the person's gain or loss from the disposition is deemed to be the amount determined by the formula

A × B/C

where

A is the amount of the gain or loss determined without reference to this subsection;

B is the number of calendar months in the period that begins with May 1995 and ends with the calendar month that includes the time of the disposition; and

A × B/C

où :

A représente le montant du gain ou de la perte, déterminé compte non tenu du présent paragraphe;

B le nombre de mois depuis mai 1995 jusqu'au mois qui comprend le moment de la disposition;

C le nombre de mois depuis le mois au cours duquel la personne a acquis le bien pour la dernière fois jusqu'au mois qui comprend le moment de la disposition.

b) dans le cas où une nouvelle perte serait constatée par le contribuable en l'absence de toute application du paragraphe 111(12), le résultat de la multiplication du montant de cette perte, déterminé compte non tenu du présent paragraphe, par (–1);

B le total des sommes représentant chacune la partie du montant d'une perte en capital réalisée par le contribuable avant le moment donné, relativement à la dette en monnaie étrangère et par l'effet du paragraphe 111(12), qu'il est raisonnable d'attribuer, selon le cas :

a) à la partie pertinente de cette dette au moment donné;

b) au montant remis, au sens du paragraphe 80(1), sur cette dette au moment donné;

C le total des sommes représentant chacune la partie du montant d'un gain réalisé par le contribuable avant le moment donné, relativement à la dette en monnaie étrangère et par l'effet du paragraphe 111(12), qu'il est raisonnable d'attribuer, selon le cas :

Sens de gain net imposable tiré de la disposition de biens meubles déterminés

41 (1) Pour l'application de la présente partie, le gain net imposable qu'un contribuable tire, pour une année d'imposition, de la disposition de biens meubles déterminés est égal à la moitié du gain net, déterminé en application du paragraphe (2), qu'il tire pour l'année de la disposition de ces biens.

Détermination du gain net

(2) Le gain net que le contribuable a tiré, pour une année d'imposition, de la disposition de biens meubles déterminés se détermine selon les modalités suivantes :

(a) determine the amount, if any, by which the total of the taxpayer's gains for the year from the disposition of listed personal property, other than property described in subparagraph 39(1)(a)(i.1), exceeds the total of the taxpayer's losses for the year from dispositions of listed personal property, and

(b) deduct from the amount determined under paragraph 41(2)(a) such portion as the taxpayer may claim of the taxpayer's listed-personal-property losses for the 7 taxation years immediately preceding and the 3 taxation years immediately following the taxation year, except that for the purposes of this paragraph

(i) an amount in respect of a listed-personal-property loss is deductible for a taxation year only to the extent that it exceeds the total of amounts deducted under this paragraph in respect of that loss for preceding taxation years,

(ii) no amount is deductible in respect of the listed-personal-property loss of any year until the deductible listed-personal-property losses for previous years have been deducted, and

(iii) no amount is deductible in respect of listed-personal-property losses from the amount determined under paragraph 41(2)(a) for a taxation year except to the extent of the amount so determined for the year,

and the remainder determined under paragraph 41(2)(b) is the taxpayer's net gain for the year from dispositions of listed personal property.

a) calculer l'excédent éventuel du total de ses gains, pour l'année, tiré de la disposition de biens meubles déterminés, à l'exclusion des biens visés par le sous-alinéa 39(1)a)(i.1), sur le total des pertes résultant, pour l'année, de la disposition de biens meubles déterminés;

b) retrancher de la somme calculée conformément à l'alinéa a) la fraction dont le contribuable peut demander la déduction au titre de ses pertes relatives à des biens meubles déterminés pour les 7 années d'imposition qui précèdent l'année d'imposition, ainsi que pour les 3 années d'imposition qui la suivent; toutefois, pour l'application du présent alinéa :

(i) une somme n'est déductible pour une année d'imposition au titre d'une perte relative à un bien meuble déterminé que dans la mesure où elle dépasse le total des sommes déduites, au titre de cette perte, en vertu du présent alinéa pour les années d'imposition antérieures,

(ii) aucune somme n'est déductible au titre d'une perte subie au cours de toute année, relativement à des biens meubles déterminés, jusqu'à ce qu'aient été déduites les pertes relatives à des biens meubles déterminés déductibles au titre d'années antérieures,

(iii) une somme n'est, au titre de pertes relatives à des biens meubles déterminés, déductible de la somme calculée conformément à l'alinéa a) pour une année d'imposition qu'à concurrence de la somme ainsi calculée pour l'année;

Bien convertible

51 (1) Lorsqu'un contribuable acquiert d'une société une action du capital-actions de la société en échange d'une immobilisation du contribuable qui est soit une obligation ou un billet de la société dont les conditions confèrent à son détenteur un tel droit d'échange, soit une autre action de la société (l'obligation, le billet et l'autre action étant chacun appelé « bien convertible » au présent article) et que le contribuable ne reçoit que cette action en contrepartie du bien convertible, les présomptions suivantes s'appliquent :

a) sauf pour l'application des paragraphes 20(21) et 44.1(6) et (7) et de l'alinéa 94(2)m), l'échange est réputé ne pas constituer une disposition du bien convertible;

A × B/C

où :

A représente le prix de base rajusté du bien convertible pour le contribuable immédiatement avant l'échange,

B la juste valeur marchande, immédiatement après l'échange, des actions de la catégorie donnée acquises par le contribuable lors de l'échange,

C la juste valeur marchande, immédiatement après l'échange, de l'ensemble des actions acquises par le contribuable lors de l'échange;

A × B/C

où :

A représente le total des montants déduits en application de l'alinéa 53(2)g.1) dans le calcul, immédiatement avant l'échange, du prix de base rajusté, pour le contribuable, du bien convertible,

A is the total of all amounts deducted under paragraph 53(2)(g.1) in computing, immediately before the exchange, the adjusted cost base to the taxpayer of the convertible property,

B is the fair market value, immediately after the exchange, of that share, and

C is the fair market value, immediately after the exchange, of all the shares acquired by the taxpayer on the exchange,

(d.2) the amount determined under paragraph 51(1)(d.1) in respect of a share shall be added, after the exchange, in computing the adjusted cost base to the taxpayer of the share,

(e) for the purposes of sections 74.4 and 74.5, the exchange shall be deemed to be a transfer of the convertible property by the taxpayer to the corporation, and

(f) where the convertible property is taxable Canadian property of the taxpayer, the share acquired by the taxpayer on the exchange is deemed to be, at any time that is within 60 months after the exchange, taxable Canadian property of the taxpayer.

B la juste valeur marchande de l'action immédiatement après l'échange,

C la juste valeur marchande, immédiatement après l'échange, de toutes les actions acquises par le contribuable lors de l'échange;

b.2) le montant déterminé selon l'alinéa b.1) relativement à une action est à ajouter, après l'échange, dans le calcul du prix de base rajusté de l'action pour le contribuable;

c) pour l'application des articles 74.4 et 74.5, l'échange est réputé être un transfert du bien convertible par le contribuable à la société;

(a) shares of the capital stock of a corporation have been acquired by a taxpayer in exchange for a convertible property in circumstances such that, but for this subsection, subsection 51(1) would have applied,

(b) the fair market value of the convertible property immediately before the exchange exceeds the fair market value of the shares immediately after the exchange, and

(c) it is reasonable to regard any portion of the excess (in this subsection referred to as the "gift portion") as a benefit that the taxpayer desired to have conferred on a person related to the taxpayer,

the following rules apply:

(d) the taxpayer shall be deemed to have disposed of the convertible property for proceeds of disposition equal to the lesser of

(i) the total of its adjusted cost base to the taxpayer immediately before the exchange and the gift portion, and

(ii) the fair market value of the convertible property immediately before the exchange,

les règles suivantes s'appliquent :

d) le contribuable est réputé avoir disposé du bien convertible pour un produit de disposition égal au moindre des montants suivants :

(i) le total du prix de base rajusté pour lui, immédiatement avant l'échange, et de la partie donnée,

(i) the adjusted cost base to the taxpayer of the convertible property immediately before the exchange, and

(ii) the total of the fair market value immediately after the exchange of all the shares acquired by the taxpayer in exchange for the convertible property and the amount that, but for paragraph 51(2)(e), would have been the taxpayer's capital loss on the disposition of the convertible property,

that

(iii) the fair market value, immediately after the exchange, of all the shares of the particular class acquired by the taxpayer on the exchange

is of

(iv) the fair market value, immediately after the exchange, of all the shares acquired by the taxpayer on the exchange.

e) la perte en capital du contribuable résultant de la disposition du bien convertible est réputée nulle;

f) le coût pour le contribuable des actions d'une catégorie donnée acquises en échange du bien convertible est réputé correspondre à la fraction du moindre des montants suivants :

(i) le prix de base rajusté, pour le contribuable, du bien convertible immédiatement avant l'échange,

(ii) le total de la juste valeur marchande, immédiatement après l'échange, des actions que le contribuable a acquises en échange du bien convertible et du montant qui, sans l'alinéa e), aurait été la perte en capital du contribuable résultant de la disposition du bien convertible,

a) est déduit dans ce calcul le résultat du calcul suivant :

(A - B) × C/A

où :

A représente le total des montants représentant chacun le montant éventuel dont le capital versé au titre d'une catégorie d'actions du capital-actions de la société a été augmenté par suite de l'échange, calculé compte non tenu du présent paragraphe dans son application à l'échange

B le capital versé au titre de l'ancienne action immédiatement avant l'échange,

(B) le montant obtenu par la formule suivante :

A + B

où :

e) la société issue de la fusion d'autres sociétés est réputée être la même société que chacune des autres sociétés et en être la continuation;

f) en cas de liquidation d'une société à laquelle le paragraphe 88(1) s'applique, la société mère est réputée être la même société que la filiale et en être la continuation. (*specified corporation*)

Présomption — gain en capital ou produit de disposition

(2) En cas d'application du présent paragraphe à un dividende imposable reçu par un bénéficiaire de dividende, malgré toute autre disposition de la présente loi, les règles ci-après s'appliquent relativement au montant du dividende (à l'exclusion de la partie de celui-ci qui est assujettie à l'impôt prévu à la partie IV qui n'est pas remboursé en raison du paiement d'un dividende par une société lorsqu'un tel paiement fait partie de la série visée au paragraphe (2.1)) :

a) ce montant est réputé ne pas être un dividende reçu par le bénéficiaire de dividende;

b) si le dividende est reçu lors du rachat, de l'acquisition ou de l'annulation d'une action par la société l'ayant émise auquel le paragraphe 84(2) ou (3) s'applique, ce montant est réputé être inclus dans le produit de disposition de l'action qui est rachetée, acquise ou annulée, sauf dans la mesure où le dividende est par ailleurs inclus dans le calcul de ce produit;

c) si l'alinéa b) ne s'applique pas au dividende, ce montant est réputé être un gain du bénéficiaire de dividende, pour l'année au cours de laquelle le dividende a été reçu, provenant de la disposition d'une immobilisation.

Application of subsection (2)

(2.1) Subsection (2) applies to a taxable dividend received by a corporation resident in Canada (in subsections (2) to (2.2) and (2.4) referred to as the ***dividend recipient***) as part of a transaction or event or a series of transactions or events if

(a) the dividend recipient is entitled to a deduction in respect of the dividend under subsection 112(1) or (2) or 138(6);

(b) it is the case that

(i) one of the purposes of the payment or receipt of the dividend (or, in the case of a dividend under subsection 84(3), one of the results of which) is to effect a significant reduction in the portion of the capital gain that, but for the dividend, would have been realized on a disposition at fair market value of any share of capital stock immediately before the dividend, or

(ii) the dividend (other than a dividend that is received on a redemption, acquisition or cancellation of a share, by the corporation that issued the share, to which subsection 84(2) or (3) applies) is received on a share that is held as capital property by the dividend recipient and one of the purposes of the payment or receipt of the dividend is to effect

(A) a significant reduction in the fair market value of any share, or

(B) a significant increase in the cost of property, such that the amount that is the total of the cost amounts of all properties of the dividend recipient immediately after the dividend is significantly greater than the amount that is the total of the cost amounts of all properties of the dividend recipient immediately before the dividend; and

(c) the amount of the dividend exceeds the amount of the income earned or realized by any corporation — after 1971 and before the safe-income determination time for the transaction, event or series — that could reasonably be considered to contribute to the capital gain that could be realized on a disposition at fair market value, immediately before the dividend, of the share on which the dividend is received.

Application du paragraphe (2)

(2.1) Le paragraphe (2) s'applique à un dividende imposable reçu par une société résidant au Canada (appelée ***bénéficiaire de dividende*** aux paragraphes (2) à (2.2) et (2.4)) dans le cadre d'une opération, d'un événement ou d'une série d'opérations ou d'événements si les énoncés ci-après se vérifient :

a) le bénéficiaire de dividende a droit à une déduction en vertu des paragraphes 112(1) ou (2) ou 138(6) relativement au dividende;

b) l'un des faits ci-après s'avère :

(i) l'un des objets du paiement ou de la réception du dividende (ou, dans le cas d'un dividende visé au paragraphe 84(3), l'un de ses résultats) a été de diminuer sensiblement la partie du gain en capital qui, sans le dividende, aurait été réalisée lors d'une disposition d'une action du capital-actions à la juste valeur marchande effectuée immédiatement avant le dividende,

(ii) le dividende — à l'exception d'un dividende qui a été reçu lors du rachat, de l'acquisition ou de l'annulation d'une action par la société l'ayant émise auquel le paragraphe 84(2) ou (3) s'applique — a été reçu sur une action qui est détenue à titre d'immobilisation par le bénéficiaire de dividende et l'un des objets du paiement ou de la réception du dividende est, selon le cas :

(A) de diminuer sensiblement la juste valeur marchande d'une action,

(B) d'augmenter sensiblement le coût des biens de sorte que le montant qui correspond au total des coûts indiqués des biens du bénéficiaire de dividende immédiatement après le dividende soit sensiblement supérieur au montant qui correspond au total des coûts indiqués des biens du bénéficiaire de dividende immédiatement avant le dividende;

c) le montant du dividende est supérieur au montant du revenu gagné ou réalisé par une société — après 1971 et avant le moment de détermination du revenu protégé quant à l'opération, à l'événement ou à la série d'opérations ou d'événements — qu'il serait raisonnable de considérer comme contribuant au gain en capital qui aurait été réalisé lors d'une disposition à la juste valeur marchande, effectuée immédiatement avant le dividende, de l'action sur laquelle le dividende a été reçu.

Special rule — amount of the stock dividend

(2.2) For the purpose of applying subsections (2), (2.1), (2.3) and (2.4), the amount of a stock dividend and the dividend recipient's entitlement to a deduction under subsection 112(1) or (2) or 138(6) in respect of the amount of that dividend are to be determined as if paragraph (b) of the definition ***amount*** in subsection 248(1) read as follows:

(b) in the case of a stock dividend paid by a corporation, the greater of

(i) the amount by which the paid-up capital of the corporation that paid the dividend is increased by reason of the payment of the dividend, and

(ii) the fair market value of the share or shares issued as a stock dividend at the time of payment,

Stock dividends and safe income

(2.3) If this subsection applies in respect of a stock dividend

(a) the amount of the stock dividend is deemed for the purpose of subsection (2) to be a separate taxable dividend to the extent of the portion of the amount that does not exceed the amount of the income earned or realized by any corporation — after 1971 and before the safe-income determination time for the transaction, event or series — that could reasonably be considered to contribute to the capital gain that could be realized on a disposition at fair market value, immediately before the dividend, of the share on which the dividend is received; and

(b) the amount of the separate taxable dividend referred to in paragraph (a) is deemed to reduce the amount of the income earned or realized by any corporation — after 1971 and before the safe-income determination time for the transaction, event or series — that could reasonably be considered to contribute to the capital gain that could be realized on a disposition at fair market value, immediately before the dividend, of the share on which the dividend is received.

Application of subsection (2.3)

(2.4) Subsection (2.3) applies in respect of a stock dividend if

(a) a dividend recipient holds a share upon which it receives the stock dividend;

Règle spéciale — montant du dividende en actions

(2.2) Pour l'application des paragraphes (2), (2.1), (2.3) et (2.4), le montant d'un dividende en actions et le droit du bénéficiaire de dividende à une déduction en vertu des paragraphes 112(1) ou (2) ou 138(6) relativement au montant de ce dividende sont déterminés comme si l'alinéa b) de la définition de ***montant*** au paragraphe 248(1) avait le libellé suivant :

b) dans le cas d'un dividende en actions payé par une société, le plus élevé des montants suivants :

(i) le montant correspondant à l'augmentation, découlant du versement du dividende, du capital versé de la société qui a versé le dividende,

(ii) la juste valeur marchande de l'action ou des actions émises à titre de dividendes en actions au moment du versement;

Dividende en actions et revenu protégé

(2.3) En cas d'application du présent paragraphe à l'égard d'un dividende en action, les règles ci-après s'appliquent :

a) le montant du dividende en actions est réputé, pour l'application du paragraphe (2), être un dividende imposable distinct jusqu'à concurrence de la partie du montant qui n'excède pas le montant du revenu gagné ou réalisé par une société — après 1971 et avant le moment de détermination du revenu protégé quant à l'opération, à l'événement ou à la série d'opérations ou d'événements — qu'il serait raisonnable de considérer comme contribuant au gain en capital qui aurait été réalisé lors d'une disposition à la juste valeur marchande, effectuée immédiatement avant le dividende, de l'action sur laquelle le dividende a été reçu;

b) le montant du dividende imposable distinct visé à l'alinéa a) est réputé réduire le montant du revenu gagné ou réalisé par une société — après 1971 et avant le moment de détermination du revenu protégé quant à l'opération, à l'événement ou à la série d'opérations ou d'événements — qu'il serait raisonnable de considérer comme contribuant au gain en capital qui aurait été réalisé lors d'une disposition à la juste valeur marchande, effectuée immédiatement avant le dividende, de l'action sur laquelle le dividende a été reçu.

Application du paragraphe (2.3)

(2.4) Le paragraphe (2.3) s'applique à l'égard d'un dividende en actions si les énoncés ci-après se vérifient :

a) un bénéficiaire de dividende détient une action sur laquelle il reçoit le dividende en actions;

(b) the fair market value of the share or shares issued as a stock dividend exceeds the amount by which the paid-up capital of the corporation that paid the stock dividend is increased because of the dividend; and

(c) subsection (2) would apply to the dividend if subsection (2.1) were read without reference to its paragraph (c).

b) la juste valeur marchande de l'action ou des actions émises au titre d'un dividende en actions est supérieure au montant correspondant à l'augmentation, découlant du versement du dividende en actions, du capital versé de la société qui a versé le dividende;

c) le paragraphe (2) s'appliquerait au dividende si le paragraphe (2.1) s'appliquait compte non tenu de son alinéa c).

Determination of reduction in fair market value

(2.5) For the purpose of applying clause (2.1)(b)(ii)(A), whether a dividend causes a significant reduction in the fair market value of any share is to be determined as if the fair market value of the share, immediately before the dividend, was increased by an amount equal to the amount, if any, by which the fair market value of the dividend received on the share exceeds the fair market value of the share.

Détermination de la réduction de la juste valeur marchande

(2.5) Pour l'application de la division (2.1)b)(ii)(A), la détermination selon laquelle un dividende diminue sensiblement la juste valeur marchande d'une action s'effectue comme si la juste valeur marchande de l'action, immédiatement avant le dividende, était additionnée d'un montant égal à l'excédent de la juste valeur marchande du dividende reçu sur l'action sur la juste valeur marchande de l'action.

Application

(3) Subsection 55(2) does not apply to any dividend received by a corporation (in this subsection and subsection 55(3.01) referred to as the "dividend recipient")

(a) in the case of a dividend that is received on a redemption, acquisition or cancellation of a share, by the corporation that issued the share, to which subsection 84(2) or (3) applies, if, as part of a transaction or event or a series of transactions or events as a part of which the dividend is received, there was not at any particular time

(A) money disposed of on the payment of a dividend or on a reduction of the paid-up capital of a share, and

(B) property disposed of for proceeds that are not less than its fair market value,

Exception

(3) Le paragraphe (2) ne s'applique pas à un dividende reçu par une société (appelée « bénéficiaire de dividende » au présent paragraphe et au paragraphe (3.01)) si, selon le cas :

a) la somme a été incluse, en application des articles 5 ou 6, dans le calcul du revenu du contribuable donné pour l'année, ou l'aurait été si elle avait été reçue au cours de cette année;

Application of subsection (7) and section 69 — special rules

(8) For the purpose

(a) of applying subsection (7), clause (7)(b)(ii)(A) and subclause (7)(c)(i)(B)(I) apply to a grant of a restrictive covenant only if

(i) the consideration that can reasonably be regarded as being in part the consideration for the restrictive covenant is received or receivable by the vendor or the vendor's eligible corporation, as the case may be, as consideration for the disposition of the property, and

(ii) if all or a part of the consideration can reasonably be regarded as being for a goodwill amount, subsection (2), paragraph (3)(b), subparagraph (7)(b)(i) or clause (7)(c)(i)(A) applies to that consideration; and

(b) of determining if the conditions described in paragraph (7)(c) have been met, and for the purpose of applying section 69, in respect of a restrictive covenant granted by a vendor, the fair market value of a property is the amount that can reasonably be regarded as being the fair market value of the property if the restrictive covenant were part of the property.

Application du paragraphe (7) et de l'article 69 — règles spéciales

(8) Les règles ci-après s'appliquent dans les cas suivants :

a) pour l'application du paragraphe (7), la division (7)b)(ii)(A) et la subdivision (7)c)(i)(B)(I) ne s'appliquent à l'octroi d'une clause restrictive que si les conditions ci-après sont réunies :

(i) la contrepartie qu'il est raisonnable de considérer comme étant en partie la contrepartie de la clause restrictive est reçue ou à recevoir par le vendeur ou par sa société admissible, selon le cas, en contrepartie de la disposition du bien,

(ii) dans le cas où il est raisonnable de considérer que la totalité ou une partie de la contrepartie se rapporte à un montant pour achalandage, le paragraphe (2), l'alinéa (3)b), le sous-alinéa (7)b)(i) ou la division (7)c)(i)(A) s'appliquent à cette contrepartie;

b) lorsqu'il s'agit de déterminer si les conditions énoncées à l'alinéa (7)c) sont remplies, et pour l'application de l'article 69, relativement à une clause restrictive accordée par un vendeur, la juste valeur marchande d'un bien correspond à la somme qu'il serait raisonnable de considérer comme étant la juste valeur marchande du bien si la clause restrictive faisait partie de celui-ci.

Anti-avoidance rule — non-application of paragraph (3)(c)

(9) Paragraph (3)(c) does not apply to an amount that would, if this Act were read without reference to subsections (2) to (14), be included in computing a taxpayer's income from a source that is an office or employment or a business or property under paragraph 3(a).

Anti-avoidance — non-application of subsection (7)

(10) Subsection (7) does not apply in respect of a taxpayer's grant of a restrictive covenant if one of the results of not applying section 68 to the consideration received or receivable in respect of the taxpayer's grant of the restrictive covenant would be that paragraph 3(a) would not apply to consideration that would, if this Act were read without reference to subsections (2) to (14), be included in computing a taxpayer's income from a source that is an office or employment or a business or property.

Clarification if subsection (2) applies — where another person receives the amount

(11) For greater certainty, if subsection (2) applies to include in computing a taxpayer's income an amount received or receivable by another taxpayer, that amount is not to be included in computing the income of that other taxpayer.

Clarification if subsection (5) applies

(12) For greater certainty, if subsection (5) applies in respect of a restrictive covenant,

(a) the amount referred to in paragraph (6)(f) is to be added in computing the amount received or receivable by the vendors as consideration for the disposition of the interest or right referred to in paragraph (6)(b); and

(b) the amount that can reasonably be regarded as being in part consideration received or receivable for a restrictive covenant to which clause (7)(b)(ii)(B) or subclause (7)(c)(i)(B)(II) applies is to be added in computing the consideration that is received or receivable by each taxpayer who disposes of shares of the target corporation, or shares of the family corporation, as the case may be, to the extent of the portion of the consideration that is received or receivable by that taxpayer.

Filing of prescribed form

(13) For the purpose of paragraphs (3)(b) and (c) and subsection (7), an election in prescribed form filed under any of those provisions is to include a copy of the restrictive covenant and be filed

Règle anti-évitement — non-application de l'alinéa (3)c)

(9) L'alinéa (3)c) ne s'applique pas à la somme qui, en l'absence des paragraphes (2) à (14), serait incluse dans le calcul du revenu d'un contribuable provenant d'une source qui est une charge, un emploi, une entreprise ou un bien selon l'alinéa 3a).

Anti-évitement — non-application du paragraphe (7)

(10) Le paragraphe (7) ne s'applique pas relativement à l'octroi d'une clause restrictive par un contribuable dans le cas où le fait de ne pas appliquer l'article 68 à la contrepartie reçue ou à recevoir pour avoir accordé la clause restrictive aurait notamment pour résultat que l'alinéa 3a) ne s'appliquerait pas à toute contrepartie qui, en l'absence des paragraphes (2) à (14), serait incluse dans le calcul du revenu d'un contribuable provenant d'une source qui est une charge, un emploi, une entreprise ou un bien.

Précision en cas d'application du paragraphe (2) — somme reçue par une autre personne

(11) Il est entendu que toute somme reçue ou à recevoir par un contribuable qui est incluse, par l'effet du paragraphe (2), dans le calcul du revenu d'un autre contribuable n'est pas à inclure dans le calcul du revenu du premier contribuable.

Précision en cas d'application du paragraphe (5)

(12) Il est entendu que, si le paragraphe (5) s'applique relativement à une clause restrictive :

a) la somme visée à l'alinéa (6)f) est à ajouter dans le calcul de la somme reçue ou à recevoir par les vendeurs en contrepartie de la disposition de l'intérêt ou du droit visé à l'alinéa (6)b);

b) la somme qu'il est raisonnable de considérer comme étant en partie la contrepartie reçue ou à recevoir pour une clause restrictive à laquelle la division (7)b)(ii)(B) ou la subdivision (7)c)(i)(B)(II) s'applique est à ajouter dans le calcul de la contrepartie qui est reçue ou à recevoir par chaque contribuable qui dispose d'actions de la société cible ou d'actions de la société familiale, selon le cas, jusqu'à concurrence de la partie de la contrepartie qui est reçue ou à recevoir par le contribuable.

Production du formulaire prescrit

(13) Pour l'application des alinéas (3)b) et c) et du paragraphe (7), le choix présenté sur le formulaire prescrit selon ces dispositions doit être accompagné d'une copie de

(a) if the person who granted the restrictive covenant was a person resident in Canada when the restrictive covenant was granted, by the person with the Minister on or before the person's filing-due date for the taxation year that includes the day on which the restrictive covenant was granted; and

(b) in any other case, with the Minister on or before the day that is six months after the day on which the restrictive covenant is granted.

a) si la personne ayant accordé la clause restrictive résidait au Canada au moment où celle-ci a été accordée, le choix est présenté par la personne au ministre au plus tard à la date d'échéance de production qui lui est applicable pour l'année d'imposition qui comprend le jour où la clause restrictive a été accordée;

b) dans les autres cas, le choix est présenté au ministre au plus tard le jour qui suit de six mois le jour où la clause restrictive est accordée.
