Hello Sarah N,

RE: IESO/OEFC 2010, $160M Revolving Credit Facility, Borrowing Notice Amending Agreement No. 6

As per conversation, IESO requires an new advance of $30M plus a roll-over amount of $30M and a repayment of interest in the amount of $57,008.22. Both loans advance on September 4, 2018. I have revised the Borrowing Notice (that was supposed to be attached in Amending Agreement No. 6) by modifying the wording to include "IESO Corporate Requirements" and a breakdown of the $60M loan.

Attached is IESO's original request, Revised Borrowing Notice and Amending Agreement No. 6

Please review and modify if required. Thanks again for all your help on such short notice.

Hi Lisa,

Following our telephone conversation I raised the issue with Sarah and we agreed that we should move forward with deleting and replacing the definition of "Ontario's Fair Hydro Plan" with the definition of "OFHP" (Ontario Fair Hydro Plan Act, 2017). This will require also deleting and replacing paragraph 3.6(c) of the Agreement so it now references the Act rather than the Plan. When we send our draft amending agreement to IESO we will explain with a comment our reasoning behind the change (at the time of drafting Amending Agreement No. 6 in April 2017 the Act had not come into effect).

Please review the revised draft attached and let us know your comments.

Hi Will,

Please see attached my suggested black-lined amendments and comments on the draft waiver.

In addition to the attached comments, have you considered how this daylight borrowing period will work from an operational point of view, for both the new Proposed Advance and the Continued Advance? Will interest still be applicable and how will it be calculated? Do we need to specify further details in the waiver?

As I will be away on vacation starting tomorrow, I have copied Caroline on this e-mail. As previously noted, she will be able to assist you in my absence.

Thank you,

Hi Will,

Please see attached my suggested black-lined amendments and comments on the draft waiver.

In addition to the attached comments, have you considered how this daylight borrowing period will work from an operational point of view, for both the new Proposed Advance and the Continued Advance? Will interest still be applicable and how will it be calculated? Do we need to specify further details in the waiver?

As I will be away on vacation starting tomorrow, I have copied Caroline on this e-mail. As previously noted, she will be able to assist you in my absence.

Thank you,

Lisa

Hi Will,
Sarah suggesetd you may be the best person to address this issue given your involvement in the amendment from 975 Million to 475 Million back in November.
It seems odd that when I call up active Lines of Credit (via "LIST" function) for IESO in OLMS below Loan Id 1275 is still appearing given it is the 975 Million which I think was replaced by the 475 million represented by Loan ID 1590.

	Loan ID	** All Loan Types *	** All Entity Types	IESO	** All Projects **	Advance Date	End Date (Only Active Loans)	Amount	** Entered by All
1	2680	Line Of Credit	Corporations	IESO	Ontario Fair Hydro Plan	21-Nov-2017	30-Sep-2022	0.00	OFINA\cy

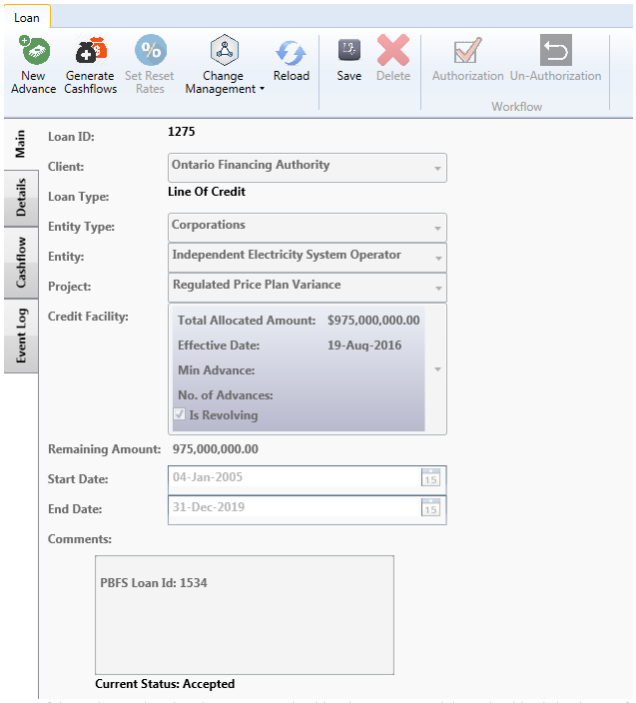
3	1275	Line Of Credit	Corporations	IESO	Regulated Price Plan Varian	19-Aug-2016	31-Dec-2019	0.00	OFINA\jcadr



Now it does not appear that it currently carries any balance (which is appropriate):

But the end date is out in the future:

I was of the understanding that the 975M LOC should no longer exist and there should only be the one for 475M.
Can you sort through this if need be with the owners of the system (OLMS). If there is no problem with how it is appearing it would be helpful to know the rationale.
I noticed this issue as I am working with Corporate Finance on revised reporting for available authority related to OFA loans.
Thank you as always.

Hi Ryan,

We're updating the business plan…is the following bullet accurate in terms of amounts and dates?

• Monitoring a $120 million loan refinancing and a $160 million credit facility extension to the IESO, both expiring June 30, 2020, to provide the IESO with flexibility to meet financing and liquidity requirements.

Thanks,

Sarah

Hello,

The credit spread for the January 22, 2018 30-year loan is **147.50** bps.

Hi Brian,

Documentation is organizing its different agreements with various counter parties and would like to post them on Portal eventually.

Years ago, George Welcher who helped us build the Derivatives repository in the Portal: http://portal.ofina.on.ca/sites/cms/doc/default.aspx. We are looking for something similar in that nature but the agreements base is not as big as Derivatives.

We would like to seek your advice as to what are the options and functionalities that the Portal can do that will help us organizing the agreements and who shall we ask for assistance in this project.

FYI, I attach a copy of the Agreements framework that we have built.

Please let me know if you have any questions.

Thank you,

Karin

Subject: Draft OFHP Credit Facility Highlights
Date: Tuesday, November 07, 2017 5:14:17 PM

Hello Sarah,

Please find the draft email highlighting the key features of the OFHP Credit Facility to Opal. Please let me know if you require any additional changes.

Hello Opal,

The Ontario government introduced the Ontario Fair Hydro plan Act, 2017 (OFHP). OFHP is to reduce electricity prices for eligible consumers in the province. The Independent Electricity System Operator (IESO) required greater liquidity to implement the FHP program.

Outlined below is IESO's credit requirement needs including the change to OFA's existing credit facility as follows:

OFA:IESO Facility	New FHP facility
Current credit facilities $975 million	$ -
Reduction due to FHP ($500 million)	$ -
Increase due to FHP	$ - $2,000 million
Totals Credit Facilities $475 million	$2,000 million

The FHP Credit Facility has the following key provisions:

- Revolving Credit Facility.
- 5 year term which expires September 30, 2022;
- Interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 percent per annum;
- Draws – to be based on minimum of 5 days to a maximum of 95 days;
- Flexibility to roll-over the entire/portion of the principle or interest.
- Option to create additional subcategories strictly for OFHP purposes by identifying the subcategory on the Borrowing Notice form (advancement form).
- $2 Billion OIC 1279/2017 underpinning the credit facility is to be repaid by December 31, 2047;
- Promissory Note to the Province of Ontario for $2 Billion Credit Facility is due December 31, 2047.

Thanks,

Will

Section 2.1 Availability.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO. The OFA shall make each Advance in Dollars.

Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Section 2.4 Mandatory Repayment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

Section 2.5 Prepayments.

The IESO is not entitled to prepay any part of the Advances Outstanding or the interest accrued thereon without the prior written consent of the OFA.

Section 2.6 Payments under this Agreement.

(1) The OFA shall make Advances to the IESO under this Agreement to or to the order of the IESO by wire transfer of immediately available funds in accordance with wire transfer instructions given by the IESO to the OFA from time to time, or in such other manner as the IESO may specify to the OFA from time to time.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

Section 2.7 Computations of Interest.

(1) All computations of interest shall be made by the OFA taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 2.9 Application of Payments.

All payments made by the IESO under this Agreement shall be applied firstly to the payment of interest payable to the OFA on late payments of principal or interest hereunder, secondly, to the payment of accrued and unpaid interest payable to the OFA hereunder and thirdly, to the payment of the outstanding principal amount of any Advances payable to the OFA.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date**"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing;

(c) that there shall, in the reasonable opinion of the OFA, have been no material adverse change in the financial condition of the IESO or a Material Subsidiary; and

(d) that the OFA has received such other documentation which it has reasonably requested to ensure that the IESO is in compliance with the terms and conditions of this Agreement, including certified true copies of any necessary resolutions, a written legal opinion from counsel to the IESO confirming that the borrowing is within the legal powers of the IESO and that the Agreement is a direct, unsecured obligation of the IESO enforceable against the IESO in form satisfactory to the OFA.

ARTICLE 4

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

   "**Current Repayment Date**" has the meaning specified in Section 3.3(2).

   "**New Repayment Date**" has the meaning specified in Section 3.3(2).

   "OFHP" means the *Ontario Fair Hydro Plan Act, 2017*, S.O. 2017, c. 16, Schedule 1, including any regulations made thereunder, and all as amended from time to time.

5. Section 2.3 "Use of Proceeds" of the Credit Agreement is deleted in its entirety (with the exception of the title of the section, which exception also applies regarding the amendments made under sections 6, 7 and 8 hereof) and replaced by the following:

   "The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998,* as such regulation may be amended or replaced from time to time, provided that Advances may be used only for liquidity purposes."

6. Section 3.2 "Procedures for Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

"(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall be no earlier than 28 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.3. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement."

7. Section 3.3 "Elections Regarding Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

"(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 28 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment

Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date."

8. Section 5.2 "Acceleration of Maturity; Recission and Annulement" of the Credit Agreement is deleted in its entirety and replaced by the following:

"If an Event of Default occurs and is continuing, then and in every such case the OFA may at its option, in addition to any other remedy available to the OFA at law, by written notice to the IESO, take any or all of the following actions:

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

10. Section 7.9 "Entire Agreement' is added to the Credit Agreement, stating as follows:

"Section 7.9 Entire Agreement

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date**"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

6. Section 3.2 "Procedures for Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

"(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Hello all,

IESO has asked OFA for a one-time exception to waive the minimum period for advances of 5 days (FHP Credit Facility Agreement). IESO has asked for an advance period of 1 day, so it may use money expected from OPG to repay its advance on the same day it matures.

IESO's current outstanding advance of $322M, matures on March 21, 2018. IESO will require an additional advance of $208M (to pay power generators) for a total of $530M, but will only require this for 1 day because IESO expects to receive funds from OPG to repay its advances on March 22. Rather than incurring additional interest costs of borrowing until March 26, 2018 (5 day minimum), IESO would prefer to match the maturity of its advances and expected cash inflow from OPG.

Please let me know if your respective areas have any concerns or issues from an operational standpoint.

Commented [WT7]: We query whether section (k) is necessary since we consider that section (j) "any other Liens" may already capture this. We defer to OFA Legal on this matter.

Commented [LS8]: Is there a concern with including this from a business perspective? See IESO's cover e-mail. Section (j) refers to Liens "of a nature similar to the foregoing" and may not capture liens in relation to the OFHP specifically. Commented [LS10]: Business decision – defer to Electricity Branch

Commented [LS11]: IESO has provided an explanation in their cover e-mail regarding deletion of this 12-month requirement. It is a business decision whether to accept this change. Is it a requirement based on the supporting documentation (I don't believe it's captured in the directive)?

~~(2)~~ In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together will all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Commented [JB17]: We defer to OFA Legal on this matter

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note~~-~~ in respect of Advances held by it.

Section 3.5 Conditions Precedent

The ~~obligation~~agreement of the OFA~~IESO~~ to make the Advances to IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

Hi Lisa,

As per your previous email, I reviewed the previous amending agreements and the only relevant amendment was in Amending Agreement No. 6 dated April 30, 2017. In that Amending Agreement a definition of Ontario's Fair Hydro Plan was added. As a result, I changed the attached agreement with language to "delete and replace" rather than just "add" the revised definition of OFHP. I also included your suggested edits in the attached. Please let us know if you have any comments.

Thank You,
Ryan

Hi Will,

Further to my e-mail below, I wanted to clarify a couple of points:

- The signatory should be the OFA, not OEFC
- Do we need to consider imposing a specific minimum borrowing period of one day? Or, can the date of the Proposed Advance or Continued Advance be the same date as the new Repayment Date?
- As I was alluding to below, do the interest provisions as currently drafted continue to apply to the Proposed Advance or Continued Advance?

I have discussed this matter with Caroline and she will be available to discuss with you further tomorrow.

Thank you,

Lisa

Hi Will,

Please see attached my suggested black-lined amendments and comments on the draft waiver.

In addition to the attached comments, have you considered how this daylight borrowing period will work from an operational point of view, for both the new Proposed Advance and the Continued Advance? Will interest still be applicable and how will it be calculated? Do we need to specify further details in the waiver?

As I will be away on vacation starting tomorrow, I have copied Caroline on this e-mail. As previously noted, she will be able to assist you in my absence.

Thank you,

Lisa

Hi,
Will checked further with Risa and the issue is that the 475M has two associated projects that need to be tracked separately apparently. OLMS does not allow for this and thus requires system enhancement.
They have a manual adjustment process in place to ensure proper tracking and reporting I guess by project. So really the 975M is a mere place holder for the second project.
For now, we can just keep this in mind when looking at OLMS. For the OFA BA tracking we would report 475M as used authority as that is the maximum that we have allowed them to potentially borrow.
Regards,
Andrea

Hi Will,
OLMS still does not allow two different projects under one credit facility. That is why there are two credit facilities set up for IESO - one for $2 billion for the Ontario Fair Hydro Plan and the second one for $475 million for the Rural and Remote Electricity Rate Protection Variance. I will work with Craig Walsh and Vivek to enhance OLMS to correct this but it will probably take a few months.
Thanks,

Hello Risa,
In OLMS, Andrea raised a question regarding Loan ID 1590 still appearing in the system as $975 million when she filters for "Line of Credit":
"List" and filters for "Line of Credit". Andrea is working on another matter but would like to understand the logic behind it to assist her in her understanding. More details below.
Thanks,
Will

Hi Will,
Sarah suggested you may be the best person to address this issue given your involvement in the amendment from 975 Million to 475 Million back in November.
It seems odd that when I call up active Lines of Credit (via "LIST" function) for IESO in OLMS below Loan Id 1275 is still appearing given it is the 975 Million which I think was replaced by the 475 million represented by Loan ID 1590.

Now it does not appear that it currently carries any balance (which is appropriate):

But the end date is out in the future:

I was of the understanding that the 975M LOC should no longer exist and there should only be the one for 475M.
Can you sort through this if need be with the owners of the system (OLMS). If there is no problem with how it is appearing it would be helpful to know the rationale.
I noticed this issue as I am working with Corporate Finance on revised reporting for available authority related to OFA loans.
Thank you as always.

Hello Risa,
In OLMS, Andrea raised a question regarding Loan ID 1590 still appearing in the system as $975 million when she filters for "Line of Credit":
"List" and filters for "Line of Credit". Andrea is working on another matter but would like to understand the logic behind it to assist her in her understanding. More details below.
Thanks,
Will

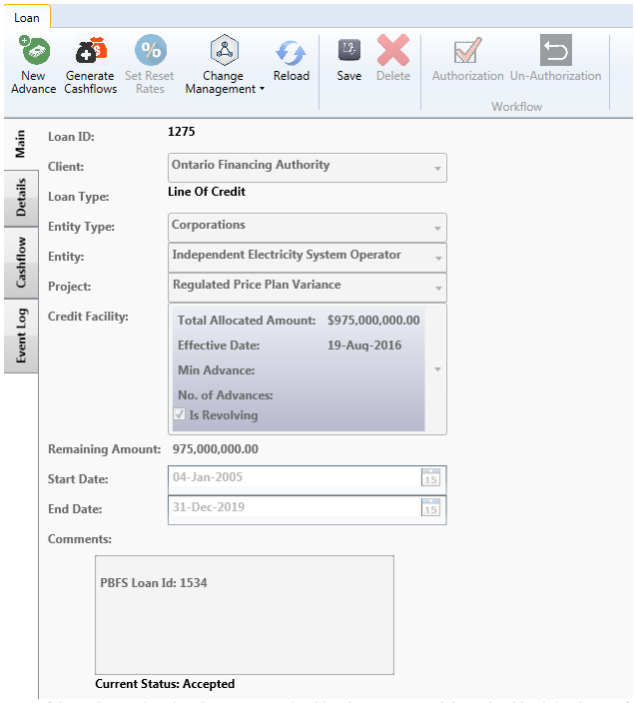
Hi Will,
Sarah suggesetd you may be the best person to address this issue given your involvement in the amendment from 975 Million to 475 Million back in November.
It seems odd that when I call up active Lines of Credit (via "LIST" function) for IESO in OLMS below Loan Id 1275 is still appearing given it is the 975 Million which I think was replaced by the 475 million represented by Loan ID 1590.



Now it does not appear that it currently carries any balance (which is appropriate):

Hi,
Will checked further with Risa and the issue is that the 475M has two associated projects that need to be tracked separately apparently. OLMS does not allow for this and thus requires system enhancement.
They have a manual adjustment process in place to ensure proper tracking and reporting I guess by project. So really the 975M is a mere place holder for the second project.
For now, we can just keep this in mind when looking at OLMS. For the OFA BA tracking we would report 475M as used authority as that is the maximum that we have allowed them to potentially borrow.
Regards,
Andrea

Hi Will,
OLMS still does not allow two different projects under one credit facility. That is why there are two credit facilities set up for IESO - one for $2 billion for the Ontario Fair Hydro Plan and the second one for $475 million for the Rural and Remote Electricity Rate Protection Variance. I will work with Craig Walsh and Vivek to enhance OLMS to correct this but it will probably take a few months.
Thanks,
Risa Thau

Hi JF,
You were originally copied on another strain of this, and I sent a smaller e-mail to Malle, and then this thing branched out again. I'm just forwarding this to you so you know you can pitch the other one.

Hi Garth,
Would you please share a briefing note, draft Minister's directive and any other pertinent materials with us. The date for submitting a package for the April 16 LRC has long passed, but we can work towards getting this item to the DMO. An LRC Note will need to be prepared by CEFD as soon as possible. I've cc'd Anna so that she is aware.
Please send Anna a brief description of the issue so as to inform her discussions with DMO.
Thanks,
Opal

Hi Sarah,
As Malle says, the best approach and the approach we, including Gadi, are recommending is that the "commitment" (in whatever form) be provided by MOH.
However, it appears as though the loan will be required eventually and will only work under a 35 year amortization (again Gadi has agreed to this amortization in principle), so we will need to amend the OIC. Given that our Plan B, which may be needed, is to provide some joint assurance MOF/MOH to HOOPP by April 30, I would like to work with Capital Markets to try to get the OIC in place so that we can use Plan B if necessary.
If you agree, just let me know what you need from me.
Thanks,
Garth

Malle,

Thank you very much for your quick response.

Garth – I'm not familiar with the various inputs Malle has mentioned below with the loan, and the timing for getting these. Is it possible to obtain all the required approvals, etc. prior to April 30th? As Malle indicates, a binding commitment doesn't seem possible without these elements. On the other hand, if it is possible, we could try to make the case for including an amending OIC for the April 16th LRC.

Thanks,

Sarah

Subject: RE: BN - Lending Directive for Loan to OCRC.docx

Hi,

Dimitri has been working on this as well so copying him here. According to the current OIC's, OFA must repay the funds borrowed from the Province by 2040 (I haven't check them all now but assume that you have) so the OFA couldn't make a longer term loan to a third party such as the hospital without an amending OIC as you describe.

I think that the only thing that could be done is to see whether there is any possibility of walking this OIC in at this point if it is that critical. However, at the same time, I know that there have been numerous elements regarding this potential loan including possibly having MOHLTC provide an indemnity to the OFA regarding the repayment by the hospital. Not sure that we could in anyway provide a binding commitment that the money will be available in 2019 since there would be many other elements such as a Minister's directive, the negotiation of the loan agreement and due diligence that would make it conditional. However, it seems that the amendment to the OIC is a necessary precondition.

Also just thinking general about this project, is it anticipated that any other approvals or signing of agreements, etc. would be proposed during the writ period?

Thanks,

Malle

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan

would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?

Thanks,

Sarah

Hi Andrea,

We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.

We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date.

Please advise the best way to proceed towards the required OIC amendment re timing.

Thanks. I will call to follow up.

Thanks,

Garth

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.

Andrea

You will see in the highlighted section below that Lisa is asking that we confirm that 2 OFA loans we are working on:

- $150 million to the Ontario Cannabis Retail Corporation
- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".

I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?

Please find attached some comments and suggested amendments to the draft briefing note, attached. I did not review the attachments; however, as discussed on Friday, they still reference the loan to St. Michael's hospital as well (and these references should be deleted).

I'm still working on the directive for the OCRC loan. In the meantime, can you please confirm that this loan is covered by the existing on-lending OICs (as referenced in the draft note)?

FYI, a memo from the Secretary of Cabinet outlining our responsibilities during the writ and election period. As the Secretary outlines below, "the long-held practice in Ontario is for the government to assume a "caretaker role" as soon as the writ for a general election is issued [Wednesday, May 9] … The essential element of the caretaker practice is that only routine, non-controversial, or urgent business is conducted".

From May 9 onward, all Cabinet and committee meetings, including Treasury Board and Management Board of Cabinet, are suspended unless required to ensure the continuation of government operations and public services during the writ period. Furthermore, regulations should not be filed during the caretaker period even if previously approved by Cabinet and signed by the Lieutenant Governor.

MEMORANDUM TO: Deputy Ministers

SUBJECT: Public Service Responsibilities and Procedures Leading Up to and During the Election Period

As you know, pursuant to the *Election Act*, Ontario's 2018 general election is scheduled to take place on Thursday, June 7. In accordance with the Act, the election period will officially begin when the Chief Electoral Officer issues the writ of election on Wednesday, May 9 in accordance with an order of the Lieutenant Governor in Council.

This memorandum is a reminder of several key election-related procedures and our responsibilities as public servants during the election period. I would request that you share this memo with all of your staff and with the Chairs and CEOs of your agencies, boards and commissions, who have traditionally applied the same rules and procedures to their operations during this period. A similar memo will be sent by the Premier's Office to Ministers, Parliamentary Assistants and Ministry Chiefs of Staff.

Role of the Public Service

We must always be mindful of our *Public Service of Ontario Act* obligations to provide professional, neutral and non-partisan service. This obligation is never more important than during an election period.

The public service continues to be committed to supporting the government in fulfilling its mandate prior to the election. The public service also has an important role to play in overseeing the uninterrupted delivery of programs and services during the election campaign while preparing for a smooth transition for a returning or new government following an election.

Regardless of the election outcome, there will be a new Parliament – Ontario's 42nd – consisting of both returning and newly elected MPPs. The Lieutenant Governor will also swear in a new Executive Council on the recommendation of the Premier or Premier-elect.

Government Operations During the Election Period

The long-held practice in Ontario is for the government to assume a “caretaker role” as soon as the writ for a general election is issued. The caretaker period will commence with the dissolution of the Legislative Assembly scheduled for Wednesday, May 9, and can generally be expected to continue until the swearing-in of a returning or new government.

The essential element of the caretaker practice is that only routine, non-controversial, or urgent business is conducted. The caretaker role requires that there be no new policy or program initiatives, and restricts ongoing work, consultations, appointments, regulatory postings, public engagement, announcements and ministry events. Prior approval to engage in these activities does not provide authority to continue once the caretaker period has begun. Except for the normal implementation of routine government services and programs, any activity or action that would not reasonably be perceived as routine, non-controversial, urgent or time sensitive, should be suspended once the writ is issued.

In assessing whether ongoing work is consistent with the caretaker role of government, ask the following relevant questions:

- Is the proposed work truly routine or urgent?
- Is there a potential for the work to be raised as a political issue during the election?
- Have all the necessary policy, funding and human resource approvals been received?
- Is there a legislative or legal requirement to provide the program or service?
- Do any of the next steps require further political decision or direction?
- Is there any reason why the activity cannot wait?
- Does the program or service need to be communicated to the public?
- Would the work limit or impair the decision-making freedom of a future government?
- Would any future government agree the work was necessary during the writ period?

All Cabinet and committee meetings, including Treasury Board and Management Board of Cabinet, are suspended unless required to ensure the continuation of government operations and public services during the writ period. This would include any meetings required to respond to urgent or unforeseen circumstances. Should circumstances require a decision of Cabinet, the Cabinet Office will work with the Office of the Premier to determine the appropriate steps to take to convene Cabinet in a manner consistent with the caretaker role.

Regulations should not be filed during the caretaker period even if previously approved by Cabinet and signed by the Lieutenant Governor. If you believe there are urgent circumstances that may require the filing of a regulation during this time, the situation should be discussed with my office well in advance of the caretaker period. Otherwise

approved regulations should be held until after the election, at which time a returning or new Minister's office should be asked for direction. Please keep in mind that unfiled regulations will automatically "expire" four months from the day of approval unless the filing date is extended by the Lieutenant Governor in Council.

There may be some items that will require a careful consideration of these caretaker principles before a decision can be made on whether they should proceed. In assessing these issues, it is very important to avoid planning any activity that would require a Minister's or Cabinet's decision during or immediately after the election period unless absolutely necessary or critical to ongoing government operations. To help resolve these matters, I will be Chairing a Caretaker Committee of Central Agency Deputy Ministers to review areas that are deemed to be significant enough to warrant central agency review. If you have any questions, please contact Steven Davidson, Deputy Minister for Policy and Delivery, Cabinet Office on policy-related matters or Helen Angus, Secretary of the Treasury Board on matters related to funding or human resources. If necessary, they will be bringing these matters forward to the Committee for consideration.

Communication Activities

Pursuant to the provisions of the *Government Advertising Act*, government advertising will be restricted effective March 10, 2018. Details on this restriction have been communicated to you by Deputy Minister of Communications and Associate Secretary of the Cabinet, Lynn Betzner.

Once the writ period begins, these advertising restrictions will continue as part of the caretaker role of government. Further, additional restrictions will be placed on all other government events, communications activities and announcements. Deputy Betzner will forward a communications protocol for the writ period to you and your Director of Communications.

In accordance with these restrictions, communications activities and announcements by the government will be suspended unless related to a recognized activity such as:

- **An emergency situation** that needs to be communicated to the public, e.g. public health emergency.
- **A revenue-generating** communication by a government or government agency program intended to support revenue generating activities in Ontario, e.g. Foodland Ontario.
- **A time-sensitive, statutory, or seasonal** communication.
- **An Agency Mandate** communication necessary to support a scheduled agency's mandate, such as the LCBO.

Issues management support should continue as usual to address any issues where the public interest might require comment by your Minister. Such support should be consistent with the caretaker role of government during this period. The Premier's Office will be reminding Ministers, Parliamentary Assistants and Chiefs of Staff that the public

service must not support candidates in an election and that requests for information and support must continue to respect the neutral, non-partisan role of the public service.

Your ministry staff should work with their Cabinet Office policy and communications contacts and staff remaining in your Minister's office to ensure that issues are managed appropriately.

Members of the Legislative Assembly

The Legislative Assembly provides information to all MPPs regarding their rights and obligations as Members of the Assembly during the election period. For example, while MPPs technically no longer hold office once the Assembly is dissolved for the election, their constituency offices remain open during the election period to support the citizens of these ridings. It is entirely appropriate for the public service to work with your Ministers' Offices to support constituency offices with public information in the same professional, non-partisan manner as we would at any other time.

Role of Ministers and Parliamentary Assistants

Ministers remain members of the Executive Council until the Premier submits, and the Lieutenant Governor accepts, their resignations. Any minister who is not re-elected remains a member of the Executive Council until their resignation is submitted to the Lieutenant Governor. This means that Ministers retain the rights, privileges and responsibilities of their office during and after an election, although these rights, privileges and responsibilities must now be exercised in accordance with the caretaker role of government. It is our responsibility as public servants to continue to serve them in that capacity.

The Premier's Office will be sending out a memo regarding the roles and responsibilities of Ministers, Parliamentary Assistants and political staff during the election period that you should review closely. In that regard, Cabinet Office will work with the Premier's Office and you will work with your Minister's Office to ensure these instructions are properly understood and implemented.

Ministers will be asked to exercise care and avoid any perception that they are using their ministerial offices, resources or portfolios for political purposes. While most government events are postponed during the election period, should any such event be approved to proceed during this time, Ministers and Parliamentary Assistants will be advised not to attend. Other local MPPs or candidates will also not be invited to attend any such events. However, there may be circumstances where a particular situation or protocol requires a Minister's involvement. Such circumstances might include a provincial emergency or a national or international event or occurrence where protocol would reasonably require a statement by the Premier or a responsible Minister. Any such involvement will need to be cleared in advanced with the Premier's Office in consultation with my Office.

Ministers will be advised that their cars and drivers should not be used during the writ period, and will be asked to ensure that their government vehicles are parked in their reserved parking space and that the keys are given to Executive Transportation Services. Ministers will also be advised that they cannot use a car or driver from the government pool during the writ period unless it is in relation to a government activity that has been approved by the Premier's Office, in consultation with Cabinet Office.

Parliamentary Assistants are appointed by Order-in-Council and technically retain their positions until the order is revoked. However, Ministers have been asked to make sure that Parliamentary Assistant assignments or responsibilities are suspended during the writ period.

Political Staff

Ministers' office staff will receive instructions on their activities during the election period, including political activity rules and the appropriate use of government resources and equipment (e.g., computers, photocopiers, BlackBerrys, cell phones, faxes, etc.).

Most Ministers' offices will maintain only core staff during the writ period. You will play an important role in working with staff remaining in your Ministers' offices to support your Ministers as members of the Executive Council during the election.

Political Activity Rules for the Ontario Public Service

The *Public Service of Ontario Act* sets out specific rules outlining the political activities that are permissible by employees in all ministries, Ministers' offices and public bodies. Special rules apply in the case of elections, and it is important that we respect these rules and the political activity rights of all public servants during this time. The Secretary of the Treasury Board Helen Angus will provide detailed information on these rules and guidelines.

Minister's Correspondence

As will be set out in Deputy Betzner's memorandum, Ministers' correspondence should continue to be answered during the election period according to quality service standards. In some circumstances, it may be more appropriate for policy or program-related correspondence to be answered by a Deputy Minister, Assistant Deputy Minister or program area.

In cases where a Minister's reply is required, an acknowledgement letter should indicate that the correspondence will be brought to the Minister's attention immediately after the election.

Where appropriate, certain letters can be brought to the attention of your Minister's office throughout the writ period.

Deputy Betzner will be sending you additional information to provide further guidance on these issues. If you have any questions, please contact her office.

Freedom of Information Requests

The statutory obligation to respond to all *Freedom of Information and Protection of Privacy Act* requests within 30 days is not altered by an election call. These requests should continue to be processed as usual during the election period, and you should continue to advise your Minister's office contact as appropriate.

Preservation of Government Records

Records that were received or created in a Ministry, by a Minister, or in a Minister's office in connection with the official activities of the government are public records subject to the *Archives and Recordkeeping Act*, *2006* and the applicable records schedules approved by the Archivist of Ontario. The approved records schedules contain provisions regarding these recordkeeping obligations as they relate to general elections.

The Premier's Office has been and will be providing communications to all Ministers' offices and the offices of Parliamentary Assistants on the importance of meeting these requirements. We must also continue to ensure that we meet our own recordkeeping obligations under the *Archives and Recordkeeping Act*, *2006.*

I know you will work with your Minister's office and your staff to ensure plans are in place to meet these obligations. Additional guidance on recordkeeping during and after the election period will be provided by the Archivist of Ontario, John Roberts. Election Preparation Planning

As you know, planning to support a returning or new government following the election is an important part of our work leading up to and during an election period. As part of this process, and to avoid duplication, Cabinet Office will be tracking all commitments made by each party during the election. It is critical that no costing of platform commitments be undertaken during the election period. Cabinet Office will be providing you with relevant tools to support our commitment tracking exercise.

In addition, Cabinet Office will be requesting assistance from your ministries in the development of Election Preparation Planning documents required to support the government following the election. My office will work directly with your lead representative on these requests, and I would ask you to pay particular attention to the due date for these materials.

To assist in these matters, please identify one designated lead person from your office to work with William Bromm (416-325-7378) or Boafoa Kwamena (416-325-4400).

Our Best Advice

The application of the rules outlined in this memo and the preparations undertaken by the public service during this time is an important part of the democratic process. It ensures the public service is in a position to offer our best, non-partisan advice leading up to and following the election, and is an important part of the continuity of government.

Given the importance of the issues outlined in this memo, I am asking that you ensure your Minister's office understands your ongoing commitment to implementing the government's mandate, while also reinforcing the importance of having the Minister's office flow all requests through your office to ensure enhanced coordination.

I know I can rely on your full support during the coming months, and want to encourage you to actively engage your ministries in these critical activities. Please do not hesitate to call me or my office at any time if you have any questions.

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?

Thanks,

Sarah

Hi Andrea,

We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.

We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing

authorized amounts but not the repayment date.
Please advise the best way to proceed towards the required OIC amendment re timing.
Thanks. I will call to follow up.
Thanks,
Garth

Hi,
I have a place holder for when we do the next joint update to add the new 2 billion OIC 1279/2017 and the associated 2 billion line of credit (IESO-OFA credit facility FHP related). Also note the IESO 975m one will be removed while the IESO 475M will remain- it will be one line representing 475M.

Andrea

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.
Regards,
Andrea

Hi Jean-Francois,
You will see in the highlighted section below that Lisa is asking that we confirm that 2 OFA loans we are working on:

- $150 million to the Ontario Cannabis Retail Corporation
- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".
I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?
Thanks,
Garth

Hi Garth,
Please find attached some comments and suggested amendments to the draft briefing note, attached. I did not review the attachments; however, as discussed on Friday, they still reference the loan to St. Michael's hospital as well (and these references should be deleted).
I'm still working on the directive for the OCRC loan. In the meantime, can you please confirm that this loan is covered by the existing on-lending OICs (as referenced in the draft note)?
Thank you,
Lisa

FYI, a memo from the Secretary of Cabinet outlining our responsibilities during the writ and election period. As the Secretary outlines below, "the long-held practice in Ontario is for the government to assume a "caretaker role" as soon as the writ for a general election is issued [Wednesday, May 9] … The essential element of the caretaker practice is that only routine, non-controversial, or urgent business is conducted".

From May 9 onward, all Cabinet and committee meetings, including Treasury Board and Management Board of Cabinet, are suspended unless required to ensure the continuation of government operations and public services during the writ period. Furthermore, regulations should not be filed during the caretaker period even if previously approved by Cabinet and signed by the Lieutenant Governor.

MEMORANDUM TO: Deputy Ministers

SUBJECT: Public Service Responsibilities and Procedures Leading Up to and During the Election Period

As you know, pursuant to the *Election Act*, Ontario's 2018 general election is scheduled to take place on Thursday, June 7. In accordance with the Act, the election period will officially begin when the Chief Electoral Officer issues the writ of election on Wednesday, May 9 in accordance with an order of the Lieutenant Governor in Council.

This memorandum is a reminder of several key election-related procedures and our responsibilities as public servants during the election period. I would request that you share this memo with all of your staff and with the Chairs and CEOs of your agencies, boards and commissions, who have traditionally applied the same rules and procedures to their operations during this period. A similar memo will be sent by the Premier's Office to Ministers, Parliamentary Assistants and Ministry Chiefs of Staff.

Role of the Public Service

We must always be mindful of our *Public Service of Ontario Act* obligations to provide professional, neutral and non-partisan service. This obligation is never more important than during an election period.

The public service continues to be committed to supporting the government in fulfilling its mandate prior to the election. The public service also has an important role to play in overseeing the uninterrupted delivery of programs and services during the election campaign while preparing for a smooth transition for a returning or new government following an election.

Regardless of the election outcome, there will be a new Parliament – Ontario's 42nd – consisting of both returning and newly elected MPPs. The Lieutenant Governor will also swear in a new Executive Council on the recommendation of the Premier or Premier-elect.

Government Operations During the Election Period

The long-held practice in Ontario is for the government to assume a “caretaker role” as soon as the writ for a general election is issued. The caretaker period will commence with the dissolution of the Legislative Assembly scheduled for Wednesday, May 9, and can generally be expected to continue until the swearing-in of a returning or new government.

The essential element of the caretaker practice is that only routine, non-controversial, or urgent business is conducted. The caretaker role requires that there be no new policy or program initiatives, and restricts ongoing work, consultations, appointments, regulatory postings, public engagement, announcements and ministry events. Prior approval to engage in these activities does not provide authority to continue once the caretaker period has begun. Except for the normal implementation of routine government services and programs, any activity or action that would not reasonably be perceived as routine, non-controversial, urgent or time sensitive, should be suspended once the writ is issued.

In assessing whether ongoing work is consistent with the caretaker role of government, ask the following relevant questions:

- Is the proposed work truly routine or urgent?
- Is there a potential for the work to be raised as a political issue during the election?
- Have all the necessary policy, funding and human resource approvals been received?
- Is there a legislative or legal requirement to provide the program or service?
- Do any of the next steps require further political decision or direction?
- Is there any reason why the activity cannot wait?
- Does the program or service need to be communicated to the public?
- Would the work limit or impair the decision-making freedom of a future government?
- Would any future government agree the work was necessary during the writ period?

All Cabinet and committee meetings, including Treasury Board and Management Board of Cabinet, are suspended unless required to ensure the continuation of government operations and public services during the writ period. This would include any meetings required to respond to urgent or unforeseen circumstances. Should circumstances require a decision of Cabinet, the Cabinet Office will work with the Office of the Premier to determine the appropriate steps to take to convene Cabinet in a manner consistent with the caretaker role.

Regulations should not be filed during the caretaker period even if previously approved by Cabinet and signed by the Lieutenant Governor. If you believe there are urgent circumstances that may require the filing of a regulation during this time, the situation should be discussed with my office well in advance of the caretaker period. Otherwise

approved regulations should be held until after the election, at which time a returning or new Minister's office should be asked for direction. Please keep in mind that unfiled regulations will automatically "expire" four months from the day of approval unless the filing date is extended by the Lieutenant Governor in Council.

There may be some items that will require a careful consideration of these caretaker principles before a decision can be made on whether they should proceed. In assessing these issues, it is very important to avoid planning any activity that would require a Minister's or Cabinet's decision during or immediately after the election period unless absolutely necessary or critical to ongoing government operations. To help resolve these matters, I will be Chairing a Caretaker Committee of Central Agency Deputy Ministers to review areas that are deemed to be significant enough to warrant central agency review. If you have any questions, please contact Steven Davidson, Deputy Minister for Policy and Delivery, Cabinet Office on policy-related matters or Helen Angus, Secretary of the Treasury Board on matters related to funding or human resources. If necessary, they will be bringing these matters forward to the Committee for consideration.

Communication Activities

Pursuant to the provisions of the *Government Advertising Act*, government advertising will be restricted effective March 10, 2018. Details on this restriction have been communicated to you by Deputy Minister of Communications and Associate Secretary of the Cabinet, Lynn Betzner.

Once the writ period begins, these advertising restrictions will continue as part of the caretaker role of government. Further, additional restrictions will be placed on all other government events, communications activities and announcements. Deputy Betzner will forward a communications protocol for the writ period to you and your Director of Communications.

In accordance with these restrictions, communications activities and announcements by the government will be suspended unless related to a recognized activity such as:

- **An emergency situation** that needs to be communicated to the public, e.g. public health emergency.
- **A revenue-generating** communication by a government or government agency program intended to support revenue generating activities in Ontario, e.g. Foodland Ontario.
- **A time-sensitive, statutory, or seasonal** communication.
- **An Agency Mandate** communication necessary to support a scheduled agency's mandate, such as the LCBO.

Issues management support should continue as usual to address any issues where the public interest might require comment by your Minister. Such support should be consistent with the caretaker role of government during this period. The Premier's Office will be reminding Ministers, Parliamentary Assistants and Chiefs of Staff that the public

service must not support candidates in an election and that requests for information and support must continue to respect the neutral, non-partisan role of the public service.

Your ministry staff should work with their Cabinet Office policy and communications contacts and staff remaining in your Minister's office to ensure that issues are managed appropriately.

Members of the Legislative Assembly

The Legislative Assembly provides information to all MPPs regarding their rights and obligations as Members of the Assembly during the election period. For example, while MPPs technically no longer hold office once the Assembly is dissolved for the election, their constituency offices remain open during the election period to support the citizens of these ridings. It is entirely appropriate for the public service to work with your Ministers' Offices to support constituency offices with public information in the same professional, non-partisan manner as we would at any other time.

Role of Ministers and Parliamentary Assistants

Ministers remain members of the Executive Council until the Premier submits, and the Lieutenant Governor accepts, their resignations. Any minister who is not re-elected remains a member of the Executive Council until their resignation is submitted to the Lieutenant Governor. This means that Ministers retain the rights, privileges and responsibilities of their office during and after an election, although these rights, privileges and responsibilities must now be exercised in accordance with the caretaker role of government. It is our responsibility as public servants to continue to serve them in that capacity.

The Premier's Office will be sending out a memo regarding the roles and responsibilities of Ministers, Parliamentary Assistants and political staff during the election period that you should review closely. In that regard, Cabinet Office will work with the Premier's Office and you will work with your Minister's Office to ensure these instructions are properly understood and implemented.

Ministers will be asked to exercise care and avoid any perception that they are using their ministerial offices, resources or portfolios for political purposes. While most government events are postponed during the election period, should any such event be approved to proceed during this time, Ministers and Parliamentary Assistants will be advised not to attend. Other local MPPs or candidates will also not be invited to attend any such events. However, there may be circumstances where a particular situation or protocol requires a Minister's involvement. Such circumstances might include a provincial emergency or a national or international event or occurrence where protocol would reasonably require a statement by the Premier or a responsible Minister. Any such involvement will need to be cleared in advanced with the Premier's Office in consultation with my Office.

Ministers will be advised that their cars and drivers should not be used during the writ period, and will be asked to ensure that their government vehicles are parked in their reserved parking space and that the keys are given to Executive Transportation Services. Ministers will also be advised that they cannot use a car or driver from the government pool during the writ period unless it is in relation to a government activity that has been approved by the Premier's Office, in consultation with Cabinet Office.

Parliamentary Assistants are appointed by Order-in-Council and technically retain their positions until the order is revoked. However, Ministers have been asked to make sure that Parliamentary Assistant assignments or responsibilities are suspended during the writ period.

Political Staff

Ministers' office staff will receive instructions on their activities during the election period, including political activity rules and the appropriate use of government resources and equipment (e.g., computers, photocopiers, BlackBerrys, cell phones, faxes, etc.).

Most Ministers' offices will maintain only core staff during the writ period. You will play an important role in working with staff remaining in your Ministers' offices to support your Ministers as members of the Executive Council during the election.

Political Activity Rules for the Ontario Public Service

The *Public Service of Ontario Act* sets out specific rules outlining the political activities that are permissible by employees in all ministries, Ministers' offices and public bodies. Special rules apply in the case of elections, and it is important that we respect these rules and the political activity rights of all public servants during this time. The Secretary of the Treasury Board Helen Angus will provide detailed information on these rules and guidelines.

Minister's Correspondence

As will be set out in Deputy Betzner's memorandum, Ministers' correspondence should continue to be answered during the election period according to quality service standards. In some circumstances, it may be more appropriate for policy or program-related correspondence to be answered by a Deputy Minister, Assistant Deputy Minister or program area.

In cases where a Minister's reply is required, an acknowledgement letter should indicate that the correspondence will be brought to the Minister's attention immediately after the election.

Where appropriate, certain letters can be brought to the attention of your Minister's office throughout the writ period.

Deputy Betzner will be sending you additional information to provide further guidance on these issues. If you have any questions, please contact her office.

Freedom of Information Requests

The statutory obligation to respond to all *Freedom of Information and Protection of Privacy Act* requests within 30 days is not altered by an election call. These requests should continue to be processed as usual during the election period, and you should continue to advise your Minister's office contact as appropriate.

Preservation of Government Records

Records that were received or created in a Ministry, by a Minister, or in a Minister's office in connection with the official activities of the government are public records subject to the *Archives and Recordkeeping Act*, *2006* and the applicable records schedules approved by the Archivist of Ontario. The approved records schedules contain provisions regarding these recordkeeping obligations as they relate to general elections.

The Premier's Office has been and will be providing communications to all Ministers' offices and the offices of Parliamentary Assistants on the importance of meeting these requirements. We must also continue to ensure that we meet our own recordkeeping obligations under the *Archives and Recordkeeping Act*, *2006.*

I know you will work with your Minister's office and your staff to ensure plans are in place to meet these obligations. Additional guidance on recordkeeping during and after the election period will be provided by the Archivist of Ontario, John Roberts. Works of Art on Loan from the Government of Ontario Art Collection

Election Preparation Planning

As you know, planning to support a returning or new government following the election is an important part of our work leading up to and during an election period. As part of this process, and to avoid duplication, Cabinet Office will be tracking all commitments made by each party during the election. It is critical that no costing of platform commitments be undertaken during the election period. Cabinet Office will be providing you with relevant tools to support our commitment tracking exercise.

In addition, Cabinet Office will be requesting assistance from your ministries in the development of Election Preparation Planning documents required to support the government following the election. My office will work directly with your lead representative on these requests, and I would ask you to pay particular attention to the due date for these materials.

To assist in these matters, please identify one designated lead person from your office to work with William Bromm (416-325-7378) or Boafoa Kwamena (416-325-4400).

Our Best Advice

The application of the rules outlined in this memo and the preparations undertaken by the public service during this time is an important part of the democratic process. It ensures the public service is in a position to offer our best, non-partisan advice leading up to and following the election, and is an important part of the continuity of government.

Given the importance of the issues outlined in this memo, I am asking that you ensure your Minister's office understands your ongoing commitment to implementing the government's mandate, while also reinforcing the importance of having the Minister's office flow all requests through your office to ensure enhanced coordination.

I know I can rely on your full support during the coming months, and want to encourage you to actively engage your ministries in these critical activities. Please do not hesitate to call me or my office at any time if you have any questions.

Ministers will be advised that their cars and drivers should not be used during the writ period, and will be asked to ensure that their government vehicles are parked in their reserved parking space and that the keys are given to Executive Transportation Services. Ministers will also be advised that they cannot use a car or driver from the government pool during the writ period unless it is in relation to a government activity that has been approved by the Premier's Office, in consultation with Cabinet Office.

Parliamentary Assistants are appointed by Order-in-Council and technically retain their positions until the order is revoked. However, Ministers have been asked to make sure that Parliamentary Assistant assignments or responsibilities are suspended during the writ period.

Political Staff

Ministers' office staff will receive instructions on their activities during the election period, including political activity rules and the appropriate use of government resources and equipment (e.g., computers, photocopiers, BlackBerrys, cell phones, faxes, etc.).

Most Ministers' offices will maintain only core staff during the writ period. You will play an important role in working with staff remaining in your Ministers' offices to support your Ministers as members of the Executive Council during the election.

Political Activity Rules for the Ontario Public Service

The *Public Service of Ontario Act* sets out specific rules outlining the political activities that are permissible by employees in all ministries, Ministers' offices and public bodies. Special rules apply in the case of elections, and it is important that we respect these rules and the political activity rights of all public servants during this time. The Secretary of the Treasury Board Helen Angus will provide detailed information on these rules and guidelines.

Minister's Correspondence

As will be set out in Deputy Betzner's memorandum, Ministers' correspondence should continue to be answered during the election period according to quality service standards. In some circumstances, it may be more appropriate for policy or program-related correspondence to be answered by a Deputy Minister, Assistant Deputy Minister or program area.

In cases where a Minister's reply is required, an acknowledgement letter should indicate that the correspondence will be brought to the Minister's attention immediately after the election.

Where appropriate, certain letters can be brought to the attention of your Minister's office throughout the writ period.

Deputy Betzner will be sending you additional information to provide further guidance on these issues. If you have any questions, please contact her office.

Freedom of Information Requests

The statutory obligation to respond to all *Freedom of Information and Protection of Privacy Act* requests within 30 days is not altered by an election call. These requests should continue to be processed as usual during the election period, and you should continue to advise your Minister's office contact as appropriate.

Preservation of Government Records

Records that were received or created in a Ministry, by a Minister, or in a Minister's office in connection with the official activities of the government are public records subject to the *Archives and Recordkeeping Act*, *2006* and the applicable records schedules approved by the Archivist of Ontario. The approved records schedules contain provisions regarding these recordkeeping obligations as they relate to general elections.

The Premier's Office has been and will be providing communications to all Ministers' offices and the offices of Parliamentary Assistants on the importance of meeting these requirements. We must also continue to ensure that we meet our own recordkeeping obligations under the *Archives and Recordkeeping Act*, *2006.*

I know you will work with your Minister's office and your staff to ensure plans are in place to meet these obligations. Additional guidance on recordkeeping during and after the election period will be provided by the Archivist of Ontario, John Roberts. Staff from the Archives of Ontario can offer detailed information and assistance. For assistance please contact:

Election Preparation Planning

As you know, planning to support a returning or new government following the election is an important part of our work leading up to and during an election period. As part of this process, and to avoid duplication, Cabinet Office will be tracking all commitments made by each party during the election. It is critical that no costing of platform commitments be undertaken during the election period. Cabinet Office will be providing you with relevant tools to support our commitment tracking exercise.

In addition, Cabinet Office will be requesting assistance from your ministries in the development of Election Preparation Planning documents required to support the government following the election. My office will work directly with your lead representative on these requests, and I would ask you to pay particular attention to the due date for these materials.

To assist in these matters, please identify one designated lead person from your office to work with William Bromm (416-325-7378) or Boafoa Kwamena (416-325-4400).

Our Best Advice

The application of the rules outlined in this memo and the preparations undertaken by the public service during this time is an important part of the democratic process. It ensures the public service is in a position to offer our best, non-partisan advice leading up to and following the election, and is an important part of the continuity of government.

Given the importance of the issues outlined in this memo, I am asking that you ensure your Minister’s office understands your ongoing commitment to implementing the government's mandate, while also reinforcing the importance of having the Minister’s office flow all requests through your office to ensure enhanced coordination.

I know I can rely on your full support during the coming months, and want to encourage you to actively engage your ministries in these critical activities. Please do not hesitate to call me or my office at any time if you have any questions.

Hi Andrea,

We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.

We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date.

Please advise the best way to proceed towards the required OIC amendment re timing.

Thanks. I will call to follow up.

Thanks,

Garth

Hi,

I have a place holder for when we do the next joint update to add the new 2 billion OIC 1279/2017 and the associated 2 billion line of credit (IESO-OFA credit facility FHP related). Also note the IESO 975m one will be removed while the IESO 475M will remain- it will be one line representing 475M.

Andrea

Hi Garth,

I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.

Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.

Let me know should you have any further question or concerns.

Andrea

Hi Jean-Francois,

You will see in the highlighted section below that Lisa is asking that we confirm that 2 OFA loans we are working on:

- $150 million to the Ontario Cannabis Retail Corporation
- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".

I don’t know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?
Thanks,

Hi Garth,
Please find attached some comments and suggested amendments to the draft briefing note, attached. I did not review the attachments; however, as discussed on Friday, they still reference the loan to St. Michael’s hospital as well (and these references should be deleted). I’m still working on the directive for the OCRC loan. In the meantime, can you please confirm that this loan is covered by the existing on-lending OICs (as referenced in the draft note)?

I am not aware of any specific OICs for the below loans. Should I check with LSB if the general Loan Act and/or refinancing OICs can be used for such purposes or would we need to use on "OFA OIC" as we did for the auto loans?

LENDING DIRECTIVE
ONTARIO FINANCING AUTHORITY 2017-18 LOAN TO
ONTARIO CANNABIS RETAILING CORPORATION

ISSUE

Attached for the Minister of Finance's review and consideration for approval is a l~~L~~ending d~~D~~irective for an Ontario Financing Authority ("OFA") loan of up to $150 million to the Ontario Cannabis Retailing Corporation ("OCRC") (the "Lending Directive"). This ~~Lending Directive~~loan is not included in the ~~would be in addition to the~~ 2017-18 OFA Annual Lending Directive. ~~authorizing the OFA to lend up to $639.5 million to public bodies.~~

RECOMMENDATION

It is recommended that the Minister of Finance approve and sign the attached Lending Directive. ~~with respect to the:~~

- ~~OFA loan to the OCRC for up to $150 million over 12 years for start-up expenses.~~
- ~~OFA to charge and retain a total spread over the Province's cost of funds including:~~
  - ~~The approved matrix for commercial risk of up to 75 basis points (Appendix I), plus~~
  - ~~2.5 basis points for cost recovery.~~

Formatted: Normal, No bullets or numbering

WHAT IS THE MINISTER BEING ASKED TO SIGN?

The Minister is being asked to sign the attached Lending Directive, which would authorize the OFA to lend up to $150 million to the OCRC. The proposed Lending Directive would also direct the OFA to charge and retain a spread in accordance with the established matrix which reflects the underlying commercial risks of the project, and to recover the costs of OFA's direct borrowing and on-lending activities.

FISCAL IMPACT

By signing the Lending Directive, the Minister ensures that long-term financing may be provided to the OCRC which will save the Province interest costs over the long term.

It is conservatively estimated that ~~these loans~~this loan will save the Province about $1.25 million in annual interest costs. Given that the OFA will not advance the loan unless the borrower has~~s have~~ demonstrated that ~~they have~~ it has adequate expected revenue sources to repay the loan, the loan will be made with the full expectation that it will be repaid.

Commented [LS1]: Confirm. Was this based on the the SM loan as well?

NET LOAN REQUIREMENT

In June 2017, the OFA Board of Directors approved 2017-18 OFA Borrowing and On-lending Plan for a net loan amount of $486 million. The request of up to $150 million for OCRC will not increase the approved amount as the forecast for the Fall Statement has poseponed loans to the colleges and universities of $250 million to fiscal 2018-19.

INTEREST RATE SPREADS

- The proposed spreads will be calculated according to the 2017-18 matrix (Appendix I) approved by the OFA Board on June 16, 2017.
    - The determination of the spread to charge public bodies is consistent with the methodology utilized by the OFA since the Province's implementation of the Financing Public Bodies Framework in 2007.
- This loan, as are the cases of all OFA loans to public bodies with the exception of loans to universities, is subject to the Minister's approval pursuant to section 28 of the *Financial Administration Act* ("FAA").
- The existing on-lending OICs under the *Capital Investment Act, 1993*, were amended by OIC 1051/2012 made July 18, 2012, to authorize the Minister of Finance to determine the spread retained by the OFA on loans to public bodies. The purpose of the amendment was to ensure that the amount of interest charged by the OFA reflects current conditions in the credit markets and that the OFA can cover its costs in relation to these loans. With this Annual Lending Directive, the Minister will be authorizing the OFA to charge and retain up to a maximum 77.5 basis point spread on the specific individual or class of loans. The basis point spread is composed of a 2.5 basis points cost recovery fee as well as a proxy commercial spread of up to 75 basis points if the loan is deemed to be commercial in nature.

COMMENTS

- This Lending Directive sets out the maximum authorized amounts of the loan~~s~~ to the OCRC~~ and the SMH~~. The terms and conditions of the loan~~s~~ are subject to determination by the CEO of the OFA or the Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA, or a person designated by either of them for approval.
- This Lending Directive authorizes the OFA to enter into the loan agreement~~s~~ with ~~borrower~~OCRC~~s~~ and the FAA section 28 approval for ~~the borrowers~~OCRC to incur additional indebtedness. Depending on the term~~s~~ of the loan~~s~~ and timing of the advance(s), funds may not be disbursed in the current fiscal year.
- The OFA will exercise due diligence to review and assess the loan risks and terms and recommend for the FAA section 28 approval prior to the entering into the loan agreement~~s~~.

Commented [LS2]: TBC. Will there be more than one advance?

MINISTER OF FINANCE
OFA LOANS TO PUBLIC BODIES
FISCAL YEAR 2017-18

To: Ontario Financing Authority ("OFA")

Pursuant to subsection 16(2) of the *Capital Investment Plan Act, 1993,* the OFA was directed by the Ministry of Finance to make loans to (i) public bodies and (ii) individual public bodies within the class of public bodies (e.g. colleges, Crown agencies, and universities) as set out in the OFA's Annual Borrowing and On-Lending Plan for Fiscal Year 2017-18. The total aggregate amount of the specified loans was $639,500,000.

By this Special Directive the OFA is directed to make two additional loans:

1. To the Ontario Cannabis Retailing Corporation ("OCRC"), a loan of up to $150 million.

2. To St. Michael's Hospital ("SMH"), a loan of up to $100 million.

The following terms and conditions shall apply in respect of the Loans:

1. Each Loan shall be made for the purpose specified for that Loan in Schedule A.

2. A Loan to a public body will only be made at the request and on the recommendation of the responsible ministry for the public body.

3. Except in the case of Loans to universities, each Loan is conditional upon prior written approval pursuant to Section 28 of the *Financial Administration Act* (FAA) to be requested by the ministry responsible for the public body. The CEO of the OFA will not act as the delegate of the Minister of Finance to provide approval under Section 28 of the FAA for any of the Loans.

4. The OFA will charge interest on the each of the Loans determined in accordance with the OFA's Lending Policy as approved by the OFA Board of Directors (the "Loan Rate"); provided that the Loan Rate shall be comprised of
    a. The Province's total cost of funds, including commissions, to fund the Loan (the "Province's Cost of Funds"),
    b. a two and one-half (2.5) basis point spread over the Province's Cost of Funds to recover the OFA's lending costs (the "Cost Recovery Fee"), and
    c. in addition to the Cost Recovery Fee, on Loans for projects of a commercial nature, a spread over the Province's Cost of Funds of

up to seventy-five (75) basis points to reflect the commercial risk determined in accordance with the OFA's Lending Policy (the "Commercial Spread").

5. Each of the Loans shall be evidenced by a loan agreement containing terms and conditions consistent with this Directive and the OFA's Lending Policy and approved by the CEO of the OFA or the Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA, or a person designated by either of them.

Pursuant to Orders in Council 675/97 and 767/99, all as previously amended, and to the extent amended by Order in Council 1051/2012, made under subsection 22(1) of the *Capital Investment Plan Act, 1993*, the Minister of Finance is authorized to make loans to the OFA and to determine the amount of the spread to be retained by the OFA where those funds are subsequently loaned to public bodies. It is hereby determined that for each Loan made under the authority of this Directive, the amount of the spread retained by the OFA is equal to the sum of the Cost Recovery Fee and the Commercial Spread, if any, for the Loan as set out above.

Hi Jean-Francois,
You will see in the highlighted section below that Lisa is asking that we confirm that 2 OFA loans we are working on:

- $150 million to the Ontario Cannabis Retail Corporation
- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".
I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?
Thanks,
Garth

Hi Garth,
Please find attached some comments and suggested amendments to the draft briefing note, attached. I did not review the attachments; however, as discussed on Friday, they still reference the loan to St. Michael's hospital as well (and these references should be deleted).
I'm still working on the directive for the OCRC loan. In the meantime, can you please confirm that this loan is covered by the existing on-lending OICs (as referenced in the draft note)?
Thank you,
Lisa

LENDING DIRECTIVE
ONTARIO FINANCING AUTHORITY 2017-18 LOAN TO
ONTARIO CANNABIS RETAILING CORPORATION

ISSUE

Attached for the Minister of Finance's review and consideration for approval is a l~~L~~ending d~~D~~irective for an Ontario Financing Authority ("OFA") loan of up to $150 million to the Ontario Cannabis Retailing Corporation ("OCRC") (the "Lending Directive"). This ~~Lending Directive~~loan is not included in the ~~would be in addition to the~~ 2017-18 OFA Annual Lending Directive. ~~authorizing the OFA to lend up to $639.5 million to public bodies.~~

RECOMMENDATION

It is recommended that the Minister of Finance approve and sign the attached Lending Directive. ~~with respect to the:~~

- ~~OFA loan to the OCRC for up to $150 million over 12 years for start-up expenses.~~
- ~~OFA to charge and retain a total spread over the Province's cost of funds including:~~
  - ~~The approved matrix for commercial risk of up to 75 basis points (Appendix I), plus~~
  - ~~2.5 basis points for cost recovery.~~

Formatted: Normal, No bullets or numbering

WHAT IS THE MINISTER BEING ASKED TO SIGN?

The Minister is being asked to sign the attached Lending Directive, which would authorize the OFA to lend up to $150 million to the OCRC. The proposed Lending Directive would also direct the OFA to charge and retain a spread in accordance with the established matrix which reflects the underlying commercial risks of the project, and to recover the costs of OFA's direct borrowing and on-lending activities.

FISCAL IMPACT

By signing the Lending Directive, the Minister ensures that long-term financing may be provided to the OCRC which will save the Province interest costs over the long term.

It is conservatively estimated that ~~these loans~~this loan will save the Province about $1.25 million in annual interest costs. Given that the OFA will not advance the loan unless the borrower has~~s have~~ demonstrated that ~~they have~~ it has adequate expected revenue sources to repay the loan, the loan will be made with the full expectation that it will be repaid.

Commented [LS1]: Confirm. Was this based on the the SM loan as well?

NET LOAN REQUIREMENT

In June 2017, the OFA Board of Directors approved 2017-18 OFA Borrowing and On-lending Plan for a net loan amount of $486 million. The request of up to $150 million for OCRC will not increase the approved amount as the forecast for the Fall Statement has poseponed loans to the colleges and universities of $250 million to fiscal 2018-19.

INTEREST RATE SPREADS

- The proposed spreads will be calculated according to the 2017-18 matrix (Appendix I) approved by the OFA Board on June 16, 2017.
    - The determination of the spread to charge public bodies is consistent with the methodology utilized by the OFA since the Province's implementation of the Financing Public Bodies Framework in 2007.
- This loan, as are the cases of all OFA loans to public bodies with the exception of loans to universities, is subject to the Minister's approval pursuant to section 28 of the *Financial Administration Act* ("FAA").
- The existing on-lending OICs under the *Capital Investment Act, 1993*, were amended by OIC 1051/2012 made July 18, 2012, to authorize the Minister of Finance to determine the spread retained by the OFA on loans to public bodies. The purpose of the amendment was to ensure that the amount of interest charged by the OFA reflects current conditions in the credit markets and that the OFA can cover its costs in relation to these loans. With this Annual Lending Directive, the Minister will be authorizing the OFA to charge and retain up to a maximum 77.5 basis point spread on the specific individual or class of loans. The basis point spread is composed of a 2.5 basis points cost recovery fee as well as a proxy commercial spread of up to 75 basis points if the loan is deemed to be commercial in nature.

COMMENTS

- This Lending Directive sets out the maximum authorized amounts of the loan~~s~~ to the OCRC~~ and the SMH~~. The terms and conditions of the loan~~s~~ are subject to determination by the CEO of the OFA or the Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA, or a person designated by either of them for approval.
- This Lending Directive authorizes the OFA to enter into the loan agreement~~s~~ with ~~borrower~~OCRC~~s~~ and the FAA section 28 approval for ~~the borrowers~~OCRC to incur additional indebtedness. Depending on the term~~s~~ of the loan~~s~~ and timing of the advance(s), funds may not be disbursed in the current fiscal year.
- The OFA will exercise due diligence to review and assess the loan risks and terms and recommend for the FAA section 28 approval prior to the entering into the loan agreement~~s~~.

Commented [LS2]: TBC. Will there be more than one advance?

SPECIAL DIRECTIVE AND DETERMINATION
MINISTER OF FINANCE
OFA LOANS TO PUBLIC BODIES
FISCAL YEAR 2017-18

To: Ontario Financing Authority ("OFA")

Pursuant to subsection 16(2) of the *Capital Investment Plan Act, 1993,* the OFA was directed by the Ministry of Finance to make loans to (i) public bodies and (ii) individual public bodies within the class of public bodies (e.g. colleges, Crown agencies, and universities) as set out in the OFA's Annual Borrowing and On-Lending Plan for Fiscal Year 2017-18. The total aggregate amount of the specified loans was $639,500,000.

By this Special Directive the OFA is directed to make two additional loans:

1. To the Ontario Cannabis Retailing Corporation ("OCRC"), a loan of up to $150 million.

2. To St. Michael's Hospital ("SMH"), a loan of up to $100 million.

The following terms and conditions shall apply in respect of the Loans:

1. Each Loan shall be made for the purpose specified for that Loan in Schedule A.

2. A Loan to a public body will only be made at the request and on the recommendation of the responsible ministry for the public body.

3. Except in the case of Loans to universities, each Loan is conditional upon prior written approval pursuant to Section 28 of the *Financial Administration Act* (FAA) to be requested by the ministry responsible for the public body. The CEO of the OFA will not act as the delegate of the Minister of Finance to provide approval under Section 28 of the FAA for any of the Loans.

4. The OFA will charge interest on the each of the Loans determined in accordance with the OFA's Lending Policy as approved by the OFA Board of Directors (the "Loan Rate"); provided that the Loan Rate shall be comprised of
    a. The Province's total cost of funds, including commissions, to fund the Loan (the "Province's Cost of Funds"),
    b. a two and one-half (2.5) basis point spread over the Province's Cost of Funds to recover the OFA's lending costs (the "Cost Recovery Fee"), and
    c. in addition to the Cost Recovery Fee, on Loans for projects of a commercial nature, a spread over the Province's Cost of Funds of

up to seventy-five (75) basis points to reflect the commercial risk determined in accordance with the OFA's Lending Policy (the "Commercial Spread").

5. Each of the Loans shall be evidenced by a loan agreement containing terms and conditions consistent with this Directive and the OFA's Lending Policy and approved by the CEO of the OFA or the Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA, or a person designated by either of them.

Pursuant to Orders in Council 675/97 and 767/99, all as previously amended, and to the extent amended by Order in Council 1051/2012, made under subsection 22(1) of the *Capital Investment Plan Act, 1993*, the Minister of Finance is authorized to make loans to the OFA and to determine the amount of the spread to be retained by the OFA where those funds are subsequently loaned to public bodies. It is hereby determined that for each Loan made under the authority of this Directive, the amount of the spread retained by the OFA is equal to the sum of the Cost Recovery Fee and the Commercial Spread, if any, for the Loan as set out above.

Hi Garth,
Would you please share a briefing note, draft Minister's directive and any other pertinent materials with us. The date for submitting a package for the April 16 LRC has long passed, but we can work towards getting this item to the DMO. An LRC Note will need to be prepared by CEFD as soon as possible. I've cc'd Anna so that she is aware.
Please send Anna a brief description of the issue so as to inform her discussions with DMO.
Thanks,

Hi Sarah,
As Malle says, the best approach and the approach we, including Gadi, are recommending is that the "commitment" (in whatever form) be provided by MOH.
However, it appears as though the loan will be required eventually and will only work under a 35 year amortization (again Gadi has agreed to this amortization in principle), so we will need to amend the OIC. Given that our Plan B, which may be needed, is to provide some joint assurance MOF/MOH to HOOPP by April 30, I would like to work with Capital Markets to try to get the OIC in place so that we can use Plan B if necessary.
If you agree, just let me know what you need from me.
Thanks,
Garth

Malle,

Thank you very much for your quick response.

Garth – I'm not familiar with the various inputs Malle has mentioned below with the loan, and the timing for getting these. Is it possible to obtain all the required approvals, etc. prior to April 30th? As Malle indicates, a binding commitment doesn't seem possible without these elements. On the other hand, if it is possible, we could try to make the case for including an amending OIC for the April 16th LRC.

Thanks,

Sarah

Hi,

Dimitri has been working on this as well so copying him here. According to the current OIC's, OFA must repay the funds borrowed from the Province by 2040 (I haven't check them all now but assume that you have) so the OFA couldn't make a longer term loan to a third party such as the hospital without an amending OIC as you describe.

I think that the only thing that could be done is to see whether there is any possibility of walking this OIC in at this point if it is that critical. However, at the same time, I know that there have been numerous elements regarding this potential loan including possibly having MOHLTC provide an indemnity to the OFA regarding the repayment by the hospital. Not sure that we could in anyway provide a binding commitment that the money will be available in 2019 since there would be many other elements such as a Minister's directive, the negotiation of the loan agreement and due diligence that would make it conditional. However, it seems that the amendment to the OIC is a necessary precondition.

Also just thinking general about this project, is it anticipated that any other approvals or signing of agreements, etc. would be proposed during the writ period?

Thanks,

Malle

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan

would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?

Thanks,

Sarah

Hi Andrea,

We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.

We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date.

Please advise the best way to proceed towards the required OIC amendment re timing.

Thanks. I will call to follow up.

Thanks,

Garth

I have a place holder for when we do the next joint update to add the new 2 billion OIC 1279/2017 and the associated 2 billion line of credit (IESO-OFA credit facility FHP related). Also note the IESO 975m one will be removed while the IESO 475M will remain- it will be one line representing 475M.

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.

Andrea

Knowledge, research, and analysis of Province's (and public bodies) legal documentation, borrowing/lending framework, and related operational and capital markets matters	- The review, drafting and revision of documentation and agreements demonstrates thorough knowledge, technical (legal, financial) proficiency and critical analysis of issues and provisions; proposed solutions are recommended, as appropriate - Submitted work product	- Regular meetings with manager to review work products - Manager to provide resources and mentoring to assist in building up knowledge base of	- has worked to satisfactorily resolve certain issues/discrepancies with internal/external parties (i.e. signatory alternative for IESO credit facility, FX confirmation review with Settlements) - generally more research is attempted before asking questions and guidance from others, resulting in more informed questions

	(memos, summaries, notes, etc.) demonstrates independent research and analysis, with minimal/limited reliance on colleague verification/doublechecks	Province's borrowing framework	- has not achieved the required level of knowledge, research and analytical skills to proficiently review and draft documentation at the required level; in particular, analysis of agreement provisions has not been consistently accurate and there has been an overreliance on assistance from manager/ coordinator (i.e. notice and cure provisions in IO agreements; using loan act OIC expiry language in OILC OIC) - was not able to produce T-Bill briefing note without extensive guidance and edits of manager/coordinator, nor multiple re-writes in order to provide appropriate critical analysis and recommendations – this is important to ensure all relevant factors are considered for making a decision with respect to Agent deviating from negotiated issuance procedure, the result of which could potentially cause risk for the Province being able to issue short-term debt - has not demonstrated skills to consistently contextually analyze and communicate the frameworks for borrowing/loan documentation (i.e. EMTN presentation listed various regs and provisions but did not provide contextual clarity; communication of notice period default for IO Loans to traders did not provide background/context for them to make a decision)

Written Communication and Attention to Detail	- Ensure that written communications, drafts and agreements minimize typos, particularly with respect to numerical calculations - Write e-mails and other drafts using appropriate syntax and context, while incorporating relevant information and demonstrating technical expertise	- Review samples - Manager available to review and provide input	- typos and calculations have improved. - single topic e-mails and e-mails with lists are generally drafted in a satisfactory manner, with occasional polishing required (i.e. complete sentences, verb concordance, plural vs. singular, not attaching files) - drafts that require communication of more complex issues and/or which are multi-faceted are required, significant review/input from manager/coordinator has been needed at times (i.e. IO kickoff e-mail, T-Bill note); must able to produce such drafts without extensive review - written communications do not consistently reflect logical and concise development of ideas, and complete sentence structure

		Discussed e-mails, EMTN presentation, T-Bill Note, OILC facility, IESO. Key points: - A better job has been done in prioritizing projects in last couple of weeks and letting me know the status - Questions seem more targeted/better researched - Add more analysis and less history to briefing note to come up with targeted recommendations. - Read agreement provisions slowly and break them apart in order to ascertain the full meaning (i.e. IO Notice Provisions) - Good job finding options and resolving IESO signatory issue - Include contextual information in communications/drafts to help parties understand the issue and/or make decision - Take time to write e-mails/drafts to logically present information and minimize typos

August 28,2018		Will has made a demonstrated effort to apply himself to improving aspects outlined in the PIP. Generally, he completes ongoing tasks reliably, within required timelines. He has been doing more research in order to understand issues, with an aim to relying less on others for verification/confirmation. Will has worked to move IO file forward, generally following up as necessary and reminding parties of upcoming deadlines. For other unstructured assignments, Will must work from the beginning of file to develop an appropriate workplan, and complete assignments within tighter timeframes. With respect to communication, drafts are usually written with appropriate tone, with an improvement in the amount of typos/numerical calculations. Shorter drafts are generally written satisfactorily, although some could benefit with re-reading to ensure they do not contain errors that are easily correctable. Drafts requiring communication of more complex or multi-step ideas continue to require extensive review and input from manager/coordinator to ensure all relevant information is captured in a logical, concise fashion, which is important for planning and decision making. Technical proficiency and critical analysis of provision and issues have not been consistently demonstrated at the level required for the position. With certain operational issues, Will has successfully worked with legal counsel to resolve problems having their roots in loan documentation. However, Will has also misinterpreted agreement provisions, and struggled to analyze other issues which frame some of the daily duties for which he is responsible. The position of Documentation and Analysis Specialist handles a wide array of functions related to the OFA's and the Province's borrowing, investment, and lending activities. While some functions are routine, many issues will be "new", or "complex", and all analysts must be able to independently analyze, summarize, problem-solve and communicate well (orally and in writing). This is critical because analyst who is not able do this consistently can put the Province at significant risk, ranging from reputational damage for the Province, to negatively impacting the Province's ability to issue debt (due to poor analysis and resultant wrong-decision making). This is Will's third Performance Improvement Plan, At this point, Will has not demonstrated the required skills consistently, without ongoing enhanced levels of supervision and review.
		I appreciate the feedback Sarah. Regarding "T-bill note starting late due to insufficient planning 3+ work

		weeks to complete" or July 6. Below is a timeline to help illustrate some of the challenges encountered during that period. May 24, 2018 – BN assigned at end of day. May 30 night – May 31, 2018 off for family Emergency. June 1, 2018 – WFH submitted draft of T-bill BN. Versions of the T-bill BN was provided on the following days: June 4, V2; June 5, V3; June 6, V4; June 7, V5, June 21, V6; July 4, V7 and July 5, V8. Jean-Francois was on vacation for approximately two weeks in June. During that period I understood that the OILC CF Agreement was the priority tried with great effort to produce manage both files while manage my regular tasks. During that period I worked with LSB on multiple rounds of drafts for the agreement. I encountered an IESO emergency COI, DN By-law review, documented nine OILC Loans, new OILC Delegation of Authority, redocumented OILC loans because of the a new delegation of authority. Occasionally I feel conflicted to ask for assistance because it may be interpreted as insufficient planning, weakness, and that my tasks are routine should be done in less time. I had many questions relating to the T-bill file because of voluminous amount of material in the folders. Some of materials spanned 10 years. Earlier documents did not carry the same weight as later documents. Some materials were provided by CDS and served purposes and perspective only. During my research I discovered additional folders that I wasn't aware of before. Because of the volume of information, I have made several attempts to book time with Jean-Francois to find answers to my questions, but JF suggested that I email the briefing note and he would provide comments on the briefing note. I was able to ask him a few questions but recommended the email approach. This method of coaching spawned multiple versions of the note. During a team HR session I had expressed to JF that I would value some more face-to-face coaching opposed email coaching. On the PIP as of July 30, the EMTN denotes 2 months. Because of other priority deliverables, I am concerned that this number may increase. The EMTN presentation revision was requested around June 18, while I was working on other files (Examples of files and dates above). In August I had some spare time and worked on the EMTN presentation revision. Unfortunately, there was other priorities so I had no choice but to put the EMTN presentation aside again. If this is a priority file I would be happy to revise the presentation as a priority.

During my research I reviewed the offering memorandum and Amended and Restated Dealership Agreement. I asked a coordinator if there is anything significant beyond these documents with regards to international selling restrictions EMTN Restrictions (because another colleague will likely cover US selling restrictions). I understood that generally we rely on legal counsel to provide international selling restrictions analysis and there isn't much else to be covered on this topic. Some feedback by attendees over the course of the three rounds of presentations is that that the slides were heavy in content. I took this as feedback to reduce the amount substance to be put on slides. If I didn't provide the adequate amount of analysis for the EMTN presentation, it was a miscalculation and understanding on my part. My original presentation had 17 slides. As of August I have increased the slide count to 23. More slides will be added with more analysis once I have completed the revision. Sab currently has the most slides at 24.

Overreliance on assistance from manager is difficult subject for me to discuss. In some cases this is true. You are copied on almost all emails regarding the IO file. Overreliance stems from my fear of making mistakes. Mistakes causes me to revert back to asking for input on a matter. When a mistake is pointed out on email, it "rings in my ears". "Taking back the wheel" in a coach/mentee situation while moving in lock-step at the same time is difficult but I welcome the challenge. But let me be clear, I welcome the coaching. I appreciate the help, I really do.

In regards the notice and cure and period, Anjlee pushed back on the notice and cure period. May 24, I did a comparison on all other agreements. I made the suggestion to host a conference call to understand IO's concern. On May 31, you replied to Nicole to push back one more time on the cure period and notice period (I was away on a family emergency). You had a difference in approach. That was how I remembered it. I acknowledge that analysis is something I need to work on.

I don't recall the OIC expiry language mistake.

I appreciate the assistance and feedback in regards to my business writing. I am committed to improving my writing skills and witnessed high level of business writing by you and Jean-Francois. In fairness to myself there are three other people on the Documentation team that requires improvement in this skillset. Having said that, I am only focused on myself and my own development.

Subject: Documentation Agreements in the Portal

Hi Brian,

Documentation is organizing its different agreements with various counter parties and would like to post them on Portal eventually.

Years ago, George Welcher who helped us build the Derivatives repository in the Portal: http://portal.ofina.on.ca/sites/cms/doc/default.aspx. We are looking for something similar in that nature but the agreements base is not as big as Derivatives.

We would like to seek your advice as to what are the options and functionalities that the Portal can do that will help us organizing the agreements and who shall we ask for assistance in this project.

FYI, I attach a copy of the Agreements framework that we have built.

Please let me know if you have any questions.

Thank you,

Karin

Subject: Documentation Agreements in the Portal

Hi Brian,

Documentation is organizing its different agreements with various counter parties and would like to post them on Portal eventually.

Years ago, George Welcher who helped us build the Derivatives repository in the Portal: http://portal.ofina.on.ca/sites/cms/doc/default.aspx. We are looking for something similar in that nature but the agreements base is not as big as Derivatives.

We would like to seek your advice as to what are the options and functionalities that the Portal can do that will help us organizing the agreements and who shall we ask for assistance in this project.

FYI, I attach a copy of the Agreements framework that we have built.

Please let me know if you have any questions.

Thank you,

Karin

Subject: Documentation Agreements in the Portal

Hi Brian,

Documentation is organizing its different agreements with various counter parties and would like to post them on Portal eventually.

Years ago, George Welcher who helped us build the Derivatives repository in the Portal: http://portal.ofina.on.ca/sites/cms/doc/default.aspx. We are looking for something similar in that nature but the agreements base is not as big as Derivatives.

We would like to seek your advice as to what are the options and functionalities that the Portal can do that will help us organizing the agreements and who shall we ask for assistance in this project.

FYI, I attach a copy of the Agreements framework that we have built.

Please let me know if you have any questions.

Thank you,

Karin

Hi Toby,

There are two IESO-OEFC agreements that are being amended. Both are being amended for the 7th time. Please find both proposed IESO-OEFC amending agreement no.7's attached. I have also attached the originals of each agreement.

From the amending $120M Note agreement:

3. Subsection 2.2(2) of the Agreement is deleted and replaced by the following:

(2) The Note shall at all times rank *pari passu* with all other unsecured Senior Debt of the IESO, subject to the existence of any Liens that secure Indebtedness as permitted by subsections 3.8 (a) through (f) hereof.

And from the original $120M Note agreement:

(2) The Note shall at all times rank pari passu with all other Senior Debt, except Senior Debt that is statutorily preferred and Senior Debt that is secured by a Lien referred to in Sections 3.8(a) to 3.8(f), inclusive.

From the amending $160M revolving credit agreement:

2. Subsection 3.2(4) of the Agreement is deleted and replaced by the following:

(4) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness as permitted by subsections 4.7(a) through (e) hereof.

And from the original $160M revolving credit agreement:

(4) The Note shall at all times rank *pari passu* with all other unsubordinated Indebtedness of IESO, subject to the existence of any Permitted Liens of IESO.

Thank You,
Ryan

I query whether we should retain the language re "statutorily preferred", as well as the new proposed language? I've copied Toby from MOF legal to see if he has any views on this amendment.

Hi Ryan,
I have no concerns with this deletion either. However, as noted earlier, I suggest running it by Toby as well as we worked together on the negative pledge language.
I believe there was also a deletion to the other agreement. Was it the same paragraph ? I think that numbering was different.

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the

Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Regards.

ARTICLE 3
ADVANCES AND INTEREST

Section 3.1 Advances.

OEFC agrees, on the terms and conditions of this Agreement, to make Advances to IESO under the Credit Facility on the first Business Day of each month from and including May 3, 2010 to and including April 1, 2013.

Section 3.2 Procedure for Advances.

(1) Each Advance shall be made subject to four Business Day's prior notice given not later than 10:00 a.m. (Toronto time) by IESO to OEFC. Each notice of an Advance (a **"Borrowing Notice"**) shall be substantially in the form of Schedule 1, shall be irrevocable and binding on IESO and shall specify (a) the requested date of the Advance (the **"Advance Date"**), and (b) the principal amount of the Advance which shall be in a minimum amount of $1,000,000.00 (unless otherwise agreed to by OEFC), and in increments of $1,000,000.00 (or such other increments as may be agreed to by OEFC). OEFC will make the principal amount of each Advance available to IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, IESO shall execute and deliver to OEFC a grid promissory note (the "Note") in respect of Advances substantially in the form of Schedule 2. IESO authorizes OEFC to record on the grid promissory note (a) the date and amount of each Advance; (b) the applicable rate of interest for each Advance; (c) the date and amount of each payment of interest and each payment of principal in respect of each Advance; and (d) the outstanding principal amount of the grid promissory note. Such notations, in the absence of manifest error, shall be prima facie evidence of the such advances and repayments; provided that the failure of OEFC to record any amount, rate or date shall not affect the obligation of IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) In the event that funds are not received by IESO on the Advance Date, IESO and OEFC agree to take all steps necessary to amend the date of the Advance, without amending the Interest Rate that was agreed to with respect to such Advance.

(4) The Note shall at all times rank *pari passu* with all other unsubordinated Indebtedness of IESO, subject to the existence of any Permitted Liens of IESO.

(5) All amounts owing in respect of the Advances shall be paid without exercising any right or set off or counterclaim by IESO.

Section 3.3 Interest on Advances.

(1) IESO shall pay interest on the principal amount of each Advance then outstanding in accordance with this Section 3.3 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the first Interest Payment Date following the date of the Advance, at the rate equal to the Interest Rate, and shall be payable on the Interest Payment Date for such Advance. The amount of interest payable on an Advance will be calculated by OEFC by dividing the Interest Rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance then outstanding and further multiplying the result by the number of days in the period from the date of the Advance to the Interest Payment Date.

(i) If an Advance is outstanding on an Interest Payment Date, the interest rate applicable to such Advance shall be reset automatically by OEFC on that date (the "Interest Reset Date"), at the Interest Rate determined as of the Interest Reset Date.

(ii) For each Advance, OEFC shall notify IESO via email of the Interest Rate on the Advance Date and on each Interest Reset Date.

(3) Upon four Business Days prior notice by IESO, OEFC may at its discretion agree to capitalize the interest on any Advance on an Interest Payment Date, which shall be determined in the following manner: each such interest payment due on the Interest Payment Date shall be deemed to form part of the principal amount of the outstanding Advance and interest shall accrue and be payable thereon in accordance with Section 3.3(2). OEFC shall record on the grid forming part of the note: (a) the date and amount of the new Advance; (b) the applicable rate of interest for the Advance; and (c) the outstanding principal amount of the grid promissory note.

(4) Interest shall accrue on the principal amount of each Advance at the Interest Rate as determined from time to time, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after default.

Section 3.4 Computations of Interest.

(1) All computations of interest shall be made by OEFC taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any

period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 3.5 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, IESO shall not be obliged to make any payments of interest or other amounts payable to OEFC hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by OEFC of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada), as amended from time to time).

(2) In the event that any such payments are limited or prohibited as provided in Section 3.5(1), OEFC shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 3.6 Conditions Precedent

The obligation of OEFC to make the Advances pursuant to Section 2.1 is subject to the following conditions being met to OEFC's satisfaction at the time of making each Advance:

(a) that the representations and warranties of IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing and no event or condition has occurred, which, with the lapse of time or the giving of notice or both would constitute an Event of Default;

(c) that there shall, in the reasonable opinion of OEFC, have been no material adverse change in the financial condition of IESO; and

(d) that OEFC has received such other documentation which it has reasonably requested to ensure that IESO is in compliance with the terms and conditions of this Agreement, including certified true copies of any necessary resolutions including resolutions authorizing the borrowing and authorized signatories.

Subject: RE: FHP Credit Facility Agreement

Hi Will. Attached you will find IESO's mark-up of the FHP Credit Facility Agreement. Most of the changes are self-explanatory, but it may be helpful if I provide a few words of explanation about the more substantive changes:

1. We added paragraph (k) to the definition of "Permitted Liens" to address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien, and we did not want to be inadvertently in default. (Please note that, assuming this addition to the definition of "Permitted Liens" is acceptable, the same or similar language should also be added to the definition of Permitted Liens in Amending Agreement #10 to the existing OFA line of credit that we discussed yesterday.)
2. We amended Section 2.2 Use of Proceeds as shown in the draft because: (i) there is a possibility that the funding provided under the FHP Credit Agreement may accumulate and be outstanding for an extended period of time (i.e. in excess of 12 months); and (ii) the use of the terminology "cash flow timing differences" does not seem appropriate given its implication of a shorter-term funding requirement (something on the order of month-to-month), taking into account all of the obligations of IESO under the FHP.
3. We amended the exceptions to the *pari passu* requirement under Section 3.3(5) to avoid a conflict with the different list of exceptions in s.4.6, the negative pledge. An alternative, and arguably cleaner, way of avoiding the conflict between s.3.3(5) and s.4.6 would be to delete the *pari passu* requirement in s.3.3(5) altogether, since the negative pledge in s.4.6 already contains more tailored language that performs essentially the same function.

In addition to the above changes marked-up directly on the document, in general with respect to all revolving lines, it seems that the definition of "Advances" should probably also include Continued Advances where an Election Notice is used (though I didn't make any changes to reflect this). I say this because Advances can become Continued Advances through an initial Election Notice, and then those Continued Advances can be continued again as further Continued Advances, and so on. In other words, the practice and intent of IESO and OFA has been and continues to be that an original Advance can be Continued (rolled-over) many times but, unless I am missing something, the language and definitions do not quite capture that intent. It might be easier if I were to discuss what is essentially a drafting point with your Legal Counsel assigned to this – as I say, it's entirely possible that I am simply missing something here.

I didn't know who would be reviewing this from your Legal group, so did not copy anyone else at OFA – I will rely on you to forward it as required.

Regards,

Victor

(Please note that, assuming this addition to the definition of "Permitted Liens" is acceptable, the same or similar language should also be added to the definition of Permitted Liens in Amending Agreement #10 to the existing OFA line of credit that we discussed yesterday.)
2. We amended Section 2.2 Use of Proceeds as shown in the draft because: (i) there is a possibility that the funding provided under the FHP Credit Agreement may accumulate and be outstanding for an extended period of time (i.e. in excess of 12 months); and (ii) the use of the terminology "cash flow timing differences" does not seem appropriate given its implication of a shorter-term funding requirement (something on the order of month-to-month), taking into account all of the obligations of IESO under the FHP.
3. We amended the exceptions to the *pari passu* requirement under Section 3.3(5) to avoid a conflict with the different list of exceptions in s.4.6, the negative pledge. An alternative, and arguably cleaner, way of avoiding the conflict between s.3.3(5) and s.4.6 would be to delete the *pari passu* requirement in s.3.3(5) altogether, since the negative pledge in s.4.6 already contains more tailored language that performs essentially the same function.
In addition to the above changes marked-up directly on the document, in general with respect to all revolving lines, it seems that the definition of "Advances" should probably also include Continued Advances where an Election Notice is used (though I didn't make any changes to reflect this). I say

this because Advances can become Continued Advances through an initial Election Notice, and then those Continued Advances can be continued again as further Continued Advances, and so on. In other words, the practice and intent of IESO and OFA has been and continues to be that an original Advance can be Continued (rolled-over) many times but, unless I am missing something, the language and definitions do not quite capture that intent. It might be easier if I were to discuss what is essentially a drafting point with your Legal Counsel assigned to this – as I say, it's entirely possible that I am simply missing something here.

I didn't know who would be reviewing this from your Legal group, so did not copy anyone else at OFA – I will rely on you to forward it as required.

Regards,

Victor

Hi Will. Attached you will find IESO's mark-up of the FHP Credit Facility Agreement. Most of the changes are self-explanatory, but it may be helpful if I provide a few words of explanation about the more substantive changes:
1. We added paragraph (k) to the definition of "Permitted Liens" to address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien, and we did not want to be inadvertently in default. (Please note that, assuming this addition to the definition of "Permitted Liens" is acceptable, the same or similar language should also be added to the definition of Permitted Liens in Amending Agreement #10 to the existing OFA line of credit that we discussed yesterday.)
2. Hi Risa,

Thanks for this. This is nice and exactly what IESO needs.

Just as a matter of clarity, for #3 it will be considered a "first" Borrowing Notice (not an Election Notice) under the new $2B FHP facility for a total advance of approx. $1.05B all for the RPP ($825M to fund the amount that has matured under the $975M facility + $225M). To recognize the cash netting of the $825M, we have included the following language in the new FHP agreement:

> *Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.*

Effectively, what this means is that IESO, under the "Use of Funds" section is going to include wording saying that IESO IS using $825M under the new FHP facility to pay off the $825M amount that is maturing (for the Regulated Price Plan Variance) under the existing $975M facility (recognizes the netting).

Thanks,

Sarah

Hi Will,

IESO will receive the following grid notes on November 21:

1. $975M Credit Facility – Based on IESO providing us with an Election notice indicating that they will **NOT** roll over the maturing $825M and will repay the interest for the Regulated Price Plan Variance (RPP), they will receive a Grid Note showing this repayment and the interest repayment of $905K. They will **NOT** receive another Grid Note showing a zero balance owing as this is not how Grid Notes are prepared.
2. $475M Credit Facility – Based on IESDO providing us with an Election notice indicating that they will roll over $10.6M and request an additional advance of $2M for the Rural and

Remote Electricity Rate Protection Variance (RRRP), they will receive a Grid Note showing the rollover and the additional advance.

3. $2B Credit Facility – Depending on the programs under which IESO will provide us an Election notice they will receive a Grid Note for each program, therefore if they send us an Election notice for $825 for the RPP and for $225M for a different program, they will receive 2 Grid Notes – one for each program. We will split the $2B Credit Facility into the various programs.

Thanks,

Hello Risa,

I want to confirm with you that IESO will receive the following grid notes on November 21, based on the following rollover and advancement scenario.

1. $975M Credit Facility – IESO provides Election notice indicating IESO elects **NOT** to roll $825M and will pay interest of $905k
2. $975M Credit Facility – IESO provides Election notice to roll-over $10.6M + $2M (new advance)
3. $2B Credit Facility – IESO Borrowing Notice for $825M + $225M (new advance)

Grid notes produced on November 21 after advances are made, OFA to send via email updated grids reflecting:

- $475M facility, RRRP to show $12.6M;
- $975M facility, show zero balance owing ;
- $2B facility, fair hydro -> to show new fair hydro (RPP) balance $1.05B;

Please see attached. The relevant parties in CEFD, CMB and CEO's office have been briefed and are fine with moving forward with the IESO requested amendments to the OEFC credit facility and loan agreement.

Thanks,

Opal

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

The Independent Electricity System Operator ("IESO") has requested that OEFC amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations IESO is taking on under Ontario's Fair Hydro Plan. IESO has indicated that OEFC credit facilities will not be used for Ontario Fair Hydro Plan (FHP) purposes.

- On November 28, 2017, IESO staff wrote to staff that without the terms of the OEFC facilities being amended, it would need to ask for an interim waiver from the OEFC to avoid being in default.

CONTEXT

- Under the FHP, the IESO and Ontario Power Generation (OPG) are interacting to refinance a portion of the Global Adjustment over a longer period of time.

- IESO and OPG are in a discussion to grant a security/priority interest on IESO's assets to OPG Trust for the period of the first 4 years of the GA deferral.

- The IESO sought and received its Board's approval on Nov 22, 2017 to enter into a security agreement with OPG Trust. The security agreement is currently in draft form. Without amending the existing OEFC $160M and $120M credit facility agreements (the "OEFC Agreements"), IESO could potentially be considered to be in default of the terms of the various agreements. IESO staff wrote:

  > *"…it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default."*

- The IESO provided a draft Security Agreement, dated November 7th, 2017, between them and the OPG Trust to OFA. According to the draft Security Agreement, in the unlikely event that the IESO runs into financial difficulty, the IESO would give OPG Trust a priority in the IESO's assets, including all accounts of the IESO and all cash and proceeds from LDCs, that would put OPG Trust ahead of unsecured creditors, including the OFA and the OEFC.
  - The security agreement is not limited to the Clean Energy Adjustment funds collected by the IESO only.

- In order to address this issue, the IESO has requested to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the FHP. Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations to OPG under the FHP. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid breaching the terms of the existing agreements with OEFC.

- To support IESO's role in the implementation and participation under the Ontario Fair Hydro Plan Act, 2017 ("OFHP Act"), in July 2017 the IESO had requested that the OFA make similar changes to the credit facility agreements with OFA in October.
  - On November 6, 2017, the OFA amended the $475M facility to amend the definition of "permitted liens" and also included same for the new $2B credit facility agreement between OFA and the IESO , as requested by the IESO.

CONSIDERATIONS

- With the proposed new security agreement between OPG Trust and the IESO, OPG Trust would have a priority claim against the IESO's assets, the OEFC could find itself unable to collect payments due from the IESO. The likelihood of this scenario could be assessed as low.
  - The extent of this risk is subject to uncertainty at this time, given that the regulations that govern the payments related to the Fair Allocation Amount in each period, and how that relates to the obligations to the Financing Entity, are still under development.

- IESO is an agency of the government consolidated line-by-line in the Province's accounts.

- The OFA agreed to IESO's requested changes to the OFA credit facilities.

- OFA'S Capital Markets Operations staff have commented that the legislation governing OEFC, the *Electricity Act, 1998*, may provide differing context from the OFA's objects and mandate under the *Capital Investment Plan Act, 1993* and any changes to the OEFC agreements should take this into account.

- According to the Minister's Directives associated with the OEFC Agreements, the loan and the credit facilities are "subject to such other terms as OEFC deems appropriate." Therefore, an amendment for permitted liens can be done under the existing directives, and new or revised directives from the Minister of Finance are not deemed necessary. This would be consistent with the approach when the pre-existing OFA-IESO credit facility agreement was amended for permited liens on November 6, 2017.

RECOMMENDATIONS

- In order to support IESO's request in relation to its obligation with respect to FHP, OFA staff are of the view that the exisiting OEFC Agreements can be amended to include liens related to FHP under the definition of the "permitted liens".

BACKGROUND

- In order to support IESO's role with the implementation of the OFHP Act, OFA staff made similar changes to the definition of 'permitted liens" in existing OFA-IESO credit facility agreements on November 6, 2017.

- Currently, under the existing credit facility agreements between OEFC and the IESO, the definition of "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

- IESO is an agency of the government consolidated line-by-line in the Province's accounts.

- The OFA agreed to IESO's requested changes to the OFA credit facilities.

- OFA'S Capital Markets Operations staff have commented that the legislation governing OEFC, the *Electricity Act, 1998*, may provide differing context from the OFA's objects and mandate under the *Capital Investment Plan Act, 1993* and any changes to the OEFC agreements should take this into account.

- According to the Minister's Directives associated with the OEFC Agreements, the loan and the credit facilities are "subject to such other terms as OEFC deems appropriate." Therefore, an amendment for permitted liens can be done under the existing directives, and new or revised directives from the Minister of Finance are not deemed necessary. This would be consistent with the approach when the pre-existing OFA-IESO credit facility agreement was amended for permited liens on November 6, 2017.

RECOMMENDATIONS

- In order to support IESO's request in relation to its obligation with respect to FHP, OFA staff are of the view that the exisiting OEFC Agreements can be amended to include liens related to FHP under the definition of the "permitted liens".

BACKGROUND

- In order to support IESO's role with the implementation of the OFHP Act, OFA staff made similar changes to the definition of 'permitted liens" in existing OFA-IESO credit facility agreements on November 6, 2017.

- Currently, under the existing credit facility agreements between OEFC and the IESO, the definition of "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

Section B - Performance Development

Key Performance Requirements & Commitments	Performance Outcomes & Measures	Results Achieved (Complete at the end of the review period.)
Identify the work/job related tasks, activities, functions and/or projects to be completed during the performance review	Indicate how you will carry out and measure performance commitments.	Record accomplishments and the impact of result on the unit/branch or ministry.
Provide documentation and analysis to support the Province of Ontario's borrowing/financing programs.	Document and understand procedures and all aspects involved in bond issuance programs, DMTN, EMTN and any other additional programs that the Province may undertake. Prepare and document bond issues. Support and assist with the documentation of EMTN, ADI, Global and USMTN issues, by setting bring-down calls, drafting closing certificates, preparing schedules of expenses, and providing comments on Prospectuses, Underwriting Agreements and other related documents Negotiate with legal counsel, investment banks, fiscal agents, etc., that detailed terms and conditions of all necessary agreements for complex financing structures and instruments. Ensure that the terms and conditions reflect the operational requirements of the participants in the transactions. Administer Documentation's invoice tracking and payment process for the Province's borrowing programs	Led several DMTN bond issues. I am working independently and improving upon my accuracy. I was provided with some additional background information on the differences between bring-down calls and due diligence calls resulting in vast improvement in this area. I have, in turn, assisted two newer colleagues with their first bring-down calls and due diligence calls. Administered the invoice tracking and payment process. Followed up with vendors when payment is disputed.

Provide support to the documentation and analysis coordinator on T-bill activations and redemptions.	Administer T-bill activations and redemptions. Ensure that procedures are followed, completed and if necessary, updated, in a timely manner.	Administered T-bill activations and redemptions according to the procedures and in a timely manner. Updated T-bill procedures to reduce the number of T-bill Notifications to save on CDS fees.
Monitor and participate in the Province's, OEFC's and OFA's financing to other public bodies, ministries, etc..	Negotiate and amend various financing agreements with third party ministries and public bodies including OILC, OPG etc. Administer day to day loans and advances to third parties, including OILC	OILC Loans Administered OILC Long-Term Loans program by documenting 120 loans. Processed a rare OILC FRN Loan which involved researching and comparing the differences between FRN and conventional loans documents. This allowed me to provide guidance to our client to ensure a smooth loan execution process. I have developed/maintained a good relationship with OILC team as the lead contact by answering their questions regarding borrowing authority, loan agreement, providing support to help maintain their deadlines, managing workflow, reviewing documents for errors etc. FHP Agreement Assigned as the lead in the drafting of the Fair Hydro Plan (FHP) Credit Facility Agreement, amendment for an existing credit facility and Historical Summary. This was a learning opportunity, where I was exposed to Microsoft Word document editing, the credit facility negotiation process, project management stages and other related tasks. Under the guidance of my manager, I conducted research into processes and provisions after consulting with legal counsel before incorporating them into the agreements. Examples: Settlements (Grid Note process) - Learned the payment flows for advances as they related to Borrowing and Election Notices and how it was tracked on the Grid Note. This provided me with a deeper understanding of the process to further assist me in the editing of the FHP Agreement. Providing Status Update – I learned the value of providing

		status updates to other departments to inform them of events that would impact them. This was also an opportunity for areas to ask questions and make preparations. This assisted other areas by mapping out the order of events and forced me to have a greater understanding and appreciation Documentation's role in the "bigger picture". Shared timelines with stakeholders (IESO, OFA legal etc.) to help create urgency and ~~help~~ move the project along. Interest only payments on FHP debt led to changes to the Borrowing Notice and Election Notice. This provided me with ~~me~~ some exposure to drafting legal language describing ~~outlining~~ financial instruments. ~~guidelines.~~ Identified potential risk related to IESO's request to change the "Use of Proceeds" and managed it by consulting with internal and external counsel to assist in the redrafting the section which required multiple follow-up meetings and draft versions. Also identified conflicting language related to liens and reverse pledge and Permitted Liens (k). Continued exposure to the combination of reading and comprehending financial language provides me with more experience to identify gaps in risk and language. Participated in rewording the Borrowing Notice and Election Notice. Obtained Capital Markets commitment to include an "interest only" rollover option in both credit facilities.
Ad hoc assignments and projects.	Work on any assignments, projects, and tasks as determined by Manager.	Prepared credit facility amendment agreement history/summary. I was exposed to the original IESO credit facility agreement and how all the amendments impact the final agreement. This exercise was helpful because I was previously only familiar with restated agreements. Created the Agreement due date tracking sheet. I became familiar with the different outstanding agreements, credit facilities and how to navigate the folders.

		Participated in the RNS announcement/NSM submission project. This provided me with an opportunity to collaborate with another colleague and become familiar with research and mapping out specific steps to add to a procedure. Began work on the OLMS Report/OILC Loan Confirmation Improvement. This project involves coordinating with technology on process improvement. Created BSC email distribution list to efficiently track and manage the Required and Optional meeting attendees. This will save administration time and effort in tracking. Assisted in facilitating a bond extension and exchange. This particular transaction had additional complexities compared to traditional bond exchanges. I gained experience in bond optionality, documentation process, the steps involved and how to plan for it. Following the procedure is only part of the process. Understanding every aspect of the task, planning and making preparations have provided me with valuable experience. Subsequently, updated bond extension and exchange procedures. This allowed me to reflect on a process that was dynamic and complicated (during a process with a number of unexpected events) I was able to re learn the lessons at a more comfortable pace. Drafted a note on Challenges in issuing equity linked bonds. Summary of Investment Management Agreement Spreadsheet. This exercise allowed me to become familiar with the different types of investment management agreements and government agencies we work with. Assisted in the OEFC agreement/partial payment and issuance of new promissory note. The note required legal

		interpretation of the promissory notes instructions. OEFC Board Resolution was required to approve amendments to the promissory note loan agreement and promissory note itself. Replied to bond queries from external parties. This task is a good opportunity for me to learn about different bonds the OFA has issued and the various features.

Hello Sarah,
IESO/OEFC $160M Revolving Credit Facility added Amending Agreement 7.
I found the FHP on page sheet 8 and added a few agreement details. I Created a history summary for FHP in the FHP folder, although we are most likely to create a restated agreement rather than amending agreement.
I cleaned up the IESO folder to make the active credit facilities more obvious.
Thanks,
Will

Hi Will,
I'm looking to provide updated lists to Opal of all IESO and OPG Agreements, and to ensure that changes are summarized in an agreement tracker that Karin has been working on (attached).
I'm going to ask Ryan to review OPG. I'm going to ask you to cover IESO. For IESO, could you please ensure that the attached summaries are correct and match the relevant history in the tabs of the attached tracker. The tracker contains the most material amendments, so you just need list those material changes; the individuals summaries can be more fulsome. Could you please ensure that all related OFA or OEFC –IESO Agreements are included in the tracker, along with any information on amendments.
Additionally, I don't think we started a separate individual summary for the FHP credit facility. Could you please complete one that just summarizes the main features of the agreement, so that we can easily add to it if/when it is amended?
Thanks,
Sarah

Hi Will,

I'm looking to provide updated lists to Opal of all IESO and OPG Agreements, and to ensure that changes are summarized in an agreement tracker that Karin has been working on (attached).

I'm going to ask Ryan to review OPG. I'm going to ask you to cover IESO. For IESO, could you please ensure that the attached summaries are correct and match the relevant history in the tabs of the attached tracker. The tracker contains the most material amendments, so you just need list those material changes; the individuals summaries can be more fulsome. Could you please ensure that all related OFA or OEFC –IESO Agreements are included in the tracker, along with any information on amendments.

Additionally, I don't think we started a separate individual summary for the FHP credit facility. Could you please complete one that just summarizes the main features of the agreement, so that we can easily add to it if/when it is amended?

Thanks,

Sarah

Hello Sarah,
IESO/OEFC $160M Revolving Credit Facility added Amending Agreement 7.
I found the FHP on page sheet 8 and added a few agreement details. I Created a history summary for FHP in the FHP folder, although we are most likely to create a restated agreement rather than amending agreement.
I cleaned up the IESO folder to make the active credit facilities more obvious.
Thanks,
Will

Hi Will,
I'm looking to provide updated lists to Opal of all IESO and OPG Agreements, and to ensure that changes are summarized in an agreement tracker that Karin has been working on (attached).
I'm going to ask Ryan to review OPG. I'm going to ask you to cover IESO. For IESO, could you please ensure that the attached summaries are correct and match the relevant history in the tabs of the attached tracker. The tracker contains the most material amendments, so you just need list those material changes; the individuals summaries can be more fulsome. Could you please ensure that all related OFA or OEFC –IESO Agreements are included in the tracker, along with any information on amendments.
Additionally, I don't think we started a separate individual summary for the FHP credit facility. Could you please complete one that just summarizes the main features of the agreement, so that we can easily add to it if/when it is amended?
Thanks,
Sarah

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

" Resolution of the Board of Directors
Independent Electricity System Operator

June 14, 2017

In Respect of the establishment of a new credit facility and revision of existing credit facilities in relation to the Fair Hydro Plan

---

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

AND WHEREAS the Corporation proposes to enter into a new credit facility with the Ontario Financing Authority or Ontario Electricity Financial Corporation to support the Corporation's role in the Fair Hydro Plan in an amount yet to be determined of between $1,800 million and $2,500 million (the "**New Facility**");

AND WHEREAS, due to the structure of the Fair Hydro Plan, once the New Facility is established, the Corporation's existing credit facility with the Ontario Financing Authority in the amount of $975 million (the "**OFA Facility**") will include unnecessary and duplicative credit liquidity such that the OFA Facility may be reduced to an amount yet to be determined between $400 million and $500 million;

AND WHEREAS ...[Recital redacted]...

NOW THEREFORE BE IT RESOLVED THAT:

1. The Board of Directors hereby authorizes and approves the establishment of the New Facility and the amendment of the OFA Facility ...**[Redacted]**... on such terms and conditions as are generally outlined in the Memorandum (collectively, all facilities being the "**Credit Facilities**").

2. The Chief Financial Officer or her delegate is hereby authorized for and on behalf of the Corporation to:

(a) finalize, execute and deliver

(i) all relevant agreements, instruments and other documents required for the establishment or amendment, as applicable, of the Credit Facilities, and

(ii) all ancillary documents, deeds and instruments determined to be necessary or desirable in connection therewith (the execution of any such document, deed or instrument being conclusive evidence of such determination),

and to perform the Corporation's obligations thereunder, and to obtain the benefits thereof;

(b) draw upon or continue to draw upon, as applicable, the Credit Facilities from time to time in accordance with their terms; and

(c) do any and all such further acts as may be determined to be necessary or desirable to give effect to the foregoing transactions including, for further certainty, amending any other agreements as may be required as a consequence of such transactions. "

I certify that the above is a true, redacted copy of a resolution approved by the Board of Directors of the Independent Electricity System Operator on June 14, 2017.

" Resolution of the Board of Directors
Independent Electricity System Operator

June 14, 2017

In Respect of the establishment of a new credit facility and revision of existing credit facilities in relation to the Fair Hydro Plan

---

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

AND WHEREAS the Corporation proposes to enter into a new credit facility with the Ontario Financing Authority or Ontario Electricity Financial Corporation to support the Corporation's role in the Fair Hydro Plan in an amount yet to be determined of between $1,800 million and $2,500 million (the "**New Facility**");

AND WHEREAS, due to the structure of the Fair Hydro Plan, once the New Facility is established, the Corporation's existing credit facility with the Ontario Financing Authority in the amount of $975 million (the "**OFA Facility**") will include unnecessary and duplicative credit liquidity such that the OFA Facility may be reduced to an amount yet to be determined between $400 million and $500 million;

AND WHEREAS ...[Recital redacted]...

NOW THEREFORE BE IT RESOLVED THAT:

1. The Board of Directors hereby authorizes and approves the establishment of the New Facility and the amendment of the OFA Facility ...**[Redacted]**... on such terms and conditions as are generally outlined in the Memorandum (collectively, all facilities being the "**Credit Facilities**").

2. The Chief Financial Officer or her delegate is hereby authorized for and on behalf of the Corporation to:

(a) finalize, execute and deliver

(i) all relevant agreements, instruments and other documents required for the establishment or amendment, as applicable, of the Credit Facilities, and

(ii) all ancillary documents, deeds and instruments determined to be necessary or desirable in connection therewith (the execution of any such document, deed or instrument being conclusive evidence of such determination),

and to perform the Corporation's obligations thereunder, and to obtain the benefits thereof;

(b) draw upon or continue to draw upon, as applicable, the Credit Facilities from time to time in accordance with their terms; and

(c) do any and all such further acts as may be determined to be necessary or desirable to give effect to the foregoing transactions including, for further certainty, amending any other agreements as may be required as a consequence of such transactions. "

Hello Sarah,

I spoke to David Peters and he clarified his concerns from earlier this afternoon about John Kim's approval if we do not receive signatory documents by tomorrow. His earlier concern related to whether the absence of signatures was a legal issue. Lisa commented below that this is a business decision. This reassured David that he could accept with confidence that John Kim's (delegated authority for OFA matters/business decisions) approval to advance funds and accept signatory documentation at a later time.

Thanks,

Will

Hi Will and Sarah,

Further to my earlier e-mails, if none of the requested documents are available from the IESO (i.e. by-law, delegation of signing authority, or signing authority resolution), we can also accept:

- A certificate from the IESO Corporate Secretary stating that the IESO CEO has signing authority (although this will be unlikely if there is no evidence of signing authority available); or,
- A signature under seal of the corporation

If none of the above are available, it will be a business decision as to whether the OFA is willing to accept borrowing notices that are not properly executed. It would likely be low risk, given that all of the other details are consistent with the terms of the agreement. However, this would not be a legal decision.

Happy to discuss further,

Lisa

Hello Lisa and Sarah N.,

On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person we had documented to have signing authority). Anthony Martinello (IESO) was informed of the required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony, their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.

Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?

Thanks,

Will

Will,
I have requested our legal group to address your request and prepare an updated cert….it is pending.
I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.
As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

2. Updated Incumbency Certificate.

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

Hello Lisa and Sarah N.,
On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person we had documented to have signing authority). Anthony Martinello (IESO) was informed of the required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony, their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.
Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?
Thanks,
Will

Will,

I have requested our legal group to address your request and prepare an updated cert….it is pending.

I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.

As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory.
2. Updated Incumbency Certificate.

Attached is an example of the documents.

Thanks,

Ryan,
As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.
For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;
1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Regards.

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Hi Sarah,

Do we have sign-off on the final briefing note and/or authorization from Mike/Gadi/Ron to proceed? I am not entirely comfortable with CEFD now saying this is a 'business decision' and not involving OFA Legal (i.e. Lisa Stein).

Thanks,
J-F

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection

(xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. (b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Hello John,
I agree that you were to speak with IESO this afternoon and we would hear from you afterwards. Anthony called me this afternoon and provided required changes to the existing credit facilities. We did not get into specific details. He did not mention if he spoke with Electricity Finance and I didn't ask him if he had contacted Electricity Finance either. I only stated that Ryan will be coordinating the update to the credit facilities and provide required changes in email. It was a very brief call. After you have discussed the proposed changes with IESO please schedule a convenient time for you to meet with Ryan, Jean-Francois and I.
Thanks,
Will

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section

5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Regards.

Hello John,
I agree that you were to speak with IESO this afternoon and we would hear from you afterwards. Anthony called me this afternoon and provided required changes to the existing credit facilities. We did not get into specific details. He did not mention if he spoke with Electricity Finance and I didn't ask him if he had contacted Electricity Finance either. I only stated that Ryan will be coordinating the update to the credit facilities and provide required changes in email. It was a very brief call. After you have discussed the proposed changes with IESO please schedule a convenient time for you to meet with Ryan, Jean-Francois and I.
Thanks,
Will

Hi Lisa,
Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.
Thank You,
Ryan

On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.
We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi all,

We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.

This has been reviewed by Legal last night and I have incorporated the feedback from Sarah N. (in Lisa's absence).

Please let me know if you have any questions.

Thanks,

John,

As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested OEFC to amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations the IESO is taking on under Ontario's Fair Hydro Plan.

CONTEXT

The Fair Hydro Plan will require the IESO and Ontario Power Generation (OPG) to work together to spread out the costs of Ontario's clean energy investments over a longer period of time, which ensures that the costs of these investments are allocated fairly among current and future ratepayers. This is being accomplished through refinancing a portion of the Global Adjustment (GA). The IESO and OPG are in a discussion to potentially grant the security/priority on IESO's assets to the OPG Trust for the period of the first four years of the GA deferral. The IESO will seek its Board approval on Nov 22, 2017 for the security agreement and this would be in conflict with OEFC's $160M and $120M credit facility agreements (the "OEFC Agreements") with the IESO without the requested amendments. Paragraph 4.7 – Negative Pledges – in both OEFC credit facility agreements does not allow IESO to grant such security/priority to the OPG Trust.

In order to address this issue, the IESO has requested OEFC to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the Fair Hydro Plan (FHP). Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations towards OPG. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want inadvertently to be in default.

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") in July 2017, the IESO had reached out to the Capital Market Division – Operations of the OFA to make the same request to the credit facility agreements with OFA in October. The OFA staff have recommended providing the requested amendments and amended the $475M and $2B credit facility agreements between OFA and the IESO on November 6th, 2017 (the "OFA Agreements"), as suggested by the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.

RECOMMENDATION

- To support IESO's role in the implementation and participation under the OFHP Act and also to be consistent with the approach OFA implemented , OFA staff are of the view that the exisiting OEFC Agreements require amendments to the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the OFA Agreements that were signed recently.
- Although the OEFC credit facility is not used for OFHP's purpose, it is IESO's position that it wants to make such change to the definition of the permitted liens to make sure that the IESO is not inadvertently in default of its security obligations to OPG Trust ~~is still required in order for IESO to~~and meets its role and obligation under the OFHP Act.

BACKGROUND

- Currently, under the existing credit facility agreement between OEFC and the IESO, the definition of the "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation,

amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

- On November 6, 2017, OFA and IESO signed an updated OFA IESO credit facility agreement with respect to changes related to OFHP.

Commented [JB1]:
If the existing agreements between OEFC and IESO will not be used for OFHP purposes (see 2nd bullet in "Recommendations") and since draws for FHP purposes will only made from the OFA-IESO $2B credit facility agreement, there does not appear to be a clear rationale why the definition of 'permitted liens" needs to be amended in the OEFC agreement at this time. Please advise.

Commented [JB2]:
Please clarify if the GA relates to the OFHP and if so, how?

Also, may you please explain if the GA is related to OEFC and how this may impact the existing $120M and $160M agreements precisely?

Commented [JB3]:
Please explain what are the risks, if any, of OEFC granting IESO priority to OPG Trust? We are not privy to the 'security agreement' and need to understand why this would be in conflict with existing agreements.

(e.g. If changes were made to the Clean Energy Adjustment fund collected by IESO in the future and OPG Trust had liens in place against these assets, is there a possibility that IESO would default on its 'non-OFHP' related obligations to OEFC? How would this work exactly?

Commented [JB4]:
We require a better understanding of how the GA, Clean Energy Adjustment Funds and OPG Trust fit together in the context of OEFC. Please advise.

May you please provide a specific example of a situation where non-OFHP related business conducted between IESO-OEFC would end up as part of a lien related to FHP obligations?

Commented [JB5]:

Commented [JB6]:
Is the objective to make the language consistent across all agreements regardless of their intended purpose?

Should these agreements be examined on a case-by-case basis to determine what they are being used for and only those agreements which pertain to OFHP obligations should be amended?

How would funds collected from the Clean Energy Adjustment affect OEFC and IESO's obligations to repay OEFC?

HI Opal,
JF and I chatted and he is going to send me some comments on the note. In respect of OEFC, he still has concerns about the appropriateness and risk of exposure for OEFC, which I think has merit in pointing out. The OFA facilities make more sense to include FHP permitted liens which are more closely connected to FHP (although the 475m, now that is it reduced, is not being used for FHP purposes). He also mentioned the ability of the OFA to 'write off' loans (such as GM), which frankly I am not familiar with, since I was in Derivatives land at the time. OEFC may have a different risk/recourse profile, so that should be considered.
Once JF provides his comments, we can all discuss. All this being said, given the broader political initiative of carrying out the FHP and IESO's role in it, the OFA may be required to insert the changes in the OEFC agreements, but at least the risks will have been pointed out.

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested OEFC to amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations the IESO is taking on under Ontario's Fair Hydro Plan.

CONTEXT

The Fair Hydro Plan will require the IESO and Ontario Power Generation (OPG) to work together to spread out the costs of Ontario's clean energy investments over a longer period of time, which ensures that the costs of these investments are allocated fairly among current and future ratepayers. This is being accomplished through refinancing a portion of the Global Adjustment (GA). The IESO and OPG are in a discussion to potentially grant the security/priority on IESO's assets to the OPG Trust for the period of the first four years of the GA deferral. The IESO will seek its Board approval on Nov 22, 2017 for the security agreement and this would be in conflict with OEFC's $160M and $120M credit facility agreements (the "OEFC Agreements") with the IESO without the requested amendments. Paragraph 4.7 – Negative Pledges – in both OEFC credit facility agreements does not allow IESO to grant such security/priority to the OPG Trust.

In order to address this issue, the IESO has requested OEFC to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the Fair Hydro Plan (FHP). Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations towards OPG. The IESO does not want inadvertently to be in default.

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") in July 2017, the IESO had reached out to the Capital Market Division – Operations of the OFA to make the same request to the credit facility agreements with OFA in October. John,
As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be

considered to be subject to a lien. The IESO does not want to be inadvertently in default.
Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested OEFC to amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations the IESO is taking on under Ontario's Fair Hydro Plan.

CONTEXT

The Fair Hydro Plan will require the IESO and Ontario Power Generation (OPG) to work together to spread out the costs of Ontario's clean energy investments over a longer period of time, which ensures that the costs of these investments are allocated fairly among current and future ratepayers. This is being accomplished through refinancing a portion of the Global Adjustment (GA). The IESO and OPG are in a discussion to potentially grant the security/priority on IESO's assets to the OPG Trust for the period of the first four years of the GA deferral. The IESO will seek its Board approval on Nov 22, 2017 for the security agreement and this would be in conflict with OEFC's $160M and $120M credit facility agreements (the "OEFC Agreements") with the IESO without the requested amendments. Paragraph 4.7 – Negative Pledges – in both OEFC credit facility agreements does not allow IESO to grant such security/priority to the OPG Trust.

In order to address this issue, the IESO has requested OEFC to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the Fair Hydro Plan (FHP). Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations towards OPG. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want inadvertently to be in default.

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") in July 2017, the IESO had reached out to the Capital Market Division – Operations of the OFA to make the same request to the credit facility agreements with OFA in October. The OFA staff have recommended providing the requested amendments and amended the $475M and $2B credit facility agreements between OFA and the IESO on November 6th, 2017 (the "OFA Agreements"), as suggested by the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.

RECOMMENDATION

- To support IESO's role in the implementation and participation under the OFHP Act and also to be consistent with the approach OFA implemented , OFA staff are of the view that the exisiting OEFC Agreements require amendments to the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the OFA Agreements that were signed recently.
- Although the OEFC credit facility is not used for OFHP's purpose, it is IESO's position that it wants to make such change to the definition of the permitted liens to make sure that the IESO is not inadvertently in default of its security obligations to OPG Trust ~~is still required in order for IESO to~~and meets its role and obligation under the OFHP Act.

BACKGROUND

- Currently, under the existing credit facility agreement between OEFC and the IESO, the definition of the "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation,

amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

- On November 6, 2017, OFA and IESO signed an updated OFA IESO credit facility agreement with respect to changes related to OFHP.

If the existing agreements between OEFC and IESO will not be used for OFHP purposes (see 2nd bullet in "Recommendations") and since draws for FHP purposes will only made from the OFA-IESO $2B credit facility agreement, there does not appear to be a clear rationale why the definition of 'permitted liens" needs to be amended in the OEFC agreement at this time. Please advise.

Please clarify if the GA relates to the OFHP and if so, how?

Please explain what are the risks, if any, of OEFC granting IESO priority to OPG Trust? We are not privy to the 'security agreement' and need to understand why this would be in conflict with existing agreements.

We require a better understanding of how the GA, Clean Energy Adjustment Funds and OPG Trust fit together in the context of OEFC. Please advise.

May you please provide a specific example of a situation where non-OFHP related business conducted between IESO-OEFC would end up as part of a lien related to FHP obligations?

Hello Anthony,

As per conversation regarding the required signing authority documents for Barb Anderson VP, & CFO on the election notices for June 20. Please provide completed documents for one of the following options below before June 20.

While option 6 is a suitable solution, it should be viewed as a temporary solution. Therefore, I recommend option 1, as a comprehensive long-term solution.

Options provided in May, 2018:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory and Updated Incumbency Certificate.
2. ~~A delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories).~~
3. A general signing authority resolution of the IESO Board of Directors.
4. By-law or other document in place providing authorization to the IESO ~~CEO~~ CFO.

Hello Anthony,

As per conversation regarding the required signing authority documents for Barb Anderson VP, & CFO on the election notices for June 20. Please provide completed documents for one of the following options below before June 20.

While option 6 is a suitable solution, it should be viewed as a temporary solution. Therefore, I recommend option 1, as a comprehensive long-term solution.

Options provided in May, 2018:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory and Updated Incumbency Certificate.
2. ~~A delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories).~~
3. A general signing authority resolution of the IESO Board of Directors.
4. By-law or other document in place providing authorization to the IESO ~~CEO~~ CFO.
5. A certificate from the IESO Corporate Secretary stating that the IESO ~~CEO~~ CFO has signing authority.
6. A signature under seal of the corporation.

Hello Olga,

In the interest of practicality, for this round, the CFO's signature under seal of the corporation is fine for the June advances. For the next month's advances, would you please send us a complete signing authority for the signatory of next month's notices.

Thanks,
Sarah

Subject: IESO - Signing Authority Documents

Hello Anthony,

As per conversation regarding the required signing authority documents for Barb Anderson VP, & CFO on the election notices for June 20. Please provide completed documents for one of the following options below before June 20.

While option 6 is a suitable solution, it should be viewed as a temporary solution. Therefore, I recommend option 1, as a comprehensive long-term solution.

Options provided in May, 2018:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory and Updated Incumbency Certificate.
2. ~~A delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories).~~
3. A general signing authority resolution of the IESO Board of Directors.
4. By-law or other document in place providing authorization to the IESO ~~CEO~~ CFO.
5. A certificate from the IESO Corporate Secretary stating that the IESO ~~CEO~~ CFO has signing authority.
6. A signature under seal of the corporation.

Hi Sarah - could you resend the attachments you sent in your 4:58 email yesterday (shows up as 5:07 too). For some reason the Note Agreement is on a magenta background, and I want to make sure I am looking at the right documents. It's a long story but the problem may be on this end and it's best if you could just resend.

Thanks

Victor

Hi Victor,

Thanks for the revised drafts. Please note the following:

1. Re the Note Agreement For clarity, we've amended Section 2.17 to better show the breakdown of the calculation of the accrual of interest for the two calculations separate periods used for Part A (from April 30) and Part B (from May 1). Similar changes were also made to the form of Note.

2. Re the Revolving Facility – We agree with your changes
3. Certified Board Resolution – Looks good.

The Note and Revolving Facility have been tidied up for a few typos.
I think we are in good shape. Fingers crossed.
Regarding your question, yes, you should sign and deliver the actual two notes (i.e.as separate them from the forms of notes in each respective schedule). Given the rate is set on Monday for the $120M note, I am thinking that we leave the 'descriptor' the interest rate at the top of the note as the effective rate on the note (vs. the discrete interest rate) , but am going to verify tomorrow. It seems there's precedent for both in the past.

Hi Kelly – per our call earlier this afternoon, I have amended both agreements to what I hope are now final versions.

1. Re the Note Agreement – as discussed, we agree with the latest changes you made to introduce the Part A and Part B Amounts – this resolves the interest issues very cleanly. Also, as mentioned, I added the stub period language that was inserted previously into the main body of the agreement into the Note itself, for consistency. And I fixed a couple of small typos which you'll see in the mark-up.
2. Re the Revolving Facility – I understand the Fair Hydro language I provided last night is acceptable to you, so I just accepted it. I also added the Counterparts language to the Revolving Facility that was in the Note Agreement in case we have trouble circulating the

same documents to everyone in time tomorrow. Finally, I deleted the reference to the "market renewals program" in the Use of Proceeds section since we intended to remove reference to that from the agreement, but apparently missed one of the three references.

3. Certified Board Resolution – Per your email of a few moments ago, I correct the typo in the name of OEFC – see attached.

Important Question – in addition to signing the two agreements and the Certified Director's Resolution and Incumbency Certificate, do we not also have to sign the two actual Notes themselves? Ie. The $120million Note for the Note Agreement; and the $160 million Note for the Revolver? If so, can you provide those in execution form asap so I can include them in the final package for execution ?

Thanks,

Victor

Hi Victor:

Should I send everything to you, or Kim Marshall, or someone else once they are ready for execution? We are working on language to cover off the 2 components of the "new" $120MM note, consisting of the $90MM roll and the $30MM new money. We should have something fairly soon and hope to execute everything tomorrow.

Hi Sarah - could you resend the attachments you sent in your 4:58 email yesterday (shows up as 5:07 too). For some reason the Note Agreement is on a magenta background, and I want to make sure I am looking at the right documents. It's a long story but the problem may be on this end and it's best if you could just resend.
Thanks
Victor

Hi Victor,

Thanks for the revised drafts. Please note the following:

1. Re the Note Agreement For clarity, we've amended Section 2.17 to better show the breakdown of the calculation of the accrual of interest for the two calculations separate periods used for Part A (from April 30) and Part B (from May 1). Similar changes were also made to the form of Note.
2. Re the Revolving Facility – We agree with your changes
3. Certified Board Resolution – Looks good.

The Note and Revolving Facility have been tidied up for a few typos.

I think we are in good shape. Fingers crossed.

Regarding your question, yes, you should sign and deliver the actual two notes (i.e.as separate them from the forms of notes in each respective schedule). Given the rate is set on Monday for the $120M note, I am thinking that we leave the 'descriptor' the interest rate at the top of the note as the effective rate on the note (vs. the discrete interest rate) , but am going to verify tomorrow. It seems there's precedent for both in the past.

Importance: High

Hi Kelly – per our call earlier this afternoon, I have amended both agreements to what I hope are now final versions.

1. Re the Note Agreement – as discussed, we agree with the latest changes you made to introduce the Part A and Part B Amounts – this resolves the interest issues very cleanly. Also, as mentioned, I added the stub period language that was inserted previously into the main body of the agreement into the Note itself, for consistency. And I fixed a couple of small typos which you'll see in the mark-up.

2. Re the Revolving Facility – I understand the Fair Hydro language I provided last night is acceptable to you, so I just accepted it. I also added the Counterparts language to the Revolving Facility that was in the Note Agreement in case we have trouble circulating the same documents to everyone in time tomorrow. Finally, I deleted the reference to the "market renewals program" in the Use of Proceeds section since we intended to remove reference to that from the agreement, but apparently missed one of the three references.

3. Certified Board Resolution – Per your email of a few moments ago, I correct the typo in the name of OEFC – see attached.

Important Question – in addition to signing the two agreements and the Certified Director's Resolution and Incumbency Certificate, do we not also have to sign the two actual Notes themselves? Ie. The $120million Note for the Note Agreement; and the $160 million Note for the Revolver? If so, can you provide those in execution form asap so I can include them in the final package for execution ?

Thanks,
Victor

Hi Victor:

Should I send everything to you, or Kim Marshall, or someone else once they are ready for execution? We are working on language to cover off the 2 components of the "new" $120MM note, consisting of the $90MM roll and the $30MM new money. We should have something fairly soon and hope to execute everything tomorrow.

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

Just a question – will appreciate your reply.

I am discussing the first fair hydro purchase and resulting cash-flow timing with OPG.

Currently, the IESO's Repayment Date (see attached) is set for Dec 20th.

What are OFA comments if I were to ask OFA for this repayment date of Dec 20th 2017 to be changed to Dec 18th 2017?

Regards.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. (2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing;

(c) that there shall, in the reasonable opinion of the OFA, have been no material adverse change in the financial condition of the IESO or a Material Subsidiary; and

Section 5.6 Delay or Omission not Waiver.

Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of even date herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

Hello Opal,
IESO is inquiring if they may prepay early (December 18), instead of their agreed upon date of December 20, for their most recent advancement. Anthony Martinello may be asking from a planning perspective regarding FHP asset sale to OPG. Section 2.5, does not allow for prepayment. Any exceptions maybe best suited for Trading (to calculate the make whole), Cash and Accounting to decide and conclude.
Your thoughts Opal?

I am discussing the first fair hydro purchase and resulting cash-flow timing with OPG.
Currently, the IESO's Repayment Date (see attached) is set for Dec 20th.
What are OFA comments if I were to ask OFA for this repayment date of Dec 20th 2017 to be changed to Dec 18th 2017?

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

Section 3.4 Interest on Advances.

Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

(b) invoke the Intercept pursuant to section 5.7 of this Agreement to require payment of any amount due and payable under this Agreement.

Section 5.3 Suits for Enforcement by the OFA.

If an Event of Default occurs and is continuing, the OFA may proceed to protect and enforce the rights vested in it by this Agreement either by suit in equity or by action at law or by proceedings in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement contained in this Agreement or in aid of the exercise of any power granted in this Agreement, or to enforce any other legal or equitable right vested in the OFA by this Agreement or by law.

Section 5.4 OFA May File Proof of Claim.

If proceedings for the receivership, insolvency, liquidation, bankruptcy, winding-up, reorganization, arrangement or composition of the IESO under any applicable law are pending, or if a receiver, trustee, custodian or other similar official shall have been appointed for the property of the IESO, or if any other judicial proceedings relative to the IESO, its creditors or its property are pending, the OFA shall be entitled and empowered, by intention in such proceeding or otherwise:

(a) to file and prove a claim for all amounts owing under this Agreement and to file such other papers or documents as may be necessary or advisable in order to have the claims of the OFA (including any claim for fees and disbursements of the OFA, its agents and counsel) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claim.

Section 5.5 Rights and Remedies Cumulative.

No right or remedy herein conferred upon or reserved to the OFA is intended to be exclusive of any other such right or remedy, and every such right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.6 Delay or Omission not Waiver.

No delay or omission of the OFA to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OFA may be exercised from time to time, and as often as may be deemed expedient, by the OFA.

Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of even date herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

Hello Opal,
IESO is inquiring if they may prepay early (December 18), instead of their agreed upon date of December 20, for their most recent advancement. Anthony Martinello may be asking from a planning perspective regarding FHP asset sale to OPG. Section 2.5, does not allow for prepayment. Any exceptions maybe best suited for Trading (to calculate the make whole), Cash and Accounting to decide and conclude.
Your thoughts Opal?

The IESO is not entitled to prepay any part of the Advances Outstanding or the interest accrued thereon without the prior written consent of the OFA."

Just a question – will appreciate your reply.
I am discussing the first fair hydro purchase and resulting cash-flow timing with OPG.
Currently, the IESO's Repayment Date (see attached) is set for Dec 20th.
What are OFA comments if I were to ask OFA for this repayment date of Dec 20th 2017 to be changed to Dec 18th 2017?

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(b) that no Event of Default has occurred and is continuing;

(c) that there shall, in the reasonable opinion of the OFA, have been no material adverse change in the financial condition of the IESO or a Material Subsidiary; and

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

Just a question – will appreciate your reply.

I am discussing the first fair hydro purchase and resulting cash-flow timing with OPG.

Currently, the IESO's Repayment Date (see attached) is set for Dec 20th.

What are OFA comments if I were to ask OFA for this repayment date of Dec 20th 2017 to be changed to Dec 18th 2017?

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

Section 3.4 Interest on Advances.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

If an Event of Default occurs and is continuing, then and in every such case the OFA may at its option, in addition to any other remedy available to the OFA at law, by written notice to the IESO, take any or all of the following actions:

(a) suspend the right of the IESO to request any further Advance until the Event of Default has been cured to the OFA's satisfaction or, if the Event of Default is not

cured within three (3) Business Days after the date on which written notice of such Event of Default shall have been given to the IESO by the OFA, declare all amounts owing hereunder including all interest accrued to be due and payable immediately, by a notice in writing to the IESO, and upon any such declaration all such amounts shall become immediately due and payable.

(b) invoke the Intercept pursuant to section 5.7 of this Agreement to require payment of any amount due and payable under this Agreement.

Section 5.3 Suits for Enforcement by the OFA.

If an Event of Default occurs and is continuing, the OFA may proceed to protect and enforce the rights vested in it by this Agreement either by suit in equity or by action at law or by proceedings in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement contained in this Agreement or in aid of the exercise of any power granted in this Agreement, or to enforce any other legal or equitable right vested in the OFA by this Agreement or by law.

Section 5.4 OFA May File Proof of Claim.

If proceedings for the receivership, insolvency, liquidation, bankruptcy, winding-up, reorganization, arrangement or composition of the IESO under any applicable law are pending, or if a receiver, trustee, custodian or other similar official shall have been appointed for the property of the IESO, or if any other judicial proceedings relative to the IESO, its creditors or its property are pending, the OFA shall be entitled and empowered, by intention in such proceeding or otherwise:

(a) to file and prove a claim for all amounts owing under this Agreement and to file such other papers or documents as may be necessary or advisable in order to have the claims of the OFA (including any claim for fees and disbursements of the OFA, its agents and counsel) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claim.

Section 5.5 Rights and Remedies Cumulative.

No right or remedy herein conferred upon or reserved to the OFA is intended to be exclusive of any other such right or remedy, and every such right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.6 Delay or Omission not Waiver.

No delay or omission of the OFA to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OFA may be exercised from time to time, and as often as may be deemed expedient, by the OFA.

Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of even date herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

Hi Opal,
I'm a little confused about John's statement below "that an effort would be made to bring everyone onside." Has John indicated to you who or how this effort was being made? Thought John was going to let us know. If the decision is to be made to amend the OEFC agreements, IESO was looking for completion by this Thursday.
Thanks,
Sarah

Hi Lisa,
As you will recall, we circulated earlier version of the note which you had reviewed and Sarah Neville as well. My understanding was the Legal took the position that this was a business decision. I can share the latest version of the note Monday. I am off today so am not sure where things are but understood that an effort would be made to bring everyone onside.
Thanks,
John
