Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Section 2.4 Mandatory Repayment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

Section 2.5 Prepayments.

The IESO is not entitled to prepay any part of the Advances Outstanding or the interest accrued thereon without the prior written consent of the OFA.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

Section 2.7 Computations of Interest.

(1) All computations of interest shall be made by the OFA taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

ARTICLE 3
ADVANCES

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

ARTICLE 3
ADVANCES

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing;

(c) that there shall, in the reasonable opinion of the OFA, have been no material adverse change in the financial condition of the IESO or a Material Subsidiary; and

Subject: Final Docs for FHP Credit Agreement and AA#10

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and

Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Regards,

Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Victor

Subject: Touch Base

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Section 2.4 Mandatory Repayment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

The IESO shall make each such payment in Canadian Dollars.

Section 2.7 Computations of Interest.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(b) that no Event of Default has occurred and is continuing;

(c) that there shall, in the reasonable opinion of the OFA, have been no material adverse change in the financial condition of the IESO or a Material Subsidiary; and

Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) Advances Outstanding. Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

Subject: Final Docs for FHP Credit Agreement and AA#10

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is

changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.

4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Regards,

Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Subject: Touch Base

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

Hi Will. The following is the revised paragraph that we ask be substituted for that already in the definition of "Permitted Liens" in the FHP facility, and be added to the definition of Permitted Liens in Amending Agreement #10 for the existing facility –
" any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP; "
Regarding the addition to AA#10, this would also require the addition of the definitions for "OFHP" and "Clean Energy Adjustment" to that amendment.
Let me know if you have any questions.

Victor

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).
We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions

with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?
Also, just wanted to let you know that based on our most recent reviews of the draft documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.
Feel free to call if you have any questions.

Victor

We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?
Also, just wanted to let you know that based on our most recent reviews of the draft

documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Feel free to call if you have any questions.

Regards,

Victor

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Victor

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

Hi Will. The following is the revised paragraph that we ask be substituted for that already in the definition of "Permitted Liens" in the FHP facility, and be added to the definition of Permitted Liens in Amending Agreement #10 for the existing facility –
" any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP; "
Regarding the addition to AA#10, this would also require the addition of the definitions for "OFHP" and "Clean Energy Adjustment" to that amendment.
Let me know if you have any questions.

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.
4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.
Regards,
Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

Hi Will. The following is the revised paragraph that we ask be substituted for that already in the definition of "Permitted Liens" in the FHP facility, and be added to the definition of Permitted Liens in Amending Agreement #10 for the existing facility –

" any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP; "

Regarding the addition to AA#10, this would also require the addition of the definitions for "OFHP" and "Clean Energy Adjustment" to that amendment.

Let me know if you have any questions.

Hi Will. Thanks for these drafts. I note that clean Word and pdf versions of v.3 of the FHP Credit Agreement were attached, but there was no attachment re Amending Agreement #10 to the existing facility (not sure if that was intended).

We cannot yet provide detailed comments on the Intercept Letter itself or on the language related to the Intercept Letter now included in v.3 of the FHP Credit Facility. We will provide those comments after we have been able to confirm whether any concerns arise out of the discussions with OPG. However, at a high level, I note that the current draft of the Intercept Letter states that the existing facility (i.e. the one to be reduced to $475MM) will also be subject to the Intercept mechanism. Based on our prior discussions, we thought this existing facility was being "grandfathered" and so would not be subject to the OFA policy that requires inclusion of the Intercept mechanism/language. Can you please clarify OFA's intended approach on this ?

Also, just wanted to let you know that based on our most recent reviews of the draft

documents/transactions (including with external counsel), I will shortly – likely tomorrow morning – send some revisions to paragraph (k) of the Permitted Liens definition, which I do not expect to be controversial. Concerning this language, we would ask that you also add the revised paragraph to the definition of "Permitted Liens" contained in the existing facility by way of Amending Agreement #10.

Feel free to call if you have any questions.

Victor

Please find the attached version of the FHP Credit Facility Agreement which includes Intercept Provision language. Obviously the letter agreement needs to be executed first.

The latest versions are:

We have made the following minor changes to the execution copies below. For operational purposes the facsimile number would also apply to the Amending Agreement No. 10. For practical purposes we will update the facsimile change into the next updated and restated agreement.

Subject: Final Docs for FHP Credit Agreement and AA#10

Hi All – I attach what I am hoping are the closing documents for: (i) the new FHP Revolving Credit Agreement, and (ii) Amending Agreement #10 to the 2005 credit agreement. The following comments are relevant to the attachments:

1. I took the credit agreements you sent for both FHP and Amending Agreement #10 yesterday, accepted all the tracked changes, deleted the comments, made some minor spacing changes and put a blank following "September" as appropriate so that the final signing date can be filled in by hand. Note – regarding AA#10, I also deleted the document ID that showed at the bottom of some of the pages (which ID I assumed was some form of law firm tracking number).
2. I created two standalone Promissory Notes by extracting the Schedules from the FHP and AA#10 respectively – the only change I made (apart from deleting the "Form of…" language at the top of the document) was to change the spacing slightly to fit on one page.
3. I also prepared final versions of the certified IESO board resolution and the incumbency certificate, again inserting a blank following September. Please note that the resolution is changed slightly from the one you reviewed in the sense that I inserted notes (instead of ellipsis) to show where redactions were made of information not related to the OFA financings. For convenience, I also removed the reference to the date of the FHP Credit Agreement.

4. I created pdfs of all documents and also include MS Word versions of the Agreements and Grid Notes for ease of comparison.

Please let me know if these documents appear in order.

Regards,

Victor

Hi Sarah. I have attached what I believe should be the final version of the FHP Credit Facility Agreement (subject to OFA's acceptance and minor adjustments).

The nature of the corrections are mostly evident on their face, though in a couple of cases I inserted a brief note to explain the correction. Changes to the Schedules were to align with the approach in AA#10.

Feel free to call me if you have any questions. I'll be in the office today until shortly after 5:00. I will follow-up with minor fixes to the Amending Agreement No.10 document shortly.

Subject: Touch Base

Hi Anthony and Victor,

Will is sick today, so I wanted touch base with you on the agreements and the directive.

Firstly, the directive as at this point has not been signed. I am following up regularly to get information about the status of execution in our Minister's office and will let you know as soon as I hear anything.

In the meantime, I thought it would be helpful if we could get the agreements in an execution format so that we can promptly execute both agreements once the directive is signed. To that end, could you please confirm if you have any further comments on either of the drafts? Once you are signed off, we request that you please send clean electronic execution versions (insertion of execution date notwithstanding) that we can do a final review. When the directive is signed:

- we would then ask if you could please insert the execution date, where appropriate, on each agreement
- print out two originals of each agreement and partially execute the agreements
- send us the two originals of each agreement, along with your evidence of signing authority.
- upon receipt, we will fully execute all originals, and send you one fully executed original of each agreement (and will send you scanned executed versions immediately)

Please let me know if you have any concerns regarding any of the above.

Thanks,

Sarah

Hi John – I agree with Lisa.
We can agree to move forward to conclude the agreements with the intercept by November 1 (assuming all parties agree) and assuming we also get the letter.
Future amendments would have to be considered when known at the time with no assurance or representation made to IESO in the interim that that such amendments will be made as a matter of right. That is why we added the entire agreement clause.
The risk to this path as I see it is that if a future amendment requested by IESO requires a directive, and there is a real possibility that it may, given OPG's current position, this directive may be a challenge to obtain or not obtainable.

Hi John,
There is no mention in Victor's e-mail about the letter agreement or the intercept provisions. Is he proposing that we finalize the agreements with the intercept provisions included? In this case, the letter agreement will need to be signed first and we will need to tweak the amending agreement.
As we have previously discussed, we are not willing to make assurances regarding further future amendments, especially regarding the intercept requirement. This is the reason I had added in the "Entire Agreement" clause. In my view it is not appropriate to discuss our internal approval processes with the IESO.

Victor's comments seem reasonable to me. They are indicating that the discussion between OPG Trust and IESO has not settled. Subject: Finalization of OFA-IESO Credit Agreements

Hi John. We have had internal discussions following your and my conversation yesterday afternoon regarding the finalization of the two OFA/IESO credit agreements (Amending Agreement #10 to the existing credit agreement; and the new $2 billion credit agreement for implementing the Fair Hydro Plan).

As discussed, we need urgently to finalize these credit agreements in order to avoid a funding shortfall for IESO in November relating to implementing the FHP. There will not be sufficient room under the existing OFA credit agreement – with its commitment of $975 million – to fund the amounts required by IESO in this regard.

Given this urgent funding need, we propose that OFA and IESO finalize the current drafts of the credit agreements and have them executed by both parties no later than Wednesday, November 1 in order to ensure that funds will be available for drawing by IESO in November.

We recognize that the on-going discussions with the OPG Trust about a possible grant of security over IESO's assets in connection with implementing the Fair Hydro Plan may result in the need for further amendments to the OFA-IESO credit agreements. However, we propose to amend the agreements as needed once we actually know what, if anything, is required in this regard.

We would appreciate it is OFA could let us know if it agrees with the above approach by Thursday this week in order that we may each proceed to take the steps required to finalize and execute the agreements, and maintain the timely funding of IESO's needs.

Victor

That is my understanding, yes, that the letter agreement will be done for the intercept.
Sure, on your view on the internal approval processes.

Hi John,
There is no mention in Victor's e-mail about the letter agreement or the intercept provisions. Is he proposing that we finalize the agreements with the intercept provisions included? In this case, the letter agreement will need to be signed first and we will need to tweak the amending agreement.
As we have previously discussed, we are not willing to make assurances regarding further future amendments, especially regarding the intercept requirement. This is the reason I had added in the "Entire Agreement" clause. In my view it is not appropriate to discuss our internal approval processes with the IESO.

Subject: Finalization of OFA-IESO Credit Agreements

Hi John. We have had internal discussions following your and my conversation yesterday afternoon regarding the finalization of the two OFA/IESO credit agreements (Amending Agreement #10 to the existing credit agreement; and the new $2 billion credit agreement for implementing the Fair Hydro Plan).

As discussed, we need urgently to finalize these credit agreements in order to avoid a funding shortfall for IESO in November relating to implementing the FHP. There will not be sufficient room under the existing OFA credit agreement – with its commitment of $975 million – to fund the amounts required by IESO in this regard.

Given this urgent funding need, we propose that OFA and IESO finalize the current drafts of the credit agreements and have them executed by both parties no later than Wednesday, November 1 in order to ensure that funds will be available for drawing by IESO in November.

We recognize that the on-going discussions with the OPG Trust about a possible grant of security over IESO's assets in connection with implementing the Fair Hydro Plan may result in the need for further amendments to the OFA-IESO credit agreements. However, we propose to amend the agreements as needed once we actually know what, if anything, is required in this regard.

We would appreciate it is OFA could let us know if it agrees with the above approach by Thursday this week in order that we may each proceed to take the steps required to finalize and execute the agreements, and maintain the timely funding of IESO's needs.

Victor

I've made a couple of minor edits to your suggested response, below, based on Sarah's e-mail. Based on your earlier e-mail, I will update Amending Agreement #10 to include intercept language as well. Please copy me on your e-mail to Victor.
Thank you,

Okay, I will act on that. I could let them know the following:
"With timely execution of the letter agreement by all parties, we will move to conclude the FHP credit facility agreement and amending agreement #10 by November 1st. Also, future amendments to these agreements would have to be considered when known at the time. The OFA will not make any assurances or representations to the IESO that such amendments would be made as a matter of right."
Would you suggest any edits to this response?

Hi John – I agree with Lisa.
We can agree to move forward to conclude the agreements with the intercept by November 1 (assuming all parties agree) and assuming we also get the letter.
Future amendments would have to be considered when known at the time with no assurance or representation made to IESO in the interim that that such amendments will be made as a matter of right. That is why we added the entire agreement clause.
The risk to this path as I see it is that if a future amendment requested by IESO requires a directive, and there is a real possibility that it may, given OPG's current position, this directive may be a challenge to obtain or not obtainable.

Hi John – I agree with Lisa.
We can agree to move forward to conclude the agreements with the intercept by November 1 (assuming all parties agree) and assuming we also get the letter.
Future amendments would have to be considered when known at the time with no assurance or representation made to IESO in the interim that that such amendments will be made as a matter of right. That is why we added the entire agreement clause.
The risk to this path as I see it is that if a future amendment requested by IESO requires a directive, and there is a real possibility that it may, given OPG's current position, this directive may be a challenge to obtain or not obtainable.

Hi John,
There is no mention in Victor's e-mail about the letter agreement or the intercept provisions. Is he proposing that we finalize the agreements with the intercept provisions included? In this case, the letter agreement will need to be signed first and we will need to tweak the amending agreement.
As we have previously discussed, we are not willing to make assurances regarding further future amendments, especially regarding the intercept requirement. This is the reason I had added in the "Entire Agreement" clause. In my view it is not appropriate to discuss our internal approval processes with the IESO.

Subject: Finalization of OFA-IESO Credit Agreements

Hi John. We have had internal discussions following your and my conversation yesterday afternoon regarding the finalization of the two OFA/IESO credit agreements (Amending Agreement #10 to the existing credit agreement; and the new $2 billion credit agreement for implementing the Fair Hydro Plan).

As discussed, we need urgently to finalize these credit agreements in order to avoid a funding shortfall for IESO in November relating to implementing the FHP. There will not be sufficient room under the existing OFA credit agreement – with its commitment of $975 million – to fund the amounts required by IESO in this regard.

Given this urgent funding need, we propose that OFA and IESO finalize the current drafts of the credit agreements and have them executed by both parties no later than Wednesday, November 1 in order to ensure that funds will be available for drawing by IESO in November.

We recognize that the on-going discussions with the OPG Trust about a possible grant of security over IESO's assets in connection with implementing the Fair Hydro Plan may result in the need for further amendments to the OFA-IESO credit agreements. However, we propose to amend the agreements as needed once we actually know what, if anything, is required in this regard.

We would appreciate it is OFA could let us know if it agrees with the above approach by Thursday this week in order that we may each proceed to take the steps required to finalize and execute the agreements, and maintain the timely funding of IESO's needs.

Victor

As discussed, we need urgently to finalize these credit agreements in order to avoid a funding shortfall for IESO in November relating to implementing the FHP. There will not be sufficient room under the existing OFA credit agreement – with its commitment of $975 million – to fund the

amounts required by IESO in this regard.

Given this urgent funding need, we propose that OFA and IESO finalize the current drafts of the credit agreements and have them executed by both parties no later than Wednesday, November 1 in order to ensure that funds will be available for drawing by IESO in November.

We recognize that the on-going discussions with the OPG Trust about a possible grant of security over IESO's assets in connection with implementing the Fair Hydro Plan may result in the need for further amendments to the OFA-IESO credit agreements. However, we propose to amend the agreements as needed once we actually know what, if anything, is required in this regard.

We would appreciate it is OFA could let us know if it agrees with the above approach by Thursday this week in order that we may each proceed to take the steps required to finalize and execute the agreements, and maintain the timely funding of IESO's needs.

Victor

Hi John,
I've made a couple of minor edits to your suggested response, below, based on Sarah's e-mail. Based on your earlier e-mail, I will update Amending Agreement #10 to include intercept language as well. Please copy me on your e-mail to Victor.

Okay, I will act on that. I could let them know the following:
"With timely execution of the letter agreement by all parties, we will move to conclude the FHP credit facility agreement and amending agreement #10 by November 1st. Also, future amendments to these agreements would have to be considered when known at the time. The OFA will not make any assurances or representations to the IESO that such amendments would be made as a matter of right."
Would you suggest any edits to this response?

Hi John – I agree with Lisa.
We can agree to move forward to conclude the agreements with the intercept by November 1 (assuming all parties agree) and assuming we also get the letter.
Future amendments would have to be considered when known at the time with no assurance or representation made to IESO in the interim that that such amendments will be made as a matter of right. That is why we added the entire agreement clause.
The risk to this path as I see it is that if a future amendment requested by IESO requires a directive, and there is a real possibility that it may, given OPG's current position, this directive may be a challenge to obtain or not obtainable.

Hi John,

There is no mention in Victor's e-mail about the letter agreement or the intercept provisions. Is he proposing that we finalize the agreements with the intercept provisions included? In this case, the letter agreement will need to be signed first and we will need to tweak the amending agreement. As we have previously discussed, we are not willing to make assurances regarding further future amendments, especially regarding the intercept requirement. This is the reason I had added in the "Entire Agreement" clause. In my view it is not appropriate to discuss our internal approval processes with the IESO.

Victor's comments seem reasonable to me. They are indicating that the discussion between OPG Trust and IESO has not settled. I do think about any risks that could result from continuing to go down this path and not sure I can come up with any. I wouldn't mind a reiteration from Legal back to Victor on the due process and approvals required on any future amendments to the credit facility or facilities in place [when the discussion between OPG Trust and IESO conclude].

Subject: Finalization of OFA-IESO Credit Agreements

Hi John. We have had internal discussions following your and my conversation yesterday afternoon regarding the finalization of the two OFA/IESO credit agreements (Amending Agreement #10 to the existing credit agreement; and the new $2 billion credit agreement for implementing the Fair Hydro Plan).

As discussed, we need urgently to finalize these credit agreements in order to avoid a funding shortfall for IESO in November relating to implementing the FHP. There will not be sufficient room under the existing OFA credit agreement – with its commitment of $975 million – to fund the amounts required by IESO in this regard.

Given this urgent funding need, we propose that OFA and IESO finalize the current drafts of the credit agreements and have them executed by both parties no later than Wednesday, November 1 in order to ensure that funds will be available for drawing by IESO in November.

We recognize that the on-going discussions with the OPG Trust about a possible grant of security over IESO's assets in connection with implementing the Fair Hydro Plan may result in the need for further amendments to the OFA-IESO credit agreements. However, we propose to amend the agreements as needed once we actually know what, if anything, is required in this regard.

We would appreciate it is OFA could let us know if it agrees with the above approach by Thursday this week in order that we may each proceed to take the steps required to finalize and execute the agreements, and maintain the timely funding of IESO's needs.

Regards,

Victor

Subject: RE: FHP Revolving Credit Facility Agreement 2017-2022 Version v7 Revised by IESO Oct 31

Hello Victor,

Lisa is in a meeting until 3 p.m.., so I am forwarding our comments on the FHP agreement on her behalf.

We have made a minor change to section 3.2(3) - specifically, we deleted the language "and shall also be noted in the grid of the Grid Note" following "The amount of the Repayment Amount shall be detailed in the Borrowing Notice." This is because the Repayment Amount ($825M) is not the first entry on the FHP Grid; the first entry will be for the entire advance of approximately $1B ($825M + new funds). Anthony and Will just had a call to discuss the particulars of what the various grid notes under the existing facility and new facility will be on November 21st (including partial repayment of the outstanding $840M loan) and Anthony will be circulating an e-mail summarizing that conversation. The Effective Date of the amending agreement to reduce the existing facility will also be November 21st, not November 22nd.

In terms of the intercept letter, we cannot amend the opening paragraph as the OFA Lending Policy requirement is that this agreement must be in place "prior to entering into a loan agreement….". It looks, in practice, that the intercept letter will be executed prior to these two facility agreements, so we surmise this would not be an issue.

We received your most recent draft of the amending agreement. Lisa will be able to review once she is out of her meeting, after 3 p.m.

Thanks,

Sarah

Hello Anthony and Victor,

The Election for to roll-over a portion or all of the interest triggered a number of changes which includes updates to definitions, Section 3.2, 3.3, Schedules 1, 2 and 3.

Section 3.3(4) was added from the FHP Agreement, which addresses calculation of interest on a Continued Advance

> (4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

Reason for the scope of changes that have been added (this draft updates all of the Schedules to the Agreement and also aligns the language in the related sections of the Agreement).

Please review and comment.

Thanks,

Will

Hello Anthony,

We have reviewed the grid note you provided and your observation is correct that you are provided with one line item with the consolidated total amount compared to the distinct separate the advances we originally understood.

Yes, we have access to a version of the grid note that separates the advances that is not provided to you, which caused the confusion.

Does the revised Section 3.3(2) and Schedule 2 (Form of Election Notice) still functional to you?

Thanks,

Will

Hi,

Just for clarity. Below is an example of the OFA's regular email and grid notes (see attached) that the IESO receives each month directly from the OFA.
You will note that the grid notes shows one row and its respective aggregated amount for each month's advance (previous + new).

It was noted on yesterday's call that each respective advance has its own row and # of days updated in the grid note – in practice the IESO does not see this.
I assume there is an internal OFA grid document which provides each advance as segregate rows.

Victor and I are reviewing today's draft.

Regards.

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) the outstanding principal amount of the Grid Note. Such notations, in the absence of manifest error, shall be *prima facie* evidence of the such advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

FHP credit facility agreement clean final Sept 1.docx

Hi Opal,
Please see answers below.
Sorry for the delay – I asked Will to arrange to obtain the electronic execution copy of the $2B FHP facility yesterday from Anthony for sign-off; Will only informed me this morning that OFA Legal preferred that we prepare it (which it now has been in conjunction with OFA Legal, and is now with IESO for final sign-off).

Okay. Thanks for the update. Implications for IESO's relationship with Moody's? Will spoke with Anthony at IESO, and Anthony is okay with execution the earliest as possible next week. Anthony said he has been putting off a call to Moody's and can hold out a little longer.
Are the agreements ready in execution form for when the exemption is finally approved?
-
- New $2B facility agreement. All terms agreed are agreed. The attached clean version is with IESO for final sign-off. I am giving it fine tooth comb reading in the meantime, even though OFA legal signed off.
  Amending Agreement #10 for to reduce $975m to $475m – draft with IESO to confirm language on election notice. IESO requested a last minute change yesterday with regard to rolling interest, which was agreed to by Mike yesterday. Changes have been incorporated. I attach the last e-mail from yesterday which includes the draft sent to IESO yesterday afternoon. I suggest that you could read it, but that you don't share with Mike; it would confuse vs. help him, given that it is a tenth amending agreement which touches changes from previous amending agreements.

While we wait for this to occur I'd like to review both agreements. I will also suggest to Mike that a copy of both can be provided to him so that he can review in advance of signing.
Opal.

Hello Anthony and Victor,

The Election for to roll-over a portion or all of the interest triggered a number of changes which includes updates to definitions, Section 3.2, 3.3, Schedules 1, 2 and 3.

Section 3.3(4) was added from the FHP Agreement, which addresses calculation of interest on a Continued Advance

> (4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

Reason for the scope of changes that have been added (this draft updates all of the Schedules to the Agreement and also aligns the language in the related sections of the Agreement).

Please review and comment.

Thanks,

Will

Hello gentleman,

I have been informed by a colleague that we are instructed by the deputy minister for us to pursue our minister to sign the directive for early next week.

As per Anthony's request, we making changes to the Amending Agreement No. 10 to allow IESO:

- Elect to continue all or a portion of the principal and interest .
- The advancement period of 28 days up to 95 days will remain the same.
- Section 3.3 (2) new advances will change from 1 business day to two business days prior notice because advancements under the Borrowing Notice allow for two business days' notice.

Sorry for the inconvenience.

Hello Anthony,

We have reviewed the grid note you provided and your observation is correct that you are provided with one line item with the consolidated total amount compared to the distinct separate the advances we originally understood.

Yes, we have access to a version of the grid note that separates the advances that is not provided to you, which caused the confusion.

Does the revised Section 3.3(2) and Schedule 2 (Form of Election Notice) still functional to you?

Thanks,

Hi,

Just for clarity. Below is an example of the OFA's regular email and grid notes (see attached) that the IESO receives each month directly from the OFA.
You will note that the grid notes shows one row and its respective aggregated amount for each month's advance (previous + new).

It was noted on yesterday's call that each respective advance has its own row and # of days updated in the grid note – in practice the IESO does not see this.
I assume there is an internal OFA grid document which provides each advance as segregate rows.

Victor and I are reviewing today's draft.

Regards.

Section 2.7 Computations of Interest.

(1) All computations of interest shall be made by the OFA taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 2.9 Application of Payments.

All payments made by the IESO under this Agreement shall be applied firstly to the payment of interest payable to the OFA on late payments of principal or interest hereunder, secondly, to the payment of accrued and unpaid interest payable to the OFA hereunder and thirdly, to the payment of the outstanding principal amount of any Advances payable to the OFA.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) the outstanding principal amount of the Grid Note. Such notations, in the absence of manifest error, shall be *prima facie* evidence of the such advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

Draft Amending Agreement No. 10.msg

Hi Opal,
Please see answers below.
Sorry for the delay – I asked Will to arrange to obtain the electronic execution copy of the $2B FHP facility yesterday from Anthony for sign-off; Will only informed me this morning that OFA Legal preferred that we prepare it (which it now has been in conjunction with OFA Legal, and is now with IESO for final sign-off).

Okay. Thanks for the update. Implications for IESO's relationship with Moody's? Will spoke with Anthony at IESO, and Anthony is okay with execution the earliest as possible next week. Anthony said he has been putting off a call to Moody's and can hold out a little longer.
Are the agreements ready in execution form for when the exemption is finally approved?

- New $2B facility agreement. All terms agreed are agreed. The attached clean version is with IESO for final sign-off. I am giving it fine tooth comb reading in the meantime, even though OFA legal signed off.
  Amending Agreement #10 for to reduce $975m to $475m – draft with IESO to confirm language on election notice. IESO requested a last minute change yesterday with regard to rolling interest, which was agreed to by Mike yesterday. Changes have been incorporated. I attach the last e-mail from yesterday which includes the draft sent to IESO yesterday afternoon. I suggest that you could read it, but that you don't share with Mike; it would confuse vs. help him, given that it is a tenth amending agreement which touches changes from previous amending agreements.

While we wait for this to occur I'd like to review both agreements. I will also suggest to Mike that a copy of both can be provided to him so that he can review in advance of signing.
Opal.

Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Section 2.4 Mandatory Repayment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

Section 2.5 Prepayments.

The IESO is not entitled to prepay any part of the Advances Outstanding or the interest accrued thereon without the prior written consent of the OFA.

Section 2.6 Payments under this Agreement.

(1) The OFA shall make Advances to the IESO under this Agreement to or to the order of the IESO by wire transfer of immediately available funds in accordance with wire transfer instructions given by the IESO to the OFA from time to time, or in such other manner as the IESO may specify to the OFA from time to time.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

Section 2.7 Computations of Interest.

(1) All computations of interest shall be made by the OFA taking into account the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest is payable on the basis of a year of 365 days or 366 days, as the case may be.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

Section 2.9 Application of Payments.

All payments made by the IESO under this Agreement shall be applied firstly to the payment of interest payable to the OFA on late payments of principal or interest hereunder, secondly, to the payment of accrued and unpaid interest payable to the OFA hereunder and thirdly, to the payment of the outstanding principal amount of any Advances payable to the OFA.

ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) the outstanding principal amount of the Grid Note. Such notations, in the absence of manifest error, shall be *prima facie* evidence of the such advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing;

(c) that there shall, in the reasonable opinion of the OFA, have been no material adverse change in the financial condition of the IESO or a Material Subsidiary; and

(d) that the OFA has received such other documentation which it has reasonably requested to ensure that the IESO is in compliance with the terms and conditions of this Agreement, including certified true copies of any necessary resolutions, a written legal opinion from counsel to the IESO confirming that the borrowing is within the legal powers of the IESO and that the Agreement is a direct, unsecured obligation of the IESO enforceable against the IESO in form satisfactory to the OFA.

Hello Anthony and Victor,

The Election for to roll-over a portion or all of the interest triggered a number of changes which includes updates to definitions, Section 3.2, 3.3, Schedules 1, 2 and 3.

Section 3.3(4) was added from the FHP Agreement, which addresses calculation of interest on a Continued Advance

> (4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

Reason for the scope of changes that have been added (this draft updates all of the Schedules to the Agreement and also aligns the language in the related sections of the Agreement).

Please review and comment.

Thanks,

Will

- Elect to continue all or a portion of the principal and interest .
- The advancement period of 28 days up to 95 days will remain the same.
- Section 3.3 (2) new advances will change from 1 business day to two business days prior notice because advancements under the Borrowing Notice allow for two business days' notice.

Sorry for the inconvenience.

Hello Anthony,

We have reviewed the grid note you provided and your observation is correct that you are provided with one line item with the consolidated total amount compared to the distinct separate the advances we originally understood.

Yes, we have access to a version of the grid note that separates the advances that is not provided to you, which caused the confusion.

Does the revised Section 3.3(2) and Schedule 2 (Form of Election Notice) still functional to you?

Thanks,

Will

Hi,

Just for clarity. Below is an example of the OFA's regular email and grid notes (see attached) that the IESO receives each month directly from the OFA.
You will note that the grid notes shows one row and its respective aggregated amount for each month's advance (previous + new).

It was noted on yesterday's call that each respective advance has its own row and # of days updated in the grid note – in practice the IESO does not see this.
I assume there is an internal OFA grid document which provides each advance as segregate rows.

Victor and I are reviewing today's draft.

Regards.

Draft Amending Agreement No. 10.msg

Hi Opal,
Please see answers below.
Sorry for the delay – I asked Will to arrange to obtain the electronic execution copy of the $2B FHP facility yesterday from Anthony for sign-off; Will only informed me this morning that OFA Legal preferred that we prepare it (which it now has been in conjunction with OFA Legal, and is now with IESO for final sign-off).

Okay. Thanks for the update. Implications for IESO's relationship with Moody's? Will spoke with Anthony at IESO, and Anthony is okay with execution the earliest as possible next week. Anthony said he has been putting off a call to Moody's and can hold out a little longer.
Are the agreements ready in execution form for when the exemption is finally approved?

- New $2B facility agreement. All terms agreed are agreed. The attached clean version is with IESO for final sign-off. I am giving it fine tooth comb reading in the meantime, even though OFA legal signed off.
  Amending Agreement #10 for to reduce $975m to $475m – draft with IESO to confirm language on election notice. IESO requested a last minute change yesterday with regard to rolling interest, which was agreed to by Mike yesterday. Changes have been incorporated. I attach the last e-mail from yesterday which includes the draft sent to IESO yesterday afternoon. I suggest that you could read it, but that you don't share with Mike; it would confuse vs. help him, given that it is a tenth amending agreement which touches changes from previous amending agreements.

While we wait for this to occur I'd like to review both agreements. I will also suggest to Mike that a copy of both can be provided to him so that he can review in advance of signing.
Opal.

Section 2.2 Use of Proceeds.

The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, subject to the condition that proceeds of Advances may be used only for IESO's financing needs and requirements of any kind arising in connection with the IESO's role with respect to and obligations under the OFHP.

Section 2.3 Credit Facility Limit.

The Advances Outstanding shall not at any time exceed the Commitment. The Credit Facility shall revolve and no payment under the Credit Facility shall reduce the Commitment.

Section 2.4 Mandatory Repayment.

Subject to Sections 2.5 and 5.2, the IESO shall repay each Advance together with the interest accrued thereon on the applicable Repayment Date, and, in any event, shall repay all Advances Outstanding, together with all accrued interest and all other amounts owing hereunder on September 30, 2022.

The IESO shall make each such payment in Canadian Dollars.

(2) For the purposes of disclosure pursuant to the *Interest Act* (Canada), the yearly rate of interest which is equivalent to a rate of interest payable under this Agreement for any period of less than a year may be determined by multiplying the rate of interest for such period by a fraction, the numerator of which is the actual number of days in a year commencing on and including the first day in such period and ending on but excluding the corresponding day in the next calendar year and the denominator of which is the actual number of days in such period.

Section 2.8 Limit on Rate of Interest.

(1) Notwithstanding any provision contained in this Agreement, the IESO shall not be obliged to make any payments of interest or other amounts payable to the OFA hereunder in excess of the amount or rate which would be prohibited by applicable law or would result in the receipt by the OFA of interest at a criminal rate (as such terms are construed under the *Criminal Code* (Canada)).

(2) In the event that any such payments are limited or prohibited as provided in Section 2.8(1), the OFA shall have no further obligation to make any Advances available hereunder and the Advances Outstanding, together with all accrued interest and all other amounts owing hereunder, shall become immediately due and payable.

ARTICLE 3
ADVANCES

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). The IESO authorizes the OFA to record on the Grid Note (a) the date and amount of each Advance or Continued Advance; (b) the applicable rate of interest for each Advance or Continued Advance; (c) the Repayment Date of each Advance or Continued Advance; (d) the date and amount of each payment of interest and each payment of principal or portion thereof in respect of each Advance or Continued Advance; and (e) the outstanding principal amount of the Grid Note. Such notations, in the absence of manifest error, shall be *prima facie* evidence of the such advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than 10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the

form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case

may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

Hello Anthony and Victor,

The Election for to roll-over a portion or all of the interest triggered a number of changes which includes updates to definitions, Section 3.2, 3.3, Schedules 1, 2 and 3.

Section 3.3(4) was added from the FHP Agreement, which addresses calculation of interest on a Continued Advance

> (4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

Reason for the scope of changes that have been added (this draft updates all of the Schedules to the Agreement and also aligns the language in the related sections of the Agreement).

Please review and comment.

Thanks,

Will

Hello gentleman,

I have been informed by a colleague that we are instructed by the deputy minister for us to pursue our minister to sign the directive for early next week.

As per Anthony's request, we making changes to the Amending Agreement No. 10 to allow IESO:

- Elect to continue all or a portion of the principal and interest .
- The advancement period of 28 days up to 95 days will remain the same.
- Section 3.3 (2) new advances will change from 1 business day to two business days prior notice because advancements under the Borrowing Notice allow for two business days' notice.

Sorry for the inconvenience.

Hello Anthony,

We have reviewed the grid note you provided and your observation is correct that you are provided with one line item with the consolidated total amount compared to the distinct separate the advances we originally understood.

Yes, we have access to a version of the grid note that separates the advances that is not provided to you, which caused the confusion.

Does the revised Section 3.3(2) and Schedule 2 (Form of Election Notice) still functional to you?

Thanks,

Will

Hi,

Just for clarity. Below is an example of the OFA's regular email and grid notes (see attached) that the IESO receives each month directly from the OFA.
You will note that the grid notes shows one row and its respective aggregated amount for each month's advance (previous + new).

It was noted on yesterday's call that each respective advance has its own row and # of days updated in the grid note – in practice the IESO does not see this.
I assume there is an internal OFA grid document which provides each advance as segregate rows.

Victor and I are reviewing today's draft.

Regards.

Thanks, Will. That is interesting. Usually we have the preference is to have the counterparty circulate the electronic execution version for all to sign-off, and then have the counterparty execute first, if possible. If that is Caroline's preference that we prepare, we can work with that. It would have been preferable if you had advised me of this yesterday. If the directive is signed on Tuesday, we want to be ready to go.
Would you please prepare an execution version (changing Mike's title), and then provide it to Caroline/Sarah Neville for final sign-off before distribution to Anthony for his sign-off? I want to provide the copy to Opal this afternoon, (i.e. the version we are sending to Anthony), so please do this as soon as possible.
Thanks,
Sarah

Hello Sarah,
According to Caroline documentation handles the execution version.
In the FHP Agreement, I noticed that it did not reflect Mike's new title. I can circulate the and get acknowledgement within one day. It may be faster if I make the change now and provide Opal with drafts of both documents?
No, Anthony did not confirm when he would send it back to me.

Hi Will,
I know that Anthony hasn't yet reviewed the amending agreement #10. When you contacted him yesterday to ask for the electronic execution copy of the $2 billion facility, did he confirm when he would send it to you?
Thanks,

Hi Opal,
Please see answers below.
Sorry for the delay – I asked Will to arrange to obtain the electronic execution copy of the $2B FHP facility yesterday from Anthony for sign-off; Will only informed me this morning that OFA Legal preferred that we prepare it (which it now has been in conjunction with OFA Legal, and is now with IESO for final sign-off).

-

- New $2B facility agreement. All terms agreed are agreed. The attached clean version is with IESO for final sign-off. I am giving it fine tooth comb reading in the meantime, even though OFA legal signed off.
  Amending Agreement #10 for to reduce $975m to $475m – draft with IESO to confirm language on election notice. IESO requested a last minute change yesterday with regard to rolling interest, which was agreed to by Mike yesterday. Changes have been incorporated. I attach the last e-mail from yesterday which includes the draft sent to IESO yesterday afternoon. I suggest that you could read it, but that you don't share with Mike; it would confuse vs. help him, given that it is a tenth amending agreement which touches changes from previous amending agreements.

While we wait for this to occur I'd like to review both agreements. I will also suggest to Mike that a copy of both can be provided to him so that he can review in advance of signing.
Opal.

Subject: IESO and intercept

Hi John –

I met with Gadi this morning after we spoke. He confirmed that the Directive will not be forthcoming from the Minister. We determined, as you had flagged for us, that the only approach is to reinsert the intercept provision back into the agreement because this complies with the OFA Lending Policy. The other documentation requirements of the policy will also need to be met with respect to the IESO and Ministry of Energy agreeing to the concept of the intercept.

Given that there is currently no appropriation authority for the IESO, we would propose, in lieu of an MOU to have a simple tripartite letter (OFA, IESO, and Energy) wherein all parties agree that in the event funds may in the future be appropriated, IESO and Energy agree to the application of the intercept of such funds (in accordance with the OFA's Policy).

There will need to be some high level discussions at IESO and Energy to make sure that there is the buy-in for this approach. How would you suggest the OFA move this forward?

Please let me know if you have questions or would like to discuss further.

Thanks very much,

Sarah

Subject: IESO and intercept

Hi John –

I met with Gadi this morning after we spoke. He confirmed that the Directive will not be forthcoming from the Minister. We determined, as you had flagged for us, that the only approach is to reinsert the intercept provision back into the agreement because this complies with the OFA Lending Policy. The other documentation requirements of the policy will also need to be met with respect to the IESO and Ministry of Energy agreeing to the concept of the intercept.

Given that there is currently no appropriation authority for the IESO, we would propose, in lieu of an MOU to have a simple tripartite letter (OFA, IESO, and Energy) wherein all parties agree that in the event funds may in the future be appropriated, IESO and Energy agree to the application of the intercept of such funds (in accordance with the OFA's Policy).

There will need to be some high level discussions at IESO and Energy to make sure that there is the buy-in for this approach. How would you suggest the OFA move this forward?

Please let me know if you have questions or would like to discuss further.

Thanks very much,

Sarah

BACKGROUND NOTE
OFA -- IESO CREDIT FACILITY & THE INTERCEPT PROVISION REQUIRED UNDER THE OFA'S LENDING POLICY

The IESO had requested a new revolving credit facility in an amount of up to $2 billion from the OFA to support its role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act").

On June 29, 2017, the OFA received a directive from the Minister to accommodate the IESO's request and provide a revolving credit facility to the IESO in an amount of up to $2 billion (the "OFHP Credit Facility").

Pursuant to the OFA Lending Policy, the OFA is required to include an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis, unless otherwise directed by the Minister of Finance [or Treasury Board or Cabinet].

In accordance with section 23 of the *Capital Investment Plan Act, 1993* ("CIPA"), the intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body, amounts equal to any amounts the public body fails to pay to the OFA under a loan agreement.

Per the requirements of the OFA's Lending Policy, the OFA has reached out to the Ministry of Energy and IESO to fulfill the requirement to include an intercept provision in credit facility agreements with the IESO.

- The OFA Lending Policy, as approved by the OFA Board, provides the following requirement for unsecured loans to public bodies under CIPA:

  > Except where otherwise directed by the Minister of Finance, Treasury Board or Cabinet, and prior to the OFA making any loan to a public body, the OFA will [e]nsure that it has an appropriate intercept in place for the loan.

- The OFA Lending Policy also includes the following intercept provision requirement:

  > The public body and its responsible ministry are to agree that the Minister of Finance is entitled to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts that the public body fails to pay to the OFA on account of indebtedness under its loan agreement with the OFA.

- The new FHP credit facility, with the required intercept clause, will enable the IESO to fulfil its commitments under the OFHP Act as the IESO will have to finance for a short or medium term period the funding shortfalls in the implementation of the OFHP Act, as well as the continued implementation of the market support function for the IESO through the $475 million facility (to be amended from the current $975 million facility) which will also require the intercept clause to be added.

- Including an intercept provision in the credit facility agreements with the IESO is expected to have no practical impact as the IESO receives no appropriations from the Province of Ontario [Energy to confirm], but would bring the lending facilities onside with the requirements of the OFA Lending Policy and be consistent with CIPA.

Hi John,
I've discussed with Sarah N., and we think Ron's edits to the third paragraph of the letter agreement should be deleted and reverted back to the original language. The purpose of that paragraph is for all three parties to acknowledge the current situation, and to change the language for the OFA to "acknowledge" and the other parties to "confirm" the same details will create confusion and possibly further delay this matter.
Also, I recommend deleting the following language added by the IESO – "or through any other agencies, bodies or other means" in the last sentence of the second last paragraph.
Thank you,
Lisa

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).

I am currently at about $405M utilized.

Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.

Appreciate your efforts to co-ordinate a timely approval.

Call me to discuss if needed.

Subject: IESO credit facility

Hi Anthony,

I am currently working on your request for the two facilities with the OFA.

I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.

I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

Thanks,

John

Hi John,
I've discussed with Sarah N., and we think Ron's edits to the third paragraph of the letter agreement should be deleted and reverted back to the original language. The purpose of that paragraph is for all three parties to acknowledge the current situation, and to change the language for the OFA to "acknowledge" and the other parties to "confirm" the same details will create confusion and possibly further delay this matter.
Also, I recommend deleting the following language added by the IESO – "or through any other agencies, bodies or other means" in the last sentence of the second last paragraph.
Thank you,
Lisa

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an~~The~~ intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The OFA, IESO and the Ministry of Energy ("ENERGY") ~~-~~acknowledge and confirm that at this time there are no amounts appropriated by the Legislature for payment to the IESO [Energy to confirm] by ENERGY and the intent of such intercept~~-~~ provision is that it would~~-~~ apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Commented [ESP1]: Defer to Corporate?

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement")~~,~~ on an unsecured basis, the OFA requires ~~the Ministry of Energy ("~~ENERGY~~")~~ and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing [$975 million] credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):
    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.
    - If~~Under~~ the intercept provision is exercised, ~~which shall be included in the Loan Agreements,~~ the IESO ~~also~~ agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

DRAFT

- Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

- ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

- For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through any other agencies, bodies or other means.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an~~The~~ intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The OFA, IESO and the Ministry of Energy ("ENERGY") ~~-~~acknowledge and confirm that at this time there are no amounts appropriated by the Legislature for payment to the IESO [Energy to confirm] by ENERGY and the intent of such intercept~~-~~ provision is that it would~~-~~ apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Commented [ESP1]: Defer to Corporate?

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement")~~,~~ on an unsecured basis, the OFA requires ~~the Ministry of Energy ("~~ENERGY~~")~~ and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing [$975 million] credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):
    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.
    - If~~Under~~ the intercept provision is exercised, ~~which shall be included in the Loan Agreements,~~ the IESO ~~also~~ agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

DRAFT

- Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

- ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

- For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through any other agencies, bodies or other means.

Could you do the edit to IESO's addition and send back so there is no confusion?
I'm happy to go back to Ron on his points as well.

Hi John,
I've discussed with Sarah N., and we think Ron's edits to the third paragraph of the letter agreement should be deleted and reverted back to the original language. The purpose of that paragraph is for all three parties to acknowledge the current situation, and to change the language for the OFA to "acknowledge" and the other parties to "confirm" the same details will create confusion and possibly further delay this matter.
Also, I recommend deleting the following language added by the IESO – "or through any other agencies, bodies or other means" in the last sentence of the second last paragraph.
Thank you,
Lisa

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).

I am currently at about $405M utilized.

Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.

Appreciate your efforts to co-ordinate a timely approval.

Call me to discuss if needed.

Regards.

Hi Anthony,

I am currently working on your request for the two facilities with the OFA.

I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.

I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

Thanks,

John

Thanks everyone for joining the chat on short notice and also to Francisco for helping out. And sorry, didn't mean to leave out Sarah H. in my email this morning.
One of the takeaways from the meeting for me was that we need to let IESO know within reasonable timeframe that amending the existing facilities at any point would require appropriate approvals, likely involving a Directive and that we cannot actively or passively acquiesce [not sure if this is the appropriate word] by not responding. That it would require appropriate approvals when IESO has reasonably concluded its discussion on the matter. I just sent that in an email response following a phone call and also wanted to flag that IESO is expecting the next draft on Wednesday so I think we are looking at that as when we will have a sense of where the two entities stand.
All said, we are working on the Directive option in parallel.

I agree that Sarah's question is an important one. What is the purpose of the security interest? I didn't know that the Trust was going to be a creditor of IESO?
Is there some background on that issue?

I agree with Lisa re intercept.
As a sidebar, not an OFA issue and way beyond my expertise, but is there any concern/discussion that the Trust, if given a first priority over ALL the asset of the IESO could potentially enforce a security interest and liquidate a significant entity responsible for overseeing the supply of electricity into Ontario? Is anyone weighing in on this question -IESO/MOE?

If the IESO gives the Trust a 1st priority over all IESO assets, it follows that the intercept provisions as drafted in the proposed credit facility agreement will not work. This further strengthens the case for a directive.

IESO has indicated the following and I will ask you to give it some thought:

"DRAFT - The Trust is looking for the IESO to give a 1st priority/security over all IESO assets including accounts receivables in favour of the Trust. This item is being discussed amongst all parties. If this proceeds, the IESO will have to amend/restructure its current credit facilities with TD Bank, OFA, and OEFC as all are unsecured pari-passu."

Could we get an assurance from your Legal, perhaps belatedly, to treat all items related to this confidentially and also to share with OPG counterparts on a confidential need to know basis?
On that basis, we are fine for IESO to proceed and discuss with OPG.

Please re-consider.

The IESO and OPG are currently negotiating terms for the fair hydro program and servicing – and OPG may consider this letter to impact their position on some aspects.
The point of sharing it with OPG is precisely to see if they do have any concerns as I wish to avoid any future unfavourable outcomes that may result by not sharing.

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).
I am currently at about $405M utilized.
Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.
Appreciate your efforts to co-ordinate a timely approval.
Call me to discuss if needed.

Hi Anthony,
I am currently working on your request for the two facilities with the OFA.
I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.
I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.
Thanks,
John

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. The intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement. The OFA, IESO and the Ministry of Energy ("ENERGY~~MOE~~") acknowledge and confirm that at this time there are no amounts appropriated by the Legislature for the IESO [Energy to confirm] and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment to the IESO in the future.

Commented [ESP1]: Defer to Corporate?

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement"), on an unsecured basis, the OFA requires the Ministry of Energy ("ENERGY~~MOE~~") and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY~~MOE~~ agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):
    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY~~MOE~~ agree that in the event that the Legislature appropriates any funds for payment to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision").
    - Under the intercept provision, which shall be included in the Loan Agreements, the IESO also agrees that any notice from the OFA to the Minister of Finance in relation to its failure to pay under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.
    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY~~MOE~~ and seek

DRAFT

ENERGY~~MOE~~'s support in getting the IESO to pay the amounts owing within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to pay in accordance with the provisions of a Loan Agreement, ENERGY~~MOE~~ will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO, including the intended purpose and expected timing of such payments to be made by ENERGY~~MOE~~. Upon request, ENERGY~~MOE~~ will provide similar information to the Minister of Finance.

- ENERGY~~MOE~~ acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment to the IESO, ENERGY~~MOE~~ will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

We agree to treat the information as confidential. And we will require OPG to treat it as confidential, including a requirement that the information will only be distributed internally or to their advisors on a confidential need-to-know basis.

Hi Victor,

Could we get an assurance from your Legal, perhaps belatedly, to treat all items related to this confidentially and also to share with OPG counterparts on a confidential need to know basis?

On that basis, we are fine for IESO to proceed and discuss with OPG.

Thanks,

John

Please re-consider.

The IESO and OPG are currently negotiating terms for the fair hydro program and servicing – and OPG may consider this letter to impact their position on some aspects.

The point of sharing it with OPG is precisely to see if they do have any concerns as I wish to avoid any future unfavourable outcomes that may result by not sharing.

Regards.

Hi Anthony,

We had a quick internal discussion and we are not quite there on the need to share this with OPG and their lawyers. If you feel strongly about it then I will take it back to get that direction but would it

be possible to manage any concerns via proposed edits to the draft letter agreement?
Thanks,

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until

October(ish).
I am currently at about $405M utilized.
Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.
Appreciate your efforts to co-ordinate a timely approval.
Call me to discuss if needed.

Hi Anthony,
I am currently working on your request for the two facilities with the OFA.
I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.
I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.
Thanks,
John

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).

I am currently at about $405M utilized.

Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.

Appreciate your efforts to co-ordinate a timely approval.

Call me to discuss if needed.

Hi Anthony,

I am currently working on your request for the two facilities with the OFA.

I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.

I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

Thanks,

John

Hi Mike,
As an update on IESO, according to John K "IESO has not provided any edits [to the Credit Facility Agreement] but seem to be indicating that they are getting close to being prepared to sign."
At the same time,"[OPG] Trust is looking for the IESO to give a 1st priority/security over all IESO assets including accounts receivables in favour of the Trust. This item is being discussed amongst all parties. If this proceeds, the IESO will have to amend/restructure its current credit facilities with TD Bank, OFA, and OEFC as all are unsecured pari-passu."
Will and I met with John K, Francisco, Sarah Neville, Lisa Stein and Toby from LSB to discuss this. The issues are as follows:
1 – Under the draft FHP draft facility, OFA ranks pari passu with all other unsubordinated debt and unsecured Indebtedness of IESO, subject to the existence of any Liens that secure Indebtedness. If the Trust has 1st priority/security over all IESO assets, this (as we currently understand OPG's request) renders the protection our Permitted Liens section moot, and also renders the Negative Pledge section moot since it states that

> *The IESO will not, and will not permit any Material Subsidiary to, create, incur or assume any Lien, charging the interest of the IESO or any Material Subsidiary in any property, to secure any obligations (including any Indebtedness) unless, at or prior to the time such Lien is created, incurred or assumed, all amounts owing under this Agreement are secured equally and rateably with any and all such obligations secured or to be secured by such Lien, for so long as such obligations shall be secured*

Based on my understanding, this would be a fundamental change in the OFA's approach if we permit the Trust to have 1st priority/security over all IESO assets.

2 – If IESO is close to execution, it would be important for the OFA not to give any undertaking to IESO that it would be willing to restructuring any existing facilities, and that any such change would be dependent at that time on analysis of the circumstances and any approvals.
3 – From a simplicity standpoint, the directive to exempt the intercept provision from the credit facility is still the most immediately simple option. However, within the next week it is thought that we should proceed with the tripartite letter PROVIDED that the OFA gives no undertaking to amend its credit facilities down the road. Our speculation is that IESO has some resistance to OPG taking 1st priority interest in all IESO assets and that it may be levering the inclusion of the intercept provision as a reason why OPG can't have a 1st priority claim in all IESO assets. There was also some discussion as to whether the intercept provision could be "secured" by OPG Trust – on the face we don't think so, but more analysis would need to be done as to the legislature appropriations status under the PPSA and the ability for OPG Trust take a security into legislature appropriations.
4- Also, according to Francisco, following the AG's report there is sensitivity around the pricing of the OPG Asset. Particularly if it is thought that the exclusion of the intercept provision from the agreement will add to credit rating agencies view that IESO's assets and cashflows will be unencumbered, it adds suasion to the argument for the Minister to sign an exempting directive.
John Kim will update Ron Kwan who will hopefully in turn brief Gadi. Time is of the essence, since the next IESO draw is on November 21, and the existing credit facility limit would be exceeded by the next draw.
Thanks,
Sarah

Hi Lisa, Toby,
I want to clarify that based on the approach we are moving forward with, the understanding of the OFA Lending Policy should be such that where there are no appropriation by Legislature, there is nothing contemplated by the OFA Lending Policy to intercept. Some of us in CEFD are a bit concerned about the wording 'carve-outs' and 'perhaps' below. I think Toby referred to 'carve-outs' to refer to exceptions to what is subject to the intercept. With the draft letter agreement, we are taking a position that there is nothing to intercept and that we are agreeing to put the intercept clause in as in the future there could be appropriations by Legislature for the IESO at which point, it would become necessary in the future which would be a prudent thing to have.
I was getting Ron in the loop as potentially ready to manage the process with OPG.
Let me know pls. if I am off base on any of the above.

On p. 3, item #6 under "Conditions Precedent", the OFA Lending Policy provides that the OFA must ensure that it has an "appropriate" intercept in place. While the intercept wording in the Policy itself does not provide flexibility (as noted by Toby), perhaps this provision allows for 'carve-outs' in situations where the operation of the intercept would not be appropriate (such as those outlined by John below)?

Hi,

I'm happy to organize a call among us, if there is a need for it.

In an earlier note when we were seeking the Intercept Exemption Directive, we had the following bullets as part of the rationale section:

- While the IESO settlements system for the electricity sector may facilitate the flow of appropriations of the Ministry of Energy for energy-related programs such as the Ontario Rebate for Electricity Consumers (OREC), the Rural or Remote Rate Protection Program (RRRP), the Ontario Electricity Support Program (OESP) etc., these payments are for the benefit of various electricity consumers.
- Intercepting these program specific payments, which are appropriated by the Legislature for the Ministry of Energy, under which the IESO may only be providing a conduit to local distribution companies under the IESO settlement system to provide benefits to ratepayers, in order to recover loan payments would not be in alignment with the wording or intent of the OFA's Lending Policy.

Would these not relate to the carve-outs that Toby is referring to? Let me know pls. if I am mis-interpreting things.

Hi –
I just spoke with Toby (I've copied him as an FYI) and he flagged that he doesn't know why IESO would need to share this with OPG in the first instance. The only issue/reason we could identify was that it may have something to do with the purchase by OPG of the "asset" (I'm using quotation marks because I don't know anything about this transaction or its structure other than how it is referred) from IESO and making sure that the "asset" is free of encumbrances. IESO may have reps or warranties in its dealings with OPG to this effect, and, I am guessing, but this may have been part of the rationale with respect to concerns that IESO had in earlier versions of the drafting in regard to definitions of "permitted liens" and ranking of debt. Our advice is to reach out to IESO and try to ascertain the reason for the request (John, as Anthony called you, perhaps you could call him back with this request?)
I understand that we have been treating this loan as confidential, and OFA can waive confidentiality and allow disclosure to OPG (if this route is agree to I would recommend that disclosure be made by IESO on a confidential basis) but the risk/caution is that adding more layers outside of the immediate parties to the intercept (which now includes MOE), will add further delay and complexity in what is essentially an administrative issue and as noted we are not plugged into the broader discussions going on between the other parties with respect to other components of the FHP process.

We should also consider giving Toby a heads up because I think MOF Legal's been more involved in the OPG side of things, I don't know where things stand on the other various moving parts that are not directly within the mandate of the OFA. I will give him a quick call.

Anthony had very cursory comments along two points – some concern expressed by Stikeman and Elliott about priority over payments and that they have some MOECC dealings related to Cap and Trade(?). I mentioned to him that the intent is not to cover anything other than appropriation for IESO's own operational funding and that happy to receive edits to cover such concerns.

Hi –
I just spoke with Toby (I've copied him as an FYI) and he flagged that he doesn't know why IESO would need to share this with OPG in the first instance. The only issue/reason we could identify was that it may have something to do with the purchase by OPG of the "asset" (I'm using quotation marks because I don't know anything about this transaction or its structure other than how it is referred) from IESO and making sure that the "asset" is free of encumbrances. IESO may have reps or warranties in its dealings with OPG to this effect, and, I am guessing, but this may have been part of the rationale with respect to concerns that IESO had in earlier versions of the drafting in regard to definitions of "permitted liens" and ranking of debt. Our advice is to reach out to IESO and try to ascertain the reason for the request (John, as Anthony called you, perhaps you could call him back with this request?)
I understand that we have been treating this loan as confidential, and OFA can waive confidentiality and allow disclosure to OPG (if this route is agree to I would recommend that disclosure be made by IESO on a confidential basis) but the risk/caution is that adding more layers outside of the immediate parties to the intercept (which now includes MOE), will add further delay and complexity in what is essentially an administrative issue and as noted we are not plugged into the broader discussions going on between the other parties with respect to other components of the FHP process.

Off the top of my head I don't see any legal issues from the OFA perspective, but I defer to Lisa because she is closer to the documentation than I am so will ask her to weigh in.
We should also consider giving Toby a heads up because I think MOF Legal's been more involved in the OPG side of things, I don't know where things stand on the other various moving parts that are not directly within the mandate of the OFA. I will give him a quick call.

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).
I am currently at about $405M utilized.
Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.

Hi Anthony,
I am currently working on your request for the two facilities with the OFA.
I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.
I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

In an earlier note when we were seeking the Intercept Exemption Directive, we had the following

- While the IESO settlements system for the electricity sector may facilitate the flow of appropriations of the Ministry of Energy for energy-related programs such as the Ontario Rebate for Electricity Consumers (OREC), the Rural or Remote Rate Protection Program (RRRP), the Ontario Electricity Support Program (OESP) etc., these payments are for the benefit of various electricity consumers.
- Intercepting these program specific payments, which are appropriated by the Legislature for the Ministry of Energy, under which the IESO may only be providing a conduit to local distribution companies under the IESO settlement system to provide benefits to ratepayers, in order to recover loan payments would not be in alignment with the wording or intent of the OFA's Lending Policy.

Would these not relate to the carve-outs that Toby is referring to? Let me know pls. if I am mis-interpreting things.

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. The intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement. The OFA, IESO and the Ministry of Energy ("MOE") acknowledge and confirm that at this time there are no amounts appropriated by the Legislature for the IESO [Energy to confirm] and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement"), on an unsecured basis, the OFA requires the Ministry of Energy ("MOE") and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and MOE agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):
    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and MOE agree that in the event that the Legislature appropriates any funds for payment to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision").
    - Under the intercept provision, which shall be included in the Loan Agreements, the IESO also agrees that any notice from the OFA to the Minister of Finance in relation to its failure to pay under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.
    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with MOE and seek MOE's support in getting the IESO to pay the amounts owing within a reasonable cure period.

DRAFT

- Upon receipt of notice from the OFA that the IESO has failed to pay in accordance with the provisions of a Loan Agreement, MOE will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO, including the intended purpose and expected timing of such payments to be made by MOE. Upon request, MOE will provide similar information to the Minister of Finance.

- MOE acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment to the IESO, MOE will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Hi –

I just spoke with Toby (I've copied him as an FYI) and he flagged that he doesn't know why IESO

would need to share this with OPG in the first instance. The only issue/reason we could identify was that it may have something to do with the purchase by OPG of the "asset" (I'm using quotation marks because I don't know anything about this transaction or its structure other than how it is referred) from IESO and making sure that the "asset" is free of encumbrances. IESO may have reps or warranties in its dealings with OPG to this effect, and, I am guessing, but this may have been part of the rationale with respect to concerns that IESO had in earlier versions of the drafting in regard to definitions of "permitted liens" and ranking of debt. Our advice is to reach out to IESO and try to ascertain the reason for the request (John, as Anthony called you, perhaps you could call him back with this request?)
I understand that we have been treating this loan as confidential, and OFA can waive confidentiality and allow disclosure to OPG (if this route is agree to I would recommend that disclosure be made by IESO on a confidential basis) but the risk/caution is that adding more layers outside of the immediate parties to the intercept (which now includes MOE), will add further delay and complexity in what is essentially an administrative issue and as noted we are not plugged into the broader discussions going on between the other parties with respect to other components of the FHP process.

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. The intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement. The OFA, IESO and the Ministry of Energy ("MOE") acknowledge and confirm that at this time there are no amounts appropriated by the Legislature for the IESO [Energy to confirm] and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement"), on an unsecured basis, the OFA requires the Ministry of Energy ("MOE") and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and MOE agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):
    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and MOE agree that in the event that the Legislature appropriates any funds for payment to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision").
    - Under the intercept provision, which shall be included in the Loan Agreements, the IESO also agrees that any notice from the OFA to the Minister of Finance in relation to its failure to pay under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.
    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with MOE and seek MOE's support in getting the IESO to pay the amounts owing within a reasonable cure period.

DRAFT

- Upon receipt of notice from the OFA that the IESO has failed to pay in accordance with the provisions of a Loan Agreement, MOE will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO, including the intended purpose and expected timing of such payments to be made by MOE. Upon request, MOE will provide similar information to the Minister of Finance.

- MOE acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment to the IESO, MOE will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Hi Lisa, Toby,
I want to clarify that based on the approach we are moving forward with, the understanding of the OFA Lending Policy should be such that where there are no appropriation by Legislature, there is nothing contemplated by the OFA Lending Policy to intercept. Some of us in CEFD are a bit concerned about the wording 'carve-outs' and 'perhaps' below. I think Toby referred to 'carve-outs' to refer to exceptions to what is subject to the intercept. With the draft letter agreement, we are taking a position that there is nothing to intercept and that we are agreeing to put the intercept clause in as in the future there could be appropriations by Legislature for the IESO at which point, it would become necessary in the future which would be a prudent thing to have.
I was getting Ron in the loop as potentially ready to manage the process with OPG.
Let me know pls. if I am off base on any of the above.

On p. 3, item #6 under "Conditions Precedent", the OFA Lending Policy provides that the OFA must ensure that it has an "appropriate" intercept in place. While the intercept wording in the Policy itself does not provide flexibility (as noted by Toby), perhaps this provision allows for 'carve-outs' in situations where the operation of the intercept would not be appropriate (such as those outlined by John below)?

Hi,
I'm happy to organize a call among us, if there is a need for it.
In an earlier note when we were seeking the Intercept Exemption Directive, we had the following bullets as part of the rationale section:

- While the IESO settlements system for the electricity sector may facilitate the flow of appropriations of the Ministry of Energy for energy-related programs such as the Ontario Rebate for Electricity Consumers (OREC), the Rural or Remote Rate Protection Program (RRRP), the Ontario Electricity Support Program (OESP) etc., these payments are for the benefit of various electricity consumers.
- Intercepting these program specific payments, which are appropriated by the Legislature for the Ministry of Energy, under which the IESO may only be providing a conduit to local

distribution companies under the IESO settlement system to provide benefits to ratepayers, in order to recover loan payments would not be in alignment with the wording or intent of the OFA's Lending Policy.

Would these not relate to the carve-outs that Toby is referring to? Let me know pls. if I am mis-interpreting things.

Hi –

I just spoke with Toby (I've copied him as an FYI) and he flagged that he doesn't know why IESO would need to share this with OPG in the first instance. The only issue/reason we could identify was that it may have something to do with the purchase by OPG of the "asset" (I'm using quotation marks because I don't know anything about this transaction or its structure other than how it is referred) from IESO and making sure that the "asset" is free of encumbrances. IESO may have reps or warranties in its dealings with OPG to this effect, and, I am guessing, but this may have been part of the rationale with respect to concerns that IESO had in earlier versions of the drafting in regard to definitions of "permitted liens" and ranking of debt. Our advice is to reach out to IESO and try to ascertain the reason for the request (John, as Anthony called you, perhaps you could call him back

with this request?)
I understand that we have been treating this loan as confidential, and OFA can waive confidentiality and allow disclosure to OPG (if this route is agree to I would recommend that disclosure be made by IESO on a confidential basis) but the risk/caution is that adding more layers outside of the immediate parties to the intercept (which now includes MOE), will add further delay and complexity in what is essentially an administrative issue and as noted we are not plugged into the broader discussions going on between the other parties with respect to other components of the FHP process.

Hi –

I just spoke with Toby (I've copied him as an FYI) and he flagged that he doesn't know why IESO would need to share this with OPG in the first instance. The only issue/reason we could identify was that it may have something to do with the purchase by OPG of the "asset" (I'm using quotation marks because I don't know anything about this transaction or its structure other than how it is referred) from IESO and making sure that the "asset" is free of encumbrances. IESO may have reps or warranties in its dealings with OPG to this effect, and, I am guessing, but this may have been part of the rationale with respect to concerns that IESO had in earlier versions of the drafting in regard to definitions of "permitted liens" and ranking of debt. Our advice is to reach out to IESO and try to ascertain the reason for the request (John, as Anthony called you, perhaps you could call him back

with this request?)
I understand that we have been treating this loan as confidential, and OFA can waive confidentiality and allow disclosure to OPG (if this route is agree to I would recommend that disclosure be made by IESO on a confidential basis) but the risk/caution is that adding more layers outside of the immediate parties to the intercept (which now includes MOE), will add further delay and complexity in what is essentially an administrative issue and as noted we are not plugged into the broader discussions going on between the other parties with respect to other components of the FHP process.

Hi Sarah,
Sounds good to me. Anthony gave me a call to give me the heads-up before the email.
I did also mention to him that we would be open to suggested edits to the draft to reflect any comments they may have.

Hi John,
Off the top of my head I don't see any legal issues from the OFA perspective, but I defer to Lisa because she is closer to the documentation than I am so will ask her to weigh in.
We should also consider giving Toby a heads up because I think MOF Legal's been more involved in the OPG side of things, I don't know where things stand on the other various moving parts that are not directly within the mandate of the OFA. I will give him a quick call.

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).
I am currently at about $405M utilized.
Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.
Appreciate your efforts to co-ordinate a timely approval.
Call me to discuss if needed.

Hi Anthony,

I am currently working on your request for the two facilities with the OFA.

I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.

I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

Thanks,

John

Subject: FW: IESO credit facility

Hi Mike,
As an update on IESO, according to John K "IESO has not provided any edits [to the Credit Facility Agreement] but seem to be indicating that they are getting close to being prepared to sign."
At the same time,"[OPG] Trust is looking for the IESO to give a 1st priority/security over all IESO assets including accounts receivables in favour of the Trust. This item is being discussed amongst all parties. If this proceeds, the IESO will have to amend/restructure its current credit facilities with TD Bank, OFA, and OEFC as all are unsecured pari-passu."
Will and I met with John K, Francisco, Sarah Neville, Lisa Stein and Toby from LSB to discuss this. The issues are as follows:
1 – Under the draft FHP draft facility, OFA ranks pari passu with all other unsubordinated debt and unsecured Indebtedness of IESO, subject to the existence of any Liens that secure Indebtedness. If the Trust has 1st priority/security over all IESO assets, this (as we currently understand OPG's request) renders the protection our Permitted Liens section moot, and also renders the Negative Pledge section moot since it states that

> *The IESO will not, and will not permit any Material Subsidiary to, create, incur or assume any Lien, charging the interest of the IESO or any Material Subsidiary in any property, to secure any obligations (including any Indebtedness) unless, at or prior to the time such Lien is created, incurred or assumed, all amounts owing under this Agreement are secured equally and rateably with any and all such obligations secured or to be secured by such Lien, for so long as such obligations shall be secured*

Based on my understanding, this would be a fundamental change in the OFA's approach if we permit the Trust to have 1st priority/security over all IESO assets.

2 – If IESO is close to execution, it would be important for the OFA not to give any undertaking to IESO that it would be willing to restructuring any existing facilities, and that any such change would be dependent at that time on analysis of the circumstances and any approvals.
3 – From a simplicity standpoint, the directive to exempt the intercept provision from the credit facility is still the most immediately simple option. However, within the next week it is thought that we should proceed with the tripartite letter PROVIDED that the OFA gives no undertaking to amend its credit facilities down the road. Our speculation is that IESO has some resistance to OPG taking 1st priority interest in all IESO assets and that it may be levering the inclusion of the intercept provision as a reason why OPG can't have a 1st priority claim in all IESO assets. There was also some discussion as to whether the intercept provision could be "secured" by OPG Trust – on the face we don't think so, but more analysis would need to be done as to the legislature appropriations status under the PPSA and the ability for OPG Trust take a security into legislature appropriations.
4- Also, according to Francisco, following the AG's report there is sensitivity around the pricing of the OPG Asset. Particularly if it is thought that the exclusion of the intercept provision from the agreement will add to credit rating agencies view that IESO's assets and cashflows will be unencumbered, it adds suasion to the argument for the Minister to sign an exempting directive.
John Kim will update Ron Kwan who will hopefully in turn brief Gadi. Time is of the essence, since the next IESO draw is on November 21, and the existing credit facility limit would be exceeded by the next draw.
Thanks,
Sarah

Hi,
Pls. take a look at this once again and let me know if you have any comments. Thus far, IESO has not provided any edits but seem to be indicating that they are getting close to being prepared to sign.
IESO has indicated the following and I will ask you to give it some thought:
"DRAFT - The Trust is looking for the IESO to give a 1st priority/security over all IESO assets including accounts receivables in favour of the Trust. This item is being discussed amongst all parties. If this proceeds, the IESO will have to amend/restructure its current credit facilities with TD Bank, OFA, and OEFC as all are unsecured pari-passu."
Thanks,

John

On p. 3, item #6 under "Conditions Precedent", the OFA Lending Policy provides that the OFA must ensure that it has an "appropriate" intercept in place. While the intercept wording in the Policy itself does not provide flexibility (as noted by Toby), perhaps this provision allows for 'carve-outs' in situations where the operation of the intercept would not be appropriate (such as those outlined by John below)?

Hi,

I'm happy to organize a call among us, if there is a need for it.

In an earlier note when we were seeking the Intercept Exemption Directive, we had the following bullets as part of the rationale section:

- While the IESO settlements system for the electricity sector may facilitate the flow of appropriations of the Ministry of Energy for energy-related programs such as the Ontario Rebate for Electricity Consumers (OREC), the Rural or Remote Rate Protection Program (RRRP), the Ontario Electricity Support Program (OESP) etc., these payments are for the benefit of various electricity consumers.
- Intercepting these program specific payments, which are appropriated by the Legislature for the Ministry of Energy, under which the IESO may only be providing a conduit to local distribution companies under the IESO settlement system to provide benefits to ratepayers, in order to recover loan payments would not be in alignment with the wording or intent of the OFA's Lending Policy.

Would these not relate to the carve-outs that Toby is referring to? Let me know pls. if I am mis-interpreting things.

Hi –
I just spoke with Toby (I've copied him as an FYI) and he flagged that he doesn't know why IESO would need to share this with OPG in the first instance. The only issue/reason we could identify was that it may have something to do with the purchase by OPG of the "asset" (I'm using quotation marks because I don't know anything about this transaction or its structure other than how it is referred) from IESO and making sure that the "asset" is free of encumbrances. IESO may have reps or warranties in its dealings with OPG to this effect, and, I am guessing, but this may have been part of the rationale with respect to concerns that IESO had in earlier versions of the drafting in regard to definitions of "permitted liens" and ranking of debt. Our advice is to reach out to IESO and try to ascertain the reason for the request (John, as Anthony called you, perhaps you could call him back with this request?)
I understand that we have been treating this loan as confidential, and OFA can waive confidentiality and allow disclosure to OPG (if this route is agree to I would recommend that disclosure be made by IESO on a confidential basis) but the risk/caution is that adding more layers outside of the immediate parties to the intercept (which now includes MOE), will add further delay and complexity in what is essentially an administrative issue and as noted we are not plugged into the broader discussions going on between the other parties with respect to other components of the FHP process.

Hi,
I'm happy to organize a call among us, if there is a need for it.
In an earlier note when we were seeking the Intercept Exemption Directive, we had the following bullets as part of the rationale section:

- While the IESO settlements system for the electricity sector may facilitate the flow of appropriations of the Ministry of Energy for energy-related programs such as the Ontario Rebate for Electricity Consumers (OREC), the Rural or Remote Rate Protection Program (RRRP), the Ontario Electricity Support Program (OESP) etc., these payments are for the benefit of various electricity consumers.
- Intercepting these program specific payments, which are appropriated by the Legislature for the Ministry of Energy, under which the IESO may only be providing a conduit to local distribution companies under the IESO settlement system to provide benefits to ratepayers, in order to recover loan payments would not be in alignment with the wording or intent of the OFA's Lending Policy.

Would these not relate to the carve-outs that Toby is referring to? Let me know pls. if I am mis-interpreting things.

Sarah and Lisa, do you see scope for doing so?

Hi –

I just spoke with Toby (I've copied him as an FYI) and he flagged that he doesn't know why IESO would need to share this with OPG in the first instance. The only issue/reason we could identify was that it may have something to do with the purchase by OPG of the "asset" (I'm using quotation marks because I don't know anything about this transaction or its structure other than how it is referred) from IESO and making sure that the "asset" is free of encumbrances. IESO may have reps or warranties in its dealings with OPG to this effect, and, I am guessing, but this may have been part of the rationale with respect to concerns that IESO had in earlier versions of the drafting in regard to definitions of "permitted liens" and ranking of debt. Our advice is to reach out to IESO and try to ascertain the reason for the request (John, as Anthony called you, perhaps you could call him back with this request?)

I understand that we have been treating this loan as confidential, and OFA can waive confidentiality and allow disclosure to OPG (if this route is agree to I would recommend that disclosure be made by IESO on a confidential basis) but the risk/caution is that adding more layers outside of the immediate parties to the intercept (which now includes MOE), will add further delay and complexity in what is essentially an administrative issue and as noted we are not plugged into the broader discussions going on between the other parties with respect to other components of the FHP process.

Hi John,

Off the top of my head I don't see any legal issues from the OFA perspective, but I defer to Lisa because she is closer to the documentation than I am so will ask her to weigh in.

We should also consider giving Toby a heads up because I think MOF Legal's been more involved in the OPG side of things, I don't know where things stand on the other various moving parts that are not directly within the mandate of the OFA. I will give him a quick call.

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).

I am currently at about $405M utilized.

Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.

Appreciate your efforts to co-ordinate a timely approval.

Call me to discuss if needed.

Hi Anthony,

I am currently working on your request for the two facilities with the OFA.

I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.

I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

Thanks,

John

I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.

I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

Although I am sympathetic to Anthony's concerns, I am not sure that the OFA lending policy leaves room for carve-outs for what is subject to the intercept.
Sarah and Lisa, do you see scope for doing so?

Hi –
I just spoke with Toby (I've copied him as an FYI) and he flagged that he doesn't know why IESO would need to share this with OPG in the first instance. The only issue/reason we could identify was that it may have something to do with the purchase by OPG of the "asset" (I'm using quotation marks because I don't know anything about this transaction or its structure other than how it is referred) from IESO and making sure that the "asset" is free of encumbrances. IESO may have reps or warranties in its dealings with OPG to this effect, and, I am guessing, but this may have been part of the rationale with respect to concerns that IESO had in earlier versions of the drafting in regard to definitions of "permitted liens" and ranking of debt. Our advice is to reach out to IESO and try to ascertain the reason for the request (John, as Anthony called you, perhaps you could call him back with this request?)
I understand that we have been treating this loan as confidential, and OFA can waive confidentiality and allow disclosure to OPG (if this route is agree to I would recommend that disclosure be made by IESO on a confidential basis) but the risk/caution is that adding more layers outside of the immediate parties to the intercept (which now includes MOE), will add further delay and complexity in what is essentially an administrative issue and as noted we are not plugged into the broader discussions

going on between the other parties with respect to other components of the FHP process.

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).

I am currently at about $405M utilized.

Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.

Appreciate your efforts to co-ordinate a timely approval.

Call me to discuss if needed.

Hi Sarah,
Sounds good to me. Anthony gave me a call to give me the heads-up before the email.
I did also mention to him that we would be open to suggested edits to the draft to reflect any comments they may have.

Hi John,

Off the top of my head I don't see any legal issues from the OFA perspective, but I defer to Lisa because she is closer to the documentation than I am so will ask her to weigh in.

We should also consider giving Toby a heads up because I think MOF Legal's been more involved in the OPG side of things, I don't know where things stand on the other various moving parts that are not directly within the mandate of the OFA. I will give him a quick call.

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).

I am currently at about $405M utilized.

Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.

Appreciate your efforts to co-ordinate a timely approval.

Call me to discuss if needed.

Hi Anthony,

I am currently working on your request for the two facilities with the OFA.

I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.

I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

Thanks,

John

Anthony had very cursory comments along two points – some concern expressed by Stikeman and Elliott about priority over payments and that they have some MOECC dealings related to Cap and Trade(?). I mentioned to him that the intent is not to cover anything other than appropriation for IESO's own operational funding and that happy to receive edits to cover such concerns.

Hi –
I just spoke with Toby (I've copied him as an FYI) and he flagged that he doesn't know why IESO would need to share this with OPG in the first instance. The only issue/reason we could identify was that it may have something to do with the purchase by OPG of the "asset" (I'm using quotation marks because I don't know anything about this transaction or its structure other than how it is referred) from IESO and making sure that the "asset" is free of encumbrances. IESO may have reps or warranties in its dealings with OPG to this effect, and, I am guessing, but this may have been part of the rationale with respect to concerns that IESO had in earlier versions of the drafting in regard to definitions of "permitted liens" and ranking of debt. Our advice is to reach out to IESO and try to ascertain the reason for the request (John, as Anthony called you, perhaps you could call him back with this request?)
I understand that we have been treating this loan as confidential, and OFA can waive confidentiality and allow disclosure to OPG (if this route is agree to I would recommend that disclosure be made by IESO on a confidential basis) but the risk/caution is that adding more layers outside of the immediate parties to the intercept (which now includes MOE), will add further delay and complexity in what is essentially an administrative issue and as noted we are not plugged into the broader discussions going on between the other parties with respect to other components of the FHP process.

Hi John,

Just looking at the language right now of the FHP draft facility, and the current status of the credit facility is pari passu with all other unsubordinated debt and unsecured Indebtedness of IESO, subject to the existence of any Liens that secure Indebtedness. If the Trust has 1st priority/security over all IESO assets, I think renders the protection our Permitted Liens section moot, and also renders the Negative Pledge section moot since it states that

> *The IESO will not, and will not permit any Material Subsidiary to, create, incur or assume any Lien, charging the interest of the IESO or any Material Subsidiary in any property, to secure any obligations (including any Indebtedness) unless, at or prior to the time such Lien is created, incurred or assumed, all amounts owing under this Agreement are secured equally and rateably with any and all such obligations secured or to be secured by such Lien, for so long as such obligations shall be secured*

Based on my understanding, this would be a fundamental change in the OFA's approach if we permit the Trust to have 1st priority/security over all IESO assets.

Again, I suggest speaking with Sarah N. to confirm.

Thanks,

Sarah

Pls. take a look at this once again and let me know if you have any comments. Thus far, IESO has not provided any edits but seem to be indicating that they are getting close to being prepared to sign. IESO has indicated the following and I will ask you to give it some thought:
"DRAFT - The Trust is looking for the IESO to give a 1st priority/security over all IESO assets including accounts receivables in favour of the Trust. This item is being discussed amongst all parties. If this proceeds, the IESO will have to amend/restructure its current credit facilities with TD Bank, OFA, and OEFC as all are unsecured pari-passu."

Subject: RE: IESO credit facility
Hi Sarah,
Sounds good to me. Anthony gave me a call to give me the heads-up before the email.
I did also mention to him that we would be open to suggested edits to the draft to reflect any comments they may have.

Hi John,
Off the top of my head I don't see any legal issues from the OFA perspective, but I defer to Lisa because she is closer to the documentation than I am so will ask her to weigh in.
We should also consider giving Toby a heads up because I think MOF Legal's been more involved in the OPG side of things, I don't know where things stand on the other various moving parts that are not directly within the mandate of the OFA. I will give him a quick call.

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).

I am currently at about $405M utilized.

Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.

Appreciate your efforts to co-ordinate a timely approval.

Call me to discuss if needed.

Regards.

Hi Anthony,

I am currently working on your request for the two facilities with the OFA.

I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.

I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

Thanks,

John

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).
I am currently at about $405M utilized.
Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in

place this month – and so, any delay would need to be explained.
Appreciate your efforts to co-ordinate a timely approval.
Call me to discuss if needed.

Hi John,

Just looking at the language right now of the FHP draft facility, and the current status of the credit facility is pari passu with all other unsubordinated debt and unsecured Indebtedness of IESO, subject to the existence of any Liens that secure Indebtedness. If the Trust has 1st priority/security over all IESO assets, I think renders the protection our Permitted Liens section moot, and also renders the Negative Pledge section moot since it states that

> *The IESO will not, and will not permit any Material Subsidiary to, create, incur or assume any Lien, charging the interest of the IESO or any Material Subsidiary in any property, to secure any obligations (including any Indebtedness) unless, at or prior to the time such Lien is created, incurred or assumed, all amounts owing under this Agreement are secured equally and rateably with any and all such obligations secured or to be secured by such Lien, for so long as such obligations shall be secured*

Based on my understanding, this would be a fundamental change in the OFA's approach if we permit the Trust to have 1st priority/security over all IESO assets.

Again, I suggest speaking with Sarah N. to confirm.

Thanks,

Sarah

"DRAFT - The Trust is looking for the IESO to give a 1st priority/security over all IESO assets including accounts receivables in favour of the Trust. This item is being discussed amongst all parties. If this proceeds, the IESO will have to amend/restructure its current credit facilities with TD Bank, OFA, and OEFC as all are unsecured pari-passu."

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. The intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement. The OFA, IESO and the Ministry of Energy ("MOE") acknowledge and confirm that at this time there are no amounts appropriated by the Legislature for the IESO [Energy to confirm] and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement"), on an unsecured basis, the OFA requires the Ministry of Energy ("MOE") and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and MOE agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):
    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and MOE agree that in the event that the Legislature appropriates any funds for payment to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision").
    - Under the intercept provision, which shall be included in the Loan Agreements, the IESO also agrees that any notice from the OFA to the Minister of Finance in relation to its failure to pay under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.
    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with MOE and seek MOE's support in getting the IESO to pay the amounts owing within a reasonable cure period.

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).

I am currently at about $405M utilized.

Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.

Appreciate your efforts to co-ordinate a timely approval.

Call me to discuss if needed.

Regards.

Hi Anthony,

I am currently working on your request for the two facilities with the OFA.

I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.

I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

Thanks,

John

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. The intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement. The OFA, IESO and the Ministry of Energy ("MOE") acknowledge and confirm that at this time there are no amounts appropriated by the Legislature for the IESO [Energy to confirm] and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement"), on an unsecured basis, the OFA requires the Ministry of Energy ("MOE") and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and MOE agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):
    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and MOE agree that in the event that the Legislature appropriates any funds for payment to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision").
    - Under the intercept provision, which shall be included in the Loan Agreements, the IESO also agrees that any notice from the OFA to the Minister of Finance in relation to its failure to pay under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.
    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with MOE and seek MOE's support in getting the IESO to pay the amounts owing within a reasonable cure period.

DRAFT

- Upon receipt of notice from the OFA that the IESO has failed to pay in accordance with the provisions of a Loan Agreement, MOE will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO, including the intended purpose and expected timing of such payments to be made by MOE. Upon request, MOE will provide similar information to the Minister of Finance.

- MOE acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment to the IESO, MOE will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

Moody's (Gavin MacFarlane) has verbally raised their concern to me that the new $2B facility should be in place this month – main concern is that the IESO may/is rapidly burning through the $975M capacity at about $200M-$250M/month. Also, the first sale to Financing Entity is not expected until October(ish).
I am currently at about $405M utilized.
Also, both the IESO Board of Directors and Moody's were expecting these new facilities to be in place this month – and so, any delay would need to be explained.
Appreciate your efforts to co-ordinate a timely approval.
Call me to discuss if needed.
Regards.

Hi Anthony,

I am currently working on your request for the two facilities with the OFA.

I understand your main concern is your interactions with the ratings agencies, Moody's specifically. Is there a particular timeline that you have to meet? My estimation is that the required approvals can be obtained in the early part of next week or the week after. I know the week after is spilling into September.

I am happy to keep pushing for early next week but let me know if the first week of September works. I am confirming as some extraordinary steps are involved.

Thanks,

John

Hi,
Pls. take a look at this once again and let me know if you have any comments. Thus far, IESO has not provided any edits but seem to be indicating that they are getting close to being prepared to sign.
IESO has indicated the following and I will ask you to give it some thought:
"DRAFT - The Trust is looking for the IESO to give a 1st priority/security over all IESO assets including accounts receivables in favour of the Trust. This item is being discussed amongst all parties. If this proceeds, the IESO will have to amend/restructure its current credit facilities with TD Bank, OFA, and OEFC as all are unsecured pari-passu."

John

Hi,
Pls. take a look at this once again and let me know if you have any comments. Thus far, IESO has not provided any edits but seem to be indicating that they are getting close to being prepared to sign.
IESO has indicated the following and I will ask you to give it some thought:
"DRAFT - The Trust is looking for the IESO to give a 1st priority/security over all IESO assets including accounts receivables in favour of the Trust. This item is being discussed amongst all parties. If this proceeds, the IESO will have to amend/restructure its current credit facilities with TD Bank, OFA, and OEFC as all are unsecured pari-passu."
Thanks,
John

Thanks everyone for joining the chat on short notice and also to Francisco for helping out. And sorry, didn't mean to leave out Sarah H. in my email this morning.
One of the takeaways from the meeting for me was that we need to let IESO know within reasonable timeframe that amending the existing facilities at any point would require appropriate approvals, likely involving a Directive and that we cannot actively or passively acquiesce [not sure if this is the appropriate word] by not responding. That it would require appropriate approvals when IESO has reasonably concluded its discussion on the matter. I just sent that in an email response following a phone call and also wanted to flag that IESO is expecting the next draft on Wednesday so I think we are looking at that as when we will have a sense of where the two entities stand.
All said, we are working on the Directive option in parallel.

I agree that Sarah's question is an important one. What is the purpose of the security interest? I didn't know that the Trust was going to be a creditor of IESO?
Is there some background on that issue?

I agree with Lisa re intercept.
As a sidebar, not an OFA issue and way beyond my expertise, but is there any concern/discussion that the Trust, if given a first priority over ALL the asset of the IESO could potentially enforce a security interest and liquidate a significant entity responsible for overseeing the supply of electricity into Ontario? Is anyone weighing in on this question -IESO/MOE?

If the IESO gives the Trust a 1st priority over all IESO assets, it follows that the intercept provisions as drafted in the proposed credit facility agreement will not work. This further strengthens the case for a directive.

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

... 2

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

... 3

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

_____

Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA

Hi,

Just to clarify, Anthony wanted to sign all documents this week. We had first suggested first we sign the FHP so the next draw could be done under it, and then we execute the amending agreement to reduce the existing facility after the current

Hi Lisa,

I don't know how that works out logistically. These guys are going to run out of room in the November draw (i.e. not able to digest the November amount). If we need to bring down the existing first before the FHP one, then we are caught short based on the anticipated November draw….what are your thoughts then?

The existing one is already B689M+ drawn, how would we put the balance somewhere to draw it down then set up the new one? I could be missing something so pls. let me know.

John

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself - so we will need to see a revised version of this document;

(ii) Intercept Letter - I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement - we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language - I understand that is expected to be available soon.

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph - please amend this para to read as follows:

For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.

3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

The new FIIP credit facility agreement will be executed and effective prior to AA#10. AA#10 will be effective November 22, 2017 (to allow it to be executed at the same time as the other agreements). I have had discussions about this matter with Sarah and Will, so I will defer to them to explain the operational details.

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph - please amend this para to read as follows:

For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.

The new FIIP credit facility agreement will be executed and effective prior to AA#10. AA#10 will be effective November 22, 2017 (to allow it to be executed at the same time as the other agreements). I have had discussions about this matter with Sarah and Will, so I will defer to them to explain the operational details.

Hi Lisa,

I don't know how that works out logistically. These guys are going to run out of room in the November draw (i.e. not able to digest the November amount). If we need to bring down the existing first before the FHP one, then we are caught short based on the anticipated November draw….what are your thoughts then?

The existing one is already 800M+ drawn, how would we put the balance somewhere to draw it down then set up the new one? I could be missing something so pls. let me know.

John

No - the amount of the existing facility needs to be reduced first.

Hi John,

Just so that everyone is on the same page, Amending Agreement number 10 was sent to IESO for review this morning. It has an effective date of November 22, 2017.

Thank you,

Just to be clear, John, I am asking in part because, as part of producing final docs for signing, I would like to ensure that the language in the Intercept Letter is consistent with the Intercept clause in the credit agreements.

Thanks Victor. On #2, OFA's internal discussions are coming to an end is my understanding.

Tom, just wondering how things are on your side.

On the #1 and #3, once #2 gets done, it would be taken care by my colleagues at the OFA, I believe.

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself - so we will need to see a revised version of this document;

(ii) Intercept Letter - I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement - we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language - I understand that is expected to be available soon.

Hi Lisa,

I don't know how that works out logistically. These guys are going to run out of room in the November draw (i.e. not able to digest the November amount). If we need to bring down the existing first before the FHP one, then we are caught short based on the anticipated November draw….what are your thoughts then?

The existing one is already 800M+ drawn, how would we put the balance somewhere to draw it down then set up the new one? I could be missing something so pls. let me know.

John

No– the amount of the existing facility needs to be reduced first.

Why November 22?

Wouldn't it be effective right away?

Hi John,

Just so that everyone is on the same page, Amending Agreement number 10 was sent to IESO for review this morning. It has an effective date of November 22, 2017.

Thank you,

Sure, pls. use that. Could we ensure that we have the right version? This is the latest I have.

Also, we should consider the amendment happening after the letter agreement. Is that everyone's understanding?

Just to be clear, John, I am asking in part because, as part of producing final docs for signing, I would like to ensure that the language in the Intercept Letter is consistent with the Intercept clause in the credit agreement.

We were fine with the most recent draft. So assuming it doesn't change materially I think we are ready to sign.

Thanks Victor. On #2, OFA's internal discussions are coming to an end is my understanding.

Tom, just wondering how things are on your side.

On the #1 and #3, once #2 gets done, it would be taken care by my colleagues at the OFA, I believe.

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself - so we will need to see a revised version of this document;

(ii) Intercept Letter - I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement - we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language - I understand that is expected to be available soon.

Hi,

Pls. have a look at the latest and let us know if you have any comments.

Just a minor question. Is there a "the" in front of the Ontario Climate Change Solutions Deployment Corporation?

Could we all have a final look and consult in respective shops?

Thanks,

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph - please amend this para to read as follows:

For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.

3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

Hi Lisa,

I don't know how that works out logistically. These guys are going to run out of room in the November draw (i.e. not able to digest the November amount). If we need to bring down the existing first before the FHP one, then we are caught short based on the anticipated November draw….what are your thoughts then?

The existing one is already 800M+ drawn, how would we put the balance somewhere to draw it down then set up the new one? I could be missing something so pls. let me know.

John

No– the amount of the existing facility needs to be reduced first.

Why November 22?

Wouldn't it be effective right away?

Hi John,

Just so that everyone is on the same page, Amending Agreement number 10 was sent to IESO for review this morning. It has an effective date of November 22, 2017.

Thank you,

Sure, pls. use that. Could we ensure that we have the right version? This is the latest I have.

Also, we should consider the amendment happening after the letter agreement. Is that everyone's understanding?

Just to be clear, John, I am asking in part because, as part of producing final docs for signing, I would like to ensure that the language in the Intercept Letter is consistent with the Intercept clause in the credit agreement.

Thanks Victor. On #2, OFA's internal discussions are coming to an end is my understanding.

Tom, just wondering how things are on your side.

On the #1 and #3, once #2 gets done, it would be taken care by my colleagues at the OFA, I believe.

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself - so we will need to see a revised version of this document;

(ii) Intercept Letter - I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement - we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language - I understand that is expected to be available soon.

Hi,

Pls. have a look at the latest and let us know if you have any comments.

Just a minor question. Is there a "the" in front of the Ontario Climate Change Solutions Deployment Corporation?

Could we all have a final look and consult in respective shops?

Thanks,

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph - please amend this para to read as follows:

For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.

3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

Victor

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself - so we will need to see a revised version of this document;

(ii) Intercept Letter – I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement - we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language - I understand that is expected to be available soon.

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph - please amend this para to read as follows:

For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.

3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

Subject: RE: Intercept letter agreement IESO MOE OFA Sept 2017-rev_MarkupsClean_EnergyEdits_OFA IESO Edits Oct 24_v3.docx

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph - please amend this para to read as follows:

For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.

3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

Victor

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself - so we will need to see a revised version of this document;

(ii) Intercept Letter - I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement - we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language - I understand that is expected to be available soon.

Hi,

Pls. have a look at the latest and let us know if you have any comments.

Just a minor question. Is there a "the" in front of the Ontario Climate Change Solutions Deployment Corporation?

Could we all have a final look and consult in respective shops?

Thanks,

John

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph - please amend this para to read as follows:

For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solution Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.

3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

Sure, pls. use that. Could we ensure that we have the right version? This is the latest I have.

Also, we should consider the amendment happening after the letter agreement. Is that everyone's understanding?

Just to be clear, John, I am asking in part because, as part of producing final docs for signing, I would like to ensure that the language in the Intercept Letter is consistent with the Intercept clause in the credit agreements.

Thanks Victor. On #2, OFA's internal discussions are coming to an end is my understanding.

Tom, just wondering how things are on your side.

On the #1 and #3, once #2 gets done, it would be taken care by my colleagues at the OFA, I believe.

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself - so we will need to see a revised version of this document;

(ii) Intercept Letter - I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement - we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language - I understand that is expected to be available soon.

Hi Lisa, Sarah,

Would you know how to include page numbers and names of the recipients up to each subsequent pages?

If you have a sample, I can do it myself.

Thanks,

John

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

... 2

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a “Loan Agreement”; together, the “Loan Agreements”):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose (“Appropriated Funds”), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the “intercept provision”). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY’s support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance’s direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

_____

Sure, pls. use that. Could we ensure that we have the right version? This is the latest I have.

Also, we should consider the amendment happening after the letter agreement. Is that everyone's understanding?

Just to be clear, John, I am asking in part because, as part of producing final docs for signing, I would like to ensure that the language in the Intercept Letter is consistent with the Intercept clause in the credit agreements.

Thanks Victor. On #2, OFA's internal discussions are coming to an end is my understanding.

Tom, just wondering how things are on your side.

On the #1 and #3, once #2 gets done, it would be taken care by my colleagues at the OFA, I believe.

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself - so we will need to see a revised version of this document;

(ii) Intercept Letter - I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement - we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language - I understand that is expected to be available soon.

Just a minor question. Is there a "the" in front of the Ontario Climate Change Solutions Deployment Corporation?

Could we all have a final look and consult in respective shops?

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph - please amend this para to read as follows:

For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.

3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

Ms. Kimberly Marshall
Vice-President, Corporate Services and Chief Financial Officer, IESO
120 Adelaide St W #1600
Toronto, ON M5H 1T1

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The ~~OFA,~~ IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledge~~s and confirm~~ that at this time there are no amounts appropriated by the Legislature for payment to the IESO ~~[Energy to confirm]~~ by ENERGY and the intent of such intercept~~-~~ provision is that it would~~-~~ apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Commented [ESP1]: Defer to Corporate?

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing ~~[~~$975 million~~]~~ credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

_____

Ronald Kwan

Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The ~~OFA,~~ IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledge~~s and confirm~~ that at this time there are no amounts appropriated by the Legislature for payment to the IESO ~~[Energy to confirm]~~ by ENERGY and the intent of such intercept~~-~~ provision is that it would~~-~~ apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Commented [ESP1]: Defer to Corporate?

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing ~~[~~$975 million~~]~~ credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

_____

We can push back saying – we are already saying payments that are not appropriations of Energy is already ruled out. But then there is a risk of delay. If we are specifically ruling out this Ontario Climate Change solutions Deployment Corp. that is a known exemption, is it a problem to include?

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph – please amend this para to read as follows:

   > For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.
3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

For further certainty, the OFA and the Ministry of Energy ("ENERGY") acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.
These terms and conditions shall also apply to the IESO's existing [$975 million] credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or

the Original Credit Facility Agreement (each a “Loan Agreement”; together, the “Loan Agreements”):

- Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose (“Appropriated Funds”), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the “intercept provision”). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

- If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

- Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY’s support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

- ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance’s direction.

- For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

For further certainty, the OFA and the Ministry of Energy ("ENERGY") acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.
These terms and conditions shall also apply to the IESO's existing [$975 million] credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or

the Original Credit Facility Agreement (each a “Loan Agreement”; together, the “Loan Agreements”):

- Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose (“Appropriated Funds”), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the “intercept provision”). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

- If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

- Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY’s support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

- ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance’s direction.

- For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

I am fine with #1 below. In any event, as previously discussed, OCCSDC is an agent of MOECC, not Energy.

We can push back saying – we are already saying payments that are not appropriations of Energy is already ruled out. But then there is a risk of delay. If we are specifically ruling out this Ontario Climate Change solutions Deployment Corp. that is a known exemption, is it a problem to include?

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph – please amend this para to read as follows:

   > For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.
3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

For further certainty, the OFA and the Ministry of Energy ("ENERGY") acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.
These terms and conditions shall also apply to the IESO's existing [$975 million] credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or

the Original Credit Facility Agreement (each a “Loan Agreement”; together, the “Loan Agreements”):

- Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose (“Appropriated Funds”), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the “intercept provision”). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

- If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

- Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY’s support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

- ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance’s direction.

- For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

... 2

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a “Loan Agreement”; together, the “Loan Agreements”):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose (“Appropriated Funds”), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the “intercept provision”). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY’s support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance’s direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Ms. Kimberly Marshall

Toronto, ON M5H 1T1

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

... 2

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a “Loan Agreement”; together, the “Loan Agreements”):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose (“Appropriated Funds”), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the “intercept provision”). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY’s support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance’s direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

... 3

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

_____

Ronald Kwan

Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA

c. Gadi Mayman, Chief Executive Officer, OFA

The undersigned hereby agree to the terms and conditions as set out in this letter agreement and have executed this letter agreement as of the date first noted above.

We can push back saying – we are already saying payments that are not appropriations of Energy is already ruled out. But then there is a risk of delay. If we are specifically ruling out this Ontario Climate Change solutions Deployment Corp. that is a known exemption, is it a problem to include?

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph – please amend this para to read as follows:

> For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.
3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

Victor

We can push back saying – we are already saying payments that are not appropriations of Energy is already ruled out. But then there is a risk of delay. If we are specifically ruling out this Ontario Climate Change solutions Deployment Corp. that is a known exemption, is it a problem to include?

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph – please amend this para to read as follows:

> For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the "[Energy to confirm]" comment, we are ok with the sentence as written and don't need to confirm anything further.
3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.

Hi,

I have a push back from Ron on this and he does have a point. I put his edits back. It has to do with OFA having no ability to confirm the fact unless we want to do that separately.

I will share with IESO and Energy the version as the latest.

Copying Anna on this email as it should be reviewed by Gadi as well.

Thanks,

I am writing in relation to the Independent Electricity System Operator's (IESO) request to the Ontario Financing Authority (OFA) for a new revolving credit facility in an amount of up to $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an~~The~~ intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The ~~OFA,~~ IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges ~~and confirm~~ that at this time there are no amounts appropriated by the Legislature for payment to the IESO [Energy to confirm] by ENERGY and the intent of such intercept~~-~~ provision is that it would~~-~~ apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Commented [ESP1]: Defer to Corporate?

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement")~~,~~ on an unsecured basis, the OFA requires ~~the Ministry of Energy ("~~ENERGY~~")~~ and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing [$975 million] credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):
    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.
    - If~~Under~~ the intercept provision is exercised, ~~which shall be included in the Loan Agreements,~~ the IESO ~~also~~ agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

DRAFT

- Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

- ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

- For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY ~~or through any other agencies, bodies or other means~~.

Hi Anna,
Heard back from Tom McKinlay at Energy Legal. It was an email issue as he is now back at MAG but still working on FHP for Energy. I touched base with him on the phone and he will circle back with his clients, as well as IESO counterparts.
Sounded like he sees it as the cleanest path forward. So fingers crossed.
Thanks,

I have some family obligations that came up for tomorrow so won't be in the office but will check my emails for this item.

Hi John – tweaked the acknowledgement to make it mutual as between all and to narrow the reference to appropriations so that it is clear it is not any MOE appropriation but only that destined for the IESO.

Hi Anna,
Heard back from Tom McKinlay at Energy Legal. It was an email issue as he is now back at MAG but still working on FHP for Energy. I touched base with him on the phone and he will circle back with his clients, as well as IESO counterparts.
Sounded like he sees it as the cleanest path forward. So fingers crossed.
Thanks,

John

Thanks John. Gadi is in NYC until Wednesday. Happy for Ron to escalate this to get the ball rolling. If you could let me know where things stand at the end of today, I'll include an update in my end of day email to Gadi.
Thanks, Anna

Hi Anna,
No update so far which isn't surprising. I think a bit of escalating might be helpful so I will chat with Ron today. You may want to give Gadi an update as well.
At least on the phone, IESO staff were receptive.

Hi All – As far as I am aware there were no developments on this today. I will be out of the office on Monday (back Tuesday), but Lisa will be back on Monday to handle this for Legal (although working from home so please reach her through email or messenger).
Have a good weekend everyone.

Hi Sarah and Sarah,
Unfortunately, we haven't heard back from Energy Legal thus far. My suggestion, if OK with you, is that we share the draft with IESO staff as well.
I have some family obligations that came up for tomorrow so won't be in the office but will check my emails for this item.
Thanks,

Hi John – tweaked the acknowledgement to make it mutual as between all and to narrow the reference to appropriations so that it is clear it is not any MOE appropriation but only that destined for the IESO.

Hi Anna,
Heard back from Tom McKinlay at Energy Legal. It was an email issue as he is now back at MAG but still working on FHP for Energy. I touched base with him on the phone and he will circle back with his clients, as well as IESO counterparts.
Sounded like he sees it as the cleanest path forward. So fingers crossed.
Thanks,

John

Hi Anna,
No update so far which isn't surprising. I think a bit of escalating might be helpful so I will chat with Ron today. You may want to give Gadi an update as well.
At least on the phone, IESO staff were receptive.

Hi All – As far as I am aware there were no developments on this today. I will be out of the office on Monday (back Tuesday), but Lisa will be back on Monday to handle this for Legal (although working from home so please reach her through email or messenger).

Have a good weekend everyone.

Hi Sarah and Sarah,

Unfortunately, we haven't heard back from Energy Legal thus far. My suggestion, if OK with you, is that we share the draft with IESO staff as well.

I have some family obligations that came up for tomorrow so won't be in the office but will check my emails for this item.

Thanks,

John

Hi John – tweaked the acknowledgement to make it mutual as between all and to narrow the reference to appropriations so that it is clear it is not any MOE appropriation but only that destined for the IESO.

Hi Sarah and Sarah,
Unfortunately, we haven't heard back from Energy Legal thus far. My suggestion, if OK with you, is that we share the draft with IESO staff as well.
I have some family obligations that came up for tomorrow so won't be in the office but will check my emails for this item.
Thanks,
John

Hi John – tweaked the acknowledgement to make it mutual as between all and to narrow the reference to appropriations so that it is clear it is not any MOE appropriation but only that destined for the IESO.

Hello Sarah,
I've added the date, regarding line and signature block at the bottom.
Missing signature block for MOE.
I suggest Times New Roman font.
The letter looks fine to me.

Good morning John and Sarah,
Further to our meeting yesterday, please see the attached draft points to be included in a letter agreement from the OFA, addressed to both the IESO and MOE.
Please add in the appropriate details, including addressees and signature lines, and send it back to legal for final review. Happy to discuss.
Thanks,
Lisa

Re: IESO Credit Requirements for the 2017 Fair Hydro Plan

Formatted: Space After: 0 pt

I am writing in relation to the IESO's request for a new revolving credit facility in an amount of up to $2 billion from the OFA (the "New Credit Facility") to support its role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Pursuant to the OFA Lending Policy, the OFA is required to include an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. The intercept provision allows the Minister of Finance to deduct amounts equal to any amounts the public body fails to pay the OFA under a loan agreement from money appropriated by the Legislature for payment to the public body.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement"), the OFA requires the Ministry of Energy ("MOE") and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement. These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

As such, the OFA, the IESO, and MOE agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

- Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and MOE agree that in the event that the Legislature appropriates any funds for payment to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance is entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision").

- Under the intercept provision, which shall be included in the Loan Agreements, the IESO also agrees that any notice from the OFA to the Minister of Finance in relation to its failure to pay under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

- Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with MOE and seek MOE's support in getting the IESO to pay the amounts owing within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to pay in accordance with the provisions of a Loan Agreement, MOE will provide the OFA

with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO, including the intended purpose and expected timing of such payments to be made by MOE. Upon request, MOE will provide similar information to the Minister of Finance.

- MOE acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment to the IESO, MOE will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

I've added the date, regarding line and signature block at the bottom.
Missing signature block for MOE.
I suggest Times New Roman font.

Re: IESO Credit Requirements for the 2017 Fair Hydro Plan

Formatted: Space After: 0 pt

I am writing in relation to the IESO's request for a new revolving credit facility in an amount of up to $2 billion from the OFA (the "New Credit Facility") to support its role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Pursuant to the OFA Lending Policy, the OFA is required to include an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. The intercept provision allows the Minister of Finance to deduct amounts equal to any amounts the public body fails to pay the OFA under a loan agreement from money appropriated by the Legislature for payment to the public body.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement"), the OFA requires the Ministry of Energy ("MOE") and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement. These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

As such, the OFA, the IESO, and MOE agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

- Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and MOE agree that in the event that the Legislature appropriates any funds for payment to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance is entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision").

- Under the intercept provision, which shall be included in the Loan Agreements, the IESO also agrees that any notice from the OFA to the Minister of Finance in relation to its failure to pay under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

- Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with MOE and seek MOE's support in getting the IESO to pay the amounts owing within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to pay in accordance with the provisions of a Loan Agreement, MOE will provide the OFA

with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO, including the intended purpose and expected timing of such payments to be made by MOE. Upon request, MOE will provide similar information to the Minister of Finance.

- MOE acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment to the IESO, MOE will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

The new FHP credit facility agreement will be executed and effective prior to AA#10. AA#10 will be effective November 22, 2017 (to allow it to be executed at the same time as the other agreements). I have had discussions about this matter with Sarah and Will, so I will defer to them to explain the operational details.

Hi Lisa,

I don't know how that works out logistically. These guys are going to run out of room in the November draw (i.e. not able to digest the November amount). If we need to bring down the existing first before the FHP one, then we are caught short based on the anticipated November draw….what are your thoughts then?

The existing one is already 800M+ drawn, how would we put the balance somewhere to draw it down then set up the new one? I could be missing something so pls. let me know.

John

Hi John,

Just so that everyone is on the same page, Amending Agreement number 10 was sent to IESO for review this morning. It has an effective date of November 22, 2017.

Thank you,

Thanks Victor. On #2, OFA's internal discussions are coming to an end is my understanding.

Tom, just wondering how things are on your side.

On the #1 and #3, once #2 gets done, it would be taken care by my colleagues at the OFA, I believe.

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself - so we will need to see a revised version of this document;

(ii) Intercept Letter - I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement - we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language - I understand that is expected to be available soon.

The new FHP credit facility agreement will be executed and effective prior to AA#10. AA#10 will be effective November 22, 2017 (to allow it to be executed at the same time as the other agreements). I have had discussions about this matter with Sarah and Will, so I will defer to them to explain the operational details.

Hi Lisa,

I don't know how that works out logistically. These guys are going to run out of room in the November draw (i.e. not able to digest the November amount). If we need to bring down the existing first before the FHP one, then we are caught short based on the anticipated November draw….what are your thoughts then?

The existing one is already 800M+ drawn, how would we put the balance somewhere to draw it down then set up the new one? I could be missing something so pls. let me know.

John

No - the amount of the existing facility needs to be reduced first.

Just to be clear, John, I am asking in part because, as part of producing final docs for signing, I would like to ensure that the language in the Intercept Letter is consistent with the Intercept clause in the credit agreements.

Tom, just wondering how things are on your side.

On the #1 and #3, once #2 gets done, it would be taken care by my colleagues at the OFA, I believe.

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself - so we will need to see a revised version of this document;

(ii) Intercept Letter - I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement - we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language - I understand that is expected to be available soon.

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

... 2

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

_____

Sorry, I was reading and typing quickly through my iphone at lunch table. My understanding is that OPG is looking for priority of payments on all funds flowing through the IESO and the new potential complication arising from the Green ON Fund money flowing through the IESO could be another form of such payments. My assessment is the same with you Ken that Green ON Fund, like the social programs funded through the IESO, would not be intercept-able. So I agree with your comments and especially the part about there being no operational funding [from the Province] flowing through to the IESO at this time on the Energy's side.
I am working on clarifying above mentioned understanding [on the MOECC side] with TBS staff.

Hi John,

If I understand your question correctly, the answer is that the Ministry of Environment and Climate Change (MOECCC) is not required to be a party to the FHP credit facility intercept MOU/letter agreement. The letter agreement is intended to be between the "responsible ministry" (in this case Ministry of Energy (MOE)) and the public body (in this case IESO).

The intercept would apply to money appropriated by the Legislature for "payment to the public body". Therefore, money appropriated by the Legislature for payment to a different ministry, a different public body, or to MOE (or an agency of MOE, etc.) for a program *unrelated* to the IESO, would not be caught by the intercept.

I've included an excerpt below which should be helpful in this regard. Please let me know if you would like to discuss further.

Lisa

Excerpt from OFA Lending Policy (emphasis added):

Pursuant to section 23 of the *Capital investment Plan Act* and prior to any loan agreement entered into between the OFA and a public body, such public body and its responsible ministry are to agree that the Minister of Finance is entitled to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts that the public body fails to pay to the OFA on account of indebtedness under its loan agreement with the OFA. In addition, the public body is to agree that any notice from the OFA to the Minister of Finance in relation to its failure to pay under its loan agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

Hi Sarah, Lisa,

I have a request for a legal interpretation of the OFA Lending Policy.

The OFA Lending Policy as we currently have it, does it provide for a requirement [of the MOU/the letter agreement we have drafted] other than one ministry responsible for the public body? The way I read the policy, I believe there should be one Ministry that provides oversight of the public body.

This morning, at a meeting, IESO representative raised the issue of their managing the government's implementation of Green ON Fund (?). I am presuming that the same type of arrangement applies for this program as the Energy's program, i.e. no appropriation for IESO's operation, and this is TBD but would like to know how implementation of such a program funded by another ministry would factor into what

we are looking to do.
The purpose of the question is to entertain whether the MOU/the letter agreement needs to include MOECC or not. I don't think so but would appreciate your assessment.
Thanks,
John

Thanks, given that the Green ON Fund is outside the CRF I don't believe our intercept has any impact on the Fund's grants (if any) to the IESO. Also given that the Province has no appropriated amounts in in its estimates to IESO, either now or contemplated for the future, the existence of the intercept or its removal by the Ministerial fiat is from a practical perspective one and the same.
As such I am wondering why OPG believes this is an issue for their ratings process since subrogation to the Province arising from the intercept is limited to Provincial funds flowing to IESO which as I have pointed out above are non-existent.
Having said that OPG may be concerned that it would be difficult to explain the above to DBRS who may fail to see the distinction between an intercept aimed at these non-existent appropriation funds and something that is more general on the IESO's revenues. Pursuant to section 23 of the *Capital investment Plan Act* and prior to any loan agreement entered into between the OFA and a public body, such public body and its responsible ministry are to agree that the Minister of Finance is entitled to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts that the public body fails to pay to the OFA on account of indebtedness under its loan agreement with the OFA. Hi Sarah, Lisa,

I have a request for a legal interpretation of the OFA Lending Policy.

The OFA Lending Policy as we currently have it, does it provide for a requirement [of the MOU/the letter agreement we have drafted] other than one ministry responsible for the public body? The way I read the policy, I believe there should be one Ministry that provides oversight of the public body.

This morning, at a meeting, IESO representative raised the issue of their managing the government's implementation of Green ON Fund (?). I am presuming that the same type of arrangement applies for this program as the Energy's program, i.e. no appropriation for IESO's operation, and this is TBD but would like to know how implementation of such a program funded by another ministry would factor into what we are looking to do.

The purpose of the question is to entertain whether the MOU/the letter agreement needs to include MOECC or not. I don't think so but would appreciate your assessment.

Thanks,

John

Thanks, given that the Green ON Fund is outside the CRF I don't believe our intercept has any impact on the Fund's grants (if any) to the IESO. Also given that the Province has no appropriated amounts in in its estimates to IESO, either now or contemplated for the future, the existence of the intercept or its removal by the Ministerial fiat is from a practical perspective one and the same.
As such I am wondering why OPG believes this is an issue for their ratings process since subrogation to the Province arising from the intercept is limited to Provincial funds flowing to IESO which as I have pointed out above are non-existent.
Having said that OPG may be concerned that it would be difficult to explain the above to DBRS who may fail to see the distinction between an intercept aimed at these non-existent appropriation funds and something that is more general on the IESO's revenues. In which case the only option available is for the Minister to exempt this particular credit facility from the policy's intercept provisions.
Thanks and happy to discuss.

Hi John,
If I understand your question correctly, the answer is that the Ministry of Environment and Climate Change (MOECCC) is not required to be a party to the FHP credit facility intercept MOU/letter agreement. The letter agreement is intended to be between the "responsible ministry" (in this case Ministry of Energy (MOE)) and the public body (in this case IESO).
The intercept would apply to money appropriated by the Legislature for "payment to the public body". Therefore, money appropriated by the Legislature for payment to a different ministry, a different public body, or to MOE (or an agency of MOE, etc.) for a program *unrelated* to the IESO, would not be caught by the intercept.
I've included an excerpt below which should be helpful in this regard. Please let me know if you would like to discuss further.

Excerpt from OFA Lending Policy (emphasis added):
Pursuant to section 23 of the *Capital investment Plan Act* and prior to any loan agreement entered into between the OFA and a public body, such public body and its responsible ministry are to agree that the Minister of Finance is entitled to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts that the public body fails to pay to the OFA on account of indebtedness under its loan agreement with the OFA. In addition, the public body is to agree that any notice from the OFA to the Minister of Finance in relation to its failure to pay under its loan agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

Sorry, I was reading and typing quickly through my iphone at lunch table. My understanding is that OPG is looking for priority of payments on all funds flowing through the IESO and the new potential complication arising from the Green ON Fund money flowing through the IESO could be another form of such payments. My assessment is the same with you Ken that Green ON Fund, like the social programs funded through the IESO, would not be intercept-able. So I agree with your comments and especially the part about there being no operational funding [from the Province] flowing through to the IESO at this time on the Energy's side.
I am working on clarifying above mentioned understanding [on the MOECC side] with TBS staff.

Hi Sarah,
I forgot to mention this on our call. I have been receiving a number of originals of the borrowing notices sent by OPG to OEFC and a copy of the prom note from Kelly Listoe in Capital Markets, the reason being because we worked on the main agreements quite awhile ago now. I am wondering though whether these should actually be sent to you for safekeeping as opposed to us now. I am happy to scan them and also file them here but wondering whether we need too?
I am assuming that the OFA keeps the actual prom note on behalf of OEFC.

Hello all,
I want follow-up the previous email to clarify the Amending Agreement November 22, effective date. Once the Intercept Letter Agreement is signed we may sign the FHP Agreement and Amending Agreement No. 10 this week.
On November 21, it is expected that the majority of the outstanding balance under the existing $975M Credit Facility will be transferred to the $2B FHP Credit Facility. After the specified balance has been moved from the $975M Credit Facility, this will allow us to reduce the credit facility limit to $475M on November 22. Please let me know if you have any further questions or if you would like to discuss further.
Thanks,
Will

Hello all,
I want follow-up the previous email to clarify the Amending Agreement November 22, effective date. Once the Intercept Letter Agreement is signed we may sign the FHP Agreement and Amending Agreement No. 10 this week.
On November 21, it is expected that the majority of the outstanding balance under the existing $975M Credit Facility will be transferred to the $2B FHP Credit Facility. After the specified balance has been moved from the $975M Credit Facility, this will allow us to reduce the credit facility limit to $475M on November 22. Please let me know if you have any further questions or if you would like to discuss further.
Thanks,
Will

Thanks Lisa – this version of AA#10 now looks fine.

We now need to make the final adjustments to both agreements based on the new November 6 closing. I will look at the documents this afternoon and forward any changes I note as required – I would like to be in a position to sign early on Monday if possible.

Hi Lisa,
Right after I send my previous email Sarah informed me you intentionally left the Intercept language out.
The Intercept language from the FHP document version received on Friday, October 27, 4:13pm.
I have highlighted my changes.
Thanks,
Will

Hi Will,
From which version did you add the intercept language? We are still finalizing that language with the IESO so it may need to be revised/replaced once confirmed. Can you please highlight the small changes you are referring to?
Thank you,
Lisa

Hello Lisa,
I have discussed the Amending Agreement No. 10 with Sarah and made small changes and added the 5.7 Intercept language directly from the FHP.
Thanks,
Will
