A GUIDE TO PUBLIC ACCOUNTS

1. Scope of the Public Accounts

The 2003-2004 Public Accounts of the Province of Ontario comprise the **Annual Report and Financial Statements** and three volumes:

Volume 1 contains the Consolidated Revenue Fund schedules and Ministry statements. It provides a comparison of actual expenses to appropriations. The Consolidated Revenue Fund reflects the financial activities of ministries on an accrual basis.

Volume 2 contains the financial statements of significant provincial crown corporations, boards and commissions which are part of the government's reporting entity and miscellaneous financial statements.

Volume 3 contains detailed schedules of payments made from the Consolidated Revenue Fund by ministries to vendors and transfer payment recipients. It also contains the Ontario Public Salary Disclosure.

2. A Guide to Volume 1 of the Public Accounts

(1) Schedules of Revenue and Expenses

(2) Schedules of Financial Transactions

(3) Schedules of Assets and Liabilities Balances

(4) Ministry Statements

A Government-wide tabular Summary of Appropriations and Actuals Voted and Statutory Expenses and Assets is provided as an introduction to this section on pages 4-2 to 4-7. Loans administered by the Ontario Financing Authority on behalf of the Province are not included. Individual ministry reports of financial activity are provided on pages 4-9 to 4-357. The following six separate statements are presented for each ministry as applicable.

(a) "Summary Statement of Expenses and Assets by Program"

This Statement provides an overview of the expenses and assets by program compared with the related appropriations.

(b) "Statement of Expenses and Assets by Program and Activity"

This statement, prepared for each ministry program, is designed to show the activities comprising the program. The appropriation for each activity is analyzed according to funds appropriated through the Estimates or approved by Management Board and the total is compared to the actual amount spent for the fiscal year. Statutory payments (denoted as "S") are reported separately. The "program description" narrative contained in the Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenses and Assets by Activity and Standard Accounts Classification"

This statement reports the actual ministry expenses and assets for each program on the basis of the Standard Accounts Classification within each activity. Where applicable, Statutory amounts are shown separately under the Standard Accounts Classification relating to each program.

The following is a brief outline of the types of expenses and assets included in each of the eleven Standard Accounts Classification:

<u>EXPENSES</u>

Salaries and Wages

Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to employees.

Employee Benefits

Includes the government's contribution as an employer to the Canada Pension Plan; the Ontario Public Service Employees' Union Pension Plan; the Public Service Pension Plan; Employment Insurance; the Workplace Safety and Insurance Board; and other employee benefit plans.

Transportation and Communication

Includes travelling expenses of employees on government business and recipients of government services, such as wards of the province; relocation expenses of employees who are transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone and data communications.

Services

Includes information services, such as, advertising and communication services provided by professional agencies and advertising placed directly with the media; rental and purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and Equipment

Includes provision for the purchase of all machinery and equipment including motor vehicles and computers, both new and used; and the purchase of all materials, supplies and utilities.

Transfer Payments

Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other Transactions

Includes special transactions, such as interest incentives and subsidies; guarantees honoured; losses on loans and repayable grants.

ASSETS

Deposits and Prepaid Expenses

Includes payments in advance of receiving related goods or services or in advance of being earned by transfer payment recipients, and which will be recorded in a non-asset standard account in a future fiscal year.

Advances and Recoverable Amounts

Includes payments to transfer payment recipients that will be repaid to the Province in a future fiscal year.

Loans and Investments

Includes payments to debtors under loan agreements and investments in the shares of Crown corporations or other entities.

Tangible Capital Assets

Includes acquisition and construction of buildings and roads: and the acquisition of land.

(d) "Statement of Revenue"

This ministry statement reports the fiscal year revenues analyzed by the standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility related loans and investments made from the Consolidated Revenue Fund.

(f) "Statement of Other Liabilities — Net Transactions"

This statement reports on a comparative basis the net transactions in the appropriate deposit accounts. Reporting by a ministry generally denotes responsibility related trust administration account Consolidated Revenue Fund.

SOURCES OF ADDITIONAL INFORMATION

Province of Ontario Annual Report and Financial Statements

The government has prepared an Annual Report and the Financial Statements which gives financial and economic highlights of the past year and reports on performance against the goals set out in the Budget. For electronic access to Province of Ontario Annual Report, visit the Ministry of Finance website at www.gov.on.ca/fin.

The Ontario Budget

The Ontario Government presents a Budget each year, usually in the early spring. This document outlines expected expense and revenue for the upcoming fiscal year. For electronic access to the Ontario Budget, visit the Ministry of Finance website at www.gov.on.ca/fin and click on "Budget."

The Estimates of the Province of Ontario

The government's spending Estimates for the fiscal year commencing April 1 are presented to members of the Legislative Assembly following the presentation of the Ontario Budget by the Minister of Finance. The Estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the *Supply Act*.

Ontario Government Business Plans

Business Plans are published annually by each ministry, following the Ontario Budget and publication of the spending Estimates. The Business Plans highlight what each ministry has done over the previous year, what is planned for the coming year, what targets have been set and how results will be measured.
For electronic access go to: http://www.gov.on.ca/mbs/english/mbs/businessplans.html.

Ontario Finances

This is a quarterly report on the performance of the government's Budget for the fiscal year. It covers developments during a quarter and provides a revised outlook for the remainder of the year.
For electronic access go to: http://www.gov.on.ca/fin/english/oecoeng.htm.

Ontario Economic Accounts

This quarterly report contains data on the composition of Ontario's economic activity.
For electronic access, go to: http://www.gov.on.ca/fin/english/oecoeng.htm.

section 1

schedules of revenue and expenses

DETAILS OF REVENUE

For the year ended March 31, 2004

This schedule summarizes the sources of the Province's revenue by main classification. Ministry revenue schedules showing further detail within the main classifications are contained in Section 4 of this volume.

	2004 $
TAXATION	
Personal Income Tax	18,300,900,000
Retail Sales Tax	14,258,458,134
Corporations Tax	6,657,935,000
Employer Health Tax	3,752,963,133
Gasoline Tax	2,264,177,221
Tobacco Tax	1,349,772,691
Land Transfer Tax	899,506,117
Fuel Tax	680,592,098
Electricity Payments-In-Lieu of Taxes	627,000,000
Corporation Preferred Share Dividend Tax	205,084,794
Estate Administration Tax Act 1998	79,239,672
Mining Profits Tax	28,641,671
Gross Revenue Charge - Property Tax Component	30,629,184
Provincial Land Tax	9,701,108
Race Tracks Tax	6,000,000
Acreage Tax - The *Mining Act*	1,868,950
Athletics Commission	41,077
Commercial Concentration Tax	(1,671,316)
Succession Duty	(2,763,111)
TOTAL TAXATION	**49,148,076,423**

Personal Income Tax is collected by the Federal Government on behalf of the Province. The amount received by the Province is net of $989,684,313 for Ontario Tax Credits in 2003-04. The amount received is also net of $8,346,847 in administration fees charged by the Government of Canada in 2003-04.

The Ontario Personal Income Tax rates for 2002 are: 6.05% for taxable income of up to $31,893; 9.15% for taxable income between $31,893 and $63,786; and 11.16% for taxable income over $63,786. In 2003, the Ontario Personal Income Tax rates are: 6.05% for taxable income up to $32,435; 9.15% for taxable income between $32,435 and $64,871; and 11.16% for taxable income over $64,871. In 2004, the Ontario Personal Income Tax rates are: 6.05% for taxable income of less than $33,375; 9.15% for taxable income between $33,375 and $66,752; and 11.16% for taxable income over $66,752. Ontario non-refundable tax credits are provided for individual and family circumstances (e.g., basic amount, spouse, medical expenses), at the rate of 6.05% (11.16% for charitable donations in excess of $200), before calculating the provincial surtax or Ontario Tax Reduction. Ontario non-refundable tax credit amounts are indexed in 2002, 2003 and 2004.

Higher-income earners are subject to a surtax. For 2002, the surtax is equal to 20% of Ontario income tax in excess of $3,685, plus 36% of Ontario income tax in excess of $4,648. For 2003, the surtax is equal to 20% of Ontario income tax in excess of $3,747, plus 36% of Ontario income tax in excess of $4,727. For 2004, the surtax is equal to 20% of Ontario income tax in excess of $3,856, plus 36% of Ontario income tax in excess of $4,864.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2004

Ontario income tax is eliminated if Ontario tax is below a threshold amount. If Ontario tax exceeds the taxfiler's threshold amount, the individual may be eligible to pay a reduced amount of Ontario tax. For 2002, the basic threshold amount is $161 and the additional amount for each dependent child and disabled or infirm dependant is $328. For 2003, the basic threshold amount is $181 to which is added $334 for each dependent child and disabled or infirm dependant that the taxpayer is entitled to claim. For 2004, the basic threshold amount is $186 and the additional amount for each dependent child and disabled or infirm dependant is $343.

Ontario Retail Sales Tax is collected for the Province by registered vendors on the fair value, exclusive of any Federal Goods and Services Tax. The tax is levied on the purchaser of most tangible personal property and certain services at the general rate of 8% of the purchase price. For admission fees to a place of amusement that exceed $4.00 and alcoholic beverages sold at licenced establishments the rate is 10%. Alcoholic beverages sold through retail outlets are taxed at 12%. On transient accommodation, the rate is 5%. Auto insurance premiums are taxed at 1% effective April 1, 2003 until March 31, 2004. (The tax is eliminated for a premium due on or after April 1, 2004.) Other insurance premiums are generally taxed at 8%; however, individual life and health insurance premiums are exempt. Repairs and replacements made under warranty are taxed at 1% effective April 1, 2003 until March 31, 2004. (The tax is eliminated for repairs and replacements made under warranty as of April 1, 2004.) There is also a Tax for Fuel Conservation levied under the *Retail Sales Tax Act*. A progressive tax schedule is applied to purchases of new passenger and sport utility vehicles based on their highway fuel consumption ratings. A $100 tax credit is given to the purchaser of a new passenger car with a highway fuel consumption rating of less than 6.0 litres of gasoline or diesel fuel per 100 kilometres. Persons who produce their own beer and wine in a vendor's place are required to pay a tax of $0.13 per litre. Persons who produce other tangible personal property for own consumption are required to pay 8% tax on the fair value. The *Retail Sales Tax Act* provides a range of exemptions and rebates.

Corporations Tax is comprised of three types of taxes levied on corporations: income, capital and insurance premiums taxes. Details of these taxes follow.

Income tax: Effective January 1, 2004, the general rate of corporate income tax was increased from 12.5% to 14%. Active business income from manufacturing and processing, mining, logging, fishing and farming is subject to a lower rate of tax (11% effective October 1, 2001, and 12% effective January 1, 2004). Small Canadian-controlled private corporations are also eligible for a reduced rate of tax. Effective January 1, 2003, this rate was reduced from 6% to 5.5%. The benefit of the small business rate phases out between $400,000 (increased from $320,000 effective January 1, 2004) and $1,128,519 (increased from $800,000 effective January 1, 2004) of taxable income. The Province also levies a corporate minimum tax ("CMT"), which effectively acts as a pre-payment of regular corporate income tax. CMT is levied at a rate of 4%. The Province offers a variety of refundable tax credits which act as incentives for particular activities. These refundable tax credits, which range in rate from 10% to 30% of qualifying expenditures, are the: (i) Ontario innovation, (ii) co-operative education, (iii) Ontario film and television, (iv) Ontario graduate transitions, (v) Ontario book publishing, (vi) Ontario computer animation and special effects, (vii) Ontario business-research institute, (viii) Ontario production services, (ix) Ontario interactive digital media, and (x) Ontario sound recording tax credit. The Province also offers incentive deductions in computing income for expenditures on pollution control equipment, new technology, new school buses, research and development, workplace childcare facilities, workplace accessibility for persons with a disability, and for new teaching equipment and learning technologies that are donated or provided at a special discounted price to Ontario's post-secondary institutions.

Ontario provides corporate tax incentives for electricity generated from renewable or alternative sources and electricity conservation including a 10 year corporate income tax holiday, additional 100% asset write-offs and a capital tax exemption.

Insurance premiums tax: Insurance companies are subject to a 2% insurance premiums tax on accident, sickness and life insurance premiums, 3% on any other type of insurance premiums and an additional 1/2% on property insurance premiums. Other corporations are also subject to these same rates of insurance premiums tax on premiums paid to unlicensed insurers. All corporations are also subject to a 2% insurance premiums tax for payments made in respect of uninsured benefit arrangements.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2004

Capital tax: Corporations are generally subject to capital tax at a rate of 0.3% on capital used in Ontario. All Ontario corporations are exempt from capital tax on the first $5 million of taxable capital. Insurance corporations do not pay regular capital tax. However life insurers instead pay a special additional tax at a rate of 1.25% of capital in Ontario with a $10 million exemption, with income tax and CMT creditable against this tax. Capital tax generally applies to financial institutions at a two-tier rate: 0.6% on a financial institution's adjusted taxable paid-up capital up to $400 million and 0.9% on any excess. Non-deposit taking financial institutions with taxable paid-up capital over $400 million pay capital tax at the rate of 0.72%. Large financial institutions may reduce their capital tax where they make eligible investments in Ontario small businesses under the Small Business Investment Tax Credit.

The Employer Health Tax is paid by employers on their Ontario payroll. Employers with total Ontario remuneration of $200,000 or less calculate tax payable at a rate of 0.98%; employers with total Ontario remuneration between $200,000 and $400,000 calculate tax payable at graduated rates between 0.98% and 1.95%; and employers with total Ontario remuneration in excess of $400,000 calculate tax payable at 1.95%. Beginning in 1999, a tax exemption is provided for the first $400,000 of total Ontario remuneration paid by private sector employers.

Gasoline Tax is levied on gasoline and propane used in a licensed motor vehicle, and aviation fuel used to power aircraft. The tax rate for gasoline is 14.7 cents per litre. The tax rate for propane used in licensed motor vehicles is 4.3 cents per litre. The tax rate for aviation fuel used in powering aircraft is 2.7 cents per litre. The majority of tax is collected for the Province by Ministry-designated gasoline, propane, and aviation fuel wholesalers.

Tobacco Tax covers all forms of tobacco products. Originally for the fiscal year the specific tax per cigarette and per gram of fine cut tobacco and all other tobacco products except cigars was 8.6 cents. The rate increased to 9.85 cents on November 25, 2003 as a result of the measures introduced in the 2003 Fall Economic Statement. The rate of tax on cigars is 56.6% of the taxable price. The majority of tax is collected for the Province by Ministry designated tobacco and cigar wholesalers.

Land Transfer Tax is collected on the transfer of land. One-half of 1% is levied on the value of consideration for the conveyance up to and including $55,000; 1.0% on the value of consideration exceeding $55,000 up to and including $250,000; 1.5% on the value of consideration exceeding $250,000; and, where the value of the consideration exceeds $400,000 and the property contains one or two single family residences, an additional tax of one-half of 1% applies on the value of consideration exceeding $400,000. First time home buyers who purchase newly constructed homes are eligible to receive a refund of land transfer tax of up to $1,725 on homes purchased after May 7, 1996. The maximum refund was increased to $2,000 for agreements of purchase and sale entered into after March 31, 1999. In 2000, the refund program was made permanent.

Fuel Tax is levied on every purchaser of clear middle distillate fuel used in internal combustion engines. The fuel tax rate is 14.3 cents per litre, unless the fuel is used in railway equipment, in which case the rate is 4.5 cents per litre. The majority of tax is collected for the Province by Ministry designated wholesalers.

Electricity Payments-In-Lieu of Taxes represents payments-in-lieu of corporate income, capital and property taxes made by Ontario Power Generation Inc., Hydro One and municipal electric utilities.

The Federal government remits to the province 35 per cent of the net taxes that it collects with respect to preferred share dividends paid by corporations with operations in Ontario.

The Estate Administration Tax is payable by the estate of a deceased person on the issuance of a certificate of appointment of an estate trustee by an Ontario Court. The amount of tax is equal to 0.5% of the first $50,000 of the value of the estate and 1.5% of the value of the estate exceeding $50,000.

Ontario levies a mining tax on profits in excess of $500,000 from the extraction of mineral substance. Effective January 1, 2003, the rate was reduced from 14% to 12%. Effective January 1, 2004, the rate was further reduced to 10%. Remote mines are eligible for a reduced tax rate of 5%.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2004

The Gross Revenue Charge (GRC) is payable to the Ministry of Finance by hydro-electric generating stations owners and water power leaseholders. Effective January 1, 2001, the existing property taxes and water rental charges paid by hydro-electric generating station owners and water power leaseholders were replaced with taxes and charges on the gross revenues of hydro-electric generating stations. The Property Tax component is included as taxation for the Province and the Water Rental component of the GRC is included under Other Revenue - Royalties (page 1-11).

Prior to January 1, 2003, every telephone and telegraph company doing business in Ontario were required to pay a Gross Receipts Tax (GRT) in lieu of property taxes on their "poles and wires". This tax has now been phased out. For 1999, the tax was levied at a rate of 4% on the gross receipts of these companies. The tax rate fell to 3% in 2000, 2% in 2001, 1% in 2002 and 0% for 2003.

Provincial Land Tax is collected in areas without municipal organization on real properties at the rate of 1.5% of taxable assessment. Separate schedules of rates for gas pipelines and oil pipelines are used which correspond to the schedules for municipal taxation, as set out in the *Assessment Act.*

Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, was levied at the rate of 0.5% on all wagers.

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of $1 in organized municipalities and $4 in unorganized municipalities.

The *Athletics Control Act* states that every person conducting a professional boxing or wrestling contest or exhibition shall pay to the minister an amount not less than 1% and not more than 5% of the gross receipts in respect of such contests or exhibitions.

The Commercial Concentration Tax was introduced effective January 1, 1990, to help fund the transportation infrastructure improvements proposed under the Transportation Capital Program. The tax was payable by the owners of designated commercial properties at the rate of $10.75 per square metre in the Greater Toronto Area, but was phased out in the 1993 budget for 1994 and subsequent years.

The *Succession Duty Act* came into force in July 1892. Although the Act was repealed in 1979 and succession duties were eliminated for deaths after April 10, 1979, the property of those who died on or before that date remained subject to duty under the terms of the *Succession Duty Act Supplementary Provisions Act*, 1980. Effective May 9, 2001, no further succession duty is payable, other than amounts due before that day.

TOTAL GOVERNMENT OF CANADA	**9,893,043,109**

Canada Health and Social Transfer (CHST) is a block fund contribution by the federal government in respect of social programs under the *Federal-Provincial Fiscal Arrangements Act*. To receive the federal cash contribution, provinces must comply with the *Canada Health Act* and may not impose a residency requirement in determining eligibility for social assistance.

CHST base cash entitlements nationwide are equal to $20.8 billion, including Supplements. The federal government allocates this amount among provinces and territories making use of a formula that takes into account provincial population and the value of personal and corporate income tax points transferred to provinces in 1977-1978.

Social Housing reimbursements are the federal portion of the cost of subsidizing low-rental housing programs. The Province receives funding from the Canada Mortgage and Housing Corporation (CMHC) to administer social housing in Ontario.

The Health Reform Fund was established at the February 2003 First Ministers' Meeting. The fund was created by the federal government to fund provincial-territorial expenditures in the areas of primary care reform, home care and catastrophic drug coverage. Health Reform Fund entitlements were $1 billion nationwide in 2003-04, and are distributed on a per capita basis.

SARS Compensation was a one-time transfer to Ontario to compensate for expenses borne by the Province due to the outbreak of severe acute respiratory syndrome (SARS).

The Diagnostic/Medical Equipment Fund was created at the February 2003 First Ministers' Meeting to assist provinces and territories in purchasing new diagnostic and medical equipment to improve public access to publicly provided diagnostic services.

Indian Welfare Services Agreement payments are contributions to assist the Province in providing welfare services and programs to persons living on Indian reserves. Under the agreement, the welfare services and programs that are provided on reserves are equal to those available to persons living in other communities.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2004

Infrastructure funding to Ontario is provided through a number of agreements that support construction, renewal, improvement and expansion of infrastructure.

Young Offenders Act authorizes payments, from the federal government, to reimburse the Province for a share of the cost of providing specified juvenile justice services. The latest agreement covers fiscal years 2000-01 to 2004-05.

The Primary Health Care Transition Fund was announced in September 2000 by the federal government. The aim of the fund is to accelerate health care renewal in provinces and territories by supporting transitional costs of reform initiatives.

Legal Aid payments are the federal government's contribution to assist in providing minimum standards of legal aid in accordance with the Agreement Respecting Legal Aid in Criminal Law, Youth Criminal Justice Act and Immigration and Refugee Matters. The federal contribution is based on historical federal funding patterns and provincial population. In March 2004, the federal and provincial government signed a new three-year cost-sharing agreement. The new agreement covers funding from April 1, 2003, to March 31, 2006 and includes new funding for innovative projects.

The Employability Assistance for People with Disabilities (EAPD) agreement permits the federal government and Ontario to share costs equally for the vocational rehabilitation of disabled persons and for offering alcohol and drug rehabilitation programs.

Bilingualism Development reimbursements are the federal government's portion of the cost of providing services in both official languages and of providing adequate educational facilities for teaching the second official language. The federal government also contributes to Ontario's initiatives in French-language schools, such as the establishment of administrative structures in new French-language school boards, and initiatives designed to improve the achievements of French-language students.

Employment Insurance Training is a contribution agreement, between Ontario and the federal government, under which the federal government reimburses the Province for training EI eligible clients. Funds are provided under the skills development employment benefit established by the Canada Employment Insurance Commission.

Student Assistance includes Canada Study Grants and the administration of Canada Student Loans and Canada Millennium Scholarships. Canada Study Grants are provided to students with dependants, high-need part-time students, students with disabilities, and women in doctoral studies.

The Federal Hepatitis C Undertaking was created to provide better health care to people who contracted Hepatitis C through the national blood supply and prevent further transmission of this disease. Payments to Ontario will be provided by Health Canada, through the Hepatitis C Undertaking Agreement.

The Immigration Holds Agreement represents reimbursement by the federal government for the cost of detaining people awaiting an immigration examination, inquiry or removal.

Other payments from the federal government included:

a) Annual subsidies of $7,999,827 under the *Constitution Act, 1907*, and interest of $82,494 on the Common School Fund.

b) $3,402,873 for the Canada-Ontario Agreement on Community Access, which provides support for libraries to upgrade and sustain existing infrastructure, and to support public access to the internet through the Ontario public library system.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2004

Income from Government Enterprises represents amounts received by the Province from government business enterprises.

The Ontario Lottery and Gaming Corporation (OLGC) conducts lottery games, and operates commercial casinos, charity casinos, and slot machines at sixteen Ontario racetracks on behalf of the Province of Ontario. The Province consolidates the net income from OLGC's lotteries, charity casinos and slot machines at racetracks. In addition to the net income, the Province also earns revenue equivalent to 20% of gaming revenue from slot machines at the Great Blue Heron charity casino.

These proceeds were allocated to the following Ministries and programs: $100 million in grants for charities to the Ontario Trillium Foundation, $21 million to the Ministry of Health and Long-Term Care to support problem gambling and related programs for prevention, treatment and research, with the balance being applied to the Ministry of Health and Long-Term Care for the operation of hospitals.

The Province also consolidates revenue generated from two sources from OLGC's three commercial casinos. The first is equivalent to 20% of gaming revenue from Casino Windsor, Casino Niagara, and Casino Rama. The second is comprised of the net income earned by the Corporation from Casino Windsor, and Casino Niagara. Net income earned from Casino Rama is directed to the First Nations Fund for distribution to First Nations across Ontario and is not included in the amount reported here.

Liquor Control Board of Ontario (LCBO) profits are generated primarily from markups on beer, wine and spirits sold through the LCBO. Markups vary by type of product.

Hydro One Incorporated (HOI) and Ontario Power Generation Incorporated (OPG) were created as part of the restructuring of the former Ontario Hydro. Net income from these two corporations is consolidated in the Province's finances. OPG revenue is derived primarily from the sale of electricity from its generating stations. HOI revenue is derived primarily from the transmission and distribution of electricity.

Sales and Rentals are proceeds from the disposal of real property, supplies, equipment, services and goods produced in Provincial institutions including sales of real property to crown corporations, revenue from property rentals, leasing of Crown land, and asset refinancing.

Vehicle registration fees are for the authorization to operate a motor vehicle upon a public road. For commercial vehicles and buses the fee ranges from $66 to $2,722. Fees for passenger cars and light commercial vehicles weighing 3,000 kilograms or less used for personal purposes are $74 per year in Southern Ontario and $37 per year in Northern Ontario. Fees for motorcycles and mopeds are $42 and $12 per year respectively in Southern Ontario and $21 and $12 per year respectively in Northern Ontario. Driver examination fees are payments for the written and road tests required to obtain a driver's licence. All driver and vehicle revenues are reported net of any commission earned by the private issuers.

Liquor licences and permits collected by the Alcohol and Gaming Commission of Ontario include liquor sales licences, mini bar licences, endorsements, liquor delivery services licences, brew on premise licences, special occasion permits and manufacturer's licences.

The registrars fees consist of fees collected by the Ontario Court (General Division) in estates matters as set by O.Reg. 393/90 made under the *Administration of Justice Act* and the issuing, signing and filing fees for court related documents in civil matters.

Personal Property registration service fees are remittances for the registration and searches of personal property pledged as collateral to secure a loan. The fees are collected at the time of registration or search.

Gaming-related fees collected by the Alcohol and Gaming Commission of Ontario include fees for registering commercial suppliers and gaming employees of charitable gaming events, casinos, charity casinos and slot machine facilities. Also included are fees for issuing licences to conduct and manage lottery schemes such as raffles.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2004

Fees for the Drive Clean Program are chargeable to the public for vehicle emission testing, known as a "Drive Clean test". Also, an accreditation fee, which varies depending on the type of facility, as well as a fixed annual renewal fee, is chargeable to garages for certification as Drive Clean facilities.

Companies service fees are remittances for registration, searches and certificates pertaining to incorporations, limited partnerships and business names. The fees are collected at the time of registration or search.

Land registration service fees are remittances for the registration and searches of records of ownership and encumbrances affecting real property. The fees are collected by the land registry offices at the time of registration.

In accordance with Ontario Regulation 300/98, as amended and Section 25 of the *Financial Services Commission of Ontario Act* 1997 S.O. 1997 C.28, the Province recovers all expenses incurred by the Insurance Sector of the Financial Services Commission of Ontario.

The Ontario Securities Commission (OSC) is a self-funded regulatory body responsible for overseeing the securities industry in Ontario. The *Securities Act* specifies various regulatory requirements which must be followed by market participants. Fees generated by the OSC are based on the concept of "participation fees" and "activity fees". Participation fees represent the benefit derived by market participants from participating in Ontario's capital markets. Activity fees represent the direct cost of Commission staff resources expended in undertaking certain activities requested of staff by market participants.

Effective January 1, 2001, persons who by virtue of an agreement, lease or other writing are entitled to occupy public lands are required to pay a water rental charge calculated at a rate of 9.5 % on gross revenues from the annual generation from hydro-electric-generating stations. This is the Gross Revenue Charge - Water Rental component referenced on page 1-6.

Crown Charges - Forestry are remittances for the harvesting of Crown timber. Charges are based on tree species, end-products produced and harvest volume. A base charge per cubic metre, adjusted annually, is established as a minimum. The base charge for most harvested timber during 2003-2004 was $3.60 per cubic metre. A residual value charge, based on a percentage of the difference between the cost of manufacturing and the selling price of the forest product, is also assessed. This component is adjusted monthly and varies from $0.00 to $20.00 per cubic metre depending on market conditions. In addition, a forest renewal charge is levied to provide dedicated funding for forest renewal.

The Province completed the sale of its 50% ownership in Teranet in 2003-04. As part of this transaction, the Province agreed to suspend royalties from Teranet for a period of 13.67 years to March 31, 2017 in exchange for a lump sum payment of $205 million. The $205 million represents deferred royalties to be earned by the Province in future years and have been recognized in the Province's accounts as deferred revenue. The deferred revenue is amortized to revenue over the life of the royalty suspension agreement.

Recovery of Prior Years' Expenditures are monies recovered subsequent to the fiscal year in which the related expenditures were made. Except for the timing of the recoveries, they would have been classified as expenditure refunds in the previous fiscal year.

As part of Local Services Realignment, responsibility for a number of programs was transferred to municipalities. As a transition measure, the Province will continue to deliver some of these programs on behalf of municipalities pending program transfer. The Province has been reimbursed for these expenditures from the municipalities for delivery of these programs on their behalf.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

The Electricity Debt Retirement Charge is paid by ratepayers based on consumption of electricity and will continue until the residual stranded debt transferred from the former Ontario Hydro is eliminated.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2004

Power sales revenue arises from the re-selling of the electricity purchased by OEFC, the legal continuation of the former Ontario Hydro, under the power purchase contracts with non-utility generators (NUGs) signed by the former Ontario Hydro.

The Independent Electricity Market Operator (IMO) is a not-for-profit corporate entity established in 1998 by the Government of Ontario. The IMO manages Ontario's electricity grid to meet the province's power needs and balances demand for electricity against available supply through the wholesale market. IMO revenue is derived primarily from system fees based on approved rates for each megawatt of electricity withdrawn from the IMO-controlled grid.

Net Reduction of Power Purchase Contracts represents the net decline in the valuation of the expected stream of losses under the NUGS contracts. The valuation changes due to several factors: an interest amount is added to the liability, the estimated in-year losses are deducted, and an annual amortization is recognised for the unrealized revaluation change in the estimated value of the power purchase liability.

	2004 $
TOTAL REVENUE	**68,399,795,960**

See Summary of Revenue by Main Classification and Ministry, page 1-14.

*Standard accounts classification is explained on page iii-v. Statutory expense has been allocated to the appropriate Standard Accounts.
Recoveries of expenses by standard accounts are netted at the ministry level to reflect the Estimates structure.

** Expenses are reclassified for the recoveries related to Seconded Legal Services (Ministry of Attorney General), Economics and Business Cluster Info. Tech. (Ministry of Labour) and Integrated Internal Audit Services, Information & Information Technology Services and Business Services (Management Board Secretariat) and Central Agencies Info. & Info. Tech. (Ministry of Finance).

1. Total CRF Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2003-04 were issued.
2. Ministry reclassification adjustments are to reclassify expenses to new ministry structure.

*Standard accounts classification is explained on page iii-v. Statutory expense has been allocated to the appropriate Standard Accounts.
Recoveries of expenses by standard accounts are netted at the ministry level to reflect the Estimates structure.
** Expenses are reclassified for the recoveries related to Seconded Legal Services (Ministry of Attorney General), Economics and Business Cluster Info. Tech. (Ministry of Labour) and Integrated Internal Audit Services, Information & Information Technology Services and Business Services (Management Board Secretariat) and Central Agencies Info. & Info. Tech. (Ministry of Finance).
1. Total CRF Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2003-04 were issued.
2. Ministry reclassification adjustments are to reclassify expenses to new ministry structure.

DEPOSITS AND OTHER LIABILITIES — NET TRANSACTIONS

For the year ended March 31, 2004

This schedule summarizes the net transactions of deposits accounts during the year. The Minister of Finance holds these accounts as custodian and all monies received serve to increase the liabilities of the Province. All payments made from these accounts serve to decrease the liabilities of the Province. Where payments exceed deposits the resulting balance is shown in brackets. The year end balance in each account is provided on pages 3-7 to 3-10 in the Schedules of Assets and Liabilities Balance together with some explanatory information.

	26,370,078,436	22,625,023,468

* Financial statements of these Corporations, Boards and Commissions are shown in Volume 2, Public Accounts of Ontario.

On April 1, 1999, under the *Energy Competition Act*, 1998, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro: The Ontario Electricity Financial Corporation, Ontario Power Generation Inc., Hydro One Inc. (formerly Ontario Hydro Services Company), the Independent Electricity Market Operator and the Electrical Safety Authority.

The Ontario Electricity Financial Corporation (OEFC) was established as the legal continuation of the former Ontario Hydro. The OEFC is an agency of the Province of Ontario and is responsible for servicing and retiring the former Ontario Hydro's debt and managing certain other legacy liabilities. The Province, on behalf of OEFC has borrowed $1,978,212,000 from the Canada Pension Plan and has issued bonds, treasury bills and U.S. commercial papers in the public markets of $14,413,212,204 Canadian dollars. The proceeds of all such borrowings have been advanced to OEFC in exchange for bonds with like terms and conditions. In addition, the Province has advanced to OEFC a term loan in the amount of $2,500,000 as of March 31, 2004.

The Ontario Power Generation Inc.(OPG) and Hydro One Inc.(HOI) entered into a debt-for-equity swap with the Province of Ontario in order to have capital structures competitive with those of other industry participants. The Province assumed $8,885 million of the debt issued by the two corporations to OEFC in exchange for $5,126 million in equity from OPG and $3,759 million in equity from HOI. In addition, OEFC owed HOI for a working capital adjustment in the amount of $122 million on the initial transfer of assets to HOI on April 1, 1999. HOI agreed to settle this amount as a reduction of their Shareholder's Equity account. In effect, the Province settled the amount on behalf of OEFC, resulting in a reduction of the equity in HOI to $3,637 million.

The Ontario Municipal Economic Infrastructure Financing Authority (OMEIFA) was established as a Crown Agency under the *Ontario Municipal Economic Infrastructure Financing Act, 2002*. OMEIFA's mandate is to substantially reduce infrastructure financing costs for municipalities by providing low-interest loans. A start-up endowment of $1.0 billion from the Province in a form of a fifty year loan in exchange for a promissory note which matures on March 31, 2053 is being used as a reserve fund by OMEIFA. As a result of the May 2004 Ontario Budget, OMEIFA became Ontario Strategic Infrastructure Financing Authority (OSIFA). OSIFA will assume a broader mandate by also providing financing to hospitals, school boards, colleges and universities, and affordable housing providers.

LOANS AND INVESTMENTS - CORPORATIONS, BOARDS AND COMMISSIONS - Continued

As at March 31, 2004

On behalf of the Province, and various provincial Crown corporations and other public bodies, the Ontario Financing Authority (OFA) coordinates borrowing and financial risk management activities; offers short-term investment management services; advises on project financing; and provides centralized finance and cash-management services. Acting as an intermediary for the Province, the OFA provides financing to various public bodies, the repayment of which is expected from third party revenues. The funds for these loans are borrowed from the Province. The OFA also operated the Province of Ontario Savings Office (POSO) until March 31, 2003, which offered deposit - taking services to the public. POSO was sold to Desjardins Credit Union Inc. on March 31, 2003.

In 1997/98, as part of the wind-down of the Ontario Aerospace Corporation, the Corporation transferred a $49 million promissory note from Bombardier Inc. to the Province.

Ontario Northland Transportation Commission operates a railroad and maintains communication services to and within the northern regions of the Province including bus and marine services. The Province's total advance of $35,207,935 is non-interest bearing. The Province provided subsidies of $27,570,100 in fiscal year 2003-2004 (2002-2003 $22,357,838). After subsidies, the Commission recorded a net loss of $7,010,000 in calendar year 2003 (2002 net loss $4,849,000).

Ontario Northland Transportation Commission - Operating Line of Credit: Pursuant to Orders-in-Council and *Ontario Northland Transportation Commission Act, R.S.O. 1990*, the Ontario Northland Transportation Commission (ONTC) was authorized to borrow up to a total of $27 million, under an operating line of credit, until March 31, 2004, subject to such terms as may be required by the Ontario Financing Authority(OFA). As of March 31, 2004, ONTC has borrowed $24 million and was reported under loans to OFA.

The Province provided an interest bearing advance to the North Pickering Development Corporation of $5,701,386 to cover operating expenditures. The total outstanding amount is now $ 9,952,498 including the accrued interest of $ 2,132,453 and the 2003-04 advances of $1,129,350. The advances, including the interest will be repaid from the proceeds realized on the eventual sale of land.

LOANS TO LOCAL GOVERNMENTS

As at March 31, 2004

	2004 $	2003 $
City of Toronto	175,251,784	183,750,000
Tile Drainage Debentures	29,817,946	34,740,678
The *Shoreline Property Assistance Act*	638,090	693,033
	205,707,820	219,183,711

The Province provided transitional funding to the new City of Toronto as an interest-free loan repayable over the next ten years.

The *Tile Drainage Act* authorizes the Minister of Finance to purchase, acquire and hold debentures issued by municipalities for construction of private tile drainage works. These debentures are payable within ten years of the issue of the debentures.

The objective of the *Shoreline Property Assistance Act* is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

OTHER LOANS

Union dues receivable (OPSEU)		-	64,428
		1,096,414,627	833,463,450

The Ontario Student Loan Trust was created in August 2001 to loan funds to students in attendance at approved educational institutions in the Province. Funds are borrowed from the Province and advanced to individual students on application to and approval by the Student Support Branch of the Ministry of Training, College and Universities.

Pursuant to Subsection 82(4) of the Pension Benefits Act, the Minister of Finance is authorized to provide interest free loan to the Pension Benefits Guarantee Fund (PBGF) if at any time the amount standing to the credit of the Fund is insufficient for the purpose of paying claims including those arising in respect of the Non-Contributory Pension Plan covering Hourly Paid Bargaining Unit Employees of Algoma Steel Inc. and the Algoma Steel Inc. Salaried Employees Pension Plan for Employees in Canada. In 2003-04, the Province granted a loan of $330 million to PBGF, repayable in thirty equal annual instalments of $11 million commencing December 1, 2004. The unamortized discount represents the amount of the portion of the grant on concessionary loan.

On April 1, 1999, Independent Electricity Market Operator (IMO), was also established as one of the five corporations from the former Ontario Hydro under the *Energy Competition Act, 1998* to ensure fairness, reliability and safety in the new electricity market.

The Loans for Tools program began in September 1998 to provide loans of up to $800 to new apprentices who are Ontario residents to help them buy the tools they require for their apprenticeship programs. The loan repayments are to begin a year after their schooling is completed.

The Loan to Sheridan College was for the construction of a state-of-the-art facility called the Sheridan Centre for Animation and Emerging Technologies (SCAET) which opened in September 2000. This facility is geared to the entertainment and communication industries with a focus on emerging Canadian needs and support for Ontario's Economic development of the film, digital, multi-media and related sectors. The repayment of the loan began in January 2001.

Mortgages are those assumed by the Province on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the *Municipal and School Tax Credit Assistance Act.*

OTHER LOANS — Concluded

As at March 31, 2004

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the *Tile Drainage Act* and are secured by liens on the properties.

The Ministry awarded Science North with a repayable grant of $500,000 to assist in the designing, constructing and installing of an Imax Theatre. Repayments began in 1996/97 and is based on 50% of the yearly net revenues

Until the close of business on March 31, 2003 the Province of Ontario Savings Office (POSO) operated through twenty-three branch offices across Ontario and five agencies located in Northern Ontario. POSO accepted deposits from the general public, government and other public bodies which formed part of the Consolidated Revenue Fund and were direct liabilities of the Province. POSO was sold to Desjardins Credit Union Inc. on March 31, 2003. Funds on deposit with POSO of $2,158,587,472 as at March 31, 2003 were transferred to the purchaser on April 1, 2003.

DEPOSITS AND OTHER LIABILITIES — Continued

As at March 31, 2004

Interest payable on debentures mainly represents interest on provincial debentures payable within the next twelve month period.

Compound interest on debentures represents interest on Ontario Savings Bonds and provincial debentures which is owing, but not payable within the next twelve month period.

The Market Revenue Program was introduced in 1991 to reduce the risk of lost income as a result of low market prices. Contributions are made to this account by the Government of Canada and the Government of Ontario. The fund also includes previous years' contributions from persons enrolled in this program. Interest is credited to this fund on a quarterly basis.

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding pension and related benefit funds for the Provincial Judges Pension Fund, Supplementary Benefits Accounts and the Deputy Ministers' Supplementary Benefit Account. The amounts recorded by the Province are essentially the sole assets of these plans.

The Victim Justice Fund will ensure that funds generated through the federal and provincial surcharges are used for the purpose of providing assistance to victims and enable a separate tracking of these funds as well as permit any unspent funds to be carried into the next fiscal year.

The outstanding cheques account represents those cheques issued by the Minister of Finance and the Ministry of Health which were not cashed by March 31, 2004.

The Personal Property Security Assurance Fund receives a portion of the fee paid to the registrar when a certificate is issued under the *Personal Property Assurance Act.* The Fund is maintained to compensate persons who may suffer loss or damage resulting from the provisions of incorrect information in a certificate. Interest is credited to the Fund on an annual basis.

The Mine Reclamation Fund is a special purpose account established in 1994, within the Consolidated Revenue Fund for the purpose of receiving and dealing with payments of money received as financial assurance dedicated for the closure costs of mine projects pursuant to Section 145 of the *Mining Act* R.S.O. 1990 c.M.14.

The International Registration Plan (IRP) is a U.S.-based plan that allows for the distribution of registration fees for commercial motor vehicles travelling inter-jurisdictionally through member states and provinces. The IRP provides blanket registration for trucks and buses as an alternative to individual reciprocity agreements, and distributes truck and bus registration fees among member jurisdictions based on the number of kilometres carriers travel in other jurisdictions. Vehicles have one licence plate and registration document which allows travel in all jurisdictions.

The *Provincial Parks Act* provides for the establishment of a separate account in the Consolidated Revenue Fund for the Ontario Parks Program for the dedicated revenue retention from the collection of Provincial Parks Fees as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The Legislature recently passed amendments to the *Crown Timber Act* (the "Act") providing for the establishment of the Forest Renewal Trust Funds. The purposes of these funds are to provide for the sustainability of Crown forests and, in accordance with that objective, to manage Crown forests to meet social, economic and environmental needs of present and future generations. The payments of forest renewal charges are received by the Minister of Finance from a licensee who cuts timber on an area that is subject to an agreement under section 6 of the Act.

Unclaimed fully registered bond interest include interest on Ontario Savings Bonds matured, but not redeemed as of March 31, 2004.

DEPOSITS AND OTHER LIABILITIES — Continued

As at March 31, 2004

Individuals and Corporations are required to place financial assurance with the Ministry of the Environment to finance environmental cleanups and site rehabilitations relating to Orders and Approvals of the Ministry. The cash portions of the financial assurance contributions are refundable and earn interest while on deposit with the Minister of Finance.

A separate account in the Consolidated Revenue Fund is maintained for the Fish and Wildlife Program for dedicated revenue retention from the sale of licences as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

Unclaimed monies are remitted to the Minister of Finance from trust accounts maintained by individuals or corporations in accordance with provincial statutes, such as the Credit Unions and Caisses Populaires and the Collection Agencies Acts, for deposits/shares where such institutions are unable to locate the person entitled to such monies.

In the May 1997 Budget, the government made a commitment to create a $5 million fund to provide scholarships for spouses and children of public safety officers killed in the line of duty. Because public safety officers are subjected to increased risks for the benefit of the rest of society, it is felt that the province has a degree of responsibility to provide for the well-being of the families of public-safety officers killed in the line of duty. The Constable Joe MacDonald Public Safety Officers' Survivor Scholarship Fund was established by Order-In-Council and the affairs of the fund are managed by an advisory committee. The ministry makes payments from this account as required by the terms, and interest is credited to this account on a quarterly basis.

The Ministries of the Public Safety and Security and Attorney General, each operates a special account that has been established for the purpose of holding monies respecting Proceeds of Crime received by, or on behalf of the Crown. Ontario has entered into a Memorandum of Understanding with the federal government indicating the Province's commitment to using proceeds of crime to fund law enforcement and crime prevention initiatives and administration of criminal justice costs associated with proceeds of crime cases. The ministries make payments from these accounts as required by the terms, and interest is credited to these accounts on a quarterly basis.

The Social Housing Reform Fund represents moneys deposited to , and payments made from the Consolidated Revenue Fund in respect to Deposit Accounts on a net basis. The outstanding liabilities will be cleared out the following year.

Effective April 1, 1998, the operations of the former Gaming Control Commission (GCC) and the former Liquor Licence Board of Ontario (LLBO) were merged and transferred to the new Alcohol and Gaming Commission of Ontario (AGCO). The GCC's general Fund, which was discontinued as of March 31, 1998, had also been used to hold due diligence deposits and investigation deposits as required under Section 9 of the *Gaming Control Act*, 1992. As there was an ongoing need by the new AGCO for an account in which to hold these deposits, the GCC's General Fund was renamed the "Deposits - *Gaming Control Act*". This account was then renamed again as "Gaming and Liquor Deposits" to reflect the inclusion of deposits received by the AGCO in order to defray the costs advertising required under the *Liquor Licence Act* in respect of application for Liquor Sales Licences. As of March 31, 2004, gaming deposits amounted to $2,882,719.40 and liquor deposits amounted to $933,241.42 for an account total of $3,815,960.82.

The Motor Vehicle Accident Claims Fund operates under the authority of the *Motor Vehicle Accident Claims Act.* The Fund derives its revenues from two sources: an annual fee charged upon every issuance/renewal of a driver's permit/licence and repayments from debtors (uninsured at-fault motorists). Payments out of the Fund have been subject to a variety of legislative changes over the years of its operation and are detailed in the Notes to the Fund's Financial Statement which is to be found in Volume 2.

The Integrated Network Project Performance Fund includes a deposit from EDS Canada Inc. and specified government contributions which will be used for funding the government's portion of potential investments to reduce service costs and for accumulating savings prior to sharing between EDS Canada Inc. and the government.

DEPOSITS AND OTHER LIABILITIES — Concluded

As at March 31, 2004

The Local Roads Board (LRB) liability account represents funds deposited to the Consolidated Revenue Fund (CRF) by various LRBs for roadwork that has not yet been performed by the ministry. An LRB consists of an owner or owners of land in a territory without municipal organization and there are approximately 300 - 350 active LRBs in the province. The Roadwork to be performed is determined during an annual meeting between the LRBs and ministry officials and may include emergency repairs, general maintenance or capital upgrades.

Contract security deposits are required to be deposited with the Minister of Finance for the purpose of bidding on contracts and ensuring due performance of an obligation to the Government of Ontario.

Operators of waste disposal sites are required to make security deposits based upon Certificates of Approval, which are issued by the Ministry of the Environment under the *Environmental Protection Act*. The deposits are refundable and are placed in an interest-bearing account with the Minister of Finance. The deposits are needed to ensure proper compliance in site maintenance, rehabilitation and closure.

The Terry Fox Research Fund was established in 1981 for the purpose of supporting cancer research. $1,000,000 was deposited into an interest bearing trust account, from which withdrawals are made in accord with an agreement signed between the Ontario Cancer Treatment and Research Foundation and the Minister of Health.

Operators of waste wells are required to pay a fee to the Ministry of the Environment, based on waste disposed in approved disposal wells under the *Environmental Protection Act*. These payments from individuals and corporations are non-refundable and are placed in an interest-bearing account with the Minister of Finance to compensate any person or organization for damage to water or water courses which are rendered unfit for use by reason of the operation of the waste well.

Sundry represent funds deposited with the Minister of Finance or held in trust for various purposes such as scholarships and security.

SUMMARY OF DEBT ISSUED—Continued

As at March 31, 2004

The Ontario Teachers' Pension Fund is administered by the Ontario Teachers' Pension Plan Board. The Public Service Pension Fund and the Ontario Public Service Employees' Union Pension Plan are administered by the Ontario Pension Board and the Ontario Public Service Employees' Union Pension Trust Fund respectively. The Ryerson Retirement Pension Plan is administered by Ryerson Polytechnic University.

The Canada Pension Plan Investment Fund made funds available to the Province from monthly Canada Pension Plan contributions in amounts approximately equal to collections from Ontario contributors. The Province issues non-marketable debentures to the Fund at interest rates based on the Government of Canada long-term Canadian public market borrowing cost.

Debt due to the Ontario Teachers' Pension Fund, the Public Service Pension Fund, the Ontario Public Service Employees' Union Pension Fund and the Ryerson Retirement Fund consists of non-marketable debentures of the Province.

The Ontario Housing Corporation (OHC) originally borrowed long-term funds from the Canada Pension Plan Investment Fund (CPP) to provide mortgages to non-profit groups under the Homes Now project. As non-profit groups refinance their OHC mortgages in the private sector mortgage market, OHC lends the available funds to the Province in exchange for Provincial debentures. This debt is eliminated upon consolidation of the Financial Statements of the Public Accounts of Ontario.

The Canada Mortgage and Housing Corporation has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public borrowing cost at the time that the Corporation agreed to participate in the project.

The Ontario Municipal Employees Retirement Fund and the Colleges of Applied Arts and Technology Pension Plan invested surplus funds in Province of Ontario non-marketable securities. The interest rate on these securities was based on rates for long-term Canadian public market debentures issued or guaranteed by the Province.

The Ontario Immigrant Investor Corporation (OIIC) is an operational enterprise of the Ontario Government incorporated on April 30, 1999 under the Development Corporations Act. The corporation was established to act as Province's receiving vehicle for immigrant investor monies under the federal government's Immigrant Investor Program (IIP). The Ontario Financing Authority manages these monies under an investment management agreement with the OIIC, and the OFA invests these funds in zero coupon bonds.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with various maturities up to three years, are sold by tender on a regular basis.

U.S. Commercial Paper issues are non-interest bearing with maturities up to 270 days.

Ontario Savings Bonds (OSBs) were first issued in 1995. OSB's are retail bonds sold by the Province to the residents of Ontario. The bonds are issued once a year and are available for sale through most financial institutions, or directly by telephone or mail-in applications. There are three types of bonds: a 7-year Variable-Rate Bond, a 5-year Step-Up Bond, and a 3-year Fixed-Rate Bond. All are available with annual or compound interest. Both the Step-Up Bond and the Variable-Rate Bond may be redeemed semi-annually at the holder's option. Fixed rate bonds are redeemable only at maturity.

The School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards to support their capital projects prior to the introduction of the student focussed funding model in 1998. The Trust issued 30-year sinking fund debentures amounting to $891 million in June 2003. The Trust provided $882 million of the proceeds to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province related to this debt. The $882 million advances to school boards are included in Other Assets and the $891 million debenture is included in Debt. These amounts will be reduced over the 30-year period by the transfer payments made by Ministry of Education to the Trust under the School Board Operating Grant program.

SUMMARY OF DEBT ISSUED—Concluded

As at March 31, 2004

On April 1, 1999, under the *Energy Competition Act,* five corporations, together with their subsidiaries, were formed from the former Ontario Hydro. Ontario Power Generation Inc. (OPG) and Hydro One Inc. (formerly Ontario Hydro Services Company) are two of these five corporations. In order for OPG and Hydro One Inc. to have capital structures competitive with those of other industry participants, the two companies entered into a debt-for-equity swap with the Province on Ontario. The Province assumed $8,885 million of the debt issued by the two corporations in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One Inc.

The Province, on behalf of Ontario Electricity Financial Corporation (OEFC), has borrowed $1,978,212,000 from the Canada Pension Plan and has issued public market debentures, treasury bills and U.S. commercial papers of $14,413,212,204 Canadian dollars. The proceeds of all such borrowings have been advanced to OEFC in exchange for bonds with like terms and conditions except for a $500 million issue, maturing June 2, 2031, which has been on-lent to OEFC until June 2, 2010 after which the issue will be assumed by the Province until the maturity date. In addition, the Province has advanced to OEFC a term loan in the amount of $2,500,000 as of March 31, 2004.

The Province of Ontario has issued public market debentures denominated in Canadian dollar, United States dollar, Japanese yen, Australian dollar, euro, New Zealand dollar, Norwegian kroner, U.K.pound, Hong Kong dollar and Swiss franc.

OUTSTANDING DEBT ISSUED — Continued

As at March 31, 2004

References:

1. All debt are non-callable, except as noted below. CBA is Canadian Bankers Acceptance Rate; 3 CBA is a three month floating rate; LIBOR is London Inter-bank Offered Rate.
2. Debentures issued to the Ontario Housing Corporation are not negotiable and not transferable or assignable but are redeemable in whole or in part at the option of the Ontario Housing Corporation, on six months prior written notice.
3. Bonds are extendible at the option of the Province on the initial maturity date of July 4, 2004, and on every extended maturity date thereafter, to the final maturity date of July 4, 2008. Interest is payable semi-annually at 3.35% in year 1, 3.45% in year 2, 3.80% in year 3, 4.40% in year 4, and 5.00% in the final year. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation to a three-month Canadian BA rate minus 0.13%.
4. Bonds are extendible at the option of the Province on the initial maturity date of November 4, 2004 and on each extended maturity date thereafter to the final maturity date of November 4, 2009. Interest is payable semi-annually at 4.10% in years 1-2, 4.55% in year 3, 5.4% in year 4, 6.0% in year 5, 6.75% in year 6, 7.5% in the final year. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation to a fixed rate of 3.40%.
5. Securities sold to the Canada Pension Plan Investment Fund are payable 20 years after their respective dates of issue, are not negotiable and not transferable or assignable but are redeemable in whole or in part before maturity at the option of the Minister of Finance of Canada, on six months' prior notice, when the Minister deems it necessary in order to meet the requirements of the Canada Pension Plan. In the case of redemption before maturity, the Ontario Securities are to be redeemed in the order in which they were issued and the amount of Ontario Securities to be redeemed at any time shall be proportionate to the amount of all securities then held to the credit of the said fund represented by Ontario Securities.
6. Bonds are extendible at the option of the Province on the initial maturity date of April 25, 2005 and on every extended maturity date thereafter, to the final maturity date of April 25, 2008. Interest is payable semi-annually at 4.3% in years 1 - 2, 4.7% in year 3, 5.35% in year 4 and 6.4% in the final year. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation to a fixed rate of 3.66%.
7. The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest.
8. Bonds are extendible at the option of the Province on the initial maturity date of July 23, 2004, and on every extended maturity date thereafter, to the final maturity date of July 23, 2010. Interest is payable semi-annually at 4.00% in year 1, 4.05% in year 2, 4.10% in year 3, 4.15% in year 4, 4.50% in year 5, 5.70% in year 6, and 7.10% in the final year. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation to a three-month Canadian BA rate minus 0.13%.
9. The Province entered into currency exchange agreements that effectively converted these US dollar obligations to Canadian dollar obligations at an exchange rate of 1.36625. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation to a fixed rate of 8.64%.
10. The Province entered into currency exchange agreements that effectively converted these US dollar obligations to Canadian dollar obligations at an exchange rate of 1.58850. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation to a three-month Canadian BA rate minus 0.07%.
11. Bonds are extendible at the option of the Province on the Initial maturity date of April 17, 2005, and on every extended maturity date thereafter, to the final maturity date of April 17, 2008. Interest is payable semi-annually at 4.30% in years 1-2, 4.70% in year 3, 5.40% in year 4, and 6.50% in the final year. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation to a fixed rate of 3.84%.
12. The Province entered into currency exchange agreements that effectively converted these U.K. pound obligations to Canadian dollar obligations at an exchange rate of 2.36350. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation to a fixed rate of 5.50%.
13. The Province entered into currency exchange agreements that effectively converted these Hong Kong dollar obligations to Canadian dollar obligations at an exchange rate of 0.17410. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation to a fixed rate of 4.99%.
14. The Province entered into currency exchange agreements that effectively converted these Japanese yen obligations to Canadian dollar obligations at an exchange rate of 0.013396. CONTINGENT LIABILITIES — OBLIGATIONS GUARANTEED BY THE PROVINCE OF ONTARIO — Concluded
As at March 31, 2004

References:

1. The Province's maximum liability for the program is $200,000,000.
2. The Province's maximum liability for the program is $50,000,000.
3. Amount represents loan guarantee for the Ontario College of Social Workers and Social Service Workers from the Royal Bank of Canada up to $3,100,000 for a period ending December 31, 2006.
4. Guarantee required only in event of default by aircraft purchaser and if sale of repossessed aircraft does not fully cover the sales financing liability.
5. The Province guarantees 85% of both interest and principal of the outstanding loan balance of $36,000.
6. The Ministry of Finance assumed the contingent liability arising from the Mortgage Guaranty Fund of the Ontario Land Corporation, which was dissolved on March 31, 1987.
7. Loans totaling $1,323 million taken by OHC for "Homes Now" from the Federal Government's CPP allotment have been guaranteed by the Province. Since 1993, these loans have been refinanced from the private sector and funds advanced to the Ministry of Finance. The total amount debentured to the Province as at March 31, 2003 was $1,157 million which has been reduced from the guarantee.
8. The Province has entered into a sale and conditional sale-back arrangement of GO Transit with Asset Finance Bermuda Limited. The deal provided the Province with about $431 million in the initial fiscal year 1993-94 with an option of additional borrowing and to repay in year 2006. GO Transit will maintain control over its assets and operations and provision will be made within twelve years to buy back the asset.
9. This debt was originally borrowed by Ontario Municipal Improvement Corporation (OMIC) from the Canada Pension Plan Investment Fund. In accordance with the Capital Investment Plan Act, 1993 OMIC ceased to exist and its assets and liabilities were transferred to the Ontario Financing Authority (OFA).

Program Description:

This program provides: services to Ontario farmers and agri-businesses by working in partnerships with industry, agri-businesses, researchers and other government agencies to address provincial issues; expertise to address the critical issues facing rural Ontario such as land, air and water management; and direction, funding and accountability for diploma education, research and laboratory diagnostic testing to the agriculture and food sectors. Staff are working to ensure that Ontario farm business managers have access to the latest information and decision making tools.

	10,605,700*		10,605,700	TOTAL OPERATING FOR INVESTMENT AND MARKET DEVELOPMENT	10,412,212

Program Description:

This program contributes to the growth of a viable agri-food system in Ontario by helping to ensure the competitiveness of Ontario food processors and distributors; and to enhance the attraction and retention of investment in the sector. It also delivers programs to develop and expand domestic and international markets for Ontario-produced fresh and processed agricultural food products. In addition, the program provides services and programs for the agriculture and food sectors through agencies of the ministry that supervise the collective marketing of farm products and hear appeals of marketing and licensing decisions.

*Includes Special Warrants of $8,559,000

Program Description:

This program provides for the overall administration of the Ministry, supplying administrative and support services for the operating programs. The Corporate Services Management Division provides strategic support and advice to the Ministry in the areas of business and fiscal planning, human resources, research and analysis, and the co-ordination of key strategic projects. The Division also delivers shared services for facilities management, Freedom of Information and French language services to the justice sector ministries, and provides service management for the Management Board Secretariat-delivered services of audit and quality assurance, and business support functions provided by the Shared Services Bureau. Ministry Administration also includes the Attorney General's Office, the Deputy Attorney General's Office and the Parliamentary Assistant's Office, as well as the Policy and the Communications Branches. Ministry Administration also provides support to provincial gaming initiatives.

*Includes Special Warrants of $79,500,000

Program Description:

This program supports the role of the Attorney General as Chief Law Officer of the Crown by providing the government with expert constitutional and civil legal advice and representation before tribunals and at all levels of court. Timely and high quality legal advice and services are critical to the government's ability to develop and deliver on its core businesses, policies, programs and services.

This program includes the Office of Legislative Counsel responsible for drafting all provincial bills and regulations in English and French, and providing legal advice on legislative matters to the Legislative Assembly and Cabinet. It also consolidates statutes and regulations. The program also provides for the operation of the agencies, boards and commissions within the ministry.

*Includes Special Warrants of $30,637,000

TOTAL MINISTRY REVENUE	**2,130,441,201**

* In some instances, Ontario's court offices collect POA fine revenue, which in turn is transferred to municipalities. A portion of the debit amount can be attributed to POA fine revenue collected during the 2002-03 fiscal year and transferred in 2003-04. An additional portion of the debit amount is the result of the Ministry of Transportation's collection of outstanding parking fines through its license renewal process. Although the Ministry of Transportation collected the revenue, the Ministry of Attorney General incurred a debit amount to remit the parking fines to municipalities as required under the POA agreement.

Program Description:

The Office conducts general elections and by-elections of Members to the Legislative Assembly and provides research, public information and policy advice relating to the electoral process. The Office also trains, directs and supervises the returning officer in each of the 103 electoral districts.

The *Election Finances Act* Section administers the *Election Finances Act.* Over 500 Constituency Associations and 11 registered political parties must file annual returns and inform Elections Ontario of any changes to registration information. Any form filed with Elections Ontario is reviewed for compliance with the *Election Finances Act.*

The Office has responsibility to administer referenda under the *Taxpayer Protection Act.*

The Office serves Ministries, agencies and the public on a continuing basis by conducting historical and comparative research and providing policy advice and general information regarding the electoral process.

*Includes Special Warrants of $4,000,000

Program Description:

To provide effective and accountable social and community services directed to those most in need while reinvesting in more early intervention and prevention services. Children's services are comprised of child welfare, young offenders services for youth aged 12-15 at the time of the offence; early intervention and prevention services; early years community-based programs, resources and parenting supports; child development services; children's mental health services; and child care. Adult's services include income and employment supports such as the ministry's violence against women prevention initiatives, the strategy on homelessness, the Family Responsibility Office and services for people with special needs.

Program Description:

This program provides for the registration of documents and plans relating to the ownership and encumbrance of real property, registration of conditional sales contracts, notices of security agreements and other documents related to personal property pledged as security. In addition, it registers and maintains accurate information on births, adoptions, marriages, deaths and legal name changes that provides the basis for entitlements and legal obligations such as health care, social security benefits and access to education. It also manages the legal identification or establishment of almost all business and not-for-profit entities operating in Ontario and the provision of public access to registered information about these entities.

Program Description:

This program deals with central policy development for the ministry and provides governance, accountability, and relationship management with respect to the ministry's agencies, Administrative Authorities, and other service delivery partners. In addition, it provides for registration of businesses under various consumer protection acts while giving selected industry groups responsibility and tools to regulate themselves. The Licence Appeal Tribunal hears licencing and registration appeals and compensation decisions.

	36,114,000*	985,400	37,099,400	TOTAL OPERATING FOR ALCOHOL AND GAMING MANAGEMENT	37,097,158

Program Description:

This program establishes the regulatory framework and sets and enforces standards in specific business sectors through the Alcohol and Gaming Commission of Ontario. It maintains a database of consumer complaints, inspects and investigates questionable business practices, and takes enforcement measures when necessary. It also serves a compelling need for consumer protection or standards in industries where the risks of criminal activity and potential social costs are high (e.g. casino gambling, beverage alcohol).

*Includes Special Warrants of $16,664,700

	35,942,900*		35,942,900	TOTAL OPERATING FOR INTEGRATED SERVICE DELIVERY . . .	33,883,827

Program Description:

This program plays an enterprise and leadership role in achieving the government's vision to connect each customer to government services in a seamless, simplified and customer-centric way. The program provides a number of customer services through Publications Ontario, Access and Inquiry Services, Government Information Centres, and Ontario Business Connects. The program will transform this service offering to provide public-facing information and routine government services and products to both individuals and business through three inter-connected channels: remote (internet) access, telephone and counter.

*Includes Special Warrants of $13,641,900

Program Description:

The program provides policy and program direction and financial support to elementary and secondary schools and agencies in Ontario in order to foster and sustain a high-quality education system for all students in this province, no matter where they live. The program aims to achieve three primary outcomes: excellence in student achievement; preparation of all students for success in further education, work, and community life; and improvement of Ontario's ability to compete in a global marketplace.

Key components of the program are: supporting the implementation of a rigorous curriculum, supporting student learning and maintaining challenging standards of achievement, and supporting excellence in teaching; provision of financial support to a streamlined and efficient education system with a focus on teaching and learning in the classroom, accountability for the funding of elementary and secondary education, and operation of provincial schools for the deaf, blind, deaf/blind and students with learning disabilities.

Program Description:

This program supports economic growth and job creation in Ontario by providing leadership for the development of economic and science and technology policy across the government; supporting the removal of barriers to business; fostering innovation and entrepreneurship; promoting community, sector and cluster development; marketing Ontario as a premier investment location and working with investors to locate and expand in Ontario; increasing Ontario's global exports by working with Ontario small and medium-sized companies to expand their export potential worldwide; increasing Ontario's international profile through representation in key markets around the world; and building Ontario's scientific and research awareness and investing in Ontario's science and technology infrastructure. The program also manages the outstanding financial commitments for the Ontario Development Corporation.

Program Description:

This program, which includes the Office of the Minister and Deputy Minister of Finance, delivers planning, advisory, and controllership functions to ensure direction and management of operating programs consistent with Ontario Government policy and legislative directions. The program also provides corporate support services including data capture and cash management for all collections under the taxation statutes administered by the ministry. The program also manages the service and accountability relationships with the Internal Audit Division of Management Board Secretariat, and Shared Services Bureau, ensures proper levels of support to the ministry and its client groups, and strategically manages the ministry's quality service commitments.

*Includes Special Warrants of $69,900,000

Program Description:

This program has two components, Budget and Taxation Policy, and Tax Revenue. The Budget and Taxation Policy area advises and assists the Minister of Finance and the Government in formulating Ontario Budget policy including tax policy, tax design and legislation, federal-provincial finance policy and pension and income security policy; develops the Ontario Budget and other major economic/fiscal documents; manages the Province's taxation, intergovernmental finance and related policy development; co-ordinates research to identify broad economic taxation and fiscal implications of specific and emerging trends and developments.

The Tax Revenue area administers Ontario's tax statutes. The integrity of the province's self-assessment system is maintained by encouraging compliance through taxpayer information services and an independent objections review, while discouraging non-compliance and tax evasion through collection activities, audits, and investigations. The program also administers various tax credit and benefit programs.

*Includes Special Warrants of $351,300,000

Program Description:

This program develops and implements sound economic and fiscal strategies to stimulate economic growth and job creation; develops the policy and legislative framework for Ontario's financial services industry; develops and implements a fiscal and financial management framework for the public sector in Ontario; develops, monitors and reports on the fiscal plan and results for the Province; provides policy, training, and advice to clients, managers, and decision makers in the areas of accounting, fiscal and financial management, and fosters greater accountability and fiscal integrity in the public sector in Ontario. The program also coordinates and implements all financial aspects of the restructuring of Ontario electricity industry; manages the fiscal and financial relationship between the Province and the Municipalities.

*Includes Special Warrants of $517,000,000

Program Description:

The Financial Services Commission of Ontario (FSCO) provides for the regulation of insurance, pension plans, loan and trust companies, credit unions and caisses populaires, mortgage brokers and co-operative corporations by delivering efficient and effective regulatory services that protect consumers of financial services and support a reliable, dynamic and competitive industry. FSCO also makes recommendations to the Minister on matters affecting the regulated sectors. In addition, the Motor Vehicle Accident Claims Fund (MVACF) compensates persons injured in automobile accidents in Ontario by an uninsured, unidentified or stolen vehicle where there is no other insurance available to respond to the claim. Securities regulation in Ontario is performed by the Ontario Securities Commission (OSC). On November 1, 1997, the OSC became a self-funding agency, financing its operations through retention of its fee revenues.

Program Description:

This program is responsible for implementing the province's commitment to invest at least $20 billion over five years in the province's infrastructure through provincial, broader public sector and private sector partnerships.

The Ontario SuperBuild Corporation is responsible for policy development and the Cabinet approval process relating to capital investment in the Province of Ontario. The Corporation also supports and coordinates the government's involvement in the revitalization of the Toronto waterfront and works with provincial ministries, the municipal and federal levels of government to promote strategic infrastructure investment. In addition, the Corporation has responsibility for developing public/private partnerships for infrastructure investment and supporting the government's review of privatization candidates.

Program Description:

This program advises government, its ministries and agencies on matters concerning francophone affairs and the provision of French language services. It develops appropriate policies and programs pertaining to the government's French language services. It monitors and oversees the implementation by ministries of the *French Language Services Act* and makes recommendations concerning the designation of transfer payment agencies under the Act. It evaluates the quality, quantity and appropriateness of services delivered by ministries to the Francophone population. It also provides information, advice, expertise and assistance to the Francophone community.

	21,027,100*		21,027,100	TOTAL OPERATING FOR LABOUR RELATIONS	20,000,093

Program Description:

The role of Labour Relations is to promote a stable labour relations climate and harmonious workplace relationships in the Province.

The Ontario Labour Relations Board (OLRB) is an independent, quasi-judicial tribunal which mediates and adjudicates a variety of employment and labour relation-related matters under various Ontario statutes. The OLRB is responsible for, amongst other things: certification of trade unions, termination of bargaining rights, unfair labour practice applications, sale of business related employer applications, illegal strikes and lock-outs, both in the construction and non-construction sectors. The OLRB also generally ensures minimum workplace standards through the review of decisions of employment standards officers and occupational health and safety inspectors, as well as mediating and arbitrating other labour and employment disputes with a view to promoting safe, fair and harmonious conditions in Ontario's workplaces.

The two statutory tribunals comprising the Public Service Appeal Boards are independent quasi-judicial tribunals that oversee the labour relations of Ontario Crown employees. They include the Crown Employees Grievance Settlement Board and the Public Service Grievance Board.

The Labour Management Services program provides neutral, third party assistance to trade unions and employers through collective agreement conciliation and mediation, appointment of arbitrators and collective bargaining information.

	51,502,400*	1,114,000	52,616,400	TOTAL OPERATING FOR OCCUPATIONAL HEALTH AND SAFETY	51,378,802

Program Description:

Occupational Health and Safety's primary mandate is the setting, communicating and enforcing of the occupational health and safety laws and regulations to reduce or eliminate workplace injury or illness.

The Occupational Health and Safety program secures compliance with the *Occupational Health and Safety Act* (the Act), and assists in securing a healthful and safe working environment. Through the administration and enforcement of the Act and regulations, it encourages employers and workers to cooperatively identify and control health and safety hazards.

The Office of the Worker Adviser and the Office of the Employer Adviser provide advisory and educational services to non-unionized injured workers and smaller employers with less than 100 employees (respectively), and represent them before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal.

*Includes Special Warrants of $36,734,700

	1,000,000†		1,000,000	TOTAL CAPITAL FOR CORPORATE CONTROLLERSHIP	

Program Description:

The Corporate Controllership Program supports Management Board of Cabinet by providing leadership to ministries and agencies to achieve the Government's agenda. It determines the most appropriate use of public resources through setting, monitoring and adjusting government's resources and by setting standards, policies and strategies to meet corporate objectives. The program also includes providing internal audit services to all ministries, contingency funding for employee severance costs and the costs of other corporate initiatives.

*Includes Special Warrants of $427,848,500
†Includes Special Warrants of $900,000

* In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these estimates among the programs and activities of each ministries. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision.

In this regard, commitments totalling $1,571,286,700 against the "Contingencies" activity were approved. This amount is gross of any underspending within each ministry activity. As the actual costs were incurred they were not charged against the "Contingencies" activity but rather against the votes and items to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

	5,435,100*		5,435,100	TOTAL OPERATING FOR SMART GROWTH PROGRAM	4,215,425

Program Description:

Smart Growth is the government's vision for promoting and planning for growth in ways that create strong economies, build vibrant communities and promote clean and healthy environments. The Smart Growth Secretariat supports the work of five Smart Growth panels across Ontario. The panels are advising the government and building consensus amongst stakeholders and the public on long-term strategies for promoting and managing growth across the five zones in Ontario. The strategies will articulate a long-term vision for each zone over the next 30 years. The strategies will also offer ways to better coordinate decisions on infrastructure, transportation, land use planning, economic development and other issues associated with growth.

Program Description:

The Geographic Information program provides leadership in the development and application of information management and information technology to contribute to sustainable development of Ontario's natural resources. The program is responsible for the creation, maintenance and provision of access to geographic information about provincial lands, waters, other natural resources and for the provision of services relating to information for the provincial government and works with other Ministries, Agencies and public sector to achieve program objectives. As a leading participant in the Land and Resource Information and Information Technology (I&IT) Cluster, the Ministry collaborates with other Cluster Ministries to implement coordinated and efficient delivery of I&IT services and programs across these Ministries.

*Includes Special Warrants of $24,200,000

Program Description:

The Natural Resource Management Program strives to achieve a balance between natural resource use and protection, to ensure the recognition of a broad range of natural resource values, and to develop mechanisms for open decision-making and efficient program delivery. The major program areas include forest management, fish and wildlife management, Crown land and water management, Ontario Parks (i.e. provincial parks and other protected areas), and field services support. This program also includes the implementation of Ontario's Living Legacy and the management of non-renewable resources such as aggregates, natural gas, petroleum and brine (i.e.salt). The Ministry's infrastructure (i.e.capital) activities rest largely within this program area.

*Includes Special Warrants of $105,000,000

Program Description:

The role and responsibilities of the Ombudsman are set out in the *Ombudsman Act*. The Ombudsman investigates and resolves complaints about the Provincial government, its agencies, boards, commissions or tribunals and recommends corrective action to be taken in those cases where the Ombudsman decides that there is substance to the complaint. These concerns may be raised by individuals or on the Ombudsman's own motion because of some action that has been taken or neglected to be taken by an official, or from some decision or recommendation which is alleged to be unfair, unreasonable or arbitrary.

	9,867,800*		9,867,800	TOTAL OPERATING FOR OFFICE OF THE PROVINCIAL AUDITOR	9,461,308

Program Description:

The role and responsibilities of the Provincial Auditor, who is an Officer of the Assembly, are set out in the *Audit Act*. In accordance with the provisions of the *Audit Act* and various other statutes and authorities, the Provincial Auditor conducts independent audits of government programs and of the fairness of the financial statements of the Province and numerous agencies of the Crown.

The Provincial Auditor reports annually to the Legislature on significant matters arising from this audit activity as well as on specific items required by the *Audit Act*. In addition, the Provincial Auditor reports on special assignments as may be required by the Legislature, the Standing Committee on Public Accounts, or by a Minister of the Crown. In doing so, the Provincial Auditor assists the Legislature in holding the government and its administrators accountable for the quality of the administration's stewardship of public funds and for the achievement of value-for-money in government operations.

Program Description:

The Tourism Program seeks to increase investment in Ontario's tourism industry by developing appropriate tools to foster the right business climate. Activities include providing the industry with strategic information and analysis, facilitating partnerships to strengthen competitiveness and improve service quality, and working with the industry stakeholders and other ministries to identify tourism development opportunities. The Program also markets Ontario as a year-round world-class travel destination, operates key tourism information centres across Ontario, and manages provincially owned tourism attractions and convention centres.

Program Description:

The program provides policy and program direction and financial support to postsecondary institutions in Ontario in support of the government's social and economic policy objectives with the goal of providing opportunities for excellent, accountable, relevant and accessible postsecondary education.

Key components of the program include operation of the Ontario Student Assistance Program; administering transfer payments to colleges and universities; developing policies and programs related to funding, governance, and programs of colleges and universities; regulating the colleges and private career colleges in accordance with applicable statutes; and facilitating expansion of private degree-granting activity and college applied degree programs through recommendations of the Post-secondary Education Quality Assessment Board.

Program Description:

The program provides business and resources planning, management advice and direct services to enable the Ministry of Transportation to deliver on its core businesses. This is achieved through the provision of expert leadership, advice and services to plan, develop, acquire, allocate and manage the ministry's facilities, financial and human resources. This program also provides strategic internal and external communications services and products that support, promote and educate the public on MTO's programs.

The program works in partnership with central agencies and other ministries as well as employee and private sector organizations to ensure that the interests of the Ministry are met in the development of government-wide management objectives.

Program Description:

The primary focus of the Transportation Policy and Planning (TP&P) program is to plan and promote a safe, efficient and reliable multi-modal transportation system that enhances Ontario's economic competitiveness and quality of life. To achieve this, the program provides leadership in the setting of strategic policy directions for the ministry as part of its integrated long-term planning and works to enable a supportive policy and regulatory environment.

TP&P engages stakeholders and other partners in planning and supporting the development of an integrated transportation system that promotes efficiency, safety and economic competitiveness. It seeks opportunities to foster new partnerships with federal and municipal sectors and innovative delivery options that promote private sector investment in transportation based upon Made-in-Ontario Smart Growth principles. Together with SuperBuild, the program continues to identify opportunities for further partnerships to build new infrastructure and enhance the integration and efficiency of Ontario's transportation network. At the same time, the program continues to manage the province's public/private partnership with the 407ETR.

*Includes Special Warrants of $57,456,000

	188,835,600*	5,556,900	194,392,500	TOTAL OPERATING FOR ROAD USER SAFETY	194,108,757

Program Description:

This program contributes to the improvement of road safety and mobility through the promotion and regulation of safe driving behavior. The key objective is to reduce death and injury on our roads by developing, promoting and participating in road user safety programs. It also promotes the effectiveness and efficiency in the delivery of its programs.

To this end, the key safety responsibilities of the program are to: set safety standards, develop and evaluate policies, programs and regulations for road users, carriers and vehicles; inspect, monitor and enforce compliance with those standards; licence drivers and vehicles; and to work with a broad range of partners to educate road users about safe driving behaviors and road user safety policies, laws and programs.

The program is responsible for managing and improving customer service by setting standards and monitoring performance of service delivery, promoting government products through Electronic Service Delivery for Individuals and the private and not for profit sectors. The management of information on every driver, vehicle and commercial carrier in Ontario is an inherent responsibility. The program is also responsible for facilitating the delivery of core programs for other ministries (i.e. Drive Clean).

*Includes Special Warrants of $121,000,000

Program Description:

This program oversees the maintenance and operation of the provincial highway network, and invests strategically in infrastructure to ensure the system is safe, efficient and useable and supports Ontario's transportation needs.

The program manages activities to preserve and protect the public investment in infrastructure. These include pre-contract planning, engineering and detailed design, highway rehabilitation, new construction and construction administration.

The program also develops operational policies and guidelines, sets engineering and environmental standards, manages research and develops new technologies. In addition to the highway network, the program is responsible for remote airports and ferry services.

Program Description:

The Transportation Information and Information Technology Cluster (I&IT) provides leadership in the use and deployment of information technology for the Ministry of Transportation (MTO), and enables the delivery of the ministry's core businesses through effective management of the ministry's information and information technology resources. The cluster focuses on planning MTO's I&IT investments and delivering quality service to clients while continually measuring and improving its performance. To enhance program delivery, enable new business, and ensure improved customer service through e-Government, the cluster continues to modernize the ministry's systems and platforms. MTO's information and information systems benefit internal MTO clients as well as external stakeholders such as other ministries and private sector partners (delivered through MTO's core businesses). As such, I&IT manages the ministry's information and information systems as major business assets.

Ontario Rebating Provincial Portion of HST on Electricity Bills

More Than Five Million Families, Farms and Small Businesses will see bill reductions

NEWS September 15, 2016

To help people in their everyday lives, Ontario is taking action to provide an eight per cent rebate – equal to the ~~an amount equal to the eight per cent~~ provincial portion of the HST – ~~,~~ from residential and small business electricity bills starting January 1, 2017. As well, ~~,~~ the government intends to introduce new measures to further reduce bills for rural families, and introduce expanded relief programs for commercial and industrial electricity consumers.

~~Over the last number of years,~~ Ontario's economy is recovering well ~~has fully recovered~~ from the impact of the global recession. While the province and independent economic forecasters project consistent economic growth for Ontario, many families are not yet feeling the impact of the recovery in their everyday lives. Therefore, Ontario's government intends to take action to help with the costs related to electricity.

Together, these actions would provide a benefit to all electricity consumers in Ontario, including:

- Providing residential consumers with an eight per cent rebate equal to the provincial portion of the HST, ~~of an amount equal to the eight per cent off the pre-tax electricity bill or an estimated~~ – an average of about $11 each month
- Decreasing electricity charges for eligible rural customers by about $45 each month
- Empowering more than 1,000 businesses to reduce bills by up to one-third by expanding Industrial Conservation Initiative (ICI). This would reduce cost pressures on the electricity system by enabling more consumers to lower their electricity demand during peak periods.

Through these initiatives, more than five million residential consumers and more than 1,000 ICI eligible businesses could see a reduction in their electricity bills. Eligible rural electricity consumers would be provided an additional $110 million in support by modernizing the Rural or Remote Rate Protection program..

Helping Ontarians with the cost of everyday living and helping businesses compete are part of the government's plan to build Ontario up. The government's four-part economic plan includes investing in talent and skills, including helping more people get and create the jobs of the future by expanding access to high-quality college and university education. Ontario is making a historic investment in public infrastructure in Ontario's history and investing in a low-carbon economy driven by innovative, high-growth, export-oriented businesses. The plan is also helping working Ontarians achieve a more secure retirement.

QUOTES

"The actions we're announcing today would benefit all ratepayers in a meaningful way. Rural as well as remote customers would receive significant rate relief through these initiatives. Expanding incentives across Ontario would create more opportunity for businesses to be competitive and manage their electricity costs. The proposed rebate would provide additional relief for families, farms and small businesses."

Commented [LL1]: Using "off the pre-tax bill" sounds like it's deducted before the tax is calculated. This isn't the way it will work. It should also specirficy at least one category of customer it will apply to – otherwise it looks like it applies to all electricity consumers.

Commented [KI2]: Can we say per year?
More than $130 each year

Commented [RK3R2]: I would avoid the "more than" as it is an average, and many residential users use less than the 750 kWh per month that this is based on, or live in municipalities that have lower delivery charges than in Toronto Hydro, so pay less than the average, and will be receive less than $11/month or $130 annually.

Commented [KI4]: Can we use the annual total here?
$540 each year

- Glenn Thibeault, Minister of Energy

QUICK FACTS

- Since 2003, the Province has invested more than $35 billion in over 16,000 megawatts (MW) of new and refurbished clean generation, including nuclear, natural gas and renewables – this represents about 40 per cent of our current supply.
- Ontario has taken action to replace coal-fired generation with cleaner sources of energy which has decreased electricity sector emissions by approximately 80 per cent since 2003.
- Earlier this year, the province introduced the Ontario Electricity Support Program (OESP) to provide a monthly credit to low-income households who have applied and meet the eligibility requirements.
- ~~The government is recycling proceeds from the Greenhouse Gas Reduction Account (GGRA) to offset the costs to industrial and commercial consumers of ongoing emissions reduction initiatives. This meets the 2016 Budget commitment that that business electricity costs would not be negatively affected by cap-and-trade.~~
- These actions support priorities laid out in the government's Climate Change Action Plan to direct cap and trade proceeds towards greenhouse gas reduction initiatives that keep electricity rates affordable. Furthermore, this meets the 2016 Budget commitment to ensure the net impact of cap and trade does not result in an overall increase in electricity cost for commercial and industrial consumers.

A GUIDE TO PUBLIC ACCOUNTS

1 SCOPE OF THE PUBLIC ACCOUNTS

The 2008-2009 Public Accounts of the Province of Ontario comprise the **Annual Report** and three supporting volumes:

Volume 1 contains ministry statements and detailed schedules of debt and other items. The ministry statements reflect the financial activities of the government's ministries on the accrual basis of accounting, providing a comparison of appropriations with actual spending. Ministry expenses include all expenses that are subject to appropriation approved by the Legislative Assembly, but exclude adjustments arising from consolidation of government organizations whose expenses are not appropriated.

Volume 2 contains the financial statements of Government Organizations and Business Enterprises that are part of the government's reporting entity and other miscellaneous financial statements.

Volume 3 contains detailed schedules of payments made by ministries to vendors and transfer payment recipients.

2 A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Schedules of Revenue and Expenses

(2) Ministry Statements

Individual ministry statements of financial activity are provided on pages 2-1 to 2-380. The following five separate statements are presented for each ministry as applicable.

(a) "Summary Statement of Expenses and Assets by Program"

This Statement provides an overview of the expenses and assets by program compared with the related appropriations and previous years' actuals.

(b) "Statement of Expenses and Assets by Vote and Items"

This statement shows the Items comprised within each ministry Vote. The appropriation for each Item is analyzed according to funds appropriated through the Estimates or approved by Treasury Board and the total is compared to the actual amount spent for the fiscal year. Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory payments (denoted as "S") are reported separately. The "program description" narrative contained in the Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenses and Assets by Items and Accounts Classification"

This statement reports the actual ministry expenses and assets for each Vote on the basis of the Accounts Classification within each Item. Where applicable, statutory amounts are shown separately under the Accounts Classification relating to each program.

The following is a brief outline of expenses by accounts classification:

EXPENSES

Salaries and Wages
Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to employees.

Employee Benefits
Includes the government's contribution as an employer to the Canada Pension Plan; the Ontario Public Service Employees' Union Pension Plan; the Public Service Pension Plan; Employment Insurance; the Workplace Safety and Insurance Board; and other employee benefit plans.

Transportation and Communication
Includes travelling expenses of employees on government business and recipients of government services, such as wards of the province; relocation expenses of employees who are transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone and data communications.

Services
Includes information services, such as, advertising and communication services provided by professional agencies and advertising placed directly with the media; rental and purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and Equipment
Includes provision for the purchase of all machinery and equipment including motor vehicles and computers, both new and used; and the purchase of all materials, supplies and utilities.

Transfer Payments
Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other Transactions
Includes special transactions, such as interest incentives and subsidies; guarantees honoured; losses on loans and repayable grants.

ASSETS

Deposits and Prepaid Expenses
Includes payments in advance of receiving related goods or services or in advance of being earned by transfer payment recipients, and which will be recorded in a non-asset standard account in a future fiscal year.

Advances and Recoverable Amounts
Includes payments to transfer payment recipients that will be repaid to the Province in a future fiscal year.

Loans and Investments
Includes payments to debtors under loan agreements and investments in the shares of Crown corporations or other entities.

Tangible Capital Assets
Includes acquisition and construction of buildings and roads; and the acquisition of land.

(d) "Statement of Revenue"

This ministry statement reports the fiscal year revenues by the standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility related loans and investments made from the Consolidated Revenue Fund.

(3) Schedules of Debt

This section contains details of debt issued, debt retired, a summary and details of debt outstanding at the end of the year.

(4) Other Supplementary Schedules

This section contains summarized schedules for ministries' Loans & Investments, Funds & Other Liabilities, Contingent Liabilities and Claims Against the Crown.

SOURCES OF ADDITIONAL INFORMATION

Province of Ontario Annual Report and Consolidated Financial Statements

The government has prepared an Annual Report and the Consolidated Financial Statements, which gives financial and economic highlights of the past year and reports on performance against the goals set out in the Budget. For electronic access to Province of Ontario Annual Report, visit the Ministry of Finance website at www.fin.gov.on.ca/english/budget/paccts.

The Ontario Budget

The Ontario Government presents a Budget each year, usually in the early spring. This document outlines expected expense and revenue for the upcoming fiscal year. For electronic access to the Ontario Budget, visit the Ministry of Finance website at www.fin.gov.on.ca/english/budget/ontariobudgets and click on "Ontario Budget."

The Estimates of the Province of Ontario

The Minister of Finance presents the government's spending Estimates for the fiscal year commencing April 1 to members of the Legislative Assembly following the presentation of the Ontario Budget. The Estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the Supply Act.
For electronic access, go to: www.fin.gov.on.ca/english/budget/estimates/

Ontario Finances

This is a quarterly report on the performance of the government's Budget for the fiscal year. It covers developments during a quarter and provides a revised outlook for the remainder of the year.
For electronic access, go to: www.fin.gov.on.ca/english/budget/finances.

Ontario Economic Accounts

This quarterly report contains data on the composition of Ontario's economic activity.
For electronic access, go to: www.fin.gov.on.ca/english/economy/ecaccts/index.html.

Provincial Land Tax	4,561,069	12,323,151
Acreage Tax – The *Mining Act*	2,856,205	2,051,175
Athletics Commission	7,971	30,861
Succession Duty	0	513,803
TOTAL TAXATION	**62,394,617,912**	**68,431,550,240**

Personal Income Tax is collected by the Federal Government on behalf of the Province. The amount received by the Province is net of $974,368,381 for Ontario Tax Credits in 2007-08 and $1,040,664,334 in 2008-09. The amount of Personal Income Tax received is also net of Ontario Tax Credit administration fees charged by the Government of Canada of $8,690,132 in 2007-08 and $8,797,801 in 2008-09. Starting in 2005-06, the Government of Canada began charging the Province an administration fee for the on-going cost of administering the Province's tax-on-income (TONI) personal income tax system. Personal Income Tax collected is also net of the TONI administration fee of $4,444,212 in 2007-08 and $4,434,856 in 2008-09.

For 2007, the Ontario Personal Income Tax rates are: 6.05% for taxable income of up to $35,488; 9.15% for taxable income between $35,488 and $70,976; and 11.16% for taxable income over $70,976. For 2008, the Ontario Personal Income Tax rates are: 6.05% for taxable income of up to $36,020; 9.15% for taxable income between $36,020 and $72,041; and 11.16% for taxable income over $72,041. For 2009, the Ontario Personal Income Tax rates are: 6.05% for taxable income of up to $36,848; 9.15% for taxable income between $36,848 and 73,698; and 11.16% for taxable income over $73,698. Ontario non-refundable tax credits are provided for individual and family circumstances (e.g., basic amount, spouse, medical expenses), at the rate of 6.05% (11.16% for charitable donations in excess of $200), before calculating the provincial surtax or Ontario Tax Reduction. Ontario non-refundable tax credit amounts are indexed annually.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2009

Higher-income earners are subject to a surtax. For 2007, the surtax is equal to 20% of Ontario income tax in excess of $4,100, plus 36% of Ontario income tax in excess of $5,172. For 2008, the surtax is equal to 20% of Ontario income tax in excess of $4,162, plus 36% of Ontario income tax in excess of $5,249. For 2009, the surtax is equal to 20% of Ontario income tax in excess of $4,257, plus 36% of Ontario income tax in excess of $5,370.

Ontario income tax is eliminated if Ontario tax is below a threshold amount. If Ontario tax exceeds the taxfiler's threshold amount, the individual may be eligible to pay a reduced amount of Ontario tax. For 2007, the basic threshold amount is $198 and the additional amount for each dependent child and each disabled or infirm dependant is $365. For 2008, the basic threshold amount is $201 and the additional amount for each dependent child and each disabled or infirm dependant is $370. For 2009, the basic threshold amount is $205 and the additional amount for each dependent child and each disabled or infirm dependant is $379.

Ontario Retail Sales Tax is collected for the Province by registered vendors on the fair value of taxable goods and services, exclusive of any Federal Goods and Services Tax. The tax is levied on the purchaser of most tangible personal property and certain services at the general rate of 8% of the purchase price. For admission fees to a place of amusement that exceed $4.00 and alcoholic beverages sold at licenced establishments the rate is 10%. Alcoholic beverages sold through retail outlets are taxed at 12%. On transient accommodation, the rate is 5%. Insurance premiums are generally taxed at 8%; however, auto insurance premiums, individual life and health insurance premiums, and repairs and replacements made under warranty are exempt. There is also a Tax for Fuel Conservation levied under the *Retail Sales Tax Act*. A progressive tax schedule is applied to purchases of new passenger and sport utility vehicles based on their highway fuel consumption ratings. A $100 tax credit is given to the purchaser of a new passenger car with a highway fuel consumption rating of less than 6.0 litres of gasoline or diesel fuel per 100 kilometres. Persons who produce their own beer and wine in a vendor's place are required to pay a tax of $0.13 per litre. Persons who produce other tangible personal property for own consumption are required to pay 8% tax on the fair value. The *Retail Sales Tax Act* provides a range of exemptions and rebates.

Corporations Tax is comprised of three types of taxes levied on corporations: income, capital and insurance premiums taxes. Details of these taxes follow.

Income tax: The general rate of corporate income tax is 14%. Active business income from manufacturing and processing, mining, logging, fishing and farming is subject to a lower 12% rate of tax. Small Canadian-controlled private corporations are also eligible for a reduced corporate income tax rate of 5.5%. The benefit of the small business corporate income tax rate generally phases out between $500,000 and $1.5 million. The Province also levies a corporate minimum tax ("CMT"), which effectively acts as a pre-payment of regular corporate income tax. CMT is calculated as the amount by which 4% of adjusted net income for accounting purposes exceeds corporate income tax payable. The Province offers a variety of refundable tax credits which act as incentives for certain activities. These refundable tax credits, are the: (i) Ontario innovation, (ii) Ontario co-operative education, (iii) Ontario apprenticeship training, (iv) Ontario film and television, (v) Ontario book publishing, (vi) Ontario computer animation and special effects, (vii) Ontario business-research institute, (viii) Ontario production services, (ix) Ontario interactive digital media, and (x) Ontario sound recording tax credit. The Province also offers other tax incentives for research and development, and certain resource activities.

Insurance premiums tax: Insurance companies are subject to a 2% insurance premiums tax on accident and sickness and life insurance premiums, 3% on any other type of insurance premiums and an additional 1/2% on property insurance premiums. Other corporations are also subject to these same rates of insurance premiums tax on premiums paid to unlicensed insurers. All corporations are also subject to a 2% insurance premiums tax for payments made in respect of uninsured benefit arrangements.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2009

Capital tax: Corporations are generally subject to a tax on capital used in Ontario. The first $15 million of taxable paid-up capital is exempt from capital tax. The capital tax rate for regular corporations is 0.225%. Capital tax generally applies to financial institutions at a two-tier rate. The rates are 0.45% on a financial institution's adjusted taxable paid-up capital up to $400 million and 0.675% on any excess. Non-deposit taking financial institutions with taxable paid-up capital over $400 million are subject to capital tax at the rate of 0.54%. Capital tax for businesses primarily engaged in manufacturing and resource activities was eliminated on January 1, 2007. Under the legislated capital tax elimination plan, capital tax rates will be reduced by one-third on January 1, 2010 for corporations still paying capital tax and capital tax will be eliminated for all corporations effective July 1, 2010.

Large financial institutions may reduce their capital tax liability where they make eligible investments in Ontario small businesses under the Small Business Investment Tax Credit.

Insurance corporations do not pay regular capital tax. Life insurers pay a special additional tax at a rate of 1.25% of taxable capital in Ontario above a minimum $10 million exemption, with income tax and CMT creditable against this tax.

The Employer Health Tax is paid by employers on their Ontario payroll. Employers with total annual Ontario remuneration of $200,000 or less calculate tax payable at a rate of 0.98%; employers with total annual Ontario remuneration between $200,000 and $400,000 calculate tax payable at graduated rates between 0.98% and 1.95%; and employers with total annual Ontario remuneration in excess of $400,000 calculate tax payable at 1.95%. A tax exemption is provided for the first $400,000 of total annual Ontario remuneration paid by private sector employers and their associated entities.

Gasoline Tax is levied on gasoline and propane used in a licensed motor vehicle, and aviation fuel used to power aircraft. The tax rate for gasoline is 14.7 cents per litre. The tax rate for propane used in licensed motor vehicles is 4.3 cents per litre. The tax rate for aviation fuel used in powering aircraft is 2.7 cents per litre. The majority of tax is collected for the Province by Ministry-designated gasoline, propane, and aviation fuel wholesalers.

Tobacco Tax covers all forms of tobacco products. The specific tax rate per cigarette and per gram or part gram of fine cut tobacco and all other tobacco products except cigars is 12.35 cents. The rate of tax on cigars is 56.6% of the taxable price. The majority of tax is collected for the Province by Ministry designated tobacco and cigar wholesalers.

Land Transfer Tax is collected on the transfer of land. One-half of 1% is levied on the value of consideration for the conveyance up to and including $55,000; 1.0% on the value of consideration exceeding $55,000 up to and including $250,000; 1.5% on the value of consideration exceeding $250,000; and, where the value of the consideration exceeds $400,000 and the property contains one or two single family residences, an additional tax of one-half of 1% applies on the value of consideration exceeding $400,000. First time home buyers who purchase newly constructed homes or resale homes for which agreements of purchase and sale were entered into after December 31, 2007 are eligible to receive a refund of land transfer tax of up to $2,000.

Electricity payments in lieu of taxes (PILs) are made by OPG, HOI and municipal electric utilities to the Ontario Electricity Financial Corporation (OEFC). OEFC is the Ontario Hydro successor company that is responsible for servicing and retiring the debt and certain other liabilities of the former Ontario Hydro. All PILs received by OEFC are used to service and retire its obligations. The amount of PILs replicates the amount of tax that would be payable under the *Income Tax Act* (Canada) *Corporations Tax Act* and *Taxation Act, 2007* if these publicly owned corporations were not exempt from federal and provincial corporate taxes. These corporations also make payments in lieu of additional property taxes.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2009

Fuel Tax is levied on every purchaser of clear middle distillate fuel used in internal combustion engines. The fuel tax rate is 14.3 cents per litre, unless the fuel is used in railway equipment, in which case the rate is 4.5 cents per litre. The majority of tax is collected for the Province by Ministry designated wholesalers.

The Federal government remits to the province 35 per cent of the net taxes that it collects with respect to preferred share dividends paid by corporations with operations in Ontario.

The Estate Administration Tax is payable by the estate of a deceased person on the issuance of a certificate of appointment of an estate trustee by an Ontario Court. The amount of tax is equal to $5 for each $1,000, or part thereof, of the first $50,000 of the value of the estate and $15 for each $1,000, or part thereof, of the value of the estate exceeding $50,000.

Ontario levies a 10% mining tax on profits in excess of $500,000 from the extraction of mineral substance (excluding diamonds). Remote mines are eligible for a reduced mining tax rate of 5%. Diamonds are excluded from mining tax and are subject to a royalty on the value of a diamond mine's output. The royalty rate is the lesser of 13% and the amount calculated on the value of output according to a graduated rate scale.

The Gross Revenue Charge (GRC) is payable to the Ministry of Finance by hydro-electric generating stations owners and water power leaseholders. Effective January 1, 2001, the existing property taxes and water rental charges paid by hydro-electric generating station owners and water power leaseholders were replaced with taxes and charges on the gross revenues of hydro-electric generating stations. The Property Tax component is included as taxation for the Province and the Water Rental component of the GRC is included under Other Revenue – Royalties (page 1-14).

The Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 0.5% on all wagers.

Provincial Land Tax is collected in areas without municipal organization on real properties at the rate of 1.5% of taxable assessment. Separate schedules of rates for gas pipelines and oil pipelines are used, which correspond to the schedules for municipal taxation, as, set out in the *Assessment Act.*

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of $1 in organized municipalities and $4 in unorganized municipalities.

The *Athletics Control Act* states that every person conducting a professional boxing contest or exhibition shall pay to the minister an amount not less than 1% and not more than 5% of the gross receipts in respect of such contests or exhibitions.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2009

The introduction of the Ontario Health Premium (OHP) has helped to ensure the government's ability to make much needed investments in the province's health care system. Every penny of the OHP goes toward improving Ontario's health services. Since 2003-04, health-related spending has increased by $11.4 billion while health-related revenues, mainly comprised of the OHP and federal transfers, have increased by $7.3 billion. In 2008-09, OHP revenue increased by $63 million to $2,776 million, up from $2,713 million in 2007-08. During the same period, expenses in the Ministry of Health and Long-Term Care and Ministry of Health Promotion increased by $2,629 million to $40,747 million, up from $38,118 million in 2007-08.

Ontario Health Premium revenue supports expenditures in all areas of the Ministry of Health and Long-Term Care and the Ministry of Health Promotion and is not earmarked by program area. In 2008-09, revenue from the health premium was $2,776 million, or 6.8 per cent of the $40,747 million in total expenses for the Ministry of Health and Long-Term Care and the Ministry of Health Promotion. This compares to $2,713 million or 7.1 per cent of $38,118 million for the two ministries in 2007-08. Below is a table that shows how health premium revenue supports major investments in the health care sector. Also shown is the level of support in each health care sector if the percentage shares in 2007-08 and 2008-09 were allocated equally across each expense area.

Example of How the Health Premium Supports Investments in the Health Care Sector: OHP Revenue as a Share of Total Health Expenditures Applied Equally Across Expense Areas

($ Millions)	**2008-09 6.8%**	**2007-08 7.1%**
Hospitals*	1,266	1,237
OHIP	618	577
Long–Term Care Homes	203	198
Ontario Drug Programs	211	205
Home Care, Community and Mental Health Services	191	187
Public Health, Ministry of Health Promotion and Other	287	309
Total	**2,776**	**2,713**

* Includes impact of consolidation of hospitals. The remaining categories of spending have been adjusted to exclude the transfer of grants to hospitals.

The Ontario Health Premium is paid by individuals resident in Ontario on the last day of the taxation year. An individual's Ontario Health Premium liability is: $nil for taxable income of up to $20,000; 6% of taxable income over $20,000 up to $25,000; $300 for taxable income from $25,000 to $36,000; $300 plus 6% of taxable income over $36,000 for taxable income over $36,000 up to $38,500; $450 for taxable income from $38,500 to $48,000; $450 plus 25% of taxable income over $48,000 for taxable income over $48,000 up to $48,600; $600 for taxable income from $48,600 to $72,000; $600 plus 25% of taxable income over $72,000 for taxable income over $72,000 up to $72,600; $750 for taxable income from $72,600 to $200,000; $750 plus 25% of taxable income over $200,000 for taxable income over $200,000 up to $200,600; and $900 for taxable income over $200,600.

TOTAL GOVERNMENT OF CANADA	**16,591,072,751**	**16,596,774,735**

The Canada Health Transfer (CHT) is a block fund cash contribution used by the federal government to support health care spending in the provinces and territories. In 2008-09, the CHT provided $22.6 billion to provinces and territories. The federal government allocates CHT entitlements among provinces and territories making use of a formula that takes into account provincial population and the value of personal and corporate income tax points transferred to provinces in 1977-78. To receive federal CHT cash transfers, provinces and territories must comply with the principles of the *Canada Health Act*.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2009

The Canada Social Transfer (CST) is a block fund cash contribution used by the federal government to support provincial and territorial expenditures on postsecondary education, social assistance and other social programs. In 2008-09, the CST provided $10.5 billion to provinces and territories. Since 2007-08, the CST has been allocated to provinces and territories on an equal per capita cash basis. To receive federal CST cash transfers, provinces and territories are prohibited from imposing residency requirements in determining eligibility for social assistance.

On November 21, 2005 the Government of Ontario and the federal government entered into a Labour Market Development Agreement (LMDA), which provides for the transfer to Ontario of the administration of labour market development programs and services previously run by the federal government. Through the LMDA, the federal government is transferring Employment Insurance Part II funding to Ontario, as well as additional funding for staff salaries and administration.

Social Housing reimbursements are the federal portion of the cost of subsidizing low-rental housing programs. The Province receives funding from the Canada Mortgage and Housing Corporation (CMHC) to administer social housing in Ontario.

The Wait Times Reduction Fund was established at the September 2004 First Ministers' Meeting to assist provinces and territories in reducing medical wait times by investing in key activities in areas of training and hiring of health professionals, capacity building for regional centres of excellence and backlog clearance.

The 2007 federal budget announced the creation of the ecoTrust for Clean Air and Climate Change, worth $1.5 billion nationally over three years and allocated among provinces and territories on an equal per capita basis. The trust was created to support projects that will lead to a reduction in greenhouse gas emissions and air pollution. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

Indian Welfare Services Agreement payments assist the Province in providing welfare services and programs to persons living on Indian reserves. Under the agreement, the welfare services and programs that are provided on reserves are equal to those available to persons living in other communities.

Infrastructure funding to Ontario is provided through a number of agreements that support construction, renewal, improvement and expansion of the province's physical capital, including roads, bridges, public transit and water systems.

In October 2006, Ontario and the federal government signed a memorandum of agreement under which the Canada Revenue Agency would administer Ontario corporate income taxes. This included a commitment by the federal government to provide $400 million to Ontario to assist the province in ensuring a smooth transition to a single corporate tax administration. The Province received $250 million in 2007-08 and $150 million in 2008-09 related to this commitment.

On January 10, 2008, the federal government announced its intention to create a Community Development Trust to support provincial and territorial initiatives to assist workers and communities that face challenges due to economic volatility. The Community Development Trust, worth $1 billion nationally was allocated over three years. A base amount of $10 million was provided to each province and $3 million to each territory, with the balance of the funding allocated on a per capita basis. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

The 2006 federal budget announced the creation of the Public Transit Capital Trust, worth $900 million nationally over three years and allocated among provinces and territories on an equal per capita basis. The trust was created to support capital investments in public transit infrastructure including rapid transit, transit buses, intelligent transportation systems and high occupancy vehicle and bicycle lanes. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2009

On February 21, 2008 the Government of Ontario and the Government of Canada signed the Canada-Ontario Labour Market Agreement (LMA). The LMA provides funding for labour market programs and services that focus on skills development for unemployed individuals who are not eligible for Employment Insurance benefits and employed individuals who do not have a high school diploma or recognized certification, or who have low levels of literacy and essential skills.

The 2008 federal budget announced the creation of the Public Transit Capital Trust 2008, worth $500 million nationally over two years, 2008-09 and 2009-10, and allocated among provinces and territories on an equal per capita basis. The trust was created to support capital investments in public transit infrastructure including rapid transit, transit buses, intelligent transportation systems and high occupancy vehicle and bicycle lanes. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

The 2007 federal budget introduced a financial incentive to provinces that reduce or eliminate capital taxes. The incentive would return to the provinces any federal Corporate Income Tax (CIT) windfall that arises from reductions in provincial capital tax occurring after March 18, 2007 and before January 1, 2011.

Bilingualism Development reimbursements are the federal government's portion of the cost of providing services in both official languages and of providing adequate educational facilities for teaching the second official language. The federal government also contributes to Ontario's initiatives in French-language schools, such as the establishment of administrative structures in new French-language school boards, and initiatives designed to improve the achievements of French-language students.

The 2006 federal budget announced the creation of the Affordable Housing Trust, worth $800 million nationally over three years and allocated among provinces and territories on an equal per capita basis. The trust was created to support investments to increase the supply of affordable housing, including transitional and supportive housing. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

Under the Labour Market Agreement for Persons with Disabilities (LMAPD) the federal government provides contributions to the Province to support measures that will enhance the economic participation in the labour market of working age adults with disabilities by helping them to prepare for, attain and retain employment.

The 2007 federal budget announced the creation of the Patient Wait Times Guarantee Trust, worth $612 million nationally over three years and allocated among provinces and territories on an equal per capita basis. The trust was created to support patient wait time guarantees in areas such as cancer treatment, heart procedures, diagnostic imaging, joint replacement and sight restoration. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

Youth justice transfer payment programs are ongoing, and mandated under the *Youth Criminal Justice Act*. The federal government cost shares a portion of the Youth Justice Services expenditures.

Legal Aid payments are the federal government's contribution to assist in providing legal aid services to economically disadvantaged people in serious criminal matters and proceedings under the *Youth Criminal Justice Act.* They also help ensure that certain minimum standards of legal aid are maintained in accordance with the Agreement Respecting Legal Aid in Criminal Law, the *Youth Criminal Justice Act* and immigration and refugee matters.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2009

Student Assistance includes Canada Study Grants and the administration of Canada Student Loans and Canada Millennium Scholarships. Canada Study Grants are provided to students with dependants, high-need part-time students, students with disabilities, and women in doctoral studies.

The 2007 federal budget announced the creation of the Human Papillomavirus (HPV) Vaccine Trust, worth $300 million nationally over three years and allocated among provinces and territories on an equal per capita basis. The trust was created to support the purchase of the HPV vaccine for use in a publicly funded HPV immunization program. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

The federal government announced the creation of a $400 million Police Officers Recruitment Fund in the 2008 federal budget. The funding was allocated to provinces and territories over five years, 2008-09 to 2012-13, on a per capita basis. The fund was created to support the efforts of provinces and territories in recruiting additional front-line police officers nationwide who can target local crimes and make communities safer. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

The 2006 federal budget announced the creation of the Off-Reserve Aboriginal Housing Trust, worth $300 million nationally over three years and allocated according to provincial shares of the national off-reserve Aboriginal population. The trust was created to increase the supply of rental housing and enhance home ownership opportunities for Aboriginal Canadians living off reserve. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

The Immigration Holds Agreement represents reimbursement by the federal government for the cost of detaining people awaiting an immigration examination, inquiry or removal.

Other payments from the federal government included:

a) Payment of $13,805,550 for the Orchard and Vineyards Transition Program;

b) Payment for the Softwood Lumber Agreement of $6,500,822;

c) Annual subsidies of $7,999,827 under the *Constitution Act, 1907;* and

d) Interest of $82,494 on the Common School Fund.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2009

	2009 $	2008 $
INCOME FROM GOVERNMENT ENTERPRISES		
Ontario Lottery and Gaming Corporation	1,921,601,620	1,856,491,300
Liquor Control Board of Ontario	1,409,989,000	1,374,357,000
Hydro One Incorporated	530,000,000	407,000,000
Ontario Power Generation Incorporated	182,841,000	807,000,000
Other Government Business Enterprises	(2,214,062)	(8,205,388)
TOTAL INCOME FROM GOVERNMENT ENTERPRISES	**4,042,217,558**	**4,436,642,912**

Income from Government Enterprises represents amounts received by the Province from government business enterprises.

The Ontario Lottery and Gaming Corporation (OLG) conducts lottery games, and operates resort casinos, charity casinos, and slot machines at Ontario racetracks on behalf of the Province of Ontario. The Province consolidates the net income from OLG's lotteries, charity casinos and slot machines at racetracks. In addition to the net income, the Province also earns 20% of gaming revenue from slot machines at the Great Blue Heron casino.

These proceeds are allocated to the following Ministries and programs: $110 million to the Ontario Trillium Foundation for grants to charities and not for profit organisations, $39 million to the Ministry of Health and Long-Term Care and the Ministry of Health Promotion to support problem gambling and related programs for prevention, treatment and research, $10 million to the Ministry of Health Promotion for direct financial support to Ontario high-performance athletes and enhanced coaching development, with the balance being applied to the Ministry of Health and Long-Term Care for the operation of hospitals.

The Province also consolidates revenue generated from the OLG's four resort casinos in two specific ways. The first is 20% of gaming revenue from Caesars Windsor, Casino Niagara, Niagara Fallsview Casino Resort and Casino Rama. The second is the net income earned from Caesars Windsor, Casino Niagara and Niagara Fallsview Casino Resort. The proceeds are allocated to general government priorities such as health care, education and public infrastructure. Net income earned from Casino Rama is distributed to First Nations across Ontario and is not included in the amount reported here.

Liquor Control Board of Ontario (LCBO) profits are generated from the sale of beer, wine, coolers, and spirits.

Hydro One Incorporated (Hydro One) and Ontario Power Generation Incorporated (OPG) were created as part of the restructuring of the former Ontario Hydro. Net income from these two corporations is consolidated in the Province's finances. OPG revenue is derived primarily from the sale of electricity from its generating stations. Hydro One revenue is derived primarily from the transmission and distribution of electricity.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2009

Sales and Rentals includes proceeds from the disposal of real property, supplies and equipment, rental of real property, leasing of Crown land and sales of goods and services provided by Provincial institutions.

Vehicle and Driver Registration fees include vehicle registration, carrier, and driver fees. Vehicle registration fees are for the authorization to operate a motor vehicle on a public road. For commercial vehicles and buses the fee ranges from $109 to $2,722. Fees for passenger cars and light commercial vehicles weighing 3,000 kilograms or less used for personal purposes are $74 per year in Southern Ontario and $37 per year in Northern Ontario. Fees for motorcycles and mopeds are $42 and $12 per year respectively in Southern Ontario and $21 and $12 per year respectively in Northern Ontario. Driver fees consist primarily of driver license renewals.

Liquor licences and permits collected by the Alcohol and Gaming Commission of Ontario include liquor sales licences, mini bar licences, endorsements, liquor delivery services licences, brew on premise licences, special occasion permits and manufacturer's licences.

The registrar's fees consist of fees collected by the Ontario Court (General Division) in estates matters as set by O.Reg. 393/90 made under the *Administration of Justice Act* and the issuing, signing and filing fees for court related documents in civil matters.

Personal Property registration service fees are remittances for the registration and searches of personal property pledged as collateral to secure a loan. The fees are collected at the time of registration or search.

Gaming-related fees collected by the Alcohol and Gaming Commission of Ontario include fees for registering commercial suppliers and gaming employees of charitable gaming events, casinos, charity casinos and slot machine facilities. Also included are fees for issuing licences to conduct and manage lottery schemes such as raffles.

Fees for the Drive Clean Program are chargeable to the public for vehicle emissions testing, known as a "Drive Clean Emissions test". Also, an accreditation fee, which varies depending on the type of facility, as well as a fixed annual renewal fee, is chargeable to garages for accreditation certification as Drive Clean facilities

Companies' service fees are remittances for registration, searches and certificates pertaining to incorporations, limited partnerships and business names. The fees are collected at the time of registration or search.

Land registration service fees are remittances for the registration and searches of records of ownership and encumbrances affecting real property. The fees are collected by the land registry offices at the time of registration.

Effective January 1, 2001, persons who by virtue of an agreement, lease or other writing are entitled to occupy public lands are required to pay a water rental charge calculated at a rate of 9.5 % on gross revenues from the annual generation from hydro-electric-generating stations. This is the Gross Revenue Charge - Water Rental component referenced on page 1-6.

Crown Charges – Timber royalties are remittances for the harvesting of Crown timber on Crown land or when timber rights are reserved to the Crown on patent land. Crown charges are typically charged on a per cubic metre basis related to the tree species, end products produced and harvest volume. A base charge per cubic metre, adjusted annually, is established as a minimum rate. The minimum rate for most harvested timber during 2008-2009 was either $3.92 or $0.59 per cubic metre depending on the tree species and commodity group. The $0.59 per cubic metre reflects the rate for several underutilized species and the 3 year reduction in minimum rate for white birch that began in 2006-07. A residual value charge, based on a percentage of the difference between the cost of manufacturing and the selling price of the forest product, is also assessed. This component based on commodity market prices is adjusted monthly and varied from $0.00 to $12.00 per cubic metre.

DETAILS OF REVENUE – Concluded

For the year ended March 31, 2009

Beginning in 2006 funds for the Forest Resource Inventory (FRI) were directed to the Forestry Futures Trust and this affected timber pricing and the amount of stumpage collected. In 2008-2009 either $1.04 or $0.59 was charged, depending on species group and end-use, and set aside in the Forestry Futures Trust fund account for FRI expenses until a $10 million balance was achieved. After reaching the $10 million level, the FRI charge was then set to zero, which occurred for one month only (March 2009). The FRI deduction resulted in no net affect to the forest industry, with respect to stumpage charges.

Teranet – Polaris Royalties -The Province completed the sale of its 50% ownership in Teranet in 2003-04. As part of this transaction, the Province agreed to suspend royalties from Teranet for a period of 13.67 years to March 31, 2017 in exchange for a lump sum payment of $205 million. The $205 million represents deferred royalties to be earned by the Province in future years and have been recognized in the Province's accounts as deferred revenue. The deferred revenue is amortized to revenue over the life of the royalty suspension agreement.

Recovery of Prior Years' Expenditures represents monies recovered subsequent to the fiscal year-end in which the related expenditures were made. These receipts represent amounts, which, except for the timing of the recovery, would have been classified as expenditure refunds.

Reimbursements of expenditures are repayments of expenses incurred by the government under formal agreement, understanding or arrangement that the expenses will be recovered in whole or in part.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

The Electricity Debt Retirement Charge is paid by ratepayers based on consumption of electricity and will continue until the residual stranded debt is eliminated. Residual stranded debt originated from the restructuring of the old Ontario Hydro and restructuring of the electricity sector.

Revenues under "Power sales" arise from the reselling of power and recovery from electricity consumers of the cost of power purchased from and payments made to electricity generators under power purchase contracts and other supply agreements with the Ontario Electricity Financial Corporation (OEFC), the legal continuation of the former Ontario Hydro.

Power purchase contracts were entered into by the former Ontario Hydro with non-utility generators (NUGs) located in Ontario. As the legal continuation of Ontario Hydro, as of April 1, 1999, the OEFC is the counterparty to these contracts. The contracts provided for the purchase of power at prices that were expected to be in excess of the market price. Accordingly, a power purchase contract liability was recorded. Under legislated reforms to the electricity market, OEFC began receiving actual contract prices for power from ratepayers, effective January 1, 2005, and no longer incurs losses on these power purchase contracts. At that time, the Ministry of Finance estimated that the bulk of the liability would be eliminated over 12 years, as existing electricity contracts expire.

The Reduction of Power Purchase Contracts represents the effective elimination over time of the power purchase contract liability. The amount of change reflects the deduction for estimated in-year losses used to calculate the liability prior to the legislated reforms to the electricity market that effectively eliminated over time the liability, plus an annual amortization amount for the unrealized revaluation change in 2003 to the estimated value of the power purchase liability.

The Independent Electricity System Operator (IESO) was established through the *Electricity Restructuring Act, 2004*. It operates independently and as a non-profit corporation. Licensed by the Ontario Energy Board, it reports to the legislature through the Ministry of Energy. The IESO, formerly called the Independent Electricity Market Operator, manages the province's power system. The IESO balances demand for electricity against available supply through the wholesale market and directs the flow of electricity across the transmission system. IESO revenue is derived primarily from system fees based on OEB-approved rates for each megawatt of electricity withdrawn from the IESO-controlled grid.

	2009	2008

*Standard accounts classification is explained on page iii-v. Statutory expense has been allocated to the appropriate Standard Accounts. Recoveries of expenses by standard accounts are netted at the ministry level to reflect the Estimates structure.

**Expenses are reclassified for the recoveries related to Seconded Legal Services (Ministry of Attorney General), Info. & Info. Tech. Cluster (Ministries of Education and Transportation) and Ministry Admin., Info. & Info. Tech. Support and Ontario Shared Services (Ministry of Government Services).

1. Total CRF Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2008-09 were issued.

2. Ministry reclassification adjustments are to reclassify expenses to new ministry structure.

*Standard accounts classification is explained on page iii-v. Statutory expense has been allocated to the appropriate Standard Accounts. Recoveries of expenses by standard accounts are netted at the ministry level to reflect the Estimates structure.

**Expenses are reclassified for the recoveries related to Seconded Legal Services (Ministry of Attorney General), Info. & Info. Tech. Cluster (Ministries of Education and Transportation) and Ministry Admin., Info. & Info. Tech. Support and Ontario Shared Services (Ministry of Government Services).

1. Total CRF Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2008-09 were issued.
2. Ministry reclassification adjustments are to reclassify expenses to new ministry structure.

Program Description

This strategy includes the ministry's main regulatory functions relating to food inspection and compliance, animal health and welfare, and nutrient management. This strategy also includes non-regulatory programs in food safety, animal health and welfare, nutrient management, land use planning and environment. The ministry uses a full suite of tools to manage risks and encourage industry adoption of best management practices.

Program Description

Under this strategy, the ministry supports agriculture, food and bio-product sectors through a comprehensive approach. Components of this strategy that contribute to the framework for these sectors include: delivery of farm income stabilization and other assistance programs to the agriculture sector; working with agri-food partners in identifying needs and opportunities, and adopting new technologies; investing in agri-food research; investment attraction and investment retention efforts for the processing sector; promoting Ontario food and agricultural sales in export and domestic markets.

This strategy also assists rural Ontario in building strong, vital communities with diversified economies and healthy social and environmental climates by working collaboratively with rural communities, municipalities, businesses and organizations to undertake economic development initiatives.

Program Description

This program provides for the overall administration of the Ministry, supplying administrative and support services for the operating programs. The Corporate Services Management Division provides strategic support and advice to the Ministry in the areas of business and fiscal planning, human resources, emergency management, facilities management, research and analysis, and the co-ordination of key strategic projects. The Division also delivers shared services for Freedom of Information, French Language Services, Quality Services and Knowledge Management, to the justice sector ministries, and provides service management for centrally delivered services of audit and quality assurance, and Ontario Shared Services. Ministry Administration also includes the Attorney General's Office, the Deputy Attorney General's Office and the Parliamentary Assistant's Office, as well as the Policy Division and the Communications Branch.

Program Description

This program supports the role of the Attorney General as Chief Law Officer of the Crown by providing the government with expert legal advice, advocacy and representation before tribunals and at all levels of court. Timely and high quality legal advice and services are critical to the government's ability to develop and deliver on its core businesses, policies, programs and services.

This program includes the Office of Legislative Counsel responsible for drafting all provincial bills and regulations in English and French, and providing legal advice on legislative matters to the Legislative Assembly and Cabinet. It also consolidates statutes and regulations. The program also provides for the operation of the agencies, boards and commissions within the ministry including the Assessment Review Board, Ontario Municipal Board, Ontario Human Rights Commission, the Human Rights Tribunal of Ontario, the Human Rights Legal Support Centre, and Law Commission of Ontario.

The Ministry is also responsible for the administration of public inquiries.

Program Description

The Court Services Division is responsible for the administration and functioning of criminal, civil and family courts in Ontario. These services are divided into three components: court administration, judicial services and court construction. Court administration and judicial services provide support to the effective and efficient management of the justice system. Court construction provides funding for new courthouses and large-scale renovations of existing court facilities to support a justice system that is modern, secure and accessible.

Program Description

The Auditor General conducts independent value-for-money and financial statement audits under the authority of the *Auditor General Act* and various other statutes and authorities. In doing so, the Office of the Auditor General promotes accountability and value-for-money in government operations and in broader public sector organisations. As well, under the authority of the *Government Advertising Act,* 2004, the Auditor General is required to review government advertising and certain printed matter proposed by government offices to determine if the advertising or printed matter meet the standards required by that Act. As required by the *Fiscal Transparency and Accountability Act,* 2004, in an election year the Auditor General is also required to review and report on the reasonableness of a Pre-Election Report prepared by the Ministry of Finance.

Program Description

The Office conducts general elections and by-elections of Members to the Legislative Assembly and provides research, public information and policy advice relating to the electoral process. The Office also trains, directs and supervises the returning officer in each of the 107 electoral districts.

The Chief Electoral Officer also administers the *Election Finances Act*. Over 500 Constituency Associations and 12 registered political parties must file annual returns and inform Elections Ontario of any changes to registration information. Any form filed with Elections Ontario is reviewed for compliance with the *Election Finances Act.*

The Office has responsibility to administer referenda under the *Taxpayer Protection Act,* 1999.

The Office serves Ministries, agencies and the public on a continuing basis by conducting historical and comparative research and providing policy advice and general information regarding the electoral process.

Program Description

Children and Youth Services programs, aligned with the ministry's key transformations, include Early Learning and Child Development, Children and Youth at Risk, Specialized Services and Ontario Child Benefit. Early Learning and Child Development includes child care, Healthy Babies Healthy Children, Best Start demonstration communities and early identification and intervention and family and community support programs. Children and Youth at Risk includes child protection, child and youth mental health, services for youth in under-served communities (including employment and outreach) and youth justice services for youth in, or at risk for, conflict with the law. Specialized Services includes autism, children's rehabilitation and enhanced and out-of-home respite programs. The Ontario Child Benefit is an income tested financial benefit that supports low income families with children under the age of 18, whether they are working or not.

Program Description

The Ministry Administration Program works to achieve ministry and government objectives by providing strategic advice and vital support services, including communications, human resources, French language services, information technology and business solutions, legal services and resource planning and allocation activities. The Program provides corporate services to three ministries (Citizenship and Immigration, Culture and Tourism).

Program Description

The Citizenship and Immigration Program has lead responsibility for immigration, diversity and citizenship, including volunteerism and honours and awards. The division works with other levels of government to ensure that immigrants to Ontario can contribute fully to the economic and social life of the province; to encourage more Ontarians to volunteer in their communities; and to deliver provincial honours and awards to programs that recognize a broad range of individual and group contributions to their communities and the province as a whole.

Program Description

Strategic business planning advice and business management services are provided to support senior management decision-making. As part of the larger Ontario Public Service, the Ministry's business supports reflect and support the government's overall policies and enterprises. Partnership with the Ministry of Children and Youth Services provides for the delivery of services in an effective and efficient manner.

Program Description

Effective and accountable community-based services are directed to those most in need, in the fairest possible manner. Ontarians in need can access income and employment supports and the services of the Family Responsibility Office, which administers and enforces court orders for child and spousal support, so that they can move toward self-sufficiency. Adult community services support families and communities to help vulnerable adults, including services for people with developmental and physical disabilities and other special needs, women who have experienced domestic violence, and aboriginal people through the Aboriginal Healing and Wellness Strategy. The Accessibility Directorate of Ontario implements the requirements of the *Accessibility for Ontarians with Disabilities Act* to improve accessibility across Ontario and support community inclusion.

Program Description

Reporting to the Commissioner of Ontario Provincial Police, responsible for providing direct front line policing services in hundreds of municipalities and First Nations communities throughout the province. The OPP investigates province-wide and cross-jurisdictional crimes, patrols provincial highways, and is responsible for many of the waterways and trail systems in the province. In addition the OPP maintains specialized provincial registries including ViCLAS (Violent Crimes Linkages Analysis System) and the Ontario Sex Offender Registry and provides oversight of provincial strategies such as child exploitation and biker enforcement. Through its provincial mandate the OPP provides emergency services support to all communities in Ontario, and provides specialized security and protection services for the Government of Ontario.

Program Description

Reporting to the Deputy Minister of Emergency Planning and Management, this division captures resources and services dedicated to the public safety and security of Ontarians. This is achieved through the efforts of Emergency Management Ontario, the Ontario Fire Marshal's Office, the Coroner's office and security and continuity of operations units. All are devoted to the rapid identification of problems and the resolution through effective mitigation, prevention, preparedness, response, recovery, scientific, investigative and public education initiatives. The Division strives to be a leader in ensuring that all of Ontario's diverse communities are safe and secure thereby supporting the government in its priority of stronger, safer communities.

Program Description

The Culture Capital Program preserves and enhances Ontario's investment in cultural infrastructure. The Ministry works in partnership with the Ministry of Tourism to manage the cultural infrastructure development commitments of the province's $300 million, five-year capital infrastructure initiative - the Sports, Culture and Tourism Partnership program. The Sports, Culture and Tourism Partnership program, launched in 2001, has been extended to 2009.

The Ministry of Culture provides capital repair and rehabilitation funding to nine of its 14 agencies. This funding enables the Ministry's cultural attraction agencies to undertake repair and rehabilitation of existing infrastructure including: renovations, building code upgrades, health and safety improvements and statutory/regulatory compliance, to help them remain competitive and enhance the visitor experience.

Program Description

The program provides policy and program direction, as well as financial support, to elementary and secondary schools and agencies in Ontario in order to foster and sustain a high-quality education system for all students in this province, no matter where they live. The program aims to achieve three primary outcomes: excellence in student achievement; preparation of all students for success in further education, work, and community life; and improvement of Ontario's ability to compete in a global marketplace.

Key components of the program are: supporting the implementation of a rigorous curriculum, supporting student learning and maintaining challenging standards of achievement, and supporting excellence in teaching; provision of financial support to a streamlined and efficient education system with a focus on teaching and learning in the classroom, accountability for the funding of elementary and secondary education, and operation of provincial schools for the deaf, blind, deaf/blind and students with learning disabilities.

Program Description

This program is responsible for developing the energy policy framework of Ontario that is central to the building of a strong and prosperous economy. It provides leadership and support to the energy sector to achieve a diverse, environmentally-sustainable and competitively-priced energy supply and transmission and distribution system. The program supports energy conservation and efficiency and the development of renewable energy.

Program Description

This program, which includes the Office of the Minister and Deputy Minister, delivers planning, advisory, legal, information and information technology and controllership functions to ensure direction and management of operating programs consistent with Ontario Government policy and legislative directions. The program also provides corporate support services, as well as call centre services, document imaging, data capture and cash management for all collections under the taxation statutes administered by the Ministry of Revenue. In addition, the program manages the service and accountability relationships with Ontario Internal Audit, the Central Agencies Information and Information Technology Cluster and Ontario Shared Services, ensures proper levels of support to the Ministry of Finance, the Ministry of Revenue and its client groups, and strategically manages the ministry's quality service commitments.

Program Description

The Office of the Budget and Taxation program advises and assists the Minister of Finance and the Government in formulating the Ontario Budget. The program is also responsible for the development and quantitative analysis of taxation, pension and income security policy and legislative design; inter-governmental taxation; the Senior Homeowners' Property Tax Grant; other economic and fiscal documents such as the Tax Expenditure Report; and research and analysis on emerging trends in taxation, pension and income security, including Ontario's tax competitiveness.

Program Description

This program develops and implements sound economic and fiscal strategies to stimulate economic growth and job creation; forecasts, monitors and reports on the performance of the Ontario economy; provides expertise and policy advice on sound economic design of government initiatives; develops demographic forecasts for Ontario; develops the policy and legislative framework for Ontario's financial services industry; develops and implements a fiscal and financial management framework for the public sector in Ontario; assists the Minister of Finance and the Government in formulating Ontario's federal-provincial finance policy; develops, monitors and reports on the fiscal plan and results for the province; provides policy advice to clients, managers, and decision makers in the areas of accounting, fiscal and financial management; and fosters greater accountability and fiscal integrity in the public sector in Ontario. The program advises on assessment and property tax policy, grants to municipalities, and education tax rates. It also monitors the fiscal and financial relationship between the province and the municipalities, including providing transfer payments to municipalities.

The Treasury Board Office coordinates fiscal strategy, risk assessment and internal audit services for the Ontario Public Service, and supports Treasury Board and Management Board of Cabinet by providing advice on the appropriate use of public resources to meet government priorities. The program also facilitates integrated supply chain and back-office leading practices in Ontario's broader public sector. It also reflects the transfer of dedicated electricity earnings from the Province to the Ontario Electricity Financial Corporation.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision.

In this regard, $420,000,000 of the "Contingencies" appropriations were allocated during the year to the programs and activities of various ministries. The actual costs incurred were not charged against the "Contingencies" activity but rather against those programs and activities to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

Program Description

The Financial Services Commission of Ontario provides for the regulation of insurance, pension plans, loan and trust companies, credit unions and caisses populaires, mortgage brokers and co-operative corporations by delivering efficient and effective regulatory services that protect consumers of financial services and support a reliable, dynamic and competitive industry. The Financial Services Commission of Ontario also makes recommendations to the Minister on matters affecting the regulated sectors. In addition, the Motor Vehicle Accident Claims Fund compensates persons injured in automobile accidents in Ontario by an uninsured, unidentified or stolen vehicle where there is no other insurance available to respond to the claim.

The Ontario Securities Commission is an independent and self-funding regulatory agency responsible for Ontario's securities laws, financing its operations through retention of its fee revenue.

Program Description

This program is subject to the Legislature's approval of Bill 35, the proposed *Investing in Ontario Act*. The program would have responsibility for the distribution of all or part of the surplus for a fiscal year (reduced by any allocation to the reduction of the accumulated deficit prescribed by regulation) to eligible recipients for the purposes, and in the manner prescribed by regulation. Eligible recipients may include entities, other than individuals, that do not carry on their activities for the purposes of gain or profit.

Program Description

This program advises government, its ministries and agencies on matters concerning Francophone affairs and the provision of French-language services. It develops policies and programs pertaining to the government's French-language services. It monitors and oversees the implementation by ministries of the *French Language Services Act* and makes recommendations concerning the addition of new designated areas to the schedule and the designation of transfer payment agencies under the Act. It evaluates the quality, quantity and appropriateness of services delivered by ministries to the Francophone population. It also provides information, advice, expertise and assistance to the Francophone community.

Program Description

Human Resources Services Program is responsible for creating and sustaining the human capital required to support modern efficient public services and facilitate the achievement of government priorities. It does this by delivering integrated HR services that support business objectives, and by developing and implementing HR strategies and policies that make the Ontario Public Service (OPS) the "Place to Work". The program also coordinates the internal security, and emergency planning and management for the OPS.

Program Description

Modernization Program consists of the Modernization Division and the OPS Diversity Office focusing on transforming and improving government services for citizens. The Modernization Division is responsible for building capacity across the Ontario Public Service to create and sustain transformational change and achieve modernization objectives. The Ontario Public Service (OPS) is committed to creating a workforce that is reflective of Ontario and the population it serves and to building a modern organization that is inclusive, diverse at all levels, free from all forms of illegal discrimination, accessible and barrier free. The Diversity Strategic Framework and Office were established to create a road map to assist the OPS in its modernization and transformation process. Its goals are to identify and remove discriminatory barriers in employment, increase the representation of diverse groups at all leadership levels, deliver efficient, inclusive and diverse services to Ontarians and to lead the OPS Accessibility Leadership Strategy.

Program Description

Service Delivery Program is responsible for improving delivery of internal and external government-wide services to meet the needs of Ontarians and the Ontario Public Service (OPS). All service delivery programs are focussing on transforming and improving government services.

ServiceOntario gives Ontarians easy, cost effective access to government services. As a public-facing enterprise service delivery organization, ServiceOntario is responsible for delivering information and transactional services to both individuals and businesses over multiple channels including: in-person/counter, kiosk, telephone and online. ServiceOntario is well underway to establishing itself as the government's service gateway. Many services are now offered and/or managed by ServiceOntario. The Archives of Ontario collects, manages and preserves the records of Ontario and promotes public access to Ontario's documentary memory. It provides responsible stewardship of the Government of Ontario's Art Collection, and promotes good recordkeeping practices in the government. The Office of the Corporate Chief Information Officer provides transformational leadership for the information management and information technology in government including policy and implementation for common infrastructure, governance and accountability, and delivery of OPS-wide common services such as computer processing and network facilities. Ontario Shared Services provides enterprise-wide employee and business support services to the OPS, including financial processing and collections, supply chain management, insurance and risk management, payroll management and processing, and benefits administration.

Program Description

This program is responsible for maintaining a modern regulatory and legal environment that protects consumers, generates confidence and promotes economic growth. It deals with policy development for the ministry's consumer and business services programs and provides oversight to ensure effective governance, accountability, and relationship management with respect to the ministry's agencies, delegated administrative authorities, and other service delivery partners. The Licence Appeal Tribunal hears appeals concerning compensation claims and licensing activities under various ministries' statutes. The Alcohol and Gaming Commission of Ontario (AGCO) is charged with the administration and enforcement of the regulatory framework, which governs the liquor and gaming sectors in the province. The AGCO also sets and enforces standards in the gaming and beverage alcohol industries where the risks of illegal activity and potential social costs are significant.

Program Description

Ministry Administration provides support to the Minister of Health and Long-Term Care to meet the requirements of the Ministry's Portfolio, Ministry management, accountability and controllership frameworks to ensure the cost-effective/efficient use of resources to achieve business results.

A broad range of strategic and operational services essential to the effective delivery of Ministry programs, including business, fiscal and health capital planning; health system investment and funding policies and decisions; audit; supply and financial services and contract management; government pharmacy; accommodation; human resources and organizational development; corporate project/change management and labour relations; freedom of information, protection of privacy, and personal health information protection; submission coordination and Cabinet Office liaison; public appointments process; information management and information technology; legal; communications and information; and the Medical Advisory Secretariat, which provides evidence-based analysis and policy advice on the coordinated uptake of new health technologies and health services for Ontario. Administrative support to the Ontario Review Board, Consent and Capacity Board, Health Services Appeal and Review Board, Health Professions Appeal and Review Board, and the Ontario Hepatitis C Assistance Plan Review Committee.

Program Description

The Health Policy and Research Program integrates strategy and program policy to provide strategic directions for Ontario's health system. System-wide planning allows the Ministry to support legislation and policy; monitors alignment with the strategic directions; selects and manages portfolios of Chronic Disease strategy and other initiatives within the ministry to further health system and health human resource goals and provides health research investment and planning support and oversight. This work includes the strategic policy and planning relating to the supply, mix, distribution, retention, training primarily in medicine and nursing as well as other selected health disciplines and regulation of health professionals.

Program Description

e-Health ensures that information and information technology are used to improve and modernize Ontario's health care system, and to improve the quality of and access to health care services. Health System Information Management provides health information which enables evidence-based decision-making for a sustainable health care system in Ontario. Smart Systems for Health Agency provides the information infrastructure required to facilitate the secure electronic communication and exchange of personal information among Ontario's health care providers and supports the Ministry's e-Health initiatives.

Program Description

The Ontario Health Insurance Program is responsible for key elements of Ontario's health care system: registration of eligible Ontarians, physicians' payments, other practitioners' payments, out of province/out of country services, independent health facilities, midwifery services, colorectal cancer screening, drugs, laboratory services, assistive devices, payment integrity, and protection from health-related fraudulent activity.

Ontario health services are available from health professionals in various settings from family doctors' offices to hospitals. Government-funded services are available to Ontarians who have registered, and who are eligible for the Ontario Health Insurance Plan. The Underserviced Area Program and the Northern Health Travel Grant Program offer a number of integrated supports that provide rural and northern communities with access to needed health care services.

* Includes a Post Fiscal Year End Treasury Board Order of $338,382,400, approved by Treasury Board on September 17, 2009 and applied retroactively to fiscal year 2008-09, to cover additional expenditures for services and for care provided by physicians and practitioners.

Program Description

The goal of the Public Health Program is to protect and enhance health, prevent the onset of disease and premature death of Ontarians at all stages of life. This Program reflects the direction to focus health care resources on preventive health services. The Public Health Program sets standards and protocols, and provides funding to Ontario's boards of health. The Program includes the Office of the Chief Medical Officer of Health, who has independent powers and a responsibility to report annually on the state of public health to the Legislative Assembly of Ontario. In this regard, the mandate of Public Health includes the entire spectrum of infectious diseases, chronic diseases and injury prevention, healthy child development, family and community health, and environmental health - all with a focus on the underlying determinants of health and illness. The newly created Ontario Agency for Health Protection and Promotion will support public health at the provincial and local levels. In addition, the Program provides leadership in planning and responding to emergencies with a health component.

Program Description

As steward for the integrity and long-term sustainability for Ontario's health care system, the Ministry is collaborating with 14 Local Health Integration Networks (LHINs) to promote a patient-focussed, value driven, integrated and co-ordinated health care system. While the Ministry provides strategic direction and guidance, the LHINs are responsible for planning, integrating and funding health service providers in their local health systems. The LHINs exercise their authority under the *Local Health System Integration Act, 2006.* Additional responsibilities and performance expectations are set out in the Memorandum of Understanding and Accountability Agreement with the Ministry of Health and Long-Term Care. The LHINs have the flexibility to address unique local health needs and priorities delivered through hospitals, Community Care Access Centres, long-term care homes, community health centres, community support services and mental health and addiction agencies. Together, the Ministry in partnership with LHINs ensures the delivery of accessible, community-responsive and high-quality health care system for all Ontarians.

Program Description

This program covers Provincial Programs, Emergency Health Services, Provincial Psychiatric Hospital, and Stewardship. This vote is responsible for transfer payment accountability, operational policy development, planning and funding of a wide span of specialized delivery or funding programs. Examples of these transfer payments include: Cancer Care Ontario, Community and Priority Services, Operation of Related Facilities, HIV/AIDS and Hepatitis C Programs and Chronic Disease Management Programs. In addition, the program provides Ontario's share of funding to the Canadian Blood Services and supports a blood utilization management strategy for Ontario.

Provincial Programs and Stewardship also includes Direct Operating Expenditures (DOE) for the management and delivery of the Transfer Payments within the Vote, and for the oversight administration (stewardship) of the Local Health Integration Networks.

Emergency Health Services ensures the existence of a balanced and integrated system of emergency health services throughout Ontario. The current system consists of a series of inter-related programs and services including municipally operated/contracted land ambulance services, the not-for-profit air ambulance organization called Ornge, and ambulance communications services.

Program Description

The Ministry of Health Promotion works with its partners to deliver effective and accountable programs and services that contribute to the long-term wellness of Ontarians. The Ministry provides tools and supports that advance the government's health promotion objectives through implementation of the government's Smoke-Free Ontario Strategy; initiatives to promote wellness through sport, physical activity and nutrition; activities aimed at preventing illness and injury; and support for Ontario's public health system (a shared responsibility with the Ministry of Health and Long-Term Care).

Program Description

The mandate of the Pay Equity Office (PEO) is to administer and enforce Ontario's *Pay Equity Act*, which is intended to eliminate systemic gender discrimination in the compensation of work primarily performed by women. To carry out this mandate, the PEO provides education and advice to employers, employees and bargaining agents in the public and private sectors to achieve and maintain pay equity in their workplaces. The PEO also investigates complaints, monitors workplaces for compliance, attempts to effect settlements of issues between the parties and issues Orders for compliance where necessary.

The Pay Equity Hearings Tribunal, a quasi-judicial tri-partite administrative tribunal, is responsible for adjudicating disputes arising under the *Pay Equity Act*.

Program Description

The role of Labour Relations is to promote a stable labour relations climate and harmonious workplace relationships in the province.

The Ontario Labour Relations Board is an independent, quasi-judicial tribunal which mediates and adjudicates a variety of employment and labour relations-related matters under various Ontario statutes including appeals of decisions of employment standards officers and occupational health and safety inspectors.

The Crown Employees Grievance Settlement Board (GSB) is an independent quasi-judicial tribunal that mediates and adjudicates the labour relations disputes of Ontario Crown Employees. The GSB also provides financial and administrative services to the Public Service Grievance Board, an agency of the Ministry of Government and Consumer Services.

Dispute Resolution Services provide neutral, third-party assistance to trade unions and employers through collective agreement conciliation and mediation, appointment of arbitrators and collective bargaining information.

Program Description

Occupational Health and Safety's primary mandate is the setting, communicating and enforcing of the occupational health and safety legislation and regulations to reduce or eliminate workplace injury or illness.

The Occupational Health and Safety Program ensures compliance with the *Occupational Health and Safety Act* (the Act), and assists workplace parties in securing a healthy and safe working environment. Through the administration and enforcement of the Act and its regulations, it encourages employers and workers to cooperatively identify and control health and safety hazards.

The Office of the Worker Adviser and the Office of the Employer Adviser provide advisory, representation and educational services to non-unionized injured workers and survivors, and smaller employers with fewer than 100 employees (respectively), and represent them before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal.

Program Description

This program provides the services required by the Lieutenant Governor in performing his constitutional, representational and community duties. In his constitutional role, the Lieutenant Governor represents the Queen, appoints the Premier based on majority support, swears-in the Executive Council, outlines the Government's plans in the Speech from the Throne, provides the Royal Assent needed for bills to become law, approves orders-in-council and appointments recommended by Cabinet, and prorogues or dissolves each session of Parliament. In his community role, the Lieutenant Governor represents the people of Ontario and acts as the Province's official host, welcoming world leaders and diplomats. He annually hosts or attends hundreds of community events throughout Ontario. He promotes themes or issues associated with accessibility for people with visible and invisible disabilities, while also enhancing literacy opportunities for Aboriginal youth. He presents honours and awards to outstanding Ontarians and, on request, sends messages for special celebrations and congratulations for birthdays of 90 years and over, and for wedding anniversaries of 50 years and over.

Program Description

The objective of this program is to foster responsible and accountable local governments which have the tools and autonomy to meet the needs of their community, to improve local service delivery, achieve financial sustainability, and respond to local disasters and emergency situations. The Ministry pursues this objective through development and implementation of legislation, policies, formal consultation mechanisms, and programs; providing advice, education and training and other activities to build consultative, co-operative relationships with municipalities and stakeholders.

Program Description

The objective of this program is to have well-planned and strong communities that enhance quality of life by ensuring well-managed growth that preserves greenspace, encourages brownfields redevelopment and provides for population and employment growth. Attaining this objective includes ensuring the safety of buildings through an effective building regulatory system. It also requires an effective legislative, policy-led and administrative framework for land use planning, and excellent advice and education and training to support municipal and provincial capacity and the implementation of new government plans, programs and initiatives. All of this work is guided by meaningful municipal and stakeholder engagement and consultation.

Program Description

The objectives of this program are to deliver on the government's commitments on affordable housing; to create a regulatory framework that protects tenants and encourages proper maintenance and investment in rental housing; and to support municipalities, housing providers and other external stakeholders, helping them meet their housing responsibilities. To meet its objectives, the program provides a full range of services: policy development, program design and delivery and funding for social housing providers.

Program Description

The Geographic Information program provides direction for the management of information assets to assist the ministry in meeting its business objectives. It provides corporate leadership to the ministry in the development and application of geographic information for natural resource management and decision-making. It also provides basic land information and an infrastructure to improve the sharing of information for the Ontario government to realize the strategic value of its information investments.

Program Description

The Natural Resource Management program provides leadership and oversight in the management of Ontario's forests, fish and wildlife resources, Crown land and water resources, parks and protected areas, including the protection and management of provincially significant natural, cultural and recreational environment.

Efforts to respond to unprecedented challenges faced by the forest industry, associated social and economic impacts and enhancing the competitiveness of Ontario's forest industry sector will continue to be prominent in 2008-09.

The program also provides leadership and oversight in the management of non-renewable resources, such as petroleum and aggregates, and the Ministry's infrastructure (i.e., capital) investments.

Program Description

The Public Safety and Emergency Response program provides leadership for the delivery of the Ministry's emergency management program for the protection of people and property affected by forest fires, flood, drought, erosion, soil/bedrock instability, and crude and natural gas exploration including natural gas and hydrocarbon underground storage, salt solution mining emergencies and other provincially significant emergencies where assistance is requested.

The program also has responsibility for the planning and provision, directly or indirectly, of non-scheduled air transportation for the Government of Ontario.

Program Description

This program provides executive direction as well as strategic business and resource planning services to ensure the efficient and effective delivery of ministry programs. It supports ministry operations through the provision of advice and services in the areas of human resources, financial planning, information technology, accounting and administration, and professional support services such as legal and audit services. It also provides core strategic support in the areas of corporate policy and communications.

Program Description

This program helps build a more prosperous Northern Ontario and strong, vibrant northern communities. The ministry is leading the implementation of the government's Northern Growth Plan, as well as a range of targeted initiatives aimed at stimulating growth, job creation and a better quality of life for northerners. These include programs of the Northern Ontario Heritage Fund Corporation, the GO North Investor Program and initiatives like the Northwestern Ontario Economic Facilitator Report. The ministry coordinates provincial economic development initiatives in the North, supports strategic investments in infrastructure such as the Northern Highways Program, and markets Northern Ontario's strengths and opportunities to the world.

The program's network of Government Information Centres and area teams provide northerners with access to government programs and services. Through this network, coordinated policy and planning activities, and Northern Development Councils, this program also ensures northerners have a say in the government programs and services that affect them.

Program Description

This program helps build a strong, sustainable provincial mineral sector contributing to the prosperity of all of Ontario. Province-wide geological mapping, online 24-7 access to geoscience information, international marketing, and expert geological advisory services in field offices across the province create a competitive advantage for Ontario - helping a global exploration industry assess Ontario's mineral potential and attracting investment, exploration and mineral development to Ontario. This program's geoscience expertise also supports other government priorities such as groundwater mapping as part of drinking water protection efforts and identifying new industrial and energy development opportunities.

This program area also administers the *Ontario Mining Act* to ensure sustainable and responsible development of Ontario's mineral resources. This involves equitable public access to Crown mineral rights, fair and efficient management of Ontario's mining lands, and ensuring safe, environmentally sound mineral development and rehabilitation of mining lands.

The program area has responsibility for developing new, collaborative Aboriginal-mineral development engagement and consultation processes and work with communities to build relationships and foster economic and mineral development.

* Credit is due to an adjustment to the Allowance for Doubtful Accounts.

Program Description

The Ombudsman is an Officer of the Legislature. The Ombudsman's mandate is set out in the *Ombudsman Act.*

The Ombudsman investigates complaints about the administration of Ontario's provincial governmental organizations. The Ombudsman can investigate individual complaints, concerns brought forward by Members of Provincial Parliament, and on his own initiative. The Ombudsman can also investigate citizen's complaints about closed municipal meetings, where no municipal investigator is in place. The Ombudsman services are free. There is a toll-free number and information about the Ombudsman is available on the internet and through Ombudsman publications.

The Ombudsman submits his reports to the Legislative Assembly.

Program Description

The Infrastructure Policy and Planning Division develops and coordinates implementation of sound infrastructure strategies for the province, including central agency management of the provincial capital planning process and budget development. The program leads negotiations with the federal government on new cost-shared infrastructure programs and leads the development of an asset management framework for the government. The program provides infrastructure economics and finance advice and analysis, as well as expertise on water systems. It also provides oversight for Waterfront Toronto and Infrastructure Ontario.

The Ontario Growth Secretariat leads the development and implementation of the government's growth management policy through working with local governments and stakeholders to create regional growth management plans, ensure planning compliance and facilitate implementation.

The Commercial Asset Strategy Division provides agency oversight of the Ontario Lottery and Gaming Corporation and the Liquor Control Board of Ontario. The program coordinates development of policy to support government direction in responsible gaming, responsible consumption of alcohol, and economic development in these sectors.

The Real Estate Division ensures that real estate policy and decisions support the broad range of government initiatives and directives. It provides oversight and direction to the Ontario Realty Corporation and works with ORC and ministries to support real estate planning and decision-making related to the use of Ministry-owned lands.

The Transit Policy Liaison Office provides leadership and partnering in the implementation of the Move Ontario priority projects.

The program also includes capacities to support all aspects of the Ministry's mandate, including legal services, communications, strategic planning, financial management and controllership, policy coordination, human resources and accommodation.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision. In this regard, $73,170,900 of the "Contingencies" appropriations were allocated during the year to the programs and activities of various ministries. The actual costs incurred were not charged against the "Contingencies" activity but rather against those programs and activities to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

Program Description

The program supports a stronger Ontario by: delivering on the Ontario Innovation Strategy which sets out a comprehensive, targeted and coordinated agenda for promoting research and innovation in Ontario; delivering research, skills development, business development and commercialization programs focusing on key sectors and regional development opportunities; working in partnership with the Ministry of Economic Development and Trade to deliver the government's $1.15 billion Next Generation of Jobs Fund; and developing and delivering an overarching strategy for public and stakeholder outreach and promotion to create a broad awareness of excellence and success in research and innovation across Ontario and to attract world-class talent and investment.

Program Description

The Tax Revenue program is responsible for the administration of major taxing and tax credit/benefit statutes of Ontario. Ontario's major taxing statutes include the *Retail Sales Tax Act*, the *Corporations Tax Act*, the *Employer Health Tax Act*, and the *Tobacco Tax Act*. Tax benefit programs include the Guaranteed Annual Income System and the Ontario Child Care Supplement for Working Families. Tax credits include Community Small Business Investment Funds, Ontario Research Employee Stock Option, Ontario Opportunity Bonds Program, and the Ontario Home Ownership Savings Plan.

Program Description

This program supports economic growth and job creation in Ontario by: fostering entrepreneurship; supporting business start-up; helping small and medium enterprise firms grow in domestic and international markets; and by providing a one-window access for small businesses into the government to reduce barriers to growth and expand opportunities.

Program Description

The Tourism Program seeks to sustain and grow Ontario's tourism industry, which directly links to the priority Strong People, Strong Economy and that will attract jobs and investment to Ontario's economy.

The Ministry works in partnership with tourism associations and businesses to strengthen and build the tourism industry and promote Ontario worldwide as a premier, four-season tourist destination. Activities include working with stakeholders to develop destinations and innovative tourism experiences, identifying tourism development opportunities, and providing strategic intelligence to keep tourism stakeholders well informed about trends, issues, and visitor expectations. Ministry agencies market Ontario tourism domestically and abroad. The Ministry ensures accountability and good governance at its agencies and continues to work on revitalization initiatives to increase agency sustainability over the long term and improve service to the public.

Program Description

The Tourism Capital Program preserves and enhances Ontario's investment in tourism infrastructure. The Ministry manages the infrastructure development commitments of the province's $300 million, five-year capital infrastructure initiative - the Sports, Culture and Tourism Partnership program. Launched in 2001, the Sports, Culture and Tourism Partnership program has been extended to 2009. In addition, the ministry is responsible for rehabilitating provincially owned and operated tourism assets which serve as economic catalysts. The funding to the Ministry's agencies, attractions and convention centres allows them to undertake repairs and rehabilitation of existing infrastructure, including such things as renovations, repairs, equipment replacement, and statutory/regulatory compliance (e.g. building code changes), to help them meet health and safety standards, maintain visitor appeal, and remain competitive.

Program Description

The Postsecondary Education Division implements government strategies for postsecondary education, provides program direction and financial support to postsecondary institutions and students in Ontario in support of the government's social and economic policy objectives with the goal of providing opportunities for excellent, accountable, relevant and accessible postsecondary education.

Key components of the program include operation of the Ontario Student Assistance Program; administering transfer payments to colleges and universities; managing relationships with postsecondary institutions and student groups, managing accountability mechanisms and relevant legislation; regulating the college and private career colleges in accordance with applicable statute; establishes the annual funding framework; administering transfer payments and capital grants; and administering student financial assistance.

Program Description

The Employment Ontario Program provides an integrated training and employment system that supports building and sustaining Ontario's prosperity and competitiveness. The Program provides effective, relevant skills training and other employment and career planning services, where and when they are needed. The Program enables Ontarians to access the services and support they need to succeed in today's job market. Employment Ontario provides a single point of access to employment and training programs and services, and responds to the needs of employers, job seekers, apprentices, and new Canadians.

The Employment Ontario Program works with partners to engage employers in supporting a growing and flexible apprenticeship program; provides literacy and basic skills upgrading to assist entry or re-entry into the workforce; enhances Ontario's rapid re-employment and adjustment services; increases access to information about jobs and trends in hiring; encourages employers to hire summer students.

Program Description

The division provides strategic policy development, labour market research and planning, program design and program development services for Training, Colleges and Universities (TCU). It is responsible for the development and alignment of province-wide strategic policy direction for postsecondary and labour market training and support programs. The division serves as the centre of expertise in labour market and postsecondary education information for TCU and other ministries with related priorities. The Strategic Policy and Programs division brings together expertise from employment and training and postsecondary areas to design and develop programs, establish program standards and perform program evaluations and administering the Postsecondary Education Quality Assessment Board.

The Strategic Policy and Programs Division leads policy analysis and development to support the government's social and economic priorities and objectives with the goal of developing the best workforce in North America. It serves the role of linking policy directions with the operations and service delivery of programs to ensure a competitive advantage in the knowledge economy for Ontario. The division provides the Ministry with long-term demand planning, capital planning and coordination of inter-jurisdictional relations.

Program Description

The Ministry Administration Program provides leadership and direction for resources planning, management and controllership.

Support is provided to program areas by the Finance, Communications, Facilities and Business Services, Human Resources, Audit, and Legal Services Branches. While Human Resources, Internal Audit and Legal Services retain their strategic leadership and dual reporting relationship with the Centre for Leadership/Human Resources Management, the Ministry of Finance and the Attorney General respectively, their functional costs are assumed by the Ministry of Transportation.

Program Description

The Policy and Planning Program is responsible for identifying the long-term, strategic interests of the province with respect to Ontario's transportation systems; and for developing and implementing policies, plans, programs and investments necessary to achieve that interest.

The primary focus of the program is to plan and promote a safe, efficient and sustainable transportation system. The program undertakes long-range transportation planning to ensure that all of the elements of the province's transportation system (air, rail, roads, marine and transit) work together effectively.

The program is also responsible for regulating the areas of Ontario's transportation system that are run by the province, including the management of GO Transit and managing the province's relationship with Metrolinx (formerly Greater Toronto Transportation Authority).

Additionally, the Policy and Planning Program represents Ontario's interests in the regulation and development of transportation in consultation with key federal and municipal partners and stakeholders in the air, rail and marine sectors, municipal transit and the municipal road system.

Program Description

The Road User Safety Program develops ministry strategies to improve road safety and mobility through education, enforcement and regulation of safe driving behaviour, promotion of vehicle and motor carrier safety and customer service. The program works with many partners including police, community groups, safety organizations and the private sector to reduce fatalities and injuries on our roads.

The key responsibilities of the program are to: set safety standards and develop policies, programs and regulations for road users, carriers and vehicles; inspect, monitor and enforce compliance with those standards; manage and deliver commercial vehicle International Registration Plan; oversee the delivery of driver and vehicle licensing and registration by service delivery partners including ServiceOntario; manage contracts and ongoing relationships with service providers; and work with partners to educate road users about safe driving behaviour and road user safety policies, laws and programs. Developments in other jurisdictions and traffic safety research are monitored so that road safety initiatives are effective in maintaining Ontario's leading position as one of the safest jurisdictions in North America.

The program leads and actively participates with other jurisdictions in Canada and the U.S. in developing and promoting road safety programs and best practices. The program also sets customer service standards and monitors service delivery, including the electronic delivery of government products and services. It also facilitates the delivery of programs for other ministries, for example Drive Clean (Ministry of the Environment) and Family Support Payments (Ministry of Community and Social Services).

The Ministry of Transportation collects information from individuals under the authority of the *Highway Traffic Act.* The ministry maintains stewardship of this information and protects individuals' privacy in keeping with the *Freedom of Information and Protection of Privacy Act.*

Program Description

This program oversees the construction, maintenance and operation of the provincial highway network and invests strategically in highway infrastructure.

The program manages activities to deliver a provincial highway network that is safe, provides mobility for people and goods, and promotes economic, environmental and social sustainability.

Investment strategies preserve existing highway infrastructure through the application of asset management principles, improve trade corridors leading to key international border crossings - including the Windsor Gateway, and integrate highways with public transportation.

Activities include environmental assessments, planning, engineering, property acquisition, rehabilitation, new construction, contract oversight, routine maintenance and snow and ice control for all provincial highways and bridges.

The program also develops operational policies and guidelines and sets highway and bridge maintenance, engineering and construction standards. In addition to the highway network, the program is responsible for remote airports in northern Ontario and ferry services in locations across Ontario.

Program Description

The Economics and Transportation Cluster provides leadership in the use of information technology for the Ministries of Transportation, Labour, Energy, Economic Development and Trade, Research and Innovation and Small Business and Entrepreneurship.

Through effective management of information and information technology resources, the Cluster enables the ministries to deliver on elements of their Results-based Plans. The Cluster also plans the ministries' information and information technology investments and delivers quality service while continually measuring and improving its performance. To enhance program delivery, enable new business and ensure improved customer service, the Cluster works to modernize the ministries' information practices, systems and applications.

*Debt Issued for Investment Purposes, as a result of a debt for equity swap between the Province and Ontario Power Generation Inc. and Hydro One Inc., is eliminated upon consolidation.

SUMMARY OF DEBT OUTSTANDING – Continued

As at March 31, 2009

The Ontario Teachers' Pension Fund is administered by the Ontario Teachers' Pension Plan Board. The Public Service Pension Fund and the Ontario Public Service Employees' Union Pension Fund are administered by the Ontario Pension Board and the Ontario Public Service Employees' Union Pension Trust Fund respectively. Debt due to these funds consists of non-marketable debentures of the Province.

The Canada Pension Plan Investment Board made funds available to the Province from monthly Canada Pension Plan contributions in amounts approximately equal to collections from Ontario contributors. The Province issues non-marketable debentures to the Fund at interest rates based on the Government of Canada long-term Canadian public market borrowing cost.

The Ontario Mortgage and Housing Corporation (OMHC, formerly Ontario Housing Corporation) originally borrowed long-term funds from the Canada Pension Plan Investment Fund (CPP) to provide mortgages to non-profit groups under the Homes Now project. As non-profit groups refinance their OMHC mortgages in the private sector mortgage market, OMHC lends the available funds to the Province in exchange for Provincial debentures. This debt is eliminated upon consolidation of the Financial Statements of the Public Accounts of Ontario.

The Ontario Immigrant Investor Corporation (OIIC) is an operational enterprise of the Ontario Government incorporated on April 30, 1999 under the *Development Corporations Act*. The corporation was established to act as Province's receiving vehicle for immigrant investor monies under the federal government's Immigrant Investor Program (IIP). The Ontario Financing Authority manages these monies under an investment management agreement with the OIIC, and the OFA invests these funds received from the IIP in Ontario's zero coupon bonds.

The Canada Mortgage and Housing Corporation (CMHC) has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public borrowing cost at the time that the Corporation agreed to participate in the project.

Public Investors: The Province of Ontario has issued public market debentures denominated in Canadian dollar, United States dollar, Japanese yen, Australian dollar, euro, Swiss franc, New Zealand dollar, Pounds sterling, Hong Kong dollar and South African rand.

Ontario Savings Bonds (OSBs) were first issued in 1995. OSBs are retail bonds sold by the Province to the residents of Ontario. The bonds are issued once a year and are available for sale through most financial institutions. There are three types of bonds: a 7-year Variable-Rate Bond, a 5-year Step-Up Bond, and a 3-year Fixed-Rate Bond. All are available with annual or compound interest. Both the Variable-Rate Bond and the Step-Up Bond may be redeemed semi-annually at the holder's option. Fixed rate bonds are redeemable only at maturity.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with various maturities up to three years, are sold by tender on a regular basis.

SUMMARY OF DEBT OUTSTANDING – Concluded

As at March 31, 2009

The School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards to support their capital projects prior to the introduction of the student focused funding model in 1998. The Trust issued 30-year sinking fund debentures amounting to $891 million in June 2003. The Trust provided $882 million of the proceeds to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province related to this debt. These amounts will be reduced over the 30-year period by the transfer payments made by Ministry of Education to the Trust under the School Board Operating Grant program. (As at March 31, 2009, the amount outstanding of $814 million advanced to School Board is included in Other Assets and outstanding debentures of $814 million is included in Debt.)

U.S. Commercial Paper issues are non-interest bearing with maturities up to 92 days.

Net consolidation and other adjustments include direct debt of Ontario Mortgage and Housing Corporation (OMHC), Ontario Infrastructure Projects Corporation, Ontario Municipal Improvement Corporation, and elimination of Province's debt due to OMHC and Treasury Bills and Bonds held by other government organizations and agencies.

Debt issued for Investment Purposes: On April 1, 1999, under the *Energy Competition Act,* five corporations, together with their subsidiaries, were formed from the former Ontario Hydro. Ontario Power Generation Inc. (OPG) and Hydro One Inc. (formerly Ontario Hydro Services Company) are two of these five corporations. In order for OPG and Hydro One Inc. to have capital structures competitive with those of other industry participants, the two companies entered into a debt-for-equity swap with the Province of Ontario. The Province assumed $8,885 million of the debt issued by the two corporations in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One Inc.

Debt Issued for OEFC: The Province, on behalf of Ontario Electricity Financial Corporation (OEFC), has borrowed $881,178,000 from the Canada Pension Plan and has issued public market debentures and treasury bills totaling $18,768,011,374 Canadian dollars. The proceeds of all such borrowings have been advanced to OEFC in exchange for bonds with like terms and conditions except for a $500 million issue, maturing June 2, 2031, which has been on-lent to OEFC until June 2, 2010, after which the issue will become a direct debt of the Province until the maturity date.

OUTSTANDING DEBT – Continued

As at March 31, 2009

References:

1. All debt is non-callable, except as noted below. CBA is Canadian Bankers' Acceptance Rate; 3 CBA is a three month floating rate; LIBOR is London Inter-bank Offered Rate. All foreign currency debt has been converted into Canadian dollars at the rates of the currency exchange agreements if the debt is hedged, or at year end exchange rates if unhedged. The exchange rates of foreign currencies to Canadian dollars as at March 31, 2009 are: Australian dollar 0.8726, Euro 1.6710, Hong Kong dollar 0.16261, Japanese yen 0.01271, New Zealand dollar 0.7167, South African rand 0.1322, Swiss franc 1.1058, United States dollar 1.2602, U.K. pound sterling 1.8022 and New Turkish lira 0.7554.
2. OPB & OPPT: Pursuant to the Ontario Public Service Employees' Pension Act 1994 and the Asset Transfer Agreement of December 12, 1994, the Province was obligated to re-split the debentures between the Public Service Pension Fund ("PSPF") and the Ontario Public Service Employees' Union Pension Plan Trust Fund ("OPSEU Fund") based on accurate data when it was available. On June 13, 1997 a Restated Sponsorship Amendment and Asset Transfer Agreement was signed, replacing the 1994 agreement and which resulted in the existing split after debt payment. The terms of these debentures require that the principal be repaid in 12 equal monthly payments in the year preceding the date of maturity.
3. SBT: The School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards to support their capital projects prior to the introduction of the student focused funding model in 1998. The trust issued 30-year sinking fund debentures amounting to $891 million in June 2003. The Trust provided $882 million of the proceeds to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province related to this debt. These amounts will be reduced over the 30-year period by the transfer payments made by Ministry of Education to the Trust under the School Board Operating Grant program.
4. DMTN53: Outstanding amount includes bonds held by Agricorp, a government organization, of $9.2 million and bonds held by Ontario Infrastructure Projects Corporation of $56.1 million.
5. CPP: Securities sold to the Canada Pension Plan Investment Fund are payable 20 years after their respective dates of issue, are not negotiable and not transferable or assignable but are redeemable in whole or in part before maturity at the option of the Minister of Finance of Canada, on six months' prior notice, when the Minister deems it necessary in order to meet the requirements of the Canada Pension Plan. In the case of redemption before maturity, the Ontario Securities are to be redeemed in the order in which they were issued and the amount of Ontario Securities to be redeemed at any time shall be proportionate to the amount of all securities then held to the credit of the said fund represented by Ontario Securities. Effective July 1, 2005, under a side-letter agreement signed between the Canada Pension Plan Investment Board (CPPIB) and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture). These debentures are not negotiable or transferable and are assignable only to a wholly-owned subsidiary of the Canada Pension Plan Investment Board. On April 1, 2007, all debentures held to the credit of the CPPIF or purchased by the Minister of Finance of Canada in accordance with Section 110 of the Canada Pension Plan were transferred to the CPPIB.
6. DMTN143: Total outstanding amount is $600 million, including $50 million for OEFC. The Province entered into interest rate agreements that effectively converted the interest rate obligation on the Province's debt to a fixed rate of 4.55% and on OEFC's debt to a fixed rate of 4.18%.
7. CMHC: The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest.
8. OIIC: These are zero coupon bonds. Outstanding amount represents the amount payable at maturity.
9. Domestic USD Bonds: The Province entered into currency exchange agreements that effectively converted these U.S. dollar obligations to Canadian dollar obligations at an exchange rate of 1.22113. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on these debt to a fixed rate of 4.47%.
10. DMTN79: Total outstanding amount is $715 million, including $110 million for OEFC. The Province entered into interest rate agreements that effectively converted the interest rate obligation on $125 million of the Province's debt to a fixed rate of 4.74%.
11. DMTN135: Outstanding amount includes bonds held by Agricorp, a government organization, of $10.1 million and bonds held by Ontario Infrastructure Projects Corporation of $50.7 million
12. DMTN113 (OEFC): Interest is payable semi-annually at 3.5% in 1-2 years and thereafter at 4.0% until the final maturity date.
13. Europe HKD Bonds: The Province entered into currency exchange agreements that effectively converted these Hong Kong dollar obligations to Canadian dollar obligations at an exchange rate of 0.17022. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 4.51%.
14. DMTN99: Principal and interest are repayable in semi-annual instalments of $90 million starting from August 13, 2004. The total outstanding debt is $89 million, including $74 million for OEFC. The Province entered into interest rate agreements that effectively converted the interest rate obligation to a fixed rate of 3.79% on $74 million for OEFC and the remaining $15 million to a fixed rate of 3.55%.

OUTSTANDING DEBT – Continued

As at March 31, 2009

15. DMTN117: Bonds were issued at a premium of $47.5 million.
16. OSB: 2002-2008 Series are redeemable at the option of the holder on June 21 and December 21 and also on or before the 14th calendar day following the redemption date, with the exception of fixed rate bonds which are redeemable at maturity only. All current outstanding OSBs may be redeemed upon the death of the beneficial owner.
17. OSB (Step-up): 2003 Series: Interest is payable at 2.75% in year 1, 3.25% in year 2, 3.5% in year 3, 4.0% in year 4 and 4.25% in the final year. 2004 Series: Interest is payable at 1.7% in year 1, 3.0% in year 2, 3.5% in year 3, 4.5% in year 4 and 6.0% in the final year. 2005 Series: Interest is payable at 2.25% in year 1, 2.75% in year 2, 3.0% in year 3, 3.5% in year 4 and 4.0% in the final year. 2006 Series: Interest is payable at 3.7% in year 1, 3.8% in year 2, 3.9% in year 3, 4.0% in year 4 and 4.25% in the final year. 2007 Series: Interest is payable at 4.0% in year 1, 4.2% in year 2, 4.4% in year 3, 4.6% in year 4 and 4.95% in the final year. 2008 Series: Interest is payable at 2.6% in year 1, 2.8% in year 2, 3.0% in year 3, 3.2% in year 4 and 4.0% in the final year.
18. OSB (Variable): The Minister of Finance resets the interest rate every six months. Effective December 21, 2008, the interest rate was set at 1.75%.
19. DMTN173: The total amount outstanding is $5,200 million, including $2,300 million for OEFC. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on $209.5 million of the Province's debt to a 3 month CBA rate minus 0.279%.
20. JK: Bonds are retractable in whole or in part at the option of the bond holders on March 1, 2010.
21. U.S. Commercial Paper issues are non-interest bearing with maturities up to 91 days.
22. EMTN57: The Province entered into currency exchange agreements that effectively converted these Australian dollar obligations to Canadian dollar obligations at an exchange rate of 0.88595. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 5.59%.
23. Global USD Bonds (OEFC): The Province entered into currency exchange agreements that effectively converted these U.S. dollar obligations to Canadian dollar obligations at an exchange rate of 1.1878. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on $500 million of this debt to a fixed rate of 4.79.%
24. Series HZ, JA, JB, JC, JD: These are zero coupon bonds which require unequal payments consisting of principal and interest to be made at predetermined irregular intervals. During the fiscal year 2008-09, principal repaid was $0.8 million. By January 10, 2035, the principal to be repaid on these bonds will be $230 million.
25. EMTN35: The amount outstanding in legacy currency is French franc 3 billion. The French franc was converted to euro using a conversion rate of one euro equal to 6.55957 French francs in accordance with Council Regulation (EU) No. 2866/98. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a 3 month CBA rate plus 0.057%.
26. DMTN144: Total outstanding amount is $2,500 million, including $150 million for OEFC.
27. Euro Bonds: The Province entered into currency exchange agreements that effectively converted these euro obligations to Canadian dollar obligations at an exchange rate of 1.73774. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligations on $575 million of this debt to a rate of 6.65% and $915 million to a 3 month CBA rate plus 0.057%.
28. HJ: Outstanding amount includes bonds held by Agricorp, a government organization, of $6.8 million.
29. OSB: The outstanding amounts represent bonds matured but not yet presented for redemption. No interest is earned on these bonds.
30. OSB: Every year the Province issues fixed rate Ontario Savings Bonds for a term of three years.
31. DMTN8: Outstanding amount includes bonds held by Agricorp, a government organization, of $19 million.
32. DMTN149: Bonds are extendible at the option of the bond holders on the initial maturity date of June 2, 2016 to the final maturity date of June 2, 2035 and if extended are exchangeable at the option of the bond holders on June 13, 2016 for series DMTN119. Interest is payable semi-annually at 3.6% until June 2, 2016 and 4.8% thereafter if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a rate of 4.67%.
33. Global Euro Bonds: The Province entered into currency exchange agreement that effectively converted theses euro obligations to Canadian dollar obligations at an exchange rate of 1.61153. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 4.45%.
34. MW: The Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a floating 3 month CBA rate.
35. Europe CHF Bonds (OEFC): The Province entered into currency exchange agreements that effectively converted these Swiss francs obligations to Canadian dollar obligations at an exchange rate of 1.04149. In addition, the Province entered into interest rate agreement that effectively converted the interest rate obligation on this debt to a fixed rate of 4.66%.
36. DMTN150: Interest is payable semi-annually at 3.05% in years 1-2 and 4.2% thereafter. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a 3 month CBA rate minus 0.06%.
37. DMTN3 (OEFC): Interest is payable at 5.50% for the first four years and 6.80% for the remaining six years.

OUTSTANDING DEBT – Continued

As at March 31, 2009

38. DMTN133: Bonds are retractable at the option of the bond holders on December 2, 2014 or exchangeable for series DMTN119 at par on December 15, 2014. Interest is payable at 4.0% until December 2, 2014 and thereafter at 5.35% until final maturity date. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a rate of 5.26%.
39. DMTN165: During the fiscal year 2008-09, the series DMTN165 was re-opened twice, bringing the total issue size to $3,000 million. Outstanding amount includes bonds held by Agricorp, a government organization, of $9.9 million.
40. DMTN152: Registered bond holder has the right to extend the bond on the initial maturity date of December 2, 2016 to the final maturity date of June 2, 2035 and if extended are exchangeable on December 14, 2016 for series DMTN119 at par. Interest is payable semi-annually at 3.75% until the initial maturity date and thereafter at 4.75% if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a rate of 4.76%.
41. JL: The terms of these debentures require unequal payments, consisting of both principal and interest, to be made at predetermined irregular intervals with the final payment on January 10, 2045. The total principal and interest to be payable over the life of the debenture is $1,325 million.

66. DMTN186: During the fiscal year 2008-09, the Series DMTN186 was re-opened six times, bringing the total issue size to $1,240 million. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligations on this debt to a fixed rate of 2.93%.
67. DMTN191: During the fiscal year 2008-09, the Series DMTN191 was re-opened four times, bringing the total issue size to $415 million. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligations on this debt to a fixed rate of 2.27%.
68. DMTN188: During the fiscal year 2008-09, the Series DMTN188 was re-opened twice, bringing the total issue size to $555 million. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 3.14%.
69. Global NZD Bonds: The Province entered into currency exchange agreements that effectively converted these New Zealand dollar obligations to Canadian dollar obligations at an exchange rate of 0.89505. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 4.24%.
70. DMTN159: Bonds were extended at the option of the Province on the initial maturity date of October 31, 2007 and are extendible semi-annually on each extended maturity date thereafter to final maturity date of October 31, 2017. Interest is payable semi-annually at 4.0% in years 1-2 and 4.1% in year 3, 4.2% in year 4, 4.3% in year 5, 4.4% in year 6, 4.5% in year 7, 4.6 % in year 8, 4.75% in year 9, 5.0% in year 10, 5.5% in year 11 and 6.0% in final year. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a 3 month CBA rate minus 0.12%.
71. DMTN130: The Province entered into interest rate agreements that effectively converted the interest rate obligations on this debt to a fixed rate of 4.47%.
72. DMTN69: During the fiscal year 2008-09, the Series DMTN69 was re-opened twelve times, bringing the total issue size to $5,730 million, including $2,164 million for OEFC.
73. DMTN189: bonds are callable at the option of the Province on November 20, 2011 at par. Interest is payable quarterly as follows: November 20, 2008 to November 10, 2011 – CAD BA 3M CDOR plus 0.75%, November 10, 2011 to November 10, 2013 – CAD BA 3M CDOR plus 1.20%. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 3.13%
74. DMTN178: Total outstanding amount is $1,800 million, including $300 million for OEFC. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on $105 million of the Province's debt to a 3 month CBA rate.
75. DMTN179: During the fiscal year 2008-09, Series DMTN179 was re-opened eleven times bringing the total issue size to $1,933 million. Interest is payable quarterly at a 3 month CBA rate minus 0.16%. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligations on this debt to a fixed rate of 3.96%.
76. DMTN183: During the fiscal year 2008-09, the Series DMTN183 was re-opened seven times, bringing the total issue size to $3,000 million, including $1,440 million for OEFC.
77. DMTN140: During the fiscal year 2008-09, the Series DMTN140 was re-opened once, bringing the total issue size to $562 million.
78. DMTN180: The Province entered into interest rate agreements that effectively converted the interest rate obligations on this debt to a fixed rate of 4.52%.
79. DMTN181: The Province entered into interest rate agreements that effectively converted the interest rate obligations on this debt to a fixed rate of 4.50%.
80. NK: Outstanding amount includes bonds held by Agricorp, a government organization, of $20.3 million.
81. EMTN67/70(OEFC): The Province entered into currency exchange agreement that effectively converted these Australian dollar obligations to Canadian dollar obligations at an exchange rate of 0.93634. In addition, the Province entered into interest rate agreement that effectively converted the interest rate obligation on this debt to a fixed rate of 4.20%.

OUTSTANDING DEBT – Concluded

As at March 31, 2009

82. LY: During the fiscal year 2008-09, the Province purchased $35 million of these bonds for cancellation.
83. Total Provincial Purpose debt includes the following debt issued by other government organizations and government business enterprises: $1,987 million by Ontario Mortgage and Housing Corporation, $79 million by Ontario Municipal Improvement Corporation, $1,695 million by Ontario Infrastructure Projects Corporation, $51 million by Ornge, $17 million by Ontario Northland Transportation Commission and excludes Ontario Immigrant Investor Corporation's debt of $15 million, Ontario Mortgage and Housing Corporation's debt of $1,157 million and Ontario Treasury Bills and Bonds held by other government organizations and agencies of $1,207 million.
84. The Treasury Bills balance includes the following Treasury Bill holdings by other government organizations: $500 million held by Ontario Infrastructure Projects Corporation, $218 million held by the Northern Ontario Heritage Fund Corporation, $91 million held by Ontario Capital Growth Corporation, $69 million held by Ontario Reality Corporation, $28 million held by Ontario Securities Commission and $7 million held by Ontario Immigrant Investor Corporation.
85. DMTN182: During the fiscal year 2008-09, the Series DMTN182 was re-opened six times, bringing the total issue size to $3,300 million.
86. Europe GBP Bonds: The Province entered into currency exchange agreements that effectively converted these pounds sterling obligations to Canadian dollar obligations at an exchange rate of 2.01666. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on $432 million of this debt to a fixed rate of 3.75% and $375 million to a rate of 9.59%.
87. DMTN110: Bonds are retractable at the option of the bond holders on March 8, 2012 or if the bond holders do not retract the bonds the bond holders may exchange the bonds at par on March 21, 2012 for the Series DMTN61. Interest is payable semi-annually at 3.25% until March 8, 2012 and 5.85% to March 8, 2033. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 5.72%.
88. EMTN75/76 (OEFC): The Province entered into currency exchange agreements that effectively converted this South African rand obligation to Canadian dollar obligations at an exchange rate of $0.16629. In addition, the Province entered into interest rate agreement that effectively converted the interest rate obligation on this debt to a fixed rate of 4.86%.
89. DMTN106: Total outstanding amount is $1,775 million, including $525 million for OEFC. The Province entered into interest rate agreements that effectively converted the interest rate obligations on $500 million of the Province's debt to a fixed rate of 4.37%.
90. MH: The terms of these debentures require that a special one-time interest payment of $31.1 million be made at maturity.
91. EMTN83/86/90: The Province entered into currency exchange agreements that effectively converted these U.S. dollar obligations to Canadian dollar obligations at an exchange rate of 1.16857. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate 3.06%.
92. DMTN61: On March 8, 2009, the bond holders of DMTN102 exercised their option to exchange $162.6 million of the par value for an equal amount of DMTN61, bringing the total size of DMTN61 issue to $4,662.6 million.
93. YL014/15/16: The Province entered into currency exchange agreements that effectively converted 23 billion of these Japanese yen obligations to Canadian dollar obligations at an exchange rate of 0.011331. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on $96 million of this debt to a fixed rate of 4.43%.
94. EMTN46/59/85/87: The Province entered into currency exchange agreements that effectively converted 24 billion of these Japanese yen obligations to Canadian dollar obligations at an exchange rate of 0.011638.
95. PU (OEFC): The Province entered into currency exchange agreements that effectively converted 105 million of these euro obligations to Canadian dollar obligations at an exchange rate of 1.708. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 4.0%.
96. EMTN94 (OEFC): The Province entered into currency exchange agreements that effectively converted 515 million of these Hong Kong dollar obligations to Canadian dollar obligations at an exchange rate of 0.16034. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 4.13%.
97. EMTN93 (OEFC): The Province entered into currency exchange agreements that effectively converted these U.S. dollar obligations to Canadian dollar obligations at an exchange rate of 1.2275. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 4.22%.
98. DMTN192: This bond is a 3 year floating rate bond where the Province has the option to switch to a fixed rate coupon of 2.5% on the 13th day of each March, June, September and December of each year. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this debt to a fixed rate of 2.00%.
99. DMTN187: The Province entered into interest rate agreements that effectively converted the interest rate obligations on this debt to a fixed rate of 0.903%.
100. EMTN91: The Province entered into interest rate agreements that effectively converted the interest rate obligations on this debt to a fixed rate of 2.39%.
101. OMHC: Debentures issued to Ontario Mortgage and Housing Corporation (OMHC) are not negotiable and not transferable or assignable but are redeemable in whole or in part at the option of the OMHC on six months prior written notice.
102. LT: During the fiscal year 2008-09, the Province purchased $13.5 million of these bonds for cancellation.

1. Issues include Amortization amounts.
2. Repayments include Bad Debt Expense and Loan Releases.
The Loans and Investments upon consolidation are not included above.
* Financial statements of these Corporations, Boards and Commissions are shown in Volume 2, Public Accounts of Ontario.

The *Tile Drainage Act* authorizes the Minister of Finance to purchase, acquire and hold debentures issued by municipalities for construction of private tile drainage works. These debentures are payable within ten years of the issue of the debentures.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the *Tile Drainage Act* and are secured by liens on the properties.

The Ministry awarded Science North with a repayable grant of $500,000 to assist in the designing, constructing and installing of an IMAX Theatre. Repayments began in 1996-97 and are based on 50% of the yearly net revenues.

Palladium Finance Corporation III went into default of the terms of the distressed preferred share regime approved by Revenue Canada. As a result, in August 2002, the financial institution exercised its right to terminate the regime. As a consequence, the Province reverted to its original position as a lender to Palladium Corporation.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2009

The Ministry has committed to provide a conditional loan up to a maximum of $175 million to General Motors of Canada Limited to support the company's $2.5 billion Beacon project. The project supports expansions in vehicle design and manufacturing capabilities at three Ontario plants and a Canadian Engineering Centre, including innovative manufacturing technologies, and advanced training. Also, the Ministry has committed to provide a conditional loan up to a maximum of $3.0 million to Valiant Corporation to support the company's investment in flexible assembly systems.

The Advanced Manufacturing Investment Strategy, a multi-year $500 million repayable loan program, provides loans to encourage companies to invest in leading edge technologies and processes that will increase productivity and competitiveness.

In 2005-06, as part of the financial restructuring of Stelco Inc., the Ministry of Finance lent $150 million for ten years at 1% to Stelco in consideration of Stelco paying $400 million into its pension plans and agreeing to a pension refinancing plan. 75% of the loan will be forgiven if all of Stelco's four main pension plans are fully funded at the end of the ten-year term of the loan.

On April 1, 1999, under the *Energy Competition Act*, 1998, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro: The Ontario Electricity Financial Corporation, Ontario Power Generation Inc., Hydro One Inc. (formerly Ontario Hydro Services Company), the Independent Electricity System Operator and the Electrical Safety Authority.

The Ontario Power Generation Inc. (OPG) and Hydro One Inc. (HOI) entered into a debt-for-equity swap with the Province of Ontario in order to have capital structures competitive with those of other industry participants. The Province assumed $8,885 million of the debt issued by the two corporations to OEFC in exchange for $5,126 million in equity from OPG and $3,759 million in equity from HOI. In addition, OEFC owed HOI for a working capital adjustment in the amount of $122 million on the initial transfer of assets to HOI on April 1, 1999. HOI agreed to settle this amount as a reduction of their Shareholder's Equity account. In effect, the Province settled the amount on behalf of OEFC, resulting in a reduction of the equity in HOI to $3,637 million.

The Ontario Infrastructure Projects Corporation (Infrastructure Ontario) was established as a Crown agency incorporated under the *Business Corporations Act (Ontario)* and reports to the Minister of Energy and Infrastructure. The Province of Ontario has provided Infrastructure Ontario with a fifty-year subordinated loan of $1 billion in exchange for a promissory note, which matures on March 31, 2053. The interest on the note is reset quarterly at the Province's three-month Treasury bill rate and payable quarterly.

The Ontario Student Loan Trust was created in August 2001 to loan funds to students in attendance at approved educational institutions in the Province. Funds are borrowed from the Province and advanced to individual students upon application and approval by the Student Support Branch of the Ministry of Training, Colleges and Universities.

The Ontario Electricity Financial Corporation (OEFC) was established as the legal continuation of the former Ontario Hydro. The OEFC is an agency of the Province of Ontario and is responsible for servicing and retiring the former Ontario Hydro's debt and managing certain other legacy liabilities. The Province borrows and on-lends to OEFC as required. In addition, the Province provides short-term loans to OEFC to meet its short term funding requirements. As at March 31, 2009, the Province had advanced to OEFC a term loan in the amount of $6.1 million.

On behalf of the Province and various provincial Crown corporations and other public bodies, the Ontario Financing Authority (OFA) coordinates borrowing and financial risk management activities; offers short-term investment management services; advises on project financing; and provides centralized finance and cash management services. Acting as an intermediary for the Province, the OFA provides financing to various public bodies, the repayment of which is expected from third party revenues. The funds for these loans are borrowed from the Province. The OFA also continues to manage post-sale activities of the former Province of Ontario Savings Office (POSO), including legal requirements and liaison with former POSO clients, to ensure that the needs of former POSO account holders are adequately met.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2009

School boards have been provided loans under various programs beginning in 2006. During the year ended March 31, 2009, school boards received additional loans and made two semi-annual blended payments of principal and interest, leaving the total outstanding amount, excluding any accrued interest, at $2,315 million (2008 - $1,426 million). These loans bear interest ranging from 4.56% to 5.347% and mature from 2031 to 2034.

The Ontario Lottery and Gaming Corporation (OLG) is a Crown agency of the Province under the *Ontario Lottery and Gaming Corporation Act, 1999*. The total outstanding debt of $256 million (2008, $297 million) is composed of two term loans. The first was issued in the amount of $794 million to purchase the casino complex in Niagara Falls. This five year loan bears interest at 4.3821% and matures in June 2009. The second was issued to consolidate $226 million of construction loans for the renovation and expansion of Casino Windsor and for the construction of an Energy Centre. This is a five year loan bearing interest at 3.2242% maturing in November 2013.

The Ontario Infrastructure Projects Corporation (Infrastructure Ontario) was established as a Crown agency incorporated under the *Business Corporations Act (Ontario)* and reports to the Minister of Energy and Infrastructure. The OFA has provided Infrastructure Ontario with a 10 year Revolving Credit Facility to a maximum amount of $200 million on June 23, 2006. The Infrastructure Ontario has drawn $100 million (2008 - $60 million) bearing interest rates ranging from 2.421% to 5.02%.

The Government of Canada borrowed $83 million to assist in providing funding to the Canadian auto sector. The loan bears a floating interest rate of CDOR plus 3% to a minimum of 5% to be re-set quarterly and is scheduled to be repaid by March 31, 2012. Subsequent to the year-end, further loans in excess of $2 billion were provided.

The Royal Ontario Museum (ROM) has borrowed $57 million (2008, $89 million) comprised of $40 million at fixed rates ranging from 5.04% to 5.12% and $17 million at floating rate (current interest rate 0.95%). All outstanding loans are scheduled to be repaid by March 2016.

The Ontario Northland Transportation Commission (ONTC) is a Crown agency of the Province under the *Ontario Northland Transportation Commission Act, 1990*. The ONTC's total borrowing is comprised of debentures and an operating line of credit aggregating to $34 million (2008 - $41 million). The debentures of $22 million mature from 2010 to 2031 and bear interest ranging from 4.717% to 6.37%. The operating line of credit of $12 million bears interest ranging from 0.4% to 0.88%.

The Corporation of the City of Windsor is a municipality within the meaning of the *Municipal Act*. The financing provided is for the acquisition, design and construction of the Windsor Justice Facility, consisting of a provincial division courthouse and city police headquarters. This is a 20 year debenture bearing interest at 6.41% and maturing on March 31, 2021. The amount outstanding as at March 31, 2009 was $19.5 million (2008 - $21.6 million).

The Cambrian College of Applied Arts and Technology, a Crown Agency established under *the Ontario Colleges of Applied Arts and Technology Act, 2002,* has borrowed a total of $7.6 million comprised of three loans as described below. The first loan for $5.6 million against a maximum $11.2 million non-revolving construction period loan facility was for funding a student residence project. The loan bears interest at 30-day Ontario T-Bill rate plus 0.40% (current interest rate 0.95%) and is scheduled to be repaid no later than June 15, 2009. The second loan for $1.6 million against a maximum $3.2 million non-revolving construction period loan facility for funding a Chiller System project. The loan bears interest at 30-day Ontario T-Bill Rate plus 0.05% (current interest rate 0.6%) and is scheduled to be repaid no later than October 1, 2009. The third 10 year non-revolving loan for $0.4 million was issued for funding a parking lot project. This loan will mature in 2018 and bears interest at 4.814%.

The Georgian College of Applied Arts and Technology, a Crown Agency established under *the Ontario Colleges of Applied Arts and Technology Act, 2002,* has borrowed a total of $5.8 million (2008 - $3.6 million) to finance multiple projects. The first loan for $3.6 million is a ten year loan at 3.954% maturing in March, 2018. The second loan for $2.2 million is a ten year loan at 3.715% maturing in March, 2019.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2009

The Mohawk College of Applied Arts and Technology, a Crown agency established under the *Ontario Colleges of Applied Arts and Technology Act, 2002*, has borrowed a total of $5.2 million to finance several projects including the purchase of computer equipment and an energy saving capital program. The first 4-year loan for $2.4 million bears interest at 4.798% and matures on September 10, 2011. The second non-revolving 3-year term loan for $2.4 million bears interest at 1.9405% and matures on March 2, 2012. The college also borrowed $0.4 million against a maximum $6.5 million non-revolving construction period loan facility. This loan bears interest at 30-day Ontario T-Bill Rate plus 0.40% (current interest rate 0.75%) and is scheduled to be repaid no later than August 31, 2011.

The Centennial Centre of Science and Technology is a Crown agency of the Province under the *Centennial Centre of Science and Technology Act, 1990*. The Centre originally borrowed $10 million for the construction of its Agents of Change project and has made principal repayments reducing the balance at March 31, 2009 to $4 million (2008 - $4.5 million). The loan bears interest at 4.346% and matures in March 2017.

The Lambton College of Applied Arts and Technology, a Crown Agency established under *the Ontario Colleges of Applied Arts and Technology Act, 2002,* borrowed $4.0 million on July 7, 2008, to finance the expansion of a student residence. This 25 year loan bears interest at 5.224% and matures on July 7, 2033.

The Sir Sandford Fleming College of Applied Arts and Technology, a Crown Agency established under *the Ontario Colleges of Applied Arts and Technology Act, 2002,* borrowed $1.9 million on June 26, 2008, to refinance the construction of a student residence. The loan bears interest at 4.514% and matures on June 26, 2015.

The Boreal College of Applied Arts and Technology, a Crown Agency established under *the Ontario Colleges of Applied Arts and Technology Act, 2002,* borrowed $1 million on October 1, 2008, against a maximum $9.5 million non-revolving construction period loan facility for the construction of a campus project. The loan bears interest at 30 day Ontario T-Bill rate plus 0.05% (current interest rate 0.6%) and is scheduled to be repaid no later than December 30, 2009.

The St. Clair College of Applied Arts and Technology, a Crown Agency established under *the Ontario Colleges of Applied Arts and Technology Act, 2002,* borrowed $0.5 million on June 26, 2008, for construction of a student centre. This is a 5 year loan at 4.328% and matures on June 26, 2013.

Pursuant to Subsection 82(4) of the *Pension Benefits Act*, the Minister of Finance is authorized to provide interest-free loans to the Pension Benefits Guarantee Fund (PBGF) if at any time the amount standing to the credit of the Fund is insufficient for the purpose of paying claims, including those arising in respect of the Non-Contributory Pension Plan covering Hourly Paid Bargaining Unit Employees of Algoma Steel Inc. and the Algoma Steel Inc. Salaried Employees Pension Plan for Employees in Canada. In 2003-04, the Province granted a loan of $330 million to PBGF, repayable in thirty equal annual instalments of $11 million commencing December 1, 2004. The unamortized discount represents the value of the interest concession on the loan.

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

The objective of the *Shoreline Property Assistance Act* is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the *Municipal and School Tax Credit Assistance Act.*

LOANS AND INVESTMENTS – Concluded

For the year ended March 31, 2009

Ontario Northland Transportation Commission operates a railroad and maintains communication services to and within the northern regions of the Province including bus and marine services. The $35,207,935 represents the ministries equity investment in the Ontario Northland Transportation Commission. The Province provided subsidies of $44,872,600 in fiscal year 2008-09 ($45,061,721 in 2007-08, of which a one time equity investment of $17,400,000 was provided). After subsidies, the Commission recorded a net loss of $14,945,000 for the twelve month period ended March 31, 2009 (net loss $15,627,000 for 12 month period ended March 31, 2008).

Economic Development: The Ministry of Northern Development and Mines provided $17,000,000 revolving term loan with commercial terms to a northern Ontario company to assist working capital needs as part of an overall plan to acquire the business assets of a bankrupt northern Ontario company and to revive that business.

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

Announced on June 2, 2006, the Innovation Demonstration Fund (IDF) is a discretionary, non-entitlement funding program administered by the Ministry of Research and Innovation that focuses on the commercialization and initial technical demonstration of globally competitive, innovative green technologies, processes and/or products. The objective of the IDF is to help companies in their efforts to commercialize innovative technologies in Ontario.

IDF will consider support to proponents developing and commercializing innovative new and emerging technologies that are shown to be among the most competitive and advanced in North America. The IDF is focused on environmental, alternative energy, bio-products, hydrogen and other globally significant technologies at the pilot stage of development. By focusing on pilot-scale technological hurdles, the IDF is addressing the financing gap which is apparent in the commercialization of new technologies. It is expected that companies are able to demonstrate that their concept has been proven and validated and are addressing the scale-up issues necessary on the route to full-scale commercial activities. IDF will provide financial support up to 50 percent of eligible costs for approved projects. The funding potentially available under IDF ranges from a minimum of $100,000 to a maximum of $4,000,000 per project total. Financial assistance will be secured and can be structured as term loans, incentive loans, forgivable loans, equity participation or royalty agreements.

The Loans for Tools program began in September 1998 to provide loans of up to $800 to new apprentices who are Ontario residents to help them buy the tools they require for their apprenticeship programs. The loan repayments are to begin a year after their schooling is completed.

The Student Loan program (OSAP) provides needs-tested financial assistance in the form of loans and grants to eligible postsecondary students. Loans repayment to the Ontario Student Loan Trust begins six months after study period ends. If loan repayment is not made and loan default occurs, the loan becomes a debt to the Province and collection activity begins through the province's Collection Management Unit.

The Victim Justice Fund will ensure that funds generated through the federal and provincial surcharges are used for the purpose of providing assistance to victims and enable a separate tracking of these funds as well as permit any unspent funds to be carried into the next fiscal year.

The Ministry of the Attorney General operates a special purpose account related to civil asset forfeiture and the proceeds of unlawful activity. These funds are for use to compensate direct victims of unlawful activity that has led to the forfeiture, offset the administration of civil justice costs associated with civil asset forfeiture cases, and to assist victims and prevent victimization.

The Ministries of Community Safety and Correctional Services and The Attorney General, each operates a special account that has been established for the purpose of holding monies respecting Proceeds of Crime received by, or on behalf of the Crown. Ontario has entered into a Memorandum of Understanding with the federal government indicating the Province's commitment to using proceeds of crime to fund law enforcement and crime prevention initiatives and administration of criminal justice costs associated with proceeds of crime cases. The ministries make payments from these accounts as required by the terms, and interest is credited to these accounts on a quarterly basis.

In the May 1997 Budget, the government made a commitment to create a $5 million fund to provide scholarships for spouses and children of public safety officers killed in the line of duty. Because public safety officers are subjected to increased risks for the benefit of the rest of society, it is felt that the province has a degree of responsibility to provide for the well being of the families of public-safety officers killed in the line of duty. The Constable Joe MacDonald Public Safety Officers' Survivor Scholarship Fund was established by Order-In-Council and the affairs of the fund are managed by an advisory committee. The ministry makes payments from this account as required by the terms, and interest is credited to this account on a quarterly basis.

Individuals and Corporations are required to place financial assurance with the Ministry of the Environment to finance environmental cleanups and site rehabilitations relating to Orders and Approvals of the Ministry. The cash portions of the financial assurance contributions are refundable and earn interest while on deposit with the Minister of Finance.

FUNDS AND OTHER LIABILITIES – Continued

For the year ended March 31, 2009

Operators of waste wells are required to pay a fee to the Ministry of the Environment, based on waste disposed in approved disposal wells under the *Environmental Protection Act*. These payments from individuals and corporations are non-refundable and are placed in an interest-bearing account with the Minister of Finance to compensate any person or organization for damage to water or water courses which are rendered unfit for use by reason of the operation of the waste well.

The Motor Vehicle Accident Claims Fund operates under the authority of the *Motor Vehicle Accident Claims Act.* The Fund derives its revenues from two sources: an annual fee charged upon every issuance/renewal of a driver's permit/licence and repayments from debtors (uninsured at-fault motorists). Payments out of the Fund have been subject to a variety of legislative changes over the years of its operation and are detailed in the Notes to the Fund's Financial Statement, which is to be found in Volume 2.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Finance, which were not cashed by March 31, 2009.

Unclaimed fully registered bond interest includes interest on Ontario Savings Bonds matured, but not redeemed as of March 31, 2009.

The Gaming and Liquor Deposits were established under the authority of Section 14 of the *Alcohol and Gaming Regulation and Public Protection Act*, which allows the Alcohol and Gaming Commission to establish fees and other charges in administering the *Gaming Control Act* and *Liquor Licence Act.* Under Section 9 of the *Gaming Control Act,* all applicants/registrants are required to pay the reasonable costs of an inquiry or investigation related to gaming registrations under the Act. Under Section 7 of the *Liquor Licence Act*, a public notice of an application for a licence to sell liquor must be provided in the prescribed manner. The deposits are used to defray the costs as described. As of March 31, 2009 gaming deposits were $5,344,839 and liquor deposits were $412,181 totalling $5,757,020.

The Personal Property Security Assurance Fund (PSSAF) was established under the authority of the *Personal Property Security Act* and Regulations and includes claims made under the *Repair and Storage Liens Act*. Any person who suffers a loss or damage that arises from errors or omissions made in personal property registration records may be entitled to compensation. Under the regulations, one per cent of the fees received for registration as well as annual interest payments determined by the government via Order-in-Council are paid into the PPSAF.

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding pension and related benefit funds for the Provincial Judges Pension Fund, Supplementary Benefits Accounts and the Deputy Ministers' Supplementary Benefit Account. The amounts recorded by the Province are essentially the sole assets of these plans.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Health, which were not cashed by March 31, 2009.

Under the *Social Housing Reform Act* 2000, Social Housing costs within the GTA are to be equalized between municipalities. The Ministry facilitates the transfer of funds by receiving the required payments from paying GTA members and forwarding the payments to receiving GTA members. The March 31, 2009 balance represents the funds received but not paid in the fiscal period.

The Legislature approved a one-time price adjustment to the Timber Royalty, resulting in customer payments that exceed the adjusted Royalty charges due to the Crown. The excess payments are to be applied to future Royalty charges or refunded to customers as required.

FUNDS AND OTHER LIABILITIES – Concluded

For the year ended March 31, 2009

Amendments to the *Crown Timber Act* (the "Act") provided for the establishment of the Forest Renewal Trust Funds. The purposes of these funds are to provide for the sustainability of Crown forests and, in accordance with that objective, to manage Crown forests to meet social, economic and environmental needs of present and future generations. The payments of forest renewal charges are received by the Minister of Finance from a licensee who cuts timber on an area that is subject to an agreement under Section 6 of the Act.

A separate account in the Consolidated Revenue Fund is maintained for the Fish and Wildlife Program for dedicated revenue retention from the sale of licences as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The *Provincial Parks Act* provides for the establishment of a separate account in the Consolidated Revenue Fund for the Ontario Parks Program for the dedicated revenue retention from the collection of Provincial Parks Fees as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The Mine Reclamation Fund is a special purpose account established in 1994, within the Consolidated Revenue Fund for the purpose of receiving and dealing with payments of money received as financial assurance dedicated for the closure costs of mine projects pursuant to Section 145 of the *Mining Act* R.S.O. 1990 c.M.14.

The International Registration Plan (IRP) is a continent wide international agreement that facilitates the collection and distribution of commercial vehicle registration fees to all IRP members based on distance traveled in each jurisdiction. All Canadian provinces and U.S. states are members of IRP. The IRP liability account represents registration revenue collected from Ontario truck and bus companies and deposited into an Ontario government U.S. bank account on behalf of U.S. IRP member jurisdictions. These registration revenues are accumulated and distributed monthly to U.S. IRP member jurisdictions.

The Local Roads Board (LRB) liability account represents funds deposited to the Consolidated Revenue Fund (CRF) by various LRBs and the federal government for the LRBs, under the Federal Gas Tax program for roadwork that has not yet been performed by the ministry. An LRB consists of an owner or owners of land in a territory without municipal organization and there are approximately 300 - 350 active LRBs in the province. The Roadwork to be performed is determined during an annual meeting between the LRBs and ministry officials and may include emergency repairs, general maintenance or capital upgrades.

The Special Purpose Account (SPA) established for the Alternative Service Delivery of Driver Examination Services (ASD-DE) allows for the sum of $200,000 per month to be remitted to the government by Serco DES Inc. for the duration of the 10 year contract, with The Ministry of Transportation to draw against the account to pay for the oversight, relationship management and compliance monitoring of the delegate. These funds are used to provide a fiscally neutral means of offsetting the costs of compliance monitoring of Serco and providing an oversight and relationship management office within the ministry.

Two agreements are in place to satisfy the Canadian Nuclear Safety Commission (CNSC) licensing requirements for financial guarantees in respect of Ontario Power Generation Inc's (OPG) nuclear station decommissioning and nuclear waste management obligations. One agreement gives CNSC access to the segregated funds established under the Ontario Nuclear Funds Agreement (ONFA). The other agreement provides a direct provincial guarantee to the CNSC on behalf of OPG. This guarantee, for up to $760 million, effective January 1, 2008, relates to the portion of the decommissioning and waste management obligations not funded by the value of the segregated funds at the time the Provincial guarantee level was reset. In return, the Province receives from OPG an annual fee equal to 0.5% of the value of the direct provincial guarantee.

CONTINGENT LIABILITIES – OBLIGATIONS GUARANTEED BY THE PROVINCE OF ONTARIO – Concluded

For the year ended March 31, 2009

References:

1. The Province's maximum liability for the program is $120,000,000.
2. The Province's maximum liability for the program is $80,000,000.
3. Loans totalling $1,323 million taken by Ontario Mortgage and Housing Corporation for "Homes Now" from the Federal Government's Canada Pension Plan allotment have been guaranteed by the Province. Starting 1993, most of these loans, except for loans related to Student Housing ($166,127,703), were refinanced by the private sector and funds realized were loaned to the Ministry of Finance. The Ministry of Finance will report its loan of $1,157 million as a liability therefore this should be excluded from the guarantee amount.
4. In accordance with the *Capital Investment Plan Act, 1993,* the Ontario Municipal Improvement Corporation's (OMIC) assets and liabilities were transferred to the Ontario Financing Authority (OFA) on November 15, 1993. OMIC received loans from the Canada Pension Plan (CPP) and the Province, which OMIC used to make loans to municipalities and school boards under similar terms as its debt.
5. The Province has guaranteed the repayment of revolving credit facility made by Desjardins Credit Union to Madoc Co-operative Association (MCA) for a period beginning December 19, 2008 and ending April 30, 2009. The maximum amount guaranteed is $2.9 million plus any unpaid interest, costs and expenses thereon. MCA will pay the Province a guarantee fee of 0.5% of actual borrowings.
6. The Province has guaranteed the repayment of loan facility made by Woodslee Credit Union Limited to Pelee Island Cooperative Association for a period beginning October 6, 2005 ending October 5, 2020. The maximum amount guaranteed is $ 0.6 million plus any unpaid interest, costs and expenses thereon.

* CLAIMS AGAINST THE CROWN

As at March 31, 2009

The following are claims arising from legal action either in progress or threatened against the Crown in respect of breach of contract, damages to persons and property and like items. The amounts claimed have not been specified, but in each case are expected to exceed $50 million.

1. Dudley Abbot et al. (preferred shareholders of Crown Trust).
2. Theriault in respect of mining leases to Hemlo Gold Mines.
3. Chippewas of Mnjikaning First Nation (MFN) et al. vs HMQ et al. re: MFN challenges the Province's right to retain 20% of the gross revenue generated at Casino Rama.
4. Mary Lou LaPratte, Roland LaPratte, Sheila Horrell, Arthur Horrell et al. (proposed class proceeding).
5. Monaghan, John Richard v HMQ, the Attorney General and the Solicitor General together with the OPP.
6. Alberto Docouto v. HMQ and MAG re: the principal of Mater's Management Inc., is suing for regulatory misfeasance or negligence leading to alleged breach of Charter rights.
7. Arnold Guettler, Neo-Form Corporation and Neo-Form North America Corporation v HMQ et al for being maliciously charged by the Ontario Securities Commission and seizure of property by AG without legal authority.
8. R. Shawn A. Cantlon, Purported notices of intended action in which plaintiff is seeking financial compensation. It is impossible to determine the basis for any purported claim.
9. Ayok, Chol v. York University, This is an application for judicial review against York University arising out of the refusal of the Ontario Human Rights Commission to refer the applicant's complaint to a board of inquiry. The relief requested is an order quashing the decision of the OHRC and referring the matter back to it for another investigation. The damages of $55 million are requested in the alternative.
10. Frank Defazio, et al v. HMQRO, Toronto Transit Commission, Pinchen Environmental Consultants, et al., The plaintiffs allege that they were exposed to asbestos dust while rebuilding the Sheppard subway station during the summer of 1999.
11. Palahnuk, Robert E, claim to CLOC re: conviction of plaintiff on weapons charges and resulting prohibition order.
12. Deutsch, Melvin P claim in which the plaintiff names court clerks, court staff, provincial prosecutors, police officers etc. arising out of an incident involving the Toronto police as a result of which he was charged with a number of offences.
13. Augier, Gideon McGuire claim alleges conspiracy amongst various authorities, including MAG, OPP and the RCMP, to influence the conduct of the plaintiff's criminal trial.
14. Mortune, Felicia in which plaintiff alleges racial and ethnic discrimination of herself and all other black African women with a university education and marketable skills.
15. Deep, Dr. Albert Ross Notice of claim alleging that MOH auditor provided his findings to the Metro Cops, resulting in the plaintiff's unlawful arrest, malicious prosecution and defamation.
16. Mastronardi, Giovanna, Notice of claim for damages as a result of numerous verbal false, defamation and misleading statements and innuendo made to members of the plaintiff's family during the course of investigation by WSIB.
17. Koumoundouros, Terry: Claim for damages for libel. Allegations OPP report defamatory.
18. General Motors Corporation: Third party claim for damages for contribution and indemnity result of accident which occurred on March 22, 1996 on Highway 401 and Wellington Road where plaintiff lost control of his vehicle due to ice on the road.
19. Adam's Mine Rail Haul: Notice of claim for damages for breach of an Agreement of Purchase and Sale entered into between the plaintiff and Ministry of Natural Resources.
20. Twain, Jim Chief, Statement of claim for damages for negligence, breach of contract, fiduciary duty and treaty rights.
21. Williams Andrea: Plaintiff, a Registered Practical Nurse was admitted to North York General Hospital on May 2, 2003 for surgical procedure and released on May 22, 2003 was readmitted on May 30, 2003 and was diagnosed with SARS.
22. Office & Professional Employees International Union and Ontario Public Service Employees' Union are alleging negligence, misrepresentation, breach of fiduciary duty, taking without compensation and inducing breach of contract with respect to pension plans when the government transferred the employment in 1996 from the municipalities to newly established Community Care Access Centres.
23. Harrison, John Arthur - Notice of Action and Statement of Claim for damages for breach of duties and abuse of process.

* CLAIMS AGAINST THE CROWN – Continued

As at March 31, 2009

24. Whole World Trade Ltd. for damages arising from alleged parking and building code violations and corruption by police and municipal councilors with respect to properties at 418 and 422 Brookdale Avenue.
25. Sarazin, Daniel Lynden: class action on the tort of genocide arising out of the on-going consciousness of genocide displayed at all levels of government towards the Algonquin nation.
26. Foster, Tracey Marie: The plaintiff is alleging that the various defendants committed tortuous and illegal activities such as unlawfully entering her dwelling and sexually assaulting her.
27. Brown, Vincent: Notice of claim for damages after notifying authorities of an attempted assassination plot against the Prime Minister. The plaintiff alleges the information was provided in exchange for his immunity, job and payment.
28. Zoran Djuric: Statement of claim for damages. The plaintiff alleges that his court files with other documents were stolen by the defendants from his apartment and house.
29. Phaneuf, Sylvie: Class action for damages for wrongful incarceration, failing to ensure the plaintiffs physical and psychological safety, breach of fiduciary duty, breach of duty of care, breach of duty of good faith and breach of the plaintiff's Charter rights. It is claimed that contrary to HMQ's obligation of place, the plaintiff in an in-custody assessment/treatment facility pursuant to Justice Belanger's order that the plaintiff be assessed under s. 672.11 of the Criminal Code, the plaintiff was placed in the Innes Road Regional Detention Facility.
30. Abou-Elmaati, Ahmad: Statement of claim for damages for negligence, defamation, libel, slander, false imprisonment, assault and battery, conspiracy, complicity to torture, abuse of public office and breach of sections 7, 8, 9, 12 and 15 of the Charter by several Canadian government agencies. The plaintiff alleges the decision of the defendants to transmit information and documents to Syrian and Egyptian authorities caused the plaintiff to be detained over a long period of time in Syria and Egypt and subjected to interrogation, torture, cruel, inhuman and degrading treatment.
31. Corsine, Allison: Statement of claim in which the plaintiffs are alleging that their homes and business sustained extensive property damage as a result of an overflow of the City’s storm water and sanitary systems on July 25, 2004.
32. Leclair, Dianne: Proposed class action brought by Ontario Nursing Association regarding transfer of pension from Ontario Municipal Employees Retirement Systems to Hospitals of Ontario Pension Plan.
33. Chuang, David, Dr. DMD: claim for damages alleging defamation, breach of fiduciary obligations, misfeasance in public office, injustice, embarrassment, harassment, humiliation, etc. The College of Dental Surgeons of Ontario stripped the plaintiff of his licence for sexual misconduct.
34. Greenfield Ethanol (formerly Commercial Alcohols Inc.) and Suncor are the only manufacturers of ethanol (corn based fuel) complain that Ontario has treated Suncor in a preferential manner and requires that Ontario treat it in an equal manner to Suncor.
35. Wareham, Janice Ann: Statement of claim for damages for section 7 and 15(1) Charter breaches, systemic negligence and for misfeasance in public office. The plaintiffs request an order certifying this action as a class proceeding, on behalf of individuals who applied to the Ontario Disability Support Program.

A GUIDE TO PUBLIC ACCOUNTS

1 SCOPE OF THE PUBLIC ACCOUNTS

The 2010-2011 Public Accounts of the Province of Ontario comprise the **Annual Report** and three supporting volumes:

Volume 1 contains ministry statements and detailed schedules of debt and other items. The ministry statements reflect the financial activities of the government's ministries on the accrual basis of accounting, providing a comparison of appropriations with actual spending. Ministry expenses include all expenses that are subject to appropriation approved by the Legislative Assembly, but exclude adjustments arising from consolidation of government organizations whose expenses are not appropriated.

Volume 2 contains the financial statements of Government Organizations and Business Enterprises that are part of the government's reporting entity and other miscellaneous financial statements.

Volume 3 contains detailed schedules of payments made by ministries to vendors and transfer payment recipients.

2 A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Schedules of Revenue and Expenses

(2) Ministry Statements

Individual ministry statements of financial activity are provided on pages 2-1 to 2-383. The following five separate statements are presented for each ministry as applicable.

(a) "Summary Statement of Expenses and Assets by Program"

This Statement provides an overview of the expenses and assets by program compared with the related appropriations and previous years' actuals.

(b) "Statement of Expenses and Assets by Vote and Items"

This statement shows the Items comprised within each ministry Vote. The appropriation for each Item is analyzed according to funds appropriated through the Estimates or approved by Treasury Board and the total is compared to the actual amount spent for the fiscal year. Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory payments (denoted as "S") are reported separately. The "program description" narrative contained in the Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenses and Assets by Items and Accounts Classification"

This statement reports the actual ministry expenses and assets for each Vote on the basis of the Accounts Classification within each Item. Where applicable, statutory amounts are shown separately under the Accounts Classification relating to each program.

(d) "Statement of Revenue"

This ministry statement reports the fiscal year revenues by the standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility related loans and investments made from the Consolidated Revenue Fund.

(3) Schedules of Debt

This section contains details of debt issued, debt retired, a summary and details of debt outstanding at the end of the year.

(4) Other Supplementary Schedules

This section contains summarized schedules for ministries' Loans & Investments, Funds & Other Liabilities, Contingent Liabilities and Claims Against the Crown.

3 TERMS AND DEFINITION USED

Special Warrants
Special Warrants are issued to authorize payments for the purpose of general and necessary government expenditures when the Legislature is not in session.

Cost Recovery Items
In cases where the anticipated recovery of costs of an Item is equal to or greater than the expenditures, the balance of the Item is shown at the nominal value of $1,000.

Statutory Appropriations
Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*.
Statutory Appropriations are included in the Estimates for information purposes and are not voted by the Legislature. Amounts required for Statutory Appropriations are shown, where applicable, as separate entries under the Standard Accounts Classifications details relating to each Item.

Standard Accounts
Spending is forecast for the fiscal year 2010-11 under Standard Accounts at the Item level. The descriptions of the contents of the Standard Accounts given below are intended to serve as brief outlines only and should not be considered all inclusive.

EXPENSES

Salaries and wages
Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to employees.

Employee benefits
Includes the government's contribution as an employer to the Canada Pension Plan; the Ontario Public Service Employees' Union Pension Plan; the Public Service Pension Plan; Employment Insurance; the Workplace Safety and Insurance Board; and other employee benefit plans.

Transportation and communication
Includes traveling expenses of employees on government business and recipients of government services, such as wards of the province; relocation expenses of employees who transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone and data communications.

Services
Includes information services, such as, advertising and communication services provided by professional agencies and advertising placed directly with the media; rental and purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and equipment
Includes provision for the purchase of all machinery and equipment including motor vehicles and computers, both new and used; and the purchase of all materials, supplies and utilities.

Transfer payments
Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other transactions
Includes special transactions, such as interest incentives and subsidies; guarantees honoured; losses on loans; and repayable grants.

ASSETS

ASSETS are balance sheet accounts which require an appropriation in the Estimates. Asset categories include the following:

Deposits and prepaid expenses
Includes payments in advance of receiving related goods or services or in advance of being earned by transfer payment recipients, and which will be recorded in a non-asset standard account in a future fiscal year.

Advances and recoverable amounts
Includes payments to transfer payment recipients that will be repaid to the Province in a future fiscal year.

Loans and investments
Includes payments to debtors under loan agreements and investments in the shares of Crown corporations or other entities.

Land
Includes land purchased or acquired for use, for preservation, for parks and recreation, for building sites, for infrastructure and for other program use.

Buildings
Include large and complex high-rise office towers, special-purpose buildings such as prisons and courthouses, and simple structures such as salt domes and tool sheds. Also includes any construction required to address occupants' work function or aesthetic needs over and above of what is provided within the base accommodation envelope (either owned or leased).

Transportation infrastructure
Is comprised of a complex network of highways, bridges, and related structures and facilities.

Information technology hardware
Includes physical data and voice networks, platforms, wireless devices, networks and access points, mainframe and desktop computers, servers and data repositories, as well as operating systems and related software.

Business application software
Aggregates software components that automate and optimize business functions, processes, tasks and activities.

Land and marine fleet
Includes plated motor vehicles that are owned by ministries: passenger vehicles, medium duty, heavy commercial, and other specialty vehicles. Also includes medium/large boats and ferries.

Aircraft
Encompasses the fixed wing and rotary wing aircraft.

SOURCES OF ADDITIONAL INFORMATION

Province of Ontario Annual Report and Consolidated Financial Statements

The government has prepared an Annual Report and the Consolidated Financial Statements, which gives financial and economic highlights of the past year and reports on performance against the goals set out in the Budget. For electronic access to Province of Ontario Annual Report, visit the Ministry of Finance website at www.fin.gov.on.ca/en/budget/paccts.

The Ontario Budget

The Ontario Government presents a Budget each year, usually in the early spring. This document outlines expected expense and revenue for the upcoming fiscal year. For electronic access to the Ontario Budget, visit the Ministry of Finance website at www.fin.gov.on.ca/en/budget/ontariobudgets and click on "Ontario Budget."

The Estimates of the Province of Ontario

The Minister of Finance presents the government's spending Estimates for the fiscal year commencing April 1 to members of the Legislative Assembly following the presentation of the Ontario Budget. The Estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the Supply Act.
For electronic access, go to: www.fin.gov.on.ca/en/budget/estimates.

Ontario Finances

This is a quarterly report on the performance of the government's Budget for the fiscal year. It covers developments during a quarter and provides a revised outlook for the remainder of the year.
For electronic access, go to: www.fin.gov.on.ca/en/budget/finances.

Ontario Economic Accounts

This quarterly report contains data on the composition of Ontario's economic activity.
For electronic access, go to: www.fin.gov.on.ca/en/economy/ecaccts.

section 1

schedules of revenue and expenses

DETAILS OF REVENUE

For the year ended March 31, 2011

This schedule summarizes the sources of the Province's revenue by main classification. Ministry revenue schedules showing further detail within the main classifications are contained in Section 2 of this volume.

	2011 $	2010 $
TAXATION		
Personal Income Tax	23,624,201,938	23,393,069,500
Sales Tax	18,813,434,986	17,058,720,773
Corporations Tax	8,382,695,301	5,615,013,330
Education Property Tax	5,913,447,800	5,625,600,000
Employer Health Tax	4,733,193,592	4,545,138,733
Ontario Health Premium	2,933,985,933	2,762,618,993
Gasoline Tax	2,358,339,792	2,336,224,970
Land Transfer Tax	1,237,831,884	1,005,053,759
Tobacco Tax	1,160,312,423	1,083,115,955
Fuel Tax	702,012,870	658,046,576
Beer and Wine Tax	397,360,420	0
Electricity Payments-In-Lieu of Taxes	321,000,000	516,000,000
Corporation Preferred Share Dividend Tax	288,166,155	165,258,749
Mining Profits Tax	140,075,433	15,862,557
Estate Administration Tax	110,694,193	107,163,493
Gross Revenue Charge – Property Tax Component	13,131,050	27,989,940
Provincial Land Tax	9,189,646	9,735,833
Race Tracks Tax	5,134,134	5,400,685
Acreage Tax – The *Mining Act*	2,909,556	678,400
Athletics Commission	7,567	6,776
TOTAL TAXATION	**71,147,124,673**	**64,930,699,022**

Personal Income Tax is collected by the federal government on behalf of the Province. The amount reported by the Province is net of $138,435,369 for Ontario Tax Credits excluding property and sales tax credits in 2010-11 and $30,146,263 in 2009-10.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2011

For 2011, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $37,774; 9.15% for taxable income between $37,774 and $75,550; and 11.16% for taxable income over $75,550. For 2010, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $37,106; 9.15% for taxable income between $37,106 and $74,214; and 11.16% for taxable income over $74,214. For 2009, the Ontario Personal Income Tax rates are: 6.05% for taxable income of up to $36,848; 9.15% for taxable income between $36,848 and 73,698; and 11.16% for taxable income over $73,698. Ontario non-refundable tax credits are provided for individual and family circumstances (e.g., basic amount, spouse, medical expenses) at the rate of 6.05% for 2009 and 5.05% starting in 2010 (11.16% for charitable donations in excess of $200), before calculating the provincial surtax or Ontario Tax Reduction. Ontario non-refundable tax credit amounts are indexed annually.

Higher-income earners are subject to a surtax. For 2011, the surtax is equal to 20% of Ontario income tax in excess of $4,078, plus 36% of Ontario income tax in excess of $5,219. For 2010, the surtax is equal to 20% of Ontario income tax in excess of $4,006, plus 36% of Ontario income tax in excess of $5,127. For 2009, the surtax is equal to 20% of Ontario income tax in excess of $4,257, plus 36% of Ontario income tax in excess of $5,370.

Ontario income tax is eliminated if Ontario tax is below a threshold amount. If Ontario tax exceeds the taxfiler's threshold amount, the individual may be eligible to pay a reduced amount of Ontario tax. For 2011, the basic threshold amount is $210 and the additional amount for each dependent child and each disabled or infirm dependant is $389. For 2010, the basic threshold amount is $206 and the additional amount for each dependent child and each disabled or infirm dependant is $382. For 2009, the basic threshold amount is $205 and the additional amount for each dependent child and each disabled or infirm dependant is $379.

The Harmonized Sales Tax (HST) came into effect on July 1, 2010. The Provincial Retail Sales Tax (RST) was replaced with a single value-added sales tax and combined with the Federal Goods and Services Tax (GST) to create the HST. The provincial portion of the HST is eight per cent – the same as the general RST rate before it was replaced – and the federal portion is five per cent, for a combined HST rate of 13 per cent. As part of the move to the HST, responsibility for the collection of the tax was transferred to the Federal Government, where HST revenues are distributed to the Province based on a revenue allocation formula.

Ontario has maintained an 8% sales tax on the same types of insurance previously taxable before July 2010 and has also maintained a sales tax on private transfers of used vehicles, at a rate of 13%. Both the sales tax on insurance premiums and on private sales of used vehicles continue to be administered by Ontario.

Prior to July 1, 2010, Ontario RST was collected for the Province by registered vendors on the fair value of taxable goods and services, exclusive of any Federal GST. The tax was levied on the purchaser of most tangible personal property and certain services at the general rate of 8% of the purchase price. For admission fees to a place of amusement that exceeded $4.00 and alcoholic beverages sold at licensed establishments, the rate was 10%. Alcoholic beverages sold through retail outlets were taxed at 12%. On transient accommodation, the rate was 5%. Insurance premiums were generally taxed at 8%; however, certain types, including auto insurance premiums and individual life and health insurance premiums were exempt. There was also a Tax for Fuel Conservation levied under the *Retail Sales Tax Act* (the Act). A progressive tax schedule was applied to purchases of new passenger and sport utility vehicles based on their highway fuel consumption ratings. A $100 tax credit was given to the purchaser of a new passenger car with a highway fuel consumption rating of less than 6.0 litres of gasoline or diesel fuel per 100 kilometres. Persons who produced their own beer and wine in a vendor's place were required to pay a tax of $0.13 per litre. Persons who produced other tangible personal property for own consumption were required to pay 8% tax on the fair value. The Act provided a range of exemptions and rebates.

For the year ended March 31, 2011

Corporations Tax is comprised of three types of taxes levied on corporations: income, capital and insurance premiums taxes. Details of these taxes follow.

Income tax: The general statutory rate of Corporate Income Tax (CIT) is 14%, reduced to 12% effective July 1, 2010. The general CIT rate will be further reduced to 11% on July 1, 2012 and to 10% on July 1, 2013. Active business income from manufacturing and processing (M&P), mining, logging, fishing and farming is subject to a lower 12% (reduced to 10% effective July 1, 2010) rate of tax. Small Canadian-controlled private corporations are also eligible for a reduced CIT rate of 5.5%, reduced to 4.5% effective July 1 2010, on the first $500,000 of active business income. The small business deduction surtax of 4.25% phases out the benefit of the small business CIT rate as income rises to $1.5 million. The small business deduction surtax is eliminated effective July 1, 2010. The Province also levies a Corporate Minimum Tax ("CMT"), that effectively acts as a pre-payment of regular CIT. CMT is calculated as the amount by which 4%, reduced to 2.7% effective July 1, 2010, of adjusted net income for accounting purposes exceeds CIT payable. The Province offers a variety of refundable tax credits that act as incentives for certain activities. These refundable tax credits, are the: (i) Ontario innovation, (ii) Ontario co-operative education, (iii) Ontario apprenticeship training, (iv) Ontario film and television, (v) Ontario book publishing, (vi) Ontario computer animation and special effects, (vii) Ontario business-research institute, (viii) Ontario production services, (ix) Ontario interactive digital media, (x) Ontario sound recording and (xi), beginning July 1, 2010, the Ontario small beer manufacturers' tax credit. The Province also offers other tax incentives for research and development, political contributions, credit unions and the resources sector.

Insurance premiums tax: Insurance companies are subject to a 2% insurance premiums tax on accident and sickness and life insurance premiums, 3% on any other type of insurance premiums and an additional 1/2% on property insurance premiums. Other corporations are also subject to these same rates of insurance premiums tax on premiums paid to unlicensed insurers. All corporations are also subject to a 2% insurance premiums tax for payments made in respect of uninsured benefit arrangements.

Capital tax: In 2010, prior to July 1, 2010, corporations are generally subject to a tax on capital used in Ontario. The first $15 million of taxable paid-up capital is exempt from capital tax. The capital tax rate for regular corporations is 0.15%. Capital tax generally applies to financial institutions at a two-tier rate. The rates in 2010 are 0.3% on a financial institution's adjusted taxable paid-up capital up to $400 million and 0.45% on any excess. Non-deposit taking financial institutions with taxable paid-up capital over $400 million are subject to capital tax at the rate of 0.36%. Large financial institutions may reduce their capital tax liability where they make eligible investments in Ontario small businesses under the Small Business Investment Tax Credit. Corporations primarily engaged in manufacturing and resource activities are exempt from capital tax as of January 1, 2007. The capital tax is eliminated for all corporations effective July 1, 2010.

Insurance corporations do not pay regular capital tax. Life insurers pay a special additional tax at a rate of 1.25% of taxable capital in Ontario above a minimum $10 million exemption, with income tax and CMT creditable against this tax.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2011

Education property taxes are collected by municipalities and transferred to school boards for the purposes of funding education. Education property tax rates are set annually by the Minister of Finance for each class of real property. The tax is levied on the assessed value of property at a uniform rate of 0.241% for residential properties. Rates for commercial, industrial and pipeline properties vary across the Province. These rates are regulated under the *Education Act*. The Education Property Tax amounts shown are net of $689 million in property tax credits in 2010-11 and $912 million in property tax credits in 2009-10. The amounts also reflect a number of rebates, reductions and exemptions available across the province.

The Employer Health Tax is paid by employers on their Ontario payroll. Employers with total annual Ontario remuneration of $200,000 or less calculate tax payable at a rate of 0.98%; employers with total annual Ontario remuneration over $200,000 and up to $400,000 calculate tax payable at graduated rates between 0.98% and 1.95%; and employers with total annual Ontario remuneration in excess of $400,000 calculate tax payable at 1.95%. A tax exemption is provided for the first $400,000 of total annual Ontario remuneration paid by private sector employers and their associated entities.

Gasoline Tax is levied on gasoline and propane used in a licensed motor vehicle, and aviation fuel used to power aircraft. The tax rate for gasoline is 14.7 cents per litre. The tax rate for propane used in licensed motor vehicles is 4.3 cents per litre. The tax rate for aviation fuel used in powering aircraft is 2.7 cents per litre. The majority of tax is collected for the Province by Ministry-designated gasoline, propane, and aviation fuel wholesalers.

Land Transfer Tax is collected on the transfer of land. One-half of 1% is levied on the value of consideration for the conveyance up to and including $55,000; 1.0% on the value of consideration exceeding $55,000 up to and including $250,000; 1.5% on the value of consideration exceeding $250,000; and, where the value of the consideration exceeds $400,000 and the property contains one or two single family residences, an additional tax of one-half of 1% applies on the value of consideration exceeding $400,000. First time home buyers who purchase newly constructed homes or resale homes for which agreements of purchase and sale were entered into after December 13, 2007 are eligible to receive a refund of land transfer tax of up to $2,000.

Tobacco Tax covers all forms of tobacco products. The specific tax rate per cigarette and per gram or part gram of fine cut tobacco and all other tobacco products except cigars is 12.35 cents. The rate of tax on cigars is 56.6% of the taxable price. The majority of tax is collected for the Province by Ministry designated tobacco and cigar wholesalers.

Fuel Tax is levied on every purchaser of clear middle distillate fuel used in internal combustion engines. The fuel tax rate is 14.3 cents per litre, unless the fuel is used in railway equipment, in which case the rate is 4.5 cents per litre. The majority of tax is collected for the Province by Ministry designated wholesalers.

Beer and Wine Taxes were effective July 1, 2010. These taxes replaced certain alcohol charges and were revenue neutral for the Ontario Government. Taxes apply on every purchaser of beer from a beer manufacturer's on-site store, The Beer Store, or a licensed establishment. Taxes are also imposed on purchasers of draft beer made by a brew pub and wine and wine coolers from a winery retail store.

Electricity payments in lieu of taxes (PILs) are made by OPG, HOI and municipal electric utilities to the Ontario Electricity Financial Corporation (OEFC). OEFC is the Ontario Hydro successor company that is responsible for servicing and retiring the debt and certain other liabilities of the former Ontario Hydro. All PILs received by OEFC are used to service and retire its obligations. The amount of PILs replicates the amount of tax that would be payable under the *Income Tax Act* (Canada) *Corporations Tax Act* and *Taxation Act, 2007* if these publicly owned corporations were not exempt from federal and provincial corporate taxes. These corporations also make payments in lieu of additional property taxes.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2011

The Federal government remits to the province 35 per cent of the net taxes that it collects with respect to preferred share dividends paid by corporations with operations in Ontario.

Ontario levies a mining tax on profits in excess of $500,000 derived from Ontario mining operations (excluding diamond-mining). The tax rate applied to non-remote mines is 10%. An exemption is available for up to $10 million of profit earned in the first 3 years by a new non-remote mine or a major expansion of an existing non-remote mine. Remote mines are eligible for a reduced mining tax rate of 5%. An exemption is available for up to $10 million of profit earned in the first 10 years by a new mine opened in a remote Ontario location. Diamonds are excluded from mining tax and are subject to a royalty on the value of a diamond mine's output. The royalty rate is the lesser of 13% and the amount calculated on the value of output according to a graduated rate scale.

The Estate Administration Tax is payable by the estate of a deceased person on the issuance of a certificate of appointment of an estate trustee by an Ontario Court. The amount of tax is equal to $5 for each $1,000, or part thereof, of the first $50,000 of the value of the estate and $15 for each $1,000, or part thereof, of the value of the estate exceeding $50,000. If the value of the estate does not exceed $1,000, the estate is exempt from this tax.

The Gross Revenue Charge (GRC) is payable to the Ministry of Finance by hydro-electric generating stations owners and water power leaseholders. Effective January 1, 2001, the existing property taxes and water rental charges paid by hydro-electric generating station owners and water power leaseholders were replaced with taxes and charges on the gross revenues of hydro-electric generating stations. The Property Tax component is included as taxation for the Province and the Water Rental component of the GRC is included under Other Revenue – Royalties (page 1-13).

Provincial Land Tax is collected in areas without municipal organization on real properties at the rate of 1.5% of taxable assessment. Separate schedules of rates for gas pipelines and oil pipelines are used, which correspond to the schedules for municipal taxation, as, set out in the *Assessment Act.*

The Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 0.5% on all wagers.

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of $1 in organized municipalities and $4 in unorganized municipalities.

The *Athletics Control Act* states that every person conducting a professional boxing contest or exhibition shall pay to the minister an amount not less than 1% and not more than 5% of the gross receipts in respect of such contests or exhibitions.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2011

The introduction of the Ontario Health Premium (OHP) has helped to ensure the government's ability to make much needed investments in the province's health care system. Every penny of the OHP goes toward improving Ontario's health services. Since 2003-04, health-related spending has increased by $15.4 billion while health-related revenues, mainly comprised of the OHP and federal transfers, have increased by $8.6 billion. In 2010-11, OHP revenue increased by $171 million to $2,934 million, up from $2,763 million in 2009-10. During the same period, expenses in the Ministry of Health and Long-Term Care and Ministry of Health Promotion and Sport increased by $1,614 million to $44,773 million, up from $43,159 million in 2009-10.

Ontario Health Premium revenue supports expenditures in all areas of the Ministry of Health and Long-Term Care and the Ministry of Health Promotion and Sport and is not earmarked by program area. In 2010-11, revenue from the health premium was $2,934 million, or 6.6 per cent of the $44,773 million in total expenses for the Ministry of Health and Long-Term Care and the Ministry of Health Promotion and Sport. This compares to $2,763 million or 6.4 per cent of $43,159 million for the two ministries in 2009-10. Below is a table that shows how health premium revenue supports major investments in the health care sector. Also shown is the level of support in each health care sector if the percentage shares in 2009-10 and 2010-11 were allocated equally across each expense area.

Example of How the Health Premium Supports Investments in the Health Care Sector: OHP Revenue as a Share of Total Health Expenditures Applied Equally Across Expense Areas

($ Millions)	**2010-11 6.6%**	**2009-10 6.4%**
Hospitals*	1,292	1,231
OHIP	676	647
Ontario Drug Programs	206	214
Long–Term Care Homes	214	200
Home Care, Community and Mental Health Services	205	190
Public Health, Ministry of Health Promotion and Sport and Other	341	281
Total	**2,934**	**2,763**

* Includes impact of consolidation of hospitals. The remaining categories of spending have been adjusted to exclude the transfer of grants to hospitals.

The Ontario Health Premium is paid by individuals resident in Ontario on the last day of the taxation year. An individual's Ontario Health Premium liability is: $nil for taxable income of up to $20,000; 6% of taxable income over $20,000 up to $25,000; $300 for taxable income from $25,000 to $36,000; $300 plus 6% of taxable income over $36,000 for taxable income over $36,000 up to $38,500; $450 for taxable income from $38,500 to $48,000; $450 plus 25% of taxable income over $48,000 for taxable income over $48,000 up to $48,600; $600 for taxable income from $48,600 to $72,000; $600 plus 25% of taxable income over $72,000 for taxable income over $72,000 up to $72,600; $750 for taxable income from $72,600 to $200,000; $750 plus 25% of taxable income over $200,000 for taxable income over $200,000 up to $200,600; and $900 for taxable income over $200,600.

The Canada Health Transfer (CHT) is a block fund cash contribution used by the federal government to support health care spending in the provinces and territories. The federal government allocates CHT entitlements among provinces and territories making use of a formula that takes into account provincial population and the value of personal and corporate income tax points transferred to provinces in 1977-78. To receive federal CHT cash transfers, provinces and territories must comply with the principles of the *Canada Health Act*.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2011

The Canada Social Transfer (CST) is a block fund cash contribution used by the federal government to support provincial and territorial expenditures on postsecondary education, social assistance and other social programs. Since 2007-08, the CST has been allocated to provinces and territories on an equal per capita cash basis. To receive federal CST cash transfers, provinces and territories are prohibited from imposing residency requirements in determining eligibility for social assistance.

In November 2009, the Governments of Ontario and Canada signed a Comprehensive Integrated Tax Coordination Agreement (CITCA). As part of this agreement the federal government will provide transitional assistance of $4.3 billion to Ontario to help offset transition costs and to facilitate economic growth and job creation that arise as a consequence of the transitioning to a harmonized sales tax. Ontario received $3.0 billion in 2010-11 related to this agreement.

Infrastructure funding to Ontario is provided through a number of agreements that support construction, renewal, improvement and expansion of the province's physical capital, including roads, bridges, public transit and water systems. The 2009 federal budget announced time-limited support for infrastructure through the Infrastructure Stimulus Fund, Knowledge Infrastructure Program and Recreational Infrastructure Canada Program. The 2009 federal budget also announced funding for communities through the top up to the Building Canada Fund – Communities Component. The federal government also provided time-limited funding for the renovation and retrofit of existing social housing and for the construction of social housing for low-income seniors and persons with disabilities.

Equalization is the Government of Canada's transfer program for addressing fiscal disparities among provinces. Equalization payments are unconditional – receiving provinces are free to spend the funds according to their own priorities.

On November 23, 2005 the Government of Ontario and the Government of Canada entered into a Labour Market Development Agreement (LMDA), which provides for the transfer to Ontario of the administration of labour market development programs and services previously run by the federal government. LMDA funding enables provinces and territories to design and deliver skills and employment training programs, particularly for those who are eligible for Employment Insurance (EI) benefits. The 2009 federal budget announced a temporary enhancement to the LMDA, to be provided over two years in 2009-10 and 2010-11, to help respond to the higher demand for labour market programs and training, due to increased unemployment. The LMDA is funded under the legislative authority of Part II of the *Employment Insurance Act*.

Social Housing reimbursements are the federal portion of the cost of subsidizing low-rental housing programs. The Province receives funding from the Canada Mortgage and Housing Corporation (CMHC) to administer social housing in Ontario.

Indian Welfare Services Agreement payments assist the Province in providing welfare services and programs to persons living on Indian reserves. Under the agreement, the welfare services and programs that are provided on reserves are equal to those available to persons living in other communities.

On February 21, 2008 the Government of Ontario and the Government of Canada signed the Canada-Ontario Labour Market Agreement (LMA). The LMA provides funding for labour market programs and services that focus on skills development for unemployed individuals who are not eligible for Employment Insurance benefits and employed individuals who do not have a high school diploma or recognized certification, or who have low levels of literacy and essential skills.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2011

On January 10, 2008, the federal government announced its intention to create a Community Development Trust to support provincial and territorial initiatives to assist workers and communities that face challenges due to economic volatility. The Community Development Trust, worth $1 billion nationally was allocated over three years. A base amount of $10 million was provided to each province and $3 million to each territory, with the balance of the funding allocated on a per capita basis. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

The 2009 federal budget announced the creation of the Strategic Training and Transition Fund (STTF) to support provincial and territorial initiatives that help workers retrain to retain employment or transition to new jobs in communities and sectors affected by the economic downturn. Funding for the STTF has been provided for two years, 2009-10 and 2010-11.

The Wait Times Reduction Fund was established at the September 2004 First Ministers' Meeting to assist provinces and territories in reducing medical wait times by investing in key activities in areas of training and hiring of health professionals, capacity building for regional centres of excellence and backlog clearance.

Bilingualism Development reimbursements are the federal government's portion of the cost of providing services in both official languages and of providing adequate educational facilities for teaching the second official language. The federal government also contributes to Ontario's initiatives in French-language schools, such as the establishment of administrative structures in new French-language school boards, and initiatives designed to improve the achievements of French-language students.

The 2007 federal budget introduced a financial incentive to provinces that reduce or eliminate capital taxes. The incentive returns to the provinces any federal Corporate Income Tax (CIT) windfall that arises from reductions in provincial capital tax occurring after March 18, 2007 and before January 1, 2011.

Under the Labour Market Agreement for Persons with Disabilities (LMAPD), the federal government provides contributions to the Province to support measures that will enhance the economic participation in the labour market of working age adults with disabilities by helping them prepare for, attain and retain employment.

Youth justice transfer payment programs are ongoing, and mandated under the *Youth Criminal Justice Act.* The federal government cost shares a portion of the Youth Justice Services expenditures.

Legal Aid payments are the federal government's contribution to assist in providing legal aid services to economically disadvantaged people in serious criminal matters and proceedings under the *Youth Criminal Justice Act.* They also help ensure that certain minimum standards of legal aid are maintained in accordance with the Agreement Respecting Legal Aid in Criminal Law, the *Youth Criminal Justice Act* and immigration and refugee matters.

The federal government announced the creation of a $400 million Police Officers Recruitment Fund in the 2008 federal budget. The funding was allocated to provinces and territories over five years, 2008-09 to 2012-13, on a per capita basis. The fund was created to support the efforts of provinces and territories in recruiting additional front-line police officers nationwide who can target local crimes and make communities safer. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

Student Assistance includes Canada Study Grants and the administration of Canada Student Loans. Canada Study Grants are provided to students with dependants, high-need part-time students, students with disabilities, and women in doctoral studies.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2011

The Immigration Holds Agreement represents reimbursement by the federal government for the cost of detaining people awaiting an immigration examination, inquiry or removal.

The federal government provides support through the Targeted Initiative for Older Workers (TIOW) for employment assistance services and employability improvement activities, such as skills upgrading and work experience, to assist unemployed workers aged 55 to 64 with their return to work.

Other payments from the federal government included:

a) Annual subsidies of $7,999,827 under the *Constitution Act, 1907;* and

b) Interest of $82,494 on the Common School Fund.

DETAILS OF REVENUE – Continued

TOTAL INCOME FROM GOVERNMENT ENTERPRISES	**4,566,060,000**	**4,194,683,024**

Income from Government Enterprises represents amounts received by the Province from government business enterprises.

The Ontario Lottery and Gaming Corporation (OLG) conducts and manages lottery games, resort casinos, charity casinos, and slot machines at Ontario racetracks on behalf of the Province of Ontario. The Province consolidates the net income from OLG's lotteries, resort casinos, charity casinos and slot machine facilities. In addition to the net income, the Province also earns 20% of gross gaming revenue from Caesars Windsor, Casino Niagara, Niagara Fallsview Casino Resort and Casino Rama. It also earns 20% of gross gaming revenue from slot machines at the Great Blue Heron Charity Casino.

In 2010-11 the proceeds from OLG lotteries, charity casinos and slot machine facilities were allocated by the Province of Ontario to the following Ministries and programs: $120 million to the Ontario Trillium Foundation for grants to charities and not for profit organisations, $39 million to the Ministry of Health and Long-Term Care and the Ministry of Health Promotion to support problem gambling and related programs for prevention, treatment and research, $10 million to the Ministry of Health Promotion and Sport for direct financial support to Ontario high-performance athletes and enhanced coaching development, with the balance being applied to the Ministry of Health and Long-Term Care for the operation of hospitals.

In 2010-11 the proceeds from OLG resort casinos were allocated by the Province of Ontario to general government priorities such as health care, education and public infrastructure. Net income earned in 2010-11 from Casino Rama was distributed to First Nations across Ontario and is not included in the amount reported here.

Liquor Control Board of Ontario (LCBO) profits are generated from the sale of beer, wine, coolers, and spirits.

Hydro One Incorporated (Hydro One) and Ontario Power Generation Incorporated (OPG) were created as part of the restructuring of the former Ontario Hydro. Net income from these two corporations is consolidated in the Province's finances. OPG revenue is derived primarily from the sale of electricity from its generating stations. Hydro One revenue is derived primarily from the transmission and distribution of electricity.

Total Miscellaneous	3,055,535,587	3,118,164,282
TOTAL OTHER REVENUE	**7,904,079,754**	**8,047,231,552**

DETAILS OF REVENUE – Continued

For the year ended March 31, 2011

Sales and Rentals includes proceeds from the disposal of real property, supplies and equipment, rental of real property, leasing of Crown land and sales of goods and services provided by Provincial institutions.

Vehicle and Driver Registration fees include vehicle registration, carrier, and driver fees. Vehicle registration fees are for the authorization to operate a motor vehicle on a public road. For commercial vehicles and buses the fee ranges from $109 to $2,722. Fees for passenger cars and light commercial vehicles weighing 3,000 kilograms or less used for personal purposes are $74 per year in Southern Ontario and $37 per year in Northern Ontario. Fees for motorcycles and mopeds are $42 and $12 per year respectively in Southern Ontario and $21 and $12 per year respectively in Northern Ontario. Driver fees consist primarily of driver license renewals.

Liquor licences and permits collected by the Alcohol and Gaming Commission of Ontario include liquor sales licences, mini bar licences, endorsements, liquor delivery services licences, brew on premise licences, special occasion permits and manufacturer's licences.

The registrar's fees consist of fees collected by the Ontario Court (General Division) in estates matters as set by O.Reg. 393/90 made under the *Administration of Justice Act* and the issuing, signing and filing fees for court related documents in civil matters.

Personal Property registration service fees are remittances for the registration and searches of personal property pledged as collateral to secure a loan. The fees are collected at the time of registration or search.

Fees for the Drive Clean Program are chargeable to the public for vehicle emissions testing, known as a "Drive Clean Emissions test". Also, an accreditation fee, which varies depending on the type of facility, as well as a fixed annual renewal fee, is chargeable to garages for accreditation certification as Drive Clean facilities.

Companies' service fees are remittances for registration, searches and certificates pertaining to incorporations, limited partnerships and business names. The fees are collected at the time of registration or search.

Gaming-related fees collected by the Alcohol and Gaming Commission of Ontario include fees for registering commercial suppliers and gaming employees of charitable gaming events, casinos, charity casinos and slot machine facilities. Also included are fees for issuing licences to conduct and manage lottery schemes such as raffles.

Effective January 1, 2001, persons who by virtue of an agreement, lease or other writing are entitled to occupy public lands are required to pay a water rental charge calculated at a rate of 9.5 % on gross revenues from the annual generation from hydro-electric-generating stations. This is the Gross Revenue Charge - Water Rental component referenced on page 1-5.

Crown Charges – Timber royalties are remittances for the harvesting of Crown timber on Crown land or when timber rights are reserved to the Crown on patent land. Crown charges are typically charged on a per cubic metre basis related to the tree species, end products produced and harvest volume. A base charge per cubic metre, adjusted annually, is established as a minimum rate. The minimum rate for most harvested timber during 2010-2011 was set at zero (bioproducts only), $4.00, or $0.59 per cubic metre depending on the tree species and commodity group. The $0.59 per cubic metre reflects the rate for several underutilized species and the economic volatility in the forest industry. A residual value charge, based on a percentage of the difference between the cost of manufacturing and the selling price of the forest product, is also assessed. This component based on commodity market prices is adjusted monthly and varied from $0.00 to $11.66 per cubic metre.

Beginning in 2006, funds for the Forest Resource Inventory (FRI) have been collected through the stumpage system. In 2010-2011 the FRI rate was set at either $2.50 or $0.59, depending on species group and end-use, and set aside in the Forestry Futures Trust fund account for FRI expenses until a $10 million balance in the FRI account was achieved. After reaching the $10 million level, the FRI charge is set to zero, which occurred for this fiscal year in November 2010. The FRI collection results in no net effect to the forest industry with respect to stumpage charges, as the minimum charge is reduced an equivalent amount to FRI charges, while FRI charges are being collected.

DETAILS OF REVENUE – Concluded

For the year ended March 31, 2011

Teranet – Polaris Royalties -The Province completed the sale of its 50% ownership in Teranet in 2003-04. As part of this transaction, the Province agreed to suspend royalties from Teranet for a period of 13.67 years to March 31, 2017 in exchange for a lump sum payment of $205 million. The $205 million represents deferred royalties to be earned by the Province in future years and have been recognized in the Province's accounts as deferred revenue. The deferred revenue is amortized to revenue over the life of the royalty suspension agreement.

Recovery of Prior Years' Expenditures represents monies recovered subsequent to the fiscal year-end in which the related expenditures were made. These receipts represent amounts, which, except for the timing of the recovery, would have been classified as expenditure refunds.

Reimbursements of expenditures are repayments of expenses incurred by the government under formal agreement, understanding or arrangement that the expenses will be recovered in whole or in part.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

Revenues under "Power Supply Contract Recoveries" arise from the reselling of power and recovery from electricity consumers of the cost of power purchased from and payments made to electricity generators under power purchase contracts and the cost of other supply agreements with the Ontario Electricity Financial Corporation (OEFC), the legal continuation of the former Ontario Hydro.

Power supply contracts were entered into by the former Ontario Hydro with non-utility generators (NUGs) located in Ontario. As the legal continuation of Ontario Hydro, as of April 1, 1999, the OEFC is the counterparty to these contracts. The contracts provided for the purchase of power at prices that were expected to be in excess of the market price. Accordingly, a power purchase contract liability was recorded. Under legislated reforms to the electricity market, OEFC began receiving actual contract prices for power from ratepayers, effective January 1, 2005, and no longer incurs losses on these power purchase contracts. At that time, the Ministry of Finance estimated that the bulk of the liability would be eliminated over 12 years, as existing electricity contracts expire. In addition, effective January 1, 2009, OEFC entered into a support contract with Ontario Power Generation (OPG) whereby OPG agreed to maintain the reliability and availability of Lambton and Nanticoke coal-fired stations following implementation of a greenhouse gas emissions-reduction strategy. Under the contract, OEFC agreed to ensure OPG would recover the actual costs of operating the stations after implementing this strategy. Any costs to OEFC under this agreement, which expires December 31, 2014, are fully recovered from ratepayers.

The Electricity Debt Retirement Charge is paid by electricity consumers based on consumption of electricity until stranded debt is defeased. Residual stranded debt originated from the restructuring of the old Ontario Hydro and restructuring of the electricity sector.

The Reduction of Power Purchase Contracts represents the effective elimination over time of the power purchase contract liability. The amount of change reflects the deduction for estimated in-year losses used to calculate the liability prior to the legislated reforms to the electricity market that effectively eliminated over time the liability, plus an annual amortization amount for the unrealized revaluation change in 2003 to the estimated value of the power purchase liability.

The Independent Electricity System Operator (IESO) was established through the *Electricity Restructuring Act, 2004*. It operates independently and as a non-profit corporation. Licensed by the Ontario Energy Board, it reports to the legislature through the Ministry of Energy. The IESO, formerly called the Independent Electricity Market Operator, manages the province's power system. The IESO balances demand for electricity against available supply through the wholesale market and directs the flow of electricity across the transmission system. IESO revenue is derived primarily from system fees based on OEB-approved rates for each megawatt of electricity withdrawn from the IESO-controlled grid.

	2011	2010
TOTAL REVENUES	**$ 106,658,294,778**	**$ 95,792,930,757**

*Standard accounts classification is explained on page iv-v. Statutory expense has been allocated to the appropriate Standard Accounts. Recoveries of expenses by standard accounts are netted at the ministry level to reflect the Estimates structure.

**Expenses are reclassified for the recoveries related to Seconded Legal Services (Ministry of Attorney General), Ontario Internal Audit (Ministry of Finance), Info. & Info. Tech. Cluster (Ministries of Education & Transportation), Land Resources I & IT Cluster (Ministry of Natural Resources) and Government Services Delivery Cluster, Corporate Information and Information Technology & Ontario Shared Services (Ministry of Government Services).

1. Total CRF Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2010-11 were issued.
2. Ministry reclassification adjustments are to reclassify expenses to new ministry structure.

*Standard accounts classification is explained on page iv-v. Statutory expense has been allocated to the appropriate Standard Accounts. Recoveries of expenses by standard accounts are netted at the ministry level to reflect the Estimates structure.

**Expenses are reclassified for the recoveries related to Seconded Legal Services (Ministry of Attorney General), Ontario Internal Audit (Ministry of Finance), Info. & Info. Tech. Cluster (Ministries of Education & Transportation), Land Resources I & IT Cluster (Ministry of Natural Resources) and Government Services Delivery Cluster, Corporate Information and Information Technology & Ontario Shared Services (Ministry of Government Services).

1. Total CRF Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2010-11 were issued.
2. Ministry reclassification adjustments are to reclassify expenses to new ministry structure.

Program Description

The Ministry of Aboriginal Affairs program's mandate has four key strategies; develop stronger broader partnerships with Aboriginal people, lead strategic policy and priority planning, resolve land claims and address rights, and coordination of Aboriginal issues within the Ontario Public Service (OPS). The activities of the ministry support the broader government priority of Vital Public Interest.

Program Description

The strategy carried out under this vote focuses on providing executive direction and strategic business and resource planning services to ensure the efficient and effective delivery of ministry programs. It functions to provide financial, operational, transactional, business and human resource advice and expertise to the ministry by: developing functional administrative and human resources policies and procedures in conjunction with each ministry branch; providing financial planning, project management, communication and audit services; administering information technology and legal services; providing accommodation and central administrative services and maintaining contacts with central government agencies, as well as delivering French language services, emergency management programs, diversity and quality service initiatives.

Program Description

This strategy includes legislative and/or regulatory functions relating to food inspection and compliance, animal health, land use planning and nutrient management. This strategy also includes non-regulatory programs in food safety, traceability, animal health and welfare, nutrient management and environment. The ministry uses a full suite of tools to manage risks and encourage industry adoption of best management practices.

Program Description

Under this strategy, the ministry supports agriculture, food and bio-product sectors through a comprehensive approach. Components of this strategy that contribute to the framework for these sectors include: delivery of farm income stabilization and other assistance programs to the agriculture sector; working with agri-food partners in identifying needs and opportunities, and adopting new technologies; investing in agri-food research; investment attraction and investment retention efforts for the processing sector; and promoting Ontario food and agricultural sales in export and domestic markets.

This strategy also assists rural Ontario in building strong, vital communities with diversified economies and healthy social and environmental climates by working collaboratively with rural communities, municipalities, businesses and organizations to undertake economic development initiatives.

Program Description

The strategy carried out under this vote focuses on providing innovative, comprehensive and evidence-based policy development and advice. Policy Development includes the ministry's food safety, animal health, environmental and economic development policy analysis and strategic policy/planning. This strategy also includes legislation and program development, managing funding for farm business risk management programs and the ministry's governance and accountability responsibilities with Agricorp.

Program Description

This program provides for the overall administration of the Ministry, supplying administrative and support services for the operating programs. The Corporate Services Management Division provides strategic support and advice to the Ministry in the areas of business and fiscal planning, human resources, emergency management, facilities management, research and analysis, and the co-ordination of key strategic projects. The Division also delivers shared services for Freedom of Information and French Language Services to the justice sector ministries, and provides service management for centrally delivered services of audit and quality assurance, and Ontario Shared Services. Ministry Administration also includes the Attorney General's Office, the Deputy Attorney General's Office and the Parliamentary Assistant's Office, Associate Deputy Minister's Office, as well as the Communications Branch.

Program Description

The Policy, Justice Programs and Agencies Program oversees the administration, coordination and delivery of the Ministry's policy development and social/family justice programs across Ontario. The Program manages the Office of the Public Guardian and Trustee, Office of the Children's Lawyer, Bail Verification and Supervision Program, Supervised Access Program, and the Special Investigations Unit. The program also provides for the operation and oversight of the agencies, boards and commissions within the Ministry including the Environment and Land Tribunals of Ontario, Ontario Human Rights Commission, the Human Rights Tribunal of Ontario, the Human Rights Legal Support Centre, the Office of the Independent Police Review Director and Legal Aid Ontario. The Ministry is also responsible for the administration of public inquiries and Federal-Provincial-Territorial relations. In its policy role, the Program is responsible for the Attorney General's legislative agenda and for providing strategic and legal policy advice.

Program Description

This program supports the role of the Attorney General as Chief Law Officer of the Crown by providing the government with expert legal advice, advocacy and representation before tribunals and at all levels of court. Timely and high quality legal advice and services are critical to the government's ability to develop and deliver on its core businesses, policies, programs and services.

This program includes the Office of Legislative Counsel responsible for drafting all provincial bills and regulations in English and French, and providing legal advice on legislative matters to the Legislative Assembly and Cabinet. It also consolidates statutes and regulations.

Program Description

The Court Services Division is responsible for the administration and functioning of criminal, civil, family and small claims courts in Ontario. These services are divided into three components: court administration, judicial services and court construction. Court administration and judicial services provide support to the effective and efficient management of the justice system. Court construction provides funding for new courthouses and large-scale renovations of existing court facilities to support a justice system that is modern, secure and accessible.

Program Description

The Auditor General, who is an Officer of the Assembly, conducts independent audits of government programs, the financial statements of the Province and numerous agencies of the Crown, broader public-sector organizations, and reviews under the authority of the *Auditor General Act* and various other statutes and authorities. The results of these audits and reviews provide assurance, objective information and advice to the Legislative Assembly. In doing so, the Office of the Auditor General assists the Assembly in holding the government, its administrators, and grant recipients accountable for their stewardship of public funds and for the achievement of value-for-money in the delivery of services to the public.

Additionally, under the *Government Advertising Act, 2004*, the Auditor General is required to review specified types of advertising and certain printed matter proposed by government offices to determine whether they meet the standards required by that Act.

Under both Acts, the Auditor General reports the results of the work conducted each year directly to the Legislative Assembly.

Program Description

The Office conducts general elections and by-elections of Members to the Legislative Assembly and provides research, public information and policy advice relating to the electoral process. The Office also trains, directs and supervises the returning officer in each of the 107 electoral districts.

The Chief Electoral Officer also administers the *Election Finances Act*. Over 400 Constituency Associations and 13 registered political parties must file annual returns and inform Elections Ontario of any changes to registration information. Any form filed with Elections Ontario is reviewed for compliance with the *Election Finances Act.*

The Office has responsibility to administer referenda under the *Taxpayer Protection Act*, 1999.

The Office serves Ministries, agencies and the public on a continuing basis by conducting historical and comparative research and providing policy advice and general information regarding the electoral process.

Program Description

Children and Youth Services programs include Early Learning and Child Development, Children and Youth at Risk, Specialized Services and Ontario Child Benefit. Early Learning and Child Development includes child care; Best Start demonstration communities; early identification and intervention services such as the Preschool Speech and Language program, Healthy Babies Healthy Children and family and community support programs. Children and Youth at Risk includes child protection, child and youth mental health, services for youth in high-needs neighborhoods (including employment and outreach) and youth justice services for youth in, or at risk for, conflict with the law. Specialized Services includes autism, children's rehabilitation and enhanced and out-of-home respite programs. The Ontario Child Benefit is an income tested financial benefit that supports low income families with children under the age of 18, whether they are working or not. The Ontario Child Benefit equivalent is provided to children's aid societies in respect of children and youth in care to provide them with increased access to social, educational and recreational opportunities and savings to prepare for leaving care.

* Child care policy and program responsibilities were transferred to the Ministry of Education to facilitate smoother transitions for children from the child care system to the education system. Expenses for child care have been restated to appear in the Ministry of Education.

Program Description

The Ministry Administration Program works to achieve ministry and government objectives by providing strategic advice and vital support services, including communications, human resources, French language services, information technology and business solutions, legal services and resource planning and allocation activities. The Program provides corporate services to two ministries (Citizenship and Immigration, and Tourism and Culture).

Program Description

Strategic business planning advice and business management services are provided to support senior management decision-making. As part of the larger Ontario Public Service, the Ministry's business supports reflect and support the government's overall policies and enterprises. Partnership with the Ministry of Children and Youth Services provides for the delivery of services in an effective and efficient manner.

Program Description

Effective and accountable community-based services are directed to those most in need, in the fairest possible manner. Ontarians in need, including persons with disabilities, can access income and employment supports to help them move towards self-sufficiency. The Family Responsibility Office is a neutral enforcement program working with support payors and support recipients to meet their family support responsibilities. Adult community services support families and communities to help vulnerable adults, including services for people with developmental disabilities and other special needs, women who have experienced domestic violence, and aboriginal people through the Aboriginal Healing and Wellness Strategy. The Accessibility Directorate of Ontario leads the implementation of the *Accessibility for Ontarians with Disabilities Act, 2005* and the *Ontarians with Disabilities Act, 2001* to achieve accessibility for Ontarians with disabilities through the development and enforcement of accessibility standards, public education and guidance, tools and resources for accessibility planning and programming.

Program Description

Reporting to the Commissioner of the Ontario Provincial Police, the OPP is responsible for providing direct front line policing services in hundreds of municipalities and First Nations communities throughout the province. The OPP investigates province-wide and cross-jurisdictional crimes including complex frauds and organized criminal activity. In addition, the OPP patrols provincial highways and is responsible for many of the waterways and trail systems in the province. The OPP maintains specialized provincial registries, e.g., Violent Crimes Linkages Analysis System and the Ontario Sex Offender Registry. Oversight of provincial strategies such as child exploitation and biker enforcement are responsibilities of the OPP. Included as part of its provincial mandate, the OPP also provides emergency services support, is responsible for security for high profile international events, and delivers specialized security and protection services for the Government of Ontario throughout the province.

Program Description

Reporting to the Deputy Minister of Community Safety, this section captures resources and services dedicated to the public safety and security of Ontarians. This is achieved through the efforts of the Office of the Chief Coroner, Office of the Fire Marshal and Emergency Management Ontario. All are devoted to the rapid identification of issues and their resolution through effective mitigation, prevention, preparedness, response, recovery, scientific, investigative, business continuity and public education initiatives. The section strives to be a leader in ensuring that all of Ontario's diverse communities are safe and secure thereby supporting the government in its priority of stronger, safer communities.

Program Description

Reporting to the Deputy Minister of Community Safety and the Deputy Minister of Correctional Services, this corporate division is responsible for leading a number of ministry wide functions including legislation and policy development exercises in support of ministry police, corrections, public safety and emergency management activities. Within this scope, this division also coordinates Aboriginal policy on behalf of the ministry. In addition, the division is responsible for ministry strategic planning, project management, policy research and evaluation, developing and monitoring performance measures and coordinating the ministry's Federal-Provincial-Territorial activities.

Program Description

This program supports consumer protection and public safety in Ontario by: ensuring effective compliance strategies; modernizing the business and consumer protection regulatory environment; providing oversight to ensure effective governance, accountability and relationship management with respect to the Alcohol and Gaming Commission of Ontario; and maintaining a modern regulatory and legal environment that protects Ontarians, generates confidence and promotes economic growth.

Program Description

This program supports economic growth and job creation in Ontario by: providing leadership for the development of economic policies across the government; promoting community, sector and cluster development; attracting investment in strategic sectors; reducing the burden of government regulation on business through the enterprise-wide Open for Business initiative; supporting entrepreneurship and business start-ups; helping small and medium enterprises grow in domestic and international markets; addressing regional needs and building regional/local economic development capacity; and providing assistance to Ontario communities and industry sectors facing economic development challenges.

The program also promotes Ontario as a premier investment location and world class provider of goods and services by: providing site location services and detailed investment information to meet foreign investors' needs; offering services to new business immigrants; branding and marketing Ontario internationally; providing programs to assist Ontario companies in developing new export opportunities; and supporting Ontario's network of ten international offices and the operation of the Ontario Investment and Trade Centre.

Program Description

The program provides policy and program direction, as well as financial support, to elementary and secondary schools and agencies in Ontario in order to foster and sustain a high-quality education system for all students in this province, no matter where they live. The program aims to achieve three primary outcomes: excellence in student achievement; preparation of all students for success in further education, work, and community life; and improvement of Ontario's ability to compete in a global marketplace.

Key components of the program are: supporting the implementation of a rigorous curriculum, supporting student learning and maintaining challenging standards of achievement, and supporting excellence in teaching; provision of financial support to a streamlined and efficient education system with a focus on teaching and learning in the classroom, accountability for the funding of elementary and secondary education, and operation of provincial schools for the deaf, blind, deaf/blind and students with learning disabilities.

Program Description

This program is responsible for developing the energy policy framework of Ontario that is central to the building of a strong and prosperous economy. It provides leadership and support to the energy sector to achieve a diverse, environmentally-sustainable and competitively-priced energy supply and transmission and distribution systems. The program supports energy conservation and efficiency and the development of renewable and cleaner energy, including activities related to the implementation of the *Green Energy and Green Economy Act, 2009.*

This program also includes initiatives that support Ontario's legal obligations with respect to consulting with Aboriginal peoples and that facilitate the participation of Aboriginal peoples in the development and implementation of renewable energy projects, and transmission and distribution systems.

Through its oversight of the Ontario Energy Board, the Ontario Power Authority and the Independent Electricity System Operator, this program is responsible for setting the legislative and policy framework to assure safe and reliable supply and delivery of both electricity and natural gas to the province's energy consumers. It also represents the shareholder in dealings with Hydro One and Ontario Power Generation.

* Includes a Post Fiscal Year End Treasury Board Order of $108,270,000, approved by Treasury Board on May 19, 2011 and applied retroactively to fiscal year 2010-11, for Transfer payments expenses.

Program Description

This program develops and coordinates implementation of sound infrastructure strategies for the province, including central agency management of the provincial capital planning process and budget development; leads negotiations with the federal government on new cost-shared infrastructure programs; leads the implementation of an asset management framework for the government; provides infrastructure economics and financial advice and analysis, as well as expertise on water economics.

This program provides leadership in the development and implementation of the government's province-wide growth management policy, under the *Places to Grow Act, 2005.* This includes creating regional growth management plans with local governments, Aboriginal communities, and other stakeholders, and facilitating the alignment of government policy and funding across multiple ministries to support implementation of the program. This program provides oversight to Waterfront Toronto and Infrastructure Ontario.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision. The actual costs incurred were not charged against the "Contingencies" activity but rather against those programs and activities to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

Program Description

This program identifies and executes the strategic policy interests of the owner with respect to the stewardship and strategic management of the Ministry's real estate portfolio and the broader government-owned and -controlled portfolio. The program works to ensure that real estate policy and decisions support the broad range of government initiatives and directives. It provides direction and oversight to the Ontario Realty Corporation and works closely with other ministries to develop policies, frameworks and strategies to support real estate planning and decision-making related to the use of Ministry-owned properties and other property and accommodation matters.

Program Description

The Electricity Price Mitigation program assists consumers with the transition to a reliable and cleaner electricity system and would complement existing tax-related mitigation benefits. The Ontario Clean Energy Benefit is a measure to provide direct relief to eligible electricity consumers, providing a benefit equal to 10 per cent of the total cost of electricity on their electricity bills including tax, effective January 1, 2011. Eligible consumers include residential, farm, small business, and other small users who use less than 250,000 kWh per year.

Program Description

This program, which includes the Offices of the Minister and Deputy Minister, delivers planning, advisory, legal, and controllership functions to ensure direction and management of operating programs consistent with Ontario Government policy and legislative directions. In addition, the program manages the service and accountability relationships with Ontario Internal Audit and Ontario Shared Services, ensures proper levels of support to the Ministry of Finance, the Ministry of Revenue and their client groups, and strategically manages the ministries' quality service commitments.

Program Description

The Office of the Budget, Taxation and Pensions advises and assists the Minister and Deputy Minister of Finance and the government in formulating the Ontario Budget and other major economic/fiscal documents. This function includes tax, pension and income security policy development and legislation, inter-governmental taxation, and quantitative analysis and research to identify the economic and fiscal implications of tax, pension and income security policies and emerging trends and developments. The office is also responsible for facilitating the Minister's oversight and accountability of the Liquor Control Board of Ontario, the Ontario Lottery and Gaming Corporation and the Ontario Racing Commission and manages the government's Deposit Return Program for beverage alcohol containers.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision.

In this regard, $897,849,700 of the "Contingencies" appropriations were allocated during the year to the programs and activities of various ministries. The actual costs incurred were not charged against the "Contingencies" activity but rather against those programs and activities to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

Program Description

This program develops and implements sound economic and fiscal strategies to stimulate economic growth and job creation; forecasts, monitors and reports on the performance of the Ontario economy; provides expertise and advice on sound economic design of government initiatives; develops demographic forecasts for Ontario; develops the policy and legislative framework for Ontario's financial services industry; develops and implements a fiscal and financial management framework for the public sector in Ontario; assists the Minister of Finance and the government in formulating Ontario's federal-provincial finance policy; develops, monitors and reports on the fiscal plan and results for the province; provides policy advice to clients, managers, and decision makers in the areas of accounting, fiscal and financial management; and fosters greater accountability and fiscal integrity in the public sector in Ontario. The program advises on assessment and property tax policy, grants to municipalities, and education tax rates. It also monitors the fiscal and financial relationship between the province and the municipalities, including providing transfer payments to municipalities.

Treasury Board Office coordinates fiscal strategy, risk assessment and internal audit services for the Ontario Public Service, and supports Treasury Board/ Management Board of Cabinet by providing advice on the appropriate use of public resources to meet government priorities. The program also facilitates integrated supply chain and back-office leading practices in Ontario's broader public sector. It also reflects the transfer of dedicated electricity earnings from the Province to the Ontario Electricity Financial Corporation.

Program Description

The Financial Services Commission of Ontario (FSCO) regulates the province's financial services sector, including insurance companies, pension plans, credit unions, caisses populaires, mortgage brokers, agents and administrators, loan and trust companies, and co-operatives. FSCO also makes recommendations to the Minister of Finance on matters affecting these sectors. In addition, FSCO is responsible for the administration of the Motor Vehicle Accident Claims Fund (MVACF) which compensates people injured in automobile accidents in Ontario where there is no other insurance available to respond to the claim. FSCO is also responsible for the administration of the Pension Benefits Guarantee Fund (PBGF). The PBGF pays a minimum level of pension benefits if a plan is wound up with insufficient assets.

FSCO works with the Ministry of Finance, consumers and industry stakeholders to protect the public interest, enhance public confidence, and create a business climate that promotes Ontario's domestic and international competitiveness.

Program Description

This program advises government, its ministries and agencies on matters concerning Francophone affairs and the provision of French-language services. It develops policies and programs pertaining to the government's French-language services. It monitors and oversees the implementation by ministries of the *French Language Services Act* and makes recommendations concerning the addition of new designated areas to the schedule and the designation of transfer payment agencies under the Act. It evaluates the quality, quantity and appropriateness of services delivered by ministries to the Francophone population. It also provides information, advice, expertise and assistance to the Francophone community.

Program Description

The Ministry Administration program provides administrative and support services to enable the ministry to deliver results for the government's objectives and fiscal priorities. Its functions include financial management, human resources, accommodations and facilities management, information and information technology (I&IT), legal, communications, planning and results monitoring. The program assists and supports ministry program areas in achieving their business goals.

Program Description

The Human Resources Services Program supports the government's commitment to be a responsive and innovative world leader in customer service by having a skilled and innovative workforce. All HR service delivery programs focus on supporting the OPS in becoming an employer of choice – an organization able to attract and retain capable employees and having a diverse workforce who can deliver on government's priorities for Ontario's citizens.

HROntario is responsible for creating and sustaining the skilled workforce required to support modern, efficient public services and for building capacity so government can focus on and achieve its priorities. HROntario delivers integrated HR and business transformation services that support ministries' business objectives, and develops and implements strategies and policies that make the OPS an employer of first choice. The program also coordinates the internal security, and emergency planning and management for the OPS.

The Diversity Office supports the OPS' vision of being an inclusive, diverse, equitable and accessible organization that delivers excellent public service and supports all employees in achieving their full potential. It is a center of excellence, providing strategic OPS-wide programs and services to ministries. It also provides advice about the diversity implications of policies, programs, communications, organizational development and change management.

The newly established Labour Relations Secretariat will have the capacity to analyze internal and external factors that drive collective bargaining outcomes in order to develop comprehensive strategies and provide guidance and advice related to bargaining. It will also provide oversight and strategic advice on OPS and Broader Public Sector (BPS) collective bargaining.

Program Description

The Enterprise Business Services Program is responsible for improving delivery of internal and external government-wide services to meet the needs of Ontarians and the OPS. All service delivery programs are focusing on transforming and improving government services.

The Corporate Information and Information Technology Program provides leadership for information management and information technology in government. This includes policy, the implementation of common infrastructure, governance and accountability. It also includes the delivery of OPS-wide common services such as computer processing and network facilities.

Ontario Shared Services provides enterprise-wide employee and business support services to the OPS. This includes financial processing and collections, supply chain management, insurance and risk management, payroll management and processing, and benefits administration.

The Archives of Ontario collects, manages and preserves the records of Ontario and promotes public access to Ontario's historic documents and records. It provides responsible stewardship of the Government of Ontario's art collection, and promotes good record keeping practices in the government.

The Ontario Public Service Green Office provides strategic leadership to ministries in the "greening" and environmental stewardship of government operations. Its mandate is to ensure action plans are in place to reduce the government's carbon footprint, help create sustainable business practices and build an organizational culture that is sensitive to and addresses environmental concerns.

* Includes a Post Fiscal Year End Treasury Board Order of $6,518,800 approved by Treasury Board on June 16, 2011 and applied retroactively to fiscal year 2010-11, for Major Infrastructure Projects.

Program Description

A number of agencies, boards and commissions associated with MGS provides oversight to ensure effective governance, accountability, and relationship management:

The Licence Appeal Tribunal hears appeals about compensation claims and licensing activities regulated under various ministries' statutes.

The Advertising Review Board is designated as a mandatory central service for the procurement of advertising, public and media relations, and creative communications services for the OPS. This helps ensure ministries and government agencies acquire these services in a manner that is fair, open, transparent and accessible to qualified suppliers.

The Conflict of Interest Commissioner has responsibility for certain conflict of interest and political activity matters as they apply to employees of ministries and public bodies as well as to individuals appointed to public bodies. The Commissioner handles requests for advice or rulings from deputy ministers, chairs of public bodies, and other designated individuals on specific conflict of interest or political activity matters.

Program Description

ServiceOntario is the government's service gateway for information and routine transactional services to both individuals and businesses. ServiceOntario is "making it easier" for Ontarians to receive government services by providing support in-person, kiosk, by mail, telephone and online channels.

ServiceOntario is modernizing its service delivery network to improve access and the quality of service and reduce wait times. It is integrating services and consolidating locations so more Ontarians will be able to make one trip for licensing and registration services.

Program Description

Ministry Administration provides support to the Minister of Health and Long-Term Care to meet the requirements of the Ministry's Portfolio, Ministry management, accountability and controllership frameworks to ensure the cost-effective/efficient use of resources to achieve business results.

A broad range of strategic and operational services essential to the effective delivery of Ministry programs is provided, including business, fiscal and health capital planning; health system investment and funding policies and decisions; audit; supply chain and facilities, contract management and record management; government pharmacy; strategic human resources including talent management, workforce planning and strategies, organizational capacity and engagement, health, safety and wellness and strategic labour relations; freedom of information, protection of privacy, and personal health information protection; submission coordination and Cabinet Office liaison; public appointments process; legal; communications and information; and the Medical Advisory Secretariat, which provides evidence-based analysis and policy advice on the coordinated uptake of new health technologies and health services for Ontario.

Also, funding is provided for administrative support to the Ontario Review Board, Consent and Capacity Board, Health Services Appeal and Review Board, Health Professions Appeal and Review Board, and the Ontario Hepatitis C Assistance Plan Review Committee.

Program Description

The Health Policy and Research Program integrates strategy and program policy to provide strategic directions for Ontario's health system. System-wide planning allows the Ministry to: support legislation and policy development; monitor alignment with the strategic directions; select and manage portfolios, strategy and other initiatives within the Ministry to further health system and health human resource goals. This will also provide health research investment and planning support and oversight. The work here includes the strategic policy and planning relating to the supply, mix, distribution, recruitment, retention, scoping of practice and training of health providers. The regulation of health professionals is a related activity.

Program Description

eHealth ensures that information and information technology are used to improve and modernize Ontario's health care system, and to improve the quality of and access to health care services. Health System Information Management and Investment provides health information which enables evidence-based decision-making for a sustainable health care system in Ontario. In 2008, the government created eHealth Ontario, an operational agency, to integrate the leadership and functions of the former Smart Systems for Health Agency and the eHealth program delivery. eHealth Ontario provides the information infrastructure required to facilitate the secure electronic communication and exchange of personal information among Ontario's health care providers and supports the Ministry's eHealth initiatives.

Program Description

The Ontario Health Insurance Program is responsible for key elements of Ontario's health care system: client eligibility and health card policies, physicians' payments for services that are insured under the Health Insurance Act, other practitioners' payments, out-of-province/out-of-country services, independent health facilities, midwifery services, colorectal cancer screening, drugs, community laboratories, assistive devices, payment integrity, and protection from health-related fraudulent activity.

Ontario health services are available from health professionals in various settings from family doctors' offices to hospitals to Telehealth Ontario and Telephone Health Advisory Service where triage advice and health information is provided by a registered nurse. Government-funded services are available to Ontarians who have registered, and who are eligible for the Ontario Health Insurance. The Underserviced Area Program and the Northern Travel Program offer a number of integrated supports that provide rural and northern communities with access to needed health care services. The focus for Disease Prevention is on improving health and health care for Ontarians living with or at high risk of developing diabetes, congestive heart failure, chronic obstructive pulmonary disease and hypertension. Early detection and intervention for better health outcomes is the driving force behind other preventative care screening such as the Colorectal Cancer Screening Program, regular mammography and pap smear.

Program Description

The goal of the Public Health Program is to protect and enhance health, prevent the onset of disease and premature death of Ontarians at all stages of life. This Program reflects the direction to focus health care resources on preventive health services. The Public Health Program sets standards and protocols, and provides funding to Ontario's boards of health. The Program includes the Office of the Chief Medical Officer of Health, who has independent powers and a responsibility to report annually on the state of public health to the Legislative Assembly of Ontario. In this regard, the mandate of Public Health includes the entire spectrum of infectious diseases, chronic diseases and injury prevention, healthy child development, family and community health, and environmental health - all with a focus on the underlying determinants of health and illness. The newly created Ontario Agency for Health Protection and Promotion will support public health at the provincial and local levels. In addition, the Program provides leadership in planning and responding to emergencies with a health component.

Program Description

As steward for the integrity and long-term sustainability for Ontario's health care system, the Ministry is collaborating with 14 Local Health Integration Networks (LHINs) to promote a patient-focussed, value driven, integrated and co-ordinated health care system. While the Ministry provides strategic direction and guidance, the LHINs are responsible for planning, integrating and funding health service providers in their local health systems. The LHINs exercise their authority under the *Local Health System Integration Act, 2006.* Additional responsibilities and performance expectations are set out in the Memorandum of Understanding and Accountability Agreement with the Ministry of Health and Long-Term Care. The LHINs have the flexibility to address unique local health needs and priorities through the management of services of public hospitals, specialty psychiatric hospitals, community care access centres, long-term care homes, community health centres, community support services, community services for persons with acquired brain injury, assisted living services in supportive housing, mental health and addiction agencies. Together, the Ministry in partnership with LHINs ensures the delivery of accessible, community-responsive and high-quality health care system for all Ontarians.

Program Description

This vote includes Provincial Programs, Emergency Health Services and Stewardship. The vote is responsible for transfer payment accountability, operational policy development, planning and funding of a wide span of specialized programs. Examples of these transfer payment programs include: Cancer Care Ontario, Community and Priority Services, Operation of Related Facilities, HIV/AIDS and Hepatitis C Programs and Chronic Disease Management Programs. In addition, the program provides Ontario's share of funding to the Canadian Blood Services and also supports a blood utilization management strategy for Ontario.

In addition to transfer payment activities, Provincial Programs and Stewardship also includes Direct Operating Expenditures (DOE) for the management and delivery of the Transfer payments within the Vote, and for the oversight administration (stewardship) of the Local Health Integration Networks.

Emergency Health Services ensures the existence of a balanced and integrated system of emergency health services throughout Ontario. The current system consists of a series of inter-related programs and services including municipally operated/contracted land ambulance services, the not-for-profit air ambulance organization called ORNGE, and ambulance communications services.

Program Description

Information Systems provides support to the Ministry of Health and Long-Term Care and the Ministry of Health Promotion to ensure the cost-effective and efficient use of I&IT resources to achieve business results. The program offers a broad range of strategic and operational services essential to the effective delivery and support of its client ministries. Additionally, it is the Ontario Public Service wide lead in the provision of professional I&IT project related staff and the promotion of I&IT project management excellence.

Program Description

The Ministry of Health Promotion works with its partners to deliver effective and accountable programs and services that contribute to the long-term wellness of Ontarians. The Ministry provides tools and supports that advance the government's health promotion objectives through the implementation of the following priorities: Promoting Health and Wellness; Preventing Disease, Injury and Addiction; Smoke-Free Ontario Strategy; Nutrition and Healthy Eating; Valuing Sport and Recreation; Pan-American and Parapan American Games; and Partnership Support for Healthy Communities.

Program Description

The mandate of the Pay Equity Office (PEO) is to administer and enforce Ontario's *Pay Equity Act*, which is intended to eliminate systemic gender discrimination in the compensation of work primarily performed by women. To carry out this mandate, the PEO provides education and advice to employers, employees and bargaining agents in the public and private sectors to achieve and maintain pay equity in their workplaces. The PEO also investigates complaints, monitors workplaces for compliance, attempts to effect settlements of pay equity issues between the parties and issues Orders for compliance where necessary.

The Pay Equity Hearings Tribunal, a quasi-judicial tri-partite administrative tribunal, is responsible for adjudicating disputes arising under the *Pay Equity Act*.

Program Description

The role of Labour Relations is to promote a stable labour relations climate and harmonious workplace relationships in the province.

The Ontario Labour Relations Board (OLRB) is an independent, quasi-judicial tribunal which mediates and adjudicates a variety of employment and labour relations-related matters under various Ontario statutes including appeals of decisions of employment standards officers and occupational health and safety inspectors.

The Crown Employees Grievance Settlement Board (GSB) is an independent quasi-judicial tribunal that mediates and adjudicates the labour relations disputes of Ontario Crown Employees. The GSB also provides financial and administrative services to the Public Service Grievance Board, an agency of the Ministry of Government Services.

Dispute Resolution Services provide neutral, third-party assistance to trade unions and employers through collective agreement conciliation and mediation, appointment of arbitrators and collective bargaining information.

	2,686,500		**2,686,500**	**TOTAL CAPITAL ASSETS FOR OCCUPATIONAL HEALTH AND SAFETY PROGRAM**	**2,217,178**

Program Description

Occupational Health and Safety's primary mandate is the setting, communicating and enforcing of the occupational health and safety legislation and regulations to reduce or eliminate workplace injury or illness.

The Occupational Health and Safety Program ensures compliance with the *Occupational Health and Safety Act* (the Act), and assists workplace parties in securing a healthy and safe working environment. Through the administration and enforcement of the Act and its regulations, it encourages employers and workers to cooperatively identify and control health and safety hazards.

The Office of the Worker Adviser provides advisory, representation and educational services to non-unionized injured workers and survivors, and represents them before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal.

The Office of the Employer Adviser provides advisory and educational services to all Ontario employers and representation services primarily to smaller employers, with fewer than 100 employees, with regard to workplace safety insurance matters before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal.

Program Description

The Employment Rights and Responsibilities Program (ERRP) is responsible for the administration and enforcement of the *Employment Standards Act, 2000* and its regulations.

The ERRP ensures that Ontario workers are protected by minimum standards of employment covering wages and working conditions. It promotes compliance with these standards through inspections, investigations and enforcement initiatives, and encourages self-reliance through prevention efforts.

Program Description

This program provides the services required by the Lieutenant Governor in performing his constitutional, representational and community duties. In his constitutional role, the Lieutenant Governor represents the Queen, appoints the Premier based on majority support, swears-in the Executive Council, outlines the Government's plans in the Speech from the Throne, provides the Royal Assent needed for bills to become law, approves orders-in-council and appointments recommended by Cabinet, and prorogues or dissolves each session of Parliament. In his community role, the Lieutenant Governor represents the people of Ontario and acts as the Province's official host, welcoming world leaders and diplomats. He annually hosts or attends hundreds of community events throughout Ontario. He promotes themes or issues associated with accessibility for people with visible and invisible disabilities, while also enhancing literacy opportunities for Aboriginal youth. He presents honours and awards to outstanding Ontarians and, on request, sends messages for special celebrations and congratulations for birthdays of 90 years and over, and for wedding anniversaries of 50 years and over.

Program Description

The objectives of this program are: to provide leadership, direction, coordination and controllership for all the programs and activities of the Ministry; to provide effective communications services and issues management support; to provide efficient and effective strategic advice, legal advice and services, business and resources planning, risk management and service delivery management support to the Ministry; to establish controls and controllership mechanisms, reporting and management standards and performance measures; and to monitor the Ministry's use of its financial, staff, information and information technology resources and its physical assets. This program also provides management and operational support services to the Ministry's agencies, boards and commissions.

Program Description

The objective of this program is to foster responsible and accountable local governments which have the tools to improve local service delivery, achieve financial sustainability, and respond to local disasters. The Ministry pursues this objective through development and implementation of legislation, policies, formal consultation mechanisms, partnerships and programs; monitoring municipal activity; providing advice, education and training and other activities to build consultative, co-operative relationships with municipalities and stakeholders; and encouraging greater consultation and partnerships among municipalities and aboriginal groups.

* Includes a Post Fiscal Year End Treasury Board Order of $1,122,000, approved by Treasury Board on May 19, 2011 and applied retroactively to fiscal year 2010-11, for a reimbursement to the federal government for an overpayment received by the Province under the federal Disaster Financial Assistance Arrangements (DFAA), arising from the 2004 Peterborough Area Flood.

Program Description

The objectives of this program are well-planned, safe, strong and sustainable communities that enhance quality of life and support a prosperous economy. This program helps ensure well-managed growth that preserves greenspace and the environment, encourages brownfields redevelopment and provides for population and employment growth. Attaining these objectives includes ensuring the safety of buildings through an effective and efficient building regulatory system. It involves increased energy efficiency and conservation and environmental protection, and greater accessibility. It also requires an effective legislative, policy-led and administrative framework for land-use planning, including a strong one-window provincial planning system, and excellent advice as well as education and training to support municipal and provincial capacity and the implementation of new government plans, programs and initiatives. All of this work is guided by meaningful stakeholder engagement and consultation.

Program Description

The objectives of this program are to deliver on the government's commitments on affordable housing; to create a regulatory framework that protects tenants and encourages proper maintenance and investment in rental housing; and to support municipalities, housing providers and other external stakeholders, helping them meet their housing responsibilities. To meet its objectives, the program provides a full range of services: policy development, program design, delivery and funding for affordable and social housing proponents.

Program Description

The Geographic Information program provides direction for the management of information assets to assist the ministry in meeting its business objectives. It provides corporate leadership to the ministry in the development and application of geographic information for natural resource management and decision-making. It also provides basic land information and an infrastructure to improve the sharing of information for the Ontario government to realize the strategic value of its information investments.

Program Description

The Natural Resources Management Program provides leadership and oversight in the management of Ontario's forests, Crown land, water, renewal energy, aggregate and petroleum resources through the development, implementation and improvement of legislation, policies, programs, and standards.

The Natural Resources Management Program also provides leadership and oversight in the management of Ontario's fish and wildlife resources, parks and protected areas, including the protection and management of provincially significant natural, cultural and recreational environment in order to promote healthy and sustainable ecosystems, conserve biodiversity, and enhance opportunities for outdoor recreation.

In addition, the Program provides leadership and oversight in the management of capital infrastructure assets such as fire management and fish culture facilities, Parks, Crown land, water, and other infrastructure investments necessary to deliver ministry programs.

Program Description

The Public Safety and Emergency Response program provides leadership for the delivery of the Ministry's emergency management program for the protection of people and property affected by forest fires, flood, drought, erosion, soil/bedrock instability, and crude and natural gas exploration including natural gas and hydrocarbon underground storage, salt solution mining emergencies and other provincially significant emergencies where assistance is requested.

The program also has responsibility for the planning and provision, directly or indirectly, of non-scheduled air transportation for the Government of Ontario.

Program Description

This program provides executive direction as well as strategic business and resource planning services to ensure the efficient and effective delivery of ministry programs. It supports ministry operations through the provision of advice and services in the areas of human resources, financial planning, accounting and administration, and professional support services such as legal and audit services. It also provides core strategic support in the areas of corporate policy and communications.

Program Description

This program helps build a more prosperous Northern Ontario and strong, vibrant and sustainable northern communities. The Ministry leads a range of targeted initiatives aimed at stimulating economic growth, promoting trade and investment, creating jobs, improving infrastructure and providing a better quality of life for northerners. These include enhanced programs of the Northern Ontario Heritage Fund Corporation including the new Entrepreneur Program and the GO North Investor Program. The Ministry co-leads the development and implementation of the government's Growth Plan for Northern Ontario, coordinates provincial economic development initiatives in the North, and markets Northern Ontario's strengths and opportunities to the world. Strategic investments in infrastructure such as the Northern Highways Program and telecommunications and information technology are improving the North's linkages to the rest of Ontario, Canada and beyond.

The program's network of offices provides northerners with access to government economic development programs and services. By engaging northerners in government initiatives including policy and planning activities, this program also ensures northerners have a say in the development of government programs and services that affect them.

Program Description

This program helps build a strong, sustainable provincial mineral sector contributing to the prosperity of all of Ontario. Province-wide geological mapping, online 24-7 access to geoscience information, international marketing, and expert geological advisory services in field offices across the province create a competitive advantage for Ontario - helping a global exploration industry assess Ontario's mineral potential and attract investment, exploration and mineral development to Ontario. This program's knowledge about Ontario's geological and mineral, groundwater, and energy resource endowment helps to support Far North and other land-use planning initiatives, other government priorities such as source water protection efforts, and identification of new industrial and energy development opportunities.

This program area also administers the *Ontario Mining Act* to ensure sustainable and responsible development of Ontario's mineral resources. This involves equitable public access to Crown mineral rights, fair and efficient management of Ontario's mining lands, and ensuring safe, environmentally sound mineral development and rehabilitation of mining lands through a modernized Mining Act and related regulations and policies.

This program administers the Ontario Diamond Royalty Regulation, values rough stones for export and works with industry partners to pursue value-added opportunities throughout the diamond pipeline.

The program area has responsibility for developing new, collaborative Aboriginal-mineral development engagement and consultation processes and working with communities to build relationships and foster sustainable socio-economic and mineral development.

Program Description

This program undertakes policy development to promote a long-term, economically viable and environmentally sustainable Ontario forest industry. Efforts to respond to unprecedented challenges faced by the forest industry associated social and economic impacts and enhancing the competitiveness of Ontario's forest industry sector continue to be prominent.

The program is also responsible for leading the endeavor to improve the design of Ontario's Crown forest tenure and pricing system.

Program Description

The Ombudsman is an Officer of the Legislature. The Ombudsman's mandate is set out in the *Ombudsman Act.*

The Ombudsman investigates complaints about the administration of Ontario's provincial governmental organizations. The Ombudsman can investigate individual complaints, concerns brought forward by Members of Provincial Parliament, and on his own initiative. The Ombudsman can also investigate citizen's complaints about closed municipal meetings, where no municipal investigator is in place. The Ombudsman services are free. There is a toll-free number and information about the Ombudsman is available on the internet and through Ombudsman publications.

The Ombudsman submits his reports to the Legislative Assembly.

Program Description

The program supports a stronger Ontario by: delivering on the Ontario Innovation Agenda which sets out a comprehensive, targeted and coordinated agenda for promoting research and innovation in Ontario; providing funding to support world-class research and researchers working across Ontario to deliver skills development, business development and commercialization programs focusing on key sectors and regional development opportunities; developing and delivering an overarching strategy for public and stakeholder outreach and promotion to create a broad awareness of excellence and success in research and innovation across Ontario and to attract world-class talent and investment; and connecting innovators across the province - ensuring that the ideas developed in labs make their way into the marketplace.

Program Description

The Tax Revenue program is responsible for the administration of major taxing and tax incentive/benefit statutes of Ontario. Ontario's major taxing statutes include the *Retail Sales Tax Act*, the *Employer Health Tax Act*, and the *Tobacco Tax Act*. Tax benefit programs include the Guaranteed Annual Income System, the Ontario Child Care Supplement for Working Families and the Senior Homeowners' Property Tax Grant. Tax Incentives include Community Small Business Investment Funds, and the Ontario Research Employee Stock Option tax credit.

Program Description

The Tourism Program seeks to sustain and grow Ontario's tourism industry, which directly supports the government's key priority of Strong People, Strong Economy.

The Ministry works in partnership with tourism associations and businesses to strengthen and build the tourism industry and promote Ontario worldwide as a premier, four-season tourist destination. Activities include working with stakeholders to develop destinations and innovative tourism experiences, supporting festivals and events across the province, identifying tourism development opportunities, and providing strategic intelligence to keep tourism stakeholders well informed about trends, issues, and visitor expectations.

The Ministry oversees the activities and accountabilities of eight attractions and agencies that promote tourism, economic growth and job creation. The ministry's tourism attractions and agencies are the stewards of unique historic facilities, green space and parklands in regions across Ontario, and offer a range of educational, recreational, cultural and entertainment programs for residents and visitors.

Program Description

The Tourism and Culture Capital Program preserves and enhances Ontario's investment in tourism and cultural infrastructure.

The Ministry is currently involved in the delivery of the Recreational Infrastructure Canada Program in Ontario (RInC) - a $390 million federal/provincial infrastructure program intended to provide timely, targeted economic stimulus through investments in existing recreational infrastructure. The RInC Initiative is expected to be completed by March 31, 2011 and the federal/provincial agreement governing RInC is expected to end by June 30, 2011.

The Ministry provides capital repair and rehabilitation funding to 13 of its 21 tourism and cultural agencies and attractions. This funding enables the Ministry's agencies and attractions to undertake repair and rehabilitation of existing infrastructure including: renovations, building code upgrades, health and safety improvements and statutory/regulatory compliance, to help them remain competitive and enhance the visitor experience.

The Ministry also manages the infrastructure development commitments of the province's $300 million capital infrastructure initiative - the Sports, Culture Tourism Partnership Program.

Program Description

The Postsecondary Education Division works in collaboration with the Strategic Policy and Programs Division to implement government strategies and policy for postsecondary education in Ontario. The Postsecondary Education Division develops and implements operational policies and financial support to postsecondary institutions and students in Ontario, in support of the government's social and economic policy objectives with the goal of providing opportunities for high quality, accountable, relevant and accessible postsecondary education.

Key components of the program include operation of the Ontario Student Assistance Program; administering operating and capital transfer payments to colleges and universities and student financial assistance; managing relationships with postsecondary institutions and student groups; managing accountability mechanisms, including governance and relevant legislation; regulating the public colleges of applied arts and technology and private career colleges in accordance with applicable statutes and administering the funding framework for colleges and universities.

Program Description

Employment Ontario (EO) is Ontario's integrated employment and training network. EO will help build and sustain Ontario's prosperity and competitiveness. Through Employment Ontario, the Ministry will:

- Provide effective, relevant skills training and other employment and career planning services, where and when they are needed;
- Enable Ontarians to access the services and support they need to succeed in today's job market;
- Provide a single point of access to employment and training programs and services that individuals and employers need;
- Respond to the needs of employers, job seekers, apprentices and new Canadians;
- Ensure service excellence and public satisfaction with EO programs and services.

EO unites Ontario's community-based network of employment services and training partners with similar programs that were transferred from the federal government, enabling Ontario to better match individual potential with local business needs.

Program Description

The Strategic Policy and Programs Division leads strategic policy development, labour market research and planning, program design and program development within Training, Colleges and Universities (TCU). It is responsible for the development and alignment of province-wide strategic policy direction for postsecondary education and labour market training and support programs. It also performs key functions for the Ministry such as long-term demand planning, capital planning, and the management of inter-juridictional relations. The Division brings together expertise from employment and training and postsecondary areas to design and develop programs, establish program standards and perform evaluations with a view to achieving results. The Division's work contributes to the Government's goal of developing a highly knowledgeable and highly skilled workforce able to succeed in today's changing economy.

Program Description

The Ministry Administration Program provides leadership and direction for ministry resources planning, management, controllership, procurement, customer service, accessibility planning, emergency management and other corporate functions.

Support is provided to program areas by the Finance, Communications, Facilities and Business Services, Strategic Human Resources, Internal Audit and Legal Services Branches. While Strategic Human Resources, Internal Audit and Legal Services retain their strategic leadership and dual reporting relationship with the Centre for Leadership/Human Resources Management, the Ministry of Finance and the Attorney General respectively, their costs are assumed by the Ministry of Transportation.

Program Description

The Policy and Planning Program is responsible for identifying and achieving Ontario's long-term, strategic transportation interests. Its primary focus is to plan and promote an efficient and sustainable multimodal transportation system throughout the province.

In consultation with key federal and municipal partners, the program undertakes multimodal transportation policy development and long-range transportation planning to ensure that all of the elements of the system (air, rail, road, marine and transit) work together effectively.

The program provides funding to support a multimodal transportation system and to help achieve provincial transportation-related climate change objectives. It is responsible for managing the province's relationship with Crown Agencies accountable to the Minister of Transportation such as Metrolinx, which includes GO Transit.

Additionally, the division works to advance Ontario's transportation priorities and interests by working with the federal government and other provinces on key areas of common interest.

Program Description

The Road User Safety Program develops and implements strategies to improve road safety and mobility through education, enforcement and regulation of safe driving behaviour and motor vehicle safety.

Ontario holds a leading position as one of the safest jurisdictions in North America. Ministry of Transportation's road safety program leads and actively participates with other jurisdictions in Canada and the United States in developing and promoting road safety programs and best practices. The program works with many partners including police, community groups, safety organizations and the private sector to reduce fatalities and injuries on our roads.

The key responsibilities of the program are to: set safety standards and develop policies, programs, legislation and regulations for road users, carriers and vehicles; inspect, monitor and enforce compliance with those standards; manage and deliver commercial vehicle programs. It also supports the delivery of programs for other ministries, for example Drive Clean (Ministry of the Environment).

The program also oversees the delivery of services provided by our partners. The program establishes policies and standards in relation to driver and vehicle licensing and registration and other services delivered by our governments and private sector partners.

Program Description

This program oversees the planning, design, construction, maintenance and operation of the provincial highway network and develops strategies to maximize investment results in highway infrastructure.

The program manages activities to deliver a provincial highway network that is safe, provides mobility for people and goods, and promotes economic, environmental and social sustainability. The program delivers these activities through the use of internal resources and a variety of partnerships and private sector service providers.

Sound investment strategies preserve existing highway infrastructure through the application of asset management principles, improve trade corridors leading to key international border crossings, including the Windsor Gateway, and integrate highways with other modes of transportation.

Activities include environmental assessments, investment planning, engineering, property acquisition, rehabilitation, new construction, contract oversight, routine summer and winter maintenance (such as shoulder grading/snow and ice control) for all provincial highways and bridges. In addition to the highway network, the program is responsible for remote airports throughout northern Ontario, ferry services in locations across Ontario, first nations roads subsidies, delivering road improvements in unincorporated areas, service centres, and the production of the official map of Ontario highways.

The program also develops policies and guidelines and sets highway and bridge maintenance, engineering, material, investment planning and construction standards.

Program Description

The Economics and Transportation Cluster provides leadership in the use of information technology for the Ministries of Economic Development and Trade, Labour, Research and Innovation, Consumer Services and Transportation.

Through effective management of information and information technology resources, the Cluster enables the ministries to deliver on elements of their Results-based Plans. The Cluster also plans the ministries' information and information technology investments and delivers quality service while continually measuring and improving its performance. To enhance program delivery, enable new business opportunities and ensure improved customer service, the Cluster works to modernize the ministries' information practices, systems and applications.

*Debt Issued for Investment Purposes, as a result of a debt for equity swap between the Province and Ontario Power Generation Inc. and Hydro One Inc., is eliminated upon consolidation.

SUMMARY OF DEBT OUTSTANDING – Continued

As at March 31, 2011

The Ontario Teachers' Pension Fund is administered by the Ontario Teachers' Pension Plan Board. The Public Service Pension Fund and the Ontario Public Service Employees' Union Pension Fund are administered by the Ontario Pension Board and the Ontario Public Service Employees' Union Pension Trust Fund respectively. Debt due to these funds consists of non-marketable debentures of the Province.

The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over.

The Ontario Mortgage and Housing Corporation (OMHC) originally borrowed long-term funds from the Canada Pension Plan Investment Fund (CPP) to provide mortgages to non-profit groups under the Homes Now project. As non-profit groups refinanced their OMHC mortgages in the private sector mortgage market, OMHC lent the available funds to the Province in exchange for Provincial debentures. This debt is eliminated upon consolidation of the Financial Statements of the Public Accounts of Ontario.

The Ontario Immigrant Investor Corporation (OIIC) is an operational enterprise of the Ontario Government incorporated on April 30, 1999 under the *Development Corporations Act*. The corporation was established to act as Province's receiving vehicle for immigrant investor monies under the federal government's Immigrant Investor Program (IIP). The Ontario Financing Authority manages these monies under an investment management agreement with the OIIC, and the OFA invests these funds received from the IIP in Ontario's zero coupon bonds.

The Canada Mortgage and Housing Corporation (CMHC) has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public borrowing cost at the time that the Corporation agreed to participate in the project.

Public Investors: The Province of Ontario has issued public market bonds denominated in Canadian dollar, United States dollar, Japanese yen, Australian dollar, euro, Swiss franc, New Zealand dollar, U.K. pound sterling, Hong Kong dollar, Norwegian Krone, and South African rand.

Ontario Savings Bonds (OSBs) were first issued in 1995. OSBs are retail bonds sold by the Province to the residents of Ontario. The bonds are issued once a year and are available for sale through most financial institutions. There are three types of bonds: Variable-Rate Bonds, Step-Up Bonds and Fixed-Rate Bonds. All are available with annual or compound interest. The Variable-Rate Bonds are redeemable annually on June 21 only, and the Step-Up Bonds may be redeemed semi-annually at the option of the registered holder. Fixed-Rate Bonds are redeemable only at maturity.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with various maturities up to three years, are sold by tender on a regular basis.

SUMMARY OF DEBT OUTSTANDING – Concluded

As at March 31, 2011

U.S. Commercial Paper issues are non-interest bearing debt with maturities up to 270 days.

The School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards to support their capital projects prior to the introduction of the student focused funding model in 1998. The Trust issued 30-year sinking fund debentures amounting to $891 million in June 2003. The Trust provided $882 million of the proceeds to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province related to this debt. These amounts will be reduced over the 30-year period by the transfer payments made by Ministry of Education to the Trust under the School Board Operating Grant program. (As at March 31, 2011, the amount outstanding of $770 million advanced to School Board is included in Other Assets and outstanding debentures of $779 million is included in Debt.)

Net consolidation and other adjustments include third party debt of Ontario Mortgage and Housing Corporation (OMHC), Ontario Infrastructure Projects Corporation, Ontario Municipal Improvement Corporation, Ontario Northland Transportation Commission, Niagara Parks Commission, Ornge, Ottawa Convention Centre, and elimination of Province's debt due to OMHC and Ontario treasury bills and bonds held by other government organizations and agencies.

Debt Issued for OEFC: The Province, on behalf of Ontario Electricity Financial Corporation (OEFC), has borrowed $230,466,000 from the Canada Pension Plan and has issued public market debentures and treasury bills totalling $19,021,609,874 Canadian dollars. The proceeds of all such borrowings have been advanced to OEFC in exchange for bonds with like terms and conditions except for a $500 million issue, maturing June 2, 2031, which was on-lent to OEFC until June 2, 2010, after which the issue was assumed by the Province until the maturity date.

Debt issued for Investment Purposes: On April 1, 1999, under the *Energy Competition Act*, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro. Ontario Power Generation Inc. (OPG) and Hydro One Inc. (formerly Ontario Hydro Services Company) are two of these five corporations. In order for OPG and Hydro One Inc. to have capital structures competitive with those of other industry participants, the two companies entered into a debt-for-equity swap with the Province of Ontario. The Province assumed $8,885 million of the debt issued by the two corporations in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One Inc.

OUTSTANDING DEBT – Continued

As at March 31, 2011

References:

1. All debt issues are non-callable, except as noted below. Debt is payable at a fixed rate, or a floating rate with reference to a stated index. Interest rate is usually reset every three months (3M). These indices are CBA - Canadian Bankers' Acceptance Rate, Euribor - Euro Interbank Offered Rate, Hibor - Hong Kong Interbank Offered Rate; LIBOR - London Interbank Offered Rate. All foreign currency debt has been converted into Canadian dollars at the rates of the currency exchange agreements if the debt is hedged, or at year end exchange rates if unhedged. 96.4 per cent of foreign currency debt is hedged as at March 31, 2011. The exchange rates of foreign currencies to Canadian dollars as at March 31, 2011 are: Australian dollar 1.0040, euro 1.3756, Hong Kong dollar 0.1245, Japanese yen 0.011659, New Zealand dollar 0.7394, Norwegian krone 0.1755, South African rand 0.1433, Swiss franc 1.0571, United States dollar 0.9688, U.K. pound sterling 1.5563.
2. OPB & OPPT: Pursuant to the Ontario Public Service Employees' Pension Act 1994 and the Asset Transfer Agreement of December 12, 1994, the Province was obligated to re-split the debentures between the Public Service Pension Fund ("PSPF") and the Ontario Public Service Employees' Union Pension Plan Trust Fund ("OPSEU Fund") based on accurate data when it was available. On June 13, 1997 a Restated Sponsorship Amendment and Asset Transfer Agreement was signed, replacing the 1994 agreement and which resulted in the existing split after debt payment. The terms of these debentures require that the principal be repaid in 12 equal monthly payments in the year preceding the date of maturity.
3. SBT: The School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards to support their capital projects prior to the introduction of the student focused funding model in 1998. The Trust issued 30-year sinking fund debentures amounting to $891 million in June 2003. The Trust provided $882 million of the proceeds to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province related to this debt. These amounts will be reduced over the 30-year period by the transfer payments made by Ministry of Education to the Trust under the School Board Operating Grant program.
4. The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over. These debentures are not negotiable or transferable and are assignable only to a wholly-owned subsidiary of the Canada Pension Plan Investment Board. On April 1, 2007, all debentures held to the credit of the CPPIF or purchased by the Minister of Finance of Canada in accordance with Section 110 of the Canada Pension Plan were transferred to the CPPIB.
5. CMHC: The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest.
6. OIIC: These are zero coupon bonds. Outstanding amount represents the balance payable at maturity.
7. DMTN194: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 2.04%.
8. DMTN173: The Province entered into interest rate agreements that effectively converted the interest rate on $209.5 million of the Province's obligation to a 3 month CBA rate minus 0.279%.
9. Domestic USD Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a fixed rate of 4.47%.
10. DMTN79: The Province entered into interest rate agreements that effectively converted the interest rate on $125 million of the Province's obligation to a fixed rate of 4.84%.
11. DMTN199: The Province entered into interest rate agreements that effectively converted the interest rate on the Province's obligation to a fixed rate of 2.75% and effectively converted $65 million of OEFC's debt to a fixed rate of 2.75%.
12. DMTN193: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 2.44%.
13. EMTN HKD Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a fixed rate of 3.78%.
14. DMTN198: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 3.02%.
15. DMTN117: The bond was issued at a high premium in 2004 to offer a yield of 5.74%.

OUTSTANDING DEBT – Continued

As at March 31, 2011

16. OSB: Step-up Rate Bonds and Variable Rate Bonds issued before 2009 are redeemable at the option of the holder on June 21 and December 21 and for 14 calendar days following the redemption date of June 21 and December 21. Fixed-Rate bonds are redeemable at maturity. Variable Rate Bonds issued in 2009 and after are redeemable annually on June 21. All current outstanding OSBs may be redeemed upon the death of the beneficial owner.
OSB - Fixed Rate:
Every year the Province issues fixed rate Ontario Savings Bonds for a term of three years. However, in 2009, fixed rate bonds were issued for a term of two, three and five years and in 2010, fixed rate bonds were issued for a term of three, seven and ten years.
. OSB - Step-up Rate:
2006 Series: Interest is payable at 3.7%, 3.8%, 3.9%, 4.0%, and 4.25%,
2007 Series: Interest is payable at 4.0%, 4.2%, 4.4%, 4.6%, and 4.95%,
2008 Series: Interest is payable at 2.6%, 2.8%, 3.0%, 3.2%, and 4.0%,
2009 Series: Interest is payable at 0.75%, 1.5%, 2.5%, 3.5% and 4.5%,
2010 Series: Interest is payable at 1.0%, 2.0%, 3.0%, 3.75%, and 4.25%,
in year 1, 2, 3, 4 and 5 respectively.
OSB – Variable Rate:
The Minister of Finance resets the interest rate every six months. On December 21, 2010, the interest rate was re-set at 1.25%.
17. OSB: The outstanding amount represent bonds matured but not yet presented for redemption. No interest is payable on these bonds.
18. AUD2: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 3.85%.
19. These debt series are issued for Provincial Purposes and for OEFC.
20. DMTN188: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 3.14%.
21. U.S. Commercial Paper issues are discount notes with maturities up to 270 days.
22. EMTN57: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 5.59%.
23. USD Global Bonds (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on $553 million of these obligations to a fixed rate of 5.11%, $527 million to a 3 month CBA rate plus 0.28%, $238 million to a 3 month CBA rate plus 0.58% and $55 million to a 3 month CBA rate plus 0.30%.
24. Series HZ, JA, JB, JC, JD: These are zero coupon bonds which require unequal payments consisting of principal and interest to be made at predetermined irregular intervals. During the fiscal year 2010-11, principal repaid was $0.7 million. By January 10, 2035, the principal to be repaid on these bonds will be $230 million.
25. DMTN196: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 3.73%.
26. MH: The terms of these debentures require that a special one-time interest payment of $31.1 million be made at maturity.
27. EMTN Euro Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on $2,992 million of these obligations to a fixed rate of 4.26%, $657 million to a 3 month CBA rate plus 0.78% and $2,598 million to a rate of 3.87%.
28. PG: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.24%.
29. DMTN203: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 3.39%.
30. DMTN205: The Province entered into interest rate agreements that effectively converted the interest rate on the Province's obligation to a fixed rate of 2.62% and OEFC's obligation to a fixed rate of 2.67%.
31. DMTN192: This bond is a 3 year floating rate bond where the Province has the option to switch to a fixed rate coupon of 2.5% on the 13th day of March, June, September and December of each year. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 1.98%.
32. DMTN149: Bonds are extendible at the option of the bondholders on the initial maturity date of June 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable at the option of the bondholders on June 13, 2016 for Series DMTN119, Interest is payable semi-annually at 3.6% until June 2, 2016 and 4.8% thereafter, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate obligation on this obligation to a rate of 4.67%.
33. Euro Global Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a fixed rate of 4.40%.

OUTSTANDING DEBT – Continued

As at March 31, 2011

34. MW: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a 3 month CBA rate minus 0.05%.
35. EMTN CHF Bonds (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a fixed rate of 4.69%.
36. YL015/16: The Province entered into interest rate agreements that effectively converted the interest rate on $76 million of these obligations to a fixed rate of 4.34%.
37. EMTN83/90: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a fixed rate of 3.07%.
38. DMTN133: Bonds are retractable at the option of the bondholders on December 2, 2014 or exchangeable for Series DMTN119 at par on December 15, 2014. Interest is payable at 4.0% until December 2, 2014 and thereafter at 5.35% until final maturity date. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 5.26%.
39. EMTN NOK Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations for a fixed rate of 2.99%.
40. DMTN152: Bonds are extendible at the option of the bondholders on the initial maturity date of December 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable on December 14, 2016 for Series DMTN119 at par. Interest is payable semi-annually at 3.75% until the initial maturity date and thereafter at 4.75%, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 4.76%.
41. JL: The terms of these debentures require unequal payments, consisting of both principal and interest, to be made at predetermined irregular intervals with the final payment on January 10, 2045. The total principal and interest to be payable over the life of the debenture is $1,325 million.
42. EMTN91: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 2.39%.
43. USD Global Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on $21,656 million of these obligations to a fixed rate of 3.61%; $4,295 million to a rate of 5.37%; $11,565 million to a 3 month CBA rate plus 0.38%.
44. DMTN158: This Real Return Bond bears interest to the indexed adjusted principal in relation to All-Items Consumer Price Index for Canada (the "CPI"), issued with a base index of 127.54839 on March 8, 2006. Consequent to the change of official time base reference period from 1992 to 2002 by the Bank of Canada on June 19, 2007, the base index has been changed to 107.18352. Total issue size is $2,844 million in principal, of which $700 million has been on lent to OEFC, and $300 million has been swapped effectively to a nominal debt paying a fixed rate of 4.66%. The amount outstanding represents the indexed value of the principal.
45. DMTN1: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a 3 month CBA rate minus 0.02%.
46. DMTN189: Bonds are callable at the option of the Province on November 10, 2011 at par. Interest is payable quarterly as follows: November 10, 2008 to November 10, 2011 –3 month CBA rate plus 0.75%, November 10, 2011 to November 10, 2013 –3 month CBA rate plus 1.20%. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 3.13%.
47. DMTN178: The Province entered into interest rate agreements that effectively converted the interest rate on $105 million of Province's obligation to a 3 month CBA rate.
48. DMTN110: Bonds are retractable at the option of the bond holders on March 8, 2012 or if the bond holders do not retract the bonds the bond holders may exchange the bonds at par on March 21, 2012 for Series DMTN61. Interest is payable semi-annually at 3.25% until March 8, 2012 and 5.85% to March 8, 2033. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 5.72%.
49. DMTN105: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.94%.
50. EMTN76 (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.81%.
51. NF: Outstanding amount is $3,000 million, including $500 million that was on-lent to OEFC until June 2, 2010, after which the issue was assumed by the Province until the maturity date.
52. DMTN157: Interest is payable semi-annually at 15.0% until January 13, 2006 and thereafter at 5.0%.
53. EMTN71/78: The Province entered into interest rate agreements that effectively converted the interest rate on these obligations to a fixed rate of 4.35%.
54. Europe CHF Bonds: The Province entered into interest rate agreements that effectively converted the interest rate on $1,823 million of these obligations to a fixed rate of 4.12% and $208 million to a rate of 4.29%.

OUTSTANDING DEBT – Concluded

As at March 31, 2011

55. EMTN81/109: The Province entered into interest rate agreements that effectively converted the interest rate on $552 million of these obligations to a fixed rate of 3.42% and $466 million to a 3 month CBA rate plus 0.201%.
56. DMTN116: Bonds are extendible at the option of the bond holders on the initial maturity date of September 8, 2013 to the final maturity date of March 8, 2033. Interest is payable semi-annually at 4.625% until the initial maturity date and at 5.85% if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 5.08%.
57. EMTN73: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.34%.
58. EMTN70 (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.0%.
59. EMTN94 (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.13%.
60. DMTN46: This is a variable payment bond with a yield of 4.53%. The principal and interest are repayable on a blended semi-annual instalment. During the fiscal year 2010-11, principal repaid was $0.2 million.
61. EMTN93 (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.22%.
62. DMTN191: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 1.67%.
63. PU (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.0%.
64. AUD1 (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 4.24%.
65. EMTN63 (OEFC): The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 5.28%.
66. Net consolidation and other adjustments include third party debt held by other government organizations and the elimination of Ontario Bonds and Treasury Bills held by these organizations as follows (in millions):
    Ontario Bonds:
    AgriCorp: $19m DMTN8, $9.9m DMTN165, $9.2m DMTN53, $17.6m DMTN93, $3m DMTN197, $3m MW, $10.1m DMTN135, $18m DMTN132, $20m DMTN173 and $6.8m HJ.
    Ontario Infrastructure Projects Corporation: $10m DMTN165, $19.2m DMTN201, $54.1m DMTN200 and $33.5m DMTN208.
    Ontario Energy Board: $2.8m DMTN93 and $0.9m DMTN69.
    Forest Renewal Trust: $2.7m DMTN173, $2.1m DMTN195 and $0.6m DMTN163.
    Treasury Bills:
    Ontario Infrastructure Projects Corporation: $500 million,
    Northern Ontario Heritage Fund Corporation: $199 million,
    Ontario Realty Corporation: $54 million,
    Ontario Capital Growth Corporation: $77 million,
    Ontario Securities Commission: $20 million,
    AgriCorp: $5 million,
    Ontario Energy Board: $1 million.
67. OMHC: Debentures issued to Ontario Mortgage and Housing Corporation (OMHC) are not negotiable and not transferable or assignable but are redeemable in whole or in part at the option of the OMHC on six months prior to written notice.

1. Issues include Amortization amounts.
2. Repayments include Bad Debt Expense, Loan Releases and Valuation Adjustments.
The Loans and Investments upon consolidation are not included above.
* Financial statements of these Corporations, Boards and Commissions are shown in Volume 2, Public Accounts of Ontario.

The *Tile Drainage Act* authorizes the Minister of Finance to purchase, acquire and hold debentures issued by municipalities for construction of private tile drainage works. These debentures are payable within ten years of the issue of the debentures.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the *Tile Drainage Act* and are secured by liens on the properties.

The Ministry has committed to provide a conditional loan up to a maximum of $175 million to General Motors of Canada Limited to support the company's $2.5 billion Beacon project. The project supports expansions in vehicle design and manufacturing capabilities at three Ontario plants and a Canadian Engineering Centre, including innovative manufacturing technologies, and advanced training. Also, the Ministry has committed to provide a conditional loan up to a maximum of $3.0 million to Valiant Corporation to support the company's investment in flexible assembly systems.

The Advanced Manufacturing Investment Strategy provided loans to encourage companies to invest in leading edge technologies and processes that will increase productivity and competitiveness. The program has been closed to new applications since February 5, 2010.

The Strategic Jobs and Investment Fund is a multi-year $375 million fund, consisting of conditional grants and repayable loans, that aims to attract strategic investments in innovative projects that will help transition Ontario's economy and build global competitiveness and long-term prosperity.

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

In 2005-06, as part of the financial restructuring of Stelco Inc., the Ministry of Finance lent $150 million for ten years at 1% to Stelco in consideration of Stelco paying $400 million into its pension plans and agreeing to a pension refinancing plan. 75% of the loan will be forgiven if all of Stelco's four main pension plans are fully funded at the end of the ten-year term of the loan.

On April 1, 1999, under the *Energy Competition Act*, 1998, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro: The Ontario Electricity Financial Corporation, Ontario Power Generation Inc., Hydro One Inc. (formerly Ontario Hydro Services Company), the Independent Electricity System Operator and the Electrical Safety Authority.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2011

The Ontario Power Generation Inc. (OPG) and Hydro One Inc. (HOI) entered into a debt-for-equity swap with the Province of Ontario in order to have capital structures competitive with those of other industry participants. The Province assumed $8,885 million of the debt issued by the two corporations to OEFC in exchange for $5,126 million in equity from OPG and $3,759 million in equity from HOI. In addition, OEFC owed HOI for a working capital adjustment in the amount of $122 million on the initial transfer of assets to HOI on April 1, 1999. HOI agreed to settle this amount as a reduction of their Shareholder's Equity account. In effect, the Province settled the amount on behalf of OEFC, resulting in a reduction of the equity in HOI to $3,637 million.

The Ontario Infrastructure Projects Corporation (Infrastructure Ontario) was established as a Crown agency incorporated under the *Business Corporations Act (Ontario)* and reports to the Minister of Energy and Infrastructure. The Province of Ontario had provided Infrastructure Ontario with a fifty-year subordinated loan of $1 billion in exchange for a promissory note, maturing on March 31, 2053. However, Infrastructure Ontario was granted, by Order in Council, a remission to repay $200.3 million of this loan owing to the Province as of March 30, 2010, thereby leaving the balance outstanding at $799.7 million as at March 31, 2011. The interest on the note is reset quarterly at the Province's three-month Treasury bill rate and payable quarterly. In addition, as at March 31, 2011, the Province had on-lent $1,050 million to Infrastructure Ontario.

The Ontario Student Loan Trust was created in August 2001 to loan funds to students in attendance at approved educational institutions in the Province. Funds are borrowed from the Province and advanced to individual students upon application and approval by the Student Support Branch of the Ministry of Training, Colleges and Universities.

The Ontario Electricity Financial Corporation (OEFC) was established as the legal continuation of the former Ontario Hydro. The OEFC is an agency of the Province of Ontario and is responsible for servicing and retiring the former Ontario Hydro's debt and managing certain other legacy liabilities. The Province borrows and on-lends to OEFC as required. In addition, the Province provides short-term loans to OEFC to meet its short term funding requirements. As at March 31, 2011, the Province had advanced to OEFC a term loan in the amount of $5.3 million.

On January 21, 2009, the restructuring of the frozen Canadian third-party asset-backed commercial paper (ABCP) was completed, and in exchange, the Province received the long-term notes issued by the Master Asset Vehicle (MAV). The asset backed term notes were booked at the net recoverable value upon exchange and are subject to further valuation adjustment if there is loss other than temporary. Principal repayments will be received over the life of the notes.

The Province and the Government of Canada, by way of Export Development Canada (EDC), a Crown corporation wholly-owned by the Government of Canada, provided a co-ordinated response to help achieve long-term viability and competitiveness of the Canadian auto sector. The Province's investment represented one-third of the total Canadian financial assistance provided to General Motors Company, General Motors of Canada Limited, Chrysler LLC and Chrysler Canada Inc. in the restructuring of their operations. As at April 1, 2010, the Province's net investment in the auto companies was $4,638 million. During the year, the Province's investment was reduced by approximately $975 million through a combination of repayments received and the disposition of equity holdings, resulting in an ending balance of $3,663 million as at March 31, 2011.

On behalf of the Province and various provincial Crown corporations and other public bodies, the Ontario Financing Authority (OFA) coordinates borrowing and financial risk management activities; offers short-term investment management services; advises on project financing; and provides centralized finance and cash management services. Acting as an intermediary for the Province, the OFA provides financing to various public bodies, the repayment of which is expected from third party revenues. The funds for these loans are borrowed from the Province. The OFA also continues to manage post-sale activities of the former Province of Ontario Savings Office (POSO), including legal requirements and liaison with former POSO clients, to ensure that the needs of former POSO account holders are adequately met.

School boards have been provided loans under various programs beginning in 2006. During the year ended March 31, 2011, school boards received additional loans and made two semi-annual blended payments of principal and interest, leaving the total outstanding amount at $4,030 million (2010 - $2,622 million). These loans bear interest ranging from 3.59% to 5.38% and mature from 2031 to 2036.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2011

The Ontario Lottery and Gaming Corporation (OLG) is a Crown agency of the Province under the *Ontario Lottery and Gaming Corporation Act, 1999*. The outstanding loan balance at March 31, 2011 of $150 million (2010 - $188 million) to fund several projects is composed of two term loans, bearing interest ranging from 1.41% to 3.22%.

The Ontario Infrastructure Projects Corporation (Infrastructure Ontario) was established as a Crown agency incorporated under the *Business Corporations Act (Ontario)* and reports to the Minister of Energy and Infrastructure. The OFA has provided Infrastructure Ontario with a 10 year Revolving Credit Facility to a maximum amount of $200 million. Infrastructure Ontario has drawn $123 million (2010 - $100 million) bearing interest rates ranging from 1.98% to 4.00%.

The Ontario Power Authority (OPA) established in 2004, is not a Crown agency, but rather a not for profit corporation. OPA was provided a maximum $975 million credit facility to fund the Regulated Price Plan variance account. The credit facility expires on December 31, 2013. It has drawn $30 million (2010 - $90 million) against this credit facility bearing interest at 1.21%.

The Royal Ontario Museum (ROM) has borrowed $42.2 million (2010 - $48.8 million) comprised of $33.2 million at fixed rates ranging from 5.04% to 5.12% and $9 million at a floating rate currently at 1.36%. All outstanding loans are scheduled to be repaid by March 2016.

The Corporation of the City of Windsor is a municipality within the meaning of the *Municipal Act*. The financing provided is for the acquisition, design and construction of the Windsor Justice Facility, consisting of a provincial division courthouse and city police headquarters. This is a 20 year loan bearing interest at 6.41% and maturing in March 2021. The outstanding balance as at March 31, 2011 was $17.2 million (2010 - $18.4 million).

The Ontario Northland Transportation Commission (ONTC) is a Crown agency of the Province under the *Ontario Northland Transportation Commission Act, 1990*. The ONTC total borrowing is comprised of amortization loans and two operating lines of credit aggregating to $27.2 million (2010 - $31 million). Loans of $14.9 million mature from 2014 to 2031 and bear interest rates ranging from 4.9% to 6.29%. The operating lines of credit totalling $12.3 million bear floating interest rate ranging from 1.01% to 1.36%.

The Niagara Parks Commission, a Crown agency of the Province, operating under *Niagara Parks Act 1990*, borrowed $6.3 million (2010 – $6.5 million) to finance additional capital costs incurred for the redevelopment of phase I of Table Rock House in Queen Victoria Park, Niagara Falls. This is a seventeen year loan, bears interest at 5.07% and matures in April 2027.

The Centennial Centre of Science and Technology is a Crown agency of the Province under the *Centennial Centre of Science and Technology Act, 1990*. The $3 million (2010 - $3.5 million) loan was made to fund the construction of the Agents of Change project, bears interest at 4.35% and matures in March 2017.

Colleges of Applied Arts and Technology have been loaned $81.9 million (2010 - $71 million) for various campus projects, including new and expanded student residences, computer equipment, parking facilities, and an energy saving capital project. These loans bear interest ranging from 1.36% to 5.49% and mature from 2011 to 2040.

Pursuant to Subsection 82(4) of the *Pension Benefits Act*, the Minister of Finance is authorized to provide interest-free loans to the Pension Benefits Guarantee Fund (PBGF) if at any time the amount standing to the credit of the Fund is insufficient for the purpose of paying claims, including those arising in respect of the Non-Contributory Pension Plan covering Hourly Paid Bargaining Unit Employees of Algoma Steel Inc. and the Algoma Steel Inc. Salaried Employees Pension Plan for Employees in Canada. In 2003-04, the Province granted a loan of $330 million to PBGF, repayable in thirty equal annual instalments of $11 million commencing December 1, 2004. The unamortized discount represents the value of the interest concession on the loan.

LOANS AND INVESTMENTS – Concluded

For the year ended March 31, 2011

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

The objective of the *Shoreline Property Assistance Act* is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the *Municipal and School Tax Credit Assistance Act.*

Ontario Northland Transportation Commission operates a railroad and maintains communications and transportation services – including bus and marine services – to and within the northern regions of the Province. The $35,207,935 represents the ministry's equity investment in the Ontario Northland Transportation Commission. The Province provided subsidies of $66,167,406 ($52,599,268 in 2009-10). After subsidies, the Commission recorded a net loss of $10,814,000 for the twelve month period ended March 31, 2011 (net loss $25,761,000 for 12 month period ended March 31, 2010).

Economic Development: In 2007-08 the Ministry of Northern Development and Mines provided a $17,000,000 revolving term loan on commercial terms to a northern Ontario company to assist with its working capital needs as part of an overall plan for the company to acquire the business assets of a bankrupt northern Ontario company and to revive that business. In 2009-10, the Ministry of Northern Development, Mines and Forestry assumed a $6,197,948 loan to a northern Ontario company from a private lender in satisfaction of an existing loan guarantee. In 2010-11, the ministry provided loans of $25 million and $8.8 million to two northern Ontario companies for economic development purposes.

Announced on June 2, 2006, the Innovation Demonstration Fund (IDF) is a discretionary, non-entitlement funding program administered by the Ministry of Research and Innovation that focuses on the commercialization and initial technical demonstration of globally competitive, innovative green technologies, processes and/or products. The objective of the IDF is to help companies in their efforts to commercialize innovative technologies in Ontario.

IDF will consider support to proponents developing and commercializing innovative new and emerging technologies that are shown to be among the most competitive and advanced in North America. The IDF is focused on environmental, alternative energy, bio-products, hydrogen and other globally significant technologies at the pilot stage of development. By focusing on pilot-scale technological hurdles, the IDF is addressing the financing gap which is apparent in the commercialization of new technologies. It is expected that companies are able to demonstrate that their concept has been proven and validated and are addressing the scale-up issues necessary on the route to full-scale commercial activities. IDF will provide financial support up to 50 percent of eligible costs for approved projects. The funding potentially available under IDF ranges from a minimum of $100,000 to a maximum of $4,000,000 per project total. Financial assistance will be secured and can be structured as term loans, incentive loans, forgivable loans, equity participation or royalty agreements.

The Ministry awarded Science North with a repayable grant of $500,000 to assist in the designing, constructing and installing of an IMAX Theatre. Repayments began in 1996-97 and are based on 50% of the yearly net revenues.

The Loans for Tools program began in September 1998 to provide loans of up to $800 to new apprentices who are Ontario residents to help them buy the tools they require for their apprenticeship programs. The loan repayments are to begin a year after their schooling is completed.

The Student Loan program (OSAP) provides needs-tested financial assistance in the form of loans and grants to eligible postsecondary students. Loans repayment to the Ontario Student Loan Trust begins six months after study period ends. If loan repayment is not made and loan default occurs, the loan becomes a debt to the Province and collection activity begins through the province's Collection Management Unit.

The Victim Justice Fund will ensure that funds generated through the federal and provincial surcharges are used for the purpose of providing assistance to victims and enable a separate tracking of these funds as well as permit any unspent funds to be carried into the next fiscal year.

The Ministry of the Attorney General operates a special purpose account related to civil asset forfeiture and the proceeds of unlawful activity. These funds are for use to compensate direct victims of unlawful activity that has led to the forfeiture, offset the administration of civil justice costs associated with civil asset forfeiture cases, and to assist victims and prevent victimization.

The Ministries of Community Safety and Correctional Services and The Attorney General, each operates a special account that has been established for the purpose of holding monies respecting Proceeds of Crime received by, or on behalf of the Crown. Ontario has entered into a Memorandum of Understanding with the federal government indicating the Province's commitment to using proceeds of crime to fund law enforcement and crime prevention initiatives and administration of criminal justice costs associated with proceeds of crime cases. The ministries make payments from these accounts as required by the terms, and interest is credited to these accounts on a quarterly basis.

In the May 1997 Budget, the government made a commitment to create a $5 million fund to provide scholarships for spouses and children of public safety officers killed in the line of duty. Because public safety officers are subjected to increased risks for the benefit of the rest of society, it is felt that the province has a degree of responsibility to provide for the well being of the families of public-safety officers killed in the line of duty. The Constable Joe MacDonald Public Safety Officers' Survivor Scholarship Fund was established by Order-In-Council and the affairs of the fund are managed by an advisory committee. The ministry makes payments from this account as required by the terms, and interest is credited to this account on a quarterly basis.

FUNDS AND OTHER LIABILITIES – Continued

For the year ended March 31, 2011

The Gaming and Liquor Deposits were established under the authority of Section 14 of the *Alcohol and Gaming Regulation and Public Protection Act*, which allows the Alcohol and Gaming Commission to establish fees and other charges in administering the *Gaming Control Act* and *Liquor Licence Act.* Under Section 9 of the *Gaming Control Act*, all applicants/registrants are required to pay the reasonable costs of an inquiry or investigation related to gaming registrations under the Act. Under Section 7 of the *Liquor Licence Act*, a public notice of an application for a licence to sell liquor must be provided in the prescribed manner. The deposits are used to defray the costs as described. As of March 31, 2011 gaming deposits were $4,150,615 and liquor deposits were $657,616 totalling $4,808,231.

Individuals and Corporations are required to place financial assurance with the Ministry of the Environment to finance environmental cleanups and site rehabilitations relating to Orders and Approvals of the Ministry. The cash portions of the financial assurance contributions are refundable and earn interest while on deposit with the Minister of Finance.

Operators of waste wells are required to pay a fee to the Ministry of the Environment, based on waste disposed in approved disposal wells under the *Environmental Protection Act*. These payments from individuals and corporations are non-refundable and are placed in an interest-bearing account with the Minister of Finance to compensate any person or organization for damage to water or water courses which are rendered unfit for use by reason of the operation of the waste well.

This is an interest bearing Special Purpose Account, held in trust for the community of Port Loring by the Ministry of the Environment, to be used as an operational subsidy for a communal water system which was built to address gasoline contamination of the groundwater that had impacted private wells in the community.

The Motor Vehicle Accident Claims Fund operates under the authority of the *Motor Vehicle Accident Claims Act.* The Fund derives its revenues from two sources: an annual fee charged upon every issuance/renewal of a driver's permit/licence and repayments from debtors (uninsured at-fault motorists). Payments out of the Fund have been subject to a variety of legislative changes over the years of its operation and are detailed in the Notes to the Fund's Financial Statement, which is to be found in Volume 2.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Finance, which were not cashed by March 31, 2011.

Unclaimed fully registered bond interest includes interest on Ontario Savings Bonds matured, but not redeemed as of March 31, 2011.

The Personal Property Security Assurance Fund (PSSAF) was established under the authority of the *Personal Property Security Act* and Regulations and includes claims made under the *Repair and Storage Liens Act*. Any person who suffers a loss or damage that arises from errors or omissions made in personal property registration records may be entitled to compensation. Under the regulations, one per cent of the fees received for registration as well as annual interest payments determined by the government via Order-in-Council are paid into the PPSAF.

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding pension and related benefit funds for the Provincial Judges Pension Fund, Justice of the Peace Supplemental Plan, Supplementary Benefits Accounts and the Deputy Ministers' Supplementary Benefit Account. The amounts recorded by the Province are essentially the sole assets of these plans.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Health, which were not cashed by March 31, 2011.

Under the *Social Housing Reform Act* 2000, Social Housing costs within the GTA are to be equalized between municipalities. The Ministry facilitates the transfer of funds by receiving the required payments from paying GTA members and forwarding the payments to receiving GTA members. The March 31, 2011 balance represents the funds received but not paid in the fiscal period.

FUNDS AND OTHER LIABILITIES – Concluded

For the year ended March 31, 2011

The *Crown Forest Sustainability Act* (the "Act") provided for the establishment of the Forestry Futures Funds. The purposes of these funds are to provide for: 1) the funding of silvicultural expenses in Crown Forests where forest resources have been killed or damaged by fire or natural causes, 2) the funding of silvicultural expenses on land that is subject to a forest resource licence, if the licensee becomes insolvent, and 3) the funding of intensive stand management and pest control in respect of forest resources in Crown Forests.

The *Crown Forest Sustainability Act* (the "Act") provided for the establishment of the Forest Renewal Trust Funds. The purposes of these funds are to provide for the sustainability of Crown forests and, in accordance with that objective, to manage Crown forests to meet social, economic and environmental needs of present and future generations. The payments of forest renewal charges are received by the Minister of Finance from a licensee who cuts timber on an area that is subject to an agreement under Section 6 of the Act.

A separate account in the Consolidated Revenue Fund is maintained for the Fish and Wildlife Program for dedicated revenue retention from the sale of licences as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The *Provincial Parks Act* provides for the establishment of a separate account in the Consolidated Revenue Fund for the Ontario Parks Program for the dedicated revenue retention from the collection of Provincial Parks Fees as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The Mine Reclamation Fund is a special purpose account established in 1994, within the Consolidated Revenue Fund for the purpose of receiving and dealing with payments of money received as financial assurance dedicated for the closure costs of mine projects pursuant to Section 145 of the *Mining Act* R.S.O. 1990 c.M.14.

The Training Completion Assurance Fund (TCAF) is a provision of the Private Career Colleges Act, 2005 (PCCA). TCAF is administered by the Superintendent of Private Career Colleges with the assistance of a TCAF Advisory Board appointed by the Minister of Training, Colleges and Universities. In the event a PCC closes, the PCC's financial security will be used to provide students with training completions or refunds. Once the PCC's financial security has been exhausted, outstanding student claims can be paid out by the TCAF.

The International Registration Plan (IRP) is a continent wide international agreement that facilitates the collection and distribution of commercial vehicle registration fees to all IRP members based on distance traveled in each jurisdiction. All Canadian provinces and U.S. states are members of IRP. The IRP liability account represents registration revenue collected from Ontario truck and bus companies and deposited into an Ontario government U.S. bank account on behalf of U.S. IRP member jurisdictions. These registration revenues are accumulated and distributed monthly to U.S. and Canadian IRP member jurisdictions.

The Local Roads Board (LRB) liability account represents funds deposited to the Consolidated Revenue Fund (CRF) by various LRBs and the federal government for the LRBs, under the Federal Gas Tax program for roadwork that has not yet been performed by the ministry. An LRB consists of an owner or owners of land in a territory without municipal organization and there are approximately 300 - 350 active LRBs in the province. The Roadwork to be performed is determined during an annual meeting between the LRBs and ministry officials and may include emergency repairs, general maintenance or capital upgrades.

The Special Purpose Account (SPA) established for the Alternative Service Delivery of Driver Examination Services (ASD-DE) allows for the sum of $200,000 per month to be remitted to the government by Serco DES Inc. for the duration of the 10 year contract, with The Ministry of Transportation to draw against the account to pay for the oversight, relationship management and compliance monitoring of the delegate. These funds are used to provide a fiscally neutral means of offsetting the costs of compliance monitoring of Serco and providing an oversight and relationship management office within the ministry.

Two agreements are in place to satisfy the Canadian Nuclear Safety Commission (CNSC) licensing requirements for financial guarantees in respect of Ontario Power Generation Inc's (OPG) nuclear station decommissioning and nuclear waste management obligations. One agreement gives CNSC access (in prescribed circumstances) to the segregated funds established under the Ontario Nuclear Funds Agreement (ONFA). The other agreement between the Province and CNSC provides a direct provincial guarantee to the CNSC on behalf of OPG. This guarantee, for up to $1,545 million, effective March 1, 2010, relates to the portion of the decommissioning and waste management obligations not funded by the value of the segregated funds as at January 1, 2009. In return, the Province receives from OPG an annual fee equal to 0.5% of the value of the direct provincial guarantee.

References:

1. The Province's maximum liability for the program is $120,000,000.
2. The Province's maximum liability for the program is $80,000,000.
3. Loans totalling $92,900,000 taken by Ontario Mortgage and Housing Corporation for "Homes Now" from the Federal Government's Canada Pension Plan allotment have been guaranteed by the Province. Starting 1993, most of these loans, except for loans related to Student Housing ($52,956,733), were refinanced by the private sector and funds realized were loaned to the Ministry of Finance. The Ministry of Finance will report its loan of $39,943,267 as a liability therefore this should be excluded from the guarantee amount.
4. In accordance with the *Capital Investment Plan Act, 1993*, the Ontario Municipal Improvement Corporation's (OMIC) assets and liabilities were transferred to the Ontario Financing Authority (OFA) on November 15, 1993. OMIC received loans from the Canada Pension Plan (CPP) and the Province, which OMIC used to make loans to municipalities and school boards under similar terms as its debt.
5. The Province has guaranteed the repayment of loan facility made by United Communities Credit Union Limited to Pelee Island Cooperative Association for a period beginning May 11, 2010 and ending at the earliest of April 1, 2015 or repayment of all the amounts borrowed. The maximum amount guaranteed is $ 0.6 million plus any unpaid interest, costs and expenses thereon.

* CLAIMS AGAINST THE CROWN

As at March 31, 2011

The following are claims arising from legal action either in progress or threatened against the Crown in respect of breach of contract, damages to persons and property and like items. The amounts claimed have not been specified, but in each case are expected to exceed $50 million.

1. Dudley Abbot et al. (preferred shareholders of Crown Trust).
2. Theriault in respect of mining leases to Hemlo Gold Mines.
3. Mary Lou LaPratte, Roland LaPratte, Sheila Horrell, Arthur Horrell et al. (proposed class proceeding).
4. Monaghan, John Richard v. HMQ, the Attorney General and the Solicitor General together with the OPP.
5. Arnold Guettler, Neo-Form Corporation and Neo-Form North America Corporation v. HMQ et al for being maliciously charged by the Ontario Securities Commission and seizure of property by AG without legal authority.
6. R. Shawn A. Cantlon, Purported notices of intended action in which plaintiff is seeking financial compensation. It is impossible to determine the basis for any purported claim.
7. Augier, Gideon McGuire claim alleges conspiracy amongst various authorities, including MAG, OPP and the RCMP, to influence the conduct of the plaintiff's criminal trial.
8. Deep, Dr. Albert Ross Notice of claim alleging that MOH auditor provided his findings to the Metro Cops, resulting in the plaintiff's unlawful arrest, malicious prosecution and defamation.
9. Mastronardi, Giovanna, Notice of claim for damages as a result of numerous verbal false, defamation and misleading statements and innuendo made to members of the plaintiff's family during the course of investigation by WSIB.
10. General Motors Corporation: Third party claim for damages for contribution and indemnity result of accident which occurred on March 22, 1996 on Highway 401 and Wellington Road where plaintiff lost control of his vehicle due to ice on the road.
11. Adam's Mine Rail Haul: Notice of claim for damages for breach of an Agreement of Purchase and Sale entered into between the plaintiff and Ministry of Natural Resources.
12. Twain, Jim Chief, Statement of claim for damages for negligence, breach of contract, fiduciary duty and treaty rights.
13. A GUIDE TO PUBLIC ACCOUNTS

1 SCOPE OF THE PUBLIC ACCOUNTS

The 2011-2012 Public Accounts of the Province of Ontario comprise the **Annual Report** and three supporting volumes:

Volume 1 contains ministry statements and detailed schedules of debt and other items. The ministry statements reflect the financial activities of the government's ministries on the accrual basis of accounting, providing a comparison of appropriations with actual spending. Ministry expenses include all expenses that are subject to appropriation approved by the Legislative Assembly, but exclude adjustments arising from consolidation of government organizations whose expenses are not appropriated.

Volume 2 contains the financial statements of Government Organizations and Business Enterprises that are part of the government's reporting entity and other miscellaneous financial statements.

Volume 3 contains the details of payments made by ministries to vendors and transfer payment recipients that are not deemed to be prohibited by the *Freedom of Information and Protection of Privacy Act*.

2 A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Schedules of Revenue and Expenses

(2) Ministry Statements

Individual ministry statements of financial activity are provided on pages 2-1 to 2-398. The following five separate statements are presented for each ministry as applicable.

(a) "Summary Statement of Expenses and Assets by Program"

This Statement provides an overview of the expenses and assets by program compared with the related appropriations and previous years' actuals.

(b) "Statement of Expenses and Assets by Vote and Items"

This statement shows the Items comprised within each ministry Vote. The appropriation for each Item is analyzed according to funds appropriated through the Estimates or approved by Treasury Board and the total is compared to the actual amount spent for the fiscal year. Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory payments (denoted as "S") are reported separately. The "program description" narrative contained in the Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenses and Assets by Items and Accounts Classification"

This statement reports the actual ministry expenses and assets for each Vote on the basis of the Accounts Classification within each Item. Where applicable, statutory amounts are shown separately under the Accounts Classification relating to each program.

(d) "Statement of Revenue"

This ministry statement reports the fiscal year revenues by the standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility related loans and investments made from the Consolidated Revenue Fund.

(3) Schedules of Debt

This section contains details of debt issued, debt retired, a summary and details of debt outstanding at the end of the year.

(4) Other Supplementary Schedules

This section contains summarized schedules for ministries' Loans & Investments, Funds & Other Liabilities, Contingent Liabilities and Claims Against the Crown.

3 TERMS AND DEFINITION USED

Special Warrants
Special Warrants are issued to authorize payments for the purpose of general and necessary government expenditures when the Legislature is not in session.

Cost Recovery Items
In cases where the anticipated recovery of costs of an Item is equal to or greater than the expenditures, the balance of the Item is shown at the nominal value of $1,000.

Statutory Appropriations
Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*.

Statutory Appropriations are included in the Estimates for information purposes and are not voted by the Legislature. Amounts required for Statutory Appropriations are shown, where applicable, as separate entries under the Standard Accounts Classifications details relating to each Item.

Standard Accounts
Spending is forecast for the fiscal year 2011-12 under Standard Accounts at the Item level. The descriptions of the contents of the Standard Accounts given below are intended to serve as brief outlines only and should not be considered all inclusive.

EXPENSES

Salaries and wages
Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to employees.

Employee benefits
Includes the government's contribution as an employer to the Canada Pension Plan; the Ontario Public Service Employees' Union Pension Plan; the Public Service Pension Plan; Employment Insurance; the Workplace Safety and Insurance Board; and other employee benefit plans.

Transportation and communication
Includes traveling expenses of employees on government business and recipients of government services, such as wards of the province; relocation expenses of employees who transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone and data communications.

Services
Includes information services, such as, advertising and communication services provided by professional agencies and advertising placed directly with the media; rental and purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and equipment
Includes provision for the purchase of non-capitalized machinery and equipment and materials, supplies and utilities.

Transfer payments
Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other transactions
Includes special transactions, such as interest incentives and subsidies; guarantees honoured; losses on loans; repayable grants; and provision for losses on disposal of capital assets.

ASSETS

ASSETS are balance sheet accounts which require an appropriation in the Estimates. Asset categories include the following:

Deposits and prepaid expenses
Includes payments in advance of receiving related goods or services or in advance of being earned by transfer payment recipients, and which will be recorded in a non-asset standard account in a future fiscal year.

Advances and recoverable amounts
Includes payments to transfer payment recipients that will be repaid to the Province in a future fiscal year.

Loans and investments
Includes payments to debtors under loan agreements and investments in the shares of Crown corporations or other entities.

Land
Includes land purchased or acquired for use, for preservation, for parks and recreation, for building sites, for infrastructure and for other program use.

Buildings
Include large and complex high-rise office towers, special-purpose buildings such as prisons and courthouses, and simple structures such as salt domes and tool sheds. Also includes any construction required to address occupants' work function or aesthetic needs over and above of what is provided within the base accommodation envelope (either owned or leased).

Transportation infrastructure
Is comprised of a complex network of highways, bridges, and related structures and facilities. May include Salaries and wages and associated Employee benefit cost related to the construction of those assets.

Information technology hardware
Includes physical data and voice networks, platforms, wireless devices, networks and access points, mainframe and desktop computers, servers and data repositories, Government Mobile Communications Equipment, as well as operating systems and related software.

Business application software
Aggregates software components that automate and optimize business functions, processes, tasks and activities. May include Salaries and wages and associated Employee benefit costs related to the construction of those assets.

Land and marine fleet
Includes plated motor vehicles that are owned by ministries: passenger vehicles, medium duty, heavy commercial, and other specialty vehicles. Also includes medium/large boats and ferries.

Aircraft
Encompasses the fixed wing and rotary wing aircraft.

SOURCES OF ADDITIONAL INFORMATION

Province of Ontario Annual Report and Consolidated Financial Statements

The government has prepared an Annual Report and the Consolidated Financial Statements, which gives financial and economic highlights of the past year and reports on performance against the goals set out in the Budget. For electronic access to the Province of Ontario Annual Report, visit the Ministry of Finance website at www.fin.gov.on.ca/en/budget/paccts.

The Ontario Budget

The Ontario Government presents a Budget each year, usually in the early spring. This document outlines expected expense and revenue for the upcoming fiscal year. For electronic access to the Ontario Budget, visit the Ministry of Finance website at www.fin.gov.on.ca/en/budget/ontariobudgets and click on "Ontario Budget."

The Estimates of the Province of Ontario

The Minister of Finance presents the government's spending Estimates for the fiscal year commencing April 1 to members of the Legislative Assembly following the presentation of the Ontario Budget. The Estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the *Supply Act.*
For electronic access, go to: www.fin.gov.on.ca/en/budget/estimates.

Ontario Finances

This is a quarterly report on the performance of the government's Budget for the fiscal year. It covers developments during a quarter and provides a revised outlook for the remainder of the year.
For electronic access, go to: www.fin.gov.on.ca/en/budget/finances.

Ontario Economic Accounts

This quarterly report contains data on the composition of Ontario's economic activity.
For electronic access, go to: www.fin.gov.on.ca/en/economy/ecaccts.

section 1

schedules of revenue and expenses

DETAILS OF REVENUE

For the year ended March 31, 2012

This schedule summarizes the sources of the Province's revenue by main classification. Ministry revenue schedules showing further detail within the main classifications are contained in Section 2 of this volume.

	2012 $	2011 $
TAXATION		
Personal Income Tax	24,548,359,609	23,624,201,938
Sales Tax	20,158,969,576	18,813,434,986
Corporations Tax	9,943,931,478	8,382,695,301
Education Property Tax	5,765,027,639	5,913,447,800
Employer Health Tax	5,091,982,323	4,733,193,592
Ontario Health Premium	2,916,010,522	2,933,985,933
Gasoline Tax	2,380,138,197	2,358,339,792
Land Transfer Tax	1,413,586,831	1,237,831,884
Tobacco Tax	1,150,105,259	1,160,312,423
Fuel Tax	710,219,822	702,012,870
Beer and Wine Tax	560,806,503	568,911,995
Electricity Payments-In-Lieu of Taxes	367,000,000	321,000,000
Corporation Preferred Share Dividend Tax	258,525,911	288,166,155
Mining Profits Tax	176,019,365	140,075,433
Estate Administration Tax	124,169,366	110,694,193
Provincial Land Tax	18,529,792	9,189,646
Gross Revenue Charge – Property Tax Component	9,611,568	13,131,050
Race Tracks Tax	4,952,502	5,134,134
Acreage Tax – The *Mining Act*	58,236	2,909,556
TOTAL TAXATION	**75,598,004,499**	**71,318,668,681**

Personal Income Tax is collected by the federal government on behalf of the Province. The amounts reported by the Province are net of $5,404,958 in Ontario tax credits excluding property and sales tax credits in 2011-12. Tax revenue has been adjusted for reporting consistency with the 2012 Budget Presentation. The change affects both revenues and expenses in equal amounts, therefore there is no impact on Province's reported annual deficit.

For 2012, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $39,020; 9.15% for taxable income over $39,020 and up to $78,043; 11.16% for taxable income over $78,043 and up to $500,000; and 12.16% for taxable income over $500,000. For 2011, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $37,774; 9.15% for taxable income over $37,774 and up to $75,550; and 11.16% for taxable income over $75,550. For 2010, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $37,106; 9.15% for taxable income over $37,106 and up to $74,214; and 11.16% for taxable income over $74,214. Ontario non-refundable tax credits are provided for individual and family circumstances (e.g., basic amount, spouse, medical expenses) at the rate of 5.05% starting in 2010 (11.16% for charitable donations in excess of $200), before calculating the provincial surtax or Ontario Tax Reduction. Ontario non-refundable tax credit amounts are indexed annually.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2012

Higher-income earners are subject to a surtax. For 2012, the surtax is equal to 20% of Ontario income tax in excess of $4,213, plus 36% of Ontario income tax in excess of $5,392. For 2011, the surtax is equal to 20% of Ontario income tax in excess of $4,078, plus 36% of Ontario income tax in excess of $5,219. For 2010, the surtax is equal to 20% of Ontario income tax in excess of $4,006, plus 36% of Ontario income tax in excess of $5,127.

Ontario income tax is eliminated if Ontario tax is below a threshold amount. If Ontario tax exceeds the taxfiler's threshold amount, the individual may be eligible to pay a reduced amount of Ontario tax. For 2012, the basic threshold amount is $217 and the additional amount for each dependent child aged 18 and under, and each disabled or infirm dependant is $401. For 2011, the basic threshold amount is $210 and the additional amount for each dependent child aged 18 and under, and each disabled or infirm dependant is $389. For 2010, the basic threshold amount is $206 and the additional amount for each dependent child and each disabled or infirm dependant is $382.

The Harmonized Sales Tax (HST) is a single value-added sales tax based on the Federal Goods and Services Tax (GST). The provincial portion of the HST is eight per cent and the federal portion is five per cent, for a combined HST rate of 13 per cent. Responsibility for the collection of the tax rests with the Federal Government. HST revenues are distributed to the Province based on a revenue allocation formula. Ontario also maintains an 8% sales tax on certain types of insurance and on private transfers of used vehicles, at a rate of 13%. Both the sales tax on insurance premiums and on private sales of used vehicles are administered by Ontario. The Sales Tax amounts reported by the Province are net of sales tax credits of $1,431,824,715 in 2011-12 and $1,269,512,969 in 2010-11.

Corporations Tax is comprised of three types of taxes levied on corporations: income, capital and insurance premiums taxes. Details of these taxes follow.

Income tax: The general statutory Corporate Income Tax (CIT) rate of 14% was reduced to 12% on July 1, 2010 and to 11.5% on July 1, 2011. The general CIT rate was scheduled to be further reduced to 11% on July 1, 2012 and to 10% on July 1, 2013. The 2012 Ontario Budget froze the general CIT rate at 11.5% until Ontario's budget is balanced in 2017-18. Active business income from manufacturing and processing (M&P), mining, logging, fishing and farming is subject to a lower CIT rate of 12%, reduced to 10% effective July 1, 2010. Small Canadian-controlled private corporations are also eligible for a lower CIT rate of 5.5%, reduced to 4.5% effective July 1, 2010, on the first $500,000 of active business income. The small business deduction surtax of 4.25% phases out the benefit of the small business CIT rate as income rises to $1.5 million. The small business deduction surtax was eliminated effective July 1, 2010. The Province also levies a Corporate Minimum Tax ("CMT"), that effectively acts as a pre-payment of regular CIT. CMT is calculated as the amount by which 4%, reduced to 2.7% effective July 1, 2010, of adjusted net income for accounting purposes exceeds CIT payable. The Province offers a variety of refundable tax credits that act as incentives for certain activities. These refundable tax credits, are the: (i) Ontario innovation, (ii) Ontario co-operative education, (iii) Ontario apprenticeship training, (iv) Ontario film and television, (v) Ontario book publishing, (vi) Ontario computer animation and special effects, (vii) Ontario business-research institute, (viii) Ontario production services, (ix) Ontario interactive digital media, (x) Ontario sound recording and (xi), beginning July 1, 2010, the Ontario small beer manufacturers' tax credit. The Province also offers other tax incentives for research and development, political contributions, credit unions and the resources sector.

Insurance premiums tax: Insurance companies are subject to a 2% insurance premiums tax on accident and sickness and life insurance premiums, 3% on any other type of insurance premiums and an additional 1/2% on property insurance premiums. Other corporations are also subject to these same rates of insurance premiums tax on premiums paid to unlicensed insurers. All corporations are also subject to a 2% insurance premiums tax for payments made in respect of uninsured benefit arrangements.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2012

Capital tax: Prior to July 1, 2010, corporations were generally subject to a tax on capital used in Ontario. The first $15 million of taxable paid-up capital was exempt from capital tax. The capital tax rate for regular corporations was 0.15%. Capital tax generally applied to financial institutions at a two-tier rate. The rates in 2010 were 0.3% on a financial institution's adjusted taxable paid-up capital up to $400 million and 0.45% on any excess. Non-deposit taking financial institutions with taxable paid-up capital over $400 million were subject to capital tax at the rate of 0.36%. Large financial institutions may reduce their capital tax liability where they make eligible investments in Ontario small businesses under the Small Business Investment Tax Credit. Corporations primarily engaged in manufacturing and resource activities are exempt from capital tax as of January 1, 2007. The capital tax was eliminated for all corporations effective July 1, 2010.

Insurance corporations do not pay regular capital tax. Life insurers pay a special additional tax at a rate of 1.25% of taxable capital in Ontario above a minimum $10 million exemption, with income tax and CMT creditable against this tax.

Education property taxes are collected by municipalities and transferred to school boards for the purposes of funding education. Education property tax rates are set annually by the Minister of Finance for each class of real property. The tax is levied on the assessed value of property at a uniform rate of 0.241% for residential properties. Rates for commercial, industrial and pipeline properties vary across the Province. These rates are regulated under the *Education Act*. The Education Property Tax amounts shown are net of $693 million in property tax credits in 2011-12 and $689 million in property tax credits in 2010-11. The amounts also reflect a number of rebates, reductions and exemptions available across the province.

The Employer Health Tax is paid by employers on their Ontario payroll. Employers with annual Ontario payroll of $200,000 or less calculate tax payable at a rate of 0.98%; employers with annual Ontario payroll over $200,000 and up to $400,000 calculate tax payable at graduated rates starting at 1.101% through to 1.829%; and employers with annual Ontario payroll in excess of $400,000 calculate tax payable at 1.95%. A tax exemption is provided for the first $400,000 of annual Ontario payroll paid by private sector employers, including their associated entities.

Gasoline Tax is levied on gasoline and propane used in a licensed motor vehicle, and aviation fuel used to power aircraft. The tax rate for gasoline is 14.7 cents per litre. The tax rate for propane used in licensed motor vehicles is 4.3 cents per litre. The tax rate for aviation fuel used in powering aircraft is 2.7 cents per litre. The majority of tax is collected for the Province by Ministry-designated gasoline, propane, and aviation fuel wholesalers.

Land Transfer Tax is collected on the transfer of land. One-half of 1% is levied on the value of consideration for the conveyance up to and including $55,000; 1.0% on the value of consideration exceeding $55,000 up to and including $250,000; 1.5% on the value of consideration exceeding $250,000; and, where the value of the consideration exceeds $400,000 and the property contains one or two single family residences, an additional tax of one-half of 1% applies on the value of consideration exceeding $400,000. First time home buyers who purchase newly constructed homes or resale homes for which agreements of purchase and sale were entered into after December 13, 2007 are eligible to receive a refund of land transfer tax of up to $2,000.

Tobacco Tax covers all forms of tobacco products. The specific tax rate per cigarette and per gram or part gram of fine cut tobacco and all other tobacco products except cigars is 12.35 cents. The rate of tax on cigars is 56.6% of the taxable price. The majority of tax is collected for the Province by Ministry designated tobacco and cigar wholesalers.

Fuel Tax is levied on every purchaser of clear middle distillate fuel used in internal combustion engines. The fuel tax rate is 14.3 cents per litre, unless the fuel is used in railway equipment, in which case the rate is 4.5 cents per litre. The majority of tax is collected for the Province by Ministry designated wholesalers.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2012

Beer and Wine Taxes were effective July 1, 2010. These taxes replaced certain alcohol charges and were revenue neutral for the Ontario Government. Taxes apply on every purchaser of beer from a beer manufacturer's on-site store, The Beer Store, or a licensed establishment. Taxes are also imposed on purchasers of draft beer made by a brew pub and wine and wine coolers from a winery retail store.

Electricity payments in lieu of taxes (PILs) are made by OPG, HOI and municipal electric utilities to the Ontario Electricity Financial Corporation (OEFC). OEFC is the Ontario Hydro successor company that is responsible for servicing and retiring the debt and certain other liabilities of the former Ontario Hydro. All PILs received by OEFC are used to service and retire its obligations. The amount of PILs replicates the amount of tax that would be payable under the *Income Tax Act* (Canada) *Corporations Tax Act* and *Taxation Act, 2007* if these publicly owned corporations were not exempt from federal and provincial corporate taxes. These corporations also make payments in lieu of additional property taxes.

The federal government remits to the province 35 per cent of the net taxes that it collects with respect to preferred share dividends paid by corporations with operations in Ontario.

Ontario levies a mining tax on profits in excess of $500,000 derived from Ontario mining operations (excluding diamond-mining). The tax rate applied to non-remote mines is 10%. An exemption is available for up to $10 million of profit earned in the first 3 years by a new non-remote mine or a major expansion of an existing non-remote mine. Remote mines are eligible for a reduced mining tax rate of 5%. An exemption is available for up to $10 million of profit earned in the first 10 years by a new mine opened in a remote Ontario location. Diamonds are excluded from mining tax and are subject to a royalty on the value of a diamond mine's output. The royalty rate is the lesser of 13% and the amount calculated on the value of output according to a graduated rate scale.

The Estate Administration Tax is payable by the estate of a deceased person on the issuance of a certificate of appointment of an estate trustee by an Ontario court. The amount of tax is equal to $5 for each $1,000, or part thereof, of the first $50,000 of the value of the estate and $15 for each $1,000, or part thereof, of the value of the estate exceeding $50,000. If the value of the estate does not exceed $1,000, the estate is exempt from this tax.

Provincial Land Tax is collected in areas without municipal organization on real properties at the rate of 1.5% of taxable assessment. Separate schedules of rates for gas pipelines and oil pipelines are used, which correspond to the schedules for municipal taxation, as set out in the *Assessment Act.*

The Gross Revenue Charge (GRC) is payable to the Ministry of Finance by hydro-electric generating stations owners and water power leaseholders. Effective January 1, 2001, the existing property taxes and water rental charges paid by hydro-electric generating station owners and water power leaseholders were replaced with taxes and charges on the gross revenues of hydro-electric generating stations. The Property Tax component is included as taxation for the Province and the Water Rental component of the GRC is included under Other Revenue – Royalties (page 1-11).

The Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 0.5% on all wagers.

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of $1 in organized municipalities and $4 in unorganized municipalities.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2012

The introduction of the Ontario Health Premium (OHP) has helped to ensure the government's ability to make much needed investments in the province's health care system. Every penny of the OHP goes toward improving Ontario's health services. Since 2003-04, health-related spending has increased by $16.8 billion while health-related revenues, mainly comprised of the OHP and federal transfers, have increased by $9.4 billion. In 2011-12, OHP revenue decreased by $18 million to $2,916 million, down from $2,934 million in 2010-11. During the same period, expenses in the health sector increased by $2,062 million to $46,476 million, up from $44,414 million in 2010-11.

Ontario Health Premium revenue supports expenditures in all areas of the health sector and is not earmarked by program area. In 2011-12, revenue from the health premium was $2,916 million, or 6.3 per cent of the $46,476 million in total expenses for the health sector. This compares to $2,934 million or 6.6 per cent of $44,414 million for the two ministries in 2010-11. Below is a table that shows how health premium revenue supports major investments in the health care sector. Also shown is the level of support in each health care sector if the percentage shares in 2010-11 and 2011-12 were allocated equally across each expense area.

Example of How the Health Premium Supports Investments in the Health Care Sector: OHP Revenue as a Share of Total Health Expenditures Applied Equally Across Expense Areas

($ Millions)	**2011-12 6.3%**	**2010-11 6.6%**
Hospitals	1,014	1,026
OHIP	787	787
Long–Term Care Homes	227	227
Ontario Drug Programs	218	228
Home Care, Community and Mental Health Services	178	177
Public Health, Health Promotion and Other	492	489
Total	**2,916**	**2,934**

The Ontario Health Premium is paid by individuals resident in Ontario on the last day of the taxation year. An individual's Ontario Health Premium liability is: $0 for taxable income of up to $20,000; 6% of taxable income over $20,000 for taxable income over $20,000 up to $25,000; $300 for taxable income over $25,000 up to $36,000; $300 plus 6% of taxable income over $36,000 for taxable income over $36,000 up to $38,500; $450 for taxable income over $38,500 up to $48,000; $450 plus 25% of taxable income over $48,000 for taxable income over $48,000 up to $48,600; $600 for taxable income over $48,600 up to $72,000; $600 plus 25% of taxable income over $72,000 for taxable income over $72,000 up to $72,600; $750 for taxable income over $72,600 up to $200,000; $750 plus 25% of taxable income over $200,000 for taxable income over $200,000 up to $200,600; and $900 for taxable income over $200,600.

The Canada Health Transfer (CHT) is a block fund cash contribution used by the federal government to support health care spending in the provinces and territories. The federal government allocates CHT entitlements among provinces and territories making use of a formula that takes into account provincial population and the value of personal and corporate income tax points transferred to provinces in 1977-78. To receive federal CHT cash transfers, provinces and territories must comply with the principles of the *Canada Health Act*.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2012

The Canada Social Transfer (CST) is a block fund cash contribution used by the federal government to support provincial and territorial expenditures on postsecondary education, social assistance and other social programs. Since 2007-08, the CST has been allocated to provinces and territories on an equal per capita cash basis. To receive federal CST cash transfers, provinces and territories are prohibited from imposing residency requirements in determining eligibility for social assistance.

Equalization is the Government of Canada's transfer program for addressing fiscal disparities among provinces. Equalization payments are unconditional – receiving provinces are free to spend the funds according to their own priorities.

In November 2009, the Governments of Ontario and Canada signed a Comprehensive Integrated Tax Coordination Agreement (CITCA). As part of this agreement the federal government provided transitional assistance of $4.3 billion to Ontario to help offset transition costs and to facilitate economic growth and job creation related to the transitioning to a harmonized sales tax. Ontario received $1.3 billion in 2011-12 related to this agreement.

On November 23, 2005 the Government of Ontario and the Government of Canada entered into a Labour Market Development Agreement (LMDA), which provides for the transfer to Ontario of the administration of labour market development programs and services previously run by the federal government. LMDA funding enables provinces and territories to design and deliver skills and employment training programs, particularly for those who are eligible for Employment Insurance (EI) benefits. The 2009 federal budget announced a temporary enhancement to the LMDA, to be provided over two years in 2009-10 and 2010-11. The LMDA is funded under the legislative authority of Part II of the *Employment Insurance Act*.

Social Housing reimbursements are the federal portion of the cost of subsidizing low-rental housing programs. The Province receives funding from the Canada Mortgage and Housing Corporation (CMHC) to administer social housing in Ontario.

Infrastructure funding to Ontario is provided through the Building Canada Fund, the Agreement for Investment in Affordable Housing, and other agreements that support construction, renewal, improvement and expansion of the province's physical capital, including roads, bridges, public transit and water systems. The 2009 federal budget announced time-limited support for infrastructure through the Infrastructure Stimulus Fund, Knowledge Infrastructure Program, Recreational Infrastructure Canada Program and a top-up to the Building Canada Fund – Communities Component.

Indian Welfare Services Agreement payments assist the Province in providing welfare services and programs to persons living on Indian reserves. Under the agreement, the welfare services and programs that are provided on reserves are equal to those available to persons living in other communities.

On February 21, 2008 the Government of Ontario and the Government of Canada signed the Canada-Ontario Labour Market Agreement (LMA). The LMA provides funding for labour market programs and services that focus on skills development for unemployed individuals who are not eligible for Employment Insurance benefits and employed individuals who do not have a high school diploma or recognized certification, or who have low levels of literacy and essential skills.

The Wait Times Reduction Fund was established at the September 2004 First Ministers' Meeting to assist provinces and territories in reducing medical wait times by investing in key activities in areas of training and hiring of health professionals, capacity building for regional centres of excellence and backlog clearance.

Bilingualism Development reimbursements are the federal government's portion of the cost of providing services in both official languages and of providing adequate educational facilities for teaching the second official language. The federal government also contributes to Ontario's initiatives in French-language schools, such as the establishment of administrative structures in new French-language school boards, and initiatives designed to improve the achievements of French-language students.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2012

Under the Labour Market Agreement for Persons with Disabilities (LMAPD), the federal government provides contributions to the Province to support measures that will enhance the economic participation in the labour market of working age adults with disabilities by helping them prepare for, attain and retain employment.

Youth justice transfer payment programs are ongoing, and mandated under the *Youth Criminal Justice Act.* The federal government cost shares a portion of the Youth Justice Services expenditures.

Legal Aid payments are the federal government's contribution to assist in providing legal aid services to economically disadvantaged people in serious criminal matters and proceedings under the *Youth Criminal Justice Act.* They also help ensure that certain minimum standards of legal aid are maintained in accordance with the Agreement Respecting Legal Aid in Criminal Law, the *Youth Criminal Justice Act* and immigration and refugee matters.

Growing Forward is a federal-provincial-territorial initiative that supports agriculture business risk management and non-business risk management programs. The Growing Forward Framework Agreement supports the development of a profitable, innovative agri-food sector that is adept at managing risk and responsive to market demands.

The federal government announced the creation of the Police Officers Recruitment Fund in the 2008 federal budget to support the efforts of provinces and territories in recruiting additional front-line police officers nationwide who can target local crimes and make communities safer. Funding was allocated to provinces and territories over five years, 2008-09 to 2012-13, on a per capita basis.

Student Assistance includes Canada Study Grants and the administration of Canada Student Loans. Canada Study Grants are provided to students with dependants, high-need part-time students, students with disabilities, and women in doctoral studies.

Canada Health Infoway's Interoperable Electronic Health Record (iEHR) investment program supports jurisdictional projects that will build interoperable EHR (iEHR) systems. These solutions will enable authorized health care providers to view and, in some cases, update a patient's essential health information.

The Immigration Holds Agreement represents reimbursement by the federal government for the cost of detaining people awaiting an immigration examination, inquiry or removal.

Funding is received from Canada Health Infoway to support efforts to increase the number of clinicians adopting and using an electronic medical record (EMR) system.

The Government of Canada provides funding to the Province for the Ontario Bridge Training Program. The funding supports programs in Ontario that help skilled newcomers get their license or certificate in their profession or trade, so that they can enter the labour market and find employment that matches their education and skills.

The federal government provides support through the Targeted Initiative for Older Workers (TIOW) for employment assistance services and employability improvement activities, such as skills upgrading and work experience, to assist unemployed workers aged 55 to 64 with their return to work.

Other payments from the federal government included:

a) Annual subsidies of $7,999,827 under the *Constitution Act, 1907;* and
b) Interest of $82,494 on the Common School Fund.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2012

	2012 $	2011 $
INCOME FROM GOVERNMENT ENTERPRISES		
Ontario Lottery and Gaming Corporation	1,882,660,000	1,955,751,000

Ontario Power Generation Incorporated	256,000,000	414,000,000
TOTAL INCOME FROM GOVERNMENT ENTERPRISES	**4,412,891,000**	**4,566,060,000**

Income from Government Enterprises represents amounts received by the Province from government business enterprises.

The Ontario Lottery and Gaming Corporation (OLG) conducts and manages lottery games, resort casinos, casinos, and slot facilities on behalf of the Province of Ontario. The Province consolidates the net income from OLG's lotteries, resort casinos, casinos and slot facilities. The net income includes 20% of gross gaming revenue from Caesars Windsor, Casino Niagara, Niagara Fallsview Casino Resort and Casino Rama. It also earns 20% of gross gaming revenue from its slot facility at the Great Blue Heron Charity Casino.

In 2011-12 the proceeds from OLG lotteries, casinos and slot facilities were allocated by the Province of Ontario to the following Ministries and programs: $120 million to the Ontario Trillium Foundation for grants to charities and not for profit organisations, $41 million to the Ministry of Health and Long-Term Care and the Ministry of Health Promotion and Sport to support problem gambling and related programs for prevention, treatment and research, $10 million to the Ministry of Health Promotion and Sport for direct financial support to Ontario high-performance athletes and enhanced coaching development, with the balance being applied to the Ministry of Health and Long-Term Care for the operation of hospitals.

In 2011-12 the proceeds from OLG resort casinos were allocated by the Province of Ontario to general government priorities such as health care, education and public infrastructure.

Liquor Control Board of Ontario (LCBO) profits are generated from the sale of beer, wine, coolers, and spirits.

Hydro One Incorporated (Hydro One) and Ontario Power Generation Incorporated (OPG) were created as part of the restructuring of the former Ontario Hydro. Net income from these two corporations is consolidated in the Province's finances. OPG revenue is derived primarily from the sale of electricity from its generating stations. Hydro One revenue is derived primarily from the transmission and distribution of electricity.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2012

Sales and Rentals includes proceeds from the disposal of real property, supplies and equipment, rental of real property, leasing of Crown land and sales of goods and services provided by Provincial institutions.

Vehicle and Driver Registration fees include vehicle registration, carrier, and driver fees. Vehicle registration fees are for the authorization to operate a motor vehicle on a public road. For commercial vehicles the fee ranges from $109 to $2,722. Fees for passenger vehicles and light commercial vehicles weighing 3,000 kilograms or less used for personal purposes are $74 per year in Southern Ontario and $37 per year in Northern Ontario. Fees for motorcycles and mopeds are $42 and $12 per year respectively in Southern Ontario and $21 and $12 per year respectively in Northern Ontario. Driver fees consist primarily of driver license renewals.

The registrar's fees consist of fees collected by the Ontario Court (General Division) in estates matters as set by O.Reg. 393/90 made under the *Administration of Justice Act* and the issuing, signing and filing fees for court related documents in civil matters.

Personal Property registration service fees are remittances for the registration and searches of personal property pledged as collateral to secure a loan. The fees are collected at the time of registration or search.

Fees for the Drive Clean Program are chargeable to the public for vehicle emissions testing, known as a "Drive Clean Emissions test". Also, an accreditation fee, which varies depending on the type of facility, is chargeable to garages for accreditation certification as Drive Clean facilities. Collection of this accreditation fee ended as of June 30, 2011 as part of the Modernization of the Drive Clean program.

Companies' service fees are remittances for registration, searches and certificates pertaining to incorporations, limited partnerships and business names. The fees are collected at the time of registration or search.

Gaming-related fees collected by the Alcohol and Gaming Commission of Ontario include fees for registering commercial suppliers and gaming employees of charitable gaming events, casinos, charity casinos and slot machine facilities. Also included are fees for issuing licences to conduct and manage lottery schemes such as raffles.

Effective January 1, 2001, persons who by virtue of an agreement, lease or other writing are entitled to occupy public lands are required to pay a water rental charge calculated at a rate of 9.5 % on gross revenues from the annual generation from hydro-electric-generating stations. This is the Gross Revenue Charge - Water Rental component referenced on page 1-4.

Teranet – Polaris Royalties - The Province completed the sale of its 50% ownership in Teranet in 2003-04. As part of this transaction, the Province agreed to suspend royalties from Teranet for a period of 13.67 years to March 31, 2017 in exchange for a lump sum payment of $205 million. The $205 million represents deferred royalties to be earned by the Province in future years and have been recognized in the Province's accounts as deferred revenue. The deferred revenue is amortized to revenue over the life of the royalty suspension agreement. The annual amortization is $15 million throughout 2016-17.

In 2010-11 the Province negotiated an extension to the original Teranet agreement, resulting in a 50 year extension beyond the original amortization schedule. $1 billion in cash was received in 2010-11, and this amount represents deferred royalties to be amortized over a 56 year period from fiscal 2011-12 to 2066-67. The annual amortization for the extension is $18 million, for a combined total of $33 million per year for the years 2011-12 through 2016-17.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2012

Crown Charges – Timber royalties are remittances for the harvesting of Crown timber on Crown land or when timber rights are reserved to the Crown on patent land. Crown charges are typically charged on a per cubic metre basis related to the tree species, end products produced and harvest volume. A base charge per cubic metre, adjusted annually, is established as a minimum rate. The minimum rate for most harvested timber during 2011-2012 was set at zero (bioproducts only), $4.12, or $0.59 per cubic metre depending on the tree species and commodity group. The $0.59 per cubic metre reflects the rate for several underutilized species and the economic volatility in the forest industry. A residual value charge, based on a percentage of the difference between the cost of manufacturing and the selling price of the forest product, is also assessed. This component based on commodity market prices is adjusted monthly and varied from $0.00 to $2.00 per cubic metre.

Beginning in 2006, funds for the Forest Resource Inventory (FRI) have been collected through the stumpage system. In 2011-2012 the FRI rate was set at either $2.50 or $0.59, depending on species group and end-use, and set aside in the Forestry Futures Trust fund account for FRI expenses until a $10 million balance in the FRI account was achieved. After reaching the $10 million level, the FRI charge is set to zero, which occurred for this fiscal year in October 2011. The FRI collection results in no net effect to the forest industry with respect to stumpage charges, as the minimum charge is reduced an equivalent amount to FRI charges, while FRI charges are being collected.

Recovery of Prior Years' Expenditures represents monies recovered subsequent to the fiscal year-end in which the related expenditures were made. These receipts represent amounts, which, except for the timing of the recovery, would have been classified as expenditure refunds.

Reimbursements of expenditures are repayments of expenses incurred by the government under formal agreement, understanding or arrangement that the expenses will be recovered in whole or in part.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

Revenues under "Power Supply Contract Recoveries" arise from the reselling of power and recovery from electricity consumers of the cost of power purchased from and payments made to electricity generators under power purchase contracts and the cost of other supply agreements with the Ontario Electricity Financial Corporation (OEFC), the legal continuation of the former Ontario Hydro.

Power supply contracts were entered into by the former Ontario Hydro with non-utility generators (NUGs) located in Ontario. As the legal continuation of Ontario Hydro, as of April 1, 1999, the OEFC is the counterparty to these contracts. The contracts provided for the purchase of power at prices that were expected to be in excess of the market price. Accordingly, a power purchase contract liability was recorded. Under legislated reforms to the electricity market, OEFC began receiving actual contract prices for power from ratepayers, effective January 1, 2005, and no longer incurs losses on these power purchase contracts. At that time, the Ministry of Finance estimated that the bulk of the liability would be eliminated over 12 years, as existing electricity contracts expire. In addition, effective January 1, 2009, OEFC entered into a support contract with Ontario Power Generation (OPG) whereby OPG agreed to maintain the reliability and availability of Lambton and Nanticoke coal-fired stations following implementation of a greenhouse gas emissions-reduction strategy. Under the contract, OEFC agreed to ensure OPG would recover the actual costs of operating the stations after implementing this strategy. Any costs to OEFC under this agreement, which expires December 31, 2014, are fully recovered from ratepayers.

The Electricity Debt Retirement Charge is paid by electricity consumers based on consumption of electricity until the residual stranded debt is retired. Residual stranded debt originated from the restructuring of the old Ontario Hydro and restructuring of the electricity sector.

DETAILS OF REVENUE – Concluded

For the year ended March 31, 2012

The Reduction of Power Purchase Contracts represents the effective elimination over time of the power purchase contract liability. The amount of change reflects the deduction for estimated in-year losses used to calculate the liability prior to the legislated reforms to the electricity market that effectively eliminated over time the liability, plus an annual amortization amount for the unrealized revaluation change in 2003 to the estimated value of the power purchase liability.

The Independent Electricity System Operator (IESO) was established by the *Electricity Act of Ontario, 1998*. It operates independently as a non-profit corporation without share capital. Licensed by the Ontario Energy Board, it reports to the legislature through the Ministry of Energy. The IESO, formerly called the Independent Electricity Market Operator, directs the operation and maintains the reliability of the province's power system. The IESO balances demand for electricity against available supply through the wholesale market and directs the flow of electricity across the transmission system. IESO's revenue is derived primarily from OEB-approved fees for each megawatt of electricity withdrawn from the IESO-controlled grid.

*Standard accounts classification is explained on page iv-v. Statutory expense has been allocated to the appropriate Standard Accounts.
Recoveries of expenses by standard accounts are netted at the ministry level to reflect the Estimates structure.

**Expenses are reclassified for the recoveries related to Seconded Legal Services (Ministry of Attorney General), Ontario Internal Audit (Ministry of Finance), Info. & Info. Tech. Cluster (Ministries of Education & Transportation) and Corporate I & IT, Ontario Shared Services, Enterprise Services Cluster and Government Services Cluster (Ministry of Government Services).

Program Description

The strategy carried out under this vote focuses on providing executive direction and strategic business and resource planning services to ensure the efficient and effective delivery of ministry programs. It functions to provide financial, operational, transactional, business and human resource advice and expertise to the ministry by: developing functional administrative and human resources policies and procedures in conjunction with each ministry branch; providing financial planning, project management, communication and audit services; administering information technology and legal services; providing accommodation and central administrative services and maintaining contacts with central government agencies, as well as delivering French language services, emergency management programs, diversity and quality service initiatives.

Program Description

This strategy includes legislative and/or regulatory functions relating to food inspection and compliance, animal health, land use planning and nutrient management. This strategy also includes non-regulatory programs in food safety, traceability, animal health and welfare, nutrient management and environment. The ministry uses a full suite of tools to manage risks and encourage industry adoption of best management practices.

Program Description

Under this strategy, the ministry supports agriculture, food and bio-product sectors through a comprehensive approach. Components of this strategy that contribute to the framework for these sectors include: delivery of farm income stabilization and other assistance programs to the agriculture sector; working with agri-food partners in identifying needs and opportunities, and adopting new technologies; investing in agri-food research; investment attraction and investment retention efforts for the processing sector; dealing with regulated marketing issues; and promoting Ontario food and agricultural sales in export and domestic markets.

This strategy also assists rural Ontario in building strong, vital communities with diversified economies and healthy social and environmental climates by working collaboratively with rural communities, municipalities, businesses and organizations to undertake economic development initiatives.

Program Description

The strategy carried out under this vote focuses on providing innovative, comprehensive and evidence-based policy development and advice. Policy Development includes the ministry's food safety, animal health, environmental and economic development policy analysis, strategic policy/planning and intergovernmental relations and trade. This strategy also includes legislation and program development, and managing funding for farm business risk management programs and the ministry's governance and accountability responsibilities with Agricorp.

Program Description

This program provides for the overall administration of the Ministry, supplying administrative and support services for the operating programs. The Corporate Services Management Division provides strategic support and advice to the Ministry in the areas of business and fiscal planning, human resources, emergency management, facilities management, research and analysis, and the co-ordination of key strategic projects. The Division also delivers shared services for Freedom of Information and French Language Services to the justice sector ministries, and provides service management for centrally delivered services of audit and quality assurance, and Ontario Shared Services. Ministry Administration also includes the Attorney General's Office, the Deputy Attorney General's Office and the Parliamentary Assistant's Office, Associate Deputy Minister's Office, as well as the Communications Branch.

Program Description

This program oversees the administration, coordination and delivery of the Ministry's policy and legislative development and social/family justice programs across Ontario. The Division manages the Office of the Public Guardian and Trustee, Office of the Children's Lawyer, Bail Verification and Supervision Program, Supervised Access Program, and the Special Investigations Unit. The Division provides for the operation and oversight of the agencies, boards and commissions within the Ministry. This includes the Environment and Land Tribunals of Ontario consisting of the Assessment Review Board, Board of Negotiation, Conservation Review Board, Environmental Review Tribunal and Ontario Municipal Board, the cluster of social justice adjudicative tribunals including the Human Rights Tribunal of Ontario, Social Benefits Tribunal, Child and Family Services Review Board, Custody Review Board, Ontario Special Education Tribunals (French and English) and the Landlord and Tenant Board, the Alcohol and Gaming Commission of Ontario, the Ontario Human Rights Commission, the Human Rights Legal Support Centre, the Office of the Independent Police Review Director and Legal Aid Ontario. The Ministry is also responsible for the administration of public inquiries and the Ministry's Federal-Provincial-Territorial relations. In its policy role, the Division is responsible for the Attorney General's policy and legislative agenda and for providing strategic and legal policy advice.

Program Description

This program supports the role of the Attorney General as Chief Law Officer of the Crown by providing the government with expert legal advice, advocacy and representation before tribunals and at all levels of court. Timely and high quality legal advice and services are critical to the government's ability to develop and deliver on its core businesses, policies, programs and services.

This program includes the Office of Legislative Counsel responsible for drafting all provincial bills and regulations in English and French, and providing legal advice on legislative matters to the Legislative Assembly and Cabinet. It also consolidates statutes and regulations.

Program Description

The Court Services Division is responsible for the administration and functioning of criminal, civil, family and small claims courts in Ontario. These services are divided into three components: court administration, judicial services and court construction. Court administration and judicial services provide support to the effective and efficient management of the justice system. Court construction provides funding for new courthouses and large-scale renovations of existing court facilities to support a justice system that is modern, secure and accessible.
