Program Description

The Auditor General, who is an Officer of the Assembly, conducts independent audits of government programs, the financial statements of the Province and numerous agencies of the Crown, broader public-sector organizations, and reviews under the authority of the *Auditor General Act* and various other statutes and authorities. The results of these audits and reviews provide assurance, objective information and advice to the Legislative Assembly. In doing so, the Office of the Auditor General assists the Assembly in holding the government, its administrators, and grant recipients accountable for their stewardship of public funds and for the achievement of value-for-money in the delivery of services to the public.

Additionally, under the *Government Advertising Act, 2004*, the Auditor General is required to review specified types of advertising and certain printed matter proposed by government offices to determine whether they meet the standards required by that Act.

Under both Acts, the Auditor General reports the results of the work conducted each year directly to the Legislative Assembly.

As required by the *Fiscal Transparency and Accountability Act, 2004*, in an election year the Auditor General is also required to review and report on the reasonableness of a Pre-Election Report prepared by the Ministry of Finance.

Program Description

The Office conducts general elections and by-elections of Members to the Legislative Assembly and provides research, public information and policy advice relating to the electoral process. The Office also trains, directs and supervises the returning officer in each of the 107 electoral districts.

The Chief Electoral Officer also administers the *Election Finances Act*. Over 400 Constituency Associations and 13 registered political parties must file annual returns and inform Elections Ontario of any changes to registration information. Any form filed with Elections Ontario is reviewed for compliance with the *Election Finances Act.*

The Office has responsibility to administer referenda under the *Taxpayer Protection Act*, 1999.

The Office serves Ministries, agencies and the public on a continuing basis by conducting historical and comparative research and providing policy advice and general information regarding the electoral process.

Program Description

Children and Youth Services programs include Healthy Child Development, Children and Youth at Risk, Specialized Services and Ontario Child Benefit. Healthy Child Development supports Best Start demonstration communities, early identification and intervention services such as the Preschool Speech and Language program, Healthy Babies Healthy Children and family and community support programs. Children and Youth at Risk includes Child Protection, residential and community-based programs and services, Child and Youth Mental Health, Aboriginal children and youth, services for youth in high-needs neighbourhoods (including employment and outreach) and Youth Justice Services for youth in, or at risk for, conflict with the law. Specialized Services include services for children and youth with Autism Spectrum Disorders, children's rehabilitation services and enhanced and out-of-home respite programs. The Ontario Child Benefit is an income-tested financial benefit that supports low income families with children under the age of 18, whether they are working or not. The Ontario Child Benefit equivalent is provided to children's aid societies to provide children and youth in care with increased access to social, educational and recreational opportunities and savings to prepare for leaving care.

Program Description

Effective and accountable community-based services are directed to those most in need, in the fairest possible manner. Ontarians in need, including persons with disabilities, can access income and employment supports to help them move towards self-sufficiency. The Family Responsibility Office is an enforcement program working with support payors and support recipients to meet their family support responsibilities. Adult community services support families and communities to help vulnerable adults, including services for people with developmental disabilities and other special needs, women who have experienced domestic violence, and aboriginal people through the Aboriginal Healing and Wellness Strategy. The Accessibility Directorate of Ontario leads the implementation of the *Accessibility for Ontarians with Disabilities Act, 2005* and the *Ontarians with Disabilities Act, 2001* to achieve accessibility for Ontarians with disabilities through the development and enforcement of accessibility standards, public education and guidance, tools and resources for accessibility planning and programming.

Program Description

Reporting to the Commissioner of the Ontario Provincial Police, the OPP is responsible for providing direct front line policing services in hundreds of municipalities and First Nations communities throughout the province. The OPP investigates province-wide and cross-jurisdictional crimes including complex frauds and organized criminal activity. In addition, the OPP patrols provincial highways and is responsible for many of the waterways and trail systems in the province. The OPP maintains specialized provincial registries, e.g., Violent Crimes Linkages Analysis System and the Ontario Sex Offender Registry. Oversight of provincial strategies such as child exploitation and biker enforcement are responsibilities of the OPP. Included as part of its provincial mandate, the OPP also provides emergency services support, is responsible for security for high profile international events, and delivers specialized security and protection services for the Government of Ontario throughout the province.

Program Description

Reporting to the Deputy Minister of Community Safety, this section captures resources and services dedicated to the public safety and security of Ontarians. This is achieved through the efforts of the Office of the Chief Coroner and Ontario Forensic Pathology Service, Office of the Fire Marshal, and Emergency Management Ontario. All are devoted to the rapid identification of issues and their resolution through effective mitigation, prevention, preparedness, response, recovery, scientific, investigative, business continuity and public education initiatives. The section strives to be a leader in ensuring that all of Ontario's diverse communities are safe and secure thereby supporting the government in its priority of stronger, safer communities.

Program Description

Reporting to the Deputy Minister of Community Safety and the Deputy Minister of Correctional Services, this division is responsible for leading a number of Ministry wide functions including legislation and policy development exercises in support of Ministry police, corrections, public safety and emergency management activities. Within this scope, this division also coordinates Aboriginal policy on behalf of the Ministry. In addition, the division is responsible for Ministry strategic planning, project management, policy research and evaluation, developing and monitoring performance measures and coordinating the Ministry's Federal-Provincial-Territorial activities.

Program Description

This program supports economic growth and job creation in Ontario by: attracting investment in key business clusters and sectors, and administering related funding programs; providing assistance to Ontario industry sectors and communities facing economic challenges; providing leadership in the development of economic policies across government; modernizing government and improving services to business through the enterprise-wide Open for Business initiative; promoting Ontario as a premier investment location and world class provider of goods and services; increasing Ontario's trade by providing assistance to Ontario firms to begin exporting or expand into new markets; leveraging Ontario's 10 International Marketing Centres and the Ontario Investment and Trade Centre to attract business immigrants, foreign companies and new investment to create jobs in key strategic sectors; supporting Ontario's high-performing small and medium enterprises through 12 regional Business Advisory Services offices; providing programs and services that assist with business start-up and early stage growth through Ontario's network of 57 Small Business Enterprise Centres; and promoting entrepreneurship as a viable career option among Ontario's youth.

Program Description

The program provides policy and program direction, as well as financial support, to elementary and secondary schools and agencies in Ontario in order to foster and sustain a high-quality education system for all students in this province, no matter where they live. The program aims to achieve three primary outcomes: excellence in student achievement; preparation of all students for success in further education, work, and community life; and improvement of Ontario's ability to compete in a global marketplace.

Key components of the program are: supporting the implementation of a rigorous curriculum, supporting student learning and maintaining challenging standards of achievement, and supporting excellence in teaching; provision of financial support to a streamlined and efficient education system with a focus on teaching and learning in the classroom, accountability for the funding of elementary and secondary education, and operation of provincial schools for the deaf, blind, deaf/blind and students with learning disabilities.

Program Description

Reliable and high quality child care is an essential part of a seamless, integrated system that supports early learning for children.

The integration of child care and early learning enhances education results by providing a continuum of care and education for children aged 0 to 12, creates a focus on healthy child development and school readiness outcomes, and maintains municipal responsibility for child care service system management.

Program Description

This program is responsible for developing Ontario's energy policy framework, which is central to the building of a strong and prosperous economy. It provides leadership and support to the energy sector to ensure clean, reliable, cost-effective and sustainable energy supply, transmission and distribution systems. The program supports energy conservation and efficiency, the development of cleaner forms of energy, and the implementation of the *Green Energy and Green Economy Act, 2009.* This program also facilitates the participation of Aboriginal peoples in the development and implementation of renewable energy projects and transmission and distribution systems.

* Includes a Post Fiscal Year End Treasury Board Order of $180,000,000 related to the relocation costs for the Greenfield South plant and $10,000,000 for an Ontario Electricity Financial Corporation litigation settlement involving the Keele Valley facility.

Program Description

The Electricity Price Mitigation program assists consumers with the transition to a reliable and cleaner electricity system and complements existing tax-related mitigation benefits. The Ontario Clean Energy Benefit is a measure to provide direct relief to eligible electricity consumers, providing a benefit equal to 10 percent of the total cost of electricity on their electricity bills including tax, effective January 1, 2011. Eligible consumers include residential, farm, small business, and other small users who use less than 250,000 kWh per year.

Program Description

This program supports the goal of improving the air Ontarians breathe by developing legislation, policies and programs to address air pollution that has local, regional and/or global effects. This program also supports the government's climate change and toxics reduction strategies, provides air quality monitoring and ensures compliance with Ministry regulations.

Program Description

This program, which includes the Offices of the Minister and Deputy Minister, delivers planning, advisory, legal, and controllership functions to ensure direction and management of operating programs consistent with Ontario Government policy and legislative directions. In addition, the program manages the service and accountability relationships with the Ontario Internal Audit Division, HROntario and Ontario Shared Services, ensures proper levels of support to the Ministry of Finance, the Ministry of Revenue and their client groups, and strategically manages the ministries' quality service commitments.

Program Description

The functions of the Office of Taxation, Agencies and Pensions include tax and inter-governmental taxation, pension and income security policy development and legislation, and quantitative analysis and research. The Office is responsible for tracking emerging trends and developments and identifying the economic and fiscal implications of tax, pension and income security policies, and for advising and assisting the Deputy Minister of Finance, the Minister and the government in formulating major economic, quantitative, fiscal and policy documents. The Office is also responsible for facilitating the Minister's oversight and accountability of the Liquor Control Board of Ontario, the Ontario Lottery and Gaming Corporation and the Ontario Racing Commission and for managing the government's Deposit Return Program for beverage alcohol containers.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision.

In this regard, $531,116,400 of the "Contingencies" appropriations were allocated during the year to the programs and activities of various ministries. The actual costs incurred were not charged against the "Contingencies" activity but rather against those programs and activities to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

Program Description

This program develops and implements sound economic and fiscal strategies to stimulate economic growth and job creation; forecasts, monitors and reports on the performance of the Ontario economy; provides expertise and advice on sound economic design of government initiatives; develops demographic forecasts for Ontario; develops the policy and legislative framework for Ontario's financial services industry; develops and implements a fiscal and financial management framework for the public sector in Ontario; assists the Minister of Finance and the government in formulating Ontario's federal-provincial finance policy; develops, monitors and reports on the fiscal plan and results for the province; provides policy advice to clients, managers, and decision makers in the areas of accounting, fiscal and financial management; and fosters greater accountability and fiscal integrity in the public sector in Ontario. The program advises on assessment and property tax policy, grants to municipalities, and education tax rates. It also monitors the fiscal and financial relationship between the province and the municipalities, including providing transfer payments to municipalities. It also reflects the transfer of dedicated electricity earnings from the Province to the Ontario Electricity Financial Corporation.

Office of the Budget and Treasury Board assists the Minister and Deputy Minister of Finance and the government in formulating the fiscal plan and results of the Province through the Ontario Budget, Ontario Quarterly Finances, Economic Outlook and Fiscal Review, and Public Accounts. Additionally, the program supports Treasury Board/Management Board of Cabinet by providing advice on ministries' annual multi-year Results-based Plans and ministries' management of in-year expenditures to ensure the appropriate use of public resources to meet government priorities. The Program also provides the Ontario Public Service and Broader Public Sector with accounting and financial management policy and controllership advice, prepares the Pre-Election Report on Ontario's Finances, provides support to the Minister of Finance and the government in formulating Ontario's strategies with respect to federal-provincial fiscal arrangements, and facilitates integrated supply chain and back office leading practices in Ontario's broader public sector.

Program Description

The Financial Services Commission of Ontario (FSCO) regulates the province's financial services sector, including insurance companies, pension plans, credit unions, caisses populaires, mortgage brokers, agents and administrators, loan and trust companies, and co-operatives. FSCO also makes recommendations to the Minister of Finance on matters affecting these sectors. In addition, FSCO is responsible for the administration of the Motor Vehicle Accident Claims Fund (MVACF) which compensates people injured in automobile accidents in Ontario where there is no other insurance available to respond to the claim. FSCO is also responsible for the administration of the Pension Benefits Guarantee Fund (PBGF). The PBGF pays a minimum level of pension benefits if a plan is wound up with insufficient assets.

FSCO works with the Ministry of Finance, consumers and industry stakeholders to protect the public interest, enhance public confidence, and create a business climate that promotes Ontario's domestic and international competitiveness.

Program Description

This program advises government, its ministries and agencies on matters concerning Francophone Affairs and the provision of French-language services. It develops policies and programs pertaining to the government's French-language services. It monitors and oversees the implementation by ministries of the *French Language Services Act* and makes recommendations concerning the addition of new designated areas to the schedule and the designation of transfer payment agencies under the Act. It evaluates the quality, quantity and appropriateness of services delivered by ministries to the Francophone population. It provides information, advice, expertise and assistance to the Francophone community. It also transfers federal funding to other ministries and agencies for projects that are funded under the Canada-Ontario Agreement on French-Language Services.

Program Description

The Ministry Administration program provides administrative and support services to enable the ministry to deliver results for the government's objectives and fiscal priorities. Its functions include financial management, human resources, accommodations and facilities management, legal, communications, planning and results monitoring. The program assists and supports ministry program areas in achieving their business goals.

Program Description

The Human Resources Services Program supports the government's commitment to be a responsive and innovative world leader in customer service by having a skilled and innovative workforce. HROntario delivers integrated HR and business transformation services that support ministries' business objectives, and develops and implements strategies and policies that make the OPS an employer of first choice. The program also co-ordinates internal security in the OPS. The Diversity Office supports the OPS's vision of being an inclusive, diverse, equitable and accessible organization that delivers excellent public service and supports all employees in achieving their full potential. As a centre of excellence, the Diversity Office has the lead for assisting the OPS to become compliant with the *Accessibility for Ontarians with Disabilities Act* (AODA). The Office is also responsible for providing innovative and strategic OPS-wide programs and services to help ministries achieve their inclusion and accessibility goals. The Labour Relations Secretariat has the capacity to analyze internal and external factors that drive collective bargaining outcomes to develop comprehensive strategies and provide guidance and advice related to bargaining. It provides oversight and strategic advice on OPS and Broader Public Sector collective bargaining.

Program Description

The Enterprise Business Services Program is responsible for improving delivery of internal and external government-wide services to meet the needs of Ontarians and the OPS. All service delivery programs are focusing on transforming and improving government services. The Corporate Information and Information Technology Program provides leadership and information technology in government. This includes policy, the implementation of common infrastructure, governance and accountability. It also includes the delivery of OPS-wide common services such as computer processing and network facilities. Ontario Shared Services is the Ontario Government's business and employee service provider for back office administration and supply chain management service. It provides strategic advice, controllership and cost-effective service delivery in financial processing, payroll and benefits processing, benefit administration, supply chain management and enterprise business services. Information, Privacy and Archives promotes good recordkeeping practices across the government and provides strategic leadership for freedom of information and privacy protection, information security and privacy classification, and intellectual property. It collects, manages and preserves the archival records of Ontario, promotes public access to Ontario's historic documents and records, and delivers responsible stewardship of the Government of Ontario's art collection. The Ontario Public Service Green Office, created in September 2008, provides strategic leadership to ministries in the greening of government operations. Its mandate is to ensure actions are in place to reduce the government's carbon footprint and other environmental impacts, help create sustainable business practices and build a green organizational culture. The Office is leading the implementation of the government-approved multi-year OPS Green Transformation Strategy, which commits the government to greenhouse gas reduction targets arising from government operations and business improvements that support and align with the broader emission targets set out in the province's Climate Change Action Plan. The Enterprise Services Cluster (ESC) provides leadership and cost-effective support to its clients for enhancing government services and works with the enterprise I&IT program to enable the underlying Information Technology solutions necessary for MGS to modernize government operations and provide cost-effective services to internal clients across the Ontario Public Service.

Program Description

A number of agencies, boards and commissions associated with MGS provide oversight to ensure effective governance, accountability, and relationship management: The Licence Appeal Tribunal hears appeals about compensation claims and licensing activities regulated under various ministries' statutes. The Advertising Review Board is designated as a mandatory central service for the procurement of advertising, public and media relations, and creative communications services for the OPS. This helps ensure ministries and government agencies acquire these services in a manner that is fair, open, transparent and accessible to qualified suppliers. The Conflict of Interest Commissioner has responsibility for certain conflict of interest and political activity matters as they apply to employees of ministries and public bodies as well as to individuals appointed to public bodies. The Commissioner handles requests for advice or rulings from deputy ministers, chairs of public bodies, and other designated individuals on specific conflict of interest or political activity matters.

Program Description

ServiceOntario is the government's service gateway for information and routine transactions for individuals and businesses. ServiceOntario is making it easier for Ontarians to get government services by providing support in-person, at kiosks, by mail, telephone and online. ServiceOntario is modernizing its service delivery network to improve service access and quality, and reduce wait times. It is integrating services and consolidating locations so more Ontarians will be able to do "one-stop-shopping" for licensing and registration services. Aligned with the ServiceOntario program and Corporate I&IT program, the Government Services Cluster provides strategic advice and cost-effective technology solutions for ServiceOntario and ministry partners in implementing key businesses objectives as well as modernizing government services via public-facing online applications.

Program Description

Ministry Administration provides support to the Minister of Health and Long-Term Care to meet the requirements of the Ministry's Portfolio, Ministry management, accountability and controllership frameworks to ensure the cost-effective/efficient use of resources to achieve business results.

A broad range of strategic and operational services essential to the effective delivery of Ministry programs is provided, including business, fiscal and health capital planning; health system investment and funding policies and decisions; audit; supply chain and facilities, contract management and record management; government pharmacy; strategic human resources including talent management, workforce planning and strategies, organizational capacity and engagement, health, safety and wellness and strategic labour relations; freedom of information, protection of privacy, and personal health information protection; submission coordination and Cabinet Office liaison; public appointments process; legal; communications and information.

Also, funding is provided for administrative support to the Ontario Review Board, Consent and Capacity Board, Health Services Appeal and Review Board, Health Professions Appeal and Review Board, and the Ontario Hepatitis C Assistance Plan Review Committee.

Program Description

The Health Policy and Research Program integrates health system research evidence, strategy and program policy to provide strategic directions for Ontario's health system. System-wide planning allows the Ministry to: support legislation and policy development; monitor alignment with the strategic directions; select and manage portfolios, strategy and other initiatives within the Ministry to further health system and health human resource goals. The work here includes investment and oversight of health research, the strategic policy and planning relating to the supply, mix, distribution, recruitment, retention, scoping of practice and training of health providers. The regulation of health professionals is a related activity.

Program Description

eHealth ensures that information and information technology are used to improve and modernize Ontario's health care system, and to improve the quality of and access to health care services. Health System Information Management and Investment provides health information which enables evidence-based decision-making for a sustainable health care system in Ontario. eHealth Ontario provides the information infrastructure required to facilitate the secure electronic communication and exchange of personal information among Ontario's health care providers and supports the Ministry's eHealth initiatives.

Program Description

The Ontario Health Insurance Program vote includes key elements of Ontario's health care system: client eligibility and health card policies, physicians' payments for services that are insured under the Health Insurance Act, other practitioners' payments, out-of-province/out-of-country services, independent health facilities, midwifery services, cancer screening, drugs, community laboratories, assistive devices including home oxygen, payment integrity, and protection from health-related fraudulent activity.

Ontario health services are available from health professionals in various settings from family doctors' offices to academic health science centres, to hospitals, to Telehealth Ontario and Telephone Health Advisory Service where triage advice and health information is provided by a registered nurse. Government-funded services are available to Ontarians who have registered, and who are eligible for the Ontario Health Insurance. The Underserviced Area Program and the Northern Health Travel Grant Program offer a number of integrated supports that provide rural and northern communities with access to needed health care services. The focus for Disease Prevention is on improving health and health care for Ontarians living with or at high risk of developing diabetes, congestive heart failure, chronic obstructive pulmonary disease and hypertension. The Ontario Diabetes Strategy leverages new and existing investments to improve access to, and quality of, diabetes services and care and to enhance prevention and improve disease management. Early detection and intervention for better health outcomes is the driving force behind other preventative care initiatives such as Integrated Cancer Screening to promote breast, cervical and colorectal cancer screening. Health Quality Ontario is the new provincial infrastructure to accelerate evidence-based, high quality health care to contribute to a sustainable health system.

Program Description

The goal of the Public Health Program is to protect and enhance health, prevent the onset of disease and premature death of Ontarians at all stages of life. The mandate of Public Health includes the entire spectrum of infectious diseases, chronic diseases and injury prevention, healthy child development, family and community health, and environmental health - all with a focus on the underlying determinants of health and illness. This Program focuses health resources on prevention and early interventions. The program:
- sets standards and protocols, provides funding to Ontario's public health system, including boards of health, related associations and the Ontario Agency for Health Protection and Promotion, and ensures accountability of the system.
- includes the Chief Medical Officer of Health, who has independent powers and a responsibility to report annually on the state of public health to the Legislative Assembly of Ontario.
- partners with the Ontario Agency for Health Protection and Promotion which supports public health at the provincial and local levels through scientific advice, education and training and field support as required.

Program Description

As steward for the integrity and long-term sustainability for Ontario's health care system, the Ministry is collaborating with 14 Local Health Integration Networks (LHINs) to promote a patient-focussed, value driven, integrated and co-ordinated health care system. While the Ministry provides strategic direction and guidance, the LHINs are responsible for planning, integrating and funding health service providers in their local health systems. The LHINs exercise their authority under the Local Health System Integration Act, 2006. Additional responsibilities and performance expectations are set out in the Memorandum of Understanding and Accountability Agreement with the Ministry of Health and Long-Term Care. The LHINs have the flexibility to address unique local health needs and priorities through the management of services of public hospitals, specialty psychiatric hospitals, community care access centres, long-term care homes, community health centres, community support services, community services for persons with acquired brain injury, assisted living services in supportive housing, mental health and addiction agencies. Together, the Ministry in partnership with LHINs ensures the delivery of accessible, community-responsive and high-quality health care for all Ontarians.

Program Description

This vote includes Provincial Programs, Emergency Health Services and Stewardship. The vote is responsible for transfer payment accountability, operational policy development, planning and funding of a wide span of specialized programs. Examples of these transfer payment programs include: Cancer Care Ontario, Ontario Breast Screening, Community and Priority Services, Operation of Related Facilities, HIV/AIDS and Hepatitis C Programs and Chronic Disease Management Programs. In addition, the program provides Ontario's share of funding to the Canadian Blood Services and also supports a blood utilization management strategy for Ontario.

In addition to transfer payment activities, Provincial Programs and Stewardship also includes Direct Operating Expenditures (DOE) for the management and delivery of the Transfer payments within the Vote, and for the oversight administration (stewardship) of the Local Health Integration Networks.

Emergency Health Services ensures the existence of a balanced and integrated system of emergency health services throughout Ontario. The current system consists of a series of inter-related programs and services including municipally operated/contracted land ambulance services, the not-for-profit air ambulance organization called ORNGE, and ambulance communications services.

Program Description

The Ministry of Health Promotion and Sport works with its partners to deliver effective and accountable programs and services that contribute to the long-term wellness of Ontarians. The Ministry provides tools and supports that advance the government's health promotion objectives through the implementation of the following priorities: Promoting Health and Wellness; Preventing Disease, Injury and Addiction; Smoke-Free Ontario Strategy; Nutrition and Healthy Eating; Valuing Sport and Recreation; 2015 Pan-American and Parapan American Games, and Partnership Support for Healthy Communities.

Program Description

This program supports the development and implementation of sound infrastructure strategies for the province, including: central agency management of the provincial infrastructure planning process and capital budget development; development of horizontal and sectoral infrastructure policy and program proposals; negotiation with the federal government on new cost-shared infrastructure programs; coordination of infrastructure program implementation, including stimulus investments; development and implementation of a government asset management framework; infrastructure economics and financial analysis and advice; information management for infrastructure investments; water economics expertise; and oversight of Waterfront Toronto and Infrastructure Ontario.

The program also leads the development and implementation of the government's province-wide growth management policy. This includes creating regional growth management plans with local governments, Aboriginal communities and other stakeholders, as well as facilitating the alignment of multi-ministry government policy and funding to support program implementation.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision. The actual costs incurred were not charged against the "Contingencies" activity but rather against those programs and activities to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

Program Description

This program has integrated responsibility for the strategic asset realty planning and policy development and management of a portfolio encompassing approximately one million acres of land held throughout Ontario. It also has the responsibility for acquisition, disposition and use of realty assets as well as governance and oversight of its delivery agent, the Ontario Infrastructure and Lands Corporation. In this role, the program provides expert real estate advice and service to support Ontario's policy and program objectives in addition to working with Ontario ministries and agencies to support their land use, property manager and accommodation needs. Today, the program is achieving a number of Ontario's environmental and policy objectives through its effective management of realty assets, value optimization of existing realty assets, and the provision of adequate and appropriate workspace for Ontario Public Servants.

Program Description

The mandate of the Pay Equity Office (PEO) is to administer and enforce Ontario's *Pay Equity Act*, which is intended to eliminate systemic gender discrimination in the compensation of work primarily performed by women. To carry out this mandate, the PEO provides education and advice to employers, employees and bargaining agents in the public and private sectors to achieve and maintain pay equity in their workplaces. The PEO also investigates complaints, monitors workplaces for compliance, attempts to effect settlements of pay equity issues between the parties and issues Orders for compliance where necessary.

The Pay Equity Hearings Tribunal, a quasi-judicial tri-partite administrative tribunal, is responsible for adjudicating disputes arising under the *Pay Equity Act*.

Program Description

The role of Labour Relations is to promote a stable labour relations climate and harmonious workplace relationships in the province.

The Ontario Labour Relations Board (OLRB) is an independent, quasi-judicial tribunal which mediates and adjudicates a variety of employment and labour relations-related matters under various Ontario statutes including appeals of decisions of employment standards officers and occupational health and safety inspectors.

The Crown Employees Grievance Settlement Board (GSB) is an independent quasi-judicial tribunal that mediates and adjudicates the labour relations disputes of Ontario Crown Employees. The GSB also provides financial and administrative services to the Public Service Grievance Board, an agency of the Ministry of Government Services.

Dispute Resolution Services provide neutral, third-party assistance to trade unions and employers through collective agreement conciliation and mediation, appointment of arbitrators and collective bargaining information.

Program Description

Occupational Health and Safety's primary mandate is the setting, communicating and enforcing of the occupational health and safety legislation and regulations to reduce or eliminate workplace injury or illness.

The Occupational Health and Safety Program ensures compliance with the *Occupational Health and Safety Act* (the Act), and assists workplace parties in securing a healthy and safe working environment. Through the administration and enforcement of the Act and its regulations, it encourages employers and workers to cooperatively identify and control health and safety hazards.

The Office of the Worker Adviser provides advisory, representation and educational services to non-unionized injured workers and survivors, and represents them before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal.

The Office of the Employer Adviser provides advisory and educational services to all Ontario employers and representation services primarily to smaller employers, with fewer than 100 employees, with regard to workplace safety insurance matters before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal.

Program Description

The Employment Rights and Responsibilities Program (ERRP) is responsible for the administration and enforcement of the *Employment Standards Act, 2000* and its regulations.

The ERRP ensures that Ontario workers are protected by minimum standards of employment covering wages and working conditions. It promotes compliance with these standards through inspections, investigations and enforcement initiatives, and encourages self-reliance through prevention efforts.

Program Description

This program provides the services required by the Lieutenant Governor in performing his constitutional, representational and community duties. In his constitutional role, the Lieutenant Governor represents the Queen, appoints the Premier based on majority support, swears-in the Executive Council, outlines the Government's plans in the Speech from the Throne, provides the Royal Assent needed for bills to become law, approves orders-in-council and appointments recommended by Cabinet, and prorogues or dissolves each session of Parliament. In his community role, the Lieutenant Governor represents the people of Ontario and acts as the Province's official host, welcoming world leaders and diplomats. He annually hosts or attends hundreds of community events throughout Ontario. He promotes themes or issues associated with accessibility for people with visible and invisible disabilities, while also enhancing literacy opportunities for Aboriginal youth. He presents honours and awards to outstanding Ontarians and, on request, sends messages for special celebrations and congratulations for birthdays of 90 years and over, and for wedding anniversaries of 50 years and over.

Program Description

This program operationalizes provincial policies and programs that build strong, effective and responsive local governments. Through monitoring, advising and training, it builds municipal capacity to deliver programs and services and meet legislative requirements. It leads inter-ministerial teams that help municipalities and regions address economic challenges. It also leads a one-window land-use planning system; helps municipalities conform with provincial planning policies and legislation; and facilitates municipal engagement with Aboriginal communities. This program administers disaster assistance programs and maintains and administers Ontario's building regulatory system. Through policy and program development, it also supports key government initiatives such as energy and water conservation, greenhouse-gas reduction, source water protection, brownfield development and barrier-free accessibility.

Program Description

The objectives of this program are well-planned, safe, strong, and sustainable communities that enhance quality of life and support a prosperous economy. The Local Government and Planning Policy Program contributes to a long-term policy, administrative, and legislative framework that enhances the quality and effectiveness of local government; enhances environmental protection, growth management, conservation of greenspace and healthy economic growth and resiliency; provides tools to improve local service delivery, reducing costs, supporting financial sustainability, enhancing accountability to taxpayers and achieving an enhanced capacity to invest in infrastructure; and building and maintaining effective partnerships with key municipal and professional associations, municipalities and other governments. All of this work is guided by a partnership approach and meaningful stakeholder and municipal engagement and consultation.

Program Description

The objectives of this program are to deliver on the government's commitments on affordable housing; to create a regulatory framework that protects tenants and encourages proper maintenance and investment in rental housing; and to support municipalities, housing providers and other external stakeholders, in order to help them meet their housing responsibilities. To meet its objectives, the program provides a full range of services: policy development, program design, delivery compliance, complaints resolution, and funding for affordable and social housing proponents.

Program Description

The Natural Resources Management Program provides leadership and oversight in the management of Ontario's forests, Crown land, water, renewable energy, aggregate and petroleum resources through the development, implementation and improvement of legislation, policies, programs, information systems and standards.

The Natural Resources Management Program also provides leadership and oversight in the management of Ontario's fish and wildlife resources, parks and protected areas, including the protection and management of provincially significant natural, cultural and recreational environment in order to promote healthy and sustainable ecosystems, conserve biodiversity, and enhance opportunities for outdoor recreation.

In addition, the Program provides leadership and oversight in the management of capital infrastructure assets such as fish culture facilities, Parks, Crown land, water, and other infrastructure investments necessary to deliver ministry programs.

	10,471,600		**10,471,600**	**TOTAL CAPITAL ASSETS FOR PUBLIC PROTECTION PROGRAM**	**9,175,699**

Program Description

The Public Safety and Emergency Response program provides leadership for the delivery of the Ministry's emergency management program for the protection of people and property affected by forest fires, flood, drought, erosion, soil/bedrock instability, and crude and natural gas exploration including natural gas and hydrocarbon underground storage, salt solution mining emergencies and other provincially significant emergencies where assistance is requested.

The program also has responsibility for the planning and provision, directly or indirectly, of non-scheduled air transportation for the Government of Ontario.

Program Description

This program provides executive direction as well as strategic business and resource planning services to ensure the efficient and effective delivery of ministry programs. It supports ministry operations through the provision of advice and services in the areas of human resources, financial planning, accounting and administration, and professional support services such as legal and audit services. It also provides core strategic support in the areas of corporate policy and communications.

Program Description

This program helps build a more prosperous Northern Ontario and strong, vibrant and sustainable northern communities. The Ministry leads and assists in the delivery of a range of targeted initiatives aimed at stimulating economic growth, creating jobs, promoting trade and investment, improving infrastructure and providing a better quality of life for northerners. Ministry programs such as the Export Assistance for Mining and Forestry initiative work to attract trade and investment opportunities to help northern businesses develop and expand domestic and international markets. The Ministry also supports economic diversification through enhanced programs of the Northern Ontario Heritage Fund Corporation including the new Entrepreneur Program, one of seven programs to support the public and private sector grow and diversify the northern economy. Other initiatives to stimulate economic growth and job creation include the Northern Community Investment Readiness program and the Northern Industrial Electricity Rate Program. The Ministry co-leads the development and implementation of the government's Growth Plan for Northern Ontario, coordinates provincial economic development initiatives in the North, and markets Northern Ontario's strengths and opportunities to the world. Strategic investments in infrastructure such as the Northern Highways Program and telecommunications and information technology are improving the North's linkages to the rest of Ontario, Canada and beyond.

The program's network of offices provides northerners with access to government economic development programs and services. By engaging northerners in government initiatives including policy and planning activities, this program also ensures northerners have a say in the development of government programs and services that affect them.

Program Description

This program helps build a strong, sustainable provincial mineral sector contributing to the prosperity of all of Ontario. Province-wide geological mapping, online 24-7 access to geoscience information, international marketing, and expert geological advisory services in field offices across the province create a competitive advantage for Ontario - helping a global exploration industry assess Ontario's mineral potential and attract investment, exploration and mineral development to Ontario. This program's knowledge about Ontario's geological and mineral, groundwater, and energy resource endowment helps to support Far North and other land-use planning initiatives, other government priorities such as source water protection efforts, and identification of new industrial and energy development opportunities.

This program area also administers the *Ontario Mining Act* to ensure sustainable and responsible development of Ontario's mineral resources. This involves equitable public access to Crown mineral rights, fair and efficient management of Ontario's mining lands, and ensuring safe, environmentally sound mineral development and rehabilitation of mining lands through a modernized Mining Act and related regulations and policies.

This program administers the Ontario Diamond Royalty Regulation, values rough stones for export and works with industry partners to pursue value-added opportunities throughout the diamond pipeline.

The program area has responsibility for developing new, collaborative Aboriginal-mineral development engagement and consultation processes and working with communities to build relationships and foster sustainable socio-economic and mineral development.

This program provides support for policy and program development and implementation on a range of issues and opportunities with respect to development in the area known as the Ring of Fire. To encourage responsible, sustainable development, a dedicated Secretariat works with all parties involved including: Aboriginal people, northerners and the mining community.

Program Description

This program undertakes policy development to promote a long-term, economically viable and environmentally sustainable Ontario forest industry. Efforts to respond to unprecedented challenges faced by the forest industry, associated social and economic impacts and enhancing the competitiveness of Ontario's forest industry sector continued to be prominent in 2011-12.

The program is also responsible for leading the endeavor to improve the design of Ontario's Crown forest tenure and pricing system.

Program Description

The Ombudsman is an Officer of the Legislature. The Ombudsman's mandate is set out in the *Ombudsman Act.*

The Ombudsman investigates complaints about the administration of Ontario's provincial governmental organizations. The Ombudsman can investigate individual complaints, concerns brought forward by Members of Provincial Parliament, and on his own initiative. The Ombudsman can also investigate citizen's complaints about closed municipal meetings, where no municipal investigator is in place. The Ombudsman services are free. There is a toll-free number and information about the Ombudsman is available on the internet and through Ombudsman publications.

The Ombudsman submits his reports to the Legislative Assembly.

Program Description

The program supports a stronger Ontario by: delivering on the Ontario Innovation Agenda which sets out a comprehensive, targeted and coordinated agenda for promoting research and innovation in Ontario; providing funding to support world-class research and researchers working across Ontario; delivering skills development, business development and commercialization programs focusing on key sectors and regional development opportunities; developing and delivering an overarching strategy for public and stakeholder outreach and promotion to create a broad awareness of the excellence and success in research and innovation across Ontario and to attract world-class talent and investment; and connecting innovators and entrepreneurs across the province - ensuring that high potential companies can attract the skills and capital to compete in global markets and providing the opportunity for ideas developed in labs to make their way into the marketplace.

Program Description

The Ontario Ministry of Revenue is responsible for the administration of Ontario tax, incentive and benefit statutes. The Ministry administers such statutes as the *Retail Sales Tax Act, Fuel Tax Act, Gasoline Tax Act, Tobacco Tax Act, Employer Health Tax Act, Land Transfer Tax Act, and Mining Tax Act*. Tax incentive and benefit programs administered by the Ministry of Revenue include the Guaranteed Annual Income System, Ontario Child Care Supplement for Working Families and Small Beer Manufacturers' Tax Credit.

Program Description

The Tourism Program seeks to sustain and grow the competitiveness of Ontario's tourism industry, which directly supports the government's Open Ontario Plan.

The Ministry works in partnership with tourism associations and businesses to strengthen and build the tourism industry and promote Ontario worldwide as a premier, four-season tourist destination. This includes providing support to the 13 Regional Tourism Organizations and festivals and events across the province, identifying tourism development opportunities, and providing strategic intelligence to keep tourism stakeholders well informed about trends, issues, and visitor expectations.

The Ministry oversees the activities and accountabilities of eight attractions and agencies that promote tourism, economic growth and job creation. The Ministry's tourism attractions and agencies are the stewards of unique historic facilities, green space and parklands in regions across Ontario, and offer a range of educational, recreational, cultural and entertainment programs for residents and visitors.

Program Description

The Tourism and Culture Capital Program preserves and enhances Ontario's investment in tourism and cultural infrastructure.

The Ministry provides capital repair and rehabilitation funding to 13 of its 21 tourism and cultural agencies and attractions. This funding enables the Ministry's agencies and attractions to undertake repair and rehabilitation of existing infrastructure including: renovations, building code upgrades, health and safety improvements and statutory/regulatory compliance, to help them remain competitive and enhance the visitor experience.

The Ministry manages the infrastructure development commitments of the province's $300 million capital infrastructure initiative - the Sports, Culture Tourism Partnership Program as well as one-time capital year-end investments.

The Ministry also manages and delivers the Recreational Infrastructure Canada Program in Ontario (RInC) – a $390 million federal/provincial infrastructure program intended to provide timely, targeted economic stimulus through investments in existing recreational infrastructure.

Program Description

The Culture Program promotes and supports the arts and cultural industries, protects Ontario's heritage, advances the public library system and supports cultural agencies in order to maximize their contribution to Ontario's social, cultural and economic well-being. The Ministry provides support and advice to municipalities, First Nations, municipal heritage committees and others involved in heritage conservation and protection or cultural planning.

Through strategic investments in cultural industries in the entertainment and creative cluster, the Ministry supports innovation, encourages high-skill job creation and contributes to strengthening Ontario's competitive advantage in the knowledge-based economy.

Program Description

The Postsecondary Education Division works in collaboration with the Strategic Policy and Programs Division to implement government strategies and policy for postsecondary education in Ontario. The Postsecondary Education Division develops and implements operational policies and financial support to postsecondary institutions and students in Ontario, in support of the government's social and economic policy objectives with the goal of providing opportunities for high quality, accountable, relevant and accessible postsecondary education.

Key components of the program include operation of the Ontario Student Assistance Program; administering operating and capital transfer payments to colleges and universities and student financial assistance; managing financial and governance relationships with postsecondary institutions; managing accountability mechanisms, including governance and relevant legislation; regulating the public colleges of applied arts and technology and private career colleges in accordance with applicable statutes and administering the funding framework for colleges and universities.

Program Description

Employment Ontario (EO), Ontario's integrated employment and training network, makes it easier for Ontarians to find the employment and training programs and services they need. EO will help meet Ontario's goal to have the most educated people and highly skilled workforce in the world in order to build the province's competitive advantage. EO programs and services can be grouped into four main areas:

1. Employment Services and Incentives to Individuals and Employers;
2. Training Services and Incentives to Individuals and Employers;
3. Income Support for Employment and Training; and,
4. Planning and Capacity Building for Employment and Training.

EO unites Ontario's community-based network of employment services and training partners. It also introduces benefit and support programs that were transferred from the federal government for people re-entering the workforce, allowing Ontario to better match individual potential with local business needs.

Program Description

The Strategic Policy and Programs Division leads strategic policy development, labour market research and planning, program design and program development within Training, Colleges and Universities (TCU). It is responsible for the development and alignment of province-wide strategic policy direction for postsecondary education and labour market training and support programs. It also performs key functions for the Ministry such as long-term demand planning, capital planning, and the management of inter-juridictional relations. The Division brings together expertise from employment and training and postsecondary areas to design and develop programs, establish program standards and perform evaluations with a view to achieving results. It is responsible for the successful implementation and establishment of the Ontario College of Trades as an operational organization. That approval included the establishment of the College. The Division's work contributes to the Government's goal of developing a highly knowledgeable and highly skilled workforce able to succeed in today's changing economy.

Program Description

The Ministry Administration Program provides guidance and supports the Ministry in meeting its business objectives. From providing expertise on expenditure management to helping the Ministry get the best value from its human resources, this Program gives the Ministry the necessary professional support to achieve its overall goals.

The Program provides a full range of services including resource planning and management, controllership, procurement, customer service, accessibility planning, emergency management and other corporate functions. This Program also administers the government fleet of vehicles, on behalf of the entire Ontario Public Service.

Program Description

The Policy and Planning Program oversees Ontario's long-term, strategic transportation interests. Its primary focus is to plan and promote an efficient and sustainable multimodal transportation system throughout the province.

In consultation with key federal and municipal partners, the Program undertakes multimodal transportation policy development and long-range transportation planning to ensure that all of the elements of the system (air, rail, road, marine and transit) work together effectively.

The Program provides funding for multimodal transportation systems and helps achieve provincial transportation-related climate change objectives. It is responsible for managing the province's relationship with Crown Agencies accountable to the Minister of Transportation such as Metrolinx, which includes GO Transit.

Additionally, the Program works to advance Ontario's transportation priorities and interests by working with the federal government and other provinces on key areas of common interest.

Program Description

The Road User Safety Program develops and implements strategies to improve road safety and mobility through driving behaviour and motor vehicle safety.

Ontario holds a leading position as one of the safest jurisdictions in North America. The Ministry of Transportation's road safety programs leads and actively participates with other jurisdictions in Canada and the United States in developing and promoting road safety initiatives and best practices. The Program works with many partners including police, community groups, safety organizations and the private sector to reduce fatalities and injuries on our roads.

The key responsibilities of the Program are to: set safety standards and develop policies, programs, legislation and regulations for road users, carriers and vehicles; inspect, monitor and enforce compliance with those standards; manage and deliver commercial vehicle safety programs and promote public awareness of road safety. It also supports the delivery of programs for other ministries.

The Program establishes policies and standards, and oversees the delivery of drivers and vehicle licensing and registration and other services by our government and private sector partners.

Program Description

The Provincial Highways Management Program oversees the planning, design, construction, maintenance and operation of the provincial highway network and develops strategies to maximize investments in highway infrastructure.

The provincial highway network provides safe mobility for people and goods, and promotes economic, environmental and social sustainability. The Program delivers these activities through internal resources, partnerships and private sector service providers.

Activities include environmental assessments, investment planning, engineering, property acquisition, rehabilitation, new construction, contract oversight, routine summer and winter maintenance (such as shoulder grading/snow and ice control) for all provincial highways and bridges. The Program is responsible for remote airports throughout northern Ontario, ferry services in locations across Ontario, first nations roads subsidies, road improvements in unincorporated areas, service centres, and the production of the official map of Ontario highways.

The Program develops policies and guidelines and sets highway and bridge maintenance, engineering, material, investment planning and construction standards.

Program Description

The Labour and Transportation Cluster provides leadership in the use of information technology for the Ministries of Labour and Transportation.

The Cluster enables the Ministries to deliver on elements of their Results-based Plans by supporting the effective management of information and information technology (I&IT) resources. The Cluster also plans I&IT investments to optimize value and help the Ministries be socially responsible stewards of the public trust. By helping to modernize the Ministries' information practices, the Cluster helps enhance program delivery, enable new business opportunities and improve customer service.

*Debt Issued for Investment Purposes, as a result of a debt for equity swap between the Province and Ontario Power Generation Inc. and Hydro One Inc., is eliminated upon consolidation.

SUMMARY OF DEBT OUTSTANDING – Continued

As at March 31, 2012

The Ontario Teachers' Pension Fund is administered by the Ontario Teachers' Pension Plan Board. The Public Service Pension Fund and the Ontario Public Service Employees' Union Pension Fund are administered by the Ontario Pension Board and the Ontario Public Service Employees' Union Pension Trust Fund respectively. Debt due to these funds consists of non-marketable debentures of the Province.

The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over.

The Ontario Immigrant Investor Corporation (OIIC) is an operational enterprise of the Ontario Government incorporated on April 30, 1999 under the *Development Corporations Act*. The corporation was established to act as Province's receiving vehicle for immigrant investor monies under the federal government's Immigrant Investor Program (IIP). The Ontario Financing Authority manages these monies under an investment management agreement with the OIIC, and the OFA invests these funds received from the IIP in Ontario's bonds.

The Ontario Mortgage and Housing Corporation (OMHC) originally borrowed long-term funds from the Canada Pension Plan Investment Fund (CPP) to provide mortgages to non-profit groups under the Homes Now project. As non-profit groups refinanced their OMHC mortgages in the private sector mortgage market, OMHC lent the available funds to the Province in exchange for Provincial debentures. This debt is eliminated upon consolidation of the Financial Statements of the Public Accounts of Ontario.

The Canada Mortgage and Housing Corporation (CMHC) has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public borrowing cost at the time that the Corporation agreed to participate in the project.

The Province of Ontario has issued to public investors in the capital market bonds denominated in Canadian dollar, United States dollar, Japanese yen, Australian dollar, euro, Swiss franc, New Zealand dollar, U.K. pound sterling, Hong Kong dollar, Norwegian krone, and South African rand.

Ontario Savings Bonds (OSBs) were first issued in 1995. OSBs are retail bonds sold by the Province to the residents of Ontario. The bonds are issued once a year and are available for sale through most financial institutions. There are three types of bonds: Variable-Rate Bonds, Step-Up Bonds and Fixed-Rate Bonds. All are available with annual or compound interest.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with various maturities up to three years, are sold by tender on a regular basis.

SUMMARY OF DEBT OUTSTANDING – Concluded

As at March 31, 2012

U.S. Commercial Paper issues are non-interest bearing debt with maturities up to 244 days.

The School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards to support their capital projects prior to the introduction of the student focused funding model in 1998. The Trust issued 30-year sinking fund debentures amounting to $891 million in June 2003. The Trust provided $882 million of the proceeds to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province related to this debt. These amounts will be reduced over the 30-year period by the transfer payments made by Ministry of Education to the Trust under the School Board Operating Grant program. (As at March 31, 2012, the amount outstanding of $751 million advanced to School Board is included in Other Assets and outstanding debentures of $759 million is included in Debt.)

Net consolidation and other adjustments include third party debt of other government organizations and elimination of Province's debt due to these organizations and their holding of Ontario treasury bills and bonds.

Debt Issued for OEFC: The Province, on behalf of Ontario Electricity Financial Corporation (OEFC), has borrowed $230 million from the Canada Pension Investment Board and has issued $18.8 billion in public market debentures and treasury bills as at March 31, 2012. The proceeds of all such borrowings have been advanced to OEFC in exchange for bonds and short term notes with like terms and conditions.

Debt issued for Investment Purposes: On April 1, 1999, under the *Energy Competition Act*, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro. Ontario Power Generation Inc. (OPG) and Hydro One Inc. are two of these five corporations. In order for OPG and Hydro One Inc. to have capital structures competitive with those of other industry participants, the two companies entered into a debt-for-equity swap with the Province of Ontario. The Province assumed $8,885 million of the debt issued by the two corporations in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One Inc.

*Debt for Investment Purposes, as a result of a debt for equity swap between the Province and Ontario Power Generation Inc. and Hydro One Inc., is eliminated upon consolidation.

OUTSTANDING DEBT – Continued

As at March 31, 2012

References:

1. All debt issues are non-callable, except as noted below. Debt is payable at a fixed rate, or a floating rate with reference to a stated index, reset usually every three months (3M). These floating rate indices are CBA - Canadian Bankers' Acceptance Rate, Euribor - Euro Interbank Offered Rate, Hibor - Hong Kong Interbank Offered Rate, and Libor - London Interbank Offered Rate. All foreign currency debt has been converted into Canadian dollars equivalents at the rates of the currency exchange agreements if the debt is hedged, or at year end exchange rates if unhedged. 96.4 per cent of foreign currency debt is hedged as at March 31, 2012. The exchange rates of foreign currencies to Canadian dollars as at March 31, 2012 are: Australian dollar 1.0334, euro 1.3297, Hong Kong dollar 0.1285, Japanese yen 0.012036, New Zealand dollar 0.8169, Norwegian krone 0.1751, South African rand 0.1303, Swiss franc 1.1046, United States dollar 0.9973, U.K. pound sterling 1.5953.
2. The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over. These debentures are not negotiable or transferable and are assignable only to a wholly-owned subsidiary of the Canada Pension Plan Investment Board. On April 1, 2007, all debentures held to the credit of the CPPIF or purchased by the Minister of Finance of Canada in accordance with Section 110 of the Canada Pension Plan were transferred to the CPPIB.
3. OPB & OPPT: Pursuant to the Ontario Public Service Employees' Pension Act 1994 and the Asset Transfer Agreement of December 12, 1994, the Province was obligated to re-split the debentures between the Public Service Pension Fund ("PSPF") and the Ontario Public Service Employees' Union Pension Plan Trust Fund ("OPSEU Fund"). On June 13, 1997 a Restated Sponsorship Amendment and Asset Transfer Agreement was signed, replacing the 1994 agreement and which resulted in the existing split after debt payment. The terms of these debentures require that the principal be repaid in 12 equal monthly payments in the year preceding the date of maturity.
4. OIIC: Total outstanding amount is $977 million, including $964 million of zero coupon bonds and $13 million of compound fixed rate bonds.
5. OMHC: Debentures issued to Ontario Mortgage and Housing Corporation (OMHC) are not negotiable and not transferable or assignable but are redeemable in whole or in part at the option of the OMHC on six months prior to written notice.
6. CMHC: The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest.
7. The Province entered into interest rate agreements for certain Canadian bonds to effectively convert their interest rate obligations according to the Province's risk management strategy. These bonds and effective rates are: DMTN194 2.04%; DMTN178 3M CBA - 0.31% ($150 million); DMTN193 2.44%; DMTN198 3.02%; DMTN199 2.75%; MW 3M CBA rate - 0.05%; DMTN203 3.39%; DMTN1 3M CBA rate - 0.02%; DMTN205 2.61%; DMTN209 2.83%; DMTN196 3.73%; DMTN210 2.77%; DMTN211 2.31%; DMTN173 3M CBA rate - 0.279% ($210 million); DMTN195 3M CBA rate + 0.58% ($600 million); DMTN79 4.84% ($125 million); DMTN105 4.94%; DMTN180 4.52%; DMTN181 4.50% and EMTN73 4.34%.
8. DMTN46: This is a variable payment bond with a yield of 4.53%. The principal and interest are repayable on a blended semi-annual instalment. During the fiscal year 2011-12, principal repaid was $0.2 million.
9. These debt series are issued for Provincial Purposes and OEFC.
10. DMTN116: Bonds are extendible at the option of the bondholders on the initial maturity date of September 8, 2013 to the final maturity date of March 8, 2033. Interest is payable semi-annually at 4.625% until the initial maturity date and at 5.85% if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 5.08%.
11. DMTN149: Bonds are extendible at the option of the bondholders on the initial maturity date of June 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable at the option of the bondholders on June 13, 2016 for Series DMTN119. Interest is payable semi-annually at 3.6% until June 2, 2016 and 4.8% thereafter, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this obligation to a rate of 4.67%.
12. DMTN152: Bonds are extendible at the option of the bondholders on the initial maturity date of December 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable on December 14, 2016 for Series DMTN119 at par. Interest is payable semi-annually at 3.75% until the initial maturity date and thereafter at 4.75%, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 4.76%.
13. MH: The terms of these debentures require that a special one-time interest payment of $31.1 million be made at maturity.

OUTSTANDING DEBT – Continued

As at March 31, 2012

14. DMTN110: Bonds were retractable at the option of the bondholders on March 8, 2012 or if the bondholders did not retract the bonds the bond holders might exchange the bonds at par on March 21, 2012 for Series DMTN61. Bondholders did not exercise the option and $12 million was exchanged for DMTN61. Interest is payable semi-annually at 5.85%.
15. DMTN157: Interest is payable semi-annually at 15.0% until January 13, 2006 and thereafter at 5.0%.
16. Series HZ, JA, JB, JC, JD: These are zero coupon bonds which require unequal payments consisting of principal and interest to be made at predetermined irregular intervals. During the fiscal year 2011-12, principal repaid was $0.6 million. By January 10, 2035, the principal and interest to be repaid on these bonds will be $230 million.
17. DMTN133: Bonds are retractable at the option of the bondholders on December 2, 2014 or exchangeable for Series DMTN119 at par on December 15, 2014. Interest is payable at 4.0% until December 2, 2014 and thereafter at 5.35% until final maturity date. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 5.26%.
18. DMTN158: This Real Return Bond bears interest to the indexed adjusted principal in relation to All-Items Consumer Price Index for Canada (the "CPI"), issued with a base index of 127.54839 on March 8, 2006. Consequent to the change of official time base reference period from 1992 to 2002 by the Bank of Canada on June 19, 2007, the base index has been changed to 107.18352. Total issue size is $2,844 million in principal, of which $700 million has been on-lent to OEFC, and $300 million has been swapped effectively to a nominal debt paying a fixed rate of 4.66%. The amount outstanding represents the indexed value of the principal.
19. DMTN117: The bond was issued at a high premium in 2004 to offer a yield of 5.74%.
20. JL: The terms of these debentures require unequal payments, consisting of both principal and interest, to be made at predetermined irregular intervals with the final payment on January 10, 2045. The total principal and interest to be payable over the life of the debenture is $1,325 million.
21. OSB: Variable-Rate Bonds issued before 2009 are redeemable at the option of the holder on June 21 and December 21 and for the following 14 calendar days. However, Variable-Rate Bonds issued in 2009 and after are redeemable annually on June 21 only. Step-up Rate Bonds are redeemable at the option of the holder on June 21 and December 21 and for the following 14 calendar days. Fixed-Rate Bonds are redeemable at maturity. All current outstanding OSBs may be redeemed upon the death of the beneficial owner.
    OSB - Fixed Rate:
    Before 2009, the Province issued fixed rate Ontario Savings Bonds for a term of three years. In 2009, fixed rate bonds were issued for a term of two, three and five years and in 2010 and 2011, fixed rate bonds were issued for a term of three, seven and ten years.
    OSB - Step-up Rate:
    2007 Series: Interest is payable at 4.0%, 4.2%, 4.4%, 4.6%, and 4.95%,
    2008 Series: Interest is payable at 2.6%, 2.8%, 3.0%, 3.2%, and 4.0%,
    2009 Series: Interest is payable at 0.75%, 1.5%, 2.5%, 3.5% and 4.5%,
    2010 Series: Interest is payable at 1.0%, 2.0%, 3.0%, 3.75%, and 4.25%,
    2011 Series: Interest is payable at 1.25%, 1.5%, 2.0%, 2.5%, and 3.75%,
    in year 1, 2, 3, 4 and 5 respectively.
    OSB – Variable Rate only:
    For debt issued before 2009, the Minister of Finance resets the interest rate every six months. For debt issued in and after 2009, the interest rate is reset yearly, on June 21 only. The interest rates on June 21, and December 21, 2011 were re-set at 1.25% and 1.3% respectively.
22. OSB: The outstanding amount represent bonds matured but not yet presented for redemption. No interest is payable on these bonds.
23. AUD2: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 3.82%.
24. EMTN57: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 5.59%.
25. EMTN Euro Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on $4,548 million of these obligations to a fixed rate of 4.44%, and $1,729 million to a 3 month CBA rate plus 1.44%.
26. Euro Global Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on $1,395 million of these obligations to a fixed rate of 5.04%, and $1,151 million to a rate of 4.77%.
27. EMTN HKD Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a fixed rate of 3.78%.
28. YL015/16: The Province entered into interest rate agreements that effectively converted the interest rate on $76 million of these obligations to a fixed rate of 4.34%.
29. PG: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.24%.

OUTSTANDING DEBT – Concluded

As at March 31, 2012

30. EMTN NOK Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations for a fixed rate of 2.90%.
31. EMTN81/109: The Province entered into interest rate agreements that effectively converted the interest rate on $552 million of these obligations to a fixed rate of 3.42% and $466 million to a 3 month CBA rate plus 0.20%.
32. EMTN71/78: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a fixed rate of 4.36%.
33. Europe CHF Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on $1,823 million of these obligations to a fixed rate of 4.12% and $262 million to a rate of 5.10%, and $497 million of these obligations remain unhedged.
34. Domestic USD Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a fixed rate of 4.47%.
35. USMTN1: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a rate of 1.43%.
36. USD Global Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on $25,151 million of these obligations to a fixed rate of 3.91%, and $13,994 million to a 3M CBA rate plus 0.39%.
37. U.S. Commercial Paper issues are discount notes with maturities up to 244 days.
38. SBT: The School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards to support their capital projects prior to the introduction of the student focused funding model in 1998. The Trust issued 30-year sinking fund debentures amounting to $891 million in June 2003. The Trust provided $882 million of the proceeds to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province related to this debt. These amounts will be reduced over the 30-year period by the transfer payments made by Ministry of Education to the Trust under the School Board Operating Grant program.
39. Net consolidation and other adjustments include third party debt held by other government organizations and the elimination of debt issued to and Ontario securities held by these organizations. The followings are the holdings of Ontario Securities by other government organizations (in millions):
    Ontario Bonds:
    AgriCorp: $9.2m DMTN53, $23.6m DMTN93, $3m DMTN197, $3m MW, $10.1m DMTN135, $18m DMTN132, and $20m DMTN173.
    Ontario Infrastructure and Lands Corporation: $1.2m DMTN207, $70.3m DMTN212, $74.3m DMTN204, $31.1m DMTN200 and $118.3m DMTN213.
    Ontario Energy Board: $3m DMTN93, $1m DMTN69.
    Forest Renewal Trust: $2.7m DMTN173, $1.7m DMTN195, and $0.6m DMTN163.
    Ontario Trillium Foundation: $11.7m DMTN69, $11.6m DMTN93, $11.8m DMTN197, and $11.5m DMTN135.
    Treasury Bills:
    Ontario Infrastructure and Lands Corporation: $398m, Northern Ontario Heritage Fund Corporation: $170m, Ontario Realty Corporation: $50m, Ontario Capital Growth Corporation: $59m, Ontario Immigrant Investor Corporation: $10m, Forest Renewal Trust: $3m, Ontario Trillium Foundation: $16m.
40. The OEFC entered into interest rate agreements for certain Canadian bonds to effectively convert their interest rate obligations according to the Province's risk management strategy. These bonds and effective rates are: DMTN199 2.75% ($65 million); DMTN205 2.67% and EMTN63 5.28%.
41. AUD1 (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.24%.
42. EMTN70 (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.0%.
43. PU (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.0%.
44. EMTN94 (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.13%.
45. EMTN CHF Bonds (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a fixed rate of 5.24%.
46. EMTN93 (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.22%.
47. USD Global Bonds (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on $555 million of these obligations to a fixed rate of 4.68% and $725 million to a rate of 1.67%.

1. Issues include Amortization amounts.
2. Repayments include Bad Debt Expense, Loan Releases and Valuation Adjustments.
3. Other includes Accrued Interest Receivable and adjustments to Unamortized Discount.

The Loans and Investments upon consolidation are not included above.

* Financial statements of these Corporations, Boards and Commissions are shown in Volume 2, Public Accounts of Ontario.

The *Tile Drainage Act* authorizes the Minister of Finance to purchase, acquire and hold debentures issued by municipalities for construction of private tile drainage works. These debentures are payable within ten years of the issue of the debentures.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the *Tile Drainage Act* and are secured by liens on the properties.

The Ministry has committed to provide a conditional loan up to a maximum of $175 million to General Motors of Canada Limited to support the company's $2.5 billion Beacon project. The project supports expansions in vehicle design and manufacturing capabilities at three Ontario plants and a Canadian Engineering Centre, including innovative manufacturing technologies, and advanced training. Also, the Ministry has committed to provide a conditional loan up to a maximum of $3.0 million to Valiant Corporation to support the company's investment in flexible assembly systems.

The Advanced Manufacturing Investment Strategy provided loans to encourage companies to invest in leading edge technologies and processes that will increase productivity and competitiveness. The program has been closed to new applications since February 5, 2010.

The Strategic Jobs and Investment Fund is a multi-year fund, consisting of conditional grants and repayable loans, that aim to attract strategic investments in innovative projects that will help transition Ontario's economy and build global competitiveness and long-term prosperity.

In 2005-06, as part of the financial restructuring of Stelco Inc., the Ministry of Finance lent $150 million for ten years at 1% to Stelco in consideration of Stelco paying $400 million into its pension plans and agreeing to a pension refinancing plan. 75% of the loan will be forgiven if all of Stelco's four main pension plans are fully funded at the end of the ten-year term of the loan.

On April 1, 1999, under the *Energy Competition Act*, 1998, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro: The Ontario Electricity Financial Corporation, Ontario Power Generation Inc., Hydro One Inc., the Independent Electricity System Operator and the Electrical Safety Authority.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2012

The Ontario Power Generation Inc. (OPG) and Hydro One Inc. (Hydro One) entered into a debt-for-equity swap with the Province of Ontario in order to have capital structures competitive with those of other industry participants. The Province assumed $8,885 million of the debt issued by the two corporations to OEFC in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One. In addition, OEFC owed Hydro One for a working capital adjustment in the amount of $122 million on the initial transfer of assets to Hydro One on April 1, 1999. Hydro One agreed to settle this amount as a reduction of their Shareholder's Equity account. In effect, the Province settled the amount on behalf of OEFC, resulting in a reduction of the equity in Hydro One to $3,637 million.

The Ontario Infrastructure and Lands Corporation (Infrastructure Ontario) was established by the merger between Ontario Infrastructure Projects Corporation (OIPC), Ontario Realty Corporation (ORC) and Stadium Corporation of Ontario Limited (STADCO) as a single 100% wholly owned provincial agency on June 6, 2011 through provincial legislation. The new organization continues to report to the Ministry of Infrastructure. The balance of loans outstanding as at March 31, 2012 comprises a fifty-year subordinated loan of $800 million in exchange for a promissory note, maturing on March 31, 2053. The interest on the note is reset quarterly at the Province's three-month Treasury bill rate and is payable quarterly. In addition, the Province had on-lent $1,635 million to Infrastructure Ontario as at March 31, 2012.

The Ontario Student Loan Trust was created in August 2001 to loan funds to students in attendance at approved educational institutions in the Province. Funds are borrowed from the Province and advanced to individual students upon application and approval by the Student Support Branch of the Ministry of Training, Colleges and Universities.

The Ontario Electricity Financial Corporation (OEFC) was established as the legal continuation of the former Ontario Hydro. The OEFC is an agency of the Province of Ontario and is responsible for servicing and retiring the former Ontario Hydro's debt and managing certain other legacy liabilities. The Province borrows and on-lends to OEFC as required. In addition, the Province provides short-term loans to OEFC to meet its short term funding requirements. As at March 31, 2012, OEFC had excess funds of $116 million and invested that amount with the Province.

On January 21, 2009, the restructuring of the frozen Canadian third-party asset-backed commercial paper (ABCP) was completed, and in exchange, the Province received the long-term notes issued by the Master Asset Vehicle (MAV). The asset-backed term notes were booked at the net recoverable value upon exchange and are subject to further valuation adjustment if there is loss other than temporary. Principal repayments will be received over the life of the notes.

The Province and the Government of Canada, by way of Export Development Canada (EDC), a Crown corporation wholly-owned by the Government of Canada, provided a co-ordinated response to help achieve long-term viability and competitiveness of the Canadian auto sector. The Province's investment represented one-third of the total Canadian financial assistance provided to General Motors Company, General Motors of Canada Limited, Chrysler LLC and Chrysler Canada Inc. in the restructuring of their operations. As at April 1, 2011, the Province's net investment in the auto companies was $3,663 million. During the year, the Province's investment was reduced by $569 million, resulting in an ending balance of $3,094 million as at March 31, 2012.

On behalf of the Province and various provincial Crown corporations and other public bodies, the Ontario Financing Authority (OFA) coordinates borrowing and financial risk management activities; offers short-term investment management services; advises on project financing; and provides centralized finance and cash management services. Acting as an intermediary for the Province, the OFA provides financing to various public bodies, the repayment of which is expected from third party revenues. The funds for these loans are borrowed from the Province. The OFA also continues to manage post-sale activities of the former Province of Ontario Savings Office (POSO), including legal requirements and liaison with former POSO clients, to ensure that the needs of former POSO account holders are adequately met.

School boards have been provided loans under various programs beginning in 2006. During the year ended March 31, 2012, school boards received additional loans and made two semi-annual blended payments of principal and interest, leaving the total outstanding amount at $4,665 million (2011 - $4,030 million). These loans bear interest ranging from 2.42% to 5.38% and mature from 2019 to 2037.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2012

The Ontario Lottery and Gaming Corporation (OLG) is a Crown agency of the Province under the *Ontario Lottery and Gaming Corporation Act, 1999,* and has been provided loans totalling $131 million (2011 - $150 million) to fund several projects, bearing interest at rates ranging from 1.31% to 3.22% and maturing from January 2013 to May 2016.

Infrastructure Ontario has been provided a revolving credit facility to a maximum amount of $200 million maturing in June 2019. Infrastructure Ontario has drawn $83 million (2011 - $123 million) bearing interest rates ranging from 1.98% to 2.64%.

The Ontario Power Authority (OPA) is an independent non-profit corporation under the *Electricity Restructuring Act, 2004* and was provided a maximum $975 million credit facility to fund the Regulated Price Plan variance account. The credit facility expires on December 31, 2013. It has drawn a total of $75 million (2011 - $30 million) bearing interest at 1.19%.

The Royal Ontario Museum (ROM) is a Crown agency of the Province under a Special Act of the Ontario Legislature and has borrowed $42.2 million (2011 - $42.2 million) comprised of $22.5 million at fixed rate of 5.04% and $19.7 million at a floating rate currently at 2.77%. All outstanding loans are scheduled to be repaid by March 2027.

The Corporation of the City of Windsor is a municipality within the meaning of the *Municipal Act*. The financing provided is for the acquisition, design and construction of the Windsor Justice Facility, consisting of a provincial division courthouse and city police headquarters. This is a 20 year loan bearing interest at 6.41% and maturing in March 2021. The outstanding balance is $17.2 million (2011 - $17.2 million).

The Ontario Northland Transportation Commission (ONTC) is a Crown agency of the Province under the *Ontario Northland Transportation Commission Act, 1990*. ONTC's total borrowing of $12.0 million (March 2011 – $27.2 million) matures from 2014 to 2031 and bears interest ranging from 4.90% to 6.29%.

The Niagara Parks Commission, a Crown agency of the Province, operating under *Niagara Parks Act, 1990*, has been provided a loan of $6.0 million (2011 – $6.3 million) to finance additional capital costs incurred for the redevelopment of phase I of Table Rock House in Queen Victoria Park, Niagara Falls. This loan bears interest at 5.07% and matures in April 2027.

The Centennial Centre of Science and Technology is a Crown agency of the Province under the C*entennial Centre of Science and Technology Act, 1990*. The $2.5 million (2011 - $3.0 million) loan was made to fund the construction of the Agents of Change project, bears interest at 4.35% and matures in March 2017.

The Ottawa Convention Centre (OCC) is a Crown agency of the Province under the *Capital Investment Plan Act, 1993,* and has been provided a loan of $40 million (2011 - $0) for the purpose of providing term debt to finance part of the construction of the Ottawa Convention Centre. This 25 year loan bears interest at 4.67% and matures in September 2036.

Colleges of Applied Arts and Technology have been loaned $133.7 million (2011 - $81.9 million) for various campus projects including new and expanded student residences, computer equipment, parking facilities, and an energy saving capital project. These loans bear interest ranging from 1.31% to 5.49% and mature from 2012 to 2040.

Pursuant to Subsection 82(4) of the *Pension Benefits Act*, the Minister of Finance is authorized to provide interest-free loans to the Pension Benefits Guarantee Fund (PBGF) if at any time the amount standing to the credit of the Fund is insufficient for the purpose of paying claims, including those arising in respect of the Non-Contributory Pension Plan covering Hourly Paid Bargaining Unit Employees of Algoma Steel Inc. and the Algoma Steel Inc. Salaried Employees Pension Plan for Employees in Canada. In 2003-04, the Province granted a loan of $330 million to PBGF, repayable in thirty equal annual instalments of $11 million commencing December 1, 2004. The unamortized discount represents the value of the interest concession on the loan.

LOANS AND INVESTMENTS – Concluded

For the year ended March 31, 2012

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

The objective of the *Shoreline Property Assistance Act* is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the *Municipal and School Tax Credit Assistance Act.*

Ontario Northland Transportation Commission operates a railroad and maintains communications and transportation services – including bus and marine services – to and within the northern regions of the Province. The $35,207,935 represents the ministry's equity investment in the Ontario Northland Transportation Commission. The Province provided subsidies of $98,072,899 ($66,167,406 in 2010-11).

Economic Development: In 2007-08 the Ministry of Northern Development and Mines provided a $17,000,000 revolving term loan on commercial terms to a northern Ontario company to assist with its working capital needs as part of an overall plan for the company to acquire the business assets of a bankrupt northern Ontario company and to revive that business. In 2010-11, the ministry provided loans of $25 million and $8.8 million to two northern Ontario companies for economic development purposes. In 2011-12, the Ministry of Northern Development and Mines recorded accrued interest receivable on outstanding loan balances, $842,214 interest receivable and $1,003.853 capitalized interest receivable.

Announced on June 2, 2006, the Innovation Demonstration Fund (IDF) is a discretionary, non-entitlement funding program administered by the Ministry of Research and Innovation that focuses on the commercialization and initial technical demonstration of globally competitive, innovative green technologies, processes and/or products. The objective of the IDF is to help companies in their efforts to commercialize innovative technologies in Ontario.

IDF will consider support to proponents developing and commercializing innovative new and emerging technologies that are shown to be among the most competitive and advanced in North America. The IDF is focused on environmental, alternative energy, bio-products, hydrogen and other globally significant technologies at the pilot stage of development. By focusing on pilot-scale technological hurdles, the IDF is addressing the financing gap which is apparent in the commercialization of new technologies. It is expected that companies are able to demonstrate that their concept has been proven and validated and are addressing the scale-up issues necessary on the route to full-scale commercial activities. IDF will provide financial support up to 50 percent of eligible costs for approved projects. The funding potentially available under IDF ranges from a minimum of $100,000 to a maximum of $4,000,000 per project total.

The Ministry awarded Science North with a repayable grant of $500,000 to assist in the designing, constructing and installing of an IMAX Theatre. Repayments began in 1996-97 and are based on 50% of the yearly net revenues.

The Loans for Tools program began in September 1998 to provide loans of up to $800 to new apprentices who are Ontario residents to help them buy the tools they require for their apprenticeship programs. The loan repayments are to begin once their schooling is completed. The loan is interest free for up to one year following completion of training.

The Ontario Student Assistance Program (OSAP) provides needs-tested financial assistance in the form of loans and grants to eligible postsecondary students. Loans repayment to the Ontario Student Loan Trust begins six months after study period ends. If loan repayment is not made and loan default occurs, the loan becomes a debt to the Province and collection activity begins through the province's Collection Management Unit.

The Gaming and Liquor Deposits were established under the authority of Section 14 of the *Alcohol and Gaming Regulation and Public Protection Act*, which allows the Alcohol and Gaming Commission to establish fees and other charges in administering the *Gaming Control Act* and *Liquor Licence Act.* Under Section 9 of the *Gaming Control Act*, all applicants/registrants are required to pay the reasonable costs of an inquiry or investigation related to gaming registrations under the Act. Under Section 7 of the *Liquor Licence Act*, a public notice of an application for a licence to sell liquor must be provided in the prescribed manner. The deposits are used to defray the costs as described. As of March 31, 2012 gaming deposits were $6,719,724 and liquor deposits were $1,064,212 totalling $7,783,936.

The Victim Justice Fund will ensure that funds generated through the federal and provincial surcharges are used for the purpose of providing assistance to victims and enable a separate tracking of these funds as well as permit any unspent funds to be carried into the next fiscal year.

The Ministry of the Attorney General operates a special purpose account related to civil asset forfeiture and the proceeds of unlawful activity. These funds are for use to compensate direct victims of unlawful activity that has led to the forfeiture, offset the administration of civil justice costs associated with civil asset forfeiture cases, and to assist victims and prevent victimization.

The Ministries of Community Safety and Correctional Services and The Attorney General, each operates a special account that has been established for the purpose of holding monies respecting Proceeds of Crime received by, or on behalf of the Crown. Ontario has entered into a Memorandum of Understanding with the federal government indicating the Province's commitment to using proceeds of crime to fund law enforcement and crime prevention initiatives and administration of criminal justice costs associated with proceeds of crime cases. The ministries make payments from these accounts as required by the terms, and interest is credited to these accounts on a quarterly basis.

FUNDS AND OTHER LIABILITIES – Continued

For the year ended March 31, 2012

In the May 1997 Budget, the government made a commitment to create a $5 million fund to provide scholarships for spouses and children of public safety officers killed in the line of duty. Because public safety officers are subjected to increased risks for the benefit of the rest of society, it is felt that the province has a degree of responsibility to provide for the well being of the families of public-safety officers killed in the line of duty. The Constable Joe MacDonald Public Safety Officers' Survivor Scholarship Fund was established by Order-In-Council and the affairs of the fund are managed by an advisory committee. The ministry makes payments from this account as required by the terms, and interest is credited to this account on a quarterly basis.

Individuals and Corporations are required to place financial assurance with the Ministry of the Environment to finance environmental cleanups and site rehabilitations relating to Orders and Approvals of the Ministry. The cash portions of the financial assurance contributions are refundable and earn interest while on deposit with the Minister of Finance.

Operators of waste wells are required to pay a fee to the Ministry of the Environment, based on waste disposed in approved disposal wells under the *Environmental Protection Act.* These payments from individuals and corporations are non-refundable and are placed in an interest-bearing account with the Minister of Finance to compensate any person or organization for damage to water or water courses which are rendered unfit for use by reason of the operation of the waste well.

This is an interest bearing Special Purpose Account, held in trust for the community of Port Loring by the Ministry of the Environment, to be used as an operational subsidy for a communal water system which was built to address gasoline contamination of the groundwater that had impacted private wells in the community.

The Motor Vehicle Accident Claims Fund operates under the authority of the *Motor Vehicle Accident Claims Act.* The Fund derives its revenues from two sources: an annual fee charged upon every issuance/renewal of a driver's permit/licence and repayments from debtors (uninsured at-fault motorists). Payments out of the Fund have been subject to a variety of legislative changes over the years of its operation and are detailed in the Notes to the Fund's Financial Statement, which is to be found in Volume 2c.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Finance, which were not cashed by March 31, 2012.

Unclaimed fully registered bond interest includes interest on Ontario Savings Bonds matured, but not redeemed as of March 31, 2012.

The Personal Property Security Assurance Fund (PSSAF) was established under the authority of the *Personal Property Security Act* and Regulations and includes claims made under the *Repair and Storage Liens Act*. Any person who suffers a loss or damage that arises from errors or omissions made in personal property registration records may be entitled to compensation. Under the regulations, one per cent of the fees received for registration as well as annual interest payments determined by the government via Order-in-Council are paid into the PPSAF.

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding pension and related benefit funds for the Provincial Judges Pension Fund, Justice of the Peace Supplemental Plan, Supplementary Benefits Accounts and the Deputy Ministers' Supplementary Benefit Account. The amounts recorded by the Province are essentially the sole assets of these plans.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Health, which were not cashed by March 31, 2012.

Under the *Social Housing Reform Act* 2000, Social Housing costs within the GTA are to be equalized between municipalities. The Ministry facilitates the transfer of funds by receiving the required payments from paying GTA members and forwarding the payments to receiving GTA members. The March 31, 2012 balance represents the funds received but not paid in the fiscal period.

FUNDS AND OTHER LIABILITIES – Concluded

For the year ended March 31, 2012

The *Crown Forest Sustainability Act* (the "Act") provided for the establishment of the Forestry Futures Funds. The purposes of these funds are to provide for: 1) the funding of silvicultural expenses in Crown Forests where forest resources have been killed or damaged by fire or natural causes, 2) the funding of silvicultural expenses on land that is subject to a forest resource licence, if the licensee becomes insolvent, and 3) the funding of intensive stand management and pest control in respect of forest resources in Crown Forests.

The *Crown Forest Sustainability Act* (the "Act") provided for the establishment of the Forest Renewal Trust Funds. The purposes of these funds are to provide for the sustainability of Crown forests and, in accordance with that objective, to manage Crown forests to meet social, economic and environmental needs of present and future generations. The payments of forest renewal charges are received by the Minister of Finance from a licensee who cuts timber on an area that is subject to an agreement under Section 6 of the Act.

A separate account in the Consolidated Revenue Fund is maintained for the Fish and Wildlife Program for dedicated revenue retention from the sale of licences as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The *Provincial Parks Act* provides for the establishment of a separate account in the Consolidated Revenue Fund for the Ontario Parks Program for the dedicated revenue retention from the collection of Provincial Parks Fees as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The Mine Reclamation Fund is a special purpose account established in 1994, within the Consolidated Revenue Fund for the purpose of receiving and dealing with payments of money received as financial assurance dedicated for the closure costs of mine projects pursuant to Section 145 of the *Mining Act* R.S.O. 1990 c.M.14.

The Training Completion Assurance Fund (TCAF) is a provision of the *Private Career Colleges Act, 2005* (PCCA). TCAF is administered by the Superintendent of Private Career Colleges with the assistance of a TCAF Advisory Board appointed by the Minister of Training, Colleges and Universities. In the event a PCC closes, the PCC's financial security will be used to provide students with training completions or refunds. Once the PCC's financial security has been exhausted, outstanding student claims can be paid out by the TCAF.

The International Registration Plan (IRP) is a continent wide international agreement that facilitates the collection and distribution of commercial vehicle registration fees to all IRP members based on distance traveled in each jurisdiction. All Canadian provinces and U.S. states are members of IRP. The IRP liability account represents registration revenue collected from Ontario truck and bus companies and deposited into an Ontario government U.S. bank account on behalf of U.S. IRP member jurisdictions. These registration revenues are accumulated and distributed monthly to U.S. and Canadian IRP member jurisdictions.

The Local Roads Board (LRB) account represents funds deposited to the Consolidated Revenue Fund (CRF) by various boards in the Unincorporated Roads Program. These include Local Roads Boards, Statute Labour Boards, and Special Maintenance Agreements, corresponding provincial contributions, as well as funding under the Federal Gas Tax program for roadwork that has not yet been performed by the ministry. Boards under the Unincorporated Roads Program consists of an owner or owners of land in a territory without municipal organization and there are approximately 300 - 350 active in the province. The Roadwork to be performed is determined during an annual meeting between the LRBs and ministry officials and may include emergency repairs, general maintenance or capital upgrades.

The Special Purpose Account (SPA) established for the Alternative Service Delivery of Driver Examination Services (ASD-DE) allows for the sum of $200,000 per month to be remitted to the government by Serco DES Inc. for the duration of the 10 year contract, with The Ministry of Transportation to draw against the account to pay for the oversight, relationship management and compliance monitoring of the delegate. These funds are used to provide a fiscally neutral means of offsetting the costs of compliance monitoring of Serco and providing an oversight and relationship management office within the ministry.

FINANCIAL GUARANTEES – MINISTRY OF FINANCE:

Two agreements are in place to satisfy the Canadian Nuclear Safety Commission (CNSC) licensing requirements for financial guarantees in respect of Ontario Power Generation Inc's (OPG) nuclear station decommissioning and nuclear waste management obligations. One agreement gives CNSC access (in prescribed circumstances) to the segregated funds established under the Ontario Nuclear Funds Agreement (ONFA). The other agreement between the Province and CNSC, provides a direct provincial guarantee to the CNSC on behalf of OPG, for up to $1,545 million, effective March 1, 2010 and relates to the portion of the decommissioning and waste management obligations not funded by the value of the segregated funds as at January 1, 2009. In return, the Province receives from OPG an annual fee equal to 0.5% of the value of the direct provincial guarantee.

References:

1. The Province's maximum liability for the program is $120,000,000.
2. The Province's maximum liability for the program is $130,000,000.
3. Loans totalling $30,900,000 taken by Ontario Mortgage and Housing Corporation for "Homes Now" from the Federal Government's Canada Pension Plan allotment have been guaranteed by the Province. Starting 1993, most of these loans, except for loans related to Student Housing ($24,339,000), were refinanced by the private sector and funds realized were loaned to the Ministry of Finance. The Ministry of Finance will report its loan of $6,561,000 as a liability therefore this should be excluded from the guarantee amount.
4. In accordance with the *Capital Investment Plan Act, 1993*, the Ontario Municipal Improvement Corporation's (OMIC) assets and liabilities were transferred to the Ontario Financing Authority (OFA) on November 15, 1993. OMIC received loans from the Canada Pension Plan (CPP) and the Province, which OMIC used to make loans to municipalities and school boards under similar terms as its debt.
5. The Province has guaranteed the repayment of loan facility made by United Communities Credit Union Limited to Pelee Island Cooperative Association for a period beginning May 11, 2010 and ending at the earliest of April 1, 2015 or repayment of all the amounts borrowed. The maximum amount guaranteed is $ 0.6 million plus any unpaid interest, costs and expenses thereon.
6. The Province has provided two guarantees under Aboriginal Loan Guarantee Program during the fiscal year 2011-12 for a combined total of $106 million. The maximum amount guaranteed is $106 million plus any unpaid interest. These two guarantees will mature in the fiscal year 2025-26. Borrowers paid the Province a guarantee fee of 0.15% of the guaranteed amount.

* CLAIMS AGAINST THE CROWN

As at March 31, 2012

The following are claims arising from legal action either in progress or threatened against the Crown in respect of breach of contract, damages to persons and property and like items. The amounts claimed have not been specified, but in each case are expected to exceed $50 million.

1. Dudley Abbot et al. (preferred shareholders of Crown Trust).
2. Theriault in respect of mining leases to Hemlo Gold Mines.
3. Mary Lou LaPratte, Roland LaPratte, Sheila Horrell, Arthur Horrell et al. (proposed class proceeding).
4. Monaghan, John Richard v. HMQ, the Attorney General and the Solicitor General together with the OPP.
5. Arnold Guettler, Neo-Form Corporation and Neo-Form North America Corporation v. HMQ et al for being maliciously charged by the Ontario Securities Commission and seizure of property by AG without legal authority.
6. R. Shawn A. Cantlon, Purported notices of intended action in which plaintiff is seeking financial compensation. It is impossible to determine the basis for any purported claim.
7. Augier, Gideon McGuire claim alleges conspiracy amongst various authorities, including MAG, OPP and the RCMP, to influence the conduct of the plaintiff's criminal trial.
8. Deep, Dr. Albert Ross Notice of claim alleging that MOH auditor provided his findings to the Metro Cops, resulting in the plaintiff's unlawful arrest, malicious prosecution and defamation.
9. Mastronardi, Giovanna, Notice of claim for damages as a result of numerous verbal false, defamation and misleading statements and innuendo made to members of the plaintiff's family during the course of investigation by WSIB.
10. General Motors Corporation: Third party claim for damages for contribution and indemnity result of accident which occurred on March 22, 1996 on Highway 401 and Wellington Road where plaintiff lost control of his vehicle due to ice on the road.
11. Adam's Mine Rail Haul: Notice of claim for damages for breach of an Agreement of Purchase and Sale entered into between the plaintiff and Ministry of Natural Resources.
12. Twain, Jim Chief, Statement of claim for damages for negligence, breach of contract, fiduciary duty and treaty rights.
13. Office & Professional Employees International Union and Ontario Public Service Employees' Union are alleging negligence, misrepresentation, breach of fiduciary duty, taking without compensation and inducing breach of contract with respect to pension plans when the government transferred the employment in 1996 from the municipalities to newly established Community Care Access Centres.
14. Harrison, John Arthur - Notice of Action and Statement of Claim for damages for breach of duties and abuse of process.
15. Whole World Trade Ltd. for damages arising from alleged parking and building code violations and corruption by police and municipal councillors with respect to properties at 418 and 422 Brookdale Avenue.
16. Sarazin, Daniel Lynden: class action on the tort of genocide arising out of the on-going consciousness of genocide displayed at all levels of government towards the Algonquin nation.
17. Brown, Vincent: Notice of claim for damages after notifying authorities of an attempted assassination plot against the Prime Minister. The plaintiff alleges the information was provided in exchange for his immunity, job and payment.
18. Chuang, David, Dr. DMD: claim for damages alleging defamation, breach of fiduciary obligations, misfeasance in public office, injustice, embarrassment, harassment, humiliation, etc. The College of Dental Surgeons of Ontario stripped the plaintiff of his licence for sexual misconduct.
19. Greenfield Ethanol (formerly Commercial Alcohols Inc.) and Suncor are the only manufacturers of ethanol (corn based fuel) complain that Ontario has treated Suncor in a preferential manner and requires that Ontario treat it in an equal manner to Suncor.
20. Nazarali, Hassan v. Ontario re: Self-respected litigant claim for damages for wrongful application of the law by judicial officers ranging from a peace officer to a trial judge, false arrest, and illegal custody without jurisdiction.
21. Dr. Jeffrey Lipsitz v. Ontario: claim alleges that, in the course of inspecting and regulating Sleep Disorders Centres owned by the plaintiff, the defendants engaged in tortuous conduct including conspiracy, unlawful interference with economics relations, abuse of process, negligent performance of statutory duty, abuse of public office, and negligent and malicious investigation.
22. Mallory, Richard, et al v. HMQRO: Plaintiff alleges a conspiracy between the prosecuting Crown and various police officers to conceal the fact that they allegedly knew they were relying upon false evidence from their key witnesses for wrongful arrest, conviction and imprisonment.
23. Plaunt, Donald v. HMQRO, et al. re: claim for malicious prosecution, negligent investigation, abuse of power, false imprisonment, conspiracy to injure, and breach of Charter rights arising from the Plaintiff's repeated arrests for alleged sexual offences against minors.

*** CLAIMS AGAINST THE CROWN – Continued**

As at March 31, 2012

24. Williams, James-Andrew v. HSBC Bank, et al; Williams, James-Andrew v. TD Bank, et al re: Civil dispute with two banks involving a car, is seeking incomprehensible relief against a numbers of parties.

A GUIDE TO THE PUBLIC ACCOUNTS

1 SCOPE OF THE PUBLIC ACCOUNTS

The 2012-2013 Public Accounts of the Province of Ontario comprise the **Annual Report** and three supporting volumes:

Volume 1 contains ministry statements and detailed schedules of debt and other items. The ministry statements reflect the financial activities of the government's ministries on the accrual basis of accounting, providing a comparison of appropriations with actual spending. Ministry expenses include all expenses that are subject to appropriation approved by the Legislative Assembly, but exclude adjustments arising from consolidation of government organizations whose expenses are not appropriated.

Volume 2 contains the financial statements of Government Organizations and Business Enterprises that are part of the government's reporting entity and other miscellaneous financial statements.

Volume 3 contains the details of payments made by ministries to vendors (including sales tax) and transfer payment recipients that are not deemed to be prohibited by the *Freedom of Information and Protection of Privacy Act*.

2 A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Schedules of Revenue and Expenses

(2) Ministry Statements

Individual ministry statements of financial activity are provided in this section. The following five separate statements are presented for each ministry as applicable.

(a) "Summary Statement of Expenses and Assets by Program"

This Statement provides an overview of the expenses and assets by program compared with the related appropriations and previous years' actuals.

(b) "Statement of Expenses and Assets by Vote and Items"

This statement shows the Items comprised within each ministry Vote. The appropriation for each Item is analyzed according to funds appropriated through the Estimates or approved by Treasury Board and the total is compared to the actual amount spent for the fiscal year. Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory payments (denoted as "S") are reported separately. The "program description" narrative contained in the Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenses and Assets by Items and Accounts Classification"

This statement reports the actual ministry expenses and assets for each Vote on the basis of the Accounts Classification within each Item. Statutory amounts are shown separately under the Accounts Classification relating to each program.

(d) "Statement of Revenue"

This ministry statement reports the fiscal year revenues by the standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility related loans and investments made from the Consolidated Revenue Fund.

(3) Schedules of Debt

This section contains details of debt issued, debt retired, a summary and details of debt outstanding at the end of the year.

(4) Other Supplementary Schedules

This section contains summarized schedules for ministries' Loans & Investments, Funds & Other Liabilities, Contingent Liabilities and Claims Against the Crown.

3 TERMS AND DEFINITION USED

Special Warrants
Special Warrants are issued to authorize payments for the purpose of general and necessary government expenditures when the Legislature is not in session.

Cost Recovery Items
In cases where the anticipated recovery of costs of an Item is equal to or greater than the expenditures, the balance of the Item is shown at the nominal value of $1,000.

Statutory Appropriations
Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory Appropriations are included in the Estimates for information purposes and are not voted by the Legislature. Amounts required for Statutory Appropriations are shown, where applicable, as separate entries under the Standard Accounts Classifications details relating to each Item.

Standard Accounts
Spending is forecast for the fiscal year 2012-13 under Standard Accounts at the Item level. The descriptions of the contents of the Standard Accounts given below are intended to serve as brief outlines only and should not be considered all inclusive.

EXPENSES

Salaries and wages
Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to employees.

Employee benefits
Includes the government's contribution as an employer to the Canada Pension Plan; the Ontario Public Service Employees' Union Pension Plan; the Public Service Pension Plan; Employment Insurance; the Workplace Safety and Insurance Board; and other employee benefit plans.

Transportation and communication
Includes traveling expenses of employees on government business and recipients of government services, such as wards of the province; relocation expenses of employees who transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone and data communications.

Services
Includes information services, such as, advertising and communication services provided by professional agencies and advertising placed directly with the media; rental and purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and equipment
Includes provision for the purchase of non-capitalized machinery and equipment and materials, supplies and utilities.

Transfer payments
Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other transactions
Includes special transactions, such as interest incentives and subsidies; guarantees honoured; losses on loans; repayable grants; and provision for losses on disposal of capital assets.

ASSETS

ASSETS are balance sheet accounts which require an appropriation in the Estimates. Asset categories include the following:

Deposits and prepaid expenses
Includes payments in advance of receiving related goods or services or in advance of being earned by transfer payment recipients, and which will be recorded in a non-asset standard account in a future fiscal year.

Advances and recoverable amounts
Includes payments to transfer payment recipients that will be repaid to the Province in a future fiscal year.

Loans and investments
Includes payments to debtors under loan agreements and investments in the shares of Crown corporations or other entities.

Land
Includes land purchased or acquired for use, for preservation, for parks and recreation, for building sites, for infrastructure and for other program use.

Buildings
Include large and complex high-rise office towers, special-purpose buildings such as prisons and courthouses, and simple structures such as salt domes and tool sheds. Also includes any construction required to address occupants' work function or aesthetic needs over and above of what is provided within the base accommodation envelope (either owned or leased).

Transportation infrastructure
Is comprised of a complex network of highways, bridges, and related structures and facilities. May include Salaries and wages and associated Employee benefit cost related to the construction of those assets.

Information technology hardware
Encompasses physical data and voice networks, platforms, wireless devices, networks and access points, mainframe and desktop computers, servers and data repositories, Government Mobile Communications Equipment, as well as operating systems and related software.

Business application software
Aggregates software components that automate and optimize business functions, processes, tasks and activities. May include Salaries and wages and associated Employee benefit costs related to the construction of those assets.

Land and marine fleet
Includes plated motor vehicles that are owned by ministries: passenger vehicles, medium duty, heavy commercial, and other specialty vehicles. Also includes medium/large boats and ferries.

Aircraft
Encompasses the fixed wing and rotary wing aircraft.

SOURCES OF ADDITIONAL INFORMATION

Province of Ontario Annual Report and Consolidated Financial Statements

The government has prepared an Annual Report and the Consolidated Financial Statements, which gives financial and economic highlights of the past year and reports on performance against the goals set out in the Budget. For electronic access to the Province of Ontario Annual Report, visit the Ministry of Finance website at www.fin.gov.on.ca/en/budget/paccts.

The Ontario Budget

The Ontario Government presents a Budget each year, usually in the early spring. This document outlines expected expense and revenue for the upcoming fiscal year. For electronic access to the Ontario Budget, visit the Ministry of Finance website at www.fin.gov.on.ca/en/budget/ontariobudgets and click on "Ontario Budget."

The Estimates of the Province of Ontario

The Minister of Finance presents the government's spending Estimates for the fiscal year commencing April 1 to members of the Legislative Assembly following the presentation of the Ontario Budget. The Estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the *Supply Act.*
For electronic access, go to: www.fin.gov.on.ca/en/budget/estimates.

Ontario Finances

This is a quarterly report on the performance of the government's Budget for the fiscal year. It covers developments during a quarter and provides a revised outlook for the remainder of the year.
For electronic access, go to: www.fin.gov.on.ca/en/budget/finances.

Ontario Economic Accounts

This quarterly report contains data on the composition of Ontario's economic activity.
For electronic access, go to: www.fin.gov.on.ca/en/economy/ecaccts.

section 1

schedules of revenue and expenses

DETAILS OF REVENUE

For the year ended March 31, 2013

This schedule summarizes the sources of the Province's revenue by main classification. Ministry revenue schedules showing further detail within the main classifications are contained in Section 2 of this volume.

	2013 $	2012 $
TAXATION		
Personal Income Tax	25,573,836,197	24,548,359,609
Sales Tax	20,957,365,596	20,158,969,576
Corporations Tax	12,093,047,448	9,943,931,478
Education Property Tax	5,510,541,765	5,765,027,639
Employer Health Tax	5,137,107,267	5,091,982,323
Ontario Health Premium	3,066,623,565	2,916,010,522
Gasoline Tax	2,390,305,974	2,380,138,197
Land Transfer Tax	1,476,576,552	1,413,586,831
Tobacco Tax	1,141,960,327	1,150,105,259
Fuel Tax	709,862,784	710,219,822
Beer and Wine Tax	560,453,625	560,806,503
Electricity Payments-In-Lieu of Taxes	324,000,000	367,000,000
Corporation Preferred Share Dividend Tax	206,112,308	258,525,911
Estate Administration Tax	128,133,244	124,169,366
Mining Profits Tax	110,479,545	176,019,365
Gross Revenue Charge – Property Tax Component	18,160,362	9,611,568
Provincial Land Tax	7,222,129	18,529,792
Race Tracks Tax	4,540,538	4,952,502
Acreage Tax – The Mining Act	1,973,765	58,236
TOTAL TAXATION	**79,418,302,991**	**75,598,004,499**

Personal Income Tax is collected by the federal government on behalf of the Province. The amounts reported by the Province are net of $1,597,972 in Ontario tax credits excluding tax credits reported as expenses in 2012-13.

For 2013, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $39,723; 9.15% for taxable income over $39,723 and up to $79,448; 11.16% for taxable income over $79,448 and up to $509,000; and 13.16% for taxable income over $509,000. For 2012, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $39,020; 9.15% for taxable income over $39,020 and up to $78,043; 11.16% for taxable income over $78,043 and up to $500,000; and 12.16% for taxable income over $500,000. For 2011, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $37,774; 9.15% for taxable income over $37,774 and up to $75,550; and 11.16% for taxable income over $75,550. Ontario non-refundable tax credits are provided for individual and family circumstances (e.g., basic amount, spouse, medical expenses) at the rate of 5.05% (11.16% for charitable donations in excess of $200), before calculating the provincial surtax or Ontario Tax Reduction. Ontario non-refundable tax credit amounts are indexed annually.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2013

Higher-income earners are subject to a surtax. For 2013, the surtax is equal to 20% of Ontario income tax in excess of $4,289, plus 36% of Ontario income tax in excess of $5,489. For 2012, the surtax is equal to 20% of Ontario income tax in excess of $4,213, plus 36% of Ontario income tax in excess of $5,392. For 2011, the surtax is equal to 20% of Ontario income tax in excess of $4,078, plus 36% of Ontario income tax in excess of $5,219.

Ontario income tax is eliminated if Ontario tax is below a threshold amount. If Ontario tax exceeds the taxfiler's threshold amount, the individual may be eligible to pay a reduced amount of Ontario tax. For 2013, the basic threshold amount is $221 and the additional amount for each dependent child aged 18 and under and each disabled or infirm dependant is $409. For 2012, the basic threshold amount is $217 and the additional amount for each dependent child aged 18 and under, and each disabled or infirm dependant is $401. For 2011, the basic threshold amount is $210 and the additional amount for each dependent child aged 18 and under, and each disabled or infirm dependant is $389.

The Harmonized Sales Tax (HST) is a single value-added sales tax based on the Federal Goods and Services Tax (GST). The provincial portion of the HST is eight per cent and the federal portion is five per cent, for a combined HST rate of 13 per cent. Responsibility for the collection of the tax rests with the Federal Government. HST revenues are distributed to the Province based on a revenue allocation formula. Ontario also maintains an 8% sales tax on certain types of insurance and on private transfers of used vehicles, at a rate of 13%. Both the sales tax on insurance premiums and on private sales of used vehicles are administered by Ontario. The Sales Tax amounts reported by the Province are net of sales tax credits of $1,602,163,031 in 2012-13 and $1,431,824,715 in 2011-12.

Corporations Tax is comprised of three types of taxes levied on corporations: income, capital and insurance premiums taxes. Details of these taxes follow.

Income tax: The general statutory Corporate Income Tax (CIT) rate of 14% was reduced to 12% on July 1, 2010 and to 11.5% on July 1, 2011. The general CIT rate was scheduled to be further reduced to 11% on July 1, 2012 and to 10% on July 1, 2013. The 2012 Ontario Budget froze the general CIT rate at 11.5% until Ontario's budget is balanced in 2017-18. Active business income from manufacturing and processing (M&P), mining, logging, fishing and farming is subject to a lower CIT rate of 12%, reduced to 10% effective July 1, 2010. Small Canadian-controlled private corporations are also eligible for a lower CIT rate of 5.5%, reduced to 4.5% effective July 1, 2010, on the first $500,000 of active business income. The small business deduction surtax of 4.25% phases out the benefit of the small business CIT rate as income rises to $1.5 million. The small business deduction surtax was eliminated effective July 1, 2010. The Province also levies a Corporate Minimum Tax ("CMT"), that effectively acts as a pre-payment of regular CIT. CMT is calculated as the amount by which 4%, reduced to 2.7% effective July 1, 2010, of adjusted net income for accounting purposes exceeds CIT payable. The Province offers a variety of refundable tax credits that act as incentives for certain activities. These refundable tax credits, are the: (i) Ontario innovation, (ii) Ontario co-operative education, (iii) Ontario apprenticeship training, (iv) Ontario film and television, (v) Ontario book publishing, (vi) Ontario computer animation and special effects, (vii) Ontario business-research institute, (viii) Ontario production services, (ix) Ontario interactive digital media, (x) Ontario sound recording and (xi), beginning July 1, 2010, the Ontario small beer manufacturers' tax credit. The Province also offers other tax incentives for research and development, political contributions, credit unions and the resources sector.

Insurance premiums tax: Insurance companies are subject to a 2% insurance premiums tax on accident and sickness and life insurance premiums, 3% on any other type of insurance premiums and an additional 1/2% on property insurance premiums. Other corporations are also subject to these same rates of insurance premiums tax on premiums paid to unlicensed insurers. All corporations are also subject to a 2% insurance premiums tax for payments made in respect of uninsured benefit arrangements.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2013

Capital tax: Prior to July 1, 2010, corporations were generally subject to a tax on capital used in Ontario. The first $15 million of taxable paid-up capital was exempt from capital tax. The capital tax rate for regular corporations was 0.15%. Capital tax generally applied to financial institutions at a two-tier rate. The rates in 2010 were 0.3% on a financial institution's adjusted taxable paid-up capital up to $400 million and 0.45% on any excess. Non-deposit taking financial institutions with taxable paid-up capital over $400 million were subject to capital tax at the rate of 0.36%. Large financial institutions may reduce their capital tax liability where they make eligible investments in Ontario small businesses under the Small Business Investment Tax Credit. Corporations primarily engaged in manufacturing and resource activities are exempt from capital tax as of January 1, 2007. The capital tax was eliminated for all corporations effective July 1, 2010.

Insurance corporations do not pay regular capital tax. Life insurers pay a special additional tax at a rate of 1.25% of taxable capital in Ontario above a minimum $10 million exemption, with income tax and CMT creditable against this tax.

Education property taxes are collected by municipalities and transferred to school boards for the purposes of funding education. Education property tax rates are set annually by the Minister of Finance for each class of real property. The tax is levied on the assessed value of property at a uniform rate of 0.241% for residential properties. Rates for commercial, industrial and pipeline properties vary across the Province. These rates are regulated under the *Education Act*. The Education Property Tax amounts shown are net of $783 million in property tax credits in 2012-13 and $693 million in property tax credits in 2011-12. The amounts also reflect a number of rebates, reductions and exemptions available across the province.

The Employer Health Tax is paid by employers on their Ontario payroll. Employers with annual Ontario payroll of $200,000 or less calculate tax payable at 0.98% of their taxable annual Ontario payroll; employers with annual Ontario payroll over $200,000 and up to $400,000 calculate tax payable at graduated rates that apply to their taxable annual Ontario payroll starting at 1.101% through to 1.829%; and employers with annual Ontario payroll in excess of $400,000 calculate tax payable at 1.95% of their taxable annual Ontario payroll. A tax exemption is provided for the first $400,000 of annual Ontario payroll paid by private sector employers, including their associated entities.

Gasoline Tax is levied on gasoline and propane used in a licensed motor vehicle, and aviation fuel used to power aircraft. The tax rate for gasoline is 14.7 cents per litre. The tax rate for propane used in licensed motor vehicles is 4.3 cents per litre. The tax rate for aviation fuel used in powering aircraft is 2.7 cents per litre. The majority of tax is collected for the Province by Ministry-designated gasoline, propane, and aviation fuel wholesalers.

Land Transfer Tax is collected on the transfer of land. One-half of 1% is levied on the value of consideration for the conveyance up to and including $55,000; 1.0% on the value of consideration exceeding $55,000 up to and including $250,000; 1.5% on the value of consideration exceeding $250,000; and, where the value of the consideration exceeds $400,000 and the property contains one or two single family residences, an additional tax of one-half of 1% applies on the value of consideration exceeding $400,000. First time home buyers who purchase newly constructed homes or resale homes for which agreements of purchase and sale were entered into after December 13, 2007 are eligible to receive a refund of land transfer tax of up to $2,000.

Tobacco Tax covers all forms of tobacco products. The specific tax rate per cigarette and per gram or part gram of fine cut tobacco and all other tobacco products except cigars is 12.35 cents. The rate of tax on cigars is 56.6% of the taxable price. The majority of tax is collected for the Province by Ministry designated tobacco and cigar wholesalers.

Fuel Tax is levied on every purchaser of clear middle distillate fuel used in internal combustion engines. The fuel tax rate is 14.3 cents per litre, unless the fuel is used in railway equipment, in which case the rate is 4.5 cents per litre. The majority of tax is collected for the Province by Ministry designated wholesalers.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2013

Beer and Wine Taxes were effective July 1, 2010. These taxes replaced certain alcohol charges and were revenue neutral for the Ontario Government. Taxes apply on every purchaser of beer from a beer manufacturer's on-site store, The Beer Store, or a licensed establishment. Taxes are also imposed on purchasers of draft beer made by a brew pub and wine and wine coolers from a winery retail store.

Electricity payments in lieu of taxes (PILs) are made by OPG, HOI and municipal electric utilities to the Ontario Electricity Financial Corporation (OEFC). OEFC is the Ontario Hydro successor company that is responsible for servicing and retiring the debt and certain other liabilities of the former Ontario Hydro. All PILs received by OEFC are used to service and retire its obligations. The amount of PILs replicates the amount of tax that would be payable under the *Income Tax Act* (Canada) *Corporations Tax Act* and *Taxation Act, 2007* if these publicly owned corporations were not exempt from federal and provincial corporate taxes. These corporations also make payments in lieu of additional property taxes.

The federal government remits to the province 35 per cent of the net taxes that it collects with respect to preferred share dividends paid by corporations with operations in Ontario.

The Estate Administration Tax is payable by the estate of a deceased person on the issuance of a certificate of appointment of an estate trustee by an Ontario court. The amount of tax is equal to $5 for each $1,000, or part thereof, of the first $50,000 of the value of the estate and $15 for each $1,000, or part thereof, of the value of the estate exceeding $50,000. If the value of the estate does not exceed $1,000, the estate is exempt from this tax.

Ontario levies a mining tax on profits in excess of $500,000 derived from Ontario mining operations (excluding diamond-mining). The tax rate applied to non-remote mines is 10%. An exemption is available for up to $10 million of profit earned in the first 3 years by a new non-remote mine or a major expansion of an existing non-remote mine. Remote mines are eligible for a reduced mining tax rate of 5%. An exemption is available for up to $10 million of profit earned in the first 10 years by a new mine opened in a remote Ontario location. Diamonds are excluded from mining tax and are subject to a royalty on the value of a diamond mine's output. The royalty rate is the lesser of 13% and the amount calculated on the value of output according to a graduated rate scale.

The Gross Revenue Charge (GRC) is payable to the Ministry of Finance by hydro-electric generating stations owners and water power leaseholders. Effective January 1, 2001, the existing property taxes and water rental charges paid by hydro-electric generating station owners and water power leaseholders were replaced with taxes and charges on the gross revenues of hydro-electric generating stations. The Property Tax component is included as taxation for the Province and the Water Rental component of the GRC is included under Other Revenue – Royalties (page 1-11).

Provincial Land Tax is collected in areas without municipal organization on real properties at the rate of 1.5% of taxable assessment. Separate schedules of rates for gas pipelines and oil pipelines are used, which correspond to the schedules for municipal taxation, as set out in the *Assessment Act.*

The Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 0.5% on all wagers.

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of $1 in organized municipalities and $4 in unorganized municipalities.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2013

The introduction of the Ontario Health Premium (OHP) has helped to ensure the government's ability to make much needed investments in the province's health care system. Every penny of the OHP goes toward improving Ontario's health services. Since 2003-04, health-related spending has increased by $18.4 billion while health-related revenues, mainly comprised of the OHP and federal transfers, have increased by $10.1 billion. In 2012-13, OHP revenue increased by $151 million to $3,067 million, up from $2,916 million in 2011-12. During the same period, expenses in the health sector increased by $1,080 million to $47,582 million, up from $46,502 million in 2011-12.

Ontario Health Premium revenue supports expenditures in all areas of the health sector and is not earmarked by program area. In 2012-13, revenue from the health premium was $3,067 million, or 6.4 per cent of the $47,582 million in total expenses for the health sector. This compares to $2,916 million or 6.3 per cent of $46,502 million in 2011-12. Below is a table that shows how health premium revenue supports major investments in the health care sector. Also shown is the level of support in each health care sector if the percentage shares in 2011-12 and 2012-13 were allocated equally across each expense area.

Example of How the Health Premium Supports Investments in the Health Care Sector: OHP Revenue as a Share of Total Health Expenditures Applied Equally Across Expense Areas

($ Millions)	**2012-13 6.4%**	**2011-12 6.3%**
Hospitals	1,059	1,013
OHIP	826	786
Home Care, Community and Mental Health Services	275	255
Long–Term Care Homes	237	227
Ontario Drug Programs	220	218
Public Health, Health Promotion and Other	450	417
Total	**3,067**	**2,916**

The Ontario Health Premium is paid by individuals resident in Ontario on the last day of the taxation year. An individual's Ontario Health Premium liability is: $0 for taxable income of up to $20,000; 6% of taxable income over $20,000 for taxable income over $20,000 up to $25,000; $300 for taxable income over $25,000 up to $36,000; $300 plus 6% of taxable income over $36,000 for taxable income over $36,000 up to $38,500; $450 for taxable income over $38,500 up to $48,000; $450 plus 25% of taxable income over $48,000 for taxable income over $48,000 up to $48,600; $600 for taxable income over $48,600 up to $72,000; $600 plus 25% of taxable income over $72,000 for taxable income over $72,000 up to $72,600; $750 for taxable income over $72,600 up to $200,000; $750 plus 25% of taxable income over $200,000 for taxable income over $200,000 up to $200,600; and $900 for taxable income over $200,600.

The Canada Health Transfer (CHT) is a federal block cash transfer that supports health care spending in the provinces and territories. The CHT is allocated among provinces and territories based on population and the value of personal and corporate income tax points transferred to provinces in 1977-78. To receive CHT cash transfers, provinces and territories must comply with the principles of the *Canada Health Act*.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2013

The Canada Social Transfer (CST) is a federal block cash transfer that supports provincial and territorial expenditures on postsecondary education, social assistance and other social programs. Since 2007-08, the CST has been allocated to provinces and territories on an equal per capita cash basis. To receive CST cash transfers, provinces and territories cannot impose residency requirements in determining eligibility for social assistance.

Equalization is the federal government's transfer program for addressing fiscal disparities among provinces. Equalization payments are unconditional – receiving provinces are free to spend the funds according to their own priorities.

On November 23, 2005 the Government of Ontario and the Government of Canada entered into a Labour Market Development Agreement (LMDA), which provides for the transfer to Ontario of labour market development programs and services previously run by the federal government. LMDA funding supports Ontario's skills and employment training programs, particularly for those who are eligible for Employment Insurance (EI) benefits. The LMDA is funded under the legislative authority of Part II of the *Employment Insurance Act*.

Social Housing reimbursements are the federal portion of the cost of subsidizing low-rental housing programs. The Province receives funding from the Canada Mortgage and Housing Corporation (CMHC) to administer social housing in Ontario.

Indian Welfare Services Agreement payments assist the Province in providing welfare services and programs to persons living on Indian reserves. Under the agreement, the welfare services and programs that are provided on reserves are equal to those available to persons living in other communities.

On February 21, 2008 the Government of Ontario and the Government of Canada signed the Canada-Ontario Labour Market Agreement (LMA). The LMA provides funding for labour market programs and services that focus on skills development for unemployed individuals who are not eligible for Employment Insurance benefits and employed individuals who do not have a high school diploma or recognized certification, or who have low levels of literacy and essential skills.

Infrastructure funding to Ontario is provided through the Building Canada Fund, the Agreement for Investment in Affordable Housing, and other agreements that support construction, renewal, improvement and expansion of the province's physical capital, including roads, bridges, public transit and water systems.

The Wait Times Reduction Fund was established at the September 2004 First Ministers' Meeting to assist provinces and territories in reducing medical wait times by investing in key activities in areas of training and hiring of health professionals, capacity building for regional centres of excellence and backlog clearance.

Bilingualism Development reimbursements are the federal government's portion of the cost of providing services in both official languages and of providing adequate educational facilities for teaching the second official language. The federal government also contributes to Ontario's initiatives in French-language schools, such as the establishment of administrative structures in new French-language school boards, and initiatives designed to improve the achievements of French-language students.

Under the Labour Market Agreement for Persons with Disabilities (LMAPD), the federal government provides contributions to the Province to support measures that will enhance the economic participation in the labour market of working age adults with disabilities by helping them prepare for, attain and retain employment.

Youth justice transfer payment programs are ongoing, and mandated under the *Youth Criminal Justice Act*. The federal government cost shares a portion of the Youth Justice Services expenditures.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2013

Legal Aid payments are the federal government's contribution to assist in providing legal aid services to economically disadvantaged people in serious criminal matters and proceedings under the *Youth Criminal Justice Act.* They also help ensure that certain minimum standards of legal aid are maintained in accordance with the Agreement Respecting Legal Aid in Criminal Law, the *Youth Criminal Justice Act* and immigration and refugee matters.

Growing Forward is a federal-provincial-territorial initiative that supports agriculture business risk management and non-business risk management programs. The Growing Forward Framework Agreement supports the development of a profitable, innovative agri-food sector that is adept at managing risk and responsive to market demands.

The federal government announced the creation of the Police Officers Recruitment Fund in the 2008 federal budget to support the efforts of provinces and territories in recruiting additional front-line police officers nationwide who can target local crimes and make communities safer. Funding was allocated to provinces and territories over five years, 2008-09 to 2012-13, on a per capita basis.

Student Assistance includes Canada Study Grants and the administration of Canada Student Loans. Canada Study Grants are provided to students with dependants, high-need part-time students, students with disabilities, and women in doctoral studies.

The Immigration Holds Agreement represents reimbursement by the federal government for the cost of detaining people awaiting an immigration examination, inquiry or removal.

The federal government provides support through the Targeted Initiative for Older Workers (TIOW) for employment assistance services and employability improvement activities, such as skills upgrading and work experience, to assist unemployed workers aged 55 to 64 with their return to work.

Funding is received from Canada Health Infoway to support efforts to increase the number of clinicians adopting and using an electronic medical record (EMR) system.

The Government of Canada provides funding to the Province for the Ontario Bridge Training Program. The funding supports programs in Ontario that help skilled newcomers get their license or certificate in their profession or trade, so that they can enter the labour market and find employment that matches their education and skills.

Canada Health Infoway's Interoperable Electronic Health Record (iEHR) investment program supports jurisdictional projects that will build interoperable EHR systems. Federal funding to Ontario is provided under the Interoperable Electronic Health Record/Health Information Access Layer (iEHR/HIAL) Agreement. These solutions will enable authorized health care providers to view and, in some cases, update a patient's essential health information.

In November 2009, the Governments of Ontario and Canada signed a Comprehensive Integrated Tax Coordination Agreement (CITCA). As part of this agreement, the federal government provided transitional assistance of $4.3 billion to Ontario to help offset transition costs and to facilitate economic growth and job creation related to the transitioning to a harmonized sales tax. Ontario received $1.3 billion in 2011-12 related to this agreement.

Other payments from the federal government included:

a) Annual subsidies of $7,999,827 under the *Constitution Act, 1907;* and
b) Interest of $82,494 on the Common School Fund.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2013

	2013 $	2012 $
INCOME FROM GOVERNMENT ENTERPRISES		
Ontario Lottery and Gaming Corporation	1,815,991,000	1,882,660,000
Liquor Control Board of Ontario	1,721,054,000	1,658,731,000
Hydro One Incorporated	796,000,000	615,500,000
Ontario Power Generation Incorporated	136,000,000	256,000,000
TOTAL INCOME FROM GOVERNMENT ENTERPRISES	**4,469,045,000**	**4,412,891,000**

Income from Government Enterprises represents amounts received by the Province from government business enterprises.

The Ontario Lottery and Gaming Corporation (OLG) conducts and manages lottery games and other lottery schemes at commercial casinos, and OLG operated casinos and slot facilities on behalf of the Province of Ontario. The Province consolidates the net income from OLG's lotteries, commercial casinos, casinos and slot facilities, including the addition of a 20% WIN contribution on gross gaming revenue from Caesars Windsor, Casino Niagara, Niagara Fallsview Casino Resort, Casino Rama and from its slot facility at the Great Blue Heron Charity Casino.

In 2012-13 the proceeds from OLG operated lotteries, casinos and slot facilities were allocated by the Province of Ontario to the following Ministries and programs: $120 million to the Ontario Trillium Foundation for grants to charities and not for profit organisations, $39 million to the Ministry of Health and Long-Term Care for problem gambling prevention, treatment and research programs, $10 million in financial support for Ontario's high-performance amateur athletes, with the balance being applied to the Ministry of Health and Long-Term Care to support the operation of hospitals.

In 2012-13 the proceeds from OLG commercial casinos were allocated by the Province of Ontario to support general government priorities such as health care, education and public infrastructure.

Liquor Control Board of Ontario (LCBO) profits are generated from the sale of beer, wine, coolers, and spirits.

Hydro One Incorporated (Hydro One) and Ontario Power Generation Incorporated (OPG) were created as part of the restructuring of the former Ontario Hydro. Net income from these two corporations is consolidated in the Province's finances. OPG revenue is derived primarily from the sale of electricity from its generating stations. Hydro One revenue is derived primarily from the transmission and distribution of electricity.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2013

Sales and Rentals includes proceeds from the disposal of real property, supplies and equipment, rental of real property, leasing of Crown land and sales of goods and services provided by Provincial institutions.

Vehicle and Driver Registration fees include vehicle registration, carrier, and driver fees. Vehicle registration fees are for the authorization to operate a motor vehicle on a public road. For commercial vehicles the latest fee ranges from $142 to $3,539. The latest fees for passenger vehicles and light commercial vehicles weighing 3,000 kilograms or less used for personal purposes are $82 per year in Southern Ontario and $41 per year in Northern Ontario. Fees for motorcycles and mopeds are $42 and $12 per year respectively in Southern Ontario and $21 and $12 per year respectively in Northern Ontario. Driver fees consist primarily of driver license renewals.

The registrar's fees consist of fees collected by the Ontario Court (General Division) in estates matters as set by O.Reg. 393/90 made under the *Administration of Justice Act* and the issuing, signing and filing fees for court related documents in civil matters.

Personal Property registration service fees are remittances for the registration and searches of personal property pledged as collateral to secure a loan. The fees are collected at the time of registration or search.

The modernized Drive Clean program was implemented effective January 1st 2013. Fees for the program are chargeable to the public for vehicle emissions testing, known as a "Drive Clean Emissions test.

Companies' service fees are remittances for registration, searches and certificates pertaining to incorporations, limited partnerships and business names. The fees are collected at the time of registration or search.

Gaming-related fees collected by the Alcohol and Gaming Commission of Ontario include fees for registering commercial suppliers and gaming employees of charitable gaming events, casinos, charity casinos and slot machine facilities. Also included are fees for issuing licences to conduct and manage lottery schemes such as raffles.

Effective January 1, 2001, persons who by virtue of an agreement, lease or other writing are entitled to occupy public lands are required to pay a water rental charge calculated at a rate of 9.5 % on gross revenues from the annual generation from hydro-electric-generating stations. This is the Gross Revenue Charge - Water Rental component referenced on page 1-4.

Teranet – Polaris Royalties - The Province completed the sale of its 50% ownership in Teranet in 2003-04. As part of this transaction, the Province agreed to suspend royalties from Teranet for a period of 13.67 years to March 31, 2017 in exchange for a lump sum payment of $205 million. The $205 million represents deferred royalties to be earned by the Province in future years and have been recognized in the Province's accounts as deferred revenue. The deferred revenue is amortized to revenue over the life of the royalty suspension agreement. The annual amortization is $15 million throughout 2016-17.

In 2010-11 the Province negotiated an extension to the original Teranet agreement, resulting in a 50 year extension beyond the original amortization schedule. $1 billion in cash was received in 2010-11, and this amount represents deferred royalties to be amortized over a 56 year period from fiscal 2011-12 to 2066-67. The annual amortization for the extension is $18 million, for a combined total of $33 million per year for the years 2011-12 through 2016-17.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2013

Crown Charges – Timber royalties are remittances for the harvesting of Crown timber on Crown land or when timber rights are reserved to the Crown on patent land. Crown charges are typically charged on a per cubic metre basis related to the tree species, end products produced and harvest volume. A base charge per cubic metre, adjusted annually, is established as a minimum price. The minimum rate for most harvested timber during 2012-2013 was set at zero (bioproducts only), $4.26, or $0.59 per cubic metre depending on the tree species and commodity group. The $0.59 per cubic metre reflects the rate for several underutilized species and the economic volatility in the forest industry. A residual value price, based on a percentage of the difference between the cost of manufacturing and the selling price of the forest product, is also assessed. This component based on commodity market prices is adjusted monthly and varied from $0.00 to $17.82 per cubic metre.

Beginning in 2006, funds for the Forest Resource Inventory (FRI) have been collected through the stumpage system. In 2012-2013 the FRI rate was set at either $2.50 or $0.59, depending on species group and end-use, and set aside in the Forestry Futures Trust fund account for FRI expenses until a $10 million balance in the FRI account was achieved. After reaching the $10 million level, the FRI charge is set to zero, which occurred for this fiscal year in November 2012. The FRI collection results in no net effect to the forest industry with respect to stumpage charges, as the minimum charge is reduced an equivalent amount to FRI charges, while FRI charges are being collected.

Recovery of Prior Years' Expenditures represents monies recovered subsequent to the fiscal year-end in which the related expenditures were made. These receipts represent amounts, which, except for the timing of the recovery, would have been classified as expenditure refunds.

Reimbursements of expenditures are repayments of expenses incurred by the government under formal agreement, understanding or arrangement that the expenses will be recovered in whole or in part.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

Revenues under "Power Supply Contract Recoveries" arise from the reselling of power and recovery from electricity consumers of the cost of power purchased from and payments made to electricity generators under power purchase contracts and the cost of other supply agreements with the Ontario Electricity Financial Corporation (OEFC), the legal continuation of the former Ontario Hydro.

Power supply contracts were entered into by the former Ontario Hydro with non-utility generators (NUGs) located in Ontario. As the legal continuation of Ontario Hydro, as of April 1, 1999, the OEFC is the counterparty to these contracts. The contracts provided for the purchase of power at prices that were expected to be in excess of the market price. Accordingly, a power purchase contract liability was recorded. Under legislated reforms to the electricity market, OEFC began receiving actual contract prices for power from ratepayers, effective January 1, 2005, and no longer incurs losses on these power purchase contracts. At that time, the Ministry of Finance estimated that the bulk of the liability would be eliminated over 12 years, as existing electricity contracts expire. In addition, effective January 1, 2009, OEFC entered into a support contract with Ontario Power Generation (OPG) whereby OPG agreed to maintain the reliability and availability of Lambton and Nanticoke coal-fired stations following implementation of a greenhouse gas emissions-reduction strategy. Under the contract, OEFC agreed to ensure OPG would recover the actual costs of operating the stations after implementing this strategy. Any costs to OEFC under this agreement, which expires December 31, 2014, are fully recovered from ratepayers.

The Electricity Debt Retirement Charge is paid by electricity consumers based on consumption of electricity until the residual stranded debt is retired. Residual stranded debt originated from the restructuring of the old Ontario Hydro and restructuring of the electricity sector.

DETAILS OF REVENUE – Concluded

For the year ended March 31, 2013

The Reduction of Power Purchase Contracts represents the effective elimination over time of the power purchase contract liability. The amount of change reflects the deduction for estimated in-year losses used to calculate the liability prior to the legislated reforms to the electricity market that effectively eliminated over time the liability, plus an annual amortization amount for the unrealized revaluation change in 2003 to the estimated value of the power purchase liability.

The Independent Electricity System Operator (IESO) was established by the *Electricity Act of Ontario, 1998*. It operates independently as a non-profit corporation without share capital. Licensed by the Ontario Energy Board, it reports to the legislature through the Ministry of Energy. The IESO, formerly called the Independent Electricity Market Operator, directs the operation and maintains the reliability of the province's power system. The IESO balances demand for electricity against available supply through the wholesale market and directs the flow of electricity across the transmission system. IESO's revenue is derived primarily from OEB-approved fees for each megawatt of electricity withdrawn from the IESO-controlled grid.

1. Total Ministries' Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2012-13 were issued.

Ontario Opportunities Fund

As at March 31, 2013

For the year ended March 31	2013	2012
Ontario Opportunities Fund		
Contributions from Ontarians[1]	$144,766	$146,304
	$144,766	**$146,304**

1. Represents money paid to the Province of Ontario for deficit/debt reduction.

HEALTHY HOMES RENOVATION TAX CREDIT

For the year ended March 31, 2013

Information on the actual cost of the credit, compared to the anticipated cost, will be presented at this location in the 2013-14 Public Accounts, when a full year's information is available*.

*The government is not yet able to provide information on the actual cost of the Healthy Homes Renovation Tax Credit (HHRTC). The 2012 income tax return is the first return on which tax filers can claim the HHRTC for their eligible expenses. Accurate and reasonably complete information on the actual cost of the credit for the 2012 tax year will not be available to Ontario until 2014. This delay is the result of the time that it takes for the Canada Revenue Agency to receive and process income tax returns after they have been filed.

Program Description

The strategy carried out under this vote focuses on providing executive direction and strategic business and resource planning services to ensure the efficient and effective delivery of ministry programs. It functions to provide financial, operational, transactional, business and human resource advice and expertise to the ministry by: developing functional administrative and human resources policies and procedures in conjunction with each ministry branch; providing financial planning, project management, communication and audit services; administering information technology and legal services; providing accommodation and central administrative services and maintaining contacts with central government agencies, as well as delivering French language services, emergency management programs, diversity and quality service initiatives.

Program Description

This strategy includes legislative and/or regulatory functions relating to food inspection and compliance, animal health, land use planning and nutrient management. This strategy also includes non-regulatory programs in food safety, traceability, animal health and welfare, nutrient management and environment. The ministry uses a full suite of tools to manage risks and encourage industry adoption of best management practices.

Program Description

Under this strategy, the ministry supports agriculture, food and bio-product sectors through a comprehensive approach. Components of this strategy that contribute to the framework for these sectors include: delivery of farm income stabilization and other assistance programs to the agriculture sector; working with agri-food partners in identifying needs and opportunities, and adopting new technologies; investing in agri-food research; investment attraction and investment retention efforts for the processing sector; dealing with regulated marketing issues; and promoting Ontario food and agricultural sales in export and domestic markets.

This strategy also assists rural Ontario in building strong, vital communities with diversified economies and healthy social and environmental climates by working collaboratively with rural communities, municipalities, businesses and organizations to undertake economic development initiatives.

Program Description

The strategy carried out under this vote focuses on providing innovative, comprehensive and evidence-based policy development and advice. Policy Development includes the ministry's food safety, animal health, environmental and economic development policy analysis, strategic policy/planning and intergovernmental relations and trade. This strategy also includes legislation and program development, and managing funding for farm business risk management programs and the ministry's governance and accountability responsibilities with Agricorp.

* Effective for fiscal year 2012-13, the Province of Ontario has implemented a new accounting policy for Alternative Financing Procurement projects. This policy allows for capital assets under construction that were previously being capitalized under the General Real Estate Portfolio, to now be capitalized under their sponsoring ministries. The policy is being applied on a prospective basis and therefore the ministries' 2011-12 capital asset and capital expense balances are not being restated to reflect this change.

Program Description

This program provides for the overall administration of the Ministry, supplying administrative and support services for the operating programs. The Corporate Services Management Division provides strategic support and advice to the Ministry in the areas of business and fiscal planning, human resources, project management, emergency management, facilities management, research and analysis, and the co-ordination of key strategic projects. The Division also delivers shared services for Freedom of Information and French Language Services to the justice sector ministries, and provides service management for centrally delivered services of audit and quality assurance, and Ontario Shared Services. Ministry Administration also includes the Attorney General's Office, the Deputy Attorney General's Office and the Parliamentary Assistant's Office, Associate Deputy Minister's Office, as well as the Communications Branch.

Program Description

This program is responsible for the Attorney General's policy and legislative agenda, and provides strategic and legal policy advice, oversees policy initiatives, and provides support and expertise to other divisions within the Ministry. Other responsibilities include the administration of public inquiries and the Ministry's Federal-Provincial-Territorial relations.

Under this program the Policy and Adjudicative Tribunals Division liaises with and manages the Ministry's relationships with adjudicative tribunals including the Environment and Land Tribunals Ontario (includes Assessment Review Board, the Environmental Review Tribunal, the Conservation Review Board, the Ontario Municipal Board, and the Board of Negotiation), the Social Justice Tribunals Ontario (includes Landlord and Tenant Board, Human Rights Tribunal of Ontario, Social Benefits Tribunal, Custody Review Board, Child and Family Services Review Board, Special Education Tribunal - English and Special Education Tribunal – French) and the Criminal Injuries Compensation Board.

Under this program the Agency Relations Division manages the accountability relationship between agencies and programs including: the Alcohol and Gaming Commission of Ontario, the Ontario Human Rights Commission, the Human Rights Legal Support Centre, the Office of the Independent Police Review Director, the Special Investigations Unit, Legal Aid Ontario and the Bail Verification and Supervision Program.

Program Description

This program supports the role of the Attorney General as Chief Law Officer of the Crown by providing the government with expert legal advice, advocacy and representation before tribunals and at all levels of court. Timely and high quality legal advice and services are critical to the government's ability to develop and deliver on its core businesses, policies, programs and services.

This program includes the work of the Office of Legislative Counsel which is responsible for legislative drafting in English and French. This includes drafting bills for the Government and members of the Legislative Assembly and drafting regulations. The Office also provides related legal advice and editing and publishing services, including providing the content for the e-Laws website.

Program Description

The Court Services Division is responsible for the administration and functioning of criminal, civil, family and small claims courts in Ontario. These services are divided into three components: court administration, judicial services and court construction. Court administration and judicial services provide support to the effective and efficient management of the justice system. Court construction provides funding for new courthouses and large-scale renovations of existing court facilities to support a justice system that is modern, secure and accessible.

	73,200		**73,200**	**TOTAL CAPITAL EXPENSE FOR VICTIMS AND VULNERABLE PERSONS PROGRAM**	**23,405**

Program Description

This program provides services to victims and vulnerable persons in the criminal justice system and administers funding for community based assistance and referral services. The Division manages Ontario Victim Services, the Office of the Public Guardian and Trustee, the Office of the Children's Lawyer, and the Supervised Access Program. The Office for Victims of Crime is also an agency included in this program.

Program Description

The Auditor General, who is an Officer of the Assembly, conducts independent audits of government programs, the financial statements of the Province and numerous agencies of the Crown, broader public-sector organizations, and reviews under the authority of the *Auditor General Act* and various other statutes and authorities. The results of these audits and reviews provide assurance, objective information and advice to the Legislative Assembly. In doing so, the Office of the Auditor General assists the Assembly in holding the government, its administrators, and grant recipients accountable for their stewardship of public funds and for the achievement of value-for-money in the delivery of services to the public.

Additionally, under the *Government Advertising Act, 2004*, the Auditor General is required to review specified types of advertising and certain printed matter proposed by government offices to determine whether they meet the standards required by that Act.

Under both Acts, the Auditor General reports the results of the work conducted each year directly to the Legislative Assembly.

As required by the *Fiscal Transparency and Accountability Act, 2004*, in an election year the Auditor General is also required to review and report on the reasonableness of a Pre-Election Report prepared by the Ministry of Finance.

Program Description

The Office conducts general elections and by-elections of Members to the Legislative Assembly and provides research, public information and policy advice relating to the electoral process. The Office also trains, directs and supervises the returning officer in each of the 107 electoral districts.

The Chief Electoral Officer also administers the *Election Finances Act*. Over 400 Constituency Associations and 13 registered political parties must file annual returns and inform Elections Ontario of any changes to registration information. Any form filed with Elections Ontario is reviewed for compliance with the *Election Finances Act.*

The Office has responsibility to administer referenda under the *Taxpayer Protection Act,* 1999.

The Office serves Ministries, agencies and the public on a continuing basis by conducting historical and comparative research and providing policy advice and general information regarding the electoral process.

Program Description

Children and Youth Services programs include Healthy Child Development, Children and Youth at Risk, Specialized Services and the Ontario Child Benefit. Healthy Child Development supports a combination of screening, assessment and intervention services and parent and child development programs, such as: Preschool Speech and Language program, Blind-Low Vision, Healthy Babies Healthy Children and Ontario Early Years Centres. Children and Youth at Risk includes Child Protection, residential and community-based programs and services, Child and Youth Mental Health, Aboriginal children and youth, services for youth in high-needs neighbourhoods (including employment and outreach) and Youth Justice Services for youth-in, or at-risk for, conflict with the law. Specialized Services support children and youth with a range of special needs, including autism services, rehabilitation services (speech/language, occupational and physical therapy), and respite programs. The Ontario Child Benefit is an income-tested, non-taxable financial benefit that supports low-income families with children under the age of 18, whether they are working or not. The Ontario Child Benefit equivalent is provided to children's aid societies to provide children and youth in care with increased access to social, educational and recreational opportunities and a savings program to help older youth leave care.

Program Description

The Pan/Parapan American Games Secretariat is responsible for overseeing Ontario's financial commitments to the Games and working with the TO2015 organizing committee, federal and municipal governments to ensure the Games vision is achieved.

The Secretariat co-ordinates the province's involvement in planning and operational activities for the Games, provides important services and expertise for hosting the Games and ensures the legacies are enjoyed by Ontarians for generations to come.

The Secretariat works with Infrastructure Ontario and the Ministry of Infrastructure to co-ordinate the acceleration of the West Don Lands development for the Pan/Parapan American Athletes' Village and works closely with all partners in the development of new and improved sport and recreation projects that will support athletes and all Ontarians.

Program Description

Strategic business planning advice and business management services are provided to support senior management decision-making. As part of the larger Ontario Public Service, the Ministry's business supports reflect and support the government's overall policies and enterprises. Partnership with the Ministry of Children and Youth Services provides for the delivery of services in an effective and efficient manner.

Program Description

Effective and accountable community-based services are directed to those most in need in the fairest possible manner. Ontario's social assistance programs provide financial and employment supports to eligible single adults and families, including persons with disabilities, to help them become financially independent. Adults' social services provide programs and supports for Aboriginal people through the Aboriginal Healing and Wellness Strategy, community services for women and children who are victims of domestic violence, adults who are homeless or at risk of being homeless, and individuals who are living with a sensory disability. Developmental services provide financial assistance to adults with a developmental disability and their families for services and programs that support inclusion by helping them to live, work and participate in a wide range of activities in their communities. The Family Responsibility Office is an enforcement program working with support payors and support recipients to meet their family support responsibilities. The Accessibility Directorate of Ontario leads the implementation of the *Accessibility for Ontarians with Disabilities Act, 2005* and the *Ontarians with Disabilities Act, 2001* to achieve accessibility for Ontarians with disabilities through the development and enforcement of accessibility standards, public education and guidance, tools and resources for accessibility planning and programming.

* Effective for fiscal year 2012-13, the Province of Ontario has implemented a new accounting policy for Alternative Financing Procurement projects. This policy allows for capital assets under construction that were previously being capitalized under the General Real Estate Portfolio, to now be capitalized under their sponsoring ministries. The policy is being applied on a prospective basis and therefore the ministries' 2011-12 capital asset and capital expense balances are not being restated to reflect this change.

Program Description

Reporting to the Commissioner of the Ontario Provincial Police, the OPP is responsible for providing direct front-line policing services in hundreds of municipalities and First Nations communities throughout the province. The OPP investigates province-wide and cross-jurisdictional crimes including complex frauds and organized criminal activity. In addition, the OPP patrols provincial highways and is responsible for many of the waterways and trail systems in the province. The OPP maintains specialized provincial registries, e.g., Violent Crimes Linkages Analysis System and the Ontario Sex Offender Registry. Oversight of provincial strategies such as child exploitation and biker enforcement are responsibilities of the OPP. Included as part of its provincial mandate, the OPP also provides emergency services support, is responsible for security for high profile international events, and delivers specialized security and protection services for the Government of Ontario throughout the province.

Program Description

Reporting to the Deputy Minister of Corrections, the Correctional Services Program provides custodial and community-based supervision, enforcement and programming for adult offenders to ensure the protection of society while motivating offenders to positive change. The Program provides a wide range of services and programs from educational to specialized treatment through the operation of jails, detention centres, correctional centres and probation and parole services. Correctional Services focuses on thorough risk and need assessments that are integrated into case management plans that include criminogenic interventions.

Program Description

Reporting to the Deputy Minister of Community Safety, this section captures resources and services dedicated to the public safety and security of Ontarians. This is achieved through the efforts of the Office of the Chief Coroner and Ontario Forensic Pathology Service, Office of the Fire Marshal, and Emergency Management Ontario. All are devoted to the rapid identification of issues and their resolution through effective mitigation, prevention, preparedness, response, recovery, scientific, investigative, business continuity and public education initiatives. The section strives to be a leader in ensuring that all of Ontario's diverse communities are safe and secure thereby supporting the government in its priority of stronger, safer communities.

Program Description

Reporting to the Deputy Minister of Community Safety and the Deputy Minister of Correctional Services, this division is responsible for leading a number of Ministry wide functions including legislation and policy development exercises in support of Ministry police, corrections, public safety and emergency management activities. Within this scope, this division also coordinates Aboriginal policy on behalf of the Ministry. In addition, the division is responsible for Ministry strategic planning, project management, policy research and evaluation, developing and monitoring performance measures and coordinating the Ministry's Federal-Provincial-Territorial activities.

Program Description

The program provides policy and program direction, as well as financial support, to elementary and secondary schools and agencies in Ontario in order to foster and sustain a high-quality education system for all students in this province, no matter where they live. The program aims to achieve three primary outcomes: excellence in student achievement; preparation of all students for success in further education, work, and community life; and improvement of Ontario's ability to compete in a global marketplace.

Key components of the program are: supporting the implementation of a rigorous curriculum, supporting student learning and maintaining challenging standards of achievement, and supporting excellence in teaching; provision of financial support to a streamlined and efficient education system with a focus on teaching and learning in the classroom, accountability for the funding of elementary and secondary education, and operation of provincial schools for the deaf, blind, deaf/blind and students with learning disabilities.

Program Description

The Community Services Information and Information Technology (I & IT) Cluster is responsible for the provision of information management and information technology services for the Ministries of Municipal Affairs and Housing; Citizenship and Immigration; Training, Colleges and Universities; Tourism and Culture; and Education. The cluster organization works in partnership with the ministries to provide timely and cost-effective technology solutions that support ministry objectives, and promote e-business and e-government as a means of enhancing government service delivery.

Program Description

High quality child care is an essential part of a seamless, integrated system that supports early learning for children.

The integration of child care and early learning enhances education results by providing a continuum of care and education for children aged 0 to 12, creating a focus on healthy child development and school readiness outcomes, and maintaining local system management.

Program Description

This program is responsible for developing Ontario's energy policy framework, which is central to the building of a strong and prosperous economy. It provides leadership and support to the energy sector to ensure clean, reliable, cost-effective and sustainable energy supply, transmission and distribution systems. The program supports energy conservation and efficiency, the development of cleaner forms of energy, and the implementation of the *Green Energy and Green Economy Act, 2009*. This program also facilitates the participation of Aboriginal communities in the development and implementation of renewable energy projects and transmission and distribution systems, and oversees consultation with First Nations and Métis on these activities.

Program Description

The Electricity Price Mitigation program helps Ontarians manage electricity costs and assists consumers with the transition to a reliable and cleaner electricity system and complements existing tax-related mitigation benefits.

The Ontario Clean Energy Benefit is a measure to provide direct relief to eligible electricity consumers, providing a benefit equal to 10 percent of the total cost of electricity on their electricity bills including tax. The Northern Ontario Energy Credit helps low- to moderate-income individuals 18 years of age and older and families living in Northern Ontario with their home energy costs, which are often higher in the north due to more severe winters.

Program Description

This program, which includes the Offices of the Minister and Deputy Minister, delivers planning, advisory, legal, and controllership functions to ensure direction and management of operating programs consistent with Ontario Government policy and legislation. In addition, the program manages the service and accountability relationships with the Ontario Internal Audit Division, HROntario and Ontario Shared Services, ensures proper levels of support to the Ministry and its client groups, and strategically manages the Ministry's quality service commitments.

Program Description

The functions of the Office of Taxation, Agencies and Pensions include tax and inter-governmental taxation, pension and income security policy development and legislation, and quantitative analysis and research. The Office is responsible for tracking emerging trends and developments and identifying the economic and fiscal implications of tax, pension and income security policies, and for advising and assisting the Deputy Minister of Finance, the Minister and the government in formulating major economic, quantitative, fiscal and policy documents. The Office is also responsible for facilitating the Minister's oversight and accountability of the Liquor Control Board of Ontario, the Ontario Lottery and Gaming Corporation and the Ontario Racing Commission and for managing the government's Deposit Return Program for beverage alcohol containers.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision.

As part of in-year expenditure management, ministry savings were minuted into the Contingency Fund. In this regard, the $113,139,200 increase in the "Contingency Fund" appropriation represents ministry savings minuted into the Contingency Fund net of appropriations allocated during the year to fund programs and activities of various ministries. The actual costs incurred were not charged against the "Contingency Fund" activity but rather against those programs and activities to which they pertained. The "Contingency Fund" activity therefore shows no spending against the appropriation.

* Includes a Post Fiscal Year End Treasury Board Order of $22,000,000 approved by Treasury Board on July 15, 2013 and applied retroactively to fiscal year 2012-13, for Other transactions.

Program Description

This program develops and implements sound economic and fiscal strategies to stimulate economic growth and job creation; forecasts, monitors and reports on the performance of the Ontario economy; provides expertise and advice on sound economic design of government initiatives; develops demographic forecasts for Ontario; develops the policy and legislative framework for Ontario's financial services industry; develops and implements a fiscal and financial management framework for the public sector in Ontario; assists the Minister of Finance and the government in formulating Ontario's federal-provincial finance policy; develops, monitors and reports on the fiscal plan and results for the province; provides policy advice and internal audit services to clients, managers, and decision makers in the areas of accounting, fiscal and financial management; and fosters greater accountability and fiscal integrity in the public sector in Ontario. The program advises on assessment and property tax policy, grants to municipalities, and education tax rates. It also monitors the fiscal and financial relationship between the province and the municipalities, including providing transfer payments to municipalities. It also reflects the transfer of dedicated electricity earnings from the Province to the Ontario Electricity Financial Corporation.

This program assists the Minister and Deputy Minister of Finance and the government in formulating the fiscal plan and results of the Province through the Ontario Budget, Ontario Quarterly Finances, Economic Outlook and Fiscal Review, and Public Accounts as well as the annual process to seek spending authority from the Legislature. Additionally, the program supports Treasury Board/Management Board of Cabinet by providing advice on ministries' annual multi-year Results-based Plans and ministries' management of in-year expenditures to ensure the appropriate use of public resources to meet government priorities. The Program also provides the Ontario Public Service and Broader Public Sector with accounting and financial management policy and controllership advice, prepares the Pre-Election Report on Ontario's Finances, provides support to the Minister of Finance and the government in formulating Ontario's strategies with respect to federal-provincial fiscal arrangements, and facilitates integrated supply chain and back office leading practices in Ontario's broader public sector.

Program Description

The Financial Services Commission of Ontario (FSCO) regulates the province's financial services sector, including insurance companies, pension plans, credit unions, caisses populaires, mortgage brokers, agents and administrators, loan and trust companies, and co-operatives. FSCO also makes recommendations to the Minister of Finance on matters affecting these sectors. In addition, FSCO is responsible for the administration of the Motor Vehicle Accident Claims Fund (MVACF) which compensates people injured in automobile accidents in Ontario where there is no other insurance available to respond to the claim. FSCO is also responsible for the administration of the Pension Benefits Guarantee Fund (PBGF). The PBGF pays a minimum level of pension benefits if a plan is wound up with insufficient assets.

FSCO works with the Ministry of Finance, consumers and industry stakeholders to protect the public interest, enhance public confidence, and create a business climate that promotes Ontario's domestic and international competitiveness.

Program Description

This program is responsible for the efficient and effective administration of Ontario tax statutes, tax incentive programs and benefit programs; and strives to optimize revenues while reducing compliance costs for people and businesses. Revenues collected through tax and non-tax programs provide the fiscal foundation on which many government programs are based, while various tax credit and benefit programs help support a strong social, economic and investment climate. The province encourages compliance through taxpayer information services and independent objections review, while discouraging non-compliance, tax evasion and participation in the underground economy through collections activities, audits, inspections and investigations. The fairness of tax incentive and benefit programs is protected through validation reviews and audits. The program is also responsible for the wind down of the retail sales tax program.

Program Description

This program is responsible for the development, direction, operation and formulation of policies for the management of the Province's debt, investments, credit rating, investor relations, and related financial administration activities; providing centralized banking and cash management services to the Province; reporting on the financial position of the Province to investors and the public to facilitate borrowing activities; providing to the electricity sector financial analysis and support for any direct or indirect provincial liabilities and monitoring the fiscal implications; advice to government and broader public sector on financing initiatives and policies; provision of guarantees and loans by the Province and assistance in investments to its Crown Corporations and agencies; and arranging custodial and fiscal agency services for the Province and certain agencies. It is also responsible for the issuance of Ontario Savings Bonds. The Ontario Financing Authority (OFA) provides a broad range of financial services to Ontario Electricity Financial Corporation (OEFC) and Ontario Infrastructure and Lands Corporation (Infrastructure Ontario).

Program Description

This program advises the Ontario Government, on matters concerning Francophone Affairs and the provision of French-language services. It develops policies and programs pertaining to the Francophone Affairs and French-language services. It monitors and oversees the implementation of the FLSA by ministries and agencies and makes recommendations concerning the addition of new designated areas to the Schedule and the designation of public service agencies under the Act. It reviews the availability and quality of services delivered by ministries to the Francophone population. It provides information, advice, expertise and assistance to the Francophone community. It coordinates the transfer of federal funding to other ministries and agencies for projects that are funded under the Canada-Ontario Agreement on French-Language Services.

Program Description

The Ministry Administration program provides administrative and support services to enable the ministry to deliver results for the government's objectives and fiscal priorities. Its functions include financial management, human resources, accommodations and facilities management, legal, communications, planning and results monitoring. The program assists and supports ministry program areas in achieving their business goals.

Program Description

The Human Resources Services Program supports the government's commitment to be a responsive and innovative world leader in customer service by having a skilled and innovative workforce. HROntario delivers integrated HR and business transformation services that support ministries' business objectives, achieves legislative compliance, promotes use of best practices and develops and implements strategies and policies that make the OPS an employer of first choice. The program also co-ordinates internal security in the OPS. The Diversity Office supports the OPS' vision of being an inclusive, diverse and accessible organization that delivers excellent public service and supports all employees in achieving their full potential. As a centre of excellence, the Diversity Office has the lead for assisting the OPS to become compliant with the *Accessibility for Ontarians with Disabilities Act*. The Office is also responsible for providing innovative and strategic OPS-wide leadership in the areas of diversity and accessibility, both as a policy maker and a service provider. The Labour Relations Secretariat analyzes factors that drive collective bargaining outcomes in order to develop and provide strategic guidance and advice to government, ministries and Broader Public Sector employers related to ongoing collective bargaining and labour relations issues.

Program Description

The Enterprise Business Services Program is responsible for improving the delivery of internal and external government-wide services to meet the needs of Ontarians and the OPS. All service delivery programs focus on transforming and improving government services. The Corporate Information and Information Technology Program provides leadership on information technology in government. This includes strategy, security, policy, the implementation of common infrastructure, governance and accountability. It also includes the delivery of OPS-wide common services such as computer processing and network facilities. Ontario Shared Services is the Ontario Government's business and employee service provider for back office administration and supply chain management service. It provides strategic advice, controllership and cost-effective service delivery in financial processing, payroll and benefits processing, benefit administration, supply chain management and enterprise business services. Information, Privacy and Archives promotes good recordkeeping practices across the government and provides strategic leadership for freedom of information and privacy protection, information security and privacy classification, and intellectual property. It collects, manages and preserves the archival records of Ontario, promotes public access to Ontario's historic documents and records, and delivers responsible stewardship of the Government of Ontario's art collection. The Ontario Public Service Green Office, provides strategic leadership to ministries in the greening of government operations. Its mandate is to ensure actions are in place to reduce the government's carbon footprint from internal operations and other environmental impacts, help create sustainable business practices and build a green organizational culture. The Enterprise Services Cluster provides leadership and cost-effective IT support to its clients for enhancing government services. The cluster also works with the Corporate I&IT program to enable the underlying Information Technology solutions necessary for MGS to modernize government operations and provide cost-effective services to clients across the OPS.

Program Description

A number of agencies, boards and commissions associated with Ministry of Government Services provide oversight to ensure effective governance, accountability, and relationship management: The Licence Appeal Tribunal hears appeals about compensation claims and licensing activities regulated under various ministries' statutes. The Advertising Review Board is designated as a mandatory central service for enabling the procurement of advertising, public and media relations, and creative communications services for the Ontario Public Service. This helps ensure ministries and government agencies acquire these services in a manner that is fair, open, transparent and accessible to qualified suppliers. The Conflict of Interest Commissioner has responsibility for certain conflict of interest and political activity matters as they apply to employees of ministries and public bodies as well as to individuals appointed to public bodies. The Commissioner handles requests for advice or rulings on specific conflict of interest or political activity matters, advises on financial declarations, considers conflict of interest rules submitted by public bodies and reviews and approves adjudicative tribunals' ethics plans.

Program Description

ServiceOntario is the government's service gateway for information and routine transactions for individuals and businesses. ServiceOntario is making it easier for Ontarians to get fast, friendly and easy access to Ontario government information and services that are efficient and cost-effective. ServiceOntario's vision is to be recognized for meeting or exceeding customer expectations with our service, solutions, leadership and people, every time. Aligned with the ServiceOntario program and Corporate I&IT program, the Government Services Cluster provides strategic advice and cost-effective technology solutions for ServiceOntario and ministry partners in implementing key business objectives as well as modernizing government services via public-facing online applications.

Program Description

Ministry Administration provides support to the Minister of Health and Long-Term Care to meet the requirements of the Ministry's portfolio, ministry management, accountability and controllership frameworks to ensure the cost-effective/efficient use of resources to achieve business results.

A broad range of strategic and operational services are provided to support the effective delivery of all Ministry programs and services, including business, fiscal and health capital planning; health system investment and funding policies and decisions; audit; supply chain and facilities, contract management and record management; government pharmacy; strategic human resources including talent management, workforce planning and strategies, organizational capacity and engagement, health, safety and wellness and strategic labour relations; freedom of information, protection of privacy, and personal health information protection; submission coordination and Cabinet Office liaison; public appointments process; legal; communications and information.

The Project Management and Process Improvement Office provides leadership, advice and learning to the Ministry to better execute projects, improve core business processes and achieve its outcomes.

Also, funding is provided for administrative support to the Ontario Review Board, Consent and Capacity Board, Health Services Appeal and Review Board, Health Professions Appeal and Review Board, and the Ontario Hepatitis C Assistance Plan Review Committee.

Program Description

The Health Policy and Research Program integrates health system research evidence, strategy and program policy to provide strategic directions for Ontario's health system. System-wide planning allows the Ministry to: support legislation and policy development; monitor alignment with the strategic directions; select and manage portfolios, strategy and other initiatives within the Ministry to further health system and health human resource goals. The work includes targeted investment, oversight and synthesis of health services/population health research, strategic policy and planning relating to the supply, mix, distribution, recruitment, retention, scope of practice and education/training of health providers. Related activities are the regulation of health professionals and labour relations matters pertaining to health professionals.

Program Description

eHealth ensures that information and information technology are used to improve and modernize Ontario's health care system, and to improve the quality of and access to health care services. eHealth Ontario provides the information infrastructure required to facilitate the secure electronic communication and exchange of personal information among Ontario's health care providers and supports the Ministry's eHealth initiatives.

Information Management provides health information and analytics which enable evidence-based decision making to ensure a sustainable health care system for Ontario.

Program Description

The Ontario Health Insurance Program includes key elements of Ontario's health care system: client eligibility and health card policies, physicians' payments for services that are insured under the Health Insurance Act, other practitioners' payments, out-of-province/out-of-country services, independent health facilities, midwifery services, underserviced areas, northern health travel grants, teletriage services, cancer screening, disease prevention, health quality, drugs, community laboratories, protection from health-related fraudulent activity and assistive devices including home oxygen.

Ontario health services are available from health professionals in various settings from family doctors' offices to academic health science centres, to hospitals, to Telehealth Ontario and Telephone Health Advisory Service where triage advice and health information is provided by a registered nurse. Government-funded services are available to Ontarians who have registered, and who are eligible for the Ontario Health Insurance Plan. The Underserviced Area Program and the Northern Health Travel Grant Program offer a number of integrated supports that provide rural and northern communities with access to needed health care services. The focus for disease prevention is improving the health and health care for Ontarians living with or at high risk of developing diabetes, congestive heart failure, chronic obstructive pulmonary disease and hypertension. The Ontario Diabetes Strategy leverages new and existing investments to improve access to, and quality of, diabetes services and care. This serves to enhance prevention and improve disease management. Early detection and intervention for better health outcomes is the driving force behind other preventative care initiatives such as the Integrated Cancer Screening Program which promotes breast, cervical and colorectal cancer screening. Health Quality Ontario is the provincial agency that supports evidence-based, high quality health care to contribute to a sustainable health system.

Program Description

The goal of the Public Health Program is to protect and enhance health, prevent the onset of disease and premature death of Ontarians at all stages of life. The mandate of Public Health includes the entire spectrum of infectious diseases, chronic diseases and injury prevention, healthy child development, family and community health, and environmental health – all with a focus on the underlying determinants of health and illness. This Program focuses health resources on prevention and early interventions.

The program sets standards and protocols, provides funding to Ontario's public health system, including boards of health, related associations and Public Health Ontario, and provides oversight and ensures accountability of the system. It includes the Chief Medical Officer of Health who has independent powers and the responsibility to report annually on the state of public health to the Legislative Assembly of Ontario. The program also partners with Public Health Ontario which supports public health at the provincial and local levels through the provision of scientific advice, education and training and field support as required.

Program Description

As steward for the long-term sustainability of Ontario's health care system, the Ministry collaborates with 14 Local Health Integration Networks (LHINs) to promote a patient-focused, value driven, integrated and co-ordinated health care system. While the Ministry provides strategic direction and guidance, the LHINs are responsible for planning, integrating and funding health service providers in their local health systems. The LHINs exercise their authority under the *Local Health System Integration Act, 2006*. Additional responsibilities and performance expectations are set out in the Memorandum of Understanding and Accountability Agreement with the Ministry of Health and Long-Term Care. The LHINs have the flexibility to address unique local health needs and priorities through the management of services in public hospitals, specialty psychiatric hospitals, community care access centres, long-term care homes, community health centres, community support services, community services for persons with acquired brain injury, assisted living services in supportive housing, mental health and addiction agencies. The Ministry, in partnership with LHINs, ensures the delivery of accessible, community-responsive and high-quality health care for all Ontarians.

Program Description

This vote includes Provincial Programs, Emergency Health Services and Stewardship.

This program is responsible for transfer payment accountability, and operational policy development, including the planning and funding of a wide span of specialized programs. Examples of these transfer payment programs include: Cancer Care Ontario, Ontario Breast Screening, Community and Priority Services, Operation of Related Facilities, Ontario Healthy Homes Renovation Tax Credits, HIV/AIDS and Hepatitis C Programs and Chronic Disease Management Programs. In addition, the program provides Ontario's share of funding to the Canadian Blood Services and also supports a blood utilization management strategy for Ontario.

In addition to transfer payment activities, Provincial Programs and Stewardship also includes Direct Operating Expenditures for the management and delivery of the Transfer Payments within the Vote, and for the oversight administration (stewardship) of the Local Health Integration Networks.

Emergency Health Services ensures the existence of a balanced and integrated system of emergency health services throughout Ontario. The system consists of a series of inter-related programs and services including municipally operated/contracted land ambulance services, the not-for-profit air ambulance organization called ORNGE, and ambulance communications services.

Program Description

The Health Promotion Program works with its partners to deliver effective and accountable programs and services that contribute to the long-term wellness of Ontarians. The program provides tools and supports that advance the government's health promotion objectives through the implementation of the following priorities: Promoting Health and Wellness; Preventing Disease, Injury and Addiction; Smoke-Free Ontario Strategy; Nutrition and Healthy Eating; and Partnership Support for Healthy Communities.

	233,455,700	**(132,845,700)**	**100,610,000**	**TOTAL CAPITAL EXPENSE FOR INFRASTRUCTURE AND GROWTH PLANNING PROGRAM**	**60**

Program Description

The infrastructure program supports the development and implementation of sound infrastructure strategies for the province, including: central agency management of the provincial infrastructure planning process and capital budget development; implementation of the long-term infrastructure plan; development of horizontal and sectoral infrastructure policy and program proposals; negotiation with the federal government on new cost-shared infrastructure programs; coordination of infrastructure program implementation, including stimulus investments; development and implementation of a government asset management framework; infrastructure economics and financial analysis and advice; information management for infrastructure investments; and water economics expertise.

The growth planning program leads the development and implementation of the government's province-wide growth management policy. This includes creating regional growth management plans with local governments, Aboriginal communities and other affected stakeholders, and the broader public as well as facilitating the alignment of multi-ministry government policy and funding to support program implementation.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision. The actual costs incurred were not charged against the "Contingencies" activity but rather against those programs and activities to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

Program Description

This program has integrated responsibility for the strategic asset realty planning and policy development and management of a portfolio encompassing approximately one million acres of land held throughout Ontario. It also has the responsibility for acquisition, disposition and use of realty assets as well as governance and oversight of its delivery agent, the Ontario Infrastructure and Lands Corporation. In this role, the program provides expert real estate advice and service to support Ontario's policy and program objectives in addition to working with Ontario ministries and agencies to support their land use, property manager and accommodation needs. Today, the program is achieving a number of Ontario's environmental and policy objectives through its effective management of realty assets, value optimization of existing realty assets, and the provision of adequate and appropriate workspace for Ontario Public Servants. In addition, this program has responsibility for oversight of Waterfront Toronto.

Program Description

The mandate of the Pay Equity Office (PEO) is to administer and enforce Ontario's *Pay Equity Act*, which is intended to eliminate systemic gender discrimination in the compensation of work primarily performed by women. To carry out this mandate, the PEO provides education and advice to employers, employees and bargaining agents in the public and private sectors to achieve and maintain pay equity in their workplaces. The PEO also investigates complaints, monitors workplaces for compliance, attempts to effect settlements of pay equity issues between the parties and issues Orders for compliance where necessary.

The Pay Equity Hearings Tribunal, a quasi-judicial tri-partite administrative tribunal, is responsible for adjudicating disputes arising under the *Pay Equity Act*.

Program Description

The role of Labour Relations is to promote a stable labour relations climate and harmonious workplace relationships in the province.

The Ontario Labour Relations Board (OLRB) is an independent, quasi-judicial tribunal which mediates and adjudicates a variety of employment and labour relations-related matters under various Ontario statutes including appeals of decisions of employment standards officers and occupational health and safety inspectors.

The Crown Employees Grievance Settlement Board (GSB) is an independent quasi-judicial tribunal that mediates and adjudicates the labour relations disputes of Ontario Crown Employees. The GSB also provides financial and administrative services to the Public Service Grievance Board, an agency of the Ministry of Government Services.

Dispute Resolution Services provides neutral, third-party assistance to trade unions and employers through collective agreement conciliation and mediation, appointment of arbitrators and collective bargaining information.

Program Description

Occupational Health and Safety's primary mandate is the setting, communicating and enforcing of the occupational health and safety legislation and regulations, and coordinating Ontario's workplace injury and illness prevention system to reduce or eliminate workplace injury or illness.

The Occupational Health and Safety Program ensures compliance with the *Occupational Health and Safety Act* (the Act), and assists workplace parties in securing a healthy and safe working environment. Through the administration and enforcement of the Act and its regulations, it encourages employers and workers to cooperatively identify and control health and safety hazards.

The Prevention Office coordinates Ontario's injury and illness prevention system including health and safety education and promotion by establishing and implementing a provincial occupational health and safety strategy to ensure the alignment of health and safety activities across all system partners; designating, providing operating and capital funding, and maintaining oversight over Health and Safety Associations through transfer payment agreements; establishing standards for, and approval of training programs and providers; establishing requirements for certification of joint health and safety committee members; and, supporting funding decisions for prevention research and prevention grants to recipients who meet specific eligibility criteria.

The Office of the Worker Adviser provides advisory, representation and educational services to non-unionized injured workers and survivors, and represents them before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal. The OWA also provides representation services to workers at the Ontario Labour Relations Board in reprisal complaint cases under Section 50 of the *Occupational Health and Safety Act*.

The Office of the Employer Adviser provides advisory and educational services to all Ontario employers and representation services primarily to smaller employers, with fewer than 100 employees, with regard to workplace safety insurance matters before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal. The OEA also provides representation services to workers at the Ontario Labour Relations Board in reprisal complaint cases under Section 50 of the *Occupational Health and Safety Act*.

Program Description

The Employment Rights and Responsibilities Program (ERRP) is responsible for the administration and enforcement of the *Employment Standards Act, 2000* and its regulations.

The ERRP ensures that Ontario workers are protected by minimum standards of employment covering wages and working conditions. It promotes compliance with these standards through inspections, investigations and enforcement initiatives, and encourages self-reliance through prevention efforts.

Program Description

This program provides the services required by the Lieutenant Governor in performing his constitutional, representational and community duties. In his constitutional role, the Lieutenant Governor represents the Queen, appoints the Premier based on majority support, swears-in the Executive Council, outlines the Government's plans in the Speech from the Throne, provides the Royal Assent needed for bills to become law, approves orders-in-council and appointments recommended by Cabinet, and prorogues or dissolves each session of Parliament. In his community role, the Lieutenant Governor represents the people of Ontario and acts as the Province's official host, welcoming world leaders and diplomats. He annually hosts or attends hundreds of community events throughout Ontario. He promotes themes or issues associated with accessibility for people with visible and invisible disabilities, while also enhancing literacy opportunities for Aboriginal youth. He presents honours and awards to outstanding Ontarians and, on request, sends messages for special celebrations and congratulations for birthdays of 90 years and over, and for wedding anniversaries of 50 years and over.

Program Description

This program works with municipalities to increase municipal investment readiness, asset management capacity and long-term financial stability to maximize their contribution to the Province's economic agenda. It oversees the implementation of the *Municipal Act, the Planning Act, the Housing Services Act* and related legislation, policies and programs. It also develops and oversees the implementation of the Province's Building Code. In addition, through policy and program development, it supports key government initiatives such as energy and water conservation, greenhouse-gas reduction, source water protection and barrier-free accessibility in the built environment. This program is a primary conduit of intelligence between the Province and key stakeholders, including municipalities, Aboriginal communities and the building sector, to support decision making and policy development. It also leads the Province's one-window land-use planning system and administers provincial disaster assistance programs to help municipalities and individuals recover quickly from tornados, floods and other natural disasters.

Program Description

The objectives of this program are well-planned, safe, strong, and sustainable communities that enhance quality of life and support a prosperous economy. The Local Government and Planning Policy Program contributes to a long-term policy, administrative, and legislative framework that enhances the quality and effectiveness of local government; enhances environmental protection, growth management, conservation of greenspace and healthy economic growth and resiliency; provides tools to improve local service delivery, reduce costs, achieve financial sustainability, enhance accountability to taxpayers, and builds and maintains effective partnerships with key municipal and professional associations, municipalities, Aboriginal peoples and other ministries and governments. All of this work is guided by a partnership approach and meaningful stakeholder and municipal engagement and consultation.

Program Description

The objectives of this program are to deliver on the government's commitments on affordable housing; to create a regulatory framework that protects tenants and landlords and encourages proper maintenance and investment in rental housing; and to support municipalities, housing providers and other external stakeholders, in order to help them meet their housing responsibilities. To meet its objectives, the program provides a full range of services: policy development, program design, delivery compliance, complaints resolution, and funding for affordable and social housing proponents.

Program Description

The Natural Resources Management Program provides leadership and oversight in the management of Ontario's forests, Crown land, water, renewable energy, aggregate and petroleum resources through the development, implementation and improvement of legislation, policies, programs, information systems and standards.

The Program endeavours to ensure a healthy, viable forest industry in Ontario, and foster a competitive business environment by promoting jobs and investment in the forestry sector.

The Natural Resources Management Program also provides leadership and oversight in the management of Ontario's fish and wildlife resources, parks and protected areas, including the protection and management of provincially significant natural, cultural and recreational environment in order to promote healthy and sustainable ecosystems, conserve biodiversity, and enhance opportunities for outdoor recreation.

In addition, the Program provides leadership and oversight in the management of capital infrastructure assets such as fish culture facilities, Parks, Crown land, water, and other infrastructure investments necessary to deliver ministry programs.

Program Description

The Public Safety and Emergency Response program provides leadership for the delivery of the Ministry's emergency management program for the protection of people and property affected by forest fires, flood, drought, erosion, soil/bedrock instability, and crude and natural gas exploration including natural gas and hydrocarbon underground storage, salt solution mining emergencies and other provincially significant emergencies where assistance is requested.

The program also has responsibility for the planning and provision, directly or indirectly, of non-scheduled air transportation for the Government of Ontario.

Program Description

This program provides executive direction as well as strategic business and resource planning services to ensure the efficient and effective delivery of ministry programs. It supports ministry operations through the provision of advice and services in the areas of human resources, financial planning, accounting and administration, and professional support services such as legal and audit services. It also provides core strategic support in the areas of corporate policy and communications.

Program Description

This program helps build a more prosperous Northern Ontario and strong, vibrant and sustainable northern communities. The Ministry leads and assists in the delivery of initiatives aimed at stimulating economic growth, creating jobs, promoting trade and investment, improving infrastructure and providing a better quality of life for Northerners.

Ministry programs such as the Export Assistance for Mining and Forestry initiative work to attract trade and investment opportunities to help northern businesses develop and expand domestic and international markets. The Ministry also helps economic diversification through enhanced programs of the Northern Ontario Heritage Fund Corporation including the Entrepreneur Program, one of seven programs to help the public and private sector grow and diversify the northern economy. Other initiatives to stimulate economic growth and job creation include the Northern Community Investment Readiness program and the Northern Industrial Electricity Rate Program.

The Ministry co-leads the implementation of the government's Growth Plan for Northern Ontario, coordinates provincial economic development initiatives in the North, and markets Northern Ontario’s strengths and opportunities to the world. Strategic investments in infrastructure such as the Northern Highways Program and telecommunications and information technology are improving the North’s linkages to the rest of Ontario, Canada and beyond.

Through this program, the Ministry’s network of offices provides northern communities, businesses and entrepreneurs with access to government economic development programs and services. By engaging Northerners in government initiatives including policy and planning activities, this program also ensures Northerners have a say in the development of government programs and services that affect them.

Program Description

This program helps build a strong, sustainable provincial mineral sector contributing to the prosperity of all of Ontario. Province-wide geological mapping, online access to geoscience information, international marketing, and expert geological advisory services in field offices across the province create a competitive advantage for Ontario - helping a global exploration industry assess Ontario's mineral potential and attract investment, exploration and mineral development to Ontario. This program's knowledge about Ontario's geological, mineral, groundwater and energy resource endowment helps to support land-use planning initiatives and other government priorities such as source water protection efforts, and identification of new industrial and energy development opportunities.

This program area also administers the *Ontario Mining Act* to ensure sustainable and responsible development of Ontario's mineral resources. This involves ensuring equitable public access to Crown mineral rights, fair and efficient management of Ontario's mining lands, and safe, environmentally sound mineral development and rehabilitation of mining lands through a modernized Mining Act and related regulations and policies.

This program administers the Ontario Diamond Royalty Regulation, values rough stones for export and works with industry partners to pursue value-added opportunities throughout the diamond industry.

The program area has responsibility for developing new, collaborative Aboriginal mineral development engagement and consultation processes and working with communities to build relationships and foster sustainable socio-economic and mineral development.

This program provides support for policy and program development and implementation on a range of issues and opportunities with respect to development in the area known as the Ring of Fire. A dedicated Secretariat works with all parties involved, consulting with Northerners, Aboriginal people, and the mining community to encourage responsible, sustainable development.

Program Description

The Ombudsman is an Officer of the Legislature who submits his reports directly to the Legislative Assembly. The Ombudsman's mandate is set out in the *Ombudsman Act*. The Ombudsman publishes an Annual Report as required by the Act, as well as special reports throughout the year on systemic investigations conducted by the Special Ombudsman Response Team.

The Ombudsman investigates complaints about the administration of Ontario's provincial governmental organizations and makes recommendations to improve government policy, programs and services. The Ombudsman can investigate both individual and systemic complaints brought forward by members of the public, Members of Provincial Parliament, and on his own initiative. The Ombudsman services are free of charge.

During the 2011/2012 fiscal year, the Ombudsman's Office experienced a 27% increase in its caseload, receiving over 18,500 complaints. We are on track to exceed this number for the 2012/2013 fiscal year. The Ombudsman's Office maintains a complement of 86 FTE's, 63 of which are members of the Canadian Office and Professional Employees union (COPE). The Office's current collective agreement expires March 31, 2013.

The Ombudsman also investigates citizens' complaints about closed municipal meetings pursuant to the Municipal Act, where no municipal investigator is in place. This additional jurisdiction was received in 2008 and was implemented using existing resources and with no resulting increase in the operating budget of the office. The Ombudsman also publishes an Annual Report on the Closed Meetings investigations conducted by his office, as well as special reports on individual investigations.

The Office of the Ombudsman maintains a high social media presence and individuals may contact the Office to lodge a complaint in person, in writing, via toll-free telephone, email, internet or using a mobile web application. The Office provides extensive information about its operations and specific investigations in both English and French, on its website at www.ombudsman.on.ca.

Program Description

The Tourism Program seeks to sustain and grow the competitiveness of Ontario's tourism industry, which directly supports the government's Open Ontario Plan.

The Ministry works in partnership with tourism associations and businesses to strengthen and build the tourism industry and promote Ontario worldwide as a premier, four-season tourist destination. This includes providing support to the 13 Regional Tourism Organizations and festivals and events across the province, identifying tourism development opportunities, and providing strategic intelligence to keep tourism stakeholders well informed about trends, issues, and visitor expectations.

The Ministry oversees the activities and accountabilities of eight attractions and agencies that promote tourism, economic growth and job creation. The Ministry's tourism attractions and agencies are the stewards of unique historic facilities, green space and parklands in regions across Ontario, and offer a range of educational, recreational, cultural and entertainment programs for residents and visitors.

Program Description

The Sport, Recreation and Community Programs branch is committed to increasing Ontarians' sport and physical activity participation levels and developing high performance athletes whose achievements inspire people across Ontario and Canada.

The Branch is responsible for creating a culture which values sport, recreation and physical activity in order to build healthier and more vibrant communities. Building this culture depends on strong partnerships with other levels of government, national and provincial sport and recreation organizations and other Ministry partners.

The Branch leads Ontario's interests in 'Amateur Sport' by ensuring recognized sports are conducted in a fair and safe way; encouraging sport participation among all Ontarians; supporting high performance athletes; ensuring the sport legacy from the 2015 Pan/Parapan American Games and advocating Ontario priorities at the federal level.

The Branch leads Ontario's interests in 'Recreation' by providing funding for key partners to deliver projects that increase physical activity and provide after school programs among children and youth; enhance recreation infrastructure at the local level; provide coordination for provincial interests in trails, parkland, open space and water-based recreation resources.

The Branch also supports Community programs that deliver targeted health promotion programs with a focus on sport and recreation and engage Aboriginal communities to increase physical activity.

Program Description

The Tourism and Culture Capital Program preserves and enhances Ontario's investment in tourism and cultural infrastructure. The Ministry provides capital repair and rehabilitation funding to 13 of its 21 tourism and cultural agencies and attractions. This funding enables the Ministry's agencies and attractions to undertake repair and rehabilitation of existing infrastructure including: renovations, building code upgrades, health and safety improvements and statutory/regulatory compliance, to help them remain competitive and enhance the visitor experience.

The Ministry manages the infrastructure development commitments for Sports, Culture Tourism Partnership Program as well as one-time capital year-end investments.

The Ministry also manages and delivers the Recreational Infrastructure Canada Program in Ontario (RInC) – a $390 million federal/provincial infrastructure program intended to provide timely, targeted economic stimulus through investments in existing recreational infrastructure.

Program Description

The Culture Program promotes and supports the arts and cultural industries, protects Ontario's heritage, advances the public library system and supports cultural agencies in order to maximize their contribution to Ontario's social, cultural and economic well-being. The Ministry provides support and advice to municipalities, First Nations, municipal heritage committees and others involved in heritage conservation and protection or cultural planning.

Through strategic investments in cultural industries in the entertainment and creative cluster, the Ministry supports innovation, encourages high-skill job creation and contributes to strengthening Ontario's competitive advantage in the knowledge-based economy.

Program Description

The Postsecondary Education Division works in collaboration with the Strategic Policy and Programs Division to implement government strategies and policy for postsecondary education in Ontario. The Postsecondary Education Division develops and implements operational policies and financial support to postsecondary institutions and students in Ontario, in support of the government's social and economic policy objectives with the goal of providing opportunities for high quality, accountable, relevant and accessible postsecondary education.

Key components of the program include operation of the Ontario Student Assistance Program; administering operating and capital transfer payments to colleges and universities and student financial assistance; managing financial and governance relationships with postsecondary institutions; managing accountability mechanisms, including governance and relevant legislation; regulating the public colleges of applied arts and technology and private career colleges in accordance with applicable statutes and administering the funding framework for colleges and universities.

Program Description

Employment Ontario (EO), Ontario's integrated employment and training network, makes it easier for Ontarians to find the employment and training programs and services they need. To remain competitive in a global economy, EO will help build Ontario's goal to have the most educated people and highly skilled workforce in the world. EO programs and services can be grouped into four categories:

1. Employment and Training Programs
2. Apprenticeship Programs
3. Foundational Skills Programs
4. Labour Market Programs

EO programs and services are delivered through the EO network, comprised of Ontario's community-based network of employment services, literacy providers, public colleges, direct delivery apprenticeship offices and training delivery agents. EO aims to deliver integrated, customer-focused and effective employment and training to advance Ontario's economic advantage.

Program Description

The Strategic Policy and Programs Division leads strategic policy development and program design for postsecondary education and labour market training. It also performs key functions for the Ministry such as; long-term forecasting, capital planning, evaluation, management of inter-jurisdictional relations, including the oversight of federal-provincial labour market agreements. The Division’s work contributes to the Government's goal of developing a highly knowledgeable and highly skilled workforce able to succeed in today’s changing economy.

Program Description

The Ministry Administration Program provides guidance and supports the ministry in meeting its business objectives. From providing expertise on expenditure management to helping the ministry get the best value from its human resources, this program gives the ministry the necessary professional support to achieve its overall goals.

The program provides a full range of services including resource planning and management, controllership, procurement, customer service, accessibility planning, emergency management and other corporate functions. This program also administers the government fleet of vehicles, on behalf of the entire Ontario Public Service.

Program Description

The Policy and Planning Program oversees Ontario's long-term, strategic transportation interests. Its primary focus is to plan and promote an efficient and sustainable multimodal transportation system throughout the province.

In consultation with key federal and municipal partners, the program undertakes multimodal transportation policy development and long-range transportation planning to ensure that all of the elements of the system (air, rail, road, marine and transit) work together effectively.

The program provides funding for multimodal transportation systems and helps achieve provincial transportation-related climate change objectives. It is responsible for managing the province’s relationship with Crown Agencies accountable to the Minister of Transportation such as Metrolinx, which includes GO Transit.

Additionally, the program works to advance Ontario’s transportation priorities and interests by working with the federal government and other provinces on key areas of common interest.

Program Description

The Road User Safety Program develops and implements strategies to improve road safety and mobility through driving behaviour and motor vehicle safety.

Ontario holds a leading position as one of the safest jurisdictions in North America. The Ministry of Transportation's road safety programs leads and actively participates with other jurisdictions in Canada and the United States in developing and promoting road safety initiatives and best practices. The program works with many partners including police, community groups, safety organizations and the private sector to reduce fatalities and injuries on our roads.

The key responsibilities of the program are to: set safety standards and develop policies, programs, legislation and regulations for road users, carriers and vehicles; inspect, monitor and enforce compliance with those standards; manage and deliver commercial vehicle safety programs and promote public awareness of road safety. It also supports the delivery of programs for other ministries.

The program establishes policies and standards, and oversees the delivery of driver and vehicle licensing and registration and other services by our government and private sector partners.

Program Description

The Provincial Highways Management Program oversees the planning, design, construction, maintenance and operation of the provincial highway network and develops strategies to maximize investments in highway infrastructure.

The provincial highway network provides safe mobility for people and goods, and promotes economic, environmental and social sustainability. The program delivers these activities through internal resources, partnerships and private sector service providers.

Activities include environmental assessments, investment planning, engineering, property acquisition, rehabilitation, new construction, contract oversight, routine summer and winter maintenance (such as shoulder grading/snow and ice control) for all provincial highways and bridges. The program is responsible for remote airports throughout northern Ontario, ferry services in locations across Ontario, first nations roads subsidies, road improvements in unincorporated areas, service centres, and the production of the official map of Ontario highways.

The program develops policies and guidelines and sets highway and bridge maintenance, engineering, materials, investment planning and construction standards.

Program Description

The Labour and Transportation Cluster provides leadership in the use of information and information technology for the Ministries of Labour and Transportation. The cluster is also the central provider for .NET technology solutions across the Ontario Public Service.

The cluster enables the ministries to deliver on elements of their Results-based Plans by helping them manage their resources. The cluster also plans I&IT investments to optimize value and help the ministries be socially responsible stewards of the public trust. By helping to modernize the ministries' information practices, the cluster helps enhance program delivery, enable new business opportunities and improve customer service.

*Debt Issued for Investment Purposes, as a result of a debt for equity swap between the Province and Ontario Power Generation Inc. and Hydro One Inc., is eliminated upon consolidation.

SUMMARY OF DEBT OUTSTANDING – Concluded

As at March 31, 2013

The Ontario Teachers' Pension Fund is administered by the Ontario Teachers' Pension Plan Board. The Public Service Pension Fund and the Ontario Public Service Employees' Union Pension Fund are administered by the Ontario Pension Board and the Ontario Public Service Employees' Union Pension Trust Fund respectively. Debt due to these funds consists of non-marketable debentures of the Province.

The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over.

The Ontario Immigrant Investor Corporation (OIIC) is an operational enterprise of the Ontario Government incorporated on April 30, 1999 under the *Development Corporations Act*. The corporation was established to act as Province's receiving vehicle for immigrant investor monies under the federal government's Immigrant Investor Program (IIP). The Ontario Financing Authority manages these monies under an investment management agreement with the OIIC, and the OFA invests these funds received from the IIP in Ontario's bonds.

The Canada Mortgage and Housing Corporation (CMHC) has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public borrowing cost at the time that the Corporation agreed to participate in the project.

The Province of Ontario has issued to public investors in the capital market bonds denominated in Canadian dollar, United States dollar, Japanese yen, Australian dollar, euro, Swiss franc, New Zealand dollar, U.K. pound sterling, Hong Kong dollar, Norwegian krone, and South African rand.

Ontario Savings Bonds (OSBs) were first issued in 1995. OSBs are retail bonds sold by the Province to the residents of Ontario. The bonds are issued once a year and are available for sale through most financial institutions. There are three types of bonds: Variable-Rate Bonds, Step-Up Bonds and Fixed-Rate Bonds. All are available with annual or compound interest.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with various maturities up to three years, are sold by tender on a regular basis.

U.S. Commercial Paper issues are non-interest bearing debt with maturities up to 270 days.

A School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards. The Trust issued 30-year sinking fund debentures amounting to $891 million and $882 million of the proceeds was provided to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province. An annual transfer payment is made by the Ministry of Education to the Trust's sinking fund under the School Board Operating Grant program to retire the debt over 30 years.

Net consolidation and other adjustments include third party debt of other government organizations and elimination of Province's debt due to these organizations and their holding of Ontario treasury bills and bonds.

Debt Issued for OEFC: The Province, on behalf of Ontario Electricity Financial Corporation (OEFC), borrows from the Canada Pension Investment Board and issues debentures and treasury bills as in the public markets. The proceeds of all such borrowings are advanced to OEFC in exchange for bonds and short term notes with like terms and conditions.

Debt issued for Investment Purposes: On April 1, 1999, under the *Energy Competition Act*, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro. Ontario Power Generation Inc. (OPG) and Hydro One Inc. are two of these five corporations. In order for OPG and Hydro One Inc. to have capital structures competitive with those of other industry participants, the two companies entered into a debt-for-equity swap with the Province of Ontario. The Province assumed $8,885 million of the debt issued by the two corporations in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One Inc.

OUTSTANDING DEBT – Continued

As at March 31, 2013

References:

1. All debt issues are non-callable, except as stated in the notes. Debt is payable at a fixed rate, or a floating rate with reference to a stated index, reset usually every three months (3M). These floating rate indices are CBA - Canadian Bankers' Acceptance Rate, Euribor - Euro Interbank Offered Rate, Hibor - Hong Kong Interbank Offered Rate, and Libor - London Interbank Offered Rate.
2. The following debt series are issued for Provincial purposes and for OEFC: DMTN69, DMTN93, DMTN197, DMTN199, DMTN135, DMTN201, DMTN205, DMTN163, DMTN208, DMTN173, DMTN217, DMTN183, DMTN79, DMTN195, DMTN140, DMTN200, DMTN207, DMTN212, DMTN215, HP, KJ, LQ, DMTN158, DMTN164, DMTN182, DMTN204, DMTN214, EMTN56, G53, PE, G62, PU and EMTN82.
3. The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over. These debentures are not negotiable or transferable and are assignable only to a wholly-owned subsidiary of the Canada Pension Plan Investment Board. On April 1, 2007, all debentures held to the credit of the CPPIF or purchased by the Minister of Finance of Canada in accordance with Section 110 of the Canada Pension Plan were transferred to the CPPIB.
4. OPB & OPPT: Pursuant to the Ontario Public Service Employees' Pension Act 1994 and the Asset Transfer Agreement of December 12, 1994, the Province was obligated to re-split the debentures between the Public Service Pension Fund ("PSPF") and the Ontario Public Service Employees' Union Pension Plan Trust Fund ("OPSEU Fund"). On June 13, 1997 a Restated Sponsorship Amendment and Asset Transfer Agreement was signed, replacing the 1994 agreement and which resulted in the existing split after debt payment. The terms of these debentures require that the principal be repaid in 12 equal monthly payments in the year preceding the date of maturity.
5. OIIC: Total outstanding amount is $778 million, including $744 million of zero coupon bonds and $34 million of compound fixed rate bonds.
6. CMHC: The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest.
7. The Province entered into interest rate agreements for certain Canadian bonds to effectively convert their interest rate obligations according to the Province's risk management strategy. These bonds and effective rates are: DMTN193 2.44%, DMTN198 3.02%, DMTN199 2.75%, MW 3M CBA rate – 0.05%, DMTN203 3.39%, DMTN1 3M CBA rate – 0.02%, DMTN205 2.61%, DMTN209 2.83%, DMTN196 3.73%, DMTN210 2.77%, DMTN211 2.31%, DMTN173 3M CBA rate – 0.279% ($210 million), DMTN219 1.95%, DMTN217 1.88%, DMTN79 4.84% ($125 million), DMTN105 4.94%, DMTN195 3M CBA rate + 0.58% ($600 million), DMTN180 4.52% and EMTN73 4.34%.
   The OEFC entered into interest rate agreements for certain Canadian bonds to effectively convert their interest rate obligations according to OEFC's risk management strategy. These bonds and effective rates are: DMTN199 2.06%, DMTN205 2.67%.
8. DMTN116: Bonds are extendible at the option of the bondholders on the initial maturity date of September 8, 2013 to the final maturity date of March 8, 2033. Interest is payable semi-annually at 4.625% until the initial maturity date and at 5.85% if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 5.08%.
9. DMTN149: Bonds are extendible at the option of the bondholders on the initial maturity date of June 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable at the option of the bondholders on June 13, 2016 for Series DMTN119. Interest is payable semi-annually at 3.6% until June 2, 2016 and 4.8% thereafter, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this obligation to a rate of 4.67%.
10. DMTN152: Bonds are extendible at the option of the bondholders on the initial maturity date of December 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable on December 14, 2016 for Series DMTN119 at par. Interest is payable semi-annually at 3.75% until the initial maturity date and thereafter at 4.75%, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 4.76%.
11. MH: The terms of these debentures require that a special one-time interest payment of $31.1 million be made at maturity.
12. DMTN157: Interest is payable semi-annually at 15.0% until January 13, 2006 and thereafter at 5.0%.
13. Series HZ, JA, JB, JC, JD: These are zero coupon bonds which require unequal payments consisting of principal and interest to be made at predetermined irregular intervals. During the fiscal year 2012-13, principal repaid was $2.2 million. By January 10, 2035, the principal and interest to be repaid on these bonds will be $230 million.

OUTSTANDING DEBT – Continued

As at March 31, 2013

14. DMTN133: Bonds are retractable at the option of the bondholders on December 2, 2014 or exchangeable for Series DMTN119 at par on December 15, 2014. Interest is payable at 4.0% until December 2, 2014 and thereafter at 5.35% until final maturity date. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 5.26%.
15. DMTN158: This Real Return Bond bears interest to the index adjusted principal in relation to All-Items Consumer Price Index for Canada (the "CPI"), issued with a base index of 127.54839 on March 8, 2006. Consequent to the change of official time base reference period from 1992 to 2002 by the Bank of Canada on June 19, 2007, the base index has been changed to 107.18352. Total issue size is $2,844 million in principal, of which $700 million has been on-lent to OEFC, and $300 million has been swapped effectively to a nominal debt paying a fixed rate of 4.66%. The amount outstanding represents the indexed value of the principal.
16. DMTN117: The bond was issued at a high premium in 2004 to offer a yield of 5.74%.
17. JL: The terms of these debentures require unequal payments, consisting of both principal and interest, to be made at predetermined irregular intervals with the final payment on January 10, 2045. The total principal and interest to be payable over the life of the debenture is $1,325 million.
18. OSB: Ontario Savings Bonds are redeemable at the option of the holders on June 21 and December 21 and for 14 calendar days following the redemption date of June 21 and December 21, with the exception of Fixed-Rate bonds which are redeemable at maturity only. Starting in 2009, Variable Rate Bonds are redeemable annually only on June 21. All current outstanding OSBs may be redeemed upon the death of the beneficial owner.

    OSB - Fixed Rate:

    In 2009, fixed rate bonds were issued for a term of two, three and five years. In 2010 and 2011, fixed rate bonds were issued for a term of three, seven and ten years. In 2012, fixed-rate bonds were issued for a term of three and ten years only.

    OSB - Step-up Rate:

    2008 Series: Interest is payable at 2.6%, 2.8%, 3.0%, 3.2%, and 4.0%,
    2009 Series: Interest is payable at 0.75%, 1.5%, 2.5%, 3.5% and 4.5%,
    2010 Series: Interest is payable at 1.0%, 2.0%, 3.0%, 3.75%, and 4.25%,
    2011 Series: Interest is payable at 1.25%, 1.5%, 2.0%, 2.5%, and 3.75%,
    2012 Series: Interest is payable at 1.25%, 1.5%, 1.75%, 2.0%, and 2.25%,
    in year 1, 2, 3, 4 and 5 respectively.

    OSB – Variable Rate only:

    For bonds issued prior to 2009, the Minister of Finance resets the interest rate every six months. Starting in 2009, the interest rate is reset yearly, on June 21 only. On June 21, 2012, the interest rate was reset at 1.25%. On December 21, 2012, the interest rate was reset at 1.25%.
19. OSB: The outstanding amount represent bonds matured but not yet presented for redemption. No interest is payable on these bonds.
20. All foreign currency debt has been converted into Canadian dollar equivalents at the rates of the currency exchange agreements if the debt is hedged, or at year end exchange rates if unhedged. 97.1 per cent of foreign currency debt is hedged as at March 31, 2013. The exchange rates of foreign currencies to Canadian dollars as at March 31, 2013 are: Australian dollar 1.05848, euro 1.30340, Hong Kong dollar 0.130939, Japanese yen 0.010798, New Zealand dollar 0.85026, Norwegian krone 0.174126, South African rand 0.11055, Swiss franc 1.07113, United States dollar 1.01645, U.K. pound sterling 1.54394.

    In addition, the Province entered into interest rate agreements that effectively converted these interest rate obligations in accordance with the Province's risk management strategies. These bonds and effective rates are:

    (a) Australia in AUD 3.82%, EMTN in AUD 5.59%, EMTN in HKD 3.78%, Global in NZD 4.24%, EMTN in NOK 2.9%, EMTN in ZAR 4.36%, Canada in USD 4.47%
    (b) EMTN in Euro: 4.56% ($4,556 million), 3M CBA + 1.41% ($1,722 million)
    (c) Global in Euro: 5.04% ($1,395 million), 4.76% ($1,156 million, mixed rate)
    (d) Japan in Yen: 4.34% ($76 million), EMTN in Yen: 2.57% ($163 million)
    (e) EMTN in GBP: 2.43% ($120 million), 3M CBA + 0.2% ($466 million)
    (f) EMTN in CHF: 4.12% ($1,823 million), 5.33% ($240 million, mixed rate)
    (g) US in USD: 1.64% ($257 million), 1.25% ($743 million mixed rate)
    (h) Global in USD: 3.59% ($26,430 million), 3M CBA + 0.37% ($13,030 million), 1.55% ($1,275 million, mixed rate)

    The OEFC also entered into interest rate agreements that effectively converted these interest rate obligations in accordance with the OEFC's risk management strategies. These bonds and effective rates are:

    (i) Australia in AUD 4.24%, Global in Euro 4.0%, EMTN in HKD 4.13%, EMTN in CHF 5.32%, EMTN in USD 4.22%, Global in USD: 5.02% ($553 million), 3M CBA + 0.32% ($295 million) and 3M CBA + 0.3% ($55 million).
21. U.S. Commercial Paper issues are discount notes with maturities up to 270 days.

OUTSTANDING DEBT – Concluded

As at March 31, 2013

22. SBT: A School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards. The Trust issued 30-year sinking fund debentures amounting to $891 million and $882 million of the proceeds was provided to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province. An annual transfer payment is made by the Ministry of Education to the Trust's sinking fund under the School Board Operating Grant program to retire the debt over 30 years.

23. Total consolidation adjustments include third party debt issued by other government organizations and the elimination of debt issued to and Ontario securities held by these organizations. The followings are the debt issued to and holdings of Ontario Securities by other government organizations (in millions):

Ontario Bonds:

AgriCorp: $23.6m DMTN93, $3m DMTN197, $3m MW, $10.1m DMTN135, $18m DMTN132 and $20m DMTN173.

Forest Renewal Trust: $2.5m DMTN173, $1.6m DMTN195.

Infrastructure Ontario: $32.2m DMTN93, $15m DMTN197, $95.3m DMTN212, $84.7m DMTN213, $27.1m DMTN214, and $1.7m DMTN215 and $31.2m DMTN218.

Ontario Energy Board: $0.9m DMTN69, $2.8m DMTN93 and $0.9m DMTN201.

Ontario Trillium Foundation: $11.7m DMTN69, $11.6m DMTN93, $11.5m DMTN135, $11.8m DMTN197, and $11.9m DMTN201.

Ontario Immigrant Investor Corporation: OIIC 104-145 $777.8m

Treasury Bills:

Ontario Infrastructure: $474m, Northern Ontario Heritage Fund Corporation: $126m, Ontario Capital Growth Corporation: $38m, Ontario Immigrant Investor Corporation: $40m, Forest Renewal Trust: $1m, Ontario Trillium Foundation: $14m.

1. Issues include Amortization amounts.
2. Repayments include Bad Debt Expense, Loan Releases and Valuation Adjustments.
3. Other includes Accrued Interest Receivable and adjustments to Unamortized Discount.

The Loans and Investments upon consolidation are not included above.

* Financial statements of these Corporations, Boards and Commissions are shown in Volume 2, Public Accounts of Ontario.

The *Tile Drainage Act* authorizes the Minister of Finance to purchase, acquire and hold debentures issued by municipalities for construction of private tile drainage works. These debentures are payable within ten years of the issue of the debentures.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the *Tile Drainage Act* and are secured by liens on the properties.

The Ministry provided a conditional loan of $173 million to General Motors of Canada Limited to support the company's $2.5 billion Beacon project. The project supports expansions in vehicle design and manufacturing capabilities at three Ontario plants and a Canadian Engineering Centre, including innovative manufacturing technologies, and advanced training. Also, the Ministry provided a conditional loan of $2.2 million to Valiant Corporation to support the company's investment in flexible assembly systems.

The Advanced Manufacturing Investment Strategy provided loans to encourage companies to invest in leading edge technologies and processes that will increase productivity and competitiveness. The program has been closed to new applications since February 5, 2010.

The Strategic Jobs and Investment Fund is a multi-year fund, consisting of conditional grants and repayable loans that aim to attract strategic investments in innovative projects that will help transition Ontario's economy and build global competitiveness and long-term prosperity.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2013

The Innovation Demonstration Fund is a discretionary, non-entitlement funding program that focuses on the commercialization and initial technical demonstration of globally competitive, innovative green technologies, processes and/or products. The objective of the program is to help companies in their efforts to commercialize innovative technologies in Ontario.

In 2005-06, as part of the financial restructuring of Stelco Inc., the Ministry of Finance lent $150 million for ten years at 1% to Stelco in consideration of Stelco paying $400 million into its pension plans and agreeing to a pension refinancing plan. 75% of the loan will be forgiven if all of Stelco's four main pension plans are fully funded at the end of the ten-year term of the loan.

On April 1, 1999, under the *Energy Competition Act*, 1998, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro: The Ontario Electricity Financial Corporation, Ontario Power Generation Inc., Hydro One Inc., the Independent Electricity System Operator and the Electrical Safety Authority.

The Ontario Power Generation Inc. (OPG) and Hydro One Inc. (Hydro One) entered into a debt-for-equity swap with the Province of Ontario in order to have capital structures competitive with those of other industry participants. The Province assumed $8,885 million of the debt issued by the two corporations to OEFC in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One. In addition, OEFC owed Hydro One for a working capital adjustment in the amount of $122 million on the initial transfer of assets to Hydro One on April 1, 1999. Hydro One agreed to settle this amount as a reduction of their Shareholder's Equity account in 2004. In effect, the Province settled the amount on behalf of OEFC, resulting in a reduction of the equity in Hydro One to $3,637 million.

The Ontario Infrastructure and Lands Corporation (Infrastructure Ontario) was established under the Ontario Infrastructure and Lands Corporation Act, 2011. As at March 31, 2013, an $800 million promissory note is outstanding, maturing on March 31, 2053. The interest on the note is reset quarterly at the Province's three-month Treasury bill rate and is payable quarterly. In addition, the Province had on-lent $2,080 million to Infrastructure Ontario as at March 31, 2013.

The Ontario Student Loan Trust was created in August 2001 to loan funds to students in attendance at approved educational institutions in the Province. Funds are borrowed from the Province and advanced to individual students upon application and approval by the Student Support Branch of the Ministry of Training, Colleges and Universities.

The Ontario Electricity Financial Corporation (OEFC) was established as the legal continuation of the former Ontario Hydro. The OEFC is an agency of the Province of Ontario and is responsible for servicing and retiring the former Ontario Hydro's debt and managing certain other legacy liabilities. The Province borrows and on-lends to OEFC as required. In addition, the Province provides short-term loans to OEFC to meet its short term funding requirements. As at March 31, 2013, OEFC had excess funds of $922 million and invested that amount with the Province.

On January 21, 2009, the restructuring of the frozen Canadian third-party asset-backed commercial paper (ABCP) was completed, and in exchange, the Province received the long-term notes issued by the Master Asset Vehicle (MAV). The asset-backed term notes were booked at the net recoverable value upon exchange and are subject to further valuation adjustment if there is loss other than temporary. Principal repayments will be received over the life of the notes.

The Province and the Government of Canada, by way of Export Development Canada (EDC), a Crown corporation wholly-owned by the Government of Canada, provided a co-ordinated response to help achieve long-term viability and competitiveness of the Canadian auto sector. The Province's investment represented one-third of the total Canadian financial assistance provided to General Motors Company, General Motors of Canada Limited, Chrysler LLC and Chrysler Canada Inc. in the restructuring of their operations. As at April 1, 2012, the Province's net investment in the auto companies was $3,094 million. During the year, the Province's investment was reduced by $1 million, resulting in an ending balance of $3,093 million as at March 31, 2013.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2013

On behalf of the Province and various provincial Crown corporations and other public bodies, the Ontario Financing Authority (OFA) coordinates borrowing and financial risk management activities; offers short-term investment management services; advises on project financing; and provides centralized finance and cash management services. Acting as an intermediary for the Province, the OFA provides financing to various public bodies, the repayment of which is expected from third party revenues. The funds for these loans are borrowed from the Province.

School boards have been provided loans under various programs beginning in 2006. During the year ended March 31, 2013, school boards received additional loans and made two semi-annual blended payments of principal and interest, leaving the total outstanding amount at $5,039 million (2012 - $4,665 million). These loans bear interest ranging from 2.42% to 5.38% and mature from 2019 to 2038.

The Ontario Lottery and Gaming Corporation (OLG) is a Crown agency of the Province under the *Ontario Lottery and Gaming Corporation Act, 1999*, and has been provided loans totalling $93 million (2012 - $131 million) to fund several projects, bearing interest at rates ranging from 2.32% to 3.22% and maturing from November 2013 to January 2018.

Infrastructure Ontario has been provided a revolving credit facility to a maximum amount of $200 million maturing in June 2019. Infrastructure Ontario has drawn $73 million (2012 - $83 million) bearing interest rates ranging from 1.59% to 2.64%.

The Ontario Power Authority (OPA) is an independent non-profit corporation under the *Electricity Restructuring Act, 2004* and was provided a maximum $975 million credit facility to fund the Regulated Price Plan variance account. The credit facility expires on December 31, 2013. This facility was not drawn as at March 31, 2013 (2012 - $75 million).

The Royal Ontario Museum (ROM) is a Crown agency of the Province under a Special Act of the Ontario Legislature and has borrowed $39.9 million (2012 - $42.2 million) comprised of $15.3 million at fixed rate of 5.04% and $24.6 million at a floating rate currently at 2.68%. All outstanding loans are scheduled to be repaid by March 2027.

The Corporation of the City of Windsor is a municipality within the meaning of the *Municipal Act*. The financing provided is for the acquisition, design and construction of the Windsor Justice Facility, consisting of a provincial division courthouse and city police headquarters. This is a 20 year loan bearing interest at 6.41% and maturing in March 2021. The outstanding balance is $15.9 million (2012 - $17.2 million).

The Ontario Northland Transportation Commission (ONTC) is a Crown agency of the Province under the *Ontario Northland Transportation Commission Act, 1990*. ONTC's total borrowing of $8.9 million (March 2012 – $12.0 million) matures from 2014 to 2031 and bears interest ranging from 4.90% to 6.29%.

The Niagara Parks Commission, a Crown agency of the Province, operating under *Niagara Parks Act, 1990*, has been provided a loan of $5.8 million (2012 – $6.0 million) to finance additional capital costs incurred for the redevelopment of phase I of Table Rock House in Queen Victoria Park, Niagara Falls. This loan bears interest at 5.07% and matures in April 2027.

The Centennial Centre of Science and Technology is a Crown agency of the Province under the C*entennial Centre of Science and Technology Act, 1990*. The $2.0 million (2012 - $2.5 million) loan was made to fund the construction of the Agents of Change project, bears interest at 4.35% and matures in March 2017.

The Ottawa Convention Centre (OCC) is a Crown agency of the Province under the *Capital Investment Plan Act, 1993*, and has been provided a loan of $40 million (2012 - $40 million) for the purpose of providing term debt to finance part of the construction of the Ottawa Convention Centre. This 25 year loan bears interest at 4.67% and matures in September 2036. Pursuant to a directive signed by the Minister of Finance on November 2, 2012, the OFA provided OCC with a repayment deferral of principal and interest up to five years.

LOANS AND INVESTMENTS – Concluded

For the year ended March 31, 2013

The University of Ontario Institute of Technology (UOIT) is a corporation established under the University of Ontario Institute of Technology Act, 2002. The Province has provided a 5 year term loan of $28.1 million bears interest rate at 2.77 per cent and matures in October 2017.

Colleges of Applied Arts and Technology have been loaned $157 million (2012 - $106 million) for various campus projects including new and expanded student residences, computer equipment, parking facilities, and an energy saving capital project. These loans bear interest ranging from 1.43% to 5.49% and mature from 2013 to 2040.

Pursuant to Subsection 82(4) of the *Pension Benefits Act*, the Minister of Finance is authorized to provide interest-free loans to the Pension Benefits Guarantee Fund (PBGF) if at any time the amount standing to the credit of the Fund is insufficient for the purpose of paying claims, including those arising in respect of the Non-Contributory Pension Plan covering Hourly Paid Bargaining Unit Employees of Algoma Steel Inc. and the Algoma Steel Inc. Salaried Employees Pension Plan for Employees in Canada. In 2003-04, the Province granted a loan of $330 million to PBGF, repayable in thirty equal annual instalments of $11 million commencing December 1, 2004. The unamortized discount represents the value of the interest concession on the loan.

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

The objective of the *Shoreline Property Assistance Act* is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the *Municipal and School Tax Credit Assistance Act.*

The Province entered into a debenture loan agreement with the City of Toronto in 2004. The outstanding principal is now estimated to be approximately $170.2 million. The accrued interest will be approximately $61.1 million and the total remittance of the loan will be $231.3 million.

Ontario Northland Transportation Commission operates a railroad and maintains communications and transportation services – including bus and marine services – to and within the northern regions of the Province. The $35,207,935 represents the ministry's equity investment in the Ontario Northland Transportation Commission. The Province provided subsidies of $84,220,720 ($98,072,899 in 2011-12).

Economic Development: Between 2008 and 2013 the Ministry of Northern Development and Mines provided $56,465,864 in loans to five northern Ontario companies for economic development purposes. In that same time period, the Ministry of Northern Development and Mines received principal repayments of $1,750,001 and recorded accrued interest receivable on outstanding loan balances, $844,310 interest receivable and $1,452,692 capitalized interest receivable. The ministry received Ministry of Finance approval to Write-Off two loans, principal and accrued interest, in the amount of $44,683,437 in fiscal 2012-13.

The Ministry awarded Science North with a repayable grant of $500,000 to assist in the designing, constructing and installing of an IMAX Theatre. Repayments began in 1996-97 and are based on 50% of the yearly net revenues.

The Loans for Tools program began in September 1998 to provide loans of up to $800 to new apprentices who are Ontario residents to help them buy the tools they require for their apprenticeship programs. The loan repayments are to begin once their schooling is completed. The loan is interest free for up to one year following completion of training.

The Ontario Student Assistance Program (OSAP) provides needs-tested financial assistance in the form of loans and grants to eligible postsecondary students. Loans repayment to the Ontario Student Loan Trust begins six months after study period ends. If loan repayment is not made and loan default occurs, the loan becomes a debt to the Province and collection activity begins through the province's Collection Management Unit.

The Gaming and Liquor Deposits were established under the authority of Section 14 of the *Alcohol and Gaming Regulation and Public Protection Act*, which allows the Alcohol and Gaming Commission to establish fees and other charges in administering the *Gaming Control Act* and *Liquor Licence Act.* Under Section 9 of the *Gaming Control Act*, all applicants/registrants are required to pay the reasonable costs of an inquiry or investigation related to gaming registrations under the Act. Under Section 7 of the *Liquor Licence Act*, a public notice of an application for a licence to sell liquor must be provided in the prescribed manner. The deposits are used to defray the costs as described. As of March 31, 2013 gaming deposits were $9,035,094 and liquor deposits were $1,371,289 totalling $10,406,383.

The Victim Justice Fund will ensure that funds generated through the federal and provincial surcharges are used for the purpose of providing assistance to victims and enable a separate tracking of these funds as well as permit any unspent funds to be carried into the next fiscal year.

The Ministry of the Attorney General operates a special purpose account related to civil asset forfeiture and the proceeds of unlawful activity. These funds are for use to compensate direct victims of unlawful activity that has led to the forfeiture, offset the administration of civil justice costs associated with civil asset forfeiture cases, and to assist victims and prevent victimization.

The Ministries of Community Safety and Correctional Services and The Attorney General, each operates a special account that has been established for the purpose of holding monies respecting Proceeds of Crime received by, or on behalf of the Crown. Ontario has entered into a Memorandum of Understanding with the federal government indicating the Province's commitment to using proceeds of crime to fund law enforcement and crime prevention initiatives and administration of criminal justice costs associated with proceeds of crime cases. The ministries make payments from these accounts as required by the terms, and interest is credited to these accounts on a quarterly basis.

FUNDS AND OTHER LIABILITIES – Continued

For the year ended March 31, 2013

In the May 1997 Budget, the government made a commitment to create a $5 million fund to provide scholarships for spouses and children of public safety officers killed in the line of duty. Because public safety officers are subjected to increased risks for the benefit of the rest of society, it is felt that the province has a degree of responsibility to provide for the well being of the families of public-safety officers killed in the line of duty. The Constable Joe MacDonald Public Safety Officers' Survivor Scholarship Fund was established by Order-In-Council and the affairs of the fund are managed by an advisory committee. The ministry makes payments from this account as required by the terms, and interest is credited to this account on a quarterly basis.

Individuals and Corporations are required to place financial assurance with the Ministry of the Environment to finance environmental cleanups and site rehabilitations relating to Orders and Approvals of the Ministry. The cash portions of the financial assurance contributions are refundable and earn interest while on deposit with the Minister of Finance.

Operators of waste wells are required to pay a fee to the Ministry of the Environment, based on waste disposed in approved disposal wells under the *Environmental Protection Act*. These payments from individuals and corporations are non-refundable and are placed in an interest-bearing account with the Minister of Finance to compensate any person or organization for damage to water or water courses which are rendered unfit for use by reason of the operation of the waste well.

This is an interest bearing Special Purpose Account, held in trust for the community of Port Loring by the Ministry of the Environment, to be used as an operational subsidy for a communal water system which was built to address gasoline contamination of the groundwater that had impacted private wells in the community.

The Motor Vehicle Accident Claims Fund operates under the authority of the *Motor Vehicle Accident Claims Act.* The Fund derives its revenues from two sources: an annual fee charged upon every issuance/renewal of a driver's permit/licence and repayments from debtors (uninsured at-fault motorists). Payments out of the Fund have been subject to a variety of legislative changes over the years of its operation and are detailed in the Notes to the Fund's Financial Statement, which is to be found in Volume 2c.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Finance, which were not cashed by March 31, 2013.

Unclaimed fully registered bond interest includes interest on Ontario Savings Bonds matured, but not redeemed as of March 31, 2013.

The Personal Property Security Assurance Fund (PSSAF) was established under the authority of the *Personal Property Security Act* and Regulations and includes claims made under the *Repair and Storage Liens Act*. Any person who suffers a loss or damage that arises from errors or omissions made in personal property registration records may be entitled to compensation. Under the regulations, one per cent of the fees received for registration as well as annual interest payments determined by the government via Order-in-Council are paid into the PPSAF.

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding pension and related benefit funds for the Provincial Judges Pension Fund, Justice of the Peace Supplemental Plan, Supplementary Benefits Accounts and the Deputy Ministers' Supplementary Benefit Account. The amounts recorded by the Province are essentially the sole assets of these plans.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Health, which were not cashed by March 31, 2013.

FUNDS AND OTHER LIABILITIES – Concluded

For the year ended March 31, 2013

The *Crown Forest Sustainability Act* (the "Act") provided for the establishment of the Forestry Futures Funds. The purposes of these funds are to provide for: 1) the funding of silvicultural expenses in Crown Forests where forest resources have been killed or damaged by fire or natural causes, 2) the funding of silvicultural expenses on land that is subject to a forest resource licence, if the licensee becomes insolvent, and 3) the funding of intensive stand management and pest control in respect of forest resources in Crown Forests.

The *Crown Forest Sustainability Act* (the "Act") provided for the establishment of the Forest Renewal Trust Funds. The purposes of these funds are to provide for the sustainability of Crown forests and, in accordance with that objective, to manage Crown forests to meet social, economic and environmental needs of present and future generations. The payments of forest renewal charges are received by the Minister of Finance from a licensee who cuts timber on an area that is subject to an agreement under Section 6 of the Act.

A separate account in the Consolidated Revenue Fund is maintained for the Fish and Wildlife Program for dedicated revenue retention from the sale of licences as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The *Provincial Parks Act* provides for the establishment of a separate account in the Consolidated Revenue Fund for the Ontario Parks Program for the dedicated revenue retention from the collection of Provincial Parks Fees as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The Mine Reclamation Fund is a special purpose account established in 1994, within the Consolidated Revenue Fund for the purpose of receiving and dealing with payments of money received as financial assurance dedicated for the closure costs of mine projects pursuant to Section 145 of the *Mining Act* R.S.O. 1990 c.M.14.

The Training Completion Assurance Fund (TCAF) is a provision of the *Private Career Colleges Act, 2005* (PCCA). TCAF is administered by the Superintendent of Private Career Colleges with the assistance of a TCAF Advisory Board appointed by the Minister of Training, Colleges and Universities. In the event a PCC closes, the PCC's financial security will be used to provide students with training completions or refunds. Once the PCC's financial security has been exhausted, outstanding student claims can be paid out by the TCAF.

The International Registration Plan (IRP) is a continent wide international agreement that facilitates the collection and distribution of commercial vehicle registration fees to all IRP members based on distance traveled in each jurisdiction. All Canadian provinces and U.S. states are members of IRP. The IRP liability account represents registration revenue collected from Ontario truck and bus companies and deposited into an Ontario government U.S. bank account on behalf of U.S. IRP member jurisdictions. These registration revenues are accumulated and distributed monthly to U.S. and Canadian IRP member jurisdictions.

The Unincorporated Roads Program Account represents funds deposited to the Special Purpose Account (SPA) by various boards in the Unincorporated Roads Program. These include Local Roads Boards (LRBs), Statute Labour Boards, and Special Maintenance Agreements, corresponding provincial contributions, as well as funding under the Federal Gas Tax program for roadwork that has not yet been performed by the ministry. Boards under the Unincorporated Roads Program consists of an owner or owners of land in a territory without municipal organization and there are approximately 300 - 350 active in the province. The roadwork to be performed is determined during an annual meeting between the LRBs and ministry officials and may include emergency repairs, general maintenance or capital upgrades.

The Special Purpose Account established for the Alternative Service Delivery of Driver Examination Services allows for the sum of $200,000 per month to be remitted to the government by Serco DES Inc (Serco) for the duration of the 10 year contract, with the Ministry of Transportation to draw against the account to pay for the oversight, relationship management and compliance monitoring of the delegate. These funds are used to provide a fiscally neutral means of offsetting the costs of compliance monitoring of Serco and providing an oversight and relationship management office within the ministry.

FINANCIAL GUARANTEES – MINISTRY OF FINANCE:

Two agreements are in place to satisfy the Canadian Nuclear Safety Commission (CNSC) licensing requirements for financial guarantees in respect of OPG's nuclear station decommissioning and nuclear waste management obligations. One agreement gives the CNSC access (in prescribed circumstances) to the segregated funds established under ONFA. The other agreement between the Province and the CNSC provides a direct Provincial guarantee to the CNSC on behalf of OPG. This guarantee, for up to $1.551 billion, effective January 1, 2013, previously $1.545 billion, relates to the portion of the decommissioning and waste management obligations not funded by the estimated value of ONFA Funds as at January 1, 2013. In return, the Province receives from OPG an annual fee equal to 0.5 per cent of the value of the guarantee. The Provincial guarantee is in effect through the end of 2017, when the next reference plan for the CNSC is planned to be approved.

References:

1. The Province's maximum liability for the program is $120,000,000.
2. The Province's maximum liability for the program is $130,000,000.
3. The Province has guaranteed the repayment of loan facility made by United Communities Credit Union Limited to Pelee Island Cooperative Association for a period beginning May 11, 2010 and ending at the earliest of April 1, 2015 or repayment of all the amounts borrowed. The maximum amount guaranteed is $ 0.6 million plus any unpaid interest, costs and expenses thereon.
4. The Province has provided two guarantees under Aboriginal Loan Guarantee Program during the fiscal year 2011-12 for a combined total of $106 million plus unpaid interest. These guarantees will mature in the fiscal year 2025-26. Borrowers pay the Province an annual loan guarantee fee of 0.15% of the guaranteed amount. The Aboriginal Loan Guarantee Program provides loan guarantees to support Aboriginal equity participation in renewable energy generation and transmission projects and has a maximum program envelope of $400 million.

* CLAIMS AGAINST THE CROWN

As at March 31, 2013

The following are claims arising from legal action either in progress or threatened against the Crown in respect of breach of contract, damages to persons and property and like items. The amounts claimed have not been specified, but in each case are expected to exceed $50 million.

1. Mary Lou LaPratte, Roland LaPratte, Sheila Horrell, Arthur Horrell et al. (proposed class proceeding).
2. Monaghan, John Richard v. HMQ, the Attorney General and the Solicitor General together with the OPP.
3. Twain, Jim Chief, Statement of claim for damages for negligence, breach of contract, fiduciary duty and treaty rights.
4. Chuang, David, Dr. DMD: claim for damages alleging defamation, breach of fiduciary obligations, misfeasance in public office, injustice, embarrassment, harassment, humiliation, etc. The College of Dental Surgeons of Ontario stripped the plaintiff of his licence for sexual misconduct.
5. Greenfield Ethanol (formerly Commercial Alcohols Inc.) and Suncor are the only manufacturers of ethanol (corn based fuel) complain that Ontario has treated Suncor in a preferential manner and requires that Ontario treat it in an equal manner to Suncor.

28. Missanabie Cree First Nation v. Ontario and Canada.
29. Six Nations of the Grand River Band.
30. Wikwemikong Indian Band Re: aboriginal title in islands in Lake Huron and Georgian Bay.
31. Chippewas of Sarnia Band re: aboriginal title in large tract in City of Sarnia.
32. Mississauga of Alderville, Beausoleil, Chippewas of Georgia Island, Mnjikaning (Rama), Curve Lake Hiawatha, and Scugog Island First Nation.
33. Wesley Big George on behalf of seven Lake of the Woods First Nations vs HMQ.
34. Big Grassy (Mishkosiimiiniiziibing) First Nation and Ojibways of Onigaming First Nations adjacent to the Lake of the Woods and Winnipeg River area who are signatories to Treaty 3 and who are seeking damages on account of flooding that occurred 1887 - 1892.
35. Wauzhushk Onigum First Nation and Ochiichagwe'babig o'ining First Nation and Washagamis Bay First Nations.
36. Walpole Island First Nations re: aboriginal Title to certain parts of S. Western Ontario use of land and compensation.
37. The Begetikong Anishnabe First Nation (aka the Ojibways of Pic River) Chief Roy Michano, Councillor Duncan Michano and Councillor Arthur H. Fisher, aboriginal title to a large tract of land on the northeastern shore of Lake Superior.
38. Long Lake No. 58 First Nation. Plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
39. Biinjitiwaabik Zaaging Anishinabek First Nation (Rocky Bay Band): claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
40. Sand Point First Nation: claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.

* CLAIMS AGAINST THE CROWN – Concluded

As at March 31, 2013

41. Pic Mobert First Nation: claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
42. Pays Plat First Nation v. Canada and Ontario: This action seeks declarations of aboriginal title and related relief with respect to lands on the north shore of Lake Superior. The individual plaintiffs are Ojibway Indians who are members of the Pawgwashing First Nation, a.k.a. Pays Plat First Nation. They argue that they never agreed to and are not bound by the Robinson Superior Treaty of 1850.
43. Whitesand First Nation Annuity Claim, Plaintiff seeking declaration that increased annuity payable pursuant to Robinson-Superior Treaty 1850 has not been paid.
44. Moose Deer Point First Nation, Statement of claim for compensation for breach of fiduciary obligation and a declaration that the plaintiffs have existing treaty rights as set out in the address of Samuel Peters Jarvis in 1837.
45. Kinew, Tobasonakwut vs. Canada and Ontario, re: Breach of Fiduciary duties in managing the fisheries.
46. Garden River First Nation Reserve No. 14 re: First Nation's boundaries under Robinson-Huron Treaty.
47. Sinclare, Alfred re: 5 actions by Washagainis Bay Band near Kenora for declarations that 10 Islands on the Lake of the Woods are Reserve and that Ontario breached duties to the band.
48. Agency One Damages Action: Potential third party claim brought by Canada against Ontario and Fort Frances demanding contribution and indemnity for damages on the grounds of a constructive trust.
49. Long Lake No. 58 First Nation: Claim for damages for negligence, breach of fiduciary duty, trespass, nuisance, and economic loss as a result of use of Long Lake and the Long Lake Watershed for the purposes of logging and the generation of hydro-electricity.
50. Atikameksheng Anishnawbek v. HMQRO, et al: Notice of claim against the Attorney General of Canada and Her Majesty the Queen in the Right of Ontario for, inter alia, breach of fiduciary duties in failing to provide the claimant with a reservation in accordance with the written and oral terms of the Robinson Huron Treaty of 1850.
51. Kapuskasing Cree First nation v. Her Majesty the Queen in Right of Ontario, Minister of Aboriginal Affairs, Ontario Power Generation et al. Damages for interference with aboriginal title and rights without consultation, various declaration, the quashing of various provincial decisions and approvals, and order compelling recognition under the *Indian Act* and the establishment of a reserve.
52. Wahgoshig First Nations v. Solid Gold and HMQRO: Solid Gold commenced exploration activities and drilling in Wahgoshig First Nation's (WFN) traditional territory without notice to WFN.
53. Aundeck OMNI Kaning First Nation et al: The plaintiffs dispute the "equitable validity" and scope of Treaty 94 (1862) which contained a surrender of most of the lands purportedly reserved to the plaintiffs by Treaty 45(1836).
54. DaSilva-Mepham v. Canada and Ontario re: class action claiming damages for taxes collected and harvesting rights denied on the basis of a definition of status under the *Indian Act* that was found to be discriminatory.
55. Ilha v. Ontario re: Human Rights Code challenge alleging that Ontario's funding of IVF discriminates on the basis of disability and sex, contrary to the Code.
56. Proceedings before the Copyright Board of Canada involving Access Copyright, the Ontario Ministry of Education and all publicly funded School Boards and Authorities.
57. North American Free Trade Agreement (NAFTA) Chapter 11: Mesa Power Group claims that Canada breached obligations under the NAFTA as a result of the actions of the Province of Ontario Power Authority (OPA) in allocating transmission capacity and awarding Feed-in-Tariff (FIT) contracts in the Bruce Region.
58. North American Free Trade Agreement (NAFTA) Chapter 11: Windstream Energy alleges that Canada breached its obligations under NAFTA as a result of measures and actions taken by Ontario in relation to the deferral on the development of an offshore wind energy policy framework and the Feed-in-Tariff (FIT) Program.

*Updated for changes up to date of release of Public Accounts. 58 of the above claims were assessed as "not determinable".

A GUIDE TO THE PUBLIC ACCOUNTS

1 SCOPE OF THE PUBLIC ACCOUNTS

The 2013-2014 Public Accounts of the Province of Ontario comprise the **Annual Report** and three supporting volumes:

Volume 1 contains ministry statements and detailed schedules of debt and other items. The ministry statements reflect the financial activities of the government's ministries on the accrual basis of accounting, providing a comparison of appropriations with actual spending. Ministry expenses include all expenses that are subject to appropriation approved by the Legislative Assembly, but exclude adjustments arising from consolidation of government organizations whose expenses are not appropriated.

Volume 2 contains the financial statements of Government Organizations and Business Enterprises that are part of the government's reporting entity and other miscellaneous financial statements.

Volume 3 contains the details of payments made by ministries to vendors (including sales tax) and transfer payment recipients that are not deemed to be prohibited by the *Freedom of Information and Protection of Privacy Act.*

2 A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Schedules of Revenue and Expenses

(2) Ministry Statements

Individual ministry statements of financial activity are provided in this section. The following five separate statements are presented for each ministry as applicable.

(a) "Summary Statement of Expenses and Assets by Program"

This Statement provides an overview of the expenses and assets by program compared with the related appropriations and previous years' actuals.

(b) "Statement of Expenses and Assets by Vote and Items"

This statement shows the Items comprised within each ministry Vote. The appropriation for each Item is analyzed according to funds appropriated through the Estimates or approved by Treasury Board and the total is compared to the actual amount spent for the fiscal year. Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory payments (denoted as "S") are reported separately. The "program description" narrative contained in the Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenses and Assets by Items and Accounts Classification"

This statement reports the actual ministry expenses and assets for each Vote on the basis of the Accounts Classification within each Item. Statutory amounts are shown separately under the Accounts Classification relating to each program.

(d) "Statement of Revenue"

This ministry statement reports the fiscal year revenues by the standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility related loans and investments made from the Consolidated Revenue Fund.

(3) Schedules of Debt

This section contains details of debt issued, debt retired, a summary and details of debt outstanding at the end of the year.

(4) Other Supplementary Schedules

This section contains summarized schedules for ministries' Loans & Investments, Funds & Other Liabilities, Contingent Liabilities and Claims Against the Crown.

TERMS AND DEFINITION USED

Special Warrants
Special Warrants are issued to authorize payments for the purpose of general and necessary government expenditures when the Legislature is not in session.

Cost Recovery Items
In cases where the anticipated recovery of costs of an Item is equal to or greater than the expenditures, the balance of the Item is shown at the nominal value of $1,000.

Statutory Appropriations
Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act.* Statutory Appropriations are included in the Estimates for information purposes and are not voted by the Legislature. Amounts required for Statutory Appropriations are shown, where applicable, as separate entries under the Standard Accounts Classifications details relating to each Item.

Standard Accounts
Spending is forecast for the fiscal year 2012-13 under Standard Accounts at the Item level. The descriptions of the contents of the Standard Accounts given below are intended to serve as brief outlines only and should not be considered all inclusive.

EXPENSES

Salaries and wages
Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to employees.

Employee benefits
Includes the government's contribution as an employer to the Canada Pension Plan; the Ontario Public Service Employees' Union Pension Plan; the Public Service Pension Plan; Employment Insurance; the Workplace Safety and Insurance Board; and other employee benefit plans.

Transportation and communication
Includes traveling expenses of employees on government business and recipients of government services, such as wards of the province; relocation expenses of employees who transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone and data communications.

Services
Includes information services, such as, advertising and communication services provided by professional agencies and advertising placed directly with the media; rental and purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and equipment
Includes provision for the purchase of non-capitalized machinery and equipment and materials, supplies and utilities.

Transfer payments
Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other transactions
Includes special transactions, such as interest incentives and subsidies; guarantees honoured; losses on loans; repayable grants; and provision for losses on disposal of capital assets.

ASSETS

ASSETS are balance sheet accounts which require an appropriation in the Estimates. Asset categories include the following:

Deposits and prepaid expenses
Includes payments in advance of receiving related goods or services or in advance of being earned by transfer payment recipients, and which will be recorded in a non-asset standard account in a future fiscal year.

Advances and recoverable amounts
Includes payments to transfer payment recipients that will be repaid to the Province in a future fiscal year.

Loans and investments
Includes payments to debtors under loan agreements and investments in the shares of Crown corporations or other entities.

Land
Includes land purchased or acquired for use, for preservation, for parks and recreation, for building sites, for infrastructure and for other program use.

Buildings
Include large and complex high-rise office towers, special-purpose buildings such as prisons and courthouses, and simple structures such as salt domes and tool sheds. Also includes any construction required to address occupants' work function or aesthetic needs over and above of what is provided within the base accommodation envelope (either owned or leased).

Transportation infrastructure
Is comprised of a complex network of highways, bridges, and related structures and facilities. May include Salaries and wages and associated Employee benefit cost related to the construction of those assets.

Information technology hardware
Encompasses physical data and voice networks, platforms, wireless devices, networks and access points, mainframe and desktop computers, servers and data repositories, Government Mobile Communications Equipment, as well as operating systems and related software.

Business application software
Aggregates software components that automate and optimize business functions, processes, tasks and activities. May include Salaries and wages and associated Employee benefit costs related to the construction of those assets.

Land and marine fleet
Includes plated motor vehicles that are owned by ministries: passenger vehicles, medium duty, heavy commercial, and other specialty vehicles. Also includes medium/large boats and ferries.

Aircraft
Encompasses the fixed wing and rotary wing aircraft.

SOURCES OF ADDITIONAL INFORMATION

Province of Ontario Annual Report and Consolidated Financial Statements

The government has prepared an Annual Report and the Consolidated Financial Statements, which gives financial and economic highlights of the past year and reports on performance against the goals set out in the Budget. For electronic access to the Province of Ontario Annual Report, visit the Ministry of Finance website at www.fin.gov.on.ca/en/budget/paccts.

The Ontario Budget

The Ontario Government presents a Budget each year, usually in the early spring. This document outlines expected expense and revenue for the upcoming fiscal year. For electronic access to the Ontario Budget, visit the Ministry of Finance website at www.fin.gov.on.ca/en/budget/ontariobudgets and click on "Ontario Budget."

The Estimates of the Province of Ontario

The Minister of Finance presents the government's spending Estimates for the fiscal year commencing April 1 to members of the Legislative Assembly following the presentation of the Ontario Budget. The Estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the Supply Act.
For electronic access, go to: www.fin.gov.on.ca/en/budget/estimates.

Ontario Finances

This is a quarterly report on the performance of the government's Budget for the fiscal year. It covers developments during a quarter and provides a revised outlook for the remainder of the year.
For electronic access, go to: www.fin.gov.on.ca/en/budget/finances.

Ontario Economic Accounts

This quarterly report contains data on the composition of Ontario's economic activity.
For electronic access, go to: www.fin.gov.on.ca/en/economy/ecaccts.

section 1

schedules of

revenue and expenses

DETAILS OF REVENUE

For the year ended March 31, 2014

This schedule summarizes the sources of the Province's revenue by main classification. Ministry revenue schedules showing further detail within the main classifications are contained in Section 2 of this volume.

TAXATION	2014 $	2013 $
Personal Income Tax	26,928,850,454	25,573,836,197
Sales Tax	20,481,137,704	20,957,365,596
Corporations Tax	11,422,895,621	12,093,047,448
Education Property Tax	5,456,818,494	5,510,541,765
Employer Health Tax	5,282,545,110	5,137,107,267
Ontario Health Premium	3,128,109,437	3,066,623,565
Gasoline Tax	2,363,021,552	2,390,305,974
Land Transfer Tax	1,601,495,421	1,476,576,552
Tobacco Tax	1,110,166,339	1,141,960,327
Fuel Tax	718,076,869	709,862,784
Beer and Wine Tax	557,002,644	560,453,625
Electricity Payments-In-Lieu of Taxes	543,000,000	324,000,000
Corporation Preferred Share Dividend Tax	181,339,633	206,112,308
Estate Administration Tax	142,782,976	128,133,244
Gross Revenue Charge – Property Tax Component	19,040,811	18,160,362
Provincial Land Tax	12,024,676	7,222,129
Mining Profits Tax	11,728,509	110,479,545
Race Tracks Tax	4,227,018	4,540,538
Acreage Tax – The *Mining Act*	1,745,550	1,973,765
TOTAL TAXATION	**79,966,008,818**	**79,418,302,991**

Personal Income Tax revenue is collected by the federal government on behalf of the Province. The amounts reported by the Province includes $4,348,641 in Ontario tax credits (this figure includes adjustments for prior years) in 2013-14. Personal Income Tax revenue was net of $1,597,972 in 2012-13. Personal Income Tax revenue excludes tax credits reported as expenses.

For 2014, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $40,120; 9.15% for taxable income over $40,120 and up to $80,242; 11.16% for taxable income over $80,242 and up to $150,000; 12.16% for taxable income over $150,000 and up to $220,000; and 13.16% for taxable income over $220,000. For 2013, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $39,723; 9.15% for taxable income over $39,723 and up to $79,448; 11.16% for taxable income over $79,448 and up to $509,000; and 13.16% for taxable income over $509,000. For 2012, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $39,020; 9.15% for taxable income over $39,020 and up to $78,043; 11.16% for taxable income over $78,043 and up to $500,000; and 12.16% for taxable income over $500,000. Ontario non-refundable tax credits are provided for individual and family circumstances (e.g., basic amount, spouse, medical expenses) at the rate of 5.05% (11.16% for charitable donations in excess of $200), before calculating the provincial surtax or Ontario Tax Reduction. Ontario non-refundable tax credit amounts are indexed annually.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2014

Higher-income earners are subject to a surtax. For 2014, the surtax is equal to 20% of Ontario income tax in excess of $4,331, plus 36% of Ontario income tax in excess of $5,543. For 2013, the surtax is equal to 20% of Ontario income tax in excess of $4,289, plus 36% of Ontario income tax in excess of $5,489. For 2012, the surtax is equal to 20% of Ontario income tax in excess of $4,213, plus 36% of Ontario income tax in excess of $5,392.

Ontario income tax is eliminated if Ontario tax is below a threshold amount. If Ontario tax exceeds the taxfiler's threshold amount, the individual may be eligible to pay a reduced amount of Ontario tax. For 2014, the basic threshold amount is $223 and the additional amount for each dependent child aged 18 and under and each disabled or infirm dependant is $413. For 2013, the basic threshold amount is $221 and the additional amount for each dependent child aged 18 and under and each disabled or infirm dependant is $409. For 2012, the basic threshold amount is $217 and the additional amount for each dependent child aged 18 and under, and each disabled or infirm dependant is $401.

The Harmonized Sales Tax (HST) is a single value-added sales tax based on the Federal Goods and Services Tax (GST). The provincial portion of the HST is eight per cent and the federal portion is five per cent, for a combined HST rate of 13 per cent. Responsibility for the collection of the tax rests with the Federal Government. HST revenues are distributed to the Province based on a revenue allocation formula. Ontario also maintains an 8% sales tax on certain types of insurance and on private transfers of used vehicles, at a rate of 13%. Both the sales tax on insurance premiums and on private sales of used vehicles are administered by Ontario. The Sales Tax amounts reported by the Province are net of sales tax credits of $1,637,351,687 in 2013-14 and $1,602,163,031 in 2012-13.

Corporations Tax is comprised of three types of taxes levied on corporations: income, capital and insurance premiums taxes. Details of these taxes follow.

Income tax: The general statutory Corporate Income Tax (CIT) rate of 14% was reduced to 12% on July 1, 2010 and to 11.5% on July 1, 2011. The general CIT rate was scheduled to be further reduced to 11% on July 1, 2012 and to 10% on July 1, 2013. The 2012 Ontario Budget froze the general CIT rate at 11.5% until Ontario's budget is balanced in 2017-18. Active business income from manufacturing and processing (M&P), mining, logging, fishing and farming is subject to a lower CIT rate of 12%, reduced to 10% effective July 1, 2010. Small Canadian-controlled private corporations are also eligible for a lower CIT rate of 5.5%, reduced to 4.5% effective July 1, 2010, on the first $500,000 of active business income. The small business deduction surtax of 4.25% phases out the benefit of the small business CIT rate as income rises to $1.5 million. The small business deduction surtax was eliminated effective July 1, 2010. The Province also levies a Corporate Minimum Tax ("CMT"), that effectively acts as a pre-payment of regular CIT. CMT is calculated as the amount by which 4%, reduced to 2.7% effective July 1, 2010, of adjusted net income for accounting purposes exceeds CIT payable.

Insurance premiums tax: Insurance companies are subject to a 2% insurance premiums tax on accident and sickness and life insurance premiums, 3% on any other type of insurance premiums and an additional 1/2% on property insurance premiums. Other corporations are also subject to these same rates of insurance premiums tax on premiums paid to unlicensed insurers. All corporations are also subject to a 2% insurance premiums tax for payments made in respect of uninsured benefit arrangements.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2014

Capital tax: Prior to July 1, 2010, corporations were generally subject to a tax on capital used in Ontario. The first $15 million of taxable paid-up capital was exempt from capital tax. The capital tax rate for regular corporations was 0.15%. Capital tax generally applied to financial institutions at a two-tier rate. The rates in 2010 were 0.3% on a financial institution's adjusted taxable paid-up capital up to $400 million and 0.45% on any excess. Non-deposit taking financial institutions with taxable paid-up capital over $400 million were subject to capital tax at the rate of 0.36%. Large financial institutions may reduce their capital tax liability where they make eligible investments in Ontario small businesses under the Small Business Investment Tax Credit. Corporations primarily engaged in manufacturing and resource activities are exempt from capital tax as of January 1, 2007. The capital tax was eliminated for all corporations effective July 1, 2010.

Insurance corporations do not pay regular capital tax. Life insurers pay a special additional tax at a rate of 1.25% of taxable capital in Ontario above a minimum $10 million exemption, with income tax and CMT creditable against this tax.

Education property taxes are collected by municipalities and transferred to school boards for the purposes of funding education. Education property tax rates are set annually by the Minister of Finance for each class of real property. The tax is levied on the assessed value of property at a uniform rate of 0.241% for residential properties. Rates for commercial, industrial and pipeline properties vary across the Province. These rates are regulated under the *Education Act*. The Education Property Tax amounts shown are net of $1,071,091,728 in property tax credits and grants in 2013-14 and $946,345,000 in 2012-13. The amounts also reflect a number of rebates, reductions and exemptions available across the province.

The Employer Health Tax is paid by employers on their Ontario payroll. Employers with annual Ontario payroll of $200,000 or less calculate tax payable at 0.98% of their taxable annual Ontario payroll; employers with annual Ontario payroll over $200,000 and up to $400,000 calculate tax payable at graduated rates that apply to their taxable annual Ontario payroll starting at 1.101% through to 1.829%; and employers with annual Ontario payroll in excess of $400,000 calculate tax payable at 1.95% of their taxable annual Ontario payroll. A tax exemption was provided for the first $400,000 of annual Ontario payroll paid by private sector employers, including their associated entities. Beginning January 1, 2014, the tax exemption was increased from $400,000 to $450,000, and was eliminated for private sector employers with annual Ontario payroll, including those of their associated entities, in excess of $5,000,000. Registered charities continue to claim the tax exemption at all payroll sizes.

Gasoline Tax is levied on gasoline and propane used in a licensed motor vehicle, and aviation fuel used to power aircraft. The tax rate for gasoline is 14.7 cents per litre. The tax rate for propane used in licensed motor vehicles is 4.3 cents per litre. The tax rate for aviation fuel used in powering aircraft is 2.7 cents per litre. The majority of tax is collected for the Province by Ministry-designated gasoline, propane, and aviation fuel wholesalers.

Land Transfer Tax is collected on the transfer of land. One-half of 1% is levied on the value of consideration for the conveyance up to and including $55,000; 1.0% on the value of consideration exceeding $55,000 up to and including $250,000; 1.5% on the value of consideration exceeding $250,000; and, where the value of the consideration exceeds $400,000 and the property contains one or two single family residences, an additional tax of one-half of 1% applies on the value of consideration exceeding $400,000. First time home buyers who purchase newly constructed homes or resale homes for which agreements of purchase and sale were entered into after December 13, 2007 are eligible to receive a refund of land transfer tax of up to $2,000.

Tobacco Tax covers all forms of tobacco products. The specific tax rate per cigarette and per gram or part gram of fine cut tobacco and all other tobacco products except cigars is 12.35 cents. The rate of tax on cigars is 56.6% of the taxable price. The majority of tax is collected for the Province by Ministry designated tobacco and cigar wholesalers.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2014

Fuel Tax is levied on every purchaser of clear middle distillate fuel used in internal combustion engines. The fuel tax rate is 14.3 cents per litre, unless the fuel is used in railway equipment, in which case the rate is 4.5 cents per litre. The majority of tax is collected for the Province by Ministry designated wholesalers.

Beer and Wine Taxes were effective July 1, 2010. These taxes replaced certain alcohol charges and were revenue neutral for the Ontario Government. Taxes apply on every purchaser of beer from a beer manufacturer's on-site store, The Beer Store, or a licensed establishment. Taxes are also imposed on purchasers of draft beer made by a brew pub and wine and wine coolers from a winery retail store.

Electricity payments in lieu of taxes (PILs) are made by OPG, HOI and municipal electric utilities to the Ontario Electricity Financial Corporation (OEFC). OEFC is the Ontario Hydro successor company that is responsible for servicing and retiring the debt and certain other liabilities of the former Ontario Hydro. All PILs received by OEFC are used to service and retire its obligations. The amount of PILs replicates the amount of tax that would be payable under the *Income Tax Act* (Canada) *Corporations Tax Act* and *Taxation Act, 2007* if these publicly owned corporations were not exempt from federal and provincial corporate taxes. These corporations also make payments in lieu of additional property taxes.

The federal government remits to the province 35 per cent of the net taxes that it collects with respect to preferred share dividends paid by corporations with operations in Ontario.

The Estate Administration Tax is payable by the estate of a deceased person on the issuance of a certificate of appointment of an estate trustee by an Ontario court. The amount of tax is equal to $5 for each $1,000, or part thereof, of the first $50,000 of the value of the estate and $15 for each $1,000, or part thereof, of the value of the estate exceeding $50,000. If the value of the estate does not exceed $1,000, the estate is exempt from this tax.

The Gross Revenue Charge (GRC) is payable to the Ministry of Finance by hydro-electric generating stations owners and water power leaseholders. Effective January 1, 2001, the existing property taxes and water rental charges paid by hydro-electric generating station owners and water power leaseholders were replaced with taxes and charges on the gross revenues of hydro-electric generating stations. The Property Tax component is included as taxation for the Province and the Water Rental component of the GRC is included under Other Revenue – Royalties (page 1-11).

Provincial Land Tax is levied on land in areas without municipal organization at the rates prescribed by regulation. The rate that applies depends on which property class the land is classified and whether the land is in a locality as defined by the *Assessment Act*.

Ontario levies a mining tax on profits in excess of $500,000 derived from Ontario mining operations (excluding diamond-mining). The tax rate applied to non-remote mines is 10%. An exemption is available for up to $10 million of profit earned in the first 3 years by a new non-remote mine or a major expansion of an existing non-remote mine. Remote mines are eligible for a reduced mining tax rate of 5%. An exemption is available for up to $10 million of profit earned in the first 10 years by a new mine opened in a remote Ontario location. Diamonds are excluded from mining tax and are subject to a royalty on the value of a diamond mine's output. The royalty rate is the lesser of 13% and the amount calculated on the value of output according to a graduated rate scale.

The Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 0.5% on all wagers.

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of $1 in organized municipalities and $4 in unorganized municipalities.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2014

The introduction of the Ontario Health Premium (OHP) has helped to ensure the government's ability to make much needed investments in the province's health care system. Every penny of the OHP goes toward improving Ontario's health services. Since 2003-04, health-related spending has increased by $19.8 billion while health-related revenues, mainly comprised of the OHP and federal transfers, have increased by $11.2 billion. In 2013-14, OHP revenue increased by $61 million to $3,128 million, up from $3,067 million in 2012-13. During the same period, expenses in the health sector increased by $1,350 million to $48,921 million, up from $47,571 million in 2012-13.

Ontario Health Premium revenue supports expenditures in all areas of the health sector and is not earmarked by program area. In 2013-14, revenue from the health premium was $3,128 million, or 6.4 per cent of the $48,921 million in total expenses for the health sector. This compares to $3,067 million or 6.4 per cent of $47,571 million in 2012-13. Below is a table that shows an example of how the health premium revenue supports major investments in the health care sector and also the level of support each sector would receive if the percentage shares in 2012-13 and 2013-14 were allocated proportionately across each expense area.

Example of How the Health Premium Supports Investments in the Health Care Sector: OHP Revenue as a Share of Total Health Expenditures Applied Proportionately Across Expense Areas		
($ Millions)	**2013-14 6.4%**	**2012-13 6.4%**
Hospitals	1,047	1,059
OHIP	827	826
Home Care, Community and Mental Health Services	295	275
Long–Term Care Homes	242	237
Ontario Drug Programs	224	220
Public Health, Health Promotion and Other	493	450
Total	**3,128**	**3,067**

The Ontario Health Premium is paid by individuals resident in Ontario on the last day of the taxation year. An individual's Ontario Health Premium liability is: $0 for taxable income of up to $20,000; 6% of taxable income over $20,000 for taxable income over $20,000 up to $25,000; $300 for taxable income over $25,000 up to $36,000; $300 plus 6% of taxable income over $36,000 for taxable income over $36,000 up to $38,500; $450 for taxable income over $38,500 up to $48,000; $450 plus 25% of taxable income over $48,000 for taxable income over $48,000 up to $48,600; $600 for taxable income over $48,600 up to $72,000; $600 plus 25% of taxable income over $72,000 for taxable income over $72,000 up to $72,600; $750 for taxable income over $72,600 up to $200,000; $750 plus 25% of taxable income over $200,000 for taxable income over $200,000 up to $200,600; and $900 for taxable income over $200,600.

The Canada Health Transfer (CHT) is a federal block cash transfer that supports health care spending in the provinces and territories. The CHT is allocated among provinces and territories based on population and the value of personal and corporate income tax points transferred to provinces in 1977-78. To receive CHT cash transfers, provinces and territories must comply with the principles of the *Canada Health Act.*

The Canada Social Transfer (CST) is a federal block cash transfer that supports provincial and territorial expenditures on postsecondary education, social assistance and other social programs. Since 2007-08, the CST has been allocated to provinces and territories on an equal per capita cash basis. To receive CST cash transfers, provinces and territories cannot impose residency requirements in determining eligibility for social assistance.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2014

Equalization is the federal government's transfer program for addressing fiscal disparities among provinces. Equalization payments are unconditional – receiving provinces are free to spend the funds according to their own priorities.

On November 23, 2005 the Government of Ontario and the Government of Canada entered into a Labour Market Development Agreement (LMDA), which provides for the transfer to Ontario of labour market development programs and services previously run by the federal government. LMDA funding supports Ontario's skills and employment training programs, particularly for those who are eligible for Employment Insurance (EI) benefits. The LMDA is funded under the legislative authority of Part II of the *Employment Insurance Act.*

Social Housing reimbursements are the federal portion of the cost of subsidizing low-rental housing programs. The Province receives funding from the Canada Mortgage and Housing Corporation (CMHC) to administer social housing in Ontario.

Indian Welfare Services Agreement payments assist the Province in providing welfare services and programs to persons living on Indian reserves. Under the agreement, the welfare services and programs that are provided on reserves are equal to those available to persons living in other communities.

On February 21, 2008 the Government of Ontario and the Government of Canada signed the Canada-Ontario Labour Market Agreement (LMA). The LMA provides funding for labour market programs and services that focus on skills development for unemployed individuals who are not eligible for Employment Insurance benefits and employed individuals who do not have a high school diploma or recognized certification, or who have low levels of literacy and essential skills.

Infrastructure funding to Ontario is provided through the Building Canada Fund, the Agreement for Investment in Affordable Housing, and other agreements that support construction, renewal, improvement and expansion of the province's physical capital, including roads, bridges, public transit and water systems.

The Wait Times Reduction Fund was established at the September 2004 First Ministers' Meeting to assist provinces and territories in reducing medical wait times by investing in key activities in areas of training and hiring of health professionals, capacity building for regional centres of excellence and backlog clearance.

Bilingualism Development reimbursements are the federal government's portion of the cost of providing services in both official languages and of providing adequate educational facilities for teaching the second official language. The federal government also contributes to Ontario's initiatives in French-language schools, such as the establishment of administrative structures in new French-language school boards, and initiatives designed to improve the achievements of French-language students.

Under the Labour Market Agreement for Persons with Disabilities (LMAPD), the federal government provides contributions to the Province to support measures that will enhance the economic participation in the labour market of working age adults with disabilities by helping them prepare for, attain and retain employment.

Youth justice transfer payment programs are ongoing, and mandated under the *Youth Criminal Justice Act*. The federal government cost shares a portion of the Youth Justice Services expenditures.

Legal Aid payments are the federal government's contribution to assist in providing legal aid services to economically disadvantaged people in serious criminal matters and proceedings under the *Youth Criminal Justice Act*. They also help ensure that certain minimum standards of legal aid are maintained in accordance with the Agreement Respecting Legal Aid in Criminal Law, the *Youth Criminal Justice Act* and immigration and refugee matters.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2014

Growing Forward is a federal-provincial-territorial initiative that supports agriculture business risk management and non-business risk management programs. The Growing Forward Framework Agreement supports the development of a profitable, innovative agri-food sector that is adept at managing risk and responsive to market demands.

Student Assistance includes Canada Study Grants and the administration of Canada Student Loans. Canada Study Grants are provided to students with dependants, high-need part-time students, students with disabilities, and women in doctoral studies.

The Immigration Holds Agreement represents reimbursement by the federal government for the cost of detaining people awaiting an immigration examination, inquiry or removal.

The federal government provides support through the Targeted Initiative for Older Workers (TIOW) for employment assistance services and employability improvement activities, such as skills upgrading and work experience, to assist unemployed workers aged 55 to 64 with their return to work.

Funding is received from Canada Health Infoway to support efforts to increase the number of clinicians adopting and using an electronic medical record (EMR) system.

The Government of Canada provides funding to the Province for the Ontario Bridge Training Program. The funding supports programs in Ontario that help skilled newcomers get their license or certificate in their profession or trade, so that they can enter the labour market and find employment that matches their education and skills.

Canada Health Infoway's Interoperable Electronic Health Record (iEHR) investment program supports jurisdictional projects that will build interoperable EHR systems. Federal funding to Ontario is provided under the Interoperable Electronic Health Record/Health Information Access Layer (iEHR/HIAL) Agreement. These solutions will enable authorized health care providers to view and, in some cases, update a patient's essential health information.

The federal government announced the creation of the Police Officers Recruitment Fund in the 2008 federal budget to support the efforts of provinces and territories in recruiting additional front-line police officers nationwide who can target local crimes and make communities safer. Funding was allocated to provinces and territories over five years, 2008-09 to 2012-13, on a per capita basis.

Other payments from the federal government included:

a) Annual subsidies of $8,824,387 under the *Constitution Act, 1907*; and
b) Interest of $83,479 on the Common School Fund.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2014

	2014 $	2013 $
INCOME FROM GOVERNMENT ENTERPRISES		
Ontario Lottery and Gaming Corporation	2,009,034,000	1,815,991,000
Liquor Control Board of Ontario	1,723,031,000	1,721,054,000
Ontario Power Generation Incorporated	809,000,000	136,000,000
Hydro One Incorporated	796,000,000	796,000,000
TOTAL INCOME FROM GOVERNMENT ENTERPRISES	**5,337,065,000**	**4,469,045,000**

Income from Government Enterprises represents amounts received by the Province from government business enterprises.

The Ontario Lottery and Gaming Corporation (OLG) conducts and manages lottery games resort casinos, casinos, and slots on behalf of the Province of Ontario. The Province consolidates the net income from OLG's lotteries, commercial casinos, casinos and slots. The net income also includes 20% of gross gaming revenue from Caesars Windsor, Casino Niagara, Niagara Fallsview Casino Resort and Casino Rama as well as 20% of gross gaming revenue from its slots at the Great Blue Heron Charity Casino.

In 2013-14 the proceeds from OLG lotteries, casinos and slots were allocated by the Province of Ontario to the following Ministries and programs: $115 million to the Ontario Trillium Foundation for grants to charities and not-for-profit organisations, $39 million to the Ministry of Health and Long-Term Care to support problem gambling and related programs for prevention, treatment and research, $10 million to the Ministry of Tourism, Culture and Sport for direct financial support to Ontario high-performance athletes and enhanced coaching development, with the balance being applied to the Ministry of Health and Long-Term Care for the operation of hospitals.

In 2013-14 the proceeds from OLG commercial casinos were allocated by the Province of Ontario to general government priorities such as health care, education and public infrastructure.

Liquor Control Board of Ontario (LCBO) profits are generated from the sale of beer, wine, coolers, and spirits.

Hydro One Incorporated (Hydro One) and Ontario Power Generation Incorporated (OPG) were created as part of the restructuring of the former Ontario Hydro. Net income from these two corporations is consolidated in the Province's finances. OPG revenue is derived primarily from the sale of electricity from its generating stations. Hydro One revenue is derived primarily from the transmission and distribution of electricity.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2014

Sales and Rentals includes proceeds from the disposal of real property, supplies and equipment, rental of real property, leasing of Crown land and sales of goods and services provided by Provincial institutions.

Vehicle and Driver Registration fees include vehicle registration, carrier, and driver fees. Vehicle registration fees are for the authorization to operate a motor vehicle on a public road. For commercial vehicles the latest fee ranges from $174 to $4,330. The latest fees for passenger vehicles and light commercial vehicles weighing 3,000 kilograms or less used for personal purposes are $90 per year in Southern Ontario and $45 per year in Northern Ontario. Fees for motorcycles and mopeds are $42 and $12 per year respectively in Southern Ontario and $21 and $12 per year respectively in Northern Ontario. Driver fees consist primarily of driver license renewals.

The registrar's fees consist of fees collected by the Ontario Court (General Division) in estates matters as set by O.Reg. 393/90 made under the *Administration of Justice Act* and the issuing, signing and filing fees for court related documents in civil matters.

Personal Property registration service fees are remittances for the registration and searches of personal property pledged as collateral to secure a loan. The fees are collected at the time of registration or search.

The modernized Drive Clean program was implemented effective January 1st 2013. Fees for the program are chargeable to the public for vehicle emissions testing, known as a "Drive Clean Emissions test.

Companies' service fees are remittances for registration, searches and certificates pertaining to incorporations, limited partnerships and business names. The fees are collected at the time of registration or search.

Gaming-related fees collected by the Alcohol and Gaming Commission of Ontario include fees for registering commercial suppliers and gaming employees of charitable gaming events, casinos, charity casinos and slot machine facilities. Also included are fees for issuing licences to conduct and manage lottery schemes such as raffles.

Effective January 1, 2001, persons who by virtue of an agreement, lease or other writing are entitled to occupy public lands are required to pay a water rental charge calculated at a rate of 9.5 % on gross revenues from the annual generation from hydro-electric-generating stations. This is the Gross Revenue Charge - Water Rental component referenced on page 1-4.

Crown Charges – Timber royalties are remittances for the harvesting of Crown timber on Crown land or when timber rights are reserved to the Crown on patent land. Crown charges are typically charged on a per cubic metre basis related to the tree species, end products produced and harvest volume. A base price per cubic metre, adjusted annually, is established as a minimum price. The minimum price for most harvested timber during 2013-2014 was set at zero (bioproducts only), $4.32, or $0.59 per cubic metre depending on the tree species and commodity group. The $0.59 per cubic metre reflects the rate for several underutilized species and the economic volatility in the forest industry. A residual value price, based on a percentage of the difference between the cost of manufacturing and the selling price of the forest product, is also assessed. This component based on commodity market prices is adjusted monthly and varied from $0.00 to $20.20 per cubic metre.

Beginning in 2006, funds for the Forest Resource Inventory (FRI) have been collected through the stumpage system. In 2013-2014 the FRI rate was set at either $2.50 or $0.59, depending on species group and end-use, and set aside in the Forestry Futures Trust fund account for FRI expenses until a $10 million balance in the FRI account was achieved. After reaching the $10 million level, the FRI charge is set to zero, which occurred for this fiscal year in October 2013. The FRI collection results in no net effect to the forest industry with respect to stumpage charges, as the minimum price is reduced an equivalent amount to FRI charges, while FRI charges are being collected.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2014

Teranet – Polaris Royalties - The Province completed the sale of its 50% ownership in Teranet in 2003-04. As part of this transaction, the Province agreed to suspend royalties from Teranet for a period of 13.67 years to March 31, 2017 in exchange for a lump sum payment of $205 million. The $205 million represents deferred royalties to be earned by the Province in future years and have been recognized in the Province's accounts as deferred revenue. The deferred revenue is amortized to revenue over the life of the royalty suspension agreement. The annual amortization is $15 million throughout 2016-17.

In 2010-11 the Province negotiated an extension to the original Teranet agreement, resulting in a 50 year extension beyond the original amortization schedule. $1 billion in cash was received in 2010-11, and this amount represents deferred royalties to be amortized over a 56 year period from fiscal 2011-12 to 2066-67. The annual amortization for the extension is $18 million, for a combined total of $33 million per year for the years 2011-12 through 2016-17.

Recovery of Prior Years' Expenditures represents monies recovered subsequent to the fiscal year-end in which the related expenditures were made. These receipts represent amounts, which, except for the timing of the recovery, would have been classified as expenditure refunds.

Reimbursements of expenditures are repayments of expenses incurred by the government under formal agreement, understanding or arrangement that the expenses will be recovered in whole or in part.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

Revenues under "Power Supply Contract Recoveries" arise from the reselling of power and recovery from electricity consumers of the cost of power purchased from and payments made to electricity generators under power purchase contracts and the cost of other supply agreements with the Ontario Electricity Financial Corporation (OEFC), the legal continuation of the former Ontario Hydro.

Power supply contracts were entered into by the former Ontario Hydro with non-utility generators (NUGs) located in Ontario. As the legal continuation of Ontario Hydro, as of April 1, 1999, the OEFC is the counterparty to these contracts. The contracts provide for the purchase of power at prices that were expected to be in excess of market prices. Accordingly, a power purchase contract liability was recorded. Under legislated reforms to the electricity market, OEFC began receiving actual contract prices for power from ratepayers, effective January 1, 2005, and no longer incurs losses on these power purchase contracts. At that time, the Ministry of Finance estimated that the bulk of the liability would be eliminated over 12 years, as existing electricity contracts expire. As a result OEFC is amortizing the bulk of the liability to revenue over that period. In addition, effective January 1, 2009, OEFC entered into a support contract with Ontario Power Generation (OPG) whereby OPG agreed to maintain the reliability and availability of Lambton and Nanticoke coal-fired stations following implementation of a greenhouse gas emissions-reduction strategy up to the end of December 31, 2014. Under the contract, OEFC agreed to ensure OPG would recover the actual costs of operating the stations after implementing this strategy. Any costs to OEFC under this agreement are fully recovered from ratepayers. As at December 31, 2013 OEFC triggered an early termination clause in the contract to reflect the advanced closure of these plants by one year to the end of 2013. OPG is allowed to recover actual costs that cannot reasonably be avoided or mitigated during the period from the early shut down date until December 31, 2014 consistent with the original end date of the contract.

The Electricity Debt Retirement Charge (DRC) is paid by electricity consumers based on consumption of electricity. The *Electricity Act 1998* allows for the DRC to be in place until the residual stranded debt is retired. Residual stranded debt originated from the restructuring of the old Ontario Hydro and restructuring of the electricity sector. On April 23, 2014, the government announced that it intends to remove the DRC from residential users' electricity bills, after December 31, 2015. The residential rate class accounts for about a third of electricity load subject to the DRC with the remainder of electricity load used by commercial, institutional and industrial consumers.

DETAILS OF REVENUE – Concluded

For the year ended March 31, 2014

The Reduction of Power Purchase Contracts represents the effective elimination over time of the power purchase contract liability. The amount of change reflects the deduction for estimated in-year losses used to calculate the liability prior to the legislated reforms to the electricity market that effectively eliminated over time the power purchase liability.

The Independent Electricity System Operator (IESO) was established by the *Electricity Act of Ontario, 1998*. It operates independently as a non-profit corporation without share capital. Licensed by the Ontario Energy Board, it reports to the legislature through the Ministry of Energy. The IESO, formerly called the Independent Electricity Market Operator, directs the operation and maintains the reliability of the province's power system. The IESO balances demand for electricity against available supply through the wholesale market and directs the flow of electricity across the transmission system. IESO's revenue is derived primarily from OEB-approved fees for each megawatt of electricity withdrawn from the IESO-controlled grid.

*Standard accounts classification is explained on page iv-v. Statutory expense has been allocated to the appropriate Standard Accounts.
Recoveries of expenses by standard accounts are netted at the ministry level to reflect the Estimates structure.

**Expenses are reclassified for the recoveries related to Seconded Legal Services (Ministry of Attorney General), Ontario Internal Audit (Ministry of Finance), Info. & Info. Tech. Cluster (Ministries of Education & Transportation) and Corporate I & IT, Ontario Shared Services, Enterprise Services Cluster and Government Services Cluster (Ministry of Government Services).

1. Total Ministries' Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2013-14 were issued.

ONTARIO OPPORTUNITIES FUND

As at March 31, 2014

For the year ended March 31	2014	2013
Ontario Opportunities Fund		
Contributions from Ontarians[1]	$126,598	$144,766
	$126,598	**$144,766**

1. Represents money paid to the Province of Ontario for deficit/debt reduction.

HEALTHY HOMES RENOVATION TAX CREDIT

For the year ended March 31, 2014

Tax credit for the year ended March 31, 2013:

Expenditure Estimate	$125,000,000
Estimate of Actual Cost*.....	$14,700,000

The *Taxation Act, 2007* requires the Minister of Finance to compare the anticipated cost of the Healthy Homes Renovation Tax Credit (HHRTC) with the actual cost.

The cost of the HHRTC is lower than originally estimated because there were fewer claims than expected.

*The 2012 income tax and benefit return was the first return on which tax filers could claim the HHRTC for their eligible expenses. Accurate and reasonably complete information on the actual cost of the credit is currently only available to Ontario for 2012. The cost of the HHRTC in the 2012-13 fiscal year includes a portion of the credits for the 2013 tax year. The final actual cost will not be available until the Canada Revenue Agency has received and processed all tax returns for the 2012 and 2013 tax years.

Program Description

The strategy carried out under this vote focuses on providing executive direction and strategic business and resource planning services to ensure the efficient and effective delivery of ministry programs. It functions to provide leadership in aligning workforce planning and management with business strategy, along with fiscal planning, controllership, program evaluation, revenue management, risk assessment and performance measurement, business services and facilities management, Freedom of Information and Protection of Privacy, records management, diversity initiatives, quality service initiatives and emergency management response. The strategy carried out under this vote also provides for liaison with central agencies and clusters on behalf of the ministry to ensure transparency and accountability through the management of relationships with Ontario Shared Services, Ontario Internal Audit, and the Land and Resources I&IT Cluster, HR Ontario and French Language Services.

Program Description

This strategy includes legislative and/or regulatory functions relating to food inspection and compliance, animal health, and nutrient management. This strategy also includes non-regulatory programs in food safety, traceability, animal health and welfare, nutrient management and environment. The ministry uses a full suite of tools to manage risks and encourage industry adoption of best management practices.

Program Description

Under this strategy, the ministry supports agriculture, food and bio-product sectors through a comprehensive approach. Components of this strategy that contribute to the framework for these sectors include: delivery of farm income stabilization and other assistance programs to the agriculture sector; working with agri-food partners in identifying needs and opportunities, and adopting new technologies; investing in agri-food research; investment attraction and investment retention efforts for the processing sector; dealing with regulated marketing issues; and promoting Ontario food and agricultural sales in export and domestic markets.

This strategy also assists rural Ontario in building strong, vital communities with diversified economies and healthy social and environmental climates by working collaboratively with rural communities, municipalities, businesses and organizations to undertake economic development initiatives.

Program Description

The strategy carried out under this vote focuses on providing innovative, comprehensive and evidence-based policy development and advice. Policy Development includes the ministry's food safety, animal health, environmental, economic, and rural development, policy analysis, strategic policy/planning and intergovernmental relations and trade. This strategy also includes legislation and program development, and managing funding for farm business risk management programs and the ministry's governance and accountability responsibilities with Agricorp.

Program Description

This program provides for the overall administration of the Ministry, supplying administrative and support services for the operating programs. The Corporate Services Management Division provides strategic support and advice to the Ministry in the areas of business and fiscal planning, human resources, emergency management, and facilities management. The Division also delivers shared services for Freedom of Information and French Language Services to the justice sector ministries, and provides service management for centrally delivered services of audit and quality assurance, and Ontario Shared Services. Ministry Administration also includes the Attorney General's Office, the Parliamentary Assistant's Office, the Deputy Attorney General's Office, and the Associate Deputy Minister's Office, as well as the Communications Branch.

Program Description

Under this program the Policy and Adjudicative Tribunals Division is responsible for the Attorney General's policy and legislative agenda, and provides strategic and legal policy advice, oversees policy initiatives, and provides support and expertise to other divisions within the Ministry. Other responsibilities include the administration of public inquiries and the Ministry's Federal-Provincial-Territorial relations.

The Policy and Adjudicative Tribunals Division also liaises with and manages the Ministry's relationships with adjudicative tribunals. The following are the adjudicative tribunals, the Environment and Land Tribunals Ontario (includes Assessment Review Board, the Environmental Review Tribunal, the Conservation Review Board, the Ontario Municipal Board, and the Board of Negotiation), the Social Justice Tribunals Ontario (includes Landlord and Tenant Board, Human Rights Tribunal of Ontario, Social Benefits Tribunal, Custody Review Board, Child and Family Services Review Board, Special Education Tribunal - English and Special Education Tribunal - French), the Safety, Licensing Appeals and Standards Tribunals Ontario (includes Licence Appeal Tribunal, Animal Care Review Board, Fire Safety Commission, Ontario Civilian Police Commission, Ontario Parole Board), and the Criminal Injuries Compensation Board.

The Agency Relations Division manages the accountability relationship between non-adjudicative agencies and programs including: the Alcohol and Gaming Commission of Ontario, the Ontario Human Rights Commission, the Human Rights Legal Support Centre, the Office of the Independent Police Review Director, the Special Investigations Unit, Legal Aid Ontario and the Bail Verification and Supervision Program.

Program Description

This program supports the role of the Attorney General as Chief Law Officer of the Crown by ensuring that the administration of public affairs is in accordance with the law, through the provision of expert legal advice, advocacy and representation before tribunals and at all levels of court. This program conducts all litigation for and against the Crown in respect of any subject within the authority or jurisdiction of the Legislature.

This program includes the work of the Office of Legislative Counsel which is responsible for legislative drafting in English and French. This includes drafting bills for the Government and members of the Legislative Assembly and drafting regulations. The Office also provides related legal advice and editing and publishing services, including providing the content for the e-Laws website.

Program Description

The Court Services Division is responsible for the administration and functioning of criminal, civil, family and small claims courts in Ontario. These services are divided into three components: court administration, judicial services and court construction. Court administration and judicial services provide support to the effective and efficient management of the justice system. Court construction, which is delivered by Corporate Services Management Division (Facilities Management and Alternative Financing Project Branches) provides funding for new courthouses and large-scale renovations of existing court facilities to support a justice system that is modern, secure and accessible.

Program Description

This program provides services to victims and vulnerable persons in the criminal justice system and administers funding for community based assistance and referral services. The Division manages Ontario Victim Services, the Office of the Public Guardian and Trustee, the Office of the Children's Lawyer, and the Supervised Access Program. The Office for Victims of Crime is also an agency included in this program.

Program Description

The Auditor General, who is an Officer of the Assembly, conducts independent audits of government programs, the financial statements of the Province and numerous agencies of the Crown, broader public-sector organizations, and reviews under the authority of the *Auditor General Act* and various other statutes and authorities. The results of these audits and reviews provide assurance, objective information and advice to the Legislative Assembly. In doing so, the Office of the Auditor General assists the Assembly in holding the government, its administrators, and grant recipients accountable for their stewardship of public funds and for the achievement of value-for-money in the delivery of services to the public.

Additionally, under the *Government Advertising Act, 2004*, the Auditor General is required to review specified types of advertising and certain printed matter proposed by government offices to determine whether they meet the standards required by that Act.

Under both Acts, the Auditor General reports the results of the work conducted each year directly to the Legislative Assembly.

As required by the *Fiscal Transparency and Accountability Act, 2004*, in a scheduled election year the Auditor General is also required to review and report on the reasonableness of a Pre-Election Report prepared by the Ministry of Finance.

Program Description

The Office conducts general elections and by-elections of Members to the Legislative Assembly and provides research, public information and policy advice relating to the electoral process. The Office also trains, directs and supervises the returning officer in each of the 107 electoral districts.

The Chief Electoral Officer also administers the *Election Finances Act*. Over 400 Constituency Associations and 13 registered political parties must file annual returns and inform Elections Ontario of any changes to registration information. Any form filed with Elections Ontario is reviewed for compliance with the *Election Finances Act.*

The Office has responsibility to administer referenda under the *Taxpayer Protection Act, 1999*.

The Office serves Ministries, agencies and the public on a continuing basis by conducting historical and comparative research and providing policy advice and general information regarding the electoral process.

Program Description

Children and Youth Services programs include Healthy Child Development, Children and Youth at Risk, Specialized Services and the Ontario Child Benefit. Healthy Child Development supports a combination of screening, assessment and early intervention services, such as: Healthy Babies Healthy Children, 18 month Well Baby Visit, Infant Hearing Program and Speech and Language services. The Children's Activity Tax Credit refunds a portion of fees paid towards eligible activities for children, including arts, music and physical activity programs, regardless of family income level. Children and Youth at Risk includes Child Protection, residential and community-based programs and services, Child and Youth Mental Health, Aboriginal children and youth services, Youth Opportunities which provide services for youth in high-needs neighbourhoods (including employment and outreach, such as the Youth Outreach Worker Program, the Jobs for Youth program and the Youth in Policing Initiative) and Youth Justice Services for youth-in, or at-risk for, conflict with the law. Specialized Services support children and youth with a range of special needs, including autism services, rehabilitation services (speech/language, occupational and physical therapy), and respite programs, and support for children and youth with complex special needs. The Ontario Child Benefit is an income-tested, non-taxable financial benefit that supports low-income families with children under the age of 18, whether they are working or not. The Ontario Child Benefit equivalent is provided to children's aid societies to provide children and youth in care with increased access to social, educational and recreational opportunities and a savings program to help older youth leave care. The Ontario Child Care Supplement for Working Families is a tax-free monthly payment for low- to moderate-income working families with children under seven years of age, born prior to July 1, 2009.

Program Description

The Ministry Administration Program works to achieve ministry and government objectives by providing strategic advice and vital support services, including communications, human resources, French language services, information technology and business solutions, legal services and resource planning and allocation activities. The Program provides corporate services to two ministries (Citizenship and Immigration, and Tourism, Culture and Sport).

Program Description

The Citizenship and Immigration Division has lead responsibility for immigration, the voluntary/not-for-profit sector, and honours and awards. The Division works to ensure that immigrants can contribute fully to the social and economic life of the province; volunteers and their organizations can contribute fully to the economic and social fabric of Ontario's communities; and individuals who have made extraordinary contributions within their communities are recognized.

Program Description

Through the Adults' Services Program effective and accountable community-based services are directed to those most in need in the fairest possible manner. Ontario's Social Assistance programs provide financial and employment supports to eligible individuals who are in need, including people with disabilities, and their families. The Community and Developmental Services program provides developmental services programs to support inclusion of adults with a developmental disability and their families by helping them live and participate in a wide range of activities in their communities. The program also provides community service programs and supports for Aboriginal people through the Aboriginal Healing and Wellness Strategy, services for women and children who are victims of domestic abuse, and individuals who are living with a sensory disability. The Family Responsibility Office is an enforcement program working with support payors and support recipients to meet their family support responsibilities.

Program Description

Reporting to the Commissioner of the Ontario Provincial Police (OPP), the OPP is responsible for providing direct front-line policing services in hundreds of municipalities and First Nations communities throughout the province. The OPP investigates province-wide and cross-jurisdictional crimes including complex frauds and organized criminal activity. In addition, the OPP patrols provincial highways and is responsible for many of the waterways and trail systems in the province. The OPP maintains specialized provincial registries, e.g., Violent Crimes Linkages Analysis System and the Ontario Sex Offender Registry. Oversight of provincial strategies such as child exploitation and biker enforcement are responsibilities of the OPP. Included as part of its provincial mandate, the OPP also provides emergency services support, is responsible for security for high profile international events, and delivers specialized security and protection services for the Government of Ontario throughout the province.

Program Description

Reporting to the Deputy Minister of Correctional Services, the Correctional Services Program is responsible for the operation of jails, detention centres, correctional centres and probation and parole services. The program supervises the detention and release of adult inmates and provides supervision to offenders serving sentences in the community on Ontario parole, conditional sentence or probation. Key services and programs include training, rehabilitative treatment and services designed to help offenders achieve changes in attitude and behaviour that provide opportunities for successful reintegration into the community.

Program Description

Reporting to the Deputy Minister of Community Safety, this section provides services dedicated to the public safety and security of Ontarians. This is achieved through the efforts of the Office of the Chief Coroner and Ontario Forensic Pathology Service, Office of the Fire Marshal, and Emergency Management Ontario. All are devoted to the rapid identification of issues and their resolution through effective mitigation, prevention, preparedness, response, recovery, scientific, investigative, business continuity and public education initiatives. The section strives to be a leader in ensuring that all of Ontario's diverse communities are safe and secure thereby supporting the government in its priority of stronger, safer communities.

Program Description

This program supports a stronger research and innovation ecosystem in Ontario by: developing and administering the ministries' suite of research programs that make investments in operations, infrastructure and personnel to support world-class research and researchers working in publicly-funded institutions across Ontario; delivering skills development, business development and commercialization programs focusing on key sectors and regional development opportunities; providing programs and services that assist with business start-up and early stage growth through Ontario's network of 57 Small Business Enterprise Centres; helping technology-based entrepreneurs and firms launch and grow through the Ontario Network of Excellence; connecting innovators and entrepreneurs across the province - ensuring that high potential companies can attract the skills and capital to compete in global markets and provide the opportunity for ideas developed in labs to make their way into the marketplace; promoting entrepreneurship as a viable career option among Ontario's youth; adopting e-business and computer technologies by small and medium enterprises and the availability of affordable ultra-fast broadband services across Ontario; overseeing Ontario's efforts to promote innovation and facilitate a robust venture capital industry.

Program Description

The program provides policy and program direction, as well as financial support, to elementary and secondary schools and agencies in Ontario in order to foster and sustain a high-quality education system for all students in the province, no matter where they live. The program aims to achieve three primary outcomes: excellence in student achievement; preparation of all students for success in further education, work and community life; and improvement of Ontario's ability to compete in a global marketplace.

Key components of the program are: supporting the implementation of a rigorous curriculum; supporting student learning and maintaining challenging standards of achievement, and supporting excellence in teaching; provision of financial support to a streamlined and efficient education system with a focus on teaching and learning in the classroom; accountability for the funding of elementary and secondary education; and operation of provincial schools for deaf, blind, deaf/blind and students with learning disabilities.

Program Description

The Community Services Information and Information Technology (I&IT) Cluster is responsible for the provision of information management and information technology services for the Ministries of Municipal Affairs and Housing; Citizenship and Immigration; Training, Colleges and Universities; Tourism, Culture and Sport; and Education. The cluster organization works in partnership with the ministries to provide timely and cost-effective technology solutions that support ministry objectives, to promote e-business and e-government as a means of enhancing government service delivery and to ensure solid return on I&IT investment.

Program Description

High quality child care is an essential part of a seamless, integrated system that supports early learning and care for children. The integration of child care and early learning enhances education results by providing a continuum of care and education for children aged 0 to 12, creating a focus on healthy child development and positive outcomes for children and families through coordinated local system management.

Program Description

This program is responsible for developing Ontario's energy policy framework, which is central to the building of a strong and prosperous economy. It provides leadership and support to the energy sector to ensure clean, reliable, cost-effective and sustainable energy supply, transmission and distribution systems. The program supports energy conservation and efficiency, the development of cleaner forms of energy, and the implementation of the *Green Energy and Green Economy Act, 2009*. This program also oversees Aboriginal engagement and consultation on provincial energy sector activities and projects while facilitating the participation of Aboriginal communities in the new renewable energy and transmission system developments.

Program Description

This program, which includes the Offices of the Minister and Deputy Minister, delivers planning, advisory, legal, and controllership functions to ensure direction and management of operating programs consistent with Ontario Government policy and legislation. In addition, the program manages the service and accountability relationships with the Ontario Internal Audit Division, HROntario and Ontario Shared Services, ensures proper levels of support to the Ministry and its client groups, and strategically manages the Ministry's quality service commitments.

Program Description

This program includes tax and inter-governmental taxation, pension and income security policy development and legislation, and quantitative analysis and research. This program is responsible for tracking emerging trends and developments and identifying the economic and fiscal implications of tax, pension and income security policies, and for advising and assisting the Deputy Minister of Finance, the Minister and the government in formulating major economic, quantitative, fiscal and policy documents. This program is also responsible for facilitating the Minister's oversight and accountability of the Liquor Control Board of Ontario, the Ontario Lottery and Gaming Corporation and for managing the government's Deposit Return Program for beverage alcohol containers.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision.

As part of in-year expenditure management, ministry savings were minuted into the Contingency Fund. In this regard, the $141,646,500 increase in the "Contingency Fund" appropriation represents ministry savings minuted into the Contingency Fund net of appropriations allocated during the year to fund programs and activities of various ministries. The actual costs incurred were not charged against the "Contingency Fund" activity but rather against those programs and activities to which they pertained. The "Contingency Fund" activity therefore shows no spending against the appropriation.

* Includes a Post Fiscal Year End Treasury Board Order of $407,000,000 approved by Treasury Board on July 22, 2014 and applied retroactively to fiscal year 2013-14, for Other transactions.

Program Description

This program develops and implements sound economic and fiscal strategies to stimulate economic growth and job creation; forecasts, monitors and reports on the performance of the Ontario economy; provides expertise and advice on sound economic design of government initiatives; develops demographic forecasts for Ontario; develops the policy and legislative framework for Ontario's financial services industry; develops and implements a fiscal and financial management framework for the public sector in Ontario; assists the Minister of Finance and the government in formulating Ontario's federal-provincial finance policy; develops, monitors and reports on the fiscal plan and results for the province; provides policy advice and internal audit services to clients, managers, and decision makers in the areas of accounting, fiscal and financial management; and fosters greater accountability and fiscal integrity in the public sector in Ontario. The program advises on assessment and property tax policy, grants to municipalities, and education tax rates. It also monitors the fiscal and financial relationship between the province and the municipalities, including providing transfer payments to municipalities. It also reflects the transfer of dedicated electricity earnings from the Province to the Ontario Electricity Financial Corporation.

This program assists the Minister, Deputy Minister of Finance and the government in formulating the fiscal plan and reporting the results of the Province through the Ontario Budget, Ontario Quarterly Finances, Economic Outlook and Fiscal Review, and Public Accounts as well as the annual process to seek spending authority from the Legislature. Additionally, the program supports Treasury Board/Management Board of Cabinet by providing advice on ministries' annual multi-year Results-based Plans and ministries' management of in-year expenditures to ensure the appropriate use of public resources to meet government priorities. The Program also provides the Ontario Public Service and Broader Public Sector with accounting and financial management policy and controllership advice, prepares the Pre-Election Report on Ontario's Finances, undertakes annual population projections for use in resource allocation and planning, provides support to the Minister of Finance and the government in formulating Ontario's strategies with respect to federal-provincial fiscal arrangements.

Program Description

The Financial Services Commission of Ontario (FSCO) regulates the province's financial services sector, including insurance companies, pension plans, credit unions, caisses populaires, mortgage brokers, agents and administrators, loan and trust companies, and co-operatives. FSCO also makes recommendations to the Minister of Finance on matters affecting these sectors. In addition, FSCO is responsible for the administration of the Motor Vehicle Accident Claims Fund (MVACF) which compensates people injured in automobile accidents in Ontario where there is no other insurance available to respond to the claim. FSCO is also responsible for the administration of the Pension Benefits Guarantee Fund (PBGF). The PBGF pays a minimum level of pension benefits if a plan is wound up with insufficient assets.

FSCO works with the Ministry of Finance, consumers and industry stakeholders to protect the public interest, enhance public confidence, and create a business climate that promotes Ontario's domestic and international competitiveness.

Program Description

This program is responsible for the efficient and effective administration of Ontario tax statutes, tax incentive programs and benefits programs. It strives to optimize revenues and promote enrollment in benefits programs. Revenues collected through tax and non-tax programs provide the fiscal foundation on which many government programs and services are based. To ensure fairness for all taxpayers, the program encourages compliance through taxpayer information services, client services, and independent objections reviews, and discourages non-compliance, tax evasion and participation in the underground economy through collections activities, audits, inspections and investigations. The program also leads enterprise initiatives such as the transformation of benefits service delivery and the centralization of collections; and manages the province's relationship with the Canada Revenue Agency, to ensure effective administration of the taxes collected on its behalf.

Program Description

This program is responsible for the development, direction, operation and formulation of policies for the management of the Province's debt, investments, credit rating, investor relations, and related financial administration activities; providing centralized banking and cash management services to the Province; reporting on the financial position of the Province to investors and the public to facilitate borrowing activities; providing to the electricity sector financial analysis and support for any direct or indirect provincial liabilities and monitoring the fiscal implications; advice to government and broader public sector on financing initiatives and policies; provision of guarantees and loans by the Province and assistance in investments to its Crown Corporations and agencies; and arranging custodial and fiscal agency services for the Province and certain agencies. It is also responsible for the issuance of Ontario Savings Bonds. The Ontario Financing Authority (OFA) provides a broad range of financial services to Ontario Electricity Financial Corporation (OEFC) and Ontario Infrastructure and Lands Corporation (Infrastructure Ontario).

Program Description

This program advises the Ontario Government, on matters concerning Francophone Affairs and the provision of French-language services. It develops policies and programs pertaining to the Francophone Affairs and French-language services. It monitors and oversees the implementation of the French Language Services Act by ministries and agencies and makes recommendations concerning the addition of new designated areas to the Schedule and the designation of public service agencies under the Act. It reviews the availability and quality of services delivered by ministries to the Francophone population. It provides information, advice, expertise and assistance to the Francophone community. It coordinates the transfer of federal funding to other ministries and agencies for projects that are funded under the Canada-Ontario Agreement on French-Language Services.

Program Description

The Ministry Administration program provides administrative and support services to enable the ministry to deliver results for the government's objectives and fiscal priorities. Its functions include financial and human resource management, and accommodations and facilities management. The program also provides legal and communications services, and planning and results monitoring. The program assists and supports ministry program areas in achieving their business goals.

Program Description

The Employee and Pensioner Benefits (Employer Share) Program provides for the government's expenses as an employer for insured benefits, statutory programs, non-insured benefits and certain public service pension plans including third party administration and adjudication costs. The expenses are based on changes in the accrued liabilities of the government as sponsor or co-sponsor of certain insured benefit plans, pension plans and termination of employment entitlements.

Program Description

The Human Resources Services Program supports the government's commitment to be a responsive and innovative world leader in customer service by having a skilled and innovative workforce.

HROntario delivers integrated human resources and business transformation services that support ministries' business objectives, achieves legislative compliance, promotes use of best practices and develops and implements strategies and policies that make the OPS an employer of first choice. The program also co-ordinates internal security in the OPS.

The Diversity Office supports the OPS' vision of being an inclusive, diverse and accessible organization that delivers excellent public services and supports all employees in achieving their full potential. As a centre of excellence, the Diversity Office has the lead for ensuring the OPS is compliant with the *Accessibility for Ontarians with Disabilities Act*. The Office is also responsible for providing innovative and strategic OPS-wide leadership in the areas of diversity and accessibility, both as a policy maker and a service provider.

The Labour Relations Secretariat analyzes factors that drive collective bargaining outcomes in the Broader Public Sector (BPS) in order to develop and provide strategic guidance and advice to government, ministries and BPS employers related to ongoing collective bargaining and labour relations issues.

Program Description

The Enterprise Business Services Program is responsible for improving the delivery of internal and external government-wide services to meet the needs of Ontarians and the OPS. All service delivery programs focus on transforming and improving government services.

The Corporate Information and Information Technology Program provides leadership on information technology in government. This includes strategy, security, policy, the implementation of common infrastructure, governance and accountability. It also includes the delivery of OPS-wide common services such as computer processing and network facilities.

Ontario Shared Services is the Ontario Government's provider for back office business, employee and supply chain management services. It provides strategic advice, controllership and cost-effective service delivery in financial processing, non-tax revenue processing, payroll and benefits processing, benefit administration, supply chain management and enterprise business services.

Information, Privacy and Archives promotes good recordkeeping practices across the government and provides strategic leadership for freedom of information and privacy protection, and information management. It collects, manages and preserves the archival records of Ontario, promotes public access to Ontario's historic documents and records, and is the steward of the Government of Ontario's art collection.

The Central Agencies I&IT Cluster provides leadership and cost-effective Information Technology (IT) support to its clients to enhance government services by enabling the underlying IT solutions necessary to modernize government operations and provide cost-effective services to clients across the OPS.

Program Description

The Agencies, Boards and Commissions associated with Ministry of Government Services provide oversight to ensure effective governance, accountability, and relationship management.

The Advertising Review Board is designated as a mandatory central service for enabling the procurement of advertising, public and media relations, and creative communications services for the OPS. This helps ensure ministries and government agencies acquire these services in a manner that is fair, open, transparent and accessible to qualified suppliers.

The Conflict of Interest Commissioner has responsibility for certain conflict of interest and political activity matters as they apply to employees of ministries and public bodies as well as to individuals appointed to public bodies. The Commissioner handles requests for advice or rulings on specific conflict of interest or political activity matters, advises on financial declarations, considers conflict of interest rules submitted by public bodies and reviews and approves adjudicative tribunals' ethics plans.

Program Description

ServiceOntario is the government's service gateway for information and routine transactions for individuals and businesses. ServiceOntario is making it easier for Ontarians to get fast, friendly and easy access to Ontario government information and services that are efficient and cost-effective. ServiceOntario's vision is to be recognized for meeting or exceeding customer expectations with our service, solutions, leadership and people, every time.

Aligned with the ServiceOntario program, the ServiceOntario Information & Technology Cluster provides strategic advice and cost-effective technology solutions for ServiceOntario and ministry partners in implementing key business objectives as well as modernizing government services via public-facing online applications.

Program Description

The Bulk Media Buy program supports the purchase of media time for government marketing campaigns. Funding also covers associated agency fees, creative production costs, market research costs and the development of related marketing materials to support integrated campaigns associated with government initiatives. Paid government advertising is guided by the *Government Advertising Act*, and reviewed and reported on by the Auditor General.

Program Description

Ministry Administration provides support to the Minister of Health and Long-Term Care to meet the requirements of the Ministry's portfolio, ministry management, accountability and controllership frameworks to ensure the cost-effective/efficient use of resources to achieve business results.

A broad range of strategic and operational services are provided to support the effective delivery of all Ministry programs and services, including: business, fiscal and health capital planning; health system investment and funding policies and decisions; audit; supply chain and facilities, contract management and records management; government pharmacy; subrogation; strategic human resources including talent management, workforce planning and resource management, organizational capacity and engagement, health, safety and wellness and strategic labour relations; freedom of information, protection of privacy, and personal health information protection; submission coordination and Cabinet Office liaison; public appointments process; legal; communications and information.

The Project Management and Process Improvement Office provides leadership, advice and learning to the Ministry to better execute projects, improve core business processes and achieve its outcomes.

Also, funding is provided for administrative support to the Ontario Review Board, Consent and Capacity Board, Health Services Appeal and Review Board, Health Professions Appeal and Review Board, and the Ontario Hepatitis C Assistance Plan Review Committee.

Program Description

The Health Policy and Research Program integrates health system research evidence, strategy and program policy to provide strategic directions for Ontario's health system. System-wide planning allows the Ministry to: support legislation and policy development; monitor alignment with the strategic directions; select and manage portfolios, strategy and other initiatives within the Ministry to further health system and health human resource goals. The work includes targeted investment, oversight and synthesis of health services/population health research, strategic policy and planning relating to the supply, mix, distribution, recruitment, retention, scope of practice and education/training of health providers. Related activities are the regulation of health professionals and labour relations matters pertaining to health professionals.

Program Description

eHealth ensures that information and information technology are used to improve and modernize Ontario's health care system, and to improve the quality of and access to health care services. eHealth Ontario provides the information infrastructure required to facilitate the secure electronic communication and exchange of personal information among Ontario's health care providers and supports the Ministry's eHealth initiatives.

Information Management provides health information and analytics which enable evidence-based decision making to ensure a sustainable health care system for Ontario.

Program Description

The Ontario Health Insurance Program includes key elements of Ontario's health care system: client eligibility and health card policies, physicians' payments for services that are insured under the *Health Insurance Act,* other practitioners' payments, out-of-province/out-of-country services, independent health facilities, midwifery services, underserviced areas, northern health travel grants, teletriage services, cancer screening, disease prevention, health quality, drugs, community laboratories, protection from health-related fraudulent activity and assistive devices including home oxygen.

Ontario health services are available from health professionals in various settings from family doctors' offices to academic health science centres, to hospitals, to Telehealth Ontario and Telephone Health Advisory Service where triage advice and health information are provided by a registered nurse. Government-funded services are available to Ontarians who have registered, and who are eligible for the Ontario Health Insurance Plan. The Underserviced Area Program and the Northern Health Travel Grant Program offer a number of integrated supports that provide rural and northern communities with access to needed health care services. The focus for disease prevention is improving the health and health care for Ontarians living with or at high risk of developing diabetes, congestive heart failure, chronic obstructive pulmonary disease and hypertension. The Ontario Diabetes Strategy leverages new and existing investments to improve access to, and quality of, diabetes services and care. This serves to enhance prevention and improve disease management. Early detection and intervention for better health outcomes is the driving force behind other preventative care initiatives such as the Integrated Cancer Screening Program which promotes breast, cervical and colorectal cancer screening. Health Quality Ontario is the provincial agency that supports evidence-based, high quality health care to contribute to a sustainable health system.

Program Description

The goal of the Public Health Program is to protect and enhance health, and prevent the onset of disease and premature death of Ontarians at all stages of life. The mandate of Public Health includes the entire spectrum of infectious diseases, chronic diseases and injury prevention, healthy child development, family and community health, environmental health, and emergency management - all with a focus on the underlying determinants of health and illness. This Program focuses health resources on prevention, detection, early interventions and treatment where appropriate.

The program sets standards, protocols and performance targets, provides funding to Ontario's public health system, including boards of health, related associations and Public Health Ontario, and provides policy and program oversight to ensure accountability of the system. It includes the Chief Medical Officer of Health who has independent powers and the responsibility to report annually on the state of public health to the Legislative Assembly of Ontario. The program also partners with Public Health Ontario which supports public health at the provincial and local levels through the provision of scientific advice, education and training and field support as required.

Program Description

As steward for the long-term sustainability of Ontario's health care system, the Ministry collaborates with 14 Local Health Integration Networks (LHINs) to promote a patient-focused, value driven, integrated and co-ordinated health care system. While the Ministry provides strategic direction and guidance, the LHINs are responsible for planning, integrating and funding health service providers in their local health systems. The LHINs exercise their authority under the *Local Health System Integration Act, 2006*. Additional responsibilities and performance expectations are set out in the Memorandum of Understanding and Performance Agreement with the Ministry of Health and Long-Term Care. The LHINs have the flexibility to address unique local health needs and priorities through the management of services in public, private and specialty psychiatric hospitals, community care access centres, long-term care homes, community health centres, community support services, community services for persons with acquired brain injury, assisted living services in supportive housing, mental health and addiction agencies. The Ministry, in partnership with LHINs, ensures the delivery of accessible, community-responsive and high-quality health care for all Ontarians.

Program Description

This vote includes Provincial Programs, Emergency Health Services and Stewardship. This program is responsible for transfer payment accountability, and operational policy development, including the planning and funding of a wide span of specialized programs. Examples of these transfer payment programs include: Cancer Care Ontario, Ontario Breast Screening, Community and Priority Services, Operation of Related Facilities, Ontario Healthy Homes Renovation Tax Credits, HIV/AIDS and Hepatitis C Programs and Chronic Disease Management Programs. In addition, the program provides Ontario's share of funding to the Canadian Blood Services and also supports a blood utilization management strategy for Ontario.

In addition to transfer payment activities, Provincial Programs and Stewardship also includes Direct Operating Expenditures for the management and delivery of the Transfer Payments within the Vote, and for the oversight administration (stewardship) of the Local Health Integration Networks.

Emergency Health Services ensures the existence of a balanced and integrated system of emergency health services throughout Ontario. The system consists of a series of inter-related programs and services including municipally operated/contracted land ambulance services, the not-for-profit air ambulance organization called ORNGE, and ambulance communications services.

Program Description

The infrastructure program supports the development and implementation of sound infrastructure strategies for the province, including: central agency management of the provincial infrastructure planning process and capital budget development; implementation of the long-term infrastructure plan; development of horizontal and sectoral infrastructure policy and program proposals; negotiation with the federal government on new cost-shared infrastructure programs; coordination of infrastructure program implementation, including programs to support municipal infrastructure; development and implementation of a government asset management framework; infrastructure economics and financial analysis and advice; and information management for infrastructure investments.

The growth-planning program leads the development and implementation of the government's province-wide growth management policy. This includes creating regional growth management plans with local governments, Aboriginal communities and other affected stakeholders, and the broader public as well as facilitating the alignment of multi-ministry government policy and funding to support program implementation.

‡ Expenses related to the Capital Contingency Fund (CCF) are excluded from the Ministry of Infrastructure's actuals. This is because funding from the CCF allocation is transferred to line ministries which incur the costs and record the expenses.

Program Description

This program has integrated responsibility for strategic planning, policy development and management of a realty portfolio encompassing approximately one million acres of land and thousands of buildings and structures held throughout Ontario. It also has the responsibility for acquisition, disposition and use of realty assets as well as governance and oversight of its delivery agent, the Ontario Infrastructure and Lands Corporation. In this role, the program provides expert real estate advice and service to support Ontario's policy and program objectives in addition to working with Ontario ministries and agencies to support their land use, property management and accommodation needs. Today, the program is achieving a number of Ontario's environmental and policy objectives through its effective management of realty assets, value optimization of existing realty assets, and the provision of adequate and appropriate workspace for Ontario Public Servants. In addition, this program has responsibility for oversight of Waterfront Toronto, a non-share capital corporation created by the three orders of government (the City of Toronto, the Provincial Government of Ontario and the Federal Government of Canada) to oversee the revitalization of Toronto's waterfront.

Program Description

The mandate of the Pay Equity Office (PEO) is to administer and enforce Ontario's *Pay Equity Act*, which is intended to eliminate systemic gender discrimination in the compensation of work primarily performed by women. To carry out this mandate, the PEO provides education and advice to employers, employees and bargaining agents in the public and private sectors to achieve and maintain pay equity in their workplaces. The PEO also investigates complaints, monitors workplaces for compliance, attempts to effect settlements of pay equity issues between the parties and issues Orders for compliance where necessary.

The Pay Equity Hearings Tribunal, a quasi-judicial tri-partite administrative tribunal, is responsible for adjudicating disputes arising under the *Pay Equity Act.*

Program Description

The role of Labour Relations is to promote a stable labour relations climate and harmonious workplace relationships in the province.

The Ontario Labour Relations Board (OLRB) is an independent, quasi-judicial tribunal which mediates and adjudicates a variety of employment and labour relations-related matters under various Ontario statutes including appeals of decisions of employment standards officers and occupational health and safety inspectors.

The Crown Employees Grievance Settlement Board (GSB) is an independent quasi-judicial tribunal that mediates and adjudicates the labour relations disputes of Ontario Crown Employees. The GSB also provides financial and administrative services to the Public Service Grievance Board, an agency of the Ministry of Government Services.

Dispute Resolution Services provides neutral, third-party assistance to trade unions and employers through collective agreement conciliation and mediation, appointment of arbitrators, collective bargaining information, relationship building and training.

Program Description

Occupational Health and Safety's primary mandate is the setting, communicating and enforcing of the occupational health and safety legislation and regulations, and coordinating Ontario's workplace injury and illness prevention system to reduce or eliminate workplace injury or illness.

The Occupational Health and Safety Program monitors compliance with the *Occupational Health and Safety Act* (the Act), and assists workplace parties in securing a healthy and safe working environment. Through the administration and enforcement of the Act and its regulations, it encourages employers and workers to cooperatively identify and control health and safety hazards.

The Prevention Office coordinates Ontario's injury and illness prevention system including health and safety education and promotion by establishing and implementing a provincial occupational health and safety strategy to ensure the alignment of health and safety activities across all system partners; designating, providing operating and capital funding, and maintaining oversight over Health and Safety Associations through transfer payment agreements; establishing standards for, and approval of training programs and providers; establishing requirements for certification of joint health and safety committee members; and, supporting funding decisions for prevention research and prevention grants to recipients who meet specific eligibility criteria.

The Office of the Worker Adviser (OWA) provides advisory, representation and educational services to non-unionized injured workers and survivors, and represents them before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal. The OWA also provides representation services to workers at the Ontario Labour Relations Board in reprisal complaint cases under Section 50 of the *Occupational Health and Safety Act*.

The Office of the Employer Adviser (OEA) provides advisory and educational services to all Ontario employers and representation services primarily to smaller employers, with fewer than 100 employees, with regard to workplace safety insurance matters before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal. The OEA also provides representation services to employers with fewer than 50 workers at the Ontario Labour Relations Board in reprisal complaint cases under Section 50 of the *Occupational Health and Safety Act*.

Program Description

The Employment Rights and Responsibilities Program (ERRP) is responsible for the administration and enforcement of the *Employment Standards Act, 2000* and its regulations.

The ERRP ensures that Ontario workers are protected by minimum standards of employment covering wages and working conditions. It promotes compliance with these standards through inspections, investigations and enforcement initiatives, and encourages self-reliance through education, outreach and partnership efforts.

Program Description

This program provides the services required by the Lieutenant Governor in performing his constitutional, representational and community duties. In his constitutional role, the Lieutenant Governor represents the Queen, appoints the Premier based on majority support, swears-in the Executive Council, outlines the Government's plans in the Speech from the Throne, provides the Royal Assent needed for bills to become law, approves orders-in-council and appointments recommended by Cabinet, and prorogues or dissolves each session of Parliament. In his community role, the Lieutenant Governor represents the people of Ontario and acts as the Province's official host, welcoming world leaders and diplomats. He annually hosts or attends hundreds of community events throughout Ontario. He promotes themes or issues associated with accessibility for people with visible and invisible disabilities, while also enhancing literacy opportunities for Aboriginal youth. He presents honours and awards to outstanding Ontarians and, on request, sends messages for special celebrations and congratulations for birthdays of 90 years and over, and for wedding anniversaries of 50 years and over.

Program Description

This program is the ministry's key interface with municipal clients responsible for providing services and implementing programs within Municipal Services and Building Regulation core businesses. It is also the province's key point of contact with the building sector on matters related to Ontario's Building Code. Its main priorities are to oversee the implementation of the *Municipal Act*, the *Planning Act*, the *Housing Services Act*, the *Building Code Act* and related legislation, policies and programs; to strengthen municipal capacity to achieve financial sustainability, prosperity and resiliency; to lead the province's one-window land-use planning system and assist municipalities in delivering their full land-use planning authority; and to support or coordinate the delivery of education and training to municipal clients. This program also supports key government initiatives such as renewable energy, water conservation, source water protection and barrier-free accessibility in the built environment. It administers numerous transfer payment programs, including provincial disaster assistance programs, and it manages the ministry's Order-in-Council Emergency Management Program.

Program Description

The objectives of this program are well-planned, safe, strong, sustainable and healthy communities that enhance quality of life and support a prosperous economy. The Local Government and Planning Policy Program contributes to a long-term policy, administrative, and legislative framework that enhances the quality and effectiveness of local government; enhances environmental protection, growth management, conservation of greenspace and healthy economic growth and resiliency; provides tools to improve local service delivery, reduce costs, achieve financial sustainability, enhance accountability to taxpayers, and builds and maintains effective partnerships with key municipal and professional associations, municipalities, Aboriginal peoples and other ministries and governments. All of this work is guided by a partnership approach and meaningful stakeholder and municipal engagement and consultation.

*Appropriations exclude statutory appropriation for the Toronto Loan, consistent with Public Accounts reporting.

Program Description

The objectives of this program are: to deliver on the government's commitments on affordable housing and homelessness prevention; to create a regulatory framework that protects tenants and landlords and encourages proper maintenance and investment in rental housing; and to support municipalities, housing providers and other external stakeholders, in order to help them meet their housing responsibilities. To meet its objectives, the program provides a full range of services: policy development, program design, delivery compliance, complaints resolution, and funding for affordable and social housing proponents.

Program Description

The Natural Resources Management Program provides leadership and oversight in the management of Ontario's forests, Crown land, water, renewable energy, aggregate and petroleum resources through the development, implementation and improvement of legislation, policies, programs, information systems and standards.

The Program endeavours to ensure a healthy, viable forest industry in Ontario, and foster a competitive business environment by promoting jobs and investment in the forestry sector.

The Natural Resources Management Program also provides leadership and oversight in the management of Ontario's fish and wildlife resources, parks and protected areas, including the protection and management of provincially significant natural, cultural and recreational environment in order to promote healthy and sustainable ecosystems, conserve biodiversity, and enhance opportunities for outdoor recreation.

In addition, the Program provides leadership and oversight in the management of capital infrastructure assets such as fish culture facilities, Parks, Crown land, water, and other infrastructure investments including the development and application of geographic and land information and infrastructure to share such information to deliver ministry programs.

Program Description

The Public Protection Program provides leadership for the delivery of the Ministry's emergency management program for the protection of people and property affected by forest fires, flood, drought, erosion, soil/bedrock instability, and crude and natural gas exploration including natural gas and hydrocarbon underground storage, salt solution mining emergencies and other provincially significant emergencies where assistance is requested.

The program also has responsibility for the planning and provision, directly or indirectly, of non-scheduled air transportation for the Government of Ontario.

Program Description

This program provides executive direction as well as strategic business and resource planning services to ensure the efficient and effective delivery of ministry programs. It supports ministry operations through the provision of advice and services in the areas of human resources, financial planning, accounting and administration, and pr ofessional support services such as legal and audit services. It also provides core strategic support in the areas of corporate policy and communications.

Program Description

This program helps build a more prosperous Northern Ontario and strong, vibrant and sustainable northern communities. The Ministry leads and assists in the delivery of initiatives aimed at stimulating economic growth, creating jobs, promoting trade and investment, improving infrastructure and providing a better quality of life for Northerners.

Ministry programs work to attract trade and investment opportunities to help northern businesses develop and expand domestic and international markets. The Ministry also helps economic diversification through enhanced programs of the Northern Ontario Heritage Fund Corporation including the Entrepreneur Program, one of seven programs to help the public and private sector grow and diversify the northern economy. Other initiatives to stimulate economic growth and job creation include the Northern Community Investment Readiness program and the Northern Industrial Electricity Rate Program.

The Ministry co-leads the implementation of the government's Growth Plan for Northern Ontario, coordinates provincial economic development initiatives in the North, and markets Northern Ontario's strengths and opportunities to the world. Strategic investments in infrastructure such as the Northern Highways Program and telecommunications and information technology are improving the North's linkages to the rest of Ontario, Canada and beyond.

Through this program, the Ministry's network of offices provides northern communities, businesses and entrepreneurs with access to government economic development programs and services. By engaging Northerners in government initiatives, including policy and planning activities, this program also ensures Northerners have a say in the development of government programs and services that affect them.

Program Description

This program generates new wealth and benefits by supporting Ontario's mineral development sector. In addition, this program promotes a strong, safe and sustainable Ontario by generating geological information and by fair and consistent administration of Ontario's *Mining Act*. This includes the collection and dissemination of geoscience information to attract and guide mineral sector investment, as well as inform a broad range of government policy priorities.

This area also administers the Ontario *Mining Act* to ensure sustainable and responsible development of Ontario's mineral resources. This involves ensuring equitable public access to Crown mineral rights, fair and efficient management of Ontario's mining lands, and safe, environmentally sound mineral development and rehabilitation of mining lands through a modernized *Mining Act* and related regulations and policies.

This program encourages, promotes and facilitates the sustained economic benefits of Ontario's mineral resources and administers the Ontario Diamond Royalty Regulation, values rough stones for export and works with industry partners to pursue value-added opportunities throughout the diamond industry.

The program area has responsibility for encouraging and facilitating aboriginal participation in Ontario's economy in a way that is respectful of aboriginal rights and culture and meets Ontario's consultation obligations.

This program provides support for policy and program development and implementation on a range of issues and opportunities with respect to development in the area known as the Ring of Fire. A dedicated Secretariat works with all parties involved, consulting with Northerners including Aboriginal people and the mining community to encourage responsible, sustainable development.

Program Description

The Ombudsman is an Officer of the Legislature who submits his reports directly to the Legislative Assembly. The Ombudsman's mandate is set out in the Ombudsman Act. The Ombudsman publishes an Annual Report as required by the Act, as well as special reports throughout the year on systemic investigations conducted by the Special Ombudsman Response Team.

The Ombudsman investigates complaints about the administration of Ontario's provincial governmental organizations and makes recommendations to improve government policy, programs and services. The Ombudsman can investigate both individual and systemic complaints brought forward by members of the public, Members of Provincial Parliament, and on his own initiative. The Ombudsman services are free of charge.

During the 2012/2013 fiscal year, the Ombudsman's Office experienced a 6% increase in its caseload, receiving over 19,700 complaints. We are on track to exceed this number for the 2013/2014 fiscal year. The Ombudsman's Office maintains a complement of 86 FTE's, 63 of which are members of the Canadian Office and Professional Employees union (COPE). The Office's current collective agreement expired March 31, 2013.

The Ombudsman also investigates citizens' complaints about closed municipal meetings pursuant to the Municipal Act, where no municipal investigator is in place. This additional jurisdiction was received in 2008 and was implemented using existing resources and with no resulting increase in the operating budget of the office. The Ombudsman also publishes an Annual Report on the Closed Meetings investigations conducted by his office, as well as special reports on individual investigations.

The Office of the Ombudsman maintains a high social media presence and individuals may contact the Office to lodge a complaint in person, in writing, via toll-free telephone, email, internet or using a mobile web application. The Office provides extensive information about its operations and specific investigations in both English and French, on its website at www.ombudsman.on.ca.

Program Description

The Tourism Program seeks to sustain and grow the competitiveness of Ontario's tourism industry.

The Ministry works in partnership with tourism associations and businesses to strengthen and build the tourism industry and promote Ontario worldwide as a premier, four-season tourist destination. This includes providing support to the 13 Regional Tourism Organizations and festivals and events across the province, identifying tourism development opportunities, and providing strategic research to keep tourism stakeholders well informed about trends, issues, and visitor expectations.

The Ministry oversees the activities and accountabilities of eight attractions and agencies that promote tourism, economic growth and job creation. The Ministry's tourism attractions and agencies are the stewards of unique historic facilities, green space and parklands in regions across Ontario, and offer a range of educational, recreational, cultural and entertainment programs for residents and visitors.

Program Description

The Sport, Recreation and Community Programs branch is committed to increasing Ontarians' sport and physical activity participation levels and developing high performance athletes whose achievements inspire people across Ontario and Canada.

The Branch is responsible for creating a culture which values sport, recreation and physical activity in order to build healthier and more vibrant communities. Building this culture depends on strong partnerships with other levels of government, national and provincial sport and recreation organizations and other Ministry partners.

The Branch leads Ontario's interests in 'Amateur Sport' by ensuring recognized sports are conducted in a fair and safe way; encouraging sport participation among all Ontarians; supporting high performance athletes; ensuring the sport legacy from the 2015 Pan/Parapan American Games and advocating Ontario priorities at the federal level.

The Branch leads Ontario's interests in 'Recreation' by providing funding for key partners to deliver projects that increase physical activity and provide after school programs among children and youth; enhance recreation infrastructure at the local level; provide coordination for provincial interests in trails, parkland, open space and water-based recreation resources.

The Branch also supports Community programs that deliver targeted health promotion programs with a focus on sport and recreation and engage Aboriginal communities to increase physical activity.

Program Description

The Tourism and Culture Capital Program preserves and enhances Ontario's investment in tourism and cultural infrastructure. The Ministry provides capital repair and rehabilitation funding to 13 of its 21 tourism and cultural agencies and attractions. This funding enables the Ministry's agencies and attractions to undertake repair and rehabilitation of existing infrastructure including: renovations, building code upgrades, health and safety improvements and statutory/regulatory compliance, to help them remain competitive and enhance the visitor experience.

The Ministry manages the infrastructure development commitments for Sports, Culture Tourism Partnership Program as well as one-time capital year-end investments.

Program Description

The Culture Program promotes and supports the arts and cultural industries, protects Ontario's heritage, advances the public library system and supports cultural agencies in order to maximize their contribution to Ontario's social, cultural and economic well-being. T he Ministry provides support and advice to municipalities, First Nations, municipal heritage committees and others involved in heritage conservation and protection or cultural planning.

Through strategic investments in cultural industries in the entertainment and creative cluster, the Ministry supports innovation, encourages high-skill job creation and contributes to strengthening Ontario's competitive advantage in the knowledge-based economy.

Program Description

The Pan/Parapan American Games Secretariat is responsible for overseeing Ontario's financial commitments to the Games and working with the Toronto Organizing Committee for the 2015 Pan American and Parapan American Games, federal and municipal governments to ensure the Games vision is achieved. The Secretariat co-ordinates the province's involvement in planning and operational activities for the Games, provides important services and expertise for hosting the Games and ensures the legacies are enjoyed by Ontarians for generations to come. The Secretariat works with Infrastructure Ontario and the Ministry of Infrastructure to co-ordinate the acceleration of the West Don Lands development for the Pan/Parapan American Athletes' Village and works closely with all partners in the development of new and improved sport infrastructure that will support athletes and all Ontarians.

Program Description

The Postsecondary Education Division works in collaboration with the Strategic Policy and Programs Division to implement government strategies and policies for postsecondary education in Ontario. The Postsecondary Education Division develops and implements operational policies and financial support to postsecondary education institutions and students in Ontario, in support of the government's social and economic policy objectives with the goal of providing opportunities for high quality, accountable, relevant and accessible postsecondary education.

Key components of the program include: Ontario Student Assistance Program; administration of operating and c apital transfer payments to colleges and universities; managing financial and governance relationships with postsecondary institutions; managing accountability mechanisms (such as key performance indicators and multi-year accountability agreement annual report backs); regulating the public colleges of applied arts and technology and private career colleges in accordance with applicable statutes.

Program Description

Employment Ontario (EO), Ontario's integrated employment and training network, makes it easier for Ontarians to find the employment and training programs and services they need. To remain competitive in a global economy, EO will help build Ontario's goal to have the most educated people and highly skilled workforce in the world. EO programs and services can be grouped into four main categories:

1. Employment and Training Programs;
2. Apprenticeship Programs;
3. Foundational Skills Programs; and,
4. Labour Market Programs.

EO programs and services are delivered through the EO network, comprised of Ontario's community-based network of employment service providers, literacy providers, public colleges, direct delivery apprenticeship offices and training delivery agents. EO aims to deliver integrated, customer-focused and effective employment and training to advance Ontario's economic advantage.

Program Description

The Strategic Policy and P rograms Division leads strategic policy development and program design for postsecondary education and labour market training. It also performs key functions for the ministry such as: long-term forecasting, capital planning and evaluation, and management of inter-jurisdictional relations, including the oversight of federal-provincial labour market agreements. The division's work contributes to the government's goal of developing a highly knowledgeable and skilled workforce able to succeed in today's changing economy.

Program Description

The Ministry Administration Program provides guidance and supports the ministry in meeting its business objectives. From providing expertise on expenditure management to helping the ministry get the best value from its human resources, this program gives the ministry the necessary professional support to achieve its overall goals.

The program provides a full range of services including resource planning and management, controllership, procurement, communications, customer service, accessibility planning, emergency management and other corporate functions. This program also administers the government fleet of vehicles, on behalf of the entire Ontario Public Service.

Program Description

The Policy and P lanning Program oversees Ontario's strategic transportation interests. Its primary focus is to plan and promote an efficient and sustainable multimodal transportation strategy and system throughout the province.

Together with key federal and municipal partners, the program undertakes multimodal transportation policy development and transportation planning. It also ensures that air, rail, road, marine and transit systems work together effectively.

The program provides funding for multimodal transportation systems and helps achieve provincial transportation-related climate change objectives. It is responsible for managing the province's relationship with Crown Agencies such as Metrolinx, which includes GO Transit.

Additionally, the program works to advance Ontario's transportation priorities and interests by working with the federal government and other provinces on areas of common interest.

Program Description

The Road User Safety Program develops and implements strategies to improve road safety and mobility through better driving behaviour and motor vehicle safety.

Ontario holds a leading position as one of the safest road jurisdictions in North America. The Ministry of Transportation's road safety program leads and actively participates with other jurisdictions in Canada and the United States in developing and promoting road safety initiatives and best practices. The program works with many partners, including police, community groups, safety organizations and the private sector to reduce fatalities and injuries on our roads.

The key responsibilities of the program are to: set safety standards and develop policies, programs, legislation and regulations for road users, commercial carriers and motor vehicles; inspect, monitor and enforce compliance with those standards; manage and deliver commercial vehicle safety programs; promote public awareness of road safety; manage revenue derived from driver and vehicle licences; focus on the customer by creating faster, smarter, more efficient products and services; and manage and protect personal information and identity. It also supports the delivery of programs for other ministries.

The program establishes policies and standards, and oversees the delivery of driver and vehicle licensing and registration and other services by our government and private sector partners.

Program Description

The Provincial Highways Management Program oversees the provincial highway network and dev elops strategies to maximize investments in highway infrastructure.

The provincial highway network provides safe mobility for people and goods, and promotes economic, environmental and social sustainability. The program delivers these activities through internal resources, partnerships and private sector service providers.

Activities include environmental assessments, investment planning, engineering, property acquisition, rehabilitation, new construction, contract oversight, routine summer and winter maintenance (such as shoulder grading/snow and ice control) for all provincial highways and bridges. The program is responsible for remote airports throughout northern Ontario, ferry services in locations across Ontario, First Nations roads subsidies, road improvements in unincorporated areas, service centres, and the production of the Ontario highways official map.

The program develops policies and guidelines and sets highway and bridge maintenance, engineering, materials, investment planning and construction standards.

Program Description

The Labour and Transportation Cluster provides leadership in the use of information and information technology (I&IT) for the Ministries of Labour and Transportation. The cluster is also the central provider for .NET technology solutions across the Ontario Public Service.

The cluster enables the ministries to deliver elements of their Results-based Plans by supporting effective management of their I&IT resources. The cluster also plans I&IT investments to optimize value and help the ministries be socially responsible stewards of the public trust.

By helping to modernize the ministries' information practices, the Labour and Transportation Cluster enhances program delivery, enables new business opportunities and improves customer service.

*Debt Issued for Investment Purposes, as a result of a debt for equity swap between the Province and Ontario Power Generation Inc. and Hydro One Inc., is eliminated upon consolidation.

SUMMARY OF DEBT OUTSTANDING - Concluded

As at March 31, 2014

The Public Service Pension Fund and Ontario Public Service Employees' Union Pension Fund are administered by the Ontario Pension Board and the Ontario Public Service Employees' Union Pension Trust Fund respectively. Debt due to these funds consists of non-marketable debentures of the Province.

The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over.

The Ontario Immigrant Investor Corporation (OIIC) is an operational enterprise of the Ontario Government incorporated on April 30, 1999 under the *Development Corporations Act*. The corporation was established to act as Province's receiving vehicle for immigrant investor monies under the federal government's Immigrant Investor Program (IIP). The Ontario Financing Authority manages these monies under an investment management agreement with the OIIC, and the OFA invests these funds received from the IIP in Ontario's bonds.

The Canada Mortgage and Housing Corporation (CMHC) has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public borrowing cost at the time that the Corporation agreed to participate in the project.

The Province of Ontario has issued to public investors in the capital market bonds denominated in Canadian dollar, United States dollar, Japanese yen, Australian dollar, euro, Swiss franc, New Zealand dollar, U.K. pound sterling, Hong Kong dollar, Norwegian krone, and South African rand.

Ontario Savings Bonds (OSBs) were first issued in 1995. OSBs are retail bonds sold by the Province to the residents of Ontario. The bonds are issued once a year and are available for sale through most financial institutions. There are three types of bonds: Variable-Rate Bonds, Step-Up Bonds and Fixed-Rate Bonds. All are available with annual or compound interest.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with various maturities up to three years, are sold by tender on a regular basis.

U.S. Commercial Paper issues are non-interest bearing debt with maturities up to 270 days.

A School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards. The Trust issued 30-year sinking fund debentures amounting to $891 million and $882 million of the proceeds was provided to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province. An annual transfer payment is made by the Ministry of Education to the Trust's sinking fund under the School Board Operating Grant program to retire the debt over 30 years.

Net consolidation and other adjustments include third party debt issued by other government organizations and elimination of Provincial debt held by these organizations.

Debt Issued for OEFC: The Province, on behalf of Ontario Electricity Financial Corporation (OEFC), borrows from the Canada Pension Investment Board and issues debentures and treasury bills in the public markets. The proceeds of all such borrowings are advanced to OEFC in exchange for bonds and short term notes with like terms and conditions.

Debt issued for Investment Purposes: On April 1, 1999, under the *Energy Competition Act,* five corporations, together with their subsidiaries, were formed from the former Ontario Hydro. Ontario Power Generation Inc. (OPG) and Hydro One Inc. are two of these five corporations. In order for OPG and Hydro One Inc. to have capital structures competitive with those of other industry participants, the two companies entered into a debt-for-equity swap with the Province of Ontario. The Province assumed $8,885 million of the debt issued by the two corporations in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One Inc.

OUTSTANDING DEBT - Continued

As at March 31, 2014

References:

1. All debt issues are non-callable, except as stated in the notes below. Debt is payable at a fixed rate, or a floating rate with reference to a stated index, reset usually every three months (3M). These floating rate indices are CBA - Canadian Bankers' Acceptance Rate, Euribor - Euro Interbank Offered Rate, Hibor - Hong Kong Interbank Offered Rate, and Libor - London Interbank Offered Rate.
2. The following debt series are issued for Provincial purposes and for OEFC: DMTN197, DMTN199, DMTN135, DMTN201, DMTN205, DMTN163, DMTN208, DMTN173, DMTN217, DMTN183, DMTN79, DMTN218, DMTN195, DMTN140, DMTN200, DMTN207, DMTN212, DMTN215, HP, DMTN223, KJ, LQ, DMTN158, DMTN164, DMTN182, DMTN204, DMTN214, DMTN220, PE, G62, PU and EMTN82.
3. The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over. These debentures are not negotiable or transferable and are assignable only to a wholly-owned subsidiary of the Canada Pension Plan Investment Board. On April 1, 2007, all debentures held to the credit of the CPPIF or purchased by the Minister of Finance of Canada in accordance with Section 110 of the Canada Pension Plan were transferred to the CPPIB.
4. OPB & OPPT: Pursuant to the Ontario Public Service Employees' Pension Act 1994 and the Asset Transfer Agreement of December 12, 1994, the Province was obligated to re-split the debentures between the Public Service Pension Fund ("PSPF") and the Ontario Public Service Employees' Union Pension Plan Trust Fund ("OPSEU Fund"). On June 13, 1997 a Restated Sponsorship Amendment and Asset Transfer Agreement was signed, replacing the 1994 agreement and which resulted in the existing split after debt payment. The terms of these debentures require that the principal be repaid in 12 equal monthly payments in the year preceding the date of maturity.
5. OIIC: Total outstanding amount is $1,139 million, including $492 million of zero coupon bonds, $91 million of compound fixed rate bonds and $556 million of bonds held by Infrastructure Ontario.
6. CMHC: The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest.
7. The Province entered into interest rate agreements for certain Canadian bonds to effectively convert their interest rate obligations according to the Province's risk management strategy. These bonds and effective rates are: DMTN198 3.02%, DMTN199 2.75%, MW 3M CBA rate – 0.05%, DMTN203 3.39%, DMTN1 3M CBA rate – 0.02%, DMTN205 2.61%, DMTN209 2.83%, DMTN196 3.73%, DMTN210 2.77%, DMTN211 2.31%, DMTN173 3M CBA rate – 0.279% ($210 million), DMTN219 1.95%, DMTN217 1.88%, DMTN79 3M CBA – 0.02% ($125 million), DMTN105 4.94%, DMTN195 3M CBA rate + 0.58% ($600 million), DMTN180 4.52%, DMTN221 2.19% ($475 million), DMTN222 2.52% ($531 million), DMTN224 2.14% and EMTN73 4.34%.
8. DMTN149: Bonds are extendible at the option of the bondholders on the initial maturity date of June 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable at the option of the bondholders on June 13, 2016 for Series DMTN119. Interest is payable semi-annually at 3.6% until June 2, 2016 and 4.8% thereafter, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 4.67%.
9. DMTN152: Bonds are extendible at the option of the bondholders on the initial maturity date of December 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable on December 14, 2016 for Series DMTN119 at par. Interest is payable semi-annually at 3.75% until the initial maturity date and thereafter at 4.75%, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 4.76%.
10. MH: The terms of these debentures require that a special one-time interest payment of $31.1 million be made at maturity.
11. DMTN116: Bonds are extendible at the option of the bondholders on the initial maturity date of September 8, 2013 to the final maturity date of March 8, 2033. Interest is payable semi-annually at 4.625% until the initial maturity date and at 5.85% if extended. On September 8, 2013, the bondholders exercised the option to extend the maturity date to March 8, 2033 with interest payable at 5.85%. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 4.22%.
12. DMTN157: Interest is payable semi-annually at 15.0% until January 13, 2006 and thereafter at 5.0%.
13. Series HZ, JA, JB, JC, JD: These are zero coupon bonds which require unequal payments consisting of principal and interest to be made at predetermined irregular intervals. During the fiscal year 2013-14, principal repaid was $1.9 million. By January 10, 2035, the principal and interest to be repaid on these bonds will be $230 million.

OUTSTANDING DEBT - Continued

As at March 31, 2014

14. DMTN133: Bonds are retractable at the option of the bondholders on December 2, 2014 or exchangeable for Series DMTN119 at par on December 15, 2014. Interest is payable at 4.0% until December 2, 2014 and thereafter at 5.35% until final maturity date. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 5.26%.
15. DMTN158: This Real Return Bond bears interest to the index adjusted principal in relation to All-Items Consumer Price Index for Canada (the "CPI"), issued with a base index of 127.54839 on March 8, 2006. Consequent to the change of official time base reference period from 1992 to 2002 by the Bank of Canada on June 19, 2007, the base index has been changed to 107.18352. Total issue size is $2,844 million in principal, of which $700 million has been on-lent to OEFC, and $300 million has been swapped effectively to a nominal debt paying a fixed rate of 4.66%. The amount outstanding represents the indexed value of the principal.
16. DMTN117: The bond was issued at a high premium in 2004 to offer a yield of 5.74%.
17. JL: The terms of these debentures require unequal payments, consisting of both principal and interest, to be made at predetermined irregular intervals with the final payment on January 10, 2045. The total principal and interest to be payable over the life of the debenture is $1,325 million.
18. OSB: Ontario Savings Bonds are redeemable at the option of the holders on June 21 and December 21 and for 14 calendar days following the redemption date of June 21 and December 21, with the exception of Fixed-Rate bonds which are redeemable at maturity only. Starting in 2009, Variable Rate Bonds are redeemable annually only on June 21. All current outstanding OSBs may be redeemed upon the death of the beneficial owner.
    OSB - Fixed Rate:
    In 2009, fixed rate bonds were issued for a term of two, three and five years. In 2010 and 2011, fixed rate bonds were issued for a term of three, seven and ten years. In 2012 and 2013, fixed-rate bonds were issued for a term of three and ten years only.
    OSB - Step-up Rate:
    2009 Series: Interest is payable at 0.75%, 1.5%, 2.5%, 3.5% and 4.5%,
    2010 Series: Interest is payable at 1.0%, 2.0%, 3.0%, 3.75%, and 4.25%,
    2011 Series: Interest is payable at 1.25%, 1.5%, 2.0%, 2.5%, and 3.75%,
    2012 Series: Interest is payable at 1.25%, 1.5%, 1.75%, 2.0%, and 2.25%,
    2013 Series: Interest is payable at 1.25%, 1.5%, 1.75%, 2.0%, and 2.25%,
    in year 1, 2, 3, 4 and 5 respectively.
    OSB – Variable Rate:
    For bonds issued prior to 2009, the Minister of Finance resets the interest rate every six months. Starting in 2009, the interest rate is reset yearly, on June 21 only. On June 21, 2013 and December 21, 2013, the interest rate was reset at 1.3%.
19. OSB: The outstanding amount represent bonds matured but not yet presented for redemption. No interest is payable on these bonds.
20. All foreign currency debt has been converted into Canadian dollar equivalents at the rates of the currency exchange agreements if the debt was hedged, or at year end exchange rates if unhedged. 98.0 per cent of foreign currency debt is hedged as at March 31, 2014. The exchange rates of foreign currencies to Canadian dollars as at March 31, 2014 are: Australian dollar 1.02430, euro 1.52164, Hong Kong dollar 0.14241, Japanese yen 0.010703, New Zealand dollar 0.95791, Norwegian krone 0.184475, South African rand 0.10492, Swiss franc 1.24955, United States dollar 1.1046, U.K. pound sterling 1.84153.
    In addition, the Province entered into interest rate agreements that effectively converted these interest rate obligations in accordance with the Province's risk management strategies. These bonds and effective rates are:
    (a) Australia in AUD 3.82%, EMTN in HKD 3.33%, Global in NZD 4.24%, EMTN in NOK 3.01%, EMTN in ZAR 4.36%,
    (b) EMTN in Euro: 4.65% ($4,665 million), 3M CBA + 1.43% ($1,744 million)
    (c) Global in Euro: 4.00%
    (d) Japan in Yen: 3.38%, EMTN in Yen: 1.93% ($1,031 million)
    (e) EMTN in CHF: 4.12% ($1,823 million), 5.15% ($246 million, mixed rate)
    (f) Canada in USD 4.47%
    (g) US in USD: 1.84% ($254 million), 1.24% ($829 million mixed rate)
    (h) Global in USD: 3.46% ($28,240 million), 3M CBA + 0.34% ($12,377 million), 1.47% ($2,514 million)
    The OEFC also entered into interest rate agreements that effectively converted these interest rate obligations in accordance with the OEFC's risk management strategies. These bonds and effective rates are:
    (i) Australia in AUD 4.24%, Global in Euro 4.0%, EMTN in HKD 4.13%, EMTN in CHF 5.27%, EMTN in USD 4.22%, Global in USD: 5.02% ($553 million), 3M CBA + 0.32% ($295 million).
21. U.S. Commercial Paper issues are discount notes with maturities up to 270 days.

OUTSTANDING DEBT - Concluded

As at March 31, 2014

22. SBT: A School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards. The Trust issued 30-year sinking fund debentures amounting to $891 million and $882 million of the proceeds was provided to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province. An annual transfer payment is made by the Ministry of Education to the Trust's sinking fund under the School Board Operating Grant program to retire the debt over 30 years.

23. Total consolidation adjustments include third party debt issued by other government organizations and the elimination of provincial debt held by these organizations. The following are the provincial debt held by other government organizations (in millions):

Ontario Bonds:

AgriCorp: $18m DMTN132, $10.1m DMTN135, $20m DMTN173, $3m DMTN197 and $3m MW.

Forest Renewal Trust: $2.5m DMTN173, $1.6m DMTN195.

Infrastructure Ontario: $15m DMTN197, $2.6m DMTN214, $66m DMTN215, $100.7m DMTN218 and $6.9m DMTN220.

Ontario Energy Board: $2.8m DMTN173, $0.9m DMTN201 and $1m DMTN208.

Ontario Trillium Foundation: $11.5m DMTN135, $11.4m DMTN163, $11.5m DMTN173, $11.8m DMTN197, $11.9m DMTN201, and $12m DMTN208.

Ontario Immigrant Investor Corporation: $582.8 m OIIC 118-156.

Treasury Bills:

Northern Ontario Heritage Fund Corporation: $162m, Ontario Capital Growth Corporation: $112m, Ontario Immigrant Investor Corporation: $69m, Infrastructure Ontario: $496m, Ontario Trillium Foundation: $38m and Forest Renewal Trust: $2m.

1. Issues include Amortization amounts.
2. Repayments include Bad Debt Expense, Loan Releases and Valuation Adjustments.
3. Other includes Accrued Interest Receivable and adjustments to Unamortized Discount.

The Loans and Investments upon consolidation are not included above.

* Financial statements of these Corporations, Boards and Commissions are shown in Volume 2, Public Accounts of Ontario.

The *Tile Drainage Act* authorizes the Minister of Finance to purchase, acquire and hold debentures issued by municipalities for construction of private tile drainage works. These debentures are payable within ten years of the issue of the debentures.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the *Tile Drainage Act* and are secured by liens on the properties.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2014

The Ontario Automotive Investment Strategy Fund is a conditional loan of $173 million to General Motors of Canada Limited to support the company's $2.5 billion Beacon project. The project supports expansions in vehicle design and manufacturing capabilities at three Ontario plants and a Canadian Engineering Centre, including innovative manufacturing technologies, and advanced training. Also, the Ministry provided a conditional loan of $2.2 million to Valiant Corporation to support the company's investment in flexible assembly systems.

The Advanced Manufacturing Investment Strategy provided loans to encourage companies to invest in leading edge technologies and processes that will increase productivity and competitiveness. The program has been closed to new applications since February 5, 2010.

The Strategic Jobs and Investment Fund is a multi-year fund, consisting of conditional grants and repayable loans that aim to attract strategic investments in innovative projects that will help transition Ontario's economy and build global competitiveness and long-term prosperity.

Debt Service Guarantee provides temporary repayable funding to cover MaRS Phase 2 Tower project loan repayment shortfalls. All funds are payable to the Ontario Infrastructure and Lands Corporation and the funding is limited to $7.1M annually for up to 15 years.

The Innovation Demonstration Fund is a discretionary, non-entitlement funding program that focuses on the commercialization and initial technical demonstration of globally competitive, innovative green technologies, processes and/or products. The objective of the program is to help companies in their efforts to commercialize innovative technologies in Ontario.

In 2005-06, as part of the financial restructuring of Stelco Inc., the Ministry of Finance lent $150 million for ten years at 1% to Stelco in consideration of Stelco paying $400 million into its pension plans and agreeing to a pension refinancing plan. 75% of the loan will be forgiven if all of Stelco's four main pension plans are fully funded at the end of the ten-year term of the loan.

On April 1, 1999, under the *Energy Competition Act*, 1998, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro: The Ontario Electricity Financial Corporation, Ontario Power Generation Inc., Hydro One Inc., the Independent Electricity System Operator and the Electrical Safety Authority.

The Ontario Power Generation Inc. (OPG) and Hydro One Inc. (Hydro One) entered into a debt-for-equity swap with the Province of Ontario in order to have capital structures competitive with those of other industry participants. The Province assumed $8,885 million of the debt issued by the two corporations to OEFC in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One. In addition, OEFC owed Hydro One for a working capital adjustment in the amount of $122 million on the initial transfer of assets to Hydro One on April 1, 1999. Hydro One agreed to settle this amount as a reduction of their Shareholder's Equity account in 2004. In effect, the Province settled the amount on behalf of OEFC, resulting in a reduction of the equity in Hydro One to $3,637 million.

The Ontario Infrastructure and Lands Corporation (Infrastructure Ontario) was established under the Ontario Infrastructure and Lands Corporation Act, 2011. As at March 31, 2014, an $800 million promissory note is outstanding, maturing on March 31, 2053. The interest on the note is reset quarterly at the Province's three-month Treasury bill rate and is payable quarterly. In addition, the Province had on-lent $2,690 million to Infrastructure Ontario as at March 31, 2014.

The Ontario Student Loan Trust was created in August 2001 to loan funds to students in attendance at approved educational institutions in the Province. Funds are borrowed from the Province and advanced to individual students upon application and approval by the Student Support Branch of the Ministry of Training, Colleges and Universities.

The Ontario Electricity Financial Corporation (OEFC) was established as the legal continuation of the former Ontario Hydro. The OEFC is an agency of the Province of Ontario and is responsible for servicing and retiring the former Ontario Hydro's debt and managing certain other legacy liabilities. The Province borrows and on-lends to OEFC as required. In addition, the Province provides short-term loans to OEFC to meet its short term funding requirements. As the transactions with OEFC are overnight loans, this amount has been moved to Cash and Cash Equivalent.

On January 21, 2009, the restructuring of the frozen Canadian third-party asset-backed commercial paper (ABCP) was completed, and in exchange, the Province received the long-term notes issued by the Master Asset Vehicle (MAV). The asset-backed term notes were booked at the net recoverable value upon exchange and are subject to further valuation adjustment if there is loss other than temporary. Principal repayments will be received over the life of the notes.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2014

The Province and the Government of Canada, by way of Export Development Canada (EDC), a Crown corporation wholly-owned by the Government of Canada, provided a co-ordinated response to help achieve long-term viability and competitiveness of the Canadian auto sector. The Province's investment represented one-third of the total Canadian financial assistance provided to General Motors Company, General Motors of Canada Limited, Chrysler LLC and Chrysler Canada Inc. in the restructuring of their operations. As at April 1, 2013, the Province's net investment in the auto companies was $3,093.1 million. During the year, the Province's investment was reduced by $526 million, resulting in an ending balance of $2,567.3 million as at March 31, 2014.

On behalf of the Province and various provincial Crown corporations and other public bodies, the Ontario Financing Authority (OFA) coordinates borrowing and financial risk management activities; offers short-term investment management services; advises on project financing; and provides centralized finance and cash management services. Acting as an intermediary for the Province, the OFA provides financing to various public bodies, the repayment of which is expected from third party revenues. The funds for these loans are borrowed from the Province.

School boards have been provided loans under various programs beginning in 2006. During the year ended March 31, 2014, school boards received additional loans and made two semi-annual blended payments of principal and interest, leaving the total outstanding amount at $5,575.2 million (2013 - $5,039.2 million). These loans bear interest ranging from 2.42% to 5.38% and mature from 2019 to 2039.

The Ontario Lottery and Gaming Corporation (OLG) is a Crown agency of the Province under the *Ontario Lottery and Gaming Corporation Act, 1999,* and has been provided loans totalling $32.3 million (2013 - $92.5 million) to fund several projects, bearing interest at rates ranging from 2.32% to 2.93% and maturing from May 2016 to January 2018.

Infrastructure Ontario has been provided a revolving credit facility to a maximum amount of $200 million maturing in June 2019. Infrastructure Ontario has drawn $25.0 million (2013 - $73.0 million) bearing interest rates ranging from 1.59% to 2.59%.

The Royal Ontario Museum (ROM) is a Crown agency of the Province under a Special Act of the Ontario Legislature and has borrowed $35.5 million (2013 - $39.9 million) comprised of $5.8 million at a fixed rate of 5.04% and $29.7 million at a floating rate currently at 2.54%. All outstanding loans are scheduled to be repaid by March 2027.

The Corporation of the City of Windsor is a municipality within the meaning of the *Municipal Act*. The financing provided is for the acquisition, design and construction of the Windsor Justice Facility, consisting of a provincial division courthouse and city police headquarters. This is a 20 year loan bearing interest at 6.41% and maturing in March 2021. The outstanding balance is $13.1 million (2013 - $15.9 million).

The Ontario Northland Transportation Commission (ONTC) is a Crown agency of the Province under the *Ontario Northland Transportation Commission Act, 1990*. ONTC's total borrowing of $5.6 million (March 2013 – $8.9 million) matures from 2014 to 2031 and bears interest ranging from 4.90% to 6.29%.

The Niagara Parks Commission, a Crown agency of the Province, operating under *Niagara Parks Act,* 1990, has been provided a loan of $5.5 million (2013 – $5.8 million) to finance additional capital costs incurred for the redevelopment of phase I of Table Rock House in Queen Victoria Park, Niagara Falls. This loan bears interest at 5.07% and matures in April 2027.

The Centennial Centre of Science and Technology is a Crown agency of the Province under the *Centennial Centre of Science and Technology Act, 1990*. The $1.5 million (2013 - $2.0 million) loan was made to fund the construction of the Agents of Change project, bears interest at 4.35% and matures in March 2017.

The Ottawa Convention Centre (OCC) is a Crown agency of the Province under the *Capital Investment Plan Act, 1993*, and has been provided a loan of $41.7 million (2013 - $40 million) for the purpose of providing term debt to finance part of the construction of the Ottawa Convention Centre. This 25 year loan bears interest at 4.67% and matures in September 2036. Pursuant to a directive signed by the Minister of Finance on November 2, 2012, the OFA provided OCC with a repayment deferral of principal and interest up to five years. Interest continues to accrue over the five year deferral period. The outstanding amount includes capitalized interest of $1.7 million.

LOANS AND INVESTMENTS – Concluded

For the year ended March 31, 2014

The University of Ontario Institute of Technology (UOIT) is a corporation established under the *University of Ontario Institute of Technology Act, 2002.* UOIT has borrowed $19.9 million (2013 - $24.2 million) bearing interest at 2.77 % and matures in October 2017.

Colleges of Applied Arts and Technology have been loaned $218.9 million (2013 - $156.6 million) for various campus projects including new and expanded student residences, computer equipment, parking facilities, and an energy saving capital project. These loans bear interest ranging from 1.81% to 5.49% and mature from 2015 to 2040.

Pursuant to Subsection 82(4) of the *Pension Benefits Act,* the Minister of Finance is authorized to provide interest-free loans to the Pension Benefits Guarantee Fund (PBGF) if at any time the amount standing to the credit of the Fund is insufficient for the purpose of paying claims, including those arising in respect of the Non-Contributory Pension Plan covering Hourly Paid Bargaining Unit Employees of Algoma Steel Inc. and the Algoma Steel Inc. Salaried Employees Pension Plan for Employees in Canada. In 2003-04, the Province granted a loan of $330 million to PBGF, repayable in thirty equal annual instalments of $11 million commencing December 1, 2004. The unamortized discount represents the value of the interest concession on the loan.

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

The objective of the *Shoreline Property Assistance Act* is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the *Municipal and School Tax Credit Assistance Act.*

The Province entered into a debenture loan agreement with the City of Toronto in 2004. The outstanding principal is now estimated to be approximately $170.2 million. The accrued interest will be approximately $61.1 million and the total remittance of the loan will be $231.3 million.

Ontario Northland Transportation Commission operates a railroad and maintains communications and transportation services – including bus and marine services – to and within the northern regions of the Province. The $35,207,935 represents the ministry's equity investment in the Ontario Northland Transportation Commission. The Province provided subsidies of $108,407,865 ($84,220,720 in 2012-13).

At end of fiscal 2014 the Ministry was owed $17,582,974, plus an additional $10 million for a total of $27,329,428 in loans and $253,546 in interest.

The Ministry awarded Science North with a repayable grant of $500,000 to assist in the designing, constructing and installing of an IMAX Theatre. Repayments began in 1996-97 and are based on 50% of the yearly net revenues.

The Loans for Tools program began in September 1998 to provide loans of up to $800 to new apprentices who are Ontario residents to help them buy the tools they require for their apprenticeship programs. The loan repayments are to begin once their schooling is completed. The loan is interest free for up to one year following completion of training.

The Ontario Student Assistance Program (OSAP) provides needs-tested financial assistance in the form of loans and grants to eligible postsecondary students. Loans repayment to the Ontario Student Loan Trust begins six months after study period ends. If loan repayment is not made and loan default occurs, the loan becomes a debt to the Province and collection activity begins through the province's Collection Management Unit.

The Gaming and Liquor Deposits were established under the authority of Section 14 of the Alcohol and Gaming Regulation and Public Protection Act, which allows the Alcohol and Gaming Commission to establish fees and other charges in administering the *Gaming Control Act* and *Liquor Licence Act.* Under Section 9 of the Gaming Control Act, all applicants/registrants are required to pay the reasonable costs of an inquiry or investigation related to gaming registrations under the Act. Under Section 7 of the Liquor Licence Act, a public notice of an application for a licence to sell liquor must be provided in the prescribed manner. The deposits are used to defray the costs as described. As of March 31, 2014 gaming deposits were $6,312,060 and liquor deposits were $1,667,100 totalling $7,979,160.

The Victims' Justice Fund is a special purpose account established under the *Victims' Bill of Rights, 1995*. The fund receives the majority (95%) of its revenues from Victim Fine Surcharges (VFS) imposed under the *Provincial Offences Act.* The Victims' Justice Fund ensures that funds generated through the federal and provincial surcharges are used for the purpose of providing assistance to victims, enables separate tracking of these funds, and permits any unspent funds to be carried into the next fiscal year.

The Ministry of the Attorney General operates a special purpose account related to civil asset forfeiture and the proceeds of unlawful activity. These funds are used to compensate direct victims of unlawful activity that has led to the forfeiture, offset the administration of civil justice costs associated with civil asset forfeiture cases, and to provide grants to law enforcement agencies to assist victims and prevent unlawful activity that leads to victimization.

The Ministries of Community Safety and Correctional Services and The Attorney General, each operates a special account that has been established for the purpose of holding monies respecting Proceeds of Crime received by, or on behalf of the Crown. Ontario has entered into a Memorandum of Understanding with the federal government indicating the Province's commitment to using proceeds of crime to fund law enforcement and crime prevention initiatives and administration of criminal justice costs associated with proceeds of crime cases. The ministries make payments from these accounts as required by the terms, and interest is credited to these accounts on a quarterly basis.

FUNDS AND OTHER LIABILITIES – Continued

For the year ended March 31, 2014

In the May 1997 Budget, the government made a commitment to create a $5 million fund to provide scholarships to the spouses and children of public safety officers killed in the line of duty. Because public safety officers are subjected to increased risks for the benefit of the rest of society, it is felt that the province has a degree of responsibility to provide for the well-being of the families of public safety officers killed in the line of duty. The Constable Joe MacDonald Public Safety Officers' Survivors Scholarship Fund was established by Order-In-Council (OIC). Funding recommendations are made by an Advisory Committee, which was also established based on the direction included in the OIC. The ministry makes payments from this account as required by the terms and directed by the Minister, and interest is credited to this account on a quarterly basis.

Individuals and Corporations are required to place financial assurance with the Ministry of the Environment to finance environmental cleanups and site rehabilitations relating to Orders and Approvals of the Ministry. The financial assurance contributions provided are in cash and earn interest while on deposit with the Minister of Finance. Both cash deposits and interest earned are refundable.

Operators of waste wells are required to pay a fee to the Ministry of the Environment, based on waste disposed in approved disposal wells under the *Environmental Protection Act.* These payments from individuals and corporations are non-refundable and are placed in an interest-bearing account with the Minister of Finance to compensate any person or organization for damage to water or water courses which are rendered unfit for use by reason of the operation of the waste well.

This is an interest bearing Special Purpose Account, held in trust for the community of Port Loring by the Ministry of the Environment, to be used as an operational subsidy for a communal water system which was built to address gasoline contamination of the groundwater that had impacted private wells in the community.

The Motor Vehicle Accident Claims Fund operates under the authority of the Motor Vehicle Accident Claims Act. The Fund derives its revenues from two sources: an annual fee charged upon every issuance/renewal of a driver's permit/licence and repayments from debtors (uninsured at-fault motorists). Payments out of the Fund have been subject to a variety of legislative changes over the years of its operation and are detailed in the Notes to the Fund's Financial Statement, which is to be found in Volume 2c.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Finance, which were not cashed by March 31, 2014.

Unclaimed fully registered bond interest includes interest on Ontario Savings Bonds matured, but not redeemed as of March 31, 2014.

The Personal Property Security Assurance Fund (PSSAF) was established under the authority of the *Personal Property Security Act* and Regulations and includes claims made under the Repair and Storage Liens Act. Any person who suffers a loss or damage that arises from errors or omissions made in personal property registration records may be entitled to compensation. Under the regulations, one per cent of the fees received for registration as well as annual interest payments determined by the government via Order-in-Council are paid into the PPSAF.

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding pension and related benefit funds for the Provincial Judges Pension Fund, Justice of the Peace Supplemental Plan, Supplementary Benefits Accounts and the Deputy Ministers' Supplementary Benefit Account. The amounts recorded by the Province are essentially the sole assets of these plans.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Health, which were not cashed by March 31, 2014.

The Crown Forest Sustainability Act (the "Act") provided for the establishment of the Forestry Futures Funds. The purposes of these funds are to provide for: 1) the funding of silvicultural expenses in Crown Forests where forest resources have been killed or damaged by fire or natural causes, 2) the funding of silvicultural expenses on land that is subject to a forest resource licence, if the licensee becomes insolvent, and 3) the funding of intensive stand management and pest control in respect of forest resources in Crown Forests.

FUNDS AND OTHER LIABILITIES – Concluded

For the year ended March 31, 2014

The *Crown Forest Sustainability Act* (the "Act") provided for the establishment of the Forest Renewal Trust Funds. The purposes of these funds are to provide for the sustainability of Crown forests and, in accordance with that objective, to manage Crown forests to meet social, economic and environmental needs of present and future generations. The payments of forest renewal charges are received by the Minister of Finance from a licensee who cuts timber on an area that is subject to an agreement under Section 6 of the Act.

A separate account in the Consolidated Revenue Fund is maintained for the Fish and Wildlife Program for dedicated revenue retention from the sale of licences as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The *Provincial Parks Act* provides for the establishment of a separate account in the Consolidated Revenue Fund for the Ontario Parks Program for the dedicated revenue retention from the collection of Provincial Parks Fees as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The Mine Reclamation Fund is a special purpose account established in 1994, within the Consolidated Revenue Fund for the purpose of receiving and dealing with payments of money received as financial assurance dedicated for the closure costs of mine projects pursuant to Section 145 of the *Mining Act R.S.O. 1990 c.M.14.*

The Training Completion Assurance Fund (TCAF) is a provision of the Private Career Colleges Act, 2005 (PCCA). TCAF is administered by the Superintendent of Private Career Colleges with the assistance of a TCAF Advisory Board appointed by the Minister of Training, Colleges and Universities. In the event a PCC closes, the PCC's financial security will be used to provide students with training completions or refunds. Once the PCC's financial security has been exhausted, outstanding student claims can be paid out by the TCAF.

The International Registration Plan (IRP) is a continent wide international agreement that facilitates the collection and distribution of commercial vehicle registration fees to all IRP members based on distance traveled in each jurisdiction. All Canadian provinces and U.S. states are members of IRP. The IRP liability account represents registration revenue collected from Ontario truck and bus companies and deposited into an Ontario government U.S. bank account on behalf of U.S. IRP member jurisdictions. These registration revenues are accumulated and distributed monthly to U.S. and Canadian IRP member jurisdictions.

The Unincorporated Roads Program Account represents funds deposited to the Special Purpose Account (SPA) by various boards in the Unincorporated Roads Program. These include Local Roads Boards (LRBs), Statute Labour Boards, and Special Maintenance Agreements, corresponding provincial contributions, as well as funding under the Federal Gas Tax program for roadwork that has not yet been performed by the ministry. Boards under the Unincorporated Roads Program consists of an owner or owners of land in a territory without municipal organization and there are approximately 300 - 350 active in the province. The roadwork to be performed is determined during an annual meeting between the LRBs and ministry officials and may include emergency repairs, general maintenance or capital upgrades.

The Special Purpose Account established for the Alternative Service Delivery of Driver Examination Services allows for the sum of $200,000 per month to be remitted to the government by Serco DES Inc. (Serco) for the duration of the 10 year contract, with the Ministry of Transportation to draw against the account to pay for the oversight, relationship management and compliance monitoring of the delegate. These funds are used to provide a fiscally neutral means of offsetting the costs of compliance monitoring of Serco and providing an oversight and relationship management office within the ministry.

The Ministry administers the Dedicated Gas Tax Funds for Public Transportation (Gas Tax) Program. Starting in 2004, the province provided one cent per litre of provincial gas tax revenues, increasing the amount to 1.5 cents a litre in October 2005 and 2 cents a litre in October 2006. The Gas Tax program provides a long-term sustainable source of funding for Ontario municipalities to improve and expand public transit. The funding of 2 cents a litre was made permanent with the passing of the Dedicated Funding for Public Accounts Act, 2013 through the 2013 Ontario Budget. A Special Purpose Account entitled the "Dedicated Funding for Public Transportation" was created and funds, determined pursuant to a formula stipulated under the Act, are deposited into it and subsequently paid out to the recipients. In 2013-14, the ministry realigned the gas tax program year to correspond with the provincial fiscal year and rolled out an interim 6 month program with funding of $163.4M, to bridge the gap between the end of the 2012-13 program and the start of the 2014-15 program. For 2013-14, 96 transit systems in 133 communities, representing 90% of the total population of Ontario received Gas Tax funding.

FINANCIAL GUARANTEES – MINISTRY OF FINANCE:

Two agreements are in place to satisfy the Canadian Nuclear Safety Commission (CNSC) licensing requirements for financial guarantees in respect of OPG's nuclear station decommissioning and nuclear waste management obligations. One agreement gives the CNSC access (in prescribed circumstances) to the segregated funds established under ONFA. The other agreement between the Province and the CNSC provides a direct Provincial guarantee to the CNSC on behalf of OPG. This guarantee, for up to $1.551 billion, effective January 1, 2013, relates to the portion of the decommissioning and waste management obligations not funded by the estimated value of ONFA Funds as at January 1, 2013 and will remain effective until the end of 2017. In return, the Province receives from OPG an annual fee equal to 0.5 per cent of the value of the guarantee.

References:

1. The Province's maximum liability for the program is $120,000,000.
2. The Province's maximum liability for the program is $130,000,000.
3. The Province has guaranteed the repayment of loan facility made by United Communities Credit Union Limited to Pelee Island Cooperative Association for a period beginning May 11, 2010 and ending at the earliest of April 1, 2015 or repayment of all the amounts borrowed. The maximum amount guaranteed is $ 0.6 million plus any unpaid interest, costs and expenses thereon.
4. The Province has provided four loan guarantees under Aboriginal Loan Guarantee Program: two in the fiscal year 2011-12 and two others in the fiscal year 2013-14 for a combined total of $129.95 million. These guarantees will mature in the fiscal year 2025-26 and 2029-30. Borrowers pay the Province an annual loan guarantee fee of 0.15% of the guaranteed amount. The Aboriginal Loan Guarantee Program provides loan guarantees to support Aboriginal equity participation in renewable energy generation and transmission projects and has a maximum program envelope of $400 million.

* CLAIMS AGAINST THE CROWN

As at March 31, 2014

The following are claims arising from legal action either in progress or threatened against the Crown in respect of breach of contract, damages to persons and property and like items. The amounts claimed have not been specified, but in each case are expected to exceed $50 million.

1. Mary Lou LaPratte, Roland LaPratte, Sheila Horrell, Arthur Horrell et al. (proposed class proceeding).
2. Monaghan, John Richard v. HMQ, the Attorney General and the Solicitor General together with the OPP.
3. Twain, Jim Chief, Statement of claim for damages for negligence, breach of contract, fiduciary duty and treaty rights.
4. Chuang, David, Dr. DMD: claim for damages alleging defamation, breach of fiduciary obligations, misfeasance in public office, injustice, embarrassment, harassment, humiliation, etc. The College of Dental Surgeons of Ontario stripped the plaintiff of his licence for sexual misconduct.
5. Greenfield Ethanol (formerly Commercial Alcohols Inc.) and Suncor are the only manufacturers of ethanol (corn based fuel) complain that Ontario has treated Suncor in a preferential manner and requires that Ontario treat it in an equal manner to Suncor.
6. Dr. Jeffrey Lipsitz v. Ontario: claim alleges that, in the course of inspecting and regulating Sleep Disorders Centres owned by the plaintiff, the defendants engaged in tortuous conduct including conspiracy, unlawful interference with economics relations, abuse of process, negligent performance of statutory duty, abuse of public office, and negligent and malicious investigation.
7. Magnotta Winery Corporation et al. v. AGCO et al. re: allegations that the “Made Policy” which places restrictions on the sale of alcohol products was created unfairly and discriminates against Plaintiff’s business operations.
8. Mayotte, Michael v. HMQRO re: claim that Ontario has failed to provide adequate compensation and breached its duty of good faith to members of the Private Issuers Network since 2003.
9. Keatley Surveying Ltd. v. Teranet Inc. re: Class Proceedings against Teranet for damages of infringement of the Copyright Act, R.S.C. 1985, pertains to the electronic land registry system.
10. W. Ross Macdonald School for the Blind v. HMQRO. The claim is brought by a former student and resident who resided and attended the school from 1954 until 1965.
11. Trillium Power Wind Corporation v. HMQRO as represented by Ministries of Natural Resources, Environment and Energy Infrastructure claim for damages by reason of the revocation of its status as an applicant of record and exclusive registrant for wind power development on Crown land pursuant to the Green Energy Act, 2009.
12. George Stifel: class proceeding pursuant to the *Class Proceedings Act* and damages against HMQRO and the Great West Life Assurance Company arising from the deduction of CPP payments indexed for cost of living adjustments in 1996 against long term disability benefits.
13. Janice Cerra et al v. Corporation of the City of Thunder Bay: Claim for damages and injuries against HMQRO Ministry of Environment sustained from alleged wastewater infrastructure failure and contaminant spills affecting property owners and occupiers in the City of Thunder Bay as a result of flooding and sewer back up which commenced on or about May 28, 2012 and continued unabated for weeks.
14. Northern Superior Resources Inc. v. HMQRO: Claim for damages arising in respect to unpatented mining claims owned by the Plaintiff company located in lands situated in the Red Lake Mining Division northwest of Thunder Bay.
15. SkyPower CL 1 LP, et al v. HMQRO and the Ontario Power Authority: Claim for damages for breach of contract and/or negligent misrepresentation in relation to the processing of applications submitted to the FIT program and changes to the FIT program made in July 2012.
16. Quinte, Elaine, et al v Algoma Central Properties – Elliot Lake Algo Mall Collapse – Class Action claim arising from the collapse of the Algo Centre Mall on June 23, 2012.
17. Papassay, Holly v HMQRO: class action claim for damages and injuries suffered by members while in foster care facilities by Children’s Aid Societies across Ontario under the care of the Ministry of Children and Youth Services.

* CLAIMS AGAINST THE CROWN – Continued

As at March 31, 2014

18. Johnson, Glenn, et al v. HMQRO: Draft class action claim for damages contemplated by a class comprised of inmates incarcerated at the EMDC between January 1, 2010 and August 25, 2013.
19. StandardBred Breeders of Ontario Association v. HMQRO and OLG: Alleged negligent misrepresentation of the cancelled Slots-at-Racetracks Program (SARP).
20. Ontario Schedule 1 Facilities Adult Occupational Centre, Edgar and D'Arcy Place McIntyre, Marlene: Claim for damages arising from the negligence and breach of fiduciary duty for the Province of Ontario's operation and management of D'Arcy Place, Adult Occupational Centre (Edgar) and Ontario Schedule 1 Facilities.
21. Northern Diamond Gaming Services Limited and Diamond Gaming Services Inc. et al.
22. The Chippewas of Sarnia, the Chippewas of Kettle Point et al. v. Ontario, Polysar Hydrocarbons Limited et al.
23. Clifford Meness et al., for themselves and all other members of the Algonquins of Golden Lake Band of Indians.
24. Roger Southwind on behalf of the Lac Seul Indian Band.
25. Moose Factory First Nation et al. v. Spruce Falls Power and Paper Company Limited.
26. New Post First Nation et al. v. Spruce Falls Power and Paper Company Limited.
27. Missanabie Cree First Nation v. Ontario and Canada.
28. Six Nations of the Grand River Band.
29. Wikwemikong Indian Band Re: aboriginal title in islands in Lake Huron and Georgian Bay.
30. Chippewas of Sarnia Band re: aboriginal title in large tract in City of Sarnia.
31. Mississauga of Alderville, Beausoleil, Chippewas of Georgia Island, Mnjikaning (Rama), Curve Lake Hiawatha, and Scugog Island First Nation.
32. Wesley Big George on behalf of seven Lake of the Woods First Nations vs HMQ.
33. Big Grassy (Mishkosiimiiniiziibing) First Nation and Ojibways of Onigaming First Nations adjacent to the Lake of the Woods and Winnipeg River area who are signatories to Treaty 3 and who are seeking damages on account of flooding that occurred 1887 - 1892.
34. Wauzhushk Onigum First Nation and Ochiichagwe'babig o'ining First Nation and Washagamis Bay First Nations.
35. Walpole Island First Nations re: aboriginal Title to certain parts of S. Western Ontario use of land and compensation.
36. The Begetikong Anishnabe First Nation (aka the Ojibways of Pic River) Chief Roy Michano, Councillor Duncan Michano and Councillor Arthur H. Fisher, aboriginal title to a large tract of land on the northeastern shore of Lake Superior.
37. Long Lake No. 58 First Nation. Plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
38. Biinjitiwaabik Zaaging Anishinabek First Nation (Rocky Bay Band): claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
39. Sand Point First Nation: claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
40. Pic Mobert First Nation: claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
41. Pays Plat First Nation v. Canada and Ontario: This action seeks declarations of aboriginal title and related relief with respect to lands on the north shore of Lake Superior. The individual plaintiffs are Ojibway Indians who are members of the Pawgwashing First Nation, a.k.a. Pays Plat First Nation. They argue that they never agreed to and are not bound by the Robinson Superior Treaty of 1850.
42. Whitesand First Nation Annuity Claim, Plaintiff seeking declaration that increased annuity payable pursuant to Robinson-Superior Treaty 1850 has not been paid.

* CLAIMS AGAINST THE CROWN – Concluded

As at March 31, 2014

43. Moose Deer Point First Nation, Statement of claim for compensation for breach of fiduciary obligation and a declaration that the plaintiffs have existing treaty rights as set out in the address of Samuel Peters Jarvis in 1837.
44. Kinew, Tobasonakwut vs. Canada and Ontario, re: Breach of Fiduciary duties in managing the fisheries.
45. Garden River First Nation Reserve No. 14 re: First Nation's boundaries under Robinson-Huron Treaty.
46. Sinclair, Alfred re: 5 actions by Washagainis Bay Band near Kenora for declarations that 10 Islands on the Lake of the Woods are Reserve and that Ontario breached duties to the band.
47. Agency One Damages Action: Potential third party claim brought by Canada against Ontario and Fort Frances demanding contribution and indemnity for damages on the grounds of a constructive trust.
48. Atikameksheng Anishnawbek v. HMQRO, et al: Notice of claim against the Attorney General of Canada and Her Majesty the Queen in the Right of Ontario for, inter alia, breach of fiduciary duties in failing to provide the claimant with a reservation in accordance with the written and oral terms of the Robinson Huron Treaty of 1850.
49. Kapuskasing Cree First nation v. Her Majesty the Queen in Right of Ontario, Minister of Aboriginal Affairs, Ontario Power Generation et al. Damages for interference with aboriginal title and rights without consultation, various declaration, the quashing of various provincial decisions and approvals, and order compelling recognition under the *Indian Act* and the establishment of a reserve.
50. Wahgoshig First Nations v. Solid Gold and HMQRO: Solid Gold commenced exploration activities and drilling in Wahgoshig First Nation's (WFN) traditional territory without notice to WFN.
51. Aundeck OMNI Kaning First Nation et al: The plaintiffs dispute the "equitable validity" and scope of Treaty 94 (1862) which contained a surrender of most of the lands purportedly reserved to the plaintiffs by Treaty 45(1836).
52. Northwest Angle No. 33 First Nation: Claim for flooding and related damages and a declaration of fiduciary duty to the plaintiffs.
53. Inter-Leasing Inc. v. Minister of Revenue: Tax appeals under the *Corporations Tax Act* claiming a refund of corporate income tax reassessed in connection with a tax planning arrangement involving a BVI financing company.
54. Proceedings before the Copyright Board of Canada involving Access Copyright, the Ontario Ministry of Education and all publicly funded School Boards and Authorities.
55. North American Free Trade Agreement (NAFTA) Chapter 11: Mesa Power Group claims that Canada breached obligations under the NAFTA as a result of the actions of the Province of Ontario Power Authority (OPA) in allocating transmission capacity and awarding Feed-in-Tariff (FIT) contracts in the Bruce Region.
56. North American Free Trade Agreement (NAFTA) Chapter 11: Windstream Energy alleges that Canada breached its obligations under NAFTA as a result of measures and actions taken by Ontario in relation to the deferral on the development of an offshore wind energy policy framework and the Feed-in-Tariff (FIT) Program.

*Updated for changes up to date of release of Public Accounts. 56 of the above claims were assessed as "not determinable".

Claims Against the Crown 4-15

A GUIDE TO THE PUBLIC ACCOUNTS

1 SCOPE OF THE PUBLIC ACCOUNTS

The 2014-2015 Public Accounts of the Province of Ontario comprise the **Annual Report** and three supporting volumes:

Volume 1 contains ministry statements and detailed schedules of debt and other items. The ministry statements reflect the financial activities of the government's ministries on the accrual basis of accounting, providing a comparison of appropriations with actual spending. Ministry expenses include all expenses that are subject to appropriation approved by the Legislative Assembly, but exclude adjustments arising from consolidation of government organizations whose expenses are not appropriated.

Volume 2 contains the financial statements of Government Organizations and Business Enterprises that are part of the government's reporting entity and other miscellaneous financial statements.

Volume 3 contains the details of payments made by ministries to vendors (including sales tax) and transfer payment recipients that are not deemed to be prohibited by the *Freedom of Information and Protection of Privacy Act.*

2 A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Schedules of Revenue and Expenses

(2) Ministry Statements

Individual ministry statements of financial activity are provided in this section. The following five separate statements are presented for each ministry as applicable.

(a) "Summary Statement of Expenses and Assets by Program"

This Statement provides an overview of the expenses and assets by program compared with the related appropriations and previous years' actuals.

(b) "Statement of Expenses and Assets by Vote and Items"

This statement shows the Items comprised within each ministry Vote. The appropriation for each Item is analyzed according to funds appropriated through the Estimates or approved by Treasury Board and the total is compared to the actual amount spent for the fiscal year. Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory payments (denoted as "S") are reported separately. The "program description" narrative contained in the Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenses and Assets by Items and Accounts Classification"

This statement reports the actual ministry expenses and assets for each Vote on the basis of the Accounts Classification within each Item. Statutory amounts are shown separately under the Accounts Classification relating to each program.

(d) "Statement of Revenue"

This ministry statement reports the fiscal year revenues by the standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility related loans and investments made from the Consolidated Revenue Fund.

(3) Schedules of Debt

This section contains details of debt issued, debt retired, a summary and details of debt outstanding at the end of the year.

(4) Other Supplementary Schedules

This section contains summarized schedules for ministries' Loans & Investments, Funds & Other Liabilities, Contingent Liabilities and Claims Against the Crown.

TERMS AND DEFINITIONS USED

Special Warrants
If the Legislature is not in session and expenditures are required that have not been authorized by an *Interim Appropriation Act or a Supply Act,* Special Warrants may be issued to authorize such expenditures. The amounts provided by Special Warrants in the 2014-15 fiscal year are deducted from the total amounts for each program to determine the amounts to be voted.

Cost Recovery Items
In cases where the anticipated recovery of costs of an Item is equal to or greater than the expenditures, the balance of the Item is shown at the nominal value of $1,000.

Statutory Appropriations
Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act.* Statutory Appropriations are included in the Estimates for information purposes and are not voted by the Legislature. Amounts required for Statutory Appropriations are shown, where applicable, as separate entries under the Standard Accounts Classifications details relating to each Item.

Standard Accounts
Spending is forecast for the fiscal year 2014-15 under Standard Accounts at the Item level. The descriptions of the contents of the Standard Accounts given below are intended to serve as brief outlines only and should not be considered all inclusive.

EXPENSES

Salaries and wages
Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to employees.

Employee benefits
Includes the government's contribution as an employer to the Canada Pension Plan; the Ontario Public Service Employees' Union Pension Plan; the Public Service Pension Plan; Employment Insurance; the Workplace Safety and Insurance Board; and other employee benefit plans.

Transportation and communication
Includes traveling expenses of employees on government business and recipients of government services, such as wards of the province; relocation expenses of employees who transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone and data communications.

Services
Includes information services, such as, advertising and communication services provided by professional agencies and advertising placed directly with the media; rental and purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and equipment
Includes provision for the purchase of non-capitalized machinery and equipment and materials, supplies and utilities.

Transfer payments
Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other transactions
Includes special transactions, such as interest incentives and subsidies; guarantees honoured; losses on loans; repayable grants; and provision for losses on disposal of capital assets.

ASSETS

ASSETS are balance sheet accounts which require an appropriation in the Estimates. Asset categories include the following:

Deposits and prepaid expenses
Includes payments in advance of receiving related goods or services or in advance of being earned by transfer payment recipients, and which will be recorded in a non-asset standard account in a future fiscal year.

Advances and recoverable amounts
Includes payments to transfer payment recipients that will be repaid to the Province in a future fiscal year.

Loans and investments
Includes payments to debtors under loan agreements and investments in the shares of Crown corporations or other entities.

Inventory held for resale
Assets not in service and held for disposal.

Land
Includes land purchased or acquired for use, for preservation, for parks and recreation, for building sites, for infrastructure and for other program use.

Buildings
Include large and complex high-rise office towers, special-purpose buildings such as prisons and courthouses, and simple structures such as salt domes and tool sheds. Also includes any construction required to address occupants' work function or aesthetic needs over and above of what is provided within the base accommodation envelope (either owned or leased).

Transportation infrastructure
Is comprised of a complex network of highways, bridges, and related structures and facilities. May include Salaries and wages and associated Employee benefit costs related to the construction of those assets.

Dams and engineering structures
Include significant structures not included elsewhere; e.g. water, sewage and electrical distribution systems, helipads and fuelling systems, stocking ponds, feeding systems, Government Mobile Communications Equipment (GMCE) towers and like structures.

Machinery and equipment
Includes items such as furniture, fixtures and appliances, hospital and laboratory equipment, and office machinery and equipment.

Information technology hardware
Encompasses physical data and voice networks, platforms, wireless devices, networks and access points, mainframe and desktop computers, servers and data repositories, Government Mobile Communications Equipment, as well as operating systems and related software.

Business application software
Aggregates software components that automate and optimize business functions, processes, tasks and activities. May include Salaries and wages and associated Employee benefit costs related to the construction of those assets.

Land and marine fleet
Includes plated motor vehicles that are owned by ministries: passenger vehicles, medium duty, heavy commercial, and other specialty vehicles. Also includes medium/large boats and ferries.

Aircraft
Encompasses the fixed wing and rotary wing aircraft.

SOURCES OF ADDITIONAL INFORMATION

Province of Ontario Annual Report and Consolidated Financial Statements

The government has prepared an Annual Report and the Consolidated Financial Statements, which gives financial and economic highlights of the past year and reports on performance against the goals set out in the Budget. For electronic access to the Province of Ontario Annual Report, visit the Treasury Board Secretariat website at www.ontario.ca/publicaccounts.

The Ontario Budget

The Ontario Government presents a Budget each year, usually in the early spring. This document outlines expected expense and revenue for the upcoming fiscal year. For electronic access to the Ontario Budget, visit the Ministry of Finance website at www.fin.gov.on.ca/en/budget/ontariobudgets and click on "Ontario Budget."

The Estimates of the Province of Ontario

The President of the Treasury Board presents the government's spending Estimates for the fiscal year commencing April 1 to members of the Legislative Assembly following the presentation of the Ontario Budget. The Estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the Supply Act.
For electronic access, go to: www.ontario.ca/estimates.

Ontario Finances

This is a quarterly report on the performance of the government's Budget for the fiscal year. It covers developments during a quarter and provides a revised outlook for the remainder of the year.
For electronic access, go to: www.fin.gov.on.ca/en/budget/finances.

Ontario Economic Accounts

This quarterly report contains data on the composition of Ontario's economic activity.
For electronic access, go to: www.fin.gov.on.ca/en/economy/ecaccts.

section 1

schedules of

revenue and expenses

DETAILS OF REVENUE

For the year ended March 31, 2015

This schedule summarizes the sources of the Province's revenue by main classification. Ministry revenue schedules showing further detail within the main classifications are contained in Section 2 of this volume.

TAXATION	2015 $	2014 $
Personal Income Tax	29,313,403,558	26,928,850,454
Sales Tax	21,688,764,731	20,481,137,704
Corporations Tax	9,557,450,278	11,422,895,621
Education Property Tax	5,561,413,935	5,456,818,494
Employer Health Tax	5,415,366,133	5,282,545,110
Ontario Health Premium	3,365,882,504	3,128,109,437
Gasoline Tax	2,446,753,297	2,363,021,552
Land Transfer Tax	1,764,494,479	1,601,495,421
Tobacco Tax	1,162,503,240	1,110,166,339
Fuel Tax	739,321,958	718,076,869
Beer and Wine Tax	560,091,688	557,002,644
Corporation Preferred Share Dividend Tax	195,814,728	181,339,633
Electricity Payments-In-Lieu of Taxes	180,000,000	543,000,000
Estate Administration Tax	154,582,427	142,782,976
Mining Profits Tax	130,523,830	11,728,509
Gross Revenue Charge – Property Tax Component	19,353,872	19,040,811
Provincial Land Tax	13,351,216	12,024,676
Race Tracks Tax	4,214,730	4,227,018
Acreage Tax – The *Mining Act*	2,182,211	1,745,550
TOTAL TAXATION	**82,275,468,815**	**79,966,008,818**

Personal Income Tax revenue is collected by the federal government on behalf of the Province. The amount reported by the Province in 2014-15 is net of $7,068,522 in Ontario tax credits, excluding tax credits reported as expenses. The amount reported in 2013-14 includes $4,348,641 in Ontario tax credits, which includes adjustments for prior years and excludes tax credits reported as expenses.

For 2015, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $40,922; 9.15% for taxable income over $40,922 and up to $81,847; 11.16% for taxable income over $81,847 and up to $150,000; 12.16% for taxable income over $150,000 and up to $220,000; and 13.16% for taxable income over $220,000. For 2014, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $40,120; 9.15% for taxable income over $40,120 and up to $80,242; 11.16% for taxable income over $80,242 and up to $150,000; 12.16% for taxable income over $150,000 and up to $220,000; and 13.16% for taxable income over $220,000. For 2013, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $39,723; 9.15% for taxable income over $39,723 and up to $79,448; 11.16% for taxable income over $79,448 and up to $509,000; and 13.16% for taxable income over $509,000. Ontario non-refundable tax credits are provided for individual and family circumstances (e.g., basic amount, spouse, medical expenses) at the rate of 5.05% (11.16% for charitable donations in excess of $200), before calculating the provincial surtax and Ontario Tax Reduction. Ontario non-refundable tax credit amounts are indexed annually. The Ontario Dividend Tax Credits, which, beginning in 2014, are calculated after the provincial surtax and before the Ontario Tax Reduction, are provided at a rate of 10% for eligible dividends and 4.5% for non-eligible dividends.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2015

Higher-income earners are subject to a surtax. For 2015, the surtax is equal to 20% of Ontario income tax in excess of $4,418, plus 36% of Ontario income tax in excess of $5,654. For 2014, the surtax is equal to 20% of Ontario income tax in excess of $4,331, plus 36% of Ontario income tax in excess of $5,543. For 2013, the surtax is equal to 20% of Ontario income tax in excess of $4,289, plus 36% of Ontario income tax in excess of $5,489.

Ontario income tax is eliminated by the Ontario Tax Reduction if Ontario tax is below a threshold amount. If Ontario tax exceeds the taxfiler's threshold amount, the individual may be eligible to pay a reduced amount of Ontario tax. For 2015, the basic threshold amount is $228 and the additional amount for each dependent child aged 18 and under, and each disabled or infirm dependant, is $421. For 2014, the basic threshold amount is $223 and the additional amount for each dependent child aged 18 and under and each disabled or infirm dependant is $413. For 2013, the basic threshold amount is $221 and the additional amount for each dependent child aged 18 and under and each disabled or infirm dependant is $409.

The Harmonized Sales Tax (HST) is a single value-added sales tax based on the Federal Goods and Services Tax (GST). The provincial portion of the HST is eight per cent and the federal portion is five per cent, for a combined HST rate of 13 per cent. Responsibility for the collection of the tax rests with the Federal Government. HST revenues are distributed to the Province based on a revenue allocation formula. Ontario also maintains an 8% sales tax on certain types of insurance and on private transfers of used vehicles, at a rate of 13%. Both the sales tax on insurance premiums and on private sales of used vehicles are administered by Ontario. The Sales Tax amounts reported by the Province are net of sales tax credits of $1,691,497,735 in 2014-15 and $1,637,351,687 in 2013-14.

Corporations Tax is comprised of three types of taxes levied on corporations: income tax, insurance premiums tax and special additional tax on life insurance corporations. Details of these taxes follow.

Income Tax: The general statutory Corporate Income Tax (CIT) rate is 11.5% (reduced from 14% to 12% on July 1, 2010 and from 12% to 11.5% on July 1, 2011). Active business income from manufacturing and processing (M&P), mining, logging, fishing and farming is subject to a lower CIT rate of 10% (reduced from 12% effective July 1, 2010). Small Canadian-controlled private corporations (CCPCs) are also eligible for a lower CIT rate of 4.5% (reduced from 5.5% effective July 1, 2010) on the first $500,000 of active business income. Effective May 2, 2014, and prorated for taxation years that straddle that date, the small business CIT rate is phased out for large CCPCs, and associated groups of CCPCs, with more than $10 million (fully eliminated with more than $15 million) of taxable capital employed in Canada in the previous year. The Province also levies a Corporate Minimum Tax ("CMT") that effectively acts as a pre-payment of regular CIT. CMT is calculated as the amount by which 2.7% (reduced from 4% effective July 1, 2010) of adjusted net income for accounting purposes exceeds CIT payable.

Insurance Premiums Tax: Insurance companies are subject to a 2% insurance premiums tax on life, accident and sickness insurance premiums, 3.5% on property insurance premiums and 3% on other (e.g. casualty) insurance premiums.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2015

Special Additional Tax: Life insurance corporations pay a special additional tax at a rate of 1.25% of taxable capital in Ontario above a minimum $10 million exemption, with corporate income tax and CMT creditable against this tax.

Education property taxes are collected by municipalities and transferred to school boards for the purposes of funding education. Education property tax rates are set annually by the Minister of Finance for each class of real property. The tax is levied on the assessed value of property at a uniform rate of 0.241% for residential properties. Rates for commercial, industrial and pipeline properties vary across the Province. These rates are regulated under the *Education Act*. The Education Property Tax amounts shown are net of $1,034,927,008 in property tax credits and grants in 2014-15 and $1,071,091,728 in 2013-14. The amounts also reflect a number of rebates, reductions and exemptions available across the province.

The Employer Health Tax is paid by employers on their Ontario payroll. Employers with annual Ontario payroll of $200,000 or less calculate tax payable at 0.98% of their taxable annual Ontario payroll; employers with annual Ontario payroll over $200,000 and up to $400,000 calculate tax payable at graduated rates that apply to their taxable annual Ontario payroll starting at 1.101% through to 1.829%; and employers with annual Ontario payroll in excess of $400,000 calculate tax payable at 1.95% of their taxable annual Ontario payroll. A tax exemption was provided for the first $400,000 of annual Ontario payroll paid by private sector employers, including their associated entities. Beginning January 1, 2014, the tax exemption was increased from $400,000 to $450,000, and was eliminated for private sector employers with annual Ontario payroll, including those of their associated entities, in excess of $5,000,000. Registered charities continue to claim the tax exemption at all payroll sizes.

Gasoline Tax is levied on gasoline and propane used in a licensed motor vehicle, and aviation fuel used to power aircraft. The tax rate for gasoline is 14.7 cents per litre. The tax rate for propane used in licensed motor vehicles is 4.3 cents per litre. The tax rate for aviation fuel used in powering aircraft increased from 2.7 cents per litre to 3.7 cents per litre on September 1, 2014. The majority of tax is collected for the Province by Ministry-designated gasoline, propane, and aviation fuel wholesalers.

Land Transfer Tax is collected on the transfer of land. One-half of 1% is levied on the value of the consideration for the conveyance up to and including $55,000; 1.0% on the value of the consideration exceeding $55,000 up to and including $250,000; 1.5% on the value of the consideration exceeding $250,000; and, where the value of the consideration exceeds $400,000 and the property contains one or two single family residences, an additional tax of one-half of 1% applies on the value of the consideration exceeding $400,000. First time home buyers who purchase newly constructed homes or resale homes are eligible to receive a refund of land transfer tax of up to $2,000.

Tobacco Tax covers all forms of tobacco products. The specific tax rate per cigarette and per gram or part gram of fine cut tobacco and all other tobacco products except cigars is 13.975 cents. The rate of tax on cigars is 56.6% of the taxable price of the cigar. The majority of tax is collected for the Province by Ministry designated tobacco and cigar wholesalers.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2015

Fuel Tax is levied on every purchaser of clear middle distillate fuel used in internal combustion engines. The fuel tax rate is 14.3 cents per litre, unless the fuel is used in railway equipment, in which case the rate is 4.5 cents per litre. The majority of tax is collected for the Province by Ministry designated wholesalers.

Beer and Wine Taxes were effective July 1, 2010. These taxes replaced certain alcohol charges and were revenue neutral for the Ontario Government. Taxes apply on every purchaser of beer from a beer manufacturer's on-site store, The Beer Store, or a licensed establishment. Taxes are also imposed on purchasers of draft beer made by a brew pub and wine and wine coolers from a winery retail store.

Electricity payments in lieu of taxes (PILs) are made by OPG, HOI and municipal electricity utilities to the Ontario Electricity Financial Corporation (OEFC). OEFC is the Ontario Hydro successor company that is responsible for servicing and retiring the debt and certain other liabilities of the former Ontario Hydro. All PILs received by OEFC are used to service and retire its obligations. The amount of PILs replicates the amount of tax that would be payable under the *Income Tax Act* (Canada), *Corporations Tax Act* and *Taxation Act, 2007* if these publicly owned corporations were not exempt from federal and provincial corporate taxes. These corporations also make payments in lieu of additional property taxes.

The federal government remits to the province 35 per cent of the net taxes that it collects with respect to preferred share dividends paid by corporations with operations in Ontario.

The Estate Administration Tax is payable by the estate of a deceased person on the issuance of a certificate of appointment of an estate trustee by an Ontario court. The amount of tax is equal to $5 for each $1,000, or part thereof, of the first $50,000 of the value of the estate and $15 for each $1,000, or part thereof, of the value of the estate exceeding $50,000. If the value of the estate does not exceed $1,000, the estate is exempt from this tax.

The Gross Revenue Charge (GRC) is payable to the Ministry of Finance by hydro-electric generating stations owners and water power leaseholders. Effective January 1, 2001, the existing property taxes and water rental charges paid by hydro-electric generating station owners and water power leaseholders were replaced with taxes and charges on the gross revenues of hydro-electric generating stations. The Property Tax component is included as taxation for the Province and the Water Rental component of the GRC is included under Other Revenue – Royalties (page 1-10).

Provincial Land Tax is levied on land in areas without municipal organization at the rates prescribed by regulation. The rate that applies depends on which property class the land is classified and whether the land is in a locality as defined by the *Assessment Act*.

Ontario levies a mining tax on profits in excess of $500,000 derived from Ontario mining operations (excluding diamond-mining). The tax rate applied to non-remote mines is 10%. An exemption is available for up to $10 million of profit earned in the first 3 years by a new non-remote mine or a major expansion of an existing non-remote mine. Remote mines are eligible for a reduced mining tax rate of 5%. An exemption is available for up to $10 million of profit earned in the first 10 years by a new mine opened in a remote Ontario location. Diamonds are excluded from mining tax and are subject to a royalty on the value of a diamond mine's output. The royalty rate is the lesser of 13% and the amount calculated on the value of output according to a graduated rate scale.

The Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 0.5% on all wagers.

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of $1 in organized municipalities and $4 in unorganized municipalities.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2015

The introduction of the Ontario Health Premium (OHP) has helped to ensure the government's ability to make much needed investments in the province's health care system. Every penny of the OHP goes toward improving Ontario's health services. Since 2003-04, health-related spending has increased by $20.9 billion while health-related revenues, mainly comprised of the OHP and federal transfers, have increased by $13.7 billion. In 2014-15, OHP revenue increased by $238 million to $3,366 million, up from $3,128 million in 2013-14. During the same period, expenses in the health sector increased by $1,104 million to $50,013 million, up from $48,909 million in 2013-14.

Ontario Health Premium revenue supports expenditures in all areas of the health sector and is not earmarked by program area. In 2014-15, revenue from the health premium was $3,366 million, or 6.7 per cent of the $50,013 million in total expenses for the health sector. This compares to $3,128 million or 6.4 per cent of $48,909 million in 2013-14. Below is a table that shows an example of how the health premium revenue supports major investments in the health care sector and also the level of support each sector would receive if the percentage shares in 2013-14 and 2014-15 were allocated proportionately across each expense area.

Example of How the Health Premium Supports Investments in the Health Care Sector: OHP Revenue as a Share of Total Health Expenditures Applied Proportionately Across Expense Areas		
($ Millions)	**2014-15 6.7%**	**2013-14 6.4%**
Hospitals	1,102	1,047
OHIP	929	827
Home Care, Community and Mental Health Services	327	295
Long–Term Care Homes	260	242
Ontario Drug Programs	255	224
Public Health, Health Promotion and Other	493	493
Total	**3,366**	**3,128**

The Ontario Health Premium is paid by individuals resident in Ontario on the last day of the taxation year. An individual's Ontario Health Premium liability is: $0 for taxable income of up to $20,000; 6% of taxable income over $20,000 for taxable income over $20,000 up to $25,000; $300 for taxable income over $25,000 up to $36,000; $300 plus 6% of taxable income over $36,000 for taxable income over $36,000 up to $38,500; $450 for taxable income over $38,500 up to $48,000; $450 plus 25% of taxable income over $48,000 for taxable income over $48,000 up to $48,600; $600 for taxable income over $48,600 up to $72,000; $600 plus 25% of taxable income over $72,000 for taxable income over $72,000 up to $72,600; $750 for taxable income over $72,600 up to $200,000; $750 plus 25% of taxable income over $200,000 for taxable income over $200,000 up to $200,600; and $900 for taxable income over $200,600.

The Canada Health Transfer (CHT) is a federal block transfer that supports health care spending in the provinces and territories. Beginning in 2014-15, the CHT has been allocated to provinces and territories on an equal per capita basis. To receive CHT transfers, provinces and territories must comply with the principles of the Canada Health Act.

The Canada Social Transfer (CST) is a federal block transfer that supports provincial and territorial expenditures on post-secondary education, social assistance and social services, including early childhood development, and early learning and child care services. Beginning in 2007-08, the CST has been allocated to provinces and territories on an equal per capita basis. To receive CST transfers, provinces and territories cannot impose residency requirements in determining eligibility for social assistance to Canadian citizens, permanent residents, persons with a temporary resident permit, and refugee claimants waiting to receive permanent resident status.

DETAILS OF REVENUE – Continued
For the year ended March 31, 2015

Equalization is the federal government's transfer program for addressing fiscal disparities among provinces. The Equalization program aims to ensure that provincial governments have sufficient revenues to provide reasonably comparable levels of public services at reasonably comparable levels of taxation. Equalization payments are unconditional – receiving provinces are free to spend the funds according to their own priorities.

The Labour Market Development Agreement (LMDA) provides for the transfer to Ontario of labour market development programs and services previously run by the federal government. LMDA funding supports Ontario's skills and employment training programs, particularly for those who are eligible for Employment Insurance (EI) benefits. The LMDA is funded under the legislative authority of Part II of the Employment Insurance Act.

Social Housing Agreement reimbursements are the federal portion of the cost of subsidizing low-rental housing programs. The Province receives funding from the Canada Mortgage and Housing Corporation (CMHC) to administer social housing in Ontario.

Indian Welfare Services Agreement payments assist the Province in providing welfare services and programs to persons living on Indian reserves. The agreement supports welfare services and programs provided on reserves that are equal to those available to persons living in other communities.

On April 1, 2014, the Canada-Ontario Job Fund Agreement (JFA) replaced Canada-Ontario Labour Market Agreement (LMA). The JFA provides funding for labour market programs and services that focus on skills development for unemployed individuals who are not Employment Insurance clients and employed individuals who require further training such as those who do not have a high school diploma, or recognized certification or who have low levels of literacy and essential skills. The JFA also makes provision for the support of employer-sponsored training for certain eligible training costs provided by an eligible third-party institution.

Infrastructure funding to Ontario is provided through the Building Canada Fund, the agreement for Investment in Affordable Housing, and other agreements that support construction, renewal, improvement and expansion of the province's physical capital, including roads, bridges, public transit and water systems.

Bilingualism Development reimbursements are the federal government's portion of the cost of providing services in both official languages and of providing adequate educational facilities for teaching the second official language. The federal government also contributes to Ontario's initiatives in French-language schools, such as the establishment of administrative structures in new French-language school boards, and initiatives designed to improve the achievements of French-language students.

Under the Labour Market Agreement for Persons with Disabilities (LMAPD), the federal government provides contributions to Ontario to support measures enhance the employability of persons with disabilities, and increase the employment opportunities available to persons with disabilities by addressing employer needs and encouraging employers to remove barriers faced by persons with disabilities. Additionally, the LMAPD aims to demonstrate the results to Canadians of investments made under the agreement as evidenced by enhanced employability and increased labour participation of persons with disabilities.

Legal Aid payments are the federal government's contribution to assist in providing legal aid services to economically disadvantaged people in serious criminal matters and proceedings under the Youth Criminal Justice Act. They also help ensure that certain minimum standards of legal aid are maintained in accordance with the Agreement Respecting Legal Aid in Criminal Law, the Youth Criminal Justice Act and immigration and refugee matters.

Youth justice transfer payment programs are ongoing, and mandated under the *Youth justice transfer payment programs are ongoing, and mandated under the Youth Criminal Justice Act. The federal government cost shares a portion of the Youth Justice Services expenditures.*

For the year ended March 31, 2015

Growing Forward 2 is a federal-provincial initiative that encourages innovation, competitiveness and market development in Canada's agri-food and agri-products sector. In Ontario, Growing Forward 2 offers resources, tools and cost-shared funding assistance to eligible producers, processors, organizations and collaborations to grow their profits, expand markets and manage shared risks.

Student Assistance includes Canada Study Grants and the administration of Canada Student Loans. Canada Study Grants are provided to students with dependants, high-need part-time students, students with disabilities, and women in doctoral studies.

The Immigration Holds Agreement represents reimbursement by the federal government for the cost of detaining people awaiting an immigration examination, inquiry or removal.

Canada Health Infoway's Interoperable Electronic Health Record (iEHR) investment program supports jurisdictional projects that will build interoperable EHR systems. Federal funding to Ontario is provided under the Interoperable Electronic Health Record/Health Information Access Layer (iEHR/HIAL) Agreement. These solutions will enable authorized health care providers to view and, in some cases, update a patient's essential health information.

The Targeted Initiative for Older Workers (TIOW) is a federal-provincial cost-shared program that helps unemployed workers aged 55 to 64. TIOW is available in communities of fewer than 250,000 people that have high unemployment or rely to a large extent on single industries. The initiative helps older workers find programs and services that increase their ability to find work, reintegrate back into employment and ensure that they remain active and productive workers while their communities undergo adjustment.

Federal government funding for the Ontario Bridge Training Program supports programs for skilled immigrants who are facing barriers to workforce integration and retention in the Ontario labour market.

Funding is received from Canada Health Infoway to support efforts to increase the number of clinicians adopting and using an electronic medical record (EMR) system.

The Canada-Ontario Labour Market Agreement (LMA) expired on March 31, 2014, and was replaced by the Canada-Ontario Job Fund Agreement (JFA). The LMA provided funding for labour market programs and services that focus on skills development for unemployed individuals who are not eligible for Employment Insurance benefits and employed individuals who do not have a high school diploma or recognized certification, or who have low levels of literacy and essential skills.

The Wait Times Reduction Fund expired on March 31, 2014.The Wait Times Reduction Fund was established at the 2004 First Ministers' Meeting to assist provinces and territories in reducing medical wait times by investing in key activities in areas of training and hiring of health professionals, capacity building for regional centres of excellence and backlog clearance.

Other payments from the federal government included, among others:

a) Transfers to Government Organizations such as Agricorp and Toronto Organizing Committee for the 2015 Pan American and Parapan American Games (Toronto 2015);
b) Funding to support sector-specific services covered under different agreements, such as the First Nation Policing Agreement, Biology Casework Analysis Contribution Program Agreement for DNA testing, and Supporting Families Fund agreement for family law services;
c) Annual subsidies under the *Constitution Act, 1907*;
d) Interest on the Common School Fund.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2015

	2015 $	2014 $
INCOME FROM GOVERNMENT ENTERPRISES		
Ontario Lottery and Gaming Corporation	1,995,037,000	2,009,034,000
Liquor Control Board of Ontario	1,830,739,000	1,723,031,000
Ontario Power Generation Incorporated	1,056,000,000	809,000,000
Hydro One Incorporated	732,800,000	796,000,000
TOTAL INCOME FROM GOVERNMENT ENTERPRISES	**5,614,576,000**	**5,337,065,000**

Income from Government Enterprises represents amounts received by the Province from government business enterprises.

The Ontario Lottery and Gaming Corporation (OLG) conducts and manages lottery games, resort casinos, casinos, and slots on behalf of the Province of Ontario. The Province consolidates the net income from OLG's lotteries, resort casinos, casinos and slots. The net income also includes 20% of gross gaming revenue from Caesars Windsor, Casino Niagara, Niagara Fallsview Casino Resort and Casino Rama, as well as 20% of gross gaming revenue from its slots at the Great Blue Heron Charity Casino.

In 2014-15 the proceeds from OLG lotteries, casinos and slots were allocated by the Province of Ontario to the following Ministries and programs: $115 million to the Ontario Trillium Foundation for grants to charities and not-for-profit organisations, $38 million to the Ministry of Health and Long-Term Care to support problem gambling and related programs for prevention, treatment and research, $10 million to the Ministry of Tourism, Culture and Sport for direct financial support to Ontario high-performance athletes and enhanced coaching development, with the balance being applied to the Ministry of Health and Long-Term Care for the operation of hospitals.

In 2014-15 the proceeds from OLG resort casinos were allocated by the Province of Ontario to general government priorities such as health care, education, public infrastructure, and horseracing support.

Liquor Control Board of Ontario (LCBO) profits are generated from the sale of beer, wine, coolers, and spirits.

Hydro One Incorporated (Hydro One) and Ontario Power Generation Incorporated (OPG) were created as part of the restructuring of the former Ontario Hydro. Net income from these two corporations is consolidated in the Province's finances. OPG revenue is derived primarily from the sale of electricity from its generating stations. Hydro One revenue is derived primarily from the transmission and distribution of electricity.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2015

Sales and Rentals includes proceeds from the disposal of real property, supplies and equipment, rental of real property, leasing of Crown land and sales of goods and services provided by Provincial institutions.

Vehicle and Driver Registration fees include vehicle registration, carrier, and driver fees. Vehicle registration fees are for the authorization to operate a motor vehicle on a public road. For commercial vehicles the latest fee ranges from $185 to $4,601. The fees in 2014 for passenger vehicles and light commercial vehicles weighing 3,000 kilograms or less used for personal purposes were $98 per year in Southern Ontario and $49 per year in Northern Ontario. Fees for motorcycles and mopeds were $42 and $12 per year respectively in Southern Ontario and $21 and $12 per year respectively in Northern Ontario. Driver fees consist primarily of driver license renewals.

The registrar's fees consist of fees collected by the Ontario Court (General Division) in estates matters as set by O.Reg. 393/90 made under the *Administration of Justice Act* and the issuing, signing and filing fees for court related documents in civil matters.

Personal Property registration service fees are remittances for the registration and searches of personal property pledged as collateral to secure a loan. The fees are collected at the time of registration or search.

The modernized Drive Clean program was implemented effective January 1st 2013. Fees for the program are chargeable to the public for vehicle emissions testing, known as a "Drive Clean Emissions test.

Companies' service fees are remittances for registration, searches and certificates pertaining to incorporations, limited partnerships and business names. The fees are collected at the time of registration or search.

Gaming-related fees collected by the Alcohol and Gaming Commission of Ontario include fees for registering commercial suppliers and gaming employees of charitable gaming events, casinos, charity casinos and slot machine facilities. Also included are fees for issuing licences to conduct and manage lottery schemes such as raffles.

Effective January 1, 2001, persons who by virtue of an agreement, lease or other writing are entitled to occupy public lands are required to pay a water rental charge calculated at a rate of 9.5 % on gross revenues from the annual generation from hydro-electric-generating stations. This is the Gross Revenue Charge - Water Rental component referenced on page 1-4.

Crown Charges – Timber royalties are remittances for the harvesting of Crown timber on Crown land or when timber rights are reserved to the Crown on patent land. Crown charges are typically charged on a per cubic metre basis related to the tree species, end products produced and harvest volume. A base price per cubic metre, adjusted annually, is established as a minimum price. The minimum price for most harvested timber during 2014-2015 was set at zero (bioproducts only), $4.38, or $0.59 per cubic metre depending on the tree species and commodity group. The $0.59 per cubic metre reflects the rate for several underutilized species and the economic volatility in the forest industry. A residual value price, based on a percentage of the difference between the cost of manufacturing and the selling price of the forest product, is also assessed. This component based on commodity market prices is adjusted monthly and varied from $0.00 to $4.90 per cubic metre.

Beginning in 2006, funds for the Forest Resource Inventory (FRI) have been collected through the stumpage system. In 2014-2015 the FRI rate was set at either $2.50 or $0.59, depending on species group and end-use, and set aside in the Forestry Futures Trust fund account for FRI expenses until a $10 million balance in the FRI account was achieved. After reaching the $10 million level, the FRI charge is set to zero, which occurred for this fiscal year in October 2014. The FRI collection results in no net effect to the forest industry with respect to stumpage charges, as the minimum price is reduced an equivalent amount to FRI charges, while FRI charges are being collected.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2015

Teranet – Polaris Royalties - The Province completed the sale of its 50% ownership in Teranet in 2003-04. As part of this transaction, the Province agreed to suspend royalties from Teranet for a period of 13.67 years to March 31, 2017 in exchange for a lump sum payment of $205 million. The $205 million represents deferred royalties to be earned by the Province in future years and have been recognized in the Province's accounts as deferred revenue. The deferred revenue is amortized to revenue over the life of the royalty suspension agreement. The annual amortization is $15 million throughout 2016-17.

In 2010-11 the Province negotiated an extension to the original Teranet agreement, resulting in a 50 year extension beyond the original amortization schedule. $1 billion in cash was received in 2010-11, and this amount represents deferred royalties to be amortized over a 56 year period from fiscal 2011-12 to 2066-67. The annual amortization for the extension is $18 million, for a combined total of $33 million per year for the years 2011-12 through 2016-17.

Recovery of Prior Years' Expenditures represents monies recovered subsequent to the fiscal year-end in which the related expenditures were made. These receipts represent amounts, which, except for the timing of the recovery, would have been classified as expenditure refunds.

Reimbursements of expenditures are repayments of expenses incurred by the government under formal agreement, understanding or arrangement that the expenses will be recovered in whole or in part.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

Revenues under "Power Supply Contract Recoveries" arise from the reselling of power and recovery from electricity consumers of the cost of power supply agreements of the Ontario Electricity Financial Corporation (OEFC), the legal continuation of the former Ontario Hydro.

Power purchase contracts were entered into by the former Ontario Hydro with non-utility generators (NUGs) located in Ontario. As the legal continuation of Ontario Hydro, as of April 1, 1999, the OEFC is the counterparty to these contracts. The contracts provide for the purchase of power at prices that were expected to be in excess of market prices. Accordingly, a power purchase contract liability was recorded. Under legislated reforms to the electricity market, OEFC began receiving actual contract prices for power from ratepayers, effective January 1, 2005, and no longer incurs losses on these power purchase contracts. At that time, the Ministry of Finance estimated that the bulk of the liability would be eliminated over 12 years, as existing electricity contracts expire. As a result, OEFC is amortizing the bulk of the liability to revenue over that period. In addition, effective January 1, 2009, OEFC entered into a support contract with Ontario Power Generation (OPG) whereby OPG agreed to maintain the reliability and availability of Lambton and Nanticoke coal-fired stations following implementation of a greenhouse gas emissions-reduction strategy up to the end of December 31, 2014. Under the contract, OEFC agreed to ensure OPG would recover the actual costs of operating the stations after implementing this strategy. Any costs to OEFC under this agreement were fully recovered from ratepayers. As at December 31, 2013, OEFC triggered an early termination clause in the contract to reflect the advanced closure of these plants by one year to the end of 2013. OPG was allowed to recover actual costs that could not reasonably be avoided or mitigated, during the period from the early shut down date until December 31, 2014, consistent with the original end date of the contract.

The electricity Debt Retirement Charge (DRC) is paid by electricity consumers based on consumption of electricity. The Electricity Act, 1998, allows for the DRC to be in place until the residual stranded debt is retired. Residual stranded debt originated from the restructuring of the former Ontario Hydro and the restructuring of the electricity sector. As announced in 2014, the government is removing the DRC from residential electricity users' bills, after December 31, 2015. The residential rate class accounts for about a third of electricity load subject to the DRC with the remainder of electricity load used by commercial, institutional and industrial consumers.

DETAILS OF REVENUE – Concluded

For the year ended March 31, 2015

The Reduction of Power Purchase Contracts represents the effective elimination over time of the power purchase contract liability. The amount of change reflects the deduction for estimated in-year losses used to calculate the liability prior to the legislated reforms to the electricity market that effectively eliminated over time the power purchase liability.

The Independent Electricity System Operator (IESO) was established under the *Electricity Act*, *1998*. It operates independently as a non-profit corporation without share capital. Licensed by the Ontario Energy Board (OEB), it reports to the legislature through the Ministry of Energy. The IESO directs the operation and maintains the reliability of the province's power system. The IESO balances demand for electricity against available supply through the wholesale market and directs the flow of electricity across the transmission system. IESO's revenue is derived primarily from OEB-approved fees for each megawatt of electricity withdrawn from the IESO-controlled grid.

The former Ontario Power Authority (OPA) was created under the *Electricity Restructuring Act, 2004,* to ensure an adequate long-term supply of electricity. Pursuant to amendments to the *Electricity Act, 1998,* as part of the *Building Opportunity and Securing Our Future Act, 2014,* the OPA and IESO amalgamated into a new entity also called the IESO, effective January 1, 2015. The new amalgamated entity continues to fulfill the mandates of both predecessor organizations.

1. Total Ministries' Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2014-15 were issued.

ONTARIO OPPORTUNITIES FUND

As at March 31, 2015

For the year ended March 31	**2015**	2014
Ontario Opportunities Fund		
Contributions from Ontarians[1]	$135,289	$126,598
	$135,289	**$126,598**

1. Represents money paid to the Province of Ontario for deficit/debt reduction.

HEALTHY HOMES RENOVATION TAX CREDIT

For the year ended March 31, 2015

Tax credit for the year ended March 31, 2014:

Expenditure Estimate	$85,775,700
Estimate of Actual Cost*.....	$14,600,000

The *Taxation Act, 2007* requires the Minister of Finance to compare the anticipated cost of the Healthy Homes Renovation Tax Credit (HHRTC) with the actual cost.

The cost of the HHRTC is lower than originally estimated because there were fewer claims than expected.

*The cost of the HHRTC in the 2013-14 fiscal year includes a portion of the credits for the 2014 tax year. The final actual cost will not be available until the Canada Revenue Agency has received and processed all tax returns for the 2013 and 2014 tax years.

TRILLIUM TRUST FUND

As at March 31, 2015

For the year ended March 31	**2015**	2014
Trillium Trust Fund		
Net Proceeds of dispostion from General Motors Shares [1]	$1,350,983,180	$0
	$1,350,983,180	**$0**

1. Represents the net proceeds of dispostion, dedicated to the Trillium Trust Fund, per Ontario Regulations 53/15 under the Trillium Trust Act, for the following:
   - the common shares sold by Canada GEN, on September 10, 2013 on behalf of Ontario ($249 million)
   - the Series A preferred stock redeemed by the General Motors Company on December 31, 2014
   - the common shares sold in 2014/15 by the Minister of Finance

Program Description

The Administration Program provides strategic management leadership and advice, legal counsel, communications, and administrative services in support of ministry and government priorities. Key functions include leadership and advice in results-based planning, financial management, controllership, and human resource management. The program also liaises with Ontario Shared Services, MTO Fleet, Ontario Internal Audit, the Land and Resources I&IT Cluster, HR Ontario, and French Language Services to ensure transparency and accountability.

* Includes Special Warrants of $6,500,000

Program Description

The Ministry of Agriculture and Food supports the province's agriculture, food, bio-product and horse racing sectors by: investing in agri-food and bio-product research; promoting the adoption of best management practices and new technologies; delivering assistance programs, including farm income stabilization; supporting investment attraction and retention for the food processing sector; and promoting Ontario agri-food and agri-product sales in domestic and export markets. The Ministry of Rural Affairs is committed to building strong and vibrant rural communities with diversified economies. MRA will continue to work collaboratively to develop and deliver timely economic development programs including infrastructure, as well as providing tools and information to rural communities in Ontario.

‡ Includes Special Warrants of $40,068,300

Program Description

The Policy Division is responsible for leading and coordinating the development of innovative, comprehensive and evidence-based advice, analysis, and recommendations in support of ministry and government priorities. Key functions include the development of policy and legislation, strategic planning, research and evaluation, performance measurement and maintenance of key indicators. Areas of responsibility are food safety, animal health, and environmental, economic and rural development, intergovernmental relations and trade. Staff in the division also manage funding for farm business risk management programs and the ministry's governance and accountability responsibilities for Agricorp.

Program Description

This program provides for the overall administration of the Ministry, supplying administrative and support services for the operating programs. The Corporate Services Management Division provides strategic support and advice to the Ministry in the areas of business and fiscal planning, human resources, emergency management, and facilities management. The Division also delivers shared services for Freedom of Information, French Language Services and security support to the justice sector ministries. As well, it provides service management for the centrally delivered audit and assurance services. The Division also oversees the Alternative Financing and Procurement (AFP) Project Office and the Diversity, Inclusion and Accessibility Office.

Ministry Administration also includes the Attorney General's Office, the Parliamentary Assistant's Office, the Deputy Attorney General's Office, and the Associate Deputy Minister's Office, as well as the Communications Branch and the Ministry Innovation Office.

* Includes Special Warrants of $82,172,900
ϖ Includes Special Warrants of $3,500
‡ Includes Special Warrants of $16,485,500

Program Description

This program manages the policy and legislative agenda, provides strategic and legal policy advice, oversees policy initiatives, and provides support and expertise to other divisions within the Ministry. Other responsibilities include the administration of public inquiries and the Ministry's Federal-Provincial-Territorial relations.

The Policy and Adjudicative Tribunals Division manages the Ministry's relationships with adjudicative tribunals. The following are the adjudicative tribunals: the Environment and Land Tribunals Ontario (includes Assessment Review Board, the Environmental Review Tribunal, the Conservation Review Board, the Ontario Municipal Board, and the Board of Negotiation), the Social Justice Tribunals Ontario (includes Landlord and Tenant Board, Human Rights Tribunal of Ontario, Social Benefits Tribunal, Custody Review Board, Child and Family Services Review Board, Ontario Special Education Tribunal), the Safety, Licensing Appeals and Standards Tribunals Ontario (includes License Appeal Tribunal, Animal Care Review Board, Fire Safety Commission, Ontario Civilian Police Commission, Ontario Parole Board), and the Criminal Injuries Compensation Board.

The Agency Relations Division manages the accountability relationship between non-adjudicative agencies and programs including: Legal Aid Ontario, the Alcohol and Gaming Commission of Ontario, the Ontario Human Rights Commission, the Human Rights Legal Support Centre, the Office of the Independent Police Review Director, the Special Investigations Unit, Public Accountants Counsel, and the Bail Verification and Supervision Program.

The Aboriginal Justice Division provides justice policy, legal and program advice to the Attorney General and leads the development of new programs and services to support Aboriginal Peoples in the justice system.

Ω Includes Special Warrants of $3,285,900

Program Description

This program supports the role of the Attorney General as Chief Law Officer of the Crown by ensuring that the administration of public affairs is in accordance with the law, through the provision of expert legal advice, advocacy and representation before tribunals and at all levels of court. This program conducts all litigation for and against the Crown in respect of any subject within the authority or jurisdiction of the Legislature.

This program includes the work of the Office of Legislative Counsel which is responsible for legislative drafting in English and French. This includes drafting bills for the Government and members of the Legislative Assembly and drafting regulations. The Office also provides related legal advice and editing and publishing services, including providing the content for the e-Laws website.

* Includes Special Warrants of $29,936,500
ϖ Includes Special Warrants of $79,800

Program Description

This program is responsible for the administration and functioning of criminal, civil, family and small claims courts in Ontario. These services are divided into three components: court administration, judicial services and court construction. Court administration and judicial services provides judicial, courtroom and court operation support, enforcement services, mediation programs and oversight of 52 municipal partners. Court construction, which is delivered by Corporate Services Division (Facilities Management and Alternative Financing Project branches), provides funding for new courthouses and large-scale renovations of existing court facilities to support a justice system that is modern, secure and accessible.

Program Description

This program delivers vital services to victims of crime, children, and vulnerable persons. Victims of crime are supported through the Ontario Victim Services program, which offers a wide array of services delivered both directly and through ministry funded community agencies. Mentally incapable adults receive personal and property guardianship services from the Office of the Public Guardian and Trustee, and the Office of the Children's Lawyer protects the personal and property rights of children before courts and tribunals. The Office for Victims of Crime, a statutory advisory agency, is also included in this program.

Program Description

The Auditor General, who is an Officer of the Assembly, conducts independent audits of government programs, the financial statements of the Province and numerous agencies of the Crown, broader public-sector organizations, and reviews under the authority of the *Auditor General Act* and various other statutes and authorities. The results of these audits and reviews provide assurance, objective information and advice to the Legislative Assembly. In doing so, the Office of the Auditor General assists the Assembly in holding the government, its administrators, and grant recipients accountable for their stewardship of public funds and for the achievement of value-for-money in the delivery of services to the public.

Additionally, under the *Government Advertising Act,* 2004, the Auditor General is required to review specified types of advertising and certain printed matter proposed by government offices to determine whether they meet the standards required by that Act.

Under both Acts, the Auditor General reports the results of the work conducted each year directly to the Legislative Assembly.

As required by the *Fiscal Transparency and Accountability Act*, 2004, in an election year the Auditor General is also required to review and report on the reasonableness of a Pre-Election Report prepared by the Ministry of Finance.

* Includes Special Warrants of $5,485,000

Program Description

The Office conducts general elections and by-elections of Members to the Legislative Assembly and provides research, public information and policy advice relating to the electoral process. The Office also trains, directs and supervises the returning officer in each of the 107 electoral districts.

The Chief Electoral Officer also administers the *Election Finances Act.* Over 430 Constituency Associations and 21 registered political parties must file annual returns and inform Elections Ontario of any changes to registration information. Any form filed with Elections Ontario is reviewed for compliance with the Election Finances Act.

The Office has responsibility to administer referenda under the *Taxpayer Protection Act,* 1999.

The Office serves Ministries, agencies and the public on a continuing basis by conducting historical and comparative research and providing policy advice and general information regarding the electoral process.

* Includes Special Warrants of $3,948,300

Program Description

Children and Youth Services programs include Healthy Child Development, Children and Youth at Risk, Specialized Services and the Ontario Child Benefit. Healthy Child Development supports a range of screening, assessment and early intervention services for children and their families, such as: Healthy Babies Healthy Children, Infant Hearing Program and Preschool Speech and Language services. In 2014-15, parent support programs are being transferred to the Ministry of Education. The Children's Activity Tax Credit refunds a portion of fees paid towards eligible activities for children, including arts, music and physical activity programs, regardless of family income level. Children and Youth at Risk includes Child Protection, residential and community-based programs and services, Child and Youth Mental Health, Aboriginal children and youth services, Youth Opportunities and Youth Justice Services for youth-in, or at-risk for, conflict with the law. In particular, Youth Opportunities initiatives provide services for diverse and at-risk youth, including employment and outreach, such as the Youth Outreach Worker Program, the Jobs for Youth program, the Youth in Policing Initiative, and the Youth Opportunities Fund. Specialized Services support children and youth with a range of special needs, including autism services, rehabilitation services (speech/language, occupational and physical therapy), and respite programs, and support for children and youth with complex special needs. The Ontario Child Benefit is an income-tested, non-taxable financial benefit that supports low to moderate-income families with children under the age of 18, whether they are working or not. The Ontario Child Benefit Equivalent is provided to children's aid societies to provide children and youth in care with increased access to social, educational and recreational opportunities and a savings program for older youth in care. The Ontario Child Care Supplement for Working Families (OCCS) is a tax-free monthly payment for low- to moderate-income working families with children under seven years of age, born prior to July 1, 2009. A Local Poverty Reduction Fund will be established to support innovative poverty reduction efforts across the province. The fund will also be used to help communities with mobilization efforts in poverty reduction by providing capacity funding over the next five years.

Ω Includes Special Warrants of $1,650,000

Program Description

The Citizenship and Immigration Division has lead responsibility for immigration, the voluntary/not-for-profit sector, and honours and awards. The Division works to ensure that immigrants can contribute fully to the social and economic life of the province; allows Ontario to select or “nominate” individuals for permanent resident status to the federal government; volunteers and their organizations can contribute fully to the economic and social fabric of Ontario's communities; and individuals who have made extraordinary contributions within their communities are recognized.

* Includes Special Warrants of $14,059,000
