Program Description

The Ontario Women's Directorate works to promote women's equality, advance women's economic security and prevent violence against women. These priorities are addressed through working with external stakeholders and ministries to identify and analyze emerging issues, developing and implementing coordinated strategies across ministries to address those issues, and by providing grants for innovative programs and services that support best practices in fostering women's safety and economic security.

* Includes Special Warrants of $5,236,000

Program Description

Through the Adults' Services Program effective and accountable community-based services are directed to those most in need in the fairest possible manner. Ontario's Social Assistance programs provide financial and employment supports to eligible individuals who are in need, including people with disabilities, and their families. The Community and Developmental Services program funds community-based agencies to provide services and supports to support inclusion of adults with a developmental disability and their families by helping them live and participate in a wide range of activities in their communities. The Community and Developmental Services program also funds community-based services and supports for Aboriginal people (through the Aboriginal Healing and Wellness Strategy's, culturally-appropriate programs to improve Aboriginal health, healing and wellness outcomes), and for women and children who are victims of domestic abuse, and individuals who are living with a sensory disability. The Family Responsibility Office is an enforcement program working with support payors and support recipients to meet their child and spousal support responsibilities.

Program Description

Reporting to the Commissioner of the Ontario Provincial Police (OPP), the OPP is responsible for providing direct front-line policing services in hundreds of municipalities and First Nations communities throughout the province. The OPP investigates province-wide and cross-jurisdictional crimes including complex frauds and organized criminal activity. In addition, the OPP patrols provincial highways and is responsible for many of the waterways and trail systems in the province. The OPP maintains specialized provincial registries, e.g., Violent Crimes Linkages Analysis System and the Ontario Sex Offender Registry. Oversight of provincial strategies such as child exploitation and biker enforcement are responsibilities of the OPP. Included as part of its provincial mandate, the OPP also provides emergency services support, is responsible for security for high profile international events, and delivers specialized security and protection services for the Government of Ontario throughout the province.

Program Description

Reporting to the Deputy Minister of Correctional Services, the Correctional Services Program is responsible for the operation of jails, detention centres, correctional centres, treatment centres and probation and parole services. The program supervises the detention and release of adult inmates and provides supervision of offenders serving sentences in the community on terms of probation, conditional sentence and Ontario parole. Key services and programs include training, rehabilitative programming, treatment and services designed to help offenders achieve changes in attitude and behaviour to support successful reintegration into the community.

Program Description

Reporting to the Deputy Minister of Community Safety, this program is dedicated to providing quality services related to public safety, security, and death investigations. This is achieved through the efforts of the Office of the Chief Coroner and Ontario Forensic Pathology Service and the Office of the Fire Marshal and Emergency Management. All are devoted to the rapid identification of issues and their resolution through effective mitigation, prevention, preparedness, response, recovery, scientific, investigative, business continuity and public education initiatives. The section strives to be a leader in ensuring that all of Ontario's diverse communities are safe and secure thereby supporting the government in its priority of stronger, safer communities.

Program Description

This program supports economic growth and job creation in Ontario by: attracting investment in key business clusters and sectors, and administering related funding programs; providing assistance to Ontario industry sectors and communities facing economic challenges; providing leadership in the development of economic policies across government and championing economic development research; modernizing government and improving services to business through the enterprise-wide Open for Business initiative; working with partner ministries, agencies and stakeholders to promote social entrepreneurship in Ontario; promoting Ontario as a premier investment location and world class provider of goods and services; increasing Ontario's trade by providing assistance to Ontario firms to begin exporting or expand into new markets; providing leadership in dispute management and international and inter-provincial trade negotiations; leveraging Ontario's 11 International Marketing Centres; developing investment opportunities through investment lead generation activities; supporting Ontario's high-performing small and medium enterprises through 12 regional Business Advisory Services offices; promoting entrepreneurship as a viable career option among Ontario's youth; making Ontario accessible by developing, reviewing and overseeing organizations' compliance with accessibility standards; forging strategic partnerships to promote accessibility initiatives; and providing public education, tools and resources for accessibility planning and programming, including promoting employment opportunities for people with disabilities.

Program Description

This program supports a stronger research and innovation ecosystem in Ontario by: developing and administering the ministries' suite of research programs that make investments in operations, infrastructure and research talent personnel to support world-class research and researchers working in publicly-funded institutions across Ontario; advancing translational and focused research in specific research areas including cancer and brain; delivering skills development, business development and commercialization programs focusing on key sectors and regional development opportunities; providing programs and services that assist main street clients with business start-up and early stage growth through Ontario's network of 57 Small Business Enterprise Centres; helping technology-based entrepreneurs and firms launch and grow through the Ontario Network of Entrepreneurs; connecting innovators and entrepreneurs across the province - ensuring that high potential companies can attract the skills and capital to compete in global markets and provide the opportunity for ideas developed in labs to make their way into the marketplace; promoting entrepreneurship as a viable career option among Ontario's youth; adopting e-business and computer technologies by small and medium enterprises and the availability of affordable ultra-fast broadband services across Ontario; overseeing Ontario's efforts to promote innovation and facilitate a robust venture capital industry.

Program Description

The program provides policy and program direction, as well as financial support, to elementary and secondary schools and agencies in Ontario in order to foster and sustain a high-quality education system for all students in the province, no matter where they live. The program aims to achieve three primary outcomes: excellence in student achievement; preparation of all students for success in further education, work and community life; and improvement of Ontario's ability to compete in a global marketplace.

Key components of the program are: supporting the implementation of a rigorous curriculum; supporting student learning and maintaining challenging standards of achievement, and supporting excellence in teaching; provision of financial support to a streamlined and efficient education system with a focus on teaching and learning in the classroom; accountability for the funding of elementary and secondary education; and operation of provincial schools for deaf, blind, deaf/blind and students with learning disabilities.

Program Description

High quality early years and child care programs are an essential part of a seamless, integrated system that supports early learning and care for children.

The integration of child care and early years programs enhances education results by providing a continuum of care and education for children aged 0 to 12, creating a focus on healthy child development and positive outcomes for children and families through coordinated local service system management.

Program Description

This program is responsible for developing Ontario's energy policy framework, which is central to the building of a strong and prosperous economy. It provides leadership and support to the energy sector to ensure clean, reliable, affordable and sustainable energy supply, transmission and distribution systems. The program supports energy conservation and efficiency, grid modernization, and the development of cleaner forms of energy. This program also oversees engagement and consultation with First Nations and Métis on provincial energy sector activities and projects while facilitating the participation of Aboriginal communities in renewable energy and transmission system developments.

Program Description

This program, which includes the Offices of the Minister and Deputy Minister, delivers planning, advisory, legal, and controllership functions to ensure direction and management of operating programs consistent with Ontario Government policy and legislation. In addition, the program manages the service and accountability relationships with the Ontario Internal Audit Division, HR Ontario and Ontario Shared Services, ensures proper levels of support to the Ministry and its client groups, and strategically manages the Ministry's quality service commitments.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision.

As part of in-year expenditure management, ministry savings were minuted into the Contingency Fund. In this regard, the $141,646,500 increase in the "Contingency Fund" appropriation represents ministry savings minuted into the Contingency Fund net of appropriations allocated during the year to fund programs and activities of various ministries. The actual costs incurred were not charged against the "Contingency Fund" activity but rather against those programs and activities to which they pertained. The "Contingency Fund" activity therefore shows no spending against the appropriation.

* Includes Special Warrants of $428,700,000

Program Description

This program develops and implements sound economic and fiscal strategies to stimulate economic growth and job creation; forecasts, monitors and reports on the performance of the Ontario economy; provides expertise and advice on sound economic design of government initiatives; develops demographic forecasts for Ontario and its 49 census divisions; develops the policy and legislative framework for Ontario's financial services industry; develops and implements a fiscal and financial management framework for the public sector in Ontario; assists the Minister of Finance and the government in formulating Ontario's federalprovincial finance policy; develops, monitors and reports on the fiscal plan strategies and results for the province; provides policy advice and internal audit services to clients, managers, and decision makers in the areas of accounting, fiscal and financial management; and fosters greater accountability and fiscal integrity in the public sector in Ontario. The program advises on assessment and property tax policy, grants to municipalities, and education tax rates, as well as providing oversight of the property assessment system. It also monitors the fiscal and financial relationship between the province and the municipalities, including providing transfer payments to municipalities. It also reflects the transfer of dedicated electricity earnings from the Province to the Ontario Electricity Financial Corporation.

This program assists the Minister, Deputy Minister of Finance and the government in formulating the fiscal plan and reporting the results of the Province through the Ontario Budget, Ontario Quarterly Finances, Ontario Economic Accounts, Economic Outlook and Fiscal Review, and Public Accounts as well as the annual process to seek spending authority from the Legislature. Additionally, the program supports Treasury Board/Management Board of Cabinet by providing advice on ministries' annual multi-year Results-based Plans and ministries' management of in-year expenditures to ensure the appropriate use of public resources to meet government priorities. The Program also provides the Ontario Public Service and Broader Public Sector with accounting and financial management policy and controllership advice, prepares the Long-term Report on the Economy and the Pre-Election Report on Ontario's Finances, undertakes annual population projections for use in resource allocation and planning, and provides support to the Minister of Finance and the government in formulating Ontario's strategies with respect to federal-provincial fiscal arrangements.

Program Description

The Financial Services Commission of Ontario (FSCO) regulates the province's financial services sector, including insurance companies, health service providers for auto insurance, pension plans, credit unions, caisses populaires, mortgage brokers, agents and administrators, loan and trust companies, and co-operatives. FSCO also makes recommendations to the Minister of Finance on matters affecting these sectors. In addition, FSCO is responsible for the administration of the Motor Vehicle Accident Claims Fund (MVACF) which compensates people injured in automobile accidents in Ontario where there is no other insurance available to respond to the claim. FSCO is also responsible for the administration of the Pension Benefits Guarantee Fund (PBGF). The PBGF pays a minimum level of pension benefits if a plan is wound up with insufficient assets.

FSCO works with the Ministry of Finance, consumers and industry stakeholders to protect the public interest and enhance public confidence in the regulated sectors.

Ω Includes Special Warrants of $3,200,000

Program Description

The Investing in Ontario program has responsibility for the distribution of all or part of the consolidated surplus for a fiscal year (reduced by any allocation to the reduction of the accumulated deficit that may be prescribed by regulation) to eligible recipients for the purposes, and in the manner as may be prescribed by regulation. Eligible recipients must also be prescribed by regulation and may only include entities, other than individuals, that do not carry on their activities for the purposes of gain or profit.

Program Description

This program area is responsible for the effective and efficient administration of Ontario tax statutes and a number of benefit programs and for maintaining the integrity of Ontario's tax system. It conducts tax compliance activities including audit, investigation and collections and delivers key benefit programs for low-income seniors and families. Central to this role is the provision of high quality services to clients including information and advisory services. Accountability for managing the relationship with the Canada Revenue Agency, which collects the majority of the province's taxes on its behalf, also rests with this area. The program area leads the province's efforts in addressing the underground economy, contraband tobacco, corporate tax avoidance, and other revenue integrity measures. In addition, the program area supports the delivery of enterprise-wide services such as the collection of non-tax revenues and benefits transformation. The program area's mandate also includes working in partnership with First Nations on a range of issues including tobacco. In limited circumstances, the program area provides grants to not-for-profit organizations and selected First Nations communities related to tax administration.

Program Description

This program advises the Ontario Government, on matters concerning Francophone Affairs and the provision of French-language services. It develops policies and programs pertaining to the Francophone Affairs and French-language services. It monitors and oversees the implementation of the *French Language Services Act* by ministries and agencies and makes recommendations concerning the addition of new designated areas to the Schedule and the designation of public service agencies under the Act. It reviews the availability and quality of services delivered by ministries to the Francophone population. It provides information, advice, expertise and assistance to the Francophone community. It coordinates the transfer of federal funding to other ministries and agencies for projects that are funded under the Canada-Ontario Agreement on French-Language Services.

* Includes Special Warrants of $849,000

Program Description

The Human Resources Services Program supports the government's commitment to be a responsive and innovative world leader in customer service by having a skilled and innovative workforce.

HROntario delivers integrated HR and business transformation services that support ministries' business objectives, achieves legislative compliance, promotes use of best practices and develops and implements strategies that make the OPS an employer of first choice. The program also co-ordinates internal security in the OPS.

The Diversity Office supports the OPS' vision of being an inclusive, diverse and accessible organization that delivers excellent public services and supports all employees in achieving their full potential. As a centre of excellence, the Diversity Office has the lead for ensuring the OPS is compliant with the *Accessibility for Ontarians with Disabilities Act*. The Office is also responsible for providing innovative and strategic OPS-wide leadership ensuring that the OPS is a more inclusive employer, policy maker, program and service provider.

The Labour Relations Secretariat analyzes factors that drive collective bargaining outcomes in the Broader Public Sector (BPS) in order to develop and provide strategic guidance and advice to government, ministries and BPS employers related to ongoing collective bargaining and labour relations issues.

Program Description

The Enterprise Business Services Program is responsible for the effective delivery of internal and external government-wide services to meet the needs of Ontarians and the OPS. All service delivery programs focus on transforming, improving and providing value added government services.

The Corporate Information and Information Technology Program provides leadership in establishing modern information and information technology (I&IT) infrastructure in order to meet the needs of Ontarians and the OPS. This includes formulating and implementing strategy, ensuring security of systems and data, developing policies, the implementation of common infrastructure, governance and accountability. It also includes the delivery of OPS-wide common services such as hosting services, and networking capabilities.

Ontario Shared Services provides back office support for business, finance, employee and supply chain management services across the OPS. It provides strategic advice, controllership and cost-effective service delivery in financial and non-tax revenue processing, payroll and benefits processing, benefit administration, supply chain management and enterprise business services.

Information, Privacy and Archives promotes good recordkeeping practices across the government and provides strategic leadership for freedom of information and privacy protection, and information management. It collects, manages and preserves the archival records of Ontario, promotes public access to Ontario's historic documents and records, and is the steward of the Government of Ontario's art collection.

The Central Agencies I&IT Cluster provides leadership and cost-effective I& IT support to its clients to enhance government services, by enabling the underlying IT solutions necessary to modernize government operations and provide cost-effective services to clients across the OPS.

Corporate Policy and Agency Coordination Division provides leadership and advice for corporate and agency governance, strategic corporate policy, workforce analytics, public appointments and Management Board of Cabinet support.

Open Government Office pursues opportunities to strengthen accountability to the public, improve transparency in reporting on the use of taxpayers' money, and ensures effective stewardship over government funds through Open Dialogue, Open Data and Open Information.

Program Description

The Agencies, Boards and Commissions associated with Ministry of Government Services provide oversight to ensure effective governance, accountability, and relationship management.

The Advertising Review Board is designated as a mandatory central service for the procurement of advertising, public and media relations, and creative communications services for the OPS. This helps ensure ministries and government agencies acquire these services in a manner that is fair, open, transparent and accessible to qualified suppliers.

The Conflict of Interest Commissioner has responsibility for certain conflict of interest and political activity matters as they apply to appointees and employees of ministries and public bodies and to certain employees of ministries with respect to financial declarations. The Commissioner handles requests for advice or rulings on specific conflict of interest or political activity matters, advises on financial declarations, approves conflict of interest rules submitted by public bodies and reviews and approves adjudicative tribunals' ethics plans.

* Includes Special Warrants of $596,300

Program Description

ServiceOntario is the gateway to government services for the people of Ontario, delivering information and routine transactions on behalf of OPS ministries and interjurisdictional partners. ServiceOntario is a recognized public leader in service integration, providing value for tax dollars, meeting or exceeding customer expectations and expertise in service delivery transformation. ServiceOntario is collaborating with partners to leverage its core strengths and is modernizing to improve customer convenience while increasing efficiency, streamlining service and shifting customers to the convenient and lower-cost online channel.

Aligned with the ServiceOntario program, the ServiceOntario Information and Information Technology Cluster provides strategic advice and cost-effective technology solutions for ServiceOntario and ministry partners in implementing key business objectives as well as modernizing government services via public-facing online applications.

Program Description

Ministry Administration provides support to the Minister of Health and Long-Term Care to meet the requirements of the Ministry's portfolio, ministry management, accountability and controllership frameworks to ensure the cost-effective/efficient use of resources to achieve business results.

A broad range of strategic and operational services are provided to support the effective delivery of all Ministry programs and services, including: business, fiscal and health capital planning; health system investment and funding policies and decisions; audit; supply chain and facilities, contract management and records management; government pharmacy; subrogation; strategic human resources including: talent, performance and succession management; workforce planning and resource management; employee engagement and inclusion; health, safety and wellness strategies; strategic labour relations; and organizational capacity and engagement; freedom of information, protection of privacy, and personal health information protection; submission coordination and Cabinet Office liaison; public appointments process; legal; communications and marketing; project management and process improvement of priority programs to achieve improved quality, efficiency and effectiveness; financial management including payments, financial analysis, forecasting, reporting, settlements and including the necessary controllership requirements.

Also, funding is provided for administrative support to the Ontario Review Board, Consent and Capacity Board, Health Services Appeal and Review Board, Health Professions Appeal and Review Board, and the Ontario Hepatitis C Assistance Plan Review Committee.

* Includes Special Warrants of $26,599,700

Program Description

The Health Policy and Research Program integrates health system research evidence, strategy and program policy to provide strategic directions for Ontario's health system. System-wide planning allows the Ministry to: support legislation and policy development; monitor alignment with the strategic directions; select and manage portfolios, strategy and other initiatives within the Ministry to further health system and health human resource goals. The work includes targeted investment, administration of funding programs, oversight and synthesis of health services/population health research, strategic policy and planning relating to the supply, mix, distribution, recruitment, retention, scope of practice and education/training of health providers. Related activities are the regulation of health professionals and labour relations matters pertaining to health professionals.

Program Description

eHealth ensures that information and information technology are used to improve and modernize Ontario's health care system, and to improve the quality of and access to health care services. eHealth Ontario provides the information infrastructure required to facilitate the secure electronic communication and exchange of personal information among Ontario's health care providers and supports the Ministry's eHealth initiatives.

Information Management provides health information and analytics which enable evidence-based decision making to ensure a sustainable health care system for Ontario.

Program Description

The Ontario Health Insurance Program includes key elements of Ontario's health care system: client eligibility and health card policies, physicians' payments for services that are insured under the *Health Insurance Act*, other practitioners' payments, out-of province/out-of-country services, independent health facilities, Family Health Teams, midwifery services, underserviced areas, northern health travel grants, teletriage services, disease prevention, health quality, drugs, community laboratories, protection from health-related fraudulent activity and assistive devices including home oxygen.

Ontario health services are available from health professionals in various settings from family doctors' offices to academic health science centres, to hospitals, to Telehealth Ontario and Telephone Health Advisory Service where triage advice and health information are provided by a registered nurse. Government-funded services are available to Ontarians who have registered, and who are eligible for the Ontario Health Insurance Plan. The Underserviced Area Program and the Northern Health Travel Grant Program offer a number of integrated supports that provide rural and northern communities with access to needed health care services.

The focus for disease prevention is improving the health and health care for Ontarians living with or at high risk of developing diabetes, congestive heart failure, chronic obstructive pulmonary disease and hypertension. The Ontario Diabetes Strategy leverages new and existing investments to improve access to, and quality of, diabetes services and care. This serves to enhance prevention and improve disease management.

Health Quality Ontario is the provincial agency that supports evidence-based, high quality health care to contribute to a sustainable health system.

Program Description

The goal of the Public Health Program is to protect and enhance health, and prevent the onset of disease and premature death of Ontarians at all stages of life. The mandate of Public Health includes the entire spectrum of infectious diseases, chronic diseases and injury prevention, healthy child development, family and community health, environmental health, and emergency management - all with a focus on the underlying determinants of health and illness. This Program focuses health resources on prevention, detection, early interventions and treatment where appropriate.

The program sets standards, protocols and performance targets, provides funding to Ontario's public health system, including boards of health, related associations and Public Health Ontario, and provides policy and program oversight to ensure accountability of the system. It includes the Chief Medical Officer of Health who has independent powers and the responsibility to report annually on the state of public health to the Legislative Assembly of Ontario. The program also partners with Public Health Ontario which supports public health at the provincial and local levels through the provision of scientific advice, education and training and field support as required.

Program Description

As steward for the long-term sustainability of Ontario's health care system, the Ministry collaborates with 14 Local Health Integration Networks (LHINs) to promote a patient-focused, value driven, integrated and co-ordinated health care system. While the Ministry provides strategic direction and guidance, the LHINs are responsible for planning, integrating and funding health service providers in their local health systems. The LHINs exercise their authority under the *Local Health System Integration Act, 2006*. Additional responsibilities and performance expectations are set out in the Memorandum of Understanding and Performance Agreement with the Ministry of Health and Long-Term Care. The LHINs have the flexibility to address unique local health needs and priorities through the management of services in public, private and specialty psychiatric hospitals, community care access centres, long-term care homes, community health centres, community support services, community services for persons with acquired brain injury, assisted living services in supportive housing, mental health and addiction agencies. The Ministry, in partnership with LHINs, ensures the delivery of accessible, community-responsive and high-quality health care for all Ontarians.

Program Description

This vote includes Provincial Programs, Emergency Health Services and Stewardship. This program is responsible for transfer payment accountability, and operational policy development, including the planning and funding of a wide span of specialized programs. Examples of these transfer payment programs include: Cancer Care Ontario, Ontario Breast Screening, Community and Priority Services, Operation of Related Facilities, Ontario Healthy Homes Renovation Tax Credits, HIV/AIDS and Hepatitis C Programs. In addition, the program provides Ontario's share of funding to the Canadian Blood Services and also supports a blood utilization management strategy for Ontario.

In addition to transfer payment activities, Provincial Programs and Stewardship also includes Direct Operating Expenditures for the management and delivery of the Transfer Payments within the Vote, and for the oversight administration (stewardship) of the Local Health Integration Networks.

Emergency Health Services ensures the existence of a balanced and integrated system of emergency health services throughout Ontario. The system consists of a series of inter-related programs and services including municipally operated/contracted land ambulance services, the not-for-profit air ambulance organization called ORNGE, and ambulance communications services.

* Includes Special Warrants of $1,578,424,400

Program Description

The infrastructure program supports the development and implementation of sound infrastructure strategies for the province, including: central agency management of the provincial infrastructure planning process and capital budget development; implementation of the long-term infrastructure plan; development of horizontal and sectoral infrastructure policy and program proposals; negotiation with the federal government on new cost-shared infrastructure programs; coordination of infrastructure program implementation, including programs to support municipal infrastructure; development and implementation of a government asset management framework; infrastructure economics and financial analysis and advice; and information management for infrastructure investments.

The growth-planning program leads the development and implementation of the government's growth management policy. This includes working with local governments, stakeholders, and the broader public as well as facilitating the alignment of multi-ministry government policy to support implementation, particularly in the fast-growing Greater Golden Horseshoe.

* Includes Special Warrants of $ 3,714,500

‡ Expenses related to the Capital Contingency Fund (CCF) are excluded from the Ministry of Infrastructure's actuals. This is because funding from the CCF allocation is transferred to line ministries which incur the costs and record the expenses.

Program Description

This program has integrated responsibility for strategic planning, policy development and management of a realty portfolio encompassing approximately one million acres of land and thousands of buildings and structures held throughout Ontario. It also has the responsibility for acquisition, disposition and use of realty assets as well as governance and oversight of its delivery agent, the Ontario Infrastructure and Lands Corporation. In this role, the program provides expert real estate advice and service to support Ontario's policy and program objectives in addition to working with Ontario ministries and agencies to support their land use, property management and accommodation needs. Today, the program is achieving a number of Ontario's environmental and policy objectives through its effective management of realty assets, value optimization of existing realty assets, and the provision of adequate and appropriate workspace for Ontario Public Servants. The program also includes management of corporate forfeited property to reduce potential liabilities for the government. In addition, this program has responsibility for oversight of Waterfront Toronto, a non-share capital corporation created by the three orders of government (the City of Toronto, the Provincial Government of Ontario and the Federal Government of Canada) to oversee the revitalization of Toronto's waterfront.

Program Description

The mandate of the Pay Equity Office (PEO) is to enforce Ontario's *Pay Equity Act*, intended to redress systemic gender discrimination in the compensation of work primarily performed by women. To carry out this mandate, the PEO provides education and advice to assist employers, employees and bargaining agents in the public and private sectors in achieving and maintaining pay equity in their workplaces. The PEO investigates complaints, monitors workplaces and issues Orders for compliance where necessary. The PEO has the authority to conduct research on pay equity and related subjects and to make recommendations to the Minister.

The Pay Equity Hearings Tribunal, a quasi-judicial tri-partite administrative tribunal, is responsible for adjudicating disputes arising under the *Pay Equity Act.*

* Includes Special Warrants of $ 1,094,400

Program Description

The role of Labour Relations is to promote a stable labour relations climate and harmonious workplace relationships in the province through collective agreement conciliation and mediation, appointment of arbitrators, collective bargaining information services, relationship building and training.

The Ontario Labour Relations Board (OLRB) is an independent, quasi-judicial tribunal which mediates and adjudicates a variety of employment and labour relations-related matters under various Ontario statutes including appeals of decisions of employment standards officers and occupational health and safety inspectors.

The Crown Employees Grievance Settlement Board (GSB) is an independent quasi-judicial tribunal that mediates and adjudicates the labour relations disputes of Ontario Crown Employees. The GSB also provides financial and administrative services to the Public Service Grievance Board, an agency of the Ministry of Government Services.

Dispute Resolution Services provides neutral, third-party assistance to trade unions and employers through collective agreement conciliation and mediation, appointment of arbitrators, collective bargaining information, relationship building and training.

Program Description

Occupational Health and Safety's primary mandate is the setting, communicating and enforcing of the occupational health and safety legislation and regulations, and coordinating Ontario's workplace injury and illness prevention system to reduce or eliminate workplace injury or illness.

The Occupational Health and Safety Program monitors compliance with the *Occupational Health and Safety Act* (the Act), and assists workplace parties in securing a healthy and safe working environment. Through the administration and enforcement of the Act and its regulations, it encourages employers and workers to cooperatively identify and control health and safety hazards.

The Prevention Office coordinates Ontario's injury and illness prevention system including health and safety education and promotion by establishing and implementing a provincial occupational health and safety strategy to ensure the alignment of health and safety activities across all system partners; designating, providing operating and capital funding, and maintaining oversight over Health and Safety Associations through transfer payment agreements; establishing standards for, and approval of training programs and providers; establishing requirements for certification of joint health and safety committee members; and, supporting funding decisions for prevention research and prevention grants to recipients who meet specific eligibility criteria.

The Office of the Worker Adviser (OWA) provides advisory, representation and educational services to non-unionized injured workers and survivors, and represents them before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal. The OWA also provides representation services to workers at the Ontario Labour Relations Board in reprisal complaint cases under Section 50 of the *Occupational Health and Safety Act.*

The Office of the Employer Adviser (OEA) provides advisory and educational services to all Ontario employers and representation services primarily to smaller employers, with fewer than 100 employees, with regard to workplace safety insurance matters before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal. The OEA also provides representation services to employers with fewer than 50 workers at the Ontario Labour Relations Board in reprisal complaint cases under Section 50 of the *Occupational Health and Safety Act.*

Program Description

The Employment Rights and Responsibilities Program (ERRP) is responsible for the administration and enforcement of the *Employment Standards Act, 2000* and its regulations.

The ERRP ensures that Ontario workers are protected by minimum standards of employment covering wages and working conditions. It promotes compliance with these standards through inspections, investigations and enforcement initiatives, and encourages self-reliance through education, outreach and partnership efforts.

* Includes Special Warrants of $ 10,422,800

Program Description

This program provides the services required by the Lieutenant Governor in performing her constitutional, representational and community duties. In her constitutional role, the Lieutenant Governor represents the Queen, appoints the Premier based on majority support, swears-in the Executive Council, outlines the Government's plans in the Speech from the Throne, provides the Royal Assent needed for bills to become law, approves orders-in-council and appointments recommended by Cabinet, and prorogues or dissolves each session of Parliament. In her community role, the Lieutenant Governor represents the people of Ontario and acts as the Province's official host, welcoming world leaders and diplomats. She annually hosts or attends hundreds of community events throughout Ontario. She promotes themes or issues associated with accessibility for people with visible and invisible disabilities, while also enhancing literacy opportunities for Aboriginal youth. She presents honours and awards to outstanding Ontarians and, on request, sends messages for special celebrations and congratulations for birthdays of 90 years and over, and for wedding anniversaries of 50 years and over.

* Includes Special Warrants of $ 400,000

Program Description

This program is the ministry's interface with municipal clients responsible for providing services and implementing programs within Municipal Services and Building Regulation core businesses. It is also the province's key point of contact with the building sector on matters related to Ontario's Building Code. Its main priorities are as follows: to oversee the implementation of the *Municipal Act*, the *Planning Act*, the *Housing Services Act*, the *Building Code Act* and related legislation, regulations, policies and programs; to strengthen municipal capacity to achieve financial sustainability, prosperity and resiliency; to lead the province's one-window land-use planning and assist municipalities in delivering their full land-use planning authority; to support or coordinate the delivery of education and training to municipal clients; and to protect public safety in buildings. This program also supports key government initiatives such as renewable energy, water conservation, source water protection and barrier-free accessibility in the built environment. It administers numerous transfer payment programs, including provincial disaster assistance programs, and manages the ministry's Order-in-Council Emergency Management Program.

Program Description

The objectives of this program are well-planned, safe, strong, sustainable and healthy communities that enhance quality of life and support a prosperous economy. The Local Government and Planning Policy Program contributes to a long-term policy, administrative, and legislative framework that enhances the accountability, transparency and effectiveness of local government and democratic processes; improves environmental protection, growth management, conservation of greenspace and healthy economic growth and resiliency; provides tools to improve local service delivery, reduce costs, achieve financial sustainability, enhance accountability to taxpayers, and builds and maintains effective partnerships with key municipal and professional associations, municipalities, Aboriginal peoples and other ministries and governments. All of this work is guided by a partnership approach and meaningful stakeholder and municipal engagement and consultation.

Program Description

The objectives of this program are: to deliver on the government's commitments on affordable housing and homelessness prevention; to create a regulatory framework that protects tenants and landlords and encourages proper maintenance and investment in rental housing; and to support municipalities, housing providers and other external stakeholders, in order to help them meet their housing responsibilities. To meet its objectives, the program provides a full range of services: policy development, program design, delivery compliance, complaints resolution, and funding for affordable and social housing proponents.

Program Description

The Natural Resources Management Program provides leadership and oversight in the management of Ontario's forests, Crown land, water, renewable energy, aggregate and petroleum resources through the development, implementation and improvement of legislation, policies, programs, information systems and standards.

The Program endeavours to ensure a healthy, viable forest industry in Ontario, and foster a competitive business environment by promoting jobs and investment in the forestry sector.

The Natural Resources Management Program also provides leadership and oversight in the management of Ontario's fish and wildlife resources, parks and protected areas, including the protection and management of provincially significant natural, cultural and recreational environment in order to promote healthy and sustainable ecosystems, conserve biodiversity, and enhance opportunities for outdoor recreation.

In addition, the Program provides leadership and oversight in the management of capital infrastructure assets such as fish culture facilities, Parks, Crown land, water, and other infrastructure investments including the development and application of geographic and land information and infrastructure to share such information to deliver ministry programs.

‡ Includes Special Warrants of $ 17,552,500

Program Description

The Public Protection Program provides leadership for the delivery of the Ministry's emergency management program for the protection of people and property affected by forest fires, flood, drought, erosion, soil/bedrock instability, and crude and natural gas exploration including natural gas and hydrocarbon underground storage, salt solution mining emergencies and other provincially significant emergencies where assistance is requested.

The program also has responsibility for the planning and provision, directly or indirectly, of non-scheduled air transportation for the Government of Ontario.

Program Description

This program leads and assists in the development and delivery of policies, programs and services that support Northern Ontario businesses and communities. In addition, the program strives to make Northern Ontario strong, healthy and prosperous by providing business and community economic development support and access to government programs and services, promoting trade and investment, and answering northern regional and local infrastructure needs. It also co-leads the implementation of the government's Growth Plan for Northern Ontario through the coordination of provincial economic development initiatives in the North.

The program provides support for policy and program development and implementation on a range of issues and opportunities with respect to Northern Ontario. By engaging Northerners in government initiatives, including policy and planning activities, this program also ensures Northerners have a say in the development of government programs and services that affect them. The program is responsible for applying a Northern lens for policy review and development and champions Northern Ontario interests to further economic development.

This program invests in Northern Ontario infrastructure to support government priorities. Strategic investments in infrastructure such as the Northern Highways Program and telecommunications and information technology are improving the North's linkages to the rest of Ontario, Canada and beyond.

The program area provides economic development support to Northern Ontario businesses and communities. Through this program, the Ministry's network of offices provides northern communities and businesses with access to government economic development programs and services. Ministry programs work to attract trade and investment opportunities to help northern businesses develop and expand domestic and international markets. The Ministry also helps public and private sector economic growth, diversification and job creation through the Northern Ontario Heritage Fund Corporation.

Program Description

This program encourages, promotes and facilitates the sustained economic benefits of Ontario's mineral resources through its oversight of Ontario's mineral exploration and development sector. It promotes a strong, safe and sustainable Ontario by administering Ontario's *Mining Act* in a fair and consistent manner, to ensure sustainable and responsible development of our mineral resources. This involves ensuring equitable public access to Crown mineral rights, fair and efficient management of Ontario's mining lands as well as ensuring the safe, environmentally sound mineral development and rehabilitation of mining lands.

It also has responsibility for encouraging and facilitating Aboriginal participation in Ontario's economy in a way that is respectful of Aboriginal rights and culture and meets Ontario's consultation obligations.

The program also generates and disseminates geoscientific data that attracts and guides mineral sector investment and informs a broad range of government policy priorities.

It administers the Ontario Diamond Royalty Regulation, values rough stones for export, and works with industry partners to pursue value-added opportunities throughout the diamond industry.

This program also provides support for policy and program development and implementation on a range of issues and opportunities with respect to development in the Ring of Fire. A dedicated secretariat works with all parties involved, consulting with Northerners including Aboriginal people and the mining community to encourage the region's responsible, sustainable development.

‡ Includes Special Warrants of $ 2,500,000

Program Description

The Ombudsman is an Officer of the Legislature who submits his reports directly to the Legislative Assembly. The Ombudsman's mandate is set out in the *Ombudsman Act.* The Ombudsman publishes an Annual Report as required by the Act, as well as special reports throughout the year on systemic investigations conducted by the Special Ombudsman Response Team.

The Ombudsman investigates complaints about the administration of Ontario's provincial governmental organizations and makes recommendations to improve government policy, programs and services. The Ombudsman investigates both individual and systemic complaints brought forward by members of the public, Members of Provincial Parliament, and on his own initiative. The Ombudsman services are free of charge.

During the 2013/2014 fiscal year, the Ombudsman's Office experienced a 37% increase in its caseload, receiving 26,999 complaints. The Ombudsman's Office maintains a complement of 86 FTE's, 63 of which are members of the Canadian Office and Professional Employees union (COPE). The last collective agreement was negotiated for the period of 2011 until March 31, 2013. Under the agreement its provisions are automatically renewed on a yearly basis until a new agreement is negotiated. This provides for annual step increases for staff. However no new salary increases have been in effect since 2013.

The Ombudsman also investigates citizens' complaints about closed municipal meetings pursuant to the *Municipal Act,* where no municipal investigator is in place. This additional jurisdiction was received in 2008 and was implemented using existing resources and with no resulting increase in the operating budget of the office. The Ombudsman also publishes an Annual Report on the Closed Meetings investigations conducted by his office, as well as special reports on individual investigations.

In December of 2014 Bill 8 passed. This legislation makes historic changes to the Ombudsman’s mandate, allowing our Office to help many more Ontarians. It expands the Ombudsman’s jurisdiction to municipalities, universities and school boards. At the time of this submission the Office is awaiting proclamation of the new legislation and a budget submission for this new required program will be submitted once the government determines the proclamation date.

The Office of the Ombudsman maintains a high social media presence and individuals may contact the Office to lodge a complaint in person, in writing, via toll-free telephone, email, internet or using a mobile web application. The Office provides extensive information about its operations and specific investigations in both English and French, on its website at www.ombudsman.on.ca.

Program Description

The Tourism Program seeks to sustain and grow the competitiveness of Ontario's tourism industry.

The Ministry works in partnership with tourism associations and businesses to strengthen and build the tourism industry and promote Ontario worldwide as a premier, four-season tourist destination. This includes providing support to the 13 Regional Tourism Organizations and festivals and events across the province, identifying tourism investment and development opportunities, and providing strategic intelligence to keep tourism stakeholders well informed about trends, issues, and visitor expectations.

The Ministry oversees the activities and accountabilities of six agencies and two attractions that promote tourism, economic growth and job creation. The Ministry's tourism attractions and agencies are the stewards of unique historic facilities, green space and parklands in regions across Ontario, and offer a range of educational, recreational, cultural and entertainment programs for residents and visitors.

Program Description

The Ministry's sport, recreation and community programs are working to increase Ontarians' sport and physical activity participation levels and developing high performance athletes whose achievements inspire people across Ontario and Canada.

The Ministry leads Ontario's interests in 'Amateur Sport' by ensuring recognized sports are conducted in a fair and safe way; encouraging sport participation among all Ontarians; supporting high performance athletes; ensuring the sport legacy from the 2015 Pan/Parapan American Games and advocating Ontario priorities at the federal level.

The Ministry leads Ontario's interests in 'Recreation' by providing funding for key partners to deliver projects that increase physical activity and provide after school programs among children and youth and promote the 2015 Pan/Parapan American Games; enhance recreation infrastructure at the local level; provide coordination for provincial interests in trails, parkland, open space and waterbased recreation resources.

The Ministry also supports Recreation and Community programs that deliver targeted health promotion programs with a focus on sport and recreation and engage Aboriginal communities to increase physical activity.

Program Description

The Tourism and Culture Capital Program preserves and enhances Ontario's investment in tourism and cultural infrastructure. The Ministry provides capital repair and rehabilitation funding to 13 of its 21 tourism and cultural agencies and attractions. This funding enables the Ministry's agencies and attractions to undertake repair and rehabilitation of existing infrastructure including: renovations, building code upgrades, health and safety improvements and statutory/regulatory compliance, that help them remain competitive and enhance the visitor experience.

The Ministry manages the infrastructure development commitments for Sports, Culture Tourism Partnership Program as well as one-time capital year-end investments.

The Ministry is currently leading the revitalization of Ontario Place, a signature capital project and commitment for the Ontario Government.

	1,000		**1,000**	**TOTAL CAPITAL ASSETS FOR CULTURE PROGRAM**	**0**

Program Description

The Culture Program promotes and supports the arts and cultural industries, protects Ontario's heritage, advances the public library system and supports cultural agencies in order to maximize their contribution to Ontario's social, cultural and economic well-being. The Ministry provides support and advice to municipalities, First Nations, municipal heritage committees and others involved in heritage conservation and protection or cultural planning.

Through strategic investments in cultural industries in the entertainment and creative cluster, the Ministry supports innovation, encourages high-skill job creation and contributes to strengthening Ontario's competitive advantage in the knowledge-based economy.

* Includes Special Warrants of $90,000,000

Program Description

The Pan/Parapan American Games Secretariat is responsible for overseeing Ontario's financial commitments to the Games and working with the Toronto 2015 Pan/Parapan American Games Organizing Committee, federal and municipal governments to ensure the Games' vision is achieved. The Secretariat co-ordinates the province's involvement in planning and operational activities for the Games, provides important services and expertise for hosting the Games and ensures the legacies are enjoyed by Ontarians for generations to come. The Secretariat works with Infrastructure Ontario and the Ministry of Infrastructure to co-ordinate the acceleration of the West Don Lands development for the Athletes' Village and works closely with all partners in the development of new and improved sport infrastructure that will support athletes and all Ontarians.

Program Description

The Postsecondary Education Division works in collaboration with the Strategic Policy and Programs Division to implement government strategies and policies for postsecondary education in Ontario. The Postsecondary Education Division develops and implements operational policies and financial support to postsecondary education institutions and students in Ontario, in support of the government's social and economic policy objectives with the goal of providing opportunities for high quality, accountable, relevant and accessible postsecondary education.

Key components of the program include: Ontario Student Assistance Program; administration of operating and capital transfer payments to colleges and universities; managing financial and governance relationships with postsecondary institutions; managing accountability mechanisms (such as key performance indicators and multi-year accountability agreement annual report backs); regulating the public colleges of applied arts and technology and private career colleges in accordance with applicable statutes.

Program Description

Employment Ontario (EO), Ontario's integrated employment and training network, makes it easier for Ontarians to find the employment and training programs and services they need. To remain competitive in the current and future economy, investments in education and skills training play a critical role in preparing people for jobs that ensure future prosperity in the knowledge-based economy.

EO's programs and services fall into four categories:
1. Employment and Training;
2. Apprenticeship;
3. Foundational Skills; and,
4. Labour Market.

EO programs and services are delivered through the EO network, comprised of Ontario's community-based network of employment service providers, literacy providers, public colleges, direct delivery apprenticeship offices and training delivery agents. EO aims to deliver integrated, customer-focused and effective employment and training to advance Ontario's economic advantage.

Program Description

The Strategic Policy and Programs Division leads strategic policy development and program design for postsecondary education and labour market training. It also performs key functions for the ministry such as: long-term forecasting, capital planning and evaluation, and management of inter-jurisdictional relations, including the oversight of federal-provincial labour market agreements. The division's work contributes to the government's goal of developing a highly knowledgeable and skilled workforce able to succeed in today's changing economy.

* Includes Special Warrants of $6,833,400

Program Description

The Ministry Administration Program provides guidance and supports the ministry in meeting its business objectives. From providing expertise on expenditure management to helping the ministry get the best value from its human resources, this program gives the ministry the necessary professional support to achieve its overall goals.

The program provides a full range of services including resource planning and management, controllership, procurement, communications, customer service, accessibility and diversity planning, emergency management and other corporate functions. This program also administers the government fleet of vehicles, on behalf of the entire Ontario Public Service.

Program Description

The Policy and Planning Program is responsible for identifying the long-term, strategic interests of the province with respect to Ontario's transportation systems, including transit. It also develops and implements policies, plans, programs and investments necessary to achieve that interest.

The program leads economic analysis and strategic research to support the sustainable and efficient movement of goods and people across Ontario's multimodal transportation system. It is also responsible for managing the province's relationship with Crown Agencies such as Metrolinx, which includes GO Transit, and for leading the development of an integrated multimodal Pan/ParaPan Am Games Transportation Plan.

Additionally, the program works to advance Ontario's transportation priorities and interests through the development of strong relationships with the federal government, other provinces, municipalities, and Aboriginal communities.

Program Description

The Road User Safety Program develops and implements strategies to improve road safety and mobility through the promotion of safe and responsible driving behaviour and motor vehicle safety.

Ontario has the best long term road safety record, one of the safest road jurisdictions in North America. The Ministry of Transportation's road safety program leads and actively participates with other jurisdictions in Canada and the United States in developing and promoting road safety initiatives and best practices. The program works with many partners, including law enforcement partners, community groups, safety organizations, the medical community, public health units, injury prevention practitioners, the insurance industry and the private sector to reduce collisions, fatalities and injuries on our roads.

The key responsibilities of the program are to: set safety standards and develop policies, programs, legislation and regulations for road users, commercial carriers and motor vehicles; inspect, monitor and enforce compliance with those standards; manage and deliver driver improvement and commercial vehicle safety programs; conduct leading edge research to inform policy development and guide public education and road safety marketing campaigns, improve public awareness of road safety, promote safe and responsible road user behaviours; manage revenue derived from driver and vehicle licences; focus on the customer by creating faster, smarter, more efficient products and services; and manage and protect personal information and identity. It also supports the delivery of programs for other ministries.

The program establishes policies and standards, and oversees the delivery of driver and vehicle licensing and registration and other services by our government and private sector partners.

Ω Includes Special Warrants of $18,000,000

Program Description

The Provincial Highways Management Program oversees the provincial highway network and develops strategies to maximize investments in highway infrastructure.

The provincial highway network provides safe mobility for people and goods, and promotes economic, environmental and social sustainability. The program delivers these activities through internal resources, partnerships and private sector service providers.

Activities include environmental assessments, investment planning, engineering, property acquisition, rehabilitation, new construction, contract oversight and routine summer and winter maintenance (such as shoulder grading/snow and ice control) for all provincial highways and bridges. The program is responsible for remote airports throughout northern Ontario, ferry services in locations across Ontario, First Nations roads subsidies, road improvements in unincorporated areas, service centres, and the production of the Ontario highways official map.

The program develops policies and guidelines and sets highway and bridge maintenance, engineering, materials, investment planning and construction standards.

Program Description

The Labour and Transportation Cluster provides leadership in the use of information and information technology (I&IT) for the Ministries of Labour and Transportation. The cluster is also the central provider for .NET technology solutions across the Ontario Public Service.

The cluster enables the ministries to deliver elements of their Results-based Plans by supporting effective management of their I&IT resources. The cluster also plans I&IT investments to optimize value and help the ministries be socially responsible stewards of the public trust.

By helping to modernize the ministries' information practices, the Labour and Transportation Cluster enhances program delivery, enables new business opportunities and improves customer service.

* Includes Special Warrants of $24,000,000

*Debt Issued for Investment Purposes, as a result of a debt for equity swap between the Province and Ontario Power Generation Inc. and Hydro One Inc., is eliminated upon consolidation.

SUMMARY OF DEBT OUTSTANDING - Concluded

As at March 31, 2015

The Public Service Pension Fund and Ontario Public Service Employees' Union Pension Fund are administered by the Ontario Pension Board and the Ontario Public Service Employees' Union Pension Trust Fund respectively. Debt due to these funds consisted of non-marketable debentures of the Province.

The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over.

The Ontario Immigrant Investor Corporation (OIIC) is an operational enterprise of the Ontario Government incorporated on April 30, 1999 under the *Development Corporations Act*. The corporation was established to act as Province's receiving vehicle for immigrant investor monies under the federal government's Immigrant Investor Program (IIP). The Ontario Financing Authority manages these monies under an investment management agreement with the OIIC, and the OFA invests these funds received from the IIP in Ontario's bonds.

The Canada Mortgage and Housing Corporation (CMHC) has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public borrowing cost at the time that the Corporation agreed to participate in the project.

The Province of Ontario has issued to public investors in the capital market bonds denominated in Canadian dollar, United States dollar, Japanese yen, Australian dollar, euro, Swiss franc, New Zealand dollar, U.K. pound sterling, Hong Kong dollar, Norwegian krone, and South African rand.

Ontario Savings Bonds (OSBs) were first issued in 1995. OSBs are retail bonds sold by the Province to the residents of Ontario. The bonds are issued once a year and are available for sale through most financial institutions. There are three types of bonds: Variable-Rate Bonds, Step-Up Bonds and Fixed-Rate Bonds. All are available with annual or compound interest.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with various maturities up to three years, are sold by tender on a regular basis.

U.S. Commercial Paper issues are non-interest bearing debt with maturities up to 270 days.

A School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards. The Trust issued 30-year sinking fund debentures amounting to $891 million and $882 million of the proceeds was provided to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province. An annual transfer payment is made by the Ministry of Education to the Trust's sinking fund under the School Board Operating Grant program to retire the debt over 30 years.

Net consolidation and other adjustments include third party debt issued by other government organizations and elimination of Provincial debt held by these organizations.

Debt Issued for OEFC: The Province, on behalf of Ontario Electricity Financial Corporation (OEFC), borrows from the Canada Pension Investment Board and issues debentures and treasury bills in the public markets. The proceeds of all such borrowings are advanced to OEFC in exchange for bonds and short term notes with like terms and conditions.

Debt issued for Investment Purposes: On April 1, 1999, under the *Energy Competition Act,* five corporations, together with their subsidiaries, were formed from the former Ontario Hydro. Ontario Power Generation Inc. (OPG) and Hydro One Inc. are two of these five corporations. In order for OPG and Hydro One Inc. to have capital structures competitive with those of other industry participants, the two companies entered into a debt-for-equity swap with the Province of Ontario. The Province assumed $8,885 million of the debt issued by the two corporations in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One Inc.

OUTSTANDING DEBT - Continued

As at March 31, 2015

References:

1. All debt issues are non-callable, except as stated in the notes below. Debt is payable at a fixed rate, or a floating rate with reference to a stated index, reset usually every three months (3M). These floating rate indices are CBA - Canadian Bankers' Acceptance Rate, Euribor - Euro Interbank Offered Rate, Hibor - Hong Kong Interbank Offered Rate, and Libor - London Interbank Offered Rate.
2. The following debt series are issued for Provincial purposes and for OEFC: DMTN201, DMTN205, DMTN163, DMTN208, DMTN173, DMTN217, DMTN183, DMTN79, DMTN218, DMTN195, DMTN225, DMTN140, DMTN200, DMTN207, DMTN212, DMTN215, HP, DMTN223, DMTN227, KJ, LQ, DMTN158, DMTN164, DMTN182, DMTN204, DMTN214, DMTN220, DMTN228, PU, EMTN82 and G62.
3. The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over. These debentures are not negotiable or transferable and are assignable only to a wholly-owned subsidiary of the Canada Pension Plan Investment Board. On April 1, 2007, all debentures held to the credit of the CPPIF or purchased by the Minister of Finance of Canada in accordance with Section 110 of the Canada Pension Plan were transferred to the CPPIB.
4. OIIC: Total outstanding amount is $959 million which is invested directly with the Province of Ontario and Infrastructure Ontario.
5. CMHC: The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest.
6. The Province entered into interest rate agreements for certain Canadian bonds to effectively convert their interest rate obligations according to the Province's risk management strategy. These bonds and effective rates are: DMTN203 3.39%, DMTN1 3M CBA rate – 0.02%, DMTN205 2.61%, DMTN209 2.83%, DMTN196 3.73%, DMTN210 2.77%, DMTN211 2.31%, DMTN173 3M CBA rate – 0.279% ($210 million), DMTN219 1.95%, DMTN217 1.88%, DMTN221 2.19% ($475 million), DMTN79 3M CBA – 0.05% ($125 million), DMTN222 2.52% ($531 million), DMTN224 2.14%, DMTN105 3M CBA – 0.03%, DMTN195 3M CBA rate + 0.55% ($600 million), DMTN226 1.91%, DMTN180 4.52%, DMTN116 4.22% and EMTN73 4.34%.
7. DMTN149: Bonds are extendible at the option of the bondholders on the initial maturity date of June 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable at the option of the bondholders on June 13, 2016 for Series DMTN119 at par. Interest is payable semi-annually at 3.6% until June 2, 2016 and 4.8% thereafter, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 4.67%.
8. DMTN152: Bonds are extendible at the option of the bondholders on the initial maturity date of December 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable on December 14, 2016 for Series DMTN119 at par. Interest is payable semi-annually at 3.75% until the initial maturity date and thereafter at 4.75%, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 4.76%.
9. MH: The terms of these debentures require that a special one-time interest payment of 25% of the principal amount outstanding be made at maturity.
10. DMTN157: Interest is payable semi-annually at 15.0% until January 13, 2006 and thereafter at 5.0%.
11. Series HZ, JA, JB, JC, JD: These are zero coupon bonds which require unequal payments consisting of principal and interest to be made at predetermined irregular intervals with final payment on January 10, 2035. During the fiscal year 2014-15, principal repaid was $0.1 million. The total principal and interest to be payable over the life of these bonds is $1,092 million.

OUTSTANDING DEBT - Continued

As at March 31, 2015

12. DMTN133: Bonds are retractable at the option of the bondholders on December 2, 2014 or exchangeable for Series DMTN119 at par on December 15, 2014. On December 2, 2014 and December 15, 2014, the bondholders did not exercise the options. Interest was payable at 4.0% until December 2, 2014 and thereafter is payable at 5.35% until final maturity date.
13. DMTN158: This Real Return Bond bears interest to the index adjusted principal in relation to All-Items Consumer Price Index for Canada (the "CPI"), issued with a base index of 127.54839 on October 4, 2005. Consequent to the change of official time base reference period from 1992 to 2002 by the Bank of Canada on June 19, 2007, the base index has been changed to 107.18352. Total issue size is $2,844 million in principal, of which $700 million has been on-lent to OEFC, and $300 million has been swapped effectively to a nominal debt paying a fixed rate of 4.66%. The amount outstanding represents the indexed value of the principal.
14. DMTN117: The bond was issued at a high premium in 2004 to offer a yield of 5.74%.
15. JL: The terms of these debentures require unequal payments, consisting of both principal and interest, to be made at predetermined irregular intervals with the final payment on January 10, 2045. The total principal and interest to be payable over the life of the debenture is $1,325 million.
16. OSB: Ontario Savings Bonds are redeemable at the option of the holders on June 21 and December 21 and for 14 calendar days following the redemption date of June 21 and December 21, with the exception of Fixed-Rate bonds which are redeemable at maturity only. Starting in 2009, Variable Rate Bonds are redeemable annually only on June 21. All current outstanding OSBs may be redeemed upon the death of the beneficial owner.
    OSB - Fixed Rate:
    In 2009, fixed rate bonds were issued for a term of two, three and five years. In 2010 and 2011, fixed rate bonds were issued for a term of three, seven and ten years. In 2012, 2013 and 2014, fixed-rate bonds were issued for a term of three and ten years only.
    OSB - Step-up Rate:
    2010 Series: Interest is payable at 1.0%, 2.0%, 3.0%, 3.75%, and 4.25%,
    2011 Series: Interest is payable at 1.25%, 1.5%, 2.0%, 2.5%, and 3.75%,
    2012 Series: Interest is payable at 1.25%, 1.5%, 1.75%, 2.0%, and 2.25%,
    2013 Series: Interest is payable at 1.25%, 1.5%, 1.75%, 2.0%, and 2.25%,
    2014 Series: Interest is payable at 1.25%, 1.5%, 2.0%, 2.25% and 2.5%,
    in year 1, 2, 3, 4 and 5 respectively.
    OSB – Variable Rate:
    Starting in 2009, the interest rate on the Variable Rate Bond is reset yearly, on June 21 only.
17. OSB: The outstanding amount represent bonds matured but not yet presented for redemption. Interest is payable on these bonds only up to the maturity date.
18. All foreign currency debt has been converted into Canadian dollar equivalents at the rates of the currency exchange agreements if the debt was hedged, or at year end exchange rates if unhedged. 98.6 per cent of foreign currency debt is hedged as at March 31, 2015. The exchange rates of foreign currencies to Canadian dollars as at March 31, 2015 are: Australian dollar 0.96355, euro 1.35986, Hong Kong dollar 0.16326, Japanese yen 0.010555, New Zealand dollar 0.94672, Norwegian krone 0.15707, South African rand 0.10431, Swiss franc 1.30201, United States dollar 1.26575, U.K. pound sterling 1.87907.
    In addition, the Province entered into interest rate agreements that effectively converted these interest rate obligations in accordance with the Province's risk management strategies. These bonds and effective rates are:
    (a) Australia in AUD 3.30%, EMTN in HKD 3.44%, Global in NZD 4.24%, EMTN in NOK 3.01%, EMTN in ZAR 4.36%
    (b) EMTN in Euro: 3.65% ($9,341 million), 3M CBA + 1.45% ($1,762 million)
    (c) Global in Euro: 4.00%
    (d) Japan in Yen: 4.35%, EMTN in Yen: 1.94% ($1,007 million)
    (e) EMTN in CHF: 4.35% ($1,359 million), 3.06% ($61 million, mixed rate)
    (f) Canada in USD: 4.49%
    (g) US in USD: 1.25% ($874 million), 1.84% ($254 million)
    (h) Global in USD: 3.33% ($25,016 million), 3M CBA + 0.32% ($11,081 million), 1.14% ($4,073 million)
    The OEFC also entered into interest rate agreements that effectively converted these interest rate obligations in accordance with the OEFC's risk management strategies. These bonds and effective rates are:
    (i) Australia in AUD 4.24%, Global in Euro 4.0%, EMTN in HKD 4.13%, EMTN in CHF 5.03%, EMTN in USD 4.22%, Global in USD 3M CBA + 0.32%.
19. U.S. Commercial Paper issues are discount notes with maturities up to 270 days.

OUTSTANDING DEBT - Concluded

As at March 31, 2015

20. SBT: A School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards. The Trust issued 30-year sinking fund debentures amounting to $891 million and $882 million of the proceeds was provided to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province. An annual transfer payment is made by the Ministry of Education to the Trust's sinking fund under the School Board Operating Grant program to retire the debt over 30 years.

21. Total consolidation adjustments include third party debt issued by other government organizations and the elimination of provincial debt held by these organizations. The following are the provincial debt held by other government organizations (in millions):

Ontario Bonds:

AgriCorp: $18m DMTN132 and $20m DMTN173.

Forest Renewal Trust: $2m DMTN173 and $3m DMTN207.

Infrastructure Ontario: $17m DMTN195, $62m DMTN218, $88m DMTN223 and $6m DMTN225.

Ontario Energy Board: $3m DMTN173, $1m DMTN201 and $1m DMTN208.

Ontario Trillium Foundation: $11m DMTN163, $12m DMTN173, $12m DMTN201, $12m DMTN208 and $12m DMTN213.

Ontario Immigrant Investor Corporation: $353m OIIC 130-168.

Treasury Bills:

Northern Ontario Heritage Fund Corporation: $198m, Ontario Capital Growth Corporation: $91m, Ontario Immigrant Investor Corporation: $87m, Infrastructure Ontario: $509m and Ontario Trillium Foundation: $28m.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2015

The Tile Drainage Act authorizes the Minister of Finance to purchase, acquire and hold debentures issued by municipalities for construction of private tile drainage works. These debentures are payable within ten years of the issue of the debentures.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the Tile Drainage Act and are secured by liens on the properties.

The Ontario Automotive Investment Strategy Fund is a conditional loan of $173 million to General Motors of Canada Limited to support the company's $2.5 billion Beacon project. The project supports expansions in vehicle design and manufacturing capabilities at three Ontario plants and a Canadian Engineering Centre, including innovative manufacturing technologies, and advanced training. Also, the Ministry provided a conditional loan of $2.2 million to Valiant Corporation to support the company's investment in flexible assembly systems.

The Advanced Manufacturing Investment Strategy provided loans to encourage companies to invest in leading edge technologies and processes that will increase productivity and competitiveness. The program has been closed to new applications since February 5, 2010.

The Strategic Jobs and Investment Fund is a multi-year fund, consisting of conditional grants and repayable loans that aim to attract strategic investments in innovative projects that will help transition Ontario's economy and build global competitiveness and long-term prosperity.

The MaRS Phase 2 is a multi-year loan program to support the MaRS Phase 2 Tower project. As part of this loan agreement with MaRS Phase 2 Inc., the previous debt service guarantee was terminated and the ministry assumed the loan from Ontario Infrastructure and Lands Corporation (OILC). Funds were also advanced to acquire Alexandria Real Estate's (ARE) interest in the MaRS Phase II project and to support the project's transition to a state where the project can be refinanced by a third-party lender.

The Innovation Demonstration Fund is a discretionary, non-entitlement funding program that focuses on the commercialization and initial technical demonstration of globally competitive, innovative green technologies, processes and/or products. The objective of the program is to help companies in their efforts to commercialize innovative technologies in Ontario.

The Southwestern Ontario Development Fund is a multi-year fund, consisting of grants and repayable loans to support the attraction and retention of employment, investment, and promote innovation and cluster development and collaborations in Southwestern Ontario.

In 2005-06, as part of the financial restructuring of Stelco Inc., the Ministry of Finance lent $150 million for ten years at 1% to Stelco Inc. in consideration of Stelco Inc. paying $400 million into its pension plans and agreeing to a pension refinancing plan. 75% of the loan would be forgiven if all of Stelco Inc.'s four main pension plans are fully funded at the end of the ten-year term of the loan.

U.S. Steel Canada Inc. (USSC) is the legal successor of Stelco Inc. and is liable for the obligations of Stelco Inc. in respect of the Province Note Loan Agreement. In September 2014, U.S. Steel Canada Inc. filed for bankruptcy protection under the Companies' Creditors Arrangement Act. In December 2014, the Province submitted a Proof of Claim against USSC for the full amount of loan and accrued interest. Furthermore, the Ministry of Finance established a doubtful accounts provision of $37.5 million for the outstanding portion of the loan.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2015

On April 1, 1999, under the *Energy Competition Act*, 1998, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro: The Ontario Electricity Financial Corporation, Ontario Power Generation Inc., Hydro One Inc., the Independent Electricity System Operator and the Electrical Safety Authority.

The Ontario Power Generation Inc. (OPG) and Hydro One Inc. (Hydro One) entered into a debt-for-equity swap with the Province of Ontario in order to have capital structures competitive with those of other industry participants. The Province assumed $8,885 million of the debt issued by the two corporations to OEFC in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One. In addition, OEFC owed Hydro One for a working capital adjustment in the amount of $122 million on the initial transfer of assets to Hydro One on April 1, 1999. Hydro One agreed to settle this amount as a reduction of their Shareholder's Equity account in 2004. In effect, the Province settled the amount on behalf of OEFC, resulting in a reduction of the equity in Hydro One to $3,637 million.

The Ontario Infrastructure and Lands Corporation (Infrastructure Ontario) was established under the Ontario Infrastructure and Lands Corporation Act, 2011. As at March 31, 2015, an $800 million promissory note is outstanding, maturing on March 31, 2053. The interest on the note is reset quarterly at the Province's three-month Treasury bill rate and is payable quarterly. In addition, the Province had on-lent $2,780 million to Infrastructure Ontario as at March 31, 2015.

Ontario Infrastructure and Lands Corporation has been provided a short-term revolving credit facility to a maximum $900 million. As of March 31, 2015, the outstanding balance of this credit facility is $735.0 million bearing interest rates ranging from 0.76% to 1.12%.

The Ontario Student Loan Trust was created in August 2001 to loan funds to students in attendance at approved educational institutions in the Province. Funds are borrowed from the Province and advanced to individual students upon application and approval by the Student Support Branch of the Ministry of Training, Colleges and Universities.

On January 21, 2009, the restructuring of the frozen Canadian third-party asset-backed commercial paper (ABCP) was completed, and in exchange, the Province received the long-term notes issued by the Master Asset Vehicle (MAV). The asset-backed term notes were booked at the net recoverable value upon exchange and were subject to further valuation adjustments if there were losses which were other than temporary. In May 2014, the Province participated in the optional redemption unwind process for Canadian dollar-denominated MAV notes. Long-term notes totalling $511 million at par with a net book value of $402 million were exchanged for notes in the Liquidation Trust. In July, the Province received a distribution of $436 million on these notes. The remaining MAV notes of $31 million at par with a net book value of $21 million were sold for $28 million in June.

The Province and the Government of Canada, by way of Export Development Canada (EDC), a Crown corporation wholly-owned by the Government of Canada, provided a co-ordinated response to help achieve long-term viability and competitiveness of the Canadian auto sector. The Province's investment represented one-third of the total Canadian financial assistance provided to General Motors Company, General Motors of Canada Limited, Chrysler LLC and Chrysler Canada Inc. in the restructuring of their operations. As at April 1, 2014, the Province's net investment in the auto companies was $2,567.4 million. During the year, the Province's investment was reduced by $2,053.5 million, resulting in an ending balance of $513.9 million as at March 31, 2015.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2015

On behalf of the Province and various provincial Crown corporations and other public bodies, the Ontario Financing Authority (OFA) coordinates borrowing and financial risk management activities; offers short-term investment management services; advises on project financing; and provides centralized finance and cash management services. Acting as an intermediary for the Province, the OFA provides financing to various public bodies, the repayment of which is expected from third party revenues. The funds for these loans are borrowed from the Province.

School boards have been provided loans under various programs beginning in 2006. During the year ended March 31, 2015, school boards received additional loans and made two semi-annual blended payments of principal and interest, leaving the total outstanding amount at $5,608.4 million (2014 - $5,575.2 million). These loans bear interest ranging from 2.42% to 5.38% and mature from 2019 to 2040.

The Ontario Lottery and Gaming Corporation (OLG) is a Crown agency of the Province under the Ontario Lottery and Gaming Corporation Act, 1999, and has been provided loans totalling $29.7 million (2014 - $32.3 million) to fund several projects, bearing interest at rates ranging from 2.32% to 3.22% and maturing from May 2016 to January 2018.

Infrastructure Ontario has been provided a revolving credit facility to a maximum amount of $200 million maturing in June 2019. Infrastructure Ontario has drawn $10.0 million (2014 - $25.0 million) bearing interest rates ranging from 1.59% to 2.59%.

The Royal Ontario Museum (ROM) is a Crown agency of the Province under a Special Act of the Ontario Legislature and has borrowed $33.3 million (2014 - $35.5 million) comprised of $3.7 million at a fixed rate of 5.04% and $29.6 million at a floating rate currently at 2.20%. All outstanding loans are scheduled to be repaid by March 2027.

The Corporation of the City of Windsor is a municipality within the meaning of the Municipal Act. The financing provided is for the acquisition, design and construction of the Windsor Justice Facility, consisting of a provincial division courthouse and city police headquarters. This is a 20 year loan bearing interest at 6.41% and maturing in March 2021. The outstanding balance is $11.6 million (2014 - $13.1 million).

The Ontario Northland Transportation Commission (ONTC) is a Crown agency of the Province under the Ontario Northland Transportation Commission Act, 1990. ONTC's total borrowing of $3.3 million (2014 – $5.6 million) matures from 2020 to 2031 and bears interest ranging from 4.90% to 5.22%.

The Niagara Parks Commission, a Crown agency of the Province, operating under Niagara Parks Act, 1990, has been provided a loan of $5.2 million (2014 - $5.5 million) to finance additional capital costs incurred for the redevelopment of phase I of Table Rock House in Queen Victoria Park, Niagara Falls. This loan bears interest at 5.07% and matures in April 2027.

The Centennial Centre of Science and Technology is a Crown agency of the Province under the Centennial Centre of Science and Technology Act, 1990. The $1.0 million (2014 – $1.5 million) loan was made to fund the construction of the Agents of Change project, bears interest at 4.35% and matures in March 2017.

The Ottawa Convention Centre (OCC) is a Crown agency of the Province under the Capital Investment Plan Act, 1993, and has been provided a loan of $43.4million (2014 – $41.7 million) for the purpose of providing term debt to finance part of the construction of the Ottawa Convention Centre. This 25 year loan bears interest at 4.67% and matures in September 2036. Pursuant to a directive signed by the Minister of Finance on November 2, 2012, the OFA provided OCC with a repayment deferral of principal and interest up to five years. Interest continues to accrue over the five year deferral period. The outstanding amount includes capitalized interest of $3.4 million.

LOANS AND INVESTMENTS – Concluded

For the year ended March 31, 2015

The University of Ontario Institute of Technology (UOIT) is a corporation established under the University of Ontario Institute of Technology Act, 2002. UOIT has borrowed $15.4 million (2014 - $19.9 million) bearing interest at 2.77 % and matures in October 2017.

Colleges of Applied Arts and Technology have been loaned $227.9 million (2014 - $218.9 million) for various campus projects including new and expanded student residences, computer equipment, parking facilities, and an energy saving capital project. These loans bear interest ranging from 1.81% to 5.49% and mature from 2015 to 2040.

Pursuant to Subsection 82(4) of the *Pension Benefits Act,* the Minister of Finance is authorized to provide interest-free loans to the Pension Benefits Guarantee Fund (PBGF) if at any time the amount standing to the credit of the Fund is insufficient for the purpose of paying claims, including those arising in respect of the Non-Contributory Pension Plan covering Hourly Paid Bargaining Unit Employees of Algoma Steel Inc. and the Algoma Steel Inc. Salaried Employees Pension Plan for Employees in Canada. In 2003-04, the Province granted a loan of $330 million to PBGF, repayable in thirty equal annual instalments of $11 million commencing December 1, 2004. The unamortized discount represents the value of the interest concession on the loan.

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

The objective of the *Shoreline Property Assistance Act* is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the *Municipal and School Tax Credit Assistance Act.*

The Province entered into a debenture loan agreement with the City of Toronto in 2004. The outstanding principal is now estimated to be approximately $161.0 million. The total remittance of the loan will be $231.3 million, including accrued interest of $61.1 million.

Ontario Northland Transportation Commission operates a railroad and maintains communications and transportation services – including bus and marine services – to and within the northern regions of the Province. The $35,207,935 represents the ministry's equity investment in the Ontario Northland Transportation Commission. The Province provided subsidies of $108,407,865 ($84,220,720 in 2012-13).

At end of fiscal 2014 the Ministry was owed $17,582,974, plus an additional $10 million, less the write-off of the Kirkland Lake Engineered Wood Products (KLEWP) loan of $7,085,699 for a total of $20,497,275 in loans and $162,868 in interest, less the write-off of the KLEWP interest of $136,124, for a total of $26,744.

The Ministry awarded Science North with a repayable grant of $500,000 to assist in the designing, constructing and installing of an IMAX Theatre. Repayments began in 1996-97 and are based on 50% of the yearly net revenues.

The Loans for Tools program began in September 1998 to provide loans of up to $800 to new apprentices who are Ontario residents to help them buy the tools they require for their apprenticeship programs. The loan repayments are to begin once their schooling is completed. The loan is interest free for up to one year following completion of training.

The Ontario Student Assistance Program (OSAP) provides needs-tested financial assistance in the form of loans and grants to eligible postsecondary students. Loans repayment to the Ontario Student Loan Trust begins six months after study period ends. If loan repayment is not made and loan default occurs, the loan becomes a debt to the Province and collection activity begins through the province's Collection Management Unit.

FUNDS AND OTHER LIABILITIES

For the year ended March 31, 2015

	Balance at March 31, 2015 $
Incremental Liabilities for Contaminated Sites - Transition Amounts:	
• Ministry of the Environment and Climate Change	304,718,643
• Ministry of Transportation	41,602,842
• Ministry of Economic Development, Employment and Infrastructure	140,987,000
• Ministry of Northern Development and Mines	268,694,566
• Ministry of Natural Resources and Forestry	807,578,735

For the 2014-15 Public Accounts, the Ontario government adopted a new accounting standard on accounting for Liabilities for Contaminated Sites issued by the Public Sector Accounting Standards Board. The above amounts represent incremental liabilities reportable under the new accounting standard. In the year of implementation, the standard allows for incremental liabilities to be reported directly against the Province's accumulated deficit and not recognized as expense. As such, it was considered impractical to seek to have them authorized under the estimates and the Supply Act; rather, the government obtained the enactment of a limited statutory appropriation under section 8.1 of the Financial Administration Act for these incremental liabilities. Each ministry's respective incremental liability for environmental remediation as at March 31, 2015 to be funded under this statutory appropriation is capped at the amount noted for that ministry in the above table. Future changes to these estimates or any new liabilities reportable under the standard will be reported in ministry statements as voted appropriations in Volume 1 and will impact the Province's annual surplus/deficit.

The Gaming and Liquor Deposits were established under the authority of Section 14 of the Alcohol and Gaming Regulation and Public Protection Act, which allows the Alcohol and Gaming Commission to establish fees and other charges in administering the *Gaming Control Act* and *Liquor Licence Act.* Under Section 9 of the Gaming Control Act, all applicants/registrants are required to pay the reasonable costs of an inquiry or investigation related to gaming registrations under the Act. Under Section 7 of the Liquor Licence Act, a public notice of an application for a licence to sell liquor must be provided in the prescribed manner. The deposits are used to defray the costs as described. As of March 31, 2015 gaming deposits were $11,525,343 and liquor deposits were $1,989,261 totalling $13,514,604.

The Victims' Justice Fund is a special purpose account established under the *Victims' Bill of Rights, 1995*. The fund receives the majority (95%) of its revenues from Victim Fine Surcharges (VFS) imposed under the *Provincial Offences Act.* The Victims' Justice Fund ensures that funds generated through the federal and provincial surcharges are used for the purpose of providing assistance to victims, enables separate tracking of these funds, and permits any unspent funds to be carried into the next fiscal year.

The Ministry of the Attorney General operates a special purpose account related to civil asset forfeiture and the proceeds of unlawful activity. These funds are used to compensate direct victims of unlawful activity that has led to the forfeiture, offset the administration of civil justice costs associated with civil asset forfeiture cases, and to provide grants to law enforcement agencies to assist victims and prevent unlawful activity that leads to victimization.

The Ministries of Community Safety and Correctional Services and The Attorney General, each operates a special account that has been established for the purpose of holding monies respecting Proceeds of Crime received by, or on behalf of the Crown. Ontario has entered into a Memorandum of Understanding with the federal government indicating the Province's commitment to using proceeds of crime to fund law enforcement and crime prevention initiatives and administration of criminal justice costs associated with proceeds of crime cases. The ministries make payments from these accounts as required by the terms, and interest is credited to these accounts on a quarterly basis. Both ministries signed a sharing agreement to share both monies received from the federal and provincial proceeds of crime. The sharing includes MAG receiving 40% and MCSCS receiving 60% of the funds received from the Province and 25% to MAG and 75% to MCSCS of the funds received from the federal government.

FUNDS AND OTHER LIABILITIES – Continued

For the year ended March 31, 2015

In the May 1997 Budget, in order to recognize the tremendous sacrifice made by our public safety officers and their families to keep Ontario safe, the Constable Joe MacDonald Public Safety Officers' Survivors Scholarship Fund was established by an Order-In-Council (OIC) as a Special Purpose Account with an allocation of $5 million (and interest earned at 5 per cent per annum when the principal is less than $5.5 million). The scholarship provides funding to the children and spouses of public safety officers who have died in the line of duty. The funding recommendations are made by an Advisory Committee, which was also established based on the direction included in the OIC. The ministry makes payments from this account as required by the terms and directed by the Minister, and interest is credited to this account on a quarterly basis.

Individuals and Corporations are required to place financial assurance with the Ministry of the Environment to finance environmental cleanups and site rehabilitations relating to Orders and Approvals of the Ministry. The financial assurance contributions provided are in cash and earn interest while on deposit with the Minister of Finance. Both cash deposits and interest earned are refundable.

Operators of waste wells are required to pay a fee to the Ministry of the Environment, based on waste disposed in approved disposal wells under the *Environmental Protection Act.* These payments from individuals and corporations are non-refundable and are placed in an interest-bearing account with the Minister of Finance to compensate any person or organization for damage to water or water courses which are rendered unfit for use by reason of the operation of the waste well.

This is an interest bearing Special Purpose Account, held in trust for the community of Port Loring by the Ministry of the Environment, to be used as an operational subsidy for a communal water system which was built to address gasoline contamination of the groundwater that had impacted private wells in the community.

The Motor Vehicle Accident Claims Fund operates under the authority of the Motor Vehicle Accident Claims Act. The Fund derives its revenues from two sources: an annual fee charged upon every issuance/renewal of a driver's permit/licence and repayments from debtors (uninsured at-fault motorists). Payments out of the Fund have been subject to a variety of legislative changes over the years of its operation and are detailed in the Notes to the Fund's Financial Statement, which is to be found in Volume 2c.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Finance, which were not cashed by March 31, 2015.

Unclaimed fully registered bond interest includes interest on Ontario Savings Bonds matured, but not redeemed as of March 31, 2015.

The Personal Property Security Assurance Fund (PSSAF) was established under the authority of the Personal Property Security Act and Regulations and includes claims made under the Repair and Storage Liens Act. Any person who suffers a loss or damage that arises from errors or omissions made in personal property registration records may be entitled to compensation. Under the regulations, one per cent of the fees received for registration as well as annual interest payments determined by the government via Order-in-Council are paid into the PPSAF.

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding pension and related benefit funds for the Provincial Judges Pension Fund, Justice of the Peace Supplemental Plan, Supplementary Benefits Accounts and the Deputy Ministers' Supplementary Benefit Account. The amounts recorded by the Province are essentially the sole assets of these plans.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Health, which were not cashed by March 31, 2015.

The Crown Forest Sustainability Act (the "Act") provided for the establishment of the Forestry Futures Funds. The purposes of these funds are to provide for: 1) the funding of silvicultural expenses in Crown Forests where forest resources have been killed or damaged by fire or natural causes, 2) the funding of silvicultural expenses on land that is subject to a forest resource licence, if the licensee becomes insolvent, and 3) the funding of intensive stand management and pest control in respect of forest resources in Crown Forests.

FUNDS AND OTHER LIABILITIES – Concluded

For the year ended March 31, 2015

The *Crown Forest Sustainability Act* (the "Act") provided for the establishment of the Forest Renewal Trust Funds. The purposes of these funds are to provide for the sustainability of Crown forests and, in accordance with that objective, to manage Crown forests to meet social, economic and environmental needs of present and future generations. The payments of forest renewal charges are received by the Minister of Finance from a licensee who cuts timber on an area that is subject to an agreement under Section 6 of the Act.

A separate account in the Consolidated Revenue Fund is maintained for the Fish and Wildlife Program for dedicated revenue retention from the sale of licences as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The *Provincial Parks Act* provides for the establishment of a separate account in the Consolidated Revenue Fund for the Ontario Parks Program for the dedicated revenue retention from the collection of Provincial Parks Fees as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The Mine Reclamation Fund is a special purpose account established in 1994, within the Consolidated Revenue Fund for the purpose of receiving and dealing with payments of money received as financial assurance dedicated for the closure costs of mine projects pursuant to Section 145 of the *Mining Act R.S.O. 1990 c.M.14.*

The Training Completion Assurance Fund (TCAF) is a provision of the Private Career Colleges Act, 2005 (PCCA). TCAF is administered by the Superintendent of Private Career Colleges with the assistance of a TCAF Advisory Board appointed by the Minister of Training, Colleges and Universities. In the event a PCC closes, the PCC's financial security will be used to provide students with training completions or refunds. Once the PCC's financial security has been exhausted, outstanding student claims can be paid out by the TCAF.

The International Registration Plan (IRP) is a continent wide international agreement that facilitates the collection and distribution of commercial vehicle registration fees to all IRP members based on distance traveled in each jurisdiction. All Canadian provinces and U.S. states are members of IRP. The IRP liability account represents registration revenue collected from Ontario truck and bus companies and deposited into an Ontario government U.S. bank account on behalf of U.S. IRP member jurisdictions. These registration revenues are accumulated and distributed monthly to U.S. and Canadian IRP member jurisdictions.

The Unincorporated Roads Program Account represents funds deposited to the Special Purpose Account (SPA) by various boards in the Unincorporated Roads Program. These include Local Roads Boards (LRBs), Statute Labour Boards, and Special Maintenance Agreements, corresponding provincial contributions, as well as funding under the Federal Gas Tax program for roadwork that has not yet been performed by the ministry. Boards under the Unincorporated Roads Program consists of an owner or owners of land in a territory without municipal organization and there are approximately 300 - 350 active in the province. The roadwork to be performed is determined during an annual meeting between the LRBs and ministry officials and may include emergency repairs, general maintenance or capital upgrades.

The Ministry administers the Dedicated Gas Tax Funds for Public Transportation (Gas Tax) Program. Starting in 2004, the province provided one cent per litre of provincial gas tax revenues, increasing the amount to 1.5 cents a litre in October 2005 and 2 cents a litre in October 2006. The Gas Tax program provides a long-term sustainable source of funding for Ontario municipalities to improve and expand public transit. The funding of 2 cents a litre was made permanent with the passing of the Dedicated Funding for Public Accounts Act, 2013 through the 2013 Ontario Budget. A Special Purpose Account entitled the "Dedicated Funding for Public Transportation" was created and funds, determined pursuant to a formula stipulated under the Act, are deposited into it and subsequently paid out to the recipients. In 2013-14, the ministry realigned the gas tax program year to correspond with the provincial fiscal year and rolled out an interim 6 month program with funding of $163.4M, to bridge the gap between the end of the 2012-13 program and the start of the 2014-15 program. For 2013-14, 96 transit systems in 133 communities, representing 90% of the total population of Ontario received Gas Tax funding. For 2014-15, pursuant to the Act, $321.5 million was deposited into the Special Purpose Account. A total of 96 transit systems in 132 communities, representing 90% of the total population of Ontario, received Gas Tax funding in 2014-15. The Province has committed $3.1 billion in Gas Tax funding to Ontario municipalities since 2004.

FINANCIAL GUARANTEES – MINISTRY OF FINANCE:

Two agreements are in place to satisfy the Canadian Nuclear Safety Commission (CNSC) licensing requirements for financial guarantees in respect of OPG's nuclear station decommissioning and nuclear waste management obligations. One agreement gives the CNSC access (in prescribed circumstances) to the segregated funds established under ONFA. The other agreement between the Province and the CNSC provides a direct Provincial guarantee to the CNSC on behalf of OPG. This guarantee, for up to $1.551 billion, effective January 1, 2013, relates to the portion of the decommissioning and waste management obligations not funded by the estimated value of ONFA Funds as at January 1, 2013 and will remain effective until the end of 2017. In return, the Province receives from OPG an annual fee equal to 0.5 per cent of the value of the guarantee.

References:

1. The Province's maximum liability for the program is $120,000,000.
2. The Province's maximum liability for the program is $130,000,000.
3. The Province has guaranteed the repayment of loan facility made by United Communities Credit Union Limited to Pelee Island Cooperative Association for a period beginning May 11, 2010 and ending at the earliest of April 1, 2015 or repayment of all the amounts borrowed. The guarantee shall be extended accordingly but not to extend beyond April 1, 2035. The maximum amount guaranteed is $ 0.6 million plus any unpaid interest, costs and expenses thereon.
4. The Province has provided five loan guarantees under Aboriginal Loan Guarantee Program: two in the fiscal year 2011-12, two in the fiscal year 2013-14 and one in the fiscal year 2014-15 for a combined total of $179.95 million. These guarantees will mature in the fiscal year 2025-26 and 2029-30. Borrowers pay the Province an annual loan guarantee fee of 0.15% of the guaranteed amount. The Aboriginal Loan Guarantee Program provides loan guarantees to support Aboriginal equity participation in renewable energy generation and transmission projects and has a maximum program envelope of $400 million.

* CLAIMS AGAINST THE CROWN

As at March 31, 2015

The following are claims arising from legal action either in progress or threatened against the Crown in respect of breach of contract, damages to persons and property and like items. The amounts claimed have not been specified, but in each case are expected to exceed $50 million.

1. Mary Lou LaPratte, Roland LaPratte, Sheila Horrell, Arthur Horrell et al. (proposed class proceeding).
2. Monaghan, John Richard v. HMQ, the Attorney General and the Solicitor General together with the OPP.
3. Twain, Jim Chief, Statement of claim for damages for negligence, breach of contract, fiduciary duty and treaty rights.
4. Chuang, David, Dr. DMD: claim for damages alleging defamation, breach of fiduciary obligations, misfeasance in public office, injustice, embarrassment, harassment, humiliation, etc. The College of Dental Surgeons of Ontario stripped the plaintiff of his licence for sexual misconduct.
5. Dr. Jeffrey Lipsitz v. Ontario: claim alleges that, in the course of inspecting and regulating Sleep Disorders Centres owned by the plaintiff, the defendants engaged in tortuous conduct including conspiracy, unlawful interference with economics relations, abuse of process, negligent performance of statutory duty, abuse of public office, and negligent and malicious investigation.
6. Magnotta Winery Corporation et al. v. AGCO et al. re: allegations that the “Made Policy” which places restrictions on the sale of alcohol products was created unfairly and discriminates against Plaintiff’s business operations.
7. Keatley Surveying Ltd. v. Teranet Inc. re: Class Proceedings against Teranet for damages of infringement of the Copyright Act, R.S.C. 1985, pertains to the electronic land registry system.
8. W. Ross Macdonald School for the Blind v. HMQRO. The claim is brought by a former student and resident who resided and attended the school from 1954 until 1965.
9. Trillium Power Wind Corporation v. HMQRO as represented by Ministries of Natural Resources, Environment and Energy Infrastructure claim for damages by reason of the revocation of its status as an applicant of record and exclusive registrant for wind power development on Crown land pursuant to the Green Energy Act, 2009.
10. Janice Cerra et al v. Corporation of the City of Thunder Bay: Claim for damages and injuries against HMQRO Ministry of Environment sustained from alleged wastewater infrastructure failure and contaminant spills affecting property owners and occupiers in the City of Thunder Bay as a result of flooding and sewer back up which commenced on or about May 28, 2012 and continued unabated for weeks.
11. Northern Superior Resources Inc. v. HMQRO: Claim for damages arising in respect to unpatented mining claims owned by the Plaintiff company located in lands situated in the Red Lake Mining Division northwest of Thunder Bay.
12. SkyPower CL 1 LP, et al v. HMQRO and the Ontario Power Authority: Claim for damages for breach of contract and/or negligent misrepresentation in relation to the processing of applications submitted to the FIT program and changes to the FIT program made in July 2012.
13. Quinte, Elaine, et al v Algoma Central Properties – Elliot Lake Algo Mall Collapse – Class Action claim arising from the collapse of the Algo Centre Mall on June 23, 2012.
14. Papassay, Holly v HMQRO: class action claim for damages and injuries suffered by members while in foster care facilities by Children’s Aid Societies across Ontario under the care of the Ministry of Children and Youth Services.
15. Johnson, Glenn, et al v. HMQRO: Draft class action claim for damages contemplated by a class comprised of inmates incarcerated at the EMDC between January 1, 2010 and August 25, 2013.

* CLAIMS AGAINST THE CROWN – Continued

As at March 31, 2015

16. StandardBred Breeders of Ontario Association v. HMQRO and OLG: Alleged negligent misrepresentation of the cancelled Slots-at-Racetracks Program (SARP).
17. Ontario Schedule 1 Facilities Adult Occupational Centre, Edgar and D'Arcy Place McIntyre, Marlene: Claim for damages arising from the negligence and breach of fiduciary duty for the Province of Ontario's operation and management of D'Arcy Place, Adult Occupational Centre (Edgar) and Ontario Schedule 1 Facilities.
18. Northern Diamond Gaming Services Limited and Diamond Gaming Services Inc. et al.
19. The Chippewas of Sarnia, the Chippewas of Kettle Point et al. v. Ontario, Polysar Hydrocarbons Limited et al.
20. Clifford Meness et al., for themselves and all other members of the Algonquins of Golden Lake Band of Indians.
21. Roger Southwind on behalf of the Lac Seul Indian Band.
22. Moose Factory First Nation et al. v. Spruce Falls Power and Paper Company Limited.
23. New Post First Nation et al. v. Spruce Falls Power and Paper Company Limited.
24. Missanabie Cree First Nation v. Ontario and Canada.
25. Six Nations of the Grand River Band.
26. Wikwemikong Indian Band Re: aboriginal title in islands in Lake Huron and Georgian Bay.
27. Chippewas of Sarnia Band re: aboriginal title in large tract in City of Sarnia.
28. Mississauga of Alderville, Beausoleil, Chippewas of Georgia Island, Mnjikaning (Rama), Curve Lake Hiawatha, and Scugog Island First Nation.
29. Wesley Big George on behalf of seven Lake of the Woods First Nations vs HMQ.
30. Big Grassy (Mishkosiimiiniiziibing) First Nation and Ojibways of Onigaming First Nations adjacent to the Lake of the Woods and Winnipeg River area who are signatories to Treaty 3 and who are seeking damages on account of flooding that occurred 1887 - 1892.
31. Wauzhushk Onigum First Nation and Ochiichagwe'babig o'ining First Nation and Washagamis Bay First Nations.
32. Walpole Island First Nations re: aboriginal Title to certain parts of S. Western Ontario use of land and compensation.
33. The Begetikong Anishnabe First Nation (aka the Ojibways of Pic River) Chief Roy Michano, Councillor Duncan Michano and Councillor Arthur H. Fisher, aboriginal title to a large tract of land on the northeastern shore of Lake Superior.
34. Long Lake No. 58 First Nation. Plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
35. Biinjitiwaabik Zaaging Anishinabek First Nation (Rocky Bay Band): claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
36. Sand Point First Nation: claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
37. Pic Mobert First Nation: claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
38. Pays Plat First Nation v. Canada and Ontario: This action seeks declarations of aboriginal title and related relief with respect to lands on the north shore of Lake Superior. The individual plaintiffs are Ojibway Indians who are members of the Pawgwashing First Nation, a.k.a. Pays Plat First Nation. They argue that they never agreed to and are not bound by the Robinson Superior Treaty of 1850.
39. Whitesand First Nation Annuity Claim, Plaintiff seeking declaration that increased annuity payable pursuant to Robinson-Superior Treaty 1850 has not been paid.

* CLAIMS AGAINST THE CROWN – Concluded

As at March 31, 2015

40. Moose Deer Point First Nation, Statement of claim for compensation for breach of fiduciary obligation and a declaration that the plaintiffs have existing treaty rights as set out in the address of Samuel Peters Jarvis in 1837.
41. Garden River First Nation Reserve No. 14 re: First Nation's boundaries under Robinson-Huron Treaty.
42. Agency One Damages Action: Potential third party claim brought by Canada against Ontario and Fort Frances demanding contribution and indemnity for damages on the grounds of a constructive trust.
43. Atikameksheng Anishnawbek v. HMQRO, et al: Notice of claim against the Attorney General of Canada and Her Majesty the Queen in the Right of Ontario for, inter alia, breach of fiduciary duties in failing to provide the claimant with a reservation in accordance with the written and oral terms of the Robinson Huron Treaty of 1850.
44. Kapuskasing Cree First nation v. Her Majesty the Queen in Right of Ontario, Minister of Aboriginal Affairs, Ontario Power Generation et al. Damages for interference with aboriginal title and rights without consultation, various declaration, the quashing of various provincial decisions and approvals, and order compelling recognition under the *Indian Act* and the establishment of a reserve.
45. Aundeck OMNI Kaning First Nation et al: The plaintiffs dispute the "equitable validity" and scope of Treaty 94 (1862) which contained a surrender of most of the lands purportedly reserved to the plaintiffs by Treaty 45(1836).
46. Northwest Angle No. 33 First Nation: Claim for flooding and related damages and a declaration of fiduciary duty to the plaintiffs.
47. Restoule et al. v. Canada and Ontario: The plaintiffs seek declaratory relief recognizing an obligation on the Crown, now and in the past, to increase [Robinson Huron] Treaty [of 1850] annuities to the extent the Crown can do so from the revenues generated by the surrendered lands, without incurring loss. They also seek an accounting and damages.
48. Proceedings before the Copyright Board of Canada involving Access Copyright, the Ontario Ministry of Education and all publicly funded School Boards and Authorities.
49. North American Free Trade Agreement (NAFTA) Chapter 11: Mesa Power Group claims that Canada breached obligations under the NAFTA as a result of the actions of the Province of Ontario Power Authority (OPA) in allocating transmission capacity and awarding Feed-in-Tariff (FIT) contracts in the Bruce Region.
50. North American Free Trade Agreement (NAFTA) Chapter 11: Windstream Energy alleges that Canada breached its obligations under NAFTA as a result of measures and actions taken by Ontario in relation to the deferral on the development of an offshore wind energy policy framework and the Feed-in-Tariff (FIT) Program.
51. MediaMix Interactive Inc.: Statement of Claim in Ontario's Supreme Court of Justice for damages (including interest) and costs arising from alleged breach and wrongful termination by MNRF in Oct 2010 for a May 2009 turnkey reservation and registration service contract between MNRF and MMI.
52. CG Acquisition INC: Notice of Cliam against HMQRO, IO and the LCBO for damages arising from dis qualifications of the plaintiff from tendering a bid pursuant to an REP issued by IO and LCBO.
53. Alykhan Kanani et al v Economical Insurance Company: the PGT negligently supervised a lawyer it had retained to act for the plaintiff as his guardian for property in relation to a lawsuit and statutory accident benefits arising from a negligent motor vehicle accident.
54. Welsh v HMQRO. The claim is brought by a former student and resident of Ernest C. Drury School for the Deaf (ECD), where he attended between 1964 until 1971, and a former student of Roberts School for the Deaf, where he attended between 1972 until 1976.

*Updated for changes up to date of release of Public Accounts. 54 of the above claims were assessed as "not determinable".

A GUIDE TO THE PUBLIC ACCOUNTS

1 SCOPE OF THE PUBLIC ACCOUNTS

The 2015-2016 Public Accounts of the Province of Ontario comprise the **Annual Report** and three supporting volumes:

Volume 1 contains ministry statements and detailed schedules of debt and other items. The ministry statements reflect the financial activities of the government's ministries on the accrual basis of accounting, providing a comparison of appropriations with actual spending. Ministry expenses include all expenses that are subject to appropriation approved by the Legislative Assembly, but exclude adjustments arising from consolidation of government organizations whose expenses are not appropriated.

Volume 2 contains the financial statements of Government Organizations and Business Enterprises that are part of the government's reporting entity and other miscellaneous financial statements.

Volume 3 contains the details of payments made by ministries to vendors (including sales tax) and transfer payment recipients that are not deemed to be prohibited by the *Freedom of Information and Protection of Privacy Act.*

2 A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Schedules of Revenue and Expenses

(2) Ministry Statements

Individual ministry statements of financial activity are provided in this section. The following five separate statements are presented for each ministry as applicable.

(a) "Summary Statement of Expenses and Assets by Program"

This Statement provides an overview of the expenses and assets by program compared with the related appropriations and previous years' actuals.

(b) "Statement of Expenses and Assets by Vote and Items"

This statement shows the Items comprised within each ministry Vote. The appropriation for each Item is analyzed according to funds appropriated through the Estimates or approved by Treasury Board and the total is compared to the actual amount spent for the fiscal year. Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory payments (denoted as "S") are reported separately. The "program description" narrative contained in the Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenses and Assets by Items and Accounts Classification"

This statement reports the actual ministry expenses and assets for each Vote on the basis of the Accounts Classification within each Item. Statutory amounts are shown separately under the Accounts Classification relating to each program.

(d) "Statement of Revenue"

This ministry statement reports the fiscal year revenues by the standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility related loans and investments made from the Consolidated Revenue Fund.

(3) Schedules of Debt

This section contains details of debt issued, debt retired, a summary and details of debt outstanding at the end of the year.

(4) Other Supplementary Schedules

This section contains summarized schedules for ministries' Loans & Investments, Funds & Other Liabilities, Contingent Liabilities and Claims Against the Crown.

TERMS AND DEFINITIONS USED

Special Warrants
If the Legislature is not in session and expenditures are required that have not been authorized by an *Interim Appropriation Act or a Supply Act,* Special Warrants may be issued to authorize such expenditures. The amounts provided by Special Warrants in the 2015-16 fiscal year are deducted from the total amounts for each program to determine the amounts to be voted.

Cost Recovery Items
In cases where the anticipated recovery of costs of an Item is equal to or greater than the expenditures, the balance of the Item is shown at the nominal value of $1,000.

Statutory Appropriations
Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act.* Statutory Appropriations are included in the Estimates for information purposes and are not voted by the Legislature. Amounts required for Statutory Appropriations are shown, where applicable, as separate entries under the Standard Accounts Classifications details relating to each Item.

Standard Accounts
Spending is forecast for the fiscal year 2015-16 under Standard Accounts at the Item level. The descriptions of the contents of the Standard Accounts given below are intended to serve as brief outlines only and should not be considered all inclusive.

EXPENSES

Salaries and wages
Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to employees.

Employee benefits
Includes the government's contribution as an employer to the Canada Pension Plan; the Ontario Public Service Employees' Union Pension Plan; the Public Service Pension Plan; Employment Insurance; the Workplace Safety and Insurance Board; and other employee benefit plans.

Transportation and communication
Includes traveling expenses of employees on government business and recipients of government services, such as wards of the province; relocation expenses of employees who transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone and data communications.

Services
Includes information services, such as, advertising and communication services provided by professional agencies and advertising placed directly with the media; rental and purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and equipment
Includes provision for the purchase of non-capitalized machinery and equipment and materials, supplies and utilities.

Transfer payments
Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other transactions
Includes special transactions, such as interest incentives and subsidies; guarantees honoured; losses on loans; repayable grants; and provision for losses on disposal of capital assets.

ASSETS

ASSETS are balance sheet accounts which require an appropriation in the Estimates. Asset categories include the following:

Deposits and prepaid expenses
Includes payments in advance of receiving related goods or services or in advance of being earned by transfer payment recipients, and which will be recorded in a non-asset standard account in a future fiscal year.

Advances and recoverable amounts
Includes payments to transfer payment recipients that will be repaid to the Province in a future fiscal year.

Loans and investments
Includes payments to debtors under loan agreements and investments in the shares of Crown corporations or other entities.

Inventory held for resale
Assets not in service and held for disposal.

Land
Includes land purchased or acquired for use, for preservation, for parks and recreation, for building sites, for infrastructure and for other program use.

Buildings
Include large and complex high-rise office towers, special-purpose buildings such as prisons and courthouses, and simple structures such as salt domes and tool sheds. Also includes any construction required to address occupants' work function or aesthetic needs over and above of what is provided within the base accommodation envelope (either owned or leased).

Transportation infrastructure
Is comprised of a complex network of highways, bridges, and related structures and facilities. May include Salaries and wages and associated Employee benefit costs related to the construction of those assets.

Dams and engineering structures
Include significant structures not included elsewhere; e.g. water, sewage and electrical distribution systems, helipads and fuelling systems, stocking ponds, feeding systems, Government Mobile Communications Equipment (GMCE) towers and like structures.

Machinery and equipment
Includes items such as furniture, fixtures and appliances, hospital and laboratory equipment, and office machinery and equipment.

Information technology hardware
Encompasses physical data and voice networks, platforms, wireless devices, networks and access points, mainframe and desktop computers, servers and data repositories, Government Mobile Communications Equipment, as well as operating systems and related software.

Business application software
Aggregates software components that automate and optimize business functions, processes, tasks and activities. May include Salaries and wages and associated Employee benefit costs related to the construction of those assets.

Land and marine fleet
Includes plated motor vehicles that are owned by ministries: passenger vehicles, medium duty, heavy commercial, and other specialty vehicles. Also includes medium/large boats and ferries.

Aircraft
Encompasses the fixed wing and rotary wing aircraft.

SOURCES OF ADDITIONAL INFORMATION

Province of Ontario Annual Report and Consolidated Financial Statements

The government has prepared an Annual Report and the Consolidated Financial Statements, which gives financial and economic highlights of the past year and reports on performance against the goals set out in the Budget. For electronic access to the Province of Ontario Annual Report, visit the Treasury Board Secretariat website at www.ontario.ca/publicaccounts.

The Ontario Budget

The Ontario Government presents a Budget each year, usually in the early spring. This document outlines expected expense and revenue for the upcoming fiscal year. For electronic access to the Ontario Budget, visit the Ministry of Finance website at www.fin.gov.on.ca/en/budget/ontariobudgets and click on "Ontario Budget."

The Estimates of the Province of Ontario

The President of the Treasury Board presents the government's spending Estimates for the fiscal year commencing April 1 to members of the Legislative Assembly following the presentation of the Ontario Budget. The Estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the Supply Act.
For electronic access, go to: www.ontario.ca/estimates.

Ontario Finances

This is a quarterly report on the performance of the government's Budget for the fiscal year. It covers developments during a quarter and provides a revised outlook for the remainder of the year.
For electronic access, go to: www.fin.gov.on.ca/en/budget/finances.

Ontario Economic Accounts

This quarterly report contains data on the composition of Ontario's economic activity.

schedules of

revenue and expenses

(unaudited)

DETAILS OF REVENUE

For the year ended March 31, 2016

This schedule summarizes the sources of the Province's revenue by main classification. Ministry revenue schedules showing further detail within the main classifications are contained in Section 2 of this volume.[1]

TAXATION	**2016 $**	**2015 $**
Personal Income Tax	31,140,531,121	29,313,403,558
Sales Tax	23,455,554,526	21,688,764,731
Corporations Tax	11,427,707,512	9,557,450,278
Education Property Tax	5,839,244,688	5,561,413,935
Employer Health Tax	5,648,931,985	5,415,366,133
Ontario Health Premium	3,452,922,027	3,365,882,504
Electricity Payments-In-Lieu of Taxes	3,247,000,000	180,000,000
Gasoline Tax	2,458,654,606	2,446,753,297
Land Transfer Tax	2,118,025,670	1,764,494,479
Tobacco Tax	1,225,621,601	1,162,503,240
Fuel Tax	751,441,968	739,321,958
Beer and Wine Tax	582,392,616	560,091,688
Corporation Preferred Share Dividend Tax	226,699,786	195,814,728
Estate Administration Tax	169,470,033	154,582,427
Mining Profits Tax	42,176,204	130,523,830
Gross Revenue Charge – Property Tax Component	14,717,204	19,353,872
Provincial Land Tax	11,846,092	13,351,216
Race Tracks Tax	4,320,377	4,214,730
Acreage Tax – The *Mining Act*	930,951	2,182,211
TOTAL TAXATION	**91,818,189,685**	**82,275,468,815**

Personal Income Tax revenue is collected by the federal government on behalf of the Province. The amount reported by the Province in 2015-16 is net of $7,118,900 in Ontario tax credits, excluding tax credits reported as expenses.

[1] Refundable Income Tax Credits:
Section 2 also discloses operating expenses for refundable income tax credits. An operating expense published in the Public Accounts for a refundable income tax credit represents an estimate of the value of the tax credits for the current fiscal year, in addition to any adjustments related to the prior years' published amounts.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2016

For 2016, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $41,536; 9.15% for taxable income over $41,536 and up to $83,075; 11.16% for taxable income over $83,075 and up to $150,000; 12.16% for taxable income over $150,000 and up to $220,000; and 13.16% for taxable income over $220,000. For 2015, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $40,922; 9.15% for taxable income over $40,922 and up to $81,847; 11.16% for taxable income over $81,847 and up to $150,000; 12.16% for taxable income over $150,000 and up to $220,000; and 13.16% for taxable income over $220,000. For 2014, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to $40,120; 9.15% for taxable income over $40,120 and up to $80,242; 11.16% for taxable income over $80,242 and up to $150,000; 12.16% for taxable income over $150,000 and up to $220,000; and 13.16% for taxable income over $220,000. Ontario non-refundable tax credits are provided for individual and family circumstances (e.g., basic amount, spouse, medical expenses) at the rate of 5.05% (11.16% for charitable donations in excess of $200), before calculating the provincial surtax and Ontario Tax Reduction. Ontario non-refundable tax credit amounts are indexed annually. The Ontario Dividend Tax Credits are calculated after the provincial surtax and before the Ontario Tax Reduction. For 2016, these credits are provided at a rate of 10% for eligible dividends and at a rate of 4.2863% for non-eligible dividends. For 2014 and 2015, they are provided at a rate of 10% for eligible dividends and 4.5% for non-eligible dividends.

Higher-income earners are subject to a surtax. For 2016, the surtax is equal to 20% of Ontario income tax in excess of $4,484, plus 36% of Ontario income tax in excess of $5,739. For 2015, the surtax is equal to 20% of Ontario income tax in excess of $4,418, plus 36% of Ontario income tax in excess of $5,654. For 2014, the surtax is equal to 20% of Ontario income tax in excess of $4,331, plus 36% of Ontario income tax in excess of $5,543.

Ontario income tax is eliminated by the Ontario Tax Reduction if Ontario tax is below a threshold amount. If Ontario tax exceeds the taxfiler's threshold amount, the Ontario Tax Reduction may reduce the taxfiler's Ontario tax. For 2016, the basic threshold amount is $231 and the additional amount for each dependent child age 18 and, under, and each disabled or infirm dependant, is $427. For 2015, the basic threshold amount is $228 and the additional amount for each dependent, child age 18 and under and each disabled or infirm dependant is $421. For 2014, the basic threshold amount is $223 and the additional amount for each dependent child age 18 and under and each disabled or infirm dependant is $413.

The Harmonized Sales Tax (HST) is a single value-added tax based on the Federal Goods and Services Tax (GST). The provincial portion of the HST is eight per cent and the federal portion is five per cent, for a combined HST rate of 13 per cent. Responsibility for the collection of the tax rests with the Federal Government. HST revenues are distributed to the Province based on a revenue allocation formula. Ontario also maintains an 8% sales tax on certain insurance premiums and on private transfers of specified vehicles, at a rate of 13%. Both the sales tax on insurance premiums and on private sales of specified vehicles are administered by Ontario. The Sales Tax amounts reported by the Province are net of sales tax credits of $1,718,816,342 in 2015-16 and $1,691,497,735 in 2014-15.

Corporations Tax is comprised of three types of taxes levied on corporations: income tax, insurance premiums tax and special additional tax on life insurance corporations. Details of these taxes follow.

Income Tax: The general statutory Corporate Income Tax (CIT) rate is 11.5% (reduced from 14% to 12% on July 1, 2010 and from 12% to 11.5% on July 1, 2011). Active business income from manufacturing and processing (M&P), mining, logging, fishing and farming is subject to a lower CIT rate of 10% (reduced from 12% effective July 1, 2010). Small Canadian-controlled private corporations (CCPCs) are also eligible for a lower CIT rate of 4.5% (reduced from 5.5% effective July 1, 2010) on the first $500,000 of active business income. Effective May 2, 2014, and prorated for taxation years that straddle that date, the small business CIT rate is phased out for large CCPCs, and associated groups of CCPCs, with more than $10 million (fully eliminated with more than $15 million) of taxable capital employed in Canada in the previous year. The Province also levies a Corporate Minimum Tax ("CMT") that effectively acts as a pre-payment of regular CIT. CMT is calculated as the amount by which 2.7% (reduced from 4% effective July 1, 2010) of adjusted net income for accounting purposes exceeds CIT payable.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2016

Insurance Premiums Tax: Insurance companies are subject to a 2% insurance premiums tax on life, accident and sickness insurance premiums, 3.5% on property insurance premiums and 3% on other (e.g. casualty) insurance premiums.

Special Additional Tax: Life insurance corporations pay a special additional tax at a rate of 1.25% of taxable capital in Ontario above a employed $10 million exemption, with corporate income tax and CMT creditable against this tax.

Education property taxes are collected by municipalities and transferred to school boards for the purposes of funding education. Education property tax rates are set annually by the Minister of Finance for each class of real property. The tax is levied on the assessed value of property at a uniform rate of 0.241% for residential properties. Rates for commercial, industrial and pipeline properties vary across the Province. These rates are regulated under the *Education Act*. The Education Property Tax amounts shown are net of $1,060,400,794 in property tax credits and grants in 2015-16 and $1,034,927,008 in 2014-15. The amounts also reflect a number of rebates, reductions and exemptions available across the province.

The Employer Health Tax is paid by employers on their Ontario payroll. Employers with annual Ontario payroll of $200,000 or less calculate tax payable at 0.98% of their taxable annual Ontario payroll; employers with annual Ontario payroll over $200,000 and up to $400,000 calculate tax payable at graduated rates that apply to their taxable annual Ontario payroll starting at 1.101% through to 1.829%; and employers with annual Ontario payroll in excess of $400,000 calculate tax payable at 1.95% of their taxable annual Ontario payroll. A tax exemption was provided for the first $400,000 of annual Ontario payroll paid by private sector employers, including their associated entities. Beginning January 1, 2014, the tax exemption was increased from $400,000 to $450,000, and was eliminated for private sector employers with annual Ontario payroll, including those of their associated entities, in excess of $5,000,000. Registered charities continue to claim the tax exemption at all payroll sizes.

Gasoline Tax is levied on gasoline and propane used in a licensed motor vehicle, and aviation fuel used to power aircraft. The tax rate for gasoline is 14.7 cents per litre. The tax rate for propane used in licensed motor vehicles is 4.3 cents per litre. The tax rate for aviation fuel used in powering aircraft increased from 3.7 cents per litre to 4.7 cents per litre on April 1, 2015. The majority of tax is collected for the Province by Ministry-designated gasoline, propane, and aviation fuel wholesalers.

Land Transfer Tax is collected on the transfer of land. One-half of 1% is levied on the value of the consideration for the conveyance up to and including $55,000; 1.0% on the value of the consideration exceeding $55,000 up to and including $250,000; 1.5% on the value of the consideration exceeding $250,000; and, where the value of the consideration exceeds $400,000 and the property contains one or two single family residences, an additional tax of one-half of 1% applies on the value of the consideration exceeding $400,000. First time home buyers who purchase newly constructed homes or resale homes are eligible to receive a refund of land transfer tax of up to $2,000.

Tobacco Tax covers all forms of tobacco products. The specific tax rate per cigarette and per gram or part gram of fine cut tobacco and all other tobacco products except cigars increased from 13.975 cents to 15.475 cents on February 26, 2016. The rate of tax on cigars is 56.6% of the taxable price of the cigar. The majority of tax is collected for the Province by Ministry designated tobacco and cigar wholesalers.

Fuel Tax is levied on every purchaser of clear middle distillate fuel used in internal combustion engines. The fuel tax rate is 14.3 cents per litre, unless the fuel is used in railway equipment, in which case the rate is 4.5 cents per litre. The majority of tax is collected for the Province by Ministry designated wholesalers.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2016

Beer and Wine Taxes were effective July 1, 2010. These taxes replaced certain alcohol charges and were revenue neutral for the Ontario Government. Taxes apply on every purchaser of beer from a beer manufacturer's on-site store, The Beer Store, or a licensed establishment. Taxes are also imposed on purchasers of draft beer made by a brew pub and wine and wine coolers from a winery retail store.

Electricity payments in lieu of taxes (PILs) on corporate income are made by OPG and municipal electricity utilities to the Ontario Electricity Financial Corporation (OEFC). OEFC is the Ontario Hydro successor company that is responsible for servicing and retiring the debt and certain other liabilities of the former Ontario Hydro. All PILs received by OEFC are used to service and retire its obligations. The amount of PILs replicates the amount of tax that would be payable under the Income Tax Act (Canada), Corporations Tax Act and Taxation Act, 2007 while these publicly owned corporations are exempt from federal and provincial corporate taxes. As a result of broadening Hydro One ownership through an initial public offering on November 5, 2015, Hydro One ceased to be exempt from federal and provincial corporate income taxes. The Minister of Finance, by statute, is required to make payments to the OEFC equal to the amount of provincial income tax payable by Hydro One Inc. under the Taxation Act, 2007.

OPG, Hydro One and municipal electricity utilities also make payments in lieu of additional property taxes to the OEFC. The Gross Revenue Charge portion payable to OEFC is also recorded under electricity PILs.

The federal government remits to the province 35 per cent of the net taxes that it collects with respect to preferred share dividends paid by corporations with operations in Ontario.

The Estate Administration Tax is payable by the estate of a deceased person on the issuance of a certificate of appointment of an estate trustee by an Ontario court. The amount of tax is equal to $5 for each $1,000, or part thereof, of the first $50,000 of the value of the estate and $15 for each $1,000, or part thereof, of the value of the estate exceeding $50,000. If the value of the estate does not exceed $1,000, the estate is exempt from this tax.

A portion of the Gross Revenue Charge (GRC) is payable to the Ministry of Finance by hydro-electric generating stations owners and water power leaseholders. Effective January 1, 2001, the existing property taxes and water rental charges paid by hydro-electric generating station owners and water power leaseholders were replaced with taxes and charges on the gross revenues of hydro-electric generating stations. The Property Tax component is included as taxation for the Province and the Water Rental component of the GRC is included under Other Revenue – Royalties (page 1-10).

Provincial Land Tax is levied on land in areas without municipal organization at the rates prescribed by regulation. The rate that applies depends on which property class the land is classified and whether the land is in a locality as defined by the *Assessment Act*.

Ontario levies a mining tax on profits in excess of $500,000 derived from the extraction of mineral substances raised and sold by operators of Ontario mines. The $500,000 annual deduction must be shared by associated corporations. The tax rate on taxable profit subject to mining tax is 10% for non-remote mines and 5% for remote mines. A mining tax exemption on up to $10 million of profit during an exempt period is available for each new mine. The exempt period for a new non-remote mine is three years and the exempt period for a new remote mine is 10 years. The mining tax exemption is also available for a major expansion of an existing non-remote mine. Mining tax does not apply to diamond mining. Diamonds are subject to a royalty on the value of a diamond mine's output. The royalty rate is the lesser of 13% and the amount calculated on the value of output according to a graduated rate scale.

The Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 0.5% on all wagers.

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of $1 in organized municipalities and $4 in unorganized municipalities.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2016

The introduction of the Ontario Health Premium (OHP) has helped to ensure the government's ability to make much needed investments in the province's health care system. Every penny of the OHP goes toward improving Ontario's health services. Since 2003-04, health-related spending has increased by $21.9 billion while health-related revenues, mainly comprised of the OHP and federal transfers, have increased by $13.2 billion. In 2015-16, OHP revenue increased by $87 million to $3,453 million, up from $3,366 million in 2014-15. During the same period, expenses in the health sector increased by $1,028 million to $51,067 million, up from $50,039 million in 2014-15.

Ontario Health Premium revenue supports expenditures in all areas of the health sector and is not earmarked by program area. In 2015-16, revenue from the health premium was $3,453 million, or 6.8 per cent of the $51,067 million in total expenses for the health sector. This compares to $3,366 million or 6.7 per cent of $50,039 million in 2014-15. Below is a table that shows an example of how the health premium revenue supports major investments in the health care sector and also the level of support each sector would receive if the percentage shares in 2014-15 and 2015-16 were allocated proportionately across each expense area.

Example of How the Health Premium Supports Investments in the Health Care Sector: OHP Revenue as a Share of Total Health Expenditures Applied Proportionately Across Expense Areas		
($ Millions)	**2015-16 6.8%**	**2014-15 6.7%**
Hospitals	1,108	1,102
OHIP	940	929
Home Care, Community and Mental Health Services	342	327
Long–Term Care Homes	267	260
Ontario Drug Programs	266	255
Public Health, Health Promotion and Other	530	493
Total	**3,453**	**3,366**

The Ontario Health Premium is paid by individuals resident in Ontario on the last day of the taxation year. An individual's Ontario Health Premium liability is: $0 for taxable income of up to $20,000; 6% of taxable income over $20,000 for taxable income over $20,000 up to $25,000; $300 for taxable income over $25,000 up to $36,000; $300 plus 6% of taxable income over $36,000 for taxable income over $36,000 up to $38,500; $450 for taxable income over $38,500 up to $48,000; $450 plus 25% of taxable income over $48,000 for taxable income over $48,000 up to $48,600; $600 for taxable income over $48,600 up to $72,000; $600 plus 25% of taxable income over $72,000 for taxable income over $72,000 up to $72,600; $750 for taxable income over $72,600 up to $200,000; $750 plus 25% of taxable income over $200,000 for taxable income over $200,000 up to $200,600; and $900 for taxable income over $200,600.

TOTAL GOVERNMENT OF CANADA	**22,856,906,267**	**21,614,648,306**

The Canada Health Transfer (CHT) is a federal block transfer that supports health care spending in the provinces and territories. Beginning in 2014-15, the CHT has been allocated to provinces and territories on an equal per capita basis. To receive CHT transfers, provinces and territories must comply with the principles of the Canada Health Act.

The Canada Social Transfer (CST) is a federal block transfer that supports provincial and territorial expenditures on post-secondary education, social assistance and social services, including early childhood development, and early learning and child care services. Beginning in 2007-08, the CST has been allocated to provinces and territories on an equal per capita basis. To receive CST transfers, provinces and territories cannot impose residency requirements in determining eligibility for social assistance to Canadian citizens, permanent residents, persons with a temporary resident permit, and refugee claimants waiting to receive permanent resident status.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2016

Equalization is the federal government's transfer program for addressing fiscal disparities among provinces. The Equalization program aims to ensure that provincial governments have sufficient revenues to provide reasonably comparable levels of public services at reasonably comparable levels of taxation. Equalization payments are unconditional – receiving provinces are free to spend the funds according to their own priorities.

The Labour Market Development Agreement (LMDA) provides for the transfer to Ontario of labour market development programs and services previously run by the federal government. LMDA funding supports Ontario's skills and employment training programs, particularly for those who are eligible for Employment Insurance (EI) benefits. The LMDA is funded under the legislative authority of Part II of the Employment Insurance Act.

Social Housing Agreement reimbursements are the federal portion of the cost of subsidizing low-rental housing programs. The Province receives funding from the Canada Mortgage and Housing Corporation (CMHC) to administer social housing in Ontario.

The Indian Welfare Services Agreement is a unique bilateral (Ontario-Canada) cost-sharing agreement to support eligible social services provision on reserve. The Agreement recognizes a shared Ontario-Canada commitment to deliver to members of First Nations living on reserve, provincial welfare programs available to the population of the province not living on reserve, and outlines a formula to determine Canada's financial contribution.

The Canada-Ontario Job Fund Agreement (JFA) provides funding for labour market programs and services that focus on skills development for unemployed individuals who are not Employment Insurance clients and employed individuals who require further training such as those who do not have a high school diploma, or recognized certification or who have low levels of literacy and essential skills. The JFA also makes provision for the support of employer-sponsored training for certain eligible training costs provided by an eligible third-party institution. On April 1, 2014, the JFA replaced the Canada-Ontario Labour Market Agreement (LMA).

Infrastructure funding to Ontario is provided through the Building Canada Fund, the agreement for Investment in Affordable Housing, and other agreements that support construction, renewal, improvement and expansion of the province's physical capital, including roads, bridges, public transit and water systems.

Bilingualism Development reimbursements are the federal government's portion of the cost of providing services in both official languages and of providing adequate educational facilities for teaching the second official language. The federal government also contributes to Ontario's initiatives in French-language schools, such as the establishment of administrative structures in new French-language school boards, and initiatives designed to improve the achievements of French-language students.

Under the Labour Market Agreement for Persons with Disabilities (LMAPD), the federal government provides contributions to Ontario to support measures to enhance the employability of persons with disabilities, and increase the employment opportunities available to persons with disabilities by addressing employer needs and encouraging employers to remove barriers faced by persons with disabilities. Additionally, the LMAPD aims to demonstrate the results to Canadians of investments made under the agreement as evidenced by enhanced employability and increased labour participation of persons with disabilities.

Youth justice transfer payment programs are ongoing, and mandated under the *Youth Criminal Justice Act.* The federal government cost shares a portion of the Youth Justice Services expenditures.

Legal Aid payments are the federal government's contribution to assist in providing legal aid services to economically disadvantaged people in serious criminal matters and proceedings under the Youth Criminal Justice Act. They also help ensure that certain minimum standards of legal aid are maintained in accordance with the Agreement Respecting Legal Aid in Criminal Law, the *Youth Criminal Justice Act* and immigration and refugee matters.

.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2016

Growing Forward 2 is a federal-provincial initiative that encourages innovation, competitiveness and market development in Canada's agri-food and agri-products sector. In Ontario, Growing Forward 2 offers resources, tools and cost-shared funding assistance to eligible producers, processors, organizations and collaborations to grow their profits, expand markets and manage shared risks.

Student Assistance includes Canada Study Grants and the administration of Canada Student Loans. Canada Study Grants are provided to students with dependants, high-need part-time students, students with disabilities, and women in doctoral studies.

The Immigration Holds Agreement represents reimbursement by the federal government for the cost of detaining people awaiting an immigration examination, inquiry or removal.

The Targeted Initiative for Older Workers (TIOW) is a federal-provincial cost-shared program that helps unemployed workers aged 55 to 64. TIOW is available in communities of fewer than 250,000 people that have high unemployment or rely to a large extent on single industries. The initiative helps older workers find programs and services that increase their ability to find work, reintegrate back into employment and ensure that they remain active and productive workers while their communities undergo adjustment.

Federal government funding for the Ontario Bridge Training Program supports programs for skilled immigrants who are facing barriers to workforce integration and retention in the Ontario labour market.

Canada Health Infoway's Interoperable Electronic Health Record (iEHR) investment program supports jurisdictional projects that will build interoperable EHR systems. Federal funding to Ontario is provided under the Interoperable Electronic Health Record/Health Information Access Layer (iEHR/HIAL) Agreement. These solutions will enable authorized health care providers to view and, in some cases, update a patient's essential health information.

Funding is received from Canada Health Infoway to support efforts to increase the number of clinicians adopting and using an electronic medical record (EMR) system.

Other payments from the federal government included, among others:

a) Transfers to Government Organizations such as Agricorp and Toronto Organizing Committee for the 2015 Pan American and Parapan American Games (Toronto 2015);
b) Funding to support sector-specific services covered under different agreements, such as the First Nation Policing Agreement, Biology Casework Analysis Contribution Program Agreement for DNA testing, and Supporting Families Fund agreement for family law services;
c) Annual subsidies under the *Constitution Act, 1907*;
d) Interest on the Common School Fund.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2016

	2016 $	2015 $
INCOME FROM GOVERNMENT ENTERPRISES		
Ontario Lottery and Gaming Corporation	2,233,101,000	1,995,037,000
Liquor Control Board of Ontario	1,957,168,000	1,830,739,000
Ontario Power Generation Incorporated	463,000,000	1,056,000,000
Hydro One Limited	236,000,000	732,800,000
Brampton Distribution Holdco. Incorporated	20,000,000	0
TOTAL INCOME FROM GOVERNMENT ENTERPRISES	**4,909,269,000**	**5,614,576,000**

Income from Government Enterprises represents amounts received by the Province from government business enterprises.

The Ontario Lottery and Gaming Corporation (OLG) conducts and manages lottery games, resort casinos, casinos, and slots on behalf of the Province of Ontario. The Province consolidates the net income from OLG's lotteries, resort casinos, casinos and slots. The net income also includes 20% of gross gaming revenue from Caesars Windsor, Casino Niagara, Niagara Fallsview Casino Resort and Casino Rama, as well as 20% of gross gaming revenue from its slots at the Great Blue Heron Charity Casino.

In 2015-16 the proceeds from OLG lotteries, casinos and slots were paid to the Province of Ontario's Consolidated Revenue Fund and allocated to the following Ministries and programs: $115 million to the Ontario Trillium Foundation for grants to charities and not-for-profit organisations, $38 million to the Ministry of Health and Long-Term Care to support problem gambling and related programs for prevention, treatment and research, $10 million to the Ministry of Tourism, Culture and Sport for direct financial support to Ontario high-performance athletes and enhanced coaching development, with the balance being applied to the Ministry of Health and Long-Term Care for the operation of hospitals.

In 2015-16 the proceeds from OLG resort casinos were allocated by the Province of Ontario to general government priorities such as health care, education, public infrastructure, and horseracing support.

Liquor Control Board of Ontario (LCBO) profits are generated from the sale of beer, wine, coolers, and spirits.

Hydro One Inc. (now a subsidiary of Hydro One Limited) and Ontario Power Generation Incorporated (OPG) were created as part of the restructuring of the former Ontario Hydro. The Province's proportional share of net income from Hydro One Limited (and previously Hydro One Inc.) and the net income from OPG are consolidated in the Province's finances. OPG revenue is derived primarily from the sale of electricity from its generating stations. Hydro One revenue is derived primarily from the transmission and distribution of electricity.

Brampton Distribution Holdco. Incorporated revenue is derived primarily from distribution of electricity.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2016

Sales and Rentals includes proceeds from the disposal of real property, supplies and equipment, rental of real property, leasing of Crown land and sales of goods and services provided by Provincial institutions.

Vehicle and Driver Registration fees include vehicle registration, carrier, and driver fees. Vehicle registration fees are for the authorization to operate a motor vehicle on a public road. For commercial vehicles the latest fee ranges from $185 to $4,601. The latest fees for passenger vehicles and light commercial vehicles weighing 3,000 kilograms or less used for personal purposes are $108 per year in Southern Ontario and $54 per year in Northern Ontario. Fees for motorcycles and mopeds are $42 and $12 per year respectively in Southern Ontario and $21 and $12 per year respectively in Northern Ontario. Driver fees consist primarily of driver license renewals.

The registrar's fees consist of fees collected by the Ontario Court (General Division) in estates matters as set by O.Reg. 393/90 made under the *Administration of Justice Act* and the issuing, signing and filing fees for court related documents in civil matters.

Personal Property registration service fees are remittances for the registration and searches of personal property pledged as collateral to secure a loan. The fees are collected at the time of registration or search.

The modernized Drive Clean program was implemented effective January 1st 2013. Fees for the program are chargeable to the public for vehicle emissions testing, known as a "Drive Clean Emissions test." As announced in the 2016 Ontario budget, the $30 emissions test fee for light duty vehicles will be eliminated in 2017-18.

Companies' service fees are remittances for registration, searches and certificates pertaining to incorporations, limited partnerships and business names. The fees are collected at the time of registration or search.

Gaming-related fees collected by the Alcohol and Gaming Commission of Ontario include fees for registering commercial suppliers and gaming employees of charitable gaming events, casinos, charity casinos and slot machine facilities. Also included are fees for issuing licences to conduct and manage lottery schemes such as raffles.

Effective January 1, 2001, persons who by virtue of an agreement, lease or other writing are entitled to occupy public lands are required to pay a water rental charge calculated at a rate of 9.5 % on gross revenues from the annual generation from hydro-electric-generating stations. This is the Gross Revenue Charge - Water Rental component referenced on page 1-4.

Crown Charges – Timber royalties are remittances for the harvesting of Crown timber on Crown land or when timber rights are reserved to the Crown on patent land. Crown charges are typically charged on a per cubic metre basis related to the tree species, end products produced and harvest volume. A base price per cubic metre, adjusted annually, is established as a minimum price. The minimum price for most harvested timber during 2015-2016 was set at zero (bioproducts only), $4.43, or $0.59 per cubic metre depending on the tree species and commodity group. The $0.59 per cubic metre reflects the rate for several underutilized species and the economic volatility in the forest industry. A residual value price, based on a percentage of the difference between the cost of manufacturing and the selling price of the forest product, is also assessed. This component based on commodity market prices is adjusted monthly and varied from $0.00 to $5.29 per cubic metre.

Beginning in 2006, funds for the Forest Resource Inventory (FRI) have been collected through the stumpage system. In 2015-2016 the FRI rate was set at either $2.50 or $0.59, depending on species group and end-use, and set aside in the Forestry Futures Trust fund account for FRI expenses until a $10 million balance in the FRI account was achieved. After reaching the $10 million level, the FRI charge is set to zero, which occurred for this fiscal year in October 2015. The FRI collection results in no net effect to the forest industry with respect to stumpage charges, as the minimum price is reduced an equivalent amount to FRI charges, while FRI charges are being collected.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2016

Teranet – Polaris Royalties - The Province completed the sale of its 50% ownership in Teranet in 2003-04. As part of this transaction, the Province agreed to suspend royalties from Teranet for a period of 13.67 years to March 31, 2017 in exchange for a lump sum payment of $205 million. The $205 million represents deferred royalties to be earned by the Province in future years and have been recognized in the Province's accounts as deferred revenue. The deferred revenue is amortized to revenue over the life of the royalty suspension agreement. The annual amortization is $15 million throughout 2016-17.

In 2010-11 the Province negotiated an extension to the original Teranet agreement, resulting in a 50 year extension beyond the original amortization schedule. $1 billion in cash was received in 2010-11, and this amount represents deferred royalties to be amortized over a 56 year period from fiscal 2011-12 to 2066-67. The annual amortization for the extension is $18 million, for a combined total of $33 million per year for the years 2011-12 through 2016-17.

Recovery of Prior Years' Expenditures represents monies recovered subsequent to the fiscal year-end in which the related expenditures were made. These receipts represent amounts, which, except for the timing of the recovery, would have been classified as expenditure refunds.

Reimbursements of expenditures are repayments of expenses incurred by the government under formal agreement, understanding or arrangement that the expenses will be recovered in whole or in part.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

The Electricity Debt Retirement Charge (DRC) is paid by electricity consumers based on consumption of electricity. The *Electricity Act, 1998*, allowed for the DRC to be in place until the residual stranded debt is retired. Residual stranded debt originated from the restructuring of the old Ontario Hydro and restructuring of the electricity sector. The *Electricity Act, 1998* was amended by the *Budget Measures Act, 2015* to provide for a legislated fixed end-date for the DRC of March 31, 2018, no longer linked to the residual stranded debt. Therefore, as part of the legislative amendments, and, effective December 10, 2015, the "residual stranded debt" concept and requirements, including the requirement to determine the residual stranded debt from time-to-time, were removed from the *Electricity Act*. Ontario has removed the Debt Retirement Charge (DRC) from residential electricity users' bills as of January 1, 2016. The residential rate class accounts for about a third of electricity load subject to the DRC with the remainder of electricity load used by commercial, institutional, industrial and other consumers. As a further step to mitigate electricity cost pressures for commercial, industrial and other users, the *Budget Measures Act, 2015* amended the *Electricity Act* to end the DRC on April 1, 2018, nine months earlier than previously estimated.

Revenues under "Power Supply Contract Recoveries" arise from the reselling of power and recovery from electricity consumers of the cost of power supply agreements of the Ontario Electricity Financial Corporation (OEFC), the legal continuation of the former Ontario Hydro.

Power purchase contracts were entered into by the former Ontario Hydro with non-utility generators (NUGs) located in Ontario. As the legal continuation of Ontario Hydro, as of April 1, 1999, the OEFC is the counterparty to these contracts. The contracts provide for the purchase of power at prices that were expected to be in excess of market prices. Accordingly, a power purchase contract liability was recorded. Under legislated reforms to the electricity market, OEFC began receiving actual contract prices for power from ratepayers, effective January 1, 2005, and no longer incurs losses on these power purchase contracts. At that time, the Ministry of Finance estimated that the bulk of the liability would be eliminated over 12 years, as existing electricity contracts expire. As a result, OEFC is amortizing the bulk of the liability to revenue over that period.

DETAILS OF REVENUE – Concluded

For the year ended March 31, 2016

In addition, effective January 1, 2009, OEFC entered into a support contract with Ontario Power Generation (OPG) whereby OPG agreed to maintain the reliability and availability of Lambton and Nanticoke coal-fired stations following implementation of a greenhouse gas emissions-reduction strategy up to the end of December 31, 2014. Under the contract, OEFC agreed to ensure OPG would recover the actual costs of operating the stations after implementing this strategy. Any costs to OEFC under this agreement were fully recovered from ratepayers. As at December 31, 2013, OEFC triggered an early termination clause in the contract to reflect the advanced closure of these plants by one year to the end of 2013. OPG was allowed to recover actual costs that could not reasonably be avoided or mitigated, during the period from the early shut down date until December 31, 2014, consistent with the original end date of the contract.

The Reduction of Power Purchase Contracts represents the effective elimination over time of the power purchase contract liability. The amount of change reflects the deduction for estimated in-year losses used to calculate the liability prior to the legislated reforms to the electricity market that effectively eliminated over time the power purchase liability.

The Independent Electricity System Operator (IESO) was established by the Electricity Act, 1998. It operates independently as a non-profit corporation without share capital. Licensed by the Ontario Energy Board (OEB), it reports to the legislature through the Ministry of Energy. The IESO directs the operation and maintains the reliability of the province's power system. The IESO balances demand for electricity against available supply through the wholesale market and directs the flow of electricity across the transmission system. IESO's revenue is derived primarily from OEB-approved fees for each megawatt of electricity withdrawn from the IESO-controlled grid.

The former Ontario Power Authority (OPA) was created under the *Electricity Restructuring Act, 2004*, to ensure an adequate long-term supply of electricity. Pursuant to amendments to the *Electricity Act, 1998*, as part of the Building *Opportunity and Securing Our Future Act, 2014*, the OPA and IESO amalgamated into a new entity also called the IESO, effective January 1, 2015. The new amalgamated entity continues to fulfill the mandates of both predecessor organizations.

1. Total Ministries' Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2015-16 were issued.

ONTARIO OPPORTUNITIES FUND

As at March 31, 2016

For the year ended March 31	2016	2015
Ontario Opportunities Fund		
Contributions from Ontarians[1]	$103,536	$135,289
	$103,536	**$135,289**

1. Represents money paid to the Province of Ontario for deficit/debt reduction.

HEALTHY HOMES RENOVATION TAX CREDIT

For the year ended March 31, 2016

Tax credit for the year ended March 31, 2015:

Expenditure Estimate	$17,773,200
Estimate of Actual Cost*	$12,500,000

The *Taxation Act, 2007* requires the Minister of Finance to compare the anticipated cost of the Healthy Homes Renovation Tax Credit (HHRTC) with the actual cost.

The cost of the HHRTC is lower than originally estimated because there were fewer claims than expected.

*The cost of the HHRTC in the 2014-15 fiscal year includes a portion of the credits for the 2015 tax year. The final actual cost will not be available until the Canada Revenue Agency has received and processed all tax returns for the 2014 and 2015 tax years.

TRILLIUM TRUST FUND

As at March 31, 2016

For the year ended March 31	**2016**	2015
Trillium Trust Fund		
Net Proceeds of disposition from General Motors Shares [1]	$1,350,983,180	$1,350,983,180
	$1,350,983,180	**$1,350,983,180**

1. Represents the net proceeds of disposition, dedicated to the Trillium Trust Fund, per Ontario Regulation 53/15 under the Trillium Trust Act, for the following:
   - the common shares sold by Canada GEN, on September 10, 2013 on behalf of Ontario ($249 million)
   - the Series A preferred stock redeemed by the General Motors Company on December 31, 2014
   - the common shares sold in 2014/15 by the Minister of Finance
2. There was no utilization of the Trillium Trust Fund in 2015-16
3. Per Ontario Regulation 295/16 under the Trillium Trust Act, the Trillium Trust has been credited with an additional $3.2B in connection with the disposition of securities associated with broadening Hydro One ownership in 2015-16. As of September 2016 the balance in the Trillium Trust Fund is as follows:

	September 2016
Trillium Trust Fund	
Amounts related to disposition of General Motors Shares	$1,350,983,180
Amounts related to disposition of Hydro One Shares	$3,175,602,185
	$4,526,585,365

Program Description

The Ministry of Agriculture, Food and Rural Affairs supports the province's rural communities and agriculture, food, bio-product and horse racing sectors by: investing in agri-food and bio-product research; promoting the adoption of best management practices and new technologies; delivering assistance programs, including farm income stabilization; supporting investment attraction and retention for the food processing sector; and promoting Ontario agri-food and agri-product sales in domestic and export markets. The ministry is committed to building strong and vibrant rural communities with diversified economies. It will continue to work collaboratively to develop and deliver timely economic development programs including infrastructure, as well as providing tools and information to rural communities in Ontario.

Program Description

The program provides for overall administration of the Ministry, supplying administrative and support services for the operating programs. The Corporate Services Management Division provides strategic support and advice to the Ministry in the areas of business and fiscal planning, human resources, emergency management, business analytics, facilities management for its Head Office at 720 Bay, and oversight of the ministry's capital and accommodation portfolio. The Division also delivers shared services for Freedom of Information, and French Language Services support to the justice sector ministries, and oversees the Diversity, Inclusion and Accessibility Office. As well, it provides service management for the centrally delivered audit and assurance services.

Ministry Administration also includes the Communication Branch, the Attorney General's Office, Parliamentary Assistant's Office, Deputy Attorney General's Office, and the Associate Deputy Minister's Office which includes the Ministry's Innovation Office and Justice Sector Security Office for provision of security support to the Justice sector ministries.

Program Description

This program is responsible for the prosecution of all criminal offences under the *Criminal Code* and other federal and provincial statutes, to inspire public confidence and uphold the Rule of Law. This program also provides legal representation for the Crown in right of Ontario in all criminal matters, including prosecuting criminal cases before all levels of courts, representing the Crown on appeal and providing legal advice to the Attorney General and Deputy Attorney General in all criminal law matters and to the police upon request.

Program Description

The Policy Division manages the policy and legislative agenda, provides strategic and legal policy advice, oversees policy initiatives, and provides support and expertise to other divisions within the Ministry. Other responsibilities include the administration of public inquiries and the Ministry's Federal-Provincial-Territorial relations.

The Agency and Tribunal Relations Division manages the accountability relationship with the Ministry's adjudicative, regulatory and operational agencies, tribunals and programs. This includes: Legal Aid Ontario, the Alcohol and Gaming Commission of Ontario, the Ontario Human Rights Commission, the Human Rights Legal Support Centre, the Office of the Independent Police Review Director, the Special Investigations Unit, Public Accountants Council, Bail Verification and Supervision Program, the Environment and Land Tribunals Ontario (includes Assessment Review Board, Environmental Review Tribunal, Conservation Review Board, Ontario Municipal Board, and Board of Negotiation), the Social Justice Tribunals Ontario (includes Landlord and Tenant Board, Human Rights Tribunal of Ontario, Social Benefits Tribunal, Custody Review Board, Child and Family Services Review Board, Ontario Special Education Tribunal, and Criminal Injuries Compensation Board), the Safety, Licensing Appeals and Standards Tribunals Ontario (includes License Appeal Tribunal, Animal Care Review Board, Fire Safety Commission, Ontario Civilian Police Commission, Ontario Parole Board).

The Aboriginal Justice Division provides justice policy, legal and program advice to the Attorney General and leads the development of new programs and services to support Aboriginal Peoples in the justice system.

Program Description

This program supports the role of the Attorney General as Chief Law Officer of the Crown by ensuring that the administration of public affairs is in accordance with the law, through the provision of expert legal advice, advocacy and representation before tribunals and at all levels of court. This program conducts all litigation for and against the Crown in respect of any subject within the authority or jurisdiction of the Legislature.

This program includes the work of the Office of Legislative Counsel which is responsible for legislative drafting in English and French. This includes drafting bills for the Government and members of the Legislative Assembly and drafting regulations. The Office also provides related legal advice and editing and publishing services, including providing the content for the e-Laws website.

Program Description

This program is responsible for the administration and functioning of criminal, civil, family and small claims courts in Ontario. These services comprise three main components: court administration, judicial services and court construction. Court administration and judicial services provide judicial, courtroom and court operation support, and are divided into nine key program areas: In Court Operations, Court Counter Services, Court Program Administration and Support Services, Interpretation Services, Family Law Information Centres and Mediation, Transcripts, Enforcement Services, Judicial Library Services and Judicial Services. Court construction, which is delivered by Corporate Services Management Division (Facilities Management Branch), manages funding for new courthouses and large-scale renovations of existing court facilities to support a justice system that is modern, secure and accessible.

Program Description

This program delivers vital services to victims of crime, children, and vulnerable persons. Victims of crime are supported through the Ontario Victim Services program, which offers a wide array of services delivered both directly and through ministry funded community agencies. Mentally incapable adults receive personal and property guardianship services from the Office of the Public Guardian and Trustee, and the Office of the Children's Lawyer protects the personal and property rights of children before courts and tribunals. The Office for Victims of Crime, a statutory advisory agency, is also included in this program.

Program Description

The Auditor General, who is an Officer of the Assembly, conducts independent audits of government programs, the financial statements of the Province and numerous agencies of the Crown, broader public-sector organizations, and reviews under the authority of the *Auditor General Act* and various other statutes and authorities. The results of these audits and reviews provide assurance, objective information and advice to the Legislative Assembly. In doing so, the Office of the Auditor General assists the Assembly in holding the government, its administrators, and grant recipients accountable for their stewardship of public funds and for the achievement of value-for-money in the delivery of services to the public.

Additionally, under the *Government Advertising Act,* 2004, the Auditor General is required to review specified types of advertising and certain printed matter proposed by government offices to determine whether they meet the standards required by that Act.

Under both Acts, the Auditor General reports the results of the work conducted each year directly to the Legislative Assembly.

As required by the *Fiscal Transparency and Accountability Act*, 2004, in an election year the Auditor General is also required to review and report on the reasonableness of a Pre-Election Report prepared by the Ministry of Finance.

Program Description

The Office conducts general elections and by-elections of Members to the Legislative Assembly and provides research, public information and policy advice relating to the electoral process. The Office also trains, directs and supervises the returning officer in each of the 107 electoral districts.

The Chief Electoral Officer also administers the *Election Finances Act.* Over 430 Constituency Associations and 19 registered political parties must file annual returns and inform Elections Ontario of any changes to registration information. Any form filed with Elections Ontario is reviewed for compliance with the Election Finances Act.

The Office has responsibility to administer referenda under the *Taxpayer Protection Act,* 1999.

The Office serves Ministries, agencies and the public on a continuing basis by conducting historical and comparative research and providing policy advice and general information regarding the electoral process.

Program Description

Children and Youth Services programs include Healthy Child Development, Children and Youth at Risk, Specialized Services and the Ontario Child Benefit. Healthy Child Development supports a range of screening, assessment and early intervention services for children and their families, such as: Healthy Babies Healthy Children, Infant Hearing Program and Preschool Speech and Language services. The Children's Activity Tax Credit refunds a portion of fees paid towards eligible activities for children, including arts, music and physical activity programs, regardless of family income level. Children and Youth at Risk includes Child Protection, residential and community-based programs and services, Child and Youth Mental Health, life promotion/youth suicide prevention, Aboriginal children and youth services, Youth Opportunities and Youth Justice Services for youth-in, or at-risk for, conflict with the law. In particular, Youth Opportunities initiatives provide services for diverse and at-risk youth, including employment and outreach, such as the Youth Outreach Worker Program, the Jobs for Youth program, the Youth in Policing Initiative, and the Youth Opportunities Fund. Child Protection Services are provided by children's aid societies, which are mandated to: protect children and youth who have been, or are at risk of being, abused, neglected; provide for their care and supervision, and place children for adoption. Specialized Services support children and youth with a range of special needs, including autism services, rehabilitation services (speech/language, occupational and physical therapy), coordinated service planning, respite programs, and support for children and youth with complex special needs such as a dual diagnosis. The Ontario Child Benefit is an income-tested, non-taxable financial benefit that supports eligible low to moderate-income families with children under the age of 18. The Ontario Child Benefit Equivalent is provided to children's aid societies to provide children and youth in care with increased access to social, educational and recreational opportunities and a savings program for older youth in care. The Ontario Child Care Supplement for Working Families (OCCS) is a tax-free monthly payment for low- to moderate-income working families with children under seven years of age, born prior to July 1, 2009.

Program Description

The Ministry Administration Program works to achieve ministry and government objectives by providing strategic advice and vital support services, including communications, human resources, French language services, information technology and business solutions, legal services, regional program support, and resource planning and allocation activities. Some areas provide corporate support to client ministries (Citizenship, Immigration and International Trade, and Tourism, Culture and Sport) and their agencies.

Program Description

The Citizenship and Immigration Division has lead responsibility for immigration, the voluntary/not-for-profit sector, and honours and awards. The Division works to ensure that immigrants can contribute fully to the social and economic life of the province; allows Ontario to select or “nominate” individuals for permanent resident status to the federal government; provides business immigration services that support investment, job creation and employers’ skill needs; ensures that volunteers and their organizations can contribute fully to the economic and social fabric of Ontario's communities; and recognizes individuals who have made extraordinary contributions within their communities.

Program Description

Through the Adults' Services Program effective and accountable community-based services are directed to those most in need. Ontario's Social Assistance programs provide financial and employment supports to eligible individuals who are in need, including people with disabilities, and their families. The Community and Developmental Services programs provide funding, based on available resources for a range of services and supports for adults with a developmental disability and children with developmental and/or physical disabilities through community-based service providers, and direct funding through Passport and Special Services at Home. These programs promote inclusion of adults with a developmental disability and their families by helping them live and participate in a wide range of activities in their communities. The Community and Developmental Services programs also fund community-based services and supports for Aboriginal people (through the Aboriginal Healing and Wellness Strategy's culturally- appropriate programs to improve Aboriginal health, healing and wellness outcomes), and for women experiencing violence and their children, and individuals who are deaf, deafened, hard of hearing or deafblind. The Custodian of Adoption Information provides adoption information disclosure services to adopted adults, adoptive parents, and birth families. The Family Responsibility Office is an enforcement program working with support payors and support recipients to meet their child and spousal support responsibilities.

Program Description

Reporting to the Deputy Minister of Community Safety, the Public Safety Division works with its policing partners to promote community safety and well-being. Activities include: scientific analysis in the Centre of Forensic Sciences; oversight of the private security industry; development of policing guidelines and standards; monitoring and inspecting police services; distribution of crime prevention grants; support for intelligence-led operations; management of provincial appointments and the Constable Selection System; delivery of the Major Case Management system; the promotion of animal welfare; and representing the Province in negotiating tripartite First Nations policing agreements with the federal government and First Nations communities.

Program Description

Reporting to the Commissioner of the Ontario Provincial Police (OPP), the OPP is responsible for providing direct front-line policing services in hundreds of municipalities and First Nations communities throughout the province. The OPP investigates province-wide and cross-jurisdictional crimes including complex frauds and organized criminal activity. In addition, the OPP patrols provincial highways and is responsible for many of the waterways and trail systems in the province. The OPP maintains specialized provincial registries, e.g., Violent Crimes Linkages Analysis System and the Ontario Sex Offender Registry. Oversight of provincial strategies such as child exploitation and biker enforcement are responsibilities of the OPP. Included as part of its provincial mandate, the OPP also provides emergency services support, is responsible for security for high profile international events, and delivers specialized security and protection services for the Government of Ontario throughout the province.

Program Description

Reporting to the Deputy Minister of Correctional Services, the Correctional Services Program is responsible for the operation of jails, detention centres, correctional centres, treatment centres and probation and parole services. The program supervises the detention and release of adult inmates and provides supervision of offenders serving sentences in the community on terms of probation, conditional sentence and Ontario parole. Key services and programs include training, rehabilitative programming, treatment and services designed to help offenders achieve changes in attitude and behaviour to support successful reintegration into the community.

Program Description

Reporting to the Deputy Minister of Community Safety, this program is dedicated to providing quality services related to public safety, security, and death investigations. This is achieved through the efforts of the Office of the Chief Coroner and Ontario Forensic Pathology Service and the Office of the Fire Marshal and Emergency Management. All are devoted to the rapid identification of issues and their resolution through effective mitigation, prevention, preparedness, response, recovery, scientific, investigative, business continuity and public education initiatives. The section strives to be a leader in ensuring that all of Ontario's diverse communities are safe and secure thereby supporting the government in its priority of stronger, safer communities.

Program Description

This program supports economic growth and job creation in Ontario by: attracting investment in key business clusters and sectors, and administering related funding programs; providing assistance to Ontario industry sectors and communities facing economic challenges; providing leadership in the development of economic policies across government and championing economic development research; leading the development of the province's long-term infrastructure plan; prioritizing infrastructure investments to promote jobs and prosperity; supporting strong communities across Ontario by investing in critical infrastructure projects; refining the Alternative Financing and Procurement model to ensure it remains the best approach to delivering infrastructure projects on time and on budget; expanding natural gas access; modernizing government and improving services to business through the enterprise- wide Open for Business initiative; working with partner ministries, agencies and stakeholders to promote social entrepreneurship in Ontario; supporting investments in high-speed broadband services in Ontario; promoting Ontario as a premier investment location and world class provider of goods and services; developing investment opportunities through investment lead generation activities; supporting Ontario's high-performing small and medium enterprises through 12 regional Business Advisory Services offices; promoting entrepreneurship as a viable career option among Ontario's youth; delivering youth entrepreneurship programming with a focus on experiential learning, mentorship and capital support; making Ontario accessible by developing accessibility standards and reviewing and overseeing organizations' compliance with them; forging strategic partnerships to promote accessibility initiatives; and providing public education, tools and resources for accessibility planning and programming.

This program also has integrated responsibility for strategic planning, policy development and management of a realty portfolio encompassing approximately one million acres of land and thousands of buildings and structures held throughout Ontario.

Program Description

This program supports a stronger research and innovation ecosystem in Ontario by: developing and administering the ministries' suite of research programs that make investments in operations, infrastructure and research talent personnel to support world-class research and researchers working in publicly-funded institutions across Ontario; advancing translational and focused research in specific research areas including cancer and brain; delivering skills development, business development and commercialization programs focusing on key sectors and regional development opportunities; providing programs and services that assist main street clients with business start-up and early stage growth through Ontario's network of 57 Small Business Enterprise Centres; helping technology-based entrepreneurs and firms launch and grow through the Ontario Network of Entrepreneurs; connecting innovators and entrepreneurs across the province - ensuring that high potential companies can attract the skills and capital to compete in global markets and provide the opportunity for ideas developed in labs to make their way into the marketplace; promoting entrepreneurship as a viable career option among Ontario's youth; and supporting increased awareness about the competitive and productivity advantages of e-commerce, to encourage higher rates of ICT adoption and use among Ontario SMEs.

Program Description

The program provides policy and program direction, as well as financial support, to elementary and secondary schools and agencies in Ontario in order to foster and sustain a high-quality education system for all students in the province, no matter where they live. The program aims to achieve three primary outcomes: excellence in student achievement; preparation of all students for success in further education, work and community life; and improvement of Ontario's ability to compete in a global marketplace.

Key components of the program are: supporting the implementation of a rigorous curriculum; supporting student learning and maintaining challenging standards of achievement, and supporting excellence in teaching; provision of financial support to a streamlined and efficient education system with a focus on teaching and learning in the classroom; accountability for the funding of elementary and secondary education; and operation of provincial schools for deaf, blind, deaf/blind and students with severe learning disabilities.

Program Description

High quality early years and child care programs are an essential part of a seamless, integrated system that supports early learning and care for children.

The integration of child care and early years programs enhances education results by providing a continuum of care and education for children aged 0 to 12, creating a focus on healthy child development and positive outcomes for children and families through coordinated local service system management

Program Description

This program is responsible for developing Ontario's energy policy framework, which is central to the building of a strong and prosperous economy. It provides leadership and support to the energy sector to ensure clean, reliable, affordable and sustainable energy supply, transmission and distribution systems. The program supports energy conservation and efficiency, grid modernization, and the development of cleaner forms of energy. This program also oversees engagement and consultation with First Nations and Métis on provincial energy sector activities and projects while facilitating the participation of Aboriginal communities in renewable energy and transmission system developments.

Program Description

This program, which includes the Offices of the Minister, Associate Minister (Ontario Retirement Pension Plan), and Deputy Minister, delivers planning, advisory, legal, and controllership functions to ensure direction and management of operating programs consistent with Ontario Government policy and legislation. In addition, the program manages the service relationships with Treasury Board Secretariat and the Ministry of Government and Consumer Services, ensures proper levels of support to the ministry and its client groups, and strategically manages the ministry's quality service commitments.

Program Description

This program includes pension and income security policy analysis, policy development and legislation. This program is responsible for tracking emerging trends and developments and identifying the economic and fiscal implications of pension and income security policies, and for advising and assisting the Deputy Minister of Finance, the Minister and the government in formulating major economic, fiscal and policy documents. This program is also responsible for facilitating the Minister's oversight and accountability of the Liquor Control Board of Ontario, the Ontario Lottery and Gaming Corporation and for managing the Ontario Deposit Return Program for beverage alcohol containers.

Program Description

This program develops and implements sound economic, tax and inter-governmental taxation and fiscal strategies to stimulate economic growth and job creation; forecasts, monitors and reports on the performance of the Ontario economy; provides expertise and advice on sound economic design of government initiatives; develops demographic forecasts for Ontario and its 49 census divisions; develops the policy and legislative framework for Ontario's taxation and benefits systems and the financial services industry; develops and implements a fiscal and financial management framework for the public sector in Ontario; assists the Minister of Finance and the government in formulating Ontario's finance policy and strategies with respect to federal-provincial fiscal arrangements; develops, monitors and reports on the fiscal plan strategies and results for the province; and provides policy advice to clients, managers, and decision makers in the areas of fiscal and financial management. The program provides oversight and advice on provincial-municipal issues within the context of the Province's fiscal plan, working closely with other ministries and municipal stakeholders. The program also advises on tax policies affecting Ontarians, including personal income tax, and corporate tax, assessment and property tax policy, grants to municipalities, and education property tax rates, as well as providing oversight of the property assessment system and administration of the province's main transfer payment to municipalities. In addition, the program reflects the transfer of dedicated electricity earnings from the province to the Ontario Electricity Financial Corporation.

This program assists the Minister, Deputy Minister of Finance and the government in formulating the fiscal plan and reporting the results of the Province through the Ontario Budget, Ontario Quarterly Finances, Ontario Economic Accounts, Economic Outlook and Fiscal Review, and the Public Accounts. The program also undertakes annual population projections for use in resource allocation and planning, and prepares the Long-term Report on the Economy and, in conjunction with Treasury Board Secretariat, the Pre- Election Report on Ontario's Finances.

Program Description

The Financial Services Commission of Ontario (FSCO) regulates the province's financial services sector, including insurance companies, health service providers for auto insurance, pension plans, credit unions, caisses populaires, mortgage brokers, agents and administrators, loan and trust companies, and co-operatives. FSCO also makes recommendations to the Minister of Finance on matters affecting these sectors. In addition, FSCO is responsible for the administration of the Motor Vehicle Accident Claims Fund (MVACF) which compensates people injured in automobile accidents in Ontario where there is no other insurance available to respond to the claim. FSCO is also responsible for the administration of the Pension Benefits Guarantee Fund (PBGF). The PBGF pays a minimum level of pension benefits if a plan is wound up with insufficient assets.

FSCO works with the Ministry of Finance, consumers and industry stakeholders to protect the public interest and enhance public confidence in the regulated sectors.

Program Description

This pThis program is responsible for the effective and efficient administration of Ontario tax statutes and a number of benefit programs and for maintaining the integrity of Ontario's tax system. It conducts tax compliance activities including audit, inspection, investigation and collections and delivers key benefit programs for low-income seniors and families. Central to this role is the provision of high quality services to clients including information and advisory services. Accountability for managing the relationship with the Canada Revenue Agency, which collects the majority of the province's taxes on its behalf, also rests with this program. The program leads the province's efforts in addressing the underground economy, contraband tobacco, corporate tax avoidance, and other revenue integrity measures. In addition, the program supports the delivery of enterprise-wide initiatives such as the collection of non-tax revenues and benefits transformation, including providing automated income verification and related administrative services for various programs such as the Ministry of the Attorney General’s Child Support Service. The program also works in partnership with First Nations on a range of issues including tobacco. In limited circumstances, the program provides grants to not-for-profit organizations and selected First Nations communities related to tax administration.

Program Description

This program is responsible for the development, direction, operation and formulation of policies for the management of the Province's debt, investments, credit ratings, investor relations, and related financial administration activities; providing centralized banking and cash management services to the Province; reporting on the financial position of the Province to investors and the public to facilitate borrowing activities; providing electricity sector financial analysis and support for any direct or indirect provincial liabilities and monitoring the fiscal implications; advice to government and broader public sector on financing initiatives and policies; provision of guarantees and loans by the Province and assistance in investments to its Crown Corporations and agencies; and arranging custodial and fiscal agency services for the Province and certain agencies. It is also responsible for the issuance of Ontario Savings Bonds. The Ontario Financing Authority (OFA) provides a broad range of financial services to Ontario Electricity Financial Corporation (OEFC) and Ontario Infrastructure and Lands Corporation (Infrastructure Ontario).

Program Description

The Office of Francophone Affairs (OFA) provides advice to the Ontario government on matters concerning Francophone affairs and the provision of French-language services. The OFA's primary program consists of partnering on cross-ministry transformation initiatives to enhance efficiency and effectiveness and ensure the integration of French-language services in those initiatives; monitoring and evaluating the effectiveness of French-language services (FLS) by reporting on ministries' achievements and corporate performance measures on an annual basis; making recommendations with respect to the designation of new areas and agencies under the FLSA and coordinating the implementation of services in newly designated areas; working with ministries and agencies to ensure a coordinated response to the French Language Services Commissioner's (FLSC) annual report; analyzing Census data and generating statistical profiles on the province's Franco-Ontarian population; coordinating the transfer of federal funding to other ministries and agencies for projects and initiatives funded under the Canada-Ontario Agreement on French- language Services; leading the planning and execution of Ontario's commemoration of the 400 years of Francophone presence across the province; and hosting the Ministerial Conference on the Canadian Francophonie (MCCF) to be held in Toronto in June 2015.

Program Description

The Ministry Administration Program provides administrative and support services to enable the ministry to deliver results for the government's objectives and fiscal priorities. Its functions include financial and human resource management, and accommodations and facilities management. The program also provides legal and communications services, and planning and results monitoring. The program assists and supports ministry program areas in achieving their business goals and organizational development.

Program Description

Ontario Shared Services (OSS) provides Ontario Government Ministries and employees with procurement, finance, human resources, pay and benefits, and a range of enterprise business services. Shared services is a proven model for public and private sector organizations, enabling increased efficiency, reducing duplication of services allowing clients to focus on their core business. OSS provides strategic advice, controllership and cost-effective service delivery in financial and non-tax revenue processing, payroll and benefits processing, benefit administration, supply chain management, enterprise business services and human resources.

Program Description

Ministry Administration provides support to the Minister of Health and Long-Term Care to meet the requirements of the Ministry's portfolio, ministry management, accountability, controllership, risk and fraud management frameworks to ensure the cost- effective/efficient use of resources to achieve business results.

A broad range of strategic and operational services are provided to support the effective delivery of all Ministry programs and services, including: business, fiscal and health capital planning; health system investment and funding policies and decisions; audit; supply chain and facilities, contract management and records management; government pharmacy; subrogation; strategic human resources including: talent, performance and succession management; workforce planning and resource management; employee engagement and inclusion; health, safety and wellness strategies; strategic labour relations; and organizational capacity and engagement; freedom of information, protection of privacy, and personal health information protection; public appointments process; legal; communications and marketing; project management and process improvement of priority programs to achieve improved quality, efficiency and effectiveness; financial management including payments, financial analysis, forecasting, reporting, settlements and including the necessary controllership requirements.

Also, funding is provided for administrative support to the Ontario Review Board, Consent and Capacity Board, Health Services Appeal and Review Board, Health Professions Appeal and Review Board, Physician Payment Review Board, and the Ontario Hepatitis C Assistance Plan Review Committee.

Program Description

The Health Policy and Research Program integrates health system research evidence, strategy and program policy to provide strategic directions for Ontario's health system. System-wide planning allows the Ministry to: support legislation and policy development; monitor alignment with the strategic directions; select and manage portfolios, strategy and other initiatives within the Ministry to further health system and health human resource goals. The work includes targeted investment, administration of funding programs, oversight and synthesis of health services/population health research, strategic policy and planning relating to the supply, mix, distribution, recruitment, retention, scope of practice and education/training of health providers. Related activities are the regulation of health professionals and labour relations matters pertaining to health professionals.

Program Description

eHealth ensures that information and information technology are used to improve and modernize Ontario's health care system, and to improve the quality of and access to health care services. eHealth Ontario provides the information infrastructure required to facilitate the secure electronic communication and exchange of personal information among Ontario's health care providers and supports the Ministry's eHealth initiatives.

Information Management provides health information and analytics which enable evidence-based decision making to ensure a sustainable health care system for Ontario.

Program Description

The Ontario Health Insurance Program includes key elements of Ontario's health care system: client eligibility and health card policies, physicians' payments for services that are insured under the *Health Insurance Act*, other practitioners' payments, out-of- province/out-of-country services, independent health facilities, Family Health Teams, midwifery services, underserviced areas, northern health travel grants, teletriage services, disease prevention, health quality, drugs, community laboratories, psychiatric patient advocacy and rights advice, protection from health-related fraudulent activity and assistive devices including home oxygen.

Ontario health services are available from health professionals in various settings from family doctors' offices to academic health science centres, to hospitals, to Telehealth Ontario and Telephone Health Advisory Service where triage advice and health information are provided by a registered nurse. Government-funded services are available to Ontarians who have registered, and who are eligible for the Ontario Health Insurance Plan. The Underserviced Area Program and the Northern Health Travel Grant Program offer a number of integrated supports that provide rural and northern communities with access to needed health care services.

The focus for disease prevention is improving the health and health care for Ontarians living with or at high risk of developing diabetes, congestive heart failure, chronic obstructive pulmonary disease and hypertension. Ontario Diabetes Programs improve access to and quality of diabetes services to improve the health and health outcomes of individuals at risk of developing or living with diabetes.

Health Quality Ontario is the provincial agency that supports evidence-based, high quality health care to contribute to a sustainable health system.

Program Description

The goal of the Public Health Program is to protect and enhance health, and prevent the onset of disease and premature death of Ontarians at all stages of life. The mandate of Public Health includes the entire spectrum of infectious diseases, chronic diseases and injury prevention, healthy child development, family and community health, environmental health, and emergency management - all with a focus on the underlying determinants of health. This Program focuses health resources on prevention, detection, early interventions and treatment where appropriate.

The program sets standards, protocols and performance targets, provides funding to Ontario's public health system, including boards of health, related associations and Public Health Ontario, and provides policy and program oversight to ensure accountability of the system. It includes the Chief Medical Officer of Health who has independent powers and the responsibility to report annually on the state of public health to the Legislative Assembly of Ontario. The program also partners with Public Health Ontario which supports public health at the provincial and local levels through the provision of scientific advice, education and training and field support as required.

Program Description

As steward for the long-term sustainability of Ontario's health care system, the Ministry collaborates with 14 Local Health Integration Networks (LHINs) to promote a patient-focused, value driven, integrated and co-ordinated health care system. While the Ministry provides strategic direction and guidance, the LHINs are responsible for planning, integrating and funding health service providers in their local health systems. The LHINs exercise their authority under the *Local Health System Integration Act, 2006*. Additional responsibilities and performance expectations are set out in the Memorandum of Understanding and Performance Agreement with the Ministry of Health and Long-Term Care. The LHINs have the flexibility to address unique local health needs and priorities through the management of services in public, private and specialty psychiatric hospitals, community care access centres, long-term care homes, community health centres, community support services, community services for persons with acquired brain injury, assisted living services in supportive housing, mental health and addiction agencies. The Ministry, in partnership with LHINs, ensures the delivery of accessible, community-responsive and high-quality health care for all Ontarians.

Program Description

This vote includes Provincial Programs, Emergency Health Services and Stewardship. This program is responsible for transfer payment accountability, and operational policy development, including the planning and funding of a wide span of specialized programs. Examples of these transfer payment programs include: Cancer Care Ontario, Ontario Breast Screening, Community and Priority Services, Operation of Related Facilities, Ontario Healthy Homes Renovation Tax Credit, HIV/AIDS and Hepatitis C Programs. In addition, the program provides Ontario's share of funding to the Canadian Blood Services and also supports a blood utilization management strategy for Ontario.

In addition to transfer payment activities, Provincial Programs and Stewardship also includes Direct Operating Expenditures for the management and delivery of the Transfer Payments within the Vote, and for the oversight administration (stewardship) of the Local Health Integration Networks.

Emergency Health Services ensures the existence of a balanced and integrated system of emergency health services throughout Ontario. The system consists of a series of inter-related programs and services including municipally operated/contracted land ambulance services, the not-for-profit air ambulance organization called Ornge, and ambulance communications services.

Program Description

The mandate of the Health Promotion Program is to support the government's priority of keeping Ontarians healthy at all stages of life. The Program provides a leadership role in keeping Ontarians healthy by developing health promotion policies, strategies and initiatives to promote healthier living, and providing Ontarians with the tools to make healthier choices. The Program provides oversight and ongoing management of transfer payment funding to support Ontario Public Health Standards aimed at child and reproductive health, chronic disease, prevention of injury and substance misuse. The Program is responsible for transfer payment accountability, and operational policy development, including the planning and funding of a wide span of specialized programs that support key government priorities such as the Smoke-Free Ontario Strategy, Healthy Kids Strategy, Diabetes Strategy and Children and Youth Low Income Dental program.

The Program sets standards, protocols and performance targets for boards of health and provides policy and program oversight to ensure accountability of the public health system.

Program Description

The mandate of the Pay Equity Office (PEO) is to administer and enforce Ontario's *Pay Equity Act*, which is intended to eliminate systemic gender discrimination in the compensation of work primarily performed by women. To carry out this mandate, the PEO provides education and advice to employers, employees and bargaining agents in the public and private sectors to achieve and maintain pay equity in their workplaces. The PEO also investigates complaints, conducts monitoring programs, attempts to effect settlements of pay equity issues between the parties and issues Orders for compliance where necessary.

The Pay Equity Hearings Tribunal, a quasi-judicial tri-partite administrative tribunal, is responsible for adjudicating disputes arising under the *Pay Equity Act.*

Program Description

The role of Labour Relations is to promote a stable labour relations climate and harmonious workplace relationships in the province. This is achieved through collective agreement conciliation and mediation, appointment of arbitrators, modernized collective bargaining information services, relationship building and training.

The Ontario Labour Relations Board (OLRB) is an independent, quasi-judicial tribunal which mediates and adjudicates a variety of employment and labour relations-related matters under various Ontario statutes, including appeals of decisions of employment standards officers and occupational health and safety inspectors.

The Crown Employees Grievance Settlement Board (GSB) is an independent quasi-judicial tribunal that mediates and adjudicates the labour relations disputes of Ontario Crown Employees. The GSB also provides financial and administrative services to the Public Service Grievance Board, an agency of the Ministry of Government and Consumer Services.

Dispute Resolution Services provides neutral, third-party assistance to trade unions and employers through collective agreement conciliation and mediation, appointment of arbitrators, collective bargaining information, relationship building and training.

Program Description

Occupational Health and Safety (OHS) Program's primary mandate is the setting, communicating and enforcing of the occupational health and safety legislation and regulations, and coordinating Ontario's workplace injury and illness prevention system to reduce or eliminate workplace injury or illness.

Largely through inspections and investigations of workplaces, the OHS program monitors compliance with the *Occupational Health and Safety Act* (the Act), and assists workplace parties in securing a healthy and safe working environment. Through the administration and enforcement of the Act and its regulations, it encourages employers and workers to cooperatively identify and control health and safety hazards.

The Prevention Office is responsible for initiatives aimed at preventing occupational injuries, illness and fatalities in Ontario. This includes the development of a province-wide health and safety strategy to align OHS priorities across all system partners, and related implementation activities such as mandatory workplace health and safety training, standards, research and awareness. The Office establishes standards for, and approval of high risk training programs and providers; as well as requirements for certification of joint health and safety committee members. It also oversees prevention research and innovation grants programs which provide funding to recipients who meet specific eligibility criteria. Through transfer payment agreements, the office designates and maintains oversight of Health and Safety Associations, who offer specific training, consulting and clinical services.

The Office of the Worker Adviser (OWA) provides advisory, representation and educational services to non-unionized injured workers and survivors in workplace insurance cases, including representation before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal. The OWA also provides the same range of services to non-unionized workers in reprisal complaint cases under Section 50 of the *Occupational Health and Safety Act*, including representation at the Ontario Labour Relations Board.

The Office of the Employer Adviser (OEA) provides advisory and educational services to all Ontario employers and representation services primarily to smaller employers, with fewer than 100 employees, with regard to workplace safety insurance matters before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal. The OEA also provides representation services to employers with fewer than 50 workers at the Ontario Labour Relations Board in reprisal complaint cases under Section 50 of the *Occupational Health and Safety Act*.

Program Description

The Employment Rights and Responsibilities Program (ERRP) is responsible for the administration and enforcement of the *Employment Standards Act, 2000* and its regulations, and the *Employment Protection for Foreign Nationals Act*.

The ERRP ensures that Ontario workers are protected by minimum standards of employment covering wages and working conditions. It promotes compliance with these standards through inspections, investigations and enforcement initiatives, and encourages self-reliance through education, outreach and partnership efforts.

Program Description

This program provides the services required by the Lieutenant Governor in performing her constitutional, representational and community duties. In her constitutional role, the Lieutenant Governor represents the Queen, appoints as Premier the party leader having the confidence of the Legislative Assembly, swears in the Executive Council, outlines the Government's plans in the Speech from the Throne, provides the Royal Assent needed for bills to become law, approves orders-in-council and appointments recommended by Cabinet, and prorogues or dissolves each session of Parliament. In her representational and community role, the Lieutenant Governor represents the people of Ontario and acts as the Province's official host, welcoming the Queen and members of Canada's Royal Family, Commonwealth and foreign government officials, diplomatic representatives and visiting VIPs. The Lieutenant Governor promotes many important initiatives, most notably those that integrate environmental, economic, social, educational and cultural concerns, as well as those that enhance a relationship with the province's Indigenous peoples.

Program Description

The objectives of this program are to: provide leadership, direction, coordination and controllership for all the central agency requirements (including statutory and regulatory compliance) and corporate programs and activities of the ministry; provide effective communications and issues management support; provide efficient and effective strategic advice, legal advice and services, business and resources planning, corporate emergency and security management, risk management and service delivery management support to the ministry; establish controls and controllership mechanisms, reporting and management standards, service standards and performance measures; and oversight of the ministry's human, financial, information management and information technology resources, and physical assets. This program also provides management and operational support services to the ministry and its agencies.

Program Description

This program is the ministry's interface with municipal clients responsible for providing services and implementing programs within Municipal Services and Building Regulation core businesses. It is also the province's key point of contact with the building sector on matters related to Ontario's Building Code. Its main priorities are to: oversee the implementation of the *Municipal Act*, the *Planning Act*, the *Housing Services Act*, the *Building Code Act* and related legislation, regulations, policies and programs; strengthen municipal capacity to achieve financial sustainability, prosperity and resiliency; lead the province's one-window land-use planning and assist municipalities in delivering their full land-use planning authority; support or coordinate the delivery of capacity building to municipal clients; and protect public safety in buildings. This program also supports key government initiatives such as renewable energy, water conservation, source water protection and barrier-free accessibility in the built environment. It administers numerous transfer payment programs, including provincial disaster assistance programs, and manages the ministry's Order-in-Council Emergency Management Program.

Program Description

The objectives of this program are well-planned, safe, strong, sustainable and healthy communities that enhance quality of life and support a prosperous economy. The Local Government and Planning Policy Program contributes to a long-term policy, administrative, and legislative framework that enhances the accountability, transparency and effectiveness of local government and democratic processes; improves environmental protection, growth management, conservation of greenspace and healthy economic growth and resiliency; provides tools to improve local service delivery, reduce costs, achieve financial sustainability, enhance accountability to taxpayers, and builds and maintains effective partnerships with key municipal and professional associations, municipalities, Aboriginal peoples and other ministries and governments; manage Ontario's population growth and preserve agricultural sensitive lands by leading the Places to Grow initiative; and helps develop and implement regional growth plans. All of this work is guided by a partnership approach and meaningful stakeholder and municipal engagement and consultation.

Program Description

The objectives of this program are to: deliver on the government's commitments on affordable housing and homelessness prevention; create a regulatory framework that protects tenants and landlords and encourages proper maintenance and investment in rental housing; and support municipalities, housing providers and other external stakeholders, in order to help them meet their housing responsibilities. To meet its objectives, the program provides a full range of services: policy development, program design, delivery compliance, complaints resolution, and funding for affordable and social housing and homelessness.

Program Description

The Natural Resources Management Program provides leadership and oversight in the management of Ontario's forests, Crown land, water, renewable energy, aggregate and petroleum resources through the development, implementation and improvement of legislation, policies, programs, information systems and standards.

The Program endeavours to ensure a healthy, viable forest industry in Ontario, and foster a competitive business environment by promoting jobs and investment in the forestry sector.

The Natural Resources Management Program also provides leadership and oversight in the management of Ontario's fish and wildlife resources, parks and protected areas, including the protection and management of provincially significant natural, cultural and recreational environment in order to promote healthy and sustainable ecosystems, conserve biodiversity, and enhance opportunities for outdoor recreation.

In addition, the Program provides leadership and oversight in the management of capital infrastructure assets such as fish culture facilities, Parks, Crown land, water, and other infrastructure investments including the development and application of geographic and land information and infrastructure to share such information to deliver ministry programs.

Program Description

The Public Protection Program provides leadership for the delivery of the Ministry's emergency management program for the protection of people and property affected by forest fires, flood, drought, erosion, soil/bedrock instability, and crude and natural gas exploration including natural gas and hydrocarbon underground storage, salt solution mining emergencies and other provincially significant emergencies where assistance is requested.

The program also has responsibility for the planning and provision, directly or indirectly, of non-scheduled air transportation for the Government of Ontario.

Program Description

This program provides executive direction as well as strategic business and resource planning services to ensure the efficient and effective delivery of ministry programs. It supports ministry operations through the provision of advice and services in the areas of human resources, financial planning, accounting and administration, and professional support services such as legal and audit services. It also provides core strategic support in the areas of corporate policy and communications.

Program Description

This program leads and assists in the development and delivery of policies, programs and services that support Northern Ontario businesses and communities. In addition, the program strives to make Northern Ontario strong, healthy and prosperous by providing business and community economic development support and access to government programs and services, promoting trade and investment, and answering northern regional and local infrastructure needs. It also co-leads the implementation of the government's Growth Plan for Northern Ontario through the coordination of provincial economic development initiatives in the North.

The program provides support for policy and program development and implementation on a range of issues and opportunities with respect to Northern Ontario. By engaging Northerners in government initiatives, including policy and planning activities, this program also ensures Northerners have a say in the development of government programs and services that affect them. The program is responsible for applying a Northern lens for policy review and development and champions Northern Ontario interests to further economic development.

This program invests in Northern Ontario infrastructure to support government priorities. Strategic investments in infrastructure such as the Northern Highways Program and telecommunications and information technology are improving the North's linkages to the rest of Ontario, Canada and beyond.

The program area provides economic development support to Northern Ontario businesses and communities. Through this program, the Ministry's network of offices provides northern communities and businesses with access to government economic development programs and services. Ministry programs work to attract trade and investment opportunities to help northern businesses develop and expand domestic and international markets. The Ministry also helps public and private sector economic growth, diversification and job creation through the Northern Ontario Heritage Fund Corporation.

Program Description

This program encourages, promotes and facilitates the sustained economic benefits of Ontario's mineral resources through its oversight of Ontario's mineral exploration and development sector. It promotes a strong, safe and sustainable Ontario by administering *Ontario's Mining Act* in a fair and consistent manner, to ensure sustainable and responsible development of our mineral resources. This involves ensuring equitable public access to Crown mineral rights, fair and efficient management of Ontario's mining lands as well as ensuring the safe, environmentally sound mineral development and rehabilitation of mining lands.

It also has responsibility for encouraging and facilitating Aboriginal participation in Ontario's economy in a way that is respectful of Aboriginal rights and culture and meets Ontario's consultation obligations.

The program also generates and disseminates geoscientific data that attracts and guides mineral sector investment and informs a broad range of government policy priorities.

It administers the Ontario Diamond Royalty Regulation, values rough stones for export, and works with industry partners to pursue value-added opportunities throughout the diamond industry.

This program also provides support for policy and program development and implementation on a range of issues and opportunities with respect to development in the Ring of Fire. A dedicated secretariat works with all parties involved, consulting with Northerners including Aboriginal people and the mining community to encourage the region's responsible, sustainable development.

Program Description

The Ombudsman is an Officer of the Legislature who submits his reports directly to the Legislative Assembly. The Ombudsman's mandate is set out in the *Ombudsman Act.* The Ombudsman publishes an Annual Report as required by the Act, as well as special reports throughout the year on systemic investigations conducted by the Special Ombudsman Response Team.

The Ombudsman investigates complaints about the administration of Ontario's provincial governmental organizations and makes recommendations to improve government policy, programs and services. The Ombudsman investigates both individual and systemic complaints brought forward by members of the public, Members of Provincial Parliament, and on his own initiative. The Ombudsman services are free of charge.

During the 2014/2015 fiscal year, the Ombudsman's Office handled 23,153 complaints. The Ombudsman's Office maintains a complement of 86 FTE's, 63 of which are members of the Canadian Office and Professional Employees union (COPE).

The Ombudsman also investigates citizens' complaints about closed municipal meetings pursuant to the *Municipal Act,* where no municipal investigator is in place. This additional jurisdiction was received in 2008 and was implemented using existing resources and with no resulting increase in the operating budget of the office. The Ombudsman also publishes an Annual Report on the Closed Meetings investigations conducted by his office, as well as special reports on individual investigations.

In December of 2014, The Public Sector and MPP Accountability and Transparency Act, 2014 – known familiarly as "Bill 8" passed. This legislation makes historic changes to the Ombudsman's mandate, allowing our Office to help many more Ontarians. It expands the Ombudsman's jurisdiction to municipalities, universities and school boards. Starting September 1, 2015, the Ontario Ombudsman is officially able to take complaints about the province's 82 school boards. The Bill will also enable the Ombudsman to take complaints about municipalities and universities as of January 1, 2016.

The Office of the Ombudsman maintains a high social media presence and individuals may contact the Office to lodge a complaint in person, in writing, via toll-free telephone, email, internet or using a mobile web application. The Office provides extensive information about its operations and specific investigations in both English and French, on its website at www.ombudsman.on.ca.

Program Description

The Tourism Program seeks to sustain and grow the competitiveness of Ontario's tourism industry.

The Ministry works in partnership with tourism associations and partners to strengthen and build the tourism industry and promote Ontario worldwide as a premier, four-season tourist destination. This includes providing support to the 13 Regional Tourism Organizations and festivals and events across the province, identifying tourism investment and development opportunities, and providing strategic research to keep tourism stakeholders well informed about trends, issues, and visitor expectations.

The Ministry oversees the activities and accountabilities of six agencies and two attractions that promote tourism, economic growth and job creation. The Ministry's tourism attractions and agencies are the stewards of unique historic facilities, green space and parklands in regions across Ontario, and offer a range of educational, recreational, cultural and entertainment programs for residents and visitors.

Program Description

The Ministry's sport, recreation and community programs are working to increase Ontarians' sport and physical activity participation levels and developing high performance athletes whose achievements inspire people across Ontario and Canada.

The Ministry leads Ontario's interests in 'Amateur Sport' by ensuring recognized sports are conducted in a fair and safe way; encouraging sport participation among all Ontarians; supporting high performance athletes; ensuring the sport legacy from the 2015 Pan/Parapan American Games and advocating Ontario priorities at the federal level.

The Ministry leads Ontario's interests in 'Recreation' by providing funding for key partners to deliver projects that increase physical activity and provide after school programs among children and youth and promote the 2015 Pan/Parapan American Games; enhance recreation infrastructure at the local level; provide coordination for provincial interests in trails, parkland, open space and water based recreation resources.

The Ministry also supports Recreation and Community programs that deliver targeted health promotion programs with a focus on sport and recreation and engage Aboriginal communities to increase physical activity.

Program Description

The Tourism and Culture Capital Program preserves and enhances Ontario's investment in tourism and cultural infrastructure. The Ministry provides capital repair and rehabilitation funding to 14 of its 21 tourism and cultural agencies and attractions. This funding enables the Ministry's agencies and attractions to undertake repair and rehabilitation of existing infrastructure including: renovations, building code upgrades, health and safety improvements and statutory/regulatory compliance, that help them remain competitive and enhance the visitor experience. The Ministry also manages one-time capital investments.

The Ministry, in partnership with Ontario Place Corporation, continues to work towards revitalizing Ontario Place.

Program Description

The Culture Program promotes and supports the arts and cultural industries, protects Ontario's heritage, advances the public library system and supports cultural agencies in order to maximize their contribution to Ontario's social, cultural and economic well-being. The Ministry provides support and advice to municipalities, First Nations, municipal heritage committees and others involved in heritage conservation and protection or cultural planning.

Through strategic investments in cultural industries in the entertainment and creative cluster, the Ministry supports innovation, encourages high-skill job creation and contributes to strengthening Ontario's competitive advantage in the knowledge-based economy.

Program Description

The Pan/Parapan American Games Secretariat is responsible for overseeing Ontario's financial commitments to the Games and working with the Toronto Organizing Committee for the 2015 Pan American and Parapan American Games, federal and municipal governments to ensure the Games vision is achieved. The Secretariat works with other ministries to co-ordinate the province's involvement in planning and operational activities for the Games, provides important services and expertise for hosting the Games and ensures the legacies are enjoyed by Ontarians for generations to come. The Secretariat also works with Infrastructure Ontario and the Ministry of Economic Development, Employment and Infrastructure to co-ordinate the acceleration of the West Don Lands development for the Pan/Parapan American Athletes' Village and works closely with all partners in the development of new and improved sport infrastructure that will support athletes and all Ontarians.

Program Description

The Postsecondary Education Division works in collaboration with the Strategic Policy and Programs Division to implement government strategies and policies for postsecondary education in Ontario. The Postsecondary Education Division develops and implements operational policies and financial support to postsecondary education institutions and students in Ontario, in support of the government's social and economic policy objectives with the goal of providing opportunities for high quality, accountable, relevant and accessible postsecondary education.

Key components of the program include: Ontario Student Assistance Program; administration of operating and capital transfer payments to colleges and universities; managing financial and governance relationships with postsecondary institutions; managing accountability mechanisms (such as key performance indicators and multi-year accountability agreement annual report backs); regulating the public colleges of applied arts and technology and private career colleges in accordance with applicable statutes.

Program Description

Employment Ontario (EO), Ontario's integrated employment and training network, makes it easier for Ontarians to find the employment and training programs and services they need. To remain competitive in the current and future economy, investments in education and skills training play a critical role in preparing people for jobs that ensure future prosperity in the knowledge-based economy.

EO's programs and services fall into four categories:
1. Employment and Training;
2. Apprenticeship;
3. Foundational Skills; and,
4. Labour Market.

The majority of EO programs and services are delivered through the EO network, comprised of Ontario's community-based network of employment service providers, literacy providers, public colleges, direct delivery apprenticeship offices and training delivery agents. EO aims to deliver integrated, customer-focused and effective employment and training to advance Ontario's economic advantage.

Program Description

The Strategic Policy and Programs Division leads strategic policy development and program design for postsecondary education and labour market training. It also performs key functions for the ministry such as: long-term forecasting, capital planning and evaluation, and management of inter-jurisdictional relations, including the oversight of federal-provincial labour market agreements. The division's work contributes to the government's goal of developing a highly knowledgeable and skilled workforce able to succeed in today's changing economy.

Program Description

The Ministry Administration Program provides guidance and supports the ministry in meeting its business objectives. From providing expertise on expenditure management to helping the ministry get the best value from its human resources, this program gives the ministry the necessary professional support to achieve its overall goals.

The program provides a full range of services including resource planning and management, controllership, procurement, communications, customer service, accessibility and diversity planning, emergency management and other corporate functions. This program also administers the government fleet of vehicles, on behalf of the entire Ontario Public Service.

Program Description

The Policy and Planning Program is responsible for identifying the long-term, strategic interests of the province with respect to Ontario's transportation systems, including transit. It also develops and implements policies, plans, programs and investments necessary to achieve that interest.

The program leads economic analysis and strategic research to support the sustainable and efficient movement of goods and people across Ontario's multimodal transportation system. It is also responsible for managing the province's relationship with Crown Agencies such as Metrolinx, which includes GO Transit, and for leading the development of an integrated multimodal Pan/ParaPan Am Games Transportation Plan.

Additionally, the program works to advance Ontario's transportation priorities and interests through the development of strong relationships with the federal government, other provinces, municipalities, and Aboriginal communities.

Program Description

The Road User Safety Program develops and implements strategies to improve road safety and mobility through the promotion of safe and responsible driving behaviour and motor vehicle safety.

Ontario has an excellent long-term road safety record and is consistently one of the safest road jurisdictions in North America. The Ministry of Transportation's road safety program leads and actively participates with other jurisdictions in Canada and the United States in developing and promoting road safety initiatives and best practices. The program works with many partners, including law enforcement partners, community groups, safety organizations, the medical community, public health units, injury prevention practitioners, the insurance industry and the private sector to reduce collisions, fatalities and injuries on our roads.

The key responsibilities of the program are to: set safety standards and develop policies, programs, legislation and regulations for road users, commercial carriers and motor vehicles; inspect, monitor and enforce compliance with those standards; manage and deliver driver improvement and commercial vehicle safety programs; conduct leading edge research to inform policy development and guide public education and road safety marketing campaigns, improve public awareness of road safety, promote safe and responsible road user behaviours; manage revenue derived from driver and vehicle licences; focus on the customer by creating faster, smarter, more efficient products and services; and manage and protect personal information and identity. It also supports the delivery of programs for other ministries.

The program establishes policies and standards and oversees the delivery of driver and vehicle licensing, registration and other services by our government and private sector partners.

Program Description

The Provincial Highways Management Program oversees the provincial highway network and develops strategies to maximize investments in highway infrastructure.

The provincial highway network provides safe mobility for people and goods, and promotes economic, environmental and social sustainability. The program delivers these activities through internal resources, partnerships and private sector service providers.

Activities include environmental assessments, investment planning, engineering, property acquisition, rehabilitation, new construction, contract oversight and routine summer and winter maintenance (such as shoulder grading/snow and ice control) for all provincial highways and bridges. The program is responsible for remote airports throughout northern Ontario, ferry services in locations across Ontario, First Nations roads subsidies, road improvements in unincorporated areas, service centres, and the production of the Ontario highways official map.

The program develops policies and guidelines and sets highway and bridge maintenance, engineering, materials, investment planning and construction standards.

Program Description

The Labour and Transportation Cluster provides leadership in the use of information and information technology (I&IT) for the Ministries of Labour and Transportation. The cluster is also the central provider for .NET technology solutions across the Ontario Public Service.

The cluster enables the ministries to deliver elements of their mandates by supporting effective management of their I&IT resources. The cluster also plans I&IT investments to optimize value and help the ministries be socially responsible stewards of the public trust.

By helping to modernize the ministries' information practices, the Labour and Transportation Cluster enhances program delivery, enables new business opportunities and improves customer service.

Program Description

The Ministry Administration Program provides administrative and support services to enable the ministry to deliver results to support the government's objectives and fiscal priorities. Its functions include financial and human resource management, and accommodations and facilities management. The program also provides legal and communications services, and planning and results monitoring. The program assists and supports ministry program areas in achieving their business goals.

Program Description

The Bargaining, Labour Relations and Compensation Program supports the government's commitment to positive labour relations with the OPS and Broader Public Sector (BPS).

The program represents the Crown as the employer in all collective bargaining and labour relations in the OPS, provides employee and labour relations advisory services, supports ongoing union-management relations and manages corporate compensation strategies and programs.

Representing the OPS as Employer, the program establishes legal/policy frameworks for effective HR management and develops human capital strategies to address current and emerging trends.

The program analyzes internal and external factors that drive collective bargaining outcomes in the BPS to develop and provide evidence based strategic guidance and advice to government, ministries and BPS employers related to ongoing collective bargaining and labour relations issues. The program also provides policy advice and support on government initiatives impacting executive compensation in the broader public sector.

Program Description

The Employee and Pensioner Benefits (Employer Share) Program provides for the government's expenses as an employer for insured benefits, statutory programs, non-insured benefits and certain public service pension plans including third party administration and adjudication costs. The expenses are based on changes in the accrued liabilities of the government as sponsor or co-sponsor of certain insured benefit plans, pension plans and termination of employment entitlements.

Program Description

The Treasury Board Support Program supports the development of the province's fiscal plan, provides expertise and advice on sound program design of government initiatives, develops and implements infrastructure strategies for the province, develops and implements fiscal and financial management framework, and fosters greater accountability and fiscal integrity in the public sector in Ontario.

The program assists the Minister, Deputy Minister of Treasury Board Secretariat and the government in reporting the results of the Province through the Ontario Quarterly Finances, the Public Accounts, and the annual process to seek spending authority from the Legislature. Additionally, the program supports Treasury Board/Management Board of Cabinet by providing advice on ministries' annual multi-year business and infrastructure plans, planning processes and ministries' management of in-year expenditures to ensure the appropriate use of public resources to meet government priorities. The Program also provides the Ontario Public Service and Broader Public Sector with accounting and financial management policy and controllership advice, and supports the development of performance measurement frameworks.

Program Description

The Governance, Agency Oversight, Enterprise Leadership and Learning program provides leadership and advice for corporate and agency governance, strategic corporate policy and public appointments with a focus on transparency and accountability.

The program also supports an Open Government through leadership across the OPS to increase civic engagement, make government more accessible to the public, and improve accountability and transparency through Open Dialogue, Open Data and Open Information.

As an enterprise program supporting leadership and learning, additional services include: recruitment and support of executives, learning and leadership development, talent management, internships, employee engagement, and green transformation strategies.

Program Description

The Enterprise Information Technology Services program provides leadership in establishing modern information and information technology (I&IT) in order to meet the needs of Ontarians and the OPS. This includes formulating and implementing strategy, ensuring security of systems and data, developing policies, the implementation of common infrastructure, governance and accountability. It also includes the delivery of OPS-wide common services such as hosting services, and network capabilities.

Program Description

The Agencies, Boards and Commissions program provides oversight to ensure effective governance, accountability, and relationship management.

The Conflict of Interest Commissioner has responsibility for certain conflict of interest and political activity matters as they apply to appointees and employees of ministries and public bodies and to certain employees of ministries with respect to financial declarations. The Commissioner handles requests for advice or rulings on specific conflict of interest or political activity matters, advises on financial declarations, approves conflict of interest rules submitted by public bodies and reviews and approves adjudicative tribunals' ethics plans.

Program Description

The Bulk Media Buy program supports the purchase of media time for government marketing campaigns. Funding also covers associated agency fees, creative production costs, market research costs and the development of related marketing materials to support integrated campaigns associated with government initiatives. Paid government advertising is guided by the *Government Advertising Act*, and reviewed and reported on by the Auditor General.

TOTAL OEFC DEBT	**24,357,590,001**	**25,340,734,237**
TOTAL CONSOLIDATED DEBT	**327,413,016,729**	**314,959,600,128**
Debt Issued for Investment Purposes*:		
Ontario Power Generation Inc.	5,126,000,000	5,126,000,000
Hydro One Inc.	3,759,000,000	3,759,000,000
TOTAL DEBT ISSUED FOR INVESTMENT PURPOSES	**8,885,000,000**	**8,885,000,000**

*Debt Issued for Investment Purposes, as a result of a debt for equity swap between the Province and Ontario Power Generation Inc. and Hydro One Inc., is eliminated upon consolidation.

SUMMARY OF DEBT OUTSTANDING - Concluded

As at March 31, 2016

The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over.

The Ontario Immigrant Investor Corporation (OIIC) is an operational enterprise of the Ontario Government incorporated on April 30, 1999 under the *Development Corporations Act*. The corporation was established to act as Province's receiving vehicle for immigrant investor monies under the federal government's Immigrant Investor Program (IIP). The Ontario Financing Authority manages these monies under an investment management agreement with the OIIC, and the OFA invests these funds received from the IIP in Ontario's bonds.

The Canada Mortgage and Housing Corporation (CMHC) has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public borrowing cost at the time that the Corporation agreed to participate in the project.

The Province of Ontario has issued to public investors in the capital market bonds denominated in Canadian dollar, United States dollar, Japanese yen, Australian dollar, euro, Swiss franc, and South African rand.

Ontario Savings Bonds (OSBs) were first issued in 1995. OSBs are retail bonds sold by the Province to the residents of Ontario. The bonds are issued once a year and are available for sale through most financial institutions. There are three types of bonds: Variable-Rate Bonds, Step-Up Bonds and Fixed-Rate Bonds. All are available with annual or compound interest.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with various maturities up to three years, are sold by tender on a regular basis.

U.S. Commercial Paper issues are non-interest bearing debt with maturities up to 270 days.

A School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards. The Trust issued 30-year sinking fund debentures amounting to $891 million and $882 million of the proceeds was provided to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province. An annual transfer payment is made by the Ministry of Education to the Trust's sinking fund under the School Board Operating Grant program to retire the debt over 30 years.

Net consolidation and other adjustments include third party debt issued by other government organizations and elimination of Provincial debt held by these organizations.

Debt Issued for OEFC: The Province, on behalf of Ontario Electricity Financial Corporation (OEFC), borrows from the Canada Pension Investment Board and issues debentures and treasury bills in the public markets. The proceeds of all such borrowings are advanced to OEFC in exchange for bonds and short term notes with like terms and conditions.

Debt issued for Investment Purposes: On April 1, 1999, under the *Energy Competition Act,* five corporations, together with their subsidiaries, were formed from the former Ontario Hydro. Ontario Power Generation Inc. (OPG) and Hydro One Inc. are two of these five corporations. In order for OPG and Hydro One Inc. to have capital structures competitive with those of other industry participants, the two companies entered into a debt-for-equity swap with the Province of Ontario. The Province assumed $8,885 million of the debt issued by the two corporations in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One Inc.

TOTAL DEBT ISSUED FOR INVESTMENT PURPOSES				**8,885,000,000**	

*Debt for Investment Purposes, as a result of a debt for equity swap between the Province and Ontario Power Generation Inc. and Hydro One Inc., is eliminated upon consolidation.

OUTSTANDING DEBT - Continued

As at March 31, 2016

References:

1. All debt issues are non-callable, except as stated in the notes below. Debt is payable at a fixed rate, or a floating rate with reference to a stated index, reset usually every three months (3M). These floating rate indices are CBA - Canadian Bankers' Acceptance Rate, Euribor - Euro Interbank Offered Rate, and Libor - London Interbank Offered Rate.
2. The following debt series are issued for Provincial purposes and for OEFC: DMTN208, DMTN173, DMTN217, DMTN183, DMTN79, DMTN218, DMTN195, DMTN225, DMTN140, DMTN200, DMTN207, DMTN212, DMTN215, HP, DMTN223, DMTN227, KJ, LQ, DMTN158, DMTN164, DMTN182, DMTN204, DMTN214, DMTN220, DMTN228, PU, EMTN82 and G62.
3. The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over. These debentures are not negotiable or transferable and are assignable only to a wholly-owned subsidiary of the Canada Pension Plan Investment Board. On April 1, 2007, all debentures held to the credit of the CPPIF or purchased by the Minister of Finance of Canada in accordance with Section 110 of the Canada Pension Plan were transferred to the CPPIB.
4. OIIC: Total outstanding amount is $709 million which is invested directly with the Province of Ontario and Infrastructure Ontario.
5. CMHC: The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest.
6. The Province entered into interest rate agreements for certain Canadian bonds to effectively convert their interest rate obligations according to the Province's risk management strategy. These bonds and effective rates are: DMTN209 2.83%, DMTN196 3.73%, DMTN210 2.77%, DMTN211 2.31%, DMTN173 3M CBA rate – 0.279% ($210 million), DMTN219 1.95%, DMTN217 1.88%, DMTN221 2.19% ($475 million), DMTN79 3M CBA – 0.05% ($125 million), DMTN222 2.52% ($531 million), DMTN224 2.14%, DMTN105 3M CBA – 0.03%, DMTN195 3M CBA rate + 0.55% ($600 million), DMTN226 1.91%, DMTN180 4.52%, and DMTN116 4.22%.
7. DMTN149: Bonds are extendible at the option of the bondholders on the initial maturity date of June 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable at the option of the bondholders on June 13, 2016 for Series DMTN119 at par. Interest is payable semi-annually at 3.6% until June 2, 2016 and 4.8% thereafter, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 4.67%.
8. DMTN152: Bonds are extendible at the option of the bondholders on the initial maturity date of December 2, 2016 to the final maturity date of June 2, 2035 and, if extended, are exchangeable on December 14, 2016 for Series DMTN119 at par. Interest is payable semi-annually at 3.75% until the initial maturity date and thereafter at 4.75%, if extended. In addition, the Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a rate of 4.76%.
9. MH: The terms of these debentures require that a special one-time interest payment of 25% of the principal amount outstanding be made at maturity.
10. DMTN157: Interest is payable semi-annually at 15.0% until January 13, 2006 and thereafter at 5.0%.
11. Series HZ, JA, JB, JC, JD: These are zero coupon bonds which require unequal payments consisting of principal and interest to be made at predetermined irregular intervals with final payment on January 10, 2035. During the fiscal year 2015-16, principal repaid was $0.1 million. The total principal and interest to be payable over the life of these bonds is $1,092 million.
12. DMTN158: This Real Return Bond bears interest to the index adjusted principal in relation to All-Items Consumer Price Index for Canada (the "CPI"), issued with a base index of 127.54839 on October 4, 2005. Consequent to the change of official time base reference period from 1992 to 2002 by the Bank of Canada on June 19, 2007, the base index has been changed to 107.18352. Total issue size is $2,844 million in principal, of which $700 million has been on-lent to OEFC, and $300 million has been swapped effectively to a nominal debt paying a fixed rate of 4.22%. The amount outstanding represents the indexed value of the principal.
13. DMTN117: The bond was issued at a high premium in 2004 to offer a yield of 5.74%.

OUTSTANDING DEBT - Continued

As at March 31, 2016

14. JL: The terms of these debentures require unequal payments, consisting of both principal and interest, to be made at predetermined irregular intervals with the final payment on January 10, 2045. The total principal and interest to be payable over the life of the debenture is $1,325 million.
15. OSB: Ontario Savings Bonds are redeemable at the option of the holders on June 21 and December 21 and for 14 calendar days following the redemption date of June 21 and December 21, with the exception of Fixed-Rate bonds which are redeemable at maturity only. Starting in 2009, Variable Rate Bonds are redeemable annually only on June 21. All current outstanding OSBs may be redeemed upon the death of the beneficial owner.
    OSB - Fixed Rate:
    In 2009, fixed rate bonds were issued for a term of two, three and five years. In 2010 and 2011, fixed rate bonds were issued for a term of three, seven and ten years. In 2012, 2013, 2014 and 2015, fixed-rate bonds were issued for a term of three and ten years only.
    OSB - Step-up Rate:
    2011 Series: Interest is payable at 1.25%, 1.5%, 2.0%, 2.5%, and 3.75%,
    2012 Series: Interest is payable at 1.25%, 1.5%, 1.75%, 2.0%, and 2.25%,
    2013 Series: Interest is payable at 1.25%, 1.5%, 1.75%, 2.0%, and 2.25%,
    2014 Series: Interest is payable at 1.25%, 1.5%, 2.0%, 2.25% and 2.5%,
    2015 Series: Interest is payable at 0.75%, 0.9%, 1.05%, 1.2% and 1.35%,
    in year 1, 2, 3, 4 and 5 respectively.
    OSB – Variable Rate:
    Starting in 2009, the interest rate on the Variable Rate Bond is reset yearly, on June 21 only.
16. OSB: The outstanding amount represent bonds matured but not yet presented for redemption. Interest is payable on these bonds only up to the maturity date.
17. All foreign currency debt has been converted into Canadian dollar equivalents at the rates of the currency exchange agreements if the debt was hedged, or at year end exchange rates if unhedged. 98.4 per cent of foreign currency debt is hedged as at March 31, 2016. The exchange rates of foreign currencies to Canadian dollars as at March 31, 2016 are: Australian dollar 0.99569, euro 1.477479, Japanese yen 0.011529, South African rand 0.088067, Swiss franc 1.350966, United States dollar 1.2974.
    In addition, the Province entered into interest rate agreements that effectively converted these interest rate obligations in accordance with the Province's risk management strategies. These bonds and effective rates are:
    (a) Australia in AUD 3.21%, EMTN in ZAR 4.97%
    (b) EMTN in Euro: 3.54% ($10,084 million), 3M CBA + 1.37% ($1,784 million)
    (c) Global in Euro: 4.00%
    (d) Japan in Yen: 4.35%
    (e) EMTN in CHF: 4.45% ($955 million)
    (f) Canada in USD: 4.49%
    (g) US in USD: 1.84% ($254 million)
    (h) Global in USD: 3.46% ($18,943 million), 3M CBA + 0.20% ($14,360 million), 0.92% ($4,365 million)
    The OEFC also entered into interest rate agreements that effectively converted these interest rate obligations in accordance with the OEFC's risk management strategies. These bonds and effective rates are:
    (i) Australia in AUD 4.24%, Global in Euro 4.0%, EMTN in CHF 4.95%, EMTN in USD 4.22%, Global in USD 3M CBA + 0.32%.
18. U.S. Commercial Paper issues are discount notes with maturities up to 270 days.
19. SBT: A School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards. The Trust issued 30-year sinking fund debentures amounting to $891 million and $882 million of the proceeds was provided to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province. An annual transfer payment is made by the Ministry of Education to the Trust's sinking fund under the School Board Operating Grant program to retire the debt over 30 years.

OUTSTANDING DEBT - Concluded

As at March 31, 2016

20. Total consolidation adjustments include third party debt issued by other government organizations and the elimination of provincial debt held by these organizations. The following are the provincial debt held by other government organizations (in millions):

Ontario Bonds:

AgriCorp: $18m DMTN132 and $20m DMTN173.
Forest Renewal Trust: $1m DMTN215 and $3m DMTN207.
Infrastructure Ontario: $17m DMTN195, $62m DMTN218, $88m DMTN223 and $6m DMTN225.
Ontario Energy Board: $3m DMTN173 and $1m DMTN208.
Ontario Trillium Foundation: $12m DMTN173, $12m DMTN208, $12m DMTN218 and $12m DMTN213.
Ontario Immigrant Investor Corporation: $132m OIIC 139-180.

Treasury Bills:

Northern Ontario Heritage Fund Corporation: $200m, Ontario Capital Growth Corporation: $84m, Ontario Immigrant Investor Corporation: $107m, Infrastructure Ontario: $500m, Forest Renewal Trust: $3m and Ontario Trillium Foundation: $31m.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2016

The Tile Drainage Act authorizes the Minister of Agriculture, Food and Rural Affairs to purchase, acquire and hold debentures issued by municipalities for construction of private tile drainage works. These debentures are payable within ten years of the issue of the debentures.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the Tile Drainage Act and are secured by liens on the properties.

The Ontario Automotive Investment Strategy Fund is a conditional loan of $173 million to General Motors of Canada Limited to support the company's $2.5 billion Beacon project. The project supports expansions in vehicle design and manufacturing capabilities at three Ontario plants and a Canadian Engineering Centre, including innovative manufacturing technologies, and advanced training. Also, the Ministry provided a conditional loan of $2.2 million to Valiant Corporation to support the company's investment in flexible assembly systems.

The Advanced Manufacturing Investment Strategy provided loans to encourage companies to invest in leading edge technologies and processes that will increase productivity and competitiveness. The program has been closed to new applications since February 5, 2010.

The Strategic Jobs and Investment Fund is a multi-year fund, consisting of conditional grants and repayable loans that aim to attract strategic investments in innovative projects that will help transition Ontario's economy and build global competitiveness and long-term prosperity.

The MaRS Phase 2 is a multi-year loan program to support the MaRS Phase 2 Tower project. As part of this loan agreement with MaRS Phase 2 Inc., the previous debt service guarantee was terminated and the ministry assumed the loan from Ontario Infrastructure and Lands Corporation (OILC). Funds were also advanced to acquire Alexandria Real Estate's (ARE) interest in the MaRS Phase II project and to support the project's transition to a state where the project can be refinanced by a third-party lender.

The Innovation Demonstration Fund is a discretionary, non-entitlement funding program that focuses on the commercialization and initial technical demonstration of globally competitive, innovative green technologies, processes and/or products. The objective of the program is to help companies in their efforts to commercialize innovative technologies in Ontario.

The Southwestern Ontario Development Fund is a multi-year fund, consisting of grants and repayable loans to support the attraction and retention of employment, investment, and promote innovation and cluster development and collaborations in Southwestern Ontario.

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

The Jobs and Prosperity Fund is a 10-year, $2.7 billion fund to support a dynamic and innovative business climate, and improve productivity and market access for Ontario companies and sectors. The program was officially launched on January 7, 2015 and provides support to key sectors such as advanced manufacturing, aerospace and defence, automotive and information and communications technology.

In order to provide funding to support the departure tax payable in connection with the Hydro One Limited Initial Public Offering (IPO), the Province, as shareholder, also subscribed for $2.6B in additional common shares. During the fiscal year, the Province sold 15 per cent of the common shares of Hydro One Limited through the IPO, at an offering price of $20.50 per common share (the IPO Price), and approximately a total of 1 per cent to separate PWU and Society trusts at the IPO price.

On April 1, 1999, under the *Energy Competition Act*, 1998, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro: The Ontario Electricity Financial Corporation, Ontario Power Generation Inc., Hydro One Inc., the Independent Electricity System Operator and the Electrical Safety Authority.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2016

The Ontario Power Generation Inc. (OPG) and Hydro One Inc. (Hydro One) entered into a debt-for-equity swap with the Province of Ontario in order to have capital structures competitive with those of other industry participants. The Province assumed $8,885 million of the debt issued by the two corporations to OEFC in exchange for $5,126 million in equity from OPG and $3,759 million in equity from Hydro One. In addition, OEFC owed Hydro One for a working capital adjustment in the amount of $122 million on the initial transfer of assets to Hydro One on April 1, 1999. Hydro One agreed to settle this amount as a reduction of their Shareholder's Equity account in 2004. In effect, the Province settled the amount on behalf of OEFC, resulting in a reduction of the equity in Hydro One to $3,637 million.

The Ontario Infrastructure and Lands Corporation (Infrastructure Ontario) was established under the Ontario Infrastructure and Lands Corporation Act, 2011. As at March 31, 2016, an $800 million promissory note is outstanding, maturing on March 31, 2053. The interest on the note is reset quarterly at the Province's three-month Treasury bill rate and is payable quarterly. In addition, Infrastructure Ontario had been provided on-lent loans. As at March 31, 2016, the balance outstanding was $2,655 million. This program has been replaced with a new lending program that better matches the funding of Infrastructure Ontario's loan program. As at March 31, 2016, the balance outstanding in this program was $1,256.7 million.

Ontario Infrastructure and Lands Corporation has been provided a short-term revolving credit facility to a maximum $900 million. As of March 31, 2016, the outstanding balance of this credit facility was $485.0 million bearing interest rates ranging from 0.59% to 1.12%.

The Ontario Student Loan Trust had been wound up. All student loan advances and repayments previously handled through The Ontario Student Loan Trust are now directly handled by The Ministry of Advanced Education and Skills Development through a service provider.

The Province and the Government of Canada, by way of Export Development Canada (EDC), a Crown corporation wholly-owned by the Government of Canada, provided a co-ordinated response to help achieve long-term viability and competitiveness of the Canadian auto sector. The Province's investment represented one-third of the total Canadian financial assistance provided to General Motors Company, General Motors of Canada Limited, Chrysler LLC and Chrysler Canada Inc. in the restructuring of their operations. As at April 1, 2015, the Province's net investment in the auto companies was $513.9 million. During the year, the Province's investment was reduced by 10.3 million, resulting in an ending balance of $503.6 million as at March 31, 2016.

On behalf of the Province and various provincial Crown corporations and other public bodies, the Ontario Financing Authority (OFA) coordinates borrowing and financial risk management activities; offers short-term investment management services; advises on project financing; and provides centralized finance and cash management services. Acting as an intermediary for the Province, the OFA provides financing to various public bodies, the repayment of which is expected from third party revenues. The funds for these loans are borrowed from the Province.

School boards have been provided loans under various programs beginning in 2006. During the year ended March 31, 2016, school boards received additional loans and made two semi-annual blended payments of principal and interest, leaving the total outstanding amount at 5,612.0 million (2015 - $5,608.4). These loans bear interest ranging from 2.42% to 5.38% and mature from 2019 to 2040.

The Ontario Lottery and Gaming Corporation (OLG) is a Crown agency of the Province under the Ontario Lottery and Gaming Corporation Act, 1999, and has been provided loans totalling 34.1 million (2015 - $29.7 million) to fund several projects, bearing interest at rates ranging from 2.32% to 2.93% and maturing from May 2016 to January 2018.

Infrastructure Ontario had been provided a revolving credit facility to a maximum amount of $200 million maturing in June 2019. This revolving credit facility has been discontinued.

LOANS AND INVESTMENTS – Continued

For the year ended March 31, 2016

The Royal Ontario Museum (ROM) is a Crown agency of the Province under a Special Act of the Ontario Legislature and has borrowed $30.1 million (2015 - $33.3 million) comprised of 0.5 million at a fixed rate of 5.04% and $29.6 million at a floating rate currently at 2.19%. All outstanding loans are scheduled to be repaid by March 2027.

The Corporation of the City of Windsor is a municipality within the meaning of the Municipal Act. The financing provided is for the acquisition, design and construction of the Windsor Justice Facility, consisting of a provincial division courthouse and city police headquarters. This is a 20 year loan bearing interest at 6.41% and maturing in March 2021. The outstanding balance is $9.9 million (2015 - $11.6 million).

The Ontario Northland Transportation Commission (ONTC) is a Crown agency of the Province under the Ontario Northland Transportation Commission Act, 1990. ONTC's total borrowing of $3.0 million (2015 – $3.3 million) matures from 2020 to 2031 and bears interest ranging from 4.90% to 5.22%.

The Niagara Parks Commission, a Crown agency of the Province, operating under Niagara Parks Act, 1990, has been provided a loan of $4.9 million (2015 - $5.2 million) to finance additional capital costs incurred for the redevelopment of phase I of Table Rock House in Queen Victoria Park, Niagara Falls. This loan bears interest at 5.07% and matures in April 2027.

The Centennial Centre of Science and Technology is a Crown agency of the Province under the Centennial Centre of Science and Technology Act, 1990. The $0.5 million (2015 – $1.0 million) loan was made to fund the construction of the Agents of Change project, bears interest at 4.35% and matures in March 2017.

The Ottawa Convention Centre (OCC) is a Crown agency of the Province under the Capital Investment Plan Act, 1993, and has been provided a loan of $45.2 million (2015 – $43.4 million) for the purpose of providing term debt to finance part of the construction of the Ottawa Convention Centre. This 25 year loan bears interest at 4.67% and matures in September 2036. Pursuant to a directive signed by the Minister of Finance on November 2, 2012, the OFA provided OCC with a repayment deferral of principal and interest up to five years. Interest continues to accrue over the five year deferral period. The outstanding amount includes capitalized interest of $5.2 million.

The University Of Ontario Institute Of Technology (UOIT) is a corporation established under the University of Ontario Institute of Technology Act, 2002. UOIT has borrowed $10.6 million (2015 - $15.4 million) bearing interest at 2.77 % and matures in October 2017

Colleges of Applied Arts and Technology have been loaned $221.4 million (2015 - $227.9 million) for various campus projects including new and expanded student residences, computer equipment, parking facilities, and an energy saving capital project. These loans bear interest ranging from 1.32% to 5.49% and mature from 2016 to 2040.

Pursuant to Subsection 82(4) of the *Pension Benefits Act,* the Minister of Finance is authorized to provide interest-free loans to the Pension Benefits Guarantee Fund (PBGF) if at any time the amount standing to the credit of the Fund is insufficient for the purpose of paying claims, including those arising in respect of the Non-Contributory Pension Plan covering Hourly Paid Bargaining Unit Employees of Algoma Steel Inc. and the Algoma Steel Inc. Salaried Employees Pension Plan for Employees in Canada. In 2003-04, the Province granted a loan of $330 million to PBGF, repayable in thirty equal annual instalments of $11 million commencing December 1, 2004. The unamortized discount represents the value of the interest concession on the loan.

In 2005-06, as part of the financial restructuring of Stelco Inc., the Ministry of Finance lent $150 million for ten years at 1% to Stelco Inc. in consideration of Stelco Inc. paying $400 million into its pension plans and agreeing to a pension refinancing plan. 75% of the loan would be forgiven if all of Stelco Inc.'s four main pension plans are fully funded at the end of the ten-year term of the loan.

LOANS AND INVESTMENTS – Concluded

For the year ended March 31, 2016

U.S. Steel Canada Inc. (USSC) is the legal successor of Stelco Inc. and is liable for the obligations of Stelco Inc. in respect of the Province Note Loan Agreement. In September 2014, U.S. Steel Canada Inc. filed for bankruptcy protection under the Companies' Creditors Arrangement Act. In December 2014, the Province submitted a Proof of Claim against USSC for the full amount of loan and accrued interest. Furthermore, the Ministry of Finance established a doubtful accounts provision of $150.0 million for the outstanding portion of the loan.

In February 2016, the Minister of Finance entered into a loan agreement with the Ontario Retirement Pension Plan Administration Corporation (ORPPAC) to provide a repayable loan of up to $400 million on commercial terms to pay for the start-up activities of the Corporation related to the implementation of the Ontario Retirement Pension Plan (ORPP). Given that the Corporation was expected to repay the loan with interest to the Province from contribution collection and other revenues, the loan was considered an operating asset in the Ministry of Finance. The loan was expected to be disbursed over three years as follows: $20M in 2015-16, $240M in 2016-17, and $140M in 2017 18. In 2015-16, the ORPPAC drew down the full $20M allocation.

On June 20, 2016, a historic Agreement-in-Principle was reached to enhance the Canada Pension Plan effective January 1, 2019. In light of the Agreement, the Ontario government announced that it would no longer proceed with the ORPP and directed ORPPAC to cease all activities. ORPPAC's operations have been substantially wound up. As ORPPAC has no assets or expected revenues, it is unable to repay the loan. As a result, the Ministry of Finance established a doubtful accounts provision of $20.03M (including interest) for the amount that was loaned to ORPPAC in 2015-16.

The Province provided, with certain conditions, separate loans to a Power Workers' Union (PWU) Trust and to a Society of Energy Professionals (Society) Trust in order to finance their respective purchases of Hydro One Limited common shares and certain related expenses. The total principal amounts of the loans to the trusts was $111 million: $75 million to a PWU Trust and $36 million to a Society Trust. Each borrower Trust used its loan to acquire common shares of Hydro One Limited and to pay for certain related expenses.

The objective of the *Shoreline Property Assistance Act* is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the *Municipal and School Tax Credit Assistance Act.*

The Province entered into a debenture loan agreement with the City of Toronto in 2004. The outstanding principal is now estimated to be approximately $69.1 million. The total remittance of the loan will be $231.3 million, including accrued interest of $61.1 million.

Ontario Northland Transportation Commission operates a railroad and maintains communications and transportation services – including bus and marine services – to and within the northern regions of the Province. The $35,207,935 represents the ministry's equity investment in the Ontario Northland Transportation Commission. The Province provided subsidies of $108,407,865 ($84,220,720 in 2012-13).

At end of fiscal 2016 the Ministry was owed $20,552,262.

The Ministry awarded Science North with a repayable grant of $500,000 to assist in the designing, constructing and installing of an IMAX Theatre. Repayments began in 1996-97 and are based on 50% of the yearly net revenues.

The Loans for Tools program began in September 1998 to provide loans of up to $800 to new apprentices who are Ontario residents to help them buy the tools they require for their apprenticeship programs. The loan repayments are to begin once their schooling is completed. The loan is interest free for up to one year following completion of training.

The Ontario Student Assistance Program (OSAP) provides needs-tested financial assistance in the form of loans and grants to eligible postsecondary students. Loans repayment to the Ontario Student Loan Trust begins six months after study period ends. If loan repayment is not made and loan default occurs, the loan becomes a debt to the Province and collection activity begins through the province's Collection Management Unit.

The Gaming and Liquor Deposits were established under the authority of Section 14 of the Alcohol and Gaming Regulation and Public Protection Act, which allows the Alcohol and Gaming Commission to establish fees and other charges in administering the Gaming Control Act and Liquor Licence Act. Under Section 9 of the Gaming Control Act, all applicants/registrants are required to pay the reasonable costs of an inquiry or investigation related to gaming registrations under the Act. Under Section 7 of the Liquor Licence Act, a public notice of an application for a licence to sell liquor must be provided in the prescribed manner. The deposits are used to defray the costs as described. As of March 31, 2016 gaming deposits were $12,276,124 and liquor deposits were $2,256,348 totalling $14,532,472.

The Victims' Justice Fund is a special purpose account established under the Victims' Bill of Rights, 1995. The fund receives the majority (95%) of its revenues from Victim Fine Surcharges (VFS) imposed under the Provincial Offences Act. The Victims' Justice Fund ensures that funds generated through the federal and provincial surcharges are used for the purpose of providing assistance to victims, enables separate tracking of these funds, and permits any unspent funds to be carried into the next fiscal year.

The Ministry of the Attorney General operates a special purpose account related to civil asset forfeiture and the proceeds of unlawful activity. These funds are used to compensate direct victims of unlawful activity that has led to the forfeiture, offset the administration of civil justice costs associated with civil asset forfeiture cases, and to provide grants to law enforcement agencies to assist victims and prevent unlawful activity that leads to victimization.

FUNDS AND OTHER LIABILITIES – Continued

For the year ended March 31, 2016

The Ministry of Community Safety and Correctional Services (MCSCS) and the Ministry of Attorney General (MAG), each operate a special account that has been established for the purpose of holding monies respecting Proceeds of Crime received by, or on behalf of the Crown. In 1996, the Province of Ontario entered into a Memorandum of Understanding with the federal government indicating the Province's commitment to using proceeds of crime to fund law enforcement and crime prevention initiatives (MCSCS) and administration of criminal justice costs associated with proceeds of crime cases (MAG). The ministries make payments from these accounts as required by the terms, and interest is credited to these accounts on a quarterly basis. Both ministries signed a sharing agreement to share both monies received from the federal and provincial proceeds of crime. The funding breakdown consists of MAG receiving 40% and MCSCS receiving 60% of the funds received from the Province and MAG receiving 25% and MCSCS receiving 75% of the funds received from the federal government.

The Ministry of Community & Social Services operates a special purpose account to receive and disburse family support monies between third parties, as authorized under the Family Responsibility and Support Arrears Enforcement Act, 1996 (FRSAEA). Section 5 of FRSAEA authorizes the Family Responsibility Office Director to enforce and collect support payments and to pay the amounts collected to the persons to whom they are owed.

In 1997, in order to recognize the tremendous sacrifice made by our public safety officers and their families to keep Ontario safe, the Constable Joe MacDonald Public Safety Officers' Survivors Scholarship Fund was established by an Order-In-Council (OIC) as a Special Purpose Account with an allocation of $5 million (and interest earned at 5 per cent per annum when the principal is less than $5.5 million). The scholarship provides funding to the children and spouses of public safety officers who have died in the line of duty. The funding recommendations are made by an Advisory Committee, which was also established based on the direction included in the OIC. The ministry makes payments from this account as required by the terms and directed by the Minister, and interest is credited to this account on a quarterly basis.

Individuals and Corporations are required to place financial assurance with the Ministry of the Environment and Climate Change to finance environmental cleanups and site rehabilitations relating to Orders and Approvals of the Ministry. The financial assurance contributions provided are in cash and earn interest while on deposit with the Minister of Finance. Both cash deposits and interest earned are refundable.

Operators of waste wells are required to pay a fee to the Ministry of the Environment and Climate Change, based on waste disposed in approved disposal wells under the Environmental Protection Act. These payments from individuals and corporations are non-refundable and are placed in an interest-bearing account with the Minister of Finance to compensate any person or organization for damage to water or water courses which are rendered unfit for use by reason of the operation of the waste well.

This is an interest bearing Special Purpose Account, held in trust for the community of Port Loring by the Ministry of the Environment and Climate Change, to be used as an operational subsidy for a communal water system which was built to address gasoline contamination of the groundwater that had impacted private wells in the community.

The Motor Vehicle Accident Claims Fund operates under the authority of the Motor Vehicle Accident Claims Act. The Fund derives its revenues from two sources: an annual fee charged upon every issuance/renewal of a driver's permit/licence and repayments from debtors (uninsured at-fault motorists). Payments out of the Fund have been subject to a variety of legislative changes over the years of its operation and are detailed in the Notes to the Fund's Financial Statement, which is to be found in Volume 2c.

FUNDS AND OTHER LIABILITIES – Continued

For the year ended March 31, 2016

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Finance, which were not cashed by March 31, 2016.

Unclaimed fully registered bond interest includes interest on Ontario Savings Bonds matured, but not redeemed as of March 31, 2016.

The Personal Property Security Assurance Fund (PSSAF) was established under the authority of the Personal Property Security Act and Regulations and includes claims made under the Repair and Storage Liens Act. Any person who suffers a loss or damage that arises from errors or omissions made in personal property registration records may be entitled to compensation. Under the regulations, one per cent of the fees received for registration as well as annual interest payments determined by the government via Order-in-Council are paid into the PPSAF.

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding pension and related benefit funds for the Provincial Judges Pension Fund, Justice of the Peace Supplemental Plan, Supplementary Benefits Accounts and the Deputy Ministers' Supplementary Benefit Account. The amounts recorded by the Province are essentially the sole assets of these plans.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Health, which were not cashed by March 31, 2016.

The Crown Forest Sustainability Act (the "Act") provided for the establishment of the Forestry Futures Funds. The purposes of these funds are to provide for: 1) the funding of silvicultural expenses in Crown Forests where forest resources have been killed or damaged by fire or natural causes, 2) the funding of silvicultural expenses on land that is subject to a forest resource licence, if the licensee becomes insolvent, and 3) the funding of intensive stand management and pest control in respect of forest resources in Crown Forests.

The *Crown Forest Sustainability Act* (the "Act") provided for the establishment of the Forest Renewal Trust Funds. The purposes of these funds are to provide for the sustainability of Crown forests and, in accordance with that objective, to manage Crown forests to meet social, economic and environmental needs of present and future generations. The payments of forest renewal charges are received by the Minister of Finance from a licensee who cuts timber on an area that is subject to an agreement under Section 6 of the Act.

A separate account in the Consolidated Revenue Fund is maintained for the Fish and Wildlife Program for dedicated revenue retention from the sale of licences as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The *Provincial Parks Act* provides for the establishment of a separate account in the Consolidated Revenue Fund for the Ontario Parks Program for the dedicated revenue retention from the collection of Provincial Parks Fees as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The Mine Reclamation Fund is a special purpose account established in 1994, within the Consolidated Revenue Fund for the purpose of receiving and dealing with payments of money received as financial assurance dedicated for the closure costs of mine projects pursuant to Section 145 of the *Mining Act R.S.O. 1990 c.M.14.*

FUNDS AND OTHER LIABILITIES – Concluded

For the year ended March 31, 2016

The Training Completion Assurance Fund (TCAF) is a provision of the Private Career Colleges Act, 2005 (PCCA). TCAF is administered by the Superintendent of Private Career Colleges with the assistance of a TCAF Advisory Board appointed by the Minister of Training, Colleges and Universities. In the event a PCC closes, the PCC's financial security will be used to provide students with training completions or refunds. Once the PCC's financial security has been exhausted, outstanding student claims can be paid out by the TCAF.

The International Registration Plan (IRP) is a continent wide international agreement that facilitates the collection and distribution of commercial vehicle registration fees to all IRP members based on distance traveled in each jurisdiction. All Canadian provinces and U.S. states are members of IRP. The IRP liability account represents registration revenue collected from Ontario truck and bus companies and deposited into an Ontario government U.S. bank account on behalf of U.S. IRP member jurisdictions. These registration revenues are accumulated and distributed monthly to U.S. and Canadian IRP member jurisdictions.

The Unincorporated Roads Program Account represents funds deposited to the Special Purpose Account (SPA) by various boards in the Unincorporated Roads Program. These include Local Roads Boards (LRBs), Statute Labour Boards, and Special Maintenance Agreements, corresponding provincial contributions, as well as funding under the Federal Gas Tax program for roadwork that has not yet been performed by the ministry. Boards under the Unincorporated Roads Program consists of an owner or owners of land in a territory without municipal organization and there are approximately 300 - 350 active in the province. The roadwork to be performed is determined during an annual meeting between the LRBs and ministry officials and may include emergency repairs, general maintenance or capital upgrades.

The Ministry of Transportation administers the Dedicated Gas Tax Funds for Public Transportation (Gas Tax) Program. Starting in 2004, the Province provided one cent per litre of provincial gas tax revenues, increasing the amount to 1.5 cents a litre in October 2005 and 2 cents a litre in October 2006. The Gas Tax program provides a long-term sustainable source of funding for Ontario municipalities to improve and expand public transit. The funding of 2 cents a litre was made permanent with the passing of the Dedicated Funding for Public Accounts Act, 2013 through the 2013 Ontario Budget. A Special Purpose Account entitled the "Dedicated Funding for Public Transportation" was created and funds, determined pursuant to a formula stipulated under the Act, are deposited into it and subsequently paid out to the recipients. For 2015-16, pursuant to the Act, $332.8 million was deposited into the Special Purpose Account. A total of 97 transit systems in 132 communities, representing 90% of the total population of Ontario, received Gas Tax funding in 2015-16. The Province has committed more than $3.4 billion in Gas Tax funding to Ontario municipalities since 2004.

FINANCIAL GUARANTEES – MINISTRY OF FINANCE:

Two agreements are in place to satisfy the Canadian Nuclear Safety Commission (CNSC) licensing requirements for financial guarantees in respect of OPG's nuclear station decommissioning and nuclear waste management obligations. One agreement gives the CNSC access (in prescribed circumstances) to the segregated funds established under ONFA. The other agreement between the Province and the CNSC provides a direct Provincial guarantee to the CNSC on behalf of OPG. This guarantee, for up to $1.551 billion, effective January 1, 2013, relates to the portion of the decommissioning and waste management obligations not funded by the estimated value of ONFA Funds as at January 1, 2013 and will remain effective until the end of 2017. In return, the Province receives from OPG an annual fee equal to 0.5 per cent of the value of the guarantee.

References:

1. The Province's maximum liability for the program is $120,000,000.
2. The Province's maximum liability for the program is $130,000,000.
3. The Province has guaranteed the repayment of loan facility made by United Communities Credit Union Limited to Pelee Island Cooperative Association for a period beginning May 11, 2010 and ending at the earliest of April 1, 2015 or repayment of all the amounts borrowed. The guarantee shall be extended accordingly but not to extend beyond April 1, 2035. The maximum amount guaranteed is $ 0.6 million plus any unpaid interest, costs and expenses thereon.
4. The Province has provided seven loan guarantees under Aboriginal Loan Guarantee Program: two in the fiscal year 2011-12, two in the fiscal year 2013-14, one in the fiscal year 2014-15 and two in fiscal year 2015-16 for a combined total of over $200 million. These guarantees will mature in the fiscal year 2025-26 and 2039-40. Borrowers pay the Province an annual loan guarantee fee of 0.15% of the guaranteed amount. The Aboriginal Loan Guarantee Program provides loan guarantees to support Aboriginal equity participation in renewable energy generation and transmission projects and has a maximum program envelope of $650 million.

* CLAIMS AGAINST THE CROWN

As at March 31, 2016

The following are claims arising from legal action either in progress or threatened against the Crown in respect of breach of contract, damages to persons and property and like items. The amounts claimed have not been specified, but in each case are expected to exceed $50 million.

1. Mary Lou LaPratte, Roland LaPratte, Sheila Horrell, Arthur Horrell et al. (proposed class proceeding).
2. Monaghan, John Richard v. HMQ, the Attorney General and the Solicitor General together with the OPP.
3. Twain, Jim Chief, Statement of claim for damages for negligence, breach of contract, fiduciary duty and treaty rights.
4. Chuang, David, Dr. DMD: claim for damages alleging defamation, breach of fiduciary obligations, misfeasance in public office, injustice, embarrassment, harassment, humiliation, etc. The College of Dental Surgeons of Ontario stripped the plaintiff of his licence for sexual misconduct.
5. Dr. Jeffrey Lipsitz v. Ontario: claim alleges that, in the course of inspecting and regulating Sleep Disorders Centres owned by the plaintiff, the defendants engaged in tortuous conduct including conspiracy, unlawful interference with economics relations, abuse of process, negligent performance of statutory duty, abuse of public office, and negligent and malicious investigation.
6. Magnotta Winery Corporation et al. v. AGCO et al. re: allegations that the “Made Policy” which places restrictions on the sale of alcohol products was created unfairly and discriminates against Plaintiff’s business operations.
7. Keatley Surveying Ltd. v. Teranet Inc. re: Class Proceedings against Teranet for damages of infringement of the Copyright Act, R.S.C. 1985, pertains to the electronic land registry system.
8. W. Ross Macdonald School for the Blind v. HMQRO. The claim is brought by a former student and resident who resided and attended the school from 1954 until 1965.
9. Trillium Power Wind Corporation v. HMQRO as represented by Ministries of Natural Resources, Environment and Energy Infrastructure claim for damages by reason of the revocation of its status as an applicant of record and exclusive registrant for wind power development on Crown land pursuant to the Green Energy Act, 2009.
10. Janice Cerra et al v. Corporation of the City of Thunder Bay: Claim for damages and injuries against HMQRO Ministry of Environment sustained from alleged wastewater infrastructure failure and contaminant spills affecting property owners and occupiers in the City of Thunder Bay as a result of flooding and sewer back up which commenced on or about May 28, 2012 and continued unabated for weeks.
11. Northern Superior Resources Inc. v. HMQRO: Claim for damages arising in respect to unpatented mining claims owned by the Plaintiff company located in lands situated in the Red Lake Mining Division northwest of Thunder Bay.
12. SkyPower CL 1 LP, et al v. HMQRO and the Ontario Power Authority: Claim for damages for breach of contract and/or negligent misrepresentation in relation to the processing of applications submitted to the FIT program and changes to the FIT program made in July 2012.
13. Quinte, Elaine, et al v Algoma Central Properties – Elliot Lake Algo Mall Collapse – Class Action claim arising from the collapse of the Algo Centre Mall on June 23, 2012.
14. Papassay, Holly v HMQRO: class action claim for damages and injuries suffered by members while in foster care facilities by Children’s Aid Societies across Ontario under the care of the Ministry of Children and Youth Services.
15. Johnson, Glenn, et al v. HMQRO: Draft class action claim for damages contemplated by a class comprised of inmates incarcerated at the EMDC between January 1, 2010 and August 25, 2013.
16. Northern Diamond Gaming Services Limited and Diamond Gaming Services Inc. et al.
17. The Chippewas of Sarnia, the Chippewas of Kettle Point et al. v. Ontario, Polysar Hydrocarbons Limited et al.
18. Clifford Meness et al., for themselves and all other members of the Algonquins of Golden Lake Band of Indians.
19. Roger Southwind on behalf of the Lac Seul Indian Band.
20. Moose Factory First Nation et al. v. Spruce Falls Power and Paper Company Limited.
21. New Post First Nation et al. v. Spruce Falls Power and Paper Company Limited.

* CLAIMS AGAINST THE CROWN – Continued

As at March 31, 2016

22. Missanabie Cree First Nation v. Ontario and Canada.
23. Six Nations of the Grand River Band.
24. Wikwemikong Indian Band Re: aboriginal title in islands in Lake Huron and Georgian Bay.
25. Chippewas of Sarnia Band re: aboriginal title in large tract in City of Sarnia.
26. Mississauga of Alderville, Beausoleil, Chippewas of Georgia Island, Mnjikaning (Rama), Curve Lake Hiawatha, and Scugog Island First Nation.
27. Wesley Big George on behalf of seven Lake of the Woods First Nations vs HMQ.
28. Big Grassy (Mishkosiimiiniiziibing) First Nation and Ojibways of Onigaming First Nations adjacent to the Lake of the Woods and Winnipeg River area who are signatories to Treaty 3 and who are seeking damages on account of flooding that occurred 1887 - 1892.
29. Wauzhushk Onigum First Nation and Ochiichagwe'babig o'ining First Nation and Washagamis Bay First Nations.
30. Walpole Island First Nations re: aboriginal Title to certain parts of S. Western Ontario use of land and compensation.
31. The Begetikong Anishnabe First Nation (aka the Ojibways of Pic River) Chief Roy Michano, Councillor Duncan Michano and Councillor Arthur H. Fisher, aboriginal title to a large tract of land on the northeastern shore of Lake Superior.
32. Long Lake No. 58 First Nation. Plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
33. Biinjitiwaabik Zaaging Anishinabek First Nation (Rocky Bay Band): claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
34. Sand Point First Nation: claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
35. Pic Mobert First Nation: claim in which plaintiffs allege that they hold exclusive aboriginal title over an area along the shore of Lake Superior.
36. Pays Plat First Nation v. Canada and Ontario: This action seeks declarations of aboriginal title and related relief with respect to lands on the north shore of Lake Superior. The individual plaintiffs are Ojibway Indians who are members of the Pawgwashing First Nation, a.k.a. Pays Plat First Nation. They argue that they never agreed to and are not bound by the Robinson Superior Treaty of 1850.
37. Whitesand First Nation Annuity Claim, Plaintiff seeking declaration that increased annuity payable pursuant to Robinson-Superior Treaty 1850 has not been paid.
38. Moose Deer Point First Nation, Statement of claim for compensation for breach of fiduciary obligation and a declaration that the plaintiffs have existing treaty rights as set out in the address of Samuel Peters Jarvis in 1837.
39. Garden River First Nation Reserve No. 14 re: First Nation's boundaries under Robinson-Huron Treaty.
40. Agency One Damages Action: Potential third party claim brought by Canada against Ontario and Fort Frances demanding contribution and indemnity for damages on the grounds of a constructive trust.
41. Atikameksheng Anishnawbek v. HMQRO, et al: Notice of claim against the Attorney General of Canada and Her Majesty the Queen in the Right of Ontario for, inter alia, breach of fiduciary duties in failing to provide the claimant with a reservation in accordance with the written and oral terms of the Robinson Huron Treaty of 1850.
42. Aundeck OMNI Kaning First Nation et al: The plaintiffs dispute the "equitable validity" and scope of Treaty 94 (1862) which contained a surrender of most of the lands purportedly reserved to the plaintiffs by Treaty 45(1836).
43. Northwest Angle No. 33 First Nation: Claim for flooding and related damages and a declaration of fiduciary duty to the plaintiffs.
44. Restoule et al. v. Canada and Ontario: The plaintiffs seek declaratory relief recognizing an obligation on the Crown, now and in the past, to increase [Robinson Huron] Treaty [of 1850] annuities to the extent the Crown can do so from the revenues generated by the surrendered lands, without incurring loss. They also seek an accounting and damages.

* CLAIMS AGAINST THE CROWN – Concluded

As at March 31, 2016

45. Proceedings before the Copyright Board of Canada involving Access Copyright, the Ontario Ministry of Education and all publicly funded School Boards and Authorities.
46. North American Free Trade Agreement (NAFTA) Chapter 11: Mesa Power Group claims that Canada breached obligations under the NAFTA as a result of the actions of the Province of Ontario Power Authority (OPA) in allocating transmission capacity and awarding Feed-in-Tariff (FIT) contracts in the Bruce Region.
47. North American Free Trade Agreement (NAFTA) Chapter 11: Windstream Energy alleges that Canada breached its obligations under NAFTA as a result of measures and actions taken by Ontario in relation to the deferral on the development of an offshore wind energy policy framework and the Feed-in-Tariff (FIT) Program.
48. MediaMix Interactive Inc.: Statement of Claim in Ontario's Supreme Court of Justice for damages (including interest) and costs arising from alleged breach and wrongful termination by MNRF in Oct 2010 for a May 2009 turnkey reservation and registration service contract between MNRF and MMI.
49. CG Acquisition INC: Notice of Cliam against HMQRO, IO and the LCBO for damages arising from dis qualifications of the plaintiff from tendering a bid pursuant to an REP issued by IO and LCBO.
50. Alykhan Kanani et al v Economical Insurance Company: the PGT negligently supervised a lawyer it had retained to act for the plaintiff as his guardian for property in relation to a lawsuit and statutory accident benefits arising from a negligent motor vehicle accident.
51. Welsh v HMQRO. The claim is brought by a former student and resident of Ernest C. Drury School for the Deaf (ECD), where he attended between 1964 until 1971, and a former student of Roberts School for the Deaf, where he attended between 1972 until 1976.
52. Secure Isolation-Class Action re Ontario Youth Justice Facilities: The notice alleges negligence and breach of fiduciary duty by Ontario in its operation and management of the Facilities.
53. Templin, James v. HMQ – Child and Parent Resource Institute: Class action relating to the management and operation of the Child and Parent Resource Institute.
54. Grand Chief Coon Come, Mathew: Notice of Action for aboriginal title and rights over the traditional territory.
55. M.M v. Family and Children's Services of Lanark, Leeds and Grenville, et al: unknown hacker stole the personal information of 285 clients.
56. Ilha v. Ontario: Human Rights Code challenge alleging that Ontario's funding of IVF discriminates.
57. Association of Ontario Midwives v. Ontario: Human Rights Code challenge alleging that Ontario's compensation for midwives discriminates.
58. Elementary Teachers' Federation of Ontario et al. v. HMQ: The Union is challenging the constitutionality of the *Putting Students First Act, 2012*.
59. Ontario Public Services Employees Union et al. v. HMQ: The Union is challenging the constitutionality of the *Putting Students First Act, 2012*.
60. Ontario Secondary School Teachers' Federatopm (OSSTF) et al. v. HMQ - The Union is challenging the constitutionality of the *Putting Students First Act, 2012*.
61. Canadian Union of Public Employees (CUPE) et al v. HMQ: The Union is challenging the constitutionality of the *Putting Students First Act, 2012*.
62. Unifor, Ron Riberdy and Maureen Plaquet v. HMQ: The Union is challenging the constitutionality of the *Putting Students First Act, 2012*.
63. CUPE Local 27 v. Greater Essex District School Board: The Minister is seeking an interpretation of s.177(3) of the *Education Act.*
64. Dadzie, Godday, et al v HMQRO: Notice of class proceeding brought on behalf of all immigrants detained by the CBSA.
65. Provincial Correctional Institutions: Notice of class proceeding brought on behalf of all prisoners incarcerated or detained at all Ontario correctional facilities from December 10, 2002 to the present.
66. Muskoka Flooding: class action against the Ministry of Natural Resources for damages arising from high water levels in early 2016, allegedly caused by a failure to implement the Muskoka Waters Management Plan.

*Updated for changes up to date of release of Public Accounts. 66 of the above claims were assessed as "not determinable".

Transmission and Distribution Policy Branch

August 4, 2011

Dear Licensed Distributor:

I write following the letter sent to you from Minister Brad Duguid dated July 29, 2011 ("Minister's letter"), requiring every licensed distributor to report data to support financial assistance provided under the *Ontario Clean Energy Benefit Act, 2010* (OCEBA). Ministry staff have worked with Local Distribution Companies (LDCs) through the Electricity Distributors Association to develop detailed reporting requirements consistent with the Minister's letter. I write to you to outline these detailed reporting requirements and the related reporting process.

As part of its implementation of the Ontario Clean Energy Benefit (OCEB), the government of Ontario requires that all licensed distributors report the information in sections 1 to 5 on a monthly basis. Additional reporting requirements are outlined in section 6.

1. OCEB Claim, Number of Eligible Accounts, Volume of Electricity

Every licensed distributor shall provide the following information:

1. The amount of financial assistance to which consumers who have eligible accounts with the licensed distributor are entitled for the month and any adjustments to be made in respect of earlier months (i.e. consistent with amounts claimed through the Independent Electricity System Operator's (IESO) settlement process).
2. The number of eligible accounts attributable to the amount of financial assistance provided in item 1 of this section.
3. The volume of electricity, in kilowatt hours, attributable to the amount of financial assistance provided in item 1 of this section.

…/cont'd

2. Consumer Rate Class

Every licensed distributor shall categorize the three items listed in section 1 in the following consumer rate classes:

1. Residential
2. General Service <50 kilowatts
3. General Service >50 kilowatts
4. Other (remaining consumer rate classes)

3. Multi-Unit Residential Buildings

Every licensed distributor shall provide the information listed in section 1 for all LDC accounts in consumer rate classes 2, 3, and 4 in section 2 relating to multi-unit residential buildings. It is not required to disaggregate accounts relating to multi-unit residential buildings by rate class.

4. Retailer-Enrolled Accounts

Every licensed distributor shall provide the information listed in section 1 for all eligible consumer retailer accounts. It is not required to disaggregate retailer-enrolled accounts by consumer category.

5. Short-Term OCEB Forecast

Every licensed distributor shall provide a monthly forecast of OCEB claims to be submitted to the IESO for the three upcoming consecutive months. Documentation (e.g. sample calculations) explaining the forecasting approach and assumptions used must be reported as described in section 6.

6. Additional Reporting Requirements

In addition to the monthly reporting outlined above, every licensed distributor shall submit written responses to the attached questions. The Ministry of Energy may request that distributors provide updates to this information in order to maintain reasonably current data over the duration of the program.

7. Reporting Process

It is expected that monthly reporting and additional reporting requirements will be submitted by all distributors in a secure government website. The submission timing shall coincide with monthly OCEB claims to the IESO. Further details of this reporting process will be communicated in subsequent correspondence.

…/cont’d

For further clarity, wholly-embedded distributors are required to report directly to the Ministry of Energy through the process defined in Section 7. The OCEB claims reported must be reconcilable to the amounts claimed through the IESO settlement process via their host distributor for that month. Wholly-embedded distributors are still required to report monthly OCEB claims to their host distributor for reimbursement through the IESO settlement process.

Every licensed distributor's reporting shall start with OCEB claims for the month of September 2011. As stated in the Minister's letter, it is expected that this reporting will continue for the remaining duration of the program.

Please note that the *Freedom of Information and Protection of Privacy Act* (FIPPA) applies to all records in the custody and control of the Ministry of Energy. In the event the Ministry is requested to disclose your information, we will notify you of the request, according to FIPPA's requirements, in order to give you the opportunity to make representations about the nature of the information.

I wish to thank you for your co-operation and assistance in facilitating collection of this information to support program and administrative oversight of the OCEB. This information will allow us to ensure continued effective delivery of the Ontario Clean Energy Benefit on your consumers' electricity bills.

Sincerely,

Jon Norman
Director

Additional Reporting Requirements

1. Is the accounting method used by your utility for submitting OCEB claims to the IESO on a billed (i.e. cash) basis or accrual basis? If an accrual accounting method is used, please provide a written description of how accrual estimates are made for a monthly OCEB claim.

2. Please provide the number of active OCEB-eligible accounts within each of the following consumer categories:

a. Residential
b. Multi-unit residential (as described in section 3)
c. General service <50 kilowatts
d. General service >50 kilowatts
e. Other (remaining consumer categories)

3. What is the maximum number of units in a multi-unit residential building that qualifies for your utility's residential rate class?

4. For each consumer category listed in question 2, please provide the percentage of OCEB-eligible consumer accounts on a particular billing frequency (e.g. monthly, bi-monthly, quarterly, etc.)

5. Please describe the pattern of billing activity. For example, in a given 60-day (i.e., bi-monthly) billing cycle, is the same number of bills issued every day or are bills issued in multiple batches?

6. Please provide documentation in the form of sample calculations (e.g. Excel spreadsheet) and written explanation in support of your utility's short-term monthly OCEB forecast as requested in section 4 of the letter from the Minister of Energy dated July 2011. Please explain inputs such as weather normalization, pricing, size of customer classes, etc.

7. For electricity consumed in any given month, what is the average lag time before a claim is submitted for reimbursement through the IESO for any outstanding OCEB dollars attributable to the month? What are the main contributing factors to this lag time?

8. What CIS software does your utility use?

9. Please provide the names of the wholly-embedded distributors in your service area. If you are a wholly-embedded distributor, please provide the name of your host distributor.

Transmission and Distribution Policy Branch

August 8, 2011

Dear Unit Sub-Metering Provider:

I write following the letter sent to you from Minister Brad Duguid dated July 29, 2011 ("Minister's letter"), requiring every licensed unit sub-metering provider registered as a Market Participant ("sub-metering provider") with the Independent Electricity System Operator (IESO) to report data supporting financial assistance provided under the *Ontario Clean Energy Benefit Act, 2010* (OCEBA). Ministry staff have worked with sub-metering providers to develop detailed reporting requirements consistent with the Minister's letter. I write to you to outline these detailed reporting requirements and the related reporting process.

As part of its implementation of the Ontario Clean Energy Benefit (OCEB), the government of Ontario requires that all sub-metering providers report the information in sections 1 to 3 on a monthly basis. Additional reporting requirements are outlined in section 4.

1. OCEB Claim, Number of Eligible Accounts, Volume of Electricity

Every sub-metering provider shall provide the following information:

1. The amount of financial assistance submitted to the IESO for the month and any adjustments to be made in respect of earlier months (i.e. consistent with amounts claimed through the Independent Electricity System Operator's (IESO) settlement process).

2. The number of sub-metered accounts attributable to the amount of financial assistance provided for the month in item 1 of this section.

3. The volume of electricity, in kilowatt hours as measured by the sub-metering provider, consumed by all OCEB-eligible consumers during the month.

…/cont'd

2. Fees and Charges

Every sub-metering provider shall report the weighted average of the fees and charges for unit sub-metering applied to customers eligible for the OCEB, as described in section 5 of Ontario Regulation 495/10 (General).

Every sub-metering provider shall confirm that no portion of the amount submitted for reimbursement to the IESO for the month is attributable to charges other than its fees and charges for unit sub-metering.

3. Short-Term OCEB Forecast

Every sub-metering provider shall provide a monthly forecast of OCEB claims to be submitted to the IESO for the three upcoming consecutive months. Documentation (e.g. Excel spreadsheet) explaining the forecasting approach and assumptions used must be reported as described in section 5.

4. Additional Reporting Requirements

In addition to the monthly reporting outlined above, every sub-metering provider shall submit written responses to the attached questions. The Ministry of Energy may request that sub-metering providers provide updates to this information in order to maintain reasonably current data over the duration of the program.

5. Reporting Process

It is expected that the monthly reporting and additional reporting requirements will be submitted by all unit sub-metering providers through a secure government website. Further details of this reporting process and timing will be communicated in subsequent correspondence.

Every sub-metering provider's reporting shall start with OCEB claims for the month of September 2011. As stated in the Minister's letter, it is expected that this reporting will continue for the remaining duration of the program.

Please note that the *Freedom of Information and Protection of Privacy Act* (FIPPA) applies to all records in the custody and control of the Ministry of Energy. In the event the Ministry is requested to disclose your information, we will notify you of the request, according to FIPPA's requirements, in order to give you the opportunity to make representations about the nature of the information.

I wish to thank you for your co-operation and assistance in facilitating collection of this information, which is needed to support program and administrative oversight of the OCEB. This information will allow us to ensure continued effective delivery of the Ontario Clean Energy Benefit on your consumers' electricity bills.

…/cont'd

Sincerely,

Jon Norman
Director

Additional Reporting Requirements

1. Please provide your fees and charges for unit sub-metering, including standardized fees and charges across facilities. If you have customer classes, please provide the fees and charges for each customer class (e.g. residential, commercial, etc.).

2. If a monthly weighted average of your fees and charges is submitted under section 2 of this letter, please provide a written explanation and sample calculations of how this weighted average is calculated.

3. If a sub-metering provider has previously submitted claims for reimbursement to the IESO that includes amounts not attributable to its fees and charges, the sub-metering provider shall report these amounts for every month retroactive to January 1, 2011. Otherwise, the sub-metering provider shall confirm that previously submitted claims are only attributed to fees and charges for unit sub-metering.

4. Please provide process diagrams showing payment flows related to OCEB-eligible electricity charges and OCEB amounts between the following entities: (i) LDC, (ii) facility serviced by unit sub-metering provider, (iii) unit sub-metering provider, (iv) OCEB-eligible consumer, and (v) the IESO. These diagrams should detail all relevant financial transactions between the above listed entities, including the relative timing of these transactions.

5. Is the accounting method used for submitting OCEB claims to the IESO on a billed basis or accrual basis? If an accrual accounting method is used, please provide a written description of how accrual estimates are made for a monthly OCEB claim.

6. Please provide documentation in the form of sample calculations (e.g. Excel spreadsheet) and written explanation in support of your short-term monthly OCEB forecast as requested in section 4 of the letter from the Minister of Energy dated July 2011.

7. How many active unit sub-metering customer accounts do you have for multi-unit residential facilities and commercial facilities that are eligible for the OCEB? Please report as two values. If these values are not readily accessible, please provide reasonable estimates of the split between residential and commercial that accurately sums to the total number of accounts.

8. Please make reasonable efforts to determine how many multi-unit residential facilities and commercial facilities you currently sub-meter for electricity. Please report as two values.

9. What locations (e.g. cities, municipal regions) within Ontario does your company currently service?

Regulatory Affairs & Strategic Policy Division

Ontario

October 18, 2011

Dear Unit Sub-Metering Provider:

I am writing as a follow-up to the letters sent to you from Minister Brad Duguid dated July 29, 2011, and Jon Norman dated August 8, 2011, requiring every licensed unit sub-metering provider to report data to support the administration of financial assistance provided under the *Ontario Clean Energy Benefit Act, 2010*. A copy of the August 8th letter outlining our information request is attached.

For your information, the administration of the Clean Energy Benefit has been transferred within the Ministry of Energy to the Planning and Agency Relations Branch.

Reporting Process

Reporting of the information detailed in the August letter shall take place from the 1st to the 8th of November 2011 and will cover retroactive data entry for September 2011 and October 2011. Please note that this includes the additional reporting requirements described in section 4 of the letter. Subsequent reporting will take place monthly during the first four business days of each month.

Data Reporting Website Portal

Sub-Metering Providers will submit the data via a secure government website portal. The portal is compatible with Internet Explorer 8 or newer. If users have an older version of Internet Explorer that they are not able to upgrade, Mozilla Firefox 3.6 or 5.0 browsers can be used to access the portal.

A User Guide will be made available to help users better understand the process. Application technical support will also be made available via telephone or email. Further details on reporting support will be provided to you shortly.

Portal Access Steps

In order to access the secure government website, each sub-metering provider is asked to provide the email address of its CEO as well as the email address and telephone number for the primary and secondary staff member responsible for the entry of data into the portal. This information should be provided to Michael Beare (michael.beare@ontario.ca) and Anna Di Misa (anna.dimisa@ontario.ca) by October 21, 2011.

This will allow the Ministry of Energy to send an email back to the email address of the sub-metering provider's CEO with user access information for the portal, and further details regarding reporting support. This reply email will be sent by Michael Beare (michael.beare@ontario.ca) with the following subject title: "Ontario Clean Energy Benefit: Sub-Metering Provider Data Reporting Access Details".

Upon receiving this email and successfully logging on to the portal, sub-metering providers may assign administrative rights to access the website to other employees.

Please note that the attached version of the August letter is updated from the original version, slightly altering #5 and #6 in the Additional Reporting Requirements section.

As stated in previous correspondence, please note that the *Freedom of Information and Protection of Privacy Act* (FIPPA) applies to all records in the custody and control of the Ministry of Energy. In the event the Ministry is requested to disclose your information, we will notify you of the request, according to FIPPA's requirements, in order to give you the opportunity to make representations about the nature of the information.

I would like to thank you for your co-operation in the collection of this information. This data will support the continued effective delivery of the Ontario Clean Energy Benefit.

Sincerely,

Alex Killoch

OCEB LDC and Submeterers Reporting

MINISTRY OF ENERGY

Solution Walk-through

October 31, 2011

Ontario

Agenda

Introduction and Review

Solution Walk-through

- User login
- LDCs and Submeterers data entry forms
- Security model - permissions
- Data validation rules
- Time window for corrections and additions
- Data viewing and editing
- Normal reporting process
- Late reporting process
- Additional reporting requirements
- Downloading the LDC User Guide

OCEB Application Technical Support

Questions

MINISTRY OF ENERGY

Ontario

Introduction and Review

The OCEB LDC Reporting Application Will:

- Facilitate user login and security requirements
- Enable data entry and submission
- Post collected data for review
- Ensure secure data storage

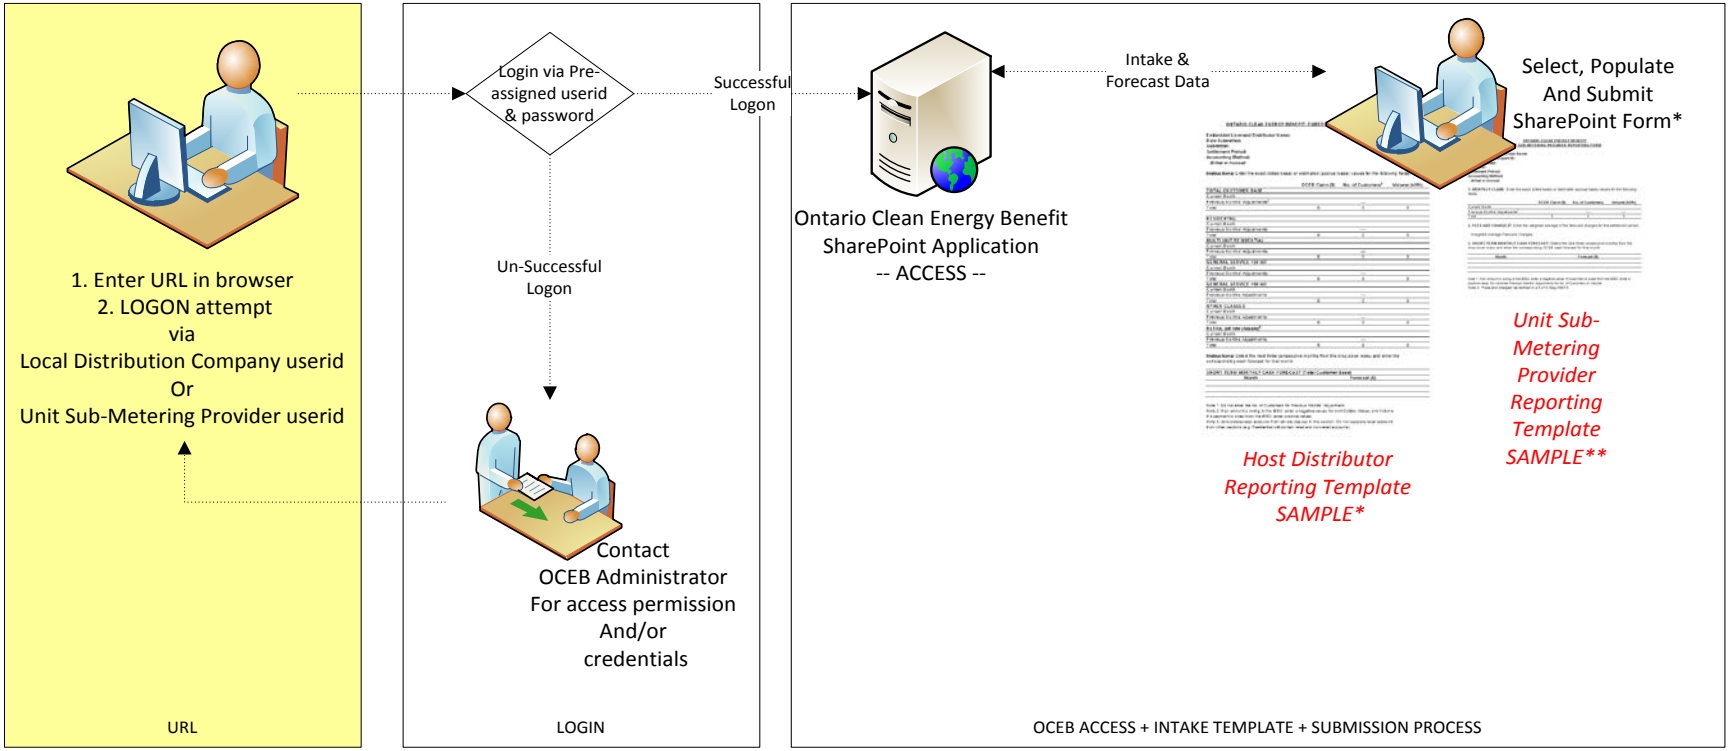
Design Assumptions:

- Data is collected monthly
- LDCs and Submeterers have an ability to upload data collected via extranet URL
- Data entered is private - LDCs and Submeterers cannot see each other data

MINISTRY OF ENERGY

Ontario

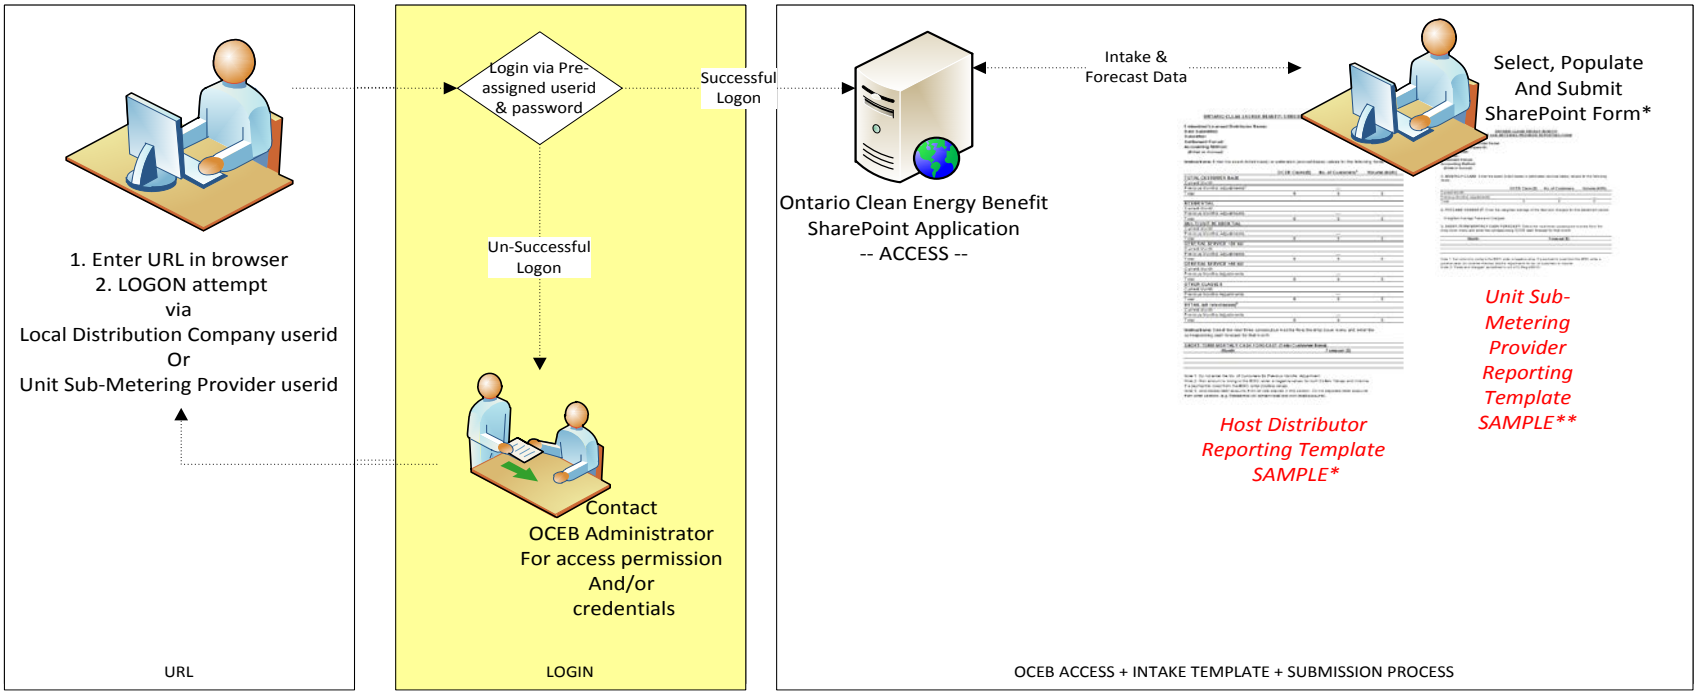
Introduction and Review



1. Compatible Browser (ie: Microsoft Internet Explorer 8+ or Mozilla FireFox 3.6 or 5+)
2. An assigned and authorized login credentials (ie: Contributor group userid)

Ontario

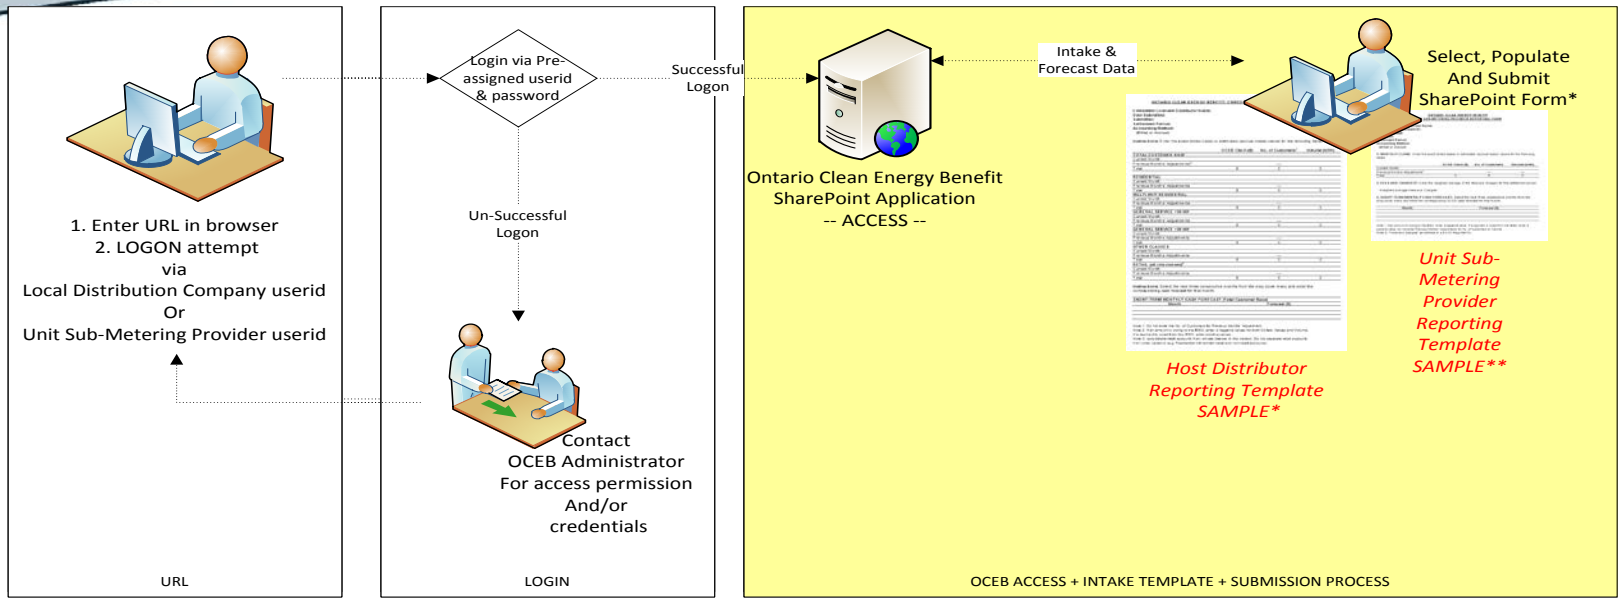
Introduction and Review



1. 1st Tier Level application support issues – contact OCEB Administrator
2. Enrolment and assignment of OCEB Userid & temporary initial password. Acceptance of Disclaimer required.

Ontario

Introduction and Review



1. Secure Access – Unique Entity can only view their respective data.
2. Intake forms process relies on normal-processing of time sensitive input window, see diagram below.
3. One-off processing for delayed input requires manual intervention by OCEB administrator.

December 7, 2015

Ontario Clean Energy Benefit Reporting Portal

Dear licensed distributor/ unit sub-metering provider:

I am writing to you concerning the Ontario Clean Energy Benefit (OCEB) reporting requirements for licensed distributors and unit sub-metering providers.

While the OCEB program end date is December 31, 2015, existing reporting requirements will continue until further notice. This means distributors and unit sub-metering providers are required to continue making OCEB reporting portal data entries in 2016 until directed otherwise, including instances where the claim amount is zero. For reference, previous communications related to the reporting portal can be found on the portal's OCEB Reporting Service Notifications home page.

Entries into the OCEB reporting portal will continue to support the Ministry of Energy in the administration of the program. After December 31, 2015, some distributors and unit sub-metering providers will need to continue to make OCEB claims from the Independent Electricity System Operator (IESO) as a result of billing lags, variances in OCEB forecasts, or other OCEB claims.

Thank you for your co-operation in the collection of this information. This data will support the continued effective administration of the OCEB as it concludes.

Sincerely,

Doug MacCallum
Director
Delivery and Agency Policy

Q&A's
ONTARIO REBATE FOR ELECTRICITY CONSUMERS

Q. How would the Ontario Rebate for Electricity Consumers impact Ontario's plans for a balanced budget?

A. The proposed Ontario Rebate for Electricity Consumers would help make everyday life easier for Ontario families, small businesses and farms with their electricity costs by providing a rebate that is equal to the eight per cent provincial portion of HST. This eight per cent rebate would appear directly on the consumer's electricity bill.

The government remains committed to balancing the budget by 2017-18 while continuing to invest in the economy, our people and a healthy, clean and prosperous low-carbon future. These investments will help enhance the public services that Ontarians rely on, as well as stimulate economic growth.

Commented [RK1]: Not sure this is an "investment" -- suggest omitting.

Q: Do ~~other~~ any provinces provide harmonized sales tax (HST) rebates related to energy?

Commented [LL2]: "other" implies that Ontario is providing a HST rebate. We're providing a rebate equal to the amount of the provincial portion of the HST. An actual HST rebate means something else.

A: Currently, there are no federally-administered point-of-sale rebates for electricity in any of the ~~other~~ provinces participating in the HST.

Nova Scotia is the only province with a provincially administered home energy rebate program that is equal to the provincial portion of the HST, and applies to all sources of residential use energy, including electricity.

Newfoundland and Labrador had a "Residential Energy Rebate" that was eliminated, effective July 1, 2015. The rebate, which came into effect October 11, 2011, was a provincially administered energy rebate equal to the provincial portion of the HST on energy used for residential purposes, including electricity.

Q: Would the rebate affect HST paid by consumers?

Commented [LP3]: Please use this instead of, "The 8% rebate essentially removes the HST from hydro bills. Where are the funds for this rebate coming from."

A: No. The HST on electricity costs remains at 13 per cent. The relief being ~~provided~~proposed by Ontario ~~does~~would not impact the HST calculation on a customer's bill.

Commented [LL4]: This would help clarify that the rebate does not reduce the bill before HST is calculated.

The proposed Ontario Rebate for Electricity Consumers would provide a rebate that is equal to the eight per cent provincial portion of HST. This eight per cent rebate would appear directly on the consumer's electricity bill.

Formatted: Indent: First line: 0"

Commented [RK5]: Suggest this addition as positive messaging.

Commented [LL6]: This would help clarify that the rebate does not reduce the bill before HST is calculated.

Q: What happens to input tax credits claimed by businesses?

A: Most businesses engaged in commercial activities can claim input tax credits to recover the HST they pay to operate their business.

Q&A's
ONTARIO REBATE FOR ELECTRICITY CONSUMERS

Following the introduction of the eight per cent rebate, small businesses that receive the rebate would continue to be able to claim ~~the~~ input tax credits as usual. Generally, this means the business would claim input tax credits for the 13% HST they pay on their electricity costs and not reduce that amount by the provincial rebate.

With this rebate, small businesses across Ontario would have even more opportunity to be competitive and manage their energy costs.

Q: How is Ontario helping to lower electricity costs for residential consumers?

A: Ontario has a number of programs in place to help low-to-moderate income individuals and families with energy costs, including the Ontario Energy and Property Tax Credit, the Ontario Electricity Support Program, the Ontario Sales Tax Credit and the Northern Ontario Energy Credit.

Commented [SK27]: Just a suggestion. Maybe I'm misreading something. Unclear if this was intentionally omitted.

The Ontario Rebate for Electricity Consumers would be another program that would help eligible Ontario families, small businesses and farms with electricity costs in addition to the above mentioned programs~~, if consumers were eligible~~.

Q. Will the federal government be removing tax from electricity bills? ~~rebating its portion of the HST?~~

A. The federal government has not shared any plans to mitigate electricity costs for Canadians.

The Province continues to work with the federal government when there is an opportunity to partner or consult ~~as it relates to~~on regulatory and emerging issues.

Ontario remains committed to making everyday life easier for people across the province by lowering costs and enhancing convenience and choice.

A: Currently, there are no federally-administered point-of-sale rebates for electricity in any of the other provinces participating in the HST.

Nova Scotia is the only province with a provincially administered home energy rebate program that is equal to the provincial portion of the HST, and applies to all sources of residential use energy, including electricity.

Newfoundland and Labrador had a "Residential Energy Rebate" that was eliminated, effective July 1, 2015. The rebate, which came into effect October 11, 2011, was a provincially administered energy rebate equal to the provincial portion of the HST on energy used for residential purposes, including electricity.

Q: Would the rebate affect HST paid by consumers?

Commented [LP1]: Please use this instead of, "The 8% rebate essentially removes the HST from hydro bills. Where are the funds for this rebate coming from."

A: No. The HST on electricity costs remains at 13 per cent.

Q: What happens to input tax credits claimed by businesses?

A: Most businesses engaged in commercial activities can claim input tax credits to recover the HST they pay to operate their business.

Following the introduction of the eight per cent rebate, businesses would continue to be able to claim the credits as usual.

With this rebate, businesses across Ontario would have even more opportunity to be competitive and manage their energy costs.

Q&A's
ONTARIO REBATE FOR ELECTRICITY CONSUMERS

Q: How is Ontario helping to lower electricity costs for residential consumers?

A: Ontario has a number of programs in place to help low-to-moderate income individuals and families with energy costs, including the Ontario Energy and Property Tax Credit, the Ontario Electricity Support Program, the Ontario Sale Tax Credit.

The Ontario Rebate for Electricity Consumers would be another program that would help Ontario families, small businesses and farms with electricity costs in addition to the above mentioned programs, if consumers were eligible.

Q. Will the federal government be rebating its portion of the HST?

A. The federal government has not shared any plans to mitigate electricity costs for Canadians.

The Province continues to work with the federal government when there is an opportunity to partner or consult as it relates to regulatory and emerging issues.

Ontario remains committed to making everyday life easier for people across the province by lowering costs and enhancing convenience and choice.

NEWS

Ministry of Energy

Government Introduces Legislation to Reduce Electricity Costs

Families, Farms and Small Businesses Will See Bill Reductions

NEWS September 15, 2016

Today, Ontario introduced the *Ontario Rebate for Electricity Consumers Act, 2016*. This proposed legislation would provide an eight per cent rebate equal to the provincial portion of the HST from residential and small businesses ~~the~~ electricity bills ~~of residential small businesses and farms consumers~~ starting January 1, 2017. ~~Additionally~~As well, the government intends to introduce new measures to further reduce bills for rural families, and introduce expanded relief programs for commercial and industrial electricity consumers.

This bill and other new measures would provide a benefit to all electricity consumers in Ontario, including:

- Providing residential customers with an eight per cent rebate equal to the provincial portion of the HST, totaling about $130 on average per year for the typical household. ~~Reducing the average Ontario residential electricity bill by 8 per cent (8%) on the amount before tax or $11 each month~~
- Decreasing total bills for eligible rural customers by $45 each month
- Empowering more than 1,000 businesses to reduce bills by up to one-third by expanding ~~through the~~ Industrial Conservation Initiative (ICI). This would reduce cost pressures on the electricity system by ~~incenting~~ enabling ~~more~~ consumers to lower their electricity demand during peak periods.

Through these initiatives, ~~about~~ more than five million residential consumers and more than 1,000 ~~industrial customers~~ICI eligible businesses could see a reduction in their electricity bills. Eligible rural electricity consumers would be provided an additional $110 million in support by modernizing the Rural or Remote Rate Protection program ~~(RRRP)~~.

Helping Ontarians with the cost of everyday living and helping businesses compete are part of the government's plan to build Ontario up. The government's four-part economic plan includes investing in talent and skills, including helping more people get and create the jobs of the future by expanding access to high-quality college and university education. Ontario ~~The plan~~ is making a historic investment ~~the largest investment~~ in public infrastructure ~~in Ontario's history~~ and investing in a low-carbon economy driven by innovative, high-growth, export-oriented businesses. The plan is also helping working Ontarians achieve a more secure retirement.

QUOTES

"This proposed legislation would benefit ratepayers in a meaningful way by ~~reducing~~ lessening the impact of the provincial portion of HST on electricity bills ~~by 8%~~ for families, farms and many small businesses. Other initiatives would see rural and northern customers receive significant rate relief. Expanding incentives across Ontario would create more opportunity for businesses to be competitive and manage their electricity costs.
- Glenn Thibeault, Minister of Energy

QUICK FACTS

- The Industrial Conservation Initiative (ICI) provides a strong incentive for large electricity consumers to shift their electricity consumption to off-peak hours to reduce their bills by up to one-third.
- The existing Rural or Remote Electricity Rate Protection (RRRP) program is designed to reduce electricity delivery costs for customers located in rural or remote areas including the 330,000 R2 customers. The costs of providing electricity service to these low density customers are higher than to customers in higher density areas.
- Earlier this year, the province introduced the Ontario Electricity Support Program (OESP) to provide a monthly credit to low-income households who have applied and meet the eligibility requirements.
- These actions support priorities laid out in the government's Climate Change Action Plan to direct cap and trade proceeds towards greenhouse gas reduction initiatives that keep electricity rates affordable. Furthermore, this meets the 2016 Budget commitment to ensure the net impact of cap and trade does not result in an overall increase in electricity cost for commercial and industrial consumers.
- ~~As outlined in the 2016 Budget and the Climate Change Action Plan, the government intends to recycle a portion of the cap and trade auction proceeds to offset the impact of cap and trade on industrial and commercial electricity consumers to keep rates affordable.~~

Subject: OCEB January 2017 IESO Invoice
Date: Thursday, February 16, 2017 14:01:02
Attachment 1: January 2017 IESO Invoice.docx

Hello,

Please find attached the OCEB IESO Invoice for the Month of January 2017. Please note that the IESO has included the OCEB amount as a separate line item on its invoice which now also includes the OREC.

Thank you,

Robert Hunter
Policy Advisor – Smart Grid Fund

Subject: OREC January 2017 Settlement Statement
Date: Thursday, February 16, 2017 14:05:19
Attachment 1: January 2017 OREC Settlement Statement.xlsx

Hello,

Please find attached the first OREC settlement statement for the Month of January 2017.

This settlement statement is being sent based off of the previous OCEB mailing list. If you would like to change the contacts in your organization that receive this email, please respond to this email and I will make the necessary changes.

Thank you,

Robert Hunter

Subject: OCEB February 2017 IESO Invoice
Date: Wednesday, March 15, 2017 15:20:19
Attachment 1: February 2017 IESO Invoice_OCEB.docx

Hello,

Please find attached the OCEB IESO Invoice for the Month of February 2017.

Please note that the IESO has included the both the OREC and the OCEB amounts on the same invoice. This is only confirmation of the OCEB claim amount. The confirmation for the new OREC will be sent separately.

Thank you,

Robert Hunter

Subject: OCEB March 2017 IESO Settlement Statement
Date: Wednesday, April 19, 2017 11:53:25
Attachment 1: March 2017 OCEB Settlement Statement.xlsx

Hello,

Please find attached the OCEB settlement statement for the Month of March 2017. The settlement statement for the new OREC has been sent separately along with the combined invoice.

Thank you,

Robert Hunter
Policy Advisor – Smart Grid Fund

Subject: OREC March 2017 Settlement Statement
Date: Wednesday, April 19, 2017 11:47:12
Attachment 1: image001.jpg
Attachment 2: March 2017 OREC Settlement Statement IESO.xlsx

Hi,

Please see attached the OREC settlement statement for the month of March 2017.

As per last month's email, the February settlement report was overstated by $21,475,168.91 at the amount of $95,013,244.08. The invoice amount paid for OREC in February totaled $73,538,075.17. Please note that there are two adjustments in the March settlement report (highlighted) to correct the overstated amount from last month. This amount ($21,475,168.91) is accounted for in the difference between the March settlement statement, which totals $61,712,738.24, and the March invoice for OREC, which totals $83,187,907.15.

Kindly also note that the amount of $-6,789.43 related to OCEB is included on the March IESO invoice, but is not included in the amounts stated above.

This settlement statement is being sent based off of the previous OCEB mailing list. If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: OREC/OCEB March 2017 IESO Invoice
Date: Wednesday, April 19, 2017 11:46:33
Attachment 1: image001.jpg
Attachment 2: March 2017 IESO Original Invoice (April 18).docx

---

Hi,

Please see attached the OREC/OCEB IESO Invoice for the month of March 2017.

As per last month's email, the February settlement report was overstated by $21,475,168.91 at the amount of $95,013,244.08. The invoice amount paid for OREC in February totaled $73,538,075.17. Please note that there are two adjustments in the March settlement report (highlighted) to correct the overstated amount from last month. This amount ($21,475,168.91) is accounted for in the difference between the March settlement statement, which totals $61,712,738.24, and the March invoice for OREC, which totals $83,187,907.15.

Kindly also note that the amount of $-6,789.43 related to OCEB is included on the March IESO invoice, but is not included in the amounts stated above.

This invoice is being sent based on the previous OCEB mailing list. If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: OCEB April 2017 IESO Settlement Statement
Date: Monday, May 15, 2017 15:59:05
Attachment 1: April 2017 OCEB Settlement Statement.xlsx

Hello,

Please find attached the OCEB settlement statement for the Month of April 2017. The settlement statement for the new OREC has been sent separately along with the combined invoice.

Thank you,

Robert Hunter

Subject: OREC April 2017 Settlement Statement
Date: Monday, May 15, 2017 15:45:57
Attachment 1: image001.jpg
Attachment 2: April 2017 OREC Settlement Statement IESO.xlsx

Hi,

Please see attached the OREC settlement statement for the month of April 2017. Kindly also note that the amount of $210,510.18 related to OCEB is included on the April IESO invoice, but not listed in the settlement statement.

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: OREC/OCEB April 2017 IESO Invoice
Date: Monday, May 15, 2017 15:45:34
Attachment 1: image001.jpg
Attachment 2: April 2017 IESO Original Invoice (May 12).docx

Hi,

Please see attached the OREC/OCEB IESO Invoice for the month of April 2017. Kindly also note that the amount of $210,510.18 related to OCEB is included on the April IESO invoice.

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: OCEB May 2017 IESO Settlement Statement
Date: Wednesday, June 14, 2017 15:13:20
Attachment 1: May 2017 OCEB Settlement Statement.xlsx

Hello,

Please find attached the OCEB settlement statement for the Month of May 2017. The settlement statement for the new OREC will be sent separately along with the combined invoice for payment.

Thank you,

Robert Hunter
Policy Analyst

Subject: OCEB June 2017 IESO Settlement Statement
Date: Monday, July 17, 2017 16:15:28
Attachment 1: June 2017 OCEB Settlement Statement.xlsx

Hello,

Please find attached the OCEB settlement statement for the Month of June 2017. The settlement statement for the OREC will be sent separately along with the combined invoice for payment.

Please note that the amount owed for OCEB is a credit balance. We ask that this be treated in a similar fashion to the March 2017 claim which was also a credit balance.

Thank you,

Robert Hunter
Policy Analyst

Subject: OREC June 2017 Settlement Statement
Date: Tuesday, July 18, 2017 15:45:30
Attachment 1: image001.jpg
Attachment 2: June 2017 IESO OREC Settlement Statement.xlsx

Hi,

Please see the attached OREC Settlement Statement for the month of June 2017. Kindly also note that the amount of -$33,063.70 related to OCEB is included on the June IESO invoice, but not listed in the settlement statement.

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: OREC/OCEB June 2017 IESO Invoice
Date: Tuesday, July 18, 2017 15:45:21
Attachment 1: image001.jpg
Attachment 2: June 2017 IESO Original Invoice (July 17).docx

Hi,

Please see the attached OREC/OCEB IESO Invoice for the month of June 2017. Kindly also note that the amount of -$33,063.70 related to OCEB is included on the June IESO invoice.

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: July 2017 IESO Invoice
Date: Wednesday, August 16, 2017 12:58:14
Attachment 1: July 2017 IESO Invoice (August 15).docx
Attachment 2: image001.jpg

Hi,

Please see the attached IESO Invoice for the month of July 2017, which shows the OREC amount of $66,793,141.00.

Kindly note that the following amounts are also included on the July IESO invoice, but the payments for these amounts are being managed by another group at the OFA:

- $401,756.33 related to OCEB
- $384,083.93 related to the On-Reserve First Nations Delivery Credit
- $4,893,759.65 related to Distribution Rate Protection
- $9,260,204.19 related to Rural and Remote Rate Protection

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: OREC July 2017 Settlement Statement
Date: Wednesday, August 16, 2017 12:58:39
Attachment 1: July 2017 IESO OREC Settlement Statement.xlsx
Attachment 2: image001.jpg

Hi,

Please see the attached OREC Settlement Statement for the month of July 2017, which shows the OREC amount of $66,793,141.00.

Kindly note that the following amounts are also included on the July IESO invoice but are not listed in the attached settlement statement:

- $401,756.33 related to OCEB
- $384,083.93 related to the On-Reserve First Nations Delivery Credit
- $4,893,759.65 related to Distribution Rate Protection
- $9,260,204.19 related to Rural and Remote Rate Protection

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: OCEB August 2017 IESO Settlement Statement
Date: Monday, September 18, 2017 15:10:05
Attachment 1: August 2017 OCEB Settlement Statement.xlsx
Attachment 2: August 2017 IESO Invoice.pdf

Hello,

Please find attached the OCEB settlement statement for the Month of August 2017. The settlement statement for the OREC has been sent separately along with the combined invoice for payment. Please move forward with processing the OCEB payment for the amount of ($142,186.53).

Kindly note that in order to limit confusion, I will send the Fair Hydro Plan payment information in a separate email.

Thank you,

Robert Hunter

Attachment 1: image001.jpg
Attachment 2: image002.png
Attachment 3: September 2017 IESO OREC Settlement Statement.xlsx

---

Hi,

Please see the attached OREC Settlement Statement for the month of September 2017, which shows the OREC amount of $59,244,469.20.

Kindly note that the following amounts are also included on the September IESO invoice but are not listed in the attached settlement statement:

- $349,083.95 related to OCEB
- $1,205,015.10 related to the On-Reserve First Nations Delivery Credit
- $12,974,898.69 related to Distribution Rate Protection
- $19,144,733.37 related to Rural and Remote Rate Protection

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: September 2017 IESO Invoice
Date: Tuesday, October 17, 2017 14:49:20
Attachment 1: image001.jpg
Attachment 2: image002.png
Attachment 3: September 2017 IESO Invoice (Oct 16).docx

Hi,

Please see the attached IESO Invoice for the month of September 2017, which shows the OREC amount of $59,244,469.20.

Kindly note that the following programs are also included on the September IESO invoice, but a separate email will be sent regarding information and payment approval for these:

- OCEB
- On-Reserve First Nations Delivery Credit
- Distribution Rate Protection
- Rural and Remote Rate Protection

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: OREC October 2017 Settlement Statement
Date: Thursday, November 16, 2017 15:17:31
Attachment 1: image001.jpg
Attachment 2: October 2017 IESO OREC Settlement Statement.xlsx

---

Hi,

Please see the attached OREC Settlement Statement for the month of October 2017, which shows the OREC amount of $62,590,230.24.

Kindly note that the following amounts are also included on the October IESO invoice but are not listed in the attached settlement statement:

- $1,232,027.64 related to the On-Reserve First Nations Delivery Credit
- $13,040,527.33 related to Distribution Rate Protection
- $20,118,248.02 related to Rural and Remote Rate Protection

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: October 2017 IESO Invoice
Date: Thursday, November 16, 2017 15:16:29
Attachment 1: image001.jpg
Attachment 2: October 2017 IESO Invoice (Nov 15).docx

Hi,

Please see the attached IESO Invoice for the month of October 2017, which shows the OREC amount of $62,590,230.24.

Kindly note that the following programs are also included on the October IESO invoice, but a separate email will be sent regarding information and payment approval for these:

- On-Reserve First Nations Delivery Credit
- Distribution Rate Protection
- Rural and Remote Rate Protection

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: November 2017 IESO Invoice - OREC
Date: Friday, December 15, 2017 12:34:46
Attachment 1: image001.jpg
Attachment 2: November 2017 IESO Invoice (Dec 14).pdf

Hi,

Please see the attached IESO Invoice for the month of November 2017. Please proceed with processing the OREC payment for the amount of $57,354,991.68.

Kindly note that the following programs are also included on the November IESO invoice, and a separate email will be sent regarding information and payment approval for these:

- On-Reserve First Nations Delivery Credit
- Distribution Rate Protection
- Ontario Clean Energy Benefit
- Rural and Remote Rate Protection

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: November 2017 OREC Settlement Statement
Date: Friday, December 15, 2017 12:34:45
Attachment 1: image001.jpg
Attachment 2: November 2017 IESO OREC Settlement Statement.xlsx

---

Hi,

Please see the attached OREC Settlement Statement for the month of November 2017, which shows the OREC amount of $57,354,991.68.

Kindly note that the following amounts are also included on the November IESO invoice but are not listed in the attached settlement statement:

- $1,566,089.84 related to the On-Reserve First Nations Delivery Credit
- $14,635,085.29 related to Distribution Rate Protection
- ($9,835.54) related to the Ontario Clean Energy Benefit
- $21,013,934.57 related to Rural and Remote Rate Protection

If you would like to change the contacts in your organization that receive this email, please respond to this email and the necessary changes will be made for next month.

Thank you,

Ryan Lim

Subject: December 2017 IESO Invoice - OREC
Date: Tuesday, January 16, 2018 16:55:48
Attachment 1: image001.jpg
Attachment 2: December 2017 IESO Invoice (Jan 15).pdf
Attachment 3: December 2017 IESO Credit Invoice (Jan 16).pdf

Hi,

Please see the attached IESO Invoice for the month of December 2017. Please proceed with processing the OREC payment for the amount of $58,767,522.04.

Kindly note that the following programs are also included on the December IESO invoice, and a separate email will be sent regarding information and payment approval for these:

- On-Reserve First Nations Delivery Credit
- Distribution Rate Protection
- Ontario Clean Energy Benefit
- Rural and Remote Rate Protection

Also note that a credit invoice was issued by the IESO to correct the line error “Ontario Fair Hydro Plan Financing Entity Balancing Amount” of $3,620,000 that appears on the December invoice. This amount should not be paid, and the credit invoice is attached for reference.

Thank you,

Ryan Lim

Ministry of Finance
Additional Q&As on the Price Mitigation Announcement
September 14, 2016

Q. Why would we not just go with a straight HST rebate?

A. The Harmonized Sales Tax is a federally imposed and administered value-added tax with a combined rate of 13% - Ontario's portion is 8% and the federal portion is 5%. It can only be removed from electricity bills by the federal government. The federal government has not shared any plans to mitigate electricity costs for Canadians.

~~shared tax among the federal and provincial governments — it combines the goods and services tax (GST) and the provincial sales tax (PST) into a single tax.~~

In order to effect electricity cost mitigation, Ontario will introduce legislation to provide a provincially administered rebate, equal to the provincial portion of the HST. ~~The Ontario government has provided an eight per cent rebate which is equal to the provincial portion of the HST on electricity bills of Ontarians, the only part over which Ontario has control. Currently, the federal government has not shared any plans to mitigate electricity costs for Canadians, which is why it can't just be a straight HST rebate.~~ By structuring cost mitigation in this way, it would provide a real benefit to small business and farms, as well as to residential electricity consumers.

This rebate is part of the larger plan that includes new and existing energy relief programs to provided needed assistance~~t~~ to consumers.

Q. Why would you not cap it so the benefits are directed towards those who really need it?

A. While the province and independent economic analysis projects consistent economic growth for Ontario, many families are not yet feeling the impact of the recovery in their everyday lives.

And despite government efforts to date, electricity cost increases continue to rise above the level of inflation.

This rebate~~,~~ in conjunction with new and existing energy relief programs~~, will~~ would benefit families, farms and small businesses in rural or remote northern areas, which have recently raised their concerns for their increasing electricity costs.

Relief is also provided to all Ontarians through an overall net benefit. More…

Q. Aren't you just making the taxpayer subsidize the ratepayer? And won't that be even more expensive once interest rates are taken into account?

A. The government is dedicated to reducing electricity costs wherever possible, while maintaining reliability for all consumers.

The government will deliver significant on-bill savings for all electricity customers. This new rebate will help Ontarians with increasing costs of electricity by providing an eight per cent rebate equal to the provincial portion of HST on electricity bills.

With this new rebate in place and as a result of the government's prudent fiscal management, the Ontario government remains committed to balancing the budget by 2017-18, recognizing that balance provides the foundation for the long-term well-being and prosperity of Ontarians.

More…

Q. What will be the cost of providing this rebate to Ontarians be and how will it be reflected in the fiscal plan? How can the government provide this rebate?

A. Ontario has taken action ~~by~~ to ~~providing~~ provide residential customers with an eight per cent rebate equal to the provincial portion of the HST on their electricity bills, which will make everyday life for Ontarians easier. This program ~~will~~ would cost approximately $1 billion.

Commented [LL1]: Check with Energy. I think their TB submission said $1.1B

With this new rebate in place and as a result of the government's prudent fiscal management, the Ontario government remains committed to balancing the budget by 2017-18, recognizing that balance provides the foundation for the long-term well-being and prosperity of Ontarians.

More details will be provided in the upcoming Ontario Economic Outlook and Fiscal Review.

Ministry of Finance
Additional Q&As on the Price Mitigation Announcement
September 14, 2016

Q. Why would we not just go with a straight HST rebate?

A. The Harmonized Sales Tax (HST) is administered and imposed by the federal government with a combined rate of 13 per cent - Ontario's portion is eight per cent and the federal portion is five per cent. HST can only be removed from electricity bills by the federal government.

To date, the federal government has not shared any plans to ease electricity costs for Canadians.

Ontario will introduce legislation to provide a provincially administered rebate, equal to the provincial portion of the HST to effectively mitigate electricity costs for families, small businesses and farms. ~~By structuring cost mitigation this way, it would provide a real benefit to small business and farms, as well as to residential electricity consumers.~~

This rebate is part of the larger plan that ~~includes~~ proposed new and expanded ~~new and existing and proposed new~~ energy relief programs to reduce electricity costs wherever possible for eligible consumers~~, while maintaining reliability for all consumers~~.

Q. Why would you not cap it so the benefits are directed towards those who really need it?

A. While Ontario's economy has recovered from the global recession, many families are not yet feeling the impact of the recovery.

And despite government efforts to date, electricity cost increases continue to rise above the level of inflation.

This rebate, along with proposed new and expanded ~~new and existing and proposed new~~ energy relief programs, ~~will~~ would help people in their everyday lives with the cost of living. It would benefit families, farms and small businesses ~~in rural or remote northern areas~~ across Ontario.

~~Relief is also provided to all Ontarians through an overall net benefit.~~

Commented [DS1]: The proposed new energy relief programs require Leg Assembly and/or LGIC approvals. So we can't say "new … programs" without a qualifier like "proposed".

Commented [DS2]: The proposed new energy relief programs require Leg Assembly and/or LGIC approvals. So we can't say "new … programs" without a qualifier like "proposed".

Commented [DS3]: This wording could confuse and suggest that the rebate and other relief is only targeted to rural or remote northern areas.

Commented [LH4]: The 8% rebate is available to all eligible consumers regardless of population density / area.

Commented [DS5]: What does this mean?

Q. Aren't you just making the taxpayer subsidize the ratepayer? And won't that be even more expensive once interest rates are taken into account?

A. The government is dedicated to reducing electricity costs wherever possible, while maintaining reliability for all consumers.

The ~~government~~ proposed initiatives ~~will~~ would deliver significant on-bill savings for ~~all electricity~~eligible electricity consumers ~~customers~~. This new rebate ~~will~~ would help Ontarians with increasing costs of electricity by providing an eight per cent rebate equal to the provincial portion of HST on electricity bills.

With this proposed new rebate in place and as a result of the government's prudent fiscal management, the Ontario government remains committed to balancing the budget by 2017-18, recognizing that balance provides the foundation for the long-term well-being and prosperity of Ontarians.

Q. What will be the cost of providing this rebate to Ontarians ~~be~~ and how will it be reflected in the fiscal plan? How can the government provide this rebate?

A. Ontario has taken action to provide residential customers with an eight per cent rebate equal to the provincial portion of the HST on their electricity bills, which will make everyday life for Ontarians easier. The rebate is expected to cost approximately $1 billion per year. As a result of the government's prudent fiscal management, we can provide this benefit to help ease electricity costs for Ontarians.

The Ontario government remains committed to balancing the budget by 2017-18, recognizing that balance provides the foundation for the long-term well-being and prosperity of Ontarians.

More details will be provided in the upcoming Ontario Economic Outlook and Fiscal Review.

Q. What will be the cost of providing this rebate to Ontarians and how will it be reflected in the fiscal plan? How can the government provide this rebate?

A. Ontario has taken action to provide residential customers with an eight per cent rebate equal to the provincial portion of the HST on their electricity bills, which will make everyday life for Ontarians easier. The rebate is expected to cost approximately $1 billion per year. As a result of the government's prudent fiscal management, we can provide this benefit to help ease electricity costs for Ontarians.

The Ontario government remains committed to balancing the budget by 2017-18, recognizing that balance provides the foundation for the long-term well-being and prosperity of Ontarians.

More details will be provided in the upcoming Ontario Economic Outlook and Fiscal Review.

Summary Status Table in Response to the Report of the Standing Committee on Public Accounts on the Public Accounts of the Province (Chapter 2, 2014 Annual Report of the Auditor General of Ontario) Treasury Board Secretariat / Ministry of Finance / Ontario Financing Authority

Committee Recommendation	Completed undertaking	Outstanding undertaking (including timeline)
Committee Recommendation 4: Officials provide an update on specific impacts of removing the debt retirement charge from residential users' electricity bills after December 31, 2015.	The government has removed the Debt Retirement Charge (DRC) from residential users' electricity bills beginning January 1, 2016. This saves a typical residential ratepayer about $70 per year. Prior to eliminating the Debt Retirement Charge (DRC) for residential users on January 1, 2016, the DRC had provided annual revenues of about $950 million to the Ontario Electricity Financial Corporation (OEFC). The revenues of OEFC, as an agency, are consolidated into Public Accounts. Residential users account for about a third of electricity consumption subject to the DRC; therefore, on an annualised basis, the direct DRC revenues forgone from removing the DRC cost from residential bills is estimated to be over $300 million. The projected amount of DRC revenue in 2016-17 in Budget 2016 is $625 million.	N/A

Summary Status Table in Response to the Report of the Standing Committee on Public Accounts on the Public Accounts of the Province (Chapter 2, 2014 Annual Report of the Auditor General of Ontario) Treasury Board Secretariat / Ministry of Finance / Ontario Financing Authority

Committee Recommendation	Completed undertaking	Outstanding undertaking (including timeline)
Committee Recommendation 5: Officials provide an update on what impact the *Budget Measures Act, 2015* may have on the residual stranded debt as it relates to calculating and repaying this debt.	The *Electricity Act, 1998* was amended by the *Budget Measures Act, 2015* (Bill 144, introduced on November 18, 2015, and passed on December 10, 2015), providing for a fixed legislative end date for the Debt Retirement Charge (DRC) for industrial, commercial and all other users of electricity. Previously, under the Electricity Act, the DRC would have ended when the residual stranded debt was determined to be retired. As the purpose for calculating the residual stranded debt was eliminated with the introduction of a fixed legislative end date for the DRC, all reference in the Electricity Act to the "stranded debt" and "residual stranded debt", were removed with the amendments enacted with the Budget Measures Act, 2015. This included the removal of the requirement to determine (i.e., calculate) the residual stranded debt from time-to-time and the regulation-making authority for O. Reg. 89/12 – rendering the regulation obsolete. On February 11, 2016, the government filed Ontario Regulation 20/16 revoking Ontario Regulation 89/12. Even with the legislated end date to the DRC, stranded debt continues to exist. Under the Electricity Act, the Ontario Electricity Financial Corporation continues to have a requirement to provide an Annual Report, including annual financial statements, which include the annual update of its "unfunded liability" (sometimes called the "stranded debt"). This provides transparency on OEFC's revenues (including the DRC) and costs and progress on pay down of stranded debt. OEFC's annual financial statements are published in Volume 2 of Public Accounts, which is typically released in late summer, early fall of each year. Following the end of the DRC, under the Electricity Act OEFC continues to receive other dedicated revenues, such as payments-in-lieu of taxes from OPG, Hydro One, and municipal electricity utilities, and the Gross Revenue Charge (portion related to property taxes on hydro-electric stations), towards servicing and paying down its debt and other liabilities. 8% ELECTRICITY REBATE (ONTARIO REBATE FOR ELECTRICITY CONSUMERS)

ISSUE

Rebate on electricity bills of residential, small business and farm consumers, of an amount equal to the eight per cent provincial portion of the HST.

Reference: Chapter I, Section E: Towards a Fair Society

KEY FACTS

- Ontario will rebate an amount equal to the eight per cent provincial portion of the Harmonized Sales Tax (HST) from the electricity bills of about 5 million residential, small business and farm consumers.
  - The rebate takes effect January 1, 2017.
  - A typical Ontario residential consumer will save about $11 per month, or about $130 a year.
  - A small business using 20,000 kilowatt-hours (kWh) per month will save an estimated $270 per month, or about $3,200 a year.
  - ~~The 8% rebate will apply only to electricity costs, before tax; not to the final electricity bill. [add a point with a simple example in background]~~The rebate does not impact the amount of HST that is paid by the consumer. Instead, it reduces the size of the consumer's electricity bill as if the 8% provincial portion of the HST had been removed.
    - The rebate will not reduce the electricity bill by 8% because it does not apply to the HST portion of the bill.
  - ~~The 8% rebate is expected to cost the government approximately $1 billion per year.~~
  - ~~No expiry date was set for the rebate, and no per-consumer cap was set for the rebate.~~

Formatted

Formatted: Indent: Left: 0.32", Hanging: 0.25"

Formatted: Indent: Left: 0.32", Hanging: 0.25", No bullets or numbering

BACKGROUND

In the Speech from the Throne on September 12, 2016, the government announced that it intended to introduce legislation to rebate — directly on the electricity bills of residential, small business and farm consumers — an amount equal to the provincial portion of the HST.

- The Ontario Rebate for Electricity Consumers Act, 2016, introduced by the Minister of Energy on September 15, 2016, received Royal Assent on November 2, 2016.

- To implement the 8% rebate, the Ministry of Energy is in the process of amending a number of regulations.

The 8% rebate will go into effect on January 1, 2017.

Eligibility

Consumers eligible for the rebate include:

- Residential consumers, small businesses, all farms
- Multi-unit residential buildings and other facilities used as residential rental units, such as long-term care homes and school residences

- The rebate will work with other existing programs, such as the Ontario Electricity Support Program.
- Consumers do not need to apply for the rebate; it will be automatically added to their bills.

8% Rebate is a Provincial Rebate

- The 8% rebate is an amount equal to the 8% provincial portion of the HST. It is not a rebate of the HST itself.
  - The HST is a federally-administered and imposed tax that applies to electricity costs. It can only be removed from electricity costs by the federal government.
  - Under the HST agreement with the federal government, Ontario can create new federally-administered point-of-sale rebates of the 8% provincial portion of the HST, provided certain conditions are met.
    - However, the cost of an 8% point-of-sale rebate for electricity would exceed the estimated total rebate room that Ontario is allowed under the HST agreement.
    - To create a new federal point-of-sale rebate for electricity, Ontario would have had to renegotiate with the federal government the size of Ontario's total rebate room.
- Instead of engaging in a lengthy negotiation with the federal government, Ontario created a provincially administered rebate, equal to the 8% provincial portion of the HST.

Calculation of rebate

- The 8% rebate is calculated, but not credited, before tax.
  - The rebate does not impact the amount of HST the consumer will be required to pay.

Example:

Electricity charges:	**$100.00**	
13% HST:	**13.00**	
Subtotal:	113.00	
8% rebate:	- **8.00**	(8% of $100.00 Electricity charges)
Amount owed:	$105.00	

Input Tax Credits for Businesses

- Businesses that receive the 8% rebate will continue to be able to claim input tax credits (ITCs) as usual.
    - The rebate does not affect the amount of ITCs that small businesses and farms can claim. The 8% rebate is in addition to the ITCs.

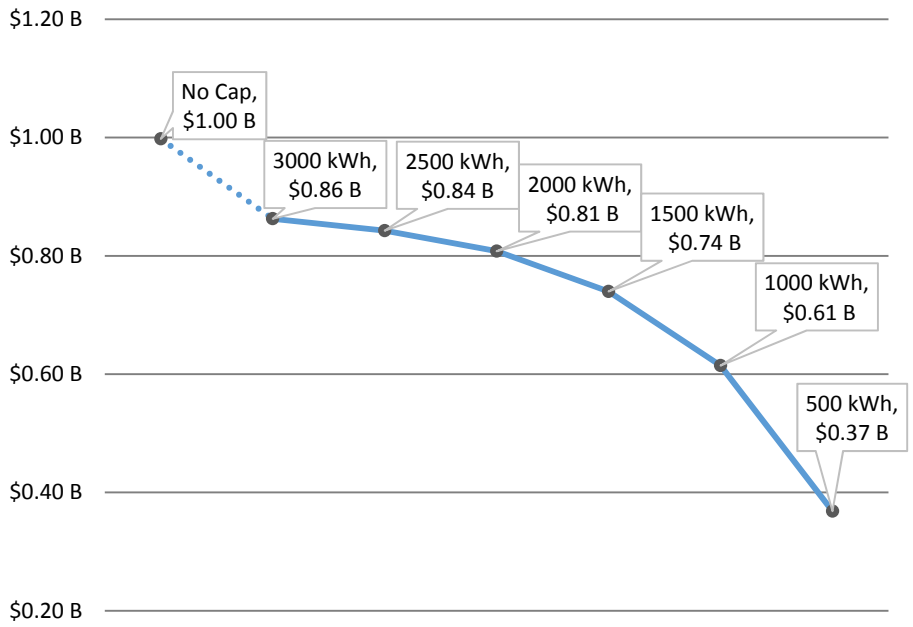
Preliminary Estimates: Program Costs – RPP @ 8% with Various Caps

- CEFD modelled anticipated program costs for an 8% rebate in 2017 at a variety of cap levels, using the same eligibility criteria as the prior OCEB modelling.
- Savings from Cap (%) provides the approximate rule of thumb for savings at various cap levels.
- Estimates are subject to updates on Ministry of Energy price and consumption volume projections by customer types in the RPP.

Cap Scenario	Program Costs	Savings from Cap	Savings from Cap (%)
No Cap	$1.0 B	-	-
3,000 kWh	$0.86 B	$0.14 B	**14%**
2,500 kWh	$0.84 B	$0.16 B	**16%**
2,000 kWh	$0.81 B	$0.19 B	**19%**
1,500 kWh	$0.74 B	$0.26 B	**26%**
1,000 kWh	$0.61 B	$0.38 B	**38%**
500 kWh	$0.37 B	$0.63 B	**63%**



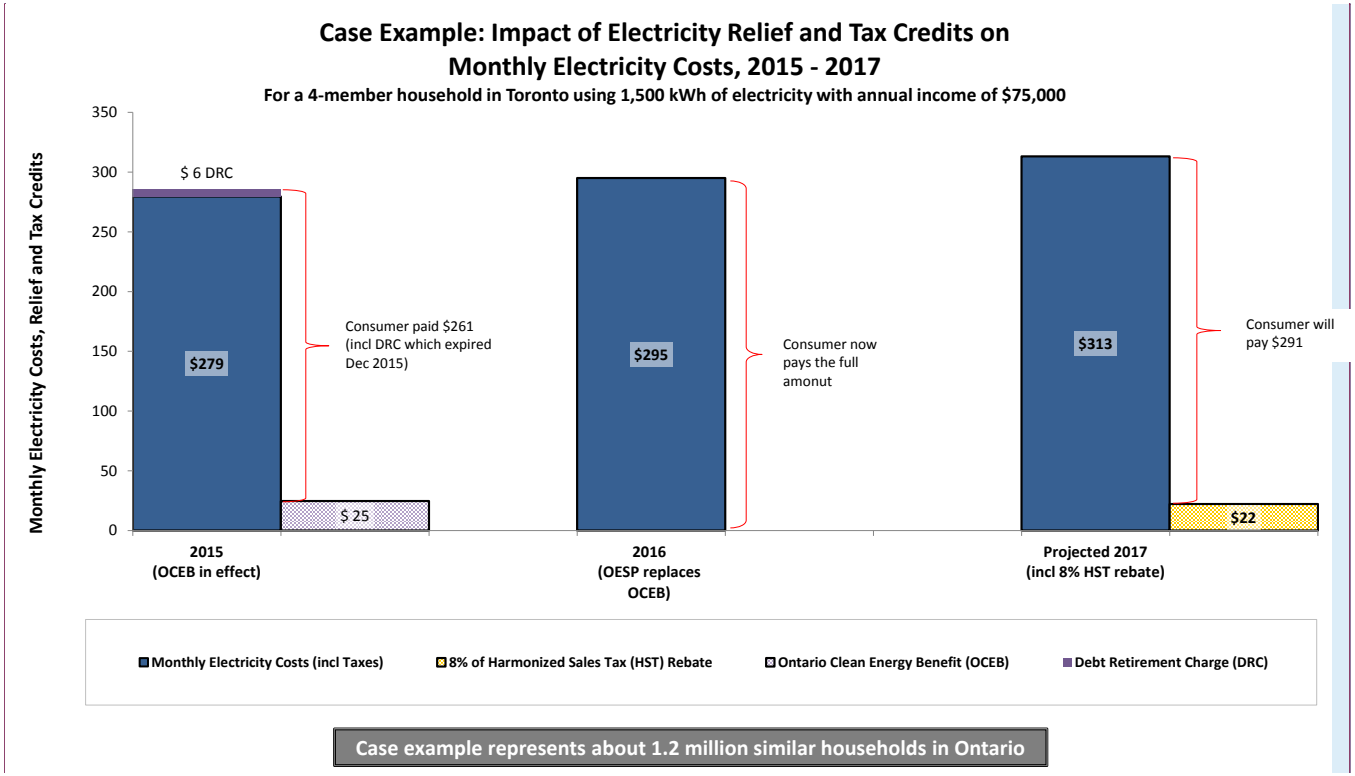
Notes:
Price forecasts from 2013 LTEP, Residential Electricity Bill, adjusted for removal for DRC as of January 1, 2016. Rebate applied to total bill before taxes.
Eligibility for Rebate and Cap impacts from CEFD OCEB model incorporating LDC reported data.
Using strictly RPP-based criteria, along with other restrictions related to PSBs, could lead to different program cost and savings estimates.

Preliminary Estimates:
Impact of Potential Offsets to the Program Costs – the NIER Example

- Options may exist to mitigate the impact of program costs through offsets from other electricity sector fiscal support programs should the 8% rebate be applied to all consumers, including industrial users.
- The Northern Industrial Electricity Rate (NIER) program provides electricity rebates of two cents per kilowatt-hour to qualifying large northern industrials, up to 1 TWh annually or ($20M).
- NIER support could be clawed-back on the electricity consumption where the 8% rebate applies to offset program costs.
- The offset applied to the NIER program would reduce the NIER program envelope by about 33%.

($M)	Envelope/Current Maximum Allocation (2015-16)	Actual (2015-16)
NIER Program Spend	$116.7M	$108.4M
Potential Offset Amount	$39.0M	$36.2M
Savings from NIER Claw Backs (%)	About 33.4 %	

Notes:
Assume 8% rebate applied to total electricity consumption prior to NIER program rebates.
NIER Program Envelope and Actuals from MNDM. All in electricity prices for NIER participants assumed to be 6.35¢/kWh from Q1 2016 Ontario Energy Report, IESO.



Source: Ministry of Finance estimates

NOTES:

1. Case example assumes the family owns a house in Toronto and pays property taxes worth about $3,500.
2. Case example family has an electricity meter with the Toronto Hydro.
3. Monthly electricity costs are based on OEB bill calculator, with a 'time-of-use' pattern (off-peak 62%, mid-peak 23% and on-peak 15%) and total electricity usage of 1,500 kWh. Sensitivity analysis on 'time-of-use' patterns and electricity usage shows minimal differences in monthly costs.
4. ~~According to the Ontario Energy Board (OEB), a~~A ~~similar family type~~ consumer using 1,500 kWh~~to the case example~~ paid ~~about~~ $10.50~~6~~ per month in 2015 for the DRC.
5. Case example family receives full OCEB benefits in 2015. The OCEB provided a 10% rebate on the first 3,000 kWh of electricity usage
6. For 2016 and 2017, the case example family is not entitled to any OESP payments. (The OESP cut-off is $52,000).
7. Case example family at its current income level is not entitled to OSTC and ~~PEPTC~~OEPTC.
8. Case example family does not receive the Northern Ontario Energy Credit (NOEC) as they live in Toronto, Ontario.

Commented [SK21]: **Same issues for all the charts:** What is the source of the Monthly Electricity Costs in 2015, 2016 and 2017?

Commented [SK22]: 1,500 kWh seems high for Toronto. Presumably natural gas heating rather than electric heating.

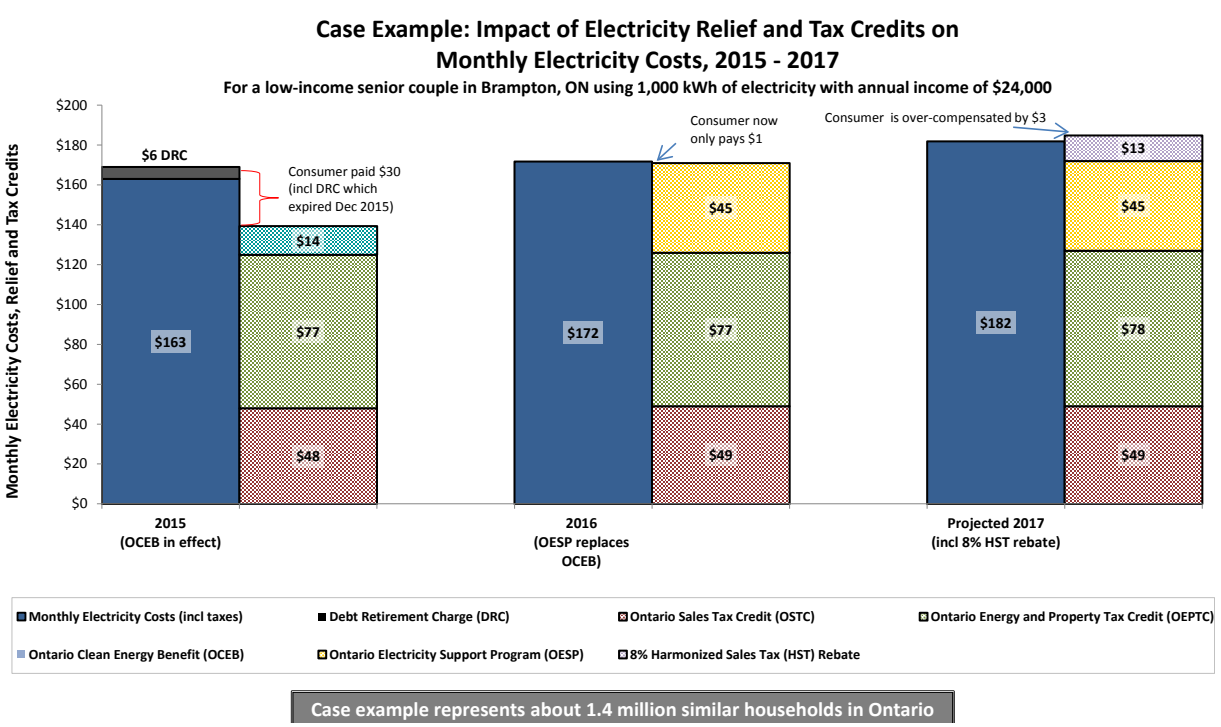
Same issues for all four charts: The title for the 2016 bar says 'OESP replaces OCEB'. This is an inaccurate statement, suggest deletion.

The title for the 2017 bar says 'incl. 8% HST rebate'. Should read instead: including 8% Provincial HST".

Commented [EK3]: 2015: DRC was $10.50 per month before tax for a consumer using 1,500 kWh per month. Total electricity bill before OCEB is $279 + $10.50(+tax) = $289.50. Therefore, OCEB amount is $29.

Is there a source for there being 1.2 million urban households at an income level of $75,000?

In general, the total number of similar households for the examples in this document seems high. According to the values in this document the total number of households represented in the four examples is six million. There are about five million households in Ontario, which would include other household types not represented by the examples given in this document.



Source: Ministry of Finance estimates

NOTES:

1. Case example assumes the couple rents an apartment in Brampton, ON with a separate meter with Hydro One Brampton Network Inc.
2. Monthly electricity costs based on OEB bill calculator, with a 'time-of-use' pattern (off-peak 75%, mid-peak 20% and on-peak 5%) [what's the assumption behind this off-mid-on peak distribution of consumption] and total electricity usage of 1,000 kWh [what is the justification for 1,000 kWh]. Sensitivity analysis on 'time-of-use' patterns and electricity usage shows minimal differences in monthly costs.
3. ~~According to the Ontario Energy Board (OEB), a similar family type to the case example~~A consumer using 1,000 kWh paid ~~about~~ $~~6~~7 per month in 2015 for the DRC.
4. Case example family receives full OCEB benefits in 2015. The OCEB provided a 10% rebate on the first 3,000 kWh of electricity usage
5. For 2016 and 2017, the case example family is entitled to higher ~~high-intensity~~ OESP payments as an energy intensive user.
6. The OSTC and OEPTC [please confirm] is not fully attributable to offsetting the impact of ~~increasing~~ electricity prices.
7. OEPTC estimate is based on property tax information of similar families living in Brampton with similar incomes and household sizes.
8. Case example family does not receive the Northern Ontario Energy Credit (NOEC) as they live in Brampton, ON; nor the Ontario Senior Homeowners' Property Tax Grant (OSHPTG) as they are renters and do not directly pay property taxes.

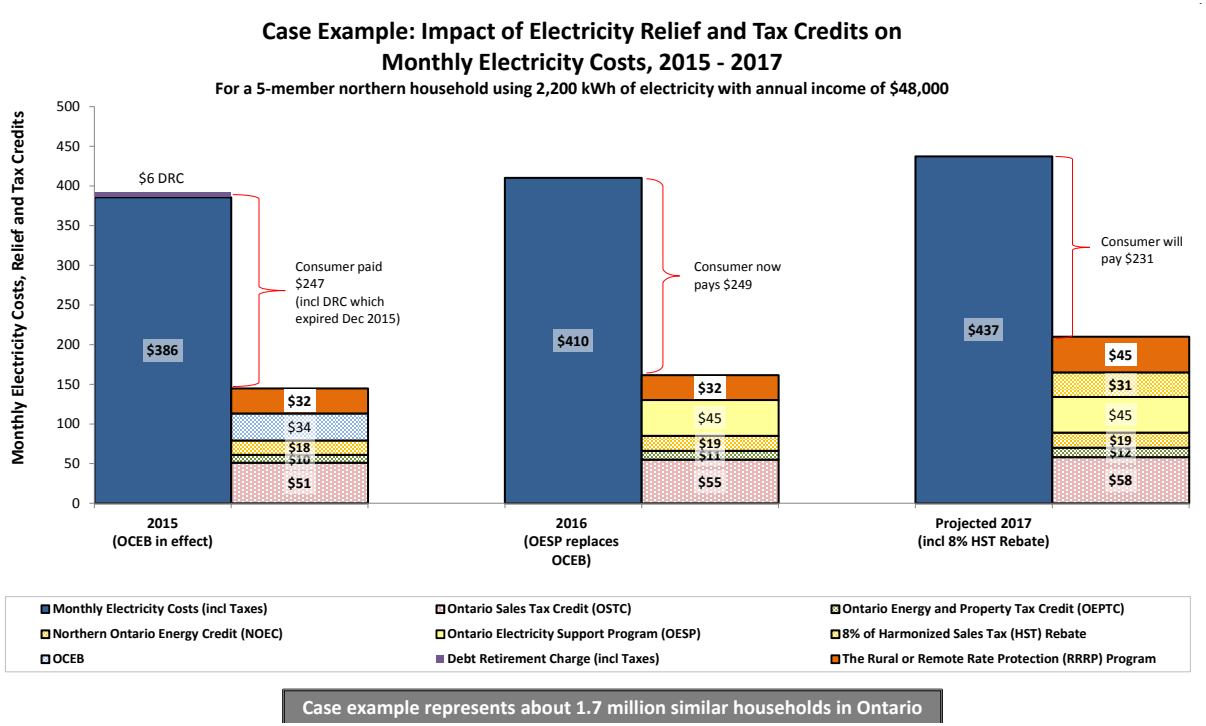
Commented [SK24]: **Same issues for all four charts:**
Is there any desire to distinguish taxpayer funded benefits and ratepayer funded benefits? (Just a suggestion)

Commented [SK25]:
Same issues for all four charts:
OSTC, and OEPTC are not fully attributable to offsetting electricity costs. It's distortionary to indicate that consumers are 'only' paying $30, or $1 or over-compensated by $3.

Commented [EK6]: 2015: DRC was $7 per month before tax for a consumer using 1,000 kWh per month. Total electricity bill before OCEB is $163 + $7(+tax) = $170. Therefore, OCEB amount is $17.

What is the source for 1.4 million low-income urban households which qualify for higher OESP payments?

Higher OESP payments are only available to households with electric heating, or that use medical devices requiring a lot of power, or First Nations and Métis households. Assuming the higher OESP payments limits the generality of this example. There wouldn't be 1.4 million households that qualify for higher OESP payments.



Source: Ministry of Finance estimates

NOTES:

1. Case example assumes the family lives in northern Ontario, owns a house that is heated with electricity. In low density, rural areas, reliance on electricity for home heating is more common.
2. Case example family is a ~~client~~ customer of the Northern Ontario Wires Inc. [Suggest using Hydro One Year-Round Low Density, R2 example instead of Northern Ontario Wires Inc.]
3. Monthly electricity costs based on OEB bill calculator, with a 'time-of-use' pattern (off-peak 65%, mid-peak 15% and on-peak 20%) [whats the reason for this TOU distribution?] and total electricity usage of 2,200 kWh [where does this come from?]. Sensitivity analysis on 'time-of-use' patterns and electricity usage shows minimal differences in monthly costs.
4. ~~According to the Ontario Energy Board (OEB), a similar family type to the case example~~ A consumer using 2,200 kWh paid ~~about~~ $~~6~~15.40 per month in 2015 for the DRC.
5. Case example family receives full OCEB benefits in 2015. The OCEB provided a 10% rebate on the first 3,000 kWh of electricity usage
6. For 2016 and 2017, the case example family is entitled to higher ~~high-intensity~~ OESP payments as an energy intensive user.
7. The OSTC, NOEC and OEPTC is not fully attributable to offsetting the impact of ~~increasing~~ electricity prices.
8. OEPTC estimate is based on property tax information of similar families living in northern Ontario with similar incomes and household sizes.

Commented [SK27]: Just a minor suggestion, but using more distinctive colours would make it easier to attribute the benefit amount/bar chart with legend. There are 3 yellow-beige colours (particularly in the 3rd bar) that are almost indistinguishable.

Commented [SK28]: RRRP in 2017 should be ~$60/month.

The news releases mentioned $45 when referencing the benefit caused by BOTH the 8% rebate (assuming 1000kWh/month) and RRRP expansion.

Commented [SK29]: The discount Provided by RRRP is already embedded in the price of the bill (ie. if it wasn't for the RRRP reducing the bill, the blue chart would otherwise be higher).

In other words, by adding the orange bar, the impact of RRRP is being counted twice in these illustrations.

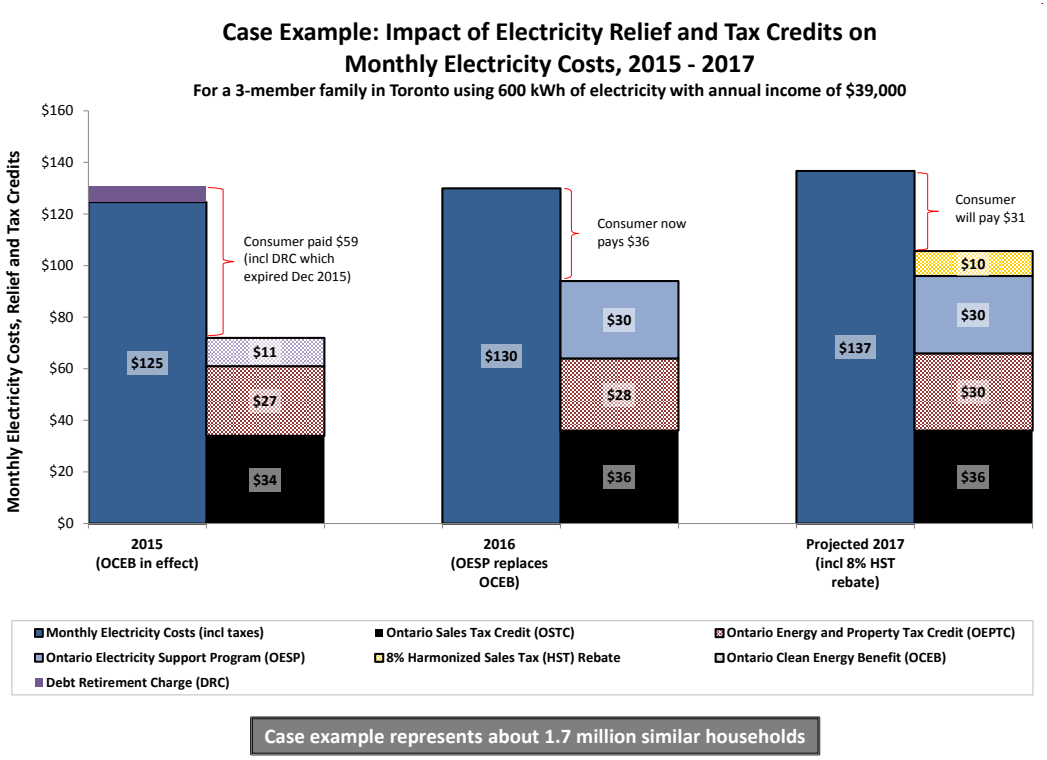
Commented [SK210]: Northern Ontario Wires customers not eligible for increased RRRP payments, only Hydro One R2 customers.

See Northern Ontario Wires rate application:
http://www.rds.ontarioenergyboard.ca/webdrawer/webdrawer.dll/webdrawer/rec/520947/view/dec_ro_NOW_20160317.PDF

Vs Hydro One
http://www.rds.ontarioenergyboard.ca/webdrawer/webdrawer.dll/webdrawer/rec/512951/view/Rate_Order_HONI_Dx_20160114.PDF (pg 10 of PDF)

Commented [EK11]: 2015: DRC was $15.40 per month before tax for a consumer using 2,200 kWh per month. Total electricity bill before OCEB is $386 + $15.40(+tax) = $401.40. Therefore, OCEB amount is $40.

What is the source for 1.7 million northern households?



Source: Ministry of Finance estimates

NOTES:

1. Case example assumes the family lives in Toronto, owns a house and pays about $2,800 in property taxes.
2. Case example family is a ~~client~~ customer of ~~the~~ Toronto Hydro.
3. Monthly electricity costs based on OEB bill calculator, with a 'time-of-use' pattern (off-peak 70%, mid-peak 17% and on-peak 10%) [whats the source of this amount?] and total electricity usage ~~-~~of ~~-~~600 kWh [Whats the source of this amount]. Sensitivity analysis on 'time-of-use' patterns and electricity usage shows minimal differences in monthly costs.
4. ~~According to the Ontario Energy Board (OEB), a similar family type to the case example~~ A consumer using 600 kWh paid ~~about~~ $~~6~~4.20 per month in 2015 for the DRC.
5. Case example family receives full OCEB benefits in 2015. The OCEB provided a 10% rebate on the first 3,000 kWh of electricity usage
6. For 2016 and 2017, the case example family is entitled to regular OESP payments.
7. The OSTC and OEPTC is not fully attributable to offsetting the impact of ~~increasing~~ electricity prices.
8. OEPTC estimate is based on property tax information of similar families living in Toronto with similar incomes and household sizes.

Commented [SK212]: Just a suggestion, if the benefit doesn't apply in this scenario, remove it from the legend.

Commented [SK213]: Just a suggestion, use similar colours as above for the same credit/benefit. Eg. if OSTC is black here, it should be black in all charts above.

Commented [SK214]: What is the source for the 1.7 similar households.

Also what is the definition of 'similar'? (3-member family, in Toronto, 600kWh, $39K).

Commented [EK15]: 2015: DRC was $4.20 per month before tax for a consumer using 2,200 kWh per month. Total electricity bill before OCEB is $125 + $4.20(+tax) = $401.40. Therefore, OCEB amount is $13.

Comments on Ministry of Energy's Draft "Proposed Initiatives to Transform Ontario's Electricity Sector"

The Ministry of Energy (Energy) is providing an update on progress related to transforming the province's electricity sector by elaborating on ~~the~~ potential price mitigation initiatives, as outlined in its deck.

CONTEXT

- As outlined in Energy's update, electricity costs have been increasing following investments to transform towards cleaner generation (i.e., meeting goals to~~wards~~ decarbonize) and modernize the electricity infrastructure (~~i.~~e.g., more than $35 billion in cleaner generation and $15.5 billion investment by Hydro One alone in transmission and distribution systems).

- The government has taken action to lower electricity cost pressures to all consumers by taking actions, including deferring investments in generation (e.g., new build nuclear), improving market efficiency and decreasing costs related to renewable procurement (e.g. GEIA renegotiation, decreasing FIT prices, etc).

- The government introduced the Ontario Rebate for Electricity Consumers (OREC) which will provide a rebate equal to the 8% provincial portion of the Harmonized Sales Tax, saving $11 per month starting January 1, 2017 for eligible small businesses, farms and residential consumers and has taken steps to expand the Rural or Remote Electricity Rate Protection program, expected to save eligible RRRP customers about $45 per month, when combined with OREC.

COMMENTS

Energy's proposals generally involve shifting costs from the rate base to the tax base. While the~~se~~ subset of costed proposals may have a fairly limited residential rate payer impact (e.g. about $5-6/month for residential, less than 5% of the average monthly bill), th~~e~~ose proposals would come at a material incremental fiscal cost ($1 billion to $1.3 billion). Note these impacts are lower than those pres~~t~~ented in an earlier deck ($1.3 billion to $1.9 billion). Energy also presents other proposals where costs and impacts are "TBD".

Over the past five years, the existing fiscally funded electricity price mitigation efforts have averaged about $1.5 billion and is already expected to increase to about $2 billion with the introduction of OREC. The existing program costs are summarized in the table below:

($M)	2011-12	2012-13	2013-14	2014-15	2015-16	2016-17[1]	2017-18[1]

NOEC	23	24	25	24	26	25	25
OEPTC[3]	354	406	418	429	444	450	460
TOTAL	1,530	1,544	1,564	1,639	1,525	1,225	2,005

1. 2016-17, 2017-18 based on forecasted numbers
2. 2015-16 estimated for 3 months of reduced DRC revenue
3. OEPTC amounts in all years based on energy component of the rebate.

* Sourced from Energy PRRT submission

OCEB – Ontario Clean Energy Benefit NIERP – Northern ~~Ontario~~Industrial Electricity Rate program DRC – Debt etirement Charge

OREC – Ontario Rebate for Electricity Consumers NOEC – Northern Ontario Energy Credit OEPTC – Ont. Energy & Property Tax Credit
~~DRC – Debt etirement Charge~~ ~~OEPTC – Ontario Energy and Property Tax Credit~~

Energy's Broad Policy Themes / Rationales

A key theme / rationale cited by Energy is to no longer use rate-base to pay for "social programs" by shifting cost of OESP, RRRP and proposed First Nation Rate to tax-base.

- Energy has typically in the past provided a constitutional law assessment on these programs, providing support for these programs to be ratepayer-supported programs as they provide electricity system benefits / are part of a comprehensive regulatory framework.
- Switching messaging may risk criticism and legal challenges on these and other remaining rate-base funded programs.

Energy Theme / Rationale	Key Staff Comments
Provide greater support for lower income Ontarians by enhancing the **OESP or expanding eligibility**	• Significant fiscal exposure -- $0.4-0.45 bn at current levels, higher if enhanced. On-bill benefits. • Could contemplate phase-in to manage fiscal impact. • Could look at phasing out existing fiscal-funded programs also targeted to low income or identified groups (e.g., OEPTC, NOEC). o Not on the bill, so less direct and visible electricity cost mitigation. o Phase-out to reflect time to increase application based OESP reaching an increasing portion of eligible households.
Fund conservation programs through the tax-base for the remaining term of the existing CDM framework and transition costs to the ne**w "green bank entity" over time**	• Potentially significant fiscal impact – current program costs are about $0.45 bn • Conservation programs do provide an electricity system benefits, but would now be fiscally-funded, so a cross-subsidisation from tax-base • Accessing the cap&trade amount in the GGRA would crowd-out other GGRA programs, affecting overall GHG reductions and negatively affect the diccal plan
Expand the scope of the "Trillium Trust" to make investments in energy infr**astructure eligible for funding**	• Would require either squeezing out existing Moving Ontario Forward project funding from the Trillium Trust, requiring funding from another source; or additional funding from asset optimization, given that the government is committed to using the targeted $5.7 billion to fund across Moving Ontario Forward projects • Would have little near-term impact, unless TT funding displaces near-term, non-incremental projects coming onto service • Could lower utility value, including Hydro One, by removing projects, currently and prospectively, that they might have been able to add to their ratebase and earn a return on
End the Debt Retirement Charge (DRC) early for commercial and small industrial Class B electricity consumers	• End of the DRC had previously been linked with a balance between rate mitigation and managing stranded debt • Provides only temporary incremental mitigation, as DRC legislated to end April 1, 2018. • End of the DRC had previously been linked to retirement of residual stranded debt • Removing additional DRC revenue from the OEFC would call into question the position that the debt and liabilities of the old Ontario Hydro can continue to be supported

Detail on Proposals

Energy has outlined the following rate mitigation proposals with significant bearing on the fiscal plan:

OESP & RRRP (Total of about $0.4 to 0.45 Billion/year):

This would shift the cost of the current and proposed expanded Ontario Electricity Support Program (OESP), and the Rural or Remote Electricity Rate Program (RRRP), to the tax base. *Note: that the fiscal exposure would increase if the OESP take up rate is larger, and faster than assumed.*

- The fiscal impact from shifting OESP and RRRP to the tax base may also be larger if future changes are made to the programs. Energy noted ~~in previous drafts of its price mitigation deck~~ that
  - The programs could provide greater support for lower income Ontarians by enhancing the OESP or expanding eligibility (e.g., by 50% in the table).
  - ~~OESP credits could be increased to address concerns from low income electricity consumers improvements to OESP could be implemented by increasing credits (could be up to double the current credits).~~
  - The RRRP regulation provides a funding mechanism for transmission infrastructure required to grid connect remote First Nation communities. Considerations for how that funding will be supported by the tax base will need to be determined. [The current deck links Trillium Trust for remote electrification.]

Fund Conservation Programs through the Tax-Base:

This would be for the remaining term of the existing Conservation and Demand Management framework. Over time, the costs would be transitioned to the new "green bank entity", to shift cost recovery from ratepayers to cap and trade revenues.

- Energy's rationale for the cost shift would be in recognition of the burden borne by ratepayers in phasing out coal generation.

Expanding the scope of the Trillium Trust to invest in energy infrastructure:

The Province is currently targeting $5.7 billion from asset optimization to dedicate to the Trillium Trust for investment in infrastructure under Moving Ontario Forward.

- Expanding access to natural gas is already included under Moving Ontario Forward.
- Using the Trillium Trust for additional energy projects would require either
  - squeeze out existing Moving Ontario Forward project funding from the Trillium Trust, requiring funding from another source, or
  - additional funding from asset optimization, given that the government is committed to using the targeted $5.7 billion to fund across Moving Ontario Forward projects,
  - in effect, in both cases above, ~~.~~ ~~I~~incremental investments for energy infrastructure from the Trillium Trust would have negative fiscal impacts once the assets are in-service and amortized.~~.~~
  - ~~o~~
- Investments through the Trillium Trust instead of through other electricity sector entities (Hydro One, OPG, LDCs) could have additional negative fiscal impacts as these entities could see reduced ratebase growth, lowering the revenues that the Province realizes from these entities (e.g., consolidated net income, payments-in-lieu of taxes, etc.).

  - May also negatively impact Hydro One share price if the measure is perceived by the market as reducing Hydro One's potential ratebase growth.
- Unless applied to existing projects, to displace ratepayer-supported costs, this measure would have little or no near-term rate impact.

Departure Tax:

As a result of the IPO, Hydro One paid a "departure tax" payment in lieu of tax (PIL) of $2.6 billion, as a final true-up of its PILs tax obligation. Energy ~~is proposed~~lists using some or all of this departure tax for price mitigation.

- This was paid to the Ontario Electricity Financial Corporation (OEFC). The departure tax payment was fiscally neutral to the Province as the income to the OEFC was fully offset by a reduction in ESDI resulting from reduced net income of Hydro One.
- Using some or all of it for price mitigation would require restating the net stranded debt paydown by OEFC related to the IPO. [As the departure tax paid was fiscally neutral, OEFC's uplift was primarily the result of the related ~~to the~~ deferred tax benefit, as well ~~and~~ as the s.50.3 benefit under the *Electricity Act, 1998*.]
- This would be a one-time measure, potentially spread out over a few years, and fiscal impact, as the departure tax amount was one-time.

Debt Retirement Charge (Total of about $0.45 Billion in annualized rate to 2017-18):
Ending the DRC early for Class B customers (commercial, small industrial) would have an impact of about $0.45 billion in 2017-18.

- The end of the DRC had previously been linked with balancing mitigation and progress on stranded debt reductionthe end retirement of the residual stranded debt.
- Removing additional DRC revenue from the OEFC would call into question the position that the debt and liabilities of the old Ontario Hydro can continue to be supported~~proposed end date of the DRC~~.

Comments on Proposed Initiatives to Transform Ontario's Electricity Sector

The Ministry of Energy (Energy) is providing an update on progress related to transforming the province's electricity sector by elaborating on the potential initiatives, as outlined in its deck.

CONTEXT

- As outlined in Energy's update, electricity costs have been increasing following investments to transform towards cleaner generation (i.e. meeting goals towards decarbonize) and modernize the electricity infrastructure (i.e. more than $35 billion in cleaner generation and $15.5 billion investment by Hydro One alone in transmission and distribution systems).

- The government has taken action to lower electricity cost pressures to all consumers by taking actions, including deferring investments in generation (e.g., new build nuclear), improving market efficiency and decreasing costs related to renewable procurement (e.g. GEIA renegotiation, decreasing FIT prices, etc).

- The government introduced the Ontario Rebate for Electricity Consumers (OREC) which will provide a rebate equal to the 8% provincial portion of the Harmonized Sales Tax, saving $11 per month starting January 1, 2017 for eligible small businesses, farms and residential consumers and has taken steps to expand the Rural or Remote Electricity Rate Protection program, expected to save eligible RRRP customers about $45 per month, when combined with OREC.

COMMENTS

Energy's proposals generally involve shifting costs from the rate base to the tax base. While these proposals may have a fairly limited residential rate payer impact (e.g. about $5-6/month for residential, less than 5% of the average monthly bill), the proposals would come at a material incremental fiscal cost ($1 billion to $1.3 billion). Note these impacts are lower than those prestend in an earlier deck ($1.3 billion to $1.9 billion).

Over the past five years, the fiscally funded electricity price mitigation efforts have averaged about $1.5 billion and is already expected to increase to about $2 billion with the introduction of OREC. The existing program costs are summarized in the table below:

($M)	2011-12	2012-13	2013-14	2014-15	2015-16	2016-17[1]	2017-18[1]
OCEB	1,033	994	1,006	1,078	860	-	-
OREC	-	-	-	-	-	300	1,100*
Ending DRC[2]	-	-	-	-	85	330	330
NIERP	120	120	115	108	120	120	120
NOEC	23	24	25	24	26	25	25
OEPTC[3]	354	406	418	429	444	450	460
TOTAL	1,530	1,544	1,564	1,639	1,525	1,225	2,005

1. 2016-17, 2017-18 based on forecasted numbers
2. 2015-16 estimated for 3 months of reduced DRC revenue
3. OEPTC amounts in all years based on energy component of the rebate.

* Sourced from Energy PRRT submission

OCEB – Ontario Clean Energy Benefit
OREC – Ontario Rebate for Electricity Consumers
DRC – Debt etirement Charge
NIERP – Northern Ontario Electricity Rate program
NOEC – Northern Ontario Energy Credit
OEPTC – Ontario Energy and Property Tax Credit

Proposals

Energy has outlined the following rate mitigation proposals with significant bearing on the fiscal plan:

OESP & RRRP (Total of about $0.4 to 0.45 Billion/year):

This would shift the cost of the current and proposed expanded Ontario Electricity Support Program (OESP), and the Rural or Remote Electricity Rate Program (RRRP), to the tax base. *Note: that the fiscal exposure would increase if the OESP take up rate is larger, and faster than assumed.*

- The fiscal impact from shifting OESP and RRRP to the tax base may also be larger if future changes are made to the programs. Energy noted in previous drafts of its price mitigation deck that
  - OESP credits could be increased to address concerns from low income electricity consumers improvements to OESP could be implemented by increasing credits (could be up to double the current credits).
  - The RRRP regulation provides a funding mechanism for transmission infrastructure required to grid connect remote First Nation communities. Considerations for how that funding will be supported by the tax base will need to be determined. [The current deck links Trillium Trust for remote electrification.]

Fund Conservation Programs through the Tax-Base:

This would be for the remaining term of the existing Conservation and Demand Management framework. Over time the costs would transition to the new "green bank entity".

- Energy's rationale for the cost shift would be in recognition of the burden borne by ratepayers in phasing out coal generation.

Expanding the scope of the Trillium Trust to invest in energy infrastructure:

The Province is currently targeting $5.7 billion from asset optimization to dedicate to the Trillium Trust for investment in infrastructure under Moving Ontario Forward.

- Expanding access to natural gas is already included under Moving Ontario Forward.
- Using the Trillium Trust for additional energy projects would require additional funding from asset optimization, given that the government is committed to using the targeted $5.7 billion to fund across Moving Ontario Forward projects. Incremental investments would have negative fiscal impacts once the assets are in-service and amortized.
- Investments through the Trillium Trust instead of through other electricity sector entities (Hydro One, OPG, LDCs) could have additional negative fiscal impacts as these entities could see reduced ratebase growth, lowering the revenues that the Province realizes from these entities (e.g., consolidated net income, payments-in-lieu of taxes, etc.) May also negatively impact Hydro One share price if the measure is perceived by the market as reducing Hydro One's potential ratebase growth.
- Unless applied to existing projects, this measure would have little or no near-term rate impact.

Departure Tax:

As a result of the IPO, Hydro One paid a "departure tax" payment in lieu of tax (PIL) of $2.6 billion, as a final true-up of its PILs tax obligation. Energy is proposed using some or all of this departure tax for price mitigation.

- This was paid to the Ontario Electricity Financial Corporation (OEFC). The departure tax payment was fiscally neutral to the Province as the income to the OEFC was fully offset by a reduction in ESDI resulting from reduced net income of Hydro One.
- Using some or all of it for price mitigation would require restating the net stranded debt paydown by OEFC related to the IPO. [As the departure tax paid was fiscally neutral, OEFC's uplift was primarily related to the deferred tax benefit and the s.50.3 benefit under the *Electricity Act, 1998*.]
- This would be a one-time measure, potentially spread out over a few years, and fiscal impact, as the departure tax amount was one-time.

Debt Retirement Charge (Total of about $0.45 Billion in annualized rate to 2017-18):
Ending the DRC early for Class B customers (commercial, small industrial) would have an impact of about $0.45 billion in 2017-18.

- The end of the DRC had previously been linked with the end retirement of the residual stranded debt.
- Removing additional DRC revenue from the OEFC would call into question the proposed end date of the DRC.

Comments on Ministry of Energy's Draft "Proposed Initiatives to Transform Ontario's Electricity Sector"

The Ministry of Energy (Energy) is providing an update on progress related to transforming the province's electricity sector by elaborating on potential price mitigation initiatives, as outlined in its deck.

CONTEXT

- As outlined in Energy's update, electricity costs have been increasing following investments to transform towards cleaner generation (i.e., meeting goals to decarbonize) and modernize the electricity infrastructure (e.g., more than $35 billion in cleaner generation and $15.5 billion investment by Hydro One alone in transmission and distribution systems).

- The government has taken action to lower electricity cost pressures to all consumers by taking actions, including deferring investments in generation (e.g., new build nuclear), improving market efficiency and decreasing costs related to renewable procurement (e.g. GEIA renegotiation, decreasing FIT prices, etc).

- The government introduced the Ontario Rebate for Electricity Consumers (OREC) which will provide a rebate equal to the 8% provincial portion of the Harmonized Sales Tax, saving $11 per month starting January 1, 2017 for eligible small businesses, farms and residential consumers and has taken steps to expand the Rural or Remote Electricity Rate Protection program, expected to save eligible RRRP customers about $45 per month, when combined with OREC.

COMMENTS

Energy's proposals generally involve shifting costs from the rate base to the tax base. While the subset of costed proposals may have a fairly limited residential rate payer impact (e.g. about $5-6/month for residential, less than 5% of the average monthly bill), those proposals would come at a material incremental fiscal cost ($1 billion to $1.3 billion). Note these impacts are lower than those presented in an earlier deck ($1.3 billion to $1.9 billion). Energy also presents other proposals where costs and impacts are "TBD".

Over the past five years, the existing fiscally funded electricity price mitigation efforts have averaged about $1.5 billion and is already expected to increase to about $2 billion with the introduction of OREC. The existing program costs are summarized in the table below:

($M)	2011-12	2012-13	2013-14	2014-15	2015-16	2016-17[1]	2017-18[1]
OCEB	1,033	994	1,006	1,078	860	-	-
OREC	-	-	-	-	-	300	1,100*
Ending DRC[2]	-	-	-	-	85	330	330

OREC – Ont. Rebate for Electricity Consumers
NIERP – Northern Industrial Electricity Rate program
NOEC – Northern Ontario Energy Credit
DRC – Debt etirement Charge
OEPTC – Ont. Energy & Property Tax Credit

Energy's Broad Policy Themes / Rationales

A key theme / rationale cited by Energy is to no longer use rate-base to pay for "social programs" by shifting cost of OESP, RRRP and proposed First Nation Rate to tax-base.

- Energy has typically in the past provided a constitutional law assessment on these programs, providing support for these programs to be ratepayer-supported programs as they provide electricity system benefits / are part of a comprehensive regulatory framework.
- Switching messaging may risk criticism and legal challenges on these and other remaining rate-base funded programs.

Energy Theme / Rationale	Key Staff Comments
Provide greater support for lower income Ontarians by enhancing the OESP or expanding eligibility	• Significant fiscal exposure -- $0.4-0.45 bn at current levels, higher if enhanced. On-bill benefits. • Could contemplate phase-in to manage fiscal impact. • Could look at phasing out existing fiscal-funded programs also targeted to low income or identified groups (e.g., OEPTC, NOEC). o Not on the bill, so less direct and visible electricity cost mitigation. o Phase-out to reflect time to increase application based OESP reaching an increasing portion of eligible households.
Fund conservation programs through the tax-base for the remaining term of the existing CDM framework and transition costs to the new "green bank entity" over time	• Potentially significant fiscal impact – current program costs are about $0.45 bn • Conservation programs do provide an electricity system benefits, but would now be fiscally-funded, so a cross-subsidisation from tax-base • Accessing the cap&trade amount in the GGRA would crowd-out other GGRA programs, affecting overall GHG reductions and negatively affect the diccal plan
Expand the scope of the "Trillium Trust" to make investments in energy infrastructure eligible for funding	• Would require either squeezing out existing Moving Ontario Forward project funding from the Trillium Trust, requiring funding from another source; or additional funding from asset optimization, given that the government is committed to using the targeted $5.7 billion to fund across Moving Ontario Forward projects • Would have little near-term impact, unless TT funding displaces near-term, non-incremental projects coming onto service • Could lower utility value, including Hydro One, by removing projects, currently and prospectively, that they might have been able to add to their ratebase and earn a return
End the Debt Retirement Charge (DRC) early for commercial and small industrial Class B electricity consumers	• End of the DRC had previously been linked with a balance between rate mitigation and managing stranded debt • Provides only temporary incremental mitigation, as DRC legislated to end April 1, 2018. • End of the DRC had previously been linked to retirement of residual stranded debt • Removing additional DRC revenue from the OEFC would call into question the position that the debt and liabilities of the old Ontario Hydro can continue to be supported

Detail on Proposals

Energy has outlined the following rate mitigation proposals with significant bearing on the fiscal plan:

<u>OESP & RRRP (Total of about $0.4 to 0.45 Billion/year</u>):

This would shift the cost of the current and proposed expanded Ontario Electricity Support Program (OESP), and the Rural or Remote Electricity Rate Program (RRRP), to the tax base. *Note: that the fiscal exposure would increase if the OESP take up rate is larger, and faster than assumed.*

- The fiscal impact from shifting OESP and RRRP to the tax base may also be larger if future changes are made to the programs. Energy notes that
  - The programs could provide greater support for lower income Ontarians by enhancing the OESP or expanding eligibility (e.g., by 50% in the table).
  - The RRRP regulation provides a funding mechanism for transmission infrastructure required to grid connect remote First Nation communities. Considerations for how that funding will be supported by the tax base will need to be determined. [The current deck links Trillium Trust for remote electrification.]

<u>Fund Conservation Programs through the Tax-Base</u>:

This would be for the remaining term of the existing Conservation and Demand Management framework. Over time, the costs would be transitioned to the new "green bank entity", to shift cost recovery from ratepayers to cap and trade revenues.

- Energy's rationale for the cost shift would be in recognition of the burden borne by ratepayers in phasing out coal generation.

<u>Expanding the scope of the Trillium Trust to invest in energy infrastructure:</u>

The Province is currently targeting $5.7 billion from asset optimization to dedicate to the Trillium Trust for investment in infrastructure under Moving Ontario Forward.

- Expanding access to natural gas is already included under Moving Ontario Forward.
- Using the Trillium Trust for additional energy projects would require either
  - squeeze out existing Moving Ontario Forward project funding from the Trillium Trust, requiring funding from another source, or
  - additional funding from asset optimization, given that the government is committed to using the targeted $5.7 billion to fund across Moving Ontario Forward projects,
  - in effect, in both cases above, incremental investments for energy infrastructure from the Trillium Trust would have negative fiscal impacts once the assets are in-service and amortized.
- Investments through the Trillium Trust instead of through other electricity sector entities (Hydro One, OPG, LDCs) could have additional negative fiscal impacts as these entities could see reduced ratebase growth, lowering the revenues that the Province realizes from these entities (e.g., consolidated net income, payments-in-lieu of taxes, etc.).
  - May also negatively impact Hydro One share price if the measure is perceived by the market as reducing Hydro One's potential ratebase growth.
- Unless applied to existing projects, to displace ratepayer-supported costs, this measure would have little or no near-term rate impact.

Departure Tax:

As a result of the IPO, Hydro One paid a "departure tax" payment in lieu of tax (PIL) of $2.6 billion, as a final true-up of its PILs tax obligation. Energy lists using some or all of this departure tax for price mitigation.

- This was paid to the Ontario Electricity Financial Corporation (OEFC). The departure tax payment was fiscally neutral to the Province as the income to the OEFC was fully offset by a reduction in ESDI resulting from reduced net income of Hydro One.
- Using some or all of it for price mitigation would require restating the net stranded debt paydown by OEFC related to the IPO. [As the departure tax paid was fiscally neutral, OEFC's uplift was primarily the result of the related deferred tax benefit, as well as the s.50.3 benefit under the *Electricity Act, 1998*.]
- This would be a one-time measure, potentially spread out over a few years, and fiscal impact, as the departure tax amount was one-time.

Debt Retirement Charge (Total of about $0.45 Billion in annualized rate to 2017-18):
Ending the DRC early for Class B customers (commercial, small industrial) would have an impact of about $0.45 billion in 2017-18.

- The end of the DRC had previously been linked with balancing mitigation and progress on stranded debt reductionthe end retirement of the residual stranded debt.
- Removing additional DRC revenue from the OEFC would call into question the position that the debt and liabilities of the old Ontario Hydro can continue to be supported.

Energy has outlined the following rate mitigation proposals with significant bearing on the fiscal plan:

OESP & RRRP (Total of about $0.4 to 0.45 Billion/year):

This would shift the cost of the current and proposed expanded Ontario Electricity Support Program (OESP), and the Rural or Remote Electricity Rate Program (RRRP), to the tax base. *Note: that the fiscal exposure would increase if the OESP take up rate is larger, and faster than assumed.*

- The fiscal impact from shifting OESP and RRRP to the tax base may also be larger if future changes are made to the programs. Energy notes that
  - The programs could provide greater support for lower income Ontarians by enhancing the OESP or expanding eligibility (e.g., by 50% in the table).
  - The RRRP regulation provides a funding mechanism for transmission infrastructure required to grid connect remote First Nation communities. Considerations for how that funding will be supported by the tax base will need to be determined. [The current deck links Trillium Trust for remote electrification.]

Fund Conservation Programs through the Tax-Base:

This would be for the remaining term of the existing Conservation and Demand Management framework. Over time, the costs would be transitioned to the new "green bank entity", to shift cost recovery from ratepayers to cap and trade revenues.

- Energy's rationale for the cost shift would be in recognition of the burden borne by ratepayers in phasing out coal generation.

Expanding the scope of the Trillium Trust to invest in energy infrastructure:

The Province is currently targeting $5.7 billion from asset optimization to dedicate to the Trillium Trust for investment in infrastructure under Moving Ontario Forward.

- Expanding access to natural gas is already included under Moving Ontario Forward.
- Using the Trillium Trust for additional energy projects would require either
  - squeeze out existing Moving Ontario Forward project funding from the Trillium Trust, requiring funding from another source, or
  - additional funding from asset optimization, given that the government is committed to using the targeted $5.7 billion to fund across Moving Ontario Forward projects,
  - in effect, in both cases above, incremental investments for energy infrastructure from the Trillium Trust would have negative fiscal impacts once the assets are in-service and amortized.
- Investments through the Trillium Trust instead of through other electricity sector entities (Hydro One, OPG, LDCs) could have additional negative fiscal impacts as these entities could see reduced ratebase growth, lowering the revenues that the Province realizes from these entities (e.g., consolidated net income, payments-in-lieu of taxes, etc.).
  - May also negatively impact Hydro One share price if the measure is perceived by the market as reducing Hydro One's potential ratebase growth.
- Unless applied to existing projects, to displace ratepayer-supported costs, this measure would have little or no near-term rate impact.

Departure Tax:

As a result of the IPO, Hydro One paid a "departure tax" payment in lieu of tax (PIL) of $2.6 billion, as a final true-up of its PILs tax obligation. Energy lists using some or all of this departure tax for price mitigation.

- This was paid to the Ontario Electricity Financial Corporation (OEFC). The departure tax payment was fiscally neutral to the Province as the income to the OEFC was fully offset by a reduction in ESDI resulting from reduced net income of Hydro One.
- Using some or all of it for price mitigation would require restating the net stranded debt paydown by OEFC related to the IPO. [As the departure tax paid was fiscally neutral, OEFC's uplift was primarily the result of the related deferred tax benefit, as well as the s.50.3 benefit under the *Electricity Act, 1998*.]
- This would be a one-time measure, potentially spread out over a few years, and fiscal impact, as the departure tax amount was one-time.

Debt Retirement Charge (Total of about $0.45 Billion in annualized rate to 2017-18):
Ending the DRC early for Class B customers (commercial, small industrial) would have an impact of about $0.45 billion in 2017-18.

- The end of the DRC had previously been linked with balancing mitigation and progress on stranded debt reductionthe end retirement of the residual stranded debt.
- Removing additional DRC revenue from the OEFC would call into question the position that the debt and liabilities of the old Ontario Hydro can continue to be supported.

($M)	2016-17[1]	2017-18[1]	2018-19[1]	2019-20[1]	2020-21[1]
