written instructions from the Issuer may, at the option of the Indenture Trustee, set forth in writing any action proposed to be taken or omitted by the Indenture Trustee under and in accordance with this Indenture and the date on and/or after which such action shall be taken or such omission shall be effective; provided that such application shall make specific reference to this Section 9.12. The Indenture Trustee shall not be liable for any action taken by, or omission of, the Indenture Trustee in accordance with a proposal included in such application on or after the date specified in such application (which date shall not be less than five (5) Business Days after the date the Issuer actually receives such application, unless the Issuer shall have consented in writing to any earlier date) unless prior to taking any such action (or the effective date in the case of an omission), the Indenture Trustee shall have received written instructions in response to such application specifying the action be taken or omitted.

9.13 Appointment of Co-Trustee or Separate Indenture Trustee

(a) Notwithstanding any other provisions of this Indenture, at any time, for the purpose of meeting any legal requirements of any jurisdiction in which any part of the Issuer's property may at the time be located, the Indenture Trustee shall have the power and shall execute and deliver all instruments, subject to the prior written consent of the Manager, which consent shall not be unreasonably withheld, to appoint one or more Persons reasonably acceptable to the Issuer to act as a co-trustee or co-trustees, or separate trustee or separate trustees, of all or any part of the Issuer's property, and to vest in such Person or Persons, in such capacity and for the benefit of the Specified Creditors, such title to the Issuer's property, or any part thereof, and, subject to the other provisions of this Section 9.13, such powers, duties, obligations, rights and trusts as the Indenture Trustee may consider necessary or desirable. No co-trustee or separate trustee hereunder shall be required to meet the terms of eligibility as a successor trustee under Section 9.06 and no notice to Specified Creditors of the appointment of any co-trustee or separate trustee shall be required under Section 9.07.

(b) Every separate trustee and co-trustee shall, to the extent permitted by applicable law, be appointed and act subject to the following provisions and conditions:

(i) all rights, powers, duties and obligations conferred or imposed upon the Indenture Trustee shall be conferred or imposed upon and exercised or performed by the Indenture Trustee and such separate trustee or co-trustee jointly (it being understood that such separate trustee or co-trustee is not authorized to act separately without the Indenture Trustee joining in such act), except to the extent that under any law of any jurisdiction in which any particular act or acts are to be performed, the Indenture Trustee shall be incompetent or unqualified to perform such act or acts, in which event such rights, powers, duties and obligations (including the holding of title to the Issuer's property or any portion thereof in any such jurisdiction) shall be exercised and performed singly by such separate trustee or co-trustee, but solely at the direction of the Indenture Trustee;

(ii) no trustee hereunder shall be personally liable by reason of any act or omission of any other trustee hereunder; and

(iii) the Indenture Trustee may at any time accept the resignation of or remove any separate trustee or co-trustee.

(c) Any notice, request or other writing given to the Indenture Trustee shall be deemed to have been given to each of the then separate trustees and co-trustees, as effectively as if given to each of them. Every instrument appointing any separate trustee or co-trustee shall refer to this Indenture and the conditions of this Article IX. Each separate trustee and co-trustee, upon its acceptance of the trusts conferred, shall be vested with the estates or property specified in its instrument of appointment, either jointly with the Indenture Trustee or separately, as may be provided therein, subject to all the provisions of this Indenture, specifically including every provision of this Indenture relating to the conduct of, affecting the liability of, or affording protection to, the Indenture Trustee. Every such instrument shall be filed with the Indenture Trustee.

(d) Any separate trustee or co-trustee may at any time appoint the Indenture Trustee, its agent or attorney-in-fact with full power and authority, to the extent not prohibited by applicable law, to do any lawful act under or in respect of this Indenture on its behalf and in its name. If any separate trustee or co-trustee shall die, become incapable of acting, resign or be removed, all of its estates, properties, rights, remedies and trusts shall vest in and be exercised by the Indenture Trustee, to the extent permitted by applicable law, without the appointment of a new or successor trustee.

9.14 Preservation of Information; Communications to Debtholders

(a) The Indenture Trustee will preserve, in as current a form as is reasonably practicable, the names and addresses of Registered Noteholders contained in the most recent list furnished to the Indenture Trustee as provided in Section 13.14 and the names and addresses of Registered Noteholders received by the Indenture Trustee in its capacity as Note Registrar. The Indenture Trustee may destroy any list furnished to it as provided in Section 13.14 upon receipt of a new list so furnished. The Indenture Trustee will also preserve, in as current a form as is reasonably practicable, the names and addresses of all other Specified Creditors received by the Indenture Trustee pursuant to Sections 5.01(f) and 5.03(b).

(b) If **[three]** or more Debtholders of any Series, Class or Tranche (hereinafter referred to as "**applicants**") (or, if there are less than **[three]** such Debtholders, all of the Debtholders) apply in writing to the Indenture Trustee, and furnish to the Indenture Trustee reasonable proof that each such applicant has owned a Funding Obligation of such Series, Class or Tranche for a period of at least six (6) months preceding the date of such application, and such application states that the applicants desire to communicate with other Debtholders of such Series, Class or Tranche or with all Debtholders with respect to their rights under this Indenture or under such Funding

Obligations and is accompanied by a copy of the form of proxy or other communication which such applicants propose to transmit, then the Indenture Trustee will, within five (5) Business Days after the receipt of such application, at its election, either:

(i) afford such applicants access to the information preserved at the time by the Indenture Trustee in accordance with subsection 9.14(a), or

(ii) inform such applicants as to the approximate number of Debtholders of such Series, Class or Tranche or all Funding Obligations, as the case may be, whose names and addresses appear in the information preserved at the time by the Indenture Trustee in accordance with subsection 9.14(a) and as to the approximate cost of mailing to such Debtholders the form of proxy or other communication, if any, specified in such application.

If the Indenture Trustee shall elect not to afford such applicants access to such information, the Indenture Trustee shall, upon the written request of such applicants, mail to each Lender and to each holder of a Registered Note of such Series, Class or Tranche or to all Lenders and/or Registered Noteholders, as the case may be, whose names and addresses appear in the information preserved at the time by the Indenture Trustee in accordance with subsection 9.14(a), a copy of the form of proxy or other communication which is specified in such request, with reasonable promptness after a tender to the Indenture Trustee of the material to be mailed and of payment, or provision for the payment, of the reasonable expenses of mailing, unless, within five days after such tender, the Indenture Trustee shall mail to such applicants, together with a copy of the material to be mailed, a written statement to the effect that, in the opinion of the Indenture Trustee, such mailing would be contrary to the best interests of the Debtholders of such Series, Class or Tranche or all Debtholders, as the case may be, or would be in violation of applicable law. Such written statement will specify the basis of such opinion.

(c) Every Debtholder agrees with the Issuer and the Indenture Trustee that neither the Issuer nor the Indenture Trustee will be held accountable by reason of the disclosure of any such information as to the names and addresses of the Debtholders in accordance with subsection 9.14(b), regardless of the source from which such information was derived, and that the Indenture Trustee will not be held accountable by reason of mailing any material pursuant to a request made under subsection 9.14(b).

9.15 Acceptance of Trusts by Indenture Trustee

The Indenture Trustee hereby accepts the trusts in this Indenture and agrees to perform the same upon the terms and conditions herein set forth.

9.16 Paying Agent

(a) The Paying Agent, on behalf of the Indenture Trustee, will make distributions to Specified Creditors from the Collection Account or other applicable Issuer Account

pursuant to the provisions of this Indenture and any applicable Program Agreement and will report the amounts of such distributions to the Indenture Trustee. Any Paying Agent will have the revocable power to withdraw funds from the Collection Account or other applicable Issuer Account for the purpose of making the distributions referred to above.

(b) The Indenture Trustee may revoke such power and remove the Paying Agent if the Indenture Trustee determines in its sole discretion that the Paying Agent has failed to perform its obligations under this Indenture in any material respect. The Paying Agent upon removal will return all funds in its possession to the Indenture Trustee.

(c) The Issuer will cause each Paying Agent (other than the Indenture Trustee) to execute and deliver to the Indenture Trustee an instrument in which such Paying Agent will agree with the Indenture Trustee (and if the Indenture Trustee acts as Paying Agent, it so agrees), subject to the provisions of this Article XI, that such Paying Agent will:

(i) hold all sums held by it for the payment of principal of, interest, fees or other amounts in trust for the benefit of the Persons entitled thereto until such sums will be paid to such Persons or otherwise disposed of as herein provided;

(ii) if such Paying Agent is not the Indenture Trustee, give the Indenture Trustee notice of any default by the Issuer in the making of any such payment of principal or interest on any Funding Obligations;

(iii) if such Paying Agent is not the Indenture Trustee, at any time during the continuance of any such default, upon the written request of the Indenture Trustee, forthwith pay to the Indenture Trustee all sums so held in trust by such Paying Agent;

(iv) open and maintain appropriate records with respect to each Note; record by appropriate entries therein each payment made on account of interest, principal, fees and other amounts owing with respect to each such Note. For the purposes thereof, the Paying Agent shall provide to the Issuer and the Indenture Trustee satisfactory evidence of each payment as soon as practicable after making such payment. The failure to record, or any error in recording, any such payment shall not, however, limit or otherwise affect the obligations of the Issuer as to the principal amount or accrued interest owing with respect to any Note. Such records of payment shall be conclusive evidence of the unpaid principal balance and interest owing in respect of the Notes in the absence of demonstrable error;

(v) immediately resign as a Paying Agent and, if such Paying Agent is not the Indenture Trustee, forthwith pay to the Indenture Trustee all sums held by it in trust for the payment of Funding Obligations if at any time it ceases to

meet the standards described in this Article XI required to be met by a Paying Agent at the time of its appointment; and

(vi) comply with all requirements of the Income Tax Act or any other applicable tax law with respect to the withholding from any payments made by it on any Notes of any applicable withholding taxes imposed thereon and with respect to any applicable reporting requirements in connection therewith.

(d) Each Paying Agent, if not OPG, will at all times have, or be a wholly owned subsidiary of a corporation which has, a combined capital and surplus of at least $50,000,000 and be subject to supervision or examination by a Canadian federal, provincial or territorial authority or be regulated by or subject to the supervision or examination of a Governmental Authority of a nation that is a member of the Organization for Economic Co-operation and Development. If such Paying Agent publishes reports of condition at least annually, pursuant to law or to the requirements of the aforesaid supervising or examining authority, then for the purposes of this subsection 9.16(d), the combined capital and surplus of such Paying Agent will be deemed to be its combined capital and surplus as set forth in its most recent report of condition as so published.

ARTICLE X
MEETINGS

10.01 Conduct of Meetings

Meetings of Debtholders of any Series, Class or Tranche, or of all Series of Funding Obligations, as the case may be, shall be convened, held and conducted in the following manner:

(a) At any time, and from time to time, the Indenture Trustee or the Issuer may, and the Indenture Trustee shall, on receipt of a written request of the Issuer or a requisition signed by Debtholders of a particular Series, Class or Tranche or of all Series of Funding Obligations, as the case may be, holding at least **[25%]** of the aggregate Outstanding Dollar Principal Amount of the Funding Obligations of that Series, Class or Tranche, or all Series of Funding Obligations, as the case may be, convene a meeting of the Debtholders of that Series, Class or Tranche, or of all Series of Funding Obligations, as the case may be. If the Indenture Trustee fails to convene a meeting after 30 days of being duly required by the Issuer or such Debtholders, the Issuer or such Debtholders may themselves convene such meeting and, in the case of a meeting called by such Debtholders, the notice calling such meeting may be signed by such Person as those Debtholders specify. Every such meeting shall be held in the City of Toronto or such other place in Ontario, Canada as the Indenture Trustee may in any case determine or approve.

(b) At least 7 days' prior notice of any meeting shall be given to the Debtholders of the Series, Class or Tranche to which such meeting relates or of all Series of Funding Obligations, as the case may be, and to the Issuer, unless the meeting has been called by the Issuer, and such notice shall state the date, time and the place the

meeting is to be held and shall specify, in general terms, the nature of the business to be transacted. It shall not be necessary to specify in the notice the text of the resolutions to be passed. Subject to Section 10.01(c), notices shall be given in the manner set forth in Article XVI and a copy thereof shall be delivered to the Indenture Trustee unless the meeting has been called by it. It shall not be necessary to specify in the notice of any adjournment of a meeting the nature of the business to be transacted at the adjourned meeting. The non-receipt of any such notice by a Debtholder shall not invalidate any resolution passed at such meeting.

(c) At any meeting of the Debtholders of the Series, Class or Tranche or of all Series of Funding Obligations, as the case may be, subject as herein provided, a quorum shall consist of two or more Persons present in person or by proxy holding either personally or as proxies not less than **[25%]** of the Outstanding Dollar Principal Amount of the Funding Obligations of the Series, Class or Tranche or of all Series of Funding Obligations, as the case may be, entitled to vote at such meeting. If a quorum is not present on the date for which the meeting is called within 30 minutes after the time fixed for the holding of such meeting, the meeting shall be adjourned to be held at a place and upon a date and at an hour to be fixed by the Indenture Trustee who shall give not less than 7 days' notice of the date and time to which such meeting is to be adjourned and at such adjourned meeting a quorum shall consist of the Debtholders of that Series, Class or Tranche or of all Series of Funding Obligations, as the case may be, then and there represented in person or by proxy and entitled to vote at such meeting.

(d) An individual, who need not be a Debtholder, nominated in writing by the Indenture Trustee shall be Chairman of the meeting. If no individual is so nominated or if the individual nominated is not present within 25 minutes after the time fixed for the holding of the meeting, the Debtholders and proxies for Debtholders present shall choose one of their number to be Chairman.

(e) Every question submitted to a meeting, except an Extraordinary Resolution, shall be decided by a majority of the votes given on a show of hands or, if a poll shall be requested as hereinafter provided, by a majority of the votes cast on the poll (in either case, an "**Ordinary Resolution**") and shall be binding on all Debtholders of the Series, Class or Tranche or of all Series of Funding Obligations, as the case may be. On a show of hands, each Debtholder who is present, whether in person or by proxy, will have one vote for every $1,000 Outstanding Dollar Principal Amount of Funding Obligations of which he or she shall be the Debtholder. A poll shall be taken on every Extraordinary Resolution and otherwise whenever requested by a Debtholder or its proxy. On a poll, each Debtholder shall have one vote for every $1,000 Outstanding Dollar Principal Amount of Funding Obligations of which he or she shall be the Debtholder. Votes may be given in person or by proxy and a proxy need not be a Debtholder. If at any meeting a poll is so demanded as aforesaid on the election of a Chairman or on a question of adjournment, it shall be taken forthwith. If at any meeting a poll is so demanded on any other question, or an Extraordinary Resolution is to be voted upon, a poll shall be taken in such manner and either at once or after an adjournment as the Chairman directs. The result of a

poll shall be deemed to be the decision of the meeting at which the poll was demanded and shall be binding on all Debtholders of that Series, Class or Tranche or of all Series of Funding Obligations, as the case may be. In the case of joint Registered Noteholders, any one of them present in person or by proxy at the meeting may vote in the absence of the other or others but, if more than one of them is present in person or by proxy, they shall vote together in respect of the Outstanding Notes of which they are joint Registered Noteholders.

10.02 Powers Exercisable by Ordinary Resolution and Extraordinary Resolution

(a) In addition to any powers hereinbefore given, Debtholders of a Series, Class or Tranche of Funding Obligations shall by Ordinary Resolution have the power to:

(i) require the Indenture Trustee (subject to receipt by the Indenture Trustee of reasonable funding and indemnity) to exercise or refrain from exercising any of the powers conferred upon it by this Indenture insofar as they apply to the Series, Class or Tranche or by the Related Supplemental Indenture or to waive any Event of Default and/or cancel any declaration made pursuant to Section 8.02 upon such terms and/or conditions as may be decided;

(ii) sanction, insofar as they apply to the Series, Class or Tranche, the release of the Issuer from its covenants and obligations hereunder;

(iii) subject to the provisions of this Indenture or of the Related Funding Obligation Agreement, sanction any change whatsoever to any provision of the Funding Obligations of such Series, Class or Tranche which shall be agreed to by the Issuer and any modification, alteration, abrogation, compromise or arrangement of or in respect of the rights of the Debtholders of such Series, Class or Tranche or the Indenture Trustee against the Issuer, whether such rights shall arise under the provisions of this Indenture or otherwise;

(iv) subject to the provisions of this Indenture (including, without limitation, Section 8.02), assent to any modification of or change in or addition to or omission from the provisions contained in this Indenture, a Related Supplemental Indenture or any instrument ancillary or supplementary hereto or thereto which shall be agreed to by the Issuer and to authorize the Indenture Trustee to concur in and execute any deed, instrument or agreement embodying any such modification, change, addition or omission or any other deeds, documents or writings authorized by such Ordinary Resolution; provided that no such assent shall be necessary for any modification of or change in or addition otherwise permitted hereunder or under a Related Supplemental Indenture; and

(v) take any other Action authorized by this Indenture or a Related Supplemental Indenture to be taken by Ordinary Resolution of the Debtholders of a Series, Class or Tranche of Funding Obligations.

(b) In addition to any powers hereinbefore given, Debtholders of all Series Funding Obligations, collectively, shall by Extraordinary Resolution have the power to:

(i) authorize the Indenture Trustee to accept, in satisfaction or partial satisfaction, all or any part of the Collateral;

(ii) sanction the selling of the Collateral or any part thereof or interest therein;

(iii) authorize the Indenture Trustee or any other Person to bid or tender at any sale of the Collateral or any part thereof and take such actions in connection with such sale as it determines to be in the best interests of all Debtholders;

(iv) assent to any compromise or arrangement by the Issuer with any creditor, creditors or class or classes of creditors or with the holders of any securities of the Issuer whose claims are payable from the Collateral;

(v) restrain any Debtholder from taking or instituting any suit, action or proceeding for the purpose of realizing on the Collateral or for the execution of any trust or power hereunder or for the appointment of a liquidator, receiver or trustee in bankruptcy or to have the Issuer liquidated or for any other remedy hereunder and to direct such Debtholder to waive any Event of Default on which any suit or proceeding is founded;

(vi) require the Indenture Trustee (subject to receipt by the Indenture Trustee of reasonable funding and indemnity) to exercise or refrain from exercising any other powers conferred upon it by this Indenture of general application to all Series of Funding Obligations, including the exercise of any rights of the Issuer under any of the Program Agreements upon the occurrence and during the continuance of an Event of Default, or to waive any Event of Default and/or cancel any declaration made pursuant to Article XI upon such terms and/or conditions as may be decided;

(vii) authorize the Indenture Trustee, in the event of the Issuer making an authorized assignment or proposal or in the event of an administrator, trustee, receiver or liquidator being appointed under any applicable bankruptcy or insolvency legislation for and on behalf of all Specified Creditors and, in addition to any claim or debt provided or made for its own account as Indenture Trustee hereunder, to file and prove a claim or debt against the Issuer or its property for an amount equivalent to the aggregate amount which may be payable in respect of all Funding Obligations, to value the Collateral, and to vote such claim or debt at meetings of creditors and generally act for and on behalf of all Debtholders in such proceedings as such Extraordinary Resolution may provide;

(viii) appoint a committee with power and authority (subject to such limitations, if any, as may be prescribed in such Extraordinary Resolution) to exercise, and to direct the Indenture Trustee to exercise, on behalf of all Debtholders, such of the powers of such Debtholders as are exercisable by Extraordinary

Resolution or other resolution as shall be included in the Extraordinary Resolution appointing the committee. The Extraordinary Resolution making such appointment may provide for payment of the expenses and disbursements of and compensation to such committee from the Collateral, in portions allocated to each Series as may be specified in such Extraordinary Resolution. Such committee shall consist of such number of Persons as shall be prescribed in the Extraordinary Resolution appointing it and the members need not themselves be Debtholders. Each such committee may elect its Chairman and may make regulations respecting its quorum, the calling of its meetings, the filling of vacancies occurring in its number and its procedures generally. Such regulations may provide that the committee may act at a meeting at which a quorum is present or may act by minutes signed by the number of members thereof necessary to constitute a quorum. All acts of any such committee within the authority delegated to it shall be binding upon all Debtholders. Neither the committee nor any member thereof shall be liable for any loss arising from or in connection with any action taken or omitted to be taken by them in good faith; and

(ix) take any other action authorized by this Indenture to be taken by Extraordinary Resolution.

(c) The foregoing powers shall be deemed to be several and cumulative and not dependent on each other and the exercise of one or more of such powers, or any combination of such powers, from time to time, shall not be deemed to exhaust the rights of the Debtholders to exercise such power or powers, or combinations of powers, thereafter from time to time. No powers exercisable by Extraordinary Resolution shall derogate in any way from any rights of the Issuer under or pursuant to this Indenture. The Issuer shall give the Rating Agency notice of any Extraordinary Resolution adopted.

10.03 Extraordinary Resolution

An Extraordinary Resolution, adopted in accordance with the provisions hereof, shall be binding upon each and every Debtholder and each other Specified Creditor and their respective heirs, executors, administrators, successors and assigns, whether present or absent, and the Indenture Trustee (subject to the provisions for funding and its indemnity herein contained) shall be bound to give effect thereto accordingly.

Except as expressly provided to the contrary in this Indenture, no action shall be taken at a meeting of the Debtholders of a Series, Class or Tranche or of all Series of Funding Obligations which changes any provision of this Indenture or changes or prejudices the exercise of any right of any Debtholder except by Extraordinary Resolution.

10.04 Declaration by Chairman of Result of Vote

At any meeting of the Debtholders of any Series, Class or Tranche or of all Series of Funding Obligations, in cases where no poll is required or requested, a declaration made by the

Chairman that a resolution has been carried, or carried by any particular majority, or lost, shall be conclusive evidence thereof.

10.05 Minutes

Minutes of all resolutions and proceedings at every such meeting, as aforesaid, shall be made and duly entered in books to be provided from time to time for that purpose by an agent of the Issuer at the expense of the Issuer and any such minutes, as aforesaid, if signed by the Chairman of the meeting at which such resolutions were passed or proceedings had, or by the Chairman of the next succeeding meeting of Debtholders, shall be *prima facie* evidence of the matters therein stated and, until the contrary is proved, every such meeting in respect of the proceedings of which minutes shall have been made shall be deemed to have been duly held and convened and all resolutions passed or proceedings had thereat to have been duly passed and had.

10.06 Signed Instruments

Any resolution or instrument signed in one or more counterparts by (a) Debtholders holding not less than 50% of the aggregate Outstanding Dollar Principal Amount of Funding Obligations of a Series, Class or Tranche, as the case may be, in the case of matters capable of being decided at a meeting of Debtholders by Ordinary Resolution, and (b) Debtholders holding not less than 66⅔% of the aggregate Outstanding Dollar Principal Amount of Funding Obligations of all Series in the case of matters required to be decided at a meeting of Debtholders by Extraordinary Resolution shall, in either case, have the same force and effect as a resolution duly passed at a meeting of such Debtholders by the affirmative vote of all of the votes cast upon a poll. Notice of any Ordinary Resolution or Extraordinary Resolution passed in accordance with this Section 10.06 shall be given by the Indenture Trustee to the Debtholders, as applicable, within 30 days of the date on which such Ordinary Resolution or Extraordinary Resolution was passed.

10.07 Persons Who May Attend

Each of the Specified Creditors, by their respective officers, directors, employees, and the legal advisers of such parties, may attend any meeting of Debtholders.

10.08 Binding Effect of Resolutions

Every Ordinary Resolution and every Extraordinary Resolution passed in accordance with the provisions of this Article X at a meeting of Debtholders of a Series, Class or Tranche or of all Series of Funding Obligations, as the case may be, will be binding upon all of the Debtholders of such Series, Class or Tranche or of all Series of Funding Obligations, as the case may be, whether present at or absent from such meeting, and every instrument in writing signed by Debtholders in accordance with Section 10.06 will be binding upon all of the Debtholders of such Series, Class or Tranche or of all Series of Funding Obligations, as the case may be, whether signatories thereto or not, and the Indenture Trustee will be bound to give effect accordingly to every such Ordinary Resolution, Extraordinary Resolution and instrument in writing.

10.09 Notes Regarded as Not Outstanding for Certain Purposes

If, in the opinion of the Indenture Trustee and upon receipt of an Issuer Certificate in respect of the following, any business to be transacted at any meeting of Debtholders or any action to be taken or power exercised by instrument in writing under Section 10.06 does not materially adversely affect the rights of the Debtholders of one or more particular Series, Class or Tranche of Funding Obligations, the provisions of this Article X shall apply as if the Funding Obligations of that Series, Class or Tranche were not outstanding, and no notice of any such meeting need be given to the Debtholders of that Series, Class or Tranche.

ARTICLE XI
SUPPLEMENTAL INDENTURES

11.01 Supplemental Indentures and Amendments Without Consent of Specified Creditors

Without the consent of the Specified Creditors but with 10 Business Days' prior notice to each Rating Agency, the Issuer and the Indenture Trustee, at any time and from time to time, and upon delivery by the Issuer to the Indenture Trustee of an Issuer Certificate to the effect that the Issuer reasonably believes that such amendment will not have an Adverse Effect and is not reasonably expected to have an Adverse Effect at any time in the future, the Issuer may amend this Indenture, including any Supplemental Indenture or enter into one or more Supplemental Indentures, in form satisfactory to the Indenture Trustee, for any of the following purposes:

(a) to evidence the succession or successive successions of another Financing Entity to the Issuer, and the assumption by any such successor of the covenants of the Issuer herein and in the Notes; or

(b) to add to the covenants of the Issuer, or to surrender any right or power herein conferred upon the Issuer by the Issuer, for the benefit of the Debtholders of any or all Series, Class or Tranche of Funding Obligations; or

(c) to cure any ambiguity, to correct or supplement any provision herein which may be inconsistent with any other provision herein, or to make any other provisions with respect to matters or questions arising under this Indenture; or

(d) to establish any form of Note, as provided in Article III, and to provide for the issuance of any Series, Class or Tranche of Notes as provided in Article IV and Article V and to set forth the terms thereof, and/or to add to the rights of the Noteholders of any Series, Class or Tranche; or

(e) to evidence and provide for the acceptance of appointment by another corporation as a successor Indenture Trustee hereunder; or

(f) to add any additional Early Amortization Events or Events of Default in respect of any or all Series, Class or Tranche of Funding Obligations; or

(g) to provide for the consolidation of any Financing Entity and the Issuer into a single Person or the transfer of assets in any Financing Entity to the Issuer; or

(h) if IESO is replaced under the Master Transfer and Servicing Agreement as Servicer, to make any necessary changes to this Indenture or any other related document; or

(i) to designate additional Collateral to the Issuer; or

(j) to provide for additional or alternative forms of Credit Enhancement for any Series, Class or Tranche of Funding Obligations; or

(k) to comply with any regulatory, accounting, securities or tax laws, rules, regulations or requirements, or changes to Rating Agency ratings criteria; or

(l) to enable the Issuer to file a Registration Statement (and any related exhibits thereto) for the offering of securities registered under the U.S. Securities Act and to comply with Regulation AB (including, without limitation, ongoing reporting obligations thereunder); or

(m) to qualify for sale treatment under generally accepted accounting principles.

Additionally, notwithstanding any provision of this Article XI to the contrary and in addition to clauses (a) through (m) above, the Issuer and the Indenture Trustee may amend this Indenture, including any Supplemental Indenture, to modify, eliminate or add to the provisions of this Indenture (i) to facilitate compliance with any amendment to any change of law or regulation which applies to the Issuer or the transactions governed by the Program Agreements, or (ii) to cause the provisions hereof to conform to or be consistent with or in furtherance of the statements made with respect to this Indenture in any applicable offering document; in each case, provided that the Issuer shall deliver to the Indenture Trustee an Issuer Certificate to the effect that (A) the Issuer reasonably believes that such amendment will not have a material adverse effect on the Specified Creditors or (B) such amendment is required to remain in compliance with any change of law or regulation which applies to the Issuer or the transactions governed by the Program Agreements, or such amendment is required to cause the provisions hereof to conform to or be consistent with or in furtherance of the statements made with respect to this Indenture in any applicable offering document.

Additionally, notwithstanding any provision of this Article XI to the contrary and in addition to clauses (a) through (m) above, this Indenture, including any Supplemental Indenture, may also be amended by the Issuer and the Indenture Trustee, without the consent of any of the Specified Creditors, for the purpose of (i) adding any provisions to, or changing in any manner or eliminating any of the provisions of, this Indenture or any Supplemental Indenture or (ii) modifying in any manner the rights of the Specified Creditors under this Indenture or any Supplemental Indenture; provided, however, that (i) the Issuer shall deliver to the Indenture Trustee an Issuer Certificate to the effect that the Issuer reasonably believes that such amendment will not have an Adverse Effect and is not reasonably expected to have an Adverse Effect at any time in the future, and (ii) the Rating Agency Condition shall be satisfied.

Additionally, notwithstanding any provision of this Article XI to the contrary and in addition to clauses (a) through (m) and the immediately preceding paragraph, this Indenture, including any Supplemental Indenture, may also be amended without the consent of the Indenture Trustee or any of the Specified Creditors, to provide for those changes necessary for compliance

with securities law requirements or banking laws or regulations; provided, however, that (i) the Issuer shall deliver to the Indenture Trustee an Issuer Certificate to the effect that the Issuer reasonably believes that such amendment will not have an Adverse Effect and is not reasonably expected to have an Adverse Effect at any time in the future, and (ii) the Rating Agency Condition shall be satisfied.

The Issuer shall send a copy of any amendment to this Indenture or any Supplemental Indenture to each Rating Agency.

The Indenture Trustee may, but shall not be obligated to, enter into any amendments which adversely affects the Indenture Trustee's rights, duties, benefits, protections, privileges or immunities under this Indenture or otherwise.

11.02 Supplemental Indentures with Consent of Debtholders

In addition to any amendment permitted pursuant to Section 11.01, with prior notice to each applicable Rating Agency and the consent of Debtholders of each Series of Funding Obligations affected by such amendment of this Indenture, including any Supplemental Indenture, by Ordinary Resolution delivered to the Issuer and the Indenture Trustee, the Issuer and the Indenture Trustee may enter into an amendment of this Indenture for the purpose of adding any provisions to, or changing in any manner or eliminating any of the provisions of, this Indenture or of modifying in any manner the rights of the Debtholders of each such Series of Funding Obligations under this Indenture or any Supplemental Indenture; provided, however, that no such amendment of this Indenture or any Supplemental Indenture will, without the consent of the Debtholders of each Funding Obligation affected thereby:

(a) change the scheduled payment date of any payment of interest on any Funding Obligation, or change an Scheduled Final Payment Date or Legal Maturity Date of any Funding Obligation;

(b) reduce the principal amount of, or the interest rate on any Note, or change the method of computing the Outstanding Dollar Principal Amount, the Outstanding Currency Specific Dollar Principal Amount or the Adjusted Outstanding Dollar Principal Amount in a manner that is adverse to any Debtholders;

(c) reduce the amount of a Discount Note payable upon the occurrence of an Early Amortization Event or other optional or mandatory redemption or upon the acceleration of its Legal Maturity Date;

(d) impair the right to institute suit for the enforcement of any payment on any Funding Obligation;

(e) reduce the percentage in Outstanding Dollar Principal Amount of Funding Obligations of any Series, the consent of whose holders is required for any such amendment, or the consent of whose holders is required for any waiver of compliance with the provisions of this Indenture or of defaults hereunder and their consequences, provided for in this Indenture;

(f) modify any of the provisions of this Section 11.02 or Section 8.03, except to increase any percentage of Debtholders required to consent to any such amendment or to provide that other provisions of this Indenture cannot be modified or waived without the consent of the Debtholders affected thereby;

(g) permit the creation of any Lien on the Collateral that is prior to the Security Interest;

(h) change any Place of Payment where any principal of, or interest on, any Note is payable, unless otherwise provided in the Related Funding Obligation Agreement;

(i) change the method of computing the amount of principal of, or interest on, any Note on any date; or

(j) make any other amendment not permitted by Section 11.01.

An amendment of this Indenture or a Supplemental Indenture which changes or eliminates any covenant or other provision of this Indenture which has expressly been included solely for the benefit of one or more particular Series of Funding Obligations, or which modifies the rights of the Debtholders of such Series with respect to such covenant or other provision, will be deemed not to affect the rights under this Indenture of the Debtholders of any other Series of Funding Obligations.

It will not be necessary for any Ordinary Resolution under this Section 11.02 to approve the particular form of any proposed amendment or Supplemental Indenture, but it will be sufficient if such Ordinary Resolution will approve the substance thereof.

11.03 Execution of Amendments and Supplemental Indentures

In executing or accepting the additional trusts created by any amendment of this Indenture or Supplemental Indenture permitted by this Article XI or the modifications thereby of the trusts created by this Indenture, the Indenture Trustee will be provided with, and (subject to Section 9.01) will be fully protected in relying upon, an Opinion of Counsel stating that the execution of such amendment or Supplemental Indenture is authorized or permitted by this Indenture and that all conditions precedent thereto have been satisfied. The Indenture Trustee may, but will not (except to the extent required in the case of an amendment or Supplemental Indenture entered into under subsection 11.01(e)) be obligated to, enter into any such amendment or Supplemental Indenture which affects the Indenture Trustee's own rights, duties or immunities under this Indenture or otherwise.

11.04 Effect of Amendments and Supplemental Indentures

Upon the execution of any amendment of this Indenture or any Supplemental Indenture under this Article XI, this Indenture and/or such Supplemental Indenture will be modified in accordance therewith with respect to each Series, Class or Tranche of Funding Obligations affected thereby, or all Funding Obligations, as the case may be, and such amendment or Supplemental Indenture will form a part of this Indenture and such Supplemental Indenture for all purposes; and every holder of Funding Obligations theretofore or thereafter incurred and every other Specified Creditor will be bound thereby to the extent provided therein.

11.05 Reference in Notes to Supplemental Indentures

Notes authenticated and delivered after the execution of any amendment of this Indenture or any Supplemental Indenture pursuant to this Article XI may, and will if required by the Indenture Trustee, bear a notation in form approved by the Indenture Trustee as to any matter provided for in such amendment or Supplemental Indenture. If the Issuer will so determine, new Notes so modified as to conform, in the opinion of the Indenture Trustee and the Issuer, to any such amendment or Supplemental Indenture may be prepared and executed by the Issuer and authenticated and delivered by the Indenture Trustee in exchange for Outstanding Notes.

ARTICLE XII
REPRESENTATIONS AND WARRANTIES OF THE ISSUER

12.01 Representations and Warranties of the Issuer

The Issuer hereby represents and warrants to the Indenture Trustee and shall be deemed to represent and warrant to the Indenture Trustee on the issuance of Notes of any particular Series, Class or Tranche hereunder, and upon each Borrowing under the applicable Funding Obligation Agreement, that:

(a) The Issuer is a Financing Entity.

(b) The indebtedness incurred pursuant to such issuance of Notes or Borrowing is a Funding Obligation.

(c) The Issuer is a trust duly constituted and validly existing under the laws of the Province of Ontario, is duly qualified to carry on its business in each jurisdiction in which it carries on business, has the power and authority to enter into and perform its obligations under this Indenture and the other Program Agreements executed by it and all instruments and agreements delivered pursuant hereto and thereto and to own its property and carry on its business as currently conducted including, without limitation, the power and authority and legal right to acquire Investment Interests, and has obtained all material licences, permits and approvals from all Governmental Authorities required in respect of its operations.

(d) The execution, delivery and performance of this Indenture, and at the time it enters into such document, the other Program Agreements executed by it and every instrument or agreement delivered pursuant hereto and thereto has been or will be duly authorized by all requisite action and this Indenture and such other Program Agreements, instruments and agreements have been or will be duly executed and delivered by the Issuer and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their respective terms subject to (i) applicable bankruptcy, insolvency, moratorium and similar laws at the time in effect affecting the rights of creditors generally, and (ii) equitable principles which may limit the availability of certain remedies, including the remedy of specific performance.

(e) There are no actions, suits or proceedings pending or, to the knowledge of the Issuer, threatened against or affecting the Issuer at law or in equity or before or by any Governmental Authority, or before any arbitrator of any kind, which would result in any material adverse change in the business, operations, prospects, properties, assets or condition, financial or otherwise, of the Issuer or in the ability of the Issuer to perform its obligations under this Indenture, the other Program Agreements executed by it or any agreement or instrument delivered pursuant hereto or thereto; and the Issuer is not aware of any existing ground on which such action, suit or proceeding might be commenced with any reasonable likelihood of success or in default with respect to any judgment, order, writ, injunction, decree, award, rule or regulation of any court, arbitrator or Governmental Authority, which, either separately or in the aggregate, would result in any such material adverse change.

(f) The Issuer is not a party to any agreement or instrument which materially adversely affects its ability to perform its obligations under this Indenture, the other Program Agreements executed by it or any agreements or instruments delivered pursuant hereto or thereto or materially adversely affects the business, operations, prospects, properties, assets or condition, financial or otherwise of the Issuer.

(g) The Issuer is not subject to any restriction or any judgment, order, writ, injunction, decree, award, rule or regulation which materially adversely affects, or in the future may materially adversely affect, the business, operations, prospects, properties, assets or condition, financial or otherwise of the Issuer or its ability to perform its obligations under this Indenture, the other Program Agreements executed by it or any agreements or instruments delivered pursuant hereto or thereto.

(h) Neither the execution nor delivery of this Indenture, the other Program Agreements executed by it or any agreements or instruments delivered pursuant hereto or thereto, the consummation of the transactions herein and therein contemplated, nor compliance with the terms, conditions and provisions hereof or thereof conflicts with or will conflict with, or results or will result in any breach of, or constitutes a default under, any of the provisions of the Declaration of Trust or any agreements or instruments to which the Issuer is a party or by which it or any of its property and assets are bound, or results or will result in the creation or imposition of any Lien of any nature whatsoever upon any of the property or assets of the Issuer in contravention of any applicable law, rule or regulation of Canada or of any of the provinces or territories of Canada.

(i) No consent, approval or authorization of, or declaration, registration, filing or qualification with, or giving of notice to, or taking of any other action in respect of, any Governmental Authority on the part of the Issuer is required in connection with the execution and delivery of this Indenture, the other Program Agreements executed by it or any agreements or instruments delivered pursuant hereto or thereto or the consummation of any of the transactions contemplated hereby or in connection with the enforcement of this Indenture, the other Program Agreements

executed by it or any agreements or instruments delivered pursuant hereto or thereto (except those which have been obtained).

ARTICLE XIII
COVENANTS OF THE ISSUER

13.01 Payment of Principal and Interest

With respect to each Series, Class or Tranche of Funding Obligations, the Issuer will duly and punctually pay the principal of and interest on such Funding Obligations in accordance with their terms, this Indenture and any Related Funding Obligation Agreement, and will duly comply with all the other terms, agreements and conditions contained in, or made in this Indenture and any Funding Obligation Agreement. The payment of principal and interest on each Series, Class or Tranche of Funding Obligations will be primarily based on the performance of the Investment Asset and, except for interest rate or currency mismatches, will not be contingent on market or credit events that are independent of the Investment Asset.

13.02 Use of Proceeds

The Issuer will use the proceeds of Notes and Borrowings solely for: (i) the acquisition by the Issuer of an Investment Interest; (ii) the refinancing of any existing Funding Obligations; and (iii) the payment of transaction fees and expenses in connection with the incurrence of Funding Obligations.

13.03 Maintenance of Office or Agency

The Issuer will maintain an office or agency in each Place of Payment where Notes may be presented or surrendered for payment, where Notes may be surrendered for transfer or exchange and where notices and demands to or upon the Issuer in respect of the Notes and this Indenture may be served. The Issuer will give prompt written notice to the Indenture Trustee of the location, and of any change in the location, of such office or agency. If at any time the Issuer will fail to maintain such office or agency or will fail to furnish the Indenture Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Indenture Trustee, and the Issuer hereby appoints the Indenture Trustee its agent to receive all such presentations, surrenders, notices and demands.

The Issuer may also from time to time designate one or more other offices or agencies where the Notes of one or more Series, Classes or Tranches may be presented or surrendered for any or all of such purposes specified above and may constitute and appoint one or more Paying Agents for the payments of such Notes, in one or more other cities, and may from time to time rescind such designations and appointments; provided, however, that no such designation, appointment or rescission shall in any matter relieve the Issuer of its obligations to maintain an office or agency in each Place of Payment for Notes of any Series, Class or Tranche for such purposes. The Issuer will give prompt written notice to the Indenture Trustee of any such designation or rescission and of any change in the location of any such other office or agency. Unless and until the Issuer rescinds one or more of such appointments, the Issuer hereby appoints the Indenture Trustee, at its principal office, as its Paying Agent in Toronto, Ontario with respect

to all Series, Classes and Tranches of Notes having a Place of Payment in the City of Toronto, Ontario.

13.04 Legal Existence

The Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its legal existence and maintain its status as a Financing Entity.

13.05 Separateness Covenants

The Issuer will take all reasonable steps to maintain the Issuer's identity as a distinct entity with assets and liabilities distinct from those of the Manager or the Administrative Agent and any of their respective Affiliates. Without limiting the generality of the foregoing and in addition to the other covenants set forth herein, the Issuer shall:

(a) not identify the offices of the Manager or the Administrative Agent or any Affiliate thereof as its offices (by signage or otherwise);

(b) not identify the telephone number of the Manager or the Administrative Agent as its telephone number and it will not utilize the stationery, invoices or cheques of the Manager or the Administrative Agent;

(c) conduct all transactions with the Manager or the Administrative Agent strictly on an arm's length basis and in good faith, allocate all overhead expenses for items shared between the Issuer and the Manager or the Administrative Agent on the basis of actual use to the extent practicable and, to the extent such allocation is not practicable, on a basis reasonably related to actual use;

(d) conduct its affairs strictly in accordance with the Declaration of Trust, and observe all necessary, appropriate and trust formalities;

(e) maintain the Issuer's books and records separate from those of the Manager or the Administrative Agent or any Affiliate thereof and otherwise readily identifiable as its own assets rather than assets of the Manager, the Administrative Agent or any Affiliate thereof;

(f) prepare its financial statements separately from those of the Manager or the Administrative Agent and ensure that any consolidated financial statements of the Manager or the Administrative Agent that include the Issuer have notes clearly stating that the Issuer is a separate entity;

(g) only maintain bank accounts or other depository accounts to which the Issuer alone is the account party (or where the Issuer Trustee or the Indenture Trustee will maintain them on behalf of the Issuer), and from which only the Issuer or its agent has the power to make withdrawals;

(h) pay all of the Issuer's operating expenses from the Issuer's own assets;

(i) continuously maintain the resolutions, agreements and other instruments of the Issuer underlying the transactions described in the Program Agreements as official records of the Issuer separately identified and held apart from the records of the Manager or the Administrative Agent;

(j) maintain its property in such a manner that it is not costly or difficult to segregate, ascertain or otherwise identify its individual assets from or against those of the Manager, the Administrative Agent or any Affiliate thereof;

(k) not become liable to any Person for any obligations of the Manager, the Administrative Agent or any Affiliate thereof; and

(l) pay all of its operating expenses from its own property.

13.06 Compliance with Laws

The Issuer will comply with the requirements of all applicable laws, the noncompliance with which would, individually or in the aggregate, materially and adversely affect the ability of the Issuer to perform its obligations under the Program Agreements.

13.07 Performance of Obligations

The Issuer will punctually perform and observe all of its obligations and agreements contained in this Indenture, the Declaration of Trust and in the instruments and agreements (including but not limited to, the Master Transfer and Servicing Agreement) relating to the Collateral, including but not limited to filing or causing to be filed all PPSA financing statements and amendments thereto required to be filed by the terms of this Indenture in accordance with and within the time periods provided for herein. **[If the Issuer is required to distribute net income in accordance with the Declaration of Trust at any time that it is restricted from distributing funds pursuant to any other provision of this Indenture, the Issuer shall distribute such net income by the issuance of additional units to its unitholders in accordance with the Declaration of Trust.]**

13.08 Funding Obligations

The Issuer will ensure that all indebtedness is incurred pursuant to and in accordance with Article V.

13.09 Financial Statements

The Issuer will deliver or cause to be delivered to the Indenture Trustee and the Rating Agencies within 140 days after the end of each fiscal year audited financial statements of the Issuer for the fiscal year, including the balance sheet and statements of income, retained earnings and changes in financial position of the Issuer and within 90 days after the end of each fiscal quarter, other than the fiscal quarter of the Issuer ending on the fiscal year end of the Issuer, unaudited financial statements of the Issuer for such fiscal quarter of the Issuer, including the balance sheet and statements of income, retained earnings and changes in financial position of the Issuer.

13.10 Statement as to Compliance

The Issuer will deliver to the Indenture Trustee and the Rating Agencies, on or before **[March 31]** of each year, beginning in 2018, a written statement signed by a Responsible Officer of the Issuer stating that:

(a) a review of the activities of the Issuer during the prior year and of the Issuer's performance under this Indenture and under the terms of the Notes has been made under such Authorized Officer's supervision; and

(b) to the best of such Authorized Officer's knowledge, based on such review, the Issuer has complied in all material respects with all conditions and covenants under this Indenture throughout such year, or, if there has been a material default in the fulfillment of any such condition or covenant (without regard to any grace period or requirement of notice), specifying each such default known to such Authorized Officer and the nature and status thereof.

13.11 Monthly Specified Creditor Statement

On each Payment Date, the Issuer will, in cooperation with the Manager, complete and deliver to the Indenture Trustee and the Paying Agent (with a copy to each Rating Agency), a Monthly Specified Creditor Statement.

13.12 Payment Instruction

Promptly after the receipt by the Issuer of each Monthly Report under the Master Transfer and Servicing Agreement, the Issuer will, in cooperation with the Manager, complete the Payment Instruction and deliver a copy thereof to the Indenture Trustee and the Paying Agent (if such Paying Agent is not the Indenture Trustee).

13.13 Notice of Events of Default

The Issuer agrees to give the Indenture Trustee and the Rating Agencies prompt written notice of each Event of Default hereunder and each breach on the part of the Issuer or the Servicer of its respective obligations under the Master Transfer and Servicing Agreement and any default of a Derivative Counterparty.

13.14 Issuer To Furnish Indenture Trustee Names and Addresses of Specified Creditors

The Issuer will furnish or cause to be furnished to the Indenture Trustee:

(a) not more than 15 days after each Record Date, in such form as the Indenture Trustee may reasonably require, a list of the names and addresses of the Registered Noteholders of such Series, Classes or Tranches as of such date, and

(b) at such other times as the Indenture Trustee may request in writing, within 30 days after the receipt by the Issuer of any such request, a list of similar form and content as of a date not more than 15 days before the time such list is furnished;

provided, however, that so long as the Indenture Trustee is the Note Registrar, no such list shall be required to be furnished. Upon written request from the Indenture Trustee, within **[30]** days after the receipt by the Issuer of any such request, the Issuer will furnish or cause to be furnished to the Indenture Trustee a list of the names and addresses of all other Specified Creditors.

13.15 Other Positive Covenants

The Issuer will:

(a) In the event that the Issuer shall be required to file tax returns, the Administrative Agent shall prepare or shall cause to be prepared such tax returns and shall provide such tax returns to the Issuer for signature at least **[five (5) Business Days]** before such tax returns are due to be filed. The Issuer, in accordance with the terms of each applicable Supplemental Indenture, shall also prepare or shall cause to be prepared all tax information required by applicable law to be distributed to any Noteholder and shall deliver such information to the Indenture Trustee at least **[5 days]** prior to the date it is required by applicable law to be distributed to any Noteholder. The Indenture Trustee, upon written request, will furnish the Administrative Agent with all such information known to the Indenture Trustee as may be reasonably requested and required in connection with the preparation of all tax returns of the Issuer, and shall, upon request, execute such returns. In no event shall the Administrative Agent, the Indenture Trustee or the Issuer Trustee be personally liable for any liabilities, costs or expenses of the Issuer or any Noteholder arising under any tax law, including without limitation, federal, state, provincial, territorial or local income or excise taxes or any other tax imposed on or measured by income (or any interest or penalty with respect thereto arising from a failure to comply therewith);

(b) pay or cause to be paid all taxes, government fees and dues levied, assessed or imposed upon the Issuer and its property or any part thereof, as and when the same become due and payable; provided that the Issuer may protest the payment of any such taxes, fees or dues if it is acting in good faith and if it either provides the Indenture Trustee with cash in an amount sufficient to satisfy the same or otherwise satisfies the Indenture Trustee that its interests are not prejudiced thereby and the Rating Agency Condition is satisfied;

(c) upon the written request of the Indenture Trustee, use reasonable commercial efforts, following any (i) termination or resignation of the Servicer, the Administrative Agent, the Manager or the Paying Agent or, in each case, any successor thereof; or (ii) termination, non-renewal or expiry of a Liquidity Agreement or a Credit Enhancement Agreement (other than, in the latter case, a termination, non-renewal or expiry which occurs because neither party thereto has any further obligation thereunder), to appoint and enter into an agreement with a successor to such Servicer, Administrative Agent, Manager or Paying Agent, or replace or renew such Liquidity Agreement or Credit Enhancement Agreement, in form and substance the same as the applicable provisions in the relevant, previously existing Program Agreement and will notify the Indenture Trustee and the Rating

Agencies of each such occurrence and new agreement, and will execute and deliver all Supplemental Indentures and amendments hereto and all instruments of further assurance and other instruments and will take other and further action as the Indenture Trustee, relying on the advice of Counsel, may consider necessary or advisable to assign and render subject to this Indenture any such agreement; and

(d) deliver or cause to be delivered to the Indenture Trustee and the Rating Agencies on a confidential basis (excepting only, on the part of the Rating Agencies, for purposes of rating the securities of the Issuer) such financial statements, reports and other information relating to the conduct of the business and affairs of the Issuer as the Indenture Trustee and the Rating Agencies may reasonably require including, without limitation, information pertaining to any actual or anticipated Event of Default or other event which could reasonably be anticipated to have a material adverse effect on the affairs of the Issuer and copies of all Program Agreements (including any amendments thereto) in effect from time to time.

13.16 Rule 144A Information

For so long as any of the Notes of any Series, Class or Tranche are "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Exchange Act, the Issuer agrees to provide to any Noteholder of such Series, Class or Tranche and to any prospective purchaser of Notes designated by such Noteholder, upon the request of such Noteholder or prospective purchaser, any information required to be provided to such Noteholder or prospective purchaser to satisfy the conditions set forth in Rule 144A(d)(4) under the Securities Exchange Act.

13.17 Further Instruments and Acts

Upon request of the Indenture Trustee or as necessary, the Issuer will execute and deliver such further instruments and do such further acts (including, but not limited to, disclosing or causing to be disclosed information) as may be reasonably necessary or proper to carry out more effectively the purpose of this Indenture.

13.18 No Other Business

The Issuer will not engage in any business other than as permitted under the Declaration of Trust or the other Program Agreements and activities ancillary thereto.

13.19 Amendments to Program Agreements

(a) The Issuer will not:

(i) amend, supplement, modify, restate or replace or waive or consent to a postponement of compliance with the terms and conditions on the part of the other party to any of the Program Agreements (other than this Indenture and the Declaration of Trust) if any such supplementation, amendment, modification, restatement or replacement or waiver or consent could reasonably be considered to be materially prejudicial to the rights or

interests of any Specified Creditor, except as expressly permitted by such Specified Creditor, and unless the Rating Agency Condition is satisfied;

(ii) consent, if consent is required, to the resignation of (i) the Administrative Agent under the Administrative Services Agreement; or (ii) the Manager under the Management Agreement unless the Rating Agency Condition is satisfied;

(b) Subject to the provisions of the Declaration of Trust, without the consent of Debtholders or the Indenture Trustee, the Issuer Trustee may amend the Declaration of Trust so long as such amendment will not have an Adverse Effect and is not reasonably expected to have an Adverse Effect at any time in the future. Subject to the provisions of the Declaration of Trust, with the consent of Debtholders affected by such amendment, by Ordinary Resolution delivered to the Indenture Trustee, the Issuer Trustee may amend the Declaration of Trust for the purpose of adding, changing or eliminating any provisions of the Declaration of Trust or of modifying the rights of those Debtholders.

13.20 Issuer May Consolidate, Etc., Only on Certain Terms

(a) The Issuer shall not consolidate or merge with or into any other Person, unless:

(i) the Person (if other than the Issuer) formed by or surviving such consolidation or merger shall (A) be a Financing Entity, (B) be organized and existing under the laws of Canada or any province or territory thereof, (C) not be subject to regulation as an "investment company" under the Investment Company Act, and (D) expressly assume, pursuant to an assumption agreement or supplement executed and delivered to the Indenture Trustee, in a form satisfactory to the Indenture Trustee, the due and punctual payment of all Obligations Secured then outstanding and the performance or observance of every agreement and covenant of this Indenture on the part of the Issuer to be performed or observed;

(ii) immediately after giving effect to such transaction, no Event of Default or Early Amortization Event shall have occurred and be continuing;

(iii) the Issuer shall have delivered to the Indenture Trustee an Issuer Certificate and an Opinion of Counsel each stating that (i) such consolidation or merger and the agreements delivered in connection therewith comply with this Section 13.20, (ii) all conditions precedent in this Section 13.20 relating to such transaction have been complied with, and (iii) each agreement delivered in connection with such consolidation or merger is duly authorized, executed and delivered and is valid, binding and enforceable against such Person;

(iv) the Rating Agency Condition shall have been satisfied with respect to such consolidation or merger;

(v) any action that is necessary to maintain the Security Interest shall have been taken; and

(vi) such Person is not a Non-resident.

(b) The Issuer shall not convey or transfer any of its properties or assets, including those included in the Collateral, substantially as an entirety to any Person, unless:

(i) the Person that acquires by conveyance or transfer the properties and assets of the Issuer the conveyance or transfer of which is hereby restricted shall (A) be a Financing Entity, (B) be organized and existing under the laws of Canada or any province or territory thereof, (C) expressly assume, pursuant to an assignment and assumption agreement or supplement executed and delivered to the Indenture Trustee, in a form satisfactory to the Indenture Trustee, the due and punctual payment of all Obligations Secured and the performance or observance of every agreement and covenant of this Indenture on the part of the Issuer to be performed or observed, (D) expressly agree, by means of such assignment and assumption agreement or supplement, that all right, title and interest so conveyed or transferred is subject and subordinate to the Security Interest, (E) expressly agree, by means of such assignment and assumption agreement or supplement, that such Person (or if a group of Persons, then one specified Person) shall make all filings with the Commission (and any other appropriate Person) required by the Securities Exchange Act in connection with the Notes, and (F) not be subject to regulation as an "investment company" under the Investment Company Act;

(ii) immediately after giving effect to such transaction, no Event of Default or Early Amortization Event shall have occurred and be continuing;

(iii) the Rating Agency Condition shall have been satisfied with respect to such conveyance or transfer;

(iv) any action that is necessary to maintain the Security Interest shall have been taken; and

(v) the Issuer shall have delivered to the Indenture Trustee an Issuer Certificate and an Opinion of Counsel each stating that such conveyance or transfer and such assignment and assumption agreement or supplement complies with this Section 13.20 and that all conditions precedent herein provided for relating to such transaction have been complied with.

13.21 Successor Substituted

Upon any consolidation or merger, or any conveyance or transfer of the properties and assets of the Issuer substantially as an entirety in accordance with Section 13.20, the Person formed by or surviving such consolidation or merger (if other than the Issuer) or the Person to which such conveyance or transfer is made shall succeed to, and be substituted for, and may exercise every

right and power of, the Issuer under this Indenture with the same effect as if such Person had been named as the Issuer herein. In the event of any such conveyance or transfer, the Person named as the Issuer in the first paragraph of this Indenture or any successor which shall theretofore have become such in the manner prescribed in this Section 13.21 shall be released from its obligations under this Indenture as issued immediately upon the effectiveness of such conveyance or transfer, provided that the Issuer shall not be released from any obligations or liabilities to the Indenture Trustee or the Debtholders arising prior to such effectiveness.

13.22 Guarantees, Loans, Advances and Other Liabilities

Except as contemplated by this Indenture or the Declaration of Trust, the Issuer shall not make any loan or advance or credit to, or guarantee (directly or indirectly or by an instrument having the effect of assuring another's payment or performance on any obligation or capability of so doing or otherwise), endorse or otherwise become contingently liable, directly or indirectly, in connection with the obligations, stocks or dividends of, or own, purchase, repurchase or acquire (or agree contingently to do so) any stock, obligations, assets or securities of, or any other interest in, or make any capital contribution to, any other Person.

13.23 Capital Expenditures

The Issuer shall not make any expenditure (by long-term or operating lease or otherwise) for capital assets.

13.24 Restricted Payments

The Issuer shall not, directly or indirectly, (i) pay any dividend or make any distribution (by reduction of capital or otherwise), whether in cash, property, securities or a combination thereof, to any owner of a beneficial interest in the Issuer or otherwise with respect to any ownership or equity interest or security in or of the Issuer, (ii) redeem, purchase, retire or otherwise acquire for value any such ownership or equity interest or security, or (iii) set aside or otherwise segregate any amounts for any such purpose; provided, however, that the Issuer may make, or cause to be made, (x) distributions as contemplated by, and to the extent funds are available for such purpose under, the Declaration of Trust, the Management Agreement or the Administrative Services Agreement, in each case, subject to Sections 7.04, 8.13 and 13.07, (y) payments to the Indenture Trustee pursuant to Sections 9.05 and 13.27, and (z) non-cash distributions of taxable income to its beneficiaries in accordance with Section 13.07. The Issuer will not, directly or indirectly, make payments to or distributions from the Collection Account except in accordance with this Indenture.

13.25 No Borrowing

The Issuer will not issue, incur, assume, guarantee or otherwise become liable, directly or indirectly, for any additional indebtedness, except for Funding Obligations and pursuant to the Program Agreements.

13.26 Other Negative Covenants

The Issuer will not:

(a) claim any credit on, or make any deduction from the principal or interest payable in respect of, the Notes (other than amounts withheld in good faith from such payments under the Income Tax Act or other applicable tax law including foreign withholding);

(b) permit the validity or effectiveness of this Indenture to be impaired, or permit the Security Interest to be amended, hypothecated, subordinated, terminated or discharged, or permit any Person to be released from any covenants or obligations hereunder with respect to the Funding Obligations except as may be expressly permitted hereby;

(c) permit any Lien (other than the Security Interest) to be created on or extend to or otherwise arise upon or burden the Collateral or any part thereof or any interest therein or the proceeds thereof;

(d) sell, transfer, exchange or otherwise dispose of any of the Collateral;

(e) release any security or guarantee in respect of the Collateral;

(f) voluntarily dissolve or liquidate; or

(g) take any action that would cause it to be treated as engaged in a "trade or business within the United States" within the meaning of applicable U.S. tax law interpreting section 864 of the Internal Revenue Code or its successor or predecessor provisions.

13.27 Indenture Trustee May Perform Covenants.

If the Issuer fails to perform any of its covenants herein contained, the Indenture Trustee may, subject to the receipt of indemnification and funding reasonably acceptable to the Indenture Trustee as provided in Section 9.02(d), itself perform the covenant if the covenant is capable of being performed by the Indenture Trustee and, if the covenant requires the payment or expenditure of money, the Indenture Trustee may make the payment or expenditure with its own funds or with money borrowed by or advanced to it for such purpose, but will be under no obligation so to do; and all sums so expended or advanced will bear interest at the rate of interest charged to the Indenture Trustee by its bankers from the date of expenditure until repayment and will (together with such interest) be paid by the Issuer upon demand and will until paid form part of the Obligations Secured and constitute a Lien on the Collateral to which such covenant related in priority to the Security Interest and will be payable out of any funds coming into possession of the Indenture Trustee hereunder. No performance or payment will be deemed to relieve the Issuer from the consequences of the occurrence of any Event of Default hereunder.

ARTICLE XIV
EARLY AMORTIZATION OF FUNDING OBLIGATIONS

14.01 Applicability of Article

Unless otherwise specified in the Related Funding Obligation Agreement, the Issuer will redeem and pay, provided that funds are available and subject to the allocation provisions of Section 7.04 and, with respect to Associated Subordinated Funding Obligations or Associated Junior Subordinated Funding Obligations, the subordination provisions of Article VI or the Senior Funding Obligations of that Series, each affected Series, Class or Tranche of Funding Obligations upon the occurrence of any Early Amortization Event. Unless otherwise specified in the Related Funding Obligation Agreement, the following are "**Early Amortization Events**":

(a) with respect to any Series, Class or Tranche of Notes, the occurrence of the Scheduled Final Payment Date of such Series, Class or Tranche of Notes;

(b) the Issuer becomes an "investment company" within the meaning of the Investment Company Act;

(c) the occurrence of an Insolvency Event relating to the Servicer or the Manager; or

(d) with respect to any Series, Class or Tranche of Funding Obligations, any additional Early Amortization Event specified in the Related Funding Obligation Agreement as applying to such Series, Class or Tranche of Funding Obligations;

provided that in the case of any event described in subparagraphs (b) and (c), an Early Amortization Event shall occur with respect to each Series, Class or Tranche of Funding Obligations without any notice or other action on the part of the Indenture Trustee or the Debtholders immediately upon the occurrence of such event. In the case of any event described in subparagraphs (a) and (d) (unless otherwise specified in the Related Funding Obligation Agreement), an Early Amortization Event shall occur with respect to the applicable Series, Class or Tranche without any notice or other action on the part of the Indenture Trustee or the applicable Debtholders immediately upon the occurrence of such event.

The repayment price of a Series, Class or Tranche of Funding Obligations so redeemed will equal the Outstanding Currency Specific Dollar Principal Amount (in the case of Notes that are Foreign Currency Notes) or the Outstanding Dollar Principal Amount (in the case of Funding Obligations that are not Foreign Currency Notes) of such Series, Class or Tranche, plus accrued, past due and additional interest to but excluding the date of repayment, the payment of which will be subject to Article VI, Article VII and Article VIII, if applicable, and the Related Funding Obligation Agreement.

If the Issuer is unable to pay the repayment price in full on the Payment Date following the end of the Monthly Period in which the Early Amortization Event occurs, monthly payments on such Series, Class or Tranche of Funding Obligations will thereafter be made on each following Payment Date until the principal amount of such Series, Class or Tranche, plus all accrued, past due and additional interest, is paid in full or the Legal Maturity Date occurs, whichever is earlier, subject to Article VI, Article VII and Article VIII, if applicable, and the Related Funding

Obligation Agreement. Any funds in any Issuer Account for a repaid Series, Class or Tranche will be applied to make the principal and interest payments on that Series, Class or Tranche on the repayment date, subject to Article VI, Article VII and Article VIII, if applicable, and the Related Funding Obligation Agreement.

14.02 Notice

Promptly after the occurrence of any Early Amortization Event, the Issuer will notify the Indenture Trustee and the Rating Agencies in writing of the identity, Outstanding Dollar Principal Amount and Outstanding Currency Specific Dollar Principal Amount of the affected Series, Class or Tranche of Funding Obligations to be redeemed. Notice of redemption will promptly be given as provided in Article XVI. All notices of redemption will state (a) the date on which the redemption of the applicable Series, Class or Tranche of Funding Obligations pursuant to this Article XIV will begin, which will be the Payment Date next following the end of the Monthly Period in which the applicable Early Amortization Event occurs, (b) the repayment price for such Series, Class or Tranche of Funding Obligations, and (c) the Series, Class or Tranche of Funding Obligations to be redeemed pursuant to this Article XIV.

ARTICLE XV
MANAGEMENT AGREEMENT, ADMINISTRATIVE SERVICES AGREEMENT, LIQUIDITY AGREEMENTS AND CREDIT ENHANCEMENT AGREEMENTS

15.01 Management Agreement and Administrative Services Agreement

The Indenture Trustee acknowledges that the Issuer has entered into the Management Agreement and the Administrative Services Agreement which provide, among other things, for the provision of certain services and the performance by the Manager and Administrative Agent, respectively, of certain obligations of the Issuer under this Indenture connected with the Issuer Investment Interest, the incurrence of Funding Obligations and all registrations required pursuant to Section 4.05. Accordingly, any obligation of the Issuer hereunder performed by the Manager or the Administrative Agent on behalf of the Issuer will be deemed to have been performed by the Issuer and any payments referred to hereunder received or received and applied against the Funding Obligations by the Manager on behalf of the Issuer will be deemed to have been received or received and applied by the Issuer. The Indenture Trustee may act and rely on any instrument or report referred to hereunder prepared by the Manager or the Administrative Agent on behalf of the Issuer as if the instrument or report had been prepared by the Issuer.

15.02 Liquidity Agreements

The Indenture Trustee acknowledges that the Issuer may enter into one or more Liquidity Agreements which may either provide certain liquidity facilities to the Issuer or permit the Issuer to require the purchase of certain Notes by the Lender(s) thereunder. A Lender under a Liquidity Agreement is only obligated to advance funds to or purchase Notes from the Issuer in the event that all conditions precedent to such advance or purchase, as provided in this Indenture and its respective Liquidity Agreement, are met.

15.03 Credit Enhancement Agreements

The Indenture Trustee acknowledges that the Issuer may enter into one or more Credit Enhancement Agreements which provide, among other things, for the right of the Issuer, the Indenture Trustee or the Manager, as attorney for the Issuer, to make drawings on Credit Enhancers for the purpose of paying maturing Funding Obligations and repaying Borrowings under the Liquidity Agreements. The Indenture Trustee hereby appoints the Manager as the Indenture Trustee's attorney, with full authority in the place and stead of and in the name of the Indenture Trustee or otherwise, from time to time to make any drawings pursuant to a Credit Enhancement Agreement (provided that written notice of any drawings shall be given by the Manager to the Indenture Trustee) and, in that connection, to execute and deliver all such documents, instruments and certificates including, without limitation, any drawing certificates required to be delivered to a Credit Enhancer at the time any drawing is made, and to do all such further acts and things and to take all such proceedings as the Manager in its sole discretion deems necessary or desirable to enforce compliance by a Credit Enhancer with the terms of a Credit Enhancement Agreement.

ARTICLE XVI
NOTICES

16.01 Notice to Issuer

Any notice, document or other communication required or permitted to be given or delivered to the Issuer hereunder will be in writing and will be valid and effective if given by delivery to the addresses indicated below or by facsimile or email transmission at such addresses (with, in the case of facsimile or email transmission, receipt confirmed, either by telephone, reply facsimile or reply email, or, in the case of email transmission, through the email software itself) and such notice, document or other communication shall be deemed to have been received, if given by delivery, on the day of delivery, and, if sent by facsimile or email transmission, on the day receipt thereof has been confirmed in accordance with the provisions of this Section 16.01. Such notice shall, if given on a day other than a Business Day or after the normal business hours of the recipient on a Business Day, be deemed to have been given on the next Business Day:

[Issuer]
c/o Ontario Power Generation Inc.
100 University Avenue, 11th Floor
Toronto, Ontario M5J 2Y1
Attention: [■]
Fax: (416) [■]
Email: [■]

with copies to:

[Issuer Trustee], in its capacity as Issuer Trustee for [Issuer]
[Address]

[■]

16.02 Notice to the Indenture Trustee

Any notice, document or other communication require or permitted to be given or delivered to the Indenture Trustee hereunder will be in writing and will be valid and effective if given by delivery to the address indicated below or by facsimile transmission at such address (with, in the case of facsimile transmission, receipt confirmed, either by telephone or reply facsimile) and such notice, document or other communication shall be deemed to have been received, if given by delivery, on the day of delivery, and, if sent by facsimile transmission, on the day receipt thereof has been confirmed in accordance with the provisions of this Section 16.02. Such notice shall, if given on a day other than a Business Day or after the normal business hours of the Indenture Trustee on a Business Day, be deemed to have been given on the next Business Day:

[Indenture Trustee]
[Address]
Attention: [■]
Fax: [■]

16.03 Notice to Noteholders

(a) Any notice, document or other communication required or permitted to be given or delivered hereunder to Registered Noteholders will be deemed to be validly given if sent to a destination within Canada by first class mail and if sent to a destination outside of Canada by airmail, postage prepaid in each case, or sent by facsimile transmission or email transmission, addressed in each case to the Registered Noteholder at its address appearing in the Note Register, not later than the latest date, and not earlier than the earliest date, prescribed for the giving of such notice. In any case where notice to Registered Noteholders is given by mail, facsimile or electronic transmission, neither the failure to mail, send by facsimile or send by electronic transmission such notice, nor any defect in any notice so mailed, to any particular Noteholders will affect the sufficiency of such notice with respect to other Noteholders and any notice that is mailed, sent by facsimile or sent by electronic transmission in the manner herein provided shall conclusively have been presumed to have been duly given.

(b) No notice will be given by mail, facsimile, email transmission or otherwise delivered to a holder of Bearer Notes or coupons in bearer form. In the case of any Series, Class or Tranche with respect to which any Bearer Notes are Outstanding, any notice required or permitted to be given to holders of such Bearer Notes will be published in an Authorized Newspaper within the time period prescribed in this Indenture or the Related Supplemental Indenture.

(c) In case, by reason of the suspension of regular mail service as a result of a strike, work stoppage or otherwise, it will be impractical to mail notice of any event to any holder of a Registered Note when such notice is required to be given pursuant to

any provision of this Indenture, then any method of notification as will be satisfactory to the Indenture Trustee and the Issuer will be deemed to be a sufficient giving of such notice.

(d) With respect to any Series, Class or Tranche of Notes, the Related Supplemental Indenture may specify different or additional means of giving notice to the Noteholders of such Series, Class or Tranche.

(e) Where this Indenture, any Supplemental Indenture or any Registered Note provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver will be the equivalent of such notice. Waivers of notice by Registered Noteholders will be filed with the Indenture Trustee, but such filing will not be a condition precedent to the validity of any action taken in reliance upon such waiver.

16.04 Notice to Other Specified Creditors

Any notice, document or other communication required or permitted to be given or delivered to (i) a Lender will be given in accordance with the relevant Liquidity Agreement or Loan Agreement; (ii) a Credit Enhancer will be given in accordance with the relevant Credit Enhancement Agreement; (iii) the Administrative Agent will be given in accordance with the Administrative Services Agreement; (iv) the Manager will be given in accordance with the Management Agreement; (v) a counterparty to an Underwriting Agreement, Agency Agreement or Note Purchase Agreement will be given in accordance with the relevant Underwriting Agreement, Agency Agreement or Note Purchase Agreement; (vi) a Derivative Counterparty will be given in accordance with the relevant Derivative Agreement; and (vii) any other Specified Creditor will be given in accordance with the relevant Program Agreement.

16.05 Notice to Rating Agencies

Any notice, document or other communication required or permitted to be given or delivered to the Rating Agencies hereunder will be in writing and will be given by delivery to the applicable addresses provided to the Issuer by the Rating Agencies or by facsimile or electronic transmission. Any such notice shall, if given on a day other than a Business Day or after the normal business hours of the recipient on a Business Day, be deemed to have been given on the next Business Day.

16.06 Change of Address

Any Person referenced above may from time to time notify any other interested Person, in accordance with the provisions hereof, of any change of address which thereafter, until changed by like notice, shall be the address of such Person for all purposes of this Indenture. Where this Indenture provides for notice to any Rating Agency, failure to give such notice will not affect any other rights or obligations created hereunder and will not under any circumstance constitute an Adverse Effect.

ARTICLE XVII
MISCELLANEOUS

17.01 No Petition

The Indenture Trustee, by entering into this Indenture, and each Specified Creditor by accepting its rights as a third party beneficiary hereunder, agrees, to the fullest extent permitted by applicable law, that at no time until one year and one day following repayment in full of all Funding Obligations shall it commence, or join in commencing, a bankruptcy case or other insolvency or similar proceeding under the laws of any jurisdiction against the Issuer.

17.02 U.S. Tax Treatment

The Issuer and each Noteholder that is a United States Person agree that the Notes are intended to be debt for United States federal, state and local income and franchise tax purposes and agree to treat the Notes accordingly for all such purposes, unless otherwise required by a taxing authority. Each Noteholder that is a United States Person further agrees that it will cause any Note Owner that is a United States Person acquiring an interest in a Note through it to comply with this Indenture as to treatment as indebtedness for United States federal, state and local income and franchise tax purposes as described in this Section 17.02.

17.03 Alternate Payment Provisions

Notwithstanding any provision of this Indenture or any of the Notes to the contrary, the Issuer, with the written consent of the Indenture Trustee, may enter into any agreement with any Noteholder providing for a method of payment or notice that is different from the methods provided for in this Indenture for such payments or notices. The Issuer will furnish to the Indenture Trustee a copy of each such agreement and the Indenture Trustee will cause payments or notices, as applicable, to be made in accordance with such agreements.

17.04 Final Distribution

(a) The Issuer shall give the Indenture Trustee at least 30 days written notice of the Payment Date on which the Noteholders of any Series, Class or Tranche may surrender their Notes for payment of the final distribution on and cancellation of such Notes. Not later than the fifth day of the month in which the final distribution in respect of such Series, Class or Tranche is payable to Noteholders, the Indenture Trustee shall provide notice to Noteholders of such Series, Class or Tranche specifying (i) the date upon which final payment of such Series, Class or Tranche will be made upon presentation and surrender of Notes of such Series, Class or Tranche at the office or offices therein designated, (ii) the amount of any such final payment, and (iii) that the Record Date otherwise applicable to such payment date is not applicable, payments being made only upon presentation and surrender of such Notes at the office or offices therein specified (which, in the case of Bearer Notes, shall be outside the United States and Canada). The Indenture Trustee shall give such notice to the Note Registrar and the Paying Agent at the time such notice is given to Noteholders.

(b) Notwithstanding a final distribution to the Noteholders of any Series, Class or Tranche of Notes (or the termination of the Issuer), except as otherwise provided in this paragraph, all funds then on deposit in any Issuer Account allocated to such Noteholders shall continue to be held in trust for the benefit of such Noteholders, and the Paying Agent or the Indenture Trustee shall pay such funds to such Noteholders upon surrender of their Notes, if certificated. In the event that all such Noteholders shall not surrender their Notes for cancellation within 6 months after the date specified in the notice from the Indenture Trustee described in paragraph (a), the Indenture Trustee shall give a second notice to the remaining such Noteholders to surrender their Notes for cancellation and receive the final distribution with respect thereto (which surrender and payment, in the case of Bearer Notes, shall be outside the United States). If within one year after the second notice all such Notes shall not have been surrendered for cancellation, the Indenture Trustee may take appropriate steps, or may appoint an agent to take appropriate steps, to contact the remaining such Noteholders concerning surrender of their Notes, and the cost thereof shall be paid out of the funds in the Collection Account or any Issuer Account held for the benefit of such Noteholders. The Indenture Trustee and the Paying Agent shall pay to the Issuer any monies held by them for the payment of principal or interest that remains unclaimed for 2 years. After payment to the Issuer, Noteholders entitled to the money must look to the Issuer for payment as general creditors unless an applicable abandoned property law designates another Person.

17.05 Force Majeure

In no event shall the Indenture Trustee or the Issuer Trustee be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services; it being understood that the Indenture Trustee and the Issuer Trustee shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

17.06 Delivery of Executed Copies

Each party acknowledges delivery of a fully executed copy of this Indenture.

[Signature page to follow]

IN WITNESS WHEREOF, the parties hereto have caused this Indenture to be duly executed as of the day and year first above written.

Schedule A
DEFINED TERMS

"**Accumulation Period**" has the meaning specified in the applicable Supplemental Indenture.

"**Act**" means *Ontario Fair Hydro Act, 2017*.

"**Action**" has the meaning specified in Section 1.04.

"**Adjusted Outstanding Dollar Principal Amount**" means, at any time with respect to any Series, Class or Tranche of Notes, the Outstanding Dollar Principal Amount of all Outstanding Notes of such Series, Class or Tranche at such time, less any funds on deposit in any Issuer Account or the related Sub-Account, as applicable, for the benefit of such Series, Class or Tranche at such time.

"**Administrative Agent**" means OPG, in its capacity as administrative agent of the Issuer under the Administrative Services Agreement.

["**Administrative Services Agreement**" means the administrative services agreement dated [■], 2017 between the Issuer and the Administrative Agent concerning the reimbursement of certain costs incurred by the Administrative Agent in connection with the administration of the Issuer.][6]

"**Adverse Effect**" means, whenever used in this Indenture with respect to any action, that such action will at the time of its occurrence (a) result in the occurrence of an Early Amortization Event or Event of Default, (b) materially adversely affect the amount or timing of payments to be made to the Specified Creditors pursuant to this Indenture or any Program Agreement, or (c) adversely affect the Security Interest unless otherwise permitted by this Indenture.

"**Affected Party**" has the meaning specified in the applicable Derivative Agreement.

"**Affiliate**" means, with respect to any specified Person, any other Person controlling or controlled by or under common control with such specified Person. For the purposes of this definition, "**control**" when used with respect to any specified Person means the power to direct the management and policies of such specified Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise, and the terms "**controlling**" and "**controlled**" have meanings correlative to the foregoing.

"**Agency Agreement**" means an agency agreement made between the Issuer and one or more Persons acting on behalf of the Issuer, providing for the sale and distribution of Notes on an agency basis.

"**Amortization Period**" has the meaning specified in the applicable Supplemental Indenture.

"**Associated Junior Subordinated Funding Obligations**" means, with respect to Senior Funding Obligations of a particular Series, a Class of such Series issued in connection with such Senior

[6] To be confirmed if required.

Funding Obligations and subordinated to such Senior Funding Obligations and any related Associated Subordinated Funding Obligations.

"**Associated Subordinated Funding Obligations**" means, with respect to Senior Funding Obligations of a particular Series, a Class of such Series issued in connection with such Senior Funding Obligations and subordinated to such Senior Funding Obligations.

"**Authorized Newspaper**" means any newspaper or newspapers of general circulation, in the case of Notes issued in the United States, in the Borough of Manhattan, The City of New York, and in the case of Notes issued in Canada, in the City of Toronto, in each case printed in the English language and customarily published on each Business Day at such place, whether or not published on Saturdays, Sundays or holidays, or if and so long as Notes of any Series, Class or Tranche are listed on any securities exchange and that exchange so requires, the newspaper of record required by the applicable securities exchange, printed in any language satisfying the requirements of such exchange.

"**Available Collections**" means, for any Monthly Period: (a) the Servicer CEA Collections paid to the Issuer in accordance with Section **[3.3]** of the Master Transfer and Servicing Agreement, plus investment earnings allocable to the amounts on deposit in the Collection Account, any Finance Reserve Account and any Capital Reserve Account, plus any other amounts, or allocable portion thereof, to be treated as Available Collections, subject to this Indenture and any applicable Supplemental Indenture; and (b) the Funding Rebates paid to the Issuer in accordance with Section **[3.4]** of the Master Transfer and Servicing Agreement.

"**Bearer Note**" means a Note in bearer form.

"**Benefit Plan**" means an "employee benefit plan" as defined in Section 3(3) of ERISA, which is subject to the provisions of Title I of ERISA, a "plan" described in and subject to Section 4975 of the Code, or an entity whose underlying assets include "plan assets" by reason of an employee benefit plan's investment in the entity.

"**Borrowing**" means a borrowing or drawing by the Issuer pursuant to a Liquidity Agreement or a Loan Agreement.

"**Business Day**" means (a) any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are, or the office of the Indenture Trustee is, authorized or obligated by applicable law, regulation or executive order to be closed, or (b) for purposes of any particular Series, Class or Tranche of Notes, any other day specified in the applicable Supplemental Indenture.

"**Canadian Depository**" means, unless otherwise specified by the Issuer pursuant to any of Section 3.04, 3.06, or 4.01, with respect to Notes of any Tranche issuable or issued as a Global Note within Canada, CDS Clearing and Depository Services Inc., or any successor thereto registered as a clearing agency under the *Securities Act* (Ontario), or other applicable statute or regulation.

"**Capital Reserve Account**" has the meaning specified in subsection 7.02(b).

"**Certificate of Authentication**" means the certificate of authentication of the Indenture Trustee, the form of which is described in Section 3.03.

"**Class**" means, with respect to any Funding Obligation, the class specified in the Related Funding Obligation Agreement.

"**Closing Date**", with respect to any Series of Funding Obligations, has the meaning specified in the Related Funding Obligation Agreement.

"**Collateral**" has the meaning specified in Section 2.01.

"**Collection Account**" has the meaning specified in subsection 7.02(a).

"**Commission**" means the U.S. Securities and Exchange Commission.

"**Co-Owner Agreement**" means any agreement between, *inter alia*, the Issuer and any other owner or owners of an Investment Interest as contemplated by subsection 29(5) of the Act.

"**Corporate Trust Office**" means the office of the Indenture Trustee at which, at any particular time, its corporate trust business shall be administered, which office as of the date hereof is located at [■]; Telephone: [■]; Facsimile: [■], or at such other address as the Indenture Trustee may designate from time to time by notice to the Specified Creditors and the Issuer, or the principal corporate trust office of any successor trustee designated by like notice.

"**Credit Enhancement**" means any form of credit enhancement (howsoever characterized) for any Obligations Secured, including any letter of credit, letter of guarantee, insurance policy, surety bond, cash reserve account, spread account, guaranteed rate agreement, note purchase agreement, loan facility or other similar agreement established for the benefit of a Lender or Noteholder, as applicable, and including any facility provided by a Person to the Issuer which is specified or acknowledged in writing by the Issuer as "Credit Enhancement" for purposes hereof.

"**Credit Enhancement Agreement**" means any credit enhancement agreement entered into hereafter between the Issuer and one or more Credit Enhancers providing Credit Enhancement in respect of Obligations Secured, and includes any letter of credit, guarantee, surety bond or other instrument executed and delivered by such Credit Enhancer(s).

"**Credit Enhancer**" means any Person providing Credit Enhancement to the Issuer or in respect of Obligations Secured.

"**DBRS**" means DBRS Limited, or any successor thereof.

"**Debtholder**" means a Noteholder or a Lender.

"**Declaration of Trust**" means the declaration of trust made as of [■], 2017 under which the Issuer was established.

"**Defaulting Party**" has the meaning specified in the applicable Derivative Agreement.

"**Depository**" means a Canadian Depository, a U.S. Depository or a Foreign Depository, as the case may be.

"**Derivative Agreement**" means any rate swap transaction, basis swap, forward rate transaction, bond option, interest rate option, foreign exchange transaction, cap transaction, floor transaction, collar transaction, currency swap transaction, cross-currency rate swap transaction, currency option, total return swap transaction, credit default swap transaction or any other similar transaction (including any option with respect to any of those transactions) or any combination of these transactions entered into from time to time by the Issuer in connection with or related to Funding Obligations.

"**Derivative Counterparty**" means any party to any Derivative Agreement other than the Issuer or the Indenture Trustee.

"**Discount Note**" means a Note that provides for an amount less than the Stated Principal Amount (but not less than the Initial Currency Specific Dollar Principal Amount) thereof to be due and payable upon the occurrence of an Early Amortization Event or other optional or mandatory redemption, or the occurrence of an Event of Default and the acceleration of such Note, in each case before the Scheduled Final Payment Date of the applicable Note.

"**Dollar**," "**$**" or "**Cdn. $**" means Canadian dollars.

"**Early Amortization Event**" has the meaning specified in Section 14.01.

"**Electronic Methods**" means delivery of any notice or form of communication by facsimile, pdf or e-mail, or by other similar electronic means in a form satisfactory to the Issuer.

"**Eligible Deposit Account**" means, in relation to any Issuer Account, an account that is a segregated account with an Eligible Institution.

"**Eligible Institution**" means (a) a trust company or Schedule I chartered bank incorporated under the laws of Canada or any province thereof (i) which has either (x) a long-term unsecured debt rating of A (high) or better by DBRS, or (y) a certificate of deposit rating or short-term credit rating of R-1 (middle) or better by DBRS, (ii) which has (x) either (1) a long-term unsecured debt rating of A or better by S&P and (2) a short-term debt rating of A-1 or better by S&P, (y) a long-term unsecured debt rating of A+ or better by S&P and no short-term rating by S&P, or (z) a short-term debt rating of A-1 or better by S&P and no long-term unsecured debt rating by S&P, and (iii) whose deposits are insured by Canada Deposit Insurance Corporation, or (b) any institution that otherwise satisfies the Rating Agency Condition.

"**Eligible Investments**" means instruments or investment property that evidence:

(a) direct obligations of, or obligations fully and unconditionally guaranteed as to timely payment by, Canada or the United States of America;

(b) demand or time deposits of, unsecured certificates of deposit of, money market deposit accounts of, bank deposit products of or bankers' acceptances issued by, any depository institution (including, but not limited to, bank deposit products of

the Indenture Trustee, acting in its commercial capacity) incorporated or organized under the laws of the United States of America, Canada or any state or province thereof and subject to supervision and examination by applicable banking authorities, so long as the commercial paper or other short-term debt obligations of such depository institution are, at the time of deposit, rated at least "A-1" and "P-1" (or their equivalents) by each of S&P and Moody's and, if DBRS provides a rating thereon, by DBRS, or such lower rating as will not result in the downgrading or withdrawal of the ratings of the Issuer or any of the Issuer's Funding Obligations;

(c) commercial paper (including commercial paper of the Indenture Trustee, acting in its commercial capacity, and other than commercial paper of the Servicer), which at the time of purchase is rated at least "A-1" and "P-1" (or their equivalents) by each of S&P and Moody's or such lower rating as will not result in the downgrading or withdrawal of the ratings of the Issuer or any of the Issuer's Funding Obligations;

(d) investments in money market funds having a rating in the highest investment category granted thereby (including funds for which the Indenture Trustee or any of its Affiliates is investment manager or advisor) from Moody's, S&P and DBRS, if rated by DBRS;

(e) repurchase obligations with respect to any security that is a direct obligation of, or fully guaranteed by, the United States of America, Canada or their respective agencies or instrumentalities, entered into with Eligible Institutions;

(f) repurchase obligations with respect to any security or whole loan entered into with an Eligible Institution or with a registered broker/dealer acting as principal and that meets the ratings criteria set forth below:

(i) a broker/dealer (acting as principal) registered as a broker or dealer under the Securities Act (any such broker/dealer being referred to in this definition as a "broker/dealer"), the unsecured short-term debt obligations of which are rated at least "P-1" by Moody's, "A-1+" by S&P and, if DBRS provides a rating thereon, "R-1" by DBRS at the time of entering into such repurchase obligation; or

(ii) an unrated broker/dealer, acting as principal, that is a wholly-owned subsidiary of a non-bank or bank holding company the unsecured short-term debt obligations of which are rated at least "P-1" by Moody's, "A-1+" by S&P and, if DBRS provides a rating thereon, "R-1" by DBRS at the time of purchase so long as the obligations of such unrated broker/dealer are unconditionally guaranteed by such non-bank or bank holding company; and

(g) any other investment permitted by each of the Rating Agencies;

in each case maturing not later than the Business Day preceding the next Payment Date (for the avoidance of doubt, investments in money market funds or similar instruments that are redeemable

on demand shall be deemed to satisfy the foregoing requirement). Notwithstanding the foregoing: (1) no securities or investments that mature in 30 days or more shall be "Eligible Investments" unless the issuer thereof has either a short-term unsecured debt rating of at least "P-1" from Moody's or a long-term unsecured debt rating of at least "A1" from Moody's and also has a long-term unsecured debt rating of at least "A" from S&P; (2) no securities or investments described in clauses (b) through (d) above that have maturities of more than 30 days but less than or equal to 3 months shall be "Eligible Investments" unless the issuer thereof has a long-term unsecured debt rating of at least "A1" from Moody's and a short-term unsecured debt rating of at least "P-1" from Moody's; and (3) no securities or investments described in clauses (b) through (d) above that have maturities of more than 3 months shall be "Eligible Investments" unless the issuer thereof has a long-term unsecured debt rating of at least "A1" from Moody's and a short-term unsecured debt rating of at least "P-1" from Moody's.

"**ERISA**" means the *Employee Retirement Income Security Act* of 1974, as amended.

"**Event of Default**" has the meaning specified in Section 8.01.

"**Exchange Date**" means, with respect to any Series, Class or Tranche of Notes, the latest of:

(a) in the case of exchanges of beneficial interests in Temporary Global Notes for beneficial interests in Permanent Global Notes in registered form, any date that is after the related issuance date;

(b) in the case of exchanges of beneficial interests in Temporary Global Notes for beneficial interests in Permanent Global Notes in bearer form, the date of presentation of certification of non-United States beneficial ownership (as described in Section 3.05); and

(c) the earliest date on which such an exchange of a beneficial interest in a Temporary Global Note for a beneficial interest in a Permanent Global Note is permitted by applicable law.

"**Extraordinary Resolution**" mean, in respect of all Series of Funding Obligations, a resolution passed by the affirmative votes of Debtholders of not less than 66⅔% of the Outstanding Dollar Principal Amount of all Series of Funding Obligations represented and voting at a meeting of all Debtholders duly convened and held in accordance with the provisions of this Indenture, or an instrument or instruments in writing signed in one or more counterparts by Debtholders holding not less than 66⅔% of the Outstanding Dollar Principal Amount of all Series of Funding Obligations.

"**Fair Allocation Amount**" has the meaning ascribed to the term "fair allocation amount" in the Act as of the date of this Indenture.

"**Finance Amount**" has the meaning ascribed to the term "finance amount" in the Act as of the date of this Indenture.

"**Finance Reserve Account**" has the meaning specified in subsection 7.02(c).

"**Financing Entity**" has the meaning ascribed to the term "financing entity" in the Act as of the date of this Indenture.

"**Financing Plan**" has the meaning ascribed to the term "financing plan" in the Act as of the date of this Indenture.

"**Foreign Currency**" means (a) a currency other than Dollars, or (b) denominated in a currency other than Dollars.

"**Foreign Currency Note**" means a Note denominated in a Foreign Currency.

"**Foreign Depository**" means the Person specified in the Related Supplemental Indenture, in its capacity as depository for the accounts of any clearing agencies located outside Canada and the United States.

"**Funding Obligation Agreement**" means any Notes, any Supplemental Indenture (including any Terms Document), any Liquidity Agreement or any Loan Agreement.

"**Funding Obligations**" has the meaning ascribed to the term "funding obligations" in the Act as of the date of this Indenture.

"**Funding Rebate**" has the meaning ascribed thereto in Section **[3.4(b)]** of the Master Transfer and Servicing Agreement.

"**Global Note**" means any Note issued pursuant to Section 3.04.

"**Governmental Authority**" means any nation or government, any federal, state, provincial, local or other political subdivision thereof and any court, administrative agency or other instrumentality or entity exercising executive, legislative, judicial, regulatory or administrative functions of government.

"**IESO**" means the Independent Electricity System Operator, a statutory corporation without share capital established by the *Electricity Act, 1998,* SO, 1998.

"**Income Tax Act**" means the *Income Tax Act* (Canada).

"**Indenture**" or "**this Indenture**" means this Trust Indenture, as amended, supplemented, restated or otherwise modified from time to time, including by Supplemental Indentures for the issuance of Series of Notes entered into pursuant to the applicable provisions hereof.

"**Indenture Trustee**" means the Person named as the Indenture Trustee in the first paragraph of this Indenture until a successor Indenture Trustee shall have become such pursuant to the applicable provisions of this Indenture, and thereafter "Indenture Trustee" means and includes such Person.

"**Initial Currency Specific Dollar Principal Amount**" means with respect to a Class or Tranche in a Series that includes Foreign Currency Notes, the amount specified in the applicable Supplemental Indenture as the Initial Currency Specific Dollar Principal Amount thereof.

"**Initial Dollar Principal Amount**" means (a) unless otherwise specified in the applicable Supplemental Indenture, with respect to a Series, Class or Tranche of Notes, the aggregate initial principal amount of the Outstanding Notes of such Series, Class or Tranche plus the aggregate initial principal amount of any additional Notes of such Series, Class or Tranche, and (b) with respect to a Series, Class or Tranche of Discount Notes or that includes Foreign Currency Notes, the amount specified in the applicable Supplemental Indenture as the Initial Dollar Principal Amount thereof.

"**Insolvency Event**" means, with respect to a specified Person, the specified Person admits the inability of such specified Person to pay its liabilities generally as they become due or makes a general assignment for the benefit of the creditors of such specified Person or otherwise acknowledges the insolvency of such specified Person or any proceeding shall be instituted by or against such specified Person seeking to adjudicate it a bankrupt or insolvent or seeking liquidation, winding up, dissolution, reorganization, arrangement, adjustment, protection, relief or composition of its debts under any law relating to bankruptcy, insolvency, reorganization, moratorium or relief of debtors or seeking the entry of an order for relief by the appointment of a receiver, trustee or other similar official for such specified Person or for any substantial part of its property and if such proceeding has been instituted against such specified Person either such proceeding has not been stayed or dismissed within **[45]** days or any of the actions sought in such proceeding (including the entry of an order for relief or the appointment of a receiver) are granted in whole or in part, or if a receiver is privately appointed in respect of such specified Person or of the property of such specified Person or any substantial part thereof.

"**Internal Revenue Code**" means the United States Internal Revenue Code of 1986, as amended.

"**Investment Asset**" has the meaning ascribed to the term "investment asset" in the Act as of the date of this Indenture.

"**Investment Interest**" has the meaning ascribed to the term "investment interest" in the Act as of the date of this Indenture.

"**Investment Company Act**" means the United States Investment Company Act of 1940, as amended.

"**Issuer**" has the meaning specified in the first paragraph of this Indenture.

"**Issuer Accounts**" means, collectively, the Collection Account, all Finance Reserve Accounts, all Capital Reserve Accounts and all Supplemental Reserve Accounts, including any Sub-Accounts thereof.

"**Issuer Certificate**" means a certificate (including an Officer's Certificate) signed in the name of the Issuer by a Responsible Officer of the Manager on behalf of the Issuer and, in each case delivered to the Indenture Trustee relating to, among other things, the issuance of a new Series, Class or Tranche of Notes. Wherever this Indenture requires that an Issuer Certificate be signed also by an accountant or other expert, such accountant or other expert (except as otherwise expressly provided in this Indenture) may be an employee of the Manager.

"**Issuer Investment Interest**" means, initially, the Investment Interest acquired by the Issuer pursuant to the first Transfer completed under the Master Transfer and Servicing Agreement and, upon the completion of each Transfer thereafter, the cumulative Investment Interest acquired by the Issuer.

"**Issuer Trustee**" means, at any time, the Person who is, in accordance with the Declaration of Trust, the trustee of the Issuer at such time.

"**Legal Maturity Date**" means, with respect to any Series of Funding Obligations, the date specified in the Related Funding Obligation Agreement as the fixed date on which all of the principal of such Series of Funding Obligations is due and payable.

"**Lender**" means any Person providing credit facilities or note purchase facilities under a Liquidity Agreement or Loan Agreement, as applicable.

"**Lien**" means a security interest, lien, mortgage, charge, pledge, claim or encumbrance of any kind.

"**Liquidity Agreement**" means an agreement between the Issuer and one or more Lenders, and acknowledged and accepted by the Indenture Trustee in accordance with Article V, providing for the creation of one or more liquidity facilities in respect of all or a portion of the Notes in favour of the Issuer, including a facility to fund the repayment of all or a portion of Notes or that permits the Issuer to require the purchase of Notes by a counterparty, and including further any facility provided by a Person to the Issuer which is specified or acknowledged in writing by the Issuer as a "Liquidity Agreement" for the purposes hereof.

"**Loan Agreement**" means an agreement between the Issuer and one or more Lenders, and acknowledged and accepted by the Indenture Trustee in accordance with Article V, providing for the creation of one or more credit facilities in favour of the Issuer for purposes of purchasing Investment Interests.

"**Management Agreement**" means the management agreement dated [■], 2017 between the Manager and the Issuer.

"**Manager**" means OPG, in its capacity as manager of the Issuer under the Management Agreement.

"**Master Transfer and Servicing Agreement**" means the master transfer and servicing agreement dated [■], 2017 between the Issuer and IESO, and acknowledged and accepted by the Indenture Trustee.

"**Monthly Period**" means, with respect to each Payment Date, unless otherwise provided in a Funding Obligation Agreement, the period from and including the first day of each calendar month and to and including the last day of such calendar month; provided, however, that the initial Monthly Period with respect to any Series of Funding Obligations will commence on the Closing Date with respect to such Series.

"**Monthly Report**" has the meaning ascribed thereto in Section **[3.3(e)]** of the Master Transfer and Servicing Agreement.

"**Monthly Specified Creditor Statement**" means, with respect to any Series of Funding Obligations, a report, the form of which is attached as an exhibit to the Related Funding Obligation Agreement.

"**Moody's**" means Moody's Investors Service, Inc., or any successor thereof.

"**Non-resident**" means a non-resident of Canada as such term is defined in the Income Tax Act or a partnership that is not a Canadian partnership within the meaning of the Income Tax Act.

"**Note**" or "**Notes**" means any note or notes of any Series, Class or Tranche created pursuant to Supplemental Indentures and authenticated and delivered from time to time under this Indenture.

"**Noteholder**" means a Person in whose name a Note is registered in the Note Register or the bearer of any Bearer Note (including a Global Note in bearer form), as the case may be.

"**Note Owner**" means the beneficial owner of an interest in a Global Note.

"**Note Purchase Agreement**" means an agreement providing for the purchase of Notes from the Issuer by one or more Persons.

"**Note Register**" has the meaning specified in subsection 4.05(a).

"**Note Registrar**" means the Person who keeps the Note Register.

"**Obligations Secured**" means all present and future debts, expenses and liabilities, direct or indirect, absolute or contingent, due, owing or accruing due or owing from time to time by the Issuer to the Specified Creditors in their capacity as such. For greater certainty, amounts owing to any Specified Creditors by the Issuer at any time shall include (a) the unpaid face amount of any Notes issued on a discount basis; (b) the principal amount owing at such time, together with the accrued and unpaid interest on interest bearing Notes or Borrowings; (c) accrued fees, whether or not then due and payable; and (d) any evidence of indebtedness issued pursuant to or in respect of an amount owing under a Program Agreement.

"**Officer's Certificate**" means a certificate on behalf of any Person that is signed by any Responsible Officer of such Person and states that the certifications set forth in such certificate are based upon the results of a due inquiry into the matters in question conducted by or under the supervision of the signing Responsible Officer and that the facts stated in such certifications are made to such signing Responsible Officer's knowledge and belief.

"**OPG**" means Ontario Power Generation Inc., a corporation established under the laws of the Province of Ontario.

"**Opinion of Counsel**" means one or more written opinions of counsel, who may, except as otherwise expressly provided in the Program Agreements, be employees of or counsel to the party providing such opinion of counsel, which counsel shall be reasonably acceptable to the party

receiving such opinion of counsel, and shall be in form and substance reasonably acceptable to such party.

"**Ordinary Resolution**" has the meaning specified in subsection 10.01(e).

"**Outstanding**" means, in respect of Notes, as of the date of determination, all Notes theretofore authenticated and delivered under this Indenture, except:

(a) any Notes theretofore canceled by the Indenture Trustee or delivered to the Indenture Trustee for cancellation pursuant to Section 4.08, or canceled by the Issuer and delivered to the Indenture Trustee pursuant to Section 4.08;

(b) any Notes for whose full payment (including principal and interest) or redemption money in the necessary amount has been theretofore deposited with the Indenture Trustee or any Paying Agent in trust for the holders of such Notes; provided that, if such Notes are to be redeemed, notice of such redemption has been duly given if required pursuant to this Indenture or the Related Supplemental Indenture, or provision therefor satisfactory to the Indenture Trustee has been made; and

(c) any Notes in exchange for or in lieu of which other Notes have been authenticated and delivered pursuant to this Indenture, or which will have been paid pursuant to the terms of Section 4.06 (except with respect to any such Note as to which proof satisfactory to the Indenture Trustee is presented that such Note is held by a Person in whose hands such Note is a legal, valid and binding obligation of the Issuer).

For purposes of determining the amounts of deposits, allocations, reallocations or payments to be made, unless the context clearly requires otherwise, references to "Notes" will be deemed to be references to "Outstanding Notes". In determining whether Noteholders of the requisite principal amount of Outstanding Notes have taken any Action hereunder, and for purposes of Article X, Notes beneficially owned by the Issuer, OPG or any Affiliate of the Issuer or OPG will be disregarded and deemed not to be Outstanding. In determining whether the Indenture Trustee will be protected in relying upon any such Action, only Notes which a Responsible Officer of the Indenture Trustee knows to be owned by the Issuer, OPG or any Affiliate of the Issuer or OPG will be so disregarded. Notes so owned which have been pledged in good faith may be regarded as Outstanding if the pledgee creates to the satisfaction of the Indenture Trustee the pledgee's right to act as owner with respect to such Notes and that the pledgee is not the Issuer, OPG or any Affiliate of the Issuer or OPG.

"**Outstanding Currency Specific Dollar Principal Amount**" means at any time, with respect to any Class or Tranche of Notes in a Series that includes Foreign Currency Notes, the Initial Currency Specific Dollar Principal Amount of the Outstanding Notes of such Class or Tranche at such time, less the amount of any withdrawals from any Issuer Account or Sub-Account for such Class or Tranche of Notes for payment of principal to the holders of such Class or Tranche of Notes; plus, the amount of any increase in the Outstanding Currency Specific Dollar Principal Amount of such Class or Tranche of Notes due to the issuance of additional Notes of such Class or Tranche pursuant to Article V.

"**Outstanding Dollar Principal Amount**" means at any time:

(a) in respect of Notes, either:

(i) with respect to any Series, Class or Tranche of Notes (other than Discount Notes), the aggregate Initial Dollar Principal Amount of the Outstanding Notes of such Series, Class or Tranche at such time, less the amount of any withdrawals from any Issuer Account or Sub-Account for such Series, Class or Tranche of Notes for payment of principal to the holders of such Series, Class or Tranche of Notes or the applicable Derivative Counterparty pursuant to the Related Supplemental Indenture, or

(ii) with respect to any Series, Class or Tranche of Discount Notes, an amount of the Outstanding Notes of such Series, Class or Tranche calculated by reference to the applicable formula set forth in the Related Supplemental Indenture, taking into account the amount and timing of payments of principal made to the holders of such Series, Class or Tranche or the applicable Derivative Counterparty and accretions of principal, each pursuant to the Related Supplemental Indenture;

plus, in either case, the amount of any increase in the Outstanding Dollar Principal Amount of such Series, Class or Tranche of Notes due to the issuance of additional Notes of such Series, Class or Tranche pursuant to Article V; and

(b) in respect of other Funding Obligations, the aggregate principal amount of Borrowings under the Liquidity Agreements and the Loan Agreements.

"**Paying Agent**" means any Person authorized by the Issuer to pay any Obligations Secured on behalf of the Issuer as provided in Section 13.03.

"**Payment Date**" means, with respect to any Series of Funding Obligations, the **[fifteenth]** day of each calendar month or the date otherwise specified in the Related Funding Obligation Agreement.

"**Payment Instruction**" means, with respect to any Series of Funding Obligations, the instructions of the Manager substantially in the form of Exhibit 2.

"**Permanent Global Note**" has the meaning specified in Section 3.05(a).

"**Person**" means any individual, corporation, limited liability company, estate, partnership, joint venture, association, joint stock company, trust (including any beneficiary thereof), unincorporated organization or Governmental Authority.

"**Place of Payment**" means, with respect to any Series, Class or Tranche of Notes issued hereunder, the city or political subdivision so designated with respect to such Series, Class or Tranche of Notes in accordance with the provisions of Article V.

"**PPSA**" shall mean the *Personal Property Security Act* (Ontario).

"**Predecessor Notes**" of any particular Note means every previous Note evidencing all or a portion of the same debt as that evidenced by such particular Note; and, for the purposes of this definition, any Note authenticated and delivered under Section 4.06 in lieu of a mutilated, lost, destroyed or stolen Note will be deemed to evidence the same debt as the mutilated, lost, destroyed or stolen Note.

"**Program Agreements**" means this Indenture, each Supplemental Indenture, the Declaration of Trust, the Management Agreement, the Administrative Services Agreement, the Master Transfer and Servicing Agreement, each Transfer Notice, any Co-Owner Agreements, the Provincial Protection and Assurances Agreement, the Notes, any Derivative Agreements, Credit Enhancement Agreements, Liquidity Agreements, Loan Agreements, Underwriting Agreements, Agency Agreements or Note Purchase Agreements and all other documents and certificates delivered in connection therewith.

"**Province**" means Her Majesty the Queen in Right of Ontario as represented by the Minister of Energy and the Minister of Finance.

[Provincial Protection and Assurances Agreement] means [■].[7]

"**Rating Agency**" means, with respect to any Outstanding Series, Class or Tranche of Notes, each nationally recognized statistical rating organization or designated rating organization, as specified in the Related Supplemental Indenture, selected by the Manager to rate such Notes.

"**Rating Agency Condition**" means, unless otherwise specified in the Related Supplemental Indenture for any Series, Class or Tranche of Notes, with respect to any action subject to such condition, the Issuer shall deliver written notice of the proposed action to such Rating Agency or Rating Agencies at least 10 Business Days prior to the effective date of such action (or such shorter notice period if specified in the Related Supplemental Indenture with respect to any specific action, or if 10 Business Days prior notice is impractical, such advance notice as is practicable) and the Rating Agencies (i) shall not have informed the Issuer prior to the effective date of such action that such action will result in the reduction or withdrawal of the rating in effect with respect to any Outstanding Notes immediately before the taking of such action, or (ii) in the case of S&P, or any successor thereto, when it is a Rating Agency, such Rating Agency shall have informed the Issuer in writing prior to the effective date of such action that such action will not result in the reduction or withdrawal of the rating of any Outstanding Notes immediately before the taking of such action, provided that wherever there is reference to satisfaction of a Rating Agency Condition in this Indenture or any other Program Agreement, subject to the terms of the specific Program Agreement which shall govern, such condition need not be satisfied if there is no Rating Agency then rating the applicable Notes or other Notes in respect of which the Rating Agency Condition is applicable. For purposes of this Indenture, any Supplemental Indenture and the Master Transfer and Servicing Agreement, the Indenture Trustee shall receive, and shall be entitled to rely on, an Issuer Certificate confirming the satisfaction of the Rating Agency Condition.

[7] To confirm if Agreement will be in favour of the Indenture Trustee or in favour of the Issuer and assigned by way of security to the Indenture Trustee.

"**Record Date**" means, for the interest or principal payable on any Note on any applicable Payment Date, the last day of the calendar month immediately preceding such Payment Date, unless otherwise specified in the Related Supplemental Indenture.

"**Reference Period**" has the meaning ascribed to the term "reference period" in the Act as of the date of this Indenture.

"**Registered Note**" means a Note issued in registered form.

"**Registered Noteholder**" means a Noteholder of a Registered Note.

"**Regulation AB**" means Subpart 229.1100 – Asset Backed Securities (Regulation AB), 17 C.F.R. §§229.1100-229.1125, and all related rules and regulations of the Commission, as such rules may be amended from time to time, and subject to such clarification and interpretation as have been provided by the Commission or by the staff of the Commission, or as may be provided by the Commission or its staff from time to time.

"**Related**" is used in reference to the Funding Obligations of a particular Series and means, when used in conjunction with:

(a) "Agency Agreement": the Agency Agreement relating to the sale and distribution of such Funding Obligations constituting Notes;

(b) "Credit Enhancement Agreement": a Credit Enhancement Agreement pursuant to which Credit Enhancement has been provided in respect of such Funding Obligations;

(c) "Derivative Agreement": a Derivative Agreement relating to any such Funding Obligations;

(d) "Funding Obligation Agreements": the Funding Obligation Agreements entered into in connection with the incurrence of such Funding Obligations;

(e) "Liquidity Agreement": a Liquidity Agreement pursuant to which one or more liquidity facilities have been made available to fund the repayment of such Funding Obligations constituting Notes or, if specified in such Liquidity Agreement, a Class or Tranche of such Funding Obligations constituting Notes;

(f) "Loan Agreement": a Loan Agreement in respect of Funding Obligations constituting Borrowings;

(g) "Program Agreements": this Indenture, each Related Supplemental Indenture, the Master Transfer and Servicing Agreement, the applicable Transfer Notices, the Co-Owner Agreement, if any, the Provincial Support Guarantee, such Notes, any Related Derivative Agreement, Related Credit Enhancement Agreement, Related Liquidity Agreement, Related Loan Agreement, Related Underwriting Agreement, Related Agency Agreement or Related Note Purchase Agreement and all other documents and certificates delivered in connection with such Notes;

(h) "Supplemental Indenture": a supplement to this Indenture executed in connection with the issuance of such Funding Obligations constituting Notes; and

(i) "Underwriting Agreement": an Underwriting Agreement in respect of such Funding Obligations constituting Notes.

"**Responsible Officer**" means, with respect to: (a) the Issuer, any authorized director or officer of the Manager; (b) the Servicer, any authorized director or officer of the IESO; (c) a Successor Servicer, any authorized director or officer of the Successor Servicer; and (d) the Indenture Trustee, any officer within the Corporate Trust Office of such trustee (including the President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Treasurer or any other officer of the Indenture Trustee customarily performing functions similar to those performed by persons who at the time shall be such officers, respectively, and that has direct responsibility for the administration of this Indenture and also, with respect to a particular matter, any other officer to whom such matter is referred to because of such officer's knowledge and familiarity with the particular subject).

"**S&P**" means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc., or any successor thereof.

"**Scheduled Final Payment Date**" has, with respect to any Funding Obligation, the meaning specified in the Related Supplemental Indenture or Related Loan Agreement.

"**Securities Exchange Act**" means the United States Securities Exchange Act of 1934, as amended from time to time.

"**Security Interest**" means the Lien granted pursuant to Section 2.01.

"**Senior Borrowings**" has, with respect to any Series of Borrowings, the meaning specified in the Related Loan Agreement or Related Liquidity Agreement.

"**Senior Funding Obligations**" means the Senior Notes and Senior Borrowings, as applicable.

"**Senior Notes**" has, with respect to a Class of Notes of any Series, the meaning specified in the Related Supplemental Indenture.

"**Series**" means, with respect to any Funding Obligation, the Series specified in the Related Funding Obligation Agreement.

"**Servicer**" has the meaning specified in the Master Transfer and Servicing Agreement.

"**Servicer Default**" has the meaning ascribed thereto in Section **[7.1]** of the Master Transfer and Servicing Agreement.

"**Specified Creditors**" means, collectively, Noteholders, Lenders, the Paying Agent, the Indenture Trustee, the Issuer Trustee, the Manager, the Administrative Agent, the Servicer, Derivative Counterparties, Credit Enhancers, counterparties to Underwriting Agreements, Agency

Agreements or Note Purchase Agreements, and other Persons in respect of Obligations Secured, in each case, to the extent of their claims related to Program Agreements.

"**Stated Principal Amount**," has, with respect to any Note, the meaning specified in the Related Supplemental Indenture or Terms Document.

"**Sub-Account**" means each sub-account of an Issuer Account maintained pursuant to this Indenture or any Funding Obligation Agreement.

"**Successor Servicer**" means ■.

"**Supplemental Indenture**" means, with respect to any Series of Notes, a supplement to this Indenture, executed and delivered in conjunction with the issuance of such Notes pursuant to Section 4.01, together with any applicable Terms Document for any Classes and Tranches of Notes belonging to such Series and any amendment to the Supplemental Indenture executed pursuant to Section 11.01 or 11.02.

"**Supplemental Reserve Account**" means the trust account or accounts designated as such and established pursuant to subsection 7.02(d).

"**Temporary Global Note**" has the meaning specified in Section 3.05(a).

"**Terms Document**" means, with respect to any Class or Tranche of Notes, a supplement to the Related Supplemental Indenture.

"**Tranche**" means, with respect to any Class of Notes, Notes of such Class which have identical terms, conditions and Tranche designation. Notes of a single Tranche may be issued on different dates.

"**Underwriting Agreement**" means an agreement providing for the purchase of Notes from the Issuer by one or more Persons as principals for the purpose of resale.

"**United States Person**" means a citizen or resident of the United States, a corporation, partnership or other entity created or organized in or under the laws of the United States of America, any one of the states thereof, the District of Columbia or any political subdivision thereof, or an estate or trust the income of which is subject to United States federal income taxation regardless of its source.

"**U.S. Securities Act**" means the United States Securities Act of 1933, as amended from time to time.

"**U.S. Depository**" means, unless otherwise specified by the Issuer pursuant to any of Section 3.04, 3.06, or 4.01, with respect to Notes of any Tranche issuable or issued as a Global Note within the United States, The Depository Trust Company, or any successor thereto registered as a clearing agency under the Securities Exchange Act, or other applicable statute or regulation.

[Indenture Trustee],
as Indenture Trustee,
[Address]
Attention: [■]

[Issuer]
c/o [Issuer Trustee][Ontario Power Generation Inc.]
[Address]
Attention: [■]

Re: Purchase of $[____][1] principal amount of [Issuer], Series [_], Class [_] Notes

Ladies and Gentlemen:

In connection with our purchase of the above Notes (the "**Notes**") we confirm that

1. We understand that the Notes are not being registered under the Securities Act of 1933, as amended (the "**U.S. Securities Act**"), and are being sold to us in a transaction that is exempt from the registration requirements of the U.S. Securities Act.

2. Any information we desire concerning the Notes or any other matter relevant to our decision to purchase the Notes is or has been made available to us.

3. We have such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the Notes, and we (and any account for which we are purchasing under paragraph 4 below) are able to bear the economic risk of an investment in the Notes. We (and any account for which we are purchasing under paragraph 4 below) are an "accredited investor" (as such term is defined in Rule 501(a)(1), (2) or (3) of Regulation D under the U.S. Securities Act).

4. We are acquiring the Notes for our own account or for accounts as to which we exercise sole investment discretion and not with a view to any distribution of the Notes, subject, nevertheless, to the understanding that the disposition of our property shall at all times be and remain within our control.

5. We agree that the Notes must be held indefinitely by us unless subsequently registered under the U.S. Securities Act or an exemption from any registration requirements of the U.S. Securities Act and any applicable state securities law is available.

[1] Not less than $100,000 minimum principal amount.

6. We agree that in the event that at some future time we wish to dispose of or exchange any of the Notes (such disposition or exchange not being currently foreseen or contemplated), we will not transfer or exchange any of the Notes unless:

   (a) (i) the sale is of at least U.S. $250,000 principal amount of Notes to an Eligible Purchaser (as defined below), (ii) a letter to substantially the same effect as paragraphs 1, 2, 3, 4, 5 and 6 of this letter is executed promptly by the purchaser and (iii) all offers or solicitations in connection with the sale, whether directly or through any agent acting on our behalf, are limited only to Eligible Purchasers and are not made by means of any form of general solicitation or general advertising whatsoever; or

   (b) the Notes are transferred pursuant to Rule 144 under the U.S. Securities Act by us after we have held them for more than two years; or

   (c) the Notes are sold in any other transaction that does not require registration under the U.S. Securities Act and, if the Issuer, the Servicer, the Trustee or the Note Registrar so requests, we theretofore have furnished to such party an opinion of counsel satisfactory to such party, in form and substance satisfactory to such party, to such effect; or

   (d) the Notes are transferred pursuant to an exception from the registration requirements of the U.S. Securities Act under Rule 144A under the U.S. Securities Act; and

7. We understand that the Notes will bear a legend to substantially the following effect and any other legends required by the applicable Supplemental Indenture:

   "THIS NOTE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT IN ACCORDANCE WITH THE TRUST INDENTURE AND THE INDENTURE SUPPLEMENT AND PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT.

   BY ITS ACQUISITION HEREOF, THE HOLDER (A) REPRESENTS THAT IT IS A "QUALIFIED INSTITUTIONAL BUYER" (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) PURCHASING THE SECURITIES FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ONE OR MORE QUALIFIED INSTITUTIONAL BUYERS; (B) AGREES THAT IT WILL NOT RESELL OR OTHERWISE TRANSFER THE NOTES EXCEPT IN ACCORDANCE WITH THE TRUST INDENTURE AND, PRIOR TO THE DATE WHICH IS ONE YEAR AFTER THE LATER OF THE LAST ISSUE DATE FOR THE SERIES AND THE LAST DATE ON WHICH THE ISSUER OR AN AFFILIATE OF THE ISSUER WAS THE OWNER

OF SUCH NOTES OTHER THAN (1) TO THE ISSUER OR ANY AFFILIATE THEREOF, (2) INSIDE THE UNITED STATES TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (3) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 903 OR RULE 904 UNDER THE SECURITIES ACT, (4) PURSUANT TO THE EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE) OR (5) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT, IN EACH CASE IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES AND ANY OTHER JURISDICTION; AND (C) IT AGREES THAT IT WILL DELIVER TO EACH PERSON TO WHOM THIS NOTE IS TRANSFERRED A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND.

EACH PURCHASER WILL BE DEEMED TO REPRESENT, COVENANT AND AGREE, FOR THE BENEFIT OF THE TRUST, THE INDENTURE TRUSTEE, THE ISSUER TRUSTEE, THE SERVICER, THE INITIAL PURCHASERS AND THE SELLER, THAT EITHER (A) IT IS NOT ACQUIRING THIS NOTE (OR INTEREST HEREIN) WITH THE ASSETS OF A BENEFIT PLAN (AS DEFINED BELOW) OR (B) ITS ACQUISITION, HOLDING AND DISPOSITION OF THIS NOTE OR INTEREST HEREIN WILL NOT RESULT IN A NONEXEMPT PROHIBITED TRANSACTION UNDER SECTION 406 OF THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED ("ERISA"), OR SECTION 4975 OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE "CODE"), OR A NONEXEMPT VIOLATION OF ANY APPLICABLE LAW THAT IS SUBSTANTIALLY SIMILAR TO SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE ("SIMILAR LAW"). FOR THESE PURPOSES, A "BENEFIT PLAN" INCLUDES (1) AN "EMPLOYEE BENEFIT PLAN" (AS DEFINED IN SECTION 3(3) OF ERISA) WHICH IS SUBJECT TO TITLE I OF ERISA, (2) A "PLAN" (AS DEFINED IN SECTION 4975(e)(1) OF THE CODE), WHICH IS SUBJECT TO SECTION 4975 OF THE CODE, (3) ANY ENTITY DEEMED TO HOLD "PLAN ASSETS" OF ANY OF THE FOREGOING BY REASON OF AN EMPLOYEE BENEFIT PLAN OR PLAN'S INVESTMENT IN THE ENTITY, OR (4) ANY GOVERNMENTAL, NON-U.S. OR CHURCH PLAN THAT IS SUBJECT TO SIMILAR LAW."

This legend and any other legends required by the applicable Supplemental Indenture may be removed if the Issuer, the Indenture Trustee and the Note Registrar have received an opinion of counsel, in form and substance satisfactory to them, to the effect that the legend may be removed.

"**Eligible Purchaser**" means either an Eligible Dealer or a corporation, partnership or other entity which we have reasonable grounds to believe and do believe can make representations with respect to itself to substantially the same effect as the representations set forth herein.

"**Eligible Dealer**" means any corporation or other entity the principal business of which is acting as a broker and/or dealer in securities.

Capitalized terms used but not defined herein shall have the meanings given to such terms in the Trust Indenture, dated as of [■], 2017, between [Issuer] and [Indenture Trustee], as indenture trustee.

Very truly yours,

(Name of Purchaser)

By: _____

MASTER TRANSFER AND SERVICING AGREEMENT

THIS AGREEMENT made as of ■, 2017.

BETWEEN:

[FINANCING ENTITY], a trust formed under the laws of the Province of Ontario

(the "**Issuer**")

- and -

INDEPENDENT ELECTRICITY SYSTEM OPERATOR, a statutory corporation without share capital amalgamated under the laws of the Province of Ontario

(the "**Transferor**" in its capacity as transferor, the "**Servicer**", in its capacity as servicer, and the "**IESO**" in its capacity as both Transferor and Servicer)

- acknowledged and accepted by -

[INDENTURE TRUSTEE], a trust company existing under the laws of Canada and duly authorized to carry on the business of a trust company in all of the provinces and territories of Canada, as indenture trustee

(the "**Indenture Trustee**")

WHEREAS the Government of Ontario has enacted the *Ontario Fair Hydro Act, 2017* (the "**Act**") for the purpose of, among other things, ensuring that clean energy costs and clean energy benefits (each as defined in the Act) are fairly allocated among present and future Specified Consumers;

AND WHEREAS, under the Act, the IESO is required to establish and maintain the Fair Hydro Variance Account, and has the right under the Act and the Regulations to record certain amounts in the Fair Hydro Variance Account and recover the balance from time to time of the Fair Hydro Variance Account from Specified Consumers (such right, the "**Regulatory Asset**");

AND WHEREAS the IESO may from time to time, in accordance with the Act, Transfer a specified portion of the Regulatory Asset to the Issuer on a fully-serviced basis and such Transfer shall result in (i) a reduction in the balance in the Fair Hydro Variance Account, (ii) the corresponding adjustment of the Regulatory Asset, and (iii) the acquisition by the Issuer of an Investment Interest corresponding to the specified portion of the Regulatory Asset;

AND WHEREAS the Issuer may finance the acquisition from the IESO, from time to time, of an Investment Interest through the incurrence of Funding Obligations under the Indenture;

AND WHEREAS the Issuer will grant a security interest over all of the Issuer Investment Interest to and in favour of the Indenture Trustee on behalf of all Specified Creditors;

AND WHEREAS in connection with its ownership of the Issuer Investment Interest and in order to collect the associated Clean Energy Adjustments in accordance with the Act, the Issuer desires to engage the Servicer to carry out the services described herein and the Servicer desires to be so engaged;

NOW THEREFORE in consideration of the foregoing and the mutual covenants and agreements contained herein (the receipt and adequacy of which are hereby acknowledged), the parties hereto agree as follows:

ARTICLE 1
INTERPRETATION

1.1 Definitions

In this Agreement, the following terms have the following meanings:

"**Act**" has the meaning ascribed thereto in the recitals;

"**Administrative Agent**" means OPG, in its capacity as administrative agent of the Issuer;

"**Administrative Services Agreement**" means the administrative services agreement dated ■, 2017 between the Administrative Agent and the Issuer concerning the reimbursement of certain costs incurred by the Administrative Agent in connection with the administration of the Issuer;

"**Affiliate**" means, with respect to any specified Person, any other Person controlling or controlled by or under common control with such specified Person. For the purposes of this definition, "**control**" when used with respect to any specified Person means the power to direct the management and policies of such specified Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise, and the terms "**controlling**" and "**controlled**" have meanings correlative to the foregoing;

"**Agreement**" means this master transfer and servicing agreement, as amended, supplemented, modified, restated or replaced from time to time, and the expressions "herein", "hereof", "hereto", "hereunder" and similar expressions refer to this Agreement and not to any Article, Section, paragraph, subparagraph or clause hereof;

"**Billing Period**" means a calendar month in which the Clean Energy Adjustment is billed to Specified Consumers;

"**Board**" means the Ontario Energy Board, a statutory corporation without share capital continued under the *Ontario Energy Board Act, 1998*, S.O., 1998;

"**Business Day**" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are, or the office of the Indenture Trustee is, authorized or obligated by law, regulation or executive order to be closed;

"**CEA Consumer Invoice Amounts**" means amounts invoiced by an Electricity Vendor to Specified Consumers in respect of the Clean Energy Adjustment based on the rates established by the Board;

"**Clean Energy Adjustment**" has the meaning ascribed to the term "clean energy adjustment" in the Act;

"**Closing Date**" means the date on which a Transfer is completed as specified in the applicable Transfer Notice;

"**Co-Owner Agreement**" means any agreement between, *inter alia*, the Issuer and any other owner or owners of an Investment Interest as contemplated by subsection 29(5) of the Act;

"**Co-Owner Implementation Date**" means the date, if any, upon which the Issuer Investment Interest ceases to be the only Investment Interest outstanding representing the full Investment Asset;

"**Collection Account**" has the meaning ascribed thereto in Section **[8.02(a)]**[1] of the Indenture;

"**Corporate Trust Office**" means the office of the Indenture Trustee at which, at any particular time, its corporate trust business shall be administered, which office as of the date hereof is located at ■; Telephone: ■; Email: ■, or at such other address as the Indenture Trustee may designate from time to time by notice to the Specified Creditors and the Issuer, or the principal corporate trust office of any successor trustee designated by like notice;

"**Daily Remittance Event**" means ■ **[NTD: Definition to be tied to the loss of investment grade ratings of the IESO]**;

"**Declaration of Trust**" means the declaration of trust made as of ■, 2017 under which the Issuer was established, as may be supplemented, amended, replaced or amended and restated from time to time;

"**Electricity Act**" means the *Electricity Act, 1998*, SO, 1998;

"**Electricity Vendor**" has the meaning ascribed to the term "electricity vendor" in the Act;

"**Electricity Vendor CEA Collections**" means payments actually received by Electricity Vendors from Specified Consumers in respect of Clean Energy Adjustments;

"**Eligible Deposit Account**" means an account in Canada with an Eligible Institution;

1 All cross-references to the Indenture to be conformed to the final version of the Indenture.

"**Eligible Institution**" means:

(a) at any time before the Co-Owner Implementation Date, an "Eligible Institution" as defined in the Indenture; and

(b) at any time on or after the Co-Owner Implementation Date, an "Eligible Institution" as defined in the applicable Co-Owner Agreement;

"**Fair Hydro Variance Account**" means the variance account established by the IESO pursuant to subsection 24(1) of the Act;

"**Finance Reserve Deposit**" has the meaning ascribed to the term "finance reserve deposit" in the Regulations;

"**Financing Entity**" has the meaning ascribed to the term "financing entity" in the Act;

"**Financing Entity Expenses**" has the meaning ascribed to the term "financing entity expense" in the Regulations;

"**Funding Cost**" has the meaning ascribed to the term "funding cost" in the Regulations;

"**Funding Obligation**" has the meaning ascribed to the term "funding obligation" in the Act;

["**Funding Rebate**" has the meaning ascribed thereto in Section 3.4(b);]**[NTD: Terminology and provisions relating to IESO payment of carrying costs during the moratorium period subject to finalization of regulations creating this obligation.]**

"**Governmental Authority**" means any nation or government, any federal, state, provincial, local or other political subdivision thereof and any court, administrative agency or other instrumentality or entity exercising executive, legislative, judicial, regulatory or administrative functions of government;

"**IESO**" or "**Independent Electricity System Operator**" means the Independent Electricity System Operator, a statutory corporation without share capital established by the Electricity Act;

"**IESO Deferral**", at any time, means the amount determined by the IESO under subsection 23(1) of the Act and sections 15 and 16 of the Regulations and recorded by the IESO under subsection 24(1) of the Act in the Fair Hydro Variance Account at such time;

"**IESO Disclosure**" has the meaning ascribed thereto in Section 5.7;

"**IESO Segregated Account**" means the account established under Section 3.3(a);

"**Indemnified Losses**" has the meaning ascribed thereto in Section 6.1(a);

"**Indemnified Party**" has the meaning ascribed thereto in Section 6.1(a);

"**Indenture**" means the master trust indenture dated ■, 2017 between the Indenture Trustee and the Issuer;

"**Indenture Trustee**" means ■, a trust company existing under the laws of Canada and duly authorized to carry on the business of a trust company in all of the provinces and territories of Canada, as indenture trustee for the benefit of Specified Creditors, or any successor thereto, under the Indenture;

"**Insolvency Event**" means, with respect to a specified Person, the specified Person admits the inability of such specified Person to pay its liabilities generally as they become due or makes a general assignment for the benefit of the creditors of such specified Person or otherwise acknowledges the insolvency of such specified Person or any proceeding shall be instituted by or against such specified Person seeking to adjudicate it a bankrupt or insolvent or seeking liquidation, winding up, dissolution, reorganization, arrangement, adjustment, protection, relief or composition of its debts under any law relating to bankruptcy, insolvency, reorganization, moratorium or relief of debtors or seeking the entry of an order for relief by the appointment of a receiver, trustee or other similar official for such specified Person or for any substantial part of its property and if such proceeding has been instituted against such specified Person either such proceeding has not been stayed or dismissed within **[45]** days or any of the actions sought in such proceeding (including the entry of an order for relief or the appointment of a receiver) are granted in whole or in part, or if a receiver is privately appointed in respect of such specified Person or of the property of such specified Person or any substantial part thereof;

"**Investment Asset**" has the meaning ascribed to the term "investment asset" in the Act;

"**Investment Interest**" has the meaning ascribed to the term "investment interest" in the Act;

"**Issuer**" means ■, a trust formed under the laws of the Province of Ontario;

"**Issuer Funding Obligations**" means the Funding Obligations of the Issuer;

"**Issuer Investment Interest**" means, initially, the Investment Interest acquired by the Issuer pursuant to the first Transfer completed under this Agreement and, upon the completion of each Transfer thereafter, the cumulative Investment Interest acquired by the Issuer;

"**Issuer Share**" means:

(a) at any time before the Co-Owner Implementation Date, 100%; and

(b) at any time on or after the Co-Owner Implementation Date, the percentage determined in accordance with the applicable Co-Owner Agreement;

"**Issuer Trustee**" means, at any time, the Person who is, in accordance with the Declaration of Trust, the trustee of the Issuer at such time;

"**Lien**" means a security interest, lien, mortgage, charge, pledge, claim or encumbrance of any kind;

"**Management Agreement**" means the management agreement dated ■, 2017 between the Manager and the Issuer;

"**Manager**" means OPG, in its capacity as manager of the Issuer, and any successor appointed in accordance with the Management Agreement;

"**Minister**" means the Minister of Energy or such other member of the Executive Council as may be assigned the administration of the Act under the *Executive Council Act*;

"**Monthly Funding Expenses**" has the meaning ascribed thereto in Section 3.4(a);

"**Monthly Funding Rebate Statement**" has the meaning ascribed thereto in Section 3.4(a);

"**Monthly Report**" has the meaning ascribed thereto in Section 3.3(e);

"**Officer's Certificate**" means a certificate signed by a Responsible Officer of the Issuer under the circumstances described in, and otherwise complying with, the applicable requirements of Section **[10.01]** of the Indenture, and delivered to the Indenture Trustee;

"**OPG**" means Ontario Power Generation Inc., a corporation established under the laws of the Province of Ontario;

"**Opinion of Counsel**" means one or more written opinions of counsel, who may, except as otherwise expressly provided in the Program Agreements, be employees of or counsel to the party providing such opinion of counsel, which counsel shall be reasonably acceptable to the party receiving such opinion of counsel, and shall be in form and substance reasonably acceptable to such party;

"**Outstanding Amount**" means the aggregate principal amount of all Funding Obligations outstanding at the date of determination;

"**Permitted Successor**" means any successor to the IESO under the Act, whether pursuant to any bankruptcy, reorganization or other insolvency proceeding or pursuant to any merger, conversion, acquisition, sale or transfer, by operation of law, as a result of any restructuring, or otherwise, but only to the extent such successor is approved by the Minister;

"**Person**" means any individual, corporation, limited liability company, estate, partnership, joint venture, association, joint stock company, trust (including any beneficiary thereof), unincorporated organization or Governmental Authority;

"**Proceeding**" means any suit in equity, action at law or other judicial or administrative proceeding;

"**Program Agreements**" means the Indenture, each Supplemental Indenture, the Declaration of Trust, the Management Agreement, the Administrative Services Agreement, this Agreement, each Transfer Notice, any Co-Owner Agreements, the Provincial Protection and Assurances Agreement and any hedging agreements, credit enhancement agreements, loan agreements and underwriting or agency agreements in effect at such time and all other documents and certificates delivered in connection therewith;

"**Provincial Protection and Assurances Agreement**" means the Provincial Protection and Assurances Agreement dated as of ■, 2017 between **[Her Majesty the Queen in Right of Ontario, as represented by the Minister, the Indenture Trustee and the Issuer][NTD: Subject to finalization of agreement]**;

"**Purchase Price**" has the meaning ascribed thereto in Section 2.1(a);

"**Rating Agency**" has the meaning ascribed thereto in the Indenture;

"**Rating Agency Condition**" has the meaning ascribed thereto in the Indenture;

"**Records**" has the meaning ascribed thereto in Section 7.1;

"**Reference Period**" has the meaning ascribed to the term "reference period" in the Act;

"**Regulations**" means Ontario Regulation 206/17: General, together with any other regulations promulgated under the Act;

"**Regulatory Asset**" has the meaning ascribed thereto in the recitals;

"**Released Parties**" has the meaning ascribed thereto in Section 6.1(e);

"**Remittance Date**" means, in respect of each Billing Period, the **[3rd]**[2] Servicer Business Day following the last day of each Billing Period;

"**Requirement of Law**" means any foreign, Canadian federal, provincial or local laws, statutes, regulations, rules, codes or ordinances enacted, adopted, issued or promulgated by any Governmental Authority or common law;

"**Responsible Officer**" means, with respect to: (a) the Issuer, any authorized director or officer of the Manager; (b) the Servicer, any authorized director or officer of the IESO; (c) a Successor Servicer, any authorized director or officer of the Successor Servicer; and (d) the Indenture Trustee, any officer within the Corporate Trust Office of such trustee (including the President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Treasurer or any other officer of the Indenture Trustee customarily performing functions similar to those performed by persons who at the time shall be such officers, respectively, and that has direct responsibility for the administration of the Indenture and also, with respect to a particular matter, any other officer to whom such matter is referred to because of such officer's knowledge and familiarity with the particular subject);

"**Servicer**" means the Independent Electricity System Operator, as Servicer under this Agreement, or any Successor Servicer to the extent permitted under this Agreement;

2 Based on the monthly payment cycle charts prepared by OPG.

"**Servicer Business Day**" means any day other than a Saturday, a Sunday or a day on which banking institutions in Toronto, Ontario are authorized or obligated by law, regulation or executive order to be closed, on which the Servicer maintains normal office hours and conducts business;

"**Servicer CEA Collections**" has the meaning ascribed thereto in Section 3.2(a)(ii);

"**Servicer Default**" has the meaning ascribed thereto in Section 7.1;

"**Specified Consumer**" has the meaning ascribed to the term "specified consumer" in the Act;

"**Specified Creditors**" has the meaning ascribed thereto in the Indenture;

"**Successor Servicer**" has the meaning ascribed thereto in Section **[3.07(e)]** of the Indenture;

"**Supplemental Indenture**" means an indenture supplemental to the Indenture that authorizes the incurrence of Funding Obligations;

"**Tax Liability**" has the meaning ascribed to the term "tax liability" in the Regulations;

"**Tax Refund**" has the meaning ascribed to the term "tax refund" in the Regulations;

"**Termination Event**" has the meaning ascribed thereto in Section 3.11;

"**Termination Notice**" has the meaning ascribed thereto in Section 7.1;

"**Transfer**" has the meaning ascribed to the term "transfer" in the Act, and "**Transferred**" has a corresponding meaning;

"**Transfer Notice**" means a Transfer Notice in respect of a Transfer substantially in the form of Exhibit A to this Agreement and delivered pursuant to Section 2.1(a) of this Agreement; and

"**Transferor**" means the Independent Electricity System Operator, as transferor under this Agreement;

1.2 Sections and Headings[3]

The table of contents does not form part of this Agreement. The division of this Agreement into Articles and Sections and the insertion of headings are for convenience of reference only and will not affect the construction or interpretation of this Agreement. Unless something in the subject matter or context is inconsistent therewith, references herein to Articles and Sections are to Articles and Sections of this Agreement.

1.3 Extended Meanings

(a) Words importing the singular number only will include the plural and vice versa and words importing the masculine gender will include the feminine and neuter genders and vice versa. A reference to any agreement, instrument or declaration

3 Torys to conform boilerplate provisions, as applicable, across all transaction documents.

means such agreement, instrument or declaration as the same may be amended, supplemented, modified, restated or replaced from time to time.

(b) The term "**including**" means "including without limitation", and other forms of the verb "**include**" have correlative meanings.

(c) All references to any Person shall include such Person's permitted successors and assigns, and any reference to a Person in a particular capacity excludes such Person in other capacities.

(d) Unless otherwise stated, in the computation of a period of time from a specified date to a later specified date, the word "**from**" means "**from and including**" and each of the words "**to**" and "**until**" means "**to but excluding**".

(e) The words "**hereof**", "**herein**" and "**hereunder**" and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision of this Agreement, unless otherwise specified. References to Articles, Sections, Appendices and Exhibits in this Agreement are references to Articles, Sections, Appendices and Exhibits in or to this Agreement unless otherwise specified.

(f) References to any law, rule, regulation or order of a Governmental Authority shall include such law, rule, regulation or order as from time to time in effect, including any amendment, modification, codification, replacement or reenactment thereof or any substitution therefor.

(g) The word "**will**" shall be construed to have the same meaning and effect as the word "**shall**". The word "**or**" is not exclusive.

ARTICLE 2
TRANSFER OF SPECIFIED PORTIONS OF THE REGULATORY ASSET

2.1 Transfer Notices and Agreement to Transfer a Specified Portion of the Regulatory Asset

(a) The Transferor may, no more frequently than monthly and no later than the 8th Business Day of each calendar month, provide to the Issuer a Transfer Notice executed by the Transferor and setting out (i) the specified portion of the Regulatory Asset that the Transferor desires to Transfer to the Issuer, (ii) the consideration to be paid to the Transferor by the Issuer for the Transfer (the "**Purchase Price**") which shall be equal to the amount of the specified portion of the Regulatory Asset that the Transferor proposes to Transfer to the Issuer, (iii) the Closing Date to effect such transfer which shall be the 10th Business Day following delivery of the Transfer Notice, or such other date as may be agreed upon by the Transferor and the Issuer, and (iv) such other information as required in the form of Transfer Notice attached as Exhibit A hereto.

(b) **[The Issuer shall use commercially reasonable efforts to provide reasonable notice to the Transferor if the Issuer has reasonable cause to believe that it will not accept a Transfer Notice sent by the Transferor or that the conditions precedent in Sections 2.2(b)(i), (v), (vi), (vii), (viii) and (vii) will not be satisfied on the relevant Closing Date.][NTD: Subject to review by OPG.]**

(c) On or before the 2nd Business Day following receipt of a Transfer Notice, the Issuer shall have the right, but not the obligation, to accept the Transferor's offer to Transfer the portion of the Regulatory Asset subject to the Transfer Notice by executing and returning such Transfer Notice to the Transferor. Upon acceptance by the Issuer of the Transfer Notice, there shall be a binding agreement for IESO to Transfer the specified portion of the Regulatory Asset and for the Issuer to pay the Purchase Price, subject to satisfaction of all conditions precedent in Section 2.2.

(d) In consideration and as an inducement for the Issuer to acquire the Investment Interest at the Purchase Price, the Transferor shall, concurrently with each such Transfer and in accordance with Section 3.4, agree to pay to the Issuer all Monthly Funding Expenses that are incurred by or on behalf of the Issuer in connection with each applicable Transfer in respect of each calendar month in which there are no Clean Energy Adjustments billed to Specified Consumers.

(e) Provided that all conditions precedent set out in Section 2.2 have been satisfied on or prior to the applicable Closing Date, on the applicable Closing Date, the Issuer shall deliver or cause to be delivered to the Transferor, by wire transfer in immediately available funds, an amount in Canadian dollars equal to the Purchase Price set forth in the applicable Transfer Notice.

(f) Upon receipt by the Transferor of the payment referred to in Section 2.1(e):

(i) the Transferor shall reduce the balance of the Fair Hydro Variance Account by an amount equal to the Purchase Price and, as a consequence, the Regulatory Asset shall be adjusted accordingly; and

(ii) the corresponding Investment Interest shall immediately vest in the Issuer, free and clear of any adverse claim, and in accordance with section 27(1) of the Act, shall constitute a valid and enforceable absolute assignment, conveyance and sale of the corresponding Investment Interest to the Issuer.

(g) Any Transfer of a specified portion of the Regulatory Asset by the Transferor pursuant to this Agreement shall constitute a valid and enforceable absolute assignment, conveyance and sale of the corresponding Investment Interest to the Issuer, shall be treated as a true sale and not as a pledge of or secured transaction relating to the Transferor's right, title, and interest in, to, and under the specified portion of the Regulatory Asset. After giving effect to a Transfer contemplated hereby, the Transferor shall have no right, title or interest in, to or under the corresponding Investment Interest because (i) it has Transferred all of its right, title and interest in and to the corresponding specified portion of the Regulatory Asset

to the Issuer, (ii) as provided in the Act, all right, title and interest to the corresponding Investment Interest shall be vested in the Issuer, (iii) as provided in the Act, such Transfer is perfected, vested, valid and binding as against the Transferor and all other Persons who may have claims of any kind against the Transferor, regardless of whether the Persons who have claims have received notice of the Transfer, and (iv) the property rights and interests acquired by the Issuer shall be free and clear of any Liens arising through the IESO.

2.2 Conditions Precedent to each Transfer of a Specified Portion of the Regulatory Asset

(a) The obligation of the Issuer to pay the Purchase Price related to the initial Transfer of a specified portion of the Regulatory Asset shall be subject to the satisfaction by the Transferor, or waiver by the Issuer and the Indenture Trustee, of the following condition:

(i) the Issuer and the Indenture Trustee shall have received from the Transferor the following documents, in form and substance satisfactory to each of the Issuer and the Indenture Trustee:

(A) a certificate of an officer of the IESO, dated the initial Closing Date certifying (1) that attached thereto is a true and complete copy of the by-laws of the IESO, each as in effect on the date of such certificate, (2) that attached thereto is a true and complete copy of a resolution adopted by the IESO's board of directors authorizing the execution, delivery and performance of this Agreement and the Program Agreements to which the IESO is party, and that such resolution has not been modified, rescinded or amended and is in full force and effect, and (3) as to the incumbency and true specimen signature of each of the IESO officers executing this Agreement or any of the Program Agreements to which the IESO is party; and

(B) reports showing the results of searches conducted against the IESO under applicable personal property security registers in the Province of Ontario together with executed copies of all discharges or releases of prior security interests relating to the Regulatory Asset subject to the Transfer; provided that the IESO may establish that any particular registration does not affect the Regulatory Asset by delivering a letter or acknowledgment signed by the applicable secured party.

(b) The obligation of the Issuer to pay the Purchase Price related to each Transfer of a specified portion of the Regulatory Asset (including the initial Transfer) shall be subject to the satisfaction or waiver by the Issuer and the Indenture Trustee of each of the following conditions:

(i) as of the applicable Closing Date, all Program Agreements shall have been entered into on terms and conditions satisfactory to the Issuer and the Indenture Trustee and shall be in full force and effect as of such Closing Date;

(ii) as of the applicable Closing Date, no Insolvency Event in respect of the Transferor shall have occurred and the Transferor is not insolvent and will not have been made insolvent by such Transfer and the Transferor is not aware of any pending insolvency with respect to itself;

(iii) as of the applicable Closing Date, (A) the representations and warranties of the IESO in this Agreement must be true and correct with the same force and effect as if made on that date (except to the extent they relate to an earlier date), (B) no breach of any covenant or agreement of the IESO contained in this Agreement shall have occurred and not been waived, and (C) no Servicer Default shall have occurred and not been waived;

(iv) on or prior to the applicable Closing Date, the Transferor shall have taken all action required to provide for the Transfer, upon payment of the Purchase Price, of the specified portion of the Regulatory Asset as set forth in the applicable Transfer Notice on the Closing Date, free and clear of all Liens other than Liens created by the Issuer pursuant to the Program Agreements;

(v) the Transferor shall have delivered to the Indenture Trustee and the Issuer an Officer's Certificate confirming the satisfaction of each condition precedent specified in Sections 2.2(b)(i), (ii), (iii) and (iv);

(vi) the Transferor shall have delivered to the Indenture Trustee, the Rating Agencies and the Issuer any Opinions of Counsel reasonably required by them **[NTD: Scope of opinions required to be confirmed by the Dealers and their counsel]**;

(vii) as of the applicable Closing Date, (A) the Issuer shall have sufficient funds available to pay the Purchase Price as set forth in the applicable Transfer Notice, (B) all conditions to any incurrence of Funding Obligations intended to provide such funds set forth in the Indenture (and any applicable Supplemental Indenture) or other instrument shall have been satisfied or waived, (C) the Rating Agency Condition in respect of the issuance of the Funding Obligations funding the payment of the Purchase Price shall have been satisfied, and (D) the Funding Obligation required to fund the payment of the Purchase Price shall have been issued at the same time as, or prior to, the Transfer; and

(viii) after giving effect to the Transfer, each of the Fair Hydro Variance Account and the Regulatory Asset will have a balance or amount, as applicable, equal to or greater than zero.

ARTICLE 3
ROLE OF THE SERVICER

3.1 Designation of Servicer

Each Transfer of a specified portion of the Regulatory Asset shall be made on the basis that the related Issuer Investment Interest shall be fully serviced by the Servicer, and the IESO or any Permitted Successor of the IESO that is the Servicer shall not be entitled to receive any further compensation from the Issuer or the Indenture Trustee for its services in connection therewith. The Servicer acknowledges the responsibility of the Servicer for servicing the related Issuer Investment Interest corresponding to the specified portion of the Regulatory Asset Transferred by the Transferor under this Agreement and hereby agrees to perform the duties and obligations of the Servicer pursuant to the terms hereof at no additional cost to the Issuer.

3.2 Duties of Servicer Generally

(a) The Servicer shall:

(i) issue settlement statements to Electricity Vendors that include amounts in respect of the Clean Energy Adjustment as prescribed by the Act and the Regulations;

(ii) receive from Electricity Vendors amounts in respect of Electricity Vendor CEA Collections including payments made directly to the IESO as an Electricity Vendor (such amounts received being "**Servicer CEA Collections**");

(iii) hold and remit Servicer CEA Collections in accordance with Section 3.3;

(iv) receive information from Electricity Vendors in respect of CEA Consumer Invoice Amounts and Electricity Vendor CEA Collections and such other information as the IESO may reasonably request for the purposes of determining the IESO Deferral or such further information as may be required;

(v) determine and record the IESO Deferral for each month and make any necessary corrections thereto in accordance with the Act and the Regulations;

(vi) forecast electricity demand by Specified Consumers for Reference Periods;

(vii) provide information to the Board in respect of forecast electricity demand or any other information the Board may require from the Servicer to facilitate the Board's determination of the rates at which Specified Consumers are to be invoiced so as to enable full recovery of the Clean Energy Adjustment in respect of any Reference Period;

(viii) respond to inquiries by Electricity Vendors, the Board or any other Governmental Authority with respect to the Clean Energy Adjustment;

(ix) investigate and handle delinquencies by Electricity Vendors regarding Servicer CEA Collections (and furnish reports with respect to such delinquencies to the Issuer);

(x) process and deposit Servicer CEA Collections and make periodic remittances to the Issuer in accordance with Section 3.3;

(xi) furnish periodic and current reports to the Issuer, the Board, the Indenture Trustee and the Rating Agencies, as may reasonably be required by the Issuer;

(xii) take all necessary action in connection with Funding Rebates as set forth herein and in the Regulations; and

(xiii) perform such other duties as may be reasonably required from time to time to be performed by it.

(b) Without limiting the generality of Section 3.2(a), in furtherance of the foregoing, the Servicer hereby agrees that it shall also have, and shall comply with, the duties and responsibilities relating to data acquisition, consumption and settlement statement calculation, settlement, collections, posting, payment processing and remittance with reasonable care and in material compliance with each applicable Requirement of Law, including the Act and the Regulations, using the same degree of care and diligence that the Servicer exercises with respect to similar assets for its own account and, if applicable, for others.

(c) Notwithstanding anything to the contrary in this Agreement, the duties of the Servicer set forth in this Agreement shall be qualified and limited in their entirety by the Act, the Regulations, all applicable laws and the rules and regulations promulgated thereunder as in effect at the time such duties are to be performed.

3.3 Remittances

(a) The Servicer shall establish an Eligible Deposit Account (the "**IESO Segregated Account**") bearing a designation clearly indicating that the funds deposited therein are held in trust for the benefit of the owners of Investment Interests. If at any time the IESO Segregated Account ceases to be an Eligible Deposit Account, the Servicer shall within 30 days establish a new IESO Segregated Account as an Eligible Deposit Account and shall transfer any cash and/or any investments held in the former account to such new account and make all future deposits to such new account.

(b) The Servicer shall deposit all Servicer CEA Collections into the IESO Segregated Account promptly following receipt by the Servicer and, in any event, within two Servicer Business Days of receipt by the Servicer and such Servicer CEA

Collections shall remain in the IESO Segregated Account until remitted in accordance with Section 3.3(d).

(c) The IESO agrees and acknowledges that it holds all Servicer CEA Collections and any other proceeds in respect of the Clean Energy Adjustment received by it in trust for the benefit of the Issuer, any other owner of Investment Interests, the Indenture Trustee and the Specified Creditors and that all such amounts will be remitted by the Servicer in accordance with this Section 3.3 without any surcharge, fee, offset, charge or other deduction. The IESO further agrees not to make any claim to reduce its obligation to remit all Servicer CEA Collections received by it in accordance with this Agreement.

(d) Absent the occurrence of a Daily Remittance Event, the Issuer Share of Servicer CEA Collections received by the Servicer during a Billing Period and any interest earned thereon shall be remitted by the Servicer to the Collection Account no later than the Remittance Date immediately following such Billing Period. Following the occurrence of a Daily Remittance Event, the Issuer Share of all Servicer CEA Collections on deposit in the IESO Segregated Account and any interest earned thereon shall be remitted by the Servicer to the Collection Account on each Servicer Business Day.

(e) On or before the **[2nd]** Servicer Business Day following the end of each Billing Period, the Servicer shall prepare and deliver to the Issuer, the Indenture Trustee and the Rating Agencies a written report substantially in the form of Exhibit B (a "**Monthly Report**").

3.4 [Funding Rebates]

[NTD: Terminology and provisions relating to IESO payment of carrying costs during the moratorium period subject to finalization of regulations creating this obligation.]

(a) On or before the **[4th]** Servicer Business Day following the end of each calendar month in which no Clean Energy Adjustment is billed to Specified Consumers, the Issuer shall prepare and deliver to the IESO a written statement substantially in the form of Exhibit C (a "**Monthly Funding Rebate Statement**") setting out the aggregate amount of all (i) Funding Costs, (ii) Finance Reserve Deposits, (iii) Financing Entity Expenses, and (iv) Tax Liabilities (net of Tax Refunds), that were incurred by or on behalf of the Issuer during the previous calendar month ("**Monthly Funding Expenses**").

(b) On or before the **[10th]** Servicer Business Day following receipt by the IESO of the Monthly Funding Rebate Statement, the IESO shall, as required by the Regulations, deliver or cause to be delivered to the Issuer, by wire transfer in immediately available funds, an amount in Canadian dollars equal to the Monthly Funding Expenses set forth in the applicable Monthly Funding Rebate Statement (the "**Funding Rebate**").

3.5 Reporting Functions

(a) Notification of Laws and Regulations. The Servicer shall promptly notify the Issuer in writing of any Requirement of Law hereafter adopted or announced or the occurrence of any other event or circumstance that has a material adverse effect on the Servicer's ability to perform its duties and obligations under this Agreement.

(b) Other Information. Upon the reasonable request of the Issuer, the Indenture Trustee or any Rating Agency, the Servicer shall provide to the Issuer, the Indenture Trustee or such Rating Agency, as the case may be, any public financial information in respect of the Servicer, or any material information regarding the Investment Interest or the Regulatory Asset to the extent it is reasonably available to the Servicer, as may be reasonably necessary and permitted by law to enable the Issuer, the Indenture Trustee or the Rating Agencies to monitor the performance by the Servicer of its duties and obligations hereunder. In addition, the Servicer shall provide the Issuer and the Indenture Trustee, within a reasonable time after written request therefor, any information available to the Servicer or reasonably obtainable by it that is necessary to calculate the Clean Energy Adjustment.

3.6 Servicing and Maintenance Standards

The Servicer shall monitor payments and impose collection policies on Electricity Vendors with respect to Electricity Vendor CEA Collections. On behalf of the Issuer, the Servicer shall: (a) manage, service, administer, collect and receive Servicer CEA Collections with reasonable care and in material compliance with each applicable Requirement of Law, including the Act and the Regulations, using the same degree of care and diligence that the Servicer exercises with respect to the collection of other amounts from Electricity Vendors for its own account and, if applicable, for others; (b) follow standards, policies and procedures in performing its duties as Servicer that are customary for an electricity market operator and administrator that regularly performs settlement functions; (c) use all reasonable efforts, consistent with its customary servicing procedures, to receive and hold Servicer CEA Collections in trust for the benefit of the Issuer; (d) comply with each Requirement of Law, including all regulations and guidelines, applicable to and binding on it relating to its duties hereunder; and (e) provide all information to the Board as required by the Act and the Regulations. The Servicer shall follow such customary and usual practices and procedures as it shall deem necessary or advisable in its servicing of all or any portion of the Investment Asset and the Issuer Investment Interest, which may include, at the direction of the Issuer, the taking of legal action, at the Issuer's expense but subject to the priority of payments set forth in **[Section 8.02(e)]** of the Indenture. In no event shall the Issuer Investment Interest be set off at any time by the IESO or any Permitted Successor thereof in connection with any default by such Person or otherwise.

3.7 Binding Effect of Servicing Obligations

The obligations to continue to provide services and to receive and account for Servicer CEA Collections and related amounts will be binding upon the Servicer and any Permitted Successor so long as the Servicer CEA Collections have not been fully received and posted. Any Person (a) into which the Servicer may be merged, converted or amalgamated and that is a

Permitted Successor, (b) that may result from any merger, conversion or amalgamation to which the Servicer shall be a party and that is a Permitted Successor, (c) that may succeed to the properties and assets of the Servicer substantially as a whole and that is a Permitted Successor, or (d) that otherwise is a Permitted Successor, which Person in any of the foregoing cases executes an agreement of assumption to perform all of the obligations of the Servicer hereunder, shall be the successor to the Servicer under this Agreement without further act on the part of any of the parties to this Agreement; provided, however, that (i) immediately after giving effect to such transaction, no representation or warranty made pursuant to Section 4.1 shall have been breached and no Servicer Default and no event that, after notice or lapse of time, or both, would become a Servicer Default shall have occurred and be continuing, (ii) the Servicer shall have delivered to the Issuer and the Indenture Trustee an Officer's Certificate and an Opinion of Counsel from external counsel stating that such consolidation, conversion, merger or succession and such agreement of assumption complies with this Section 3.7 and that all conditions precedent, if any, provided for in this Agreement relating to such transaction have been complied with, and (iii) the Servicer shall have given to the Issuer prior written notice of such transaction. When any Person that is a Permitted Successor acquires the properties and assets of the Servicer substantially as a whole or otherwise becomes the successor, by merger, conversion, consolidation, sale, transfer, lease or otherwise, to all or substantially all the assets of the Servicer in accordance with the terms of this Section 3.7, then, upon satisfaction of all of the other conditions of this Section 3.7, the preceding Servicer shall automatically and without further notice be released from all of its obligations hereunder (except for responsibilities for its actions prior to such release).

3.8 Limitation on Liability of Servicer and Others

(a) Except as otherwise provided under this Agreement, including Section 6.1, neither the Servicer nor any of the directors, officers, employees or agents of the Servicer shall be liable to the Issuer or any other Person for any action taken or for refraining from the taking of any action pursuant to this Agreement or for good faith errors in judgment; provided, however, that this provision shall not protect the Servicer or any such Person against any liability that would otherwise be imposed by reason of negligence, recklessness or willful misconduct in the performance of duties or by reason of reckless disregard of obligations and duties under this Agreement. The Servicer and any director, officer, employee or agent of the Servicer may rely in good faith on the advice of counsel or on any document of any kind, *prima facie* properly executed and submitted by any Person, respecting any matters arising under this Agreement.

(b) Except as provided in this Agreement, the Servicer shall not be under any obligation to appear in, prosecute or defend any legal action relating to the Issuer Investment Interest that is not directly related to one of the Servicer's enumerated duties in this Agreement or related to its obligation to pay indemnification, and that in its reasonable opinion may cause it to incur any expense or liability; provided, however, that the Servicer will, at the direction of the Issuer, in respect of any Proceeding, undertake any action that is not specifically identified in this Agreement as a duty of the Servicer but that the Issuer reasonably determines is necessary or desirable in order to protect the rights and duties of the Issuer or the

Indenture Trustee under this Agreement and the interests of Specified Creditors under the Indenture.

3.9 The IESO Not to Resign as Servicer

Subject to the provisions of Section 3.7, the IESO shall not resign from the obligations and duties imposed on it as Servicer under this Agreement except upon a determination that the performance of its duties under this Agreement shall no longer be permissible under applicable Requirements of Law. Notice of any such determination permitting the resignation of the IESO as Servicer shall be communicated to the Issuer, the Indenture Trustee and each Rating Agency at the earliest practicable time (and, if such communication is not in writing, shall be confirmed in writing at the earliest practicable time), and any such determination shall be evidenced by an Opinion of Counsel to such effect delivered to the Issuer, the Indenture Trustee and each Rating Agency concurrently with or promptly after such notice. No such resignation shall become effective until a Successor Servicer that is a Permitted Successor has assumed the servicing obligations and duties hereunder of the Servicer in accordance with Section 7.2.

3.10 Appointments

(a) Subject to Section 3.10(b), the Servicer may at any time appoint any Person to perform all or any portion of its obligations as Servicer hereunder; provided, however, that the Rating Agency Condition shall have been satisfied in connection therewith; and provided, further, that the Servicer shall remain obligated and be liable under this Agreement for the servicing and administering of the Issuer Investment Interest in accordance with the provisions hereof without diminution of such obligation and liability by virtue of the appointment of such Person and to the same extent and under the same terms and conditions as if the Servicer alone were servicing and administering the Investment Interest. The fees and expenses of any such Person shall be as agreed between the Servicer and such Person from time to time, and none of the Issuer, the Indenture Trustee, Specified Creditors or any other Person shall have any responsibility therefor or right or claim thereto. Any such appointment shall not constitute a resignation of the Servicer under Section 3.9.

(b) The following matters shall be performed by the Electricity Vendors in accordance with the Act and shall not be considered an "appointment" for purposes of Section 3.10(a): (i) invoicing Specified Consumers in respect of the Clean Energy Adjustment and ancillary matters related thereto; (ii) collection from Specified Consumers of payments in respect of such invoices and remittance of such payments to the Servicer; and (iii) reporting to the Servicer the total CEA Consumer Invoice Amounts invoiced by such Electricity Vendor to its Specified Consumers in respect of the Clean Energy Adjustment, the total Electricity Vendor CEA Collections received by such Electricity Vendor and such other information the IESO may reasonably request for the purposes of determining the IESO Deferral or such further information as may be required. The Servicer shall not be responsible or liable for the performance by Electricity Vendors of their duties and responsibilities under the Act or the Regulations or in respect of the matters set out in this Section 3.10(b).

3.11 Effective Period and Termination

The Servicer's appointment as Servicer under this Agreement shall become effective as of the execution hereof and shall continue in full force and effect until the earlier of (a) the effective date of resignation of the Servicer in accordance with the provisions of this Agreement, (b) termination of all of the rights and obligations of the Servicer under Article 7, and (c) the date on which all Issuer Funding Obligations have been paid in full and all CEA Consumer Invoice Amounts have been received or written off (in each case, a "**Termination Event**"). The appointment of the Servicer as servicer under this Agreement shall be terminated effective as of the date of the Termination Event.

ARTICLE 4
REPRESENTATIONS AND WARRANTIES OF THE IESO

4.1 Representations and Warranties

Subject to Section 4.3, the IESO makes the following representations and warranties as of the date hereof and as of each applicable Closing Date, and the IESO acknowledges that the Issuer and the Indenture Trustee will rely thereon in paying the Purchase Price related to Transfers of specified portions of the Regulatory Asset, and the Issuer has relied thereon in entering into this Agreement relating to the servicing of the corresponding Investment Interests.

(a) Organization and Good Standing. The IESO is a statutory corporation amalgamated under the laws of the Province of Ontario, with requisite power and authority to own its properties, to conduct its business as such properties are currently owned and such business is presently conducted by it, and to execute, deliver and carry out the terms of this Agreement, including, for greater certainty, acting as Servicer in accordance with this Agreement.

(b) Due Qualification. The IESO has obtained all necessary licences and approvals, in all jurisdictions in which the ownership or lease of property or the conduct of its business (including acting as Servicer under this Agreement) shall require such licences or approvals, except where the failure to so qualify or obtain such licences and approvals would not be reasonably likely to have a material adverse effect on the IESO's business, operations, assets, revenues or properties, the Regulatory Asset, the servicing of related Investment Interests, the Issuer or the repayment when due of the Funding Obligations.

(c) Power and Authority. The IESO has the requisite power and authority to execute and deliver this Agreement and to carry out its terms. The IESO has full corporate power and authority to hold the Regulatory Asset and to Transfer specified portions of the Regulatory Asset to the Issuer and the IESO has duly authorized such Transfer to the Issuer by all necessary action. The execution, delivery and performance of all obligations under this Agreement have been duly authorized by all necessary action on the part of the IESO under all applicable laws.

(d) Binding Obligation. This Agreement constitutes a legal, valid and binding obligation of the IESO, enforceable against the IESO in accordance with its terms, subject to bankruptcy, receivership, insolvency, reorganization, moratorium or other laws affecting creditors' rights generally from time to time in effect and to general principles of equity (including concepts of materiality, reasonableness, good faith and fair dealing).

(e) No Violation. The consummation of the transactions contemplated by this Agreement and the fulfillment of the terms hereof by the IESO do not conflict with, result in any breach of any of the terms and provisions of, or constitute (with or without notice or lapse of time, or both) a default under, the IESO's by-laws, or any indenture, or other material agreement or instrument to which the IESO is a party or by which it is bound, result in the creation or imposition of any Lien upon any of the IESO's properties pursuant to the terms of any such indenture, agreement or other instrument or violate any existing law or any order, rule or regulation applicable to the IESO issued by any Governmental Authority having jurisdiction over the IESO or its properties.

(f) No Proceedings. There are no Proceedings or, to the IESO's knowledge, investigations pending or Proceedings threatened, before any Governmental Authority having jurisdiction over the IESO or its properties: (a) asserting the invalidity of this Agreement or the Act, (b) seeking to prevent the consummation of any of the transactions contemplated by this Agreement or the Act, or (c) seeking a determination or ruling that could reasonably be expected to materially and adversely affect the performance by the IESO of its obligations under, or the validity or enforceability of, this Agreement or the Act.

(g) Approvals. No approvals, authorizations, consents, orders or other actions or filings with any Governmental Authority are required for the IESO to execute, deliver and perform its obligations under this Agreement except those which have previously been obtained or made.

(h) Information.

(i) At the date hereof and as of each applicable Closing Date, all written information, as amended or supplemented from time to time, provided by the Transferor to the Issuer with respect to the Regulatory Asset is true and correct in all material respects and does not omit any material facts.

(ii) Each report and certificate delivered in connection with any filing made or information provided to the Board by the IESO in connection with the Act, including on behalf of the Issuer with respect to Clean Energy Adjustments, will constitute a representation and warranty by the IESO that each such report or certificate, as the case may be, is true and correct in all material respects; provided, however, that, to the extent any such report or certificate is based in part upon or contains assumptions, forecasts or other predictions of future events, the representation and warranty of the IESO with respect

thereto will be limited to the representation and warranty that such assumptions, forecasts or other predictions of future events are reasonable based upon historical performance (and facts known to the IESO on the date such report or certificate is delivered).

(i) The Transfer. On the applicable Closing Date, the specified portion of the Regulatory Asset as set forth in the applicable Transfer Notice shall be validly Transferred to the Issuer and the IESO will have no right, title or interest in the related Investment Interest and the related Investment Interest shall not form part of the estate of the IESO in the event of an Insolvency Event in respect of the IESO.

(j) No Transfer. Except pursuant to any Co-Owner Agreement, no portion of the Regulatory Asset has been sold, transferred, assigned, pledged or otherwise conveyed by the IESO to any Person other than the Issuer or the Indenture Trustee, and, to the IESO's knowledge (after due inquiry), no security agreement, financing statement or equivalent security or lien instrument listing the IESO as debtor covering all or a portion of the Regulatory Asset (or the corresponding Investment Interest upon the Transfer thereof) is on file or of record in any jurisdiction, except such as may have been filed or recorded in favour of the Issuer or the Indenture Trustee in connection with the Program Agreements.

(k) Title. The IESO is the sole owner of the specified portion of the Regulatory Asset that is to be Transferred to the Issuer on the applicable Closing Date, free and clear of all Liens.

(l) Tax Liens. After due inquiry, the IESO is not aware of any judgment or tax lien filing against the IESO.

(m) Solvency. On the date hereof and after giving effect to each Transfer, the IESO:

(i) is solvent and expects to remain solvent;

(ii) reasonably believes that it will be able to pay its debts as they come due; and

(iii) is able to pay its debts as they mature and does not intend to incur, or believes that it will not incur, indebtedness that it will not be able to repay at its maturity.

(n) No Court Order. There is no order by any court that seeks to enjoin the performance of any obligations of the IESO under the Act or this Agreement.

4.2 Survival

The representations and warranties set forth in Section 4.1 shall survive the execution and delivery of this Agreement, each Transfer of an Investment Interest to the Issuer and the pledge thereof to the Indenture Trustee pursuant to the Indenture and may not be waived

by any party hereto except pursuant to a written agreement executed in accordance with Section 8.1 and as to which the Rating Agency Condition has been satisfied.

4.3 Limitations on Representations and Warranties

Notwithstanding anything in this Agreement to the contrary, the IESO makes no representation or warranty that the Issuer's Share of Servicer CEA Collections will be sufficient to satisfy in full the Issuer's Funding Obligations.

ARTICLE 5
COVENANTS OF THE IESO

5.1 Existence

Subject to Section 3.9, so long as any Funding Obligations are outstanding, the IESO (a) will keep in full force and effect its existence and remain validly existing under the laws of the Province of Ontario, and (b) will obtain and preserve its qualifications to do business in each jurisdiction in which such qualification is or will be necessary to protect the validity and enforceability of this Agreement and each other instrument or agreement to which the IESO is a party necessary for the proper administration of this Agreement and the transactions contemplated hereby.

5.2 No Liens

Except for (a) the Transfers under this Agreement to the Issuer or any Lien for the benefit of the Specified Creditors or the Indenture Trustee, and (b) following the Co-Owner Implementation Date, Transfers to other Financing Entities who enter into a Co-Owner Agreement with the Issuer and Liens granted in connection therewith to Persons advancing Funding Obligations to such other Financing Entities, the IESO will not sell, pledge, assign or transfer to any other Person, or grant, create, incur, assume or suffer to exist any Lien on, any portion of the Regulatory Asset, whether existing as of the applicable Closing Date or thereafter created, or any interest therein. The IESO will not at any time assert any Lien against or with respect to the Issuer Investment Interest, and will defend the right, title and interest of the Issuer and of the Indenture Trustee, on behalf of the Specified Creditors, in, to and under the Issuer Investment Interest against all claims of third parties claiming through or under the Transferor.

5.3 Notice of Liens

The IESO shall notify the Issuer and the Indenture Trustee promptly after becoming aware of any Lien on any portion of the Regulatory Asset, other than the Transfers hereunder and any Lien pursuant to the Program Agreements.

5.4 Compliance with Law

The IESO will comply with all Requirements of Law applicable to, and binding upon, the IESO or relating to the Regulatory Asset. the Investment Asset or Investment Interests, except to the extent that failure to so comply would not materially adversely affect the Issuer's, the Indenture Trustee's or the Specified Creditors' interests in the Issuer Investment Interest under

any of the Program Agreements, the value of the Issuer Investment Interest, the timing or amount of Clean Energy Adjustments payable by Specified Consumers or the IESO's performance of its obligations under this Agreement; provided, however, that the foregoing is not intended to, and shall not, impose any liability on the IESO for non-compliance with any Requirement of Law that the IESO is contesting in good faith in accordance with its customary standards and procedures.

5.5 Covenants Related to the Investment Interest

(a) So long as any Issuer Funding Obligations are outstanding, the IESO shall treat the Issuer Investment Interest as the Issuer's property for all purposes.

(b) Except for passive investments held for employee benefit purposes, the IESO shall not at any time become a holder of Issuer Funding Obligations other than Funding Rebates.

(c) The IESO shall disclose the effects of all transactions between the IESO and the Issuer in accordance with generally accepted accounting principles (for government entities).

(d) The IESO agrees that upon completion of a Transfer, the IESO shall reduce the balance in the Fair Hydro Variance Account by the Purchase Price and will adjust the Regulatory Asset accordingly.

(e) (i) in all Proceedings relating directly or indirectly to the Issuer Investment Interest, the IESO shall affirmatively certify and confirm that it has Transferred all of its rights and interests in and to the specified portion of the Regulatory Asset giving rise to the Issuer Investment Interest, (ii) the IESO shall not make any statement or reference in respect of the Issuer Investment Interest that is inconsistent with the ownership interest of the Issuer, (iii) the IESO shall not take any action in respect of the Issuer Investment Interest except solely in its capacity as the Servicer thereof pursuant to this Agreement, and (iv) the IESO shall not sell any portion of the Regulatory Asset pursuant to the Act to any other Person unless a Co-Owner Agreement has been entered into and the Rating Agency Condition has been satisfied with respect thereto.

5.6 Non-petition Covenants

Notwithstanding any prior termination of this Agreement or the Indenture, the IESO shall not, prior to the date that is one year plus one day after termination of the Indenture and the payment in full of all Issuer Funding Obligations and any other amounts owed under the Indenture, petition or otherwise invoke the process of any Governmental Authority for the purpose of commencing or sustaining a Proceeding against the Issuer under any Canadian bankruptcy, insolvency or similar law, appointing a receiver, liquidator, assignee, trustee, custodian, sequestrator or other similar official or any substantial part of the property of the Issuer.

5.7 Disclosure

The IESO shall provide all information regarding the IESO, the IESO Deferral, the Regulatory Asset or the services provided by the Servicer hereunder (collectively, the "**IESO Disclosure**") as may be reasonably requested by the Issuer for inclusion in any offering document of the Issuer from time to time, including but not limited to offering memoranda, prospectuses, registration statements and continuous disclosure documents and represents that all such information is, at the respective dates of delivery to the Issuer, true and correct, contains no misrepresentation and constitutes full, true and plain disclosure of all material facts relating to the IESO Disclosure.

5.8 Further Assurances

Upon the request of the Issuer, the IESO shall execute and deliver such further instruments and do such further acts as may reasonably be necessary to carry out the provisions and purposes of this Agreement.

5.9 Co-Owner Agreements

The IESO shall not continue as or become a party to any purchase and sale agreement or similar arrangement (other than this Agreement) under which it sells all or any portion of the Regulatory Asset unless (i) the Rating Agency Condition shall have been satisfied, (ii) the Indenture Trustee, the Transferor and the other parties to such additional arrangement shall have entered into a Co-Owner Agreement in connection therewith, and (iii) the terms of the documentation evidencing such purchase and sale arrangement or similar arrangement shall expressly exclude the Issuer Investment Interest (including the Issuer Share of any Servicer CEA Collections) from any receivables, rights or other assets pledged or sold under such arrangement and unless the purchaser under such arrangement is a Financing Entity.

5.10 Access to Certain Records and Information Regarding Investment Interest

The IESO shall provide to the Issuer and the Indenture Trustee access to all records relating to the IESO Deferral, the Fair Hydro Variance Account, the IESO Segregated Account and Servicer CEA Collections, as is reasonably required for the Issuer and the Indenture Trustee to confirm compliance by the IESO with its obligations under this Agreement and any other Program Agreements to which the IESO is a party. Access shall be afforded without charge, but only upon reasonable request and during normal business hours at the offices of the IESO. Nothing in this Section 5.10 shall affect the obligation of the IESO to comply with any Requirement of Law prohibiting disclosure of information, and the failure of the IESO to provide access to such information as a result of such obligation shall not constitute a breach of this Section 5.10.

5.11 Maintenance of Operations

Subject to Section 3.7, the IESO agrees to continue, unless prevented by circumstances beyond its control, to operate as the electricity system operator in the Province of Ontario in order to provide service so long as it is acting as the Servicer under this Agreement.

ARTICLE 6
IESO INDEMNITIES

6.1 Liability of the IESO; Indemnities

(a) The IESO shall indemnify the Issuer, the Indenture Trustee (for itself and for the benefit of the Specified Creditors), the Manager, the Administrative Agent and each of their respective trustees, officers, directors, employees and agents (each, an "**Indemnified Party**"), for, and defend and hold harmless each such Person from and against, any and all liabilities, obligations, losses, damages, payments and claims, and reasonable costs or expenses, of any kind whatsoever (collectively, "**Indemnified Losses**") imposed on, incurred by or asserted against any such Person as a result of (i) the failure of the IESO to perform its covenants and other obligations under this Agreement, any Co-Owner Agreement and any other Program Agreement to which the IESO is a party; (ii) the IESO's breach of any of its representations or warranties under this Agreement, any Co-Owner Agreement and any other Program Agreement to which the IESO is a party; and (iii) any litigation and related expenses relating to the IESO's status and obligations as Servicer (other than any Proceeding the IESO is required to institute under this Agreement), except to the extent of Indemnified Losses resulting from the willful misconduct, bad faith or gross negligence of such Person seeking indemnification hereunder; provided that, in each case, the IESO shall not be required to indemnify an Indemnified Party for any amount paid or payable by such Indemnified Party in the settlement of any Proceeding or investigation without the written consent of the IESO, which consent shall not be unreasonably withheld. Promptly after receipt by an Indemnified Party of notice (or, in the case of the Indenture Trustee, receipt of notice by a Responsible Officer only) of the commencement of any Proceeding or investigation, such Indemnified Party shall, if a claim in respect thereof is to be made against the IESO under this Section 6.1(a), notify the IESO in writing of the commencement thereof. Failure by an Indemnified Party to so notify the IESO shall relieve the IESO from the obligation to indemnify and hold harmless such Indemnified Party under this Section 6.1(a) only to the extent that the IESO suffers actual prejudice as a result of such failure. With respect to any Proceeding or investigation brought by a third party for which indemnification may be sought under this Section 6.1(a), the IESO shall be entitled to conduct and control, at its expense and with counsel of its choosing that is reasonably satisfactory to such Indemnified Party, the defence of any such Proceeding or investigation (in which case the IESO shall not thereafter be responsible for the fees and expenses of any separate counsel retained by the Indemnified Party except as set forth below); provided, that the Indemnified Party shall have the right to participate in such Proceeding or investigation through counsel chosen by it and at its own expense. Notwithstanding the IESO's election to assume the defence of any Proceeding or investigation, the Indemnified Party shall have the right to employ separate counsel, and the IESO shall bear the reasonable fees, costs and expenses of such separate counsel, if (i) the defendants in any such action include both the Indemnified Party and the IESO and the Indemnified Party shall have reasonably concluded that there may be legal defences available to it that are different from or additional to those

available to the IESO, (ii) the IESO shall not have employed counsel reasonably satisfactory to the Indemnified Party to represent the Indemnified Party within a reasonable time after notice of the institution of such action, (iii) the IESO shall authorize the Indemnified Party to employ separate counsel at the expense of the IESO, or (iv) in the case of the Indenture Trustee, such action exposes the Indenture Trustee to a material risk of criminal liability or forfeiture or a Servicer Default has occurred and is continuing. Notwithstanding the foregoing, the IESO shall not be obligated to pay for the fees, costs and expenses of more than one separate counsel for the Indemnified Parties other than one local counsel, if appropriate. The IESO will not, without the prior written consent of the Indemnified Party, settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim or Proceeding in respect of which indemnification may be sought under this Section 6.1(a) (whether or not the Indemnified Party is an actual or potential party to such claim or action) unless such settlement, compromise or consent includes an unconditional release of the Indemnified Party from all liability arising out of such claim or Proceeding.

(b) For purposes of Section 6.1(a), in the event of the termination of the rights and obligations of the IESO (or any successor thereto pursuant to Section 3.7) as Servicer pursuant to Section 7.1, or a resignation by such Servicer pursuant to this Agreement, the IESO shall be deemed to be the Servicer pending appointment of a Successor Servicer pursuant to Section 7.2.

(c) Indemnification under Section 6.1(a) shall include reasonable out-of-pocket fees and expenses of investigation and litigation (including reasonable legal fees and expenses), except as otherwise expressly provided in this Agreement.

(d) Indemnification under this Section 6.1 shall survive any repeal of, modification of, or supplement to, or judicial invalidation of, the Act and shall survive the resignation or removal of the Indenture Trustee or the termination of this Agreement and will rank *pari passu* with other general, unsecured obligations of the IESO. Other than provided in the preceding sentence, the IESO shall not indemnify any party under this Section 6.1 for any changes in law after the date hereof, whether such changes in law are effected by means of any legislative enactment or any final and non-appealable judicial decision.

(e) Except to the extent expressly provided in this Agreement (including the payment of the Purchase Price), the IESO hereby releases and discharges the Issuer and the Indenture Trustee, and each of their respective trustees, officers, directors and agents (collectively, the "**Released Parties**"), from any and all actions, claims and demands whatsoever, whenever arising, which the IESO, in its capacity as Servicer or otherwise, shall or may have against any such Person relating to the Investment Interest or the IESO's activities with respect thereto, other than any actions, claims and demands arising out of the willful misconduct, bad faith or gross negligence of the Released Parties.

ARTICLE 7
SERVICER DEFAULT

7.1 Servicer Default

If any one or more of the following events (each, a "**Servicer Default**") shall occur and be continuing:

(a) any failure by the Servicer to remit to the Collection Account on behalf of the Issuer any required remittance that shall continue unremedied for a period of **[two/three][NTD: Rating Agencies will expect 2-3 days]** Business Days after written notice of such failure is received by the Servicer from the Issuer (with a copy to the Indenture Trustee) or the Indenture Trustee or after discovery of such failure by a Responsible Officer of the Servicer;

(b) any failure on the part of the Servicer or, so long as the Servicer is the IESO, any failure on the part of the IESO, as the case may be, duly to observe or to perform in any respect any covenants or agreements of the Servicer or the IESO, as the case may be, set forth in this Agreement (other than as provided in Section 7.1(a)) or any other Program Agreement to which it is a party, which failure shall (i) materially and adversely affect the rights of the Specified Creditors and (ii) continue unremedied for a period of 30 days after the date on which (A) written notice of such failure, requiring the same to be remedied, shall have been given to the Servicer or the IESO, as the case may be, by the Issuer (with a copy to the Indenture Trustee) or to the Servicer or the IESO, as the case may be, by the Indenture Trustee or (B) such failure is discovered by a Responsible Officer of the Servicer;

(c) any representation or warranty made by the Servicer in this Agreement, any other Program Agreement or in any Monthly Report, shall prove to have been incorrect when made, which has a material adverse effect on the Issuer, the Indenture Trustee or any other Specified Creditor and which remains unremedied for a period of 30 days after the date on which (i) written notice thereof, requiring the same to be remedied, shall have been delivered to the Servicer (with a copy to the Indenture Trustee) by the Issuer or the Indenture Trustee or (ii) such failure is discovered by a Responsible Officer of the Servicer;

(d) an Insolvency Event occurs with respect to the Servicer or the IESO;

(e) any additional "Servicer Default" as specified in any Co-Owner Agreement occurs; or

(f) the termination or withdrawal of the "Servicing Guarantee" under the Provincial Protection and Assurances Agreement. **[NTD: Subject to finalization of the Provincial Protection and Assurances Agreement.]**

then, and in each and every case, the Indenture Trustee shall, upon the instruction of the Specified Creditors evidencing a majority of the Outstanding Amount of the Issuer's Funding Obligations,

subject to the terms of any Co-Owner Agreement, by notice then given in writing to the Servicer (and to the Indenture Trustee if given by the Specified Creditors) (a "**Termination Notice**"), terminate all the rights and obligations (other than the obligations set forth in Section 6.1 and the obligation under Section 7.2 to continue performing its functions as Servicer until a Successor Servicer is appointed) of the Servicer under this Agreement and under the Co-Owner Agreement. In addition, upon a Servicer Default described in Section 7.1(a), the Specified Creditors and the Indenture Trustee (or any of their representatives) shall be entitled to apply to a court of appropriate jurisdiction for an order for sequestration and payment of revenues arising with respect to the Investment Interest. On or after the receipt by the Servicer of a Termination Notice, all authority and power of the Servicer under this Agreement, whether with respect to the Investment Interest, the Clean Energy Adjustments or otherwise, shall, without further action, pass to and be vested in such Successor Servicer as may be appointed under Section 7.2; and, without limitation, the Indenture Trustee is hereby authorized and empowered to execute and deliver, on behalf of the predecessor Servicer, as attorney-in-fact or otherwise, any and all documents and other instruments, and to do or accomplish all other acts or things necessary or appropriate to effect the purposes of such Termination Notice, whether to complete the transfer of all documents and records related to the Regulatory Asset, the IESO Deferral, the Fair Hydro Variance Account and related documents or records, or otherwise (the "**Records**"). The predecessor Servicer shall cooperate with the Successor Servicer, the Issuer and the Indenture Trustee in effecting the termination of the responsibilities and rights of the predecessor Servicer under this Agreement, including the transfer to the Successor Servicer for administration by it of all Records and all cash amounts that shall at the time be held by the predecessor Servicer for remittance, or shall thereafter be received by it with respect to the Investment Interest or the Clean Energy Adjustment. As soon as practicable after receipt by the Servicer of such Termination Notice, the Servicer shall deliver the Records to the Successor Servicer. If a Successor Servicer has been appointed as a result of a Servicer Default, all reasonable costs and expenses (including reasonable legal fees and expenses) incurred in connection with transferring the Records to the Successor Servicer and amending this Agreement and any Co-Owner Agreement to reflect such succession as Servicer pursuant to this Section 7.1 shall be paid by the predecessor Servicer upon presentation of reasonable documentation of such costs and expenses. Termination of the IESO as Servicer shall not terminate the IESO's rights or obligations under this Agreement (except rights thereunder deriving from its rights as the Servicer hereunder).

7.2 Appointment of Successor Servicer

(a) Upon the Servicer's receipt of a Termination Notice pursuant to Section 7.1 or the Servicer's resignation or removal in accordance with the terms of this Agreement, the predecessor Servicer shall continue to perform its functions as Servicer under this Agreement, until a Successor Servicer shall have assumed in writing the obligations of the Servicer hereunder as described below. In the event of the Servicer's removal or resignation hereunder, the Indenture Trustee may, and at the written direction and with the consent of the Specified Creditors evidencing a majority of the Outstanding Amount of the Issuer's Funding Obligations shall, but subject to the provisions of the applicable Co-Owner Agreement, appoint a Successor Servicer with the Issuer's prior written consent thereto (which consent shall not be unreasonably withheld), and the Successor Servicer shall accept its appointment by a written assumption in form reasonably acceptable to the Issuer.

If, within 30 days after the delivery of the Termination Notice, a Successor Servicer shall not have been appointed, the Indenture Trustee may, at the direction of Specified Creditors evidencing a majority of the Outstanding Amount of the Issuer's Funding Obligations, petition a court of competent jurisdiction to appoint a Successor Servicer under this Agreement. A Person shall qualify as a Successor Servicer only if (i) such Person is permitted under the Act to perform the duties of the Servicer, (ii) the Rating Agency Condition shall have been satisfied with respect to such appointment, (iii) such Person enters into a master transfer and servicing agreement with the Issuer having substantially the same provisions as this Agreement and (iv) such Person agrees to perform the obligations of the Servicer under any Co-Owner Agreement. In no event shall the Indenture Trustee be liable for its appointment of a Successor Servicer. The Indenture Trustee's expenses incurred under this Section 7.2(a) shall be at the sole expense of the Issuer and payable from the Collection Account as provided in **[Section 8.02]** of the Indenture.

(b) Upon appointment, the Successor Servicer shall be the successor in all respects to the predecessor Servicer and shall be subject to all the responsibilities, duties and liabilities arising thereafter placed on the predecessor Servicer and shall be entitled to all the rights granted to the predecessor Servicer by the terms and provisions of this Agreement.

7.3 Waiver of Past Defaults

The Indenture Trustee, with the written consent of Specified Creditors evidencing a majority of the Outstanding Amount of the Issuer's Funding Obligations, may waive in writing any default by the Servicer in the performance of its obligations hereunder and its consequences, except a default in making any required deposits to the Collection Account in accordance with this Agreement. Upon any such waiver of a past default, such default shall cease to exist, and any Servicer Default arising therefrom shall be deemed to have been remedied for every purpose of this Agreement. No such waiver shall extend to any subsequent or other default or impair any right consequent thereto.

7.4 Notice of Servicer Default

The Servicer shall deliver to the Issuer, the Manager, the Indenture Trustee and the Rating Agencies promptly after having obtained knowledge thereof, but in no event later than five Business Days thereafter, written notice of any event that, with the giving of notice or lapse of time, or both, would become a Servicer Default under Section 7.1.

7.5 Cooperation with Successor Servicer

The Servicer covenants and agrees with the Issuer that it will, on an ongoing basis, cooperate with the Successor Servicer and provide whatever information is, and take whatever actions are, reasonably necessary to assist the Successor Servicer in performing its obligations hereunder.

ARTICLE 8
MISCELLANEOUS

8.1 Amendment

(a) This Agreement may be amended in writing by the IESO and the Issuer with (i) the prior written consent of the Indenture Trustee, and (ii) the satisfaction of the Rating Agency Condition. Promptly after the execution of any such amendment or consent, the Issuer shall furnish copies of such amendment or consent to each of the Rating Agencies.

(b) Prior to the execution of any amendment to this Agreement, the Issuer and the Indenture Trustee shall be entitled to receive and rely upon an Opinion of Counsel, which counsel may be an employee of or counsel to the Issuer or the IESO and which shall be reasonably satisfactory to the Indenture Trustee, or, in the Indenture Trustee's sole judgment, external counsel of the IESO stating that the execution of such amendment is authorized and permitted by this Agreement and that all conditions precedent provided for in this Agreement relating to such amendment have been complied with. The Issuer and the Indenture Trustee may, but shall not be obligated to, enter into any such amendment that affects their own rights, duties, indemnities or immunities under this Agreement or otherwise.

8.2 Notices

Any notice, report or other communication given hereunder shall be in writing and shall be effective (a) upon receipt when sent through the mails, registered or certified mail, return receipt requested, postage prepaid, with such receipt to be effective the date of delivery indicated on the return receipt, (b) upon receipt when sent by an overnight courier, (c) on the date personally delivered to an authorized officer of the party to which sent, or (d) on the date transmitted by electronic transmission with a confirmation of receipt in all cases, addressed as follows:

(a) in the case of the IESO, in its capacity as Transferor or Servicer:

Independent Electricity System Operator
[Address]

Attention: ■
Email: ■

(b) in the case of the Issuer or the Manager (on behalf of the Issuer):

[Financing Entity]
c/o Ontario Power Generation Inc., as Manager
700 University Avenue
Toronto, Ontario
M5G 1X6

Attention: ■
Email: ■

(c) in the case of the Indenture Trustee:

■
[Address]

Attention: ■
Email: ■

Each party hereto may, by notice given in accordance herewith to the other party or parties hereto, designate any further or different address to which subsequent notices, reports and other communications shall be sent. Any notice, report or communication required to be given by the IESO hereunder to a Rating Agency shall be given to the address provided by the Issuer from time to time.

8.3 Assignment

Notwithstanding anything to the contrary contained herein, except as provided in the provisions of this Agreement concerning the resignation of the Servicer, this Agreement may not be assigned by the IESO.

8.4 Limitations on Rights of Third Parties

The provisions of this Agreement are solely for the benefit of the IESO, the Issuer and, to the extent provided herein or in the other Program Agreements, the Indenture Trustee (for its own benefit and for the benefit of the Specified Creditors) and the other Persons expressly referred to herein, and such Persons shall have the right to enforce the relevant provisions of this Agreement. Nothing in this Agreement, whether express or implied, shall be construed to give to any other Person any legal or equitable right, remedy or claim in the Issuer Investment Interest or under or in respect of this Agreement or any covenants, conditions or provisions contained herein.

8.5 Severability

Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remainder of such provision (if any) or the remaining provisions hereof (unless such construction shall be unreasonable), and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

8.6 Separate Counterparts; Electronic Delivery

This Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute but one and the same instrument. Delivery of an executed signature page to this

Agreement by a party by electronic transmission will be as effective as delivery of a manually executed copy of this Agreement by such party.

8.7 Governing Law

This Agreement shall be construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein, and each party to this Agreement attorns to the non-exclusive jurisdiction of the courts of the Province of Ontario.

8.8 Assignment to Indenture Trustee

The IESO hereby acknowledges and consents to any mortgage, pledge, assignment and grant of a security interest by the Issuer to the Indenture Trustee pursuant to the Indenture for the benefit of the Specified Creditors of all right, title and interest of the Issuer in, to and under this Agreement, the Investment Interest and the proceeds thereof and the assignment of any or all of the Issuer's rights hereunder to the Indenture Trustee for the benefit of the Specified Creditors. In no event shall the Indenture Trustee have any liability for the representations, warranties, covenants, agreements or other obligations of the Issuer hereunder or in any of the certificates delivered pursuant hereto, as to all of which any recourse shall be had solely to the assets of the Issuer subject to the availability of funds therefor under Section **[8.02]** of the Indenture.

8.9 Limitation of Liability of Indenture Trustee

It is expressly understood and agreed by the parties hereto that this Agreement is executed and delivered by the Indenture Trustee, not individually or personally but solely as Indenture Trustee on behalf of the Specified Creditors, in the exercise of the powers and authority conferred and vested in it. The Indenture Trustee in acting hereunder is entitled to all rights, benefits, protections, immunities and indemnities accorded to it under the Indenture.

8.10 Limitation of Liability of the Issuer Trustee

(a) It is expressly understood and agreed by the parties hereto that the Issuer Trustee is acting solely in its capacity as trustee of the Issuer, and not in any other capacity. The Issuer solely shall be responsible for the performance of the Issuer's obligations hereunder and the assets of the Issuer solely shall be subject to levy or execution in satisfaction of such obligations.

(b) The Issuer Trustee will not be subject to any liability whatsoever, in tort, in contract or otherwise, in connection with the Issuer's property or the Issuer's activities, to the Issuer's beneficiaries or to any other Person, for any action taken or permitted by the Issuer Trustee to be taken, or the Issuer Trustee's failure to compel in any way any former or acting Issuer Trustee to redress any breach of trust with respect to the execution of the duties of its office or in respect of the Issuer's property or the Issuer's activities, provided that the foregoing limitation will not apply in respect of action or failure to act arising from or in connection with dishonesty, bad faith, willful misconduct, gross negligence or reckless disregard of a duty by the Issuer Trustee. The Issuer Trustee, in doing anything or permitting anything to be done in respect of the execution of the duties of its office or in respect of the Issuer's

property or the Issuer's activities, is, and will be conclusively deemed to be, acting as trustee of the Issuer and not in any other capacity. Except as to the extent provided in this Section 8.10, the Issuer Trustee will not be subject to any liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses against or with respect to the Issuer, arising out of anything done or permitted by it to be done or its failure to take any action in respect of the execution of the duties of its office or for or in respect of the Issuer's property or the Issuer's activities and resort will be had solely to the Issuer's property for the payment or performance thereof. No property or assets of the Issuer Trustee owned in its personal capacity will be subject to levy, execution or other enforcement procedure with regard to any obligation under this Agreement.

(c) The holders of the units of the Issuer will not be subject to any liability whatsoever, in tort, in contract or otherwise, in connection with the Issuer's property or the Issuer's activities, to the Issuer's beneficiaries or to any other Person, for any action taken or permitted by it to be taken. The holders of the units of the Issuer will not be subject to any liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses against or with respect to the Issuer, arising out of anything done or permitted by it to be done or its failure to take any action in respect of the execution of the duties of its office or for or in respect of the Issuer's property or the Issuer's activities and resort will be had solely to the Issuer's property for the payment or performance thereof. No property or assets of the holders of the units of the Issuer owned in their personal capacity will be subject to levy, execution or other enforcement procedure with regard to any obligation under this Agreement.

8.11 Waivers

Any term or provision of this Agreement may be waived, or the time for its performance may be extended, by the party or parties entitled to the benefit thereof; provided, however, that no such waiver delivered by the Issuer shall be effective unless the Indenture Trustee has given its prior written consent thereto. Any such waiver shall be validly and sufficiently authorized for the purposes of this Agreement if, as to any party, it is authorized in writing by an authorized representative of such party, with prompt written notice of any such waiver to be provided to the Rating Agencies. The failure of any party hereto to enforce at any time any provision of this Agreement shall not be construed to be a waiver of such provision, nor in any way to affect the validity of this Agreement or any part hereof or the right of any party thereafter to enforce each and every such provision. No waiver of any breach of this Agreement shall be held to constitute a waiver of any other or subsequent breach.

8.12 Indenture Trustee Actions

In acting hereunder, the Indenture Trustee shall have the rights, protections and immunities granted to it under the Indenture.

8.13 Issuer Trustee

In acting hereunder, the Issuer Trustee shall have the rights, protections and immunities granted to it under the Declaration of Trust.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their respective officers as of the day and year first above written.

TRANSFER NOTICE

TO: **[FINANCING ENTITY]**
c/o Ontario Power Generation Inc., as Manager
700 University Avenue
Toronto, Ontario
M5G 1X6

Attention: ■
Email: ■

This Transfer Notice is delivered to you pursuant to Section 2.1 of a master transfer and servicing agreement made as of ■, 2017 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "**Master Transfer and Servicing Agreement**") between **[FINANCING ENTITY]**, a trust formed under the laws of the Province of Ontario (the "**Issuer**"), and the **INDEPENDENT ELECTRICITY SYSTEM OPERATOR** ("**Transferor**" in its capacity as transferor, "**Servicer**", in its capacity as servicer, and "**IESO**" in its capacity as both Transferor and Servicer), a statutory corporation without share capital amalgamated under the laws of the Province of Ontario, and acknowledged and accepted by **[INDENTURE TRUSTEE]**, a trust company existing under the laws of Canada and duly authorized to carry on the business of a trust company in all of the provinces and territories of Canada, as indenture trustee (the "**Indenture Trustee**"). All capitalized terms used but not otherwise defined herein shall have the respective meanings ascribed to such terms in the Master Transfer and Servicing Agreement.

The Transferor hereby gives notice to the Issuer of its desire to transfer to the Issuer on the Closing Date set out below, on a fully serviced basis, the specified portion of the Regulatory Asset set out below, all in accordance with the terms and conditions of the Master Transfer and Servicing Agreement. In consideration for (i) the Transferor's Transfer to the Issuer of the specified portion of the Regulatory Asset set out below, on a fully serviced basis, **[and (ii) the Transferor's agreement to pay to the Issuer all (a) Funding Costs, (b) Finance Reserve Deposits, (c) Financing Entity Expenses, and (d) Tax Liabilities (net of Tax Refunds) that are incurred by the Issuer in connection with such Transfer,]**[4] the Issuer shall deliver or cause to be delivered to the Transferor on the Closing Date set out below, by wire transfer in immediately available funds, an amount in Canadian dollars equal to the Purchase Price set out below.

Upon receipt by the Transferor of the Purchase Price on the Closing Date, (i) the Transferor shall reduce the balance of the Fair Hydro Variance Account by an amount equal to the Purchase Price and the Regulatory Asset shall be adjusted accordingly; and (ii) the corresponding Investment Interest shall immediately vest in the Issuer, free and clear of any adverse claim, and

4 Funding Rebate language to be included in Transfer Notice only when Clean Energy Adjustment is not being charged.

shall constitute a valid and enforceable absolute assignment, conveyance and sale of the corresponding Investment Interest.

Specified portion of Regulatory Asset: $■

Purchase Price: $■

Closing Date: ■

The Transferor hereby represents, warrants and confirms that:

(i) each of the representations and warranties on the part of the Transferor contained in the Master Transfer and Servicing Agreement are true and correct in all respects on the date hereof as if made on the date hereof;

(ii) the Transferor is not in breach of any of its covenants in the Master Transfer and Servicing Agreement; and

(iii) as of the date hereof, each condition precedent that must be satisfied by the Transferor under Section 2.2 of the Master Transfer and Servicing Agreement is capable of being satisfied prior to Closing Date.

The closing shall take place at ■ (Toronto time) on the Closing Date referred to above at the offices of ■, except as may be otherwise mutually agreed.

DATED this ■ day of ■, 20■.

Subject: Fair Hydro Business Issues

Hi Gadi, Mike, Ron,

I had a chat with Ken Hartwick on Friday afternoon about our position on fees as well as progress on what we have been calling “business issues” (equity injection process, sub-debt agreement, guarantees). He agreed that we could push out the fees conversation from this round of regulation drafting, but wanted to make sure we set up time in early July to talk through these issues and land them asap. Here is where I think we are on each point:

- Fees: OPG wants a very light touch from OEB and, formulaic approach that mimics fee structures for portfolio managers (base fee tied to AUM + variable fee tied to performance). ENE agrees with the variable fee component (limited to $1M floor / ceiling), but has

concerns about a base fee that does not tie to costs and wants a more substantive role for OEB.

- Guarantees: as you know the Province's position was shared on Friday

- Equity Injections: I believe OPG has provided a draft structure. Unless OFA has concerns, I think this is largely procedural.

- Sub-debt: I don't have much visibility in to this one. I heard folks from OFA were in discussions. This should link in with the fees conversation given the relationship with performance.

I would suggest we try and have an internal conversation later this week to discuss where we are on each of these in order to be ready to meet with OPG the following week.

Let me know if this makes sense or if I am missing anything.

Thanks,

Scott

Financing Plan

ONTARIO POWER GENERATION

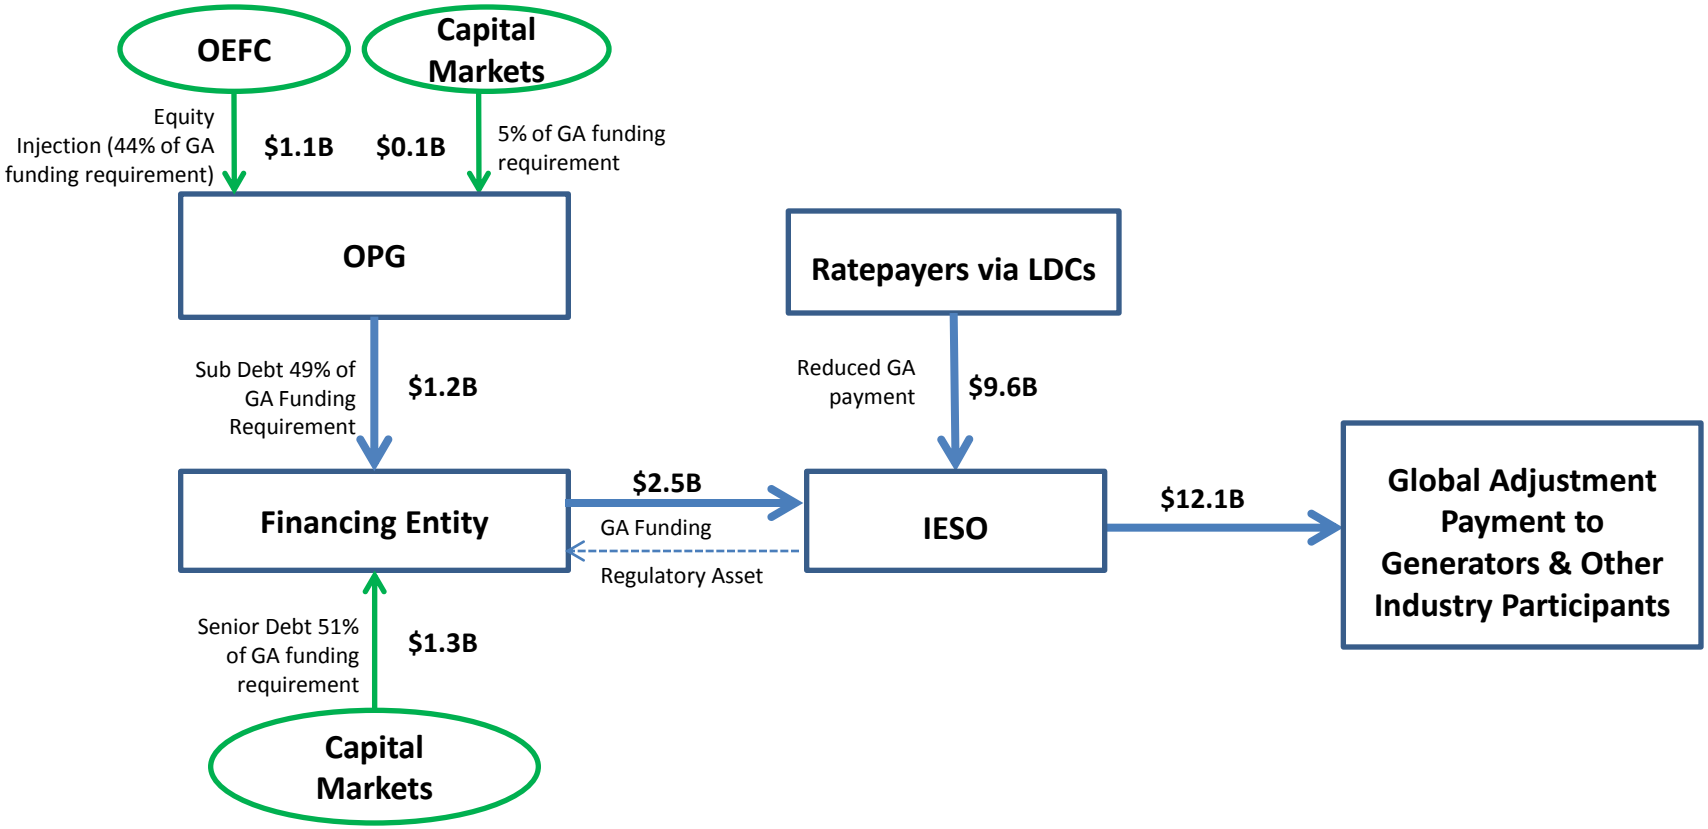
Financing Plan

Highlights:

- Legislation as currently drafted provides for a framework to implement the Fair Hydro Plan Act:
  - (i) to allow flexibility in OPG's corporate structure and to enable OPG to raise financing through public offerings of debt
  - (ii) for a regulatory asset consisting of the right to recover over time the amount of the Global Adjustment being deferred, together with interest and other costs
- Regulations and principal agreement need to be negotiated and agreed to in order to provide a completely financeable program
- A Financing Entity will be set up that will hold the claim on future customers and the debt issued to fund the payment to the IESO for the regulatory asset
- The GA financing platform will be developed to access both the Canadian and US markets in order to access best pricing and flexibility
- OPG will provide services to the Financing Entity including financings via a financial service and management agreement

Financing Plan – Structure

Illustration based on $2.5B GA Funding



Financing Plan - Components

- Debt components are:

	Risk Profile	Source	% of Total Funding Requirement
Tranche A Senior Debt	the least risky	Capital Markets	51%
Tranche B Sub Debt	In between A&C	OPG via Province	39%
Tranche C Sub Debt	the most risky	OPG via Province	5%
		OPG via Capital Markets	5%

Financing Plan – Rationale

The rationale for the structural debt percentages are:

- **Minimum of 51% from the Capital Markets**
  - Required from an accounting treatment perspective in order to consolidate the Financing Entity on OPG's financial statements, otherwise the debt is consolidated with the Province
  - Accounting treatment also requires OPG to direct the activities of the Financing Entity, and that the Province not directly or indirectly fund (through debt or equity) more than 50% of the Financing Entity to allow for OPG consolidation
- **Minimum Provincial equity contribution of up to 44%**
  - Help to is avoids the potential risk of a credit downgrade from the rating agencies as a result of the incremental debt consolidated on OPG financial statements negatively impacting credit metrics (Funds from Operations/ Debt)
- **Minimum OPG Investment of 5% from the Capital Market**
  - OPG requires a minimal amount of debt at risk financed through OPG operating cash flows or capital market debt. To demonstrate control of the Financing Entity OPG must own >=50% of the most subordinated debt and targeted to be no less than 5% of the total debt of the Financing Entity
  - The Province must not directly or indirectly fund (through debt or equity) more than 50% of OPG's investments in the most subordinated debt of the Financing Entity to lessen the materiality of OPG's debt at risk

Financing Plan – Other Elements

Other Structural Advantages:

- **Financing Entity:**
  - Is ring-fenced from OPG as a single purpose entity with no other operations that could add risk to the OPG entity
  - Is targeting a higher credit rating than OPG and therefore will have lower financing costs than OPG in the Capital Markets
  - Will record funding revenue reflecting the growth in the deferred asset value which will mitigate the negative impact on OPG's credit rating from the debt consolidation
  - Allows for flexibility to fund debt tranches with different terms, contractual consideration and subordination
  - Subordination will play an important credit enhancement role for the senior debt, and could act as a buffer or first loss of capital in any credit event
- **Operational attributes:**
  - OPG is the Financing and Services Manager for the Financing Entity and direct its activities
  - Short term debt can be warehoused in the Financing Entity until OPG accesses the Capital Markets
  - OPG will be independently accessing the public debt markets on a commercial basis
  - Opportunity to access the US market as appropriate

Financing Plan – Overview

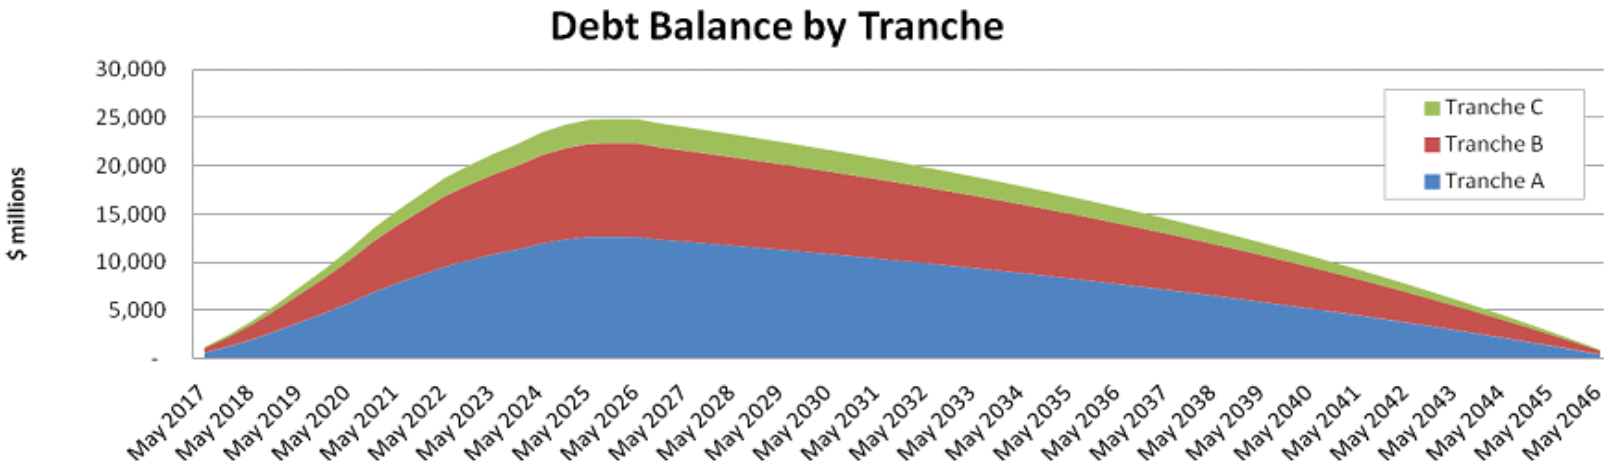
The Financing Plan has two main phases:

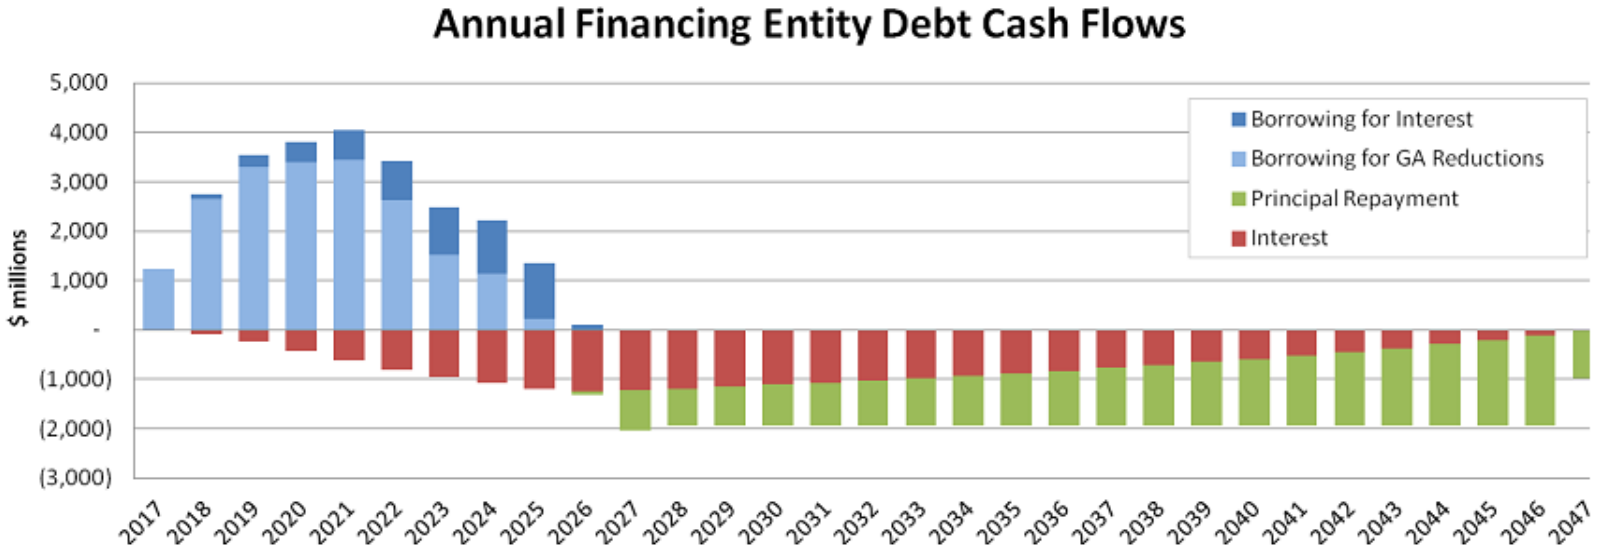
- **Net Borrowing Phase (2017-2026)**
  - During this 10 year period the debt created by the deferral of electricity charges will accumulate, together with associated interest costs & other fees, that in combination will establish the regulatory assets.
  - Monthly the Financing Entity will purchase the regulatory assets from IESO (purchase is ~$200M) as follows:
    - 51% through external capital markets (~$102M per month)
      - Initially the financing plan will access liquidity facilities at the Financing Entity level to fund and warehouse the monthly asset purchase requirement
      - On a quarterly basis when the accumulated monthly funding has reached a certain level ($300M), public debt will be offered to the market
    - Up to 49% subordinated debt in OPG
      - 44% funded through OPG via equity injections from the Province (~$88M/ month)
      - 5% funded through OPG via the capital markets (~$10M/ month)
  - Cash interest will be paid based on the lender agreements. The interest costs will be added to future borrowing requirements, and do not flow through to consumers during this period

Financing Plan – Program Overview

- **Debt Amortization Phase (2027-2046)**
  - Starting 2027, the accumulated debt created by the deferral will be recovered and paid down by 2047
  - Similar to mortgage style debt payment, a combination of principal and interest will be paid to lenders during this 20 yr period
  - Financing Entity structure continues until all the debt is repaid
  - Target to keep the charge paid by ratepayers during the amortization period to less than 10% of a customers bills to meet credit rating agency guidelines

Debt Profile & Cash Flows





ONTARIO POWER GENERATION

Financing Plan – Funding Alternatives

Key Considerations

- There are several potential funding sources that can be considered to structure the overall financing program, including securitization (issued in Canada or the U.S.), bonds, bank financing, and subordinated debt

Short Term	
ABCP Conduit	▪ R-1(high)/P-1 credit ratings required from DBRS and Moody's (limited market capacity if these ratings are not achieved) ▪ Requires periodic take-outs to repay warehouse funding; take-out risk needs to be addressed as amortization of debt currently not contemplated to commence until after year 10
Bank	▪ No external rating required ▪ Take-out risk needs to be addressed as amortization of debt currently not contemplated to commence until after year 10
Long Term	
Canadian Term ABS	▪ AAA ratings required from at least two of DBRS, Moody's, S&P or Fitch (limited market capacity if these ratings are not achieved) ▪ Tenors > 10 years to be explored
Canadian Bond	▪ This type of financing has not been tested in the Canadian market ▪ AAA ratings not required to access the market ▪ Provides access to broadest investor base in the Canadian market
US Term Debt (ABS/Bonds)	▪ Proven market for securitization and higher market capacity available than Canadian Term ABS ▪ Ratings required from at least two of S&P, Moody's or Fitch (AAA required for Term ABS) ▪ Requires cross-currency swaps
Subordinated Debt	▪ Nature of subordinated debt, repayment terms/flexibility and contingent Provincial support applicable to subordinated debt will impact pricing ▪ Quantum of subordinated debt creates equity like thickness and may serve as a credit enhancement for the senior debt

Indicative Pricing Consideration

Indicative Pricing Considerations

- Although all of the debt issued by the Financing Entity is expected to be afforded the same level of protection including a provincial guarantee, a higher return on the subordinated debt (sub debt) would be required to compensate for incremental risk to the extent:
  - The rating agencies attribute a lower rating to the sub debt relative to the senior debt because of its ranking in the cash flow waterfall
  - The ratings of senior debt need to be credit enhanced by all or a portion of the sub debt as follows:
    1) Flexibility to defer charges to rate payers and hence extend the expected duration of the sub debt to manage the total amount charged to rate payers as a proportion of the total bill during the recovery period – could result in non repayment by 2047 if a hard cap is included
    2) Defer principal payments on certain classes of sub debt until more senior notes are fully repaid

Feature	Tranche B Subordinated Debt	Tranche C Subordinated Debt
	Explanation	**Explanation**
Credit Risk	Credit enhancement to Tranche A (senior debt)	Credit enhancement to Tranche A (senior debt) Act as first “loss absorber”
Duration/Tenor Premium	Same duration as Market Notes	Same duration as Market Notes
Certainty of timing of payments	Same as Market Notes but lower in the waterfall	Some additional volatility in timing of payments, but trued-up every 6 months
Liquidity Premium	Issue size expected to be similar to senior debt	Relatively small amount which will have less liquidity

Please see attached the latest draft of the legislation. My understanding is that there is only room to make small tweaks based on the timeline right now.

Please note that Energy has not removed the exemption from section 28 in this draft. I am not sure if there has been any further discussion on that subject, but I think that if we want to push back on this issue it needs to be communicated as soon as possible.

Also, there is new language around the guarantee, but it does not contemplate the current plan to have both Ministers sign the guarantee. I have let Energy Legal know that this would make sense to change.

Confidential/Solicitor & Client Privileged

April 26, 2017

Hi, Toby. I am pleased to attach the most recent version of the draft legislation pertaining to the electricity rate reductions and intergenerational cost transfer.

Thanks for your help on all of this, and note that this version does not include amendments to EA ss.89 and 90 (PILS amendments). Those discussions are ongoing between MOF policy, OPG/Tory's and ENERGY is awaiting those discussions to close before finalizing the legislation on these matters.

Best regards,

James

Version 4

This confidential draft document is provided for discussion purposes only. It should not be construed as representing the position adopted by the Government of Ontario on any of the topics included or not included in this document. The notes included in this document are intended only to help facilitate a discussion of the topics to which they relate. Any potential legislation is subject to the approval of the Ontario Legislature.

A proposal to create Legislation.

An Act to provide for the fair allocation of costs of electricity over time, if enacted

Confidential Draft

A proposal to create Legislation.

An Act to provide for the fair allocation of costs of electricity over time, if enacted

EXPLANATORY NOTE TO BE ADDED BY LEGISLATIVE COUNSEL TO ANY FINAL BILL PRIOR TO INTRODUCTION.

Confidential Draft

Preamble

The Government of Ontario is committed to fostering the development of a clean, modern and reliable electricity system with a diverse supply mix. The Government is also committed to removing barriers to and promoting opportunities for renewable and clean energy projects.[1] These commitments can only be achieved if costs are shared fairly among consumers, today and in the future.

Electricity rates have risen for two key reasons. First, decades of under-investment in the electricity system resulted in the need to invest more than $50 billion in generation, transmission and distribution assets to ensure the system is clean and reliable. Second, the decision to eliminate Ontario's use of coal and produce clean, renewable power has created additional costs.

The actions taken to achieve a clean, modern and reliable electricity system have resulted in significant costs to consumers today. The burden of financing these system improvements and funding key programs has unfairly fallen almost entirely on the shoulders of today's consumers.

The Government of Ontario is committed to ensuring that the costs of financing these investments and the associated charges to consumers are allocated fairly among present and future generations of consumers.

Recognizing that the electricity infrastructure that has been built and the policy decisions that have been made will create benefits for years to come, costs should be allocated fairly over time, so that consumers in the future pay their fair share for the benefits that they receive from the investments already made.

PART I
GENERAL

Interpretation
Definitions

1xx. (1) In this Act,

"Board" means the Ontario Energy Board; ("French")

"clean energy adjustment" means the amount determined under section 10xx; ("French")

"clean energy benefits" means the value of the benefits determined to be derived by or accruing to the specified consumers as a result of the clean energy initiative, including as a result of clean energy costs; ("French")

"clean energy costs" means the value of the costs allocated to specified consumers as a result of the clean energy initiative, including as a result of past, present and expected costs incurred in respect of,

(a) the estimated amounts to be paid or reflected by the IESO in adjustments made under section 25.33 of the *Electricity Act, 1998* or any provision that is the successor to that provision, which relate to contracts for,

(i) renewable energy generation or capacity,

(ii) conservation and demand management,

(iii) energy storage,

(iv) energy efficiency,

(v) natural gas generation and capacity, excluding contracts relating to amounts payable by the IESO under section 78.2 of the *Ontario Energy Board Act, 1998* and excluding such other contracts as may be prescribed, or

(vi) payments made or expected to be made under section 78.5 of the *Ontario Energy Board Act, 1998*, and

(b) such other estimated costs as may be prescribed; ("French")

Confidential Draft

"clean energy initiative" means the policies of the Government of Ontario related to,

(a) fostering the growth of and investment in clean and renewable energy sources and technologies,

(b) removing barriers to and promoting opportunities for clean and renewable energy sources and technologies, and

(c) promoting conservation and demand management; ("French")

"electricity vendor"[2] means,

(a) a licensed distributor,

(b) a licensed retailer,

(c) the IESO in circumstances where the IESO directly invoices a specified consumer, or

(d) such other person as may be prescribed; ("French")

"fair allocation amount" means the amount determined in under section 15xx;

"financing entity" means an entity established or caused to be established under subsection 17xx (3); ("French")

"Financial Services Manager" means the Financial Services Manager appointed under section 13xx; ("French")

"Financing Plan" means the plan prepared under section 16xx, as amended from time to time in accordance with this Act; ("French")

"funding obligation" means,

(a) a payment obligation incurred in connection with the transfer of a regulatory asset or the refinancing of an existing funding obligation, or

(b) a payment obligation that meets such other criteria as may be prescribed; ("French")

[2] FLS - this is similar to the definition of "electricity vendor" in the Ontario Rebate for Electricity Consumers Act, 2016

Confidential Draft

"IESO" means the Independent Electricity System Operator continued under Part II of the *Electricity Act, 1998*; ("SIERE")

"IESO funding shortfall" means the amount determined under section 20xx; ("French")

"investment asset" means the rights and interests described in section 22xx; ("French")

"investment interest owner" means a financing entity that has acquired and holds an investment interest; ("French")

"investment interest" means,

(a) an ownership interest in the investment asset, and

(b) in circumstances where the ownership interest is transferred, the rights and benefits specified in the agreement under which the interest is transferred; ("French")

"invoice amount" means, in respect of an invoice period, the sum of the amounts set out in subsection (2.1) in relation to the provision of electricity in Ontario to a specified consumer; ("French")

"invoice period" means the period in respect of which an invoice amount applies, as specified on an invoice issued by an electricity vendor; ("French")

"licensed distributor" means a person licensed under Part V of the *Ontario Energy Board Act, 1998* to own or operate a distribution system; ("French")

"licensed retailer" means a person who is licensed under Part V of the *Ontario Energy Board Act, 1998* to retail electricity; ("French")

"Minister" means the Minister of Energy or such other member of the Executive Council as may be assigned the administration of this Act under the *Executive Council Act*; ("ministre")

"Ontario Power Generation Inc." means the corporation incorporated as Ontario Power Generation Inc. under the *Business Corporations Act* on December 1, 1998; ("Ontario Power Generation Inc.")

"prescribed" means prescribed by the regulations; ("prescrit")

"reference period" means,

Confidential Draft

(a) the period beginning on May 1, 2017 and ending on October 31, 2017, and

(b) during the period beginning on November 1, 2017 and ending on April 30, 2047,

(i) every six-month period following the period mentioned in clause (a); or

(ii) any period shorter than six months, as may be prescribed; ("French")

"refinancing" means, subject to the regulations, a redemption, repayment or repurchase of a funding obligation; ("French")

"regulation" means a regulation made under this Act; ("règlement")

"regulatory asset" means the right and interest established under section 21xx; ("French")

"specified consumer" means,

(a) a person who has an account with an electricity vendor for the supply of electricity in Ontario and meets the criteria set out in subsection (2); or

(b) such other person as may be prescribed; ("French")

"sub-meter customer" means a person who is supplied electricity by a specified consumer, if an invoice for the electricity is issued to the person by the specified consumer, by an agent of the specified consumer or by a unit sub-meter provider providing unit sub-metering for the specified consumer; ("French")

"transfer" means [TBD]; ("French")

"unit sub-metering" has the same meaning as in the *Energy Consumer Protection Act, 2010*; ("activités liées aux compteurs divisionnaires d'unité")

"unit sub-meter provider" has the same meaning as in the *Energy Consumer Protection Act, 2010*; ("fournisseur de compteurs divisionnaires d'unité")

Specified consumers

(2) For the purposes of clause (a) of the definition of "specified consumer" in subsection (1), the person must meet any one of the following criteria:

1. The person has a demand for electricity of 50 kilowatts or less, or such other amount as may be prescribed.

Confidential Draft

2. The person annually uses not more than 250,000 kilowatt hours of electricity, or such other amount as may be prescribed.

3. The person carries on a business that is a farming business for the purposes of the *Farm Registration and Farm Organizations Funding Act, 1993* and either holds a valid registration number assigned under that Act or the has had the obligation to file a farming business registration form waived pursuant to an order made under subsection 22 (6) of that Act.

4. The person's account with the electricity vendor relates to,

    i. a dwelling,

    ii. a property within the meaning of the *Condominium Act, 1998*,

    iii. a residential complex within the meaning of subsection 2 (1) of the *Residential Tenancies Act, 2006*, without regard to section 5 of that Act, or

    iv. a property that includes one or more housing units and that is owned or leased by a co-operative within the meaning of the *Co-operative Corporations Act*.

5. The person satisfies such criteria as may be prescribed.

Invoice amount

(2.1) Subject to the regulations, the invoice amount for a specified consumer in respect of an invoice period includes the following amounts:

1. In circumstances where the electricity is provided by a licensed distributor or a licensed retailer, the following amounts in respect of the invoice period:

    i. The commodity price of the electricity used.

    ii. The rates and charges set out in the applicable rate order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998* and in effect on April 30, 2017.

    iii. Any adjustment on the invoice required under section 25.33 of the *Electricity Act, 1998*.

Confidential Draft

iv. The amount of any harmonized sales tax payable by the consumer under Part IX of the *Excise Tax Act* (Canada) in respect of the amounts mentioned in subparagraphs i, ii and iii;

v. Any other amounts as may be prescribed.

2. In circumstances where the electricity is provided by the IESO or other prescribed entity, such amounts as may be prescribed in respect of the invoice period. ("French")

Same, exclusions

(2.2) Subject to the regulations, an invoice amount does not include any of the following amounts:

1. The balance of any amounts carried forward from previous invoices in respect of previous invoice periods.

2. Penalties or interest.

3. Charges that do not relate to the use of electricity.

4. Any of the following charges that may be set out in an order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998*:

   i. A fixed monthly service charge payable by a generation facility within the meaning of section 56 of the *Ontario Energy Board Act, 1998* and classified as "microFIT".

   ii. A charge labelled as a "specific service charge" or "retail service charge".

   iii. A rate rider [of the prescribed type or class].

5. Any other prescribed amounts.

Effect of invalidity, etc.[3]

2xx. (1) For greater certainty, all of the provisions of this Act remain in full force and effect, even if one or more provisions are held to be invalid, the intention of the Legislature being to give separate and independent effect to the extent of its powers to every provision contained in this Act.

[3] FLS: this is from the *Climate Change Mitigation and Low-carbon Economy Act, 2016*

Confidential Draft

Same, funding obligation

(2) The fact that any provision of this Act is held to be invalid or ceases to be in effect for any reason does not affect the validity or enforceability of a funding obligation incurred under this Act before the day that the provision is held to be invalid or ceases to be in effect, or any rights or obligations associated with the funding obligation.

Purpose

3xx. (1) The purposes of this Act are,[4]

(a) to ensure that clean energy costs are fairly allocated among present and future specified consumers and reflect the fair allocation; and

(b) to recognize that clean energy benefits have accrued and will accrue over time and will continue to benefit present and future electricity consumers in the Province.

Crown bound

4xx. This Act binds the Crown.

Protection and assurances

Prohibition

5xx. (1) The Crown shall not do anything that would,

(a) hinder, delay, impair or prejudice the charging, collection or remittance of amounts in respect of the clean energy adjustment;

(b) except as expressly permitted by this Act, reduce the clean energy adjustment determined under this Act or lower the priority of the clean energy adjustment over other debts; or

(c) adversely affect an investment asset or a funding obligation.

Clarification with respect to regulations

(2) For greater certainty, the things prohibited under subsection (1) include the making or approving of a regulation under this Act.

Agreements for compensation

(3) The Minister may, with the approval of the Lieutenant Governor in Council, enter into agreements on behalf of the Province of Ontario with any person in respect of this Act, including agreements regarding the performance of IESO or electricity vendors under this Act or similar transactions.

[4] FLS: Please see the *Electricity Act, 1998* for much of the wording proposed in this section.

Confidential Draft

Guarantee, indemnification

(4) The Lieutenant Governor in Council may by order,

(a) authorize the Minister of Finance, on behalf of the Province,

(i) to agree to guarantee or indemnify any debts, obligations, securities or undertakings associated with an investment interest, and

(ii) to determine terms and conditions and the amount on which the guarantee or indemnity will be given;

(b) impose terms and conditions, as it considers advisable, on which the Minister of Finance may, on behalf of the Province, agree to guarantee or indemnify as described in subclause (a) (ii); and

(c) specify a maximum liability for the guarantee or indemnity.

PART II
FAIR ADJUSTMENT OF ELECTRICITY RATES

Definitions

6xx. In this Part,

"effective date" means the date determined under section 6.5xx; ("French")

"RPP rate" means the rate determined by the Board under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*, which rate is commonly referred to as the Regulated Price Plan"; ("French")

"specified RPP consumer" means a specified consumer who meets the following criteria:

1. The consumer is a member of the class of consumers prescribed by the regulations made under the *Ontario Energy Board Act, 1998* for the purposes of subsection 79.16 (1) of that Act.

2. The consumer is subject to the RPP rate. ("French")

Specified RPP consumer, first fair adjustment

6.1xx (1) The rate for electricity payable by a specified RPP consumer for the period beginning on the effective date and ending on April 30, 2018 is the rate required for a specified RPP consumer who meets the prescribed criteria to receive a monthly invoice

Confidential Draft

amount that is 25 per cent lower than the monthly invoice amount for that consumer under the comparison rate described in subsection (2).

Comparison rate

(2) The comparison rate is the rate that would be effective May 1, 2017, determined by the Board solely using the method prescribed by the regulations made under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*.

Same

(3) For the purposes of subsection (2), the applicable method is the method on the day this section comes into force.

Specified consumers (non-RPP), first fair adjustment

6.2xx The rate for electricity payable by a specified consumer who is not a specified RPP consumer for the period beginning on the effective date and ending on April 30, 2018 is the rate that would be necessary in order for [the monthly global adjustment rate] in respect of a specified consumer who is not a specified RPP consumer (RPP) and who meets the prescribed criteria to be reduced by the same amount as the difference between the comparison rate referred to in subsection 6.1xx (2) and the rate determined under subsection 6.1xx (1).

Determination by Board

6.3xx The Board shall determine the rates mentioned in sections 6.1xx and 6.2xx no later than seven business days after the day this section receives Royal Assent.

Implementation of rates

6.4xx Each electricity vendor, [specified consumer who provides electricity to a sub-meter customer and unit sub-meter provider who provides unit sub-metering for a specified consumer] shall, no later than seven business days after the day on which the Board determines the rates under section 6.3xx, adapt is billing practices and invoices to reflect the new rates.

Effective date

6.5xx The rates determined under section 6.3xx are effective on the earlier of the following days:

1. The first day of the month immediately following the last day of the seven-day period referred to in section 6.4xx.

2. July 1, 2017.

Confidential Draft

Transition

6.6xx (1) This section applies if an electricity vendor, specified consumer or unit sub-meter provider is unable to comply with section 6.4xx for one of the following reasons:

1. There are fewer than seven days between the day of the Board's determination of rates under section 6.3xx and the effective date.

2. Technical or operational reasons.

Same

(2) In the circumstances described in subsection (1), the electricity vendor, specified consumer or unit sub-meter provider shall,

(a) adapt its invoices as soon as possible and, in any event, no later than August 1, 2017; and

(b) ensure that any specified consumer or sub-meter customer invoiced at a rate higher than the applicable rate determined by the Board receives the difference between the rate shown on their invoice and the applicable rate as a lump sum credit on the first invoice issued after the invoices have been adapted or by such other means as may be prescribed by the regulations.

Subsequent fair adjustments

7xx. The Lieutenant Governor in Council may make regulations prescribing the methodology to be applied by the Board to determine rates for electricity payable by specified consumers and sub-meter customers during the period beginning on May 1, 2018 and ending on April 30, 2022.

Sub-meter customers

7.1xx A specified consumer who provides electricity to a sub-meter customer and any unit sub-meter provider who provides unit sub-metering for the specified consumer shall ensure that the rate payable by each sub-meter customer is the applicable rate determined under this Part.

PART III
CLEAN ENERGY ADJUSTMENT

Specified consumers to pay

8xx. (1) Upon receipt of an invoice that includes an amount in respect of the clean energy adjustment, a specified consumer shall pay the amount to the electricity vendor, as agent of the investment interest owners, in accordance with such terms of payment as may be specified in the invoice, which may include terms relating to late payment fees and interest charges.

Confidential Draft

Same

(2) For greater certainty, subsection (1) applies regardless of,

(a) whether the clean energy adjustment was determined in a manner that was inconsistent with this Act; and

(b) whether the amount payable in respect of the clean energy adjustment relates to funding obligations that were incurred in a manner that was not in material conformity with the Financing Plan.

Indebtedness of specified consumer

(4) An unpaid amount that is required to be paid by a specified consumer under this section constitutes indebtedness of the specified consumer to each investment interest owner to the extent of each owner's respective interest in the investment asset.

Same

(5) The indebtedness mentioned in subsection (4) is a single and separate debt obligation owed by the specified consumer and may be enforced independently from any other payment obligation or indebtedness owing by the specified consumer.

Recovery from sub-meter consumers

(6) A specified consumer who provides electricity to a sub-meter customer may recover amounts in respect of the clean energy adjustment payable under this section from each sub-meter customer on a pro rata basis.

Irrevocability of amount

9xx. (1) An amount in respect of the clean energy adjustment shown on an invoice issued to a specified consumer under this Act is determinative of the amount of the consumer's indebtedness resulting from the clean energy adjustment and is irrevocable upon invoicing the consumer and may not be set off or by passed.

Exception

(2) Subsection (1) does not apply to the extent that there is a clerical, typographical or calculation-related error by the electricity vendor.

Determination of clean energy adjustment
Financial Services Manager to determine

10xx. (1) The Financial Services Manager shall determine the clean energy adjustment payable by all specified consumers in respect of each month in a reference period by adding the estimated finance amount in respect of the reference period to the true up amount in respect of the reference period.

Confidential Draft

Estimated finance amount, true up amount

(2) The estimated finance amount and the true up amount shall be determined in accordance with the regulations.

Regulations re true up amount

(3) The regulations under subsection (2) shall have regard to the following principles:

1. The true up amount should serve to ensure that the collection of the clean energy adjustment is sufficient to pay the finance amount when it is due.

2. The method for determining the true up amount should take into account historical and reasonably foreseeable,

    i. differences between the estimated and actual finance amount for the immediately preceding reference period,

    ii. differences between amounts invoiced and amounts collected due to various factors, including applicable taxes, consumer defaults and delays, billing lags and write-offs, and

    ii. variations in billings due to variations in electricity consumption.

Financial Services Manager to notify Board

(4) The Financial Services Manager shall, in accordance with the regulations, notify the Board of the clean energy adjustment and such other information related to the determination of the clean energy adjustment as may be prescribed.

Board to determine rates

(5) The Board shall, in accordance with the regulations, determine the rate at which specified consumers are invoiced to recover the clean energy adjustment in respect of the reference period.

IESO to receive amounts

11xx. (2) The IESO shall, as an agent of the investment interest owners, receive amounts in respect of the clean energy adjustment paid to it from electricity vendors in accordance with the regulations and the market rules made under section 32 of the *Electricity Act, 1998*.

Account

(3) All of the following amounts received by the IESO shall, until paid to or for the benefit of the investment interest owner in accordance with subsection (5), be deposited promptly into an account established for the purposes of receiving those amounts:

Confidential Draft

1. Amounts described in subsection 11xx (2).

2. Payments made by specified consumers directly to the IESO as electricity vendor under subsection 8xx (1).

Same, held in trust

(4) All amounts received by the IESO in respect of the clean energy adjustment shall, until paid to or for the benefit of the investment interest owner, be received and held in trust by the IESO for the investment interest owners or a secured party to whom a security interest in an investment interest is granted under this Act.

IESO to remit

(5) The IESO shall remit amounts received by it in respect of the clean energy adjustment to or for the benefit of the investment interest owners in accordance with the regulations.

Electricity vendor to invoice specified consumers

12xx. (1) Each electricity vendor shall issue an invoice to each of its specified consumers for the amount payable by the consumer in respect of the clean energy adjustment, as determined by applying the rate set by the Board under subsection 10xx (2) and in accordance with the regulations.

Electricity vendor to report

(1.1) Each electricity vendor shall, in accordance with the regulations, promptly report to the IESO the total amount invoiced to its specified consumers in respect of the clean energy adjustment, the amount collected and such further information as may be prescribed.

Electricity vendor to collect

(2) Each electricity vendor shall, as agent of the investment interest owners, collect amounts in respect of the clean energy adjustment from specified consumers in accordance with the regulations.

Pro rating of payments

(3) If an electricity vendor receives a payment made by or on behalf of a specified consumer in respect of amounts payable under one or more invoices and the amount paid is less than the total amount payable, the electricity vendor shall allocate the payment on a pro rata basis to the clean energy adjustment and other amounts payable under the relevant invoices in respect of electricity charges in respect of the same period.

Confidential Draft

Held in trust

(4) Payments received by an electricity vendor from or on behalf of specified consumers shall, until paid to or for the benefit of the investment interest owner in accordance with subsection (5), be received by and held by each electricity vendor in trust for the benefit of the investment interest owners.

Remittance to IESO

(5) Each electricity vendor shall remit amounts described in subsection (5) to the IESO for the benefit of the investment interest owners in accordance with the regulations.

PART IV
IMPLEMENTATION

FINANCIAL SERVICES MANAGER

Appointment

13xx. (1) Subject to subsection (2), Ontario Power Generation Inc. is appointed as the Financial Services Manager for the purposes of this Act.

Replacement

(2) The Minister may terminate an appointment of a Financial Services Manager and may, in accordance with the regulations, appoint a new person or entity as the Financial Services Manager.

Duties and powers

14xx. (1) The Financial Services Manager shall perform the duties assigned to it under this Act and may administer the investment asset on behalf of the investment interest owners.

Same

(2) The administration of the investment asset may include the following:

1. Providing information, in accordance with the regulations, to the Board in respect of funding obligations and the determination of the clean energy adjustment in accordance with section 10xx.

2. Providing information to the IESO in respect of obligations under Part III.

3. Such other matters as may be prescribed.

Review of costs

(3) The Board shall review the administrative costs of the Financial Services Manager in accordance with the regulations.

Confidential Draft

FAIR ALLOCATION AMOUNT

Financial Services Manager to calculate fair allocation amount

15xx. (1) The Financial Services Manager shall calculate a fair allocation amount in respect of each reference period, having regard to the need to align that amount with the finance amount payable during the reference period, for the purpose of fairly measuring and allocating the estimated clean energy costs and estimated clean energy benefits among the specified consumers in respect of the reference period.

Timing of calculation

(1.1) The Financial Services Manager shall calculate a fair allocation amount in respect of each reference period before any funding obligation is incurred [by a financing entity during the reference period].

Amount

(1.2) The fair allocation amount in respect of a reference period is the sum of the following amounts:

1. The amount, if any, by which, if this Act had not been enacted, the estimated clean energy costs and estimated clean energy benefits allocated to specified consumers in respect of the reference period would have exceeded the estimated amount of the adjustments provided for under section 25.33 of the *Electricity Act, 1998* and the regulations made under that provision that would have been borne by the specified consumers in respect of clean energy costs for the reference period.

2. A portion of the value of any fair adjustment that has been made under Part II in respect of any previous reference period.

Principles

(2) In calculating the estimated clean energy costs and estimated clean energy benefits to be allocated to specified consumers in respect of a reference period, the Financial Services Manager shall [comply with the regulations and] have regard to the following principles:

1. Clean energy costs allocated to specified consumers in respect of a reference period should be allocated in proportion to the clean energy benefits attributed to the specified consumers in respect of the reference period.

2. The clean energy benefits allocated to the specified consumers in respect of a reference period should be determined in accordance with the regulations.

Confidential Draft

3. The fair allocation calculation should include reasonable assumptions regarding the following:

    i. The time value of money or the rate of inflation, for the purpose of equating nominal amounts over time.

    ii. The expected number of specified consumers in respect of each reference period.

    iii. The expected electricity consumption rates in respect of each reference period.

Method

(3) The Financial Services Manager shall calculate a fair allocation amount in accordance with such methods as the Financial Services Manager considers appropriate, having regard to the requirements of this Act.

Notification to Minister

(4) The Financial Services Manager shall notify the Minister of the methods used to calculate the fair allocation amount and any changes to those methods.

Effective date

(6) The fair allocation calculation or an amendment to the fair allocation calculation takes effect on the day that is 30 days after the fair allocation calculation or the amendment, as the case may be, is provided to the Minister in writing.

Publication

(7) The Minister shall ensure that the fair allocation calculation and any amendments to it are made available to the public in a manner that the Minister considers appropriate.

FINANCING PLAN

Financial Services Manager to prepare Financing Plan

16xx. (1) The Financial Services Manager shall prepare a written plan entitled the Financing Plan to be used by the Financial Services Manager to evaluate whether potential funding obligations should be incurred for the purposes of acquiring an investment interest in accordance with this Act.

Plan to be provided to Minister

(1.1) The Financial Services Manager shall provide the Financing Plan to the Minister.

Confidential Draft

Principles

(2) In preparing the Financing Plan, the Financial Services Manager shall have regard to the following principles:

1. Any incurrence of a funding obligation should reasonably align with the estimated finance amount, as determined in accordance with the regulations, that would, subject to any refinancing, become due and payable during a reference period with the fair allocation amount determined in respect of the reference period under this Part as of the time of the incurrence, in each case after reducing the fair allocation calculation by the amount of any fair adjustment in respect of the reference period.

2. Incurrences should be implemented in a manner that, in the opinion of the Financial Services Manager, is reasonable, cost effective and that reflects prevailing market terms and conditions.

3. Reasonable assumptions should be made regarding such matters as may be prescribed.

Limitation, first five year period

(4) In respect of each reference period from May 1, 2017 to April 30, 2022, no funding obligation shall be incurred that would become payable during the reference period and result in amounts payable in respect of the clean energy adjustment in respect of the reference period unless,

(a) no fair adjustment has been made under Part II in respect of the reference period; or

(b) if a fair adjustment has been made under Part II in respect of the reference period, the funding obligations incurred would not be payable during the reference period in an amount that exceeds the [difference between the fair allocation amount in respect of the reference period and the amount of the fair adjustment in respect of the reference period].

Other reports

(3.1) The Financial Services Manager shall submit to the Minister such reports and information as the Minister may require from time to time and shall, if required by the Minister to do so, examine, report and advise on any question relating to the Financing Plan.

Confidentiality

(5) The following are deemed to be records subject to clauses 18 (1) (c) and (d) of the *Freedom of Information and Protection of Privacy Act*:

Confidential Draft

1. The Financing Plan.

2. Reports referred to in subsection (3.1).

3. Any other document that would reveal information contained in the Financing Plan or the reports.

Amendments to plan

(6) The Financial Services Manager may amend the Financing Plan at any time.

Same

(7) In the event that the Financing Plan is amended, any reference in this section to the Financing Plan is deemed to be a reference to the plan as amended.

Implementation of Financing Plan

17xx. (1) The Financial Services Manager shall incur funding obligations in material conformity with the applicable Financing Plan.

Same

(2) For greater certainty, subsection 17xx (5) applies despite the failure of the Financial Services Manager to comply with subsection (1).

Financing entities

(3) In accordance with the Financing Plan, the Financial Services Manager may establish or cause to be established one or more financing entities that may incur funding obligations.

Prohibition

(3.1) The Financial Services Manager shall not provide for funding obligations to be incurred with any recourse to any assets of an electricity vendor, the Board, Ontario Power Generation Inc., the Province or the Lieutenant Governor in Council, except to the extent that any of these persons or entities may be liable to perform obligations or duties arising under this Act or under the express terms of a funding obligation or other agreement.

Effect of amendment to fair allocation amount

(4) Each funding obligation incurred and each transfer made by a financing entity is deemed to be consistent with the Financing Plan and [the fair allocation amount].

Confidential Draft

PART V
THE REGULATORY ASSET

IESO funding shortfall

20xx. (1) The IESO funding shortfall for each month shall be determined in accordance with the regulations.

Electricity vendors to provide information

(2) Electricity vendors shall provide to IESO such information as IESO may reasonably request for the purposes of determining the IESO shortfall under subsection (1) and such further information as may be prescribed.

Same

(3) IESO may rely on information provided by electricity vendors for the purposes of the determination under subsection (1).

Variance account to be established, maintained

20.1xx (1) The IESO shall establish and maintain a variance account for the purposes of this section.

Recording in variance account

(2) The IESO shall record the following in the variance account:

1. The amount of the IESO funding shortfall for each month.

2. All payments received by the IESO resulting from the exercise of the right of recovery under section 21xx and any transfer under section 22xx.

3. Such other adjustments as may be prescribed.

Recording determinative

(3) Subject to any finding of [manifest error], a recording by the IESO in the variance account of the balance is, as of the time of the recording, determinative of the balance at the time.

Rights of investment interest owner

(4) No change made by IESO to the balance in the variance account shall, if the previous balance was relied upon by an investment interest owner in the context of a transfer under section 22x, affect the rights of the investment interest owner acquired under the transfer.

Confidential Draft

Regulatory asset established

21xx. (1) The IESO has the right, exercisable in accordance with this Act and the regulations, to recover the balance recorded in the variance account from specified consumers.

Limitation

(2) Despite subsection (1), the IESO shall not be entitled to collect all or part of the balance recorded in the variance account from specified consumers before May 1, 2022.

Board to set rates

(3) The Board shall, from time to time, determine and set rates payable by specified consumers to allow for IESO to recover the balance recorded in the variance account.

Same, limitations

(4) The Board's powers under subsection (3) shall be exercised in accordance with the regulations.

Transfer of regulatory asset

22xx. (1) The IESO may from time to time transfer all or a portion of the regulatory asset to any financing entity.

Same

(2) Upon receipt by IESO of payment in consideration of a transfer of all or a portion of the regulatory asset, the transfer shall be valid and enforceable against the IESO and the IESO shall retain no further right, title or interest in, or any obligations in respect of, the regulatory asset or in the investment asset created by the transfer.

Same

(3) Upon transfer, the financing entity acquires an investment interest and becomes an investment asset owner.

Validity of transfer

23xx. (1) A transfer of a regulatory asset under this Act is a valid and enforceable sale and absolute transfer to the investment interest owner of the regulatory asset.

Same

(2) Without limiting subsection (1), any transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of IESO's right to recover the IESO funding shortfall, and not merely as a security interest, and upon the absolute transfer the transferor shall retain no right, title or interest in the regulatory asset, including all rights to recover the IESO funding shortfall.

Confidential Draft

Deemed perfection, etc.

(3) At the time a transfer of a regulatory asset is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the transferee shall have priority over any liens in favour of those persons.

PART VI
THE INVESTMENT ASSET

Effect of transfer

24xx. (1) The first transfer of the regulatory asset or a portion of it creates the investment asset.

Same

(2) Upon any transfer of all or a portion of the regulatory asset to a financing entity, the investment asset resulting from the transfer is immediately vested in the financing entity, free and clear of any adverse claim, and the financing entity becomes an investment interest owner and acquires an investment interest**.**

Investment asset established

25xx. (1) The investment asset constitutes a current and irrevocable property right and interest consisting, collectively, of the following rights and interests of investment interest owners:

1. The right to impose, invoice, collect, receive and recover amounts in respect of the clean energy adjustment from specified consumers, including the right to determine the clean energy adjustment in accordance with this Act.

2. The right to receive, collect and recover amounts in respect of the clean energy adjustment that are imposed, invoiced and recoverable under this Act, including any amounts in respect of the clean energy adjustment that are held by electricity vendors or other prescribed parties.

3. All rights and entitlements under such accounts as may be prescribed by regulation and all amounts on deposit in such accounts.

4. The right to enforce the duties and obligations under this Act of each electricity vendor to impose, attribute, charge and invoice for amounts in respect of the clean energy adjustment.

Confidential Draft

5. The right to enforce the duties and obligations under this Act of each electricity vendor to collect, receive and remit amounts received by it in respect of the clean energy adjustment, including all collections and the proceeds of any enforcement action undertaken by an electricity vendor to recover payment of amounts in respect of the clean energy adjustment.

6. All rights of any kind related to any of the other property rights or interests that comprise the investment interest.

7. All revenue, collections, claims, payments, money and proceeds of or derived from the rights described in paragraphs 1 to 6, regardless of whether it is invoiced, collected and maintained together with or commingled with other revenue, collections, claims, payments, money and proceeds.

Not affected by failure to impose etc. clean energy adjustment

(1.1) An investment interest is not affected by any failure to impose, attribute, invoice, accrue or collect amounts in respect of the clean energy adjustment.

No set off, etc.

(2) The investment asset shall not be set off,

(a) by a consumer, an electricity vendor, an agent of the investment interest owner or an owner of distribution system assets in the Province;

(b) in connection with any default of a person mentioned in clause (a); or

(c) by any affiliate or successor of a person mentioned in clause (a).

Exercise of rights

(3) The rights of the investment asset owner to collect and enforce its rights and interests in, to and in respect of the investment asset against a specified consumer shall be exercised in accordance with Part III of this Act.

Collective action required

(4) If the investment interest owner owns a right or interest in the investment asset that comprises less than the entire property right and interest constituted by the investment asset, the right or interest shall only be enforced by the investment interest owner collectively and in coordination with all other investment interest owners, and any agreement among that collective in furtherance of the collective action shall be valid and binding on the investment interest owner as a collective in accordance with its terms.

Confidential Draft

Transfer of investment interest

26xx. An investment interest owner may transfer all or a portion of its rights and interests in an investment interest to any other investment interest owner, including by way of a transfer of a divided or an undivided interest, in accordance with the Financing Plan.

Validity of transfer

27xx. (1) A transfer of an investment interest under this Act is a valid and enforceable sale and absolute transfer of the investment interest and confers upon the investment asset owner a valid property right and interest in, to and under the applicable investment interest in accordance with the terms of the transfer.

Same

(2) Without limiting subsection (1), a transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of an investment interest owner's right, title and interest in, to and under an investment interest, and not merely as a security interest, and upon such absolute transfer the transferor shall retain no right, title or interest in the investment interest, subject to the transfer, including all rights to the investment interest arising after the transfer.

Deemed perfection, etc.

(3) At the time a transfer of an investment interest is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer, assignment, etc.

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the investment interest owner shall have priority over any liens in favour of such other persons.

Investment interest owner may grant security interest

28xx. (1) An investment interest owner may grant a security interest over all or a specified portion of its right, title and interest in, to and under the investment interest to or in favour of any person to secure a funding obligation.

Validity

(2) A security interest granted under this Act shall be valid and enforceable in accordance with its terms.

Perfection and priority of security interests

(3) All provisions of the *Personal Property Security Act* shall apply to the investment asset and each investment interest on the basis that it is intangible personal property,

Confidential Draft

except as otherwise provided for in this section, and any granting of a security interest by the investment interest owner to secure a funding obligation shall, subject to the terms of the funding obligation, give rise to a security interest in respect of which that Act applies and may be perfected by filing a financing statement under that Act on that basis.

Proceeds

(4) All proceeds of an investment interest that are subject to the security interest and that are received by the applicable investment interest owner shall immediately be subject to the security interest and shall be perfected without any physical delivery of the proceeds, registration of any financing statement or any further act.

Perfection

(5) The security interest shall be a continuously perfected security interest and shall have priority over any other lien, created by operation of law or otherwise, that may subsequently attach to the property rights and interests in the investment interest subject to the security interest, subject to the written consent of the person to whom the security interest has been granted.

Same

(6) The person to whom the security interest has been granted shall have a perfected security interest in revenues or other proceeds that are deposited in any ccount of any electricity vendor, an agent of an electricity vendor or other person who may have commingled such revenues or other proceeds with other funds.

Notice required

(7) The secured party shall be entitled to exercise the rights of an investment interest owner only after the secured party has given notice of the enforcement of its security interest to the IESO.

Definition

(8) For the purposes of this section, a security interest is perfected when it is perfected as described in the *Personal Property Security Act*.

PART VI
MISCELLANEOUS

Appointment of agent, invoicing or collection

29xx. If a prescribed circumstance applies, the Lieutenant Governor in Council may by regulation appoint a person to carry out some or all of the obligations of an electricity vendor under this Act in the place of an electricity vendor with respect to invoicing or collection.

Confidential Draft

Not Crown agent

30xx. For greater certainty, no agent appointed under this Act is an agent of the Crown for any purpose, despite the *Crown Agency Act*.

Sequestration

31xx. (1) A court in the Province may, upon application by an investment interest owner or a secured party, order the sequestration and payment of amounts in respect of the clean energy adjustment, collections and remittances, as applicable, for the benefit of the investment interest owner or secured party by any person or entity authorized to collect amounts in respect of the clean energy adjustment, including defaults on any required remittance of amounts in respect of the clean energy adjustment, collections or remittances.

Same

(2) An order under subsection (1) does not limit any other remedies available to the applicant.

Choice of law

32xx. The law governing, as applicable, the validity, enforceability, attachment, perfection, priority and exercise of remedies with respect to the transfer of an interest or right or creation of a security interest in the regulatory asset, the investment asset, the clean energy adjustment or the undertaking of the Crown under section x shall be the laws of the Province.

Conflict

33xx. The provisions of this Act and the regulations apply despite any provision of any other Act regarding the attachment, assignment or perfection, or the effect of perfection or priority of any transfer or security interest.

No further approvals, etc.

34xx. Despite any requirement under any Act, no approvals, notices or authorizations other than those specified in this Act are required to be taken under the Financing Plan or in relation to the determination of the fair allocation amount.

Immunity

35xx. (1) No action or other proceeding for damages shall be instituted against any employee of the Province, IESO, OPG or OEB for any act done in good faith in the execution or intended execution of any duty or authority under this Act or for any alleged neglect or default in the execution in good faith of any duty or authority under this Act.

Confidential Draft

Same

(2) Despite subsections 5 (2) and (4) of the *Proceedings Against the Crown Act*, subsection (1) does not relieve the Crown of liability in respect of a tort committed by a person mentioned in subsection (1) to which it would otherwise be subject.

References in marketing materials and offering documents

36xx. No person shall include, in marketing materials or offering documents relating to the financing of funding obligations, references to any rights, obligations, guarantees or undertakings arising under section 5xx unless the prescribed requirements, if any, are satisfied.

Non-application, Financial Administration Act, s. 28[5]

37xx. Section 28 of the *Financial Administration Act* does not apply with respect to any transaction or agreement or undertaking required, permitted, contemplated or authorized, directly or indirectly, under this Act.

Regulations

38xx. The Lieutenant Governor in Council may make regulations in respect of the following matters:

1. [6]Governing anything that is required or permitted to be prescribed or that is required or permitted to be done by, or in accordance with, the regulations or as authorized, specified or provided in the regulations.

2. Defining, for the purposes of a regulation, words and expressions used in this Act that are not defined in the Act.

x. Prescribing types of payment obligations that constitute funding obligations;

x. governing the calculation [true-up amount] and how the amount is to be applied to the clean energy adjustment;

x. governing the inclusion of information under this Act on invoices, which may include requiring notice to be provided by electricity vendors to specified persons regarding the adjustments;

x. governing the inclusion of information about the clean energy adjustment and any other matters provided for under this Act on invoices issued to specified consumers, including the form that the information must take and the form of

[5] FLS - see s. 51 of the Electricity Act, 1998

Confidential Draft

the invoices and any notice to be provided to the specified consumer under this Act[7];

x. prescribing the time within which any action required by this Act may be required to be done;

x. Providing for such other matters as the Lieutenant Governor in Council considers advisable to carry out the purpose of this Act.

PART VII[8]
AMENDMENTS TO OTHER ACTS

ELECTRICITY ACT, 1998

200x. (1) Subsection 6 (1) of the *Electricity Act, 1998* is amended by adding the following clauses:

(q.0.1) to exercise the powers and rights and to perform the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and to engage in activities to facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*, including,

(i) entering into agreements or arrangements with any person for the purposes of the *Ontario Fair Hydro Plan Act, 2017*;

(ii) engaging in activities related to making payments to and receiving payments as contemplated under the *Ontario Fair Hydro Plan Act, 2017* and to engage in related settlement activities;

(iii) engaging in activities related to the creation, transfer and administration of the regulatory asset created under the *Ontario Fair Hydro Plan Act, 2017*, which activities may include,

(iv) incurring liabilities in relation to the regulatory asset

(v) transferring the regulatory asset for consideration;

(vi) acting as a recovery agent under the *Ontario Fair Hydro Plan Act, 2017*;

[7] FLS - see *OEBA s.79.17 and 88(1)(z.11) and (z.12)*
[8] FLS: These amendments are drawn from previous drafting contained in gov2016.146.e05 (which was drafted as amendments to the EA, 1998).

Confidential Draft

200.1xx (1) Subsection 25.33 (1) of the Act is amended by striking out "and" at the end of clause (a) and by adding the following clauses:

(c) amounts paid to or received from a [prescribed] financial services entity or [a financing entity prescribed under] the *Ontario Fair Hydro Plan Act, 2017* and any related amounts; and

(d) amounts collected from consumers who are [specified consumers within the meaning of] the *Ontario Fair Hydro Plan Act, 2017* in respect of the clean energy adjustment and any related amounts.

(1.1) Subsection 25.33 (2) of the Act is amended by striking out "and" at the end of clause (a) and by adding the following clauses:

(c) amounts paid to or received from a [prescribed] financial services entity or [a financing entity prescribed under] the *Ontario Fair Hydro Plan Act, 2017* and any related amounts; and

(d) amounts collected from consumers who are [specified consumers within the meaning of] the *Ontario Fair Hydro Plan Act, 2017* in respect of the clean energy adjustment and any related amounts.

(2) Subsection 25.33 (3) of the Act is amended by adding the following paragraph:

4. A consumer who is,

   i. a [specified consumer within the meaning of] the *Ontario Fair Hydro Plan Act, 2017*, or

   ii. prescribed by the regulations [made under the *Ontario Energy Board Act, 1998]*.

(3) Clause 25.33 (4) (b) of the Act is amended by adding "or as may be required under a regulation made under the *Ontario Fair Hydro Plan Act, 2017* or the *Ontario Energy Board Act, 1998*" at the end.

(4) Subsection 25.33 (5) of the Act is amended by adding "or under the *Ontario Fair Hydro Plan Act, 2017*" at the end

201x. Section 53.1 of the Act is amended by adding the following subsections:

Confidential Draft

Same, *Ontario Fair Hydro Plan Act, 2017*

53.1 (1.1) In addition to the objects mentioned in subsection (1), the objects of Ontario Power Generation Inc. include exercising the powers and rights and performing the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and engaging in activities to facilitate the implementation of that Act, including entering into contracts and undertakings on behalf of financing entities, subject to the right to be paid by the financing entities for those services.

Subsidiaries, etc.

(1.2) Ontario Power Generation Inc. may create or invest in one or more subsidiaries, trusts, partnerships or special purpose entities in order to more efficiently conduct its activities or achieve its objects.

Deemed assets, entity

(1.3) Despite any other provision of this Act, the *Business Corporations Act* or any other Act,

(a) the assets and liabilities of a special purpose financing entity shall not form part of the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries; and

(b) the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries shall not form part of the assets and liabilities of a financing entity.

Definition, financing entity

(1.4) For the purposes of this section, "financing entity" has the same meaning as in the *Fair Hydro Plan Act, 2017*.

AMENDMENTS TO ONTARIO ENERGY BOARD ACT, 1998

204x. Subsection 1 (1) of the *Ontario Energy Board Act, 1998* is amended by adding the following paragraph:

6. To facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*.

205x. Subsection 70 (2.1) of the Act is amended by adding the following paragraph:

4. The licensee is required to comply with the *Ontario Fair Hydro Plan Act, 2017*.

206x. Section 78.1 of the Act is amended by adding the following subsection:

Confidential Draft

Same, limitation re Ontario Power Generation Inc.

(3) The determination of a payment to Ontario Power Generation Inc. under this section shall not include any consideration of amounts related to activities of Ontario Power Generation Inc. carried out in relation to the *Ontario Fair Hydro Plan Act, 2017*.

Same

(3.1) The amounts referred to in subsection (3) include, without limitation, the following:

1. Amounts related to the appointment of Ontario Power Generation Inc. as the Financial Services Manager under the *Ontario Fair Hydro Plan Act, 2017*.

2. Amounts related to the charging of fees for performing duties as the Financial Services Manager.

3. Amounts related to exercising the powers and performing the duties of the Financial Services Manager.

4. Amounts related to the consolidation of the assets and liabilities for accounting purposes of any special purpose financing entities established under and for the purposes of that Act.

Short Title - this proposal for legislation would, if approved by the Legislature, have a short title to be determined by Government.

Timing – this proposal for legislation would, if approved by the Legislature, come into force on a date to be established by Government.

Please see attached the latest draft of the legislation. My understanding is that there is only room to make small tweaks based on the timeline right now.

Please note that Energy has not removed the exemption from section 28 in this draft. I am not sure if there has been any further discussion on that subject, but I think that if we want to push back on this issue it needs to be communicated as soon as possible.

Also, there is new language around the guarantee, but it does not contemplate the current plan to have both Ministers sign the guarantee. I have let Energy Legal know that this would make sense to change.

Confidential/Solicitor & Client Privileged

April 26, 2017

Hi, Toby. I am pleased to attach the most recent version of the draft legislation pertaining to the electricity rate reductions and intergenerational cost transfer.

Thanks for your help on all of this, and note that this version does not include amendments to EA ss.89 and 90 (PILS amendments). Those discussions are ongoing between MOF policy, OPG/Tory's and ENERGY is awaiting those discussions to close before finalizing the legislation on these matters.

Best regards,

James

A proposal to create Legislation.

An Act to provide for the fair allocation of costs of electricity over time, if enacted

EXPLANATORY NOTE TO BE ADDED BY LEGISLATIVE COUNSEL TO ANY FINAL BILL PRIOR TO INTRODUCTION.

Confidential Draft

Preamble

The Government of Ontario is committed to fostering the development of a clean, modern and reliable electricity system with a diverse supply mix. The Government is also committed to removing barriers to and promoting opportunities for renewable and clean energy projects.[1] These commitments can only be achieved if costs are shared fairly among consumers, today and in the future.

Electricity rates have risen for two key reasons. First, decades of under-investment in the electricity system resulted in the need to invest more than $50 billion in generation, transmission and distribution assets to ensure the system is clean and reliable. Second, the decision to eliminate Ontario's use of coal and produce clean, renewable power has created additional costs.

The actions taken to achieve a clean, modern and reliable electricity system have resulted in significant costs to consumers today. The burden of financing these system improvements and funding key programs has unfairly fallen almost entirely on the shoulders of today's consumers.

The Government of Ontario is committed to ensuring that the costs of financing these investments and the associated charges to consumers are allocated fairly among present and future generations of consumers.

Recognizing that the electricity infrastructure that has been built and the policy decisions that have been made will create benefits for years to come, costs should be allocated fairly over time, so that consumers in the future pay their fair share for the benefits that they receive from the investments already made.

PART I
GENERAL

Interpretation
Definitions

1xx. (1) In this Act,

"Board" means the Ontario Energy Board; ("French")

"clean energy adjustment" means the amount determined under section 10xx; ("French")

"clean energy benefits" means the value of the benefits determined to be derived by or accruing to the specified consumers as a result of the clean energy initiative, including as a result of clean energy costs; ("French")

"clean energy costs" means the value of the costs allocated to specified consumers as a result of the clean energy initiative, including as a result of past, present and expected costs incurred in respect of,

(a) the estimated amounts to be paid or reflected by the IESO in adjustments made under section 25.33 of the *Electricity Act, 1998* or any provision that is the successor to that provision, which relate to contracts for,

(i) renewable energy generation or capacity,

(ii) conservation and demand management,

(iii) energy storage,

(iv) energy efficiency,

(v) natural gas generation and capacity, excluding contracts relating to amounts payable by the IESO under section 78.2 of the *Ontario Energy Board Act, 1998* and excluding such other contracts as may be prescribed, or

(vi) payments made or expected to be made under section 78.5 of the *Ontario Energy Board Act, 1998*, and

(b) such other estimated costs as may be prescribed; ("French")

Confidential Draft

"clean energy initiative" means the policies of the Government of Ontario related to,

(a) fostering the growth of and investment in clean and renewable energy sources and technologies,

(b) removing barriers to and promoting opportunities for clean and renewable energy sources and technologies, and

(c) promoting conservation and demand management; ("French")

"electricity vendor"[2] means,

(a) a licensed distributor,

(b) a licensed retailer,

(c) the IESO in circumstances where the IESO directly invoices a specified consumer, or

(d) such other person as may be prescribed; ("French")

"fair allocation amount" means the amount determined in under section 15xx;

"financing entity" means an entity established or caused to be established under subsection 17xx (3); ("French")

"Financial Services Manager" means the Financial Services Manager appointed under section 13xx; ("French")

"Financing Plan" means the plan prepared under section 16xx, as amended from time to time in accordance with this Act; ("French")

"funding obligation" means,

(a) a payment obligation incurred in connection with the transfer of a regulatory asset or the refinancing of an existing funding obligation, or

(b) a payment obligation that meets such other criteria as may be prescribed; ("French")

[2] FLS - this is similar to the definition of "electricity vendor" in the Ontario Rebate for Electricity Consumers Act, 2016

Confidential Draft

"IESO" means the Independent Electricity System Operator continued under Part II of the *Electricity Act, 1998*; ("SIERE")

"IESO funding shortfall" means the amount determined under section 20xx; ("French")

"investment asset" means the rights and interests described in section 22xx; ("French")

"investment interest owner" means a financing entity that has acquired and holds an investment interest; ("French")

"investment interest" means,

(a) an ownership interest in the investment asset, and

(b) in circumstances where the ownership interest is transferred, the rights and benefits specified in the agreement under which the interest is transferred; ("French")

"invoice amount" means, in respect of an invoice period, the sum of the amounts set out in subsection (2.1) in relation to the provision of electricity in Ontario to a specified consumer; ("French")

"invoice period" means the period in respect of which an invoice amount applies, as specified on an invoice issued by an electricity vendor; ("French")

"licensed distributor" means a person licensed under Part V of the *Ontario Energy Board Act, 1998* to own or operate a distribution system; ("French")

"licensed retailer" means a person who is licensed under Part V of the *Ontario Energy Board Act, 1998* to retail electricity; ("French")

"Minister" means the Minister of Energy or such other member of the Executive Council as may be assigned the administration of this Act under the *Executive Council Act*; ("ministre")

"Ontario Power Generation Inc." means the corporation incorporated as Ontario Power Generation Inc. under the *Business Corporations Act* on December 1, 1998; ("Ontario Power Generation Inc.")

"prescribed" means prescribed by the regulations; ("prescrit")

"reference period" means,

Confidential Draft

(a) the period beginning on May 1, 2017 and ending on October 31, 2017, and

(b) during the period beginning on November 1, 2017 and ending on April 30, 2047,

(i) every six-month period following the period mentioned in clause (a); or

(ii) any period shorter than six months, as may be prescribed; ("French")

"refinancing" means, subject to the regulations, a redemption, repayment or repurchase of a funding obligation; ("French")

"regulation" means a regulation made under this Act; ("règlement")

"regulatory asset" means the right and interest established under section 21xx; ("French")

"specified consumer" means,

(a) a person who has an account with an electricity vendor for the supply of electricity in Ontario and meets the criteria set out in subsection (2); or

(b) such other person as may be prescribed; ("French")

"sub-meter customer" means a person who is supplied electricity by a specified consumer, if an invoice for the electricity is issued to the person by the specified consumer, by an agent of the specified consumer or by a unit sub-meter provider providing unit sub-metering for the specified consumer; ("French")

"transfer" means [TBD]; ("French")

"unit sub-metering" has the same meaning as in the *Energy Consumer Protection Act, 2010*; ("activités liées aux compteurs divisionnaires d'unité")

"unit sub-meter provider" has the same meaning as in the *Energy Consumer Protection Act, 2010*; ("fournisseur de compteurs divisionnaires d'unité")

Specified consumers

(2) For the purposes of clause (a) of the definition of "specified consumer" in subsection (1), the person must meet any one of the following criteria:

1. The person has a demand for electricity of 50 kilowatts or less, or such other amount as may be prescribed.

Confidential Draft

2. The person annually uses not more than 250,000 kilowatt hours of electricity, or such other amount as may be prescribed.

3. The person carries on a business that is a farming business for the purposes of the *Farm Registration and Farm Organizations Funding Act, 1993* and either holds a valid registration number assigned under that Act or the has had the obligation to file a farming business registration form waived pursuant to an order made under subsection 22 (6) of that Act.

4. The person's account with the electricity vendor relates to,

    i. a dwelling,

    ii. a property within the meaning of the *Condominium Act, 1998*,

    iii. a residential complex within the meaning of subsection 2 (1) of the *Residential Tenancies Act, 2006*, without regard to section 5 of that Act, or

    iv. a property that includes one or more housing units and that is owned or leased by a co-operative within the meaning of the *Co-operative Corporations Act*.

5. The person satisfies such criteria as may be prescribed.

Invoice amount

(2.1) Subject to the regulations, the invoice amount for a specified consumer in respect of an invoice period includes the following amounts:

1. In circumstances where the electricity is provided by a licensed distributor or a licensed retailer, the following amounts in respect of the invoice period:

    i. The commodity price of the electricity used.

    ii. The rates and charges set out in the applicable rate order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998* and in effect on April 30, 2017.

    iii. Any adjustment on the invoice required under section 25.33 of the *Electricity Act, 1998*.

Confidential Draft

iv. The amount of any harmonized sales tax payable by the consumer under Part IX of the *Excise Tax Act* (Canada) in respect of the amounts mentioned in subparagraphs i, ii and iii;

v. Any other amounts as may be prescribed.

2. In circumstances where the electricity is provided by the IESO or other prescribed entity, such amounts as may be prescribed in respect of the invoice period. ("French")

Same, exclusions

(2.2) Subject to the regulations, an invoice amount does not include any of the following amounts:

1. The balance of any amounts carried forward from previous invoices in respect of previous invoice periods.

2. Penalties or interest.

3. Charges that do not relate to the use of electricity.

4. Any of the following charges that may be set out in an order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998*:

   i. A fixed monthly service charge payable by a generation facility within the meaning of section 56 of the *Ontario Energy Board Act, 1998* and classified as "microFIT".

   ii. A charge labelled as a "specific service charge" or "retail service charge".

   iii. A rate rider [of the prescribed type or class].

5. Any other prescribed amounts.

Effect of invalidity, etc.[3]

2xx. (1) For greater certainty, all of the provisions of this Act remain in full force and effect, even if one or more provisions are held to be invalid, the intention of the Legislature being to give separate and independent effect to the extent of its powers to every provision contained in this Act.

[3] FLS: this is from the *Climate Change Mitigation and Low-carbon Economy Act, 2016*

Confidential Draft

Same, funding obligation

(2) The fact that any provision of this Act is held to be invalid or ceases to be in effect for any reason does not affect the validity or enforceability of a funding obligation incurred under this Act before the day that the provision is held to be invalid or ceases to be in effect, or any rights or obligations associated with the funding obligation.

Purpose

3xx. (1) The purposes of this Act are,[4]

(a) to ensure that clean energy costs are fairly allocated among present and future specified consumers and reflect the fair allocation; and

(b) to recognize that clean energy benefits have accrued and will accrue over time and will continue to benefit present and future electricity consumers in the Province.

Crown bound

4xx. This Act binds the Crown.

Protection and assurances

Prohibition

5xx. (1) The Crown shall not do anything that would,

(a) hinder, delay, impair or prejudice the charging, collection or remittance of amounts in respect of the clean energy adjustment;

(b) except as expressly permitted by this Act, reduce the clean energy adjustment determined under this Act or lower the priority of the clean energy adjustment over other debts; or

(c) adversely affect an investment asset or a funding obligation.

Clarification with respect to regulations

(2) For greater certainty, the things prohibited under subsection (1) include the making or approving of a regulation under this Act.

Agreements for compensation

(3) The Minister may, with the approval of the Lieutenant Governor in Council, enter into agreements on behalf of the Province of Ontario with any person in respect of this Act, including agreements regarding the performance of IESO or electricity vendors under this Act or similar transactions.

[4] FLS: Please see the *Electricity Act, 1998* for much of the wording proposed in this section.

Confidential Draft

Guarantee, indemnification

(4) The Lieutenant Governor in Council may by order,

(a) authorize the Minister of Finance, on behalf of the Province,

(i) to agree to guarantee or indemnify any debts, obligations, securities or undertakings associated with an investment interest, and

(ii) to determine terms and conditions and the amount on which the guarantee or indemnity will be given;

(b) impose terms and conditions, as it considers advisable, on which the Minister of Finance may, on behalf of the Province, agree to guarantee or indemnify as described in subclause (a) (ii); and

(c) specify a maximum liability for the guarantee or indemnity.

PART II
FAIR ADJUSTMENT OF ELECTRICITY RATES

Definitions

6xx. In this Part,

"effective date" means the date determined under section 6.5xx; ("French")

"RPP rate" means the rate determined by the Board under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*, which rate is commonly referred to as the Regulated Price Plan"; ("French")

"specified RPP consumer" means a specified consumer who meets the following criteria:

1. The consumer is a member of the class of consumers prescribed by the regulations made under the *Ontario Energy Board Act, 1998* for the purposes of subsection 79.16 (1) of that Act.

2. The consumer is subject to the RPP rate. ("French")

Specified RPP consumer, first fair adjustment

6.1xx (1) The rate for electricity payable by a specified RPP consumer for the period beginning on the effective date and ending on April 30, 2018 is the rate required for a specified RPP consumer who meets the prescribed criteria to receive a monthly invoice

Confidential Draft

amount that is 25 per cent lower than the monthly invoice amount for that consumer under the comparison rate described in subsection (2).

Comparison rate

(2) The comparison rate is the rate that would be effective May 1, 2017, determined by the Board solely using the method prescribed by the regulations made under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*.

Same

(3) For the purposes of subsection (2), the applicable method is the method on the day this section comes into force.

Specified consumers (non-RPP), first fair adjustment

6.2xx The rate for electricity payable by a specified consumer who is not a specified RPP consumer for the period beginning on the effective date and ending on April 30, 2018 is the rate that would be necessary in order for [the monthly global adjustment rate] in respect of a specified consumer who is not a specified RPP consumer (RPP) and who meets the prescribed criteria to be reduced by the same amount as the difference between the comparison rate referred to in subsection 6.1xx (2) and the rate determined under subsection 6.1xx (1).

Determination by Board

6.3xx The Board shall determine the rates mentioned in sections 6.1xx and 6.2xx no later than seven business days after the day this section receives Royal Assent.

Implementation of rates

6.4xx Each electricity vendor, [specified consumer who provides electricity to a sub-meter customer and unit sub-meter provider who provides unit sub-metering for a specified consumer] shall, no later than seven business days after the day on which the Board determines the rates under section 6.3xx, adapt is billing practices and invoices to reflect the new rates.

Effective date

6.5xx The rates determined under section 6.3xx are effective on the earlier of the following days:

1. The first day of the month immediately following the last day of the seven-day period referred to in section 6.4xx.

2. July 1, 2017.

Confidential Draft

Transition

6.6xx (1) This section applies if an electricity vendor, specified consumer or unit sub-meter provider is unable to comply with section 6.4xx for one of the following reasons:

1. There are fewer than seven days between the day of the Board's determination of rates under section 6.3xx and the effective date.

2. Technical or operational reasons.

Same

(2) In the circumstances described in subsection (1), the electricity vendor, specified consumer or unit sub-meter provider shall,

(a) adapt its invoices as soon as possible and, in any event, no later than August 1, 2017; and

(b) ensure that any specified consumer or sub-meter customer invoiced at a rate higher than the applicable rate determined by the Board receives the difference between the rate shown on their invoice and the applicable rate as a lump sum credit on the first invoice issued after the invoices have been adapted or by such other means as may be prescribed by the regulations.

Subsequent fair adjustments

7xx. The Lieutenant Governor in Council may make regulations prescribing the methodology to be applied by the Board to determine rates for electricity payable by specified consumers and sub-meter customers during the period beginning on May 1, 2018 and ending on April 30, 2022.

Sub-meter customers

7.1xx A specified consumer who provides electricity to a sub-meter customer and any unit sub-meter provider who provides unit sub-metering for the specified consumer shall ensure that the rate payable by each sub-meter customer is the applicable rate determined under this Part.

PART III
CLEAN ENERGY ADJUSTMENT

Specified consumers to pay

8xx. (1) Upon receipt of an invoice that includes an amount in respect of the clean energy adjustment, a specified consumer shall pay the amount to the electricity vendor, as agent of the investment interest owners, in accordance with such terms of payment as may be specified in the invoice, which may include terms relating to late payment fees and interest charges.

Confidential Draft

Same

(2) For greater certainty, subsection (1) applies regardless of,

(a) whether the clean energy adjustment was determined in a manner that was inconsistent with this Act; and

(b) whether the amount payable in respect of the clean energy adjustment relates to funding obligations that were incurred in a manner that was not in material conformity with the Financing Plan.

Indebtedness of specified consumer

(4) An unpaid amount that is required to be paid by a specified consumer under this section constitutes indebtedness of the specified consumer to each investment interest owner to the extent of each owner's respective interest in the investment asset.

Same

(5) The indebtedness mentioned in subsection (4) is a single and separate debt obligation owed by the specified consumer and may be enforced independently from any other payment obligation or indebtedness owing by the specified consumer.

Recovery from sub-meter consumers

(6) A specified consumer who provides electricity to a sub-meter customer may recover amounts in respect of the clean energy adjustment payable under this section from each sub-meter customer on a pro rata basis.

Irrevocability of amount

9xx. (1) An amount in respect of the clean energy adjustment shown on an invoice issued to a specified consumer under this Act is determinative of the amount of the consumer's indebtedness resulting from the clean energy adjustment and is irrevocable upon invoicing the consumer and may not be set off or by passed.

Exception

(2) Subsection (1) does not apply to the extent that there is a clerical, typographical or calculation-related error by the electricity vendor.

Determination of clean energy adjustment
Financial Services Manager to determine

10xx. (1) The Financial Services Manager shall determine the clean energy adjustment payable by all specified consumers in respect of each month in a reference period by adding the estimated finance amount in respect of the reference period to the true up amount in respect of the reference period.

Confidential Draft

Estimated finance amount, true up amount

(2) The estimated finance amount and the true up amount shall be determined in accordance with the regulations.

Regulations re true up amount

(3) The regulations under subsection (2) shall have regard to the following principles:

1. The true up amount should serve to ensure that the collection of the clean energy adjustment is sufficient to pay the finance amount when it is due.

2. The method for determining the true up amount should take into account historical and reasonably foreseeable,

    i. differences between the estimated and actual finance amount for the immediately preceding reference period,

    ii. differences between amounts invoiced and amounts collected due to various factors, including applicable taxes, consumer defaults and delays, billing lags and write-offs, and

    ii. variations in billings due to variations in electricity consumption.

Financial Services Manager to notify Board

(4) The Financial Services Manager shall, in accordance with the regulations, notify the Board of the clean energy adjustment and such other information related to the determination of the clean energy adjustment as may be prescribed.

Board to determine rates

(5) The Board shall, in accordance with the regulations, determine the rate at which specified consumers are invoiced to recover the clean energy adjustment in respect of the reference period.

IESO to receive amounts

11xx. (2) The IESO shall, as an agent of the investment interest owners, receive amounts in respect of the clean energy adjustment paid to it from electricity vendors in accordance with the regulations and the market rules made under section 32 of the *Electricity Act, 1998*.

Account

(3) All of the following amounts received by the IESO shall, until paid to or for the benefit of the investment interest owner in accordance with subsection (5), be deposited promptly into an account established for the purposes of receiving those amounts:

Confidential Draft

1. Amounts described in subsection 11xx (2).

2. Payments made by specified consumers directly to the IESO as electricity vendor under subsection 8xx (1).

Same, held in trust

(4) All amounts received by the IESO in respect of the clean energy adjustment shall, until paid to or for the benefit of the investment interest owner, be received and held in trust by the IESO for the investment interest owners or a secured party to whom a security interest in an investment interest is granted under this Act.

IESO to remit

(5) The IESO shall remit amounts received by it in respect of the clean energy adjustment to or for the benefit of the investment interest owners in accordance with the regulations.

Electricity vendor to invoice specified consumers

12xx. (1) Each electricity vendor shall issue an invoice to each of its specified consumers for the amount payable by the consumer in respect of the clean energy adjustment, as determined by applying the rate set by the Board under subsection 10xx (2) and in accordance with the regulations.

Electricity vendor to report

(1.1) Each electricity vendor shall, in accordance with the regulations, promptly report to the IESO the total amount invoiced to its specified consumers in respect of the clean energy adjustment, the amount collected and such further information as may be prescribed.

Electricity vendor to collect

(2) Each electricity vendor shall, as agent of the investment interest owners, collect amounts in respect of the clean energy adjustment from specified consumers in accordance with the regulations.

Pro rating of payments

(3) If an electricity vendor receives a payment made by or on behalf of a specified consumer in respect of amounts payable under one or more invoices and the amount paid is less than the total amount payable, the electricity vendor shall allocate the payment on a pro rata basis to the clean energy adjustment and other amounts payable under the relevant invoices in respect of electricity charges in respect of the same period.

Confidential Draft

Held in trust

(4) Payments received by an electricity vendor from or on behalf of specified consumers shall, until paid to or for the benefit of the investment interest owner in accordance with subsection (5), be received by and held by each electricity vendor in trust for the benefit of the investment interest owners.

Remittance to IESO

(5) Each electricity vendor shall remit amounts described in subsection (5) to the IESO for the benefit of the investment interest owners in accordance with the regulations.

PART IV
IMPLEMENTATION

FINANCIAL SERVICES MANAGER

Appointment

13xx. (1) Subject to subsection (2), Ontario Power Generation Inc. is appointed as the Financial Services Manager for the purposes of this Act.

Replacement

(2) The Minister may terminate an appointment of a Financial Services Manager and may, in accordance with the regulations, appoint a new person or entity as the Financial Services Manager.

Duties and powers

14xx. (1) The Financial Services Manager shall perform the duties assigned to it under this Act and may administer the investment asset on behalf of the investment interest owners.

Same

(2) The administration of the investment asset may include the following:

1. Providing information, in accordance with the regulations, to the Board in respect of funding obligations and the determination of the clean energy adjustment in accordance with section 10xx.

2. Providing information to the IESO in respect of obligations under Part III.

3. Such other matters as may be prescribed.

Review of costs

(3) The Board shall review the administrative costs of the Financial Services Manager in accordance with the regulations.

Confidential Draft

FAIR ALLOCATION AMOUNT

Financial Services Manager to calculate fair allocation amount

15xx. (1) The Financial Services Manager shall calculate a fair allocation amount in respect of each reference period, having regard to the need to align that amount with the finance amount payable during the reference period, for the purpose of fairly measuring and allocating the estimated clean energy costs and estimated clean energy benefits among the specified consumers in respect of the reference period.

Timing of calculation

(1.1) The Financial Services Manager shall calculate a fair allocation amount in respect of each reference period before any funding obligation is incurred [by a financing entity during the reference period].

Amount

(1.2) The fair allocation amount in respect of a reference period is the sum of the following amounts:

1. The amount, if any, by which, if this Act had not been enacted, the estimated clean energy costs and estimated clean energy benefits allocated to specified consumers in respect of the reference period would have exceeded the estimated amount of the adjustments provided for under section 25.33 of the *Electricity Act, 1998* and the regulations made under that provision that would have been borne by the specified consumers in respect of clean energy costs for the reference period.

2. A portion of the value of any fair adjustment that has been made under Part II in respect of any previous reference period.

Principles

(2) In calculating the estimated clean energy costs and estimated clean energy benefits to be allocated to specified consumers in respect of a reference period, the Financial Services Manager shall [comply with the regulations and] have regard to the following principles:

1. Clean energy costs allocated to specified consumers in respect of a reference period should be allocated in proportion to the clean energy benefits attributed to the specified consumers in respect of the reference period.

2. The clean energy benefits allocated to the specified consumers in respect of a reference period should be determined in accordance with the regulations.

Confidential Draft

3. The fair allocation calculation should include reasonable assumptions regarding the following:

    i. The time value of money or the rate of inflation, for the purpose of equating nominal amounts over time.

    ii. The expected number of specified consumers in respect of each reference period.

    iii. The expected electricity consumption rates in respect of each reference period.

Method

(3) The Financial Services Manager shall calculate a fair allocation amount in accordance with such methods as the Financial Services Manager considers appropriate, having regard to the requirements of this Act.

Notification to Minister

(4) The Financial Services Manager shall notify the Minister of the methods used to calculate the fair allocation amount and any changes to those methods.

Effective date

(6) The fair allocation calculation or an amendment to the fair allocation calculation takes effect on the day that is 30 days after the fair allocation calculation or the amendment, as the case may be, is provided to the Minister in writing.

Publication

(7) The Minister shall ensure that the fair allocation calculation and any amendments to it are made available to the public in a manner that the Minister considers appropriate.

FINANCING PLAN

Financial Services Manager to prepare Financing Plan

16xx. (1) The Financial Services Manager shall prepare a written plan entitled the Financing Plan to be used by the Financial Services Manager to evaluate whether potential funding obligations should be incurred for the purposes of acquiring an investment interest in accordance with this Act.

Plan to be provided to Minister

(1.1) The Financial Services Manager shall provide the Financing Plan to the Minister.

Confidential Draft

Principles

(2) In preparing the Financing Plan, the Financial Services Manager shall have regard to the following principles:

1. Any incurrence of a funding obligation should reasonably align with the estimated finance amount, as determined in accordance with the regulations, that would, subject to any refinancing, become due and payable during a reference period with the fair allocation amount determined in respect of the reference period under this Part as of the time of the incurrence, in each case after reducing the fair allocation calculation by the amount of any fair adjustment in respect of the reference period.

2. Incurrences should be implemented in a manner that, in the opinion of the Financial Services Manager, is reasonable, cost effective and that reflects prevailing market terms and conditions.

3. Reasonable assumptions should be made regarding such matters as may be prescribed.

Limitation, first five year period

(4) In respect of each reference period from May 1, 2017 to April 30, 2022, no funding obligation shall be incurred that would become payable during the reference period and result in amounts payable in respect of the clean energy adjustment in respect of the reference period unless,

(a) no fair adjustment has been made under Part II in respect of the reference period; or

(b) if a fair adjustment has been made under Part II in respect of the reference period, the funding obligations incurred would not be payable during the reference period in an amount that exceeds the [difference between the fair allocation amount in respect of the reference period and the amount of the fair adjustment in respect of the reference period].

Other reports

(3.1) The Financial Services Manager shall submit to the Minister such reports and information as the Minister may require from time to time and shall, if required by the Minister to do so, examine, report and advise on any question relating to the Financing Plan.

Confidentiality

(5) The following are deemed to be records subject to clauses 18 (1) (c) and (d) of the *Freedom of Information and Protection of Privacy Act*:

Confidential Draft

1. The Financing Plan.

2. Reports referred to in subsection (3.1).

3. Any other document that would reveal information contained in the Financing Plan or the reports.

Amendments to plan

(6) The Financial Services Manager may amend the Financing Plan at any time.

Same

(7) In the event that the Financing Plan is amended, any reference in this section to the Financing Plan is deemed to be a reference to the plan as amended.

Implementation of Financing Plan

17xx. (1) The Financial Services Manager shall incur funding obligations in material conformity with the applicable Financing Plan.

Same

(2) For greater certainty, subsection 17xx (5) applies despite the failure of the Financial Services Manager to comply with subsection (1).

Financing entities

(3) In accordance with the Financing Plan, the Financial Services Manager may establish or cause to be established one or more financing entities that may incur funding obligations.

Prohibition

(3.1) The Financial Services Manager shall not provide for funding obligations to be incurred with any recourse to any assets of an electricity vendor, the Board, Ontario Power Generation Inc., the Province or the Lieutenant Governor in Council, except to the extent that any of these persons or entities may be liable to perform obligations or duties arising under this Act or under the express terms of a funding obligation or other agreement.

Effect of amendment to fair allocation amount

(4) Each funding obligation incurred and each transfer made by a financing entity is deemed to be consistent with the Financing Plan and [the fair allocation amount].

Confidential Draft

PART V
THE REGULATORY ASSET

IESO funding shortfall

20xx. (1) The IESO funding shortfall for each month shall be determined in accordance with the regulations.

Electricity vendors to provide information

(2) Electricity vendors shall provide to IESO such information as IESO may reasonably request for the purposes of determining the IESO shortfall under subsection (1) and such further information as may be prescribed.

Same

(3) IESO may rely on information provided by electricity vendors for the purposes of the determination under subsection (1).

Variance account to be established, maintained

20.1xx (1) The IESO shall establish and maintain a variance account for the purposes of this section.

Recording in variance account

(2) The IESO shall record the following in the variance account:

1. The amount of the IESO funding shortfall for each month.

2. All payments received by the IESO resulting from the exercise of the right of recovery under section 21xx and any transfer under section 22xx.

3. Such other adjustments as may be prescribed.

Recording determinative

(3) Subject to any finding of [manifest error], a recording by the IESO in the variance account of the balance is, as of the time of the recording, determinative of the balance at the time.

Rights of investment interest owner

(4) No change made by IESO to the balance in the variance account shall, if the previous balance was relied upon by an investment interest owner in the context of a transfer under section 22x, affect the rights of the investment interest owner acquired under the transfer.

Confidential Draft

Regulatory asset established

21xx. (1) The IESO has the right, exercisable in accordance with this Act and the regulations, to recover the balance recorded in the variance account from specified consumers.

Limitation

(2) Despite subsection (1), the IESO shall not be entitled to collect all or part of the balance recorded in the variance account from specified consumers before May 1, 2022.

Board to set rates

(3) The Board shall, from time to time, determine and set rates payable by specified consumers to allow for IESO to recover the balance recorded in the variance account.

Same, limitations

(4) The Board's powers under subsection (3) shall be exercised in accordance with the regulations.

Transfer of regulatory asset

22xx. (1) The IESO may from time to time transfer all or a portion of the regulatory asset to any financing entity.

Same

(2) Upon receipt by IESO of payment in consideration of a transfer of all or a portion of the regulatory asset, the transfer shall be valid and enforceable against the IESO and the IESO shall retain no further right, title or interest in, or any obligations in respect of, the regulatory asset or in the investment asset created by the transfer.

Same

(3) Upon transfer, the financing entity acquires an investment interest and becomes an investment asset owner.

Validity of transfer

23xx. (1) A transfer of a regulatory asset under this Act is a valid and enforceable sale and absolute transfer to the investment interest owner of the regulatory asset.

Same

(2) Without limiting subsection (1), any transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of IESO's right to recover the IESO funding shortfall, and not merely as a security interest, and upon the absolute transfer the transferor shall retain no right, title or interest in the regulatory asset, including all rights to recover the IESO funding shortfall.

Confidential Draft

Deemed perfection, etc.

(3) At the time a transfer of a regulatory asset is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the transferee shall have priority over any liens in favour of those persons.

PART VI
THE INVESTMENT ASSET

Effect of transfer

24xx. (1) The first transfer of the regulatory asset or a portion of it creates the investment asset.

Same

(2) Upon any transfer of all or a portion of the regulatory asset to a financing entity, the investment asset resulting from the transfer is immediately vested in the financing entity, free and clear of any adverse claim, and the financing entity becomes an investment interest owner and acquires an investment interest**.**

Investment asset established

25xx. (1) The investment asset constitutes a current and irrevocable property right and interest consisting, collectively, of the following rights and interests of investment interest owners:

1. The right to impose, invoice, collect, receive and recover amounts in respect of the clean energy adjustment from specified consumers, including the right to determine the clean energy adjustment in accordance with this Act.

2. The right to receive, collect and recover amounts in respect of the clean energy adjustment that are imposed, invoiced and recoverable under this Act, including any amounts in respect of the clean energy adjustment that are held by electricity vendors or other prescribed parties.

3. All rights and entitlements under such accounts as may be prescribed by regulation and all amounts on deposit in such accounts.

4. The right to enforce the duties and obligations under this Act of each electricity vendor to impose, attribute, charge and invoice for amounts in respect of the clean energy adjustment.

Confidential Draft

5. The right to enforce the duties and obligations under this Act of each electricity vendor to collect, receive and remit amounts received by it in respect of the clean energy adjustment, including all collections and the proceeds of any enforcement action undertaken by an electricity vendor to recover payment of amounts in respect of the clean energy adjustment.

6. All rights of any kind related to any of the other property rights or interests that comprise the investment interest.

7. All revenue, collections, claims, payments, money and proceeds of or derived from the rights described in paragraphs 1 to 6, regardless of whether it is invoiced, collected and maintained together with or commingled with other revenue, collections, claims, payments, money and proceeds.

Not affected by failure to impose etc. clean energy adjustment

(1.1) An investment interest is not affected by any failure to impose, attribute, invoice, accrue or collect amounts in respect of the clean energy adjustment.

No set off, etc.

(2) The investment asset shall not be set off,

(a) by a consumer, an electricity vendor, an agent of the investment interest owner or an owner of distribution system assets in the Province;

(b) in connection with any default of a person mentioned in clause (a); or

(c) by any affiliate or successor of a person mentioned in clause (a).

Exercise of rights

(3) The rights of the investment asset owner to collect and enforce its rights and interests in, to and in respect of the investment asset against a specified consumer shall be exercised in accordance with Part III of this Act.

Collective action required

(4) If the investment interest owner owns a right or interest in the investment asset that comprises less than the entire property right and interest constituted by the investment asset, the right or interest shall only be enforced by the investment interest owner collectively and in coordination with all other investment interest owners, and any agreement among that collective in furtherance of the collective action shall be valid and binding on the investment interest owner as a collective in accordance with its terms.

Confidential Draft

Transfer of investment interest

26xx. An investment interest owner may transfer all or a portion of its rights and interests in an investment interest to any other investment interest owner, including by way of a transfer of a divided or an undivided interest, in accordance with the Financing Plan.

Validity of transfer

27xx. (1) A transfer of an investment interest under this Act is a valid and enforceable sale and absolute transfer of the investment interest and confers upon the investment asset owner a valid property right and interest in, to and under the applicable investment interest in accordance with the terms of the transfer.

Same

(2) Without limiting subsection (1), a transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of an investment interest owner's right, title and interest in, to and under an investment interest, and not merely as a security interest, and upon such absolute transfer the transferor shall retain no right, title or interest in the investment interest, subject to the transfer, including all rights to the investment interest arising after the transfer.

Deemed perfection, etc.

(3) At the time a transfer of an investment interest is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer, assignment, etc.

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the investment interest owner shall have priority over any liens in favour of such other persons.

Investment interest owner may grant security interest

28xx. (1) An investment interest owner may grant a security interest over all or a specified portion of its right, title and interest in, to and under the investment interest to or in favour of any person to secure a funding obligation.

Validity

(2) A security interest granted under this Act shall be valid and enforceable in accordance with its terms.

Perfection and priority of security interests

(3) All provisions of the *Personal Property Security Act* shall apply to the investment asset and each investment interest on the basis that it is intangible personal property,

Confidential Draft

except as otherwise provided for in this section, and any granting of a security interest by the investment interest owner to secure a funding obligation shall, subject to the terms of the funding obligation, give rise to a security interest in respect of which that Act applies and may be perfected by filing a financing statement under that Act on that basis.

Proceeds

(4) All proceeds of an investment interest that are subject to the security interest and that are received by the applicable investment interest owner shall immediately be subject to the security interest and shall be perfected without any physical delivery of the proceeds, registration of any financing statement or any further act.

Perfection

(5) The security interest shall be a continuously perfected security interest and shall have priority over any other lien, created by operation of law or otherwise, that may subsequently attach to the property rights and interests in the investment interest subject to the security interest, subject to the written consent of the person to whom the security interest has been granted.

Same

(6) The person to whom the security interest has been granted shall have a perfected security interest in revenues or other proceeds that are deposited in any ccount of any electricity vendor, an agent of an electricity vendor or other person who may have commingled such revenues or other proceeds with other funds.

Notice required

(7) The secured party shall be entitled to exercise the rights of an investment interest owner only after the secured party has given notice of the enforcement of its security interest to the IESO.

Definition

(8) For the purposes of this section, a security interest is perfected when it is perfected as described in the *Personal Property Security Act*.

PART VI
MISCELLANEOUS

Appointment of agent, invoicing or collection

29xx. If a prescribed circumstance applies, the Lieutenant Governor in Council may by regulation appoint a person to carry out some or all of the obligations of an electricity vendor under this Act in the place of an electricity vendor with respect to invoicing or collection.

Confidential Draft

Not Crown agent

30xx. For greater certainty, no agent appointed under this Act is an agent of the Crown for any purpose, despite the *Crown Agency Act*.

Sequestration

31xx. (1) A court in the Province may, upon application by an investment interest owner or a secured party, order the sequestration and payment of amounts in respect of the clean energy adjustment, collections and remittances, as applicable, for the benefit of the investment interest owner or secured party by any person or entity authorized to collect amounts in respect of the clean energy adjustment, including defaults on any required remittance of amounts in respect of the clean energy adjustment, collections or remittances.

Same

(2) An order under subsection (1) does not limit any other remedies available to the applicant.

Choice of law

32xx. The law governing, as applicable, the validity, enforceability, attachment, perfection, priority and exercise of remedies with respect to the transfer of an interest or right or creation of a security interest in the regulatory asset, the investment asset, the clean energy adjustment or the undertaking of the Crown under section x shall be the laws of the Province.

Conflict

33xx. The provisions of this Act and the regulations apply despite any provision of any other Act regarding the attachment, assignment or perfection, or the effect of perfection or priority of any transfer or security interest.

No further approvals, etc.

34xx. Despite any requirement under any Act, no approvals, notices or authorizations other than those specified in this Act are required to be taken under the Financing Plan or in relation to the determination of the fair allocation amount.

Immunity

35xx. (1) No action or other proceeding for damages shall be instituted against any employee of the Province, IESO, OPG or OEB for any act done in good faith in the execution or intended execution of any duty or authority under this Act or for any alleged neglect or default in the execution in good faith of any duty or authority under this Act.

Confidential Draft

Same

(2) Despite subsections 5 (2) and (4) of the *Proceedings Against the Crown Act*, subsection (1) does not relieve the Crown of liability in respect of a tort committed by a person mentioned in subsection (1) to which it would otherwise be subject.

References in marketing materials and offering documents

36xx. No person shall include, in marketing materials or offering documents relating to the financing of funding obligations, references to any rights, obligations, guarantees or undertakings arising under section 5xx unless the prescribed requirements, if any, are satisfied.

Non-application, Financial Administration Act, s. 28[5]

37xx. Section 28 of the *Financial Administration Act* does not apply with respect to any transaction or agreement or undertaking required, permitted, contemplated or authorized, directly or indirectly, under this Act.

Regulations

38xx. The Lieutenant Governor in Council may make regulations in respect of the following matters:

1. [6]Governing anything that is required or permitted to be prescribed or that is required or permitted to be done by, or in accordance with, the regulations or as authorized, specified or provided in the regulations.

2. Defining, for the purposes of a regulation, words and expressions used in this Act that are not defined in the Act.

x. Prescribing types of payment obligations that constitute funding obligations;

x. governing the calculation [true-up amount] and how the amount is to be applied to the clean energy adjustment;

x. governing the inclusion of information under this Act on invoices, which may include requiring notice to be provided by electricity vendors to specified persons regarding the adjustments;

x. governing the inclusion of information about the clean energy adjustment and any other matters provided for under this Act on invoices issued to specified consumers, including the form that the information must take and the form of

[5] FLS - see s. 51 of the Electricity Act, 1998

[6] FLS - see s. 78 (1) of the Climate Change Mitigation and Low-carbon Economy Act, 2016 - paras. 1 and 2.

Confidential Draft

the invoices and any notice to be provided to the specified consumer under this Act[7];

x. prescribing the time within which any action required by this Act may be required to be done;

x. Providing for such other matters as the Lieutenant Governor in Council considers advisable to carry out the purpose of this Act.

PART VII[8]
AMENDMENTS TO OTHER ACTS

ELECTRICITY ACT, 1998

200x. (1) Subsection 6 (1) of the *Electricity Act, 1998* is amended by adding the following clauses:

(q.0.1) to exercise the powers and rights and to perform the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and to engage in activities to facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*, including,

(i) entering into agreements or arrangements with any person for the purposes of the *Ontario Fair Hydro Plan Act, 2017*;

(ii) engaging in activities related to making payments to and receiving payments as contemplated under the *Ontario Fair Hydro Plan Act, 2017* and to engage in related settlement activities;

(iii) engaging in activities related to the creation, transfer and administration of the regulatory asset created under the *Ontario Fair Hydro Plan Act, 2017*, which activities may include,

(iv) incurring liabilities in relation to the regulatory asset

(v) transferring the regulatory asset for consideration;

(vi) acting as a recovery agent under the *Ontario Fair Hydro Plan Act, 2017*;

[7] FLS - see *OEBA s.79.17 and 88(1)(z.11) and (z.12)*
[8] FLS: These amendments are drawn from previous drafting contained in gov2016.146.e05 (which was drafted as amendments to the EA, 1998).

Confidential Draft

200.1xx (1) Subsection 25.33 (1) of the Act is amended by striking out "and" at the end of clause (a) and by adding the following clauses:

(c) amounts paid to or received from a [prescribed] financial services entity or [a financing entity prescribed under] the *Ontario Fair Hydro Plan Act, 2017* and any related amounts; and

(d) amounts collected from consumers who are [specified consumers within the meaning of] the *Ontario Fair Hydro Plan Act, 2017* in respect of the clean energy adjustment and any related amounts.

(1.1) Subsection 25.33 (2) of the Act is amended by striking out "and" at the end of clause (a) and by adding the following clauses:

(c) amounts paid to or received from a [prescribed] financial services entity or [a financing entity prescribed under] the *Ontario Fair Hydro Plan Act, 2017* and any related amounts; and

(d) amounts collected from consumers who are [specified consumers within the meaning of] the *Ontario Fair Hydro Plan Act, 2017* in respect of the clean energy adjustment and any related amounts.

(2) Subsection 25.33 (3) of the Act is amended by adding the following paragraph:

4. A consumer who is,

   i. a [specified consumer within the meaning of] the *Ontario Fair Hydro Plan Act, 2017*, or

   ii. prescribed by the regulations [made under the *Ontario Energy Board Act, 1998]*.

(3) Clause 25.33 (4) (b) of the Act is amended by adding "or as may be required under a regulation made under the *Ontario Fair Hydro Plan Act, 2017* or the *Ontario Energy Board Act, 1998*" at the end.

(4) Subsection 25.33 (5) of the Act is amended by adding "or under the *Ontario Fair Hydro Plan Act, 2017*" at the end

201x. Section 53.1 of the Act is amended by adding the following subsections:

Confidential Draft

Same, *Ontario Fair Hydro Plan Act, 2017*

53.1 (1.1) In addition to the objects mentioned in subsection (1), the objects of Ontario Power Generation Inc. include exercising the powers and rights and performing the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and engaging in activities to facilitate the implementation of that Act, including entering into contracts and undertakings on behalf of financing entities, subject to the right to be paid by the financing entities for those services.

Subsidiaries, etc.

(1.2) Ontario Power Generation Inc. may create or invest in one or more subsidiaries, trusts, partnerships or special purpose entities in order to more efficiently conduct its activities or achieve its objects.

Deemed assets, entity

(1.3) Despite any other provision of this Act, the *Business Corporations Act* or any other Act,

(a) the assets and liabilities of a special purpose financing entity shall not form part of the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries; and

(b) the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries shall not form part of the assets and liabilities of a financing entity.

Definition, financing entity

(1.4) For the purposes of this section, "financing entity" has the same meaning as in the *Fair Hydro Plan Act, 2017*.

AMENDMENTS TO ONTARIO ENERGY BOARD ACT, 1998

204x. Subsection 1 (1) of the *Ontario Energy Board Act, 1998* is amended by adding the following paragraph:

6. To facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*.

205x. Subsection 70 (2.1) of the Act is amended by adding the following paragraph:

4. The licensee is required to comply with the *Ontario Fair Hydro Plan Act, 2017*.

206x. Section 78.1 of the Act is amended by adding the following subsection:

Confidential Draft

Same, limitation re Ontario Power Generation Inc.

(3) The determination of a payment to Ontario Power Generation Inc. under this section shall not include any consideration of amounts related to activities of Ontario Power Generation Inc. carried out in relation to the *Ontario Fair Hydro Plan Act, 2017*.

Same

(3.1) The amounts referred to in subsection (3) include, without limitation, the following:

1. Amounts related to the appointment of Ontario Power Generation Inc. as the Financial Services Manager under the *Ontario Fair Hydro Plan Act, 2017*.

2. Amounts related to the charging of fees for performing duties as the Financial Services Manager.

3. Amounts related to exercising the powers and performing the duties of the Financial Services Manager.

4. Amounts related to the consolidation of the assets and liabilities for accounting purposes of any special purpose financing entities established under and for the purposes of that Act.

Short Title - this proposal for legislation would, if approved by the Legislature, have a short title to be determined by Government.

Timing – this proposal for legislation would, if approved by the Legislature, come into force on a date to be established by Government.

Action Items – April 25, 2017

1) Global Adjustment
    - LSB / Blakes turning around comments received over the weekend; new draft of the legislation will be circulated later today or early tomorrow
    - Comments on next draft of legislation will be due Wednesday to keep on track with Friday pens down on legislation
    - E&Y opinion on track
    - OPG undertaking modelling but initial borrowing amount will come from formula in legislation
    - Ministry working with Navigant on report (interim report expected in a couple of weeks followed by a final report)
    - CoS to discuss inflation provision with PO to confirm comfort with including it in regulation vs legislation
    - IESO working with KPMG on opinion (draft tracking for later this week)
    - IESO to discuss Board assurances with Ministry later this week
    - OEB continues to work through a few issues with LSB (e.g. role in review of admin costs, timing of revised RPP, why there needs to be an OEB objective)
    - MOF and ENERGY Ministers will be signatories to springing guarantee, performance guarantee and protection to boards

2) Other OFHP Items
    - RRRP, OESP, FN
        - New turn of social legislation expected today for comment by Wednesday to meet Friday pens down timeline
        - Ministry sorting through issue with Dubreuilville to ensure the legislation is permissive enough to allow them to be eligible
        - Ministry meeting with COO tomorrow on FN rate implementation
        - Ministry to meet with MCSS re: taking over OESP administration
    - Affordability Fund
        - Hydro One to prepare letters that will go out to social service agencies
    - ICI
        - Ministry continues to work with CME / OCC on targeted outreach

3) Other Items
    - IGS continues to work with MOF / TBS on equity injection to ensure we have appropriate approvals for appropriation room this fiscal year, needs to be included in Estimates so approvals required on Thursday
    - OFA working with TD on content to be included in TB submission on financial viability
    - MO to work with MOF / TBS MOs to request their Ministers for debate on May 15th and 16th

Implementation of Ontario's Fair Hydro Plan
Week of August 28, 2017

Item	Key Deliverables / Considerations	Timing / Next Steps
1) Refinancing the Global Adjustment (ESP/IGS/LSB)		
• ENERGY, LSB, IESO, OPG, OEB, TBS and MOF	<u>Recent Action Items</u> • Ongoing Business Items o Supporting Agreement (i.e., performance / payment, term sheet) – OPG/TBS (OPCD), MOF, OFA and ENERGY met on August 10, 2017 to discuss proposed approach to Provincial Guarantee. Additional accounting review on proposed approach is required – OPG proposing to prepare an option for Government to pay outstanding obligation should OPG/Trust no longer be able meet financing obligations – IESO and OPG to continue discussions regarding the letter of credit to backstop smaller LDCs without ratings or using a reserve account – need to determine quantum – IGS/OFA to prepare summary deck for week of September 4, 2017 – Note: Initial focus of OPG financing will be on Canadian market o Management Fees Regulation o Interest Collection During the Inflationary Cap Period (OPG, IESO and Energy to work through approach) o Ministry/OPG to look into mechanism (regulatory line) to pay interest and expenses through GA after the 4 year moratorium o OPG Equity Injection Process o Subordinate Debt Loan Agreement o Payment in Lieu of Taxes Exemption	• July 1 – 25% takes effect • Summer – Prepare Minister's Fair Allocation Amount (TBD) • Summer – LRC/Cabinet Approval Management Fee regulation (TBD) • Summer – LRC/Cabinet Approval Interest Collection During the Inflationary Cap Period regulation (TBD) • Week of September 11 – Minister's Fair Allocation Amount letter, following preliminary discussions with OPG • September 27 – TB/Cabinet Approval and s.28 Approval Supporting Agreement (TBD) • Late November 2017 – OPG Financing (TBD)

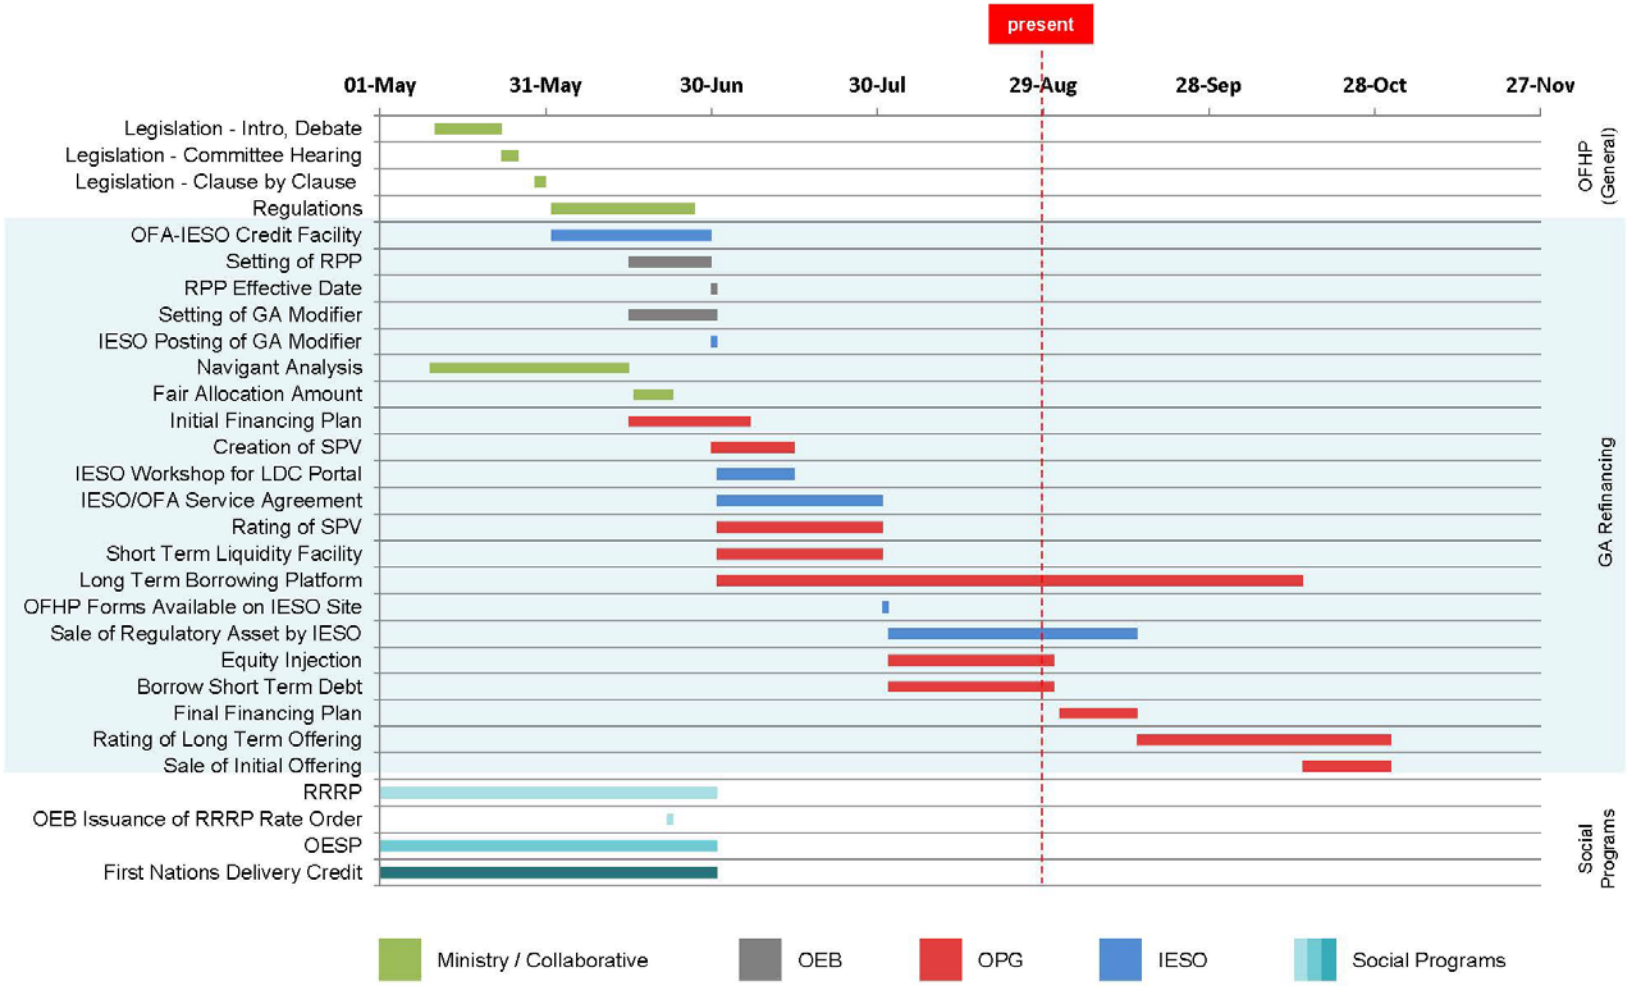
Item	Key Deliverables / Considerations	Timing / Next Steps
	– MOF/Tax Policy working on comfort letter re: PILs for OPG – IGS to provide best timing estimates for PILs, Equity Injection, Subordinated Debt Loan Agreement (between OPG and Trust) • OPG continuing work with rating agencies. OPG working to finalize this working by end of September • OPG to go to its Board with OFHP financing plan following direction from August 16, 2017 meeting • Agencies (OPG/IESO/OEB) to provide weekly critical paths/detailed workplans as required • ENERGY working with Navigant to prepare a report on long lived assets and associated assessment of value	
2) Broadening Rural or Remote Rate Protection (RRRP) (SNAP)		
• ENERGY, LSB and LDCs	<u>Recent Action Items</u> • All LDCs have indicated they have implemented the program	• Will hold a wrap-up working group teleconference in August.
3) Expanding Ontario Electricity Support Program (OESP) (SNAP)		
• ENERGY, LSB, MCSS and OEB	<u>Recent Action Items</u> • July 26 TB approval for MCSS to expand FTEs and create team dedicated to OESP enrolment, using funds approved on March 1, 2017 under FHP • OEB and MCSS executed MOU (as per recent OEBA amendments) to share information that will support targeted outreach for social assistance clients potentially eligible but not enrolled in OESP • Targeted outreach and automatic SA client enrolment by MCSS to start late September; MCSS to continue developing software solution for automation over next several months	• Week of August 7 – follow-up with CRA on proposed wet signature solution

Item	Key Deliverables / Considerations	Timing / Next Steps
	• Significant progress on wet signature issue – SNAP continues to work with, MOF, OEB and CRA on solution • SNAP to work with TBS to ensure funds flow from fiscal plan when OESP moves to the tax base	
4) Providing a First Nations On-Reserve Delivery Credit (SNAP)		
• ENERGY and LSB	<u>Recent Action Items</u> • All LDCs have indicated they have implemented the program. • Ministry working on post card for FNDC	• Will hold a wrap-up working group teleconference in August.
5) Establishing an Affordability Fund (CRED)		
• ENERGY, IGS, LSB, Blakes, CSD, OPCD, TBS, MOF and H1 (KPMG and Osler)	<u>Recent Action Items</u> • On June 19, 2017, Computershare, the original trustee of the Affordability Fund Trust, was replaced with a Board of Trustees which includes representation from two social agencies and three LDCs (Ottawa Carleton UW / Neighbour to Neighbour Centre / Thunder Bay Hydro / Hydro One / Alectra). The Ministry of Energy is also represented on the Board of Trustees in a non-voting capacity • Hydro One, in its administrative capacity, is offering back office support and helping coordinate stakeholder engagement on program design for the Board of Trustees (have engaged Accenture to assist) • Stakeholder engagement is underway; preliminary outreach with several LDCs conducted in July and a WebEx and in-person meeting seeking feedback from LDCs on program design held August 1 (~70 participants) • Trustees continue to work through program design concepts and details in order to launch the program as soon as possible • Trustees have agreed to Hydro One's role as administrator	**September 2017:** Target for program launch **Q2 2017-2018:** • Report back to TB/MBC with final program details and a performance management framework including outcome measures and targets **Late 2017/early 2018:** • ENERGY can apply for additional funds through 2018-19 PRRT based on performance and need. Trust term can be extended with amended/new TPA if agreed by Trust

Item	Key Deliverables / Considerations	Timing / Next Steps
	• Trustees call held August 11, 2017 (recap of LDC feedback and discussion on program design) • Trustees to brief Ministry on August 28	
6) Engagement with Officers of the Legislature		
• ENERGY, MOF/OFA, Auditor General (AG)	Recent Action Items • ENERGY and other ministries (MOF and TBS) have received additional/broader scope request from AG. Responses to be coordinated across ministries • Third-party hired to undertake electronic search of records • TBS advises that AG is tracking for an opinion on Public Accounts (PA) on August 18, which would result in an earliest release by the government of the PA on August 28 (Note: The statutory deadline in September 27) • IESO indicates that Deloitte has provided KPMG a second opinion on the accounting treatment that is supportive, which was provided to the AG • AG attended special meeting of IESO Board on OFHP	• Summer – Responding to AG Request (Ongoing)
7) Bill Presentment (SNAP/LSB)		
• ENERGY	Recent Action Items • Ongoing Ministry work re bill presentment	• Fall 2017 – Bill redesign
8) Expanding ICI (ESP/COMs)		
• ENERGY, LSB, IESO and LDCs	Recent Action Items • Ongoing OCC outreach campaign to promote ICI • Ongoing outreach with LDCs being undertaken by IESO • CME proposal (TBD)	• Quarterly Report Backs re ICI to TBS / MBC
9) Energy Sector Efficiencies (i.e., Ontario Energy Board and IESO) (SNAP / ESP)		

Item	Key Deliverables / Considerations	Timing / Next Steps
• ENERGY, LSB, OEB and IESO	**OEB:** • Directive / Letter (TBD) <u>Considerations</u> • Signal efficiencies intent in OEB business plan letter • Work with OEB/LDCs on LTEP document and proposed directive to OEB **IESO:** • Directive / Letter (TBD) <u>Considerations</u> • IESO's stakeholder engagement re Market Renewal is ongoing.	• Continue this work as part of LTEP

Ontario Fair Hydro Plan Implementation



* Note: Preliminary timeline with tentative dates that are subject to change.

0

WEEKLY RATE MITIGATION IMPLEMENTATION GROUP
August 31, 2017

Agenda

1) GA Refinancing
    - General Update (OPG / IESO)
    - Supporting Agreement (OFA/OPG)
    - Business Item (OPG/IGS)
    - Fees (ENERGY)

2) Other OFHP Initiatives
    - RRRP, OESP and FN (SNAP)
    - Affordability Fund (CRED)

Notes:

FEES RIDER – subs. 19 (3) of the Act – August 28, 2017

1. (1) For the purposes of subsection 19 (3) of the Act, the Financial Services Manager may establish and charge fees to financing entities in relation to the following matters:

1. The services provided by the Financial Services Manager to financing entities, which may include services related to planning, financing, negotiation and execution of agreements, front office services and administrative services.

2. The costs of doing anything that the Financial Services Manager is required or permitted to do under the Act.

(2) The fees mentioned in subsection (1) may provide for a fixed fee and a variable fee based on performance.

2.(1) The fixed fee shall be equal to the reasonable cost of services provided to all financing entities plus a reasonable rate of return.

(2) The variable fee shall be calculated as follows:

$$(A \times (B - C)) \times 5\%$$

Where,

A = the principal amount of all tranches of incremental annual funding obligations,

B = the forecasted weighted interest rate of incremental annual funding obligations, and

C = the actual weighted interest rate of incremental annual funding obligations.

(3) For the purposes of subsection (2), incremental annual funding obligation means the aggregate of all funding obligations issued by all financing entities in a calendar year, including senior debt and subordinated debt.

(4) The variable fee payable for any calendar year shall not be

1. more than 1% of (5% × the incremental annual funding obligations), or

2. less than -1% of (5% × the incremental annual funding obligations).

(5) If the variable fee is a negative amount, such amount shall be deducted from the fixed fee payable in the following calendar year in twelve equal monthly instalments.

3.(1) When the Financial Services Manger submits its proposed fees to the Board, the Financial Services Manager shall provide the following:

1. The methodology that the Financial Services Manager has used to calculate its proposed fixed and variable fees.

2. The methodology that the Financial Services Manager has used to benchmark the each component of the proposed fee.

3. The period of time during which the Financial Services Manager is proposing to charge its proposed fee.

5. The identity of the financing entities that are required to pay the proposed fees.

6. Such other information as the Board may require.

(2) The Board is not bound by any methodology or benchmark provided to it by the Financial Services Manager under subsection (1).

(3) The Board may approve the proposed fees or proposed amendments or may refer the proposal back to the Financial Services Manager for further consideration with the Board's recommendations.

(4) Fees established by the Financial Services Manager and approved by the Board shall be included in the definition of "expenses" for the purposes of determining finance amounts under the Act.

4.(1) The Financial Services Manager may from time to time, but not more than once in any 12 month period, submit proposed amendments to its fees to the Board.

(2) If the Financial Services Manager submits proposed amendments, the proposed amendments shall be submitted no later than 120 days before the Financial Services Manager intends for the fees to be charged.

(3) Subsections (1) and (2) do not apply in the first 12 months after this regulation comes into force.

Note: Draft language provided for the purpose of instructions to Ontario Legislative Counsel. Final content of regulation is subject to drafting by OLC.

5.(1) Section 3 applies with such modifications as the context may require to any application by the Financial Services Manager for approval to amend its fees.

6.(1) Where there is more than one financing entity, the total amount payable by a financing entity in respect of fees shall be proportional to the services that it receives from the Financial Services Manager.

7.(1) Upon approving the first fee submitted by the Financial Services Manager, the Board may make it retroactive to a date prior to the date of the Board's approval and not earlier than July 1, 2017.

(2) The Financial Services Manager shall establish a deferral account in connection with subsection 19(3) of the Act that records costs incurred by the Financial Services Manager in providing services referred to in section 1 during the period from July 1, 2017 to the day before the date of the Board's first order under subsection 19(3) of the Act.

Outstanding Business Issues – Ontario Fair Hydro Plan

Issue	Overview	Supporting Documentation	Next Steps
Guarantees	• Province to provide contingent supports to enable structure	• Draft Term Sheet • Performance Guarantee • Service Guarantee	• OPG/MOF/ENE to discuss respective comments on the term sheet • ENE/MOF tracking to TB in September for approval **Timing:** Sept 26 TB/MBC
Equity Injection	• Province to purchase shares of OPG on a monthly basis	• Master Subscription Agreement • Service Level Agreement • Notice of Subscription • Amendment to Articles	• OFA / Energy to determine required monthly process and sign-off mechanism **Timing**: Late Sept/Early Oct
PILs Exemption	• Province to mitigate cost to ratepayers by minimizing PILs payable by OPG financing vehicle	• Tax Regulation	• MOF legal to draft comfort letter and regulation **Timing:** Regulation by fall
Subordinated Debt Loan Agreement	• OPG will lend the equity injection from the Province to the Trust by way of subordinated debt	• Draft Term Sheet • Debt Loan Arrangement	• OFA to provide comments • OPG to draft Debt Loan Arrangement **Timing**: Late Sept
OEB Rate & Fees	• OPG is allowed to charge a management fee for its services made up of 1)base fee and 2) performance fee	• Draft Base Fee framework • Draft Performance Fee framework • Regulation	• OPG, ENE and OFA to determine role of OEB in determining fees OPG charges **Timing**: Regulation by the fall

Good evening,
Please find attached the material for discussion tomorrow morning.
Thanks,
Martin

Action Items – June 8

1) GA Refinancing
    - Ministry tracking 8 regs for next week
    - Ministry moved OESP reg to June 27
        - Ministry continues to work with MCSS on OESP automatic enrolment, which is tracking for Sept at the earliest
    - Ministry continues to work on general reg and requires input from OPG, IESO and OEB to ensure they have what they need
    - TBS would like a road map to facilitate the presentation at TB
    - OPG to provide language to Ministry for regulation drafting
    - OPG to draft a deck for Minister's OFHP implementation briefing with input from IGSs
    - IESO expecting AG coming to their Board on June 14
    - IESO is working with KPMG to review the interest cost coming back to IESO from OPG during moratorium period
    - OEB drafting supplementary report to go out with revised pricing on June 22
        - OEB to consider announcing pricing earlier in the day rather than afternoon
    - OEB refining answer and key messages to how HydroOne rate application impacts OFHP and will share with Ministry
    - Ministry/OFA to provide comments back to OPG on Provincial Support Agreement Term Sheet by next week
    - MOF, not TBS, to provide S. 28 approval
    - OPG/IESO to confirm timing of when they need Board indemnities (potentially required before IESO Board meeting on the 14th of June)
    - MOF/TBS to look into whether appropriation from TB is required to facilitate the S.28 approval
    - Ministry reviewing CEB/DRC comparison document and will provide comments next week.

2) Other OFHP Initiatives
    - RRRP, OESP and FN:
        - Ministry working with Chiefs on First Nations Delivery credit with Chiefs expecting to table and pass a resolution next week on who receives credit
    - Affordability Fund:
        - Formal written invitation being sent to final trustee who has agreed verbally

Good evening,

Please find attached the material for discussion tomorrow morning.

Thanks,
Martin

Action Items – June 1

1) GA Refinancing
    - Energy to share draft regulations with TBS and others once received from leg council (aiming for early next week)

    - TBS to follow-up with Energy on TB Report Back expectations and timelines

    - IGS to follow-up with MOF/Tax Policy on indirect taxes implication

    - Agencies (OPG/IESO/OEB) to develop and circulate more detailed work plans, as required. OEB provided a detailed work plan that outlined timeline and work deliverables to be finalized by June 22

    - OFA circulated a document comparing of Clean Energy Adjustment to the Debt Retirement Charge (DRC), which when finalized would be shared with AG
        - Energy to review and provide comments early next week

    - IESO provided AG with all requested documents yesterday. OEB has AG request due June 2. OFA is also working on AG request. AG is meeting with IESO Board on June 14, KPMG will attend
        - TBS to follow-up on whether AG met with large audit firms and outcome
        - Energy to include standing item on future agendas regarding AG matters

2) Other OFHP Initiatives
    - RRRP, OESP and FN:
        - No substantive update

    - Affordability Fund:
        - Advisory Committee working to confirm remaining social service agency representative required for the Board of Trustees

WEEKLY RATE MITIGATION IMPLEMENTATION GROUP
June 1, 2017

Agenda

1) GA Refinancing
    - Committee Debrief (LSB)
    - Regulation Drafting (Energy / All)
    - Critical Paths (OPG / IESO / OEB)
    - Comparison of Clean Energy Adjustment to Debt Retirement Charge (OFA)
    - Draft Provincial Guarantees for Dealers (OPG/OFA)
    - Business Item (OPG/IGS)

2) Other OFHP Initiatives
    - RRRP, OESP and FN (SNAP)
    - Affordability Fund (CRED)

Notes:

Outstanding Business Issues – Ontario Fair Hydro Plan

Briefing Note

PURPOSE

Provide an overview of a few of the key remaining outstanding business issues that OPG and the Province are working through

BUSINESS ISSUES

1. **Provincial Support Agreement Term Sheet (Performance and Payment Guarantees)**
   - As part of the OFHP, the IESO will create and sell a regulatory asset to the OPG financing entity
   - In order to provide assurances to those with claims against the Financing Entity (eg. Holders of debt), and support credit ratings, the Province is providing both a Service Guarantee and a Performance Guarantee to ensure that the obligations of the IESO are carried out including obligations related to collecting and remitting clean energy adjustments.
   - **Next Steps:**
     - OPG and OFA have discussed a draft term sheet and the OFA, MOF and Blakes will work together to provide comments
     - Timing: Guarantees are required to support rating agency review which is expected by the end of July.

2. **Payments in Lieu of Taxes (PILs) Exemption**
   - Provincial staff, with OPG's concurrence, recommends minimizing, to the extent possible, the PILs payable by the OPG financing vehicle, as those costs will be recovered from ratepayers.
   - The Province is considering regulation changes to exempt from PILs the income arising to the OPG financing vehicle / OPG as a consequence of the Fair Hydro Plan.
   - As part of the OFHP, the financing entity will raise debt and acquire "investment assets" from the IESO. Given the unique nature of the investment assets, there are no specific rules which govern the manner which investment assets should be treated for tax purposes, and further analysis is required to ensure the cost of the investment assets are appropriately recognized as a deduction or offset in computing the income of the financing entity.
   - **Next Steps:**
     - The MOF, OFA and OPG are working together to determine required regulation changes.
     - Torys prepared a memo on the item
     - Timing: MOF will be setting up a call with tax policy, OPG and Torys to discuss a memo Torys prepared on the item in the next few days

3. **Fair Hydro Plan - Master Subscription Agreement Term Sheet (Equity Injection Process)**
    - OPG will require equity injections on a monthly basis, to match the timing of the purchase of the IESO regulatory asset, as applicable, in order to maintain its capital structure, and will require flexibility in order to issue shares as needed by the Province.
    - The Ministry of Energy received appropriation for a fiscally-neutral operating asset expenditure of $1.1B through PRRT to support equity injections for the 2017-18 period, and will continue to provide multi-year forecasts each year through PRRT.
    - **Next Steps:**
        - The Ministry of Energy, OFA and OPG are working through the short term mechanics of this process, which will ultimately feed into a Master Subscription Agreement. A draft term sheet is underway.
        - Timing: OPG will require the ability to issue equity in July, so mechanics and agreements should be finalized in June.

4. **Management Fees**
    - OPG will be providing all required services to the Trust as part of the OFHP, including planning, strategy, financing, deal execution etc.
    - The legislation allows OPG to establish and charge a management fee for those services in accordance with the regulations, which are currently in development.
    - OPG and OEB are currently working together on a management fee structure that balances the interests of minimizing costs and satisfying accounting consolidation requirements.
    - There are two components to the model proposed by OPG:
        - Base fee: the structure will allow OPG to earn a commercial fee, an accounting consolidation requirement, with periodic OEB review of the commercial basis of that fee. OEB and OPG are in discussions in order to develop a model that satisfies the accounting requirements and is consistent with OEB's processes.
        - Performance management fee: OPG has the ability to gain or lose depending on the actual financing cost relative to a benchmark, which would be shared equally between ratepayers and OPG. Gain/loss is capped at 1% of annual incremental issuance amount.
    - **Next Steps:**
        - OPG and OEB will bring forward a recommended framework for developing management fees.
        - Timing: TBD

5. **Subordinated Debt Loan Agreement**
    - OPG will lend the equity injection from the Province to the Fair Hydro Trust by way of subordinated debt

- Based on monthly funding requirements of the GA asset, the Trust will use short term financing and take out bonds once short term funding reaches certain levels
- OPG and OFA are working on a Debt Loan Arrangement that would establish the interest rates on the subordinated debt
- **Next Steps:**
    - OPG and OFA will bring forward a recommended framework for determining interest rates
    - Timing: TBD

6. IESO – Increased OFA Credit Facilities

- THE OPG financing entity is not expected to be immediately operational, so the IESO will need to have transitional financing in place to manage the difference in the payments to generators and other service providers vs payments from loads / LDCs.
- There may also be on-going monthly cash flow timing differences that the IESO will need a credit facility for.
- In addition, the OPG financing entity has the right to purchase the regulatory asset from IESO but is not required to purchase it.
- IESO is working with the OFA to increase the credit facilities in the event that the OPG financing entity does not purchase the regulatory asset
- **Next Steps:**
    - OFA is drafting a new agreement for a $2 billion credit facility for the OFA to lend funds to IESO for FHP purposes. Concurrently, the OFA is seeking the Minister's approval for an LRC submission to approve an OIC for an additional $2 billion in borrowing capacity, as well as a Directive from the Minister of Finance, which are both necessary for the OFA to lend funds to IESO under the requested new Credit Facility.
    - Timing: The OIC is scheduled for the June 27, 2017 LRC meeting. The Directive and Credit Facility Agreement are currently being drafted, to be in place by July 1st, 2017

7. OPG Indemnity

- OPG (and IESO) are asking for the Province to indemnify the IESO, OPG (the entities) and their respective directors, officers and employee in order to allow them to carry out their roles in implementing the Ontario Fair Hydro Plan and primarily the Global Adjustment refinancing.
- Indemnification will need to ensure separation between the Province and OPG is maintained
- **Next Steps:**

- Staff in Ministry of Finance and Treasury Board Secretariat have received initial documents and are currently reviewing.
- Depending on the structure of the indemnity requested, an OIC may be required to provide authority to the Minister of Finance
- Timing: If an OIC is required this would be included in the June 27th, 2017 submission

Implementation of Ontario's Fair Hydro Plan
Week of May 29, 2017

Item	Key Deliverables / Considerations	Timing / Next Steps
1) Refinancing the Global Adjustment (ESP/IGS/LSB)		
• ENERGY, LSB, IESO, OPG, OEB, TBS and MOF	<u>Recent Action Items</u> **Legislation and Regulations Drafting / House Prep:** • Leg Counsel finalizing legislation • LSB working on: o Committee motions – Ministry working on motions. Ministry to finalize motions by noon May 29 to deliver to Clerks by 6 pm. o Regulations – 2 parts (mid and late June). Note: OPG has sketched out what it may require in regulation. Regulation tracking for direct to Cabinet on June 14th (TBC) o Indemnities for OPG and IESO Board members to be in place around Royal Assent o Ministry to work with OPG/OEB/IESO on regulations • Ministry to follow up with stakeholder on rate cap • Blakes and LSB to work with MAG on any constitutional law issues – ongoing • MO to work with MOF/TBS MOs to request their Ministers for house debate (Week May 15, 2017) • Agencies (OPG/IESO/OEB) to provide critical paths for the next meeting • OFA to have comparison of Clean Energy Adjustment to DRC (ready by end of week) • TBS to connect with OFA to determine if it ready to share with IESO **TBS, LRC and Cabinet:** • Ministry working on approval documents for Minister signature	• Approval dates: o TB – May 9 2017; and o LRC/Cabinet – May 10, 2017 • Legislation / House dates: o Legislation introduction – May 11, 2017 o Opposition Briefing (TBD) o Debate – Week of May 15, 2017 o Committee/Public Hearings – Week of May 23, 2017 o Committee/Clause by Clause – Week of May 29, 2017 • Regulations – June 2017 • Summer 2017 implementation (June/July). OPG preference for July 1 to align with quarter-end

Item	Key Deliverables / Considerations	Timing / Next Steps
	for end of week: o LRC / Cabinet Submission on OFH Legislation o TB/MBC Report Back – GA refinancing, Social programs and ICI. Note: TB looking for variability risk analysis for Social programs o TBS to draft a chart with report backs o TBS to look at more streamlined approval process (Cabinet sitting as TB, LRC) o Ministry to share drafts by end of week • Ministry working with Navigant to prepare a report on long lived assets and associated assessment of value. Interim report expected mid-May, followed by final report in June • OPG and IESO's independent accounting work is complete: • OPG memo and E&Y accounting opinion has been delivered to Ministry • IESO has finalized KPMG's work • Agencies are each working a one page summary that could be released publically • OFA to work on analysis of comparison of clean energy adjustments to Debt Retirement Charge • Indemnities for Boards are tracking forward to be in place when legislation comes into force • Guarantees for dealers are still being explored and to be done in conjunction with rating process **OPG:** • OPG to continue to work with lead banks / rating agencies / OFA on financing • OPG to confirm accounting if OFA were to act as lead order on borrowing • OPG to determine who will finance / hold the asset until it goes to the market (OPG expected to go to market September/October) – IESO/OPG to work together on outstanding issues regarding OPG cash flows • OPG to confirm proposed tax status of the Special Purpose Vehicle (SPV)	

Item	Key Deliverables / Considerations	Timing / Next Steps
	• OPG to set up SPV after regulations in June, which requires rating agencies review expected by the end of July. Documents will include commentary on credit worthiness. Potential engagement of Moody's/S&P/DBRS • OPG to draft terms of guarantee to dealers (which will be presented to dealers) • Ministry to work with OPG to ensure alignment with OPG internal report for its Board • MOF, Energy and OPG work on equity injection mechanics, approvals and valuation approach • OPG undertaking modelling, but initial borrowing amount will come from formula in legislation. • Ministry draft assurances / indemnification for Board member and Shareholder Resolution re articles of incorporation/borrowing (Timing TBD) • OPG to meet with OAG next Thursday (TBC) • OPG on track with Board meeting on May 12 to approve recommendation • OPG guarantees won't be negotiated until a later stage and guarantee for market disruption is still in play **IESO:** • IESO to discuss LDC issues with OEB • IESO to work through technical aspects with IT (i.e., operationalizing the back-office functions) • IESO memo and KPMG accounting opinion has been delivered to Ministry • Ministry draft assurances / indemnification for Board member • IESO is producing a document to respond to AG questions – to be shared with TBS for review • IESO letter went to OFA to request $2.5B total credit **OEB:** • OEB continues to work through drafting issues with LSB (e.g., role in review of admin costs, timing of revised RPP, why there needs to be an OEB objective) • OEB's cannot reset prices until regulation is public, but work	

Item	Key Deliverables / Considerations	Timing / Next Steps
	will happen in the background to ensure a common understanding of regulations <u>Considerations</u> • Ongoing financing, accounting and legal risk assessments. • OPG needs to have regulations finalized to move forward on ratings process • OEB needs regulations to move forward with pricing, which is on track for June 22	
2) Broadening Rural or Remote Rate Protection (RRRP) (SNAP)		
• ENERGY, LSB and LDCs	<u>Recent Action Items</u> • SNAP convened LDC WG May 18th to discuss bill presentment and SNAP to continue to monitor rate hearings for RRRP LDCs • SNAP working with CSD / TBS on allocation for each program (RRRP, OESP, FN Rate and OREC) without executive control on each • Ministry to develop briefing note on why LDCs with RRRP continue to track to OEB for rate increases • Ministry working with LDCs to finalize program design <u>Considerations</u> • Staff working on regulations with LSB • Staff intending to share drafts of the regulations once created with OEB and IESO policy/legal staff •	• Approval dates: o Cabinet June 14th • Legislation / House dates: ~~o~~ Legislation introduction – o Committee/Clause by Clause – Week of May 29, 2017 • Regulations – June 2017 • Implementation of expanded program and reduction in RRRP charge is targeted for July 1 2017
3) Expanding Ontario Electricity Support Program (OESP) (SNAP)		
• ENERGY, LSB, MCSS and OEB	<u>Recent Action Items</u> • SNAP to continue to work through OESP automatic qualification with MCSS / OEB • SNAP to continue to work with, MOF, OEB and CRA on OESP wet signature • OEB removed OESP from bill as of May 1.	• Approval dates: o TB – May 9 2017; and o LRC/Cabinet – May 10, 2017

Item	Key Deliverables / Considerations	Timing / Next Steps
	• SNAP to work with TBS to ensure funds flow from fiscal plan as soon as legislation passes • Ministry to meet with MCSS regarding taking over OESP administration • Ministry received final legislation, which includes information sharing provision with MCSS <u>Considerations</u> • Ministry is working with OEB on how the OESP enhancement will be announced as part of a communications exercise. • Positive progress with OEB on implementation: o OEB has been engaged on implementation timelines for 50% + new eligibility – OEB working with LDCs to ensure systems are upgraded to reflect new credit amounts; o Ongoing work with MCSS to auto-enroll those receiving / applying to social programs. Work plan for implementation being developed with OEB support. • As part of legislation / regulatory amendment work, investigating steps required to use OESP variance (approx. $100 million) to reduce current OESP charge to zero and continue funding existing program until tax changes in place. • Technical/governance structures needed to flow taxpayer money to programs. Need to work with IESO/OEB/MOF.	• Legislation / House dates: o Legislation introduction – May 11, 2017 o Opposition Briefing (TBD) o Debate – Week of May 15, 2017 o Committee/Public Hearings – Week of May 23, 2017 o Committee/Clause by Clause – Week of May 29, 2017 • Regulations – June 2017 • Enhanced benefits and removal of OESP charge will take effect in May 2017
4) Providing a First Nations On-Reserve Delivery Credit (SNAP)		
• ENERGY and LSB	• Legislation • Regulation (TBD) <u>Recent Action Items</u> • SNAP convened LDC working group on March 24th • SNAP to move forward with including COO in FN rate implementation / work through implementation issues. SNAP working to meet with COO to have preliminary discussion of the FNDC	• Approval dates: o TB – May 9 2017; and o LRC/Cabinet – May 10, 2017 • Legislation / House dates: o Legislation introduction – May 11, 2017 o Opposition Briefing (TBD)

Item	Key Deliverables / Considerations	Timing / Next Steps
	• Ministry finalizing process for eligibility and working with COO to communicate FNDC • Letter being drafted by Regional Chief Day tracking for week of May 29. • Ministry met with COO on April 26, 2017 and May23rd regarding FN Rate implementation <u>Considerations</u> • Eligibility will be for First Nation on Reserve consumers who are receiving HST exemption to be automatically qualified for the Delivery credit. • Staff working with COO on a communication strategy • LDCs have been made aware of the eligibility requirement and indicate they can do this quickly/easily. • Work with LDCs on implementation details that need to be ~~l~~egislation required to have program funded by taxpayers. • Technical/governance structures needed to flow taxpayer money to programs. Need to work with IESO/OEB/MOF. •	o Debate – Week of May 15, 2017 o Committee/Public Hearings – Week of May 23, 2017 o Committee/Clause by Clause – Week of May 29, 2017 • Regulations – June 2017 • Introduction of FNDC program targeting July 1 2017
5) Establishing an Affordability Fund (CRED)		
• ENERGY, IGS, LSB, Blakes, CSD, OPCD, TBS, MOF and H1 (KPMG and Osler)	• TBC/MBC Submission • Declaration of Trust ("Trust Deed") • Transfer Payment Agreement (TPA) • Administrative Services Agreement (H1-Trust) <u>Recent Action Items</u> • Affordability Fund advisory committee reached consensus on three LDCs + two social agencies to be represented on Trust Board (Ottawa Carleton UW / Advocacy Centre for Tenants Ontario (ACTO) / Thunder Bay Hydro / Hydro One / Alectra) • ACTO declined the invitation to participate on the Board of Trustees due to other demands/priorities. The advisory committee is contacting the Neighbour to Neighbour Centre to invite a representative to participate on the Board. . Response pending. • In its administrative capacity, Hydro One is preparing	**April to May 2017:** • Advisory Committee recommends Board of Trustees by May 31, 2017; Computershare appoints full Board of Trustees **June 2017:** • Trustees expected to engage with distributors, IESO, OEB, others, to define funding criteria and processes **June 2017:** • Report back to TB/MBC with final program details and a performance management

Item	Key Deliverables / Considerations	Timing / Next Steps
	documentation to replace Computershare, as the original trustee, with the Board of Trustees. Hydro One is also developing back office support and preparing recommendations for the first meeting of the Board of Trustees. <u>Considerations</u> • Legislative changes not required.	framework including outcome measures and targets **Summer 2017:** • LDCs begin to apply to the Trust for funds **Late 2017/early 2018:** • ENERGY can apply for additional funds through 2018-19 PRRT based on performance and need. Trust term can be extended with amended/new TPA if agreed by Trust
6) Expanding ICI (ESP)		
• ENERGY, LSB, IESO and LDCs	<u>Recent Action Items</u> • Ministry promoting value of ICI (i.e., at upcoming OCC Annual General meeting) – OCC educational outreach work underway. • Ministry discussing with CME ongoing <u>Considerations</u> • Ongoing outreach with LDCs being undertaken by IESO.	• Report back to TB/MBC on May 9, 2017 • Effective April 2017
7) Energy Sector Efficiencies (i.e., Ontario Energy Board and IESO) (SNAP / ESP)		
• ENERGY, LSB, OEB and IESO	**OEB:** • Directive / Letter (TBD) <u>Considerations</u> • Signal efficiencies intent in OEB business plan letter • Work with OEB/LDCs on LTEP document and proposed directive to OEB	• Continue this work as part of LTEP

Item	Key Deliverables / Considerations	Timing / Next Steps
	IESO: • Directive / Letter (TBD) <u>Considerations</u> • IESO's stakeholder engagement re Market Renewal is ongoing.	
8) Additional Initiatives for Small Business and Industrials (i.e., Class B) (ESP)		
• ENERGY, MEDG, MOF, MOECC, MOL and Small Business	• Identify additional opportunities to assist Class B electricity consumers and small and medium sized manufacturers' <u>Recent Action Items</u> • ESP to work with other ministries regarding other measures that can be considered for SMEs <u>Considerations</u> • TBD	• Report back to TBC/MBC and Cabinet in spring 2017 (per Cabinet Minute)
9) Initiatives for Tenants (SNAP)		
• ENERGY and MOH	• Explore ways to provide direct assistance to tenants that are not sub-metered and do not directly benefit under the existing and proposed rate mitigation programs <u>Considerations</u> • MHO leading any legislative/regulatory changes needed to have tenants benefit from program. Consider whether benefits are limited to 8% and GA (rather than OESP which is harder to provide to tenants who do not pay their bills).	• Report back to TBC/MBC and Cabinet in fall 2017 (Per Cabinet Minute)

Item	Key Deliverables / Considerations	Timing / Next Steps
	• ENERGY working with MCSS to streamline/automate enrollment for ODSP/OW consumers into OESP.	
10) Stakeholder/Agency Outreach (Communications)		
• ENERGY	• Minister's letters to: o Ratepayers; o LDCs; o Business (e.g., OCC, CME, Concerned Manufactures, etc); and o Agencies (i.e., IESO, OPG, OEB and H1)	• Early-mid March
11) Engagement with Officers of the Legislature		
• ENERGY, MOF/OFA, Financial Accountability Officer (FAO)	• Provided FAO staff with a technical briefing on the OFHP • ENERGY provided feedback to FAO regarding its report on GA Refinancing • IESO to offer FAO separate meeting with KPMG (FAO declined)	• March 9, 2017: Preliminary discussion • March 14, 2017: Letter received requesting additional information by March 24, 2017 • March 31, 2017: Ministry submitted responsive materials • May 24, 2017: FAO report to be provided to MO on Tuesday morning and be released on Wednesday at 9AM
• ENERGY, MOF/OFA, Auditor General (AG)	• Provide the AG with a technical briefing on the OFHP <u>Recent Action Items</u> • Provide AG technical briefing presentation used in media lock-up on OFHP in advance of the technical briefing	• IESO is producing a document to respond to AG questions – to be shared with TBS for review

Item	Key Deliverables / Considerations	Timing / Next Steps
	• OEB has been asked by AG for all correspondence between all parties by June 2 • OFA has received similar request • ENERGY has received AG request for contracts and ToR for accounting advice (request to be re-directed to agencies)	
12) Bill Presentment (SNAP/LSB)		
• ENERGY	• Ministry to begin work on bill presentment <u>Recent Action Items</u> • Bill inserts will be ready for July 1 with bill redesign to occur in the Fall	• Initial discussion on March 31, 2017

Ontario Fair Hydro Plan Implementation

Hi everyone,
Please find attached the material for discussion tomorrow morning.
Thanks,
Martin

Action Items – July 27, 2017

1) GA Refinancing
    - o General Update (OPG / IESO)
        - OPG continues to work with the rating agencies. OPG working to finalize this work by end of September
        - OPG, IESO and ENERGY to work through an approach to address interest payments during the moratorium period
        - ENERGY working through the details related to the Minister's Fair Allocation Amount
    - o Draft Provincial Guarantees for Dealers (OFA/OPG)
        - OPG to set up meeting with OFA and IGS to discuss dealers questions on the guarantee
        - OPG would like to settle on an approach to the guarantee by early August to begin the rating process, pending final approval at a later date
            - ENERGY and OFA to bring this forward a proposed approach to CO/PO on August 16, with a TB meeting / approval to follow
    - o Business Item (OPG/IGS)
        - MOF/Tax Policy is working on confort letter regarding PILs for OPG
        - ENERGY legal and OFA legal continues to work on process for the equity injection

2) AG Update
    - TBS advises that AG is tracking for an opinion on Public Accounts (PA) on August 18, which would result in an earliest release by the government of the PA on August 28 (Note: The statutory dealine in September 27)
    - IESO indicates that Deloitte has provided KPMG a second opinion on the accounting treatment that is supportive, which was provided to the AG

3) Other OFHP Initiatives
    - o RRRP, OESP and FN (SNAP)
        - Ministry working on post card for FN delivery credit
    - o Affordability Fund (CRED)
        - Stakeholder engagement is underway; preliminary outreach with several LDCs conducted in July and a WebEx meeting to allow for broader outreach to utilities is scheduled for August 1

- Trustees continue to work through program design concepts and details in order to launch the program as soon as possible
- Trustees have agreed to Hydro One’s role as administrator

WEEKLY RATE MITIGATION IMPLEMENTATION GROUP
May 25, 2017

Agenda

1) GA Refinancing
    - Committee process/motions (LSB)
    - Regulation drafting (LSB)
    - Workplan (ENERGY)
    - Updates (OPG/IESO/OEB)
        - Critical Paths
    - Comparison of Clean Energy Adjustment to Debt Retirement Charge (OFA)
    - Guarantees for dealers (OPG/OFA)

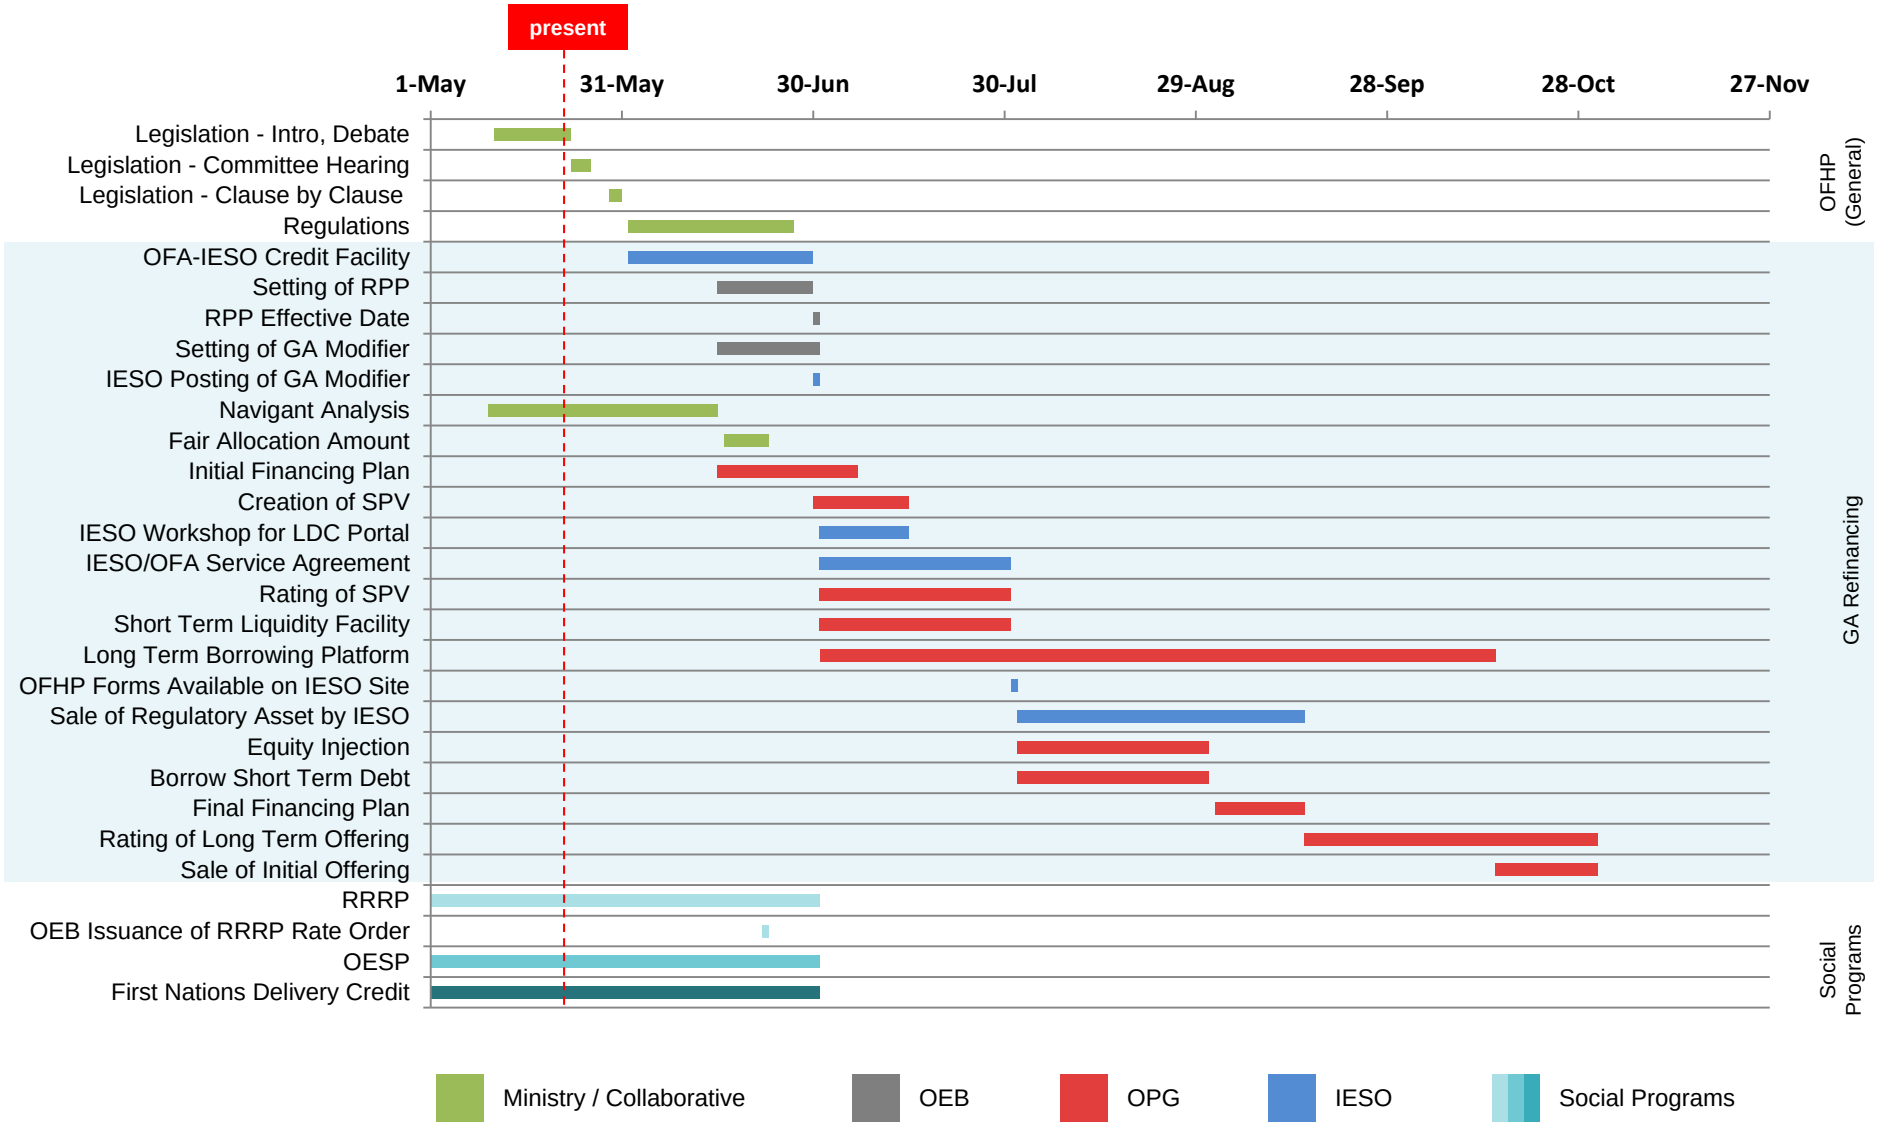
2) Other OFHP Initiatives
    - RRRP, OESP and FN (SNAP)
    - Affordability Fund (CRED)

Notes:

Ontario Fair Hydro Plan – Implementation Timeline

May 19, 2017

Ontario Fair Hydro Plan Implementation



* Note: Preliminary timeline with tentative dates that are subject to change.

Version 3

This confidential draft document is provided for discussion purposes only. It should not be construed as representing the position adopted by the Government of Ontario on any of the topics included or not included in this document. The notes included in this document are intended only to help facilitate a discussion of the topics to which they relate. Any potential legislation is subject to the approval of the Ontario Legislature.

Proposed Bill 132 Draft Motions

Proposed Draft Government Motions

Proposed Draft Bill 132 Motions

Motion 1

Schedule 1 to the Bill, subsection 1 (1)

The following definition is added:

"readjustment amount" means, in respect of a reference period, the amount payable by specified consumers in respect of that reference period as a result of a determination of the Board under Part II to reduce electricity rates [so that the sum of the amount charged to specified consumers and the finance amount is less than] the fair allocation amount in respect of the reference period; ("French")

Proposed Draft Bill 132 Motions

Motion 2

Schedule 1 to the Bill, section 7

Section 7 would be struck out and the following substituted:

Regulated rate consumers, first adjustments

7. (1) Despite clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*, the electricity rates payable by regulated rate consumers for the period beginning on July 1, 2017 and ending on April 30, 2018 are the rates determined by the Board under this section and in accordance with the regulations.

Determination by Board

(2) The rates mentioned in subsection (1) shall be the rates that would result in a hypothetical regulated rate consumer who meets the prescribed criteria being invoiced a total amount, consisting of such types of amounts as may be prescribed, that is 25 per cent less than the total amount, consisting of such types of amounts as may be prescribed, that the consumer would have been invoiced under the comparison rates described in subsection (3).

Comparison rates

(3) The comparison rates are the rates that would have been effective May 1, 2017 if they had been determined by the Board for the consumer mentioned in subsection (2) using the method prescribed by the regulations made under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*, without taking into account any forecasted impact of any other provisions of this Act.

Proposed Draft Bill 132 Motions

Motion 3

Schedule 1 to the Bill, section 8

Section 8 would be struck out and the following substituted:

Other specified consumers, first adjustments

8. For the period beginning on July 1, 2017 and ending on April 30, 2018, the adjustments made under section 25.33 of the *Electricity Act*, *1998* shall, with respect to specified consumers who are not regulated rate consumers, be further adjusted by electricity vendors in accordance with the determinations made by the Board in accordance with the regulations.

Proposed Draft Bill 132 Motions

Motion 4

Schedule 1 to the Bill, section 11

Section 11 would be struck out and the following substituted:

Subsequent adjustments

11. (1) Despite clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998* and subject to subsection (2), the Lieutenant Governor in Council may prescribe methodologies to be applied by the Board after April 30, 2018 for the purpose of determining,

(a) electricity rates for regulated rate consumers; or

(b) further adjustments to be applied by electricity vendors, in accordance with the regulations and in accordance with the Board's determinations, to the adjustments made under section 25.33 of the *Electricity Act, 1998* in respect of specified consumers who are not regulated rate consumers.

Regulations

(2) The Lieutenant Governor in Council shall have regard to the following in making the regulations:

1. The purposes of this Act.

2. The clean energy costs borne by specified consumers over time.

3. Such other matters as may be prescribed.

Same

(3) The regulations may prescribe,

(a) different methodologies for different prescribed classes of specified consumers and in respect of different periods of time; and

(b) different adjustments to be applied in respect of prescribed classes of specified consumers who are not regulated rate consumers and in respect of different periods of time.

Proposed Draft Bill 132 Motions

Motion 5

Schedule 1 to the Bill, subsections 12 (2) and (3)

Subsection 12 (2) would be struck out and the following substituted:

Same

(2) If an invoice for the electricity is issued to the person by the specified consumer or a unit sub-meter provider providing unit sub-metering for the specified consumer, the amounts or rates payable for the electricity by the person who is liable to pay the invoice shall be determined in accordance with the regulations.

Same

(3) The regulations may prescribe different amounts or rates for different prescribed classes of specified consumers.

Proposed Draft Bill 132 Motions

Motion 6

Schedule 1 to the Bill, subsection 13 (2)

Subsection 13 (2) would be struck out and the following substituted:

Same

(2) For greater certainty, subsection (1) applies regardless of whether any estimate, projection or other input used in calculating the clean energy adjustment was erroneous or out of date at the time of the calculation and regardless of whether any of those estimates, projections or other inputs is subsequently amended, updated or corrected.

Confidential – Draft for discussion purposes only

Proposed Draft Bill 132 Motions

Motion 7

Schedule 1 to the Bill, section 18

Section 18 would be struck out and the following substituted:

Appointment

18. Ontario Power Generation Inc. is appointed as the Financial Services Manager for the purposes of this Act, unless it is unable or unwilling to do so, in which case the Minister may appoint a different Financial Services Manager in accordance with the regulations.

Confidential – Draft for discussion purposes only

Proposed Draft Bill 132 Motions

Motion 8

Schedule 1 to the Bill, section 20

Section 20 would be struck out and the following substituted:

Minister to calculate fair allocation amount

20. (1) Before the first funding obligation is incurred, the Minister shall calculate a fair allocation amount in respect of each reference period as follows:

1. Determine, in accordance with the following steps and the regulations and by applying such method as the Minister considers appropriate, the estimated clean energy costs to be allocated to specified consumers in respect of the reference period:

    i. Determine the clean energy costs incurred or expected to be incurred in respect of the reference period.

    ii. Determine the clean energy benefits and allocate that value across the prescribed period and each reference period.

    iii. Allocate clean energy costs in respect of reference periods in proportion to such relative attributions of clean energy benefits determined in subparagraph ii.

2. Subject to subsection (2), determine, in accordance with the regulations and by applying such method as the Minister considers appropriate, the estimated finance amount in respect of the reference period.

3. Determine, in accordance with the regulations and by applying such method as the Minister considers appropriate, the estimated clean energy costs that would have been payable, in the absence of this Act, by specified consumers in respect of the reference period.

4. Determine the amount, if any, by which the sum of the determinations under paragraphs 1 and 2 exceeds the determination under paragraph 3.

5. Calculate the sum of the amount determined under paragraph 4 and such other amounts as may be prescribed in respect of the reference period.

Part II adjustments

(2) If the Board has made a determination under section 9 or 11 in respect of the reference period or in respect of a prior reference period and, as a result of the determination, the prescribed circumstances arise, the Minister shall take the prescribed steps to make the prescribed adjustments to the determination made under paragraph 2 of subsection (1).

Minister's considerations

(3) In calculating a fair allocation amount, the Minister shall have regard to the purposes of this Act and such other matters as may be prescribed.

Minister to report to Financial Services Manager

(4) The Minister shall provide a report setting out the fair allocation amount in respect of each reference period to the Financial Services Manager.

Recalculation

(5) The calculation of a fair allocation amount under this Part may be changed by such person as may be prescribed, subject to the following requirements:

1. The prescribed person shall comply with such requirements as may be prescribed.

2. Subsections (1), (2) and (3) apply to the new calculation, with necessary modifications, as if that person were the Minister.

Same

(5) No change under subsection (5) shall affect any clean energy adjustment that arises as a result of a funding obligation that has been incurred before the change.

Information

(6) The Minister, the IESO, the Financial Services Manager, the Board and electricity vendors shall provide such information as may be prescribed in accordance with the regulations for the purposes of facilitating a change under subsection (5).

Proposed Draft Bill 132 Motions

Motion 9

Schedule 1 to the Bill, subsection 21 (1)

Subsection 21 (1) would be amended by striking out “for the purposes of acquiring and financing an investment asset” and substituting “for the purposes of a financing entity acquiring and financing an investment interest”.

Proposed Draft Bill 132 Motions

Motion 10

Schedule 1 to the Bill, paragraph 1 of subsection 21 (3)

Paragraph 1 of subsection 21 (3) would be amended by striking out “to reflect determinations of the Board under Part II in respect of the reference period” at the end and substituting “by the amount of any readjustment amount in respect of the reference period”.

Proposed Draft Bill 132 Motions

Motion 11

Schedule 1 to the Bill, subsection 21 (4)

Subsection 21 (4) would be amended by striking out clauses (a) and (b) and substituting the following:

(a) the amounts are payable in respect of a reference period in respect of which the Board has not made any determinations under Part II that resulted in a readjustment amount; or

(b) if the Board has made a determination under Part II in respect of the reference period that resulted in a readjustment amount, the amounts payable in respect of the clean energy adjustment in respect of the reference period do not exceed the fair allocation amount in respect of the reference period after subtracting the readjustment amount.

Proposed Draft Bill 132 Motions

Motion 12

Schedule 1 to the Bill, subsection 21 (6)

Subsection 21 (6) would be amended by adding “but no such amendment shall affect any clean energy adjustment that has already been determined under section 15 or any funding obligations that have already been incurred before the amendment” at the end.

Proposed Draft Bill 132 Motions

Motion 13

Schedule 1 to the Bill, subsection 22 (3)

Subsection 22 (3) would be amended by striking out “The Financial Services Manager shall not” at the beginning and substituting “Neither the Financial Services Manager nor a financing entity shall”.

Proposed Draft Bill 132 Motions

Motion 14

Schedule 1 to the Bill, section 40.1

The following section would be added:

Compliance and restraining orders
Application to court

40.1 (1) On the application of an investment interest owner, the Superior Court of Justice may make an order described in subsection (2) if it is satisfied that an electricity vendor, the IESO or the Financial Services Manager has failed to comply with or contravened this Act or the regulations or that one of those entities will fail to comply with or will contravene this Act or the regulations.

Order

(2) The Superior Court of Justice may, by order,

(a) direct the electricity vendor, the IESO or the Financial Services Manager to comply with this Act or the regulations;

(b) restrain the electricity vendor, the IESO or the Financial Services Manager from contravening this Act or the regulations; or

(c) require compensation to be provided by the electricity vendor, the IESO or the Financial Services Manager to the investment interest owner.

Same

(3) An application under subsection (1) may be made by an investment asset owner in addition to exercising any other right of the investment interest owner.

Proposed Draft Bill 132 Motions

Motion 15

Schedule 1 to the Bill, paragraph 7 of subsection 41 (1)

Paragraph 7 of subsection 41 (1) would be amended by striking out “a breach under section 29” and substituting “the failure of any person or entity to give effect to the rights and interests provided for under section 29”.

Confidential – Draft for discussion purposes only

Subject: Rate Mitigation Implementation Meeting - May 18, 2017
Good evening,
Please find attached the material for discussion tomorrow morning.
Thanks,
Martin

Action Items – May 18

1) GA Refinancing
    - Ministry working on motions which need to be filled a week from today. Draft motions to be shared early next week.
    - Ministry also working on regulations for mid and end of June timelines
    - OPG to set up SPV after regulations in June, which requires rating agencies review expected by the end of July
        - Documents will include commentary on credit worthiness
        - Potential engagement of Moody's/S&P/DBRS
    - Agencies (OPG/IESO/OEB) to provide critical paths for the next meeting
    - OPG to go to the market in Sept/Oct
    - IESO letter went to OFA to request $2.5B total credit
    - IESO expecting purchase and sale agreement by end of June
    - IESO memo and KPMG accounting opinion has been delivered to Ministry
    - OPG memo and E&Y accounting opinion has been delivered to Ministry
    - IESO is producing a document to respond to AG questions – to be shared with TBS for review
    - IESO to offer FAO separate meeting with KPMG (FAO declined)
    - FAO report to be provided to MO on Tuesday morning and be released on Wednesday at 9AM
    - OFA to work on analysis of comparison of clean energy adjustments to Debt Retirement Charge
    - Indemnities for Boards are tracking forward to be in place when legislation comes into force
    - Guarantees for dealers are still being explored and to be done in conjunction with rating process
        - Time is required to appropriately brief decision makers
        - OPG to provide draft version of Term Sheet to Ministry of Energy

2) Other OFHP Initiatives
    - RRRP, OESP and FN:
        - Ministry working on regulation details
        - OESP regulations will be the focus of the post-July 1 work stream
        - Products for both June 14
        - Ministry working with 5 Chiefs to determine the qualification of FN rebate based on existing processes
        - Ministry working to minimize number of individuals who qualify for credits but don't receive them on July 1
        - OEB calculation needs to be completed 15 business days from Royal Assent
    - Affordability Fund:
        - Waiting for social service agencies to respond
    - ICI:
        - No update

3) A Plan for Monitoring / Oversight
    - Ministry to develop implementation road map to track and ensure alignment of different work streams

WEEKLY RATE MITIGATION IMPLEMENTATION GROUP
May 25, 2017

Agenda

1) GA Refinancing
    - Committee process/motions (LSB)
    - Regulation drafting (LSB)
    - Workplan (ENERGY)
    - Updates (OPG/IESO/OEB)
        - Critical Paths
    - Comparison of Clean Energy Adjustment to Debt Retirement Charge (OFA)
    - Guarantees for dealers (OPG/OFA)

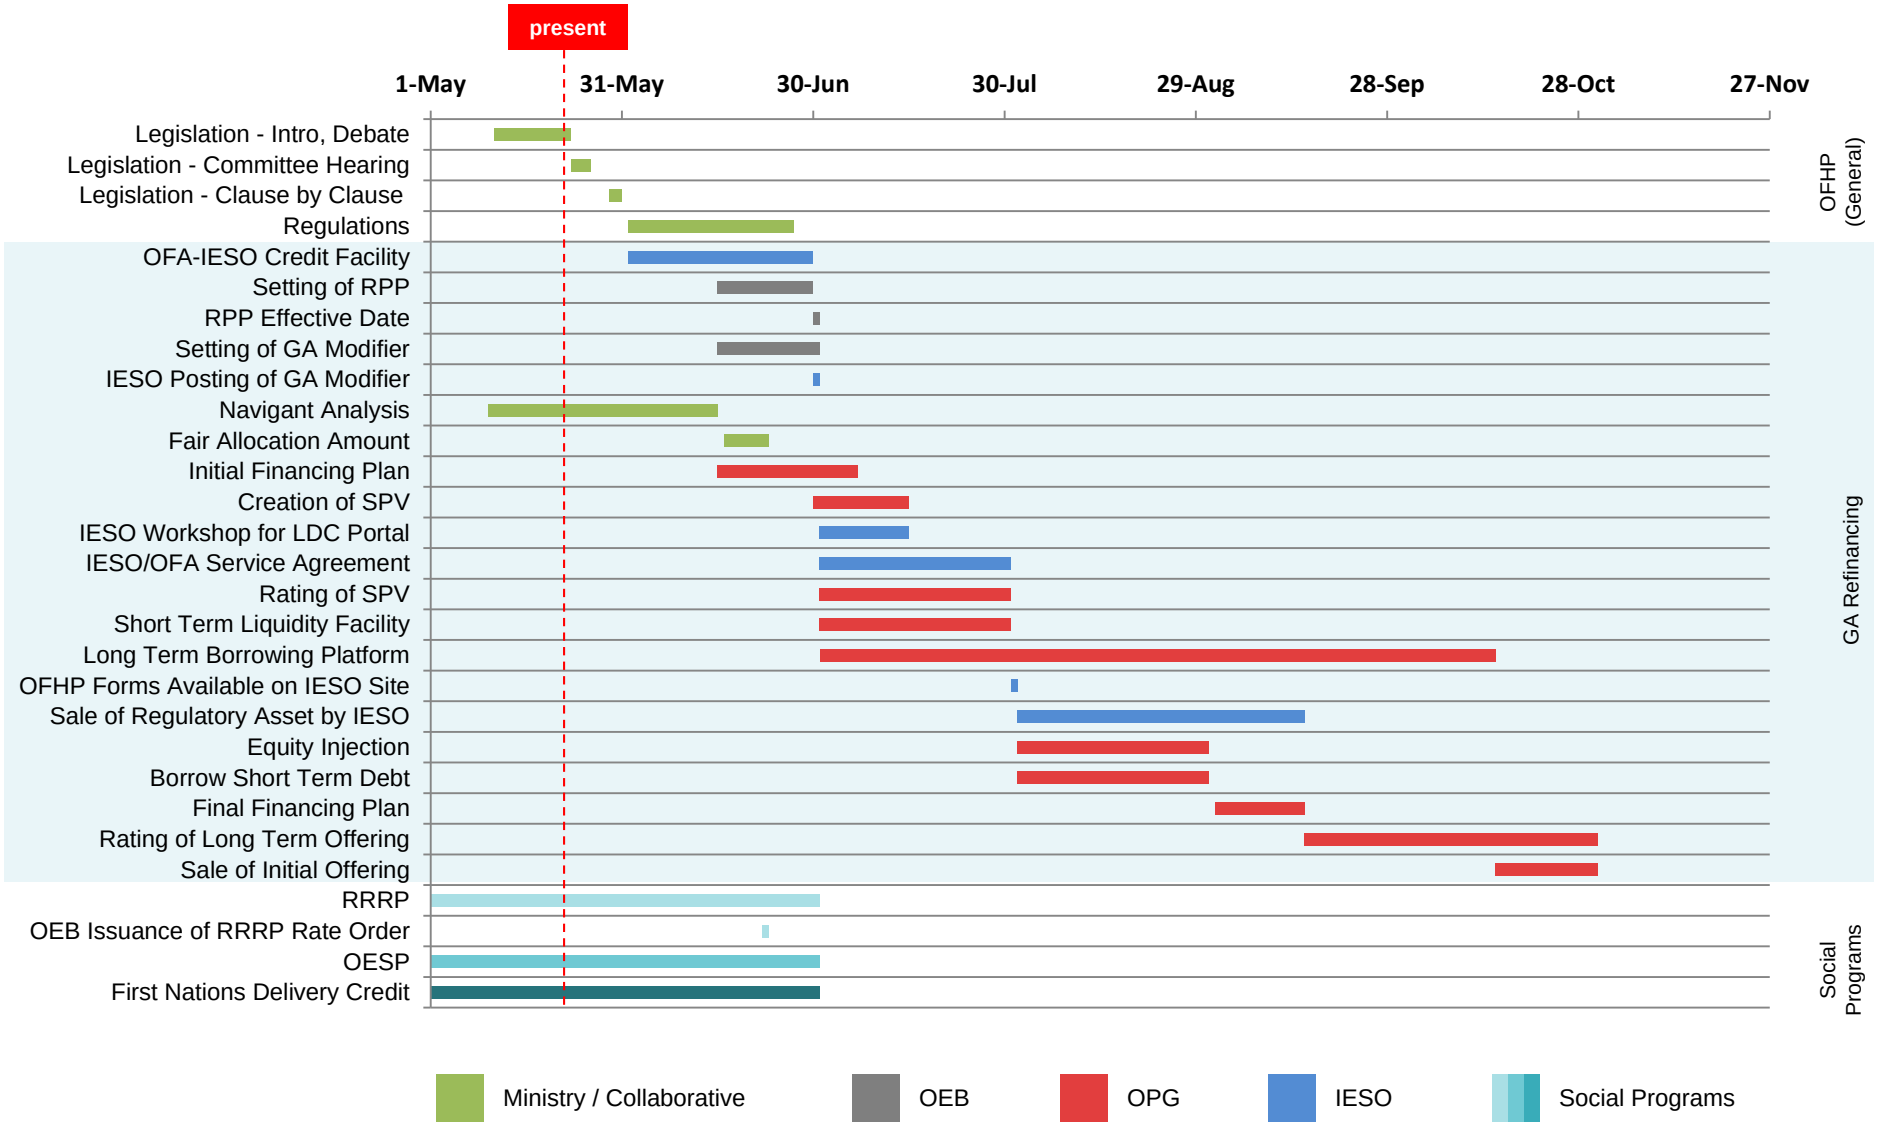
2) Other OFHP Initiatives
    - RRRP, OESP and FN (SNAP)
    - Affordability Fund (CRED)

Notes:

Ontario Fair Hydro Plan – Implementation Timeline

May 19, 2017

Ontario Fair Hydro Plan Implementation



* Note: Preliminary timeline with tentative dates that are subject to change.

Version 3

This confidential draft document is provided for discussion purposes only. It should not be construed as representing the position adopted by the Government of Ontario on any of the topics included or not included in this document. The notes included in this document are intended only to help facilitate a discussion of the topics to which they relate. Any potential legislation is subject to the approval of the Ontario Legislature.

Proposed Bill 132 Draft Motions

Proposed Draft Government Motions

Proposed Draft Bill 132 Motions

Motion 1

Schedule 1 to the Bill, subsection 1 (1)

The following definition is added:

"readjustment amount" means, in respect of a reference period, the amount payable by specified consumers in respect of that reference period as a result of a determination of the Board under Part II to reduce electricity rates [so that the sum of the amount charged to specified consumers and the finance amount is less than] the fair allocation amount in respect of the reference period; ("French")

Proposed Draft Bill 132 Motions

Motion 2

Schedule 1 to the Bill, section 7

Section 7 would be struck out and the following substituted:

Regulated rate consumers, first adjustments

7. (1) Despite clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*, the electricity rates payable by regulated rate consumers for the period beginning on July 1, 2017 and ending on April 30, 2018 are the rates determined by the Board under this section and in accordance with the regulations.

Determination by Board

(2) The rates mentioned in subsection (1) shall be the rates that would result in a hypothetical regulated rate consumer who meets the prescribed criteria being invoiced a total amount, consisting of such types of amounts as may be prescribed, that is 25 per cent less than the total amount, consisting of such types of amounts as may be prescribed, that the consumer would have been invoiced under the comparison rates described in subsection (3).

Comparison rates

(3) The comparison rates are the rates that would have been effective May 1, 2017 if they had been determined by the Board for the consumer mentioned in subsection (2) using the method prescribed by the regulations made under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*, without taking into account any forecasted impact of any other provisions of this Act.

Proposed Draft Bill 132 Motions

Motion 3

Schedule 1 to the Bill, section 8

Section 8 would be struck out and the following substituted:

Other specified consumers, first adjustments

8. For the period beginning on July 1, 2017 and ending on April 30, 2018, the adjustments made under section 25.33 of the *Electricity Act*, *1998* shall, with respect to specified consumers who are not regulated rate consumers, be further adjusted by electricity vendors in accordance with the determinations made by the Board in accordance with the regulations.

Proposed Draft Bill 132 Motions

Motion 4

Schedule 1 to the Bill, section 11

Section 11 would be struck out and the following substituted:

Subsequent adjustments

11. (1) Despite clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998* and subject to subsection (2), the Lieutenant Governor in Council may prescribe methodologies to be applied by the Board after April 30, 2018 for the purpose of determining,

(a) electricity rates for regulated rate consumers; or

(b) further adjustments to be applied by electricity vendors, in accordance with the regulations and in accordance with the Board's determinations, to the adjustments made under section 25.33 of the *Electricity Act, 1998* in respect of specified consumers who are not regulated rate consumers.

Regulations

(2) The Lieutenant Governor in Council shall have regard to the following in making the regulations:

1. The purposes of this Act.

2. The clean energy costs borne by specified consumers over time.

3. Such other matters as may be prescribed.

Same

(3) The regulations may prescribe,

(a) different methodologies for different prescribed classes of specified consumers and in respect of different periods of time; and

(b) different adjustments to be applied in respect of prescribed classes of specified consumers who are not regulated rate consumers and in respect of different periods of time.

Proposed Draft Bill 132 Motions

Motion 5

Schedule 1 to the Bill, subsections 12 (2) and (3)

Subsection 12 (2) would be struck out and the following substituted:

Same

(2) If an invoice for the electricity is issued to the person by the specified consumer or a unit sub-meter provider providing unit sub-metering for the specified consumer, the amounts or rates payable for the electricity by the person who is liable to pay the invoice shall be determined in accordance with the regulations.

Same

(3) The regulations may prescribe different amounts or rates for different prescribed classes of specified consumers.

Proposed Draft Bill 132 Motions

Motion 6

Schedule 1 to the Bill, subsection 13 (2)

Subsection 13 (2) would be struck out and the following substituted:

Same

(2) For greater certainty, subsection (1) applies regardless of whether any estimate, projection or other input used in calculating the clean energy adjustment was erroneous or out of date at the time of the calculation and regardless of whether any of those estimates, projections or other inputs is subsequently amended, updated or corrected.

Confidential – Draft for discussion purposes only

Proposed Draft Bill 132 Motions

Motion 7

Schedule 1 to the Bill, section 18

Section 18 would be struck out and the following substituted:

Appointment

18. Ontario Power Generation Inc. is appointed as the Financial Services Manager for the purposes of this Act, unless it is unable or unwilling to do so, in which case the Minister may appoint a different Financial Services Manager in accordance with the regulations.

Confidential – Draft for discussion purposes only

Proposed Draft Bill 132 Motions

Motion 8

Schedule 1 to the Bill, section 20

Section 20 would be struck out and the following substituted:

Minister to calculate fair allocation amount

20. (1) Before the first funding obligation is incurred, the Minister shall calculate a fair allocation amount in respect of each reference period as follows:

1. Determine, in accordance with the following steps and the regulations and by applying such method as the Minister considers appropriate, the estimated clean energy costs to be allocated to specified consumers in respect of the reference period:

    i. Determine the clean energy costs incurred or expected to be incurred in respect of the reference period.

    ii. Determine the clean energy benefits and allocate that value across the prescribed period and each reference period.

    iii. Allocate clean energy costs in respect of reference periods in proportion to such relative attributions of clean energy benefits determined in subparagraph ii.

2. Subject to subsection (2), determine, in accordance with the regulations and by applying such method as the Minister considers appropriate, the estimated finance amount in respect of the reference period.

3. Determine, in accordance with the regulations and by applying such method as the Minister considers appropriate, the estimated clean energy costs that would have been payable, in the absence of this Act, by specified consumers in respect of the reference period.

4. Determine the amount, if any, by which the sum of the determinations under paragraphs 1 and 2 exceeds the determination under paragraph 3.

5. Calculate the sum of the amount determined under paragraph 4 and such other amounts as may be prescribed in respect of the reference period.

Part II adjustments

(2) If the Board has made a determination under section 9 or 11 in respect of the reference period or in respect of a prior reference period and, as a result of the determination, the prescribed circumstances arise, the Minister shall take the prescribed steps to make the prescribed adjustments to the determination made under paragraph 2 of subsection (1).

Minister's considerations

(3) In calculating a fair allocation amount, the Minister shall have regard to the purposes of this Act and such other matters as may be prescribed.

Minister to report to Financial Services Manager

(4) The Minister shall provide a report setting out the fair allocation amount in respect of each reference period to the Financial Services Manager.

Recalculation

(5) The calculation of a fair allocation amount under this Part may be changed by such person as may be prescribed, subject to the following requirements:

1. The prescribed person shall comply with such requirements as may be prescribed.

2. Subsections (1), (2) and (3) apply to the new calculation, with necessary modifications, as if that person were the Minister.

Same

(5) No change under subsection (5) shall affect any clean energy adjustment that arises as a result of a funding obligation that has been incurred before the change.

Information

(6) The Minister, the IESO, the Financial Services Manager, the Board and electricity vendors shall provide such information as may be prescribed in accordance with the regulations for the purposes of facilitating a change under subsection (5).

Proposed Draft Bill 132 Motions

Motion 9

Schedule 1 to the Bill, subsection 21 (1)

Subsection 21 (1) would be amended by striking out “for the purposes of acquiring and financing an investment asset” and substituting “for the purposes of a financing entity acquiring and financing an investment interest”.

Proposed Draft Bill 132 Motions

Motion 10

Schedule 1 to the Bill, paragraph 1 of subsection 21 (3)

Paragraph 1 of subsection 21 (3) would be amended by striking out “to reflect determinations of the Board under Part II in respect of the reference period” at the end and substituting “by the amount of any readjustment amount in respect of the reference period”.

Proposed Draft Bill 132 Motions

Motion 11

Schedule 1 to the Bill, subsection 21 (4)

Subsection 21 (4) would be amended by striking out clauses (a) and (b) and substituting the following:

(a) the amounts are payable in respect of a reference period in respect of which the Board has not made any determinations under Part II that resulted in a readjustment amount; or

(b) if the Board has made a determination under Part II in respect of the reference period that resulted in a readjustment amount, the amounts payable in respect of the clean energy adjustment in respect of the reference period do not exceed the fair allocation amount in respect of the reference period after subtracting the readjustment amount.

Proposed Draft Bill 132 Motions

Motion 12

Schedule 1 to the Bill, subsection 21 (6)

Subsection 21 (6) would be amended by adding “but no such amendment shall affect any clean energy adjustment that has already been determined under section 15 or any funding obligations that have already been incurred before the amendment” at the end.

Proposed Draft Bill 132 Motions

Motion 13

Schedule 1 to the Bill, subsection 22 (3)

Subsection 22 (3) would be amended by striking out “The Financial Services Manager shall not” at the beginning and substituting “Neither the Financial Services Manager nor a financing entity shall”.

Proposed Draft Bill 132 Motions

Motion 14

Schedule 1 to the Bill, section 40.1

The following section would be added:

Compliance and restraining orders
Application to court

40.1 (1) On the application of an investment interest owner, the Superior Court of Justice may make an order described in subsection (2) if it is satisfied that an electricity vendor, the IESO or the Financial Services Manager has failed to comply with or contravened this Act or the regulations or that one of those entities will fail to comply with or will contravene this Act or the regulations.

Order

(2) The Superior Court of Justice may, by order,

(a) direct the electricity vendor, the IESO or the Financial Services Manager to comply with this Act or the regulations;

(b) restrain the electricity vendor, the IESO or the Financial Services Manager from contravening this Act or the regulations; or

(c) require compensation to be provided by the electricity vendor, the IESO or the Financial Services Manager to the investment interest owner.

Same

(3) An application under subsection (1) may be made by an investment asset owner in addition to exercising any other right of the investment interest owner.

Proposed Draft Bill 132 Motions

Motion 15

Schedule 1 to the Bill, paragraph 7 of subsection 41 (1)

Paragraph 7 of subsection 41 (1) would be amended by striking out “a breach under section 29” and substituting “the failure of any person or entity to give effect to the rights and interests provided for under section 29”.

Hi Gadi,

FYI.

I will be having a call with Carolyn Calwell at 12:30 today to discuss the status of this. Toby sent the revised version to OFA staff this morning for their comments.

Hi. As a follow-up to our meeting earlier today, here is a revised version of the draft term sheet. The blackline shows changes from the June 14th version. Please let me know if you have any questions or concerns with the comments – including the deletion of the 'privilege' reference. Scott has the OFA's green light to share the draft term sheet with OPG. Please send along any final thoughts as soon as you can. The plan will be for Scott to send it out tomorrow morning. Thanks, Steve

Provincial Protection and Assurances

Indicative Term Sheet[1]

Ontario Fair Hydro Plan Act, 2017

*This term sheet (the "**Term Sheet**") relates to transactions contemplated to be undertaken under the Ontario Fair Hydro Plan Act, 2017 and the regulations to be made thereunder (the "**Act**"). This Term Sheet is to be held confidential. Unless otherwise specified, defined terms used herein have the meanings ascribed to them in the Act. The provincial protection and assurance arrangements contemplated in this Term Sheet will include such terms and conditions as the Minister of Energy and the Minister of Finance determine to be appropriate.*

Performance Guarantees	
Performance Guarantor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together.
Beneficiaries:	Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over its rights and interests under a Performance Guarantee to its creditors and contractual counterparties, including any indenture trustee acting on behalf of itself and other persons having debt or other claims against the Financing Entity that are secured under a related trust indenture.

[1] This draft term sheet is intended for discussion purposes only and does not represent a commitment of any party. Any agreement or undertaking of the Province contemplated in this term sheet may only be made either (a) with the approval of the Lieutenant Governor in Council as contemplated in subsection 5(2) of the Act or (b) under, and subject to, an order made by the Lieutenant Governor in Council as contemplated in subsection 5(3) of the Act.

Performance Guarantee:	Pursuant to a Performance Guarantee, the Performance Guarantor will guarantee the performance, or cause the performance, of the obligations of IESO as servicer under the Act and under any agreement under which the applicable Financing Entity acquires an investment interest from IESO and IESO undertakes on-going obligations in respect of such investment interest, including servicing obligations undertaken by IESO to enforce the performance by electricity vendors of their respective obligations under the Act. It is anticipated that such obligations will include matters related to the billing, collection and remittance of clean energy adjustments by IESO and electricity vendors, as the case may be, and regarding the commingling by IESO and electricity vendors of collections of clean energy adjustments with other amounts. In the event that the Performance Guarantee is held to be unenforceable against the Performance Guarantor, the Performance Guarantee will contemplate, in the alternative, a functionally equivalent direct covenant of the Performance Guarantor.
Term:	The Performance Guarantor's obligations under a Performance Guarantee in respect of a Financing Entity will continue during the term of any obligation incurred by the Financing Entity that is or is intended to be secured by the Performance Guarantee.
Approval Requirement:	The servicing obligations (including any amendments) to which the Performance Guarantee relates, together with the provisions of any Performance Guarantee itself, will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Performance Guarantee:	Under no circumstances shall the Performance Guarantor be obligated to pay special or punitive damages, or for loss of profits.
<u>Indemnity</u>	
Indemnitor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together.
Indemnitees:	Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over the Indemnity to specified creditors, including to an indenture trustee under a trust indenture on behalf of itself and other persons having debt or other claims against the Financing Entity secured under the trust indenture.

Indemnity of the Province:	The Indemnitor will indemnify each Indemnitee for its costs, expenses and losses reasonably incurred by the Indemnitee because of third party claims made against the Indemnitee by one or more of its specified creditors that result from any of the following (each, an "**Indemnification Event**"): (A) the Legislative Assembly of Ontario repealing (and not replacing on an equivalent basis) the Act; (B) the Legislative Assembly of Ontario amending the Act or a Regulation made thereunder in a way that materially and adversely affects the rights and interests of the Financing Entity under its investment interest; or (C) a court of competent jurisdiction in a final and non-appealable judgement determines that all or a portion of the Act is *ultra vires* in a way that materially and adversely affects the rights and interests of the Financing Entity under its investment interest.
Term:	The Indemnity will continue during the term of any obligation incurred by a Financing Entity that is or is intended to be secured by the Indemnity.
Approval Requirement:	The terms and conditions of the obligations incurred by a Financing Entity that are secured or intended to be secured by an Indemnity, together with the provisions of any Indemnity itself, will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Indemnity:	Under no circumstances shall the Indemnitor be obligated to indemnify any Beneficiary for special or punitive damages, or for loss of profits.
<u>Undertakings regarding Certain Mismatches</u>	
Avoidance of Mismatches	If a Financing Entity proposes to incur one or more funding obligations that would require the Financing Entity to pay an aggregate amount during any reference period that would exceed the amount otherwise expected to be available to the Financing Entity during the reference period from its investment interests to pay such amounts (a "**Mismatch**"), the Financing Entity will, before incurring such funding obligations, undertake commercially reasonable efforts to arrange for commitments from highly creditworthy, market-based funding sources in accordance with the Financing Plan to enable it to satisfy its related payment obligations and thereby avoid any Mismatch.

Possible Undertaking to Fund Mismatches	If a Financing Entity is unable to arrange for commitments from one or more highly creditworthy, market-based funding sources in accordance with the Financing Plan to avoid a Mismatch on commercially reasonable terms and conditions, the Minister of Energy and the Minister of Finance acting together may undertake on behalf of the Province of Ontario to provide funding commitments to the extent necessary to provide the Financing Entity with required funding to avoid the Mismatch. Any such undertaking may only be given at or before the incurrence of the funding obligation that would otherwise result in the Mismatch and, if given, would be on such terms, including appropriate compensation to the Province of Ontario, and be subject to such conditions (for example and without limitation, funding being conditional on the occurrence of a market disruption that results in an inability to refinance the funding obligation) as the Minister of Energy and the Minister of Finance determine are reasonable and appropriate in the circumstances. The decision to provide such an undertaking will be in the sole discretion of the Minister of Energy and the Minister of Finance.
<u>Documentation</u>	
Representations, Terms and Conditions:	Subject to approval of the Minister of Energy and the Minister of Finance acting together.
FIPPA:	Acknowledgement that the Performance Guarantor and the Indemnitor will be bound by the *Freedom of Information and Protection of Privacy Act (Ontario)* and that any information provided to the Performance Guarantor or the Indemnitor, or any agent or representative of the Performance Guarantor or the Indemnitor, in connection with the transaction documents may be subject to disclosure in accordance with that act or as otherwise required by law.
Confidentiality Obligations:	Confidentiality obligations of each Financing Entity and its assignees, representatives and agents as may be determined to be appropriate by the Minister of Energy and the Minister of Finance acting together.
Governing Law:	Province of Ontario.

Provincial Protection and Assurances

Indicative Term Sheet[1]

Ontario Fair Hydro Plan Act, 2017

*This term sheet (the "**Term Sheet**") relates to transactions contemplated to be undertaken under the Ontario Fair Hydro Plan Act, 2017 and the regulations to be made thereunder (the "**Act**"). This Term Sheet is to be held confidential. Unless otherwise specified, defined terms used herein have the meanings ascribed to them in the Act. The provincial protection and assurance arrangements contemplated in this Term Sheet will include such terms and conditions as the Minister of Energy and the Minister of Finance determine to be appropriate.*

Performance Guarantees	
Performance Guarantor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together.

[1] This draft term sheet is intended for discussion purposes only and does not represent a commitment of any party. Any agreement or undertaking of the Province contemplated in this term sheet may only be made either (a) with the approval of the Lieutenant Governor in Council as contemplated in subsection 5(2) of the Act or (b) under, and subject to, an order made by the Lieutenant Governor in Council as contemplated in subsection 5(3) of the Act.

	unenforceable against the Performance Guarantor, the Performance Guarantee will contemplate, in the alternative, a functionally equivalent direct covenant of the Performance Guarantor.
Term:	The Performance Guarantor's obligations under a Performance Guarantee in respect of a Financing Entity will continue during the term of any obligation incurred by the Financing Entity that is or is intended to be secured by the Performance Guarantee.
Approval Requirement:	The servicing obligations (including any amendments) to which the Performance Guarantee relates, together with the provisions of any Performance Guarantee itself, will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Performance Guarantee:	Under no circumstances shall the Performance Guarantor be obligated to pay special or punitive damages, or for loss of profits.
Indemnity	
Indemnitor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together.
Indemnitees:	Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over the Indemnity to specified creditors, including to an indenture trustee under a trust indenture on behalf of itself and other persons having debt or other claims against the Financing Entity secured under the trust indenture.
Indemnity of the Province:	The ~~Province of Ontario~~Indemnitor will indemnify each Indemnitee for its costs, expenses and losses reasonably incurred by the Indemnitee ~~(including~~ because of third party claims made against the Indemnitee by one or more of its specified creditors~~)~~ that result from any of the following (each, an "**Indemnification Event**"): (A) the Legislative Assembly of Ontario repealing (and not replacing on an equivalent basis) the Act; (B) the Legislative Assembly of Ontario amending the Act or a Regulation made thereunder in a way that materially and adversely affects the rights and interests of the Financing Entity under its investment interest; or (C) a court of competent jurisdiction in a final and non-appealable judgement determines that all or a portion of the Act is *ultra vires* in a way that materially and adversely affects the rights and

	interests of the Financing Entity under its investment interest.
Term:	The Indemnity will continue during the term of any obligation incurred by a Financing Entity that is or is intended to be secured by the Indemnity.
Approval Requirement:	The terms and conditions of the obligations incurred by a Financing Entity that are secured or intended to be secured by an Indemnity, together with the provisions of any Indemnity itself, ~~the~~ will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Indemnity:	Under no circumstances shall the ~~Guarantor~~Indemnitor be obligated to indemnify any Beneficiary for special or punitive damages, or for loss of profits.
Undertakings regarding Certain Mismatches	
Avoidance of Mismatches	If a Financing Entity proposes to incur one or more funding obligations that would require the Financing Entity to pay an aggregate amount during any reference period that would exceed the amount otherwise expected to be available to the Financing Entity during the reference period from its investment interests to pay such amounts (a "**Mismatch**"), the Financing Entity will, before incurring such funding obligations, undertake commercially reasonable efforts to arrange for commitments from highly creditworthy, market-based funding sources in accordance with the Financing Plan to enable it to satisfy ~~all of~~ its related payment obligations and thereby avoid any Mismatch.
Possible Undertaking to Fund Mismatches	If a Financing Entity is unable to arrange for commitments from one or more highly creditworthy, market-based funding sources in accordance with the Financing Plan to avoid a Mismatch on commercially reasonable terms and conditions, the Minister of Energy and the Minister of Finance acting together may undertake on behalf of the Province of Ontario to provide funding commitments to the extent necessary to provide the Financing Entity with required funding to avoid the Mismatch. Any such undertaking may only be given at or before the incurrence of the funding obligation that would otherwise result in the Mismatch and, if given, would be on such terms ~~and conditions~~, including appropriate compensation to the Province of Ontario, and be subject to such conditions (for example and without limitation, funding being conditional on the occurrence of a market disruption that results in an inability to refinance the funding obligation) as

	the Minister of Energy and the Minister of Finance determine are reasonable and appropriate in the circumstances. The decision to provide such an undertaking will be in the sole discretion of the Minister of Energy and the Minister of Finance.
Documentation	
Representations, Terms and Conditions:	Subject to approval of the Minister of Energy and the Minister of Finance acting together.
FIPPA:	Acknowledgement that the Performance Guarantor and the Indemnitor will be bound by the *Freedom of Information and Protection of Privacy Act (Ontario)* and that any information provided to the Performance Guarantor or the Indemnitor, or any agent or representative of the Performance Guarantor or the Indemnitor, in connection with the transaction documents may be subject to disclosure in accordance with that act or as otherwise required by law.
Confidentiality Obligations:	Confidentiality obligations of each Financing Entity and its assignees, representatives and agents as may be determined to be appropriate by the Minister of Energy and the Minister of Finance acting together.
Governing Law:	Province of Ontario.

Subject: Draft GA Sub debt term sheet

Carlos,
Further to our discussions re establishing GA financing benchmark. Attached please find the draft term sheet of the subordinated debt (from Province equity injection). Could you please review and circulate it to the appropriate contacts/group on your side. We'd also like to set up a meeting with OFA, at your earliest convenience, to go over the document and get your feedback. Please let us know your availability.
Thanks
Sheen

Fair Hydro Plan – Subordinated Debt Loan Arrangement
Term Sheet

- Parties: OPG, Fair Hydro Trust, OFA

- In accordance with the Master Subscription Agreement among OPG, OFA and Ministry of Energy, the Province agrees to inject 44% of total funding of GA asset by way of equity subscriptions in OPG, and OPG agrees to use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt (Equity Injection Plan) requirements as part of the Fair Hydro Plan

- OPG will lend the equity injection from the Province to Fair Hydro Trust by way of subordinated debt (one or more mezzanine level)

- Initial credit rating will be assigned to the subordinated debt of Fair Hydro Trust

- Based on monthly funding requirement of GA asset, the Trust will use short term financing, such as bank facilities, and take out bonds once accumulative short term funding reaches certain levels.

- The mechanism to implement Equity Injection Plan will be based on monthly equity injections reflecting funding requirements of GA asset

- Interest rates on the subordinated debt will be established as follows:

    - During the Trust short term financing period when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt

    - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. The process will be similar to the one established for pricing of OPG debt drawn from OEFC facilities.

Good suggestion from Gadi – we should probably touch base internally in advance of meeting with OPG. I wonder if we could try for a quick 30 min phone call either tomorrow or Friday.
I will reach out to OPG to set something up for next week.

Scott:
Further to our discussion on the outstanding issues, please find below the comments from the Dealers on the "Markup" of the Provincial Protection and Assurance term sheet.
As noted below, the next step should be to get the appropriate parties from the Province to sit down with the dealers and OPG to go over the points and agree on a basis to move forward.
We should try to do that sometime next week. Let us know what times work on the Province side and we will coordinate with the Dealers & counsels.
John

*** Exercise caution. This is an EXTERNAL email. DO NOT open attachments or click links from unknown senders or unexpected email. ***

John/Les/Ken,

Please find below an issues list on the Province's comments on the Provincial Protection and Assurances Term Sheet (formerly the Provincial Support Agreement). This list reflects input from the dealers, Oslers and Torys. Please let us know if you have any additional comments or questions. If not, will you be reaching out to the Province to schedule a meeting next week (with the dealers, OPG, the Province and their counsels) to discuss these points? The dealers and their counsel don't see value in exchanging further drafts of the term sheet until they have had an opportunity to meet with the Province. We agree with this approach and are happy to assist in coordinating a meeting for next week. It would also be helpful to hear the Province's rationale and concerns for making some of these changes. Please let us know.

Many thanks,

Nina

1. The Servicing Guarantee:

    (a) It is written in favour of only the financing entity. However, in the MTSA, we are asking for covenants directly in favour of Indenture Trustee. The Indenture Trustee/specified creditors should have the direct benefit of the guarantee rather than relying on an indirect security interest in the servicing guarantee.

    (b) It should be clarified that the servicing obligations of the electricity vendors are covered.

    (c) If the guarantee is unenforceable, we should fall back to an indemnity, not a "functionally equivalent direct covenant" which is an uncertain concept.

    (d) We don't want an exclusion for economic loss. That may cover whatever losses the specified creditors do suffer.

2. Change of Law.

(a) This should be written as a guarantee not an indemnity.

(b) It should be directly in favour of the Indenture Trustee/specified creditors and it should cover all the "finance amount" and not just funding obligations.

(c) We do not want the guarantee to be provided by another entity which is in turn guaranteed by Ontario. It should come directly from Ontario.

(d) There should be no "materiality" threshold for a claim. If obligations are not paid in full, then there should be a claim.

(e) The choice to assume or accelerate should be at the option of the holders, not the guarantor.

(f) If accelerated, then the 1% premium should be payable. This is a voluntary termination by the Province.

3. Undertaking Regarding Mismatches (market disruption)

(a) At best this structure defers the discussion of protection for a market disruption. At worst, it is impractical that take-out financing needs to be arranged in advance of each warehouse financing. We should rely on a definition of market disruption.

4. Approvals.

(a) Province to clarify what is contemplated under the heading "Approval Requirement". Is Province proposing to approve any obligation incurred by the Financing Entity?

(b) Approval under Section 28 of the *Financial Administration Act* to be attained (in case the OFHPA is declared void in its entirety).

Subject: Equity Injection Term Sheet

Hey John, Carlos,
Attached is a term sheet from OPG that would form the basis of the Equity Injection Agreement. I think this would be an agreement between ENE/OPG and OFA. While it currently says 5 business days in this document Clara flagged that the IESO may be looking for it to be settled in as quickly as 1 day. Given how quick this needs to happen I've included a line about ENE delegating authority to the OFA to manage this monthly process. I think ENE would want to be kept in the loop but I don't think they would need to sign off each month. That being said I haven't run this up the chain at ENE yet or discussed with ENE controllership.
Id defer to you guys for short term mechanics for the most part as you have the experience on the borrowing side. If you could take a look and mark-up where desired then maybe we can chat?
Let me know if you have any questions.
Kaitlin

Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy
- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)
- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)
- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, ie, annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder
- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi year forecasts
- The Ministry of Energy will delegate authority to the Ontario Financing Authority to manage the monthly settlement process
- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan
- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option
- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – ie, existing shareholder's equity
- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027
- Redemption value of the Class A Shares to be based on book value on the redemption date, ie, the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Formatted: Indent: Left: 0.5", No bullets or numbering

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

Timing: [same day as notice from Fair Hydro Trust]

Documents/steps:

(i) share subscription form,
(ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

b) OFA and OPG settle equity injection amounts

Timing: [five] business days from notice to OFA to payment/settlement with OPG [NOTE: timing to be confirmed based on IESO/Trust process requirements]

Documents/steps:

(i) completed/signed share subscription form from OFA~~/Province~~ to OPG

(ii) funds transfer from OFA to OPG account)

(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register sent to both OFA and ENE

Commented [KC1]: OFA: any details we can add based on your experience on the loan side? Who signs off at the OFA? Should we just make it the same process and delegate authority from ENE so OfA can execute?

Longer term Process/Approvals:

1. Equity Requirements Estimates:
   a. Business Plan Submissions
   b. OPG Board Approvals
      - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
      - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

   c. Ministry of Energy appropriations
      ~~[describe annual process]~~Ministry of Energy will seek appropriation through PRRT process, including 3-year estimates that OPG provides through its business plan submission

Share Redemption Process

- TBD -- process to be determined at a later date and appended as Appendix to Master Subscription Agreement

Subject: Equity Injection Term Sheet

Hey John, Carlos,
Attached is a term sheet from OPG that would form the basis of the Equity Injection Agreement. I think this would be an agreement between ENE/OPG and OFA. While it currently says 5 business days in this document Clara flagged that the IESO may be looking for it to be settled in as quickly as 1 day. Given how quick this needs to happen I've included a line about ENE delegating authority to the OFA to manage this monthly process. I think ENE would want to be kept in the loop but I don't think they would need to sign off each month. That being said I haven't run this up the chain at ENE yet or discussed with ENE controllership.
Id defer to you guys for short term mechanics for the most part as you have the experience on the borrowing side. If you could take a look and mark-up where desired then maybe we can chat?
Let me know if you have any questions.
Kaitlin

Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy
- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)
- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)
- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, ie, annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder
- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi year forecasts
- The Ministry of Energy will delegate authority to the Ontario Financing Authority to manage the monthly settlement process
- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan
- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option
- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – ie, existing shareholder's equity
- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its intension to implement the proposed Fair Hydro Plan (FHP) to reduce electricity prices for eligible consumers in the province. Proposed legislation was introduced this month for the FHP. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that in order to support the IESO's role in FHP implementation it will need greater credit liquidity than currently exists.

An existing credit facility between the IESO and the Ontario Financing Authority (OFA) is currently available for $975 million which includes support for the current Regulated Price Plan (RPP) program. The IESO proposes that a separate and additional credit facility be provided by either the OFA or Ontario Electricity Financial Corporation (OEFC) to support only the FHP credit needs. A separate facility for the FHP is preferable to ensure operational efficiency and interest tracking.

IESO's FHP Credit Requirements and Rationale

Below we have outlined the IESO's expected credit needs including the current OFA facility as follows:

	OFA:IESO Facility	New FHP facility
Current credit facilities	$975 million	$ -
Reduction due to FHP	($500 million)	$ -
Increase due to FHP	$ -	$2,000 million
Totals Credit Facilities	$475 million	$2,000 million

The above $500 million reduction in the current OFA facility is to eliminate duplicate credit needs and reflect the replacement of the current RPP by the new FHP. In addition, the IESO has had recent discussions with OFA staff to explain the rationale to support the overall $2,000 million FHP commitment.

We suggest the new FHP credit facility consider the following key provisions:

- 5 year term - to align with the FHP's initial period of deferral of electricity prices plus a contingency period (i.e. to September 30, 2022);
- interest charge - to be Province's cost of funds for borrowing with a similar term as determined by OFA / OEFC plus 0.25 percent per annum;
- Draws - to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers; and
- Existing $975 million OFA facility : draws to permit for FHP purposes until a new separate credit agreement for FHP purposes has been made available;

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facilities and we will provide such evidence for your records.

We appreciate your continued support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

Kimberly Marshall

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its intension to implement the proposed Fair Hydro Plan (FHP) to reduce electricity prices for eligible consumers in the province. Proposed legislation was introduced this month for the FHP. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that in order to support the IESO's role in FHP implementation it will need greater credit liquidity than currently exists.

An existing credit facility between the IESO and the Ontario Financing Authority (OFA) is currently available for $975 million which includes support for the current Regulated Price Plan (RPP) program. The IESO proposes that a separate and additional credit facility be provided by either the OFA or Ontario Electricity Financial Corporation (OEFC) to support only the FHP credit needs. A separate facility for the FHP is preferable to ensure operational efficiency and interest tracking.

IESO's FHP Credit Requirements and Rationale

Below we have outlined the IESO's expected credit needs including the current OFA facility as follows:

	OFA:IESO Facility	New FHP facility
Current credit facilities	$975 million	$ -
Reduction due to FHP	($500 million)	$ -
Increase due to FHP	$ -	$2,000 million
Totals Credit Facilities	$475 million	$2,000 million

The above $500 million reduction in the current OFA facility is to eliminate duplicate credit needs and reflect the replacement of the current RPP by the new FHP. In addition, the IESO has had recent discussions with OFA staff to explain the rationale to support the overall $2,000 million FHP commitment.

We suggest the new FHP credit facility consider the following key provisions:

- 5 year term - to align with the FHP's initial period of deferral of electricity prices plus a contingency period (i.e. to September 30, 2022);
- interest charge - to be Province's cost of funds for borrowing with a similar term as determined by OFA / OEFC plus 0.25 percent per annum;
- Draws - to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers; and
- Existing $975 million OFA facility : draws to permit for FHP purposes until a new separate credit agreement for FHP purposes has been made available;

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facilities and we will provide such evidence for your records.

We appreciate your continued support and look forward to working with you. Please contact me should you need anything further.

Subject: Rate Mitigation Implementation Meeting - May 25, 2017
Good evening,
Please find attached the material for discussion tomorrow morning.
Thanks,
Martin

Action Items – May 25

1) GA Refinancing
    - Ministry to finalize motions by noon today to deliver to the Clerks by 6pm
    - Ministry on track for package on June 14 and second package later in June
        - Ministry to work with OPG/OEB/ISEO on regulations
    - TBS to draft a chart with TB report backs
        - There is a requirement to go back to TB on details of regulations before proceeding to LRC
        - TBS to look at more streamlined approval process (Cabinet sitting as TB, LRC)
    - OPG, IESO, OEB to develop more detailed individual workplans to align with overall workplan
    - OPG has workplan for working group that it can table every week
    - OPG needs to have regulations to be finalized to move forward on ratings process
    - OEB also needs regs to move forward with pricing, which is on track for June 22
    - IESO working on responses for their Board related AG comments
    - OEB was asked yesterday by AG for all correspondence between all parties by June 2
        - OFA received a similar request
    - OFA to have comparison of Clean Energy Adjustment to DRC ready by end of next week
        - TBS to connect with OFA to determine if it is ready to share with IESO

2) Other OFHP Initiatives
    - RRRP, OESP and FN:
    - Ministry finalizing process for eligibility and COO working to communicate First Nation Delivery credit
    - Letter being drafted by Regional Chief Day tracking for next week
        - Ministry finalizing distribution of components remaining on the rate base
        - Minister could provide letter to legislators to clarify that social programs are ongoing
    - Affordability Fund:
        - Advisory Committee reaching out to another social services agency candidate

Action Items – May 4

1) GA Refinancing
    - Leg Counsel finalizing legislation
    - LSB working on:
        - Committee motions
        - Regulations – 2 parts (mid and late June). Note: OPG has sketched out what it may require in regulation
        - Indemnities for OPG and IESO Board members to be in place around Royal Assent
    - Ministry working on approval documents for Minister signature for end of week:
        - LRC / Cabinet Submission on OFH Legislation
        - TB/MBC Report Back – GA refinancing, Social programs and ICI. Note: TB looking for variability risk analysis for Social programs
        - Ministry to share drafts by end of week
    - OPG and IESO's independent accounting work is complete:
        - OPG is finalizing E&Y's work
        - IESO has finalized KPMG's work
        - Agencies are each working a one page summary that could be released publically
    - OPG to meet with OAG next Thursday (TBC); OAG request to IESO for emails has been expanded
    - OPG on track with Board meeting on May 12 to approve recommendation
    - OPG guarantees won't be negotiated until a later stage and guarantee for market disruption is still in play

2) Other OFHP Initiatives
    - RRRP, OESP and FN:
        - Ministry received final legislation, which includes information sharing provision with MCSS
        - Ministry working with LDCs to finalize program design
    - Affordability Fund:
        - Advisory group reaching out to social agencies
    - ICI:
        - Ministry promoting value of ICI (i.e., at upcoming OCC Annual General meeting)
        - Ministry discussing with CME ongoing

3) Other Items
    - OEB's cannot reset prices until regulation is public, but work will happen in the background to ensure a common understanding of regulations
    - Regulation tracking for direct to Cabinet on June 14th (TBC)
    - Ministry to follow up with stakeholder on rate cap

Subject: RE: Rate Mitigation Implementation Meeting - May 25, 2017

Hi everyone,
Please find attached the action items from today's meeting. For any items that require providing materials for next week's meeting, please send them to me in advance by end of day Tuesday. I will ensure hard copies are available at the meeting.
For next week it would be helpful to receive materials for the following items:

- <!--[if !supportLists]-->• <!--[endif]-->Critical paths from OPG, IESO and OEB
- <!--[if !supportLists]-->• <!--[endif]-->OFA's comparison of the Clean Energy Adjustment with the DRC
- <!--[if !supportLists]-->• <!--[endif]-->Draft Provincial Guarantees for the dealers from OPG

Thanks,
Martin

Subject: GA Financing - a few next steps
Date: Wednesday, May 10, 2017 3:19:11 PM

Hi John, Mike,

Now that we appear to be through the legislative elements of GA refinancing (subject to introduction and passage), there are a couple of conversations I thought we may want to restart / continue:

1) PILs exemptions: I think OPG was going to provide to MoF Tax Policy a detailed list of situations where the PILs exemption would be required. I think they will want something soon in order to move through the regulation process.
2) Equity Injections: the Province now has appropriation approvals for this fiscal year. We should finalize a process for monthly injections and then annual forecasts that works for you and OFA. We should also confirm that common equity works from your perspective. Our understanding is that hybrid securities may not get you 100% equity treatment by rating agencies (which we assume is important). I think we can work with you on other mechanisms for redemption as needed.
3) Guarantees: I think you an OFA continue to think about this issue, so just want to keep it on our radar (and I have been told lists need at least 3 items).

Please let us know if there is anything else that has direct touch points or approvals required from Finance.

Thanks,

Scott

Subject:	GA Provincial Support Agreement
Date:	Wednesday, April 26, 2017 10:34:47 AM
Attachments:	Term Sheet - Provincial Support AgreementApr26 (2).docx

---

Hi Trevor:

The support term sheet we discussed for your comments.

Regards, Mike

Provincial Support Agreement Term Sheet –

Fair Hydro Plan Act, 2017

*This term sheet (the "**Term Sheet**") is provided exclusively to the parties listed herein in connection with the draft Fair Hydro Plan Act, 2017 and the regulations to be made thereunder (the "**Act**"). This Term Sheet is to be held confidential. Defined terms used herein have the meanings ascribed to them in the Act. The provincial support agreement (the "**Provincial Support Agreement**") will contain the terms and conditions set out in this Term Sheet in addition to such other representations, warranties, indemnities, and other terms and conditions as the Guarantor and the Beneficiaries (each as defined below) may reasonably require.*

Guarantor:	Her Majesty the Queen in right of Ontario, as represented by the Minister of Energy.
Beneficiaries:	The trust company acting as indenture trustee (together with its successors, the "**Indenture Trustee**") under the master trust indenture (the "**Master Trust Indenture**") acting for the benefit of all persons who may have contractual claims against a Financing Entity (collectively, the "**Beneficiaries**") (including, without limitation, holders of senior and subordinated notes, senior and subordinated lenders, hedge counterparties, credit enhancers, liquidity providers, the Financial Services Manager, the Indenture Trustee and the trustee of the Financing Entity[1]).
Term:	The Guarantor's obligations under the Provincial Support Agreement will continue until **[one year]**[2] after all Funding Obligations of all Financing Entities have been repaid.
Performance Guarantee:	**[Upon the occurrence of a Performance Guarantee Event]**, the Indenture Trustee will be entitled to require the Guarantor to appoint a replacement servicer who will perform IESO's duties as servicer under the Master Sale and Servicing Agreement between IESO, as seller and servicer, and the Financing Entity, as purchaser, **[and OPG as Financial Services Manager]** ("**MSSA**"). In the event that the performance guarantee is unenforceable against the Guarantor, the Provincial Support Agreement will contemplate a separate legal obligation by the Guarantor to indemnify the Indenture Trustee.

[1] We have assumed that the initial Financing Entity will be a trust.

[2] This mirrors the requirement expected to be in the Regulations under the Act not to wind up, dissolve or liquidate a Financing Entity until at least one year after all of its Funding Obligations have been repaid.

Performance Guarantee Event:	A "Servicer Default" occurs under the MSSA[3]
Payment Guarantee:	**[Upon the occurrence of a Payment Guarantee Event and within [5/10] business days after receiving a demand from the Indenture Trustee]**, the Guarantor shall **[guarantee and indemnify the Indenture Trustee (for and on behalf of the Beneficiaries) by paying all regularly scheduled interest and principal payments during the term of a Financing Entity's contractual obligation to such Beneficiary]/[assume the contractual obligations of a Financing Entity to the Beneficiaries]**[4], which for greater certainty shall not include any default, penalty, prepayment, or make whole amounts.
Payment Guarantee Event:	(A) if the Legislative Assembly of Ontario repeals the Act; or (B) if the Legislative Assembly of Ontario amends the Act or Regulation thereunder in a way that adversely impacts the ability of a Financing Entity to fully recover an investment interest in order to fully pay all obligations incurred by such Financing Entity in respect of such investment interest; or (C) if a court of competent jurisdiction (i) determines all or a portion of the Act to be *ultra vires* in a way that adversely impacts the ability of a Financing Entity to fully recover an investment interest in order to fully pay all obligations incurred by such Financing Entity in respect of such investment interest or (ii) declares any funding obligations to be invalid or unenforceable.
Limits under Guarantees:	Under no circumstances shall the Guarantor be obligated to indemnify any Beneficiary for special or punitive damages, or loss of profits.
Priority of Payments:	The priority of the Beneficiaries to any payment made by the Guarantor under the Provincial Support Agreement shall be governed by the priority provisions in the Master Trust Indenture.

[3] Each Servicer Default will include its own cure period before the event becomes a Servicer Default.

[4] To confirm if Province will become the debtor under the applicable debt documentation or if the Financing Entity will continue to be the primary obligor with the Province acting as secondary obligor.

Subrogation:	Where the Guarantor has repaid a Beneficiary, to the extent of such payment, the Guarantor is subrogated in and to all the rights of recovery of such Beneficiary in respect of the applicable indebtedness and the security granted by a Financing Entity to the Indenture Trustee. After repayment by the Guarantor of all amounts owing to a Beneficiary, the Indenture Trustee will acknowledge and agree on behalf of such Beneficiary that the Guarantor is entitled to exercise all of the rights, powers and privileges that the Beneficiary has or may exercise in respect of the repaid indebtedness, all in accordance with the terms of the Master Trust Indenture.
Notice Requirements:	The Indenture Trustee will be required to provide notice to the Guarantor of a Performance Guarantee Event or Payment Guarantee Event and may in such notice demand payment or performance of the Guarantor's obligation under the Provincial Support Agreement, as applicable.
Closing:	Date to be determined but no later than **[**■, 2017**]**. The Closing is the date on which the documents in respect of the MSSA, the Master Trust Indenture and all related documentation are executed and delivered.
Reporting Requirements of a Financing Entity:	The Guarantor will be entitled to receive all reports received by the Indenture Trustee under the Master Trust Indenture.
Conditions Precedent to Closing:	Conditions precedent to Closing shall be those conditions set out in the Master Trust Indenture.[5]
Representations:	Customary representations and warranties of the Guarantor.
FIPPA:	Acknowledgement that the Guarantor is bound by the *Freedom of Information and Protection of Privacy Act (Ontario)* and that any information provided to the Guarantor or its agents or representatives in connection with the Transaction Documents may be subject to disclosure in accordance with that act or as otherwise required by law.
Confidentiality Obligations:	Customary confidentiality obligations to be negotiated and included. A Financing Entity and the Beneficiaries shall not, subject to applicable law, issue any press releases and other public announcements in respect of the Provincial Support Agreement without the prior written consent of the Guarantor.

[5] Opinions on the validity and enforceability of Provincial Support Agreement will be required.

Hi Gadi,

I notice we have a meeting set up for tomorrow morning to chat about OFHP Provincial guarantees. We had a conversation with MoF / TBS / OFA folks earlier this week, and I think we had agreed on language to propose back to OFA. I was going to send that on to OPG, but wondered whether you would prefer that I hold off until we have that discussion.

Thanks,

Scott

AMENDING AGREEMENT NO. 6

This Amending Agreement is effective as of the 30 day of April, 2017.

BETWEEN: **INDEPENDENT ELECTRICITY SYSTEM OPERATOR ("IESO")**

as Borrower

AND: **ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC")**

as Lender

WHEREAS IESO and OEFC entered into a Revolving Credit Facility Agreement dated April 23, 2010, as amended by Amending Agreement No.1 dated July 21, 2010, Amending Agreement No. 2 dated October 14, 2011, Amending Agreement No. 3 dated April 30, 2013, Amending Agreement No. 4 dated April 30, 2014 and Amending Agreement No. 5 dated December 19, 2014 (collectively the "Agreement") pursuant to which OEFC agreed to provide a revolving credit facility to IESO in the principal amount of up to CDN $95 million.

AND WHEREAS IESO and OEFC wish to amend the Agreement to increase the revolving line of credit from a principal amount of CDN $95 million to a principal amount of up to CDN $160 million to provide funding for IESO Corporate Requirements (as defined herein);

AND WHEREAS IESO and OEFC wish to amend the Agreement to provide for an extension of the mandatory repayment date established in the Agreement to June 30, 2020;

AND WHEREAS IESO and OEFC wish to amend the Agreement to provide for the ability for Advances to be made on any business day up to a maximum of 12 times per year;

THEREFORE, in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and subject to the terms and conditions hereinafter set out, the parties agree that the Agreement is amended as follows:

1. Section 1.1 Definitions of the Agreement is amended as follows:

   i) The definition of "Amalgamation" is deleted.

   ii) The definition of "Commitment" is deleted and replaced with:

   "Commitment" means, at any time, an amount equal to the principal amount of One Hundred and Sixty Million Dollars.

   iii) A definition of "IESO Corporate Requirements" is added as follows:

   "IESO Corporate Requirements" means any borrowing purposes authorized by O. Reg. 280/14 made under the *Electricity Act, 1998* (as such regulation may be amended or

replaced from time to time), other than for funding liquidity requirements relating to the settlement of the Ontario wholesale electricity markets.

iv) A definition of "Ontario's Fair Hydro Plan" is added as follows:

"Ontario's Fair Hydro Plan" means the plan announced March 2, 2017 by the Government of Ontario to affect the Ontario Energy Board's setting of electricity prices for certain Ontario consumers of electricity, which plan is referred to in the Ontario Energy Board's report dated April 20, 2017 and titled "Regulated Price Plan Price Report – May 1, 2017 to April 30, 2018", and including all relevant developments in or changes to such plan from time to time.

v) The definition of "New IESO" is deleted.

vi) The definition of "Note" is deleted and replaced with:

"Note" means the $160 Million Note issued pursuant to Section 2 of Amending Agreement No. 6 dated as of the 30th day of April, 2017.

vii) The definition of "OPA" is deleted.

viii) The definition of "Pre-Amalgamation IESO" is deleted.

2. IESO shall execute and deliver to OEFC a grid promissory note in the form attached as Schedule I hereto which shall be in an aggregate principal amount of up to One Hundred and Sixty Million Dollars (the "$160 Million Note") dated April 30, 2017 and on which shall be recorded the Advances Outstanding under the grid promissory note delivered pursuant to Amending Agreement No. 4. Upon receipt by OEFC of the $160 Million Note dated April 30, 2017, the $95 Million Note dated April 30, 2014 shall be of no further force and effect and shall be returned to the IESO marked "cancelled".

3. Section 2.3 of the Agreement is deleted and replaced by the following:

Section 2.3 Use of Proceeds

IESO shall use the proceeds of Advances for the funding of IESO Corporate Requirements.

4. Section 2.4 of the Agreement is deleted and replaced by the following:

Section 2.4 Mandatory Repayment.

Subject to Sections 3.5 and 5.2 of this Agreement, IESO shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, in full on or before June 30, 2020.

5. Section 3.1 of the Agreement is deleted and replaced by the following:

Section 3.1 Advances.

OEFC agrees, on the terms and conditions of this Agreement, to make Advances to IESO under the Credit Facility on any Business Day in a month up to twelve (12) times per annum from and including May 1, 2017 to and including May 29, 2020

6. Paragraph 3.6(c) of the Agreement is deleted and replaced by the following:
   (c) that there shall, in the reasonable opinion of OEFC, have been no material adverse change in the financial condition of IESO, provided however that any adverse change in IESO's financial condition related to or resulting from the discharge by IESO of its responsibilities under Ontario's Fair Hydro Plan shall be deemed not to be a material adverse change for the purposes of this Section; and

7. The Form of Borrowing Notice is deleted and replaced with the Form of Borrowing Notice attached hereto as Schedule 1.

8. This Amending Agreement may be executed in several counterparts, each of which, when so executed, shall be deemed to be an original and which counterparts together shall constitute one and the same agreement.

IN ALL OTHER RESPECTS, the Agreement is confirmed by IESO and OEFC.

IN WITNESS WHEREOF the parties hereto have executed this Amending Agreement as of the date first written above.

SCHEDULE 1

INDEPENDENT ELECTRICITY SYSTEM OPERATOR

GRID PROMISSORY NOTE

Principal Amount: Up to $160,000,000 Date: 30 April, 2017

FOR VALUE RECEIVED, INDEPENDENT ELECTRICITY SYSTEM OPERATOR ("**IESO**"), existing under the laws of the Province of Ontario and having its principal office and place of business at Toronto, Ontario, **PROMISES TO PAY** to or to the order of **ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC")** at its offices at Toronto, Ontario or at such other place as OEFC may designate, the principal amount of each and all Advances made by OEFC to IESO, all as recorded by OEFC on the grid **("Grid")** attached to and forming part of this Note, in lawful money of Canada, with interest on each Advance at the rate, calculated in the manner and payable at the times specified in the Revolving Credit Facility Agreement dated April 23, 2010, as amended by Amending Agreement No. 1 dated July 21, 2010, by Amending Agreement No. 2 dated October 14, 2011, by Amending Agreement No. 3 dated April 30, 2013, by Amending Agreement No. 4 dated April 30, 2014, by Amending Agreement No. 5 dated December 19, 2014, and by Amending Agreement No. 6 dated April 30, 2017 (collectively the "Agreement").

All outstanding principal amounts under this Note together with all interest accrued thereon shall become due and payable and must be paid on or before June 30, 2020.

OEFC shall and is unconditionally and absolutely authorized and directed by IESO to record on the Grid (a) the date and amount of each Advance; (b) the applicable rate of interest for each Advance or part of an Advance; (c) the date and amount of each payment of interest and each payment of principal in respect of each Advance; and (d) the outstanding principal balance. Such notations, in the absence of manifest mathematical error, shall be p*rima facie* evidence of such advances and repayments; provided that the failure of OEFC to record the same shall not affect the obligations of IESO to pay such amounts to OEFC.

The outstanding principal amount of each Advance under this Note together with all interest accrued thereon shall become due and payable as specified in the Agreement. All capitalized terms used herein and not otherwise defined herein shall have the meanings given to such terms in the Agreement.

This Note is issued pursuant to, and is subject to and payable in accordance with the provisions of the Agreement, which provides for, among other things, the acceleration of the principal amount upon the occurrence of certain events.

This Note is not transferable or negotiable without the prior written consent of IESO.

IESO waives presentment for payment, demand, protest, notice of dishonour and notice

of non-payment.

This Note shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.

IN WITNESS WHEREOF IESO has executed this Note.

AMENDING AGREEMENT NO. 6

This Amending Agreement is made as of the 30th day of April, 2017

between:

INDEPENDENT ELECTRICITY SYSTEM OPERATOR
("IESO")

- and -

ONTARIO ELECTRICITY FINANCIAL CORPORATION
("OEFC")

WHEREAS IESO and OEFC have entered into an agreement Providing for the Issuance of a Note dated April 1, 1999 (the "Original Agreement");

AND WHEREAS pursuant to amending agreements dated March 23, 2000, April 23, 2009, May 1, 2011, May 1, 2013, and April 30, 2014 the parties amended the Original Agreement (as so amended, the "Agreement");

AND WHEREAS the parties wish to further amend the Agreement to increase the loan advanced to IESO from a principal amount of C$90 million to a principal amount of up to C$120 million and to extend the maturity date of the loan to June 30, 2020, all of which is to be evidenced through the the issuance of a Fifth Refinancing Note.

NOW THEREFORE in consideration of the mutual agreements contained herein (the receipt and sufficiency of which are hereby acknowledged by each party), the parties agree as follows:

1. **Defined Terms**

Capitalized terms used in this Amending Agreement and not otherwise defined herein have the meanings specified in the Agreement.

2. **Amendments to Agreement**

(a) Definition of "Loan" in the Agreement is deleted.

(b) Article 1a (The Loan) of the Agreement is deleted in its entirety and replaced with the following:

Article 1a $30 Million Advance

Section 1a.1

Effective April 30, 2017, OEFC will make an advance to IESO in the amount of $30 million (the "$30 Million Advance"). IESO directs OEFC to apply, and OEFC agrees to apply, the $30 Million Advance, first to repay Advances Outstanding (as such term is defined in the Revolving Credit Facility Agreement), if any, under the Revolving Credit Facility Agreement, with any amount remaining out of the $30 Million Advance after repaying all Advances Outstanding to be used by IESO for the purpose of funding new IESO capital expenditures.

(c) The following sections are added to the Agreement following Section 2.15:

" Section 2.16 Fifth Refinancing Note

On April 30, 2017, IESO shall execute and deliver to OEFC a promissory note in the form attached as Schedule 1 (the "Fifth Refinancing Note") which shall be in an aggregate principal amount equal to $120 million, dated as of April 30, 2017 and maturing on June 30, 2020 and bearing interest at a per annum rate equal to the Province of Ontario's cost of borrowing for the period from April 30, 2017 to June 30, 2020, as determined by the Chief Executive Officer of OEFC or the Chief Operating Officer of OEFC, or by a person designated by either of them, plus fifty basis points (0.50%) (after as well as before default or judgment, with interest on the amounts in default at the same rate). Upon receipt of the Fifth Refinancing Note by OEFC, the Fourth Refinancing Note dated April 30, 2014 shall be of no further force or effect and shall be returned by OEFC to IESO marked "cancelled".

For greater clarity, the Fifth Refinancing Note shall evidence the indebtedness of IESO to OEFC in respect of the principal amount of $90 million under the Fourth Refinancing Note ("Part A") and the additional $30 Million Advance ("Part B"), for a total aggregate principal amount of $120 million.

Notwithstanding Section 1.5 herein, the interest rate on the Fifth Refinancing Note shall be set on Monday, May 1, 2017, with interest accruing on Part A commencing on Sunday, April 30, 2017, and interest accruing on Part B commencing on Monday, May 1, 2017.

Section 2.17 Interest on Fifth Refinancing Note

Notwithstanding Section 1.5 herein, interest on the Fifth Refinancing Note at the rate specified in Section 2.16 shall accrue daily and shall be payable in equal semi-annual instalments on June 30 and December 31(each an "Interest Payment Date"), provided however that the calculation of the amount of the first such interest payment for Part A shall be in respect only of the period from and including April 30, 2017 to but excluding June 30, 2017, and for Part B in respect only of the period from May 1, 2017 to but excluding June 30, 2017.

For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under the Fifth Refinancing Note for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period."

3. **Reference to and Effect on the Agreement.**

On and after this date, each reference in the Agreement to "this Agreement" and each reference to the Agreement in any and all other agreements, documents and instruments delivered by IESO and OEFC shall mean and be a reference to the Agreement as amended by this Amending Agreement. On and after this date, each reference in the Agreement to either "the Note" or "the New Note" and each reference to either "the Note" or "the New Note" in any and all other agreements, documents and instruments delivered by IESO and OEFC shall mean and be a reference to the Fifth Refinancing Note.

4. **Governing Law**

This Amending Agreement shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.

5. **Counterparts**

This Amending Agreement may be executed in several counterparts, each of which, when so executed, shall be deemed to be an original and which counterparts together shall constitute one and the same agreement.

6. **Enurement**

This Amending Agreement shall be binding upon and shall enure to the benefit of the parties and their respective successors and permitted assigns.

IN ALL OTHER RESPECTS, the Agreement is confirmed by the parties.

IN WITNESS WHEREOF the parties have executed and delivered this Amending Agreement as of the date first written above.

SCHEDULE 1
FORM OF FIFTH REFINANCING NOTE

INDEPENDENT ELECTRICITY SYSTEM OPERATOR

NOTE

Aggregate Principal Amount: $120 million, consisting of: a Part A amount of $90 million ("Part A"), whereon interest accrues commencing on April 30, 2017, and a Part B amount of $30 million ("Part B"), whereon interest accrues commencing on May 1, 2017.

Date: April 30, 2017

Interest Rate: (Province of Ontario's cost of borrowing for the period from April 30, 2017 to June 30, 2020 + 50 basis points)

Due: June 30, 2020

FOR VALUE RECEIVED, the INDEPENDENT ELECTRICITY SYSTEM OPERATOR ("IESO") existing under the laws of the Province of Ontario and having its principal office and place of business at Toronto, Ontario, PROMISES TO PAY to or to the order of ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC") at its offices at Toronto, Ontario or at such other place as OEFC may designate, the principal amount of $120 million in lawful money of Canada, with interest on such amount at the rate, calculated in the manner and payable at the times specified in this Note.

The principal amount of this Note together with all interest accrued thereon shall become due and payable on June 30, 2020.

The principal amount of this Note remaining from time to time unpaid and outstanding shall bear interest from the date of this Note both before and after maturity and both before and after default at the rate per annum equal to the Province of Ontario's cost of borrowing for the period from April 30, 2017 to June 30, 2020, as determined by the Chief Executive Officer of OEFC or the Chief Operating Officer of OEFC, or by a person designated by either of them, plus fifty basis points (0.50%). Interest at such rate shall accrue daily and shall be payable in arrears in equal semi-annual instalments on June 30 and December 31 (each an "Interest Payment Date") commencing June 30, 2017, provided however that the calculation of the amount of the first such interest payment for Part A shall be in respect only of the period from and including April 30, 2017 to but excluding June 30, 2017, and for Part B in respect only of the period from and including May 1, 2017 to but excluding June 30, 2017.

For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Note for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

This Note is issued pursuant to, and is subject to and payable in accordance with the provisions of an agreement providing for the issuance of a note dated April 1, 1999 between the IESO and OEFC and amended by an amending agreement dated March 23, 2000, an amending agreement dated April 23, 2009, an amending agreement dated May 1, 2011, an amending agreement dated May 1, 2013, an amending agreement dated April 30, 2014, and an amending agreement dated April 30, 2017 (as so amended, the "Agreement"), which Agreement provides for, among other things, the acceleration of the principal amount upon the occurrence of certain events.

This Note is not transferable or negotiable without the prior written consent of IESO.

IESO waives presentment for payment and notice of non-payment.

This Note shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.

IN WITNESS WHEREOF IESO has executed this Note.

AMENDING AGREEMENT NO. 6

This Amending Agreement is effective as of the 30 day of April, 2017.

BETWEEN: **INDEPENDENT ELECTRICITY SYSTEM OPERATOR ("IESO")**

as Borrower

AND: **ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC")**

as Lender

WHEREAS IESO and OEFC entered into a Revolving Credit Facility Agreement dated April 23, 2010, as amended by Amending Agreement No.1 dated July 21, 2010, Amending Agreement No. 2 dated October 14, 2011, Amending Agreement No. 3 dated April 30, 2013, Amending Agreement No. 4 dated April 30, 2014 and Amending Agreement No. 5 dated December 19, 2014 (collectively the "Agreement") pursuant to which OEFC agreed to provide a revolving credit facility to IESO in the principal amount of up to CDN $95 million.

AND WHEREAS IESO and OEFC wish to amend the Agreement to increase the revolving line of credit from a principal amount of CDN $95 million to a principal amount of up to CDN $160 million to provide funding for IESO Corporate Requirements (as defined herein);

AND WHEREAS IESO and OEFC wish to amend the Agreement to provide for an extension of the mandatory repayment date established in the Agreement to June 30, 2020;

AND WHEREAS IESO and OEFC wish to amend the Agreement to provide for the ability for Advances to be made on any business day up to a maximum of 12 times per year;

THEREFORE, in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and subject to the terms and conditions hereinafter set out, the parties agree that the Agreement is amended as follows:

1. Section 1.1 Definitions of the Agreement is amended as follows:

   i) The definition of "Amalgamation" is deleted.

   ii) The definition of "Commitment" is deleted and replaced with:

   "Commitment" means, at any time, an amount equal to the principal amount of One Hundred and Sixty Million Dollars.

   iii) A definition of "IESO Corporate Requirements" is added as follows:

   "IESO Corporate Requirements" means any borrowing purposes authorized by O. Reg. 280/14 made under the *Electricity Act, 1998* (as such regulation may be amended or

replaced from time to time), other than for funding liquidity requirements relating to the settlement of the Ontario wholesale electricity markets.

iv) A definition of "Ontario's Fair Hydro Plan" is added as follows:

"Ontario's Fair Hydro Plan" means the plan announced March 2, 2017 by the Government of Ontario to affect the Ontario Energy Board's setting of electricity prices for certain Ontario consumers of electricity, which plan is referred to in the Ontario Energy Board's report dated April 20, 2017 and titled "Regulated Price Plan Price Report – May 1, 2017 to April 30, 2018", and including all relevant developments in or changes to such plan from time to time.

v) The definition of "New IESO" is deleted.

vi) The definition of "Note" is deleted and replaced with:

"Note" means the $160 Million Note issued pursuant to Section 2 of Amending Agreement No. 6 dated as of the 30th day of April, 2017.

vii) The definition of "OPA" is deleted.

viii) The definition of "Pre-Amalgamation IESO" is deleted.

2. IESO shall execute and deliver to OEFC a grid promissory note in the form attached as Schedule I hereto which shall be in an aggregate principal amount of up to One Hundred and Sixty Million Dollars (the "$160 Million Note") dated April 30, 2017 and on which shall be recorded the Advances Outstanding under the grid promissory note delivered pursuant to Amending Agreement No. 4. Upon receipt by OEFC of the $160 Million Note dated April 30, 2017, the $95 Million Note dated April 30, 2014 shall be of no further force and effect and shall be returned to the IESO marked "cancelled".

3. Section 2.3 of the Agreement is deleted and replaced by the following:

Section 2.3 Use of Proceeds

IESO shall use the proceeds of Advances for the funding of IESO Corporate Requirements.

4. Section 2.4 of the Agreement is deleted and replaced by the following:

Section 2.4 Mandatory Repayment.

Subject to Sections 3.5 and 5.2 of this Agreement, IESO shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, in full on or before June 30, 2020.

5. Section 3.1 of the Agreement is deleted and replaced by the following:

Section 3.1 Advances.

OEFC agrees, on the terms and conditions of this Agreement, to make Advances to IESO under the Credit Facility on any Business Day in a month up to twelve (12) times per annum from and including May 1, 2017 to and including May 29, 2020

6. Paragraph 3.6(c) of the Agreement is deleted and replaced by the following:
   (c) that there shall, in the reasonable opinion of OEFC, have been no material adverse change in the financial condition of IESO, provided however that any adverse change in IESO's financial condition related to or resulting from the discharge by IESO of its responsibilities under Ontario's Fair Hydro Plan shall be deemed not to be a material adverse change for the purposes of this Section; and

7. The Form of Borrowing Notice is deleted and replaced with the Form of Borrowing Notice attached hereto as Schedule 1.

8. This Amending Agreement may be executed in several counterparts, each of which, when so executed, shall be deemed to be an original and which counterparts together shall constitute one and the same agreement.

IN ALL OTHER RESPECTS, the Agreement is confirmed by IESO and OEFC.

IN WITNESS WHEREOF the parties hereto have executed this Amending Agreement as of the date first written above.

GRID PROMISSORY NOTE

Principal Amount: Up to $160,000,000 Date: 30 April, 2017

FOR VALUE RECEIVED, INDEPENDENT ELECTRICITY SYSTEM OPERATOR ("**IESO**"), existing under the laws of the Province of Ontario and having its principal office and place of business at Toronto, Ontario, **PROMISES TO PAY** to or to the order of **ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC")** at its offices at Toronto, Ontario or at such other place as OEFC may designate, the principal amount of each and all Advances made by OEFC to IESO, all as recorded by OEFC on the grid **("Grid")** attached to and forming part of this Note, in lawful money of Canada, with interest on each Advance at the rate, calculated in the manner and payable at the times specified in the Revolving Credit Facility Agreement dated April 23, 2010, as amended by Amending Agreement No. 1 dated July 21, 2010, by Amending Agreement No. 2 dated October 14, 2011, by Amending Agreement No. 3 dated April 30, 2013, by Amending Agreement No. 4 dated April 30, 2014, by Amending Agreement No. 5 dated December 19, 2014, and by Amending Agreement No. 6 dated April 30, 2017 (collectively the "Agreement").

All outstanding principal amounts under this Note together with all interest accrued thereon shall become due and payable and must be paid on or before June 30, 2020.

OEFC shall and is unconditionally and absolutely authorized and directed by IESO to record on the Grid (a) the date and amount of each Advance; (b) the applicable rate of interest for each Advance or part of an Advance; (c) the date and amount of each payment of interest and each payment of principal in respect of each Advance; and (d) the outstanding principal balance. Such notations, in the absence of manifest mathematical error, shall be p*rima facie* evidence of such advances and repayments; provided that the failure of OEFC to record the same shall not affect the obligations of IESO to pay such amounts to OEFC.

The outstanding principal amount of each Advance under this Note together with all interest accrued thereon shall become due and payable as specified in the Agreement. All capitalized terms used herein and not otherwise defined herein shall have the meanings given to such terms in the Agreement.

This Note is issued pursuant to, and is subject to and payable in accordance with the provisions of the Agreement, which provides for, among other things, the acceleration of the principal amount upon the occurrence of certain events.

This Note is not transferable or negotiable without the prior written consent of IESO.

IESO waives presentment for payment, demand, protest, notice of dishonour and notice

of non-payment.

This Note shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.

IN WITNESS WHEREOF IESO has executed this Note.

AMENDING AGREEMENT NO. 6

This Amending Agreement is made as of the 30th day of April, 2017

between:

INDEPENDENT ELECTRICITY SYSTEM OPERATOR
("IESO")

- and -

ONTARIO ELECTRICITY FINANCIAL CORPORATION
("OEFC")

WHEREAS IESO and OEFC have entered into an agreement Providing for the Issuance of a Note dated April 1, 1999 (the "Original Agreement");

AND WHEREAS pursuant to amending agreements dated March 23, 2000, April 23, 2009, May 1, 2011, May 1, 2013, and April 30, 2014 the parties amended the Original Agreement (as so amended, the "Agreement");

AND WHEREAS the parties wish to further amend the Agreement to increase the loan advanced to IESO from a principal amount of C$90 million to a principal amount of up to C$120 million and to extend the maturity date of the loan to June 30, 2020, all of which is to be evidenced through the the issuance of a Fifth Refinancing Note.

NOW THEREFORE in consideration of the mutual agreements contained herein (the receipt and sufficiency of which are hereby acknowledged by each party), the parties agree as follows:

1. **Defined Terms**

Capitalized terms used in this Amending Agreement and not otherwise defined herein have the meanings specified in the Agreement.

2. **Amendments to Agreement**

(a) Definition of "Loan" in the Agreement is deleted.

(b) Article 1a (The Loan) of the Agreement is deleted in its entirety and replaced with the following:

Article 1a $30 Million Advance

Section 1a.1

Effective April 30, 2017, OEFC will make an advance to IESO in the amount of $30 million (the "$30 Million Advance"). IESO directs OEFC to apply, and OEFC agrees to apply, the $30 Million Advance, first to repay Advances Outstanding (as such term is defined in the Revolving Credit Facility Agreement), if any, under the Revolving Credit Facility Agreement, with any amount remaining out of the $30 Million Advance after repaying all Advances Outstanding to be used by IESO for the purpose of funding new IESO capital expenditures.

(c) The following sections are added to the Agreement following Section 2.15:

" Section 2.16 Fifth Refinancing Note

On April 30, 2017, IESO shall execute and deliver to OEFC a promissory note in the form attached as Schedule 1 (the "Fifth Refinancing Note") which shall be in an aggregate principal amount equal to $120 million, dated as of April 30, 2017 and maturing on June 30, 2020 and bearing interest at a per annum rate equal to the Province of Ontario's cost of borrowing for the period from April 30, 2017 to June 30, 2020, as determined by the Chief Executive Officer of OEFC or the Chief Operating Officer of OEFC, or by a person designated by either of them, plus fifty basis points (0.50%) (after as well as before default or judgment, with interest on the amounts in default at the same rate). Upon receipt of the Fifth Refinancing Note by OEFC, the Fourth Refinancing Note dated April 30, 2014 shall be of no further force or effect and shall be returned by OEFC to IESO marked "cancelled".

For greater clarity, the Fifth Refinancing Note shall evidence the indebtedness of IESO to OEFC in respect of the principal amount of $90 million under the Fourth Refinancing Note ("Part A") and the additional $30 Million Advance ("Part B"), for a total aggregate principal amount of $120 million.

Notwithstanding Section 1.5 herein, the interest rate on the Fifth Refinancing Note shall be set on Monday, May 1, 2017, with interest accruing on Part A commencing on Sunday, April 30, 2017, and interest accruing on Part B commencing on Monday, May 1, 2017.

Section 2.17 Interest on Fifth Refinancing Note

Notwithstanding Section 1.5 herein, interest on the Fifth Refinancing Note at the rate specified in Section 2.16 shall accrue daily and shall be payable in equal semi-annual instalments on June 30 and December 31(each an "Interest Payment Date"), provided however that the calculation of the amount of the first such interest payment for Part A shall be in respect only of the period from and including April 30, 2017 to but excluding June 30, 2017, and for Part B in respect only of the period from May 1, 2017 to but excluding June 30, 2017.

For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under the Fifth Refinancing Note for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period."

3. **Reference to and Effect on the Agreement.**

On and after this date, each reference in the Agreement to "this Agreement" and each reference to the Agreement in any and all other agreements, documents and instruments delivered by IESO and OEFC shall mean and be a reference to the Agreement as amended by this Amending Agreement. On and after this date, each reference in the Agreement to either "the Note" or "the New Note" and each reference to either "the Note" or "the New Note" in any and all other agreements, documents and instruments delivered by IESO and OEFC shall mean and be a reference to the Fifth Refinancing Note.

4. **Governing Law**

This Amending Agreement shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.

5. **Counterparts**

This Amending Agreement may be executed in several counterparts, each of which, when so executed, shall be deemed to be an original and which counterparts together shall constitute one and the same agreement.

6. **Enurement**

This Amending Agreement shall be binding upon and shall enure to the benefit of the parties and their respective successors and permitted assigns.

IN ALL OTHER RESPECTS, the Agreement is confirmed by the parties.

IN WITNESS WHEREOF the parties have executed and delivered this Amending Agreement as of the date first written above.

SCHEDULE 1
FORM OF FIFTH REFINANCING NOTE

INDEPENDENT ELECTRICITY SYSTEM OPERATOR

NOTE

Aggregate Principal Amount: $120 million, consisting of: a Part A amount of $90 million ("Part A"), whereon interest accrues commencing on April 30, 2017, and a Part B amount of $30 million ("Part B"), whereon interest accrues commencing on May 1, 2017.

Date: April 30, 2017

Interest Rate: (Province of Ontario's cost of borrowing for the period from April 30, 2017 to June 30, 2020 + 50 basis points)

Due: June 30, 2020

FOR VALUE RECEIVED, the INDEPENDENT ELECTRICITY SYSTEM OPERATOR ("IESO") existing under the laws of the Province of Ontario and having its principal office and place of business at Toronto, Ontario, PROMISES TO PAY to or to the order of ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC") at its offices at Toronto, Ontario or at such other place as OEFC may designate, the principal amount of $120 million in lawful money of Canada, with interest on such amount at the rate, calculated in the manner and payable at the times specified in this Note.

The principal amount of this Note together with all interest accrued thereon shall become due and payable on June 30, 2020.

The principal amount of this Note remaining from time to time unpaid and outstanding shall bear interest from the date of this Note both before and after maturity and both before and after default at the rate per annum equal to the Province of Ontario's cost of borrowing for the period from April 30, 2017 to June 30, 2020, as determined by the Chief Executive Officer of OEFC or the Chief Operating Officer of OEFC, or by a person designated by either of them, plus fifty basis points (0.50%). Interest at such rate shall accrue daily and shall be payable in arrears in equal semi-annual instalments on June 30 and December 31 (each an "Interest Payment Date") commencing June 30, 2017, provided however that the calculation of the amount of the first such interest payment for Part A shall be in respect only of the period from and including April 30, 2017 to but excluding June 30, 2017, and for Part B in respect only of the period from and including May 1, 2017 to but excluding June 30, 2017.

For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Note for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

This Note is issued pursuant to, and is subject to and payable in accordance with the provisions of an agreement providing for the issuance of a note dated April 1, 1999 between the IESO and OEFC and amended by an amending agreement dated March 23, 2000, an amending agreement dated April 23, 2009, an amending agreement dated May 1, 2011, an amending agreement dated May 1, 2013, an amending agreement dated April 30, 2014, and an amending agreement dated April 30, 2017 (as so amended, the "Agreement"), which Agreement provides for, among other things, the acceleration of the principal amount upon the occurrence of certain events.

This Note is not transferable or negotiable without the prior written consent of IESO.

IESO waives presentment for payment and notice of non-payment.

This Note shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.

IN WITNESS WHEREOF IESO has executed this Note.

AMENDING AGREEMENT NO. 6

This Amending Agreement is effective as of the 30 day of April, 2017.

BETWEEN: **INDEPENDENT ELECTRICITY SYSTEM OPERATOR ("IESO")**

as Borrower

AND: **ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC")**

as Lender

WHEREAS IESO and OEFC entered into a Revolving Credit Facility Agreement dated April 23, 2010, as amended by Amending Agreement No.1 dated July 21, 2010, Amending Agreement No. 2 dated October 14, 2011, Amending Agreement No. 3 dated April 30, 2013, Amending Agreement No. 4 dated April 30, 2014 and Amending Agreement No. 5 dated December 19, 2014 (collectively the "Agreement") pursuant to which OEFC agreed to provide a revolving credit facility to IESO in the principal amount of up to CDN $95 million.

AND WHEREAS IESO and OEFC wish to amend the Agreement to increase the revolving line of credit from a principal amount of CDN $95 million to a principal amount of up to CDN $160 million to provide funding for IESO Corporate Requirements (as defined herein);

AND WHEREAS IESO and OEFC wish to amend the Agreement to provide for an extension of the mandatory repayment date established in the Agreement to June 30, 2020;

AND WHEREAS IESO and OEFC wish to amend the Agreement to provide for the ability for Advances to be made on any business day up to a maximum of 12 times per year;

THEREFORE, in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and subject to the terms and conditions hereinafter set out, the parties agree that the Agreement is amended as follows:

1. Section 1.1 Definitions of the Agreement is amended as follows:

   i) The definition of "Amalgamation" is deleted.

   ii) The definition of "Commitment" is deleted and replaced with:

   "Commitment" means, at any time, an amount equal to the principal amount of One Hundred and Sixty Million Dollars.

   iii) A definition of "IESO Corporate Requirements" is added as follows:

   "IESO Corporate Requirements" means any borrowing purposes authorized by O. Reg. 280/14 made under the *Electricity Act, 1998* (as such regulation may be amended or

replaced from time to time), other than for funding liquidity requirements relating to the settlement of the Ontario wholesale electricity markets.

iv) A definition of "Ontario's Fair Hydro Plan" is added as follows:

"Ontario's Fair Hydro Plan" means the plan announced March 2, 2017 by the Government of Ontario to affect the Ontario Energy Board's setting of electricity prices for certain Ontario consumers of electricity, which plan is referred to in the Ontario Energy Board's report dated April 20, 2017 and titled "Regulated Price Plan Price Report – May 1, 2017 to April 30, 2018", and including all relevant developments in or changes to such plan from time to time.

v) The definition of "New IESO" is deleted.

vi) The definition of "Note" is deleted and replaced with:

"Note" means the $160 Million Note issued pursuant to Section 2 of Amending Agreement No. 6 dated as of the 30th day of April, 2017.

vii) The definition of "OPA" is deleted.

viii) The definition of "Pre-Amalgamation IESO" is deleted.

2. IESO shall execute and deliver to OEFC a grid promissory note in the form attached as Schedule I hereto which shall be in an aggregate principal amount of up to One Hundred and Sixty Million Dollars (the "$160 Million Note") dated April 30, 2017 and on which shall be recorded the Advances Outstanding under the grid promissory note delivered pursuant to Amending Agreement No. 4. Upon receipt by OEFC of the $160 Million Note dated April 30, 2017, the $95 Million Note dated April 30, 2014 shall be of no further force and effect and shall be returned to the IESO marked "cancelled".

3. Section 2.3 of the Agreement is deleted and replaced by the following:

Section 2.3 Use of Proceeds

IESO shall use the proceeds of Advances for the funding of IESO Corporate Requirements.

4. Section 2.4 of the Agreement is deleted and replaced by the following:

Section 2.4 Mandatory Repayment.

Subject to Sections 3.5 and 5.2 of this Agreement, IESO shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, in full on or before June 30, 2020.

5. Section 3.1 of the Agreement is deleted and replaced by the following:

Section 3.1 Advances.

OEFC agrees, on the terms and conditions of this Agreement, to make Advances to IESO under the Credit Facility on any Business Day in a month up to twelve (12) times per annum from and including May 1, 2017 to and including May 29, 2020

6. Paragraph 3.6(c) of the Agreement is deleted and replaced by the following:
   (c) that there shall, in the reasonable opinion of OEFC, have been no material adverse change in the financial condition of IESO, provided however that any adverse change in IESO's financial condition related to or resulting from the discharge by IESO of its responsibilities under Ontario's Fair Hydro Plan shall be deemed not to be a material adverse change for the purposes of this Section; and

7. The Form of Borrowing Notice is deleted and replaced with the Form of Borrowing Notice attached hereto as Schedule 1.

8. This Amending Agreement may be executed in several counterparts, each of which, when so executed, shall be deemed to be an original and which counterparts together shall constitute one and the same agreement.

IN ALL OTHER RESPECTS, the Agreement is confirmed by IESO and OEFC.

IN WITNESS WHEREOF the parties hereto have executed this Amending Agreement as of the date first written above.

SCHEDULE 1

INDEPENDENT ELECTRICITY SYSTEM OPERATOR

GRID PROMISSORY NOTE

Principal Amount: Up to $160,000,000 Date: 30 April, 2017

FOR VALUE RECEIVED, INDEPENDENT ELECTRICITY SYSTEM OPERATOR ("**IESO**"), existing under the laws of the Province of Ontario and having its principal office and place of business at Toronto, Ontario, **PROMISES TO PAY** to or to the order of **ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC")** at its offices at Toronto, Ontario or at such other place as OEFC may designate, the principal amount of each and all Advances made by OEFC to IESO, all as recorded by OEFC on the grid **("Grid")** attached to and forming part of this Note, in lawful money of Canada, with interest on each Advance at the rate, calculated in the manner and payable at the times specified in the Revolving Credit Facility Agreement dated April 23, 2010, as amended by Amending Agreement No. 1 dated July 21, 2010, by Amending Agreement No. 2 dated October 14, 2011, by Amending Agreement No. 3 dated April 30, 2013, by Amending Agreement No. 4 dated April 30, 2014, by Amending Agreement No. 5 dated December 19, 2014, and by Amending Agreement No. 6 dated April 30, 2017 (collectively the "Agreement").

All outstanding principal amounts under this Note together with all interest accrued thereon shall become due and payable and must be paid on or before June 30, 2020.

OEFC shall and is unconditionally and absolutely authorized and directed by IESO to record on the Grid (a) the date and amount of each Advance; (b) the applicable rate of interest for each Advance or part of an Advance; (c) the date and amount of each payment of interest and each payment of principal in respect of each Advance; and (d) the outstanding principal balance. Such notations, in the absence of manifest mathematical error, shall be p*rima facie* evidence of such advances and repayments; provided that the failure of OEFC to record the same shall not affect the obligations of IESO to pay such amounts to OEFC.

The outstanding principal amount of each Advance under this Note together with all interest accrued thereon shall become due and payable as specified in the Agreement. All capitalized terms used herein and not otherwise defined herein shall have the meanings given to such terms in the Agreement.

This Note is issued pursuant to, and is subject to and payable in accordance with the provisions of the Agreement, which provides for, among other things, the acceleration of the principal amount upon the occurrence of certain events.

This Note is not transferable or negotiable without the prior written consent of IESO.

IESO waives presentment for payment, demand, protest, notice of dishonour and notice

of non-payment.

This Note shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.

IN WITNESS WHEREOF IESO has executed this Note.

AMENDING AGREEMENT NO. 6

This Amending Agreement is made as of the 30th day of April, 2017

between:

INDEPENDENT ELECTRICITY SYSTEM OPERATOR
("IESO")

- and -

ONTARIO ELECTRICITY FINANCIAL CORPORATION
("OEFC")

WHEREAS IESO and OEFC have entered into an agreement Providing for the Issuance of a Note dated April 1, 1999 (the "Original Agreement");

AND WHEREAS pursuant to amending agreements dated March 23, 2000, April 23, 2009, May 1, 2011, May 1, 2013, and April 30, 2014 the parties amended the Original Agreement (as so amended, the "Agreement");

AND WHEREAS the parties wish to further amend the Agreement to increase the loan advanced to IESO from a principal amount of C$90 million to a principal amount of up to C$120 million and to extend the maturity date of the loan to June 30, 2020, all of which is to be evidenced through the the issuance of a Fifth Refinancing Note.

NOW THEREFORE in consideration of the mutual agreements contained herein (the receipt and sufficiency of which are hereby acknowledged by each party), the parties agree as follows:

1. **Defined Terms**

Capitalized terms used in this Amending Agreement and not otherwise defined herein have the meanings specified in the Agreement.

2. **Amendments to Agreement**

(a) Definition of "Loan" in the Agreement is deleted.

(b) Article 1a (The Loan) of the Agreement is deleted in its entirety and replaced with the following:

Article 1a $30 Million Advance

Section 1a.1

Effective April 30, 2017, OEFC will make an advance to IESO in the amount of $30 million (the "$30 Million Advance"). IESO directs OEFC to apply, and OEFC agrees to apply, the $30 Million Advance, first to repay Advances Outstanding (as such term is defined in the Revolving Credit Facility Agreement), if any, under the Revolving Credit Facility Agreement, with any amount remaining out of the $30 Million Advance after repaying all Advances Outstanding to be used by IESO for the purpose of funding new IESO capital expenditures.

(c) The following sections are added to the Agreement following Section 2.15:

" Section 2.16 Fifth Refinancing Note

On April 30, 2017, IESO shall execute and deliver to OEFC a promissory note in the form attached as Schedule 1 (the "Fifth Refinancing Note") which shall be in an aggregate principal amount equal to $120 million, dated as of April 30, 2017 and maturing on June 30, 2020 and bearing interest at a per annum rate equal to the Province of Ontario's cost of borrowing for the period from April 30, 2017 to June 30, 2020, as determined by the Chief Executive Officer of OEFC or the Chief Operating Officer of OEFC, or by a person designated by either of them, plus fifty basis points (0.50%) (after as well as before default or judgment, with interest on the amounts in default at the same rate). Upon receipt of the Fifth Refinancing Note by OEFC, the Fourth Refinancing Note dated April 30, 2014 shall be of no further force or effect and shall be returned by OEFC to IESO marked "cancelled".

For greater clarity, the Fifth Refinancing Note shall evidence the indebtedness of IESO to OEFC in respect of the principal amount of $90 million under the Fourth Refinancing Note ("Part A") and the additional $30 Million Advance ("Part B"), for a total aggregate principal amount of $120 million.

Notwithstanding Section 1.5 herein, the interest rate on the Fifth Refinancing Note shall be set on Monday, May 1, 2017, with interest accruing on Part A commencing on Sunday, April 30, 2017, and interest accruing on Part B commencing on Monday, May 1, 2017.

Section 2.17 Interest on Fifth Refinancing Note

Notwithstanding Section 1.5 herein, interest on the Fifth Refinancing Note at the rate specified in Section 2.16 shall accrue daily and shall be payable in equal semi-annual instalments on June 30 and December 31(each an "Interest Payment Date"), provided however that the calculation of the amount of the first such interest payment for Part A shall be in respect only of the period from and including April 30, 2017 to but excluding June 30, 2017, and for Part B in respect only of the period from May 1, 2017 to but excluding June 30, 2017.

For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under the Fifth Refinancing Note for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period."

3. **Reference to and Effect on the Agreement.**

On and after this date, each reference in the Agreement to "this Agreement" and each reference to the Agreement in any and all other agreements, documents and instruments delivered by IESO and OEFC shall mean and be a reference to the Agreement as amended by this Amending Agreement. On and after this date, each reference in the Agreement to either "the Note" or "the New Note" and each reference to either "the Note" or "the New Note" in any and all other agreements, documents and instruments delivered by IESO and OEFC shall mean and be a reference to the Fifth Refinancing Note.

4. **Governing Law**

This Amending Agreement shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.

5. **Counterparts**

This Amending Agreement may be executed in several counterparts, each of which, when so executed, shall be deemed to be an original and which counterparts together shall constitute one and the same agreement.

6. **Enurement**

This Amending Agreement shall be binding upon and shall enure to the benefit of the parties and their respective successors and permitted assigns.

IN ALL OTHER RESPECTS, the Agreement is confirmed by the parties.

IN WITNESS WHEREOF the parties have executed and delivered this Amending Agreement as of the date first written above.

SCHEDULE 1
FORM OF FIFTH REFINANCING NOTE

INDEPENDENT ELECTRICITY SYSTEM OPERATOR

NOTE

Aggregate Principal Amount: $120 million, consisting of: a Part A amount of $90 million ("Part A"), whereon interest accrues commencing on April 30, 2017, and a Part B amount of $30 million ("Part B"), whereon interest accrues commencing on May 1, 2017.

Date: April 30, 2017

Interest Rate: (Province of Ontario's cost of borrowing for the period from April 30, 2017 to June 30, 2020 + 50 basis points)

Due: June 30, 2020

FOR VALUE RECEIVED, the INDEPENDENT ELECTRICITY SYSTEM OPERATOR ("IESO") existing under the laws of the Province of Ontario and having its principal office and place of business at Toronto, Ontario, PROMISES TO PAY to or to the order of ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC") at its offices at Toronto, Ontario or at such other place as OEFC may designate, the principal amount of $120 million in lawful money of Canada, with interest on such amount at the rate, calculated in the manner and payable at the times specified in this Note.

The principal amount of this Note together with all interest accrued thereon shall become due and payable on June 30, 2020.

The principal amount of this Note remaining from time to time unpaid and outstanding shall bear interest from the date of this Note both before and after maturity and both before and after default at the rate per annum equal to the Province of Ontario's cost of borrowing for the period from April 30, 2017 to June 30, 2020, as determined by the Chief Executive Officer of OEFC or the Chief Operating Officer of OEFC, or by a person designated by either of them, plus fifty basis points (0.50%). Interest at such rate shall accrue daily and shall be payable in arrears in equal semi-annual instalments on June 30 and December 31 (each an "Interest Payment Date") commencing June 30, 2017, provided however that the calculation of the amount of the first such interest payment for Part A shall be in respect only of the period from and including April 30, 2017 to but excluding June 30, 2017, and for Part B in respect only of the period from and including May 1, 2017 to but excluding June 30, 2017.

For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Note for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

This Note is issued pursuant to, and is subject to and payable in accordance with the provisions of an agreement providing for the issuance of a note dated April 1, 1999 between the IESO and OEFC and amended by an amending agreement dated March 23, 2000, an amending agreement dated April 23, 2009, an amending agreement dated May 1, 2011, an amending agreement dated May 1, 2013, an amending agreement dated April 30, 2014, and an amending agreement dated April 30, 2017 (as so amended, the "Agreement"), which Agreement provides for, among other things, the acceleration of the principal amount upon the occurrence of certain events.

This Note is not transferable or negotiable without the prior written consent of IESO.

IESO waives presentment for payment and notice of non-payment.

This Note shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.

IN WITNESS WHEREOF IESO has executed this Note.

Subject:	IESO FHP $2 billion Revolving Credit Facility and Existing $475 million Revolving Credit Facility
Date:	Thursday, August 31, 2017 2:18:21 PM

Hello,

This is to note that IESO requested the option to elect to continue (roll-over) all or a portion of principal and interest for the new FHP Revolving Credit Facility and existing $975 million (to be reduced to $475 million) Revolving Credit Facility. We have discussed this matter and there are no concerns from a Capital Markets perspective.

Best regards,

Will Tan| *Documentation & Analysis Specialist*

Notes to Financial Statements (unaudited)

March 31, 2017

1) INTERIM FINANCIAL STATEMENTS

The interim financial statements follow the same accounting policies and methods of their application as the 2016 IESO annual financial statements.

The interim financial statements have been prepared on a going concern basis and should be read in conjunction with the 2016 IESO annual financial statements.

2) MARKET ACCOUNTS

(in thousands of Canadian dollars)	As at March 31, 2017	As at December 31, 2016
Cash, restricted for market activities	443,514	244,755
Market Accounts Receivable	1,155,992	1,370,053
Net Congestion Rent Receivable	2,166	5,728
Global Adjustment Other Charges Receivable	49,846	15,480
Interest Receivable	207	186
Closing balance	**1,651,725**	**1,636,202**
Revolving line of credit	(81,209)	(150,501)
HST receivable/(payable)	(11,140)	25,531
Accounts Payable	(1,249,690)	(1,326,011)
Prepayments	(63,772)	(62,981)
Market Interest Payable to IESO Corporate	(846)	(2,508)
Market Penalties Payable to IESO Corporate	(827)	(1,144)
Regulated Price Plan Variance	72,377	134,988
Provision for Future Transmission Rights Activity	(96,270)	(53,305)
Provision for Future Ontario Electricity Support Program Activity	(110,867)	(92,443)
Provision for Future Rural or Remote Rate Protection Activity	(2,666)	(4,672)
Provision for Future Enforcement Activity	(60,944)	(58,484)
Deferred Transmission Rights Revenue	(45,871)	(44,672)
Closing balance	**(1,651,725)**	**(1,636,202)**

3) ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

(in thousands of Canadian dollars)	As at March 31, 2017	As at December 31, 2016
Relating to operations	34,052	35,630
Relating to tangible capital assets	2,698	3,333
Closing balance	**36,750**	**38,963**

4) REBATES DUE TO MARKET PARTICIPANTS AND ACCUMULATED SURPLUS

As at March 31, 2017 and December 31, 2016, the components of the IESO's Accumulated Surplus were as follows:

Accumulated Surplus

(in thousands of Canadian dollars)	As at March 31, 2017	As at December 31, 2016
Approved regulatory deferral account	11,137	10,000
Accumulated market sanctions and payment adjustments	688	726
Remeasurement gains	5,099	3,762
Accumulated surplus – end of period	**16,924**	**14,488**

Regulatory Deferral Account

(in thousands of Canadian dollars)	As at March 31, 2017
Accumulated surplus – December 31, 2016	10,000
Revenues (before rebates due to market participants)	46,373
IESO operation expenses	(45,236)
Accumulated surplus – end of period	**11,137**

Accumulated Market Sanctions and Payment Adjustments

(in thousands of Canadian dollars)	As at March 31, 2017
Accumulated surplus – December 31, 2016	726
Market sanctions and payment adjustments	664
Customer education and market enforcement expenses	(702)
Accumulated surplus – end of period	**688**

5) DEBT

Note Payable to Ontario Electricity Finance Corporation (OEFC)

In April 2014, the IESO entered into a three-year note payable with the OEFC. The note payable is unsecured, bears interest at a fixed rate of 2.046% per annum and is repayable in full on April 30, 2017. Interest accrues daily and is payable in arrears semi-annually in April and October of each year. As at March 31, 2017, the note payable to the OEFC was $90 million (December 31, 2016 - $90 million).

Credit Facility

The IESO has an unsecured credit facility agreement with the OEFC, which will make available to the IESO an amount up to $95.0 million. Advances under the credit facility are payable at a variable interest rate equal to the Province of Ontario's cost of borrowing for a 30 day term plus 0.50% per annum, with draws, repayments and interest payments due monthly. The credit facility expires April 30, 2017. As at March 31, 2017, no funds were drawn on the credit facility (December 31, 2016 - $nil).

1) INTERIM FINANCIAL STATEMENTS

The interim financial statements follow the same accounting policies and methods of their application as the 2016 IESO annual financial statements.

The interim financial statements have been prepared on a going concern basis and should be read in conjunction with the 2016 IESO annual financial statements.

2) MARKET ACCOUNTS

(in thousands of Canadian dollars)	As at June 30, 2017	As at December 31, 2016
Cash, restricted for market activities	169,586	244,755
Market Accounts Receivable	1,363,494	1,370,053
Net Congestion Rent Receivable	1,894	5,727
Global Adjustment Other Charges Receivable	55,089	15,480
Interest Receivable	183	186
Regulated Price Plan Variance	101,159	-
Market Assets	**1,691,405**	**1,636,201**
Revolving line of credit	(114,383)	(150,501)
HST receivable/(payable)	46,677	25,531
Market Accounts Payable	(1,336,794)	(1,326,011)
Prepayments	(49,550)	(62,980)
Market Interest Payable to IESO Corporate	(1,579)	(2,508)
Market Penalties Payable to IESO Corporate	(1,091)	(1,144)
Regulated Price Plan Variance	-	134,988
Provision for Future Transmission Rights Activity	(61,319)	(53,305)
Provision for Future Ontario Electricity Support Program Activity	(97,155)	(92,443)
Provision for Future Rural or Remote Rate Protection Activity	6,626	(4,672)
Provision for Future Enforcement Activity	(33,705)	(58,484)
Deferred Transmission Rights Revenue	(49,132)	(44,672)
Market Liabilities	**(1,691,405)**	**(1,636,201)**

3) ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

(in thousands of Canadian dollars)	As at June 30, 2017	As at December 31, 2016
Relating to operations	30,955	35,630
Relating to tangible capital assets	3,710	3,333
Closing balance	**34,665**	**38,963**

4) REBATES DUE TO MARKET PARTICIPANTS AND ACCUMULATED SURPLUS

As at June 30, 2017 and December 31, 2016, the components of the IESO's Accumulated Surplus were as follows:

Accumulated Surplus

(in thousands of Canadian dollars)	As at June 30, 2017	As at December 31, 2016
Approved regulatory deferral account	7,783	10,000
Accumulated market sanctions and payment adjustments	644	726
Remeasurement gains	5,708	3,762
Accumulated surplus – end of period	**14,135**	**14,488**

Regulatory Deferral Account

(in thousands of Canadian dollars)	As at June 30, 2017
Accumulated surplus – December 31, 2016	10,000
Revenues (before rebates due to market participants)	87,504
IESO operation expenses	(89,721)
Accumulated surplus – end of period	**7,783**

Accumulated Market Sanctions and Payment Adjustments

(in thousands of Canadian dollars)	As at June 30, 2017
Accumulated surplus – December 31, 2016	726
Market sanctions and payment adjustments	1,504
Customer education and market enforcement expenses	(1,586)
Accumulated surplus – end of period	**644**

5) DEBT

Note Payable to Ontario Electricity Finance Corporation (OEFC)

In April 2017, the IESO entered into a note payable with the OEFC. The note payable is unsecured, bears interest at a fixed rate of 1.767% per annum and is repayable in full on June 30, 2020. Interest accrues daily and is payable in arrears semi-annually in June and December of each year. As at June 30, 2017, the note payable to the OEFC was $120 million (December 31, 2016 - $90 million).

Credit Facility

The IESO has an unsecured credit facility agreement with the OEFC, which will make available to the IESO an amount up to $160.0 million. Advances under the credit facility are payable at a variable interest rate equal to the Province of Ontario's cost of borrowing for a 30 day term plus 0.50% per annum, with draws, repayments and interest payments due monthly. The credit facility expires June 30, 2020. As at June 30, 2017, no funds were drawn on the credit facility (December 31, 2016 - $nil).

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its intension to implement the proposed Fair Hydro Plan (FHP) to reduce electricity prices for eligible consumers in the province. Proposed legislation was introduced this month for the FHP. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that in order to support the IESO's role in FHP implementation it will need greater credit liquidity than currently exists.

An existing credit facility between the IESO and the Ontario Financing Authority (OFA) is currently available for $975 million which includes support for the current Regulated Price Plan (RPP) program. The IESO proposes that a separate and additional credit facility be provided by either the OFA or Ontario Electricity Financial Corporation (OEFC) to support only the FHP credit needs. A separate facility for the FHP is preferable to ensure operational efficiency and interest tracking.

IESO's FHP Credit Requirements and Rationale

Below we have outlined the IESO's expected credit needs including the current OFA facility as follows:

	OFA:IESO Facility	New FHP facility
Current credit facilities	$975 million	$ -
Reduction due to FHP	($500 million)	$ -
Increase due to FHP	$ -	$2,000 million
Totals Credit Facilities	$475 million	$2,000 million

The above $500 million reduction in the current OFA facility is to eliminate duplicate credit needs and reflect the replacement of the current RPP by the new FHP. In addition, the IESO has had recent discussions with OFA staff to explain the rationale to support the overall $2,000 million FHP commitment.

We suggest the new FHP credit facility consider the following key provisions:

- 5 year term - to align with the FHP's initial period of deferral of electricity prices plus a contingency period (i.e. to September 30, 2022);
- interest charge - to be Province's cost of funds for borrowing with a similar term as determined by OFA / OEFC plus 0.25 percent per annum;
- Draws - to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers; and
- Existing $975 million OFA facility : draws to permit for FHP purposes until a new separate credit agreement for FHP purposes has been made available;

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facilities and we will provide such evidence for your records.

We appreciate your continued support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

Kimberly Marshall

Solicitor Client Privilege

Hello Ron and Mike,

We have received a request for information from the Auditor General for the documents/e-mails listed below. Ken Kandeepan has been the point person on this matter in Gadi's absence this week. Pursuant to the *Auditor General Act* S.10(2), OFA and OEFC are required to provide the AG with free access to these materials.

- Engagement Agreements with E&Y and KPMG and any others dealing with the Fair Hydro Plan Proposed Accounting
- All emails between E&Y and KPMG and other Public Accounting Firms staff on the Fair Hydro Plan - Accounting
- All emails between OFA/OEFC and the Ministry of Energy on the Fair Hydro Plan Accounting
- All emails between OPCD/Treasury Board/Ministry of Finance and OFA/OEFC on the Fair Hydro Plan Accounting
- All emails between IESO and OFA/OEFC on the Fair Hydro Plan Accounting
- All emails between OEB and OFA/OEFC on the Fair Hydro Plan Accounting
- All emails between OPG and OFA/OEFC on the Fair Hydro Plan Accounting
- All emails/material provided to the OFA/OEFC Board/Audit Committee on the Fair Hydro Plan Accounting

We are still determining next steps, process and timing, and will provide further guidance in due course, but we wanted to make you aware of the request. Please identify individuals, including yourselves if appropriate, in your respective branches who may have responsive emails/documents. Please make sure these individuals are aware of the request and remind them that they have an obligation to preserve requested documents/emails.

We are exploring the option of running an automated search and anticipate that we will be seeking guidance from you and your respective teams in the coming days with respect to scoping the search request and identifying search strings/key words to ensure that all responsive e-mails are captured.

In the meantime, please let me know if you have any questions or would like to discuss.

Thanks very much, and best regards,

Sarah

Subject:	OFA : IESO - Fair Hydro funding call April 28
Date:	Wednesday, April 26, 2017 11:05:49 AM

Proposed Agenda for Friday's discussions:

1.

IESO's need to have $ commitment for funding Fair Hydro shortfalls – we can discuss the quantum during the call

Background to support the $ commitment's rationale:

- Fair Hydro plan propose to lower bills for the next 4 years – with no recovery until post 2022;
- OPG has no requirement to purchase from the IESO;
- For any purchases made, OPG may need a timing delay (liquidity, alignment for investors timing etc.) – may be one or two months after IESO settles the Fair Hydro shortfall each month;
- The monthly Fair Hydro amounts will continue to have +/- forecast variance amounts (these are expected to be funded by IESO, same as RPP today) and the OEB will consider these variances for each FH rate setting

2.

The current $975M OFA-IESO credit facility may be utilized to include the Fair Hydro funding commitment

Background:

- The current $975M includes a component for today's RPP shortfalls – so this amount can be reduced or transformed into the Fair Hydro commitment;
- Looking for more flexibility on the current minimum 28 day borrowing period,.. if OPG buys from IESO ….would like IESO to pay down the debt as soon as possible;
- Moody's (IESO rating) will be examining if IESO has sufficient capacities to fund FH;
- Examine material adverse clause to accommodate FH

3.

IESO to examine whether O.Reg 280/14 needs to be updated for Fair Hydro – if so, will need IESO Board and Minister of Finance's approvals;

Regards.

Subject:	OFA : IESO - Fair Hydro funding call April 28
Date:	Wednesday, April 26, 2017 11:05:49 AM

Proposed Agenda for Friday's discussions:

1.

IESO's need to have $ commitment for funding Fair Hydro shortfalls – we can discuss the quantum during the call

Background to support the $ commitment's rationale:

- Fair Hydro plan propose to lower bills for the next 4 years – with no recovery until post 2022;
- OPG has no requirement to purchase from the IESO;
- For any purchases made, OPG may need a timing delay (liquidity, alignment for investors timing etc.) – may be one or two months after IESO settles the Fair Hydro shortfall each month;
- The monthly Fair Hydro amounts will continue to have +/- forecast variance amounts (these are expected to be funded by IESO, same as RPP today) and the OEB will consider these variances for each FH rate setting

2.

The current $975M OFA-IESO credit facility may be utilized to include the Fair Hydro funding commitment

Background:

- The current $975M includes a component for today's RPP shortfalls – so this amount can be reduced or transformed into the Fair Hydro commitment;
- Looking for more flexibility on the current minimum 28 day borrowing period,.. if OPG buys from IESO ….would like IESO to pay down the debt as soon as possible;
- Moody's (IESO rating) will be examining if IESO has sufficient capacities to fund FH;
- Examine material adverse clause to accommodate FH

3.

IESO to examine whether O.Reg 280/14 needs to be updated for Fair Hydro – if so, will need IESO Board and Minister of Finance's approvals;

Regards.

Subject: OFA role in reviewing fees
Date: Wednesday, August 30, 2017 5:10:31 PM

Hi Mike,

DM of Energy was interested in whether OFA could play a role in reviewing the OPG trust fee structure on an ongoing basis. As you may know, Energy and OPG have been discussing how fees to act as financial services manager for the trust will be set for some time. OPG would like to use a traditional asset manager model (management fee based on AUM + performance fee). Energy would prefer to replace the fixed management fee with a "cost +" model that is reviewed and approved by the OEB.

Energy has received strong push back from OPG from an accounting perspective on this model and on OEB oversight. The DM was blue-skying and wondered whether OFA could step into the role of reviewer of the fee structure to ensure it was reasonable. This would help with optics and hopefully result in a more reasonable cost to ratepayers on an ongoing basis. I think OFA will be doing something similar on sub-debt so wondered if that could be extended.

I realize Gadi will need to weigh in on this, but if you have any preliminary thoughts that would be helpful. We have a meeting tomorrow AM with the broader group on OFHP and I will be asked this question. Any early insights would be much appreciated.

Thanks,

Scott

Date:	Monday, April 24, 2017 5:43:52 PM

As the draft Fair Hydro legislation is closer to being finalized…..the legislation is giving more clarity on the IESO's expected funding needs.

I think we should have another call this week to discuss more concrete action items regarding the IESO's funding needs to pay for the Fair Hydro shortfalls/holding regulatory asset amounts.

Please let me know if any of the following times works, afterwhich I will send out an invite:

1hour meeting either:

April 26 2017 4pm

April 27 2017 11am

April 28 2017 2pm

Regards.

Attachments:	Term Sheet_Master Subscription_draft June 5.docx Financing Trust - Performance Fee Recommendation.doc

---

Hi everyone,

As a follow up to today's meeting there are a couple items I think can move forward at this point.

1. Equity Injection Mechanics (draft term sheet attached)
    a. If comfortable, OPG would draft Master Subscription agreement, OFA/ENE would develop service level agreement for cash management services and ENE legal would move forward with amendment to OPG articles to facilitate new class of shares
2. Performance Fee Recommendation (OPG recommended approach attached)
    a. If comfortable, OPG would assist ENE in developing regulation language

My proposed next steps, subject to your agreement, would be to share these documents with ENE legal today and then table them at a Thursday morning meeting with ENE DMO/MO (along with an updated "business issues" note, which I'll send around for everyone's input in the next day or so). After that meeting I would send the same materials /update to MOF DMO along with any new updates received at that meeting.

Could you please confirm you have no further comments and that you agree with this approach and also that there's no other materials/terms that you think need to move up through approvals at this point in time?

Thanks in advance,

Kaitlin

Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy
- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)
- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)
- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, ie, annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder
- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi year forecasts
- Ministry of Energy and Ontario Financing Authority will have a service level agreement in place which provides authority for OFA to provide cash management services to facilitate these share purchases on an ongoing basis on behalf of the Ministry of Energy
- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan
- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option
- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – ie, existing shareholder's equity
- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027
- Redemption value of the Class A Shares to be based on book value on the redemption date, ie, the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Formatted: Indent: Left: 0.5", No bullets or numbering

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

Timing: [same day as notice from Fair Hydro Trust]

Documents/steps:

(i) share subscription form,

(ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

b) OFA ~~and~~ and OPG settle equity injection amounts
Timing: [five] business days from notice to OFA to payment/settlement with OPG
[NOTE: timing to be confirmed based on IESO/Trust process requirements]
Documents/steps:
(i) completed/signed share subscription form from OFA~~/Province~~ to OPG
(ii) funds transfer from OFA to OPG account)
(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register sent to OFA and Ministry of Energy

Longer term Process/Approvals:

1. Equity Requirements Estimates:
   a. Business Plan Submissions: OPG to include forecasts of equity requirements for the business planning period as well as supporting documentation
   ~~a.~~
   b. OPG Board Approvals
      - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
      - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

   c. Ministry of Energy appropriations
   ~~[describe annual process]~~ Ministry of Energy to update appropriations for upcoming 3 year cycle through the PRRT process, including 3 year rolling estimates along with supporting information as provided by OPG through its business planning process

Formatted: Indent: Left: 2", No bullets or numbering

Share Redemption Process

- TBD -- process to be determined at a later date and appended as Appendix to Master Subscription Agreement

FINANCING TRUST – PERFORMANCE FEE TO OPG

BACKGROUND

Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest. A performance fee relating to the funding obligations will be meaningful and allow OPG to make decisions that will significantly impact its return. The Act as drafted enables OPG to achieve its accounting objective of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.. The objective therefore is to recommend a reasonable variable performance fee structure for OPG to earn a return from the Trust, and meet the accounting requirement.

ANALYSIS OF ACCOUNTING REQUIREMENT

To support the accounting consolidation, OPG's variable performance return will be accomplished through the followings:

a. The cash flow from the investment asset shall include interest determined based on a relevant benchmark that is appropriate relative to the investment asset, plus an appropriate margin consistent with the relevant market and other risks
b. OPG shall have the authority to determine the financing strategy, which will vary the financing costs with the objective of enabling the Trust to achieve a more favorable return compared to the benchmark for interest on the investment asset
c. The Trust shall establish different classes of debt (senior, subordinated and the most subordinated). The classes would allow the Trust to delineate financing of lower risk investment and investment that would bear higher residual risk. The delineation would limit OPG's self-funded investment to a reasonable level in order to allow OPG to remain a self-sustaining entity.
d. OPG shall, through its ownership of the most subordinated liability, be able to capture and retain the pricing difference between cost of financing and benchmark for interest on the investment asset, or any residual risk of investment asset. The targeted return of the subordinated debt should be reflective of the underlying risks and compensate holders for active management that would be required.

PERFORMANCE FEE ANALYSIS

Based on the accounting requirements, the recommendation is for OPG to establish a variable performance fee structure as follows:

As the Trust may issue both long term bonds and medium term notes, benchmarks based on various terms, will be established on an annual basis, subject to the following methodology:

- Benchmarks will be established as the sum of (1) reference rate, and (2) spread
    - Both reference rate and spread will be term dependant

- For bond/note issuance, reference rate will be GOC rate of equivalent term
- Reference rate will be based on consensus forecast provided by various financial institutions

- Benchmarks will be established based on the weighted average rate of incremental debt issuance at the Trust level
- If the actual weighted average rate is lower than the corresponding benchmark, OPG will realize a gain, otherwise a loss
- Variable performance fee, i.e. gain/loss, is applicable only to OPG's investment in the Trust (5% of the funding requirement), and is capped at benchmark weighted average rate +/-1%

An example illustrating this structure is detailed in Appendix 1

APPENDIX 1

The illustration is based on the expected Trust debt structure as follows:

	Risk Profile	Source	% of Total Funding Requirement
Tranche A Senior Debt	the least risky	Capital Markets	51%
Tranche B Sub Debt	In between A&C	OPG via OEFC	39%
Tranche C Sub Debt	the most risky	OPG via OEFC	5%
		OPG via Capital Markets	5%

1. Benchmark is to be established at each year end for Trust issuance next year. In this example, assuming the following benchmark is established as of end of Yr 1

		Benchmark
Tranche A	51%	4.25%
Tranche B Sub Debt	39%	5.50%
Tranche C Sub Debt	10%	6.50%
Weighted Average Rate		**5.0%**

2. By the end of Yr 2, OPG will calculate the actual weighted average rate for all incremental issuance for the year. If the actual weighted average rate is lower than the corresponding benchmark, OPG will realize a gain, otherwise a loss.

	Allocation	Benchmark	Actual
Tranche A	51%	4.25%	5.0%
Tranche B Sub Debt	39%	5.50%	5.60%
Tranche C Sub Debt	10%	6.50%	6.60%
Weighted Average Rate		**5.0%**	5.4%
		Loss	0.4%

3. Variable management fee, i.e. gain/loss, is applicable only to OPG's investment (5% of the Trust funding requirement), and is capped at benchmark weighted average rate +/-1%.

   Based on the example above and assume incremental Trust issuance is $2B, OPG will realize loss of variable performance fee of 0.4M ($2B*5%*0.4%)

Subject: EXTERNAL – RE: OGP/Fair Hydro - Provincial Guarantee

*** Exercise caution. This is an EXTERNAL email. DO NOT open attachments or click links from unknown senders or unexpected email. ***

John, as discussed, below is our summary for the discussion with the Province –
Thanks, Sunil.

Change in Law
* We are okay with the province assuming the financing obligations of the Financing Entity ("FE") with no early redemption rights (by either the province or investors) in the circumstance of a Change in Law.
* We note that in the US, the potential downgrade on the bonds once the province steps could result in the bonds spreads widening, which would result in losses for US investors. US investors would expect to be compensated for that risk (either through a pre-determined step-up in pricing when the province assumes the obligation, and/or through a premium they would require for this risk when purchasing the notes initially).

Approval Process
* The province (OFA) will want to see the form of the various program and series documents that will be captured by the guarantee/support before approving any guarantee. As long as the documents are in the agreed form, they would NOT need to provide specific approval for each series.
* We understand that Provincial control of the financing program would eliminate OPG's consolidation of the Financing Entity so Provincial approval of transaction terms needs to be avoided.
* Since the financing documents cannot affect how or when the Provincial Guarantee is triggered (Change in Law and Constitutionality of the Program) then specific Provincial approval of transaction documentation would be seen as exerting control and must be avoided.

Warehousing Risk
* The issue is the moratorium period and the length of time for the warehouse provider to be taken out if there is an extended period of time where the program can no longer be funded in the term markets
* Option here if the warehouse providers are to absorb the risk is:
o On default, pricing would step up materially
o After [one] year following the moratorium ended, pricing would step up again and would continue to do so every 6 months until the warehouse is repaid
o This mechanic helps compensate the warehouse providers to the extended tail risk in this transaction and creates alignment of interest
* The warehouse providers cannot control the maturity of other pieces of FE debt issues. The step up schedule incents the financial manager to ensure that there are no competing maturities (so that the warehouse provider can be repaid as quickly as possible) during the first few years after the moratorium period ends
* This would be subject to banks receiving necessary approvals as the tail risk is longer than anticipated. That process will require a greater understanding of how long the tail could be (i.e. how quickly could we be repaid through clean energy adjustments after the moratorium period has ended)

* The higher pricing will result in higher clean energy pricing during this default scenario. As an alternative to letting the warehouse provider being repaid over time through these clean-energy adjustments, the province could voluntarily choose to purchase a term note to take out the warehouse provider
* The province could resell that note in the secondary market if that market opens
* Assuming there are other series of notes outstanding by the FE that are sold to others, the province may need to confirm whether there are consolidation concerns from being an investor in the FE (and if so, what threshold of notes would result in that consolidation risk)
* The province is not obligated to purchase notes in this scenario, this is just an option they would have at their disposal if they did not want to clean energy adjustment amounts (and hence charges to ratepayers) to increase because the default pricing
* Other options
o IESO provides the warehouse instead of the banks – note that this will likely be limited based on the size of the IESO's credit facility. If there is a prolonged period of market disruption, then this credit facility will likely fill up fast and at that point the Province will likely have to increase the facility or backstop further rebates --> essentially under a market disruption, the Province may ultimately have to backstop the funding. Based on this, it may be preferable for the Province to provide a market disruption guarantee to the short-term ABCP facilities?

Servicing Guarantee
* The substantive risk not addressed through regulation/legislation/contract so far is commingling risk
* In general, the rating agencies require daily cash remittance of any collections for non-investment grade entities unless a suitable mitigant is in place
o The investment grade test will generally need to be by the same rating agency rating the FE debt
* (E.g. if an entity is not rated by Moody's, but is rated investment grade by DBRS and S&P, and the FE debt is rated by Moody's, Moody's may not consider that entity to be investment grade and may not permit them to commingle)
* Fitch often gives an exception for this where they may allow commingling for investment grade entities even if Fitch does not rate that counterparty
o This should not be an issue from IESO perspective, but can be an issue from an LDC perspective
* The majority of the LDCs are not
* Rating individual LDCs by each of the rating agencies that rate the FE debt will be time consuming and expensive and is not a viable option
* Proposal would be for IESO or another highly rated entity to post a L/C facility to mitigate the servicing risks of the LDCs and thereby avoiding any review of the LDCs by the agenciesand avoid daily cash remittances for any LDC assessed to be non-investment grade

Overall Commentary

• Equity markets were mixed last week alongside mixed economic data and a focus on potential U.S. tax reforms.
  o S&P: +1.5%, led by information technology and health care.
  o TSX: -0.2%, with gold and materials lagging.
• Government yields were mixed in Canada and the U.S. last week with GoC's outperforming treasuries across the curve.
• Canadian GDP growth was flat in February, a tick below expectations and breaking a 3-month streak of gains.
  o The prior month was left unrevised at +0.6%, leaving monthly GDP up 2.5% y/y.
• U.S. GDP growth fell to 0.7% annualized in Q1 from 2.1% in Q4 2016, below expectations of a 1.3% reading and leaving real GDP growth up 1.9% y/y.
• U.S. new home sales rose 5.8% to 621,000 annualized in March to the second-highest level in nearly a decade from a downwardly-revised tally in February.
• The European Central Bank left interest rates and its asset purchase program unchanged on Thursday, as expected.
  o ECB President Mario Draghi acknowledged the improving state of the euro-area economy but cautioned against the tapering of the ECB's stimulus program due to ongoing inflation pressure.
• Bank of Japan held policy rates steady on Thursday, as expected, with the policy rate at -0.1% and 10-year yield target of 0%.
• Japanese CPI rose 0.2% from year-ago levels in March, below expectations of a +0.3% rise.

Benchmarks Last Week

• Canada Curve (w/w): unch, unch, -2, +2 bps for 2s, 5s, 10s and 30s.
• Treasury Curve (w/w): +8, +4, +3, +5 bps for 2s, 5s, 10s and 30s.
• Canadian Swap Spreads (w/w): +0.38, +3.00, -4.38, +2.94 for 2s, 5s, 10s and 30s.
• Canadian Corporate Bond Cash Spreads: 0-2bps tighter.

Corporate Market Last Week

• It was a modest week in the Canadian primary market with three transactions pricing for $2.6bn.
  o Notable trade last week was Bank of Nova Scotia pricing $1.75bn of a 5-year deposit note heading into bank quarter end.
  o April ex-MBS volume finished at $6.6bn ($4.7bn ex-bank) and 9% above last year's April volume.
  o 2017YTD ex-MBS volume now stands at $33.2bn ($22.5bn ex-bank), up 22% from the same time last year.
• Secondary spreads finished the week 0-2bps tighter on lighter primary supply though material softening was seen in smaller lenders.
• It was an active week in the US high grade market with US$25.7bn pricing across 17 transactions / 30 tranches.
  o April volume finished at US$82.6bn from 56 transactions / 97 tranches, 7% behind the previous year's April volume.
  o 2017YTD total now sits at US$476.2bn from 309 transactions / 581 tranches, 7% above the same time last year.
• Primary supply is expected to be muted this week with many corporate issuers in earnings blackout and a relatively light marketing calendar.

Canadian Corporate Supply Last Week

• Bank of Nova Scotia (Aa3/A+/AA) priced $1.75bn of a 5-year fixed rate deposit note at GoC Curve +77bps.
• RBC Dominion Securities (Aaa/AAA/AAA) priced ~$357mm of a 3.542-year WAL NHA MBS offering at GoC Curve +57bps.

• Ford Auto Securitization Trust (FAST) (various) priced a ~$541mm multi-tranche ABS offering with the A-1 notes pricing at GoC Curve +50bps (0.45 year WAL), A-2 notes at Goc Curve +70bps (1.72 year WAL), and A-3 notes at GoC Curve +90bps (3.24 year WAL).

Canadian Government Supply Last Week
• Province of Alberta (Aa1/AA/AAH) reopened its June/27's for $600mm at +82 bps vs. GoC Jun/27's, or 7 bps back of ONT Jun/27's at the time.

International Canadian Government Supply Last Week
• Province of Manitoba (Aa2/AA-/AH) issued US$1bn of a 5-year note at MS+26bps (Books in excess of US$1.75bn / IPT MS+28 area with Guidance at MS+27bps area).

Overall Commentary
• Equity markets closed lower last week alongside mixed U.S. economic data and ongoing turmoil in the White House.
o S&P: -0.6%, with energy and telecom services lagging.
o TSX: -0.5%, with energy and gold lagging.
• Government yields were mixed in Canada and the U.S. last week, with both yield curves flattening week over week.
• Canadian existing home sales fell 2.1% in July from the prior month (seasonally adjusted), and down 11.9% from year-ago levels, marking the fourth consecutive monthly decline.
• Canadian CPI was broadly in line with expectations in July, with the headline prices unchanged, but up 0.2% after adjusting for seasonality.
• U.S. housing starts unexpectedly fell 4.8% in July to a 2-month low of 1.155 million units annualized.
• FOMC meeting minutes signaled that the central bank is getting close to taking the first step in balance sheet normalization while moving a bit further from taking the next step in policy rate normalization, the latter reflecting concerns over recent inflation softness.
• Japanese GDP rose 4% annualized in Q2, well above expectations of a 2.5% rise.

Benchmarks Last Week
• Canada Curve (w/w): +3, +2, +2, -1 bps for 2s, 5s, 10s and 30s.
• Treasury Curve (w/w): +1, +2, +1, -1 bps for 2s, 5s, 10s and 30s.
• Canadian Swap Spreads (w/w): -1.50, -2.88, -3.63, -3.00 for 2s, 5s, 10s and 30s.
• Canadian Corporate Bond Cash Spreads: 2-4 bps wider.

Corporate Market Last Week
• New issue activity picked up in the Canadian primary market with $3.9bn priced across three issues.
o The highlight of the week was Apple's inaugural Maple offering of $2.5 billion 7-year fixed rate notes. The deal achieved several milestones in the Canadian corporate market, including:
§ Largest ever non-bank issue
§ Largest ever single tranche issued (tied)
§ Largest ever Maple offering (tied)
§ Largest ever single-tranche Maple offering
o Additional notable transactions included Manulife Financial's inaugural C$ HoldCo subordinated debt offering consisting of $750mm 12NC7 fixed-to-floating rate notes and Pembina Pipeline's $600mm dual-tranche reopening of their bonds due Jan/24 and Jan/47, respectively.
o 2017YTD ex-MBS volume stands at $69.4bn ($48.4bn ex-bank), up 13% from the same time last year.
• Secondary spreads finished the week 2-4bps wider with the long end of the curve underperforming.
• It was an active week in the US high grade market with US$29.5bn pricing across 14 transactions / 28 tranches.
o 2017YTD total now sits at US$934.5bn from 603 transactions / 1119 tranches, 4% above the same time last year.
• Looking forward, we expect new issue volumes to be relatively muted with many market participants out of the office.

Canadian Corporate Supply Last Week.
• Pembina Pipeline Corp. (-/BBB/BBB) issued a dual-tranche offering comprised of a $350mm reopening of their Jan/24's priced at +150bps vs. GoC Jun/23's and a $250mm reopening of their Jan/47's priced at +255bps vs. GoC Dec/48's.
• Manulife Financial Corporation (-/A-/AL) priced $750mm of 12NC7 fixed-to-floating rate notes at GoC Curve

+132bps.
• Apple Inc (Aa1/AA+/-) priced $2.5bn of 7-year fixed rate notes at GoC Curve +80bps.BMO CM was a bookrunner on the transaction.

Canadian Government Supply Last Week
• Canada Housing Trust (Aaa/AAA/AAA) reopened its Jun/27's for $2.25bn at +44.5bps vs. GoC Jun/27's and reopened its Sep/22 FRN for $2bn at $100.24.BMO CM was a joint-lead on the transaction.
• Province of Manitoba (Aa2/A+/AH) reopened its Jun/27's for $300mm at +76.5bps vs. GoC Jun/27's or +7.5bps back of ONT/27's at the time.
• City of Toronto (Aa1/AA/AA) reopened its Jun/36's for $200mm at +105.5bps vs. GoC Jun/37's.

THIS MESSAGE IS ONLY INTENDED FOR THE USE OF THE INTENDED RECIPIENT(S) AND MAY CONTAIN INFORMATION THAT IS PRIVILEGED, PROPRIETARY AND/OR CONFIDENTIAL. If you are not the intended recipient, you are hereby notified that any review, retransmission, dissemination, distribution, copying, conversion to hard copy or other use of this communication is strictly prohibited. If you are not the intended recipient and have received this message in error, please notify me by return e-mail and delete this message from your system. Ontario Power Generation Inc.

No securities regulatory authority has expressed an opinion about these securities and it is an offence to claim otherwise.

A copy of this preliminary short form base shelf prospectus has been filed with the securities regulatory authorities in each of the provinces of Canada but has not yet become final for the purpose of the sale of securities. Information contained in this preliminary short form base shelf prospectus may not be complete and may have to be amended. The securities may not be sold until a receipt for the short form base shelf prospectus is obtained from the securities regulatory authorities.

This short form prospectus has been filed under legislation in each of the provinces of Canada that permits certain information about these securities to be determined after this prospectus has become final and that permits the omission from this prospectus of that information. The legislation requires the delivery to purchasers of a prospectus supplement containing the omitted information within a specified period of time after agreeing to purchase any of these securities. All shelf information omitted from this shelf prospectus will be contained in one or more prospectus supplements that will be delivered to purchasers together with the base shelf prospectus.

This preliminary short form prospectus constitutes a public offering of these securities only in those jurisdictions where they may be lawfully offered for sale and therein only by persons permitted to sell such securities. The securities to be issued hereunder have not been and will not be registered under the United States Securities Act of 1933, as amended, or any state securities laws and may not be offered, sold or delivered within the United States of America and its territories and possessions except in certain transactions exempt from the registration requirements of such Act. See "Plan of Distribution".

***Information has been incorporated by reference in this short form prospectus from documents filed with securities commissions or similar authorities in Canada**. Each shelf prospectus supplement will be incorporated by reference into this shelf prospectus for the purposes of securities legislation as of the date of the shelf prospectus supplement and only for the purposes of the distribution of the securities to which the shelf prospectus supplement pertains. Copies of the documents incorporated herein by reference may be obtained on request without charge from the Secretary of Ontario Power Generation Inc., 700 University Avenue, Toronto, Ontario, M5G 1X6, Canada, (416) 592-6700 and are also available electronically at www.sedar.com.*

PRELIMINARY SHORT FORM BASE SHELF PROSPECTUS

New Issue **[August ■]**, 2017

ONTARIO POWER GENERATION INC.
$[2,000,000,000]
Medium Term Notes
(unsecured)

Ontario Power Generation Inc. ("OPG" or the "Company") may offer and issue from time to time medium term notes (the "Notes") in an aggregate principal amount of up to $**[2,000,000,000]** in Canadian currency (or the equivalent thereof in other currencies or currency units at the time of issue) during the twenty-five months from the date of issuance of the receipt for this short form prospectus.

The Notes will have a term to maturity of not less than one year and will be issuable in Canadian currency (or in other currencies or currency units) in fully registered definitive or global form, in which case the Notes will be exchangeable only under certain conditions for definitive Notes.

Notes issued hereunder will be direct unsecured obligations of the Company, will be issued under a trust indenture in any number of series or separate issues thereof, and will at their respective dates of issue rank *pari passu* with all other unsecured and unsubordinated Indebtedness (as defined below) of the Company then outstanding, except as to any sinking fund which pertains exclusively to any particular Indebtedness of the Company.

The specific variable terms of an offering of Notes (including the aggregate principal amount of the Notes being offered, the currency or currencies, the issue and delivery date, the form, the maturity date, the interest rate (either fixed or floating and, if floating, the manner of calculation thereof), the issue price, the interest payment date(s), any redemption or repayment provisions, any provisions entitling the Company to extend the maturity date of the Notes, the name(s) of the dealer(s) offering the Notes, the commission payable to such dealer(s), the method of distribution and the net proceeds to the Company) will be set forth in a prospectus supplement or pricing supplement which will accompany this short form prospectus. Unless otherwise indicated in a prospectus supplement or pricing supplement, the Notes will not be listed on any securities exchange.

This short form prospectus does not qualify the issuance of Notes: (i) entitling the holder to exchange or convert the Notes into securities issued by the Company or into securities issued by another entity; or (ii) in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to one or more underlying interests including, for example, an equity or debt security, a statistical measure of economic or financial performance including, but not limited to, any currency, consumer price or mortgage index, or the price or value of one or more commodities, indices or other items, or any other item or formula, or any combination or basket of the foregoing items. For greater certainty, however, this short form prospectus does qualify for issuance Notes in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to published rates of a central banking authority or one or more financial institutions, such as a prime rate or a bankers' acceptance rate, or to recognized market benchmark interest rates, such as CDOR, LIBOR or EURIBOR, or to interest rates on Government of Canada bonds.

The sole shareholder of the Company is the Province of Ontario (the "Province"). The Notes will not be obligations of, and will not be guaranteed in any manner by, the Province.

Investing in the Notes involves risks. See "Risk Factors" in this short form prospectus, which may be amended or supplemented in any prospectus supplement or pricing supplement.

Unless otherwise indicated in a prospectus supplement or pricing supplement, there is no market through which these securities may be sold and purchasers may not be able to resell securities purchased under this short form prospectus. This may affect the pricing of the securities in the secondary market, the transparency and availability of trading prices, the liquidity of the securities, and the extent of issuer regulation. See "Risk Factors".

Certain directors of the Company reside outside of Canada. Each such director has appointed the Company as his/her agent for service of process in Canada. Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against any person or company that is incorporated, continued or otherwise organized under the laws of a foreign jurisdiction or resides outside of Canada, even if the party has appointed an agent for service of process. See "Agent for Service of Process in Canada".

RATES ON APPLICATION

The Notes may be offered severally by one or more of **[BMO Nesbitt Burns Inc., TD Securities Inc.]**, [■], [■] and [■] pursuant to the dealer agreement referred to under the heading "Plan of Distribution" or such other dealers as may be selected from time to time by the Company (the "Dealers"), in each case acting as agent of the Company or as principal. Where the Notes are offered by the Dealers as agent, the commissions payable in connection with sales of such Notes shall be agreed from time to time between the Company and any such Dealers. Where the Notes are purchased by the Dealers as principal, the Notes shall be purchased at such prices and with such commissions as may be agreed from time to time between the Company and any such Dealer(s) for resale to the public at prices to be negotiated with each purchaser. Such resale prices may vary during the distribution period and as between purchasers. In each case, the commissions payable, if any, will be set forth in a prospectus supplement or pricing supplement that will accompany and be incorporated by reference in this short form prospectus. Each Dealer's compensation will increase or decrease by the amount by which the aggregate price paid for Notes by purchasers exceeds or is less than the price paid by the Dealer, acting as principal, to the Company. The Company may also offer the Notes directly to potential purchasers pursuant to applicable statutory exemptions at prices and upon terms negotiated between the purchaser and the Company.

Certain of the Dealers may be subsidiaries or affiliates of lenders to the Company or its subsidiaries, now or in the future. Details of any relevant connected issuer considerations will be included in a prospectus supplement or pricing supplement if applicable to any offering of Notes. See "Plan of Distribution".

The offering of Notes is subject to the approval of certain legal matters on behalf of the Company by Torys LLP and on behalf of the Dealers by Blake, Cassels & Graydon LLP.

The Company's head and registered office is located at 700 University Avenue, Toronto, Ontario, M5G 1X6, Canada.

The Company's consolidated financial statements incorporated by reference in this short form prospectus have been prepared in accordance with U.S. generally accepted accounting principles. Unless otherwise specified or the context otherwise requires, all references herein to currency are references to Canadian dollars.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents, which have been filed with the securities commission or similar regulatory authority in each of the provinces of Canada, are specifically incorporated by reference in this short form prospectus:

(a) the annual information form of the Company dated March 10, 2017 (the "AIF");

(b) the comparative audited consolidated financial statements of the Company, and the notes thereto, as at and for the fiscal years ended December 31, 2016 and 2015, together with the report of the auditors thereon dated March 10, 2017;

(c) management's discussion and analysis ("MD&A") for the year ended December 31, 2016;

(d) the statement of executive compensation for the year ended December 31, 2016; and

(e) the unaudited consolidated financial statements of the Company, and the notes thereto, as at June 30, 2017 and for the three and six month periods ended June 30, 2017 and June 30, 2016 together with MD&A for those periods.

Updated earnings coverage ratios, as required, will be filed quarterly with the appropriate securities regulatory authorities either as prospectus supplements or as part of the Company's unaudited interim and audited annual consolidated financial statements and will be deemed to be incorporated by reference into this short form prospectus for the purposes of the offering of Notes hereunder.

Any documents of the type required by National Instrument 44-101 – *Short Form Prospectus Distributions* to be incorporated by reference in a short form prospectus, including documents of the types referred to in paragraphs (a) through (e) above, any material change reports (except confidential material change reports), and any business acquisition reports filed by the Company with the securities regulatory authorities in Canada since the end of the financial year in respect of which its then current annual information form is filed, shall be deemed to be incorporated by reference into this short form prospectus. Upon a new annual information form, new statement of executive compensation and new annual financial statements and the related MD&A being filed by the Company with, and where required, accepted by, the applicable securities regulatory authorities during the currency of this short form prospectus, the previous annual information form, the previous statement of executive compensation, the previous annual financial statements and the related MD&A, and all previous interim financial statements and the related MD&A filed prior to the commencement of the Company's financial year in which the new documents are filed shall be deemed no longer to be incorporated into this short form prospectus for purposes of future offers and sales of Notes hereunder.

A pricing supplement or prospectus supplement containing the specific variable terms for an issue of Notes will be delivered to purchasers of such Notes together with this short form prospectus and will be deemed to be incorporated by reference into this short form prospectus as of the date of the pricing supplement or prospectus supplement, solely for the purposes of the Notes issued under that pricing supplement or prospectus supplement. Any template version of marketing materials for an issue of Notes filed by the Company with the securities regulatory authorities in Canada after the date of the pricing supplement or prospectus supplement in respect of such issue of Notes and before the termination of the distribution of such Notes will be deemed to be incorporated by reference into that pricing supplement or prospectus supplement.

Any statement contained in this short form prospectus or in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded and not incorporated by reference, for purposes of this short form prospectus, to the extent that a statement contained herein or in any other subsequently filed document which also is or is deemed to be incorporated by reference herein modifies or supersedes such prior statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not constitute a part of this short form prospectus, except as so modified or superseded.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING INFORMATION

This short form prospectus, including the documents incorporated by reference herein, contains "forward-looking information" within the meaning of applicable Canadian securities laws that is based on current expectations, estimates, forecasts and projections about the business of the Company and the industry in which the Company operates and includes beliefs and assumptions made by the management of the Company. Such information includes, but is not limited to, statements about the general development of the Company's business, the Company's strategy, future capital expenditures, and expectations regarding developments in the statutory and operating framework for electricity generation and sale in Ontario. Additional forward-looking information is identified in the various documents incorporated by reference in this short form prospectus, including the section entitled "Forward-Looking Information" in the Company's annual information form and the section entitled "Forward-Looking

Statements" in the Company's MD&A. The Company generally uses words such as "anticipate", "believe", "foresee", "forecast", "estimate", "expect", "schedule", "intend", "plan", "project", "seek", "target", "goal", "strategy", "may", "will", "should", "could", and other similar words and expressions to indicate forward-looking statements. The absence of any such word or expression does not indicate that a statement is not forward-looking. The forward-looking information contained in this short form prospectus, including the documents incorporated by reference herein, are not guarantees of future performance and involve inherent assumptions and risks and uncertainties that are difficult to predict. All forward-looking statements could be inaccurate to a material degree. In particular, the forward-looking information contained in this short form prospectus is based on a variety of factors and assumptions including, OPG's generating station performance and availability, fuel costs, surplus baseload generation, cost of fixed asset removal and nuclear waste management, performance and earnings of investment funds, refurbishment of existing facilities, development and construction of new facilities, pension and other post-employment benefit obligations and funds, income taxes, proposed new legislation, the ongoing evolution of Ontario's electricity industry, environmental and other regulatory requirements, health, safety and environmental developments, business continuity events, the weather, financing and liquidity, applications to the Ontario Energy Board ("OEB") for regulatory prices, the impact of regulatory decisions by the OEB, operations, maintenance and administration expenditures, retention of critical talent, supplier and third party performance, and forecasts of earnings, cash flows, Funds from Operations Adjusted Interest Coverage, Return on Common Equity Excluding Accumulated Other Comprehensive Income, Total Generating Cost and capital expenditures. Actual outcomes and results may differ materially from what is expressed, implied or forecasted in this forward-looking information. While the Company does not know what impact any of these differences may have, the Company's business, results of operations, financial condition and credit stability may be materially adversely affected. Factors that could cause actual results or outcomes to differ materially from the results expressed or implied by forward-looking information are discussed in more detail under "Risk Factors" in this short form prospectus and in any prospectus supplement or pricing supplement and in the sections entitled "Forward-Looking Information" and "Risk Factors" in the Company's annual information form and the sections entitled "Risk Management" and "Forward-Looking Statements" in the Company's MD&A. You should carefully consider these and other factors and not place undue reliance on forward-looking information.

The forward-looking information included in this short form prospectus and in the documents incorporated by reference represent the Company's views as of the date of this short form prospectus or the relevant document incorporated by reference herein, as applicable, and should not be relied upon as representing the Company's views as of any subsequent date. The Company has no intention and undertakes no obligation to update or revise any forward-looking information as a result of new information, future events or otherwise, except as required by law.

THE COMPANY

OPG is an Ontario-based electricity generation company whose principal business is the generation and sale of electricity in Ontario. OPG was established under the *Business Corporations Act* (Ontario) and is wholly-owned by the Province.

[NTD: To be updated after Q2 documents are filed.] OPG is Ontario's largest clean energy generator. **[As at June 30, 2017, OPG operated two nuclear generating stations, 66 hydroelectric generating stations, three thermal generating stations, and one wind power turbine. In addition, OPG and TransCanada Energy Ltd. co-own the 550 MW Portlands Energy Centre ("PEC") gas-fired combined cycle generating station. OPG and ATCO Power Canada Ltd. co-own the 560 MW Brighton Beach gas-fired combined cycle generating station ("Brighton Beach"). Including its share of the co-owned facilities, OPG's total in-service generating capacity was 16,211 MW as at June 30,**

2017, which represented approximately 45 percent of installed generation capacity in Ontario's electricity grid as reported by the Independent Electricity System Operator ("IESO"). OPG's in-service generating capacity as of June 30, 2017 excludes Unit 2 of the Darlington Nuclear Generating Station. This unit, which has a generating capacity of 878 MW, was taken offline in mid-October 2016 and is currently undergoing refurbishment. OPG operates under an electricity generation licence issued by the OEB, which is valid until October 30, 2023. OPG expects the licence to be renewed in the future.]

OPG also owns two other nuclear generating stations, the Bruce A Nuclear Generating Station and the Bruce B Nuclear Generating Station, which are leased on a long-term basis to Bruce Power LP and are not included in the generation and other operating statistics contained and incorporated by reference in this short form prospectus. A description of OPG's segments is provided in OPG's 2016 annual MD&A in the section, "Business Segments".

All of OPG's owned and co-owned generating facilities are located in Ontario. OPG does not operate PEC, Brighton Beach, the Bruce A Nuclear Generating Station and the Bruce B Nuclear Generating Station.

The address of the head and registered office of the Company is 700 University Avenue, Toronto, Ontario, M5G 1X6, Canada.

RECENT DEVELOPMENTS

[NTD: OPG to confirm if there have been any material developments since Q2 financials and MD&A.]

Ontario Fair Hydro Plan

In June 2017, the Ontario government passed the *Ontario Fair Hydro Plan Act, 2017* (the "FHPA"), legislation that permits the refinancing of certain electricity infrastructure costs and provides immediate rate relief to consumers. Under the FHPA, OPG is appointed as financial services manager and is given the authority to, among other things, establish and manage one or more financing entities to raise debt financing for the purposes of the FHPA ("FHPA Debt Financing"). Subject to the terms of the FHPA, the FHPA Debt Financing is ultimately recoverable through rates charged to consumers. OPG will control the financing entities and will provide management and financial services to the financing entities to implement the financing plan. The Province has agreed to indemnify the Company, its subsidiaries (other than any financing entities) and each of their directors, officers and employees in respect of losses arising directly or indirectly from the implementation of or relating to the Fair Hydro Plan (subject to limited exceptions, including losses arising as a result of dishonesty, gross negligence or wilful misconduct).

In addition, it is expected that OPG will acquire a portion of the FHPA Debt Financing. Substantially all of the Company's investments in the FHPA Debt Financing are expected to be funded through equity investments in OPG by the Province, with a portion of the investments to be funded from the Company's available funds, including all or a portion of the proceeds of any offerings of Notes. See "Use of Proceeds".

Under section 53.1 of the *Electricity Act, 1998*, as amended by the FHPA, regardless of whether a financing entity is a subsidiary or not a subsidiary of OPG:

(a) the assets and liabilities of the financing entity shall not form part of the assets and liabilities of OPG or any of its subsidiaries (excluding the financing entity if it is a subsidiary); and

(b) the assets and liabilities of OPG or any of its subsidiaries (excluding the financing entity if it is a subsidiary) shall not form part of the assets and liabilities of the financing entity.

Accordingly, all assets and liabilities held by any financing entity established for the purposes of the FHPA, as well as the financing entities, will be excluded from all terms of the Trust Indenture and holders of Notes will not have any recourse whatsoever to the assets of any financing entity, provided that, for clarity, the foregoing will not affect any of the Company's rights and remedies as a holder of FHPA Debt Financing in accordance with the provisions of that indebtedness. See "Description of the Notes - Exclusion of Fair Hydro Plan Financing Entities".

CREDIT RATINGS

As of the date of this short form prospectus, Standard & Poor's Ratings Service ("S&P") and DBRS Limited ("DBRS") have each assigned **[provisional ratings of "BBB+" and "A (low)", respectively, in respect of the Notes]/[Long-term debt ratings of "BBB+" and "A (low)", in respect of the Company.]**

Credit ratings are intended to provide investors with an independent measure of the credit quality of an issue of securities. The rating agencies rate long-term debt instruments by rating categories ranging from a high of AAA to a low of D. Long-term debt instruments which are rated in the BBB category by S&P are in the fourth highest category and exhibit adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments on the obligation. S&P may modify the ratings from AA to CCC using a plus (+) or minus (-) sign to show relative standing within the major rating categories. Long-term debt instruments which are rated in the A category by DBRS are in the third highest category and are considered to be of a good credit quality, with substantial capacity for the payment of financial obligations. Entities in the A category are considered to be vulnerable to future events, but qualifying negative factors are considered manageable. The "low" modifier indicates relative standing within this rating category by DBRS. In some circumstances, no rating may be assigned to a drawdown, and if a definitive rating is issued, it may differ from the provisional rating.

The ratings mentioned above are not a recommendation to purchase, sell or hold the Company's debt securities including the Notes and do not comment as to market price or suitability for a particular investor. There can be no assurance that the ratings will remain in effect for any given period of time or that the ratings will not be revised or withdrawn entirely by any or all of S&P and DBRS at any time in the future if in their judgment circumstances so warrant.

The Company has made, and anticipates making, payments to each of S&P and DBRS pursuant to the ratings agency services agreements entered into with such credit rating organizations with respect to the ratings assigned to the long-term debt of the Company. In addition, as Notes are issued, the Company expects to make payments to such credit rating organizations pursuant to the ratings agency services agreements entered into with such credit rating organizations for the ratings they assign to the Notes of a particular series. The Company has also made payments to S&P for evaluation services in connection with potential changes in the Company's capital structure. There have been no other services provided by any of such credit rating organizations to the Company within the last two years.

ELIGIBILITY FOR INVESTMENT

In the opinion of Torys LLP, counsel to the Company, and Blake, Cassels & Graydon LLP, counsel to the Dealers, unless otherwise specified in the applicable prospectus supplement or pricing supplement, the Notes, if issued on the date hereof, would be qualified investments under the *Income Tax Act* (Canada) and the regulations thereunder (collectively, the "Tax Act") for a trust governed by a registered retirement savings plan ("RRSP"), registered retirement income fund ("RRIF"), registered education savings plan ("RESP"), registered disability savings plan ("RDSP"), deferred profit sharing plan (other than a trust governed by a deferred profit sharing plan for which any employer is the Company or an employer who does not deal with the Company at arm's length for purposes of the *Tax Act*) or a tax-free savings account ("TFSA").

The Notes will not be a "prohibited investment" (within the meaning of the *Tax Act*) for a TFSA, RRSP or RRIF, provided that the holder of the TFSA or the annuitant of the RRSP or RRIF, (i) deals at arm's length with the Company for purposes of the Tax Act, and (ii) does not have a "significant interest" (within the meaning of the *Tax Act*) in the Company. On March 22, 2017, the Minister of Finance (Canada) announced proposed amendments to the *Tax Act* that would extend the prohibited investment rules to RESPs and RDSPs effective after March 22, 2017. Individuals who hold or intend to hold the Notes in a RRSP, RRIF, RESP, RDSP or TFSA should consult their own tax advisors regarding the application of the foregoing prohibited investment rules in their particular circumstances.

[CONSOLIDATED CAPITALIZATION]

[NTD: OPG to confirm whether there have been any changes to its consolidated capitalization since the Q2 financials. If there has been no material change, delete this section.]

EARNINGS COVERAGE RATIOS

For the twelve months ended December 31, 2016 and the twelve months ended June 30, 2017, the Company's consolidated income before income taxes and interest expense (net of capitalized interest) was $741 million and $846 million, respectively. Interest expense (net of capitalized interest) for these periods was $120 million and $91 million, respectively, and including capitalized interest, was $298 million and $295 million, respectively.

The following table sets forth the earnings coverage ratio for the Company for the twelve month period ended December 31, 2016, based on audited information, and for the twelve month period ended June 30, 2017, based on unaudited information, in each case without giving effect to any Notes to be issued under this short form prospectus:

	December 31, 2016	June 30, 2017
Earnings coverage on long-term debt obligations[(1)]	**[2.5]**	**[2.9]**

(1) The earnings coverage ratio has been calculated as the sum of net income attributable to the shareholder of the Company, income tax expenses and financing charges divided by the sum of financing charges and capitalized interest.

DESCRIPTION OF THE NOTES

General

[NTD: To be conformed to term sheet and indenture as documents are progressed.] The following is a summary of the material attributes and characteristics of the Notes, and does not purport to

be complete and is qualified in its entirety by reference to the Notes and the Trust Indenture (as defined below).

The terms and conditions set forth in this section "Description of the Notes" will apply to each Note unless otherwise specified in the applicable prospectus supplement or pricing supplement. The Company reserves the right to set forth in a prospectus supplement or pricing supplement specific variable terms of or amendments to the Notes which are not within the options and parameters set forth in this short form prospectus. References in this section "Description of the Notes" refer to all medium term notes of the Company which have previously been or are to be issued under the Trust Indenture.

This short form prospectus qualifies under applicable Canadian securities laws the distribution of $2,000,000,000 aggregate principal amount of Notes in Canadian currency (or the equivalent thereof in other currencies or currency units at the time of issue) which have been authorized for issue under the Trust Indenture. This amount is subject to amendment from time to time as determined by the Company.

Notes issued hereunder will have a term to maturity of not less than one year and will be issuable in Canadian currency (or in other currencies or currency units at the time of issue) in fully registered definitive or global form, in which case the Notes will be exchangeable only under certain conditions for definitive Notes (as described under the heading "Global Notes" below). Each interest-bearing Note will bear interest at either a fixed rate (a "Fixed Rate Note") or a floating rate (a "Floating Rate Note"). Notes will be issued from time to time at such rates of interest and at par, at a premium or at a discount, may be subject to redemption or repayment prior to maturity, or may include terms entitling the Company to extend the maturity dates of the Notes, which terms shall be determined by the Company based on a number of factors, including advice from the Dealers. The Notes will be unsecured and will, at their respective dates of issue, rank *pari passu* with all other unsecured and unsubordinated Indebtedness and obligations of the Company then outstanding, except as to any sinking fund which pertains exclusively to any particular Indebtedness of the Company. The Company may also, from time to time, issue debt securities and incur additional debt otherwise than through the issuance of Notes pursuant to this short form prospectus.

Neither the aggregate principal amount of Notes which will be issued and sold nor the issue price to the public of the Notes has been established as the Notes will be issued at such times, in such amounts and at such prices as the Company determines from time to time. Notes issued hereunder will be offered and sold during the twenty-five months from the date of issuance of the receipt for this short form prospectus at prices negotiated with the purchasers, and the prices at which the Notes will be offered and sold may vary as between purchasers and during the distribution period. The Notes will be issued from time to time at the discretion of the Company in an aggregate principal amount not to exceed $2,000,000,000 in Canadian currency, or the equivalent thereof calculated at the applicable rates of exchange prevailing at the time of issue of Notes issued in currencies other than Canadian currency.

The specific variable terms of any offering of Notes, including, in the case of Floating Rate Notes, the information necessary for the calculation of interest thereon, will be set forth in a prospectus supplement or pricing supplement to this short form prospectus. Where Notes are offered and sold in currencies other than Canadian dollars, the Canadian dollar equivalent of the offering price and the rate of exchange at the last feasible date will be included in the applicable prospectus supplement or pricing supplement.

Trust Indenture

The Notes will be issued under a trust indenture dated as of [■], 2017, as supplemented or modified from time to time (collectively, the "Trust Indenture") between the Company and BNY Trust

Company of Canada, as trustee (the "Trustee", which term shall include, unless the context otherwise requires, its successors and assigns). The following is a brief summary of the material attributes and characteristics of the Trust Indenture. This summary does not purport to be complete and reference should be made to the Trust Indenture for more detailed information.

The Trust Indenture permits the issuance from time to time of additional unsecured medium term notes without limitation as to aggregate principal amount, subject to compliance with the covenants contained therein.

The Notes will be direct obligations of the Company and will rank *pari passu* with all other medium term notes from time to time issued and outstanding under the Trust Indenture and with other present and future unsubordinated and unsecured Indebtedness of the Company, except as to any sinking fund which pertains exclusively to any particular Indebtedness of the Company. The Notes will not be secured by any mortgage, pledge or charge, except in the circumstances referred to under the subheading "Negative Pledge".

Negative Pledge

The Trust Indenture contains provisions to the effect that the Company will not, and will not permit any Designated Subsidiary (as defined below) to, create or permit to subsist any Security Interest (as defined below) to secure any Indebtedness (as defined below) without contemporaneously providing to the Trustee a ratable and *pari passu* Security Interest in the same collateral. This covenant is, however, subject to the following exceptions:

- any Security Interest that secures an obligation of a Designated Subsidiary which exists prior to the date on which it becomes a Designated Subsidiary and was not created or assumed in contemplation or as a result of the Designated Subsidiary becoming a Designated Subsidiary;

- any Purchase Money Mortgage (as defined below) or Capital Lease Obligation (as defined below) of the Company or a Designated Subsidiary;

- any Security Interest in an asset, or in the equity interests of, or debt issued by, the person holding such asset, created or assumed by the Company or a Designated Subsidiary to secure Non-Recourse Debt (as defined below) of the Company or the Designated Subsidiary in respect of such asset;

- any Security Interest created or assumed by the Company or a Designated Subsidiary to or in favour of a bank or other lending institution to secure indebtedness of the Company or the Designated Subsidiary that is payable on demand or that, on the date of issue or assumption of liability, has a term to maturity (including any right of extension or renewal) of 18 months or less and that is incurred by the Company or the Designated Subsidiary in the ordinary course of business and for the purpose of carrying on the same;

- any Security Interest granted by a Designated Subsidiary in favour of the Company or any wholly-owned Designated Subsidiary;

- any Security Interest in cash or marketable debt securities pledged to secure non-speculative Financial Instrument Obligations (as defined below) incurred in the ordinary course of business for risk management purposes that hedge Indebtedness of the Company or a Designated Subsidiary;

- any Security Interest in an asset acquired by the Company or a Designated Subsidiary that secures obligations of any other Person, whether or not such obligations are assumed by the Company or the Designated Subsidiary, provided that the Security Interest exists before the asset is acquired by the Company or the Designated Subsidiary and was not created or assumed in contemplation or as a result of the asset being acquired by the Company or the Designated Subsidiary;

- any Security Interest in cash or marketable debt securities in a sinking fund account established by the Company for a series of notes under the Trust Indenture;

- any Security Interest or right of distress reserved in or exercisable under any lease for rent to which the Company or a Designated Subsidiary is a party and for compliance with the terms of that lease;

- any Security Interest given to an issuing bank to secure letters of credit issued to the IESO in order to comply with IESO's prudential requirements;

- a lien or deposit under workers' compensation, social security or similar legislation or good faith deposits in connection with bids, tenders, leases, contracts or expropriation proceedings, or deposits to secure public or statutory obligations or deposits of cash or obligations to secure surety and appeal bonds;

- any lien or privilege imposed by law, such as builders', carriers', warehousemen's, landlords', mechanics' and material men's liens and privileges, and any lien or privilege arising out of judgments or awards with respect to which the Company or a Designated Subsidiary at the time is prosecuting an appeal or proceedings for review and with respect to which it has secured a stay of execution pending that appeal or proceedings for review; or any liens for taxes, assessments or governmental charges or levies not at the time due and delinquent or the validity of which is being contested at the time by the Company or a Designated Subsidiary in good faith; or undetermined or inchoate lien privileges and charges incidental to current operations which have not at such time been filed pursuant to law against the Company or a Designated Subsidiary or which relate to obligations not due or delinquent; or the deposit of cash or securities in connection with any lien or privilege referred to in this clause;

- any minor encumbrance, such as easements, rights-of-way, servitudes or other similar rights in land granted to or reserved by other persons, rights-of-way for sewers, electric lines, telegraph and telephone lines, oil and natural gas pipelines and other similar purposes, or zoning or other restrictions as to the Company's use of real property, which do not in the aggregate materially detract from the value of that property or materially impair its use in the operation of the business of the Company or a Designated Subsidiary;

- any right reserved to or vested in any municipality or governmental or other public authority by the terms of any lease, license, franchise, grant or permit acquired by the Company or a Designated Subsidiary, or by any statutory provision to terminate any such lease, license, franchise, grant or permit or to purchase assets used in connection with or require annual or other periodic payments as a condition to the continuance thereof;

- any Security Interest granted by the Company or a Designated Subsidiary to, or as directed or required by, a public utility or any municipality or governmental or other public authority

when required by that utility, municipality or other authority in connection with the operations of the Company or a Designated Subsidiary;

- any reservation, limitation, proviso or condition, if any, expressed in any original grants to the Company or a Designated Subsidiary from the Crown;

- any Security Interest granted by the Company and/or its Designated Subsidiaries in connection with their respective obligations pursuant to the Ontario Nuclear Funds Agreement (as defined below), provided that such Security Interest is limited to the interests of the Company and its Designated Subsidiaries, if any, in the segregated funds and/or trust funds (including the proceeds thereof) established pursuant to that agreement or applicable law to fund used nuclear fuel and/or other nuclear waste management and/or decommissioning costs;

- any Security Interest in IESO receivables granted in connection with an absolute assignment thereof in a securitization transaction and the proceeds thereof;

- Security Interests securing appeal bonds or other similar Security Interests arising in connection with contracts, bids, tenders or court proceedings, including, without limitation, surety bonds, security for costs of litigation where required by law and letters of credit, or any other instruments serving a similar purpose;

- any other Security Interest created or assumed by the Company or a Designated Subsidiary (in addition to the Security Interests referred to in the paragraphs above) if, after giving effect to the Security Interest, the aggregate amount of all Indebtedness secured by Security Interests permitted by this paragraph only does not at that time exceed 5% of Consolidated Net Worth (as defined below); and

- any extension, renewal, alteration, substitution or replacement, in whole or in part, of a Security Interest referred to in the paragraphs above, provided that the Security Interest is limited to all or part of the same assets (and the proceeds thereof), and the principal amount of the secured obligations, where limited by the foregoing provisions, is not increased by that action to an amount in excess of such limit (except to the extent of any fees, expenses and premiums incurred to discharge such secured obligations).

Limitation on Funded Indebtedness

So long as any of the Notes issued under the Trust Indenture remain outstanding, the Company will not, and will not permit any Designated Subsidiary to, directly or indirectly, issue, incur, assume or otherwise become liable for or in respect of any Funded Indebtedness (as defined below) unless, after giving effect thereto (including the application of the net proceeds thereof), Consolidated Funded Indebtedness (as defined below) would not exceed 75% of Total Consolidated Capitalization (as defined below).

Designation of Subsidiaries as Designated Subsidiaries

The Company may designate a subsidiary of the Company as a Designated Subsidiary provided that any such subsidiary may only be so designated if:

- none of the shares of the subsidiary are owned by a subsidiary that is not itself a Designated Subsidiary;

- at the time of and after giving effect to the designation, no Event of Default or event that, with the passing of time or the giving of notice or both, would constitute an Event of Default has occurred and is continuing; and

- after giving effect to the designation, the Company would be entitled to issue Funded Indebtedness in the principal amount of at least $1.00.

The Company may de-designate a Designated Subsidiary from time to time, provided that such de-designation may not be made in respect of any Designated Subsidiary:

- if such Designated Subsidiary owns any Funded Indebtedness of the Company or any shares, voting interests or Funded Indebtedness of any other Designated Subsidiary;

- at the time of and after giving effect to the de-designation, an Event of Default or event that, with the passing of time or the giving of notice or both, would constitute an Event of Default has occurred and is continuing; or

- if, after giving effect to such de-designation, the Company would not be entitled to issue Funded Indebtedness in the principal amount of a least $1.00.

Mergers, Consolidations and Sales of Assets

The Company will not, directly or indirectly through a Designated Subsidiary, enter into a transaction or series of transactions in which all or substantially all of the undertaking, property and assets of the Company and its Designated Subsidiaries determined on a consolidated basis would become the property of any other person, whether by way of reorganization, consolidation, amalgamation, arrangement, merger, transfer, sale, lease or otherwise, unless:

- the Company shall be the surviving person, or the person, if other than the Company, formed by the amalgamation, consolidation or into which the Company is merged or that acquires all or substantially all of the property or assets of the Company, shall be a company organized and validly existing under the federal laws of Canada or any of its provinces or territories and shall expressly assume, by a supplemental indenture executed and delivered to the Trustee in form satisfactory to the Trustee, all of the Company's obligations under the Trust Indenture and all Notes;

- at time of and immediately after giving effect to the transaction or series of transactions, no Event of Default (as defined below) or event that, with the passing of time or the giving of notice, or both, would constitute an Event of Default shall have occurred and is continuing;

- the Company shall have delivered to the Trustee an opinion of the Company's counsel (as to matters customarily addressed by counsel) and an officers' certificate stating that the foregoing conditions precedent have been satisfied; and

- neither the Company nor the person, either at the time of or immediately after the consummation of any such transaction and after giving full effect thereto, or immediately after compliance with the foregoing provisions, will be insolvent or generally fail to meet, or admit in writing its inability or unwillingness to meet, its obligations as they generally become due,

provided that the foregoing shall not in any way limit or prevent the Company and/or its Designated Subsidiaries from entering into, and the Company and/or its Designated Subsidiaries shall be entitled to enter into, any transaction or series of transactions which result in either or both of the following:

(1) All or substantially all of the hydro-electric generating stations and related assets of the Company and its Designated Subsidiaries becoming the property of any other person (a "successor"), whether by way of reorganization, consolidation, amalgamation, arrangement, merger, transfer, sale, lease or otherwise, provided that:

(a) the successor is a company organized and existing under the laws of Canada or a province or territory thereof and expressly assumes, by a supplemental indenture satisfactory in form to the Trustee and its counsel and executed and delivered to the Trustee, all of the covenants and obligations of the Company under the Trust Indenture and all Notes;

(b) after giving effect to the transaction or series of transactions (x) the credit rating obtained by the successor from at least two of the designated rating agencies is not below the credit rating of the Company from such designated rating agencies prior to the transaction or series of transactions, and (y) Consolidated Funded Indebtedness of the successor and its Designated Subsidiaries would not exceed 75% of Total Consolidated Capitalization for the successor and its Designated Subsidiaries;

(c) at the time of and, immediately after giving effect to the transaction or series of transactions, no Event of Default or event that, with the passing of time or the giving of notice or both, would constitute an Event of Default has occurred and is continuing;

(d) the liabilities of the Company assumed by the successor do not include any liabilities of the Company related to decommissioning of OPG's nuclear generating stations, used nuclear fuel waste management or other nuclear waste management;

(e) the Company shall have delivered to the Trustee an opinion of the Company's counsel (as to matters customarily addressed by counsel) and a officers' certificate stating that the foregoing conditions precedent have been satisfied; and

(f) neither the Company nor the successor, either at the time of or immediately after the consummation of any transaction or series of transactions and after giving full effect thereto, or immediately after compliance by the person with the foregoing provisions, will be insolvent or generally fail to meet, or admit in writing its inability or unwillingness to meet, its obligations as they generally become due.

For greater certainty, as part of such transaction or series of transactions, the Company shall have the right, at its discretion, to either retain or transfer to the successor any non-nuclear or non-hydro-electric generation assets of the Company and its Designated Subsidiaries.

Following completion of such transaction or series of transactions, and compliance with the foregoing conditions, the Company and its Designated Subsidiaries shall be released of all obligations under the Trust Indenture and all Notes.

(2) All or substantially all of the assets related to the Darlington Nuclear Generating Station, and/or the Pickering Nuclear Generating Stations and/or the Bruce Nuclear Generating Stations, and/or assets relating to used nuclear fuel waste management and/or other nuclear waste management and/or decommissioning, in each case which are owned by the Company or its Designated Subsidiaries becoming the property of any other person or persons (each, a "NuclearCo"), whether by way of reorganization, consolidation, amalgamation, arrangement, merger, transfer, sale, lease or otherwise, provided that:

(a) after giving effect to the transaction or series of transactions Consolidated Funded Indebtedness of the Company and its Designated Subsidiaries would not exceed 75% of Total Consolidated Capitalization of the Company and its Designated Subsidiaries;

(b) after giving effect to the transaction or series of transactions, the credit rating of the Company from at least two of the designated rating agencies is not below the credit rating of the Company from such designated rating agencies prior to the transaction or series of transactions;

(c) at the time of and, immediately after giving effect to the transaction or series of transactions, no Event of Default or event that, with the passing of time or the giving of notice or both, would constitute an Event of Default has occurred and is continuing;

(d) the Company shall have delivered to the Trustee an opinion of the Company's counsel (as to matters customarily addressed by counsel) and an officers' certificate stating that the foregoing conditions precedent have been satisfied; and

(e) the Company will not, either at the time of or immediately after the consummation of any such transaction or series of transactions and after giving full effect thereto, or immediately after compliance with the foregoing provisions, be insolvent or generally fail to meet, or admit in writing its inability or unwillingness to meet, its obligations as they generally become due.

For greater certainty, as part of such transaction or series of transactions, the Company shall have the right, at its discretion, to either retain or transfer to any NuclearCo any non-nuclear or non-hydro-electric generation assets of the Company and its Designated Subsidiaries.

For greater certainty, so long as the foregoing conditions are complied with, no NuclearCo shall have any obligations under the Trust Indenture or any of the Notes.

Events of Default

The following are Events of Default applicable to all Notes issued pursuant to the Trust Indenture, including the Notes:

(1) failure to pay principal or premium, if any, when due and any such failure continues for a period of five days

(2) failure to make payment of interest when due and failure continues for a period of 45 days;

(3) the entering into of a transaction or series of transactions in which all or substantially all of the undertaking, property and assets of the Company and its Designated Subsidiaries determined on a consolidated basis would become the property of any other person, other than in accordance with the covenants described above under "Mergers, Consolidations and Sales of Assets";

(4) failure to observe or perform any other covenant or condition contained in the Trust Indenture or a Supplemental Indenture if such failure continues for a period of 60 days after written notice thereof has been given to the Company by the Trustee or by the holders of at least 25% of all Notes, as the case may be;

(5) the Company or any Material Subsidiary (as defined below) fails to make payment at stated maturity, or otherwise when due, of principal, premium (if any) or interest due on any Indebtedness, the outstanding principal amount of which exceeds $150 million, beyond the applicable grace period, under the terms of such Indebtedness;

(6) failure by the Company or any Material Subsidiary to observe or perform any provision of any agreement under which Indebtedness is created if such failure has the effect of causing more than $150 million of such Indebtedness in the aggregate to become due and payable or to be required to be redeemed or repurchased before its stated maturity;

(7) one or more final judgements are rendered against the Company or any Material Subsidiary in an aggregate amount in excess of $150 million by a court and remain undischarged or unstayed for a period of 60 days or more;

(8) winding-up, liquidation or dissolution of the Company, or

(9) the making by the Company or any Material Subsidiary of an assignment for the benefit of its creditors or other specified events of bankruptcy or insolvency affecting the Company or any Material Subsidiary (subject to a 60 day cure period if the bankruptcy application is made by a creditor, rather than by the Company or a Material Subsidiary).

If an Event of Default applicable only to the issued and outstanding Notes of a series occurs and is continuing, either the Trustee or the holders of not less than 25% in principal amount of Notes of that series then outstanding may declare the principal of, and interest and premium, if any, on all Notes of that series to be due and payable immediately.

If, however, an Event of Default applicable to all Notes issued and outstanding under the Trust Indenture, or an Event of Default described in clause (5), (6), (7), (8) or (9) above occurs and is continuing, either the Trustee or the holders of not less than 25% in principal amount of all issued and outstanding Notes, treated as one class, may declare the principal amount of all the Notes then outstanding to be due and payable immediately.

Subject to the provisions of the Trust Indenture relating to the duties of the Trustee, in case an Event of Default applicable to any Notes shall occur and be continuing, the Trustee will be under no

obligation to exercise any of its rights or powers under the Trust Indenture at the request or direction of any of the holders of those Notes, unless those holders shall have offered to the Trustee reasonable indemnity. Subject to such provisions for the indemnification of the Trustee, the holders of a majority in principal amount of Notes of all series affected by an Event of Default will have the right to direct the time, method and place of conducting any proceedings for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee in respect of the Notes of all series affected by that Event of Default.

Defeasance

The Trust Indenture requires the Trustee to release the Company from its obligations under the Trust Indenture relating to a particular series of Notes if specified conditions are satisfied. Among other things, the Company must deposit money or securities for the payment of all principal of and interest and any other amounts on that series of Notes as well as for the payment of the expenses of the Trustee. The deposited money or securities must be denominated in the currency in which principal of these Notes is payable and, in the case of deposited securities, must constitute direct obligations of Canada or specified provinces of Canada or an agency or instrumentality of Canada.

Amendments and Waivers

The Trust Indenture provides that the Company and the Trustee may enter into supplemental indentures ("Supplemental Indentures") without the consent of the holders of the Notes of any or all series to:

- add limitations or restrictions to be observed upon the amount or issue of Notes, provided that such limitations or restrictions shall not be materially adverse to the interests of the holders of the Notes;

- add covenants for the protection of the holders of the Notes of any series;

- provide for any additional Event of Default;

- make such provisions not inconsistent with the Trust Indenture as may be necessary or desirable with respect to matters or questions arising thereunder, including the making of any modifications in the form of the Notes which do not affect the substance thereof and which it may be expedient to make, provided that such provisions and modifications will not adversely affect the holders of Notes;

- provide for the issue of Notes of any one or more series and establish the form and terms of any series of Notes;

- evidence the succession, or successive successions, of successors to the Company and the covenants and obligations assumed by any such successor, in accordance with the provisions of the Trust Indenture; and

- giving effect to any extraordinary resolution or ordinary resolution of the holders of Notes in accordance with the Trust Indenture.

Other amendments and modifications of the Trust Indenture, Supplemental Indentures and Notes may be made by the Company and the Trustee with the consent of the holders of not less than 66⅔% (and in certain circumstances, a majority) in principal amount of Notes of all series voting on such amendment

or modification and, if the rights of holders of Notes of a particular series of Notes would be affected differently than rights of holders of Notes of other series, not less than 66⅔% (and, in certain circumstances, a majority) in principal amount of Notes of the series so affected by that modification or amendment voting on such amendment or modification, in each case, voting as one class. However, no modification or amendment may, without the consent of the holder of each outstanding Note of the affected series,

- reduce the principal amount at maturity of, extend the fixed maturity of, or alter the redemption provisions of, those Notes;
- change the currency in which those Notes or any premium or accrued interest is payable;
- reduce the percentage in principal amount at maturity outstanding of those Notes that must consent to an amendment, supplement or waiver or consent to take any action under the Trust Indenture, Supplemental Indenture or those Notes;
- impair the right to institute suit for the enforcement of any payment on or with respect to those Notes;
- waive a default in payment with respect to those Notes;
- reduce the rate or extend the time for payment of interest on those Notes;
- affect the ranking of those Notes in a manner adverse to the holders; or
- make any changes to the Trust Indenture, Supplemental Indentures or those Notes that would result in the Company being required to make any withholding or deduction from payments made under or with respect to those Notes.

The holders of $66^{2}/_{3}$% in principal amount of the Notes of all series with respect to which an Event of Default shall have occurred and be continuing, voting as one class, may waive any Event of Default, except in the case of a default in payment of principal with respect to the Notes or except, further, in respect of a covenant or provision which cannot be modified or amended without the consent of the holder of each outstanding Note affected.

Exclusion of Fair Hydro Plan Financing Entities

All assets and liabilities held by any financing entity associated with the Province's Fair Hydro Plan, as well as the financing entities, shall be excluded from all terms of the Trust Indenture (notwithstanding the consolidation of such financing entities in OPG's financial statements). For greater certainty, neither the Trustee nor any holder of Notes shall have any recourse whatsoever against the assets of any such financing entity, provided that, for clarity, the foregoing will not affect any of the Company's rights and remedies as a holder of FHPA Debt Financing in accordance with the provisions of that indebtedness. No such financing entity may be a Designated Subsidiary. Neither the Company nor any Designated Subsidiary may guarantee the Indebtedness of any such financing entity.

Definitions

In addition to the definitions set out above, the Trust Indenture contains definitions substantially to the following effect:

"*Capital Lease Obligation*" means any monetary obligation of the Company or a Designated Subsidiary under any leasing or similar arrangement which, in accordance with GAAP, would be classified as a capital lease and for the purposes of the Trust Indenture, the amount of Capital Lease Obligations shall be the capitalized amount thereof, determined in accordance with GAAP;

"*Consolidated Funded Indebtedness*" means the aggregate amount of all Funded Indebtedness of the Company and its Designated Subsidiaries determined on a consolidated basis in accordance with GAAP;

"*Consolidated Net Worth*" means, as at any date, the consolidated shareholders' equity of the Company and its Designated Subsidiaries as at such date determined in accordance with GAAP;

"*Contingent Liability*" means any agreement, undertaking or arrangement by which any person guarantees, endorses or otherwise becomes or is contingently liable upon (by direct or indirect agreement, contingent or otherwise, to provide funds for payment, to supply funds to, or otherwise to invest in, a debtor, or otherwise to assure a creditor against loss) the Indebtedness of any other person (other than by endorsements of instruments in the course of collection), or guarantees the payment of dividends or other distributions upon the shares of any other person. The amount of any person's obligation under any Contingent Liability will, subject to any limitation contained in that Contingent Liability, be deemed to be the outstanding principal amount (or maximum principal amount, if larger) of the debt, obligation or other liability guaranteed thereby;

"*Designated Subsidiary*" means any subsidiary which is designated as such by the Company in accordance with the covenants described under " – Designation of Subsidiaries as Designated Subsidiaries";

"*Financial Instrument Obligations*" means, with respect to any person at any time, the obligations of such Person under any transaction that is a rate swap, basis swap, forward rate transaction, commodity swap, commodity option, commodity future, equity or equity index swap or option, bond, note or bill option, interest rate option, forward foreign exchange transaction, cap, collar or floor transaction, currency swap, cross-currency rate swap, swaption, currency option or any other similar transaction (including any option to enter into any of the foregoing) or any combination of the foregoing to the extent of the net amount due to or accruing due by the Person thereunder (determined by marking the same to market at such time in accordance with its terms);

"*Funded Indebtedness*" means with respect to any person, all Indebtedness created, assumed or guaranteed which matures by its terms on, or is renewable at the option of such person to, a date more than 18 months after the date of the original creation, assumption or guarantee thereof; provided that Indebtedness among the Company and its Designated Subsidiaries or among the Company's Designated Subsidiaries, Subordinated Indebtedness, Non-Recourse Debt, Financial Instrument Obligations, Capital Lease Obligations and Purchase Money Obligations will not be included as Funded Indebtedness;

"*GAAP*" means as at any date of determination:

(1) accounting principles which are recognized as being generally accepted in Canada, if the Company is then preparing its financial statements in accordance with such principles; or

(2) accounting principles which are recognized as being generally accepted in the United States, if the Company is then preparing its financial statements in accordance with such principles;

"Indebtedness" means, with respect to any person, without duplication:

(1) all obligations of such person for borrowed money, including obligations with respect to bankers' acceptances and reimbursement obligations in respect of letters of credit;

(2) all obligations issued or assumed by such person in connection with its acquisition of property in respect of the deferred purchase price of that property where such purchase price is deferred 6 months or longer;

(3) all Capital Lease Obligations and Purchase Money Obligations of such person; and

(4) all contingent liabilities of such person in respect of obligations of any person of the type referred to above;

"Material Subsidiary" means, as at any date, a Designated Subsidiary,

(1) the total assets of which represent more than 5% of the total assets of the Company determined on a consolidated basis as shown in the most recently prepared quarterly or annual consolidated financial statements of the Company; or

(2) the total revenues of which represent more than 5% of the total revenues of the Company determined on a consolidated basis as shown in the most recently prepared quarterly or annual consolidated financial statements of the Company;

provided that, the assets and revenues of the financing entities associated with the Province's Fair Hydro Plan shall be eliminated in calculating the total assets and total revenues of the Company;

"*Non-Recourse Debt*" means, with respect to a person, any Indebtedness incurred to finance the creation, development, construction or acquisition of an asset of the person or a subsidiary of the person (and any extensions, renewals or refunding of any such Indebtedness) provided that the recourse of the obligee thereof against the person is limited in all circumstances (other than customary "bad boy" exceptions) to the asset (including all rights and benefits related to or arising out of the asset) and to the equity interests of such subsidiary;

"*Ontario Nuclear Funds Agreement*" means the agreement dated as of April 1, 1999 entered into between the Company, certain of its subsidiaries and the Province of Ontario under which, among other things, (i) the parties agree to cause sufficient funds to be accumulated or otherwise be readily available to pay for certain used nuclear fuel and other nuclear waste management and decommissioning costs, (ii) the Province of Ontario agrees to limit the liability that the Company and certain of its subsidiaries face as a result of the increases in certain used nuclear fuel management costs, and (iii) the Province of Ontario agrees to provide certain financial guarantees required by the Company and certain of its subsidiaries under the *Nuclear Safety and Control Act* (Canada), all on and subject to the terms and conditions in that agreement, as amended, supplemented, restated and/or replaced from time to time;

"*Preferred Securities*" means:

(1) securities which on the date of issue by a person (a) have a term to maturity of more than 30 years, (b) are unsecured and rank subordinate to the unsecured and unsubordinated Indebtedness of that person outstanding on that date, (c) entitle that person to satisfy the obligation to pay the principal or face amount by issuing common shares, (d) entitle that person to defer the payment of interest for more than four years without causing an event

of default to occur, and (e) entitle that person to satisfy the obligation to make payments of interest by issuing common shares; and

(2) shares of any class in the capital of a corporation or securities representing ownership interests in any person other than a corporation which, in either case, are not common shares;

"*Purchase Money Mortgage*" means any security interest, mortgage, pledge, charge or other encumbrance created, issued or assumed by the Company or a Designated Subsidiary to secure a Purchase Money Obligation; provided that the security interest, mortgage, pledge, charge or other encumbrance is limited to the property (including associated rights) acquired, constructed, installed or improved using the funds advanced to the Company or a Designated Subsidiary in connection with that Purchase Money Obligation;

"*Purchase Money Obligation*" means Indebtedness of the Company or a Designated Subsidiary incurred or assumed to finance the purchase price, in whole or in part, of any property (except any Indebtedness which constitutes Funded Indebtedness and which was incurred or assumed to finance the purchase price, in whole or in part, of any shares, bonds or other securities) or incurred to finance the cost, in whole or in part, of construction or installation of or improvements to any real property or fixtures provided that such Indebtedness is incurred or assumed within 24 months after the purchase of such real property or fixtures or the completion of such construction, installation or improvements, as the case may be, and includes any extension, renewal or refunding of any such Indebtedness, so long as the principal amount thereof outstanding on the date of such extension, renewal or refunding is not increased;

"*Security Interest*" means any assignment, mortgage, charge (whether fixed or floating), hypothec, security interest, pledge, lien, or other encumbrance on or interest in property or assets that secures payment or performance of Indebtedness;

"*Subordinated Indebtedness*" means Indebtedness of the Company (whether outstanding on the issue date or thereafter incurred) that is subordinated or junior in right of payment to the Notes pursuant to a written agreement;

"*Total Consolidated Capitalization*" means, at any time and from time to time, without duplication, the sum of (1) the principal amount of all Consolidated Funded Indebtedness; and (2) the principal amount of all Subordinated Indebtedness; and (3) the Consolidated Net Worth; and

"*Wholly-Owned Designated Subsidiary*" means a Designated Subsidiary, all of the outstanding shares in the capital of which are owned, directly or indirectly, by or for the Company and/or by or for one or more other Wholly-Owned Designated Subsidiaries.

Global Notes

Notes may be issued in the form of fully registered global notes ("Global Notes") held by, or on behalf of, CDS Clearing and Depository Services Inc. ("CDS") or another corporation performing similar services that is acceptable to the Trustee (the "Depository") as custodian of the Global Notes and, in such event, Notes will be registered in the name of the Depository or its nominee (a "Nominee"). Where CDS acts as Depository for a series of Notes, The Depositary Trust Company ("DTC"), Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear") and Clearstream Banking, société anonyme ("Clearstream, Luxembourg"), in each case as direct or indirect participants in CDS, will record beneficial ownership of such series of Notes on behalf of their respective accountholders or participants, to the extent the Company makes such series of Notes eligible with DTC, Euroclear or Clearstream,

Luxembourg, as applicable (and the Company specifies as such in the prospectus supplement or pricing supplement with respect to the particular series of Notes).

Purchasers of Notes represented by Global Notes will not receive Notes in definitive form ("Definitive Notes"). Instead, ownership of such Notes will be constituted through beneficial interests in the Global Notes, and will be represented through book-entry accounts of institutions (including the Dealers), as direct and indirect participants of the Depository ("participants") which, to the extent the Depository is CDS, may include DTC, Euroclear and Clearstream, Luxembourg to the extent applicable as noted above, acting on behalf of the beneficial owners of such Notes. Each purchaser of a Note represented by a Global Note will receive a customer confirmation of purchase from the Dealer or other person from or through whom the Note is purchased in accordance with the practices and procedures of such Dealer or other person. The Depository will be responsible for establishing and maintaining book-entry accounts for its participants having interests in Global Notes.

If Global Note(s) are issued and the Depository notifies the Company that it is unwilling or unable to continue as depository in connection with the Global Notes, or if at any time the Depository ceases to be a clearing agency or otherwise ceases to be depository and the Company and the Trustee are unable to locate a qualified replacement, or if the Company elects to terminate the book-entry system, beneficial owners of Notes represented by Global Notes will receive Definitive Notes.

DTC, Euroclear and Clearstream, Luxembourg

Where CDS acts as Depository for a series of Notes, to the extent the Company makes such series of Notes eligible with DTC, Euroclear or Clearstream, Luxembourg (and the Company specifies as such in the prospectus supplement or pricing supplement with respect to such series of Notes), holders may hold such series of Notes through the accounts maintained by DTC, Euroclear or Clearstream, Luxembourg, as applicable, as participants in CDS only if they are participants of those systems, or indirectly through organizations which are participants of those systems.

In such case, DTC, Euroclear and Clearstream, Luxembourg will hold omnibus book-entry positions on behalf of their participants through customers' securities accounts in their respective depositaries which in turn will hold such positions in customers' securities accounts in the names of the nominees of the depositaries on the books of CDS. All securities in DTC, Euroclear and Clearstream, Luxembourg are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts.

Transfers of such Notes by persons holding through Euroclear or Clearstream, Luxembourg participants, as applicable, will be effected through CDS, in accordance with CDS rules, on behalf of the relevant European international clearing system by its depositaries; however, such transactions will require delivery of transfer instructions to the relevant European international clearing system by the participant in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transfer meets its requirements, deliver instructions to its depositaries to take action to effect the transfer of the Notes on its behalf by delivering Notes through CDS and receiving payment in accordance with its normal procedures for next-day funds settlement. Payments with respect to the Notes held through Euroclear or Clearstream, Luxembourg will be credited to the cash accounts of Euroclear participants or Clearstream, Luxembourg participants in accordance with the relevant system's rules and procedures, to the extent received by its depositaries.

All information in this short form prospectus concerning CDS, DTC, Euroclear and Clearstream, Luxembourg, reflects the Company's understanding of the policies of such organizations which may change at any time without notice.

Fixed Rate Notes

Each Fixed Rate Note will bear interest from its original issue date at the rate per annum on the face thereof until the principal amount thereof is paid or made available for payment. Interest on a Fixed Rate Note will be calculated and payable monthly, quarterly, semi-annually or annually in arrears on the dates specified in such Fixed Rate Note, or other such dates as may be agreed to between the purchaser of the Note and the Company (each, an "Interest Payment Date") and at maturity or upon earlier redemption or repayment. Interest Payment Dates will be set forth in the applicable prospectus supplement or pricing supplement for the Fixed Rate Note. Each payment of interest in respect of an Interest Payment Date will include interest accrued to but excluding such Interest Payment Date.

Floating Rate Notes

Each Floating Rate Note will bear interest from its original issue date at rates described in the Floating Rate Note and specified in the applicable prospectus supplement or pricing supplement.

The rate of interest on each Floating Rate Note will be reset monthly, quarterly, or as otherwise specified in the Floating Rate Note and applicable prospectus supplement or pricing supplement. Interest on each Floating Rate Note will be payable monthly, quarterly or as otherwise specified in the Floating Rate Note and applicable prospectus supplement or pricing supplement. Unless otherwise specified in the Floating Rate Note and applicable prospectus supplement or pricing supplement, the Company will be the calculation agent with respect to the Floating Rate Notes. Upon request of the holder of any Floating Rate Note, the Company will provide the interest rate then in effect.

Payment of Interest and Principal

Interest on each interest bearing Note will be payable on such periodic basis or at maturity and on such date or dates as may be agreed upon by the Company and the purchaser of the Note. Payments of interest on each interest bearing Definitive Note will be made by cheque payable on the interest payment date and mailed to the address of, or if so directed by the holder, funds representing the interest payable will be forwarded by electronic funds transfer on the interest payment date to the account of, the holder appearing on the registers maintained by BNY Trust Company of Canada, as registrar and transfer agent (the "Transfer Agent", which term shall include such other registrar or transfer agent as may from time to time be appointed by the Company) at the close of business in the City of Toronto on the tenth business day (with "business day" being a day other than Saturday, Sunday, or a day on which financial institutions in Toronto, Ontario are authorized or obligated by law or regulation to close) prior to the interest payment date or such other day specified to the Trustee by the Company and reflected in a Supplemental Indenture for a particular series of Notes. Payment of principal will be made at any branch in Canada of the bank designated in a Definitive Note against surrender of the Note.

Payment of interest and principal on each Global Note will be made to the Depository or the Nominee, as the case may be, as the registered holder of the Global Note. Interest payments on Global Notes will be made by wire transfer no later than the date interest is payable. Principal payments on Global Notes will be made by wire transfer on the maturity date delivered to the Depository or the Nominee, as the case may be, at maturity against receipt of the Global Note. As long as the Depository or the Nominee is the registered owner of a Global Note, the Depository or the Nominee, as the case may be,

will be considered the sole owner of the Global Note for the purposes of receiving payment on the Note and for all other purposes under the Trust Indenture and the Note.

The Company expects that the Depository or Nominee, upon receipt of any payment of principal or interest in respect of a Global Note, will credit participants' accounts, on the date principal or interest is payable, with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Note as shown on the records of the Depository or the Nominee. The Company also expects that such payments of principal and interest by participants to the owners of beneficial interests in such Global Note held through such participants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name" and will be the responsibility of such participants. The responsibility and liability of the Company and the Trustee in respect of Notes represented by Global Notes is limited to making payment of any principal and interest due on such Global Notes to the Depository or the Nominee.

Payments of interest and principal will be made in the currency in which the Note is denominated unless otherwise specified in the applicable prospectus supplement or pricing supplement.

If the payment date for any amount of principal or interest on any Note is not, at the place of payment, a business day such payment will be made on the next business day and the holder of such Note shall not be entitled to any further interest or other payment in respect of such delay.

Transfers

The registered holder of a Definitive Note may transfer such Note upon payment of taxes incidental thereto, if any, by executing the form of transfer provided on the reverse side of the Note and surrendering the Note to the Transfer Agent at its principal office in the City of Toronto, upon which one or more new Definitive Notes will be issued in authorized denominations in the same aggregate principal amount as the Note so transferred, registered in the name or names of the transferee or transferees.

Transfers of beneficial ownership in Notes represented by Global Notes will be effected through records maintained by the Depository for such Global Notes or the Nominee (with respect to the interest of participants) and on the records of participants (with respect to the interest of beneficial owners other than participants). Beneficial owners of an interest in a Note represented by a Global Note who are not participants in the Depository's book-entry system, but who desire to purchase, sell or otherwise transfer ownership of or other interests in Global Notes, may do so only through participants in the Depository's book-entry system. A purchaser's interest in a Note represented by a Global Note will only be exchangeable for Definitive Notes in the limited circumstances set forth under the heading "Global Notes" above and in accordance with the procedures established by the Depository or the Nominee.

The ability of a beneficial owner of an interest in a Note represented by a Global Note to pledge the Note or otherwise take action with respect to such owner's interest therein other than through a participant may be limited due to the lack of a physical certificate.

No transfer of a Note will be registered during the 10 business days immediately preceding any date fixed for payment of interest on such Note or payment of the principal amount thereof.

PLAN OF DISTRIBUTION

Pursuant to the terms of a dealer agreement dated [■], 2017 (the "Dealer Agreement"), the Notes may be offered for sale severally and on a continuous basis by one or more of the Dealers, in each case,

acting as agent of the Company or as principal. Where the Notes are offered by the Dealer(s) as agent(s), the commissions payable by the Company in connection with sales of such Notes shall be agreed from time to time between the Company and any such Dealer(s). Where the Notes are purchased by the Dealer(s) as principal, the Notes shall be purchased at such prices and with such commissions as may be agreed from time to time between the Company and any such Dealer(s) for resale to the public at prices to be negotiated with each purchaser. Such resale prices may vary during the distribution period and as between purchasers. Each Dealer's compensation will increase or decrease by the amount by which the aggregate price paid for Notes by purchasers exceeds or is less than the price paid by the Dealer, when purchasing as principal, to the Company. The commissions payable in connection with sales of Notes will be set forth in a prospectus supplement or pricing supplement which will be delivered to purchasers together with this prospectus. The Company may also offer the Notes directly to potential purchasers pursuant to applicable statutory exemptions at prices and upon terms negotiated between the purchaser and the Company, in which case no commissions will be paid to the Dealers.

The obligations of a Dealer under the Dealer Agreement to purchase any particular issue of Notes as principal may be terminated at its discretion upon the occurrence of certain stated events. Such events are set out in detail in the Dealer Agreement and include, but are not limited to: (i) an event which prevents or restricts the trading in the Notes or any other securities of the Company or the distribution of the Notes; (ii) the occurrence of any material change in the business, affairs, operations, assets, liabilities (contingent or otherwise), capital or ownership of OPG taken as a whole; (iii) a public announcement by DBRS or S&P that it has placed under surveillance or review, with possible negative or uncertain implications, its rating of any debt securities of the Company; and (iv) certain downgrades of the ratings assigned by S&P and DBRS to the long-term debt securities of the Company. In addition, the Company has agreed under the terms of the Dealer Agreement to reimburse the Dealers for certain expenses and to indemnify the Dealers against certain liabilities.

The Company and, if applicable, the Dealers, may reject any offer to purchase the Notes in whole or in part. The Company also reserves the right to withdraw, cancel or modify the offering of the Notes under this prospectus without notice.

In connection with any offering of Notes, the Dealers may over-allot or effect transactions which stabilize or maintain the market price of the Notes offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. In addition, the Dealers may from time to time purchase and sell the Notes in the secondary market but are not obliged to do so. Unless otherwise indicated in a prospectus supplement or pricing supplement, there is no market through which Notes may be resold and purchasers may not be able to resell Notes purchased under this short form prospectus. There can be no assurance that there will be a secondary market for the Notes. The offering price and other terms for such sales in the secondary market may, from time to time, be varied by the Dealers.

The offering of Notes hereunder is directed only to residents of the provinces of Canada and in the United States in certain transactions exempt from the provisions of the United States Securities Act of 1933, as amended (the "Securities Act"). The Notes have not been and will not be registered under the Securities Act or any state securities laws and may not be offered or sold within the United States except to "qualified institutional buyers" in reliance upon Rule 144A under the Securities Act. In addition, until 40 days after the commencement of the offering of an issue of Notes, an offer or sale of that issue within the United States by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an exemption under the Securities Act.

Certain of the Dealers may be subsidiaries or affiliates of lenders (the "Lenders") to the Company or its subsidiaries, now or in the future. Proceeds from the sale of particular series or issues of Notes in which such Dealers are acting as principals or Dealer may be used to repay indebtedness owing to one or more of the Lenders. Consequently, if and when there is outstanding indebtedness to any of the Lenders, the Company may be considered a connected issuer of those Dealers who are affiliates of such Lenders for purposes of the securities laws of certain Canadian provinces. The particulars of any such indebtedness will be included in a prospectus supplement or pricing supplement if applicable to any offering of Notes. The decision to distribute the Notes will be made by the Company and the terms and conditions of distribution will be determined through negotiations between the Company and the Dealers. The Lenders will not have any involvement in such decision or determination. Other than payment of their portion of the commissions, if applicable, or as set forth in the applicable prospectus supplement or pricing supplement, none of the proceeds of such offerings of Notes will be applied, directly or indirectly, for the benefit of the Dealers or their affiliates. See "Use of Proceeds".

USE OF PROCEEDS

The net proceeds from the sale of Notes will be added to the general funds of the Company and, together with funding from other sources, including internally generated funds and other external financings, will be used to finance the Company's working capital requirements, to repay outstanding bank loans (which may include indebtedness owing to one or more of the Lenders), debentures, notes or other Indebtedness, to make advances to subsidiaries of the Company, to finance the Company's capital expenditure program, to make acquisitions and for other general corporate purposes. The Company expects that up to $300 million of the net proceeds from the sale of the Notes during the term of this prospectus may be used to finance a portion of the Company's debt investment in the financing entities associated with the Province's Fair Hydro Plan. See "Recent Developments — Ontario Fair Hydro Plan". Where appropriate, a prospectus supplement or pricing supplement will contain more specific information about the use of proceeds from each sale of Notes. All expenses relating to an offering of Notes, including any compensation paid to the Dealers, will be paid out of the Company's general funds or netted out of the proceeds of the particular offering of Notes. The Company may from time to time issue debt instruments and incur additional Indebtedness otherwise than through the issue of Notes pursuant to this short form prospectus.

PRIOR SALES

The Company has not issued Notes or securities convertible or exchangeable into Notes prior to the date hereof.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

General

The following summary describes the principal Canadian federal income tax considerations generally applicable to a purchaser who acquires Notes, including entitlement to all payments thereunder, as a beneficial owner pursuant to this short form prospectus and who, at all relevant times, for purposes of the application of the Tax Act, deals at arm's length with the Company and each Dealer and holds Notes as capital property (a "Holder"). Generally, Notes will be capital property to a purchaser provided the purchaser does not acquire or hold those Notes in the course of carrying on a business or as part of an adventure or concern in the nature of trade. Certain purchasers resident in Canada may be entitled to make or may have already made the irrevocable election permitted by subsection 39(4) of the Tax Act the effect of which may be to deem to be capital property any Notes (and all other "Canadian securities", as defined in the Tax Act) owned by such purchasers in the taxation year in which the election is made and in all

subsequent taxation years. Purchasers whose Notes might not otherwise be considered to be capital property should consult their own tax advisors concerning this election.

This summary is based on the current provisions of the Tax Act and on an understanding of the current administrative policies and assessing practices of the Canada Revenue Agency published in writing prior to the date hereof. This summary takes into account all specific proposals to amend the Tax Act publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the "Proposed Amendments") and assumes that all Proposed Amendments will be enacted in the form proposed. However, no assurances can be given that the Proposed Amendments will be enacted as proposed, or at all. This summary does not otherwise take into account or anticipate any changes in law or administrative policy or assessing practice whether by legislative, administrative or judicial action nor does it take into account tax legislation or considerations of any province, territory or foreign jurisdiction, which may differ from those discussed herein.

Depending upon the terms of any offering of the Notes as set forth in an applicable prospectus supplement or pricing supplement, the Canadian federal income tax considerations applicable to a Holder of the Notes at the time of such offering may be different from those described below. Such considerations may be described more particularly when such Notes are offered (and then only to the extent material) in the prospectus supplement or pricing supplement related thereto. In the event the Canadian federal income tax considerations are described in such prospectus supplement or pricing supplement, the description below will be superseded by the description in the prospectus supplement or pricing supplement to the extent indicated therein.

This summary is of a general nature only and is not, and is not intended to be, legal or tax advice to any particular purchaser. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective purchasers of Notes should consult their own tax advisors having regard to their own particular circumstances.

Currency Conversion

For purposes of the Tax Act, all amounts relating to the acquisition, holding or disposition of the Notes issued in a non-Canadian currency must be converted into Canadian dollars based on exchange rates as determined in accordance with the Tax Act. The amount of interest required to be included in the income of, and capital gains or capital losses realized by, a Holder may be affected by fluctuations in the applicable exchange rate.

Holders Resident in Canada

This portion of the summary is generally applicable to a Holder who, at all relevant times, for purposes of the application of the Tax Act, is, or is deemed to be, resident in Canada, is not affiliated with the Company or any Dealer and has not entered into and will not enter into, with respect to the Notes acquired by such Holder, a "derivative forward agreement" as defined in the Tax Act (a "Resident Holder").

This portion of the summary is not applicable to (i) a purchaser an interest in which is a "tax shelter investment", (ii) a purchaser that is, for purposes of certain rules (referred to as the mark-to-market rules) applicable to securities held by financial institutions, a "financial institution", or (iii) a purchaser that reports its "Canadian tax results" in a currency other than Canadian currency, each as defined in the Tax Act. Such purchasers should consult their own tax advisors.

On July 18, 2017, the Minister of Finance (Canada) released a consultation paper that included an announcement of the Government's intention to amend the Tax Act to increase the amount of tax applicable to passive investment income earned through a private corporation. No specific amendments to the Tax Act were proposed in connection with this announcement. Holders that are private Canadian corporations should consult their own tax advisors.

Taxation of Interest and other Amounts

A Resident Holder that is a corporation, partnership, unit trust or any trust of which a corporation or partnership is a beneficiary will be required to include in computing its income for a taxation year any interest on a Note that accrues or is deemed to accrue to such Resident Holder to the end of that taxation year, or becomes receivable or is received by the Resident Holder before the end of such year, to the extent that such interest was not included in computing the Resident Holder's income for a preceding taxation year.

Any other Resident Holder, including an individual and a trust of which neither a partnership nor a corporation is a beneficiary, will be required to include in computing its income for a taxation year any interest on a Note that is received or receivable by such Resident Holder in that taxation year (depending on the method regularly followed by the Resident Holder in computing its income) to the extent that such interest was not included in computing the Resident Holder's income for a preceding taxation year. Such a Resident Holder may also be required to include in the Resident Holder's income, for any taxation year that includes an "anniversary day" (as defined in the Tax Act) of the Note, any interest, or amount that is considered for the purposes of the Tax Act to be interest, on the Note which accrues to the Resident Holder to the end of such day, to the extent that such interest was not otherwise included in computing the Resident Holder's income for the year or a preceding taxation year. For this purpose, an "anniversary day" means the day that is one year after the day immediately preceding the date of issue of a Note, the day that occurs at every successive one year interval from that day and the day on which a Note is disposed of.

Where a Resident Holder is required to include an amount on account of interest on a Note that accrued in respect of the period prior to its date of acquisition, the Resident Holder will be entitled to a deduction in computing income of an equivalent amount. The adjusted cost base to the Resident Holder of the Note will be reduced by the amount which is so deducted.

Any amount paid by the Company to a Resident Holder as a premium, penalty or bonus because of early repayment of all or part of the principal amount of a Note before its maturity will be deemed to be received by the Resident Holder as interest on the Note at that time and will be required to be included in computing the Resident Holder's income as described above, to the extent such amount can reasonably be considered to relate to, and does not exceed the value at the time of payment of, interest that, but for the repayment, would have been paid or payable by the Company on the Note for a taxation year of the Company ending after that time.

Disposition of Notes

On a disposition or deemed disposition of a Note, including a redemption, repayment prior to or on maturity or repurchase, a Resident Holder will generally be required to include in computing its income for the taxation year in which the disposition occurs the amount of interest that has accrued, or that has been deemed to have accrued, on the Note to that time except to the extent that such amount has otherwise been included in the Resident Holder's income for the year or a preceding taxation year.

Generally, on a disposition or deemed disposition of a Note, including a redemption, payment on maturity or purchase for cancellation, a Resident Holder will realize a capital gain (or capital loss) equal to the amount, if any, by which the proceeds of disposition, net of any amount included in the Resident Holder's income as interest (as described above) and any reasonable costs of disposition, exceed (or are less than) the adjusted cost base to the Resident Holder of the Note immediately before the disposition or deemed disposition. Generally, a Resident Holder is required to include in computing its income for a taxation year one-half of the amount of any capital gain (a "taxable capital gain") realized in the year. Subject to and in accordance with the provisions of the Tax Act, a Resident Holder is required to deduct one-half of the amount of any capital loss (an "allowable capital loss") realized in a taxation year from taxable capital gains realized by the Resident Holder in the year and allowable capital losses in excess of taxable capital gains for the year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years.

Additional Refundable Tax

A Resident Holder that is, throughout its taxation year, a "Canadian-controlled private corporation" (as defined in the Tax Act) may be subject to pay a refundable tax on its "aggregate investment income" (as defined in the Tax Act), including amounts in respect of taxable capital gains and interest.

Alternative Minimum Tax

Individuals (other than certain trusts) may be subject to an alternative minimum tax under the Tax Act in respect of net capital gains realized by them.

Holders Not Resident in Canada

This portion of the summary is generally applicable to a Holder who, at all relevant times, for purposes of the application of the Tax Act (1) is not, and is not deemed to be, resident in Canada, and (2) does not use or hold the Notes in a business carried on or deemed to be carried on in Canada (a "Non-Resident Holder"). Special rules, which are not discussed in this summary, may apply to a Non-Resident Holder that is an insurer that carries on an insurance business in Canada and elsewhere or is an "authorized foreign bank" as defined in the Tax Act.

This portion of the summary is not applicable to a Non-Resident Holder that is a "specified shareholder" (as defined in subsection 18(5) the Tax Act) of the Company or that does not deal at arm's length for purposes of the Tax Act with a "specified shareholder" of the Company. Generally, for this purpose, a "specified shareholder" is a shareholder that owns or is deemed to own, either alone or together with persons with which the shareholder does not deal at arm's length for purposes of the Tax Act, shares of the Company's capital stock that either (i) give such shareholders 25% or more of the votes that could be cast at an annual meeting of the shareholders or (ii) have a fair market value of 25% or more of the fair market value of all of the issued and outstanding shares of the Company's capital stock. Such Non-Resident Holders should consult their own tax advisors.

No Canadian withholding tax will apply to interest, principal or premium paid or credited to a Non-Resident Holder by the Company on a Note or to the proceeds received by a Non-Resident Holder on the disposition of a Note including a redemption, repayment prior to or on maturity or repurchase, unless all or any portion of such interest is contingent or dependent on the use of or production from property in Canada or is computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class or series

of shares of the capital stock of a corporation (the "Participating Debt Interest"). The interest on Fixed Rate Notes, and on Floating Rate Notes in respect of which the payment of interest is determined by reference to published rates of a central banking authority or one or more financial institutions, or to recognized market benchmark interest rates or to interest rates on Government of Canada bonds is not Participating Debt Interest and, as such, no Canadian withholding tax will apply to interest paid or credited or deemed to be paid or credited on such Notes.

Generally, no other Canadian federal taxes on income or gains will be payable by a Non-Resident Holder on interest, principal or premium paid or credited to a Non-Resident Holder by the Company on a Note or on the proceeds received by a Non-Resident Holder on the disposition of a Note including a redemption, repayment prior to or on maturity or repurchase.

RISK FACTORS

In addition to the other information contained and incorporated by reference in this short form prospectus, a purchaser should consult its own financial and legal advisors and should carefully consider the following risk factors before investing in the Notes. Notes will not be an appropriate investment for a purchaser if the purchaser does not understand the terms of the Notes or financial matters in general. A purchaser should not purchase Notes unless the purchaser understands, and can bear, all of the investment risks involving the Notes. For a discussion of the risks to which the Company's business and industry are subject, please see the section entitled "Risk Factors" in the Company's annual information form, and the section entitled "Risk Management" in the Company's annual MD&A. In addition to those risks, an investment in the Notes is subject to the following additional risks:

Rank of Notes and Corporate Structure

The Notes will be direct unsecured obligations of the Company and will rank *pari passu* with all other unsecured and unsubordinated indebtedness of the Company from time to time outstanding, including, but not limited to, indebtedness of the Company under its $1 billion bank credit facility provided by a syndicate of lenders, an aggregate amount of approximately $3.3 billion senior notes payable to the Ontario Electricity Financial Corporation, and its $700 million general corporate credit facility provided by Ontario Electricity Financial Corporation, each as described in Notes 6 and 7 of the Company's financial statements as at and for the fiscal year ended December 31, 2016, its commercial paper program and Notes of every other series issued pursuant to the Trust Indenture. A default by the Company under the Trust Indenture will constitute an event of default under these credit facilities and Notes. There can be no assurance that sufficient funds would be available to the Company at the time of any such default to make any required payment under the Notes.

A significant portion of the Company's assets are owned on by its subsidiaries. The Company's ability to meet its financial obligations will depend, in part, upon the receipt of interest and principal, management fees, cash dividends and other payments from its subsidiaries, together with funds generated from the Company's operations and proceeds raised by the Company through the issuance of debt. The payment of dividends and the making of loans, advances and other payments to the Company by its subsidiaries may be subject to statutory or contractual restrictions, will depend on the earnings of the subsidiaries and will be subject to various business and other considerations.

The Company's subsidiaries are separate legal entities and have no legal obligation, contingent or otherwise, to pay any amount due under the Notes or to make any amounts available to the Company, whether by dividends, interest, loans or other payments. In addition, these subsidiaries have not guaranteed the Notes. Therefore, the Notes will be effectively subordinated to the current and future liabilities, including trade payables and other indebtedness, of the Company's subsidiaries. The creditors

of those subsidiaries will have the right to be paid before payment on the Notes from any cash received or held by those subsidiaries. In the event of any bankruptcy, dissolution, liquidation or reorganization of one of those subsidiaries, following payment by the subsidiary of its liabilities, the subsidiary may not have sufficient assets to make payments to the Company in its capacity as an equity holder of such subsidiary.

There May Be No Trading Market for the Notes and if One Develops, the Notes May Be Subject to Trading Price Fluctuations

The Notes are new issues of securities for which, unless otherwise indicated in a prospectus supplement or pricing supplement, there is no existing trading market. The Company cannot predict whether any active trading market will develop for the Notes, even if the Notes are listed on a stock exchange.

Even if an active trading market develops for the Notes, the Notes could trade at prices that may be higher or lower than their initial offering prices, depending on many factors, including prevailing interest rates, the Company's results of operations and financial position, the ratings assigned to the Notes and the Company's other debt securities, and the markets for similar debt securities.

If a holder of Notes sells any Notes before their maturity, such holder may have to do so at a substantial discount from the issue price, and as a result such holder may suffer substantial losses.

Additional Debt Financing May be Required

The Company expects to borrow to repay the Notes when required to do so under the terms of the Notes and to fund capital expenditures. The Company's ability to arrange sufficient and cost-effective debt financing could be adversely affected by a number of factors, including financial market conditions, the regulatory environment in Ontario, the Company's results of operations and financial condition, the ratings assigned to the Company and its debt securities by credit rating agencies, the current timing of debt maturities and general economic conditions.

Shareholder Direction

The Province owns all of the Company's issued and outstanding common shares. Accordingly, the Province has the authority to make appointments to the Company's board of directors and is able to influence major corporate and business decisions. The Company is a party to a memorandum of agreement with the Province (the "MOA"), which serves as the basis of agreement between the Company and the Province regarding the Company's mandate, governance, performance and communications, and establishes accountabilities between OPG and the Province. OPG's strategic imperatives are based on the Company's mandate as set out in the MOA. In addition, the Province has in the past, and may from time to time, provide shareholder directives to the Company that can directly influence major decisions, including those related to project development, timing and strategy of applications for regulated prices, asset divestitures, financing and capital structure. Any such directives could require the Company to undertake activities that result in increased expenditures, that reduce revenues or cash flows or that increase the Company's financial or reputational risk exposure, relative to the business activities or strategies that would have otherwise been undertaken. Conflicts of interest may also arise between the Company and the Province as a result of the Province's broader governmental responsibilities and policy-making objectives (including energy regulatory and environmental matters and the Province's initiatives to mitigate the impact of rising electricity prices on consumers) and the Province's financial interests in dividend or proxy tax payments. There can be no assurance that any potential conflict of interest between the Company and the Province will be resolved on terms satisfactory to the Company, which could have

an adverse effect on the Company and its business. Additional information concerning the Company's relationship with the Province is included in the AIF under the section "Interest of Management and Others in Material Transactions – Relationship with the Province and the OEFC".

Investors May Be Subject to the Risk of Exchange Rate Fluctuations

An investment in Notes that are denominated or payable in a currency other than the functional currency of the investor entails significant risks that are not associated with a similar investment in a security denominated in the functional currency of the investor. Such risks include, without limitation, the possibility of significant changes in rates of exchange between the two currencies, the possibility of the imposition or modification of foreign exchange controls in respect of one or both of the currencies, and potential illiquidity in the secondary market. These risks generally depend on circumstances over which the Company has no control including political events, government policy and macroeconomic conditions. These risks will vary depending upon the currency or currencies involved and, where appropriate, will be more fully described in a prospectus supplement or pricing supplement.

In certain circumstances, investors may receive payments in currencies other than the currency in which the Notes are denominated. This may subject investors to exchange rate risk in respect of the conversion of principal and interest payments on the Notes from the currency in which the Notes are denominated to the currency of the payment which they receive, and they may also bear any costs of conversion incurred in connection therewith. For example, to the extent the Company makes a series of Notes eligible with DTC, investors who hold such Notes through DTC where CDS acts as Depository and who do not elect to receive principal and interest payments in Canadian dollars will be subject to exchange rate risk in respect of the conversion of Canadian dollar principal and interest payments to U.S. dollars, and will also bear any costs of conversion incurred in connection therewith.

The Notes will be governed by and construed in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein. A judgment by a Canadian court relating to any Note may be awarded only in Canadian currency and such judgment may be based on a rate of exchange in existence on a day other than the day of payment.

This short form prospectus does not describe all the risks of an investment in the Notes denominated or payable in a currency other than an investor's functional currency, and prospective investors should consult their own financial and legal advisor as to the risks entailed with respect thereto. Notes denominated in currencies other than an investor's functional currency are not appropriate investments for investors who are unfamiliar with foreign currency transactions.

Changes in Interest Rates Will Affect the Market Price or Value of the Notes

Generally, the market price or value of the Notes will decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline. Fluctuations in interest rates may also impact borrowing costs of the Company which may adversely affect its creditworthiness. It is impossible to predict whether interest rates will rise or fall.

Changes in Creditworthiness or Credit Ratings May Affect the Market Price or Value of the Notes

The perceived creditworthiness of the Company and changes in credit ratings of the Notes may affect the market price or value and the liquidity of the Notes. In addition, negative changes in the Company's credit rating may affect the credit ratings of the Notes.

Floating Rate Notes Are, By Their Nature, Uncertain

Investments in Floating Rate Notes entail risks not associated with investments in Fixed Rate Notes. The resetting of the applicable rate on a Floating Rate Note may result in a lower interest rate as compared to a Fixed Rate Note issued at the same time. The applicable rate on a Floating Rate Note will fluctuate in accordance with fluctuations in the instrument or obligation or other measure on which the applicable rate is based, which in turn may fluctuate and be affected by a number of interrelated factors, including economic, financial and political events over which the Company has no control.

The Notes May Be Subject to Early Redemption

Depending on the terms of the Notes, the Company may have the right to redeem them, or the Notes may be automatically redeemable under some circumstances. If the Notes are redeemed, depending on the market conditions at the time of redemption, a holder of Notes may not be able to reinvest the redemption proceeds in a security with a comparable return.

LEGAL MATTERS

Certain legal matters in connection with any offering hereunder will be passed upon by Torys LLP for the Company and by Blake, Cassels & Graydon LLP for the Dealers. The partners and associates of Torys LLP and Blake, Cassels & Graydon LLP beneficially own, directly or indirectly, less than one percent of the securities of the Company or any associate or affiliate of the Company.

AUDITORS, REGISTRAR AND TRANSFER AGENT

The external auditor of the Company is Ernst & Young LLP, Chartered Professional Accountants, located at 222 Bay Street, P.O. Box 251, Toronto, Ontario M5K 1J7. Ernst & Young LLP has been the Company's auditors since OPG was formed in 1999, and is independent in accordance with the Rules of Professional Conduct of the Chartered Professional Accountants of Ontario.

Registers for the registration and transfer of the Notes issued in registered form are kept at the principal offices of the Transfer Agent in the City of Toronto.

PURCHASERS' STATUTORY AND CONTRACTUAL RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revision of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

AGENT FOR SERVICE OF PROCESS IN CANADA

William A. Coley, John Herron, Jim Reinsch and James Sheppard, directors of the Company, reside outside of Canada. Messrs. Coley, Herron, Reinsch and Sheppard have appointed Ontario Power Generation Inc., 700 University Avenue, Toronto, Ontario, M5G 1X6, Canada, as agent for service of process in Canada. Purchasers are advised that it may not be possible for investors to enforce judgments

obtained in Canada against any person or company that is incorporated, continued or otherwise organized under the laws of a foreign jurisdiction or resides outside of Canada, even if the party has appointed an agent for service of process.

Cc:	Ronald Kwan; Mike Manning; Carlos Yep
Subject:	OPG Performance fees
Date:	Friday, May 12, 2017 11:24:04 AM

Hi Scott

This issue has come up a couple of times and after discussing with Gadi we felt that you may be able to raise it either directly with OPG or via Energy. As the Financial Services Manager, OPG is proposing a performance fee for itself based beating a benchmark for borrowing costs the Trust incurs in presumably the 51% it seeks to borrow from the capital markets.

OPG argues that the latter of the two fundamental principles, “Power” and “Profit” allowing the Trust to be consolidated with OPG requires the implementation of a performance fee structure. The counter argument is that OPG already has access to profit, by virtue of its position as the funding entity for 44% of the debt incurred by the Trust. OPG uses the funds it receives from the Province’s equity injection, for which it pays no interest, for this purpose.

Upon consolidation with the Trust, OPG’s interest income will therefore increase by the amount of the interest the Trust receives on 44% of its overall debt, a relatively risk free profit source, at least over the duration of the Fair Hydro Plan. While the use of a benchmark is appropriate and contributes to an efficient borrowing program, any performance fees arising from beating the benchmark will effectively be funded by the ratepayers, by increasing the investment asset and the associated debt to be repaid by ratepayers.

Mike and I will be happy to provide any further technical assistance that you may require as you raise this issue.

Thanks

Ken k

DCM Weekly Market Update

Monday, 12 June 2017

The Canadian corporate primary market was active last week with C$3.0 billion priced across five investment grade transactions with activity in various sectors. Despite significant supply over the last few weeks, investor appetite continues to be very robust with new issue concessions still flat to low-single-digits, relatively low fill rates and most deals oversubscribed by approximately 2-3 times. Highlighting last week's supply, Enbridge Inc. priced a C$1.2 billion three-tranche offering that was upsized on the back of strong demand, following an opportunistic reverse-inquiry driven transaction a few weeks prior. In addition, RBC acted as a bookrunner on two transactions including Saputo Inc.'s C$300 million 5-year senior unsecured notes, and Caterpillar's C$150 million 3-year offering, both of which priced at the tight end of guidance. In the securitization space, Merrill Lynch Canada's C$1.1 billion MBS transaction represented Merrill Lynch Canada's third deal of the year. On the marketing front, RBC hosted fixed income investor updates for Toronto Hydro as well as its annual C$ High Yield Forum in Toronto which was well attended by issuers and investors. Looking forward, market tone in the credit markets remains constructive as new issues continue to attract notable investor interest.

Away from new issues, the secondary market was active on the back of the new corporate supply. Deposit notes remained topical on the week with a net buying bias, while retail and telco paper traded two-way through the week. NVCC was also active throughout the week on the back of news that NVCC bonds will become eligible for the FTSE TMX Canada Universe Bond index effective July 1st. On the week, corporate credit spreads closed marginally tighter by 1 bp.

Governments were active this week with 3 domestic transactions for C$1.3 billion and one offshore issue for EUR €1.5 billion. On the provincial front Alberta completed a C$900 million re-opening of its December 2048 maturity with RBC as lead, and New Brunswick printed a C$300 million 10-year offering. In municipals Regional Municipality of Waterloo completed a C$45 million 1-20 year serial marking the issuer's return to market following its C$104.55 million serial in September 2016. Outside of the domestic market, Ontario printed a EUR €1.5 billion 7-year offering with RBC as joint lead, marking the Province's return to the Euro market since January 2015. The transaction enjoyed broad distribution and strong investor demand with books in excess of €2.2 billion. In secondaries provincial bonds experienced net better selling while there was net buying in CMBs. Spreads ended the week 0.5-1bp wider in provincials, while CMBs were 0.5-1bp tighter in 5-years

and 1bp wider in 10-years.

EQUITY MARKET UPDATE

North American equity markets finished the week mixed on both sides of the border. A risk-off tone early in the week dominated as markets awaited former-FBI Director James Comey's testimony, the European Central Bank rate decision and the results of the U.K. election. U.S. indices reached intraday records led by financials as markets shrugged off the surprise result of the U.K. general election with the U.K. Conservatives losing majority. The Dow Jones and S&P 500 finished the week +0.3% and -0.3% respectively. NASDAQ was down 1.6% driven by a short seller's comments and a cautious note from Goldman Sachs Group with regard to the technology sector. North of the border, the TSX inched 0.2% higher as gains in healthcare and financials offset weaker oil prices. In commodities, oil fell $1.83 to $45.83 driven by rising stockpiles in the U.S. and Nigeria countering OPEC's production cut. In addition, gold fell $12.41 to $1,266.76 despite Brexit uncertainty continuing to loom, while the Canadian dollar appreciated 0.1% against the greenback to end the week at 1.3470.

Wed, June 7 – Merrill Lynch Canada Inc. (AAA/Aaa/AAA) – C$1.1 billion 1.42% 5-year NHA MBS offering at GoC +62bps

Governments

Mon, June 6 – Regional Municipality of Waterloo (-/Aaa/-) – C$45 million 1-20 year serial offering

Wed, June 7 – Province of Alberta (AA(H)/Aa1/A+) – C$900 million 3.050% 32-year at GoC +96.0bps

Fri, June 9 – Province of New Brunswick (A(H)/Aa2/A+) – C$300 million 2.35% 10-year at GoC +89.5bps

NORTH AMERICAN RATES UPDATE

North American bond yields ended the week higher as the risk-off tone faded by the end of the week. Following a mildly dovish ECB statement and James Comey's testimony that ultimately had little market impact, rates were driven by the healthy fundamentals in the U.S. The market is now expecting a rate hike at the next FOMC meeting on June 14 with the probability currently standing at ~96%. This week's FOMC statement is expected to emphasize the overall health of the labour market, despite the headline "miss" in the latest payroll report, and the resilient state of household balance sheets, which should support consumption moving forward. Over the week, the US Treasury curve shifted higher 4-5bps across the curve. In Canada, the BoC conceded that the recent string of better job figures (+276k jobs in the past year) and firmer labour income growth (+3.0% y/y) have provided a "buffer" in facing a possible housing downturn. The GoC curve flattened as yields moved 3-5bps in the short-end, and moved 2bps in the belly and the long-end. Looking ahead, the market will be watching the Fed closely, in particular Chair Yellen's upcoming press

conference.

SWAPS

The Canadian swap market was volatile over the course of last week as geopolitical risks, uncertainty surrounding Former FBI Director Comey's testimony, central bank commentary and weak crude prices influenced sentiment. Despite risk-off tone in North American equity markets, government bond yields increased 2-5 bps across the curve with a flattening bias which spurred mixed paying and receiving flows. Overall on the week, 2-, 5- and 10-year swap spreads tightened 1.5 bps, 0.75 bps and 0.5 bps, respectively, while the 30-year tenor widened 0.75 bps on the back of better paying interest from duration sensitive investors. The BA/LIBOR basis curve tightened 0.25 bp -1.75 bps on the back of increased cross border flows.

DCM Weekly Market Update

Monday, 24 April 2017

The Canadian corporate primary market was active last week with 6 transactions priced for ~C$3.1 billion in aggregate proceeds. Supply on the week was well diversified across all of tenor, rating and sector. In the Maple space, Wells Fargo was first on the week with a C$1 billion 5-year senior trade, which was later followed by a Goldman Sachs 6NC5-year fixed/floating senior callable offering, the latter of which was bookrun by RBC. The two bank deals bring total Maple supply this year to C$4.5 billion across 5 transactions, well ahead of the C$1 billion priced during the comparable period in 2016. Also of note, Aéroports de Montréal printed its first issue since June 2015, coming to market with a C$250 million long bond for which RBC acted as a joint bookrunner. In the real estate space, Allied Properties REIT was in the market with a C$200 million 8-year senior offering, while Laurentian Bank priced a ~C$358 million 5-year NHA MBS deal. The high yield sector was active last week absorbing a C$500 million 8NC3-year senior unsecured notes offering from Parkland Fuel Corporation, which follows the company's recently announced acquisition of Chevron Canada Limited's downstream fuel business and capitalizes on constructive tone in the C$ high yield market. Last week's transactions saw strong order book interest, broad investor distribution and competitive pricing that tightened from marketed ranges. Away from primary supply, RBC hosted a well-attended national investor call for Ford Auto Securitization Trust. Good reception of recent new issuance remains indicative of constructive tone in Canadian credit markets as issuers continue to monitor the market for stable funding windows.

Secondary markets were moderately active last week in sympathy with primary market activity. Deposit notes actively traded two-way on the back of new issuance in the financial space, while telcos, long utilities and energy credits also exchanged hands through the week. On the week, corporate credit spreads closed tighter by ~1bp.

In governments, Province of Quebec printed a C$500 million re-opening of its long-dated December 2048s, and Province of New Brunswick issued a C$300 million re-opening of its August 2048 maturity. In the secondary market, flows were moderate through the bulk of the week, with two-way trading seen across the curve. Provincial spreads ended 1bp wider in the belly and long end, while CMBs closed 0.5-1bp tighter.

EQUITY MARKET UPDATE

North American equity indices rallied through the week despite ongoing geopolitical concerns that loom over the market as US President Trump announced his intention to shift his focus to

international trade, domestic tax reform and financial deregulation. US Treasury Secretary Steven Mnuchin stated on Thursday that the Trump Administration was in the midst of producing an ambitious tax plan, mitigating investor concerns that progress on the domestic front was waning. The S&P 500 and Dow Jones indices rose 0.8% and 0.5%, respectively, as upbeat corporate results and improving market tone propelled US stocks higher with industrials and consumer names outperforming. Canadian equities followed US markets higher with the S&P/TSX index registering a gain of 0.5% on the week. In commodity markets, crude oil fell nearly 7% to close below $50 as rising US shale output drew concerns that OPEC-led supply cuts would be undermined. Gold also fell $2.28 to finish the week at $1,284.44/oz. In currency markets, the Canadian dollar weakened 1.6% against the US greenback to close at 1.3498 USDCAD.

Index	Level		1 Week Δ

CANADIAN NEW ISSUES

Corporate

Tues, Apr 18 – Allied Real Estate Investment Trust (BBB(L)/-/-) – C$200 million 3.636% 8-year senior unsecured notes at GoC+230 bps

Tues, Apr 18 – Wells Fargo & Company (AA/A2/A) – C$1 billion 2.094% 5-year senior unsecured notes at GoC+109 bps

Tues, Apr 18 – Laurentian Bank of Canada (AAA/Aaa/AAA)– ~C$358 million 1.35% 5-year (3.82 WAL) NHA MBS at GoC+59 bps

Wed, Apr 19 – Aéroports de Montréal (A(H)/A1/-) – C$250 million 3.360% 30-year senior secured bonds at GoC+120 bps

Wed, Apr 19 – Goldman Sachs (A(H)/A3/BBB+) – C$750 million 2.433% 6NC5-year fixed/floating callable senior notes at GoC+139 bps

Fri, Apr 21 – Parkland Fuel Corporation (BB/-/BB-) – C$500 million 5.625% 8NC3-year senior unsecured notes at GoC+427.6 bps

Government

Wed, Apr 19 – Province of Quebec (A(H)/Aa2/A+) – C$500 million 3.50% 30-year (re-opening) at GoC+88 bps

Fri, Apr 21 – Province of New Brunswick (A(H)/Aa2/A+) – C$300 million re-opening 3.10% 2048 at GoC+114.5 bps

NORTH AMERICAN RATES UPDATE

North American government bond yields initially rose before falling closer to the end of last week as investors sought comfort in safe haven assets leading into the French presidential election over the weekend. The US Treasury curve steepened on the week with the 2-year benchmark yield cutting 3bps while 5-years closed unchanged and the belly and long end of the curve rose 1bp. Of note, several US Fed officials weighed on markets last week with Fed Vice Chair Stanley Fischer reiterating his concurrence with a gradual approach to rate normalization, while Dallas Fed President Robert Kaplan expressed his view that three hikes to the overnight interest rate remained the appropriate course of action for the year. The odds of a rate hike by the June FOMC meeting currently stands at ~50% as implied by US futures markets. North of the border, the Government of Canada curve flattened last week with the short-end falling 1bp while the remainder of the curve fell 2-3bps.

SWAPS

The Canadian swap market displayed volatility over the course of the week as uncertainty around US tax reform, a steep decline in oil prices and supportive commentary from the Fed weighed on sentiment. Given the risk-off tone that dominated a majority of session, the decline in government bond yields spurred net better receiving interest from fast money accounts while longer dated tenors saw opportunistic paying from a range of duration sensitive investors. Overall on the week, 2-5-year swap spreads tightened 0.5 bps – 2.75 bps, while the 10-30-year part of the curve ended unchanged to wider 0.75bps. The BA/LIBOR basis curve declined 1.0 bp-1.25 bps across the curve on the back of increased cross border flows.

Canadian Debt Capital Markets

DCM Weekly Market Update

Monday, August 21, 2017

The Canadian corporate primary was active last week with three transactions priced for aggregate proceeds of ~C$3.9 billion, all of which was led by RBC. The highlight of the week was Apple Inc.'s C$2.5 billion 7-year inaugural Maple offering with RBC acting as a joint bookrunner. The transaction priced attractively and registered as the largest non-bank corporate transaction to ever print in Canada, featuring an oversized orderbook with a record number of participating investors for a corporate Maple. The deal adds to a record amount of Maple issuance for the year with total volume currently standing at C$11+ billion. In the financial space, Manulife Financial Corp was in the market with its inaugural C$ capital trade at the holding company, printing C$750 million 12NC7-year subordinated notes with RBC acting as lead left bookrunner; the company concurrently announced the redemption of a series of senior notes. In the energy space, Pembina Pipeline Corp priced a C$600 million dual-tranche tap of its 2024 and 2047 maturities with RBC acting as a bookrunner. All of last week's trades were successful and featured oversubscribed orderbooks, broad investor distribution and balanced aftermarket performance. Despite the narrowing issuance window heading into the final few weeks of August, the market remains supportive of opportunistic trades to get ahead of the typically busy Fall issuance period.

The secondary market was moderately active with trading flow partially driven by new supply on the week. There was good two-way flow to start the week among energy and pipeline credits, while Maples were fairly active on the back of the Apple new issue. Later in the week, the focus shifted to utilities, telecom and retail names, while short-dated deposit notes traded fairly evenly throughout the week. On the week, corporate credit spreads closed 2-3bps wider vs. the prior week.

The government primary market was also active last week, with 3 transactions pricing for an aggregate C$4.75 billion. Canada Housing Trust completed its 5th issue of the year with a C$4.25 billion dual-tranche transaction consisting of a C$2.25 billion re-opening of its 2.35% 10-year due June 2027 and a C$2.0 billion re-opening of the 5-year FRN due September 2022. Issuance from CMHC in 2017 now totals C$25 billion, and the program remains on track to complete C$40 billion by year end. Additionally, Province of Manitoba printed a C$300 million 10-year re-opening, and City of Toronto completed a C$200 million 20-year offering to bring its total borrowing to C$900 million on the year. Government secondaries experienced a notable pickup

last week following relatively modest volumes in the first half of August. Provincials noted better buying in the front end and selling in longs, and closed 0.5-1bp wider through the curve. CMBs saw decent two-way trading on the week and closed 0.5bp wider.

EQUITY MARKET UPDATE

North American equity markets experienced a volatile week, ending lower on both sides of the border as ongoing geopolitical tensions, ongoing uncertainty with respect to the Trump administration's ability to push through its fiscal agenda, and terrorist attacks in Spain added to global concerns and fueled the risk-off sentiment mid-week. Markets initially rose to start the week before collapsing on Wednesday following news that there had been several terrorist attacks on Spanish soil; the Dow Jones index fell 1.2% in the largest one-day decline in over three months. By Friday, US equity markets partially recovered some losses following news that White House official Steve Bannon would be leaving his job as Chief Strategist. On the week, the S&P 500 closed 0.6% in the red, while the Dow Jones ended 0.8% lower. In Canada, the S&P/TSX index fell 0.5% in sympathy with its US counterpart, approaching its lowest close since the start of the year. In commodity markets, crude oil fell $0.09 to end the week at $48.73/bbl, while gold fell $5.25 to close at $1,284.06/oz. In currency markets, the Canadian dollar appreciated 0.7% against the US greenback to close the week at 1.2585 USDCAD.

CANADIAN NEW ISSUES

Corporate

Mon, Aug 14 - Pembina Pipeline Corporation (BBB/-/BBB) – C$600 million dual tranche offering comprised of a C$350 million re-opening of 2.99% 7-year senior notes at GoC+150bps and C$250 million re-opening of 4.74% 30-year senior notes at GoC+255bps

Tue, Aug 15 - Manulife Financial Corporation (A(low)/-/A-) – C$750 million 3.049% 12NC7-year subordinated debt offering at GoC+132bps

Tue, Aug 15 - Apple Inc. (Aa1/AA+) – C$2.5 billion 2.513% 7-year senior notes offering at GoC+80bps

Governments

Wed, Aug 16 - Canada Housing Trust (AAA/Aaa/AAA) – C$4.25 billion dual-tranche offering comprised of C$2.25 billion 2.35% 15Jun27 re-opening at GoC+44.5bps and C$2.0 billion FRN re-opening due 15Sep22 at 3mCDOR+4.8bps

Wed, Aug 16 - Province of Manitoba (AH/Aa2/A+) – C$300 million 2.60% 2Jun27 re-opening at GoC+76.5 bps

Thu, Aug 17 - Province of Saskatchewan (AA/Aaa/AA) - C$150 million 3.750% 37-year re-opening at GoC +87.0 bps

Fri, Aug 18 – City of Toronto (AA/Aa1/AA) – C$200 million 3.50% 2Jun36 re-opening at GoC+105.5 bps

NORTH AMERICAN RATES UPDATE

North American government bond yields ended the week mixed after several terrorist attacks in Spain mid-week moderated tone and drove investors into safe haven assets. South of the border, the Treasury curve flattened modestly with the front-end higher by 1-2 bps, while 10-years ended unchanged and the long-end fell 1 bp. A risk-on tone initially drove yields higher by 5-8 bps to start the week as political tensions seemed to abate between the US and North Korea. However, there was a partial reversal through the back end of the week as investors retreated to haven securities following the attacks in Spain, a dovish FOMC meeting minutes release, and misses to headline economic numbers including jobless claims. Gyrations in Treasury markets persisted on Friday on news that White House Chief Strategist Steve Bannon, an ardent populist, would be stepping down from his position, which partially reversed haven flows to close the week. In

Canada, the GoC curve also experienced a flattening in sympathy with its US counterpart as the 2-10 year benchmark yields rose 2-3 bps while the 30-year pared 1bp. In the Canadian swaps market, spreads at the 2-, 5-, 10-, and 30-year tenors tightened by 1.5 bps, 2 bps, 3 bps, 4 bps, respectively.

Fair Hydro Plan – Subordinated Debt Loan Arrangement
Term Sheet

- Parties: OPG, Fair Hydro Trust, OFA

- In accordance with the Master Subscription Agreement among OPG, OFA and Ministry of Energy, the Province agrees to inject 44% of total funding of GA asset by way of equity subscriptions in OPG, and OPG agrees to use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt (Equity Injection Plan) requirements as part of the Fair Hydro Plan

- OPG will lend the equity injection from the Province to Fair Hydro Trust by way of subordinated debt (one or more mezzanine level)

- Initial credit rating will be assigned to the subordinated debt of Fair Hydro Trust

- Based on monthly funding requirement of GA asset, the Trust will use short term financing, such as bank facilities, and take out bonds once accumulative short term funding reaches certain levels.

- The mechanism to implement Equity Injection Plan will be based on monthly equity injections reflecting funding requirements of GA asset

- Interest rates on the subordinated debt will be established as follows:

    - During the Trust short term financing period when bank facilities are used as funding vehicles, the interest rate on subordinated debt will be the sum of (1) funding rate on senior debt, and (2) additional spread margin of [xx], reflecting the credit rating difference between the senior and subordinated debt

    - At the time when senior bonds are being issued to take out (term out) the short term financing, OPG will seek indicative coupon rates on the subordinated debt from dealers, reflecting the sum of underlying Government of Government of Canada yield of equivalent term and the appropriate credit spread. The average indicative coupon rate from dealers will be calculated and set as the subordinated debt rate. The process will be similar to the one established for pricing of OPG debt drawn from OEFC facilities.

FINANCING TRUST – PERFORMANCE FEE TO OPG

BACKGROUND

Ontario Power Generation Inc. (OPG) has been appointed the Financial Services Manager under the Fair Hydro Plan Act, 2017 to, among other things evaluate whether funding obligations should be incurred by the Trust for the purpose of acquiring and financing an investment interest. A performance fee relating to the funding obligations will be meaningful and allow OPG to make decisions that will significantly impact its return. The Act as drafted enables OPG to achieve its accounting objective of consolidation of the Trust with OPG, and the ability to earn a return and take on risk, through its control of the Trust.. The objective therefore is to recommend a reasonable variable performance fee structure for OPG to earn a return from the Trust, and meet the accounting requirement.

ANALYSIS OF ACCOUNTING REQUIREMENT

To support the accounting consolidation, OPG's variable performance return will be accomplished through the followings:

a. The cash flow from the investment asset shall include interest determined based on a relevant benchmark that is appropriate relative to the investment asset, plus an appropriate margin consistent with the relevant market and other risks
b. OPG shall have the authority to determine the financing strategy, which will vary the financing costs with the objective of enabling the Trust to achieve a more favorable return compared to the benchmark for interest on the investment asset
c. The Trust shall establish different classes of debt (senior, subordinated and the most subordinated). The classes would allow the Trust to delineate financing of lower risk investment and investment that would bear higher residual risk. The delineation would limit OPG's self-funded investment to a reasonable level in order to allow OPG to remain a self-sustaining entity.
d. OPG shall, through its ownership of the most subordinated liability, be able to capture and retain the pricing difference between cost of financing and benchmark for interest on the investment asset, or any residual risk of investment asset. The targeted return of the subordinated debt should be reflective of the underlying risks and compensate holders for active management that would be required.

PERFORMANCE FEE ANALYSIS

Based on the accounting requirements, the recommendation is for OPG to establish a variable performance fee structure as follows:

As the Trust may issue both long term bonds and medium term notes, benchmarks based on various terms, will be established on an annual basis, subject to the following methodology:

- Benchmarks will be established as the sum of (1) reference rate, and (2) spread
    - Both reference rate and spread will be term dependant

- For bond/note issuance, reference rate will be GOC rate of equivalent term
- Reference rate will be based on consensus forecast provided by various financial institutions

- Benchmarks will be established based on the weighted average rate of incremental debt issuance at the Trust level
- If the actual weighted average rate is lower than the corresponding benchmark, OPG will realize a gain, otherwise a loss
- Variable performance fee, i.e. gain/loss, is applicable only to OPG's investment in the Trust (5% of the funding requirement), and is capped at benchmark weighted average rate +/-1%

An example illustrating this structure is detailed in Appendix 1

APPENDIX 1

The illustration is based on the expected Trust debt structure as follows:

	Risk Profile	Source	% of Total Funding Requirement
Tranche A Senior Debt	the least risky	Capital Markets	51%
Tranche B Sub Debt	In between A&C	OPG via OEFC	39%
Tranche C Sub Debt	the most risky	OPG via OEFC	5%
		OPG via Capital Markets	5%

1. Benchmark is to be established at each year end for Trust issuance next year. In this example, assuming the following benchmark is established as of end of Yr 1

		Benchmark
Tranche A	51%	4.25%
Tranche B Sub Debt	39%	5.50%
Tranche C Sub Debt	10%	6.50%
Weighted Average Rate		**5.0%**

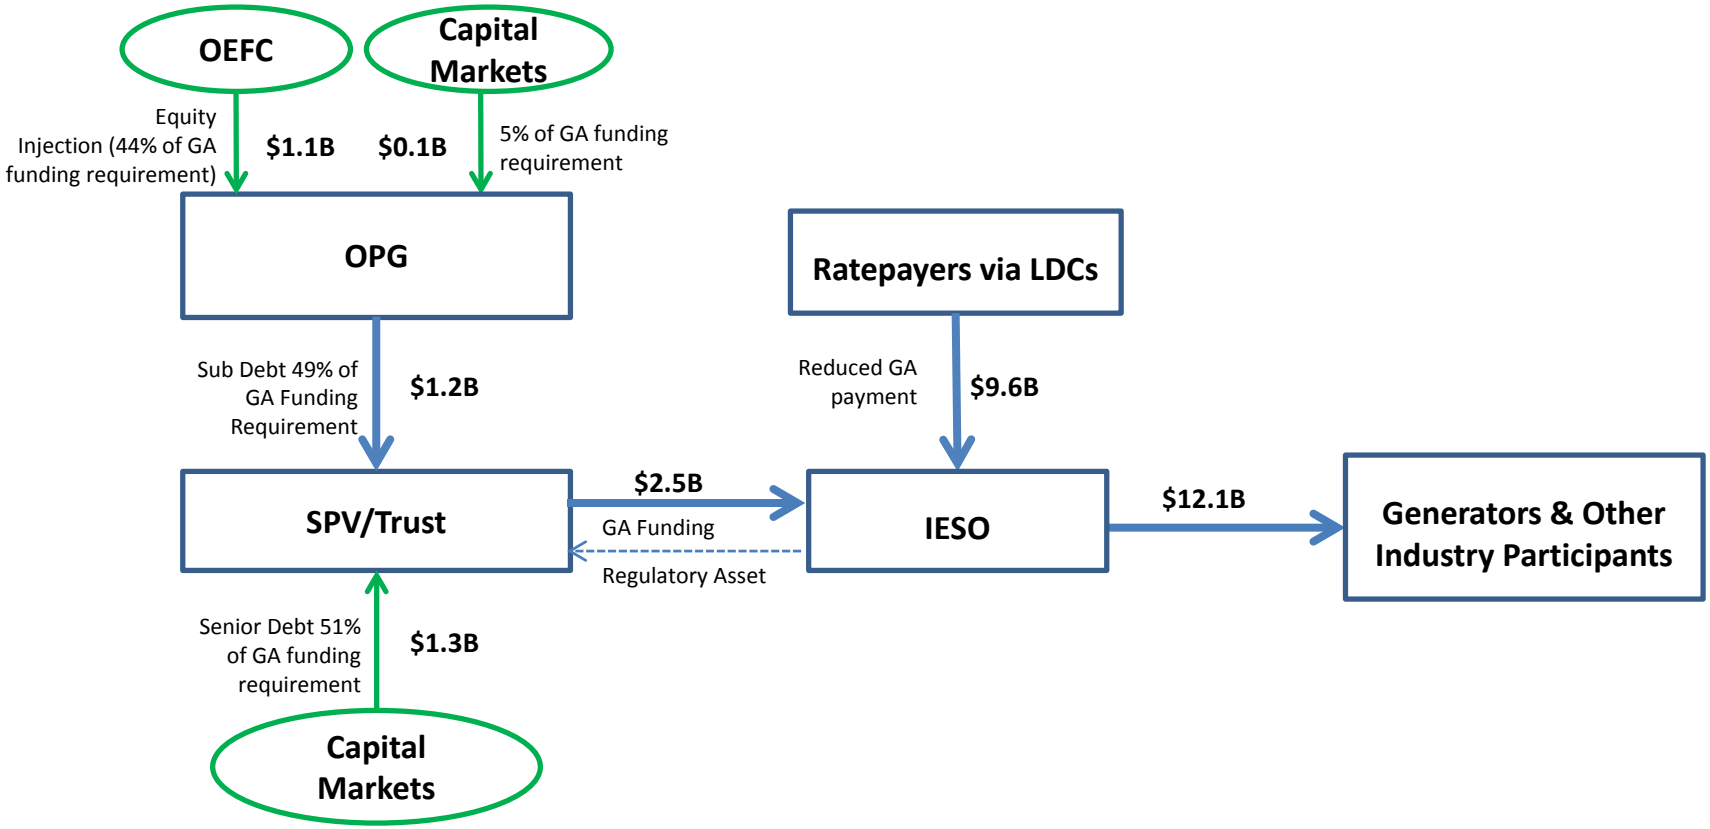
2. By the end of Yr 2, OPG will calculate the actual weighted average rate for all incremental issuance for the year. If the actual weighted average rate is lower than the corresponding benchmark, OPG will realize a gain, otherwise a loss.

	Allocation	Benchmark	Actual
Tranche A	51%	4.25%	5.0%
Tranche B Sub Debt	39%	5.50%	5.60%
Tranche C Sub Debt	10%	6.50%	6.60%
Weighted Average Rate		**5.0%**	5.4%
		Loss	0.4%

3. Variable management fee, i.e. gain/loss, is applicable only to OPG's investment (5% of the Trust funding requirement), and is capped at benchmark weighted average rate +/-1%.

   Based on the example above and assume incremental Trust issuance is $2B, OPG will realize loss of variable performance fee of 0.4M ($2B*5%*0.4%)

Illustration based on $2.5B GA Funding



Fair Hydro Plan –Master Subscription Agreement
Term Sheet

- Parties: OPG, OFA, Ministry of Energy

- The Province agrees to inject 44% of total funding of GA asset by way of equity subscription in OPG, which amount OPG in turn will invest in the Fair Hydro Trust as subordinated debt (**Equity Injection Plan**)

- Minister of Energy/Province approves Equity Injection Plan, and initial equity injection amount for 2017/18 fiscal year, and delegates to appropriate ministry staff authority to implement Equity Injection Plan (**Delegated Authority**)

- Long term, OPG equity requirements will form part of the business planning process in place between OPG and Ministry of Energy, ie, annually OPG to include forecasts of its equity requirements for the upcoming 3 years in its business plan submission -- NOTE: this portion of the business plan is not subject to concurrence by the shareholder

- Ministry of Energy will seek appropriation on an annual basis through PRRT for the amounts requested by OPG for its equity requirements-- NOTE: amount of annual appropriation to cover OPG multi year forecasts

- OPG agrees use the equity subscription amounts solely for funding the Fair Hydro Trust's subordinated debt requirements as part of the Fair Hydro Plan

- OPG will amend its Articles to create an additional class of shares – Class A Shares – which will be non-voting and redeemable at OPG's option

- OPG will issue Class A Shares to the Province monthly at a value per share equal to book value, as determined from OPG's last approved quarterly financial statements -- Value of first Class A shares issued to Province will be based on book value of OPG common shares – ie, existing shareholder's equity

- OPG will have the right to repay equity to the Province, through exercise of its right to redeem the Class A Shares, as principal repayment of the subordinated debt is made commencing in 2027

- Redemption value of the Class A Shares to be based on book value on the redemption date, ie, the equity value per Class A share at the end of the prior financial quarter as set out in OPG's approved financial statements

Monthly Process/Mechanics of Share Subscriptions:

a) OPG notifies OFA and Ministry of Energy of required equity injection and number of shares

   Timing: [same day as notice from Fair Hydro Trust]

   Documents/steps:

   (i) share subscription form,
   (ii) supporting documentation/invoice from Fair Hydro Trust, confirming amount of GA asset purchase for the month

b) OFA and OPG settle equity injection amounts

Timing: [five] business days from notice to OFA to payment/settlement with OPG
[NOTE: timing to be confirmed based on IESO/Trust process requirements]
Documents/steps:
(i) completed/signed share subscription form from OFA/Province to OPG
(ii) funds transfer from OFA to OPG account)
(iii) OPG receipt, together with secretary's certificate confirming issue of shares/update of share register

Longer term Process/Approvals:

1. Equity Requirements Estimates:
    a. Business Plan Submissions
    b. OPG Board Approvals
        - [Bi-annual] Board of Directors' resolutions authorizing equity requirement for period
        - [Bi-annual Shareholder's resolutions authorizing equity requirement for period][NOTE: TBD if needed]

    c. Ministry of Energy appropriations
    [describe annual process]

Share Redemption Process

- TBD -- process to be determined at a later date and appended as Appendix to Master Subscription Agreement

TD Securities

A Confidential Presentation

Capital Injection Discussion

April 25, 2017

Presented By

Introduction

- The Province of Ontario (the "Province") is considering alternatives to fund its capital injection (the "Capital Injection") into Ontario Power Generation Inc. ("OPG"), which represents 44% of the Global Adjustment deferral financing requirement
- When evaluating the Province's alternatives, TD Securities Inc. ("TD Securities") understands that the Province's objectives are:
  1. **Equity Treatment:** Ensuring that the Capital Injection is treated as equity so as to mitigate the credit rating impact to OPG associated with 100% consolidation of the Special Purpose Vehicle ("SPV")/Trust
  2. **Managing Cash Flows for Interest Payments:** Timing, size, and priority of cash flows to repay interest used to fund the Capital Injection
  3. **Managing Cash Flows for Debt Repayments**: Timing, size, and priority of cash flows to repay the maturing principal for debt used to fund the Capital Injection
- In addition, simplicity is preferred to a complex structure

Capital Injection Options

	Common Equity	Preferred Equity	Fixed-to-Floating Sub. Notes, Convertible to Preferred Equity[1]	Mandatory Convertible Preferred Equity
Characteristics				
Instrument	▪ Equity instrument with no fixed dividend	▪ Preferred equity instrument with a fixed, floating, or resettable dividend	▪ A fixed income instrument with a fixed rate, which automatically converts into floating rate preferred shares, subject to an issuer cash redemption feature	▪ A preferred equity instrument that pays fixed, floating, or resettable dividends, which automatically converts into common equity
Capital Structure Ranking	▪ Lowest priority	▪ Priority to common equity	▪ Until converted, usually ranks higher than preferred equity, but lower than other fixed income instruments	▪ Priority to common equity until converted
OPG Tax Treatment	▪ Dividends are not tax-deductible	▪ Dividends are not tax-deductible	▪ Initial interest payments tax-deductible	▪ Dividends are not tax-deductible
DBRS Equity Treatment Methodology	▪ Considered equity	▪ Allocated an equity percentage (100% to 0%) based on (1) permanence, (2) subordination, and (3) legal implications (default considerations) ▪ Any less "equity-like" features reduce equity weighting allocated to the instrument ▪ Hybrid instruments[2] can receive 100% equity treatment, but limited to a quantity proportionate to 20% of common equity ▪ 100% of preferred dividends or interest payments are subtracted from cash flow credit metrics, regardless of equity treatment ▪ Cannot have a investor cash redemption provision to be considered equity		
S&P Equity Treatment Methodology	▪ Considered equity	▪ Hybrids placed into one of three categories based on equity content for purposes of calculating credit metrics: • High: 100% equity; Intermediate: 50% equity, 50% debt; Minimal: 0% equity ▪ Key considerations are: (1) ongoing payments, (2) permanence, and (3) subordination / credit default cushion ▪ Generally, equity content treatment applies to hybrids in proportions equal to or below 15% of total capitalization ▪ Same equity treatment methodology is applied in calculating cash flow credit metrics ▪ Must have at least 20 years or more remaining to the effective maturity to be given any equity content, subject to other features		
Objectives				
1. Equity Treatment	▪ Considered equity	▪ Typically given 50% and 100% equity treatment by S&P and DBRS, respectively, subject to quantity limits	▪ Recent hybrid sub-debt offerings given intermediate equity content by S&P ▪ Quantity limited by DBRS & S&P	▪ Typically given 100% equity treatment, depending on conversion length ▪ Quantity limited by DBRS & S&P
2. Cash Flows for Interest Payments	▪ By way of dividends ▪ **Dividend Timing:** flexible (monthly, quarterly, yearly) ▪ **Dividend Size:** flexible ▪ **Dividend Priority:** can be deferred indefinitely	▪ By way of preferred dividends ▪ **Dividend Timing:** fixed ▪ **Dividend Rate:** flexible at initiation ▪ **Dividend Priority:** can be deferred indefinitely, but prioritized above common dividends • Cumulative or non-cumulative	▪ By way of fixed interest payments until converted ▪ **Interest Timing:** flexible at initiation ▪ **Interest Rate:** flexible at initiation ▪ **Interest Priority:** can be deferred indefinitely, but prioritized above common dividends	▪ By way of preferred dividends until converted ▪ **Dividend Timing:** flexible at initiation ▪ **Dividend Rate:** flexible at initiation ▪ **Dividend Priority:** can be deferred indefinitely, but prioritized above common dividends until converted
3. Cash Flows for Debt Principal Payments	▪ Special dividends can be utilized to match timing of principal repayments	▪ Little incentive for principal repayment unless other features are added	▪ Interest rate step-up incentivizes redemption by the issuer at conversion, but may affect equity treatment	▪ Once converted, special dividends can be utilized to match timing of principal repayments

(1) Also referred to as U.S. Hybrids, with recent examples including TransCanada's US$1.25B offering in February 2017 and Emera's US$1.2B offering in June 2016
(2) Instruments that have both debt-like and equity-like features

Discussion

- Common equity provides the most flexibility to OPG with respect to:
  - Greater certainty in attaining equity treatment by credit rating agencies
  - Cash flow timing in the event that SPV/Trust payments are delayed
- Hybrid instruments(1) are an alternative in satisfying the Province's Capital Injection into OPG
  - Companies usually issue hybrids for specific purposes related to access to capital markets, credit rating, equity dilution, and tax considerations
- Two considerations required for OPG to consolidate the SPV/Trust that may directly affect the timing and amount of cash available to pay the Province are:
  - **Decision Making** – OPG needs to make funding / dividend decisions independent of the Province
  - **Business Risk** – OPG needs to demonstrate that it has variability of returns
- The two above considerations may result in cash not being distributed from the SPV/Trust to OPG, such that OPG cannot pay a dividend or special dividend to the Province
- Additionally, the dividend / interest rate on the Province's Capital Injection relative to the interest rate of the debt issued by the Province and the debt issued to OPG by the SPV/Trust determines where the excess cash will accumulate

(1) Instruments that have both debt-like and equity-like features, including the preferred equity, fixed-to-floating sub. notes, convertible to preferred equity, and mandatory convertible preferred equity discussed on page 3

Discussion (cont'd)

- Hybrid instruments(1) can be used to increase the Province's certainty of cash flows to cover the interest and principal payments on the underlying debt the Province issues
  - Subordination is less of a concern as the Province owns 100% of OPG
  - Direct trade-off exists between adding debt-like features to the hybrid instruments and reducing their degree of equity treatment for OPG by credit rating agencies
  - However, the instruments have to demonstrate some degree of permanency to warrant equity treatment and the total amount that receive equity treatment is limited by credit rating agencies
- At its simplest, the Capital Injection could take the form of common shares to the Province
  - Normal dividends set by the OPG Board, which the Province has the ability to direct, to equal the interest payments on the underlying debt
  - Repayment of principal through special dividends as cash becomes available at OPG after receiving distributions from the SPV/Trust
- Investing at market value as opposed to book value is more of a concern when allocating value between new and existing shareholders, which in not applicable in this case

The Province should have a detailed discussion with OPG and its auditors, and ultimately, the credit rating agencies when evaluating its alternatives in the context of its objectives

(1) Instruments that have both debt-like and equity-like features, including the preferred equity, fixed-to-floating sub. notes, convertible to preferred equity, and mandatory convertible preferred equity discussed on page 3

Hi Mike ,
Following our recent lunch :

- where we discussed Premier Kathleen Wynne's proposal to cut hydro rates by 25 per cent this year while capping increases to the rate of inflation for the next four years
- and of the province's potential assistance in the OPG financing,
- here are two examples of indirect provincial funding for regional projects in Canada for your information.

Should you have any questions, please do not hesitate to call.
Regards! Roger

+++

- Nova Scotia -- Halifax Dartmouth Bridges
  - The Halifax Dartmouth Bridges project was realized in order to link 24hour/7 days a week access across the Halifax harbor. This project regroups two bridges : The Macdonald Bridge (1995) and the Mackay Bridge (1970).
    Every year the bridges undergo maintenance fees which amount to many millions of dollars and cannot be fully funded by the tolls.
  - Halifax Harbour Bridges (HHB) entered into a long term loan agreement with the Province of Nova Scotia (in 2007 and again in 2015). The agreement requires that HHB maintain three reserve funds which are Operating, Maintenance & Administrative Fun (OM Fund) , Debt Service Fund. Under the terms of the agreement and Capital Fund. The objective is to reassure the bondholders and create liquidity in case of need.

Loans	Accounts	Conditions	Held in	Value as of March 31, 2016
2007	OM Fund	Maintained at a minimum of 25% of annual budgeted OM Expenses for the following year, or a minimum of $2,500. Can only be used to pay OM expenses. *	Guaranteed Investment Certificate (rate of 0.86%, maturing September 26, 2016)	Market value of $2,500 (2015 - $2,588)
	Debt Service Fund	Maintained at an amount at least equal to 50% of annual interest payments in respect of certain indebtness. Can only be used to pay principal, interest, and fees. *	Guaranteed Investment Certificate (rate of 0.86%, maturing September 26, 2016)	Market value of $479 (2015-$555)
	Capital fund	Deposit a minimum of $900 at initiation and every six months thereafter. Withdrawals permitted to pay amounts owing in respect of the principal or interest on the long-term loan, or maintenance, or improvements, to bridges.	Short-term deposits (rate between 0.77%-0.79% per year)	Market value of $2,707 (2015 - $903)
2015	OM Fund	Use existing account from 2007 satisfies the requirements	--	--
	Debt Service Fund	Maintained at a minimum amount of $1,500 in the 2015 and 2016 fiscal years. Thereafter Funds must be maintained at equal to or greater than debt service amount for the next fiscal year. Only be used to pay principal, interest and other amounts coming due. *	Two Guaranteed Investment Certificate (rate of 0.80% -0.86%, maturing August 8, 2016)	Market value of $2,150 (2015 - $1,500)
	Capital fund	Deposit a minimum of $1,000 to the account starting March 6, 2015 and will continue every six months over four years up to $8,000. Can only be used for payment of costs arising from capital improvements planned for the Bridges, excluding re-decking projects.	Short-term deposits (rate of 0.75%-0.79% per year)	Market value of $3,009 (2015 - $1,000)

  - Please see Halifax-Dartmouth Bridge Commission document pages 17-18 in the attachment for further details.
  - In the September, 2016 S&P rating of A+; the rating reflected the projects stand-alone credit profile as well as S&P's opinion of a low likelihood of the provincial government providing extraordinary support to the commission in the event of a financial distress. Therefore there was no perceived uplift to the rating.
    The S&P rating report is included in the attached file and pertinent passages have been underlined.

+++

- Alberta – North West Redwater Pertnership (NWRP)
  - The NWR Refinery project is located 45 km northeast of Edmonton, in Sturgeon County. The facility is a Heavy oil refinery that will process Bitumen Blend into Refined Products. Sanctioned in November 2012, budgeted facility capital costs are $8.5 billion, financed 80% debt and 20% deemed equity. NWRP entered into two similar toll-based processing agreements with parties hereunder identified.
    - **Alberta Petroleum Marketing Commission (APMC)**
    - **Canadian Natural Resources Partnership (CNR)**

    - APMC and CNR take commodity price risk
    - APMC and CNR take buyer credit risk

  - Please see "Summary NWR" document page 44, for the specifics regarding the direct government funding of the transaction.
  - Alberta approves funding for Sturgeon refinery : Alberta's Ministry of Energy has authorized Alberta Petroleum Marketing Commission (APMC)—an agent of the province as well as feedstock supplier for the project—"to borrow up to $1 billion from the Crown or any other person, as well to lend money, acquire shares, or enter into a joint venture or partnership or provide guarantees" to fund the Sturgeon refinery. Under 30-year processing agreements, APMC (in the rating report "Presale rating NWR.PDF" Province of Alberta and APMC are interchangeable names) will supply 75% of the feedstock. CNRL will supply the rest. The suppliers will receive proportionate shares of the products, the main one of which will be ultralow-sulfur diesel. (*Oil&Gas Journal*, Jan 13 2014, http://www.ogj.com/articles/2014/01/alberta-approves-funding-for-sturgeon-refinery.html[ogj.com])
  - Key convenants from bonds issued were:

Key Covenants:	The Bond Indenture limits the ability of NWRP and its Subsidiaries to, among other things: • assign, terminate, amend, supplement or modify the Processing Agreements; • assign, terminate, amend, supplement or modify either of the SDAs (Subordinated Debt Agreements) or the Partnership Agreement; • create or permit to exist security interests; • incur additional indebtedness; • make certain payments, dispositions and distributions; • engage in transactions with Affiliates; • with respect to NWR Financing, hold assets, become liable for obligations or engage in any significant business activities; • make payment on any subordinated debt; • engage in or carry on certain business activities; and • engage in amalgamations, mergers or consolidations. The Bond Indenture provides that the Co-Issuers shall use and cause each Subsidiary to use commercially reasonable efforts to enforce the material

  - North West Redwater partnership's debt was Downgraded by S&P (A- to BBB+) following a Downgrade of the Province of Alberta rating (AA to A+). Both ratings are related mostly because of the S&P assumption that there is a moderate likelihood of extraordinary support from Alberta, and NWR's stand-alone credit profile is tied to the rating on the project's lowest rated toll-payer, Canadian Natural resources ltd. (S&P: A-2). In the attached file, we have taken the liberty to underline the most interesting passages for your ease of reading.
  - Today: Province of Alberta issued 30 years @ 94.5bps, CNR can issue at a spread of 300bps in the long end and NWRP cost of funding in the same term would be 180bps. Therefore NWRP has a 120bps discount from the CNR issuance and a premium of 85 bps over Province of Alberta debt cost.
  - DBRS Rating of North West Redwater Partnership senior secured is A(low) and Moody's Rating of North West Redwater Partnership senior secured is Baa1.

Research Update:

Halifax-Dartmouth Bridge Commission 'A+' Rating Affirmed On Healthy Liquidity Levels; Outlook Stable

Overview

- We are affirming our 'A+' long-term issuer credit rating on Halifax-Dartmouth Bridge Commission (HDBC).
- The rating reflects our view of the commission's near-monopoly status, healthy liquidity levels, stable debt service coverage, high debt burden, and lack of toll-setting autonomy.
- The stable outlook reflects our expectation that HDBC's traffic and revenue growth will be muted in the medium term because of the deck replacement project.
- The outlook also reflects our expectation that the commission's liquidity will continue to be robust and debt service coverage levels will not decline significantly.

Rating Action

On Sept. 26, 2016, S&P Global Ratings affirmed its 'A+' long-term issuer credit rating on Halifax-Dartmouth Bridge Commission (HDBC). The outlook is stable.

Rationale

The rating reflects HDBC's stand-alone credit profile (SACP), which S&P Global Ratings assesses at 'a+'. The rating also reflects our opinion that the likelihood of the provincial government providing extraordinary support to the commission in the event of financial distress is low, resulting in no uplift to the rating.

The SACP primarily reflects S&P Global Ratings' opinion of the commission's near-monopoly status over the primary link between Halifax and Dartmouth; long history of growth in traffic revenues, albeit more modest recently; healthy liquidity; and stable debt service coverage levels. It also reflects the commission's high debt burden because of the deck replacement project and lack of toll-setting autonomy.

HDBC, in Nova Scotia, operates a two-bridge system that is the primary link between Halifax and Dartmouth. We believe the commission benefits from the local economy, which is the largest metropolitan area in the province and Atlantic Canada, and is a regional hub and tourist destination. The Census

THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.

metropolitan area's (CMA) population stood at more than 418,000 in 2015 and rose an average of 0.9% a year for the past decade. We believe that continued economic growth in the CMA will support sound traffic performance in the medium term.

In our view, HDBC's near-monopoly position as the primary link between Halifax and Dartmouth is the foundation of its business position. Because of their strategic location and the lack of significant competitive alternatives, the commission's two bridges represent the fastest and most convenient way for vehicular traffic to move between the two cities, especially during rush hour. Furthermore, we believe that the electronic tolling system benefits traffic flow on the bridges as well.

Traffic volume on the bridges declined a very modest 0.3% to 32.4 million in fiscal 2016, and has tracked at higher levels in first-quarter fiscal 2017. Bridges at full capacity during peak periods and ongoing overnight closures to accommodate the deck replacement project on the suspended span of the Macdonald Bridge explain much of the decline. We expect lower traffic levels while the project is ongoing and that trends will generally track those of the local and provincial economies. Passenger traffic accounts for the majority of crossings but we believe that demand is relatively inelastic to price due to a lack of suitable alternatives.

In line with traffic volumes, operating revenues declined very modestly in fiscal 2016, largely due to lower toll revenues as overnight bridge closures associated with the deck replacement project continue until expected completion in fall 2017. We expect revenues to stabilize, but with the bridges operating at near-capacity during peak hours, we believe material growth in toll revenues is unlikely in the near-to-medium term. A greater reduction in expenses led to an improvement in EBIDA of 2.8% in fiscal 2016. We expect expenses to increase and EBIDA to decline slightly in the medium term, but for the commission to produce stable operating margins of about 68%.

In our view, partially offsetting these factors is HDBC's lack of toll-setting autonomy, given that the Nova Scotia Utility and Review Board (NSUARB) must approve the toll structure. In fiscal 2011, for the first time since 1992, the NSUARB approved a toll increase of 20 cents for passenger vehicles using MACPASS (electronic tolling, phased in over two years), and 25 cents per passenger vehicles paying cash. Both will help fund the bridges' long-term maintenance needs. Although the tolls are relatively low, we do not expect a toll increase in the medium term.

To fund the deck replacement project, total debt outstanding increased significantly in fiscal 2015 due to a C$160 million loan agreement with the province. As of March 31, 2016, total debt was C$178.6 million, or 8.1x EBIDA, and we expect the debt burden to be stable through fiscal 2019. The commission does not plan to issue additional debt in the medium term. The debt service coverage ratio (DSCR; including principal and interest) was 2.6x in fiscal 2016, and we expect the commission to maintain stable coverage in the outlook horizon.

THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.

Similar to the C$60 million loan advanced to the commission in 2007 (C$18.5 million of which is outstanding), the loan agreement has protections in place, including additional indebtedness covenants and contingency accounts for debt service, operations, maintenance and administration, and capital. The requirements for the debt service and capital reserves are stricter under the new agreement, which is positive for the overall credit profile, in our view.

In accordance with our criteria for government-related entities (GREs), our view of HDBC's low level of support reflects our assessment of the commission's limited link with the province and limited role. We assess the link between HDBC and the Province of Nova Scotia as limited based on little government involvement in its day-to-day operations and its strategic planning. The legislation mandates HDBC to be financially self-sustaining. Furthermore, Nova Scotia has never guaranteed the commission's debt. We believe that HDBC plays a limited role in the province. While it is an important transportation corridor for the service area, we assess the commission's individual importance to the government to be less significant compared with that of other GREs (such as the federal Crown corporations, Halifax Port Authority, and Halifax International Airport Authority) that are more important for trade and the economy provincially and nationally. The commission has no public policy role beyond the operation of its two bridges.

Liquidity

HDBC's liquidity levels are healthy, in our opinion. At March 31, 2016, cash balances stood at C$6.7 million. The commission keeps a moderate level of cash, as it relies on its cash flow from operations to fund its restricted assets and capital program. Unrestricted funds consist of unrestricted cash and cash equivalents and the undrawn portion of the C$60 million revolving, unsecured line of credit (there were no draws on the line in fiscal 2016). At fiscal year-end 2016, these represented about 2,580 days of operating expenses and nearly 800% of annual debt service. We expect cash balances to remain stable in the medium term and to cover more than 2,500 days of expenses in the next 12 months.

Outlook

The stable outlook reflects S&P Global Ratings' expectation that HDBC's traffic and revenue growth will remain muted in the next two years because of the deck replacement project, and its DSCR will be about 2.6x in fiscal years 2017-2019. In addition, we expect the commission's relationship with the province to not change.

Material weakening of HDBC's financial profile -- such as a substantial declines in DSCRs resulting from significant drops in traffic volumes and toll revenues or from an unexpected material increase in operating and maintenance costs -- and deteriorating liquidity position could result in downward pressure on the rating.

THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.

Conversely, a significant reduction in debt outstanding and improvement in the DSCR to historical levels of more than 3.5x, coupled with the commission's ability to pass a stress test to be rated above the government, as outlined in our criteria, could result in a positive rating action. However, we view this as unlikely in the next two years.

INDEPENDENT AUDITORS' REPORT

To the Chair and Commissioners of Halifax Harbour Bridges

We have audited the accompanying financial statements of Halifax-Dartmouth Bridge Commission (operating as Halifax Harbour Bridges), which comprise the statement of financial position as at March 31, 2016, the statements of comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Commission's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Halifax-Dartmouth Bridge Commission as at March 31, 2016, and its results of operations and its cash flows for the year then ended in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board.

1. Reporting entity

The Halifax-Dartmouth Bridge Commission (the Commission), operating as Halifax Harbour Bridges (HHB) was created in 1950 by a statute of the Province of Nova Scotia (now the Halifax-Dartmouth Bridge Commission Act - Statutes of Nova Scotia, 2005, c.7). HHB's address and principal place of business is 125 Wyse Road, Dartmouth, Nova Scotia, B3A 4K9.

HHB is a self-supporting entity in which the principal business is the operation and maintenance of two toll bridges across the Halifax Harbour; the Angus L. Macdonald Bridge and the A. Murray MacKay Bridge. Under the Halifax-Dartmouth Bridge Commission Act, Section 27 (1) - With the approval of the Governor in Council, HHB may construct, maintain and operate a transportation project across Halifax Harbour and the North West Arm, or either of them. The Province of Nova Scotia or the Halifax Regional Municipality may request HHB to investigate the sufficiency of the means of access to Halifax provided by the Bridges or the present or future need of a transportation project as stipulated under the Halifax-Dartmouth Bridge Commission Act, Section 27 (2).

Under the Halifax-Dartmouth Bridge Commission Act, Section 27 (3) - Any costs incurred by HHB under this Section are expenses of operating the Bridges or a transportation project in respect of which HHB is collecting tolls, fees, rates and other charges.

The audited financial statements were approved by the Board of Commissioners on June 28, 2016.

2. Basis of financial statement preparation

(a) Statement of compliance

HHB, which is a provincially controlled public sector entity, is reporting as a government business enterprise as defined in the CPA Canada Public Sector Accounting Handbook. Government business enterprises are required to use International Financial Reporting Standards (IFRS) for profit-oriented entities.

The financial statements are prepared on a going concern basis and have been presented in Canadian dollars. The financial statements have been prepared in accordance with IFRS issued by the International Accounting Standards Board (IASB) and Interpretations of the International Financial Reporting Interpretations Committee (IFRIC).

(b) Basis of measurement

The financial statements have been prepared under the historical cost convention.

2. Basis of preparation (continued)

(c) Functional and presentation currency

These financial statements are presented in Canadian dollars, the functional currency for HHB.

(d) Use of estimates and judgments:

The preparation of financial statements conforming to IFRS, requires the use of accounting estimates and management's judgment to determine the appropriate application of accounting policies. Estimates and assumptions are required to determine the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Any revisions to accounting estimates are recognized in the period in which the estimate was revised and any future periods affected.

The following judgments and estimates are those deemed by management to be material to HHB's financial statements:

Judgments

(i) Capitalization and componentization

Judgment is used when determining if components of a construction project are of a capital or repair nature and as to what components constitute a significant cost in relation to the total cost of an asset and whether these components have similar or dissimilar patterns of consumption and useful lives for purposes of calculating depreciation. Among other factors, these judgments are based on past experience, as well as information obtained from HHB's internal and consulting engineers.

(ii) Depreciation and amortization

Judgment is used when determining the estimated useful lives of property, plant, and equipment. Among other factors, these judgments are based on past experience, as well as information obtained from HHB's internal and consulting engineers.

Estimates

(i) Depreciation and amortization

Depreciation and amortization is calculated to write off the cost, less estimated residual value, of assets on a systematic and rational basis over the expected useful life of the asset. Estimates of residual value and useful lives are based on past experience, as well as information obtained from HHB's internal and consulting engineers. Expected useful lives and residual values are reviewed annually for any change to estimates and assumptions.

3. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

a) Revenue recognition

HHB recognizes revenue at the time a vehicle crosses a bridge. HHB's bridge toll rates are regulated by the Nova Scotia Utility and Review Board (NSUARB). Customer prepayments of their Electronic Toll Collection (ETC) crossings are initially recorded as deferred revenue. When the customer crosses a bridge, revenue is recognized and the deferred ETC account is reduced accordingly.

b) Finance income and finance costs

Finance income comprises interest income on funds invested. Interest income is recognized as it accrues in profit or loss, using the effective interest method.

Finance costs comprise interest expense on borrowings. Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognized in profit or loss using the effective interest method.

c) Financial Instruments

Financial instruments are classified into one of the following categories: loans and receivables, held to maturity or other financial liabilities. All financial instruments are initially recorded at fair value plus directly attributable transaction costs and subsequently measured at amortized cost using the effective interest rate method.

The Commission’s financial instruments are comprised of the following:

Financial instrument	Classification
Cash	Loans and receivables
Receivables	Loans and receivables
Restricted assets	Loans and receivables and held to maturity
Accounts payable and accrued liabilities	Other financial liabilities
Long-term debt	Other financial liabilities

3. Significant accounting policies (continued)

(i) Financial assets

HHB initially recognizes loans and receivables on the date that they originate. All other financial assets are recognized initially on the trade date at which HHB becomes a party to the contractual provisions of the instrument.

HHB derecognizes a financial asset when the contractual right to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows of the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in the transferred financial assets that is created or retained by HHB is recognized as a separate asset or liability.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, HHB has a legal right to offset the amounts and intends either to settle on a net basis or to realize the assets and settle the liability simultaneously.

Financial Assets classified as Held to Maturity Investments

A financial asset is classified as a Held to Maturity Investment if they are non-derivative financial assets with fixed or determinable payments and fixed maturity that HHB intends to hold to maturity.

The OM Fund, Debt Service Fund and Capital Fund contain short-term investments such as Guaranteed Investment Certificates and Bankers Acceptances that are classified as held to maturity investments and initially recorded at fair value plus any directly attributable transaction costs.

Loans and Receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition loans and receivables are measured at amortized cost using the effective interest rate method over the terms of the related debt, less any impairment cost. The Big Lift Fund portion of restricted assets consists of promissory notes due from the Province of Nova Scotia that are classified as loans and receivables.

3. Significant accounting policies (continued)

Cash

Cash includes cash on hand and balances with banks. Interest is received on funds in the general bank account at a rate of prime minus 1.95%.

(ii) Financial liabilities

HHB initially recognizes debt securities issued and subordinate liabilities on the date that they originated. All other financial liabilities are recognized initially on the trade date at which the Corporation becomes a party to the contractual provisions of the instrument.

The corporation derecognizes a financial liability when its contractual obligations are discharged, cancelled or expire.

(iii) Other financial liabilities

Other financial liabilities are recognized initially at fair value plus any directly attributable transaction costs. Payables, lines of credit and long-term debt are classified as other financial liabilities. Direct and indirect costs that are attributable to the issue of other financial liabilities are presented as a reduction from the carry amount of the related debt and are amortized using the effective interest method over the term of the debt. These financial liabilities are deemed to have been issued at prevailing market rates at the date of advance; accordingly no adjustment for fair value has been made.

d) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated amortization and any accumulated impairment losses. Land was recorded at deemed cost as of April 1, 2010, as per the optional election made on the transition to IFRS.

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes; the cost of materials and direct labor, any other costs directly attributable to bringing the asset to working condition for its intended use, the cost of dismantling and removing the items, and restoring the site on which they are located. Borrowing costs related to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. When funds are temporarily invested pending their expenditure on qualifying assets, any such interest income earned on such funds is deducted from the borrowing costs incurred.

3. Significant accounting policies (continued)

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal.

Any gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount and are recognized net within profit or loss.

(ii) Repairs and maintenance

Repairs and maintenance costs are charged to expense as incurred, except when these repairs significantly extend the life of the asset or result in an operating improvement. In these instances the portion of these repairs relating to the betterment is capitalized as part of plant and equipment.

(iii) Amortization of property, plant & equipment

Amortization is recognized in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment since this most closely reflects the expected pattern of consumption of future economic benefits embodied in the asset.

Amortization commences in the year an asset is put in use. Amortization methods, useful lives and residual values are reviewed at each financial year end, based on consultation with HHB's internal and external consulting engineers, and adjusted if appropriate. Land is not depreciated. The estimated useful lives for the current and comparative periods are as follows:

Asset	Rate
Buildings	5 - 50 years
Bridge and bridge components:	
Angus L. MacDonald	5 - 125 years
A. Murray MacKay	5 - 125 years
Electronic toll transponder	8 years
Other assets	2 - 25 years
IT Computer and other equipment	5 - 25 years
Mobile equipment	5 - 10 years

3. Significant accounting policies (continued)

e) Impairment

(i) Financial assets (including receivables)

A financial asset not carried at fair value through profit and loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the corporation on terms that the Corporation would not consider otherwise, indications that a debtor or issuer will enter bankruptcy, or the disappearance of an active market for a security.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carry amount and the present value of the estimated future cash flows discounted at the assets original effective interest rate. Losses are recognized in profit or loss and reflected in an allowance account against receivables. Interest on an impaired asset continues to be recognized through the unwinding of the discount. When a subsequent event causes the amount of the impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

(ii) Non-financial assets

The carrying amount of non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the assets recoverable amount is estimated.

The recoverable amount of an asset is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.

An impairment loss is recognized if the carrying amount of the asset exceeds its estimated recoverable amount. Impairment losses are recognized in profit or loss.

3. Significant accounting policies (continued)

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

f) Application of new and revised standards:

The Commission adopted the following accounting standards and amendments to accounting standards effective April 1, 2015:

Annual Improvements to IFRS

Amendments were made to clarify the following in their respective standards: the definition of "vesting condition" in IFRS 2, "Share-based payment"; classification and measurement of contingent consideration and scope exclusion for the formation of joint arrangements in IFRS 3, "Business combinations"; measurement of short-term receivables and payables and scope of portfolio exception in IFRS 13; "Fair value measurement"; definition of "related party" in IAS 24, "Related party disclosure"; and inter-relationship of IFRS 3 and IAS 40 in IAS 40, "Investment property". Special transitional requirements were set for amendments to IFRS 2 and IAS 40. The adoption of these changes did not have a significant impact on the Commission's financial statements.

g) New accounting standards and interpretations issued but not yet adopted

The International Accounting Standards Board ("IASB") and International Financial Reporting Interpretation Committee ("IFRIC") issued the following standards that have not been applied in preparing these financial statements as their effective dates fall within annual periods beginning subsequent to the current reporting period. This listing is of standards and interpretations issued which HHB reasonably expects to be applicable at a future date. HHB intends to adopt these standards when they become effective.

Revenue from contracts with customers

In May 2014, the IASB issued IFRS 15 Revenue from Contracts with Customers. The new standard is effective for annual reporting periods beginning on or after January 1, 2018 and permits early adoption. IFRS 15 replaces IAS 11 Construction Contracts, IAS 18 Revenue, IFRIC 13 Customer loyalty Programmes, IFRIC 15 Agreements for the Construction of Real Estate, IFRIC 18 Transfer of Assets for Customers, and SIC 31 Revenue – Barter Transactions involving Advertising Services. The standard establishes principles for reporting the nature, amount timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. New estimates and judgemental thresholds have been introduced, which may affect the amount and/or timing of revenue recognized.

3. Significant accounting policies (continued)

The Commission intends to adopt IFRS in its financial statements for the fiscal period beginning on April 1, 2017. The extent of the impact of the adoption of the standard on the Commission's financial statements has not yet been determined.

Financial instruments

In July 2014, the IASB issued IFRS 9 (IFRS 9 (2014)), Financial Instruments which will replace IAS 39, Financial Instruments: Recognition and Measurement. The replacement standard provides a new model for the classification and measurement of financial instruments. The IASB has determined the revised effective date for IFRS 9 will be for annual periods beginning on or after January 1, 2018. The extent of the impact of the adoption of the standard on the Commission's financial statements has not yet been determined.

Presentation of Financial Statements

On December 18, 2014 the IASB issued amendments to IAS 1, Presentation of financial statements as part of its major initiative to improve presentation and disclosure in financial reports. These amendments will not require any significant change to current practice, but should facilitate improved financial statement disclosures. The amendments are effective for annual periods beginning on or after January 1, 2016 and early adoption is permitted. The Commission intends to adopt these amendments in its financial statements for the fiscal period beginning on April 1, 2016. The extent of the impact of the adoption of the amendments has not yet been determined.

Annual Improvements to IFRS

Narrow-scope amendments were made to clarify the following in their respective standards: changes in method for disposal under IFRS 5, "Non-current assets held for sale and discontinued operations"; and disclosure of information 'elsewhere in the interim financial report' under IAS 34, "Interim financial reporting". The Commission intends to adopt these amendments in its financial statements for the annual period beginning on April 1, 2016. The extent of the impact of adoption of the amendments has not yet been determined.

Leases

On January 13, 2016 the IASB issued IFRS 16, "Leases". The new standard is effective for annual period beginning on or after January 1, 2019. Earlier application is permitted for entities that apply IFRS 15, "Revenue from contracts with customers" at or before the date of initial adoption of IFRS 16. IFRS 16 will replace IAS 17, "Leases".

3. Significant accounting policies (continued)

This standard introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognize a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.

This standard substantially carries forward the lessor accounting requirements of IAS 17, while requiring enhanced disclosures to be provided by lessors.

Other areas of the lease accounting model have been impacted, including the definition of a lease. Transitional provisions have been provided.

The extent of the impact of adoption of this standard has not yet been determined.

4. Harmonized sales tax (HST) and income tax status

As a public sector entity controlled by the Province of Nova Scotia, HHB is not subject to Federal or Provincial income taxes, and is entitled to rebates of 100% of the HST it expends on goods and services.

5. Restricted assets

	2016	2015
Capital fund – 2007 loan	$ 2,707	$ 903
Capital fund - 2015 loan	3,009	1,000
OM fund – 2007 loan	2,500	2,588
Debt service fund – 2007 Loan	479	555
Debt service fund – 2015 Loan	2,150	1,500
	$ 10,845	$ 6,546

5. Restricted assets (continued)

2007 Loan

HHB entered into a long term loan agreement with the Province of Nova Scotia on July 25, 2007. This agreement requires that HHB maintain two reserve funds effective December 4, 2007 which are the Operating, Maintenance & Administrative Fund (OM Fund) and Debt Service Fund. Effective June 4, 2008, a Capital Fund was also established.

Under the terms of the loan agreement, the OM Fund must be maintained at an amount at least equal to 25% of the annual budgeted OM expenses for the following year subject to a minimum balance of $2,500. This fund can only be used to pay OM expenses, although any amount in the fund in excess of the required balance can be transferred to HHB's unrestricted accounts. At March 31, 2016, the OM Fund was held in a Guaranteed Investment Certificate at a rate of 0.86% per annum, maturing September 26, 2016 and had a market value of $2,500 (2015 - $2,588).

Under the terms of the loan agreement, the Debt Service Fund must be maintained at an amount at least equal to 50% of annual interest payments required in respect of certain indebtedness. This fund can only be used to pay principal, interest, and fees, although any amount in the fund in excess of the required balance can be transferred to HHB's unrestricted accounts. At March 31, 2016, the Debt Service Fund was held in a Guaranteed Investment Certificate at a rate of 0.86% per annum, maturing September 26, 2016 and had a market value of $479 (2015 - $555).

Under the terms of the loan agreement, HHB established and deposited a minimum of $900 to a Capital Fund commencing June 4, 2008, and every six months thereafter for the duration of the loan. Withdrawals are permitted from the Capital Fund to pay amounts owing in respect of the principal or interest on the long term loan, or for the maintenance of, or improvements to, the bridges. In October 2014, $12,913 was withdrawn from the 2007 loan Capital Fund and applied against the principal of the 2007 loan. At March 31, 2016, the Capital Fund, held by the Province of Nova Scotia, had a market value of $2,707 (2015 - $903) and was invested in short-term deposits earning between 0.77% - 0.79% per annum.

5. Restricted assets (continued)

2015 Loan

HHB entered into a long term loan agreement with the Province of Nova Scotia on February 06, 2015, for the capital project to replace the suspended span of the Macdonald Bridge. This agreement requires that HHB maintain an OM Fund, a Debt Service Fund, and a Capital Fund. The existing OM Fund for the 2007 loan satisfies the requirements for the 2015 loan.

Under the terms of the loan agreement, the Debt Service Fund must be maintained at a minimum amount of $1,500 in the 2015 and 2016 fiscal years. Following this period, the fund is to be maintained at equal to or greater than the debt service amount for the next fiscal year. This fund can only be used to pay principal, interest, and other amounts coming due, although any amount in the fund in excess of the required balance can be transferred to HHB's unrestricted accounts. At March 31, 2016, the Debt Service Fund was held in two Guaranteed Investment Certificates with a rate of 0.80% - 0.86% per annum, maturing August 8, 2016 and had a market value of $2,150 (2015 - $1,500).

Under the terms of the loan agreement, HHB established and deposited a minimum of $1,000 to a Capital Fund commencing March 6, 2015, and will continue every six months over four years to accumulate the required Capital Fund balance of $8,000. This fund can only be used for payment of costs arising from any capital improvements planned for the Bridges, excluding re-decking projects. At March 31, 2016, the Capital Fund, held by the Province of Nova Scotia, had a market value of $3,009 (2015 - $1,000) and was invested in short-term deposits earning 0.75% – 0.79% per annum.

6. Big Lift Fund

The Big Lift Fund consists of proceeds from the 2015 loan not yet expended on the Macdonald Bridge suspended span replacement project. Under the terms of the loan agreement, these amounts have been invested in term promissory notes issued by the Province of Nova Scotia. The promissory notes mature monthly, through September 2017, in various amounts, to enable HHB to make payments to third parties within the following 30 days in respect of capital improvements to the Macdonald Bridge. Amounts expected to be drawn down in the next 12 months to fund expenditures have been included in current assets.

7. Property, plant and equipment

Cost	Land	Buildings	Bridge ALM	Bridge AMM	ETC	Other	Comp Equip.	Mobile Equip.	WIP	Total
Balance, March 31, 2015	$ 9,184	$ 7,920	$ 72,664	$ 42,672	$ 5,706	$ 14,423	$ 9,559	$ 1,777	$ 51,775	$ 215,680
Additions	68	100	1,101	46	333	257	325	519	64,226	66,975

Balance, March 31, 2015	$ 9,184	$ 5,452	$ 25,084	$ 20,029	$ 1,532	$ 8,971	$ 1,568	$ 541	$ 51,775	$ 124,136
Balance, March 31, 2016	$ 9,252	$ 5,314	$ 26,598	$ 20,217	$ 1,336	$ 9,069	$ 842	$ 881	$ 111,065	$ 184,574

Included in current year additions to WIP is capitalized interest of $4,307 (2015 - $636). Included as an offset to current year WIP additions is interest income earned on the Big Lift Fund of $853 (2015 - $144)

8. Accounts payable and accrued liabilities

	2016	2015
Trade payables	$ 2,540	$ 3,235
Accrued expenses	3,866	2,843
Project holdbacks	7,608	2,601
Accrued liabilities	1,795	1,061
	15,809	9,740
Less: long-term portion of project holdbacks	(1,824)	(2,203)
	$ 13,985	$ 7,537

9. Long-term debt

	2016	2015
Province of Nova Scotia – 2007 Loan	$ 18,551	$ 21,551
Province of Nova Scotia – 2015 Loan	160,000	160,000
	178,551	181,551
Less: current portion	(3,000)	(3,000)
	$ 175,551	$ 178,551

Long-term debt consists of two separate loans from the Province of Nova Scotia:

2007 Loan

A $60,000 unsecured loan issued July 25, 2007 bearing interest at an average rate of 5.19%. The loan was to assist with (i) the payment on maturity of $100,000 5.95% Toll Revenue Bonds Series 1, due December 4, 2007 and (ii) repayment of advances under a committed revolving credit facility established with the Province of Nova Scotia. The 2007 Loan requires annual principal repayments of $3,000 due December 4th of each year with a final principal payment of $9,551 due on maturity on December 4, 2019. Interest is paid semi-annually on June 4th and December 4th. HHB is in compliance with a rate covenant contained in the loan that requires certain interest coverage ratios be maintained.

On October 22, 2014, HHB made a prepayment of $17,449 which was applied against the final loan principal maturity due in 2019. The prepayment was made at the market value of the principal repaid as determined in the repayment note. The prepayment required a total cash payment of $20,000 which included a market make-whole premium of $2,551 recorded as finance costs on the 2015 statement of comprehensive income (note 10).

9. Long-term debt (continued)

2015 Loan

A $160,000 unsecured loan issued February 6, 2015 bearing interest at an average rate of 2.80%. The loan is to facilitate capital improvements to the Angus L. Macdonald Bridge as contemplated by the Angus L. Macdonald Bridge Suspended Span Replacement Project ("the Project"). The 2015 loan is to be repaid over twenty years starting June 1, 2019 with annual principal repayments of between $4,000 and $10,000. Interest is paid semi-annually on June 1st and December 1st of each year. A portion of the interest charges related to this loan are included with the cost of the Project during construction in property, plant and equipment.

Line of Credit

A $60,000 revolving, unsecured line of credit with the Province of Nova Scotia issued June 30, 2008, maturing on December 5, 2019. Interest is charged on outstanding balances at a rate equal to the arithmetical average of the discount rates on Canadian Dealer Offered Rate (CDOR) Banker's Acceptances applicable on the date of the requested advance payable at maturity. As at March 31, 2016, the balance drawn was $nil (2015 - $nil).

Operating Loan Facility

A $5,000, unsecured, operating loan facility with a chartered bank which bears interest at the bank prime rate minus 0.5% per annum. As at March 31, 2016, the balance drawn was $nil (2015 - $nil) and no advances were outstanding during the year.

10. Finance income and finance costs

	2016 Budget	2016	2015
Interest income on restricted assets	$ (928)	$ (925)	$ (345)
Investment income	(25)	(96)	(102)
Less amounts capitalized to property, plant and equipment	858	853	144
Finance income	(95)	(168)	(303)
Interest expense on long-term debt	6,150	5,371	2,352
Realized loss on investments	–	–	53
Market make-whole premium on long-term debt prepayment	–	–	2,551
Less amounts capitalized to property, plant, and equipment	(5,040)	(4,307)	(636)
Finance costs	1,110	1,064	4,320
Net finance cost recognized in profit or loss	$ 1,015	$ 896	$ 4,017

10. Finance income and finance costs (continued)

For the year ended March 31, 2016, interest charges of $4,307 (2015 - $636) have been included in property, plant and equipment.

11. Net change in non-cash working capital balances

	2016	2015
Decrease (increase):		
Receivables	$ (2,611)	$ (1,256)
Prepaid expenses	(47)	–
Increase (decrease):		
Accounts payable and accrued liabilities	6,448	3,759
Deferred revenue	108	129
Refundable customer transponder amounts	(19)	(1)
Current portion unearned revenue	(70)	–
Net change	$ 3,809	$ 2,631

12. Financial risk management

The Commission has exposure to the following risks from its use of financial instruments:

- Credit risk
- Interest rate risk
- Liquidity risk

a) Credit risk

HHB provides credit to certain non-toll revenue customers in the normal course of its operations. In order to reduce its credit risk, HHB has adopted credit policies including the monitoring of customer accounts.

HHB has credit risk exposure related to contributions due from partners for the Macdonald Bridge suspended span replacement project. The counterparties involved are government controlled entities.

12. Financial risk management (continued)

a) Interest rate risk

The long term debt has fixed interest rates for the entire terms of both loans and consequently, there is no risk of higher interest rates in the future. The line of credit and operating loan facility are floating rate facilities with the interest rate set on the date of advance as per note 9 which consequently entails interest rate risk exposure on any outstanding balances.

c) Liquidity risk

HHB is exposed to liquidity risk arising primarily from its long-term debt with the Province of Nova Scotia. The 2007 loan requires a balloon principal repayment of $9,551 on December 4, 2019 and the 2015 loan requires annual repayments of principal, ranging between $4,000 and $10,000, beginning on June 1, 2019.

HHB manages liquidity risk by monitoring short and long-term cash flows and by controlling the level of operating and capital expenditures. The 2007 loan requires annual contributions to a capital fund of $1,800 which may be used to repay principal and interest on the debt. The 2015 loan requires annual contributions to a capital fund of $2,000 to a minimum of $8,000 that is to be maintained for the life of the loan. HHB believes the establishment and continued growth of the 2007 loan capital fund partially offsets the risk associated with the future balloon payment for this loan.

HHB’s cash, restricted assets and Big Lift Fund investments are invested in liquid interest-bearing investments.

13. Capital management

HHB's capital management objective is to ensure there is adequate cash flow to meet its operational requirements, fund capital expenditures and make required debt payments.

HHB regularly reviews its projected future toll revenues in conjunction with its current cash position and borrowing ability in order to finance significant future projects that are required to upgrade and maintain its property, plant and equipment. There were no changes to HHB's approach to capital management during the year.

14. Related party transactions

As a provincially controlled public sector entity, HHB is considered to be related to the Province of Nova Scotia. HHB is also related to the City of Halifax by virtue of Halifax's right to appoint four members of HHB's Board of Commissioners.

HHB has applied the modified disclosure requirements under IAS 24, Related Party Disclosures, which exempt government-related entities from providing all of the disclosure about related party transactions with government or other government-related entities.

HHB has a long-term loan for $60,000 from the Province of Nova Scotia. Interest on the 2007 long-term debt for the period ended March 31, 2016 was $1,064 (2015 - $1,716), of which $310 (2015 - $356) was payable at year end.

HHB has a long-term loan for $160,000 from the Province of Nova Scotia. Interest on the 2015 long-term debt for the period ended March 31, 2016 was $4,307 (2015 - $636), of which $1,438 (2015 - $636) was payable at year-end.

HHB has a $60,000 revolving, unsecured line of credit from the Province of Nova Scotia. There were no draws on the facility during the year ended March 31, 2016. During the year ended March 31, 2015, HHB drew and repaid $16,200 on this facility.

HHB collects toll revenue from the province and HRM and makes purchases from HRM in the normal course of business.

15. Pension plans

HHB sponsors a defined contribution pension plan for all permanent employees. A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognized as an employee benefit expense in profit or loss in the periods during which services are rendered by employees.

HHB recognized an expense of $154 for the period ended March 31, 2016 (2015 - $159). No future contributions are required in respect of past service at March 31, 2016.

.

16. Accrued employee future benefits

HHB's policy is that all employees whose age and years of service total 80 or more, or who become disabled at any age, will be paid a retirement benefit equal to one month's salary for their first ten years of service, plus one month's salary for each additional five full years of service as of March 31, 2015. The benefit is based on the salary in effect at March 31, 2015. The benefit does not increase after March 31, 2015. HHB has recorded a liability of $187 in accrued employee benefits at March 31, 2016 (2015 - $199). A total of $13 (2015 - $20) was allocated to operating and maintenance expenses for the period.

17. Fair value measurement

The fair value of financial assets and liabilities, together with the carrying amounts shown in the Statement of Financial Position are as follows:

	March 31, 2016				March 31, 2015			
	Carrying value	Fair value			Carrying value	Fair value		
		Level 1	Level 2	Level 3		Level 1	Level 2	Level 3
Assets								
Cash	$ 6,698	$ 6,698	$ –	$ –	$ 13,632	$ 13,632	$ –	$ –
Receivables	4,173	–	–	4,173	1,562	–	–	1,562
Restricted assets	10,845	10,845	–	–	6,546	6,546	–	–
Big Lift Fund	91,398	91,398	–	–	133,300	133,300	–	–
Liabilities								
Trade and other payables	13,985	–	–	13,985	7,537	–	–	7,537

The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

18. Commitments

HHB has entered into contracts for the 2017 fiscal year for the continued maintenance and capital improvement of the bridges in the amount of $75,593.

	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021
Contract obligations	$ 144	$ 65	$ 65	$ 16	$ nil
Capital contract obligations	75,449	12,827	nil	nil	nil
Total contract obligations	$ 75,593	$ 12,892	$ 65	$ 16	$ nil

19. Comparative information:

Certain comparative information for March 31, 2015 have been reclassified to conform with the financial statement presentation adopted for March 31, 2016.

Part A – Executive Summary

Enhance Energy Inc. ("Enhance") and North West Redwater Partnership ("NWR" or "NWRP") are developing a fully integrated Carbon Capture and Storage ("CCS") project, the Alberta Carbon Trunk Line ("ACTL"), incorporating:

- CO_2 capture from the existing Agrium Redwater fertilizer plant;
- CO_2 capture from the North West Sturgeon Refinery project under development using gasification and Rectisol® synthesis gas purification and conditioning technology;
- A 240 km CO_2 transportation trunk line; and
- Storage, including Enhanced Oil Recovery ("EOR").

The ACTL project will provide critical CO_2 gathering and distribution infrastructure to enable the cost-effective management of CO_2 emissions. The project also represents an opportunity to showcase how the Province's vast bitumen resources can provide competitive and environmentally sustainable energy amid tightening environmental standards.

This Summary Report will highlight the information contained in the attached Division B Detailed Report. The status and progress of each component (see Figure 1 below) of the ACTL will be summarized, as well as the relevant financial information.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

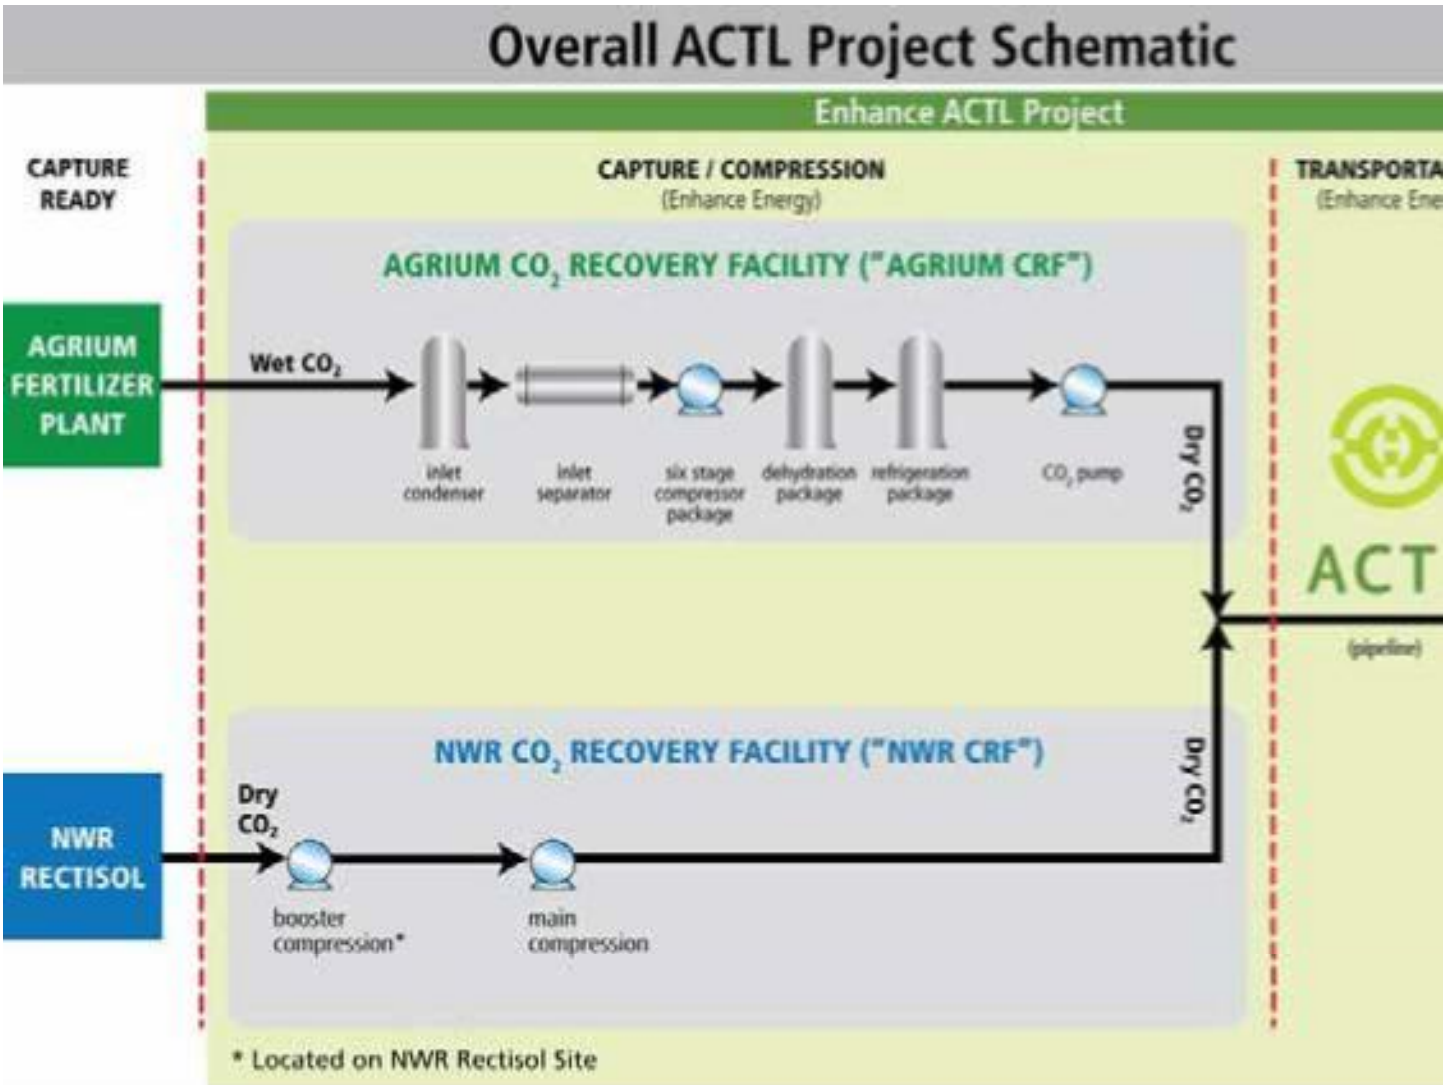

Figure 1 - Overall ACTL Project Schematic

terms.

Substantial progress has been made on the ACTL project, particularly the NWR portion. The ACTL is forecast to start-up with Agrium volumes in early 2017, and NWR volumes coming on-stream in mid-2017. An updated timeline as of December 31, 2015 is shown in Section 11: "Project Timeline".

Key activities achieved during the 2011 year include:

Agrium CO_2 Recovery Facility:

- Detailed Engineering and Design completed
- Tie-in of the CO_2 supply line within the Agrium fertilizer plant site
- Ordering of major equipment, including compressor
- Compressor manufacture significantly underway

NWR Rectisol:

- Completion of Design Basis Memorandum ("DBM")
- Engineering Design Specification ("EDS") nearing completion (as of April 2012)
- Transitioning to Detailed Engineering stage

NWR CO_2 Recovery Facility:

- CO_2 Booster Compression unit
    - Completion of DBM
    - EDS nearing completion (as of April 2012)
    - Transitioning to Detailed Engineering Design
- CO_2 Main Compression unit
    - Development of DBM
    - Preliminary cost estimates completed
    - Transitioning to Detailed Engineering Design

Transportation:

- Approval of Alberta Energy Regulator ("AER") construction license
- 98% of Right of Way from landowners acquired
- Right of Way survey completed
- Environmental assessments completed
- Detailed alignment sheets significantly completed
- Horizontal Directional crossing designs significantly completed
- Pipe material testing completed

Storage:

- Pressure survey analysis completed

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

- Geological characterization of sedimentary succession above the oil reservoir underway

Key activities achieved during the 2012 year include:

Agrium CO_2 Recovery Facility:

- Delivery and receipt of major equipment, including:
  - Stainless steel piping and fittings
  - Two inlet condenser units
  - Inlet separator vessel
  - CO_2 transfer pump
  - CO_2 booster pump
  - Facility isolation valves
- Signed contract with Fortis Alberta to design and build dedicated power line for facility
- Signed contract with Coronado Gas Coop to provide fuel gas pipeline and metering for facility
- CO_2 Compressor manufacturing progress:
  - Completed manufacturing of bull gears, pinion shafts and impellers
  - Completed dynamic testing of all three rotor sets
  - Completed casting and machining of stage volutes and main gear box housing
  - Completed assembly and testing of lubrication oil package
  - Main drive motor assembled and ready for run test
  - Completed FAT (factory acceptance testing) for main control panel
- Vessel fabrication for the dehydration package has commenced
- Vessel fabrication and purchase of all major components for the refrigeration package has commenced, including purchase of ammonia compressor, main drive motor and ammonia condensers
- Glycol recirculation pumps are assembled and ready to ship from factory

NWR Rectisol:

- Announcement on November 8, 2012 of Owner's approval for construction of Phase 1 of North West Sturgeon Refinery
- Updated Engineering Design Specifications including Cost Estimate and Schedule
- Initiated Cost Containment review
- Adoption of Rectisol design modernization
- Contract awarded for Air Separation Unit (in support of Gasifier)

NWR CO_2 Recovery Facility:

- CO_2 Booster Compression unit
  - Finalized location of CO_2 facility within Gasifier unit
  - Finalized CO_2 discharge piping route within refinery
  - Finalized technical specification and data sheet for booster CO_2 compressor
  - Currently evaluating bids from four vendors for compressor

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

- CO_2 Main Compression unit
    - Drafting technical specification and data sheet for main CO_2 compressor

Transportation:

- 100% of the Right of Way landowners now acquired
- Delivery and receipt of major equipment, including:
    - Pipeline valves and actuators
    - Pipe for major river crossing

Storage:

- Completed fourth report on geological characterization of the injection field, conclusions from that report are currently being evaluated

Key activities achieved during the 2013 year include:

Agrium CO_2 Recovery Facility:

- Completed mechanical run and performance testing of Six Stage Siemens compressor
    - After testing, compressor was disassembled for inspection and prepared for storage/shipment
    - Compressor motor completed and tested – in storage yard
- Optimized plant layout to reduce footprint and incorporate contractor suggested constructability improvements
    - Significant reduction in structural, piping and electrical materials due to more efficient layout
- Completed construction Request for Proposal (RFP) packages
    - Received construction proposals and conducted review and clarification process
    - Construction proposals within range of internal cost estimate

NWR Rectisol:

- Announcement on December 4, 2013 of NWR update to Sturgeon Refinery cost estimate, Bitumen Processing Agreements, and capital structure
- Finalized Engineering Design Specifications
- Gasifier unit Class 3 cost estimate and Level 3 resource loaded schedule were established as baseline for project execution
- All major equipment purchase orders placed
- 30% Model Review was completed for Gasifier unit

NWR CO_2 Booster Compression unit

- Completed Vendor Technical Submission evaluations for CO_2 booster compressor and completed clarification meetings
    - 17,000 hp, three stage Integrally Geared Centrifugal compressor

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

- Negotiated staged contract for booster compressor due to NWR project schedule.
- CO_2 Compressor was ordered from MAN Diesel & Turbo SE in Germany
- Completed Hazard Operability review and 30% 3-D design model review

CO_2 Main Compression unit

- Conducted starting/utility demand studies for Fortis Alberta
- Selected CO_2 compressor
    - 13,000 hp, five stage Integrally Geared Centrifugal compressor
- Finalized surface land acquisition for main compression site
- Worked extensively with Sturgeon County to establish utility corridor between NWR and Fort Hills

Transportation:

- Completed Phase 1 of Clearing of the ACTL right-of-way in Q1
- Received approval of Clearing and Reclamation Plan from Alberta Environment
- Prepared pipeline construction RFP documents
- Received Construction proposals and prepared for clarification and review process
- Significantly completed Issued for Construction drawings – minor revisions required in the Alberta Industrial Heartland (AIH) area (12" line) due to ability to parallel NWR product lines across North Saskatchewan river
- ROW routed through Suncor/AIH:
    - Finalization of the CP corridor route
    - Enhance continued discussions with the AIH counties regarding by-law discussions for pipeline corridors

Storage:

- Enhance has signed a Purchase and Sales Agreement with Santonia Energy Inc., which closed on September 17th, 2013. This now fully secures the storage site under Enhance's control.
- Alberta Innovates Technology Futures (AITF) were engaged to begin work on developing a baseline monitoring program that will feed into the project's Monitoring Measurement and Verification (MMV) plan
- Engineering underway for CO_2 recycle and storage
- Detailed engineering of injection site completed
- Draft EOR application submitted to the Alberta Energy Regulator (AER)
- Alberta Innovates – Technology Futures is examining the saline formations, potable aquifers, surface water accumulations and potable water wells
- Baseline CO_2 concentrations in these aquifers, water bodies and wells, as well as the overlying soil and air will be part of the MMV program

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Key activities achieved during the 2014 year include:

Agrium CO_2 Recovery Facility:

- Design of tie in for Agrium Plant 1 – all required engineering drawings completed and issued for construction.
- Specification of required blower and compression equipment to be added to both Agrium and Enhance Energy sites.
- Long lead equipment ordered for the turnaround of the Agrium Plant 1 facility – scheduled for March 2015.

NWR Rectisol:

- Completed 60% model review, and significant progress on 90% model reviews with completion in the 1st quarter 2015.
- Detailed engineering is over 80% complete reaching 100% by mid-year 2015.
- Procurement is over 50% with all major equipment orders placed, bulk material orders and various construction contracts in progress.
- Module fabrication is just beginning and will continue through 2015.
- Site wide civil work is complete. Gasifier unit area was turned over to the gasifier construction team in mid-2014.
- Piling and foundation work commenced in 2014 and was approximately 30% complete by year end 2014. Now forecasting May 2015 completion and achievement of the first funding milestone.

NWR CO_2 Booster Compression unit

- NWR Booster Compressor ordered in February 2014 – manufacturing approximately 20% complete.
- Air cooled exchangers ordered in June 2014. Other related equipment orders complete.
- Equipment fabrication in progress with expected delivery dates in the 3rd and 4th quarters of 2015.
- Completed revised EPC contract with NWR for Booster Compressor and related equipment installation.
- 60% model review completed with 90% model review underway.
- Piling and other site construction progress integrated with NWR Rectisol as above.

CO_2 Main Compression unit

- Purchase and sale agreement executed with CP Rail for the main compressor site.

Transportation:

- Major utility crossing agreements sent out for approval – approximately 80% have been approved.
- Detailed hydraulic modeling of the pipeline has been completed – incorporated detailed elevations from survey data.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

- Transmission and gathering line amendments accepted by Alberta Energy Regulator ("AER") for incorporation into existing pipeline licence. These revisions reflected individual landowner and route optimization through the detailed engineering process.

Storage:

- Presently working on Phase IV of MMV plan in conjunction with AITF.
    - Phase IV involves assessing all available information to develop a program to acquire data for the various aspects, such as air quality, soil gas, groundwater chemistry and surface flux.
    - Sampling program is being identified and will be scheduled as part of the overall project execution.

Key activities achieved during the 2015 year include:

Agrium CO_2 Recovery Facility:

- Installation of the tie in for Agrium Plant 1 which included the stack diverter valve, capture line isolation valve and blower recycle valve was completed in April 2015.
- Electrical Specifications required for the blower packaged equipment for the Agrium site were completed. Delivery of the two electrical transformers also occurred.
- An engineering assessment for the routing of the CO_2 capture piping to utilize existing Agrium pipe racks was completed.
- Vessel fabrication for the dehydration package was completed, and the package was assembled and housed to approximately 95% of completion.
- Vessel fabrication and purchase of all major components for the refrigeration package was completed, including delivery of ammonia compressor, main drive motor and ammonia condensers, heat exchangers, and pumps. Package assembly was approximately 90% complete.
- Issue For Bid electrical packages and specifications were completed.
- Request for Proposal packages were sent to potential construction contractors to obtain updated pricing for the complete construction of the CO_2 Recovery Facilities ("CRF").
    - Included obtaining pricing for remaining materials and equipment.

NWR Rectisol:

- Completed 90% model review.
- Engineering is over 95% complete.
- Procurement is over 75% with all major equipment orders placed, bulk material orders and various construction contracts in progress.
- Module fabrication is nearly complete with several modules delivered to site.
- Piling and foundation work completed in September 2015.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

NWR CO_2 Booster Compression unit

- NWR Booster Compressor manufacturing was completed, along with mechanical run tests and performance test. Unit was then shipped to NWR site from Germany along with the main motor.
- Air cooled exchanger assembly and module integration has started along with installation of the pipe rack modules that support the CO_2 pipeline out of the capture facility.
- P&ID's were completed; 90% model review completed; IFC isometric stick build piping drawings completed.
- IFC Electrical drawings were completed along with procurement activities of long lead components.
- Building 3D model along with IFC building architectural, structural and foundation drawings were completed.
- Piping fabrication for stick build was underway.
- Piling and foundations were completed for the compressor and compressor building.

CO_2 Main Compression unit

- To optimize connecting pipeline routing, scouting activities were renewed to search for alternate sites.
    - An agreement was reached with NWR to move the main site onto NWR lands, resulting in a reduction of nearly 5000m of pipeline.
    - A purchase and sale agreement was cancelled with CP Rail for the previous contemplated main compressor site.
- A Class 3 capital cost estimate was developed for long lead mechanical items and construction of facility.

Transportation:

- Continue to obtain remaining outstanding major utility crossing agreements.
- Public consultation newsletter sent out in Q2
- Revised and updated pipeline construction Request for Proposal documents
- Received updated Construction proposals and prepared for clarification and review process.

Storage:

- Enhance continued to develop the Clive Leduc development scheme to identify and characterize reservoir flow paths to determine movement of CO_2 bank through the flood life.
- This technical work will be utilized in a formalized risk assessment process to determine monitoring, measurement and verification requirements.
- Worked on Phase IV of Measurement, Monitoring & Verification Plan.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

- Phase IV involves assessing all available information to develop a program to acquire data for the various aspects, such as air quality, soil gas, groundwater chemistry and surface flux.
- Sampling program is being identified and will be scheduled as part of the overall project execution.

Part B – Project Status Overview and Commentary

The NWR portion of the project is now in full execution and construction with the majority of the equipment purchased, modules constructed and site preparation complete. Piling work at NWR was completed in 2015 allowing the installation of the various modules in 2016/17.

The 2015 Agrium interconnection was successfully completed on schedule and significantly under budget. Typically an interconnection into an existing plant results in unexpected scope changes due to the challenges of an older operating facility. Our key learning was proper integration and project definition with the operations team. Engaging the engineering and operations team on the key project drivers resulted in reduced project scope and changes as risks to design and execution were mitigated prior to construction.

Continued refinement of the ACTL engineering and construction plan has resulted in reduced schedule. Detailed interaction with the pipeline contractors at the engineering level has resulted in a well-defined scope of work. Several construction recommendations from the contractors have been incorporated into the pipeline design, enabling better construction practises.

Integration of engineering and construction teams will continue to minimize project execution and cost risks.

The ACTL project will employ technologies that are commercially mature. The primary innovation of the project is its scope and integration of various existing technology to demonstrate an economic carbon solution for Alberta.

Section 1: Facility Design

A) AGRIUM CO_2 Recovery Facility ("Agrium CRF")

Design of the CRF Facility (to date)

The design basis for the new Agrium Capture Facility is for economic recovery of CO_2 from the fertilizer plant's CO_2 emission streams. The streams pass through inlet cooling, separation, compression, dehydration, and refrigeration. This process produces liquefied CO_2 that is then pumped into the Alberta Carbon Trunk Line ("ACTL") at a pressure of 17,926 kPag [2,600 psig], which transports the CO_2 to EOR fields at the end of the line for permanent storage.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

The facility was designed to recover the highest percentage of CO_2 from the incoming feed stream. Various process options were discussed before arriving at the proposed process design. This current design utilizes a "fit for purpose" philosophy by incorporating typical oilfield/industrial technology, sourced and serviced locally.

Plot Plan and Facility Location

The plot plan (shown below) illustrates the layout of the CRF, which is located just outside the boundaries of Agrium's fertilizer plant in the Alberta Industrial Heartland.

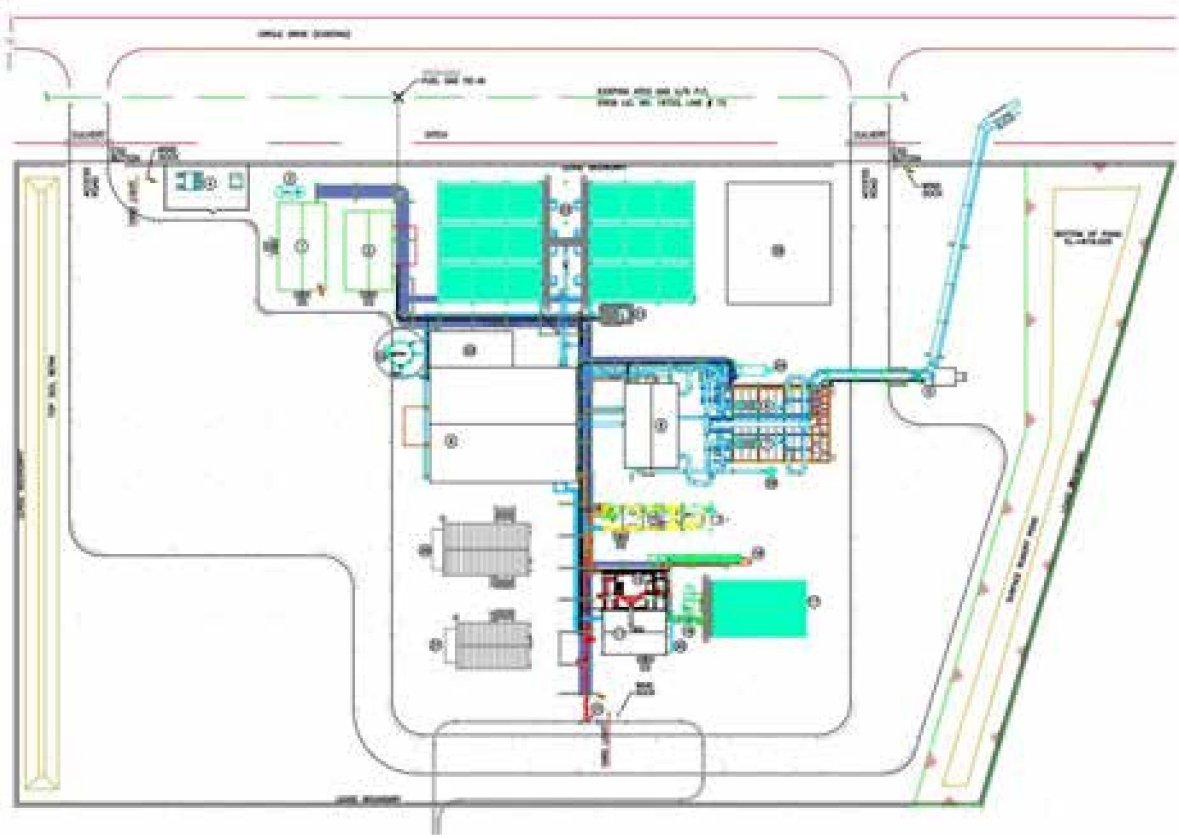

Figure 2 - Agrium CRF Plot Plan

** A higher resolution plot plan with more detail is available in Appendix vi of the Detailed Knowledge Sharing Report*

Separation Process Type and Description

As the CO_2 Enhance receives from Agrium is wet, a separation process is needed at the Agrium CRF before the CO_2 can be put into the pipeline. Accordingly, the cooled two-phase stream flows into a carbon steel inlet separator that separates the condensed water from the wet CO_2 gas stream. One electric driven produced water pump maintains the level in the inlet separator and pumps the condensed water to a waste drain at the Agrium site. Produced water disposal

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

volumes will be metered. The produced water will be disposed through the Agrium facility into their existing deep disposal well system.

B) NWR Rectisol®

The NWR CO_2 capture system is heavily integrated into the design of the refinery's Gasification hydrogen supply unit. The Gasification unit uses the unconverted petroleum bottoms (asphaltene) generated in upgrading as a feedstock to produce synthesis gas (syngas). The technology selected to condition the syngas is the Rectisol® acid gas removal process licensed from Lurgi, a German engineering and construction firm. When operational, the Rectisol® unit will produce over 3,600 tonnes per day of pure CO_2. Rectisol® is a physical absorption process carried out at low temperatures and high pressures using cold methanol as an absorption medium. The Rectisol® process is a mature technology that has been used for decades in the coal gasification, fertilizer and refinery industries. Increased demand for products derived from synthesis gas since 2000 has led to resurgence in Rectisol® installations around the world.

The NWR refinery will be built in the industrial heartland of Sturgeon County, approximately 45 km north-east of Edmonton. The plot plans shown below indicate the location of the gasification unit and Rectisol® unit within the refinery.

C) NWR CO_2 Recovery Facility ("NWR CRF")

The NWR CRF consists of a three stage CO_2 booster compressor unit to be located in the north-east corner of the Gasifier site and a five stage main compressor unit which will be located on the perimeter of the refinery. The booster compressor raises the NWR CO_2 from close to atmospheric pressure to approximately 1,400 kPag (203 psig) while the main compressor further increases the pressure of the CO_2 to 18,000 kPag (2600 psig) necessary for pipeline transportation.

D) Pipeline Facility

The ACTL pipeline will be 240 kilometers in length, and will begin in the Alberta Industrial Heartland, by the Agrium and NWR CRFs, and go south ending at the Clive storage field (shown in Figure 6). The detailed alignment sheets for the pipeline are 99% complete as are the construction plans and Horizontal Directional Drill ("HDD") crossing designs. 100% of the Right of Way ("ROW") has been acquired from landowners. Procurement of materials is underway. Pipe specifications have been finalized and pipeline valves and actuators have been delivered.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Figure 6 - ACTL Route Map

E) Injection Facility

The injection facility will be located at the end of the ACTL pipeline at the Clive storage site (shown in Figure 6).

Section 2: Facility Construction

A) Agrium CO_2 Recovery Facility ("Agrium CRF")

Enhance completed the tie-ins on the existing Agrium plant 9 in June of 2011, during a scheduled shutdown of the plant for maintenance. This timing was strategically planned to minimize any inconvenience to Agrium.

B) NWR Rectisol®

Construction of the Gasifier unit, including Rectisol®, started in August 2014, and is currently underway with expected completion by the Q2 2017. The Gasifier construction schedule and in-service date are interdependent on the overall refinery project development with other process units proceeding in parallel.

C) NWR CO_2 Recovery Facility ("NWR CRF")

Construction and operation of the Enhance CO_2 Booster Compressor is tied to the construction of the NWR Rectisol® unit, as it is located within the Gasifier boundary limits. Construction and operation of the Enhance Main Compressor is also tied to the construction of the Rectisol® unit, but will be located outside the NWR fence line. Construction of the NWR Booster Compressor is ongoing. Civil and underground work have been significantly completed, compressor and coolers have been ordered; the compressor has been delivered. Additional piping/fabrication contracts were awarded in 2015.

D) Pipeline Facility

Major equipment with long lead times, such as valves and actuators, have been purchased and delivered. Initial construction scoping along the pipeline route began in the first calendar quarter of 2013, including the scoping of the major horizontal directional crossing and initial clearing and timber removal of portions of the line. The main construction for the ACTL will begin in mid-2016.

E) Injection Facility

Well location and facility design is underway. The construction of the injection facility is set to begin in mid-2016.

Section 3: Geological Formation Selection

Storage for Enhance's ACTL project will take place at the depleted hydrocarbon reservoir at Clive.

<u>Summary of reasons for selecting the final site</u>

Practical suitability

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

There are many practical reasons which make Clive a suitable storage site for CO_2. The Clive reservoirs are mature waterflooded oil reservoirs. In this context, they provide:

- Containment for CO_2 due to the fact that they have contained hydrocarbons for millions of years,
- Capacity for CO_2 storage due to significant production of oil and gas providing voidage,
- Injectivity for CO_2 due to substantial water injection operations for five decades, and
- Residual oil production to provide for economic support of large scale CO_2 sequestration.

The Clive reservoirs are also unitized, enabling common ownership and royalty interests across the reservoirs. This provides the opportunity to take advantage of the unique geology, with minimal complications due to competitive ownership interests, in order to maximize oil recovery and maximize sequestration of CO_2.

Geographical suitability

The storage site was also attractive due to its geographic location. As Clive is not adjacent to large residential developments, it makes it easier for surface access to design, build and operate a CCS EOR project with minimal disruptions to residents.

Potential EOR benefits

The potential EOR benefits of CO_2 sequestration sites are important criteria for consideration in the site selection process. This is due to the fact that the economic gains associated with EOR, and specifically the sale of incremental oil production, will financially support the cost of an expensive CCS scheme.

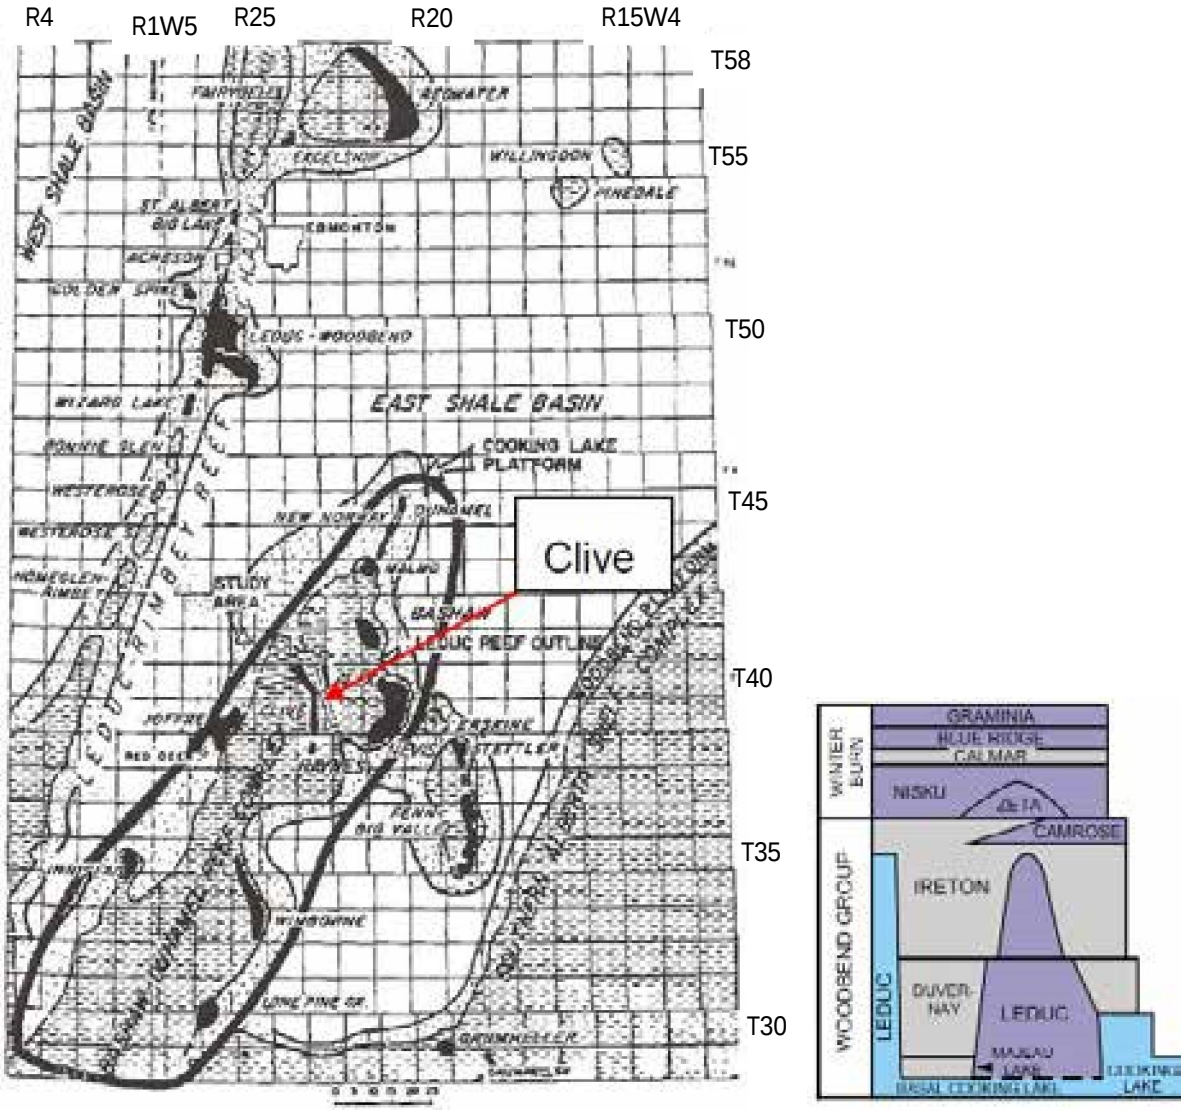
The EOR benefits extend beyond Enhance. Albertans benefits from this project through increased royalties to the Province and job creation. It is estimated that the project will create $19 billion in royalty revenue for the Alberta government over the next 30 years.

Additional social benefits are created through revitalization of economic activity in an oil and gas field that is near abandonment. Job creation for the initial ACTL project is estimated at 2,000 direct jobs during peak construction and an additional 8,000 indirect jobs over the life of the project. To date, it is estimated that approximately 222,000 man-hours have been expended by suppliers, contractors and internal efforts. Ongoing job creation as the ACTL system expands is forecast to run in the tens of thousands.

Key characteristics of the geological formation

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Location of injection reservoir: CO_2 will be injected into Clive, as shown in Figure 7.



Source: *Tsang, G. and Springer, S.J, —Innisfail-Clive-Nevis Reef Chain Revisited‖, CIM Paper 83-34-24, presented at the 34 ATM of the Petroleum Society, May 10-13, 1983, Banff.*

Figure 7 - Relative Location of Clive Reservoirs and its Stratigraphy

Depth and thickness of the reservoir

Comprehensive maps showing an interpretation of the storage formation's porosity tops, which also illustrate sub-sea depth and thickness at the reservoir, are found in section 3.4 of the detailed report.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

This relates to a depth from surface of 1,775-1,915 m (mean: 1,831 m), with an average thickness
of 6.4 m for the Nisku reservoir, and a depth from surface of 1,845–1,938 m (mean: 1,874m), with an average thickness of 8.75 m for the Leduc reservoir.

Injectivity of reservoir

Injectivity of CO_2 is derived from historical performance of water injection. The Clive reservoirs have shown tremendous capacity for water injectivity. Typical determination of injectivity is based on equivalent volumes at the same reservoir pressure and reservoir temperature.

Water injection wells for the Clive reservoirs have not seen any rate limitations as they have been able to take water on vacuum. Thus, CO_2 injectivity at any Clive reservoir is not expected to be constrained by reservoir parameters but may be impacted by wellbore configuration or surface facility design.

Porosity and permeability of the reservoir

Enhance contracted a study of the Clive reservoirs (Nisku and Leduc) in 2008 and in part, an examination was undertaken to determine the porosity, permeability and its interdependence for the Nisku and Leduc reservoirs. The following two graphs are a representation of this analysis.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

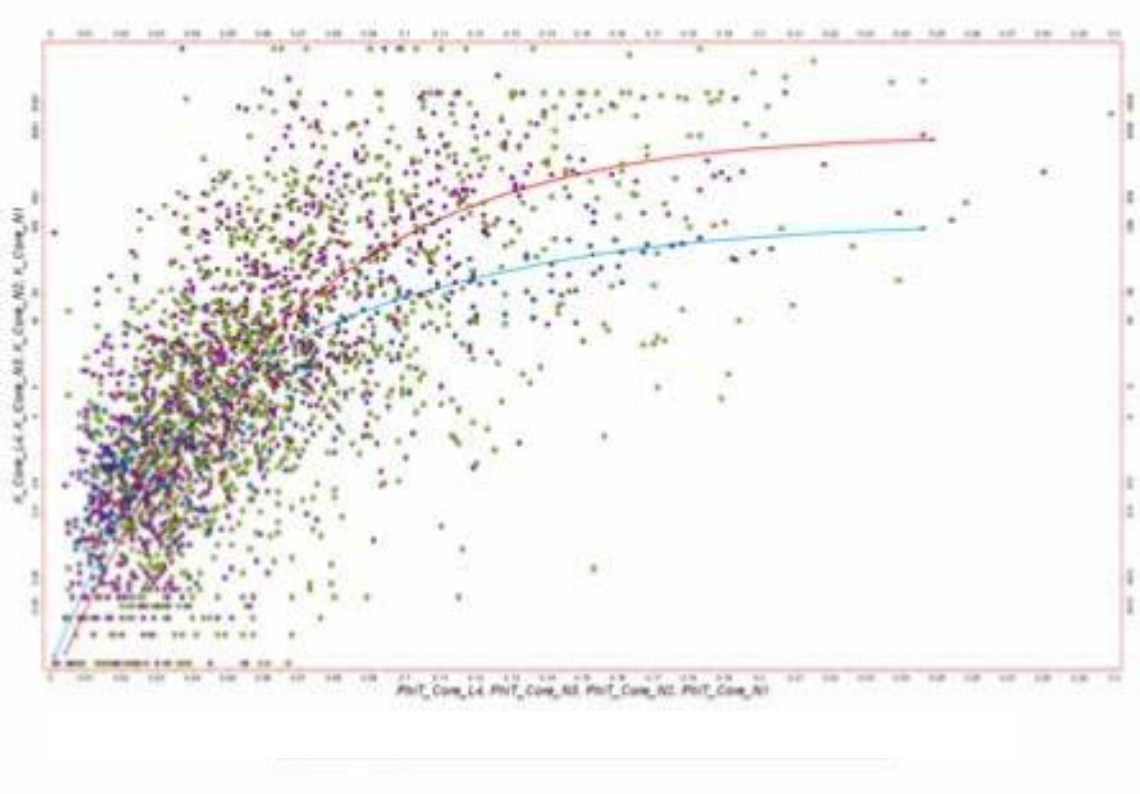


Figure 8 - Graph of Porosity, Permeability and its Interdependence at Nisku

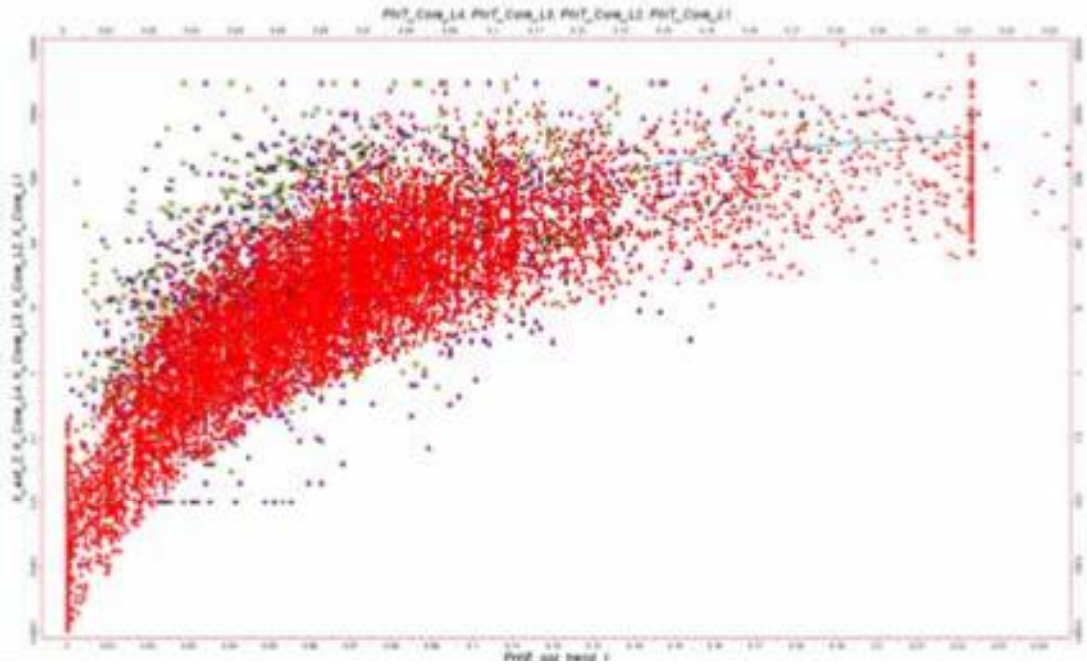

Figure 9 - Graph of Porosity, Permeability and its Interdependence at Leduc

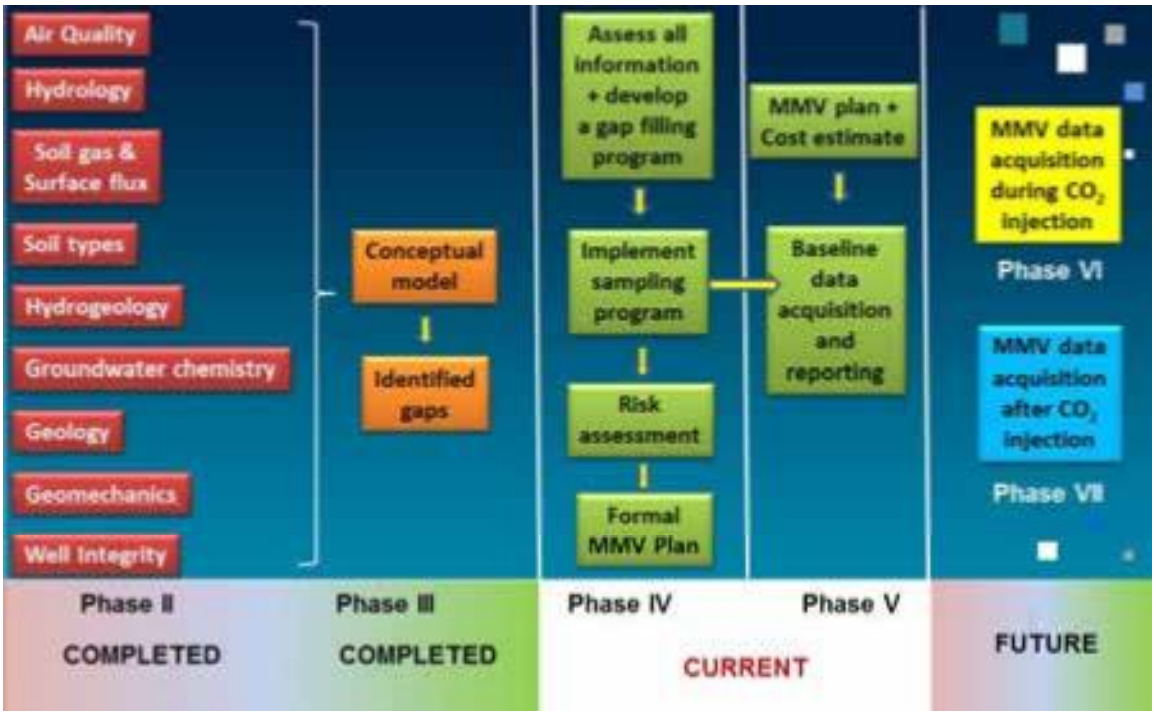
Initial pressure and temperature: The temperature at the Clive reservoirs is 69°C (156°F) and its pressure 1,900 psia (13,086 kpaa).

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Estimate of storage potential: The total CO_2 storage capacity at Clive due to replacement of produced oil and gas is estimated at 18.8 million tonnes ("MT") (a more detailed calculation of this estimate is found in section 3.2 of the detailed report.)

Risks of storage into the geological formations and the measures implemented to manage and reduce such risks:
Storage for Enhance's ACTL project will take place at the depleted hydrocarbon reservoir at Clive. As depleted hydrocarbon reservoirs have securely contained fluids for millions of years, these reservoirs are very well suited for containment and safe storage of injected CO_2 and pose very minimal risk of leakage. Depleted hydrocarbon reservoirs in Alberta have typically undergone waterflood operations whereby water has been used to replace produced hydrocarbons. The injectivity of CO_2 is typically estimated to be the same as injectivity of water at reservoir conditions. Such waterfloods have been conducted at Clive, again minimizing any risk of storage in this field.

Enhance completed conducting comprehensive geological and geomechanical studies on the rock (from the bottom of the well to the well head). The outcome of this technical work will be utilized in a formalized risk assessment process to determine monitoring, measurement and verification requirements. The first three phases of the MMV program have been completed with AITF. Phases IV & V and will be executed in conjunction with the complete ACTL project. The following pictorial illustrates the overall program.



© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

The next pictorial illustrates the context of the MMV study area and various components that potentially may be quantified.

Section 4: Facility Operations – Capture

As the project is still in its design phase, the CO_2 capture facilities have yet to start-up. Information regarding the efficiency of each step, impact upon the operating efficiency of the base facility, and purity of the CO_2 is not available at this time.

Section 5: Facility Operations – Transportation

In its first phase, the pipeline will transport captured, compressed CO_2 from the Agrium fertilizer plant and the North West Sturgeon Refinery plant to selected EOR fields at the end of the pipeline.

Flow capacity: The maximum flow capacity of the pipeline, once filled to its full capacity, is 14.6 million tonnes of CO_2 a year.

Pipeline diameter: The pipeline will be 16" in diameter.

Design pressure and temperature: The maximum operating pressure is 17,926 kPag (2,600 psig). The operating temperature design of the pipeline is between -18°C to 60°C.

Wall thickness: The line pipe is a Nominal Pipe Size ("NPS") at 14.3 mm wall thickness.

Length: The pipeline will be 240 kilometers long.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Material: The 16" ACTL pipeline will be made of electric resistance welded (ERW) carbon steel. The pipe specification shall be Grade 448, Category II M18^{o}C ERW pipe. Pipe supplied shall be fully kilned, fine grained, continuously cast steel. The maximum carbon equivalent calculated shall be as described in CSA Z245.1.

Expected lifetime: The pipeline has an expected lifetime of 100 years or more.

Cathodic protection: A cathodic protection system will be installed as part of the corrosion reduction program. The design of this system is underway as a part of the detailed design for the project. The system will incorporate the following considerations:

- Length of system and segments
- Coating specifications
- Locations of block valves
- Soil analysis and resistivity data
- Water table
- Proximity to other utilities

The pipeline will require cathodic protection test stations to be installed along the route of the pipeline at regular intervals. The pipeline will be fitted with insulating flanged gaskets at each end of the system.

The carbon dioxide water dew-point specification is less than 162mg/m^3 (10 lbs/MMscf); therefore, free water is not present during normal operating conditions, and corrosion due to the formation of Carbonic acid cannot occur. Post hydrostatic testing procedures will be incorporated to ensure the pipeline is dry prior to commissioning and operation. In the event the water dew-point is exceeded at the source, an on-line hydrometer signals an emergency shutdown valve ("ESDV") to close diverting the off-spec gas to vent.

Section 6: Facility Operations – Storage and Monitoring

No CO_2 has been injected and stored, as the project is still in its design phase. Therefore there is no data regarding the injection and storage of CO_2 and its direct monitoring to report at this time.

The planned CO_2 injection rate is the entire available CO_2 supply volume currently estimated at 4,300 tonnes of CO_2 per day. The minimum requirements for the CO_2 injection stream composition, pressure and temperature are as follows:

95 mol percent minimum CO_2
No more than 2 mol% hydrocarbons with a dewpoint not exceeding -20°F
No more than 3 lb/mmscf of glycol or amines or ammonia or methanol
No more than 10 lb/mmscf of water
No more than 4 ppm H_2S by volume
No more than 16 ppm total Sulphur by volume

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Less than 1.0% N_2, H_2, CO, AR, or CH_4 each and total inerts less than 4% by volume
Less than 0.1% O_2
Less than 100 ppm SOx or NOx by volume
Less than 1 ppb Hg by volume
No solid particles
No free liquids including lube oils or glycol
CO_2 shall be delivered at less than 25°C (77°F) and at 2,600 psig (17,926 kPag).

Monitoring techniques that will be employed at the injection site are storage site specific and are still being developed with the assistance of technical experts and this work is currently underway. The individual well injection rates will range from 200 to greater than 1000 tonnes CO2 per day. CO_2 recycle rates will be finalized as project moves into operations – initial reservoir modelling indicates up to 5000 tonnes CO2 per day. Atmospheric CO_2 emissions in the scheme are limited to screwed connections for pipe 2" and smaller and flanged connections for pipe 3" and larger. Some emissions to the atmosphere will also occur during facility shutdowns and start-up. However, these emissions are considered to be fugitive emissions and are negligible.

Section 7: Facility Operations – Maintenance and Repairs

As the ACTL is not yet operational, there are no maintenance and repair activities to report at this time.

Section 8: Regulatory Approvals

Enhance Approvals

No unusual hurdles were encountered throughout the application and approval process. The following table indicates approvals obtained by Enhance for the ACTL project:

Consent/Permit	General Timeline of Approval Receipt	Additional Hurdles Encountered
Canadian Environmental Assessment Agency ("CEAA")	Submitted: January 2010 Approved: September 7th, 2010	None
Development Permit (County Level)	Currently finalizing submission for Agrium Typically two months from submission for review and approval	None

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Alberta Historical Resources Foundation ("AHRF")	Submitted: May 13th, 2009 Approved: August 17th, 2012	Ongoing routing changes delayed application process
AER Directive 56 Pipeline Installation Approval (incorporates Alberta Environments and Parks approval)	Public consultation process: October 2008 – March 2009 Applied: March 20, 2009 Approved: April 26, 2011 License Number: 53252	On-going consultation required after approval
Conservation Reclamation Plan (Alberta Environments and Parks)	Submitted: March 18th, 2009 Approved: April 17th, 2013	None
Alberta Energy Regulator ("AER") (Draft EOR Scheme)	Submitted in December 2013 and reviewed by AER. A formal Scheme will be submitted closer to the drilling phase.	None
Alberta Energy Regulator ("AER")	Minor amendments to transmission and gathering line accepted September 2014; Licence #53252	None
Alberta Energy Regulator ("AER")	Minor compressor station (Agrium Capture Facilities) amendments accepted October 2014; Licence #53252	None
Alberta Energy Regulator ("AER")	North Saskatchewan River spare pipeline approved November 2014; Licence #56775	None

Table 1 - Enhance Regulatory Approvals Table

NWR Approvals

All necessary regulatory approvals have been obtained to proceed with the construction and operation of the North West Sturgeon Refinery project. The table below describes the approvals obtained by NWR.

BODY/ACT/ REGULATION	APPROVAL/PERMIT/ DESCRIPTION	UPDATE/NOTES
Energy Utilities Board (now AER)/Oil and Gas Conservation Act/	Upgrader Approval No. 10994 dated September 6, 2007 / For construction and Operation of an oil sands bitumen upgrader, no expiry	Approval has been transferred to North West Redwater Partnership Holdings Corp. from North West Upgrading Inc.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Energy Utilities Board (now AER)/Oil and Gas Conservation Act	Decision 2007-058 dated August 7, 2007 / Application to Construct and Operate an Oil Sands Upgrader in Sturgeon County. NOTE that this is a DECISION document respecting public interest determination, and is NOT an approval, so transfer to NWR - Newco should not be required	None
Alberta Environment (now Alberta Environment and Sustainable Resource Development)/Environmental Protection and Enhancement Act	Approval No. 217118-00-00 dated September 20, 2007 to construct, operate and reclaim upgrader, as amended by Approval No. 217118-00-01 dated February 13, 2008, and as amended again by Approval No. 217118-00-02 dated December 04, 2012. Approval expires September 1, 2017	Amendment application submitted Dec 2013 for administrative matters and minor technical updates. DRAFT Approval received as at March 13, 2014. Approval is being transferred to North West Redwater Partnership Holdings Corp from North West Upgrading Inc.
Alberta Environment (now Alberta Environment and Sustainable Resource Development)/Water Act	Approval No. 00227771-00-00 as amended by Approval No. 00227773-00-00 dated February 13, 2008 and as amended again by Approval 00227771-00-01 dated October 15, 2012 to divert of water from site Precipitation and North Sask River for process. Approval expires September 1, 2017	Amendment application submitted Dec 2013 for increase to Phase 1 water use (no increase over 3 phases), as well as groundwater management procedures. Approval expected summer 2014
Sturgeon County/Land Use Bylaw 819/96	Development and Building Permits (Various expiry dates, each valid for one year from date of issue, until initiated, then valid to completion – NOTE each has been extended as required during project inactivity period, with expiry now ranging from Q4/13 through Q1/14)	Sturgeon County/Land Use Bylaw 819/96
Sturgeon County/The Inspections Group Inc/Safety Codes Act and Codes	Permit No. 305305-11-E0300 as issued Nov 24, 2011 for temporary electrical connection of construction trailers and facilities. Expires upon removal of temporary facilities	North West Redwater Partnership applied for and is approved by the Safety Codes Council to administer Safety Codes Act approvals required for the Project as at May 2013
Alberta Transportation/Highways Development and Protection	Roadside Development Permit 2511/049/10. Expires one year from issue, and has been extended as required	RDP 2511/049/10 has been extended as required to complete the approved

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Act	per project delay. Note that there is another Roadside Development Permit applicable to Range Road 220 modifications, but that has been issued to Sturgeon County as the 'owner' of the road allowance	scope. Alberta Transportation has issued RDP 2511/310/13 in respect of the complete construction and operation of Phase 1 of the Project
Alberta Sustainable Resource Development/Public Lands Act	Temporary Field Authorization for water course realignment. TFA 126500 as issued November 19, 2012. Expires April 15, 2013	TFA 134963 was issued Jul 22 2013 extending water course realignment authorization to June 30 2014, by which time the scope is scheduled to be complete
Alberta Community Development/ Historical Resources Act	Clearance Letter (note that his resulted in the AER Public Interest Determination, and these clearance letters should not require re-issue to NWR – Newco). Release Date: February 1, 2006, Release Date: November 29, 2006	No Change
Industry Canada/Radio Communication Act and Regulations	Mobile radio licence for use by construction workforce – Such Licences are already issued to NWR, not NWU, as they were issued recently enough to be done through the Partnership	No Change
Energy Resource Conservation Board	Pipeline licences for lines across North Saskatchewan River as per recent Bennett Jones assistance re applications. Have been issued to NWU	All required Pipeline Licences have been transferred to North West Redwater Partnership Holdings Corp. from NWU

Table 2 - NWR Regulatory Approvals Table

Note: Permits with expiry dates prior to initialization will be reapplied for as required to meet the construction schedule

Section 9: Public Engagement

Enhance

Enhance has undertaken an extensive and open public engagement program working with all directly or potentially impacted landowners and occupants, local authorities, industry stakeholders, and provincials regulators. Open houses were held in eight locations along the proposed pipeline route. A detailed account of Enhance's public engagement is found in Appendix xii of the detailed report.

Below is a table of the main questions and concerns raised at meetings and open houses along with Enhance's responses.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

QUESTION	ENHANCE RESPONSE
How deep in the ground does the pipeline get constructed?	Typical construction practice of 1.2 meters unless special conditions warrant a change to cover depth.
What is the operating pressure of the pipeline?	In response this concern Enhance shared the following information with interested parties: - The proposed line pressure, which is 2600 psi; - The proposed wall thickness; and - The planned corrosion protection plan, including the intended inspection of the pipeline regulatory requirements.
How is the post construction vegetation going to be managed?	The Right of Way and Temporary Work Space lands will be fenced on pasture lands or lands identified by a landowner for a two year growing season to ensure proper regrowth.
Regarding fencing on the quarter section boundary line (existing and new), would Enhance clean up the brush on fence lines and establish new fence boundaries?	Fence lines would be established by way of survey and new fence will be constructed during final clean up if required.
What will be the means of access across the Right of Way during construction?	The necessary measures will be put in place (gates, plugs etc.) as required and arranged during initial acquisition process, and would also be discussed with the landowner during the pre-construction meeting.
Are there going to be Above Ground Structures?	No installation of any above ground structures required unless previously communicated and negotiated and accepted by the landowner.
What are the setbacks from the pipeline Right of Way?	The pipeline does not have any regulated setbacks other than the Right of Way boundary and outside of the regulated 30 meter safety zone.
What are the conditions of the Right of Way through a treed area/bush land?	The Right of Way will be left in a condition that would allow the landowner to work the land as with the adjoining lands on the quarter. Pasture land would be left as pasture, with the exception of any grazing lease lands, which under current regulations, have less stringent cleanup requirements but are still governed by best use land policy.
How is trespassing managed – What measures are in place to keep the workers within the	All boundaries are staked out by the survey team, workers are informed of the work area limits and

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

area of construction activities?	under normal circumstances workers will not be outside of the staked area. Landowners were advised that they (the landowners) are another set of eyes to monitor the situation, and if the workers are beyond the staked limits, the landowners should be contacting a company representative.
How much restriction will I (the landowner) endure with respect to moving farming equipment across the pipeline after it's in the ground?	Normal/Typical farming practises will be permitted to cross the pipeline Right of Way.

Table 3- Main Questions and Concerns

NWR

A commitment to extensive public consultation by NWR for use in project decision making was made in 2005 at the outset of the environmental impact assessment ("EIA") and regulatory application process. At that time, CCS solutions for the project were not well advanced. Subsequently, the project was described in regulatory applications and communications with stakeholders as being carbon capture ready with the view that reducing the CO_2 emissions for the project was an important goal.

NWRP conducted personal consultations with all stakeholders within the local area, as well as with any person or organization that expressed a direct interest in the project. A confidential stakeholder contact list was prepared and is maintained to facilitate stakeholder communications.

Open houses in Redwater, Alberta were held in February 2005 upon public disclosure of the project and in November 2005, after collection of environmental data. The two open houses were attended by over 300 persons representing a range of interests and which generated hundreds of questions and comments.

Issues and concerns expressed by stakeholders were primarily in regards to government policy including the need for new regulatory requirements, municipal land use planning, and civil and other social infrastructure including roads that support anticipated development in the industrial heartland area. NWR has committed to constructively participate with stakeholders, residents, industry and governments in the region to understand their ongoing issues concerns and develop workable solutions.

The AER Decision Report 2007-058 (August 7th, 2007) notes that "The Board considers North West's participant involvement program to be extensive. North West was proactive in its approach to involve the public at the early stages of project development and included both those potentially affected by the proposed project and others who expressed an interest in the

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

project…. The board concludes that North West has met and exceeded the Board's public consultation requirements."

Since receiving AER approval to build the project in 2007, Project personnel have continued stakeholder consultation through personal consultations, participation in community advisory panel meetings, public information sessions and periodic public newsletters.

NWR is also a participant in multi-stakeholder committees facilitated by Alberta Environment and Parks related to Cumulative Effects Management in Alberta generally, and the Industrial Heartland area specifically. CCS is one of the topics discussed, along with other emissions and project effects.

Section 10: Costs and Revenues

Cost per tonne values methodology to be provided by the Province.

The project is not yet operational, so there is no actual operational expenditure data available yet.

Enhance Energy Capital Costs

Capital Cost Estimates	Total($MM)	Spend to Date ($MM)	Forecast to Complete ($MM)
Agrium CRF	$ 48	$ 21	$ 27
NWR CRF (Booster and Main Compression)	$ 80	$ 27	$ 53
Pipeline	$ 245	$ 30	$ 215
Clive CO_2 Injection	$ 100	$ 2	$ 98
Total	**$ 473**	**$ 80**	**$ 393**

Table 4 - Enhance Capital Costs

The capital costs above are for the project costs for each component of the ACTL. They do not include the corporate costs (Overhead, G&A) required to develop the overall project.

Enhance has incurred approximately $100.0 Million of expenditures under the CCS Funding Agreement to date, including corporate costs (December 31st, 2015) .

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Revenues

To date there has been no revenue generated by the project.
Enhance has received $56.9 MM of Federal funding through the ecoETI and CEF programs. Enhance has also received the first milestone payment from the Provincial CCS program of $4.5 MM, which is secured by a Letter of Credit to the provincial government.

NWR Rectisol®

NWR Rectisol® Unit

The Rectisol® cost estimate prepared in 2013 is shown in Table 6 and 7.

CAPEX

procurement, module fabrication, construction and site management services to the project. A forecast of Canadian content for the Rectisol® unit will be prepared as construction planning progresses.

OPEX

The operating cost of the Rectisol® unit is provided for informational purposes and should not be used for comparing or benchmarking against other CCS projects.

Table 7 – Rectisol® OPEX Estimate (not for inclusion in carbon capture cost profile)

Categories	$/tonne CO_2	Percent
Direct Operating Costs		
Steam and Electricity[2]	7.46	52
Solvent	0.11	1
Total Direct Costs	**7.57**	**53**
Indirect Operating Costs		
G&A	2.41	17
Maintenance	2.87	20
Turnaround	1.03	7
Water Services	0.34	2
Total Indirect Costs	**6.65**	**47**
Total Operating Cost	**14.22**	**100**

1) Based on forecast avoided emissions of 1,211,341 tonnes/year.
2) Assumed cost of electricity is $80/MWh.

Table 7 - Rectisol® Operating Costs

Revenues

No industry benchmarks are available at this time. There is no revenue to report at this time other than $9.9MM payment from the first milestone under the Provincial CCS Program, which is secured by a Letter of Credit to the provincial government.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Section 11: Project Timeline

Enhance Timeline

Shifts in the timeline during 2015 were made to accommodate NWR's construction timeline and to avoid prolonged increased costs of operating the pipeline without full initial volumes. These changes allow for the most efficient and cost effective method of raising and spending capital leading up to Commercial Operations.

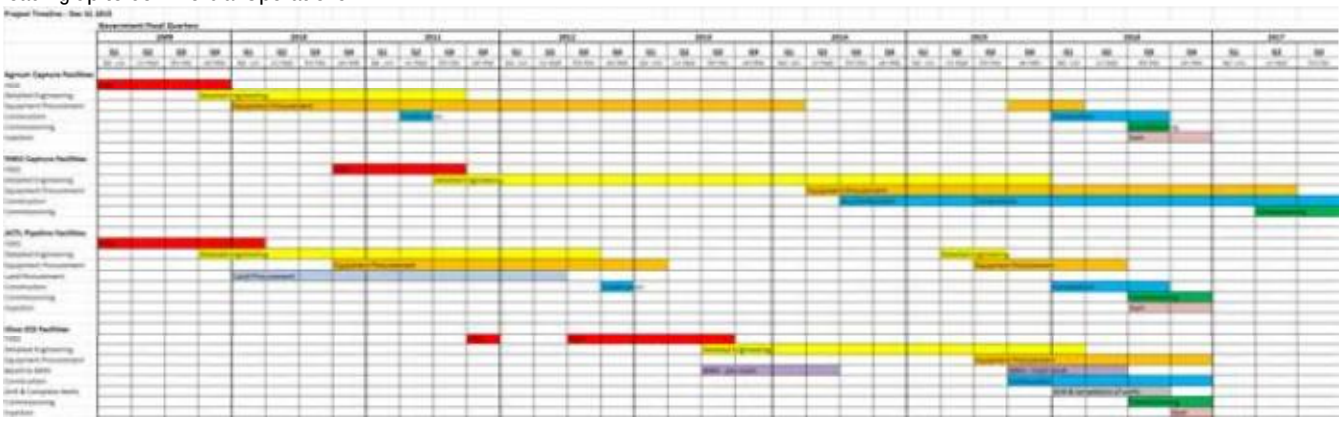

Figure 10 - Enhance Project Timeline

Above is the Enhance timeline as of December 31st, 2015 (a higher resolution version of the timeline can be found in Appendix xi of the detailed report).

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

NWR Timeline

NWR Timeline

The NWR schedule of project milestones is shown below. Funding milestone 1 was achieved in September 2015. Funding milestones 2 & 3 have slipped into the subsequent calendar quarter based on the current project updates. This slippage is a result of ongoing refinement and revision of forecasted work and normal construction delays.
Final start-up date has shifted to the end of September of 2017.

Figure 11 - NWR Project Timeline

Section 12: General Project Assessment

Successes and learnings arising from the project

The ACTL project is expected to encourage the development of an eco-industrial petrochemical cluster of additional value-added upgrading, refining, and petrochemicals projects that take advantage of sustainable and cost-effective solutions for CO_2 emissions. Once operational, the ACTL is strategically positioned to launch an integrated CCS sector and establish Alberta as a globally recognized leader for CCS and EOR technology. To date, the project has been successful in passing through key commercial, public consultation, regulatory, financial and design hurdles. Enhance and NWR will build on these successes as the project moves into its construction and operation phases.

Landowner acceptance
There are approximately 400 landowners along the ACTL who have been externally supportive of the project. This is a significant achievement and it highlights public support for the ACTL. Enhance's strong commitment to community engagement is evident in the fact that landowners readily accept the pipeline being built underneath their land. This level of acceptance occurs once all community questions and concerns have been adequately addressed and risks have been shown to be minimal.

Procurement of major equipment
Significant pieces of equipment have been purchased for both the Agrium facilities and the pipeline. The two inlet condensers, inlet separator, six stage compressor, dehydration package, and refrigeration package (shown in Figure 12) have been completed.

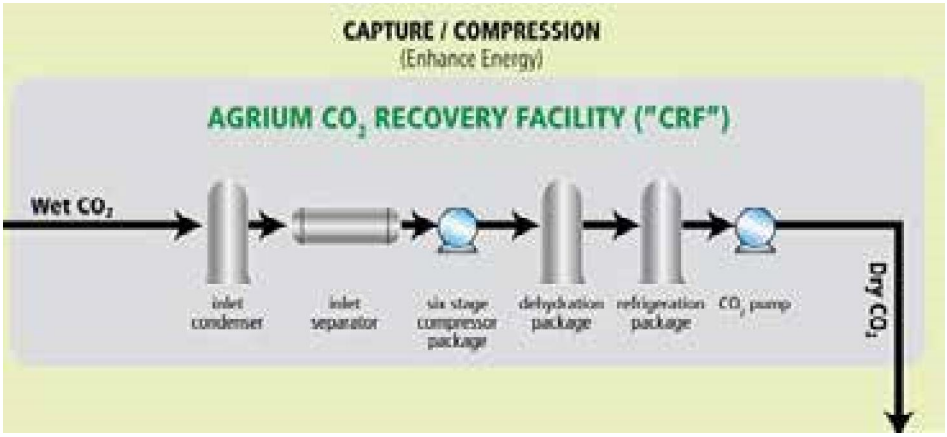

Figure 12 - Agrium CRF Equipment Diagram

Pipeline valves and actuators have also been delivered.
The Booster Compressor for the NWR capture system has been purchased.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Regulatory approvals in place for pipeline
Enhance received its CEAA approval on September 7, 2010 and its AER permit to construct on April 26, 2011. A major accomplishment was receiving the AER permit. The Board granted the ACTL a permit as the project met all of the requirements of Directive 56, and there were no relevant outstanding issues or concerns. This is very significant for a large-scale project. It stresses Enhance's compliance to regulations pertinent to CO_2 transportation and storage.

Achievement of the project's first milestone
Enhance met its first project milestone, "Issue of Construction Drawings for the Agrium Capture Facilities", in early 2012. Meeting this milestone was a large undertaking, resulting in over 850 detailed issued for construction drawings and required more than 30,000 engineering man-hours. Approximately 26,000 of those man-hours were expended in Alberta. Completing this aspect of the project helped finalize the front end engineering stage of the project and acts as an important stepping stone as the ACTL proceeds with the project.

NWR met its first milestone, "Rectisol Unit pilings completed" during 2015.

Knowledge sharing
Enhance and NWR have committed to provide updates and deliver presentations to the community, industry and government in order to promote awareness about the ACTL project and highlight its benefits to a wide audience. As part of this commitment, Enhance and NWR have spent considerable time preparing knowledge sharing reports for the provincial and federal governments and the general public.

Government funding
The ACTL project has benefited from both the Province of Alberta and Government of Canada funding. Province of Alberta funds are paid once specific milestones are met; $4.5 million (out of a total $495 million) has been received to date. The Government of Canada funds are released on a quarterly basis as the project progresses (the Project has incurred sufficient eligible costs such that the contribution of $63.2 million (less 10% holdback) has been received from Natural Resources Canada). The opportunity to access Federal funds early in the project has been critical to moving the project forward during an economic downturn in capital markets. Having access to the capital early in the project has supported the purchase of equipment and helped move the project from its design phase towards construction.

Electricity Power Requirements
Acquiring power for a project in Alberta from the Alberta Interconnected Electrical System (AIES) can be a very long process, and usually takes a minimum of two years. Understanding the long lead time for this aspect of the project, and proactively ensuring that the ACTL project remains on track, Enhance has begun to work closely with the local power distribution service provider. The Enhance engineering team has finalized power delivery infrastructure for both Agrium and NWR sites.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Direct economic benefits to Alberta

The ACTL has already had a direct economic impact in Alberta, through the creation of jobs and procurement of equipment, even though the project is still in its design stage. These benefits are measured in terms of man-hours expended and equipment manufactured in the Province. Approximately 222,000 man-hours have been expended to date on the project. 26,000 of those hours are engineering work done in 2011 to complete the first milestone "Issuance of Construction Drawings for the Agrium Capture Facilities." An additional 14,000 man-hours were required to complete the Agrium CRF tie-ins in June 2011, and over 50,000 man-hours have been expended to date on the pipeline. Being a small Alberta based company; Enhance has always been committed to supporting more Alberta businesses. Direct efforts have been made to keep the majority of work in the Province. As shown in the two tables below, the majority of equipment for the pipeline and the large of the equipment for the Agrium CRF were procured for the project within the Province.

ACTL Pipeline Procurement

Compressor	Siemens	Germany
Electrical Engineering and Controls	Beta Tech Inc.	Alberta

Table 9 - Agrium CRF Procurement List

Economic benefit to Canada

Enhance bought two pieces of equipment not manufactured in Alberta from Ontario. Unable to find manufacturers for the inlet condenser and the CO_2 Booster Pump in Alberta, Enhance preferred to have a Canadian supplier for these pieces so as to extend as much benefit as possible to Canadians.

Opportunity to build expertise

One piece of equipment that Enhance has had to order for the project from outside of Canada is the six-stage compressor for the Agrium CRF, which is being designed in Germany by Siemens. A Canadian manufactured compressor would have been preferred, however the technology and manufacturing capability has been built up in Germany over 50 years, and is hard to replicate here in a short time frame.

© 2016, North West Redwater Partnership © 2016, Enhance Energy Inc. All rights reserved. See NOTICE OF COPYRIGHT & PROPRIETARY RIGHTS included herein for additional terms.

Indirect economic benefits of the project for Alberta and Canada
Enhance commissioned the Canadian Energy Research Institute to conduct a study on the economic impact of the ACTL project. The study concluded that the estimated economic value of the overall integrated project, at design capacity, could increase Canada's total economic output by $231 billion (approximately 80% of the impact in Alberta) and provide an additional 848,800 person-years of employment (approximately 70% of the impact in Alberta).

No additional project learnings for the 2015 reporting period.

Section 13: Next Steps

The North West Sturgeon Refinery Project is proceeding as planned with construction well underway. Significant progress was made in 2015 with the project meeting most of its performance targets. Detailed engineering was completed as well as the 90% model review. Overall construction was 36 % complete at year-end 2015.

Enhance is focused on many varied tasks for the 2016 calendar year. The main area of focus will be finalizing construction contracts and procurement of major equipment such as pipe and compression as well as initiating relevant construction activities. We are in the process of preparing the Clive central Leduc development scheme. The MMV plan will be competed and initial baseline data collection planned to occur in mid-2016.

Changes in the project plan and timeline

NWR's Sturgeon Refinery is currently forecast to begin early operations in the 3rd quarter of 2017 with full commercial operations by the 4th quarter 2017. The ACTL is forecast to start-up with Agrium volumes in early 2017 and NWR volumes coming on-stream thereafter.

Since the project's inception, the only changes to the project plan have been timeline changes with respect to alignment of the project activities. The most up to date schedules are shown in Figures 10 and 11 above.

Research Update:

North West Redwater Partnership Senior Secured Debt Downgraded To 'BBB+' From 'A-' Following Downgrade To Alberta

Overview

- We are lowering our issue-level rating on North West Redwater Partnership (NWR)'s senior secured debt to 'BBB+' from 'A-'.
- The downgrade reflects that on the Province of Alberta on May 26.
- The relative rating differential between Alberta and NWR means that there is no longer any notching for extraordinary government support.
- The stable outlook reflects our view that we expect a moderate likelihood of extraordinary support from Alberta, and that NWR's stand-alone credit profile is tied to the rating on the project's lowest rated toll-payer, Canadian Natural Resources Ltd.

Rating Action

On May 30, 2017, S&P Global Ratings lowered its issue-level rating on North West Redwater Partnership's (NWR) senior secured debt to 'BBB+' from 'A-'. The outlook is stable.

Rationale

The rating action follows our downgrade to the Province of Alberta to 'A+' from 'AA' on May 26. (For more information, see "Province of Alberta Downgraded To 'A+' From 'AA' On Continuing Budgetary Performance Deterioration And Growing Debt," published May 26, 2017, on RatingsDirect.) The smaller rating differential between the two means that NWR no longer receives any rating uplift for extraordinary support from the province.

The moderate likelihood of extraordinary support from Alberta is unchanged, as are our assessments of the project's important role and limited link to the government.

NWR is a 50-50 partnership between NWU L.P. and CNR (Redwater) Ltd., a subsidiary of Canadian Natural Resources Ltd. (CNRL). NWR is building and will operate an upgrading and refining facility that can process approximately 78,000 barrels per day (bpd) of bitumen blend. The refinery will be in Sturgeon County, the industrial heartland of Alberta, about 40 kilometers northeast of Edmonton.

NWR has entered separate tolling agreements with Canadian Natural Resources

THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.

Partnership (CNRP; a core holding of CNRL) and the Alberta Petroleum Marketing Commission (APMC). Under the tolling agreements, CNRP will supply the project with 12,500 bpd and APMC will supply 37,500 bpd of raw bitumen, plus associated diluents. NWR will be responsible for refining and marketing the products, for which it will receive a cost-of-service toll.

The 'bbb+' SACP reflects S&P Global Ratings' view of the project's very strong contractual structure, which transfers effectively all project risk during both construction and operations to the toll payers. The SACP further reflects the counterparty dependency assessment of what is indirectly the lowest-rated tolling agreement counterparty, CNRP.

Given the tolling agreement's nature, we believe that the toll-payers are irreplaceable. Although many parties might be interested in having access to the refinery, given the obligations under the tolling agreement, it is unlikely they would take on the agreement until the project's economics achieved certainty in operation. Accordingly, we link the project SACP to the lower of the two toll-payers' counterparty dependency assessments.

Outlook

The stable outlook reflects our expectation of a moderate likelihood of extraordinary support from Alberta, and view that NWR's stand-alone credit profile is tied to the rating on the lowest rated toll-payer, CNRL. The negative outlook on CNRL does not flow to NWR, because a one-notch lowering of the SACP would be offset by a one-notch uplift from extraordinary government support, given the 'A+' rating on the province.

Downside scenario

We would likely lower the rating on NWR if we were to lower the rating on CNRL to below 'BBB', or if our view of the moderate likelihood of extraordinary support from Alberta were to change. Any downward movement on the province rating will no longer affect the rating on NWR due to the smaller rating differential between the two.

Upside scenario

We could raise the rating if we were to raise the ratings on CNRL or if we strengthened our view of the likelihood of support from Alberta through APMC. We would adjust the project's SACP in lock-step with any upgrade to CNRL. The rating on NWR would continue to reflect our view of the moderate likelihood of extraordinary support from the province through APMC, and any potential upgrade to the ratings on Alberta would flow to NWR.

Presale:

North West Redwater Partnership

This presale report is based on information as of May 26, 2014. The ratings shown are preliminary. This report does not constitute a recommendation to buy, hold, or sell securities. Subsequent information may result in the assignment of final ratings that differ from the preliminary ratings. Final ratings will depend upon receipt and satisfactory review of all final transaction documentation, including legal opinions. Accordingly, the preliminary ratings should not be construed as evidence of final ratings. If Standard & Poor's does not receive final documentation within a reasonable time frame, or if final documentation departs from materials reviewed, Standard & Poor's reserves the right to withdraw or revise its ratings.

Profile

- C$3.5 billion senior secured credit facility due 2018: A-/Stable

Transaction Description

North West Redwater Partnership (NWR) is a 50-50 partnership between NWU L.P. and Canadian Natural Upgrading Ltd. NWR will build and operate an upgrading and refining facility that will have the capacity to process approximately 78,000 barrels per day of bitumen blend. The NWR refinery is in Sturgeon County, the industrial heartland of Alberta, about 40 kilometers northeast of Edmonton. NWR selected the area to provide ready access to feedstock through existing and proposed pipeline projects. It will process the bitumen blend using conventional and commercially proven technologies.

NWR has entered into separate tolling agreements with Canadian Natural Resources Partnership (CNRP; a core holding of Canadian Natural Resources Ltd. [CNRL]) and the Alberta Petroleum Marketing Commission (APMC). Under the tolling agreements, CNRP will supply the project with 12,500 barrels per day (bpd) and APMC will supply 37,500 bpd of raw bitumen, plus associated diluents. NWR will be responsible for refining and marketing the refined products for which it will be paid a cost of service toll.

Transaction Summary

Table 1

North West Redwater Partnership -- Key Items

Participants	
Project company	North West Redwater Partnership (NWR)
Toll payers	Alberta Petroleum Marketing Commission and Canadian Natural Resources Partnership (core holding of Canadian Natural Resources Ltd.)
Issuer	NWR
Co-lead arrangers and joint book-runners	Canadian Imperial Bank of Commerce, J.P. Morgan Chase & Co., and RBC Capital Markets

Equity sponsors	North West Upgrading Inc. (50%) and Canadian Natural Upgrading Ltd. (50%)
Subordinated debt lenders	APMC and Canadian Natural Upgrading Ltd.
Key features	
Sector	Oil and gas -- refining
Project description	Construction of upgrader-refinery to refine approximately 50,000 barrels a day of bitumen
Bankruptcy-remote	Yes
Security collateral	All NWR assets
Key milestones	
Financial close and start of construction	Early summer 2014; construction has already started
Target commercial operation date	September 2017
Tolling commencement date	Scheduled for September 2017; June 2018 at the latest
Construction period	
Length	Approximately 38 months remaining
Operations period	
Length	30 years
Payment mechanism	See tolling agreement
O&M	The project will carry out its own O&M and subcontract work as needed
Reserve accounts	
Debt service reserve account	Six months; supported by a letter of credit; available during construction and operations
Financial metrics	
Minimum DSCR (Standard & Poor's base case; x)	3.51
Average DSCR (Standard & Poor's base case; x)	5.46
Debt-equity ratio (%)	80-20
Distribution lockup	N/A
Other liquidity	See Tolling Agreement and Trust Agreement sections

N/A--Not applicable.

Rationale

The preliminary 'A-' issue-level rating on NWR's C$3.5 billion senior secured credit facility due June 2018 reflects Standard & Poor's Ratings Services' view of the project's contractual structure, which substantially transfers the risk of the project to the toll payers; our assessment of the likelihood of extraordinary support of NWR by the Province of Alberta through APMC; and the complexity of the construction and operations task.

Strengths

- A hell-or-high water tolling agreement that covers debt service, operating costs, and a return on and of equity, regardless of the capital costs
- Monthly debt toll payments that start on toll commencement date (TCD) whether or not commercial operations (COD) is achieved

**THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.**

- Debt toll payments to maturity that happen whether or not the tolling contracts are terminated -- including if the plant is abandoned
- All revenue from the sale of feedstock and processed bitumen goes first to debt charges (principal and interest), subject to the previous payment of trustee fees and goods and services tax
- An 'AAA'-rated government feedstock supplier for 75% of capacity, and a 'BBB+'-rated supplier for the remaining 25%
- The likelihood of extraordinary government support of the project in situations of credit stress
- Established technology with proven contractors
- A well-located facility: Feedstock supply and ability to sell end products are not a concern given the large North American energy market; there is significant infrastructure to support operation of facility
- Commitment from 'AAA' and 'BBB+'-rated entities as to their shares of subordinated debt (50% each)
- No commodity risk -- the contract is based strictly on a fee for service

Weaknesses

- The greenfield construction risk of a complex hydrocarbon refinery
- A single asset that relies heavily on the contractual framework, particularly during the construction phase

Liquidity

The project benefits from adequate liquidity support during construction and operations. It will have access to the C$3.5 billion credit facility during construction, which management will use for both funding facility capital costs and debt service costs until the TCD.

Outlook

The stable outlook reflects our view of the project's stand-alone credit profile based on the proposed tolling arrangements and the counterparty dependency assessments. The outlook also reflects the moderate likelihood of extraordinary provincial support.

Upside scenario

We could raise the rating if we were to raise the ratings on CNRL or if we strengthened our view of the likelihood of support from Alberta through APMC. The project's SACP would be adjusted in lock-step with any upgrade to CNRL, the lower-rated tolling counterparty. The rating on NWR would continue to reflect our view of the likelihood of extraordinary support from Alberta through APMC.

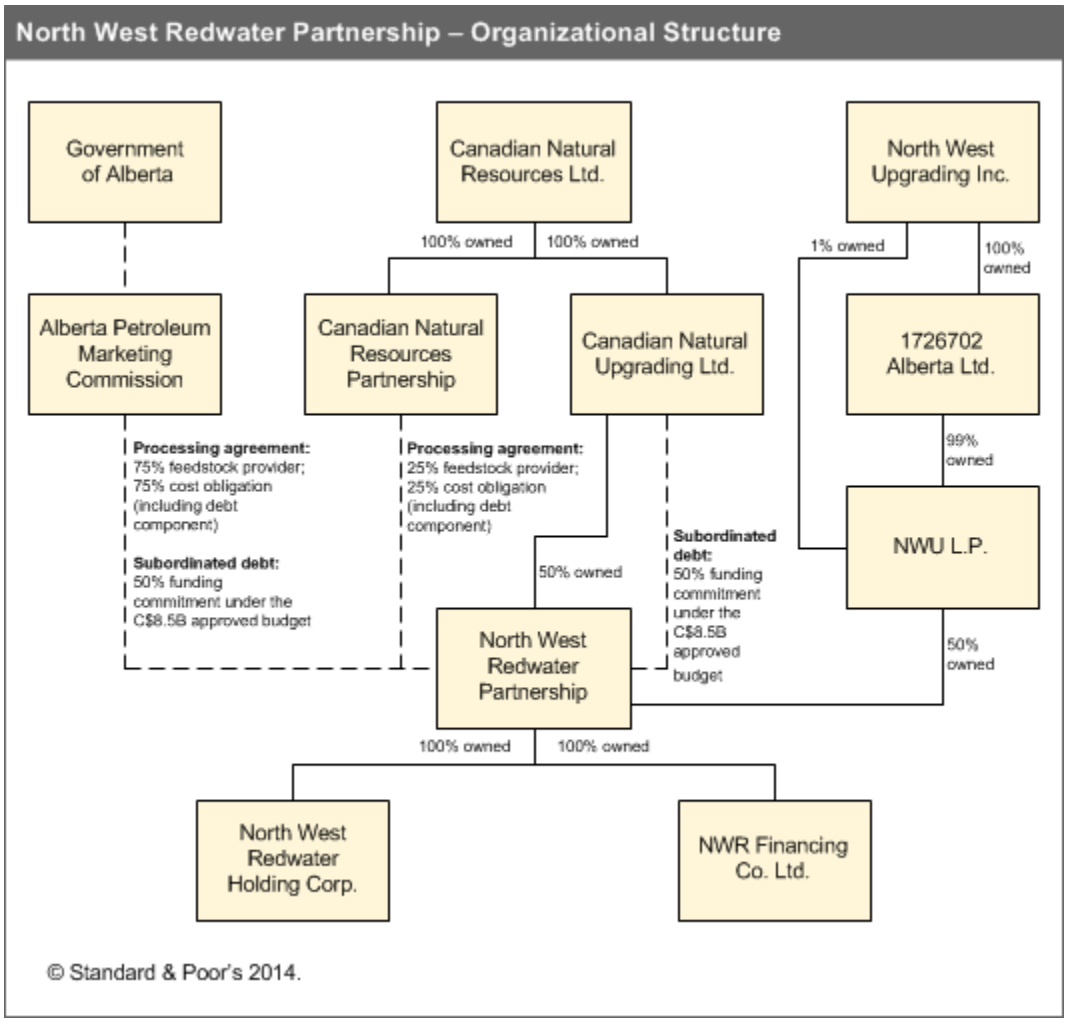
Downside scenario

We would likely lower the rating on NWR if we were to lower the rating on CNRL or if our view of the likelihood of extraordinary support from Alberta were to diminish. We could also downgrade the project debt if the rating on the Province of Alberta were to fall below 'AA-'.

Contractual Structure

The project is owned 50% by NWU LP, a limited partnership owned by North West Upgrading Inc., a privately held company; and 50% by Canadian Natural Upgrading (see chart).

**THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.**



We believe the project's key credit strength is the contractual framework. This framework consists principally of the tolling agreements, the proceeds trust arrangements, and the subordinated debt arrangements. We believe the project's credit risk lies in the respective parties' ability and willingness to honor their commitments under the agreements. The ratings on the parties capture this ability and willingness, which is a primary determinant of the stand-alone credit profile.

Tolling agreements

NWR has entered a tolling agreement with APMC whereby APMC committed to supply NWR with 37,500 bpd of bitumen to be refined by NWR who will also market the refined products. NWR has also entered a tolling agreement on almost identical terms with CNRP whereby the latter committed to supply NWR with 12,500 bpd of bitumen that it will refine and market.

In consideration of refining the bitumen blend the toll payers supply, under the tolling agreements, the project is entitled to a toll payment that is broadly composed of three components -- the debt toll component, the operating toll component and the equity component. The key components of each of the toll components are as follows:

THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.

Debt toll component. This is structured to ensure that the project receives from the toll payers an amount sufficient to service debt interest and repay principal. The debt's actual cost, including any costs related to foreign exchange or interest rate risk, will be fully reflected in the debt toll component.

A key element of the debt toll is that there is no limit on the amount of debt that it will cover. Based on an 80-20 debt-to-equity capital structure, whatever debt is necessary to complete the project will become subject to the toll thus effectively covering all increases in the amount of debt used to finance increases in facility capital costs. Moreover, the toll will commence at the earlier of the project's COD or June 1, 2018, and will continue until the debt is fully repaid. Therefore, the toll payers are responsible for the debt toll regardless of whether the project is completed or if the tolling agreements are terminated.

Operating toll component. The operating toll component compensates NWR for the facility's operating cost, similar to a cost-of-service regulatory regime. Approximately 60% of the costs are a direct flow-through, under which NWR is paid for its actual costs; 40% are benchmarked to the relevant Alberta price indices. We believe the risk of nonrecovery of operating cost overruns is not likely to be material, based on the contractual terms that allow for benchmarks and budgets to be updated to reflect changing circumstances.

Moreover, under the subordinated debt agreements, in certain circumstances, the subordinated lenders will lend money to NWR by way of subordinated loans to fund any unbudgeted benchmarked operating costs to avoid any working capital liquidity event once the refinery is operating.

Equity toll component. This includes a fixed 5% return on the equity component as well as a return of the equity component. The return of equity is zero for the first 132 months and equal to 1/228 the original equity amount per month after.

Under the toll agreements, NWR is responsible to operate the refinery with a view to maximizing the profitability of the refined products. However, the company does not have any performance thresholds that it must meet to qualify for its toll payment. Still, if NWR is able to operate the facility above its design capacity, it is entitled to a significant share of the incremental profits. If the plant is not able to operate, the toll payers are still required to deliver their respective quantities of bitumen, which NWR will sell on their behalf. The cash flow from the sale of this bitumen is also available for debt service.

Pursuant to the toll agreements, NWR is only acting as agent on behalf of the toll payers with respect to the bitumen and to the refined products, and never takes title to the commodity. As such NWR is not exposed to commodity or purchase credit risk, which remains with the toll payers as owner of the commodity.

Subordinated debt agreements

During the past year, the project underwent a significant increase in its budget for the facility capital cost. In light of the increased capital costs and to ensure that NWR has sufficient funding, APMC and CNUL have agreed to provide subordinated debt, which is treated as equity, to allow the project to maintain the 80-20 debt-to-equity capital structure as per the toll agreements.

APMC and CNUL have each committed to the partnership to supply 50% of the subordinated debt necessary to maintain the 80-20 debt to equity capital structure. This subordinated debt will be contributed to NWR in stages. The first contribution of C$225 million was made on April 9, 2014. A further C$225 million will come Jan. 2, 2015, and a

**THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.**

further C$199 million Jan. 4, 2016.

Should facility capital costs exceed the C$8.5 billion approved budget, APMC and CNUL have further committed to each other that they will supply subordinated debt to fund the amount required to maintain the 80-20 structure. CNRL has guaranteed CNUL's obligations under these arrangements. The guarantee meets our criteria for guaranteed obligations, so we equalize the willingness and ability of CNUL with the rating on CNRL.

To the extent that senior debt is not available based on acceptable spread, as outlined in the subordinated debt agreement, or this debt is not investment-grade, APMC and CNUL have committed to supply subordinated debt sufficient to fund facility capital costs and debt service costs sufficient to complete construction of the project to the COD. In addition, in some circumstances, subordinated debt is available to fund any unbudgeted benchmarked operating costs to avoid any working capital liquidity event once the refinery is operating. Although APMC and CNUL have committed to fund all subordinated debt on a 50:50 basis, APMC has the option to fund up to 75%.

Through the subordinated debt agreements, we believe that NWR has certainty of all required financing to complete the project. Under our rating methodology, we use a weak-link approach, so our perspective of the likelihood of sufficient equity under these agreements is consistent with the rating of CNRL.

Trust agreements

A further strength to the contractual structure is the project cash flow mechanism under the initial proceeds trust Agreement and the Debt Repayment Trust Agreements. These agreements create a cash water fall that ensures there is a robust level of cash with which to service debt.

Initial proceeds trust agreement

Gross proceeds from the sale of all products, including refined products and unprocessed bitumen blend, flow directly into initial proceeds trust account without deduction for any costs, leaving commodity risk with the toll payers. The trust arrangements' net effect is that the gross revenue from the sale of refined products (or unrefined products) is available for distribution according to the waterfall in the agreement. Given that the gross proceeds from all sales goes through the trust, even if the refinery was not working, the project would still be able to market the unprocessed bitumen and would have that gross cash flow available to flow through the waterfall. Therefore, the functioning of the refinery is not strictly necessary for a robust level of cash flow.

As per the trust agreements, the flow of funds out of the initial proceeds trust account is as follows:

- Fees to trustees
- Goods and services tax
- Debt component
- Interest on any money held in account paid to toll payers
- Payment for make-up supply (that is, bitumen that the processor purchased because the toll payer did not deliver its full allotment)
- Payment to APMC and CNR for their bitumen costs

On the next day a second distribution occurs as follows:

- Payments to toll payers of net amount payable (that is, any of the net profits of toll payers after allowance for all

**THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.**

payments)
- Monthly operating cost component
- Class A subordinated debt not included in the toll
- Return of equity and on equity to the processor
- Excess capacity amount (that is, any throughput above the budged amount)

The nature of the waterfall creates what we view as extremely robust coverage ratios; however, if there is insufficient cash to pay the debt component, the toll payers are responsible for paying into the account the debt component, ensuring sufficient cash for debt service.

Country And Jurisdictional Risk Profile

Canadian and Alberta law govern the agreement.

In Canada the legal rights of contracts are well-articulated, and the court system has a consistent tradition of enforcing contractual rights. Commercial contracts, especially, have been held sacrosanct, and courts are more likely to enforce the letter of the contract and less prone to contract interpretation issues than other jurisdictions. Standard & Poor's ranks country risk on a scale of '1' (very low) to '6' (very high) to establish a country risk assessment. The assessment is one aspect of the sector-specific criteria we use to determine ratings on entities. Canada has a country risk of '1'. As a result, we make no adjustments as part of our project finance construction criteria to reflect country risk.

Counterparty Risk Profile

We assign a counterparty dependency assessment (CDA) to counterparties that we consider material and not easily replaceable without significant time or cash flow implications. (For further information, see "Project Finance Construction And Operations Counterparty Methodology," published Dec. 20, 2011, on RatingsDirect on the Global Credit Portal). The preliminary ratings on the debt incorporate our counterparty dependency assessment criteria during construction and operations.

Revenue counterparty

We believe that APMC and CNRL (as guarantor of CNUL) as revenue parties are irreplaceable. We believe that the project relies on these parties in several contexts. The primary one is with respect to the toll that provides the cash flow NWR needs to service its debt and operate the facility. If, in an extreme circumstance, the project were not able to generate any cash flow, the sole source of debt service would be from the toll payers through the debt component.

Moreover, APMC and CNUL have committed to providing subordinated debt to NWR for it to satisfy the 80-20 capital structure requirement. Although we believe many parties might want access to the refinery, it is unlikely they would be willing to take on the tolling agreement until the project economics were known with more certainty based on the ultimate facility capital cost, which won't be known until operations have commenced. Based on the revenue counterparties' irreplaceable status and the role that each plays with respect to the contractual framework, we believe the project's stand-alone credit profile in both construction and operations is consistent with the ratings on the revenue parties. Under our methodology, we use the lower-rated of the toll payers, which would be the rating on CNRL based

**THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.**

on its guarantee of CNRP.

Construction counterparty

We believe that the contractors under the engineering, procurement, and construction (EPC) contracts are replaceable. The project is using known technologies and processes with several significant construction companies that are active in the Alberta market. In addition, the work packages have been segmented in order to facilitate an easy deployment to a party to do the work. Given the project's location and the nature of the work, we believe that there are a number of parties who could undertake the work should such a need arise. We acknowledge that if a construction counterparty needs to be replaced, higher facility capital costs could result. However, based on the contractual foundation's nature, the toll would cover these costs.

Operations, maintenance and rehabilitation counterparty

The project will carry out operations and maintenance (O&M) for the project.

Financial counterparties

We believe that the financial counterparties are replaceable.

Likelihood Of Extraordinary Government Support

Given the nature of the project and the Alberta government's involvement through APMC, we have analyzed the relationship between the Province of Alberta and NWR to determine whether NWR is a government-related entity (GRE) pursuant to our criteria for government related entities. Under our criteria, a GRE is an enterprise that could receive extraordinary government intervention during periods of stress. GREs do not need to be owned or controlled by a government entity; however, we have observed that they often have a role in implementing government policies or initiatives. As part of our assessment of GREs, we form an opinion regarding the likelihood of extraordinary government support. We base the assessment on the role the GRE plays with respect to the government and the link between the GRE and the government.

Based on our criteria, we have determined that NWR is a GRE. Furthermore, we believe that NWR plays an "important" role in the Alberta economy. The province's oil sands are the third-largest proven crude oil reserve in the world, next to Saudi Arabia and Venezuela. Introducing a new, partially upgraded product could substantially reduce Alberta's competitive losses from undervalued bitumen given the challenges the province faces for maximizing market access for its oil sands products. Alberta oil producers rely heavily on being able to ship products to refineries in the Northeast U.S. (PAD II Refineries) and are facing increased competition from products such as tight oil, which are highly valuable and less expensive to transport. The NWR project specifically addresses this issue by capturing the value implicit in the bitumen refining margin differential and strategically stimulating refining capacity in the province, so we believe part of its activities relate to an important public policy role, even when NWR operates as in independent profit-seeking enterprise in a competitive environment. Further supporting this is Alberta's track record of support of the GRE through removing the cap on the facility capital cost under its tolling agreement and agreeing to supply subordinated debt to ensure that the facility is built.

In addition, we believe that NWR has a "limited" link to Alberta. The link between the province and NWR is

**THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.**

contractual. The tolling and subordinated debt agreements largely govern it. The province does have a vote on the project's executive leadership committee, but not a majority. This committee has responsibility for the development, financial strategy, start-up and operation of the refinery. However, the province's vote is only valid until the subordinated debt is paid in full, which is approximately half way through the life of the processing contract.

We assess the likelihood of extraordinary government support for NWR as "moderate" based on an "important" role and the "limited" link as defined in our criteria. Accordingly, based on the SACP of the project of 'bbb+', the 'AAA' rating on of the province, and a "moderate" likelihood of extraordinary government support, we ascribe a one-notch uplift to arrive at an issue rating of 'A-'.

Business Risk Profile

Construction phase

We believe that a risk mitigant for construction is the fact that the facility will be built based on a combination of technologies which have been commercially proven. The process' key components have an established operating history and are in daily use in refineries throughout the world. The lenders technical advisor (LTA) concluded that the proprietary and open-art technologies selected for the project are sound, reliable, and proven.

The location's soil and ground conditions are well-known and the environmental approvals are in place. The site has ready access to the North Saskatchewan river and raw water supply will be delivered from the existing ATCO intake facility across the river from the refinery facility. The site has what we view as strong access to all infrastructure, including utilities. Given that it is in the industrial heartland, this is consistent with and adjacent to other operations of a similar nature and scale. The LTA commented that the process design configuration is very similar to new refinery and upgraders developed in Alberta during the past 10 years, and the project's extended duration of development has allowed significant improvements to the design. At this point, all engineering contracts are in place and fully staffed, with detailed engineering more than 35% complete and engineering model review well underway. All long-lead procurement has been completed with C$850 million of C$1.3 billion of total materials and equipment procurement placed as of the end of February 2014 and third-party contracts for air, oxygen, natural gas, nitrogen, water, and power all in place.

We believe that the contractors selected are generally recognized in the sector as having a consistent record of delivering similar projects on time, in accordance with design and within budget. A significant portion of the work, including on the LC finer, hydro processing and the crude and vacuum units, has been contracted to Fluor Corp. for approximately C$2 billion.

We believe that there is a moderate-to-high degree of contract risk transfer. NWR has established a pro forma EPC contract that forms the basis of each EPC contract for the implementation of each of the six units. EPC contractors are responsible for the performance of all or portions of detailed EPC management and construction work. The EPC process extends through the completion of construction, at which time, an integrated commissioning and start-up team will complete the pre-commissioning, commissioning and start-up. The LTA commented that specific terms and conditions of the contracts are generally in accordance with the best practices for EPC contracts of this type including the following:

**THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.**

- NWR is obligated to assist the contractor with customs duties
- Contractors reimbursed via cash calls but contractors will be kept cash-neutral
- Builders lien management

We believe the project team is very experienced and has substantial local presence. The project recently hired a new president and CEO who has significant mega-project building experience. The partnership as operator and the off-takers have an integrated approach to management of the project and governance. While the sub-debt is outstanding, the executive leadership committee will govern the refinery's construction and operations. The executive committee includes a member and a vote from APMC, two from CNRL, and one from NWU.

NWR is making significant use of modularization of work to minimize construction man hours at the refinery site, which improves productivity. In addition, the use of modularization helps improve winter productivity and allows the project to build through the winter season. The site's proximity to a large population reduces concerns about labor availability.

Operations phase

NWR plans to use its own organization to provide the refinery's O&M services. With the refinery in Sturgeon County, near Edmonton, NWR expects O&M staff to be primarily local, permanent employees. As is typical, some maintenance and surveillance activities will be subcontracted out to the original equipment manufacturers and specialty maintenance organizations.

The LTA was provided with preliminary O&M staffing, training, spare parts, and maintenance philosophies for review together with the financial model, which contains the predicted O&M budgets throughout the life of the Project life. The IE commented that they are reasonable and realistic.

NWR plans to increase the total number of staff from the current 398 direct-hired employees and consultants as of first-quarter 2014 to a peak of 526 by second-quarter 2016, and then decrease the workforce to 242 by first-quarter 2018. These additions to the staff will be primarily direct-hired employees, augmented by consultants. Recruitment will be undertaken in a phased manner, whereby the majority of the operations personnel will be on the payroll well ahead of the scheduled COD of September 2017. The LTA commented that this approach is a common industry practice.

Under the processing agreement, the toll covers operating costs. Moreover, approximately 60% of the operating costs are a straight flow-through and the rest are benchmarked and escalated to indices that track the Alberta market to ensure proper tracking. Based on 2013 dollars, the total annual benchmark costs are approximately C$170 million, and the total annual flow-through costs about C$252 million.

Financial Risk Profile

The transaction's financial structure is typical for project finance transactions in Canada and a capital structure that consists of 80% senior debt and 20% equity (including subordinated debt). The tolling agreements, in conjunction with the subordinated debt agreements, create a financial risk profile consistent with the credit risk of the toll payers themselves.

**THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.**

Capital structure

Total debt funding requirements are estimated to be C$8.1 billion (see table 2).

Table 2

North West Redwater Partnership -- Sources And Uses Of Funding (Mil. C$)

--Sources of funding--		--Uses of funding--	
Debt		**Project costs**	
Bond issuance	7,500	Installed cost	5,239
Drawn bank facility	523	Engineering	926
Accrued interest at COD	97	Owner costs	1,098
Total debt	8,120	Integration, commissioning, and startup	450
Equity		Escalation in execution	191
Government capital funding	84	Contingency	628
Old equity	638	Total cash-funded facility capital costs (before financing)	8,532
Subordinated debt	594	Initial working capital	76
Senior subordinated debt	0	Financing costs and capitalized interest	829
Eligible AFUDC	487	Total expected cash uses	905
Total equity	1,804	Eligible AFUDC (noncash)	487
Total expected sources	9,924	Total expected uses	9,924

AFUDC--Allowance for funds used during construction.

Approximately C$5.5 billion of committed senior debt is planned to be in place by year-end 2014. This will be by way of a C$3.5 billion, four-year syndicated credit facility scheduled to close in June 2014 and subsequent bond issuances. We expect that 100% of the financing required to complete the refinery is will be committed within 18 months of the credit facility's closing.

During the construction period, debt funding will be provided as required through draws on the credit facility or with bond proceeds. The C$3.5 billion facility will be effective prior to the first bond issuance, and we expect management to renew it each year during construction such that the maturity of the facility will always be three-to-four years. The facility has been structured such that it can be drawn without a cost-to-complete test and there will be no project style draw stops. The lack of a cost-to-complete test for draws is consistent with the ultimate reliance on the toll payers. As well, the toll payers are sitting on the project's governance committee. Drawings under the syndicated credit facility will pay interest during construction.

NRW will issue bonds totaling approximately C$7.5 billion periodically in both Canadian and U.S. dollars during construction, creating a laddered structure. Bonds will have staggered maturities and will be refinanced using the syndicated credit facility as each matures thereby creating a repayment profile similar to an amortizing bond.

During the operating period, the syndicated debt smoothing facility or a commercial paper program will be used to make debt service payments on the bonds, payments under the syndicated credit facility/CP program and to refinance individual bullet bond maturities.

**THIS WAS PREPARED EXCLUSIVELY FOR USER ROGER CASGRAIN.
NOT FOR REDISTRIBUTION UNLESS OTHERWISE PERMITTED.**

Cash flow analysis

Based on the nature of the tolling and trust agreements, we have run a number of scenarios to test coverage ratios (see table 3).

Table 3

North West Redwater Partnership -- Coverage Ratios Under Different Scenarios

Case	Case description	WTI (US$)	Utilization (%)	Minimum DSCR (x)	Average DSCR (x)
Base case	WTI at US$85 and 84.3% utilization	85	84.3	3.51	5.46
Sensitivity case 1	Capital cost 15% above budget; C$9.8 billion	85	84.3	3.46	5.38
Sensitivity case 2	WTI falls by US$30 to US$55	55	84.3	2.27	3.52
Sensitivity case 3	Gross margin decreased 47% to US$16 per barrel	44	84.3	1.77	2.76
Sensitivity case 4	O&M costs increased 15%	85	84.3	3.51	5.46

WTI--West Texas Intermediate. O&M--Operations and maintenance. DSCR--Debt service coverage ratio.

The DSCR reflect the fact that debt service comes out of the toll payers' gross revenue as per the trust agreements, so are what we view as extremely robust. Gross cash flows consist of refined products or unrefined products; therefore, a significant portion of cash flow is available regardless of whether the refinery is operating or not.

Peer comparisons

The project's nature creates a high reliance on the contractual foundation for purposes of evaluating credit risk. Although the structure is internally consistent the nature of such an arrangement makes peer comparisons more difficult. However, we believe that the best peer would be UMH Energy Partnership. Ontario Power Generation Inc. developed this hydroelectric project. The project is also a GRE and benefits from a revenue contract that removes all substantial project risk including operating costs by creating a revenue stream modelled after a cost-of-service regulatory framework. We rate UMH's debt 'A'.

Transaction Structure Profile

Single purpose and separateness

In our view, the transaction structure meets the minimum requirements to be rated in accordance with our project finance criteria. NWR's purpose is limited to building, operating, and maintaining the project in connection with the project agreements. The senior debt is appropriately secured and cash flows are restricted by the provisions of the transaction documents.

Cash flow waterfall

The trust agreements create what we view as a robust waterfall that will provide the project with sufficient cash flow to meet its debt service consistent with the rating.

Collateral, security and enforceability risk

The security package is line with that of other limited-recourse transactions, including a first-ranking charge over the assets of NWR.

MARKET COMMENTARY

The Canadian corporate credit market remained strong last week with four issuers pricing $1.9BN, bringing the August tally to $5.7BN and surpassing the 5-yr average of $4.5BN. By the end of the week, YTD new issue volumes totaled $82.7BN - 8% ahead of 2016's pace.

Last week the market began to digest Yellen's comments where she mentioned only modest deregulation was to be expected. Further, ECB head Mario Draghi lacked dovish sentiment on the policy front and gave no indication he was concerned about the euro's surge to a 2.5-yr high.

Canadian bank earnings started last week and will continue to take center stage this week with BNS and BMO reporting tomorrow, NBF on Wednesday and TD on Thursday.

There was no issuance on the back of releases from both RBC and CIBC; however, market participants seem to anticipate some funding activity on the back of the releases yet to come.

MARKET COMMENTARY

Activity in the Canadian corporate credit market was steady last week with three issuers pricing a combined $4.05B. The financial space was busy with both BMO and CIBC pricing 5 year deposit notes of $2B and $1.75B respectively. First Capital Realty came to market with $300MM 10 year notes. At week end, YTD new issue volumes totaled $72.9B, 29% ahead of 2016's pace.

Corporate spreads closed largely unchanged, while the TSX was down 50.84 points closing at 15,027. We saw strong labour market data from both Canada and the U.S. U.S. nonfarm payrolls rose 222K in the month of June, beating market consensus of 178K. Meanwhile, Canadian jobs data came in higher than expected at 45.3K, giving the BoC an additional reason to hike.

Market participants will be closely watching Wednesday's BoC decision (95% probability of a hike priced in). The G20 was held in Hamburg, Germany with sustainability, women's rights, and the refugee crisis being key discussions.

MARKET COMMENTARY

Activity in the Canadian corporate credit market was steady this week with two financial issuers pricing a combined $3B. Supply was concentrated in the Deposit Note space with both BNS and HSBC active in the domestic market. BNS successfully priced a new $2B 7 year deal at GoC+90bps. BoC senior leadership further reinforced its shift to a hawkish tone since June 12th. As a result, the market is pricing in a much higher probability of a rate hike on the July 12th meeting, currently at 87%. Scotiabank Economics forecasts the BoC to hike in July, October this year and a further 25bps in 1Q18. Outside of Canada, both the ECB and BoE conveyed hawkish rhetoric. The week ended with a positive risk-on bias following solid GDP data in Canada and slightly softer U.S. inflation release. Corporate credit spreads ended the week broadly 2 to 5 bps tighter WoW. At week end, YTD new issue volumes totaled $68.8B, 28% ahead of 2016's pace.

MARKET COMMENTARY

Activity in the Canadian primary credit market was subdued last week, with four issuers pricing a combined $2.2B. AimCo Realty Investors LP tapped the market with its inaugural issue, printing $400MM 7 year notes. Both BNS and RBC priced 1 year FRNs of $1B and $555MM, respectively. Laurentian Bank also came to market, issuing a $267MM 2 year FRN. On June 16th, the Department of Finance issued its consultation paper on Bank Recapitalization ("bail-in") Conversion Regulations. OSFI concurrently issued its Draft Guideline for TLAC for Domestic Systemically Important Banks ("D-SIBs"). Only certain types of debt will be classified as bail-inable, including senior unsecured debt issued after the implementation date of the bail-in regime (with an original term >400 days or remaining term >365 days), Legacy Sub Debt, and Legacy Preferred Shares. We anticipate bail-in to be in effect sometime 1H2018. Market tone remained stable throughout the week, with risk assets trading sideways. The S&P500 finished flat on the week while the TSX gained ~1%, led in part by a strong retail sales print on Thursday. Canadian corporate spreads closed the week a touch tighter, with the exception of energy related names, as oil hit a multi-month low mid–week. At week end, YTD new issue volumes totaled $65.4bn, 24% ahead of 2016's pace.

MARKET COMMENTARY

It was a steady week in the Canadian credit market with $3.7BN being priced. This brings total issuance YTD to $62BN, which is ~20% ahead of last year's pace. Central bank activity saw meaningful developments in both Canada and the U.S. The Fed raised rates as expected by 25 bps, dismissing softer inflation data as "transitory". On separate occasions, both Poloz and Wilkins relayed interest in a much earlier-than-expected timing of the first tightening rate decision in Canada since 2010. The market is now pricing a full rate increase before the end of the year. In Canada we saw a significant yield curve flattening, with the spread between 5yr and 30yr Government rates collapsing by 15 bps. In the credit world, the headline was around the newly released proposals for bank bail-in securities by the Department of Finance, essentially setting the stage for the creation of senior bail-in securities to replace the issuance of deposit notes/senior debt by the largest Canadian banks. Generally spreads closed the week 2 to 5 bps better with energy related credit underperforming.

MARKET COMMENTARY

The Canadian credit market was steady last week, with $2.95bn being priced. Early in the week Caterpillar Financial Services Ltd. came to market with a 3 year $150MM deal, while Chartwell Retirement Residence issued a 6.5 year $200MM transaction that was priced at +270 bps vs the GoC curve. Enbridge Inc. tapped the market across 3 tranches totalling $1.2bn. The three tranche transaction consisted of a $450MM 2022 re-opening, $450MM new 10 year notes, and a $300MM 2044 re-opening. Saputo Inc. came to market with a $300MM 5 year deal after being upgraded to A3 by Moody's. Merrill Lynch Canada Inc. priced a new NHA MBS Jumbo issue for $1.1bn. Market participants were focused on political headlines in the U.S and Europe due to the widely anticipated market impact from James Comey's testimony which turned out to be minimal and the UK election results that came in shakily with the Conservatives winning. The market tone remained constructive, with credit spreads trading ~5 bps better WoW. At week end, YTD new issue volumes totaled $57.8bn, 13% ahead of 2016's pace.

MARKET COMMENTARY

It was a quiet week in the Canadian credit market with only one $425MM deal being priced. Intact Financial was in the market with a 10 year transaction priced at GoC+143 bps, marking the first deal in the insurance space this year. The bonds were distributed to 68 investors and performed well in the secondary market. The week's supply was in stark contrast to the $4bn+ volume seen in each of the two prior weeks. The market was very active in May as a whole, with $16.9bn pricing across 20 transactions. It was the most active month on record, surpassing the $15.4bn issued in February 2015 and taking 2017YTD issuance to $54.9bn, which is 22% ahead of 2016's pace. Market tone remains constructive, with credit spreads holding in quite well. June is traditionally a very busy month for the Canadian market, and the forward calendar remains well populated, but following a record May market expectations are for a modest slowdown of activity this month.

MARKET COMMENTARY

The Canadian corporate credit market was active last week, with four issuers coming to market for over $3.25 billion. AB InBev printed $2 billion in the largest non-financial Maple offering ever (also ties for the largest non-financial C$ issue ever). Gaz Métro inc. issued $200 million 30 year First Mortgage bonds while Alectra tapped the market for $675 million. Moody's downgrade of six Canadian banks came as a surprise, putting financial spreads under pressure. Following the move, NVCC lagged, moving out 7 bps wider, while Deposit Notes moved out a more muted 2 bps. Home Capital, the BOE's rate decision, and NAFTA headlines were topics of discussion last week, with North American markets experiencing risk off momentum on U.S./NAFTA headlines. Market tone was softer throughout the week, with widening led by the banking sector. Canadian corporate spreads closed 1-3 bps wider with financials underperforming, while North American equities finished the week roughly unchanged. At week end, YTD new issue volumes totaled $43.8 billion, 27% ahead of 2016's pace.

MARKET COMMENTARY

Activity in the Canadian corporate credit market was steady last week, with three issuers coming to market for $2.6 billion. Bank of Nova Scotia tapped the market for the second time this year, issuing $1.75 billion 5 year deposit notes. The securitization space was active last week, with two transactions pricing. Ford FAST printed ~$500 million ABS across three tranches. RBC Dominion Securities NHA MBS printed ~$350 million, bringing its total raised on the year to 1.25 billion across 3 transactions. Global market tone was firm on the back of the French election result, with headlines on NAFTA and U.S. tax policy commanding investor focus later in the week. The risk-on tone was positively reinforced by the new developments in the U.S., as NASDAQ hit an all-time high on April 27th at 6049 pts. Domestically, the ongoing Home Capital saga was the major story, impacting not only the company itself, but also the sector as a whole Canadian corporate spreads finished the week 3-5 bps better with financials underperforming. At week end, YTD new issue volumes totaled $37.9 billion, 19% ahead of 2016's pace.

These reports are provided to you for informational purposes only. This report is not, and is not constructed as, an offer to sell or solicitation of any offer to buy any financial instrument, nor shall this report be construed as an opinion as to whether you should enter into any swap or trading strategy involving a swap or any other transaction. The information contained in this report is not intended to be, and does not constitute, a recommendation of a swap or trading strategy involving a swap within the meaning of U.S. Commodity Futures Trading Commission Regulation 23.434 and Appendix A thereto. This material is not intended to be individually tailored to your needs or characteristics and should not be viewed as a "call to action" or suggestion that you enter into a swap or trading strategy involving a swap or any other transaction. Scotiabank may engage in transactions in a manner inconsistent with the views discussed this report and may have positions, or be in the process of acquiring or disposing of positions, referred to in this report.

Scotiabank, its affiliates and any of their respective officers, directors and employees may from time to time take positions in currencies, act as managers, co-managers or underwriters of a public offering or act as principals or agents, deal in, own or act as market makers or advisors, brokers or commercial and/or investment bankers in relation to securities or related derivatives. As a result of these actions, Scotiabank may receive remuneration. All Scotiabank products and services are subject to the terms of applicable agreements and local regulations. Officers, directors and employees of Scotiabank and its affiliates may serve as directors of corporations.

Any securities discussed in this report may not be suitable for all investors. Scotiabank recommends that investors independently evaluate any issuer and security discussed in this report, and consult with any advisors they deem necessary prior to making any investment.

This report and all information, opinions and conclusions contained in it are protected by copyright. This information may not be reproduced without the prior express written consent of Scotiabank.

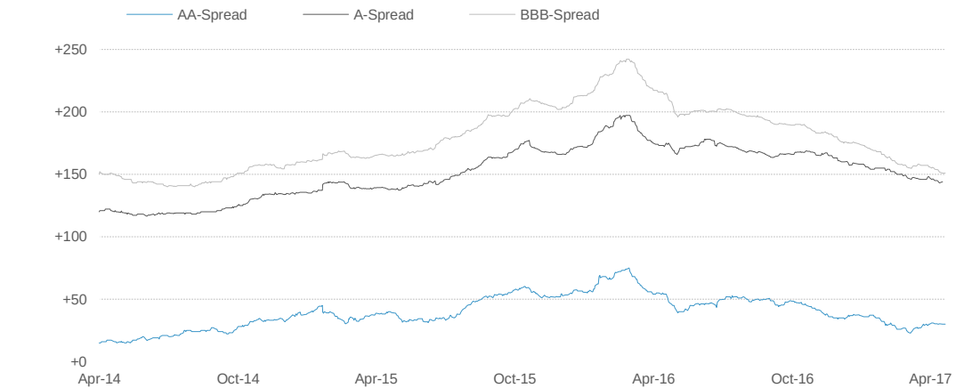
DEX UNIVERSE SPREADS



MARKET COMMENTARY

The Canadian corporate credit market was busy last week, with six issuers tapping the market for over $3 billion. Post blackout, Wells Fargo and Goldman Sachs came to market for $1 billion and $750 million respectively. Allied REIT was the fourth REIT to price over the last two weeks, issuing $200 million 8 year notes. The High Yield market was active again, this time with Parkland Fuel Corporation (BB/BB-/-) printing $500 million at an all-in coupon of 5.625%. GoC rates reached their lowest levels of 2017 across multiple tenors last week. The low interest-rate environment helped Allied and Wells Fargo to print new issues at their lowest coupons ever in the Canadian Market. Spreads were marginally tighter for Canadian Corporates. This was in line with IG28 which ended the week 1 bp better. At week end, YTD new issue volumes totaled $35.3 billion, 15% ahead of 2016's pace.

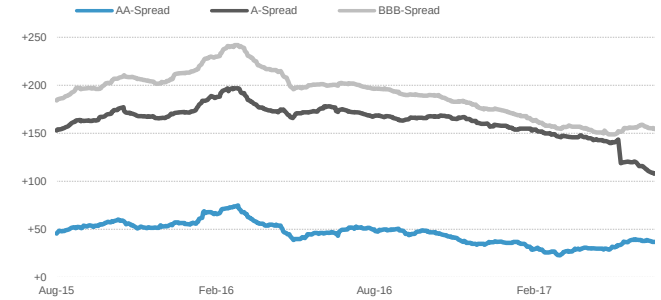
DEX UNIVERSE SPREADS



MARKET COMMENTARY

New issue activity sparked back up last week in the Canadian corporate credit market with 3 issuers pricing a combined C$3.85BN: (1) Pembina Pipeline Corporation issued $600MM across two tranches, (2) Manulife issued $750MM 12NC7 subordinated debt at the HoldCo level (for the first time in the CAD market) and (3) Apple Inc. priced $2.5BN worth of 7-yr notes for their inaugural CAD issuance. Apple Inc.'s deal was not only the largest single-tranche corporate transaction in history, but also tied for the largest maple offering. By week end, YTD new issuance volumes totaled C$80.8BN, 7% ahead of 2016's pace.

Risk markets generally had a stronger tone last week as geopolitical risk eased. FOMC minutes were released and the tone was generally dovish, as anticipated. Canadian CPI data was also released and came in as expected.

Throughout the week corporate spreads traded wider as the secondary market looked for an equilibrium. Spreads closed ~3bps wider last week with high beta names under-performing.

This week market participants will be focused on Canadian retail sales data, Jackson Hole and the kick-off of CAD bank earnings season (RBC: 08/23, CIBC: 08/25, BMO & BNS: 08/29 and TD 08/31).

This report has been prepared by Scotiabank Economics as a resource for the clients of Scotiabank. Opinions, estimates and projections contained herein are our own as of the date hereof and are subject to change without notice. The information and opinions contained herein have been compiled or arrived at from sources believed reliable but no representation or warranty, express or implied, is made as to their accuracy or completeness. Neither Scotiabank nor any of its officers, directors, partners, employees or affiliates accepts any liability whatsoever for any direct or consequential loss arising from any use of this report or its contents.

These reports are provided to you for informational purposes only. This report is not, and is not constructed as, an offer to sell or solicitation of any offer to buy any financial instrument, nor shall this report be construed as an opinion as to whether you should enter into any swap or trading strategy involving a swap or any other transaction. The information contained in this report is not intended to be, and does not constitute, a recommendation of a swap or trading strategy involving a swap within the meaning of U.S. Commodity Futures Trading Commission Regulation 23.434 and Appendix A thereto. This material is not intended to be individually tailored to your needs or characteristics and should not be viewed as a "call to action" or suggestion that you enter into a swap or trading strategy involving a swap or any other transaction. Scotiabank may engage in transactions in a manner inconsistent with the views discussed this report and may have positions, or be in the process of acquiring or disposing of positions, referred to in this report.

Scotiabank, its affiliates and any of their respective officers, directors and employees may from time to time take positions in currencies, act as managers, co-managers or underwriters of a public offering or act as principals or agents, deal in, own or act as market makers or advisors, brokers or commercial and/or investment bankers in relation to securities or related derivatives. As a result of these actions, Scotiabank may receive remuneration. All Scotiabank products and services are subject to the terms of applicable agreements and local regulations. Officers, directors and employees of Scotiabank and its affiliates may serve as directors of corporations.

Any securities discussed in this report may not be suitable for all investors. Scotiabank recommends that investors independently evaluate any issuer and security discussed in this report, and consult with any advisors they deem necessary prior to making any investment.

This report and all information, opinions and conclusions contained in it are protected by copyright. This information may not be reproduced without the prior express written consent of Scotiabank.

MARKET COMMENTARY

New issue activity was absent in the Canadian corporate credit market last week. Furthermore, no new issues have been brought to the Canadian market for the month of August. That being said YTD new issue volumes total $76.9B, 4% ahead of 2016's pace by the end of the week. Issuance in the US continued to be busy – noteworthy was a US$17.25B 8-tranche deal from BAT capital, which proved to be the second largest deal of the year.

Investors seemed to be primarily focused on geo-political events, including the rhetoric exchanged between the US and North Korea. After comments were exchanged, risk markets saw sharp sell-offs as investors shifted to safe haven assets. This did spill over to credit markets with financial spreads on average 2 or 3 bps wider last week.

The secondary market did see some buying at the wider levels, with investors picking away at both deposit notes and NVCC. Market participants also turned their attention to the US where PPI data printed weaker than expected and CPI came in slightly lower than anticipated. Interest rates were marginally lower on the week with the curve flattening slightly.

MARKET COMMENTARY

New issue activity was absent in the Canadian corporate credit market last week. At week end, 2017YTD new issue volumes totaled $76.9B, 9% ahead of 2016's pace. We expect the market to be a bit slower in early August, but anticipate that activity will pick up moderately as CAD banks begin to release earnings during the week of August 21st (RBC: 08/23, CIBC: 08/25, BMO & BNS: 08/29 and TD 08/31).

Strong nonfarm payroll data cross the wire in both the US and Canada Friday morning (US Nonfarm payrolls came in at 209,000 vs. 180,000 expected, while Canada added 10,900 jobs). After rallying lower for most of the week yields bounced higher in both US and Canada with a slight steepening bias, Canada outperforming slightly on the way up.

The Canadian swap spreads moved wider across the curve, with 5yrs leading the way (5.5 bps mid to mid WoW). Credit spreads are unchanged to "small tighter", meaning all in funding costs for issuers on a BA basis are considerably tighter.

This report has been prepared by Scotiabank Economics as a resource for the clients of Scotiabank. Opinions, estimates and projections contained herein are our own as of the date hereof and are subject to change without notice. The information and opinions contained herein have been compiled or arrived at from sources believed reliable but no representation or warranty, express or implied, is made as to their accuracy or completeness. Neither Scotiabank nor any of its officers, directors, partners, employees or affiliates accepts any liability whatsoever for any direct or consequential loss arising from any use of this report or its contents.

These reports are provided to you for informational purposes only. This report is not, and is not constructed as, an offer to sell or solicitation of any offer to buy any financial instrument, nor shall this report be construed as an opinion as to whether you should enter into any swap or trading strategy involving a swap or any other transaction. The information contained in this report is not intended to be, and does not constitute, a recommendation of a swap or trading strategy involving a swap within the meaning of U.S. Commodity Futures Trading Commission Regulation 23.434 and Appendix A thereto. This material is not intended to be individually tailored to your needs or characteristics and should not be viewed as a "call to action" or suggestion that you enter into a swap or trading strategy involving a swap or any other transaction. Scotiabank may engage in transactions in a manner inconsistent with the views discussed this report and may have positions, or be in the process of acquiring or disposing of positions, referred to in this report.

Scotiabank, its affiliates and any of their respective officers, directors and employees may from time to time take positions in currencies, act as managers, co-managers or underwriters of a public offering or act as principals or agents, deal in, own or act as market makers or advisors, brokers or commercial and/or investment bankers in relation to securities or related derivatives. As a result of these actions, Scotiabank may receive remuneration. All Scotiabank products and services are subject to the terms of applicable agreements and local regulations. Officers, directors and employees of Scotiabank and its affiliates may serve as directors of corporations.

Any securities discussed in this report may not be suitable for all investors. Scotiabank recommends that investors independently evaluate any issuer and security discussed in this report, and consult with any advisors they deem necessary prior to making any investment.

This report and all information, opinions and conclusions contained in it are protected by copyright. This information may not be reproduced without the prior express written consent of Scotiabank.

MARKET COMMENTARY

New issue activity in the Canadian corporate credit market was lighter last week, with only CN Rail accessing the market. CN Rail issued $500MM 30 year notes at +122 bps. The 3.60% coupon marked CN's lowest C$ 30 year coupon ever. Further, we had 51 buyers compared to the 33 buyers from CN's last 30 year issue. At week end, YTD new issue volumes totaled $76.7B, 13% ahead of 2016's pace. Notable new issuance south of the border included AT&T pricing a US$22.5B jumbo deal across 7 tranches.Canadian risk assets were stable, with spreads closing the week 1 bp better, while the TSX closed roughly unchanged. Canada's GDP grew 0.6% in May, surpassing expectations, led by mining and oil & gas. NVCC bank debt (issued prior to July 1, 2017) was officially announced to be eligible for inclusion in the FTSE TMX Canada Universe Index. This led to a minor outperformance for NVCC despite the fact that these bonds will not be added until February 8, 2018. All else equal, the inclusion of C$16.35B NVCC bonds will cause the BBB weighting of the index to grow to 42% (from 39%). As expected, the FOMC left rates unchanged and stated balance sheet normalization will start "relatively soon." The market interpreted the statement as dovish which led to a front-end rally across UST and GOC rates. The Financial Conduct Authority ("FCA") announced that LIBOR will be phased out by the end of 2021.

MARKET COMMENTARY

New issue activity in the Canadian corporate credit market was lighter last week, with only CN Rail accessing the market. CN Rail issued $500MM 30 year notes at +122 bps. The 3.60% coupon marked CN's lowest C$ 30 year coupon ever. Further, we had 51 buyers compared to the 33 buyers from CN's last 30 year issue. At week end, YTD new issue volumes totaled $76.7B, 13% ahead of 2016's pace. Notable new issuance south of the border included AT&T pricing a US$22.5B jumbo deal across 7 tranches.Canadian risk assets were stable, with spreads closing the week 1 bp better, while the TSX closed roughly unchanged. Canada's GDP grew 0.6% in May, surpassing expectations, led by mining and oil & gas. NVCC bank debt (issued prior to July 1, 2017) was officially announced to be eligible for inclusion in the FTSE TMX Canada Universe Index. This led to a minor outperformance for NVCC despite the fact that these bonds will not be added until February 8, 2018. All else equal, the inclusion of C$16.35B NVCC bonds will cause the BBB weighting of the index to grow to 42% (from 39%). As expected, the FOMC left rates unchanged and stated balance sheet normalization will start "relatively soon." The market interpreted the statement as dovish which led to a front-end rally across UST and GOC rates. The Financial Conduct Authority ("FCA") announced that LIBOR will be phased out by the end of 2021.

This report has been prepared by Scotiabank Economics as a resource for the clients of Scotiabank. Opinions, estimates and projections contained herein are our own as of the date hereof and are subject to change without notice. The information and opinions contained herein have been compiled or arrived at from sources believed reliable but no representation or warranty, express or implied, is made as to their accuracy or completeness. Neither Scotiabank nor any of its officers, directors, partners, employees or affiliates accepts any liability whatsoever for any direct or consequential loss arising from any use of this report or its contents.

These reports are provided to you for informational purposes only. This report is not, and is not constructed as, an offer to sell or solicitation of any offer to buy any financial instrument, nor shall this report be construed as an opinion as to whether you should enter into any swap or trading strategy involving a swap or any other transaction. The information contained in this report is not intended to be, and does not constitute, a recommendation of a swap or trading strategy involving a swap within the meaning of U.S. Commodity Futures Trading Commission Regulation 23.434 and Appendix A thereto. This material is not intended to be individually tailored to your needs or characteristics and should not be viewed as a "call to action" or suggestion that you enter into a swap or trading strategy involving a swap or any other transaction. Scotiabank may engage in transactions in a manner inconsistent with the views discussed this report and may have positions, or be in the process of acquiring or disposing of positions, referred to in this report.

Scotiabank, its affiliates and any of their respective officers, directors and employees may from time to time take positions in currencies, act as managers, co-managers or underwriters of a public offering or act as principals or agents, deal in, own or act as market makers or advisors, brokers or commercial and/or investment bankers in relation to securities or related derivatives. As a result of these actions, Scotiabank may receive remuneration. All Scotiabank products and services are subject to the terms of applicable agreements and local regulations. Officers, directors and employees of Scotiabank and its affiliates may serve as directors of corporations.

Any securities discussed in this report may not be suitable for all investors. Scotiabank recommends that investors independently evaluate any issuer and security discussed in this report, and consult with any advisors they deem necessary prior to making any investment.

This report and all information, opinions and conclusions contained in it are protected by copyright. This information may not be reproduced without the prior express written consent of Scotiabank.

MARKET COMMENTARY

New issue volume in the Canadian corporate credit market was steady last week, with three issuers pricing $2.72B in total. On Monday FFAST came to market pricing $523MM across 2 tranches - the first ABS transaction in a month. TD Bank issued $1.5B 12NC7 NVCC notes at a spread of CRV + 155. Alimentation Couche-Tard Inc. concurrently issued $2.5B USD notes across 3 tranches and $700MM 7 year CAD offering.The Canadian bond traded 4 bps tighter than new issue and re priced the entire Couche-Tard curve. At week end, YTD new issue volumes totaled $76.2B, 14% ahead of 2016's pace. Corporate spreads closed the week 2 - 4 bps tighter, with the exception of low beta utilities widening slightly.
The Canadian core CPI was released slightly stronger than expected at 1.4%. Retail Sales MoM doubled consensus at 0.6%. Globally, BoJ and BCE both signalled stimulus to stay for longer and more US banks released earnings. These releases have sparked issuance south of the border with Wells Fargo, JP Morgan, Bank of America, Morgan Stanley, Goldman Sachs, and Citi all coming to market.

MARKET COMMENTARY

New issue volume in the Canadian corporate credit market was steady last week, with three issuers pricing $2.72B in total. On Monday FFAST came to market pricing $523MM across 2 tranches - the first ABS transaction in a month. TD Bank issued $1.5B 12NC7 NVCC notes at a spread of CRV + 155. Alimentation Couche-Tard Inc. concurrently issued $2.5B USD notes across 3 tranches and $700MM 7 year CAD offering.The Canadian bond traded 4 bps tighter than new issue and re priced the entire Couche-Tard curve. At week end, YTD new issue volumes totaled $76.2B, 14% ahead of 2016's pace. Corporate spreads closed the week 2 - 4 bps tighter, with the exception of low beta utilities widening slightly.
The Canadian core CPI was released slightly stronger than expected at 1.4%. Retail Sales MoM doubled consensus at 0.6%. Globally, BoJ and BCE both signalled stimulus to stay for longer and more US banks released earnings. These releases have sparked issuance south of the border with Wells Fargo, JP Morgan, Bank of America, Morgan Stanley, Goldman Sachs, and Citi all coming to market.

MARKET COMMENTARY

New issue volume in the Canadian corporate credit market was on the light side last week, with two issuers pricing $640MM in total. Toyota Credit Canada tapped the market with a 2 year FRN and a 5 year fixed rate note for a combined $600MM. University of Windsor raised $40MM in 40 year notes. At week end, YTD new issue volumes totaled $73.5B, 15% ahead of 2016's pace. Corporate spreads closed the week 2 to 5 bps tighter, while the TSX was up 74.21 points closing at 15,175.

The BoC hiked the overnight target rate by 25 bps and accompanied the change with a slightly hawkish bias. Following the decision, the Canadian dollar strengthened and short term interest rates spiked with 2 year GoC yield surging by 6-7 bps. Inflation forecast was revised down to 1.6% in 2017 (1.9% prior) and 1.8% in 2018 (2% prior), which was downplayed by the BoC. Canada's bond market continues to re-price the hawkish BoC; the market implied probability of a second rate hike by October meeting is just over 60%.

US Banks also headlined last week with earnings releases, including JP Morgan, Citigroup and Wells Fargo.

MARKET COMMENTARY

The Canadian corporate credit market remained strong last week with four issuers pricing $1.9BN, bringing the August tally to $5.7BN and surpassing the 5-yr average of $4.5BN. By the end of the week, YTD new issue volumes totaled $82.7BN - 8% ahead of 2016's pace.

Last week the market began to digest Yellen's comments where she mentioned only modest deregulation was to be expected. Further, ECB head Mario Draghi lacked dovish sentiment on the policy front and gave no indication he was concerned about the euro's surge to a 2.5-yr high.

Canadian bank earnings started last week and will continue to take center stage this week with BNS and BMO reporting tomorrow, NBF on Wednesday and TD on Thursday.

There was no issuance on the back of releases from both RBC and CIBC; however, market participants seem to anticipate some funding activity on the back of the releases yet to come.

Subject:	Proforma FHP Debt with july 4,2017 rates + spreads
Date:	Friday, July 07, 2017 1:54:30 PM
Attachments:	FHP proforma debt4jul2017.xlsx OPG - Dealers" New Issue Spreads Comparison July 4.xlsx

---

Ken,

I have projected out the FHP debt that grows to $28B before it starts to get reduced using John Kim's estimates

Assumptions used:

Debt is 30yrs

OPG Spread survey @ July 4, 2017: 30y @ GoC+152bp (or 72 over Ont)

Ontario spreads for 30y @72bps

Canada rates stay constant and GoC 30yrs @ 2.20% as of July 4,2017

Spread on tranche1, 2, 3

Tranche 1 = senior debt =GoC+152 ie same os OPG

Tranche 2= sub-debt =GoC+252

Tranche 3= junior sub debt =GoC+352

Here are some of the results over the time horizon:

1/Performance max fee on new marginal debt = **$14M** in total over the next 11 yrs (max $1.7M)

2/Basic fee on total debt outstanding @ 5bps = **$259M** in total over the next 30 yrs (max $14M)

3/OPG's interest income on the 44% equity injection by the Province = **$11.0B** over 30 yrs

Ontario PDI interest = $**6.8B** over 30yrs

Deemed spread retained by OPG after deducting Ontario PDI = **$4.2B** over 30yrs

4/Total Trust **Interest Expense** = $**21.1B** over 30yrs

Regards

Carlos

Subject:	Provincial Protection and Assurances - Fair Hydro Plan
Date:	Tuesday, August 08, 2017 3:10:38 PM

Hi Gadi:

I talked to John Lee today regarding our upcoming meeting. His assessment is that the dealers will stick to the principles you outlined at the last meeting and provide some options for further consideration. John says the dealers are working on a one page summary that he will be able to send to us in advance of the meeting. He expects it will be more of a business issues meeting rather than a legal meeting. His goal will be to get clarity on the path going forward; understand the options and finalize a plan for moving forward. I expect the one pager may be available over the next day or so.

Mike

Subject:	Provincial Support Agreement
Date:	Thursday, July 27, 2017 9:09:16 AM

OPG wants to meet with us tomorrow to give us the banks' feedback. 1pm works for me if most/many of you are available. I'd like to get the ball rolling on this tomorrow, given that I'm away next week.

Subject: Provincial Support Agreement relating to the Fair Hydro Trust
Date: Friday, May 19, 2017 8:09:43 AM

Mike, Carlos

We are working on comments relating to the Dealers draft of the Provincial Support Agreement. Would a call Tuesday (May 23) at 2:00 work for you and your teams to discuss? If so, I'll circulate a meeting invite.

Regards,

Susan

Provincial Protection and Assurances

Indicative Term Sheet[1]

Ontario Fair Hydro Plan Act, 2017

*This term sheet (the "**Term Sheet**") relates to transactions contemplated to be undertaken under the Ontario Fair Hydro Plan Act, 2017 and the regulations to be made thereunder (the "**Act**"). This Term Sheet is to be held confidential. Unless otherwise specified, defined terms used herein have the meanings ascribed to them in the Act. The provincial protection and assurance arrangements contemplated in this Term Sheet will include such terms and conditions as the Minister of Energy and the Minister of Finance determine to be appropriate.*

Performance Guarantees	
Performance Guarantor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together.
Beneficiaries:	Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over its rights and interests under a Performance Guarantee to its creditors and contractual counterparties, including any indenture trustee acting on behalf of itself and other persons having debt or other claims against the Financing Entity that are secured under a related trust indenture.

[1] This draft term sheet is intended for discussion purposes only and does not represent a commitment of any party. Any agreement or undertaking of the Province contemplated in this term sheet may only be made either (a) with the approval of the Lieutenant Governor in Council as contemplated in subsection 5(2) of the Act or (b) under, and subject to, an order made by the Lieutenant Governor in Council as contemplated in subsection 5(3) of the Act.

Performance Guarantee:	Pursuant to a Performance Guarantee, the Performance Guarantor will guarantee the performance, or cause the performance, of the obligations of IESO as servicer under the Act and under any agreement under which the applicable Financing Entity acquires an investment interest from IESO and IESO undertakes on-going obligations in respect of such investment interest, including servicing obligations undertaken by IESO to enforce the performance by electricity vendors of their respective obligations under the Act. It is anticipated that such obligations will include matters related to the billing, collection and remittance of clean energy adjustments by IESO and electricity vendors, as the case may be, and regarding the commingling by IESO and electricity vendors of collections of clean energy adjustments with other amounts. In the event that the Performance Guarantee is held to be unenforceable against the Performance Guarantor, the Performance Guarantee will contemplate, in the alternative, a functionally equivalent direct covenant of the Performance Guarantor.
Term:	The Performance Guarantor's obligations under a Performance Guarantee in respect of a Financing Entity will continue during the term of any obligation incurred by the Financing Entity that is or is intended to be secured by the Performance Guarantee.
Approval Requirement:	The servicing obligations (including any amendments) to which the Performance Guarantee relates, together with the provisions of any Performance Guarantee itself, will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Performance Guarantee:	Under no circumstances shall the Performance Guarantor be obligated to pay special or punitive damages, or for loss of profits.
Indemnity	
Indemnitor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together.
Indemnitees:	Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over the Indemnity to specified creditors, including to an indenture trustee under a trust indenture on behalf of itself and other persons having debt or other claims against the Financing Entity secured under the trust indenture.

Indemnity of the Province:	The Province of Ontario will indemnify each Indemnitee for its costs, expenses and losses reasonably incurred by the Indemnitee (including because of claims made against the Indemnitee by one or more of its specified creditors) that result from any of the following (each, an "**Indemnification Event**"): (A) the Legislative Assembly of Ontario repealing (and not replacing on an equivalent basis) the Act; (B) the Legislative Assembly of Ontario amending the Act or a Regulation made thereunder in a way that materially and adversely affects the rights and interests of the Financing Entity under its investment interest; or (C) a court of competent jurisdiction in a final and non-appealable judgement determines that all or a portion of the Act is *ultra vires* in a way that materially and adversely affects the rights and interests of the Financing Entity under its investment interest.
Term:	The Indemnity will continue during the term of any obligation incurred by a Financing Entity that is or is intended to be secured by the Indemnity.
Approval Requirement:	The terms and conditions of the obligations incurred by a Financing Entity that are secured or intended to be secured by an Indemnity, together with the provisions of any Indemnity itself, the will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Indemnity:	Under no circumstances shall the Guarantor be obligated to indemnify any Beneficiary for special or punitive damages, or for loss of profits.
Undertakings regarding Certain Mismatches	
Avoidance of Mismatches	If a Financing Entity proposes to incur one or more funding obligations that would require the Financing Entity to pay an aggregate amount during any reference period that would exceed the amount otherwise available to the Financing Entity during the reference period from its investment interests to pay such amounts (a "**Mismatch**"), the Financing Entity will, before incurring such funding obligations, undertake commercially reasonable efforts to arrange for commitments from highly creditworthy, market-based funding sources in accordance with the Financing Plan to enable it to satisfy all of its related payment obligations and thereby avoid any Mismatch.

Possible Undertaking to Fund Mismatches	If a Financing Entity is unable to arrange for commitments from one or more highly creditworthy, market-based funding sources in accordance with the Financing Plan to avoid a Mismatch on commercially reasonable terms and conditions, the Minister of Energy and the Minister of Finance acting together may undertake on behalf of the Province of Ontario to provide funding commitments to the extent necessary to provide the Financing Entity with required funding to avoid the Mismatch. Any such undertaking may only be given at or before the incurrence of the funding obligation that would otherwise result in the Mismatch and would be on such terms and conditions, including appropriate compensation to the Province of Ontario, as the Minister of Energy and the Minister of Finance determine are reasonable and appropriate in the circumstances. The decision to provide such an undertaking will be in the sole discretion of the Minister of Energy and the Minister of Finance.
<u>Documentation</u>	
Representations, Terms and Conditions:	Subject to approval of the Minister of Energy and the Minister of Finance acting together.
FIPPA:	Acknowledgement that the Performance Guarantor and the Indemnitor will be bound by the *Freedom of Information and Protection of Privacy Act (Ontario)* and that any information provided to the Performance Guarantor or the Indemnitor, or any agent or representative of the Performance Guarantor or the Indemnitor, in connection with the transaction documents may be subject to disclosure in accordance with that act or as otherwise required by law.
Confidentiality Obligations:	Confidentiality obligations of each Financing Entity and its assignees, representatives and agents as may be determined to be appropriate by the Minister of Energy and the Minister of Finance acting together.
Governing Law:	Province of Ontario.

Provincial ~~Support Agreement~~Protection and Assurances

Indicative Term Sheet[1]

Ontario Fair Hydro Plan Act, 2017

*This term sheet (the "**Term Sheet**") ~~is provided exclusively to the parties listed herein in connection with the draft~~relates to transactions contemplated to be undertaken under the Ontario Fair Hydro Plan Act, 2017 and the regulations to be made thereunder (the "**Act**"). This Term Sheet is to be held confidential. ~~Defined~~Unless otherwise specified, defined terms used herein have the meanings ascribed to them in the Act. The provincial ~~support agreement (the "**Provincial Support Agreement**") will contain the terms and conditions set out~~protection and assurance arrangements contemplated in this Term Sheet ~~in addition to such other representations, warranties, indemnities, and other~~will include such terms and conditions as the ~~Guarantor and the Beneficiaries (each as defined below) may reasonably require~~Minister of Energy and the Minister of Finance determine to be appropriate.*

Performance Guarantees	
Performance Guarantor:	~~Her Majesty the Queen in right~~The Province of Ontario, ~~as represented~~ by the Minister of Energy and the Minister of Finance acting together.
Beneficiaries:	~~The indenture trustee (together with its successors, the "**Indenture Trustee**") under the master trust indenture (the "**Master Trust Indenture**")~~Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over its rights and interests under a Performance Guarantee to its creditors and contractual counterparties, including any indenture trustee acting on behalf of itself and ~~all~~ other persons having debt or other claims against ~~a~~the Financing Entity that are secured under ~~the Master Trust Indenture (collectively, the "**Beneficiaries**") including, without limitation, holders of senior and subordinated notes, senior and subordinated lenders, hedge counterparties, credit enhancers, liquidity providers, the Financial Services Manager, the Indenture Trustee, the trustee of the Financing Entity if the Financing Entity is a trust, and any other administrator of the Financing Entity~~a related trust indenture.

[1] This draft term sheet is intended for discussion purposes only and does not represent a commitment of any party. Any agreement or undertaking of the Province contemplated in this term sheet may only be made either (a) with the approval of the Lieutenant Governor in Council as contemplated in subsection 5(2) of the Act or (b) under, and subject to, an order made by the Lieutenant Governor in Council as contemplated in subsection 5(3) of the Act.

~~**Term:**~~	~~The Guarantor's obligations under the Provincial Support Agreement will continue until **[one year]**[1] after all funding obligations (to be defined to include principal, interest, fees, hedge settlement and termination obligations and other related amounts) of all Financing Entities have been repaid.~~
Performance Guarantee:	~~Under the Master Sale and Servicing Agreement to be entered into by IESO and the Financing Entity, **[and OPG as Financial Services Manager]** ("**MSSA**"), IESO will have obligations both as a seller and as a servicer. Pursuant to a performance guarantee~~Pursuant to a Performance Guarantee, the Performance Guarantor will guarantee ~~in favour of the Beneficiaries to perform~~the performance, or cause the performance, of ~~(which may be by way of the appointment of a replacement servicer),~~ the obligations of IESO as servicer under the ~~MSSA and the~~ Act and under any agreement under which the applicable Financing Entity acquires an investment interest from IESO and IESO undertakes on-going obligations in respect of such investment interest, including ~~the obligations of any replacement servicer. The Guarantor will also guarantee the~~ servicing obligations ~~of the~~undertaken by IESO to enforce the performance by electricity vendors of their respective obligations under the Act. ~~The servicing~~It is anticipated that such obligations ~~covered~~ will include ~~all obligations~~matters related to the ~~collecting~~billing, collection and ~~remitting~~remittance of clean energy adjustments ~~and will protect the Beneficiaries from any risks arising from~~by IESO and electricity vendors, as the case may be, and regarding the commingling by IESO and electricity vendors of collections of clean energy adjustments ~~being commingled~~ with other amounts. In the event that the ~~performance guarantee~~Performance Guarantee is held to be unenforceable against the Performance Guarantor, the ~~Provincial Support Agreement~~Performance Guarantee will contemplate ~~a separate legal obligation by the Guarantor to indemnify the Beneficiaries for any losses that result~~, in the alternative, a functionally equivalent direct covenant of the Performance Guarantor.
Term:	The Performance Guarantor's obligations under a Performance Guarantee in respect of a Financing Entity will continue during the term of any obligation incurred by the Financing Entity that is or is intended to be secured by the Performance Guarantee.
Approval Requirement:	The servicing obligations (including any amendments) to which the Performance Guarantee relates, together with the provisions of

[1] ~~This mirrors the requirement expected to be in the Regulations under the Act not to wind up, dissolve or liquidate a Financing Entity until at least one year after all of its Funding Obligations have been repaid.~~

	any Performance Guarantee itself, will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Performance Guarantee:	Under no circumstances shall the Performance Guarantor be obligated to pay special or punitive damages, or for loss of profits.
Indemnity	
Indemnitor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together.
Indemnitees:	Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over the Indemnity to specified creditors, including to an indenture trustee under a trust indenture on behalf of itself and other persons having debt or other claims against the Financing Entity secured under the trust indenture.
~~Payment Guarantee Event~~Indemnity of the Province:	~~A Payment Guarantee Event will occur if~~The Province of Ontario will indemnify each Indemnitee for its costs, expenses and losses reasonably incurred by the Indemnitee (including because of claims made against the Indemnitee by one or more of its specified creditors) that result from any of the following (each, an "**Indemnification Event**"): (A) the Legislative Assembly of Ontario ~~repeals~~repealing (and not replacing on an equivalent basis) the Act; ~~or~~ (B) the Legislative Assembly of Ontario ~~amends~~amending the Act or a Regulation made thereunder ~~is amended~~ in a way that materially and adversely ~~impacts the ability of a Financing Entity to fully recover an investment interest in order to fully pay all funding obligations and other obligations incurred by such Financing Entity in respect of such~~affects the rights and interests of the Financing Entity under its investment interest; or (C) a court of competent jurisdiction ~~(i)~~in a final and non-appealable judgement determines that all or a portion of the Act ~~to be~~is *ultra vires* in a way that materially and adversely ~~impacts~~affects the ~~ability~~rights and interests of ~~a~~the Financing Entity ~~to fully recover an investment interest in order to fully pay all funding obligations and other obligations incurred by such Financing Entity in respect of such investment interest or (ii) declares any funding obligations to be invalid or unenforceable; or~~ ~~(D) funding obligations are due and payable at a time when a market disruption (a period of [six months or more] when capital~~

	~~markets term funding is not available to effect refinancings of funding obligations) is occurring and, in the case of long term funding obligations only, a moratorium or limitation on the imposition and collection of clean energy adjustments to repay such funding obligations is in effect under the Act~~under its investment interest.
~~Payment Guarantee~~Term:	~~Upon the occurrence of a Payment Guarantee Event under clauses (A), (B) or (C) of the above definition:~~ ~~(x) the Guarantor shall assume and pay when due (without acceleration) all funding obligations and all other obligations of the Financing Entities to the Beneficiaries by paying all regularly scheduled amounts in respect thereof during the term of each Financing Entity's contractual obligation to such Beneficiaries; and~~ ~~(y) Beneficiaries holding funding obligations consisting of bonds [with a remaining term to maturity of greater than **one year**]~~ ~~shall have the option to put the bonds to the Financing Entity for a put price equal to 101% of the principal amount thereof plus accrued and unpaid interest. In connection with any put under this clause (y), the Guarantor shall guarantee payment of the put price and any related hedge breakage but shall not be responsible for any other default, penalty, prepayment or make whole amounts.~~ The Indemnity will continue during the term of any obligation incurred by a Financing Entity that is or is intended to be secured by the Indemnity.
Approval Requirement:	The terms and conditions of the obligations incurred by a Financing Entity that are secured or intended to be secured by an Indemnity, together with the provisions of any Indemnity itself, the will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under ~~Guarantees~~Indemnity:	Under no circumstances shall the Guarantor be obligated to indemnify any Beneficiary for special or punitive damages, or for loss of profits.
~~Priority of Payments:~~	~~The priority of the Beneficiaries to any payment made by the Guarantor under the Provincial Support Agreement shall be governed by the priority provisions in the Master Trust Indenture.~~
~~Subrogation:~~	~~Where the Guarantor has repaid all Beneficiaries in full, to the extent of such payments the Guarantor shall be subrogated in and to all the rights of recovery of the Beneficiaries in respect of their~~

	~~applicable indebtedness and obligations and the security granted by a Financing Entity to the Indenture Trustee. After repayment by the Guarantor of all indebtedness and obligations owing to the Beneficiaries, the Indenture Trustee will acknowledge and agree on behalf of the Beneficiaries that the Guarantor is entitled to exercise all of the rights, powers and privileges that the Beneficiaries have or may exercise in respect of the repaid indebtedness and obligations, all in accordance with the terms of the Master Trust Indenture. Prior to the repayment in full of the indebtedness and obligations owed to the Beneficiaries, the Guarantor shall have no rights of subrogation.~~
~~**Notice Requirements:**~~**Undertakings regarding Certain Mismatches**	~~The Indenture Trustee will be required to provide notice to the Guarantor of a Payment Guarantee Event and may in such notice demand payment or performance of the Guarantor's obligation under the Provincial Support Agreement, as applicable.~~
~~**Closing:**~~**Avoidance of Mismatches**	~~Date to be determined but no later than [■, 2017]. The Closing is the date on which the documents in respect of the MSSA, the Master Trust Indenture and all related documentation are executed and delivered~~If a Financing Entity proposes to incur one or more funding obligations that would require the Financing Entity to pay an aggregate amount during any reference period that would exceed the amount otherwise available to the Financing Entity during the reference period from its investment interests to pay such amounts (a "**Mismatch**"), the Financing Entity will, before incurring such funding obligations, undertake commercially reasonable efforts to arrange for commitments from highly creditworthy, market-based funding sources in accordance with the Financing Plan to enable it to satisfy all of its related payment obligations and thereby avoid any Mismatch.
~~**Reporting Requirements of a Financing Entity:**~~ **Possible Undertaking to Fund Mismatches**	~~The Guarantor will be entitled to receive all reports received by the Indenture Trustee under the Master Trust Indenture~~If a Financing Entity is unable to arrange for commitments from one or more highly creditworthy, market-based funding sources in accordance with the Financing Plan to avoid a Mismatch on commercially reasonable terms and conditions, the Minister of Energy and the Minister of Finance acting together may undertake on behalf of the Province of Ontario to provide funding commitments to the extent necessary to provide the Financing Entity with required funding to avoid the Mismatch. Any such undertaking may only be given at or before the incurrence of the funding obligation that would otherwise result in the Mismatch and would be on such terms and conditions, including appropriate compensation to the Province of Ontario, as the Minister of Energy and the Minister of Finance

	determine are reasonable and appropriate in the circumstances. The decision to provide such an undertaking will be in the sole discretion of the Minister of Energy and the Minister of Finance.
~~Conditions Precedent to Closing:~~Documentation	~~Conditions precedent to Closing shall be those conditions set out in the Master Trust Indenture.~~[2]
Representations, Terms and Conditions:	~~Customary representations~~Subject to approval of the Minister of Energy and ~~warranties of the Guarantor~~the Minister of Finance acting together.
FIPPA:	Acknowledgement that the Performance Guarantor ~~is~~and the Indemnitor will be bound by the *Freedom of Information and Protection of Privacy Act (Ontario)* and that any information provided to the Performance Guarantor or ~~its agents or representatives~~the Indemnitor, or any agent or representative of the Performance Guarantor or the Indemnitor, in connection with the ~~Transaction Documents~~transaction documents may be subject to disclosure in accordance with that act or as otherwise required by law.
Confidentiality Obligations:	~~Customary confidentiality~~Confidentiality obligations ~~to be negotiated and included. A Financing Entity and the Beneficiaries shall not, subject to applicable law, issue any press releases and other public announcements in respect of the Provincial Support Agreement without the prior written consent of the Guarantor~~of each Financing Entity and its assignees, representatives and agents as may be determined to be appropriate by the Minister of Energy and the Minister of Finance acting together.
Governing Law:	Province of Ontario.

[2] ~~Opinions on the validity and enforceability of Provincial Support Agreement will be required.~~

Hi all,

Further to our meeting on Wednesday, Toby and I have now been in touch with Energy Legal regarding the term sheet and will be attending a meeting with counsel at Blakes next Wednesday morning.

Best,

Malle

Subject:	RE: AGENDA & MATERIAL: Fiscal Prep Committee, May 3, 2017
Date:	Tuesday, May 02, 2017 4:39:25 PM

Hi Gadi
I am ok up to page 7, have few comments thereafter, mostly on the lack of clarity with regard to interest costs incurred by the Trust over the first 5 years and how these costs are to be funded. I have limited my comments to the Fair Hydro portion of the slides.
Page 8: last bullet; further detail is required. As it stands no distinction between the first five years where the interest costs incurred by the Trust in financing the regulatory/investment assets have to be recovered from ratepayers(my understanding of the model) against future years when the ratepayers are responsible for repayment of the debt of the Trust.
In essence, the principle is whether the interest costs are incurred by the Trust or by IESO (because of a delay in the Trust purchasing the investment asset) my understanding is they will be capitalized. This ensures that a fiscally neutral program and should be if possible in the legislation.
Page 9 second bullet; mentions financing costs with no further detail.
Page 14 second bullet; the new rate is to be 25% less than the comparison rate, the latter to be established by the OEB. I was under the impression that the 25% is composed of the 8% HST relief plus another 17% reduction in the GA. So will the comparison rate established by the OEB include an HST amount equal to 8%. If so this seems rather convoluted, there are easier ways of proving that the total reduction equals 25%.
Page 16 first and last bullet; not all of the acquisition of the investment asset is funded by the capital markets, 44% is via the equity injection. That point should be made and so should the concept of fiscal neutrality from the perspective of the Province. the Province should be made whole from a fiscal and cash flow perspective re the debt it incurs for the equity injection.
Page 17 last bullet; it may be useful to indicate that the objective of the Government is to provide a guarantee that is limited as possible within the twin objectives of the preferred accounting model and adequate market access.
Slide 18; the rules should include some detail on how the interest incurred by the Trust over the first 5 years is to be funded.
Slide 23, last two bullets; again further clarity is required as to the composition of the clean energy adjustments in the first 5 years. Last bullet, how will the IESO fund the interest costs and expenses of the Trust, requires detail.
Thanks
Ken k

Hi Anna and Colleen,
Tomorrow at Fiscal Prep (1015-1145), ENERGY is presenting on their submission for the Fair Hydro Plan Act. Attached is the agenda and deck.
Could you please line up Gadi and Scott to attend with the Deputy? Please let me know if there are any issues.
Thanks!
Gwen.

Subject:	RE: DRAFT IESO FH credit letter
Date:	Thursday, May 11, 2017 5:23:44 PM

Hi Ken,
Not saying it could not fit into the mandate of OEFC, but I think there may be reasons to keep the FHP separate from OEFC.
And, as the FHP is essentially targeted at the RPP-eligible, and its effectively the lower GA recovery in the RPP prices that IESO has to cover the gap for compared to its market settlement costs with generators, I think there is a good continuity link to having this continue as an OFA facility.
We had this discussion before, and it would have been better to have had this discussion again internally before raising it with the IESO.
Ron

Subject: RE: DRAFT IESO FH credit letter
Good points though I believe that this falls within the mandate of OEFC which includes: "Providing financial assistance to the successor corporations of Ontario Hydro". Note that IESO already has a facility with OEFC and the only reason the RPP facility is with the OFA is because it was previously extended to the OPA and subsumed by IESO when the latter merged with the former.
Can we have a quick discussion on this tomorrow, not sure Mike will care as to which entity is providing the facility but if you do Mike pls join us.
Thanks
Ken k

Hi Ken.
Leaving out IESO for now.
I think that there would be different challenges for this to be done through OEFC.
One is having this associated with OEFC's legacy mandate.
Another is the 50 bps DGF charged to OEFC. That may not come into play for any given period, but if it does, OEFC would either have to charge that to IESO to stay whole, or carve this out from the DGF requirement, which would be an additional approval, and could raise the whole issue of why OEFC pays a DGF in the first place, or the appropriate size.
It would be in many ways simpler to have this facility provided by the OFA.
Ron

On May 11, 2017, at 4:55 PM, Ken Kandeepan <Ken.Kandeepan@ofina.on.ca> wrote:

Hi Anthony

As discussed, while I have no comments in addition to what was already provided by both Mike and Ron, I would like to make the following clarifications:

- A separate facility for the Fair Hydro Plan is preferable given that my understanding is all interest incurred in setting up the regulatory asset should be capitalized. As such, from a practical and operational perspective it will be much easier for IESO to draw upon a separate facility to fund the regulatory from the point it is set up to the eventual purchase by the Trust.
- This will ensure that any interest incurred will be accurately capitalized and not be part of IESO's interest expenses, thus allowing the Province, upon consolidation with IESO, to offset its own interest expense relating to the provision of the credit facility.
- Since a separate facility will be set up it may make sense to reduce the limit of the current facility with the OFA and increase the limit of the new one from the proposed $1.5 billion in IESO's draft memo. From a structural perspective it may also be appropriate for this new facility to be granted by OEFC as opposed to the OFA.
- As stated in the comments to the memo the existing facility can be used on an interim basis until the new one is set up.

Thanks

Ken k

Hi Anthony,

Staff had a few suggestions/comments.

As discussed on the last call, we had talked about it being cleaner to have a separate facility for the FHP. The draft letter seems to have a potential for IESO drawing both on the new facility and the existing one. While drawing on the existing facility might be needed on an interim basis, it would seem cleaner and more transparent to have that possibility only until a new, separate facility is in place.

May 8, 2017.

Mr. Gadi Mayman
Chief Executive Officer
Ontario Financing Authority
1 Dundas Street West, Suite 1400
Toronto, Ontario, M7A 1Y7

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan~~rogram~~**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its inten~~s~~tion to implement the proposed Fair Hydro Plan~~program~~ (FHP) to reduce electricity prices for eligible consumers in the province. Proposed l~~L~~egislation ~~is expected to be~~was introduced this month for the program. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that to support the IESO's role in implementation it will need greater credit liquidity than currently exists.

The existing credit facility between the IESO and the Ontario Financing Authority~~'s~~ (OFA) is $975 million. The IESO proposes that an additional facility/commitment be provided in the amount of $1,500 million. This would enable the IESO to provide interim financing for the FHP's spreading out of global adjustment costs~~smoothing~~ for a period of several months, if needed.

We suggest the OFA's current $975 million agreement and the new separate (or co-mingled) FHP agreement consider the following key provisions:

- FHP: 5 year term to align with the FHP's initial period of deferral of electricity prices~~, period~~ plus a few months of contingency (i.e., to September 30, 2022);
- FHP: interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 per cent per annum;
- FHP: drawings to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers;
- Existing $975 million facility: draws to permit for FHP purposes until the credit agreement for FHP purposes has been made available; and

Commented [A1]: Please confirm that the requirement is $1.5 billion as it is preferred to keep the $975M separate from FHP. And see comment below.

Commented [A2]: It is preferred that a separate credit facility be set up for FHP purposes. OFA is working to obtain the appropriate approvals required. Option to use the existing facility on an interim basis may be exercised if timing does not permit putting in place a new credit facility by the time IESO needs to make a first draw.

Commented [A3]: Overall, would it be better to purely separate out the FHP borrowing – so a larger than $1.5 bn new facility, and potentially shrink the existing $975 facility?

- $975 million: a reduction in the 28 days minimum draw for the existing facility to a minimum of 7 days to a maximum of 95 days;

Should the IESO find that there is persistent~~consistent~~ usage of these facilities we will contact the OFA for further arrangements.

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facility(ies) and we will provide such evidence for the OFA's records.

We appreciate the OFA's continue support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan~~rogram~~**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its inten~~s~~tion to implement the proposed Fair Hydro Plan~~program~~ (FHP) to reduce electricity prices for eligible consumers in the province. Proposed l~~L~~egislation ~~is expected to be~~was introduced this month for the program. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that to support the IESO's role in implementation it will need greater credit liquidity than currently exists.

The existing credit facility between the IESO and the Ontario Financing Authority~~'s~~ (OFA) is $975 million. The IESO proposes that an additional facility/commitment be provided in the amount of $1,500 million. This would enable the IESO to provide interim financing for the FHP's spreading out of global adjustment costs~~smoothing~~ for a period of several months, if needed.

We suggest the OFA's current $975 million agreement and the new separate (or co-mingled) FHP agreement consider the following key provisions:

- FHP: 5 year term to align with the FHP's initial period of deferral of electricity prices~~, period~~ plus a few months of contingency (i.e., to September 30, 2022);
- FHP: interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 per cent per annum;
- FHP: drawings to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers;
- Existing $975 million facility: draws to permit for FHP purposes until the credit agreement for FHP purposes has been made available; and

Commented [A1]: Please confirm that the requirement is $1.5 billion as it is preferred to keep the $975M separate from FHP.

Commented [A2]: It is preferred that a separate credit facility be set up for FHP purposes. OFA is working to obtain the appropriate approvals required. Option to use the existing facility may be exercised if timing does not permit putting in place a new credit facility.

Commented [A3]: Can CMD provide comments on this? Sufficient?

Commented [A4]: Overall, would it be better to purely separate out the FHP borrowing – so a larger than $1.5 bn new facility, and potentially shrink the existing $975 facility?

Commented [A5]: $975 million agreement is for purposes outlined under section 25.33 of the Electricity Act. Seems FHP would fall under that but legal to confirm. Either way, agreement purpose would need to be amended.

- $975 million: a reduction in the 28 days minimum draw for the existing facility to a minimum of 7 days to a maximum of 95 days;

Commented [A6]: Subject to OFA Capital Markets.

Should the IESO find that there is persistent~~consistent~~ usage of these facilities we will contact the OFA for further arrangements.

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facility(ies) and we will provide such evidence for the OFA's records.

We appreciate the OFA's continue support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

Attachments:	IESO_OFA FEP 2017 Credit Letter v3 draft_CEFDmarkup3.docx

Hi Mike, Ken,

Did you have comments on the letter? Staff here have made some initial comments. IESO wanted to issue this this week.

I think on the last call, we had talked about it being cleaner to have a separate facility for the FHP. The draft letter seems to have a potential for IESO drawing both on the new facility and the existing one. Does that work for you?

Do the timelines and spread wording work for you?

Ron

Subject: DRAFT IESO FH credit letter

See attached draft letter we hope to issue this week – for your comments (will appreciate by Thursday this week if any).

I did speak with Moody's on April 28 to obtain their feedback.

Call me @ 905.403.6944 to discuss (…Ken can we discuss the interest exp/income flows when you have a moment).

As mentioned the current $975M supports the RPP today which will be transitioned to the new FH going forward – for this draft as discussed with my CFO I have left the $975M as is but will seek to use for FH too.

Regards.

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan~~rogram~~**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its inten~~s~~tion to implement the proposed Fair Hydro Plan~~program~~ (FHP) to reduce electricity prices for eligible consumers in the province. Proposed l~~L~~egislation ~~is expected to be~~was introduced this month for the program. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that to support the IESO's role in implementation it will need greater credit liquidity than currently exists.

The existing credit facility between the IESO and the Ontario Financing Authority~~'s~~ (OFA) is $975 million. The IESO proposes that an additional facility/commitment be provided in the amount of $1,500 million. This would enable the IESO to provide interim financing for the FHP's spreading out of global adjustment costs~~smoothing~~ for a period of several months, if needed.

We suggest the OFA's current $975 million agreement and the new separate (or co-mingled) FHP agreement consider the following key provisions:

- FHP: 5 year term to align with the FHP's initial period of deferral of electricity prices~~, period~~ plus a few months of contingency (i.e., to September 30, 2022);
- FHP: interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 per cent per annum;
- FHP: drawings to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers;
- Existing $975 million facility: draws to permit for FHP purposes until the credit agreement for FHP purposes has been made available; and

Commented [A1]: Please confirm that the requirement is $1.5 billion as it is preferred to keep the $975M separate from FHP.

Commented [A2]: It is preferred that a separate credit facility be set up for FHP purposes. OFA is working to obtain the appropriate approvals required. Option to use the existing facility may be exercised if timing does not permit putting in place a new credit facility.

Commented [A3]: Can CMD provide comments on this? Sufficient?

Commented [A4]: Overall, would it be better to purely separate out the FHP borrowing – so a larger than $1.5 bn new facility, and potentially shrink the existing $975 facility?

Commented [A5]: $975 million agreement is for purposes outlined under section 25.33 of the Electricity Act. Seems FHP would fall under that but legal to confirm. Either way, agreement purpose would need to be amended.

- $975 million: a reduction in the 28 days minimum draw for the existing facility to a minimum of 7 days to a maximum of 95 days;

Commented [A6]: Subject to OFA Capital Markets.

Should the IESO find that there is persistent~~consistent~~ usage of these facilities we will contact the OFA for further arrangements.

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facility(ies) and we will provide such evidence for the OFA's records.

We appreciate the OFA's continue support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

Hi Sarah:
I'm thinking at this time that 7 to 95 days would be ok. Also the Ontario + 25bps off the top for the new facility is likely ok as it matches the $975 facility. Happy to discuss further.
Mike

Subject: RE: DRAFT IESO FH credit letter

Hi Mike,
I'm coordinating with John Kim on particulars of IESO's attached request, but would appreciate your input on the following:

1) IESO has requested "a reduction in the 28 days minimum draw for the existing facility to a minimum of 7 days to a maximum of 95 days." Currently the $975M OFA-IESO credit facility permits draws between 28 and 95 days. Is it acceptable to reduce the minimum amount to 7 days for the existing facility (to also be applied to the requested additional $1,500M commitment)?
2) IESO has requested the "interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 percent per annum". The current $975M OFA-IESO Credit Facility provides for this same rate. Would this rate be acceptable on the requested additional $1,500M commitment?

Thanks,
Sarah

Re: **IESO Credit Requirements for the 2017 Fair Hydro Program**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its intension to implement the Fair Hydro program (FHP) to reduce electricity prices for consumers in the province. Legislation is expected to be introduced this month for the program. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that to support the IESO's role in implementation it will need greater credit liquidity than currently exists.

The existing credit facility between the IESO and the Ontario Financing Authority's (OFA) is $975 million. The IESO proposes that an additional facility/commitment be provided in the amount of $1,500 million. This would enable the IESO to provide interim financing for the FHP's global adjustment smoothing for a period of several months if needed.

We suggest the OFA's current $975 million agreement and the new separate (or co-mingled) FHP agreement consider the following key provisions:

- FHP: 5 year term to align with the FHP's deferral of electricity prices period plus a few months of contingency (i.e. September 30, 2022);
- FHP: interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 percent per annum;
- FHP: drawings to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers;
- $975 million: draws to permit for FHP purposes; and
- $975 million: a reduction in the 28 days minimum draw for the existing facility to a minimum of 7 days to a maximum of 95 days;

Should the IESO find that there is consistent usage of these facilities we will contact the OFA

for further arrangements.

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facility(ies) and we will provide such evidence for the OFA's records.

We appreciate the OFA's continue support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

Good points though I believe that this falls within the mandate of OEFC which includes: "Providing financial assistance to the successor corporations of Ontario Hydro". Note that IESO already has a facility with OEFC and the only reason the RPP facility is with the OFA is because it was previously extended to the OPA and subsumed by IESO when the latter merged with the former.
Can we have a quick discussion on this tomorrow, not sure Mike will care as to which entity is providing the facility but if you do Mike pls join us.
Thanks
Ken k

Hi Ken.
Leaving out IESO for now.
I think that there would be different challenges for this to be done through OEFC.
One is having this associated with OEFC's legacy mandate.
Another is the 50 bps DGF charged to OEFC. That may not come into play for any given period, but if it does, OEFC would either have to charge that to IESO to stay whole, or carve this out from the DGF requirement, which would be an additional approval, and could raise the whole issue of why OEFC pays a DGF in the first place, or the appropriate size.
It would be in many ways simpler to have this facility provided by the OFA.

Hi Anthony,

Staff had a few suggestions/comments.

As discussed on the last call, we had talked about it being cleaner to have a separate facility for the FHP. The draft letter seems to have a potential for IESO drawing both on the new facility and the existing one. While drawing on the existing facility might be needed on an interim basis, it would seem cleaner and more transparent to have that possibility only until a new, separate facility is in place.

See attached draft letter we hope to issue this week – for your comments (will appreciate by Thursday this week if any).

I did speak with Moody's on April 28 to obtain their feedback.

Call me @ 905.403.6944 to discuss (…Ken can we discuss the interest exp/income flows when you have a moment).

As mentioned the current $975M supports the RPP today which will be transitioned to the new FH going forward – for this draft as discussed with my CFO I have left the $975M as is but will seek to use for FH too.

Regards.

Hi Mike,

I'm coordinating with John Kim on particulars of IESO's attached request, but would appreciate your input on the following:

1) IESO has requested "a reduction in the 28 days minimum draw for the existing facility to a minimum of 7 days to a maximum of 95 days." Currently the $975M OFA-IESO credit facility permits draws between 28 and 95 days. Is it acceptable to reduce the minimum amount to 7 days for the existing facility (to also be applied to the requested additional $1,500M commitment)?
2) IESO has requested the "interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 percent per annum". The current $975M OFA-IESO Credit Facility provides for this same rate. Would this rate be acceptable on the requested additional $1,500M commitment?

Thanks,

Sarah

May 8, 2017.

Mr. Gadi Mayman
Chief Executive Officer
Ontario Financing Authority
1 Dundas Street West, Suite 1400
Toronto, Ontario, M7A 1Y7

Re: **IESO Credit Requirements for the 2017 Fair Hydro Program**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its intension to implement the Fair Hydro program (FHP) to reduce electricity prices for consumers in the province. Legislation is expected to be introduced this month for the program. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that to support the IESO's role in implementation it will need greater credit liquidity than currently exists.

The existing credit facility between the IESO and the Ontario Financing Authority's (OFA) is $975 million. The IESO proposes that an additional facility/commitment be provided in the amount of $1,500 million. This would enable the IESO to provide interim financing for the FHP's global adjustment smoothing for a period of several months if needed.

We suggest the OFA's current $975 million agreement and the new separate (or co-mingled) FHP agreement consider the following key provisions:

- FHP: 5 year term to align with the FHP's deferral of electricity prices period plus a few months of contingency (i.e. September 30, 2022);
- FHP: interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 percent per annum;
- FHP: drawings to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers;
- $975 million: draws to permit for FHP purposes; and
- $975 million: a reduction in the 28 days minimum draw for the existing facility to a minimum of 7 days to a maximum of 95 days;

Should the IESO find that there is consistent usage of these facilities we will contact the OFA

for further arrangements.

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facility(ies) and we will provide such evidence for the OFA's records.

We appreciate the OFA's continue support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

DRAFT

Good points though I believe that this falls within the mandate of OEFC which includes: "Providing financial assistance to the successor corporations of Ontario Hydro". Note that IESO already has a facility with OEFC and the only reason the RPP facility is with the OFA is because it was previously extended to the OPA and subsumed by IESO when the latter merged with the former.
Can we have a quick discussion on this tomorrow, not sure Mike will care as to which entity is providing the facility but if you do Mike pls join us.
Thanks

Hi Anthony
As discussed, while I have no comments in addition to what was already provided by both Mike and Ron, I would like to make the following clarifications:

- A separate facility for the Fair Hydro Plan is preferable given that my understanding is all interest incurred in setting up the regulatory asset should be capitalized. As such, from a practical and operational perspective it will be much easier for IESO to draw upon a separate facility to fund the regulatory from the point it is set up to the eventual purchase by the Trust.
- This will ensure that any interest incurred will be accurately capitalized and not be part of IESO's interest expenses, thus allowing the Province, upon consolidation with IESO, to offset its own interest expense relating to the provision of the credit facility.
- Since a separate facility will be set up it may make sense to reduce the limit of the current facility with the OFA and increase the limit of the new one from the proposed $1.5 billion in IESO's draft memo. From a structural perspective it may also be appropriate for this new facility to be granted by OEFC as opposed to the OFA.
- As stated in the comments to the memo the existing facility can be used on an interim basis until the new one is set up.

Thanks

May 8, 2017.

Mr. Gadi Mayman
Chief Executive Officer
Ontario Financing Authority
1 Dundas Street West, Suite 1400
Toronto, Ontario, M7A 1Y7

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan~~rogram~~**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its inten~~s~~tion to implement the proposed Fair Hydro Plan~~program~~ (FHP) to reduce electricity prices for eligible consumers in the province. Proposed l~~L~~egislation ~~is expected to be~~was introduced this month for the program. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that to support the IESO's role in implementation it will need greater credit liquidity than currently exists.

The existing credit facility between the IESO and the Ontario Financing Authority~~'s~~ (OFA) is $975 million. The IESO proposes that an additional facility/commitment be provided in the amount of $1,500 million. This would enable the IESO to provide interim financing for the FHP's spreading out of global adjustment costs~~smoothing~~ for a period of several months, if needed.

We suggest the OFA's current $975 million agreement and the new separate (or co-mingled) FHP agreement consider the following key provisions:

- FHP: 5 year term to align with the FHP's initial period of deferral of electricity prices~~, period~~ plus a few months of contingency (i.e., to September 30, 2022);
- FHP: interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 per cent per annum;
- FHP: drawings to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers;
- Existing $975 million facility: draws to permit for FHP purposes until the credit agreement for FHP purposes has been made available; and

Commented [A1]: Please confirm that the requirement is $1.5 billion as it is preferred to keep the $975M separate from FHP. And see comment below.

Commented [A2]: It is preferred that a separate credit facility be set up for FHP purposes. OFA is working to obtain the appropriate approvals required. Option to use the existing facility on an interim basis may be exercised if timing does not permit putting in place a new credit facility by the time IESO needs to make a first draw.

Commented [A3]: Overall, would it be better to purely separate out the FHP borrowing – so a larger than $1.5 bn new facility, and potentially shrink the existing $975 facility?

- $975 million: a reduction in the 28 days minimum draw for the existing facility to a minimum of 7 days to a maximum of 95 days;

Should the IESO find that there is persistent~~consistent~~ usage of these facilities we will contact the OFA for further arrangements.

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facility(ies) and we will provide such evidence for the OFA's records.

We appreciate the OFA's continue support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

DRAFT

As discussed on the last call, we had talked about it being cleaner to have a separate facility for the FHP. The draft letter seems to have a potential for IESO drawing both on the new facility and the existing one. While drawing on the existing facility might be needed on an interim basis, it would seem cleaner and more transparent to have that possibility only until a new, separate facility is in place.

Subject: DRAFT IESO FH credit letter

See attached draft letter we hope to issue this week – for your comments (will appreciate by Thursday this week if any).

I did speak with Moody's on April 28 to obtain their feedback.

Call me @ 905.403.6944 to discuss (…Ken can we discuss the interest exp/income flows when you have a moment).

As mentioned the current $975M supports the RPP today which will be transitioned to the new FH going forward – for this draft as discussed with my CFO I have left the $975M as is but will seek to use for FH too.

Regards.

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan~~rogram~~**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its inten~~s~~tion to implement the proposed Fair Hydro Plan~~program~~ (FHP) to reduce electricity prices for eligible consumers in the province. Proposed l~~L~~egislation ~~is expected to be~~was introduced this month for the program. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that to support the IESO's role in implementation it will need greater credit liquidity than currently exists.

The existing credit facility between the IESO and the Ontario Financing Authority~~'s~~ (OFA) is $975 million. The IESO proposes that an additional facility/commitment be provided in the amount of $1,500 million. This would enable the IESO to provide interim financing for the FHP's spreading out of global adjustment costs~~smoothing~~ for a period of several months, if needed.

We suggest the OFA's current $975 million agreement and the new separate (or co-mingled) FHP agreement consider the following key provisions:

- FHP: 5 year term to align with the FHP's initial period of deferral of electricity prices~~, period~~ plus a few months of contingency (i.e., to September 30, 2022);
- FHP: interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 per cent per annum;
- FHP: drawings to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers;
- Existing $975 million facility: draws to permit for FHP purposes until the credit agreement for FHP purposes has been made available; and

Commented [A1]: Please confirm that the requirement is $1.5 billion as it is preferred to keep the $975M separate from FHP. And see comment below.

Commented [A2]: It is preferred that a separate credit facility be set up for FHP purposes. OFA is working to obtain the appropriate approvals required. Option to use the existing facility on an interim basis may be exercised if timing does not permit putting in place a new credit facility by the time IESO needs to make a first draw.

Commented [A3]: Overall, would it be better to purely separate out the FHP borrowing – so a larger than $1.5 bn new facility, and potentially shrink the existing $975 facility?

- $975 million: a reduction in the 28 days minimum draw for the existing facility to a minimum of 7 days to a maximum of 95 days;

Should the IESO find that there is persistent~~consistent~~ usage of these facilities we will contact the OFA for further arrangements.

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facility(ies) and we will provide such evidence for the OFA's records.

We appreciate the OFA's continue support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

DRAFT

Hi Ken,
Not saying it could not fit into the mandate of OEFC, but I think there may be reasons to keep the FHP separate from OEFC.
And, as the FHP is essentially targeted at the RPP-eligible, and its effectively the lower GA recovery in the RPP prices that IESO has to cover the gap for compared to its market settlement costs with generators, I think there is a good continuity link to having this continue as an OFA facility.
We had this discussion before, and it would have been better to have had this discussion again internally before raising it with the IESO.

Subject: RE: DRAFT IESO FH credit letter
Good points though I believe that this falls within the mandate of OEFC which includes: "Providing financial assistance to the successor corporations of Ontario Hydro". Note that IESO already has a facility with OEFC and the only reason the RPP facility is with the OFA is because it was previously extended to the OPA and subsumed by IESO when the latter merged with the former.
Can we have a quick discussion on this tomorrow, not sure Mike will care as to which entity is providing the facility but if you do Mike pls join us.
Thanks
Ken k

Hi Ken.
Leaving out IESO for now.
I think that there would be different challenges for this to be done through OEFC.
One is having this associated with OEFC's legacy mandate.
Another is the 50 bps DGF charged to OEFC. That may not come into play for any given period, but if it does, OEFC would either have to charge that to IESO to stay whole, or carve this out from the DGF requirement, which would be an additional approval, and could raise the whole issue of why OEFC pays a DGF in the first place, or the appropriate size.
It would be in many ways simpler to have this facility provided by the OFA.
Ron

Hi Anthony

As discussed, while I have no comments in addition to what was already provided by both Mike and Ron, I would like to make the following clarifications:

- A separate facility for the Fair Hydro Plan is preferable given that my understanding is all interest incurred in setting up the regulatory asset should be capitalized. As such, from a practical and operational perspective it will be much easier for IESO to draw upon a separate facility to fund the regulatory from the point it is set up to the eventual purchase by the Trust.
- This will ensure that any interest incurred will be accurately capitalized and not be part of IESO's interest expenses, thus allowing the Province, upon consolidation with IESO, to offset its own interest expense relating to the provision of the credit facility.
- Since a separate facility will be set up it may make sense to reduce the limit of the current facility with the OFA and increase the limit of the new one from the proposed $1.5 billion in IESO's draft memo. From a structural perspective it may also be appropriate for this new facility to be granted by OEFC as opposed to the OFA.
- As stated in the comments to the memo the existing facility can be used on an interim basis until the new one is set up.

Thanks

Carlos, Mike and Jim
Since I will not be available for the meeting this afternoon here is my single comment.
I have concerns with the weighted average calculation of both the benchmark and actual issuance including the debt issued to the Trust by OPG funded by the 44% equity injection given that there are no market forces in play with regard both issuance and funding of this tranche, at least from an OPG perspective.
The only way in which this tranche is acceptable for performance inclusion is by OPG linking the yield on this debt to what was issued to the markets by the Trust. For example the debt from the equity injection is X bps above or below what was issued in the markets for equal tenors. Even so a linked component in the benchmark, in my opinion, adds limited value.
Thanks

Hi Carlos, Mike,
I would appreciate a bit of a debrief on the meeting and may organize a short meeting Tuesday or so next week for a small group to that end.
I don't have an interest in terms of the benchmark, etc. per se but do have an interest looking it from the electricity sector perspective.

Carlos and I took a look at it and tried to bring in some of the concerns that were brought up at yesterday s meeting.

Page 3

- A court decision that declares any funding obligations of the Financing Entity to be invalid or unenforceable

I think that Steve believed this language to be too lose

We might want to mention the court challenge on the constitutionality.

- In the event the guarantee is triggered, the Province would take over the obligations of the Financing Entity including principal and interest payments on debt issued to date and any outstanding payments to service providers

The Province is still working to figure out if we are going to indemnify or guarantee which will impact how we will support the funding entity in the event of a trigger.

- The guarantee would continue until all guaranteed obligations of the Financing Entity are fully discharged

Replace discharged with “for as long as the entity has outstanding debt or other contractual obligations”

Page 5

Add a comment that the structure of the warehousing may be subject to change.

Provincial Guarantee

Briefing for Minister of Energy

DRAFT – Tuesday August 22nd, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Background

- The *Fair Hydro Act, 2017,* enables the IESO to create a regulatory asset approximately equal to the difference between collections from current ratepayers and payment obligations to generators
    - The IESO can then sell the regulatory asset and has the right to recover those deferred amounts from specified consumers in the future
    - OPG as the Financial Services Manager is authorized to establish one or more financing entities that may incur funding obligations
    - The Financing Entity will purchase the regulatory asset, effectively financing the shortfall in current rates not received from ratepayers
- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets
    - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable
- OPG has requested that the Province provide a guarantee to the Financing Entity and prospective debt holders such that, under certain circumstances, the Province would step in and assume the funding obligations of the Financing Entity

Provincial Guarantee

- Certain events that would negatively impact holders of Fair Hydro Plan debt would activate the Provincial Guarantee, including:
    - Decisions by the Legislative Assembly, i.e., repeal of the *Fair Hydro Plan Act, 2017*, or amendments or new legislation that adversely affect the Financing Entity
    - A court decision that declares any funding obligations of the Financing Entity to be invalid or unenforceable
    - Changes to the organization, structure or operations of IESO adversely impacting the Financing Entity
- In the event the guarantee is triggered, the Province would take over the obligations of the Financing Entity including principal and interest payments on debt issued to date and any outstanding payments to service providers
- The guarantee would continue until all guaranteed obligations of the Financing Entity are fully discharged
- The guarantee may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access US market as investors in that market will likely require additional compensation if the guarantee is triggered

Considerations

- If a guarantee is not provided, the Financing Entity would either be unable to raise sufficient financing from capital markets to purchase the regulatory asset from the IESO or the cost of the financing will be potentially materially greater than it otherwise would be
- If a guarantee is provided, the Province takes on a contingent liability
  - The creation of a contingent liability will not currently affect net debt.
  - The amount of the liability will increase over the duration of the Fair Hydro Plan and peak at an estimated [$24B to $26B (TBC)] of debt principal, along with associated interest payments
- In the event the guarantee is triggered, the Province's net debt mostly likely will increase by an amount equal to the contingent liability at that point in time
  - The Province's interest payments will also increase by an amount equal to the weighted average cost of the debt it has assumed under the guarantee

Events Not Covered by the Provincial Guarantee

Short Term Debt Financing Takeout Risk

- Monthly purchases by the financing entity would initially be financed using short term debt as the financing entity needs to warehouse a larger amount for efficient execution in the term debt markets
    - Short term debt providers are exposed to the risk that takeout funding is not available in term debt markets for a period of time
- If this short term debt is not repaid by the end of the short term debt facility commitment this risk would be addressed through an escalation of the pricing of such short term debt:
    - Interest rate for short term debt increases by a specified amount at the time of the event until the moratorium period ends
    - Thereafter, interest rate increases by a further specified amount for every additional 6 month interval during which the short term debt remains unpaid

Events Not Covered by Provincial Guarantee

LDC Comingling Risk

- Clean Energy Adjustment amounts will be collected from consumers by LDCs and held until remitted to the IESO / financing entity
    - For any LDC which is not rated by rating agencies which are rating the funding obligations, the agencies will require these LDCs to remit collections daily, unless a mitigation strategy is in place
- The majority of LDCs are not rated and it would be cost prohibitive to establish ratings for these entities; 10 LDCs are collectively rated by S&P, DBRS and Moody's
    - It is estimated that LDCs not rated by any agency deliver power to ~25% of the Ontario electricity market
- This risk could be addressed through providing the financing entity with a letter of credit:
    - Amount of letter of credit is approximately one to two months estimated collections from all unrated or non-investment grade LDCs
    - Letter of credit to be provided by the IESO on behalf of the LDCs
    - Cost of the letter of credit and any amounts drawn can be recovered by the IESO through the Global Adjustment
- Alternatively, this risk may be addressed by the IESO depositing funds into a reserve account for a similar amount or the IESO contractually agreeing to assume responsibility for paying the CEA amounts required to be remitted by such LDCs

Next Steps

- Finalize draft term sheet, working with OPG / OFA / MOF / Legal / Dealers
- Ministry of Finance to seek necessary approvals from TB / MBC
- [Others]

Hi All,
Attached is a briefing deck for the Minister of Energy on the FHP Provincial Guarantee. The OFA has been asked to provide review and comments by EOD today.
They're also looking for an OFA attendee for the Minister of Energy's briefing next week, so please let me know if any of you would be willing to attend.
Thanks,
Matt Breadner on behalf of Anna Strathy

Subject: Draft Provincial Guarantee Deck
Hi Matt,
ENERGY has asked us to prepare a product for a Minister's briefing next week on the OFHP. They wanted a specific product on the Provincial Guarantee. Given the main OFA folks working on this file are on vacation, I've prepared the attached draft deck. I was hoping you could circulate this to folks internally for review and comment. We've been asked to provide a draft deck to the DMO tomorrow. Could you please aim to provide any OFA comments by end of day today.
Also, is there someone from the OFA who could attend next week's briefing to answer

questions as required? Please let me know who that might be.
Thanks in advance,
Keley

Provincial Guarantee

Briefing for Minister of Energy

DRAFT – Tuesday August 22nd, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Background

- The *Fair Hydro Act, 2017,* enables the IESO to create a regulatory asset approximately equal to the difference between collections from current ratepayers and payment obligations to generators
    - The IESO can then sell the regulatory asset and has the right to recover those deferred amounts from specified consumers in the future
    - OPG as the Financial Services Manager is authorized to establish one or more financing entities that may incur funding obligations
    - The Financing Entity will purchase the regulatory asset, effectively financing the shortfall in current rates not received from ratepayers
- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets
    - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable
- OPG has requested that the Province provide a guarantee to the Financing Entity and prospective debt holders such that, under certain circumstances, the Province would step in and assume the funding obligations of the Financing Entity

Provincial Guarantee

- Certain events that would negatively impact holders of Fair Hydro Plan debt would activate the Provincial Guarantee, including:
    - Decisions by the Legislative Assembly, i.e., repeal of the *Fair Hydro Plan Act, 2017*, or amendments or new legislation that adversely affect the Financing Entity
    - A court decision that declares any funding obligations of the Financing Entity to be invalid or unenforceable
    - Changes to the organization, structure or operations of IESO adversely impacting the Financing Entity
- In the event the guarantee is triggered, the Province would take over the obligations of the Financing Entity including principal and interest payments on debt issued to date and any outstanding payments to service providers
- The guarantee would continue until all guaranteed obligations of the Financing Entity are fully discharged
- The guarantee may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access US market as investors in that market will likely require additional compensation if the guarantee is triggered

Considerations

- If a guarantee is not provided, the Financing Entity would either be unable to raise sufficient financing from capital markets to purchase the regulatory asset from the IESO or the cost of the financing will be potentially materially greater than it otherwise would be
- If a guarantee is provided, the Province takes on a contingent liability
  - The creation of a contingent liability will not currently affect net debt.
  - The amount of the liability will increase over the duration of the Fair Hydro Plan and peak at an estimated [$24B to $26B (TBC)] of debt principal, along with associated interest payments
- In the event the guarantee is triggered, the Province's net debt mostly likely will increase by an amount equal to the contingent liability at that point in time
  - The Province's interest payments will also increase by an amount equal to the weighted average cost of the debt it has assumed under the guarantee

Events Not Covered by the Provincial Guarantee

Short Term Debt Financing Takeout Risk

- Monthly purchases by the financing entity would initially be financed using short term debt as the financing entity needs to warehouse a larger amount for efficient execution in the term debt markets
    - Short term debt providers are exposed to the risk that takeout funding is not available in term debt markets for a period of time
- If this short term debt is not repaid by the end of the short term debt facility commitment this risk would be addressed through an escalation of the pricing of such short term debt:
    - Interest rate for short term debt increases by a specified amount at the time of the event until the moratorium period ends
    - Thereafter, interest rate increases by a further specified amount for every additional 6 month interval during which the short term debt remains unpaid

Events Not Covered by Provincial Guarantee

LDC Comingling Risk

- Clean Energy Adjustment amounts will be collected from consumers by LDCs and held until remitted to the IESO / financing entity
    - For any LDC which is not rated by rating agencies which are rating the funding obligations, the agencies will require these LDCs to remit collections daily, unless a mitigation strategy is in place
- The majority of LDCs are not rated and it would be cost prohibitive to establish ratings for these entities; 10 LDCs are collectively rated by S&P, DBRS and Moody's
    - It is estimated that LDCs not rated by any agency deliver power to ~25% of the Ontario electricity market
- This risk could be addressed through providing the financing entity with a letter of credit:
    - Amount of letter of credit is approximately one to two months estimated collections from all unrated or non-investment grade LDCs
    - Letter of credit to be provided by the IESO on behalf of the LDCs
    - Cost of the letter of credit and any amounts drawn can be recovered by the IESO through the Global Adjustment
- Alternatively, this risk may be addressed by the IESO depositing funds into a reserve account for a similar amount or the IESO contractually agreeing to assume responsibility for paying the CEA amounts required to be remitted by such LDCs

Next Steps

- Finalize draft term sheet, working with OPG / OFA / MOF / Legal / Dealers
- Ministry of Finance to seek necessary approvals from TB / MBC
- [Others]

Subject: RE: Draft Provincial Guarantee Deck for Minister of Energy Briefing
Date: Friday, August 25, 2017 11:41:03 AM

Hello – I have not been involved in this to date because the OFA is not providing the guarantee so do not have the benefit of the background or discussions on the development of these materials/the support agreement.
Based only my review of the deck and the context provided therein, my only comment on the use of guarantee vs. indemnity is that the word indemnity is only referenced on slide 3 in a recitation of the legislative authority under s.5(3) of the OFHP in which the LGIC is empowered through OIC to authorize the Ministers of Energy and Finance to jointly agree to guarantee or indemnify the investment interest and to determine the terms and conditions and maximum liability.
The rest of the deck refers only to a "guarantee" and drops the reference to indemnity. The only missing link I see is that it appears from that drafting that a decision has been made/potentially already taken to provide the Provincial support in the form of a guarantee rather than an indemnity. Has an OIC been issued to this effect under OFHP s. 5(3)? If so, it may be prudent for clarity to reference the OIC. If not, then it might be prudent to reference "guarantee or indemnity" throughout the deck consistent with the LGIC's legislative authority to order one or the other. I don't see this as a significant issue though, and would defer to MOF Legal on any changes to the deck.

Keley,
I have attached some comments. Because it is a powerpoint, there are no track changes.
I have some larger concerns. The current proposal in the draft term sheet is based on the proposal of OPG and the Dealers, and there are a number of issues with the new way that it is structured. I think the materials need to reflect the contingent nature and the fact that some of these points are still subject to negotiation. For instance, the recent version of the term sheet collapses the former "performance guarantee" of the Province with respect to the IESO to a change in law type of provision, which may be acceptable after some more consideration and negotiation, but is a new concept that has not been discussed between the parties. This is one of several issues that is still up for negotiation and may change significantly from the current form.
In addition, I have changed the use of "guarantee" to "support agreement" to reflect the limited and contingent nature of the Province's obligations.

I also wonder, if given that the presentation is to the Minister of Energy, that Energy legal should take a look as well.

Let me know if I can be of further assistance.

Best,

Toby

HI Toby,

We've been asked to brief the Minister of Energy on the Provincial Guarantee next week. Attached is a draft deck developed with input from the OFA. We are hoping you can review and provide any comments you may have by mid-day tomorrow so that we can finalize and send to ENERGY for weekend review.

Happy to discuss if you have any questions.

Thanks,

Keley

Provincial Support Agreement

Briefing for Minister of Energy

DRAFT – Thursday August 24th, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Background

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset to recover the balance in the variance account
    - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
    - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
    - The Financing Entity will purchase the regulatory asset, effectively financing the shortfall in current rates not received from ratepayers
- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets (planned to be 51%, with other financing to come from OPG and, indirectly, the Province)
    - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable or would result in higher financing costs, to be passed on to ratepayers
- OPG has requested that the Province provide a support agreement that supports the Financing Entity and prospective debt holders such that, under certain circumstances, the Province would guarantee the repayment of the funding obligations of the Financing Entity

Provisions Under the Act

- As contemplated under the Act, OPG is requesting a Provincial commitment to support the planned Financing Entity's ability to borrow to finance the deferral of global adjustment amounts in certain limited circumstances
- Under s.5(3) of the OFHP Act,
  - *The LGIC may by order,*
    - *Authorize the Minister (of Energy) and the Minister of Finance, acting together on behalf of the Province,*
      - *To agree to guarantee or indemnify any debts, obligations, securities or undertakings associated with an investment interest, and*
      - *To determine terms and conditions of the guarantee or indemnity and the maximum liability for the guarantee or indemnity*
    - *Specify terms and conditions that must be included in any guarantee or indemnity given by the Minister and the Minister of Finance*
    - *Specify a maximum liability for the guarantee or indemnity*

Provincial Support Agreement

- Certain events that would negatively impact holders of Fair Hydro Plan debt would activate the Provincial support, including:
  - Decisions by the Legislative Assembly, i.e., repeal of the *Ontario Fair Hydro Plan Act, 2017*, or amendments or new legislation that adversely affect the Financing Entity
  - A court decision that declares the rights of the Financing Entity to recover amounts from ratepayers to be invalid or unenforceable
  - Changes to the organization, structure or operations of IESO adversely impacting the Financing Entity
- In the event the guarantee is triggered, the Province may take over the obligations of the Financing Entity including principal and interest payments on debt issued to date and any outstanding payments to service providers
  - The Province could potentially service the debt and service providers rather than replace the debt with Provincial debt and could replace OPG as the financial services manager
- The support agreement may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access US market as investors in that market will likely require additional compensation if the guarantee is triggered
- Additional details, including terms and conditions to be specified by the LGIC in an Order-In-Council (OIC), or by the Ministers, need to be settled on, as the approvals process proceeds

Considerations

- If a support agreement is not provided, the Financing Entity would either be unable to raise sufficient financing from capital markets to purchase the regulatory asset from the IESO or the cost of the financing will be potentially materially greater than it otherwise would be
- OPCD will need to review the details of the proposed Provincial support agreement for any accounting implications
    - E.g., an unlimited Provincial guarantee would cause the debt to be treated as Provincial debt
- If a support agreement is provided, the Province takes on a contingent liability
    - The creation of a contingent liability will not currently affect net debt
    - The amount of the liability will increase over the duration of the Fair Hydro Plan
        - The most recent estimate for total debt to be financed by a financing entity would be in the range of $11 billion (assuming a 5% interest rate)
- In the event the support agreement is triggered, the Province's net debt will most likely increase by an amount equal to the contingent liability at that point in time
    - The Province's interest payments will also increase by the debt interest servicing of the debt payment obligations it has assumed under the support agreement

Next Steps

- Continue to work through outstanding issues related to the provincial support agreement
- Negotiate draft term sheet, working with OPG / OFA / MOF / Legal / Dealers
- Ministry of Finance to seek necessary approvals from TB / MBC
- Seek LRC / Cabinet approval for OIC
    - The term sheet would inform a proposed OIC
        - Whether to include a maximum liability amount would need to be considered in developing the TB submission and the request for the OIC
- The support agreement would need to be drafted in accordance with the OIC

Subject: RE: Draft Provincial Guarantee Deck for Minister of Energy Briefing

Hi Toby,
Thanks for these comments. We had provided an initial draft to ENERGY legal to review but have not received any comments. We are planning to make it clear at the briefing that this is a work in progress.

Subject: RE: Draft Provincial Guarantee Deck for Minister of Energy Briefing

Keley,

I have attached some comments. Because it is a powerpoint, there are no track changes.

I have some larger concerns. The current proposal in the draft term sheet is based on the proposal of OPG and the Dealers, and there are a number of issues with the new way that it is structured. I think the materials need to reflect the contingent nature and the fact that some of these points are still subject to negotiation. For instance, the recent version of the term sheet collapses the former "performance guarantee" of the Province with respect to the IESO to a change in law type of provision, which may be acceptable after some more consideration and negotiation, but is a new concept that has not been discussed between the parties. This is one of several issues that is still up for negotiation and may change significantly from the current form.

In addition, I have changed the use of "guarantee" to "support agreement" to reflect the limited and contingent nature of the Province's obligations.

I also wonder, if given that the presentation is to the Minister of Energy, that Energy legal should take a look as well.

Let me know if I can be of further assistance.

Best,

Toby

HI Toby,

We've been asked to brief the Minister of Energy on the Provincial Guarantee next week. Attached is a draft deck developed with input from the OFA. We are hoping you can review and provide any comments you may have by mid-day tomorrow so that we can finalize and send to ENERGY for weekend review.

Happy to discuss if you have any questions.

Thanks,

Keley

Matt,

I spoke with Ken, and we have two small edits in blue font on slides 4 and 5.

Thanks.

John

Hi All,

One more round of comments on the briefing deck for the Minister of Energy on the FHP Provincial Guarantee.

We're being asked if we're ok with MOF LSB edits (tracked in red). Please let me know by mid-day if there are any further comments.

Thanks,

Matt Breadner on behalf of Anna Strathy

Hi Matt,

Is OFA comfortable with the edits made by MOF LSB? I went through and was able to track them in red in the attached. It would be helpful if you could let me know by mid-day if there are any further edits / comments.

Thanks,

Keley

Provincial Support Agreement

Briefing for Minister of Energy

DRAFT – Thursday August 24th, 2017

CONFIDENTIAL & COMMERCIALLY SENSITIVE

Background

- The *Ontario Fair Hydro Act, 2017,* enables the IESO to establish a variance account to record the deferral amounts from the difference between collections from current ratepayers and payment obligations to generators and conservation, and to create a regulatory asset to recover the balance in the variance account
    - The IESO can then sell the regulatory asset – the right to recover those deferred amounts from specified consumers in the future
    - OPG, as the Financial Services Manager, is authorized to establish one or more financing entities that may incur funding obligations
    - The Financing Entity will purchase the regulatory asset, effectively financing the shortfall in current rates not received from ratepayers
- To purchase the regulatory asset from the IESO, the Financing Entity must borrow a portion of the funds from capital markets (planned to be 51%, with other financing to come from OPG and, indirectly, the Province)
    - OPG's financial advisors have indicated that without adequate protection against legislative, judicial and organizational risk, the debt would not be financeable or would result in higher financing costs, to be passed on to ratepayers
- OPG has requested that the Province provide a support agreement that supports the Financing Entity and prospective debt holders such that, under certain circumstances, the Province would guarantee the repayment of the funding obligations of the Financing Entity

Provisions Under the Act

- As contemplated under the Act, OPG is requesting a Provincial commitment to support the planned Financing Entity's ability to borrow to finance the deferral of global adjustment amounts in certain limited circumstances
- Under s.5(3) of the OFHP Act,
  - *The LGIC may by order,*
    - *Authorize the Minister (of Energy) and the Minister of Finance, acting together on behalf of the Province,*
      - *To agree to guarantee or indemnify any debts, obligations, securities or undertakings associated with an investment interest, and*
      - *To determine terms and conditions of the guarantee or indemnity and the maximum liability for the guarantee or indemnity*
    - *Specify terms and conditions that must be included in any guarantee or indemnity given by the Minister and the Minister of Finance*
    - *Specify a maximum liability for the guarantee or indemnity*

Provincial Support Agreement

- Certain events that would negatively impact holders of Fair Hydro Plan debt would activate the Provincial support, including:
  - Decisions by the Legislative Assembly, i.e., repeal of the *Ontario Fair Hydro Plan Act, 2017*, or amendments or new legislation that adversely affect the Financing Entity
  - A court decision that declares the rights of the Financing Entity to recover amounts from ratepayers to be invalid or unenforceable
  - Changes to the organization, structure or operations of IESO adversely impacting the Financing Entity
- In the event the guarantee is triggered, the Province may take over the obligations of the Financing Entity including principal and interest payments on debt issued to date and any outstanding payments to service providers
  - The Province could potentially service the debt and the service providers ~~rather than replace the debt with Provincial debt and could replace OPG as the financial services manager~~
- The support agreement may need to be revised at a future date, or approval from the Province may be required, if the financing entity must access US market as investors in that market will likely require additional compensation if the guarantee is triggered
- Additional details, including terms and conditions to be specified by the LGIC in an Order-In-Council (OIC), or by the Ministers, need to be settled on, as the approvals process proceeds

Considerations

- If a support agreement is not provided, the Financing Entity would either be unable to raise sufficient financing from capital markets to purchase the regulatory asset from the IESO or the cost of the financing will be potentially materially greater than it otherwise would be
- OPCD will need to review the details of the proposed Provincial support agreement for any accounting implications
    - E.g., an unlimited Provincial guarantee would cause the debt to be treated as Provincial debt
- If a support agreement is provided, the Province takes on a contingent liability
    - The creation of a contingent liability will not currently affect net debt
    - The amount of the contingent liability will increase over the duration of the Fair Hydro Plan
        - The most recent estimate for total debt to be financed by a financing entity would be in the range of $11 billion (assuming a 5% interest rate)
- In the event the support agreement is triggered, the Province's net debt will most likely increase by an amount equal to the contingent liability at that point in time
    - The Province's interest payments will also increase by the debt interest servicing of the debt payment obligations it has assumed under the support agreement

Next Steps

- Continue to work through outstanding issues related to the provincial support agreement
- Negotiate draft term sheet, working with OPG / OFA / MOF / Legal / Dealers
- Ministry of Finance to seek necessary approvals from TB / MBC
- Seek LRC / Cabinet approval for OIC
    - The term sheet would inform a proposed OIC
        - Whether to include a maximum liability amount would need to be considered in developing the TB submission and the request for the OIC
- The support agreement would need to be drafted in accordance with the OIC

Hi Gadi

As requested, pls see attached, the E&Y draft opinion is also included but I wouldn't spend too much time on it since it simply affirms that the Trust can indeed be consolidated with OPG and points out potential IFRS issues.

Thanks

Ken K

Thanks, Ken. Could you forward the OPG paper. As you've suggested, I'm particularly interested in how much they plan to reward themselves as performance fees. The first year is a bit of an easy one for them, as Energy, and I agree with this, has set the model based on 5% interest rates, and we know that they will borrow at rates far below that at the beginning, firstly because of where rates currently are, and, secondly, because they will be borrowing in terms far shorter than 30-years.

As for your comments on the ministry having approval rights, or a veto, on the financing plan, while that entirely makes sense in the world that I live in, I don't think, and I'll defer to you and Cindy on this, it works on the accounting/consolidation side.

Thanks again,

Gadi

Subject: RE: Drafts of accounting memos

Hi Cindy

Thanks for forwarding these, I have a few comments as follows.
Happy to discuss.
Thanks
Ken K
General Comments - OPG Accounting Considerations
The paper is very OPG centric with little or no acknowledgement of the role of the other participants in the Fair Hydro Plan. It appears that OPG intends to change a performance fee and management fee as the Financial Service manager. While the latter is reasonable since the Trust will most likely leverage existing OPG resources for front and back office functions, a performance fee will only add to the value of the regulatory asset to be repaid by future ratepayers.
The performance fee appears to be based on OPG beating a pre-set benchmark cost of borrowing for the Trust. I am not sure that ratepayers should be on the hook for this, if OPG beats the benchmark the benefits should be passed on to the ratepayers not retained by the company. The reward for performance exceeding the benchmark should be limited to the compensation of OPG/Trust trading floor staff and be part of the overall management fee OPG charges for managing the Trust. The role of the Financial Services Manager should not be conflated by OPG with managing a mutual or hedge fund where gains from beating a benchmark accrue to the managing entity. Plus this also raises the question of who sets the benchmark.
The overall concept should be of fiscal neutrality, where the Trust capitalizes the actual interest incurred annually plus a reasonable administration fee paid to OPG. This will ensure that future ratepayers are not overly burdened.
Specific Comments

- Page 1 second bullet; as mentioned above rewards for performance should be limited to compensation for trading floor staff, not a performance fee for OPG, adopting the former will result in a substantially lower impact to ratepayers when compared to the latter.
- Page 2 last bullet: If the role of Financial Service Manager is taken away from OPG and given to another entity wouldn't it make sense for that entity to take on the debt incurred to date as long as that is practically feasible. It's not particularly efficient for two separate entities to be managing debt incurred for the same purpose and the ratepayers to be saddled with two sets of management fees.
- Last item on page 2, Purpose and Design of the Trust: the purpose of the Trust is not to allow OPG to earn a fee, rather to exist as a vehicle to smooth the GA costs between current and future ratepayers. OPG's fees should be limited a to a reasonable management fee and the interest fee accruing from the debt issued to the Trust funded by the 44% equity injection.
- Page 3, Financing Plan, 2nd and 3rd bullets: the ministry should have some approval authority over the Financing Plan and giving OPG the ability to unilaterally amend the plan is problematic.
- Page 3 last bullet: OPG having the power to reject purchasing the investment asset places the entire Fair Hydro Plan in jeopardy, including the possibility of a large regulatory asset being included in IESO's financial statements and by extension in the Province's PA.
- Page 4, the analysis under "Assessment": fees and Financing Plan, pls see comments above.
- Page 5, 1st bullet Fees: already covered in previous comments
- Page 5, 2nd bullet: OPG should recognize that the only 5% of its own debt is at risk, the balance 44% being funded via the equity injection the risk resides with Province since there is

expectation on the part of the latter that the equity injection will also be repaid in proportion to the repayment of the debt the Trust owes to the markets.

- Page 5, 3rd bullet: wouldn't direct funding from the Province to OPG, impact the sanctity of the GBE model? In the event of a market disruption, a better approach maybe for IESO to continue accumulating the regulatory asset, however, there are accounting implications re including said asset in the Province's PA upon consolidation.
- Page 6, last two items relating to "Assessment": I am a little confused regarding OPG's exposure to variable returns, assuming the model includes a tru-up mechanism that allows the Trust to recover any variation from the pre-determined benchmark borrowing rate, the risk arising from a variance is entirely borne by the ratepayers.
- Page 9, item 4: As mentioned previously the Province should have some authority over the Financing Plan including the ability to veto provisions and/or amendments.
- Page 9, item 6: equity injection is from the Province not OEFC.
- Page 10, item 8 (b) and (c): benchmark vs. actual previously discussed.

OPG ACCOUNTING CONSIDERATIONS OF ONTARIO FAIR HYDRO PLAN

Purpose:

The purpose of this document is to summarize the preliminary views of Ontario Power Generation (OPG) on the ability for OPG to consolidate the Financing Entity Trust associated with the Ontario Fair Hydro Plan.

This memo is assessed against the Legislation proposal 'Ontario Fair Hydro Plan Act, 2017, if enacted V6' sent by Carolyn Calwell on May 1, 2017. Note that this assessment is preliminary pending the finalization of the Legislation, the Trust indentures, Regulations, financing structure and other detailed terms, and all related documentary evidence. This assessment will be updated once final documentation is available.

Background:

On March 2, 2017, the Province of Ontario (the Province) announced Ontario's Fair Hydro Plan (the Plan) aimed at reducing electricity bills by 25 percent on average for all residential consumers in the province. As part of the Plan, the Province has proposed financing a portion of the Global Adjustment costs over a longer time period for Regulated Price Plan eligible customers (e.g., residential, farm, small businesses).

On April 13th, the Province requested that OPG consider administering the financing associated with the Plan, because of OPG's participation in the market, regulatory knowledge and the potential ability to consolidate the related financing activities. To undertake this financing, OPG will establish a Financing Entity Trust (the Trust) to finance and administer the Global Adjustment costs through a mixture of external financing and an equity injection from the Ontario Financing Authority. It is expected that OPG will control the Trust for accounting purposes and that its financial position and results will be consolidated within OPG's consolidated financial statements.

Assumptions made to perform accounting analysis which are not yet addressed in Legislation – it is expected that these matters will be addressed in Regulations, Trust documents, and various other agreements:

- The Regulation must require interest, carrying and administrative costs to be paid to the Trust in cash on a monthly basis, so that the Trust is able to recognize appropriate revenue to offset any ongoing costs.
- The Regulations, Trust documents and various agreements will provide that OPG will have significant variability and exposure from the activities of the Trust relative to the rate of return that OPG would recognize from its role as the Financial Services Manager of the Trust. The performance fee will be meaningful and allow OPG to make decisions that will significantly impact its returns.
- The Minister of Energy will have the ability to replace the Financial Services Manger (OPG) if there is a failure to perform. There will be a bifurcation of roles where the Province could not remove OPG as manager/administrator with respect to the existing debt placed by the Trust, but could remove OPG's responsibility/right to prepare the Financing Plan going forward. The ability for the Minister of Energy to remove OPG as the Financial Services Manager should not impact the recoverability of existing intangible assets.

- The calculation of the Fair Allocation Amount will be performed by the Minister of Energy.
- OPG has the ability to appoint and remove the Trustee (or Board of Trustees) and there are no veto rights by the Province. No party has the ability to remove OPG from its role and authority in the Trust.
- Neither the OEB nor any other party can discretionally reduce the management fee or performance fee except due to a calculation error.
- The margin on the interest rates associated with Tranche B and Tranche C which will be recovered from the ratepayers will be reflective of the risk profile of the debt and the associated market terms.
- The indemnification provided to the Trust by the Minister of Finance on behalf of the Province as described in *Part I – General - Section 5.3 Guarantee, indemnification Protection and assurances* will be subject to terms and conditions in a separate Provincial support agreement. The guarantee is expected to be in place only in the event of a Payment Guarantee Event, such as if the Legislative Assembly of Ontario repeals the Fair Hydro Act or amends the Act in a way that adversely impacts the ability of the Trust to fully recover an intangible asset in order to pay the obligations of the Trust.
- The approval by the Ontario Energy Board of the Financial Services Manager (i.e. OPG's) fees as described in *Part IV – Implementation - Section 14.4 Same, Board Approval* will not allow them to change or limit the management fee structure, but only ensure that it is prudent by ensuring it is calculated in accordance with the Regulations.
- In the event that a different Financial Services Manager is appointed by the Minister of Energy, the IESO is required to continue to make cash payments for interest to the Trust for the existing debt. Principal repayments on existing debt will continue to be repaid by ratepayers to the Trust in accordance with the terms of the issued debt.
- All other items as indicated in *Appendix A.*

Accounting Analysis:

In order to meet the accounting definition of 'control', accounting guidance must be considered. There are no bright lines to determine whether OPG has exposure, or rights, to variable returns from its involvement with the Trust, or whether it has the ability to affect the returns of the Trust through its power over the Trust. Rather, all facts and circumstances are considered when assessing whether an entity has control over another entity.

In order to consolidate the Trust, OPG must be able to demonstrate that it controls the Trust.

Control

An investor controls an investee if and only if the investor has all the following:

a) *power over the investee;*
b) *exposure, or rights, to variable returns from its involvement with the investee; and*
c) *the ability to use its power over the investee to affect the amount of the investor's returns.* [IFRS 10, paragraph 7]

Purpose and design of the investee
When assessing control of an investee, an investor shall consider the purpose and design of the investee in order to identify the relevant activities, how decisions about the relevant activities are made, who has the current ability to direct those activities and who receives returns from those activities. [IFRS 10, paragraph B5]

Criteria	Analysis
Purpose and design of the Trust	The purpose of the Trust is to allow OPG to earn a return on the Intangible Asset from the IESO by effectively managing financing to earn a spread, earn management fees, and earn interest fees.

Purpose and design of the investee *When assessing control of an investee, an investor shall consider the purpose and design of the investee in order to identify the relevant activities, how decisions about the relevant activities are made, who has the current ability to direct those activities and who receives returns from those activities.* [IFRS 10, paragraph B5]	
Relevant activities of the Trust and how decisions are made about those activities	Relevant activities: The relevant activities of the Trust are: • To evaluate and make decisions on financing alternatives, duration, and the strategy to minimize financing costs. • To effectively manage funding obtained through the capital markets and be able to make or lose any spread from financing • To provide funding to the IESO in return for an interest in a future cash flow stream • To obtain funding through the capital markets and other vehicles available to OPG to be able to provide the IESO funding. • To make capital and funding decisions required to meet the Fair Allocation Plan objectives as set out in Legislation • To finance the requirements associated with the short-fall amount • To raise debt, pay bond debt holders, and determine capacity for the Trust to raise additional financing Financing Plan (Legislation: Part IV – Implementation) • OPG's plan for managing the assets of the Trust will be dictated through a 'Financing Plan'. • The Financial Services Manager (i.e. the Trust) shall provide the Financing Plan to the Minister. The Financing Plan is expected to follow Principles as stipulated in the Legislation which indicate that the assumptions must be reasonable and that the Trust has the power to determine what is reasonable and cost-effective. The Trust makes all the decisions in determining the relevant activities as listed above. • OPG can amend the Financing Plan at any time without the approval of the Minister. Fair Allocation Amount (Legislation: Part IV – Implementation) • The 'Fair Allocation Amount' ("FAA") is the amount of the deferral for the reference period and includes finance amounts. The current Legislation dictates that the Minister of Energy is to calculate the FAA. • This does not impact OPG's relevant activities in the Trust as OPG's variable returns are based on financing decisions which are not dictated by the FAA. OPG can choose to accept or reject the purchase of the intangible asset which is based on the Fair Allocation Amount.

DRAFT

Purpose and design of the investee *When assessing control of an investee, an investor shall consider the purpose and design of the investee in order to identify the relevant activities, how decisions about the relevant activities are made, who has the current ability to direct those activities and who receives returns from those activities.* [IFRS 10, paragraph B5]	
	<u>Decisions made and voting rights of the Trust:</u> OPG has the ability to appoint and remove the Trustee (and if applicable Board of Trustees) and there are no veto rights by the Province. No party has the ability to remove OPG from its role and authority in the Trust. **[NOT YET ADDRESSED IN CURRENT LEGISLATION]** *Voting of members:* Except as otherwise stated, all decisions of the members (if applicable) shall be made by the Trustee who will be appointed by OPG. <u>Termination Rights</u> OPG cannot be removed from its role in the Trust. The Province has the right to remove OPG as the 'Financial Services Manager' for failure to perform. This will not impact debt that has already been issued for which OPG is already managing through the Trust or the recoverability of existing intangible assets. It the right is exercised, it serves to reduce or eliminate the scope of new business activities of the Trust but it does not affect OPG's ability to control the Trust. Should a new Financial Services Manager be appointed, a separate assessment would be made as to which party if any would control it.
Assessment	The purpose of the Trust is to allow OPG to earn a return on the Intangible Asset from the IESO by effectively managing financing to earn a spread, earn management fees, and earn interest fees. For the reasons noted above, OPG has control over the decisions to be made about the relevant activities.

Power over the investee	
Criteria	**Analysis**
Identify whether OPG's rights give it the current ability to direct the relevant activities of the Trust (Substantive rights)	See above for relevant activities of the Trust.
Assessment	OPG has the ability to direct the relevant activities of the Trust. OPG can amend the Financing Plan at any time, without approval from the Minister. Further, if the Minister of Energy chooses not to continue with OPG's current Financing Plan, OPG can withdraw its Financing Plan, without impacting the existing debt and related intangible assets that is already in the Trust. The Province would just appoint a new party to participate in future securitizations and OPG would continue to manage the debt that already exists in the Trust. If future financing transactions are with a different SPV, a separate consolidation analysis would be prepared at that time as to which party if any would consolidate the SPV.

DRAFT

Exposure or rights to variable returns	
Criteria	**Analysis**
Dividends, other distributions of economic benefits from an investee and changes in the value of the investor's investment in that investee [IFRS 10, paragraph B57(a)]	Revenue, which includes fixed and variable fees, earned from the Trust will be distributed to OPG.
Remuneration for servicing an investee's assets or liabilities, fees and exposure to loss from providing credit or liquidity support, residual interests in the investee's assets and liabilities on liquidation of that investee, tax benefits, and access to future liquidity that an investor has from its involvement with an investee [IFRS 10, paragraph B57(b)]	**[NOT YET ADDRESSED IN CURRENT LEGISLATION]** OPG has exposure and rights to variable returns from the Trust in the form of the following: • The Regulations, Trust documents and various agreements will provide that OPG will have significant variability and exposure from the activities of the Trust relative to the rate of return that OPG would recognize from its role as the Financial Services Manager of the Trust. The performance fee will be meaningful and allow OPG to make decisions that will significantly impact its returns. • OPG, through ownership of the most subordinated debt, is exposed to risk of non-collection. Given that the program is expected to run until 2047, this 30 year time period results in uncertainty about the future collection of OPG's amount at risk. OPG and the OFA (5% out of 44% contribution) would be the last parties to get paid in the event that the program stops running due to a change in Government, if electricity demand is not high enough to allow for collection from ratepayers in a timely manner, etc. The end date of 2047 that is prescribed in the Legislation results in uncertainty toward whether this program will continue and whether OPG will have collected its amount at risk at that time. • In the event that there is a market disruption whereby OPG is not able to obtain debt from the financial markets (e.g. due to a recession), the Province will provide funding in the event that OPG wishes to continue purchasing intangible assets from the IESO. This is considered to be a protective right as it does not impact the relevant activities of the Trust, but is designed to protect both parties and does not give either party more or less power over the Trust. It is designed to allow OPG to keep purchasing intangible assets if it wishes to. • Protective rights are typically held to prohibit fundamental changes in the activities of an investee that the holder does not agree with and usually apply only in exceptional circumstances (i.e., upon a contingent event). This is true for this right as it is only applicable if there is a market disruption and the Trust is not able to obtain financing from external markets. Further, the fundamental activities of the Trust would change if it were not able to obtain financing from external markets.

DRAFT

Exposure or rights to variable returns	
Returns that are not available to other interest holders. For example, an investor might use its assets in combination with the assets of the investee, such as combining operating functions to achieve economies of scale, cost savings, sourcing scarce products, gaining access to proprietary knowledge or limiting some operations or assets, to enhance the value of the investor's other assets [IFRS 10, paragraph B57 (c)]	• OPG will have synergistic benefits from combining operating functions with the Trust given its extensive knowledge on the market and current regulatory knowledge.
Assessment	To determine which party is the most 'at risk' in the event that the loans default, expected loss rates were obtained from Moody's and DBRS. Using the *Moody's Investors Service – Loss Given Default for Speculative Grade Companies* dated December 4, 2015, the 4-year Idealized Expected Loss ranges from 0.00% for a triple A rated bond to 0.30% for an A3 rated bond. DBRS Expected Loss Ratings give an indication of the expected loss of a loan portfolio. As per a November 2016 publication, the 10-year expected loss rates range from 0.1% for a AAA rated bond to 1.7% for an A (low) rated bond. Given that OPG's subordinated debt is equal to 5% of the total debt, which is higher than the default rates above, 100% of the risk is with both OPG and the OFA since they are the last parties to get paid should there be any default with the debt. OPG is also exposed to variable returns from the Trust from its performance on decisions made on financing alternatives, duration, and the strategy to minimize financing costs through the variable fee component of the management fee. Therefore, OPG has the exposure to variable returns from the Trust.

Ability to use power to affect returns	
Criteria	**Analysis**
Ability of investor to use its power to affect the investor's returns from its involvement with the investee	OPG needs to have both power over the Trust (i.e. as a Principal, not an agent), exposure or rights to the variable returns from the Trust, and the ability to use its power to affect OPG's returns from its involvement with the Trust OPG has the ability to use its power over the relevant activities of the

Ability to use power to affect returns	
	Trust to affect its returns from its involvement with the Trust through the variable fee component. Further, the Trust's ability to use its power to affect returns is in a manner that is consistent with being a principal. See *Appendix B* for Principal-Agent analysis.
Assessment	OPG has the ability to use its power to affect returns of the Trust.

Conclusion:

Based on the current **[May 1, 2017]** draft of the legislation, the conditions to ensure the ability of OPG to consolidate the operations of the Trust have not fully been reflected. As noted in Appendix A, several conditions must be evident in the Regulations, Trust documents, and various other agreements which are not yet drafted and therefore not yet available for our review and assessment. In OPG's assessment, while no current clause of the Legislation would hamper the ability to effect a consolidation within OPG Inc.'s financial statements, there are several key conditions for consolidation that are currently not present within the Legislation. On the assumption that future Regulations, Trust documents and various other agreements fully capture these operating conditions, and that no new conditions that would conflict with OPG's control of the trust are introduced, OPG believes that consolidation of the Trust is supportable.

DRAFT

APPENDIX A:

Terms necessary for OPG to consolidate the Global Adjustment Trust

Note that these are assessed against the Legislation proposal 'Ontario Fair Hydro Plan Act, 2017, if enacted V6' sent by Carolyn Calwell on May 1, 2017. These are subject to change as subsequent drafts of the Legislation are issued.

Legend:

✓ **- Addressed by the Legislation drafted May 1, 2017**

RT – Not addressed by Legislation and must be addressed in Regulations, Trust Documentation or various other agreements

Ω - Will not be addressed in Legislation/Regulations or Trust but is the intended plan

Issue	No.	Requirements
Directive	1 ✓	The Trust must be undertaken by OPG as a business initiative on its merits. A Shareholder Directive is to be limited to direct OPG to investigate the option of establishing a Trust vehicle to administer, finance and operate the Global Adjustment plan and the operation of that Trust and the control, risk and rewards of that Trust will determine its consolidation into OPG as a business enterprise. ***MET - The Province will not direct OPG to participate in the Fair Hydro Plan. A letter was issued from the Minister of Energy to OPG on April 13th requesting OPG's involvement in the implementation of the Fair Hydro Plan. OPG's Board Chair responded to the Minister on April 18th committing OPG to work with the IESO and OEB to develop a plan. OPG will have the option to prepare, implement and amend a financing plan (in accordance with principles set out in legislation) and propose the adoption of such plan as the 'Financing Plan'. OPG will have the right to withdraw its financing plan at any time.***
Trust	2 **RT**	The Trust should not operate in a predetermined way such that OPG does not have decision-making authority over the Trust's ongoing activities after its formation (i.e. should not operate on 'autopilot'). ***OPG will be the sole unit holder of the Trust. All decisions over the relevant activities of the Trust (as described above) will be made by OPG.***
	3 **RT**	OPG must have the ability to appoint and remove the Trustee (or Board of Trustees), with no veto right by the Province. No party shall have the ability to remove OPG from its role and authority in the Trust. ***OPG will be the sole unit holder of the Trust. The Province will be involved in the Board of Trustees, but OPG is expected to have the majority vote.***

<table>
<tr><th>Issue</th><th>No.</th><th>Requirements</th></tr>
<tr><td></td><td></td><td></td></tr>
<tr><td></td><td>4
RT</td><td>The Province cannot have the right to veto OPG's decisions about the relevant activities of the Trust. OPG must have the power over the relevant activities of the Trust and be compensated. The relevant activities of the Trust include (but are not limited to) the evaluation and decisions on financing alternatives, duration, and the strategy to minimize financing costs. OPG must have the power to establish operating and capital budgets of the Trust.

OPG will have the ability to make decisions about the financing alternatives, duration, and the strategy to minimize financing costs. OPG will have the power to establish operating and capital budgets of the Trust with no veto right by the Province.</td></tr>
<tr><td></td><td>5
RT</td><td>OPG must have the power to determine or change operating and financing policies of the Trust, which will affect the variability of risks and returns.

The Regulations, Trust documents and various agreements will provide that OPG will have significant variability and exposure from the activities of the Trust relative to the rate of return that OPG would recognize from its role as the Financial Services Manager of the Trust. The performance fee will be meaningful and allow OPG to make decisions that will significantly impact its returns.</td></tr>
<tr><td></td><td>6
Ω</td><td>The Province or its agencies must not directly or indirectly fund (through debt or equity) more than 50% of the following:
a. The Trust
b. The most subordinated debt of the Trust

See below for financing structure.

<table>
<tr><th></th><th>Risk Profile</th><th>Source</th><th>% of Total Fundin Requirement</th></tr>

<tr><td></td><td></td><td>OPG via Capital Markets</td><td>5%</td></tr>
</table>
</td></tr>
<tr><td></td><td>7
Ω</td><td>OPG must own at least 50% of the most subordinated debt and must be no less than 5% of the debt of the Trust. Such ownership must be financed entirely by OPG through operating cash flows or external debt, without assistance from Provincial sources.

See chart in Point 6 above.</td></tr>
</table>

DRAFT

Issue	No.	Requirements
	8 **RT**	OPG must have the ability to earn variable returns by exercising its authority, which shall be accomplished as follows: a. The cash flow from the restructured asset shall include interest determined based on a relevant benchmark that is appropriate relative to the restructured asset, plus an appropriate margin consistent with the relevant market and other risks ***The cash flow from the restructured asset will include interest income that is equal to the interest expense (i.e. interest expense is passed back to the ratepayers). The Trust will also receive a margin as discussed in the 'Exposure or rights to variable returns' section above.***
	✓	b. OPG shall have the authority to determine the financing strategy, which will vary the financing costs with the objective of enabling the Trust to achieve a more favourable return compared to the benchmark for interest on the restructured asset ***OPG will determine the financing strategy through the proposal of its 'Financing Plan'. The 'Financing Plan' will only be required to follow general Parameters and Principles as set forth in the Legislation but funding decisions will be made entirely by OPG. The Trust will also receive a margin as discussed in the 'Exposure or rights to variable returns' section above.***
	Ω	c. The Trust shall establish classes of liabilities (senior, subordinated and the most subordinated). The classes would allow the Trust to delineate financing of lower risk investment and investment that would bear higher residual risk. The delineation would limit OPG's self-funded investment to a reasonable level in order to allow OPG to remain a self-sustaining entity. ***OPG's portion of the most subordinated debt will be limited to a reasonable level. If it is determined that OPG's portion is not at a reasonable level, OPG has the option to withdraw its Financing Plan.***
	RT	c. OPG shall, through its ownership of the most subordinated liability, be able to capture and retain the pricing difference between cost of financing and benchmark for interest on the restructured asset, or any residual risk of restructured asset. The targeted return of the subordinated liability should be reflective of the underlying risks and compensate holders for active management that would be required.

DRAFT

Issue	No.	Requirements
		OPG will be able to capture the pricing difference between cost of financing and benchmark for interest through the performance fee which is described in point 5) above and the 'Exposure or rights to variable returns' section above.
	Ω	d. OPG should participate in the detailed design of the above and the Trust documentation to ensure that it has substantive power and variability, which will allow OPG's Board of Directors to evaluate the opportunity as a business initiative instead of through a shareholder directive. ***OPG will be involved in the Trust documentation.***
	RT	Defined Forced Majeure for emergency events (e.g. unlikely credit market event or disruption where it is not possible to borrow from the market at a reasonable rate), OFA may provide bridge financing beyond the designated percentage for a defined period. ***This will be structured through a separate indemnification agreement. This is not expected to impact consolidation of the Trust because this is seen as a protective right which is only in affect when a contingency arises and not as a result of the relevant activities of the Trust.***
Legislation	9 ✓	The Legislation must require interest, carrying and administrative costs to be paid to the Trust on a monthly basis, so that the Trust is able to recognize appropriate revenue to offset any ongoing costs. ***Under Part III – Clean Energy Adjustment – Section 8.3 Terms, of the Legislation, the expectation is that the Legislation will allow for interest payments to be paid to the Trust on a monthly basis in cash. The Trust will not accrue interest to the current intangible asset balances but this interest amount could form part of future intangible assets that are purchased from the IESO.***
	10 **RT**	The Legislation must dictate the manner in which the restructured asset would be determined, collected, and the period of collection, so that the determination of the restructured asset will not be subject to the Province's decisions on an ongoing basis, but determined based on a formula. Alternatively, the Legislation may allow for an adjustment to the pre-determined deferral formula based on specific parameters that would limit the adjustment to the restructured asset. Adjustments beyond the specific parameters would require approval by the Board of Trustee. **The Regulations are expected to dictate the 'Fair Allocation Plan' which will be based on high level Principles and Parameters of the Plan, including the attribution methodology. The Legislation or Regulation determines the following principles:** • **25% Reduction (June 1, 2017) where the average bill will**

Issue	No.	Requirements
		reduce by 25% including of HST and social programs noted above • **Inflation Period (November 2017 – April 2022) where bill increases are capped at inflation** • **Straight-line Increase Period (May 2022 – April 2027) where bills increased at a straight-line rate (i.e., 8% per year) which is set so that borrowing will not exceed the Trust's capacity.** • **Amortization Period (May 2027 – April 2047) where debt built up over the previous periods is repaid by ratepayers.** **OPG will determine the manner in which the intangible asset, once purchased from the IESO will be collected and the period of collection.** **The recoverability of the existing intangible assets cannot be impacted by the Province.** **Although the Province may determine the Principles and Parameters around the 'Fair Allocation Plan', it does not impact the activities of the Trust once OPG has purchased the intangible asset.**
	11 **RT**	The Legislation must be written to avoid legal or constitutional challenges and be irrevocable to reduce the cost of borrowing and with a specific formula which determines the deferral amount. **See above.**
	12 **RT**	The spirit of the above terms should be reflected in the Trust Indenture Agreement as well as Legislation, wherever possible. ***Trust Indenture and Regulations still outstanding.***

DRAFT

APPENDIX B:

Link between power and returns: principal-agency situations

The third criterion for having control is that the investor must have the ability to use its power over the investee to affect the amount of the investor's returns. When decision-making rights have been delegated or are being held for the benefit of others, it is necessary to assess whether the decision-maker is a principal or an agent to determine whether it has control. This is because if the decision-maker has been delegated rights that give it power, the decision-maker must assess whether those rights give it power for its own benefit, or merely power for the benefit of others. As an agent cannot have control over the investee, it does not consolidate the investee. A principal may have control over the investee, and if so, would consolidate the investee.

A decision maker shall consider the overall relationship between itself, the investee being managed and other parties involved with the investee, in particular all the factors below, in determining whether it is an agent:

a) the scope of its decision-making authority over the investee

   As discussed above, OPG has decision-making authority over the Trust and its relevant activities. The Province has no right to determine what sort of funding decisions OPG should make to fund the intangible assets that they will purchase and OPG can choose not to purchase future intangible asset purchases.
   Terms and Conditions to support this point: 1, 2, 3, 4, 5

b) the rights held by other parties (paragraphs B64–B67).

   There are no substantive removal rights held by the Province for debt that already exists in the Trust.

   Terms and Conditions to support this point: 3, 4, 5

c) the remuneration to which it is entitled in accordance with the remuneration agreement(s) (paragraphs B68–B70).

   See section on 'Exposure or rights to variable returns' above.

   Terms and Conditions to support this point: 6, 7, 8, 9

d) the decision maker's exposure to variability of returns from other interests that it holds in the investee (paragraphs B71 and B72).

   See section on 'Exposure or rights to variable returns' above.

   OPG will receive a 44% equity injection from the Province of Ontario, indirectly through the Ontario Financing Authority. Given that currently, the majority (currently 51%) of the Trust debt will be from External Markets and not the Province, it can be argued that OPG did not receive the majority of its interest in the investee as a contribution or loan from the Province. This shows that OPG is a principal, not a de-facto agent.

   Terms and Conditions to support this point: 6, 7, 8, 9

Conclusion: OPG is not an agent for the Province as the arrangement does not provide for the Province to directly absorb any variability associated with the structure. If the Province decides to intervene at a later date due to evolving market conditions, an assessment would be made at that future date.

Analysis on whether OPG is an agent for ratepayers

OPG is not an agent for the ratepayers because OPG has substantive exposure to risk of loss of its own funds. The ratepayers do not have any of their own funds in any of the subordinated tranches and further, no decision making authority is delegated to the ratepayers relating to the relevant activities of the Trust.

Analysis on whether OPG is an agent for the IESO

OPG is not an agent of the IESO because the IESO faces no continuing risk of loss after sale of the intangible asset to OPG.

The Special Committee of the Board of Directors
Ontario Power Generation Inc. (the "Company")
700 University Avenue
Toronto, ON M5G 1X6

May 2 2017

Dear Sirs/Madames:

This letter is being issued to the Special Committee to assist them in their evaluation of management's analysis of the application of International Financial Reporting Standards ("IFRS") as adopted by the International Accounting Standards Board ("IASB")) to the specific transaction described in the Company's memorandum entitled *OPG Accounting Considerations of Ontario Fair Hydro* dated May 2 2017, herein referred to as "the Management Memorandum". We are issuing this letter in our role as auditors of the Company for the year ending December 31, 2017. As the Province consolidates OPG on an IFRS basis, this letter pertains solely to management's IFRS analysis as contained in the Management Memorandum.

We have read the Management Memorandum and we agree with management's analysis therein, subject to all of the assumptions and limitations identified therein. Specifically, we concur that the existing legislation, along with the yet undrafted Regulation and special purpose vehicle (TRUST) documents, and various other agreements assuming they include the required criteria that Management has identified as outstanding in its Appendix A, would be sufficient to support consolidation of the TRUST with OPG Inc.

Additionally, we specifically refer you to the section entitled "Conclusion" in the Management Memorandum, which indicates that their analysis is based on draft legislation as well as their assumptions regarding the terms and conditions of certain contractual arrangements and other documentary evidence that is not yet drafted. Therefore, the Management Memorandum will be required to be updated to reflect the final contents of the legislation and other relevant contractual arrangements and documentary evidence. We will review the updated Management Memorandum once it is available, and update you on our viewpoints once our review of such updated Management Memorandum is completed.

The scope of this letter and any views expressed herein are limited to the transactions, facts, circumstances and assumptions provided to us by management or the Company as described in the Management Memorandum. If such facts, circumstances or assumptions differ, our conclusions may change.

We have not performed an audit or a review of the Management Memorandum. Additionally, we have not performed an audit as of any date or for any period subsequent to December 31, 2016.

DRAFT

The ultimate responsibility for the proper accounting treatment under IFRS and US GAAP rests with the Company.

We have not been asked for, nor do we express, an opinion on the tax consequences of the transactions described herein.

The accounting for such transactions could be affected by actions of the International Accounting Standards Board, the IFRS Interpretations Committee, the Ontario Securities Commission, or other regulatory bodies. Any such actions occurring prior to the finalization of the 2017 IFRS consolidated financial information will be required to be analyzed by management, and such analysis will be reviewed by us in the context of the audit procedures we will perform on the consolidated IFRS financial information for the year ending December 31, 2017.

Our work does not include the provision of legal advice and we make no representations regarding questions of legal interpretation of any possible structure or strategy. We make no representation regarding the sufficiency of our work for any purpose.

This report is intended solely for the information and use of the Special Committee, Board of Directors and management. We understand that a copy of this letter may be provided to the Province of Ontario, the Independent Electricity System Operator, and/or the Ontario Energy Board. It is not intended to be, and should not be, used by anyone other than these specified parties.

This analysis, or portions thereof, should not be referred to or distributed to any other person or entity, other than those noted in the paragraph directly above. It is not to be referred to or quoted, in whole or in part, in any registration statement, prospectus, public filing, loan agreement, or other agreement or document.

Yours sincerely

Hi Gadi

As requested, pls see attached, the E&Y draft opinion is also included but I wouldn't spend too much time on it since it simply affirms that the Trust can indeed be consolidated with OPG and points out potential IFRS issues.

Thanks

Thanks, Ken. Could you forward the OPG paper. As you've suggested, I'm particularly interested in how much they plan to reward themselves as performance fees. The first year is a bit of an easy one for them, as Energy, and I agree with this, has set the model based on 5% interest rates, and we know that they will borrow at rates far below that at the beginning, firstly because of where rates currently are, and, secondly, because they will be borrowing in terms far shorter than 30-years.

As for your comments on the ministry having approval rights, or a veto, on the financing plan, while that entirely makes sense in the world that I live in, I don't think, and I'll defer to you and Cindy on this, it works on the accounting/consolidation side.

Thanks again,

Gadi

Hi Gadi and Mike

As mentioned on Friday, pls see my comments on the OPG paper on Accounting Considerations. You may find my comments on the performance fee structure proposed by OPG of particular interest.

Thanks

Subject: RE: Drafts of accounting memos

Hi Cindy

Thanks for forwarding these, I have a few comments as follows.
Happy to discuss.
Thanks
Ken K
General Comments - OPG Accounting Considerations
The paper is very OPG centric with little or no acknowledgement of the role of the other participants in the Fair Hydro Plan. It appears that OPG intends to change a performance fee and management fee as the Financial Service manager. While the latter is reasonable since the Trust will most likely leverage existing OPG resources for front and back office functions, a performance fee will only add to the value of the regulatory asset to be repaid by future ratepayers.
The performance fee appears to be based on OPG beating a pre-set benchmark cost of borrowing for the Trust. I am not sure that ratepayers should be on the hook for this, if OPG beats the benchmark the benefits should be passed on to the ratepayers not retained by the company. The reward for performance exceeding the benchmark should be limited to the compensation of OPG/Trust trading floor staff and be part of the overall management fee OPG charges for managing the Trust. The role of the Financial Services Manager should not be conflated by OPG with managing a mutual or hedge fund where gains from beating a benchmark accrue to the managing entity. Plus this also raises the question of who sets the benchmark.
The overall concept should be of fiscal neutrality, where the Trust capitalizes the actual interest incurred annually plus a reasonable administration fee paid to OPG. This will ensure that future ratepayers are not overly burdened.
Specific Comments

- Page 1 second bullet; as mentioned above rewards for performance should be limited to compensation for trading floor staff, not a performance fee for OPG, adopting the former will result in a substantially lower impact to ratepayers when compared to the latter.
- Page 2 last bullet: If the role of Financial Service Manager is taken away from OPG and given to another entity wouldn't it make sense for that entity to take on the debt incurred to date as long as that is practically feasible. It's not particularly efficient for two separate entities to be managing debt incurred for the same purpose and the ratepayers to be saddled with two sets of management fees.
- Last item on page 2, Purpose and Design of the Trust: the purpose of the Trust is not to allow OPG to earn a fee, rather to exist as a vehicle to smooth the GA costs between current and future ratepayers. OPG's fees should be limited a to a reasonable management fee and the interest fee accruing from the debt issued to the Trust funded by the 44% equity injection.
- Page 3, Financing Plan, 2nd and 3rd bullets: the ministry should have some approval authority over the Financing Plan and giving OPG the ability to unilaterally amend the plan is problematic.
- Page 3 last bullet: OPG having the power to reject purchasing the investment asset places the entire Fair Hydro Plan in jeopardy, including the possibility of a large regulatory asset being included in IESO's financial statements and by extension in the Province's PA.
- Page 4, the analysis under "Assessment": fees and Financing Plan, pls see comments above.
- Page 5, 1st bullet Fees: already covered in previous comments
- Page 5, 2nd bullet: OPG should recognize that the only 5% of its own debt is at risk, the balance 44% being funded via the equity injection the risk resides with Province since there is

expectation on the part of the latter that the equity injection will also be repaid in proportion to the repayment of the debt the Trust owes to the markets.

- Page 5, 3rd bullet: wouldn't direct funding from the Province to OPG, impact the sanctity of the GBE model? In the event of a market disruption, a better approach maybe for IESO to continue accumulating the regulatory asset, however, there are accounting implications re including said asset in the Province's PA upon consolidation.
- Page 6, last two items relating to "Assessment": I am a little confused regarding OPG's exposure to variable returns, assuming the model includes a tru-up mechanism that allows the Trust to recover any variation from the pre-determined benchmark borrowing rate, the risk arising from a variance is entirely borne by the ratepayers.
- Page 9, item 4: As mentioned previously the Province should have some authority over the Financing Plan including the ability to veto provisions and/or amendments.
- Page 9, item 6: equity injection is from the Province not OEFC.
- Page 10, item 8 (b) and (c): benchmark vs. actual previously discussed.

OPG ACCOUNTING CONSIDERATIONS OF ONTARIO FAIR HYDRO PLAN

Purpose:

The purpose of this document is to summarize the preliminary views of Ontario Power Generation (OPG) on the ability for OPG to consolidate the Financing Entity Trust associated with the Ontario Fair Hydro Plan.

This memo is assessed against the Legislation proposal 'Ontario Fair Hydro Plan Act, 2017, if enacted V6' sent by Carolyn Calwell on May 1, 2017. Note that this assessment is preliminary pending the finalization of the Legislation, the Trust indentures, Regulations, financing structure and other detailed terms, and all related documentary evidence. This assessment will be updated once final documentation is available.

Background:

On March 2, 2017, the Province of Ontario (the Province) announced Ontario's Fair Hydro Plan (the Plan) aimed at reducing electricity bills by 25 percent on average for all residential consumers in the province. As part of the Plan, the Province has proposed financing a portion of the Global Adjustment costs over a longer time period for Regulated Price Plan eligible customers (e.g., residential, farm, small businesses).

On April 13th, the Province requested that OPG consider administering the financing associated with the Plan, because of OPG's participation in the market, regulatory knowledge and the potential ability to consolidate the related financing activities. To undertake this financing, OPG will establish a Financing Entity Trust (the Trust) to finance and administer the Global Adjustment costs through a mixture of external financing and an equity injection from the Ontario Financing Authority. It is expected that OPG will control the Trust for accounting purposes and that its financial position and results will be consolidated within OPG's consolidated financial statements.

Assumptions made to perform accounting analysis which are not yet addressed in Legislation – it is expected that these matters will be addressed in Regulations, Trust documents, and various other agreements:

- The Regulation must require interest, carrying and administrative costs to be paid to the Trust in cash on a monthly basis, so that the Trust is able to recognize appropriate revenue to offset any ongoing costs.
- The Regulations, Trust documents and various agreements will provide that OPG will have significant variability and exposure from the activities of the Trust relative to the rate of return that OPG would recognize from its role as the Financial Services Manager of the Trust. The performance fee will be meaningful and allow OPG to make decisions that will significantly impact its returns.
- The Minister of Energy will have the ability to replace the Financial Services Manger (OPG) if there is a failure to perform. There will be a bifurcation of roles where the Province could not remove OPG as manager/administrator with respect to the existing debt placed by the Trust, but could remove OPG's responsibility/right to prepare the Financing Plan going forward. The ability for the Minister of Energy to remove OPG as the Financial Services Manager should not impact the recoverability of existing intangible assets.

- The calculation of the Fair Allocation Amount will be performed by the Minister of Energy.
- OPG has the ability to appoint and remove the Trustee (or Board of Trustees) and there are no veto rights by the Province. No party has the ability to remove OPG from its role and authority in the Trust.
- Neither the OEB nor any other party can discretionally reduce the management fee or performance fee except due to a calculation error.
- The margin on the interest rates associated with Tranche B and Tranche C which will be recovered from the ratepayers will be reflective of the risk profile of the debt and the associated market terms.
- The indemnification provided to the Trust by the Minister of Finance on behalf of the Province as described in *Part I – General - Section 5.3 Guarantee, indemnification Protection and assurances* will be subject to terms and conditions in a separate Provincial support agreement. The guarantee is expected to be in place only in the event of a Payment Guarantee Event, such as if the Legislative Assembly of Ontario repeals the Fair Hydro Act or amends the Act in a way that adversely impacts the ability of the Trust to fully recover an intangible asset in order to pay the obligations of the Trust.
- The approval by the Ontario Energy Board of the Financial Services Manager (i.e. OPG's) fees as described in *Part IV – Implementation - Section 14.4 Same, Board Approval* will not allow them to change or limit the management fee structure, but only ensure that it is prudent by ensuring it is calculated in accordance with the Regulations.
- In the event that a different Financial Services Manager is appointed by the Minister of Energy, the IESO is required to continue to make cash payments for interest to the Trust for the existing debt. Principal repayments on existing debt will continue to be repaid by ratepayers to the Trust in accordance with the terms of the issued debt.
- All other items as indicated in *Appendix A.*

Accounting Analysis:

In order to meet the accounting definition of 'control', accounting guidance must be considered. There are no bright lines to determine whether OPG has exposure, or rights, to variable returns from its involvement with the Trust, or whether it has the ability to affect the returns of the Trust through its power over the Trust. Rather, all facts and circumstances are considered when assessing whether an entity has control over another entity.

In order to consolidate the Trust, OPG must be able to demonstrate that it controls the Trust.

Control

An investor controls an investee if and only if the investor has all the following:

a) *power over the investee;*
b) *exposure, or rights, to variable returns from its involvement with the investee; and*
c) *the ability to use its power over the investee to affect the amount of the investor's returns.* [IFRS 10, paragraph 7]

Purpose and design of the investee
When assessing control of an investee, an investor shall consider the purpose and design of the investee in order to identify the relevant activities, how decisions about the relevant activities are made, who has the current ability to direct those activities and who receives returns from those activities. [IFRS 10, paragraph B5]

Criteria	Analysis
Purpose and design of the Trust	The purpose of the Trust is to allow OPG to earn a return on the Intangible Asset from the IESO by effectively managing financing to earn a spread, earn management fees, and earn interest fees.

Purpose and design of the investee *When assessing control of an investee, an investor shall consider the purpose and design of the investee in order to identify the relevant activities, how decisions about the relevant activities are made, who has the current ability to direct those activities and who receives returns from those activities.* [IFRS 10, paragraph B5]	
Relevant activities of the Trust and how decisions are made about those activities	Relevant activities: The relevant activities of the Trust are: • To evaluate and make decisions on financing alternatives, duration, and the strategy to minimize financing costs. • To effectively manage funding obtained through the capital markets and be able to make or lose any spread from financing • To provide funding to the IESO in return for an interest in a future cash flow stream • To obtain funding through the capital markets and other vehicles available to OPG to be able to provide the IESO funding. • To make capital and funding decisions required to meet the Fair Allocation Plan objectives as set out in Legislation • To finance the requirements associated with the short-fall amount • To raise debt, pay bond debt holders, and determine capacity for the Trust to raise additional financing Financing Plan (Legislation: Part IV – Implementation) • OPG's plan for managing the assets of the Trust will be dictated through a 'Financing Plan'. • The Financial Services Manager (i.e. the Trust) shall provide the Financing Plan to the Minister. The Financing Plan is expected to follow Principles as stipulated in the Legislation which indicate that the assumptions must be reasonable and that the Trust has the power to determine what is reasonable and cost-effective. The Trust makes all the decisions in determining the relevant activities as listed above. • OPG can amend the Financing Plan at any time without the approval of the Minister. Fair Allocation Amount (Legislation: Part IV – Implementation) • The 'Fair Allocation Amount' ("FAA") is the amount of the deferral for the reference period and includes finance amounts. The current Legislation dictates that the Minister of Energy is to calculate the FAA. • This does not impact OPG's relevant activities in the Trust as OPG's variable returns are based on financing decisions which are not dictated by the FAA. OPG can choose to accept or reject the purchase of the intangible asset which is based on the Fair Allocation Amount.

DRAFT

Purpose and design of the investee *When assessing control of an investee, an investor shall consider the purpose and design of the investee in order to identify the relevant activities, how decisions about the relevant activities are made, who has the current ability to direct those activities and who receives returns from those activities.* [IFRS 10, paragraph B5]	
	<u>Decisions made and voting rights of the Trust:</u> OPG has the ability to appoint and remove the Trustee (and if applicable Board of Trustees) and there are no veto rights by the Province. No party has the ability to remove OPG from its role and authority in the Trust. **[NOT YET ADDRESSED IN CURRENT LEGISLATION]** *Voting of members:* Except as otherwise stated, all decisions of the members (if applicable) shall be made by the Trustee who will be appointed by OPG. <u>Termination Rights</u> OPG cannot be removed from its role in the Trust. The Province has the right to remove OPG as the 'Financial Services Manager' for failure to perform. This will not impact debt that has already been issued for which OPG is already managing through the Trust or the recoverability of existing intangible assets. It the right is exercised, it serves to reduce or eliminate the scope of new business activities of the Trust but it does not affect OPG's ability to control the Trust. Should a new Financial Services Manager be appointed, a separate assessment would be made as to which party if any would control it.
Assessment	The purpose of the Trust is to allow OPG to earn a return on the Intangible Asset from the IESO by effectively managing financing to earn a spread, earn management fees, and earn interest fees. For the reasons noted above, OPG has control over the decisions to be made about the relevant activities.

Power over the investee	
Criteria	**Analysis**
Identify whether OPG's rights give it the current ability to direct the relevant activities of the Trust (Substantive rights)	See above for relevant activities of the Trust.
Assessment	OPG has the ability to direct the relevant activities of the Trust. OPG can amend the Financing Plan at any time, without approval from the Minister. Further, if the Minister of Energy chooses not to continue with OPG's current Financing Plan, OPG can withdraw its Financing Plan, without impacting the existing debt and related intangible assets that is already in the Trust. The Province would just appoint a new party to participate in future securitizations and OPG would continue to manage the debt that already exists in the Trust. If future financing transactions are with a different SPV, a separate consolidation analysis would be prepared at that time as to which party if any would consolidate the SPV.

DRAFT

Exposure or rights to variable returns	
Criteria	**Analysis**
Dividends, other distributions of economic benefits from an investee and changes in the value of the investor's investment in that investee [IFRS 10, paragraph B57(a)]	Revenue, which includes fixed and variable fees, earned from the Trust will be distributed to OPG.
Remuneration for servicing an investee's assets or liabilities, fees and exposure to loss from providing credit or liquidity support, residual interests in the investee's assets and liabilities on liquidation of that investee, tax benefits, and access to future liquidity that an investor has from its involvement with an investee [IFRS 10, paragraph B57(b)]	**[NOT YET ADDRESSED IN CURRENT LEGISLATION]** OPG has exposure and rights to variable returns from the Trust in the form of the following: • The Regulations, Trust documents and various agreements will provide that OPG will have significant variability and exposure from the activities of the Trust relative to the rate of return that OPG would recognize from its role as the Financial Services Manager of the Trust. The performance fee will be meaningful and allow OPG to make decisions that will significantly impact its returns. • OPG, through ownership of the most subordinated debt, is exposed to risk of non-collection. Given that the program is expected to run until 2047, this 30 year time period results in uncertainty about the future collection of OPG's amount at risk. OPG and the OFA (5% out of 44% contribution) would be the last parties to get paid in the event that the program stops running due to a change in Government, if electricity demand is not high enough to allow for collection from ratepayers in a timely manner, etc. The end date of 2047 that is prescribed in the Legislation results in uncertainty toward whether this program will continue and whether OPG will have collected its amount at risk at that time. • In the event that there is a market disruption whereby OPG is not able to obtain debt from the financial markets (e.g. due to a recession), the Province will provide funding in the event that OPG wishes to continue purchasing intangible assets from the IESO. This is considered to be a protective right as it does not impact the relevant activities of the Trust, but is designed to protect both parties and does not give either party more or less power over the Trust. It is designed to allow OPG to keep purchasing intangible assets if it wishes to. • Protective rights are typically held to prohibit fundamental changes in the activities of an investee that the holder does not agree with and usually apply only in exceptional circumstances (i.e., upon a contingent event). This is true for this right as it is only applicable if there is a market disruption and the Trust is not able to obtain financing from external markets. Further, the fundamental activities of the Trust would change if it were not able to obtain financing from external markets.

DRAFT

Exposure or rights to variable returns	
Returns that are not available to other interest holders. For example, an investor might use its assets in combination with the assets of the investee, such as combining operating functions to achieve economies of scale, cost savings, sourcing scarce products, gaining access to proprietary knowledge or limiting some operations or assets, to enhance the value of the investor's other assets [IFRS 10, paragraph B57 (c)]	• OPG will have synergistic benefits from combining operating functions with the Trust given its extensive knowledge on the market and current regulatory knowledge.
Assessment	To determine which party is the most 'at risk' in the event that the loans default, expected loss rates were obtained from Moody's and DBRS. Using the *Moody's Investors Service – Loss Given Default for Speculative Grade Companies* dated December 4, 2015, the 4-year Idealized Expected Loss ranges from 0.00% for a triple A rated bond to 0.30% for an A3 rated bond. DBRS Expected Loss Ratings give an indication of the expected loss of a loan portfolio. As per a November 2016 publication, the 10-year expected loss rates range from 0.1% for a AAA rated bond to 1.7% for an A (low) rated bond. Given that OPG's subordinated debt is equal to 5% of the total debt, which is higher than the default rates above, 100% of the risk is with both OPG and the OFA since they are the last parties to get paid should there be any default with the debt. OPG is also exposed to variable returns from the Trust from its performance on decisions made on financing alternatives, duration, and the strategy to minimize financing costs through the variable fee component of the management fee. Therefore, OPG has the exposure to variable returns from the Trust.

Ability to use power to affect returns	
Criteria	**Analysis**
Ability of investor to use its power to affect the investor's returns from its involvement with the investee	OPG needs to have both power over the Trust (i.e. as a Principal, not an agent), exposure or rights to the variable returns from the Trust, and the ability to use its power to affect OPG's returns from its involvement with the Trust OPG has the ability to use its power over the relevant activities of the

Ability to use power to affect returns	
	Trust to affect its returns from its involvement with the Trust through the variable fee component. Further, the Trust's ability to use its power to affect returns is in a manner that is consistent with being a principal. See *Appendix B* for Principal-Agent analysis.
Assessment	OPG has the ability to use its power to affect returns of the Trust.

Conclusion:

Based on the current **[May 1, 2017]** draft of the legislation, the conditions to ensure the ability of OPG to consolidate the operations of the Trust have not fully been reflected. As noted in Appendix A, several conditions must be evident in the Regulations, Trust documents, and various other agreements which are not yet drafted and therefore not yet available for our review and assessment. In OPG's assessment, while no current clause of the Legislation would hamper the ability to effect a consolidation within OPG Inc.'s financial statements, there are several key conditions for consolidation that are currently not present within the Legislation. On the assumption that future Regulations, Trust documents and various other agreements fully capture these operating conditions, and that no new conditions that would conflict with OPG's control of the trust are introduced, OPG believes that consolidation of the Trust is supportable.

DRAFT

APPENDIX A:

Terms necessary for OPG to consolidate the Global Adjustment Trust

Note that these are assessed against the Legislation proposal 'Ontario Fair Hydro Plan Act, 2017, if enacted V6' sent by Carolyn Calwell on May 1, 2017. These are subject to change as subsequent drafts of the Legislation are issued.

Legend:

✓ **- Addressed by the Legislation drafted May 1, 2017**

RT – Not addressed by Legislation and must be addressed in Regulations, Trust Documentation or various other agreements

Ω - Will not be addressed in Legislation/Regulations or Trust but is the intended plan

Issue	No.	Requirements
Directive	1 ✓	The Trust must be undertaken by OPG as a business initiative on its merits. A Shareholder Directive is to be limited to direct OPG to investigate the option of establishing a Trust vehicle to administer, finance and operate the Global Adjustment plan and the operation of that Trust and the control, risk and rewards of that Trust will determine its consolidation into OPG as a business enterprise. ***MET - The Province will not direct OPG to participate in the Fair Hydro Plan. A letter was issued from the Minister of Energy to OPG on April 13th requesting OPG's involvement in the implementation of the Fair Hydro Plan. OPG's Board Chair responded to the Minister on April 18th committing OPG to work with the IESO and OEB to develop a plan. OPG will have the option to prepare, implement and amend a financing plan (in accordance with principles set out in legislation) and propose the adoption of such plan as the 'Financing Plan'. OPG will have the right to withdraw its financing plan at any time.***
Trust	2 **RT**	The Trust should not operate in a predetermined way such that OPG does not have decision-making authority over the Trust's ongoing activities after its formation (i.e. should not operate on 'autopilot'). ***OPG will be the sole unit holder of the Trust. All decisions over the relevant activities of the Trust (as described above) will be made by OPG.***
	3 **RT**	OPG must have the ability to appoint and remove the Trustee (or Board of Trustees), with no veto right by the Province. No party shall have the ability to remove OPG from its role and authority in the Trust. ***OPG will be the sole unit holder of the Trust. The Province will be involved in the Board of Trustees, but OPG is expected to have the majority vote.***

<table>
<tr><th>Issue</th><th>No.</th><th>Requirements</th></tr>
<tr><td></td><td></td><td></td></tr>
<tr><td></td><td>4
RT</td><td>The Province cannot have the right to veto OPG's decisions about the relevant activities of the Trust. OPG must have the power over the relevant activities of the Trust and be compensated. The relevant activities of the Trust include (but are not limited to) the evaluation and decisions on financing alternatives, duration, and the strategy to minimize financing costs. OPG must have the power to establish operating and capital budgets of the Trust.

OPG will have the ability to make decisions about the financing alternatives, duration, and the strategy to minimize financing costs. OPG will have the power to establish operating and capital budgets of the Trust with no veto right by the Province.</td></tr>
<tr><td></td><td>5
RT</td><td>OPG must have the power to determine or change operating and financing policies of the Trust, which will affect the variability of risks and returns.

The Regulations, Trust documents and various agreements will provide that OPG will have significant variability and exposure from the activities of the Trust relative to the rate of return that OPG would recognize from its role as the Financial Services Manager of the Trust. The performance fee will be meaningful and allow OPG to make decisions that will significantly impact its returns.</td></tr>
<tr><td></td><td>6
Ω</td><td>The Province or its agencies must not directly or indirectly fund (through debt or equity) more than 50% of the following:
a. The Trust
b. The most subordinated debt of the Trust

See below for financing structure.

<table>
<tr><th></th><th>Risk Profile</th><th>Source</th><th>% of Total Fundin Requirement</th></tr>
<tr><td>Tranche A Senior Debt</td><td>the least risky</td><td>Capital Markets</td><td>51%</td></tr>

<tr><td></td><td></td><td>OPG via Capital Markets</td><td>5%</td></tr>
</table>
</td></tr>
<tr><td></td><td>7
Ω</td><td>OPG must own at least 50% of the most subordinated debt and must be no less than 5% of the debt of the Trust. Such ownership must be financed entirely by OPG through operating cash flows or external debt, without assistance from Provincial sources.

See chart in Point 6 above.</td></tr>
</table>

DRAFT

Issue	No.	Requirements
	8 **RT**	OPG must have the ability to earn variable returns by exercising its authority, which shall be accomplished as follows: a. The cash flow from the restructured asset shall include interest determined based on a relevant benchmark that is appropriate relative to the restructured asset, plus an appropriate margin consistent with the relevant market and other risks ***The cash flow from the restructured asset will include interest income that is equal to the interest expense (i.e. interest expense is passed back to the ratepayers). The Trust will also receive a margin as discussed in the 'Exposure or rights to variable returns' section above.***
	✓	b. OPG shall have the authority to determine the financing strategy, which will vary the financing costs with the objective of enabling the Trust to achieve a more favourable return compared to the benchmark for interest on the restructured asset ***OPG will determine the financing strategy through the proposal of its 'Financing Plan'. The 'Financing Plan' will only be required to follow general Parameters and Principles as set forth in the Legislation but funding decisions will be made entirely by OPG. The Trust will also receive a margin as discussed in the 'Exposure or rights to variable returns' section above.***
	Ω	c. The Trust shall establish classes of liabilities (senior, subordinated and the most subordinated). The classes would allow the Trust to delineate financing of lower risk investment and investment that would bear higher residual risk. The delineation would limit OPG's self-funded investment to a reasonable level in order to allow OPG to remain a self-sustaining entity. ***OPG's portion of the most subordinated debt will be limited to a reasonable level. If it is determined that OPG's portion is not at a reasonable level, OPG has the option to withdraw its Financing Plan.***
	RT	c. OPG shall, through its ownership of the most subordinated liability, be able to capture and retain the pricing difference between cost of financing and benchmark for interest on the restructured asset, or any residual risk of restructured asset. The targeted return of the subordinated liability should be reflective of the underlying risks and compensate holders for active management that would be required.

DRAFT

Issue	No.	Requirements
		OPG will be able to capture the pricing difference between cost of financing and benchmark for interest through the performance fee which is described in point 5) above and the 'Exposure or rights to variable returns' section above.
	Ω	d. OPG should participate in the detailed design of the above and the Trust documentation to ensure that it has substantive power and variability, which will allow OPG's Board of Directors to evaluate the opportunity as a business initiative instead of through a shareholder directive. ***OPG will be involved in the Trust documentation.***
	RT	Defined Forced Majeure for emergency events (e.g. unlikely credit market event or disruption where it is not possible to borrow from the market at a reasonable rate), OFA may provide bridge financing beyond the designated percentage for a defined period. ***This will be structured through a separate indemnification agreement. This is not expected to impact consolidation of the Trust because this is seen as a protective right which is only in affect when a contingency arises and not as a result of the relevant activities of the Trust.***
Legislation	9 ✓	The Legislation must require interest, carrying and administrative costs to be paid to the Trust on a monthly basis, so that the Trust is able to recognize appropriate revenue to offset any ongoing costs. ***Under Part III – Clean Energy Adjustment – Section 8.3 Terms, of the Legislation, the expectation is that the Legislation will allow for interest payments to be paid to the Trust on a monthly basis in cash. The Trust will not accrue interest to the current intangible asset balances but this interest amount could form part of future intangible assets that are purchased from the IESO.***
	10 **RT**	The Legislation must dictate the manner in which the restructured asset would be determined, collected, and the period of collection, so that the determination of the restructured asset will not be subject to the Province's decisions on an ongoing basis, but determined based on a formula. Alternatively, the Legislation may allow for an adjustment to the pre-determined deferral formula based on specific parameters that would limit the adjustment to the restructured asset. Adjustments beyond the specific parameters would require approval by the Board of Trustee. **The Regulations are expected to dictate the 'Fair Allocation Plan' which will be based on high level Principles and Parameters of the Plan, including the attribution methodology. The Legislation or Regulation determines the following principles:** • **25% Reduction (June 1, 2017) where the average bill will**

Issue	No.	Requirements
		reduce by 25% including of HST and social programs noted above • **Inflation Period (November 2017 – April 2022) where bill increases are capped at inflation** • **Straight-line Increase Period (May 2022 – April 2027) where bills increased at a straight-line rate (i.e., 8% per year) which is set so that borrowing will not exceed the Trust's capacity.** • **Amortization Period (May 2027 – April 2047) where debt built up over the previous periods is repaid by ratepayers.** **OPG will determine the manner in which the intangible asset, once purchased from the IESO will be collected and the period of collection.** **The recoverability of the existing intangible assets cannot be impacted by the Province.** **Although the Province may determine the Principles and Parameters around the 'Fair Allocation Plan', it does not impact the activities of the Trust once OPG has purchased the intangible asset.**
	11 **RT**	The Legislation must be written to avoid legal or constitutional challenges and be irrevocable to reduce the cost of borrowing and with a specific formula which determines the deferral amount. **See above.**
	12 **RT**	The spirit of the above terms should be reflected in the Trust Indenture Agreement as well as Legislation, wherever possible. ***Trust Indenture and Regulations still outstanding.***

DRAFT

APPENDIX B:

Link between power and returns: principal-agency situations

The third criterion for having control is that the investor must have the ability to use its power over the investee to affect the amount of the investor's returns. When decision-making rights have been delegated or are being held for the benefit of others, it is necessary to assess whether the decision-maker is a principal or an agent to determine whether it has control. This is because if the decision-maker has been delegated rights that give it power, the decision-maker must assess whether those rights give it power for its own benefit, or merely power for the benefit of others. As an agent cannot have control over the investee, it does not consolidate the investee. A principal may have control over the investee, and if so, would consolidate the investee.

A decision maker shall consider the overall relationship between itself, the investee being managed and other parties involved with the investee, in particular all the factors below, in determining whether it is an agent:

a) the scope of its decision-making authority over the investee

   As discussed above, OPG has decision-making authority over the Trust and its relevant activities. The Province has no right to determine what sort of funding decisions OPG should make to fund the intangible assets that they will purchase and OPG can choose not to purchase future intangible asset purchases.
   Terms and Conditions to support this point: 1, 2, 3, 4, 5

b) the rights held by other parties (paragraphs B64–B67).

   There are no substantive removal rights held by the Province for debt that already exists in the Trust.

   Terms and Conditions to support this point: 3, 4, 5

c) the remuneration to which it is entitled in accordance with the remuneration agreement(s) (paragraphs B68–B70).

   See section on 'Exposure or rights to variable returns' above.

   Terms and Conditions to support this point: 6, 7, 8, 9

d) the decision maker's exposure to variability of returns from other interests that it holds in the investee (paragraphs B71 and B72).

   See section on 'Exposure or rights to variable returns' above.

   OPG will receive a 44% equity injection from the Province of Ontario, indirectly through the Ontario Financing Authority. Given that currently, the majority (currently 51%) of the Trust debt will be from External Markets and not the Province, it can be argued that OPG did not receive the majority of its interest in the investee as a contribution or loan from the Province. This shows that OPG is a principal, not a de-facto agent.

   Terms and Conditions to support this point: 6, 7, 8, 9

Conclusion: OPG is not an agent for the Province as the arrangement does not provide for the Province to directly absorb any variability associated with the structure. If the Province decides to intervene at a later date due to evolving market conditions, an assessment would be made at that future date.

Analysis on whether OPG is an agent for ratepayers

OPG is not an agent for the ratepayers because OPG has substantive exposure to risk of loss of its own funds. The ratepayers do not have any of their own funds in any of the subordinated tranches and further, no decision making authority is delegated to the ratepayers relating to the relevant activities of the Trust.

Analysis on whether OPG is an agent for the IESO

OPG is not an agent of the IESO because the IESO faces no continuing risk of loss after sale of the intangible asset to OPG.

May 2 2017

Dear Sirs/Madames:

This letter is being issued to the Special Committee to assist them in their evaluation of management's analysis of the application of International Financial Reporting Standards ("IFRS") as adopted by the International Accounting Standards Board ("IASB")) to the specific transaction described in the Company's memorandum entitled *OPG Accounting Considerations of Ontario Fair Hydro* dated May 2 2017, herein referred to as "the Management Memorandum". We are issuing this letter in our role as auditors of the Company for the year ending December 31, 2017. As the Province consolidates OPG on an IFRS basis, this letter pertains solely to management's IFRS analysis as contained in the Management Memorandum.

We have read the Management Memorandum and we agree with management's analysis therein, subject to all of the assumptions and limitations identified therein. Specifically, we concur that the existing legislation, along with the yet undrafted Regulation and special purpose vehicle (TRUST) documents, and various other agreements assuming they include the required criteria that Management has identified as outstanding in its Appendix A, would be sufficient to support consolidation of the TRUST with OPG Inc.

Additionally, we specifically refer you to the section entitled "Conclusion" in the Management Memorandum, which indicates that their analysis is based on draft legislation as well as their assumptions regarding the terms and conditions of certain contractual arrangements and other documentary evidence that is not yet drafted. Therefore, the Management Memorandum will be required to be updated to reflect the final contents of the legislation and other relevant contractual arrangements and documentary evidence. We will review the updated Management Memorandum once it is available, and update you on our viewpoints once our review of such updated Management Memorandum is completed.

The scope of this letter and any views expressed herein are limited to the transactions, facts, circumstances and assumptions provided to us by management or the Company as described in the Management Memorandum. If such facts, circumstances or assumptions differ, our conclusions may change.

We have not performed an audit or a review of the Management Memorandum. Additionally, we have not performed an audit as of any date or for any period subsequent to December 31, 2016.

DRAFT

The ultimate responsibility for the proper accounting treatment under IFRS and US GAAP rests with the Company.

We have not been asked for, nor do we express, an opinion on the tax consequences of the transactions described herein.

The accounting for such transactions could be affected by actions of the International Accounting Standards Board, the IFRS Interpretations Committee, the Ontario Securities Commission, or other regulatory bodies. Any such actions occurring prior to the finalization of the 2017 IFRS consolidated financial information will be required to be analyzed by management, and such analysis will be reviewed by us in the context of the audit procedures we will perform on the consolidated IFRS financial information for the year ending December 31, 2017.

Our work does not include the provision of legal advice and we make no representations regarding questions of legal interpretation of any possible structure or strategy. We make no representation regarding the sufficiency of our work for any purpose.

This report is intended solely for the information and use of the Special Committee, Board of Directors and management. We understand that a copy of this letter may be provided to the Province of Ontario, the Independent Electricity System Operator, and/or the Ontario Energy Board. It is not intended to be, and should not be, used by anyone other than these specified parties.

This analysis, or portions thereof, should not be referred to or distributed to any other person or entity, other than those noted in the paragraph directly above. It is not to be referred to or quoted, in whole or in part, in any registration statement, prospectus, public filing, loan agreement, or other agreement or document.

Yours sincerely

Tracy E Brennan

Hi Scott
I had to leave a little early for the tele conference, I believe that Gadi did make this point, however, we just want to reiterate it. We are not in favour of the acceleration option residing in the hands of the bondholders. As a matter of fact removing it entirely is acceptable, if it has to stay the ability to exercise has to be limited to the Province.
Assuming the option remains at the discretion of the Province, the 1% premium should be removed.
Hopefully you can pass this on to Stephen for inclusion in any feedback to OPG. If there is no feedback intended at this time and the decision is to meet with OPG on the indemnity, we can make these points at the meeting.
Thanks
Ken k

Hi,
Please see the following comments from OPG / Torys on the guarantees.
I wonder if we are now at a point we should suggest sitting down with OPG on this perhaps early next week.
Thanks,
Scott

Scott:
Further to our discussion on the outstanding issues, please find below the comments from the Dealers on the "Markup" of the Provincial Protection and Assurance term sheet.
As noted below, the next step should be to get the appropriate parties from the Province to sit down with the dealers and OPG to go over the points and agree on a basis to move forward.
We should try to do that sometime next week. Let us know what times work on the Province side and we will coordinate with the Dealers & counsels.
John

*** Exercise caution. This is an EXTERNAL email. DO NOT open attachments or click links from unknown senders or unexpected email. ***

John/Les/Ken,
Please find below an issues list on the Province's comments on the Provincial Protection and Assurances Term Sheet (formerly the Provincial Support Agreement). This list reflects input from the dealers, Oslers and Torys. Please let us know if you have any additional comments or questions. If not, will you be reaching out to the Province to schedule a meeting next week (with the dealers, OPG, the Province and their counsels) to discuss these points? The dealers and their counsel don't see value in exchanging further drafts of the term sheet until they have had an opportunity to meet with the Province. We agree with this approach and are happy to assist in coordinating a meeting for next week. It would also be helpful to hear the Province's rationale and concerns for making some of these changes. Please let us know.
Many thanks,
Nina

1. The Servicing Guarantee:

(a) It is written in favour of only the financing entity. However, in the MTSA, we are asking for covenants directly in favour of Indenture Trustee. The Indenture Trustee/specified creditors should have the direct benefit of the guarantee rather than relying on an indirect security interest in the servicing guarantee.

(b) It should be clarified that the servicing obligations of the electricity vendors are covered.

(c) If the guarantee is unenforceable, we should fall back to an indemnity, not a "functionally equivalent direct covenant" which is an uncertain concept.

(d) We don't want an exclusion for economic loss. That may cover whatever losses the specified creditors do suffer.

2. Change of Law.

(a) This should be written as a guarantee not an indemnity.

(b) It should be directly in favour of the Indenture Trustee/specified creditors and it should cover all the "finance amount" and not just funding obligations.

(c) We do not want the guarantee to be provided by another entity which is in turn guaranteed by Ontario. It should come directly from Ontario.

(d) There should be no "materiality" threshold for a claim. If obligations are not paid in full, then there should be a claim.

(e) The choice to assume or accelerate should be at the option of the holders, not the guarantor.

(f) If accelerated, then the 1% premium should be payable. This is a voluntary termination by the Province.

3. Undertaking Regarding Mismatches (market disruption)

(a) At best this structure defers the discussion of protection for a market disruption. At worst, it is impractical that take-out financing needs to be arranged in advance of each warehouse financing. We should rely on a definition of market disruption.

4. Approvals.

(a) Province to clarify what is contemplated under the heading "Approval Requirement". Is Province proposing to approve any obligation incurred by the Financing Entity?

(b) Approval under Section 28 of the *Financial Administration Act* to be attained (in case the OFHPA is declared void in its entirety).

Ken,
Following please find the opinion from our internal accountants addressing your concerns/questions:

- **Given that E&Y is our auditor, it is against independence rules for them to write a memo forming an opinion on our accounting on a specific transaction.**
- **EY Concurrence Memo is meant to lay out the foundation of what is required – not the actual methodology or the calculations. There are various stipulations in the memo that all the conclusions in that memo are pending further details in agreements that are yet to be drafted.**

In addition, E&Y believes that doing what is suggested by OFA, i.e. excluding the debt component via Province equity injection from benchmarking, will impact the consolidation analysis. Attached for your reference please find the email from E&Y confirming this point.

Subject: RE: EXTERNAL – Draft Trust Performance Fee Recommendations
Thanks Sheen. Going through the documents that you attached I am a little confused since you refer to the first one as an accounting memo, usually a memo has an addressee and an author, I see neither in the attached. So if there is an actual memo from E&Y, that supports the contention that the performance fee should be computed on all three tranches, much appreciated if you can forward that along.

As an FYI, I also went through the latest version of E&Y's accounting opinion dated May 17th and while it does require a performance fee among others, there are no specifications as to the methodology.
With regard to the regulations, they outline the performance fee methodology in X.3, however again there is no specificity, rather the phrase "applicable tranche" is used. As such, if the decision is to limit the performance fee calculation, as per the OFA recommendation, to the 51% and the 5% being the market issue components, the regulations do not require any amendments, rather all that has to be done is an internal definition of what the "applicable tranche" is.
Thanks
Ken k

Ken/Graham/ Carlos,
To follow up on our discussion yesterday morning re whether to include 44% equity from Province as part of the benchmarking, we have reached out to E&Y. It's E&Y's view that in order for accounting consolidation to work, the 44% equity injection has to be part of the benchmarking. Attached for your reference please find the accounting memo confirming this point. In addition attached for your reference please also find the "fee" section of the regulation, to be finalized in July.
Thanks
Sheen

The following are initial comments from Graham Monroe from the OFA's Risk Control Division. Let me know if you would like to arrange a call with Graham to discuss further
Regarding the measure of performance and performance benchmark proposed by OPG with respect to the Fair Hydro Trust, we have the following comments:

- Any performance measure should be reflective of the decisions available to the issuer; i.e., timing of issue, tenor.
- Performance should be measured only on the 51% funded by market issuance and the 5% funded by Capital Markets. The remaining 44% is funded via an equity injection from the Province to OPG and should not be part of performance.
- The 51% and the 5% mentioned above should be performance measured using different benchmarks.
- The benchmark OPG is proposing is a Canada rate, plus a spread, both of which will be determined at the beginning of the year. The spread will differ for the 51% and the 5%.
    - The Canada rate used in the benchmark should be a weighted mix of tenors consistent with the financing plan.
    - Measurement of the benchmark at a fixed point in time will yield a performance that is more reflective of the behaviour of the market than the performance of the borrowing. While this may be adequate for a risk-sharing objective, a dynamic benchmark would be a better reflection of the borrowing performance.

Regards
Carlos

Hi Jenny,

As discussed, the fees charged should be on terms equivalent to those with third parties (i.e. at arm's length). If a manager would not be remunerated under these terms in 'normal' circumstances, this would be a concern for your analysis of the ability to consolidate the Trust. As discussed, I would recommend you work with your Treasury team to ensure the terms are equivalent to arm's length.

Brittany

To: Brittany Keenan <Brittany.Keenan@ca.ey.com>
Subject: Fees

Hi Brittany,

As discussed verbally last week with yourself and the audit partner, can you confirm EY's concurrence with the below? Thanks!

Background:
In order for the accounting consolidation analysis to be successful, the Regulations, Trust documents and various agreements need to allow OPG to have significant variability and exposure from the activities of the Trust relative to the rate of return that OPG would recognize from its role as the Financial Services Manager of the Trust. The terms of the 'variable fee' component will be determined through a 'benchmark bond rate'. The benchmark bond rate will be a weighted average of the following tranches:

- **Tranche A Senior Debt (51%) -** capital markets
- **Tranche B Sub Debt (39%)** – Province

- **Tranche C Sub Debt (10%)** – capital markets & Province

The benchmark bond rate needs to be based on all three tranches of debt for the following reasons:

- In order for OPG to have significant variability and exposure from the activities of the Trust, 100% of the Trust activities need to be considered in determining this exposure. If the Financial Services Manager is only assessed based on its performance for 56% of debt, it calls into question whether 100% of the Trust should be consolidated by OPG if their exposure to risk and variability is only assessed on 56% of the Trust.

- One of the requirements for consolidation is also that the Trust must be undertaken by OPG as a business initiative on its merits. If the terms of the transaction are not seen as being on par with similar market transactions, it calls into consideration whether OPG is really acting as an 'agent' of the Province and not as a result of its own decisions. It is not common marketplace practice for fund managers to only be assessed on a portion of their managed portfolio.

Thank you Sheen, the email from E&Y was helpful, however, we are reading it quite differently from you.

E&Y's email states: "If a manager would not be remunerated under these terms in 'normal' circumstances, this would be a concern for your analysis of the ability to consolidate the Trust". Parsing that statement reveals that the ability to consolidate the Trust is enhanced if the manager remuneration methodology is developed in accordance with "normal" market practices. This makes perfect sense. Capital markets performance measurements in "normal" circumstances measure the effectiveness of borrowing decisions against a pre-determined benchmark. As my colleague Carlos Yep has pointed out, there are no borrowing decisions made when the debt issued to the Trust is funded by the 44% equity injection.

Hence, it appears that the E&Y requirement actually supports the OFA's recommendation that sub-debt issued from the funds provided by the 44% equity injection should be excluded from both the benchmark and the actual. According to E&Y the closer you hew to "normal" capital markets practices, the stronger becomes the rational for consolidating the Trust, that is a clear argument for excluding the debt funded by the 44% equity injection.

Obviously, the corollary is by including the debt funded by the 44% equity injection in the benchmark and actual you are moving away from what constitutes "normal" market practices for manager remuneration.

Thanks

Ken k

- **Given that E&Y is our auditor, it is against independence rules for them to write a memo forming an opinion on our accounting on a specific transaction.**
- **EY Concurrence Memo is meant to lay out the foundation of what is required – not the actual methodology or the calculations. There are various stipulations in the memo that all the conclusions in that memo are pending further details in agreements that are yet to be drafted.**

In addition, E&Y believes that doing what is suggested by OFA, i.e. excluding the debt component via Province equity injection from benchmarking, will impact the consolidation analysis. Attached for your reference please find the email from E&Y confirming this point.

Subject: RE: EXTERNAL – Draft Trust Performance Fee Recommendations

Thanks Sheen. Going through the documents that you attached I am a little confused since you refer to the first one as an accounting memo, usually a memo has an addressee and an author, I see neither in the attached. So if there is an actual memo from E&Y, that supports the contention that the performance fee should be computed on all three tranches, much appreciated if you can forward that along.

As an FYI, I also went through the latest version of E&Y's accounting opinion dated May 17th and while it does require a performance fee among others, there are no specifications as to the methodology.

With regard to the regulations, they outline the performance fee methodology in X.3, however again there is no specificity, rather the phrase "applicable tranche" is used. As such, if the decision is to limit the performance fee calculation, as per the OFA recommendation, to the 51% and the 5% being the market issue components, the regulations do not require any amendments, rather all that has to be done is an internal definition of what the "applicable tranche" is.

Thanks

Ken k

Subject: RE: EXTERNAL – Draft Trust Performance Fee Recommendations

Ken/Graham/ Carlos,

To follow up on our discussion yesterday morning re whether to include 44% equity from Province as part of the benchmarking, we have reached out to E&Y. It's E&Y's view that in order for accounting consolidation to work, the 44% equity injection has to be part of the benchmarking. Attached for your reference please find the accounting memo confirming this point. In addition attached for your reference please also find the "fee" section of the regulation, to be finalized in July.

Thanks

Sheen

Sheen

The following are initial comments from Graham Monroe from the OFA's Risk Control Division. Let me know if you would like to arrange a call with Graham to discuss further

Regarding the measure of performance and performance benchmark proposed by OPG with respect to the Fair Hydro Trust, we have the following comments:

- Any performance measure should be reflective of the decisions available to the issuer; i.e.,

timing of issue, tenor.

- Performance should be measured only on the 51% funded by market issuance and the 5% funded by Capital Markets. The remaining 44% is funded via an equity injection from the Province to OPG and should not be part of performance.
- The 51% and the 5% mentioned above should be performance measured using different benchmarks.
- The benchmark OPG is proposing is a Canada rate, plus a spread, both of which will be determined at the beginning of the year. The spread will differ for the 51% and the 5%.
    - The Canada rate used in the benchmark should be a weighted mix of tenors consistent with the financing plan.
    - Measurement of the benchmark at a fixed point in time will yield a performance that is more reflective of the behaviour of the market than the performance of the borrowing. While this may be adequate for a risk-sharing objective, a dynamic benchmark would be a better reflection of the borrowing performance.

Regards
Carlos

Carlos,
Further to our discussions re establishing GA financing benchmark. Attached please find the draft term sheet of the subordinated debt (from Province equity injection). Could you please review and circulate it to the appropriate contacts/group on your side. We'd also like to set up a meeting with OFA, at your earliest convenience, to go over the document and get your feedback. Please let us know your availability.
Thanks
Sheen

Thank you May, the email from E&Y is clear and given a choice between a performance methodology, that in our opinion, is not entirely reflective of capital markets decision making and jeopardizing the consolidation of the Trust, we are opting to accept OPG's methodology for the construction of the benchmark.
Pls proceed accordingly.

Subject: EY concurrence re: Draft Trust Performance Fee Recommendations
Hi Ken,
My name is May Lapira and I'm the newest addition to the Treasury team. Jenny has been working hard to get me updated on the accounting aspects of the Fair Hydro Plan so we can transition future correspondences over to me.
Per our discussion during the call earlier today, we have reached out to EY to obtain concurrence on our interpretation of their accounting position. Please see attached the email trail from EY's senior manager Brittany Keenan confirming that excluding the equity injection component from the definition of a 'benchmark bond' would result in non-commercial terms and could ultimately result in OPG not being able to consolidate the financing entity.
Please let me know if you have any follow up questions on this matter.
I look forward to working with you,
May

Hi all,
We have received comments back on the term sheet from Steve Ashbourne, the Province's external counsel, and think it would be helpful to have an internal Provincial meeting to review the comments on the draft. On the legal side, it might be helpful to get some more insight into how the proposed guarantee and warehouse facility are to work from a business perspective. In addition, we are awaiting further draft documents that set the context and describe what is to be guaranteed as I understand that Torys (OPG's counsel) has been working on these.
It would be helpful to coordinate such a meeting soon with the appropriate Provincial representatives.
Thanks.
Malle

Subject: RE: EXTERNAL – Revised Term Sheet & summary slides
Hi Ken,
Thanks for the additional information. I have already sent the draft to Energy Legal and will send it to Steve Ashbourne this morning.

Here are my very high level preliminary comments on this. This appears to be a fresh document drafted by OPG and its counsel after the meeting in July and then further business discussion since then. There are no track changes in this document, but I compared it to the version the Province sent to OPG on June 22nd and there are quite a few differences.

- The last sentence in the opening italics that "the arrangements contemplated in this Term Sheet will include such terms and conditions as the Minister of Energy and the Minister of Finance determine to be appropriate" has been deleted.
- It has been changed back to a guarantee from an indemnity.
- The Guarantee Activation Events have been expanded to include 5 as it seems that it has been restructured so that some of what was previously in the "performance" guarantee is added into (E), i.e. IESO's role.
- Concept of "materiality" has been deleted for (B) and (D).
- A concept of "any other discriminatory action including OEB Orders has been introduced.
- The Guarantee wording includes the word "assume" as opposed to just "pay".
- Also, the guarantee has reverted to some of the very general wording that the Province is guarantee "all of the obligations of the Financing Entity" not just the debt obligations. These include any other obligation of the Financing Entity related to the Fair Hydro program such as payments to service providers (such as trustees, auditors, etc), rating agencies and any fees due to the securities commission??
- Approval requirement has been changed so that Province does not have right to approve any specific guarantee of funding obligations or set of documents before the guarantee is applied as long as documents are consistent – but who decides?
- Also the second portion called Warehousing Takeout Risk and Servicing – it's mentioned that this is for information purposes only as these risk were included in previous versions – current proposals described here and it doesn't contain any requirement for the Province to directly backstop these risks. I would say perhaps similar risks might have been dealt with but this section looks new and I don't' understand what the Province's role is in providing these assurances. Legal would need more background on how this is supposed to work.

The authority for the Province's guarantee is contained in s. 5(3) of the Fair Hydro Act, 2017 and requires an OIC to authorize the Minister of Energy and the Minister of Finance, acting together on behalf of the Province to agree to guarantee/indemnity obligations associated with an investment interest. The LGIC may delegate to the Ministers to determine the terms and conditions of the guarantee and the maximum liability for the guarantee or may also specify this in the OIC. Given that it appears there will be multiple debt issuances as part of this financing program of the Financing Entity, we will have to determine how best to approach the drafting of the OIC and the guarantee in the context of this debt program. So far, we have not received any draft documents for the program such as the Master Trust Indenture, etc and as a result it is difficult to provide comments on the term sheet and in particular scope of the guarantee and how the province's approval of the terms and conditions might work in order to make the debt financing program of the Financing Entity work smoothly and effectively.

Is it possible to obtain drafts from OPG at this point. I believe that back in July on a call, it was mentioned that the next step was to ask for these drafts so that we can better understand how the proposed guarantee will fit with the proposed program documents. It's not possible to actually draft a guarantee without seeing these documents. Drafting provisions that contains "discriminatory action" type language can be difficult to ensure that there are no unforeseen consequences and that the Province's intent is captured.

It would also be helpful to find out a bit more about the timing as the briefing note mentions a TB decision in September to approve the guarantee. Is a TB submission being drafted as it would be helpful to see a draft of this as well.

I will pass on my general comments to Energy Legal and Steve as well. I understand that Scott's group is the business contact and I believe that there were Energy policy staff involved in some of the earlier calls and meetings as well.

Perhaps it might be helpful to schedule a meeting for next week to discuss the various comments

on this. If in the meantime, there is any more background or you are able to obtain draft agreements, this would be helpful.
Thanks.
Malle

Hi Malle,

I would not know f this has been passed on to Energy Legal; by OPG yet. Ken, would you know?

As you stated, last week's meeting was a business meeting, without Legal representatives from various sides, including not having Steve Ashbourne attend, so I wouldn't think he'd have reviewed this new version either -- Ken, your sense on that?

Ron

Subject: RE: EXTERNAL – Revised Term Sheet & summary slides

Hi Ken,

Thank you for passing on the draft. I should send this on to Energy Legal as well in case they have not received it yet. Do you know if Steve Ashbourne of Blakes has been reviewing the term sheet recently and been involved in discussions on this?

This is the first version of the term sheet that we have received since it was sent over to OPG on late June. After that there was a response from Torys dated June 30th with some high level comments on the revised term sheet and an internal Provincial call to discuss the Province's response.

Subsequently there was a meeting of representatives of the Province and OPG on July 13th which Toby and also Tom McKinlay of Energy legal attended to discuss considerations regarding the guarantee. It looks like there have been some further discussions regarding the term sheet and understand that there may have been a meeting on the business side last week but MOF LSB was not asked to participate. In order to provide comments on this term sheet, it will be helpful for us to find out more about what the business discussions have been and what approach the Province wishes to take and also consult with Energy Legal and Blakes.

Is there a track changes version of this term sheet from June? Also, as I recall back in early July, we were going to ask OPG to provide to us some of the more detailed documents and drafts that would be associated with this guarantee such as the Master Trust Indenture, etc. Do you know if OPG has shared any of that with the Province?

Thanks.

Hi John
Just to follow up on Andrew Maciel's commitment to provide us with a revised term sheet for the guarantee reflecting yesterday's discussion, I was wondering if that can be done EOD Monday. I had a chat with Gadi and given some upcoming internal meetings at senior levels it would be helpful to provide the revised guarantee in front of decision makers.
Thanks
Ken k

Hi Ken,
Thank you for passing on the draft. I should send this on to Energy Legal as well in case they have not received it yet. Do you know if Steve Ashbourne of Blakes has been reviewing the term sheet recently and been involved in discussions on this?
This is the first version of the term sheet that we have received since it was sent over to OPG on late June. After that there was a response from Torys dated June 30th with some high level comments on the revised term sheet and an internal Provincial call to discuss the Province's response.
Subsequently there was a meeting of representatives of the Province and OPG on July 13th which Toby and also Tom McKinlay of Energy legal attended to discuss considerations regarding the guarantee. It looks like there have been some further discussions regarding the term sheet and understand that there may have been a meeting on the business side last week but MOF LSB was not asked to participate. In order to provide comments on this term sheet, it will be helpful for us to find out more about what the business discussions have been and what approach the Province wishes to take and also consult with Energy Legal and Blakes.
Is there a track changes version of this term sheet from June? Also, as I recall back in early July, we were going to ask OPG to provide to us some of the more detailed documents and drafts that would be associated with this guarantee such as the Master Trust Indenture, etc. Do you know if OPG has shared any of that with the Province?
Thanks.

Gadi, Ron and John
Pls see the attached revised guarantee and a short presentation on the salient points. It seems to include all of the revisions we requested, however, I will take another more detailed look. Ron and John one section particularly for your review, the Takeout Risk at the end of the Term Sheet indicates the link between the clean energy adjustment and the fair allocation amount as they impact the Takeout risk. I am not very clear about this so you may want to review this closely.
The request for the Letter of Credit still stands however, there is an alternative also provided we have to see tomorrow how comfortable IESO is with the latter.
Thanks
Ken K

Hi John
Just to follow up on Andrew Maciel's commitment to provide us with a revised term sheet for the guarantee reflecting yesterday's discussion, I was wondering if that can be done EOD Monday. I had a chat with Gadi and given some upcoming internal meetings at senior levels it would be helpful to provide the revised guarantee in front of decision makers.
Thanks
Ken k
