The e-mail just below is from Lisa Stein, OFA legal counsel letting Will know that certain information was not meant to be shared with Victor Buza, legal counsel from IESO.

I spoke with Will about this and he said he didn't know that it wasn't supposed to be shared (original e-mail attached from Lisa). I told him it is a matter of using judgement. Though I told him that I didn't think there was significant harm done here, it is important to analyze the information before sharing it, and not simply act as a "flow through" of information.

The information that OFA legal counsel provided to him was for his understanding and colour, and Will should only share with other parties information that is appropriate and necessary for them in order to carry out the business at hand. I indicated, in this instance, that it would have been sufficient to say something to the effect that, upon further reflections, we are fine with only referencing the 2 OFA agreements in the COI, and they we only have one proposed change to reference to the 2017 FHP agreement could also state "as may be amended from time to time". On the other hand, if we were to push for all 4 agreements, it then would be appropriate to give our rationale to IESO of why we would have wanted to amend the COI to include the additional agreements.

Hello Victor,

The Board Resolution in relation to the OFA credit facilities is redacted, as such the reference to "Credit Facilities" therein may not be general. In any event, it is appropriate that the COI refers to the two specific OFA agreements. The only comment is the reference to the 2017 FHP agreement could also state "as may be amended from time to time".

Also, there is no need for a new certificate in relation to the OEFC financings at this time.

Thanks,

Will

Hi Will – I will have to defer to your group on the details relating to differences in documentation for the different financings. We have been using the forms of incumbency certificates OEFC/OFA gave to us for each of the financings (as this is a lender requirement).

The first two items on your list are the OEFC financings which were last renewed on May 1, 2017. These used a slightly different form of Incumbency Certificate than the one that I forwarded re the last two financings (i.e. the OFA financings). The certificate for the OEFC financings addressed the identity and authority of the authorized signatory only as of the date of execution of the May 2017 amending agreements. Separately, we also provided a certified Board resolution authorizing IESO's CFO to draw funds under the OEFC financings.

The form of certificate I forwarded for your review yesterday is the one OFA required in the past in connection with the two OFA financings only.

Hello Victor,

May I provide final comments tomorrow? Lisa Stein is away until tomorrow. However, if this matter is urgent, I can call upon another contact.

In the interim, to my knowledge IESO has four agreements with OFA. The Incumbency Certificate only mentions two agreements. Unless of course you intended to provide signing authority to these two specific agreements only.

Hi Will. In Olga's absence this week, I wanted to get the ball rolling on updating IESO's Incumbency Certificate re the OFA financings.

At the August meeting of our Board, Barb Anderson's position as VP and CFO was changed so that it is no longer "Interim". The change was made retroactive to July 9.

I have prepared a draft updated certificate based on the current certificate (see attached) and just wanted to confirm its form is acceptable to OFA prior to arranging for it to be executed.

Thanks,
Victor

My comments are below. Victor indicated that his draft COI is consistent in format to the COI provided on November 6, 2017 and reviewed by us.
Attached is the draft Incumbency Certificate provided by Victor. I have included a copy of the Board Resolution from June 14, 2017 (that authorizes the CFO) and COI from November 6, 2017 of the same format as the draft.

Hello Lisa,

Would you be able to assist with this?
My comments are below. Victor indicated that his draft COI is consistent in format to the COI provided on November 6, 2017 and reviewed by us.
Attached is the draft Incumbency Certificate provided by Victor. I have included a copy of the Board Resolution from June 14, 2017 (that authorizes the CFO) and COI from November 6, 2017 of the same format as the draft.

Thanks,

Will

Hi Will – I will have to defer to your group on the details relating to differences in documentation for the different financings. We have been using the forms of incumbency certificates OEFC/OFA gave to us for each of the financings (as this is a lender requirement).

The first two items on your list are the OEFC financings which were last renewed on May 1, 2017. These used a slightly different form of Incumbency Certificate than the one that I forwarded re the last two financings (i.e. the OFA financings). The certificate for the OEFC financings addressed the identity and authority of the authorized signatory only as of the date of execution of the May 2017 amending agreements. Separately, we also provided a certified Board resolution authorizing IESO's CFO to draw funds under the OEFC financings.

The form of certificate I forwarded for your review yesterday is the one OFA required in the past in connection with the two OFA financings only.

Hello Victor,

May I provide final comments tomorrow? Lisa Stein is away until tomorrow. However, if this matter is urgent, I can call upon another contact.

In the interim, to my knowledge IESO has four agreements with OFA. The Incumbency Certificate only mentions two agreements. Unless of course you intended to provide signing authority to these two specific agreements only.

Hi Will. In Olga's absence this week, I wanted to get the ball rolling on updating IESO's Incumbency Certificate re the OFA financings.

At the August meeting of our Board, Barb Anderson's position as VP and CFO was changed so that it is no longer "Interim". The change was made retroactive to July 9.

I have prepared a draft updated certificate based on the current certificate (see attached) and just wanted to confirm its form is acceptable to OFA prior to arranging for it to be executed.

Thanks,
Victor

The e-mail just below is from Lisa Stein, OFA legal counsel letting Will know that certain information was not meant to be shared with Victor Buza, legal counsel from IESO.

I spoke with Will about this and he said he didn't know that it wasn't supposed to be shared (original e-mail attached from Lisa). I told him it is a matter of using judgement. Though I told him that I didn't think there was significant harm done here, it is important to analyze the information before sharing it, and not simply act as a "flow through" of information.

The information that OFA legal counsel provided to him was for his understanding and colour, and Will should only share with other parties information that is appropriate and necessary for them in order to carry out the business at hand. I indicated, in this instance, that it would have been sufficient to say something to the effect that, upon further reflections, we are fine with only referencing the 2 OFA agreements in the COI, and they we only have one proposed change to reference to the 2017 FHP agreement could also state "as may be amended from time to time". On the other hand, if we were to push for all 4 agreements, it then would be appropriate to give our rationale to IESO of why we would have wanted to amend the COI to include the additional agreements.

Hello Victor,

The Board Resolution in relation to the OFA credit facilities is redacted, as such the reference to "Credit Facilities" therein may not be general. In any event, it is appropriate that the COI refers to the two specific OFA agreements. The only comment is the reference to the 2017 FHP agreement could also state "as may be amended from time to time".

Also, there is no need for a new certificate in relation to the OEFC financings at this time.

Thanks,

Will

Hello Lisa,

Would you be able to assist with this?
My comments are below. Victor indicated that his draft COI is consistent in format to the COI provided on November 6, 2017 and reviewed by us.
Attached is the draft Incumbency Certificate provided by Victor. I have included a copy of the Board Resolution from June 14, 2017 (that authorizes the CFO) and COI from November 6, 2017 of the same format as the draft.

Thanks,

Will

Hi Will – I will have to defer to your group on the details relating to differences in documentation for the different financings. We have been using the forms of incumbency certificates OEFC/OFA gave to us for each of the financings (as this is a lender requirement).

The first two items on your list are the OEFC financings which were last renewed on May 1, 2017. These used a slightly different form of Incumbency Certificate than the one that I forwarded re the last two financings (i.e. the OFA financings). The certificate for the OEFC financings addressed the identity and authority of the authorized signatory only as of the date of execution of the May 2017 amending agreements. Separately, we also provided a certified Board resolution authorizing IESO's CFO to draw funds under the OEFC financings.

The form of certificate I forwarded for your review yesterday is the one OFA required in the past in connection with the two OFA financings only.

Hello Victor,

May I provide final comments tomorrow? Lisa Stein is away until tomorrow. However, if this matter is urgent, I can call upon another contact.

In the interim, to my knowledge IESO has four agreements with OFA. The Incumbency Certificate only mentions two agreements. Unless of course you intended to provide signing authority to these two specific agreements only.

Hi Will. In Olga's absence this week, I wanted to get the ball rolling on updating IESO's Incumbency Certificate re the OFA financings.

At the August meeting of our Board, Barb Anderson's position as VP and CFO was changed so that it is no longer "Interim". The change was made retroactive to July 9.

I have prepared a draft updated certificate based on the current certificate (see attached) and just wanted to confirm its form is acceptable to OFA prior to arranging for it to be executed.

Thanks,
Victor

The e-mail just below is from Lisa Stein, OFA legal counsel letting Will know that certain information was not meant to be shared with Victor Buza, legal counsel from IESO.
I spoke with Will about this and he said he didn't know that it wasn't supposed to be shared (original e-mail attached from Lisa). I told him it is a matter of using judgement. Though I told him that I didn't think there was significant harm done here, it is important to analyze the information before sharing it, and not simply act as a "flow through" of information.
The information that OFA legal counsel provided to him was for his understanding and colour, and Will should only share with other parties information that is appropriate and necessary for them in order to carry out the business at hand. I indicated, in this instance, that it would have been sufficient to say something to the effect that, upon further reflections, we are fine with only referencing the 2 OFA agreements in the COI, and they we only have one proposed change to reference to the 2017 FHP agreement could also state "as may be amended from time to time". On the other hand, if we were to push for all 4 agreements, it then would be appropriate to give our rationale to IESO of why we would have wanted to amend the COI to include the additional agreements.

Hello Victor,
The Board Resolution in relation to the OFA credit facilities is redacted, as such the reference to "Credit Facilities" therein may not be general. In any event, it is appropriate that the COI refers to the two specific OFA agreements. The only comment is the reference to the 2017 FHP agreement could also state "as may be amended from time to time".
Also, there is no need for a new certificate in relation to the OEFC financings at this time.
Thanks,

Hi Will,

The COI is intended only for the two OFA credit facilities. Based on Victor's e-mail below, it appears that there is no need for a new certificate in relation to the OEFC financings at this time.

As the Board Resolution in relation to the OFA credit facilities is redacted, it is possible that the reference to "Credit Facilities" therein may not be general. In any event, I think it is appropriate that the COI refers to the specific OFA agreements. My only comment is that perhaps the reference to the 2017 FHP agreement could also state "as may be amended from time to time".

Happy to discuss.

Hi Lisa,

My only comment is the IESO has four credit facilities with us and only two of them were noted on the COI. According to the Board Resolution, the CFO has general signing authority, so it may not be necessary to note the two specific credit facilities. Other than that, I have no other concerns.

---

Hi Lisa,

Thanks for the jumping on that call. As discussed, we received the attached $200M advance request from OPG. The proposed advance date is January 22, 2018 and the request is for a 30 year term (due January 22, 2048).

Based on the wording of the latest Amending Agreement No. 3 (attached) there is some confusion as to whether the repayment of this $200M advance needs to be staggered or if the full principal amount can be repaid in 30 years. From the wording of Amending Agreement No. 3, dated September 6, 2017: *"The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC."*

Because the current advance request of $200M is for 30 years, OPG is under the impression that they need written consent from OEFC in order to repay the full principal amount of $200M in 30 years. Without this written consent, they believe the above clause stipulates that a portion of the $200M principal must be repaid within 10 years, and no more than 50% of the principal can be repaid up to 30 years out. They have asked OEFC to provide a letter of consent acknowledging that for this specific Advance, the full principal amount can be repaid in 30 years.

In reading the language of this clause we note that it has changed from the Original Agreement dated June 17, 2016 through Amending Agreements No.1-3. I have pasted the language from each agreement below for convenience. In our view it looks like the original intention of the clause was to split up principal repayment for EACH advance, so no more than 50% could be repaid up to 30 years out. However, from the most recent language in Amending Agreement No. 3 it is our interpretation that this clause is referring to the AGGREGATE amount of the advances in 2018 rather than for each specific advance.

We are looking for direction from OFA Legal in how to interpret this clause in Amending Agreement No. 3 and whether the consent letter OPG is requesting is necessary.

From Original Agreement dated June 17, 2016:
Section 3.1

ARTICLE 3
ADVANCES AND INTEREST

Section 3.1 Advances.

OEFC agrees, on the terms and conditions of this Agreement, to make Advances to OPG under the Credit Facility from time to time on any Business Day prior to January 1, 2018. OPG shall not request Advances more than four (4) times per calendar year without first obtaining the prior written consent of OEFC. OPG may request at the same time Advances for the Darlington Requirements and for the Other General Corporate Requirements. It is anticipated that OPG will request these Advances approximately quarterly throughout a calendar year.

The Repayment Dates of the Proposed Advances for any date shall be such that the Repayment Dates are a) no more than 30 years after the date of the Proposed Advances for no more than 50% of the total amount of such Proposed Advances, and b) no more than 10 years after the date of the Proposed Advances for the remaining amount of the Proposed Advances.

No Advances shall be made under this Agreement after December 31, 2017.

From Amending Agreement No. 1, dated September 7, 2016:
Provision # 5

The Repayment Dates of the Proposed Advances for any date shall be such that the Repayment Dates are a) no more than 30 years after the date of the Proposed Advances for no more than 50% of the total amount of such Proposed Advances, and b) no more than 10 years after the date of the Proposed Advances for the remaining amount of the Proposed Advances.

From Amending Agreement No. 2, dated February 2, 2017:
Provision # 5

The Repayment Date of each Proposed Advance made during 2017 shall be no more than thirty (30) years after the date of the Proposed Advance."

From Amending Agreement No. 3, dated September 6, 2017:
Provision # 5

The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC.

Ok thanks. OPG would like to borrow the $200 million for 30 years. The current agreement restricts 30 year borrowing to 50% of each loan. Mike is fine with waiving this. Can we do it by a letter?

(2) OEFC shall notify OPG of the Applicable Spread and Base Rate in writing by no later than 2:00 p.m. on the Business Day before the Advance Date, provided that OPG has up to 5 Business Days to advise OEFC of any errors or discrepancies.

(3) Interest shall accrue daily on the principal amount of each Note from and including the date of the Note to but excluding the Repayment Date of such Advance, at an annual rate equal to the aggregate of the Base Rate and the Applicable Spread (both before and after the date such principal amount or interest thereon becomes due and both before and after Default) and shall be payable in equal semi-annual installments on the Interest Payment Dates.

(4) Notwithstanding the foregoing, whenever it is necessary to compute interest in respect of the Notes for a period of less than one full year, other than such equal semi-annual installments, such interest shall be calculated on the basis of the actual number of days elapsed in a year of 365 days. If any Repayment Date is not a Business Day, such

Repayment Date will be adjusted to the following Business Day, (the "Adjusted Repayment Date"), and, notwithstanding Section 1.5 of this Agreement, additional interest shall accrue daily on the principal amount of each Note from and including the Repayment Date to but excluding the Adjusted Repayment Date of such Advance, at an annual rate equal to the aggregate of the Base Rate and the Applicable Spread (both before and after the date such principal amount or interest thereon becomes due and both before and after Default), and shall be payable together with the principal amount of the Advance on the Adjusted Repayment Date.

(1) All computations of interest shall be made by OEFC taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 3.6 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, OPG shall not be obliged to make any payments of interest or other amounts payable to OEFC hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by OEFC of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada), as amended from time to time).

(2) In the event that any such payments are limited or prohibited as provided in Section 3.6(1), OEFC shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 3.7 Conditions Precedent.

If an Event of Default occurs and is continuing, then and in every such case OEFC may declare all amounts owing hereunder to be due and payable immediately, by a notice in writing to OPG, and upon any such declaration all such amounts shall become immediately due and payable.

Section 5.3 Suits for Enforcement by OEFC.

If an Event of Default occurs and is continuing, OEFC may proceed to protect and enforce the rights vested in it by this Agreement either by suit in equity or by action at law or by proceedings in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement contained in this Agreement or in aid of the exercise of any power granted in this Agreement, or to enforce any other legal or equitable right vested in OEFC by this Agreement or by law.

Section 5.4 OEFC May File Proof of Claim.

If proceedings for the receivership, insolvency, liquidation, bankruptcy, winding-up, reorganization, arrangement or composition of OPG under any applicable law are pending, or if a receiver, trustee, custodian or other similar official shall have been appointed for the property of OPG, or if any other judicial proceedings relative to OPG, its creditors or its property are pending, OEFC shall be entitled and empowered, by intention in such proceeding or otherwise:

(a) to file and prove a claim for all amounts owing under this Agreement and to file such other papers or documents as may be necessary or advisable in order to have the claims of OEFC (including any claim for fees and disbursements of OEFC, its agents and counsel as contemplated under Section 4.7) allowed in such judicial proceeding; and

(b) to collect and receive any moneys or other property payable or deliverable on any such claim.

Section 5.5 Rights and Remedies Cumulative.

No right or remedy herein conferred upon or reserved to OEFC is intended to be exclusive of any other such right or remedy, and every such right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.6 Delay or Omission not Waiver.

No delay or omission of OEFC to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OEFC may be exercised from time to time, and as often as may be deemed expedient, by OEFC.

ARTICLE 6
CONSOLIDATION, AMALGAMATION, MERGER OF OPG

SCHEDULE 3

CALCULATION OF MAKE-WHOLE AMOUNT AND EXAMPLE CALCULATION

For the purposes of this Schedule 3, the following terms shall have the meanings assigned to them below:

"OPG Market Price" means the price that is calculated using the OPG Interpolated Yield for the remaining term to maturity of the Advance Outstanding as of the Prepayment Calculation Date.

"OPG Interpolated Yield" means the interpolated yield calculated by using a Province of Ontario Yield Curve.

"Province of Ontario Yield Curve" means the yield curve that is constructed of only issues with an active, whole-bond float of at least CAD $2 Billion in size.

OEFC will calculate the Make-Whole Amount as the OPG Market Price multiplied by the amount of the Advance Outstanding that is to be repaid.

If the shape of the Province of Ontario Yield Curve for the remaining term to maturity is convex, then a cubic-spline method for interpolation will be used (i.e. the interpolation will follow the curvature of that portion of the yield curve). If the constructed yield curve is concave at this term, a linear (i.e. straight line) method of interpolation will be used.

Example

On 22 April, 2005 OEFC provided OPG with an Advance for $75 million at 5.575% for a term of 10 years. OPG gives notice to prepay the Advance Outstanding of $75 million on February 4, 2010.

Prepayment Date:	Feb 4, 2010
Repayment Date of original Advance:	April 22, 2015
Coupon Rate:	5.575%
OPG Interpolated Yield:	2.875%

Ontario issues used for Interpolation (linear)

ONT 4.5% 08 MAR 2015 ($3.0B Float):	*2.839%*
ONT 4.4% 08 MAR 2016 ($3.0B Float):	*3.135%*

OPG Market Price: 112.99

Make-Whole Amount: $75 million x ((112.99 – 100)/100) = $9.7 million

Hi Sarah,
As per Linda Smith's email below, OPG have made an Advance request of $200 million for 30 years. The current agreement (Amending Agreement No.3 attached) restricts 30 year borrowing to 50% of each loan. Mike Manning is fine with waiving this. As per section 5 of Amending Agreement No.3 and Section 8.3 of the Original Agreement, written agreement is required in order to make this change. I can prepare draft documentation is this regard. Is someone in OFA legal available to review?

From Amending Agreement No. 3, Section 5:

> The Repayment Date of each Proposed Advance to be made in 2018 shall be such that the Repayment Date is a) no more than 30 years after the date of the Proposed Advance for no more than 50% of the total amount of such Proposed Advances for 2018, and b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018. This requirement may only be modified with the written consent of OEFC.

From Original Agreement, Section 8.3:

> **Section 8.3 Amendments.**
>
> This Agreement may only be amended or otherwise modified by written agreement executed by each of OEFC and OPG.

Ok thanks. OPG would like to borrow the $200 million for 30 years. The current agreement restricts 30 year borrowing to 50% of each loan. Mike is fine with waiving this. Can we do it by a letter?

the Advances when such total Advances are more than $100,000,000, by payment to OEFC of the amount calculated in accordance with this section (the "Prepayment Amount").

(2) The Prepayment Amount shall be calculated as the sum of the following:

(a) the amount of the Advance Outstanding to be paid on the Prepayment Date;

(b) the accrued and unpaid interest on the amount of the Advance Outstanding to be paid on the Prepayment Date; and

(c) the Make-Whole Amount, if any, applicable to the amount of the Advance Outstanding to be paid on the Prepayment Date.

The Prepayment Date shall be a Business Day. The Prepayment Notice is irrevocable and binding on both parties.

(4) On the Prepayment Calculation Date, OEFC shall provide OPG with written notice setting out the calculation of the Prepayment Amount, including a reasonably detailed calculation of the Make-Whole Amount and the assumptions used in making such calculations. An example of such calculation is set forth in Schedule 3 attached to this Agreement.

OPG shall make each such payment in Canadian Dollars.

ARTICLE 3
ADVANCES AND INTEREST

Section 3.1 Advances.

OEFC agrees, on the terms and conditions of this Agreement, to make Advances to OPG under the Credit Facility from time to time on any Business Day prior to January 1, 2018. OPG shall not request Advances more than four (4) times per calendar year without first obtaining the prior written consent of OEFC. OPG may request at the same time Advances for the Darlington Requirements and for the Other General Corporate Requirements. It is anticipated that OPG will request these Advances approximately quarterly throughout a calendar year.

The Repayment Dates of the Proposed Advances for any date shall be such that the Repayment Dates are a) no more than 30 years after the date of the Proposed Advances for no more than 50% of the total amount of such Proposed Advances, and b) no more than 10 years after the date of the Proposed Advances for the remaining amount of the Proposed Advances.

No Advances shall be made under this Agreement after December 31, 2017.

Section 3.2 Procedure for Advances.

OPG shall provide OEFC with written notice requesting an Advance at least 10 Business Days prior to the date of the Advance; provided that if the total of the Proposed Advances for any date exceeds $200,000,000, such notice shall be provided at least 20 Business Days prior to the date of the Advance unless otherwise agreed. Each such notice (a **"Borrowing Notice"**) shall be substantially in the form of Schedule 1 and shall specify, with respect to each Proposed Advance: (a) the date of the Advance (the **"Advance Date"**); (b) the principal amount of the Advance; (c) the purpose of the Advance, that is, whether it is for Darlington Requirements or Other General Corporate Requirements; (d) the Repayment Date of the Advance; and (e) the Interest Payment Dates. The interest rate that shall apply to such Advance shall be set in accordance with the procedure set forth in Section 3.4.

Section 3.3 Issue of Notes.

(1) By no later than 5:00 p.m. on the date that OPG delivers the Borrowing Notice, OPG shall deliver in escrow to OEFC executed promissory note(s) in the principal amount of the Advance(s), substantially in the form of Schedules 2 and 2A. Each Note shall be

dated the date of the respective Advance and shall mature on the Repayment Date and bear interest at the rate per annum (after as well as before Default or judgment) agreed to pursuant to Section 3.4, with interest on the amounts in Default at the same rate. The Notes delivered in escrow shall not contain the interest rate, therefore OEFC shall complete the interest rate on the day of the Advance, and provide OPG with a certified true copy of same. The Notes shall automatically be released from escrow upon receipt by OPG of the amount of the Advance. In the event that funds are not received by OPG on the Advance Date, OPG and OEFC agree to take all steps necessary to amend the date of the Notes and the applicable Repayment Dates, without amending the interest rate that was agreed to with respect to such Advance, subject to Section 3.4(2) hereof. OPG shall provide OEFC with written notice (which may be made by electronic transmission) that it has received the Advance and that the Notes have therefore automatically been released from escrow.

(2) The Notes shall at all times rank *pari passu* with all other unsubordinated Indebtedness of OPG, subject to the existence of any Permitted Liens of OPG.

(3) Interest shall be payable on the Notes in accordance with Section 3.4.

(4) All amounts owing in respect of the Notes shall be paid without exercising any right or set off or counterclaim by OPG irrespective of whether or not, at the time any such amount is due and payable, amounts are due and payable by OPG to OEFC.

Section 3.4 Interest on Advances.

(1) The interest rate applicable to an Advance shall be the aggregate of the applicable Base Rate and the Applicable Spread. The Applicable Spread shall be determined by OEFC and shall be calculated as of the date that is at least 1 Business Day before the Advance Date and not greater than 5 days before the Advance Date.

(2) OEFC shall notify OPG of the Applicable Spread and Base Rate in writing by no later than 2:00 p.m. on the Business Day before the Advance Date, provided that OPG has up to 5 Business Days to advise OEFC of any errors or discrepancies.

(3) Interest shall accrue daily on the principal amount of each Note from and including the date of the Note to but excluding the Repayment Date of such Advance, at an annual rate equal to the aggregate of the Base Rate and the Applicable Spread (both before and after the date such principal amount or interest thereon becomes due and both before and after Default) and shall be payable in equal semi-annual installments on the Interest Payment Dates.

(4) Notwithstanding the foregoing, whenever it is necessary to compute interest in respect of the Notes for a period of less than one full year, other than such equal semi-annual installments, such interest shall be calculated on the basis of the actual number of days elapsed in a year of 365 days. If any Repayment Date is not a Business Day, such

Repayment Date will be adjusted to the following Business Day, (the "Adjusted Repayment Date"), and, notwithstanding Section 1.5 of this Agreement, additional interest shall accrue daily on the principal amount of each Note from and including the Repayment Date to but excluding the Adjusted Repayment Date of such Advance, at an annual rate equal to the aggregate of the Base Rate and the Applicable Spread (both before and after the date such principal amount or interest thereon becomes due and both before and after Default), and shall be payable together with the principal amount of the Advance on the Adjusted Repayment Date.

Section 3.5 Computations of Interest.

(1) All computations of interest shall be made by OEFC taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 3.6 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, OPG shall not be obliged to make any payments of interest or other amounts payable to OEFC hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by OEFC of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada), as amended from time to time).

(2) In the event that any such payments are limited or prohibited as provided in Section 3.6(1), OEFC shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 3.7 Conditions Precedent.

The obligation of OEFC to make the Advances pursuant to Section 2.1 is subject to the following conditions being met to OEFC's satisfaction at the time of making each Advance:

(a) that the representations and warranties of OPG contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing and no event or condition has occurred, which, with the lapse of time or the giving of notice or both would constitute an Event of Default;

(c) that there shall, in the reasonable opinion of OEFC, have been no material adverse change in the financial condition of OPG; and

(d) that OEFC has received such other documentation which it has reasonably requested to ensure that OPG is in compliance with the terms and conditions of this Agreement, including certified true copies of any necessary resolutions including resolutions authorizing the borrowing and authorized signatories.

SCHEDULE 3

CALCULATION OF MAKE-WHOLE AMOUNT AND EXAMPLE CALCULATION

For the purposes of this Schedule 3, the following terms shall have the meanings assigned to them below:

"OPG Market Price" means the price that is calculated using the OPG Interpolated Yield for the remaining term to maturity of the Advance Outstanding as of the Prepayment Calculation Date.

"OPG Interpolated Yield" means the interpolated yield calculated by using a Province of Ontario Yield Curve.

"Province of Ontario Yield Curve" means the yield curve that is constructed of only issues with an active, whole-bond float of at least CAD $2 Billion in size.

OEFC will calculate the Make-Whole Amount as the OPG Market Price multiplied by the amount of the Advance Outstanding that is to be repaid.

If the shape of the Province of Ontario Yield Curve for the remaining term to maturity is convex, then a cubic-spline method for interpolation will be used (i.e. the interpolation will follow the curvature of that portion of the yield curve). If the constructed yield curve is concave at this term, a linear (i.e. straight line) method of interpolation will be used.

Example

On 22 April, 2005 OEFC provided OPG with an Advance for $75 million at 5.575% for a term of 10 years. OPG gives notice to prepay the Advance Outstanding of $75 million on February 4, 2010.

Prepayment Date:	Feb 4, 2010
Repayment Date of original Advance:	April 22, 2015
Coupon Rate:	5.575%
OPG Interpolated Yield:	2.875%

Ontario issues used for Interpolation (linear)

ONT 4.5% 08 MAR 2015 ($3.0B Float):	*2.839%*
ONT 4.4% 08 MAR 2016 ($3.0B Float):	*3.135%*

OPG Market Price: 112.99

Make-Whole Amount: $75 million x ((112.99 – 100)/100) = $9.7 million

Hi Ken,

We are trying to finalize the attached worksheet for Accounting. I believe it is used in the statements to populate the highlighted sentence:

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

We have tentatively added the IESO-OFA FHP OIC to the worksheet but want to ensure this is both expected and acceptable.

We approached Corporate Finance/Corporate Electricity Finance to see if they had any concerns but have yet to hear back.

We are hoping that you may be able to confirm the appropriateness of its inclusion in light of the fact that it will cause a $2 billion jump in the amount reported and push the far date out to 2047.

Ontario

Order in Council
Décret

On the recommendation of the undersigned, the Lieutenant Governor of Ontario, by and with the advice and concurrence of the Executive Council of Ontario, orders that:

Sur la recommandation de la personne soussignée, la lieutenante-gouverneure de l'Ontario, sur l'avis et avec le consentement du Conseil exécutif de l'Ontario, décrète ce qui suit :

WHEREAS pursuant to subsection 22(1) of the *Capital Investment Plan Act, 1993* (the "Act"), the Minister of Finance may purchase securities of or make loans to corporations established under subsection 2(1) of the Act in such amounts, at such times and on such terms and conditions as the Lieutenant Governor in Council considers expedient;

AND WHEREAS the Ontario Financing Authority (the "OFA") is a corporation established under subsection 2(1) of the Act;

AND WHEREAS pursuant to subsection 6(3) of the Act, the power of a corporation established under subsection 2(1) of the Act to borrow and issue securities, among other things, may only be exercised under the authority of a by-law that has been approved by the Minister of Finance;

AND WHEREAS the OFA wishes to borrow up to Two Billion Dollars in lawful money of Canada from the Minister of Finance and has been authorized to do so by a borrowing by-law approved in accordance with the Act;

THEREFORE:

Pursuant to subsection 22 (1) of the Act, the Minister of Finance is authorized to lend a maximum of Two Billion Dollars in lawful money of Canada to the OFA on the following terms and conditions:

(a) the loan may be advanced in such amounts and at such time or times as required by the OFA;

(b) repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by December 31, 2047;

(c) each advance (an "Advance") made under the loan hereby authorized shall bear interest at a rate which is determined as follows:

(i) from the date of the Advance to (but excluding) the date of repayment the Advance shall bear interest at a per annum rate equivalent to the yield earned on

ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for longer than ninety days, the interest rate shall be reset on the last day of each ninety day period (the "Reset Date") to the yield earned on ninety day Province of Ontario treasury bills immediately preceding the Reset Date for such ninety day period as determined by the Province;

(ii) in the event that moneys included in an Advance are used by the OFA for the purpose of funding loans to third parties (a "Third Party Loan"), the rate of interest payable by the OFA to the Province on the portion of the Advance so used shall be adjusted effective as of the date that the portion of the Advance is used to fund the Third Party Loan so that the per annum rate of interest payable by the OFA on such moneys is equivalent to the per annum rate of interest payable to the OFA under the Third Party Loan less an amount as may be determined by the Minister of Finance in respect of such Third Party Loan or a class of such Third Party Loans, until but excluding the date on which the Third Party Loan is repaid, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently used to fund loans to third parties, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Province on that portion of the Advance used to fund such loan, and so on, until the Advance shall be repaid to the Province in full;

(iv) despite subparagraphs (ii) and (iii), in the event that no interest is payable to the OFA under a Third Party Loan, no interest shall be payable by the OFA on the portion of the Advance so used and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period.

(d) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(e) despite paragraph (b) of this Order, interest on any portion of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the OFA receives payment of interest under the relevant Third Party Loan;

(f) despite paragraph (b) of this Order, any portion of the principal of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall become payable only to the extent the OFA receives repayment of principal under the relevant Third Party Loan; and

(g) the loan hereby authorized shall be evidenced by a promissory note.

PAR CONSÉQUENT :

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

Hi Ken,

We are trying to finalize the attached worksheet for Accounting. I believe it is used in the statements to populate the highlighted sentence:

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

We have tentatively added the IESO-OFA FHP OIC to the worksheet but want to ensure this is both expected and acceptable.

We approached Corporate Finance/Corporate Electricity Finance to see if they had any concerns but have yet to hear back.

We are hoping that you may be able to confirm the appropriateness of its inclusion in light of the fact that it will cause a $2 billion jump in the amount reported and push the far date out to 2047.

Ontario

Order in Council
Décret

On the recommendation of the undersigned, the Lieutenant Governor of Ontario, by and with the advice and concurrence of the Executive Council of Ontario, orders that:

Sur la recommandation de la personne soussignée, la lieutenante-gouverneure de l'Ontario, sur l'avis et avec le consentement du Conseil exécutif de l'Ontario, décrète ce qui suit :

WHEREAS pursuant to subsection 22(1) of the *Capital Investment Plan Act, 1993* (the "Act"), the Minister of Finance may purchase securities of or make loans to corporations established under subsection 2(1) of the Act in such amounts, at such times and on such terms and conditions as the Lieutenant Governor in Council considers expedient;

AND WHEREAS the Ontario Financing Authority (the "OFA") is a corporation established under subsection 2(1) of the Act;

AND WHEREAS pursuant to subsection 6(3) of the Act, the power of a corporation established under subsection 2(1) of the Act to borrow and issue securities, among other things, may only be exercised under the authority of a by-law that has been approved by the Minister of Finance;

AND WHEREAS the OFA wishes to borrow up to Two Billion Dollars in lawful money of Canada from the Minister of Finance and has been authorized to do so by a borrowing by-law approved in accordance with the Act;

THEREFORE:

Pursuant to subsection 22 (1) of the Act, the Minister of Finance is authorized to lend a maximum of Two Billion Dollars in lawful money of Canada to the OFA on the following terms and conditions:

(a) the loan may be advanced in such amounts and at such time or times as required by the OFA;

(b) repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by December 31, 2047;

(c) each advance (an "Advance") made under the loan hereby authorized shall bear interest at a rate which is determined as follows:

(i) from the date of the Advance to (but excluding) the date of repayment the Advance shall bear interest at a per annum rate equivalent to the yield earned on

ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for longer than ninety days, the interest rate shall be reset on the last day of each ninety day period (the "Reset Date") to the yield earned on ninety day Province of Ontario treasury bills immediately preceding the Reset Date for such ninety day period as determined by the Province;

(ii) in the event that moneys included in an Advance are used by the OFA for the purpose of funding loans to third parties (a "Third Party Loan"), the rate of interest payable by the OFA to the Province on the portion of the Advance so used shall be adjusted effective as of the date that the portion of the Advance is used to fund the Third Party Loan so that the per annum rate of interest payable by the OFA on such moneys is equivalent to the per annum rate of interest payable to the OFA under the Third Party Loan less an amount as may be determined by the Minister of Finance in respect of such Third Party Loan or a class of such Third Party Loans, until but excluding the date on which the Third Party Loan is repaid, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently used to fund loans to third parties, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Province on that portion of the Advance used to fund such loan, and so on, until the Advance shall be repaid to the Province in full;

(iv) despite subparagraphs (ii) and (iii), in the event that no interest is payable to the OFA under a Third Party Loan, no interest shall be payable by the OFA on the portion of the Advance so used and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period.

(d) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(e) despite paragraph (b) of this Order, interest on any portion of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the OFA receives payment of interest under the relevant Third Party Loan;

(f) despite paragraph (b) of this Order, any portion of the principal of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall become payable only to the extent the OFA receives repayment of principal under the relevant Third Party Loan; and

(g) the loan hereby authorized shall be evidenced by a promissory note.

Hi Ken,

We are trying to finalize the attached worksheet for Accounting. I believe it is used in the statements to populate the highlighted sentence:

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

We have tentatively added the IESO-OFA FHP OIC to the worksheet but want to ensure this is both expected and acceptable.

We approached Corporate Finance/Corporate Electricity Finance to see if they had any concerns but have yet to hear back.

We are hoping that you may be able to confirm the appropriateness of its inclusion in light of the fact that it will cause a $2 billion jump in the amount reported and push the far date out to 2047.

Order in Council
Décret

On the recommendation of the undersigned, the Lieutenant Governor of Ontario, by and with the advice and concurrence of the Executive Council of Ontario, orders that:

Sur la recommandation de la personne soussignée, la lieutenante-gouverneure de l'Ontario, sur l'avis et avec le consentement du Conseil exécutif de l'Ontario, décrète ce qui suit :

WHEREAS pursuant to subsection 22(1) of the *Capital Investment Plan Act, 1993* (the "Act"), the Minister of Finance may purchase securities of or make loans to corporations established under subsection 2(1) of the Act in such amounts, at such times and on such terms and conditions as the Lieutenant Governor in Council considers expedient;

AND WHEREAS the Ontario Financing Authority (the "OFA") is a corporation established under subsection 2(1) of the Act;

AND WHEREAS pursuant to subsection 6(3) of the Act, the power of a corporation established under subsection 2(1) of the Act to borrow and issue securities, among other things, may only be exercised under the authority of a by-law that has been approved by the Minister of Finance;

AND WHEREAS the OFA wishes to borrow up to Two Billion Dollars in lawful money of Canada from the Minister of Finance and has been authorized to do so by a borrowing by-law approved in accordance with the Act;

THEREFORE:

Pursuant to subsection 22 (1) of the Act, the Minister of Finance is authorized to lend a maximum of Two Billion Dollars in lawful money of Canada to the OFA on the following terms and conditions:

(a) the loan may be advanced in such amounts and at such time or times as required by the OFA;

(b) repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by December 31, 2047;

(c) each advance (an "Advance") made under the loan hereby authorized shall bear interest at a rate which is determined as follows:

(i) from the date of the Advance to (but excluding) the date of repayment the Advance shall bear interest at a per annum rate equivalent to the yield earned on

ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for longer than ninety days, the interest rate shall be reset on the last day of each ninety day period (the "Reset Date") to the yield earned on ninety day Province of Ontario treasury bills immediately preceding the Reset Date for such ninety day period as determined by the Province;

(ii) in the event that moneys included in an Advance are used by the OFA for the purpose of funding loans to third parties (a "Third Party Loan"), the rate of interest payable by the OFA to the Province on the portion of the Advance so used shall be adjusted effective as of the date that the portion of the Advance is used to fund the Third Party Loan so that the per annum rate of interest payable by the OFA on such moneys is equivalent to the per annum rate of interest payable to the OFA under the Third Party Loan less an amount as may be determined by the Minister of Finance in respect of such Third Party Loan or a class of such Third Party Loans, until but excluding the date on which the Third Party Loan is repaid, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently used to fund loans to third parties, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Province on that portion of the Advance used to fund such loan, and so on, until the Advance shall be repaid to the Province in full;

(iv) despite subparagraphs (ii) and (iii), in the event that no interest is payable to the OFA under a Third Party Loan, no interest shall be payable by the OFA on the portion of the Advance so used and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period.

(d) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(e) despite paragraph (b) of this Order, interest on any portion of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the OFA receives payment of interest under the relevant Third Party Loan;

(f) despite paragraph (b) of this Order, any portion of the principal of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall become payable only to the extent the OFA receives repayment of principal under the relevant Third Party Loan; and

(g) the loan hereby authorized shall be evidenced by a promissory note.

ATTENDU QUE le ministre des Finances peut, en vertu du paragraphe 22 (1) de la *Loi de 1993 sur le plan d'investissement* (la « Loi »), acheter des valeurs mobilières des personnes morales

créées en vertu du paragraphe 2 (1) de la Loi ou leur consentir des prêts selon les montants, aux moments et aux conditions que le lieutenant-gouverneur en conseil estime opportuns;

ATTENDU QUE l'Office ontarien de financement (l'« OOF ») est une personne morale créée en vertu du paragraphe 2 (1) de la Loi;

ATTENDU QUE, conformément au paragraphe 6 (3) de la Loi, le pouvoir qu'ont les personnes morales créées en vertu du paragraphe 2 (1) de la Loi de contracter des emprunts et d'émettre des valeurs mobilières, entre autres, ne peut être exercé qu'aux termes d'un règlement administratif approuvé par le ministre des Finances;

ATTENDU QUE l'OOF souhaite emprunter jusqu'à concurrence de deux milliards de dollars en monnaie légale du Canada du ministre des Finances et qu'il a été autorisé à le faire par un règlement administratif d'emprunt approuvé conformément à la Loi;

PAR CONSÉQUENT :

en vertu du paragraphe 22 (1) de la Loi, le ministre des Finances est autorisé à prêter un montant maximal de deux milliards de dollars en monnaie légale du Canada à l'OOF, aux conditions suivantes :

a) le prêt peut être consenti selon les montants et aux moments qui conviennent à l'OOF;

b) le remboursement des avances consenties au titre du prêt, plus les intérêts courus, peut à tout moment être effectué en totalité ou en partie, pourvu que le prêt et les intérêts courus soient entièrement remboursés au plus tard le 31 décembre 2047;

c) chaque avance (« avance ») faite au titre du prêt autorisé par les présentes portera intérêt au taux est fixé comme suit :

(i) de la date où elle a été faite jusqu'à la date (non comprise) de son remboursement, l'avance portera intérêt à un taux annuel équivalant au rendement gagné sur des bons du Trésor de la province de l'Ontario de quatre-vingt-dix jours à la date précédant la date de l'avance fixée par la province, pourvu que ce taux d'intérêt soit rajusté le dernier jour de chaque période de quatre-vingt-dix jours (« date de rajustement ») selon le rendement gagné sur de tels bons du Trésor immédiatement avant la date de rajustement pour une période de quatre-vingt-dix jours décidée par la province, si l'avance est impayée pendant plus de quatre-vingt-dix jours;

(ii) dans l'éventualité où l'OOF se servirait de sommes comprises dans une avance pour financer des prêts à des tiers, le taux d'intérêt à payer par l'OOF à la province sur la partie de l'avance ainsi utilisée sera rajusté à la date à laquelle la partie de l'avance sera utilisée pour le financement du prêt à un tiers de façon que le taux d'intérêt annuel à payer par l'OOF sur de telles sommes soit équivalent à ce dernier taux moins un montant que pourra fixer le ministre des Finances à l'égard d'un tel prêt ou d'une telle catégorie de prêt, jusqu'à la date (non comprise) à laquelle le prêt à un tiers sera remboursé, date à laquelle le taux d'intérêt établi au sous-alinéa (i) s'appliquera de nouveau à cette partie de l'avance;

(iii) dans l'éventualité où les sommes décrites au sous-alinéa (ii), une fois remboursées, seraient ultérieurement utilisées pour le financement de prêts à des tiers, le sous-alinéa (ii) s'appliquera de nouveau dans l'établissement du taux d'intérêt à payer à la province sur la partie de l'avance utilisée à cette fin, et ainsi de suite, jusqu'à ce que l'avance ait été remboursée intégralement à la province;

(iv) malgré les sous-alinéas (ii) et (iii), dans l'éventualité où aucun intérêt ne serait payable à l'OOF au titre d'un prêt à un tiers, aucun intérêt ne sera à payer par l'OOF sur la partie de l'avance ainsi utilisée et dans la mesure où les conditions du prêt à un tiers prévoient le report du paiement d'intérêts courus pour une période, le paiement d'intérêts au titre d'une avance ou d'une partie d'une avance sera également reporté pour une période d'égale durée;

d) l'intérêt payable relativement à toute période de moins d'un an sera calculé en fonction du nombre de jours réellement compris dans cette période, par rapport à une année comptant 365 jours;

e) par dérogation à l'alinéa a) ci-dessus, l'intérêt sur toute partie d'une avance consentie à l'OOF dans le cadre du prêt que cette dernière utilise pour financer un prêt à un tiers est calculé comme il est indiqué ci-dessus, mais cet intérêt devient payable uniquement dans la mesure où l'OOF reçoit un paiement d'intérêts au titre du prêt à un tiers;

f) par dérogation à l'alinéa b) ci-dessus, toute partie du capital d'une avance consentie à l'OOF dans le cadre du prêt que cette dernière utilise pour financer un prêt à un tiers devient payable uniquement dans la mesure où l'OOF reçoit un remboursement du capital au titre du prêt à un tiers

g) le prêt autorisé en vertu des présentes sera attesté par un billet à ordre.

5. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province. As the OFA is directed by the Province to make these loans in furtherance of stated Provincial initiatives, and these loans are included in the Province's consolidated financial statements, these transactions are not reflected in these financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating $16.9 billion expiring from 2036 to 2044. Principal repayments received from public bodies by the OFA are forwarded to the Province. The interest rates charged to public bodies is generally slightly higher than the rate charged by the Province on the advances to fund the loans ("the spread").

HI Ryan,

I'm trying to provide Opal with updated summaries on active IESO and OPG Agreements, and I'm trying to ensure that they are properly reflected in an agreement tracer that Karin has prepared. I'm going to ask you to handle the OPG agreement summaries.

More specifically, there have been detailed summaries that have been maintained for some OPG agreements (example of attached), and there is the tracker which Karin has prepared that contains the bare material amendments. Could you please provide updated more detailed summaries of any **outstanding OPG agreements** for which we are **actively** using to provide loans (that is, where we have the ability to advance new loans) and ensure that the key material changes are reflected in the cells in the tracker. The tracker contains the most recent 2.35M credit facility, so I think that is the only active one.

However, I also see there are a number of agreements have outstanding prom notes under them that we are not actively using (i.e. they can't take out new loans), but there are still unmatured loans under them. I don't want to do summaries for those loan agreements, but I would separately want to ensure that we update the attached OPG Balances Spreadsheet, and then we actively manage the maturing prom notes in the vault.

We can talk tomorrow about that, as well as the OEFC OIC.

Of course, EMTN is the priority, so primary attention is on that…

Thanks,
Sarah

Hi Ryan and Sarah,

Please see my comments and suggestions on the attached draft letter. Once you have had a chance to review, please send me a meeting planner to discuss further (as additional modifications to the draft are still required). I'm working from home on Monday so a conference call would be best. Also, please note that the title of the letter incorrectly states the amount of the proposed advance.

Have a great weekend!

Re: **$200,000,000 Proposed Advance under Borrowing Notice Dated January 8, 2018~~under the General Corporate Requirements Credit Facility Agreement between Ontario Power Generation Inc. ("OPG") and Ontario Electricity Financial Corporation ("OEFC"), dated June 16, 2016, as amended.~~**

Dear Ken,

The Ontario Electricity Financial Corporation ("OEFC") is in receipt of the Borrowing Notice provided by Ontario Power Generation ("OPG") to the OFA dated January 8, 2018 for the Proposed Advance of $200,000,000 (the "January 8, 2018 Borrowing Notice") under the General Corporate Requirements Credit Facility Agreement between OPG and OEFC dated June 16, 2016, as amended (the "Credit Agreement"), the terms defined therein being used herein as therein defined.

~~Notwithstanding~~ For the sole purpose of the January 8, 2018 Borrowing Notice, OEFC hereby agrees to modify the requirement set out in section 3.1 of the Credit Agreement that no more than 50% of the Proposed Advances for 2018 shall have a Repayment Date of no more than 30 years. As such, notwithstanding the total amount of Proposed Advances under the Credit Agreement for 2018, OEFC ~~Section 3.1 of the General Corporate Requirements Credit Facility Agreement, dated June 16, 2016, as amended, the OEFC~~ consents to a R~~r~~epayment D~~d~~ate of 30 years from the date of the Proposed Advance under the January 8, 2018 ~~January 22, 2048 for the full principal amount of the Proposed Advance of $200,000,000~~Borrowing Notice, for the full principal amount of the Proposed Advance. ~~scheduled to be paid out to OPG on January 22, 2018.~~

~~Furthermore~~Accordingly, ~~we~~ OEFC ~~accept the "Borrowing Notice" provided by OPG dated January 8, 2018,~~ waives the requirement as set out in Section 3.2 and Schedule 1 of the Credit Agreement for OPG to provide ~~without~~ the following certification in the January 8, 2018 Borrowing Notice: ~~required under Section 3.2 and Schedule 1 of the Agreement, as amended:~~

Formatted: Font: Not Bold

Commented [LS1]: I don't think we need to include the date here as the details are set out in the Borrowing Notice.

"The Repayment Date of any of the Proposed Advance(s) for 2018 is (a) no more than 30 years after the date of such Proposed Advance for no more than 50% of the total of all Proposed Advances for 2018 and (b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018."

Subject to Section 3.1 of the Agreement, as amended, the OEFC reserves the right to restrict Proposed Advances with a Repayment date of 30 years for the remainder of 2018 on a case by case basis.

Commented [LS2]: Can we please discuss intention here? Do you want to amend this provision going forward? Perhaps include language such as:
Subject to the foregoing, section 3.1 of the Credit Agreement applies to all future Proposed Advances.

The above language would imply that OEFC still has the ability to modify the requirements in section 3.1, as set out in that section.

Hi,

We are looking for the original of the attached Prom Note and are wondering if Settlement's has it for safekeeping. Note the date may have be pushed out in (b) to June 1, 2041.

Also, we are looking for another similar Prom Note for 650 million likely dated in April or May 1999 with ultimate repayment date of either Aug 31, 2029 or likewise amended to June 1, 2041.

Can you please check and see if Settlements have either of these in safekeeping?

We are looking for them in association with the Ottawa Congress Centre loan as Corporate Finance is working on an issue with that loan which falls under one of the two Prom Notes.

Promissory Note

For value received, the Ontario Financing Authority (the "Borrower") promises to pay to Her Majesty the Queen in right of Ontario as represented by the Minister of Finance, Province of Ontario (the "Lender") at the City of Toronto in lawful money of Canada, the lesser of:

(i) Two Billion One Hundred and Sixty Million Dollars; and
(ii) the aggregate unpaid principal balance of all advances made by the Lender as recorded on the reverse of this note or on any attachment described below;

at such time and on such other terms and conditions including the payment of interest as follows;

(a) the Borrower shall be entitled to advances of the loan (an "Advance") in such amounts and at such times as it requires;

(b) the Borrower shall be entitled to repay Advances either in whole or in part and at such time or times as it determines provided that all Advances shall be fully repaid by August 31, 2027;

(c) the Borrower shall be entitled to use the loan as a revolving credit facility allowing for successive advances of moneys repaid under the loan; provided that the maximum principal amount of the loan outstanding at any time shall not exceed Two Billion One Hundred and Fifty-Five Million Dollars;

(d) the Borrower shall pay to the Lender interest on each Advance at a rate which is determined as follows:

(i) from the date of advance to (but excluding) the date of repayment the Borrower shall pay to the Lender interest on the Advance at a per annum rate equivalent to that paid on ninety day Province of Ontario treasury bills (determined as at the auction date immediately preceding the date of the Advance), provided that if an Advance is outstanding for ninety days or longer, the interest rate shall be reset automatically on the last day of each ninety day period (the "Reset Date") to the rate paid on ninety day Province of Ontario treasury bills as at the auction date immediately preceding the Reset Date for such ninety day period;

(ii) in the event that moneys included in an Advance are subsequently loaned by the Borrower to third parties for the purposes contemplated in the Act, (a "Third Party Loan") the rate of interest payable by the Borrower to the Lender on the portion of the Advance "on-loaned" may be adjusted at the option of the Borrower effective as of the date of the Third Party Loan so that the per annum rate of interest payable by the Borrower on such moneys is equivalent to either

(A) the per annum rate of interest payable to the Borrower under the Third Party Loan, or

(B) the per annum rate of interest payable to the Borrower under the Third Party Loan less 25 basis points,

rather than the rate specified in subparagraph (i), until (but excluding) the date on which the Third Party Loan is repaid, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently loaned to third parties again, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Lender on that portion of the Advance included in any subsequent loan, and so on, until the Advance shall be repaid to the Province in full;

The undersigned authorizes the Lender to record on the reverse of this note or on any attachment to this note all advances, repayments and prepayments of principal and interest and the unpaid balance of principal from time to time. The undersigned agrees that in the absence of manifest error the record kept by the Lender on this note or any attachment shall be conclusive evidence of the matters recorded, provided that the failure of the Lender to record or correctly record any amount or date shall not affect the obligation of the undersigned to pay the outstanding principal amount of the Advances and interest.

Hi Lisa,

As per your previous email, I reviewed the previous amending agreements and the only relevant amendment was in Amending Agreement No. 6 dated April 30, 2017. In that Amending Agreement a definition of Ontario's Fair Hydro Plan was added. As a result, I changed the attached agreement with language to "delete and replace" rather than just "add" the revised definition of OFHP. I also included your suggested edits in the attached. Please let us know if you have any comments.

Thank You,
Ryan

Re: **$200,000,000 Proposed Advance under Borrowing Notice Dated January 8, 2018**

Dear Ken,

The Ontario Electricity Financial Corporation ("OEFC") is in receipt of the Borrowing Notice provided by Ontario Power Generation ("OPG") to the OFA dated January 8, 2018 for the Proposed Advance of $200,000,000 (the "January 8, 2018 Borrowing Notice") under the General Corporate Requirements Credit Facility Agreement between OPG and OEFC dated June 16, 2016, as amended (the "Credit Agreement"), the terms defined therein being used herein as therein defined.

For the sole purpose of the January 8, 2018 Borrowing Notice, OEFC hereby agrees to modify the requirement set out in section 3.1 of the Credit Agreement that no more than 50% of the Proposed Advances for 2018 shall have a Repayment Date of no more than 30 years. As such, notwithstanding the total amount of Proposed Advances under the Credit Agreement for 2018, OEFC consents to a Repayment Date of 30 years from the date of the Proposed Advance under the Borrowing Notice, for the full principal amount of the Proposed Advance.

Accordingly, OEFC waives the requirement as set out in Section 3.2 and Schedule 1 of the Credit Agreement for OPG to provide the following certification in the January 8, 2018 Borrowing Notice:

> "The Repayment Date of any of the Proposed Advance(s) for 2018 is (a) no more than 30 years after the date of such Proposed Advance for no more than 50% of the total of all Proposed Advances for 2018 and (b) no more than 10 years after the date of the Proposed Advance for the remaining amount of the Proposed Advances for 2018."

Subject to the foregoing, section 3.1 of the Credit Agreement applies to all future Proposed Advances.

Best Regards,

Hi Will,
OLMS still does not allow two different projects under one credit facility. That is why there are two credit facilities set up for IESO - one for $2 billion for the Ontario Fair Hydro Plan and the second one for $475 million for the Rural and Remote Electricity Rate Protection Variance. I will work with Craig Walsh and Vivek to enhance OLMS to correct this but it will probably take a few months.
Thanks,

In OLMS, Andrea raised a question regarding Loan ID 1590 still appearing in the system as $975 million when she filters for "Line of Credit":
"List" and filters for "Line of Credit". Andrea is working on another matter but would like to understand the logic behind it to assist her in her understanding. More details below.

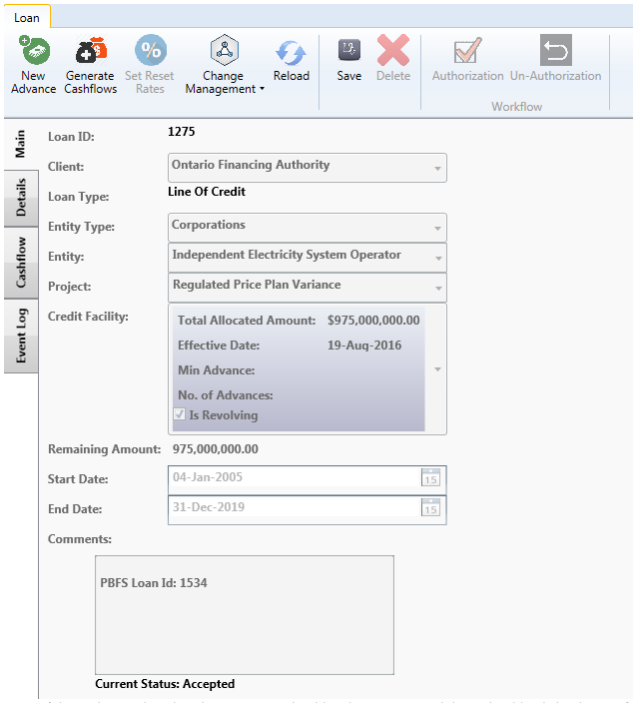
Subject: 975M IESO LOC in OLMS-Status Concern
Hi Will,
Sarah suggested you may be the best person to address this issue given your involvement in the amendment from 975 Million to 475 Million back in November.
It seems odd that when I call up active Lines of Credit (via "LIST" function) for IESO in OLMS below Loan Id 1275 is still appearing given it is the 975 Million which I think was replaced by the 475 million represented by Loan ID 1590.



Now it does not appear that it currently carries any balance (which is appropriate):

I was of the understanding that the 975M LOC should no longer exist and there should only be the one for 475M.
Can you sort through this if need be with the owners of the system (OLMS). If there is no problem with how it is appearing it would be helpful to know the rationale.
I noticed this issue as I am working with Corporate Finance on revised reporting for available authority related to OFA loans.
Thank you as always.

Hi Will,
OLMS still does not allow two different projects under one credit facility. That is why there are two credit facilities set up for IESO - one for $2 billion for the Ontario Fair Hydro Plan and the second one for $475 million for the Rural and Remote Electricity Rate Protection Variance. I will work with Craig Walsh and Vivek to enhance OLMS to correct this but it will probably take a few months.
Thanks,
Risa Thau

Hello Risa,
In OLMS, Andrea raised a question regarding Loan ID 1590 still appearing in the system as $975 million when she filters for "Line of Credit":
"List" and filters for "Line of Credit". Andrea is working on another matter but would like to understand the logic behind it to assist her in her understanding. More details below.
Thanks,
Will

Hi Andrea,
Could you please send Garth a template of an LRC note? Once he has drafted the briefing note and LRC note we can assist with review. There are still though a lot of moving pieces here so this could be a very interesting project!
Thanks,
Opal.

Hi Garth,
Would you please share a briefing note, draft Minister's directive and any other pertinent materials with us. The date for submitting a package for the April 16 LRC has long passed, but we can work towards getting this item to the DMO. An LRC Note will need to be prepared by CEFD as soon as possible. I've cc'd Anna so that she is aware.
Please send Anna a brief description of the issue so as to inform her discussions with DMO.
Thanks,
Opal

Hi Sarah,

As Malle says, the best approach and the approach we, including Gadi, are recommending is that the "commitment" (in whatever form) be provided by MOH.
However, it appears as though the loan will be required eventually and will only work under a 35 year amortization (again Gadi has agreed to this amortization in principle), so we will need to amend the OIC. Given that our Plan B, which may be needed, is to provide some joint assurance MOF/MOH to HOOPP by April 30, I would like to work with Capital Markets to try to get the OIC in place so that we can use Plan B if necessary.
If you agree, just let me know what you need from me.
Thanks,
Garth

Malle,
Thank you very much for your quick response.
Garth – I'm not familiar with the various inputs Malle has mentioned below with the loan, and the timing for getting these. Is it possible to obtain all the required approvals, etc. prior to April 30th? As Malle indicates, a binding commitment doesn't seem possible without these elements. On the other hand, if it is possible, we could try to make the case for including an amending OIC for the April 16th LRC.
Thanks,
Sarah

Subject: RE: BN - Lending Directive for Loan to OCRC.docx

Hi,
Dimitri has been working on this as well so copying him here. According to the current OIC's, OFA must repay the funds borrowed from the Province by 2040 (I haven't check them all now but assume that you have) so the OFA couldn't make a longer term loan to a third party such as the hospital without an amending OIC as you describe.
I think that the only thing that could be done is to see whether there is any possibility of walking this OIC in at this point if it is that critical. However, at the same time, I know that there have been numerous elements regarding this potential loan including possibly having MOHLTC provide an indemnity to the OFA regarding the repayment by the hospital. Not sure that we could in anyway provide a binding commitment that the money will be available in 2019 since there would be many other elements such as a Minister's directive, the negotiation of the loan agreement and due diligence that would make it conditional. However, it seems that the amendment to the OIC is a necessary precondition.

Also just thinking general about this project, is it anticipated that any other approvals or signing of agreements, etc. would be proposed during the writ period?
Thanks,
Malle

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?

Thanks,
Sarah

Hi Andrea,

We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.

We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make

this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date.
Please advise the best way to proceed towards the required OIC amendment re timing.
Thanks. I will call to follow up.
Thanks,
Garth

Hi,
I have a place holder for when we do the next joint update to add the new 2 billion OIC 1279/2017 and the associated 2 billion line of credit (IESO-OFA credit facility FHP related). Also note the IESO 975m one will be removed while the IESO 475M will remain- it will be one line representing 475M.

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.

Andrea

I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?

Hi,
Dimitri has been working on this as well so copying him here. According to the current OIC's, OFA must repay the funds borrowed from the Province by 2040 (I haven't check them all now but assume that you have) so the OFA couldn't make a longer term loan to a third party such as the hospital without an amending OIC as you describe.
I think that the only thing that could be done is to see whether there is any possibility of walking this OIC in at this point if it is that critical. However, at the same time, I know that there have been numerous elements regarding this potential loan including possibly having MOHLTC provide an indemnity to the OFA regarding the repayment by the hospital. Not sure that we could in anyway provide a binding commitment that the money will be available in 2019 since there would be many other elements such as a Minister's directive, the negotiation of the loan agreement and due diligence that would make it conditional. However, it seems that the amendment to the OIC is a necessary precondition.
Also just thinking general about this project, is it anticipated that any other approvals or signing of agreements, etc. would be proposed during the writ period?
Thanks,
Malle

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?

Thanks,
Sarah

Hi Andrea,

We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the

funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.
We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date.
Please advise the best way to proceed towards the required OIC amendment re timing.
Thanks. I will call to follow up.
Thanks,
Garth

I have a place holder for when we do the next joint update to add the new 2 billion OIC 1279/2017 and the associated 2 billion line of credit (IESO-OFA credit facility FHP related). Also note the IESO 975m one will be removed while the IESO 475M will remain- it will be one line representing 475M.

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.

Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.

Andrea

You will see in the highlighted section below that Lisa is asking that we confirm that 2 OFA loans we are working on:

- $150 million to the Ontario Cannabis Retail Corporation
- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".
I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?

I'm still working on the directive for the OCRC loan. In the meantime, can you please confirm that this loan is covered by the existing on-lending OICs (as referenced in the draft note)?

This sounds odd. Why would the OIC expiry have to be the same or longer than the term of a loan?

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Hi Garth,
Would you please share a briefing note, draft Minister's directive and any other pertinent materials with us. The date for submitting a package for the April 16 LRC has long passed, but we can work towards getting this item to the DMO. An LRC Note will need to be prepared by CEFD as soon as possible. I've cc'd Anna so that she is aware.
Please send Anna a brief description of the issue so as to inform her discussions with DMO.
Thanks,

Hi Sarah,
As Malle says, the best approach and the approach we, including Gadi, are recommending is that the "commitment" (in whatever form) be provided by MOH.
However, it appears as though the loan will be required eventually and will only work under a 35 year amortization (again Gadi has agreed to this amortization in principle), so we will need to amend the OIC. Given that our Plan B, which may be needed, is to provide some joint assurance MOF/MOH to HOOPP by April 30, I would like to work with Capital Markets to try to get the OIC in place so that we can use Plan B if necessary.
If you agree, just let me know what you need from me.
Thanks,
Garth

Malle,

Thank you very much for your quick response.

Garth – I'm not familiar with the various inputs Malle has mentioned below with the loan, and the timing for getting these. Is it possible to obtain all the required approvals, etc. prior to April 30th? As Malle indicates, a binding commitment doesn't seem possible without these elements. On the other hand, if it is possible, we could try to make the case for including an amending OIC for the April 16th LRC.

Thanks,

Sarah

Subject: RE: BN - Lending Directive for Loan to OCRC.docx

Hi,

Dimitri has been working on this as well so copying him here. According to the current OIC's, OFA must repay the funds borrowed from the Province by 2040 (I haven't check them all now but assume that you have) so the OFA couldn't make a longer term loan to a third party such as the hospital without an amending OIC as you describe.

I think that the only thing that could be done is to see whether there is any possibility of walking this OIC in at this point if it is that critical. However, at the same time, I know that there have been numerous elements regarding this potential loan including possibly having MOHLTC provide an indemnity to the OFA regarding the repayment by the hospital. Not sure that we could in anyway provide a binding commitment that the money will be available in 2019 since there would be many other elements such as a Minister's directive, the negotiation of the loan agreement and due diligence that would make it conditional. However, it seems that the amendment to the OIC is a necessary precondition.

Also just thinking general about this project, is it anticipated that any other approvals or signing of agreements, etc. would be proposed during the writ period?

Thanks,

Malle

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan

would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?

Thanks,

Sarah

Hi Andrea,

We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.

We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date.

Please advise the best way to proceed towards the required OIC amendment re timing.

Thanks. I will call to follow up.

Thanks,

Garth

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.

Andrea

Hi Jean-Francois,

You will see in the highlighted section below that Lisa is asking that we confirm that 2 OFA loans we are working on:

- $150 million to the Ontario Cannabis Retail Corporation
- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".

I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?

Thanks,

Garth

Hi Garth,

Please find attached some comments and suggested amendments to the draft briefing note, attached. I did not review the attachments; however, as discussed on Friday, they still reference the loan to St. Michael's hospital as well (and these references should be deleted).

I'm still working on the directive for the OCRC loan. In the meantime, can you please confirm that this loan is covered by the existing on-lending OICs (as referenced in the draft note)?

Thank you,

Lisa

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.
Regards,
Andrea

Hi Jean-Francois,

You will see in the highlighted section below that Lisa is asking that we confirm that 2 OFA loans we are working on:

- $150 million to the Ontario Cannabis Retail Corporation
- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".

I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?

Thanks,

Garth

Hi Garth,

Please find attached some comments and suggested amendments to the draft briefing note, attached. I did not review the attachments; however, as discussed on Friday, they still reference the loan to St. Michael's hospital as well (and these references should be deleted).

I'm still working on the directive for the OCRC loan. In the meantime, can you please confirm that this loan is covered by the existing on-lending OICs (as referenced in the draft note)?

Thank you,

Lisa

Would you please share a briefing note, draft Minister's directive and any other pertinent materials with us. The date for submitting a package for the April 16 LRC has long passed, but we can work towards getting this item to the DMO. An LRC Note will need to be prepared by CEFD as soon as possible. I've cc'd Anna so that she is aware.
Please send Anna a brief description of the issue so as to inform her discussions with DMO.

Hi Sarah,
As Malle says, the best approach and the approach we, including Gadi, are recommending is that the "commitment" (in whatever form) be provided by MOH.
However, it appears as though the loan will be required eventually and will only work under a 35 year amortization (again Gadi has agreed to this amortization in principle), so we will need to amend the OIC. Given that our Plan B, which may be needed, is to provide some joint assurance MOF/MOH to HOOPP by April 30, I would like to work with Capital Markets to try to get the OIC in place so that we can use Plan B if necessary.
If you agree, just let me know what you need from me.
Thanks,
Garth

Thank you very much for your quick response.
Garth – I'm not familiar with the various inputs Malle has mentioned below with the loan, and the timing for getting these. Is it possible to obtain all the required approvals, etc. prior to April 30th? As Malle indicates, a binding commitment doesn't seem possible without these elements. On the other hand, if it is possible, we could try to make the case for including an amending OIC for the April 16th LRC.
Thanks,

Hi,
Dimitri has been working on this as well so copying him here. According to the current OIC's, OFA must repay the funds borrowed from the Province by 2040 (I haven't check them all now but assume that you have) so the OFA couldn't make a longer term loan to a third party such as the hospital without an amending OIC as you describe.
I think that the only thing that could be done is to see whether there is any possibility of walking this OIC in at this point if it is that critical. However, at the same time, I know that there have been numerous elements regarding this potential loan including possibly having MOHLTC provide an indemnity to the OFA regarding the repayment by the hospital. Not sure that we could in anyway provide a binding commitment that the money will be available in 2019 since there would be many other elements such as a Minister's directive, the negotiation of the loan agreement and due diligence that would make it conditional. However, it seems that the amendment to the OIC is a necessary precondition.
Also just thinking general about this project, is it anticipated that any other approvals or signing of agreements, etc. would be proposed during the writ period?
Thanks,
Malle

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?

Thanks,
Sarah

Hi Andrea,
We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.
A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.
We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date.
Please advise the best way to proceed towards the required OIC amendment re timing.
Thanks. I will call to follow up.
Thanks,
Garth

Hi Sarah,
As Malle says, the best approach and the approach we, including Gadi, are recommending is that the "commitment" (in whatever form) be provided by MOH.
However, it appears as though the loan will be required eventually and will only work under a 35 year amortization (again Gadi has agreed to this amortization in principle), so we will need to amend the OIC. Given that our Plan B, which may be needed, is to provide some joint assurance MOF/MOH to HOOPP by April 30, I would like to work with Capital Markets to try to get the OIC in place so that we can use Plan B if necessary.
If you agree, just let me know what you need from me.
Thanks,
Garth

Malle,
Thank you very much for your quick response.
Garth – I'm not familiar with the various inputs Malle has mentioned below with the loan, and the timing for getting these. Is it possible to obtain all the required approvals, etc. prior to April 30th? As Malle indicates, a binding commitment doesn't seem possible without these elements. On the other hand, if it is possible, we could try to make the case for including an amending OIC for the April 16th LRC.
Thanks,
Sarah

Hi,
Dimitri has been working on this as well so copying him here. According to the current OIC's, OFA must repay the funds borrowed from the Province by 2040 (I haven't check them all now but assume that you have) so the OFA couldn't make a longer term loan to a third party such as the hospital without an amending OIC as you describe.
I think that the only thing that could be done is to see whether there is any possibility of walking this OIC in at this point if it is that critical. However, at the same time, I know that there have been numerous elements regarding this potential loan including possibly having

MOHLTC provide an indemnity to the OFA regarding the repayment by the hospital. Not sure that we could in anyway provide a binding commitment that the money will be available in 2019 since there would be many other elements such as a Minister's directive, the negotiation of the loan agreement and due diligence that would make it conditional. However, it seems that the amendment to the OIC is a necessary precondition.
Also just thinking general about this project, is it anticipated that any other approvals or signing of agreements, etc. would be proposed during the writ period?
Thanks,
Malle

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?

Thanks,
Sarah

Hi Andrea,

We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.
We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date.
Please advise the best way to proceed towards the required OIC amendment re timing.
Thanks. I will call to follow up.
Thanks,
Garth

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with

Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.
Let me know should you have any further question or concerns.

Andrea

You will see in the highlighted section below that Lisa is asking that we confirm that 2 OFA loans we are working on:

- $150 million to the Ontario Cannabis Retail Corporation
- $100 million to St Michael's hospital

are covered by the "existing on-lending OIC's".

I don't know who would keep a registry of the OICs and what loans they cover. Would your group have this registry?

Thanks,

Please find attached some comments and suggested amendments to the draft briefing note, attached. I did not review the attachments; however, as discussed on Friday, they still reference the loan to St. Michael's hospital as well (and these references should be deleted).

I'm still working on the directive for the OCRC loan. In the meantime, can you please confirm that this loan is covered by the existing on-lending OICs (as referenced in the draft note)?

Thank you,

Malle,

Thank you very much for your quick response.

Garth – I'm not familiar with the various inputs Malle has mentioned below with the loan, and the timing for getting these. Is it possible to obtain all the required approvals, etc. prior to April 30th? As Malle indicates, a binding commitment doesn't seem possible without these elements. On the other hand, if it is possible, we could try to make the case for including an amending OIC for the April 16th LRC.

Thanks,

Sarah

Hi,

Dimitri has been working on this as well so copying him here. According to the current OIC's, OFA must repay the funds borrowed from the Province by 2040 (I haven't check them all now but assume that you have) so the OFA couldn't make a longer term loan to a third party such as the hospital without an amending OIC as you describe.

I think that the only thing that could be done is to see whether there is any possibility of walking this OIC in at this point if it is that critical. However, at the same time, I know that there have been numerous elements regarding this potential loan including possibly having MOHLTC provide an indemnity to the OFA regarding the repayment by the hospital. Not sure that we could in anyway provide a binding commitment that the money will be available in 2019 since there would be many other elements such as a Minister's directive, the negotiation of the loan agreement and due diligence that would make it conditional. However, it seems that the amendment to the OIC is a necessary precondition.

Also just thinking general about this project, is it anticipated that any other approvals or signing of agreements, etc. would be proposed during the writ period?

Thanks,

Malle

Hello Malle,

I am writing to you to inquire about the timing for an approval for an OIC in relation to a loan that the OFA may be making to St. Michael's, as detailed below.

In short, the OFA has the available room under its existing lending OICs (i.e. the OICs where the OFA borrows from Her Majesty, and then in turn makes loans to public bodies), but the expiry dates of the existing OICs are shorter than the proposed maturity. The OICs expire in 2041 and the loan

would mature in late 2054. In order for the St. Micheal's loan to occur, there has to be a binding assurance to HOOPP by April 30th that funds will be available to be advance in the summer of 2019. In order for us to provide this, we would need to get approval for an amending OIC to extend the expiry dates of the existing OICs to 2055.

Given that the last LRC scheduled is for April 16th, and the deadlines for providing materials has passed (March 20th), it doesn't seem possible to get approval for an amending OIC prior to April 30th. Do you know of any options that might make this possible?

Thanks,

Sarah

Hi Andrea,

We are in discussions with St. Michael's Hospital to provide them with a $100M loan that would be amortized over 35 years. This is with regard to pension assets that they are transferring to HOOPP that need to be topped up by $100M.

A wrinkle is that they need to provide a binding assurance to HOOPP by April 30 that they have the funds although the effective date of the loan and the transfer of funds won't take place until July/August of 2019. This means that the loan wouldn't be paid off until late 2054.

We understand that the latest dated OIC is 844/2008 which ends June 1, 2041, so in order to make this loan we would need an OIC out to say, 2055 – although we may wish to make it later. A smaller request from Grand River hospital would be similar. Both loans would fit within the existing authorized amounts but not the repayment date.

Please advise the best way to proceed towards the required OIC amendment re timing.

Thanks. I will call to follow up.

Thanks,

Garth

Hi Sarah,

As Malle says, the best approach and the approach we, including Gadi, are recommending is that the "commitment" (in whatever form) be provided by MOH.
However, it appears as though the loan will be required eventually and will only work under a 35 year amortization (again Gadi has agreed to this amortization in principle), so we will need to amend the OIC. Given that our Plan B, which may be needed, is to provide some joint assurance MOF/MOH to HOOPP by April 30, I would like to work with Capital Markets to try to get the OIC in place so that we can use Plan B if necessary.
If you agree, just let me know what you need from me.
Thanks,
Garth

Hi Garth,
I have been asked to respond to your query. Attached is the most current listing we have available of the OFA loans under the two OIC's. This listing was finalized in conjunction with Daki in Corporate Finance.
Based on this July 11, 2017 listing, the remaining authority under the two OIC's are as follows:

1) OIC 675/97 (the currently active one) has remaining authority of $721,594,955.57 as of July 11, 2017

2) OIC 767/99 has authority in the amount of $656,000,000.00 as of July 11, 2017

So it seems, we should be able to draw on OIC 675/97 for the additional loans you reference given it was noted in the BN you attached that the 2017-2018 OFA Borrowing and On-lending Plan was set at $486 million and apparently $250 million of that was postponed to 2018-2019.

Subject: Could you please confirm for IESO-OEFC Credit/Loan Facilities
Hi Ryan,
We're updating the business plan…is the following bullet accurate in terms of amounts and dates?
• Monitoring a $120 million loan refinancing and a $160 million credit facility extension to the IESO, both expiring June 30, 2020, to provide the IESO with flexibility to meet financing and liquidity requirements.
Thanks,
Sarah

Hi Sarah,
I was actually just looking at these this morning (related to the confirmation Anthony requested for a KPMG audit).
Yes, I can confirm the following bullet is correct in terms of amounts and dates.
Thanks,
Ryan

Subject: Documentation Agreements in the Portal

Hi Brian,

Documentation is organizing its different agreements with various counter parties and would like to post them on Portal eventually.

Years ago, George Welcher who helped us build the Derivatives repository in the Portal: http://portal.ofina.on.ca/sites/cms/doc/default.aspx. We are looking for something similar in that nature but the agreements base is not as big as Derivatives.

We would like to seek your advice as to what are the options and functionalities that the Portal can do that will help us organizing the agreements and who shall we ask for assistance in this project.

FYI, I attach a copy of the Agreements framework that we have built.

Please let me know if you have any questions.

Thank you,

Karin

Hi Toby,

There are two IESO-OEFC agreements that are being amended. Both are being amended for the 7th time. Please find both proposed IESO-OEFC amending agreement no.7's attached. I have also attached the originals of each agreement.
From the amending $120M Note agreement:

3. Subsection 2.2(2) of the Agreement is deleted and replaced by the following:
(2) The Note shall at all times rank *pari passu* with all other unsecured Senior Debt of the IESO, subject to the existence of any Liens that secure Indebtedness as permitted by subsections 3.8 (a) through (f) hereof.

And from the original $120M Note agreement:

(2) The Note shall at all times rank pari passu with all other Senior Debt, except Senior Debt that is statutorily preferred and Senior Debt that is secured by a Lien referred to in Sections 3.8(a) to 3.8(f), inclusive.

From the amending $160M revolving credit agreement:

2. Subsection 3.2(4) of the Agreement is deleted and replaced by the following:

(4) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness as permitted by subsections 4.7(a) through (e) hereof.

And from the original $160M revolving credit agreement:

(4) The Note shall at all times rank *pari passu* with all other unsubordinated Indebtedness of IESO, subject to the existence of any Permitted Liens of IESO.

Thank You,
Ryan

I query whether we should retain the language re "statutorily preferred", as well as the new proposed language? I've copied Toby from MOF legal to see if he has any views on this amendment.

Hi Ryan,
I have no concerns with this deletion either. However, as noted earlier, I suggest running it by Toby as well as we worked together on the negative pledge language.
I believe there was also a deletion to the other agreement. Was it the same paragraph ? I think that numbering was different.

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the

Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Regards.

(4) The Note shall at all times rank *pari passu* with all other unsubordinated Indebtedness of IESO, subject to the existence of any Permitted Liens of IESO.

No, Kelly is no longer with the OFA. His manager, Sarah, is currently out of the office, but I am copying her and Jean-Francois who can help direct this to the appropriate person.

PROMISSORY NOTE
(GENERAL CORPORATE REQUIREMENTS CREDIT FACILITY)

Principal Amount: **$200,000,000 CAD** Date: January 22, 2018
Interest Rate: _____% per annum
Due: **January 22, 2048**

FOR VALUE RECEIVED, ONTARIO POWER GENERATION INC. ("OPG"), a corporation incorporated under the laws of the Province of Ontario and having its principal office and place of business at Toronto, Ontario, **PROMISES TO PAY** to or to the order of **ONTARIO ELECTRICITY FINANCIAL CORPORATION ("OEFC")** at its offices at Toronto, Ontario or at such other place as OEFC may designate, the principal amount of $200,000,000 in the lawful money of Canada, with interest on such amount at the rate, calculated in the manner and payable at the times specified in this promissory note (the **"Note"**).

The outstanding principal amount of this Note together with all interest accrued thereon shall become due and payable on January 22, 2048.

OEFC shall and is unconditionally and absolutely authorized and directed by OPG to record the date and amount of each prepayment, made with OEFC's consent, on account of the principal paid to OEFC and the resulting outstanding principal amount of this Note (the "**Records**"). OPG agrees that, in the absence of manifest mathematical error, the Records shall be *prima facie* evidence of such payments, provided that the failure of OEFC to record or correctly record any amount or date shall not affect the obligation of OPG to pay the outstanding principal amount of the advances and interest, if applicable.

The principal amount of this Note remaining from time to time unpaid and outstanding shall bear interest from the date of this Note both before and after maturity and both before and after Default at the rate of per annum equal to _____%. Interest at such rate shall accrue daily and shall be payable in arrears, in equal semi-annual payments on January 22nd and July 22nd of each year commencing July 22, 2018 until repaid in full. Overdue interest shall bear interest at the same rate, calculated as aforesaid. Whenever it is necessary to compute interest in respect of this Note for a period of less than one full year, other than such equal semi-annual payments, such interest shall be calculated on the basis of the actual number of days elapsed in a year of 365 days.

This Note is issued pursuant to, and is subject to and payable in accordance with the provisions of the General Corporate Requirements Credit Facility Agreement dated June 17, 2016 between OPG and OEFC (as amended supplemented or replaced from time to time, the "**Agreement**"), which Agreement provides for, among other things, the acceleration of the principal amount upon the occurrence of certain events.

This Note is not transferable or negotiable without the prior written consent of OPG. OPG waives presentment for payment and notice of non-payment.

This Note shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.

Hi Will. I understand from Anthony that the November advances etc have now occurred under the new FHP line of credit and the 2005 line of credit.

Just wanted to check in with you on arranging for the exchange of the Grid Notes regarding the 2005 line of credit i.e. we will provide to OFA the new $475MM Note in exchange for the return to us of the old $975MM Note.

Let me know what your standard practice is.

Hello Victor,

Anthony and I discussed that after the borrowing notice and election notices are actioned, OFA will produce the grid notes to evidence payment and advancements. IESO will then send the new $475MM prom note to OFA. Once received, OFA will send the $975MM cancelled prom note to IESO.

Attached are the grid notes for you reference. Please send the prom note addressed to me below.

Subject: FHP Agreement, 5-day minimum period exception

Hello all,

IESO has asked OFA for a one-time exception to waive the minimum period for advances of 5 days (FHP Credit Facility Agreement). IESO has asked for an advance period of 1 day, so it may use money expected from OPG to repay its advance on the same day it matures.

IESO's current outstanding advance of $322M, matures on March 21, 2018. IESO will require an additional advance of $208M (to pay power generators) for a total of $530M, but will only require this for 1 day because IESO expects to receive funds from OPG to repay its advances on March 22. Rather than incurring additional interest costs of borrowing until March 26, 2018 (5 day minimum), IESO would prefer to match the maturity of its advances and expected cash inflow from OPG.

Please let me know if your respective areas have any concerns or issues from an operational standpoint.

Hello all,

IESO has asked OFA for a one-time exception to waive the minimum period for advances of 5 days (FHP Credit Facility Agreement). IESO has asked for an advance period of 1 day, so it may use money expected from OPG to repay its advance on the same day it matures.

IESO's current outstanding advance of $322M, matures on March 21, 2018. IESO will require an additional advance of $208M (to pay power generators) for a total of $530M, but will only require this for 1 day because IESO expects to receive funds from OPG to repay its advances on March 22. Rather than incurring additional interest costs of borrowing until March 26, 2018 (5 day minimum), IESO would prefer to match the maturity of its advances and expected cash inflow from OPG.

Please let me know if your respective areas have any concerns or issues from an operational standpoint.

Best regards,

Hello Salvatore,
I spoke to Olga (IESO). She informed me that $322M, matures on March 20,(not March 21, previously reported). IESO would need to borrow $530M for 2 days (not 1 day, previously reported) for a maturity of March 22. Please let me know if your area has concerns from an operational standpoint regarding this.
Thanks,
WIll

Subject: FW: IESO FHP Credit Facility Agreement

Hello Anthony and Victor,

My apologies for the delay in providing the next turn of the FHP Credit Facility Agreement. While reviewing the last draft for the new credit facility, we became aware of a policy requirement for which we will need to obtain an additional directive prior to execution of the agreement. We estimate that this will likely take 3 or 4 weeks. Knowing that IESO's next funding request will be sent to the OFA on August 17th (for funding on August 21st), the August FHP draw will need to be made under the existing $975 million credit facility. At the time we execute the new $2 Billion facility, we would be able to transfer (by incorporating into the agreements the required provisions or by another agreed mechanism) any amount of loans exceeding $475 million (being the reduced facility limit under the draft amending agreement) under the existing facility to the new facility. We can set-up a call to discuss the details how this would work.

Thanks,

Will

Hi Gavin,
I was providing feedback on the note and explaining that it does not fully reflect the requested amendments (which are still in progress). How you chose to proceed is a business decision.

Hi Will,
The actual date of the Revolving Credit Facility Agreement should be inserted in the opening paragraph (change "October (·), 2017" to the date of the agreement, November 6, 2017).
I can't review or comment on the accuracy of the numbers that you have used. I noticed that you have inserted two different numbers in s. I(b) and I(b)(i) ($332,000,000 and $332,400,560.14) but it is not clear why these are different. I think they should be the same since the amount of interest that is being rolled over is indicated as $0.
If you would like to discuss, please let me know.
Thanks,
Caroline

I have requested our legal group to address your request and prepare an updated

cert….it is pending.
I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.
As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Hi,
The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.
We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.
For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).
Please advise.

Hi Will and Sarah,

Further to my earlier e-mails, if none of the requested documents are available from the IESO (i.e. by-law, delegation of signing authority, or signing authority resolution), we can also accept:

- A certificate from the IESO Corporate Secretary stating that the IESO CEO has signing authority (although this will be unlikely if there is no evidence of signing authority available); or,
- A signature under seal of the corporation

If none of the above are available, it will be a business decision as to whether the OFA is willing to accept borrowing notices that are not properly executed. It would likely be low risk, given that all of the other details are consistent with the terms of the agreement. However, this would not be a legal decision.

Happy to discuss further,

Lisa

Hello Lisa and Sarah N.,
On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person we had documented to have signing authority). Anthony Martinello (IESO) was informed of the

required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony, their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.
Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?
Thanks,
Will

Will,
I have requested our legal group to address your request and prepare an updated cert….it is pending.
I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.
As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.
Regards.

Hello Anthony,
As per our earlier conversation, we would require updated signing authority documents.
Please provide the following:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory.
2. Updated Incumbency Certificate.

Attached is an example of the documents.
Thanks,
Will

Hi,
The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.
We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

Hello Anthony,

As per our earlier conversation, we would require updated signing authority documents.

Please provide the following:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory.
2. Updated Incumbency Certificate.

Attached is an example of the documents.

Thanks,

Will

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

Regards.

Hi Lisa,

Sorry, I already requested the other two items below. Is the by-law a must have for now?

- a delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories); and/or,
- a general signing authority resolution of the IESO Board of Directors

Hello Lisa and Sarah N.,

On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person we had documented to have signing authority). Anthony Martinello (IESO) was informed of the required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony, their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.

Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?

Thanks,

Will

Will,

I have requested our legal group to address your request and prepare an updated cert….it is pending.

I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.

As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

Will,

I have requested our legal group to address your request and prepare an updated cert….it is pending.

I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.

As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

Please provide the following:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory.
2. Updated Incumbency Certificate.

Attached is an example of the documents.

Thanks,

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

I apologise for the multiple emails. I have additional solutions as I am having a fluid conversation with my legal department.

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory and Updated Incumbency Certificate.
2. A delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories).
3. A general signing authority resolution of the IESO Board of Directors.
4. By-law or other document in place providing authorization to the IESO CEO.
5. A certificate from the IESO Corporate Secretary stating that the IESO CEO has signing authority.
6. A signature under seal of the corporation.

Thanks,
Will

Hello Lisa and Sarah N.,

On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person we had documented to have signing authority). Anthony Martinello (IESO) was informed of the required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony, their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.

Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?

Thanks,

Will

Will,

I have requested our legal group to address your request and prepare an updated cert….it is pending.

I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.

As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

Hello Anthony,

As per our earlier conversation, we would require updated signing authority documents.

Please provide the following:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory.
2. Updated Incumbency Certificate.

Attached is an example of the documents.

Thanks,

Will

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

Hello Lisa and Sarah N.,

On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person we had documented to have signing authority). Anthony Martinello (IESO) was informed of the required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony, their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.

Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?

Thanks,

Will

Will,

I have requested our legal group to address your request and prepare an updated cert….it is pending.

I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.

As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

2. Updated Incumbency Certificate.

Attached is an example of the documents.

Thanks,

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

Regards.

ARTICLE 2
REVOLVING CREDIT FACILITY

Section 2.1 Availability.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO. The OFA shall make each Advance in Dollars.

Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Section 2.4 Mandatory Repayment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

Section 2.5 Prepayments.

The IESO is not entitled to prepay any part of the Advances Outstanding or the interest accrued thereon without the prior written consent of the OFA.

Section 2.6 Payments under this Agreement.

(1) The OFA shall make Advances to the IESO under this Agreement to or to the order of the IESO by wire transfer of immediately available funds in accordance with wire transfer instructions given by the IESO to the OFA from time to time, or in such other manner as the IESO may specify to the OFA from time to time.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

Section 2.7 Computations of Interest.

(1) All computations of interest shall be made by the OFA taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 2.9 Application of Payments.

All payments made by the IESO under this Agreement shall be applied firstly to the payment of interest payable to the OFA on late payments of principal or interest hereunder, secondly, to the payment of accrued and unpaid interest payable to the OFA hereunder and thirdly, to the payment of the outstanding principal amount of any Advances payable to the OFA.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date**"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

All such costs, charges and expenses shall bear interest at the Province of Ontario's cost of funds plus 0.25 percent per annum (as determined by the OFA) calculated and payable monthly not in advance from in each case from the date on which the OFA incurs the cost, charge or expense until the date on which the IESO reimbursement the OFA therefor. The OFA agrees, acting reasonably, to invoice the IESO for any such costs, charges and expense as they are incurred, together with interest at the aforesaid rate (with interest on overdue interest).

Section 4.8 Reporting.

The IESO will promptly provide to the OFA any reports or supporting documents that the OFA may request from time to time.

Section 5.2 Acceleration of Maturity; Rescission and Annulment.

If an Event of Default occurs and is continuing, then and in every such case the OFA may at its option, in addition to any other remedy available to the OFA at law, by written notice to the IESO, take any or all of the following actions:

(a) suspend the right of the IESO to request any further Advance until the Event of Default has been cured to the OFA's satisfaction or, if the Event of Default is not

Section 5.4 OFA May File Proof of Claim.

If proceedings for the receivership, insolvency, liquidation, bankruptcy, winding-up, reorganization, arrangement or composition of the IESO under any applicable law are pending, or if a receiver, trustee, custodian or other similar official shall have been appointed for the property of the IESO, or if any other judicial proceedings relative to the IESO, its creditors or its property are pending, the OFA shall be entitled and empowered, by intention in such proceeding or otherwise:

Section 5.6 Delay or Omission not Waiver.

No delay or omission of the OFA to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OFA may be exercised from time to time, and as often as may be deemed expedient, by the OFA.

Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of even date herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

Independent Electricity System Operator

June 14, 2017

In Respect of the establishment of a new credit facility and revision of existing credit facilities in relation to the Fair Hydro Plan

---

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

AND WHEREAS the Corporation proposes to enter into a new credit facility with the Ontario Financing Authority or Ontario Electricity Financial Corporation to support the Corporation's role in the Fair Hydro Plan in an amount yet to be determined of between $1,800 million and $2,500 million (the "**New Facility**");

AND WHEREAS, due to the structure of the Fair Hydro Plan, once the New Facility is established, the Corporation's existing credit facility with the Ontario Financing Authority in the amount of $975 million (the "**OFA Facility**") will include unnecessary and duplicative credit liquidity such that the OFA Facility may be reduced to an amount yet to be determined between $400 million and $500 million;

AND WHEREAS ...[Recital redacted]...

NOW THEREFORE BE IT RESOLVED THAT:

1. The Board of Directors hereby authorizes and approves the establishment of the New Facility and the amendment of the OFA Facility ...**[Redacted]**... on such terms and conditions as are generally outlined in the Memorandum (collectively, all facilities being the "**Credit Facilities**").

2. The Chief Financial Officer or her delegate is hereby authorized for and on behalf of the Corporation to:

(a) finalize, execute and deliver

(i) all relevant agreements, instruments and other documents required for the establishment or amendment, as applicable, of the Credit Facilities, and

(c) do any and all such further acts as may be determined to be necessary or desirable to give effect to the foregoing transactions including, for further certainty, amending any other agreements as may be required as a consequence of such transactions. "

Hello Lisa and Sarah N.,
On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person we had documented to have signing authority). Anthony Martinello (IESO) was informed of the required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony, their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.
Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?
Thanks,
Will

Will,
I have requested our legal group to address your request and prepare an updated cert….it is pending.

I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.
As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.
Regards.

Hello Anthony,
As per our earlier conversation, we would require updated signing authority documents.
Please provide the following:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory.
2. Updated Incumbency Certificate.

Attached is an example of the documents.
Thanks,
Will

Hi,
The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.
We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.
For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).
Please advise.
Regards.

Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Section 2.4 Mandatory Repayment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

Section 2.5 Prepayments.

The IESO is not entitled to prepay any part of the Advances Outstanding or the interest accrued thereon without the prior written consent of the OFA.

Section 2.6 Payments under this Agreement.

(1) The OFA shall make Advances to the IESO under this Agreement to or to the order of the IESO by wire transfer of immediately available funds in accordance with wire transfer instructions given by the IESO to the OFA from time to time, or in such other manner as the IESO may specify to the OFA from time to time.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

Section 2.7 Computations of Interest.

(1) All computations of interest shall be made by the OFA taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 2.9 Application of Payments.

All payments made by the IESO under this Agreement shall be applied firstly to the payment of interest payable to the OFA on late payments of principal or interest hereunder, secondly, to the payment of accrued and unpaid interest payable to the OFA hereunder and thirdly, to the payment of the outstanding principal amount of any Advances payable to the OFA.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date**"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing;

(c) that there shall, in the reasonable opinion of the OFA, have been no material adverse change in the financial condition of the IESO or a Material Subsidiary; and

(d) that the OFA has received such other documentation which it has reasonably requested to ensure that the IESO is in compliance with the terms and conditions of this Agreement, including certified true copies of any necessary resolutions, a written legal opinion from counsel to the IESO confirming that the borrowing is within the legal powers of the IESO and that the Agreement is a direct, unsecured obligation of the IESO enforceable against the IESO in form satisfactory to the OFA.

ARTICLE 4

All such costs, charges and expenses shall bear interest at the Province of Ontario's cost of funds plus 0.25 percent per annum (as determined by the OFA) calculated and payable monthly not in advance from in each case from the date on which the OFA incurs the cost, charge or expense until the date on which the IESO reimbursement the OFA therefor. Section 4.8 Reporting.

The IESO will promptly provide to the OFA any reports or supporting documents that the OFA may request from time to time.

Section 4.9 Late Repayment of Advance.

In the event that the IESO fails to repay the principal amount of any Advance and all interest accrued thereon when due, the IESO shall pay interest on the unpaid amount of such Advance at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment.

Section 5.2 Acceleration of Maturity; Rescission and Annulment.

If an Event of Default occurs and is continuing, then and in every such case the OFA may at its option, in addition to any other remedy available to the OFA at law, by written notice to the IESO, take any or all of the following actions:

(a) suspend the right of the IESO to request any further Advance until the Event of Default has been cured to the OFA's satisfaction or, if the Event of Default is not

Section 5.4 OFA May File Proof of Claim.

If proceedings for the receivership, insolvency, liquidation, bankruptcy, winding-up, reorganization, arrangement or composition of the IESO under any applicable law are pending, or if a receiver, trustee, custodian or other similar official shall have been appointed for the property of the IESO, or if any other judicial proceedings relative to the IESO, its creditors or its property are pending, the OFA shall be entitled and empowered, by intention in such proceeding or otherwise:

Section 5.6 Delay or Omission not Waiver.

No delay or omission of the OFA to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right or remedy given by this Article 5 or by law to OFA may be exercised from time to time, and as often as may be deemed expedient, by the OFA.

Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of even date herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the *Capital Investment Plan Act, 1993* (the "**Intercept Letter**"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("**Appropriated Funds**"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("**Intercept**").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

" Resolution of the Board of Directors
Independent Electricity System Operator

June 14, 2017

In Respect of the establishment of a new credit facility and revision of existing credit facilities in relation to the Fair Hydro Plan

---

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

AND WHEREAS the Corporation proposes to enter into a new credit facility with the Ontario Financing Authority or Ontario Electricity Financial Corporation to support the Corporation's role in the Fair Hydro Plan in an amount yet to be determined of between $1,800 million and $2,500 million (the "**New Facility**");

AND WHEREAS, due to the structure of the Fair Hydro Plan, once the New Facility is established, the Corporation's existing credit facility with the Ontario Financing Authority in the amount of $975 million (the "**OFA Facility**") will include unnecessary and duplicative credit liquidity such that the OFA Facility may be reduced to an amount yet to be determined between $400 million and $500 million;

AND WHEREAS ...[Recital redacted]...

NOW THEREFORE BE IT RESOLVED THAT:

1. The Board of Directors hereby authorizes and approves the establishment of the New Facility and the amendment of the OFA Facility ...**[Redacted]**... on such terms and conditions as are generally outlined in the Memorandum (collectively, all facilities being the "**Credit Facilities**").

2. The Chief Financial Officer or her delegate is hereby authorized for and on behalf of the Corporation to:

(a) finalize, execute and deliver

(i) all relevant agreements, instruments and other documents required for the establishment or amendment, as applicable, of the Credit Facilities, and

(ii) all ancillary documents, deeds and instruments determined to be necessary or desirable in connection therewith (the execution of any such document, deed or instrument being conclusive evidence of such determination),

and to perform the Corporation's obligations thereunder, and to obtain the benefits thereof;

(b) draw upon or continue to draw upon, as applicable, the Credit Facilities from time to time in accordance with their terms; and

(c) do any and all such further acts as may be determined to be necessary or desirable to give effect to the foregoing transactions including, for further certainty, amending any other agreements as may be required as a consequence of such transactions. "

Subject: RE: IESO $2B and $475M Credit Facilities

Hello Anthony and Olga,
I apologise for the multiple emails. I have additional solutions as I am having a fluid conversation with my legal department.

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory and Updated Incumbency Certificate.
2. A delegation of authority from the (former) IESO CFO to the IESO CEO (or other authorized signatories).
3. A general signing authority resolution of the IESO Board of Directors.
4. By-law or other document in place providing authorization to the IESO CEO.
5. A certificate from the IESO Corporate Secretary stating that the IESO CEO has signing authority.
6. A signature under seal of the corporation.

Thanks,
Will

Will,

I have requested our legal group to address your request and prepare an updated cert….it is pending.

I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.

As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.

For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).

Please advise.

Hello Lisa and Sarah N.,
On May 10, IESO notified us that Kimberly Marshall is no longer with the company (the only person we had documented to have signing authority). Anthony Martinello (IESO) was informed of the required documents to facilitate a new signatory. Yesterday, we received a Borrowing Notice with an advance date for tomorrow (May 18), signed by the their president and CEO. According to Anthony, their legal department is working on providing us with the required documents. However, he has informed us that there is a real possibility that the required documents may not be provided by today or tomorrow.
Could you provide some guidance as to how to proceed if the documents are not received in time or options available to us?
Thanks,
Will

Will,
I have requested our legal group to address your request and prepare an updated cert….it is pending.
I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.
As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.
Regards.

Hi,
The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.
We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is not expected to be in place until July 2018.
For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).
Please advise.

Will,

I have requested our legal group to address your request and prepare an updated cert….it is pending.

I'm not sure this cert will be ready by today or tomorrow…let me know if this is a problem.

As for the IESO CEO signing the draw, the resolution you already have notes that the CFO delegate can sign and thus the IESO CEO (CFO's boss) is now signing the draws.

Regards.

Hello Anthony,

As per our earlier conversation, we would require updated signing authority documents.

Please provide the following:

1. Certified resolution of the board of directors for IESO authorizing both the Fair Hydro Plan Credit Agreement and for the Existing Credit Facility authorizing the signatory.
2. Updated Incumbency Certificate.

Attached is an example of the documents.

Thanks,

Will

Hi,

The IESO's CFO, Kim Marshall, is no longer with the IESO effective May-1-2018.

We are actively recruiting for a CFO, but no CFO and no acting CFO is yet named……the new CFO is

not expected to be in place until July 2018.
For the $2B and $475MM facilities, we will be drawing on these next week……..are you ok if I sign the OFA notices or do you require the IESO CEO (remember no CFO is present).
Please advise.

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.
The main adders that I have included track the language in the recently executed FHP Credit Facility. Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)
We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.
Regards,
Victor

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Regards.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is

necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility. Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,

Victor

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility. Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,

Victor

Subject: IESO - OEFC Nov 7

Ryan,
As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.
For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;
1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."
2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:
"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated

Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."
3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.
We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility. Ryan,
As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.
For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;
1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."
2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:
"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated

Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."
3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.
We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.
The main adders that I have included track the language in the recently executed FHP Credit Facility. Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of

s.3.8 (“Negative Pledge”) but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don’t think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)
We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.
Regards,
Victor

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."
3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.
We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.
The main adders that I have included track the language in the recently executed FHP Credit Facility. Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)
We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.
Regards,
Victor

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste

the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this

Agreement, the terms and conditions contained in this Agreement shall prevail."
3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.
We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Subject: RE: IESO - OEFC Drafts - IESO Comments Nov 29

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.
The main adders that I have included track the language in the recently executed FHP Credit Facility. Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)
We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.
Regards,
Victor

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of “Permitted Liens” is amended by deleting the word “and” at the end of subsection (xx); replacing the “.” at the end of subsection (xx) and replacing it with “; and” ; and adding the following subsection (xx):
“(xx) any Lien arising from the IESO’s role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.”
2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:
“Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the “Intercept Letter”), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO (“Appropriated Funds”), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA’s compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA (“Intercept”).
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO’s failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.”
3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the

action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

WHEREAS IESO and OEFC entered into a Revolving Credit Facility Agreement dated April 23, 2010, as amended by Amending Agreement No.1 dated July 21, 2010, Amending Agreement No. 2 dated October 14, 2011, Amending Agreement No. 3 dated April 30, 2013, Amending Agreement No. 4 dated April 30, 2014, Amending Agreement No. 5 dated December 19, 2014 and Amending Agreement No. 6 dated April 30, 2017 (collectively the "Agreement") pursuant to which OEFC agreed to provide a revolving credit facility to IESO in the principal amount of up to CDN $160 million;

1. The following definitions are added to Section 1.1 (Definitions) of the Agreement:

   "Clean Energy Adjustment" has the same meaning as that term is defined in the OFHP.

4. Paragraph 3.6(c) of the Agreement is deleted and replaced by the following:

(c) that there shall, in the reasonable opinion of OEFC, have been no material adverse change in the financial condition of IESO, provided however that any adverse change in IESO’s financial condition related to or resulting from the discharge by IESO of its responsibilities under OFHP shall be deemed not to be material adverse change for the purposes of this section; and

Commented [RB1]: See Amending Agreement No.6 dated April 1, 2017. The amendment to paragraph 3.6(c) at that time referenced “Ontario’s Fair Hydro Plan”. Since the Ontario Fair Hydro Plan Act, 2017 has since come into force on June 1, 2017 it is appropriate to update this paragraph with reference to the Act.

IN ALL OTHER RESPECTS, the Agreement is confirmed by IESO and OEFC.

IN WITNESS WHEREOF the parties hereto have executed this Amending Agreement as of the date first written above.

Hi Sarah,
I was just in the midst of an email to you regarding this matter. John Kim has let IESO know they can move forward with working with CMO on the agreements, but also communicated that the inclusion of the requested language is pending approval. Its fine to work on amending the agreements, as from all sides the indication is that final signoff will occur.
Regarding IESO's request to share the OFA-IESO agreement with TD, since there's nothing in the agreement prohibiting it and neither Gadi nor OFA legal is concerned about it being shared, it seems unreasonable to withhold it. As there is no obligation for us to provide/deny permission, perhaps we can just point that out to IESO (in an email) and tell them we are leaving the decision as to whether or not to share the agreement to their discretion. Not sure if a more formal response needs to be provided to IESO, but I can discuss with John the best way to convey that info to IESO.
Thanks,
Opal.

Hi Opal,
I took a look and asked Carlos as well. There is nothing from a market perspective that is controversial, and I don't see anything in the provisions that concern me. I thought about the intercept provision, but I think it is fine since the legislation 'publicly' allows for that carve out.
Lisa, do you have any objections about IESO sharing any of the contents of the $2B facility with TD?

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is

necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Opal,
I will review. Off the top of my head, we may not want to share interest rate setting, but I'll review and let you know tomorrow morning.

Hi Sarah,
I was just in the midst of an email to you regarding this matter. John Kim has let IESO know they can move forward with working with CMO on the agreements, but also communicated that the inclusion of the requested language is pending approval. Its fine to work on amending the agreements, as from all sides the indication is that final signoff will occur.
Regarding IESO's request to share the OFA-IESO agreement with TD, since there's nothing in the agreement prohibiting it and neither Gadi nor OFA legal is concerned about it being shared, it seems unreasonable to withhold it. As there is no obligation for us to provide/deny permission, perhaps we can just point that out to IESO (in an email) and tell them we are leaving the decision as to whether or not to share the agreement to their discretion. Not sure if a more formal response needs to be provided to IESO, but I can discuss with John the best way to convey that info to IESO.
Thanks,
Opal.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein

and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Sarah,
I was just in the midst of an email to you regarding this matter. John Kim has let IESO know they can move forward with working with CMO on the agreements, but also communicated that the inclusion of the requested language is pending approval. Its fine to work on amending the agreements, as from all sides the indication is that final signoff will occur.
Regarding IESO's request to share the OFA-IESO agreement with TD, since there's nothing in the agreement prohibiting it and neither Gadi nor OFA legal is concerned about it being shared, it seems unreasonable to withhold it. As there is no obligation for us to provide/deny permission, perhaps we can just point that out to IESO (in an email) and tell them we are leaving the decision as to whether or not to share the agreement to their discretion. Not sure if a more formal response needs to be provided to IESO, but I can discuss with John the best way to convey that info to IESO.
Thanks,
Opal.

4. Paragraph 3.6(c) of the Agreement is deleted and replaced by the following:

(c) that there shall, in the reasonable opinion of OEFC, have been no material adverse change in the financial condition of IESO, provided however that any adverse change in IESO’s financial condition related to or resulting from the discharge by IESO of its responsibilities under OFHP shall be deemed not to be material adverse change for the purposes of this section; and

Commented [RB1]: See Amending Agreement No.6 dated April 1, 2017. The amendment to paragraph 3.6(c) at that time referenced “Ontario’s Fair Hydro Plan”. Since the Ontario Fair Hydro Plan Act, 2017 has since come into force on June 1, 2017 it is appropriate to update this paragraph with reference to the Act.

IN ALL OTHER RESPECTS, the Agreement is confirmed by IESO and OEFC.

IN WITNESS WHEREOF the parties hereto have executed this Amending Agreement as of the date first written above.

Hi Lisa,

Are the two original agreements I sent last night what you were looking for or did you also need the original of each amending agreement no. 6? I am attaching them here for you just in case. Please let me know if you need anything else.

Also, so you are aware, IESO had been looking to execute the amending agreements by tomorrow in line with execution with the security agreement - that would be very tight, but if we can get them drafts ASAP, today even, that would be the goal.

Thanks,
Ryan

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to

pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for

fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall

apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hello John,
I agree that you were to speak with IESO this afternoon and we would hear from you afterwards. Anthony called me this afternoon and provided required changes to the existing credit facilities. We did not get into specific details. He did not mention if he spoke with Electricity Finance and I didn't ask him if he had contacted Electricity Finance either. I only stated that Ryan will be coordinating the update to the credit facilities and provide required changes in email. It was a very brief call. After you have discussed the proposed changes with IESO please schedule a convenient time for you to meet with Ryan, Jean-Francois and I.
Thanks,
Will

Hello John,
I agree that you were to speak with IESO this afternoon and we would hear from you afterwards. Anthony called me this afternoon and provided required changes to the existing credit facilities. We did not get into specific details. He did not mention if he spoke with Electricity Finance and I didn't ask him if he had contacted Electricity Finance either. I only stated that Ryan will be coordinating the update to the credit facilities and provide required changes in email. It was a very brief call. After you have discussed the proposed changes with IESO please schedule a convenient time for you to meet with Ryan, Jean-Francois and I.
Thanks,
Will

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."
3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.
We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hello John,
I agree that you were to speak with IESO this afternoon and we would hear from you afterwards. Anthony called me this afternoon and provided required changes to the existing credit facilities. We did not get into specific details. He did not mention if he spoke with Electricity Finance and I didn't ask him if he had contacted Electricity Finance either. I only stated that Ryan will be coordinating the update to the credit facilities and provide required changes in email. It was a very brief call. After you have discussed the proposed changes with IESO please schedule a convenient time for you to meet with Ryan, Jean-Francois and I.
Thanks,
Will

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with

the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."
3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.
We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Lisa,

Are the two original agreements I sent last night what you were looking for or did you also need the original of each amending agreement no. 6? I am attaching them here for you just in case. Please let me know if you need anything else.

Also, so you are aware, IESO had been looking to execute the amending agreements by tomorrow in line with execution with the security agreement - that would be very tight, but if we can get them drafts ASAP, today even, that would be the goal.

Thanks,
Ryan

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Hello John,
I agree that you were to speak with IESO this afternoon and we would hear from you afterwards. Anthony called me this afternoon and provided required changes to the existing credit facilities. We did not get into specific details. He did not mention if he spoke with Electricity Finance and I didn't ask him if he had contacted Electricity Finance either. I only stated that Ryan will be coordinating the update to the credit facilities and provide required changes in email. It was a very brief call. After you have discussed the proposed changes with IESO please schedule a convenient time for you to meet with Ryan, Jean-Francois and I.
Thanks,
Will

Hi Lisa,

Are the two original agreements I sent last night what you were looking for or did you also need the original of each amending agreement no. 6? I am attaching them here for you just in case. Please let me know if you need anything else.

Also, so you are aware, IESO had been looking to execute the amending agreements by tomorrow in line with execution with the security agreement - that would be very tight, but if we can get them drafts ASAP, today even, that would be the goal.

Thanks,

Ryan

Hi Lisa,
Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.
Thank You,
Ryan

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC

agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment

through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa,

Are the two original agreements I sent last night what you were looking for or did you also need the original of each amending agreement no. 6? I am attaching them here for you just in case. Please let me know if you need anything else.

Also, so you are aware, IESO had been looking to execute the amending agreements by tomorrow in line with execution with the security agreement - that would be very tight, but if we can get them drafts ASAP, today even, that would be the goal.

Thanks,

Ryan

Hi Lisa,
Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Ryan,
As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.
For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;
1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").

(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished

two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision' sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,

Ryan

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT

The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):

"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT

The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept

(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated

Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."
3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.
We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision'

sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.

Thank You,
Ryan

Subject: IESO - OEFC Nov 7

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts

that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Lisa,
Are the two original agreements I sent last night what you were looking for or did you also need the original of each amending agreement no. 6? I am attaching them here for you just in case. Please let me know if you need anything else.
Also, so you are aware, IESO had been looking to execute the amending agreements by tomorrow in line with execution with the security agreement - that would be very tight, but if we can get them drafts ASAP, today even, that would be the goal.
Thanks,
Ryan

Hi Lisa,

Please see below the original email we received from Anthony at IESO in early November. As you can see at this time his suggestion was to "copy and paste the salient sections" from the IESO-OFA agreements that were updated for the fair hydro plan into the amendments to the IESO-OEFC agreements. In his email Anthony referenced both the 'Permitted Lien' and 'Intercept Provision'

sections, but we have since agreed the intercept provision will not be included in the IESO-OEFC amending agreements. We are still waiting for final sign-off from Gadi, Ron and Mike on whether we can include the permitted-Lien language from the IESO-OFA amending agreements into the IESO-OEFC amending agreements.
Thank You,
Ryan

Subject: IESO - OEFC Nov 7

Ryan,
As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.
For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;
1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."
2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:
"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is

necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.

If any… other relevant updates that make sense to do now……I do not anticipate any material ones. We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.

Regards.

Have you had a chance to look at the security agreement (draft Nov 7)? It's so general in terms of its reach on IESO, namely s.2.1 "all Accounts…" "all Proceeds…"
Not sure what Carrying costs are though. They are supposed to be defined in the regulation, but I couldn't find any reference to them in the Reg.

Hi Opal and Sarah,
Please find attached my comments for your review and consideration.
Basically, what I am hearing from CEFD so far is: "the OFA-IESO agreements were done this way, so we should do the same for OEFC to remain consistent" which is not a very convincing argument in my opinion – specially considering the $475M agreement may have been amended without much consideration.
Also, the comment to the effect that "IESO is asking for this to avoid being in default" requires further clarifications in my view – in default in relation to whom? If the OEFC-IESO agreements are not related to FHP, I don't think that IESO having 'permitted liens' for FHP purposes in other OFA credit facility agreements would create a default situation unless the funds from the OEFC agreements somehow end up in this liens?
Thanks,
J-F

Hi Jean-Francois,

You had comments in the draft with questions and concerns expressed. Are these approved by Sarah and Opal or comments at your level?

Given that we are under a tight timeline, it would be helpful if we can have a discussion today.

Mike is in the loop on the FHP discussion. Could your group check with him on his views beforehand too?

Hi Gavin,

I discussed your request for me to come down to the 3rd floor for a quick chat with you and John

with Opal.
At this time, our preference would be to obtain clarifications from CEFD and/or IESO in response to the comments we raised so that we may gain a better understanding of the potential implications for OEFC. Opal suggested that we could have a call or meeting tomorrow if you think that would be helpful?
Kind regards,

Hi all,
We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.
We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.
This has been reviewed by Legal last night and I have incorporated the feedback from Sarah N. (in Lisa's absence).
Please let me know if you have any questions.
Thanks,

John,

As discussed yesterday, it likely is best to add to the definition of “Permitted Liens” in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

Yes, the language would be similar to the OFA-IESO agreements. CEFD is working on a revised briefing note and I would advise waiting on amending the agreements until we have a final version of the note to make sure everyone agrees.

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested that OEFC amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations IESO is taking on under Ontario's Fair Hydro Plan. IESO has indicated that OEFC credit facilities will not be used for Ontario Fair Hydro Plan (FHP) purposes.

CONTEXT - IESO'S REQUEST

- The FHP requires the IESO and Ontario Power Generation (OPG) to work together to refinance Ontario's clean energy investments over a longer period of time. IESO and OPG are in a discussion to grant a security/priority interest on IESO's assets to OPG Trust for the period of the first 4 years of the GA deferral.

- The IESO is planning to seek its Board's approval on Nov 22, 2017 to enter into a ~~for the~~ security agreement with OPG Trust. The security agreement is currently in draft form. Without amending the existing OEFC $160M and $120M credit facility agreements (the "OEFC Agreements"), IESO could potentially be considered to be in default of the terms of the security agreement~~s~~. IESO staff wrote:

  > *"…it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default."*

- In order to address this issue, the IESO has requested to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the FHP. Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations to OPG under the FHP. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid ~~of~~ breaching the terms of existing agreements.

- To support IESO's role in the implementation and participation under the Ontario Fair Hydro Plan Act, 2017 ("OFHP Act"), in July 2017~~,~~ the IESO had requested that the OFA ~~to~~ make ~~the same~~similar ~~request~~ changes to the credit facility agreements with OFA in October.
  - On November 6, 2017, the OFA amended the $475M facility to amend the definition of ~~the~~ "permitted liens" and also included same for the new $2B credit facility agreement between OFA and the IESO , as requested by the IESO.

CONSIDERATIONS

- OFA'S Capital Markets – Operations staff have commented that the legislation governing OEFC, the *Electricity Act, 1998*, may provide differing context from the OFA's objects and mandate under the *Capital Investment Plan Act, 1993*. [This was a bullet suggested by CMD – Operations.]

- With the proposed new security agreement between OPG Trust and IESO, OPG Trust would have a priority claim against potentially the Clean Energy Adjustment funds collected by or flowing~~n~~ through the IESO, the OEFC could find itself unable to collect payments due from the IESO. The likelihood of this scenario could be assessed as low and IESO is an agency of the government consolidated line-by-line in the Province's accounts. [This was a bullet inserted by CMD – Operations.]

Commented [JK1]: Unless Documentation can provide specific differences that are significant, I suggest we delete.

Commented [OK2R1]: The fact that OFA's objects/mandate are detailed under CIPA is a distinct differentiation from OEFC. This is only relevant as it goes to the reach of OFA. Not fussed if you wish to delete.

- The OFA agreed to IESO's requested changes to ~~included the requested changes in~~ the OFA credit facilities, thereby providing a precedent ~~of having considered the~~ for considering similar changes for ~~/~~inclusion into other agreements with IESO. ~~of the same request.~~ Treating the current request differently by seeking either a Minister's directive or not granting the IESO its request would mean having to take steps on the OFA credit facilities, which were ~~either signed~~ recently ~~or~~ amended ~~recently~~.

Commented [OK3]: The OFA and OEFC are different corporate entities, so treatment of each may be different depending on the circumstances, even when dealing with the same borrower.

Commented [OK4]: The OFA credit facility was provided pursuant to the minister's directive, so seeking a minister's directive wrt OEFC would be consistent with how OFA was treated. Not suggesting this is necessary.

RECOMMENDATIONS

- In order to support IESO's request and remain consistent with the language recently incorporated in existing IESO-OFA agreements, OFA staff are of the view that the exisiting OEFC Agreements can be amended to include liens related to FHP under the definition of the "permitted liens". [TBD]

BACKGROUND

- In order to support IESO's role with the implementation of the OFHP Act, OFA staff made similar changes to the definition of 'permitted liens" in existing OFA-IESO credit facility agreements on November 6, 2017.

- Currently, under the existing credit facility agreements between OEFC and the IESO, the definition of "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

Hi all,
We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.
We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.
This has been reviewed by Legal last night and I have incorporated the feedback from Sarah N. (in Lisa's absence).
Please let me know if you have any questions.

John,

As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested that OEFC amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations IESO is taking on under Ontario's Fair Hydro Plan. IESO has indicated that OEFC credit facilities will not be used for Ontario Fair Hydro Plan (FHP) purposes.

CONTEXT - IESO'S REQUEST

- The FHP requires the IESO and Ontario Power Generation (OPG) to work together to refinance Ontario's clean energy investments over a longer period of time. IESO and OPG are in a discussion to grant a security/priority interest on IESO's assets to OPG Trust for the period of the first 4 years of the GA deferral.

- The IESO is planning to seek its Board's approval on Nov 22, 2017 to enter into a ~~for the~~ security agreement with OPG Trust. The security agreement is currently in draft form. Without amending the existing OEFC $160M and $120M credit facility agreements (the "OEFC Agreements"), IESO could potentially be considered to be in default of the terms of the security agreement~~s~~. IESO staff wrote:

  > *"…it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default."*

- In order to address this issue, the IESO has requested to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the FHP. Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations to OPG under the FHP. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid ~~of~~ breaching the terms of existing agreements.

- To support IESO's role in the implementation and participation under the Ontario Fair Hydro Plan Act, 2017 ("OFHP Act"), in July 2017~~,~~ the IESO had requested that the OFA ~~to~~ make ~~the same~~similar ~~request~~ changes to the credit facility agreements with OFA in October.
  - On November 6, 2017, the OFA amended the $475M facility to amend the definition of ~~the~~ "permitted liens" and also included same for the new $2B credit facility agreement between OFA and the IESO , as requested by the IESO.

CONSIDERATIONS

- OFA'S Capital Markets – Operations staff have commented that the legislation governing OEFC, the *Electricity Act, 1998*, may provide differing context from the OFA's objects and mandate under the *Capital Investment Plan Act, 1993*. [This was a bullet suggested by CMD – Operations.]

- With the proposed new security agreement between OPG Trust and IESO, OPG Trust would have a priority claim against potentially the Clean Energy Adjustment funds collected by or flowing~~n~~ through the IESO, the OEFC could find itself unable to collect payments due from the IESO. The likelihood of this scenario could be assessed as low and IESO is an agency of the government consolidated line-by-line in the Province's accounts. [This was a bullet inserted by CMD – Operations.]

Commented [JK1]: Unless Documentation can provide specific differences that are significant, I suggest we delete.

Commented [OK2R1]: The fact that OFA's objects/mandate are detailed under CIPA is a distinct differentiation from OEFC. This is only relevant as it goes to the reach of OFA. Not fussed if you wish to delete.

- The OFA agreed to IESO's requested changes to ~~included the requested changes in~~ the OFA credit facilities, thereby providing a precedent ~~of having considered the~~ for considering similar changes for ~~/~~inclusion into other agreements with IESO. ~~of the same request.~~ Treating the current request differently by seeking either a Minister's directive or not granting the IESO its request would mean having to take steps on the OFA credit facilities, which were ~~either signed~~ recently ~~or~~ amended ~~recently~~.

Commented [OK3]: The OFA and OEFC are different corporate entities, so treatment of each may be different depending on the circumstances, even when dealing with the same borrower.

Commented [OK4]: The OFA credit facility was provided pursuant to the minister's directive, so seeking a minister's directive wrt OEFC would be consistent with how OFA was treated. Not suggesting this is necessary.

RECOMMENDATIONS

- In order to support IESO's request and remain consistent with the language recently incorporated in existing IESO-OFA agreements, OFA staff are of the view that the exisiting OEFC Agreements can be amended to include liens related to FHP under the definition of the "permitted liens". [TBD]

Subject: RE: IESO - OEFC credit facilities : permitted liens

Hi all,

We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.

This has been reviewed by Legal last night and I have incorporated the feedback from Sarah N. (in Lisa's absence).

Please let me know if you have any questions.

Thanks,

Gavin He

John,

As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

At this time, our preference would be to obtain clarifications from CEFD and/or IESO in response to the comments we raised so that we may gain a better understanding of the potential implications for OEFC. Opal suggested that we could have a call or meeting tomorrow if you think that would be helpful?

Hi all,

We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.

This has been reviewed by Legal last night and I have incorporated the feedback from Sarah N. (in Lisa's absence).

Please let me know if you have any questions.

As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. Have you had a chance to look at the security agreement (draft Nov 7)? It's so general in terms of its reach on IESO, namely s.2.1 "all Accounts…" "all Proceeds…"
Not sure what Carrying costs are though. They are supposed to be defined in the regulation, but I couldn't find any reference to them in the Reg.

Hi Opal and Sarah,
Please find attached my comments for your review and consideration.
Basically, what I am hearing from CEFD so far is: "the OFA-IESO agreements were done this way, so we should do the same for OEFC to remain consistent" which is not a very convincing argument in my opinion – specially considering the $475M agreement may have been amended without much consideration.
Also, the comment to the effect that "IESO is asking for this to avoid being in default" requires further clarifications in my view – in default in relation to whom? If the OEFC-IESO agreements are not related to FHP, I don't think that IESO having 'permitted liens' for FHP purposes in other OFA credit facility agreements would create a default situation unless the funds from the OEFC agreements somehow end up in this liens?
Thanks,
J-F

Hi Gavin,

I discussed your request for me to come down to the 3rd floor for a quick chat with you and John with Opal.
At this time, our preference would be to obtain clarifications from CEFD and/or IESO in response to the comments we raised so that we may gain a better understanding of the potential implications for OEFC. Opal suggested that we could have a call or meeting tomorrow if you think that would be helpful?
Kind regards,
J-F

Hi all,

We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.

This has been reviewed by Legal last night and I have incorporated the feedback from Sarah N. (in Lisa's absence).

Please let me know if you have any questions.

Thanks,

Gavin He

John,

As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

Regards.

John,

As discussed yesterday, it likely is best to add to the definition of “Permitted Liens” in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested that OEFC ~~to~~ amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations ~~the~~ IESO is taking on under Ontario's Fair Hydro Plan. IESO has indicated that OEFC credit facilities will not be used for Ontario Fair Hydro Plan (FHP) purposes.

CONTEXT

The ~~Fair Hydro Plan (~~FHP~~)~~ will require ~~the~~ IESO and Ontario Power Generation (OPG) to work together to spread out the costs of Ontario's clean energy investments over a longer period of time, which ensures that the costs of these investments are allocated fairly among current and future ratepayers. This is being accomplished through refinancing a portion of the Global Adjustment (GA).~~ The~~ IESO and OPG are in a discussion to ~~potentially~~ grant ~~the~~a security/priority interest on IESO's assets to ~~the~~ OPG Trust for the period of the first ~~four~~ 4 years of the GA deferral.

As the purchaser of IESO assets, OPG Trust wants to secure a priority interest against these assets in light of on-going uncertainties surrounding funding requirements of the FHP. IESO has existing credit facility agreements with the OFA, OEFC and TD Bank and wants to ensure consistency across all of its existing agreements in order to provide a level of comfort to the broader investment community . ~~The~~ IESO will seek its Board's approval on Nov 22, 2017 for the security agreement. Amending ~~and this would be in conflict with~~ the existing OEFC's ~~s~~ $160M and $120M credit facility agreements (the "OEFC Agreements") ~~with the IESO without the requested amendments~~would prevent IESO from having to undertake further negotiations or make last-minute changes to the security agreement it intends to present to its Board in the very near future~~. Paragraph 4.7 – Negative Pledges – in both OEFC credit facility agreements does not allow IESO to grant such security/priority to the OPG Trust~~.

In order to address this issue, ~~the~~ IESO has requested ~~OEFC~~ to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the ~~Fair Hydro Plan (~~FHP~~)~~. Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations ~~towards OPG~~under the FHP. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid of breaching the terms of existing agreements. ~~the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want inadvertently to be in default.~~

~~To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") in July 2017, the IESO had reached out to the Capital Market Division – Operations of the OFA to make the same request to the credit facility agreements with OFA in October. The OFA staff have recommended providing the requested amendments and amended the $475M and $2B credit facility agreements between OFA and the IESO on November 6th, 2017 (the "OFA Agreements"), as suggested by the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.~~

It should be noted that the legislation governing OEFC differs significantly from the OFA's objects and mandate under the *Capital Investment Plan Act, 1993.* In the event IESO were to default on any of its obligations to OEFC in connection with FHP-related liens resulting from OPG Trust having a priority claim against funds collected by IESO, the OEFC may need to undertake negotations with IESO or find itself unable to collect payments due from IESO.

RECOMMENDATIONS

- In order ~~To support IESO's role in the implementation and participation under the OFHP Act and also to be~~ to remain consistent with the language recently incorporated in existing IESO-OFA agreements~~approach OFA implemented~~, OFA staff are of the view that the exisiting OEFC Agreements ~~require amendments~~can be amended provided OEFC management is comfortable with the level of risk assumed by OEFC; and
  - ~~to the permitted liens and negative covenant language to make it the same as, or very~~
- It is recommended that the OFA staff support~~Although the OEFC credit facility is not used for OFHP's purpose, it is~~ IESO's ~~position~~request ~~that it wants to~~ to ~~make~~ ~~such change to the~~amend exsiting ~~definition of the permitted liens to make sure that the IESO is not inadvertently in default of its security obligations to OPG Trust is still required in order for IESO to~~and ~~meets~~ ~~its~~ OEFC Agreements so that it may fulfill its ~~role and~~ obligations under the OFHP Act without limitations.~~.~~

BACKGROUND

- In order to support IESO's role with the implementation of the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") OFA staff made similar changes to the definition of 'permitted liens" in existing OFA-IESO credit facility agreements on November 6, 2017.

- Currently, under the existing credit facility agreements between OEFC and the IESO, the definition of ~~the~~ "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

IESO has indicated that OEFC credit facilities will not be used for Ontario Fair Hydro Plan (FHP) purposes.

CONTEXT

The ~~Fair Hydro Plan (~~FHP~~)~~ will require ~~the~~ IESO and Ontario Power Generation (OPG) to work together to spread out the costs of Ontario's clean energy investments over a longer period of time, which ensures that the costs of these investments are allocated fairly among current and future ratepayers. This is being accomplished through refinancing a portion of the Global Adjustment (GA).~~ The~~ IESO and OPG are in a discussion to ~~potentially~~ grant ~~the~~a security/priority interest on IESO's assets to ~~the~~ OPG Trust for the period of the first ~~four~~ 4 years of the GA deferral.

As the purchaser of IESO assets, OPG Trust wants to secure a priority interest against these assets in light of on-going uncertainties surrounding funding requirements of the FHP. IESO has existing credit facility agreements with the OFA, OEFC and TD Bank and wants to ensure consistency across all of its existing agreements in order to provide a level of comfort to the broader investment community . ~~The~~ IESO will seek its Board's approval on Nov 22, 2017 for the security agreement. Amending ~~and this would be in conflict with~~ the existing OEFC's ~~s~~ $160M and $120M credit facility agreements (the "OEFC Agreements") ~~with the IESO without the requested amendments~~would prevent IESO from having to undertake further negotiations or make last-minute changes to the security agreement it intends to present to its Board in the very near future~~. Paragraph 4.7 – Negative Pledges – in both OEFC credit facility agreements does not allow IESO to grant such security/priority to the OPG Trust~~.

In order to address this issue, ~~the~~ IESO has requested ~~OEFC~~ to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the ~~Fair Hydro Plan (~~FHP~~)~~. Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations ~~towards OPG~~under the FHP. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid of breaching the terms of existing agreements. ~~the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want inadvertently to be in default.~~

~~To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") in July 2017, the IESO had reached out to the Capital Market Division – Operations of the OFA to make the same request to the credit facility agreements with OFA in October. The OFA staff have recommended providing the requested amendments and amended the $475M and $2B credit facility agreements between OFA and the IESO on November 6th, 2017 (the "OFA Agreements"), as suggested by the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.~~

It should be noted that the legislation governing OEFC differs significantly from the OFA's objects and mandate under the *Capital Investment Plan Act, 1993.* In the event IESO were to default on any of its obligations to OEFC in connection with FHP-related liens resulting from OPG Trust having a priority claim against funds collected by IESO, the OEFC may need to undertake negotations with IESO or find itself unable to collect payments due from IESO.

RECOMMENDATIONS

- In order ~~To support IESO's role in the implementation and participation under the OFHP Act and also to be~~ to remain consistent with the language recently incorporated in existing IESO-OFA agreements~~approach OFA implemented~~, OFA staff are of the view that the exisiting OEFC Agreements ~~require amendments~~can be amended provided OEFC management is comfortable with the level of risk assumed by OEFC; and
  - ~~to the permitted liens and negative covenant language to make it the same as, or very~~
- It is recommended that the OFA staff support~~Although the OEFC credit facility is not used for OFHP's purpose, it is~~ IESO's ~~position~~request ~~that it wants to~~ to ~~make~~ ~~such change to the~~amend exsiting ~~definition of the permitted liens to make sure that the IESO is not inadvertently in default of its security obligations to OPG Trust is still required in order for IESO to~~and ~~meets~~ ~~its~~ OEFC Agreements so that it may fulfill its ~~role and~~ obligations under the OFHP Act without limitations.~~.~~

BACKGROUND

- In order to support IESO's role with the implementation of the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") OFA staff made similar changes to the definition of 'permitted liens" in existing OFA-IESO credit facility agreements on November 6, 2017.

- Currently, under the existing credit facility agreements between OEFC and the IESO, the definition of ~~the~~ "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

Thanks. Given the way security interest is defined broadly in the security agreement, it is more than possible that funds from the OEFC agreements could be caught up in liens. IESO should really just be a "flow-through" but the net seems much wider than funds collected from rate payers.

Hi Opal and Sarah,

Please find attached my comments for your review and consideration.

Basically, what I am hearing from CEFD so far is: "the OFA-IESO agreements were done this way, so we should do the same for OEFC to remain consistent" which is not a very convincing argument in my opinion – specially considering the $475M agreement may have been amended without much consideration.

Also, the comment to the effect that "IESO is asking for this to avoid being in default" requires further clarifications in my view – in default in relation to whom? If the OEFC-IESO agreements are not related to FHP, I don't think that IESO having 'permitted liens' for FHP purposes in other OFA credit facility agreements would create a default situation unless the funds from the OEFC agreements somehow end up in this liens?

Thanks,

J-F

Hi Lisa,
The decision to amend the IESO-OEFC agreements for permitted liens is still being determined by Gadi/Ron/Mike. As such, we won't ask IESO for draft amendments until such time as that decision has been made.
Regards,
J-F

Hi Jean-Francois,

You had comments in the draft with questions and concerns expressed. Are these approved by Sarah and Opal or comments at your level?

Given that we are under a tight timeline, it would be helpful if we can have a discussion today.

Mike is in the loop on the FHP discussion. Could your group check with him on his views beforehand too?

John

Hi Gavin,

I discussed your request for me to come down to the 3rd floor for a quick chat with you and John with Opal.

At this time, our preference would be to obtain clarifications from CEFD and/or IESO in response to the comments we raised so that we may gain a better understanding of the potential implications for OEFC. Opal suggested that we could have a call or meeting tomorrow if you think that would be helpful?

Kind regards,

J-F

Hi all,

We have confirmed with the IESO that the reason for their requested change to the definition of the "permitted liens" in the OEFC credit facility agreements are the same for the request to OFA. The IESO wants to be able to grant security to the OPG Trust, and address the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

We have drafted the attached BN for internal approval (Ron and Gadi) process. Could you please review and let us know if you have any concerns? It would be much appreciated if you could provide us your feedback around noon today, given the limited timeframe on this request.

This has been reviewed by Legal last night and I have incorporated the feedback from Sarah N. (in Lisa's absence).

Please let me know if you have any questions.

Thanks,

Gavin He

John,

As discussed yesterday, it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default.

Happy to discuss further. I am out of the office most of this week on IESO business matters but available by cell 289-795-9426, or if necessary you may connect with Victor.

I only have one small edit on where FHP definition is introduced, otherwise looks good to me. Opal appears to be logged off for the day, but I expect she may take a look on the Go Train.
