Commented [BA16R15]: Fine with this. Consistent with the directive.

Commented [LS17]: IESO has provided an explanation in their cover e-mail regarding deletion of this 12-month requirement. It is a business decision whether to accept this change. Is it a requirement based on the supporting documentation (I don't believe it's captured in the directive)?

Commented [WT19]: We no longer include this language in in any of our debt documentation and query whether it is necessary.

The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "Grid Note"). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance for a further period of 7 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

Commented [SH16]: Drafting on the revised provision needs to be completed if included

(3) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(4) The Note shall at all times rank *pari passu* with all other unsubordinated Indebtedness of IESO, subject to the existence of any Permitted Liens of IESO.

~~(2)~~ Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the OFA's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

~~(3)~~(2)

~~(4)~~(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the IESO promissory note in respect of Advances held by it.

Section 3.5 Evidence of Indebtedness

The IESO agrees that in the absence of manifest error, the Credit Facility Records kept by the OFA shall be conclusive evidence of the obligations of the IESO to the OFA under this Agreement with respect to all Loans and all other amounts owing by the IESO to the OFA under this Agreement, provided that that the failure of the OFA to record or correctly record any amount or date shall not affect the obligation of the IESO to pay the outstanding principal amount of each Loan and interest on each Loan in accordance with terms set out in this Agreement. After a request by the IESO, the OFA shall promptly advise the IESO of any entries made in the Credit Facility Records.

Commented [SH17]: Not a defined term. We also say that IESO is executing a grid note. How do the electronic records work together with the Grid Note?

Hi Patrick

Apologies, regarding the French translation. 1) I had updated using my high school French and 2) in the translation I had missed updating the change in date from June to December 31, 2017. I have revised in attached "4 – CIPA s.22…" , but of course, this should be reviewed.

Thanks
Bruno

Hi Patrick,

As the OIC package was going through our OFA approvals, we have now been directed that the OIC amount should be $2.0 billion, with an expiry date of June 30, 2047, to line up with the IESO request and the term of the FHP.

I'll recirculate the updated LRC package once I get a finalized version in place. Could we update the OIC to reflect this as I know it may take some time.

Let us know.

Thank you,
Salman

s. 1 Proposal and Context

- Approval is being sought for an OIC under section 22 of *Capital Investment Plan Act, 1993* ("CIPA"), which will authorize the Minister of Finance to provide loan(s) to the Ontario Financing Authority ("OFA") in an amount of up to $2.0 billion. Under the proposed OIC, repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by [December 31, 2047].

- Subsection 22(1) of CIPA authorizes the Minister of Finance to make loans to the OFA in the amounts, times and on the terms and conditions authorized by Lieutenant Governor in Council ("LGIC"). Subsection 22(2) provides a statutory appropriation for loans made by the Minister to the OFA under subsection 22(1).

- Existing OICs authorize the Minister of Finance to provide loans to the OFA under which the OFA has provided loans and credit facilities to colleges, school boards and other public agencies such as Infrastructure Ontario, IESO, Ontario Lottery and Gaming Corporation and Liquor Control Board of Ontario.

- This proposed OIC is required to expand the overall Minister of Finance lending authority to the OFA to allow the OFA to provide loans under credit facilities requested by the Independent Electricity System Operator ("IESO").
    - This will help the IESO to fulfil the commitments under the proposed Fair Hydro Act, 2017, under anticipated and potential timing differences in the implementation of the proposed Fair Hydro Plan.
    - The timing of this OIC is critical to ensure borrowing authority for the OFA is available to provide the IESO its requested financing arrangements upon the enactment of the proposed *Ontario Fair Hydro Plan Act, 2017.*

s. 2 Approach and Intended Outcomes

- Under CIPA, the OFA provides financing to public bodies as directed by the Minister of Finance. The OFA obtains the funds it needs for its lending program by borrowing from the Province. This OIC would authorize the Minister of Finance under section 22 of CIPA to provide additional loans to

the OFA.

- As per subsection 3(1) of CIPA, the Minister of Finance is responsible for the administration of CIPA with respect to the OFA.

- This proposed OIC is required to assist in fulfilling the commitments under the proposed *Ontario Fair Hydro Plan Act, 2017.*

- It is expected that as part of the implementation of the proposed arrangements, the Minister of Finance will direct the OFA to provide a revolving credit facility for short term financing related to the on-going *Ontario Fair Hydro Plan Act, 2017*. In particular, the OFA would be directed to provide a credit facility to the Independent Electricity System Operator ("IESO"). The IESO is a public body for the purposes of CIPA.

- Under the proposed *Ontario Fair Hydro Plan Act, 2017,* the IESO would incur a monthly funding shortfall in the early years of the plan, as a portion of the Global Adjustment charge to ratepayers will be deferred to the future. Global Adjustment amounts initially collected will, therefore, be insufficient to fund the IESO's contractual obligations to electricity producers and service providers.

- The proposed *Ontario Fair Hydro Plan Act, 2017* allows the IESO the right to recover those deferred amounts from specified consumers in the future (the "regulatory asset") and the ability to sell that asset.
    - It is anticipated that the regulatory asset would be purchased by the financing entity to be established by OPG ("OPG SPV", an OPG special purpose vehicle or trust).
    - The cash received would be used by the IESO to fund the current Global Adjustment shortfall.

- However, there is expected to be initial and potential ongoing IESO cash flow requirement timing differences. The OPG SPV is not anticipated to be established and able to borrow to finance the purchase of the regulatory asset from the IESO until later in 2017. Even once the SPV is set up to borrow, there may be timing differences between the IESO's monthly settlement process when it has to pay generators and when the SPV purchases the asset from IESO. Also, under the proposed legislation, OPG's SPV is not required to purchase any portion of the regulatory asset.

- As a result, IESO requires short-term financing to be in place for initial and potential monthly timing differences, or in the event that the OPG SPV, at any

time, does not purchase a portion of the regulatory asset.

- IESO has requested that the OFA provide a revolving credit facility of up to $2 billion to support its role in the implementation of the *Ontario Fair Hydro Plan Act, 2017*.
  It is proposed that the OIC authorization be for $2.0 billion, which would be in addition to existing authority for the Minister of Finance to provide loans to the OFA, to ensure that there is sufficient borrowing authority in place for the OFA to meet the IESO requirements.

- If approved, the Minister of Finance will subsequently provide a Directive to the OFA to direct it to provide credit facilities to the IESO in an amount not to exceed $2.5 billion.
  - The OFA currently provides a credit facility to the IESO of $975 million.
  - The IESO has requested that the existing credit facility be reduced to $475 million, and a new credit facility be provided of $2 billion, for a total amount of $2.475 million.

s. 3 Direction and Urgency

- As announced on March 2, 2017, and highlighted as a commitment in Budget 2017, the Province intends to implement the *Ontario Fair Hydro Plan Act, 2017,* which would reduce electricity bills by 25 per cent on average for eligible households.
- The ability for the OFA to have the requisite borrowing and lending capacity is instrumental in supporting implementation of the proposed *Ontario Fair Hydro Plan Act, 2017*.
- Ministry of Energy proposed regulations under the proposed *Ontario Fair Hydro Plan Act, 2017* are expected to track for Cabinet approval by end of June 2017. It is expected that this OIC also be submitted for approval concurrently as it supports a crucial component of the successfully implementation of the Fair Hydro Plan.
- A related Cabinet Minute from the Ministry of Energy is tracking for June 27, 2017 date.

s. 4 Impact Assessment and Costs

- With this OIC, the Minister of Finance will be authorized to lend an additional amount of $2 billion to the OFA. Subject to the terms and conditions of a Directive from the Minister of Finance, loans from the Minister of Finance to the OFA are expected to be at the Province's cost of funds.
- Loans advanced will result in increased borrowing in the debt markets by the Province.
- Loans are expected to be repaid and, therefore, no fiscal impact is expected.

s. 5 Implementation

- If the OIC is approved and signed, the Minister of Finance will have authorization to provide a loan to the OFA. A Directive from the Minister will be required that will provide direction to the OFA on how it can use the proceeds of the loan.

s. 6 Delivery and Results Tracking

- As described in section 2 above, the requirement for this OIC is a result of the Province's proposed *Ontario Fair Hydro Plan Act, 2017* and is required to ensure the timely implementation and support for the success of the Fair Hydro Plan.

s.7 Stakeholder Consultations

- As described in section 2 above, the requirement for this OIC is a result of the Province's proposed Fair Hydro Plan. The related Cabinet note for the initiative should be referred to.

MEMORANDUM TO: Scott Thompson
Deputy Minister of Finance

FROM: Gadi Mayman
Chief Executive Officer

SUBJECT: **Approval of an Order in Council under section 22 of the *Capital Investment Plan Act***

Attached for the Minister's review and consideration is a submission for an Order in Council ("OIC") under section 22 of the *Capital Investment Plan Act* ("CIPA") for the purpose of authorizing the Minister of Finance to make loan(s) to the Ontario Financing Authority ("OFA"). The proceeds from these loans would allow the OFA to lend to the Independent Electricity Systems Operator ("IESO") in connection with the implementation of the Province's proposed *Ontario Fair Hydro Plan Act, 2017*, subject to the approval of the Legislature.

IESO has requested that the OFA provide a revolving credit facility of up to $2 billion to support its role in the implementation of the *Ontario Fair Hydro Plan Act, 2017*.

Under the proposed *Ontario Fair Hydro Plan Act, 2017,* the IESO would incur a monthly funding shortfall in the early years of the plan, as a portion of the Global Adjustment charge to ratepayers will be deferred to the future. Global Adjustment amounts initially collected will, therefore, be insufficient to fund the IESO's contractual obligations to electricity producers and service providers. The proposed *Ontario Fair Hydro Plan Act, 2017* allows the IESO the right to recover those deferred amounts from specified consumers in the future (the "regulatory asset") and the ability to sell that asset. It is anticipated that the regulatory asset would be purchased by the financing entity to be established by OPG ("OPG SPV"), an OPG special purpose vehicle or trust). The cash received would be used by the IESO to fund the current Global Adjustment shortfall.

../2

There is expected to be initial and potential ongoing IESO cash flow requirement timing differences. The OPG SPV is not anticipated to be established and able to borrow to finance the purchase of the regulatory asset from the IESO until later in 2017. Even once the SPV is set up to borrow, there may be timing differences between the IESO's monthly settlement process when it has to pay generators and when the SPV purchases the asset from IESO. Also, under the proposed legislation, OPG's SPV is not required to purchase any portion of the regulatory asset.

As a result, IESO requires short-term financing to be in place for initial and potential monthly timing differences, or in the event that the OPG SPV, at any time, does not purchase a portion of the regulatory asset.

The OFA obtains the funding it needs to carry out its lending programs by borrowing from the Province. This proposed OIC authorizes the Minister of Finance to lend up to an additional Canadian $2.0 billion to the OFA. In addition, in order for the OFA to provide the IESO its requested credit facility, a direction from the Minister of Finance to the OFA under CIPA will also be required.

Attached for your signature is a memorandum from you to the Minister requesting that the Minister recommend the OIC. This OIC is on track to be considered at LRC on June 27, 2017 together with proposed Ministry of Energy submission for regulations related to the proposed *Ontario Fair Hydro Plan Act, 2017.*

Order in Council
Décret

On the recommendation of the undersigned, the Lieutenant Governor of Ontario, by and with the advice and concurrence of the Executive Council of Ontario, orders that:

Sur la recommandation de la personne soussignée, la lieutenante-gouverneure de l'Ontario, sur l'avis et avec le consentement du Conseil exécutif de l'Ontario, décrète ce qui suit :

WHEREAS pursuant to subsection 22(1) of the *Capital Investment Plan Act, 1993* (the "Act"), the Minister of Finance may purchase securities of or make loans to corporations established under subsection 2(1) of the Act in such amounts, at such times and on such terms and conditions as the Lieutenant Governor in Council considers expedient;

AND WHEREAS the Ontario Financing Authority (the "OFA") is a corporation established under subsection 2(1) of the Act;

AND WHEREAS pursuant to subsection 6(3) of the Act, the power of a corporation established under subsection 2(1) of the Act to borrow and issue securities, among other things, may only be exercised under the authority of a by-law that has been approved by the Minister of Finance;

AND WHEREAS the OFA wishes to borrow up to Two Billion Dollars in lawful money of Canada from the Minister of Finance and has been authorized to do so by a borrowing by-law approved in accordance with the Act;

THEREFORE:

Pursuant to subsection 22 (1) of the Act, the Minister of Finance is authorized to lend a maximum of Two Billion Dollars in lawful money of Canada to the OFA on the following terms and conditions:

(a) the loan may be advanced in such amounts and at such time or times as required by the OFA;

(b) repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by [December 31, 2047];

(c) each advance (an “Advance”) made under the loan hereby authorized shall bear interest at a rate which is determined as follows:

(i) from the date of the Advance to (but excluding) the date of repayment the Advance shall bear interest at a per annum rate equivalent to the yield earned on ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for longer than ninety days, the interest rate shall be reset on the last day of each ninety day period (the “Reset Date”) to the yield earned on ninety day Province of Ontario treasury bills immediately preceding the Reset Date for such ninety day period as determined by the Province;

(ii) in the event that moneys included in an Advance are used by the OFA for the purpose of funding loans to third parties (a “Third Party Loan”), the rate of interest payable by the OFA to the Province on the portion of the Advance so used shall be adjusted effective as of the date that the portion of the Advance is used to fund the Third Party Loan so that the per annum rate of interest payable by the OFA on such moneys is equivalent to the per annum rate of interest payable to the OFA under the Third Party Loan less an amount as may be determined by the Minister of Finance in respect of such Third Party Loan or a class of such Third Party Loans, until but excluding the date on which the Third Party Loan is repaid, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently used to fund loans to third parties, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Province on that portion of the Advance used to fund such loan, and so on, until the Advance shall be repaid to the Province in full;

(iv) despite subparagraphs (ii) and (iii), in the event that no interest is payable to the OFA under a Third Party Loan, no interest shall be payable by the OFA on the portion of the Advance so used and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period.

(d) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(e) despite paragraph (b) of this Order, interest on any portion of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the OFA receives payment of interest under the relevant Third Party Loan;

(f) despite paragraph (b) of this Order, any portion of the principal of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall become payable only to the extent the OFA receives repayment of principal under the relevant Third Party Loan; and

(g) the loan hereby authorized shall be evidenced by a promissory note.

(ii) dans l'éventualité où l'OOF se servirait de sommes comprises dans une avance pour financer des prêts à des tiers, le taux d'intérêt à payer par l'OOF à la province sur la partie de l'avance ainsi utilisée sera rajusté à la date à laquelle la partie de l'avance sera utilisée pour le financement du prêt à un tiers de façon que le taux d'intérêt annuel à payer par l'OOF sur de telles sommes soit équivalent à ce

dernier taux moins un montant que pourra fixer le ministre des Finances à l'égard d'un tel prêt ou d'une telle catégorie de prêt, jusqu'à la date (non comprise) à laquelle le prêt à un tiers sera remboursé, date à laquelle le taux d'intérêt établi au sous-alinéa (i) s'appliquera de nouveau à cette partie de l'avance;

(iii) dans l'éventualité où les sommes décrites au sous-alinéa (ii), une fois remboursées, seraient ultérieurement utilisées pour le financement de prêts à des tiers, le sous-alinéa (ii) s'appliquera de nouveau dans l'établissement du taux d'intérêt à payer à la province sur la partie de l'avance utilisée à cette fin, et ainsi de suite, jusqu'à ce que l'avance ait été remboursée intégralement à la province;

(iv) malgré les sous-alinéas (ii) et (iii), dans l'éventualité où aucun intérêt ne serait payable à l'OOF au titre d'un prêt à un tiers, aucun intérêt ne sera à payer par l'OOF sur la partie de l'avance ainsi utilisée et dans la mesure où les conditions du prêt à un tiers prévoient le report du paiement d'intérêts courus pour une période, le paiement d'intérêts au titre d'une avance ou d'une partie d'une avance sera également reporté pour une période d'égale durée;

d) l'intérêt payable relativement à toute période de moins d'un an sera calculé en fonction du nombre de jours réellement compris dans cette période, par rapport à une année comptant 365 jours;

e) par dérogation à l'alinéa a) ci-dessus, l'intérêt sur toute partie d'une avance consentie à l'OOF dans le cadre du prêt que cette dernière utilise pour financer un prêt à un tiers est calculé comme il est indiqué ci-dessus, mais cet intérêt devient payable uniquement dans la mesure où l'OOF reçoit un paiement d'intérêts au titre du prêt à un tiers;

f) par dérogation à l'alinéa b) ci-dessus, toute partie du capital d'une avance consentie à l'OOF dans le cadre du prêt que cette dernière utilise pour financer un prêt à un tiers devient payable uniquement dans la mesure où l'OOF reçoit un remboursement du capital au titre du prêt à un tiers

g) le prêt autorisé en vertu des présentes sera attesté par un billet à ordre.

Subject: FW: Question - OIC for new IESO Credit Facility
Date: Tuesday, June 13, 2017 15:11:23

Hi Carlos,

I have clarification in regards to the T-Bill rate.

(i) 90 day T-bill rate applies if OFA does not lend out the funds.
(ii) 25 bps applies if OFA lends out the funds.

Subject: RE: Question - OIC for new IESO Credit Facility

Hi Mike,

The OIC is drafted using wording that is similar to the wording already being used in the existing OICs where the OFA borrows money from the Minister (i.e. underpinning college loans, existing IESO-OFA Credit Facility, etc.).

The OIC permits the OFA a couple of options:

(i) the OFA simply borrows funds from the Minister without lending to 3rd parties. In that case, the OFA would pay to the Minister at a rate equal to **the 90 day ONT T-Bill yield, reset every 90 days.** For **the purpose of this OIC (**that is, for the OFA to lend funds to IESO) **this provision would not be used**.

(ii) the OFA borrows funds from the Minister and then lends those funds to 3rd parties. In this case, the OFA would pay the Minister at the rate **equivalent to the rate of interest payable to the OFA under 3rd party loan, less an amount as may be determined by the Minister of Finance** in respect of such Third Party Loan or a class of such Third Party Loans. This would be the section applicable to for the OFA lending to IESO. In this circumstance, the OFA can charge IESO Ontario's cost plus 25bps; the OFA would then pay the Minister at this rate, less an amount as may be determined by the Minister.

So the short answer is that, under option (ii), the OFA can charge IESO's cost of plus 25 bps, and then the OFA must pay the Minister at the same rate on the funds, less an amount determined by the Minister. The fact that the Minister decides the amount to be deducted gives us flexibility in determining the

spread to deduct when paying back the Province.

The only time option (i) comes into play is IF the OFA ever wants to borrow funds from the Minister without lending those funds to third parties.

Hi Sarah:
Are you saying the wording in the OIC is general and that we can charge IESO Ontario's cost plus 25 bps separately?

Thanks, Mike

Subject: FW: Question - OIC for new IESO Credit Facility

Hi Mike,

I originally sent this e-mail below to Linda and she thought it looked fine, but she thought I should also run it by you.

As part of putting in place the new credit facility between IESO and the OFA, a new OIC is required for the OFA to borrow from the Province, so the Province may in turn make loans to IESO. As matter of prudence, I am asking is for you to review the rates that the OFA pays to the Province in the OIC are still appropriate. The OIC package must go to the DMO today.

In short, the rates included in the OIC are effectively the same as the existing OIC underpinning the $975 million credit facility between the OFA and IESO. Specifically, section(c)(ii) of the OIC says if the OFA uses the borrowed monies to fund 3rd party loans, then the rate will **be equivalent to rate of interest payable to the OFA under 3rd party loan less an amount as may be determined by the Minister of Finance** in respect of such Third Party Loan or a class of such Third Party Loans.

The OIC also contains a more general borrowing rate. That is, Section (c)(i) says if the OFA simply borrows funds from the Minister (which have not been loaned to a third party), the OFA pays the rate equal to **the 90 day ONT T-Bill yield.** However, for the purposes of this OIC, it is unlikely that this section would ever be used.

Again, both rates above are consistent with existing OICs.

Please let me if these rates look okay.

Thanks,
Sarah

Subject: Question - OIC for new IESO Credit Facility

Hi Linda,

As a matter of prudence, I just wanted to check with you on one aspect of the draft OIC for OFA to make loans to IESO under the proposed credit facility in relation to the Fair Hydro Plan. The OIC package will be delivered today to the DMO, but I wanted to confirm with you that the rates that under the Section (c) of the attached OIC are still appropriate (perhaps it is I should be asking Mike?, but since this is IESO related, I wanted to check with you first).

Section (c) deals with the rates the OFA pays to the Minister for any funds it borrows, and is essentially the same as the OFA's existing OIC from 1999. Section (c)(i) says if the OFA simply borrows funds from the Minister (which have not been loaned to a third party), the OFA pays the rate equal to **the 90 day ONT T-Bill yield.** Section(c)(ii) says that if the OFA uses the borrowed monies to fund 3rd party loans, then the rate will **be equivalent to rate of interest payable to the OFA under 3rd party loan less an amount as may be determined by the Minister of Finance** in respect of such Third Party Loan or a class of such Third Party Loans.

Please let me know your thoughts.

Thanks,
Sarah

Considerations regarding this NDA and the retention of an adviser:

Some issues that should be considered in retaining an adviser:

- Exactly what is the scope of the advice being sought. If the advice is restricted to advising on market timing and potential demand for certain securities, this is more limited than broader advice relating to structuring the transaction;
- It should be clear who the adviser is working for, and how the advice will be presented to the Province.
- Are there potential conflicts of interest between the adviser's role as an adviser and as a potential underwriter or other business of the adviser?

In addition, it should be considered whether it is appropriate to have an adviser without an agreement for the services that the adviser would be providing. The NDA protects the Province with respect to the disclosure of the information to third parties, but it does not set out the role, responsibilities or other matters relating to conflicts or other duties of the adviser. Terms of such an agreement that may be considered in such a context include:

- Scope of engagement;
- Performance Warranty – setting out the standard to which the adviser is to carry out the work and provide advice;
- Copyright and IP provisions;
- Conflict of interest provisions – setting out the primary duties of the adviser and how they must conduct themselves with respect to any potential conflicts;
- Indemnities – setting out the adviser's indemnities to the MOE for certain risks.

Hello All,

This is to provide a status update for the existing $975 million OFA IESO Credit Facility (to be reduced to $475 million) and new $2 Billion FHP Credit Facility agreements. The agreements will be executed immediately after certain approvals have been made.

Currently, FHP related advances are being drawn on the existing $975 million OFA IESO Credit Facility. Once the agreements are in place, the intention is to have IESO draw primarily from the new $2 Billion FHP Credit Facility and reduce the existing $975 million OFA IESO Credit Facility down to the $475 million.

According to IESO the next draw will occur on October 20, for $840 million (outstanding loan + new advance).

The amount for the subsequent draw on November 21, is currently unknown but is expected to exceed the existing $975 million OFA IESO Credit Facility limit.

Assuming the $2 Billion FHP Credit Facility agreement is signed before November 21, we are considering two options for the November 21 advances:

(1) IESO will submit a borrowing notice for the November draw to be drawn entirely from the $2 Billion FHP Credit Facility.

Or

(2) IESO will submit a borrowing notice to draw a portion from the $2 Billion FHP Credit Facility in combination with an election notice to draw a portion of the remaining outstanding amount to allow for the existing OFA IESO Credit Facility to be reduced to a level below $475 million.

I will be consulting with IESO to determine which of these options will be chosen and will advise as to the option selected. I understand these facilities will need to be updated in OLMS. I am providing this information to all parties so that they may determine what arrangements are necessary in this regard.

Thanks,

Best regards,

Hello Carlos,

IESO will likely require a total advance of $840 million (outstanding loan + new advance) on October 20.
Borrowing/Election Notice to be received on October 18.
Currently, the $2 Billion FHP Credit Facility Agreement has not been executed yet.
Once the $2 Billion FHP Credit Facility Agreement is signed, the November 21 advance can be done in a variety of ways:

Examples:

i. All Amounts mature under the $975 million Existing Credit Facility (reduce the Existing Credit Facility to $475 million).
   Advance the entire required balance from the $2 Billion FHP Credit Facility.

   Requires: One Borrowing Notice from the $2 Billion FHP Credit Facility.

ii. Portion Enough of the outstanding balance is allowed to mature to fit under the to $475 million Credit Facility.
   Advance the matured portion and new advance to the $2 Billion FHP Credit Facility.

   Requires: Election Notice $475 million Existing Credit Facility.
   Borrowing Notice $2 Billion Credit Facility.

John, please notify Carlos of the preferred method of rolling over/advancement of the amounts (above are suggestions only) and how to structure the transaction on OLMS.

Hello Victor,

We apologize for the delay in replying back on the draft amending agreement. ~~.~~ ~~T~~The proposed change~~s~~ regarding the Use of Proceeds ~~to Amending Agreement 10, which triggered~~required internal discussion~~s~~ to work through~~s~~ t~~which led to the delays~~he proposed wording. I will send you a revised mark-up next week, but ~~If we can agree~~ would ask if IESO is able to agree to the following key items:

~~**Paragraph 4 - to "sticking points" I can send you a draft early next week.**~~

USE OF PROCEEDS:

Would IESO be able to agree the following addition to IESO's proposed "Use of Proceeds":

> *"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time**, provided that Advances may be used only for liquidity purposes**."*

Our current Ministerial Directive provides that advances under the facility may only be used for liquidity purposes, and hence we would prefer to include the qualification.

If this is not acceptable, would you please let us know **by Monday**, as we would need to seek a new Directive, and the timing is very tight given our Minister's vacation schedule.

Paragraph 2

This language should revert back to the original language~~.~~:

> *"2. On the date of this Amending Agreement and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form of the grid note attached hereto and indicating a total principal amount of Advances Outstanding to date of $114,383,131 .40. "*

Schedule 3 is the Form of Grid Note to be delivered. The actual grid note is a separate document (adhering to the form of the Grid Note attached in the Schedule, signed and delivered on the effective date of the Amending Agreement prior to any further Advance). Because the Grid Note is updated with each Advance, if it forms part of the Agreement as a Schedule, each update would have to be treated as an amendment. This is not consistent with how the OFA administers its loans and is not consistent with how the OPA/IESO loans have been administered. ~~The mark-up tracks changes to the OFA's original drafting.~~

~~"2. On the date of this Amending Agreement and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form of the grid note attached hereto and indicating a total principal amount of Advances Outstanding to date of $114,383,131 .40 . Hi Ken,

We held an internal meeting to discuss issues identified by Lisa and Toby regarding inclusion of an intercept provision in the $2B Credit Facility as well the factors that the OFA needs to consider on whether or not to seek a security interest in the regulatory asset. We have determined that further information is required from IESO to make a determination on this matter, and believe it would be appropriate for you, in conjunction with Mike Manning, to make the final determination on these matters.

Intercept Provision - Background

Regarding the inclusion of the intercept provision, the OFA lending policy, http://portal.ofina.on.ca/sites/ld/OFA%20Policies/OFA%20Lending%20Policy%20Final%20(April%2016%202010).pdf, stipulates the OFA must include an intercept provision, unless the OFA either receives an exemption form the OFA Board OR receives direction from the Minister, Cabinet etc.

Question for Ken: Are you aware of how OFA could determine if the Legislature has appropriated funds for IESO? If the amounts are minimal, the argument for inclusion of an intercept provision would seem especially weak.

Security Interest - Background

To further clarify how the OFA would take a security interest in the Regulatory Asset, any security interest would only be applicable while the IESO was the holder of the asset, and only while it is being held by the IESO with money borrowed from the OFA.

> The steps of the transaction would be:
>
> 1 – The IESO makes payments to electricity producers at the contracted rate, but charges consumers a rate that is set by the FHP, which leaves a shortfall that must be made up;
> 2 – The IESO borrows money from the OFA to finance the shortfall – it is at this stage that the OFA would consider taking a security interest in the asset, up to the amount that the OFA lends to the IESO;
> 3 – The IESO bundles the right to charge consumers for the shortfall in the future through the GA into the Regulatory Asset, which is sold to the OPG SPV, which sale can be of the asset free and clear of any security interest;
> 4 – The IESO repays the OFA for the loan.
>
> Steps 3 and 4 can happen simultaneously. If it is deemed to be something that the OFA would like to do, the security interest would only apply while the IESO holds the assets that it creates using the OFA loan to finance the purchase of electricity that it does not charge for. Once the asset is sold to the OPG SPV, the loan can be repaid and the security interest that the OFA had in the asset can be discharged.

Draft E-mail to IESO

We would like to ensure that we obtain from IESO all the information that would be required to make a risk assessment as to whether an intercept provision and/or a security interest by the OFA in the Regulatory Asset would be required.

Request for Ken - We are drafting an e-mail to IESO (below) to request any information that is pertinent for an analysis of the above matters. We would appreciate if you could please review the draft and amend it include all key questions you would require to make a risk assessment.

> *"Dear Anthony,*
>
> *My apologies for the delay in providing the next turn of the FHP Credit Facility Agreement. We became aware of a potential requirement under the OFA's lending policy which needs to be considered internally for which we require additional information. Would you kindly provide answers to the following questions?*
>
> - *Does IESO have other financial obligations (such as but not limited to swap agreements, other financial obligations etc) that could become due and adversely impact IESO's ability to pay its debts when they become due?*
> - *Does IESO have any other financial obligations or security interest that could attach to the Regulator Asset/Special Purpose Vehicle?*
> - *[Include additional questions]*
>
> *I also wanted to make you aware that due to the internal assessment that must be made in respect of the lending policy, we will likely not be able to execute the new FHP facility prior to IESO's next funding request (for which you will be providing notice on August 17th, for funding on August 21st). Accordingly, the August FHP draw will be made under the existing $975 million OFA-IESO credit facility. At the time we execute the new $2B facility, we would be able to transfer any amount of loans exceeding $475 million (being the reduced facility limit under the draft amending agreement) under the existing facility to the new facility.*
>
> *Best regards,"*

Question for Ken: In reference to the last sentence above in the draft e-mail to IESO, the original plan for the financing structure for IESO credit facilities was to (i) execute a new $2B FHP facility and (ii) reduce the existing $975 million facility by $500 million to $475 million. This would create a total global limit of $2.475 billion. Ideally these 2 agreements would have been executed prior to the August draw from IESO (since IESO's August draw will likely bring the balance of the existing credit facility to approx. $500M). **Are there any particular obstacles from an operational (settlement, cash, accounting, risk) with transferring 'excess loans' (i.e. an amount under the existing credit facility exceeding) to the new credit facility?** We would simply be looking to re-allocate loan amounts for relevant loans between the existing facilities to the new facility, without any cashflow impacts. From a legal perspective we expect this should be fine, as we can work out those particulars with IESO.

Impact of Intercept Provision

Regardless of whether the OFA decides to include or exclude the intercept provision, the execution of the FHP facility will be delayed, likely for a number of weeks. Ideally, we would not need to include an

intercept provision. If this decision is made, a directive will need to be obtained from the Minister to this effect, potentially taking a few weeks. If it is a determined an intercept provision is required, then this will likely even take longer than getting a directive from the Minister. Since the OFA would need to go back to MOECC to effect the following:

- MOECC will need to agree with IESO on acceptance of the Intercept Provision in the credit facility
- The OFA and MOECC will require an MOU whereby the parties agree on the inclusion of a the intercept provision

Hi Ken,

We held an internal meeting to discuss issues identified by Lisa and Toby regarding inclusion of an intercept provision in the $2B Credit Facility, as well the factors that the OFA needs to consider on whether or not to seek a security interest in the Regulatory Asset. We will need to obtain further information from IESO, and think it would be necessary for you, in conjunction with Mike Manning, to make the final determination on these matters.

Security Interest - Background

In reference to Bruno's comments and your comments below, if the OFA were to take a security interest in the Regulatory Asset, any security interest would only be applicable while the IESO was the holder of the asset, and only while it is being held by the IESO with money borrowed from the OFA.

The steps of the transaction would be:

1 – The IESO makes payments to electricity producers at the contracted rate, but charges consumers a rate that is set by the FHP, which leaves a shortfall that must be made up;
2 – The IESO borrows money from the OFA to finance the shortfall – it is at this stage that the OFA would consider taking a security interest in the asset, up to the amount that the OFA lends to the IESO;
3 – The IESO bundles the right to charge consumers for the shortfall in the future through the GA into the Regulatory Asset, which is sold to the OPG SPV, which sale can be of the asset free and clear of any security interest;
4 – The IESO repays the OFA for the loan.

Steps 3 and 4 can happen simultaneously. If it is deemed to be something that the OFA would like to do, the security interest would only apply while the IESO holds the assets that it creates using the OFA loan to finance the purchase of electricity that it does not charge for. Once the asset is sold to the OPG SPV, the loan can be repaid and the security interest that the OFA had in the asset can be discharged.

Intercept Provision - Background

Regarding the inclusion of the intercept provision, the OFA lending policy (http://portal.ofina.on.ca/sites/ld/OFA%20Policies/OFA%20Lending%20Policy%20Final%20(April%2016%202010).pdf) stipulates the OFA must include an intercept provision, unless the OFA either receives an exemption form the OFA Board OR receives direction from the Minister, Cabinet etc.

The intercept provision provides that in the event of non-payment by IESO to the OFA under the Credit Facility, the Minister may take funds appropriated by the Legislature for IESO, and may instead use the funds to repay the OFA (in the amount that IESO has defaulted under the facility).

Question for Ken: Are you aware of how OFA could determine if the Legislature has appropriated funds for IESO? If the amounts are minimal, there would seem token benefit to include the intercept provision in the agreement

Draft E-mail to IESO

We would like to ensure that we obtain from IESO all the information that would be required to make a risk assessment as to whether an intercept provision and/or a security interest by the OFA in the Regulatory Asset would be required.

Request for Ken: We are drafting an e-mail to send to IESO today (below) to request information that is pertinent for an analysis regarding these matters. We would appreciate if you could please review the draft and amend it to include all key questions you would require to make a risk assessment.

In reference to the last sentence above in the draft e-mail to IESO, the intended financing structure for IESO credit facilities is to (i) execute a new $2B FHP facility and (ii) simultaneously reduce the existing $975 million facility by $500 million to $475 million. This would create a total aggregated limit of $2.475 billion. Ideally these 2 agreements would have been executed simultaneously prior to the August draw from IESO (since IESO's August draw will likely bring the balance of the existing credit facility to approx. $500M, exceeding the intended revised $475 million limit).

Question for Ken: At the time we execute both agreements, are there any obstacles from an operational perspective (settlement, cash, accounting, risk) with transferring any 'excess loan amount' from the existing credit facility to the new FHP credit facility? We would simply be looking to re-allocate loan amounts for relevant loans from the existing facility to the new facility, without any cashflow impact. From a legal perspective we expect this should be fine, as we can work out the legal particulars with IESO.

General Note re: Timing Impact of Intercept Provision

Regardless of whether the OFA decides to include or exclude the intercept provision, the execution of the FHP facility will be delayed, likely for a number of weeks. **Ideally, we would not need to include an intercept provision.**

If the decision is made not to include the intercept provision, a directive will need to be obtained from the Minister to this effect, potentially taking a few weeks.

If it is a determined an intercept provision is required, then this will likely even take longer than getting a directive from the Minister. In this case, the OFA would need to go back to MOECC to effect the following: (i)-MOECC will need to agree with IESO on acceptance of the Intercept Provision in the credit facility and (ii) The OFA and MOECC will require an MOU whereby the parties agree on the inclusion of a the intercept provision

Hi Lisa,

We've accepted a lot of your changes and highlight the following remaining issues and changes:

"Subsidiaries" - we would like to include all references to subsidiaries, as it was deliberately included in the other 2010 IESO-OEFC Credit Facility. We've also included the definition of "**Material Subsidiary**", which should have been included, as it was in the 2010 Credit Facility

Section 2.2 – Changes accepted, however, Toby to confirm Reg. 280/14 reference? Also, IESO to confirm reference to "short to medium" term

Section 3.3 – Does this language actually need to be amended any further? It was based on the language of amending agreement #9 of the original $975m OPA-OFA Credit Facility agreement.

Section 3.5 – Included the words "a Material Subsidiary" in respect of the MAC clause, per your suggestion

Original Section 4.1 – Deleted per your comment, as it is redundant. Section 4 numbering has been re-numbered along with any corresponding references in the agreement.

"New" Section 4.1 – Keep reference to 7.1, as we prefer to keep this reference, which was also in 2010 IESO-OEFC Credit Facility

Newly renumbered Section 4.2 – Maintenance of Properties – Would like to discuss with you directly, as this is a little ambiguous role of OFA vs. Province.

Newly renumbered Section 4.7 – Have included timeframe as "promptly"

Original Section 5.1(c) – deleted as was redundant and referenced the now deleted section 4.1 (per above). As a result of deletion, references (d), (e), (f), (g), and (h) under section 5.1 has been renumbered

Throughout the agreement, have added "the" in front of "IESO" and "OFA"

Section 7.1 –We would like to include section, as it was included in 2010 OEFC-IESO credit facility. Corresponding reference in Section 4.1 should be kept.

DIRECTIVE

MINISTER OF FINANCE

INDEPENDENT ELECTRICITY SYSTEM OPERATOR LINE OF CREDIT

TO: ONTARIO FINANCING AUTHORITY

Whereas:

Pursuant to a directive dated December 22, 2004 the Minister of Finance approved and directed the Ontario Financing Authority ("OFA") to make loans (the "Loans") to the Ontario Power Authority ("OPA") from time to time, as considered necessary by the OPA to meet its purposes, up to the maximum aggregate amount of $500 million, and to enter into a revolving credit facility agreement setting out the terms of the Loans (the "Credit Agreement").

Pursuant to a further directive dated October 3, 2005 the Minister of Finance approved and directed the OFA to increase the maximum aggregate amount of the Loans from $500 million to $975 million.

Effective January 1, 2015, the OPA and the Independent Electricity System Operator amalgamated and continued as a corporation without share capital under Part II of the Electricity Act, 1998 (the "Amalgamation") with the name Independent Electricity System Operator (the "IESO"). Under the Amalgamation the obligations of the OPA became obligations of the amalgamated corporation.

The IESO has requested that that the OFA decrease the maximum aggregate amount of the Loans from $975 million to $475 million to eliminate duplicate credit needs for the purpose of the implementation of the *Ontario Fair Hydro Plan Act, 2017*.

Commented [LS1]: Program area to confirm

It is now desirable to agree to the IESO's request to decrease the maximum aggregate amount of the Loans from $975 million to $475 million.

Therefore:

Pursuant to sub-section 16(2) of the *Capital Investment Plan Act, 1993*, the OFA is directed to amend the Credit Agreement to decrease the maximum aggregate amount of the Loans from $975 million to $475 million.

Hi Lisa/all,

I thought I'd take this time to send around some background information that you may or may not have – just to ensure we're working from the same documents for reference.

Please see attached:

1) LRC Approval Form: Some background notes on the OIC being recommended for approval for the June 27, 2017 LRC/Cabinet date.
2) Proposed OIC: OIC being recommended for approval for the June 27, 2017 LRC/Cabinet date.
3) Request Letter from IESO outlined some of the key terms of the proposed agreement. OFA agrees with the request.
4) To help facilitate, I used an older directive (Algonquin College from 2011), did a new version for this agreement. Defer to Lisa on the language though.

Timing:

- Unless otherwise instructed, we are looking to have the agreement in place for July 1, 2017 (business day: July 3, 2017).
- We're hoping that we can finalize the directive by next week. Both the agreement and the directive are expected to be worked on simultaneously.
- We should aim to get a first draft agreement to IESO as soon as we can as well.
- OIC should be in approved for Tuesday, June 27, 2017.

As I type this, I do not think we can have the directive signed before the OIC is approved since the directive makes reference to the OIC. Any thoughts on this are welcome.

Happy to discuss further once you have reviewed, as needed.

Thank you,
Salman

s. 1 Proposal and Context

- Approval is being sought for an OIC under section 22 of *Capital Investment Plan Act, 1993* ("CIPA"), which will authorize the Minister of Finance to provide loan(s) to the Ontario Financing Authority ("OFA") in an amount of up to $2.0 billion. Under the proposed OIC, repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by December 31, 2047.

- Subsection 22(1) of CIPA authorizes the Minister of Finance to make loans to the OFA in the amounts, times and on the terms and conditions authorized by Lieutenant Governor in Council ("LGIC"). Subsection 22(2) provides a statutory appropriation for loans made by the Minister to the OFA under subsection 22(1).

- Existing OICs authorize the Minister of Finance to provide loans to the OFA, and in turn the OFA has provided loans and credit facilities to colleges, school boards and other public bodies such as Infrastructure Ontario, IESO, Ontario Lottery and Gaming Corporation and Liquor Control Board of Ontario.

- This proposed OIC is required to increase the authority of the Minister of Finance to lend to the OFA which will provide the OFA with the capacity to provide additional loans to the Independent Electricity System Operator ("IESO").
    - This will help the IESO to fulfil the commitments under the *Fair Hydro Act, 2017* as the IESO will have to finance short to medium term funding shortfalls in the implementation of the Fair Hydro Plan.
    - The timing of this OIC is critical to ensure that borrowing authority for the OFA is available to provide the IESO its requested financing arrangements under the *Ontario Fair Hydro Plan Act, 2017.*

s. 2 Approach and Intended Outcomes

- Under CIPA, the OFA provides financing to public bodies as directed by the Minister of Finance. The OFA obtains the funds it needs for its lending program by borrowing from the Province. This OIC would authorize the Minister of Finance under section 22 of CIPA to provide additional loans to the OFA.

- As per subsection 3(1) of CIPA, the Minister of Finance is responsible for the administration of CIPA with respect to the OFA.

- This proposed OIC is required to assist in fulfilling the commitments under the *Ontario Fair Hydro Plan Act, 2017.*

- It is expected that as part of the implementation, the Minister of Finance will direct the OFA to provide a revolving credit facility for short term financing related to the *Ontario Fair Hydro Plan Act, 2017*. In particular, the OFA would be directed to provide a credit facility to the Independent Electricity System Operator ("IESO"). The IESO is a public body for the purposes of CIPA.

- Under the *Ontario Fair Hydro Plan Act, 2017,* the IESO will incur a monthly funding shortfall in the early years of the plan, as a portion of the Global Adjustment charge to ratepayers will be deferred to the future. During this period, Global Adjustment amounts collected from ratepayers will, therefore, be insufficient to fund the IESO's contractual obligations to electricity producers and service providers.

- The *Ontario Fair Hydro Plan Act, 2017* gives the IESO the right to recover those deferred amounts from specified consumers in the future (the "regulatory asset") and the ability to sell the regulatory asset to a financing entity.
    - It is anticipated that the regulatory asset will be purchased by the financing entity to be established by OPG ("OPG SPV", an OPG special purpose vehicle or trust).
    - The cash received from selling the regulatory asset will be used by the IESO to fund the current Global Adjustment shortfall.

- There is expected to be initial and potential ongoing IESO cash flow requirement timing differences. The OPG SPV is not anticipated to be established and able to borrow to finance the purchase of the regulatory asset from the IESO until later in 2017 (planned for later in summer 2017; however, exact timing is subject to actual implementation). Even once the SPV is set up to borrow, there is expected to be timing differences between the IESO's monthly settlement process when it has to pay generators and when the SPV purchases the asset from IESO. Also, under the legislation, OPG's SPV is not required to purchase any portion of the regulatory asset.

- As a result, IESO requires short-term financing to be in place for initial and expected monthly timing differences, or in the event that the OPG SPV, at any time, does not purchase a portion of the regulatory asset.

- IESO has requested that the OFA provide a revolving credit facility of $2.0 billion to support its role in the implementation of the *Ontario Fair Hydro Plan Act, 2017*.

- It is proposed that the OIC authorizes the OFA to borrow an additional $2.0 billion, which would be in addition to existing authority for the Minister of Finance to provide loans to the OFA, to ensure that there is sufficient borrowing authority in place for the OFA to meet the IESO requested requirements.

- If approved, the Minister of Finance will subsequently provide a Directive to the OFA to direct it to provide credit facilities to the IESO.
    - The OFA currently provides a credit facility to the IESO of $975 million.
    - The IESO has requested that the existing credit facility be reduced to $475 million, and a new credit facility be provided of $2.0 billion, for a total amount of $2.475 billion.

s. 3 Direction and Urgency

- The Province passed legislation on May 31, 2017 to implement the *Ontario Fair Hydro Plan Act, 2017,* which will reduce electricity bills by 25 per cent on average for eligible households.
- The ability for the OFA to have the requisite borrowing and lending capacity is instrumental in supporting implementation of the *Ontario Fair Hydro Plan Act, 2017*.
- Ministry of Energy proposed regulations under the *Ontario Fair Hydro Plan Act, 2017* are expected to track for Cabinet approval by end of June 2017. It is expected that this OIC also be submitted for approval concurrently as it supports a crucial component of the successfully implementation of the Fair Hydro Plan.
- A related Cabinet Minute from the Ministry of Energy is tracking for June 27, 2017 date.

s. 4 Impact Assessment and Costs

- With this OIC, the Minister of Finance will be authorized to lend an additional amount of $2.0 billion to the OFA. Subject to the terms and conditions of a

Directive from the Minister of Finance, loans from the Minister of Finance to the OFA are expected to be at the Province's cost of funds.
- Loans advanced will result in increased borrowing in the debt markets by the Province.
- Loans are expected to be repaid and, therefore, no fiscal impact is expected.

s. 5 Implementation

- If the OIC is approved and signed, the Minister of Finance will have authorization to provide a loan to the OFA. A Directive from the Minister may provide direction to the OFA on how it can use the proceeds of the loan.

s. 6 Delivery and Results Tracking

- As described in section 2 above, the requirement for this OIC is a result of the Province's *Ontario Fair Hydro Plan Act, 2017* and is required to ensure the timely implementation and support for the success of the Fair Hydro Plan. Upon approval, the Minister of Finance will have authorization to provide a loan to the OFA with a directive on how the loan can be used.

s.7 Stakeholder Consultations

- As described in section 2 above, the requirement for this OIC is a result of the Province's *Ontario Fair Hydro Plan Act, 2017*. The related Cabinet note for the initiative should be referred to.

Order in Council
Décret

On the recommendation of the undersigned, the Lieutenant Governor of Ontario, by and with the advice and concurrence of the Executive Council of Ontario, orders that:

Sur la recommandation de la personne soussignée, la lieutenante-gouverneure de l'Ontario, sur l'avis et avec le consentement du Conseil exécutif de l'Ontario, décrète ce qui suit :

WHEREAS pursuant to subsection 22(1) of the *Capital Investment Plan Act, 1993* (the "Act"), the Minister of Finance may purchase securities of or make loans to corporations established under subsection 2(1) of the Act in such amounts, at such times and on such terms and conditions as the Lieutenant Governor in Council considers expedient;

AND WHEREAS the Ontario Financing Authority (the "OFA") is a corporation established under subsection 2(1) of the Act;

AND WHEREAS pursuant to subsection 6(3) of the Act, the power of a corporation established under subsection 2(1) of the Act to borrow and issue securities, among other things, may only be exercised under the authority of a by-law that has been approved by the Minister of Finance;

AND WHEREAS the OFA wishes to borrow up to Two Billion Dollars in lawful money of Canada from the Minister of Finance and has been authorized to do so by a borrowing by-law approved in accordance with the Act;

THEREFORE:

Pursuant to subsection 22 (1) of the Act, the Minister of Finance is authorized to lend a maximum of Two Billion Dollars in lawful money of Canada to the OFA on the following terms and conditions:

(a) the loan may be advanced in such amounts and at such time or times as required by the OFA;

(b) repayment of advances made under the loan plus accrued interest may be made in whole or in part at any time provided that the loan plus any accrued interest shall be fully repaid by December 31, 2047;

(c) each advance (an “Advance”) made under the loan hereby authorized shall bear interest at a rate which is determined as follows:

(i) from the date of the Advance to (but excluding) the date of repayment the Advance shall bear interest at a per annum rate equivalent to the yield earned on ninety day Province of Ontario treasury bills on the date before the Advance Date as determined by the Province, provided that if an Advance is outstanding for longer than ninety days, the interest rate shall be reset on the last day of each ninety day period (the “Reset Date”) to the yield earned on ninety day Province of Ontario treasury bills immediately preceding the Reset Date for such ninety day period as determined by the Province;

(ii) in the event that moneys included in an Advance are used by the OFA for the purpose of funding loans to third parties (a “Third Party Loan”), the rate of interest payable by the OFA to the Province on the portion of the Advance so used shall be adjusted effective as of the date that the portion of the Advance is used to fund the Third Party Loan so that the per annum rate of interest payable by the OFA on such moneys is equivalent to the per annum rate of interest payable to the OFA under the Third Party Loan less an amount as may be determined by the Minister of Finance in respect of such Third Party Loan or a class of such Third Party Loans, until but excluding the date on which the Third Party Loan is repaid, at which time the interest rate set out in subparagraph (i) shall again be applicable to that portion of the Advance; and

(iii) in the event that moneys described in subparagraph (ii), once repaid, are subsequently used to fund loans to third parties, subparagraph (ii) shall again be applicable in determining the interest rate payable to the Province on that portion of the Advance used to fund such loan, and so on, until the Advance shall be repaid to the Province in full;

(iv) despite subparagraphs (ii) and (iii), in the event that no interest is payable to the OFA under a Third Party Loan, no interest shall be payable by the OFA on the portion of the Advance so used and to the extent that the terms of a Third Party Loan provide for the deferral of the payment of accrued interest for a period, the interest payment terms of an Advance or portion thereof shall also be deferred for a similar period.

(d) interest for any period of less than one year shall be payable for the actual number of days included in such period, computed on the basis of a 365-day year;

(e) despite paragraph (b) of this Order, interest on any portion of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall accrue on the basis stated above but shall become payable only to the extent the OFA receives payment of interest under the relevant Third Party Loan;

(f) despite paragraph (b) of this Order, any portion of the principal of an Advance made to the OFA under the loan that is used by the OFA to fund a Third Party Loan shall become payable only to the extent the OFA receives repayment of principal under the relevant Third Party Loan; and

(g) the loan hereby authorized shall be evidenced by a promissory note.

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its intension to implement the proposed Fair Hydro Plan (FHP) to reduce electricity prices for eligible consumers in the province. Proposed legislation was introduced this month for the FHP. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that in order to support the IESO's role in FHP implementation it will need greater credit liquidity than currently exists.

An existing credit facility between the IESO and the Ontario Financing Authority (OFA) is currently available for $975 million which includes support for the current Regulated Price Plan (RPP) program. The IESO proposes that a separate and additional credit facility be provided by either the OFA or Ontario Electricity Financial Corporation (OEFC) to support only the FHP credit needs. A separate facility for the FHP is preferable to ensure operational efficiency and interest tracking.

IESO's FHP Credit Requirements and Rationale

Below we have outlined the IESO's expected credit needs including the current OFA facility as follows:

	OFA:IESO Facility	New FHP facility
Current credit facilities	$975 million	$ -
Reduction due to FHP	($500 million)	$ -
Increase due to FHP	$ -	$2,000 million
Totals Credit Facilities	$475 million	$2,000 million

The above $500 million reduction in the current OFA facility is to eliminate duplicate credit needs and reflect the replacement of the current RPP by the new FHP. In addition, the IESO has had recent discussions with OFA staff to explain the rationale to support the overall $2,000 million FHP commitment.

We suggest the new FHP credit facility consider the following key provisions:

- 5 year term - to align with the FHP's initial period of deferral of electricity prices plus a contingency period (i.e. to September 30, 2022);
- interest charge - to be Province's cost of funds for borrowing with a similar term as determined by OFA / OEFC plus 0.25 percent per annum;
- Draws - to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers; and
- Existing $975 million OFA facility : draws to permit for FHP purposes until a new separate credit agreement for FHP purposes has been made available;

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facilities and we will provide such evidence for your records.

We appreciate your continued support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

Kimberly Marshall

---

Per our call earlier this afternoon, please find attached clean and blacklined versions of the FHP Credit Agreement and Amending Agreement No.10 to the Existing Credit Agreement. These are ready for execution on Monday.

Per our discussion, I have removed the names of the OFA signatories which I understand you will fill in by hand when completed. Other than that there are very few changes to the text. Please note that in the final version of the FHP agreement I fixed the justification of the first two paragraphs of s.5.7 the Intercept clause (changed from full justify to left justify, consistent with the remainder of that clause and the Agreement generally).

As mentioned, I have also prepared separate Grid Notes for both agreements in the $2Bn and $475MM amounts. The $2Bn Note will be effective immediately and so will be provided by same day delivery. The $475MM Note does not become effective until the Effective Time on November 21 so we should discuss the appropriate manner of dealing with this Note pending its coming into effect.

Finally, I have updated the Incumbency Certificate and Certified Board Resolution to show current dates, and will complete the Intercept Letter with a Nov 6 date on Monday.

Let me know if you have any questions.

Regards,
Victor

Thanks Lisa – this version of AA#10 now looks fine.

We now need to make the final adjustments to both agreements based on the new November 6 closing. I will look at the documents this afternoon and forward any changes I note as required – I would like to be in a position to sign early on Monday if possible.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. The IESO shall make each such payment in Canadian Dollars.

ARTICLE 3
ADVANCES

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

(2) On or before the date of the first Advance hereunder, the IESO shall execute and deliver to the OFA a grid promissory note in respect of Advances substantially in the form of Schedule 3 (the "**Grid Note**"). Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(a) that the representations and warranties of the IESO contained in this Agreement are true and correct as at the date of making the Advance;

(b) that no Event of Default has occurred and is continuing;

All such costs, charges and expenses shall bear interest at the Province of Ontario's cost of funds plus 0.25 percent per annum (as determined by the OFA) calculated and payable monthly not in advance from in each case from the date on which the OFA incurs the cost, charge or expense until the date on which the IESO reimbursement the OFA therefor. Section 5.7 Intercept

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

(2) The IESO shall make any payment required hereunder to be made by it to the OFA, to or to the order of the OFA, by wire transfer of immediately available funds in accordance with wire transfer instruction given by the OFA to the IESO from time to time, or in such other manner as the OFA may specify to the IESO from time to time. ARTICLE 3
ADVANCES

Section 3.1 Advances.

The OFA agrees, on the terms and conditions of this Agreement, to make Advances to the IESO under the Credit Facility from time to time on any Business Day prior to September 23, 2022.

Section 3.2 Procedure for Advances.

(1) Subject to Section 3.3(5), each Advance shall be made subject to two Business Days' prior notice given not later than 10:00 a.m. (Toronto time) by the IESO to the OFA. Each notice of an Advance (a "**Borrowing Notice**") shall be substantially in the form of Schedule 1, other than a Borrowing Notice that is included in an Election Notice as permitted by Section 3.3(3). Each Borrowing Notice shall be irrevocable and binding on the IESO and shall specify (a) the requested date of the Advance; (b) the principal amount of the Advance, and (c) the Repayment Date of the Advance which shall not be earlier than 5 days and not later than 95 days after the date of the requested Advance. Each Borrowing Notice shall also certify the use of proceeds of the Advance which shall in any case be in accordance with Section 2.2. The OFA will make the principal amount of each Advance available to the IESO in accordance with Article 2.

Such notations, in the absence of manifest error, shall be *prima facie* evidence of such Advances and repayments; provided that the failure of the OFA to record any amount, rate or date shall not affect the obligation of the IESO to pay the Advances Outstanding and all interest accrued thereon and any other amounts due under this Agreement.

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

Section 3.3 Elections Regarding Advances.

(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 5 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The obligation of the OFA to make the Advances to the IESO pursuant to Section 2.1 is subject to the following conditions being satisfied to the OFA's satisfaction at the time of making each Advance:

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

(3) Respecting the first Advance to be made under this Agreement (the "**First Advance**"), a specified portion thereof (the "**Repayment Amount**") shall be used to repay a portion of the IESO's outstanding indebtedness to the OFA under the credit agreement between the Parties dated January 1, 2005, as amended (the "**Existing Credit Facility**"). The amount of the Repayment Amount shall be detailed in the Borrowing Notice issued in respect of the First Advance. Concurrently with the First Advance, OFA shall provide to IESO an updated grid in respect of the grid note issued under the Existing Credit Facility evidencing the repayment of the Repayment Amount thereunder.

(2) Each notice to continue an Advance for a further period (an "**Election Notice**") shall be provided by the IESO to the OFA at least two Business Days prior to the Repayment Date of the Advance (the "**Current Repayment Date**"), and in each case, not later than

10:00 a.m. (Toronto time). Each such Election Notice shall be given substantially in the form of Schedule 2 and shall be irrevocable and binding upon the IESO and shall specify: (a) the Current Repayment Date; (b) the new aggregate total amount of the proposed Continued Advance; (c) the amount of interest or principal, if any, to be paid or re-paid by the IESO with respect to such Advance on the Current Repayment Date; and (d) the new Repayment Date of the proposed Continued Advance, which shall be no earlier than 5 days and not later than 95 days after the current Repayment Date (the "**New Repayment Date"**). If the IESO fails to deliver an Election Notice to the OFA for any Advance as provided herein, such Advance shall be repayable on the applicable Repayment Date.

(3) An Election Notice with respect to a proposed Continued Advance may include a Borrowing Notice for a further Advance proposed to be made on the Current Repayment Date. The Repayment Date of such further Advance shall be the New Repayment Date of the Continued Advance that is specified in the Election Notice. Such Borrowing Notice shall be given substantially in the form of Schedule 2.

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the Grid Note in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date.

(6) The Credit Facility shall at all times rank *pari passu* with all other unsubordinated and unsecured Indebtedness of the IESO, subject to the existence of any Liens that secure Indebtedness, as permitted by subections 4.6 (a) through (e) hereof.

(7) All amounts owing in respect of the Advances shall be paid without exercising any right of set off or counterclaim by the IESO.

Section 3.4 Interest on Advances.

(1) The IESO shall pay interest on the unpaid principal amount of each Advance in accordance with this Section 3.4 from and including the date of such Advance until the principal amount of such Advance is repaid in full.

(2) Interest shall accrue on the principal amount of each Advance from and including the date of the Advance to but excluding the Repayment Date of such Advance, at an annual rate equal to the Province of Ontario's cost of funds for borrowings with a similar term as determined by the OFA plus 0.25 percent per annum, before as well as after the date such principal amount or interest thereon becomes due hereunder and both before and after Default and shall be payable on the Repayment Date for such Advance. Any amount of interest arising hereunder which is not paid when due shall bear interest at the same rate compounded monthly at which it accrued from the due date for payment until the date of actual payment. The amount of interest payable on an Advance will be calculated by the

OFA by dividing the interest rate applicable to the Advance by 365 or 366, as the case may be, and multiplying the result by the principal amount of the Advance and further multiplying the result by the number of days in the period from the date of the Advance to the Repayment Date of the Advance.

(3) If the IESO elects to continue an Advance in accordance with Section 3.3(2), the OFA shall determine the interest rate applicable after the original Repayment Date of the Advance and endorse the said rate on the grid forming part of the Grid Note in respect of Advances held by it.

Section 3.5 Conditions Precedent

The OFA agrees, acting reasonably, to invoice the IESO for any such costs, charges and expense as they are incurred, together with interest at the aforesaid rate (with interest on overdue interest).

Section 4.8 Reporting.

The IESO will promptly provide to the OFA any reports or supporting documents that the OFA may request from time to time.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

(e) The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or

inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail.

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.

(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility.

Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,
Victor

Ryan,

As discussed with Will today, I understand you will be co-ordinating the proposed 2 amendments to the existing IESO-OEFC credit facilities.

For starters, there are no expected changes being asked to the existing agreement's key business content (e.g. amounts, dates, interest, notices etc.), rather given that IESO-OFA have just finished two new agreements pertaining to the new fair hydro program, ….I suggest we just copy and paste the salient sections from these agreements that would now be relevant to the OEFC agreements for fair hydro namely;

1.DRAFT
The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (xx); replacing the "." at the end of subsection (xx) and replacing it with "; and" ; and adding the following subsection (xx):
"(xx) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."

2.DRAFT
The OFA agreements had required an intercept provision, …..not sure if the same applies to OEFC if yes:

"Section 5.7 Intercept
(a) The IESO hereby acknowledges that, in accordance with the terms of the letter agreement of November 6th , 2017 herewith entered between the Ministry of Energy, the IESO and the OFA made pursuant to Section 23 of the Capital Investment Plan Act, 1993 (the "Intercept Letter"), the Minister of Finance is entitled to deduct only from those monies appropriated by the Legislature for payment through the Ministry of Energy to the IESO ("Appropriated Funds"), amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under this Agreement. On the occurrence of

an Event of Default relating to a failure by IESO to pay when due any amounts owing hereunder, subject to the OFA's compliance with any relevant provisions hereof and as set out in the Intercept Letter, the Minister of Finance is irrevocably authorized to deduct from the Appropriated Funds amounts equal to any amounts that the IESO has failed to pay to the OFA in accordance with the provisions of this Agreement and to pay such amounts directly to the OFA ("Intercept").
(b) If, after following the process specified in the Intercept Letter (including, without limitation, allowing for a reasonable cure period on the terms specified therein), the OFA determines that it is necessary to request the Minister of Finance to exercise the Intercept, the OFA will give written notice to the Minister of Finance, with a copy to the Ministry of Energy, detailing the IESO's failure to pay when due any amounts owing hereunder and requesting the deduction from the Appropriated Funds of amounts equal to the amounts that the IESO has failed to pay to the OFA under this Agreement.
(c) The IESO agrees that any notice from the OFA to the Minister of Finance in relation to this section 5.7 (Intercept) may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance and, upon receipt of such notice, an amount equal to the amount that the IESO has failed to pay when due to the OFA on account of indebtedness under this Agreement shall be deducted from the Appropriated Funds and paid to the OFA.
(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.
The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

3.
If any… other relevant updates that make sense to do now……I do not anticipate any material ones.

We need your support to expedite the above in order to avoid delays in the Fair Hydro implementation.
Regards.

Hi Ryan – thanks for the drafts. Please see attached markups that include our comments – I haven't had an opportunity to discuss these changes/comments internally but thought I should forward these asap given the time pressure.

The main adders that I have included track the language in the recently executed FHP Credit Facility.

Regarding the deletion of s.3.7 in the Note Agreement ("Other Indebtedness"), this is duplicative of s.3.8 ("Negative Pledge") but also conflicts with it in certain respects so may cause confusion and I believe the easiest way to deal with it is to delete it since I don't think it adds anything. (You will note that a similar clause is not included in the Revolving Credit Agreement.)

We may have more comments after we have a chance to discuss your draft and my comments internally tomorrow.

Regards,
Victor

Good morning Anthony,

I've had a chance to speak with Victor on Friday to try to clear up any confusion.
Victor did not have any major concerns regarding Paragraph 2 and 3. But, deferred to you for Paragraph 4.
If the "Use of Proceeds" section is not acceptable please let me know by **noon**. So that I may take action to seek a new Directive and the timing is very tight given our Ministers' vacation schedule.

Thanks,

Will

Hello Victor,

We apologize for the delay in replying back on the draft amending agreement. The proposed change regarding the Use of Proceeds required internal discussions to work through the proposed wording. I will send you a revised mark-up next week, but would ask if IESO is able to agree to the following key items:

Paragraph 4 -USE OF PROCEEDS:
Would IESO be able to agree the following addition to IESO's proposed "Use of Proceeds":

> *"The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the Electricity Act, 1998, as such regulation may be amended or replaced from time to time, **provided that Advances may be***

used only for liquidity purposes. *"*

Our current Ministerial Directive provides that advances under the facility may only be used for liquidity purposes, and hence we would prefer to include the qualification.
If this is not acceptable, would you please let us know **by Monday**, as we would need to seek a new Directive, and the timing is very tight given our Minister's vacation schedule.

Paragraph 2
This language should revert back to the original language:

> *"2. On the date of this Amending Agreement and prior to any further Advances under the Credit Agreement, the IESO shall execute and deliver to the OFA a new grid promissory note in the principal amount of up to $475,000,000 substantially in the form of the grid note attached hereto and indicating a total principal amount of Advances Outstanding to date of $114,383,131 .40. "*

Schedule 3 is the Form of Grid Note to be delivered. The actual grid note is a separate document (adhering to the form of the Grid Note attached in the Schedule, signed and delivered on the effective date of the Amending Agreement prior to any further Advance). Because the Grid Note is updated with each Advance, if it forms part of the Agreement as a Schedule, each update would have to be treated as an amendment. This is not consistent with how the OFA administers its loans and is not consistent with how the OPA/IESO loans have been administered.

Paragraph 3
This has been reverted back to the OFA's original drafting because OFA will not cancel the existing Grid Note until we receive the new one Grid Note is received.

> *"3. Upon receipt of the new grid promissory note, the OFA will cancel and return the grid promissory note dated November 30, 2016 to the IESO."*

Thanks,

Will

Hello Anthony,

Please find the attached Amending Agreement 10. If comments for the FHP Credit Facility is not possible this week, would it be possible to have the Amending Agreement 10 signed along with an updated Resolution of the Board of Directors, Certificate of Incumbency and Delegation of Authority (IESO Statement of Policy) first? This is necessary to reduce the existing credit facility from $975 million to $475 million to eliminate duplicate credit needs.

Thanks,

Will

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The IESO has requested OEFC to reopen the existing credit facility agreement between OEFC and IESO to make amendment to the definition of the permitted liens.

Commented [SH1]: Loan agreement AND credit facility agreement....specify details. Referencing changes should be made throughout.

CONTEXT

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act"), OFA recently amended the credit facility agreement between OFA and the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.

The OFA credit facility agreement was amended due to additional roles IESO is taking on under Ontario's Fair Hydro Plan. To fufil its obligation, the IESO will need a general grant of security on any lien arising from the IESO's role and obligations under the OFHP. Therefore, the OFA credit facility agreement was amended to allow for such a general grant of security.

For the same reason, the IESO has requested OEFC to reopen the existing credit facility agreement between OEFC and IESO to make the similar amendment. Specifically, adding a clause in the OEFC credit facility agreement that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations to OEFC.

RECOMMENDATION

- To maintain a consistent approach with IESO's credit facilities, CEFD staff and IESO are of the view that the exisiting OEFC credit facility should amend the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the two OFA Agreements that were signed recently.
- Although the OEFC credit facility is not used for OFHP's purpose, such change to the permitted liens is still required in order for IESO to meet its role and obligation under the OFHP Act.

Commented [SH2]: Check purpose of OEFC facilities

BACKGROUND

- Currently, under the existing credit facility agreement between OEFC and the IESO, the definition of the "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.
- On November 6, 2017, OFA and IESO signed an updated OFA IESO credit facility agreement with respect to changes related to OFHP. Below are the related changes made to the OFA credit facility:

  Excerpt from the excuted OFA IESO Amending Agreement #10:

  > *The definition of "Permitted Liens" is amended by deleting the word "and" at the end of subsection (i); replacing the "." at the end of subsection (j) and replacing it with "; and" ; and adding the following subsection (k):*
  >
  > > *"(k) any Lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP."*

COMMERCIALLY SENSITIVE AND CONFIDENTIAL ADVICE

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested OEFC to amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations the IESO is taking on under Ontario's Fair Hydro Plan.

Commented [JB1]:
If the existing agreements between OEFC and IESO will not be used for OFHP purposes (see 2nd bullet in "Recommendations") and since draws for FHP purposes will only made from the OFA-IESO $2B credit facility agreement, there does not appear to be a clear rationale why the definition of 'permitted liens" needs to be amended in the OEFC agreement at this time. Please advise.

CONTEXT

The Fair Hydro Plan will require the IESO and Ontario Power Generation (OPG) to work together to spread out the costs of Ontario's clean energy investments over a longer period of time, which ensures that the costs of these investments are allocated fairly among current and future ratepayers. This is being accomplished through refinancing a portion of the Global Adjustment (GA). The IESO and OPG are in a discussion to potentially grant the security/priority on IESO's assets to the OPG Trust for the period of the first four years of the GA deferral. The IESO will seek its Board approval on Nov 22, 2017 for the security agreement and this would be in conflict with OEFC's $160M and $120M credit facility agreements (the "OEFC Agreements") with the IESO without the requested amendments. Paragraph 4.7 – Negative Pledges – in both OEFC credit facility agreements does not allow IESO to grant such security/priority to the OPG Trust.

Commented [JB2]:
We are not privy to the 'security agreement' and need to understand why this would be in conflict with existing agreements. Please explain what are the risks, if any, of OEFC granting IESO priority to OPG Trust?

(e.g. If changes were made to the Clean Energy Adjustment fund collected by IESO in the future and OPG Trust had liens in place against these assets, is there a possibility that IESO would default on its 'non-OFHP' related obligations to OEFC? How would this work?

In order to address this issue, the IESO has requested OEFC to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the Fair Hydro Plan (FHP). Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations towards OPG. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want inadvertently to be in default.

Commented [JB3]:
We require a better understanding of how the GA, Clean Energy Adjustment Funds and OPG Trust fit together in the context of OEFC. Please advise.

May you please explain if the GA is related to OEFC and how this may impact the existing $120M and $160M agreements precisely?

It would be helpful if you could please provide an example of a situation where non-OFHP related business conducted between IESO-OEFC would end up as part of a lien related to FHP obligations?

To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") in July 2017, the IESO had reached out to the Capital Market Division – Operations of the OFA to make the same request to the credit facility agreements with OFA in October. The OFA staff have recommended providing the requested amendments and amended the $475M and $2B credit facility agreements between OFA and the IESO on November 6th, 2017 (the "OFA Agreements"), as suggested by the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.

RECOMMENDATION

- To support IESO's role in the implementation and participation under the OFHP Act and also to be consistent with the approach OFA implemented , OFA staff are of the view that the exisiting OEFC Agreements require amendments to the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the OFA Agreements that were signed recently.
- Although the OEFC credit facility is not used for OFHP's purpose, it is IESO's position that it wants to make such change to the definition of the permitted liens to make sure that the IESO is not inadvertently in default of its security obligations to OPG Trust ~~is still required in order for IESO to~~and meets its role and obligation under the OFHP Act.

Commented [JB4]:
Should these agreements be examined on a case-by-case basis to determine what they are being used for and only those agreements which pertain to OFHP obligations should be amended?

Commented [JB5]:
How would funds collected from the Clean Energy Adjustment affect OEFC and IESO's obligations to repay OEFC?

BACKGROUND

- Currently, under the existing credit facility agreement between OEFC and the IESO, the definition of the "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation,

amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

- On November 6, 2017, OFA and IESO signed an updated OFA IESO credit facility agreement with respect to changes related to OFHP.

It is not clear why OFA staff is of this view other than making the language consistent across all agreements.

Commented [JB7]:
If the funds from the OEFC-IESO credit facility agreements will not be used for OFHP purposes, I am not clear on the reason for requesting this change since OPG Trust would then have a primary claim on any Clean Energy Adjustment
funds collected by IESO.

How would funds collected from the Clean Energy Adjustment affect OEFC and IESO's obligations to repay OEFC?

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested that OEFC ~~to~~ amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations ~~the~~ IESO is taking on under Ontario's Fair Hydro Plan. IESO has indicated that OEFC credit facilities will not be used for Ontario Fair Hydro Plan (FHP) purposes.

CONTEXT

The ~~Fair Hydro Plan (~~FHP~~)~~ will require ~~the~~ IESO and Ontario Power Generation (OPG) to work together to spread out the costs of Ontario's clean energy investments over a longer period of time, which ensures that the costs of these investments are allocated fairly among current and future ratepayers. This is being accomplished through refinancing a portion of the Global Adjustment (GA).~~ The~~ IESO and OPG are in a discussion to ~~potentially~~ grant ~~the~~a security/priority interest on IESO's assets to ~~the~~ OPG Trust for the period of the first ~~four~~ 4 years of the GA deferral.

As the purchaser of IESO assets, OPG Trust wants to secure a priority interest against these assets in light of on-going uncertainties surrounding funding requirements of the FHP. IESO has existing credit facility agreements with the OFA, OEFC and TD Bank and wants to ensure consistency across all of its existing agreements in order to provide a level of comfort to the broader investment community . ~~The~~ IESO will seek its Board's approval on Nov 22, 2017 for the security agreement. Amending ~~and this would be in conflict with~~ the existing OEFC~~'s~~ $160M and $120M credit facility agreements (the "OEFC Agreements") ~~with the IESO without the requested amendments~~would prevent IESO from having to undertake further negotiations or make last-minute changes to the security agreement it intends to present to its Board in the very near future~~. Paragraph 4.7 – Negative Pledges – in both OEFC credit facility agreements does not allow IESO to grant such security/priority to the OPG Trust~~.

In order to address this issue, ~~the~~ IESO has requested ~~OEFC~~ to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the ~~Fair Hydro Plan (~~FHP~~)~~. Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations ~~towards OPG~~under the FHP. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid of breaching the terms of existing agreements. ~~the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want inadvertently to be in default.~~

~~To support IESO's role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") in July 2017, the IESO had reached out to the Capital Market Division – Operations of the OFA to make the same request to the credit facility agreements with OFA in October. The OFA staff have recommended providing the requested amendments and amended the $475M and $2B credit facility agreements between OFA and the IESO on November 6th, 2017 (the "OFA Agreements"), as suggested by the IESO. One of the amendments to the agreement is to amend the definition of the permitted liens to include any lien arising from the IESO's role and obligations under the OFHP.~~

It should be noted that the legislation governing OEFC differs significantly from the OFA's objects and mandate under the *Capital Investment Plan Act, 1993.* In the event IESO were to default on any of its obligations to OEFC in connection with FHP-related liens resulting from OPG Trust having a priority claim against funds collected by IESO, the OEFC may need to undertake negotations with IESO or find itself unable to collect payments due from IESO.

RECOMMENDATIONS

- In order ~~To support IESO's role in the implementation and participation under the OFHP Act and also to be~~ to remain consistent with the language recently incorporated in existing IESO-OFA agreements~~approach OFA implemented~~, OFA staff are of the view that the exisiting OEFC Agreements ~~require amendments~~can be amended provided OEFC management is comfortable with the level of risk assumed by OEFC; and
  - ~~to the permitted liens and negative covenant language to make it the same as, or very similar to, the language in the OFA Agreements that were signed recently.~~
- It is recommended that the OFA staff support~~Although the OEFC credit facility is not used for OFHP's purpose , it is~~ IESO's ~~position~~request ~~that it wants to~~ to ~~make such change to the~~amend exsiting ~~definition of the permitted liens to make sure that the IESO is not inadvertently in default of its security obligations to OPG Trust is still required in order for IESO to~~and ~~meet~~s ~~its~~ OEFC Agreements so that it may fulfill its ~~role and~~ obligations under the OFHP Act without limitations.~~.~~

BACKGROUND

- In order to support IESO's role with the implementation of the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act") OFA staff made similar changes to the definition of 'permitted liens" in existing OFA-IESO credit facility agreements on November 6, 2017.

- Currently, under the existing credit facility agreements between OEFC and the IESO, the definition of ~~the~~ "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

- ~~On November 6, 2017, OFA and IESO signed an updated OFA-IESO credit facility agreement with respect to changes related to OFHP.~~

OEFC -- IESO CREDIT FACILITY AGREEMENT & THE PERMITTED LIENS

ISSUE

The Independent Electricity System Operator ("IESO") has requested that OEFC amend the existing credit facility agreements between OEFC and IESO (for $160M and $120M) to address the additional obligations IESO is taking on under Ontario's Fair Hydro Plan. IESO has indicated that OEFC credit facilities will not be used for Ontario Fair Hydro Plan (FHP) purposes.

CONTEXT - IESO'S REQUEST

- The FHP requires the IESO and Ontario Power Generation (OPG) to work together to refinance Ontario's clean energy investments over a longer period of time. IESO and OPG are in a discussion to grant a security/priority interest on IESO's assets to OPG Trust for the period of the first 4 years of the GA deferral.

- The IESO is planning to seek its Board's approval on Nov 22, 2017 to enter into a ~~for the~~ security agreement with OPG Trust. The security agreement is currently in draft form. Without amending the existing OEFC $160M and $120M credit facility agreements (the "OEFC Agreements"), IESO could potentially be considered to be in default of the terms of the security agreement~~s~~. IESO staff wrote:

  > *"…it likely is best to add to the definition of "Permitted Liens" in the two OEFC facilities to address a) IESO granting security to the OPG Trust during the first 4 years of fair hydro program and b) the possibility that the Clean Energy Adjustment funds collected by IESO might be considered to be subject to a lien. The IESO does not want to be inadvertently in default."*

- In order to address this issue, the IESO has requested to amend the definition of the "permitted liens" in both existing OEFC Agreements to include any liens related to the FHP. Specifically, adding a clause in the existing OEFC Agreements that any lien related to OFHP will not be viewed as negative pledge by OEFC, so those liens can be used to secure the performance of IESO's obligations to OPG under the FHP. This would allow IESO to grant security to the OPG Trust during the first 4 years of implementing the GA deferral and also avoid ~~of~~ breaching the terms of existing agreements.

- To support IESO's role in the implementation and participation under the Ontario Fair Hydro Plan Act, 2017 ("OFHP Act"), in July 2017~~,~~ the IESO had requested that the OFA ~~to~~ make ~~the same~~similar ~~request~~ changes to the credit facility agreements with OFA in October.
  - On November 6, 2017, the OFA amended the $475M facility to amend the definition of ~~the~~ "permitted liens" and also included same for the new $2B credit facility agreement between OFA and the IESO , as requested by the IESO.

CONSIDERATIONS

- OFA'S Capital Markets – Operations staff have commented that the legislation governing OEFC, the *Electricity Act, 1998*, may provide differing context from the OFA's objects and mandate under the *Capital Investment Plan Act, 1993*. [This was a bullet suggested by CMD – Operations.]

- With the proposed new security agreement between OPG Trust and IESO, OPG Trust would have a priority claim against potentially the Clean Energy Adjustment funds collected by or flowing~~n~~ through the IESO, the OEFC could find itself unable to collect payments due from the IESO. The likelihood of this scenario could be assessed as low and IESO is an agency of the government consolidated line-by-line in the Province's accounts. [This was a bullet inserted by CMD – Operations.]

Commented [JB1]: Please confirm the scope of the security agreement. Does IESO grant secuurity to OPG Trust for all IESO assets, or only those related to FHP?
We are not certain that pleasing the 'investment community' would be a satisfactory explanation and so far this is only based on IESO's request.

Commented [JB2]: Repetive suggested deleting.

Commented [JB3]: This may not have been necessary and we should consider this.

Commented [JK4]: Unless Documentation can provide specific differences that are significant, I suggest we delete.

Commented [OK5R4]: The fact that OFA's objects/mandate are detailed under CIPA is a distinct differentiation from OEFC. This is only relevant as it goes to the reach of OFA. Not fussed if you wish to delete.

- The OFA agreed to IESO's requested changes to ~~included the requested changes in~~ the OFA credit facilities, thereby providing a precedent ~~of having considered the~~ for considering similar changes for ~~/~~inclusion into other agreements with IESO. ~~of the same request.~~ Treating the current request differently by seeking either a Minister's directive or not granting the IESO its request would mean having to take steps on the OFA credit facilities, which were ~~either signed~~ recently ~~or~~ amended ~~recently~~.

RECOMMENDATIONS

- In order to support IESO's request and remain consistent with the language recently incorporated in existing IESO-OFA agreements, OFA staff are of the view that the exisiting OEFC Agreements can be amended to include liens related to FHP under the definition of the "permitted liens". [TBD]

BACKGROUND

- In order to support IESO's role with the implementation of the OFHP Act, OFA staff made similar changes to the definition of 'permitted liens" in existing OFA-IESO credit facility agreements on November 6, 2017.

- Currently, under the existing credit facility agreements between OEFC and the IESO, the definition of "permitted liens" does not include any lien arising from the IESO's role and obligations under the OFHP, including with respect to any amount received or receivable by the IESO (such as, without limitation, amounts received or receivable in respect of the Clean Energy Adjustment), or any other lien, whether arising from the action or inaction of IESO, that is created in connection with the OFHP.

Commented [OK6]: The OFA and OEFC are different corporate entities, so treatment of each may be different depending on the circumstances, even when dealing with the same borrower.

Commented [OK7]: The OFA credit facility was provided pursuant to the minister's directive, so seeking a minister's directive wrt OEFC would be consistent with how OFA was treated. Not suggesting this is necessary.

Commented [JB8]: If the $475M credit facility agreement was amended as an oversight, then we should not necessarily rely on precedent, specially considering the OEFC has less flexibility than OFA in its lending guidelines in my opinion.

Commented [JB9]: I do not necessarily agree on this point.

Commented [JB10]: Repetitive.

Commented [JK11]: There have been some changes since last week so put CMD – Operations in square brackets.

BACKGROUND NOTE
OFA -- IESO CREDIT FACILITY & THE INTERCEPT PROVISION REQUIRED UNDER THE OFA'S LENDING POLICY

The IESO had requested a new revolving credit facility in an amount of up to $2 billion from the OFA to support its role in the implementation and participation under the *Ontario Fair Hydro Plan Act, 2017* ("OFHP Act").

On June 29, 2017, the OFA received a directive from the Minister to accommodate the IESO's request and provide a revolving credit facility to the IESO in an amount of up to $2 billion (the "OFHP Credit Facility").

Pursuant to the OFA Lending Policy, the OFA is required to include an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis, unless otherwise directed by the Minister of Finance [or Treasury Board or Cabinet].

In accordance with section 23 of the *Capital Investment Plan Act, 1993* ("CIPA"), the intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body, amounts equal to any amounts the public body fails to pay to the OFA under a loan agreement.

Per the requirements of the OFA's Lending Policy, the OFA has reached out to the Ministry of Energy and IESO to fulfill the requirement to include an intercept provision in credit facility agreements with the IESO.

- The OFA Lending Policy, as approved by the OFA Board, provides the following requirement for unsecured loans to public bodies under CIPA:

  > Except where otherwise directed by the Minister of Finance, Treasury Board or Cabinet, and prior to the OFA making any loan to a public body, the OFA will [e]nsure that it has an appropriate intercept in place for the loan.

- The OFA Lending Policy also includes the following intercept provision requirement:

  > The public body and its responsible ministry are to agree that the Minister of Finance is entitled to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts that the public body fails to pay to the OFA on account of indebtedness under its loan agreement with the OFA.

- The new FHP credit facility, with the required intercept clause, will enable the IESO to fulfil its commitments under the OFHP Act as the IESO will have to finance for a short or medium term period the funding shortfalls in the implementation of the OFHP Act, as well as the continued implementation of the market support function for the IESO through the $475 million facility (to be amended from the current $975 million facility) which will also require the intercept clause to be added.

- Including an intercept provision in the credit facility agreements with the IESO is expected to have no practical impact as the IESO receives no appropriations from the Province of Ontario [Energy to confirm], but would bring the lending facilities onside with the requirements of the OFA Lending Policy and be consistent with CIPA.

Re: **IESO Credit Requirements for the 2017 Fair Hydro Plan~~rogram~~**

Dear Mr. Mayman,

As you are aware the Ontario government has announced its inten~~s~~tion to implement the proposed Fair Hydro Plan~~program~~ (FHP) to reduce electricity prices for eligible consumers in the province. Proposed l~~L~~egislation ~~is expected to be~~was introduced this month for the program. The Independent Electricity System Operator (IESO) is preparing to implement the FHP and has determined that to support the IESO's role in implementation it will need greater credit liquidity than currently exists.

The existing credit facility between the IESO and the Ontario Financing Authority~~'s~~ (OFA) is $975 million. The IESO proposes that an additional facility/commitment be provided in the amount of $1,500 million. This would enable the IESO to provide interim financing for the FHP's spreading out of global adjustment costs~~smoothing~~ for a period of several months, if needed.

We suggest the OFA's current $975 million agreement and the new separate (or co-mingled) FHP agreement consider the following key provisions:

- FHP: 5 year term to align with the FHP's initial period of deferral of electricity prices~~, period~~ plus a few months of contingency (i.e., to September 30, 2022);
- FHP: interest charge to be Province's cost of funds for borrowing with a similar term as determined by OFA plus 0.25 per cent per annum;
- FHP: drawings to be based on minimum of 7 days to a maximum of 95 days, to minimize interest costs and permit efficient FHP asset transfers;
- Existing $975 million facility: draws to permit for FHP purposes until the credit agreement for FHP purposes has been made available; and

Commented [A1]: Please confirm that the requirement is $1.5 billion as it is preferred to keep the $975M separate from FHP.

Commented [A2]: It is preferred that a separate credit facility be set up for FHP purposes. OFA is working to obtain the appropriate approvals required. Option to use the existing facility may be exercised if timing does not permit putting in place a new credit facility.

Commented [A3]: This is rate is the same as in the existing $975M Credit Facility and is acceptable.

Commented [A4]: Overall, would it be better to purely separate out the FHP borrowing – so a larger than $1.5 bn new facility, and potentially shrink the existing $975 facility?

Commented [A5]: $975 million agreement is for purposes outlined under section 25.33 of the Electricity Act. Seems FHP would fall under that but legal to confirm. Either way, agreement purpose would need to be amended.

- $975 million: a reduction in the 28 days minimum draw for the existing facility to a minimum of 7 days to a maximum of 95 days;

Commented [A6]: Agree that 28 minimum draw may be reduced to 7 days.

Should the IESO find that there is persistent~~consistent~~ usage of these facilities we will contact the OFA for further arrangements.

Upon your reply to this letter, the IESO will seek any necessary IESO Board of Directors' approval for the above credit facility(ies) and we will provide such evidence for the OFA's records.

We appreciate the OFA's continue support and look forward to working with you. Please contact me should you need anything further.

Sincerely,

Dear Mr. Steen Hume and Ms. Kimberly Marshall:

I am writing in relation to the Independent Electricity System Operator's ("IESO") request to the Ontario Financing Authority ("OFA") for a new revolving credit facility in an amount of up to CAD $2 billion (the "New Credit Facility") to support the IESO's role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.* Under the OFA Lending Policy, the OFA requires an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. In general, an intercept provision allows the Minister of Finance to deduct from money appropriated by the Legislature for payment to the public body amounts equal to any amounts the public body fails to pay the OFA under a loan agreement.

The IESO and the Ministry of Energy ("ENERGY") confirm and the OFA acknowledges that at this time there are no amounts appropriated by the Legislature for payment to the IESO by ENERGY and the intent of such intercept provision is that it would apply if and when amounts were to be appropriated for payment by ENERGY to the IESO in the future.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement") on an unsecured basis, the OFA requires ENERGY and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement.

These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

... 2

- The OFA, the IESO, and ENERGY agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

    - Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and ENERGY agree that, in the event that the Legislature appropriates any funds for payment by ENERGY to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance would be entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision"). Terms relating to the intercept provision shall also be separately included in the Loan Agreements.

    - If the intercept provision is exercised, the IESO agrees that any notice from the OFA to the Minister of Finance in relation to its failure to make a payment that is due under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

    - Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with ENERGY and seek ENERGY's support in getting the IESO to pay the amounts owing to OFA within a reasonable cure period.

    - Upon receipt of notice from the OFA that the IESO has failed to make one or more payments owing to it in accordance with the provisions of a Loan Agreement, ENERGY will provide the OFA with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO by ENERGY, including the intended purpose and expected timing of such payments to be made by ENERGY. Upon request, ENERGY will provide similar information to the Minister of Finance.

    - ENERGY acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment by ENERGY to the IESO, ENERGY will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

    - For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Sincerely,

Ronald Kwan

Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA

Re: IESO Credit Requirements for the 2017 Fair Hydro Plan

Formatted: Space After: 0 pt

I am writing in relation to the IESO's request for a new revolving credit facility in an amount of up to $2 billion from the OFA (the "New Credit Facility") to support its role in the implementation of and participation under the *Ontario Fair Hydro Plan Act, 2017.*

Pursuant to the OFA Lending Policy, the OFA is required to include an intercept provision in respect of loans made by the OFA to public bodies on an unsecured basis. The intercept provision allows the Minister of Finance to deduct amounts equal to any amounts the public body fails to pay the OFA under a loan agreement from money appropriated by the Legislature for payment to the public body.

Prior to entering into a loan agreement with the IESO for the New Credit Facility (the "OFHP Credit Facility Agreement"), the OFA requires the Ministry of Energy ("MOE") and the IESO to agree to the terms and conditions set out below in relation to the above OFA Lending Policy intercept provision requirement. These terms and conditions shall also apply to the IESO's existing $975 million credit facility, established in a credit agreement entered into between the OFA and the Ontario Power Authority dated January 1, 2005, as amended (the "Original Credit Facility Agreement").

As such, the OFA, the IESO, and MOE agree as follows in respect of any advances made by the OFA to the IESO pursuant to the OFHP Credit Facility Agreement or the Original Credit Facility Agreement (each a "Loan Agreement"; together, the "Loan Agreements"):

- Pursuant to section 23 of the *Capital Investment Plan Act, 1993*, the IESO and MOE agree that in the event that the Legislature appropriates any funds for payment to the IESO for any purpose ("Appropriated Funds"), the Minister of Finance is entitled to deduct from such Appropriated Funds amounts equal to any amounts that the IESO fails to pay to the OFA on account of indebtedness under a Loan Agreement (the "intercept provision").

- Under the intercept provision, which shall be included in the Loan Agreements, the IESO also agrees that any notice from the OFA to the Minister of Finance in relation to its failure to pay under a Loan Agreement may be relied upon by the Minister of Finance without further inquiry or verification by the Minister of Finance.

- Prior to recommending to the Minister of Finance that the intercept provision be exercised, the OFA will raise the issue with MOE and seek MOE's support in getting the IESO to pay the amounts owing within a reasonable cure period.

- Upon receipt of notice from the OFA that the IESO has failed to pay in accordance with the provisions of a Loan Agreement, MOE will provide the OFA

with all information requested by the OFA respecting amounts appropriated by the Legislature for payments to the IESO, including the intended purpose and expected timing of such payments to be made by MOE. Upon request, MOE will provide similar information to the Minister of Finance.

- MOE acknowledges and agrees that, upon receipt of a direction from the Minister of Finance that an amount is to be deducted from money appropriated by the Legislature for payment to the IESO, MOE will take all necessary action required by it in order to effect such deduction and payment to the OFA in accordance with the Minister of Finance's direction.

This letter agreement may be executed in counterparts. Therefore, if you are in agreement with the above terms and conditions in relation to the Loan Agreements, kindly sign this letter agreement below in triplicate and send back two copies to my attention.

Mr. Terry Gabriele, Director of Finance

Dear Sir:

Attached to this letter please find a schedule setting out the services that the Ontario Financing Authority ("OFA") renders to the Ontario Power Authority ("OPA") in providing the $975 million loan facility to the OPA and facilitating the investment of the OPA's excess funds on request.

The loan facility is provided under a Credit Agreement between the OFA and the OPA. However, the investment of the OPA's excess funds held by the OFA requires further administrative support. In order to properly segregate the T-Bills purchased for the OPA from time to time the OFA operates a custodial account in the name of the OPA at RBC Dexia. This enables delivery of the OPA securities to a segregated OPA account. This arrangement is used for all Provincial Agencies for which the OFA invests funds.

The services currently provided by the OFA to the OPA are summarized on the attachment to this letter. Would you kindly indicate your agreement by signing and returning the enclosed copy. If you have any questions, I would be pleased to discuss them with you at any time.

Yours truly,

Richard D. Rose CA
Manager, Accounting and Financial Reporting

MINISTER OF FINANCE

INDEPENDENT ELECTRICITY SYSTEM OPERATOR CREDIT FACILITY

To: Ontario Financing Authority ("OFA")

Whereas:

Under the *Capital Investment Plan Act, 1993* ("CIPA"), the OFA provides financing to public bodies as directed by the Minister of Finance.

The Independent Electricity System Operator ("IESO"), a public body for the purposes of CIPA, has requested funding from the OFA to support the IESO's role in the implementation and administration of the *Ontario Fair Hydro Plan Act, 2017* (the "OFHP").

In order to fulfil the Province's commitments under the OFHP, it is desirable for the Minister of Finance to provide direction to the OFA to provide a revolving credit facility for the purposes of providing short to medium term financing related to the OFHP.

Therefore:

Pursuant to sub-section 16(2) of CIPA, the OFA is directed to lend to the IESO under a revolving credit facility (the "Line of Credit") for the purpose of short to medium term financing related to the IESO's implementation of the OFHP, an aggregate principal amount of up to CAD $2 billion.

The Line of Credit shall be subject to the following terms:

- The Line of Credit shall be evidenced by an agreement between the IESO and the OFA containing terms and conditions consistent with this Directive (the "Credit Agreement").

- Interest on the Line of Credit shall be payable at a rate equal to the Province's cost of funds based on the terms of the Credit Agreement, and as determined by the Chief Executive Officer of the OFA or the Assistant Deputy Minister, Corporate and Electricity Finance Division, OFA, or a person designated by either of them, plus a twenty-five (25) basis point spread.

../2

- All amounts outstanding under the Line of Credit shall be repaid in full on or before the date no later than September 30, 2022.

- The Line of Credit shall be subject to such other terms as the OFA deems appropriate from time to time.

Dated: JUN 2 9 2017

Commented [A1]: I agree with the change.

Commented [A2]: OFA Legal to comment to keep or remove.

I suggest we keep this paragraph because the current change is to the credit facility amounts. This was provided to provide the reader context to the previous credit facility amount changes. However, previous amending agreements do not always memorialize previous changes. I do not have strong feelings to keep this paragraph.

Commented [A3]: OFA Legal to comment to keep here it is or move.

From a chronological perspective I suggest we move, down to paragraph 5.

Commented [A4]: OFA Legal to comment.

I agree with IESO's suggested change to cross out OPA and indicate "OPA or IESO".
To maintain consistency with this amending agreement, previous amending agreements and this credit facility the OPA/IESO is stated before OFA.

Commented [A5]: OFA Legal to comment to remove or keep.

I suggest we keep the crossed out paragraph 3 because it provides context to the reader. However, previous amending agreements do not always memorialize previous changes. I do not have strong feelings to keep this paragraph.

Commented [A6]: OFA Legal to comment.

I agree with IESO Legal by combining this paragraph and the paragraph above as seen in proposed paragraph two.

Commented [A7]: OFA Legal to comment to keep or remove current balance of the grid note in this area.

The balance highlights the outstanding balance on the grid note. I do not have strong feelings to keep this or remove.

AND WHEREAS the IESO and the OFA have now agreed to: (i) decrease the total principal amount of the operating facility from $975,000,000 to a total principal amount of up to $475,000,000; and (ii) to update the uses which IESO may make of the funds drawn under the facility;

AND WHEREAS pursuant to Section 7.3 of the Credit Agreement, the Credit Agreement may only be amended or otherwise modified by written agreement executed by each of the OFA and the IESO.

THEREFORE, in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby ~~acknowledge~~acknowledged, and subject to the terms and conditions hereafter set out, the parties agree that:

1. The definition of "Commitment" in Section 1.1 of the Credit Agreement is amended by deleting "$975,000,000" and substituting ~~" $~~"$475,000,000" therefor.

2. On the date of this Amending Agreement ~~and prior to any further advances under the Credit Agreement~~, the IESO ~~shall execute~~has executed and ~~deliver~~delivered to the OFA (and included it in Schedule 1 to this Amending Agreement) a new grid promissory note in the principal amount of up to $475,000,000 ~~substantially in the form of the grid~~, which note ~~attached hereto and indicating a~~ indicates the total principal amount of advances outstanding ~~to~~as of the date ~~of $114,383,131.40,~~hereof.

3. ~~Upon receipt of~~In exchange for the ~~new~~ grid promissory note delivered hereunder, the OFA ~~will cancel~~has cancelled and ~~return~~returned the grid promissory note dated November 30, 2016 to the IESO.

4. Delete Section 2.3 "Use of Proceeds" of the Credit Agreement and replace it as follows:

   "The IESO shall use the proceeds of Advances for the purposes for which it is authorized to borrow funds pursuant to Regulation 280/14 made under the *Electricity Act, 1998*, as such regulation may be amended or replaced from time to time."

IN ALL OTHER RESPECTS, the Credit Agreement is confirmed by the parties.

Commented [A8]: I agree with these changes.

Commented [A9]: I agree with these changes.

Commented [A10]: OFA Legal to comment.

Should be Schedule 3 Grid Note (not Schedule 1. Schedule 1 is Form of Borrowing Notice). The outstanding balance was inputted to because its relevant to the Grid Note.

Commented [A11]: This is correct as of July 4 2017. Likely to change by mid-July.

Commented [A12]: No comment.

Commented [A13]: OFA Legal to comment.
MOF LSB to comment on use of reference on regulation 280/14.

I agree with the change.
To be consistent with the new $2 billion credit facility, should we include "The IESO is expected to recover or repay the proceeds for each Advance over a period of no more than 12 months from the date of such Advance."

(d) For further certainty, the OFA acknowledges and agrees that the Intercept as provided for herein and in the Intercept Letter shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than the Ministry of Energy or through Ontario Climate Change Solutions Deployment Corporation.

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full. Notwithstanding the foregoing, in the event of a conflict or inconsistency between the terms and conditions of the Intercept Letter and the terms and conditions contained in this Agreement, the terms and conditions contained in this Agreement shall prevail."

4. The following definitions are added to Section 1.1 of the Credit Agreement:

"(1) The IESO may elect to continue all or a portion of the principal amount of any Advance and any amount of interest on such Advance (together, the "**Continued Advance**") for a further period of at least 28 days and up to a maximum of 95 days beginning on the then current Repayment Date in accordance with Section 3.3(2).

(4) The calculation of interest on a Continued Advance shall be determined in the same manner as an Advance under Section 3.4 and shall be recorded on the grid promissory note in respect of Advances in accordance with Section 3.2(2).

(5) Any portion of an Advance not continued for a further period in accordance with Section 3.3(2) shall be repayable on the applicable Repayment Date."

8. Section 5.2 "Acceleration of Maturity; Recission and Annulement" of the Credit Agreement is deleted in its entirety and replaced by the following:

"If an Event of Default occurs and is continuing, then and in every such case the OFA may at its option, in addition to any other remedy available to the OFA at law, by written notice to the IESO, take any or all of the following actions:

The parties agree that, with respect to the exercise of the Intercept generally, the terms of this section 5.7 shall be applied consistently with the terms set out in the Intercept Letter which shall apply in full.
