Hi Caroline,
I will notify IESO that the waiver letter will be provided after OFA receives the Election Notice.
Thanks for adding the reference to March 22.
One comment, my preference would be to align this with the "New Repayment Date of March 22, 2018…" as above. However, I'm not particularly fussed about this if you feel this is fine the way it is.
What are you thoughts?
Thanks,
Will

Hi Will,
I have added a reference to the March 22 New Repayment Date in the first paragraph. As discussed last week, the waiver letter has been drafted assuming that it will be provided to the IESO after the OFA receives the Election Notice. After you receive the Election Notice, the date of the Election Notice will need to be inserted into the letter.

Please let me know if you would like to discuss. I am working from home today and can be reached on my cell: 416-270-0362.
Thanks,
Caroline

Hi Caroline,
Once IESO sends the notices I will change the date on the draft waiver.
According to James Devine, the method to price a 5 day minimum period is the same to price for a 1 or 2 day period. He also expects the price to be similar in both situations.
You will need to change this date in the draft waiver letter that Lisa sent you yesterday. I don't think any other changes will be needed to the draft letter as a result of this change.
Once IESO sends the notices I will change the date on the draft waiver.
I also wanted to follow-up with you on the issues that Lisa raised:

- Do the interest provisions in the Credit Agreement continue to apply to this Proposed Advance and Continued Advance (will the interest calculation be the same for this Proposed and/or Continued Advance as set out in the Credit Agreement)? Do we need to specify further details in the waiver?
  According to James Devine, the method to price a 5 day minimum period is the same to price for a 1 or 2 day period. He also expects the price to be similar in both situations.
- Do we need to consider imposing a specific minimum borrowing period (of one or two days)?
  Would it be possible to tighten the language in the waiver to reflect the March 22 repayment, rather than "no minimum days…? This doesn't seem consistent with election

Attached is Cash Management confirmation that they have no concerns regarding the two day roll-over.

Settlements has no concerns either.

James Devin has informed IESO that OFA is fine with the roll-over.

Re: **$_____ Election Notice dated March (·), 2018**

Dear Kimberly,

The Ontario Financing Authority ("OFA") is in receipt of the Election Notice provided by the Independent Electricity System Operator ("IESO") to the OFA dated March (·), 2018 for a new Proposed Advance of $_____ and a proposed Continued Advance of $_____ specifying a New Repayment Date of March 22, 2018 (the "March 2018 Election Notice") under the Revolving Credit Facility Agreement between the IESO and OFA dated November 6, 2017, (the "Credit Agreement"), the terms defined therein being used herein as therein defined.

For the sole purpose of the March 2018 Election Notice, the OFA hereby agrees to waive the requirement set out in section 3.3(1) of the Credit Agreement that a Continued Advance must be for a further period of at least 5 days, beginning on the then current Repayment Date.

For greater clarity, the OFA acknowledges that the New Repayment Date for the proposed Continued Advance under the March 2018 Election Notice is March 22, 2018, which is two days after the Current Repayment Date. Pursuant to section 3.3(3) of the Credit Agreement, the Repayment Date of the requested Proposed Advance under the March 2018 Election Notice shall be the New Repayment Date.

Accordingly, the OFA hereby agrees to waive the requirement for the IESO to specify on the March 2018 Election Notice a New Repayment Date that is not earlier than 5 days after the current Repayment Date for the Advance, as required in section 3.3(2) and Schedule 2 of the Credit Agreement.

Subject to the foregoing, section 3.3 of the Credit Agreement applies in its entirety to all future Proposed Advances and Continued Advances.

Re: **$530,000,000 Borrowing and Election Notice dated March 21, 2018**

Dear Kimberly,

The Ontario Financing Authority ("OFA") is in receipt of the Borrowing Notice and Election Notice provided by the Independent Electricity System Operator ("IESO") to the OFA dated March 21, 2018 for a new Proposed Advance of $208,000,000 and a proposed Continued Advance of $332,400,560.14 (the "March 2018 Borrowing and Election Notice") under the Revolving Credit Facility Agreement between the IESO and OFA dated November 6, 2017, as amended (the "Credit Agreement"), the terms defined therein being used herein as therein defined.

For the sole purpose of the March 2018 Borrowing and Election Notice, the OFA hereby agrees to waive the requirement set out in section 3.3(1) of the Credit Agreement that a Continued Advance must be for a further period of at least 5 days, beginning on the then current Repayment Date.

For greater clarity, for the purpose of the March 2018 Borrowing and Election Notice only, there shall be no minimum number of days required from the date of the Proposed Continued Advance to the New Repayment Date. Pursuant to section 3.3(3) of the Credit Agreement, the Repayment Date of the requested Proposed Advance under the March 2018 Borrowing and Election Notice shall be the New Repayment Date.
~~IESO consents to a Repayment Date of 1 day from the date of the proposed Advance and proposed Continued Advance under the Borrowing Notice and Election Notice, for the full principal amount of the proposed Advance and proposed Continued Advance.~~

Accordingly, OFA hereby agrees to waive the requirement for the IESO to certify on the March 2018 Borrowing and Election Notice that the New Repayment Date is not earlier than 5 days after the current Repayment Date for the Advance, as required in section 3.3(2) and Schedule 2 of the Credit Agreement.

Commented [LS1]: Please confirm date; letter provides below that the OFA is in receipt of the notice

Commented [WT2R1]: I'll find out the date they plan on sending us the notices.

Formatted: Not Highlight

Formatted: Not Highlight

Commented [LS3]: Please note and confirm

Commented [WT4R3]: I'll confirm and forward the notices once I receive them.

Commented [LS5]: NTD: There is no requirement to waive section 3.2(!) as the applicable section for a further Advance to be made on the Current Repayment Date is section 3(3), which refers to the New Repayment Date (which shall now have no minimum).

Commented [WT6R5]: I think it would be more suitable to tighten the language to reflect March 22, rather than "no minimum number of days…"?

Commented [LS7]: No consent required as requirement for a minimum 5 days is waived.

Commented [WT8R7]: I don't understand this comment. Let's discuss.

Commented [LS9]: Under Schedule 2 of the Credit Facility Agreement, the New Repayment Date is the same for the Proposed Advance and Proposed Continued Advance.

Commented [LS10]: See above comment

Commented [WT11R10]: Agreed.

Subject to the foregoing, section 3.3 of the Credit Agreement applies in its entirety to all future Proposed Advances and Continued Advances.

Hi Will,
I have added a reference to the March 22 New Repayment Date in the first paragraph. As discussed last week, the waiver letter has been drafted assuming that it will be provided to the IESO after the OFA receives the Election Notice. After you receive the Election Notice, the date of the Election Notice will need to be inserted into the letter.
Please let me know if you would like to discuss. I am working from home today and can be reached on my cell: 416-270-0362.
Thanks,

Hi Caroline,
Once IESO sends the notices I will change the date on the draft waiver.
According to James Devine, the method to price a 5 day minimum period is the same to price for a 1 or 2 day period. He also expects the price to be similar in both situations.
You will need to change this date in the draft waiver letter that Lisa sent you yesterday. I don't think any other changes will be needed to the draft letter as a result of this change.

Hi Caroline,
Once IESO sends the notices I will change the date on the draft waiver.
According to James Devine, the method to price a 5 day minimum period is the same to price for a 1 or 2 day period. He also expects the price to be similar in both situations.
You will need to change this date in the draft waiver letter that Lisa sent you yesterday. I don't think any other changes will be needed to the draft letter as a result of this change.
Once IESO sends the notices I will change the date on the draft waiver.
I also wanted to follow-up with you on the issues that Lisa raised:

- Do the interest provisions in the Credit Agreement continue to apply to this Proposed Advance and Continued Advance (will the interest calculation be the same for this Proposed and/or Continued Advance as set out in the Credit Agreement)? Do we need to specify further details in the waiver?

Re: **$530,000,000 Borrowing and Election Notice dated March 21, 2018**

Dear Kimberly,

The Ontario Financing Authority ("OFA") is in receipt of the ~~Borrowing Notice and~~ Election Notice provided by the Independent Electricity System Operator ("IESO") to the OFA dated March 21, 2018 for a new Proposed Advance of $208,000,000 and a proposed Continued Advance of $332,400,560.14 (the "March 2018 ~~Borrowing and~~ Election Notice") under the Revolving Credit Facility Agreement between the IESO and OFA dated November 6, 2017, ~~as amended~~ (the "Credit Agreement"), the terms defined therein being used herein as therein defined.

For the sole purpose of the March 2018 ~~Borrowing and~~ Election Notice, the OFA hereby agrees to waive the requirement set out in section 3.3(1) of the Credit Agreement that a Continued Advance must be for a further period of at least 5 days, beginning on the then current Repayment Date.

For greater clarity, for the purpose of the March 2018 ~~Borrowing and~~ Election Notice only, there shall be no minimum number of days required from the date of the Proposed Continued Advance to the New Repayment Date. Pursuant to section 3.3(3) of the Credit Agreement, the Repayment Date of the requested Proposed Advance under the March 2018 ~~Borrowing and~~ Election Notice shall be the New Repayment Date.
~~IESO consents to a Repayment Date of 1 day from the date of the proposed Advance and proposed Continued Advance under the Borrowing Notice and Election Notice, for the full principal amount of the proposed Advance and proposed Continued Advance.~~

Accordingly, OFA hereby agrees to waive the requirement for the IESO to certify on the March 2018 ~~Borrowing and~~ Election Notice that the New Repayment Date is not earlier than 5 days after the current Repayment Date for the Advance, as required in section 3.3(2) and Schedule 2 of the Credit Agreement.

Commented [LS1]: Please confirm date; letter provides below that the OFA is in receipt of the notice

Commented [WT4R3]: I'll confirm and forward the notices once I receive them.

Commented [WT5]: According to their February notice it is likely to be an Election Notice for the continued advance and new advance.

Commented [LS6]: NTD: There is no requirement to waive section 3.2(!) as the applicable section for a further Advance to be made on the Current Repayment Date is section 3(3), which refers to the New Repayment Date (which shall now have no minimum).

Commented [WT7R6]: I think it would be more suitable to tighten the language to reflect March 22, rather than "no minimum number of days…"?

Commented [LS8]: No consent required as requirement for a minimum 5 days is waived.

Commented [WT9R8]: I don't understand this comment. Let's discuss.

Commented [LS10]: Under Schedule 2 of the Credit Facility Agreement, the New Repayment Date is the same for the Proposed Advance and Proposed Continued Advance.

Commented [LS11]: See above comment

Commented [WT12R11]: Agreed.

Subject to the foregoing, section 3.3 of the Credit Agreement applies in its entirety to all future Proposed Advances and Continued Advances.

Hi Caroline,
I will notify IESO that the waiver letter will be provided after OFA receives the Election Notice.
Thanks for adding the reference to March 22.
One comment, my preference would be to align this with the "New Repayment Date of March 22, 2018…" as above. However, I'm not particularly fussed about this if you feel this is fine the way it is.
What are you thoughts?

Hi Will,
I have added a reference to the March 22 New Repayment Date in the first paragraph. As discussed last week, the waiver letter has been drafted assuming that it will be provided to the IESO after the OFA receives the Election Notice. After you receive the Election Notice, the date of the Election Notice will need to be inserted into the letter.

Please let me know if you would like to discuss. I am working from home today and can be reached on my cell: 416-270-0362.

Re: **$_____ Election Notice dated March (·), 2018**

Dear Kimberly,

The Ontario Financing Authority ("OFA") is in receipt of the Election Notice provided by the Independent Electricity System Operator ("IESO") to the OFA dated March (·), 2018 for a new Proposed Advance of $_____ and a proposed Continued Advance of $_____ specifying a New Repayment Date of March 22, 2018 (the "March 2018 Election Notice") under the Revolving Credit Facility Agreement between the IESO and OFA dated November 6, 2017, (the "Credit Agreement"), the terms defined therein being used herein as therein defined.

For the sole purpose of the March 2018 Election Notice, the OFA hereby agrees to waive the requirement set out in section 3.3(1) of the Credit Agreement that a Continued Advance must be for a further period of at least 5 days, beginning on the then current Repayment Date.

For greater clarity, the OFA acknowledges that the New Repayment Date for the proposed Continued Advance under the March 2018 Election Notice is March 22, 2018, which is two days after the Current Repayment Date. Pursuant to section 3.3(3) of the Credit Agreement, the Repayment Date of the requested Proposed Advance under the March 2018 Election Notice shall be the New Repayment Date.

Accordingly, the OFA hereby agrees to waive the requirement for the IESO to specify on the March 2018 Election Notice a New Repayment Date that is not earlier than 5 days after the current Repayment Date for the Advance, as required in section 3.3(2) and Schedule 2 of the Credit Agreement.

Subject to the foregoing, section 3.3 of the Credit Agreement applies in its entirety to all future Proposed Advances and Continued Advances.

Hi Opal and Sarah

Attached is a draft of the NDA. I discussed the 3 bullet points with Carlos and found the following:

- The advice is regarding the financing structure and alternatives for the spv given the legislation that eventually is drafted. On page 2 of the OPG White Paper, it indicates that all of the percentages shown are "indicative and will be highly dependent on the legislation"… this gives rise to the need for an advisor once the legislation is known.
- Carlos says the OFA will sign the NDA. Sarah - Do you want to send it to the appropriate lawyer in OFA legal?
- The banks/ dealers have the appropriate Chinese Walls in place to deal with conflicts of interest.

I agree with Sarah that the NDA itself should suffice in this instance.

Kelly

Hi Opal,

Kelly is looking into the first 3 bullet points as the relate to the NDA.

The attached advisory agreement seems to be overkill for the what I understand to be a very narrow scope of advice being given. It seems to me that as long as we state the type of advice being provided in the NDA, with *possibly* a conflict of interest rep in the NDA, I think that would cover what is needed.

Subject: NDA Agreement

Please find attached a draft of a Non-Disclosure Agreement respecting obtaining advice from a financial adviser with respect to the Ontario Fair Hydro Plan.

Please note that this draft is preliminary, and we have a number of questions and concerns that are set out in the draft. We would like to point out that there is no agreement setting out the scope or nature of the services and the basis on which those services would be provided including the standard that is required from the adviser as well as conflict of interest requirements and other issues, and that the NDA does not replace such an agreement.

We have also attached a scan of an agreement that the OFA negotiated in 2004 to hire an adviser for a project relating to electricity finance as an example of such an agreement and the types of provisions that could be considered for inclusion in such an agreement.

Hi Ryan,
I believe we changed the clause intentionally. Regardless, we need to work with the language as drafted for now. If you have an estimate of all proposed advances, we can determine whether OEFC consent is necessary for this particular advance (i.e. if less than 50% of total proposed advances for 2018 it is not necessary). An amendment to the agreement may not be necessary either, given that OEFC can waive the 50% requirement as needed. I note that the Directive is silent on this point.
Once you have more information we can discuss further.
Thanks,
Lisa

Hi Lisa,
Thank you very much for looking into this and confirming. To answer your questions sequentially:

- As per the grid note attached, total advances currently outstanding under the agreement are $800M
- Yes, the current $200M advance request is the first proposed advance for 2018
- Yes, I believe we can get an estimate of all proposed advances for 2018, I'm just not sure if the term of each proposed advance will be available. I will have to speak with Linda about this tomorrow.

In your view did the meaning of this clause change over time intentionally or accidentally through the language chosen? It was our interpretation that prior to Amending Agreement No. 3, the requirement that no more than 50% of the principal amount could be repaid up to 30 years out applied to EACH advance. Based on the fact OPG is now requesting a letter of consent for the $200M advance to be repaid over 30 years, they seem to still have this interpretation. Depending on what was actually intended through this clause, an amending agreement may need to be drafted to clarify this repayment requirement. Prior to the advance date of January 22, 2018 we may need to draft a letter for OPG that confirms that they can repay the $200M advance over 30 years and also states our intention to amend the Credit Facility Agreement and clarify the repayment requirements. I will speak with Linda about this tomorrow and get back to you.
Thank You,
Ryan

Hi Ryan,
You are correct that, based on the agreement, as amended by amending agreement no. 3, the requirement that no more than 50% of the principal amount could be repaid up to 30 years out applies to the *aggregate* amount of *all* proposed advances in 2018.
In order to determine the best approach to OPG's request, we require some additional information:

- What are the advances outstanding under the agreement as at the end of 2017?
- Is the proposed advance of $200M the first proposed advance for 2018?
- Has OPG provided an estimate of all proposed advances for 2018? If not, can we obtain such an estimate?

I understand that, as a business decision, and further to the e-mail from Linda, below, the OFA is comfortable with allowing OPG to borrow the $200 million for 30 years.
Thank you,
Lisa

Subject: OEFC advance to OPG - January 22, 2018

Hi Lisa,

Thanks for the jumping on that call. As discussed, we received the attached $200M advance request from OPG. The proposed advance date is January 22, 2018 and the request is for a 30 year term (due January 22, 2048).

Based on the wording of the latest Amending Agreement No. 3 (attached) there is some confusion as to whether the repayment of this $200M advance needs to be staggered or if the full principal amount can be repaid in 30 years. From the wording of Amending Agreement No. 3, dated September 6, 2017: *"The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC."*

Because the current advance request of $200M is for 30 years, OPG is under the impression that they need written consent from OEFC in order to repay the full principal amount of $200M in 30 years. Without this written consent, they believe the above clause stipulates that a portion of the $200M principal must be repaid within 10 years, and no more than 50% of the principal can be repaid up to 30 years out. They have asked OEFC to provide a letter of consent acknowledging that for this specific Advance, the full principal amount can be repaid in 30 years.

In reading the language of this clause we note that it has changed from the Original Agreement dated June 17, 2016 through Amending Agreements No.1-3. I have pasted the language from each agreement below for convenience. In our view it looks like the original intention of the clause was to split up principal repayment for EACH advance, so no more than 50% could be repaid up to 30 years out. However, from the most recent language in Amending Agreement No. 3 it is our interpretation that this clause is referring to the AGGREGATE amount of the advances in 2018 rather than for each specific advance.

We are looking for direction from OFA Legal in how to interpret this clause in Amending Agreement No. 3 and whether the consent letter OPG is requesting is necessary.

From Original Agreement dated June 17, 2016:
Section 3.1

ARTICLE 3

ADVANCES AND INTEREST

Section 3.1 Advances.

OEFC agrees, on the terms and conditions of this Agreement, to make Advances to OPG under the Credit Facility from time to time on any Business Day prior to January 1, 2018. OPG shall not request Advances more than four (4) times per calendar year without first obtaining the prior written consent of OEFC. OPG may request at the same time Advances for the Darlington Requirements and for the Other General Corporate Requirements. It is anticipated that OPG will request these Advances approximately quarterly throughout a calendar year.

The Repayment Dates of the Proposed Advances for any date shall be such that the Repayment Dates are a) no more than 30 years after the date of the Proposed Advances for no more than 50% of the total amount of such Proposed Advances, and b) no more than 10 years after the date of the Proposed Advances for the remaining amount of the Proposed Advances.

No Advances shall be made under this Agreement after December 31, 2017.

From Amending Agreement No. 1, dated September 7, 2016:
Provision # 5

The Repayment Dates of the Proposed Advances for any date shall be such that the Repayment Dates are a) no more than 30 years after the date of the Proposed Advances for no more than 50% of the total amount of such Proposed Advances, and b) no more than 10 years after the date of the Proposed Advances for the remaining amount of the Proposed Advances.

From Amending Agreement No. 2, dated February 2, 2017:
Provision # 5

The Repayment Date of each Proposed Advance made during 2017 shall be no more than thirty (30) years after the date of the Proposed Advance."

From Amending Agreement No. 3, dated September 6, 2017:
Provision # 5

The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. Hi Ryan,
I believe we changed the clause intentionally. Regardless, we need to work with the language as drafted for now. If you have an estimate of all proposed advances, we can determine whether OEFC consent is necessary for this particular advance (i.e. if less than 50% of total proposed advances for 2018 it is not necessary). An amendment to the agreement may not be necessary either, given that OEFC can waive the 50% requirement as needed. I note that the Directive is silent on this point.
Once you have more information we can discuss further.
Thanks,
Lisa

Hi Lisa,
Thank you very much for looking into this and confirming. To answer your questions sequentially:

- As per the grid note attached, total advances currently outstanding under the agreement are $800M
- Yes, the current $200M advance request is the first proposed advance for 2018
- Yes, I believe we can get an estimate of all proposed advances for 2018, I'm just not sure if the term of each proposed advance will be available. I will have to speak with Linda about this tomorrow.

In your view did the meaning of this clause change over time intentionally or accidentally through the language chosen? It was our interpretation that prior to Amending Agreement No. 3, the requirement that no more than 50% of the principal amount could be repaid up to 30 years out applied to EACH advance. Based on the fact OPG is now requesting a letter of consent for the $200M advance to be repaid over 30 years, they seem to still have this interpretation. Depending on what was actually intended through this clause, an amending agreement may need to be drafted to clarify this repayment requirement. Prior to the advance date of January 22, 2018 we may need to draft a letter for OPG that confirms that they can repay the $200M advance over 30 years and also states our intention to amend the Credit Facility Agreement and clarify the repayment requirements. I will speak with Linda about this tomorrow and get back to you.
Thank You,
Ryan

Hi Ryan,
You are correct that, based on the agreement, as amended by amending agreement no. 3, the requirement that no more than 50% of the principal amount could be repaid up to 30 years out applies to the *aggregate* amount of *all* proposed advances in 2018.
In order to determine the best approach to OPG's request, we require some additional information:

- What are the advances outstanding under the agreement as at the end of 2017?
- Is the proposed advance of $200M the first proposed advance for 2018?
- Has OPG provided an estimate of all proposed advances for 2018? If not, can we obtain such an estimate?

I understand that, as a business decision, and further to the e-mail from Linda, below, the OFA is comfortable with allowing OPG to borrow the $200 million for 30 years.
Thank you,
Lisa

Subject: OEFC advance to OPG - January 22, 2018
Hi Lisa,
Thanks for the jumping on that call. As discussed, we received the attached $200M advance request from OPG. The proposed advance date is January 22, 2018 and the request is for a 30 year term (due January 22, 2048).
Based on the wording of the latest Amending Agreement No. 3 (attached) there is some confusion as to whether the repayment of this $200M advance needs to be staggered or if the full principal amount can be repaid in 30 years. From the wording of Amending Agreement No. 3, dated September 6, 2017:
"The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of

the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC."
Because the current advance request of $200M is for 30 years, OPG is under the impression that they need written consent from OEFC in order to repay the full principal amount of $200M in 30 years. Without this written consent, they believe the above clause stipulates that a portion of the $200M principal must be repaid within 10 years, and no more than 50% of the principal can be repaid up to 30 years out. They have asked OEFC to provide a letter of consent acknowledging that for this specific Advance, the full principal amount can be repaid in 30 years.
In reading the language of this clause we note that it has changed from the Original Agreement dated June 17, 2016 through Amending Agreements No.1-3. I have pasted the language from each agreement below for convenience. In our view it looks like the original intention of the clause was to split up principal repayment for EACH advance, so no more than 50% could be repaid up to 30 years out. However, from the most recent language in Amending Agreement No. 3 it is our interpretation that this clause is referring to the AGGREGATE amount of the advances in 2018 rather than for each specific advance.
We are looking for direction from OFA Legal in how to interpret this clause in Amending Agreement No. 3 and whether the consent letter OPG is requesting is necessary.

From Original Agreement dated June 17, 2016:

Subject: OEFC advance to OPG - January 22, 2018
Hi Lisa,
Thanks for the jumping on that call. As discussed, we received the attached $200M advance request from OPG. The proposed advance date is January 22, 2018 and the request is for a 30 year term (due January 22, 2048).
Based on the wording of the latest Amending Agreement No. 3 (attached) there is some confusion as to whether the repayment of this $200M advance needs to be staggered or if the full principal amount can be repaid in 30 years. From the wording of Amending Agreement No. 3, dated September 6, 2017:
"The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC."
Because the current advance request of $200M is for 30 years, OPG is under the impression that they need written consent from OEFC in order to repay the full principal amount of $200M in 30 years. Without this written consent, they believe the above clause stipulates that a portion of the $200M principal must be repaid within 10 years, and no more than 50% of the principal can be repaid up to 30 years out. They have asked OEFC to provide a letter of consent acknowledging that for this specific Advance, the full principal amount can be repaid in 30 years.
In reading the language of this clause we note that it has changed from the Original Agreement dated June 17, 2016 through Amending Agreements No.1-3. I have pasted the language from each agreement below for convenience. In our view it looks like the original intention of the clause was to split up principal repayment for EACH advance, so no more than 50% could be repaid up to 30 years out. However, from the most recent language in Amending Agreement No. 3 it is our interpretation that this clause is referring to the AGGREGATE amount of the advances in 2018 rather than for each specific advance.
We are looking for direction from OFA Legal in how to interpret this clause in Amending Agreement No. 3 and whether the consent letter OPG is requesting is necessary.

Ok thanks. OPG would like to borrow the $200 million for 30 years. The current agreement restricts 30 year borrowing to 50% of each loan. Mike is fine with waiving this. Can we do it by a letter?

Hi Ryan,
I believe we changed the clause intentionally. Regardless, we need to work with the language as drafted for now. If you have an estimate of all proposed advances, we can determine whether OEFC consent is necessary for this particular advance (i.e. if less than 50% of total proposed advances for 2018 it is not necessary). An amendment to the agreement may not be necessary either, given that OEFC can waive the 50% requirement as needed. I note that the Directive is silent on this point.
Once you have more information we can discuss further.
Thanks,
Lisa

Hi Lisa,
Thank you very much for looking into this and confirming. To answer your questions sequentially:

- As per the grid note attached, total advances currently outstanding under the agreement are $800M
- Yes, the current $200M advance request is the first proposed advance for 2018
- Yes, I believe we can get an estimate of all proposed advances for 2018, I'm just not sure if the term of each proposed advance will be available. I will have to speak with Linda about this tomorrow.

In your view did the meaning of this clause change over time intentionally or accidentally through the language chosen? It was our interpretation that prior to Amending Agreement No. 3, the requirement that no more than 50% of the principal amount could be repaid up to 30 years out applied to EACH advance. Based on the fact OPG is now requesting a letter of consent for the $200M advance to be repaid over 30 years, they seem to still have this interpretation. Depending on what was actually intended through this clause, an amending agreement may need to be drafted to clarify this repayment requirement. Prior to the advance date of January 22, 2018 we may need to draft a letter for OPG that confirms that they can repay the $200M advance over 30 years and also states our intention to amend the Credit Facility Agreement and clarify the repayment requirements. I will speak with Linda about this tomorrow and get back to you.
Thank You,
Ryan

Hi Ryan,
You are correct that, based on the agreement, as amended by amending agreement no. 3, the requirement that no more than 50% of the principal amount could be repaid up to 30 years out applies to the *aggregate* amount of *all* proposed advances in 2018.
In order to determine the best approach to OPG's request, we require some additional information:

- What are the advances outstanding under the agreement as at the end of 2017?
- Is the proposed advance of $200M the first proposed advance for 2018?
- Has OPG provided an estimate of all proposed advances for 2018? If not, can we obtain such an estimate?

I understand that, as a business decision, and further to the e-mail from Linda, below, the OFA is comfortable with allowing OPG to borrow the $200 million for 30 years.
Thank you,
Lisa

Subject: OEFC advance to OPG - January 22, 2018

Hi Lisa,

Thanks for the jumping on that call. As discussed, we received the attached $200M advance request from OPG. The proposed advance date is January 22, 2018 and the request is for a 30 year term (due January 22, 2048).

Based on the wording of the latest Amending Agreement No. 3 (attached) there is some confusion as to whether the repayment of this $200M advance needs to be staggered or if the full principal amount can be repaid in 30 years. From the wording of Amending Agreement No. 3, dated September 6, 2017: *"The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC."*

Because the current advance request of $200M is for 30 years, OPG is under the impression that they need written consent from OEFC in order to repay the full principal amount of $200M in 30 years. Without this written consent, they believe the above clause stipulates that a portion of the $200M principal must be repaid within 10 years, and no more than 50% of the principal can be repaid up to 30 years out. They have asked OEFC to provide a letter of consent acknowledging that for this specific Advance, the full principal amount can be repaid in 30 years.

In reading the language of this clause we note that it has changed from the Original Agreement dated June 17, 2016 through Amending Agreements No.1-3. I have pasted the language from each agreement below for convenience. In our view it looks like the original intention of the clause was to split up principal repayment for EACH advance, so no more than 50% could be repaid up to 30 years out. However, from the most recent language in Amending Agreement No. 3 it is our interpretation that this clause is referring to the AGGREGATE amount of the advances in 2018 rather than for each specific advance.

We are looking for direction from OFA Legal in how to interpret this clause in Amending Agreement No. 3 and whether the consent letter OPG is requesting is necessary.

Re: **$200,000,000 Proposed Advance under the General Corporate Requirements Credit Facility Agreement between Ontario Power Generation Inc. ("OPG") and Ontario Electricity Financial Corporation ("OEFC"), dated June 16, 2016, as amended.**

Dear Ken,

Notwithstanding Section 3.1 of the General Corporate Requirements Credit Facility Agreement, dated June 16, 2016, as amended, the OEFC consents to a repayment date of January 22, 2048 for the full principal amount of the Proposed Advance of $200,000,000 scheduled to be paid out to OPG on January 22, 2018. Furthermore, we accept the "Borrowing Notice" provided by OPG dated January 8, 2018, without the following certification required under Section 3.2 and Schedule 1 of the Agreement, as amended:

"The Repayment Date of any of the Proposed Advance(s) for 2018 is (a) no more than 30 years after the date of such Proposed Advance for no more than 50% of the total of all Proposed Advances for 2018 and (b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018."

Subject to Section 3.1 of the Agreement, as amended, the OEFC reserves the right to restrict Proposed Advances with a Repayment date of 30 years for the remainder of 2018 on a case by case basis.

Ok thanks. OPG would like to borrow the $200 million for 30 years. The current agreement restricts 30 year borrowing to 50% of each loan. Mike is fine with waiving this. Can we do it by a letter?

Hi Sarah,

As Malle says, the best approach and the approach we, including Gadi, are recommending is that the "commitment" (in whatever form) be provided by MOH.

However, it appears as though the loan will be required eventually and will only work under a 35 year amortization (again Gadi has agreed to this amortization in principle), so we will need to amend the OIC. Given that our Plan B, which may be needed, is to provide some joint assurance MOF/MOH to HOOPP by April 30, I would like to work with Capital Markets to try to get the OIC in place so that we can use Plan B if necessary.

If you agree, just let me know what you need from me.

Thanks,
Garth

Malle,

Thank you very much for your quick response.

Garth – I'm not familiar with the various inputs Malle has mentioned below with the loan, and the

timing for getting these. Is it possible to obtain all the required approvals, etc. prior to April 30th? As Malle indicates, a binding commitment doesn't seem possible without these elements. On the other hand, if it is possible, we could try to make the case for including an amending OIC for the April 16th LRC.

Thanks,
Sarah

Subject: RE: BN - Lending Directive for Loan to OCRC.docx

Hi,

Dimitri has been working on this as well so copying him here. According to the current OIC's, OFA must repay the funds borrowed from the Province by 2040 (I haven't check them all now but assume that you have) so the OFA couldn't make a longer term loan to a third party such as the hospital without an amending OIC as you describe.

I think that the only thing that could be done is to see whether there is any possibility of walking this OIC in at this point if it is that critical. However, at the same time, I know that there have been numerous elements regarding this potential loan including possibly having MOHLTC provide an indemnity to the OFA regarding the repayment by the hospital. Not sure that we could in anyway provide a binding commitment that the money will be available in 2019 since there would be many other elements such as a Minister's directive, the negotiation of the loan agreement and due diligence that would make it conditional. However, it seems that the amendment to the OIC is a necessary precondition.

Also just thinking general about this project, is it anticipated that any other approvals or signing of agreements, etc. would be proposed during the writ period?

Thanks,

Malle

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that

the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?

Thanks,
Sarah

Hi Andrea,

We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.

We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make

this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date.

Please advise the best way to proceed towards the required OIC amendment re timing.

Thanks. I will call to follow up.

Thanks,
Garth

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.

Let me know should you have any further question or concerns.

Andrea

- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".

I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?

I'm still working on the directive for the OCRC loan. In the meantime, can you please confirm that this loan is covered by the existing on-lending OICs (as referenced in the draft note)?

Hi,

Originally, the Credit Agreement was set up between the OFA and **OPA** in January 2005 (the 1st) but it was for only 500 million. It was increased to 975 million in October 2005 (the 5th). The amalgamation of OPA into IESO occurred via an amendment by November 30, 2016 (and a previous amendment in anticipation of the amalgamation). The reduction to 475 million occurred via amendment dated November 21, 2017 (just signed by Mike November 6, 2017). The reduction was for effect the 21st is my understanding but Mike signed on the 6th.

Note there were other interim amendments but not related to your area of interest in terms of when 975 million facility was provided to IESO.

Hope this helps.

9. Section 5.7 "Intercept" is added to the Credit Agreement, stating as follows:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

10. Section 7.9 "Entire Agreement' is added to the Credit Agreement, stating as follows:

"Section 7.9 Entire Agreement

This Agreement as amended from time to time and including the schedules hereto and any other agreements expressly referred to herein, constitutes the whole agreement between the Parties with respect to the matters dealt with in it, and it supersedes any prior agreement, undertakings, discussions and the like respecting the matters dealt with in this Agreement and entered into by the Parties before the date the OFA signs this Agreement."

11. Schedule 1 of the Credit Agreement, Form of Borrowing Notice, is deleted in its entirety and replaced by the Form of Borrowing Notice attached hereto as Schedule 1.

12. Schedule 2 of the Credit Agreement, Form of Election Notice, is deleted in its entirety and replaced by the Form of Election Notice attached hereto as Schedule 2.

13. Schedule 3 of the Credit Agreement, IESO Grid Note, is deleted in its entirety and replaced by the Form of Grid Note attached hereto as Schedule 3.

14. For the purposes of this Amending Agreement and its coming into effect:

a. "**Effective Time**" means the time on the Effective Date by which the Transfers of Funds (defined below) have been completed; or such other time as the Parties may subsequently agree to in writing as being the "Effective Time";

   iii. the repayment by the IESO of all Advances Outstanding (as defined in the Credit Agreement) exceeding $475 million; and,

   iv. the payment by the IESO to OFA of the interest then owing under the Credit Agreement.

15. The Parties shall endeavour to complete and exchange all usual documentation relating to the Transfers of Funds, and to any other related matters occurring on the Effective Date, prior to 5:00 p.m. on the Effective Date, and in any case no later than the next business day.

16. After the Effective Time, and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form attached hereto as Schedule 3 (the **"Grid Note"**) and indicating a total principal amount of Advances Outstanding as of the Effective Time. Upon receipt of the new Grid Note delivered hereunder, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO.

17. This Amending Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same Amending Agreement.

Hello Siva,

Our apologies if this has caused any confusion.

While Lenin may have provided these answers previously, given the particular sensitivity around the FHP file for the OFA, the objective in consulting with CEFD and Corporate Finance was to ensure that we fully understood the scope of the OIC, since CEFD led the FHP file for the OFA and procured this specific OIC. In future, we will advise you directly of any potential concerns with the inclusion of new OICs.

As a clarification, we are confirming available OIC authority amounts, not the amounts of credit facilities/loans outstanding. For example, the OICs associated with past auto sector loans still have available authority, but there are no such associated credit facilities or loans outstanding. For purposes of clarity, it may be advisable to consider modifying the notes in the Financial Statements to reflect this difference (please see attached e-mail with some suggestions).

Thanks,
Sarah

Hi Andrea,

Thank you for your initiative to search for the answers to San's questions on Loans and Credit facilities.

In the future, please don't ask CEFD or Corporate Finance on this matter. They don't need to know what Accounting is reporting. John Kim and Bruno are responsible for OEFC matters. The note disclosure is for the OFA Financial Statements. For completeness and accuracy purposes, Accounting Agencies section staff request Documentation to provide updated information to be reported in the OFA's Notes to the Financial Statements. This is like a confirmation of Credit Facility and Loan

numbers from documentation.

In the past, Lenin provided this information with supporting Excel spreadsheet and relevant OICs. Please note that this is not a new request from Accounting- Agencies section.

For each quarter we request this confirmation from documentation and we will continue sending this request in the future as well.

If you have any questions, please contact me.

Thanks
Siva

Hi,

I consulted Ken Kandeepan with respect to the appropriateness of including the IESO-OFA FHP related OIC in the reporting and he agrees it should be included.

The attached is the final report provided to Accounting for use in the financial statements as at Dec 31, 2017. I believe they pick up the total OIC amount which will jump by 2 billion and the date range which will be pushed to 2047 on the far end as a result of the addition of the FHP related OIC.

Andrea

Hi,

I have tentatively updated a report of OFA OIC amounts we provide to Accounting quarterly for financial reporting purposes to include the OIC that supports the $2 billion dollar Credit Facility Agreement between the OFA and IESO related to the Fair Hydro Plan.

As this is a significant addition, I would like to give interested parties the opportunity to consider the appropriateness of its inclusion.

Accounting should be able to provide you further details with respect to the nature of the reporting which is based on this input should it be needed.

Please let me know as soon as possible should there be an issue with its inclusion

Hi San,

Sarah asked me to address this request

The only changes are as follows:

OIC 1883/06 - $800,000,000 - the amended maturity date is June 1, 2041 (previously November 1, 2032).
OIC 2144/07 - $2,000,000,000 - the amended maturity date is June 1, 2041 (previously December 1, 2037).

and the changes have been made to the OFA Summary attached.

These updates take into account the amendment to the maturity dates incorporated in OIC 844/2008 (attached for your reference).

Other than that:

I can confirm that the total OIC amounts remains unchanged as of March 31, 2017. I can also confirm that there have been no additional OICs. I cannot however, comment on any loans or transactions undertaken under the OICs. Documentation does not keep track of this. If needed, I believe that Corporate Finance keeps track of this information. As such the supporting documentation provided is comprised of copies of the OIC's in question.

Andrea

Hi San

We confirm the authorized amounts for the OIC's in the attached table are unchanged totaling $16,916,000,000 as at September 30, 2017. I have cleaned up the spreadsheet a bit (please see attached) but the substance has not changed.

A suggestion for consideration in terms of wording:

Funds for these loans are advanced to the OFA by the Province through a combination of loans and credit facilities. The total advanced by the Province cannot exceed $16.916 billion.

The thinking behind this suggestion is as follows:

-the $16.916 billion is the total original authority available to the Province (under all OICs) to fund the OFA in support of the referenced public body financing.

-the financing to public bodies is through a combination of loans and credit facilities.

-the auto loan related OIC's do not specify a final repayment date

Let me know should you have any questions or concerns.

Hi Andrea,

This is what we disclose in the notes to OFA's quarterly and yearly financial statements. Provided below is the note in June 30, 2017 FS:

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

San

Hi San,

Sarah asked me to address this request

The only changes are as follows:

OIC 1883/06 - $800,000,000 - the amended maturity date is June 1, 2041 (previously November 1, 2032).

OIC 2144/07 - $2,000,000,000 - the amended maturity date is June 1, 2041 (previously December 1, 2037).

and the changes have been made to the OFA Summary attached.

These updates take into account the amendment to the maturity dates incorporated in OIC 844/2008 (attached for your reference).

Other than that:

I can confirm that the total OIC amounts remains unchanged as of March 31, 2017. I can also confirm that there have been no additional OICs. I cannot however, comment on any loans or transactions undertaken under the OICs. Documentation does not keep track of this. If needed, I believe that Corporate Finance keeps track of this information. As such the supporting documentation provided is comprised of copies of the OIC's in question.

Andrea

Hi Ken,

We are trying to finalize the attached worksheet for Accounting. I believe it is used in the statements to populate the highlighted sentence:

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

We have tentatively added the IESO-OFA FHP OIC to the worksheet but want to ensure this is both expected and acceptable.

We approached Corporate Finance/Corporate Electricity Finance to see if they had any concerns but have yet to hear back.

We are hoping that you may be able to confirm the appropriateness of its inclusion in light of the fact that it will cause a $2 billion jump in the amount reported and push the far date out to 2047.

Hi Andrea,
Thank you for your initiative to search for the answers to San's questions on Loans and Credit facilities.
In the future, please don't ask CEFD or Corporate Finance on this matter. They don't need to know what Accounting is reporting. John Kim and Bruno are responsible for OEFC matters. The note disclosure is for the OFA Financial Statements. For completeness and accuracy purposes, Accounting Agencies section staff request Documentation to provide updated information to be reported in the OFA's Notes to the Financial Statements. This is like a confirmation of Credit Facility and Loan numbers from documentation.
In the past, Lenin provided this information with supporting Excel spreadsheet and relevant OICs.
Please note that this is not a new request from Accounting- Agencies section.
For each quarter we request this confirmation from documentation and we will continue sending this request in the future as well.
If you have any questions, please contact me.

Hi San,

Sarah asked me to address this request

The only changes are as follows:

OIC 1883/06 - $800,000,000 - the amended maturity date is June 1, 2041 (previously November 1, 2032).

OIC 2144/07 - $2,000,000,000 - the amended maturity date is June 1, 2041 (previously December 1, 2037).

and the changes have been made to the OFA Summary attached.

These updates take into account the amendment to the maturity dates incorporated in OIC

844/2008 (attached for your reference).
Other than that:
I can confirm that the total OIC amounts remains unchanged as of March 31, 2017. I can also confirm that there have been no additional OICs. I cannot however, comment on any loans or transactions undertaken under the OICs. Documentation does not keep track of this. If needed, I believe that Corporate Finance keeps track of this information. As such the supporting documentation provided is comprised of copies of the OIC's in question.

Andrea

Hi,
I consulted Ken Kandeepan with respect to the appropriateness of including the IESO-OFA FHP related OIC in the reporting and he agrees it should be included.
The attached is the final report provided to Accounting for use in the financial statements as at Dec 31, 2017. I believe they pick up the total OIC amount which will jump by 2 billion and the date range which will be pushed to 2047 on the far end as a result of the addition of the FHP related OIC.

Hi,
I have tentatively updated a report of OFA OIC amounts we provide to Accounting quarterly for

financial reporting purposes to include the OIC that supports the $2 billion dollar Credit Facility Agreement between the OFA and IESO related to the Fair Hydro Plan.
As this is a significant addition, I would like to give interested parties the opportunity to consider the appropriateness of its inclusion.
Accounting should be able to provide you further details with respect to the nature of the reporting which is based on this input should it be needed.
Please let me know as soon as possible should there be an issue with its inclusion

Hi,
I consulted Ken Kandeepan with respect to the appropriateness of including the IESO-OFA FHP related OIC in the reporting and he agrees it should be included.
The attached is the final report provided to Accounting for use in the financial statements as at Dec 31, 2017. I believe they pick up the total OIC amount which will jump by 2 billion and the date range which will be pushed to 2047 on the far end as a result of the addition of the FHP related OIC.

Hi,
I have tentatively updated a report of OFA OIC amounts we provide to Accounting quarterly for financial reporting purposes to include the OIC that supports the $2 billion dollar Credit Facility Agreement between the OFA and IESO related to the Fair Hydro Plan.
As this is a significant addition, I would like to give interested parties the opportunity to consider the appropriateness of its inclusion.
Accounting should be able to provide you further details with respect to the nature of the reporting which is based on this input should it be needed.
Please let me know as soon as possible should there be an issue with its inclusion

Executive Council of Ontario/Conseil exécutif de l'Ontario **[Bilingual]**

Ontario

Order in Council
Décret

On the recommendation of the undersigned, the Lieutenant Governor of Ontario, by and with the advice and concurrence of the Executive Council of Ontario, orders that:

Sur la recommandation de la personne soussignée, la lieutenante-gouverneure de l'Ontario, sur l'avis et avec le consentement du Conseil exécutif de l'Ontario, décrète ce qui suit :

WHEREAS pursuant to subsection 22(1) of the *Capital Investment Plan Act, 1993* (the "Act"), the Minister of Finance may purchase securities of or make loans to corporations established under subsection 2(1) of the Act in such amounts, at such times and on such terms and conditions as the Lieutenant Governor in Council considers expedient;

AND WHEREAS the Ontario Financing Authority (the "OFA") is a corporation established under subsection 2(1) of the Act;

AND WHEREAS pursuant to subsection 6(3) of the Act, the power of a corporation established under subsection 2(1) of the Act to borrow and issue securities, among other things, may only be exercised under the authority of a by-law that has been approved by the Minister of Finance;

AND WHEREAS the OFA wishes to borrow up to Two Billion Dollars in lawful money of Canada from the Minister of Finance and has been authorized to do so by a borrowing by-law approved in accordance with the Act;

THEREFORE:

Pursuant to subsection 22 (1) of the Act, the Minister of Finance is authorized to lend a maximum of Two Billion Dollars in lawful money of Canada to the OFA on the following terms and conditions:

(a) the loan may be advanced in such amounts and at such time or times as required by the OFA;

(b) repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by December 31, 2047;

(c) each advance (an "Advance") made under the loan hereby authorized shall bear interest at a rate which is determined as follows:

(i) from the date of the Advance to (but excluding) the date of repayment the Advance shall bear interest at a per annum rate equivalent to the yield earned on

ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for longer than ninety days, the interest rate shall be reset on the last day of each ninety day period (the "Reset Date") to the yield earned on ninety day Province of Ontario treasury bills immediately preceding the Reset Date for such ninety day period as determined by the Province;

(ii) in the event that moneys included in an Advance are used by the OFA for the purpose of funding loans to third parties (a "Third Party Loan"), the rate of interest payable by the OFA to the Province on the portion of the Advance so used shall be adjusted effective as of the date that the portion of the Advance is used to fund the Third Party Loan so that the per annum rate of interest payable by the OFA on such moneys is equivalent to the per annum rate of interest payable to the OFA under the Third Party Loan less an amount as may be determined by the Minister of Finance in respect of such Third Party Loan or a class of such Third Party Loans, until but excluding the date on which the Third Party Loan is repaid, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently used to fund loans to third parties, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Province on that portion of the Advance used to fund such loan, and so on, until the Advance shall be repaid to the Province in full;

(iv) despite subparagraphs (ii) and (iii), in the event that no interest is payable to the OFA under a Third Party Loan, no interest shall be payable by the OFA on the portion of the Advance so used and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period.

(d) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(e) despite paragraph (b) of this Order, interest on any portion of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the OFA receives payment of interest under the relevant Third Party Loan;

(f) despite paragraph (b) of this Order, any portion of the principal of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall become payable only to the extent the OFA receives repayment of principal under the relevant Third Party Loan; and

(g) the loan hereby authorized shall be evidenced by a promissory note.

Hi,
I consulted Ken Kandeepan with respect to the appropriateness of including the IESO-OFA FHP related OIC in the reporting and he agrees it should be included.
The attached is the final report provided to Accounting for use in the financial statements as at Dec 31, 2017. I believe they pick up the total OIC amount which will jump by 2 billion and the date range which will be pushed to 2047 on the far end as a result of the addition of the FHP related OIC.
Regards,
Andrea

Hi,
I have tentatively updated a report of OFA OIC amounts we provide to Accounting quarterly for financial reporting purposes to include the OIC that supports the $2 billion dollar Credit Facility Agreement between the OFA and IESO related to the Fair Hydro Plan.
As this is a significant addition, I would like to give interested parties the opportunity to consider the appropriateness of its inclusion.
Accounting should be able to provide you further details with respect to the nature of the reporting which is based on this input should it be needed.
Please let me know as soon as possible should there be an issue with its inclusion
Regards,
Andrea

Hi San,

Sarah asked me to address this request

The only changes are as follows:

OIC 1883/06 - $800,000,000 - the amended maturity date is June 1, 2041 (previously November 1, 2032).

OIC 2144/07 - $2,000,000,000 - the amended maturity date is June 1, 2041 (previously December 1, 2037).

and the changes have been made to the OFA Summary attached.

These updates take into account the amendment to the maturity dates incorporated in OIC 844/2008 (attached for your reference).

Other than that:

I can confirm that the total OIC amounts remains unchanged as of March 31, 2017. I can also

confirm that there have been no additional OICs. I cannot however, comment on any loans or transactions undertaken under the OICs. Documentation does not keep track of this. If needed, I believe that Corporate Finance keeps track of this information. As such the supporting documentation provided is comprised of copies of the OIC's in question.

Andrea

Décret

On the recommendation of the undersigned, the Lieutenant Governor of Ontario, by and with the advice and concurrence of the Executive Council of Ontario, orders that:

Sur la recommandation de la personne soussignée, la lieutenante-gouverneure de l'Ontario, sur l'avis et avec le consentement du Conseil exécutif de l'Ontario, décrète ce qui suit :

WHEREAS pursuant to subsection 22(1) of the *Capital Investment Plan Act, 1993* (the "Act"), the Minister of Finance may purchase securities of or make loans to corporations established under subsection 2(1) of the Act in such amounts, at such times and on such terms and conditions as the Lieutenant Governor in Council considers expedient;

AND WHEREAS the Ontario Financing Authority (the "OFA") is a corporation established under subsection 2(1) of the Act;

AND WHEREAS pursuant to subsection 6(3) of the Act, the power of a corporation established under subsection 2(1) of the Act to borrow and issue securities, among other things, may only be exercised under the authority of a by-law that has been approved by the Minister of Finance;

AND WHEREAS the OFA wishes to borrow up to Two Billion Dollars in lawful money of Canada from the Minister of Finance and has been authorized to do so by a borrowing by-law approved in accordance with the Act;

THEREFORE:

Pursuant to subsection 22 (1) of the Act, the Minister of Finance is authorized to lend a maximum of Two Billion Dollars in lawful money of Canada to the OFA on the following terms and conditions:

(a) the loan may be advanced in such amounts and at such time or times as required by the OFA;

(b) repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by December 31, 2047;

(c) each advance (an "Advance") made under the loan hereby authorized shall bear interest at a rate which is determined as follows:

(i) from the date of the Advance to (but excluding) the date of repayment the Advance shall bear interest at a per annum rate equivalent to the yield earned on

ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for longer than ninety days, the interest rate shall be reset on the last day of each ninety day period (the "Reset Date") to the yield earned on ninety day Province of Ontario treasury bills immediately preceding the Reset Date for such ninety day period as determined by the Province;

(ii) in the event that moneys included in an Advance are used by the OFA for the purpose of funding loans to third parties (a "Third Party Loan"), the rate of interest payable by the OFA to the Province on the portion of the Advance so used shall be adjusted effective as of the date that the portion of the Advance is used to fund the Third Party Loan so that the per annum rate of interest payable by the OFA on such moneys is equivalent to the per annum rate of interest payable to the OFA under the Third Party Loan less an amount as may be determined by the Minister of Finance in respect of such Third Party Loan or a class of such Third Party Loans, until but excluding the date on which the Third Party Loan is repaid, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently used to fund loans to third parties, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Province on that portion of the Advance used to fund such loan, and so on, until the Advance shall be repaid to the Province in full;

(iv) despite subparagraphs (ii) and (iii), in the event that no interest is payable to the OFA under a Third Party Loan, no interest shall be payable by the OFA on the portion of the Advance so used and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period.

(d) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(e) despite paragraph (b) of this Order, interest on any portion of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the OFA receives payment of interest under the relevant Third Party Loan;

(f) despite paragraph (b) of this Order, any portion of the principal of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall become payable only to the extent the OFA receives repayment of principal under the relevant Third Party Loan; and

(g) the loan hereby authorized shall be evidenced by a promissory note.

Hello Siva,
Our apologies if this has caused any confusion.
While Lenin may have provided these answers previously, given the particular sensitivity around the FHP file for the OFA, the objective in consulting with CEFD and Corporate Finance was to ensure that we fully understood the scope of the OIC, since CEFD led the FHP file for the OFA and procured this specific OIC. In future, we will advise you directly of any potential concerns with the inclusion of new OICs.
As a clarification, we are confirming available OIC authority amounts, not the amounts of credit facilities/loans outstanding. For example, the OICs associated with past auto sector loans still have available authority, but there are no such associated credit facilities or loans outstanding. For purposes of clarity, it may be advisable to consider modifying the notes in the Financial Statements to reflect this difference (please see attached e-mail with some suggestions).
Thanks,
Sarah

Hi Andrea,
Thank you for your initiative to search for the answers to San's questions on Loans and Credit facilities.
In the future, please don't ask CEFD or Corporate Finance on this matter. They don't need to know what Accounting is reporting. John Kim and Bruno are responsible for OEFC matters. The note disclosure is for the OFA Financial Statements. For completeness and accuracy purposes, Accounting Agencies section staff request Documentation to provide updated information to be reported in the OFA's Notes to the Financial Statements. This is like a confirmation of Credit Facility and Loan numbers from documentation.
In the past, Lenin provided this information with supporting Excel spreadsheet and relevant OICs. Please note that this is not a new request from Accounting- Agencies section.
For each quarter we request this confirmation from documentation and we will continue sending this request in the future as well.
If you have any questions, please contact me.
Thanks
Siva

Hi,

I consulted Ken Kandeepan with respect to the appropriateness of including the IESO-OFA FHP related OIC in the reporting and he agrees it should be included.

The attached is the final report provided to Accounting for use in the financial statements as at Dec 31, 2017. I believe they pick up the total OIC amount which will jump by 2 billion and the date range which will be pushed to 2047 on the far end as a result of the addition of the FHP related OIC.

Hi,
I have tentatively updated a report of OFA OIC amounts we provide to Accounting quarterly for financial reporting purposes to include the OIC that supports the $2 billion dollar Credit Facility Agreement between the OFA and IESO related to the Fair Hydro Plan.
As this is a significant addition, I would like to give interested parties the opportunity to consider the appropriateness of its inclusion.
Accounting should be able to provide you further details with respect to the nature of the reporting which is based on this input should it be needed.
Please let me know as soon as possible should there be an issue with its inclusion
Regards,
Andrea

Hi San,

Sarah asked me to address this request

The only changes are as follows:

OIC 1883/06 - $800,000,000 - the amended maturity date is June 1, 2041 (previously November 1, 2032).

OIC 2144/07 - $2,000,000,000 - the amended maturity date is June 1, 2041 (previously December 1, 2037).

and the changes have been made to the OFA Summary attached.

These updates take into account the amendment to the maturity dates incorporated in OIC 844/2008 (attached for your reference).

Other than that:

I can confirm that the total OIC amounts remains unchanged as of March 31, 2017. I can also confirm that there have been no additional OICs. I cannot however, comment on any loans or transactions undertaken under the OICs. Documentation does not keep track of this. If needed, I believe that Corporate Finance keeps track of this information. As such the supporting documentation provided is comprised of copies of the OIC's in question.

Andrea

Hi San

We confirm the authorized amounts for the OIC's in the attached table are unchanged totaling $16,916,000,000 as at September 30, 2017. I have cleaned up the spreadsheet a bit (please see attached) but the substance has not changed.

A suggestion for consideration in terms of wording:

Funds for these loans are advanced to the OFA by the Province through a combination of loans and credit facilities. The total advanced by the Province cannot exceed $16.916 billion.

The thinking behind this suggestion is as follows:

-the $16.916 billion is the total original authority available to the Province (under all OICs) to fund the OFA in support of the referenced public body financing.
-the financing to public bodies is through a combination of loans and credit facilities.
-the auto loan related OIC's do not specify a final repayment date

Let me know should you have any questions or concerns.

Andrea

Hi Andrea,

This is what we disclose in the notes to OFA's quarterly and yearly financial statements. Provided below is the note in June 30, 2017 FS:

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

Thanks,
San

We are trying to get a better idea as to what is being communicated in order to hopefully determine if the Fair Hydro Plan OIC should be added given it is not included for the purposes of the OFA Lending Directive.

Subject: OIC Total Amount for OFA Loans as of Dec 31, 2017
Hi Ken,
We are trying to finalize the attached worksheet for Accounting. I believe it is used in the statements to populate the highlighted sentence:

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

We have tentatively added the IESO-OFA FHP OIC to the worksheet but want to ensure this is both expected and acceptable.

We approached Corporate Finance/Corporate Electricity Finance to see if they had any concerns but have yet to hear back.

We are hoping that you may be able to confirm the appropriateness of its inclusion in light of the fact that it will cause a $2 billion jump in the amount reported and push the far date out to 2047.

AND WHEREAS pursuant to subsection 6(3) of the Act, the power of a corporation to borrow and issue securities, among other things, may only be exercised under the authority of a by-law that has been approved by the Minister of Finance;

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

Subject: OIC Total Amount for OFA Loans as of Dec 31, 2017
Hi Ken,
We are trying to finalize the attached worksheet for Accounting. I believe it is used in the statements to populate the highlighted sentence:

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

We have tentatively added the IESO-OFA FHP OIC to the worksheet but want to ensure this is both expected and acceptable.

We approached Corporate Finance/Corporate Electricity Finance to see if they had any concerns but have yet to hear back.

We are hoping that you may be able to confirm the appropriateness of its inclusion in light of the fact that it will cause a $2 billion jump in the amount reported and push the far date out to 2047.

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

Hi Sarah,
I updated the spreadsheets as requested.
I also created the attached spreadsheet and saved it in the following folder to organize/manage OPG promissory notes under inactive Agreements:
Z:\Users\CMB\Documentation\Agreement Tracker
It provides the convenience of being searchable by maturity year. I note that the following 8 notes mature in 2018 (5 of which have already matured):

Agreement	Note	Amount	Maturity
Niagara Tunnel Project, September 21, 2005 $1,600,000,000	Jul 22/08 to Jul 22/18 at 5.497% per annum	$ 30,000,000.00	22-Jul-18
Niagara Tunnel Project, September 21, 2005 $1,600,000,000	Apr 22/08 to Apr 22/18 at 5.424% per annum	$ 30,000,000.00	22-Apr-18
Niagara Tunnel Project, September 21, 2005 $1,600,000,000	Jan 22/08 to Jan 22/18 at 5.218% per annum	$ 40,000,000.00	22-Jan-18
Portlands Energy Centre Project December 6, 2006 $400,000,000	Oct 22/08 to Oct 22/18 at 6.325% per annum	$ 20,000,000.00	22-Oct-18
Portlands Energy Centre Project December 6, 2006 $400,000,000	Jul 22/08 to Jul 22/18 at 5.497% per annum	$ 20,000,000.00	22-Jul-18
Portlands Energy Centre Project December 6, 2006 $400,000,000	Apr 22/08 to Apr 22/18 at 5.424% per annum	$ 20,000,000.00	22-Apr-18
Portlands Energy Centre Project December 6, 2006 $400,000,000	Jan 22/08 to Jan 22/18 at 5.218% per annum	$ 35,000,000.00	22-Jan-18
Refinancing Requirmenets Credit Facility Agremeent July 6, 2007 $950,000,000	Mar 24/08 to Mar 22/18 at 5.09% per annum	$ 200,000,000.00	22-Mar-18

I was able to find all Promissory Notes in the vault with the exception of one:
Agreement: Niagara Tunnel Project, September 21, 2005 $1,600,000,000:
Note: July 23/12 to July 22/22 at 2.981% per annum, $45,000,000
I note that it was also missing from the "Inventory in vault as of 12 June 2015" spreadsheet, which suggests it may have been missing for some time.
Happy to discuss further as always.
Thanks,
Ryan

Subject: OPG Agreement Summaries
HI Ryan,
I'm trying to provide Opal with updated summaries on active IESO and OPG Agreements, and I'm trying to ensure that they are properly reflected in an agreement tracer that Karin has prepared. I'm going to ask you to handle the OPG agreement summaries.
More specifically, there have been detailed summaries that have been maintained for some OPG agreements (example of attached), and there is the tracker which Karin has prepared that contains the bare material amendments. Could you please provide updated more detailed summaries of any **outstanding OPG agreements** for which we are **actively** using to provide loans (that is, where we have the ability to advance new loans) and ensure that the key material changes are reflected in the cells in the tracker. The tracker contains the most recent 2.35M credit facility, so I think that is the only active one.
However, I also see there are a number of agreements have outstanding prom notes under them that we are not actively using (i.e. they can't take out new loans), but there are still unmatured loans under them. I don't want to do summaries for those loan agreements, but I would separately want to ensure that we update the attached OPG Balances Spreadsheet, and then we actively manage the maturing prom notes in the vault.
We can talk tomorrow about that, as well as the OEFC OIC.
Of course, EMTN is the priority, so primary attention is on that…
Thanks,
Sarah

Hi Rob,
Thanks, I will talk to Sarah about possibly increasing the buffer.
Just to confirm, until December 31, 2018 there will be no **new** OPG borrowing that falls outside the scope of the attached credit facility, correct?
Also, do you have a preference of when to seek OIC approval? Given that we have adequate borrowing authority available to bring us to the end of fiscal year 2018-2019, does it make sense to wait until Fall 2018 to seek approval? Linda said the attached OPG credit facility could possibly be amended again this fall (or a new facility could be negotiated) and by waiting our forecasts for fiscal year 2019-20 could be improved. Alternatively, we could seek an OIC to meet borrowing requirements for a shorter window (ie not all the way until the end of fiscal year 2020).
Thank you,
Ryan

Hi Ryan,
Looks reasonable, I would note that OPG loans in 2019-20 may be higher than the $365M forecast especially considering that the OPG note maturities are $505M.
Thanks
Rob

Hi Rob,
Based on the OPG borrowing plan forecast provided by Linda (attached), it seems we have more than enough existing borrowing authority to bring us to the end of fiscal year 2018-2019. Based on current projections, if we want to look ahead and include fiscal year 2019-2020 borrowing we would need to request an OIC for an additional $182 Million based on current estimates.
As there is $950M still available in the OPG Credit Facility that expires December 31, 2018 ($2.35 Billion original amount less $1.4 Billion advanced thus far) and the projections only called for $719 in new OPG loans in 2018-2019 I included a contingency buffer of $231M.
Do these figures make sense to you? Please let me know if you have any comments or thoughts.
Thank You,
Ryan

Hi Rob,

I reached out to the Documentation to get clarification on this, as we knew there were several amendments since the first agreement signed on June 17, 2016. Please see the attached amended version, where it clarifies that the credit facility is for Jan 1, 2017 – Dec 31, 2017.

Please let me know if you have any further questions.

Hi Rob,

I thought the loan agreement needs to be consistent with the Minister's Directive, isn't that the case? The Directive package signed by the Minister is for 2017 calendar year.

Hi Rob,
Thanks for providing this, however this has some difference in our understanding. According to the Directive package (1st attachment), in the BN, it mentioned that the $700M credit facility is for 2017 calendar year. Also, there's a joint OPG funding and Liquidity BN (2nd attachment) from CEFD and CMD that talks about the credit facility too. The second bullet under the "Current Status" also said that the $700M is for Jan 1, 2017 – Dec 31, 2017.
Would you be able to get further verification on this?

AMENDING AGREEMENT NO. 3

This Amending Agreement made as of the 6th day of September, 2017.

BETWEEN: **ONTARIO POWER GENERATION INC. ("OPG")**
As Borrower

AND: **ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC")**
As Lender

WHEREAS OPG and OEFC entered into a Credit Facility Agreement dated June 17, 2016, as amended by Amending Agreement No. 1 dated September 7, 2016, and Amending Agreement No. 2 dated February 2, 2017 (the "Agreement", the terms defined therein being used herein as therein defined), providing for OPG to borrow from OEFC a principal amount of up to Seven Hundred Million Dollars;

AND WHEREAS the Agreement provides that advances under the Agreement only occur during the period starting on January 1, 2017 and ending on December 31, 2017;

AND WHEREAS as of the date hereof, the total principal amount outstanding under the Agreement is $400,000,000.00;

AND WHEREAS OPG and OEFC have now agreed to increase the total commitment amount under the Agreement to an amount of up to Two Billion Three Hundred Fifty Million Dollars, with no more than One Billion Five Hundred Million Dollars to be advanced prior to January 1, 2018;

AND WHEREAS OPG and OEFC now agree to amend the Agreement so that advances under the Agreement may occur during the period starting on January 1, 2017 and ending on December 31, 2018.

THEREFORE, in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and subject to the terms and conditions hereinafter set out, the parties agree that:

1. The definition of the term "**Commitment**" in Section 1.1 of the Agreement is deleted and replaced with the following :

   "Commitment" means, at any time, an amount equal to the principal amount of Two Billion Three Hundred Fifty Million Dollars;

2. The definition of the term "**General Corporate Requirements**" in Section 1.1 of the Agreement is deleted and replaced with the following :

"General Corporate Requirements" means OPG's general corporate requirements for the period from January 1, 2017 to December 31, 2018, comprised of the Darlington Requirements and the Other General Corporate Requirements;

3. The definition of the term "**Other General Corporate Requirements**" in Section 1.1 of the Agreement is deleted and replaced with the following :

"Other General Corporate Requirements" means OPG's general corporate requirements for the period from January 1, 2017 to December 31, 2018, other than the Darlington Requirements;

4. On or after the date of this Amending Agreement, the definition of the term "**Base Rate**" in Section 1.1 of the Agreement is deleted and replaced with the following :

"**Base Rate**" means an annual rate of interest comprised of the applicable yield for the Benchmark Government of Canada bonds as published by Bloomberg RBCB as of the Business Day immediately preceding the Advance Date for the term specified in the applicable Notice of Borrowing, and includes all costs of borrowing, including applicable fees and commissions. In the event that there are no Benchmark Government of Canada bonds listed at the time of the Advance with the same term, the rate shall be established by interpolating the terms of two Benchmark Government of Canada bonds that are closest to the term of the Advance, one being for a longer term and the other being for a shorter term. Where the OEFC has hedged the Advance, the applicable yield for the Benchmark Government of Canada bonds will be determined as follows:

a) For the principal amount of bonds hedged by the OEFC the weighted average yield of the hedged bonds;

b) For the principal amount of the Advance less the principal amount of the bonds hedged in a), the yield as published by Bloomberg RBCB as of the Business Day immediately preceding the Advance Date for the term specified in the applicable Borrowing Notice.

For purposes of calculating the principal amount hedged in item a) above, OEFC will provide the percentage hedged.

5. Section 3.1 of the Agreement "**Advances**" is deleted and replaced with the following:

OEFC agrees, on the terms and conditions of this Agreement, to make Advances to OPG under the Credit Facility from time to time on any Business Day after January 1, 2017 and prior to January 1, 2019. OPG shall not request Advances more than twelve (12) times per calendar year without first obtaining the prior written consent of OEFC. OPG may request at the same time Advances for the Darlington Requirements and for the Other General Corporate Requirements. It is anticipated that OPG will request these Advances approximately monthly throughout a calendar year. The total of all Advances made prior to January 1, 2018 shall not be more than One Billion Five Hundred Million Dollars.

The Repayment Date of each Proposed Advance to be made in 2017 shall be such that the Repayment Date is no more than 30 years after the date of the Proposed Advance for 2017.

The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC.

For greater certainty, no Advances shall be made under this Agreement after December 31, 2018.

5. The definition of the term "**Subsidiary**" in Section 1.1 of the Agreement is deleted and replaced with the following:

"Subsidiary" means:

(a) a corporation with more than 50% of the voting power or the outstanding Voting Shares of which is owned, directly or indirectly, by OPG or by one or more other Subsidiaries or by OPG and one or more other Subsidiaries,

(b) any Person (other than a corporation) in which OPG, or one or more other Subsidiaries, directly or indirectly, has at least a major ownership and power to direct the policies, management and affairs thereof,

(c) notwithstanding sub-sections (a) and (b) above, any Person that is a "financing entity" as defined in the *Ontario Fair Hydro Plan Act, 2017* (Ontario) is deemed not to be a Subsidiary.

6. Section 3.2 of the Agreement is deleted and replaced with the following:

OPG shall provide OEFC with written notice requesting an Advance at least 10 Business Days prior to the date of the Advance. Each such notice (a **"Borrowing Notice"**) shall be substantially in the form of Schedule 1 and shall specify, with respect to each Proposed Advance: (a) the date of the Advance (the **"Advance Date"**); (b) the principal amount of the Advance; (c) the purpose of the Advance, that is, whether it is for Darlington Requirements or Other General Corporate Requirements; (d) the Repayment Date of the Advance; and (e) the Interest Payment Dates. The interest rate that shall apply to such Advance shall be set in accordance with the procedure set forth in Section 3.4.

7. Schedule 1 of the Agreement (Form of Borrowing Notice) is deleted and replaced with the Form of Borrowing Notice attached hereto as Schedule 1.

IN ALL OTHER RESPECTS, the said Agreement is confirmed by the parties as further amended by the terms of this Amending Agreement.

IN WITNESS WHEREOF the parties hereto have executed this Amending Agreement as of the date first written above.

Hi,
We have located the original Prom Note for attached (2.16 billion) and it is now in the Documentation vault for safekeeping (Settlements had it in their vault).
However, the one for the 656 million (my guess would be it was dated around April 21, 1999) is still missing in action. It may be worth double checking at the OFA legal side?

Andrea

Hi,
Documentation is not holding either of the Prom Notes in its vault.
A while back, we reached out to Sarah Neville and Malle to see if they may have them but are unaware if they had any luck locating the notes.
We have an unexecuted copy of the one associated with OIC 675-97 per attached.
For the OIC 767-99 we do not have any record/copy of the Prom note but it would be for 650M with ultimate repayment date of 8/31/2029 an my guess would be it was done around April 21, 1999.
We are unsure which loans were allocated to each OIC but have an aggregate spreadsheet for the two OIC's together. I have asked Daki in CF (somewhat circular given Mara forwarded the request) to check the documentation and their records around the Ottawa Convention Centre (we have no file for OCC at this end) to see if any OIC is specifically mentioned. I will let you know the findings.
Can you double check the Prom Notes (originals) at the LSB side to see if any of them match up to details above and let me know?
Regards,
Andrea

Hi Sarah and Malle,
As we have been working on the documents and OIC for the new OFA-IESO FHP credit facility, I was

looking at the existing OFA OIC 675/97 (see page 10 of the attached .pdf) which underpins the existing 975M OFA-IESO credit facility as well as various other OFA loans. While there are no active IESO advances under this loan, there are other active OFA loans to third parties under this OIC. Accompanying the 675/97 (on p. 14 of the attached .pdf) is a form of prom note issued by the OFA to the Minister of Finance on any loans the OFA borrows from the Minister in relation to that OIC. I am trying to locate the executed prom note for this OIC675/97. We have looked in the Documentation safe and it is not in there.
Would you have any record of this prom note having been executed?
Thanks,
Sarah

Promissory Note

For value received, the Ontario Financing Authority (the "Borrower") promises to pay to Her Majesty the Queen in right of Ontario as represented by the Minister of Finance, Province of Ontario (the "Lender") at the City of Toronto in lawful money of Canada, the lesser of:

(i) Two Billion One Hundred and Sixty Million Dollars; and
(ii) the aggregate unpaid principal balance of all advances made by the Lender as recorded on the reverse of this note or on any attachment described below;

at such time and on such other terms and conditions including the payment of interest as follows;

(a) the Borrower shall be entitled to advances of the loan (an "Advance") in such amounts and at such times as it requires;

(b) the Borrower shall be entitled to repay Advances either in whole or in part and at such time or times as it determines provided that all Advances shall be fully repaid by August 31, 2027;

(c) the Borrower shall be entitled to use the loan as a revolving credit facility allowing for successive advances of moneys repaid under the loan; provided that the maximum principal amount of the loan outstanding at any time shall not exceed Two Billion One Hundred and Fifty-Five Million Dollars;

(d) the Borrower shall pay to the Lender interest on each Advance at a rate which is determined as follows:

(i) from the date of advance to (but excluding) the date of repayment the Borrower shall pay to the Lender interest on the Advance at a per annum rate equivalent to that paid on ninety day Province of Ontario treasury bills (determined as at the auction date immediately preceding the date of the Advance), provided that if an Advance is outstanding for ninety days or longer, the interest rate shall be reset automatically on the last day of each ninety day period (the "Reset Date") to the rate paid on ninety day Province of Ontario treasury bills as at the auction date immediately preceding the Reset Date for such ninety day period;

(ii) in the event that moneys included in an Advance are subsequently loaned by the Borrower to third parties for the purposes contemplated in the Act, (a "Third Party Loan") the rate of interest payable by the Borrower to the Lender on the portion of the Advance "on-loaned" may be adjusted at the option of the Borrower effective as of the date of the Third Party Loan so that the per annum rate of interest payable by the Borrower on such moneys is equivalent to either

(A) the per annum rate of interest payable to the Borrower under the Third Party Loan, or

(B) the per annum rate of interest payable to the Borrower under the Third Party Loan less 25 basis points,

rather than the rate specified in subparagraph (i), until (but excluding) the date on which the Third Party Loan is repaid, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently loaned to third parties again, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Lender on that portion of the Advance included in any subsequent loan, and so on, until the Advance shall be repaid to the Province in full;

The undersigned authorizes the Lender to record on the reverse of this note or on any attachment to this note all advances, repayments and prepayments of principal and interest and the unpaid balance of principal from time to time. The undersigned agrees that in the absence of manifest error the record kept by the Lender on this note or any attachment shall be conclusive evidence of the matters recorded, provided that the failure of the Lender to record or correctly record any amount or date shall not affect the obligation of the undersigned to pay the outstanding principal amount of the Advances and interest.

Hi,
To clarify- the dating may have moved from April 21, 1999 if the 656 million prom note was adjusted for the extended final repayment date (OIC 767/99 repayment extended to June 1, 2041) per the amending OIC attached.
We have not found any evidence of an amended Prom Note for the 2.16 billion which was also pushed out by the amending OIC attached (OIC 675/97 repayment extended to June 1, 2041).
I suspect the prom notes may not have been replaced with ones with extended dates but have been unable to confirm with certainty. Although seems logical given able to locate original for unextended prom note associated with the 2.16B.

Andrea

Hi,
Can you send us a scanned copy of the 2.16 billion one? That would be helpful.
I will look at the blanket order angle..
Thank you for investigating.

We have a signed copy of the one dated April 4, 1997 for $2.16 billion which goes with 675/97.
These OIC's were amended by a blanket Order in 2008 so may be it might be with that file?

Hi,
Yes we are looking for the executed promissory notes. The originals are preferred but copies of the executed notes would be helpful in case the originals are never located.

Hi,
Documentation is not holding either of the Prom Notes in its vault.
A while back, we reached out to Sarah Neville and Malle to see if they may have them but are unaware if they had any luck locating the notes.
We have an unexecuted copy of the one associated with OIC 675-97 per attached.
For the OIC 767-99 we do not have any record/copy of the Prom note but it would be for 650M with ultimate repayment date of 8/31/2029 an my guess would be it was done around April 21, 1999.
We are unsure which loans were allocated to each OIC but have an aggregate spreadsheet for the two OIC's together. I have asked Daki in CF (somewhat circular given Mara forwarded the request) to check the documentation and their records around the Ottawa Convention Centre (we have no file for OCC at this end) to see if any OIC is specifically mentioned. I will let you know the findings.
Can you double check the Prom Notes (originals) at the LSB side to see if any of them match up to details above and let me know?
Regards,

Andrea

Hi Sarah and Malle,
As we have been working on the documents and OIC for the new OFA-IESO FHP credit facility, I was looking at the existing OFA OIC 675/97 (see page 10 of the attached .pdf) which underpins the existing 975M OFA-IESO credit facility as well as various other OFA loans. While there are no active IESO advances under this loan, there are other active OFA loans to third parties under this OIC. Accompanying the 675/97 (on p. 14 of the attached .pdf) is a form of prom note issued by the OFA to the Minister of Finance on any loans the OFA borrows from the Minister in relation to that OIC. I am trying to locate the executed prom note for this OIC675/97. We have looked in the Documentation safe and it is not in there.
Would you have any record of this prom note having been executed?
Thanks,
Sarah

Hi,

We are looking for the original of the attached Prom Note and are wondering if Settlement's has it for safekeeping. Note the date may have be pushed out in (b) to June 1, 2041.

Also, we are looking for another similar Prom Note for 656 million likely dated in April or May 1999 with ultimate repayment date of either Aug 31, 2029 or likewise amended to June 1, 2041.

Can you please check and see if Settlements have either of these in safekeeping?

We are looking for them in association with the Ottawa Congress Centre loan as Corporate Finance is working on an issue with that loan which falls under one of the two Prom Notes.

Subject: Quest for Original Prom Notes OFA/Province
Hi,
We are looking for the original of the attached Prom Note and are wondering if Settlement's has it for safekeeping. Note the date may have be pushed out in (b) to June 1, 2041.
Also, we are looking for another similar Prom Note for 656 million likely dated in April or May 1999 with ultimate repayment date of either Aug 31, 2029 or likewise amended to June 1, 2041.
Can you please check and see if Settlements have either of these in safekeeping?
We are looking for them in association with the Ottawa Congress Centre loan as Corporate Finance is working on an issue with that loan which falls under one of the two Prom Notes.

Hi JF,
Just to clarify, Kelly had previously amended the last IESO –OEFC credit facilities, but at the time he left, no further revisions were immediately pending. Ryan requested to 'take over' the IESO facilities, so we (Kelly, Ryan, and I) had a brief hand-off meeting to provide brief background on the facilities, with the understanding that Ryan would take care of any future amendments. IESO had mentioned a short time ago that it might be looking to address any OEFC changes after the OFA facilities were completed, but there were no working drafts, since the nature of the changes were not known.
All that to say, there is currently no OEFC-IESO draft amending agreements for the FHP changes. Ryan will need to draft, but will need to see the FHP lien/negative pledge clauses in the OFA-IESO credit facilities that were just signed.

The title of your email below states "IESO-OEFC Update" yet the agreements you forwarded are the ones for IESO-OFA which we already have. Please advise as I understood from Sarah that Kelly was previously working on these 2 IESO-OEFC credit facility agreements. Did you forward the wrong documents?

An additional question I have is whether OEFC's lending policies permit for the intercept provision to be applied the same way as for the OFA? Also, is the goal of the 2 IESO-OEFC credit facility agreements to incorporate FHP elements or do they serve a separate purpose altogether? Any background you can provide to bring me up to speed would be helpful.

Hi JF,
Sorry for the confusion. I am getting familiar with task myself. My understanding is IESO requires OEFC agreements for $160M Revolving Credit Facility Agreement and $120M Agreement Providing for Issuance of a Note to reflect most of the provision updates from the FHP Credit Facility. For your reference I included the FHP Agreement.
According to Lisa Stein email attached OEFC is not subject to OFA's lending policies.

No, I don't think the OFA Lending Policy would apply to these OEFC loans. The OFA Lending Policy addresses lending activities to public bodies undertaken where the OFA is acting as an intermediary on behalf of the Province.

Hi Will,
The title of your email below states "IESO-OEFC Update" yet the agreements you forwarded are the ones for IESO-OFA which we already have. Please advise as I understood from Sarah that Kelly was

previously working on these 2 IESO-OEFC credit facility agreements. Did you forward the wrong documents?
An additional question I have is whether OEFC's lending policies permit for the intercept provision to be applied the same way as for the OFA? Also, is the goal of the 2 IESO-OEFC credit facility agreements to incorporate FHP elements or do they serve a separate purpose altogether? Any background you can provide to bring me up to speed would be helpful.
Thanks,
JF

Thanks Sarah, I do not have the most recent executed IESO-OEFC credit facilities Kelly amended. Are these available in the electronic folder?
This being said, I agree that we require some internal direction before we "just copy and paste the salient sections from these agreements" (as Anthony put it) as we would need to ensure this makes sense in the context of OEFC.
Thanks,

Hi JF,
Just to clarify, Kelly had previously amended the last IESO –OEFC credit facilities, but at the time he left, no further revisions were immediately pending. Ryan requested to 'take over' the IESO facilities, so we (Kelly, Ryan, and I) had a brief hand-off meeting to provide brief background on the facilities, with the understanding that Ryan would take care of any future amendments. IESO had mentioned a short time ago that it might be looking to address any OEFC changes after the OFA facilities were completed, but there were no working drafts, since the nature of the changes were not known.
All that to say, there is currently no OEFC-IESO draft amending agreements for the FHP changes. Ryan will need to draft, but will need to see the FHP lien/negative pledge clauses in the OFA-IESO credit facilities that were just signed.
Thanks,
Sarah

Hello Sarah,

From the guidance I received yesterday, IESO wishes to share the FHP Agreement with TD Bank. TD Bank wants to ensure that OPG's eventual FHP related debt does not rank ahead of the TD Bank outstanding line of credit with IESO and we are to redact sections of the FHP Agreement that are proprietary.

I am taking a conservative view. I recommend to remove quantitative descriptions, dates and non-standard lien, event default provisions and Intercept Provision. Without the opportunity to compare our agreement against TD Bank's agreement sections on Permitted Liens, Event Default, Covenants of IESO, Negative Pledge etc. we may not know exactly what is proprietary.

Please find he attached FHP Agreement. I have highlighting the areas in yellow that I recommend to redact.

Thanks,

Will

Other than that, the letter looks fine and I don't have any additional comments.

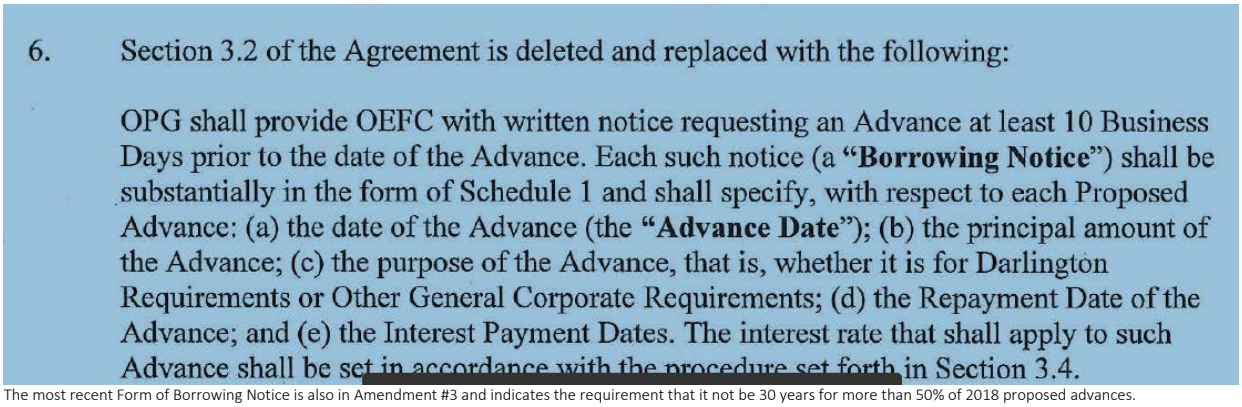
Hi Caroline,
Thought this might help ahead of our call.
Section 3.1 of the Agreement as amended (extract is from Amendment#3):



5. Section 3.1 of the Agreement "**Advances**" is deleted and replaced with the following:

> OEFC agrees, on the terms and conditions of this Agreement, to make Advances to OPG under the Credit Facility from time to time on any Business Day after January 1, 2017 and prior to January 1, 2019. OPG shall not request Advances more than twelve (12) times per calendar year without first obtaining the prior written consent of OEFC. OPG may request at the same time Advances for the Darlington Requirements and for the Other General Corporate Requirements. It is anticipated that OPG will request these Advances approximately monthly throughout a calendar year. The total of all Advances made prior to January 1, 2018 shall not be more than One Billion Five Hundred Million Dollars.
>
> The Repayment Date of each Proposed Advance to be made in 2017 shall be such that the Repayment Date is no more than 30 years after the date of the Proposed Advance for 2017.
>
> The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC.
>
> For greater certainty, no Advances shall be made under this Agreement after December 31, 2018.

All (100%) Proposed advances in 2018 to date have been for 30 years which is in violation (Unless waived) of the following part of the section above:

> The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC.

Most recent Section 3.2 language (Amendment #3):

6. Section 3.2 of the Agreement is deleted and replaced with the following:

OPG shall provide OEFC with written notice requesting an Advance at least 10 Business Days prior to the date of the Advance. Each such notice (a **"Borrowing Notice"**) shall be substantially in the form of Schedule 1 and shall specify, with respect to each Proposed Advance: (a) the date of the Advance (the **"Advance Date"**); (b) the principal amount of the Advance; (c) the purpose of the Advance, that is, whether it is for Darlington Requirements or Other General Corporate Requirements; (d) the Repayment Date of the Advance; and (e) the Interest Payment Dates. The interest rate that shall apply to such Advance shall be set in accordance with the procedure set forth in Section 3.4.

The most recent Form of Borrowing Notice is also in Amendment #3 and indicates the requirement that it not be 30 years for more than 50% of 2018 proposed advances.
All this needs to be waived given all advances to date under the Agreement have been for 30 years in 2018. Specifically, the current one is also 30 years.
Regards,

Andrea

Will,

Please find attached the following documents signed by IESO:

1. Amending Agreement #10 to the Jan. 1, 2005 Credit Agreement;
2. Certified IESO Board Resolution and Incumbency Certificate;
3. Scan of the $2 Billion Grid Note.
4. Intercept Letter Agreement.

I will send the new Revolving Credit Facility Agreement in relation to FHP under a separate email immediately following.

We have already overnighted the original grid note for $2 billion and an original Intercept Letter signed by all parties. Per your request, we will send original agreement signature pages for both agreements as well – can we send those tomorrow or do you need the overnighted too?

Let us know. We look forward to receiving your confirmation of closing.

Victor

Just so I get it right, should I courier the hardcopies of the Intercept Letter and Note to your attention and address, Will? Call me if it's quicker.

Hi Victor,

Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?

You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.

Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to IESO.

Thanks,

Will

Hardcopy of Intercept Letter to follow as you prefer – overnight or pickup? We also need to make arrangements re delivery of the $2Bn Grid Note.

Per s.16 of AA#10, the other Note for $475MM is to be delivered following the Effective Time in exchange for the return by OFA of the Nov 30 2016 Note for $975MM.

I will scan and send all documents you listed in their entirety, not just signature pages. Can you confirm, are you saying you want a scan of the $475MM grid note?

Just so I get it right, should I courier the hardcopies of the Intercept Letter and Note to your attention and address, Will? Call me if it's quicker.

Hi Victor,

Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?

You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.

Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to IESO.

Thanks,

Will

Hi Will – I have a signing meeting scheduled with our signatory at 2:30pm this afternoon – so I will send you counterpart signatures and a scanned version of the Intercept Letter by 3:00pm or possibly earlier.

Hardcopy of Intercept Letter to follow as you prefer – overnight or pickup? We also need to make arrangements re delivery of the $2Bn Grid Note.

Per s.16 of AA#10, the other Note for $475MM is to be delivered following the Effective Time in exchange for the return by OFA of the Nov 30 2016 Note for $975MM.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date**"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

6. Section 3.2 "Procedures for Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

"(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. I will scan and send all documents you listed in their entirety, not just signature pages. Can you confirm, are you saying you want a scan of the $475MM grid note?

Just so I get it right, should I courier the hardcopies of the Intercept Letter and Note to your attention and address, Will? Call me if it's quicker.

Hi Victor,

Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?

You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter

- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.
Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to IESO.
Thanks,
Will

Hi Will – I have a signing meeting scheduled with our signatory at 2:30pm this afternoon – so I will send you counterpart signatures and a scanned version of the Intercept Letter by 3:00pm or possibly earlier.
Hardcopy of Intercept Letter to follow as you prefer – overnight or pickup? We also need to make arrangements re delivery of the $2Bn Grid Note.
Per s.16 of AA#10, the other Note for $475MM is to be delivered following the Effective Time in exchange for the return by OFA of the Nov 30 2016 Note for $975MM.

ARTICLE 2
REVOLVING CREDIT FACILITY

Section 2.1 Availability.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO. The OFA shall make each Advance in Dollars.

Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Section 2.4 Mandatory Repayment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

Section 2.5 Prepayments.

The IESO is not entitled to prepay any part of the Advances Outstanding or the interest accrued thereon without the prior written consent of the OFA.

Section 2.6 Payments under this Agreement.

(1) The OFA shall make Advances to the IESO under this Agreement to or to the order of the IESO by wire transfer of immediately available funds in accordance with wire transfer instructions given by the IESO to the OFA from time to time, or in such other manner as the IESO may specify to the OFA from time to time.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

Section 2.7 Computations of Interest.

(1) All computations of interest shall be made by the OFA taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 2.9 Application of Payments.

All payments made by the IESO under this Agreement shall be applied firstly to the payment of interest payable to the OFA on late payments of principal or interest hereunder, secondly, to the payment of accrued and unpaid interest payable to the OFA hereunder and thirdly, to the payment of the outstanding principal amount of any Advances payable to the OFA.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date**"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

   "**Advances**" means advances made by the OFA to the IESO under Article 3 and "Advance" means any one of such advances, and in the case of an election by the IESO under Section 3.3, includes a "Continued Advance", as defined in Section 3.3(1), as applicable."

2. The definition of "**Commitment**" in Section 1.1 of the Credit Agreement is amended by deleting "$975,000,000" and substituting "$475,000,000" therefor.

4. The following definitions are added to Section 1.1 of the Credit Agreement:

   "**New Repayment Date**" has the meaning specified in Section 3.3(2).

   "OFHP" means the *Ontario Fair Hydro Plan Act, 2017*, S.O. 2017, c. 16, Schedule 1, including any regulations made thereunder, and all as amended from time to time.

5. Section 2.3 "Use of Proceeds" of the Credit Agreement is deleted in its entirety (with the exception of the title of the section, which exception also applies regarding the amendments made under sections 6, 7 and 8 hereof) and replaced by the following:

6. Section 3.2 "Procedures for Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

"(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall be no earlier than 28 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.3. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the **"Grid Note"**). Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement."

7. Section 3.3 "Elections Regarding Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

"(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 28 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment

Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date."

8. Section 5.2 "Acceleration of Maturity; Recission and Annulement" of the Credit Agreement is deleted in its entirety and replaced by the following:

"If an Event of Default occurs and is continuing, then and in every such case the OFA may at its option, in addition to any other remedy available to the OFA at law, by written notice to the IESO, take any or all of the following actions:

(a) suspend the right of the IESO to request any further Advance until the Event of Default has been cured to the OFA's satisfaction or, if the Event of Default is not cured within three (3) Business Days after the date on which written notice of such Event of Default shall have been given to the IESO by the OFA, declare all amounts owing hereunder including all interest accrued to be due and payable immediately, by a notice in writing to the IESO, and upon any such declaration all such amounts shall become immediately due and payable.

On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

10. Section 7.9 "Entire Agreement' is added to the Credit Agreement, stating as follows:

"Section 7.9 Entire Agreement

This Agreement as amended from time to time and including the schedules hereto and any other agreements expressly referred to herein, constitutes the whole agreement between the Parties with respect to the matters dealt with in it, and it supersedes any prior agreement, undertakings, discussions and the like respecting the matters dealt with in this Agreement and entered into by the Parties before the date the OFA signs this Agreement."

11. Schedule 1 of the Credit Agreement, Form of Borrowing Notice, is deleted in its entirety and replaced by the Form of Borrowing Notice attached hereto as Schedule 1.

12. Schedule 2 of the Credit Agreement, Form of Election Notice, is deleted in its entirety and replaced by the Form of Election Notice attached hereto as Schedule 2.

   ii. the completion of all Advances described in the Election Notice to be provided by the IESO to the OFA no later than November 17, 2017 (such terms having the meanings defined in the Credit Agreement) that are to be funded under the Credit Agreement on the Effective Date; and,

   iii. the repayment by the IESO of all Advances Outstanding (as defined in the Credit Agreement) exceeding $475 million; and,

   iv. the payment by the IESO to OFA of the interest then owing under the Credit Agreement.

15. The Parties shall endeavour to complete and exchange all usual documentation relating to the Transfers of Funds, and to any other related matters occurring on the Effective Date, prior to 5:00 p.m. on the Effective Date, and in any case no later than the next business day.

16. After the Effective Time, and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form attached hereto as Schedule 3 (the **"Grid Note"**) and indicating a total principal amount of Advances Outstanding as of the Effective Time. Upon receipt of the new Grid Note delivered hereunder, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO.

17. This Amending Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same Amending Agreement.

I will scan and send all documents you listed in their entirety, not just signature pages. Can you confirm, are you saying you want a scan of the $475MM grid note?
Just so I get it right, should I courier the hardcopies of the Intercept Letter and Note to your attention and address, Will? Call me if it's quicker.

Hi Victor,
Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?
You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.
Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to

IESO.
Thanks,
Will

Hi Will – I have a signing meeting scheduled with our signatory at 2:30pm this afternoon – so I will send you counterpart signatures and a scanned version of the Intercept Letter by 3:00pm or possibly earlier.
Hardcopy of Intercept Letter to follow as you prefer – overnight or pickup? We also need to make arrangements re delivery of the $2Bn Grid Note.
Per s.16 of AA#10, the other Note for $475MM is to be delivered following the Effective Time in exchange for the return by OFA of the Nov 30 2016 Note for $975MM.

   "**Advances**" means advances made by the OFA to the IESO under Article 3 and "Advance" means any one of such advances, and in the case of an election by the IESO under Section 3.3, includes a "Continued Advance", as defined in Section 3.3(1), as applicable."

2. The definition of "**Commitment**" in Section 1.1 of the Credit Agreement is amended by deleting "$975,000,000" and substituting "$475,000,000" therefor.

4. The following definitions are added to Section 1.1 of the Credit Agreement:

   "**New Repayment Date**" has the meaning specified in Section 3.3(2).

   "OFHP" means the *Ontario Fair Hydro Plan Act, 2017*, S.O. 2017, c. 16, Schedule 1, including any regulations made thereunder, and all as amended from time to time.

6. Section 3.2 "Procedures for Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

"(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement."

7. Section 3.3 "Elections Regarding Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

"(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 28 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment

Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date."

8. Section 5.2 "Acceleration of Maturity; Recission and Annulement" of the Credit Agreement is deleted in its entirety and replaced by the following:

"If an Event of Default occurs and is continuing, then and in every such case the OFA may at its option, in addition to any other remedy available to the OFA at law, by written notice to the IESO, take any or all of the following actions:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

10. Section 7.9 "Entire Agreement' is added to the Credit Agreement, stating as follows:

"Section 7.9 Entire Agreement

This Agreement as amended from time to time and including the schedules hereto and any other agreements expressly referred to herein, constitutes the whole agreement between the Parties with respect to the matters dealt with in it, and it supersedes any prior agreement, undertakings, discussions and the like respecting the matters dealt with in this Agreement and entered into by the Parties before the date the OFA signs this Agreement."

11. Schedule 1 of the Credit Agreement, Form of Borrowing Notice, is deleted in its entirety and replaced by the Form of Borrowing Notice attached hereto as Schedule 1.

12. Schedule 2 of the Credit Agreement, Form of Election Notice, is deleted in its entirety and replaced by the Form of Election Notice attached hereto as Schedule 2.

   ii. the completion of all Advances described in the Election Notice to be provided by the IESO to the OFA no later than November 17, 2017 (such terms having the meanings defined in the Credit Agreement) that are to be funded under the Credit Agreement on the Effective Date; and,

   iii. the repayment by the IESO of all Advances Outstanding (as defined in the Credit Agreement) exceeding $475 million; and,

   iv. the payment by the IESO to OFA of the interest then owing under the Credit Agreement.

15. The Parties shall endeavour to complete and exchange all usual documentation relating to the Transfers of Funds, and to any other related matters occurring on the Effective Date, prior to 5:00 p.m. on the Effective Date, and in any case no later than the next business day.

16. After the Effective Time, and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form attached hereto as Schedule 3 (the "**Grid Note**") and indicating a total principal amount of Advances Outstanding as of the Effective Time. Upon receipt of the new Grid Note delivered hereunder, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO.

---

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

Toronto, ON M5H 1T1

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

... 2

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

... 3

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

Ronald Kwan

Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA

c. Gadi Mayman, Chief Executive Officer, OFA

The undersigned hereby agree to the terms and conditions as set out in this letter agreement and have executed this letter agreement as of the date first noted above.

I will scan and send all documents you listed in their entirety, not just signature pages. Can you confirm, are you saying you want a scan of the $475MM grid note?
Just so I get it right, should I courier the hardcopies of the Intercept Letter and Note to your attention and address, Will? Call me if it's quicker.

Hi Victor,
Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?
You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.
Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to

IESO.
Thanks,
Will

Hi Will – I have a signing meeting scheduled with our signatory at 2:30pm this afternoon – so I will send you counterpart signatures and a scanned version of the Intercept Letter by 3:00pm or possibly earlier.
Hardcopy of Intercept Letter to follow as you prefer – overnight or pickup? We also need to make arrangements re delivery of the $2Bn Grid Note.
Per s.16 of AA#10, the other Note for $475MM is to be delivered following the Effective Time in exchange for the return by OFA of the Nov 30 2016 Note for $975MM.

AND WHEREAS pursuant to Section 7.3 of the Credit Agreement, the Credit Agreement may only be amended or otherwise modified by written agreement executed by the Parties.

THEREFORE, in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby

acknowledged, and subject to the terms and conditions hereafter set out, the Parties agree that, as of the Effective Time (as defined below):

1. The definition of "Advances" in Section 1.1 of the Credit Agreement is deleted and replaced by the following:

   "**Advances**" means advances made by the OFA to the IESO under Article 3 and "Advance" means any one of such advances, and in the case of an election by the IESO under Section 3.3, includes a "Continued Advance", as defined in Section 3.3(1), as applicable."

2. The definition of "**Commitment**" in Section 1.1 of the Credit Agreement is amended by deleting "$975,000,000" and substituting "$475,000,000" therefor.

3. The definition of "**Permitted Liens**" is amended by deleting the word "and" at the end of subsection (i); replacing the "." at the end of subsection (j) and replacing it with "; and" ; and adding the following subsection (k):

   "(k) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

4. The following definitions are added to Section 1.1 of the Credit Agreement:

   "Clean Energy Adjustment" has the same meaning as that term is defined in the OFHP.

   "Continued Advance" has the meaning specified in Section 3.3(1).

   "**Current Repayment Date**" has the meaning specified in Section 3.3(2).

   "**New Repayment Date**" has the meaning specified in Section 3.3(2).

   "OFHP" means the *Ontario Fair Hydro Plan Act, 2017*, S.O. 2017, c. 16, Schedule 1, including any regulations made thereunder, and all as amended from time to time.

5. Section 2.3 "Use of Proceeds" of the Credit Agreement is deleted in its entirety (with the exception of the title of the section, which exception also applies regarding the amendments made under sections 6, 7 and 8 hereof) and replaced by the following:

   "The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998,* as such regulation may be amended or replaced from time to time, provided that Advances may be used only for liquidity purposes."

6. Section 3.2 "Procedures for Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

"(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall be no earlier than 28 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.3. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the **"Grid Note")**. The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement."

7. Section 3.3 "Elections Regarding Advances" of the Credit Agreement is deleted in its entirety and replaced by the following:

"(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 28 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 28 days and not later than 95 days after the Current Repayment Date (the "**New Repayment Date**"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment

Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date."

8. Section 5.2 "Acceleration of Maturity; Recission and Annulement" of the Credit Agreement is deleted in its entirety and replaced by the following:

"If an Event of Default occurs and is continuing, then and in every such case the OFA may at its option, in addition to any other remedy available to the OFA at law, by written notice to the IESO, take any or all of the following actions:

(a) suspend the right of the IESO to request any further Advance until the Event of Default has been cured to the OFA's satisfaction or, if the Event of Default is not cured within three (3) Business Days after the date on which written notice of such Event of Default shall have been given to the IESO by the OFA, declare all amounts owing hereunder including all interest accrued to be due and payable immediately, by a notice in writing to the IESO, and upon any such declaration all such amounts shall become immediately due and payable.

(b) invoke the Intercept pursuant to section 5.7 of this Agreement to require payment of any amount due and payable under this Agreement."

9. Section 5.7 "Intercept" is added to the Credit Agreement, stating as follows:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

10. Section 7.9 "Entire Agreement' is added to the Credit Agreement, stating as follows:

"Section 7.9 Entire Agreement

This Agreement as amended from time to time and including the schedules hereto and any other agreements expressly referred to herein, constitutes the whole agreement between the Parties with respect to the matters dealt with in it, and it supersedes any prior agreement, undertakings, discussions and the like respecting the matters dealt with in this Agreement and entered into by the Parties before the date the OFA signs this Agreement."

11. Schedule 1 of the Credit Agreement, Form of Borrowing Notice, is deleted in its entirety and replaced by the Form of Borrowing Notice attached hereto as Schedule 1.

12. Schedule 2 of the Credit Agreement, Form of Election Notice, is deleted in its entirety and replaced by the Form of Election Notice attached hereto as Schedule 2.

13. Schedule 3 of the Credit Agreement, IESO Grid Note, is deleted in its entirety and replaced by the Form of Grid Note attached hereto as Schedule 3.

14. For the purposes of this Amending Agreement and its coming into effect:

a. "**Effective Time**" means the time on the Effective Date by which the Transfers of Funds (defined below) have been completed; or such other time as the Parties may subsequently agree to in writing as being the "Effective Time";

b. "**Transfers of Funds**" means those transfers of funds to be completed between the Parties on the Effective Date, being:

   i. the First Advance as defined under section 3.2(3) of the credit agreement between the Parties in relation to the IESO's role in the implementation of the OFHP dated November 6, 2017; and,

   ii. the completion of all Advances described in the Election Notice to be provided by the IESO to the OFA no later than November 17, 2017 (such terms having the meanings defined in the Credit Agreement) that are to be funded under the Credit Agreement on the Effective Date; and,

   iii. the repayment by the IESO of all Advances Outstanding (as defined in the Credit Agreement) exceeding $475 million; and,

   iv. the payment by the IESO to OFA of the interest then owing under the Credit Agreement.

15. The Parties shall endeavour to complete and exchange all usual documentation relating to the Transfers of Funds, and to any other related matters occurring on the Effective Date, prior to 5:00 p.m. on the Effective Date, and in any case no later than the next business day.

16. After the Effective Time, and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form attached hereto as Schedule 3 (the "**Grid Note**") and indicating a total principal amount of Advances Outstanding as of the Effective Time. Upon receipt of the new Grid Note delivered hereunder, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO.

17. This Amending Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same Amending Agreement.

IN ALL OTHER RESPECTS, the Credit Agreement is confirmed by the Parties.

June 14, 2017

In Respect of the establishment of a new credit facility and revision of existing credit facilities in relation to the Fair Hydro Plan

---

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

AND WHEREAS, due to the structure of the Fair Hydro Plan, once the New Facility is established, the Corporation's existing credit facility with the Ontario Financing Authority in the amount of $975 million (the "**OFA Facility**") will include unnecessary and duplicative credit liquidity such that the OFA Facility may be reduced to an amount yet to be determined between $400 million and $500 million;

AND WHEREAS ...[Recital redacted]...

NOW THEREFORE BE IT RESOLVED THAT:

2. The Chief Financial Officer or her delegate is hereby authorized for and on behalf of the Corporation to:

(b) draw upon or continue to draw upon, as applicable, the Credit Facilities from time to time in accordance with their terms; and

(c) do any and all such further acts as may be determined to be necessary or desirable to give effect to the foregoing transactions including, for further certainty, amending any other agreements as may be required as a consequence of such transactions. "

Ms. Kimberly Marshall
Vice-President, Corporate Services and Chief Financial Officer, IESO
120 Adelaide St W #1600
Toronto, ON M5H 1T1

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

... 2

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

... 3

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

Ronald Kwan

Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA

c. Gadi Mayman, Chief Executive Officer, OFA

The undersigned hereby agree to the terms and conditions as set out in this letter agreement and have executed this letter agreement as of the date first noted above.

Hi Victor,

Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?

You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.

Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to IESO.

Thanks,

Will

Importance: High

Will,
Please find attached the following documents signed by IESO:

1. Amending Agreement #10 to the Jan. 1, 2005 Credit Agreement;
2. Certified IESO Board Resolution and Incumbency Certificate;
3. Scan of the $2 Billion Grid Note.
4. Intercept Letter Agreement.

I will send the new Revolving Credit Facility Agreement in relation to FHP under a separate email immediately following.
We have already overnighted the original grid note for $2 billion and an original Intercept Letter signed by all parties. Per your request, we will send original agreement signature pages for both agreements as well – can we send those tomorrow or do you need the overnighted too?
Let us know. We look forward to receiving your confirmation of closing.
Victor

I will scan and send all documents you listed in their entirety, not just signature pages. Can you confirm, are you saying you want a scan of the $475MM grid note?
Just so I get it right, should I courier the hardcopies of the Intercept Letter and Note to your attention and address, Will? Call me if it's quicker.

Hi Victor,
Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?
You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.
Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the

new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to IESO.
Thanks,
Will

Hardcopy of Intercept Letter to follow as you prefer – overnight or pickup? We also need to make arrangements re delivery of the $2Bn Grid Note.
Per s.16 of AA#10, the other Note for $475MM is to be delivered following the Effective Time in exchange for the return by OFA of the Nov 30 2016 Note for $975MM.

I will scan and send all documents you listed in their entirety, not just signature pages. Can you confirm, are you saying you want a scan of the $475MM grid note?
Just so I get it right, should I courier the hardcopies of the Intercept Letter and Note to your attention and address, Will? Call me if it's quicker.

Hi Victor,
Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?
You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.
Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to IESO.
Thanks,
Will

Hi Sarah,
Yes have discussed that he would send over soft copies of the documents once they have been signed. We also discussed that Kimberly would sign the $475M note but hold it until November 21, when we produce a grid note indicating a full payment and advancement. Subsequently, he would send the new prom note of $475M to OFA. Documentation then sends him the cancelled $975M promissory note.

Hi Victor,

My apologies. Please scan the separated $2B and $475 MM Grid promissory notes. Forward the $2B promissory note but hold on to the $475MM Grid Promissory Note until November 21.

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Promissory Note

- $475 MM Grid Promissory Note

Yes, please forward the documents to myself.

Hi Victor,

Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?

You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.

Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to IESO.

Thanks,
Will

Ms. Kimberly Marshall
Vice-President, Corporate Services and Chief Financial Officer, IESO
120 Adelaide St W #1600
Toronto, ON M5H 1T1

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

... 2

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

... 3

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

Ronald Kwan

Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA

c. Gadi Mayman, Chief Executive Officer, OFA

1. Amending Agreement #10 to the Jan. 1, 2005 Credit Agreement;
2. Certified IESO Board Resolution and Incumbency Certificate;
3. Scan of the $2 Billion Grid Note.

Hi Victor,

Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?

You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.

Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to IESO.

Thanks,
Will

Hardcopy of Intercept Letter to follow as you prefer – overnight or pickup? We also need to make arrangements re delivery of the $2Bn Grid Note.

Per s.16 of AA#10, the other Note for $475MM is to be delivered following the Effective Time in exchange for the return by OFA of the Nov 30 2016 Note for $975MM.

Ms. Kimberly Marshall
Vice-President, Corporate Services and Chief Financial Officer, IESO
120 Adelaide St W #1600
Toronto, ON M5H 1T1

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

... 2

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

... 3

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

Ronald Kwan

Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA

c. Gadi Mayman, Chief Executive Officer, OFA

The undersigned hereby agree to the terms and conditions as set out in this letter agreement and have executed this letter agreement as of the date first noted above.

Hi Will – I have a signing meeting scheduled with our signatory at 2:30pm this afternoon – so I will send you counterpart signatures and a scanned version of the Intercept Letter by 3:00pm or possibly earlier.

Hardcopy of Intercept Letter to follow as you prefer – overnight or pickup? We also need to make arrangements re delivery of the $2Bn Grid Note.

Per s.16 of AA#10, the other Note for $475MM is to be delivered following the Effective Time in exchange for the return by OFA of the Nov 30 2016 Note for $975MM.

Will,
Please find attached the following documents signed by IESO:

1. Amending Agreement #10 to the Jan. 1, 2005 Credit Agreement;
2. Certified IESO Board Resolution and Incumbency Certificate;
3. Scan of the $2 Billion Grid Note.

4. Intercept Letter Agreement.

I will send the new Revolving Credit Facility Agreement in relation to FHP under a separate email immediately following.

We have already overnighted the original grid note for $2 billion and an original Intercept Letter signed by all parties. Per your request, we will send original agreement signature pages for both agreements as well – can we send those tomorrow or do you need the overnighted too?

Let us know. We look forward to receiving your confirmation of closing.

Just so I get it right, should I courier the hardcopies of the Intercept Letter and Note to your attention and address, Will? Call me if it's quicker.

Hi Victor,

Thank you for the update. When you send the soft copy signatures, would it be possible to include the signatures within the agreements?

You were probably going to include the following signed soft copies anyway but out of caution I have listed them below:

- Resolution of the Board of Directors
- Incumbency Certificate
- Intercept Letter
- $2 B Grid Note
- $475 MM Grid Note

Hardcopy of the Intercept Letter and $2B Grid Note – overnight delivery is fine.

Per s. 16 AA #10 - Anthony and I discussed on Friday that $475MM Grid note would be signed today but held by IESO until November 21. After the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received OFA will send the $975MM cancelled prom note to IESO.

Thanks,

Will

Hi Sarah, yes the drafting of the IMA and SIPP are complete and have been approved by both OFA and MOECC legal.
We had a call with members of the OCCSDC board on November 8 to answer any remaining questions they had regarding the SIPP and IMA and we received verbal confirmation that they were happy with the terms. We have not received any suggested amendments since that meeting. To my knowledge, getting approval for the investing by-law and also a signing-authority by-law and having the OCCSDC draft a certificate of incumbency are the only remaining hurdles to execute the IMA/SIPP.
However, revisiting the IMA now I realize Schedule C outlines the custodian fees which I believe will need to be updated and approved before signing. JF advised last week that the results of an outstanding RFP mean the OFA will be changing custodians. We did make note of this possibility in the draft IMA we sent to OCCSDC by placing an asterisk in Schedule C advising them of the outstanding RFP, but we have not communicated a new fee schedule to them as of yet. To your knowledge would Settlements be able to provide this new fee schedule at this time? Is it ok for me to reach out to them and ask?

Hi Sarah,

- Both IESO-OEFC agreements were fully executed last Thursday. Sent one set of originals to Victor Buza, Senior Counsel at IESO and provided Lisa Stein with the other set for safekeeping by OFA Legal.
- Received confirmation from Mark Froud that the borrowing and investing by-laws for the Ontario Climate Change Solutions Deployment Corporation (OCCSDC) were prepared by Jill Whelan at MOECC for approval by the Minister of Finance. Waiting to hear back from OCCSDC when they are ready to execute IMA and SIPP. Is the actual drafting of the IMA

complete, assuming approval of the by-law by the MoF?

- Spoke with JF, Mike Manning and Carlos regarding the ONTC line of credit agreement. Advised Darren Scanlan of our feedback (Mike Manning and Carlos were fine with 2 business days notice for advances. They advised someone in Corporate Electricity would need to determine the spread for advances. No other significant comments regarding terms of Agreement)
- Received approval from Maryam on my response for TD Securities (London Branch) on their new Terms of Business that they sent to us (updating as of 01/01/2018 for new MIFID II regulations in Europe). I sent the approved response to TD Securities on Friday.
- Waiting on OILC for execution docs for loans 377,378,379,380,385 each having an advance date of December 15, 2017
- Karin is cc'ing me on all 18-K update emails so that I can follow along and learn the process.

Thanks,
Ryan

Hi Sarah,

CSA:

Last week we have received a 2016 CSA template and a contact from BMO through Edwin (Cathy Shamy).

I have followed up with Cathy asking about precedent with other sovereign entities.

She said that they are currently renegotiating their CSA with another province. In that process, they are using the 2016 VM CSA, which has appropriate language to deal with multiple CSAs (i.e. old vs. new trades) under the ISDA agreement. Her (unofficial) preference would be to use the 2016 CSA with us too, but they can also deal with the 1994 version. In her (and our) view, set-off netting is possible in both cases.

In terms of settlement netting, the feedback from her collateral management team had been that they can currently only net operationally if both margin pools are cash in the same currency. This answer is even less official, this is what she had been told by someone from their collateral management team. Based on that, settlement netting is currently not possible across two CSAs having securities as margin.

We briefly discussed with Dean that we will need to examine the differences (pros and cons) of using the 2016 VM CSA as opposed to the 1994 form.

IESO-OEFC Revolving Credit Facility

The IESO OEFC Revolving Facility amendments by Will are ok in general, although not very detailed. He is missing a few points, on the other hand, he has all the main points. I'm not sure what his summary will be used for…

The **FX Review** is now complete, we have checked the Part 6-s, and Will has sent his summary to Dean and me.

There is BSC this week and we will have a follow up CSA meeting next week.

Sab

OFA loan spreadsheet with Daki – just received proposed impact- need to confirm with you that we are going to keep the FHP one separate (2 billion) as has it own dedicated OIC and just included the old, reduced LOC (ln ID 1590 $475 million).

Hi this week is basically the same as last week except:

2) OFA legal and I are fine with revised draft unless parameters/language around Gadi is desired

6) is gone except if you have comment on the letter.

Worked on conceptually how OILC BA in Ace may work and complications

Hi,

Things that changed are in yellow:

1) 3 ACE fixes to be done between now and end of year

- Settlement date basis re commissions- confirmed will be done before we need it next year- **IT has started**
- OILC/Province Trade in 2018 which will cause wrong redemption amount- **IT has started**

Above two fixes will be done together as IT indicated should be feasible without jeopardizing

having commission fix done in time (in case there is a crossover trade at this end of the Fiscal)

- Allow for selection of FX rate date in conjunction with drawdown date (Sept target)- **Completed testing will be promoted to PROD Feb 6**

2) OCGC- Gadi apparently advised OCGC board that he is signor of last resort. OCGC has finally secured legal counsel and has indicated we should have feedback in the next two weeks. Targeting Feb 1 for execution per OCGC. **OCGC Counsel has been in contact with Lisa Stein and Lisa has followed up with Gadi's office regarding how they want to handle wording around conflict in terms of OCGC's signing Cert and inclusion of Gadi (with limitations or not).**
3) Delivered draft conceptual proposal for e processing of DMTN documentation – Stage 1 a and b with Sarah
4) BCP Unit Plan (with Sab)- not touched yet really other than confirmed stuck with form provided basically- does not stop us from having an add-on- to be discussed with Sarah. Also need to follow up with LSB regarding closing on electronic documents (DMTN). Perhaps Sab as a Coordinator should be leading this initiative with my support- to date he is completely silent on it. I started looking at update of standard format plan attached.
5) Car Loan Prom Notes- (retrieved from vault- in my desk)-Accounting confirmed Province repaid. Awaiting confirmation from Accounting as to dates each Prom Note was paid off before finalizing summary for consideration by others (LSB, CF, OFA Legals). Rejigged noted for one that has not reached natural maturity date yet. Followed up with Accounting but still no answer. **Perhaps you may have better luck getting a response from accounting**
6) Revised commission**- finalized and approved by LSB. See attached final letter.**

Regards,

Andrea Dalgarno

Hi Sarah,

- Siva confirmed this morning that he signed-off on the IESO confirmations for KMPG that Anthony had sent over. In the future he said these should go straight to the Accounting Group.
- I followed up with Katie and Anna at MOECC again this morning. They hadn't replied to my email of December 12th (that I believe I forwarded you) so I just wanted to follow-up and see where everything stood now that we are in 2018. I spoke with Mark Froud this morning and he hadn't heard anything from them in a while either, so I thought it best to reach out to them directly. I will let you know once I get a response.
- I followed up with Mercedes at DICO last week regarding the updated "Schedule B" that she was preparing to adjust for the recent staff changes. She said a few key people have been out-of-office over the holidays, but she hoped to get the new Schedule "B" back to me today. The draft of DICO Amending Agreement No. 5 (to update Schedule "B" along with Schedule "A" and "E" for the updated investment policy) was sent to Lisa before she left on holiday. She is back in the office this morning and I sent her a reminder email. Parvez looked over the draft Amending Agreement last week and was fine with the changes.
- Received a $200M OPG Advance request on Friday. I received pdf copies of the borrowing notice and promissory note and the originals are to be couriered to my attention sometime today. The scheduled advance date is January 22, 2018.
- Have not received any reply from TD Securities to the letter I sent them on December 8th (regarding their updated Terms of Business to reflect MiFID II).

Thank You,
Ryan

Hi Sarah,

Changes from last weeks update are as follows:

- All OILC loans I was working on are now complete
- Received a request from Anthony Martinello late on Friday that we confirm all IESO's borrowings with Ontario Electricity Financial Corporation and Ontario Financing Authority as at December 31, 2017 in connection with a KPMG audit of IESO's financial statements. I have not responded to him yet (currently working on).
- Emailed Katie and Anna at MOECC last Tuesday (Dec 12) to request an update on whether OCCSDC board are ready to execute the IMA/SIPP but have not received a reply as of yet.
- Have not received any reply from TD Securities to the letter I sent them (regarding their updated Terms of Business to reflect MiFID II).
- Karin was cc'ing me on all 18-K emails so I could learn the process. She filed the 18-K this morning and received confirmation of SEC's acceptance.

Hi Sarah,

- Both IESO-OEFC agreements were fully executed last Thursday. Sent one set of originals to Victor Buza, Senior Counsel at IESO and provided Lisa Stein with the other set for safekeeping by OFA Legal.
- Received confirmation from Mark Froud that the borrowing and investing by-laws for the Ontario Climate Change Solutions Deployment Corporation (OCCSDC) were prepared by Jill Whelan at MOECC for approval by the Minister of Finance. Waiting to hear back from

OCCSDC when they are ready to execute IMA and SIPP. Is the actual drafting of the IMA complete, assuming approval of the by-law by the MoF?

- Spoke with JF, Mike Manning and Carlos regarding the ONTC line of credit agreement. Advised Darren Scanlan of our feedback (Mike Manning and Carlos were fine with 2 business days notice for advances. They advised someone in Corporate Electricity would need to determine the spread for advances. No other significant comments regarding terms of Agreement)
- Received approval from Maryam on my response for TD Securities (London Branch) on their new Terms of Business that they sent to us (updating as of 01/01/2018 for new MIFID II regulations in Europe). I sent the approved response to TD Securities on Friday.
- Waiting on OILC for execution docs for loans 377,378,379,380,385 each having an advance date of December 15, 2017

Hi Sarah,

Please find the investment by-law attached. They also provided a proposed 'borrowing by-law' and 'corporate cards by-law' which are not material with respect to the IMA/SIPP.

Thank You,

Hi Sarah, yes the drafting of the IMA and SIPP are complete and have been approved by both OFA

and MOECC legal.
We had a call with members of the OCCSDC board on November 8 to answer any remaining questions they had regarding the SIPP and IMA and we received verbal confirmation that they were happy with the terms. We have not received any suggested amendments since that meeting. To my knowledge, getting approval for the investing by-law and also a signing-authority by-law and having the OCCSDC draft a certificate of incumbency are the only remaining hurdles to execute the IMA/SIPP.
However, revisiting the IMA now I realize Schedule C outlines the custodian fees which I believe will need to be updated and approved before signing. JF advised last week that the results of an outstanding RFP mean the OFA will be changing custodians. We did make note of this possibility in the draft IMA we sent to OCCSDC by placing an asterisk in Schedule C advising them of the outstanding RFP, but we have not communicated a new fee schedule to them as of yet. To your knowledge would Settlements be able to provide this new fee schedule at this time? Is it ok for me to reach out to them and ask?

Hi Sarah,

- Both IESO-OEFC agreements were fully executed last Thursday. Sent one set of originals to Victor Buza, Senior Counsel at IESO and provided Lisa Stein with the other set for safekeeping by OFA Legal.
- Received confirmation from Mark Froud that the borrowing and investing by-laws for the Ontario Climate Change Solutions Deployment Corporation (OCCSDC) were prepared by Jill Whelan at MOECC for approval by the Minister of Finance. Waiting to hear back from OCCSDC when they are ready to execute IMA and SIPP. Is the actual drafting of the IMA complete, assuming approval of the by-law by the MoF?
- Spoke with JF, Mike Manning and Carlos regarding the ONTC line of credit agreement. Advised Darren Scanlan of our feedback (Mike Manning and Carlos were fine with 2 business days notice for advances. Hi Sarah,
As discussed, I will follow up with Linda this week regarding the expiring OPG-OEFC credit facility agreement and see if there are plans to extend/amend the existing agreement (and timelines for possible OIC).
We met last Thursday as a team to discuss the training manual and progress made so far. We have agreed on the best format/style to use going forward and broken-up the remaining topics among team members. Currently working on my sections for the training manual.
Thanks,
Ryan

Thanks Will. I can confirm that the term "Credit Facilities" in the resolution refers to all of the credit facilities referenced in the resolution, including both OFA facilities.

Regarding the suggested adder ("as may be amended from time to time"), I would propose to leave the language as is. Firstly, for the sake of consistency. The reference in the Certificate to the 2005 agreement "as amended" is a reference to the fact that the 2005 agreement had already been amended numerous times – and was being amended one more time – at the time the Certificate was executed. On the other hand, the FHP loan had not been amended as of execution (this being the original loan), and it has yet to be amended as of today.

Second, if the FHP facility is amended in the future, this would likely be accompanied by a new Certificate in any case, at which time the wording can be amended to reflect the then applicable circumstances.

So for the above reasons, I propose to leave the language unchanged. Hopefully this makes sense.

Thanks,
Victor

Hello Victor,

The Board Resolution in relation to the OFA credit facilities is redacted, as such the reference to "Credit Facilities" therein may not be general. In any event, it is appropriate that the COI refers to the two specific OFA agreements. The only comment is the reference to the 2017 FHP agreement could also state "as may be amended from time to time".

Also, there is no need for a new certificate in relation to the OEFC financings at this time.

Thanks,

Will

Hi Will – I will have to defer to your group on the details relating to differences in documentation for the different financings. We have been using the forms of incumbency certificates OEFC/OFA gave to us for each of the financings (as this is a lender requirement).

The first two items on your list are the OEFC financings which were last renewed on May 1, 2017. These used a slightly different form of Incumbency Certificate than the one that I forwarded re the last two financings (i.e. the OFA financings). The certificate for the OEFC financings addressed the identity and authority of the authorized signatory only as of the date of execution of the May 2017 amending agreements. Separately, we also provided a certified Board resolution authorizing IESO's CFO to draw funds under the OEFC financings.

The form of certificate I forwarded for your review yesterday is the one OFA required in the past in connection with the two OFA financings only.

In the interim, to my knowledge IESO has four agreements with OFA. The Incumbency Certificate only mentions two agreements. Unless of course you intended to provide signing authority to these two specific agreements only.

Hi Will. In Olga's absence this week, I wanted to get the ball rolling on updating IESO's Incumbency Certificate re the OFA financings.

At the August meeting of our Board, Barb Anderson's position as VP and CFO was changed so that it is no longer "Interim". The change was made retroactive to July 9.

I have prepared a draft updated certificate based on the current certificate (see attached) and just wanted to confirm its form is acceptable to OFA prior to arranging for it to be executed.

Thanks,

Hi Will – I will have to defer to your group on the details relating to differences in documentation for the different financings. We have been using the forms of incumbency certificates OEFC/OFA gave to us for each of the financings (as this is a lender requirement).

The first two items on your list are the OEFC financings which were last renewed on May 1, 2017. These used a slightly different form of Incumbency Certificate than the one that I forwarded re the last two financings (i.e. the OFA financings). The certificate for the OEFC financings addressed the identity and authority of the authorized signatory only as of the date of execution of the May 2017 amending agreements. Separately, we also provided a certified Board resolution authorizing IESO's CFO to draw funds under the OEFC financings.

The form of certificate I forwarded for your review yesterday is the one OFA required in the past in connection with the two OFA financings only.

Hello Victor,

May I provide final comments tomorrow? Lisa Stein is away until tomorrow. However, if this matter is urgent, I can call upon another contact.

In the interim, to my knowledge IESO has four agreements with OFA. The Incumbency Certificate only mentions two agreements. Unless of course you intended to provide signing authority to these two specific agreements only.

Hi Will. In Olga's absence this week, I wanted to get the ball rolling on updating IESO's Incumbency Certificate re the OFA financings.

At the August meeting of our Board, Barb Anderson's position as VP and CFO was changed so that it is no longer "Interim". The change was made retroactive to July 9.

I have prepared a draft updated certificate based on the current certificate (see attached) and just wanted to confirm its form is acceptable to OFA prior to arranging for it to be executed.

Thanks,
Victor

Hi Will – I will have to defer to your group on the details relating to differences in documentation for the different financings. We have been using the forms of incumbency certificates OEFC/OFA gave to us for each of the financings (as this is a lender requirement).
The first two items on your list are the OEFC financings which were last renewed on May 1, 2017. These used a slightly different form of Incumbency Certificate than the one that I forwarded re the last two financings (i.e. the OFA financings). The certificate for the OEFC financings addressed the identity and authority of the authorized signatory only as of the date of execution of the May 2017 amending agreements. Separately, we also provided a certified Board resolution authorizing IESO's CFO to draw funds under the OEFC financings.
The form of certificate I forwarded for your review yesterday is the one OFA required in the past in connection with the two OFA financings only.

Hello Victor,
May I provide final comments tomorrow? Lisa Stein is away until tomorrow. However, if this matter is urgent, I can call upon another contact.
In the interim, to my knowledge IESO has four agreements with OFA. The Incumbency Certificate only mentions two agreements. Unless of course you intended to provide signing authority to these two specific agreements only.

Hi Will. In Olga's absence this week, I wanted to get the ball rolling on updating IESO's Incumbency Certificate re the OFA financings.

At the August meeting of our Board, Barb Anderson's position as VP and CFO was changed so that it is no longer "Interim". The change was made retroactive to July 9.

I have prepared a draft updated certificate based on the current certificate (see attached) and just wanted to confirm its form is acceptable to OFA prior to arranging for it to be executed.

Thanks,

Victor

Thanks Will. I can confirm that the term "Credit Facilities" in the resolution refers to all of the credit facilities referenced in the resolution, including both OFA facilities.
Regarding the suggested adder ("as may be amended from time to time"), I would propose to leave the language as is. Firstly, for the sake of consistency. The reference in the Certificate to the 2005 agreement "as amended" is a reference to the fact that the 2005 agreement had already been amended numerous times – and was being amended one more time – at the time the Certificate was executed. On the other hand, the FHP loan had not been amended as of execution (this being the original loan), and it has yet to be amended as of today.
Second, if the FHP facility is amended in the future, this would likely be accompanied by a new Certificate in any case, at which time the wording can be amended to reflect the then applicable circumstances.
So for the above reasons, I propose to leave the language unchanged. Hopefully this makes sense.
Thanks,
Victor

Hello Victor,
The Board Resolution in relation to the OFA credit facilities is redacted, as such the reference to "Credit Facilities" therein may not be general. In any event, it is appropriate that the COI refers to the two specific OFA agreements. The only comment is the reference to the 2017 FHP agreement could also state "as may be amended from time to time".
Also, there is no need for a new certificate in relation to the OEFC financings at this time.
Thanks,
Will

In the interim I will draft a waiver.

Hello all,

IESO has asked OFA for a one-time exception to waive the minimum period for advances of 5 days (FHP Credit Facility Agreement). IESO has asked for an advance period of 1 day, so it may use money expected from OPG to repay its advance on the same day it matures.

IESO's current outstanding advance of $322M, matures on March 21, 2018. IESO will require an additional advance of $208M (to pay power generators) for a total of $530M, but will only require this for 1 day because IESO expects to receive funds from OPG to repay its advances on March 22. Rather than incurring additional interest costs of borrowing until March 26, 2018 (5 day minimum), IESO would prefer to match the maturity of its advances and expected cash inflow from OPG.

Please let me know if your respective areas have any concerns or issues from an operational standpoint.

Subject: FHP Agreement, 5-day minimum period exception

Hello all,
IESO has asked OFA for a one-time exception to waive the minimum period for advances of 5 days (FHP Credit Facility Agreement). IESO has asked for an advance period of 1 day, so it may use money expected from OPG to repay its advance on the same day it matures.
IESO's current outstanding advance of $322M, matures on March 21, 2018. IESO will require an additional advance of $208M (to pay power generators) for a total of $530M, but will only require this for 1 day because IESO expects to receive funds from OPG to repay its advances on March 22. Rather than incurring additional interest costs of borrowing until March 26, 2018 (5 day minimum), IESO would prefer to match the maturity of its advances and expected cash inflow from OPG.
Please let me know if your respective areas have any concerns or issues from an operational standpoint.
Best regards,

Hi William – I am copying Caroline to bring her into the correspondence.
I expect that determining whether or not to grant the waiver will be a business decision. I will ask Lisa to loop in Caroline on her review of the agreement and advice tomorrow.
If you could provide a form of waiver tomorrow, Lisa can do a preliminary review and provide feedback. Waiver documents themselves are fairly straightforward.
Thanks very much,
Sarah

Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Section 2.4 Mandatory Repayment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

Section 2.5 Prepayments.

The IESO is not entitled to prepay any part of the Advances Outstanding or the interest accrued thereon without the prior written consent of the OFA.

Section 2.6 Payments under this Agreement.

(1) The OFA shall make Advances to the IESO under this Agreement to or to the order of the IESO by wire transfer of immediately available funds in accordance with wire transfer instructions given by the IESO to the OFA from time to time, or in such other manner as the IESO may specify to the OFA from time to time.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

Section 2.7 Computations of Interest.

(1) All computations of interest shall be made by the OFA taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 2.9 Application of Payments.

All payments made by the IESO under this Agreement shall be applied firstly to the payment of interest payable to the OFA on late payments of principal or interest hereunder, secondly, to the payment of accrued and unpaid interest payable to the OFA hereunder and thirdly, to the payment of the outstanding principal amount of any Advances payable to the OFA.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing;

(c) that there shall, in the reasonable opinion of the OFA, have been no material adverse change in the financial condition of the IESO or a Material Subsidiary; and

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

Subject: Waiver - FHP Agreement, 5-day minimum period exception
Hello Sarah N,
As an exception, IESO has requested OFA to waive the 5 day minimum repayment period for a 1 day repayment period. Carlos has indicated that this would occur infrequently. I am currently awaiting confirmation from Settlements and Cash Management if they have any concerns from an operational standpoint. IESO will have specific amounts/details this Friday. In the interim I will draft a waiver.
I will require assistance to review the waiver.Please advise who will be available to work with me on this waiver. Additional details are below.
Thanks,
Will

Subject: FHP Agreement, 5-day minimum period exception
Hello all,
IESO has asked OFA for a one-time exception to waive the minimum period for advances of 5 days (FHP Credit Facility Agreement). IESO has asked for an advance period of 1 day, so it may use money expected from OPG to repay its advance on the same day it matures.

IESO's current outstanding advance of $322M, matures on March 21, 2018. IESO will require an additional advance of $208M (to pay power generators) for a total of $530M, but will only require this for 1 day because IESO expects to receive funds from OPG to repay its advances on March 22. Rather than incurring additional interest costs of borrowing until March 26, 2018 (5 day minimum), IESO would prefer to match the maturity of its advances and expected cash inflow from OPG. Please let me know if your respective areas have any concerns or issues from an operational standpoint.

Best regards,

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing;

(c) that there shall, in the reasonable opinion of the OFA, have been no material adverse change in the financial condition of the IESO or a Material Subsidiary; and

(d) that the OFA has received such other documentation which it has reasonably requested to ensure that the IESO is in compliance with the terms and conditions of this Agreement, including certified true copies of any necessary resolutions, a written legal opinion from counsel to the IESO confirming that the borrowing is within the legal powers of the IESO and that the Agreement is a direct, unsecured obligation of the IESO enforceable against the IESO in form satisfactory to the OFA.

All such costs, charges and expenses shall bear interest at the Province of Ontario's cost of funds plus 0.25 percent per annum (as determined by the OFA) calculated and payable monthly not in advance from in each case from the date on which the OFA incurs the cost, charge or expense until the date on which the IESO reimbursement the OFA therefor. The OFA agrees, acting reasonably, to invoice the IESO for any such costs, charges and expense as they are incurred, together with interest at the aforesaid rate (with interest on overdue interest).

Section 4.8 Reporting.

The IESO will promptly provide to the OFA any reports or supporting documents that the OFA may request from time to time.

In the event that the IESO fails to repay the principal amount of any Advance and all interest accrued thereon when due, the IESO shall pay interest on the unpaid amount of such Advance at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment.

Section 5.6 Delay or Omission not Waiver.

No delay or omission of the OFA to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OFA may be exercised from time to time, and as often as may be deemed expedient, by the OFA.

Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of even date herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

Hi William – I am copying Caroline to bring her into the correspondence.
I expect that determining whether or not to grant the waiver will be a business decision. I will ask Lisa to loop in Caroline on her review of the agreement and advice tomorrow.
If you could provide a form of waiver tomorrow, Lisa can do a preliminary review and provide feedback. Waiver documents themselves are fairly straightforward.
Thanks very much,
Sarah

Subject: Waiver - FHP Agreement, 5-day minimum period exception

Hello Sarah N,

As an exception, IESO has requested OFA to waive the 5 day minimum repayment period for a 1 day repayment period. Carlos has indicated that this would occur infrequently. I am currently awaiting confirmation from Settlements and Cash Management if they have any concerns from an operational standpoint. IESO will have specific amounts/details this Friday. In the interim I will draft a waiver.

I will require assistance to review the waiver.Please advise who will be available to work with me on this waiver. Additional details are below.

Thanks,

Will

Hello all,

IESO has asked OFA for a one-time exception to waive the minimum period for advances of 5 days (FHP Credit Facility Agreement). IESO has asked for an advance period of 1 day, so it may use money expected from OPG to repay its advance on the same day it matures.

IESO's current outstanding advance of $322M, matures on March 21, 2018. IESO will require an additional advance of $208M (to pay power generators) for a total of $530M, but will only require this for 1 day because IESO expects to receive funds from OPG to repay its advances on March 22. Rather than incurring additional interest costs of borrowing until March 26, 2018 (5 day minimum), IESO would prefer to match the maturity of its advances and expected cash inflow from OPG.

Please let me know if your respective areas have any concerns or issues from an operational standpoint.

Best regards,

Hi Sarah,

- Opal signed-off on the Loan Act OIC briefing note with minor comments yesterday afternoon. The note has now been passed along to Tara.
- The due diligence call went well this morning. Opal has asked me to find out how to get a recording of the call which I am in the process of doing
- Patrick has provided me with a draft copy of the Loan Act OIC's
- I spoke with Linda this morning regarding OPG borrowing. She reiterated that she does not expect OPG to do any more borrowing in 2018 but this could change at any time. It sounds like further borrowing requirements going forward after the existing facility expires on December 31, 2018 are fairly uncertain at this time. However, the expectation is that OPG will request a further $700M in borrowing over 3 years (2019,2020,2021) which could take the form of a new facility or an extension of the existing facility. Linda and Ron are in continuous contact with OPG and will keep us updated of developments. Linda requested I update her on the remaining borrowing authority numbers and the remaining borrowing available under the existing facility that expires on December 31, 2018. I emailed these figures to her this morning (and cc'd you).
- I am currently completing the minutes from the IBOR meeting last week (Mike requested I record the the minutes in Elizabeth's absence) I will post them to the IBOR portal when complete.

Thanks,
Ryan

Hi Sarah,

- Linda is meeting with OPG this week to discuss their plans looking forward. She did not expect any further OPG borrowing under the existing facility in 2018. She said she expects OPG to request a new 3-year $700M credit facility that would become active when the existing credit-facility expires December 31, 2018. I will follow up with her after her meeting with OPG
- Waiting to hear back from Patrick on draft LRC approval form and DM/CO memos. He is also in process of preparing draft OIC
- Working with Andrea on briefing notes requested by Tara McGrath related to Loan Act and Refinancing Act OIC's
- Working on training manual materials

Could you please let her know that IESO had been looking to execute by tomorrow in line with execution with the security agreement - that would be very tight, but if we can get them drafts ASAP, today even, that would be the goal.

Hi Sarah,
As Malle says, the best approach and the approach we, including Gadi, are recommending is that the "commitment" (in whatever form) be provided by MOH. However, it appears as though the loan will be required eventually and will only work under a 35 year amortization (again Gadi has agreed to this amortization in principle), so we will need to amend the OIC. Given that our Plan B, which may be needed, is to provide some joint assurance MOF/MOH to HOOPP by April 30, I would like to work with Capital Markets to try to get the OIC in place so that we can use Plan B if necessary.
If you agree, just let me know what you need from me.
Thanks,
Garth

Malle,
Thank you very much for your quick response.
Garth – I'm not familiar with the various inputs Malle has mentioned below with the loan, and the timing for getting these. Is it possible to obtain all the required approvals, etc. prior to April 30th? As Malle indicates, a binding commitment doesn't seem possible without these elements. On the other hand, if it is possible, we could try to make the case for including an amending OIC for the April 16th LRC.
Thanks,
Sarah

Hi,
Dimitri has been working on this as well so copying him here. According to the current OIC's, OFA must repay the funds borrowed from the Province by 2040 (I haven't check them all now but assume that you have) so the OFA couldn't make a longer term loan to a third party such as the hospital without an amending OIC as you describe.
I think that the only thing that could be done is to see whether there is any possibility of

walking this OIC in at this point if it is that critical. However, at the same time, I know that there have been numerous elements regarding this potential loan including possibly having MOHLTC provide an indemnity to the OFA regarding the repayment by the hospital. Not sure that we could in anyway provide a binding commitment that the money will be available in 2019 since there would be many other elements such as a Minister's directive, the negotiation of the loan agreement and due diligence that would make it conditional. However, it seems that the amendment to the OIC is a necessary precondition.
Also just thinking general about this project, is it anticipated that any other approvals or signing of agreements, etc. would be proposed during the writ period?
Thanks,
Malle

Hello Malle,
I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.
In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.
Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?
Thanks,
Sarah

Hi Andrea,
We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.
We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date. Please advise the best way to proceed towards the required OIC amendment re timing. Thanks. I will call to follow up.
Thanks,
Garth

Hi,
I have a place holder for when we do the next joint update to add the new 2 billion OIC 1279/2017 and the associated 2 billion line of credit (IESO-OFA credit facility FHP related). Also note the IESO 975m one will be removed while the IESO 475M will remain- it will be one line representing 475M.

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.
Regards,
Andrea

You will see in the highlighted section below that Lisa is asking that we confirm that 2 OFA loans we are working on:

- $150 million to the Ontario Cannabis Retail Corporation

- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".
I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?

Hi Andrea,
We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.
We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date. Please advise the best way to proceed towards the required OIC amendment re timing. Thanks. I will call to follow up.
Thanks,
Garth

Hi,
I have a place holder for when we do the next joint update to add the new 2 billion OIC 1279/2017 and the associated 2 billion line of credit (IESO-OFA credit facility FHP related). Also note the IESO 975m one will be removed while the IESO 475M will remain- it will be one line representing 475M.
Regards,
Andrea

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.
Regards,
Andrea

Hi Jean-Francois,
You will see in the highlighted section below that Lisa is asking that we confirm that 2 OFA loans we are working on:

- $150 million to the Ontario Cannabis Retail Corporation

- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".
I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?
Thanks,
Garth

Hi Garth,
Please find attached some comments and suggested amendments to the draft briefing note, attached. I did not review the attachments; however, as discussed on Friday, they still reference the loan to St. Michael's hospital as well (and these references should be deleted).
I'm still working on the directive for the OCRC loan. In the meantime, can you please confirm that this loan is covered by the existing on-lending OICs (as referenced in the draft note)?
Thank you,
Lisa

I do not think we should deviate from the Fall Economic Statement and Fiscal Review which is the official public disclosure document of the government, albeit a political one. I realize that there are some diverging opinions on the accounting for FHP and pensions with the AG (which Gadi acknowledged at the town hall last week), but I would not recommend filing anything currently as this would conflict with the government's current fiscal position numbers, notwithstanding the added pressure of an upcoming election next year. We should probably not make any filings based on news appearing in the general media (unless said news is also approved by MOF communications, which it is not at this time).

That's my 2 cents worth anyway...

I do not think we should deviate from the Fall Economic Statement and Fiscal Review which is the official public disclosure document of the government, albeit a political one. Hi all,
We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.
We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.
This has been reviewed by Legal last night and I have incorporated the feedback from Sarah N. (in Lisa's absence).
Please let me know if you have any questions.
Thanks,

John,

As discussed yesterday, it likely is best to add to the definition of “Permitted Liens” in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

Subject: IESO - OEFC credit facilities : permitted liens

John,
As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.
Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

Hi all,
We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.
We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.

Hello Anthony,

As per conversation regarding the required signing authority documents for Barb Anderson VP, & CFO on the election notices for June 20. Please provide completed documents for one of the following options below before June 20.

While option 6 is a suitable solution, it should be viewed as a temporary solution. Therefore, I recommend option 1, as a comprehensive long-term solution.

Options provided in May, 2018:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory and Updated Incumbency Certificate.
2. ~~A delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories).~~
3. A general signing authority resolution of the IESO Board of Directors.
4. By-law or other document in place providing authorization to the IESO ~~CEO~~ CFO.
5. A certificate from the IESO Corporate Secretary stating that the IESO ~~CEO~~ CFO has signing authority.
6. A signature under seal of the corporation.

> The change we made for the OFA credit facility agreement was to allow IESO to take liens related to FHP in the event if IESO can't pay OFA back the loan, correct? What was the reason for this change? And wouldn't the same reason apply for the loans that IESO has with OEFC? And if IESO can't pay back the loans to OEFC, should they still be able to take any liens related to FHP, or not? But if they were able to do so under the OFA credit facility agreement, are there any reasons that they cannot do the same under

the OEFC credit facility agreement?
I understand that the $120M and $160M credit facilities are not for FHP purposes, but I think this is a separate question from whether they can take liens related to FHP if IESO can't pay OEFC back the loans? Similarly, I believe the existing $475M IESO credit facility with OFA was not for the FHP purpose, but the agreement was amended by the amendment #10 to include the FHP lien clause in the actual agreement, right? So I am just a bit confused about this process and trying to find out whether we should apply a consistent approach for OEFC's credit facilities before I push this back to IESO.
Also, a separate question on the $160M credit facility agreement. Since it was amended to be used for FHP purpose previously, do we need to amend that now since a separate facility agreement was created specifically for FHP purposes? Or that amendment automatically expires when the $2B FHP credit facility was created, and for sure we don't need to update anything in the $160M credit facility agreement to that effect?
Thanks,
Gavin He

Hi Gavin,
Thank you for your note. After reviewing your note and the attached agreements we had a few comments:

- <!--[if !supportLists]-->● <!--[endif]-->We understand that the $160M credit facility agreement will not be used for FHP purposes, although an amendment was made earlier in 2017 to allow advances for the purposes of FHP.
- <!--[if !supportLists]-->● <!--[endif]-->It is our assumption that the $160M credit facility agreement was amended in April, 2017, pursuant to Reg. 280/14 as a potential temporary option for FHP funding requirements until such time as a separate facility agreement was created specifically for FHP purposes (i.e. the $2B OFA-IESO credit facility)
- <!--[if !supportLists]-->● <!--[endif]-->There is an existing $120M loan agreement, maturing June 30, 2020, which is not a credit facility, but a fixed term loan. No amendments were made here in relation to FHP, as it is non-revolving and used

for capital purposes.

<!--[if !supportLists]-->● <!--[endif]-->Since the $160M credit facility agreement will not be used for FHP purposes, it is not clear to us why the change to definition of Permitted Liens is required, and how not making this change would prevent IESO from performing its obligations under the OFHP Act. Please clarify.

<!--[if !supportLists]-->● <!--[endif]-->Kindly confirm with Anthony why IESO believes these amendments are necessary in respect of the $160M credit facility and $120M loan agreement.

We look forward to hearing back from you. Happy to discuss further as always.

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

“Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the “Intercept Letter”), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO (“Appropriated Funds”), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. Hi Lisa/Sarah H.,

We touched based with IESO and they told us that the OEFC agreements do not contemplate a general grant of security by IESO over its assets as is currently under discussion with the OPG Trust relative to the implementation of the OFHP. The changes

required to allow for such a grant would be to amend the permitted liens and negative covenant language in the OEFC agreements so as to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.
We will get a policy direction soon and will draft a note for you to review once it's ready.

> The change we made for the OFA credit facility agreement was to allow IESO to take liens related to FHP in the event if IESO can't pay OFA back the loan, correct? What was the reason for this change? And wouldn't the same reason apply for the loans that IESO has with OEFC? And if IESO can't pay back the loans to OEFC, should they still be able to take any liens related to FHP, or not? But if they were able to do so under the OFA credit facility agreement, are there any reasons that they cannot do the same under

the OEFC credit facility agreement?
I understand that the $120M and $160M credit facilities are not for FHP purposes, but I think this is a separate question from whether they can take liens related to FHP if IESO can't pay OEFC back the loans? Similarly, I believe the existing $475M IESO credit facility with OFA was not for the FHP purpose, but the agreement was amended by the amendment #10 to include the FHP lien clause in the actual agreement, right? So I am just a bit confused about this process and trying to find out whether we should apply a consistent approach for OEFC's credit facilities before I push this back to IESO.
Also, a separate question on the $160M credit facility agreement. Since it was amended to be used for FHP purpose previously, do we need to amend that now since a separate facility agreement was created specifically for FHP purposes? Or that amendment automatically expires when the $2B FHP credit facility was created, and for sure we don't need to update anything in the $160M credit facility agreement to that effect?
Thanks,

Hi Gavin,
Thank you for your note. After reviewing your note and the attached agreements we had a few comments:

- <!--[if !supportLists]-->● <!--[endif]-->We understand that the $160M credit facility agreement will not be used for FHP purposes, although an amendment was made earlier in 2017 to allow advances for the purposes of FHP.
- <!--[if !supportLists]-->● <!--[endif]-->It is our assumption that the $160M credit facility agreement was amended in April, 2017, pursuant to Reg. 280/14 as a potential temporary option for FHP funding requirements until such time as a separate facility agreement was created specifically for FHP purposes (i.e. the $2B OFA-IESO credit facility)
- <!--[if !supportLists]-->● <!--[endif]-->There is an existing $120M loan agreement, maturing June 30, 2020, which is not a credit facility, but a fixed term loan. No amendments were made here in relation to FHP, as it is non-revolving and used

for capital purposes.

<!--[if !supportLists]-->● <!--[endif]-->Since the $160M credit facility agreement will not be used for FHP purposes, it is not clear to us why the change to definition of Permitted Liens is required, and how not making this change would prevent IESO from performing its obligations under the OFHP Act. Please clarify.

<!--[if !supportLists]-->● <!--[endif]-->Kindly confirm with Anthony why IESO believes these amendments are necessary in respect of the $160M credit facility and $120M loan agreement.

We look forward to hearing back from you. Happy to discuss further as always.

Thank You,

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

“Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the “Intercept Letter”), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO (“Appropriated Funds”), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA’s compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA (“Intercept”).
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO’s failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.”
3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.
We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Will – unless any concerns, will appreciate if you please begin to draft the two OEFC amendments this week – given that the IESO is targeting to sign the OPG / IESO fair hydro agreement by this month's end,….we need to have the two OEFC's done before this.

Once we have completed the 2 OFA facilities and the intercept letter – we then have to turn to the 2 outstanding IESO-OEFC credit facilities to contemplate any further amendments too.
Just ensuring that these 2 OEFC facilities are not missed.

Subject: Redacted FHP Agreement
Date: Tuesday, November 28, 2017 11:16:12 AM
Attachments: FHP Agreement (Redacted).docx

Hello Sarah,

From the guidance I received yesterday, IESO wishes to share the FHP Agreement with TD Bank. TD Bank wants to ensure that OPG's eventual FHP related debt does not rank ahead of the TD Bank outstanding line of credit with IESO and we are to redact sections of the FHP Agreement that are proprietary.

I am taking a conservative view. I recommend to remove quantitative descriptions, dates and non-standard lien, event default provisions and Intercept Provision. Without the opportunity to compare our agreement against TD Bank's agreement sections on Permitted Liens, Event Default, Covenants of IESO, Negative Pledge etc. we may not know exactly what is proprietary.

Please find he attached FHP Agreement. I have highlighting the areas in yellow that I recommend to redact.

Thanks,

Will

Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Section 2.4 Mandatory Repayment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

Section 2.5 Prepayments.

The IESO is not entitled to prepay any part of the Advances Outstanding or the interest accrued thereon without the prior written consent of the OFA.

Section 2.6 Payments under this Agreement.

(1) The OFA shall make Advances to the IESO under this Agreement to or to the order of the IESO by wire transfer of immediately available funds in accordance with wire transfer instructions given by the IESO to the OFA from time to time, or in such other manner as the IESO may specify to the OFA from time to time.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

Section 2.7 Computations of Interest.

(1) All computations of interest shall be made by the OFA taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 2.9 Application of Payments.

All payments made by the IESO under this Agreement shall be applied firstly to the payment of interest payable to the OFA on late payments of principal or interest hereunder, secondly, to the payment of accrued and unpaid interest payable to the OFA hereunder and thirdly, to the payment of the outstanding principal amount of any Advances payable to the OFA.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

Hello Sarah,

From the guidance I received yesterday, IESO wishes to share the FHP Agreement with TD Bank. TD Bank wants to ensure that OPG's eventual FHP related debt does not rank ahead of the TD Bank outstanding line of credit with IESO and we are to redact sections of the FHP Agreement that are proprietary.

I am taking a conservative view. I recommend to remove quantitative descriptions, dates and non-standard lien, event default provisions and Intercept Provision. Without the opportunity to compare our agreement against TD Bank's agreement sections on Permitted Liens, Event Default, Covenants of IESO, Negative Pledge etc. we may not know exactly what is proprietary.

Please find he attached FHP Agreement. I have highlighting the areas in yellow that I recommend to redact.

Thanks,

Will

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

If an Event of Default occurs and is continuing, the OFA may proceed to protect and enforce the rights vested in it by this Agreement either by suit in equity or by action at law or by proceedings in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement contained in this Agreement or in aid of the exercise of any power granted in this Agreement, or to enforce any other legal or equitable right vested in the OFA by this Agreement or by law.

Section 5.4 OFA May File Proof of Claim.

If proceedings for the receivership, insolvency, liquidation, bankruptcy, winding-up, reorganization, arrangement or composition of the IESO under any applicable law are pending, or if a receiver, trustee, custodian or other similar official shall have been appointed for the property of the IESO, or if any other judicial proceedings relative to the IESO, its creditors or its property are pending, the OFA shall be entitled and empowered, by intention in such proceeding or otherwise:

(a) to file and prove a claim for all amounts owing under this Agreement and to file such other papers or documents as may be necessary or advisable in order to have the claims of the OFA (including any claim for fees and disbursements of the OFA, its agents and counsel) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claim.

Section 5.5 Rights and Remedies Cumulative.

No right or remedy herein conferred upon or reserved to the OFA is intended to be exclusive of any other such right or remedy, and every such right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.6 Delay or Omission not Waiver.

No delay or omission of the OFA to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OFA may be exercised from time to time, and as often as may be deemed expedient, by the OFA.

Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of even date herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

Hi Will. In Olga's absence this week, I wanted to get the ball rolling on updating IESO's Incumbency Certificate re the OFA financings.

At the August meeting of our Board, Barb Anderson's position as VP and CFO was changed so that it is no longer "Interim". The change was made retroactive to July 9.

I have prepared a draft updated certificate based on the current certificate (see attached) and just wanted to confirm its form is acceptable to OFA prior to arranging for it to be executed.

Thanks,
Victor

Hello Sarah N,

As an exception, IESO has requested OFA to waive the 5 day minimum repayment period for a 1 day repayment period. Carlos has indicated that this would occur infrequently. I am currently awaiting confirmation from Settlements and Cash Management if they have any concerns from an operational standpoint. IESO will have specific amounts/details this Friday. In the interim I will draft a waiver.

I will require assistance to review the waiver.Please advise who will be available to work with me on this waiver. Additional details are below.

Thanks,

Will

Hi Will

The waiver for the 5 day minimum is expected to occur on an infrequent but periodic basis.

Subject: FHP Agreement, 5-day minimum period exception

Hello all,

IESO has asked OFA for a one-time exception to waive the minimum period for advances of 5 days (FHP Credit Facility Agreement). IESO has asked for an advance period of 1 day, so it may use money expected from OPG to repay its advance on the same day it matures.

IESO's current outstanding advance of $322M, matures on March 21, 2018. IESO will require an additional advance of $208M (to pay power generators) for a total of $530M, but will only require this for 1 day because IESO expects to receive funds from OPG to repay its advances on March 22. Rather than incurring additional interest costs of borrowing until March 26, 2018 (5 day minimum), IESO would prefer to match the maturity of its advances and expected cash inflow from OPG.

Please let me know if your respective areas have any concerns or issues from an operational standpoint.

Best regards,

Will Tan| *Documentation & Analysis Specialist*

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

Hello Sarah N,

As an exception, IESO has requested OFA to waive the 5 day minimum repayment period for a 1 day repayment period. Carlos has indicated that this would occur infrequently. I am currently awaiting confirmation from Settlements and Cash Management if they have any concerns from an operational standpoint. IESO will have specific amounts/details this Friday. In the interim I will draft a waiver.

I will require assistance to review the waiver.Please advise who will be available to work with me on this waiver. Additional details are below.

Thanks,

Will

Subject: FHP Agreement, 5-day minimum period exception

Hello all,

IESO has asked OFA for a one-time exception to waive the minimum period for advances of 5 days (FHP Credit Facility Agreement). IESO has asked for an advance period of 1 day, so it may use money expected from OPG to repay its advance on the same day it matures.

IESO's current outstanding advance of $322M, matures on March 21, 2018. IESO will require an additional advance of $208M (to pay power generators) for a total of $530M, but will only require this for 1 day because IESO expects to receive funds from OPG to repay its advances on March 22. Rather than incurring additional interest costs of borrowing until March 26, 2018 (5 day minimum), IESO would prefer to match the maturity of its advances and expected cash inflow from OPG.

Please let me know if your respective areas have any concerns or issues from an operational standpoint.

Best regards,

Will Tan| *Documentation & Analysis Specialist*

Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of even date herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

Dear Ken,

For the sole purpose of the March 5, 2018 Borrowing Notice, OEFC hereby agrees to modify the requirement set out in section 3.1 of the Credit Agreement that no more than 50% of the Proposed Advances for 2018 shall have a Repayment Date of no more than 30 years. As such, notwithstanding the total amount of Proposed Advances under the Credit Agreement for 2018, OEFC consents to a Repayment Date of 30 years from the date of the Proposed Advance under the March 5, 2018 Borrowing Notice, for the full principal amount of the Proposed Advance.

Accordingly, OEFC waives the requirement as set out in Section 3.2 and Schedule 1 of the Credit Agreement for OPG to provide the following certification in the March 5, 2018 Borrowing Notice:
