Subject: RE: Ontario Fair Hydro Plan

Carolyn,

OPG, Torys, the Dealers, Oslers and Hunton & Williams had a call yesterday with a view to coming up with broader issues for discussion at this afternoon's meeting. Below is a list of what we believe are the broader issues. We expect that on the drafting issues you and Blakes continue to try to move legislative counsel closer to the last version of the Blakes memo that you circulated along with the draft Bill on Saturday night. We are inclined to leave you to pursue that process and will reserve any drafting comments until we see the next version of the Bill.

Our larger issues are:

1. It appears as though IESO will not be able to create a funding shortfall (regulatory asset) in a month when the Fair Adjustment would be less than "Past Over-Charges". How will Investors be able to get comfort that IESO is not selling an asset to a Financing Entity (FE) that might exceed "Past Over-Charges" ? Is there transparency around this calculation ? Is the information that would be required to due diligence this point publicly available ? Would it be reasonable to suggest that we could get a certification from MOE before each financing that the IESO shortfall together with all previous IESO shortfalls under this Act would not exceed Past Over-Charges ?

2. According to the note after s. 5 there will be a five year moratorium on clean energy adjustments (contrary to what we had been led to believe). This means that it will be necessary to capitalize all interest, financing charges and other expenses for five years. Hopefully this is just a case of the legislative drafting being behind the decision making. However, if this is the intention then it is a big problem. In additional to the financing challenges, we are advised that in order for the desired accounting treatment to be available it is necessary that there be sufficient cash flow to service the debt on a current basis. It will not be sufficient to purchase the regulatory asset at a deep discount or pay interest and expenses out of cash reserves.

3. In light of 2, the absence of a market disruption guarantee in s. 4 is most concerning. A market disruption guarantee could be contained in a contractual undertaking by the Crown, but since it is not included in s.4(3) lenders would have to be comfortable that the Province could do this outside of the provisions of the Act. We

suggest that section 4(3) be revised to provide the Minister with the broadest possible authority to enter into agreements in support of the Fair Allocation Plan rather than the limited scope currently provided.

4. We need more specificity around the "funding obligation" definition. Permit this definition to refer to the Regs (ie, “payment obligations as may be prescribed”).

5. How will Investors get comfortable that particular funding obligations have been incurred in accordance with the Financing Plan. The proposal in s. 9x(2)(b) is one solution but there appears to be some reluctance in the note to draft. I am not sure there is anyone else other than the Province who is capable of covering the consequences if a funding obligation is declared invalid because it was not issued in accordance with the FP, but this does not appear to be covered by s. 4. Our understanding was that there should be no adverse consequences if funding obligations are issued in a way that does not fit the Financing Plan. This is far from clear in the draft Bill.

6. In s. 12x(3) IESO should not have a statutory duty to "make reasonably diligent efforts". The standard of care should be set out in the applicable agreements and we expect that it will be to use the same standard of care that IESO currently uses in its role of collecting the GA amounts for electricity generators. But the standard should not be hardwired into the statute. We are all in agreement that IESO is not guaranteeing collections.

7. Section 8.1, items 2 to 6 are far too vague to be able to verify compliance. In any event, Investors cannot be expected to take a risk that their debt is not incompliance with the FAP. There needs to be some way to get assurances from the Province that once the Financial Services Manager has authorized the issuance of funding obligations by a Financing Entity there is no risk of such debt being declared invalidly issued or being declared as unauthorized debt.

8. In section 8.0.1(a) we would like an explanation of what is intended to be included. It is not clear to our regulatory lawyers that this is all “green energy”.

9. Section 11(1) must not state that the Financing Plan is cost-effective. It will clearly not be as cost-effective as direct funding by the Province.

10. There is still no restriction on who can be an owner of an investment asset (although section 26(1) appears to be heading in that direction). Is it necessary to define Financing Entity and limit investment asset owners to FEs, or is it OK to have an operating enterprise as an investment asset owner so long as it is administered by OPG on behalf of Brookfield ? Dealers have a concern that perhaps the Province (through an agency or Crown corporation) could become an investment asset owner and through something like a “collective rights agreement” affect the rights of other investors.

11. Section 22(1) needs to define the IESO funding shortfall precisely and determinatively. It cannot be subject to 22(1.1)(1). It must be determined each month before it is sold. Also, the Act should provide the basis by which IESO (in the absence of a transfer) would be entitled to recover this shortfall. (We understand that is required in order for IESO to treat the shortfall as a regulatory asset.) Also, s. 22.1(1) is a problem because we cannot have the recorded amount subject to an approval order from OEB (otherwise, any financing would be conditional on getting that order and ensuring that any possible appeal process has expired). Section 22.1(3) seems to contradict 22.1(1). Section 22.2(2) can't be based on actual use; it can only be based on estimated use. In sum, this section needs lots of work and probably much of it can be moved to the Regs.

12. Sections 23(1) and 23(2). We can't have the transfer of a regulatory asset be subject to the Financing Plan. Also, can't impose restrictions on the price at which IESO sells the regulatory asset. Sales must be conclusive and not subject to post-closing analysis.

13. Section 23.1 is a key section and it currently does not work as it should (hopefully because legislative counsel were working of an old version of the Blakes memo). I would redraft that section to read as follows:

'Upon transfer of the regulatory asset or a portion thereof to a transferee, the regulatory asset or portion thereof shall comprise a portion of the investment asset recoverable by the transferee in accordance with this Act and shall be immediately vested in such transferee."

I think it is also important to update the definition of "transfer" to catch the latest changes to the definition of "Disposition" in the Blakes memo (ie, that it includes a release by IESO of its right to recover its regulatory asset in order to enable the investment asset owner to recover such amount).

In a separate email we will also be sending to you and a smaller group than this some tax comments from OPG's perspective.

Subject: Ontario Fair Hydro Plan

All - Please find attached the draft “Intergenerational Fairness in Hydro Rates Act, 2017”. A tremendous amount of work has gone into getting to this draft and much more work is required to get this ready for the House. The goal of sharing this document now is to further the process we have engaged in over the last weeks. In the attached, we have included notes to try to address where the drafting is not yet consistent with our thinking. These notes are neither comprehensive nor complete. They are intended only as flags and as colour to the draft. We have not forgotten the comments that you have already provided and we are continuing to working through the translation of the commercial terms we have been discussing into legislative language.

For ease of reference, included with the draft bill are the partially updated Blakes’ summary, a chart that attempts links the articles in that document to the sections of the bill (which is imperfectly numbered at best) and excerpts from the Electricity Act and the Ontario Energy Board Act, related to the consequential amendments.

In your review, please focus on the broad stroke concepts, rather than the minutia, and keep in mind the cascade of instruments that will be required – legislation first, then regulations and finally commercial agreements. We look forward to discussing the broader concepts on Monday

Intergenerational Fairness in Hydro Rates Act, 2017 (draft)

IESO Issues

1. We have received advice from KPMG that it is critical to the ability of IESO to book a regulatory asset (which in turn is critical to the overall transaction) that the statutory language ensures that IESO has an effective right of recovery in respect of any IESO Funding Shortfall not transferred to the SPV. In our view, recovery by the IESO should be determined by OEB in accordance with the regulations and/or the Fair Allocation Plan. To this end, the IESO proposes that s 25.33 of the EA/O Reg 430/04 be amended, as necessary, to provide for the IESO to record the IESO Funding Shortfall amount in a variance account and to provide for the OEB to eliminate and dispose of the variance account balance as part of the RPP adjustment process under the OEB Act, with such necessary OEB accounting order.

22. (1) The IESO has property rights and interests, which together constitute a regulatory asset, in the recovery of the IESO funding shortfall. (1.1) The right to recover the IESO funding shortfall under subsection (1) is subject to the following limits: 1. The amount recovered in respect of a reference period may not exceed the amount by which the [fair allocation] in respect of a reference period exceeds the amount of the clean energy adjustment for the reference period. 2. No part of the funding shortfall shall be recovered before May 1, 2022. (2) The establishment of the regulatory asset is not affected by any failure to impose, attribute, invoice, accrue or collect the clean energy adjustment. 22.1 (1) Subject to the approval by order of the Ontario Energy Board, the IESO shall record the IESO funding shortfall from time to time in its books. (2) The Ontario Energy Board may, in accordance with the regulations, by	22. (1) The IESO has the right, exercisable in accordance with this Act and the regulations to recover the IESO funding shortfall. [This right constitutes a regulatory asset and a property right.] NTD: to the extent qualification as a regulatory asset is an accounting judgment there may be little value in attempting to dictate that result by statute. However, the use of a defined term "regulatory asset" for other purposes is fine. Is the intent that Sections (1.1)(1) and (1.1)(2) would limit the recovery rights of the Investment Asset Owner or just the IESO in respect of the regulatory asset. Any material express limitation or condition attached to the IESO right of recovery based on the fair allocation plan is likely to be problematic as impairing the effective right of recovery. If this is the result then IESO may be treated as an equity holder and may not be able to recognize the regulatory asset. In addition, Section (1.1) 1 appears to reintroduce the concept that IESO's

order specify how the IESO funding shortfall must be recorded.	funding shortfall amount ranks subsequent to the clean energy adjustment amount such that the recovery of the IESO's funding shortfall in a reference period is limited to whatever space is left under the fair allocation curve. . If the right to record the shortfall is subject to an OEB order, that order may need to be obtained in advance This language and structure may not be definitive enough to provide for a real right of recovery of any regulatory asset amount held by the IESO. The statute should provide that the IESO be required to record the funding shortfall in a variance account (without having to obtain OEB approval) and that the OEB be required, as prescribed by regulation, to provide for recovery of the variance amounts recorded - presumably the regulation could provide when, after 2022, and in what manner (i.e., over what period of time) the IESO can recover any regulatory asset amount. OEB, by accounting order, would establish an IESO [fair hydro] variance account and indicate what IESO shortfalls may be included in it. The OEB is not approving each funding shortfall. The OEB's role in recovery would be to include the funding shortfall variance in future prices so IESO may recover it. In Section 6, OEB also needs to continue to determine what RPP price would have been payable but for the price set by Section 6. This is needed so LDCs know what amount would have been invoiced, so IESO in turn, based on information provided by LDCs, can determine the funding shortfall.

8.2 The IESO and the Financial Services Manager shall not, at any time, exceed the limits set out in the applicable Fair Allocation Plan.	Note that Section 7 restricts prices increases to inflation forever. We suggest redrafting this to delete "for inflation" in paragraph 2. Section 8.2 is unclear with respect to what limits cannot be exceeded. It introduces uncertainty with respect to the IESO right to record a shortfall and the IESO right of recovery. It may therefore prejudice the accounting treatment.

2. In our view, the IESO should become and remain the owner of a distinct asset, defined as the Regulatory Asset. Upon a "transfer" of all or a portion of this Regulatory Asset, the Investment Asset owner acquires an Investment Asset. On this construct the IESO is not a co-owner with the Investment Asset owner of an asset, the IESO's portion of which is the Regulatory Asset and the Investment Asset's owners potion of which is the Investment Asset. The IESO, based on conversations with KPMG, believes that it obtains a better result from an accounting perspective if it owns a distinct asset, as opposed to a co-ownership interest which is likely to be treated as a residual or subordinated interest.

23. (1) The IESO may transfer the regulatory asset in accordance with the Financing Plan. 23.1 Upon transfer of the regulatory asset or a portion of the regulatory asset, the regulatory asset or portion is deemed to be an investment asset and is vested in the investment asset owner.	NTD: The IESO right to transfer should not be subject to compliance with the Financing Plan. Consider corresponding amendment to Section 8.1 (1.1) so that the Fair Allocation Plan and the Financing Plan do not limit the ability of the IESO to transfer, or collect in respect of, a Regulatory Asset which has already arisen.

"regulatory asset" means the regulatory asset established under section X or, if any part of that regulatory asset has been transferred under this Act, **the portion of the regulatory asset that is not deemed to be an investment asset**; "investment asset" means all or part of the regulatory asset that is deemed to be an investment asset under section x;	23. The IESO may, from time to time, transfer all or any portion of the regulatory asset. Upon a transfer of all or a portion of the regulatory asset, the investment asset owner acquires an investment asset to which this Act applies. Any such transfer shall be without recourse to the IESO and upon any such transfer the IESO (or any person claiming through the IESO) shall have no further right, title or interest in (except as express provided herein) or any obligations in respect of, the portion of the regulatory asset transferred, or the corresponding investment asset. "regulatory asset" means the regulatory asset established under section X or, if any part of that regulatory asset has been transferred under this Act, **the portion of the regulatory asset that has not been transferred**; "investment asset" the investment asset established under section x;

3. We think that further particulars will be required in relation to the definition of the Funding Shortfall. Therefore we would add reference to "as prescribed by regulations" to address the need to provide for any variance/true up. We also need regulations to address recovery of IESO funding costs (which at moment legislation does not address).

22.2 (1) The IESO shall determine the IESO funding shortfall for each month in a reference period by calculating the difference between the following amounts: 1. The sum of all invoice amounts issued to specified consumers for the month. 2. The sum of all invoice amounts that would have been issued to	22.2 (1) The IESO shall determine the IESO funding shortfall for each month in a reference period in accordance with the regulations. NTD: We think that the reference to a "reference period "is unnecessary. Alternatively make provision for the addition or subtraction of additional amounts as further prescribed by

specified consumers for the month if paragraphs 1 and 2 of section 7.2 did not apply. (2) The determination under subsection (1) shall be made based on the amount of electricity actually used by specified consumers during the reference period.	regulations.

4. For a number of reasons it is difficult to treat the transaction between the IESO and the Financing Trust as a transaction which is in law a transfer, sale or assignment. That terminology implies the transfer of property from one person to another. First, there remains uncertainty at law (even with the revised "fishing licence language") with respect to the whether the Investment Asset acquired by the Investment Asset Owner is property. Second, there is a higher level of uncertainty with respect to whether the Regulatory Asset is property, given that the Regulatory Asset does not have the same level of certainty of recovery as does the Investment Asset, and lacks some of the ancillary rights attached to the Investment Asset. Third, even if both the Regulatory Asset and the Investment Interest constitute property, there is a continuity gap between them since the rights acquired by the Investment Owner are different from the rights disposed of by the IESO.

We think that the best way of proceeding is for the Act to state specifically that upon any "transfer", the IESO has no further rights in the Regulatory Asset, or portion thereof transferred and the Investment Asset Owner acquires the corresponding Investment Interest free of any adverse claim. Since, in both cases, these rights are a creature of statute, it is hard to see how such a stipulation could realistically be challenged. However, in order to avoid circularity, the term "transfer" needs to be defined more broadly so that it is not dependent upon there being a transfer at common law.

"transfer" means an assignment, conveyance, disposition or sale.	"transfer" means (i) in relation to the regulatory asset, or any portion thereof, any act of IESO which states that is a "transfer" of all or any portion of the regulatory asset for purposes of this Act or any other act of the IESO by which the IESO purports to dispose of its interest in all or any portion of the regulatory asset and, as a result, constitute a named person the owner of an investment asset under this Act and (ii) in relation to an investment

	asset or any portion thereof …., and, in each case, transferred shall have a corresponding meaning.
25. (1) A transfer of a regulatory asset or an investment asset under this Act that is expressed to be a sale or an absolute assignment is a valid and enforceable sale and absolute assignment of the regulatory asset or investment asset, as the case may be, and confers upon the owner of the investment asset acquired a valid property right and interest in, to and under the applicable investment asset in accordance with the terms of the transfer.	Probably unnecessary, at least in relation to the Regulatory Asset, because of the effect given to a transfer of the Regulatory Asset in Section 23. In any event, because of the differences in the definition of "transfer" and because discontinuity is an issue for the Regulatory Asset but not for the Investment Interest, we would suggest that there be separate provisions dealing with the transfer of the Regulatory Asset and the Investment Interest.
(2) Without limiting subsection (1), any transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of IESO's right to recover the IESO funding shortfall or an investment asset owner's right, title and interest in, to and under an investment asset, as applicable (or relevant portion thereof), and not merely as a pledge thereof, and upon such absolute transfer the transferor shall retain no right, title or interest in regulatory asset or the investment asset (or relevant portion thereof) subject to the transfer, including all rights to recover the IESO funding shortfall or the investment asset arising after such transfer.	NTD: not sure that there is any value in deeming a transfer to be absolute.
(3) At the time a transfer of a regulatory asset or an investment asset is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.	

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the owner of the investment asset shall have priority over any liens in favour of such other persons.	NTD: Perfection not likely relevant. Transfer should be free of any adverse claim.

5. While the electricity distributors can be sub-servicers of IESO as servicer, IESO can assume no responsibility for their performance obligations. Again, we are advised that this is critical from an accounting perspective.

13x. (1) Each electricity vendor shall [in accordance with the regulations?] determine the proportionate share of clean energy adjustments payable on a monthly basis by each of its specified consumers. (2) The electricity vendor shall issue an invoice to each specified consumer for the applicable amount of clean energy adjustments in accordance with the regulations. (3) Each electricity vendor shall, as an agent of the IESO, make reasonably diligent efforts to collect clean energy adjustments from specified consumers.	(4) The IESO shall not be liable to the Investment Asset Owner, any pledgee, or any person claiming through the Investment Asset Owner or any pledgee, for any failure to collect or remit, or any other breach or failure to perform, by any electricity vendor. Do we need to address the very limited circumstance of the IESO as an electricity vendor? Section 13x(1) does not appear to contemplate a volumetric rate, but rather the LDC determining a fixed amount payable by each of its consumers.

6. For constitutional reasons related to the federal bankruptcy power, limit the unnecessary use of "deeming provisions".

Section 15x (2) The amounts required to be deposited or received into the account are deemed to be held in trust for the investment asset owner.	(2) The amounts deposited into the account, until paid in accordance with this Act and the regulations, shall be held in trust by the applicable electricity vendor for the investment asset owner.
Section 12 (2) The amounts collected are deemed to be held in trust for the investment asset owner.	(2) The amounts received by the IESO from electricity vendors pursuant to Section x until paid in accordance with this Act and the regulations shall be held in trust by the IESO for the investment asset owner.
23.1 Upon transfer of the regulatory asset or a portion of the regulatory asset, the regulatory asset or portion is deemed to be an investment asset and is vested in the investment asset owner.	…Upon a transfer of all or a portion of the regulatory asset, the investment asset owner acquires an investment asset to which this Act applies and the IESO (or any person claiming through the IESO) has no further right, title or interest in the portion of the regulatory asset transferred, or in the corresponding investment asset.
Section 25 (3) At the time a transfer of a regulatory	Delete, see new Section 23.

asset or an investment asset is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.	
"investment asset" means all or part of the regulatory asset that is deemed to be an investment asset under section x; ("French")	"investment asset" the investment asset established under section x;
"regulatory asset" means the regulatory asset established under section X or, if any part of that regulatory asset has been transferred under this Act, the portion of the regulatory asset that is not deemed to be an investment asset;	"regulatory asset" means the regulatory asset established under section X or, if any part of that regulatory asset has been transferred under this Act, the portion of the regulatory asset that has not been transferred;

7. Does the clean energy adjustment determine the amount payable in respect of both the Regulatory Asset and the Investment Asset? If so, any subordination or other arrangement that results in the IESO receiving a residual interest may impact de-recognition. In our view, this calculation should exclude the IESO, and the IESO should have a separate right of recovery assessed by the OEB.

"clean energy adjustment" means…	Should specify that this is the amount required by the Investment Asset Owner and does not relate to IESO's right of recovery. Consistent with this, Schedule 1 is defined in relation to the funding and other costs of the owner of the investment asset.
11x. (1) The Ontario Energy Board shall apply the method set out in Schedule 1 to determine the amount of the clean energy adjustment payable on a monthly basis by each electricity vendor on behalf of the electricity vendor's specified	Regarding section 11x(2), IESO recommends adding variance tracking so that the financing entity can communicate any variance (positive or negative) to the OEB. This should also be included in Schedule 1 as an input to determining the amount of clean energy

consumers. (2) The Ontario Energy Board may adjust the amount determined under Schedule 1 from time to time to address the any difference between the amount of the clean energy adjustment payable in respect of the reference period and the amount of the clean energy adjustment collected as of the date of the determination. (3) The Lieutenant Governor in Council may make regulations governing the calculation under subsection (2) and how the amount is to be applied to the clean energy adjustment. (4) The Ontario Energy Board shall communicate to each electricity vendor information relating to the clean energy adjustment to be allocated by the electricity vendor to each specified consumer in respect of a reference period.	adjustment for a reference period.

8. In order to ensure that the Disposition results in the de-recognition of the "regulatory asset" on IESO's books (and that the Disposition not be treated as a financing transaction) it is important the Disposition) by IESO to the financing trust be without recourse to IESO and that all collection obligations on the part of IESO be on a reasonable efforts, or consistent efforts, basis only. Therefore, clarify that the IESO's trust and remittance obligations are limited to amounts actually received by it. IESO's obligation to segregate and remit should be conditional upon receipt of the corresponding amounts from the electricity vendors.

Section 12 (4) The IESO shall promptly deposit all amounts received in respect of clean energy adjustments into the account established under subsection (3.1). (2) The amounts collected are deemed to be held in trust for the investment asset owner.	Section 12 (4) The IESO shall promptly deposit all amounts received by it from electricity vendors pursuant to Section x into the account established under subsection (3.1). (2) The amounts received by the IESO from electricity vendors pursuant to Section x until paid in accordance with

(5) The IESO shall remit amounts received in respect of clean energy adjustments to or for the benefit of the regulatory asset owner in accordance with the regulations.	this Act and the regulations shall be held in trust by the IESO for the investment asset owner. (5) The IESO shall remit amounts received in respect of clean energy adjustments to or for the benefit of the regulatory asset owner in accordance with the regulations. Regarding section 11x(2), IESO recommends adding variance tracking so that the financing entity can communicate any variance (positive or negative) to the OEB. This should also be included in Schedule 1 as an input to determining the amount of clean energy adjustment for a reference period.

9. Daily remittances are not consistent with the operation of the system and may not be practical. At the very least, this should be left open to be addressed in the commercial documents.

Section 12x (4) The IESO shall promptly deposit all amounts received in respect of clean energy adjustments into the account established under subsection (3.1).	Define "promptly", or provide that it is to be specified in the Regulations. The invoicing contemplated by section 12(2) regulations should be done based on IESO's monthly settlement process. It would appear that this is the case; section 13(1) references LDCs determining clean energy adjustment on a monthly basis. (4) contains a Note about considering daily segregation or remittances. IESO does not believe daily remittances are necessary. Daily remittances would add additional complexity and cost to the settlement process. It is not clear that LDCs would be able to move to daily remittances without substantial cost and effort.

	The risk of a particular LDC going bankrupt is small. If an LDC does go bankrupt, daily remittances merely minimizes risk of a month of remittances for that one LDC, which the Financing Entity can recover in a future period in any event through the True Up.

10. Consider the extent to which deeming provision are required in connection n with the operation of the PPSA. The number of deeming provisions raises the issue of whether the security interest provided for is one provided for by statute or one provided for by the PPSA. For the most part, once the application of the PPSA is provided for, the perception, priority and proceeds rules in the PPSA ought to be allowed to operate (and should not prejudice the transaction).

27. (1) The owner of an investment asset may grant a pledge to or in favour of a person in, to and over all or a specified portion of its right, title and interest in, to and under the investment asset in connection with any funding obligation.	Use PPSA term "security interest"
(2) A pledge may be a lien, mortgage, charge, right of set-off or security interest.	Redundant. In any event, the reference to set-off is not relevant or appropriate. Why not use PPSA terminology.
(3) The pledge may be made to secure a funding obligation **and when granted shall be valid and enforceable in accordance with its terms and shall be effective to confer upon the person to whom the pledge is granted a valid security interest in, to and in respect of the investment asset in accordance with the terms of the pledge.**	Redundant and may prejudice the conclusion that a conventional PPSA security interest is intended,
(x) All proceeds of a related [Investment Interest?] that are subject to the pledge that are received by the owner of the investment asset shall immediately be subject to the pledge, and the security interest in the proceeds shall be perfected pursuant to the Personal Property Security Act.	Redundant, except to the extent it is contemplated to expand the PPSA concept of "proceeds". Consider

(x) A pledge perfected under the Personal Property Security Act shall be a continuously perfected security interest and shall have priority over any other lien or security interest, created by operation of law or otherwise, that may attach to the property rights and interests in the [Investment Interest?] subject to the pledge unless the pledgee has otherwise agreed in writing.	whether that can or should be done. Redundant, the priority rules in the PPSA should be sufficient,
(x) A pledgee shall have a perfected security interest in a related investment interest, including the owner of the investment asset's rights and interests in and to [the clean energy adjustment?] or other related proceeds in respect of the investment interest and that are deposited in any [which account?] or other account of any [Electricity Distributor, IESO, Alternative Servicer or other person who may have commingled such Transition Charge Collections or such other proceeds with other funds].	Redundant, except to the extent it is contemplated to expand the PPSA concept of "proceeds". Consider whether that can or should be done.
(8) All proceeds of the investment asset that are subject to the pledge and that are received by the investment asset owner shall immediately be subject to the pledge and shall be perfected without any physical delivery of the proceeds, registration of any financing statement or any further act. (9) The pledge shall be a continuously perfected security interest and shall have priority over any other lien, created by operation of law or otherwise, that may subsequently attach to the property rights and interests in the investment asset subject to the Pledge, subject to the written consent of the person to whom the pledge has been granted. (10) The person to whom the pledge has been granted shall have a perfected	Redundant, except to the extent it is contemplated to expand the PPSA concept of "proceeds". Consider whether that can or should be done.

security interest in revenues or other proceeds that are deposited in any [investment asset account] or other account of any electricity vendor, the IESO, an agent of an electricity vendor or the IESO or other person who may have commingled such revenues or other proceeds with other funds.	

11. Partial payments by retail customers to electricity distributors should be allocated to Transition Charges on a ratable basis, and once allocated shall be segregated.

14x. (1) This section applies if, (a) an electricity vendor receives a payment made by or on behalf of a specified consumer in respect of amounts payable under one or more invoices; and (b) the amount paid is less than the total amount payable. (2) The electricity vendor shall allocate the payment on a pro rata basis to the clean energy adjustment and other amounts payable under the relevant invoices. (3) The electricity vendor shall deposit the portion of the payment allocated to clean energy adjustments into the account established under X.	Correct.

12. In order not to impair the ability of the IESO to dispose of its interest in the Regulatory Asset and in order not to impair the financibility of the Investment Interest by the Trust, subsequent actions and compliance with allocation plan and

the financing plan should not be a condition of the effectiveness of any aspects of the transaction.

(6) The fact that any provision of this Act is held to be invalid or ceases to be in effect for any reason does not affect a funding obligation that was incurred under this Act before the day that the provision was held to be invalid or ceased to be in effect.	(6) The fact that any provision of this Act is held to be invalid or ceases to be in effect for any reason does not affect a **transfer, funding obligation or grant of a security interest** that was effected or incurred under this Act before the day that the provision was held to be invalid or ceased to be in effect.

13. Provide legislative basis for provision of commercial undertakings of the sort which may be required for purposes of h financial close.

200x. (1) Subsection 6 (1) of the Electricity Act, 1998 would be amended by adding the following clauses: (q.1) to enter into agreements or arrangements with [any special purpose financing entities established under (name of new Fair Hydro Act?)]; (q.2) to engage in activities related to making payments to and receiving payments from [any special purpose financing entities established under (name of new Fair Hydro Act?)], as required under that Act, and to engage in related settlement activities; (q.3) to engage in activities related to the transfer of the regulatory asset created under [(name of new Fair Hydro Act?)], which activities may include, (i) incurring liabilities in relation to the regulatory asset (ii) transferring the regulatory asset to [any special purpose financing	Retain specific objects but add a general object "to engage in activities to facilitate the implementation of the Fair Hydro Act, including:…" NTD: incorporate the expanded

All,

In case it is helpful for this afternoon's meeting I have put the points from my last email into a Word document (attached) that might be easier to work with. I will bring extra copies to the meeting.

Subject: RE: Ontario Fair Hydro Plan

Carolyn,

OPG, Torys, the Dealers, Oslers and Hunton & Williams had a call yesterday with a

view to coming up with broader issues for discussion at this afternoon's meeting. Below is a list of what we believe are the broader issues. We expect that on the drafting issues you and Blakes continue to try to move legislative counsel closer to the last version of the Blakes memo that you circulated along with the draft Bill on Saturday night. We are inclined to leave you to pursue that process and will reserve any drafting comments until we see the next version of the Bill.

Our larger issues are:

1. It appears as though IESO will not be able to create a funding shortfall (regulatory asset) in a month when the Fair Adjustment would be less than "Past Over-Charges". How will Investors be able to get comfort that IESO is not selling an asset to a Financing Entity (FE) that might exceed "Past Over-Charges" ? Is there transparency around this calculation ? Is the information that would be required to due diligence this point publicly available ? Would it be reasonable to suggest that we could get a certification from MOE before each financing that the IESO shortfall together with all previous IESO shortfalls under this Act would not exceed Past Over-Charges ?

2. According to the note after s. 5 there will be a five year moratorium on clean energy adjustments (contrary to what we had been led to believe). This means that it will be necessary to capitalize all interest, financing charges and other expenses for five years. Hopefully this is just a case of the legislative drafting being behind the decision making. However, if this is the intention then it is a big problem. In additional to the financing challenges, we are advised that in order for the desired accounting treatment to be available it is necessary that there be sufficient cash flow to service the debt on a current basis. It will not be sufficient to purchase the regulatory asset at a deep discount or pay interest and expenses out of cash reserves.

3. In light of 2, the absence of a market disruption guarantee in s. 4 is most concerning. A market disruption guarantee could be contained in a contractual undertaking by the Crown, but since it is not included in s.4(3) lenders would have to be comfortable that the Province could do this outside of the provisions of the Act. We suggest that section 4(3) be revised to provide the Minister with the broadest possible authority to enter into agreements in support of the Fair Allocation Plan rather than the limited scope currently provided.

4. We need more specificity around the "funding obligation" definition. Permit this definition to refer to the Regs (ie, “payment obligations as may be prescribed”).

5. How will Investors get comfortable that particular funding obligations have been incurred in accordance with the Financing Plan. The proposal in s. 9x(2)(b) is one solution but there appears to be some reluctance in the note to draft. I am not sure there is anyone else other than the Province who is capable of covering the consequences if a funding obligation is declared invalid because it was not issued in accordance with the FP, but this does not appear to be covered by s. 4. Our understanding was that there should be no adverse consequences if funding obligations are issued in a way that does not fit the Financing Plan. This is far from clear in the draft Bill.

6. In s. 12x(3) IESO should not have a statutory duty to "make reasonably diligent efforts". The standard of care should be set out in the applicable agreements and we expect that it will be to use the same standard of care that IESO currently uses in its role of collecting the GA amounts for electricity generators. But the standard should not be hardwired into the statute. We are all in agreement that IESO is not guaranteeing collections.

7. Section 8.1, items 2 to 6 are far too vague to be able to verify compliance. In any event, Investors cannot be expected to take a risk that their debt is not incompliance with the FAP. There needs to be some way to get assurances from the Province that once the Financial Services Manager has authorized the issuance of funding obligations by a Financing Entity there is no risk of such debt being declared invalidly issued or being declared as unauthorized debt.

8. In section 8.0.1(a) we would like an explanation of what is intended to be included. It is not clear to our regulatory lawyers that this is all “green energy”.

9. Section 11(1) must not state that the Financing Plan is cost-effective. It will clearly not be as cost-effective as direct funding by the Province.

10. There is still no restriction on who can be an owner of an investment asset

(although section 26(1) appears to be heading in that direction). Is it necessary to define Financing Entity and limit investment asset owners to FEs, or is it OK to have an operating enterprise as an investment asset owner so long as it is administered by OPG on behalf of Brookfield ? Dealers have a concern that perhaps the Province (through an agency or Crown corporation) could become an investment asset owner and through something like a “collective rights agreement” affect the rights of other investors.

11. Section 22(1) needs to define the IESO funding shortfall precisely and determinatively. It cannot be subject to 22(1.1)(1). It must be determined each month before it is sold. Also, the Act should provide the basis by which IESO (in the absence of a transfer) would be entitled to recover this shortfall. (We understand that is required in order for IESO to treat the shortfall as a regulatory asset.) Also, s. 22.1(1) is a problem because we cannot have the recorded amount subject to an approval order from OEB (otherwise, any financing would be conditional on getting that order and ensuring that any possible appeal process has expired). Section 22.1(3) seems to contradict 22.1(1). Section 22.2(2) can't be based on actual use; it can only be based on estimated use. In sum, this section needs lots of work and probably much of it can be moved to the Regs.

12. Sections 23(1) and 23(2). We can't have the transfer of a regulatory asset be subject to the Financing Plan. Also, can't impose restrictions on the price at which IESO sells the regulatory asset. Sales must be conclusive and not subject to post-closing analysis.

13. Section 23.1 is a key section and it currently does not work as it should (hopefully because legislative counsel were working of an old version of the Blakes memo). I would redraft that section to read as follows:

'Upon transfer of the regulatory asset or a portion thereof to a transferee, the regulatory asset or portion thereof shall comprise a portion of the investment asset recoverable by the transferee in accordance with this Act and shall be immediately vested in such transferee."

I think it is also important to update the definition of "transfer" to catch the latest changes to the definition of "Disposition" in the Blakes memo (ie, that it includes a release by IESO of its right to recover its regulatory asset in order to enable the

investment asset owner to recover such amount).

In a separate email we will also be sending to you and a smaller group than this some tax comments from OPG's perspective.

Subject: Ontario Fair Hydro Plan

All - Please find attached the draft "Intergenerational Fairness in Hydro Rates Act, 2017". A tremendous amount of work has gone into getting to this draft and much more work is required to get this ready for the House. The goal of sharing this document now is to further the process we have engaged in over the last weeks. In the attached, we have included notes to try to address where the drafting is not yet consistent with our thinking. These notes are neither comprehensive nor complete. They are intended only as flags and as colour to the draft. We have not forgotten the comments that you have already provided and we are continuing to working through the translation of the commercial terms we have been discussing into legislative language.

For ease of reference, included with the draft bill are the partially updated Blakes' summary, a chart that attempts links the articles in that document to the sections of the bill (which is imperfectly numbered at best) and excerpts from the Electricity Act and the Ontario Energy Board Act, related to the consequential amendments.

In your review, please focus on the broad stroke concepts, rather than the minutia, and keep in mind the cascade of instruments that will be required – legislation first, then regulations and finally commercial agreements. We look forward to discussing the broader concepts on Monday

5. How will Investors get comfortable that particular funding obligations have been incurred in accordance with the Financing Plan. The proposal in s. 9x(2)(b) is one solution but there appears to be some reluctance in the note to draft. I am not sure there is anyone else other than the Province who is capable of covering the consequences if a funding obligation is declared invalid because it was not issued in accordance with the FP, but this does not appear to be covered by s. 4. Our understanding was that there should be no adverse consequences if funding obligations are issued in a way that does not fit the Financing Plan. This is far from clear in the draft Bill.

6. In s. 12x(3) IESO should not have a statutory duty to "make reasonably diligent efforts". The standard of care should be set out in the applicable agreements and we expect that it will be to use the same standard of care that IESO currently uses in its role of collecting the GA amounts for electricity generators. But the standard should not be hardwired into the statute. We are all in agreement that IESO is not guaranteeing collections.

7. Section 8.1, items 2 to 6 are far too vague to be able to verify compliance. In any event, Investors cannot be expected to take a risk that their debt is not incompliance with the

FAP. There needs to be some way to get assurances from the Province that once the Financial Services Manager has authorized the issuance of funding obligations by a Financing Entity there is no risk of such debt being declared invalidly issued or being declared as unauthorized debt.

8. In section 8.0.1(a) we would like an explanation of what is intended to be included. It is not clear to our regulatory lawyers that this is all "green energy".

9. Section 11(1) must not state that the Financing Plan is cost-effective. It will clearly not be as cost-effective as direct funding by the Province.

10. There is still no restriction on who can be an owner of an investment asset (although section 26(1) appears to be heading in that direction). Is it necessary to define Financing Entity and limit investment asset owners to FEs, or is it OK to have an operating enterprise as an investment asset owner so long as it is administered by OPG on behalf of Brookfield ? Dealers have a concern that perhaps the Province (through an agency or Crown corporation) could become an investment asset owner and through something like a "collective rights agreement" affect the rights of other investors.

11. Section 22(1) needs to define the IESO funding shortfall precisely and determinatively. It cannot be subject to 22(1.1)(1). It must be determined each month before it is sold. Also, the Act should provide the basis by which IESO (in the absence of a transfer) would be entitled to recover this shortfall. (We understand that is required in order for IESO to treat the shortfall as a regulatory asset.) Also, s. 22.1(1) is a problem because we cannot have the recorded amount subject to an approval order from OEB (otherwise, any financing would be conditional on getting that order and ensuring that any possible appeal process has expired). Section 22.1(3) seems to contradict 22.1(1). Section 22.2(2) can't be based on actual use; it can only be based on estimated use. In sum, this section needs lots of work and probably much of it can be moved to the Regs.

12. Sections 23(1) and 23(2). We can't have the transfer of a regulatory asset be subject to the Financing Plan. Also, can't impose restrictions on the price at which IESO sells the regulatory asset. Sales must be conclusive and not subject to post-closing analysis.

13. Section 23.1 is a key section and it currently does not work as it should (hopefully because legislative counsel were working of an old version of the Blakes memo). I would redraft that section to read as follows:

"Upon transfer of the regulatory asset or a portion thereof to a transferee, the regulatory asset or portion thereof shall comprise a portion of the investment asset recoverable by the transferee in accordance with this Act and shall be immediately vested in such transferee."

I think it is also important to update the definition of "transfer" to catch the latest changes to the definition of "Disposition" in the Blakes memo (ie, that it includes a release by IESO of its right to recover its regulatory asset in order to enable the investment asset owner to recover such amount).

Subject: Ontario Fair Hydro Plan

All - Please find attached the draft “Intergenerational Fairness in Hydro Rates Act, 2017”. A tremendous amount of work has gone into getting to this draft and much more work is required to get this ready for the House. The goal of sharing this document now is to further the process we have engaged in over the last weeks. In the attached, we have included notes to try to address where the drafting is not yet consistent with our thinking. These notes are neither comprehensive nor complete. They are intended only as flags and as colour to the draft. We have not forgotten the comments that you have already provided and we are continuing to working through the translation of the commercial terms we have been discussing into legislative language.

For ease of reference, included with the draft bill are the partially updated Blakes’ summary, a chart that attempts links the articles in that document to the sections of the bill (which is imperfectly numbered at best) and excerpts from the Electricity Act and the Ontario Energy Board Act, related to the consequential amendments.

In your review, please focus on the broad stroke concepts, rather than the minutia, and keep in mind the cascade of instruments that will be required – legislation first, then regulations and finally commercial agreements. We look forward to discussing the broader concepts on Monday

Fair Hydro Act (April 17 2017) Consultationv5.pdf

Version 2

This document is a draft intended for discussion purposes only. It may not be relied upon to interpret the legislation, if an Intergenerational Fairness in Hydro Rates Act, or any related act, is enacted by the Legislature. The notes included in this document are intended to assist the review of this discussion document only.

Confidential Draft

A proposal to create Legislation.

Intergenerational Fairness in Hydro Rates Act, 2017, if enacted

EXPLANATORY NOTE TO BE ADDED BY LEGISLATIVE COUNSEL TO ANY FINAL BILL PRIOR TO INTRODUCTION.

[Notes re this draft:
- all numbering of provisions will need to be re-done
- will need to check all definitions to ensure (1) that they are needed; and (2) that they work properly wherever the term is used in the Bill.
- additional consequential amendments likely required still
- overall organization of provisions still TBC (for now just trying to get all of the elements drafted and will reconsider architecture later)
- need to check consistency of various phrases (e.g. *during/for/in respect of* reference period; *owner of RA/IA vs. RA/IA owner; etc.*)]

Preamble

The Government of Ontario is committed to fostering the development of a clean, modern and reliable electricity system with a diverse supply mix that includes renewable energy. The Government is also committed to removing barriers to and promoting opportunities for renewable energy projects.[1]

The Government of Ontario has established a regulatory and contractual framework related to the generation and sale of electricity to ensure significant investment in decarbonizing and modernizing sites and facilities in the Province for the generation of electrical energy and the production therefrom.[2]

Given the long-term benefits that future generations of Ontarians will receive from many of these investments, it is appropriate and fair to raise money in respect of these generating sites and facilities[3] in a manner that allocates the costs of these investments fairly among present and future consumers.

Therefore, Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

"Minister" means the Minister of Energy or such other member of the Executive Council as may be assigned the administration of this Act under the *Executive Council Act*; ("ministre")

"prescribed" means prescribed by the regulations; ("prescrit")

"reference period" means,

(a) the period beginning on May 1, 2017 and ending on October 31, 2017,

(b) every six-month period following the period mentioned in clause (a) or such shorter period as may be set out in the Fair Allocation Plan; ("French")

"refinancing" means a repayment or repurchase of a funding obligation for cancellation by or on behalf of the owner of an investment asset by applying the net proceeds obtained by the owner incurring one or more other funding obligations; ("French")

"regulation" means a regulation made under this Act; ("règlement")

"regulatory asset" means the regulatory asset established under section X; ("French")

"representative consumer" means a consumer who meets the criteria set out in subsection (3); ("French")

"specified consumer" means,

(a) a person who has an account with an electricity vendor for the supply of electricity, receives an invoice in respect of the account and meets the criteria set out in subsection (2); or

(b) such other person as may be prescribed; ("French")

Confidential Draft

"Toronto Hydro" means Toronto Hydro-Electric System Limited; ("French")

"transfer" means an assignment, conveyance, disposition or sale; ("French")

"weekday" means any Monday, Tuesday, Wednesday, Thursday or Friday that is not a holiday. ("jour de semaine")

Specified consumers

(2) For the purposes of clause (a) of the definition of "specified consumer" in subsection (1), the person must meet any one of the following criteria:

1. The person has a demand for electricity of 50 kilowatts or less, or such other amount as may be prescribed.

2. The person annually uses not more than 250,000 kilowatt hours of electricity, or such other amount as may be prescribed.

3. The person carries on a business that is a farming business for the purposes of the *Farm Registration and Farm Organizations Funding Act, 1993* and either holds a valid registration number assigned under that Act or the has had the obligation to file a farming business registration form waived pursuant to an order made under subsection 22 (6) of that Act.

4. The person's account with the electricity vendor relates to,

    i. a dwelling,

    ii. a property within the meaning of the *Condominium Act, 1998*,

    iii. a residential complex within the meaning of subsection 2 (1) of the *Residential Tenancies Act, 2006*, without regard to section 5 of that Act, or

    iv. a property that includes one or more housing units and that is owned or leased by a co-operative within the meaning of the *Co-operative Corporations Act*.

5. The person satisfies such criteria as may be prescribed.

Invoice amount, exclusions

(2) For the purposes of the definition of "invoice amount" in subsection (1), an invoice amount does not include any of the following amounts:

Confidential – Draft for discussion purposes only

Confidential Draft

1. The balance of any amounts carried forward from previous invoices.

2. Penalties or interest.

3. Charges that do not relate to the use of electricity.

4. Any of the following charges that may be set out in an order issued by the Ontario Energy Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998*:

    i. A fixed monthly service charge payable by a generation facility within the meaning of section 56 of the *Ontario Energy Board Act, 1998* and classified as "microFIT".

    ii. A charge labelled as a "specific service charge" or "retail service charge".

    iii. A rate rider.

Representative consumer

(3) For the purposes of the definition of "representative consumer" in subsection (1), the consumer,

(a) purchases electricity directly from Toronto Hydro;

(b) has an account with Toronto Hydro that falls within a residential-rate classification as specified in a rate order made by the Board under section 78 of the Act;

(c) is invoiced by Toronto Hydro on a monthly basis;

(d) is not invoiced by Toronto Hydro for electricity on an equal monthly payment plan or an equal billing plan; and

(e) uses, on average, 750 kilowatt hours of electricity each month.

Effect of invalidity, etc.[5]

1.1 (1) For greater certainty, all of the provisions of this Act remain in full force and effect, even if some provisions are held to be invalid, the intention of the Legislature

Confidential Draft

being to give separate and independent effect to the extent of its powers to every provision contained in this Act.

Same, funding obligation

(2) The fact that any provision of this Act is held to be invalid or ceases to be in effect for any reason does not affect a funding obligation that was incurred under this Act before the day that the provision was held to be invalid or ceased to be in effect.

Purpose

2. (1) The purposes of this Act are,[6]

(a) to ensure that the costs of the clean energy initiative are fairly distributed among specified customers over time;

(b) to recognize the long-term benefits of the clean energy initiative that accrue over time and will continue to benefit present and future electricity consumers in the Province;

(c) to promote the use of clean energy sources and technologies, including low carbon, alternative energy sources and renewable energy sources, in a manner consistent with the policies of the Government of Ontario;

(d) to promote economic efficiency and sustainability in the generation, transmission, distribution and sale of electricity;

(e) to facilitate the maintenance of a financially viable electricity industry, including by raising money in respect of sites and facilities in the Province for the generation of electrical energy and the production therefrom;[7] and

(f) to protect the interests of consumers with respect to prices and the adequacy, reliability and quality of electricity service.

Crown bound

3. This Act binds the Crown.

Protection and guarantee of scheme
Prohibition

4. (1) The Crown shall not do anything that would,

[6] FLS: Please see the *Electricity Act, 1998* for much of the wording proposed in this section.

(a) hinder, delay, impair or prejudice the charging, collection or remittance of the clean energy adjustment;

(b) except as expressly permitted by this Act, reduce the amount of the clean energy adjustment or lower the priority of the clean energy adjustment over other debts; or

(c) adversely affect an investment asset or a funding obligation.

Clarification with respect to regulations

(2) For greater certainty, the things prohibited under subsection (1) include the making or approving of a regulation under this Act.

Agreements for compensation

(3) The Minister may enter into agreements for the purposes of guaranteeing that compensation will be paid to an investment asset owner for losses suffered as a result of,

(a) a contravention of subsection (1);

(b) a change in law that would adversely affect the rights under this Act of an investment asset owner;

(c) approval by the Lieutenant Governor in Council of a Fair Allocation Plan, or an amendment to a Fair Allocation Plan, that fails to recognize the principles set out in section x; or

(d) a final determination by a court of final jurisdiction rendering invalid or ineffective all or any of the provisions of this Act.[8]

Electricity vendors, obligations

(5) If an electricity vendor fails to carry out its obligations under this Act for any reason, including because the electricity vendor is dissolved or restructured or because it becomes insolvent, the Government of Ontario shall carry out those obligations or ensure they are carried out by another appropriate entity.

PART II
FAIR ADJUSTMENT

Determination of rates, May 1, 2017 to April 30, 2018

6. (1) The Ontario Energy Board shall determine the rate for electricity payable by a specified consumer for the period beginning on May 1, 2017 and ending on April 30, 2018 in the following manner:

1. Determine the average rate payable by a representative consumer in accordance with subsection (2).

2. Determine the average monthly invoice amount that would be payable by a representative consumer under the rate determined under paragraph 1.

3. Determine the amount that is [# tbc] per cent less than the monthly invoice amount determined under paragraph 2.

4. Determine the average rate payable by a representative consumer that would result in the monthly invoice amount mentioned in paragraph 3 for a representative consumer.

[Note: Query whether 79.16 of the OEBA should be replaced to clearly state that the price-setting work that the OEB does under the RPP is authorized and that the work it must do to accommodate the Fair Adjustments is also authorized going forward.]

Determination of baseline, average rate

(2) For the purposes of paragraph 1 of subsection (1), the average rate payable shall be determined as follows:[9]

1. The Board shall determine rates in a manner that is consistent with the Standard Supply Service Code issued by the Board.

2. The Board shall forecast the costs of electricity to be consumed by the representative consumer, taking into consideration adjustments required under section 25.33 of the *Electricity Act, 1998* and shall ensure that the rates reflect those costs.

3. The Board shall set an off-peak period associated with the regulated price referred to as RPEMOFF in section 3.4 of the "Standard Supply Service Code for Electricity Distributors" issued by the Board,

    i. that begins no later than 7 p.m. on every weekday and ends,

[9] FLS: Please see section 6 of O. Reg. 95/05 (a bilingual reg).

A. no earlier than 7 a.m. on the next day if the next day is a weekday, or

B. no earlier than 12 a.m. on the next day if the next day is Saturday, Sunday or a holiday, and

ii. that begins no later than 12 a.m. on every Saturday, Sunday and holiday and ends no earlier than,

A. 12 a.m. on the next day, if the next day is Saturday, Sunday or a holiday, or

B. 7 a.m. on the next day if the next day is a weekday.

Determination of rates, on and after May 1, 2018

7. On and after May 1, 2018, the Board shall determine the rate for electricity payable by a specified consumer as follows:

1. Determine the rate by applying the steps set out in section 6.

2. Adjust the rate determined under paragraph 1 for inflation in accordance with the regulations.

PART III
CLEAN ENERGY ADJUSTMENT

Specified consumers to pay clean energy adjustment

9x. (1) Subject to subsection (1.1), upon receipt of an invoice that includes a clean energy adjustment, a specified consumer shall pay the clean energy adjustment to the electricity vendor, as agent of the owner of the investment asset, in accordance with such terms of payment as may be specified in the invoice, which may include terms relating to late payment fees and interest charges.

Limitation

(1.1) No clean energy adjustment shall be collected from a specified consumer before May 1, 2022.

Same

(2) For greater certainty, subsection (1) applies regardless of,

(a) whether the clean energy adjustment is inconsistent with the Fair Allocation Plan applicable at the time when the payment is due; and

Confidential Draft

(b) whether the clean energy adjustment relates to funding obligations that were incurred in a manner that was inconsistent with the Financing Plan.

Indebtedness of specified consumer

(4) An unpaid clean energy adjustment that is required to be paid by a specified consumer under this section constitutes indebtedness of the consumer to each investment asset owner in respect of each owner's respective interest in the investment asset.

Same

(5) The indebtedness mentioned in subsection (4) is a single and separate debt obligation owed by the specified consumer and may be enforced independently from any other payment obligation or indebtedness owing by the specified consumer under the invoice or otherwise.

Irrevocability of clean energy adjustment

10x. (1) Any clean energy adjustment shown on an invoice issued to a specified consumer under this Act is determinative of the amount of indebtedness created by the adjustment and is irrevocable upon invoicing the consumer and may not be set off or by passed.

Exception

(2) Subsection (1) does not apply to the extent that there is a calculation error by the electricity vendor.

Determination of clean energy adjustment

11x. (1) The Ontario Energy Board shall apply the method set out in Schedule 1 to determine the amount of the clean energy adjustment payable on a monthly basis by each electricity vendor on behalf of the electricity vendor's specified consumers.

True up amount

(2) The Ontario Energy Board may, in accordance with the regulations, adjust the amount determined under Schedule 1 from time to time to address the any difference between the amount of the clean energy adjustment payable in respect of the reference period and the amount of the clean energy adjustment collected as of the date of the determination.

Communication to electricity vendors

(4) The Ontario Energy Board shall communicate to each electricity vendor information relating to the clean energy adjustment to be allocated by the electricity vendor to each specified consumer in respect of a reference period.

Confidential Draft

IESO to invoice electricity vendors

12x. (2) The IESO shall issue an invoice to each electricity vendor for the clean energy adjustment in accordance with the regulations.

IESO to collect

(3) The IESO shall, as an agent of the investment asset owner, make reasonably diligent efforts to collect the clean energy adjustment from electricity vendors.

Collection account

(3.1) The IESO shall establish an account in which to record its collection of the following:

1. Amounts remitted from accounts established under section 15x.

2. Payments made by specified consumers directly to the IESO as electricity vendor, in respect of clean energy adjustment.

Deposit

(4) The IESO shall promptly deposit all amounts received in respect of the clean energy adjustment into the account established under subsection (3.1).

Same, held in trust

(2) The amounts collected are deemed to be held in trust for the investment asset owner.

IESO to remit

(5) The IESO shall remit amounts received in respect of the clean energy adjustment to or for the benefit of the investment asset owner in accordance with the regulations.

Collection of outstanding amounts, regulatory asset

(6) If the total clean energy adjustment payable by specified consumers in respect of a reference period is less than the amount contemplated to be payable under the applicable Fair Allocation Plan, the IESO may collect the difference from specified consumers.

Electricity vendor to apply rate

13x. (1) Each electricity vendor shall, in accordance with the codes and orders of the Ontario Energy Board, determine the proportionate share of the clean energy adjustment payable on a monthly basis by each of its specified consumers.

Electricity vendor to invoice specified consumers

(2) The electricity vendor shall issue an invoice to each specified consumer for the applicable amount of the clean energy adjustment in accordance with the regulations.

Confidential Draft

Electricity vendor to collect

(3) Each electricity vendor shall, as an agent of the IESO, make reasonably diligent efforts to collect clean energy adjustments from specified consumers.

Pro rating of payments

14x. (1) This section applies if,

(a) an electricity vendor receives a payment made by or on behalf of a specified consumer in respect of amounts payable under one or more invoices; and

(b) the amount paid is less than the total amount payable.

Same

(2) The electricity vendor shall allocate the payment on a pro rata basis to the clean energy adjustment and other amounts payable under the relevant invoices.

Deposit

(3) The electricity vendor shall deposit the portion of the payment allocated to the clean energy adjustment into the account established under X.

Electricity vendor, account

15x. (1) Each electricity vendor shall establish and maintain an account into which the electricity vendor deposits or receives only the following:

1. Payments by specified consumers in respect of the clean energy adjustment.

2. Portions of payments by specified consumers that are allocated to the clean energy adjustment under subsection 14x (2).

3. Any proceeds arising from the exercise and enforcement of any rights and interests under or in respect of the investment asset.

Held in trust

(2) The amounts required to be deposited or received into the account are deemed to be held in trust for the investment asset owner.

Remittance to IESO

(5) The electricity vendor shall remit amounts received in respect of the clean energy adjustment to the IESO for the benefit of the investment asset owner in accordance with the regulations.

PART IV
FAIR ALLOCATION PLAN AND FINANCING PLAN

MINISTER TO PREPARE FAIR ALLOCATION PLAN

Minister to prepare plan

8. (1) In order to fairly measure and allocate amounts described in section 8.0.1 for a reference period among specified consumers for the purposes of this Act, the Minister shall prepare and provide to the Lieutenant Governor in Council a written plan entitled the Fair Allocation Plan.

Amendments to the plan

(2) Subject to the approval of the Lieutenant Governor in Council, the Minister may amend the Fair Allocation Plan from time to time, as the Minister considers appropriate, having regard to the requirements of this Act.

Effective date

(3) The Fair Allocation Plan or an amendment to the plan takes effect on the day that the plan or the amendment, as the case may be, is approved by the Lieutenant Governor in Council.

Publication

(4) The Minister shall ensure that the Fair Allocation Plan and any amendments to the plan are made available to the public in a manner that the Minister considers appropriate.

Amounts to be allocated

8.0.1 The amounts referred to in subsection 8 (1) are, in relation to a reference period,

(a) the costs incurred by the IESO previously or expected to be incurred by the IESO during the reference period and after the reference period in relation to,

(i) payments made or expected to be made under section 78.1 of the *Ontario Energy Board Act, 1998*, other than payments made under contracts with Bruce Power L.P or Bruce Power A. L.P. or their successors or assigns, and

(ii) payments made or expected to be made under section 78.5 of the *Ontario Energy Board Act, 1998*; and

(b) such other costs, benefits or amounts as may be prescribed, in respect of the clean energy initiative, made or received before the reference period or expected to be incurred during or after the reference period. (“French”)

Confidential Draft

Principles

8.1 In preparing the Fair Allocation Plan or any amendments to the plan, the Minister shall have regard to the following principles:

1. Costs of the clean energy initiative should be allocated among specified consumers during the period beginning on the day this Act comes into force and ending on April 30, 2047 or such later day as may be prescribed.

2. The allocation of the costs among specified consumers should be proportionate to the benefits of the clean energy initiative to those specified consumers over time.

3. During a reference period, no specified consumer should bear an unreasonably disproportionate share of the costs.

4. To the extent that specified consumers have borne an unreasonably disproportionate share of the costs over periods that occurred before the coming into force of this Act, the allocation should provide for a fair adjustment for those specified consumers.

5. The allocation of costs among specified consumers over future reference periods should include reasonable assumptions about the time value of money, the rate of inflation, electricity consumption and the composition of specified consumers as a class of individuals.

Implementation

8.2 The IESO shall ensure that the IESO funding shortfall during a reference period does not exceed the maximum amount set out for the reference period in the Fair Allocation Plan.

FINANCIAL SERVICES MANAGER TO PREPARE FINANCING PLAN

Ontario Power Generation Inc. appointed as Financial Services Manager

8.3 Subject to section 12.1, Ontario Power Generation Inc. is appointed as the Financial Services Manager for the purposes of this Act.

Financial Services Manager to prepare plan

11. (1) The Financial Services Manager shall prepare and provide to the Minister a plan entitled the Financing Plan for the purpose of ensuring that decisions made under this Act are cost effective and consistent with the Fair Allocation Plan.

Confidential Draft

Consistency with Fair Allocation Plan

(2) The Financing Plan in effect at any given time shall be consistent with the applicable Fair Allocation Plan.

Amendments to approved plan

(3) The Financial Services Manager may propose amendments to the Financing Plan at any time.

[Note - still need to deem Financial Plan to be third party confidential information for the purposes of s. 17 of FIPPA?]

Implementation of Financing Plan

11.1 The Financial Services Manager shall implement the Financing Plan.

Contents of plan

12. (1) In preparing the Financing Plan, the Financial Services Manager shall have regard to the following:

1. The allocation of costs of the clean energy initiative among specified consumers over reference periods, as described in the Fair Allocation Plan.

2. The estimated IESO funding shortfall for each reference period.

3. The funding obligations incurred as part of the consideration for the sale of the regulatory asset.

4. The need for the clean energy adjustment payable by a specified consumer to be proportionate to the benefit that the specified consumer receives from the clean energy initiative.

5. Reasonable compensation for the Financial Services Manager on terms that balance market terms and conditions with the interests of specified consumers.

6. Such other matters as may be prescribed.

Limitation

(1.1) The Financing Plan shall not provide for the collection of the clean energy adjustment by specified consumers before May 1, 2022.

Special purpose financing entities

(2) The Financing Plan may provide for the Financial Services Manager to,

Confidential Draft

(a) if the Financial Services Manager is Ontario Power Generation Inc., establish one or more special purpose financing entities under subsection 53.1 (1.2) of the *Electricity Act, 1998*, that may incur funding obligations; or

(b) if the Financial Services Manager is appointed under section 12.1, establish one or more special purpose financing entities under subsection (3) that may incur funding obligations.

Same

(3) If the Financial Services Manager is appointed under section 12.1, it may create one or more special purpose entities in order to more efficiently conduct its activities under this Act.

Prohibition

(3) The Financial Services Manager shall not provide for funding obligations to be incurred with any recourse to any assets of an electricity vendor, the Ontario Energy Board, the Province or the Lieutenant Governor in Council, except to the extent that any of these persons or entities may be liable to perform obligations or duties arising under this Act or under the express terms of a funding obligation.

Funding obligations unaffected by amendment to Fair Allocation Plan

(4) No change to a funding obligation shall result from an amendment to the Fair Allocation Plan or Financing Plan that is made after the funding obligation has been incurred.

Termination of appointment

12.1 (1) The Minister may [by what means? Written order?] terminate an appointment as Financial Services Manager under section 8.3 or subsection (2) if,

(a) the Minister has advised the appointee that the Financing Plan is not consistent with the Fair Allocation Plan;

(b) the appointee has been afforded a reasonable opportunity to consider and address the inconsistency; and

(c) the appointee is unwilling or unable to address the inconsistency to the satisfaction of the Minister.

Replacement

(2) Upon terminating an appointment under subsection (1), the Minister may, in accordance with the regulations, appoint a new person or entity as the Financial Services Manager.

PART V
THE REGULATORY ASSET [AND INVESTMENT ASSET]

Regulatory asset established

22. (1) The IESO has property rights and interests, which together constitute a regulatory asset, in the recovery of the IESO funding shortfall.

[Note to draft - Is it sufficient to say "*property rights and interests in the recovery of the IESO funding shortfall"?* Does that convey the right to enforce other parties' obligations that would allow for the shortfall to be recovered by the IESO?]

Limitation

(1.1) The right to recover the IESO funding shortfall under subsection (1) is subject to the following limits:

1. The amount of the IESO funding shortfall recovered in respect of a reference period may not exceed the amount determined in the Fair Allocation Plan for the reference period, minus the amount of the clean energy adjustment for the reference period.

[Note: Will want to link up the language in para. 1 above with the language relating to this in provision above that authorizes the IESO to collect this amount (where some of the R.A. has not been sold) - s. 12x (6).]

2. No part of the IESO funding shortfall shall be collected from specified consumers before May 1, 2022.

Same

(2) The establishment of the regulatory asset is not affected by any failure to impose, attribute, invoice, accrue or collect the clean energy adjustment.

Recording of IESO funding shortfall in books

22.1 (1) Subject to the approval by order of the Ontario Energy Board, the IESO shall record the IESO funding shortfall from time to time in its books, including adjustments resulting from any transfer of the regulatory asset.

Order

(2) The Ontario Energy Board may, in accordance with the regulations, by order specify how the IESO funding shortfall must be recorded.

Recording in books determinative

(3) A recording in its books is determinative of the amount of IESO funding shortfall at the time of the recording.

Confidential – Draft for discussion purposes only

No hearing

(4) The order of the Ontario Energy Board shall be made in writing and without holding a hearing.

No appeals, etc.

(5) No appeal lies from the order of the Ontario Energy Board.

Judicial review

(6) The *Judicial Review Procedures Act* does not apply to an order made under this section.

IESO funding shortfall

22.2 (1) The IESO shall determine the IESO funding shortfall for each month in a reference period by calculating the difference between the following amounts:

1. The sum of all invoice amounts issued to specified consumers for the month.

2. The sum of all invoice amounts that would have been issued to specified consumers for the month if paragraphs 1 and 2 of section 7.2 did not apply.

[Note: The value of any consideration received as part of a transfer should be reflected in this section -- see below para. 2 of subs. 23 (2) which says the payment should cause a reduction in the shortfall.]

Same

(2) The determination under subsection (1) shall be made based on the amount of electricity actually used by specified consumers during the reference period.

Transfer of regulatory asset

23. (1) The IESO may transfer the regulatory asset in accordance with the Financing Plan.

Consideration

(2) The IESO may receive consideration for the transfer of the regulatory asset, subject to the following rules:

1. The prospective investment asset owner shall pay to the IESO an amount equal to all or part of the IESO funding shortfall.

2. Upon receipt of the payment, the IESO shall record the payment as a reduction of the IESO funding shortfall in its books.

Confidential Draft

3. Upon receipt of the payment, the IESO shall have no continuing right or interest in, or maintain any right to recover all or any part of the transferred regulatory asset.

Investment asset
Regulatory asset deemed to be investment asset upon transfer

23.1 Upon transfer of the regulatory asset or a portion of the regulatory asset, the regulatory asset or portion is deemed to be an investment asset and is vested in the investment asset owner.

Same

(2) An investment asset constitutes a current and irrevocable property right and interest consisting, collectively, of the following rights and interests without duplication:

1. The right to impose, bill, invoice, collect and receive the clean energy adjustment from specified consumers, including the right to determine the amount of the clean energy adjustment in accordance with this Act.

2. The right to receive and collect all amounts in respect of the clean energy adjustment that are imposed, billed and invoiced under this Act, including any amounts that all amounts in respect of the clean energy adjustment that are held by electricity vendors or other prescribed parties.

3. All rights and entitlements under such accounts as may be prescribed by regulation and all amounts on deposit in such accounts.

4. The right to enforce the duties and obligations under this Act of each electricity vendor to impose, attribute, charge, bill and invoice the clean energy adjustment.

5. The right to enforce the duties and obligations under this Act of each electricity vendor to collect, receive and remit amounts received by it in respect of the clean energy adjustment, including all collections and the proceeds of any enforcement action undertaken by an electricity vendor to recover payment of the clean energy adjustment.

6. All rights of any kind (whether in tort, contract or otherwise) that attach or are attendant or incidental to any of the other property rights or interests that comprise the regulatory asset owner's regulatory asset.

7. All revenue, collections, claims, payments, money and proceeds of or derived from the rights described in paragraphs 1 to 6, regardless of whether such revenue, collections, claims, payments and proceeds are imposed, invoiced,

Confidential Draft

collected and maintained together with or commingled with other revenue, collections, claims, payments, money and proceeds.

Same

(3) An investment asset is not affected by failure to impose, attribute, invoice, accrue or collect the clean energy adjustment.

No set off, etc.

(4) The investment asset shall not be set off or reduced by any person in any circumstance, including,

(a) by a consumer, an electricity vendor, an agent of the investment asset owner or an owner of distribution system assets in the Province;

(b) in connection with any default, bankruptcy, reorganization or other insolvency proceeding of a person mentioned in clause (a);

(c) by any affiliate or successor of a person mentioned in clause (a).

Transfer of investment asset

24. The investment asset owner may transfer all or a portion of its rights and interests in an investment asset to any other investment asset owner, including by way of a transfer of a divided or an undivided interest, in accordance with the Financing Plan.

Validity of transfer

25. (1) A transfer of a regulatory asset or an investment asset under this Act that is expressed to be a sale or an absolute assignment is a valid and enforceable sale and absolute assignment of the regulatory asset or investment asset, as the case may be, and confers upon the owner of the investment asset acquired a valid property right and interest in, to and under the applicable investment asset in accordance with the terms of the transfer.

Same

(2) Without limiting subsection (1), any transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of IESO's right to recover the IESO funding shortfall or an investment asset owner's right, title and interest in, to and under an investment asset, as applicable (or relevant portion thereof), and not merely as a pledge thereof, and upon such absolute transfer the transferor shall retain no right, title or interest in regulatory asset or the investment asset (or relevant portion thereof) subject to the transfer, including all rights to recover the IESO funding shortfall or the investment asset arising after such transfer.

Confidential Draft

Deemed perfection, etc.

(3) At the time a transfer of a regulatory asset or an investment asset is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer, assignment, etc.

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the owner of the investment asset shall have priority over any liens in favour of such other persons.

Administration of investment asset

26. (1) The Financial Services Manager may administer an investment asset on behalf of the investment asset owner.

[Note: Consider location of this section with other roles of FSM above.]

Same

(1.1) The administration of an investment asset may include the following:

1. Providing information to the Ontario Energy Board in respect of the funding obligation and the determination of the clean energy adjustment in accordance with section 11x.

2. Providing information to electricity vendors in respect of their obligations under Part III.

3. Such other matters as may be prescribed.

Review of costs

(2) The Ontario Energy Board shall review the administrative costs of the Financial Services Manager in accordance with the regulations.

Investment asset owner may grant pledge

27. (1) The owner of an investment asset may grant a pledge to or in favour of a person in, to and over all or a specified portion of its right, title and interest in, to and under the investment asset in connection with any funding obligation.

Types of pledge

(2) A pledge may be a lien, mortgage, charge, right of set-off or security interest.

Validity

(3) The pledge may be made to secure a funding obligation and when granted shall be valid and enforceable in accordance with its terms and shall be effective to confer

Confidential Draft

upon the person to whom the pledge is granted a valid security interest in, to and in respect of the investment asset in accordance with the terms of the pledge.
[Note: Additional content relating to the PPSA has not yet been addressed in any detail. Please review all subsections that contain the (x) below and advise what is needed. Some of this content was already covered by some of the numbered subsections in this draft.]

Perfection and priority of pledges

(x) For purposes of the *Personal Property Security Act*, the regulatory asset shall be intangible personal property and any pledge made by the owner of an investment asset in respect of a funding obligation shall, subject to the terms of the funding obligation, give rise to a security interest in respect of which that Act applies and may be perfected by filing a financing statement under that Act on that basis.

Same

(x) All provisions of the *Personal Property Security Act* shall apply to the regulatory asset on the basis that it is intangible personal property, except to the extent otherwise provided in this section.

Same

(x) All proceeds of a related [Investment Interest?] that are subject to the pledge that are received by the owner of the investment asset shall immediately be subject to the pledge, and the security interest in the proceeds shall be perfected pursuant to the *Personal Property Security Act.*

Same

(x) A pledge perfected under the *Personal Property Security Act* shall be a continuously perfected security interest and shall have priority over any other lien or security interest, created by operation of law or otherwise, that may attach to the property rights and interests in the [Investment Interest?] subject to the pledge unless the pledgee has otherwise agreed in writing.

Same

(x) A pledgee shall have a perfected security interest in a related [Investment Interest?], including the owner of the investment asset's rights and interests in and to [the clean energy adjustment?] or other related proceeds in respect of the [Investment Interest?] and that are deposited in any [which account?] or other account of any [Electricity Distributor, IESO, Alternative Servicer or other person who may have commingled such Transition Charge Collections or such other proceeds with other funds].

Proceeds

(8) All proceeds of the investment asset that are subject to the pledge and that are received by the investment asset owner shall immediately be subject to the pledge and

Confidential Draft

shall be perfected without any physical delivery of the proceeds, registration of any financing statement or any further act.

Perfection

(9) The pledge shall be a continuously perfected security interest and shall have priority over any other lien, created by operation of law or otherwise, that may subsequently attach to the property rights and interests in the investment asset subject to the Pledge, subject to the written consent of the person to whom the pledge has been granted.

Same

(10) The person to whom the pledge has been granted shall have a perfected security interest in revenues or other proceeds that are deposited in any [investment asset account] or other account of any electricity vendor, the IESO, an agent of an electricity vendor or the IESO or other person who may have commingled such revenues or other proceeds with other funds.

Collective action required

28. If the investment asset owner owns a right or interest in the investment asset that comprises less than the entire property right and interest constituted by the investment asset, the right or interest shall only be enforced by the investment asset owner collectively and in coordination with all other investment asset owners, and any agreement among that collective in furtherance of the collective action shall be valid and binding on the investment asset owner as a collective in accordance with its terms. [Note: It seems that successors may need to be addressed here. Also Pledgees have not yet been addressed in this draft.]

Exercise of rights

29. The rights of the investment asset owner to collect and enforce its rights and interests in, to and in respect of the investment asset shall be exercised in accordance with section [xx] of the *Personal Property Security Act*.

PART VI
MISCELLANEOUS

Appointment of agent, invoicing or collection

34. If a prescribed circumstance applies, the Lieutenant Governor in Council may by regulation appoint a person to carry out some or all of the obligations of an electricity vendor under this Act in the place of an electricity vendor with respect to invoicing or collection.

Confidential Draft

Not Crown agent

35.1 For greater certainty, no agent appointed under this Act is an agent of the Crown for any purpose, despite the *Crown Agency Act*.

Sequestration

35.2 (1) A court in the Province may, upon application by an investment asset owner [or pledgee?], order the sequestration and payment of the clean energy adjustment, collections and remittances, as applicable, for the benefit of the investment asset owner [or pledgee] by any person or entity authorized to collect the clean energy adjustment, defaults on any required remittance of the clean energy adjustment, collections or remittances.

Same

(2) An order under subsection (1) does not limit any other remedies available to the applicant.

Same

(3) An order under subsection (1) shall remain in full force and effect despite any bankruptcy, reorganization or other insolvency proceedings with respect to the person or entity who is subject to the order.

Choice of law

37.1 The law governing, as applicable, the validity, enforceability, attachment, perfection, priority and exercise of remedies with respect to the transfer of an interest or right or creation of a security interest in the regulatory asset, the clean energy adjustment or the undertaking of the Crown under section x shall be the laws of the Province.

Conflict

38. The provisions of this Act and the regulations apply despite any provision of any other Act regarding the attachment, assignment or perfection, or the effect of perfection or priority of any transfer or PLEDGE,

No further approvals, etc.

39. Despite any requirement under any Act, no approvals, notices or authorizations other than those specified in this Act are required with respect to the actions to be taken in compliance with this Act, including actions to be taken under the Financing Plan or in relation to the establishment of the Fair Allocation Plan.

Immunity

97x. (1) No action or other proceeding for damages shall be instituted against any employee of the Province, IESO, OPG or OEB for any act done in good faith in the execution or intended execution of any duty or authority under this Act or for any alleged neglect or default in the execution in good faith of any duty or authority under this Act.

Confidential Draft

Same

(2) Despite subsections 5 (2) and (4) of the *Proceedings Against the Crown Act*, subsection (1) does not relieve the Crown of liability in respect of a tort committed by a person mentioned in subsection (1) to which it would otherwise be subject.

References in marketing materials and offering documents

98x. No person shall include, in marketing materials or offering documents relating to the financing of funding obligations, references to any rights, obligations, guarantees or undertakings arising under this section unless the prescribed requirements, if any, are satisfied.

Non-application, Financial Administration Act, s. 28[10]

99x. Section 28 of the *Financial Administration Act* does not apply with respect to any transaction or agreement or undertaking required, permitted, contemplated or authorized, directly or indirectly, under this Act.

Regulations

100x. The Lieutenant Governor in Council may make regulations,

(a) governing the calculation [true-up amount] and how the amount is to be applied to the clean energy adjustment.

(b) governing the inclusion of adjustments under this Act on invoices, which may include requiring notice to be provided by electricity vendors to specified persons regarding the adjustments.

[Note: reg-making powers to be dealt with in subsequent draft]

SCHEDULE 1
METHOD FOR DETERMINING AMOUNT OF CLEAN ENERGY ADJUSTMENT FOR REFERENCE PERIOD

1. The amount of the clean energy adjustment for a reference period shall be determined by calculating the sum of the following:

1. The sum of all payments made by owners of an investment asset [during the reference period?] to satisfy an obligation to repay, redeem or repurchase, or to provide for the repayment, redemption or repurchase, of all or a portion of the amount advanced to the owners under a funding obligation, excluding any payment made by applying the proceeds of a refinancing.

[Note: Para. 1 is the definition of "repayment" from the Blakes doc. However, that definition include bracketed text that says: (*including making Finance Reserve Deposits).* I don't understand this because (1) Finance Reserve Deposit is listed as a separate line item in the definition of "finance amount" (see para. 4 below). In order to avoid duplication, can we exclude "finance reserve deposits" from para. 1?]

2. The sum of all funding costs for the reference period, as determined under section 2 to this Schedule.

3. The sum of all amounts payable by or on behalf of owners of investement assets to redeem, prepay or repurchase a funding obligation, including any premium, make-whole or other amount becoming payable under a funding obligation to give effect to the redemption, prepayment or repurchase.

[Note: Para. 3 is the definition of "redemption amount" from the Blakes doc.]
[Note: What is meant by "make-whole" -- need some assistance in order to translate this term accurately. Do you have any examples of bilingual legislation where this term has been used?]

4. The balance of the finance reserve at the end of the reference period, as determined under section 3 to this Schedule.

5. The sum of any other amounts payable by owners of investment assets for the reference period that were incurred or committed to directly or indirectly in connection with the incurrence of funding obligations under the Financing Plan during the reference period, which may include such amounts as may be prescribed.

[Note: Para. 5 is based on the definition of "additional funding charges".]

Funding costs

2. For the purposes of paragraph 2 of section 1 to this Schedule, the funding costs for a reference period are determined by taking the following steps:

1. Calculate the aggregate of all interest and other periodic finance charges accruing, due and becoming payable or paid by or on behalf of owners of investment assets during the reference period in respect of all funding obligations, including the following:

    i. Standby commitment fees or charges paid to any lender.

    ii. Credit enhancement fees or charges paid to any credit enhancer.

    iii. Liquidity fees or charges paid to any liquidity provider.

    iv. Payments, including termination payments, made under derivatives.

    v. Deposits made or required to fund or replenish a debt service reserve account or other account established under any indenture, ancillary agreement or other financing document relating to a funding obligation.

2. Calculate the aggregate of all amounts received by or on behalf of the owners of investment assets during the reference period in respect of a funding obligation, including reimbursement of any amounts referred to in subparagraphs 1 i to v.

[Note: Para. 2 is the definition of "finance receipts" in the Blakes doc.]

3. Subtract the amount calculated under paragraph 2 from the amount calculated under paragraph 1.

Finance reserve balance

3. (1) For the purposes of paragraph 4 of section 1 to this Schedule, the balance of the finance reserve at the end of the reference period is determined by taking the following steps:

[Note: This section is a modification of the definitions provided in the Blakes document for "Finance Reserve Deposits" and "Finance Reserve Withdrawals". The proposed definition of "FR deposit" involved a subtraction of the "FR withdrawal" so the term 'deposit' was not really descriptive of a pure deposit but rather the balance.]

1. Calculate the sum of all amounts deposited [to what account?] during the reference period in order to pre-fund, collateralize, over-collateralize or

establish reserves for the ultimate payment of funding obligations or for related contingencies specified in the Financing Plan.

2. Calculate the sum of all amounts withdrawn from the account during the reference period from deposits previously made [e.g. during a previous reference period?] as described in paragraph 1.

3. Subtract the amount calculated under paragraph 2 from the amount calculated under paragraph 1.

Carolyn,

OPG, Torys, the Dealers, Oslers and Hunton & Williams had a call yesterday with a view to coming up with broader issues for discussion at this afternoon's meeting. Below is a list of what we believe are the broader issues. We expect that on the drafting issues you and Blakes continue to try to move legislative counsel closer to the last version of the Blakes memo that you circulated along with the draft Bill on Saturday night. We are inclined to leave you to pursue that process and will reserve any drafting comments until we see the next version of the Bill.

Our larger issues are:

1. It appears as though IESO will not be able to create a funding shortfall (regulatory asset) in a month when the Fair Adjustment would be less than "Past Over-Charges". How will Investors be able to get comfort that IESO is not selling an

asset to a Financing Entity (FE) that might exceed "Past Over-Charges" ? Is there transparency around this calculation ? Is the information that would be required to due diligence this point publicly available ? Would it be reasonable to suggest that we could get a certification from MOE before each financing that the IESO shortfall together with all previous IESO shortfalls under this Act would not exceed Past Over-Charges ?

2. According to the note after s. 5 there will be a five year moratorium on clean energy adjustments (contrary to what we had been led to believe). This means that it will be necessary to capitalize all interest, financing charges and other expenses for five years. Hopefully this is just a case of the legislative drafting being behind the decision making. However, if this is the intention then it is a big problem. In additional to the financing challenges, we are advised that in order for the desired accounting treatment to be available it is necessary that there be sufficient cash flow to service the debt on a current basis. It will not be sufficient to purchase the regulatory asset at a deep discount or pay interest and expenses out of cash reserves.

3. In light of 2, the absence of a market disruption guarantee in s. 4 is most concerning. A market disruption guarantee could be contained in a contractual undertaking by the Crown, but since it is not included in s.4(3) lenders would have to be comfortable that the Province could do this outside of the provisions of the Act. We suggest that section 4(3) be revised to provide the Minister with the broadest possible authority to enter into agreements in support of the Fair Allocation Plan rather than the limited scope currently provided.

4. We need more specificity around the "funding obligation" definition. Permit this definition to refer to the Regs (ie, “payment obligations as may be prescribed”).

5. How will Investors get comfortable that particular funding obligations have been incurred in accordance with the Financing Plan. The proposal in s. 9x(2)(b) is one solution but there appears to be some reluctance in the note to draft. I am not sure there is anyone else other than the Province who is capable of covering the consequences if a funding obligation is declared invalid because it was not issued in accordance with the FP, but this does not appear to be covered by s. 4. Our understanding was that there should be no adverse consequences if funding obligations are issued in a way that does not fit the Financing Plan. This is far from clear in the draft Bill.

6. In s. 12x(3) IESO should not have a statutory duty to "make reasonably diligent efforts". The standard of care should be set out in the applicable agreements and we expect that it will be to use the same standard of care that IESO currently uses in its role of collecting the GA amounts for electricity generators. But the standard should not be hardwired into the statute. We are all in agreement that IESO is not guaranteeing collections.

7. Section 8.1, items 2 to 6 are far too vague to be able to verify compliance. In any event, Investors cannot be expected to take a risk that their debt is not incompliance with the FAP. There needs to be some way to get assurances from the Province that once the Financial Services Manager has authorized the issuance of funding obligations by a Financing Entity there is no risk of such debt being declared invalidly issued or being declared as unauthorized debt.

8. In section 8.0.1(a) we would like an explanation of what is intended to be included. It is not clear to our regulatory lawyers that this is all “green energy”.

9. Section 11(1) must not state that the Financing Plan is cost-effective. It will clearly not be as cost-effective as direct funding by the Province.

10. There is still no restriction on who can be an owner of an investment asset (although section 26(1) appears to be heading in that direction). Is it necessary to define Financing Entity and limit investment asset owners to FEs, or is it OK to have an operating enterprise as an investment asset owner so long as it is administered by OPG on behalf of Brookfield ? Dealers have a concern that perhaps the Province (through an agency or Crown corporation) could become an investment asset owner and through something like a “collective rights agreement” affect the rights of other investors.

11. Section 22(1) needs to define the IESO funding shortfall precisely and determinatively. It cannot be subject to 22(1.1)(1). It must be determined each month before it is sold. Also, the Act should provide the basis by which IESO (in the absence of a transfer) would be entitled to recover this shortfall. (We understand that is required in order for IESO to treat the shortfall as a regulatory asset.) Also, s. 22.1(1) is a problem because we cannot have the recorded amount subject to an approval order from OEB (otherwise, any financing would be conditional on getting that order and

ensuring that any possible appeal process has expired). Section 22.1(3) seems to contradict 22.1(1). Section 22.2(2) can't be based on actual use; it can only be based on estimated use. In sum, this section needs lots of work and probably much of it can be moved to the Regs.

12. Sections 23(1) and 23(2). We can't have the transfer of a regulatory asset be subject to the Financing Plan. Also, can't impose restrictions on the price at which IESO sells the regulatory asset. Sales must be conclusive and not subject to post-closing analysis.

13. Section 23.1 is a key section and it currently does not work as it should (hopefully because legislative counsel were working of an old version of the Blakes memo). I would redraft that section to read as follows:

'Upon transfer of the regulatory asset or a portion thereof to a transferee, the regulatory asset or portion thereof shall comprise a portion of the investment asset recoverable by the transferee in accordance with this Act and shall be immediately vested in such transferee."

I think it is also important to update the definition of "transfer" to catch the latest changes to the definition of "Disposition" in the Blakes memo (ie, that it includes a release by IESO of its right to recover its regulatory asset in order to enable the investment asset owner to recover such amount).

In a separate email we will also be sending to you and a smaller group than this some tax comments from OPG’s perspective.

All - Please find attached the draft “Intergenerational Fairness in Hydro Rates Act, 2017”. A tremendous amount of work has gone into getting to this draft and much more work is required to get this ready for the House. The goal of sharing this document now is to further the process we have engaged in over the last weeks. In the attached, we have included notes to try to address where the drafting is not yet consistent with our thinking. These notes are neither comprehensive nor complete. They are intended only as flags and as colour to the draft. We have not forgotten the comments that you have already provided and we are continuing to working through the translation of the commercial terms we have been discussing into legislative language.

For ease of reference, included with the draft bill are the partially updated Blakes’ summary, a chart that attempts links the articles in that document to the sections of the bill (which is imperfectly numbered at best) and excerpts from the Electricity Act and the Ontario Energy Board Act, related to the consequential amendments.

In your review, please focus on the broad stroke concepts, rather than the minutia, and keep in mind the cascade of instruments that will be required – legislation first, then regulations and finally commercial agreements. We look forward to discussing the broader concepts on Monday

Attachment 1: OEB Comments_April 26_Fair Hydro Plan Act (April 26 2017) Consultation v4.docx

---

Attached are the OEB's comments on, and proposed changes to, the draft legislation.

Our principal area of concern is Part II, and in the interests of time in addition to commenting on areas of concern we have also provided suggested revised drafting on the attached. Briefly, the pricing for RPP consumers for 2017/2018 as written appears to us to "over-smooth", and the pricing for non-RPP consumers - which by its terms appeared to us to be having the OEB set commodity prices for these consumers - is not what we understand the policy intention to be.

We have also proposed two new sections that we believe are necessary in order for the OEB to appropriately carry out its responsibilities under this legislation, as well as two new consequential amendments to the OEB Act. These are towards the back end of the document.

Sunday. Please find attached the next turn of the legislation. We have tried to balance the comments that we received to address the points that you have raised. This draft does not reflect the drafting points that were raised over Monday and Tuesday and we will reflect those points in our next instructions to legislative counsel. Please review and identify any significant substantive issues by 6 p.m. today. We continue to work toward pens down on Friday, meaning the draft that we have at that point in time will be proposed for introduction in the House. All - Please find attached the next turn in the consultation draft (v.3) of the proposed legislation. We have been working to address the feedback that you provided earlier in the week. A number of points remain in progress. As with the earlier versions, by sharing this document, we hope to continue to advance our discussions.

Our timeline has been extended and we are now working to a pens down date of April 28th. We will not get another extension. Accordingly, we ask for your detailed, written comments on the draft, which we require no later than Sunday at noon.

We will continue to work on the bill in the interim, so earlier instructions are helpful to us. With your input on this timeline, we expect to be able to provide one more circulation around Tuesday or Wednesday next week.

We have not had the opportunity to add notes or to update our crosswalk to the Blakes summary document.

We look forward to receiving your written comments.

Subject: Ontario Fair Hydro Plan

All - Please find attached the draft “Intergenerational Fairness in Hydro Rates Act, 2017”. A tremendous amount of work has gone into getting to this draft and much more work is required to get this ready for the House. The goal of sharing this document now is to further the process we have engaged in over the last weeks. In the attached, we have included notes to try to address where the drafting is not yet consistent with our thinking. These notes are neither comprehensive nor complete. They are intended only as flags and as colour to the draft. We have not forgotten the comments that you have already provided and we are continuing to working through the translation of the commercial terms we have been discussing into legislative language.

For ease of reference, included with the draft bill are the partially updated Blakes’ summary, a chart that attempts links the articles in that document to the sections of the bill (which is imperfectly numbered at best) and excerpts from the Electricity Act and the Ontario Energy Board Act, related to the consequential amendments.

In your review, please focus on the broad stroke concepts, rather than the minutia, and keep in mind the cascade of instruments that will be required – legislation first, then regulations and finally commercial agreements. We look forward to discussing the broader concepts on Monday

OEB Comments_April 26_Fair Hydro Plan Act (April 26 2017) Consultation v4.pdf

Version 4: OEB COMMENTS

This confidential draft document is provided for discussion purposes only. It should not be construed as representing the position adopted by the Government of Ontario on any of the topics included or not included in this document. The notes included in this document are intended only to help facilitate a discussion of the topics to which they relate. Any potential legislation is subject to the approval of the Ontario Legislature.

A proposal to create Legislation.

An Act to provide for the fair allocation of costs of electricity over time, if enacted

[OEB Note to Draft:

(1) We offered a number of comments on the earlier draft regarding the ability of distributors to implement certain parts of this legislation given their billing systems, accounting practices etc. Those remain open questions.

(2) We note that certain elements are now proposed to be moved to the regulations. We understand the rationale for that, but in respect of setting new RPP prices and the GA modifier under Part II in particular it is critical that the regulations reflect our current understanding of the approach to be used by the OEB in performing those tasks.

(3) We understand that RPP prices and the GA modifier will only apply as of the effective date going forward, but as raised the other day does this require a change to ensure that the shortfall from May 1 to the effective date resulting from our May 1 price change (the forecast $1B GA reduction) will be captured as part of the funding shortfall/reg asset?

(4) The OEB will not be able to perform all of its responsibilities under this Act without information from others (for example, the IESO) and without proper third party accounts. We have included a proposed new provision at the end for this purpose.

Confidential Draft

(5) Absent anything else, the OEB's responsibilities would need to be done through a hearing. We propose a new provision at the end that would enable the OEB to perform these responsibilities with or without a hearing.]

A proposal to create Legislation.

An Act to provide for the fair allocation of costs of electricity over time, if enacted

EXPLANATORY NOTE TO BE ADDED BY LEGISLATIVE COUNSEL TO ANY FINAL BILL PRIOR TO INTRODUCTION.

Confidential Draft

Preamble

The Government of Ontario is committed to fostering the development of a clean, modern and reliable electricity system with a diverse supply mix. The Government is also committed to removing barriers to and promoting opportunities for renewable and clean energy projects.[1] These commitments can only be achieved if costs are shared fairly among consumers, today and in the future.

Electricity rates have risen for two key reasons. First, decades of under-investment in the electricity system resulted in the need to invest more than $50 billion in generation, transmission and distribution assets to ensure the system is clean and reliable. Second, the decision to eliminate Ontario's use of coal and produce clean, renewable power has created additional costs.

The actions taken to achieve a clean, modern and reliable electricity system have resulted in significant costs to consumers today. The burden of financing these system improvements and funding key programs has unfairly fallen almost entirely on the shoulders of today's consumers.

The Government of Ontario is committed to ensuring that the costs of financing these investments and the associated charges to consumers are allocated fairly among present and future generations of consumers.

Recognizing that the electricity infrastructure that has been built and the policy decisions that have been made will create benefits for years to come, costs should be allocated fairly over time, so that consumers in the future pay their fair share for the benefits that they receive from the investments already made.

PART I
GENERAL

Interpretation
Definitions

1xx. (1) In this Act,

"Board" means the Ontario Energy Board; ("French")

"clean energy adjustment" means the amount determined under section 10xx; ("French")

"clean energy benefits" means the value of the benefits determined to be derived by or accruing to the specified consumers as a result of the clean energy initiative, including as a result of clean energy costs; ("French")

"clean energy costs" means the value of the costs allocated to specified consumers as a result of the clean energy initiative, including as a result of past, present and expected costs incurred in respect of,

(a) the estimated amounts to be paid or reflected by the IESO in adjustments made under section 25.33 of the *Electricity Act, 1998* or any provision that is the successor to that provision, which relate to contracts for,

(i) renewable energy generation or capacity,

(ii) conservation and demand management,

(iii) energy storage,

(iv) energy efficiency,

(v) natural gas generation and capacity, excluding contracts relating to amounts payable by the IESO under section 78.2 of the *Ontario Energy Board Act, 1998* and excluding such other contracts as may be prescribed, or

(vi) payments made or expected to be made under section 78.5 of the *Ontario Energy Board Act, 1998*, and

(b) such other estimated costs as may be prescribed; ("French")

Confidential Draft

"clean energy initiative" means the policies of the Government of Ontario related to,

(a) fostering the growth of and investment in clean and renewable energy sources and technologies,

(b) removing barriers to and promoting opportunities for clean and renewable energy sources and technologies, and

(c) promoting conservation and demand management; ("French")

"electricity vendor"[2] means,

(a) a licensed distributor, ***[OEB Note to Draft: Are Cornwall and Dubreuil intended to be captured]***

(b) a licensed retailer,

(c) the IESO in circumstances where the IESO directly invoices a specified consumer, or

(d) such other person as may be prescribed; ("French")

"fair allocation amount" means the amount determined in under section 15xx;

"financing entity" means an entity established or caused to be established under subsection 17xx (3); ("French")

"Financial Services Manager" means the Financial Services Manager appointed under section 13xx; ("French")

"Financing Plan" means the plan prepared under section 16xx, as amended from time to time in accordance with this Act; ("French")

"funding obligation" means,

(a) a payment obligation incurred in connection with the transfer of a regulatory asset or the refinancing of an existing funding obligation, or

(b) a payment obligation that meets such other criteria as may be prescribed; ("French")

[2] FLS - this is similar to the definition of "electricity vendor" in the Ontario Rebate for Electricity Consumers Act, 2016

Confidential Draft

"IESO" means the Independent Electricity System Operator continued under Part II of the *Electricity Act, 1998*; ("SIERE")

"IESO funding shortfall" means the amount determined under section 20xx; ("French")

"investment asset" means the rights and interests described in section 22xx; ("French")

"investment interest owner" means a financing entity that has acquired and holds an investment interest; ("French")

"investment interest" means,

(a) an ownership interest in the investment asset, and

(b) in circumstances where the ownership interest is transferred, the rights and benefits specified in the agreement under which the interest is transferred; ("French")

"invoice amount" means, in respect of an invoice period, the sum of the amounts set out in subsection (2.1) in relation to the provision of electricity in Ontario to a specified consumer; ("French")

"invoice period" means the period in respect of which an invoice amount applies, as specified on an invoice issued by an electricity vendor; ("French")

"licensed distributor" means a person licensed under Part V of the *Ontario Energy Board Act, 1998* to own or operate a distribution system; ("French")

"licensed retailer" means a person who is licensed under Part V of the *Ontario Energy Board Act, 1998* to retail electricity; ("French")

"Minister" means the Minister of Energy or such other member of the Executive Council as may be assigned the administration of this Act under the *Executive Council Act*; ("ministre")

"Ontario Power Generation Inc." means the corporation incorporated as Ontario Power Generation Inc. under the *Business Corporations Act* on December 1, 1998; ("Ontario Power Generation Inc.")

"prescribed" means prescribed by the regulations; ("prescrit")

"reference period" means,

Confidential Draft

(a) the period beginning on May 1, 2017 and ending on October 31, 2017, and

(b) during the period beginning on November 1, 2017 and ending on April 30, 2047,

(i) every six-month period following the period mentioned in clause (a); or

(ii) any period shorter than six months, as may be prescribed; ("French")

"refinancing" means, subject to the regulations, a redemption, repayment or repurchase of a funding obligation; ("French")

"regulation" means a regulation made under this Act; ("règlement")

"regulatory asset" means the right and interest established under section 21xx; ("French")

"specified consumer" means,

(a) a person who has an account with an electricity vendor for the supply of electricity in Ontario and meets the criteria set out in subsection (2); or

(b) such other person as may be prescribed; ("French")

"sub-meter customer" means a person who is supplied electricity by a specified consumer, if an invoice for the electricity is issued to the person by ~~the specified consumer, by an agent of the specified consumer or by~~ a unit sub-meter provider providing unit sub-metering for the specified consumer; ("French")***[OEB Note to Draft: See NTDs below]***

"transfer" means [TBD]; ("French")

"unit sub-metering" has the same meaning as in the *Energy Consumer Protection Act, 2010*; ("activités liées aux compteurs divisionnaires d'unité")

"unit sub-meter provider" has the same meaning as in the *Energy Consumer Protection Act, 2010*; ("fournisseur de compteurs divisionnaires d'unité")

Specified consumers

(2) For the purposes of clause (a) of the definition of "specified consumer" in subsection (1), the person must meet any one of the following criteria:

Confidential Draft

1. The person has a demand for electricity of 50 kilowatts or less, or such other amount as may be prescribed.

2. The person annually uses not more than 250,000 kilowatt hours of electricity, or such other amount as may be prescribed.

3. The person carries on a business that is a farming business for the purposes of the *Farm Registration and Farm Organizations Funding Act, 1993* and either holds a valid registration number assigned under that Act or the has had the obligation to file a farming business registration form waived pursuant to an order made under subsection 22 (6) of that Act.

4. The person's account with the electricity vendor relates to,

    i. a dwelling,

    ii. a property within the meaning of the *Condominium Act, 1998*,

    iii. a residential complex within the meaning of subsection 2 (1) of the *Residential Tenancies Act, 2006*, without regard to section 5 of that Act, or

    iv. a property that includes one or more housing units and that is owned or leased by a co-operative within the meaning of the *Co-operative Corporations Act*.

5. The person satisfies such criteria as may be prescribed.

Invoice amount

(2.1) Subject to the regulations, the invoice amount for a specified consumer in respect of an invoice period includes the following amounts:

1. In circumstances where the electricity is provided by a licensed distributor or a licensed retailer, the following amounts in respect of the invoice period:

    i. The commodity price of the electricity ~~used~~. ***[OEB Note to Draft: The word "used" is not in ORECA, and we are not sure why it would need to be added now.]***

    ii. The rates and charges set out in the applicable rate order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998* and in effect on April 30, 2017. ***[OEB Note to Draft: We understand that the addition of the reference to April 2017 is to address the fact***

Confidential Draft

that the OESP charge is coming off the bill on May 1. However, note also that (i) there will be another change to the THESL rates for the residential service class effective May 1 – a rate rider of 8 cents/month is coming off; and (ii) the April 30th bill will still have the full RRRP charge (as will the May 1st bill).]

iii. Any adjustment on the invoice required under section 25.33 of the *Electricity Act, 1998*.

iv. The amount of any harmonized sales tax payable by the consumer under Part IX of the *Excise Tax Act* (Canada) in respect of the amounts mentioned in subparagraphs i, ii and iii;

v. Any other amounts as may be prescribed.

2. In circumstances where the electricity is provided by the IESO or a ~~other~~ person prescribed as an electricity vendor~~entity~~, such amounts as may be prescribed in respect of the invoice period. ("French")

Same, exclusions

(2.2) Subject to the regulations, an invoice amount does not include any of the following amounts:

1. The balance of any amounts carried forward from previous invoices in respect of previous invoice periods.

2. Penalties or interest.

3. Charges that do not relate to the use of electricity.

4. Any of the following charges that may be set out in an order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998*:

i. A fixed monthly service charge payable by a generation facility within the meaning of section 56 of the *Ontario Energy Board Act, 1998* and classified as "microFIT".

ii. A charge labelled as a "specific service charge" or "retail service charge".

iii. A rate rider [of the prescribed type or class].

5. Any other prescribed amounts.

Confidential Draft

Effect of invalidity, etc.[3]

2xx. (1) For greater certainty, all of the provisions of this Act remain in full force and effect, even if one or more provisions are held to be invalid, the intention of the Legislature being to give separate and independent effect to the extent of its powers to every provision contained in this Act.

Same, funding obligation

(2) The fact that any provision of this Act is held to be invalid or ceases to be in effect for any reason does not affect the validity or enforceability of a funding obligation incurred under this Act before the day that the provision is held to be invalid or ceases to be in effect, or any rights or obligations associated with the funding obligation.

Purpose

3xx. (1) The purposes of this Act are,[4]

(a) to ensure that clean energy costs are fairly allocated among present and future specified consumers and reflect the fair allocation; and

(b) to recognize that clean energy benefits have accrued and will accrue over time and will continue to benefit present and future electricity consumers in the Province.

Crown bound

4xx. This Act binds the Crown.

Protection and assurances

Prohibition

5xx. (1) The Crown shall not do anything that would,

(a) hinder, delay, impair or prejudice the charging, collection or remittance of amounts in respect of the clean energy adjustment;

(b) except as expressly permitted by this Act, reduce the clean energy adjustment determined under this Act or lower the priority of the clean energy adjustment over other debts; or

(c) adversely affect an investment asset or a funding obligation.

Confidential Draft

[3] FLS: this is from the *Climate Change Mitigation and Low-carbon Economy Act, 2016*

[4] FLS: Please see the *Electricity Act, 1998* for much of the wording proposed in this section.

Clarification with respect to regulations

(2) For greater certainty, the things prohibited under subsection (1) include the making or approving of a regulation under this Act.

Agreements for compensation

(3) The Minister may, with the approval of the Lieutenant Governor in Council, enter into agreements on behalf of the Province of Ontario with any person in respect of this Act, including agreements regarding the performance of IESO or electricity vendors under this Act or similar transactions.

Guarantee, indemnification

(4) The Lieutenant Governor in Council may by order,

(a) authorize the Minister of Finance, on behalf of the Province,

(i) to agree to guarantee or indemnify any debts, obligations, securities or undertakings associated with an investment interest, and

(ii) to determine terms and conditions and the amount on which the guarantee or indemnity will be given;

(b) impose terms and conditions, as it considers advisable, on which the Minister of Finance may, on behalf of the Province, agree to guarantee or indemnify as described in subclause (a) (ii); and

(c) specify a maximum liability for the guarantee or indemnity.

PART II
FAIR ADJUSTMENT OF ELECTRICITY RATES

Definitions

6xx. In this Part,

"effective date" means the date determined under section 6.5xx; ("French")

"RPP rate" means the rates determined by the Board under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*, which rates are ~~is~~ commonly referred to as the Regulated Price Plan"; ("French")

"specified RPP consumer" means a specified consumer who meets the following criteria:

Confidential Draft

1. The consumer is a member of the class of consumers prescribed by the regulations made under the *Ontario Energy Board Act, 1998* for the purposes of subsection 79.16 (1) of that Act.

2. The consumer is invoiced ~~subject to~~ the RPP rate. ("French")

Specified RPP consumer, first fair adjustment

6.1xx (1) Despite any order under section 78(3.1) of the *Ontario Energy Board Act, 1998* and despite section 79.16 of that Act, ~~T~~the rates for electricity payable by a specified RPP consumer for the period beginning on the effective date and ending on April 30, 2018 is the rate required for a specified RPP consumer who meets the prescribed criteria to receive a monthly invoice amount that is 25 per cent lower than the monthly invoice amount for that consumer under the comparison rate described in subsection (2). ***[OEB Note to Draft: (1) We assume that the criteria will prescribe the THESL proxy consumer criteria, and will do so in the manner we expect based on our last comments on the draft legislation. (2) We remain concerned that the 25% will "oversmooth", potentially by the amount of the RRRP charge and by the amount of the 8% rebate. Oversmoothing by the amount of the OESP charge may potentially have been addressed by the reference to April 30th in the definition of "invoice amount", but not sure.]***

Comparison rate

(2) The comparison rate is the rate that would be effective May 1, 2017, determined by the Board solely using the method prescribed by the regulations made under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*, without regard to this Act. ***[OEB Note to Draft: (1) This concept has to be a pre-fair adjustment concept. The OEB has already included a portion of the fair adjustment in May prices. And it did so "solely using the method prescribed" in the reg. under 79.16. Unless you somehow recognize that expressly here, we believe you will be oversmoothing. "Without regard to this Act" may not be the right words, but we believe the concept needs to be reflected here. (2) "Without regard to this Act" may also avoid the application of the changes to 25.33 set out later – it isn't clear that they would be applicable at this time, but if there is a chance that they might then it should be clear that they don't apply.]***

Same

(3) For the purposes of subsection (2), the applicable method is the method on the day this section comes into force. ***[OEB Note to Draft: We don't understand the purpose of this section. The method under 79.16 hasn't changed, and it seems to us that this has the potential to exacerbate the problem noted in relation to the above section]***

Confidential Draft

Specified consumers (non-RPP), first fair adjustment

6.2xx The monthly global adjustment rate ~~rate for electricity~~ payable in accordance with regulations made pursuant to section 25.33 of the *Electricity Act, 1998* by a specified consumer who is not a specified RPP consumer for the period beginning on the effective date and ending on April 30, 2018 is adjusted by an adjustment factor set by the Board to reduce the monthly global adjustment rate ~~the rate that would be necessary in order for [the monthly global adjustment rate] in respect of a specified consumer who is not a specified RPP consumer (RPP) and who meets the prescribed criteria to be reduced~~ by the same amount as the difference between the comparison rate referred to in subsection 6.1xx (2) and the rate determined under subsection 6.1xx (1). ***[OEB Note to Draft: (1) As worded, this section would have the OEB setting electricity prices for these consumers. We understood that this was not the intention. If that is now the intention, please advise – note that other issues will then have to be addressed. Assuming that you are staying with the "GA modifier" approach as we understand it, we have revised along those lines. Note that the IESO is going to have to calculate the fair adjustment-adjusted GA for these consumers based on the OEB's modifier – are you going to amend 429/04 accordingly? And will the IESO have the systems in place to settle with LDCs on that basis? (2) The reference to the GA reg has been added because some customers pay GA on the basis of an estimated rate and others on the basis of actuals. That may or may not completely address the issue, but we believe it helps.]***

Determination by Board

6.3xx The Board shall determine the rates mentioned in section~~s~~ 6.1xx and the adjustment factor mentioned in section 6.2xx no later than seven business days after the day this section receives Royal Assent. ***[OEB Note to Draft: The OEB will not be able to meet this timeline unless the methodology to be used to set the prices and the GA modifier is what we understand them to be today.]***

Implementation of rates

6.4xx Each electricity vendor, ~~[specified consumer who provides electricity to a sub-meter customer and unit sub-meter provider who provides unit sub-metering for a specified consumer]~~ shall, no later than seven business days after the day on which the Board determines the rates and adjustment factor under section 6.3xx, adapt ~~is billing practices and~~ its invoices to reflect the new rates and the application of the adjustment factor. ***[OEB Note to Draft: (1) We suggest that this section should be deleted. First, it is not necessary – the responsibility of the LDC is to bill the rates then in effect, not to have its systems adapted by a given date. Second, what if the prices don't take effect on the 7th business day? Are LDCs going to be billing the new rates in advance of the date on which they take effect? (2) We do not know whether distributors will be able to do this – 7 business days is enough for a straight RPP price change, but unknown for the GA modifier. (3) We don't understand the purpose of referring to billing practices***

here – please advise as to what about their billing practices is going to change. (4) If you delete this section, other sections below will need to be modified accordingly.]

Effective date

[OEB Note to Draft: (1) This section doesn't work if Royal Assent happens on a date that is later than 7 business days before the end of June. If Royal Assent is later, there may be no new rates in place on July 1. We have therefore changed "earlier of" to "later of". (2) We assume that month means calendar month notwithstanding the deletion of the word "calendar" (but would appreciate confirmation) - RPP prices could come into effect on a day other than the first day of the month, but it is not clear whether the same can be said for the modified GA rates. This would need to be discussed with the IESO.]

6.5xx The rates and adjustment factor determined under section 6.3xx are effective on the later ~~earlier~~ of the following days:

1. The first day of the month immediately following the last day of the seven business- day period referred to in section 6.4xx.

2. July 1, 2017.

Transition

[OEB Note to Draft: Is item 1 circular? .Compliance with section 6.4 requires adapting bills within 7 BD of the date on which the Board sets the rate/adjustment factor. So why would there being less than 7 BD between that date and the effective date of the rates be relevant to compliance under 6.4?]

6.6xx (1) This section applies if an electricity vendor ~~, specified consumer or unit sub-meter provider~~ is unable to comply with section 6.4xx for one of the following reasons:

1. There are fewer than seven business days between the day of the Board's determination of rates and the adjustment factor under section 6.3xx and the effective date.

2. Technical or operational reasons.

Same

(2) In the circumstances described in subsection (1), the electricity vendor ~~, specified consumer or unit sub-meter provider~~ shall,

(a) adapt its invoices as soon as possible and, in any event, no later than August 1, 2017; and ***[OEB Note to Draft: It is not known whether LDCs can***

implement this by August 1, particularly for the GA modifier. Note that you left 6 months for ORECA.]

(b) ensure that any specified consumer ~~or sub-meter customer~~ invoiced at ~~a~~ rate ~~rate~~ higher than the applicable rates determined by the Board under section 6.3 or invoiced a monthly global adjustment rate that does not reflect the application of the adjustment factor determined by the Board under section 6.3 receives the difference between the rates or global adjustment amount shown on their invoice for electricity consumed on and after the effective date ~~and the applicable rate~~ and the rates or monthly global adjustment as determined under section 6.3 as a lump sum credit on the first invoice received ~~issued~~ after the invoices have been adapted or by such other means as may be prescribed by the regulations. ***[OEB Note to Draft: LDCs may still struggle with this – worth verifying feasibility with the LDCs]***

Subsequent fair adjustments

7xx. The Lieutenant Governor in Council may make regulations prescribing the methodology to be applied by the Board to determine rates for electricity payable by specified RPP consumers under section 79.16 of the *Ontario Energy Board Act, 1998* ~~specified consumers and sub-meter customers~~ during the period beginning on May 1, 2018 and ending on April 30, 2022. ***[OEB Note to Draft: Either the OEB is setting RPP prices under this section, in which case it should be worded as such, or the OEB is setting RPP prices under section 79.16. This provision as drafted did not appear to us to achieve either purpose. We have proposed to clarify that the regulations affect the setting of prices under section 79.16 because the concept of a "specified RPP consumer" is defined by reference to section 79.16 and therefore seems to us to pre-suppose that we are setting RPP prices under 79.16 for this period.]***

7.1xx The monthly global adjustment rate payable in accordance with regulations made pursuant to section 25.33 of the *Electricity Act, 1998* by a specified consumer who is not a specified RPP consumer for the period beginning on May 1, 2018 and ending on April 30, 2022 shall be adjusted by an adjustment factor determined by the Board in accordance with the regulations.

~~**Sub-meter customers**~~

~~**7.1xx** A specified consumer who provides electricity to a sub-meter customer and any unit sub-meter provider who provides unit sub-metering for the specified consumer shall ensure that the rate payable by each sub-meter customer is the applicable rate determined under this Part.~~ ***[OEB Note to Draft: (1) We do not understand why anyone other than a consumer that is sub-metered by a licensed USMP needs to be captured by this legislation. If a landlord/building owner passes through the cost of electricity to***

tenants in a building that is not sub-metered, it would be included in rent or billed on a basis like square footage or number of units. These kinds of consumers do not pay a regulated rate today, they pay the costs passed through by the landlord/building owner. (2) In terms of consumers served by a USMP, we believe that their obligation should be to pass through the fair adjustment. We propose something for that below.]

7.2xx (1) This section applies if,

(a) a specified consumer provides to a sub-metered consumer electricity in respect of which the specified consumer is entitled to a fair adjustment under this Part; and
(b) an invoice for the electricity is issued to the sub-metered consumer by a unit sub-meter provider providing sub-metering for specified consumer.

(2) Every unit sub-meter provider providing unit sub-metering for the specified consumer shall, in accordance with such requirements as may be prescribed, ensure that each sub-metered consumer referred to in subsection (1)(a) receives its share of the benefit of any fair adjustment that is provided to the specified consumer under this Part.

PART III
CLEAN ENERGY ADJUSTMENT

Specified consumers to pay

8xx. (1) Upon receipt of an invoice that includes an amount in respect of the clean energy adjustment, a specified consumer shall pay the amount to the electricity vendor, as agent of the investment interest owners, in accordance with such terms of payment as may be specified in the invoice, which may include terms relating to late payment fees and interest charges.

Same

(2) For greater certainty, subsection (1) applies regardless of,

(a) whether the clean energy adjustment was determined in a manner that was inconsistent with this Act; and

(b) whether the amount payable in respect of the clean energy adjustment relates to funding obligations that were incurred in a manner that was not in material conformity with the Financing Plan.

Indebtedness of specified consumer

(4) An unpaid amount that is required to be paid by a specified consumer under this section constitutes indebtedness of the specified consumer to each investment interest owner to the extent of each owner's respective interest in the investment asset.

Confidential Draft

Same

(5) The indebtedness mentioned in subsection (4) is a single and separate debt obligation owed by the specified consumer and may be enforced independently from any other payment obligation or indebtedness owing by the specified consumer.

~~**Recovery from sub-meter consumers**~~

~~(6) A specified consumer who provides electricity to a sub-meter customer may recover amounts in respect of the clean energy adjustment payable under this section from each sub-meter customer on a pro rata basis.~~ ***[OEB Note to Draft: We do not understand the need for this section. If the overall framework needs for USMPs to recover these amounts, then that should presumably be included. Something that simply allows them to recover the CEA doesn't seem to us to work in the context of their acting as agent for the unlicensed distributor and where the total CEA payable for the building should presumably be on the bulk meter bill. If you are retaining some residual reference to consumers that are in buildings that are not sub-metered, then at a minimum we believe that USMPs should be backed out of this.]***

Irrevocability of amount

9xx. (1) An amount in respect of the clean energy adjustment shown on an invoice issued to a specified consumer under this Act is determinative of the amount of the consumer's indebtedness resulting from the clean energy adjustment and is irrevocable upon invoicing the consumer and may not be set off or by passed.

Exception

(2) Subsection (1) does not apply to the extent that there is a clerical, typographical or calculation-related error by the electricity vendor.

Determination of clean energy adjustment
Financial Services Manager to determine

10xx. (1) The Financial Services Manager shall determine the clean energy adjustment payable by all specified consumers in respect of each month in a reference period by adding the estimated finance amount in respect of the reference period to the true up amount in respect of the reference period.

Estimated finance amount, true up amount

(2) The estimated finance amount and the true up amount shall be determined in accordance with the regulations.

Regulations re true up amount

(3) The regulations under subsection (2) shall have regard to the following principles:

Confidential Draft

1. The true up amount should serve to ensure that the collection of the clean energy adjustment is sufficient to pay the finance amount when it is due.

2. The method for determining the true up amount should take into account historical and reasonably foreseeable,

    i. differences between the estimated and actual finance amount for the immediately preceding reference period,

    ii. differences between amounts invoiced and amounts collected due to various factors, including applicable taxes, consumer defaults and delays, billing lags and write-offs, and

    ii. variations in billings due to variations in electricity consumption.

Financial Services Manager to notify Board

(4) The Financial Services Manager shall, in accordance with the regulations, notify the Board of the clean energy adjustment and such other information related to the determination of the clean energy adjustment as may be prescribed. ***[OEB Note to Draft: The regulations will need to provide a timeline within which this information has to be provided if there are timelines for the setting of rates applicable to the OEB under (5)]***

Board to determine rates

(5) The Board shall, in accordance with the regulations, determine the rate at which specified consumers are invoiced to recover the clean energy adjustment as notified to it under subsection (4) in respect of the reference period. ***[OEB Note to Draft: (1) Do you need to contemplate the possibility that different CEA rates may be required for different specified consumers (i.e., consumers on RPP vs. others?) (2) The OEB will likely need consumption information from the IESO in order to do this. See our proposed new section at the end.]***

IESO to receive amounts

11xx. (2) The IESO shall, as an agent of the investment interest owners, receive amounts in respect of the clean energy adjustment paid to it from electricity vendors in accordance with the regulations and the market rules made under section 32 of the *Electricity Act, 1998*.

Account

(3) All of the following amounts received by the IESO shall, until paid to or for the benefit of the investment interest owner in accordance with subsection (5), be deposited promptly into an account established for the purposes of receiving those amounts:

1. Amounts described in subsection 11xx (2).

Confidential Draft

2. Payments made by specified consumers directly to the IESO as electricity vendor under subsection 8xx (1).

Same, held in trust

(4) All amounts received by the IESO in respect of the clean energy adjustment shall, until paid to or for the benefit of the investment interest owner, be received and held in trust by the IESO for the investment interest owners or a secured party to whom a security interest in an investment interest is granted under this Act.

IESO to remit

(5) The IESO shall remit amounts received by it in respect of the clean energy adjustment to or for the benefit of the investment interest owners in accordance with the regulations.

Electricity vendor to invoice specified consumers

12xx. (1) Each electricity vendor shall issue an invoice to each of its specified consumers for the amount payable by the consumer in respect of the clean energy adjustment, as determined by applying the rate set by the Board under subsection 10xx (2) and in accordance with the regulations. ***[OEB Note to Draft: It remains unclear to us whether this is a separate invoice or the normal utility bill. Requiring LDCs to issue separate bills will increase their billing costs and create customer confusion.]***

Electricity vendor to report

(1.1) Each electricity vendor shall, in accordance with the regulations, promptly report to the IESO the total amount invoiced to its specified consumers in respect of the clean energy adjustment, the amount collected and such further information as may be prescribed.

Electricity vendor to collect

(2) Each electricity vendor shall, as agent of the investment interest owners, collect amounts in respect of the clean energy adjustment from specified consumers in accordance with the regulations. ***[OEB Note to Draft: Having LDCs use a collection process for the CEA that is different from a collection process for the rest of the bill will be an issue for them (assuming that the CEA is invoiced on the normal utility bill). The OEB has requirements that LDCs have to follow in relation to invoicing and that apply to the rest of the bill. Depending on what collection means, there could be a conflict.]***

Pro rating of payments

(3) If an electricity vendor receives a payment made by or on behalf of a specified consumer in respect of amounts payable under one or more invoices and the amount paid is less than the total amount payable, the electricity vendor shall allocate the payment on

a pro rata basis to the clean energy adjustment and other amounts payable under the relevant invoices in respect of electricity charges in respect of the same period. ***[OEB Note to Draft: See our concerns on our earlier draft about whether LDCs can track this way]***

Held in trust

(4) Payments received by an electricity vendor from or on behalf of specified consumers shall, until paid to or for the benefit of the investment interest owner in accordance with subsection (5), be received by and held by each electricity vendor in trust for the benefit of the investment interest owners.

Remittance to IESO

(5) Each electricity vendor shall remit amounts described in subsection (5) to the IESO for the benefit of the investment interest owners in accordance with the regulations.

PART IV
IMPLEMENTATION

FINANCIAL SERVICES MANAGER

Appointment

13xx. (1) Subject to subsection (2), Ontario Power Generation Inc. is appointed as the Financial Services Manager for the purposes of this Act.

Replacement

(2) The Minister may terminate an appointment of a Financial Services Manager and may, in accordance with the regulations, appoint a new person or entity as the Financial Services Manager.

Duties and powers

14xx. (1) The Financial Services Manager shall perform the duties assigned to it under this Act and may administer the investment asset on behalf of the investment interest owners.

Same

(2) The administration of the investment asset may include the following:

1. Providing information, in accordance with the regulations, to the Board in respect of ~~funding obligations and~~ the Board's determination of the clean energy adjustment rate under ~~in accordance with~~ subsection 10(5)~~xx~~. ***[OEB Note to Draft: Our proposed new provision at the end would eliminate the need for this item. In addition, why does the OEB need information regarding "funding obligations" and the determination of the CEA itself,***

which we understand to be a global dollar amount that we are expected to take from the FSM without question to derive the CEA rate?]

2. Providing information to the IESO in respect of obligations under Part III.

3. Such other matters as may be prescribed.

Review of costs

(3) The Board shall review the administrative costs of the Financial Services Manager in accordance with the regulations. ***[OEB Note to Draft: We still do not know what these costs are; what the purpose of the review is; what process we are expected to use for this review and whether an order of some kind will be required; and whether the review has any consequence for anything else that we need to think about in relation to this responsibility. We understand that some of this may be suitable for regulations, but we are not convinced that this can override the OEB Act provisions relating to hearings. This is addressed in our proposed new provision at the end]***

FAIR ALLOCATION AMOUNT

Financial Services Manager to calculate fair allocation amount

15xx. (1) The Financial Services Manager shall calculate a fair allocation amount in respect of each reference period, having regard to the need to align that amount with the finance amount payable during the reference period, for the purpose of fairly measuring and allocating the estimated clean energy costs and estimated clean energy benefits among the specified consumers in respect of the reference period.

Timing of calculation

(1.1) The Financial Services Manager shall calculate a fair allocation amount in respect of each reference period before any funding obligation is incurred [by a financing entity during the reference period].

Amount

(1.2) The fair allocation amount in respect of a reference period is the sum of the following amounts:

1. The amount, if any, by which, if this Act had not been enacted, the estimated clean energy costs and estimated clean energy benefits allocated to specified consumers in respect of the reference period would have exceeded the estimated amount of the adjustments provided for under section 25.33 of the *Electricity Act, 1998* and the regulations made under that provision that would have been borne by the specified consumers in respect of clean energy costs for the reference period.

Confidential Draft

2. A portion of the value of any fair adjustment that has been made under Part II in respect of any previous reference period.

Principles

(2) In calculating the estimated clean energy costs and estimated clean energy benefits to be allocated to specified consumers in respect of a reference period, the Financial Services Manager shall [comply with the regulations and] have regard to the following principles:

1. Clean energy costs allocated to specified consumers in respect of a reference period should be allocated in proportion to the clean energy benefits attributed to the specified consumers in respect of the reference period.

2. The clean energy benefits allocated to the specified consumers in respect of a reference period should be determined in accordance with the regulations.
3. The fair allocation calculation should include reasonable assumptions regarding the following:

    i. The time value of money or the rate of inflation, for the purpose of equating nominal amounts over time.

    ii. The expected number of specified consumers in respect of each reference period.

    iii. The expected electricity consumption rates in respect of each reference period.

Method

(3) The Financial Services Manager shall calculate a fair allocation amount in accordance with such methods as the Financial Services Manager considers appropriate, having regard to the requirements of this Act.

Notification to Minister

(4) The Financial Services Manager shall notify the Minister of the methods used to calculate the fair allocation amount and any changes to those methods.

Effective date

(6) The fair allocation calculation or an amendment to the fair allocation calculation takes effect on the day that is 30 days after the fair allocation calculation or the amendment, as the case may be, is provided to the Minister in writing.

Confidential Draft

Publication

(7) The Minister shall ensure that the fair allocation calculation and any amendments to it are made available to the public in a manner that the Minister considers appropriate.

FINANCING PLAN

Financial Services Manager to prepare Financing Plan

16xx. (1) The Financial Services Manager shall prepare a written plan entitled the Financing Plan to be used by the Financial Services Manager to evaluate whether potential funding obligations should be incurred for the purposes of acquiring an investment interest in accordance with this Act.

Plan to be provided to Minister

(1.1) The Financial Services Manager shall provide the Financing Plan to the Minister.

Principles

(2) In preparing the Financing Plan, the Financial Services Manager shall have regard to the following principles:

1. Any incurrence of a funding obligation should reasonably align with the estimated finance amount, as determined in accordance with the regulations, that would, subject to any refinancing, become due and payable during a reference period with the fair allocation amount determined in respect of the reference period under this Part as of the time of the incurrence, in each case after reducing the fair allocation calculation by the amount of any fair adjustment in respect of the reference period.

2. Incurrences should be implemented in a manner that, in the opinion of the Financial Services Manager, is reasonable, cost effective and that reflects prevailing market terms and conditions.

3. Reasonable assumptions should be made regarding such matters as may be prescribed.

Limitation, first five year period

(4) In respect of each reference period from May 1, 2017 to April 30, 2022, no funding obligation shall be incurred that would become payable during the reference period and result in amounts payable in respect of the clean energy adjustment in respect of the reference period unless,

Confidential Draft

(a) no fair adjustment has been made under Part II in respect of the reference period; or

(b) if a fair adjustment has been made under Part II in respect of the reference period, the funding obligations incurred would not be payable during the reference period in an amount that exceeds the [difference between the fair allocation amount in respect of the reference period and the amount of the fair adjustment in respect of the reference period].

Other reports

(3.1) The Financial Services Manager shall submit to the Minister such reports and information as the Minister may require from time to time and shall, if required by the Minister to do so, examine, report and advise on any question relating to the Financing Plan.

Confidentiality

(5) The following are deemed to be records subject to clauses 18 (1) (c) and (d) of the *Freedom of Information and Protection of Privacy Act*:

1. The Financing Plan.

2. Reports referred to in subsection (3.1).

3. Any other document that would reveal information contained in the Financing Plan or the reports.

Amendments to plan

(6) The Financial Services Manager may amend the Financing Plan at any time.

Same

(7) In the event that the Financing Plan is amended, any reference in this section to the Financing Plan is deemed to be a reference to the plan as amended.

Implementation of Financing Plan

17xx. (1) The Financial Services Manager shall incur funding obligations in material conformity with the applicable Financing Plan.

Same

(2) For greater certainty, subsection 17xx (5) applies despite the failure of the Financial Services Manager to comply with subsection (1). ***[OEB Note to Draft: There is no 17(5).]***

Confidential Draft

Financing entities

(3) In accordance with the Financing Plan, the Financial Services Manager may establish or cause to be established one or more financing entities that may incur funding obligations.

Prohibition

(3.1) The Financial Services Manager shall not provide for funding obligations to be incurred with any recourse to any assets of an electricity vendor, the Board, Ontario Power Generation Inc., the Province or the Lieutenant Governor in Council, except to the extent that any of these persons or entities may be liable to perform obligations or duties arising under this Act or under the express terms of a funding obligation or other agreement. ***[OEB Note to Draft: We remain of the view that the OEB's assets should be immune from recourse whether or not the OEB has responsibilities under this Act.]***

Effect of amendment to fair allocation amount

(4) Each funding obligation incurred and each transfer made by a financing entity is deemed to be consistent with the Financing Plan and [the fair allocation amount].

PART V
THE REGULATORY ASSET

IESO funding shortfall

20xx. (1) The IESO funding shortfall for each month shall be determined in accordance with the regulations.

Electricity vendors to provide information

(2) Electricity vendors shall provide to IESO such information as IESO may reasonably request for the purposes of determining the IESO shortfall under subsection (1) and such further information as may be prescribed.

Same

(3) IESO may rely on information provided by electricity vendors for the purposes of the determination under subsection (1).

Variance account to be established, maintained

20.1xx (1) The IESO shall establish and maintain a variance account for the purposes of this section.

Recording in variance account

(2) The IESO shall record the following in the variance account:

1. The amount of the IESO funding shortfall for each month.

Confidential Draft

2. All payments received by the IESO resulting from the exercise of the right of recovery under section 21xx and any transfer under section 22xx.

3. Such other adjustments as may be prescribed.

Recording determinative

(3) Subject to any finding of [manifest error], a recording by the IESO in the variance account of the balance is, as of the time of the recording, determinative of the balance at the time.

Rights of investment interest owner

(4) No change made by IESO to the balance in the variance account shall, if the previous balance was relied upon by an investment interest owner in the context of a transfer under section 22x, affect the rights of the investment interest owner acquired under the transfer.

Regulatory asset established

21xx. (1) The IESO has the right, exercisable in accordance with this Act and the regulations, to recover the balance recorded in the variance account from specified consumers.

Limitation

(2) Despite subsection (1), the IESO shall not be entitled to collect all or part of the balance recorded in the variance account from specified consumers before May 1, 2022.

Board to set rates

(3) The Board shall, from time to time, determine and set rates payable by specified consumers to allow for IESO to recover the balance recorded in the variance account. ***[OEB Note to Draft: We understand that some details may be suitable for regulations, but we are not convinced that this can override the OEB Act provisions relating to hearings. This is addressed in our proposed new provision at the end. If this is going to be implemented through RPP prices, O. Reg. 95/05 will presumably need to be amended accordingly at some point.]***

Same, limitations

(4) The Board's powers under subsection (3) shall be exercised in accordance with the regulations.

Transfer of regulatory asset

22xx. (1) The IESO may from time to time transfer all or a portion of the regulatory asset to any financing entity.

Confidential Draft

Same

(2) Upon receipt by IESO of payment in consideration of a transfer of all or a portion of the regulatory asset, the transfer shall be valid and enforceable against the IESO and the IESO shall retain no further right, title or interest in, or any obligations in respect of, the regulatory asset or in the investment asset created by the transfer.

Same

(3) Upon transfer, the financing entity acquires an investment interest and becomes an investment asset owner.

Validity of transfer

23xx. (1) A transfer of a regulatory asset under this Act is a valid and enforceable sale and absolute transfer to the investment interest owner of the regulatory asset.

Same

(2) Without limiting subsection (1), any transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of IESO's right to recover the IESO funding shortfall, and not merely as a security interest, and upon the absolute transfer the transferor shall retain no right, title or interest in the regulatory asset, including all rights to recover the IESO funding shortfall.

Deemed perfection, etc.

(3) At the time a transfer of a regulatory asset is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the transferee shall have priority over any liens in favour of those persons.

PART VI
THE INVESTMENT ASSET

Effect of transfer

24xx. (1) The first transfer of the regulatory asset or a portion of it creates the investment asset.

Same

(2) Upon any transfer of all or a portion of the regulatory asset to a financing entity, the investment asset resulting from the transfer is immediately vested in the financing entity, free and clear of any adverse claim, and the financing entity becomes an investment interest owner and acquires an investment interest**.**

Investment asset established

25xx. (1) The investment asset constitutes a current and irrevocable property right and interest consisting, collectively, of the following rights and interests of investment interest owners:

1. The right to impose, invoice, collect, receive and recover amounts in respect of the clean energy adjustment from specified consumers, including the right to determine the clean energy adjustment in accordance with this Act.

2. The right to receive, collect and recover amounts in respect of the clean energy adjustment that are imposed, invoiced and recoverable under this Act, including any amounts in respect of the clean energy adjustment that are held by electricity vendors or other prescribed parties.

3. All rights and entitlements under such accounts as may be prescribed by regulation and all amounts on deposit in such accounts.

4. The right to enforce the duties and obligations under this Act of each electricity vendor to impose, attribute, charge and invoice for amounts in respect of the clean energy adjustment.

5. The right to enforce the duties and obligations under this Act of each electricity vendor to collect, receive and remit amounts received by it in respect of the clean energy adjustment, including all collections and the proceeds of any enforcement action undertaken by an electricity vendor to recover payment of amounts in respect of the clean energy adjustment.

6. All rights of any kind related to any of the other property rights or interests that comprise the investment interest.

7. All revenue, collections, claims, payments, money and proceeds of or derived from the rights described in paragraphs 1 to 6, regardless of whether it is invoiced, collected and maintained together with or commingled with other revenue, collections, claims, payments, money and proceeds.

Not affected by failure to impose etc. clean energy adjustment

(1.1) An investment interest is not affected by any failure to impose, attribute, invoice, accrue or collect amounts in respect of the clean energy adjustment.

No set off, etc.

(2) The investment asset shall not be set off,

(a) by a consumer, an electricity vendor, an agent of the investment interest owner or an owner of distribution system assets in the Province;

(b) in connection with any default of a person mentioned in clause (a); or

(c) by any affiliate or successor of a person mentioned in clause (a).

Exercise of rights

(3) The rights of the investment asset owner to collect and enforce its rights and interests in, to and in respect of the investment asset against a specified consumer shall be exercised in accordance with Part III of this Act. ***[OEB Note to Draft: Presumably, this means that the rights and interests will be through the electricity vendors acting as their agents? If so, what does that mean for LDCs?]***

Collective action required

(4) If the investment interest owner owns a right or interest in the investment asset that comprises less than the entire property right and interest constituted by the investment asset, the right or interest shall only be enforced by the investment interest owner collectively and in coordination with all other investment interest owners, and any agreement among that collective in furtherance of the collective action shall be valid and binding on the investment interest owner as a collective in accordance with its terms.

Transfer of investment interest

26xx. An investment interest owner may transfer all or a portion of its rights and interests in an investment interest to any other investment interest owner, including by way of a transfer of a divided or an undivided interest, in accordance with the Financing Plan.

Validity of transfer

27xx. (1) A transfer of an investment interest under this Act is a valid and enforceable sale and absolute transfer of the investment interest and confers upon the investment asset owner a valid property right and interest in, to and under the applicable investment interest in accordance with the terms of the transfer.

Same

(2) Without limiting subsection (1), a transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of an investment interest owner's right, title and interest in, to and under an investment interest, and not merely as a security interest, and upon such absolute transfer the transferor shall retain no right, title or interest in the investment interest, subject to the transfer, including all rights to the investment interest arising after the transfer.

Confidential Draft

Deemed perfection, etc.

(3) At the time a transfer of an investment interest is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer, assignment, etc.

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the investment interest owner shall have priority over any liens in favour of such other persons.

Investment interest owner may grant security interest

28xx. (1) An investment interest owner may grant a security interest over all or a specified portion of its right, title and interest in, to and under the investment interest to or in favour of any person to secure a funding obligation.

Validity

(2) A security interest granted under this Act shall be valid and enforceable in accordance with its terms.

Perfection and priority of security interests

(3) All provisions of the *Personal Property Security Act* shall apply to the investment asset and each investment interest on the basis that it is intangible personal property, except as otherwise provided for in this section, and any granting of a security interest by the investment interest owner to secure a funding obligation shall, subject to the terms of the funding obligation, give rise to a security interest in respect of which that Act applies and may be perfected by filing a financing statement under that Act on that basis.

Proceeds

(4) All proceeds of an investment interest that are subject to the security interest and that are received by the applicable investment interest owner shall immediately be subject to the security interest and shall be perfected without any physical delivery of the proceeds, registration of any financing statement or any further act.

Perfection

(5) The security interest shall be a continuously perfected security interest and shall have priority over any other lien, created by operation of law or otherwise, that may subsequently attach to the property rights and interests in the investment interest subject to the security interest, subject to the written consent of the person to whom the security interest has been granted.

Confidential Draft

Same

(6) The person to whom the security interest has been granted shall have a perfected security interest in revenues or other proceeds that are deposited in any account of any electricity vendor, an agent of an electricity vendor or other person who may have commingled such revenues or other proceeds with other funds.

Notice required

(7) The secured party shall be entitled to exercise the rights of an investment interest owner only after the secured party has given notice of the enforcement of its security interest to the IESO.

Definition

(8) For the purposes of this section, a security interest is perfected when it is perfected as described in the *Personal Property Security Act*.

PART VI
MISCELLANEOUS

Appointment of agent, invoicing or collection

29xx. If a prescribed circumstance applies, the Lieutenant Governor in Council may by regulation appoint a person to carry out some or all of the obligations of an electricity vendor under this Act in the place of an electricity vendor with respect to invoicing or collection.

30xx. For greater certainty, no agent appointed under this Act is an agent of the Crown for any purpose, despite the *Crown Agency Act*.

Sequestration

31xx. (1) A court in the Province may, upon application by an investment interest owner or a secured party, order the sequestration and payment of amounts in respect of the clean energy adjustment, collections and remittances, as applicable, for the benefit of the investment interest owner or secured party by any person or entity authorized to collect amounts in respect of the clean energy adjustment, including defaults on any required remittance of amounts in respect of the clean energy adjustment, collections or remittances.

Choice of law

32xx. The law governing, as applicable, the validity, enforceability, attachment, perfection, priority and exercise of remedies with respect to the transfer of an interest or right or creation of a security interest in the regulatory asset, the investment asset, the clean energy adjustment or the undertaking of the Crown under section x shall be the laws of the Province.

Conflict

33xx. The provisions of this Act and the regulations apply despite any provision of any other Act regarding the attachment, assignment or perfection, or the effect of perfection or priority of any transfer or security interest.

No further approvals, etc.

34xx. Despite any requirement under any Act, no approvals, notices or authorizations other than those specified in this Act are required to be taken under the Financing Plan or in relation to the determination of the fair allocation amount.

Immunity

35xx. (1) No action or other proceeding for damages shall be instituted against any employee of the Province, IESO, OPG or the Board, or against a member of the Board, ~~OEB~~ for any act done in good faith in the execution or intended execution of any duty or authority under this Act or for any alleged neglect or default in the execution in good faith of any duty or authority under this Act. ***[OEB Draft Note: Under the OEB Act, Board members are specifically noted as not being employees of the OEB. It is imperative that they also be covered by this provision.]***

Same

(2) Despite subsections 5 (2) and (4) of the *Proceedings Against the Crown Act*, subsection (1) does not relieve the Crown of liability in respect of a tort committed by a person mentioned in subsection (1) to which it would otherwise be subject.

References in marketing materials and offering documents

36xx. No person shall include, in marketing materials or offering documents relating to the financing of funding obligations, references to any rights, obligations, guarantees or undertakings arising under section 5xx unless the prescribed requirements, if any, are satisfied.

Non-application, Financial Administration Act, s. 28[5]

37xx. Section 28 of the *Financial Administration Act* does not apply with respect to any transaction or agreement or undertaking required, permitted, contemplated or authorized, directly or indirectly, under this Act.

37.1xx. Each electricity vendor, the IESO, the Financial Services Manager and such other person as may be prescribed shall maintain such accounts and provide such information to the Board as the Board may require for the purposes of carrying out its responsibilities under this Act, in the form and manner and within the time required by the Board.

37.2xx Despite anything to the contrary in the *Ontario Energy Board Act, 1998*, the Board may exercise any of its responsibilities under this Act with or without a hearing.

Regulations

38xx. The Lieutenant Governor in Council may make regulations in respect of the following matters:

1. [6]Governing anything that is required or permitted to be prescribed or that is required or permitted to be done by, or in accordance with, the regulations or as authorized, specified or provided in the regulations.

2. Defining, for the purposes of a regulation, words and expressions used in this Act that are not defined in the Act.

x. Prescribing types of payment obligations that constitute funding obligations;

x. governing the calculation [true-up amount] and how the amount is to be applied to the clean energy adjustment;

x. governing the inclusion of information under this Act on invoices, which may include requiring notice to be provided by electricity vendors to specified persons regarding the adjustments;

x. governing the inclusion of information about the clean energy adjustment and any other matters provided for under this Act on invoices issued to specified consumers, including the form that the information must take and the form of the invoices and any notice to be provided to the specified consumer under this Act[7];

x. prescribing the time within which any action required by this Act may be required to be done;

x. Providing for such other matters as the Lieutenant Governor in Council considers advisable to carry out the purpose of this Act.

PART VII[8]
AMENDMENTS TO OTHER ACTS

ELECTRICITY ACT, 1998

200x. (1) Subsection 6 (1) of the *Electricity Act, 1998* is amended by adding the following clauses:

(q.0.1) to exercise the powers and rights and to perform the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and to engage in activities to facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*, including,

(i) entering into agreements or arrangements with any person for the purposes of the *Ontario Fair Hydro Plan Act, 2017*;

(ii) engaging in activities related to making payments to and receiving payments as contemplated under the *Ontario Fair Hydro Plan Act, 2017* and to engage in related settlement activities;

(iii) engaging in activities related to the creation, transfer and administration of the regulatory asset created under the *Ontario Fair Hydro Plan Act, 2017*, which activities may include,

(iv) incurring liabilities in relation to the regulatory asset

(v) transferring the regulatory asset for consideration;

(vi) acting as a recovery agent under the *Ontario Fair Hydro Plan Act, 2017*;

[OEB Note to Draft: In the interests of time, we have not reviewed the section below in detail. However, without a better understanding, it raises a question about the continued viability of section 79.16(3) of the OEB Act, which we address below.]

200.1xx (1) Subsection 25.33 (1) of the Act is amended by striking out "and" at the end of clause (a) and by adding the following clauses:

[8] FLS: These amendments are drawn from previous drafting contained in gov2016.146.e05 (which was drafted as amendments to the EA, 1998).

Confidential Draft

(c) amounts paid to or received from a [prescribed] financial services entity or [a financing entity prescribed under] the *Ontario Fair Hydro Plan Act, 2017* and any related amounts; and

(d) amounts collected from consumers who are [specified consumers within the meaning of] the *Ontario Fair Hydro Plan Act, 2017* in respect of the clean energy adjustment and any related amounts.

(1.1) Subsection 25.33 (2) of the Act is amended by striking out "and" at the end of clause (a) and by adding the following clauses:

(c) amounts paid to or received from a [prescribed] financial services entity or [a financing entity prescribed under] the *Ontario Fair Hydro Plan Act, 2017* and any related amounts; and

(d) amounts collected from consumers who are [specified consumers within the meaning of] the *Ontario Fair Hydro Plan Act, 2017* in respect of the clean energy adjustment and any related amounts.

(2) Subsection 25.33 (3) of the Act is amended by adding the following paragraph:

4. A consumer who is,

   i. a [specified consumer within the meaning of] the *Ontario Fair Hydro Plan Act, 2017*, or

   ii. prescribed by the regulations [made under the *Ontario Energy Board Act, 1998*].

(3) Clause 25.33 (4) (b) of the Act is amended by adding "or as may be required under a regulation made under the *Ontario Fair Hydro Plan Act, 2017* or the *Ontario Energy Board Act, 1998*" at the end.

(4) Subsection 25.33 (5) of the Act is amended by adding "or under the *Ontario Fair Hydro Plan Act, 2017*" at the end

201x. Section 53.1 of the Act is amended by adding the following subsections:

Same, *Ontario Fair Hydro Plan Act, 2017*

53.1 (1.1) In addition to the objects mentioned in subsection (1), the objects of Ontario Power Generation Inc. include exercising the powers and rights and performing the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and

Confidential Draft

engaging in activities to facilitate the implementation of that Act, including entering into contracts and undertakings on behalf of financing entities, subject to the right to be paid by the financing entities for those services.

Subsidiaries, etc.

(1.2) Ontario Power Generation Inc. may create or invest in one or more subsidiaries, trusts, partnerships or special purpose entities in order to more efficiently conduct its activities or achieve its objects.

Deemed assets, entity

(1.3) Despite any other provision of this Act, the *Business Corporations Act* or any other Act,

(a) the assets and liabilities of a special purpose financing entity shall not form part of the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries; and

(b) the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries shall not form part of the assets and liabilities of a financing entity.

Definition, financing entity

(1.4) For the purposes of this section, "financing entity" has the same meaning as in the *Fair Hydro Plan Act, 2017*.

AMENDMENTS TO ONTARIO ENERGY BOARD ACT, 1998

204x. Subsection 1 (1) of the *Ontario Energy Board Act, 1998* is amended by adding the following paragraph:

~~6. To facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*.~~ ***[OEB Note to Draft: We remain of the view that this is ill-advised. On the earlier draft we noted that, among other things, this could affect the setting of payment amounts for OPG by requiring us to include the effect, if any, of the Fair Hydro Plan on OPG's financing costs in determining a reasonable cost of capital, which represents a major cost component of the price setting and could adversely affect all ratepayers. If this were to be an objective, it will by definition have to be considered whenever we exercise any part of our mandate, and we understand that this is not the intention. In the context of distribution and transmission rates, this could potentially affect utility financial viability or reliability of service if it comes into play in setting their rates.]***

205x. Subsection 70 (2.1) of the Act is amended by adding the following paragraph:

4. The licensee is required to comply with the *Ontario Fair Hydro Plan Act, 2017*.

205.1x Section 70 of the *Ontario Energy Board Act, 1998* is amended by adding the following subsection:

(2.3) Every licence issued to a unit sub-meter provider is deemed to contain the condition that the unit sub-meter provider is required to comply with the *Ontario Fair Hydro Plan Act, 2017* and the regulations made under it.

206x. Section 78.1 of the Act is amended by adding the following subsection:

Same, limitation re Ontario Power Generation Inc.

(3) The determination of a payment to Ontario Power Generation Inc. under this section shall not include any consideration of amounts related to activities of Ontario Power Generation Inc. carried out in relation to the *Ontario Fair Hydro Plan Act, 2017*.

Same

(3.1) The amounts referred to in subsection (3) include, without limitation, the following:

1. Amounts related to the appointment of Ontario Power Generation Inc. as the Financial Services Manager under the *Ontario Fair Hydro Plan Act, 2017*.

2. Amounts related to the charging of fees for performing duties as the Financial Services Manager.

3. Amounts related to exercising the powers and performing the duties of the Financial Services Manager.

4. Amounts related to the consolidation of the assets and liabilities for accounting purposes of any special purpose financing entities established under and for the purposes of that Act.

207xx. Section 79.16 of the *Ontario Energy Board Act, 1998* is amended by deleting subsection (3). ***[OEB Note to Draft: We are concerned that, with the different changes set out in this Act (including notably the changes to 25.33 above), the impact of which is not yet known, the obligation to clear variance accounts will not be feasible in the way that it is today, and could cause the OEB to act in violation of this subsection. If it is relevant in the future, it can be added to O. Reg. 95/05].***

Attachment 1: OEB Comments_April 26_Fair Hydro Plan Act (April 26 2017) Consultation v4.docx

---

Attached are the OEB's comments on, and proposed changes to, the draft legislation.

Our principal area of concern is Part II, and in the interests of time in addition to commenting on areas of concern we have also provided suggested revised drafting on the attached. Briefly, the pricing for RPP consumers for 2017/2018 as written appears to us to "over-smooth", and the pricing for non-RPP consumers - which by its terms appeared to us to be having the OEB set commodity prices for these consumers - is not what we understand the policy intention to be.

We have also proposed two new sections that we believe are necessary in order for the OEB to appropriately carry out its responsibilities under this legislation, as well as two new consequential amendments to the OEB Act. These are towards the back end of the document.

All - Thank you for the detailed comments that you provided on Saturday and

Sunday. Please find attached the next turn of the legislation. We have tried to balance the comments that we received to address the points that you have raised. This draft does not reflect the drafting points that were raised over Monday and Tuesday and we will reflect those points in our next instructions to legislative counsel. Please review and identify any significant substantive issues by 6 p.m. today. We continue to work toward pens down on Friday, meaning the draft that we have at that point in time will be proposed for introduction in the House. Thank you again for your contributions to this process.

All - Please find attached the next turn in the consultation draft (v.3) of the proposed legislation. We have been working to address the feedback that you provided earlier in the week. A number of points remain in progress. As with the earlier versions, by sharing this document, we hope to continue to advance our discussions.

Our timeline has been extended and we are now working to a pens down date of April 28th. We will not get another extension. Accordingly, we ask for your detailed, written comments on the draft, which we require no later than Sunday at noon.

We will continue to work on the bill in the interim, so earlier instructions are helpful to us. With your input on this timeline, we expect to be able to provide one more circulation around Tuesday or Wednesday next week.

We have not had the opportunity to add notes or to update our crosswalk to the Blakes summary document.

We look forward to receiving your written comments.

Subject: Ontario Fair Hydro Plan

All - Please find attached the draft “Intergenerational Fairness in Hydro Rates Act, 2017”. A tremendous amount of work has gone into getting to this draft and much more work is required to get this ready for the House. The goal of sharing this document now is to further the process we have engaged in over the last weeks. In the attached, we have included notes to try to address where the drafting is not yet consistent with our thinking. These notes are neither comprehensive nor complete. They are intended only as flags and as colour to the draft. We have not forgotten the comments that you have already provided and we are continuing to working through the translation of the commercial terms we have been discussing into legislative language.

For ease of reference, included with the draft bill are the partially updated Blakes’ summary, a chart that attempts links the articles in that document to the sections of the bill (which is imperfectly numbered at best) and excerpts from the Electricity Act and the Ontario Energy Board Act, related to the consequential amendments.

In your review, please focus on the broad stroke concepts, rather than the minutia, and keep in mind the cascade of instruments that will be required – legislation first, then regulations and finally commercial agreements. We look forward to discussing the broader concepts on Monday

OEB Comments_April 26_Fair Hydro Plan Act (April 26 2017) Consultation v4.pdf

Version 4: OEB COMMENTS

This confidential draft document is provided for discussion purposes only. It should not be construed as representing the position adopted by the Government of Ontario on any of the topics included or not included in this document. The notes included in this document are intended only to help facilitate a discussion of the topics to which they relate. Any potential legislation is subject to the approval of the Ontario Legislature.

A proposal to create Legislation.

An Act to provide for the fair allocation of costs of electricity over time, if enacted

[OEB Note to Draft:

(1) We offered a number of comments on the earlier draft regarding the ability of distributors to implement certain parts of this legislation given their billing systems, accounting practices etc. Those remain open questions.

(2) We note that certain elements are now proposed to be moved to the regulations. We understand the rationale for that, but in respect of setting new RPP prices and the GA modifier under Part II in particular it is critical that the regulations reflect our current understanding of the approach to be used by the OEB in performing those tasks.

(3) We understand that RPP prices and the GA modifier will only apply as of the effective date going forward, but as raised the other day does this require a change to ensure that the shortfall from May 1 to the effective date resulting from our May 1 price change (the forecast $1B GA reduction) will be captured as part of the funding shortfall/reg asset?

(4) The OEB will not be able to perform all of its responsibilities under this Act without information from others (for example, the IESO) and without proper third party accounts. We have included a proposed new provision at the end for this purpose.

Confidential Draft

(5) Absent anything else, the OEB's responsibilities would need to be done through a hearing. We propose a new provision at the end that would enable the OEB to perform these responsibilities with or without a hearing.]

A proposal to create Legislation.

An Act to provide for the fair allocation of costs of electricity over time, if enacted

EXPLANATORY NOTE TO BE ADDED BY LEGISLATIVE COUNSEL TO ANY FINAL BILL PRIOR TO INTRODUCTION.

Confidential Draft

Preamble

The Government of Ontario is committed to fostering the development of a clean, modern and reliable electricity system with a diverse supply mix. The Government is also committed to removing barriers to and promoting opportunities for renewable and clean energy projects.[1] These commitments can only be achieved if costs are shared fairly among consumers, today and in the future.

Electricity rates have risen for two key reasons. First, decades of under-investment in the electricity system resulted in the need to invest more than $50 billion in generation, transmission and distribution assets to ensure the system is clean and reliable. Second, the decision to eliminate Ontario's use of coal and produce clean, renewable power has created additional costs.

The actions taken to achieve a clean, modern and reliable electricity system have resulted in significant costs to consumers today. The burden of financing these system improvements and funding key programs has unfairly fallen almost entirely on the shoulders of today's consumers.

The Government of Ontario is committed to ensuring that the costs of financing these investments and the associated charges to consumers are allocated fairly among present and future generations of consumers.

Recognizing that the electricity infrastructure that has been built and the policy decisions that have been made will create benefits for years to come, costs should be allocated fairly over time, so that consumers in the future pay their fair share for the benefits that they receive from the investments already made.

GENERAL

Interpretation
Definitions

1xx. (1) In this Act,

"Board" means the Ontario Energy Board; ("French")

"clean energy adjustment" means the amount determined under section 10xx; ("French")

"clean energy benefits" means the value of the benefits determined to be derived by or accruing to the specified consumers as a result of the clean energy initiative, including as a result of clean energy costs; ("French")

"clean energy costs" means the value of the costs allocated to specified consumers as a result of the clean energy initiative, including as a result of past, present and expected costs incurred in respect of,

(a) the estimated amounts to be paid or reflected by the IESO in adjustments made under section 25.33 of the *Electricity Act, 1998* or any provision that is the successor to that provision, which relate to contracts for,

(i) renewable energy generation or capacity,

(ii) conservation and demand management,

(iii) energy storage,

(iv) energy efficiency,

(v) natural gas generation and capacity, excluding contracts relating to amounts payable by the IESO under section 78.2 of the *Ontario Energy Board Act, 1998* and excluding such other contracts as may be prescribed, or

(vi) payments made or expected to be made under section 78.5 of the *Ontario Energy Board Act, 1998*, and

(b) such other estimated costs as may be prescribed; ("French")

Confidential Draft

"clean energy initiative" means the policies of the Government of Ontario related to,

(a) fostering the growth of and investment in clean and renewable energy sources and technologies,

(b) removing barriers to and promoting opportunities for clean and renewable energy sources and technologies, and

(c) promoting conservation and demand management; ("French")

"electricity vendor"[2] means,

(a) a licensed distributor, ***[OEB Note to Draft: Are Cornwall and Dubreuil intended to be captured]***

(b) a licensed retailer,

(c) the IESO in circumstances where the IESO directly invoices a specified consumer, or

(d) such other person as may be prescribed; ("French")

"fair allocation amount" means the amount determined in under section 15xx;

"financing entity" means an entity established or caused to be established under subsection 17xx (3); ("French")

"Financial Services Manager" means the Financial Services Manager appointed under section 13xx; ("French")

"Financing Plan" means the plan prepared under section 16xx, as amended from time to time in accordance with this Act; ("French")

"funding obligation" means,

(a) a payment obligation incurred in connection with the transfer of a regulatory asset or the refinancing of an existing funding obligation, or

(b) a payment obligation that meets such other criteria as may be prescribed; ("French")

[2] FLS - this is similar to the definition of "electricity vendor" in the Ontario Rebate for Electricity Consumers Act, 2016

Confidential Draft

"IESO" means the Independent Electricity System Operator continued under Part II of the *Electricity Act, 1998*; ("SIERE")

"IESO funding shortfall" means the amount determined under section 20xx; ("French")

"investment asset" means the rights and interests described in section 22xx; ("French")

"investment interest owner" means a financing entity that has acquired and holds an investment interest; ("French")

"investment interest" means,

(a) an ownership interest in the investment asset, and

(b) in circumstances where the ownership interest is transferred, the rights and benefits specified in the agreement under which the interest is transferred; ("French")

"invoice amount" means, in respect of an invoice period, the sum of the amounts set out in subsection (2.1) in relation to the provision of electricity in Ontario to a specified consumer; ("French")

"invoice period" means the period in respect of which an invoice amount applies, as specified on an invoice issued by an electricity vendor; ("French")

"licensed distributor" means a person licensed under Part V of the *Ontario Energy Board Act, 1998* to own or operate a distribution system; ("French")

"licensed retailer" means a person who is licensed under Part V of the *Ontario Energy Board Act, 1998* to retail electricity; ("French")

"Minister" means the Minister of Energy or such other member of the Executive Council as may be assigned the administration of this Act under the *Executive Council Act*; ("ministre")

"Ontario Power Generation Inc." means the corporation incorporated as Ontario Power Generation Inc. under the *Business Corporations Act* on December 1, 1998; ("Ontario Power Generation Inc.")

"prescribed" means prescribed by the regulations; ("prescrit")

"reference period" means,

Confidential Draft

(a) the period beginning on May 1, 2017 and ending on October 31, 2017, and

(b) during the period beginning on November 1, 2017 and ending on April 30, 2047,

(i) every six-month period following the period mentioned in clause (a); or

(ii) any period shorter than six months, as may be prescribed; ("French")

"refinancing" means, subject to the regulations, a redemption, repayment or repurchase of a funding obligation; ("French")

"regulation" means a regulation made under this Act; ("règlement")

"regulatory asset" means the right and interest established under section 21xx; ("French")

"specified consumer" means,

(a) a person who has an account with an electricity vendor for the supply of electricity in Ontario and meets the criteria set out in subsection (2); or

(b) such other person as may be prescribed; ("French")

"sub-meter customer" means a person who is supplied electricity by a specified consumer, if an invoice for the electricity is issued to the person by ~~the specified consumer, by an agent of the specified consumer or by~~ a unit sub-meter provider providing unit sub-metering for the specified consumer; ("French")***[OEB Note to Draft: See NTDs below]***

"transfer" means [TBD]; ("French")

"unit sub-metering" has the same meaning as in the *Energy Consumer Protection Act, 2010*; ("activités liées aux compteurs divisionnaires d'unité")

"unit sub-meter provider" has the same meaning as in the *Energy Consumer Protection Act, 2010*; ("fournisseur de compteurs divisionnaires d'unité")

Specified consumers

(2) For the purposes of clause (a) of the definition of "specified consumer" in subsection (1), the person must meet any one of the following criteria:

Confidential Draft

1. The person has a demand for electricity of 50 kilowatts or less, or such other amount as may be prescribed.

2. The person annually uses not more than 250,000 kilowatt hours of electricity, or such other amount as may be prescribed.

3. The person carries on a business that is a farming business for the purposes of the *Farm Registration and Farm Organizations Funding Act, 1993* and either holds a valid registration number assigned under that Act or the has had the obligation to file a farming business registration form waived pursuant to an order made under subsection 22 (6) of that Act.

4. The person's account with the electricity vendor relates to,

    i. a dwelling,

    ii. a property within the meaning of the *Condominium Act, 1998*,

    iii. a residential complex within the meaning of subsection 2 (1) of the *Residential Tenancies Act, 2006*, without regard to section 5 of that Act, or

    iv. a property that includes one or more housing units and that is owned or leased by a co-operative within the meaning of the *Co-operative Corporations Act*.

5. The person satisfies such criteria as may be prescribed.

Invoice amount

(2.1) Subject to the regulations, the invoice amount for a specified consumer in respect of an invoice period includes the following amounts:

1. In circumstances where the electricity is provided by a licensed distributor or a licensed retailer, the following amounts in respect of the invoice period:

    i. The commodity price of the electricity ~~used~~. ***[OEB Note to Draft: The word "used" is not in ORECA, and we are not sure why it would need to be added now.]***

    ii. The rates and charges set out in the applicable rate order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998* and in effect on April 30, 2017. ***[OEB Note to Draft: We understand that the addition of the reference to April 2017 is to address the fact***

Confidential Draft

that the OESP charge is coming off the bill on May 1. However, note also that (i) there will be another change to the THESL rates for the residential service class effective May 1 – a rate rider of 8 cents/month is coming off; and (ii) the April 30th bill will still have the full RRRP charge (as will the May 1st bill).]

iii. Any adjustment on the invoice required under section 25.33 of the *Electricity Act, 1998*.

iv. The amount of any harmonized sales tax payable by the consumer under Part IX of the *Excise Tax Act* (Canada) in respect of the amounts mentioned in subparagraphs i, ii and iii;

v. Any other amounts as may be prescribed.

2. In circumstances where the electricity is provided by the IESO or a ~~other~~ person prescribed as an electricity vendor~~entity~~, such amounts as may be prescribed in respect of the invoice period. ("French")

Same, exclusions

(2.2) Subject to the regulations, an invoice amount does not include any of the following amounts:

1. The balance of any amounts carried forward from previous invoices in respect of previous invoice periods.

2. Penalties or interest.

3. Charges that do not relate to the use of electricity.

4. Any of the following charges that may be set out in an order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998*:

i. A fixed monthly service charge payable by a generation facility within the meaning of section 56 of the *Ontario Energy Board Act, 1998* and classified as "microFIT".

ii. A charge labelled as a "specific service charge" or "retail service charge".

iii. A rate rider [of the prescribed type or class].

5. Any other prescribed amounts.

Confidential Draft

Effect of invalidity, etc.[3]

2xx. (1) For greater certainty, all of the provisions of this Act remain in full force and effect, even if one or more provisions are held to be invalid, the intention of the Legislature being to give separate and independent effect to the extent of its powers to every provision contained in this Act.

Same, funding obligation

(2) The fact that any provision of this Act is held to be invalid or ceases to be in effect for any reason does not affect the validity or enforceability of a funding obligation incurred under this Act before the day that the provision is held to be invalid or ceases to be in effect, or any rights or obligations associated with the funding obligation.

Purpose

3xx. (1) The purposes of this Act are,[4]

(a) to ensure that clean energy costs are fairly allocated among present and future specified consumers and reflect the fair allocation; and

(b) to recognize that clean energy benefits have accrued and will accrue over time and will continue to benefit present and future electricity consumers in the Province.

Crown bound

4xx. This Act binds the Crown.

Protection and assurances

Prohibition

5xx. (1) The Crown shall not do anything that would,

(a) hinder, delay, impair or prejudice the charging, collection or remittance of amounts in respect of the clean energy adjustment;

(b) except as expressly permitted by this Act, reduce the clean energy adjustment determined under this Act or lower the priority of the clean energy adjustment over other debts; or

(c) adversely affect an investment asset or a funding obligation.

[4] FLS: Please see the *Electricity Act, 1998* for much of the wording proposed in this section.

Clarification with respect to regulations

(2) For greater certainty, the things prohibited under subsection (1) include the making or approving of a regulation under this Act.

Agreements for compensation

(3) The Minister may, with the approval of the Lieutenant Governor in Council, enter into agreements on behalf of the Province of Ontario with any person in respect of this Act, including agreements regarding the performance of IESO or electricity vendors under this Act or similar transactions.

Guarantee, indemnification

(4) The Lieutenant Governor in Council may by order,

(a) authorize the Minister of Finance, on behalf of the Province,

(i) to agree to guarantee or indemnify any debts, obligations, securities or undertakings associated with an investment interest, and

(ii) to determine terms and conditions and the amount on which the guarantee or indemnity will be given;

(b) impose terms and conditions, as it considers advisable, on which the Minister of Finance may, on behalf of the Province, agree to guarantee or indemnify as described in subclause (a) (ii); and

(c) specify a maximum liability for the guarantee or indemnity.

PART II
FAIR ADJUSTMENT OF ELECTRICITY RATES

Definitions

6xx. In this Part,

"effective date" means the date determined under section 6.5xx; ("French")

"RPP rate" means the rates determined by the Board under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*, which rates are ~~is~~ commonly referred to as the Regulated Price Plan"; ("French")

"specified RPP consumer" means a specified consumer who meets the following criteria:

Confidential Draft

1. The consumer is a member of the class of consumers prescribed by the regulations made under the *Ontario Energy Board Act, 1998* for the purposes of subsection 79.16 (1) of that Act.

2. The consumer is invoiced ~~subject to~~ the RPP rate. ("French")

Specified RPP consumer, first fair adjustment

6.1xx (1) Despite any order under section 78(3.1) of the *Ontario Energy Board Act, 1998* and despite section 79.16 of that Act, ~~T~~the rates for electricity payable by a specified RPP consumer for the period beginning on the effective date and ending on April 30, 2018 is the rate required for a specified RPP consumer who meets the prescribed criteria to receive a monthly invoice amount that is 25 per cent lower than the monthly invoice amount for that consumer under the comparison rate described in subsection (2). ***[OEB Note to Draft: (1) We assume that the criteria will prescribe the THESL proxy consumer criteria, and will do so in the manner we expect based on our last comments on the draft legislation. (2) We remain concerned that the 25% will "oversmooth", potentially by the amount of the RRRP charge and by the amount of the 8% rebate. Oversmoothing by the amount of the OESP charge may potentially have been addressed by the reference to April 30th in the definition of "invoice amount", but not sure.]***

Comparison rate

(2) The comparison rate is the rate that would be effective May 1, 2017, determined by the Board solely using the method prescribed by the regulations made under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*, without regard to this Act. ***[OEB Note to Draft: (1) This concept has to be a pre-fair adjustment concept. The OEB has already included a portion of the fair adjustment in May prices. And it did so "solely using the method prescribed" in the reg. under 79.16. Unless you somehow recognize that expressly here, we believe you will be oversmoothing. "Without regard to this Act" may not be the right words, but we believe the concept needs to be reflected here. (2) "Without regard to this Act" may also avoid the application of the changes to 25.33 set out later – it isn't clear that they would be applicable at this time, but if there is a chance that they might then it should be clear that they don't apply.]***

Same

(3) For the purposes of subsection (2), the applicable method is the method on the day this section comes into force. ***[OEB Note to Draft: We don't understand the purpose of this section. The method under 79.16 hasn't changed, and it seems to us that this has the potential to exacerbate the problem noted in relation to the above section]***

Confidential Draft

Specified consumers (non-RPP), first fair adjustment

6.2xx The monthly global adjustment rate ~~rate for electricity~~ payable in accordance with regulations made pursuant to section 25.33 of the *Electricity Act, 1998* by a specified consumer who is not a specified RPP consumer for the period beginning on the effective date and ending on April 30, 2018 is adjusted by an adjustment factor set by the Board to reduce the monthly global adjustment rate ~~the rate that would be necessary in order for [the monthly global adjustment rate] in respect of a specified consumer who is not a specified RPP consumer (RPP) and who meets the prescribed criteria to be reduced~~ by the same amount as the difference between the comparison rate referred to in subsection 6.1xx (2) and the rate determined under subsection 6.1xx (1). ***[OEB Note to Draft: (1) As worded, this section would have the OEB setting electricity prices for these consumers. We understood that this was not the intention. If that is now the intention, please advise – note that other issues will then have to be addressed. Assuming that you are staying with the "GA modifier" approach as we understand it, we have revised along those lines. Note that the IESO is going to have to calculate the fair adjustment-adjusted GA for these consumers based on the OEB's modifier – are you going to amend 429/04 accordingly? And will the IESO have the systems in place to settle with LDCs on that basis? (2) The reference to the GA reg has been added because some customers pay GA on the basis of an estimated rate and others on the basis of actuals. That may or may not completely address the issue, but we believe it helps.]***

Determination by Board

6.3xx The Board shall determine the rates mentioned in section~~s~~ 6.1xx and the adjustment factor mentioned in section 6.2xx no later than seven business days after the day this section receives Royal Assent. ***[OEB Note to Draft: The OEB will not be able to meet this timeline unless the methodology to be used to set the prices and the GA modifier is what we understand them to be today.]***

Implementation of rates

6.4xx Each electricity vendor, ~~[specified consumer who provides electricity to a sub-meter customer and unit sub-meter provider who provides unit sub-metering for a specified consumer]~~ shall, no later than seven business days after the day on which the Board determines the rates and adjustment factor under section 6.3xx, adapt ~~is billing practices and~~ its invoices to reflect the new rates and the application of the adjustment factor. ***[OEB Note to Draft: (1) We suggest that this section should be deleted. First, it is not necessary – the responsibility of the LDC is to bill the rates then in effect, not to have its systems adapted by a given date. Second, what if the prices don't take effect on the 7th business day? Are LDCs going to be billing the new rates in advance of the date on which they take effect? (2) We do not know whether distributors will be able to do this – 7 business days is enough for a straight RPP price change, but unknown for the GA modifier. (3) We don't understand the purpose of referring to billing practices***

here – please advise as to what about their billing practices is going to change. (4) If you delete this section, other sections below will need to be modified accordingly.]

Effective date

[OEB Note to Draft: (1) This section doesn't work if Royal Assent happens on a date that is later than 7 business days before the end of June. If Royal Assent is later, there may be no new rates in place on July 1. We have therefore changed "earlier of" to "later of". (2) We assume that month means calendar month notwithstanding the deletion of the word "calendar" (but would appreciate confirmation) - RPP prices could come into effect on a day other than the first day of the month, but it is not clear whether the same can be said for the modified GA rates. This would need to be discussed with the IESO.]

6.5xx The rates and adjustment factor determined under section 6.3xx are effective on the later ~~earlier~~ of the following days:

1. The first day of the month immediately following the last day of the seven business- day period referred to in section 6.4xx.

2. July 1, 2017.

Transition

[OEB Note to Draft: Is item 1 circular? .Compliance with section 6.4 requires adapting bills within 7 BD of the date on which the Board sets the rate/adjustment factor. So why would there being less than 7 BD between that date and the effective date of the rates be relevant to compliance under 6.4?]

6.6xx (1) This section applies if an electricity vendor ~~, specified consumer or unit sub-meter provider~~ is unable to comply with section 6.4xx for one of the following reasons:

1. There are fewer than seven business days between the day of the Board's determination of rates and the adjustment factor under section 6.3xx and the effective date.

2. Technical or operational reasons.

Same

(2) In the circumstances described in subsection (1), the electricity vendor ~~, specified consumer or unit sub-meter provider~~ shall,

(a) adapt its invoices as soon as possible and, in any event, no later than August 1, 2017; and ***[OEB Note to Draft: It is not known whether LDCs can***

Confidential Draft

implement this by August 1, particularly for the GA modifier. Note that you left 6 months for ORECA.]

(b) ensure that any specified consumer ~~or sub-meter customer~~ invoiced at ~~a~~ rate ~~rate~~ higher than the applicable rates determined by the Board under section 6.3 or invoiced a monthly global adjustment rate that does not reflect the application of the adjustment factor determined by the Board under section 6.3 receives the difference between the rates or global adjustment amount shown on their invoice for electricity consumed on and after the effective date ~~and the applicable rate~~ and the rates or monthly global adjustment as determined under section 6.3 as a lump sum credit on the first invoice received ~~issued~~ after the invoices have been adapted or by such other means as may be prescribed by the regulations. ***[OEB Note to Draft: LDCs may still struggle with this – worth verifying feasibility with the LDCs]***

Subsequent fair adjustments

7xx. The Lieutenant Governor in Council may make regulations prescribing the methodology to be applied by the Board to determine rates for electricity payable by specified RPP consumers under section 79.16 of the *Ontario Energy Board Act, 1998* ~~specified consumers and sub-meter customers~~ during the period beginning on May 1, 2018 and ending on April 30, 2022. ***[OEB Note to Draft: Either the OEB is setting RPP prices under this section, in which case it should be worded as such, or the OEB is setting RPP prices under section 79.16. This provision as drafted did not appear to us to achieve either purpose. We have proposed to clarify that the regulations affect the setting of prices under section 79.16 because the concept of a "specified RPP consumer" is defined by reference to section 79.16 and therefore seems to us to pre-suppose that we are setting RPP prices under 79.16 for this period.]***

7.1xx The monthly global adjustment rate payable in accordance with regulations made pursuant to section 25.33 of the *Electricity Act, 1998* by a specified consumer who is not a specified RPP consumer for the period beginning on May 1, 2018 and ending on April 30, 2022 shall be adjusted by an adjustment factor determined by the Board in accordance with the regulations.

~~**Sub-meter customers**~~

~~**7.1xx** A specified consumer who provides electricity to a sub-meter customer and any unit sub-meter provider who provides unit sub-metering for the specified consumer shall ensure that the rate payable by each sub-meter customer is the applicable rate determined under this Part.~~ ***[OEB Note to Draft: (1) We do not understand why anyone other than a consumer that is sub-metered by a licensed USMP needs to be captured by this legislation. If a landlord/building owner passes through the cost of electricity to***

tenants in a building that is not sub-metered, it would be included in rent or billed on a basis like square footage or number of units. These kinds of consumers do not pay a regulated rate today, they pay the costs passed through by the landlord/building owner. (2) In terms of consumers served by a USMP, we believe that their obligation should be to pass through the fair adjustment. We propose something for that below.]

7.2xx (1) This section applies if,

(a) a specified consumer provides to a sub-metered consumer electricity in respect of which the specified consumer is entitled to a fair adjustment under this Part; and
(b) an invoice for the electricity is issued to the sub-metered consumer by a unit sub-meter provider providing sub-metering for specified consumer.

(2) Every unit sub-meter provider providing unit sub-metering for the specified consumer shall, in accordance with such requirements as may be prescribed, ensure that each sub-metered consumer referred to in subsection (1)(a) receives its share of the benefit of any fair adjustment that is provided to the specified consumer under this Part.

PART III
CLEAN ENERGY ADJUSTMENT

Specified consumers to pay

8xx. (1) Upon receipt of an invoice that includes an amount in respect of the clean energy adjustment, a specified consumer shall pay the amount to the electricity vendor, as agent of the investment interest owners, in accordance with such terms of payment as may be specified in the invoice, which may include terms relating to late payment fees and interest charges.

Same

(2) For greater certainty, subsection (1) applies regardless of,

(a) whether the clean energy adjustment was determined in a manner that was inconsistent with this Act; and

(b) whether the amount payable in respect of the clean energy adjustment relates to funding obligations that were incurred in a manner that was not in material conformity with the Financing Plan.

Indebtedness of specified consumer

(4) An unpaid amount that is required to be paid by a specified consumer under this section constitutes indebtedness of the specified consumer to each investment interest owner to the extent of each owner's respective interest in the investment asset.

Confidential Draft

Same

(5) The indebtedness mentioned in subsection (4) is a single and separate debt obligation owed by the specified consumer and may be enforced independently from any other payment obligation or indebtedness owing by the specified consumer.

~~**Recovery from sub-meter consumers**~~

~~(6) A specified consumer who provides electricity to a sub-meter customer may recover amounts in respect of the clean energy adjustment payable under this section from each sub-meter customer on a pro rata basis.~~ ***[OEB Note to Draft: We do not understand the need for this section. If the overall framework needs for USMPs to recover these amounts, then that should presumably be included. Something that simply allows them to recover the CEA doesn't seem to us to work in the context of their acting as agent for the unlicensed distributor and where the total CEA payable for the building should presumably be on the bulk meter bill. If you are retaining some residual reference to consumers that are in buildings that are not sub-metered, then at a minimum we believe that USMPs should be backed out of this.]***

Irrevocability of amount

9xx. (1) An amount in respect of the clean energy adjustment shown on an invoice issued to a specified consumer under this Act is determinative of the amount of the consumer's indebtedness resulting from the clean energy adjustment and is irrevocable upon invoicing the consumer and may not be set off or by passed.

Exception

(2) Subsection (1) does not apply to the extent that there is a clerical, typographical or calculation-related error by the electricity vendor.

Determination of clean energy adjustment
Financial Services Manager to determine

10xx. (1) The Financial Services Manager shall determine the clean energy adjustment payable by all specified consumers in respect of each month in a reference period by adding the estimated finance amount in respect of the reference period to the true up amount in respect of the reference period.

Estimated finance amount, true up amount

(2) The estimated finance amount and the true up amount shall be determined in accordance with the regulations.

Regulations re true up amount

(3) The regulations under subsection (2) shall have regard to the following principles:

Confidential Draft

1. The true up amount should serve to ensure that the collection of the clean energy adjustment is sufficient to pay the finance amount when it is due.

2. The method for determining the true up amount should take into account historical and reasonably foreseeable,

    i. differences between the estimated and actual finance amount for the immediately preceding reference period,

    ii. differences between amounts invoiced and amounts collected due to various factors, including applicable taxes, consumer defaults and delays, billing lags and write-offs, and

    ii. variations in billings due to variations in electricity consumption.

Financial Services Manager to notify Board

(4) The Financial Services Manager shall, in accordance with the regulations, notify the Board of the clean energy adjustment and such other information related to the determination of the clean energy adjustment as may be prescribed. ***[OEB Note to Draft: The regulations will need to provide a timeline within which this information has to be provided if there are timelines for the setting of rates applicable to the OEB under (5)]***

Board to determine rates

(5) The Board shall, in accordance with the regulations, determine the rate at which specified consumers are invoiced to recover the clean energy adjustment as notified to it under subsection (4) in respect of the reference period. ***[OEB Note to Draft: (1) Do you need to contemplate the possibility that different CEA rates may be required for different specified consumers (i.e., consumers on RPP vs. others?) (2) The OEB will likely need consumption information from the IESO in order to do this. See our proposed new section at the end.]***

IESO to receive amounts

11xx. (2) The IESO shall, as an agent of the investment interest owners, receive amounts in respect of the clean energy adjustment paid to it from electricity vendors in accordance with the regulations and the market rules made under section 32 of the *Electricity Act, 1998*.

Account

(3) All of the following amounts received by the IESO shall, until paid to or for the benefit of the investment interest owner in accordance with subsection (5), be deposited promptly into an account established for the purposes of receiving those amounts:

1. Amounts described in subsection 11xx (2).

Confidential Draft

2. Payments made by specified consumers directly to the IESO as electricity vendor under subsection 8xx (1).

Same, held in trust

(4) All amounts received by the IESO in respect of the clean energy adjustment shall, until paid to or for the benefit of the investment interest owner, be received and held in trust by the IESO for the investment interest owners or a secured party to whom a security interest in an investment interest is granted under this Act.

IESO to remit

(5) The IESO shall remit amounts received by it in respect of the clean energy adjustment to or for the benefit of the investment interest owners in accordance with the regulations.

Electricity vendor to invoice specified consumers

12xx. (1) Each electricity vendor shall issue an invoice to each of its specified consumers for the amount payable by the consumer in respect of the clean energy adjustment, as determined by applying the rate set by the Board under subsection 10xx (2) and in accordance with the regulations. ***[OEB Note to Draft: It remains unclear to us whether this is a separate invoice or the normal utility bill. Requiring LDCs to issue separate bills will increase their billing costs and create customer confusion.]***

Electricity vendor to report

(1.1) Each electricity vendor shall, in accordance with the regulations, promptly report to the IESO the total amount invoiced to its specified consumers in respect of the clean energy adjustment, the amount collected and such further information as may be prescribed.

Electricity vendor to collect

(2) Each electricity vendor shall, as agent of the investment interest owners, collect amounts in respect of the clean energy adjustment from specified consumers in accordance with the regulations. ***[OEB Note to Draft: Having LDCs use a collection process for the CEA that is different from a collection process for the rest of the bill will be an issue for them (assuming that the CEA is invoiced on the normal utility bill). The OEB has requirements that LDCs have to follow in relation to invoicing and that apply to the rest of the bill. Depending on what collection means, there could be a conflict.]***

Pro rating of payments

(3) If an electricity vendor receives a payment made by or on behalf of a specified consumer in respect of amounts payable under one or more invoices and the amount paid is less than the total amount payable, the electricity vendor shall allocate the payment on

a pro rata basis to the clean energy adjustment and other amounts payable under the relevant invoices in respect of electricity charges in respect of the same period. ***[OEB Note to Draft: See our concerns on our earlier draft about whether LDCs can track this way]***

Held in trust

(4) Payments received by an electricity vendor from or on behalf of specified consumers shall, until paid to or for the benefit of the investment interest owner in accordance with subsection (5), be received by and held by each electricity vendor in trust for the benefit of the investment interest owners.

Remittance to IESO

(5) Each electricity vendor shall remit amounts described in subsection (5) to the IESO for the benefit of the investment interest owners in accordance with the regulations.

PART IV
IMPLEMENTATION

FINANCIAL SERVICES MANAGER

Appointment

13xx. (1) Subject to subsection (2), Ontario Power Generation Inc. is appointed as the Financial Services Manager for the purposes of this Act.

Replacement

(2) The Minister may terminate an appointment of a Financial Services Manager and may, in accordance with the regulations, appoint a new person or entity as the Financial Services Manager.

Duties and powers

14xx. (1) The Financial Services Manager shall perform the duties assigned to it under this Act and may administer the investment asset on behalf of the investment interest owners.

Same

(2) The administration of the investment asset may include the following:

1. Providing information, in accordance with the regulations, to the Board in respect of ~~funding obligations and~~ the Board's determination of the clean energy adjustment rate under ~~in accordance with~~ subsection 10(5)~~xx~~. ***[OEB Note to Draft: Our proposed new provision at the end would eliminate the need for this item. In addition, why does the OEB need information regarding "funding obligations" and the determination of the CEA itself,***

Confidential Draft

which we understand to be a global dollar amount that we are expected to take from the FSM without question to derive the CEA rate?]

2. Providing information to the IESO in respect of obligations under Part III.

3. Such other matters as may be prescribed.

Review of costs

(3) The Board shall review the administrative costs of the Financial Services Manager in accordance with the regulations. ***[OEB Note to Draft: We still do not know what these costs are; what the purpose of the review is; what process we are expected to use for this review and whether an order of some kind will be required; and whether the review has any consequence for anything else that we need to think about in relation to this responsibility. We understand that some of this may be suitable for regulations, but we are not convinced that this can override the OEB Act provisions relating to hearings. This is addressed in our proposed new provision at the end]***

FAIR ALLOCATION AMOUNT

Financial Services Manager to calculate fair allocation amount

15xx. (1) The Financial Services Manager shall calculate a fair allocation amount in respect of each reference period, having regard to the need to align that amount with the finance amount payable during the reference period, for the purpose of fairly measuring and allocating the estimated clean energy costs and estimated clean energy benefits among the specified consumers in respect of the reference period.

Timing of calculation

(1.1) The Financial Services Manager shall calculate a fair allocation amount in respect of each reference period before any funding obligation is incurred [by a financing entity during the reference period].

Amount

(1.2) The fair allocation amount in respect of a reference period is the sum of the following amounts:

1. The amount, if any, by which, if this Act had not been enacted, the estimated clean energy costs and estimated clean energy benefits allocated to specified consumers in respect of the reference period would have exceeded the estimated amount of the adjustments provided for under section 25.33 of the *Electricity Act, 1998* and the regulations made under that provision that would have been borne by the specified consumers in respect of clean energy costs for the reference period.

Confidential Draft

2. A portion of the value of any fair adjustment that has been made under Part II in respect of any previous reference period.

Principles

(2) In calculating the estimated clean energy costs and estimated clean energy benefits to be allocated to specified consumers in respect of a reference period, the Financial Services Manager shall [comply with the regulations and] have regard to the following principles:

1. Clean energy costs allocated to specified consumers in respect of a reference period should be allocated in proportion to the clean energy benefits attributed to the specified consumers in respect of the reference period.

2. The clean energy benefits allocated to the specified consumers in respect of a reference period should be determined in accordance with the regulations.
3. The fair allocation calculation should include reasonable assumptions regarding the following:

    i. The time value of money or the rate of inflation, for the purpose of equating nominal amounts over time.

    ii. The expected number of specified consumers in respect of each reference period.

    iii. The expected electricity consumption rates in respect of each reference period.

Method

(3) The Financial Services Manager shall calculate a fair allocation amount in accordance with such methods as the Financial Services Manager considers appropriate, having regard to the requirements of this Act.

Notification to Minister

(4) The Financial Services Manager shall notify the Minister of the methods used to calculate the fair allocation amount and any changes to those methods.

Effective date

(6) The fair allocation calculation or an amendment to the fair allocation calculation takes effect on the day that is 30 days after the fair allocation calculation or the amendment, as the case may be, is provided to the Minister in writing.

Confidential Draft

Publication

(7) The Minister shall ensure that the fair allocation calculation and any amendments to it are made available to the public in a manner that the Minister considers appropriate.

FINANCING PLAN

Financial Services Manager to prepare Financing Plan

16xx. (1) The Financial Services Manager shall prepare a written plan entitled the Financing Plan to be used by the Financial Services Manager to evaluate whether potential funding obligations should be incurred for the purposes of acquiring an investment interest in accordance with this Act.

Plan to be provided to Minister

(1.1) The Financial Services Manager shall provide the Financing Plan to the Minister.

Principles

(2) In preparing the Financing Plan, the Financial Services Manager shall have regard to the following principles:

1. Any incurrence of a funding obligation should reasonably align with the estimated finance amount, as determined in accordance with the regulations, that would, subject to any refinancing, become due and payable during a reference period with the fair allocation amount determined in respect of the reference period under this Part as of the time of the incurrence, in each case after reducing the fair allocation calculation by the amount of any fair adjustment in respect of the reference period.

2. Incurrences should be implemented in a manner that, in the opinion of the Financial Services Manager, is reasonable, cost effective and that reflects prevailing market terms and conditions.

3. Reasonable assumptions should be made regarding such matters as may be prescribed.

Limitation, first five year period

(4) In respect of each reference period from May 1, 2017 to April 30, 2022, no funding obligation shall be incurred that would become payable during the reference period and result in amounts payable in respect of the clean energy adjustment in respect of the reference period unless,

Confidential Draft

(a) no fair adjustment has been made under Part II in respect of the reference period; or

(b) if a fair adjustment has been made under Part II in respect of the reference period, the funding obligations incurred would not be payable during the reference period in an amount that exceeds the [difference between the fair allocation amount in respect of the reference period and the amount of the fair adjustment in respect of the reference period].

Other reports

(3.1) The Financial Services Manager shall submit to the Minister such reports and information as the Minister may require from time to time and shall, if required by the Minister to do so, examine, report and advise on any question relating to the Financing Plan.

Confidentiality

(5) The following are deemed to be records subject to clauses 18 (1) (c) and (d) of the *Freedom of Information and Protection of Privacy Act*:

1. The Financing Plan.

2. Reports referred to in subsection (3.1).

3. Any other document that would reveal information contained in the Financing Plan or the reports.

Amendments to plan

(6) The Financial Services Manager may amend the Financing Plan at any time.

Same

(7) In the event that the Financing Plan is amended, any reference in this section to the Financing Plan is deemed to be a reference to the plan as amended.

Implementation of Financing Plan

17xx. (1) The Financial Services Manager shall incur funding obligations in material conformity with the applicable Financing Plan.

Same

(2) For greater certainty, subsection 17xx (5) applies despite the failure of the Financial Services Manager to comply with subsection (1). ***[OEB Note to Draft: There is no 17(5).]***

Confidential Draft

Financing entities

(3) In accordance with the Financing Plan, the Financial Services Manager may establish or cause to be established one or more financing entities that may incur funding obligations.

Prohibition

(3.1) The Financial Services Manager shall not provide for funding obligations to be incurred with any recourse to any assets of an electricity vendor, the Board, Ontario Power Generation Inc., the Province or the Lieutenant Governor in Council, except to the extent that any of these persons or entities may be liable to perform obligations or duties arising under this Act or under the express terms of a funding obligation or other agreement. ***[OEB Note to Draft: We remain of the view that the OEB's assets should be immune from recourse whether or not the OEB has responsibilities under this Act.]***

Effect of amendment to fair allocation amount

(4) Each funding obligation incurred and each transfer made by a financing entity is deemed to be consistent with the Financing Plan and [the fair allocation amount].

PART V
THE REGULATORY ASSET

IESO funding shortfall

20xx. (1) The IESO funding shortfall for each month shall be determined in accordance with the regulations.

Electricity vendors to provide information

(2) Electricity vendors shall provide to IESO such information as IESO may reasonably request for the purposes of determining the IESO shortfall under subsection (1) and such further information as may be prescribed.

Same

(3) IESO may rely on information provided by electricity vendors for the purposes of the determination under subsection (1).

Variance account to be established, maintained

20.1xx (1) The IESO shall establish and maintain a variance account for the purposes of this section.

Recording in variance account

(2) The IESO shall record the following in the variance account:

1. The amount of the IESO funding shortfall for each month.

Confidential Draft

2. All payments received by the IESO resulting from the exercise of the right of recovery under section 21xx and any transfer under section 22xx.

3. Such other adjustments as may be prescribed.

Recording determinative

(3) Subject to any finding of [manifest error], a recording by the IESO in the variance account of the balance is, as of the time of the recording, determinative of the balance at the time.

Rights of investment interest owner

(4) No change made by IESO to the balance in the variance account shall, if the previous balance was relied upon by an investment interest owner in the context of a transfer under section 22x, affect the rights of the investment interest owner acquired under the transfer.

Regulatory asset established

21xx. (1) The IESO has the right, exercisable in accordance with this Act and the regulations, to recover the balance recorded in the variance account from specified consumers.

Limitation

(2) Despite subsection (1), the IESO shall not be entitled to collect all or part of the balance recorded in the variance account from specified consumers before May 1, 2022.

Board to set rates

(3) The Board shall, from time to time, determine and set rates payable by specified consumers to allow for IESO to recover the balance recorded in the variance account. ***[OEB Note to Draft: We understand that some details may be suitable for regulations, but we are not convinced that this can override the OEB Act provisions relating to hearings. This is addressed in our proposed new provision at the end. If this is going to be implemented through RPP prices, O. Reg. 95/05 will presumably need to be amended accordingly at some point.]***

Same, limitations

(4) The Board's powers under subsection (3) shall be exercised in accordance with the regulations.

Transfer of regulatory asset

22xx. (1) The IESO may from time to time transfer all or a portion of the regulatory asset to any financing entity.

Confidential Draft

Same

(2) Upon receipt by IESO of payment in consideration of a transfer of all or a portion of the regulatory asset, the transfer shall be valid and enforceable against the IESO and the IESO shall retain no further right, title or interest in, or any obligations in respect of, the regulatory asset or in the investment asset created by the transfer.

Same

(3) Upon transfer, the financing entity acquires an investment interest and becomes an investment asset owner.

Validity of transfer

23xx. (1) A transfer of a regulatory asset under this Act is a valid and enforceable sale and absolute transfer to the investment interest owner of the regulatory asset.

Same

(2) Without limiting subsection (1), any transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of IESO's right to recover the IESO funding shortfall, and not merely as a security interest, and upon the absolute transfer the transferor shall retain no right, title or interest in the regulatory asset, including all rights to recover the IESO funding shortfall.

Deemed perfection, etc.

(3) At the time a transfer of a regulatory asset is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the transferee shall have priority over any liens in favour of those persons.

PART VI
THE INVESTMENT ASSET

Effect of transfer

24xx. (1) The first transfer of the regulatory asset or a portion of it creates the investment asset.

Same

(2) Upon any transfer of all or a portion of the regulatory asset to a financing entity, the investment asset resulting from the transfer is immediately vested in the financing entity, free and clear of any adverse claim, and the financing entity becomes an investment interest owner and acquires an investment interest**.**

Confidential Draft

Investment asset established

25xx. (1) The investment asset constitutes a current and irrevocable property right and interest consisting, collectively, of the following rights and interests of investment interest owners:

1. The right to impose, invoice, collect, receive and recover amounts in respect of the clean energy adjustment from specified consumers, including the right to determine the clean energy adjustment in accordance with this Act.

2. The right to receive, collect and recover amounts in respect of the clean energy adjustment that are imposed, invoiced and recoverable under this Act, including any amounts in respect of the clean energy adjustment that are held by electricity vendors or other prescribed parties.

3. All rights and entitlements under such accounts as may be prescribed by regulation and all amounts on deposit in such accounts.

4. The right to enforce the duties and obligations under this Act of each electricity vendor to impose, attribute, charge and invoice for amounts in respect of the clean energy adjustment.

5. The right to enforce the duties and obligations under this Act of each electricity vendor to collect, receive and remit amounts received by it in respect of the clean energy adjustment, including all collections and the proceeds of any enforcement action undertaken by an electricity vendor to recover payment of amounts in respect of the clean energy adjustment.

6. All rights of any kind related to any of the other property rights or interests that comprise the investment interest.

7. All revenue, collections, claims, payments, money and proceeds of or derived from the rights described in paragraphs 1 to 6, regardless of whether it is invoiced, collected and maintained together with or commingled with other revenue, collections, claims, payments, money and proceeds.

Not affected by failure to impose etc. clean energy adjustment

(1.1) An investment interest is not affected by any failure to impose, attribute, invoice, accrue or collect amounts in respect of the clean energy adjustment.

No set off, etc.

(2) The investment asset shall not be set off,

Confidential Draft

(a) by a consumer, an electricity vendor, an agent of the investment interest owner or an owner of distribution system assets in the Province;

(b) in connection with any default of a person mentioned in clause (a); or

(c) by any affiliate or successor of a person mentioned in clause (a).

Exercise of rights

(3) The rights of the investment asset owner to collect and enforce its rights and interests in, to and in respect of the investment asset against a specified consumer shall be exercised in accordance with Part III of this Act. ***[OEB Note to Draft: Presumably, this means that the rights and interests will be through the electricity vendors acting as their agents? If so, what does that mean for LDCs?]***

Collective action required

(4) If the investment interest owner owns a right or interest in the investment asset that comprises less than the entire property right and interest constituted by the investment asset, the right or interest shall only be enforced by the investment interest owner collectively and in coordination with all other investment interest owners, and any agreement among that collective in furtherance of the collective action shall be valid and binding on the investment interest owner as a collective in accordance with its terms.

Transfer of investment interest

26xx. An investment interest owner may transfer all or a portion of its rights and interests in an investment interest to any other investment interest owner, including by way of a transfer of a divided or an undivided interest, in accordance with the Financing Plan.

Validity of transfer

27xx. (1) A transfer of an investment interest under this Act is a valid and enforceable sale and absolute transfer of the investment interest and confers upon the investment asset owner a valid property right and interest in, to and under the applicable investment interest in accordance with the terms of the transfer.

Same

(2) Without limiting subsection (1), a transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of an investment interest owner's right, title and interest in, to and under an investment interest, and not merely as a security interest, and upon such absolute transfer the transferor shall retain no right, title or interest in the investment interest, subject to the transfer, including all rights to the investment interest arising after the transfer.

Confidential Draft

Deemed perfection, etc.

(3) At the time a transfer of an investment interest is made, the transfer shall be deemed to have been and shall be perfected, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer, assignment, etc.

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the investment interest owner shall have priority over any liens in favour of such other persons.

Investment interest owner may grant security interest

28xx. (1) An investment interest owner may grant a security interest over all or a specified portion of its right, title and interest in, to and under the investment interest to or in favour of any person to secure a funding obligation.

Validity

(2) A security interest granted under this Act shall be valid and enforceable in accordance with its terms.

Perfection and priority of security interests

(3) All provisions of the *Personal Property Security Act* shall apply to the investment asset and each investment interest on the basis that it is intangible personal property, except as otherwise provided for in this section, and any granting of a security interest by the investment interest owner to secure a funding obligation shall, subject to the terms of the funding obligation, give rise to a security interest in respect of which that Act applies and may be perfected by filing a financing statement under that Act on that basis.

Proceeds

(4) All proceeds of an investment interest that are subject to the security interest and that are received by the applicable investment interest owner shall immediately be subject to the security interest and shall be perfected without any physical delivery of the proceeds, registration of any financing statement or any further act.

Perfection

(5) The security interest shall be a continuously perfected security interest and shall have priority over any other lien, created by operation of law or otherwise, that may subsequently attach to the property rights and interests in the investment interest subject to the security interest, subject to the written consent of the person to whom the security interest has been granted.

Confidential Draft

Same

(6) The person to whom the security interest has been granted shall have a perfected security interest in revenues or other proceeds that are deposited in any account of any electricity vendor, an agent of an electricity vendor or other person who may have commingled such revenues or other proceeds with other funds.

Notice required

(7) The secured party shall be entitled to exercise the rights of an investment interest owner only after the secured party has given notice of the enforcement of its security interest to the IESO.

Definition

(8) For the purposes of this section, a security interest is perfected when it is perfected as described in the *Personal Property Security Act*.

PART VI
MISCELLANEOUS

Appointment of agent, invoicing or collection

29xx. If a prescribed circumstance applies, the Lieutenant Governor in Council may by regulation appoint a person to carry out some or all of the obligations of an electricity vendor under this Act in the place of an electricity vendor with respect to invoicing or collection.

Not Crown agent

30xx. For greater certainty, no agent appointed under this Act is an agent of the Crown for any purpose, despite the *Crown Agency Act*.

Sequestration

31xx. (1) A court in the Province may, upon application by an investment interest owner or a secured party, order the sequestration and payment of amounts in respect of the clean energy adjustment, collections and remittances, as applicable, for the benefit of the investment interest owner or secured party by any person or entity authorized to collect amounts in respect of the clean energy adjustment, including defaults on any required remittance of amounts in respect of the clean energy adjustment, collections or remittances.

Same

(2) An order under subsection (1) does not limit any other remedies available to the applicant.

Choice of law

32xx. The law governing, as applicable, the validity, enforceability, attachment, perfection, priority and exercise of remedies with respect to the transfer of an interest or right or creation of a security interest in the regulatory asset, the investment asset, the clean energy adjustment or the undertaking of the Crown under section x shall be the laws of the Province.

Conflict

33xx. The provisions of this Act and the regulations apply despite any provision of any other Act regarding the attachment, assignment or perfection, or the effect of perfection or priority of any transfer or security interest.

No further approvals, etc.

34xx. Despite any requirement under any Act, no approvals, notices or authorizations other than those specified in this Act are required to be taken under the Financing Plan or in relation to the determination of the fair allocation amount.

Immunity

35xx. (1) No action or other proceeding for damages shall be instituted against any employee of the Province, IESO, OPG or the Board, or against a member of the Board, ~~OEB~~ for any act done in good faith in the execution or intended execution of any duty or authority under this Act or for any alleged neglect or default in the execution in good faith of any duty or authority under this Act. ***[OEB Draft Note: Under the OEB Act, Board members are specifically noted as not being employees of the OEB. It is imperative that they also be covered by this provision.]***

Same

(2) Despite subsections 5 (2) and (4) of the *Proceedings Against the Crown Act*, subsection (1) does not relieve the Crown of liability in respect of a tort committed by a person mentioned in subsection (1) to which it would otherwise be subject.

References in marketing materials and offering documents

36xx. No person shall include, in marketing materials or offering documents relating to the financing of funding obligations, references to any rights, obligations, guarantees or undertakings arising under section 5xx unless the prescribed requirements, if any, are satisfied.

Non-application, Financial Administration Act, s. 28[5]

37xx. Section 28 of the *Financial Administration Act* does not apply with respect to any transaction or agreement or undertaking required, permitted, contemplated or authorized, directly or indirectly, under this Act.

Each electricity vendor, the IESO, the Financial Services Manager and such other person as may be prescribed shall maintain such accounts and provide such information to the Board as the Board may require for the purposes of carrying out its responsibilities under this Act, in the form and manner and within the time required by the Board.

37.2xx Despite anything to the contrary in the *Ontario Energy Board Act, 1998*, the Board may exercise any of its responsibilities under this Act with or without a hearing.

Regulations

38xx. The Lieutenant Governor in Council may make regulations in respect of the following matters:

1. [6]Governing anything that is required or permitted to be prescribed or that is required or permitted to be done by, or in accordance with, the regulations or as authorized, specified or provided in the regulations.

2. Defining, for the purposes of a regulation, words and expressions used in this Act that are not defined in the Act.

x. Prescribing types of payment obligations that constitute funding obligations;

x. governing the calculation [true-up amount] and how the amount is to be applied to the clean energy adjustment;

x. governing the inclusion of information under this Act on invoices, which may include requiring notice to be provided by electricity vendors to specified persons regarding the adjustments;

x. governing the inclusion of information about the clean energy adjustment and any other matters provided for under this Act on invoices issued to specified consumers, including the form that the information must take and the form of the invoices and any notice to be provided to the specified consumer under this Act[7];

x. prescribing the time within which any action required by this Act may be required to be done;

PART VII[8]
AMENDMENTS TO OTHER ACTS

ELECTRICITY ACT, 1998

200x. (1) Subsection 6 (1) of the *Electricity Act, 1998* is amended by adding the following clauses:

(q.0.1) to exercise the powers and rights and to perform the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and to engage in activities to facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*, including,

(i) entering into agreements or arrangements with any person for the purposes of the *Ontario Fair Hydro Plan Act, 2017*;

(ii) engaging in activities related to making payments to and receiving payments as contemplated under the *Ontario Fair Hydro Plan Act, 2017* and to engage in related settlement activities;

(iii) engaging in activities related to the creation, transfer and administration of the regulatory asset created under the *Ontario Fair Hydro Plan Act, 2017*, which activities may include,

(iv) incurring liabilities in relation to the regulatory asset

(v) transferring the regulatory asset for consideration;

(vi) acting as a recovery agent under the *Ontario Fair Hydro Plan Act, 2017*;

(c) amounts paid to or received from a [prescribed] financial services entity or [a financing entity prescribed under] the *Ontario Fair Hydro Plan Act, 2017* and any related amounts; and

(d) amounts collected from consumers who are [specified consumers within the meaning of] the *Ontario Fair Hydro Plan Act, 2017* in respect of the clean energy adjustment and any related amounts.

(1.1) Subsection 25.33 (2) of the Act is amended by striking out "and" at the end of clause (a) and by adding the following clauses:

(c) amounts paid to or received from a [prescribed] financial services entity or [a financing entity prescribed under] the *Ontario Fair Hydro Plan Act, 2017* and any related amounts; and

(d) amounts collected from consumers who are [specified consumers within the meaning of] the *Ontario Fair Hydro Plan Act, 2017* in respect of the clean energy adjustment and any related amounts.

(2) Subsection 25.33 (3) of the Act is amended by adding the following paragraph:

4. A consumer who is,

   i. a [specified consumer within the meaning of] the *Ontario Fair Hydro Plan Act, 2017*, or

   ii. prescribed by the regulations [made under the *Ontario Energy Board Act, 1998*].

(3) Clause 25.33 (4) (b) of the Act is amended by adding "or as may be required under a regulation made under the *Ontario Fair Hydro Plan Act, 2017* or the *Ontario Energy Board Act, 1998*" at the end.

(4) Subsection 25.33 (5) of the Act is amended by adding "or under the *Ontario Fair Hydro Plan Act, 2017*" at the end

201x. Section 53.1 of the Act is amended by adding the following subsections:

Same, *Ontario Fair Hydro Plan Act, 2017*

53.1 (1.1) In addition to the objects mentioned in subsection (1), the objects of Ontario Power Generation Inc. include exercising the powers and rights and performing the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and

Confidential Draft

engaging in activities to facilitate the implementation of that Act, including entering into contracts and undertakings on behalf of financing entities, subject to the right to be paid by the financing entities for those services.

Subsidiaries, etc.

(1.2) Ontario Power Generation Inc. may create or invest in one or more subsidiaries, trusts, partnerships or special purpose entities in order to more efficiently conduct its activities or achieve its objects.

Deemed assets, entity

(1.3) Despite any other provision of this Act, the *Business Corporations Act* or any other Act,

(a) the assets and liabilities of a special purpose financing entity shall not form part of the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries; and

(b) the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries shall not form part of the assets and liabilities of a financing entity.

Definition, financing entity

(1.4) For the purposes of this section, "financing entity" has the same meaning as in the *Fair Hydro Plan Act, 2017*.

AMENDMENTS TO ONTARIO ENERGY BOARD ACT, 1998

204x. Subsection 1 (1) of the *Ontario Energy Board Act, 1998* is amended by adding the following paragraph:

~~6. To facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*.~~ ***[OEB Note to Draft: We remain of the view that this is ill-advised. On the earlier draft we noted that, among other things, this could affect the setting of payment amounts for OPG by requiring us to include the effect, if any, of the Fair Hydro Plan on OPG's financing costs in determining a reasonable cost of capital, which represents a major cost component of the price setting and could adversely affect all ratepayers. If this were to be an objective, it will by definition have to be considered whenever we exercise any part of our mandate, and we understand that this is not the intention. In the context of distribution and transmission rates, this could potentially affect utility financial viability or reliability of service if it comes into play in setting their rates.]***

205x. Subsection 70 (2.1) of the Act is amended by adding the following paragraph:

4. The licensee is required to comply with the *Ontario Fair Hydro Plan Act, 2017*.

205.1x Section 70 of the *Ontario Energy Board Act, 1998* is amended by adding the following subsection:

(2.3) Every licence issued to a unit sub-meter provider is deemed to contain the condition that the unit sub-meter provider is required to comply with the *Ontario Fair Hydro Plan Act, 2017* and the regulations made under it.

206x. Section 78.1 of the Act is amended by adding the following subsection:

Same, limitation re Ontario Power Generation Inc.

(3) The determination of a payment to Ontario Power Generation Inc. under this section shall not include any consideration of amounts related to activities of Ontario Power Generation Inc. carried out in relation to the *Ontario Fair Hydro Plan Act, 2017*.

Same

(3.1) The amounts referred to in subsection (3) include, without limitation, the following:

1. Amounts related to the appointment of Ontario Power Generation Inc. as the Financial Services Manager under the *Ontario Fair Hydro Plan Act, 2017*.

2. Amounts related to the charging of fees for performing duties as the Financial Services Manager.

3. Amounts related to exercising the powers and performing the duties of the Financial Services Manager.

4. Amounts related to the consolidation of the assets and liabilities for accounting purposes of any special purpose financing entities established under and for the purposes of that Act.

207xx. Section 79.16 of the *Ontario Energy Board Act, 1998* is amended by deleting subsection (3). ***[OEB Note to Draft: We are concerned that, with the different changes set out in this Act (including notably the changes to 25.33 above), the impact of which is not yet known, the obligation to clear variance accounts will not be feasible in the way that it is today, and could cause the OEB to act in violation of this subsection. If it is relevant in the future, it can be added to O. Reg. 95/05].***

All - Thank you for the detailed comments that you provided on Saturday and Sunday. Please find attached the next turn of the legislation. We have tried to balance the comments that we received to address the points that you have raised. This draft does not reflect the drafting points that were raised over Monday and Tuesday and we will reflect those points in our next instructions to legislative counsel. Please review and identify any significant substantive issues by 6 p.m. today. We continue to work toward pens down on Friday, meaning the draft that we have at that point in time will be proposed for introduction in the House. Thank you again for your contributions to this process.

All - Please find attached the next turn in the consultation draft (v.3) of the proposed legislation. We have been working to address the feedback that you provided earlier in the week. A number of points remain in progress. As with the earlier versions, by sharing this document, we hope to continue to advance our discussions.

Our timeline has been extended and we are now working to a pens down date of April 28th. We will not get another extension. Accordingly, we ask for your detailed, written comments on the draft, which we require no later than Sunday at noon.

We will continue to work on the bill in the interim, so earlier instructions are helpful to us. With your input on this timeline, we expect to be able to provide one more circulation around Tuesday or Wednesday next week.

We have not had the opportunity to add notes or to update our crosswalk to the Blakes summary document.

We look forward to receiving your written comments.

Subject: Ontario Fair Hydro Plan

All - Please find attached the draft “Intergenerational Fairness in Hydro Rates Act, 2017”. A tremendous amount of work has gone into getting to this draft and much more work is required to get this ready for the House. The goal of sharing this document now is to further the process we have engaged in over the last weeks. In the attached, we have included notes to try to address where the drafting is not yet consistent with our thinking. These notes are neither comprehensive nor complete. They are intended only as flags and as colour to the draft. We have not forgotten the comments that you have already provided and we are continuing to working through the translation of the commercial terms we have been discussing into legislative language.

For ease of reference, included with the draft bill are the partially updated Blakes’ summary, a chart that attempts links the articles in that document to the sections of the bill (which is imperfectly numbered at best) and excerpts from the Electricity Act and the Ontario Energy Board Act, related to the consequential amendments.

In your review, please focus on the broad stroke concepts, rather than the minutia, and keep in mind the cascade of instruments that will be required – legislation first, then regulations and finally commercial agreements. We look forward to discussing the broader concepts on Monday

All - Please find attached the next turn in the consultation draft (v.3) of the proposed legislation. We have been working to address the feedback that you provided earlier in the week. A number of points remain in progress. As with the earlier versions, by sharing this document, we hope to continue to advance our discussions.

Our timeline has been extended and we are now working to a pens down date of April 28th. We will not get another extension. Accordingly, we ask for your detailed, written comments on the draft, which we require no later than Sunday at noon.

We will continue to work on the bill in the interim, so earlier instructions are helpful to us. With your input on this timeline, we expect to be able to provide one more circulation around Tuesday or Wednesday next week.

We have not had the opportunity to add notes or to update our crosswalk to the Blakes summary document.

We look forward to receiving your written comments.

Subject: Ontario Fair Hydro Plan

All - Please find attached the draft “Intergenerational Fairness in Hydro Rates Act, 2017”. A tremendous amount of work has gone into getting to this draft and much more work is required to get this ready for the House. The goal of sharing this document now is to further the process we have engaged in over the last weeks. In the attached, we have included notes to try to address where the drafting is not yet consistent with our thinking. These notes are neither comprehensive nor complete. They are intended only as flags and as colour to the draft. We have not forgotten the comments that you have already provided and we are continuing to working through the translation of the commercial terms we have been discussing into legislative language.

For ease of reference, included with the draft bill are the partially updated Blakes’ summary, a chart that attempts links the articles in that document to the sections of the bill (which is imperfectly numbered at best) and excerpts from the Electricity Act and the Ontario Energy Board Act, related to the consequential amendments.

In your review, please focus on the broad stroke concepts, rather than the minutia, and keep in mind the cascade of instruments that will be required – legislation first, then regulations and finally commercial agreements. We look forward to discussing the broader concepts on Monday

EXPLANATORY NOTE TO BE ADDED BY LEGISLATIVE COUNSEL
TO ANY FINAL BILL PRIOR TO INTRODUCTION.

[Insert explanatory note.]

[Notes re this draft:
- all numbering of provisions may need to be re-done
- will need to check all definitions to ensure (1) that they are needed; and (2) that they work properly wherever the term is used in the Bill.
- additional consequential amendments likely required still
- overall organization of provisions still TBC (for now just trying to get all of the elements drafted and will reconsider architecture later)
- need to check consistency of various phrases (e.g. *during/for/in respect of* reference period; *owner of RA/IA vs. RA/IA owner; etc.)*]

Preamble

The Government of Ontario is committed to fostering the development of a clean, modern and reliable electricity system with a diverse supply mix. The Government is also committed to removing barriers to and promoting opportunities for renewable and clean energy projects.[1]

The Government of Ontario has established a regulatory framework related to the generation and sale of electricity, which has promoted and continues to promote significant investment to enable **the** phasing out of coal fired generation, ~~modernizing sites and facilities in the Province for the generation of electrical energy and the production therefrom~~**the modernization of electricity generation facilities**,[2] and conservation and demand management **initiatives**.

The Government of Ontario is committed to ensuring that the costs of these investments~~, and the raising of money to fund the investments,~~[3] are allocated fairly among present and future generations of consumers~~.~~ **, and that the costs of financing such fair allocation is similarly allocated among present and future generations of consumers. [NTD: Delete references to "raising of money". This may imply a tax scheme. The**

PART I
GENERAL

Interpretation
Definitions

1xx. (1) In this Act,

"Board" means the Ontario Energy Board; ("French")

"clean energy adjustment" means the amount determined under section 10xx; ("French")
[Note - will need to check throughout the draft that references to CEA are clear as to whether it's the total CEA in respect of a reference period vs. the portion payable by a specified consumer.]

"clean energy benefits" means, in respect of a reference period, the value of the benefits ~~determined~~ to be derived by ~~the~~**[or accruing to]** specified consumers during the reference period as a result of the clean energy initiative, including as a result of past, present and expected future incurrences of clean energy costs**, as determined by ■ and described in ■**; ("French")

"clean energy costs" means, in respect of a reference period, ~~the value of~~ the costs allocated to specified consumers during the reference period as a result of the clean energy initiative, including as a result of past, present and expected costs incurred in respect of,

(a) the ~~estimated costs~~**amounts** to be ~~incurred~~**reflected in adjustments made** by the IESO under section 25.33 of the *Electricity Act, 1998* or any provision that is the successor to that provision, which relate to ~~contracts for~~,

(i) **contracts for** renewable energy generation or capacity,

(ii) **contracts for** conservation and demand management, including storage,

(iii) energy efficiency **[NTD: Consider deleting. Section 25.33 does not refer to any such contracts, nor does s. 78.5 of the OEB Act. It is not clear what the basis is for this type of cost/GA adjustment]**,

(iv) **contracts for** natural gas generation ~~and~~**or** capacity, excluding contracts relating to amounts payable by the IESO under section 78.2 of the *Ontario Energy Board Act, 1998* and excluding such other contracts as may be prescribed, ~~or~~

(v) payments ~~made or expected to be made~~ under section 78.5 of the *Ontario Energy Board Act, 1998*, and

(b) such other estimated costs as may be prescribed; ("French")

"clean energy initiative" means the policies of the Government of Ontario related to,

(a) fostering the growth of and investment in clean and renewable energy sources and technologies,

(b) removing barriers to and promoting opportunities for clean and renewable energy sources and technologies, and

(c) promoting conservation and demand management; ("French")

"electricity vendor"[43] means the IESO, a licensed distributor, a licensed retailer or such other person as may be prescribed; ("French")

"fair adjustment" means the ~~determination of~~**adjustment to** the rate payable for electricity **determined** in accordance with Part II; ("French")

"fair allocation amount" has the meaning ascribed to it in section 15xx(1.1);

"Financial Services Manager" means Ontario Power Generation Inc. [or such other person or entity as may be appointed as the Financial Services Manager by the Minister under section ** **for purposes of section 16xx or by holders of funding obligations in accordance with the terms of their applicable contract rights**]; ("French")

"financing entity" means any entity established for the purpose of being an investment interest owner and that is managed by the Financial Services Manager;

[43] Note - this is similar to the definition of "electricity vendor" in the Ontario Rebate for Electricity Consumers Act, 2016

"Financing Plan" means the plan prepared under section X, as amended from time to time in accordance with this Act; ("French")

"funding obligation" means a payment obligation incurred by or on behalf of ~~the regulatory asset owner or~~ an investment ~~asset~~**interest** owner ~~under section x~~**as prescribed in the Regulations**; ("French")

"IESO" means the Independent Electricity System Operator continued under Part II of the *Electricity Act, 1998*; ("SIERE")

"IESO funding shortfall" means, in respect of a reference period, the amount determined under section 20xx for the reference period; ("French")

"investment asset" means the ~~investment asset~~**property rights** created as described in section 22xx; ("French")

"investment ~~asset~~**interest** owner" means a financing entity that acquires an investment interest in the investment asset; ("French")

"investment interest" means an ownership interest in the investment asset~~, which entitles an investment asset owner to the rights and benefits specified in the agreement under which the ownership interest is transferred~~;

"invoice amount" means the amount, determined in accordance with subsections (2.1) and (2.2) and the regulations, that is payable by a specified consumer for the provision of electricity **and related services [NTD: to capture delivery and regulatory charges that together with commodity make up the total invoice amount]** in Ontario during a period of time specified on an invoice issued by an electricity vendor; ("French")

"licensed distributor" means a person licensed under Part V of the *Ontario Energy Board Act, 1998* to own or operate a distribution system; ("French")

"licensed retailer" means a person who is licensed under Part V of the *Ontario Energy Board Act, 1998* to retail electricity; ("French")

"Minister" means the Minister of Energy or such other member of the Executive Council as may be assigned the administration of this Act under the *Executive Council Act*; ("ministre")

"prescribed" means prescribed by the regulations; ("prescrit")

"reference period" means **each of**,

(a) the period beginning on May 1, 2017 and ending on October 31, 2017, **and** **[NTD: See note after section 6xx(4)]**

(b) every six-month period following the period mentioned in clause (a) or such shorter period as may be set out in the ~~Fair Allocation~~**Financing** Plan; ("French")

"refinancing" means a repayment or repurchase of a funding obligation for cancellation by or on behalf of an investment ~~asset~~**interest** owner by applying the net proceeds obtained by the **investment interest** owner incurring one or more other funding obligations; ("French")

"regulation" means a regulation made under this Act; ("règlement")

"regulatory asset" means the right established under section X to recover the IESO funding shortfall; ("French")

"representative consumer" means a consumer who meets the criteria set out in subsection (3); ("French")

"specified consumer" means,

(a) a person who has an account with an electricity vendor for the supply of electricity **and related services**, receives an invoice in respect of the account and meets the criteria set out in subsection (2); or

(b) such other person as may be prescribed; ("French")

"Toronto Hydro" means Toronto Hydro-Electric System Limited; ("French") **[NTD: Including successors?]**

"transfer" ~~means~~**includes** an assignment, conveyance, disposition or sale **and, in the case of the regulatory asset or any part thereof, includes any act of IESO by which**> *IESO purports to dispose of* <**or forego its rights to recover all or any portion of the IESO funding shortfall to enable an investment interest owner to recover the amount of such IESO funding shortfall or portions thereof as part of its investment interest**; ("French")

Specified consumers

(2) For the purposes of clause (a) of the definition of "specified consumer" in subsection (1), the person must meet any one of the following criteria:

1. The person has a demand for electricity of 50 kilowatts or less, or such other amount as may be prescribed.

2. The person annually uses not more than 250,000 kilowatt hours of electricity, or such other amount as may be prescribed.

3. The person carries on a business that is a farming business for the purposes of the *Farm Registration and Farm Organizations Funding Act, 1993* and either holds a valid registration number assigned under that Act or ~~the~~ has had the obligation to file a farming business registration form waived pursuant to an order made under subsection 22 (6) of that Act.

4. The person's account with the electricity vendor relates to,

    i. a dwelling,

    ii. a property within the meaning of the *Condominium Act, 1998*,

    iii. a residential complex within the meaning of subsection 2 (1) of the *Residential Tenancies Act, 2006*, without regard to section 5 of that Act, or

    iv. a property that includes one or more housing units and that is owned or leased by a co-operative within the meaning of the *Co-operative Corporations Act*.

5. The person satisfies such criteria as may be prescribed.

Invoice amount

(2.1) Subject to subsection (2.2) and the regulations, the invoice amount for a specified consumer includes the following amounts:

1. In circumstances where the electricity is provided by a licensed distributor or a licensed retailer, the following:

    i. The commodity price of the electricity used during the invoice period.

    ii. The rates and charges set out in the applicable rate order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998*.

iii. Any adjustment on the invoice required under section 25.33 of the *Electricity Act, 1998*.

iv. The amount of any harmonized sales tax payable ~~[by the consumer?]~~ under Part IX of the *Excise Tax Act* (Canada); **[NTD: Confirm that the intention is for the total bill reduction to be based on the after-tax total amount of the bill]**

v. Any other amounts as may be prescribed.

2. In circumstances where the electricity is provided by the IESO, such amounts as may be prescribed. ("French")

[NTD: Need to deal with circumstances where invoice is issued by a licensed unit sub-meter provider]

Same, exclusions

(2.2) Except as otherwise prescribed by the regulations, the invoice amount does not include any of the following amounts:

1. The balance of any amounts carried forward from previous invoices.

2. Penalties or interest.

3. Charges that do not relate to ~~the use of~~ electricity.

4. Any of the following charges that may be set out in an order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998*:

i. A fixed monthly service charge payable by a generation facility within the meaning of section 56 of the *Ontario Energy Board Act, 1998* and classified as "microFIT".

ii. A charge labelled as a "specific service charge" or "retail service charge".

iii. A rate rider. **[NTD: Consider the rationale of excluding rate riders, many of which are for costs that are directly related to the commodity price of electricity or rates and charges established under s. 78(3) of the OEB Act, all of which are more closely aligned with the types of items included in (2.1) rather than the items excluded under (2.2)]**

5. Any other prescribed amounts.

Representative consumer

(3) For the purposes of the definition of "representative consumer" in subsection (1), the consumer,

(a) purchases electricity directly from Toronto Hydro;

(b) has an account with Toronto Hydro that falls within a residential-rate classification as specified in a rate order made by the Board under section 78 of the *Ontario Energy Board Act, 1998*;

(c) is invoiced by Toronto Hydro on a monthly basis;

(d) is not invoiced by Toronto Hydro for electricity on an equal monthly payment plan or an equal billing plan; and

(e) uses, on average, 750 kilowatt hours of electricity each month.

~~**Transfer**~~

~~(4) For greater certainty, a transfer of the regulatory asset or a portion of the regulatory asset includes any act of the IESO by which the< *IESO purports to dispose of* >its interest in the regulatory asset with the result of a named person becoming the owner of an investment interest.~~

Effect of invalidity, etc.[54]

2xx. (1) For greater certainty, all of the provisions of this Act remain in full force and effect, even if ~~some~~**one or more** provisions are held to be invalid, the intention of the Legislature being to give separate and independent effect to the extent of its powers to every provision contained in this Act.

Same, funding obligation

(2) The fact that any provision of this Act is held to be invalid or ceases to be in effect for any reason does not affect **the validity or enforceability of** a funding obligation ~~that was~~ incurred under this Act before the day that the provision ~~was~~**is** held to be invalid or ~~ceased~~**ceases** to be in effect.

Purpose

3xx. (1) The purposes of this Act are,[65]

[54] Note: this is from the *Climate Change Mitigation and Low-carbon Economy Act, 2016*

[65] Note: Please see the *Electricity Act, 1998* for much of the wording proposed in this section.

(a) to ~~ensure that clean energy costs are fairly~~**fairly allocate clean energy costs among specified consumers over time and to reflect that fair allocation in the process by which these clean energy costs are funded; [NTD: See comments above regarding references to raising money] and [NTD: Alternatively: ". . . over time and that the costs of financing such fair allocation are similarly allocated among specified consumers over time** ~~and that the process by which the Province raises money to fund the costs reflects the fair allocation; and~~**"]**

(b) to recognize that clean energy benefits that have accrued and that will accrue over time will continue to benefit present and future electricity consumers in the Province.

Crown bound

4xx. This Act binds the Crown.

Protection and assurances

Prohibition

5xx. (1) The Crown shall not **do or cause or permit any agent of the Crown to** do anything that would,

(a) hinder, delay, impair or prejudice the charging, collection ~~or,~~ remittance **or recovery** of the clean energy adjustment;

(b) except as expressly permitted by this Act, reduce**, alter or impair** the amount of the clean energy adjustment or lower the priority of the clean energy adjustment over other debts; or

(c) adversely affect an investment asset**, investment interest** or a funding obligation.

Clarification with respect to legislation and regulations

(2) For greater certainty, the things prohibited under subsection (1) include the making or approving **or amending** of a regulation under this **Act, introducing or passing any amendments to this Act or any other Act, introducing or passing any new Act, or making or approving or amending a regulation under any other** Act.

Agreements for compensation

(3) The Minister may, **[**with the approval of the Lieutenant Governor in Council,**]** enter into agreements on behalf of the ~~Province of Ontario~~**Crown** with any person in respect of this Act, **or in relation to this Act,** including agreements regarding financial

commitments, financial arrangements, indemnities**, guarantees** or similar transactions. **[NTD: What are the implications of requiring LGIC approval?]**

IESO and Electricity vendors, obligations
(4) If the IESO or an electricity vendor fails to carry out its obligations under this Act or the regulations for any reason, including because the IESO or the electricity vendor is dissolved or restructured or because it becomes insolvent, the Crown shall carry out those obligations or ensure they are carried out by another appropriate entity.

PART II
FAIR ADJUSTMENT

Fair adjustment, May 1, 2017 to April 30, 2018
Definition
6xx. (1) In this section,

"average baseline invoice amount" means the average monthly invoice amount that would be payable by a representative consumer under the average baseline rate; ("French")

"average baseline rate" means the average rate that would be payable effective May 1, 2017 by the class of consumers prescribed by the regulations under the *Ontario Energy Board Act, 1998* for the purposes of subsection 79.16 (1) of that Act, as determined by the Board by applying the method prescribed by the regulations under clause 79.16 (1) (b) of that Act **as of May 1, 2017**; ("French")

"sub-meter customer" means a person who is supplied electricity by a specified consumer, if an invoice for the electricity is issued to the person by **[**the specified consumer, by an agent of the specified consumer or by**] [NTD: Consider deleting as these persons would not likely be permitted to provide sub-metering or to issue invoices other than based on sub-meters. Moreover, the language here would not even require them to have sub-meters]** a unit sub-meter provider providing unit sub-metering for the specified consumer; ("French")

"licensed unit sub-meter provider" means a person who is licensed under Part V of the *Ontario Energy Board Act, 1998* to engage in unit sub-metering;

Rate determination
(2) Subject to subsection (3), [to more fairly measure and allocate the clean energy costs and clean energy benefits among present and future generations of specified consumers,] the rate for electricity payable by a specified consumer for the period beginning on May 1, 2017 and ending on April 30, 2018 is the average rate that would be

payable by a representative consumer in order for the representative consumer to receive ~~a~~**[an average]** monthly invoice amount that is 25 per cent less than the average baseline invoice amount. **[NTD: We think this should indicate 17% rather than 25% on the assumption that the "average baseline rate" does not account for the 8% Ontario Rebate for Electricity Consumers. If it is intended to say 25% here, then the "average baseline rate" must already account for the 8% OREC but this is not indicated] [NTD: Consider whether this provision works with the May 1, 2017 'interim' or partial reduction announced by the OEB]**

Sub-meter customers

(3) A specified consumer who provides electricity to a sub-meter customer and any **licensed** unit sub-meter provider who provides unit sub-metering for **the sub-meter customer on behalf of** the specified consumer shall ensure that the rate payable by each sub-meter customer is the rate determined under subsection (2).

Determining rate

(4) The rate ~~mentioned~~**described** in subsection (2) shall be,

(a) determined by the Board within seven business days after this section receives Royal Assent; and

(b) effective as of the first day of the calendar month immediately following the determination. **[NTD: If the legislation receives Royal Assent in May then the new rate would be applicable starting June 1, 2017.]**

Transition

(5) If, for technical or operational reasons, an electricity vendor, specified consumer or **licensed** unit sub-meter provider is unable to adapt its invoices to comply with this section by the time it issues its first invoice for electricity consumed on or after May 1, 2017,

(a) the electricity vendor, specified consumer or **licensed** unit sub-meter provider shall adapt its invoices as soon as possible and, in any event, no later than [August 1, 2017]; and

(b) the electricity vendor, specified consumer or **licensed** unit sub-meter provider shall ensure that any specified consumer or sub-meter customer invoiced at a rate higher than the ~~applicable~~ rate **described in subsection (2)** receives the difference between the rate shown on their invoice and the applicable rate as a lump sum credit on the first invoice issued after the invoices have been adapted or by such other means as may be prescribed by the regulations.

Fair adjustment, May 1, 2018 to April 30, 2022

7xx. The Lieutenant Governor in Council may, [to more fairly measure and allocate the clean energy costs and clean energy benefits among present and future generations of specified consumers,] make regulations prescribing the rate for electricity payable by specified consumers and sub-meter customers during the period beginning on May 1, 2018 and ending on April 30, 2022. **[NTD: We believe you need to clarify whether or not Cabinet's authority to set rates under section 7xx is subject to the determination of the fair allocation amount in section 15xx.]**

PART III
CLEAN ENERGY ADJUSTMENT

~~Specified~~Electricity vendor to invoice specified consumers ~~to pay clean energy adjustment~~

8xx. ~~(1~~ **(1) Each electricity vendor shall issue an invoice to each of its specified consumers for the consumer's amount of the clean energy adjustment in accordance with the regulations. [NTD: Need parallel requirements for sub-meter consumers to pay to licensed unit sub-meter providers and for the latter to pay electricity vendors on behalf of the relevant specified consumer]**

>Electricity vendor to collect<

*> (2) Each electricity vendor shall, as an agent of the IESO and the investment <**interest owners, collect amounts in respect of**> the clean energy adjustment from specified consumers [in accordance with the monthly settlement process set out in the market rules made under section 32 of the Electricity Act, 1998].* <

Specified consumers to pay clean energy adjustment

(3) Upon receipt of an invoice that includes **an amount in respect of** a clean energy adjustment, a specified consumer shall pay ~~the clean energy adjustment~~**such amount** to the electricity vendor, as agent of **IESO and** the investment ~~asset~~**interest** owners, in accordance with such terms of payment as may be specified in the invoice, which may include terms relating to late payment fees and interest charges.

Same

(~~2~~**4**) For greater certainty, ~~subsection (1) applies regardless of,~~

(a) ~~whether the~~**each** clean energy adjustment is ~~inconsistent~~**considered to be consistent** with the fair allocation calculation applicable at the time when the payment is due; and

(b) ~~whether the~~**each** clean energy adjustment ~~relates~~**is considered to relate** to funding obligations that were incurred in a manner that was inconsistent with the Financing Plan.

Indebtedness of specified consumer

(~~4~~5) An unpaid **amount in respect of a** clean energy adjustment that is required to be paid by a specified consumer under this section constitutes indebtedness of the **specified** consumer to each investment ~~asset~~**interest** owner in respect of each **investment interest** owner's respective interest in the investment asset.

Same

(~~5~~6) The indebtedness mentioned in subsection (~~4~~5) is a single and separate debt obligation owed by the specified consumer and may be enforced independently from any other payment obligation or indebtedness owing by the specified consumer under the invoice or otherwise.

~~***<Irrevocability of clean energy adjustment>***~~

~~**9xx.** (1) The amount*<of the clean energy adjustment shown on>* an invoice issued to a specified consumer *<under this Act is determinative of the amount of>* the consumer's *<indebtedness created by>* the adjustment and*< is irrevocable upon invoicing the consumer and may not be set off or by passed.>*~~

~~***<Exception>***~~

~~*< (2) Subsection (1) does not apply to the extent that there is a calculation error by the electricity vendor>*.~~

Determination of clean energy adjustment

10xx. (1) The clean energy adjustment payable by all specified consumers in respect of a reference period shall be determined **[NTD: by whom?]** as follows:

1. Calculate the estimated finance amount for the reference period in accordance with Schedule 1 and such additional rules as may be prescribed. **[NTD: Consider defining "estimated finance amount"]**

2. Add the true up amount for the reference period, as determined in accordance with the prescribed method, to the estimated finance amount calculated under paragraph 1. **[NTD: Consider defining "true up amount"]**

True up amount

(2) For the purposes of paragraph 2 of subsection (1), the Lieutenant Governor in Council may make regulations prescribing the method for determining the true up amount, having regard to the following principles:

1. The true up amount should serve to ensure that the collection of the clean energy adjustment is sufficient to pay the estimated finance amount when it is due.

2. The method for determining the true up amount should take into account historical and reasonably foreseeable,

   i. differences between amounts billed and amounts collected due to various factors, including applicable taxes, consumer defaults and delays, billing lags and write-offs, and

   ii. variations in billings due to variations in electricity consumption. **[NTD: Confirm that true up will cover forecasting errors in addition to the rate reduction.] [NTD: But excluding variations attributable to the current RPP methodology or due to OREC]**

IESO to issue remittance notice to electricity vendors

11xx. (1) The IESO shall, in accordance with the regulations, issue a remittance notice to each electricity vendor for the electricity vendor's portion, as determined in accordance with the regulations, of the clean energy adjustment in respect of a reference period. **[NTD: This process needs to be re-considered. Under the OEB Act, electricity vendors may only charge their consumers the amounts that the OEB permits them to charge. IESO cannot tell EVs what to charge and EVs cannot determine on their own what to charge based on amounts invoiced by IESO. Moreover, it would be too much of a burden on EVs, and too much risk of error, to require them to determine charges for their consumers based on the overall portion of the CEA allocated to that EV. It is suggested that the alternative is a process whereby the OEB determines a rate that is applicable to all specified consumers. The rate would be based on information from IESO (i.e. forecast demand for all specified consumers in a reference period) and information from the Financial Services Manager (i.e. the estimated financing cost/total amount it needs in the reference period), which information the OEB would be required to accept in determining the applicable rate, which EVs would then be required to charge and remit to IESO]**

IESO to collect

(2) The IESO shall, as an agent of the investment ~~asset~~**interest** owners, collect the clean energy adjustment from electricity vendors [in accordance with the monthly settlement process set out in the market rules made under section 32 of the *Electricity Act, 1998*].

Collection account

(3) All of the following amounts received by the IESO shall, until paid to or for the benefit of the investment ~~asset owner~~**interest owners** in accordance with subsection (5), be deposited promptly into an account established for the purposes of collecting those ~~accounts~~**amounts**:

1. Amounts described in subsection ~~12~~**11xx** (~~4~~**2**).

2. Payments made by specified consumers directly to the IESO as electricity vendor under subsection 8 (1).

Same, held in trust

(4) All amounts received by the IESO in respect of the clean energy adjustment shall, until paid to or for the benefit of the investment ~~asset owner~~**interest owners** in accordance with subsection (~~6~~**5**), be held**, and are deemed to be held,** in trust for the investment ~~asset~~**interest** owners or a secured party to whom a security interest in an investment interest is granted under this Act.

IESO to remit

(5) The IESO shall remit amounts received by it in respect of the clean energy adjustment to or for the benefit of the investment ~~asset~~**interest** owners in accordance with the regulations.

Collection of outstanding amounts~~, regulatory asset~~

(6) If the total clean energy adjustment payable by specified consumers in respect of a reference period is less than the amount contemplated to be payable under the applicable fair allocation calculation made by the Financial Services Manager under Part IV, the IESO may collect ~~the difference~~**any outstanding IESO funding shortfall** from specified consumers. **[NTD: Does the methodology for doing so need to be further described in regulations?]**

~~**Electricity vendor to invoice specified consumers**~~

>*Irrevocability of clean energy adjustment*<

12xx. (1) The ~~electricity vendor shall issue~~**amount in respect**> *of the clean energy adjustment shown on*< an invoice **issued** to ~~each~~**a** specified consumer ~~for~~>*under this Act is determinative of the amount of*< the consumer's ~~amount of~~>*indebtedness created by*< the clean energy adjustment> *is irrevocable upon invoicing the consumer and may not be set off or by passed.*<

>*Exception*<

> *(2) Subsection (1) does not apply to the extent that there is a calculation error by the electricity vendor*<**, which error shall be corrected** in accordance with ~~the regulations~~**section 10xx(2)**.

~~**<*Electricity vendor to collect*>**~~

Pro rating of payments

(3) If an electricity vendor receives a payment made by or on behalf of a specified consumer in respect of amounts payable under one or more invoices and the amount paid is less than the total amount payable, the electricity vendor shall allocate the payment on a pro rata basis to the clean energy adjustment and other amounts payable under the relevant invoices in respect of electricity charges for the same invoice period.

Held in trust

(4) All of the following amounts received by an electricity vendor shall, until paid to or for the benefit of the investment ~~asset~~**interest** owner in accordance with subsection (5), be held**, and shall be deemed to be held,** in trust for the investment ~~asset~~**interest** owners or a secured party to whom a security interest in an investment interest is granted under this Act:

1. Payments received from or on behalf of specified consumers under subsection 8 (1).

2. Portions of payments received from or on behalf of specified consumers under subsection 8 (1) that are allocated to the clean energy adjustment under subsection (3).

3. Any proceeds arising from the exercise and enforcement of any rights and interests under or in respect of the investment asset.

Remittance to IESO

(5) Each electricity vendor other than the IESO shall remit amounts described in subsection (~~5~~**4**) to the IESO for the benefit of the investment ~~asset~~**interest** owners or secured parties in accordance with the regulations.

Regulations

(6) If an electricity vendor fails, in the manner described in the regulations, to comply with the requirements of this section, the electricity vendor shall take such steps as the regulations may prescribe.

[NTD: Need parallel requirements for licensed unit sub-meter providers to invoice and collect from sub-meter customers and allocate on a pro-rata basis, hold amounts in trust and remit to EVs on behalf of the relevant specified consumers]

PART IV
IMPLEMENTATION

FINANCIAL SERVICES MANAGER

Appointment

13xx. (1) [Note: To be elaborated.] **[NTD: Limit appointment to the FSM's role under section 16xx of the Act only]**

Termination

(2) The Minister may by written order terminate the appointment of an appointee as the Financial Services Manager **for purposes of section 16xx of the Act** if,

(a) the Minister has advised the appointee that the Financing Plan is either inconsistent with or is being implemented in a manner that is inconsistent with the principles set out in section x;

(b) the appointee has been afforded a reasonable opportunity to consider and address the inconsistency; and

(c) the appointee is unwilling or unable to address the inconsistency to the satisfaction of the Minister.

Replacement

(3) Upon terminating an appointment, the Minister may, in accordance with the regulations, appoint a new person or entity as the Financial Services Manager **for purposes of section 16xx of the Act**.

Duties and powers

14xx. (1) The Financial Services Manager shall perform the duties assigned to it under this Act and may administer the investment asset on behalf of the investment ~~asset owner~~**interest owners**.

Same

(2) The administration of the investment asset may include the following:

1. Providing information, in accordance with the regulations, to the Board in respect of funding obligations and the determination of the clean energy adjustment in accordance with section XX.

2. Providing information to **the IESO for distribution to** electricity vendors~~, including the IESO~~, in respect of obligations under Part III.

3. Such other matters as may be prescribed. **[NTD: What is contemplated here?]**

Review of costs

(3) The Board shall review the administrative costs of the Financial Services Manager in accordance with the regulations. **[NTD: Please confirm that fees to be paid to OPG will be address in the regulations.] [NTD: Need to understand intended scope and nature of OEB review to determine if this language is appropriate].**

FAIR ALLOCATION AMOUNT

~~Financial Services Manager~~Minister to calculate fair allocation amount

15xx. (1) The ~~Financial Services Manager~~**Minister** shall calculate the fair allocation amount for the purposes of,

(a) fairly measuring and allocating the estimated clean energy costs and estimated clean energy benefits among the specified consumers in respect of each reference period; and

(b) aligning funding obligations that may be incurred during each reference period with the allocation of the estimated clean energy costs and estimated clean energy benefits across present and future generations of specified consumers.

Amount

(1.1) The fair allocation amount in respect of a reference period is the sum of the following amounts:

1. The amount, if any, by which the estimated [clean energy costs] [clean energy benefits] to be allocated to specified consumers in respect of the reference period exceeds the estimated amount of [the global adjustment] that would be borne by the specified consumers in respect of clean energy costs [in the absence of this Act].

2. An allocable portion of the value of any fair adjustment, determined in accordance with subsection (3). **[NTD: Item 1 is a $ amount. Item 2 is a rate reduction measured in $Mwh]]**

Principles

(2) In calculating the fair allocation amount [or in developing the fair allocation calculation?], subject to subsection (3), the ~~Financial Services Manager~~**Minister** shall have regard to the following principles:

1. Clean energy costs allocated to the specified consumers in respect of a reference period should be allocated in proportion to the clean energy benefits attributed to the specified consumers in respect of the reference period.

2. The clean energy benefits attributed to the specified consumers in respect of a reference period should be determined based on *[Insert principles]*.

3. The fair allocation calculation should include reasonable assumptions regarding the following:

    i. The ~~time value of money or the rate of inflation~~**funding costs associated with the funding obligations**, for the purpose of equating nominal amounts over time.

    ii. The expected number of specified consumers for each reference period.

    iii. The expected **volumes of** electricity consumption ~~rates~~ for each reference period.

Allocation of fair adjustment

(3) If, before the ~~Financial Services Manager~~**Minister** has calculated the fair allocation amount in respect of a reference period, a fair adjustment has been made under Part II in respect of the reference period, the calculation shall include a portion of the value of the fair adjustment in the fair allocation calculation for each future reference period. **[NTD: If the intention is that the fair adjustment under Part II includes the $1B deferral announced by the OEB commencing May 1, 2017, this may not satisfy s. 6xx(2). Also, see Note after 15xx(1.1)(2)]]**

Amendments to the fair allocation calculation

(4) The ~~Financial Services Manager~~**Minister** may amend the fair allocation calculation from time to time, as the ~~Financial Services Manager~~**Minister** considers appropriate, having regard to the requirements of this Act.

~~**Submission of fair allocation to Minister**~~

~~(5) The Financial Services Manager shall provide to the Minister the fair allocation calculation and any amendments to the fair allocation calculation.~~

Effective date

(~~6~~**5**) The fair allocation calculation or an amendment to the fair allocation calculation takes effect on the day that is 30 days after the fair allocation calculation or the amendment, as the case may be, is provided to the ~~Minister in writing.~~**Lieutenant Governor in Council, or such shorter period as the Lieutenant Governor in Council may approve. [NTD: There should be a tie in to section 7xx.]**

Publication

(~~7~~6) The Minister shall ensure that the fair allocation calculation and any amendments to it are made available to the public in a manner that the Minister considers appropriate.

FINANCING PLAN

Financial Services Manager to prepare Financing Plan

16xx. (1) The Financial Services Manager shall prepare and provide to the Minister a written plan entitled the Financing Plan to be used by the Financial Services Manager to evaluate whether potential funding obligations should be incurred ~~or potential transfers should be made~~ for the purposes of this Act.

Principles

(2) In preparing the Financing Plan, the Financial Services Manager shall have regard to the following principles:

1. Any incurrence of a funding obligation should reasonably align the expected finance amount determined under Schedule 1 that would become due and payable during a reference period with the fair allocation amount determined for the reference period under this Part as of the time of the incurrence~~, in each case after reducing the fair allocation calculation by the amount of any fair adjustment for the reference period~~. **[NTD: See note after 15xx(1.1)(2)]**.

2. Incurrences and transfers should be implemented in a manner that~~, as~~ the Financial Services Manager ~~considers to be reasonable, is cost effective and~~**determines reasonably** reflects prevailing market terms and conditions.

3. Reasonable assumptions should be made regarding such matters as may be prescribed.

~~[Note for reference: List of items for consideration in regulation: (a) anticipated IESO funding shortfalls and related transfer amounts; (b) the maturities of funding obligations; (c) the availability of refinancings, redemption opportunities and liquidity terms and conditions in order to achieve the objective contemplated in section X(1)(a); (d) the availability of currency and interest rate hedging facilities for the purpose of mitigating any differences between the expected finance amounts becoming due and payable during a reference period and the fair allocation amount for the reference period; (d) the amount and potential variability of interest rates and related financing costs; (e) available capital markets in which funding obligations may be incurred.]~~

Amendments to approved plan

(3) The Financial Services Manager may amend the Financing Plan at any time, without the approval of the Minister, subject to the requirements set out in this section. **[NTD: How would amendment be communicated? See section 16xx(5).]**

Limitation, first five year period

(4) In respect of each reference period from May 1, 2017 to April 30, 2022, no funding obligation shall be incurred that would become payable during the reference period and result in a clean energy adjustment for the reference period unless,

(a) no fair adjustment has been made under Part II in respect of the reference period; or

(b) if a fair adjustment has been made under Part II in respect of the reference period, the funding obligations ~~incurred~~**that** would ~~not~~ be payable during the reference period ~~in an amount that exceeds~~**would not exceed** the [difference between the fair allocation amount for the reference period and the amount of the fair adjustment for the reference period]. **[NTD: Has anyone modelled this out to ensure that it is not too restrictive?]**

Confidentiality of plan

[(~~4~~**5**) The Financing Plan is deemed to be a record subject to section 17 of the *Freedom of Information and Protection of Privacy Act.*] **[NTD: We believe that the Financing Plan would be a material fact to investors (and rating agencies) and would have to be disclosed.]**

~~**<*Implementation of Financing Plan*>**~~

~~**17xx.** (1) The Financial Services Manager shall< *incur funding obligations and make transfers in material conformity with the applicable*> Financing Plan.~~

~~**Same**~~

~~(2) For greater certainty, section [paramountcy of funding obligations] applies despite the failure of the Financial Services Manager to comply with subsection (1).~~

Financing entities

17xx. (~~3~~**1**) In accordance with the Financing Plan, the Financial Services Manager may establish one or more financing entities that may incur funding obligations and make transfers.

>Implementation of Financing Plan<

(2) The Financial Services Manager shall in good faith make reasonable efforts to cause financing entities to> *incur funding obligations and make transfers in material conformity with the applicable*< **Financing Plan.**

Same

(3) Any funding obligation incurred by the Financial Services Manager on behalf of a financing entity is considered to be incurred in conformance with the applicable Financing Plan.

Prohibition

(~~3~~**4**) The Financial Services Manager shall not provide for funding obligations to be incurred with any recourse to any assets of an electricity vendor, **Ontario Power Generation Inc., any subsidiary of Ontario Power Generation Inc. (other than a financing entity),** the Board, the Province or the Lieutenant Governor in Council, except to the extent that any of these persons or entities may be liable to perform obligations or duties arising under this Act or under the express terms of a funding obligation.

Effect of amendment to ~~Fair Allocation~~Financing Plan

(~~4~~**5**) ~~No~~**Each** funding obligation incurred and ~~no~~**each** transfer made by ~~the Financial Services Manager shall be affected by any inconsistency with the Financing Plan, including any inconsistency with the principles set out in section X~~**a financing entity shall be considered to be, on occurrence or on transfer, consistent with the Financing Plan and consistent with each fair allocation amount**.

PART V
THE REGULATORY ASSET

Interpretation, portion of regulatory asset

18xx. If a transfer under this Part provides for the transfer of a portion of the regulatory asset, any references in this Part to the regulatory asset are deemed to be references to the portion of the regulatory asset transferred.
[Note: This is meant to assist with clarity in the subsequent provisions.]

Variance account

19xx. (1) The Board shall issue an accounting order ~~to authorize the IESO to do the following~~**authorizing the IESO to [NTD: Consider if any value in having the OEB do this. If OEB derives all of its powers from the legislature, then why can't legislature just directly authorize the IES to establish the account in the legislation?]**:

1. ~~Create~~**establish** a variance account for the purposes of this Act~~.~~**;**

2. ~~Record~~**record** the IESO funding shortfall in the variance account from time to time~~.~~ **[NTD: monthly?]; and**

3. ~~Recover~~**recover** the IESO funding shortfall in accordance with section X and the regulations.

No hearing

(2) The **accounting** order of the Board **made under (1)** shall be made in writing and without holding a hearing. **[NTD: Timing?]**

No appeals, etc.

(3) No appeal lies from the **accounting** order of the Board **made under (1)**.

IESO funding shortfall

20xx. (1) The IESO shall determine the IESO funding shortfall for each month in the following manner:

1. Calculate the sum of all invoice amounts **that would be** issued to specified consumers for the month if Part II of this Act did not apply. **[NTD: This requires IESO to determine what the RPP rate would have been but for this Act. Can IESO do this calculation?] [NTD: See also the NTD at 11xx]**

2. Calculate the sum of all invoice amounts issued to specified consumers for the month.

3. Subtract the amount calculated under paragraph 2 from the amount calculated under paragraph 1, and make any other adjustments as may be prescribed.

Same

(2) To the extent that the IESO funding shortfall for any month is based on an estimate of the electricity used by specified consumers, the IESO shall record an adjustment in the variance account in the following month to reflect the difference between the estimate and the electricity actually used by specified consumers.

Recording of IESO funding shortfall

(3) IESO shall record the IESO funding shortfall from time to time **[NTD: monthly?]**, including adjustments resulting from the exercise of the right of recovery under section 21 and any transfer under section 22, in the variance account.

Recording determinative

(4) A recording of the IESO funding shortfall in the variance account is determinative of the amount of IESO funding shortfall at the time of the recording.

Regulatory asset established

21xx. (1) The IESO has the right, exercisable in accordance with this Act and the regulations, to recover the IESO funding shortfall.

Same, restrictions

(2) The IESO's right to recover the IESO funding shortfall under subsection (1) is subject to the following:

1. The IESO shall not be entitled to collect the IESO funding shortfall from specified consumers before May 1, 2022. **[NTD: Accountants to confirm that this will not preclude treatment as a regulatory asset for accounting purposes.]**

2. The process by which the IESO may recover the IESO funding shortfall shall be established by the Board, having regard to the amount of the IESO funding shortfall from time to time and the [fair allocation calculation].

3. Such other ~~restrictions~~**conditions** as may be prescribed.

Transfer of regulatory asset

22xx. (1) The IESO may transfer all or a portion of the regulatory asset to any financing entity under the Financing Plan~~, which transfer creates the investment asset~~.

Same

(2) Upon receipt of any payment in consideration for the transfer,

(a) the IESO shall record the payment as a reduction of the IESO funding shortfall in the variance account; and

(b) ~~unless otherwise provided for in this Act,~~ the IESO shall have no further right, title or interest in~~, or any~~ **the regulatory asset or in the related investment asset. [NTD: Need for certainty on this point should prevail. The obligations of IESO in respect of~~, the regulatory asset or in~~ the investment asset will be primarily created by ~~the transfer~~ contract.]**

Same

(3) Upon transfer, the financing entity ~~becomes an investment asset owner and~~ acquires an investment interest **and becomes an investment interest owner**.

Validity of transfer

23xx. (1) A transfer of a regulatory asset under this Act is a valid and enforceable sale and absolute transfer to the investment ~~asset~~**interest** owner of the regulatory asset,

and the investment asset created by the transfer shall be immediately vested in the transferee.

Same

(2) Without limiting subsection (1), any transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of IESO's right to recover the IESO funding shortfall, and not merely as a security interest, and upon the absolute transfer the transferor shall retain no right, title or interest in the regulatory asset, including all rights to recover the IESO funding shortfall.

Deemed perfection, etc.

(3) At the time a transfer of a regulatory asset is made, the transfer shall be deemed to have been and shall be perfected **(as such term is used in the *Personal Property Security Act*)**, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the transferee shall have priority over any liens in favour of those persons.

PART VI
THE INVESTMENT ASSET

Interpretation, investment asset

24xx. If a transfer under this Part provides for the transfer of an investment asset, any references in this Part to the investment interest are deemed to be references to the specific investment interest transferred.

Investment asset established

25xx. (1) The investment asset constitutes a current and irrevocable property right and interest consisting, collectively, of the following rights and interests ~~without duplication~~**of investment interest owners**:

1. The right to impose, bill, invoice, collect ~~and~~, receive **and recover** the clean energy adjustment from specified consumers, including the right to determine the amount of the clean energy adjustment in accordance with this Act.

2. The right to receive ~~and~~, collect **and recover** all amounts in respect of the clean energy adjustment that are imposed, billed ~~and~~, invoiced **and recoverable** under this Act, including any ~~amounts that~~**and** all amounts in respect of the clean energy adjustment that are held by electricity vendors or other prescribed parties.

3. All rights and entitlements under such accounts as may be prescribed by regulation and all amounts on deposit in such accounts.

4. The right to enforce the duties and obligations under this Act of each electricity vendor to impose, attribute, charge, bill and invoice the clean energy adjustment.

5. The right to enforce the duties and obligations under this Act of each electricity vendor to collect, receive and remit amounts received by it in respect of the clean energy adjustment, including all collections and the proceeds of any enforcement action undertaken by an electricity vendor to recover payment of the clean energy adjustment.

6. All rights of any kind (whether in tort, contract or otherwise) that attach or are attendant or incidental to any of the other property rights or interests that comprise the ~~regulatory asset~~**investment interest** owner's ~~regulatory asset~~**investment interest**.

7. All revenue, collections, claims, payments, money and proceeds of or derived from the rights described in paragraphs 1 to 6, regardless of whether such revenue, collections, claims, payments and proceeds are imposed, invoiced, collected and maintained together with or commingled with other revenue, collections, claims, payments, money and proceeds.

Same

(2) An investment interest is not affected by any failure to impose, attribute, invoice, accrue or collect the clean energy adjustment.

No set off, etc.

(~~2~~**3**) The investment asset shall not be set off or reduced by any person in any circumstance, including,

(a) by a consumer, an electricity vendor, an agent of the investment ~~asset~~**interest** owner or an owner of distribution system assets in the Province;

(b) in connection with any default~~, bankruptcy, reorganization or other insolvency proceeding~~ of a person mentioned in clause (a); or

(c) by any affiliate or successor of a person mentioned in clause (a).

Exercise of rights

(~~3~~4) The rights of the investment ~~asset~~**interest** owner to collect and enforce its rights and interests in, to and in respect of the investment asset against a specified consumer shall be exercised in accordance with ~~section [xx] of the *Personal Property Security Act*~~ **Part III of this Act. [NTD: PPSA has nothing to do with it.]**

Collective action required

(~~4~~5) If the investment ~~asset~~**interest** owner owns a right or interest in the investment asset that comprises less than the entire property right and interest constituted by the investment asset, the right or interest shall only be enforced by the investment ~~asset~~**interest** owner collectively and in coordination with all other investment ~~asset~~**interest** owners, and any agreement among that collective in furtherance of the collective action shall be valid and binding on the investment ~~asset~~**interest** owner as a collective in accordance with its terms.

[Note: Successors may need to be addressed here.] **[NTD: Successors can be addressed in the agreement.]**

Transfer of investment interest

26xx. An investment ~~asset~~**interest** owner may transfer all or a portion of its rights and interests in an investment interest to any other investment ~~asset~~**interest** owner, including by way of a transfer of a divided or an undivided interest, in accordance with the Financing Plan.

Validity of transfer

27xx. (1) A transfer of an investment interest under this Act is a valid and enforceable sale and absolute transfer of the investment interest and confers upon the owner of the investment interest acquired a valid property right and interest in, to and under the applicable investment interest in accordance with the terms of the transfer.

Same

(2) Without limiting subsection (1), a transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of an investment ~~asset~~**interest** owner's right, title and interest in, to and under an investment interest, and not merely as a security interest, and upon such absolute transfer the transferor shall retain no right, title or interest in the investment interest, subject to the transfer, including all rights to the investment interest arising after the transfer.

Deemed perfection, etc.

(3) At the time a transfer of an investment interest is made, the transfer shall be deemed to have been and shall be perfected **(as such term is used in the *Personal Property Security Act*)**, vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer, assignment, etc.

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the investment ~~asset~~**interest** owner shall have priority over any liens in favour of such other persons**, other than those granted in accordance with section 28xx of the Act**.

Investment ~~asset~~interest owner may grant security interest

28xx. (1) An investment ~~asset~~**interest** owner may grant a security interest over all or a specified portion of its right, title and interest in, to and under ~~the~~**an** investment interest to or in favour of any person to secure a funding obligation.

Validity

(2) A security interest granted under this Act shall be valid and enforceable in accordance with its terms.

Perfection and priority of security interests

(3) All provisions of the *Personal Property Security Act* shall apply to the investment asset and each investment interest on the basis that it is intangible personal property, except as otherwise provided for in this section, and any granting of a security interest by the owner of an investment interest to secure a funding obligation shall, subject to the terms of the funding obligation, give rise to a security interest in respect of which that Act applies and may be perfected by filing a financing statement under that Act on that basis.

Proceeds

(4) All proceeds of an investment interest that are subject to the security interest and that are received by the applicable investment ~~asset~~**interest** owner shall immediately be subject to the security interest and shall be perfected without any physical delivery of the proceeds, registration of any financing statement or any further act.

Perfection

(5) The security interest shall be a continuously perfected security interest and shall have priority over any other lien, created by operation of law or otherwise, that may subsequently attach to the property rights and interests in the investment interest subject to the security interest, subject to the written consent of the person to whom the security interest has been granted.

Same

(6) The person to whom the security interest has been granted shall have a perfected security interest in revenues or other proceeds that are deposited in any ~~[investment asset account] or other~~ account of any electricity vendor~~, the IESO~~, an agent of an electricity vendor~~ or the IESO~~ or other person who may have commingled such revenues or other proceeds with other funds.

PART VI
MISCELLANEOUS

Appointment of agent, invoicing or collection

29xx. If a prescribed circumstance applies, the Lieutenant Governor in Council may by regulation appoint a person to carry out some or all of the obligations of an electricity vendor under this Act in the place of an electricity vendor with respect to invoicing or collection. **[NTD: Consider whether this should be subject to OEB power to replace a licensee under s. 59 of the OEB Act]**

Not Crown agent

30xx. For greater certainty, no agent appointed under this Act is an agent of the Crown for any purpose, despite the *Crown Agency Act*.

Sequestration

31xx. (1) A court in the Province may, upon application by an investment ~~asset~~**interest** owner or a secured party, order the sequestration and payment of the clean energy adjustment, collections and remittances, as applicable, for the benefit of the investment ~~asset~~**interest** owner or secured party by any person or entity authorized to collect the clean energy adjustment, **including** defaults on any required remittance of the clean energy adjustment, collections or remittances.

Same

(2) An order under subsection (1) does not limit any other remedies available to the applicant.

Same

(3) An order under subsection (1) shall remain in full force and effect despite any ~~bankruptcy, reorganization or other insolvency~~ proceedings with respect to the person or entity who is subject to the order.

Choice of law

32xx. The law governing, as applicable, the validity, enforceability, attachment, perfection, priority and exercise of remedies with respect to the transfer of an interest or right or creation of a security interest in the regulatory asset, the investment asset, the clean energy adjustment or the undertaking of the Crown under section x shall be the laws of the Province.

Conflict

33xx. The provisions of this Act and the regulations apply despite any provision of any other Act regarding the attachment, assignment or perfection, or the effect of perfection or priority of any transfer or security interest.

No further approvals, etc.

34xx. Despite any requirement under any Act, no approvals, notices or authorizations other than those specified in this Act are required with respect to the actions to be taken in compliance with this Act, including actions to be taken under the Financing Plan or in relation to the ~~establishment of the Fair Allocation Plan~~**calculation of the fair allocation amount or the fair adjustment**.

Immunity

35xx. (1) No action or other proceeding for damages shall be instituted against any employee of the Province, IESO, OPG or OEB for any act done in good faith in the execution or intended execution of any duty or authority under this Act or for any alleged neglect or default in the execution in good faith of any duty or authority under this Act.

Same

(2) Despite subsections 5 (2) and (4) of the *Proceedings Against the Crown Act*, subsection (1) does not relieve the Crown of liability in respect of a tort committed by a person mentioned in subsection (1) to which it would otherwise be subject.

References in marketing materials and offering documents

36xx. No person shall include, in marketing materials or offering documents relating to the financing of funding obligations, references to any rights, obligations, guarantees or undertakings arising under this section unless the prescribed requirements, if any, are satisfied. **[NTD: Does this belong in section 5xx? Please note that offering documents will have to refer to support from the Province.]**

Non-application, Financial Administration Act, s. 28~~7~~[76]

37xx. Section 28 of the *Financial Administration Act* does not apply with respect to any transaction or agreement or undertaking required, permitted, contemplated or authorized, directly or indirectly, under this Act.

Standing and Remedies

38xx. (a) Any investment interest owner, any creditor of an investment interest owner and any Financial Services Manager may apply to a court for an order under this section.

(b) Where upon an application under subsection (a), the court is satisfied that the IESO, any electricity vendor or any other Person has not complied with, or is not complying with, this Act or the regulations to this Act, the court may make an order to rectify the matters complained of.

~~7~~[76] Note - see s. 51 of the Electricity Act, 1998

(c) In connection with an application under this section, the court may make any interim or final order it thinks fit, including an order restraining the conduct complained of and an order to compensate an investment interest owner, any creditor of an investment interest owner and any Financial Services Manager.

(d) The rights of an investment interest owner, any creditor of an investment interest owner and any Financial Services Manager under this section are in addition to any other rights any of them may have.

(e) In this section, court means the Superior Court of Justice.

(f) An appeal lies to the ■ from any order made by the court under this section.

[NTD: This language is based on language in the OBCA]

Regulations

~~38~~**39xx.** The Lieutenant Governor in Council may make regulations,

(a) defining any term used in this Act….

(b) prescribing types of payment obligations that constitute funding obligations;

(~~a~~**c**) governing the calculation [true-up amount] and how the amount is to be applied to the clean energy adjustment~~.~~**;**

(~~b~~**d**) governing the inclusion of ~~adjustments~~**information** under this Act on invoices, which may include requiring notice to be provided by electricity vendors to specified persons regarding the adjustments. **[NTD: The Province should not have the right to change how the FSM will ultimately collect the investment interests.]**

[Note: reg-making powers to be dealt with in subsequent draft]

PART VII
AMENDMENTS TO OTHER ACTS

ELECTRICITY ACT, 1998

200x. (1) Subsection 6 (1) of the *Electricity Act, 1998* would be amended by adding the following clauses:

(q.0.1) to exercise the powers and rights and to perform the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and to engage in

activities to facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*, including,

(i) entering into agreements or arrangements with any person for the purposes of the *Ontario Fair Hydro Plan Act, 2017*;

(ii) engaging in activities related to making payments to and receiving payments as contemplated under the *Ontario Fair Hydro Plan Act, 2017* and to engage in related settlement activities;

(iii) engaging in activities related to the creation, transfer and administration of the regulatory asset created under the *Ontario Fair Hydro Plan Act, ~~2017, which activities may include,~~ **2017;***

(iv) incurring liabilities in relation to the regulatory asset**;**

(v) transferring the regulatory asset for consideration; **and**

(vi) acting as a recovery agent under the *Ontario Fair Hydro Plan Act, ~~2017;~~ **2017.***

201x. Section 53.1 of the Act would be amended by adding the following subsections:

Same, *Ontario Fair Hydro Plan Act, 2017*

53.1 (1.1) In addition to the objects mentioned in subsection (1), the objects of Ontario Power Generation Inc. include exercising the powers and rights and performing the duties and obligations assigned to it under ~~that~~>*the Ontario Fair Hydro Plan*< *Act*>, *2017*< and engaging in activities to facilitate the implementation of ~~the *Ontario Fair Hydro Plan*~~**that** Act, ~~*2017,*~~ including ~~the following:~~ ~~1.~~ ~~Entering~~**entering** into contracts and undertakings on behalf of <~~*special purpose*~~>financing entities~~, including pre-formation contracts and undertakings and as principal in relation to matters permitted by <*the Ontario Fair Hydro Plan*> *Act*<, *2017*>~~ **and performing other services on behalf of financing entities,** subject to the right ~~of reimbursement from amounts available~~ to **be paid by** the financing ~~entity.~~**entities for those services.**[7]

~~2. Preparing reports on behalf of the financing entity.~~

~~3. Enforcing the rights of the financing entity.~~

[7] **NTD: Upon further reflection, OPG/Torys think it would be preferable to not have a detailed list of objects included in s. 53.1(1.1) as it may raise issues about OPG's objects set out in s. 53.1(1) and the absence of a detailed list of objects in that section.**

~~4. Signing offering documents as sponsor or otherwise on behalf of the financing entity.~~

~~5. Exercising the powers and performing the duties of the Financial Services Manager under the *Ontario Fair Hydro Plan Act, 2017*~~

~~6. Issuing non-equity securities in Ontario Power Generation Inc. or on if its subsidiaries, for the purpose of raising funds to acquire debt or equity interests in a financing entity whose activities are limited to the incurrence of funding obligations pursuant to the *Ontario Fair Hydro Plan Act, 2017*.~~

Subsidiaries, etc.

(1.2) Ontario Power Generation Inc. may create **or invest in** one or more subsidiaries, trusts**, partnerships** or special purpose entities in order to more efficiently conduct its activities or achieve its objects.

Deemed assets, entity

(1.3) Subject to subsection (1.4) and despite any other provision of this Act, the *Business Corporations Act* or any other Acts or laws,

(a) the assets and liabilities of a financing entity shall not form part of the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries in any proceeding or otherwise; and

(b) the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries shall not form part of the assets and liabilities of a financing entity in any proceeding or otherwise.

Exception

(1.4) Subsection (1.3) does not apply to a subsidiary of Ontario Power Generation Inc. where the subsidiary is a financing entity.

Definition, financing entity

(1.5) For the purposes of this section, "financing entity" has the meanings provided for in the *Fair Hydro Plan Act, 2017*.

202x. Section 89 of the Act would be amended by adding the following subsection:

Exception

(4) The requirement in subsection (1) to pay an amount to the Financial Corporation does not apply ~~in~~**:**

1. In respect of ~~amounts payable to~~**any income, gain or profit of** Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. as a result of ~~its functions as the Financial Services Manager under the *Ontario Fair Hydro Plan Act, 2017*.~~**or by virtue of:**

(A) where a financing entity established is a corporation, acquiring, holding or disposing of any equity interest in the financing entity, including in respect of any dividends or other distributions paid or payable or otherwise accrued to Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. in respect of any such equity, or

(B) where a financing entity is a trust, acquiring, holding or disposing of any beneficial interest in the financing entity, including in respect of any amounts paid or payable to Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. as a beneficiary of such entity, or

2. To a financing entity that is a subsidiary of Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc.

203x. Section 90 of the Act would be amended by adding the following subsection:

Exception

(4) The requirement in subsection (1) to pay an amount to the Financial Corporation does not apply ~~in~~**:**

1. In respect of ~~amounts payable to~~**any income, gain or profit of** Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. as a result of ~~its functions as the Financial Services Manager under the *Ontario Fair Hydro Plan Act, 2017*.~~**or by virtue of:**

(A) where a financing entity established is a corporation, acquiring, holding or disposing of any equity interest in the financing entity, including in respect of any dividends or other distributions paid or payable or otherwise accrued to Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. in respect of any such equity, or

(B) where a financing entity is a trust, acquiring, holding or disposing of any beneficial interest in the financing entity, including in respect of any amounts paid or payable to Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. as a beneficiary of such entity, or

2. To a financing entity that is a subsidiary of Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc.

[Note: Drafting still to be added to the EA consequential amendments: ***All fees charged by OPG as the FSM shall be approved by the OEB before they are included in the calculation of clean energy adjustments.]***

AMENDMENTS TO ONTARIO ENERGY BOARD ACT, 1998

204x. Subsection 1 (1) of the *Ontario Energy Board Act, 1998* would be amended by adding the following paragraph:

6. To facilitate the implementation of the ~~[TBD – language should link up with language from new Act.]~~***Ontario Fair Hydro Plan Act, 2017.***

205x. ~~Section 70 of the Act would be amended by adding the following subsection~~Subsection 70(2.1) of the Act would be amended by adding the following paragraph:

4. The licensee is required to comply with the *Ontario Fair Hydro Plan Act, 2017.*

206x. Section 78.1 of the Act would be amended by adding the following subsection:

Same, limitation re Ontario Power Generation Inc.

(3) The determination of a payment to Ontario Power Generation Inc. under this section shall not include any consideration of amounts related to activities of Ontario Power Generation Inc. carried out in relation to the *Ontario Fair Hydro Plan Act, 2017.*

Same

(3.1) The amounts referred to in subsection (3) include, without limitation, the following:

1. Amounts related to the appointment of Ontario Power Generation Inc. as the Financial Services Manager under the *Ontario Fair Hydro Plan Act, 2017.*

2. Amounts related to the charging of fees for performing duties as the Financial Services Manager.

3. Amounts related to exercising the powers and performing the duties of the Financial Services Manager.

4. Amounts related to the consolidation of the assets and liabilities for accounting purposes of any >*special purpose* <**financing entities established under and for the purposes of that Act.**

~~*[Note - still need to draft new subs. 70 (2.1)]*~~

Short Title - this proposal for legislation would, if approved by the Legislature, have a short title to be determined by Government.

Timing – this proposal for legislation would, if approved by the Legislature, come into force on a date to be established by Government.

SCHEDULE 1
ESTIMATED FINANCE AMOUNT

Estimated finance amount

1. The estimated finance amount for a reference period shall be determined **by the Financial Services Manager** by estimating, prior to the start of a reference period, the sum of the following:

1. The sum of all amounts that are payable during the reference period by or on behalf of the investment ~~asset~~**interest** owners to satisfy an obligation to repay, redeem or repurchase, or to provide for the repayment, redemption or repurchase, of all or a portion of the amount advanced to the **investment asset** owners under a funding obligation, ~~excluding any payment made by applying the~~**reduced by any** proceeds of a refinancing.

2. The sum of all funding costs for the reference period, determined as follows:

    i. Calculate the aggregate of all interest, **original issue discount** scheduled principal and other periodic finance charges accruing, due and becoming payable or paid by or on behalf of investment assets owners during the reference period in respect of all funding obligations, including such amounts as may be prescribed.

    ii. Calculate the sum of the aggregate of all amounts received **or expected to be received** by or on behalf of investment ~~asset~~**interest** owners during the reference period in respect of all funding obligations and such other amounts as may be prescribed.

    iii. Subtract the amount calculated under paragraph ~~2~~**ii** from the amount calculated under paragraph ~~1.~~**i.**

3. The sum of all amounts payable during the reference period by or on behalf of investment ~~asset~~**interest** owners to redeem, prepay or repurchase a funding obligation, including any premium, make-whole or other amount becoming payable under a funding obligation to give effect to the redemption, prepayment or repurchase.

4. The balance of the finance reserve ~~at the end of~~**for** the reference period, as determined under section 3 to this Schedule.

5. The sum of any other amounts payable during the reference period by or on behalf of investment ~~asset~~**interest** owners that were incurred or committed to

directly or indirectly in connection with the **acquisition, maintenance or collection of the investment asset or the** incurrence of funding obligations under the Financing Plan during the reference period, which may include such amounts as may be prescribed.

Funding costs

2. For the purposes of paragraph 2 of section 1 to this Schedule, the funding costs for a reference period are determined by taking the following steps: **[NTD: Who is to complete this?]**

Finance reserve balance

3. (1) For the purposes of paragraph 4 of section 1 to this Schedule, the balance of the finance reserve ~~at the end of~~**for** the reference period is determined by taking the following steps:

1. Calculate the sum of all amounts deposited by or on behalf of investment ~~asset~~**interest** owners during the reference period in order to pre-fund, collateralize, over-collateralize or establish reserves for the ultimate payment of funding obligations or for related contingencies specified in the Financing Plan.

2. Calculate the sum of all amounts withdrawn by or on behalf of investment ~~asset~~**interest** owners during the reference period ~~from deposits previously made as described in paragraph 1.~~.

3. Subtract the amount calculated under paragraph 2 from the amount calculated under paragraph 1.

TO ANY FINAL BILL PRIOR TO INTRODUCTION.

[Insert explanatory note.]

[Notes re this draft:
- all numbering of provisions may need to be re-done
- will need to check all definitions to ensure (1) that they are needed; and (2) that they work properly wherever the term is used in the Bill.
- additional consequential amendments likely required still
- overall organization of provisions still TBC (for now just trying to get all of the elements drafted and will reconsider architecture later)
- need to check consistency of various phrases (e.g. *during/for/in respect of* reference period; *owner of RA/IA vs. RA/IA owner; etc.)*]

Preamble

The Government of Ontario is committed to fostering the development of a clean, modern and reliable electricity system with a diverse supply mix. The Government is also committed to removing barriers to and promoting opportunities for renewable and clean energy projects.[1]

The Government of Ontario has established a regulatory framework related to the generation and sale of electricity, which has promoted and continues to promote significant investment to enable the phasing out of coal fired generation, the modernization of electricity generation facilities,[2] and conservation and demand management initiatives.

The Government of Ontario is committed to ensuring that the costs of these investments are allocated fairly among present and future generations of consumers, and that the costs of financing such fair allocation is similarly allocated among present and future generations of consumers. **[NTD: Delete references to "raising of money". This may imply a tax scheme. The references to generation facilities above is sufficient nexus to 92A(4)(b) of the Constitution 1867, if needed.]**

[1] Note: please see the preamble of the *Green Energy Act, 2009.*
[2] Note: please see clause 92A (4) (b) of the Constitution, 1867: "des emplacements et des installations de la province destinés à la production d'énergie électrique, ainsi que de cette production meme".

Therefore, Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Interpretation
Definitions

1xx. (1) In this Act,

"Board" means the Ontario Energy Board; ("French")

"clean energy adjustment" means the amount determined under section 10xx; ("French")
[Note - will need to check throughout the draft that references to CEA are clear as to whether it's the total CEA in respect of a reference period vs. the portion payable by a specified consumer.]

"clean energy benefits" means, in respect of a reference period, the value of the benefits to be derived by **[or accruing to]** specified consumers during the reference period as a result of the clean energy initiative, including as a result of past, present and expected future incurrences of clean energy costs, as determined by ■ and described in ■; ("French")

"clean energy costs" means, in respect of a reference period, the costs allocated to specified consumers during the reference period as a result of the clean energy initiative, including as a result of past, present and expected costs incurred in respect of,

(a) the amounts to be reflected in adjustments made by the IESO under section 25.33 of the *Electricity Act, 1998* or any provision that is the successor to that provision, which relate to,

(i) contracts for renewable energy generation or capacity,

(ii) contracts for conservation and demand management, including storage,

(iii) energy efficiency **[NTD: Consider deleting. Section 25.33 does not refer to any such contracts, nor does s. 78.5 of the OEB Act. It is not clear what the basis is for this type of cost/GA adjustment]**,

(iv) contracts for natural gas generation or capacity, excluding contracts relating to amounts payable by the IESO under section 78.2 of the *Ontario Energy Board Act, 1998* and excluding such other contracts as may be prescribed,

(v) payments under section 78.5 of the *Ontario Energy Board Act, 1998*, and

(b) such other estimated costs as may be prescribed; ("French")

"clean energy initiative" means the policies of the Government of Ontario related to,

(a) fostering the growth of and investment in clean and renewable energy sources and technologies,

(b) removing barriers to and promoting opportunities for clean and renewable energy sources and technologies, and

(c) promoting conservation and demand management; ("French")

"electricity vendor"[3] means the IESO, a licensed distributor, a licensed retailer or such other person as may be prescribed; ("French")

"fair adjustment" means the adjustment to the rate payable for electricity determined in accordance with Part II; ("French")

"fair allocation amount" has the meaning ascribed to it in section 15xx(1.1);

"Financial Services Manager" means Ontario Power Generation Inc. [or such other person or entity as may be appointed as the Financial Services Manager by the Minister under section ** for purposes of section 16xx or by holders of funding obligations in accordance with the terms of their applicable contract rights]; ("French")

"financing entity" means any entity established for the purpose of being an investment interest owner and that is managed by the Financial Services Manager;

"Financing Plan" means the plan prepared under section X, as amended from time to time in accordance with this Act; ("French")

[3] Note - this is similar to the definition of "electricity vendor" in the Ontario Rebate for Electricity Consumers Act, 2016

"funding obligation" means a payment obligation incurred by or on behalf of an investment interest owner as prescribed in the Regulations; ("French")

"IESO" means the Independent Electricity System Operator continued under Part II of the *Electricity Act, 1998*; ("SIERE")

"IESO funding shortfall" means, in respect of a reference period, the amount determined under section 20xx for the reference period; ("French")

"investment asset" means the property rights created as described in section 22xx; ("French")

"investment interest owner" means a financing entity that acquires an investment interest in the investment asset; ("French")

"investment interest" means an ownership interest in the investment asset;

"invoice amount" means the amount, determined in accordance with subsections (2.1) and (2.2) and the regulations, that is payable by a specified consumer for the provision of electricity and related services **[NTD: to capture delivery and regulatory charges that together with commodity make up the total invoice amount]** in Ontario during a period of time specified on an invoice issued by an electricity vendor; ("French")

"licensed distributor" means a person licensed under Part V of the *Ontario Energy Board Act, 1998* to own or operate a distribution system; ("French")

"licensed retailer" means a person who is licensed under Part V of the *Ontario Energy Board Act, 1998* to retail electricity; ("French")

"Minister" means the Minister of Energy or such other member of the Executive Council as may be assigned the administration of this Act under the *Executive Council Act*; ("ministre")

"prescribed" means prescribed by the regulations; ("prescrit")

"reference period" means each of,

(a) the period beginning on May 1, 2017 and ending on October 31, 2017, and **[NTD: See note after section 6xx(4)]**

(b) every six-month period following the period mentioned in clause (a) or such shorter period as may be set out in the Financing Plan; ("French")

"refinancing" means a repayment or repurchase of a funding obligation for cancellation by or on behalf of an investment interest owner by applying the net proceeds obtained by the investment interest owner incurring one or more other funding obligations; ("French")

"regulation" means a regulation made under this Act; ("règlement")

"regulatory asset" means the right established under section X to recover the IESO funding shortfall; ("French")

"representative consumer" means a consumer who meets the criteria set out in subsection (3); ("French")

"specified consumer" means,

(a) a person who has an account with an electricity vendor for the supply of electricity and related services, receives an invoice in respect of the account and meets the criteria set out in subsection (2); or

(b) such other person as may be prescribed; ("French")

"Toronto Hydro" means Toronto Hydro-Electric System Limited; ("French") **[NTD: Including successors?]**

"transfer" includes an assignment, conveyance, disposition or sale and, in the case of the regulatory asset or any part thereof, includes any act of IESO by which IESO purports to dispose of or forego its rights to recover all or any portion of the IESO funding shortfall to enable an investment interest owner to recover the amount of such IESO funding shortfall or portions thereof as part of its investment interest; ("French")

Specified consumers

(2) For the purposes of clause (a) of the definition of "specified consumer" in subsection (1), the person must meet any one of the following criteria:

1. The person has a demand for electricity of 50 kilowatts or less, or such other amount as may be prescribed.

2. The person annually uses not more than 250,000 kilowatt hours of electricity, or such other amount as may be prescribed.

3. The person carries on a business that is a farming business for the purposes of the *Farm Registration and Farm Organizations Funding Act, 1993* and either

holds a valid registration number assigned under that Act or has had the obligation to file a farming business registration form waived pursuant to an order made under subsection 22 (6) of that Act.

4. The person's account with the electricity vendor relates to,

    i. a dwelling,

    ii. a property within the meaning of the *Condominium Act, 1998*,

    iii. a residential complex within the meaning of subsection 2 (1) of the *Residential Tenancies Act, 2006*, without regard to section 5 of that Act, or

    iv. a property that includes one or more housing units and that is owned or leased by a co-operative within the meaning of the *Co-operative Corporations Act*.

5. The person satisfies such criteria as may be prescribed.

Invoice amount

(2.1) Subject to subsection (2.2) and the regulations, the invoice amount for a specified consumer includes the following amounts:

1. In circumstances where the electricity is provided by a licensed distributor or a licensed retailer, the following:

    i. The commodity price of the electricity used during the invoice period.

    ii. The rates and charges set out in the applicable rate order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998*.

    iii. Any adjustment on the invoice required under section 25.33 of the *Electricity Act, 1998*.

    iv. The amount of any harmonized sales tax payable under Part IX of the *Excise Tax Act* (Canada); **[NTD: Confirm that the intention is for the total bill reduction to be based on the after-tax total amount of the bill]**

    v. Any other amounts as may be prescribed.

2. In circumstances where the electricity is provided by the IESO, such amounts as may be prescribed. ("French")

   [NTD: Need to deal with circumstances where invoice is issued by a licensed unit sub-meter provider]

Same, exclusions

(2.2) Except as otherwise prescribed by the regulations, the invoice amount does not include any of the following amounts:

1. The balance of any amounts carried forward from previous invoices.

2. Penalties or interest.

3. Charges that do not relate to electricity.

4. Any of the following charges that may be set out in an order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998*:

   i. A fixed monthly service charge payable by a generation facility within the meaning of section 56 of the *Ontario Energy Board Act, 1998* and classified as "microFIT".

   ii. A charge labelled as a "specific service charge" or "retail service charge".

   iii. A rate rider. **[NTD: Consider the rationale of excluding rate riders, many of which are for costs that are directly related to the commodity price of electricity or rates and charges established under s. 78(3) of the OEB Act, all of which are more closely aligned with the types of items included in (2.1) rather than the items excluded under (2.2)]**

5. Any other prescribed amounts.

Representative consumer

(3) For the purposes of the definition of "representative consumer" in subsection (1), the consumer,

(a) purchases electricity directly from Toronto Hydro;

(b) has an account with Toronto Hydro that falls within a residential-rate classification as specified in a rate order made by the Board under section 78 of the *Ontario Energy Board Act, 1998*;

(c) is invoiced by Toronto Hydro on a monthly basis;

(d) is not invoiced by Toronto Hydro for electricity on an equal monthly payment plan or an equal billing plan; and

(e) uses, on average, 750 kilowatt hours of electricity each month.

Effect of invalidity, etc.[4]

2xx. (1) For greater certainty, all of the provisions of this Act remain in full force and effect, even if one or more provisions are held to be invalid, the intention of the Legislature being to give separate and independent effect to the extent of its powers to every provision contained in this Act.

Same, funding obligation

(2) The fact that any provision of this Act is held to be invalid or ceases to be in effect for any reason does not affect the validity or enforceability of a funding obligation incurred under this Act before the day that the provision is held to be invalid or ceases to be in effect.

Purpose

3xx. (1) The purposes of this Act are,[5]

(a) to fairly allocate clean energy costs among specified consumers over time and to reflect that fair allocation in the process by which these clean energy costs are funded; **[NTD: See comments above regarding references to raising money]** and **[NTD: Alternatively: ". . . over time and that the costs of financing such fair allocation are similarly allocated among specified consumers over time"]**

(b) to recognize that clean energy benefits that have accrued and that will accrue over time will continue to benefit present and future electricity consumers in the Province.

Crown bound

4xx. This Act binds the Crown.

[4] Note: this is from the *Climate Change Mitigation and Low-carbon Economy Act, 2016*
[5] Note: Please see the *Electricity Act, 1998* for much of the wording proposed in this section.

Protection and assurances
Prohibition

5xx. (1) The Crown shall not do or cause or permit any agent of the Crown to do anything that would,

(a) hinder, delay, impair or prejudice the charging, collection, remittance or recovery of the clean energy adjustment;

(b) except as expressly permitted by this Act, reduce, alter or impair the amount of the clean energy adjustment or lower the priority of the clean energy adjustment over other debts; or

(c) adversely affect an investment asset, investment interest or a funding obligation.

Clarification with respect to legislation and regulations

(2) For greater certainty, the things prohibited under subsection (1) include the making or approving or amending of a regulation under this Act, introducing or passing any amendments to this Act or any other Act, introducing or passing any new Act, or making or approving or amending a regulation under any other Act.

Agreements for compensation

(3) The Minister may, **[**with the approval of the Lieutenant Governor in Council,**]** enter into agreements on behalf of the Crown with any person in respect of this Act, or in relation to this Act, including agreements regarding financial commitments, financial arrangements, indemnities, guarantees or similar transactions. **[NTD: What are the implications of requiring LGIC approval?]**

IESO and Electricity vendors, obligations

(4) If the IESO or an electricity vendor fails to carry out its obligations under this Act or the regulations for any reason, including because the IESO or the electricity vendor is dissolved or restructured or because it becomes insolvent, the Crown shall carry out those obligations or ensure they are carried out by another appropriate entity.

PART II
FAIR ADJUSTMENT

Fair adjustment, May 1, 2017 to April 30, 2018
Definition

6xx. (1) In this section,

"average baseline invoice amount" means the average monthly invoice amount that would be payable by a representative consumer under the average baseline rate; ("French")

"average baseline rate" means the average rate that would be payable effective May 1, 2017 by the class of consumers prescribed by the regulations under the *Ontario Energy Board Act, 1998* for the purposes of subsection 79.16 (1) of that Act, as determined by the Board by applying the method prescribed by the regulations under clause 79.16 (1) (b) of that Act as of May 1, 2017; ("French")

"sub-meter customer" means a person who is supplied electricity by a specified consumer, if an invoice for the electricity is issued to the person by [the specified consumer, by an agent of the specified consumer or by] **[NTD: Consider deleting as these persons would not likely be permitted to provide sub-metering or to issue invoices other than based on sub-meters. Moreover, the language here would not even require them to have sub-meters]** a unit sub-meter provider providing unit sub-metering for the specified consumer; ("French")

"licensed unit sub-meter provider" means a person who is licensed under Part V of the *Ontario Energy Board Act, 1998* to engage in unit sub-metering;

Rate determination

(2) Subject to subsection (3), [to more fairly measure and allocate the clean energy costs and clean energy benefits among present and future generations of specified consumers,] the rate for electricity payable by a specified consumer for the period beginning on May 1, 2017 and ending on April 30, 2018 is the average rate that would be payable by a representative consumer in order for the representative consumer to receive **[an average]** monthly invoice amount that is 25 per cent less than the average baseline invoice amount. **[NTD: We think this should indicate 17% rather than 25% on the assumption that the "average baseline rate" does not account for the 8% Ontario Rebate for Electricity Consumers. If it is intended to say 25% here, then the "average baseline rate" must already account for the 8% OREC but this is not indicated] [NTD: Consider whether this provision works with the May 1, 2017 'interim' or partial reduction announced by the OEB]**

Sub-meter customers

(3) A specified consumer who provides electricity to a sub-meter customer and any licensed unit sub-meter provider who provides unit sub-metering for the sub-meter customer on behalf of the specified consumer shall ensure that the rate payable by each sub-meter customer is the rate determined under subsection (2).

Determining rate

(4) The rate described in subsection (2) shall be,

(a) determined by the Board within seven business days after this section receives Royal Assent; and

(b) effective as of the first day of the calendar month immediately following the determination. **[NTD: If the legislation receives Royal Assent in May then the new rate would be applicable starting June 1, 2017.]**

Transition

(5) If, for technical or operational reasons, an electricity vendor, specified consumer or licensed unit sub-meter provider is unable to adapt its invoices to comply with this section by the time it issues its first invoice for electricity consumed on or after May 1, 2017,

(a) the electricity vendor, specified consumer or licensed unit sub-meter provider shall adapt its invoices as soon as possible and, in any event, no later than [August 1, 2017]; and

(b) the electricity vendor, specified consumer or licensed unit sub-meter provider shall ensure that any specified consumer or sub-meter customer invoiced at a rate higher than the rate described in subsection (2) receives the difference between the rate shown on their invoice and the applicable rate as a lump sum credit on the first invoice issued after the invoices have been adapted or by such other means as may be prescribed by the regulations.

Fair adjustment, May 1, 2018 to April 30, 2022

7xx. The Lieutenant Governor in Council may, [to more fairly measure and allocate the clean energy costs and clean energy benefits among present and future generations of specified consumers,] make regulations prescribing the rate for electricity payable by specified consumers and sub-meter customers during the period beginning on May 1, 2018 and ending on April 30, 2022. **[NTD: We believe you need to clarify whether or not Cabinet's authority to set rates under section 7xx is subject to the determination of the fair allocation amount in section 15xx.]**

PART III
CLEAN ENERGY ADJUSTMENT

Electricity vendor to invoice specified consumers

8xx. (1) Each electricity vendor shall issue an invoice to each of its specified consumers for the consumer's amount of the clean energy adjustment in accordance with the regulations. **[NTD: Need parallel requirements for sub-meter consumers to pay to licensed unit sub-meter providers and for the latter to pay electricity vendors on behalf of the relevant specified consumer]**

Electricity vendor to collect

(2) Each electricity vendor shall, as an agent of the IESO and the investment interest owners, collect amounts in respect of the clean energy adjustment from specified consumers [in accordance with the monthly settlement process set out in the market rules made under section 32 of the *Electricity Act, 1998]*.

Specified consumers to pay clean energy adjustment

(3) Upon receipt of an invoice that includes an amount in respect of a clean energy adjustment, a specified consumer shall pay such amount to the electricity vendor, as agent of IESO and the investment interest owners, in accordance with such terms of payment as may be specified in the invoice, which may include terms relating to late payment fees and interest charges.

Same

(4) For greater certainty,

(a) each clean energy adjustment is considered to be consistent with the fair allocation calculation applicable at the time when the payment is due; and

(b) each clean energy adjustment is considered to relate to funding obligations that were incurred in a manner that was inconsistent with the Financing Plan.

Indebtedness of specified consumer

(5) An unpaid amount in respect of a clean energy adjustment that is required to be paid by a specified consumer under this section constitutes indebtedness of the specified consumer to each investment interest owner in respect of each investment interest owner's respective interest in the investment asset.

Same

(6) The indebtedness mentioned in subsection (5) is a single and separate debt obligation owed by the specified consumer and may be enforced independently from any other payment obligation or indebtedness owing by the specified consumer under the invoice or otherwise.

Determination of clean energy adjustment

10xx. (1) The clean energy adjustment payable by all specified consumers in respect of a reference period shall be determined **[NTD: by whom?]** as follows:

1. Calculate the estimated finance amount for the reference period in accordance with Schedule 1 and such additional rules as may be prescribed. **[NTD: Consider defining "estimated finance amount"]**

2. Add the true up amount for the reference period, as determined in accordance with the prescribed method, to the estimated finance amount calculated under paragraph 1. **[NTD: Consider defining "true up amount"]**

True up amount

(2) For the purposes of paragraph 2 of subsection (1), the Lieutenant Governor in Council may make regulations prescribing the method for determining the true up amount, having regard to the following principles:

1. The true up amount should serve to ensure that the collection of the clean energy adjustment is sufficient to pay the estimated finance amount when it is due.

2. The method for determining the true up amount should take into account historical and reasonably foreseeable,

    i. differences between amounts billed and amounts collected due to various factors, including applicable taxes, consumer defaults and delays, billing lags and write-offs, and

    ii. variations in billings due to variations in electricity consumption. **[NTD: Confirm that true up will cover forecasting errors in addition to the rate reduction.]** **[NTD: But excluding variations attributable to the current RPP methodology or due to OREC]**

IESO to issue remittance notice to electricity vendors

11xx. (1) The IESO shall, in accordance with the regulations, issue a remittance notice to each electricity vendor for the electricity vendor's portion, as determined in accordance with the regulations, of the clean energy adjustment in respect of a reference period. **[NTD: This process needs to be re-considered. Under the OEB Act, electricity vendors may only charge their consumers the amounts that the OEB permits them to charge. IESO cannot tell EVs what to charge and EVs cannot determine on their own what to charge based on amounts invoiced by IESO. Moreover, it would be too much of a burden on EVs, and too much risk of error, to require them to determine charges for their consumers based on the overall portion of the CEA allocated to that EV. It is suggested that the alternative is a process whereby the OEB determines a rate that is applicable to all specified consumers. The rate would be based on information from IESO (i.e. forecast demand for all specified consumers in a reference period) and information from the Financial Services Manager (i.e. the estimated financing cost/total amount it needs in the reference period), which information the OEB would be required to accept in determining the applicable rate, which EVs would then be required to charge and remit to IESO]**

IESO to collect

(2) The IESO shall, as an agent of the investment interest owners, collect the clean energy adjustment from electricity vendors [in accordance with the monthly settlement process set out in the market rules made under section 32 of the *Electricity Act, 1998]*.

Collection account

(3) All of the following amounts received by the IESO shall, until paid to or for the benefit of the investment interest owners in accordance with subsection (5), be deposited promptly into an account established for the purposes of collecting those amounts:

1. Amounts described in subsection 11xx (2).

2. Payments made by specified consumers directly to the IESO as electricity vendor under subsection 8 (1).

Same, held in trust

(4) All amounts received by the IESO in respect of the clean energy adjustment shall, until paid to or for the benefit of the investment interest owners in accordance with subsection (5), be held, and are deemed to be held, in trust for the investment interest owners or a secured party to whom a security interest in an investment interest is granted under this Act.

IESO to remit

(5) The IESO shall remit amounts received by it in respect of the clean energy adjustment to or for the benefit of the investment interest owners in accordance with the regulations.

Collection of outstanding amounts

(6) If the total clean energy adjustment payable by specified consumers in respect of a reference period is less than the amount contemplated to be payable under the applicable fair allocation calculation made by the Financial Services Manager under Part IV, the IESO may collect any outstanding IESO funding shortfall from specified consumers. **[NTD: Does the methodology for doing so need to be further described in regulations?]**

Irrevocability of clean energy adjustment

12xx. (1) The amount in respect of the clean energy adjustment shown on an invoice issued to a specified consumer under this Act is determinative of the amount of the consumer's indebtedness created by the clean energy adjustment is irrevocable upon invoicing the consumer and may not be set off or by passed.

Exception

(2) Subsection (1) does not apply to the extent that there is a calculation error by the electricity vendor, which error shall be corrected in accordance with section 10xx(2).

Pro rating of payments

(3) If an electricity vendor receives a payment made by or on behalf of a specified consumer in respect of amounts payable under one or more invoices and the amount paid is less than the total amount payable, the electricity vendor shall allocate the payment on a pro rata basis to the clean energy adjustment and other amounts payable under the relevant invoices in respect of electricity charges for the same invoice period.

Held in trust

(4) All of the following amounts received by an electricity vendor shall, until paid to or for the benefit of the investment interest owner in accordance with subsection (5), be held, and shall be deemed to be held, in trust for the investment interest owners or a secured party to whom a security interest in an investment interest is granted under this Act:

1. Payments received from or on behalf of specified consumers under subsection 8 (1).

2. Portions of payments received from or on behalf of specified consumers under subsection 8 (1) that are allocated to the clean energy adjustment under subsection (3).

3. Any proceeds arising from the exercise and enforcement of any rights and interests under or in respect of the investment asset.

Remittance to IESO

(5) Each electricity vendor other than the IESO shall remit amounts described in subsection (4) to the IESO for the benefit of the investment interest owners or secured parties in accordance with the regulations.

Regulations

(6) If an electricity vendor fails, in the manner described in the regulations, to comply with the requirements of this section, the electricity vendor shall take such steps as the regulations may prescribe.

[NTD: Need parallel requirements for licensed unit sub-meter providers to invoice and collect from sub-meter customers and allocate on a pro-rata basis, hold amounts in trust and remit to EVs on behalf of the relevant specified consumers]

PART IV
IMPLEMENTATION

FINANCIAL SERVICES MANAGER

Appointment

13xx. (1) [Note: To be elaborated.] **[NTD: Limit appointment to the FSM's role under section 16xx of the Act only]**

Termination

(2) The Minister may by written order terminate the appointment of an appointee as the Financial Services Manager for purposes of section 16xx of the Act if,

(a) the Minister has advised the appointee that the Financing Plan is either inconsistent with or is being implemented in a manner that is inconsistent with the principles set out in section x;

(b) the appointee has been afforded a reasonable opportunity to consider and address the inconsistency; and

(c) the appointee is unwilling or unable to address the inconsistency to the satisfaction of the Minister.

Replacement

(3) Upon terminating an appointment, the Minister may, in accordance with the regulations, appoint a new person or entity as the Financial Services Manager for purposes of section 16xx of the Act.

Duties and powers

14xx. (1) The Financial Services Manager shall perform the duties assigned to it under this Act and may administer the investment asset on behalf of the investment interest owners.

Same

(2) The administration of the investment asset may include the following:

1. Providing information, in accordance with the regulations, to the Board in respect of funding obligations and the determination of the clean energy adjustment in accordance with section XX.

2. Providing information to the IESO for distribution to electricity vendors, in respect of obligations under Part III.

3. Such other matters as may be prescribed. **[NTD: What is contemplated here?]**

Review of costs

(3) The Board shall review the administrative costs of the Financial Services Manager in accordance with the regulations. **[NTD: Please confirm that fees to be paid to OPG will be address in the regulations.] [NTD: Need to understand intended scope and nature of OEB review to determine if this language is appropriate].**

FAIR ALLOCATION AMOUNT

Minister to calculate fair allocation amount

15xx. (1) The Minister shall calculate the fair allocation amount for the purposes of,

(a) fairly measuring and allocating the estimated clean energy costs and estimated clean energy benefits among the specified consumers in respect of each reference period; and

(b) aligning funding obligations that may be incurred during each reference period with the allocation of the estimated clean energy costs and estimated clean energy benefits across present and future generations of specified consumers.

Amount

(1.1) The fair allocation amount in respect of a reference period is the sum of the following amounts:

1. The amount, if any, by which the estimated [clean energy costs] [clean energy benefits] to be allocated to specified consumers in respect of the reference period exceeds the estimated amount of [the global adjustment] that would be borne by the specified consumers in respect of clean energy costs [in the absence of this Act].

2. An allocable portion of the value of any fair adjustment, determined in accordance with subsection (3). **[NTD: Item 1 is a $ amount. Item 2 is a rate reduction measured in $Mwh]]**

Principles

(2) In calculating the fair allocation amount [or in developing the fair allocation calculation?], subject to subsection (3), the Minister shall have regard to the following principles:

1. Clean energy costs allocated to the specified consumers in respect of a reference period should be allocated in proportion to the clean energy benefits attributed to the specified consumers in respect of the reference period.

2. The clean energy benefits attributed to the specified consumers in respect of a reference period should be determined based on *[Insert principles]*.

3. The fair allocation calculation should include reasonable assumptions regarding the following:

    i. The funding costs associated with the funding obligations, for the purpose of equating nominal amounts over time.

    ii. The expected number of specified consumers for each reference period.

    iii. The expected volumes of electricity consumption for each reference period.

Allocation of fair adjustment

(3) If, before the Minister has calculated the fair allocation amount in respect of a reference period, a fair adjustment has been made under Part II in respect of the reference period, the calculation shall include a portion of the value of the fair adjustment in the fair allocation calculation for each future reference period. **[NTD: If the intention is that the fair adjustment under Part II includes the $1B deferral announced by the OEB commencing May 1, 2017, this may not satisfy s. 6xx(2). Also, see Note after 15xx(1.1)(2)]]**

Amendments to the fair allocation calculation

(4) The Minister may amend the fair allocation calculation from time to time, as the Minister considers appropriate, having regard to the requirements of this Act.

Effective date

(5) The fair allocation calculation or an amendment to the fair allocation calculation takes effect on the day that is 30 days after the fair allocation calculation or the amendment, as the case may be, is provided to the Lieutenant Governor in Council, or such shorter period as the Lieutenant Governor in Council may approve. **[NTD: There should be a tie in to section 7xx.]**

Publication

(6) The Minister shall ensure that the fair allocation calculation and any amendments to it are made available to the public in a manner that the Minister considers appropriate.

FINANCING PLAN

Financial Services Manager to prepare Financing Plan

16xx. (1) The Financial Services Manager shall prepare and provide to the Minister a written plan entitled the Financing Plan to be used by the Financial Services Manager to evaluate whether potential funding obligations should be incurred for the purposes of this Act.

Principles

(2) In preparing the Financing Plan, the Financial Services Manager shall have regard to the following principles:

1. Any incurrence of a funding obligation should reasonably align the expected finance amount determined under Schedule 1 that would become due and payable during a reference period with the fair allocation amount determined for the reference period under this Part as of the time of the incurrence. **[NTD: See note after 15xx(1.1)(2)].**

2. Incurrences and transfers should be implemented in a manner that the Financial Services Manager determines reasonably reflects prevailing market terms and conditions.

3. Reasonable assumptions should be made regarding such matters as may be prescribed.

Amendments to approved plan

(3) The Financial Services Manager may amend the Financing Plan at any time, without the approval of the Minister, subject to the requirements set out in this section. **[NTD: How would amendment be communicated? See section 16xx(5).]**

Limitation, first five year period

(4) In respect of each reference period from May 1, 2017 to April 30, 2022, no funding obligation shall be incurred that would become payable during the reference period and result in a clean energy adjustment for the reference period unless,

(a) no fair adjustment has been made under Part II in respect of the reference period; or

(b) if a fair adjustment has been made under Part II in respect of the reference period, the funding obligations that would be payable during the reference period would not exceed the [difference between the fair allocation amount for the reference period and the amount of the fair adjustment for the reference

period]. **[NTD: Has anyone modelled this out to ensure that it is not too restrictive?]**

Confidentiality of plan

[(5) The Financing Plan is deemed to be a record subject to section 17 of the *Freedom of Information and Protection of Privacy Act.***] [NTD: We believe that the Financing Plan would be a material fact to investors (and rating agencies) and would have to be disclosed.]**

Financing entities

17xx. (1) In accordance with the Financing Plan, the Financial Services Manager may establish one or more financing entities that may incur funding obligations and make transfers.

Implementation of Financing Plan

(2) The Financial Services Manager shall in good faith make reasonable efforts to cause financing entities to incur funding obligations and make transfers in material conformity with the applicable Financing Plan.

Same

(3) Any funding obligation incurred by the Financial Services Manager on behalf of a financing entity is considered to be incurred in conformance with the applicable Financing Plan.

Prohibition

(4) The Financial Services Manager shall not provide for funding obligations to be incurred with any recourse to any assets of an electricity vendor, Ontario Power Generation Inc., any subsidiary of Ontario Power Generation Inc. (other than a financing entity), the Board, the Province or the Lieutenant Governor in Council, except to the extent that any of these persons or entities may be liable to perform obligations or duties arising under this Act or under the express terms of a funding obligation.

Effect of amendment to Financing Plan

(5) Each funding obligation incurred and each transfer made by a financing entity shall be considered to be, on occurrence or on transfer, consistent with the Financing Plan and consistent with each fair allocation amount.

PART V
THE REGULATORY ASSET

Interpretation, portion of regulatory asset

18xx. If a transfer under this Part provides for the transfer of a portion of the regulatory asset, any references in this Part to the regulatory asset are deemed to be references to the portion of the regulatory asset transferred.

[Note: This is meant to assist with clarity in the subsequent provisions.]

Variance account

19xx. (1) The Board shall issue an accounting order authorizing the IESO to **[NTD: Consider if any value in having the OEB do this. If OEB derives all of its powers from the legislature, then why can't legislature just directly authorize the IES to establish the account in the legislation?]**:

1. establish a variance account for the purposes of this Act;

2. record the IESO funding shortfall in the variance account from time to time **[NTD: monthly?]**; and

3. recover the IESO funding shortfall in accordance with section X and the regulations.

No hearing

(2) The accounting order of the Board made under (1) shall be made in writing and without holding a hearing. **[NTD: Timing?]**

No appeals, etc.

(3) No appeal lies from the accounting order of the Board made under (1).

IESO funding shortfall

20xx. (1) The IESO shall determine the IESO funding shortfall for each month in the following manner:

1. Calculate the sum of all invoice amounts that would be issued to specified consumers for the month if Part II of this Act did not apply. **[NTD: This requires IESO to determine what the RPP rate would have been but for this Act. Can IESO do this calculation?] [NTD: See also the NTD at 11xx]**

2. Calculate the sum of all invoice amounts issued to specified consumers for the month.

3. Subtract the amount calculated under paragraph 2 from the amount calculated under paragraph 1, and make any other adjustments as may be prescribed.

Same

(2) To the extent that the IESO funding shortfall for any month is based on an estimate of the electricity used by specified consumers, the IESO shall record an adjustment in the variance account in the following month to reflect the difference between the estimate and the electricity actually used by specified consumers.

Recording of IESO funding shortfall

(3) IESO shall record the IESO funding shortfall from time to time **[NTD: monthly?]**, including adjustments resulting from the exercise of the right of recovery under section 21 and any transfer under section 22, in the variance account.

Recording determinative

(4) A recording of the IESO funding shortfall in the variance account is determinative of the amount of IESO funding shortfall at the time of the recording.

Regulatory asset established

21xx. (1) The IESO has the right, exercisable in accordance with this Act and the regulations, to recover the IESO funding shortfall.

Same, restrictions

(2) The IESO's right to recover the IESO funding shortfall under subsection (1) is subject to the following:

1. The IESO shall not be entitled to collect the IESO funding shortfall from specified consumers before May 1, 2022. **[NTD: Accountants to confirm that this will not preclude treatment as a regulatory asset for accounting purposes.]**

2. The process by which the IESO may recover the IESO funding shortfall shall be established by the Board, having regard to the amount of the IESO funding shortfall from time to time and the [fair allocation calculation].

3. Such other conditions as may be prescribed.

Transfer of regulatory asset

22xx. (1) The IESO may transfer all or a portion of the regulatory asset to any financing entity under the Financing Plan.

Same

(2) Upon receipt of any payment in consideration for the transfer,

(a) the IESO shall record the payment as a reduction of the IESO funding shortfall in the variance account; and

(b) the IESO shall have no further right, title or interest in the regulatory asset or in the related investment asset. **[NTD: Need for certainty on this point should prevail. The obligations of IESO in respect of the investment asset will be primarily created by contract.]**

Same

(3) Upon transfer, the financing entity acquires an investment interest and becomes an investment interest owner.

Validity of transfer

23xx. (1) A transfer of a regulatory asset under this Act is a valid and enforceable sale and absolute transfer to the investment interest owner of the regulatory asset, and the investment asset created by the transfer shall be immediately vested in the transferee.

Same

(2) Without limiting subsection (1), any transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of IESO's right to recover the IESO funding shortfall, and not merely as a security interest, and upon the absolute transfer the transferor shall retain no right, title or interest in the regulatory asset, including all rights to recover the IESO funding shortfall.

Deemed perfection, etc.

(3) At the time a transfer of a regulatory asset is made, the transfer shall be deemed to have been and shall be perfected (as such term is used in the *Personal Property Security Act*), vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the transferee shall have priority over any liens in favour of those persons.

PART VI
THE INVESTMENT ASSET

Interpretation, investment asset

24xx. If a transfer under this Part provides for the transfer of an investment asset, any references in this Part to the investment interest are deemed to be references to the specific investment interest transferred.

Investment asset established

25xx. (1) The investment asset constitutes a current and irrevocable property right and interest consisting, collectively, of the following rights and interests of investment interest owners:

1. The right to impose, bill, invoice, collect, receive and recover the clean energy adjustment from specified consumers, including the right to determine the amount of the clean energy adjustment in accordance with this Act.

2. The right to receive, collect and recover all amounts in respect of the clean energy adjustment that are imposed, billed, invoiced and recoverable under this Act, including any and all amounts in respect of the clean energy adjustment that are held by electricity vendors or other prescribed parties.

3. All rights and entitlements under such accounts as may be prescribed by regulation and all amounts on deposit in such accounts.

4. The right to enforce the duties and obligations under this Act of each electricity vendor to impose, attribute, charge, bill and invoice the clean energy adjustment.

5. The right to enforce the duties and obligations under this Act of each electricity vendor to collect, receive and remit amounts received by it in respect of the clean energy adjustment, including all collections and the proceeds of any enforcement action undertaken by an electricity vendor to recover payment of the clean energy adjustment.

6. All rights of any kind (whether in tort, contract or otherwise) that attach or are attendant or incidental to any of the other property rights or interests that comprise the investment interest owner's investment interest.

7. All revenue, collections, claims, payments, money and proceeds of or derived from the rights described in paragraphs 1 to 6, regardless of whether such revenue, collections, claims, payments and proceeds are imposed, invoiced, collected and maintained together with or commingled with other revenue, collections, claims, payments, money and proceeds.

Same

(2) An investment interest is not affected by any failure to impose, attribute, invoice, accrue or collect the clean energy adjustment.

No set off, etc.

(3) The investment asset shall not be set off or reduced by any person in any circumstance, including,

(a) by a consumer, an electricity vendor, an agent of the investment interest owner or an owner of distribution system assets in the Province;

(b) in connection with any default of a person mentioned in clause (a); or

(c) by any affiliate or successor of a person mentioned in clause (a).

Exercise of rights

(4) The rights of the investment interest owner to collect and enforce its rights and interests in, to and in respect of the investment asset against a specified consumer shall be exercised in accordance with Part III of this Act. **[NTD: PPSA has nothing to do with it.]**

Collective action required

(5) If the investment interest owner owns a right or interest in the investment asset that comprises less than the entire property right and interest constituted by the investment asset, the right or interest shall only be enforced by the investment interest owner collectively and in coordination with all other investment interest owners, and any agreement among that collective in furtherance of the collective action shall be valid and binding on the investment interest owner as a collective in accordance with its terms. [Note: Successors may need to be addressed here.] **[NTD: Successors can be addressed in the agreement.]**

Transfer of investment interest

26xx. An investment interest owner may transfer all or a portion of its rights and interests in an investment interest to any other investment interest owner, including by way of a transfer of a divided or an undivided interest, in accordance with the Financing Plan.

Validity of transfer

27xx. (1) A transfer of an investment interest under this Act is a valid and enforceable sale and absolute transfer of the investment interest and confers upon the owner of the investment interest acquired a valid property right and interest in, to and under the applicable investment interest in accordance with the terms of the transfer.

Same

(2) Without limiting subsection (1), a transfer that by its terms is intended to constitute a sale or absolute transfer shall be treated for all purposes as an absolute transfer of an investment interest owner's right, title and interest in, to and under an

investment interest, and not merely as a security interest, and upon such absolute transfer the transferor shall retain no right, title or interest in the investment interest, subject to the transfer, including all rights to the investment interest arising after the transfer.

Deemed perfection, etc.

(3) At the time a transfer of an investment interest is made, the transfer shall be deemed to have been and shall be perfected (as such term is used in the *Personal Property Security Act*), vested, valid and binding as against the transferor and all other persons who have claims of any kind against the transferor.

Priority of transfer, assignment, etc.

(4) Subsection (3) applies regardless of whether the persons who have claims have received notice of the transfer and the property rights and interests acquired by the investment interest owner shall have priority over any liens in favour of such other persons, other than those granted in accordance with section 28xx of the Act.

Investment interest owner may grant security interest

28xx. (1) An investment interest owner may grant a security interest over all or a specified portion of its right, title and interest in, to and under an investment interest to or in favour of any person to secure a funding obligation.

Validity

(2) A security interest granted under this Act shall be valid and enforceable in accordance with its terms.

Perfection and priority of security interests

(3) All provisions of the *Personal Property Security Act* shall apply to the investment asset and each investment interest on the basis that it is intangible personal property, except as otherwise provided for in this section, and any granting of a security interest by the owner of an investment interest to secure a funding obligation shall, subject to the terms of the funding obligation, give rise to a security interest in respect of which that Act applies and may be perfected by filing a financing statement under that Act on that basis.

Proceeds

(4) All proceeds of an investment interest that are subject to the security interest and that are received by the applicable investment interest owner shall immediately be subject to the security interest and shall be perfected without any physical delivery of the proceeds, registration of any financing statement or any further act.

Perfection

(5) The security interest shall be a continuously perfected security interest and shall have priority over any other lien, created by operation of law or otherwise, that may

subsequently attach to the property rights and interests in the investment interest subject to the security interest, subject to the written consent of the person to whom the security interest has been granted.

Same

(6) The person to whom the security interest has been granted shall have a perfected security interest in revenues or other proceeds that are deposited in any account of any electricity vendor, an agent of an electricity vendor or other person who may have commingled such revenues or other proceeds with other funds.

PART VI
MISCELLANEOUS

Appointment of agent, invoicing or collection

29xx. If a prescribed circumstance applies, the Lieutenant Governor in Council may by regulation appoint a person to carry out some or all of the obligations of an electricity vendor under this Act in the place of an electricity vendor with respect to invoicing or collection. **[NTD: Consider whether this should be subject to OEB power to replace a licensee under s. 59 of the OEB Act]**

Not Crown agent

30xx. For greater certainty, no agent appointed under this Act is an agent of the Crown for any purpose, despite the *Crown Agency Act*.

Sequestration

31xx. (1) A court in the Province may, upon application by an investment interest owner or a secured party, order the sequestration and payment of the clean energy adjustment, collections and remittances, as applicable, for the benefit of the investment interest owner or secured party by any person or entity authorized to collect the clean energy adjustment, including defaults on any required remittance of the clean energy adjustment, collections or remittances.

Same

(2) An order under subsection (1) does not limit any other remedies available to the applicant.

Same

(3) An order under subsection (1) shall remain in full force and effect despite any proceedings with respect to the person or entity who is subject to the order.

Choice of law

32xx. The law governing, as applicable, the validity, enforceability, attachment, perfection, priority and exercise of remedies with respect to the transfer of an interest or

right or creation of a security interest in the regulatory asset, the investment asset, the clean energy adjustment or the undertaking of the Crown under section x shall be the laws of the Province.

Conflict

33xx. The provisions of this Act and the regulations apply despite any provision of any other Act regarding the attachment, assignment or perfection, or the effect of perfection or priority of any transfer or security interest.

No further approvals, etc.

34xx. Despite any requirement under any Act, no approvals, notices or authorizations other than those specified in this Act are required with respect to the actions to be taken in compliance with this Act, including actions to be taken under the Financing Plan or in relation to the calculation of the fair allocation amount or the fair adjustment.

Immunity

35xx. (1) No action or other proceeding for damages shall be instituted against any employee of the Province, IESO, OPG or OEB for any act done in good faith in the execution or intended execution of any duty or authority under this Act or for any alleged neglect or default in the execution in good faith of any duty or authority under this Act.

Same

(2) Despite subsections 5 (2) and (4) of the *Proceedings Against the Crown Act*, subsection (1) does not relieve the Crown of liability in respect of a tort committed by a person mentioned in subsection (1) to which it would otherwise be subject.

References in marketing materials and offering documents

36xx. No person shall include, in marketing materials or offering documents relating to the financing of funding obligations, references to any rights, obligations, guarantees or undertakings arising under this section unless the prescribed requirements, if any, are satisfied. **[NTD: Does this belong in section 5xx? Please note that offering documents will have to refer to support from the Province.]**

Non-application, Financial Administration Act, s. 28[6]

37xx. Section 28 of the *Financial Administration Act* does not apply with respect to any transaction or agreement or undertaking required, permitted, contemplated or authorized, directly or indirectly, under this Act.

[6] Note - see s. 51 of the Electricity Act, 1998

Standing and Remedies

38xx. (a) Any investment interest owner, any creditor of an investment interest owner and any Financial Services Manager may apply to a court for an order under this section.

(b) Where upon an application under subsection (a), the court is satisfied that the IESO, any electricity vendor or any other Person has not complied with, or is not complying with, this Act or the regulations to this Act, the court may make an order to rectify the matters complained of.

(c) In connection with an application under this section, the court may make any interim or final order it thinks fit, including an order restraining the conduct complained of and an order to compensate an investment interest owner, any creditor of an investment interest owner and any Financial Services Manager.

(d) The rights of an investment interest owner, any creditor of an investment interest owner and any Financial Services Manager under this section are in addition to any other rights any of them may have.

(e) In this section, court means the Superior Court of Justice.

(f) An appeal lies to the ■ from any order made by the court under this section.

[NTD: This language is based on language in the OBCA]

Regulations

39xx. The Lieutenant Governor in Council may make regulations,

(a) defining any term used in this Act….

(b) prescribing types of payment obligations that constitute funding obligations;

(c) governing the calculation [true-up amount] and how the amount is to be applied to the clean energy adjustment;

(d) governing the inclusion of information under this Act on invoices, which may include requiring notice to be provided by electricity vendors to specified persons regarding the adjustments. **[NTD: The Province should not have the right to change how the FSM will ultimately collect the investment interests.]**

[Note: reg-making powers to be dealt with in subsequent draft]

PART VII
AMENDMENTS TO OTHER ACTS

ELECTRICITY ACT, 1998

200x. (1) Subsection 6 (1) of the *Electricity Act, 1998* would be amended by adding the following clauses:

(q.0.1) to exercise the powers and rights and to perform the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and to engage in activities to facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*, including,

(i) entering into agreements or arrangements with any person for the purposes of the *Ontario Fair Hydro Plan Act, 2017*;

(ii) engaging in activities related to making payments to and receiving payments as contemplated under the *Ontario Fair Hydro Plan Act, 2017* and to engage in related settlement activities;

(iii) engaging in activities related to the creation, transfer and administration of the regulatory asset created under the *Ontario Fair Hydro Plan Act, 2017;*

(iv) incurring liabilities in relation to the regulatory asset;

(v) transferring the regulatory asset for consideration; and

(vi) acting as a recovery agent under the *Ontario Fair Hydro Plan Act, 2017*.

201x. Section 53.1 of the Act would be amended by adding the following subsections:

Same, *Ontario Fair Hydro Plan Act, 2017*

53.1 (1.1) In addition to the objects mentioned in subsection (1), the objects of Ontario Power Generation Inc. include exercising the powers and rights and performing the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and engaging in activities to facilitate the implementation of that Act, including entering into contracts and undertakings on behalf of financing entities and performing other services

on behalf of financing entities, subject to the right to be paid by the financing entities for those services.[7]

Subsidiaries, etc.

(1.2) Ontario Power Generation Inc. may create or invest in one or more subsidiaries, trusts, partnerships or special purpose entities in order to more efficiently conduct its activities or achieve its objects.

Deemed assets, entity

(1.3) Subject to subsection (1.4) and despite any other provision of this Act, the *Business Corporations Act* or any other Acts or laws,

(a) the assets and liabilities of a financing entity shall not form part of the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries in any proceeding or otherwise; and

(b) the assets and liabilities of Ontario Power Generation Inc. or any of its subsidiaries shall not form part of the assets and liabilities of a financing entity in any proceeding or otherwise.

Exception

(1.4) Subsection (1.3) does not apply to a subsidiary of Ontario Power Generation Inc. where the subsidiary is a financing entity.

Definition, financing entity

(1.5) For the purposes of this section, "financing entity" has the meanings provided for in the *Fair Hydro Plan Act, 2017*.

202x. Section 89 of the Act would be amended by adding the following subsection:

Exception

(4) The requirement in subsection (1) to pay an amount to the Financial Corporation does not apply:

1. In respect of any income, gain or profit of Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. as a result of or by virtue of:

(A) where a financing entity established is a corporation, acquiring, holding or disposing of any equity interest in the financing entity, including in respect of any

[7] NTD: Upon further reflection, OPG/Torys think it would be preferable to not have a detailed list of objects included in s. 53.1(1.1) as it may raise issues about OPG's objects set out in s. 53.1(1) and the absence of a detailed list of objects in that section.

dividends or other distributions paid or payable or otherwise accrued to Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. in respect of any such equity, or

(B) where a financing entity is a trust, acquiring, holding or disposing of any beneficial interest in the financing entity, including in respect of any amounts paid or payable to Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. as a beneficiary of such entity, or

2. To a financing entity that is a subsidiary of Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc.

203x. Section 90 of the Act would be amended by adding the following subsection:

Exception

(4) The requirement in subsection (1) to pay an amount to the Financial Corporation does not apply:

1. In respect of any income, gain or profit of Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. as a result of or by virtue of:

(A) where a financing entity established is a corporation, acquiring, holding or disposing of any equity interest in the financing entity, including in respect of any dividends or other distributions paid or payable or otherwise accrued to Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. in respect of any such equity, or

(B) where a financing entity is a trust, acquiring, holding or disposing of any beneficial interest in the financing entity, including in respect of any amounts paid or payable to Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc. as a beneficiary of such entity, or

2. To a financing entity that is a subsidiary of Ontario Power Generation Inc. or a subsidiary of Ontario Power Generation Inc.

[Note: Drafting still to be added to the EA consequential amendments: ***All fees charged by OPG as the FSM shall be approved by the OEB before they are included in the calculation of clean energy adjustments.]***

AMENDMENTS TO ONTARIO ENERGY BOARD ACT, 1998

204x. Subsection 1 (1) of the *Ontario Energy Board Act, 1998* would be amended by adding the following paragraph:

6. To facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*.

205x. Subsection 70(2.1) of the Act would be amended by adding the following paragraph:

4. The licensee is required to comply with the *Ontario Fair Hydro Plan Act, 2017*.

206x. Section 78.1 of the Act would be amended by adding the following subsection:

Same, limitation re Ontario Power Generation Inc.

(3) The determination of a payment to Ontario Power Generation Inc. under this section shall not include any consideration of amounts related to activities of Ontario Power Generation Inc. carried out in relation to the *Ontario Fair Hydro Plan Act, 2017*.

Same

(3.1) The amounts referred to in subsection (3) include, without limitation, the following:

1. Amounts related to the appointment of Ontario Power Generation Inc. as the Financial Services Manager under the *Ontario Fair Hydro Plan Act, 2017*.

2. Amounts related to the charging of fees for performing duties as the Financial Services Manager.

3. Amounts related to exercising the powers and performing the duties of the Financial Services Manager.

4. Amounts related to the consolidation of the assets and liabilities for accounting purposes of any special purpose financing entities established under and for the purposes of that Act.

Short Title - this proposal for legislation would, if approved by the Legislature, have a short title to be determined by Government.

Timing – this proposal for legislation would, if approved by the Legislature, come into force on a date to be established by Government.

SCHEDULE 1
ESTIMATED FINANCE AMOUNT

Estimated finance amount

1. The estimated finance amount for a reference period shall be determined by the Financial Services Manager by estimating, prior to the start of a reference period, the sum of the following:

1. The sum of all amounts that are payable during the reference period by or on behalf of the investment interest owners to satisfy an obligation to repay, redeem or repurchase, or to provide for the repayment, redemption or repurchase, of all or a portion of the amount advanced to the investment asset owners under a funding obligation, reduced by any proceeds of a refinancing.

2. The sum of all funding costs for the reference period, determined as follows:

    i. Calculate the aggregate of all interest, original issue discount scheduled principal and other periodic finance charges accruing, due and becoming payable or paid by or on behalf of investment assets owners during the reference period in respect of all funding obligations, including such amounts as may be prescribed.

    ii. Calculate the sum of the aggregate of all amounts received or expected to be received by or on behalf of investment interest owners during the reference period in respect of all funding obligations and such other amounts as may be prescribed.

    iii. Subtract the amount calculated under paragraph ii from the amount calculated under paragraph i.

3. The sum of all amounts payable during the reference period by or on behalf of investment interest owners to redeem, prepay or repurchase a funding obligation, including any premium, make-whole or other amount becoming payable under a funding obligation to give effect to the redemption, prepayment or repurchase.

4. The balance of the finance reserve for the reference period, as determined under section 3 to this Schedule.

5. The sum of any other amounts payable during the reference period by or on behalf of investment interest owners that were incurred or committed to directly or indirectly in connection with the acquisition, maintenance or collection of the investment asset or the incurrence of funding obligations

under the Financing Plan during the reference period, which may include such amounts as may be prescribed.

Funding costs

2. For the purposes of paragraph 2 of section 1 to this Schedule, the funding costs for a reference period are determined by taking the following steps: **[NTD: Who is to complete this?]**

Finance reserve balance

3. (1) For the purposes of paragraph 4 of section 1 to this Schedule, the balance of the finance reserve for the reference period is determined by taking the following steps:

1. Calculate the sum of all amounts deposited by or on behalf of investment interest owners during the reference period in order to pre-fund, collateralize, over-collateralize or establish reserves for the ultimate payment of funding obligations or for related contingencies specified in the Financing Plan.

2. Calculate the sum of all amounts withdrawn by or on behalf of investment interest owners during the reference period.

3. Subtract the amount calculated under paragraph 2 from the amount calculated under paragraph 1.

Hi Michel.

Can you please review the attached draft deck that Bharat and I compiled based on our recent discussion with OPG. We thought that this deck might be a good focus of discussion for this Wednesday's discussion.

Please advise of your availability for a call on Monday morning to discuss.

Also, with regards to the PAC work, can you please send a copy of your firm's research on voting patterns that supported your control analysis. We would like to make reference to the research in our upcoming discussions with the AG.

Thanks so much and have a great weekend.

Nadine

Nadine - timing of the events surrounding the approval of the audited IESO financial statements was as follows:

· February 28 – in accordance with the audit committee calendar, KPMG and management presented financial statements prior to accounting policy changes to the Audit Committee for information purposes. Management and KPMG discussed the proposed accounting policy changes with the objective of bringing policies and revised

financial statements back to the Audit Committee in March.

· March 1 – the Board delegated authority to the Audit Committee to review the accounting policy changes, adjust financial statements for the changes and approve on behalf of the Board

· March 15 – KPMG and management presented the accounting policy changes for rate regulated assets and market accounts to the Audit Committee at a special meeting. The presentation of materials included a memo from KPMG on the accounting policies as well as pro forma financial statements and proposed changes to the notes of the financial statements

· March 22 – KPMG and management presented the audited financial statements to the Audits Committee for approval based on the delegated authority of Board from March 1st. The financial statements were approved on March 22nd.

Nadine, happy to have a discussion

Hi Kim.

Cindy has asked that I follow up regarding a comment made by the AG in a meeting last week. With regards to the IESO's recent decision to adopt rate regulated accounting, the AG said that a set of IESO f/s had presented to the IESO Board on March 21st which did not reflect rate regulated accounting even though IESO management and the external auditors would have known about the impending accounting and the anticipated adoption of rate regulated accounting to follow shortly thereafter.

Can you please confirm the accuracy of the AG's statement.

Thanks in advance.

Nadine

Sarah,
Not sure what the current status is w.r.t. the FAO meeting, but I assume that we're subject to the FAO's availability? Can you check if there are further details available w.r.t timing? I assume that the FAO has suggested an afternoon meeting which is the reason for the request to confirm availability after 2 pm? n

I have copied Cindy's assistant, Sarah Hosick, so that she is aware of the requirements. We are still awaiting confirmation of the details for a meeting. Given the short turnaround time, do you think it would be prudent to initiate the requisite approvals on a 'contingency' basis?

Hi Nadine,

I have availability to attend a meeting after 2pm tomorrow. It should not be a call. However, I am required to obtain authorization from our risk management department. Assuming they accept, we will need, as a minimum, to obtain from IESO a consent, release and indemnity letter.

Kim/Michel,
I understand that a call/meeting is being contemplated for tomorrow afternoon with staff from the FAO to discuss accounting for the FHP. The primary purpose for the meeting is to help the FAO staff to better understand the accounting elements of the GA Refinancing structure to help them as they finalize a report on the topic.
I have been asked to confirm your availability for a 1 hour meeting/call tomorrow afternoon after 2 pm.
Thanks in advance.
Nadine

Hi Nadine,

I have availability to attend a meeting after 2pm tomorrow. It should not be a call. However, I am required to obtain authorization from our risk management department. Assuming they accept, we will need, as a minimum, to obtain from IESO a consent, release and indemnity letter.

All,
We just finished our marathon 3 hour meeting with the AG and due to the AG's non-availability for Mar7-11, we will be targeting a meeting time for next week (Feb 29 - Mar 4) instead.

Since the AG's original letters were addressed to the CFOs at OPG and H1, she will plan to reach out to them as the primary point of contact to initiate the joint meeting to review the assurance approach. She

does acknowledge that their presence is not necessary, but would like to invite them and leave it to their discretion if they want to attend. As a minimum, she will request that the Controllers for OPG and H1 attend, and I think I made an effective case for participation of your external auditors as well.

Once I hear further details on a proposed date for a meeting I'll let you know. In the meantime, if her office contacts your respective CFOs regarding a planned meeting time please plan to share the details so that we can all put a hold on our calendars.

Thanks.
Nadine

Indicative Term Sheet[1]

Ontario Fair Hydro Plan Act, 2017

*This term sheet (the "**Term Sheet**") relates to transactions contemplated to be undertaken under the Ontario Fair Hydro Plan Act, 2017 and the regulations to be made thereunder (the "**Act**"). This Term Sheet is to be held confidential. Unless otherwise specified, defined terms used herein have the meanings ascribed to them in the Act. The provincial protection and assurance arrangements contemplated in this Term Sheet will include such terms and conditions as the Minister of Energy and the Minister of Finance determine to be appropriate.*

Servicing Guarantees	
Servicing Guarantor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together.
Beneficiaries:	Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over its rights and interests under a Servicing Guarantee to its creditors and contractual counterparties, including any indenture trustee acting on behalf of itself and other persons having debt or other claims against the Financing Entity that are secured under a related trust indenture.

[1] This draft term sheet is intended for discussion purposes only and does not represent a commitment of any party. Any agreement or undertaking of the Province contemplated in this term sheet may only be made either (a) with the approval of the Lieutenant Governor in Council as contemplated in subsection 5(2) of the Act or (b) under, and subject to, an order made by the Lieutenant Governor in Council as contemplated in subsection 5(3) of the Act.

Servicing Guarantee:	Pursuant to a Servicing Guarantee, the Servicing Guarantor will guarantee the performance, or cause the performance, of the obligations of IESO as servicer under the Act and under any agreement under which the applicable Financing Entity acquires an investment interest from IESO and IESO undertakes on-going obligations in respect of such investment interest, including servicing obligations undertaken by IESO to enforce the performance by electricity vendors of their respective obligations under the Act. It is anticipated that such obligations will include matters related to the billing, collection and remittance of clean energy adjustments by IESO and electricity vendors, as the case may be, and regarding the commingling by IESO and electricity vendors of collections of clean energy adjustments with other amounts. In the event that the Servicing Guarantee is held to be unenforceable against the Servicing Guarantor, the Servicing Guarantee will contemplate, in the alternative, a functionally equivalent direct covenant of the Servicing Guarantor.
Term:	The Servicing Guarantor's obligations under a Servicing Guarantee in respect of a Financing Entity will continue during the term of any obligation incurred by the Financing Entity that is or is intended to be secured by the Servicing Guarantee.
Satisfaction of a Servicing Guarantee:	The Servicing Guarantor will have the option to satisfy its obligations under a Servicing Guarantee by paying when due the amounts that would be remitted to the applicable Financing Entity assuming that IESO and each electricity vendor had complied with its obligations under the Act and under any agreement under which the applicable Financing Entity acquires an investment interest from IESO and IESO undertakes on-going obligations in respect of such investment interest.
Approval Requirement:	The servicing obligations (including any amendments) to which the Servicing Guarantee relates, together with the provisions of any Servicing Guarantee itself, will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Servicing Guarantee:	Under no circumstances shall the Servicing Guarantor be obligated to pay consequential, special or punitive damages, or for economic loss or loss of profits.

Indemnity	
Indemnitor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together, or an entity owned by the Province of Ontario whose indemnity obligations, as contemplated by this Term Sheet, are in turn unconditionally guaranteed by the Province of Ontario.
Indemnitees:	Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over the Indemnity to specified creditors, including to an indenture trustee under a trust indenture on behalf of itself and other persons having debt or other claims against the Financing Entity secured under the trust indenture.
Indemnity of the Province:	The Indemnitor will indemnify each Indemnitee for its costs, expenses and losses reasonably incurred by the Indemnitee because of third party claims made against the Indemnitee by one or more of its specified creditors that result from any of the following: (A) the Legislative Assembly of Ontario repealing (and not replacing on an equivalent basis) the Act; (B) the Legislative Assembly of Ontario amending the Act or a Regulation made thereunder in a way that materially and adversely affects the rights and interests of the Financing Entity under its investment interest; or (C) a court of competent jurisdiction in a final and non-appealable judgement determines that all or a portion of the Act is *ultra vires* in a way that materially and adversely affects the rights and interests of the Financing Entity under its investment interest.
Term:	An Indemnity will continue during the term of any obligation incurred by a Financing Entity that is or is intended to be secured by the Indemnity.

Satisfaction of an Indemnity:	The Indemnitor will have the option to satisfy its obligations under an Indemnity in respect of a funding obligation by: (x) assuming and paying when due (without acceleration) the regularly scheduled amounts due and payable in respect of the funding obligation during the term and to the extent of the applicable Financing Entity's contractual obligations thereunder; or (y) causing the acceleration of the funding obligation and paying the outstanding amount owing thereunder in full, including in the case of debt instruments issued by the applicable Financing Entity by causing the redemption of the debt instruments and paying an amount equal to the then outstanding principal amount thereof plus accrued and unpaid interest up to the date of payment (without any default, penalty, prepayment or make whole premium).
Approval Requirement:	The terms and conditions of the obligations incurred by a Financing Entity that are secured or intended to be secured by an Indemnity, together with the provisions of any Indemnity itself, will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Indemnity:	Under no circumstances shall the Indemnitor be obligated to indemnify any Beneficiary for consequential, special or punitive damages, or for economic loss or loss of profits.
Undertakings regarding Certain Mismatches	
Addressing Mismatches	If a Financing Entity proposes to incur one or more funding obligations that would require the Financing Entity to pay an aggregate amount during any reference period that would exceed the amount otherwise expected to be available to the Financing Entity during the reference period from its investment interests to pay such amounts (a "**Mismatch**"), the Financing Entity will, before incurring such funding obligations, undertake commercially reasonable efforts to arrange for commitments from highly creditworthy, market-based funding sources in accordance with the Financing Plan to enable it to satisfy its related payment obligations and thereby address any Mismatch.

Possible Undertaking to Fund Mismatches	If a Financing Entity is unable to arrange for commitments from one or more highly creditworthy, market-based funding sources in accordance with the Financing Plan to address a Mismatch on commercially reasonable terms and conditions, the Minister of Energy and the Minister of Finance acting together may undertake on behalf of the Province of Ontario to provide funding commitments to the extent necessary to provide the Financing Entity with required funding to address the Mismatch. Any such undertaking would be provided at or before the incurrence of the funding obligation that would otherwise result in the Mismatch and, if given, would be on such terms, including appropriate compensation to the Province of Ontario, and be subject to such conditions (for example and without limitation, funding being conditional on the occurrence of a market disruption that results in the non-availability of capital markets term funding to effect a refinancing of the funding obligation) as the Minister of Energy and the Minister of Finance determine are reasonable and appropriate in the circumstances. The decision to provide such an undertaking will be in the sole discretion of the Minister of Energy and the Minister of Finance.
Documentation	
Representations, Terms and Conditions:	Subject to approval of the Minister of Energy and the Minister of Finance acting together.
FIPPA:	Acknowledgement that the Servicing Guarantor and the Indemnitor will be bound by the *Freedom of Information and Protection of Privacy Act (Ontario)* and that any information provided to the Servicing Guarantor or the Indemnitor, or any agent or representative of the Servicing Guarantor or the Indemnitor, in connection with the transaction documents may be subject to disclosure in accordance with that act or as otherwise required by law.
Confidentiality Obligations:	Confidentiality obligations of each Financing Entity and its assignees, representatives and agents as may be determined to be appropriate by the Minister of Energy and the Minister of Finance acting together.
Governing Law:	Province of Ontario.

All,

I attach a revised draft of the indicative term sheet for the provincial support arrangement in clean and blackline. This draft includes one clarification to the section entitled “Satisfaction of a Servicing Guarantee”.

I have retained clause (y) in the Satisfaction of an Indemnity section for the time being, as I understand that this optionality is important to the OFA. That said, let us know if the OFA has any further comments or questions based on Mark’s email below.

Please let us know if you have any further comments, or if you are signed-off on this draft as soon as possible this afternoon, as I understand that the Department of Energy plans to send a revised draft to OPG before the close of business today.

Kind regards,
Adam

Hi all,

I know that the concept of an accelerated payment was discussed in yesterday's call and speaking with Steve this is the rationale for including clause (y) in the Satisfaction of an Indemnity section:

(y) causing the acceleration of the funding obligation and paying the outstanding amount owing thereunder in full, including in the case of debt instruments issued by the applicable Financing Entity by causing the redemption of the debt instruments and paying an amount equal to the then outstanding principal amount thereof plus accrued and unpaid interest up to the date of payment (without any default, penalty, prepayment or make whole premium).

However, we want to note that the ability to redeem the bonds at par (plus accrued) would be off market and could hinder the marketability of an offering. Happy to discuss further. Thanks,

ML

Ontario Fair Hydro Plan Act, 2017

*This term sheet (the "**Term Sheet**") relates to transactions contemplated to be undertaken under the Ontario Fair Hydro Plan Act, 2017 and the regulations to be made thereunder (the "**Act**"). This Term Sheet is to be held confidential. Unless otherwise specified, defined terms used herein have the meanings ascribed to them in the Act. The provincial protection and assurance arrangements contemplated in this Term Sheet will include such terms and conditions as the Minister of Energy and the Minister of Finance determine to be appropriate.*

Servicing Guarantees	
Servicing Guarantor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together.
Beneficiaries:	Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over its rights and interests under a Servicing Guarantee to its creditors and contractual counterparties, including any indenture trustee acting on behalf of itself and other persons having debt or other claims against the Financing Entity that are secured under a related trust indenture.
Servicing Guarantee:	Pursuant to a Servicing Guarantee, the Servicing Guarantor will guarantee the performance, or cause the performance, of the obligations of IESO as servicer under the Act and under any agreement under which the applicable Financing Entity acquires an investment interest from IESO and IESO undertakes on-going obligations in respect of such investment interest, including servicing obligations undertaken by IESO to enforce the performance by electricity vendors of their respective obligations under the Act. It is anticipated that such obligations will include matters related to the billing, collection and remittance of clean energy adjustments by IESO and electricity vendors, as the case may be, and regarding the commingling by IESO and electricity vendors of collections of clean energy adjustments with other amounts. In the event that the Servicing Guarantee is held to be

[1] This draft term sheet is intended for discussion purposes only and does not represent a commitment of any party. Any agreement or undertaking of the Province contemplated in this term sheet may only be made either (a) with the approval of the Lieutenant Governor in Council as contemplated in subsection 5(2) of the Act or (b) under, and subject to, an order made by the Lieutenant Governor in Council as contemplated in subsection 5(3) of the Act.

	unenforceable against the Servicing Guarantor, the Servicing Guarantee will contemplate, in the alternative, a functionally equivalent direct covenant of the Servicing Guarantor.
Term:	The Servicing Guarantor's obligations under a Servicing Guarantee in respect of a Financing Entity will continue during the term of any obligation incurred by the Financing Entity that is or is intended to be secured by the Servicing Guarantee.
Satisfaction of a Servicing Guarantee:	The Servicing Guarantor will have the option to satisfy its obligations under a Servicing Guarantee by paying when due the amounts that would be remitted to the applicable Financing Entity ~~assuming that~~as if IESO and each electricity vendor had complied with its obligations under the Act and under any agreement under which the applicable Financing Entity acquires an investment interest from IESO and IESO undertakes on-going obligations in respect of such investment interest.
Approval Requirement:	The servicing obligations (including any amendments) to which the Servicing Guarantee relates, together with the provisions of any Servicing Guarantee itself, will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Servicing Guarantee:	Under no circumstances shall the Servicing Guarantor be obligated to pay consequential, special or punitive damages, or for economic loss or loss of profits.

Indemnity	
Indemnitor:	The Province of Ontario, by the Minister of Energy and the Minister of Finance acting together, or an entity owned by the Province of Ontario whose indemnity obligations, as contemplated by this Term Sheet, are in turn unconditionally guaranteed by the Province of Ontario.
Indemnitees:	Each Financing Entity that owns an investment interest from time to time. A Financing Entity may grant a security interest over the Indemnity to specified creditors, including to an indenture trustee under a trust indenture on behalf of itself and other persons having debt or other claims against the Financing Entity secured under the trust indenture.
Indemnity of the Province:	The Indemnitor will indemnify each Indemnitee for its costs, expenses and losses reasonably incurred by the Indemnitee because of third party claims made against the Indemnitee by one or more of its specified creditors that result from any of the following: (A) the Legislative Assembly of Ontario repealing (and not replacing on an equivalent basis) the Act; (B) the Legislative Assembly of Ontario amending the Act or a Regulation made thereunder in a way that materially and adversely affects the rights and interests of the Financing Entity under its investment interest; or (C) a court of competent jurisdiction in a final and non-appealable judgement determines that all or a portion of the Act is *ultra vires* in a way that materially and adversely affects the rights and interests of the Financing Entity under its investment interest.
Term:	An Indemnity will continue during the term of any obligation incurred by a Financing Entity that is or is intended to be secured by the Indemnity.
Satisfaction of an Indemnity:	The Indemnitor will have the option to satisfy its obligations under an Indemnity in respect of a funding obligation by: (x) assuming and paying when due (without acceleration) the regularly scheduled amounts due and payable in respect of the funding obligation during the term and to the extent of the applicable Financing Entity's contractual obligations thereunder; or

	(y) causing the acceleration of the funding obligation and paying the outstanding amount owing thereunder in full, including in the case of debt instruments issued by the applicable Financing Entity by causing the redemption of the debt instruments and paying an amount equal to the then outstanding principal amount thereof plus accrued and unpaid interest up to the date of payment (without any default, penalty, prepayment or make whole premium).
Approval Requirement:	The terms and conditions of the obligations incurred by a Financing Entity that are secured or intended to be secured by an Indemnity, together with the provisions of any Indemnity itself, will be subject to the approval of the Minister of Energy and the Minister of Finance acting together.
Limits under Indemnity:	Under no circumstances shall the Indemnitor be obligated to indemnify any Beneficiary for consequential, special or punitive damages, or for economic loss or loss of profits.
Undertakings regarding Certain Mismatches	
Addressing Mismatches	If a Financing Entity proposes to incur one or more funding obligations that would require the Financing Entity to pay an aggregate amount during any reference period that would exceed the amount otherwise expected to be available to the Financing Entity during the reference period from its investment interests to pay such amounts (a "**Mismatch**"), the Financing Entity will, before incurring such funding obligations, undertake commercially reasonable efforts to arrange for commitments from highly creditworthy, market-based funding sources in accordance with the Financing Plan to enable it to satisfy its related payment obligations and thereby address any Mismatch.
Possible Undertaking to Fund Mismatches	If a Financing Entity is unable to arrange for commitments from one or more highly creditworthy, market-based funding sources in accordance with the Financing Plan to address a Mismatch on commercially reasonable terms and conditions, the Minister of Energy and the Minister of Finance acting together may undertake on behalf of the Province of Ontario to provide funding commitments to the extent necessary to provide the Financing Entity with required funding to address the Mismatch. Any such undertaking would be provided at or before the incurrence of the funding obligation that would otherwise result in the Mismatch and, if given, would be on such terms, including appropriate

	compensation to the Province of Ontario, and be subject to such conditions (for example and without limitation, funding being conditional on the occurrence of a market disruption that results in the non-availability of capital markets term funding to effect a refinancing of the funding obligation) as the Minister of Energy and the Minister of Finance determine are reasonable and appropriate in the circumstances. The decision to provide such an undertaking will be in the sole discretion of the Minister of Energy and the Minister of Finance.
Documentation	
Representations, Terms and Conditions:	Subject to approval of the Minister of Energy and the Minister of Finance acting together.
FIPPA:	Acknowledgement that the Servicing Guarantor and the Indemnitor will be bound by the *Freedom of Information and Protection of Privacy Act (Ontario)* and that any information provided to the Servicing Guarantor or the Indemnitor, or any agent or representative of the Servicing Guarantor or the Indemnitor, in connection with the transaction documents may be subject to disclosure in accordance with that act or as otherwise required by law.
Confidentiality Obligations:	Confidentiality obligations of each Financing Entity and its assignees, representatives and agents as may be determined to be appropriate by the Minister of Energy and the Minister of Finance acting together.
Governing Law:	Province of Ontario.

Hi. We also have edits going through our DMO/MO. Not comfortable with the tone in the response below, it too negative.

Also, I've asked my COMs folks to loop in with MOF and TB COM to make sure we don't have contradictory messaging on the legislation floating around.

Thanks,

Subject: QA - 3rd Party Accounting

Hi Bharat,

I’ve been working with Deena on the media QA for the OFHP. The DMO/MO are looking to have high level KMs for the below Q and I understand there are some concerns from the policy end. They are looking to get these QAs as soon as possible – can you please give me a call so I can better understand some of the concerns to work out an answer that works for everyone?

Thank you in advance.
Cheers,
Priscilla

Q. Does third party accounting opinion support the Global Adjustment deferral plan?

Yes. The proposed legislation was reviewed by government agencies involved and their accounting firms, and conditionally supports the accounting structure.

[If pressed]

Input was provided by the Independent Electricity Sector Operator and its accounting firm KPMG, Ontario Power Generation and its accounting firm Ernst & Young, and the Ontario Provincial Controller Division and its external accounting consultants at Ernst & Young.

Many specifics remain outstanding and will only be addressed through future regulations and commercial agreements, which is why the accounting firms conditionally support the accounting structure.

I have no idea what unconstitutional tax or Eurig is but collection is the key. Without the ability to collect, the deferred could not continue to be recognized.

Michel,

Cindy has asked me to enquire/confirm the accounting treatment for the deferred amount in the event that a portion of the deferred amount might be assessed as being an 'unconstitutional tax' under Eurig.

I thought that it should not have an impact, as long as the total deferred amount would be recovered through future rates, the fiscal impact should be as envisioned?

Thanks in advance.

Nadine

Suzie/Blake/LeeAnne,

Further to our discussion on Friday, we have received the updated draft Legislation for the Fair Hydro Act. It will continue to evolve, but is on a tight timeline, so we would appreciate your feedback on the currently envisioned model and any potential accounting risks from your perspective.

An important regroup of key stakeholders is planned for tomorrow afternoon, so if we can get your comments (concerns mainly) by tomorrow am it would be greatly appreciated.

Please direct your comments to both Cindy and myself.

Thanks.

Nadine

Hi again. In the interest of time, I suggest that the attached clean version of the Declaration be forwarded to Computershare. The attached blackline (not for Computershare) shows how we have tried to address the comments received this afternoon, but admittedly, there are several open items that will need to be further discussed (particularly from Nadine's most recent mark-up). I don't think we need to wait for the TPA at this point, although we will get that one around as soon as we can. Please let us know if a call would be useful, if anyone agrees with the suggested approach. Regards, Steve

Hi everyone. Here are revised versions of the Declaration and the TPA, which try to reflect the consolidated comments passed on over the past few days. Please note that the attached blacklines show changes back to the versions of these documents we last circulated (early Thursday, see below). I appreciate that you may have been working with a later version, but I have gone back to the earlier versions so we can get everyone onto the same page. Also, please let me know if you would like to see the cumulative bubble notes (Track Changes) from earlier versions – we can generate these separately if useful, but our 'cleaning software' has automatically deleted these in making this particular circulation of documents. Lastly, I do not have Michel (KPMG)'s coordinates (I was copied into the appointment yesterday so my invite does not include all of the attendees). Would one of you please forward this to Michel (cc. me) and anyone else who should be looking at these drafts at this time. Regards, Steve

Hi David, Paul,

Find attached our comments on Blake's edits and comments on the TPA and the Trust Declaration. Also attached is the one time AG guidance on accounting principles (we realize Blakes may already have this, but OPCD's comments refer to this document).

Could you kindly share these with Blakes this evening. We have left some placeholders for additional input from CSD and OPCD (cc'd) and will look to provide additional comments at our call tomorrow with Blakes.

Our comments to the Trust Deed are on top of a clean version Blakes had sent. Our comments on the TPA are on top of a tracked version Blakes had sent. Apologies for the inconsistency – we ran into some version control issues on our end.

Charlotte (cc'd) will be in touch with regards to setting up a call with Blakes, as well as LSB, CSD and OPCD, tomorrow morning.

Thank you,
Emma

Subject: FW: TPA and Deed Feedback

Hi David, Paul,

Find attached our comments on Blake's edits and comments on the TPA and the Trust Declaration. Also attached is the one time AG guidance on accounting principles (we realize Blakes may already have this, but OPCD's comments refer to this document).

Could you kindly share these with Blakes this evening. We have left some placeholders for additional input from CSD and OPCD (cc'd) and will look to provide additional comments at our call tomorrow with Blakes.

Our comments to the Trust Deed are on top of a clean version Blakes had sent. Our comments on the TPA are on top of a tracked version Blakes had sent. Apologies for the inconsistency – we ran into some version control issues on our end.

Charlotte (cc'd) will be in touch with regards to setting up a call with Blakes, as well as LSB, CSD and OPCD, tomorrow morning.

Thank you,
Emma

RE: RFS-TBS-OTB-OPCD-16

The Ministry is pleased to advise that you are the selected proponent pursuant to the above-noted procurement process.

Enclosed please find two (2) copies of the Agreement for your signature. Please return one copy of the executed Agreement within ten (10) business days of receipt of this notice:

Please be advised that this notice of selection letter should not be construed as permission from the Ministry to begin the work detailed in the Agreement. The Ministry will not be responsible or liable for any expenses related to the Deliverables, and the selected proponent is not to accept work requests prior to the execution of the Agreement by the Ministry. Work may begin pursuant to the Agreement when:

(a) the Agreement signed by both parties is returned to the selected proponent, and

(b) written permission is expressly given to the Supplier by the Ministry Representative to begin work under the Agreement.

FORM OF STATEMENT OF WORK – OPS ENTITY

Statement of Work for Management Consulting Services

This Statement of Work no. – **RFS TBS-OTB-OPCD-16 made in duplicate and effective October 31, 2016 ending on February 10, 2018 with a 6 month extension option in favour of the ministry with no increase in ceiling price.**

Ernst & Young LLP (the "Vendor" or "Ernst & Young") and Her Majesty the Queen in right of Ontario as represented by the President of the Treasury Board (the "Client") enter into this Statement of Work pursuant to the Master Agreement for Management Consulting Services made as of **June 16, 2014** between the Vendor and Her Majesty the Queen in Right of Ontario as represented by the Minister of Government and Consumer Services (such Master Agreement, as from time to time amended, is referred to as the "Master Agreement").

In consideration of their respective agreements set out below, the parties agree as follows:

1. *Structure* - The terms and conditions of the Master Agreement are hereby incorporated by reference in this Statement of Work to the same effect as if fully set out in this Statement of Work. This document and the Master Agreement together comprise a separate Statement of Work between the Vendor and the Client. All capitalized terms used in this Statement of Work without definition have the meanings ascribed to them in the Master Agreement. In the event of any conflict or inconsistency between any term or provision of this Statement of Work and any term or provision of the Master Agreement, the terms and provisions of the Master Agreement shall govern.

2. *Statement of Work* - The Vendor agrees to provide to the Client, and the Client agrees to acquire from the Vendor, the Services and Deliverables described in this Statement of Work upon and subject to the terms of this Statement of Work.

3. *Maximum Price:* C$ 450,000.00 does not include HST

4. *Project Start Date:* October 31, 2016

5. *Project End Date:* February 10, 2018 (with a 6 month extension option)

6. *Scope of Services and Deliverables* - The Services and Deliverables to be provided by the Vendor under this Statement of Work include the following

    - Advice on complex accounting issues and accounting for complex financing transactions;
    - Capital investment, joint ventures and private-public partnerships
    - Proposed government acquisitions and divestments;
    - Providing expert advice on specialized issues such as the implications of changes in public sector accounting standards and the interpretation and

application of those standards in an increasingly complex regulatory framework; and

- Implications of accounting decisions on the Province's financial reports, budgets and appropriations.

7. *Ownership and Licences* - **Attachment D** of the Master Agreement forms a part of this Statement of Work.

8. *Communications and Reporting* - The structure of Ernst & Young's working relationship with OPCD is vital to the success of their engagement. The Project Lead that will handle OPCD work is Ivan Chittenden (partner). Ernst & Young's communication strategy will be centred on periodic project update meetings, the frequency of which will be determined by the OPCD and Ernst & Young.

9. *Work Location* - All meetings will be within Greater Toronto Area.

10. *Working Hours* – The Client's normal working hours are 7.25 hours per day, between 8:15 a.m. to 4:30 p.m. Monday to Friday inclusive.

    If required by the Client, the Vendor must provide Services outside of the normal working hours and/or on non-Business days. The Vendor will not be entitled to charge more than the Fixed Price or Per Diem Rate.

11. *Administrative Services and Supplies* – All administrative services and supplies used by the Vendor to complete the Services will be provided to the Client at no additional charge.

12. *Billing and Payment Process* – The Vendor shall provide the Client with quarterly billing statements that outline the per diem charges no later than 10 Business Days after the end of each quarter.

    Billing statements should include all billing information as set out in the Master Agreement.

13. *Names and Roles of Vendor's Personnel:*

Name of Individual	*Level*
Ivan Chittenden	*Partner*
Lee Ann Probert	*Senior Manager*
Daniel Mortimer	*Manager*
Black Langill	*Partner*
Suzie Gignac	*Partner*

Ivan Chittenden will be supported by Suzie Gignac, Lee Anne Probert, Daniel Mortimer and Blake Langill and other staff as required, depending on the nature of advisory services request, Please note all individuals mentioned above have to sign the confidentiality agreement form and go through security requirements. Any staff who are subsequently assigned to this SOW will be subject to the same procedures.

14. **Invoices** - Invoices for payment of any charges under this Statement of Work shall be sent to:

Client:	Treasury Board Secretariat, Office of the Provincial Controller Division
Branch:	Accounting Policy and Financial Reporting
Representative:	Nadine Petsche
Title:	Director, Accounting Policy and Financial Reporting
Phone number:	416-325-8027
Email:	Nadine.petsche@ontario.ca

15. *Knowledge Transfer:* The Vendor will work closely with the Client to ensure knowledge transfer to the Client's designated staff, and as necessary with the Auditor General.

16. *Destruction of Information* - The Vendor shall destroy all information contained on any media that was provided by the Client or at the direction of the Client, if requested to do so by the Client, except as required to be retained in accordance with professional standards requirements. The Client may choose to witness this destruction. The Vendor shall provide a certificate of destruction to the Client, if requested to do so by the Client.

THIS MASTER AGREEMENT FOR MANAGEMENT CONSULTING SERVICES is made in duplicate as of June 16, 2014.

BETWEEN:

HER MAJESTY THE QUEEN in right of Ontario
as represented by the Minister of Government Services

AND:

«Proponent_Name»

(referred to as the "Vendor")

In consideration of their respective agreements set out below, the parties agree as follows:

ARTICLE 1. DEFINITIONS

1.1 Definitions

In this Master Agreement and in each Statement of Work, these words and expressions have these meanings:

"**Attachment**" means an attachment to this Master Agreement listed in Section 2.14 (Attachments).

"**Authority**" means any government authority, agency, body or department, whether federal, provincial or municipal, having or claiming jurisdiction over this Master Agreement or the Statement of Work; and "Authorities" means all such authorities, agencies, bodies and departments.

"**Business Day**" means any working day, Monday to Friday inclusive, excluding statutory and other Ontario provincial government holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day and any day which the government of the Province of Ontario has elected to be closed for business.

"**Change Order**" means, in respect of a Statement of Work, a written amendment executed by the Parties, which specifies the changes agreed, as further described in Section 11.2 (Change Orders).

"**Client**" means, in respect of a request for services or a Statement of Work:

(a) Ontario, as represented by a ministry of Ontario over which a minister of the Crown, as appointed by the Lieutenant Governor under the Executive Council Act, R.S.O. 1990, c. E.25, presides, or any combination of such ministries, if that ministry or combination of ministries has or have entered into the request for service or Statement of Work on behalf of Ontario; and

(b) the OPS Entity, if that OPS Entity has entered into the request for service or Statement of Work.

"**Client Representative**" means, in respect of a Statement of Work, one of the individuals designated as the Client Representative or the Backup Client Representative in the Statement of Work or, if not designated in it, any other individual designated as such pursuant to Section 2.9.

"**Client Work Information**" means (a) all audio and video recordings, data, databases, designs, documents, drawings, images, information, materials, methodologies, plans, procedures, processes, products, records, reports, specifications, Technical Information, techniques, templates, and working papers, recorded in any form and on any media, and all other assets, materials, recorded information, and products of any kind, in all forms and however recorded; that are created, developed, generated, prepared or produced by the Client or by one or more of the Personnel of the Client; and (b) any contribution made by one or more of the Personnel of the Client to any Joint Work Material.

"**Client Work Invention**" means: (a) any Invention conceived, or conceived and developed, solely or jointly by one or more of the Personnel of the Client; and (b) any contribution made by one or more of the Personnel of the Client to any Joint Work Invention.

"**Confidential Vendor Information**" means:

(a) in connection with this Master Agreement, all information of the Vendor and its Subcontractors that is confidential by its nature or in the circumstances in which it is received and is identified as confidential or as a trade secret and whether recorded or not, and however fixed, stored, expressed or embodied, which comes into the knowledge or possession of Ontario in connection with this Master Agreement but, for certainty, excluding all information of the Vendor and its Subcontractors which comes into the knowledge, possession or control of Ontario in connection with any request for services issued pursuant to this Master Agreement or in connection with any Statement of Work;

(b) in connection with any request for services issued pursuant to this Master Agreement, all information of the Vendor and its Subcontractors that is confidential by its nature or in the circumstances in which it is received and is identified as confidential or as a trade secret and whether recorded or not, and however fixed, stored, expressed or embodied, which comes into the knowledge, possession or control of the Issuer or any contractor or subcontractor at any tier of the Issuer in connection with the request for services; or

(c) in connection with any Statement of Work, all information of the Vendor and its Personnel that is confidential by its nature or in the circumstances in which it is received and is identified as confidential or as a trade secret and whether recorded or not, and however fixed, stored, expressed or embodied, which comes into the knowledge, possession or control of the Client or its Personnel in connection with the Statement of Work;

including: (a) information relating to designs, drawings, flowcharts, Intellectual Property Rights, Inventions, patterns, plans, procedures, processes, reports, schematics, specifications, templates, and working papers; and (b) electronic data, other than Ontario Data, stored or processed by the Vendor; but Confidential Vendor Information shall not include: (c) Confidential Work Information; (d) information that ceases to benefit from protection as confidential information or as a trade secret under legislation or at law as a result of Ontario's or the OPS Entity's use or disclosure of Deliverables for any purpose whatsoever that is not expressly excluded by the Statement of Work; (e) information that is or becomes generally available to the public without fault or breach by Ontario or the OPS Entity, but only after that information becomes generally available to the public; (f) information that Ontario or the OPS Entity can demonstrate to have been rightfully obtained by it, without any obligation of confidence of any kind, from a third party who had the right to transfer or disclose it to Ontario or the OPS Entity free of any obligation of confidence; (g) information that Ontario or the OPS Entity can demonstrate to have been rightfully known to it or in its possession, free of any obligation of confidence, when disclosed; (h) information that is independently developed by Ontario or the OPS Entity without the use of any Confidential Vendor Information; (i) Vendor Evaluation Information; or (j) the Statement of Work document and its contents.

"**Conflict of Interest**" includes, but is not limited to, any situation or circumstance where: (a) in relation to the RFP process, the proponent has an unfair advantage or engages in conduct, directly or indirectly, that may give it an unfair advantage, including (i) having, or having access to, information in the preparation of its Proposal that is confidential to Ontario or OPS Entities and not available to other proponents; (ii) communicating with any person with a view to influencing preferred treatment in the RFP process, including the giving of a benefit of any kind, by or on behalf of the proponent to anyone employed by, or otherwise connected with, Ontario or OPS Entities; or (iii) engaging in conduct that compromises, or could be seen to compromise, the integrity of the open and competitive RFP process and render that process non-competitive and unfair; or (b) in relation to the performance of its contractual obligations in a contract with Ontario or the OPS Entity, the Vendor's and its Personnel's other commitments, relationships or financial interests (i) could, or could be seen to, exercise an improper influence over the objective, unbiased and impartial exercise of its independent judgement; or (ii) could or could be seen to compromise, impair or be incompatible with the effective performance of its contractual obligations.

"**Deliverables**" means anything and everything, in all forms and however recorded, that has been or will be created, developed, generated, prepared or produced in the performance of Services, or delivered or provided at any time during the Project Term or following the termination of the Statement of Work, by the Vendor (or its directors, officers, Personnel, agents, partners, affiliates, volunteers or Subcontractors or others for whom it is responsible at law) as a result of the Statement of Work, as may be more fully described in the Statement of Work (including: (a) all assets, audio and video recordings, databases, designs, documents, drawings, images, know-how, materials, methodologies, plans, procedures, processes, products, records, reports, specifications, techniques, Technical Information, templates, and working papers, of any kind; (b) data and information (whether or not contained in or on any database or electronic information storage system or media); (c) data collected as part of the Services; (d) all contributions made by one or more of the Personnel of the Vendor to any Joint Work Material; (e) all Vendor Materials; and (f) all Confidential Work Information). "Deliverables" include all developments and modifications to the foregoing developed or produced by the Vendor (or its Personnel, Subcontractors or others for whom it is responsible at law) from time to time under the Statement of Work, and copies of the above.

"**Effective Date**" means, as to this Master Agreement, the date first specified above.

"**Encumbrance**" means any encumbrance of any kind whatsoever, and includes an assignment, charge, hypotec, hypothecation, lien, mortgage, pledge, security interest, trust or deemed trust (whether contractual, statutory or otherwise arising), or other right or claim of others.

"**Executive Council**" means the council of that name comprising persons appointed by the Lieutenant Governor pursuant to the Executive Council Act R.S.O. 1990, c. E.25, as amended or replaced from time to time.

"**FIPPA**" means the Freedom of Information and Protection of Privacy Act, R.S.O. 1990, c. F.31, as amended or replaced from time to time.

"**Fiscal Year**" means the period running from April 1 in one calendar year to and including March 31 in the next calendar year.

"**Fixed Price**" means, in respect of particular Services performed and/or particular Deliverables provided and subject to Article 13 (Limits on Charges under Statements of Work) of the Master Agreement, the amount set out in the Statement of Work which the Vendor may charge for particular Services performed and/or particular Deliverables provided, which amount is fixed and not subject to change unless otherwise agreed to in a Change Order. For certainty, the "Fixed Price", as it relates to the particular Services performed and/or Deliverables provided, includes all labour and material costs, insurance costs, carriage and transportation costs, and other overhead, including any fees or other charges required by law; but excludes: (i) all applicable duties and taxes (including Harmonized Sales Tax (HST); (ii) all travel and accommodation expenses; and (iii) amounts that are charged on a Per Diem Rate basis.

"**Indemnified Parties**" means each of the following and their directors, officers, advisors, agents, appointees and employees: (i) Ontario; (ii) the members of the Executive Council; (iii) officers of the Legislative Assembly and officers of the Ontario Legislature, and their respective offices; and (iv) the OPS Entities.

"**Insolvency Event**" means, in respect of any Person: the making of an assignment by such Person for the benefit of its creditors; the failure of such Person to pay its debts generally as they become due; the filing or commencement of a petition or other proceeding in respect of such Person under any bankruptcy, reorganization, moratorium, arrangement of debt or insolvency law; the appointment of a receiver, receiver and manager, or interim receiver in respect of such Person or any material part of its assets or business; the declaration of bankruptcy or insolvency of such Person; the acknowledgement (in writing or otherwise) by such Person of its insolvency or inability to pay its debts generally as they become due; the suspension of business by such Person; the making by such Person of any proposal, arrangement or compromise with its creditors under the Bankruptcy and Insolvency Act (Canada), any other statute, or otherwise; or the taking of any action for the purposes of any of the foregoing.

"**Intellectual Property Rights**" means any intellectual or industrial property rights protected or protectable under the laws of Canada, any foreign country, or any political subdivision of any country, including any intellectual

property rights protected by legislation (such as legislation governing copyrights, industrial designs, integrated circuit topographies, patents or trademarks) or by common law (such as confidential information and trade secrets); and at any time in the future, with respect to any licence to exercise Intellectual Property Rights, includes any intellectual or industrial property rights protected or protectable at such time under the laws of Canada, any foreign country, or any political subdivision of any country.

"**Invention**" means any new and useful art, process, machine, manufacture or composition of matter, or any new and useful improvement to any of them, whether or not patentable.

"**Issuer**" means, in respect of a request for services referred to in: (a) the definition of "Confidential Vendor Information" in Article 1 (Definitions); (b) subsection 28.1(b) (Confidentiality - Request for Services); or (c) subsection 28.2(b) (Restrictions on Copying – Request for Services Process); the Client that issues the request for services.

"**Joint Work Invention**" means any Invention conceived, or conceived and developed, by one or more of the Personnel of the Vendor in the performance of Services with one or more of the Personnel of the Client.

"**Joint Work Material**" means anything and everything in all forms and however recorded that is created, developed, generated, prepared or produced by one or more of the Personnel of the Vendor in the performance of Services with one or more of the Personnel of the Client; but does not include any Joint Work Inventions. The foregoing includes all audio and video recordings, data, databases, designs, documents, drawings, images, information, materials, methodologies, plans, procedures, processes, products, records, reports, specifications, Technical Information, techniques, templates, and working papers, of any kind; but does not include Inventions.

"**Losses**" means liabilities, losses, costs, damages and expenses (including legal, expert and consulting fees).

"**Master Agreement**" means this Master Agreement for Management Consulting Services, together with all Attachments and all agreements amending or supplementing this Master Agreement.

"**Master Agreement Expiry Date**" means June 15, 2017 (unless extended in accordance with Section 6.1).

"Maximum Price" means the maximum total amount, in Canadian funds, as set out in the Statement of Work, that the Vendor may charge the Client under that Statement of Work, including:

(a) all Fixed Price amounts;

(b) all amounts for Work performed on a Per Diem Rate basis;

(c) all applicable duties and taxes (including Harmonized Sales Tax (HST)); and

(d) all travel and accommodation expenses.

"**MGS**" means the Ministry of Government Services.

"**MGS Representative**" means one of the individuals designated as the MGS Representative or the Backup MGS Representative in Section 2.9, and any other individual designated as such pursuant to Section 2.9.

"**Minister (Client)**" means: (i) where the Client is a ministry of Ontario that has entered into the Statement of Work on behalf of Ontario, the minister that presides over the ministry, or any other person authorized to act on behalf of that minister; or (ii) where the Client is an OPS Entity, the individual with authority to enter into contracts on behalf of the OPS Entity, or any other person authorized to act on behalf of that person. For certainty, Minister (Client) may mean the Minister (MGS) where the Statement of Work is entered into by MGS on behalf of Ontario.

"**Minister (MGS)**" means the Minister of Government Services, or any other person authorized to act on behalf of the Minister of Government Services.

"**Moral Rights**" has the same meaning as in the Copyright Act, R.S.C. 1985, c. C-42, as amended or replaced from time to time, and includes comparable rights in applicable jurisdictions.

"**Ontario**" means Her Majesty the Queen in right of Ontario.

"**Ontario Data**" means: (1) all data (including all information whether or not Personal Information, and whether or not contained in or on any database or electronic information storage system or media owned by or in the custody or control of the Client and, if the Client is an institution that is subject to FIPPA, recorded in any Record) of any kind and in any form, provided by Ontario or the OPS Entity, to the Vendor to enable the Vendor to perform the Services or otherwise owned by or in the custody or control of Ontario or the OPS Entity; (2) all Personal Information collected by the Vendor as part of the Services; and (3) all such data that are created, developed, generated, prepared or produced as a result of any compilation (whether combined or compiled with other data or not) or developments or modifications to the data described above, but where the Vendor's data are combined or compiled with Ontario Data, excluding the Vendor's data that are proprietary to the Vendor immediately prior to the Project Start Date or are proprietary to the Vendor but are not first created or produced in the performance of Services.

"**Ontario Government Insignia**" means the visual identity of the Government of Ontario and any Ontario government design, domain name, geographical indication, insignia, logo, official mark or other designation, indication, symbol or trademark, including any developments and modifications of them.

"**Ontario Materials**" means, in respect of a Statement of Work: (a) all audio and video recordings, data, databases, designs, documents, drawings, images, information, materials, methodologies, plans, procedures, processes, products, records, reports, specifications, techniques, Technical Information, templates, and working papers, recorded in any form and on any media, that are: (i) proprietary to Ontario or the OPS Entity, and provided to the Vendor to enable the Vendor to perform the Services; or (ii) created, developed, generated, prepared or produced by the Client or by one or more of the personnel of the Client (including any contribution made by one or more personnel of the Client to any Joint Work Material); and all such materials that are created, developed, generated, prepared or produced as a result of any developments or modifications to the material described in this subparagraph (a); (b) all second stage selection documents issued by Ontario or the OPS Entity; (c) all materials described in the Statement of Work as remaining the property of Ontario or the OPS Entity; and (d) all Third-Party Ontario Materials.

"**Ontario Public Service**" means the ministries and other administrative units of Ontario over which ministers of Ontario preside, and for the purposes of this Master Agreement, request for services issued pursuant to this Master Agreement and each Statement of Work includes its agencies, boards, commissions and Crown corporations, offices of an officer of the Legislative Assembly or of the Ontario Legislature, and OPS Entities, and "OPS" has the same meaning.

"**OPS Confidential Information**" means all information of the Ontario Public Service and of the Client's Subcontractors that is confidential by its nature or in the circumstances in which it is received, including all confidential information in the custody or control of the OPS, regardless of whether it is identified as confidential or not, and whether recorded or not, and however fixed, stored, expressed or embodied, which comes into the knowledge, possession or control of the Vendor or its Subcontractors in connection with this Master Agreement, a request for services issued pursuant to this Master Agreement or a Statement of Work, including: (a) information relating to designs, drawings, flowcharts, Intellectual Property Rights, Inventions, patterns, plans, procedures, processes, reports, schematics, Technical Information, templates, and working papers; (b) electronic data stored or processed by the OPS; (c) all Confidential Work Information; (d) new information derived at any time from any such information whether created by the OPS, the Vendor or any third party; and (e) information that the OPS is obliged, or has the discretion, not to disclose under provincial or federal legislation; but OPS Confidential Information shall not include information that: (f) is or becomes generally available to the public without fault or breach by the Vendor, but only after that information becomes generally available to the public; (g) the Vendor can demonstrate to have been rightfully obtained by the Vendor, without any obligation of confidence of any kind, from a third party who had the right to transfer or disclose it to the Vendor free of any obligation of confidence; (h) the Vendor can demonstrate to have been rightfully known to or in the possession of the Vendor, free of any obligation of confidence, when disclosed; or (i) is independently developed by the Vendor without the use of any OPS Confidential Information.

"**OPS Entity**" means: (a) an advisory, adjudicative, regulatory (including those with governing boards) or operational services agency of the Province of Ontario; or (b) an entity designated by MGS as an OPS Entity, which designation may be amended from time to time at the sole discretion of MGS.

"**Party**" in respect of this Master Agreement, means Ontario or the Vendor, and "Parties" means both of them; but in respect of a Statement of Work, means: (i) Ontario, if the Statement of Work is entered into by a ministry or any combination of ministries; or (ii) the OPS Entity, if the Statement of Work is entered into by an OPS Entity; or the Vendor, and "Parties" means both of them.

"Per Diem Rate" means, in respect of a Role in a Statement of Work and subject to Article 13 (Limits on Charges under Statements of Work) of the Master Agreement, an amount set out in a Change Order to the Statement of Work, which the Vendor may charge for Services performed by an individual in a Role on one calendar day, which includes all labour and material costs, insurance costs, carriage and transportation costs, and other overhead, including any fees or other charges required by law; but excludes: (i) all applicable duties and taxes (including Harmonized Sales Tax (HST)); and (ii) all travel and accommodation expenses.

"**Performance Management Process**" means the process used by Ontario to evaluate and rate the performance of the Vendor and other vendors.

"**Permitted OPS Assignee**" means: (a) any OPS Entity; (b) any office of an officer of the Legislative Assembly or of the Ontario Legislature; (c) any Provincially Funded Organization; and (d) any non-governmental entity, where assignment to such non-governmental entity is necessitated by alternative service delivery, backward or forward integration, outsourcing, privatization, partnering, procurement endeavours, or similar activity.

"**Person**" includes if the context allows, an individual, company, corporation, limited liability company, limited liability partnership, partnership, unincorporated association, government or government agency, authority or entity however designated or constituted and includes successors to the foregoing.

"**Personal Information**" at all times, has the same definition as in subsection 2(1) of FIPPA, which, at the date first written above, is recorded information about an identifiable individual, and includes all such information obtained by the Vendor under or created by the Vendor pursuant to this Master Agreement or the Statement of Work.

"**Personal Knowledge**", in connection with any Personnel, means concepts, ideas or know-how acquired by the individual that are not retained in any electronic, optical, printed, written or other recorded form, which relate to information technology and are of a generic technical nature, and not specific to the operation and activities of Ontario or the OPS Entity, that amount to no more than an enhancement of that individual's personal knowledge, skill or expertise.

"**Personnel**" means (a) collectively, in the case of the Vendor, individuals who provide services to the Vendor or any of its Subcontractors in connection with a Statement of Work, whether as employees or independent contractors, and individuals who are assigned by the Vendor to perform Services pursuant to a Statement of Work; and (b) collectively, in the case of the Client, individuals who provide services to the Client or any of its Subcontractors, whether as employees or independent contractors, but excludes all individuals described under (a).

"**Privacy Provisions**" means, collectively, Article 27 (Privacy) and the provisions, if any, set out in the Statement of Work that relate to (a) the collection, use, disclosure or transfer of personal information; (b) compliance with FIPPA; (c) compliance with the Personal Information Protection and Electronic Documents Act, S.C. 2000, c.5, as amended or replaced from time to time; and (d) compliance with any other legislation that would address the management of personal information or other privacy issues.

"**Proceeding**" means any action, claim, demand, lawsuit, or other proceeding.

"**Project Start Date**" means, in respect of a Statement of Work, the Project Start Date set out in the Statement of Work. For certainty, a Project Start Date cannot be a date that is earlier than the Effective Date of this Master Agreement.

"**Project End Date**" means, in respect of a Statement of Work, the Project End Date set out in the Statement of Work, subject to termination under Section 6.2 (Term of Statement of Work).

"**Project Term**" means, in respect of a Statement of Work, the term of such Statement of Work commencing on the Project Start Date and continuing in effect until the Project End Date, unless otherwise terminated in accordance with this Master Agreement or the Statement of Work.

"**Proposal**" means all of the documentation submitted by the Vendor in response to the RFP, including any clarifications provided by the Vendor at the request of MGS.

"**Proprietary Vendor Materials**" means all audio and video recordings, data, databases, designs, documents, drawings, images, information, materials, methodologies, plans, procedures, processes, products, records, reports, specifications, techniques, and templates, and any other recorded information in any form or on any medium, that are proprietary to the Vendor immediately prior to the Effective Date or are proprietary to the Vendor but are not first created or produced in the Performance of Work, and that are incorporated into, provided or used in conjunction with any Deliverables or that are used by the Vendor to provide the Services.

"**Provincially Funded Organization**" means: (a) any public sector entity of the Province of Ontario; or (b) any other entity designated by MGS as a Provincially Funded Organization, which designation may be amended from time to time at the sole discretion of MGS; but excludes (i) Ontario, as represented by a ministry of Ontario over which a minister of the Crown, as appointed by the Lieutenant Governor under the Executive Council Act, R.S.O. 1990, c. E.25, presides, or any combination of such ministries; and (ii) OPS Entities.

"**Provincially Funded Organization Notice**" shall have the meaning ascribed to the capitalized term in Section 4.3.

"**Provincially Funded Organization Agreement**" means an agreement between the Vendor and a Provincially Funded Organization as defined in Section 4.1.

"**Record**" means any recorded information, including any Personal Information, in any form: (a) provided by Ontario to the Vendor, or provided by the Vendor to Ontario, for the purposes of this Master Agreement; (b) provided by Ontario or the OPS Entity to the Vendor, or provided by the Vendor to Ontario or the OPS Entity, for the purposes of the Statement of Work; or (c) created by the Vendor in the performance of the Statement of Work; and shall exclude any "Records" described in the Statement of Work as not being in the custody or control of MGS or the Client.

"**Requirements of Law**" mean all applicable requirements, laws, statutes, codes, acts, ordinances, orders, decrees, injunctions, by-laws, rules, regulations, official plans, permits, licences, authorisations, directions of, and agreements with, all Authorities that now or at any time hereafter may be applicable to this Master Agreement, the Statement of Work, the Vendor, Ontario, the OPS Entity, the Services, or the Deliverables, or any part of them.

"**RFP**" means the Request for Proposals dated December 4, 2013 for Management Consulting Services, reference number OSS-00426611 issued by Ontario, as represented by the Minister (MGS), and any addenda to it.

"**Role**" means one role set out in Attachment A, restricted to one experience level in one service category for that role as set out in Attachment A.

"**Security Clearance Checks**" has the meaning set out in Article 10.

"**Services**" means all services and work to be provided or performed pursuant to a Statement of Work and includes everything that is necessary to be done, supplied or delivered by: (a) the Vendor; (b) the Vendor's Personnel; (c) the Vendor's Subcontractors; and (d) those for whom the Vendor is responsible.

"**Statement of Work**" means a contract for the performance of Services constituted by a document substantially in the form of Attachment B (Form of Statement of Work - Ministries) or Attachment C (Form of Statement of

Work – OPS Entity), as applicable, entered into by the Parties pursuant to this Master Agreement, which incorporates by reference the terms of this Master Agreement, and which identifies the Client, the Vendor, the Services and the other information set out in that Attachment. A "Statement of Work" includes all Change Orders made to it.

"**Subcontractor**" means, in the case of each Party, any contractor of that Party or any of its subcontractors at any tier of subcontracting.

"**Technical Information**" means recorded information of a technical nature as it relates to management consulting in any form and on any media, including any designs, drawings, know-how, methods, methodologies, patterns, plans, procedures, processes, schematics, specifications, techniques, templates, and working papers, but does not include data, databases, documentation, Inventions or software.

"**Term**" means: (a) in respect of this Master Agreement, the period of time commencing on the Effective Date and ending on the earlier of: (i) the Master Agreement Expiry Date; or (ii) the date of termination of this Master Agreement if it is terminated in accordance with its terms; or (b) in respect of a Statement of Work, the Project Term.

"**Third-Party Ontario Materials**" means any audio and video recordings, data, databases, designs, documents, drawings, images, information, materials, methodologies, plans, procedures, processes, products, records, reports, specifications, techniques, Technical Information, templates, and working papers, and any other recorded information in any form and on any media, and any components of the Ontario Materials, that are not proprietary to Ontario or the OPS Entity; and that are licensed by Ontario or the OPS Entity from any third parties; but only to the extent that they are protected by Intellectual Property Rights or are not to be disclosed pursuant to obligations of confidentiality.

"**Third-Party Vendor Materials**" means all audio and video recordings, data, databases, designs, documents, drawings, images, information, materials, methodologies, plans, procedures, processes, products, records, reports, specifications, techniques, and templates, and any other recorded information in any form or on any medium, that are not proprietary to the Vendor; that are licensed by the Vendor from any third parties and that are not to be assigned, sold or transferred to the Client; that are not first created or produced in the performance of Work; and that are incorporated into, provided or used in conjunction with the Deliverables or are used by the Vendor to provide Services.

"**Vendor Evaluation Information**" means any information about the Vendor in respect of the quality, timeliness in the delivery of Services and other qualitative measures of the Vendor and any of its Personnel and of any Work performed by the Vendor and any of its Personnel.

"**Vendor Materials**" means, in respect of a Statement of Work, all Proprietary Vendor Materials and all Third-Party Vendor Materials. For certainty, "Vendor Materials" excludes all Joint Work Inventions, Joint Work Material, Ontario Data, Ontario Materials, Vendor Work Inventions, and Vendor Work Information (and if Attachment D applies, Non-Technical Work and Other Work Inventions).

"**Vendor Representative**" means one of the individuals designated as the Vendor Representative or the Backup Vendor Representative in Section 2.9, and any other individual designated as such pursuant to Section 2.9.

"**VOR Anniversary Date**" means the 16th day of June of each calendar year.

"**Work**" means work performed under, or as a result of, the Statement of Work.

"**WSIA**" means the Workplace Safety and Insurance Act, 1997, S.O. 1997, c.16, Sch. A., as amended or replaced from time to time.

"**WSIB**" means Workplace Safety and Insurance Board of Ontario.

ARTICLE 2. INTERPRETATION

2.1 Interpretation

In this Master Agreement and each Statement of Work, unless it is otherwise clear from the context, the following terms shall have the following meanings:

(a) "**development and modification**" includes enhancement, improvement, and revision; "developments and modifications" includes all of these terms in the plural; and, "**development or modification**" and "**developments or modifications**" includes, and "**develop and modify**", "**develop or modify**" and "**developed or modified**" have corresponding meanings.

(b) "**including**" means "including without limitation" and "**includes**" means "includes without limitation"; the use of the word "including" or "includes" is not intended to limit any statement that precedes it to the items immediately following it.

2.2 No Indemnities from Ontario or OPS Entities

Despite anything else in: (i) this Master Agreement; (ii) any Statement of Work; or (iii) any document referenced in a Statement of Work relating to the Deliverables or Services; any express or implied reference to Ontario or any OPS Entity providing an indemnity or any other form of indebtedness or contingent liability that would directly or indirectly increase the indebtedness or contingent liabilities of Ontario or any OPS Entity, whether at the time of execution of this Master Agreement or any Statement of Work or at any time during the Term of this Master Agreement or the Project Term of any Statement of Work, shall be void and of no legal effect.

2.3 Entire Agreement

This Master Agreement embodies the entire agreement between the Parties with regard to its subject matter and supersedes any prior understanding or agreement, collateral, written or otherwise, related to the subject matter of this Master Agreement that exists between the Parties at the date of execution of this Master Agreement. Subject to the terms and conditions of this Master Agreement, each Statement of Work embodies the entire agreement between the Parties with regard to the provision of the Services subject to the Statement of Work and supersedes any prior understanding or agreement, collateral, written or otherwise, related to the subject matter of the Statement of Work that exists between the Parties at the date of execution of the Statement of Work.

2.4 Amendments

Any changes to this Master Agreement shall only be made by written amendment signed by the Minister (MGS) and the Vendor, except where this Master Agreement expressly provides for a deemed amendment. Any changes to a Statement of Work shall only be made by written amendment signed by the Minister (Client) and the Vendor, except where this Master Agreement expressly provides for a deemed amendment. No changes shall be effective or shall be carried out in the absence of such an amendment.

2.5 Severability

If any term or condition of this Master Agreement or any Statement of Work, or the application thereof to the Parties or circumstances, is to any extent invalid or unenforceable, the remainder of this Master Agreement and the Statement of Work, as the case may be, and the application of such term or condition to the Parties or circumstances other than those to which it is held invalid or unenforceable, shall not be affected by it.

2.6 Conflict in Documents

In the event of a conflict or inconsistency in any provisions in this Master Agreement, the RFP and the Proposal, or any of them, this Master Agreement shall govern over the RFP and the Proposal; and the RFP shall govern over the Proposal. In the event of any conflict or inconsistency between the terms and conditions of this Master

Agreement and a Statement of Work or a Change Order, or any other document issued to put into effect the terms and conditions of the Statement of Work, this Master Agreement shall prevail.

2.7 Headings

The division of this Master Agreement into Articles, Sections and subsections and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Master Agreement or any Statement of Work. The Article and Section headings in this Master Agreement are not intended to be full or accurate descriptions of the text to which they refer. References in this Master Agreement to an Article, Section, subsection or Attachment refer to the applicable Article, Section, subsection or Attachment of this Master Agreement unless otherwise stated.

2.8 Force Majeure

No Party shall be liable for damages caused by delay or failure to perform its obligations under a Statement of Work where such delay or failure is caused by an event beyond its reasonable control. The Parties agree that an event shall not be considered beyond one's reasonable control if a reasonable business person applying due diligence in the same or similar circumstances under the same or similar obligations as the provisions of the Statement of Work would have put in place contingency plans to either materially mitigate or negate the effects of such event. Without limiting the generality of the foregoing, the Parties agree that force majeure events shall include acts of God, natural disasters, acts of war, riots, plagues, epidemics, insurrection and terrorism but shall not include shortages or delays relating to supplies or services. If a Party seeks to excuse itself from its obligations under the Statement of Work due to a force majeure event, that Party shall immediately notify the other Party of the delay or non-performance, the reason for such delay or non-performance and the anticipated period of delay or non-performance. If the anticipated or actual delay or non-performance exceeds fifteen (15) Business Days, the other Party may immediately terminate the Statement of Work by giving notice of termination and such termination shall be in addition to the other rights and remedies of the terminating Party under the Statement of Work, at law or in equity.

2.9 Notices by Prescribed Means

Notices shall be in writing and shall be delivered by postage-prepaid envelope, e-mail, or personal delivery as follows:

(a) Notices to MGS shall be addressed to the attention of an individual designated as the MGS Representative at:

Ministry of Government Services
Supply Chain Ontario
Enterprise Procurement Branch
222 Jarvis Street, 8th Floor
Toronto, ON M7A 0B6

(b) Notices to the Vendor shall be addressed to the attention of an individual designated as the Vendor Representative at:

«Proponent_Name»
«Address_1_UnitStreet_Street_Name_P_»
«Address_2_City_Province__Postal_Code»

(c) Notices to the Client shall be addressed to the attention of an individual designated as the Client Representative in the Statement of Work at the address designated for service in the Statement of Work.

Notices by postage-prepaid envelope shall be deemed to have been given on the fifth Business Day after mailing. Notices by personal delivery or e-mail shall be deemed to have been given on the first Business Day after receipt by the other Party (except as provided for in Section 9.4). In the event of a

postal disruption, notices must be given by personal delivery or e-mail. Unless the Parties expressly agree in writing to additional methods of notice, notices may only be provided by the methods contemplated in this Section.

MGS Representative: Title: E-Mail:	**Wes Lapish** **Director, Enterprise Procurement Branch** **Wes.Lapish@Ontario.ca**
Backup MGS Representative: Title: E-Mail:	**Eric Smith** **Manager, Services Procurement; Enterprise Procurement Branch** **Eric.T.Smith@Ontario.ca**
Vendor Representative: E-Mail:	**«Contact_Name»** **«Email»**

Each Party may change its address or designated representative for receipt of notices by providing notice to the other Party.

2.10 Governing Law

This Master Agreement and each Statement of Work shall be governed by the laws in effect in the Province of Ontario and the applicable federal laws of Canada. The Parties irrevocably and unconditionally submit to the non-exclusive jurisdiction of the courts of the Province of Ontario and all courts competent to hear appeals from them. The Parties agree that the United Nations Convention on Contracts for the International Sale of Goods does not apply to this Master Agreement or to any Statement of Work and is strictly excluded.

2.11 Currency

All amounts set out in this Master Agreement and any Statement of Work and all payments shall be in Canadian funds.

2.12 Rights and Remedies

The rights and remedies of the Parties under this Master Agreement and under each Statement of Work are cumulative, and are in addition to and not in substitution for any rights or remedies provided at law or in equity, and shall not merge upon termination of this Master Agreement or of any Statement of Work.

2.13 No Waiver

No provision of this Master Agreement or any Statement of Work shall be deemed waived, amended, or modified by either Party unless such waiver, amendment, or modification is in writing and signed by the Party against whom it is sought to enforce the waiver, amendment, or modification.

2.14 Attachments

The following attachments form part of this Master Agreement:

ARTICLE 3. SCOPE

3.1 General

This Master Agreement sets out terms and conditions applicable to the acquisition and performance of Services pursuant to the RFP.

3.2 Acquisition of Services

Each Client may, pursuant to the terms and conditions of this Master Agreement, acquire Services based on the role(s) corresponding to the service category(s) specified in Attachment A at any time prior to the Master Agreement Expiry Date, but only by entering into a Statement of Work. Services shall be performed only pursuant to a Statement of Work. It shall be a term of each Statement of Work that the Vendor agrees to provide, subject to the terms of this Master Agreement and the applicable Statement of Work, all of the Services that fall within the scope of each Statement of Work.

3.3 Statements of Work

Each Statement of Work shall include the terms and conditions of this Master Agreement by reference and shall constitute a separate contract from every other Statement of Work. No term or condition set out in any Statement of Work shall have any effect upon any other Statement of Work. Each Statement of Work shall be governed by all of the terms and conditions of this Master Agreement and such additional terms and conditions as may be set out in the Statement of Work that are not inconsistent with the terms of this Master Agreement.

3.4 No Obligation to Enter into any Statement of Work

Neither Ontario nor any OPS Entity is under any obligation to enter into any Statement of Work with the Vendor.

3.5 Work Volumes; Non-Exclusivity

The Vendor acknowledges and agrees that Ontario makes no representation, warranty, guarantee or other agreement regarding the volume of services to be acquired from the Vendor pursuant to this Master Agreement. The Vendor acknowledges that it enters into this Master Agreement and each Statement of Work on a non-exclusive basis. Ontario and each OPS Entity reserves the right to contract with other parties, regardless of whether such other party was selected within or outside a process initiated by a request for proposals, for the same or similar services as those provided by the Vendor and reserves the right to obtain the same or similar services internally.

3.6 Exclusions

Under a Statement of Work, the Vendor and the Vendor's Personnel shall not:

(a) develop or modify any computing programming code or software programs; or

(b) unless otherwise agreed to by the Client in the Statement of Work pursuant to Section 21.1 (Request for Consent) (if Attachment D applies to the Statement of Work) or Section 19.1

(Request for Consent) (if Attachment E applies to the Statement of Work), provide to the Client or incorporate into any Deliverables any Vendor Materials.

3.7 No Restrictive Material

Without limiting any other provisions of this Master Agreement or the Statement of Work, the Vendor shall not provide or incorporate (or permit those for whom it is responsible, including its Subcontractors and Personnel to incorporate) into any Deliverables, or request a Client to consent to the Vendor providing or incorporating into any Deliverables, and shall not use or permit the use in the provision of the Services, any Restrictive Material. In this Article, "Restrictive Material" means:

(a) any art, process, machine, manufacture or composition of matter, or any improvement in any of the foregoing; or

(b) any recorded information of any nature in any form, including any assets, audio and video recordings, data, databases, designs, documents, drawings, images, information, know-how, materials, methodologies, plans, procedures, processes, products, records, reports, specifications, techniques, Technical Information, templates or working papers, including any modification to any of the foregoing;

that would:

(i) in any way restrict the ability to exercise the Intellectual Property Rights or permissions granted under this Master Agreement or any Statement of Work;

(ii) prevent the Vendor from licensing the Deliverables on the terms and conditions of this Master Agreement or any Statement of Work;

(iii) interfere with the rights granted under the Statement of Work resulting from incompatibility between the terms and conditions applicable to components of the Deliverables;

(iv) violate any licences that apply to any part of the Deliverables when the Deliverable is used in accordance with this Master Agreement or the Statement of Work; or

(v) prevent the Client at any time from entering into any contract with any contractor other than the Vendor for the development or modification or other use of the Deliverables.

ARTICLE 4. PROVINCIALLY FUNDED ORGANIZATIONS

4.1 Provincially Funded Organization Agreements

If the Vendor wishes to provide products and services to Provincially Funded Organizations, the Vendor may only do so under a separate agreement with a Provincially Funded Organization. If the Vendor receives a request from any Provincially Funded Organization to supply products and services to the Provincially Funded Organization that are the same as the Deliverables and the Services, the Vendor shall: (a) prior to engaging in negotiations with that Provincially Funded Organization, provide the Provincially Funded Organization with a copy of the acknowledgement as attached as Attachment J to this Master Agreement ("**Provincially Funded Organization Notice**"); and (b) subject to the Vendor's compliance with subsection (a) above, use commercially reasonable efforts to negotiate with that Provincially Funded Organization for the purpose of entering into a mutually agreeable agreement for the supply to the Provincially Funded Organization of products and services that are the same as the Deliverables and the Services ("**Provincially Funded Organization Agreement**") based on the same or similar terms (including price and the length of the term) of this Master Agreement.

The Vendor agrees that the Vendor and the Provincially Funded Organization remain solely responsible for negotiating the terms and conditions (including all business, legal and other terms as may be necessary or desirable for the Vendor and the Provincially Funded Organization) of the Provincially Funded Organization

Agreement and for any resulting or related relationships and agreements between the Vendor and the Provincially Funded Organization.

4.2 Status of Provincially Funded Organizations

Provincially Funded Organizations cannot enter into any Statement of Work or any other subordinate agreement to this Master Agreement to acquire any Deliverables or Services or any other products and services under this Master Agreement.

4.3 Ontario Not Liable for Vendor's Relationship with Provincially Funded Organizations

The Vendor acknowledges and agrees as follows:

(a) Ontario does not endorse, recommend or approve the suitability of: (i) any Provincially Funded Organization as a customer of the Vendor; and (ii) the terms and conditions of this Master Agreement (or any subordinate agreement under this Master Agreement) as a basis for, in whole or in part, any Provincially Funded Organization Agreement or any other resulting or related relationships or agreements between the Vendor and any Provincially Funded Organization. The Vendor is solely responsible for conducting its own independent assessment (including obtaining its own professional advice as may be necessary and appropriate in the Vendor's specific circumstances) to determine the suitability of the above.

(b) Ontario makes no representation, assurance, warranty, or guarantee: (i) that any Provincially Funded Organizations will acquire products or services from or consider the products or services of the Vendor; or (ii) of the value or volume of products or services that may or will be ordered, if any, by any or all Provincially Funded Organizations.

(c) Ontario will not, in respect of any Provincially Funded Organization Agreement or any resulting or related relationships or agreements between the Vendor and any Provincially Funded Organization: (i) be or be deemed to be a party to, or a guarantor of any obligations or liability of any party under, any Provincially Funded Organization Agreements or any such relationships or agreements; or (ii) be responsible or liable to the Vendor or any third party for any costs, obligations, liabilities or covenants of the Provincially Funded Organization, and nothing in any agreement between the Vendor and any Provincially Funded Organization shall have the effect of imposing or resulting in the imposition of any costs, obligations, liabilities or covenants on Ontario.

(d) The Vendor shall not, in relation to or under any Provincially Funded Organization Agreement or under any resulting or related relationships or agreements between the Vendor and any Provincially Funded Organization, bring any Proceedings against Ontario or any of its Personnel or any Indemnified Party as a result of: (i) any act, error or omission of the parties to the Provincially Funded Organization Agreement; or (ii) any act, error or omission of Ontario or any of its Personnel.

(e) The Vendor is solely responsible for its own contract administration with each Provincially Funded Organization and shall not direct any issues that may arise with any Provincially Funded Organization to Ontario.

(f) For the purposes of any Provincially Funded Organization Agreement, the Vendor acknowledges that Provincially Funded Organizations have no power or authority to bind Ontario or to assume or create any obligation or responsibility, express or implied, on behalf of Ontario.

(g) Despite any provision in this Master Agreement to the contrary, the Vendor shall be responsible for any and all Losses suffered by any Indemnified Party arising out of or in connection with any Provincially Funded Organization Agreement or any breach by the Vendor of this Article 4 (Provincially Funded Organizations).

4.4 Disclosure of Information

(a) Ontario may, from time to time and at its sole discretion, inform any or all Provincially Funded Organizations of: (i) the Vendor's status as a vendor of record; (ii) the products and services of the Vendor that are available to Ontario under this Master Agreement; and (iii) the Vendor's obligation under this Section 4.4 and under Section 4.1. In addition, Ontario and any OPS Entity may disclose, and the Vendor consents to the disclosure, to Provincially Funded Organizations of this Master Agreement or any part of it (including pricing), as amended. For certainty, the Vendor agrees that neither this Master Agreement or any part of it is considered Confidential Vendor Information and no notice to or further consent of the Vendor is required prior to disclosure to any Provincially Funded Organization.

(b) If the Vendor is requested by a Provincially Funded Organization to do so, the Vendor shall provide to that Provincially Funded Organization the following documents and information: (i) the RFP and other related procurement documents that were publicly issued; and (ii) the Vendor's proposal in response to the RFP, but only to the extent that it does not include OPS Confidential Information.

(c) The Vendor agrees to provide to Ontario, at Ontario's request, data and information regarding Provincially Funded Organization access to and acquisition of products and services from the Vendor.

(d) The Vendor consents to Ontario receiving data and information from a Provincially Funded Organization of such Provincially Funded Organization's request for access to and acquisition of products and services from the Vendor.

ARTICLE 5. LEGAL RELATIONSHIPS AMONGST THE PARTIES & THIRD PARTIES

5.1 Vendor and its Personnel Not an Agent, Employee or Partner

The Vendor shall have no power or authority to bind Ontario or any OPS Entity or to assume or create any obligation or responsibility, express or implied, on behalf of Ontario or any OPS Entity. The Vendor shall not hold out itself, or any of its Personnel, as an agent, employee or partner of Ontario or of any OPS Entity. Nothing in this Master Agreement or any Statement of Work shall have the effect of creating an agency, employment or partnership relationship between Ontario or any OPS Entity and the Vendor (or any of the Vendor's directors, officers, Personnel, agents, partners, affiliates, volunteers or Subcontractors), or constitute an appointment under the Public Service of Ontario Act, 2006, S.O. 2006, Chapter 35, as amended. The Vendor is solely responsible for all legally required employer and employee contributions and deductions, compensation and benefits for itself and its Personnel.

5.2 Responsibility of Vendor

The Vendor agrees that it is liable for the acts and omissions of its and of its Subcontractors' directors, officers, Personnel, agents, partners, affiliates, and volunteers. The Vendor shall advise these individuals and entities of its obligations under this Master Agreement and under the Statement of Work and, without limiting the generality of the foregoing, shall take appropriate action to ensure compliance with (a) this Master Agreement and the Statement of Work generally, (b) the requirements of Article 26 (OPS Confidential Information), and (c) the Privacy Provisions. Ontario and the OPS Entities shall have no liability (vicarious or otherwise) for any acts or omissions of the Vendor's and its Subcontractors' directors, officers, Personnel, agents, partners, affiliates, volunteers or Subcontractors. This Section is in addition to any and all of the Vendor's liabilities under this Master Agreement, each Statement of Work and under the general application of law. This Section shall survive the termination or expiry of this Master Agreement and every Statement of Work.

5.3 Subcontracting or Assignment

The Vendor shall not subcontract or assign the whole or any part of this Master Agreement without the prior written consent of the Minister (MGS). Such consent shall be in the sole discretion of the Minister (MGS) and

subject to the terms and conditions that may be imposed by the Minister (MGS). The Vendor shall not subcontract or assign the whole or any part of any Statement of Work or any monies due under it without the prior written consent of the Minister (Client). Such consent shall be in the sole discretion of the Minister (Client) and subject to the terms and conditions that may be imposed by the Minister (Client). Without limiting the generality of the conditions which the Minister (Client) may require prior to consenting to the Vendor's use of a Subcontractor, every contract entered into by the Vendor with a Subcontractor shall adopt all of the terms and conditions of this Master Agreement and the Statement of Work as far as applicable to those parts of the Services provided by the Subcontractor. Nothing in this Master Agreement or any Statement of Work shall create a contractual relationship between any Subcontractor or its employees and Ontario or any OPS Entity.

5.4 Assignment of Statement of Work by the Client

Provided that the Vendor has received prior written notice of the Client's intent to assign: (a) where the Client is Ontario, the Minister (Client) may assign without the consent of the Vendor all or any part of a Statement of Work to any OPS Entity, any office of an officer of the Legislative Assembly or of the Ontario Legislature, any Provincially Funded Organization, or where such assignment is necessitated by outsourcing, privatizing, partnering or similar activity, to a non-governmental entity; and (b) where the Client is an OPS Entity, the Minister (Client) may assign without the consent of the Vendor all or any part of a Statement of Work to Ontario, or where such assignment is necessitated by outsourcing, privatizing, partnering or similar activity, to a non-governmental entity.

5.5 Duty to Disclose Change of Control

If the Vendor undergoes a change in control, the Vendor shall disclose such change in control to the MGS Representative within fourteen (14) calendar days of such change in control and shall comply with any reasonable terms and conditions subsequently prescribed by MGS resulting from the disclosure.

5.6 Conflict of Interest

The Vendor shall, and shall require each of its Personnel to: (a) avoid any Conflict of Interest in the performance of its contractual obligations; (b) disclose to MGS and the Client without delay any actual or potential Conflict of Interest that arises during the performance of its contractual obligations; and (c) comply with any requirements prescribed by MGS or the Client to resolve any Conflict of Interest. In addition to all other contractual rights or rights available at law or in equity, the Minister (MGS) may, at its sole discretion, immediately terminate this Master Agreement, and the Minister (Client) may, at its sole discretion, immediately terminate any or all Statements of Work, upon giving notice to the Vendor where (i) the Vendor fails to disclose an actual or potential Conflict of Interest; (ii) the Vendor fails to comply with any requirements prescribed by MGS or the Client, as the case may be, to resolve a Conflict of Interest; or (iii) the Vendor's Conflict of Interest cannot be resolved. This Section shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

5.7 Binding Nature

This Master Agreement and each Statement of Work is binding upon, and enures to the benefit of, the Parties and their respective successors and permitted assigns.

ARTICLE 6. TERM

6.1 Term of Master Agreement

This Master Agreement shall be in effect from and including the Effective Date and shall remain in force until and including the Master Agreement Expiry Date, unless terminated earlier in accordance with the terms of this Master Agreement or unless extended by the Minister (MGS), in its sole discretion, on the same terms and conditions (excluding any option to further extend this Master Agreement during the extension period) for an additional period of twelve months by written notice from MGS to the Vendor given not less than sixty (60) days prior to the Master Agreement Expiry Date.

6.2 Term of Statement of Work

The Project Term with respect to a Statement of Work shall commence on the applicable Project Start Date, and shall continue until the Project End Date, unless terminated earlier in accordance with the terms of this Master Agreement or the Statement of Work. Except as provided for in Section 6.3, a Project End Date may only be extended by a Change Order.

For certainty, a Project End Date in a Statement of Work can be a date that is up to twelve months past the end of the Term of the Master Agreement. Despite anything to the contrary in any Statement of Work or any Change Order, any Statement of Work, which is in effect on the last day of the twelve-month period commencing immediately after the end of the Term of the Master Agreement, shall terminate on that day.

6.3 Extension of Project End Dates Due to Labour Disruption

If there is a labour disruption (e.g. a lawful or unlawful strike or a lock-out) or threatened labour disruption by Crown employees, the Client may notify the Vendor of the Client's intent to, among other things, extend the Project End Date. In such notice, the Client shall specify the anticipated time period of the impact or potential impact of the labour disruption or threatened labour disruption ("**Anticipated Disruption Period**"). Upon such notice being provided to the Vendor, the Project End Date and any dates set out in the Statement of Work which specify when obligations must be met (including any milestone dates, payment dates, etc.) shall be deemed to be amended to a later date that is equal to the number of days of the Anticipated Disruption Period, as set out in the Client's notice. If any of such amended date(s) falls on a non-Business Day, the Project End Date shall be deemed to be the next Business Day. The Client may revise any such Anticipated Disruption Period at any time and from time to time prior to the end of the Anticipated Disruption Period.

If the Anticipated Disruption Period exceeds fifty (50) consecutive Business Days, the Vendor may terminate the Statement of Work at any time effective after the fiftieth (50^{th}) Business Day by giving notice no less than five (5) Business Days prior to the Vendor's intended date of termination. If a Statement of Work is terminated by the Vendor pursuant to this Section 6.3 (Extension of Project End Dates Due to Labour Disruption), the Client shall be liable to the Vendor only for payment for Services properly performed and Deliverables delivered to and accepted by the Client up to and including the effective date of the termination, unless the Client and the Vendor agree otherwise in an agreement signed by both parties that expressly references this Section 6.3 (Extension of Project End Dates Due to Labour Disruption). For certainty, if a Statement of Work provides that payment will be due and owing upon the meeting of a specified milestone (such as, for example, delivery and/or acceptance of a specified Deliverable) and the effective date of the termination of the Statement of Work passes prior to the specified milestone being met, the Client is not liable to the Vendor for payment for Services performed and/or Deliverables delivered and/or accepted in relation to that specified milestone, unless the Client and the Vendor agree otherwise in an agreement signed by both parties that expressly references this Section 6.3 (Extension of Project End Dates Due to Labour Disruption). Termination shall not relieve the Vendor of its warranties and other responsibilities relating to the accepted Deliverables, the Services performed or money paid, or of its obligations upon termination of the Statement of Work. In addition to its other rights of hold back, the Client may hold back payment or set off against any payments owed if the Vendor fails to comply with its obligations on termination. The provisions of this Section 6.3 (Extension of Project End Dates Due to Labour Disruptions) shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 7. SECOND STAGE SELECTION PROCESS

7.1 Requests for Services

Any Client may issue a written request for services to the Vendor and to other vendors selected pursuant to the RFP, setting out a brief description of the services required, the timeframes, and any other requirements.

7.2 Proposals

If the Vendor wishes to respond to a request for services issued to the Vendor, it shall prepare, at no cost, a written proposal delivered to the Client setting out the list and description of the Deliverables, a list of the Roles (including experience levels) required, the names and resumes of the Personnel that it proposes to assign to each of the Roles, its proposed pricing, and the estimated duration of each position required to achieve completion of the proposed services within the timeframe specified in the request for services. The Vendor shall

comply with the submission requirements and other requirements in the request for services. The Vendor shall ensure that each individual proposed by the Vendor is qualified for the proposed Role. The Vendor shall provide the Client or its representatives with the opportunity to interview its proposed Personnel, at no cost. If the Vendor receives a request for services but does not intend to submit a proposal, it shall notify the Client that it will not do so.

The Client shall have the right in its absolute discretion to disqualify the Vendor, or reject all or any part of its proposal: (i) if the same individual is proposed by the Vendor and any other vendor; (ii) if an individual is proposed by the Vendor that Ontario or any OPS Entity determines is not suitable based on information provided by references, based on past performance on previous contracts or previous employment with the OPS, or based on Security Clearance Checks; or (iii) if any information provided by the Vendor is materially inaccurate or the Vendor makes a material misrepresentation or omission; and this right is in addition to any other express rights or any other rights which may be implied in the circumstances. Neither Ontario nor any OPS Entity shall be liable for any expenses, costs, losses or any direct or indirect damages incurred or suffered by the Vendor or any third party resulting from exercising any of its express or implied rights under this Section.

ARTICLE 8. PERFORMANCE BY VENDOR

8.1 Performance

Under each Statement of Work, the Vendor shall diligently carry out and complete the Services in accordance with the Statement of Work and Requirements of Law, and the Vendor shall:

(a) provide any and all labour, supplies, equipment and other goods or services that are necessary and can reasonably be understood or inferred to be included within the scope of the Statement of Work or customarily furnished by Persons providing services of the type provided under the Statement of Work in similar situations in the Province of Ontario; and

(b) adhere to commonly accepted norms of ethical business practices, including establishing, and ensuring adherence to, precautions to prevent its employees or agents from providing or offering gifts or hospitality of greater than nominal value to any person acting on behalf of or employed by the Client.

8.2 Use and Access Restrictions

The Vendor acknowledges that unless it obtains specific written preauthorization from the Client, any access to or use of OPS property, technology or information that is not necessary for the performance of its contractual obligations under a Statement of Work is strictly prohibited. The Vendor further acknowledges that Ontario and, if the Client is an OPS Entity, the OPS Entity, may monitor the Vendor to ensure compliance with this Section. This Section is in addition to and shall not limit any other obligation or restriction placed upon the Vendor.

8.3 Completion of Services

If any of the Services or Deliverables provided is not in accordance with the requirements of the Statement of Work and is not to the satisfaction of the Client, the Client may reject it or may issue a rectification notice to the Vendor setting out the manner and time-frame for rectification. Within seven (7) Business Days of receipt of a rectification notice, the Vendor shall either comply with that rectification notice at its own expense or provide a rectification plan satisfactory to the Client. If the Vendor fails to either comply with that rectification notice or provide a rectification plan that is satisfactory to the Client, the Client may immediately:

(a) accept all or any part of the Services or Deliverables (even if of diminished value) provided to the Client by the date specified by the Client, but the Client shall be liable to the Vendor only for payment for Services properly performed and Deliverables delivered to and accepted by the Client;

(b) terminate the Statement of Work; or

(c) do both (a) and (b) above.

If the Vendor has been given a prior rectification notice, the same subsequent type of non-compliance by the Vendor shall allow the Client to immediately terminate the Statement of Work.

8.4 Performance Management Process

The Vendor agrees to participate in, and comply with the terms of, the Performance Management Process. The Vendor acknowledges that the Performance Management Process may be changed from time to time by Ontario at Ontario's sole discretion. Without limiting the foregoing, the Vendor acknowledges and agrees:

(a) to adhere to any guidelines and processes issued in respect of the Performance Management Process;

(b) to respond to requests from MGS or a Client for information or feedback arising out of or about the Performance Management Process (including responding to Vendor Evaluation Information), within the time frame specified in the request (or in the absence of a time frame, within a reasonable period of time);

(c) to meet with MGS or the Client, whether remotely or in person, at no charge to MGS or the Client, to discuss performance and other evaluations (including Vendor Evaluation Information) or any other issues arising out of or about the Performance Management Process;

(d) that performance ratings, performance feedback and other information about the Vendor and its Personnel gathered or obtained through the Performance Management Process (including Vendor Evaluation Information) may be made available to the OPS (including OPS Entities), as well as Provincially Funded Organizations;

(e) in addition to and without limiting any provision, statutory or otherwise, that protects employees or other personnel of Ontario or any OPS Entity from actions or proceedings for damages, the Vendor agrees that no action or proceeding for damages may be brought against any Personnel of Ontario or of any OPS Entity for any acts done in good faith in connection with the Performance Management Process (including any evaluation of the Vendor by any such Personnel) or for any alleged neglect or default in the execution in good faith of such Personnel's duty as it relates to the Performance Management Process; and

(f) that performance ratings and performance and other evaluations prepared or obtained through the Performance Management Process (including Vendor Evaluation Information) may be used by Ontario or OPS Entities under this VOR arrangement or any other vendor of record arrangement, as well as in other procurements, whether or not related to this VOR arrangement.

ARTICLE 9. PERSONNEL

9.1 Personnel Qualifications

The Vendor shall provide qualified Personnel under each Statement of Work. The Vendor shall not permit any individual to perform any Services in any Role if the individual does not have the experience level specified in the Statement of Work for that Role, or does not have the qualifications for that Role (other than the experience levels) as set out in Attachment A.

9.2 Performance by Named Individuals Only

The Parties agree that only those individuals named in a Statement of Work shall perform the Services on behalf of the Vendor. The Parties agree that each Statement of Work shall specify the Role for each named individual. The Vendor shall use commercially reasonable efforts to maintain continuity under a Statement of Work by using the same Personnel to perform the Services throughout the Project Term. The Vendor shall not

replace or substitute any of the individuals named in the Statement of Work without the prior written approval of the Client, which may not be arbitrarily or unreasonably withheld.

9.3 Replacement of Personnel

If the Client, in its sole discretion, deems any of the Vendor's Personnel to be inappropriate, the Client may require the Vendor to replace such Personnel. The Vendor shall immediately, upon receipt of the Client's request, remove any individual from performing any Services under the Statement of Work. The Vendor shall submit to the Client the name and resume of a suitable replacement for each of the Personnel deemed inappropriate by the Client. The Vendor shall provide the Client with the opportunity to interview its proposed Personnel, at no cost to the Client. The Vendor agrees that any proposed replacement Personnel must be qualified in the same Role and must possess similar or greater qualifications than the individual being replaced, and that the Client's approval may, at the Client's discretion, be subject to Article 10 (Security Clearance Checks). The Vendor shall not charge the Client more for the replacement under the Statement of Work, even if the replacement Personnel holds a more senior position or has more experience than the individual being replaced. If the Vendor fails to propose any replacement Personnel within three (3) Business Days, or proposes replacement Personnel who the Client deems, in its sole discretion, to be inappropriate or not available in a timely manner, the Minister (Client) may immediately terminate the Statement of Work by giving notice of termination and such termination shall be in addition to the other rights and remedies under the Statement of Work, at law or in equity. Neither Ontario nor any OPS Entity shall have any liability to the Vendor or any of its Personnel arising out of or in connection with such termination of the Statement of Work or with any replacement or request for replacement of any Personnel.

9.4 Substitution or Replacement Prior to or Shortly After Project Start Date

(a) If:

(i) prior to the Project Start Date, the Vendor notifies the Client of its intent to replace or substitute any individual named in a Statement of Work; or

(ii) on or within five (5) Business Days after the Project Start Date, the Vendor notifies the Client of its intent to replace or substitute any individual named in a Statement of Work within ten (10) Business Days after the Project Start Date;

the Client may, at its sole discretion, immediately terminate the Statement of Work by giving notice of termination and such termination shall be in addition to the other rights and remedies under the Statement of Work, at law or in equity. For certainty, the Client is not obligated to consider the replacement or substitute offered by the Vendor, or any individual proposed by the Vendor but not selected by the Client during the Second Stage Selection process for the Statement of Work, before exercising the right to terminate under this section.

(b) Termination under this Section 9.4 shall be in writing ("Termination Email Notice") and may be delivered via e-mail to the Vendor's representative identified in the Statement of Work or to the individual designated as the Vendor Representative in Section 2.9(b). The Termination E-mail Notice is considered delivered to the Vendor one (1) hour after it was sent.

(c) Payment, if any, for any Services performed or Deliverables delivered and accepted prior to the effective date of termination of the Statement of Work when terminated under this Section 9.4 shall be made in accordance with Section 36.4 (Payment to Vendor Upon Termination) of this Master Agreement.

ARTICLE 10. SECURITY CLEARANCE CHECKS

10.1 Definition

For the purposes of this Master Agreement, the following capitalized terms mean:

"**Company Level Check**" is a security screening check, which requires checks to be conducted on all directors and officers of the company, regardless of whether they will have direct involvement in the work associated with the procurement which was deemed to require security screening. In order to be issued a company level clearance, all directors and officers of the company and the Company Security Officer (CSO) must consent to security screening and obtain clearances. Company-level screening checks are conducted only where the security risk assessment indicates the necessity.

"**Company Security Officer**" is a person who holds that standing in the Contractor Security Screening Program. A Company Security Officer (or CSO) plays an administrative role in the security screening process on behalf of his or her company and must hold a valid security clearance issued by the Employee Relations Division of MGS (ERD, MGS) prior to performing that role. The CSO is responsible for the verification of identity for workers requiring screening for contracted work, where required.

"**Criminal Record Check**" is a search of the Canadian Police Information Centre (CPIC) database maintained by the RCMP, using an individual's name, date of birth and any other information necessary to verify identity, for information about the individual relating to:

- Convictions under the offense provisions of federal statutes recorded in the CPIC system;
- Records of discharges (absolute and conditional) which have not been removed from the CPIC system, in accordance with the *Criminal Records Act (Canada)*. Note: Information about absolute discharges will not be collected after one (1) year from the date of disposition. Information about conditional discharges will not be collected after three (3) years from the date of disposition;
- Charges that have been laid but are not resolved (unresolved charges) under the offense provisions of federal statutes; and
- Records of judicial orders in effect (e.g. warrants) that are related to federal offence charges or convictions.

"**Driver's Record Check**" is conducted where driving is a requirement for the contract where a valid driver's licence is required. It involves a check of provincial databases for information regarding driving history using the individual's driver licence number. This check provides a three year history of *Highway Traffic Act (Ontario)* and *Criminal Code* of Canada convictions and any current suspensions, along with the driver's current listed address and licence status.

"**General Level Security Screening Check**" requires the individual to obtain a Criminal Record Check (see the definition for Criminal Record Check for additional information). A general level security screening check may also include a Driver's Record Check, and/or an Out-of-Country Police Certificate (US and/or international), where required.

"**Other/Enhanced Level Security Screening Check**" is a higher level check that is required when the duties or tasks establish a risk level greater than can be addressed through a General Level Security Screening Check. Other/Enhanced level security screening checks include one or more of the following check types in addition to the General Level Security Screening Check: fingerprint-based criminal record check, personal history investigation, local police records check, family interview and/or financial background check.

"**Out-of-Country Driver's Record Check (US and/or International)**" is when the individual has lived outside Canada for more than six (6) months within the last five (5) years, an out of country driver records check from the jurisdiction(s) in which they have resided is required. This check includes information such as current suspensions, along with the driver's current listed address and licence status. Driver's record check is conducted where driving is a requirement for a Statement of Work where a valid driver's licence is required. If the certificate is not in French or English, the individual is to provide an English translation along with the original certificate.

"**Out of Country Police Certificate (US/International)**" is a summary of an individual's criminal record or a declaration of the absence of any criminal record from a law enforcement agency in another country outside of Canada. Police certificates are different in each state/country and may be called police clearance certificates, good conduct certificates, judicial record extracts, etc. Where an individual has lived outside of Canada for more than six (6) months within the last five (5) years, an out-of-country police certificate from the jurisdiction(s) in which they resided is required. If the certificate is not in French or English, the individual is to provide an English translation along with the original certificate.

"**Security Screening Check**" is the process conducted by the Vendor to gather information on designated persons for submission to the Client in order to obtain a Security Clearance and includes all of the following:

1. A written declaration by an individual disclosing any unresolved charges and previous convictions under the offence provisions of federal statutes, including but not limited to the *Criminal Code (Canada)*, for which a pardon under the *Criminal Records Act (Canada)* has not been granted;

2. a General Level Security Screening Check; and

3. Other/Enhanced Level Security Screening Check (if required, as determined by the Client or ERD, MGS).

"**Security Clearance**" means a decision made by ERD, MGS following receipt of the Security Screening Check documents that will permit the person being cleared to engage in the performance of the services.

10.2 Security Screening Check

(a) Security Clearances are not provided in perpetuity and are subject to revocation by MGS or the Client at its sole discretion at any time. Security Screening Checks shall be renewed at the intervals as may be specified by ERD, MGS.

(b) On notification from MGS, the Vendor shall, prior to entering into a Statement of Work or otherwise during the Term, provide to the ERD, MGS, completed Security Screening Checks for all persons engaged in the performance of the services who are either not cleared or for whom a renewal is required. All documents shall be provided through the Vendor's designated Company Security Officer.

(c) All Security Screening Checks shall be provided in form and content acceptable to the ERD, MGS and shall include all required consents.

(d) If a person or company has been deemed by the Ministry to require a Security Clearance they shall not engage in the performance of the services unless they have been provided a Security Clearance by the ERD, MGS.

10.3 Changes

(a) During the Term of this Master Agreement or a Statement of Work, or an agreement arising from it, the Vendor shall report to the ERD, MGS, within five Business Days thereof, any change to:

(i) any information provided as part of a Security Screening Check process;

(ii) employees, agents and subcontractors or, where a Company Level Check is required, partners, directors, officers and shareholders, who are or will be engaged in providing the security screening documents or engaged in the performance of the services.

(b) The ERD, MGS shall assess the above information and may instruct the Vendor to comply with any instructions arising which may include requests for provision of information to amend existing Security Clearances or provide for new Security Clearances.

10.4 Default under Agreement

During the Term of this Master Agreement and any Statement of Work, the Vendor shall be in default under this Master Agreement and the applicable Statement of Work if they fail to comply with the requirements of this Article.

ARTICLE 11. CHANGE MANAGEMENT

11.1 Change Requests and Impact Assessments

A Client may request a change to a Statement of Work by submitting to the Vendor a written change request reasonably detailing the scope and priority of the desired changes. The Vendor shall promptly evaluate each change requested by the Client. The Vendor shall promptly provide the Client with a written impact assessment which addresses relevant factors, including the implications for Roles, Personnel, deadlines, milestones, costs and any other terms and conditions of the Statement of Work. Such evaluation and assessment by the Vendor shall be made without charge to the Client. If the Vendor does not have sufficient resources to perform any requested changes in accordance with any time limits set out in the change request, the Vendor shall promptly notify the Client.

11.2 Change Orders

Each Change Order must contain:

(a) an effective date;

(b) a description of any additional Services to be performed or Deliverables to be provided, the names of the Vendor's Personnel necessary to perform such additional Services, and specifying the Role (including the experience level) for each named individual, and the availability of such Personnel over the relevant time period;

(c) a description of any Services, Roles or named individuals deleted from the Statement of Work, if applicable;

(d) a description of any other changes to the performance required of either Party, if applicable;

(e) a statement of the impact of the changes on the Services, Deliverables, deadlines, milestones, costs or other requirements of the Statement of Work;

(f) any new Maximum Price or Project End Date, if applicable;

(g) any new Fixed Price, if applicable;

(h) the Per Diem Rate for each additional Role, if applicable; and

(i) signatures of the duly authorized signing officers of each Party.

11.3 Changes to Milestones

If there is any change to the ability of the Vendor to meet an applicable milestone set out in the Statement of Work, the Vendor shall promptly notify the Client. Any changes to the applicable milestone set out in the Statement of Work and any terms and conditions of the Statement of Work resulting from the change must be effected by a Change Order.

11.4 Pricing for Requested Changes

(a) *Changes Impacting Fixed Price* - Where the change request results in an increase or a reduction to a Fixed Price, the Client and the Vendor shall negotiate: (i) the amount of the additional charge or reduction to the Fixed Price resulting from the change request, if

applicable; and (ii) the change to the Maximum Price under that Statement of Work resulting from the change request, if applicable. The increase or decrease to the Fixed Price and/or Maximum Price shall be set out in the Change Order.

Where the Client and the Vendor are unable to agree to a fixed amount of the increase to a Fixed Price resulting from a change request, the Vendor agrees that, at the Client's option, the Client may require that the Work be performed by the Vendor under the change request on a Per Diem Rate basis in accordance with subsection (b) (Per Diem Rate for Change Requests) of this Section 11.4.

(b) *Per Diem Rate for Change Requests* - Where a Per Diem Rate stated in the Statement of Work applies to a Role (at the same experience level) contemplated in the change request, the Per Diem Rate applicable to the change request shall be the Per Diem Rate for that Role as set out in the Statement of Work, or any lesser Per Diem Rate agreed to by the Client and the Vendor. Where Per Diem Rates stated in the Statement of Work do not apply to a Role (at the same experience level) contemplated in the change request, the Per Diem Rate for each individual in such Role may be negotiated between the Client and the Vendor within a reasonable period of time, provided that the Per Diem Rate complies with the provisions of the Master Agreement and this Section 11.4.

(c) *Changes Impacting Work Done on a Per Diem Rate Basis* - Where the change request results in a change impacting Work being done on a Per Diem Rate basis, the Client and the Vendor shall negotiate the change to the Maximum Price under the Statement of Work resulting from the change request. Where the change request results in the addition of a Role, the Per Diem Rate for that Role shall be determined in accordance with subsection (b) (Per Diem Rate for Change Requests) of this Section 11.4.

11.5 No Payment Without Executed Change Order

No change request shall be implemented or incorporated as part of a Statement of Work unless and until a Change Order has been executed by both the Minister (Client) and the Vendor. Under no circumstances will the Vendor be entitled to payment for any goods or services provided pursuant to a change request that have not been described in a Change Order.

ARTICLE 12. REPORTS

12.1 Monthly Usage Reports

The Vendor shall prepare a usage report (referred to in this Article as a "Usage Report") for each calendar month for: (a) every Statement of Work (including any extension to a Statement of Work) and every Change Order entered into by the Vendor pursuant to this Master Agreement; and (b) the value and volume of all services acquired by Provincially Funded Organizations from the Vendor under Provincially Funded Organization Agreements that are the same as the Services under this Master Agreement. If no Statements of Work or Change Orders are entered into during a calendar month, the Vendor shall submit a NIL report. In each Usage Report, the Vendor shall set out the name of the Vendor, the month and year covered, and all other information described below in this Article. The Vendor shall provide each Usage Report to the MGS Representative within ten (10) Business Days of the end of the applicable month.

12.2 Contents of Usage Report

In each Usage Report, the Vendor shall include the following information: (1) in respect of each Statement of Work in effect during the applicable calendar month: (a) vendor of record (VOR) number; (b) ministry/cluster/OPS Entity; (c) branch; (d) contract signing date; (e) contact information (name, e-mail address, phone) of the ministry or OPS Entity for which the Statement of Work is being performed; (f) Statement of Work number; (g) description of Services; (h) purchase order number (optional additional information field for Vendor); (i) Project Start Date; (j) Project End Date (or anticipated completion date of project); (k) consultants' roles; (l) Service Category in which consultants are working; (m) estimated cost (contract value); (n) contract extension

information; and (o) such other information as MGS may require; and (2) the value and volume of all services acquired by Provincially Funded Organizations from the Vendor under Provincially Funded Organization Agreements that are the same as the Services under this Master Agreement. The Vendor shall include the total dollar amount of all Statements of Work issued during that month (excluding Harmonized Sales Tax) to all Clients, and any other information that is reasonably requested by MGS. Any extension or change to a Statement of Work, including dollar amount, must be reported during the month that extensions or changes took place.

12.3 Format of Usage Report

The Usage Form must be provided in the form available for downloading as an Excel file from: http://www.doingbusiness.mgs.gov.on.ca/mbs/psb/vordb.nsf/english/home_page?openDocument&login, or from such other web address as MGS may notify the Vendor. The Vendor shall send each Usage Report by electronic mail to the MGS Representative at the email address stipulated by notice from MGS to the Vendor.

12.4 Costs

The Vendor shall be solely responsible for all costs associated with establishing, preparing, supporting and producing each Usage Report and all other reports covered by this Article.

12.5 Other Documentation

The Vendor shall provide the MGS Representative from time to time with any other documentation that the MGS Representative requests or which is required by this Master Agreement.

ARTICLE 13. LIMITS ON CHARGES UNDER STATEMENTS OF WORK

13.1 Charges under a Statement of Work

The amount that can be charged under a Statement of Work shall be set out in the Statement of Work.

13.2 Charges on a Fixed Price Basis

If the Statement of Work specifies a charge on a Fixed Price basis, the Vendor shall not charge more than the Fixed Price, even if the Work requires additional time to complete that would otherwise have brought the cost to the Client to an amount in excess of the Fixed Price specified in the Statement of Work. Any amount charged in excess of the Fixed Price shall be deemed to be an overpayment.

The Client shall pay such portion of the Fixed Price in accordance with the payment schedule set out in the Statement of Work.

13.3 Charges on a Per Diem Rate Basis

If the Statement of Work specifies a charge on a Per Diem Rate basis, the following shall apply to that portion of the Statement of Work that is charged on a Per Diem Rate basis:

(a) *Charges for Services Performed During One Day* - The Vendor shall not be paid more than the applicable Per Diem Rate for Services performed by an individual in a Role on one calendar day.

The Vendor shall invoice the Client for the actual number of hours worked in one calendar day where the Services performed by the individual under a Statement of Work totals less than 7.25 hours in a Role for a calendar day. The Vendor shall invoice the Client for no more than the applicable Per Diem Rate where an individual in a Role has performed Services totalling 7.25 hours or more in one calendar day. For example, if an individual works 8 hours in a Role on one calendar day, the Vendor shall not be paid overtime for the time worked in excess of 7.25 hours. If an individual works less than 7.25 hours in a Role on a calendar day, the Vendor's

charge for the individual's Services in that Role on that calendar day shall be pro-rated against the applicable Per Diem Rate. For example, if an individual works 6 hours in a Role on one calendar day, the applicable Per Diem Rate shall be pro-rated by dividing it by 7.25 and multiplying it by 6. Any amount paid in excess of the pro-rated amount is deemed to be an overpayment.

(b) *Per Diem Rates and Experience Levels* - Under a Statement of Work, the Per Diem Rate for a Role shall not increase as a result of an individual gaining experience in performing that Role under that Statement of Work. In respect of a Statement of Work, the experience level of each individual shall be deemed to be fixed for the Assignment Term upon entering into the Statement of Work.

(c) *Separate Timesheet* - The Vendor shall maintain a timesheet for the Work performed on a Per Diem Rate basis that is separate from the timesheet for Work performed on a Fixed Price basis.

13.4 Travel, Meal and Accommodation Expenses

The Client is not responsible for any travel or accommodation expenses incurred by the Vendor that are not pre-approved in writing by the Client and charged in accordance with Management Board of Cabinet's Travel, Meal and Hospitality Expenses Directive, as may be amended or replaced from time to time. Accommodation arrangements may only be made with those facilities listed in the Ontario government's Accommodations Directory, as may be amended or replaced from time to time. The Vendor shall list travel and accommodation expenses as separate line items on its invoices, and shall support all such expenses with receipts.

The Client is not responsible for and the Vendor shall not charge for any meal, hospitality or incidental expenses incurred by the Vendor.

13.5 Maximum Prices

If the Statement of Work specifies a Maximum Price, the Vendor shall not invoice the Client for more than the applicable Maximum Price. Any amount paid in excess of a Maximum Price is deemed to be an overpayment.

13.6 Overpayments

The Vendor agrees to repay any overpayment immediately upon demand by the Client.

13.7 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 14. PAYMENT FOR PERFORMANCE

14.1 Payment Subject to Limits

Subject to Article 13 (Limits on Charges Under Statement of Work), the provisions of this Article, and the Vendor's compliance with the provisions of this Master Agreement and the Statement of Work, the Client shall pay the Vendor for Services and/or Deliverables provided as set out in the Statement of Work. Services and/or Deliverables may not be pre-paid.

14.2 Billing and Payment Process

Unless the Vendor and the Client expressly set out an alternative billing and payment process in the Statement of Work, the following process shall govern:

(a) the Vendor shall provide the Client with a billing statement in accordance with the payment schedule set out in the Statement of Work and that billing statement shall include:

(i) the reference number assigned to the Statement of Work by the Client;

(ii) a brief description of the Deliverables and Services provided for the period covered by the billing statement;

(iii) the amount payable under the Statement of Work, and the amount of applicable taxes (such as HST), if payable by the Client, identified as separate items;

(iv) a brief description of the event giving rise to the amount payable (such as, for example, identifying the particular milestone that was successfully completed); and

(v) any travel and accommodation expenses, identified as separate items, that are pre-approved in accordance with Section 13.4 (Travel, Meal and Accommodation Expenses) of the Master Agreement;

(b) if the Statement of Work also specifies particular charges on a Per Diem Rate basis, the Vendor shall also provide the Client with a monthly billing statement that applies to charges on a Per Diem Rate basis no later than ten (10) Business Days after the end of each month and that billing statement shall include:

(i) the reference number assigned to the Statement of Work by the Client;

(ii) a brief description of the Services provided on a Per Diem Rate basis for the relevant month;

(iii) the Per Diem Rate applicable to each Role, and the amount of applicable taxes (such as HST), if payable by the Client, identified as separate items;

(iv) the total billable time worked by each individual in each Role; and

(v) any travel and accommodation expenses, identified as separate items, that are pre-approved in accordance with Section 13.4 (Travel, Meal and Accommodation Expenses) of the Master Agreement;

(c) the Client shall approve or reject each billing statement within fifteen (15) Business Days of its receipt. If the Client rejects the billing statement, it shall so advise the Vendor promptly in writing and the Vendor shall provide additional information as required by the Client to substantiate the billing statement; and

(d) each billing statement is subject to approval of the Client before any payment is released. Payment shall be made within thirty (30) Business Days of such approval.

14.3 Certification of Acceptance

Payment of invoices under the Statement of Work is subject to acceptance in accordance with the process set out in Section 8.3 (Completion of Services) of this Master Agreement.

14.4 Holdback

If, in the opinion of the Client acting reasonably, the Vendor has failed to complete any Services, or deliver any Deliverables, by any applicable completion, delivery or milestone date set out in the Statement of Work (including any Change Order) or established by mutual agreement pursuant to the Statement of Work, the Client may hold back up to 15 percent of the Maximum Price for the Statement of Work until the Vendor completes such Services, or delivers such Deliverables, as the case may be. The holdback will be released no more than 45 calendar days after completion of such Services or delivery of such Deliverables, as the case may be. The Client may specify additional holdback rights in a Statement of Work.

14.5 No Expenses or Additional Charges

There shall be no other charges payable by the Client to the Vendor under any Statement of Work other than (a) the amount(s) expressly set out in the Statement of Work or Change Order, (b) the harmonized sales tax (HST) if the provision of Deliverables and Services is subject to it, and (c) any travel and accommodation expenses pre-approved in accordance with Section 13.4 (Travel, Meal and Accommodation Expenses).

14.6 Payment of Taxes and Duties

The Vendor shall pay or charge and remit, as required, all applicable taxes, including excise taxes incurred by or on the Vendor's behalf with respect to the Statement of Work.

14.7 Withholding Tax

The Client shall withhold any applicable withholding tax from amounts due and owing to the Vendor under the Statement of Work and shall remit it to the appropriate government in accordance with applicable tax laws.

14.8 Interest on Late Payment

In no event shall payment be in arrears prior to the expiry of 45 Business Days after delivery of an invoice that conforms to the requirements of the Statement of Work and the expiry of 45 Business Days after the date that the invoice is due and payable. If a payment is in arrears through no fault of the Vendor, the interest charged by the Vendor, if any, for any late payment is subject to required approvals under the Financial Administration Act, R.S.O. c. F-12 and shall not exceed the pre-judgment interest rate established under subsection 127(2) of the Courts of Justice Act, R.S.O. 1990, C45, in effect on the date that the payment went into arrears.

14.9 Document Retention and Audit

During and for seven (7) years after the Term of each Statement of Work, the Vendor shall, at its cost (a) maintain all necessary records to substantiate (i) all charges and payments under each Statement of Work and (ii) that the Services were provided in accordance with each Statement of Work and with Requirements of Law; and (b) permit and assist MGS and each Client in conducting audits of the operations of the Vendor to verify (i) and (ii) above. MGS or a Client shall provide the Vendor with at least ten (10) Business Days prior notice of its requirement for such audit.

14.10 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 15. INTELLECTUAL PROPERTY OWNERSHIP AND LICENSING

15.1 General

Attachment D (Vendor/Client Ownership Provisions) or Attachment E (Client Ownership Provisions), but not both, shall apply to each Statement of Work. If the Statement of Work specifies that Attachment D applies to the Statement of Work, then Attachment E does not apply to the Statement of Work. If the Statement of Work specifies that Attachment E applies to the Statement of Work, then Attachment D does not apply to the Statement of Work.

15.2 Default Vendor Ownership Model

If the Statement of Work is silent about whether Attachment D (Vendor/Client Ownership Provisions) or Attachment E (Client Ownership Provisions) applies to it, then the provisions of Attachment D (Vendor/Client Ownership Provisions) shall apply to the Statement of Work.

[See Attachment D (Vendor/Client Ownership Provisions) and Attachment E (Client Ownership Provisions) for Article 16 to Article 25]

ARTICLE 26 OPS CONFIDENTIAL INFORMATION

26.1 Confidentiality

During and following the Term of this Master Agreement and the Project Term of each Statement of Work, the Vendor shall keep all OPS Confidential Information confidential. The Vendor shall keep all OPS Confidential Information secure and shall provide or return OPS Confidential Information to the Client on demand and, in any event, shall provide or return all OPS Confidential Information to the Client before the termination or expiry of the Statement of Work, with no copy or portion kept by the Vendor in any form or on any media. The Vendor shall limit the disclosure of OPS Confidential Information to only those of its directors, officers, Personnel, agents, partners, affiliates, volunteers or Subcontractors who have been specifically authorized to have such disclosure and who have a need to know it in order to respond to a request for service pursuant to this Master Agreement or to perform the Services under the Statement of Work. The Vendor agrees that the Vendor, its directors, officers, Personnel, agents, partners, affiliates, volunteers or Subcontractors shall not directly or indirectly disclose, destroy, exploit or use any OPS Confidential Information (except in order to respond to a request for services pursuant to this Master Agreement or to perform the Services, or except if required by order of a court or tribunal), without first obtaining:

(a) the written consent of the Client, and

(b) in respect of any OPS Confidential Information about any third party, the written consent of such third party.

26.2 Restrictions on Copying

The Vendor shall not copy any OPS Confidential Information, in whole or in part, unless necessary or materially advantageous for the performance of the Services. On each copy made by the Vendor, the Vendor must reproduce all notices which appear on the original.

26.3 Injunctive and Other Relief

The Vendor acknowledges that breach of any provisions of this Article may cause irreparable harm to Ontario, the OPS Entity or any third party to whom Ontario or the OPS Entity owes a duty of confidence, and that the injury to Ontario, the OPS Entity or any third party, may be difficult to calculate and inadequately compensable in damages. The Vendor agrees that Ontario and the OPS Entity and any third party to whom Ontario or the OPS Entity owes a duty of confidence are each entitled to obtain injunctive relief (without proving any damage sustained by it or by any third party) and any other remedy for any actual or potential breach of the provisions of this Article.

26.4 Notice and Protective Order

If the Vendor or any of its directors, officers, Personnel, agents, partners, affiliates, volunteers or Subcontractors become legally compelled to disclose any OPS Confidential Information, the Vendor will provide Ontario or the OPS Entity, as appropriate, with prompt notice to that effect to allow Ontario or the OPS Entity to seek one or more protective orders or other appropriate remedies to prevent or limit such disclosure, and it shall co-operate with Ontario and/or the OPS Entity and their respective legal counsel to the fullest extent. If such protective orders or other remedies are not obtained, the Vendor will disclose only that portion of OPS Confidential Information which the Vendor is legally compelled to disclose, only to such person or persons to which the Vendor is legally compelled to disclose, and the Vendor shall provide notice to each such recipient, in co-operation with legal counsel for Ontario and/or the OPS Entity, that such OPS Confidential Information is confidential and subject to non-disclosure on terms and conditions substantially similar to and not materially less protective than those in this Master Agreement, and not materially less protective than any more protective terms and conditions set out the Statement of Work, and, if possible, shall obtain each recipient's written agreement to receive and use such OPS Confidential Information subject to those terms and conditions.

26.5 Vendor's Directors, Officers, Personnel, Agents, Partners, Affiliates, Volunteers and Subcontractors

The Vendor shall advise its directors, officers, Personnel, agents, partners, affiliates, volunteers and Subcontractors of the requirements of this Article and take appropriate action to ensure their compliance with its terms. In addition to any other liabilities of the Vendor pursuant to this Master Agreement or the Statement of Work or otherwise at law or in equity, the Vendor shall be liable for any and all liability, losses, costs, damages, expenses (including all reasonable legal, expert and consultant fees, and reasonable disbursements), causes of action, and Proceedings arising from any non-compliance with this Article by the Vendor's directors, officers, Personnel, agents, partners, affiliates, volunteers and Subcontractors. The Vendor understands and agrees that, prior to allowing any of them to perform any Services under a Statement of Work, the Vendor shall cause its directors, officers, Personnel, agents, partners, affiliates, volunteers and Subcontractors to execute a confidentiality agreement in the form set out in Attachment H and the Vendor shall deliver it to the Client.

26.6 Conflict with Privacy Provisions

If a conflict or inconsistency arises between any provision in this Article and the Privacy Provisions, the Privacy Provisions shall govern.

26.7 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 27 PRIVACY

27.1 Default Privacy Provisions

FIPPA applies to and governs all Records and may require the disclosure of such Records to third parties.

Unless the Parties expressly set out alternative privacy provisions in the Statement of Work, the following provisions shall govern:

The Vendor agrees:

(a) to keep Records secure;

(b) to provide Records to Ontario or the OPS Entities within seven (7) calendar days of being directed to do so by Ontario or the OPS Entity for any reason including an access request or privacy issue;

(c) not to access any Personal Information unless Ontario or the OPS Entity determines, in its sole discretion, that access is permitted under FIPPA and is necessary in order to provide the Services;

(d) not to directly or indirectly use, collect, disclose or destroy any Personal Information for any purposes that are not authorized by Ontario or the OPS Entity;

(e) to ensure the security and integrity of Personal Information and keep it in a physically secure and separate location safe from loss, alteration, destruction or intermingling with other records and databases and to implement, use and maintain the most appropriate products, tools, measures and procedures to do so;

(f) to restrict access to Personal Information to those of its directors, officers, Personnel, agents, partners, affiliates, volunteers or Subcontractors who have a need to know it for the purpose of providing the Services and who have been specifically authorized by the MGS Representative or the Client Representative to have such access for the purpose of providing the Services;

(g) to implement other specific security measures that in the reasonable opinion of Ontario or the OPS Entity would improve the adequacy and effectiveness of the Vendor's measures to ensure the security and integrity of Personal Information and Records generally;

(h) that any confidential information supplied to Ontario or the OPS Entity may be disclosed by Ontario or the OPS Entity where it is obligated to do so under FIPPA, by an order of a court or tribunal or pursuant to a legal proceeding; and

(i) any provision set out above that is not expressly replaced in a Statement of Work with an alternative provision shall remain in full force and effect.

27.2 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 28 CONFIDENTIAL VENDOR INFORMATION

28.1 Confidentiality

(a) Confidentiality - Master Agreement - During and following the Term of this Master Agreement, Ontario shall keep confidential all Confidential Vendor Information that comes into the knowledge or possession of Ontario under this Master Agreement, subject to: (i) the Privacy Provisions; and (ii) any right of Ontario under this Master Agreement to disclose. Ontario agrees to limit the disclosure of Confidential Vendor Information which comes into the knowledge or possession of Ontario under this Master Agreement to only: (1) those of its advisors, personnel and subcontractors, (2) those OPS Entities, offices of officers of the Legislative Assembly or of the Ontario Legislature, and Provincially Funded Organizations, and their respective advisors, staff and subcontractors, and (3) those members of the Executive Council of Ontario, and their advisors, staff and subcontractors; who have a need to know it and who have been specifically authorized to have such disclosure. Ontario agrees that: (A) it and its advisors, personnel and subcontractors, (B) those OPS Entities, offices of officers of the Legislative Assembly or of the Ontario Legislature, and Provincially Funded Organizations, and their respective advisors, staff and subcontractors; and (C) those members of the Executive Council of Ontario, and their advisors, staff and subcontractors; shall not directly or indirectly disclose, destroy, exploit or use any Confidential Vendor Information (except to enable Ontario to exercise its rights under this Master Agreement or any Statement of Work, or except if required by order of a court or tribunal), without first obtaining:

(i) the written consent of the Vendor, and

(ii) in respect of any Confidential Vendor Information about any third party, the written consent of such third party.

(b) Confidentiality - Request for Services - In connection with a request for services issued pursuant to this Master Agreement, the Issuer shall keep confidential, in accordance with the terms and conditions of the request for services, all Confidential Vendor Information that comes into the knowledge, possession or control of the Issuer or any contractor or subcontractor at any tier of the Issuer.

(c) Confidentiality - Statements of Work – During and following the Term of each Statement of Work entered into by the Client, the Client shall keep confidential all Confidential Vendor Information that comes into the knowledge, possession or control of the Client or its Subcontractors in connection with the Statement of Work, subject to: (i) the Privacy Provision; or (ii) any right of the Client under the Statement of Work, to disclose. The Client agrees to limit the disclosure of Confidential Vendor Information which comes into the knowledge or possession of the Client in connection with the Statement of Work to only: (1) those of its

advisors, personnel and subcontractors, (2) Ontario and those of its advisors, personnel and subcontractors; (3) those OPS Entities, offices of officers of the Legislative Assembly or of the Ontario Legislature, and Provincially Funded Organizations, and their respective advisors, staff and subcontractors, and (4) those members of the Executive Council of Ontario, and their advisors, staff and subcontractors; who have a need to know it and who have been specifically authorized to have such disclosure. The Client agrees that: (A) it and its advisors, personnel and subcontractors, (B) Ontario and those of its advisors, personnel and subcontractors; (C) those OPS Entities, offices of officers of the Legislative Assembly or of the Ontario Legislature, and Provincially Funded Organizations, and their respective advisors, staff and subcontractors; and (D) those members of the Executive Council of Ontario, and their advisors, staff and subcontractors; shall not directly or indirectly disclose, destroy, exploit or use any Confidential Vendor Information (except to enable the Client to exercise its rights under this Master Agreement or any Statement of Work, or except if required by order of a court or tribunal), without first obtaining:

(i) the written consent of the Vendor, and

(ii) in respect of any Confidential Vendor Information about any third party, the written consent of such third party.

For certainty and without limiting the exclusion of the Statement of Work itself as part of the definition of "Confidential Vendor Information", the Statement of Work is not considered the confidential or proprietary information of the Vendor and it and its contents may be publicly disclosed without notice and without the prior consent of the Vendor.

(d) Limitation - Despite anything to the contrary in this Master Agreement, the Vendor and Ontario agree that: (i) Ontario shall have no obligation to control, and no liability to the Vendor for failure to control, any Confidential Vendor Information that is received by, or is in the knowledge, possession or control of, any OPS Entity, or any contractor or subcontractor at any tier of any OPS Entity: (A) in connection with any request for service issued by any OPS Entity; or (B) under any Statement of Work; and (ii) for certainty, Ontario shall have no obligation or liability to the Vendor for any breach of this Article 28 (Confidential Vendor Information) to the extent that Ontario does not have knowledge or possession of the relevant Confidential Vendor Information prior to the breach.

28.2 Restrictions on Copying

(a) Restrictions on Copying - Master Agreement - Ontario shall not copy, in whole or in part, any Confidential Vendor Information that comes into the knowledge or possession of Ontario under this Master Agreement, unless necessary or materially advantageous to enable Ontario to exercise its rights under this Master Agreement. On each copy made by Ontario, Ontario must reproduce all notices which appear on the original.

(b) Restrictions on Copying – Request for Services Process - In connection with a request for services issued pursuant to this Master Agreement, the Issuer shall not copy, in whole or in part, any Confidential Vendor Information that comes into the knowledge, possession or control of the Issuer unless necessary or materially advantageous to enable the Issuer to exercise its rights in accordance with the terms and conditions of the request for services. On each copy made by the Issuer, the Issuer must reproduce all notices which appear on the original.

(c) Restrictions on Copying - Statements of Work - The Client shall not copy, in whole or in part, any Confidential Vendor Information that comes into the knowledge, possession or control of the Client in connection with any Statement of Work entered into by the Client unless necessary or materially advantageous to enable the Client to exercise its rights under any Statement of Work entered into by the Client. On each copy made by the Client, the Client must reproduce all notices which appear on the original.

28.3 Declaratory Order and Other Relief

Ontario acknowledges, and it is a term of each Statement of Work that the Client acknowledges, that breach of any provisions of this Article may cause irreparable harm to the Vendor or to any third party to whom the Vendor owes a duty of confidence, and that the injury to the Vendor or to any third party may be difficult to calculate and inadequately compensable in damages. Ontario agrees, and it is a term of each Statement of Work that the Client agrees, that the Vendor is entitled to obtain an order declaratory of the rights of the Parties (without proving any damage sustained by it or by any third party) or any other remedy available at law against any actual or potential breach of the provisions of this Article.

28.4 Conflict with Privacy Provisions

If a conflict or an inconsistency arises between any provision in this Article and the Privacy Provisions, the Privacy Provisions shall govern.

28.5 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 29 REPRESENTATIONS, WARRANTIES AND COVENANTS AS TO THIS MASTER AGREEMENT

29.1 Representations and Warranties of the Vendor

The Vendor makes the following representations and warranties to Ontario as of the date of execution of this Master Agreement, and acknowledges that Ontario is relying upon them:

(a) the Vendor is duly incorporated, or, if a partnership, formed, and validly subsisting under the laws of its governing jurisdiction with full power, right and authority to enter into this Master Agreement, and to perform its obligations under this Master Agreement;

(b) the individual executing this Master Agreement on behalf of the Vendor is duly authorized to do so;

(c) this Master Agreement constitutes a legal, valid and binding agreement of the Vendor enforceable in accordance with its terms;

(d) there is no agreement with any other Person which would in any way interfere with the rights of Ontario under this Master Agreement; and

(e) to the extent that any right, title or interest in or to any Deliverables or Intellectual Property Rights vests in Ontario, upon such vesting all such rights, title and interest will be transferred to Ontario free and clear of any Encumbrances.

Throughout the Term of this Master Agreement, the Vendor covenants to take any actions required to ensure that the foregoing representations and warranties continue to be true and covenants not to take any actions that would cause any of the foregoing representations and warranties not to be true, and acknowledges that Ontario and OPS Entities are relying upon such covenants.

29.2 Representations and Warranties of Ontario

Ontario makes the following representations and warranties to the Vendor as of the date of execution of this Master Agreement, and acknowledges that the Vendor is relying upon them:

(a) the execution and delivery of this Master Agreement has been duly authorized; and

(b) this Master Agreement constitutes a legal, valid and binding agreement of Ontario enforceable in accordance with its terms.

29.3 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work

ARTICLE 30 REPRESENTATIONS, WARRANTIES AND COVENANTS AS TO STATEMENTS OF WORK

30.1 Representations and Warranties of the Vendor

In addition to any representations and warranties of the Vendor made under a Statement of Work, the Vendor makes the following representations and warranties to the Client as of the date of execution of each Statement of Work, and acknowledges that the Client is relying upon them:

(a) the Vendor is duly incorporated or, if a partnership, formed, and validly subsisting under the laws of its governing jurisdiction with full power, right and authority to enter into the Statement of Work, and to perform its obligations under the Statement of Work;

(b) the execution, delivery and performance of the Statement of Work by the Vendor have been duly authorized;

(c) the Statement of Work constitutes a legal, valid and binding agreement of the Vendor enforceable in accordance with its terms;

(d) there is no agreement with any other Person which would in any way interfere with the rights of the Client (and, in the case of a Client that is an OPS Entity to which Section 25.1 of Attachment D or Section 17.1 of Attachment E applies, also the rights of Ontario) under the Statement of Work;

(e) all Services will be performed: (i) in a professional and competent manner by persons qualified and skilled in their occupations; and (ii) in accordance with, and not in violation of, Requirements of Law;

(f) the Vendor:

(i) has entered into a written agreement, or will have entered into a written agreement prior to the performance of any Services under the Statement of Work, with each of its employees performing Services under the Statement of Work, or has established and published employee policies binding on its employees performing Services under the Statement of Work; or

(ii) has entered into a written agreement, or will enter into a written agreement prior to the performance of any Services under the Statement of Work, with each of its Subcontractors performing Services under the Statement of Work;

which contains the following minimum terms: (1) the employee or Subcontractor, as applicable, irrevocably assigns to the Vendor, to the extent necessary for the Vendor to grant, assign, transfer or otherwise convey to the Client the rights, title or interests in and to the Deliverables in accordance with the terms of this Master Agreement and the Statement of Work, all of its Intellectual Property Rights to work created, developed, generated, prepared or produced in the course of employment or performing its obligations under a contract with the Vendor, as applicable; (2) the employee or Subcontractor, as applicable, irrevocably waives its Moral Rights in favour of the Vendor and the Vendor's assignees in and to any work created by the employee or Subcontractor in the course of employment or performing its obligations under a contract with the Vendor, as applicable; (3) terms and conditions that protect the confidentiality

of the Vendor's confidential information, including any confidential information of the Vendor's customers, on terms that are no less protective as the confidentiality obligations set out in this Master Agreement; and (4) the employee or Subcontractor agrees to promptly do any and all acts and cause to be executed and deliver to the Vendor any and all assignments, documents and instruments relating to the Deliverables, which the Vendor may request at any time or from time to time;

(g) the Vendor has not entered into any arrangement which would in any way restrict the Client's ability (and, in the case of a Client that is an OPS Entity to which Section 25.1 of Attachment D or Section 17.1 of Attachment E applies, also Ontario's ability) to exercise the Intellectual Property Rights granted under the Statement of Work;

(h) there are no claims made or Proceedings pending or anticipated relating to the ownership of the Deliverables or any part of the Deliverables;

(i) the Vendor has, or shall obtain, all the rights for it to grant all of the rights and licences that it grants under the Statement of Work;

(j) neither the Deliverables nor the Services shall, to the best of Vendor's knowledge, in any way infringe or violate any Intellectual Property Rights or any other right of any third party including any patents or patent applications;

(k) the right, title or interest in or to any Deliverables or any Intellectual Property Rights that vests in the Client (but, in the case of a Client that is an OPS Entity to which Section 25.1 of Attachment D or Section 17.1 of Attachment E applies, that vest in Ontario) in accordance with the terms of this Master Agreement and/or the Statement of Work will, upon such vesting, be transferred to the Client (but, in the case of a Client is an OPS Entity to which Section 25.1 of Attachment D or Section 17.1 of Attachment E applies, be transferred to Ontario), free and clear of any Encumbrances;

(l) the Vendor has not entered into any agreement or arrangement that would restrict a Subcontractor from licensing or selling to the Client (and, in the case of a Client that is an OPS Entity to which Section 25.1 of Attachment D or Section 17.1 of Attachment E applies, also licensing and selling to Ontario) goods or services relating to the Deliverables on the usual commercial basis and at market prices, for the purpose of installing, integrating, operating, using, maintaining, supporting, developing or modifying any of the Deliverables;

(m) the Vendor shall not provide or incorporate (or permit those for whom it is responsible, including its Subcontractors and Personnel to provide or incorporate) into any Deliverables, or request the Client to consent to the Vendor providing or incorporating into any Deliverables, and shall not use or permit the use in the provision of the Services, any Restrictive Material; and

(n) the media containing any Deliverables shall be new and free from defects in manufacture, materials, and design, and shall function properly under ordinary use for 90 days after receipt.

Throughout the Project Term of each Statement of Work, the Vendor covenants to take any actions required to ensure that the foregoing representations and warranties continue to be true and covenants not to take any actions that would cause any of the foregoing representations and warranties not to be true, and acknowledges that the Client is relying upon such covenants.

30.2 Representations and Warranties of the Client

It is a term of each Statement of Work that the Client makes the following representations and warranties to the Vendor as of the date of execution of each Statement of Work, and acknowledges that the Vendor is relying upon them:

(a) the execution and delivery of the Statement of Work has been duly authorized; and

(b) the Statement of Work constitutes a legal, valid and binding agreement of the Client enforceable in accordance with its terms.

30.3 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work

ARTICLE 31 INDEMNIFICATION

31.1 IP Indemnification

Despite the limitations of liability set out in Article 33 (Limitation of Liability), and except for any liability arising pursuant to the indemnity provided for in Section 31.3 (Confidentiality and Privacy Indemnification), the Vendor shall indemnify and hold harmless the Indemnified Parties from and against all Losses and Proceedings, by whomever made, sustained, incurred, brought or prosecuted, for any actual or possible infringement, inducement of infringement, misappropriation or violation of any Intellectual Property Rights or infringement of any Moral Rights arising out of or in connection with:

(a) the Deliverables (including the provision, use or disposal of the Deliverables) or the Services (including the provision or performance of the Services);

(b) the failure of the Vendor, its Subcontractors or the Vendor's Personnel to perform the Vendor's obligations pursuant to Section 18.4 (Waiver of Moral Rights); or

(c) the exercise of any rights, licences or permissions under a Statement of Work by any Indemnified Parties or by any persons authorized in or under the Statement of Work to exercise any such rights, licences or permissions.

If anything in subsection (a) or (c) above or resulting from the failure described in subsection (b) above is held, or is likely, in the reasonable opinion of the Client, to be held to constitute an infringement, inducement of infringement, misappropriation or violation of any Intellectual Property Rights or an infringement of any Moral Rights, or anything in subsection (a) or (c) above or resulting from the failure described in subsection (b) above is enjoined or threatened to be enjoined or held or threatened to be held improper by way of declaration, then without prejudice to any other rights and remedies as may be available to any of the Indemnified Parties under this Master Agreement or Statement of Work, or at law or in equity, the Vendor shall also, at its expense, either:

(1) obtain the rights, licences, permissions and waivers as are necessary so that such Deliverables, Services, or exercise of rights, licences or permissions, becomes non-infringing; or

(2) replace or modify the Deliverables or the Services so that the infringing portion no longer infringes (without any loss of quality or functionality) to the Client's satisfaction;

and shall make every reasonable effort to correct the situation with minimal effect upon the operations of the Client. If neither of the foregoing alternatives is reasonably available, the Minister (MGS) may terminate this Master Agreement and the Minister (Client) may terminate all or any part of the Statement of Work without further obligation or liability to the Vendor and, without prejudice to any other rights and remedies as may be available to any of the Indemnified Parties under this Master Agreement or the Statement of Work, or at law or in equity, the Vendor shall refund to the Client all amounts paid with respect to such Services or anything supplied that infringes.

31.2 Client Modification

With respect to a Statement of Work, the Vendor shall not have any liability to the Indemnified Parties under Section 31.1 (IP Indemnification) to the extent that any infringement or violation of any Intellectual Property Rights, other than Moral Rights, is caused by further development or modification made by the Client not

authorized by the Vendor to the Newly-Created Materials, Vendor Materials incorporated into any Deliverables, Vendor Work Inventions or Vendor Work Information.

31.3 Confidentiality and Privacy Indemnification

Despite the limitations of liability set out in Article 33 (Limitation of Liability), the Vendor shall indemnify and hold harmless the Indemnified Parties from and against all Losses and Proceedings, by whomever made, sustained, incurred, brought or prosecuted arising out of or in connection with a breach by the Vendor of: (a) its obligations under Article 26 (OPS Confidential Information); or (b) the Privacy Provisions.

31.4 Other Indemnification

Except for any liability arising pursuant to the indemnities provided for in Section 21.3 (Indemnity) (if Attachment E applies to the Statement of Work), 23.3 (Indemnity) (if Attachment D applies to the Statement of Work), 31.1 (IP Indemnification) or 31.3 (Confidentiality and Privacy Indemnification) and subject to the limitation of liability set out in Article 33 (Limitation of Liability), the Vendor shall indemnify and hold harmless the Indemnified Parties from and against all Losses and by whomever made, sustained, brought or prosecuted, arising out of or in connection with anything done or omitted to be done by the Vendor, its Subcontractors or the Vendor's Personnel in the course of the performance of the Vendor's obligations under this Master Agreement or the Statement of Work or otherwise in connection with this Master Agreement or the Statement of Work.

31.5 Notice

The Client shall notify the Vendor in writing of the commencement of any Proceeding referred to in Section 21.3 (Indemnity) (if Attachment E applies to the Statement of Work), 23.3 (Indemnity) (if Attachment D applies to the Statement of Work), 31.1 (IP Indemnification), 31.3 (Confidentiality and Privacy Indemnification), or 31.4 (Other Indemnification).

31.6 Defence

The Vendor shall, at its expense, to the extent requested by the Attorney General of Ontario, participate in or conduct the defence of any Proceedings against any Indemnified Parties referred to in Section 21.3 (Indemnity) (if Attachment E applies to the Statement of Work), 23.3 (Indemnity) (if Attachment D applies to the Statement of Work), 31.1 (IP Indemnification), 31.3 (Confidentiality and Privacy Indemnification), or 31.4 (Other Indemnification), and any negotiations for their settlement. Ontario may elect to participate in or conduct the defence of any such Proceedings by notifying the Vendor in writing of such election without prejudice to any other rights or remedies of Ontario under this Master Agreement or the Statement of Work, at law or in equity. Each party participating in the defence shall do so by actively participating with the other's counsel. No settlement shall be entered into by the Vendor unless it has obtained the prior written approval of the Attorney General of Ontario.

If the Vendor is requested by the Attorney General of Ontario to participate in or conduct the defence of any such Proceedings, Ontario agrees to co-operate with and assist the Vendor to the fullest extent possible in the Proceedings and any related settlement negotiations. If Ontario conducts the defence of any such Proceedings, the Vendor agrees to co-operate with and assist Ontario to the fullest extent possible in the Proceedings and any related settlement negotiations.

Subject to any rights and obligations of the Attorney General of Ontario, any Statement of Work that is entered into by a Client that is an OPS Entity may specify obligations that are the same as or similar to those set out above in this Section 31.6, in respect of the defence of any Proceedings against the Client and its officers, directors, advisors, agents, appointees and employees. If a Statement of Work of that kind is silent, the provisions of this Section shall apply to it, except that – and subject to any rights and obligations of the Attorney General of Ontario – "Attorney General of Ontario" shall be replaced by "Client", and "Ontario" shall be replaced by "the Client".

31.7 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 32 INSURANCE

32.1 General

Without limiting any other provision in this Article, the Vendor shall, at its own expense, put in effect with insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, all the necessary and appropriate insurance that a prudent business person would acquire in like circumstances. The Vendor shall maintain such insurance throughout the Term of this Master Agreement and if the Project Term of a Statement of Work extends beyond this Master Agreement Expiry Date, until the Project End Date.

32.2 Commercial General Liability Insurance

The insurance required by Section 32.1 (General) shall include commercial general liability insurance on an occurrence basis to an inclusive limit not less than two million Canadian dollars (C$2,000,000.00) per occurrence of property damage, bodily injury (including death) or personal injury, and which provides the following minimum coverage:

(a) the Indemnified Parties as additional insureds with respect to any liability arising in the course of the performance of the Vendor's obligations under this Master Agreement and each Statement of Work or arising otherwise in connection with this Master Agreement or any Statement of Work;

(b) cross liability;

(c) a contractual liability coverage endorsement;

(d) a products and completed operations endorsement;

(e) a non-owned automobile coverage with blanket contractual endorsement;

(f) an employer’s liability coverage endorsement, if the Vendor is not subject to the WSIA; and

(g) 30 days written notice to Ontario of cancellation, material change or termination.

Additional required coverage or endorsements may be set out in a Statement of Work for that Statement of Work.

32.3 Errors and Omissions Liability Insurance

The insurance required by Section 32.1 (General) shall include errors and omissions liability insurance, insuring liability for errors and omissions in the provision of the Deliverables and/or the performance of or failure to perform the Services, in the amount of not less than two million Canadian dollars (C$2,000,000.00) per claim and in the annual aggregate.

Additional required coverage may be set out in a Statement of Work for that Statement of Work.

32.4 Proof of Insurance

Before the Vendor signs the first Statement of Work under this Master Agreement, the Vendor shall provide to the MGS Representative proof of the insurance required by Sections 32.2 (Commercial General Liability Insurance) and 32.3 (Errors and Omissions Liability Insurance) in the form of valid certificates of insurance that reference this Master Agreement and confirm the coverage set out in this Article. The Vendor shall provide

renewal replacements to the MGS Representative on or before any subsequent policy renewals. Each certificate of insurance and renewal replacement must reference this Master Agreement by name, date and the full legal name of the Parties. Upon the request of the MGS Representative, a copy of each policy shall be made available to the MGS Representative.

32.5 Subcontractors

The Vendor shall ensure that each of its Subcontractors obtains all the necessary and appropriate insurance that a prudent person in the business of the Subcontractor would maintain and that the Indemnified Parties are named as additional insured with respect to any liability arising in the course of performance of the Subcontractor's obligations under the subcontract for the provision of the Deliverables.

32.6 Proof of WSIA Coverage

If the Vendor is subject to the WSIA, it shall submit a valid WSIB clearance certificate of WSIA coverage to the MGS Representative before the Vendor signs the first Statement of Work under this Master Agreement. In addition, the Vendor shall, from time to time at the request of the MGS Representative, provide additional WSIB clearance certificates. The Vendor covenants and agrees to pay when due, and to ensure that each of its Subcontractors pays when due, all amounts required to be paid by it and by its Subcontractors, from time to time during the Term of this Master Agreement and the Project Term of each Statement of Work, under the WSIA, failing which the Client shall have the right, in addition to and not in substitution for any other right it may have pursuant to the Statement of Work or otherwise at law or in equity, to pay to the WSIB any amount due pursuant to the WSIA and unpaid by the Vendor or its Subcontractors and to deduct such amount from any amount due and owing from time to time to the Vendor pursuant to the Statement of Work together with all costs incurred by the Client in connection therewith.

ARTICLE 33 LIMITATION OF LIABILITY

33.1 Categories of Damages

For the purposes of this Article, direct damages are those damages that fall within the scope of subsection (a) or (b) below, or both:

(a) damages that arise naturally from the breach of the Master Agreement or a Statement of Work or that are reasonably contemplated at the time the Parties enter into this Master Agreement or the Statement of Work as being the probable consequences of breach of this Master Agreement or the Statement of Work, but exclude those damages that, in order to be reasonably contemplated, require knowledge of special circumstances, which are not known to both Parties at the time the Parties enter into this Master Agreement or the Statement of Work;

(b) damages that are reasonably foreseeable as being the probable consequences of a tort that falls within the scope of this Master Agreement or a Statement of Work, subject to any express limitation or negation of the tort duty, or of the right to sue in tort, set out in this Master Agreement or the Statement of Work.

For the purposes of this Article, all damages of any type whatsoever that fall within the scope of this Master Agreement or the Statement of Work, which are not direct damages, are categorized as indirect damages.

33.2 Vendor's Liability for Damages

Subject to Section 33.3 (Vendor's Liability for Property Damage, Bodily Injury (Including Death) or Personal Injury) and Section 33.4 (Exception – Vendor Liability) for which there are no limits on the liability of the Vendor, if circumstances arise where Ontario or the OPS Entity is entitled to recover from the Vendor damages arising in the course of the performance of the Vendor's obligations under a Statement of Work or arising otherwise in connection with the Statement of Work, the Vendor's aggregate liability to Ontario and the OPS Entity for direct damages under the Statement of Work, shall not exceed:

(a) $250,000.00, if the Maximum Price in the Statement of Work is $250,000.00 or less (or if the Maximum Price is not specified in the Statement of Work but the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work is $250,000.00 or less); or

(b) $750,000.00, if the Maximum Price in the Statement of Work is $750,000.00 or less but more than $250,000.00 (or if the Maximum Price is not specified in the Statement of Work but the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work is $750,000.00 or less but more than $250,000.00); or

(c) $2,000,000.00, if the Maximum Price in the Statement of Work is $2,000,000.00 or less but more than $750,000.00 (or if the Maximum Price is not specified in the Statement of Work but the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work is $2,000,000.00 or less but more than $750,000.00); or

(d) $5,000,000.00, if the Maximum Price in the Statement of Work is $5,000,000.00 or less but more than $2,000,000.00 (or if the Maximum Price is not specified in the Statement of Work but the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work is $5,000,000.00 or less, but more than $2,000,000.00); or

(e) the greater of the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work, if the Maximum Price in the Statement of Work exceeds $5,000,000.00 (or if the Maximum Price is not specified in the Statement of Work but the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work exceeds $5,000,000.00).

Subject to Section 33.3 (Vendor's Liability for Property Damage, Bodily Injury (Including Death) or Personal Injury) and Section 33.4 (Exception (Vendor Liability)), the Vendor shall have no liability for indirect damages in respect of the Statement of Work. The Statement of Work may expressly provide that this limitation shall not in any way restrict or limit any indemnities set out in the Statement of Work.

33.3 Vendor's Liability for Property Damage, Bodily Injury (including Death) or Personal Injury

The limitation of liability in Section 33.2 (Vendor's Liability for Damages) shall not apply in respect of damages for any property damage, bodily injury (including death) or personal injury.

33.4 Exception (Vendor Liability)

The limitation of liability in Section 33.2 (Vendor's Liability for Damages) shall not apply where Ontario or the OPS Entity would be entitled to recover from the Vendor under (a) Sections 21.3 (Indemnity) (if Attachment E applies to the Statement of Work), 23.3 (if Attachment D applies to the Statement of Work), 31.1 (IP Indemnification), and 31.3 (Confidentiality and Privacy Indemnification) or any express exceptions in this Master Agreement to Section 33.2 (Vendor's Liability for Damages); (b) any indemnity in the Statement of Work for breach or misappropriation of Intellectual Property Rights, breach of confidentiality or breach of privacy provisions; or (c) any indemnity in the Statement of Work where the Statement of Work expressly provides that the indemnity is not subject to, restricted by or limited by any limitation of liability.

33.5 Ontario and OPS Entities' Liability for Damages

Subject to Section 33.6 (Ontario and OPS Entities' Liability for Property Damage, Bodily Injury (including Death) or Personal Injury) and Section 33.7 (Exception (Ontario and OPS Entities' Liability)) for which there are no limits on the liability of Ontario and the OPS Entity, if circumstances arise where the Vendor is entitled to recover damages from Ontario or the OPS Entity in connection with a Statement of Work, the aggregate liability of Ontario and the OPS Entity to the Vendor for direct damages under the Statement of Work shall not exceed:

(a) $250,000.00, if the Maximum Price in the Statement of Work is $250,000.00 or less (or if the Maximum Price is not specified in the Statement of Work but the amount the Vendor may

charge the Client or the Client must pay the Vendor under the Statement of Work is $250,000.00 or less); or

(b) $750,000.00, if the Maximum Price in the Statement of Work is $750,000.00 or less but more than $250,000.00 (or if the Maximum Price is not specified in the Statement of Work but the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work is $750,000.00 or less, but more than $250,000.00); or

(c) $2,000,000.00, if the Maximum Price in the Statement of Work is $2,000,000.00 or less but more than $750,000.00 (or if the Maximum Price is not specified in the Statement of Work but the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work is $2,000,000.00 or less, but more than $750,000.00); or

(d) $5,000,000.00, if the Maximum Price in the Statement of Work is $5,000,000.00 or less but more than $2,000,000.00 (or if the Maximum Price is not specified in the Statement of Work but the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work is $5,000,000.00 or less, but more than $2,000,000.00); or

(e) the greater of the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work, if the Maximum Price in the Statement of Work exceeds $5,000,000.00 (or if the Maximum Price is not specified in the Statement of Work but the amount the Vendor may charge the Client or the Client must pay the Vendor under the Statement of Work exceeds $5,000,000.00).

Subject to Section 33.6 (Ontario and OPS Entities' Liability for Property Damage, Bodily Injury (Including Death) or Personal Injury) and Section 33.7 (Exception (Ontario and OPS Entities' Liability)), Ontario and the OPS Entity shall have no liability for indirect damages in respect of the Statement of Work.

33.6 Ontario and OPS Entities' Liability for Property Damage, Bodily Injury (including Death) or Personal Injury

The limitation of liability in Section 33.5 (Ontario and OPS Entities' Liability for Damages) shall not apply in respect of damages for any property damage, bodily injury (including death) or personal injury.

33.7 Exception (Ontario and OPS Entities' Liability)

The limitation of liability in Section 33.5 (Ontario and OPS Entities' Liability for Damages) shall not apply where the Vendor is entitled to recover damages from Ontario or the OPS Entity (a) arising from use, infringement, inducement of infringement or violation of any Intellectual Property Rights or infringement of any Moral Rights in connection with the Statement of Work; or (b) based upon, occasioned by or attributable to breach of Article 28 (Confidential Vendor Information) in connection with the Statement of Work.

33.8 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 34 SUSPENSION

34.1 Suspension

The Minister (MGS), at its discretion, acting reasonably, may temporarily remove the Vendor immediately from the list of qualified vendors of record to which the Vendor was added pursuant to the RFP. For certainty and without limiting the generality of the foregoing, the Minister (MGS) may temporarily remove the Vendor from the list of qualified vendors of record immediately upon the occurrence of the following circumstances:

(a) the Vendor fails to comply with any of the terms of this Master Agreement or of any Statement of Work;

(b) the Vendor is in default under Article 10 (Security Clearance Checks);

(c) any Insolvency Event occurs with respect to the Vendor;

(d) the Vendor breaches any provision in Article 26 (OPS Confidential Information) or any Privacy Provisions;

(e) the Vendor breaches Section 5.6 (Conflict of Interest) or any other conflict of interest provisions applicable to this Master Agreement or any Statement of Work;

(f) the Vendor subcontracts for the provision of part or all of the Services or sells, assigns or transfers its interest in this Master Agreement, a Statement of Work, or any of its obligations under them to any third Person without the prior written approval of the Minister (MGS) or the Minister (Client), as appropriate, except as expressly contemplated and permitted by Section 5.3 (Subcontracting or Assignment);

(g) the Vendor, prior to or after executing this Master Agreement or any Statement of Work, makes a material misrepresentation or omission or provides materially inaccurate information to Ontario or the OPS Entity;

(h) the Vendor undergoes a change in control which, in the sole opinion of Ontario, adversely affects the Vendor's ability to satisfy some or all of its obligations under this Master Agreement or any Statement of Work;

(i) the Vendor undergoes a change in control which, in the sole opinion of the Client, adversely affects the Vendor's ability to satisfy some or all of its obligations under a Statement of Work;

(j) the Vendor is subject to suspension under the Performance Management Process; or

(k) the Vendor, on multiple occasions during the Term of the Master Agreement, replaces or substitutes Personnel prior to or shortly after the Project Start Date of Statements of Work.

34.2 Effect of Suspension

When removed from the list of qualified vendors of record, the Vendor:

(a) is not eligible to receive requests for services or other similar notices from Clients of work under the VOR arrangement nor to be awarded a Statement of Work;

(b) if requested by MGS, shall promptly return all OPS Confidential Information, Records, Personal Information, Ontario Data and Ontario Materials to the Client;

(c) if requested by MGS, shall provide MGS with a report detailing (i) the current state of the provision of the Services by the Vendor at the date of suspension for all current Statements of Work; and (ii) any other information requested by MGS pertaining to the provision of the Services and the performance of current Statements of Work;

(d) if requested by the MGS or the Client, shall comply with its obligations under Section 18.3 (Assignee and Form of Copyright Assignment) and 18.4 (Waiver of Moral Rights);

(e) if requested by MGS or the Client, shall execute such document required to give effect to the suspension; and

(f) shall comply with any other reasonable instructions provided by MGS.

The Minister (MGS) may, at its sole discretion, (i) set a fixed time-period during which the Vendor shall remain removed from the list of qualified vendors of record, (ii) impose conditions that the Vendor must meet in order to be reinstated onto the list of qualified vendors of record, or (iii) both. For certainty, temporary removal of the Vendor from the list of qualified vendors of record does not relieve the Vendor of any of its obligations under this Master Agreement or under each Statement of Work.

ARTICLE 35 TERMINATION OF MASTER AGREEMENT

35.1 Termination of Master Agreement by the Minister (MGS)

The Minister (MGS) may terminate this Master Agreement immediately upon written notice to the Vendor if any of the following events of default occurs:

(a) the Vendor fails to comply with any of the terms of this Master Agreement or of any Statement of Work if that failure continues unremedied for ten (10) Business Days or more after written notice of that failure is given by the Minister (MGS) to the Vendor;

(b) the Vendor is in default under Article 10 (Security Clearance Checks);

(c) any Insolvency Event occurs with respect to the Vendor;

(d) the Vendor breaches any provision in Article 26 (OPS Confidential Information) or any Privacy Provisions;

(e) the Vendor breaches Section 5.6 (Conflict of Interest) or any other conflict of interest provisions applicable to a Statement of Work;

(f) the Vendor subcontracts for the provision of part or all of the Services or sells, assigns or transfers its interest in this Master Agreement or any of its obligations under it to any third Person without the prior written approval of the Minister (MGS) except as expressly contemplated and permitted by Section 5.3 (Subcontracting or Assignment);

(g) the Vendor, prior to or after executing this Master Agreement, makes a material misrepresentation or omission or provides materially inaccurate information to Ontario;

(h) the Vendor undergoes a change in control which, in the sole opinion of Ontario, adversely affects the Vendor's ability to satisfy some or all of its obligations under this Master Agreement or any Statement of Work; or

(i) this Master Agreement is subject to termination under the Performance Management Process.

Any termination of this Master Agreement under this Section is without prejudice to Ontario's right to exercise or pursue any other remedies that may be available to Ontario under this Master Agreement, at law or in equity. All such other remedies shall survive any termination of this Master Agreement and remain in full force and effect thereafter.

35.2 Termination of Master Agreement for Convenience

The Minister (MGS) reserves the right to terminate this Master Agreement at any time, without cause and without penalty, upon sixty (60) calendar days prior written notice to the Vendor.

35.3 Termination of Master Agreement by Vendor on VOR Anniversary Date

The Vendor may, upon providing written notice to the MGS Representative no less than fifteen (15) Business Days prior to a VOR Anniversary Date, terminate this Master Agreement (but not any Statement of Work) effective as at that VOR Anniversary Date. For certainty, termination of this Master Agreement in accordance

with this Section 35.3 does not relieve the Vendor of any of its obligations under this Master Agreement or under each Statement of Work.

35.4 Effect of Expiry or Termination of Master Agreement

Upon termination of this Master Agreement, MGS will remove the Vendor from the list of qualified vendors of record to which the Vendor was added pursuant to the RFP. Despite the expiry or other termination of this Master Agreement for any reason, the terms and conditions of this Master Agreement shall continue to apply to, and shall remain in full force and effect in respect of, each Statement of Work then in effect.

35.5 Obligations on Termination of Master Agreement

Upon termination of this Master Agreement, the Vendor shall, in addition to its other obligations under this Master Agreement and at law:

(a) provide the MGS Representative with a report detailing (i) the current state of the provision of Services by the Vendor under all Statements of Work entered into at any time by the Vendor, up to and including at the date of termination, and (ii) any other information requested by MGS pertaining to the provision of the Services and performance of such Statements of Work;

(b) execute such documentation as may be required by MGS to give effect to the termination of this Master Agreement; and

(c) comply with any other reasonable instructions provided by MGS, including but not limited to instructions for facilitating the transfer of its obligations to another Person.

35.6 Debriefing

Upon the request of MGS following the expiry or earlier termination of this Master Agreement, the Vendor shall attend a debriefing session conducted by MGS where the Vendor will provide MGS with its conclusions and observations about the implementation of this Master Agreement in order to provide MGS with feedback for structuring contracts for similar services in the future.

35.7 Express Rights in Addition to Other Rights

The express rights of termination in this Master Agreement are in addition to and shall in no way limit any rights or remedies of Ontario under this Master Agreement, at law or in equity.

35.8 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 36 TERMINATION OF STATEMENTS OF WORK

36.1 Termination by Minister (Client)

The Minister (Client) may terminate a Statement of Work immediately upon written notice to the Vendor if any of the following events of default occurs:

(a) the Vendor fails to comply with any of the terms of the Statement of Work if that failure continues unremedied for ten (10) Business Days or more after written notice of that failure is given by the Minister (Client) to the Vendor;

(b) the Vendor is in default under Article 10 (Security Clearance Checks);

(c) any Insolvency Event occurs with respect to the Vendor;

(d) the Vendor breaches any provision in Article 26 (OPS Confidential Information) or any Privacy Provisions;

(e) the Vendor breaches Section 5.6 (Conflict of Interest) or any other conflict of interest provisions applicable to a Statement of Work;

(f) the Vendor subcontracts for the provision of part or all of the Services or sells, assigns or transfers its interest in the Statement of Work or any of its obligations under it to any third Person without the prior written approval of the Minister (Client) except as expressly contemplated and permitted by Section 5.3 (Subcontracting or Assignment);

(g) the Vendor, prior to or after executing the Statement of Work, makes a material misrepresentation or omission or provides materially inaccurate information to the Client;

(h) the Vendor undergoes a change in control which, in the sole opinion of the Client, adversely affects the Vendor's ability to satisfy some or all of its obligations under the Statement of Work;

(i) the Client exercises its termination right under Section 8.3 (Completion of Services); or

(j) the Client exercises its termination right under Section 9.4 (Substitution or Replacement Prior to or Shortly After Project Start Date)

Any termination of a Statement of Work under this Section is without prejudice to the Client's right to exercise or pursue any other remedies that may be available to the Client under the Statement of Work, at law or in equity. All such other remedies shall survive any termination of the Statement of Work and remain in full force and effect thereafter.

36.2 Termination for Non-Appropriation of Moneys

This Section only applies to Statements of Work to which Section 11.3 of the Financial Administration Act applies. If the Statement of Work extends into a Fiscal Year subsequent to its execution, continuation of the Statement of Work is conditional upon an appropriation of moneys by the Ontario Legislature sufficient to satisfy payments due under the Statement of Work. If such moneys are not available as a result of: (a) non-appropriation by the Ontario Legislature for the Fiscal Year in which payment becomes due; and (b) the payment being neither charged nor chargeable to an appropriation of the Ontario Legislature for a previous Fiscal Year, the Minister (Client) may terminate the Statement of Work upon giving notice to the Vendor. Termination shall become effective on the date of the beginning of the first Fiscal Year for which funds have not been appropriated.

36.3 Termination for Convenience

The Minister (Client) reserves the right to terminate any Statement of Work at any time, without cause and without penalty, upon 30 calendar days prior written notice to the Vendor, or such other number of days as may be expressly prescribed in the Statement of Work.

36.4 Payment of Vendor Upon Termination

If a Statement of Work is terminated pursuant to Section 36.2 (Termination for Non-Appropriation of Moneys) or 36.3 (Termination for Convenience), the Client shall be liable to the Vendor only for payment for Services properly performed and Deliverables delivered to and accepted by the Client up to and including the effective date of the termination, unless the Client and the Vendor agree otherwise in the Statement of Work. For certainty, if a Statement of Work provides that payment will be due and owing upon the meeting of a specified milestone (such as, for example, delivery and/or acceptance of a specified Deliverable) and the effective date of the termination of the Statement of Work passes prior to the specified milestone being met, the Client is not liable to the Vendor for payment for Services performed and/or Deliverables delivered and/or accepted in relation to that specified milestone, unless the Client and the Vendor agree otherwise in the Statement of Work. Termination shall not relieve the Vendor of its warranties and other responsibilities relating to the

accepted Deliverables, the Services performed or money paid. In addition to its other rights of hold back, the Client may hold back payment or set off against any payments owed if the Vendor fails to comply with its obligations on termination.

36.5 Obligations on Termination

Upon termination of a Statement of Work, the Vendor shall, in addition to its other obligations under the Statement of Work and at law:

(a) promptly return all OPS Confidential Information, Records, Personal Information, Ontario Data and Ontario Materials to the Client;

(b) provide the Client with a report detailing (i) the current state of the provision of the Services by the Vendor at the date of termination, and (ii) any other information requested by the Client pertaining to the provision of the Services and performance of the Statement of Work;

(c) comply with its obligations under Section 18.3 (Assignee and Form of Copyright Assignment) and 18.4 (Waiver of Moral Rights);

(d) execute such documentation as may be required by the Client to give effect to the termination of the Statement of Work; and

(e) comply with any other reasonable instructions provided by the Client, including but not limited to instructions for facilitating the transfer of its obligations to another Person.

36.6 Express Rights in Addition to Other Rights

The express rights of termination that apply to a Statement of Work are in addition to and shall in no way limit any rights or remedies of the Client under the Statement of Work, at law or in equity.

36.7 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 37 GENERAL

37.1 Promotion Restrictions - Master Agreement

Any publicity or publications related to this Master Agreement shall be at the sole discretion of MGS. Ontario may, in its sole discretion, acknowledge any Services provided by the Vendor in any such publicity or publication. The Vendor shall not make use of its association with Ontario in relation to this Master Agreement without the prior written consent of MGS. Without limiting the generality of this Section, the Vendor shall not at any time directly or indirectly communicate with the media in relation to this Master Agreement unless it has first obtained the express written authorization to do so by MGS.

37.2 Promotion Restrictions

Statements of Work - Any publicity or publications related to a Statement of Work shall be at the sole discretion of the Client. The Client may, in its sole discretion, acknowledge any Services provided by the Vendor in any such publicity or publication. The Vendor shall not make use of its association with the Client in relation to a Statement of Work without the prior written consent of the Client. Without limiting the generality of this Section, the Vendor shall not, among other things, at any time directly or indirectly communicate with the media in relation to a Statement of Work unless it has first obtained the express written authorization to do so by the Client.

37.3 Disclosure to the OPS

Despite anything to the contrary in this Master Agreement or any Statement of Work, the Vendor consents to the disclosure, and the provision of a copy, of this Master Agreement, each Statement of Work and Change Order (including any amendments to any of them and any related or resulting documents), and of data about the acquisition of Deliverables and Services pursuant to each Statement of Work, at any time and from time to time to the OPS and to the members of the Executive Council of Ontario and their advisors and staff.

37.4 Accessibility Requirements

The Vendor's delivery of the Deliverables shall comply with all applicable requirements, specifications and standards for accessibility established in accordance with the Ontario Human Rights Code (HRC) R.S.O. 1990, CHAPTER H.19, the Ontarians with Disabilities Act, S.O. 2001, CHAPTER 32, and the Accessibility for Ontarians with Disabilities Act, 2005, S.O. 2005 c. 11, any regulations made thereto and any direction from MGS or the Client.

ATTACHMENT D TO MASTER AGREEMENT – VENDOR / CLIENT OWNERSHIP PROVISIONS

1.2 In respect of each Statement of Work to which this Attachment D applies, these words and expressions have these meanings:

"**Competitive Commercialization**" means exploitation of Intellectual Property Rights in Vendor Work Inventions or Vendor Work Information for any commercial advantage in competition with the Vendor with the effect of making a net monetary gain, but does not include: (a) any exploitation by or on behalf of the Client or its sublicensees for the purposes permitted under this Master Agreement or the Statement of Work where the good or service developed or produced through such exploitation is for use by the Client, its sublicensees, Ontario, OPS Entities, offices of an officer of the Legislative Assembly or of the Ontario Legislature, Provincially Funded Organizations, or the public, including any dissemination or distribution in connection with such exploitation, or (b) any dissemination or distribution by or on behalf of the Client or its sublicensees for the purposes permitted under this Master Agreement or the Statement of Work.

"**Confidential Work Information**" means all information that (a) is confidential by its nature or in the circumstances in which it is conceived, developed or produced, and (b) is conceived, developed or produced by one or more of the Personnel of the Vendor in the performance of Work whether with one or more of the Personnel of the Client or not. "Confidential Work Information" includes all Joint Work Inventions, Joint Work Material, Other Work Inventions and Non-Technical Work.

"**Non-Technical Work**" means all Deliverables other than the Vendor Work Inventions, the Vendor Work Information, the Confidential Work Information, the Joint Work Inventions, the Joint Work Material, and the Other Work Inventions. "Non-Technical Work" does not include the Vendor Materials.

"**Other Work Invention**" means any Invention conceived, or conceived and developed, solely or jointly by one or more of the Personnel of the Vendor in the performance of Work, but excludes any Joint Work Invention and any Vendor Work Invention.

"**Vendor Work Information**" means all Technical Information developed or produced by the Vendor or its Subcontractors in the performance of Work under a Statement of Work, but excludes any contribution made by one or more of the Personnel of the Vendor to any Joint Work Material; and also excludes all Client Work Information.

"**Vendor Work Invention**" means any Invention conceived, or conceived and developed, solely or jointly by one or more of the Personnel of the Vendor or its Subcontractor in the course of developing or producing Vendor Work Information, but excludes any Joint Work Invention.

"**Vendor Work Product**" means all Deliverables that are created, developed, generated, prepared or produced by one or more of the Personnel of the Vendor in the performance of Work, including all Joint Work Material and Non-Technical Work.

"**Work Patent Application**" means a patent application on a Vendor Work Invention filed by or on behalf of the Vendor or any of its assignees, related entities or Subcontractors or any of their advisors, agents or Personnel, in Canada or in any other country or international patent office.

ARTICLE 16. LICENCE TO RIGHTS IN VENDOR WORK INVENTIONS AND VENDOR WORK INFORMATION

16.1 Licence to Client

It is a provision of each Statement of Work that the Vendor hereby grants to the Client a non-exclusive, perpetual, irrevocable, world-wide, fully paid-up, royalty-free licence to exercise all Intellectual Property Rights and every other right, title and interest in the Vendor Work Inventions and Vendor Work Information, and under each patent issued as a result of a Work Patent Application, in any way and for any purpose whatsoever except Competitive Commercialization, and to have or permit others to do so. Solely by way of example, the licence granted to the Client above includes the right to use, reproduce, produce any translation, and improve, and

includes the right to sublicense to Ontario, OPS Entities, offices of an officer of the Legislative Assembly or of the Ontario Legislature, Provincially Funded Organizations, other governments and their agencies, and other public bodies.

The licence rights to the Vendor Work Inventions and Vendor Work Information shall arise immediately, as and when they, or any part of them, are conceived, created, developed or modified, generated, prepared or produced. The licence set out in this Section is non-transferable by the Client except that: (1) if the Client is Ontario, the Client may transfer the licence to a Permitted OPS Assignee; and (2) if the Client is an OPS Entity, the Client may transfer the licence to Ontario or, where such transfer is necessitated by outsourcing, privatizing, partnering or similar activity, to a non-governmental entity.

16.2 Third-Party Contractors

The Vendor acknowledges that, at any time, the Client may wish to enter into contracts with one or more third parties, whether by a competitive process or not, to exercise the licence set out in Section 16.1. Solely by way of example, such contracts may be with non-governmental entities for the adaptation, audit, communication, correction, development, enhancement, improvement, inspection, modification, operation, overhaul, recording, reproduction, revision, storage, support, translation or use of any or all of the Vendor Work Inventions and Vendor Work Information. Without restricting Section 16.1, the Vendor agrees that the Client's licence in Section 16.1 includes the right to disclose the Vendor Work Inventions and Vendor Work Information to such third parties, including actual and potential proponents for such contracts, and to sublicense or otherwise authorize the use of the Vendor Work Inventions and Vendor Work Information by any third parties engaged by the Client solely to carry out any such contracts. The Client shall require actual and potential proponents and such third parties not to use or disclose any Vendor Work Inventions or Vendor Work Information except as may be necessary to bid for or to carry out any such contracts or except if required by order of a court or tribunal.

16.3 Title to Improvements and Modifications

All Intellectual Property Rights arising from any further development or modification of the Vendor Work Inventions and Vendor Work Information that is conceived, developed, effected or first reduced to practice by or for the Client in the exercise of the licence set out in Section 16.1 shall vest in the Client, or as the Client directs, and shall not vest in the Vendor, its Personnel or Subcontractors except pursuant to a subsequent written contract.

16.4 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work

ARTICLE 17. OWNERSHIP OF RIGHTS

17.1 Vendor's Ownership of Rights in Vendor Work Inventions and Vendor Work Information

Without affecting any Intellectual Property Rights or other interests in or to Ontario Data, and subject to Article 16, Section 17.2, Section 17.6, Article 18, Article 19, Article 24, all Intellectual Property Rights in the Vendor Work Inventions and Vendor Work Information shall immediately, as and when they come into existence, vest in and remain the property of the Vendor. The Client shall not have any right in or to the Vendor's Intellectual Property Rights in the Vendor Work Inventions and Vendor Work Information except any right that may be granted in writing by the Vendor.

17.2 Pre-Existing Intellectual Property Rights

All Intellectual Property Rights existing immediately prior to the Project Start Date, and all rights to Inventions first conceived, developed or reduced to practice prior to such date, shall be retained by each Party and each third party that owned such rights immediately prior to such date.

17.3 Disclosure to Client

The Vendor shall promptly report and fully disclose in writing to the Client all Confidential Work Information, Joint Work Inventions, Joint Work Material, Vendor Work Inventions, Vendor Work Information, Non-Technical Work, Other Work Inventions, and all contributions made by the Personnel of the Vendor to any Joint Work Inventions, including copies of all written disclosures submitted to the Vendor pertaining to them. The Vendor's disclosure shall include a description of the specific components in sufficient detail to permit the Client to clearly identify such components and to distinguish them from the Vendor Materials and the Ontario Materials. Disclosure of Vendor Work Inventions, Other Work Inventions and Joint Work Inventions shall be on the form set out in Attachment I. In any event, the Vendor shall make such disclosure not later than the time of completion of the Services or such earlier time as the Client or the Statement of Work may require.

17.4 Audit Rights

During the Project Term and for seven (7) years following the termination or expiry of each Statement of Work, the Client shall have the right to examine and make copies of all records and supporting data of the Vendor which the Client reasonably deems pertinent to the identification of Confidential Work Information, Joint Work Material, Vendor Work Inventions, Vendor Work Information, Non-Technical Work, Other Work Inventions, or any contribution made by one or more of the Personnel of the Vendor to any Joint Work Invention, upon reasonable notice and with no more than minimal disruption to the Vendor's ongoing operations, and the Vendor shall, at its own cost, retain and maintain in an organised, accessible mode, all such records and supporting data for such period.

17.5 Ownership of Tangible Materials

Regardless of the ownership of any Intellectual Property Rights in any Deliverables, the Client shall own, and have unrestricted ownership rights in, all tangible materials as and when delivered by the Vendor to the Client in connection with the Statement of Work. The Vendor hereby irrevocably assigns, sells and transfers, and it shall be a term of the Statement of Work that the Vendor irrevocably assigns, sells and transfers, all right, title and interest in and to such tangible materials to the Client at no additional cost as and when delivered. The Vendor shall, at its own expense, promptly do any and all acts and cause to be executed and deliver to the Client any and all assignments, documents and instruments that the Client may reasonably request at any time or from time to time to carry out the intent of this Section.

17.6 Vendor Trademarks and Designations

Despite any other provisions of this Master Agreement, nothing in this Master Agreement or in a Statement of Work or the performance of the Statement of Work shall grant to the Client any right, title, interest or licence in or to the names, trade names, logos, trade dress, or other trademarks or designations of the Vendor, its Subcontractors or third-party licensors, except as expressly stated in the Statement of Work.

17.7 IP Notices

Except to the extent the Vendor is required to convey to the Client all of the Intellectual Property Rights in the Vendor Work Inventions and the Vendor Work Information in accordance with Section 18.1, the Client shall not, without the prior written consent of the Vendor which shall not be unreasonably withheld, remove any intellectual property notices of the Vendor or of the Vendor’s Subcontractors on any Vendor Work Information.

17.8 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 18. ASSIGNMENT TO ONTARIO AND OPS ENTITIES

18.1 Assignment on Default

If the Minister (Client) terminates a Statement of Work in whole or in part for default, or if

(a) the Vendor fails to complete the Services,

(b) the Vendor fails to deliver all of the Vendor Work Information to the Client,

(c) the Vendor Work Information do not meet the criteria as described in the Statement of Work, or

(d) the Vendor fails to disclose all of the Vendor Work Inventions, Vendor Work Information, Non-Technical Work, Other Work Inventions, and contributions made by any Personnel of the Vendor to any Joint Work Invention, in accordance with Section 17.3,

the Client may, by notice to the Vendor, require the Vendor to convey to the Client all of the Intellectual Property Rights in the Vendor Work Inventions and Vendor Work Information, including each patent issued as a result of a Work Patent Application or, in the case of a notice based on failure to disclose, all of the Intellectual Property Rights in the Vendor Work Inventions and Vendor Work Information not disclosed including each patent issued as a result of a Work Patent Application on a Vendor Work Invention not disclosed, if such failure to disclose is not cured by the Vendor within ninety (90) days after notice by the Client. In the case of any notice under this Section, the rights to be conveyed shall include the Intellectual Property Rights in any Vendor Work Inventions and Vendor Work Information that have vested or are to vest in a Subcontractor.

18.2 Assignment by Personnel, Subcontractors and Others

To give effect to Section 18.1, to the extent that any right, title or interest or any Intellectual Property Rights in or to any Vendor Work Inventions and Vendor Work Information vest, by operation of law or otherwise, in any of the Vendor's directors, officers, Personnel, advisors, agents, partners, affiliates, volunteers, Subcontractors, suppliers or others for whom the Vendor is responsible at law, the Vendor shall cause each of them to assign and transfer to the Client at no cost all of such right, title and interest and all of such Intellectual Property Rights other than any Intellectual Property Rights or interests in Intellectual Property Rights that came into existence prior to the Project Start Date.

18.3 Assignee and Form of Copyright Assignment

Written assignments of any Intellectual Property Rights pursuant to a Statement of Work: (a) to Ontario shall be to "Her Majesty the Queen in right of Ontario", but written assignments of any copyright shall be to the "Queen's Printer for Ontario" in the form set out in Attachment F, or in such form that is satisfactory to the Client where the assignor is not a corporation; and (b) to the OPS Entity shall be in the name of the OPS Entity and, where the Intellectual Property Right is copyright, the written assignment of copyright shall be in the form set out in Attachment F, or in such form that is satisfactory to the Client where the assignor is not a corporation. At the completion of the Services under each Statement of Work or upon the termination of the Statement of Work, the Vendor shall provide to the Client an original, executed assignment of copyright in the form set out in Attachment F, as modified as necessary as set out above.

18.4 Waiver of Moral Rights

The Vendor acknowledges and agrees that all Moral Rights with respect to the Deliverables under each applicable Statement of Work shall be waived irrevocably and without restriction by each of its Personnel in favour of Her Majesty the Queen in right of Ontario and all of its ministries, other administrative units over which ministers of Ontario preside, including its agencies, boards, commissions and Crown corporations, all offices of the officers of the Legislative Assembly or of the Ontario Legislature, OPS Entities, and all sublicenses and assignees, and all persons authorized at any time to use the Deliverables. At the completion of the Services under each Statement of Work or upon the termination of the Statement of Work, the Vendor shall obtain from

each of its Personnel an original, executed waiver of Moral Rights in the form attached as Attachment G (Waiver of Moral Rights Form) and shall deliver such waiver to the Client upon request of the Client.

18.5 Invention Disclosure

Prior to allowing any Person to perform Services under the Statement of Work, the Vendor shall, by written agreement, require such Person to agree,

(a) to promptly report and fully disclose in writing to the Vendor each Vendor Work Invention, Joint Work Invention and Other Work Invention, identifying those concepts or ideas thought to be new, useful and unobvious, and indicating whether they are thought to be an improvement on prior art or capable of commercial exploitation; and

(b) upon request, during and after employment, to execute all assignments, documents and instruments necessary or advantageous to file patent applications on Vendor Work Inventions, Joint Work Inventions and Other Work Inventions and to establish Vendor's rights in the Vendor Work Inventions and the Client's rights in the Joint Work Inventions and Other Work Inventions.

18.6 Intellectual Property Rights Applications

To give effect to Section 18.1, the Vendor shall, at the Client's expense, give the Client all reasonable assistance in the preparation and the prosecution of any applications or registrations in any jurisdiction for or of any Intellectual Property Rights on or arising out of the Vendor Work Inventions and Vendor Work Information, including the assistance of the inventors in the case of patent applications on any Vendor Work Inventions.

18.7 Further Assurances

The Vendor shall, at its own expense, promptly do any and all acts and cause to be executed and deliver to the Client any and all assignments, documents and instruments relating to the Intellectual Property Rights in the Vendor Work Inventions and Vendor Work Information, which the Client may reasonably request at any time or from time to time to carry out the intent of this Article.

18.8 Power of Attorney

If the Client is unable for any reason whatsoever to secure the Vendor's signature to any document assigning, perfecting, recording or acknowledging the ownership of any Vendor Work Inventions, Vendor Work Information or patent pursuant to Section 18.1, the Vendor hereby irrevocably designates and appoints the Client and its duly authorized officers as its attorneys-in-fact, with full power of substitution, to act for and on behalf of and instead of the Vendor to execute and file any such document and to do all lawfully permitted acts to further the purposes of this Section with the same legal force and effect as if executed by the Vendor.

18.9 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 19. TRANSFERS AND LICENCES BY VENDOR

19.1 Restrictions Before Completion and Disclosure

In respect of a Statement of Work, until the Vendor completes the Services and discloses all of the Vendor Work Inventions and Vendor Work Information in accordance with Section 17.3, the Vendor and its Personnel and Subcontractors shall not, without the prior written permission of the Client, assign, sell, or otherwise transfer title to the Intellectual Property Rights in any Vendor Work Inventions and Vendor Work Information.

19.2 Obligations and Restrictions

In any assignment, sale, transfer or licence of Intellectual Property Rights in Vendor Work Inventions and Vendor Work Information by the Vendor except a sale or licence for end use of a product based on Vendor Work Inventions and Vendor Work Information, the Vendor shall ensure that the other party is aware of and agrees to comply with all of the Vendor's obligations to the Client in relation to Intellectual Property Rights and any restrictions set out in this Master Agreement or any applicable Statement of Work on the use or disposition of Intellectual Property Rights, including the obligation to impose the same obligations and restrictions on any subsequent assignee, purchaser, transferee or licensee.

19.3 Notification

The Vendor shall promptly notify the Client of the name, address and other pertinent information in regard to any such assignee, purchaser, transferee or licensee, and shall ensure that such party is required to do the same with regard to any subsequent assignee, purchaser, transferee or licensee.

19.4 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 20. NOTIFICATION OF WORK PATENT APPLICATIONS AND ISSUED PATENTS

20.1 Notification of Work Patent Applications

The Vendor will notify the Client Representative in writing, in accordance with Section 2.9 (Notices by Prescribed Means), of each Work Patent Application within one month after the Work Patent Application is filed. The notification to the Client Representative shall:

(a) include the filing date, serial number and title of the Work Patent Application;

(b) include a copy of the Work Patent Application (including an English-language version if filed in a language other than English) and all official papers relating to the Work Patent Application;

(c) identify each inventor;

(d) provide particulars of the Statement of Work and specify that the Invention was made in the performance of work under the Statement of Work; and

(e) specify whether any manuscript describing the Invention has been submitted for publication and, if so, provide particulars of its publication or acceptance for publication as known when notified.

20.2 Notification of Resulting Patents

The Vendor will notify the Client Representative in writing, in accordance with Section 2.9 (Notices by Prescribed Means), of the patent number and issue date for each patent issued as a result of a Work Patent Application, within one month after the issuance of the patent.

20.3 Disclosure

The Vendor agrees that, eighteen (18) months after the filing date of a Work Patent Application, the Client may reproduce and disclose all documents furnished pursuant to this Article in connection with such Work Patent Application.

20.4 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 21. VENDOR MATERIALS

21.1 Request for Consent

The Parties acknowledge that from time to time, the Vendor may wish to incorporate Vendor Materials into the Deliverables. Prior to incorporating any Vendor Materials into any Deliverables, the Vendor shall:

(a) fully disclose to the Client in writing all Vendor Materials that the Vendor proposes to incorporate, which shall include a description of the specific components in sufficient detail to permit the Client to clearly identify and to distinguish them from the Vendor Work Product, Non-Technical Work and the Ontario Materials; and

(b) obtain the Client's prior written consent to such incorporation or use, which consent shall be in the sole discretion of the Client and subject to the terms and conditions as agreed to by the Client as set out in the Statement of Work or Change Order.

21.2 Subcontractors

If any applicable Intellectual Property Rights are owned by a Subcontractor or are licensed to the Subcontractor by a related person, the Vendor shall either obtain a licence from that Subcontractor that permits compliance with Sections 21.4, 22.1 and 22.2 or arrange for the Subcontractor to convey directly to the Client the same rights by execution of the form provided for that purpose by the Client, in which case the Vendor shall deliver that form to the Client, duly completed and executed by the Subcontractor, no later than the time of disclosure to the Client of those Vendor Materials.

21.3 Ownership of Vendor Materials

As between the Client and the Vendor, the Vendor shall have and continue to retain all right, title and interest, including all Intellectual Property Rights, in and to all Vendor Materials, except as otherwise set out in this Master Agreement or the Statement of Work. The Client shall not acquire by virtue of this Master Agreement or the Statement of Work any right, title or interest, including any Intellectual Property Rights, in or to any Vendor Materials, except as otherwise set out in this Master Agreement or the Statement of Work.

21.4 Licence to Vendor Materials Incorporated into Any Vendor Work Product

It is a provision of each Statement of Work that the Vendor hereby grants to the Client a non-exclusive, perpetual, irrevocable, world-wide, fully paid-up, royalty-free licence to exercise all Intellectual Property Rights in the Vendor Materials that are incorporated into any Vendor Work Product in any way and for any purpose whatsoever except Restricted Commercialization, and to have or permit others to do so. Solely by way of example, the licence granted to the Client above includes the right to use, reproduce, produce any translation, improve, and disclose, and includes the right to sublicense Ontario (including any and all of its ministries), OPS Entities, offices of an officer of the Legislative Assembly or of the Ontario Legislature, Provincially Funded Organizations, other governments and their agencies and other public bodies.

In this Section 21.4, "Restricted Commercialization" means exploitation of Intellectual Property Rights in Vendor Materials for any commercial advantage in competition with the Vendor with the effect of making a net monetary gain, but does not include: (a) any exploitation by or on behalf of the Client or its sublicensees for the purposes permitted under this Master Agreement or the Statement of Work where the good or service developed or produced through such exploitation is for use by the Client, its sublicensees, Ontario, OPS Entities, offices of an officer of the Legislative Assembly or of the Ontario Legislature, the Provincially Funded Organizations, or the public, including any dissemination or distribution in connection with such exploitation, or (b) any dissemination

or distribution by or on behalf of the Client or its sublicensees for the purposes permitted under this Master Agreement or the Statement of Work.

The licence rights to the Vendor Materials that are incorporated into any Vendor Work Product shall arise immediately, as and when the Vendor Materials, or any part of them, are incorporated into the Vendor Work Product. The licence set out in this Section is non-transferable by the Client except that: (1) if the Client is Ontario, the Client may transfer the licence to a Permitted OPS Assignee; and (2) if the Client is an OPS Entity, the Client may transfer the licence to Ontario.

21.5 Vendor Materials and Third-Party Contractors

The Vendor acknowledges that the Client may wish to enter into contracts with one or more third parties in respect of the licence rights set out in Section 21.4, whether by a competitive process or not. Without restricting the generality of Section 21.4, the Vendor agrees that the licence granted in relation to the Intellectual Property Rights in the Vendor Materials includes the right to disclose the Vendor Materials to such third parties, including actual and potential proponents for such contracts, and to sublicense or otherwise authorize any such third parties engaged to do anything solely on behalf of the Client that the Client may do with the Vendor Materials and the Intellectual Property Rights in the Vendor Materials. Subject to Section 21.4, the Client shall require actual and potential proponents and such third parties not to use or disclose any confidential Vendor Materials except as may be necessary to bid for or to carry out any such contracts or except if required by order of a court or tribunal.

21.6 Title to Improvements and Modifications to Vendor Materials

All Intellectual Property Rights arising from any further development or modification of the Vendor Materials that is conceived, developed, effected or first reduced to practice by or for the Client in the exercise of any licence set out in Section 21.4 shall vest in the Client or as the Client directs, and shall not vest in the Vendor, its Personnel or Subcontractors except pursuant to a subsequent written contract executed by the Client and the Vendor, its Personnel or Subcontractors, as the case may be.

21.7 IP Notices on Vendor Materials

The Client shall not, without the prior written consent of the Vendor, which shall not be unreasonably withheld, remove any intellectual property notices of the Vendor or the Vendor's Subcontractors on any Vendor Materials.

21.8 Third-Party Vendor Materials Incorporated into the Deliverables

In the case of any Third-Party Vendor Materials that are incorporated into the Deliverables, the Client shall be entitled, at its option, to assume from the Vendor all of its rights to such Third-Party Vendor Materials under any licence and other agreements, and the Vendor shall ensure that any such agreements permitting their assignment and transfer to the Client or as the Client directs, and that such assignment and transfer shall be at no charge to the Client but the Client shall be responsible for any ongoing licence or other payments required to be made to any third parties under any such agreements. If such agreement is not acceptable to the Client, the Vendor will use commercially reasonable efforts to facilitate the Client's pursuit of an acceptable agreement with the relevant third party.

21.9 Third-Party Vendor Materials Used Non-Exclusively

In the case of any Third-Party Vendor Materials that are used in connection with the Services performed for the Client but are also used by the Vendor in connection with services provided by it to others or for the internal purposes of the Vendor not connected with this Master Agreement, upon request by the Client, the Vendor shall assist the Client to acquire a licence to such materials or to acquire from some other person a licence to materials that are functionally/substantively equivalent to such materials. Such licence shall contain terms and conditions as are reasonably acceptable to the Client to enable the Client to obtain or to use the Third-Party Vendor Materials or replacements therefor. The Client shall be responsible for any fees payable to the third-party licensor after such acquisition.

21.10 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 22. SPECIFIC THIRD-PARTY SUBLICENSEES AND LICENCE ISSUES

22.1 Provincially Funded Organizations

Without restricting Sections 16.1 or 21.4, the Vendor agrees that licence rights granted under a Statement of Work in relation to the Intellectual Property Rights in the Vendor Work Inventions, and Vendor Work Information, and in the Vendor Materials that are incorporated into any Vendor Work Product, include the right to disclose the Vendor Work Inventions, Vendor Work Information and such Vendor Materials to any Provincially Funded Organizations, and to sublicense or otherwise authorize the Provincially Funded Organization to exercise the licence rights granted under the Statement of Work. Such disclosure of Vendor Work Inventions and Vendor Work Information shall be limited and subject to obligations of confidentiality.

22.2 Third-Party Non-Governmental Entities

Without restricting Sections 16.1, 16.2, 21.4 or 21.5, the Vendor agrees that the licence rights under a Statement of Work in relation to the Intellectual Property Rights in the Vendor Work Inventions and Vendor Work Information, and in the Vendor Materials that are incorporated into any Vendor Work Product, include the right to disclose the Vendor Work Inventions, Vendor Work Information and such Vendor Materials to any third-party non-governmental entities that provide services to or on behalf of the Client as a result of alternative service delivery, backward or forward integration, outsourcing, privatization, partnering, procurement endeavours or similar activity, and to sublicense or otherwise authorize such third-party non-governmental entities to exercise the licence rights granted under the Statement of Work to the extent that they are exercised for or on behalf of the Client. The Client may disclose the Vendor Materials incorporated into any Joint Work Material or Non-Technical Work without restriction to any such third-party non-governmental entities. The Client shall require such third-party non-governmental entities not to use or disclose any Confidential Vendor Materials incorporated into the Vendor Work Inventions or Vendor Work Information, except as may be necessary to provide services as contemplated in this Section.

22.3 Scope of Rights to Inventions and Patents

To the extent necessary for the Client to exercise any licence granted under the Statement of Work, it is a provision of each Statement of Work that the Vendor hereby grants to the Client a licence under any patent now held or later obtained by the Vendor. Such patent licence shall be co-extensive and co-terminus with such licence. Nothing contained in this Master Agreement or any Statement of Work shall be deemed to grant to the Vendor any rights with respect to any Joint Work Invention, Client Work Invention or Other Work Invention. Subject to the foregoing, nothing contained in this Article shall be deemed to grant to the Client any rights with respect to any Invention other than Vendor Work Inventions or with respect to any patent other than a patent issued as a result of a Work Patent Application.

22.4 General

Without limiting any of Sections 16.1, 16.2, 21.4 or 21.5, Ontario's rights under Article 16, Article 21 and this Article:

(a) apply despite any terms to the contrary in any click-wrap licence, documentation, invoice, shrink-wrap licence, Technical Information, web site, or in any other terms or licence attached to or delivered by the Vendor with any Deliverables, except to the extent that the Client has agreed in writing pursuant to subsection (b) of Section 21.1;

(b) include the right to reproduce and use Vendor Work Inventions, Vendor Work Information, and Vendor Materials incorporated into any Vendor Work Product, and any developed or modified

form of them, on any and all computer systems owned, leased or operated by Ontario or the OPS (including OPS Entities) anywhere in the world at any time; and

(c) are in addition to and not in lieu of its rights under any other provisions of this Master Agreement or the Statement of Work.

22.5 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 23. PERSONAL KNOWLEDGE, SKILL AND EXPERTISE

23.1 Personal Knowledge, Skill and Expertise

Each Party understands and agrees that each of the Personnel of the other Party, in connection with the performance of this Master Agreement and a Statement of Work, may acquire Personal Knowledge. Subject to Article 26, Article 28, the Privacy Provisions and any other statute under which Ontario or the OPS Entity has the discretion or obligation not to disclose any records or other information, the use by such Personnel of the other Party of such Personal Knowledge in the ordinary course of their employment with the other Party (including its subsidiaries, its parent, or other subsidiaries of its parent, in the case of the Vendor; and including Ontario, OPS Entities, offices of an officer of the Legislative Assembly or of the Ontario Legislature, or Provincially Funded Organizations, in the case of Ontario or the OPS Entity; and its Subcontractors) does not breach the Statement of Work provided, however, that nothing in this Section grants to any Personnel the right to obtain a patent in respect of any such Personal Knowledge.

23.2 Employee Mobility

Each Party agrees that the other Party's receipt of confidential information as contemplated by a Statement of Work will not create any obligation in any way limiting or restricting the transfer of Personnel within the other Party's organization.

23.3 Indemnity

Despite the limitations of liability set out in Article 33 (Limitation of Liability), the Vendor shall indemnify and hold harmless the Indemnified Parties from and against all Losses and Proceedings, by whomever made, sustained, incurred, brought or prosecuted, arising out of, or in connection with the use of any Personal Knowledge by the Vendor's Personnel.

23.4 Scope

Nothing in this Article grants or waives any Intellectual Property Rights of either Party or any other person.

23.5 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 24. PROPERTY OF ONTARIO AND THE OPS ENTITIES

24.1 Ownership of Ontario Materials and Ontario Data

The Vendor acknowledges that Ontario, OPS Entities and their respective Subcontractors and third-party licensors shall have and continue to retain all right, title and interest, including all Intellectual Property Rights, in and to all Ontario Materials and Ontario Data, all assets acquired or held by Ontario or the OPS Entity prior to the Project Start Date or during the Project Term of each Statement of Work, and all assets provided by Ontario or the OPS Entity to the Vendor in connection with each Statement of Work. The Vendor shall not acquire by

virtue of this Master Agreement, or any Statement of Work, any right, title or interest, including any Intellectual Property Rights, in or to any Ontario Materials and Ontario Data.

24.2 Ownership of Third-Party Ontario Materials

Nothing in this Master Agreement or any Statement of Work or the performance of any Statement of Work shall grant to the Vendor any right, title or interest in or to any Third-Party Ontario Materials. To the extent any right, title or interest in or to any Third-Party Ontario Materials vests, by operation of law or otherwise, in the Vendor (or its Personnel, Subcontractors or others for whom it is responsible at law), the Vendor shall, and hereby does, irrevocably assign, sell and transfer to the Client at no cost all of its right, title and interest in and to all such Third-Party Ontario Materials, and the same shall be deemed to form part of the Ontario Materials.

24.3 Works of Joint Authorship

Subject to Section 17.2 and Section 21.3, if any Vendor Work Product is a work of joint authorship, the copyright in the work of joint authorship shall immediately, as soon as it comes into existence, vest in the Client, and the Vendor and its Subcontractors shall have no right, title or interest in or to it.

24.4 Proscribed Intellectual Property Rights Registrations

The Vendor shall not file any application, and shall not contest any application filed by Ontario or any OPS Entity, in any jurisdiction for the registration of any Intellectual Property Rights arising out of any Ontario Materials, Client Work Information, Client Work Inventions, Joint Work Inventions, Joint Work Material, Non-Technical Work, or Other Work Inventions whether or not such Intellectual Property Rights depend or would depend upon any pre-existing Intellectual Property Rights.

24.5 Collective Works and Compilations

Despite any other provision in this Master Agreement or the Statement of Work, if any Vendor Work Product is a collective work or a compilation:

(a) the Client shall retain its right, title and interest in and to its contribution to such collective work or compilation;

(b) ownership of all right, title and interest in and to the Vendor's and its Subcontractors' contributions to such collective work or compilation shall be governed by Section 17.1; and

(c) the copyright in such collective work or compilation shall immediately, as soon as it comes into existence, vest in the Client, and the Vendor and its Subcontractors shall have no right, title or interest in or to it.

24.6 Client Work Inventions and Client Work Information

The Client retains all of its Intellectual Property Rights and all of its right, title, and interest throughout the world to each Client Work Invention and to all Client Work Information.

24.7 Intellectual Property Rights to Ontario Materials

To the extent any Intellectual Property Rights or any other right, title or interest in or to any Ontario Materials vests, by operation of law or otherwise, in the Vendor (or its directors, officers, Personnel, agents, partners, affiliates, volunteers or Subcontractors or others for whom it is responsible at law), the Vendor shall, and hereby does, irrevocably assign, sell and transfer to the Client at no cost all of its Intellectual Property Rights and other right, title and interest in or to all such Ontario Materials.

24.8 Ontario Government Insignia

Nothing in this Master Agreement or any Statement of Work or the performance of any Statement of Work shall grant to the Vendor any right, title or interest in or to any Ontario Government Insignia. The Vendor shall not use any Ontario Government Insignia except where required to perform the Services, and only if it has received the express prior written authority of Ontario to do so.

24.9 Ownership of Rights in Confidential Work Information, Joint Work Inventions, Joint Work Material, Non-Technical Work and Other Work Inventions

Subject to Section 17.2 and Section 17.6, all Intellectual Property Rights in any Confidential Work Information, Joint Work Inventions, Joint Work Material, Non-Technical Work, and Other Work Inventions, shall immediately, as and when they come into existence, vest in and remain the property of the Client. The Vendor shall have no right in or to any such Intellectual Property Rights in the Confidential Work Information, Joint Work Inventions, Joint Work Material, Non-Technical Work and Other Work Inventions, except any right that may be granted in writing by the Client. The Vendor hereby irrevocably assigns, sells and transfers to the Client for no additional consideration: (a) all Intellectual Property Rights and all right, title and interest throughout the world in and to the Confidential Work Information, Joint Work Material, Non-Technical Work, Other Work Inventions, and contributions made by any Personnel of the Vendor to any Joint Work Inventions, other than (i) any Intellectual Property Rights or interests in Intellectual Property Rights that came into existence prior to the Project Start Date, and (ii) any Intellectual Property Rights or interests in Intellectual Property Rights in and to such Confidential Work Information, Joint Work Inventions, Joint Work Material, Non-Technical Work, and Other Work Inventions, assigned, sold and transferred to the Client by the Personnel of the Vendor; and (b) all of the Vendor's right, title and interest in and to each copyright referred to in Section 24.3 and subsection 24.5 (b).

24.10 Assignment by Personnel, Subcontractors and Others

To the extent that any right, title or interest or any Intellectual Property Rights in or to any Confidential Work Information, Joint Work Material, Non-Technical Work, Other Work Inventions or contributions made by any Personnel of the Vendor to any Joint Work Inventions, vest, by operation of law or otherwise, in any of the Vendor's advisors, agents, Personnel, Subcontractors, suppliers or others for whom the Vendor is responsible at law, the Vendor shall cause each of them to assign and transfer to the Client at no cost all of such right, title and interest and all of such Intellectual Property Rights other than any Intellectual Property Rights or interests in Intellectual Property Rights that came into existence prior to the Project Start Date.

24.11 Intellectual Property Rights Applications

The Vendor shall, at the Client's expense, give the Client all reasonable assistance in the preparation and the prosecution of any applications or registrations in any jurisdiction for or of any Intellectual Property Rights on or arising out of any Joint Work Inventions, Joint Work Material, Non-Technical Work, and Other Work Inventions, including the assistance of the inventors in the case of patent applications on any Joint Work Inventions and Other Work Inventions.

24.12 Further Assurances

The Vendor shall, at its own expense, promptly do any and all acts and cause to be executed and deliver to the Client any and all assignments, documents and instruments relating to the Intellectual Property Rights in the Confidential Work Information, Joint Work Inventions, Joint Work Material, Non-Technical Work, and Other Work Inventions, which Ontario or the OPS Entity may reasonably request at any time or from time to time to carry out the intent of this Article.

24.13 Power of Attorney

If the Client is unable for any reason whatsoever to secure the Vendor's signature to any document assigning, perfecting, recording or acknowledging the Client's ownership of any Confidential Work Information, Joint Work Inventions, Joint Work Material, Non-Technical Work, or Other Work Inventions, the Vendor hereby irrevocably designates and appoints the Client and its duly authorized officers as its attorneys-in-fact, with full power of

substitution, to act for and on behalf of and instead of the Vendor to execute and file any such document and to do all lawfully permitted acts to further the purposes of this Section with the same legal force and effect as if executed by the Vendor.

24.14 Intellectual Property Notice

The Vendor shall incorporate the following intellectual property notice on all Confidential Work Information, Joint Work Material, Non-Technical Work, Other Work Inventions and contributions made by any Personnel of the Vendor to any Joint Work Inventions, in all forms and however recorded:

(a) where the Client is Ontario, or where the Client is an OPS Entity to which Section 25.1 of this Attachment D applies:

Intellectual Property Notice

© Queen's Printer for Ontario, [Instructions: insert year of publication.].

Her Majesty the Queen in right of Ontario holds intellectual property rights, including rights of confidentiality, in this [Instructions: select one or more, as applicable: documentation / information / material / software].

(b) where the Client is an OPS Entity (except where Section 25.1 of this Attachment D applies):

Intellectual Property Notice

© [Instructions: Insert name of the OPS Entity], [Instructions: insert year of publication.].

[Instructions: Insert name of the OPS Entity] holds intellectual property rights, including rights of confidentiality, in this [Instructions: select one or more, as applicable: documentation / information / material / software].

24.15 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 25. OPS ENTITIES NOT CAPABLE OF HOLDING INTELLECTUAL PROPERTY RIGHTS

25.1 OPS Entities Not Capable of Holding Intellectual Property Rights

Despite any provision in the Master Agreement or any Statement of Work to the contrary, if an OPS Entity is not capable under its constituting instrument to hold Intellectual Property Rights, in respect to each Statement of Work entered into by a Client that is such an OPS Entity, Ontario and the Vendor agree that: (a) any Intellectual Property Rights assigned, sold or transferred to, owned or retained by, or otherwise conveyed to, such OPS Entity as the "Client" under the Statement of Work shall be deemed to be assigned, sold or transferred to, owned or retained by, or otherwise conveyed to, Ontario; (b) any licences granted to such OPS Entity as the "Client" under the Statement of Work shall, in addition to being granted to such OPS Entity, be granted separately to Ontario, subject to the same rights, benefits, obligations and restrictions, except that Ontario may also exercise the licence rights on behalf of such OPS Entity and to have and permit others to do so; and (c) the provisions of this Master Agreement shall apply with the necessary changes to reflect the intention of this Section.

ATTACHMENT E TO MASTER AGREEMENT – CLIENT OWNERSHIP PROVISIONS

1.2 In respect of each Statement of Work to which this Attachment E applies, these words and expressions have these meanings:

"**Confidential Work Information**" means all information that (a) is confidential by its nature or in the circumstances in which it is conceived, developed or produced, and (b) is conceived, developed or produced by one or more of the Personnel of the Vendor in the performance of Work, whether with one or more of the Personnel of the Client or not. "Confidential Work Information" includes all Joint Work Material, Joint Work Inventions and Vendor Work Inventions.

"**Newly-Created Materials**" means the Deliverables (including all components of the Deliverables), but excluding the Vendor Materials.

"**Restricted Commercialization**" means exploitation of Intellectual Property Rights in Vendor Materials, which are incorporated into the Deliverables, for any commercial advantage in competition with the Vendor with the effect of making a net monetary gain, but does not include: (a) any exploitation by or on behalf of the Client or its sublicensees for the purposes permitted under this Master Agreement or the Statement of Work where the good or service developed or produced through such exploitation is for use by the Client, its sublicensees, Ontario, OPS Entities, offices of an officer of the Legislative Assembly or of the Ontario Legislature, Provincially Funded Organizations, or the public, including any dissemination or distribution in connection with such exploitation, or (b) any dissemination or distribution by or on behalf of the Client or its sublicensees for the purposes permitted under this Master Agreement or the Statement of Work.

"**Vendor Work Information**" means: (a) Technical Information, developed or produced by the Vendor or its Subcontractors in the performance of Work under a Statement of Work, developed or produced by the Vendor or its Subcontractors in the performance of Work under that Statement of Work; and (b) any contribution made by one or more of the Personnel of the Vendor to any Joint Work Material; but excludes all Client Work Information.

"**Vendor Work Invention**" means: (a) any Invention conceived, or conceived and developed, solely or jointly by one or more of the Personnel of the Vendor in the performance of Work; and (b) any contribution made by one or more of the Personnel of the Vendor to any Joint Work Invention.

ARTICLE 16. OWNERSHIP OF RIGHTS

16.1 Ownership of Rights in Newly-Created Materials and Inventions

Without affecting any Intellectual Property Rights or other interests in or to Ontario Data, and subject to Section 16.2 and Section 16.5, all Intellectual Property Rights in:

(a) the Newly-Created Materials; and

(b) Vendor Work Inventions and Joint Work Inventions;

shall immediately, as and when they come into existence, vest in and remain the property of the Client. The Vendor shall have no right in or to any such Intellectual Property Rights in the Newly-Created Materials, Vendor Work Inventions and Joint Work Inventions, except any right that may be granted in writing by the Client.

16.2 Pre-Existing Intellectual Property Rights

All Intellectual Property Rights existing immediately prior to the Project Start Date, and all rights to Inventions first conceived, developed or reduced to practice prior to such date, shall be retained by each Party and each third party that owned such rights immediately prior to such date.

16.3 Intellectual Property Notice

The Vendor shall incorporate the following intellectual property notice on all Newly-Created Materials, in all forms and however recorded:

(a) where the Client is Ontario, or where the Client is an OPS Entity to which Section 17.1 of this Attachment E applies:

> **Intellectual Property Notice**
>
> © Queen's Printer for Ontario, [Instructions: insert year of publication.].
>
> Her Majesty the Queen in right of Ontario holds intellectual property rights, including rights of confidentiality, in this [Instructions: select one or more, as applicable: documentation / information / material / software].

(b) where the Client is an OPS Entity (except where Section 17.1 of this Attachment E applies):

> **Intellectual Property Notice**
>
> © [Instructions: Insert name of the OPS Entity], [Instructions: insert year of publication.].
>
> [Instructions: Insert name of the OPS Entity] holds intellectual property rights, including rights of confidentiality, in this [Instructions: select one or more, as applicable: documentation / information / material / software].

16.4 Ownership of Tangible Materials

The Client shall own, and have unrestricted ownership rights in, all tangible materials as and when delivered by the Vendor to the Client in connection with the Statement of Work. The Vendor hereby irrevocably assigns, sells and transfers, and it shall be a term of the Statement of Work that the Vendor irrevocably assigns, sells and transfers, all right, title and interest in and to such tangible materials to the Client at no additional cost as and when delivered. The Vendor shall, at its own expense, promptly do any and all acts and cause to be executed and deliver to the Client any and all assignments, documents and instruments that the Client may reasonably request at any time or from time to time to carry out the intent of this Section.

16.5 Vendor Trademarks and Designations

Despite any other provisions of this Master Agreement, nothing in this Master Agreement or in a Statement of Work or the performance of the Statement of Work shall grant to the Client any right, title, interest or licence in or to the names, trade names, logos, trade dress, or other trademarks or designations of the Vendor, its Subcontractors or third-party licensors, except as expressly stated in the Statement of Work.

16.6 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 17. OPS ENTITIES NOT CAPABLE OF HOLDING INTELLECTUAL PROPERTY RIGHTS

17.1 OPS Entities Not Capable of Holding Intellectual Property Rights

Despite any provision in the Master Agreement or any Statement of Work to the contrary, if an OPS Entity is not capable under its constituting instrument to hold Intellectual Property Rights, in respect to each Statement of Work entered into by a Client that is such an OPS Entity, Ontario and the Vendor agree that: (a) any Intellectual Property Rights assigned, sold or transferred to, owned or retained by, or otherwise conveyed to, such OPS

Entity as the “Client” under the Statement of Work shall be deemed to be assigned, sold or transferred to, owned or retained by, or otherwise conveyed to, Ontario; (b) any licences granted to such OPS Entity as the “Client” under the Statement of Work shall, in addition to be granted to such OPS Entity, be granted separately to Ontario, subject to the same rights, benefits, obligations and restrictions, except that Ontario may also exercise the licence rights on behalf of such OPS Entity and to have or permit others to do so; and (c) the provisions of this Master Agreement shall apply with the necessary changes to reflect the intention of this Section.

ARTICLE 18. ASSIGNMENTS OF RIGHTS TO NEWLY-CREATED MATERIALS AND INVENTIONS

18.1 Assignment

The Vendor hereby irrevocably assigns, sells and transfers to the Client, and it shall be a term of each Statement of Work that the Vendor irrevocably assigns, sells and transfers to the Client, for no additional consideration:

(a) all Intellectual Property Rights and all right, title and interest throughout the world in and to:

(i) the Newly-Created Materials; and

(ii) Vendor Work Inventions and Joint Work Inventions; and

(b) all of the Vendor’s right, title and interest in and to each copyright referred to in Section 22.3 and Section 22.5.

18.2 Assignment by Personnel, Subcontractors and Others

To the extent that any right, title or interest or any Intellectual Property Rights in or to any Newly-Created Materials, Vendor Work Inventions and Joint Work Inventions or in or to any copyright referred to in Section 22.3 or subsection 22.5, vest, by operation of law or otherwise, in any of the Vendor's directors, officers, Personnel, advisors, agents, partners, affiliates, volunteers, Subcontractors, suppliers, or others for whom the Vendor is responsible at law, the Vendor shall cause each of them to assign and transfer to the Client at no cost all of such right, title and interest and all of such Intellectual Property Rights.

18.3 Assignee and Form of Copyright Assignment

Written assignments of any Intellectual Property Rights: (a) to Ontario shall be to "Her Majesty the Queen in right of Ontario", but written assignments of any copyright shall be to the "Queen’s Printer for Ontario" in the form set out in Attachment F, and in such form that is satisfactory to the Client where the assignor is not a corporation; or (b) to the OPS Entity shall be in the name of the OPS Entity and, where the Intellectual Property Right is copyright, the written assignment of copyright shall be in the form set out in Attachment F, or in such form that is satisfactory to the Client where the assignor is not a corporation. At the completion of the Services under each Statement of Work or upon the termination of the Statement of Work, the Vendor shall provide to the Client an original, executed assignment of copyright in the form set out in Attachment F, as modified if necessary as set out above.

18.4 Waiver of Moral Rights

The Vendor acknowledges and agrees that all Moral Rights with respect to the Deliverables under each applicable Statement of Work shall be waived irrevocably and without restriction by each of its Personnel in favour of Her Majesty the Queen in right of Ontario and all of its ministries and other administrative units over which ministers of Ontario preside, including its agencies, boards, commissions, and Crown corporations, all offices of the officers of the Legislative Assembly or of the Ontario Legislature, OPS Entities, and all sublicensees and assignees, and all persons authorized at any time to use the Deliverables. At the completion of the Services under each Statement of Work or upon the termination of the Statement of Work, the Vendor shall obtain from each of its Personnel an original, executed waiver of Moral Rights in the form attached as

Attachment G (Waiver of Moral Rights Form) and shall deliver such waiver to the Client upon the request of the Client.

18.5 Invention Disclosure

Prior to allowing any Person to perform Services under the Statement of Work, the Vendor shall, by written agreement, require such Person to agree,

(a) to promptly report and fully disclose in writing to the Vendor each Vendor Work Invention and Joint Work Invention, identifying those concepts or ideas thought to be new, useful and unobvious, and indicating whether they are thought to be an improvement on prior art or capable of commercial exploitation; and

(b) upon request, during and after employment, to execute all assignments, documents and instruments necessary or advantageous to file patent applications on Vendor Work Inventions and Joint Work Inventions and to establish the Client's rights in the Vendor Work Inventions and Joint Work Inventions.

18.6 Disclosure to Client

The Vendor shall promptly report and fully disclose in writing to the Client all Deliverables, as well as all Vendor Work Inventions and Joint Work Inventions. The Vendor's disclosure shall include a description of the specific components of the Deliverables (including all Newly Created Materials (including all Confidential Work Information, Joint Work Materials, Vendor Work Information), Vendor Materials and Ontario Materials) and all contributions made by the Personnel of the Vendor to any Vendor Work Inventions and Joint Work Inventions, including copies of all written disclosures submitted to the Vendor pertaining to them, in sufficient detail to permit the Client to clearly identify each such component and to distinguish them from the other components. Disclosure of Joint Work Inventions and Vendor Work Inventions shall be on the form set out in Attachment I. In any event, the Vendor shall make such disclosure not later than the time of completion of the Services or such earlier time as the Client or the Statement of Work may require.

18.7 Audit Rights

During the Project Term and for seven (7) years following the termination or expiry of each Statement of Work, the Client shall have the right to examine and make copies of all records and supporting data of the Vendor which the Client reasonably deems pertinent to the identification of each component of the Deliverables (including all Newly Created Materials (including all Confidential Work Information, Joint Work Materials, Vendor Work Information), Vendor Materials and Ontario Materials) and all contributions made by the Personnel of the Vendor to any Vendor Work Inventions and Joint Work Inventions, upon reasonable notice and with no more than minimal disruption to the Vendor's ongoing operations, and the Vendor shall, at its own cost, retain and maintain in an organised, accessible mode, all such records and supporting data for such period.

18.8 Intellectual Property Rights Applications

The Vendor shall, at the Client's expense, give the Client all reasonable assistance in the preparation and the prosecution of any applications or registrations in any jurisdiction for or of any Intellectual Property Rights on or arising out of the Newly Created Materials, including Joint Work Inventions and Vendor Work Inventions, including the assistance of the inventors in the case of patent applications on any Vendor Work Inventions and Joint Work Inventions.

18.9 Further Assurances

The Vendor shall, at its own expense, promptly do any and all acts and cause to be executed and deliver to the Client any and all assignments, documents and instruments relating to the Intellectual Property Rights in the Newly-Created Materials, Joint Work Inventions and Vendor Work Inventions, which the Client may reasonably request at any time or from time to time to carry out the intent of this Article and Article 16.

18.10 Power of Attorney

If the Client is unable for any reason whatsoever to secure the Vendor's signature to any document assigning, perfecting, recording or acknowledging the Client's ownership of any Newly-Created Materials (including copyright in Joint Work Materials and collective works), Joint Work Inventions, or Vendor Work Inventions, the Vendor hereby irrevocably designates and appoints the Client and its duly authorized officers as its attorneys-in-fact, with full power of substitution, to act for and on behalf of and instead of the Vendor to execute and file any such document and to do all lawfully permitted acts to further the purposes of this Section with the same legal force and effect as if executed by the Vendor.

18.11 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 19. VENDOR MATERIALS

19.1 Request for Consent

The Parties acknowledge that from time to time, the Vendor may wish to incorporate Vendor Materials into the Deliverables .Prior to incorporating any Vendor Materials into any Deliverables, the Vendor shall:

(a) fully disclose to the Client in writing all Vendor Materials that the Vendor proposes to incorporate, which shall include a description of the specific components in sufficient detail to permit the Client to clearly identify and to distinguish them from the Newly-Created Materials and the Ontario Materials; and

(b) obtain the Client's prior written consent to such incorporation or use, which consent shall be in the sole discretion of the Client and subject to the terms and conditions as agreed to by the Client as set out in the Statement of Work or Change Order.

19.2 Subcontractors

If any applicable Intellectual Property Rights are owned by a Subcontractor or are licensed to the Subcontractor by a related person, the Vendor shall either obtain a licence from that Subcontractor that permits compliance with Sections 19.4, 20.1 and 20.2 or arrange for the Subcontractor to convey directly to the Client the same rights by execution of the form provided for that purpose by the Client, in which case the Vendor shall deliver that form to the Client, duly completed and executed by the Subcontractor, no later than the time of disclosure to the Client of those Vendor Materials.

19.3 Ownership of Vendor Materials

As between the Client and the Vendor, the Vendor shall have and continue to retain all right, title and interest, including all Intellectual Property Rights, in and to all Vendor Materials, except as otherwise set out in this Master Agreement or the Statement of Work. The Client shall not acquire by virtue of this Master Agreement or the Statement of Work any right, title or interest, including any Intellectual Property Rights, in or to any Vendor Materials, except as otherwise set out in the Statement of Work or this Master Agreement.

19.4 Licence to Vendor Materials Incorporated into Deliverables

It is a provision of each Statement of Work that the Vendor hereby grants to the Client a non-exclusive, perpetual, irrevocable, world-wide, fully paid-up, royalty-free licence to exercise all Intellectual Property Rights in the Vendor Materials that are incorporated into any Deliverables, in any way and for any purpose whatsoever except Restricted Commercialization, and to have or permit others to do so. Solely by way of example, the licence granted to the Client above includes the right to use, reproduce, produce any translation, improve, and disclose, and includes the right to sublicense Ontario, OPS Entities, any office of an officer of the Legislative

Assembly or of the Ontario Legislature, Provincially Funded Organizations, other governments and their agencies and other public bodies.

The licence set out in this Section is non-transferable by the Client except that: (1) if the Client is Ontario, the Client may transfer the licence to a Permitted OPS Assignee; and (2) if the Client is an OPS Entity, the Client may transfer the licence to Ontario or where such transfer is necessitated by outsourcing, privatizing, partnering or similar activity, to a non-governmental entity.

19.5 Vendor Materials and Third-Party Contractors

The Vendor acknowledges that the Client may wish to enter into contracts with one or more third parties in respect of the licence rights set out in Section 19.4, whether by a competitive process or not. Without restricting the generality of Section 19.4, the Vendor agrees that the licence granted in relation to the Intellectual Property Rights in the Vendor Materials includes the right to disclose the Vendor Materials to such third parties and to any actual and potential proponents for such contracts, and to sublicense or otherwise authorize any such third parties engaged to do anything solely on behalf of the Client that the Client may do with the Vendor Materials and the Intellectual Property Rights in the Vendor Materials. The Client shall require actual and potential proponents and such third parties not to use or disclose any confidential Vendor Materials incorporated into the Deliverables except as may be necessary to bid for or to carry out any such contracts or except if required by order of a court or tribunal.

19.6 Title to Improvements and Modifications to Vendor Materials

All Intellectual Property Rights arising from any further development or modification of the Vendor Materials that is conceived, developed, effected or first reduced to practice by or for the Client in the exercise of any licence set out in Section 19.4 shall vest in the Client, or as the Client directs, and shall not vest in the Vendor, its Personnel or Subcontractors except pursuant to a subsequent written contract executed by the Client and the Vendor, its Personnel or Subcontractors, as the case may be.

19.7 Vendor Material IP Notice

The Client shall not, without the prior written consent of the Vendor which shall not be unreasonably withheld, remove any intellectual property notices of the Vendor or of the Vendor's Subcontractors on any Vendor Materials.

19.8 Third-Party Vendor Materials Incorporated into the Deliverables

In the case of any Third-Party Vendor Materials that are incorporated into the Deliverables, the Client shall be entitled, at its option, to assume from the Vendor all of its rights to such Third-Party Vendor Materials under any licence and other agreements, and the Vendor shall ensure that any such agreements permitting their assignment and transfer to the Client or as the Client directs, and that such assignment and transfer shall be at no charge to the Client but the Client shall be responsible for any ongoing licence or other payments required to be made to any third parties under any such agreements. If such agreement is not acceptable to the Client, the Vendor will use commercially reasonable efforts to facilitate the Client's pursuit of an acceptable agreement with the relevant third party.

19.9 Third-Party Vendor Materials Used Non-Exclusively

In the case of any Third-Party Vendor Materials that are used in connection with the Services performed for the Client but are also used by the Vendor in connection with services provided by it to others or for the internal purposes of the Vendor not connected with this Master Agreement, upon request by the Client, the Vendor shall assist the Client to acquire a licence to such materials or to acquire from some other person a licence to materials that are functionally/substantively equivalent to such materials. Such licence shall contain terms and conditions as are reasonably acceptable to the Client to enable the Client to obtain or to use the Third-Party Vendor Materials or replacements therefor. The Client shall be responsible for any fees payable to the third-party licensor after such acquisition.

19.10 General

Without limiting any of Sections 19.4 or 19.5, Ontario's rights under this Article:

(a) apply despite any terms to the contrary in any click-wrap licence, documentation (including technical manuals or technical specifications), invoice, shrink-wrap licence, Technical Information, web site, or in any other terms or licence attached to or delivered by the Vendor with any Deliverables, except to the extent that the Client has agreed in writing pursuant to subsection (b) of Section 19.1;

(b) include the right to reproduce and use Vendor Materials incorporated into any Deliverables, and any developed or modified form of them, on any and all computer systems owned, leased or operated by Ontario or the OPS (including OPS Entities) anywhere in the world at any time; and

(c) are in addition to and not in lieu of its rights under any other provisions of this Master Agreement or the Statement of Work.

19.11 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 20. SPECIFIC THIRD-PARTY SUBLICENSEES

20.1 Provincially Funded Organizations

Without restricting Section 19.4, the Vendor agrees that the Client's licence rights under a Statement of Work in relation to the Intellectual Property Rights in the Vendor Materials incorporated into any Deliverables include the right to disclose such Vendor Materials to any Provincially Funded Organizations, and to sublicense or otherwise authorize the Provincially Funded Organization to exercise the licence rights granted under the Statement of Work. Such disclosure of Vendor Materials incorporated into any Deliverables shall be limited and subject to obligations of confidentiality.

20.2 Third-Party Non-Governmental Entities

Without restricting Sections 19.4 and 19.5, the Vendor agrees that the Client's licence rights under a Statement of Work in relation to the Intellectual Property Rights in the Vendor Materials incorporated into any Deliverables include the right to disclose such Vendor Materials to any third-party non-governmental entities that provide services to or on behalf of the Client as a result of alternative service delivery, backward or forward integration, outsourcing, privatization, partnering, procurement endeavours or similar activity, and to sublicense or otherwise authorize such third-party non-governmental entities to exercise the licence rights granted to the Client under the Statement of Work to the extent that they are exercised for or on behalf of the Client. The Client shall require such third-party non-governmental entities not to use or disclose any confidential Vendor Materials incorporated into the Deliverables except as may be necessary to provide services to or on behalf of the Client as contemplated in this Section.

20.3 Patent Licences

To the extent necessary for the Client to exercise any licence granted under a Statement of Work, it is a provision of each Statement of Work that the Vendor hereby grants to the Client a licence under any patent now held or later obtained by the Vendor (or a sub-licence under any patent now held or later obtained by its Subcontractors). Such patent licence shall be co-extensive and co-terminus with such licence. Nothing contained in this Article or in Article 16 shall be deemed to grant to the Vendor any rights with respect to any Inventions, including any Vendor Work Inventions, Joint Work Inventions, and Client Work Inventions.

20.4 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 21. PERSONAL KNOWLEDGE, SKILL AND EXPERTISE, AND GENERIC CONCEPTS, IDEAS AND KNOW-HOW

21.1 Personal Knowledge, Skill and Expertise

Each Party understands and agrees that each of the Personnel of the other Party, in connection with the performance of this Master Agreement or a Statement of Work, may acquire Personal Knowledge. Subject to Article 26, Article 28, the Privacy Provisions and any other statute under which Ontario or the OPS Entity has the discretion or obligation not to disclose any records or other information, the use by such Personnel of the other Party of such Personal Knowledge in the ordinary course of their employment with the other Party (including its subsidiaries, its parent, or other subsidiaries of its parent, in the case of the Vendor; and including Ontario, OPS Entities, offices of an officer of the Legislative Assembly or of the Ontario Legislature, or Provincially Funded Organizations, in the case of Ontario or the OPS Entity; and its Subcontractors) does not breach the Statement of Work provided, however, that nothing in this Section grants to any Personnel the right to obtain a patent in respect of any such Personal Knowledge.

21.2 Employee Mobility

Each Party agrees that the other Party's receipt of confidential information as contemplated by a Statement of Work will not create any obligation in any way limiting or restricting the transfer of Personnel within the other Party's organization.

21.3 Indemnity

Despite the limitations of liability set out in Article 33 (Limitation of Liability), the Vendor shall indemnify and hold harmless the Indemnified Parties from and against all Losses and Proceedings, by whomever made, sustained, incurred, brought or prosecuted, arising out of, or in connection with the use by the Vendor's Personnel of any Personal Knowledge referred to in Section 21.1 (Personal Knowledge, Skill and Expertise) or any concepts, ideas or know-how referred to in Section 21.4 (Use of Generic Concepts, Ideas, or Know-How by Vendor).

21.4 Use of Generic Concepts, Ideas, or Know-How by Vendor

Subject to Article 26 and the Privacy Provisions and any other statute under which Ontario or the OPS Entity has the discretion or obligation not to disclose any records or other information, Ontario and the OPS Entity each acknowledges that the Vendor shall be entitled on a non-exclusive, non-transferable, perpetual, world-wide, irrevocable, fully-paid up, royalty-free basis to use in its business, and for purposes of developing and incorporating into other works and licensing such works to others, any concepts, ideas or know-how, whether patented (or patentable) or not, that are developed or created by the Vendor in the course of providing the Services, and that are not retained by the Vendor in any electronic, optical, printed, written or other recorded form, but only to the extent they are of a generic technical nature and are not specific to the operation and activities of Ontario or the OPS Entity, and only to the extent that they are not protected by the Intellectual Property Rights of any third party, and provided, however, that the rights of the Vendor under this Section do not include the right to obtain a patent in respect of any such concepts, ideas or know-how. The rights of the Vendor under this Section do not include the right to disclose personnel information, financial information, statistical information, business plans or processes, pre-existing code, documentation or any other such information or intellectual property of the OPS.

21.5 Scope

Nothing in this Article grants or waives any Intellectual Property Rights of either Party or any other person.

21.6 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

ARTICLE 22. PROPERTY OF ONTARIO AND THE OPS ENTITIES

22.1 Ownership of Ontario Materials and Ontario Data

The Vendor acknowledges that Ontario, the OPS Entity and their respective Subcontractors and third-party licensors shall have and continue to retain all right, title and interest, including all Intellectual Property Rights, in and to all Ontario Materials and Ontario Data, all assets acquired or held by Ontario or the OPS Entity prior to the Project Start Date or during the Project Term of each Statement of Work, and all assets provided by Ontario or the OPS Entity to the Vendor in connection with each Statement of Work. The Vendor shall not acquire by virtue of this Master Agreement, or any Statement of Work, any right, title or interest, including any Intellectual Property Rights, in or to any Ontario Materials and Ontario Data.

22.2 Ownership of Third-Party Ontario Materials

Nothing in this Master Agreement or any Statement of Work or the performance of any Statement of Work shall grant to the Vendor any right, title or interest in or to any Third-Party Ontario Materials. To the extent any right, title or interest in or to any Third-Party Ontario Materials vests, by operation of law or otherwise, in the Vendor (or its Personnel, Subcontractors or others for whom it is responsible at law), the Vendor shall, and hereby does, irrevocably assign and transfer to the Client at no cost all of its right, title and interest in and to all such Third-Party Ontario Materials, and the same shall be deemed to form part of the Ontario Materials.

22.3 Works of Joint Authorship

Subject to Section 16.2 and Section 19.3, if any Newly-Created Materials or any portion thereof (such as the Joint Work Material) is a work of joint authorship, the copyright in the work of joint authorship shall immediately, as soon as it comes into existence, vest in the Client, and the Vendor and its Subcontractors shall have no right, title or interest in or to it.

22.4 Proscribed Intellectual Property Rights Registrations

The Vendor shall not file any application, and shall not contest any application filed by Ontario or any OPS Entity, in any jurisdiction for the registration of any Intellectual Property Rights arising out of any Newly-Created Materials (including any Client Work Information, Vendor Work Information and Joint Work Materials), Ontario Materials, Client Work Inventions, Vendor Work Inventions or Joint Work Inventions, whether or not such Intellectual Property Rights depend or would depend upon any pre-existing Intellectual Property Rights.

22.5 Collective Works and Compilations

Despite any other provision in this Master Agreement or the Statement of Work, if any Newly-Created Materials or any portion thereof is a collective work or a compilation:

(a) the Client shall retain its right, title and interest in and to its contribution to such collective work or compilation;

(b) ownership of all right, title and interest in and to the Vendor's and its Subcontractors' contributions to such collective work or compilation shall be governed by Section 16.1; and

(c) the copyright in such collective work or compilation shall immediately, as soon as it comes into existence, vest in the Client, and the Vendor and its Subcontractors shall have no right, title or interest in or to it.

22.6 Client Work Inventions and Client Work Information

The Client retains all of its Intellectual Property Rights and all of its right, title, and interest throughout the world to each Client Work Invention and to all Client Work Information.

22.7 Intellectual Property Rights to Ontario Materials

To the extent any Intellectual Property Rights or any other right, title or interest in or to any Ontario Materials vests, by operation of law or otherwise, in the Vendor (or its directors, officers, Personnel, agents, partners, affiliates, volunteers or Subcontractors or others for whom it is responsible at law), the Vendor shall, and hereby does, irrevocably assign, sell and transfer to the Client at no cost all of its Intellectual Property Rights and other right, title and interest in or to all such Ontario Materials.

22.8 Ontario Government Insignia

Nothing in this Master Agreement or any Statement of Work or the performance of any Statement of Work shall grant to the Vendor any right, title or interest in or to any Ontario Government Insignia. The Vendor shall not use any Ontario Government Insignia except where required to perform the Services, and only if it has received the express prior written authority of Ontario to do so.

22.9 Survival

The provisions of this Article shall survive the termination or expiry of this Master Agreement and of every Statement of Work.

"Confidential Information" means all information of the Ontario Public Service and of the Client's subcontractors at any tier of subcontracting that is confidential by its nature or in the circumstances in which it is received, including all confidential information in the custody or control of the Ontario Public Service, regardless of whether it is identified as confidential or not, and whether recorded or not, and however fixed, stored, expressed or embodied, which comes into the knowledge, possession or control of the Vendor in connection with any of the Agreements. "Ontario Public Service" means the ministries and other administrative units of Her Majesty the Queen in right of Ontario ("Ontario") over which ministers of Ontario preside, and for the purposes of this Confidentiality Agreement, includes Ontario and Ontario's agencies, boards, commissions and Crown corporations, offices of an officer of the Legislative Assembly or of the Ontario Legislature and OPS Entities, and "**OPS**" has the same meaning.

The undersigned acknowledges that the Client is bound to maintain custody of or control over information, material and records, however recorded, within the meaning of the Freedom of Information and Protection of Privacy Act ("FIPPA"). The undersigned agrees to comply with the privacy provisions of the Agreements in the course of providing services pursuant to the Agreements.

The undersigned shall not directly or indirectly disclose, destroy, exploit or use any Confidential Information except for the purpose of performing services pursuant to the Agreements. The undersigned shall not copy any Confidential Information, in whole or in part, unless copying is essential for the performance of services pursuant to the Agreements. On each copy, the undersigned must reproduce all notices that appear on the original.

The undersigned acknowledges that the Vendor is obliged to implement and maintain measures to ensure the security and integrity of Confidential Information and to protect it against loss, alteration and destruction and against access by unauthorized persons, and to select, implement, use and maintain the most appropriate products, tools, measures and procedures to do so. The undersigned covenants and agrees to adhere to all of the measures instituted by the Vendor.

The undersigned agrees to return all Confidential Information, including all copies and portions thereof, to the Vendor or to the Client with no copy kept by the undersigned as soon as the need to possess them ends, at the request of the Client, and in any event, prior to concluding the performance of services pursuant to the applicable Agreements.

ATTACHMENT J TO MASTER AGREEMENT-PROVINCIALLY FUNDED ORGANIZATION NOTICE

[INSTRUCTION TO VENDOR: PRIOR TO responding to requests from a Provincially Funded Organization, forward a copy of this document to the Provincially Funded Organization. Aside from inserting the information in the applicable fields below, this Provincially Funded Organization Notice may not be amended.]

BACKGROUND INFORMATION:

o Ontario has established various vendor of record arrangements (each a "**VOR Arrangement**") for selected qualified vendors (each a "**Vendor**") to supply certain products or services, or both, (the **"Deliverable"**) to Ontario.

o Vendors under most VOR Arrangements are required, subject to the terms of their agreement with Ontario under the applicable VOR Arrangement (each an "**Ontario Agreement**"), to consider requests from you (if you are a "Provincially Funded Organization", as defined in the applicable Ontario Agreement) to make Deliverables available to you for purchase.

o In order for a Vendor to consider requests from you, the Vendor must first provide you with this Provincially Funded Organization Notice ("**Notice**").

o If you continue with your request after being provided with this Notice, you will be deemed to have acknowledged and agreed to the terms set out in this Notice.

TERMS

1. Your Status in Relation to Ontario Agreements. You are not a party to any Ontario Agreement and you cannot acquire any Deliverables as a "Client" under any Ontario Agreement. If you wish to acquire products and services from a Vendor, you must enter into a separate agreement with the Vendor ("**Provincially Funded Organization Agreement**").

2. Provincially Funded Organization Agreement. Although Ontario is providing you with access to Vendors listed on VOR Arrangements, you remain solely responsible for negotiating the terms and conditions of your Provincially Funded Organization Agreement with each Vendor, including the responsibility for ensuring that each of your Provincially Funded Organization Agreements contains business, legal or other terms and conditions as may be necessary or desirable for you.

3. Procurement Processes. You are solely responsible for ensuring that the selection of any Vendor and the procurements made under any of your Provincially Funded Organization Agreements comply with any and all procurement rules, regulations, obligations and processes to which you are subject. Any differences between the terms and conditions of an Ontario Agreement and the terms and conditions of your Provincially Funded Organization Agreement may affect whether the selection of the Vendor and the procurements made under your Provincially Funded Organization Agreement meet the procurement rules, regulations, obligations or processes to which you are subject.

4. Ontario Not Liable for Your Relationship with Vendors.

   - Ontario does not endorse, recommend or approve the suitability of: (i) any Vendor as a supplier to you; (ii) the procurement process used to establish any VOR Arrangement as meeting the procurement rules, regulations, obligations and processes to which you are subject; (iii) the ordering process established for any VOR Arrangement as meeting the procurement rules, regulations, obligations and processes to which you are subject; and (iv) the terms and conditions of any Ontario Agreement as a basis for, in whole or in part, any Provincially Funded Organization Agreement or any other resulting or related relationships or agreements between you and any Vendor. You are solely responsible for conducting your own independent assessment (including obtaining your own professional advice (which may include legal and business advice) as may be necessary and appropriate in your specific circumstances) to determine the suitability of the above.

Please note that legal and other professional advice provided to Ontario with respect to the establishment of its VOR Arrangements and its Ontario Agreements was solely for the benefit of Ontario to take into account Ontario's specific legal and other concerns, and may not be applicable to or appropriate for, and may not address any of your concerns or the concerns of any other third party. Legal counsel for Ontario recommends that you obtain independent legal representation and receive independent legal advice, as well as other required independent professional advice, prior to executing any document or entering into any contract or agreement with, or acquiring any products or services from, a Vendor.

- Ontario makes no representation, assurance, warranty, or guarantee: (i) that a Vendor will enter into a Provincially Funded Organization Agreement with you; or (ii) of the quality, value or volume of products or services that may or will be sold, if any, to you.

- Ontario will not: (i) be or be deemed to be a party to, or a guarantor of any obligations or liability of any party under, any Provincially Funded Organization Agreement or any resulting or related relationship or agreement between you and any Vendor; or (ii) be responsible or liable to you for, and nothing in any agreement between you and any Vendor will have the effect of imposing or resulting in the imposition of, any costs, obligation, liability or covenant on Ontario for any matter arising under or in connection with: the VOR Arrangement; any Deliverable; the Ontario Agreement or any related documentation; any access to the VOR Arrangement or the Ontario Agreement or related documentation; any Provincially Funded Organization Agreement; any act, error or omission of the Vendor (including the provision or non-provision of any Deliverables or other products or services by the Vendor); or this Notice.

- You will not, in relation to or under any Provincially Funded Organization Agreement or under any resulting or related relationship or agreement between you and any Vendor, bring any cause of action, action, claim, demand or lawsuit against Ontario or any of its personnel as a result of: (i) any act, error or omission of the parties to any Provincially Funded Organization Agreement; or (ii) any act, error or omission of Ontario or any of its personnel.

- Any obligations, costs or liability arising under or in connection with any Provincially Funded Organization Agreement or any resulting or related relationships or agreements between you and the Vendor will remain with you and the Vendor.

- You are solely responsible for your own contract administration with the Vendor and will not direct any issues that may arise with the Vendor to Ontario.

- For the purposes of any Provincially Funded Organization Agreement, you have no power or authority to bind Ontario or to assume or create any obligation or responsibility, express or implied, on behalf of Ontario.

5. Data and Documentation. You will provide to Ontario, at Ontario's request, any data and documentation about your acquisition of products and services from the Vendor.

6. Access to VOR Arrangements, Vendor/Ontario Agreements and Deliverables. It is Ontario's intention that, if you choose to access any VOR Arrangement, you will do so only to acquire products or services for your operational needs. Ontario, in its sole discretion, may delay, restrict or choose to not renew access by you to information regarding any VOR Arrangement, any Ontario Agreement and any products and services provided by the suppliers to Ontario on any VOR Arrangement.

7. Restrictions to Becoming a Supplier to Ontario. If you choose to access the Ministry of Government Services' enterprise-wide VOR Arrangements, you are advised that, in some circumstances, you may be restricted or ineligible to submit a bid to become a supplier to Ontario under future procurement opportunities.

8. Confidentiality. You acknowledge that information of a confidential nature to Ontario or the Vendor, regardless of whether it is identified as confidential or not ("**Confidential Information**") may come into your

knowledge, possession or control. You will: (a) keep all Confidential Information confidential and secure; (b) limit the disclosure of Confidential Information to only those of your directors, officers, employees, agents, partners, affiliates, volunteers or subcontractors who have a need to know it for the purpose of acquiring or considering the acquisition of products and services from a Vendor (the "**Purpose**") and who have been specifically authorized to have such disclosure; (c) not directly or indirectly disclose, destroy, exploit or use any Confidential Information (except for the Purpose, or except if required by order of a court or tribunal), without first obtaining: (i) the written consent of the Ministry of Government Services ("**MGS**"); and (ii) in respect of any Confidential Information about the Vendor or any other third-party, the written consent of the Vendor and any such other third-party; and (d) return all Confidential Information to MGS on demand, with no copy or portion kept by you. You will not copy any Confidential Information, in whole or in part, unless copying is essential for the Purpose. On each copy made by you, you will reproduce all notices which appear on the original.

Michel/Samir,

I understand that there will likely be a call at 9 am to discuss possible edits to the docs (see below). It would be good if you were available to participate. Will forward details when they become available.

Thanks.

Subject: Suggestions for edits (NPP)

Thanks Stephen.

For Emma's (MOE's) purpose, the PSAS reference I quoted earlier as quite relevant to addressing the remaining terminology is:

0.14 There are a variety of ways to govern the financial and operating policies of an

organization. For example:

(a) a government may establish an organization's fundamental purpose and eliminate or significantly limit the ability of the organization to make future decisions by predetermining the financial and operating policies of the organization;

(b) a government may direct the financial and operating policies of an organization on an ongoing basis; or

(c) a government may veto, overrule or modify the financial and operating policies established by an organization.

With the above guidance in mind, to further mitigate the accounting risk, I would further suggest edits as noted below. I will review additional feedback from H1 and provide additional comments, if in any, shortly (I hope).

Section 6.1 of the Trust Declaration …subject to the TPA, the Trustee shall have the power in its sole and absolute discretion to amend the Declaration [provided that ~~no~~ any amendments are expected to be consistent with ~~shall not conflict with~~ the principles set

forth in the Principles Annex and to take into consideration the suggested scope or effect of the permitted delegations and activities of any Administrative Services Agent pursuant to the Permitted Delegations Annex.] [npp – see above – consistency in messaging important]

3.2Extension. The term of the Agreement may be extended by further agreement between the Parties.

3.3 Extension of the Declaration of Trust. ~~If the Province determines that an extension of the Declaration of Trust (beyond the "Final Distribution Date" and time for termination, each as specified or determined thereunder) is consistent with and in furtherance of the Purpose and the Province's original intentions and expectations in establishing the Project, the Province may request that the Recipient extend the Declaration of Trust to a date specified by the Province in a Notice (such date not to be later than •), whereupon the Recipient, Where the parties agree under 3.2, to an extension of the date, it is expected that so long as the Trustee does not have a reasonable basis to believe that such an extension would be inconsistent with the Purpose or weaken the protections intended for the benefit of the Trustee pursuant to the Declaration of Trust~~, If under 3.2, the parties agree that the term of the Agreement may be extended, ~~will~~ it is expected that the Trust will undertake such actions as it may consider to be necessary or appropriate to so extend the Declaration of Trust, including by amending the Declaration of Trust to provide for such an extension and to modify any other term or requirement as would be necessary or prudent to conform such term or requirement in light of such extension.

Thanks. Between 10:00 and 2:15 on Monday works best for me.

Nadine, I would still like to chat with you today if that's possible. I'm working on your comments and there's a few I would like to clarify. Is there a time between 9:30 and 3:00 that you're available?

Hi everyone. Here are revised versions of the Declaration and the TPA, which try to reflect the consolidated comments passed on over the past few days. Please note that

the attached blacklines show changes back to the versions of these documents we last circulated (early Thursday, see below). I appreciate that you may have been working with a later version, but I have gone back to the earlier versions so we can get everyone onto the same page. Also, please let me know if you would like to see the cumulative bubble notes (Track Changes) from earlier versions – we can generate these separately if useful, but our 'cleaning software' has automatically deleted these in making this particular circulation of documents. Lastly, I do not have Michel (KPMG)'s coordinates (I was copied into the appointment yesterday so my invite does not include all of the attendees). Would one of you please forward this to Michel (cc. me) and anyone else who should be looking at these drafts at this time. Regards, Steve

Hi David, Paul,

Find attached our comments on Blake's edits and comments on the TPA and the Trust Declaration. Also attached is the one time AG guidance on accounting principles (we realize Blakes may already have this, but OPCD's comments refer to this document).

Could you kindly share these with Blakes this evening. We have left some placeholders for additional input from CSD and OPCD (cc'd) and will look to provide additional comments at our call tomorrow with Blakes.

Our comments to the Trust Deed are on top of a clean version Blakes had sent. Our comments on the TPA are on top of a tracked version Blakes had sent. Apologies for the inconsistency – we ran into some version control issues on our end.

Charlotte (cc'd) will be in touch with regards to setting up a call with Blakes, as well as LSB, CSD and OPCD, tomorrow morning.

Thank you,
Emma

Draft: March 20, 2017

ONTARIO TRANSFER PAYMENT AGREEMENT

THE AGREEMENT, effective as of the • day of March, 2017 (the **"Effective Date"**)

B E T W E E N :

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy

(the "Province")

- and -

Computershare Trust Company of Canada, in its capacity as trustee of Affordability Fund Trust

(together with its successors and assigns, the "Recipient" and, together with the Province, the "Parties")

BACKGROUND

Computershare Trust Company of Canada is the original trustee of the Affordability Fund Trust.

The Province wishes to provide Funds to the Recipient to be held, invested, applied and distributed in accordance with the terms of the Declaration of Trust (defined below), in furtherance of the Purpose (as defined in the Declaration of Trust), including having regard to the Principles set forth in Annex A.

CONSIDERATION

In consideration of the mutual covenants and agreements contained in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is expressly acknowledged, the Parties agree as follows:

ENTIRE AGREEMENT

This agreement (as amended, restated, supplemented or otherwise modified from time to time, the **"Agreement"**), including:

Schedule "A" - General Terms and Conditions
Schedule "B" - Project Specific Information
Schedule "C" - Project - Certain Obligations of the Recipient
Schedule "D" - Budget
Schedule "E" - Payment Plan
Schedule "F" - Reporting
Annex "A" - Principles, and
any amending agreement entered into as provided for below,

constitutes the entire agreement between the Parties with respect to the subject matter contained in this Agreement and supersedes all prior oral or written representations and agreements.

COUNTERPARTS

The Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

AMENDING THE AGREEMENT

The Agreement may only be amended by a written agreement duly executed by the Parties.

ACKNOWLEDGEMENT

The Recipient:

(a) acknowledges that it has read and understands the provisions contained in the entire Agreement; and

(b) agrees to be bound by the terms and conditions contained in the entire Agreement.

IN WITNESS WHEREOF, the Parties have executed the Agreement on the dates set out below.

SCHEDULE "A"
GENERAL TERMS AND CONDITIONS

1.0 INTERPRETATION AND DEFINITIONS

1.1 Interpretation. For the purposes of interpretation:

(a) words in the singular include the plural and vice-versa;

(b) words in one gender include all genders;

(c) the headings do not form part of the Agreement; they are for reference only and will not affect the interpretation of the Agreement;

(d) any reference to dollars or currency will be in Canadian dollars and currency;

(e) "include", "includes" and "including" denote that the subsequent list is not exhaustive;

(f) where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Affordability Fund Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust, and, where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust; and

(g) [it is intended that the transfer of the Funds to the Recipient will be a transfer made to a "non-controlled trust" (as that term is given meaning in • applicable to the accounting rules and principles applicable to the Province as of the date of the Agreement), and so if a term or condition of the Agreement is determined to conflict with the requirements applicable to the Province recording the transfers to the Recipient of Funds contemplated hereunder as an expense incurred by the Province on the date of the transfer of Funds under the Agreement otherwise in connection with activities undertaken by the Province with such a "non-controlled trust", then such term or condition shall be given a meaning and shall have an effect insofar as it is possible to interpret such term or condition in a manner that eliminates such conflict while preserving the other provisions of the Agreement and furthering the Purpose.][1]

Commented [A1]: Yes, helpful per KPMG and OPCD

1.2 Definitions. In the Agreement, the following terms will have the following meanings:

"Affordability Fund Trust" means the trust established and governed by the Declaration of Trust, and for greater certainty includes such trust operating under any other name that may be designated from time to time by the Trustee in accordance with the Declaration of Trust.

"BPSAA" means the Broader Public Sector Accountability Act, 2010 (Ontario).

"**Beneficiary**" has the meaning given to such term in the Declaration of Trust.

"Budget" means the Recipient's budget attached to the Agreement as Schedule "D".

"Business Day" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day and any other day on which the Province has elected to be closed for business.

[1] **NTD: Consider if this sort of fail-safe is helpful.**

"**Declaration of Trust**" means the declaration of trust made as of March [•], 2017, under which the Affordability Fund Trust was established, as such declaration of trust may be amended, restated, supplemented or otherwise modified from time to time with the consent of the Province.

"Expiration Date" means the date on which this Agreement will expire and is the date set out in Schedule "B".

"Funds" means the money the Province provides to the Recipient pursuant to the Agreement.

"Maximum Funds" means the maximum amount of Funds that the Province will provide the Recipient under the Agreement, as set out in Schedule "B".

"Notice" means any communication given or required to be given pursuant to the Agreement.

"Party" means either the Province or the Recipient.

"**Person**" includes any individual, sole proprietorship, corporation, partnership, joint venture, association, society, club, board, chamber, joint-stock company, trust, trustee, unincorporated or incorporated organization or entity or government or any entity, agency or political subdivision thereof.

"**Program**" has the meaning given to such term in the Declaration of Trust.

"Project" means the undertaking described in Schedule "C".

"**Purpose**" has the meaning given to such term in the Declaration of Trust.

"PSSDA" means the *Public Sector Salary Disclosure Act, 1996* (Ontario).

"Reports" means the reports described in Schedule "F".

"**Trustee**" means, initially, Computershare Trust Company of Canada, and any additional or replacement trustee in its capacity as trustee of the Affordability Fund Trust pursuant to the Declaration of Trust, including the Board of Trustees (as defined in the Declaration of Trust) and each of their respective successors and permitted assigns.

2.0 REPRESENTATIONS, WARRANTIES AND COVENANTS

2.1 General. The Recipient represents, warrants and covenants that:

(a) the Trustee is the trustee of the Affordability Fund Trust; and

(b) the Affordability Fund Trust is, and will continue to be for the term of the Agreement, a trust existing under and governed by the laws of the Province of Ontario.

2.2 Execution of Agreement. The Recipient represents and warrants that it has:

(a) the full power and authority to enter into the Agreement; and

(b) taken all necessary actions to authorize the execution of the Agreement.

2.3 Governance. The Recipient represents, warrants and covenants that it has, and will maintain, in writing for the period during which the Agreement is in effect:

(a) decision-making mechanisms and procedures to enable the Recipient to hold, invest, manage, apply and distribute the Funds in accordance with the Declaration of Trust in furtherance of the Purpose; and

(b) procedures to enable the preparation and delivery of all Reports required pursuant to Article 7.0.

2.4 Supporting Documentation. Upon request, the Recipient will provide the Province with proof of the matters referred to in this Article 2.0.

3.0 TERM OF THE AGREEMENT

3.1 Term. The term of the Agreement will commence on the Effective Date and will expire on the later of the Expiration Date and the date on which the Affordability Fund Trust is terminated in accordance with the Declaration of Trust.

3.2 Extension. The term of the Agreement may be extended by further agreement between the Parties.

3.3 Extension of the Declaration of Trust. If the Province determines that an extension of the Declaration of Trust (beyond the "Final Distribution Date" and time for termination, each as specified or determined thereunder) is consistent with and in furtherance of the Purpose and the Province's original intentions and expectations in establishing the Project, the Province may request that the Recipient extend the Declaration of Trust to a date specified by the Province in a Notice (such date not to be later than •), whereupon the Recipient, so long as the Trustee does not have a reasonable basis to believe that such an extension would be inconsistent with the Purpose or weaken the protections intended for the benefit of the Trustee pursuant to the Declaration of Trust, will undertake such actions as it may consider to be necessary or appropriate to so extend the Declaration of Trust, including by amending the Declaration of Trust to provide for such an extension and to modify any other term or requirement as would be necessary or prudent to conform such term or requirement in light of such extension. **[NTD: This is an exception to the rule that the Province will not be able to cause a change in the TPA. It was inserted to reflect the permitted extension of the Program discussed in the accounting context on Saturday. Please advise if not permitted or revise language to address concerns.]**

Commented [A2]: Will consider undertaking

Commented [A3]: Would any other changes still be subject to provincial consent? If yes, should refer to the appropriate clause. Mutual consent is not control, so should be ok. Could also include mirror clause that the Recipient is expected not to unreasonably withhold such consent?

4.0 FUNDS AND CARRYING OUT THE PROJECT

4.1 Funds Provided. The Province will:

(a) provide the Recipient up to the Maximum Funds to be held, invested, applied and distributed in accordance with the terms of the Project and the Declaration of Trust;

(b) provide the Funds to the Recipient in accordance with the Payment Plan attached to the Agreement as Schedule "E"; and

(c) deposit the Funds into an account designated by the Recipient, provided that the account:

(i) resides at a Canadian financial institution; and

(ii) is in the name of the Recipient.

4.2 Timing of Distributions to Beneficiaries. The expectations of the Province regarding when Funds will begin to be distributed by the Recipient to Beneficiaries are set out in Schedule C. The Recipient will have regard to those expectations in the exercise of its discretion as Trustee, in determining when Funds will be distributed to Beneficiaries in furtherance of the Purpose.

4.3 Use of Funds and Project. The Recipient will exercise its rights, duties and discretions under the Declaration of Trust so that the Funds are used, applied and distributed only for and in furtherance of the Purpose, including having regard to the Principles set forth in Annex A.

Commented [A4]: Is expected to?

4.4 **Province's Role Limited to Providing Funds.** For greater clarity, the Province's role under the Agreement is limited to providing Funds to the Recipient and the Province is not responsible for carrying out or overseeing the terms of the Declaration of Trust.

4.5 **Maximum Funds.** The Recipient acknowledges that the Funds available to it pursuant to the Agreement will not exceed the Maximum Funds.

4.6 **Funding, Not Procurement.** For greater clarity, the Recipient acknowledges that:

(a) it is receiving funding from the Province for the Project and is not providing goods or services to the Province[2]; and

(b) the funding the Province is providing under the Agreement is funding for the purposes of the PSSDA.

5.0 RECIPIENT'S ACQUISITION OF GOODS OR SERVICES, AND DISPOSAL OF ASSETS

5.1 **Acquisition.** If the Recipient acquires goods, services, or both with or by applying the proceeds of the Funds, it ~~will~~ is expected to do so through a process that promotes the best value for money and ~~will~~ to take reasonable steps to ensure that its Administrative Services Agents also follow a process that promotes the best value for money when acquiring goods and services with or by applying the proceeds of the Funds.

6.0 CONFLICT OF INTEREST

6.1 **No Conflict of Interest.** Except as expressly permitted by the Declaration of Trust, the Recipient is expected to implement appropriate processes and control to ensure that ~~will carry out~~ the Program and use, applicationy and distribution of~~e~~ the Funds without an actual, potential or perceived conflict of interest.

~~6.1~~6.2 **Conflict of Interest Includes.** For the purposes of this Article, a conflict of interest includes any circumstances where:

(a) the Recipient; or
(b) any person who has the capacity to influence the Recipient's decisions[3],

has outside commitments, relationships or financial interests that could, or could be seen to, interfere with the Recipient's objective, unbiased and impartial judgment relating to the Project, or the Recipient's use, application or distribution of the Funds, or both.

~~6.2~~6.3 ~~**Disclosure to Province.** The Recipient will disclose to the Province, without delay, any situation that a reasonable person would interpret as an actual, potential or perceived conflict of interest. [NTD: Consider from accounting perspective]~~

7.0 REPORTING, ACCOUNTING AND REVIEW

[2] **NTD: Consider in relation to promotional objectives and in the context of any License Agreement.**
[3] **NTD: Need to consider how this works in relation to Administrative Services Agents. Is the intention that the Trustee will be in breach of the Agreement if an Administrative Services Agent is itself in a conflict, or should this be recast to require the Trustee to seek remedies (i.e., termination) if an Administrative Agent is determined to be (diligence requirement?) in breach of the conflicts of interest requirements contemplated in the Permitted Delegations Annex?**

Commented [A5]: Inserted to address concern from provincial perspective. This together with quarterly report backs on COI should allow for some oversight, but not control over COI. If the Province is not controlling the trust, the only way to mitigate would be through audits which could also assess controls in place to mitigate this risk.

Formatted: Strikethrough

Commented [A6]: With regards to footnotes:
- Consider using 'expected to' language when referencing actions of the LDCs (not in a position to direct anyway)
-With regards to COI – expectation would be that Trust would have a process in place to mitigate and deal with potential COI issues. (MOVED disclosure requirement to Schedule F)

7.1 **Preparation and Submission.** The Recipient will cooperate with the Province to accommodate the Province's on-going information and reporting objectives in order to enable the Province to be aware of the Recipient's activities in furtherance of the Purpose, and to that end the Recipient will be expected, from and following the Original Trustee Replacement Date, to:

(a) submit to the Province at the address referred to in Schedule "B", all Reports in accordance with the timelines and content requirements set out in Schedule "F", or in a form as specified by the Province from time to time, acting reasonably;

(b) submit to the Province at the address referred to in Schedule "B", any other reports as may be reasonably requested by the Province from time to time in accordance with the timelines and content expectations identified by the Province, acting reasonably;

(c) undertake diligent efforts so that such Reports and any such other reports are complete and accurate in all material respects; and

(d) have an authorized signatory of the Recipient sign-off on such Reports and other reports.

7.2 **Record Maintenance.** The Recipient will keep and maintain financial and other records necessary to permit it to satisfy its obligations under section 7.1 and to permit the Province to exercise its rights under section 7.3.

7.3 **Inspection.** The Province, its authorized representatives or an independent auditor identified by the Province may, at its own expense, upon twenty-four hours' Notice to the Recipient and during normal business hours, inspect the records of and information respecting the Recipient to confirm its compliance with the terms of this Agreement, including to ensure consistency with the Purpose and, for these purposes, the Province, its authorized representatives or an independent auditor identified by the Province may take one or more of the following actions:

(a) inspect and copy the records and documents referred to in section 7.2;

(b) keep any copies made pursuant to section 7.3(a); and

(c) [conduct an audit or investigation of the Recipient in respect of the expenditure of the Funds to confirm that the Funds have been used, applied and distributed for and in furtherance of the Purpose, including a review of the Trust's processes, records, documents as well as processes and controls in place to ~~nd information to~~ obtain assurance that Funds disbursed to Electricity Distributors were used, applied and distributed for and in furtherance of the Purpose.] [NTD: Consider from accounting perspective]

Commented [A7]: Should be ok in accordance with OPCD's TP Guidance documentation

7.4 **Disclosure.** To assist in respect of the rights set out in section 7.3, the Recipient will disclose any information requested by the Province, its authorized representatives or an independent auditor identified by the Province, and will do so in the form requested by the Province, its authorized representatives or an independent auditor identified by the Province, as the case may be.

7.5 **No Control of Records.** No provision of the Agreement will be construed so as to give the Province any control whatsoever over the Recipient's records.

7.6 **Auditor General.** For greater certainty, the Province's rights under this Article are in addition to and do not limit any rights[4] provided to the Auditor General pursuant to section 9.1 of the *Auditor*

Commented [A8]: See extracts from the AG Act inserted for reference. AG can audit.

(a) [4] **NTD: Does the AG have any authority in respect of a non-controlled trust? If not, this probably needs to be rephrased so that the Trustee agrees to facilitate the**

General Act (Ontario).

8.0 COMMUNICATIONS REQUIREMENTS

8.1 Publication. The Recipient will indicate, in any of its Program -related publications, whether written, oral, or visual, that the views expressed in the publication are the views of the Recipient and do not necessarily reflect those of the Province.[5]

9.0 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

9.1 FIPPA. The Recipient acknowledges that the Province is bound by the *Freedom of Information and Protection of Privacy Act* (Ontario) and that any information provided to the Province in connection with the Project or otherwise in connection with the Agreement may be subject to disclosure in accordance with that Act.

10.0 INSURANCE

10.1 Insurance. The Recipient [has made enquiries to confirm][believes] that insurance policies of the type contemplated in Schedule C are generally available in Canada.[6]

11.0 EVENT OF DEFAULT, CORRECTIVE ACTION AND TERMINATION FOR DEFAULT

11.1 Events of Default. An Event of Default will occur if:

Province's compliance with this statute. References from the AG Act: "grant recipient" means an association, authority, board, commission, corporation, council, foundation, institution, organization or other body that receives a reviewable grant directly or indirectly; ("bénéficiaire d'une subvention"); reviewable grant" means a grant or other transfer payment from the Consolidated Revenue Fund, from an agency of the Crown or from a Crown controlled corporation; ("subvention susceptible d'examen").

Special audits

2.0 Grant recipients

9.1 (1) On or after April 1, 2005, the Auditor General may conduct a special audit of a grant recipient with respect to a reviewable grant received by the grant recipient directly or indirectly on or after the date on which the *Audit Statute Law Amendment Act, 2004* receives Royal Assent. 2004, c. 17, s. 12.

3.0 Exception

(2) Subsection (1) does not apply with respect to a grant recipient that is a municipality. 2004, c. 17, s. 12.

[5] **NTD: Consider in light of possible additions to the Declaration/Principles regarding the promotion of the Program.**
[6] **NTD: Consider if this is helpful from an accounting perspective.**

(a) the Recipient fails to perform or observe any covenant in this Agreement and such failure has and continues to have a material adverse effect on the Province and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(b) any representation or warranty made by the Recipient in the Agreement shall prove to have been incorrect in any material respect when made or deemed made, and, if capable of remedy, continues to be incorrect in any material respect during any Notice period applicable under section 11.2 after the earlier to occur of (i) the actual knowledge thereof by the Recipient or (ii) receipt by the Recipient of Notice thereof from the Province;

(c) it is [determined][manifestly demonstrated by the Province] that the Recipient has breached its Standard of Care (within the meaning given in and context of the Declaration of Trust) in discharging its material duties under the Declaration of Trust, with the result that all or a significant part of the Funds have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose, and, if such breach is capable of remedy, it continues and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(d) an insolvency event shall have occurred and be continuing with respect to the Recipient.

11.2 Consequences of Events of Default and Corrective Action. If an Event of Default occurs, the Province may, at any time, take one or more of the following actions:

(a) provide the Recipient with Notice allowing the Recipient an opportunity to remedy the Event of Default during a specified Notice Period[7];

Commented [A9]: Flexibility allows discretion to consider the nature of the default.

(b) seek an order of specific performance, including an order that the Recipient pursue its available remedies against third parties;

(c) require, by Notice of demand, that the Recipient transfer to the Province (without any need for compensation, indemnity or consideration to the Recipient or any Beneficiary or other third party) any and all Assets remaining in the possession or under the control of the Recipient [that can reasonably be traced or attributed to the Funds][after first providing for the completion and performance by the Recipient of any unperformed contractual obligations of the Recipient undertaken in compliance with the Declaration of Trust on or prior to transfer]; and

(d) terminate the Agreement, including immediately, without liability, penalty or costs to the Province upon giving Notice to the Recipient.

The transfer of Funds in accordance with the Agreement is made by the Province with the expressed intention and reservation that the transferred Funds shall be returned to the Province and the entitlements of the Recipient in remaining Funds shall thereby be revoked with reversion thereof to the Province in the circumstances contemplated in Section 11.2(c).

11.3 Opportunity to Remedy. If, in accordance with section 11.2, the Province provides the Recipient with an opportunity to remedy the Event of Default, the Province will provide Notice to the Recipient of:

(a) the particulars of the Event of Default; and

[7] **NTD: Consider whether to provide for a notice period within the specific Events of Default, rather than making cures entirely in the Provinces discretion.**

(b) the Notice Period.

11.4 Recipient not Remedying. If the Province has provided the Recipient with an opportunity to remedy the Event of Default pursuant to section 11.2(a), and:

(a) the Recipient does not remedy the Event of Default within the Notice Period;

(b) it becomes apparent to the Province that the Recipient cannot adequately remedy the Event of Default within the Notice Period; or

(c) the Recipient is not proceeding to remedy the Event of Default in a way that is satisfactory to the Province,

the Province may extend any Notice period, or initiate any one or more of the actions provided for in section 11.2.

12.0 REPAYMENT

12.1 Debt Due. If, pursuant to the Agreement: the Province demands the payment of any Funds from the Recipient pursuant to section 11.2(c) such Funds or other amount will be deemed to be a debt due and owing to the Province by the Recipient, and the Recipient will pay or return the amount to the Province immediately, unless the Province directs otherwise.

12.2 Interest Rate. The Province may charge the Recipient interest on any money owing by the Recipient at the then current interest rate charged by the Province of Ontario on accounts receivable. **[NTD: Somewhat impractical as no rea] source to pay interest, but not offensive otherwise.]**

12.3 Payment of Money to Province. The Recipient will pay any money owing to the Province by cheque payable to the "Ontario Minister of Finance" and delivered to the Province at the address referred to in **[Schedule "B"]**.

12.4 Failure to Repay. Without limiting the application of section 43 of the Financial Administration Act (Ontario), if the Recipient fails to repay any amount owing under the Agreement, Her Majesty the Queen in right of Ontario may deduct any unpaid amount from any money payable to the Recipient by Her Majesty the Queen in right of Ontario. [8]

Commented [A10]: Practical limitations as the Trust is not ongoing program with expectations of receiving future funding.

13.0 NOTICE

13.1 Notice in Writing and Addressed. Notice will be in writing and will be delivered by email, postage-prepaid mail, personal delivery or fax, and will be addressed to the Province and the Recipient respectively as set out in Schedule "B", or as either Party later designates to the other by Notice.

13.2 Notice Given. Notice will be deemed to have been given:

(a) in the case of postage-prepaid mail, five Business Days after the Notice is mailed; or

(b) in the case of email, personal delivery or fax, one Business Day after the Notice is delivered.

13.3 Postal Disruption. Despite section 13.2(a), in the event of a postal disruption:

(a) Notice by postage-prepaid mail will not be deemed to be received; and

(b) the Party giving Notice will provide Notice by email, personal delivery or by fax.

[8] **NTD: Discuss.**

14.0 SEVERABILITY OF PROVISIONS

14.1 Invalidity or Unenforceability of Any Provision. The invalidity or unenforceability of any provision of the Agreement will not affect the validity or enforceability of any other provision of the Agreement. Any invalid or unenforceable provision will be deemed to be severed.

15.0 WAIVER

15.1 Waivers in Writing. If a Party fails to comply with any term of the Agreement, that Party may only rely on a waiver of the other Party if the other Party has provided a written waiver in accordance with the Notice provisions in Article 13.0. Any waiver must refer to a specific failure to comply and will not have the effect of waiving any subsequent failures to comply.

16.0 INDEPENDENT PARTIES

16.1 Parties Independent. The Recipient acknowledges that it is not an agent, joint venturer, partner or employee of the Province, and the Recipient will not represent itself in any way that might be taken by a reasonable person to suggest that it is, or take any actions that could establish or imply such a relationship.

17.0 ASSIGNMENT OF AGREEMENT OR FUNDS

17.1 Agreement Binding. All rights and obligations contained in the Agreement will extend to and be binding on the Parties' respective heirs, executors, administrators, successors and permitted assigns.

18.0 LIMITATION OF LIABILITY

18.1 This Agreement has been entered into by the Trustee solely in its capacity as trustee of the Recipient and is not binding on the Trustee in any other capacity, whether in tort, contract or otherwise. **The Beneficiaries of the Recipient are not subject to any liability in respect of the Recipient.** Resort may not be had to, nor recourse or satisfaction be sought from, the private property of the Trustee (whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Recipient), its directors, officers, employees, or agents, or the private property of any Beneficiary, and resort will be had solely to the property of the Recipient held in trust by the Trustee for the payment, performance or satisfaction of any liability or obligation of the Recipient or the Trustee under this Agreement. However, the foregoing limitations in this section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

19.0 GOVERNING LAW

19.1 Governing Law. The Agreement and the rights, obligations and relations of the Parties will be governed by and construed in accordance with the laws of the Province of Ontario and the applicable federal laws of Canada. Any actions or proceedings arising in connection with the Agreement will be conducted in the courts of Ontario, which will have exclusive jurisdiction over such proceedings.

20.0 FURTHER ASSURANCES

20.1 Agreement into Effect. The Recipient will provide such further assurances as the Province may request from time to time with respect to any matter to which the Agreement pertains, and will otherwise do or cause to be done all acts or things necessary to implement and carry into effect the terms and conditions of the Agreement to their full extent.

20.2 Declaration of Trust. The Trustee covenants that it shall not amend, restate or terminate the Declaration of Trust without obtaining the written consent of the Province in respect of same, such consent not be unreasonably withheld or delayed.

21.0 JOINT AND SEVERAL LIABILITY

21.1 Joint and Several Liability. Without limiting and subject to section 18.1 and the Declaration of Trust, if the Recipient is comprised of more than one entity, all such entities will be jointly and severally liable to the Province for the fulfillment of the obligations of the Recipient under the Agreement.[9]

22.0 RIGHTS AND REMEDIES CUMULATIVE

22.1 Rights and Remedies Cumulative. The rights and remedies of the Province under the Agreement are cumulative and are in addition to, and not in substitution for, any of its rights and remedies provided by law or in equity.

23.0 ACKNOWLEDGEMENT OF OTHER LEGISLATION AND DIRECTIVES

23.1 Recipient Acknowledges. The Recipient acknowledges that by receiving Funds it may become subject to legislation applicable to organizations that receive funding from the Government of Ontario, including the BPSAA, the PSSDA, and the *Auditor General Act* (Ontario).

24.0 SURVIVAL

24.1 Survival. The following Articles and sections, and all applicable cross-referenced sections and schedules, will continue in full force and effect for a period of seven years from the date of expiry or termination of the Agreement: Article 1.0 and any other applicable definitions, section, 4.5, section 7.1 (to the extent that the Recipient has not provided the Reports to the satisfaction of the Province), sections 7.2, 7.3, 7.4, 7.5, 7.6, Article 8.0, Article 12.0, Article 14.0, Article 16.0, Article 17.0, Article 19.0, Article 20.0, Article 21.0 and Article 24.0. SCHEDULE "C"

PROJECT

For the purposes of this Agreement, the "Project" is the distribution of the Funds in accordance with the Declaration of Trust.

It is intended the Project will be undertaken by the Recipient in furtherance of the Purpose and in accordance with the Declaration of Trust. In this regard, it is expected that the Recipient will undertake the Program having regard to the Budget and the Principles set forth in Annex A.

The following are the Provinces expectations regarding the circumstances in which the Recipient will begin to distribute any Funds to any Beneficiary.

1. The Original Trustee Replacement Date (as defined in the Declaration of Trust) will have occurred.

2. An administrative services agreement will have been entered into between the Recipient and an Administrative Services Agent providing for the administrative services necessary for the Recipient to perform its obligations herein and execute the Project.

3. Administrative procedures will have been developed and implemented under which Electricity Distributors (as defined in the Declaration of Trust) will be invited to assist with (a) the identification and selection of Primary Beneficiaries under the Declaration of Trust, (b) the determination of the amount of Funds to be distributed to particular Primary Beneficiaries, and (c) the distribution of Funds to or for the benefit of such Primary Beneficiaries (in each case substantially on the basis contemplated in the Permitted Delegations Annex).

4. The Recipient will have obtained commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage. If requested, the Recipient will provide the Province (for its information purposes) with copies of the certificates of insurance and policies for such insurance coverage.

The Province recognizes that the foregoing may involve the Recipient entering into agreements as may be the Recipient considers to be necessary or expedient, including any required amendment or amendment and restatement of the Declaration of Trust. Funds may be expended to pay the expenses of the Trustee in completing these matters. The Recipient will confirm to the Province once such matters have been completed.

SCHEDULE "D"

Recipient's Budget

1. It is expected that the administrative expenses of the Fund, including any administrative expenses of the Recipient (or any administrative services agents or other agents retained by the Recipient), relating to the establishment of the Affordability Fund Trust and satisfying the Requirements (as defined in Schedule "C") and any expenses related to the operation of the Trust and the execution of the Project (including any reimbursable expenses incurred by any Administrative Services Agent (as such terms are defined in the Declaration of Trust), will be no greater than 10 percent of the total Project budget.

2. The only expenditures incurred by the Recipient that are eligible for reimbursement are actual (excluding HST) administrative overhead expenses incurred by or on behalf of the Recipient that directly related to the Recipient or the establishment of the Affordability Fund Trust.

4. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.

5. It is expected any travel, meals and hospitality expenses by the Recipient will be consistent with the Province's Travel, Meal and Hospitality Expenses Directive. For purposes of funding entities receiving funding from the Recipient, the following would not be considered eligible claims:

    - Alcohol
    - First-Class travel
    - Meals, snacks and beverages
    - Gratuities
    - Laundry or dry cleaning
    - Valet services
    - Dependent care
    - Home management
    - Personal telephone calls

6. In the event that the Recipient performs any procurements, it is expected that all procurements will reflect the principles of Ontario's Public Service Procurement Directive.

PAYMENT PLAN

PAYMENT DATE	MAXIMUM FUNDS TO BE DISBURSED BY THE PROVINCE
Within 7 days of signing the Agreement	$ 100,000,000[10]

[10] **Investment income and proceeds of the Funds are to be applied for the Purpose in accordance with the Declaration of Trust.**

SCHEDULE "F"

REPORTING

From and following the Original Trustee Replacement Date, Reports[11] will be [quarterly] on the basis of the government's fiscal year starting at the execution of this Agreement and continuing until conclusion of the Agreement. Annual Reports will be on a fiscal basis starting at the execution of this Agreement and continuing until conclusion of the Agreement. Quarterly Reports and Annual Reports would be expected to be submitted to the Province within one month following the end of the reporting period that they represent. The Province expects that these Reports would be prepared to demonstrate the impact of the Province's funding and address the following:

- Quarterly Reports would include a report back on the Trustee-developed performance management criteria. Initially, such Quarterly Reports would include details respecting:
    - Amounts disbursed by the Recipient in the previous quarter. It is expected that this information would be provided at the Electricity Distributor level and in the aggregate.
    - Total Affordability Fund investment income earned and accrued to date.
    - Key activities and achievements from the quarter, including the number of participant households per Electricity Distributor, average participant incentive cost per Electricity Distributor, and uptake of energy efficiency measures per Electricity Distributor.
    - Any challenges or modifications to the application, funding, or eligibility processes/rules of the Recipient.
    - Key activities planned for the upcoming quarter.
    - Details of any situations that a reasonable person might interpret as an actual, potential or perceived conflict of interest.
- Annual Reports would include a report back on the Trustee-developed performance management criteria. Initially, such Annual Report would include details respecting:

- A description of an Electricity Distributor's application process and the criteria used by the Recipient to distribute funds.
- Any challenges identified by the Recipient or any Administrative Services Agent in achieving the Purpose and proposed solutions, if applicable.
- Lesson learned.
- Electricity Distributor and customer feedback.
- Amounts distributed to Beneficiaries or otherwise disbursed by the Recipient in the previous year. It is expected that this information will be provided by each Electricity Distributor.
- Key activities and achievements from each quarter being reported, including number of participant households per Electricity Distributor, average participant incentive cost per Electricity Distributor, and uptake of energy efficiency measures per Electricity Distributor.
- Total Affordability Fund interest earned and accrued to date.

As part of an Annual Report, the Recipient would also provide the Province with an audited financial statement for the previous year.

Hi everyone. Here are revised versions of the Declaration and the TPA, which try to

reflect the consolidated comments passed on over the past few days. Please note that the attached blacklines show changes back to the versions of these documents we last circulated (early Thursday, see below). I appreciate that you may have been working with a later version, but I have gone back to the earlier versions so we can get everyone onto the same page. Also, please let me know if you would like to see the cumulative bubble notes (Track Changes) from earlier versions – we can generate these separately if useful, but our 'cleaning software' has automatically deleted these in making this particular circulation of documents. Lastly, I do not have Michel (KPMG)'s coordinates (I was copied into the appointment yesterday so my invite does not include all of the attendees). Would one of you please forward this to Michel (cc. me) and anyone else who should be looking at these drafts at this time. Regards, Steve

Hi David, Paul,

Find attached our comments on Blake's edits and comments on the TPA and the Trust Declaration. Also attached is the one time AG guidance on accounting principles (we realize Blakes may already have this, but OPCD's comments refer to this document).

Could you kindly share these with Blakes this evening. We have left some placeholders for additional input from CSD and OPCD (cc'd) and will look to provide additional comments at our call tomorrow with Blakes.

Our comments to the Trust Deed are on top of a clean version Blakes had sent. Our comments on the TPA are on top of a tracked version Blakes had sent. Apologies for the inconsistency – we ran into some version control issues on our end.

Charlotte (cc'd) will be in touch with regards to setting up a call with Blakes, as well as LSB, CSD and OPCD, tomorrow morning.

Thank you,
Emma

ONTARIO TRANSFER PAYMENT AGREEMENT

THE AGREEMENT, effective as of the • day of March, 2017 (the **"Effective Date"**)

B E T W E E N :

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy

(the "Province")

- and -

Computershare Trust Company of Canada, in its capacity as trustee of Affordability Fund Trust

(together with its successors and assigns, the "Recipient" and, together with the Province, the "Parties")

BACKGROUND

Computershare Trust Company of Canada is the original trustee of the Affordability Fund Trust.

The Province wishes to provide Funds to the Recipient to be held, invested, applied and distributed in accordance with the terms of the Declaration of Trust (defined below), in furtherance of the Purpose (as defined in the Declaration of Trust), including having regard to the Principles set forth in Annex A.

CONSIDERATION

In consideration of the mutual covenants and agreements contained in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is expressly acknowledged, the Parties agree as follows:

ENTIRE AGREEMENT

This agreement (as amended, restated, supplemented or otherwise modified from time to time, the **"Agreement"**), including:

Schedule "A" - General Terms and Conditions
Schedule "B" - Project Specific Information
Schedule "C" - Project - Certain Obligations of the Recipient
Schedule "D" - Budget
Schedule "E" - Payment Plan
Schedule "F" - Reporting
Annex "A" - Principles, and
any amending agreement entered into as provided for below,

constitutes the entire agreement between the Parties with respect to the subject matter contained in this Agreement and supersedes all prior oral or written representations and agreements.

COUNTERPARTS

The Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

AMENDING THE AGREEMENT

The Agreement may only be amended by a written agreement duly executed by the Parties.

ACKNOWLEDGEMENT

The Recipient:

(a) acknowledges that it has read and understands the provisions contained in the entire Agreement; and

(b) agrees to be bound by the terms and conditions contained in the entire Agreement.

IN WITNESS WHEREOF, the Parties have executed the Agreement on the dates set out below.

SCHEDULE "A"
GENERAL TERMS AND CONDITIONS

1.0 INTERPRETATION AND DEFINITIONS

1.1 Interpretation. For the purposes of interpretation:

(a) words in the singular include the plural and vice-versa;

(b) words in one gender include all genders;

(c) the headings do not form part of the Agreement; they are for reference only and will not affect the interpretation of the Agreement;

(d) any reference to dollars or currency will be in Canadian dollars and currency;

(e) "include", "includes" and "including" denote that the subsequent list is not exhaustive;

(f) where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Affordability Fund Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust, and, where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust; and

(g) [it is intended that the transfer of the Funds to the Recipient will be a transfer made to a "non-controlled trust" (as that term is given meaning in • applicable to the accounting rules and principles applicable to the Province as of the date of the Agreement), and so if a term or condition of the Agreement is determined to conflict with the requirements applicable to the Province recording the transfers to the Recipient of Funds contemplated hereunder as an expense incurred by the Province on the date of the transfer of Funds under the Agreement otherwise in connection with activities undertaken by the Province with such a "non-controlled trust", then such term or condition shall be given a meaning and shall have an effect insofar as it is possible to interpret such term or condition in a manner that eliminates such conflict while preserving the other provisions of the Agreement and furthering the Purpose.][1]

Commented [A1]: Yes, helpful per KPMG and OPCD

1.2 Definitions. In the Agreement, the following terms will have the following meanings:

"Affordability Fund Trust" means the trust established and governed by the Declaration of Trust, and for greater certainty includes such trust operating under any other name that may be designated from time to time by the Trustee in accordance with the Declaration of Trust.

"BPSAA" means the Broader Public Sector Accountability Act, 2010 (Ontario).

"**Beneficiary**" has the meaning given to such term in the Declaration of Trust.

"Budget" means the Recipient's budget attached to the Agreement as Schedule "D".

"Business Day" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day and any other day on which the Province has elected to be closed for business.

[1] **NTD: Consider if this sort of fail-safe is helpful.**

"**Declaration of Trust**" means the declaration of trust made as of March [•], 2017, under which the Affordability Fund Trust was established, as such declaration of trust may be amended, restated, supplemented or otherwise modified from time to time with the consent of the Province.

"Expiration Date" means the date on which this Agreement will expire and is the date set out in Schedule "B".

"Funds" means the money the Province provides to the Recipient pursuant to the Agreement.

"Maximum Funds" means the maximum amount of Funds that the Province will provide the Recipient under the Agreement, as set out in Schedule "B".

"Notice" means any communication given or required to be given pursuant to the Agreement.

"Party" means either the Province or the Recipient.

"**Person**" includes any individual, sole proprietorship, corporation, partnership, joint venture, association, society, club, board, chamber, joint-stock company, trust, trustee, unincorporated or incorporated organization or entity or government or any entity, agency or political subdivision thereof.

"**Program**" has the meaning given to such term in the Declaration of Trust.

"Project" means the undertaking described in Schedule "C".

"**Purpose**" has the meaning given to such term in the Declaration of Trust.

"PSSDA" means the *Public Sector Salary Disclosure Act, 1996* (Ontario).

"Reports" means the reports described in Schedule "F".

"**Trustee**" means, initially, Computershare Trust Company of Canada, and any additional or replacement trustee in its capacity as trustee of the Affordability Fund Trust pursuant to the Declaration of Trust, including the Board of Trustees (as defined in the Declaration of Trust) and each of their respective successors and permitted assigns.

2.0 REPRESENTATIONS, WARRANTIES AND COVENANTS

2.1 General. The Recipient represents, warrants and covenants that:

(a) the Trustee is the trustee of the Affordability Fund Trust; and

(b) the Affordability Fund Trust is, and will continue to be for the term of the Agreement, a trust existing under and governed by the laws of the Province of Ontario.

2.2 Execution of Agreement. The Recipient represents and warrants that it has:

(a) the full power and authority to enter into the Agreement; and

(b) taken all necessary actions to authorize the execution of the Agreement.

2.3 Governance. The Recipient represents, warrants and covenants that it has, and will maintain, in writing for the period during which the Agreement is in effect:

(a) decision-making mechanisms and procedures to enable the Recipient to hold, invest, manage, apply and distribute the Funds in accordance with the Declaration of Trust in furtherance of the Purpose; and

(b) procedures to enable the preparation and delivery of all Reports required pursuant to Article 7.0.

2.4 Supporting Documentation. Upon request, the Recipient will provide the Province with proof of the matters referred to in this Article 2.0.

3.0 TERM OF THE AGREEMENT

3.1 Term. The term of the Agreement will commence on the Effective Date and will expire on the later of the Expiration Date and the date on which the Affordability Fund Trust is terminated in accordance with the Declaration of Trust.

3.2 Extension. The term of the Agreement may be extended by further agreement between the Parties.

3.3 Extension of the Declaration of Trust. If the Province determines that an extension of the Declaration of Trust (beyond the "Final Distribution Date" and time for termination, each as specified or determined thereunder) is consistent with and in furtherance of the Purpose and the Province's original intentions and expectations in establishing the Project, the Province may request that the Recipient extend the Declaration of Trust to a date specified by the Province in a Notice (such date not to be later than •), whereupon the Recipient, so long as the Trustee does not have a reasonable basis to believe that such an extension would be inconsistent with the Purpose or weaken the protections intended for the benefit of the Trustee pursuant to the Declaration of Trust, will undertake such actions as it may consider to be necessary or appropriate to so extend the Declaration of Trust, including by amending the Declaration of Trust to provide for such an extension and to modify any other term or requirement as would be necessary or prudent to conform such term or requirement in light of such extension. **[NTD: This is an exception to the rule that the Province will not be able to cause a change in the TPA. It was inserted to reflect the permitted extension of the Program discussed in the accounting context on Saturday. Please advise if not permitted or revise language to address concerns.]**

Commented [A2]: Will consider undertaking

Commented [A3]: Would any other changes still be subject to provincial consent? If yes, should refer to the appropriate clause. Mutual consent is not control, so should be ok. Could also include mirror clause that the Recipient is expected not to unreasonably withhold such consent?

4.0 FUNDS AND CARRYING OUT THE PROJECT

4.1 Funds Provided. The Province will:

(a) provide the Recipient up to the Maximum Funds to be held, invested, applied and distributed in accordance with the terms of the Project and the Declaration of Trust;

(b) provide the Funds to the Recipient in accordance with the Payment Plan attached to the Agreement as Schedule "E"; and

(c) deposit the Funds into an account designated by the Recipient, provided that the account:

(i) resides at a Canadian financial institution; and

(ii) is in the name of the Recipient.

4.2 Timing of Distributions to Beneficiaries. The expectations of the Province regarding when Funds will begin to be distributed by the Recipient to Beneficiaries are set out in Schedule C. The Recipient will have regard to those expectations in the exercise of its discretion as Trustee, in determining when Funds will be distributed to Beneficiaries in furtherance of the Purpose.

4.3 Use of Funds and Project. The Recipient will exercise its rights, duties and discretions under the Declaration of Trust so that the Funds are used, applied and distributed only for and in furtherance of the Purpose, including having regard to the Principles set forth in Annex A.

Commented [A4]: Is expected to?

4.4 **Province's Role Limited to Providing Funds.** For greater clarity, the Province's role under the Agreement is limited to providing Funds to the Recipient and the Province is not responsible for carrying out or overseeing the terms of the Declaration of Trust.

4.5 **Maximum Funds.** The Recipient acknowledges that the Funds available to it pursuant to the Agreement will not exceed the Maximum Funds.

4.6 **Funding, Not Procurement.** For greater clarity, the Recipient acknowledges that:

(a) it is receiving funding from the Province for the Project and is not providing goods or services to the Province[2]; and

(b) the funding the Province is providing under the Agreement is funding for the purposes of the PSSDA.

5.0 RECIPIENT'S ACQUISITION OF GOODS OR SERVICES, AND DISPOSAL OF ASSETS

5.1 **Acquisition.** If the Recipient acquires goods, services, or both with or by applying the proceeds of the Funds, it ~~will~~ is expected to do so through a process that promotes the best value for money and ~~will~~ to take reasonable steps to ensure that its Administrative Services Agents also follow a process that promotes the best value for money when acquiring goods and services with or by applying the proceeds of the Funds.

6.0 CONFLICT OF INTEREST

6.1 **No Conflict of Interest.** Except as expressly permitted by the Declaration of Trust, the Recipient is expected to implement appropriate processes and control to ensure that ~~will carry out~~ the Program and use, applicationy and distribution of~~e~~ the Funds without an actual, potential or perceived conflict of interest.

~~6.1~~6.2 **Conflict of Interest Includes.** For the purposes of this Article, a conflict of interest includes any circumstances where:

(a) the Recipient; or
(b) any person who has the capacity to influence the Recipient's decisions[3],

has outside commitments, relationships or financial interests that could, or could be seen to, interfere with the Recipient's objective, unbiased and impartial judgment relating to the Project, or the Recipient's use, application or distribution of the Funds, or both.

~~6.2~~6.3 ~~**Disclosure to Province.** The Recipient will disclose to the Province, without delay, any situation that a reasonable person would interpret as an actual, potential or perceived conflict of interest. [NTD: Consider from accounting perspective]~~

7.0 REPORTING, ACCOUNTING AND REVIEW

[2] **NTD: Consider in relation to promotional objectives and in the context of any License Agreement.**

[3] **NTD: Need to consider how this works in relation to Administrative Services Agents. Is the intention that the Trustee will be in breach of the Agreement if an Administrative Services Agent is itself in a conflict, or should this be recast to require the Trustee to seek remedies (i.e., termination) if an Administrative Agent is determined to be (diligence requirement?) in breach of the conflicts of interest requirements contemplated in the Permitted Delegations Annex?**

Commented [A5]: Inserted to address concern from provincial perspective. This together with quarterly report backs on COI should allow for some oversight, but not control over COI. If the Province is not controlling the trust, the only way to mitigate would be through audits which could also assess controls in place to mitigate this risk.

Formatted: Strikethrough

Commented [A6]: With regards to footnotes:
- Consider using 'expected to' language when referencing actions of the LDCs (not in a position to direct anyway)
-With regards to COI – expectation would be that Trust would have a process in place to mitigate and deal with potential COI issues. (MOVED disclosure requirement to Schedule F)

7.1 **Preparation and Submission.** The Recipient will cooperate with the Province to accommodate the Province's on-going information and reporting objectives in order to enable the Province to be aware of the Recipient's activities in furtherance of the Purpose, and to that end the Recipient will be expected, from and following the Original Trustee Replacement Date, to:

(a) submit to the Province at the address referred to in Schedule "B", all Reports in accordance with the timelines and content requirements set out in Schedule "F", or in a form as specified by the Province from time to time, acting reasonably;

(b) submit to the Province at the address referred to in Schedule "B", any other reports as may be reasonably requested by the Province from time to time in accordance with the timelines and content expectations identified by the Province, acting reasonably;

(c) undertake diligent efforts so that such Reports and any such other reports are complete and accurate in all material respects; and

(d) have an authorized signatory of the Recipient sign-off on such Reports and other reports.

7.2 **Record Maintenance.** The Recipient will keep and maintain financial and other records necessary to permit it to satisfy its obligations under section 7.1 and to permit the Province to exercise its rights under section 7.3.

7.3 **Inspection.** The Province, its authorized representatives or an independent auditor identified by the Province may, at its own expense, upon twenty-four hours' Notice to the Recipient and during normal business hours, inspect the records of and information respecting the Recipient to confirm its compliance with the terms of this Agreement, including to ensure consistency with the Purpose and, for these purposes, the Province, its authorized representatives or an independent auditor identified by the Province may take one or more of the following actions:

(a) inspect and copy the records and documents referred to in section 7.2;

(b) keep any copies made pursuant to section 7.3(a); and

(c) [conduct an audit or investigation of the Recipient in respect of the expenditure of the Funds to confirm that the Funds have been used, applied and distributed for and in furtherance of the Purpose, including a review of the Trust's processes, records, documents as well as processes and controls in place to ~~nd information to~~ obtain assurance that Funds disbursed to Electricity Distributors were used, applied and distributed for and in furtherance of the Purpose.] [NTD: Consider from accounting perspective]

Commented [A7]: Should be ok in accordance with OPCD's TP Guidance documentation

7.4 **Disclosure.** To assist in respect of the rights set out in section 7.3, the Recipient will disclose any information requested by the Province, its authorized representatives or an independent auditor identified by the Province, and will do so in the form requested by the Province, its authorized representatives or an independent auditor identified by the Province, as the case may be.

7.5 **No Control of Records.** No provision of the Agreement will be construed so as to give the Province any control whatsoever over the Recipient's records.

7.6 **Auditor General.** For greater certainty, the Province's rights under this Article are in addition to and do not limit any rights[4] provided to the Auditor General pursuant to section 9.1 of the *Auditor*

Commented [A8]: See extracts from the AG Act inserted for reference. AG can audit.

(a) [4] **NTD: Does the AG have any authority in respect of a non-controlled trust? If not, this probably needs to be rephrased so that the Trustee agrees to facilitate the**

General Act (Ontario).

8.0 COMMUNICATIONS REQUIREMENTS

8.1 Publication. The Recipient will indicate, in any of its Program -related publications, whether written, oral, or visual, that the views expressed in the publication are the views of the Recipient and do not necessarily reflect those of the Province.[5]

9.0 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

9.1 FIPPA. The Recipient acknowledges that the Province is bound by the *Freedom of Information and Protection of Privacy Act* (Ontario) and that any information provided to the Province in connection with the Project or otherwise in connection with the Agreement may be subject to disclosure in accordance with that Act.

10.0 INSURANCE

10.1 Insurance. The Recipient [has made enquiries to confirm][believes] that insurance policies of the type contemplated in Schedule C are generally available in Canada.[6]

11.0 EVENT OF DEFAULT, CORRECTIVE ACTION AND TERMINATION FOR DEFAULT

11.1 Events of Default. An Event of Default will occur if:

Province's compliance with this statute. References from the AG Act: "grant recipient" means an association, authority, board, commission, corporation, council, foundation, institution, organization or other body that receives a reviewable grant directly or indirectly; ("bénéficiaire d'une subvention"); reviewable grant" means a grant or other transfer payment from the Consolidated Revenue Fund, from an agency of the Crown or from a Crown controlled corporation; ("subvention susceptible d'examen").

Special audits

2.0 Grant recipients

9.1 (1) On or after April 1, 2005, the Auditor General may conduct a special audit of a grant recipient with respect to a reviewable grant received by the grant recipient directly or indirectly on or after the date on which the *Audit Statute Law Amendment Act, 2004* receives Royal Assent. 2004, c. 17, s. 12.

3.0 Exception

(2) Subsection (1) does not apply with respect to a grant recipient that is a municipality. 2004, c. 17, s. 12.

[5] **NTD: Consider in light of possible additions to the Declaration/Principles regarding the promotion of the Program.**
[6] **NTD: Consider if this is helpful from an accounting perspective.**

(a) the Recipient fails to perform or observe any covenant in this Agreement and such failure has and continues to have a material adverse effect on the Province and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(b) any representation or warranty made by the Recipient in the Agreement shall prove to have been incorrect in any material respect when made or deemed made, and, if capable of remedy, continues to be incorrect in any material respect during any Notice period applicable under section 11.2 after the earlier to occur of (i) the actual knowledge thereof by the Recipient or (ii) receipt by the Recipient of Notice thereof from the Province;

(c) it is [determined][manifestly demonstrated by the Province] that the Recipient has breached its Standard of Care (within the meaning given in and context of the Declaration of Trust) in discharging its material duties under the Declaration of Trust, with the result that all or a significant part of the Funds have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose, and, if such breach is capable of remedy, it continues and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(d) an insolvency event shall have occurred and be continuing with respect to the Recipient.

11.2 Consequences of Events of Default and Corrective Action. If an Event of Default occurs, the Province may, at any time, take one or more of the following actions:

(a) provide the Recipient with Notice allowing the Recipient an opportunity to remedy the Event of Default during a specified Notice Period[7];

Commented [A9]: Flexibility allows discretion to consider the nature of the default.

(b) seek an order of specific performance, including an order that the Recipient pursue its available remedies against third parties;

(c) require, by Notice of demand, that the Recipient transfer to the Province (without any need for compensation, indemnity or consideration to the Recipient or any Beneficiary or other third party) any and all Assets remaining in the possession or under the control of the Recipient [that can reasonably be traced or attributed to the Funds][after first providing for the completion and performance by the Recipient of any unperformed contractual obligations of the Recipient undertaken in compliance with the Declaration of Trust on or prior to transfer]; and

(d) terminate the Agreement, including immediately, without liability, penalty or costs to the Province upon giving Notice to the Recipient.

The transfer of Funds in accordance with the Agreement is made by the Province with the expressed intention and reservation that the transferred Funds shall be returned to the Province and the entitlements of the Recipient in remaining Funds shall thereby be revoked with reversion thereof to the Province in the circumstances contemplated in Section 11.2(c).

11.3 Opportunity to Remedy. If, in accordance with section 11.2, the Province provides the Recipient with an opportunity to remedy the Event of Default, the Province will provide Notice to the Recipient of:

(a) the particulars of the Event of Default; and

[7] **NTD: Consider whether to provide for a notice period within the specific Events of Default, rather than making cures entirely in the Provinces discretion.**

(b) the Notice Period.

11.4 Recipient not Remedying. If the Province has provided the Recipient with an opportunity to remedy the Event of Default pursuant to section 11.2(a), and:

(a) the Recipient does not remedy the Event of Default within the Notice Period;

(b) it becomes apparent to the Province that the Recipient cannot adequately remedy the Event of Default within the Notice Period; or

(c) the Recipient is not proceeding to remedy the Event of Default in a way that is satisfactory to the Province,

the Province may extend any Notice period, or initiate any one or more of the actions provided for in section 11.2.

12.0 REPAYMENT

12.1 Debt Due. If, pursuant to the Agreement: the Province demands the payment of any Funds from the Recipient pursuant to section 11.2(c) such Funds or other amount will be deemed to be a debt due and owing to the Province by the Recipient, and the Recipient will pay or return the amount to the Province immediately, unless the Province directs otherwise.

12.2 Interest Rate. The Province may charge the Recipient interest on any money owing by the Recipient at the then current interest rate charged by the Province of Ontario on accounts receivable. **[NTD: Somewhat impractical as no rea] source to pay interest, but not offensive otherwise.]**

12.3 Payment of Money to Province. The Recipient will pay any money owing to the Province by cheque payable to the "Ontario Minister of Finance" and delivered to the Province at the address referred to in **[Schedule "B"]**.

12.4 Failure to Repay. Without limiting the application of section 43 of the Financial Administration Act (Ontario), if the Recipient fails to repay any amount owing under the Agreement, Her Majesty the Queen in right of Ontario may deduct any unpaid amount from any money payable to the Recipient by Her Majesty the Queen in right of Ontario. [8]

Commented [A10]: Practical limitations as the Trust is not ongoing program with expectations of receiving future funding.

13.0 NOTICE

13.1 Notice in Writing and Addressed. Notice will be in writing and will be delivered by email, postage-prepaid mail, personal delivery or fax, and will be addressed to the Province and the Recipient respectively as set out in Schedule "B", or as either Party later designates to the other by Notice.

13.2 Notice Given. Notice will be deemed to have been given:

(a) in the case of postage-prepaid mail, five Business Days after the Notice is mailed; or

(b) in the case of email, personal delivery or fax, one Business Day after the Notice is delivered.

13.3 Postal Disruption. Despite section 13.2(a), in the event of a postal disruption:

(a) Notice by postage-prepaid mail will not be deemed to be received; and

(b) the Party giving Notice will provide Notice by email, personal delivery or by fax.

[8] **NTD: Discuss.**

14.0 SEVERABILITY OF PROVISIONS

14.1 Invalidity or Unenforceability of Any Provision. The invalidity or unenforceability of any provision of the Agreement will not affect the validity or enforceability of any other provision of the Agreement. Any invalid or unenforceable provision will be deemed to be severed.

15.0 WAIVER

15.1 Waivers in Writing. If a Party fails to comply with any term of the Agreement, that Party may only rely on a waiver of the other Party if the other Party has provided a written waiver in accordance with the Notice provisions in Article 13.0. Any waiver must refer to a specific failure to comply and will not have the effect of waiving any subsequent failures to comply.

16.0 INDEPENDENT PARTIES

16.1 Parties Independent. The Recipient acknowledges that it is not an agent, joint venturer, partner or employee of the Province, and the Recipient will not represent itself in any way that might be taken by a reasonable person to suggest that it is, or take any actions that could establish or imply such a relationship.

17.0 ASSIGNMENT OF AGREEMENT OR FUNDS

17.1 Agreement Binding. All rights and obligations contained in the Agreement will extend to and be binding on the Parties' respective heirs, executors, administrators, successors and permitted assigns.

18.0 LIMITATION OF LIABILITY

18.1 This Agreement has been entered into by the Trustee solely in its capacity as trustee of the Recipient and is not binding on the Trustee in any other capacity, whether in tort, contract or otherwise. **The Beneficiaries of the Recipient are not subject to any liability in respect of the Recipient.** Resort may not be had to, nor recourse or satisfaction be sought from, the private property of the Trustee (whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Recipient), its directors, officers, employees, or agents, or the private property of any Beneficiary, and resort will be had solely to the property of the Recipient held in trust by the Trustee for the payment, performance or satisfaction of any liability or obligation of the Recipient or the Trustee under this Agreement. However, the foregoing limitations in this section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

19.0 GOVERNING LAW

19.1 Governing Law. The Agreement and the rights, obligations and relations of the Parties will be governed by and construed in accordance with the laws of the Province of Ontario and the applicable federal laws of Canada. Any actions or proceedings arising in connection with the Agreement will be conducted in the courts of Ontario, which will have exclusive jurisdiction over such proceedings.

20.0 FURTHER ASSURANCES

20.1 Agreement into Effect. The Recipient will provide such further assurances as the Province may request from time to time with respect to any matter to which the Agreement pertains, and will otherwise do or cause to be done all acts or things necessary to implement and carry into effect the terms and conditions of the Agreement to their full extent.

20.2 Declaration of Trust. The Trustee covenants that it shall not amend, restate or terminate the Declaration of Trust without obtaining the written consent of the Province in respect of same, such consent not be unreasonably withheld or delayed.

21.0 JOINT AND SEVERAL LIABILITY

21.1 Joint and Several Liability. Without limiting and subject to section 18.1 and the Declaration of Trust, if the Recipient is comprised of more than one entity, all such entities will be jointly and severally liable to the Province for the fulfillment of the obligations of the Recipient under the Agreement.[9]

22.0 RIGHTS AND REMEDIES CUMULATIVE

22.1 Rights and Remedies Cumulative. The rights and remedies of the Province under the Agreement are cumulative and are in addition to, and not in substitution for, any of its rights and remedies provided by law or in equity.

23.0 ACKNOWLEDGEMENT OF OTHER LEGISLATION AND DIRECTIVES

23.1 Recipient Acknowledges. The Recipient acknowledges that by receiving Funds it may become subject to legislation applicable to organizations that receive funding from the Government of Ontario, including the BPSAA, the PSSDA, and the *Auditor General Act* (Ontario).

24.0 SURVIVAL

24.1 Survival. The following Articles and sections, and all applicable cross-referenced sections and schedules, will continue in full force and effect for a period of seven years from the date of expiry or termination of the Agreement: Article 1.0 and any other applicable definitions, section, 4.5, section 7.1 (to the extent that the Recipient has not provided the Reports to the satisfaction of the Province), sections 7.2, 7.3, 7.4, 7.5, 7.6, Article 8.0, Article 12.0, Article 14.0, Article 16.0, Article 17.0, Article 19.0, Article 20.0, Article 21.0 and Article 24.0. SCHEDULE "C"

PROJECT

For the purposes of this Agreement, the "Project" is the distribution of the Funds in accordance with the Declaration of Trust.

It is intended the Project will be undertaken by the Recipient in furtherance of the Purpose and in accordance with the Declaration of Trust. In this regard, it is expected that the Recipient will undertake the Program having regard to the Budget and the Principles set forth in Annex A.

The following are the Provinces expectations regarding the circumstances in which the Recipient will begin to distribute any Funds to any Beneficiary.

1. The Original Trustee Replacement Date (as defined in the Declaration of Trust) will have occurred.

2. An administrative services agreement will have been entered into between the Recipient and an Administrative Services Agent providing for the administrative services necessary for the Recipient to perform its obligations herein and execute the Project.

3. Administrative procedures will have been developed and implemented under which Electricity Distributors (as defined in the Declaration of Trust) will be invited to assist with (a) the identification and selection of Primary Beneficiaries under the Declaration of Trust, (b) the determination of the amount of Funds to be distributed to particular Primary Beneficiaries, and (c) the distribution of Funds to or for the benefit of such Primary Beneficiaries (in each case substantially on the basis contemplated in the Permitted Delegations Annex).

4. The Recipient will have obtained commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage. If requested, the Recipient will provide the Province (for its information purposes) with copies of the certificates of insurance and policies for such insurance coverage.

The Province recognizes that the foregoing may involve the Recipient entering into agreements as may be the Recipient considers to be necessary or expedient, including any required amendment or amendment and restatement of the Declaration of Trust. Funds may be expended to pay the expenses of the Trustee in completing these matters. The Recipient will confirm to the Province once such matters have been completed.

SCHEDULE "D"

Recipient's Budget

1. It is expected that the administrative expenses of the Fund, including any administrative expenses of the Recipient (or any administrative services agents or other agents retained by the Recipient), relating to the establishment of the Affordability Fund Trust and satisfying the Requirements (as defined in Schedule "C") and any expenses related to the operation of the Trust and the execution of the Project (including any reimbursable expenses incurred by any Administrative Services Agent (as such terms are defined in the Declaration of Trust), will be no greater than 10 percent of the total Project budget.

2. The only expenditures incurred by the Recipient that are eligible for reimbursement are actual (excluding HST) administrative overhead expenses incurred by or on behalf of the Recipient that directly related to the Recipient or the establishment of the Affordability Fund Trust.

4. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.

5. It is expected any travel, meals and hospitality expenses by the Recipient will be consistent with the Province's Travel, Meal and Hospitality Expenses Directive. For purposes of funding entities receiving funding from the Recipient, the following would not be considered eligible claims:

    - Alcohol
    - First-Class travel
    - Meals, snacks and beverages
    - Gratuities
    - Laundry or dry cleaning
    - Valet services
    - Dependent care
    - Home management
    - Personal telephone calls

REPORTING

From and following the Original Trustee Replacement Date, Reports[11] will be [quarterly] on the basis of the government's fiscal year starting at the execution of this Agreement and continuing until conclusion of the Agreement. Annual Reports will be on a fiscal basis starting at the execution of this Agreement and continuing until conclusion of the Agreement. Quarterly Reports and Annual Reports would be expected to be submitted to the Province within one month following the end of the reporting period that they represent. The Province expects that these Reports would be prepared to demonstrate the impact of the Province's funding and address the following:

- Quarterly Reports would include a report back on the Trustee-developed performance management criteria. Initially, such Quarterly Reports would include details respecting:
    - Amounts disbursed by the Recipient in the previous quarter. It is expected that this information would be provided at the Electricity Distributor level and in the aggregate.
    - Total Affordability Fund investment income earned and accrued to date.
    - Key activities and achievements from the quarter, including the number of participant households per Electricity Distributor, average participant incentive cost per Electricity Distributor, and uptake of energy efficiency measures per Electricity Distributor.
    - Any challenges or modifications to the application, funding, or eligibility processes/rules of the Recipient.
    - Key activities planned for the upcoming quarter.
    - Details of any situations that a reasonable person might interpret as an actual, potential or perceived conflict of interest.
- Annual Reports would include a report back on the Trustee-developed performance management criteria. Initially, such Annual Report would include details respecting:

Formatted: Font: Bold, Font color: Auto

[11] NTD: Confirm and conform frequency references.

- A description of an Electricity Distributor's application process and the criteria used by the Recipient to distribute funds.
- Any challenges identified by the Recipient or any Administrative Services Agent in achieving the Purpose and proposed solutions, if applicable.
- Lesson learned.
- Electricity Distributor and customer feedback.
- Amounts distributed to Beneficiaries or otherwise disbursed by the Recipient in the previous year. It is expected that this information will be provided by each Electricity Distributor.
- Key activities and achievements from each quarter being reported, including number of participant households per Electricity Distributor, average participant incentive cost per Electricity Distributor, and uptake of energy efficiency measures per Electricity Distributor.
- Total Affordability Fund interest earned and accrued to date.

As part of an Annual Report, the Recipient would also provide the Province with an audited financial statement for the previous year.

Hi everyone. Here are revised versions of the Declaration and the TPA, which try to reflect the consolidated comments passed on over the past few days. Please note that the attached blacklines show changes back to the versions of these documents we last circulated (early Thursday, see below). I appreciate that you may have been working with a later version, but I have gone back to the earlier versions so we can get everyone onto the same page. Also, please let me know if you would like to see the cumulative bubble notes (Track Changes) from earlier versions – we can generate these separately if useful, but our 'cleaning software' has automatically deleted these in making this particular circulation of documents. Lastly, I do not have Michel (KPMG)'s coordinates (I was copied into the appointment yesterday so my invite does not include all of the attendees). Would one of you please forward this to Michel (cc. me) and anyone else who should be looking at these drafts at this time. Regards, Steve

> Hi David, Paul,

Find attached our comments on Blake's edits and comments on the TPA and the Trust Declaration. Also attached is the one time AG guidance on accounting principles (we realize Blakes may already have this, but OPCD's comments refer to this document).

Could you kindly share these with Blakes this evening. We have left some placeholders for additional input from CSD and OPCD (cc'd) and will look to provide additional comments at our call tomorrow with Blakes.

Our comments to the Trust Deed are on top of a clean version Blakes had sent. Our comments on the TPA are on top of a tracked version Blakes had sent. Apologies for the inconsistency – we ran into some version control issues on our end.

Charlotte (cc'd) will be in touch with regards to setting up a call with Blakes, as well as LSB, CSD and OPCD, tomorrow morning.

Thank you,
Emma

ONTARIO TRANSFER PAYMENT AGREEMENT

THE AGREEMENT, effective as of the • day of March, 2017 (the **"Effective Date"**)

B E T W E E N :

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy

(the "Province")

- and -

Computershare Trust Company of Canada, in its capacity as trustee of Affordability Fund Trust

(together with its successors and assigns, the "Recipient" and, together with the Province, the "Parties")

BACKGROUND

Computershare Trust Company of Canada is the original trustee of the Affordability Fund Trust.

The Province wishes to provide Funds to the Recipient to be held, invested, applied and distributed in accordance with the terms of the Declaration of Trust (defined below), in furtherance of the Purpose (as defined in the Declaration of Trust), including having regard to the Principles set forth in Annex A.

Commented [A1]: OPC Comment: Principles seen as too prescriptive? For KPMG

Commented [A2]: KPMG Comment: Be careful to not be over prescriptive

CONSIDERATION

In consideration of the mutual covenants and agreements contained in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is expressly acknowledged, the Parties agree as follows:

ENTIRE AGREEMENT

This agreement (as amended, restated, supplemented or otherwise modified from time to time, the **"Agreement"**), including:

Schedule "A" - General Terms and Conditions
Schedule "B" - Project Specific Information
Schedule "C" - Project - Certain Obligations of the Recipient
Schedule "D" - Budget
Schedule "E" - Payment Plan
Schedule "F" - Reporting
Annex "A" - Principles, and
any amending agreement entered into as provided for below,

constitutes the entire agreement between the Parties with respect to the subject matter contained in this Agreement and supersedes all prior oral or written representations and agreements.

COUNTERPARTS

The Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

AMENDING THE AGREEMENT

The Agreement may only be amended by a written agreement duly executed by the Parties.

ACKNOWLEDGEMENT

The Recipient:

(a) acknowledges that it has read and understands the provisions contained in the entire Agreement; and

(b) agrees to be bound by the terms and conditions contained in the entire Agreement.

IN WITNESS WHEREOF, the Parties have executed the Agreement on the dates set out below.

SCHEDULE "A"
GENERAL TERMS AND CONDITIONS

1.0 INTERPRETATION AND DEFINITIONS

1.1 Interpretation. For the purposes of interpretation:

(a) words in the singular include the plural and vice-versa;

(b) words in one gender include all genders;

(c) the headings do not form part of the Agreement; they are for reference only and will not affect the interpretation of the Agreement;

(d) any reference to dollars or currency will be in Canadian dollars and currency;

(e) "include", "includes" and "including" denote that the subsequent list is not exhaustive;

(f) where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Affordability Fund Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust, and, where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust; and

(g) [it is intended that the transfer of the Funds to the Recipient will be a transfer made to a "non-controlled trust" (as that term is given meaning in • applicable to the accounting rules and principles applicable to the Province as of the date of the Agreement), and so if a term or condition of the Agreement is determined to conflict with the requirements applicable to the Province recording the transfers to the Recipient of Funds contemplated hereunder as an expense incurred by the Province on the date of the transfer of Funds under the Agreement otherwise in connection with activities undertaken by the Province with such a "non-controlled trust", then such term or condition shall be given a meaning and shall have an effect insofar as it is possible to interpret such term or condition in a manner that eliminates such conflict while preserving the other provisions of the Agreement and furthering the Purpose.][1]

1.2 Definitions. In the Agreement, the following terms will have the following meanings:

"Affordability Fund Trust" means the trust established and governed by the Declaration of Trust, and for greater certainty includes such trust operating under any other name that may be designated from time to time by the Trustee in accordance with the Declaration of Trust.

"BPSAA" means the Broader Public Sector Accountability Act, 2010 (Ontario).

"**Beneficiary**" has the meaning given to such term in the Declaration of Trust.

"Budget" means the Recipient's budget attached to the Agreement as Schedule "D".

"Business Day" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day and any other day on which the Province has elected to be closed for business.

[1] NTD: Consider if this sort of fail-safe is helpful.

"**Declaration of Trust**" means the declaration of trust made as of March [•], 2017, under which the Affordability Fund Trust was established by the Trustee, as such declaration of trust may be amended, restated, supplemented or otherwise modified from time to time with the consent of the Province.

"Expiration Date" means the date on which this Agreement will expire and is the date set out in Schedule "B".

"Funds" means the money the Province provides to the Recipient pursuant to the Agreement.

"Maximum Funds" means the maximum amount of Funds that the Province will provide the Recipient under the Agreement, as set out in Schedule "B".

"Notice" means any communication given or required to be given pursuant to the Agreement.

"Party" means either the Province or the Recipient.

"**Person**" includes any individual, sole proprietorship, corporation, partnership, joint venture, association, society, club, board, chamber, joint-stock company, trust, trustee, unincorporated or incorporated organization or entity or government or any entity, agency or political subdivision thereof.

"**Program**" has the meaning given to such term in the Declaration of Trust.

"Project" means the undertaking described in Schedule "C".

"**Purpose**" has the meaning given to such term in the Declaration of Trust.

"PSSDA" means the *Public Sector Salary Disclosure Act, 1996* (Ontario).

"Reports" means the reports described in Schedule "F".

"**Trustee**" means, initially, Computershare Trust Company of Canada, and any additional or replacement trustee in its capacity as trustee of the Affordability Fund Trust pursuant to the Declaration of Trust, including the Board of Trustees (as defined in the Declaration of Trust) and each of their respective successors and permitted assigns.

2.0 REPRESENTATIONS, WARRANTIES AND COVENANTS

2.1 General. The Recipient represents, warrants and covenants that:

(a) the Trustee is the trustee of the Affordability Fund Trust; and

(b) the Affordability Fund Trust is, and will continue to be for the term of the Agreement, a trust existing under and governed by the laws of the Province of Ontario.

2.2 Execution of Agreement. The Recipient represents and warrants that it has:

(a) the full power and authority to enter into the Agreement; and

(b) taken all necessary actions to authorize the execution of the Agreement.

2.3 Governance. The Recipient represents, warrants and covenants that it has, and will maintain, in writing for the period during which the Agreement is in effect:

(a) decision-making mechanisms and procedures to enable the Recipient to hold, invest, manage, apply and distribute the Funds in accordance with the Declaration of Trust in furtherance of the Purpose; and

(b) procedures to enable the preparation and delivery of all Reports required pursuant to Article 5.0.

2.4 **Supporting Documentation.** Upon request, the Recipient will provide the Province with proof of the matters referred to in this Article 2.0.

3.0 TERM OF THE AGREEMENT

3.1 **Term.** The term of the Agreement will commence on the Effective Date and will expire on the later of the Expiration Date and the date on which the Affordability Fund Trust is terminated in accordance with the Declaration of Trust.

3.2 **Extension.** The term of the Agreement may be extended by further agreement between the Parties.

3.3 **Extension of the Declaration of Trust.** If the Province determines that an extension of the Declaration of Trust (beyond the "Final Distribution Date" and time for termination, each as specified or determined thereunder) is consistent with and in furtherance of the Purpose and the Province's original intentions and expectations in establishing the Project, the Province may request that the Recipient extend the Declaration of Trust to a date specified by the Province in a Notice (such date not to be later than •), whereupon the Recipient, so long as the Trustee does not have a reasonable basis to believe that such an extension would be inconsistent with the Purpose or weaken the protections intended for the benefit of the Trustee pursuant to the Declaration of Trust, will undertake such actions as it may consider to be necessary or appropriate to so extend the Declaration of Trust, including by amending the Declaration of Trust to provide for such an extension and to modify any other term or requirement as would be necessary or prudent to conform such term or requirement in light of such extension.

4.0 FUNDS AND CARRYING OUT THE PROJECT

4.1 **Funds Provided.** The Province will:

(a) provide the Recipient up to the Maximum Funds to be held, invested, applied and distributed in accordance with the terms of the Project and the Declaration of Trust;

(b) provide the Funds to the Recipient in accordance with the Payment Plan attached to the Agreement as Schedule "E"; and

(c) deposit the Funds into an account designated by the Recipient, provided that the account:

(i) resides at a Canadian financial institution; and

(ii) is in the name of the Recipient.

4.2 **Limitation on Payment of Funds.** Despite section 4.1, the Province is not obligated to provide any Funds to the Recipient until the Requirements (as specified and defined in Schedule C) have been satisfied.

4.3 **Use of Funds and Project.** The Recipient will use, apply and distribute the Funds only for and in furtherance of the Purpose, including having regard to the Principles set forth in Annex A.

4.4 **Province's Role Limited to Providing Funds.** For greater clarity, the Province's role under the Agreement is limited to providing Funds to the Recipient and the Province is not responsible for carrying out or overseeing the terms of the Declaration of Trust.

4.5 **Maximum Funds.** The Recipient acknowledges that the Funds available to it pursuant to the Agreement will not exceed the Maximum Funds.

Commented [A3]: KPMG Comment: Be careful

Commented [A4]: KPMG Comment: Consistent wording

Commented [A5]: KPMG Comment: Too prescriptive- be careful

Commented [A6]: OPC Comment: Not sure how else a trust would work.
We have documented agreement with the OAG that says we can communicate to a TP recipient what the funds can be used for; however, an assessment of whether we control a recipient requires an additional lens be applied. Is this considered too detailed by KPMG?

Ministry comment: Please keep for now

Commented [A7]: KPMG Comment: This is good. But this is really administrative and does not negate the prescriptive terms

4.6 **Funding, Not Procurement.** For greater clarity, the Recipient acknowledges that:

(a) it is receiving funding from the Province for the Project and is not providing goods or services to the Province[2]; and

(b) the funding the Province is providing under the Agreement is funding for the purposes of the PSSDA.

5.0 RECIPIENT'S ACQUISITION OF GOODS OR SERVICES, AND DISPOSAL OF ASSETS

5.1 **Acquisition.** If the Recipient acquires goods, services, or both with or by applying the proceeds of the Funds, it will do so through a process that promotes the best value for money and will take reasonable steps to ensure that its Administrative Services Agents also follow a process that promotes the best value for money when acquiring goods and services with or by applying the proceeds of the Funds.

6.0 CONFLICT OF INTEREST

6.1 **No Conflict of Interest.** The Recipient will carry out the Program and use, apply and distribute the Funds without an actual, potential or perceived conflict of interest.

6.2 **Conflict of Interest Includes.** For the purposes of this Article, a conflict of interest includes any circumstances where:

(a) the Recipient; or
(b) any person who has the capacity to influence the Recipient's decisions[3],

has outside commitments, relationships or financial interests that could, or could be seen to, interfere with the Recipient's objective, unbiased and impartial judgment relating to the Project, or the Recipient's use, application or distribution of the Funds, or both.

6.3 **Disclosure to Province.** The Recipient will disclose to the Province, without delay, any situation that a reasonable person would interpret as an actual, potential or perceived conflict of interest.

7.0 REPORTING, ACCOUNTING AND REVIEW

7.1 **Preparation and Submission.** The Recipient will:

(a) submit to the Province at the address referred to in Schedule "B", all Reports in accordance with the timelines and content requirements set out in Schedule "F", or in a form as specified by the Province from time to time;

(b) submit to the Province at the address referred to in Schedule "B", any other reports as may be requested by the Province from time to time in accordance with the timelines and content requirements specified by the Province;

Commented [A8]: OPC Comment: General enough to not be a control factor? For KPMG

Commented [A9]: KPMG Comment: Don't like this. Why is this needed? Is this not a Trustee issue to discuss?

Commented [A10]: OPC Comment: Comment seems reasonable. Delete, but not major, especially since decisions would be by all of the Trustee board, and not individual trustees.

Ministry Comment: Please delete as per OPC recommendation

Commented [A11]: KPMG Comment Reporting is fine but watch details. Province should not control Trust activities

Commented [A12]: OPC Comment: Report backs and audits are standard inclusions in our TPAs. Consider including an intro that indicates why we need this – to monitor if policy objectives are being met (value for money)

Ministry Comment: Blakes- as per OPC comments, kindly revise

[2] NTD: Consider in relation to promotional objectives and in the context of any License Agreement.
[3] NTD: Need to consider how this works in relation to Administrative Services Agents. Is the intention that the Trustee will be in breach of the Agreement if an Administrative Services Agent is itself in a conflict, or should this be recast to require the Trustee to seek remedies (i.e., termination) if an Administrative Agent is determined to be (diligence requirement?) in breach of the conflicts of interest requirements contemplated in the Permitted Delegations Annex?

(c) ensure that all Reports and other reports are completed to the satisfaction of the Province; and

(d) ensure that all Reports and other reports are signed on behalf of the Recipient by an authorized signatory.

7.2 **Record Maintenance.** The Recipient will keep and maintain financial and other records necessary to permit it to satisfy its obligations under section 7.1 and to permit the Province to exercise its rights under section 7.3.

7.3 **Inspection.** The Province, its authorized representatives or an independent auditor identified by the Province may, at its own expense, upon twenty-four hours' Notice to the Recipient and during normal business hours, inspect the records of and information respecting the Recipient to confirm its compliance with the terms of this Agreement, including to ensure consistency with the Purpose and, for these purposes, the Province, its authorized representatives or an independent auditor identified by the Province may take one or more of the following actions:

(a) inspect and copy the records and documents referred to in section 7.2;

(b) keep any copies made pursuant to section 7.3(a); and

(c) conduct an audit or investigation of the Recipient in respect of the expenditure of the Funds to confirm that the Funds have been used, applied and distributed for and in furtherance of the Purpose, including a review of the Trust's processes, records, documents and information to ensure that funds disbursed to Electricity Distributors were used, applied and distributed for and in furtherance of the Purpose.

7.4 **Disclosure.** To assist in respect of the rights set out in section 7.3, the Recipient will disclose any information requested by the Province, its authorized representatives or an independent auditor identified by the Province, and will do so in the form requested by the Province, its authorized representatives or an independent auditor identified by the Province, as the case may be.

7.5 **No Control of Records.** No provision of the Agreement will be construed so as to give the Province any control whatsoever over the Recipient's records.

7.6 **Auditor General.** For greater certainty, the Province's rights under this Article are in addition to and do not limit any rights[4] provided to the Auditor General pursuant to section 9.1 of the *Auditor General Act* (Ontario).

8.0 COMMUNICATIONS REQUIREMENTS

8.1 **Publication.** The Recipient will indicate, in any of its Program -related publications, whether written, oral, or visual, that the views expressed in the publication are the views of the Recipient and do not necessarily reflect those of the Province.[5]

9.0 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

9.1 **FIPPA.** The Recipient acknowledges that the Province is bound by the *Freedom of Information and Protection of Privacy Act* (Ontario) and that any information provided to the Province in connection with the Project or otherwise in connection with the Agreement may be subject to disclosure in accordance with that Act.

Commented [A13]: KPMG: why?

Commented [A14]: KPMG Comment: Be careful here

Commented [A15]: KPMG Comment: This looks like provincial control. Why does not just reporting cover thsi

Commented [A16]: OPC Comment: Agree that eliminating details w.r.t. audit would be better.

Commented [A17]: KPMG Comment: Why not just say "Trust"

[4] NTD: Does the AG have any authority in respect of an non-controlled trust? If not, this probably needs to be rephrased so that the Trustee agrees to facilitate the Province's compliance with this statutute.
[5] NTD: Consider in light of possible additions to the Declaration/Principles regarding the promotion of the Program.

10.0 INSURANCE

10.1 Insurance. The Recipient [has made enquiries to confirm][believes] that insurance policies of the type contemplated in Schedule C are generally available in Canada.[6]

11.0 EVENT OF DEFAULT, CORRECTIVE ACTION AND TERMINATION FOR DEFAULT

11.1 Events of Default. An Event of Default will occur if:

(a) the Recipient fails to perform or observe any covenant in this Agreement and such failure has and continues to have a material adverse effect on the Province and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(b) any representation or warranty made by the Recipient in the Agreement shall prove to have been incorrect in any material respect when made or deemed made, and, if capable of remedy, continues to be incorrect in any material respect during any Notice period applicable under section 11.2 after the earlier to occur of (i) the actual knowledge thereof by the Recipient or (ii) receipt by the Recipient of Notice thereof from the Province;

(c) it is [determined][manifestly demonstrated by the Province] that the Recipient has breached its Standard of Care (within the meaning given in and context of the Declaration of Trust) in discharging its material duties under the Declaration of Trust, with the result that all or a significant part of the Funds have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose, and, if such breach is capable of remedy, it continues and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(d) an [Insolvency Event] shall have occurred and be continuing with respect to the Recipient.

11.2 Consequences of Events of Default and Corrective Action. If an Event of Default occurs, the Province may, at any time, take one or more of the following actions:

(a) provide the Recipient with Notice allowing the Recipient an opportunity to remedy the Event of Default during a specified Notice Period[7];

(b) seek an order of specific performance, including an order that the Recipient pursue its available remedies under the Agreement against third parties;

(c) require, by Notice of demand, that the Recipient transfer to the Province (without any need for compensation, indemnity or consideration to the Recipient or any Beneficiary or other third party) any and all Assets remaining in the possession or under the control of the Recipient [that can reasonably be traced or attributed to the Funds][after first providing for the completion and performance by the Recipient of any unperformed contractual obligations of the Recipient undertaken in compliance with the Declaration of Trust on or prior to transfer]; and

(d) terminate the Agreement, including immediately, without liability, penalty or costs to the Province upon giving Notice to the Recipient.

Commented [A18]: Ministry Comment: Not needed any more – moved to precondition for funds release, schedule c

Commented [A19]: Osler comment: Change to determines

Commented [A20]: KPMG Comment: Delete. This is ruling from grave

Commented [A21]: Osler comment: control

Commented [A22]: OPC Comment: Please see correspondence between OPCD and the OAG on government transfers. Report backs, right to audit and right to recover funds that are spent for purposes other than intended are common and accepted elements of TPs.

Commented [A23]: OPC Comment: Fair comment by KPMG as they are not familiar with the Province's practices w.r.t. TPs. For discussion.

[6] NTD: Consider if this is helpful from an accounting perspective.
[7] NTD: Consider whether to provide for a notice period within the specific Events of Default, rather than making cures entirely in the Provinces discretion.

The transfer of Funds in accordance with the Agreement is made by the Province with the expressed intention and reservation that the transferred Funds shall be returned to the Province and the entitlements of the Recipient in remaining Funds shall thereby be revoked with reversion thereof to the Province in the circumstances contemplated in Section 11.2(c).

11.3 **Opportunity to Remedy.** If, in accordance with section 11.2, the Province provides the Recipient with an opportunity to remedy the Event of Default, the Province will provide Notice to the Recipient of:

(a) the particulars of the Event of Default; and

(b) the Notice Period.

11.4 **Recipient not Remedying.** If the Province has provided the Recipient with an opportunity to remedy the Event of Default pursuant to section 11.2(a), and:

(a) the Recipient does not remedy the Event of Default within the Notice Period;

(b) it becomes apparent to the Province that the Recipient cannot adequately remedy the Event of Default within the Notice Period; or

(c) the Recipient is not proceeding to remedy the Event of Default in a way that is satisfactory to the Province,

the Province may extend any Notice period, or initiate any one or more of the actions provided for in section 11.2.

12.0 REPAYMENT

12.1 **Debt Due.** If, pursuant to the Agreement: the Province demands the payment of any Funds from the Recipient pursuant to section 11.2(c) such Funds or other amount will be deemed to be a debt due and owing to the Province by the Recipient, and the Recipient will pay or return the amount to the Province immediately, unless the Province directs otherwise.

12.2 **Interest Rate.** The Province may charge the Recipient interest on any money owing by the Recipient at the then current interest rate charged by the Province of Ontario on accounts receivable.

12.3 **Payment of Money to Province.** The Recipient will pay any money owing to the Province by cheque payable to the "Ontario Minister of Finance" and delivered to the Province at the address referred to in **[Schedule "B"]**.

12.4 **Failure to Repay.** Without limiting the application of section 43 of the Financial Administration Act (Ontario), if the Recipient fails to repay any amount owing under the Agreement, Her Majesty the Queen in right of Ontario may deduct any unpaid amount from any money payable to the Recipient by Her Majesty the Queen in right of Ontario. [8]

13.0 NOTICE

13.1 **Notice in Writing and Addressed.** Notice will be in writing and will be delivered by email, postage-prepaid mail, personal delivery or fax, and will be addressed to the Province and the Recipient respectively as set out in Schedule "B", or as either Party later designates to the other by Notice.

13.2 **Notice Given.** Notice will be deemed to have been given:

Commented [A24]: OPC Comment: Critical – is there a reason that the trust would be privy to different treatment than any other TP recipient?

Ministry Comment: Blakes please keep this language in for now

Commented [A25]: KPMG: Nope! Please delete. This is control

[8] NTD: Discuss.

(a) in the case of postage-prepaid mail, five Business Days after the Notice is mailed; or

(b) in the case of email, personal delivery or fax, one Business Day after the Notice is delivered.

13.3 Postal Disruption. Despite section 13.2(a), in the event of a postal disruption:

(a) Notice by postage-prepaid mail will not be deemed to be received; and

(b) the Party giving Notice will provide Notice by email, personal delivery or by fax.

14.0 SEVERABILITY OF PROVISIONS

14.1 Invalidity or Unenforceability of Any Provision. The invalidity or unenforceability of any provision of the Agreement will not affect the validity or enforceability of any other provision of the Agreement. Any invalid or unenforceable provision will be deemed to be severed.

15.0 WAIVER

15.1 Waivers in Writing. If a Party fails to comply with any term of the Agreement, that Party may only rely on a waiver of the other Party if the other Party has provided a written waiver in accordance with the Notice provisions in Article 13.0. Any waiver must refer to a specific failure to comply and will not have the effect of waiving any subsequent failures to comply.

16.0 INDEPENDENT PARTIES

16.1 Parties Independent. The Recipient acknowledges that it is not an agent, joint venturer, partner or employee of the Province, and the Recipient will not represent itself in any way that might be taken by a reasonable person to suggest that it is, or take any actions that could establish or imply such a relationship.

17.0 ASSIGNMENT OF AGREEMENT OR FUNDS

17.1 Agreement Binding. All rights and obligations contained in the Agreement will extend to and be binding on the Parties' respective heirs, executors, administrators, successors and permitted assigns.

18.0 LIMITATION OF LIABILITY

18.1 This Agreement has been entered into by the Trustee solely in its capacity as trustee of the Recipient and is not binding on the Trustee in any other capacity, whether in tort, contract or otherwise. **The Beneficiaries of the Recipient are not subject to any liability in respect of the Recipient.** Resort may not be had to, nor recourse or satisfaction be sought from, the private property of the Trustee (whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Recipient), its directors, officers, employees, or agents, or the private property of any Beneficiary, and resort will be had solely to the property of the Recipient held in trust by the Trustee for the payment, performance or satisfaction of any liability or obligation of the Recipient or the Trustee under this Agreement. However, the foregoing limitations in this section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

Commented [A26]: KPMG Comment: Is his control? I am not a lawyer so not sure about "control implications". Don't think this is control, bust ask

19.0 GOVERNING LAW

19.1 Governing Law. The Agreement and the rights, obligations and relations of the Parties will be governed by and construed in accordance with the laws of the Province of Ontario and the applicable federal laws of Canada. Any actions or proceedings arising in connection with the Agreement will be conducted in the courts of Ontario, which will have exclusive jurisdiction over such proceedings.

20.0 FURTHER ASSURANCES

20.1 Agreement into Effect. The Recipient will provide such further assurances as the Province may request from time to time with respect to any matter to which the Agreement pertains, and will otherwise do or cause to be done all acts or things necessary to implement and carry into effect the terms and conditions of the Agreement to their full extent.

20.2 Declaration of Trust. The Trustee covenants that it shall not amend, restate or terminate the Declaration of Trust without obtaining the written consent of the Province in respect of same.

Commented [A27]: KPMG Comment: WoW! This is ruling from grave

21.0 JOINT AND SEVERAL LIABILITY

21.1 Joint and Several Liability. Where the Recipient is comprised of more than one entity, all such entities will be jointly and severally liable to the Province for the fulfillment of the obligations of the Recipient under the Agreement.[9]

Commented [A28]: KPMG: Check with legal people. This can be control

22.0 RIGHTS AND REMEDIES CUMULATIVE

22.1 Rights and Remedies Cumulative. The rights and remedies of the Province under the Agreement are cumulative and are in addition to, and not in substitution for, any of its rights and remedies provided by law or in equity.

23.0 ACKNOWLEDGEMENT OF OTHER LEGISLATION AND DIRECTIVES

23.1 Recipient Acknowledges. The Recipient acknowledges that by receiving Funds it may become subject to legislation applicable to organizations that receive funding from the Government of Ontario, including the BPSAA, the PSSDA, and the *Auditor General Act* (Ontario).

24.0 SURVIVAL

24.1 Survival. The following Articles and sections, and all applicable cross-referenced sections and schedules, will continue in full force and effect for a period of seven years from the date of expiry or termination of the Agreement: Article 1.0 and any other applicable definitions, section, 4.5, section 7.1 (to the extent that the Recipient has not provided the Reports to the satisfaction of the Province), sections 7.2, 7.3, 7.4, 7.5, 7.6, Article 8.0, Article 12.0, Article 14.0, Article 16.0, Article 17.0, Article 19.0, Article 20.0, Article 21.0 and Article 24.0. SCHEDULE "C"

PROJECT

For the purposes of this Agreement, the "Project" is the distribution of the Funds in accordance with the Declaration of Trust.

It is intended the Project will be undertaken by the Recipient in furtherance of the Purpose and in accordance with the Declaration of Trust. In this regard, it is expected that the Recipient will undertake the Program having regard to the Budget and the Principles set forth in Annex A.

Commented [A29]: KPMG Comment: Be careful

Notwithstanding anything to the contrary contained in the Agreement or the Declaration of Trust, until such time as each of the following conditions have been completed to the satisfaction of or waived by the Province (the "**Requirements**"), the Recipient shall not distribute any Funds to any Beneficiary.

1. The Original Trustee Replacement Date (as defined in the Declaration of Trust) shall have occurred.

2. An administrative services agreement[10] shall have been entered into between the Recipient and an Administrative Services Agent providing for the administrative services necessary for the Recipient to perform its obligations herein and execute the Project.

3. Procedures have been developed and implemented under which Electricity Distributors (as defined in the Declaration of Trust) will be invited to assist with (a) the identification and selection of Primary Beneficiaries under the Declaration of Trust, (b) the determination of the amount of Funds to be distributed to particular Primary Beneficiaries, and (c) the distribution of Funds to or for the benefit of such Primary Beneficiaries (in each case on the basis contemplated in the Permitted Delegations Annex).

4. The Recipient has obtained commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage. To demonstrate satisfaction, the Recipient will provide the Province with certificates of insurance, or other proof as may be requested by the Province, that confirms such insurance coverage and will make available to the Province a copy of each applicable insurance policy.

Each of the Requirements may be accomplished by the Recipient entering into such agreements as may be necessary or expedient, including any required amendment or amendment and restatement of the Declaration of Trust that the Trustee determines is reasonably required in order to accomplish the Requirements. The Province shall provide notice in writing to the Recipient when the Requirements have been completed to the satisfaction of the Province. Funds may be expended to pay the expenses of the Trustee in completing the Requirements.

[10] NTD: Consider this in light of the need for individual administrative services agreements with each of the Electricity Distributors. This may relate to the original idea that a single administrative services agreement would be entered into with Hydro One.

SCHEDULE "D"

Recipient's Budget

1. It is expected that the administrative expenses of the Fund, including any administrative expenses of the Recipient (or any administrative services agents or other agents retained by the Recipient), relating to the establishment of the Affordability Fund Trust and satisfying the Requirements (as defined in Schedule "C") and any expenses related to the operation of the Trust and the execution of the Project (including any reimbursable expenses incurred by any Administrative Services Agent (as such terms are defined in the Declaration of Trust), will be no greater than 10 percent of the total Project budget.

2. The only expenditures incurred by the Recipient that are eligible for reimbursement are actual (excluding HST) administrative overhead expenses incurred by or on behalf of the Recipient that directly related to the Recipient or the establishment of the Affordability Fund Trust.

4. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.

5. It is expected any travel, meals and hospitality expenses by the Recipient will be consistent with the Province's Travel, Meal and Hospitality Expenses Directive. Entities receiving funding from the Recipient are also expected to adhere to the Province's Travel, Meal and Hospitality Expenses Directive and the Recipient is expected to request the same of such Entities. Alcohol and First-Class travel are not considered eligible claims and disbursements for hospitality, incidental or food expenses shall not be covered by the Funds, including the following:

    - Meals, snacks and beverages
    - Gratuities
    - Laundry or dry cleaning
    - Valet services
    - Dependent care
    - Home management
    - Personal telephone calls

6. In the event that the Recipient performs any procurements, it is expected that all procurements will reflect the principles of Ontario's Public Service Procurement Directive.

SCHEDULE "E"

PAYMENT PLAN

PAYMENT DATE	MAXIMUM FUNDS TO BE DISBURSED BY THE PROVINCE
Within 7 days of signing the Agreement	$ 100,000,000[11]

[11] Investment income and proceeds of the Funds are to be applied for the Purpose in accordance with the Declaration of Trust.

SCHEDULE "F"

REPORTING

Reports will be provided quarterly on the basis of the government's fiscal year starting at the execution of this Agreement and continuing until conclusion of the Agreement. Annual Reports will be provided annually on a fiscal basis starting at the execution of this Agreement and continuing until conclusion of the Agreement. Quarterly Reports and Annual Reports shall be submitted to the Province within one month following the end of the reporting period that they represent.

The Recipient shall prepare six (6) Quarterly Reports and two (2) Annual Report as outlined below. Reports shall explicitly demonstrate impact of Province's funding and address report detail requirements listed below.

NAME OF REPORT	DUE DATE
Quarterly Report #1	July 31, 2017
Quarterly Report #2	October 31, 2017
Quarterly Report #3	January 31, 2018
Annual Report #1	April 30, 2018
Quarterly Report #4	July 31, 2018
Quarterly Report #5	October 31, 2018
Quarterly Report #6	January 31, 2019
Annual Report #2	April 30, 2019

Requirements for Quarterly Reports

- The Recipient will provide Quarterly Reports which will include a report back on the Trustee-developed performance management criteria. Quarterly Report requirements will be determined from time to time by the Province, and initially will include:

25.0 Amounts disbursed by the Recipient in the previous quarter. It is expected that this information will be provided at the electricity distributor level.
26.0 Total Affordability Fund interest accrued to date
27.0 Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor
28.0 Any challenges or modifications required to the application, funding, or eligibility processes/rules
29.0 Key activities planned for the upcoming quarter

Requirements for Annual Report

- The Recipient will provide an Annual Report to the Province which will include a report back on the Trustee-developed performance management criteria. Annual Report requirements include:

30.0 A description of electricity distributor application process and the criteria used by the Recipient to manage funds.
31.0 Identify and describe any challenges with achieving goals and proposed solutions, if applicable.
32.0 Lesson learned.

Commented [A30]: KPMG Comment: Be careful! If the province no longer controls, this should be light

Commented [A31]: KPMG Comment: Really?

Commented [A32]: KPMG Comment: Would a normal charity agency be asked to do so much?

33.0 Electricity distributor and customer feedback
34.0 Amounts disbursed by the Recipient in the previous year. It is expected that this information will be provided at the electricity distributor level.
35.0 Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor
36.0 Total Affordability Fund interest accrued to date

- As part of the Annual Report, the Recipient will also provide the Province with an audited financial statement for the previous year.

Hi everyone. Here are revised versions of the Declaration and the TPA, which try to reflect the consolidated comments passed on over the past few days. Please note that the attached blacklines show changes back to the versions of these documents we last circulated (early Thursday, see below). I appreciate that you may have been working with a later version, but I have gone back to the earlier versions so we can get everyone onto the same page. Also, please let me know if you would like to see the cumulative bubble notes (Track Changes) from earlier versions – we can generate these separately if useful, but our 'cleaning software' has automatically deleted these in making this particular circulation of documents. Lastly, I do not have Michel (KPMG)'s coordinates (I was copied into the appointment yesterday so my invite does not include all of the attendees). Would one of you please forward this to Michel (cc. me) and anyone else who should be looking at these drafts at this time. Regards, Steve

> Hi David, Paul,

Find attached our comments on Blake's edits and comments on the TPA and the Trust Declaration. Also attached is the one time AG guidance on accounting principles (we realize Blakes may already have this, but OPCD's comments refer to this document).

Could you kindly share these with Blakes this evening. We have left some placeholders for additional input from CSD and OPCD (cc'd) and will look to provide additional comments at our call tomorrow with Blakes.

Our comments to the Trust Deed are on top of a clean version Blakes had sent. Our comments on the TPA are on top of a tracked version Blakes had sent. Apologies for the inconsistency – we ran into some version control issues on our end.

Charlotte (cc'd) will be in touch with regards to setting up a call with Blakes, as well as LSB, CSD and OPCD, tomorrow morning.

Thank you,
Emma

Commented [A2]: KPMG Comment: Be careful to not be over prescriptive

CONSIDERATION

In consideration of the mutual covenants and agreements contained in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is expressly acknowledged, the Parties agree as follows:

ENTIRE AGREEMENT

This agreement (as amended, restated, supplemented or otherwise modified from time to time, the **"Agreement"**), including:

Schedule "A" - General Terms and Conditions
Schedule "B" - Project Specific Information
Schedule "C" - Project - Certain Obligations of the Recipient
Schedule "D" - Budget
Schedule "E" - Payment Plan
Schedule "F" - Reporting
Annex "A" - Principles, and
any amending agreement entered into as provided for below,

constitutes the entire agreement between the Parties with respect to the subject matter contained in this Agreement and supersedes all prior oral or written representations and agreements.

COUNTERPARTS

The Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

AMENDING THE AGREEMENT

The Agreement may only be amended by a written agreement duly executed by the Parties.

ACKNOWLEDGEMENT

The Recipient:

(a) acknowledges that it has read and understands the provisions contained in the entire Agreement; and

(b) agrees to be bound by the terms and conditions contained in the entire Agreement.

IN WITNESS WHEREOF, the Parties have executed the Agreement on the dates set out below.

SCHEDULE "A"
GENERAL TERMS AND CONDITIONS

1.0 INTERPRETATION AND DEFINITIONS

1.1 Interpretation. For the purposes of interpretation:

(a) words in the singular include the plural and vice-versa;

(b) words in one gender include all genders;

(c) the headings do not form part of the Agreement; they are for reference only and will not affect the interpretation of the Agreement;

(d) any reference to dollars or currency will be in Canadian dollars and currency;

(e) "include", "includes" and "including" denote that the subsequent list is not exhaustive;

(f) where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Affordability Fund Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust, and, where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust; and

(g) [it is intended that the transfer of the Funds to the Recipient will be a transfer made to a "non-controlled trust" (as that term is given meaning in • applicable to the accounting rules and principles applicable to the Province as of the date of the Agreement), and so if a term or condition of the Agreement is determined to conflict with the requirements applicable to the Province recording the transfers to the Recipient of Funds contemplated hereunder as an expense incurred by the Province on the date of the transfer of Funds under the Agreement otherwise in connection with activities undertaken by the Province with such a "non-controlled trust", then such term or condition shall be given a meaning and shall have an effect insofar as it is possible to interpret such term or condition in a manner that eliminates such conflict while preserving the other provisions of the Agreement and furthering the Purpose.][1]

1.2 Definitions. In the Agreement, the following terms will have the following meanings:

"Affordability Fund Trust" means the trust established and governed by the Declaration of Trust, and for greater certainty includes such trust operating under any other name that may be designated from time to time by the Trustee in accordance with the Declaration of Trust.

"BPSAA" means the Broader Public Sector Accountability Act, 2010 (Ontario).

"**Beneficiary**" has the meaning given to such term in the Declaration of Trust.

"Budget" means the Recipient's budget attached to the Agreement as Schedule "D".

"Business Day" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day and any other day on which the Province has elected to be closed for business.

[1] NTD: Consider if this sort of fail-safe is helpful.

"**Declaration of Trust**" means the declaration of trust made as of March [•], 2017, under which the Affordability Fund Trust was established by the Trustee, as such declaration of trust may be amended, restated, supplemented or otherwise modified from time to time with the consent of the Province.

"Expiration Date" means the date on which this Agreement will expire and is the date set out in Schedule "B".

"Funds" means the money the Province provides to the Recipient pursuant to the Agreement.

"Maximum Funds" means the maximum amount of Funds that the Province will provide the Recipient under the Agreement, as set out in Schedule "B".

"Notice" means any communication given or required to be given pursuant to the Agreement.

"Party" means either the Province or the Recipient.

"**Person**" includes any individual, sole proprietorship, corporation, partnership, joint venture, association, society, club, board, chamber, joint-stock company, trust, trustee, unincorporated or incorporated organization or entity or government or any entity, agency or political subdivision thereof.

"**Program**" has the meaning given to such term in the Declaration of Trust.

"Project" means the undertaking described in Schedule "C".

"**Purpose**" has the meaning given to such term in the Declaration of Trust.

"PSSDA" means the *Public Sector Salary Disclosure Act, 1996* (Ontario).

"Reports" means the reports described in Schedule "F".

"**Trustee**" means, initially, Computershare Trust Company of Canada, and any additional or replacement trustee in its capacity as trustee of the Affordability Fund Trust pursuant to the Declaration of Trust, including the Board of Trustees (as defined in the Declaration of Trust) and each of their respective successors and permitted assigns.

2.0 REPRESENTATIONS, WARRANTIES AND COVENANTS

2.1 General. The Recipient represents, warrants and covenants that:

(a) the Trustee is the trustee of the Affordability Fund Trust; and

(b) the Affordability Fund Trust is, and will continue to be for the term of the Agreement, a trust existing under and governed by the laws of the Province of Ontario.

2.2 Execution of Agreement. The Recipient represents and warrants that it has:

(a) the full power and authority to enter into the Agreement; and

(b) taken all necessary actions to authorize the execution of the Agreement.

2.3 Governance. The Recipient represents, warrants and covenants that it has, and will maintain, in writing for the period during which the Agreement is in effect:

(a) decision-making mechanisms and procedures to enable the Recipient to hold, invest, manage, apply and distribute the Funds in accordance with the Declaration of Trust in furtherance of the Purpose; and

(b) procedures to enable the preparation and delivery of all Reports required pursuant to Article 5.0.

2.4 **Supporting Documentation.** Upon request, the Recipient will provide the Province with proof of the matters referred to in this Article 2.0.

3.0 TERM OF THE AGREEMENT

3.1 **Term.** The term of the Agreement will commence on the Effective Date and will expire on the later of the Expiration Date and the date on which the Affordability Fund Trust is terminated in accordance with the Declaration of Trust.

3.2 **Extension.** The term of the Agreement may be extended by further agreement between the Parties.

3.3 **Extension of the Declaration of Trust.** If the Province determines that an extension of the Declaration of Trust (beyond the "Final Distribution Date" and time for termination, each as specified or determined thereunder) is consistent with and in furtherance of the Purpose and the Province's original intentions and expectations in establishing the Project, the Province may request that the Recipient extend the Declaration of Trust to a date specified by the Province in a Notice (such date not to be later than •), whereupon the Recipient, so long as the Trustee does not have a reasonable basis to believe that such an extension would be inconsistent with the Purpose or weaken the protections intended for the benefit of the Trustee pursuant to the Declaration of Trust, will undertake such actions as it may consider to be necessary or appropriate to so extend the Declaration of Trust, including by amending the Declaration of Trust to provide for such an extension and to modify any other term or requirement as would be necessary or prudent to conform such term or requirement in light of such extension.

4.0 FUNDS AND CARRYING OUT THE PROJECT

4.1 **Funds Provided.** The Province will:

(a) provide the Recipient up to the Maximum Funds to be held, invested, applied and distributed in accordance with the terms of the Project and the Declaration of Trust;

(b) provide the Funds to the Recipient in accordance with the Payment Plan attached to the Agreement as Schedule "E"; and

(c) deposit the Funds into an account designated by the Recipient, provided that the account:

(i) resides at a Canadian financial institution; and

(ii) is in the name of the Recipient.

4.2 **Limitation on Payment of Funds.** Despite section 4.1, the Province is not obligated to provide any Funds to the Recipient until the Requirements (as specified and defined in Schedule C) have been satisfied.

4.3 **Use of Funds and Project.** The Recipient will use, apply and distribute the Funds only for and in furtherance of the Purpose, including having regard to the Principles set forth in Annex A.

4.4 **Province's Role Limited to Providing Funds.** For greater clarity, the Province's role under the Agreement is limited to providing Funds to the Recipient and the Province is not responsible for carrying out or overseeing the terms of the Declaration of Trust.

4.5 **Maximum Funds.** The Recipient acknowledges that the Funds available to it pursuant to the Agreement will not exceed the Maximum Funds.

Commented [A3]: KPMG Comment: Be careful

Commented [A4]: KPMG Comment: Consistent wording

Commented [A5]: KPMG Comment: Too prescriptive- be careful

Commented [A6]: OPC Comment: Not sure how else a trust would work.
We have documented agreement with the OAG that says we can communicate to a TP recipient what the funds can be used for; however, an assessment of whether we control a recipient requires an additional lens be applied. Is this considered too detailed by KPMG?

Ministry comment: Please keep for now

Commented [A7]: KPMG Comment: This is good. But this is really administrative and does not negate the prescriptive terms

4.6 **Funding, Not Procurement.** For greater clarity, the Recipient acknowledges that:

(a) it is receiving funding from the Province for the Project and is not providing goods or services to the Province[2]; and

(b) the funding the Province is providing under the Agreement is funding for the purposes of the PSSDA.

5.0 RECIPIENT'S ACQUISITION OF GOODS OR SERVICES, AND DISPOSAL OF ASSETS

5.1 **Acquisition.** If the Recipient acquires goods, services, or both with or by applying the proceeds of the Funds, it will do so through a process that promotes the best value for money and will take reasonable steps to ensure that its Administrative Services Agents also follow a process that promotes the best value for money when acquiring goods and services with or by applying the proceeds of the Funds.

6.0 CONFLICT OF INTEREST

6.1 **No Conflict of Interest.** The Recipient will carry out the Program and use, apply and distribute the Funds without an actual, potential or perceived conflict of interest.

6.2 **Conflict of Interest Includes.** For the purposes of this Article, a conflict of interest includes any circumstances where:

(a) the Recipient; or
(b) any person who has the capacity to influence the Recipient's decisions[3],

has outside commitments, relationships or financial interests that could, or could be seen to, interfere with the Recipient's objective, unbiased and impartial judgment relating to the Project, or the Recipient's use, application or distribution of the Funds, or both.

6.3 **Disclosure to Province.** The Recipient will disclose to the Province, without delay, any situation that a reasonable person would interpret as an actual, potential or perceived conflict of interest.

7.0 REPORTING, ACCOUNTING AND REVIEW

7.1 **Preparation and Submission.** The Recipient will:

(a) submit to the Province at the address referred to in Schedule "B", all Reports in accordance with the timelines and content requirements set out in Schedule "F", or in a form as specified by the Province from time to time;

(b) submit to the Province at the address referred to in Schedule "B", any other reports as may be requested by the Province from time to time in accordance with the timelines and content requirements specified by the Province;

Commented [A8]: OPC Comment: General enough to not be a control factor? For KPMG

Commented [A9]: KPMG Comment: Don't like this. Why is this needed? Is this not a Trustee issue to discuss?

Commented [A10]: OPC Comment: Comment seems reasonable. Delete, but not major, especially since decisions would be by all of the Trustee board, and not individual trustees.

Ministry Comment: Please delete as per OPC recommendation

Commented [A11]: KPMG Comment Reporting is fine but watch details. Province should not control Trust activities

Commented [A12]: OPC Comment: Report backs and audits are standard inclusions in our TPAs. Consider including an intro that indicates why we need this – to monitor if policy objectives are being met (value for money)

Ministry Comment: Blakes- as per OPC comments, kindly revise

[2] NTD: Consider in relation to promotional objectives and in the context of any License Agreement.
[3] NTD: Need to consider how this works in relation to Administrative Services Agents. Is the intention that the Trustee will be in breach of the Agreement if an Administrative Services Agent is itself in a conflict, or should this be recast to require the Trustee to seek remedies (i.e., termination) if an Administrative Agent is determined to be (diligence requirement?) in breach of the conflicts of interest requirements contemplated in the Permitted Delegations Annex?

(c) ensure that all Reports and other reports are completed to the satisfaction of the Province; and

(d) ensure that all Reports and other reports are signed on behalf of the Recipient by an authorized signatory.

7.2 **Record Maintenance.** The Recipient will keep and maintain financial and other records necessary to permit it to satisfy its obligations under section 7.1 and to permit the Province to exercise its rights under section 7.3.

7.3 **Inspection.** The Province, its authorized representatives or an independent auditor identified by the Province may, at its own expense, upon twenty-four hours' Notice to the Recipient and during normal business hours, inspect the records of and information respecting the Recipient to confirm its compliance with the terms of this Agreement, including to ensure consistency with the Purpose and, for these purposes, the Province, its authorized representatives or an independent auditor identified by the Province may take one or more of the following actions:

(a) inspect and copy the records and documents referred to in section 7.2;

(b) keep any copies made pursuant to section 7.3(a); and

(c) conduct an audit or investigation of the Recipient in respect of the expenditure of the Funds to confirm that the Funds have been used, applied and distributed for and in furtherance of the Purpose, including a review of the Trust's processes, records, documents and information to ensure that funds disbursed to Electricity Distributors were used, applied and distributed for and in furtherance of the Purpose.

7.4 **Disclosure.** To assist in respect of the rights set out in section 7.3, the Recipient will disclose any information requested by the Province, its authorized representatives or an independent auditor identified by the Province, and will do so in the form requested by the Province, its authorized representatives or an independent auditor identified by the Province, as the case may be.

7.5 **No Control of Records.** No provision of the Agreement will be construed so as to give the Province any control whatsoever over the Recipient's records.

7.6 **Auditor General.** For greater certainty, the Province's rights under this Article are in addition to and do not limit any rights[4] provided to the Auditor General pursuant to section 9.1 of the *Auditor General Act* (Ontario).

8.0 COMMUNICATIONS REQUIREMENTS

8.1 **Publication.** The Recipient will indicate, in any of its Program -related publications, whether written, oral, or visual, that the views expressed in the publication are the views of the Recipient and do not necessarily reflect those of the Province.[5]

9.0 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

9.1 **FIPPA.** The Recipient acknowledges that the Province is bound by the *Freedom of Information and Protection of Privacy Act* (Ontario) and that any information provided to the Province in connection with the Project or otherwise in connection with the Agreement may be subject to disclosure in accordance with that Act.

Commented [A13]: KPMG: why?

Commented [A14]: KPMG Comment: Be careful here

Commented [A15]: KPMG Comment: This looks like provincial control. Why does not just reporting cover thsi

Commented [A16]: OPC Comment: Agree that eliminating details w.r.t. audit would be better.

Commented [A17]: KPMG Comment: Why not just say "Trust"

[4] NTD: Does the AG have any authority in respect of an non-controlled trust? If not, this probably needs to be rephrased so that the Trustee agrees to facilitate the Province's compliance with this statutute.
[5] NTD: Consider in light of possible additions to the Declaration/Principles regarding the promotion of the Program.

10.0 INSURANCE

10.1 Insurance. The Recipient [has made enquiries to confirm][believes] that insurance policies of the type contemplated in Schedule C are generally available in Canada.[6]

11.0 EVENT OF DEFAULT, CORRECTIVE ACTION AND TERMINATION FOR DEFAULT

11.1 Events of Default. An Event of Default will occur if:

(a) the Recipient fails to perform or observe any covenant in this Agreement and such failure has and continues to have a material adverse effect on the Province and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(b) any representation or warranty made by the Recipient in the Agreement shall prove to have been incorrect in any material respect when made or deemed made, and, if capable of remedy, continues to be incorrect in any material respect during any Notice period applicable under section 11.2 after the earlier to occur of (i) the actual knowledge thereof by the Recipient or (ii) receipt by the Recipient of Notice thereof from the Province;

(c) it is [determined][manifestly demonstrated by the Province] that the Recipient has breached its Standard of Care (within the meaning given in and context of the Declaration of Trust) in discharging its material duties under the Declaration of Trust, with the result that all or a significant part of the Funds have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose, and, if such breach is capable of remedy, it continues and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(d) an [Insolvency Event] shall have occurred and be continuing with respect to the Recipient.

11.2 Consequences of Events of Default and Corrective Action. If an Event of Default occurs, the Province may, at any time, take one or more of the following actions:

(a) provide the Recipient with Notice allowing the Recipient an opportunity to remedy the Event of Default during a specified Notice Period[7];

(b) seek an order of specific performance, including an order that the Recipient pursue its available remedies under the Agreement against third parties;

(c) require, by Notice of demand, that the Recipient transfer to the Province (without any need for compensation, indemnity or consideration to the Recipient or any Beneficiary or other third party) any and all Assets remaining in the possession or under the control of the Recipient [that can reasonably be traced or attributed to the Funds][after first providing for the completion and performance by the Recipient of any unperformed contractual obligations of the Recipient undertaken in compliance with the Declaration of Trust on or prior to transfer]; and

(d) terminate the Agreement, including immediately, without liability, penalty or costs to the Province upon giving Notice to the Recipient.

Commented [A18]: Ministry Comment: Not needed any more – moved to precondition for funds release, schedule c

Commented [A19]: Osler comment: Change to determines

Commented [A20]: KPMG Comment: Delete. This is ruling from grave

Commented [A21]: Osler comment: control

Commented [A22]: OPC Comment: Please see correspondence between OPCD and the OAG on government transfers. Report backs, right to audit and right to recover funds that are spent for purposes other than intended are common and accepted elements of TPs.

Commented [A23]: OPC Comment: Fair comment by KPMG as they are not familiar with the Province's practices w.r.t. TPs. For discussion.

[6] NTD: Consider if this is helpful from an accounting perspective.
[7] NTD: Consider whether to provide for a notice period within the specific Events of Default, rather than making cures entirely in the Provinces discretion.

The transfer of Funds in accordance with the Agreement is made by the Province with the expressed intention and reservation that the transferred Funds shall be returned to the Province and the entitlements of the Recipient in remaining Funds shall thereby be revoked with reversion thereof to the Province in the circumstances contemplated in Section 11.2(c).

11.3 **Opportunity to Remedy.** If, in accordance with section 11.2, the Province provides the Recipient with an opportunity to remedy the Event of Default, the Province will provide Notice to the Recipient of:

(a) the particulars of the Event of Default; and

(b) the Notice Period.

11.4 **Recipient not Remedying.** If the Province has provided the Recipient with an opportunity to remedy the Event of Default pursuant to section 11.2(a), and:

(a) the Recipient does not remedy the Event of Default within the Notice Period;

(b) it becomes apparent to the Province that the Recipient cannot adequately remedy the Event of Default within the Notice Period; or

(c) the Recipient is not proceeding to remedy the Event of Default in a way that is satisfactory to the Province,

the Province may extend any Notice period, or initiate any one or more of the actions provided for in section 11.2.

12.0 REPAYMENT

12.1 **Debt Due.** If, pursuant to the Agreement: the Province demands the payment of any Funds from the Recipient pursuant to section 11.2(c) such Funds or other amount will be deemed to be a debt due and owing to the Province by the Recipient, and the Recipient will pay or return the amount to the Province immediately, unless the Province directs otherwise.

12.2 **Interest Rate.** The Province may charge the Recipient interest on any money owing by the Recipient at the then current interest rate charged by the Province of Ontario on accounts receivable.

12.3 **Payment of Money to Province.** The Recipient will pay any money owing to the Province by cheque payable to the "Ontario Minister of Finance" and delivered to the Province at the address referred to in **[Schedule "B"]**.

12.4 **Failure to Repay.** Without limiting the application of section 43 of the Financial Administration Act (Ontario), if the Recipient fails to repay any amount owing under the Agreement, Her Majesty the Queen in right of Ontario may deduct any unpaid amount from any money payable to the Recipient by Her Majesty the Queen in right of Ontario. [8]

13.0 NOTICE

13.1 **Notice in Writing and Addressed.** Notice will be in writing and will be delivered by email, postage-prepaid mail, personal delivery or fax, and will be addressed to the Province and the Recipient respectively as set out in Schedule "B", or as either Party later designates to the other by Notice.

13.2 **Notice Given.** Notice will be deemed to have been given:

Commented [A24]: OPC Comment: Critical – is there a reason that the trust would be privy to different treatment than any other TP recipient?

Ministry Comment: Blakes please keep this language in for now

Commented [A25]: KPMG: Nope! Please delete. This is control

[8] NTD: Discuss.

(a) in the case of postage-prepaid mail, five Business Days after the Notice is mailed; or

(b) in the case of email, personal delivery or fax, one Business Day after the Notice is delivered.

13.3 Postal Disruption. Despite section 13.2(a), in the event of a postal disruption:

(a) Notice by postage-prepaid mail will not be deemed to be received; and

(b) the Party giving Notice will provide Notice by email, personal delivery or by fax.

14.0 SEVERABILITY OF PROVISIONS

14.1 Invalidity or Unenforceability of Any Provision. The invalidity or unenforceability of any provision of the Agreement will not affect the validity or enforceability of any other provision of the Agreement. Any invalid or unenforceable provision will be deemed to be severed.

15.0 WAIVER

15.1 Waivers in Writing. If a Party fails to comply with any term of the Agreement, that Party may only rely on a waiver of the other Party if the other Party has provided a written waiver in accordance with the Notice provisions in Article 13.0. Any waiver must refer to a specific failure to comply and will not have the effect of waiving any subsequent failures to comply.

16.0 INDEPENDENT PARTIES

16.1 Parties Independent. The Recipient acknowledges that it is not an agent, joint venturer, partner or employee of the Province, and the Recipient will not represent itself in any way that might be taken by a reasonable person to suggest that it is, or take any actions that could establish or imply such a relationship.

17.0 ASSIGNMENT OF AGREEMENT OR FUNDS

17.1 Agreement Binding. All rights and obligations contained in the Agreement will extend to and be binding on the Parties' respective heirs, executors, administrators, successors and permitted assigns.

18.0 LIMITATION OF LIABILITY

18.1 This Agreement has been entered into by the Trustee solely in its capacity as trustee of the Recipient and is not binding on the Trustee in any other capacity, whether in tort, contract or otherwise. **The Beneficiaries of the Recipient are not subject to any liability in respect of the Recipient.** Resort may not be had to, nor recourse or satisfaction be sought from, the private property of the Trustee (whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Recipient), its directors, officers, employees, or agents, or the private property of any Beneficiary, and resort will be had solely to the property of the Recipient held in trust by the Trustee for the payment, performance or satisfaction of any liability or obligation of the Recipient or the Trustee under this Agreement. However, the foregoing limitations in this section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

19.0 GOVERNING LAW

19.1 Governing Law. The Agreement and the rights, obligations and relations of the Parties will be governed by and construed in accordance with the laws of the Province of Ontario and the applicable federal laws of Canada. Any actions or proceedings arising in connection with the Agreement will be conducted in the courts of Ontario, which will have exclusive jurisdiction over such proceedings.

20.0 FURTHER ASSURANCES

20.1 Agreement into Effect. The Recipient will provide such further assurances as the Province may request from time to time with respect to any matter to which the Agreement pertains, and will otherwise do or cause to be done all acts or things necessary to implement and carry into effect the terms and conditions of the Agreement to their full extent.

20.2 Declaration of Trust. The Trustee covenants that it shall not amend, restate or terminate the Declaration of Trust without obtaining the written consent of the Province in respect of same.

21.0 JOINT AND SEVERAL LIABILITY

21.1 Joint and Several Liability. Where the Recipient is comprised of more than one entity, all such entities will be jointly and severally liable to the Province for the fulfillment of the obligations of the Recipient under the Agreement.[9]

Commented [A28]: KPMG: Check with legal people. This can be control

22.0 RIGHTS AND REMEDIES CUMULATIVE

22.1 Rights and Remedies Cumulative. The rights and remedies of the Province under the Agreement are cumulative and are in addition to, and not in substitution for, any of its rights and remedies provided by law or in equity.

23.0 ACKNOWLEDGEMENT OF OTHER LEGISLATION AND DIRECTIVES

23.1 Recipient Acknowledges. The Recipient acknowledges that by receiving Funds it may become subject to legislation applicable to organizations that receive funding from the Government of Ontario, including the BPSAA, the PSSDA, and the *Auditor General Act* (Ontario).

24.0 SURVIVAL

24.1 Survival. The following Articles and sections, and all applicable cross-referenced sections and schedules, will continue in full force and effect for a period of seven years from the date of expiry or termination of the Agreement: Article 1.0 and any other applicable definitions, section, 4.5, section 7.1 (to the extent that the Recipient has not provided the Reports to the satisfaction of the Province), sections 7.2, 7.3, 7.4, 7.5, 7.6, Article 8.0, Article 12.0, Article 14.0, Article 16.0, Article 17.0, Article 19.0, Article 20.0, Article 21.0 and Article 24.0. SCHEDULE "C"

PROJECT

For the purposes of this Agreement, the "Project" is the distribution of the Funds in accordance with the Declaration of Trust.

It is intended the Project will be undertaken by the Recipient in furtherance of the Purpose and in accordance with the Declaration of Trust. In this regard, it is expected that the Recipient will undertake the Program having regard to the Budget and the Principles set forth in Annex A.

Commented [A29]: KPMG Comment: Be careful

Notwithstanding anything to the contrary contained in the Agreement or the Declaration of Trust, until such time as each of the following conditions have been completed to the satisfaction of or waived by the Province (the "**Requirements**"), the Recipient shall not distribute any Funds to any Beneficiary.

1. The Original Trustee Replacement Date (as defined in the Declaration of Trust) shall have occurred.

2. An administrative services agreement[10] shall have been entered into between the Recipient and an Administrative Services Agent providing for the administrative services necessary for the Recipient to perform its obligations herein and execute the Project.

3. Procedures have been developed and implemented under which Electricity Distributors (as defined in the Declaration of Trust) will be invited to assist with (a) the identification and selection of Primary Beneficiaries under the Declaration of Trust, (b) the determination of the amount of Funds to be distributed to particular Primary Beneficiaries, and (c) the distribution of Funds to or for the benefit of such Primary Beneficiaries (in each case on the basis contemplated in the Permitted Delegations Annex).

4. The Recipient has obtained commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage. To demonstrate satisfaction, the Recipient will provide the Province with certificates of insurance, or other proof as may be requested by the Province, that confirms such insurance coverage and will make available to the Province a copy of each applicable insurance policy.

Each of the Requirements may be accomplished by the Recipient entering into such agreements as may be necessary or expedient, including any required amendment or amendment and restatement of the Declaration of Trust that the Trustee determines is reasonably required in order to accomplish the Requirements. The Province shall provide notice in writing to the Recipient when the Requirements have been completed to the satisfaction of the Province. Funds may be expended to pay the expenses of the Trustee in completing the Requirements.

[10] NTD: Consider this in light of the need for individual administrative services agreements with each of the Electricity Distributors. This may relate to the original idea that a single administrative services agreement would be entered into with Hydro One.

SCHEDULE "D"

Recipient's Budget

1. It is expected that the administrative expenses of the Fund, including any administrative expenses of the Recipient (or any administrative services agents or other agents retained by the Recipient), relating to the establishment of the Affordability Fund Trust and satisfying the Requirements (as defined in Schedule "C") and any expenses related to the operation of the Trust and the execution of the Project (including any reimbursable expenses incurred by any Administrative Services Agent (as such terms are defined in the Declaration of Trust), will be no greater than 10 percent of the total Project budget.

2. The only expenditures incurred by the Recipient that are eligible for reimbursement are actual (excluding HST) administrative overhead expenses incurred by or on behalf of the Recipient that directly related to the Recipient or the establishment of the Affordability Fund Trust.

4. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.

5. It is expected any travel, meals and hospitality expenses by the Recipient will be consistent with the Province's Travel, Meal and Hospitality Expenses Directive. Entities receiving funding from the Recipient are also expected to adhere to the Province's Travel, Meal and Hospitality Expenses Directive and the Recipient is expected to request the same of such Entities. Alcohol and First-Class travel are not considered eligible claims and disbursements for hospitality, incidental or food expenses shall not be covered by the Funds, including the following:

    - Meals, snacks and beverages
    - Gratuities
    - Laundry or dry cleaning
    - Valet services
    - Dependent care
    - Home management
    - Personal telephone calls

6. In the event that the Recipient performs any procurements, it is expected that all procurements will reflect the principles of Ontario's Public Service Procurement Directive.

SCHEDULE "E"

PAYMENT PLAN

PAYMENT DATE	MAXIMUM FUNDS TO BE DISBURSED BY THE PROVINCE
Within 7 days of signing the Agreement	$ 100,000,000[11]

[11] Investment income and proceeds of the Funds are to be applied for the Purpose in accordance with the Declaration of Trust.

REPORTING

Reports will be provided quarterly on the basis of the government's fiscal year starting at the execution of this Agreement and continuing until conclusion of the Agreement. Annual Reports will be provided annually on a fiscal basis starting at the execution of this Agreement and continuing until conclusion of the Agreement. Quarterly Reports and Annual Reports shall be submitted to the Province within one month following the end of the reporting period that they represent.

The Recipient shall prepare six (6) Quarterly Reports and two (2) Annual Report as outlined below. Reports shall explicitly demonstrate impact of Province's funding and address report detail requirements listed below.

NAME OF REPORT	DUE DATE
Quarterly Report #1	July 31, 2017
Quarterly Report #2	October 31, 2017
Quarterly Report #3	January 31, 2018
Annual Report #1	April 30, 2018

Quarterly Report #5	October 31, 2018
Quarterly Report #6	January 31, 2019
Annual Report #2	April 30, 2019

Requirements for Quarterly Reports

- The Recipient will provide Quarterly Reports which will include a report back on the Trustee-developed performance management criteria. Quarterly Report requirements will be determined from time to time by the Province, and initially will include:

25.0 Amounts disbursed by the Recipient in the previous quarter. It is expected that this information will be provided at the electricity distributor level.
26.0 Total Affordability Fund interest accrued to date
27.0 Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor
28.0 Any challenges or modifications required to the application, funding, or eligibility processes/rules
29.0 Key activities planned for the upcoming quarter

Requirements for Annual Report

- The Recipient will provide an Annual Report to the Province which will include a report back on the Trustee-developed performance management criteria. Annual Report requirements include:

30.0 A description of electricity distributor application process and the criteria used by the Recipient to manage funds.
31.0 Identify and describe any challenges with achieving goals and proposed solutions, if applicable.
32.0 Lesson learned.

34.0 Amounts disbursed by the Recipient in the previous year. It is expected that this information will be provided at the electricity distributor level.
35.0 Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor
36.0 Total Affordability Fund interest accrued to date

- As part of the Annual Report, the Recipient will also provide the Province with an audited financial statement for the previous year.

DECLARATION OF TRUST

This Declaration of Trust is made as of March •, 2017, by Computershare Trust Company of Canada, a trust company established under the laws of Canada and licensed to carry on business as a trust company in each of the provinces and territories of Canada (together with its successors and assigns and the other trustees (including the Board of Trustees) contemplated herein, the "**Trustee**").

WHEREAS Computershare Trust Company of Canada, as the Trustee, wishes to establish a trust to acquire, hold, manage, invest, apply and dispose of certain property for the benefit of certain Beneficiaries as herein described.

NOW THEREFORE Computershare Trust Company of Canada, as the Trustee, hereby declares that it holds in trust as trustee (a) the sum of ONE HUNDRED DOLLARS ($100) contributed by it on this date and (b) all other property of every type and description which it may hereafter acquire or hold in its capacity as trustee of the Trust and all income therefrom and proceeds thereof, to hold, manage, invest, apply and dispose of same on and subject to the provisions set forth in this Declaration of Trust, including the annexes and schedule attached hereto.

SECTION 1
INTERPRETATION

1.1 Definitions

In this Declaration:

(a) "***Administrative Services Agent***" means each agent, which may include any Electricity Distributor or other Person, appointed from time to time under an Administrative Services Agreement, and its successors and permitted assigns solely in such capacity.

(b) "***Administrative Services Agreement***" means each agreement entered into from time to time by the Trust and one or more Administrative Services Agents or other Persons, in furtherance of the Purpose, under which the Administrative Services Agent would agree to provide specified administrative and other services to and on behalf of the Trustee (including, following the Original Trustee Replacement Date, the Permitted Delegations Annex), as such agreement may be amended, supplemented, restated, renewed or replaced from time to time. [Blakes: A Day 1 Administrative Services Agreement would likely be requested by Computershare to address the possibility of interim administrative issues. It would also be useful to the extent that it is necessary for someone to advise Computershare if an unforeseen event arises or amendments are required to the Declaration, in the event initial changes are necessary to make the Declaration acceptable to potential Board members. All of this is trying to avoid potential gridlock if something comes up and Computershare is unwilling to act without direction.]

Commented [A3]: Osler Comment: There is no need for an initial admin services agreement between Hydro One and Computershare

(c) "***Assets***" means, collectively, the following:

(i) the $100 Canadian referred to above, contributed by Computershare Trust Company of Canada on the date hereof;

(ii) all other property which is now or which at any time in the future may be issued, assigned, transferred, provided, donated, gifted and contributed to the Trustee (including pursuant to the Transfer Payment Agreement) to be held in trust pursuant to this Declaration (and which the Trustee is willing to accept and hold);

(iii) all acquisitions of property made by the Trust;

(iv) all property which may at any time be substituted for or in respect of the property referred to in clauses (i), (ii) and (iii), above;

(bb) "***Trustee***" means (i) the Original Trustee and (ii) on and after the Original Trustee Replacement Date, the Board of Trustees acting together in accordance with and subject to Section 5.7 and in accordance with the rules and procedures adopted by the Board of Trustees pursuant to Section 5.8.

(cc) "***Trustee Replacement Annex***" means the Trustee Replacement Annex set forth as an annex to this Declaration.

Commented [A6]: KPMG: Be careful. Terms of TPA could have clauses for "ruling from the grave"

Commented [A7]: OPC Comment: If in the future they change to give the government control, then would be reassessed at that time, but as at March 31st, would not be controlled.

Perhaps the process for amendments could be further discussed (not unilateral by the Province) and not expected to result in 'material' changes.

1.2 Headings and Table of Contents

The insertion of headings and the provision of a table of contents are for convenience of reference only and shall not affect the construction or interpretation of this Declaration.

1.3 References

Unless otherwise specified, all references to Sections are to Sections of this Declaration. The words "hereto", "herein", "hereof", "hereunder" and similar expressions refer to this Declaration and not to any particular Section or other provision of this Declaration.

1.4 Number and Gender

Unless otherwise specified, words importing the singular include the plural and vice versa and words importing gender include all genders.

1.5 Governing Law

This Declaration shall be governed by, and construed and interpreted in accordance with, the laws of the Province of Ontario and of Canada applicable therein.

1.6 Severability

Any provision of this Declaration which is illegal, invalid or unenforceable in any jurisdiction shall not affect the legality, validity or enforceability of the remaining provisions and any such illegality, invalidity or unenforceability in any jurisdiction shall not affect the legality, validity or enforceability of such provision in any other jurisdiction.

1.7 Reference to the Trust and the Trustee

For greater certainty, where any reference is made in this Declaration to an act to be performed by or for or on behalf of the Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Trust, and, where any reference is made in this Declaration to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee solely in its capacity as trustee of the Trust. Except as provided under the Transfer Payment Agreement, no Person dealing with the Trust or the Trustee shall be bound to make any enquiry concerning, or has the right to require production of, any evidence of the validity of any act of, or transaction purporting to be made by, the Trustee.

1.8 Defect in Appointment

No action taken by the Trustee will be invalid or ineffective by reason only of any defect in the appointment of the Trustee or the compliance by the Trustee of any rules or procedures adopted by the Trustee and which is discovered after the taking of such action.

SECTION 2
CONCERNING THE TRUST

2.1 Objectives

The Trust is established to hold, invest, apply and dispose of the Assets for the benefit of the Beneficiaries in furtherance of the Purpose, as provided for in this Declaration. In furtherance of the Purpose:

(a) the Original Trustee shall hold and invest the Assets as contemplated in this Declaration until the Original Trustee Replacement Date, after which the Board of Trustees shall be duly appointed hereunder; and

(b) the Board of Trustees shall hold, invest, apply and dispose of the Assets in accordance with this Declaration, including by determining the identities of and distributions (if any) to be made to or for the benefit of the Primary Beneficiaries in accordance with Sections 3.1 and 3.2 of this Declaration, having regard to the principles set forth in the Principles Annex and in the manner and on the basis contemplated in the Permitted Delegations Annex, or otherwise by determining the identities of and distributions to be made to or for the benefit of any Residual Beneficiary in accordance with Section 3.3,

in each case and in all respects subject to the terms, limitation and requirements set forth in this Declaration.

Commented [A8]: KPMG Comment: Watch closely

Commented [A9]: OPC Comment: Blakes to share perspective to H1 and KPMG w.r.t. Trustees retaining discretion.

2.2 Name of the Trust

The name of the Trust shall be the "Affordability Fund Trust" or such replacement name as the Trustee shall determine and specify from time to time. The Trustee shall hold the Assets and conduct the activities of the Trust under such name or variation thereof (including any variation of such name in the French language). If the Trustee determines to change the name of the Trust, the Trustee may specify and use such other designation or adopt such other name (including any name in the French language) as it considers appropriate and may hold the Assets and conduct the activities of the Trust under such designation or other name.

2.3 Location

The head office and the situs of the administration of the Trust shall be • or such other address in Ontario as the Trustee may determine from time to time.

2.4 Fiscal Year

The fiscal year of the Trust shall end on December 31 of each year.

SECTION 3
DISTRIBUTIONS

3.1 Distributions to Primary Beneficiaries

Prior to the Final Distribution Date, the Trustee shall distribute the Assets (including capital or income) to the Primary Beneficiaries identified based on the application of the principles

specified in the Principles Annex and in the manner and in the amounts determined on the basis contemplated by the Permitted Delegations Annex, in each case in the amounts and to the extent specified herein and therein, subject in all respects to the exercise by the Trustee of its discretion hereunder and to the exclusion of the other Beneficiaries. [Blakes: The intention has been to make the Principles and the Delegations clear and firm, so that MOE has greater certainty. There is scope for the Trustees to add to Principles. Uncertain why firm direction and delegations to LDCs would raise issues for the Trustee.]

Commented [A10]: Osler comment: maybe a trustee issue

OPC Comment:
See comment above re: Blakes (lawyers do not see this as an issue). Note that Oslers has suggested allowing for future changes in the Principles (which are not mandatory but rather guiding principles).

3.2 Amount of Distributions to Primary Beneficiaries

For the purposes of determining the amount of distributions to be made to the Primary Beneficiaries, the Trustee shall have regard to and be entitled to rely on the recommendations of and information provided by Electricity Distributors acting as Administrative Services Agents appointed for the purposes, in the manner and substantially on the terms contemplated in the Permitted Delegations Annex, without any duty or obligation to verify or makes enquiries regarding the basis for or propriety of such recommendations or the accuracy or completeness of such information, except if and to the extent that the Trustee, in its discretion, determines that (i) it has actual knowledge that such recommendations are contrary to the reasonable application of the principles set forth in the Principles Annex or have been made on a basis that is manifestly contrary to such principles or the delegations and activities specified or contemplated to be undertaken under the Permitted Delegations Annex or (b) such information is known by the Trustee to be erroneous, contain a material misrepresentation or is materially incomplete.

Would be helpful if KPMG could clarify any concerns.

3.3 Distributions to Residual Beneficiaries

Prior to the Final Distribution Date, the Trustee shall identify the Residual Beneficiaries by consulting with and having regard to the recommendations of the Ontario Energy Board, based on **[Identify criteria that will narrow the scope to charities to those having an energy/social focus]**. On or as soon as practicable following the Final Distribution Date, the Trustee shall distribute all of the Assets (including capital or income) existing at that time to the Residual Beneficiaries, in each case in the amounts and to the extent determined by Trustee in its discretion hereunder[2] and to the exclusion of the other Beneficiaries.

SECTION 4
POWERS OF THE TRUSTEE

4.1 General

Subject to and in compliance with the terms, limitations and restrictions of this Declaration and notwithstanding applicable trust legislation, the Trustee shall have, without other or further authorization, full, exclusive and absolute power, control and authority over the Assets and over the affairs and activities of the Trust to the same extent as if the Trustee were not a trustee, but rather the sole and absolute owner of the Assets in its own right, including such power, control and authority to do all such acts and things as in its sole judgment and discretion are necessary, incidental or desirable for carrying on the affairs and activities of the Trust, with such powers of delegation as may be permitted or otherwise contemplated by this Declaration. Except as

[2] NTD: Consider if principles should be included regarding the maximum amount any particular charity may receive.

expressly provided in this Declaration, the enumeration in this Declaration of any specific power or authority shall not be construed as limiting the aforesaid general power or authority or any other specific power or authority set out herein. Subject to the terms, limitations and restrictions of this Declaration, every discretion or power hereby conferred on the Trustee is an absolute and uncontrolled discretion or power.

4.2 Specifically Enumerated Powers

The Trustee shall have the following specific powers and authorities:

(a) ***Transfer Payment Agreement.*** The Trustee shall have the power to enter into, amend, supplement, modify and perform its obligation under the Transfer Payment Agreement.

(b) ***Contracts and Undertakings.*** The Trustee shall have the power to enter into, amend, supplement, modify and perform its obligation under any contract entered into or undertaking given by the Trustee in furtherance of the Purpose, including any Administrative Services Agreement and any License Agreement.

(c) ***Power to Own, Hold and Manage.*** Subject to section 4.2(d), the Trustee shall have the power to own, hold and manage the Assets in such manner as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable.[3]

(d) ***Power to Invest in Eligible Investments.*** The Trustee shall have the power to invest the Assets only in Eligible Investments, and to change such Eligible Investments at any time and from time to time, all as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable, but always having regard to the Trustee's expectations regarding the timing of payments to be made to the Beneficiaries hereunder. If an investment of Assets in Eligible Investments would not be authorized under the applicable trust laws of Ontario, the Trustee shall nevertheless be permitted to make an investment of the Assets in such Eligible Investments. The Trustee will have no liability for the diminution in the value of any investment in Eligible Investments made hereunder.

(e) ***Power to Dispose of Assets.*** The Trustee shall have the power to sell, convey, assign, transfer, exchange and in any other manner dispose of the Assets or any part or parts thereof free and clear of any and all trusts established under this Declaration, by public or private sale, for cash or on credit, with or without advertisement, and subject to such restrictions, stipulations, agreements and reservations as the Trustee in its sole and absolute discretion may consider appropriate or advisable, and to execute and deliver and perform any agreement, deed, conveyance, transfer or other document or instrument in connection with the foregoing.[4]

(f) ***Power to Apply Assets and Proceeds to Make Distributions to Beneficiaries.*** The Trustee shall have the power to apply the Assets and the proceeds and income derived therefrom to make distributions to the Beneficiaries contemplated by Section 3, and to execute and deliver and perform any agreement, deed, conveyance, transfer or other document or instrument in connection with therewith.

(g) ***Power to Delegate and to Appoint Agents, etc.*** The Trustee shall have the power to appoint, employ or contract with any Person as the Trustee in its sole and absolute discretion may consider appropriate or advisable in connection with the activities of the Trust. Without limiting the generality of the foregoing:

(i) the Trustee will have the power at any time and from time to time to appoint, employ or retain consultants, financial advisers, technical advisers, legal counsel, accountants, administrative services agents, insurers, insurance agents and insurance brokers, as the Trustee may require for the purpose of discharging its duties hereunder and shall not be responsible for or for the actions of any of them, including to:

(A) act for and on behalf of the Trust in connection with any and all matters in any way relating to the negotiation, settlement, entering into, amending, performance and enforcement of the Transfer Payment Agreement, the Administrative Services Agreements, any License Agreement and any other agreements and contracts to which the Trust becomes a party in accordance with this Declaration;

(B) to provide or cause to be provided any or all kinds of administrative services in any way relating to the activities of the Trust;

(C) to act as attorney in fact, agent or trustee in the acquisition, holding, investment, application, sale or other disposition of the Assets and in the handling, prosecuting, defending or settling of any claims of or made against the Trust;

(D) to value the Assets and determine the net income of the Trust; and

(E) to make any filings, elections and submissions (including in respect of taxation matters) in connection with the Trust's compliance with applicable laws and regulatory requirements; and

(ii) the Trustee may pay remuneration and reimbursements from the Assets for services performed for it or on its behalf in the discharge of the trusts hereof without taxation for costs or fees of any counsel, solicitor or attorney.

Without limiting the foregoing, it is expected that the Board of Trustees will (a) seek to enter into Administrative Services Agreements with Electricity Distributors for the purposes

contemplated by the Permitted Delegations Annex, and on such terms and conditions (including terms and conditions as to the payment of reasonable fees and expenses) not inconsistent therewith as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable, and (b) obtain commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage.

(h) ***Power to Operate Accounts.*** The Trustee shall have the power to (i) open and operate accounts at any chartered bank, trust company or other financial institution in Canada or elsewhere, as the Trustee in its sole and absolute discretion may consider appropriate or advisable; (ii) deposit therein any moneys or securities forming part of the Assets whether or not such deposits will earn interest; (iii) withdraw such deposits at such times and in such manner as the Trustee may determine; (iv) draw, make, endorse, deposit or otherwise deal in cheques, bills of exchange, promissory notes, drafts and other kinds of instruments and securities; and (v) enter into contracts or agreements with any such chartered bank, trust company or other financial institution containing such terms and provisions as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable. In connection therewith, the Trustee shall have no liability or responsibility for any loss which may occur by reason of the failure of any such chartered bank, trust company or other financial institution.

(i) ***Power to Collect, etc.*** The Trustee shall have the power to (i) collect, sue for, receive and give receipts for all sums of money or other property due to the Trust; (ii) consent to extensions of time for payment or to the renewal of any securities or obligations; (iii) engage or intervene in, prosecute, defend, compound, compromise, abandon or adjust by arbitration or otherwise, any demands, claims, actions, suits or proceedings relating to the Trust or the Assets; (iv) exercise any and all remedies available to the Trustee under any agreement or as may otherwise be available, including any power of foreclosure or sale available at law; (v) in connection with any such foreclosure or sale, purchase or otherwise acquire title to any property and to convey good title thereto free of any and all trusts hereby established, or to take or retake possession of any property secured under any agreement or instrument; (vi) extend the time, with or without security, for the payment or delivery of any debts or property; (vii) execute and deliver releases, acquittances, discharges, agreements or other instruments related thereto; and (viii) pay or satisfy any debts or claims upon any evidence that the Trustee, in its sole and absolute discretion, may determine to be sufficient.

(j) ***Power to Pay Trustee's Fees.*** The Original Trustee shall be entitled to be paid and receive the fees set forth in the Original Trustee's schedule of fees delivered as of the date hereof as compensation for its services under this Declaration, and to be reimbursed for its out-of-pocket expenses reasonably incurred, in each case from the Assets and without the approval of any Beneficiary or any court. The Original Trustee shall [Blakes: Someone will need to settle funds to create a valid trust] be entitled, in its sole and absolute discretion, to withdraw funds from time to time for such purpose from any account of the Trust. Members of the Board of Trustees shall be entitled to reimbursement for and in respect of their out-of-pocket expenses reasonably incurred in discharging their respective duties and obligations under this Declaration and any contract of the Trust entered into in accordance with this Declaration, in each case

without the approval of any Beneficiary or any court, provided that the members of the Board of Trustees have general regard to sorts of limitations as are set forth in the "Travel, Meal and Hospitality Expenses Directive of the Province" specified and amended by the Province from time to time, a copy of the current version of which is attached as Exhibit 1 to the Principles Annex.

(k) ***Power to Pay Taxes.*** The Trustee shall have the power to (i) pay, deduct, withhold or remit any taxes or assessments which are required by law to be paid, deducted, withheld or remitted together with or from any payment made by the Trustee; (ii) pay all taxes or assessments of whatever kind or nature imposed upon or against the Trust or the Trustee in connection with the Assets or any part thereof; (iii) collect and remit all taxes and assessments of whatever kind or nature required to be collected and remitted by the Trust or the Trustee in connection with their activities or the Assets or any part thereof; (iv) appeal, settle or compromise tax claims or liabilities; and (v) for the foregoing purposes, to make such returns, elections and submissions and do all such other acts and things as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable.

(l) ***Power to Appoint Auditors.*** The Trustee shall have the power to select and appoint and discharge and re-appoint, in its sole and absolute discretion, an auditor or auditors of the Trust and to settle and pay the fees of any such auditor or auditors from any account of the Trust.

(m) ***Form of Accounts.*** The Trustee shall have the power to determine and change from time to time, in its sole and absolute discretion, the method or form in which the accounts of the Trust will be kept and shall not be required to keep or provide accounts in the form usually required by law to be kept or provided by trustees; provided that such method or form reasonably complies with generally accepted accounting principles in effect in Canada to the extent applicable.

(n) ***Title to Assets.*** The Trustee shall have the power to cause all or any part of the Assets to be held by or registered, in its sole and absolute discretion, in the name of any Person.

(o) ***Delegation of Discretion***. The Trustee shall have the power to delegate the right and power to exercise, or concur in the exercise of any discretion or power, conferred on the Trustee in this Declaration or conferred by law to any one or more of its directors, officers, employees, agents, representatives or to such other Person, as the Trustee, in its sole and absolute discretion, may think is appropriate or advisable, including to one or more Administrative Services Agents and their respective employees, officers and directors under a related Administrative Services Agreement entered into by the Trust substantially on the basis contemplated in the Permitted Delegations Annex. In particular, the Trustee shall have the power to accept, rely on and follow the recommendations of an Electricity Distributor made under and in accordance with the Permitted Delegation Annex with respect to a the identification of, and the determination of distributions (if any) to be made to, any Primary Beneficiary, except if and in so far as the Trustee has actual knowledge that (1) such Primary Beneficiary did not in fact satisfy the "Selection Factors" specified in the Principles Annex as of the applicable time of determination; and/or (ii) the amount recommended to be distributed to the Primary Beneficiary was not calculated in substantial compliance with, or was calculated in a manner that is manifestly contrary to the requirements set forth or contemplated in, the Permitted Delegation Annex or the applicable Administrative Services Agreement.

(p) ***Additional Powers.*** The Trustee shall have the power to perform and do all such other acts, to take such steps and to execute all such deeds, transfers, assignments, agreements and other documents and instruments as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable for the carrying out of any of its powers hereunder or of any of the activities of the Trust as herein contemplated, or for the carrying out, promotion or advancement of the interests of the Trust, whether or not any of such acts, things, documents or instruments are herein expressly mentioned. Any good faith determination by the Trustee as to what is necessary, desirable or appropriate to carry out its powers or activities of the Trust as contemplated under this Declaration or to carry out, promote or advance the interests of the Trust shall be conclusive. Any construction of this Declaration or any determination as to the activities of the Trust or the existence of any power or authority hereunder made in good faith by the Trustee, relying upon the advice of counsel, shall be conclusive. In construing the provisions of this Declaration, there shall be a presumption in favour of a grant of power to the Trustee.

SECTION 5
CONCERNING THE TRUSTEE

5.1 Duty of Trustee

In performing its duties and exercising its powers under this Declaration, the Trustee shall act honestly, in good faith and with a view to the best interests of the Trust and the Beneficiaries and shall exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances (the "**Standard of Care**"). The Trustee shall observe and act in accordance with the terms of, and shall observe and comply with the limitations and restrictions set forth in, this Declaration, including having due regard to the principles set forth in the Principles Annex. To the extent that the Trustee has so delegated any of its duties or powers, it shall be deemed to have satisfied the Standard of Care in respect of the subject matter of such delegation, subject to the Trustee's overall duty as a trustee to exercise prudent oversight in relation to such delegation. Unless required by law, the Trustee will not be required to give any security, bonds or sureties in any jurisdiction for the performance of any of its duties and obligations under this Declaration. The Trustee (including the individual members of the Board of Trustees) will not be required to devote its entire time to the trust activities.

5.2 Limitation of Liability

The Trustee shall not be personally liable in tort, contract or otherwise to any Beneficiary or any other Person for any loss or diminution in the value of the Assets, or for any action or failure to act on the part of the Trustee or any of its employees or agents or any other Person, and shall not be subject to any personal liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses incurred by or against the Trust, howsoever arising, and resort will be had solely to the Assets for the payment, performance or satisfaction thereof. No property or assets of the Trustee, owned in its personal capacity or otherwise, will be subject to levy, execution or other enforcement procedure**s** with respect to any obligation under this Declaration. However, the foregoing limitations in this Section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

5.3 Liability of Trustee under Contracts

Any document or instrument creating a liability or obligation of the Trust or of the Trustee will be conclusively deemed to have been executed by the Trustee only in its capacity as Trustee of the Trust and will be binding upon the Trustee only in its capacity as trustee hereunder and resort may not be had to, nor recourse or satisfaction be sought from, the property of the Trustee other than the Assets, whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Trust, or from its employees or agents, and in all cases resort will be had solely to the Assets for the payment, performance or satisfaction of any such liability or obligation. However, the foregoing limitations in this Section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct. Each document or instrument creating a liability or obligation of the Trust or of the Trustee shall contain a provision providing for the aforesaid limitation of liability.

5.4 Funds of the Trustee

The Trustee shall not be required to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers.

5.5 Indemnification of Trustee

In addition to and without limiting any other protection hereunder or otherwise by law of the Trustee and its respective employees, agents, representatives and assigns (in this Section 5.5, collectively, the "**Representatives**"), the Trustee and its respective Representatives shall be indemnified, defended and saved harmless out of the Assets from, against and in respect of any and all liabilities arising or related to actions taken or omitted to be taken by any agent of the Trustee, losses, claims (including any claim arising out of the assessment of any tax on income by a taxing authority), damages, penalties, fines, actions, suits, demands, levies, assessments, costs, charges, expenses and disbursements (including, without limitation, any and all legal and advisor fees and disbursements) (in this Section 5.5, collectively, the "**Liabilities**") of whatever kind or nature which may at any time be suffered by, imposed upon, incurred by or asserted against the Trustee and its Representatives, whether groundless or otherwise, howsoever arising from or out of any act, omission or error of the Trustee, in each case made in connection with its acting as Trustee hereunder, in each case except and to the extent that the Liabilities are a result from or are caused by gross negligence, wilful misconduct, bad faith or breach of the Confidentiality obligations described in section 5.9. Further, except as provided in section 5.2, the Trustee shall not be liable to any Beneficiary for any loss or damage relating to any matter regarding the Trust, including any loss or diminution in value of the Assets. Notwithstanding any other provision hereof, the obligations provided for in this section 5.5 shall survive any termination of the Trust, whether by reason of removal or resignation of the Trustee, termination or discharge of this Declaration or otherwise.

5.6 Reliance upon Advice

Subject to section 5.1, in performing its duties and exercising its powers hereunder, the Trustee may rely and may act or not act, and shall be fully protected in relying and acting or not acting, upon (a) any statement, telecopy or other electronic means of communication, writing, notice, resolution, report, opinion or other document or conversation believed by its to be genuine and

correct and to have been signed, sent or made by the proper Person; (b) any opinion or advice received or information obtained from auditors, solicitors, or other professional advisers, whether retained by the Trustee or otherwise, and shall not be responsible or held liable for any loss or damage resulting from so relying or acting or not acting; and (c) the advice and actions of any Administrative Services Agent, including in connection with the delegations and reliances contemplated under the Permitted Delegations Annex. For greater certainty, it shall not be necessary for the Trustee to ascertain whether or not the Persons who have executed, signed or otherwise issued, authenticated or receipted such papers, writings or documents (including any Administrative Services Agreement, License Agreement or any other contract entered into by the Trustee) have authority to do so or that they are the same Persons named therein or otherwise to pass upon any requirement of such papers, writing or documents that may be essential for their validity or effectiveness or upon the truth and acceptability.

5.7 Replacement of the Original Trustee

As soon as practicable and in any event prior to •, 2017, the Original Trustee shall appoint the Persons contemplated by the Trustee Replacement Annex to comprise the Advisory Committee contemplated therein (once constituted, the "**Advisory Committee**"). As soon as practicable thereafter, the Original Trustee shall request that the Advisory Board make recommendations with respect to the composition of the "Board of Trustees", as contemplated by the Trustee Replacement Annex. The Trustee shall have no duty or obligation to investigate the basis for any of the Advisory Committee's recommendations and may rely on such recommendations without any duty of enquiry, supervision or oversight with respect to the activities and decision-making processes adopted by the Advisory Committee in its discretion, in full satisfaction of the Original Trustee's Standard of Care with respect to such matters hereunder. Except if the Trustee determines that the individuals recommended by the Advisory Committee to become members of such Board of Trustees are disqualified from so acting on the basis of manifest non-compliance with the "Selection Factors" set forth in the Trustee Replacement Annex, the Original Trustee shall appoint, as members of the Board of Trustees, [six] (five voting and one non-voting) of individuals from among those individuals who have been recommended for appointment to the Board of Trustees by the Advisory Committee. The Original Trustee may exercise its discretion in selecting such individuals for such appointment subject to compliance with the "Selection Factors" set forth in the Trustee Replacement Annex or, in the absence of such exercise, shall select from among individuals who would, if appointed, provide for compliance with the "Selection Factors" set forth in the Trustee Replacement Annex based on the alphabetic order of the their respective surnames. Upon the appointment of [six] individuals pursuant to this provision and their agreement to act as members of the Board of Trustees, the Original Trustee shall be deemed to have resigned and shall cease to be a trustee (such resignation occurring on the "**Original Trustee Replacement Date**").

5.8 Rules and Procedures of the Board of Trustees

(a) ***Initial Requirements***. As soon as practicable and in any event no later than [one] month following the Original Trustee Replacement Date, the Board of Trustees shall meet to take such decisions and actions as they deem necessary to ensure the proper management and administration of the Trust. The date (and location if in person) of the initial meeting shall be determined by a majority of the Board of Trustees.

(b) ***Meetings.*** Subject to the Board of Trustees' discretion to make such rules and procedures that they may deem desirable, meetings of the Board of Trustees may be held at such time and place as the trustee members of the Board of Trustees may agree upon or as they may fix by resolution for the purpose or if the meeting is called as hereinafter mentioned then at such time as may be designated in the notice calling the meeting. A meeting of the Board of Trustees may be called at any time by any two members of the Board of Trustees by two Business Days' notice given to the members of the Board of Trustees. No notice of any Board of Trustees' meeting shall be necessary when a quorum is present if those comprising the quorum consent to the transaction of the affairs of the Trust and the absent trustee or trustees, if any, either before or after the meeting shall waive in writing notice of the meeting. Meetings of the Board of Trustees may be conducted in person, by telephone, or in such other manner as determined by the Board of Trustees. The Board of Trustees may elect a Chairperson.

(c) ***Quorum.*** At any meeting of the Board of Trustees, a majority of the members of the Board of Trustees shall be a quorum irrespective of the number of members in office, provided that quorum will not exist if the majority of members voting on a decision are Provincial employees or representatives. The decision of the majority of the members where quorum exists shall govern and shall be binding for all purposes and shall be acted upon and carried out in the same manner and with the same effect as if all the members concurred therein; provided always that in the case of equality of votes the Chairperson, if any, shall not be entitled to cast a second or deciding vote.

(d) ***Power to Adopt Rules and Procedures.*** The Board of Trustees may make such rules and procedures not inconsistent herewith as it may deem desirable for the proper management and administration of the Trust and the discharge of the responsibilities of the Board of Trustees.

(e) ***Replacement of Members of the Board of Trustees***. The Board of Trustees shall have the power to replace any vacancy arising following the Original Trustee Replacement Date according to such rules and procedures as they deem appropriate, having regard for such considerations necessary to ensure that the composition of the Board of Trustees will be able to discharge its responsibilities in respect of the Declaration. If necessary, the Board of Trustees may fill any vacancy by application to the Courts of Ontario in the event of an unfilled vacancy.

(f) ***Decisions of the Board of Trustees.*** Decisions and actions of the Board of Trustees shall be made by voting, with each individual member having one vote. Subject to quorum requirements, a majority vote shall be determinative in respect of such decisions and actions. Subject to quorum requirements, any decision or action taken by the majority of trustees will represent the decision or action of the Trustee, and not any member of the Board of Trustees.

(g) ***Conflicts of Interest.*** With respect to any matter before the Board of Trustees, to the extent of a conflict of interest, whether actual, perceived or potential, involving a member of the Board of Trustees' personal interests and a matter concerning the Trust, such member shall abstain from voting on the matter or taking any other discretionary action on the matter. For the purposes of the foregoing, no member of the Board of Trustees shall be deemed to have a conflict by reason only that the member holds any office or position with an Electricity Distributor, social services agency or governmental or quasi-governmental agency or entity (such as the Independent Electricity System Operator); provided, however, that in relation to any decision of the Board of Trustees pertaining specifically to a particular Electricity Distributor, any member of the Board of Trustees who is a director, officer or employee of the Electricity

Distributor shall recuse himself or herself from participating in deliberations, discussions or voting in respect of such decision.

(h) ***Expenses*** and ***Reimbursements to Trustees.*** Members of the Board of Trustees shall be entitled to reimbursement for and in respect of their out-of-pocket expenses reasonably incurred in discharging their duties and obligations as members of the Board of Trustees. The Board of Trustees shall serve without compensation.

5.9 Confidentiality

Notwithstanding the resignation or removal and discharge from the trusts and powers reposed in and conferred on the Trustee by this Declaration, or the termination of this Declaration, the Trustee so resigning or removed shall continue to treat as confidential all information relating to the Trust, the Assets and the Beneficiaries and shall only be entitled to make disclosures concerning such information if disclosure is required in the performance of the functions of the resigning or removed Trustee or is ordered by a court of competent jurisdiction or is otherwise required by law. The Trustee shall not be responsible or liable to any Person for any loss or damage arising out of or in any way sustained or incurred in any way relating to any such required disclosure. The obligations arising under this section 5.9 shall survive the termination of the Trust.

5.10 Vesting in Successor Trustee

Any successor trustee (including any reconstituted Board of Trustees) shall automatically become vested with the Assets and with the same powers, rights, duties, responsibilities and trusts as if it, he or she had originally been named as Trustee under this Declaration, without the requirement of any further instrument or act or conveyance, and the Trustee ceasing to act shall execute all such transfers and other documents and do all such other acts or things as may be necessary or desirable to assign, transfer, deliver to, and vest in, the successor trustee, upon the trusts expressed in this Declaration, all the Assets and all the rights, powers and trusts of the Trustee ceasing to act. The expense of any act, document, deed or other instrument or thing required under this Section 5.10, including for greater certainty, outstanding fees and unreimbursed expenses of the Trustee (including any member of the Board of Trustees) ceasing to act, shall be satisfied from the Assets.

5.11 Execution of Instruments

The Trustee shall have the power to execute all deeds, transfers, agreements, promissory notes and other instruments on behalf of the Trust. Such power may be exercised by any one or more Administrative Services Agents acting in accordance with any delegated right to do so pursuant to an applicable Administrative Services Agreement, and any such execution of instrument by an Administrative Services Agent, acting in such capacity as agent of the Trust pursuant to the terms and conditions of such Administrative Services Agreement shall be deemed to be a proper execution of such instrument by the Trustee and shall be binding for all purposes on the Trust.

5.12 Decisions by the Trustee

If there is more than one Trustee, decisions of the Trust may be made by a majority of Trustees. Whenever the Trustees are unable to agree in relation to the commission or omission of any act

or howsoever in the execution of the Trust, the decision of a majority of the Trustees shall prevail.[5]

SECTION 6
AMENDMENTS AND SUPPLEMENTS

6.1 Amendments

Subject to the requirements of the Transfer Payment Agreement, the Trustee shall have the power in its sole and absolute discretion from time to time without the approval of any Beneficiary or any court to amend, vary, supplement, replace or restate this Declaration in its entirety or any portion thereof. [ADD BACK THE PROVISO?] Without in any way limiting the foregoing, any such amendments, variations, supplements, replacements or restatements may:[Blakes: Discuss MOE certainty of Declaration and why this flexibility/Trustee discretion would be needed or appropriate. (j) specify supplemental procedures for the identification of Primary Beneficiaries and the exchange of information with Electricity Distributors in connection with identifying such Primary Beneficiaries; or

(k) specify procedures for the transfer and transmission of funds from the Trust or any Administrative Services Agent acting on its behalf and with delegated responsibility over funds constituting Assets, to or for the benefit of, Beneficiaries or their designated representatives, payees or assignees.

6.2 Supplemental Declarations

The Trustee is authorized to execute any supplemental declaration of trust (including one or more amendments and restatements from time to time of this Declaration) to give effect to amendments to this Declaration made pursuant to section 5.1.

SECTION 7
TERMINATION

7.1 Duration

Subject to section 7.2, the Trust will continue in full force and effect so long as there are any Assets and until all of the debts, liabilities and obligations of the Trust have been paid and satisfied in full.[7]

7.2 Termination and Distribution of Assets

Subject as hereinafter provided, the Trustee may terminate the Trust and wind up its affairs on such date as the Trustee, in its sole and absolute discretion, may determine and after paying or adequately providing for the payment and satisfaction of all debts, liabilities and obligations of the Trust and upon receipt of such releases, indemnities and discharges as the Trustee, relying on the opinion of counsel, deems necessary for the protection of the Beneficiaries and for its own protection. Notwithstanding the foregoing, the Trustee shall in any event terminate the Trust and wind up its affairs as soon as practicable after the Final Distribution Date. In connection with the termination of the Trust, the Trustee shall identify the Residual Beneficiaries and distribute or cause to be distributed the remaining Assets, in cash or in kind or partly in each, to the Residual Beneficiaries, in each case in accordance with section 3.3.

7.3 Distribution of Assets on Final Distribution Date

If the Trust holds Assets on the Final Distribution Date, such assets shall promptly be paid to the Residual Beneficiaries in accordance with Section 3.3.

Commented [A25]: KPMG Comment: Must not be the Province

Ministry Comment: yes, Residual beneficiary is not the province

PRINCIPLES ANNEX

The Trustee shall have regard to [, but shall not be specifically bound by,] the following principles in applying its discretion in relation to the administration of the Trust:

1. Identification of Primary Beneficiary Payees

1.1 [Except in exceptional circumstances,] a Primary Beneficiary would not be expected to receive a benefit from the Trust unless at the time of consideration it satisfies, in addition to the requirements contemplated in the definition of "Primary Beneficiary", each of the following criteria (the "**Selection Factors**"):

(i) it has a participant agreement [with an applicable Electricity Distributor] to undertake measures (its "**Energy Plan**") to improve the electricity efficiency and/or promote the conservation of electricity at its Ontario residence;

(ii) its Energy Plan involves one or more Eligible Measures, as may be designated by the Trustee from time to time from;

(iii) it confirms that:

1. the primary purpose of its Energy Plan is the conservation and efficient use by the Primary Beneficiary of electricity, and is not for the purposes of the Primary Beneficiary making a profit;

2. it would otherwise not have the financial resources to undertake the Eligible Measures included in its Energy Plan; and

3. it would otherwise not be [a HAP Eligible Person][eligible to receive amounts in respect of the Eligible Measures under HAP];

(iv) it has demonstrated a need for financial assistance on the basis that its periodic electricity bills represent a financial burden, relative to its available financial resources; and

(v) such other criteria as the Trustee may determine, including based on the recommendations of Electricity Distributors or other knowledgeable Persons made on the basis and in accordance with the delegations contemplated by the Permitted Delegations Annex or any applicable Administrative Services Agreement.

1.2 It is recognized that, in furthering the Purpose, an efficient basis upon which to allocate funds to the Primary Beneficiaries across different areas and regions within Ontario may be based on the areas and regions serviced by the Electricity Distributors operating within Ontario.

1.3 It would not be contrary to the Purposes if funds are made available by the Trustee to the Primary Beneficiaries unequally across different areas and regions within Ontario, and it

Commented [A28]: KPMG Comment: This is fine

Commented [A29]: OPC Comment: Question for KPMG…Is this language ok?

is expect that in making such an unequal division it would be appropriate to have regard to:

(i) broad economic parameters of economic activity and the specific financial resources of the residents of the areas and regions, in each case as an indication of the relative need of such residents across the areas and regions;

(ii) electricity use and efficiency levels of non-commercial electricity customers across the areas and regions;

(iii) specific regional indicators of economic weakness and need; and

(iv) such other factors as the Trustee may determine are relevant, including based on the submissions, advice and recommendations of Electricity Distributors or other knowledgeable Persons made on the basis and in accordance with the delegations contemplated by the Permitted Delegations Annex or any applicable Administrative Services Agreement.

1.4 It is recognized that, in furthering the Purpose, the designated Electricity Distributor for an area or region in which a Primary Beneficiary resides would be expected to:

(i) be a reliable source for the purpose of assessing and confirming whether the Primary Beneficiary satisfies the Selection Factors;

(ii) be an efficient intermediary for the purpose of communicating with the Primary Beneficiary, including regarding the availability, terms, conditions and intended purposes of Program[8];

(iii) be able to facilitate an efficient payment of distribution determined to be made to or on behalf of the Primary Beneficiary, having regard to the Electricity Distributor's established practices, procedures and systems for dealing with its customers; and

(iv) have established contractual arrangements with the Primary Beneficiary that may apply to the protection and confidentiality of information provided by or respecting the Primary Beneficiary, which information may be useful in the consideration by the Electricity Distributor in its assessment of whether the Primary Beneficiary satisfies the Selection Factors, which information may not otherwise be available or readily accessible or verifiable by the Trustee. [Blakes: These statements are included to substantiate the very significant delegation of decision making (dispositive powers) to and influence of the Electricity Distributors.]

Commented [A30]: Osler comment: Are these obligations, conditions or wishes?

1.5 It is recognized that, in furthering the Purpose, the Electricity Distributor for an area or region in which a Primary Beneficiary resides will have market and utilization information that may be useful in assessing the relative needs of Primary Beneficiaries within its area or region. Such information is expected to be relevant in assessing the

[8] Consider if the Trustees should control the messaging to ensure consistency across the Province.

extent to which one such Primary Beneficiary's financial needs and the merits of its Energy Plan are greater or more compelling than those of another such Primary Beneficiary, which comparison may be relevant to the extent that the funds allocable to the Primary Beneficiaries resident in the area or region are otherwise insufficient to meet the requests for funding by all such Primary Beneficiaries.

1.6 Accordingly, it is recognized that, in furthering the Purpose, it is consistent with the Purpose that the recommendations of Electricity Distributors be utilized and relied upon by the Trustee to guide the process of identifying particular Primary Beneficiaries in making distributions to the Primary Beneficiaries.

1.7 If an Electricity Distributor for a particular area or region is unable or unwilling to assess or confirm the application of the Selection Factors to Primary Beneficiaries residing in the area or region or to make recommendations in relation to such matters, one or more of the following may provide a suitable alternative source of information and for information gathering, assessment and confirmation purposes in relation to such area or region:

(i) other Electricity Distributors operating in adjacent or other areas or regions in Ontario;

(ii) [the Ontario Energy Board];

(iii) the Independent Electricity System Operator; and

(iv) anyone else having relevant expertise and access to information regarding the electricity market of the Province, in each case as may be considered relevant by the Trustee.

1.8 To the extent that privacy law or other legal requirements limit an Electricity Distributor from providing or making available specific information respecting the application of the Selection Factors to a particular Primary Beneficiary or group of Primary Beneficiaries, it is recognized that, in furthering the Purpose, it may be appropriate to redact or make generic affected information regarding such Primary Beneficiary in connection with the identification and confirmation of a Primary Beneficiary's eligibility and participation in the Program. If such limitations or restrictions would limit an Electricity Distributor from providing or confirming the name of a particular Primary Beneficiary to the Trustee, then it should be sufficient that such information may be obtained or disseminated on a confidential basis if and when required by the Trustee for the proper administration of the Trust and on that basis such impediments should not disqualify a Primary Beneficiary from participating in the benefits of the Program, provided that that the confidential record-keeping of the Electricity Distributor would be available in connection with the application of any applicable legal process predicated on the identification of such Primary Beneficiary for the purposes of substantiating its rights as a Primary Beneficiary of the Trust or as to the validity or subsistence of the Trust.

2. Eligible Measures

2.1 Eligible Measures shall be identified having regard to the following (the "**Measures Factors**"):

(i) electricity cost savings [NTD: Insert generic list of considerations relevant to the identification of the applicable spending uses].

(ii) primary home heating sources

[Blakes: MOE may wish to consider:

(iii) is the measure generally expected to result in improved energy conservation by a Primary Beneficiary if properly installed and used;

(iv) is the measure recognized under another Provincial program as being appropriate for achieving electricity conservation among a population analogous to the Primary Beneficiaries;

(v) has an independent source recognized the measure as being (x) energy efficient in design, (y) more energy efficient than similar products available in the market intended for similar usage, or (z) effective in promoting energy conservation;

(vi) does the measure present any unacceptable health or safety considerations, either with respect to the Primary Beneficiary, a party providing or installing the measure, or the physical environment;

(vii) is the measure broadly available to residents across different areas and regions of the Province;

(viii) is it reasonable to expect that the measure would, over its anticipated useful life, generate greater costs savings in respect of electricity efficiency or conservation than the cost of the measure itself; or

(ix) is the measure a requirement or precursor to another measure, the other measure being one which meets any of the other Measures Factors.]

2.2 In identifying and applying the Measures Factors, Electricity Distributors would be expected to have expertise in assessing the suitability of efficiency and conservation measures in their respective areas and regions, which may differ across areas and regions across the Province based on factors (among other things) such as the climate, geography, density, electricity infrastructure, residential structures, and electricity use rates applicable within such areas or regions.

2.3 Unless otherwise specified by the Board of Trustees, the measures specified in Schedule A to this Principles Annex may initially be considered to be consistent with the Measures Factors (subject to change as contemplated under the Permitted Delegations Annex).

Commented [A31]: Osler comment: It would be much more certain to se HAP + heat pumps

Ministry Comment: Please keep as is

3. Promotion of the Program

3.1 It is expected that the Trustee will undertake or engage others to undertake efforts to promote the availability, terms and benefits of the Program to Primary Beneficiaries.

3.2 [NTD: Insert any expectations of the Province regarding associating the Program to the Government, including in any external communications to or marketing directed at Electricity Distributors and Primary Beneficiaries.]

3.3 [NTD: Indicate that the Trustee would be free to enter into License Agreements with the Province, provided that the terms of such License Agreements are consistent with the Purpose and the Program, and that such License Agreements may permit the sub-license of IP to Electricity Distributors and permit the engagement of the Province to provide services related to the use of related IP rights.

3.4 [NTD: Insert any expectations regarding the observance of License Agreements]

4. Conduct of the Trust and the Program

4.1 It is expected that administrative expenses of the Board of Trustees and its members, including any expenses relating to the Trust, to the establishment of the [Trust][Affordability Fund] and any expenses related to the implementation and operation of the Program, including by or through Electricity Distributors and other relevant entities, will be recognized and subject to reimbursement on a basis that is substantially consistent with the principles outlined in the [Province's Transfer Payment Accountability Directive/Travel, Meal and Hospitality Expenses Directive][9], the current form of which attached as Schedule B to this Principles Annex.

4.2 The Trustee is expected to conduct its activities in a manner that complies in all material respects with the Transfer Payment Agreement, including to:

(i) act prudently and in furtherance of the Purpose;

(ii) report annually the results of its activities for information purposes to the Province in connection with the Program;

(iii) comply with the Province's request for any independent verification or audit if determined to be necessary or appropriate by the Province;

(iv) return of Assets that have not been distributed if it is [determined][manifestly demonstrated by the Province] that the Trustee has breached its Standard of Care in discharging its material duties under the Declaration, and has not cured such material breach despite having been given a reasonable opportunity by the Province to do so in light of the circumstances of such material breach, with the result that all or a significant part of the Assets have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose.]

[9] NTD: Ministry to confirm applicable Directive(s).

Commented [A32]: OPC Comment: Agree- change of wording would be advised so as to avoid perception of Trust being under control of the province.

Commented [A39]: OPC Comment: Please see correspondence between OPCD and the OAG on government transfers. Report backs, right to audit and right to recover funds that are spent for purposes other than intended are common and accepted elements of TPs.

4.3 Electricity Distributors are not intended to directly profit from distributions of funds made from the Trust, although it is recognized that the objectives of electricity efficiency and conservation of Primary Beneficiaries located in the service area or region of an Electricity Distributor, and the cost savings and improved credit worthiness of such Primary Beneficiaries, may be financially beneficial to the Electricity Distributor.

4.4 Distributions from the Trust are intended to allow receiving Primary Beneficiaries to undertake Eligible Measures at no or minimal personal cost.

4.5 Without in any way limiting the discretion of the Board of Trustees to extend the period during which the benefits of the Program may be available to the Primary Beneficiaries, up to and including the Final Distribution Date, it is expected that the Trust Assets would be distributed to Primary Beneficiaries during the period from the Original Trustee Replacement Date to [March 31, 2019].

SCHEDULE B TO THE PRINCIPLES ANNEX
PERMITTED EXPENSE REIMBURSEMENTS

[NTD: Insert the Province's Transfer Payment Accountability Directive/Travel, Meal and Hospitality Expenses Directive. Please forward a Word version if available.]

PERMITTED DELEGATION ANNEX

1. Under section 4.2(g) of the Declaration, the Trustee has the power to: [(a) appoint, employ or retain Administrative Services Agents for the purpose of discharging its duties and obligations under the Declaration; and (b) enter into, perform, enforce and amend Administrative Services Agreements].

2. In accordance with section 4.2(g) of the Declaration, consistent with the principles set forth in the Principles Annex, the Trustee or its agent will seek to enter into one or more Administrative Services Agreements with individual Electricity Distributors under which the Electricity Distributors will act as Administrative Service Agents to the Trustee. In this manner, the Trustee will delegate certain of its powers and duties to the Electricity Distributors.

3. Under section 5.1 of the Declaration, to the extent the Trustee has delegated any of its duties or powers, it shall be deemed to have satisfied the Standard of Care in respect of the subject matter of such delegation, subject to the Trustee's overall duty to exercise prudent oversight thereof. The Trustee is entitled to rely on an Electricity Distributor to discharge the duties delegated to it, as Administrative Services Agent, pursuant to an Administrative Services Agreement as described in this Annex.

4. Accordingly, and without limiting the Trustee's right to delegate under the Declaration and its other rights, powers and discretion as Trustee, the Trustee will be permitted to, and is expected to seek to, enter into Administrative Services Agreements with Electricity Distributors in order to further the Purpose. It is expected that such Administrative Services Agreements will include customary terms and conditions for an administrative services arrangement of this type and, in addition, would be expected (subject to the acceptance and agreement of the applicable Electricity Distributor counterparty) to address the following points in particular:

    a. **Identification of Applicable Primary Beneficiary Payees and Determination of Individual Distribution Amounts**

        i. Each Electricity Distributor would make an initial assessment of the financial needs of Primary Beneficiaries within its designated service area or region, having regard to the Selection Factors set forth in section 1.3 of the Principles Annex, together with applicable economic data, in order to prepare and provide to the Trustee an estimate of the number of Primary Beneficiaries who the Electricity Distributor reasonably expects would satisfy the Selection Factors.

        ii. Each Electricity Distributor would make an initial assessment of the measures it would recommend be included as Eligible Measures, having regard to the Measures Factors set forth in section 2.1 of the Principles Annex, in order to prepare and provide to the Trustee an estimate of the average cost per Primary Beneficiary Payee (as defined below) of such Eligible Measures that the Electricity Distributor reasonably expects would apply in respect of Primary Beneficiaries resident in its service area or region.

iii. Based on the product of (i) and (ii), above, and such other considerations as it considers to be directly relevant, each Electricity Distributor would make a written recommendation to the Trustee regarding the aggregate funding amount that the Electricity Distributor anticipates would be utilized under the Program by the Primary Beneficiaries resident in its service area or region (the "**Local Funding Estimate**"). Such recommendation would be accompanied, when submitted to the Trustee, by a detailed explanation regarding the assumptions, financial parameters, suitability considerations and other information underlying the Local Funding Estimate (including the type of information contemplated by the Selections Factors and the Measures Factors, which would be relied upon by the Trustee in its assessment regarding the allocation of available funding to or for the benefit of the Primary Beneficiaries across the specified areas and regions of Ontario.

iv. The Trustee would inform the Electricity Distributor regarding the aggregate of the amount determined by the Trustee to be made available under the Program for Primary Beneficiaries in the Electricity Distributor's designated service area or region (for each Electricity Distributor, its "**Maximum Electricity Distributor Allocation**") and as to any maximum amount that may be paid to or for the benefit of any single Primary Beneficiary [or group of related Primary Beneficiaries] located in the servicer area or region of the Electricity Distributor (the "**Maximum Primary Beneficiary Amount**"). The Maximum Electricity Distributor Allocation and Maximum Primary Beneficiary Amount may vary between areas and regions, among the Primary Beneficiaries within such areas and regions, and may be increased by the Trustee from time to time in its discretion.

v. Each Electricity Distributor would apply the principles set forth under "Identification of Primary Beneficiary Payees" in the Principles Annex to identify and make recommendations to the Trustee regarding the amount of funds (if any) to be distributed to or for the benefit of Primary Beneficiaries resident within its service area or region from time to time (the "**Primary Beneficiary Payees**").

vi. Each Electricity Distributor would ensure that the aggregate of the amounts it recommends be distributed to or for the benefit of Primary Beneficiary Payees from time to time does not exceed (1) its Maximum Electricity Distributor Allocation and (2) for any single Primary Beneficiary [or group of related Primary Beneficiaries] located in the service area or region of the Electricity Distributor, the lesser of (x) the applicable Maximum Primary Beneficiary Amount and (y) the estimated costs (including any applicable taxes, but excluding any amount payable to the Electricity Distributor by or on behalf of the Primary Beneficiary) to be incurred by or on behalf of such Primary Beneficiary (whether or not such costs have been paid or remain outstanding) in respect of Eligible Measures applied or to be applied in respect of the Primary Beneficiary's Ontario residence.

vii. The Trustee would provide written confirmation to each Electricity Distributor:

Commented [A40]: OPC Comment: KPMG to comment on specificity.

1. Either (x) that the recommendations specified of the Electricity Distributor in clause (v), above, have been accepted, or (y) as to the specific reasons for any non-acceptance; and

2. The amount of the distributions to be paid to or for the benefit of each Primary Beneficiary Payee that is resident in the Electricity Distributor's service area or region.

viii. With respect to each Primary Beneficiary resident in a Electricity Distributor's service area or region that is confirmed as a Primary Beneficiary Payee, the Electricity Distributor would provide the Trustee written confirmation as to:

1. The identity of such Primary Beneficiary Payee; and

2. The amount of the distribution paid to or for the benefit of such Primary Beneficiary Payee.

ix. If the amount of a distribution to be made to a Primary Beneficiary Payee is based on the estimated costs to be incurred by or on behalf of such Primary Beneficiary and, prior to making the distribution to the Primary Beneficiary Payee, the Electricity Distributor determines that the actual costs (including any applicable taxes but excluding any amount payable to the Electricity Distributor by or on behalf of the Primary Beneficiary) incurred or to be incurred by or on behalf of such Primary Beneficiary in respect of Eligible Measures applied or to be applied in respect of the Primary Beneficiary's Ontario residence has or would be less than such estimated costs, then the amount to be distributed to the Primary Beneficiary shall be based on such actual costs.

b. **Making of Distributions to Primary Beneficiaries**

i. Promptly after the Trustee confirms the identity of a Primary Beneficiary Payee resident in an Electricity Distributor's service area or region and the amount of the distribution to be paid to or for the benefit of such Primary Beneficiary Payee, the Trustee would arrange for payment to or on the direction of the Electricity Distributor of an amount equal to the amount of such distribution.

ii. Promptly upon receipt of funds in respect of a distribution to be made to a Primary Beneficiary Payee, the Electricity Distributor would arrange for payment of the full amount of such distribution to or for the benefit of the Primary Beneficiary Payee (including by direct payment to a third party of, or as a reimbursement or rebate of, the costs of applicable Eligible Measures installed at the residence of and for the benefit of the Primary Beneficiary Payee), without reduction or set-off by the Electricity Distributor.

iii. If the amount paid to an Electricity Distributor in respect of a distribution to be made to a Primary Beneficiary exceeds the actual amount of the distribution made to or on behalf of the Primary Beneficiary, the Electricity

Commented [A41]: OPC Comment: KPMG to comment on specificity.

Distributor shall promptly return such excess to the Trustee, whereupon the proceeds of such returned amount shall continue to form part of the Assets.

c. **Promotion of the Program**

i. [NTD: Insert any specific items regarding the use of IP by Electricity Distributors]

d. **Establishment of Operational, Administrative, Record-Keeping and Other Systems and Policies to facilitate the Program**

i. The Electricity Distributor would establish such operational, administrative, record-keeping and other systems and policies as are necessary to facilitate the Program and perform its duties under the Administrative Services Agreement, including systems or policies to: identify Primary Beneficiary Payees; comply with applicable privacy and regulatory laws; communicate with Primary Beneficiaries on behalf of the Trust; assess Eligible Measures; determine the Local Funding Estimate; monitor its recommendations to the Trustee against its Maximum Electricity Distributor Allocation and the Maximum Primary Beneficiary Amount; receive funds from the Trust in respect of distributions to the Primary Beneficiary Payees and transfer such funds to the appropriate recipients for the benefit of the Primary Beneficiary Payees; preparation and timely delivery to Primary Beneficiary Payees of such documents as are required by the *Income Tax Act* (Canada); and create and maintain records in respect of the foregoing.

ii. The Electricity Distributor would set up a separate bank account for the purpose of receiving funds from the Trust in respect of distributions to the Primary Beneficiary Payees and the transfer of such funds to the appropriate recipients for the benefit of the Primary Beneficiary Payees.

e. **Reporting, Record-Keeping, Inspection and Disclosure and Compliance Matters**

i. The Electricity Distributor would provide record-keeping, clerical and bookkeeping services relating to all matters relating to its recommendations and the performance of its other duties and obligations under its Administrative Services Agreement.

ii. The Electricity Distributor would keep and maintain all financial records and non-financial documents and records relating to the provision of services under its Administrative Services Agreement. [NTD: Consider specifying any particular records regarding individual Primary Beneficiary Payees needed to ensure the proper function of the Trust or the Program]

iii. The Electricity Distributor would provide to the Trustee quarterly and annual reports ("**Reports**") for the duration of its Administrative Services Agreement. Such Reports would set out, among other things, the amounts of the distributions paid to or for the benefit of applicable Primary Beneficiary Payees, the average distribution amount per such Primary Beneficiary Payee,

the Eligible Measures for which distributions have been made, and the uptake of energy efficiency measures.

iv. The Electricity Distributor would agree to provide to the Trustee such information as is necessary for the Trustee to (v) comply with applicable law; (w) prepare financial statements for the Trust; (x) prepare and submit such documents as are required under the *Income Tax Act* (Canada); (y) comply with the Trust's applicable obligations under the Transfer Payment Agreement; and (z) such other matters as the Trustee reasonably requests.

v. The Trustee, its authorized representatives or an independent auditor would be permitted to, at its own expense, on twenty-four hours' notice to the Electricity Distributor and during normal business hours, inspect the records of and information respecting the Electricity Distributor to confirm its compliance with the Administrative Services Agreement, including regarding its processes for recommending the Primary Beneficiary Payees and their respective distribution amounts and regarding the delivery of Trust funds on behalf of the Trustee to or for the benefit of the Primary Beneficiary Payees.

f. **Standard of Care**

i. The Electricity Distributor would be required to agree to perform its duties provided under the Administrative Services Agreement exercising the degree of care, diligence and skill that a reasonably prudent Person would exercise in comparable circumstances.

ii. In performing its duties under the Administrative Services Agreement (including the recommending of Primary Beneficiary Payees to the Trustee), the Electricity Distributor would be required to agree to seek to avoid actual, potential or perceived conflicts of interest.

iii. The Electricity Distributor would be required to agree to that it would not, in performing its obligations under the Administrative Services Agreement, take any action which it knows or ought reasonably to know would cause the Trustee or the Trust to be in violation of any law, rule or regulation applicable to it.

g. **Expenses**

The Electricity Distributor would be eligible to receive reasonable compensation and reimbursement of its actual out-of-pocket costs associated with the performance of its duties and obligations under the Administrative Services Agreement, subject to compliance with requirements substantially equivalent to the Province's Travel, Meal and Hospitality Expenses Directive. Such compensation amounts and reimbursement entitlements would be specified in the Administrative Services Agreement.

h. **Representations**

The Electricity Distributor would make customary representations to the Trust regarding, among other things, its legal capacity; authorization; non-contravention of law or material contract to which it is a party; and the enforceability of the Administrative Services Agreement.

i. **Indemnification**

The Electricity Distributor would be required to agree to provide customary indemnities to the Trust and the Trustee from and against claims, damages and liabilities which may the Trust or Trustee may suffer or incur as the result of any breach of the Administrative Services Agreement by the Electricity Distributor or its representatives.

[NTD: MOE, please advise whether you wish to address any of the following matters upfront in an administrative services agreement: (1) LDC compliance with privacy law requirements/ money laundering laws; (2)legal representation if joined in any product warranty claims (i.e., to the extent the Trust is sued in connection with a purchase of Eligible Measures); (3)specific manner of flowing money to manufacturers and suppliers of Eligible Measures;(4) logistics of banking and cash flow mechanics and related record-keeping; (5) production of information for Trustee to satisfy legal requirements applicable to the Trust (i.e., tax; record keeping); (6) preparation of tax remittances for beneficiaries (applicable?);(7) required communications to Primary Beneficiaries on behalf of the Trust (including to comply with applicable laws);(8) preparation and submission of applications, etc., that may be contemplated by the Program;and (9) LDC fault-based termination scenarios]

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy

(the "Province")

- and -

Computershare Trust Company of Canada, in its capacity as trustee of Affordability Fund Trust

(together with its successors and assigns, the "Recipient" and, together with the Province, the "Parties")

BACKGROUND

Computershare Trust Company of Canada is the original trustee of the Affordability Fund Trust.

The Province wishes to provide Funds to the Recipient to be held, invested, applied and distributed in accordance with the terms of the Declaration of Trust (defined below), in furtherance of the Purpose (as defined in the Declaration of Trust), including having regard to the Principles set forth in Annex A.

Commented [A1]: OPC Comment: Principles seen as too prescriptive? For KPMG

Commented [A2]: KPMG Comment: Be careful to not be over prescriptive

CONSIDERATION

In consideration of the mutual covenants and agreements contained in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is expressly acknowledged, the Parties agree as follows:

ENTIRE AGREEMENT

This agreement (as amended, restated, supplemented or otherwise modified from time to time, the **"Agreement"**), including:

Schedule "A" - General Terms and Conditions
Schedule "B" - Project Specific Information
Schedule "C" - Project - Certain Obligations of the Recipient
Schedule "D" - Budget
Schedule "E" - Payment Plan
Schedule "F" - Reporting
Annex "A" - Principles, and
any amending agreement entered into as provided for below,

constitutes the entire agreement between the Parties with respect to the subject matter contained in this Agreement and supersedes all prior oral or written representations and agreements.

COUNTERPARTS

The Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

AMENDING THE AGREEMENT

The Agreement may only be amended by a written agreement duly executed by the Parties.

ACKNOWLEDGEMENT

The Recipient:

(a) acknowledges that it has read and understands the provisions contained in the entire Agreement; and

(b) agrees to be bound by the terms and conditions contained in the entire Agreement.

IN WITNESS WHEREOF, the Parties have executed the Agreement on the dates set out below.

SCHEDULE "A"
GENERAL TERMS AND CONDITIONS

1.0 INTERPRETATION AND DEFINITIONS

1.1 Interpretation. For the purposes of interpretation:

(a) words in the singular include the plural and vice-versa;

(b) words in one gender include all genders;

(c) the headings do not form part of the Agreement; they are for reference only and will not affect the interpretation of the Agreement;

(d) any reference to dollars or currency will be in Canadian dollars and currency;

(e) "include", "includes" and "including" denote that the subsequent list is not exhaustive;

(f) where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Affordability Fund Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust, and, where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust; and

(g) [it is intended that the transfer of the Funds to the Recipient will be a transfer made to a "non-controlled trust" (as that term is given meaning in • applicable to the accounting rules and principles applicable to the Province as of the date of the Agreement), and so if a term or condition of the Agreement is determined to conflict with the requirements applicable to the Province recording the transfers to the Recipient of Funds contemplated hereunder as an expense incurred by the Province on the date of the transfer of Funds under the Agreement otherwise in connection with activities undertaken by the Province with such a "non-controlled trust", then such term or condition shall be given a meaning and shall have an effect insofar as it is possible to interpret such term or condition in a manner that eliminates such conflict while preserving the other provisions of the Agreement and furthering the Purpose.][1]

1.2 Definitions. In the Agreement, the following terms will have the following meanings:

"Affordability Fund Trust" means the trust established and governed by the Declaration of Trust, and for greater certainty includes such trust operating under any other name that may be designated from time to time by the Trustee in accordance with the Declaration of Trust.

"BPSAA" means the Broader Public Sector Accountability Act, 2010 (Ontario).

"**Beneficiary**" has the meaning given to such term in the Declaration of Trust.

"Budget" means the Recipient's budget attached to the Agreement as Schedule "D".

"Business Day" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day and any other day on which the Province has elected to be closed for business.

[1] NTD: Consider if this sort of fail-safe is helpful.

"**Declaration of Trust**" means the declaration of trust made as of March [•], 2017, under which the Affordability Fund Trust was established by the Trustee, as such declaration of trust may be amended, restated, supplemented or otherwise modified from time to time with the consent of the Province.

"Expiration Date" means the date on which this Agreement will expire and is the date set out in Schedule "B".

"Funds" means the money the Province provides to the Recipient pursuant to the Agreement.

"Maximum Funds" means the maximum amount of Funds that the Province will provide the Recipient under the Agreement, as set out in Schedule "B".

"Notice" means any communication given or required to be given pursuant to the Agreement.

"Party" means either the Province or the Recipient.

"**Person**" includes any individual, sole proprietorship, corporation, partnership, joint venture, association, society, club, board, chamber, joint-stock company, trust, trustee, unincorporated or incorporated organization or entity or government or any entity, agency or political subdivision thereof.

"**Program**" has the meaning given to such term in the Declaration of Trust.

"Project" means the undertaking described in Schedule "C".

"**Purpose**" has the meaning given to such term in the Declaration of Trust.

"PSSDA" means the *Public Sector Salary Disclosure Act, 1996* (Ontario).

"Reports" means the reports described in Schedule "F".

"**Trustee**" means, initially, Computershare Trust Company of Canada, and any additional or replacement trustee in its capacity as trustee of the Affordability Fund Trust pursuant to the Declaration of Trust, including the Board of Trustees (as defined in the Declaration of Trust) and each of their respective successors and permitted assigns.

2.0 REPRESENTATIONS, WARRANTIES AND COVENANTS

2.1 General. The Recipient represents, warrants and covenants that:

(a) the Trustee is the trustee of the Affordability Fund Trust; and

(b) the Affordability Fund Trust is, and will continue to be for the term of the Agreement, a trust existing under and governed by the laws of the Province of Ontario.

2.2 Execution of Agreement. The Recipient represents and warrants that it has:

(a) the full power and authority to enter into the Agreement; and

(b) taken all necessary actions to authorize the execution of the Agreement.

2.3 Governance. The Recipient represents, warrants and covenants that it has, and will maintain, in writing for the period during which the Agreement is in effect:

(a) decision-making mechanisms and procedures to enable the Recipient to hold, invest, manage, apply and distribute the Funds in accordance with the Declaration of Trust in furtherance of the Purpose; and

(b) procedures to enable the preparation and delivery of all Reports required pursuant to Article 5.0.

2.4 **Supporting Documentation.** Upon request, the Recipient will provide the Province with proof of the matters referred to in this Article 2.0.

3.0 TERM OF THE AGREEMENT

3.1 **Term.** The term of the Agreement will commence on the Effective Date and will expire on the later of the Expiration Date and the date on which the Affordability Fund Trust is terminated in accordance with the Declaration of Trust.

3.2 **Extension.** The term of the Agreement may be extended by further agreement between the Parties.

3.3 **Extension of the Declaration of Trust.** If the Province determines that an extension of the Declaration of Trust (beyond the "Final Distribution Date" and time for termination, each as specified or determined thereunder) is consistent with and in furtherance of the Purpose and the Province's original intentions and expectations in establishing the Project, the Province may request that the Recipient extend the Declaration of Trust to a date specified by the Province in a Notice (such date not to be later than •), whereupon the Recipient, so long as the Trustee does not have a reasonable basis to believe that such an extension would be inconsistent with the Purpose or weaken the protections intended for the benefit of the Trustee pursuant to the Declaration of Trust, will undertake such actions as it may consider to be necessary or appropriate to so extend the Declaration of Trust, including by amending the Declaration of Trust to provide for such an extension and to modify any other term or requirement as would be necessary or prudent to conform such term or requirement in light of such extension.

4.0 FUNDS AND CARRYING OUT THE PROJECT

4.1 **Funds Provided.** The Province will:

(a) provide the Recipient up to the Maximum Funds to be held, invested, applied and distributed in accordance with the terms of the Project and the Declaration of Trust;

(b) provide the Funds to the Recipient in accordance with the Payment Plan attached to the Agreement as Schedule "E"; and

(c) deposit the Funds into an account designated by the Recipient, provided that the account:

(i) resides at a Canadian financial institution; and

(ii) is in the name of the Recipient.

4.2 **Limitation on Payment of Funds.** Despite section 4.1, the Province is not obligated to provide any Funds to the Recipient until the Requirements (as specified and defined in Schedule C) have been satisfied.

4.3 **Use of Funds and Project.** The Recipient will use, apply and distribute the Funds only for and in furtherance of the Purpose, including having regard to the Principles set forth in Annex A.

4.4 **Province's Role Limited to Providing Funds.** For greater clarity, the Province's role under the Agreement is limited to providing Funds to the Recipient and the Province is not responsible for carrying out or overseeing the terms of the Declaration of Trust.

4.5 **Maximum Funds.** The Recipient acknowledges that the Funds available to it pursuant to the Agreement will not exceed the Maximum Funds.

Commented [A3]: KPMG Comment: Be careful

Commented [A4]: KPMG Comment: Consistent wording

Commented [A5]: KPMG Comment: Too prescriptive- be careful

Commented [A6]: OPC Comment: Not sure how else a trust would work.
We have documented agreement with the OAG that says we can communicate to a TP recipient what the funds can be used for; however, an assessment of whether we control a recipient requires an additional lens be applied. Is this considered too detailed by KPMG?

Ministry comment: Please keep for now

Commented [A7]: KPMG Comment: This is good. But this is really administrative and does not negate the prescriptive terms

4.6 **Funding, Not Procurement.** For greater clarity, the Recipient acknowledges that:

(a) it is receiving funding from the Province for the Project and is not providing goods or services to the Province[2]; and

(b) the funding the Province is providing under the Agreement is funding for the purposes of the PSSDA.

5.0 RECIPIENT'S ACQUISITION OF GOODS OR SERVICES, AND DISPOSAL OF ASSETS

5.1 **Acquisition.** If the Recipient acquires goods, services, or both with or by applying the proceeds of the Funds, it will do so through a process that promotes the best value for money and will take reasonable steps to ensure that its Administrative Services Agents also follow a process that promotes the best value for money when acquiring goods and services with or by applying the proceeds of the Funds.

6.0 CONFLICT OF INTEREST

6.1 **No Conflict of Interest.** The Recipient will carry out the Program and use, apply and distribute the Funds without an actual, potential or perceived conflict of interest.

6.2 **Conflict of Interest Includes.** For the purposes of this Article, a conflict of interest includes any circumstances where:

(a) the Recipient; or
(b) any person who has the capacity to influence the Recipient's decisions[3],

has outside commitments, relationships or financial interests that could, or could be seen to, interfere with the Recipient's objective, unbiased and impartial judgment relating to the Project, or the Recipient's use, application or distribution of the Funds, or both.

6.3 **Disclosure to Province.** The Recipient will disclose to the Province, without delay, any situation that a reasonable person would interpret as an actual, potential or perceived conflict of interest.

7.0 REPORTING, ACCOUNTING AND REVIEW

7.1 **Preparation and Submission.** The Recipient will:

(a) submit to the Province at the address referred to in Schedule "B", all Reports in accordance with the timelines and content requirements set out in Schedule "F", or in a form as specified by the Province from time to time;

(b) submit to the Province at the address referred to in Schedule "B", any other reports as may be requested by the Province from time to time in accordance with the timelines and content requirements specified by the Province;

Commented [A8]: OPC Comment: General enough to not be a control factor? For KPMG

Commented [A9]: KPMG Comment: Don't like this. Why is this needed? Is this not a Trustee issue to discuss?

Commented [A10]: OPC Comment: Comment seems reasonable. Delete, but not major, especially since decisions would be by all of the Trustee board, and not individual trustees.

Ministry Comment: Please delete as per OPC recommendation

Commented [A11]: KPMG Comment Reporting is fine but watch details. Province should not control Trust activities

Commented [A12]: OPC Comment: Report backs and audits are standard inclusions in our TPAs. Consider including an intro that indicates why we need this – to monitor if policy objectives are being met (value for money)

Ministry Comment: Blakes- as per OPC comments, kindly revise

[2] NTD: Consider in relation to promotional objectives and in the context of any License Agreement.
[3] NTD: Need to consider how this works in relation to Administrative Services Agents. Is the intention that the Trustee will be in breach of the Agreement if an Administrative Services Agent is itself in a conflict, or should this be recast to require the Trustee to seek remedies (i.e., termination) if an Administrative Agent is determined to be (diligence requirement?) in breach of the conflicts of interest requirements contemplated in the Permitted Delegations Annex?

(c) ensure that all Reports and other reports are completed to the satisfaction of the Province; and

(d) ensure that all Reports and other reports are signed on behalf of the Recipient by an authorized signatory.

7.2 **Record Maintenance.** The Recipient will keep and maintain financial and other records necessary to permit it to satisfy its obligations under section 7.1 and to permit the Province to exercise its rights under section 7.3.

7.3 **Inspection.** The Province, its authorized representatives or an independent auditor identified by the Province may, at its own expense, upon twenty-four hours' Notice to the Recipient and during normal business hours, inspect the records of and information respecting the Recipient to confirm its compliance with the terms of this Agreement, including to ensure consistency with the Purpose and, for these purposes, the Province, its authorized representatives or an independent auditor identified by the Province may take one or more of the following actions:

(a) inspect and copy the records and documents referred to in section 7.2;

(b) keep any copies made pursuant to section 7.3(a); and

(c) conduct an audit or investigation of the Recipient in respect of the expenditure of the Funds to confirm that the Funds have been used, applied and distributed for and in furtherance of the Purpose, including a review of the Trust's processes, records, documents and information to ensure that funds disbursed to Electricity Distributors were used, applied and distributed for and in furtherance of the Purpose.

7.4 **Disclosure.** To assist in respect of the rights set out in section 7.3, the Recipient will disclose any information requested by the Province, its authorized representatives or an independent auditor identified by the Province, and will do so in the form requested by the Province, its authorized representatives or an independent auditor identified by the Province, as the case may be.

7.5 **No Control of Records.** No provision of the Agreement will be construed so as to give the Province any control whatsoever over the Recipient's records.

7.6 **Auditor General.** For greater certainty, the Province's rights under this Article are in addition to and do not limit any rights[4] provided to the Auditor General pursuant to section 9.1 of the *Auditor General Act* (Ontario).

8.0 COMMUNICATIONS REQUIREMENTS

8.1 **Publication.** The Recipient will indicate, in any of its Program -related publications, whether written, oral, or visual, that the views expressed in the publication are the views of the Recipient and do not necessarily reflect those of the Province.[5]

9.0 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

9.1 **FIPPA.** The Recipient acknowledges that the Province is bound by the *Freedom of Information and Protection of Privacy Act* (Ontario) and that any information provided to the Province in connection with the Project or otherwise in connection with the Agreement may be subject to disclosure in accordance with that Act.

Commented [A13]: KPMG: why?

Commented [A14]: KPMG Comment: Be careful here

Commented [A15]: KPMG Comment: This looks like provincial control. Why does not just reporting cover thsi

Commented [A16]: OPC Comment: Agree that eliminating details w.r.t. audit would be better.

Commented [A17]: KPMG Comment: Why not just say "Trust"

[4] NTD: Does the AG have any authority in respect of an non-controlled trust? If not, this probably needs to be rephrased so that the Trustee agrees to facilitate the Province's compliance with this statutute.
[5] NTD: Consider in light of possible additions to the Declaration/Principles regarding the promotion of the Program.

10.0 INSURANCE

10.1 Insurance. The Recipient [has made enquiries to confirm][believes] that insurance policies of the type contemplated in Schedule C are generally available in Canada.[6]

11.0 EVENT OF DEFAULT, CORRECTIVE ACTION AND TERMINATION FOR DEFAULT

11.1 Events of Default. An Event of Default will occur if:

(a) the Recipient fails to perform or observe any covenant in this Agreement and such failure has and continues to have a material adverse effect on the Province and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(b) any representation or warranty made by the Recipient in the Agreement shall prove to have been incorrect in any material respect when made or deemed made, and, if capable of remedy, continues to be incorrect in any material respect during any Notice period applicable under section 11.2 after the earlier to occur of (i) the actual knowledge thereof by the Recipient or (ii) receipt by the Recipient of Notice thereof from the Province;

(c) it is [determined][manifestly demonstrated by the Province] that the Recipient has breached its Standard of Care (within the meaning given in and context of the Declaration of Trust) in discharging its material duties under the Declaration of Trust, with the result that all or a significant part of the Funds have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose, and, if such breach is capable of remedy, it continues and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(d) an [Insolvency Event] shall have occurred and be continuing with respect to the Recipient.

11.2 Consequences of Events of Default and Corrective Action. If an Event of Default occurs, the Province may, at any time, take one or more of the following actions:

(a) provide the Recipient with Notice allowing the Recipient an opportunity to remedy the Event of Default during a specified Notice Period[7];

(b) seek an order of specific performance, including an order that the Recipient pursue its available remedies under the Agreement against third parties;

(c) require, by Notice of demand, that the Recipient transfer to the Province (without any need for compensation, indemnity or consideration to the Recipient or any Beneficiary or other third party) any and all Assets remaining in the possession or under the control of the Recipient [that can reasonably be traced or attributed to the Funds][after first providing for the completion and performance by the Recipient of any unperformed contractual obligations of the Recipient undertaken in compliance with the Declaration of Trust on or prior to transfer]; and

(d) terminate the Agreement, including immediately, without liability, penalty or costs to the Province upon giving Notice to the Recipient.

Commented [A18]: Ministry Comment: Not needed any more – moved to precondition for funds release, schedule c

Commented [A19]: Osler comment: Change to determines

Commented [A20]: KPMG Comment: Delete. This is ruling from grave

Commented [A21]: Osler comment: control

Commented [A22]: OPC Comment: Please see correspondence between OPCD and the OAG on government transfers. Report backs, right to audit and right to recover funds that are spent for purposes other than intended are common and accepted elements of TPs.

Commented [A23]: OPC Comment: Fair comment by KPMG as they are not familiar with the Province's practices w.r.t. TPs. For discussion.

[6] NTD: Consider if this is helpful from an accounting perspective.
[7] NTD: Consider whether to provide for a notice period within the specific Events of Default, rather than making cures entirely in the Provinces discretion.

The transfer of Funds in accordance with the Agreement is made by the Province with the expressed intention and reservation that the transferred Funds shall be returned to the Province and the entitlements of the Recipient in remaining Funds shall thereby be revoked with reversion thereof to the Province in the circumstances contemplated in Section 11.2(c).

11.3 **Opportunity to Remedy.** If, in accordance with section 11.2, the Province provides the Recipient with an opportunity to remedy the Event of Default, the Province will provide Notice to the Recipient of:

(a) the particulars of the Event of Default; and

(b) the Notice Period.

11.4 **Recipient not Remedying.** If the Province has provided the Recipient with an opportunity to remedy the Event of Default pursuant to section 11.2(a), and:

(a) the Recipient does not remedy the Event of Default within the Notice Period;

(b) it becomes apparent to the Province that the Recipient cannot adequately remedy the Event of Default within the Notice Period; or

(c) the Recipient is not proceeding to remedy the Event of Default in a way that is satisfactory to the Province,

the Province may extend any Notice period, or initiate any one or more of the actions provided for in section 11.2.

12.0 REPAYMENT

12.1 **Debt Due.** If, pursuant to the Agreement: the Province demands the payment of any Funds from the Recipient pursuant to section 11.2(c) such Funds or other amount will be deemed to be a debt due and owing to the Province by the Recipient, and the Recipient will pay or return the amount to the Province immediately, unless the Province directs otherwise.

12.2 **Interest Rate.** The Province may charge the Recipient interest on any money owing by the Recipient at the then current interest rate charged by the Province of Ontario on accounts receivable.

12.3 **Payment of Money to Province.** The Recipient will pay any money owing to the Province by cheque payable to the "Ontario Minister of Finance" and delivered to the Province at the address referred to in **[Schedule "B"]**.

12.4 **Failure to Repay.** Without limiting the application of section 43 of the Financial Administration Act (Ontario), if the Recipient fails to repay any amount owing under the Agreement, Her Majesty the Queen in right of Ontario may deduct any unpaid amount from any money payable to the Recipient by Her Majesty the Queen in right of Ontario. [8]

13.0 NOTICE

13.1 **Notice in Writing and Addressed.** Notice will be in writing and will be delivered by email, postage-prepaid mail, personal delivery or fax, and will be addressed to the Province and the Recipient respectively as set out in Schedule "B", or as either Party later designates to the other by Notice.

13.2 **Notice Given.** Notice will be deemed to have been given:

Commented [A24]: OPC Comment: Critical – is there a reason that the trust would be privy to different treatment than any other TP recipient?

Ministry Comment: Blakes please keep this language in for now

Commented [A25]: KPMG: Nope! Please delete. This is control

[8] NTD: Discuss.

(a) in the case of postage-prepaid mail, five Business Days after the Notice is mailed; or

(b) in the case of email, personal delivery or fax, one Business Day after the Notice is delivered.

13.3 Postal Disruption. Despite section 13.2(a), in the event of a postal disruption:

(a) Notice by postage-prepaid mail will not be deemed to be received; and

(b) the Party giving Notice will provide Notice by email, personal delivery or by fax.

14.0 SEVERABILITY OF PROVISIONS

14.1 Invalidity or Unenforceability of Any Provision. The invalidity or unenforceability of any provision of the Agreement will not affect the validity or enforceability of any other provision of the Agreement. Any invalid or unenforceable provision will be deemed to be severed.

15.0 WAIVER

15.1 Waivers in Writing. If a Party fails to comply with any term of the Agreement, that Party may only rely on a waiver of the other Party if the other Party has provided a written waiver in accordance with the Notice provisions in Article 13.0. Any waiver must refer to a specific failure to comply and will not have the effect of waiving any subsequent failures to comply.

16.0 INDEPENDENT PARTIES

16.1 Parties Independent. The Recipient acknowledges that it is not an agent, joint venturer, partner or employee of the Province, and the Recipient will not represent itself in any way that might be taken by a reasonable person to suggest that it is, or take any actions that could establish or imply such a relationship.

17.0 ASSIGNMENT OF AGREEMENT OR FUNDS

17.1 Agreement Binding. All rights and obligations contained in the Agreement will extend to and be binding on the Parties' respective heirs, executors, administrators, successors and permitted assigns.

18.0 LIMITATION OF LIABILITY

18.1 This Agreement has been entered into by the Trustee solely in its capacity as trustee of the Recipient and is not binding on the Trustee in any other capacity, whether in tort, contract or otherwise. **The Beneficiaries of the Recipient are not subject to any liability in respect of the Recipient.** Resort may not be had to, nor recourse or satisfaction be sought from, the private property of the Trustee (whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Recipient), its directors, officers, employees, or agents, or the private property of any Beneficiary, and resort will be had solely to the property of the Recipient held in trust by the Trustee for the payment, performance or satisfaction of any liability or obligation of the Recipient or the Trustee under this Agreement. However, the foregoing limitations in this section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

Commented [A26]: KPMG Comment: Is his control? I am not a lawyer so not sure about "control implications". Don't think this is control, bust ask

19.0 GOVERNING LAW

19.1 Governing Law. The Agreement and the rights, obligations and relations of the Parties will be governed by and construed in accordance with the laws of the Province of Ontario and the applicable federal laws of Canada. Any actions or proceedings arising in connection with the Agreement will be conducted in the courts of Ontario, which will have exclusive jurisdiction over such proceedings.

20.0 FURTHER ASSURANCES

20.1 Agreement into Effect. The Recipient will provide such further assurances as the Province may request from time to time with respect to any matter to which the Agreement pertains, and will otherwise do or cause to be done all acts or things necessary to implement and carry into effect the terms and conditions of the Agreement to their full extent.

20.2 Declaration of Trust. The Trustee covenants that it shall not amend, restate or terminate the Declaration of Trust without obtaining the written consent of the Province in respect of same.

Commented [A27]: KPMG Comment: WoW! This is ruling from grave

21.0 JOINT AND SEVERAL LIABILITY

21.1 Joint and Several Liability. Where the Recipient is comprised of more than one entity, all such entities will be jointly and severally liable to the Province for the fulfillment of the obligations of the Recipient under the Agreement.[9]

Commented [A28]: KPMG: Check with legal people. This can be control

22.0 RIGHTS AND REMEDIES CUMULATIVE

22.1 Rights and Remedies Cumulative. The rights and remedies of the Province under the Agreement are cumulative and are in addition to, and not in substitution for, any of its rights and remedies provided by law or in equity.

23.0 ACKNOWLEDGEMENT OF OTHER LEGISLATION AND DIRECTIVES

23.1 Recipient Acknowledges. The Recipient acknowledges that by receiving Funds it may become subject to legislation applicable to organizations that receive funding from the Government of Ontario, including the BPSAA, the PSSDA, and the *Auditor General Act* (Ontario).

24.0 SURVIVAL

24.1 Survival. The following Articles and sections, and all applicable cross-referenced sections and schedules, will continue in full force and effect for a period of seven years from the date of expiry or termination of the Agreement: Article 1.0 and any other applicable definitions, section, 4.5, section 7.1 (to the extent that the Recipient has not provided the Reports to the satisfaction of the Province), sections 7.2, 7.3, 7.4, 7.5, 7.6, Article 8.0, Article 12.0, Article 14.0, Article 16.0, Article 17.0, Article 19.0, Article 20.0, Article 21.0 and Article 24.0. SCHEDULE "C"

PROJECT

For the purposes of this Agreement, the "Project" is the distribution of the Funds in accordance with the Declaration of Trust.

It is intended the Project will be undertaken by the Recipient in furtherance of the Purpose and in accordance with the Declaration of Trust. In this regard, it is expected that the Recipient will undertake the Program having regard to the Budget and the Principles set forth in Annex A.

Commented [A29]: KPMG Comment: Be careful

Notwithstanding anything to the contrary contained in the Agreement or the Declaration of Trust, until such time as each of the following conditions have been completed to the satisfaction of or waived by the Province (the "**Requirements**"), the Recipient shall not distribute any Funds to any Beneficiary.

1. The Original Trustee Replacement Date (as defined in the Declaration of Trust) shall have occurred.

2. An administrative services agreement[10] shall have been entered into between the Recipient and an Administrative Services Agent providing for the administrative services necessary for the Recipient to perform its obligations herein and execute the Project.

3. Procedures have been developed and implemented under which Electricity Distributors (as defined in the Declaration of Trust) will be invited to assist with (a) the identification and selection of Primary Beneficiaries under the Declaration of Trust, (b) the determination of the amount of Funds to be distributed to particular Primary Beneficiaries, and (c) the distribution of Funds to or for the benefit of such Primary Beneficiaries (in each case on the basis contemplated in the Permitted Delegations Annex).

4. The Recipient has obtained commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage. To demonstrate satisfaction, the Recipient will provide the Province with certificates of insurance, or other proof as may be requested by the Province, that confirms such insurance coverage and will make available to the Province a copy of each applicable insurance policy.

Each of the Requirements may be accomplished by the Recipient entering into such agreements as may be necessary or expedient, including any required amendment or amendment and restatement of the Declaration of Trust that the Trustee determines is reasonably required in order to accomplish the Requirements. The Province shall provide notice in writing to the Recipient when the Requirements have been completed to the satisfaction of the Province. Funds may be expended to pay the expenses of the Trustee in completing the Requirements.

[10] NTD: Consider this in light of the need for individual administrative services agreements with each of the Electricity Distributors. This may relate to the original idea that a single administrative services agreement would be entered into with Hydro One.

SCHEDULE "D"

Recipient's Budget

1. It is expected that the administrative expenses of the Fund, including any administrative expenses of the Recipient (or any administrative services agents or other agents retained by the Recipient), relating to the establishment of the Affordability Fund Trust and satisfying the Requirements (as defined in Schedule "C") and any expenses related to the operation of the Trust and the execution of the Project (including any reimbursable expenses incurred by any Administrative Services Agent (as such terms are defined in the Declaration of Trust), will be no greater than 10 percent of the total Project budget.

2. The only expenditures incurred by the Recipient that are eligible for reimbursement are actual (excluding HST) administrative overhead expenses incurred by or on behalf of the Recipient that directly related to the Recipient or the establishment of the Affordability Fund Trust.

4. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.

5. It is expected any travel, meals and hospitality expenses by the Recipient will be consistent with the Province's Travel, Meal and Hospitality Expenses Directive. Entities receiving funding from the Recipient are also expected to adhere to the Province's Travel, Meal and Hospitality Expenses Directive and the Recipient is expected to request the same of such Entities. Alcohol and First-Class travel are not considered eligible claims and disbursements for hospitality, incidental or food expenses shall not be covered by the Funds, including the following:

    - Meals, snacks and beverages
    - Gratuities
    - Laundry or dry cleaning
    - Valet services
    - Dependent care
    - Home management
    - Personal telephone calls

6. In the event that the Recipient performs any procurements, it is expected that all procurements will reflect the principles of Ontario's Public Service Procurement Directive.

SCHEDULE "E"

PAYMENT PLAN

PAYMENT DATE	MAXIMUM FUNDS TO BE DISBURSED BY THE PROVINCE
Within 7 days of signing the Agreement	$ 100,000,000[11]

[11] Investment income and proceeds of the Funds are to be applied for the Purpose in accordance with the Declaration of Trust.

REPORTING

Reports will be provided quarterly on the basis of the government's fiscal year starting at the execution of this Agreement and continuing until conclusion of the Agreement. Annual Reports will be provided annually on a fiscal basis starting at the execution of this Agreement and continuing until conclusion of the Agreement. Quarterly Reports and Annual Reports shall be submitted to the Province within one month following the end of the reporting period that they represent.

The Recipient shall prepare six (6) Quarterly Reports and two (2) Annual Report as outlined below. Reports shall explicitly demonstrate impact of Province's funding and address report detail requirements listed below.

NAME OF REPORT	DUE DATE
Quarterly Report #1	July 31, 2017
Quarterly Report #2	October 31, 2017
Quarterly Report #3	January 31, 2018

Quarterly Report #5	October 31, 2018
Quarterly Report #6	January 31, 2019
Annual Report #2	April 30, 2019

Requirements for Quarterly Reports

- The Recipient will provide Quarterly Reports which will include a report back on the Trustee-developed performance management criteria. Quarterly Report requirements will be determined from time to time by the Province, and initially will include:

25.0 Amounts disbursed by the Recipient in the previous quarter. It is expected that this information will be provided at the electricity distributor level.
26.0 Total Affordability Fund interest accrued to date
27.0 Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor
28.0 Any challenges or modifications required to the application, funding, or eligibility processes/rules
29.0 Key activities planned for the upcoming quarter

Requirements for Annual Report

- The Recipient will provide an Annual Report to the Province which will include a report back on the Trustee-developed performance management criteria. Annual Report requirements include:

30.0 A description of electricity distributor application process and the criteria used by the Recipient to manage funds.
31.0 Identify and describe any challenges with achieving goals and proposed solutions, if applicable.
32.0 Lesson learned.

Commented [A31]: KPMG Comment: Really?

Commented [A32]: KPMG Comment: Would a normal charity agency be asked to do so much?

33.0 Electricity distributor and customer feedback
34.0 Amounts disbursed by the Recipient in the previous year. It is expected that this information will be provided at the electricity distributor level.
35.0 Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor
36.0 Total Affordability Fund interest accrued to date

- As part of the Annual Report, the Recipient will also provide the Province with an audited financial statement for the previous year.

DECLARATION OF TRUST

This Declaration of Trust is made as of March •, 2017, by Computershare Trust Company of Canada, a trust company established under the laws of Canada and licensed to carry on business as a trust company in each of the provinces and territories of Canada (together with its successors and assigns and the other trustees (including the Board of Trustees) contemplated herein, the "**Trustee**").

WHEREAS Computershare Trust Company of Canada, as settlor, wishes to establish a trust to acquire, hold, manage, invest, apply and dispose of certain property for the benefit of certain Beneficiaries as herein described.

NOW THEREFORE Computershare Trust Company of Canada hereby declares that it holds in trust as trustee (a) the sum of ONE HUNDRED DOLLARS ($100) contributed by it on this date and (b) all other property of every type and description which it may hereafter acquire or hold in its capacity as trustee of the Trust and all income therefrom and proceeds thereof, to hold, manage, invest, apply and dispose of same on and subject to the provisions set forth in this Declaration of Trust, including the annexes and schedule attached hereto.

SECTION 1
INTERPRETATION

1.1 Definitions

In this Declaration:

(a) "***Administrative Services Agent***" means each agent, which may include any Electricity Distributor or other Person, appointed from time to time under an Administrative Services Agreement, and its successors and permitted assigns solely in such capacity.

(b) "***Administrative Services Agreement***" means each agreement entered into from time to time by the Trust and one or more Administrative Services Agents or other Persons, in furtherance of the Purpose, under which the Administrative Services Agent would agree to provide specified administrative and other services to and on behalf of the Trustee (including, following the Original Trustee Replacement Date, the Permitted Delegations Annex), as such agreement may be amended, supplemented, restated, renewed or replaced from time to time.

(c) "***Assets***" means, collectively, the following:

(i) the $100 Canadian referred to above, contributed by Computershare Trust Company of Canada on the date hereof;

(ii) all other property which is now or which at any time in the future may be issued, assigned, transferred, provided, donated, gifted and contributed to the Trustee (including pursuant to the Transfer Payment Agreement) to be held in trust pursuant to this Declaration (and which the Trustee is willing to accept and hold);

(iii) all acquisitions of property made by the Trust;

(iv) all property which may at any time be substituted for or in respect of the property referred to in clauses (i), (ii) and (iii), above;

(v) all income of the Trust, including investment income generated by the investment of the property referred to in clauses (i), (ii), (iii) and (iv), above; and

(vi) all proceeds of disposition of any of the property referred to in clauses (i) through (v) above,

but excludes any property paid out or distributed (whether out of income or capital) pursuant to the provisions of this Declaration.

(d) "***Beneficiary***" means each Primary Beneficiary and each Residual Beneficiary, as applicable.

(e) "***Board of Trustees***" means (i) as of the Original Trustee Replacement Date, the individual trustees appointed by the Original Trustee pursuant to Section 5.7 on the basis described in the Trustee Replacement Annex, and (ii) thereafter, the group of trustees appointed hereunder and acting in such capacity.

(f) "***Business Day***" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day [and any other day on which the Province has elected to be closed for business].

(g) "***Declaration***" means this Declaration of Trust, as it may be amended, restated, supplemented or otherwise modified from time to time, and includes each of the annexes and the Schedule attached hereto which constitute and form an integral part of this Declaration.

(h) "***Electricity Distributor***" means, in respect of a designated service area or region in Ontario, the distributor of electricity to residences located in such area or region.

(i) "***Electricity Invoice***" means an invoice issued by an Electricity Distributor in respect of electricity charges and related services and amounts incurred or assessed in respect of a residence located in the Electricity Distributor's designated service area or region in Ontario.

1.2 Headings and Table of Contents

The insertion of headings and the provision of a table of contents are for convenience of reference only and shall not affect the construction or interpretation of this Declaration.

1.3 References

Unless otherwise specified, all references to Sections are to Sections of this Declaration. The words "hereto", "herein", "hereof", "hereunder" and similar expressions refer to this Declaration and not to any particular Section or other provision of this Declaration.

1.4 Number and Gender

Unless otherwise specified, words importing the singular include the plural and vice versa and words importing gender include all genders.

1.5 Governing Law

This Declaration shall be governed by, and construed and interpreted in accordance with, the laws of the Province of Ontario and of Canada applicable therein.

1.6 Severability

Any provision of this Declaration which is illegal, invalid or unenforceable in any jurisdiction shall not affect the legality, validity or enforceability of the remaining provisions and any such illegality, invalidity or unenforceability in any jurisdiction shall not affect the legality, validity or enforceability of such provision in any other jurisdiction.

1.7 Reference to the Trust and the Trustee

For greater certainty, where any reference is made in this Declaration to an act to be performed by or for or on behalf of the Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Trust, and, where any reference is made in this Declaration to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee solely in its capacity as trustee of the Trust. Except as provided under the Transfer Payment Agreement, no Person dealing with the Trust or the Trustee shall be bound to make any enquiry concerning, or has the right to require production of, any evidence of the validity of any act of, or transaction purporting to be made by, the Trustee.

1.8 Defect in Appointment

No action taken by the Trustee will be invalid or ineffective by reason only of any defect in the appointment of the Trustee or the compliance by the Trustee of any rules or procedures adopted by the Trustee and which is discovered after the taking of such action.

SECTION 2
CONCERNING THE TRUST

2.1 Objectives

The Trust is established to hold, invest, apply and dispose of the Assets for the benefit of the Beneficiaries in furtherance of the Purpose, as provided for in this Declaration. In furtherance of the Purpose:

(a) the Original Trustee shall hold and invest the Assets as contemplated in this Declaration until the Original Trustee Replacement Date, after which the Board of Trustees shall be duly appointed hereunder; and

Commented [A2]: is expected to? (language for consistency purposes)

(b) the Board of Trustees shall hold, invest, apply and dispose of the Assets in accordance with this Declaration, including by determining the identities of and distributions (if any) to be made to or for the benefit of the Primary Beneficiaries in accordance with Sections 3.1 and 3.2 of this Declaration, having regard to the principles set forth in the Principles Annex and in the manner and on the basis contemplated in the Permitted Delegations Annex, or otherwise by determining the identities of and distributions to be made to or for the benefit of any Residual Beneficiary in accordance with Section 3.3,

Commented [A3]: Are expected to?

in each case and in all respects subject to the terms, limitation and requirements set forth in this Declaration.

2.2 Name of the Trust

The name of the Trust shall be the "Affordability Fund Trust" or such replacement name as the Trustee shall determine and specify from time to time. The Trustee shall hold the Assets and conduct the activities of the Trust under such name or variation thereof (including any variation of such name in the French language). If the Trustee determines to change the name of the Trust, the Trustee may specify and use such other designation or adopt such other name (including any name in the French language) as it considers appropriate and may hold the Assets and conduct the activities of the Trust under such designation or other name.

2.3 Location

The head office and the situs of the administration of the Trust shall be • or such other address in Ontario as the Trustee may determine from time to time.

2.4 Fiscal Year

The fiscal year of the Trust shall end on December 31 of each year.

SECTION 3
DISTRIBUTIONS

3.1 Distributions to Primary Beneficiaries

Prior to the Final Distribution Date, the Trustee shall distribute the Assets (including capital or income) to the Primary Beneficiaries identified based on the application of the principles specified in the Principles Annex and in the manner and in the amounts determined on the basis contemplated by the Permitted Delegations Annex, in each case in the amounts and to the extent specified herein and therein, subject in all respects to the exercise by the Trustee of its discretion hereunder and to the exclusion of the other Beneficiaries.

3.2 Amount of Distributions to Primary Beneficiaries

For the purposes of determining the amount of distributions to be made to the Primary Beneficiaries, the Trustee shall have regard to and be entitled to rely on the recommendations of and information provided by Electricity Distributors acting as Administrative Services Agents appointed for the purposes, in the manner and substantially on the terms contemplated in the Permitted Delegations Annex, without any duty or obligation to verify or makes enquiries

regarding the basis for or propriety of such recommendations or the accuracy or completeness of such information, except if and to the extent that the Trustee, in its discretion, determines that (i) it has actual knowledge that such recommendations are contrary to the reasonable application of the principles set forth in the Principles Annex or have been made on a basis that is manifestly contrary to such principles or the delegations and activities specified or contemplated to be undertaken under the Permitted Delegations Annex or (b) such information is known by the Trustee to be erroneous, contain a material misrepresentation or is materially incomplete.

3.3 Distributions to Residual Beneficiaries

Prior to the Final Distribution Date, the Trustee shall identify the Residual Beneficiaries by consulting with and having regard to the recommendations of the Ontario Energy Board, based on **[Identify criteria that will narrow the scope to charities to those having an energy/social focus]**. Following the Final Distribution Date, the Trustee shall, subject to compliance with section 7.3, distribute all remaining Assets (including capital or income) to the Residual Beneficiaries, in each case in the amounts and to the extent determined by the Trustee in its discretion hereunder[1] and to the exclusion of the other potential Residual Beneficiaries.

Commented [A4]: Per footnote below, suggest including 'and potential allocations'?

Commented [A5]: I don't think we ever inserted language to require a final audit to confirm amount? (to ensure any outstanding liabilities are taken into account, for example)

Commented [A6]: Having considered the recommendations of the OEB

SECTION 4
POWERS OF THE TRUSTEE

4.1 General

Subject to and in compliance with the terms, limitations and restrictions of this Declaration and notwithstanding applicable trust legislation, the Trustee shall have, without other or further authorization, full, exclusive and absolute power, control and authority over the Assets and over the affairs and activities of the Trust to the same extent as if the Trustee were not a trustee, but rather the sole and absolute owner of the Assets in its own right, including such power, control and authority to do all such acts and things as in its sole judgment and discretion are necessary, incidental or desirable for carrying on the affairs and activities of the Trust, with such powers of delegation as may be permitted or otherwise contemplated by this Declaration. Except as expressly provided in this Declaration, the enumeration in this Declaration of any specific power or authority shall not be construed as limiting the aforesaid general power or authority or any other specific power or authority set out herein. Subject to the terms, limitations and restrictions of this Declaration, every discretion or power hereby conferred on the Trustee is an absolute and uncontrolled discretion or power.

4.2 Specifically Enumerated Powers

The Trustee shall have the following specific powers and authorities:

(a) ***Transfer Payment Agreement.*** The Trustee shall have the power to enter into, amend, supplement, modify and perform its obligation under the Transfer Payment Agreement.

Commented [A7]: Subject to the consent of the Province which will not be unreasonably withheld, and provided in a timely fashion.

[1] **NTD:** Consider if principles should be included regarding the maximum amount any particular charity may receive.

(b) ***Contracts and Undertakings.*** The Trustee shall have the power to enter into, amend, supplement, modify and perform its obligation under any contract entered into or undertaking given by the Trustee in furtherance of the Purpose, including any Administrative Services Agreement and any License Agreement.

(c) ***Power to Own, Hold and Manage.*** Subject to section 4.2(d), the Trustee shall have the power to own, hold and manage the Assets in such manner as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable.

(d) ***Power to Invest in Eligible Investments.*** The Trustee shall have the power to invest the Assets only in Eligible Investments, and to change such Eligible Investments at any time and from time to time, all as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable, but always having regard to the Trustee's expectations regarding the timing of payments to be made to the Beneficiaries hereunder. If an investment of Assets in Eligible Investments would not be authorized under the applicable trust laws of Ontario, the Trustee shall nevertheless be permitted to make an investment of the Assets in such Eligible Investments. The Trustee will have no liability for the diminution in the value of any investment in Eligible Investments made hereunder.

Commented [A8]: Restriction noted in the control analysis. Not major.

(e) ***Power to Dispose of Assets.*** The Trustee shall have the power to sell, convey, assign, transfer, exchange and in any other manner dispose of the Assets or any part or parts thereof free and clear of any and all trusts established under this Declaration, by public or private sale, for cash or on credit, with or without advertisement, and subject to such restrictions, stipulations, agreements and reservations as the Trustee in its sole and absolute discretion may consider appropriate or advisable, and to execute and deliver and perform any agreement, deed, conveyance, transfer or other document or instrument in connection with the foregoing.

(f) ***Power to Apply Assets and Proceeds to Make Distributions to Beneficiaries.*** The Trustee shall have the power to apply the Assets and the proceeds and income derived therefrom to make distributions to the Beneficiaries contemplated by Section 3, and to execute and deliver and perform any agreement, deed, conveyance, transfer or other document or instrument in connection with therewith.

(g) ***Power to Delegate and to Appoint Agents, etc.*** The Trustee shall have the power to appoint, employ or contract with any Person as the Trustee in its sole and absolute discretion may consider appropriate or advisable in connection with the activities of the Trust. Without limiting the generality of the foregoing:

(i) the Trustee will have the power at any time and from time to time to appoint, employ or retain consultants, financial advisers, technical advisers, legal counsel, accountants, administrative services agents, insurers, insurance agents and insurance brokers, as the Trustee may require for the purpose of discharging its duties hereunder and shall not be responsible for or for the actions of any of them, including to:

(A) act for and on behalf of the Trust in connection with any and all matters in any way relating to the negotiation, settlement, entering into, amending, performance and enforcement of the Transfer Payment Agreement, the

Administrative Services Agreements, any License Agreement and any other agreements and contracts to which the Trust becomes a party in accordance with this Declaration;

(B) to provide or cause to be provided any or all kinds of administrative services in any way relating to the activities of the Trust;

(C) to act as attorney in fact, agent or trustee in the acquisition, holding, investment, application, sale or other disposition of the Assets and in the handling, prosecuting, defending or settling of any claims of or made against the Trust;

(D) to value the Assets and determine the net income of the Trust; and

(E) to make any filings, elections and submissions (including in respect of taxation matters) in connection with the Trust's compliance with applicable laws and regulatory requirements; and

(ii) the Trustee may pay remuneration and reimbursements from the Assets for services performed for it or on its behalf in the discharge of the trusts hereof without taxation for costs or fees of any counsel, solicitor or attorney.

Without limiting the foregoing, it is expected that the Board of Trustees will seek to enter into Administrative Services Agreements with Electricity Distributors for the purposes contemplated by the Permitted Delegations Annex, and on such terms and conditions (including terms and conditions as to the payment of reasonable fees and expenses) not inconsistent therewith as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable.

(h) ***Power to Operate Accounts.*** The Trustee shall have the power to (i) open and operate accounts at any chartered bank, trust company or other financial institution in Canada or elsewhere, as the Trustee in its sole and absolute discretion may consider appropriate or advisable; (ii) deposit therein any moneys or securities forming part of the Assets whether or not such deposits will earn interest; (iii) withdraw such deposits at such times and in such manner as the Trustee may determine; (iv) draw, make, endorse, deposit or otherwise deal in cheques, bills of exchange, promissory notes, drafts and other kinds of instruments and securities; and (v) enter into contracts or agreements with any such chartered bank, trust company or other financial institution containing such terms and provisions as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable. In connection therewith, the Trustee shall have no liability or responsibility for any loss which may occur by reason of the failure of any such chartered bank, trust company or other financial institution.

(i) ***Power to Collect, etc.*** The Trustee shall have the power to (i) collect, sue for, receive and give receipts for all sums of money or other property due to the Trust; (ii) consent to extensions of time for payment or to the renewal of any securities or obligations; (iii) engage or intervene in, prosecute, defend, compound, compromise, abandon or adjust by arbitration or otherwise, any demands, claims, actions, suits or proceedings relating to the Trust or the Assets; (iv) exercise any and all remedies available to the Trustee under any agreement or as may otherwise be

available, including any power of foreclosure or sale available at law; (v) in connection with any such foreclosure or sale, purchase or otherwise acquire title to any property and to convey good title thereto free of any and all trusts hereby established, or to take or retake possession of any property secured under any agreement or instrument; (vi) extend the time, with or without security, for the payment or delivery of any debts or property; (vii) execute and deliver releases, acquittances, discharges, agreements or other instruments related thereto; and (viii) pay or satisfy any debts or claims upon any evidence that the Trustee, in its sole and absolute discretion, may determine to be sufficient.

Commented [A9]: Might the province want to include an item in the quarterly report back listing on any circumstances where this clause may be exercised? Since province is associated with the Trust, might be a good means to manage risks.

(j) ***Power to Obtain Insurance***. The Trustee shall have the power to enter into contracts for or in relation to or otherwise obtain policies of insurance for the purpose of insuring the risks associated with the Trust, including to insure the Trustee (including the members of the Board of Trustees) against any risk of loss associated with assuming and performing the duties as Trustee. Without limiting the foregoing, it is expected that the Board of Trustees will obtain commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage.

(k) ***Power to Pay Trustee's Fees.*** The Original Trustee shall be entitled to be paid and receive the fees set forth in the Original Trustee's schedule of fees delivered as of the date hereof as compensation for its services under this Declaration, and to be reimbursed for its out-of-pocket expenses reasonably incurred, in each case from the Assets and without the approval of any Beneficiary or any court. The Original Trustee shall be entitled, in its sole and absolute discretion, to withdraw funds from time to time for such purpose from any account of the Trust. Members of the Board of Trustees shall be entitled to reimbursement for and in respect of their out-of-pocket expenses reasonably incurred in discharging their respective duties and obligations under this Declaration, in each case without the approval of any Beneficiary or any court, provided that the members of the Board of Trustees have general regard to sorts of limitations as are set forth in the "Travel, Meal and Hospitality Expenses Directive of the Province" specified and amended by the Province from time to time, a copy of the current version of which is attached as Exhibit 1 to the Principles Annex.

(l) ***Power to Pay Taxes.*** The Trustee shall have the power to (i) pay, deduct, withhold or remit any taxes or assessments which are required by law to be paid, deducted, withheld or remitted together with or from any payment made by the Trustee; (ii) pay all taxes or assessments of whatever kind or nature imposed upon or against the Trust or the Trustee in connection with the Assets or any part thereof; (iii) collect and remit all taxes and assessments of whatever kind or nature required to be collected and remitted by the Trust or the Trustee in connection with their activities or the Assets or any part thereof; (iv) appeal, settle or compromise tax claims or liabilities; and (v) for the foregoing purposes, to make such returns, elections and submissions and do all such other acts and things as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable.

(m) ***Power to Appoint Auditors.*** The Trustee shall have the power to select and appoint and discharge and re-appoint, in its sole and absolute discretion, an auditor or auditors of the Trust and to settle and pay the fees of any such auditor or auditors from any account of the Trust.

(n) ***Form of Accounts.*** The Trustee shall have the power to determine and change from time to time, in its sole and absolute discretion, the method or form in which the accounts of the Trust will be kept and shall not be required to keep or provide accounts in the form usually required by law to be kept or provided by trustees; provided that such method or form reasonably complies with generally accepted accounting principles in effect in Canada to the extent applicable.

(o) ***Title to Assets.*** The Trustee shall have the power to cause all or any part of the Assets to be held by or registered, in its sole and absolute discretion, in the name of any Person.

(p) ***Delegation of Discretion***. The Trustee shall have the power to delegate the right and power to exercise, or concur in the exercise of any discretion or power, conferred on the Trustee in this Declaration or conferred by law to any one or more of its directors, officers, employees, agents, representatives or to such other Person, as the Trustee, in its sole and absolute discretion, may think is appropriate or advisable, including to one or more Administrative Services Agents and their respective employees, officers and directors under a related Administrative Services Agreement entered into by the Trust substantially on the basis contemplated in the Permitted Delegations Annex. In particular, the Trustee shall have the power to accept, rely on and follow the recommendations of an Electricity Distributor made under and having regard to the Permitted Delegation Annex with respect to a the identification of, and the determination of distributions (if any) to be made to, any Primary Beneficiary, except if and in so far as the Trustee has actual knowledge that (1) such Primary Beneficiary did not in fact satisfy the "Selection Factors" specified in the Principles Annex as of the applicable time of determination; and/or (ii) the amount recommended to be distributed to the Primary Beneficiary was not calculated in substantial compliance with, or was calculated in a manner that is manifestly contrary to the requirements set forth or contemplated in, the Permitted Delegation Annex or the applicable Administrative Services Agreement.

(q) ***Additional Powers.*** The Trustee shall have the power to perform and do all such other acts, to take such steps and to execute all such deeds, transfers, assignments, agreements and other documents and instruments as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable for the carrying out of any of its powers hereunder or of any of the activities of the Trust as herein contemplated, or for the carrying out, promotion or advancement of the interests of the Trust, whether or not any of such acts, things, documents or instruments are herein expressly mentioned. Any good faith determination by the Trustee as to what is necessary, desirable or appropriate to carry out its powers or activities of the Trust as contemplated under this Declaration or to carry out, promote or advance the interests of the Trust shall be conclusive. Any construction of this Declaration or any determination as to the activities of the Trust or the existence of any power or authority hereunder made in good faith by the Trustee, relying upon the advice of counsel, shall be conclusive. In construing the provisions of this Declaration, there shall be a presumption in favour of a grant of power to the Trustee.

SECTION 5
CONCERNING THE TRUSTEE

5.1 Duty of Trustee

In performing its duties and exercising its powers under this Declaration, the Trustee shall act honestly, in good faith and with a view to the best interests of the Trust and the Beneficiaries and

shall exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances (the "**Standard of Care**"). The Trustee shall observe and act in accordance with the terms of, and shall observe and comply with the limitations and restrictions set forth in, this Declaration, including having due regard to the principles set forth in the Principles Annex. To the extent that the Trustee has so delegated any of its duties or powers, it shall be deemed to have satisfied the Standard of Care in respect of the subject matter of such delegation, subject to the Trustee's overall duty as a trustee to exercise prudent oversight in relation to such delegation. Unless required by law, the Trustee will not be required to give any security, bonds or sureties in any jurisdiction for the performance of any of its duties and obligations under this Declaration. The Trustee (including the individual members of the Board of Trustees) will not be required to devote its entire time to the trust activities.

Commented [A10]: Can we please check the language here (comply with)

5.2 Limitation of Liability

The Trustee shall not be personally liable in tort, contract or otherwise to any Beneficiary or any other Person for any loss or diminution in the value of the Assets, or for any action or failure to act on the part of the Trustee or any of its employees or agents or any other Person, and shall not be subject to any personal liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses incurred by or against the Trust, howsoever arising, and resort will be had solely to the Assets for the payment, performance or satisfaction thereof. No property or assets of the Trustee, owned in its personal capacity or otherwise, will be subject to levy, execution or other enforcement procedures with respect to any obligation under this Declaration. However, the foregoing limitations in this Section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

5.3 Liability of Trustee under Contracts

Any document or instrument creating a liability or obligation of the Trust or of the Trustee will be conclusively deemed to have been executed by the Trustee only in its capacity as Trustee of the Trust and will be binding upon the Trustee only in its capacity as trustee hereunder and resort may not be had to, nor recourse or satisfaction be sought from, the property of the Trustee other than the Assets, whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Trust, or from its employees or agents, and in all cases resort will be had solely to the Assets for the payment, performance or satisfaction of any such liability or obligation. However, the foregoing limitations in this Section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct. Each document or instrument creating a liability or obligation of the Trust or of the Trustee shall contain a provision providing for the aforesaid limitation of liability.

5.4 Funds of the Trustee

The Trustee shall not be required to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers.

5.5 Indemnification of Trustee

In addition to and without limiting any other protection hereunder or otherwise by law of the Trustee and its respective employees, agents, representatives and assigns (in this Section 5.5,

collectively, the "**Representatives**"), the Trustee and its respective Representatives shall be indemnified, defended and saved harmless out of the Assets from, against and in respect of any and all liabilities arising or related to actions taken or omitted to be taken by any agent of the Trustee, losses, claims (including any claim arising out of the assessment of any tax on income by a taxing authority), damages, penalties, fines, actions, suits, demands, levies, assessments, costs, charges, expenses and disbursements (including, without limitation, any and all legal and advisor fees and disbursements) (in this Section 5.5, collectively, the "**Liabilities**") of whatever kind or nature which may at any time be suffered by, imposed upon, incurred by or asserted against the Trustee and its Representatives, whether groundless or otherwise, howsoever arising from or out of any act, omission or error of the Trustee, in each case made in connection with its acting as Trustee hereunder, in each case except and to the extent that the Liabilities are a result from or are caused by gross negligence, wilful misconduct, bad faith or breach of the Confidentiality obligations described in section 5.9. Further, except as provided in section 5.2, the Trustee shall not be liable to any Beneficiary for any loss or damage relating to any matter regarding the Trust, including any loss or diminution in value of the Assets. Notwithstanding any other provision hereof, the obligations provided for in this section 5.5 shall survive any termination of the Trust, whether by reason of removal or resignation of the Trustee, termination or discharge of this Declaration or otherwise.

5.6 Reliance upon Advice

Subject to section 5.1, in performing its duties and exercising its powers hereunder, the Trustee may rely and may act or not act, and shall be fully protected in relying and acting or not acting, upon (a) any statement, telecopy or other electronic means of communication, writing, notice, resolution, report, opinion or other document or conversation believed by its to be genuine and correct and to have been signed, sent or made by the proper Person; (b) any opinion or advice received or information obtained from auditors, solicitors, or other professional advisers, whether retained by the Trustee or otherwise, and shall not be responsible or held liable for any loss or damage resulting from so relying or acting or not acting; and (c) the advice and actions of any Administrative Services Agent, including in connection with the delegations and reliances contemplated under the Permitted Delegations Annex. For greater certainty, it shall not be necessary for the Trustee to ascertain whether or not the Persons who have executed, signed or otherwise issued, authenticated or receipted such papers, writings or documents (including any Administrative Services Agreement, License Agreement or any other contract entered into by the Trustee) have authority to do so or that they are the same Persons named therein or otherwise to pass upon any requirement of such papers, writing or documents that may be essential for their validity or effectiveness or upon the truth and acceptability.

5.7 Replacement of the Original Trustee

As soon as practicable and in any event prior to March 31, 2017, the Original Trustee shall appoint the Persons identified by the Trustee Replacement Annex to comprise the Advisory Committee contemplated therein (once constituted, the "**Advisory Committee**"). As soon as practicable thereafter, the Original Trustee shall request that the Advisory Board make recommendations with respect to the composition of the "Board of Trustees", as contemplated by the Trustee Replacement Annex. The Trustee shall have no duty or obligation to investigate the basis for any of the Advisory Committee's recommendations and may rely on such recommendations without any duty of enquiry, supervision or oversight with respect to the

Commented [A12]: Was there going to be explicit acknowledgment that the Trustee can seek external advice prior to accepting?

activities and decision-making processes adopted by the Advisory Committee in its discretion, in full satisfaction of the Original Trustee's Standard of Care with respect to such matters hereunder. Except if the Original Trustee determines that the individuals recommended by the Advisory Committee to become members of such Board of Trustees are disqualified from so acting on the basis of manifest non-compliance with the "Selection Factors" set forth in the Trustee Replacement Annex, the Original Trustee shall appoint, as members of the Board of Trustees, the [six] (five voting and one non-voting) individuals recommended for appointment to the Board of Trustees by the Advisory Committee. Upon the appointment of such [six] individuals pursuant to this provision and their agreement to act as members of the Board of Trustees, the Original Trustee shall be deemed to have resigned and shall cease to be a trustee (such resignation occurring on the "**Original Trustee Replacement Date**").

5.8 Rules and Procedures of the Board of Trustees

(a) ***Initial Requirements***. As soon as practicable and in any event no later than [one] month following the Original Trustee Replacement Date, the Board of Trustees shall meet to take such decisions and actions as they deem necessary to ensure the proper management and administration of the Trust. The date (and location if in person) of the initial meeting shall be determined by a majority of the Board of Trustees.

(b) ***Meetings.*** Subject to the Board of Trustees' discretion to make such rules and procedures that they may deem desirable, meetings of the Board of Trustees may be held at such time and place as the trustee members of the Board of Trustees may agree upon or as they may fix by resolution for the purpose or if the meeting is called as hereinafter mentioned then at such time as may be designated in the notice calling the meeting. A meeting of the Board of Trustees may be called at any time by any two members of the Board of Trustees by two Business Days' notice given to the members of the Board of Trustees. No notice of any Board of Trustees' meeting shall be necessary when a quorum is present if those comprising the quorum consent to the transaction of the affairs of the Trust and the absent trustee or trustees, if any, either before or after the meeting shall waive in writing notice of the meeting. Meetings of the Board of Trustees may be conducted in person, by telephone, or in such other manner as determined by the Board of Trustees. The Board of Trustees may elect a Chairperson.

(c) ***Quorum.*** At any meeting of the Board of Trustees, a majority of the members of the Board of Trustees shall be a quorum irrespective of the number of members in office, provided that quorum will not exist if the majority of members voting on a decision are Provincial employees or representatives, who would not be eligible to vote in any event as they are non-voting members). The decision of the majority of the members where quorum exists shall govern and shall be binding for all purposes and shall be acted upon and carried out in the same manner and with the same effect as if all the members concurred therein; provided always that in the case of equality of votes the Chairperson, if any, shall not be entitled to cast a second or deciding vote.

(d) ***Power to Adopt Rules and Procedures.*** The Board of Trustees may make such rules and procedures not inconsistent herewith as it may deem desirable for the proper management and administration of the Trust and the discharge of the responsibilities of the Board of Trustees.

(e) ***Replacement of Members of the Board of Trustees***. The Board of Trustees shall have the power to replace any vacancy arising following the Original Trustee Replacement Date according to such rules and procedures as they deem appropriate, having regard for such considerations necessary to ensure that the composition of the Board of Trustees will be able to discharge its responsibilities in respect of the Declaration. If necessary, the Board of Trustees may fill any vacancy by application to the Courts of Ontario in the event of an unfilled vacancy.

(f) ***Decisions of the Board of Trustees.*** Decisions and actions of the Board of Trustees shall be made by voting, with each individual member having one vote. Subject to quorum requirements, a majority vote shall be determinative in respect of such decisions and actions. Subject to quorum requirements, any decision or action taken by the majority of trustees will represent the decision or action of the Trustee, and not any member of the Board of Trustees.

(g) ***Conflicts of Interest.*** With respect to any matter before the Board of Trustees, to the extent of a conflict of interest, whether actual, perceived or potential, involving a member of the Board of Trustees' personal interests and a matter concerning the Trust, such member shall abstain from voting on the matter or taking any other discretionary action on the matter. For the purposes of the foregoing, no member of the Board of Trustees shall be deemed to have a conflict by reason only that the member holds any office or position with an Electricity Distributor, social services agency or governmental or quasi-governmental agency or entity (such as the Independent Electricity System Operator); provided, however, that in relation to any decision of the Board of Trustees pertaining specifically to a particular Electricity Distributor, any member of the Board of Trustees who is a director, officer or employee of the Electricity Distributor ~~shall~~ would be expected to recuse himself or herself from participating in deliberations, discussions or voting in respect of such decision.

Commented [A13]: Specific, and in the public interest, but suggested wording change so not seen as Province directing Trust (consistent with other elements of doc).

(h) ***Expense Reimbursements to Members of the Board of Trustees.*** Members of the Board of Trustees shall be entitled to reimbursement for and in respect of their out-of-pocket expenses reasonably incurred in discharging their duties and obligations as members of the Board of Trustees. Members of the Board of Trustees shall serve without compensation.

5.9 Confidentiality

Notwithstanding the resignation or removal and discharge from the trusts and powers reposed in and conferred on the Trustee by this Declaration, or the termination of this Declaration, the Trustee so resigning or removed shall continue to treat as confidential all information relating to the Trust, the Assets and the Beneficiaries and shall only be entitled to make disclosures concerning such information if disclosure is required in the performance of the functions of the resigning or removed Trustee or is ordered by a court of competent jurisdiction or is otherwise required by law. The Trustee shall not be responsible or liable to any Person for any loss or damage arising out of or in any way sustained or incurred in any way relating to any such required disclosure. The obligations arising under this section 5.9 shall survive the termination of the Trust.

5.10 Vesting in Successor Trustee

Any successor trustee (including any reconstituted Board of Trustees) shall automatically become vested with the Assets and with the same powers, rights, duties, responsibilities and

trusts as if it, he or she had originally been named as Trustee under this Declaration, without the requirement of any further instrument or act or conveyance, and the Trustee ceasing to act shall execute all such transfers and other documents and do all such other acts or things as may be necessary or desirable to assign, transfer, deliver to, and vest in, the successor trustee, upon the trusts expressed in this Declaration, all the Assets and all the rights, powers and trusts of the Trustee ceasing to act. The expense of any act, document, deed or other instrument or thing required under this Section 5.10, including for greater certainty, outstanding fees and unreimbursed expenses of the Trustee (including any member of the Board of Trustees) ceasing to act, shall be satisfied from the Assets.

5.11 Execution of Instruments

The Trustee shall have the power to execute all deeds, transfers, agreements, promissory notes and other instruments on behalf of the Trust. Such power may be exercised by any one or more Administrative Services Agents acting in accordance with any delegated right to do so pursuant to an applicable Administrative Services Agreement, and any such execution of instrument by an Administrative Services Agent, acting in such capacity as agent of the Trust pursuant to the terms and conditions of such Administrative Services Agreement shall be deemed to be a proper execution of such instrument by the Trustee and shall be binding for all purposes on the Trust.

5.12 Decisions by the Trustee

If there is more than one Trustee, decisions of the Trust may be made by a majority of Trustees. Whenever the Trustees are unable to agree in relation to the commission or omission of any act or howsoever in the execution of the Trust, the decision of a majority of the Trustees shall prevail.

SECTION 6
AMENDMENTS AND SUPPLEMENTS

6.1 Amendments

Subject to the requirements of the Transfer Payment Agreement, the Trustee shall have the power in its sole and absolute discretion from time to time without the approval of any Beneficiary or any court to amend, vary, supplement, replace or restate this Declaration in its entirety or any portion thereof.[2] Without in any way limiting the foregoing, any such amendments, variations, supplements, replacements or restatements may:

Commented [A14]: Yes, would suggest adding back the Proviso, or that subject to the consent of the province which shall not be unreasonably withheld and which will be provide in a timely fashion.

(a) add provisions for the replacement of or appointment of additional trustees to act with the Original Trustee prior to the Original Trustee Replacement Date;

(b) in the case of the Original Trustee, add provisions to those contemplated in the Trustee Replacement Annex in respect of the appointment of the members and the formation and empowerment of the Board of Trustees;

[2] **NTD:** Add back the proviso?: "; provided that no amendment shall conflict with the principles set forth in the Principles Annex or as to the scope or effect of the permitted delegations and activities of any Administrative Services Agent pursuant to the Permitted Delegations Annex."

(c) in the case of the Original Trustee, vary the terms and requirements applicable to the duties, responsibilities, obligations, liabilities, indemnities, protections, limitations, restrictions, compensation, expense reimbursements and such other matters, in each case as the Advisory Committee may indicate are necessary be made in order to attract and receive confirmation of appointment of appropriately qualified individuals that the Advisory Committee specifies are to be appointed as members of the Board of Trustees in accordance with its recommendations;

(d) add additional or replace existing Trustees;

(e) add to or reasonably clarify the principles set forth in the Principles Annex;

(f) add to or reasonably clarify the delegations and activities contemplated to be made in the Permitted Delegation Annex;

(g) include provisions for the management of the Trust by the Trustees, including the making of rules, requirements and procedures governing the decision-making of the Board of Trustees;

(h) add provisions for the replacement of members of the Board of Trustees (in addition to those provisions contemplated in section 5.7 and the Trustee Replacement Annex);

(i) provide for the engagement of any Person or Persons as managers, administrators or other service providers to the Trust, including any additional or replacement Administrative Services Agent or representative thereof;

(j) specify supplemental procedures for the identification of Primary Beneficiaries and the exchange of information with Electricity Distributors in connection with identifying such Primary Beneficiaries; or

(k) specify procedures for the transfer and transmission of funds from the Trust or any Administrative Services Agent acting on its behalf and with delegated responsibility over funds constituting Assets, to or for the benefit of, Beneficiaries or their designated representatives, payees or assignees.

6.2 Supplemental Declarations

The Trustee is authorized to execute any supplemental declaration of trust (including one or more amendments and restatements from time to time of this Declaration) to give effect to amendments to this Declaration made pursuant to section 5.1.

SECTION 7
TERMINATION

7.1 Duration

Subject to sections 7.2 and 7.3, the Trust will continue in full force and effect so long as there are any Assets and until all of the debts, liabilities and obligations of the Trust have been paid and satisfied in full.

7.2 Termination and Distribution of Assets

The Trustee shall terminate the Trust and wind up its affairs as soon as practicable after the Final Distribution Date. In connection with the termination of the Trust, the Trustee shall identify the Residual Beneficiaries and distribute or cause to be distributed the remaining Assets, in cash or in kind or partly in each, to the Residual Beneficiaries, in each case in accordance with section 3.3. Despite the foregoing, the Trust will only be terminated and wound up date after the Trustee, in its sole and absolute discretion, determines that all debts, liabilities and obligations of the Trust have been paid or otherwise adequately provided for and satisfied and upon receipt of such releases, indemnities and discharges as the Trustee, relying on the opinion of counsel, deems necessary for the protection of the Beneficiaries and for its own protection.

7.3 Distribution of Assets on Final Distribution Date

If the Trust holds Assets on the Final Distribution Date, the Trustee shall pay or provide reserves for the payment, and otherwise shall satisfy, all debts, liabilities and obligations of the Trust and shall provide or arrange to provide such releases, indemnities and discharges as the Trustee, relying on the opinion of counsel, deems necessary for the protection of the Beneficiaries and for its own protection. Thereafter, any remaining Assets shall be paid to the Residual Beneficiaries in accordance with section 3.3.

Commented [A15]: Subject to an audit to confirm amounts available for final distribution to Residual Beneficiaries?

SECTION 8
ACCEPTANCE OF TRUSTS

8.1 Acceptance of Trusts

The Trustee hereby accepts the trusts and duties contained in this Declaration and agrees to perform the same upon the terms and conditions hereof until discharged therefrom.

PRINCIPLES ANNEX

The Trustee shall have regard to **[, but shall not be specifically bound by,]** the following principles in applying its discretion in relation to the administration of the Trust:

1. Identification of Primary Beneficiary Payees

1.1 **[Except in exceptional circumstances,]** a Primary Beneficiary would not be expected to receive a benefit from the Trust unless at the time of consideration it satisfies, in addition to the requirements contemplated in the definition of "Primary Beneficiary", each of the following criteria (the "**Selection Factors**"):

(i) it has a participant agreement **[with an applicable Electricity Distributor]** to undertake measures (its "**Energy Plan**") to improve the electricity efficiency and/or promote the conservation of electricity at its Ontario residence;

(ii) its Energy Plan involves one or more Eligible Measures, as may be designated by the Trustee from time to time from;

(iii) it confirms that:

1. the primary purpose of its Energy Plan is the conservation and efficient use by the Primary Beneficiary of electricity, and is not for the purposes of the Primary Beneficiary making a profit;

2. it would otherwise not have the financial resources to undertake the Eligible Measures included in its Energy Plan; and

3. it would otherwise not be **[a HAP Eligible Person||eligible to receive amounts in respect of the Eligible Measures under HAP]**;

(iv) it has demonstrated a need for financial assistance on the basis that its periodic electricity bills represent a financial burden, relative to its available financial resources; and

(v) such other criteria as the Trustee may determine, including based on the recommendations of Electricity Distributors or other knowledgeable Persons made on the basis and having regard to the delegations contemplated by the Permitted Delegations Annex or any applicable Administrative Services Agreement.

1.2 It is recognized that, in furthering the Purpose, an efficient basis upon which to allocate funds to the Primary Beneficiaries across different areas and regions within Ontario may be based on the areas and regions serviced by the Electricity Distributors operating within Ontario.

1.3 It would not be contrary to the Purposes if funds are made available by the Trustee to the Primary Beneficiaries unequally across different areas and regions within Ontario, and it is expect that in making such an unequal division it would be appropriate to have regard to:

(i) broad economic parameters of economic activity and the specific financial resources of the residents of the areas and regions, in each case as an indication of the relative need of such residents across the areas and regions;

(ii) electricity use and efficiency levels of non-commercial electricity customers across the areas and regions;

(iii) specific regional indicators of economic weakness and need; and

(iv) such other factors as the Trustee may determine are relevant, including based on the submissions, advice and recommendations of Electricity Distributors or other knowledgeable Persons made on the basis and having regard to the delegations contemplated by the Permitted Delegations Annex or any applicable Administrative Services Agreement.

1.4 It is recognized that, in furthering the Purpose, the designated Electricity Distributor for an area or region in which a Primary Beneficiary resides would be expected to:

(i) be a reliable source for the purpose of assessing and confirming whether the Primary Beneficiary satisfies the Selection Factors;

(ii) be an efficient intermediary for the purpose of communicating with the Primary Beneficiary, including regarding the availability, terms, conditions and intended purposes of Program[3];

(iii) be able to facilitate an efficient payment of distribution determined to be made to or on behalf of the Primary Beneficiary, having regard to the Electricity Distributor's established practices, procedures and systems for dealing with its customers; and

(iv) have established contractual arrangements with the Primary Beneficiary that may apply to the protection and confidentiality of information provided by or respecting the Primary Beneficiary, which information may be useful in the consideration by the Electricity Distributor in its assessment of whether the Primary Beneficiary satisfies the Selection Factors, which information may not otherwise be available or readily accessible or verifiable by the Trustee.

1.5 It is recognized that, in furthering the Purpose, the Electricity Distributor for an area or region in which a Primary Beneficiary resides will have market and utilization information that may be useful in assessing the relative needs of Primary Beneficiaries within its area or region. Such information is expected to be relevant in assessing the extent to which one such Primary Beneficiary's financial needs and the merits of its Energy Plan are greater or more compelling than those of another such Primary Beneficiary, which comparison may be relevant to the extent that the funds allocable to the Primary Beneficiaries resident in the area or region are otherwise insufficient to meet the requests for funding by all such Primary Beneficiaries.

Commented [A16]: Re: footnote – suggestive language might be included, but avoid 'shall'

[3] **NTD:** Consider if the Trustees should control the messaging to ensure consistency across the Province.

1.6 Accordingly, it is recognized that, in furthering the Purpose, it is consistent with the Purpose that the recommendations of Electricity Distributors be utilized and relied upon by the Trustee to guide the process of identifying particular Primary Beneficiaries in making distributions to the Primary Beneficiaries.

1.7 If an Electricity Distributor for a particular area or region is unable or unwilling to assess or confirm the application of the Selection Factors to Primary Beneficiaries residing in the area or region or to make recommendations in relation to such matters, one or more of the following may provide a suitable alternative source of information and for information gathering, assessment and confirmation purposes in relation to such area or region:

(i) other Electricity Distributors operating in adjacent or other areas or regions in Ontario;

(ii) **[the Ontario Energy Board];**

(iii) the Independent Electricity System Operator; and

(iv) anyone else having relevant expertise and access to information regarding the electricity market of the Province, in each case as may be considered relevant by the Trustee.

1.8 To the extent that privacy law or other legal requirements limit an Electricity Distributor from providing or making available specific information respecting the application of the Selection Factors to a particular Primary Beneficiary or group of Primary Beneficiaries, it is recognized that, in furthering the Purpose, it may be appropriate to redact or make generic affected information regarding such Primary Beneficiary in connection with the identification and confirmation of a Primary Beneficiary's eligibility and participation in the Program. If such limitations or restrictions would limit an Electricity Distributor from providing or confirming the name of a particular Primary Beneficiary to the Trustee, then it should be sufficient that such information may be obtained or disseminated on a confidential basis if and when required by the Trustee for the proper administration of the Trust and on that basis such impediments should not disqualify a Primary Beneficiary from participating in the benefits of the Program, provided that that the confidential record-keeping of the Electricity Distributor would be available in connection with the application of any applicable legal process predicated on the identification of such Primary Beneficiary for the purposes of substantiating its rights as a Primary Beneficiary of the Trust or as to the validity or subsistence of the Trust.

2. Eligible Measures

2.1 It is expected that the Trust will identify eligible measures that, taking into consideration the principles set forth in the Principles Annex, have regard to the following (the "**Measures Factors**"):

(i) electricity cost savings **[NTD: Insert generic list of considerations relevant to the identification of the applicable spending uses].**

(ii) primary home heating sources

[Blakes: MOE may wish to consider:

(iii) **is the measure generally expected to result in improved energy conservation by a Primary Beneficiary if properly installed and used;**

(iv) **is the measure recognized under another Provincial program as being appropriate for achieving electricity conservation among a population analogous to the Primary Beneficiaries;**

(v) **has an independent source recognized the measure as being (x) energy efficient in design, (y) more energy efficient than similar products available in the market intended for similar usage, or (z) effective in promoting energy conservation;**

(vi) **does the measure present any unacceptable health or safety considerations, either with respect to the Primary Beneficiary, a party providing or installing the measure, or the physical environment;**

(vii) **is the measure broadly available to residents across different areas and regions of the Province;**

(viii) **is it reasonable to expect that the measure would, over its anticipated useful life, generate greater costs savings in respect of electricity efficiency or conservation than the cost of the measure itself; or**

(ix) **is the measure a requirement or precursor to another measure, the other measure being one which meets any of the other Measures Factors.]**

2.2 In identifying and applying the Measures Factors, Electricity Distributors would be expected to have expertise in assessing the suitability of efficiency and conservation measures in their respective areas and regions, which may differ across areas and regions across the Province based on factors (among other things) such as the climate, geography, density, electricity infrastructure, residential structures, and electricity use rates applicable within such areas or regions.

2.3 The measures specified in Schedule A to this Principles Annex may initially be considered to be consistent with the Measures Factors (subject to change as contemplated under the Permitted Delegations Annex).

3. Promotion of the Program

3.1 It is expected that the Trustee will undertake or engage others to undertake efforts to promote the availability, terms and benefits of the Program to Primary Beneficiaries.

Commented [A17]: Per comment above – could insert expectation that the Trust will provide comms materials for LDCs to use

3.2 **[NTD: Insert any expectations of the Province regarding associating the Program to the Government, including in any external communications to or marketing directed at Electricity Distributors and Primary Beneficiaries.]**

3.3 **[NTD: Indicate that the Trustee would be free to enter into License Agreements with the Province, provided that the terms of such License Agreements are consistent with the Purpose and the Program, and that such License Agreements may permit the sub-license of IP to Electricity Distributors and permit the engagement of the Province to provide services related to the use of related IP rights.]**

3.4 **[NTD: Insert any expectations regarding the observance of License Agreements]**

4. Conduct of the Trust and the Program

4.1 It is expected that administrative expenses of the Board of Trustees and its members, including any expenses relating to the Trust, to the establishment of the **[Trust][Affordability Fund]** and any expenses related to the implementation and operation of the Program, including by or through Electricity Distributors and other relevant entities, will be recognized and subject to reimbursement on a basis that is substantially consistent with the accountability provisions contemplated in the Transfer Payment Agreement and the principles in the [~~**Province's Transfer Payment Accountability Directive**~~/**Travel, Meal and Hospitality Expenses Directive**[4]], the current form of which attached as Schedule B to this Principles Annex.

4.2 The Trustee is expected to conduct its activities in a manner that complies in all material respects with the Transfer Payment Agreement, including to:

(i) act prudently and in furtherance of the Purpose;

(ii) report not less frequently than annually the results of its activities for information purposes to the Province in connection with the Program;

(iii) comply with the Province's request for any independent verification or audit if determined to be necessary or appropriate by the Province;

(iv) return of Assets that have not been distributed if it is **[determined][manifestly demonstrated by the Province]** that the Trustee has breached its Standard of Care in discharging its material duties under the Declaration, and has not cured such material breach despite having been given a reasonable opportunity by the Province to do so in light of the circumstances of such material breach, with the result that all or a significant part of the Assets have not been or are not being applied and distributed in furtherance of the Purpose or are being applied and distributed in a manner that is directly contrary or without regard to the Purpose.]

4.3 Electricity Distributors are not intended to directly profit from distributions of funds made from the Trust, although it is recognized that the objectives of electricity efficiency and conservation of Primary Beneficiaries located in the service area or region of an Electricity Distributor, and the cost savings and improved credit worthiness of such Primary Beneficiaries, may be financially beneficial to the Electricity Distributor.

Commented [A18]: Deleted reference to TP Directive as not relevant.

Commented [A19]: So if these are not honoured then the Trust would be assessed as in 'material breach'. In other words, a material break is only in connection with these requirements? If yes, should 4.2 (1) refer specifically to the principles and delegation annex?

[4] **NTD:** Ministry to confirm applicable Directive(s).

4.4 Distributions from the Trust are intended to allow receiving Primary Beneficiaries to undertake Eligible Measures at no or minimal personal cost.

4.5 Without in any way limiting the discretion of the Board of Trustees to extend the period during which the benefits of the Program may be available to the Primary Beneficiaries, up to and including the Final Distribution Date, it is expected that the Trust Assets would be distributed to Primary Beneficiaries during the period from the Original Trustee Replacement Date to **[March 31, 2019]**.

Commented [A20]: Confirm if Apr.

SCHEDULE A TO THE PRINCIPLES ANNEX
INDICATIVE ELIGIBLE MEASURES[5]

Initial Specified Measures
Block Heater Timer (just timer) – rated for outdoor use, have at least a 15 amp/1800 watt capacity, be cold weather resistant, bear a C-UL or CSA certification mark
Power bar with integrated timer, and switched power outlets, four each for a total of 8 outlets, have a total capacity of 15 amps. The switched outlets must remain "live", independent of timer settings, so long as the power bar itself remains switched on. The power bar must bear either a C-UL or CSA certification mark.
Efficient Showerheads (standard) - rated at no more than 4.8 Lpm (1.25 U.S. gpm) and be of the laminar flow type (non-aerating).
Efficient Showerhead (handheld) - rated at no more than 4.8 Lpm (1.25 U.S. gpm) and be of the laminar flow type (non-aerating).
Efficient Aerators (kitchen) - rated no more than 5.7 Lpm (1.5 U.S. gpm), dual threaded to allow installation in both thread type faucets, swivel type with pause lever.
Efficient Aerators (bathroom) - rated no more than 3.8 Lpm (1.0 U.S. gpm), be dual threaded to allow installation in both thread type faucets.
Hot Water Tank Pipe Insulation - $^1/_2$" inside diameter – foam, meets ASTM –C547-00, minimum $^3/_4$" thick
Hot Water Tank Pipe Insulation - $^3/_4$ " inside diameter - – foam, meets ASTM –C547-00, minimum $^3/_4$" thick
Hot Water Tank Insulation - fibreglass R10 (fits up to a 60 gal tank) – not bubble wrap
≤11W ENERGY STAR® Qualified LED A Shape (60W) (minimum 600 Lumen output) (Formerly: 7W – 11W ENERGY STAR® Qualified LED A Shape (60W))

[5] These measures are indicative. Eligible measures added to HAP during the administration of the Trust may also be appropriately considered relevant by the Trustee.

Initial Specified Measures
≤14W ENERGY STAR® Qualified LED A Shape (75W) (minimum 800 Lumen output) (Formerly: 10W – 14W ENERGY STAR® Qualified LED A Shape (75W))
≤23W ENERGY STAR® Qualified LED A Shape (100W) (minimum 1600 Lumen output) (Formerly:17W – 23W ENERGY STAR® Qualified LED A Shape (100W))
≤16W ENERGY STAR® Qualified LED PAR 20 (minimum 600 Lumen output) (Formerly: 8W – 12W ENERGY STAR® Qualified LED PAR 20)
≤16W ENERGY STAR® Qualified LED PAR30 & PAR38 (minimum 600 Lumen output) (Formerly: 8W – 12W ENERGY STAR® Qualified LED PAR 30)
≤23W ENERGY STAR® Qualified LED PAR (minimum 1100 Lumen output) (Formerly: 14W – 18W ENERGY STAR® Qualified LED PAR 38)
≤6W ENERGY STAR® Qualified LED MR 16 / PAR 16 (minimum 250 Lumen output) (Formerly: 7W – 10W ENERGY STAR®
Qualified LED MR 16 / PAR 16 - GU 10 Base)
≤11W ENERGY STAR® Qualified LED MR 16 (minimum 400 Lumen output) (Formerly: 7W – 12W ENERGY STAR® Qualified LED MR 16 GU 5.3 Base)
ENERGY STAR® LED Wet Location Rated PAR lamp ≤ 23 Watt (minimum 1100 Lumen output)
Recessed Downlight Fixture including LED with Light Output >600 and <800 lumens (Retrofit Measure List)
Recessed Downlight Fixture including LED with Light Output >800 lumens (Retrofit Measure List)
Indoor Drying Rack

Extended Measures
Replace refrigerator with ENERGY STAR qualified refrigerator - 15.5 - 16.9 cubic foot top freezer, automatic defrost, refrigerator/ freezer, no through the door ice service
Replace refrigerator with ENERGY STAR qualified refrigerator - 17.0 - 18.4 cubic foot top freezer, automatic defrost, refrigerator/ freezer, no through the door ice service
Replace refrigerator with a refrigerator that has a consumption level of less than 425 kwh, 10 – 12.5 cubic foot top freezer, automatic defrost, refrigerator freezer, no through the door ice service
Replace freezer with ENERGY STAR qualified freezer - 12-14.4 cubic foot freezer
Replace freezer with ENERGY STAR qualified freezer - 14.5 - 16.0 cubic foot freezer
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 6,000 – 7,999 BTU/hr with C-UL or CSA certification mark
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 8,000 – 9,999 BTU/hr with C-UL or CSA certification mark
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 10,000 – 12,000 BTU/hr with C-UL or CSA certification mark
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 14.2 - 21.2 l/day (30-44.9 pints/day) dehumidifier
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 21.3 - 25.4 l/day (45-53.9 pints/day) dehumidifier

Extended Measures
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 25.5 - 35.5 l/day (54-75 pints/day) dehumidifier

PERMITTED DELEGATION ANNEX

1. Under section 4.2(g) of the Declaration, the Trustee has the power to: **[(a) appoint, employ or retain Administrative Services Agents for the purpose of discharging its duties and obligations under the Declaration; and (b) enter into, perform, enforce and amend Administrative Services Agreements].**

2. In accordance with section 4.2(g) of the Declaration, consistent with the principles set forth in the Principles Annex, the Trustee or its agent will seek to enter into one or more Administrative Services Agreements with individual Electricity Distributors under which the Electricity Distributors will act as Administrative Service Agents to the Trustee. In this manner, the Trustee will delegate certain of its powers and duties to the Electricity Distributors.

3. Under section 5.1 of the Declaration, to the extent the Trustee has delegated any of its duties or powers, it shall be deemed to have satisfied the Standard of Care in respect of the subject matter of such delegation, subject to the Trustee's overall duty to exercise prudent oversight thereof. The Trustee is entitled to rely on an Electricity Distributor to discharge the duties delegated to it, as Administrative Services Agent, pursuant to an Administrative Services Agreement as described in this Annex.

4. Accordingly, and without limiting the Trustee's right to delegate under the Declaration and its other rights, powers and discretion as Trustee, the Trustee will be permitted to, and is expected to seek to, enter into Administrative Services Agreements with Electricity Distributors in order to further the Purpose. Without limiting the Trustee's discretion to negotiate and settle the terms and conditions of such Administrative Services Agreements, it is expected that such Administrative Services Agreements will include customary terms and conditions for an administrative services arrangement of this type and, in addition, ~~would~~ might (subject to the acceptance and agreement of the applicable Electricity Distributor counterparty) address the following points in particular:

    a. **Identification of Applicable Primary Beneficiary Payees and Determination of Individual Distribution Amounts**

        i. Each Electricity Distributor would make an initial assessment of the financial needs of Primary Beneficiaries within its designated service area or region, having regard to the Selection Factors set forth in section 1.3 of the Principles Annex, together with applicable economic data, in order to prepare and provide to the Trustee an estimate of the number of Primary Beneficiaries who the Electricity Distributor reasonably expects would satisfy the Selection Factors.

        ii. Each Electricity Distributor would make an initial assessment of the measures it would recommend be included as Eligible Measures, having regard to the Measures Factors set forth in section 2.1 of the Principles Annex, in order to prepare and provide to the Trustee an estimate of the average cost per Primary Beneficiary Payee (as defined below) of such Eligible Measures that the Electricity Distributor reasonably expects would apply in respect of Primary Beneficiaries resident in its service area or region.

Commented [A22]: Suggest wording change (AG may feel this is very specific and indicative of control)

iii. Based on the product of (i) and (ii), above, and such other considerations as it considers to be directly relevant, each Electricity Distributor would make a written recommendation to the Trustee regarding the aggregate funding amount that the Electricity Distributor anticipates would be utilized under the Program by the Primary Beneficiaries resident in its service area or region (the "**Local Funding Estimate**"). Such recommendation would be accompanied, when submitted to the Trustee, by a detailed explanation regarding the assumptions, financial parameters, suitability considerations and other information underlying the Local Funding Estimate (including the type of information contemplated by the Selections Factors and the Measures Factors, which would be relied upon by the Trustee in its assessment regarding the allocation of available funding to or for the benefit of the Primary Beneficiaries across the specified areas and regions of Ontario.

iv. The Trustee would inform the Electricity Distributor regarding the aggregate of the amount determined by the Trustee to be made available under the Program for Primary Beneficiaries in the Electricity Distributor's designated service area or region (for each Electricity Distributor, its "**Maximum Electricity Distributor Allocation**") and as to any maximum amount that may be paid to or for the benefit of any single Primary Beneficiary **[or group of related Primary Beneficiaries]** located in the servicer area or region of the Electricity Distributor (the "**Maximum Primary Beneficiary Amount**"). The Maximum Electricity Distributor Allocation and Maximum Primary Beneficiary Amount may vary between areas and regions, among the Primary Beneficiaries within such areas and regions, and may be increased by the Trustee from time to time in its discretion.

v. Each Electricity Distributor would apply the principles set forth under "Identification of Primary Beneficiary Payees" in the Principles Annex to identify and make recommendations to the Trustee regarding the amount of funds (if any) to be distributed to or for the benefit of Primary Beneficiaries resident within its service area or region from time to time (the "**Primary Beneficiary Payees**").

vi. Each Electricity Distributor would ensure that the aggregate of the amounts it recommends be distributed to or for the benefit of Primary Beneficiary Payees from time to time does not exceed (1) its Maximum Electricity Distributor Allocation and (2) for any single Primary Beneficiary **[or group of related Primary Beneficiaries]** located in the service area or region of the Electricity Distributor, the lesser of (x) the applicable Maximum Primary Beneficiary Amount and (y) the estimated costs (including any applicable taxes, but excluding any amount payable to the Electricity Distributor by or on behalf of the Primary Beneficiary) to be incurred by or on behalf of such Primary Beneficiary (whether or not such costs have been paid or remain outstanding) in respect of Eligible Measures applied or to be applied in respect of the Primary Beneficiary's Ontario residence.

vii. The Trustee would provide written confirmation to each Electricity Distributor:

1. Either (x) that the recommendations specified of the Electricity Distributor in clause (v), above, have been accepted, or (y) as to the specific reasons for any non-acceptance; and

2. The amount of the distributions to be paid to or for the benefit of each Primary Beneficiary Payee that is resident in the Electricity Distributor's service area or region.

viii. With respect to each Primary Beneficiary resident in a Electricity Distributor's service area or region that is confirmed as a Primary Beneficiary Payee, the Electricity Distributor would provide the Trustee written confirmation as to:

1. The identity of such Primary Beneficiary Payee; and

2. The amount of the distribution paid to or for the benefit of such Primary Beneficiary Payee.

ix. If the amount of a distribution to be made to a Primary Beneficiary Payee is based on the estimated costs to be incurred by or on behalf of such Primary Beneficiary and, prior to making the distribution to the Primary Beneficiary Payee, the Electricity Distributor determines that the actual costs (including any applicable taxes but excluding any amount payable to the Electricity Distributor by or on behalf of the Primary Beneficiary) incurred or to be incurred by or on behalf of such Primary Beneficiary in respect of Eligible Measures applied or to be applied in respect of the Primary Beneficiary's Ontario residence has or would be less than such estimated costs, then the amount to be distributed to the Primary Beneficiary shall be based on such actual costs.

b. **Making of Distributions to Primary Beneficiaries**

i. It is expected that promptly after the Trustee confirms the identity of a Primary Beneficiary Payee resident in an Electricity Distributor's service area or region and the amount of the distribution to be paid to or for the benefit of such Primary Beneficiary Payee, the Trustee would arrange for payment to or on the direction of the Electricity Distributor of an amount equal to the amount of such distribution.

ii. It is expected that promptly upon receipt of funds in respect of a distribution to be made to a Primary Beneficiary Payee, the Electricity Distributor would arrange for payment of the full amount of such distribution to or for the benefit of the Primary Beneficiary Payee (including by direct payment to a third party of, or as a reimbursement or rebate of, the costs of applicable Eligible Measures installed at the residence of and for the benefit of the Primary Beneficiary Payee), without reduction or set-off by the Electricity Distributor.

iii. If the amount paid to an Electricity Distributor in respect of a distribution to be made to a Primary Beneficiary exceeds the actual amount of the

distribution made to or on behalf of the Primary Beneficiary, it is expected that the Trustee would require Electricity Distributor to promptly return such excess to the Trustee, whereupon the proceeds of such returned amount shall continue to form part of the Assets.

c. **Promotion of the Program**

   i. **[NTD: Insert any specific items regarding the use of IP by Electricity Distributors]**

d. **Establishment of Operational, Administrative, Record-Keeping and Other Systems and Policies by Electricity Distributors to facilitate the Program**

   i. It is expected that the Electricity Distributor would establish such operational, administrative, record-keeping and other systems and policies as are necessary to facilitate the Program and perform its duties under the Administrative Services Agreement, including systems or policies to: identify Primary Beneficiary Payees; comply with applicable privacy and regulatory laws; communicate with Primary Beneficiaries on behalf of the Trust; assess Eligible Measures; determine the Local Funding Estimate; monitor its recommendations to the Trustee against its Maximum Electricity Distributor Allocation and the Maximum Primary Beneficiary Amount; receive funds from the Trust in respect of distributions to the Primary Beneficiary Payees and transfer such funds to the appropriate recipients for the benefit of the Primary Beneficiary Payees; preparation and timely delivery to Primary Beneficiary Payees of such documents as are required by the *Income Tax Act* (Canada); and create and maintain records in respect of the foregoing.

   ii. The Electricity Distributor would set up a separate bank account for the purpose of receiving funds from the Trust in respect of distributions to the Primary Beneficiary Payees and the transfer of such funds to the appropriate recipients for the benefit of the Primary Beneficiary Payees.

e. **Reporting, Record-Keeping, Inspection and Disclosure and Compliance Matters**

   i. The Electricity Distributor would provide record-keeping, clerical and bookkeeping services relating to all matters relating to its recommendations and the performance of its other duties and obligations under its Administrative Services Agreement.

   ii. The Electricity Distributor would keep and maintain all financial records and non-financial documents and records relating to the provision of services under its Administrative Services Agreement. **[NTD: Consider specifying any particular records regarding individual Primary Beneficiary Payees needed to ensure the proper function of the Trust or the Program]**

   iii. The Electricity Distributor would provide to the Trustee quarterly and annual reports ("**Reports**") for the duration of its Administrative Services Agreement. Such Reports would set out, among other things, the amounts of

the distributions paid to or for the benefit of applicable Primary Beneficiary Payees, the average distribution amount per such Primary Beneficiary Payee, the Eligible Measures for which distributions have been made, and the uptake of energy efficiency measures.

iv. The Electricity Distributor would agree to provide to the Trustee such information as is necessary for the Trustee to (v) comply with applicable law; (w) prepare financial statements for the Trust; (x) prepare and submit such documents as are required under the *Income Tax Act* (Canada); (y) comply with the Trust's applicable obligations under the Transfer Payment Agreement; and (z) such other matters as the Trustee reasonably requests.

v. The Trustee, its authorized representatives or an independent auditor would be permitted to, at its own expense, on twenty-four hours' notice to the Electricity Distributor and during normal business hours, inspect the records of and information respecting the Electricity Distributor to confirm its compliance with the Administrative Services Agreement, including regarding its processes for recommending the Primary Beneficiary Payees and their respective distribution amounts and regarding the delivery of Trust funds on behalf of the Trustee to or for the benefit of the Primary Beneficiary Payees.

f. **Standard of Care**

i. The Electricity Distributor would be required to agree to perform its duties provided under the Administrative Services Agreement exercising the degree of care, diligence and skill that a reasonably prudent Person would exercise in comparable circumstances.

ii. In performing its duties under the Administrative Services Agreement (including the recommending of Primary Beneficiary Payees to the Trustee), the Electricity Distributor would be required to agree to seek to avoid actual, potential or perceived conflicts of interest.

iii. The Electricity Distributor would be required to agree to that it would not, in performing its obligations under the Administrative Services Agreement, take any action which it knows or ought reasonably to know would cause the Trustee or the Trust to be in violation of any law, rule or regulation applicable to it.

g. **Expenses**

The Electricity Distributor would be eligible to receive reasonable compensation and reimbursement of its actual out-of-pocket costs associated with the performance of its duties and obligations under the Administrative Services Agreement, subject to compliance with requirements substantially equivalent to the Province's Travel, Meal and Hospitality Expenses Directive. Such compensation amounts and reimbursement entitlements would be specified in the Administrative Services Agreement.

h. **Representations**

The Electricity Distributor would make customary representations to the Trust regarding, among other things, its legal capacity; authorization; non-contravention of law or material contract to which it is a party; and the enforceability of the Administrative Services Agreement.

i. **Indemnification**

The Electricity Distributor would be required to agree to provide customary indemnities to the Trust and the Trustee from and against claims, damages and liabilities which may the Trust or Trustee may suffer or incur as the result of any breach of the Administrative Services Agreement by the Electricity Distributor or its representatives.

[NTD: MOE, please advise whether you wish to address any of the following matters upfront in an administrative services agreement: (1) LDC compliance with privacy law requirements/ money laundering laws; (2) legal representation if joined in any product warranty claims (i.e., to the extent the Trust is sued in connection with a purchase of Eligible Measures); (3)specific manner of flowing money to manufacturers and suppliers of Eligible Measures;(4) logistics of banking and cash flow mechanics and related record-keeping; (5) production of information for Trustee to satisfy legal requirements applicable to the Trust (i.e., tax; record keeping); (6) preparation of tax remittances for beneficiaries (applicable?);(7) required communications to Primary Beneficiaries on behalf of the Trust (including to comply with applicable laws);(8) preparation and submission of applications, etc., that may be contemplated by the Program; and (9) LDC fault-based termination scenarios]

Hi everyone. Here are revised versions of the Declaration and the TPA, which try to reflect the consolidated comments passed on over the past few days. Please note that the attached blacklines show changes back to the versions of these documents we last circulated (early Thursday, see below). I appreciate that you may have been working with a later version, but I have gone back to the earlier versions so we can get everyone onto the same page. Also, please let me know if you would like to see the cumulative bubble notes (Track Changes) from earlier versions – we can generate these separately if useful, but our 'cleaning software' has automatically deleted these in making this particular circulation of documents. Lastly, I do not have Michel (KPMG)'s coordinates (I was copied into the appointment yesterday so my invite does not include all of the attendees). Would one of you please forward this to Michel (cc. me) and anyone else who should be looking at these drafts at this time. Regards, Steve

Hi David, Paul,

Find attached our comments on Blake's edits and comments on the TPA and the Trust Declaration. Also attached is the one time AG guidance on accounting principles (we realize Blakes may already have this, but OPCD's comments refer to this document).

Could you kindly share these with Blakes this evening. We have left some placeholders for additional input from CSD and OPCD (cc'd) and will look to provide additional comments at our call tomorrow with Blakes.

Our comments to the Trust Deed are on top of a clean version Blakes had sent. Our comments on the TPA are on top of a tracked version Blakes had sent. Apologies for the inconsistency – we ran into some version control issues on our end.

Charlotte (cc'd) will be in touch with regards to setting up a call with Blakes, as well as LSB, CSD and OPCD, tomorrow morning.

Thank you,
Emma

ONTARIO TRANSFER PAYMENT AGREEMENT

THE AGREEMENT, effective as of the • day of March, 2017 (the **"Effective Date"**)

B E T W E E N :

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy

(the "Province")

- and -

Computershare Trust Company of Canada, in its capacity as trustee of Affordability Fund Trust

(together with its successors and assigns, the "Recipient" and, together with the Province, the "Parties")

BACKGROUND

Computershare Trust Company of Canada is the original trustee of the Affordability Fund Trust.

The Province wishes to provide Funds to the Recipient to be held, invested, applied and distributed in accordance with the terms of the Declaration of Trust (defined below), in furtherance of the Purpose (as defined in the Declaration of Trust), including having regard to the Principles set forth in Annex A.

CONSIDERATION

In consideration of the mutual covenants and agreements contained in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is expressly acknowledged, the Parties agree as follows:

ENTIRE AGREEMENT

This agreement (as amended, restated, supplemented or otherwise modified from time to time, the **"Agreement"**), including:

Schedule "A" - General Terms and Conditions
Schedule "B" - Project Specific Information
Schedule "C" - Project - Certain Obligations of the Recipient
Schedule "D" - Budget
Schedule "E" - Payment Plan
Schedule "F" - Reporting
Annex "A" - Principles, and
any amending agreement entered into as provided for below,

constitutes the entire agreement between the Parties with respect to the subject matter contained in this Agreement and supersedes all prior oral or written representations and agreements.

COUNTERPARTS

The Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

AMENDING THE AGREEMENT

The Agreement may only be amended by a written agreement duly executed by the Parties.

ACKNOWLEDGEMENT

The Recipient:

(a) acknowledges that it has read and understands the provisions contained in the entire Agreement; and

(b) agrees to be bound by the terms and conditions contained in the entire Agreement.

IN WITNESS WHEREOF, the Parties have executed the Agreement on the dates set out below.

SCHEDULE "A"
GENERAL TERMS AND CONDITIONS

1.0 INTERPRETATION AND DEFINITIONS

1.1 Interpretation. For the purposes of interpretation:

(a) words in the singular include the plural and vice-versa;

(b) words in one gender include all genders;

(c) the headings do not form part of the Agreement; they are for reference only and will not affect the interpretation of the Agreement;

(d) any reference to dollars or currency will be in Canadian dollars and currency;

(e) "include", "includes" and "including" denote that the subsequent list is not exhaustive;

(f) where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Affordability Fund Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust, and, where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust; and

(g) [it is intended that the transfer of the Funds to the Recipient will be a transfer made to a "non-controlled trust" (as that term is given meaning in • applicable to the accounting rules and principles applicable to the Province as of the date of the Agreement), and so if a term or condition of the Agreement is determined to conflict with the requirements applicable to the Province recording the transfers to the Recipient of Funds contemplated hereunder as an expense incurred by the Province on the date of the transfer of Funds under the Agreement otherwise in connection with activities undertaken by the Province with such a "non-controlled trust", then such term or condition shall be given a meaning and shall have an effect insofar as it is possible to interpret such term or condition in a manner that eliminates such conflict while preserving the other provisions of the Agreement and furthering the Purpose.][1]

1.2 Definitions. In the Agreement, the following terms will have the following meanings:

"Affordability Fund Trust" means the trust established and governed by the Declaration of Trust, and for greater certainty includes such trust operating under any other name that may be designated from time to time by the Trustee in accordance with the Declaration of Trust.

"BPSAA" means the Broader Public Sector Accountability Act, 2010 (Ontario).

"**Beneficiary**" has the meaning given to such term in the Declaration of Trust.

"Budget" means the Recipient's budget attached to the Agreement as Schedule "D".

"Business Day" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day and any other day on which the Province has elected to be closed for business.

[1] NTD: Consider if this sort of fail-safe is helpful.

"**Declaration of Trust**" means the declaration of trust made as of March [•], 2017, under which the Affordability Fund Trust was established by the Trustee, as such declaration of trust may be amended, restated, supplemented or otherwise modified from time to time with the consent of the Province.

"Expiration Date" means the date on which this Agreement will expire and is the date set out in Schedule "B".

"Funds" means the money the Province provides to the Recipient pursuant to the Agreement.

"Maximum Funds" means the maximum amount of Funds that the Province will provide the Recipient under the Agreement, as set out in Schedule "B".

"Notice" means any communication given or required to be given pursuant to the Agreement.

"Party" means either the Province or the Recipient.

"**Person**" includes any individual, sole proprietorship, corporation, partnership, joint venture, association, society, club, board, chamber, joint-stock company, trust, trustee, unincorporated or incorporated organization or entity or government or any entity, agency or political subdivision thereof.

"**Program**" has the meaning given to such term in the Declaration of Trust.

"Project" means the undertaking described in Schedule "C".

"**Purpose**" has the meaning given to such term in the Declaration of Trust.

"PSSDA" means the *Public Sector Salary Disclosure Act, 1996* (Ontario).

"Reports" means the reports described in Schedule "F".

"**Trustee**" means, initially, Computershare Trust Company of Canada, and any additional or replacement trustee in its capacity as trustee of the Affordability Fund Trust pursuant to the Declaration of Trust, including the Board of Trustees (as defined in the Declaration of Trust) and each of their respective successors and permitted assigns.

2.0 REPRESENTATIONS, WARRANTIES AND COVENANTS

2.1 General. The Recipient represents, warrants and covenants that:

(a) the Trustee is the trustee of the Affordability Fund Trust; and

(b) the Affordability Fund Trust is, and will continue to be for the term of the Agreement, a trust existing under and governed by the laws of the Province of Ontario.

2.2 Execution of Agreement. The Recipient represents and warrants that it has:

(a) the full power and authority to enter into the Agreement; and

(b) taken all necessary actions to authorize the execution of the Agreement.

2.3 Governance. The Recipient represents, warrants and covenants that it has, and will maintain, in writing for the period during which the Agreement is in effect:

(a) decision-making mechanisms and procedures to enable the Recipient to hold, invest, manage, apply and distribute the Funds in accordance with the Declaration of Trust in furtherance of the Purpose; and

(b) procedures to enable the preparation and delivery of all Reports required pursuant to Article 5.0.

2.4 Supporting Documentation. Upon request, the Recipient will provide the Province with proof of the matters referred to in this Article 2.0.

3.0 TERM OF THE AGREEMENT

3.1 Term. The term of the Agreement will commence on the Effective Date and will expire on the later of the Expiration Date and the date on which the Affordability Fund Trust is terminated in accordance with the Declaration of Trust.

3.2 Extension. The term of the Agreement may be extended by further agreement between the Parties.

3.3 Extension of the Declaration of Trust. If the Province determines that an extension of the Declaration of Trust (beyond the "Final Distribution Date" and time for termination, each as specified or determined thereunder) is consistent with and in furtherance of the Purpose and the Province's original intentions and expectations in establishing the Project, the Province may request that the Recipient extend the Declaration of Trust to a date specified by the Province in a Notice (such date not to be later than •), whereupon the Recipient, so long as the Trustee does not have a reasonable basis to believe that such an extension would be inconsistent with the Purpose or weaken the protections intended for the benefit of the Trustee pursuant to the Declaration of Trust, will undertake such actions as it may consider to be necessary or appropriate to so extend the Declaration of Trust, including by amending the Declaration of Trust to provide for such an extension and to modify any other term or requirement as would be necessary or prudent to conform such term or requirement in light of such extension.

4.0 FUNDS AND CARRYING OUT THE PROJECT

4.1 Funds Provided. The Province will:

(a) provide the Recipient up to the Maximum Funds to be held, invested, applied and distributed in accordance with the terms of the Project and the Declaration of Trust;

(b) provide the Funds to the Recipient in accordance with the Payment Plan attached to the Agreement as Schedule "E"; and

(c) deposit the Funds into an account designated by the Recipient, provided that the account:

(i) resides at a Canadian financial institution; and

(ii) is in the name of the Recipient.

4.2 Limitation on Payment of Funds. Despite section 4.1, the Province is not obligated to provide any Funds to the Recipient until the Requirements (as specified and defined in Schedule C) have been satisfied.

4.3 Use of Funds and Project. The Recipient will use, apply and distribute the Funds only for and in furtherance of the Purpose, including having regard to the Principles set forth in Annex A.

4.4 Province's Role Limited to Providing Funds. For greater clarity, the Province's role under the Agreement is limited to providing Funds to the Recipient and the Province is not responsible for carrying out or overseeing the terms of the Declaration of Trust.

4.5 Maximum Funds. The Recipient acknowledges that the Funds available to it pursuant to the Agreement will not exceed the Maximum Funds.

4.6 Funding, Not Procurement. For greater clarity, the Recipient acknowledges that:

(a) it is receiving funding from the Province for the Project and is not providing goods or services to the Province[2]; and

(b) the funding the Province is providing under the Agreement is funding for the purposes of the PSSDA.

5.0 RECIPIENT'S ACQUISITION OF GOODS OR SERVICES, AND DISPOSAL OF ASSETS

5.1 Acquisition. If the Recipient acquires goods, services, or both with or by applying the proceeds of the Funds, it will do so through a process that promotes the best value for money and will take reasonable steps to ensure that its Administrative Services Agents also follow a process that promotes the best value for money when acquiring goods and services with or by applying the proceeds of the Funds.

6.0 CONFLICT OF INTEREST

6.1 No Conflict of Interest. The Recipient will carry out the Program and use, apply and distribute the Funds without an actual, potential or perceived conflict of interest.

6.2 Conflict of Interest Includes. For the purposes of this Article, a conflict of interest includes any circumstances where:

(a) the Recipient; or
(b) any person who has the capacity to influence the Recipient's decisions[3],
has outside commitments, relationships or financial interests that could, or could be seen to, interfere with the Recipient's objective, unbiased and impartial judgment relating to the Project, or the Recipient's use, application or distribution of the Funds, or both.

6.3 Disclosure to Province. The Recipient will disclose to the Province, without delay, any situation that a reasonable person would interpret as an actual, potential or perceived conflict of interest.

7.0 REPORTING, ACCOUNTING AND REVIEW

7.1 Preparation and Submission. The Recipient will:

(a) submit to the Province at the address referred to in Schedule "B", all Reports in accordance with the timelines and content requirements set out in Schedule "F", or in a form as specified by the Province from time to time;

(b) submit to the Province at the address referred to in Schedule "B", any other reports as may be requested by the Province from time to time in accordance with the timelines and content requirements specified by the Province;

---

[2] NTD: Consider in relation to promotional objectives and in the context of any License Agreement.
[3] NTD: Need to consider how this works in relation to Administrative Services Agents. Is the intention that the Trustee will be in breach of the Agreement if an Administrative Services Agent is itself in a conflict, or should this be recast to require the Trustee to seek remedies (i.e., termination) if an Administrative Agent is determined to be (diligence requirement?) in breach of the conflicts of interest requirements contemplated in the Permitted Delegations Annex?

(c) ensure that all Reports and other reports are completed to the satisfaction of the Province; and

(d) ensure that all Reports and other reports are signed on behalf of the Recipient by an authorized signatory.

7.2 Record Maintenance. The Recipient will keep and maintain financial and other records necessary to permit it to satisfy its obligations under section 7.1 and to permit the Province to exercise its rights under section 7.3.

7.3 Inspection. The Province, its authorized representatives or an independent auditor identified by the Province may, at its own expense, upon twenty-four hours' Notice to the Recipient and during normal business hours, inspect the records of and information respecting the Recipient to confirm its compliance with the terms of this Agreement, including to ensure consistency with the Purpose and, for these purposes, the Province, its authorized representatives or an independent auditor identified by the Province may take one or more of the following actions:

(a) inspect and copy the records and documents referred to in section 7.2;

(b) keep any copies made pursuant to section 7.3(a); and

(c) conduct an audit or investigation of the Recipient in respect of the expenditure of the Funds to confirm that the Funds have been used, applied and distributed for and in furtherance of the Purpose, including a review of the Trust's processes, records, documents and information to ensure that funds disbursed to Electricity Distributors were used, applied and distributed for and in furtherance of the Purpose.

7.4 Disclosure. To assist in respect of the rights set out in section 7.3, the Recipient will disclose any information requested by the Province, its authorized representatives or an independent auditor identified by the Province, and will do so in the form requested by the Province, its authorized representatives or an independent auditor identified by the Province, as the case may be.

7.5 No Control of Records. No provision of the Agreement will be construed so as to give the Province any control whatsoever over the Recipient's records.

7.6 Auditor General. For greater certainty, the Province's rights under this Article are in addition to and do not limit any rights[4] provided to the Auditor General pursuant to section 9.1 of the *Auditor General Act* (Ontario).

8.0 COMMUNICATIONS REQUIREMENTS

8.1 Publication. The Recipient will indicate, in any of its Program -related publications, whether written, oral, or visual, that the views expressed in the publication are the views of the Recipient and do not necessarily reflect those of the Province.[5]

9.0 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

9.1 FIPPA. The Recipient acknowledges that the Province is bound by the *Freedom of Information and Protection of Privacy Act* (Ontario) and that any information provided to the Province in connection with the Project or otherwise in connection with the Agreement may be subject to disclosure in accordance with that Act.

---

[4] NTD: Does the AG have any authority in respect of an non-controlled trust? If not, this probably needs to be rephrased so that the Trustee agrees to facilitate the Province's compliance with this statutute.
[5] NTD: Consider in light of possible additions to the Declaration/Principles regarding the promotion of the Program.

10.0 INSURANCE

10.1 Insurance. The Recipient [has made enquiries to confirm][believes] that insurance policies of the type contemplated in Schedule C are generally available in Canada.[6]

11.0 EVENT OF DEFAULT, CORRECTIVE ACTION AND TERMINATION FOR DEFAULT

11.1 Events of Default. An Event of Default will occur if:

(a) the Recipient fails to perform or observe any covenant in this Agreement and such failure has and continues to have a material adverse effect on the Province and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(b) any representation or warranty made by the Recipient in the Agreement shall prove to have been incorrect in any material respect when made or deemed made, and, if capable of remedy, continues to be incorrect in any material respect during any Notice period applicable under section 11.2 after the earlier to occur of (i) the actual knowledge thereof by the Recipient or (ii) receipt by the Recipient of Notice thereof from the Province;

(c) it is [determined][manifestly demonstrated by the Province] that the Recipient has breached its Standard of Care (within the meaning given in and context of the Declaration of Trust) in discharging its material duties under the Declaration of Trust, with the result that all or a significant part of the Funds have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose, and, if such breach is capable of remedy, it continues and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(d) an [Insolvency Event] shall have occurred and be continuing with respect to the Recipient.

11.2 Consequences of Events of Default and Corrective Action. If an Event of Default occurs, the Province may, at any time, take one or more of the following actions:

(a) provide the Recipient with Notice allowing the Recipient an opportunity to remedy the Event of Default during a specified Notice Period[7];

(b) seek an order of specific performance, including an order that the Recipient pursue its available remedies under the Agreement against third parties;

(c) require, by Notice of demand, that the Recipient transfer to the Province (without any need for compensation, indemnity or consideration to the Recipient or any Beneficiary or other third party) any and all Assets remaining in the possession or under the control of the Recipient [that can reasonably be traced or attributed to the Funds][after first providing for the completion and performance by the Recipient of any unperformed contractual obligations of the Recipient undertaken in compliance with the Declaration of Trust on or prior to transfer]; and

(d) terminate the Agreement, including immediately, without liability, penalty or costs to the Province upon giving Notice to the Recipient.

---

[6] NTD: Consider if this is helpful from an accounting perspective.
[7] NTD: Consider whether to provide for a notice period within the specific Events of Default, rather than making cures entirely in the Provinces discretion.

The transfer of Funds in accordance with the Agreement is made by the Province with the expressed intention and reservation that the transferred Funds shall be returned to the Province and the entitlements of the Recipient in remaining Funds shall thereby be revoked with reversion thereof to the Province in the circumstances contemplated in Section 11.2(c).

11.3 Opportunity to Remedy. If, in accordance with section 11.2, the Province provides the Recipient with an opportunity to remedy the Event of Default, the Province will provide Notice to the Recipient of:

(a) the particulars of the Event of Default; and

(b) the Notice Period.

11.4 Recipient not Remedying. If the Province has provided the Recipient with an opportunity to remedy the Event of Default pursuant to section 11.2(a), and:

(a) the Recipient does not remedy the Event of Default within the Notice Period;

(b) it becomes apparent to the Province that the Recipient cannot adequately remedy the Event of Default within the Notice Period; or

(c) the Recipient is not proceeding to remedy the Event of Default in a way that is satisfactory to the Province,

the Province may extend any Notice period, or initiate any one or more of the actions provided for in section 11.2.

12.0 REPAYMENT

12.1 Debt Due. If, pursuant to the Agreement: the Province demands the payment of any Funds from the Recipient pursuant to section 11.2(c) such Funds or other amount will be deemed to be a debt due and owing to the Province by the Recipient, and the Recipient will pay or return the amount to the Province immediately, unless the Province directs otherwise.

12.2 Interest Rate. The Province may charge the Recipient interest on any money owing by the Recipient at the then current interest rate charged by the Province of Ontario on accounts receivable.

12.3 Payment of Money to Province. The Recipient will pay any money owing to the Province by cheque payable to the "Ontario Minister of Finance" and delivered to the Province at the address referred to in **[Schedule "B"]**.

12.4 Failure to Repay. Without limiting the application of section 43 of the Financial Administration Act (Ontario), if the Recipient fails to repay any amount owing under the Agreement, Her Majesty the Queen in right of Ontario may deduct any unpaid amount from any money payable to the Recipient by Her Majesty the Queen in right of Ontario. [8]

13.0 NOTICE

13.1 Notice in Writing and Addressed. Notice will be in writing and will be delivered by email, postage-prepaid mail, personal delivery or fax, and will be addressed to the Province and the Recipient respectively as set out in Schedule "B", or as either Party later designates to the other by Notice.

13.2 Notice Given. Notice will be deemed to have been given:

[8] NTD: Discuss.

(a) in the case of postage-prepaid mail, five Business Days after the Notice is mailed; or

(b) in the case of email, personal delivery or fax, one Business Day after the Notice is delivered.

13.3 Postal Disruption. Despite section 13.2(a), in the event of a postal disruption:

(a) Notice by postage-prepaid mail will not be deemed to be received; and

(b) the Party giving Notice will provide Notice by email, personal delivery or by fax.

14.0 SEVERABILITY OF PROVISIONS

14.1 Invalidity or Unenforceability of Any Provision. The invalidity or unenforceability of any provision of the Agreement will not affect the validity or enforceability of any other provision of the Agreement. Any invalid or unenforceable provision will be deemed to be severed.

15.0 WAIVER

15.1 Waivers in Writing. If a Party fails to comply with any term of the Agreement, that Party may only rely on a waiver of the other Party if the other Party has provided a written waiver in accordance with the Notice provisions in Article 13.0. Any waiver must refer to a specific failure to comply and will not have the effect of waiving any subsequent failures to comply.

16.0 INDEPENDENT PARTIES

16.1 Parties Independent. The Recipient acknowledges that it is not an agent, joint venturer, partner or employee of the Province, and the Recipient will not represent itself in any way that might be taken by a reasonable person to suggest that it is, or take any actions that could establish or imply such a relationship.

17.0 ASSIGNMENT OF AGREEMENT OR FUNDS

17.1 Agreement Binding. All rights and obligations contained in the Agreement will extend to and be binding on the Parties' respective heirs, executors, administrators, successors and permitted assigns.

18.0 LIMITATION OF LIABILITY

18.1 This Agreement has been entered into by the Trustee solely in its capacity as trustee of the Recipient and is not binding on the Trustee in any other capacity, whether in tort, contract or otherwise. **The Beneficiaries of the Recipient are not subject to any liability in respect of the Recipient.** Resort may not be had to, nor recourse or satisfaction be sought from, the private property of the Trustee (whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Recipient), its directors, officers, employees, or agents, or the private property of any Beneficiary, and resort will be had solely to the property of the Recipient held in trust by the Trustee for the payment, performance or satisfaction of any liability or obligation of the Recipient or the Trustee under this Agreement. However, the foregoing limitations in this section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

19.0 GOVERNING LAW

19.1 Governing Law. The Agreement and the rights, obligations and relations of the Parties will be governed by and construed in accordance with the laws of the Province of Ontario and the applicable federal laws of Canada. Any actions or proceedings arising in connection with the Agreement will be conducted in the courts of Ontario, which will have exclusive jurisdiction over such proceedings.

20.0 FURTHER ASSURANCES

20.1 Agreement into Effect. The Recipient will provide such further assurances as the Province may request from time to time with respect to any matter to which the Agreement pertains, and will otherwise do or cause to be done all acts or things necessary to implement and carry into effect the terms and conditions of the Agreement to their full extent.

20.2 Declaration of Trust. The Trustee covenants that it shall not amend, restate or terminate the Declaration of Trust without obtaining the written consent of the Province in respect of same.

21.0 JOINT AND SEVERAL LIABILITY

21.1 Joint and Several Liability. Where the Recipient is comprised of more than one entity, all such entities will be jointly and severally liable to the Province for the fulfillment of the obligations of the Recipient under the Agreement.[9]

22.0 RIGHTS AND REMEDIES CUMULATIVE

22.1 Rights and Remedies Cumulative. The rights and remedies of the Province under the Agreement are cumulative and are in addition to, and not in substitution for, any of its rights and remedies provided by law or in equity.

23.0 ACKNOWLEDGEMENT OF OTHER LEGISLATION AND DIRECTIVES

23.1 Recipient Acknowledges. The Recipient acknowledges that by receiving Funds it may become subject to legislation applicable to organizations that receive funding from the Government of Ontario, including the BPSAA, the PSSDA, and the *Auditor General Act* (Ontario).

24.0 SURVIVAL

24.1 Survival. The following Articles and sections, and all applicable cross-referenced sections and schedules, will continue in full force and effect for a period of seven years from the date of expiry or termination of the Agreement: Article 1.0 and any other applicable definitions, section, 4.5, section 7.1 (to the extent that the Recipient has not provided the Reports to the satisfaction of the Province), sections 7.2, 7.3, 7.4, 7.5, 7.6, Article 8.0, Article 12.0, Article 14.0, Article 16.0, Article 17.0, Article 19.0, Article 20.0, Article 21.0 and Article 24.0. SCHEDULE "C"

PROJECT

For the purposes of this Agreement, the "Project" is the distribution of the Funds in accordance with the Declaration of Trust.

It is intended the Project will be undertaken by the Recipient in furtherance of the Purpose and in accordance with the Declaration of Trust. In this regard, it is expected that the Recipient will undertake the Program having regard to the Budget and the Principles set forth in Annex A.

Notwithstanding anything to the contrary contained in the Agreement or the Declaration of Trust, until such time as each of the following conditions have been completed to the satisfaction of or waived by the Province (the "**Requirements**"), the Recipient shall not distribute any Funds to any Beneficiary.

1. The Original Trustee Replacement Date (as defined in the Declaration of Trust) shall have occurred.

2. An administrative services agreement[10] shall have been entered into between the Recipient and an Administrative Services Agent providing for the administrative services necessary for the Recipient to perform its obligations herein and execute the Project.

3. Procedures have been developed and implemented under which Electricity Distributors (as defined in the Declaration of Trust) will be invited to assist with (a) the identification and selection of Primary Beneficiaries under the Declaration of Trust, (b) the determination of the amount of Funds to be distributed to particular Primary Beneficiaries, and (c) the distribution of Funds to or for the benefit of such Primary Beneficiaries (in each case on the basis contemplated in the Permitted Delegations Annex).

4. The Recipient has obtained commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage. To demonstrate satisfaction, the Recipient will provide the Province with certificates of insurance, or other proof as may be requested by the Province, that confirms such insurance coverage and will make available to the Province a copy of each applicable insurance policy.

Each of the Requirements may be accomplished by the Recipient entering into such agreements as may be necessary or expedient, including any required amendment or amendment and restatement of the Declaration of Trust that the Trustee determines is reasonably required in order to accomplish the Requirements. The Province shall provide notice in writing to the Recipient when the Requirements have been completed to the satisfaction of the Province. Funds may be expended to pay the expenses of the Trustee in completing the Requirements.

[10] NTD: Consider this in light of the need for individual administrative services agreements with each of the Electricity Distributors. This may relate to the original idea that a single administrative services agreement would be entered into with Hydro One.

SCHEDULE “D”

Recipient’s Budget

1. It is expected that the administrative expenses of the Fund, including any administrative expenses of the Recipient (or any administrative services agents or other agents retained by the Recipient), relating to the establishment of the Affordability Fund Trust and satisfying the Requirements (as defined in Schedule “C”) and any expenses related to the operation of the Trust and the execution of the Project (including any reimbursable expenses incurred by any Administrative Services Agent (as such terms are defined in the Declaration of Trust), will be no greater than 10 percent of the total Project budget.

2. The only expenditures incurred by the Recipient that are eligible for reimbursement are actual (excluding HST) administrative overhead expenses incurred by or on behalf of the Recipient that directly related to the Recipient or the establishment of the Affordability Fund Trust.

4. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.

5. It is expected any travel, meals and hospitality expenses by the Recipient will be consistent with the Province’s Travel, Meal and Hospitality Expenses Directive. Entities receiving funding from the Recipient are also expected to adhere to the Province’s Travel, Meal and Hospitality Expenses Directive and the Recipient is expected to request the same of such Entities. Alcohol and First-Class travel are not considered eligible claims and disbursements for hospitality, incidental or food expenses shall not be covered by the Funds, including the following:

    - Meals, snacks and beverages
    - Gratuities
    - Laundry or dry cleaning
    - Valet services
    - Dependent care
    - Home management
    - Personal telephone calls

6. In the event that the Recipient performs any procurements, it is expected that all procurements will reflect the principles of Ontario’s Public Service Procurement Directive.

SCHEDULE “E”

PAYMENT PLAN

PAYMENT DATE	MAXIMUM FUNDS TO BE DISBURSED BY THE PROVINCE
Within 7 days of signing the Agreement	$ 100,000,000[11]

[11] Investment income and proceeds of the Funds are to be applied for the Purpose in accordance with the Declaration of Trust.

SCHEDULE "F"

REPORTING

Reports will be provided quarterly on the basis of the government's fiscal year starting at the execution of this Agreement and continuing until conclusion of the Agreement. Annual Reports will be provided annually on a fiscal basis starting at the execution of this Agreement and continuing until conclusion of the Agreement. Quarterly Reports and Annual Reports shall be submitted to the Province within one month following the end of the reporting period that they represent.

The Recipient shall prepare six (6) Quarterly Reports and two (2) Annual Report as outlined below. Reports shall explicitly demonstrate impact of Province's funding and address report detail requirements listed below.

NAME OF REPORT	DUE DATE
Quarterly Report #1	July 31, 2017
Quarterly Report #2	October 31, 2017
Quarterly Report #3	January 31, 2018
Annual Report #1	April 30, 2018
Quarterly Report #4	July 31, 2018
Quarterly Report #5	October 31, 2018
Quarterly Report #6	January 31, 2019
Annual Report #2	April 30, 2019

Requirements for Quarterly Reports

- The Recipient will provide Quarterly Reports which will include a report back on the Trustee-developed performance management criteria. Quarterly Report requirements will be determined from time to time by the Province, and initially will include:

25.0 Amounts disbursed by the Recipient in the previous quarter. It is expected that this information will be provided at the electricity distributor level.
26.0 Total Affordability Fund interest accrued to date
27.0 Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor
28.0 Any challenges or modifications required to the application, funding, or eligibility processes/rules
29.0 Key activities planned for the upcoming quarter

Requirements for Annual Report

- The Recipient will provide an Annual Report to the Province which will include a report back on the Trustee-developed performance management criteria. Annual Report requirements include:

30.0 A description of electricity distributor application process and the criteria used by the Recipient to manage funds.
31.0 Identify and describe any challenges with achieving goals and proposed solutions, if applicable.
32.0 Lesson learned.

33.0 Electricity distributor and customer feedback
34.0 Amounts disbursed by the Recipient in the previous year. It is expected that this information will be provided at the electricity distributor level.
35.0 Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor
36.0 Total Affordability Fund interest accrued to date

- As part of the Annual Report, the Recipient will also provide the Province with an audited financial statement for the previous year.

SCHEDULE "A"
GENERAL TERMS AND CONDITIONS

1.0 INTERPRETATION AND DEFINITIONS

1.1 Interpretation. For the purposes of interpretation:

(a) words in the singular include the plural and vice-versa;

(b) words in one gender include all genders;

(c) the headings do not form part of the Agreement; they are for reference only and will not affect the interpretation of the Agreement;

(d) any reference to dollars or currency will be in Canadian dollars and currency;

(e) "include", "includes" and "including" denote that the subsequent list is not exhaustive; ~~and~~

(f) where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Affordability Fund Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust, and, where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust~~.~~; and

(g) [it is intended that the transfer of the Funds to the Recipient will be a transfer made to a "non-controlled trust" (as that term is given meaning in • applicable to the accounting rules and principles applicable to the Province as of the date of the Agreement), and so if a term or condition of the Agreement is determined to conflict with the requirements applicable to the Province recording the transfers to the Recipient of Funds contemplated hereunder as an expense incurred by the Province on the date of the transfer of Funds under the Agreement otherwise in connection with activities undertaken by the Province with such a "non-controlled trust", then such term or condition shall be given a meaning and shall have an effect insofar as it is possible to interpret such term or condition in a manner that eliminates such conflict while preserving the other provisions of the Agreement and furthering the Purpose.][1]

1.2 Definitions. In the Agreement, the following terms will have the following meanings:

"**Affordability Fund Trust**" means the trust established and governed by the Declaration of Trust, and for greater certainty includes such trust operating under any other name that may be designated from time to time by the Trustee in accordance with the Declaration of Trust.

"BPSAA" means the Broader Public Sector Accountability Act, 2010 (Ontario).

"**Beneficiary**" has the meaning given to such term in the Declaration of Trust.

"Budget" means the Recipient's budget attached to the Agreement as Schedule "D".

"Business Day" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day and any other day on which the Province has elected to be closed for business.

[1] NTD: Consider if this sort of fail-safe is helpful.

"**Declaration of Trust**" means the declaration of trust made as of March [•], 2017, under which the Affordability Fund Trust was established by the Trustee, as such declaration of trust may be amended, restated, supplemented or otherwise modified from time to time with the consent of the Province.

"Expiration Date" means the date on which this Agreement will expire and is the date set out in Schedule "B".

"Funds" means the money the Province provides to the Recipient pursuant to the Agreement.

"Maximum Funds" means the maximum amount of Funds that the Province will provide the Recipient under the Agreement, as set out in Schedule "B".

"Notice" means any communication given or required to be given pursuant to the Agreement.

"Party" means either the Province or the Recipient.

"**Person**" includes any individual, sole proprietorship, corporation, partnership, joint venture, association, society, club, board, chamber, joint-stock company, trust, trustee, unincorporated or incorporated organization or entity or government or any entity, agency or political subdivision thereof.

"**Program**" has the meaning given to such term in the Declaration of Trust.

"Project" means the undertaking described in Schedule "C".

"**Purpose**" has the meaning given to such term in the Declaration of Trust.

"PSSDA" means the *Public Sector Salary Disclosure Act, 1996* (Ontario).

"Reports" means the reports described in Schedule "F".

"**Trustee**" means, initially, Computershare Trust Company of Canada ~~or~~, and any additional or replacement trustee in its capacity as trustee of the Affordability Fund Trust pursuant to the Declaration of Trust, including the Board of Trustees (as defined in the Declaration of Trust) and each of their respective successors and permitted assigns.

2.0 REPRESENTATIONS, WARRANTIES AND COVENANTS

2.1 General. The Recipient represents, warrants and covenants that:

(a) ~~The~~the Trustee is the trustee of the Affordability Fund Trust; and

(b) ~~The~~the Affordability Fund Trust is, and will continue to be for the term of the Agreement, a trust existing under and governed by the laws of the Province of Ontario.

2.2 Execution of Agreement. The Recipient represents and warrants that it has:

(a) the full power and authority to enter into the Agreement; and

(b) taken all necessary actions to authorize the execution of the Agreement.

2.3 Governance. The Recipient represents, warrants and covenants that it has, and will maintain, in writing for the period during which the Agreement is in effect:

(a) decision-making mechanisms and procedures to enable the Recipient to hold, invest, manage, apply and distribute the Funds in accordance with the Declaration of Trust in furtherance of the Purpose; and

(b) procedures to enable the preparation and delivery of all Reports required pursuant to Article 5.0.

2.4 Supporting Documentation. Upon request, the Recipient will provide the Province with proof of the matters referred to in this Article 2.0.

3.0 TERM OF THE AGREEMENT

3.1 Term. The term of the Agreement will commence on the Effective Date and will expire on the later of the Expiration Date and the date on which the Affordability Fund Trust is terminated in accordance with the Declaration of Trust.

3.2 Extension. The term of the Agreement may be extended by further agreement between the Parties.

3.3 Extension of the Declaration of Trust. If the Province determines that an extension of the Declaration of Trust (beyond the "Final Distribution Date" and time for termination, each as specified or determined thereunder) is consistent with and in furtherance of the Purpose and the Province's original intentions and expectations in establishing the Project, the Province may request that the Recipient extend the Declaration of Trust to a date specified by the Province in a Notice (such date not to be later than •), whereupon the Recipient, so long as the Trustee does not have a reasonable basis to believe that such an extension would be inconsistent with the Purpose or weaken the protections intended for the benefit of the Trustee pursuant to the Declaration of Trust, will undertake such actions as it may consider to be necessary or appropriate to so extend the Declaration of Trust, including by amending the Declaration of Trust to provide for such an extension and to modify any other term or requirement as would be necessary or prudent to conform such term or requirement in light of such extension.

4.0 FUNDS AND CARRYING OUT THE PROJECT

4.1 Funds Provided. The Province will:

(a) provide the Recipient up to the Maximum Funds to be held, invested, applied and distributed in accordance with the terms of the Project and the Declaration of Trust;

(b) provide the Funds to the Recipient in accordance with the Payment Plan attached to the Agreement as Schedule "E"; and

(c) deposit the Funds into an account designated by the Recipient, provided that the account:

(i) resides at a Canadian financial institution; and

(ii) is in the name of the Recipient.

4.2 Limitation on Payment of Funds. Despite section 4.1, the Province is not obligated to provide any Funds to the Recipient until the ~~Recipient provides the insurance certificate or other proof as the Province may request pursuant to [section 10.2]~~Requirements (as specified and defined in Schedule C) have been satisfied.

4.3 Use of Funds and Project. The Recipient will use, apply and distribute the Funds only for ~~the purpose contemplated by the Project, the Declaration of Trust and~~and in furtherance of the Purpose, including having regard to the Principles set forth in Annex A.

4.4 Province's Role Limited to Providing Funds. For greater clarity, the Province's role under the Agreement is limited to providing Funds to the Recipient and the Province is not responsible for carrying out or overseeing the terms of the Declaration of Trust.

4.5 Maximum Funds. The Recipient acknowledges that the Funds available to it pursuant to the

Agreement will not exceed the Maximum Funds.

4.6 Funding, Not Procurement. For greater clarity, the Recipient acknowledges that:

(a) it is receiving funding from the Province for the Project and is not providing goods or services to the Province[2]; and

(b) the funding the Province is providing under the Agreement is funding for the purposes of the PSSDA.

5.0 RECIPIENT'S ACQUISITION OF GOODS OR SERVICES, AND DISPOSAL OF ASSETS

5.1 Acquisition. If the Recipient acquires goods, services, or both with or by applying the proceeds of the Funds, it will do so through a process that promotes the best value for money and will take reasonable steps to ensure that its Administrative Services Agents also follow a process that promotes the best value for money when acquiring goods and services with or by applying the proceeds of the Funds.

6.0 CONFLICT OF INTEREST

6.1 No Conflict of Interest. The Recipient will carry out the ~~Project~~Program and use, apply and distribute the Funds without an actual, potential or perceived conflict of interest.

6.2 Conflict of Interest Includes. For the purposes of this Article, a conflict of interest includes any circumstances where:

(a) the Recipient; or

(b) any person who has the capacity to influence the Recipient's decisions[3],

has outside commitments, relationships or financial interests that could, or could be seen to, interfere with the Recipient's objective, unbiased and impartial judgment relating to the Project, or the ~~use~~Recipient's use, application or distribution of the Funds, or both.

~~**6.3 Disclosure to Province.** The Recipient will:~~

6.3 ~~(a)~~ **Disclosure to Province.** The Recipient will disclose to the Province, without delay, any situation that a reasonable person would interpret as an actual, potential or perceived conflict of interest~~; and~~.

7.0 REPORTING, ACCOUNTING AND REVIEW

7.1 Preparation and Submission. The Recipient will:

[2] NTD: Consider in relation to promotional objectives and in the context of any License Agreement.
[3] NTD: Need to consider how this works in relation to Administrative Services Agents. Is the intention that the Trustee will be in breach of the Agreement if an Administrative Services Agent is itself in a conflict, or should this be recast to require the Trustee to seek remedies (i.e., termination) if an Administrative Agent is determined to be (diligence requirement?) in breach of the conflicts of interest requirements contemplated in the Permitted Delegations Annex?

(a) submit to the Province at the address referred to in Schedule "B", all Reports in accordance with the timelines and content requirements set out in Schedule "F", or in a form as specified by the Province from time to time;

(b) submit to the Province at the address referred to in Schedule "B", any other reports as may be requested by the Province from time to time in accordance with the timelines and content requirements specified by the Province;

(c) ensure that all Reports and other reports are completed to the satisfaction of the Province; and

(d) ensure that all Reports and other reports are signed on behalf of the Recipient by an authorized signatory.

7.2 Record Maintenance. The Recipient will keep and maintain financial and other records necessary to permit it to satisfy its obligations under section 7.1 and to permit the Province to exercise its rights under section 7.3.

7.3 Inspection. The Province, its authorized representatives or an independent auditor identified by the Province may, at its own expense, upon twenty-four hours' Notice to the Recipient and during normal business hours, inspect the records of and information respecting the Recipient to confirm its compliance with the terms of this Agreement, including to ensure consistency with the ~~purposes of the Project and regarding the Recipient's allocation and expenditure of the Funds~~Purpose and, for these purposes, the Province, its authorized representatives or an independent auditor identified by the Province may take one or more of the following actions:

(a) inspect and copy the records and documents referred to in section 7.2;

(b) keep any copies made pursuant to section 7.3(a); and

(c) conduct an audit or investigation of the Recipient in respect of the expenditure of the Funds to confirm that the Funds have been used, applied and distributed for and in furtherance of the Purpose, including a review of the Trust's processes, records, documents and information to ensure that funds disbursed to Electricity Distributors were used, applied and distributed for and in furtherance of the Purpose.

7.4 Disclosure. To assist in respect of the rights set out in section ~~7.3~~7.3, the Recipient will disclose any information requested by the Province, its authorized representatives or an independent auditor identified by the Province, and will do so in the form requested by the Province, its authorized representatives or an independent auditor identified by the Province, as the case may be.

7.5 No Control of Records. No provision of the Agreement will be construed so as to give the Province any control whatsoever over the Recipient's records.

7.6 Auditor General. For greater certainty, the Province's rights under this Article are in addition to and do not limit any rights[4] provided to the Auditor General pursuant to section 9.1 of the *Auditor General Act* (Ontario).

8.0 COMMUNICATIONS REQUIREMENTS

[4] NTD: Does the AG have any authority in respect of an non-controlled trust? If not, this probably needs to be rephrased so that the Trustee agrees to facilitate the Province's compliance with this statutute.

8.1 **Publication.** The Recipient will indicate, in any of its ~~Project~~Program -related publications, whether written, oral, or visual, that the views expressed in the publication are the views of the Recipient and do not necessarily reflect those of the Province.[5]

9.0 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

9.1 **FIPPA.** The Recipient acknowledges that the Province is bound by the *Freedom of Information and Protection of Privacy Act* (Ontario) and that any information provided to the Province in connection with the Project or otherwise in connection with the Agreement may be subject to disclosure in accordance with that Act.

10.0 INSURANCE

10.1 ~~**Recipient's Insurance.** The Recipient represents and warrants that it has, and will maintain for the term of the Agreement, at its own cost and expense, with insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, all the necessary and appropriate insurance that a prudent person similar to the Recipient would maintain, including commercial general liability insurance on an occurrence basis for third party bodily injury, personal injury and property damage, to an inclusive limit of not less than the amount set out in Schedule "B" per occurrence. The policy will include the following:~~**Insurance.** The Recipient [has made enquiries to confirm][believes] that insurance policies of the type contemplated in Schedule C are generally available in Canada.[6]

~~(a) contractual liability coverage; and~~

~~(b) a 30 day written notice of cancellation.~~

~~**10.2** **Proof of Insurance.** The Recipient will provide the Province with certificates of insurance, or other proof as may be requested by the Province, that confirms the insurance coverage as provided for in section 10.1. Upon the request of the Province, the Recipient will make available to the Province a copy of each insurance policy.~~

11.0 EVENT OF DEFAULT, CORRECTIVE ACTION AND TERMINATION FOR DEFAULT

11.1 **Events of Default.** An Event of Default will occur if ~~the Recipient breaches any representation, warranty, covenant or other term of this Agreement.~~:

(a) the Recipient fails to perform or observe any covenant in this Agreement and such failure has and continues to have a material adverse effect on the Province and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(b) any representation or warranty made by the Recipient in the Agreement shall prove to have been incorrect in any material respect when made or deemed made, and, if capable of remedy, continues to be incorrect in any material respect during any Notice period applicable under section 11.2 after the earlier to occur of (i) the actual knowledge thereof by the Recipient or (ii) receipt by the Recipient of Notice thereof from the Province;

(c) it is [determined][manifestly demonstrated by the Province] that the Recipient has breached its Standard of Care (within the meaning given in and context of the Declaration of Trust) in discharging its material duties under the Declaration of Trust, with the result that all or a significant part of the Funds have not been or are not being applied in furtherance of the

[5] NTD: Consider in light of possible additions to the Declaration/Principles regarding the promotion of the Program.
[6] NTD: Consider if this is helpful from an accounting perspective.

Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose, and, if such breach is capable of remedy, it continues and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(d) an [Insolvency Event] shall have occurred and be continuing with respect to the Recipient.

11.2 Consequences of Events of Default and Corrective Action. If an Event of Default occurs, the Province may, at any time, take one or more of the following actions:

(a) provide the Recipient with Notice allowing the Recipient an opportunity to remedy the Event of Default during a specified Notice Period[7];

(b) seek an order of specific performance, including an order that the Recipient pursue its available remedies under the Agreement against third parties;

(c) ~~recover any Funds~~require, by Notice of demand, that the Recipient transfer to the Province (without any need for compensation, indemnity or consideration to the Recipient or any Beneficiary or other third party) any and all Assets remaining in the possession or under the control of the Recipient [that can reasonably be traced or attributed to the Funds][after first providing for the completion and performance by the Recipient of any unperformed contractual obligations of the Recipient undertaken in compliance with the Declaration of Trust on or prior to transfer]; and

(d) terminate the Agreement ~~at any time~~, including immediately, without liability, penalty or costs to the Province upon giving Notice to the Recipient.

The transfer of Funds in accordance with the Agreement is made by the Province with the expressed intention and reservation that the transferred Funds shall be returned to the Province and the entitlements of the Recipient in remaining Funds shall thereby be revoked with reversion thereof to the Province in the circumstances contemplated in Section 11.2(c).

11.3 Opportunity to Remedy. If, in accordance with section ~~9.2(a),~~11.2, the Province provides the Recipient with an opportunity to remedy the Event of Default, the Province will provide Notice to the Recipient of:

(a) the particulars of the Event of Default; and

(b) the Notice Period.

11.4 Recipient not Remedying. If the Province has provided the Recipient with an opportunity to remedy the Event of Default pursuant to section 11.2(a), and:

(a) the Recipient does not remedy the Event of Default within the Notice Period;

(b) it becomes apparent to the Province that the Recipient cannot adequately remedy the Event of Default within the Notice Period; or

(c) the Recipient is not proceeding to remedy the Event of Default in a way that is satisfactory to the Province,

the Province may extend ~~the~~any Notice ~~Period~~period, or initiate any one or more of the actions provided for in section 11.2.

[7] NTD: Consider whether to provide for a notice period within the specific Events of Default, rather than making cures entirely in the Provinces discretion.

~~**11.5 When Termination Effective.** Termination under this Article will take effect as set out in the Notice.~~

12.0 REPAYMENT

12.1 Debt Due. If, pursuant to the Agreement: the Province demands the payment of any Funds from the Recipient pursuant to section 11.2 (c) such Funds or other amount will be deemed to be a debt due and owing to the Province by the Recipient, and the Recipient will pay or return the amount to the Province immediately, unless the Province directs otherwise.

12.2 Interest Rate. The Province may charge the Recipient interest on any money owing by the Recipient at the then current interest rate charged by the Province of Ontario on accounts receivable.

12.3 Payment of Money to Province. The Recipient will pay any money owing to the Province by cheque payable to the "Ontario Minister of Finance" and delivered to the Province at the address referred to in **[Schedule "B"]**.

12.4 Failure to Repay. Without limiting the application of section 43 of the Financial Administration Act (Ontario), if the Recipient fails to repay any amount owing under the Agreement, Her Majesty the Queen in right of Ontario may deduct any unpaid amount from any money payable to the Recipient by Her Majesty the Queen in right of Ontario. [8]

13.0 NOTICE

13.1 Notice in Writing and Addressed. Notice will be in writing and will be delivered by email, postage-prepaid mail, personal delivery or fax, and will be addressed to the Province and the Recipient respectively as set out in Schedule "B", or as either Party later designates to the other by Notice.

13.2 Notice Given. Notice will be deemed to have been given:

(a) in the case of postage-prepaid mail, five Business Days after the Notice is mailed; or

(b) in the case of email, personal delivery or fax, one Business Day after the Notice is delivered.

13.3 Postal Disruption. Despite section 13.2(a), in the event of a postal disruption:

(a) Notice by postage-prepaid mail will not be deemed to be received; and

(b) the Party giving Notice will provide Notice by email, personal delivery or by fax.

14.0 SEVERABILITY OF PROVISIONS

14.1 Invalidity or Unenforceability of Any Provision. The invalidity or unenforceability of any provision of the Agreement will not affect the validity or enforceability of any other provision of the Agreement. Any invalid or unenforceable provision will be deemed to be severed.

15.0 WAIVER

15.1 Waivers in Writing. If a Party fails to comply with any term of the Agreement, that Party may only rely on a waiver of the other Party if the other Party has provided a written waiver in accordance with the Notice provisions in Article 13.0. Any waiver must refer to a specific failure to comply and will not have the effect of waiving any subsequent failures to comply.

16.0 INDEPENDENT PARTIES

[8] NTD: Discuss.

16.1 **Parties Independent.** The Recipient acknowledges that it is not an agent, joint venturer, partner or employee of the Province, and the Recipient will not represent itself in any way that might be taken by a reasonable person to suggest that it is, or take any actions that could establish or imply such a relationship.

17.0 ASSIGNMENT OF AGREEMENT OR FUNDS

17.1 **Agreement Binding.** All rights and obligations contained in the Agreement will extend to and be binding on the Parties' respective heirs, executors, administrators, successors and permitted assigns.

18.0 LIMITATION OF LIABILITY

18.1 This Agreement has been entered into by the Trustee solely in its capacity as trustee of the Recipient and is not binding on the Trustee in any other capacity, whether in tort, contract or otherwise. **The Beneficiaries of the Recipient are not subject to any liability in respect of the Recipient.** Resort may not be had to, nor recourse or satisfaction be sought from, the private property of the Trustee (whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Recipient), its directors, officers, employees, or agents, or the private property of any Beneficiary, and resort will be had solely to the property of the Recipient held in trust by the Trustee for the payment, performance or satisfaction of any liability or obligation of the Recipient or the Trustee under this Agreement. However, the foregoing limitations in this section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

19.0 GOVERNING LAW

19.1 **Governing Law.** The Agreement and the rights, obligations and relations of the Parties will be governed by and construed in accordance with the laws of the Province of Ontario and the applicable federal laws of Canada. Any actions or proceedings arising in connection with the Agreement will be conducted in the courts of Ontario, which will have exclusive jurisdiction over such proceedings.

20.0 FURTHER ASSURANCES

20.1 **Agreement into Effect.** The Recipient will provide such further assurances as the Province may request from time to time with respect to any matter to which the Agreement pertains, and will otherwise do or cause to be done all acts or things necessary to implement and carry into effect the terms and conditions of the Agreement to their full extent.

20.2 **Declaration of Trust.** The Trustee covenants that it shall not amend, restate or terminate the Declaration of Trust without obtaining the written consent of the Province in respect of same.

21.0 JOINT AND SEVERAL LIABILITY

21.1 **Joint and Several Liability.** Where the Recipient is comprised of more than one entity, all such entities will be jointly and severally liable to the Province for the fulfillment of the obligations of the Recipient under the Agreement.[9]

22.0 RIGHTS AND REMEDIES CUMULATIVE

22.1 **Rights and Remedies Cumulative.** The rights and remedies of the Province under the Agreement are cumulative and are in addition to, and not in substitution for, any of its rights and remedies provided by law or in equity.

23.0 ACKNOWLEDGEMENT OF OTHER LEGISLATION AND DIRECTIVES

[9] NTD: Consider further in the context of the Board of Trustees

23.1 **Recipient Acknowledges.** The Recipient acknowledges that by receiving Funds it may become subject to legislation applicable to organizations that receive funding from the Government of Ontario, including the BPSAA, the PSSDA, and the *Auditor General Act* (Ontario).

24.0 SURVIVAL

24.1 **Survival.** The following Articles and sections, and all applicable cross-referenced sections and schedules, will continue in full force and effect for a period of seven years from the date of expiry or termination of the Agreement: Article 1.0 and any other applicable definitions, section, 4.5, section 7.1 (to the extent that the Recipient has not provided the Reports to the satisfaction of the Province), sections 7.2, 7.3, 7.4,~~7.5~~ 7.5, 7.6, Article 8.0, Article 12.0, Article ~~12.0~~14.0, Article ~~14.0,~~16.0, Article 17.0, Article ~~17.0~~19.0, Article 20.0, Article 21.0 and Article 24.0. SCHEDULE "C"

PROJECT

For the purposes of this Agreement, the "Project" is the distribution of the Funds in accordance with the Declaration of Trust.

~~The Project will be completed subject to the requirements of the Budget and in accordance with the Principles set forth in Annex A.~~

~~SCHEDULE "D"~~

It is intended the Project will be undertaken by the Recipient in furtherance of the Purpose and in accordance with the Declaration of Trust. In this regard, it is expected that the Recipient will undertake the Program having regard to the Budget and the Principles set forth in Annex A.

Notwithstanding anything to the contrary contained in the Agreement or the Declaration of Trust, until such time as each of the following conditions have been completed to the satisfaction of or waived by the Province (the "**Requirements**"), the Recipient shall not distribute any Funds to any Beneficiary.

1. The Original Trustee Replacement Date (as defined in the Declaration of Trust) shall have occurred.

2. An administrative services agreement[10] shall have been entered into between the Recipient and an Administrative Services Agent providing for the administrative services necessary for the Recipient to perform its obligations herein and execute the Project.

3. Procedures have been developed and implemented under which Electricity Distributors (as defined in the Declaration of Trust) will be invited to assist with (a) the identification and selection of Primary Beneficiaries under the Declaration of Trust, (b) the determination of the amount of Funds to be distributed to particular Primary Beneficiaries, and (c) the distribution of Funds to or for the benefit of such Primary Beneficiaries (in each case on the basis contemplated in the Permitted Delegations Annex).

4. The Recipient has obtained commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage. To demonstrate satisfaction, the Recipient will provide the Province with certificates of insurance, or other proof as may be requested by the Province, that confirms such insurance coverage and will make available to the Province a copy of each applicable insurance policy.

Each of the Requirements may be accomplished by the Recipient entering into such agreements as may be necessary or expedient, including any required amendment or amendment and restatement of the Declaration of Trust that the Trustee determines is reasonably required in order to accomplish the Requirements. The Province shall provide notice in writing to the Recipient when the Requirements have been completed to the satisfaction of the Province. Funds may be expended to pay the expenses of the Trustee in completing the Requirements.

[10] NTD: Consider this in light of the need for individual administrative services agreements with each of the Electricity Distributors. This may relate to the original idea that a single administrative services agreement would be entered into with Hydro One.

SCHEDULE "D"

Recipient's Budget

1. It is expected that the administrative expenses of the Fund, including any administrative expenses of the Recipient (or any administrative services agents or other agents retained by the Recipient), relating to the establishment of the Affordability Fund Trust and satisfying the Requirements (as defined in Schedule "C") and any expenses related to the operation of the Trust and the execution of the Project (including any reimbursable expenses incurred by any Administrative Services Agent (as such terms are defined in the Declaration of Trust), will be no greater than 10 percent of the total Project budget.

2. ~~Only actual (excluding HST) incurred~~The only expenditures incurred by the Recipient that are eligible for reimbursement are actual (excluding HST) administrative overhead expenses incurred by or on behalf of the Recipient that directly related to the Recipient or the establishment of the Affordability Fund Trust.

4. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.

~~3.~~5. It is expected any travel, meals and hospitality expenses by the Recipient will be consistent with the Province's Travel, Meal and Hospitality Expenses Directive. Entities receiving funding from the Recipient are also expected to adhere to the Province's Travel, Meal and Hospitality Expenses Directive and the Recipient is expected to request the same of such Entities. Alcohol and First-Class travel are not considered eligible claims and disbursements for hospitality, incidental or food expenses shall not be covered by the Funds, including the following:

   - Meals, snacks and beverages
   - Gratuities
   - Laundry or dry cleaning
   - Valet services
   - Dependent care
   - Home management
   - Personal telephone calls

~~4. Overhead expenses that are not directly related to the Recipient and establishment of the Affordability Fund should not be reimbursed.~~

~~5. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.~~

6. In the event that the Recipient performs any procurements, it is expected that all procurements will reflect the principles of Ontario's Public Service Procurement Directive.

SCHEDULE "E"

SCHEDULE "F"

REPORTING

~~Quarterly~~ Reports will be provided quarterly on the basis of the government's fiscal year starting at the execution of this Agreement and continuing until conclusion of the Agreement. Annual Reports will be provided annually on a fiscal basis starting at the execution of this Agreement and continuing until conclusion of the Agreement. Quarterly Reports and Annual Reports shall be submitted to the Province within one month following the end of the reporting period that they represent.

The Recipient shall prepare six (6) Quarterly Reports and two (2) Annual Report as outlined below. Reports shall explicitly demonstrate impact of Province's funding and address report detail requirements listed below.

NAME OF REPORT	DUE DATE
Quarterly Report #1	July 31, 2017
Quarterly Report #2	October 31, 2017
Quarterly Report #3	January 31, 2018

Quarterly Report #5	October 31, 2018
Quarterly Report #6	January 31, 2019
Annual Report #2	April 30, 2019

Requirements for Quarterly Reports

- The Recipient will provide Quarterly Reports which will include a report back on the Trustee-developed performance management criteria. Quarterly Report requirements will be determined from time to time by the Province, and initially will include:

25.0 ~~o~~ Amounts disbursed by the Recipient in the previous quarter. It is expected that this information will be provided at the electricity distributor level.

26.0 ~~o~~ Total Affordability Fund interest accrued to date

27.0 ~~o~~ Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor

28.0 ~~o~~ Any challenges or modifications required to the application, funding, or eligibility processes/rules

29.0 ~~o~~ Key activities planned for the upcoming quarter

Requirements for Annual Report

- The Recipient will provide an Annual Report to the Province which will include a report back on the Trustee-developed performance management criteria. Annual Report requirements include:

30.0 ~~o~~ A description of electricity distributor application process and the criteria used by the Recipient to manage funds.

31.0 ~~o~~ Identify and describe any challenges with achieving goals and proposed solutions, if applicable.

32.0 ~~o~~ Lesson learned.

33.0 ~~o~~ Electricity distributor and customer feedback

34.0 ~~o~~ Amounts disbursed by the Recipient in the previous year. It is expected that this information will be provided at the electricity distributor level.

35.0 ~~o~~ Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor

36.0 ~~o~~ Total Affordability Fund interest accrued to date

- As part of the Annual Report, the Recipient will also provide the Province with an audited financial statement for the previous year.

[RELABEL HEADINGS AND REGENERATE TABLE OF CONTENTS]

DECLARATION OF TRUST

This Declaration of Trust is made as of March •, 2017, by Computershare Trust Company of Canada, a trust company established under the laws of Canada and licensed to carry on business as a trust company in each of the provinces and territories of Canada (together with its successors and assigns and the other trustees (including the Board of Trustees) contemplated herein, the "**Trustee**").

WHEREAS Computershare Trust Company of Canada, as the Trustee, wishes to establish a trust to acquire, hold, manage, invest, apply and dispose of certain property for the benefit of certain Beneficiaries as herein described.

NOW THEREFORE Computershare Trust Company of Canada, as the Trustee, hereby declares that it holds in trust as trustee (a) the sum of ONE HUNDRED DOLLARS ($100) contributed by it on this date and (b) all other property of every type and description which it may hereafter acquire or hold in its capacity as trustee of the Trust and all income therefrom and proceeds thereof, to hold, manage, invest, apply and dispose of same on and subject to the provisions set forth in this Declaration of Trust, including the annexes and schedule attached hereto.

SECTION 1
INTERPRETATION

1.1 Definitions

In this Declaration:

(a) "***Administrative Services Agent***" means each agent, which may include any Electricity Distributor or other Person, appointed from time to time under an Administrative Services Agreement, and its successors and permitted assigns solely in such capacity.

(b) "***Administrative Services Agreement***" means each agreement entered into from time to time by the Trust and one or more Administrative Services Agents or other Persons, in furtherance of the Purpose, under which the Administrative Services Agent would agree to provide specified administrative and other services to and on behalf of the Trustee (including, following the Original Trustee Replacement Date, the Permitted Delegations Annex), as such agreement may be amended, supplemented, restated, renewed or replaced from time to time. [Blakes: A Day 1 Administrative Services Agreement would likely be requested by Computershare to address the possibility of interim administrative issues. It would also be useful to the extent that it is necessary for someone to advise Computershare if an unforeseen event arises or amendments are required to the Declaration, in the event initial changes are necessary to make the Declaration acceptable to potential Board members. All of this is trying to avoid potential gridlock if something comes up and Computershare is unwilling to act without direction.]

(c) "***Assets***" means, collectively, the following:

(i) the $100 Canadian referred to above, contributed by Computershare Trust Company of Canada on the date hereof;

(ii) all other property which is now or which at any time in the future may be issued, assigned, transferred, provided, donated, gifted and contributed to the Trustee (including pursuant to the Transfer Payment Agreement) to be held in trust pursuant to this Declaration (and which the Trustee is willing to accept and hold);

(iii) all acquisitions of property made by the Trust;

(iv) all property which may at any time be substituted for or in respect of the property referred to in clauses (i), (ii) and (iii), above;

(v) all income of the Trust, including investment income generated by the investment of the property referred to in clauses (i), (ii), (iii) and (iv), above; and

(vi) all proceeds of disposition of any of the property referred to in clauses (i) through (v) above,

but excludes any property paid out or distributed (whether out of income or capital) pursuant to the provisions of this Declaration.

(d) "***Beneficiary***" means each Primary Beneficiary and each Residual Beneficiary, as applicable.

(e) "***Board of Trustees***" means (i) as of the Original Trustee Replacement Date, the individual trustees appointed by the Original Trustee pursuant to Section 5.7 on the basis described in the Trustee Replacement Annex, and (ii) thereafter, the group of trustees appointed hereunder and acting in such capacity.

(f) "***Business Day***" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day [and any other day on which the Province has elected to be closed for business].

(g) "***Declaration***" means this Declaration of Trust, as it may be amended, restated, supplemented or otherwise modified from time to time, and includes each of the annexes and the Schedule attached hereto which constitute and form an integral part of this Declaration.

1.2 Headings and Table of Contents

The insertion of headings and the provision of a table of contents are for convenience of reference only and shall not affect the construction or interpretation of this Declaration.

1.3 References

Unless otherwise specified, all references to Sections are to Sections of this Declaration. The words "hereto", "herein", "hereof", "hereunder" and similar expressions refer to this Declaration and not to any particular Section or other provision of this Declaration.

1.4 Number and Gender

Unless otherwise specified, words importing the singular include the plural and vice versa and words importing gender include all genders.

1.5 Governing Law

This Declaration shall be governed by, and construed and interpreted in accordance with, the laws of the Province of Ontario and of Canada applicable therein.

1.6 Severability

Any provision of this Declaration which is illegal, invalid or unenforceable in any jurisdiction shall not affect the legality, validity or enforceability of the remaining provisions and any such illegality, invalidity or unenforceability in any jurisdiction shall not affect the legality, validity or enforceability of such provision in any other jurisdiction.

1.7 Reference to the Trust and the Trustee

For greater certainty, where any reference is made in this Declaration to an act to be performed by or for or on behalf of the Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Trust, and, where any reference is made in this Declaration to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee solely in its capacity as trustee of the Trust. Except as provided under the Transfer Payment Agreement, no Person dealing with the Trust or the Trustee shall be bound to make any enquiry concerning, or has the right to require production of, any evidence of the validity of any act of, or transaction purporting to be made by, the Trustee.

1.8 Defect in Appointment

No action taken by the Trustee will be invalid or ineffective by reason only of any defect in the appointment of the Trustee or the compliance by the Trustee of any rules or procedures adopted by the Trustee and which is discovered after the taking of such action.

SECTION 2
CONCERNING THE TRUST

2.1 Objectives

The Trust is established to hold, invest, apply and dispose of the Assets for the benefit of the Beneficiaries in furtherance of the Purpose, as provided for in this Declaration. In furtherance of the Purpose:

(a) the Original Trustee shall hold and invest the Assets as contemplated in this Declaration until the Original Trustee Replacement Date, after which the Board of Trustees shall be duly appointed hereunder; and

(b) the Board of Trustees shall hold, invest, apply and dispose of the Assets in accordance with this Declaration, including by determining the identities of and distributions (if any) to be made to or for the benefit of the Primary Beneficiaries in accordance with Sections 3.1 and 3.2 of this Declaration, having regard to the principles set forth in the Principles Annex and in the manner and on the basis contemplated in the Permitted Delegations Annex, or otherwise by determining the identities of and distributions to be made to or for the benefit of any Residual Beneficiary in accordance with Section 3.3,

in each case and in all respects subject to the terms, limitation and requirements set forth in this Declaration.

2.2 Name of the Trust

The name of the Trust shall be the "Affordability Fund Trust" or such replacement name as the Trustee shall determine and specify from time to time. The Trustee shall hold the Assets and conduct the activities of the Trust under such name or variation thereof (including any variation of such name in the French language). If the Trustee determines to change the name of the Trust, the Trustee may specify and use such other designation or adopt such other name (including any name in the French language) as it considers appropriate and may hold the Assets and conduct the activities of the Trust under such designation or other name.

2.3 Location

The head office and the situs of the administration of the Trust shall be • or such other address in Ontario as the Trustee may determine from time to time.

2.4 Fiscal Year

The fiscal year of the Trust shall end on December 31 of each year.

SECTION 3
DISTRIBUTIONS

3.1 Distributions to Primary Beneficiaries

Prior to the Final Distribution Date, the Trustee shall distribute the Assets (including capital or income) to the Primary Beneficiaries identified based on the application of the principles

specified in the Principles Annex and in the manner and in the amounts determined on the basis contemplated by the Permitted Delegations Annex, in each case in the amounts and to the extent specified herein and therein, subject in all respects to the exercise by the Trustee of its discretion hereunder and to the exclusion of the other Beneficiaries. [Blakes: The intention has been to make the Principles and the Delegations clear and firm, so that MOE has greater certainty. There is scope for the Trustees to add to Principles. Uncertain why firm direction and delegations to LDCs would raise issues for the Trustee.]

3.2 Amount of Distributions to Primary Beneficiaries

For the purposes of determining the amount of distributions to be made to the Primary Beneficiaries, the Trustee shall have regard to and be entitled to rely on the recommendations of and information provided by Electricity Distributors acting as Administrative Services Agents appointed for the purposes, in the manner and substantially on the terms contemplated in the Permitted Delegations Annex, without any duty or obligation to verify or makes enquiries regarding the basis for or propriety of such recommendations or the accuracy or completeness of such information, except if and to the extent that the Trustee, in its discretion, determines that (i) it has actual knowledge that such recommendations are contrary to the reasonable application of the principles set forth in the Principles Annex or have been made on a basis that is manifestly contrary to such principles or the delegations and activities specified or contemplated to be undertaken under the Permitted Delegations Annex or (b) such information is known by the Trustee to be erroneous, contain a material misrepresentation or is materially incomplete.

3.3 Distributions to Residual Beneficiaries

Prior to the Final Distribution Date, the Trustee shall identify the Residual Beneficiaries by consulting with and having regard to the recommendations of the Ontario Energy Board, based on **[Identify criteria that will narrow the scope to charities to those having an energy/social focus]**. On or as soon as practicable following the Final Distribution Date, the Trustee shall distribute all of the Assets (including capital or income) existing at that time to the Residual Beneficiaries, in each case in the amounts and to the extent determined by Trustee in its discretion hereunder[2] and to the exclusion of the other Beneficiaries.

SECTION 4
POWERS OF THE TRUSTEE

4.1 General

Subject to and in compliance with the terms, limitations and restrictions of this Declaration and notwithstanding applicable trust legislation, the Trustee shall have, without other or further authorization, full, exclusive and absolute power, control and authority over the Assets and over the affairs and activities of the Trust to the same extent as if the Trustee were not a trustee, but rather the sole and absolute owner of the Assets in its own right, including such power, control and authority to do all such acts and things as in its sole judgment and discretion are necessary, incidental or desirable for carrying on the affairs and activities of the Trust, with such powers of delegation as may be permitted or otherwise contemplated by this Declaration. Except as

[2] NTD: Consider if principles should be included regarding the maximum amount any particular charity may receive.

expressly provided in this Declaration, the enumeration in this Declaration of any specific power or authority shall not be construed as limiting the aforesaid general power or authority or any other specific power or authority set out herein. Subject to the terms, limitations and restrictions of this Declaration, every discretion or power hereby conferred on the Trustee is an absolute and uncontrolled discretion or power.

4.2 Specifically Enumerated Powers

The Trustee shall have the following specific powers and authorities:

(a) ***Transfer Payment Agreement.*** The Trustee shall have the power to enter into, amend, supplement, modify and perform its obligation under the Transfer Payment Agreement.

(b) ***Contracts and Undertakings.*** The Trustee shall have the power to enter into, amend, supplement, modify and perform its obligation under any contract entered into or undertaking given by the Trustee in furtherance of the Purpose, including any Administrative Services Agreement and any License Agreement.

(c) ***Power to Own, Hold and Manage.*** Subject to section 4.2(d), the Trustee shall have the power to own, hold and manage the Assets in such manner as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable.[3]

(d) ***Power to Invest in Eligible Investments.*** The Trustee shall have the power to invest the Assets only in Eligible Investments, and to change such Eligible Investments at any time and from time to time, all as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable, but always having regard to the Trustee's expectations regarding the timing of payments to be made to the Beneficiaries hereunder. If an investment of Assets in Eligible Investments would not be authorized under the applicable trust laws of Ontario, the Trustee shall nevertheless be permitted to make an investment of the Assets in such Eligible Investments. The Trustee will have no liability for the diminution in the value of any investment in Eligible Investments made hereunder.

(e) ***Power to Dispose of Assets.*** The Trustee shall have the power to sell, convey, assign, transfer, exchange and in any other manner dispose of the Assets or any part or parts thereof free and clear of any and all trusts established under this Declaration, by public or private sale, for cash or on credit, with or without advertisement, and subject to such restrictions, stipulations, agreements and reservations as the Trustee in its sole and absolute discretion may consider appropriate or advisable, and to execute and deliver and perform any agreement, deed, conveyance, transfer or other document or instrument in connection with the foregoing.[4]

[4] Consider limiting this broad power. (KPMG Comment: Why? Be careful) OPC Comment: Not sure what these comments refer to, but worth discussing to confirm. [Blakes: We could not think of a case where the trustee would be required to dispose of assets, and wondered if a broad power should recognize

(f) ***Power to Apply Assets and Proceeds to Make Distributions to Beneficiaries.*** The Trustee shall have the power to apply the Assets and the proceeds and income derived therefrom to make distributions to the Beneficiaries contemplated by Section 3, and to execute and deliver and perform any agreement, deed, conveyance, transfer or other document or instrument in connection with therewith.

(g) ***Power to Delegate and to Appoint Agents, etc.*** The Trustee shall have the power to appoint, employ or contract with any Person as the Trustee in its sole and absolute discretion may consider appropriate or advisable in connection with the activities of the Trust. Without limiting the generality of the foregoing:

(i) the Trustee will have the power at any time and from time to time to appoint, employ or retain consultants, financial advisers, technical advisers, legal counsel, accountants, administrative services agents, insurers, insurance agents and insurance brokers, as the Trustee may require for the purpose of discharging its duties hereunder and shall not be responsible for or for the actions of any of them, including to:

(A) act for and on behalf of the Trust in connection with any and all matters in any way relating to the negotiation, settlement, entering into, amending, performance and enforcement of the Transfer Payment Agreement, the Administrative Services Agreements, any License Agreement and any other agreements and contracts to which the Trust becomes a party in accordance with this Declaration;

(B) to provide or cause to be provided any or all kinds of administrative services in any way relating to the activities of the Trust;

(C) to act as attorney in fact, agent or trustee in the acquisition, holding, investment, application, sale or other disposition of the Assets and in the handling, prosecuting, defending or settling of any claims of or made against the Trust;

(D) to value the Assets and determine the net income of the Trust; and

(E) to make any filings, elections and submissions (including in respect of taxation matters) in connection with the Trust's compliance with applicable laws and regulatory requirements; and

(ii) the Trustee may pay remuneration and reimbursements from the Assets for services performed for it or on its behalf in the discharge of the trusts hereof without taxation for costs or fees of any counsel, solicitor or attorney.

Without limiting the foregoing, it is expected that the Board of Trustees will (a) seek to enter into Administrative Services Agreements with Electricity Distributors for the purposes

contemplated by the Permitted Delegations Annex, and on such terms and conditions (including terms and conditions as to the payment of reasonable fees and expenses) not inconsistent therewith as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable, and (b) obtain commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage.

(h) ***Power to Operate Accounts.*** The Trustee shall have the power to (i) open and operate accounts at any chartered bank, trust company or other financial institution in Canada or elsewhere, as the Trustee in its sole and absolute discretion may consider appropriate or advisable; (ii) deposit therein any moneys or securities forming part of the Assets whether or not such deposits will earn interest; (iii) withdraw such deposits at such times and in such manner as the Trustee may determine; (iv) draw, make, endorse, deposit or otherwise deal in cheques, bills of exchange, promissory notes, drafts and other kinds of instruments and securities; and (v) enter into contracts or agreements with any such chartered bank, trust company or other financial institution containing such terms and provisions as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable. In connection therewith, the Trustee shall have no liability or responsibility for any loss which may occur by reason of the failure of any such chartered bank, trust company or other financial institution.

(i) ***Power to Collect, etc.*** The Trustee shall have the power to (i) collect, sue for, receive and give receipts for all sums of money or other property due to the Trust; (ii) consent to extensions of time for payment or to the renewal of any securities or obligations; (iii) engage or intervene in, prosecute, defend, compound, compromise, abandon or adjust by arbitration or otherwise, any demands, claims, actions, suits or proceedings relating to the Trust or the Assets; (iv) exercise any and all remedies available to the Trustee under any agreement or as may otherwise be available, including any power of foreclosure or sale available at law; (v) in connection with any such foreclosure or sale, purchase or otherwise acquire title to any property and to convey good title thereto free of any and all trusts hereby established, or to take or retake possession of any property secured under any agreement or instrument; (vi) extend the time, with or without security, for the payment or delivery of any debts or property; (vii) execute and deliver releases, acquittances, discharges, agreements or other instruments related thereto; and (viii) pay or satisfy any debts or claims upon any evidence that the Trustee, in its sole and absolute discretion, may determine to be sufficient.

(j) ***Power to Pay Trustee's Fees.*** The Original Trustee shall be entitled to be paid and receive the fees set forth in the Original Trustee's schedule of fees delivered as of the date hereof as compensation for its services under this Declaration, and to be reimbursed for its out-of-pocket expenses reasonably incurred, in each case from the Assets and without the approval of any Beneficiary or any court. The Original Trustee shall [Blakes: Someone will need to settle funds to create a valid trust] be entitled, in its sole and absolute discretion, to withdraw funds from time to time for such purpose from any account of the Trust. Members of the Board of Trustees shall be entitled to reimbursement for and in respect of their out-of-pocket expenses reasonably incurred in discharging their respective duties and obligations under this Declaration and any contract of the Trust entered into in accordance with this Declaration, in each case

without the approval of any Beneficiary or any court, provided that the members of the Board of Trustees have general regard to sorts of limitations as are set forth in the "Travel, Meal and Hospitality Expenses Directive of the Province" specified and amended by the Province from time to time, a copy of the current version of which is attached as Exhibit 1 to the Principles Annex.

(k) ***Power to Pay Taxes.*** The Trustee shall have the power to (i) pay, deduct, withhold or remit any taxes or assessments which are required by law to be paid, deducted, withheld or remitted together with or from any payment made by the Trustee; (ii) pay all taxes or assessments of whatever kind or nature imposed upon or against the Trust or the Trustee in connection with the Assets or any part thereof; (iii) collect and remit all taxes and assessments of whatever kind or nature required to be collected and remitted by the Trust or the Trustee in connection with their activities or the Assets or any part thereof; (iv) appeal, settle or compromise tax claims or liabilities; and (v) for the foregoing purposes, to make such returns, elections and submissions and do all such other acts and things as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable.

(l) ***Power to Appoint Auditors.*** The Trustee shall have the power to select and appoint and discharge and re-appoint, in its sole and absolute discretion, an auditor or auditors of the Trust and to settle and pay the fees of any such auditor or auditors from any account of the Trust.

(m) ***Form of Accounts.*** The Trustee shall have the power to determine and change from time to time, in its sole and absolute discretion, the method or form in which the accounts of the Trust will be kept and shall not be required to keep or provide accounts in the form usually required by law to be kept or provided by trustees; provided that such method or form reasonably complies with generally accepted accounting principles in effect in Canada to the extent applicable.

(n) ***Title to Assets.*** The Trustee shall have the power to cause all or any part of the Assets to be held by or registered, in its sole and absolute discretion, in the name of any Person.

(o) ***Delegation of Discretion***. The Trustee shall have the power to delegate the right and power to exercise, or concur in the exercise of any discretion or power, conferred on the Trustee in this Declaration or conferred by law to any one or more of its directors, officers, employees, agents, representatives or to such other Person, as the Trustee, in its sole and absolute discretion, may think is appropriate or advisable, including to one or more Administrative Services Agents and their respective employees, officers and directors under a related Administrative Services Agreement entered into by the Trust substantially on the basis contemplated in the Permitted Delegations Annex. In particular, the Trustee shall have the power to accept, rely on and follow the recommendations of an Electricity Distributor made under and in accordance with the Permitted Delegation Annex with respect to a the identification of, and the determination of distributions (if any) to be made to, any Primary Beneficiary, except if and in so far as the Trustee has actual knowledge that (1) such Primary Beneficiary did not in fact satisfy the "Selection Factors" specified in the Principles Annex as of the applicable time of determination; and/or (ii) the amount recommended to be distributed to the Primary Beneficiary was not calculated in substantial compliance with, or was calculated in a manner that is manifestly contrary to the requirements set forth or contemplated in, the Permitted Delegation Annex or the applicable Administrative Services Agreement.

(p) ***Additional Powers.*** The Trustee shall have the power to perform and do all such other acts, to take such steps and to execute all such deeds, transfers, assignments, agreements and other documents and instruments as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable for the carrying out of any of its powers hereunder or of any of the activities of the Trust as herein contemplated, or for the carrying out, promotion or advancement of the interests of the Trust, whether or not any of such acts, things, documents or instruments are herein expressly mentioned. Any good faith determination by the Trustee as to what is necessary, desirable or appropriate to carry out its powers or activities of the Trust as contemplated under this Declaration or to carry out, promote or advance the interests of the Trust shall be conclusive. Any construction of this Declaration or any determination as to the activities of the Trust or the existence of any power or authority hereunder made in good faith by the Trustee, relying upon the advice of counsel, shall be conclusive. In construing the provisions of this Declaration, there shall be a presumption in favour of a grant of power to the Trustee.

SECTION 5
CONCERNING THE TRUSTEE

5.1 Duty of Trustee

In performing its duties and exercising its powers under this Declaration, the Trustee shall act honestly, in good faith and with a view to the best interests of the Trust and the Beneficiaries and shall exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances (the "**Standard of Care**"). The Trustee shall observe and act in accordance with the terms of, and shall observe and comply with the limitations and restrictions set forth in, this Declaration, including having due regard to the principles set forth in the Principles Annex. To the extent that the Trustee has so delegated any of its duties or powers, it shall be deemed to have satisfied the Standard of Care in respect of the subject matter of such delegation, subject to the Trustee's overall duty as a trustee to exercise prudent oversight in relation to such delegation. Unless required by law, the Trustee will not be required to give any security, bonds or sureties in any jurisdiction for the performance of any of its duties and obligations under this Declaration. The Trustee (including the individual members of the Board of Trustees) will not be required to devote its entire time to the trust activities.

5.2 Limitation of Liability

The Trustee shall not be personally liable in tort, contract or otherwise to any Beneficiary or any other Person for any loss or diminution in the value of the Assets, or for any action or failure to act on the part of the Trustee or any of its employees or agents or any other Person, and shall not be subject to any personal liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses incurred by or against the Trust, howsoever arising, and resort will be had solely to the Assets for the payment, performance or satisfaction thereof. No property or assets of the Trustee, owned in its personal capacity or otherwise, will be subject to levy, execution or other enforcement procedure**s** with respect to any obligation under this Declaration. However, the foregoing limitations in this Section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

5.3 Liability of Trustee under Contracts

Any document or instrument creating a liability or obligation of the Trust or of the Trustee will be conclusively deemed to have been executed by the Trustee only in its capacity as Trustee of the Trust and will be binding upon the Trustee only in its capacity as trustee hereunder and resort may not be had to, nor recourse or satisfaction be sought from, the property of the Trustee other than the Assets, whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Trust, or from its employees or agents, and in all cases resort will be had solely to the Assets for the payment, performance or satisfaction of any such liability or obligation. However, the foregoing limitations in this Section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct. Each document or instrument creating a liability or obligation of the Trust or of the Trustee shall contain a provision providing for the aforesaid limitation of liability.

5.4 Funds of the Trustee

The Trustee shall not be required to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers.

5.5 Indemnification of Trustee

In addition to and without limiting any other protection hereunder or otherwise by law of the Trustee and its respective employees, agents, representatives and assigns (in this Section 5.5, collectively, the "**Representatives**"), the Trustee and its respective Representatives shall be indemnified, defended and saved harmless out of the Assets from, against and in respect of any and all liabilities arising or related to actions taken or omitted to be taken by any agent of the Trustee, losses, claims (including any claim arising out of the assessment of any tax on income by a taxing authority), damages, penalties, fines, actions, suits, demands, levies, assessments, costs, charges, expenses and disbursements (including, without limitation, any and all legal and advisor fees and disbursements) (in this Section 5.5, collectively, the "**Liabilities**") of whatever kind or nature which may at any time be suffered by, imposed upon, incurred by or asserted against the Trustee and its Representatives, whether groundless or otherwise, howsoever arising from or out of any act, omission or error of the Trustee, in each case made in connection with its acting as Trustee hereunder, in each case except and to the extent that the Liabilities are a result from or are caused by gross negligence, wilful misconduct, bad faith or breach of the Confidentiality obligations described in section 5.9. Further, except as provided in section 5.2, the Trustee shall not be liable to any Beneficiary for any loss or damage relating to any matter regarding the Trust, including any loss or diminution in value of the Assets. Notwithstanding any other provision hereof, the obligations provided for in this section 5.5 shall survive any termination of the Trust, whether by reason of removal or resignation of the Trustee, termination or discharge of this Declaration or otherwise.

5.6 Reliance upon Advice

Subject to section 5.1, in performing its duties and exercising its powers hereunder, the Trustee may rely and may act or not act, and shall be fully protected in relying and acting or not acting, upon (a) any statement, telecopy or other electronic means of communication, writing, notice, resolution, report, opinion or other document or conversation believed by its to be genuine and

correct and to have been signed, sent or made by the proper Person; (b) any opinion or advice received or information obtained from auditors, solicitors, or other professional advisers, whether retained by the Trustee or otherwise, and shall not be responsible or held liable for any loss or damage resulting from so relying or acting or not acting; and (c) the advice and actions of any Administrative Services Agent, including in connection with the delegations and reliances contemplated under the Permitted Delegations Annex. For greater certainty, it shall not be necessary for the Trustee to ascertain whether or not the Persons who have executed, signed or otherwise issued, authenticated or receipted such papers, writings or documents (including any Administrative Services Agreement, License Agreement or any other contract entered into by the Trustee) have authority to do so or that they are the same Persons named therein or otherwise to pass upon any requirement of such papers, writing or documents that may be essential for their validity or effectiveness or upon the truth and acceptability.

5.7 Replacement of the Original Trustee

As soon as practicable and in any event prior to •, 2017, the Original Trustee shall appoint the Persons contemplated by the Trustee Replacement Annex to comprise the Advisory Committee contemplated therein (once constituted, the "**Advisory Committee**"). As soon as practicable thereafter, the Original Trustee shall request that the Advisory Board make recommendations with respect to the composition of the "Board of Trustees", as contemplated by the Trustee Replacement Annex. The Trustee shall have no duty or obligation to investigate the basis for any of the Advisory Committee's recommendations and may rely on such recommendations without any duty of enquiry, supervision or oversight with respect to the activities and decision-making processes adopted by the Advisory Committee in its discretion, in full satisfaction of the Original Trustee's Standard of Care with respect to such matters hereunder. Except if the Trustee determines that the individuals recommended by the Advisory Committee to become members of such Board of Trustees are disqualified from so acting on the basis of manifest non-compliance with the "Selection Factors" set forth in the Trustee Replacement Annex, the Original Trustee shall appoint, as members of the Board of Trustees, [six] (five voting and one non-voting) of individuals from among those individuals who have been recommended for appointment to the Board of Trustees by the Advisory Committee. The Original Trustee may exercise its discretion in selecting such individuals for such appointment subject to compliance with the "Selection Factors" set forth in the Trustee Replacement Annex or, in the absence of such exercise, shall select from among individuals who would, if appointed, provide for compliance with the "Selection Factors" set forth in the Trustee Replacement Annex based on the alphabetic order of the their respective surnames. Upon the appointment of [six] individuals pursuant to this provision and their agreement to act as members of the Board of Trustees, the Original Trustee shall be deemed to have resigned and shall cease to be a trustee (such resignation occurring on the "**Original Trustee Replacement Date**").

5.8 Rules and Procedures of the Board of Trustees

(a) ***Initial Requirements***. As soon as practicable and in any event no later than [one] month following the Original Trustee Replacement Date, the Board of Trustees shall meet to take such decisions and actions as they deem necessary to ensure the proper management and administration of the Trust. The date (and location if in person) of the initial meeting shall be determined by a majority of the Board of Trustees.

(b) ***Meetings.*** Subject to the Board of Trustees' discretion to make such rules and procedures that they may deem desirable, meetings of the Board of Trustees may be held at such time and place as the trustee members of the Board of Trustees may agree upon or as they may fix by resolution for the purpose or if the meeting is called as hereinafter mentioned then at such time as may be designated in the notice calling the meeting. A meeting of the Board of Trustees may be called at any time by any two members of the Board of Trustees by two Business Days' notice given to the members of the Board of Trustees. No notice of any Board of Trustees' meeting shall be necessary when a quorum is present if those comprising the quorum consent to the transaction of the affairs of the Trust and the absent trustee or trustees, if any, either before or after the meeting shall waive in writing notice of the meeting. Meetings of the Board of Trustees may be conducted in person, by telephone, or in such other manner as determined by the Board of Trustees. The Board of Trustees may elect a Chairperson.

(c) ***Quorum.*** At any meeting of the Board of Trustees, a majority of the members of the Board of Trustees shall be a quorum irrespective of the number of members in office, provided that quorum will not exist if the majority of members voting on a decision are Provincial employees or representatives. The decision of the majority of the members where quorum exists shall govern and shall be binding for all purposes and shall be acted upon and carried out in the same manner and with the same effect as if all the members concurred therein; provided always that in the case of equality of votes the Chairperson, if any, shall not be entitled to cast a second or deciding vote.

(d) ***Power to Adopt Rules and Procedures.*** The Board of Trustees may make such rules and procedures not inconsistent herewith as it may deem desirable for the proper management and administration of the Trust and the discharge of the responsibilities of the Board of Trustees.

(e) ***Replacement of Members of the Board of Trustees***. The Board of Trustees shall have the power to replace any vacancy arising following the Original Trustee Replacement Date according to such rules and procedures as they deem appropriate, having regard for such considerations necessary to ensure that the composition of the Board of Trustees will be able to discharge its responsibilities in respect of the Declaration. If necessary, the Board of Trustees may fill any vacancy by application to the Courts of Ontario in the event of an unfilled vacancy.

(f) ***Decisions of the Board of Trustees.*** Decisions and actions of the Board of Trustees shall be made by voting, with each individual member having one vote. Subject to quorum requirements, a majority vote shall be determinative in respect of such decisions and actions. Subject to quorum requirements, any decision or action taken by the majority of trustees will represent the decision or action of the Trustee, and not any member of the Board of Trustees.

(g) ***Conflicts of Interest.*** With respect to any matter before the Board of Trustees, to the extent of a conflict of interest, whether actual, perceived or potential, involving a member of the Board of Trustees' personal interests and a matter concerning the Trust, such member shall abstain from voting on the matter or taking any other discretionary action on the matter. For the purposes of the foregoing, no member of the Board of Trustees shall be deemed to have a conflict by reason only that the member holds any office or position with an Electricity Distributor, social services agency or governmental or quasi-governmental agency or entity (such as the Independent Electricity System Operator); provided, however, that in relation to any decision of the Board of Trustees pertaining specifically to a particular Electricity Distributor, any member of the Board of Trustees who is a director, officer or employee of the Electricity

Distributor shall recuse himself or herself from participating in deliberations, discussions or voting in respect of such decision.

(h) ***Expenses*** and ***Reimbursements to Trustees.*** Members of the Board of Trustees shall be entitled to reimbursement for and in respect of their out-of-pocket expenses reasonably incurred in discharging their duties and obligations as members of the Board of Trustees. The Board of Trustees shall serve without compensation.

5.9 Confidentiality

Notwithstanding the resignation or removal and discharge from the trusts and powers reposed in and conferred on the Trustee by this Declaration, or the termination of this Declaration, the Trustee so resigning or removed shall continue to treat as confidential all information relating to the Trust, the Assets and the Beneficiaries and shall only be entitled to make disclosures concerning such information if disclosure is required in the performance of the functions of the resigning or removed Trustee or is ordered by a court of competent jurisdiction or is otherwise required by law. The Trustee shall not be responsible or liable to any Person for any loss or damage arising out of or in any way sustained or incurred in any way relating to any such required disclosure. The obligations arising under this section 5.9 shall survive the termination of the Trust.

5.10 Vesting in Successor Trustee

Any successor trustee (including any reconstituted Board of Trustees) shall automatically become vested with the Assets and with the same powers, rights, duties, responsibilities and trusts as if it, he or she had originally been named as Trustee under this Declaration, without the requirement of any further instrument or act or conveyance, and the Trustee ceasing to act shall execute all such transfers and other documents and do all such other acts or things as may be necessary or desirable to assign, transfer, deliver to, and vest in, the successor trustee, upon the trusts expressed in this Declaration, all the Assets and all the rights, powers and trusts of the Trustee ceasing to act. The expense of any act, document, deed or other instrument or thing required under this Section 5.10, including for greater certainty, outstanding fees and unreimbursed expenses of the Trustee (including any member of the Board of Trustees) ceasing to act, shall be satisfied from the Assets.

5.11 Execution of Instruments

The Trustee shall have the power to execute all deeds, transfers, agreements, promissory notes and other instruments on behalf of the Trust. Such power may be exercised by any one or more Administrative Services Agents acting in accordance with any delegated right to do so pursuant to an applicable Administrative Services Agreement, and any such execution of instrument by an Administrative Services Agent, acting in such capacity as agent of the Trust pursuant to the terms and conditions of such Administrative Services Agreement shall be deemed to be a proper execution of such instrument by the Trustee and shall be binding for all purposes on the Trust.

5.12 Decisions by the Trustee

If there is more than one Trustee, decisions of the Trust may be made by a majority of Trustees. Whenever the Trustees are unable to agree in relation to the commission or omission of any act

or howsoever in the execution of the Trust, the decision of a majority of the Trustees shall prevail.[5]

SECTION 6
AMENDMENTS AND SUPPLEMENTS

6.1 Amendments

Subject to the requirements of the Transfer Payment Agreement, the Trustee shall have the power in its sole and absolute discretion from time to time without the approval of any Beneficiary or any court to amend, vary, supplement, replace or restate this Declaration in its entirety or any portion thereof. [ADD BACK THE PROVISO?] Without in any way limiting the foregoing, any such amendments, variations, supplements, replacements or restatements may:[Blakes: Discuss MOE certainty of Declaration and why this flexibility/Trustee discretion would be needed or appropriate. Deletion assumes that TPA may include limitations on amendments.]

(a) add provisions for the replacement of or appointment of additional trustees to act with the Original Trustee prior to the Original Trustee Replacement Date;

(b) in the case of the Original Trustee, add provisions to those contemplated in the Trustee Replacement Annex in respect of the appointment of the members and the formation and empowerment of the Board of Trustees;

(c) in the case of the Original Trustee, vary the terms and requirements applicable to the duties, responsibilities, obligations, liabilities, indemnities, protections, limitations, restrictions, compensation, expense reimbursements and such other matters, in each case as the Advisory Committee may indicate are necessary be made in order to attract and receive confirmation of appointment of appropriately qualified individuals that the Advisory Committee specifies are to be appointed as members of the Board of Trustees in accordance with its recommendations;

(d) add additional or replace existing Trustees[6];

(e) add to or reasonably clarify the principles set forth in the Principles Annex;

(f) add to or reasonably clarify the delegations and activities contemplated to be made in the Permitted Delegation Annex;

(g) include provisions for the management of the Trust by the Trustees, including the making of rules, requirements and procedures governing the decision-making of the Board of Trustees;

(h) add provisions for the replacement of members of the Board of Trustees (in addition to those provisions contemplated in section 5.7 and the Trustee Replacement Annex);

[6] NTD: Consider and, if retained, integrate with Board concepts.

(i) provide for the engagement of any Person or Persons as managers, administrators or other service providers to the Trust, including any additional or replacement Administrative Services Agent or representative thereof;

(j) specify supplemental procedures for the identification of Primary Beneficiaries and the exchange of information with Electricity Distributors in connection with identifying such Primary Beneficiaries; or

(k) specify procedures for the transfer and transmission of funds from the Trust or any Administrative Services Agent acting on its behalf and with delegated responsibility over funds constituting Assets, to or for the benefit of, Beneficiaries or their designated representatives, payees or assignees.

6.2 Supplemental Declarations

The Trustee is authorized to execute any supplemental declaration of trust (including one or more amendments and restatements from time to time of this Declaration) to give effect to amendments to this Declaration made pursuant to section 5.1.

SECTION 7
TERMINATION

7.1 Duration

Subject to section 7.2, the Trust will continue in full force and effect so long as there are any Assets and until all of the debts, liabilities and obligations of the Trust have been paid and satisfied in full.[7]

7.2 Termination and Distribution of Assets

Subject as hereinafter provided, the Trustee may terminate the Trust and wind up its affairs on such date as the Trustee, in its sole and absolute discretion, may determine and after paying or adequately providing for the payment and satisfaction of all debts, liabilities and obligations of the Trust and upon receipt of such releases, indemnities and discharges as the Trustee, relying on the opinion of counsel, deems necessary for the protection of the Beneficiaries and for its own protection. Notwithstanding the foregoing, the Trustee shall in any event terminate the Trust and wind up its affairs as soon as practicable after the Final Distribution Date. In connection with the termination of the Trust, the Trustee shall identify the Residual Beneficiaries and distribute or cause to be distributed the remaining Assets, in cash or in kind or partly in each, to the Residual Beneficiaries, in each case in accordance with section 3.3.

7.3 Distribution of Assets on Final Distribution Date

If the Trust holds Assets on the Final Distribution Date, such assets shall promptly be paid to the Residual Beneficiaries in accordance with Section 3.3.

[7] NTD: Consider early termination scenarios.

SECTION 8
ACCEPTANCE OF TRUSTS

8.1 Acceptance of Trusts

The Trustee hereby accepts the trusts and duties contained in this Declaration and agrees to perform the same upon the terms and conditions hereof until discharged therefrom.

PRINCIPLES ANNEX

The Trustee shall have regard to [, but shall not be specifically bound by,] the following principles in applying its discretion in relation to the administration of the Trust:

1. Identification of Primary Beneficiary Payees

1.1 [Except in exceptional circumstances,] a Primary Beneficiary would not be expected to receive a benefit from the Trust unless at the time of consideration it satisfies, in addition to the requirements contemplated in the definition of "Primary Beneficiary", each of the following criteria (the "**Selection Factors**"):

(i) it has a participant agreement [with an applicable Electricity Distributor] to undertake measures (its "**Energy Plan**") to improve the electricity efficiency and/or promote the conservation of electricity at its Ontario residence;

(ii) its Energy Plan involves one or more Eligible Measures, as may be designated by the Trustee from time to time from;

(iii) it confirms that:

1. the primary purpose of its Energy Plan is the conservation and efficient use by the Primary Beneficiary of electricity, and is not for the purposes of the Primary Beneficiary making a profit;

2. it would otherwise not have the financial resources to undertake the Eligible Measures included in its Energy Plan; and

3. it would otherwise not be [a HAP Eligible Person][eligible to receive amounts in respect of the Eligible Measures under HAP];

(iv) it has demonstrated a need for financial assistance on the basis that its periodic electricity bills represent a financial burden, relative to its available financial resources; and

(v) such other criteria as the Trustee may determine, including based on the recommendations of Electricity Distributors or other knowledgeable Persons made on the basis and in accordance with the delegations contemplated by the Permitted Delegations Annex or any applicable Administrative Services Agreement.

1.2 It is recognized that, in furthering the Purpose, an efficient basis upon which to allocate funds to the Primary Beneficiaries across different areas and regions within Ontario may be based on the areas and regions serviced by the Electricity Distributors operating within Ontario.

1.3 It would not be contrary to the Purposes if funds are made available by the Trustee to the Primary Beneficiaries unequally across different areas and regions within Ontario, and it

is expect that in making such an unequal division it would be appropriate to have regard to:

(i) broad economic parameters of economic activity and the specific financial resources of the residents of the areas and regions, in each case as an indication of the relative need of such residents across the areas and regions;

(ii) electricity use and efficiency levels of non-commercial electricity customers across the areas and regions;

(iii) specific regional indicators of economic weakness and need; and

(iv) such other factors as the Trustee may determine are relevant, including based on the submissions, advice and recommendations of Electricity Distributors or other knowledgeable Persons made on the basis and in accordance with the delegations contemplated by the Permitted Delegations Annex or any applicable Administrative Services Agreement.

1.4 It is recognized that, in furthering the Purpose, the designated Electricity Distributor for an area or region in which a Primary Beneficiary resides would be expected to:

(i) be a reliable source for the purpose of assessing and confirming whether the Primary Beneficiary satisfies the Selection Factors;

(ii) be an efficient intermediary for the purpose of communicating with the Primary Beneficiary, including regarding the availability, terms, conditions and intended purposes of Program[8];

(iii) be able to facilitate an efficient payment of distribution determined to be made to or on behalf of the Primary Beneficiary, having regard to the Electricity Distributor's established practices, procedures and systems for dealing with its customers; and

(iv) have established contractual arrangements with the Primary Beneficiary that may apply to the protection and confidentiality of information provided by or respecting the Primary Beneficiary, which information may be useful in the consideration by the Electricity Distributor in its assessment of whether the Primary Beneficiary satisfies the Selection Factors, which information may not otherwise be available or readily accessible or verifiable by the Trustee. [Blakes: These statements are included to substantiate the very significant delegation of decision making (dispositive powers) to and influence of the Electricity Distributors.]

1.5 It is recognized that, in furthering the Purpose, the Electricity Distributor for an area or region in which a Primary Beneficiary resides will have market and utilization information that may be useful in assessing the relative needs of Primary Beneficiaries within its area or region. Such information is expected to be relevant in assessing the

[8] Consider if the Trustees should control the messaging to ensure consistency across the Province.

extent to which one such Primary Beneficiary's financial needs and the merits of its Energy Plan are greater or more compelling than those of another such Primary Beneficiary, which comparison may be relevant to the extent that the funds allocable to the Primary Beneficiaries resident in the area or region are otherwise insufficient to meet the requests for funding by all such Primary Beneficiaries.

1.6 Accordingly, it is recognized that, in furthering the Purpose, it is consistent with the Purpose that the recommendations of Electricity Distributors be utilized and relied upon by the Trustee to guide the process of identifying particular Primary Beneficiaries in making distributions to the Primary Beneficiaries.

1.7 If an Electricity Distributor for a particular area or region is unable or unwilling to assess or confirm the application of the Selection Factors to Primary Beneficiaries residing in the area or region or to make recommendations in relation to such matters, one or more of the following may provide a suitable alternative source of information and for information gathering, assessment and confirmation purposes in relation to such area or region:

(i) other Electricity Distributors operating in adjacent or other areas or regions in Ontario;

(ii) [the Ontario Energy Board];

(iii) the Independent Electricity System Operator; and

(iv) anyone else having relevant expertise and access to information regarding the electricity market of the Province, in each case as may be considered relevant by the Trustee.

1.8 To the extent that privacy law or other legal requirements limit an Electricity Distributor from providing or making available specific information respecting the application of the Selection Factors to a particular Primary Beneficiary or group of Primary Beneficiaries, it is recognized that, in furthering the Purpose, it may be appropriate to redact or make generic affected information regarding such Primary Beneficiary in connection with the identification and confirmation of a Primary Beneficiary's eligibility and participation in the Program. If such limitations or restrictions would limit an Electricity Distributor from providing or confirming the name of a particular Primary Beneficiary to the Trustee, then it should be sufficient that such information may be obtained or disseminated on a confidential basis if and when required by the Trustee for the proper administration of the Trust and on that basis such impediments should not disqualify a Primary Beneficiary from participating in the benefits of the Program, provided that that the confidential record-keeping of the Electricity Distributor would be available in connection with the application of any applicable legal process predicated on the identification of such Primary Beneficiary for the purposes of substantiating its rights as a Primary Beneficiary of the Trust or as to the validity or subsistence of the Trust.

2. Eligible Measures

2.1 Eligible Measures shall be identified having regard to the following (the "**Measures Factors**"):

(i) electricity cost savings [NTD: Insert generic list of considerations relevant to the identification of the applicable spending uses].

(ii) primary home heating sources

[Blakes: MOE may wish to consider:

(iii) is the measure generally expected to result in improved energy conservation by a Primary Beneficiary if properly installed and used;

(iv) is the measure recognized under another Provincial program as being appropriate for achieving electricity conservation among a population analogous to the Primary Beneficiaries;

(v) has an independent source recognized the measure as being (x) energy efficient in design, (y) more energy efficient than similar products available in the market intended for similar usage, or (z) effective in promoting energy conservation;

(vi) does the measure present any unacceptable health or safety considerations, either with respect to the Primary Beneficiary, a party providing or installing the measure, or the physical environment;

(vii) is the measure broadly available to residents across different areas and regions of the Province;

(viii) is it reasonable to expect that the measure would, over its anticipated useful life, generate greater costs savings in respect of electricity efficiency or conservation than the cost of the measure itself; or

(ix) is the measure a requirement or precursor to another measure, the other measure being one which meets any of the other Measures Factors.]

2.2 In identifying and applying the Measures Factors, Electricity Distributors would be expected to have expertise in assessing the suitability of efficiency and conservation measures in their respective areas and regions, which may differ across areas and regions across the Province based on factors (among other things) such as the climate, geography, density, electricity infrastructure, residential structures, and electricity use rates applicable within such areas or regions.

2.3 Unless otherwise specified by the Board of Trustees, the measures specified in Schedule A to this Principles Annex may initially be considered to be consistent with the Measures Factors (subject to change as contemplated under the Permitted Delegations Annex).

3. Promotion of the Program

3.1 It is expected that the Trustee will undertake or engage others to undertake efforts to promote the availability, terms and benefits of the Program to Primary Beneficiaries.

3.2 [NTD: Insert any expectations of the Province regarding associating the Program to the Government, including in any external communications to or marketing directed at Electricity Distributors and Primary Beneficiaries.]

3.3 [NTD: Indicate that the Trustee would be free to enter into License Agreements with the Province, provided that the terms of such License Agreements are consistent with the Purpose and the Program, and that such License Agreements may permit the sub-license of IP to Electricity Distributors and permit the engagement of the Province to provide services related to the use of related IP rights.

3.4 [NTD: Insert any expectations regarding the observance of License Agreements]

4. Conduct of the Trust and the Program

4.1 It is expected that administrative expenses of the Board of Trustees and its members, including any expenses relating to the Trust, to the establishment of the [Trust][Affordability Fund] and any expenses related to the implementation and operation of the Program, including by or through Electricity Distributors and other relevant entities, will be recognized and subject to reimbursement on a basis that is substantially consistent with the principles outlined in the [Province's Transfer Payment Accountability Directive/Travel, Meal and Hospitality Expenses Directive][9], the current form of which attached as Schedule B to this Principles Annex.

4.2 The Trustee is expected to conduct its activities in a manner that complies in all material respects with the Transfer Payment Agreement, including to:

(i) act prudently and in furtherance of the Purpose;

(ii) report annually the results of its activities for information purposes to the Province in connection with the Program;

(iii) comply with the Province's request for any independent verification or audit if determined to be necessary or appropriate by the Province;

(iv) return of Assets that have not been distributed if it is [determined][manifestly demonstrated by the Province] that the Trustee has breached its Standard of Care in discharging its material duties under the Declaration, and has not cured such material breach despite having been given a reasonable opportunity by the Province to do so in light of the circumstances of such material breach, with the result that all or a significant part of the Assets have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose.]

[9] NTD: Ministry to confirm applicable Directive(s).

4.3 Electricity Distributors are not intended to directly profit from distributions of funds made from the Trust, although it is recognized that the objectives of electricity efficiency and conservation of Primary Beneficiaries located in the service area or region of an Electricity Distributor, and the cost savings and improved credit worthiness of such Primary Beneficiaries, may be financially beneficial to the Electricity Distributor.

4.4 Distributions from the Trust are intended to allow receiving Primary Beneficiaries to undertake Eligible Measures at no or minimal personal cost.

4.5 Without in any way limiting the discretion of the Board of Trustees to extend the period during which the benefits of the Program may be available to the Primary Beneficiaries, up to and including the Final Distribution Date, it is expected that the Trust Assets would be distributed to Primary Beneficiaries during the period from the Original Trustee Replacement Date to [March 31, 2019].

SCHEDULE A TO THE PRINCIPLES ANNEX
INITIAL ELIGIBLE MEASURES[10]

Initial Specified Measures
Block Heater Timer (just timer) – rated for outdoor use, have at least a 15 amp/1800 watt capacity, be cold weather resistant, bear a C-UL or CSA certification mark
Power bar with integrated timer, and switched power outlets, four each for a total of 8 outlets, have a total capacity of 15 amps. The switched outlets must remain "live", independent of timer settings, so long as the power bar itself remains switched on. The power bar must bear either a C-UL or CSA certification mark.
Efficient Showerheads (standard) - rated at no more than 4.8 Lpm (1.25 U.S. gpm) and be of the laminar flow type (non-aerating).
Efficient Showerhead (handheld) - rated at no more than 4.8 Lpm (1.25 U.S. gpm) and be of the laminar flow type (non-aerating).
Efficient Aerators (kitchen) - rated no more than 5.7 Lpm (1.5 U.S. gpm), dual threaded to allow installation in both thread type faucets, swivel type with pause lever.
Efficient Aerators (bathroom) - rated no more than 3.8 Lpm (1.0 U.S. gpm), be dual threaded to allow installation in both thread type faucets.
Hot Water Tank Pipe Insulation - $^1/_2$" inside diameter – foam, meets ASTM –C547-00, minimum $^3/_4$" thick
Hot Water Tank Pipe Insulation - $^3/_4$ " inside diameter - – foam, meets ASTM –C547-00, minimum $^3/_4$" thick
Hot Water Tank Insulation - fibreglass R10 (fits up to a 60 gal tank) – not bubble wrap
≤11W ENERGY STAR® Qualified LED A Shape (60W) (minimum 600 Lumen output) (Formerly: 7W – 11W ENERGY STAR® Qualified LED A Shape (60W))

[10] These measures are indicative. Eligible measures added to HAP during the administration of the Trust may also be appropriately considered relevant by the Trustee.

Initial Specified Measures
≤14W ENERGY STAR® Qualified LED A Shape (75W) (minimum 800 Lumen output) (Formerly: 10W – 14W ENERGY STAR® Qualified LED A Shape (75W))
≤23W ENERGY STAR® Qualified LED A Shape (100W) (minimum 1600 Lumen output) (Formerly:17W – 23W ENERGY STAR® Qualified LED A Shape (100W))
≤16W ENERGY STAR® Qualified LED PAR 20 (minimum 600 Lumen output) (Formerly: 8W – 12W ENERGY STAR® Qualified LED PAR 20)
≤16W ENERGY STAR® Qualified LED PAR30 & PAR38 (minimum 600 Lumen output) (Formerly: 8W – 12W ENERGY STAR® Qualified LED PAR 30)
≤23W ENERGY STAR® Qualified LED PAR (minimum 1100 Lumen output) (Formerly: 14W – 18W ENERGY STAR® Qualified LED PAR 38)
≤6W ENERGY STAR® Qualified LED MR 16 / PAR 16 (minimum 250 Lumen output) (Formerly: 7W – 10W ENERGY STAR®
Qualified LED MR 16 / PAR 16 - GU 10 Base)
≤11W ENERGY STAR® Qualified LED MR 16 (minimum 400 Lumen output) (Formerly: 7W – 12W ENERGY STAR® Qualified LED MR 16 GU 5.3 Base)
ENERGY STAR® LED Wet Location Rated PAR lamp ≤ 23 Watt (minimum 1100 Lumen output)
Recessed Downlight Fixture including LED with Light Output >600 and <800 lumens (Retrofit Measure List)
Recessed Downlight Fixture including LED with Light Output >800 lumens (Retrofit Measure List)
Indoor Drying Rack

Extended Measures
Replace refrigerator with ENERGY STAR qualified refrigerator - 15.5 - 16.9 cubic foot top freezer, automatic defrost, refrigerator/ freezer, no through the door ice service
Replace refrigerator with ENERGY STAR qualified refrigerator - 17.0 - 18.4 cubic foot top freezer, automatic defrost, refrigerator/ freezer, no through the door ice service
Replace refrigerator with a refrigerator that has a consumption level of less than 425 kwh, 10 – 12.5 cubic foot top freezer, automatic defrost, refrigerator freezer, no through the door ice service
Replace freezer with ENERGY STAR qualified freezer - 12-14.4 cubic foot freezer
Replace freezer with ENERGY STAR qualified freezer - 14.5 - 16.0 cubic foot freezer
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 6,000 – 7,999 BTU/hr with C-UL or CSA certification mark
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 8,000 – 9,999 BTU/hr with C-UL or CSA certification mark
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 10,000 – 12,000 BTU/hr with C-UL or CSA certification mark
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 14.2 - 21.2 l/day (30-44.9 pints/day) dehumidifier
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 21.3 - 25.4 l/day (45-53.9 pints/day) dehumidifier

Extended Measures
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 25.5 - 35.5 l/day (54-75 pints/day) dehumidifier
Programmable Thermostat – line voltage – meets CAN/CSA-C828-06 standard, minimum performance: Droop: 1.5°C, Differential: 0.5°C, Precision 0% within 0.5°C of the original set point of 22°C
Programmable Thermostat – low voltage - meets CAN/CSA-C828-06 standard, minimum performance: Droop: 1.5°C, Differential: 0.5°C, Precision 0% within 0.5°C of the original set point of 22°C

Weatherization Measures
Comprehensive Draftproofing (caulking, foam and weather stripping, and application of same) – lifespan of 20 years plus If one or two component polyurethane foams are used, the products and installations must conform to: • CAN/ULC-S710.1 Standard For Thermal Insulation – Bead Applied One-Component Polyurethane Air Sealant Foam, Part 1: Material Specification. • CAN/ULC-S710.2 Standard For Thermal Insulation – Bead Applied One-Component Polyurethane Air Sealant Foam, Part 2: Application. • CAN/ULC-S711.1 Standard for Thermal Insulation – Bead Applied Two-Component Polyurethane Air Sealant Foam, Part 1: Material Specification • CAN/ULC-S711.2 Standard for Thermal Insulation – Bead Applied Two-Component Polyurethane Air Sealant Foam, Part 1: Material Specification, and Part 2: Application. **Attic Insulation (including installation):**

SCHEDULE B TO THE PRINCIPLES ANNEX
PERMITTED EXPENSE REIMBURSEMENTS

[NTD: Insert the Province's Transfer Payment Accountability Directive/Travel, Meal and Hospitality Expenses Directive. Please forward a Word version if available.]

PERMITTED DELEGATION ANNEX

1. Under section 4.2(g) of the Declaration, the Trustee has the power to: [(a) appoint, employ or retain Administrative Services Agents for the purpose of discharging its duties and obligations under the Declaration; and (b) enter into, perform, enforce and amend Administrative Services Agreements].

2. In accordance with section 4.2(g) of the Declaration, consistent with the principles set forth in the Principles Annex, the Trustee or its agent will seek to enter into one or more Administrative Services Agreements with individual Electricity Distributors under which the Electricity Distributors will act as Administrative Service Agents to the Trustee. In this manner, the Trustee will delegate certain of its powers and duties to the Electricity Distributors.

3. Under section 5.1 of the Declaration, to the extent the Trustee has delegated any of its duties or powers, it shall be deemed to have satisfied the Standard of Care in respect of the subject matter of such delegation, subject to the Trustee's overall duty to exercise prudent oversight thereof. The Trustee is entitled to rely on an Electricity Distributor to discharge the duties delegated to it, as Administrative Services Agent, pursuant to an Administrative Services Agreement as described in this Annex.

4. Accordingly, and without limiting the Trustee's right to delegate under the Declaration and its other rights, powers and discretion as Trustee, the Trustee will be permitted to, and is expected to seek to, enter into Administrative Services Agreements with Electricity Distributors in order to further the Purpose. It is expected that such Administrative Services Agreements will include customary terms and conditions for an administrative services arrangement of this type and, in addition, would be expected (subject to the acceptance and agreement of the applicable Electricity Distributor counterparty) to address the following points in particular:

    a. **Identification of Applicable Primary Beneficiary Payees and Determination of Individual Distribution Amounts**

        i. Each Electricity Distributor would make an initial assessment of the financial needs of Primary Beneficiaries within its designated service area or region, having regard to the Selection Factors set forth in section 1.3 of the Principles Annex, together with applicable economic data, in order to prepare and provide to the Trustee an estimate of the number of Primary Beneficiaries who the Electricity Distributor reasonably expects would satisfy the Selection Factors.

        ii. Each Electricity Distributor would make an initial assessment of the measures it would recommend be included as Eligible Measures, having regard to the Measures Factors set forth in section 2.1 of the Principles Annex, in order to prepare and provide to the Trustee an estimate of the average cost per Primary Beneficiary Payee (as defined below) of such Eligible Measures that the Electricity Distributor reasonably expects would apply in respect of Primary Beneficiaries resident in its service area or region.

iii. Based on the product of (i) and (ii), above, and such other considerations as it considers to be directly relevant, each Electricity Distributor would make a written recommendation to the Trustee regarding the aggregate funding amount that the Electricity Distributor anticipates would be utilized under the Program by the Primary Beneficiaries resident in its service area or region (the "**Local Funding Estimate**"). Such recommendation would be accompanied, when submitted to the Trustee, by a detailed explanation regarding the assumptions, financial parameters, suitability considerations and other information underlying the Local Funding Estimate (including the type of information contemplated by the Selections Factors and the Measures Factors, which would be relied upon by the Trustee in its assessment regarding the allocation of available funding to or for the benefit of the Primary Beneficiaries across the specified areas and regions of Ontario.

iv. The Trustee would inform the Electricity Distributor regarding the aggregate of the amount determined by the Trustee to be made available under the Program for Primary Beneficiaries in the Electricity Distributor's designated service area or region (for each Electricity Distributor, its "**Maximum Electricity Distributor Allocation**") and as to any maximum amount that may be paid to or for the benefit of any single Primary Beneficiary [or group of related Primary Beneficiaries] located in the servicer area or region of the Electricity Distributor (the "**Maximum Primary Beneficiary Amount**"). The Maximum Electricity Distributor Allocation and Maximum Primary Beneficiary Amount may vary between areas and regions, among the Primary Beneficiaries within such areas and regions, and may be increased by the Trustee from time to time in its discretion.

v. Each Electricity Distributor would apply the principles set forth under "Identification of Primary Beneficiary Payees" in the Principles Annex to identify and make recommendations to the Trustee regarding the amount of funds (if any) to be distributed to or for the benefit of Primary Beneficiaries resident within its service area or region from time to time (the "**Primary Beneficiary Payees**").

vi. Each Electricity Distributor would ensure that the aggregate of the amounts it recommends be distributed to or for the benefit of Primary Beneficiary Payees from time to time does not exceed (1) its Maximum Electricity Distributor Allocation and (2) for any single Primary Beneficiary [or group of related Primary Beneficiaries] located in the service area or region of the Electricity Distributor, the lesser of (x) the applicable Maximum Primary Beneficiary Amount and (y) the estimated costs (including any applicable taxes, but excluding any amount payable to the Electricity Distributor by or on behalf of the Primary Beneficiary) to be incurred by or on behalf of such Primary Beneficiary (whether or not such costs have been paid or remain outstanding) in respect of Eligible Measures applied or to be applied in respect of the Primary Beneficiary's Ontario residence.

vii. The Trustee would provide written confirmation to each Electricity Distributor:

1. Either (x) that the recommendations specified of the Electricity Distributor in clause (v), above, have been accepted, or (y) as to the specific reasons for any non-acceptance; and

2. The amount of the distributions to be paid to or for the benefit of each Primary Beneficiary Payee that is resident in the Electricity Distributor's service area or region.

viii. With respect to each Primary Beneficiary resident in a Electricity Distributor's service area or region that is confirmed as a Primary Beneficiary Payee, the Electricity Distributor would provide the Trustee written confirmation as to:

1. The identity of such Primary Beneficiary Payee; and

2. The amount of the distribution paid to or for the benefit of such Primary Beneficiary Payee.

ix. If the amount of a distribution to be made to a Primary Beneficiary Payee is based on the estimated costs to be incurred by or on behalf of such Primary Beneficiary and, prior to making the distribution to the Primary Beneficiary Payee, the Electricity Distributor determines that the actual costs (including any applicable taxes but excluding any amount payable to the Electricity Distributor by or on behalf of the Primary Beneficiary) incurred or to be incurred by or on behalf of such Primary Beneficiary in respect of Eligible Measures applied or to be applied in respect of the Primary Beneficiary's Ontario residence has or would be less than such estimated costs, then the amount to be distributed to the Primary Beneficiary shall be based on such actual costs.

b. **Making of Distributions to Primary Beneficiaries**

i. Promptly after the Trustee confirms the identity of a Primary Beneficiary Payee resident in an Electricity Distributor's service area or region and the amount of the distribution to be paid to or for the benefit of such Primary Beneficiary Payee, the Trustee would arrange for payment to or on the direction of the Electricity Distributor of an amount equal to the amount of such distribution.

ii. Promptly upon receipt of funds in respect of a distribution to be made to a Primary Beneficiary Payee, the Electricity Distributor would arrange for payment of the full amount of such distribution to or for the benefit of the Primary Beneficiary Payee (including by direct payment to a third party of, or as a reimbursement or rebate of, the costs of applicable Eligible Measures installed at the residence of and for the benefit of the Primary Beneficiary Payee), without reduction or set-off by the Electricity Distributor.

iii. If the amount paid to an Electricity Distributor in respect of a distribution to be made to a Primary Beneficiary exceeds the actual amount of the distribution made to or on behalf of the Primary Beneficiary, the Electricity

Distributor shall promptly return such excess to the Trustee, whereupon the proceeds of such returned amount shall continue to form part of the Assets.

c. **Promotion of the Program**

i. [NTD: Insert any specific items regarding the use of IP by Electricity Distributors]

d. **Establishment of Operational, Administrative, Record-Keeping and Other Systems and Policies to facilitate the Program**

i. The Electricity Distributor would establish such operational, administrative, record-keeping and other systems and policies as are necessary to facilitate the Program and perform its duties under the Administrative Services Agreement, including systems or policies to: identify Primary Beneficiary Payees; comply with applicable privacy and regulatory laws; communicate with Primary Beneficiaries on behalf of the Trust; assess Eligible Measures; determine the Local Funding Estimate; monitor its recommendations to the Trustee against its Maximum Electricity Distributor Allocation and the Maximum Primary Beneficiary Amount; receive funds from the Trust in respect of distributions to the Primary Beneficiary Payees and transfer such funds to the appropriate recipients for the benefit of the Primary Beneficiary Payees; preparation and timely delivery to Primary Beneficiary Payees of such documents as are required by the *Income Tax Act* (Canada); and create and maintain records in respect of the foregoing.

ii. The Electricity Distributor would set up a separate bank account for the purpose of receiving funds from the Trust in respect of distributions to the Primary Beneficiary Payees and the transfer of such funds to the appropriate recipients for the benefit of the Primary Beneficiary Payees.

e. **Reporting, Record-Keeping, Inspection and Disclosure and Compliance Matters**

i. The Electricity Distributor would provide record-keeping, clerical and bookkeeping services relating to all matters relating to its recommendations and the performance of its other duties and obligations under its Administrative Services Agreement.

ii. The Electricity Distributor would keep and maintain all financial records and non-financial documents and records relating to the provision of services under its Administrative Services Agreement. [NTD: Consider specifying any particular records regarding individual Primary Beneficiary Payees needed to ensure the proper function of the Trust or the Program]

iii. The Electricity Distributor would provide to the Trustee quarterly and annual reports ("**Reports**") for the duration of its Administrative Services Agreement. Such Reports would set out, among other things, the amounts of the distributions paid to or for the benefit of applicable Primary Beneficiary Payees, the average distribution amount per such Primary Beneficiary Payee,

the Eligible Measures for which distributions have been made, and the uptake of energy efficiency measures.

iv. The Electricity Distributor would agree to provide to the Trustee such information as is necessary for the Trustee to (v) comply with applicable law; (w) prepare financial statements for the Trust; (x) prepare and submit such documents as are required under the *Income Tax Act* (Canada); (y) comply with the Trust's applicable obligations under the Transfer Payment Agreement; and (z) such other matters as the Trustee reasonably requests.

v. The Trustee, its authorized representatives or an independent auditor would be permitted to, at its own expense, on twenty-four hours' notice to the Electricity Distributor and during normal business hours, inspect the records of and information respecting the Electricity Distributor to confirm its compliance with the Administrative Services Agreement, including regarding its processes for recommending the Primary Beneficiary Payees and their respective distribution amounts and regarding the delivery of Trust funds on behalf of the Trustee to or for the benefit of the Primary Beneficiary Payees.

f. **Standard of Care**

i. The Electricity Distributor would be required to agree to perform its duties provided under the Administrative Services Agreement exercising the degree of care, diligence and skill that a reasonably prudent Person would exercise in comparable circumstances.

ii. In performing its duties under the Administrative Services Agreement (including the recommending of Primary Beneficiary Payees to the Trustee), the Electricity Distributor would be required to agree to seek to avoid actual, potential or perceived conflicts of interest.

iii. The Electricity Distributor would be required to agree to that it would not, in performing its obligations under the Administrative Services Agreement, take any action which it knows or ought reasonably to know would cause the Trustee or the Trust to be in violation of any law, rule or regulation applicable to it.

g. **Expenses**

The Electricity Distributor would be eligible to receive reasonable compensation and reimbursement of its actual out-of-pocket costs associated with the performance of its duties and obligations under the Administrative Services Agreement, subject to compliance with requirements substantially equivalent to the Province's Travel, Meal and Hospitality Expenses Directive. Such compensation amounts and reimbursement entitlements would be specified in the Administrative Services Agreement.

h. **Representations**

The Electricity Distributor would make customary representations to the Trust regarding, among other things, its legal capacity; authorization; non-contravention of law or material contract to which it is a party; and the enforceability of the Administrative Services Agreement.

i. **Indemnification**

The Electricity Distributor would be required to agree to provide customary indemnities to the Trust and the Trustee from and against claims, damages and liabilities which may the Trust or Trustee may suffer or incur as the result of any breach of the Administrative Services Agreement by the Electricity Distributor or its representatives.

[NTD: MOE, please advise whether you wish to address any of the following matters upfront in an administrative services agreement: (1) LDC compliance with privacy law requirements/ money laundering laws; (2)legal representation if joined in any product warranty claims (i.e., to the extent the Trust is sued in connection with a purchase of Eligible Measures); (3)specific manner of flowing money to manufacturers and suppliers of Eligible Measures;(4) logistics of banking and cash flow mechanics and related record-keeping; (5) production of information for Trustee to satisfy legal requirements applicable to the Trust (i.e., tax; record keeping); (6) preparation of tax remittances for beneficiaries (applicable?);(7) required communications to Primary Beneficiaries on behalf of the Trust (including to comply with applicable laws);(8) preparation and submission of applications, etc., that may be contemplated by the Program;and (9) LDC fault-based termination scenarios]

DECLARATION OF TRUST

This Declaration of Trust is made as of March •, 2017, by Computershare Trust Company of Canada, a trust company established under the laws of Canada and licensed to carry on business as a trust company in each of the provinces and territories of Canada (together with its successors and assigns and the other trustees (including the Board of Trustees) contemplated herein, the "**Trustee**").

WHEREAS Computershare Trust Company of Canada, as the Trustee, wishes to establish a trust to acquire, hold, manage, invest, apply and dispose of certain property for the benefit of certain Beneficiaries as herein described.

NOW THEREFORE Computershare Trust Company of Canada, as the Trustee, hereby declares that it holds in trust as trustee (a) the sum of ONE HUNDRED DOLLARS ($100) contributed by it on this date and (b) all other property of every type and description which it may hereafter acquire or hold in its capacity as trustee of the Trust and all income therefrom and proceeds thereof, to hold, manage, invest, apply and dispose of ~~the~~ same on and subject to the provisions ~~contained~~set forth in this Declaration of Trust, including the annexes and schedule attached hereto.

SECTION 1
INTERPRETATION

1.1 Definitions

In this Declaration:

(a) "***Administrative Services Agent***" means each agent, which may include any Electricity Distributor or other Person, appointed from time to time under an Administrative Services Agreement, and its successors and permitted assigns solely in such capacity.

(b) "***Administrative Services Agreement***" means each agreement entered into from time to time by the Trust ~~with an~~and one or more Administrative Services ~~Agent~~Agents or other Persons, in furtherance of the ~~purpose of the Trust described in section 2.1 of this Declaration~~Purpose, under which the Administrative Services Agent ~~agrees~~would agree to provide specified administrative and other services to and on behalf of the Trustee (including, following the Original Trustee Replacement Date, the Permitted Delegations Annex), as such agreement may be amended, supplemented, restated, renewed or replaced from time to time. [Blakes: A Day 1 Administrative Services Agreement would likely be requested by Computershare to address the possibility of interim administrative issues. It would also be useful to the extent that it is necessary for someone to advise Computershare if an unforeseen event arises or amendments are required to the Declaration, in the event initial changes are necessary to make the Declaration acceptable to potential Board members. All of this is trying to avoid potential gridlock if something comes up and Computershare is unwilling to act without direction.]

(c) "***Assets***" means, collectively, the following:

(i) the $100 Canadian referred to above, contributed by Computershare Trust Company of Canada on the date hereof;

(ii) all other property which is now or which at any time in the future may be issued, assigned, transferred, provided, donated, gifted and contributed to the Trustee (including pursuant to the Transfer Payment Agreement) to be held in trust pursuant to this Declaration (and which the Trustee is willing to accept and hold);

(iii) all acquisitions of property made by the Trust;

(iv) ~~(iii)~~ all property which may at any time be substituted ~~therefor;~~

~~(iv)~~ ~~all capital depreciations to or acquisitions by the Trust;~~for or in respect of the property referred to in clauses (i), (ii) and (iii), above;

(v) all income of the Trust, including investment income generated by the investment of the property referred to in clauses (i), (ii), (iii) and (iv), above; and

(vi) all proceeds of disposition of any of the property referred to in clauses (i) through (v) above,

but excludes ~~anything~~any property paid out or distributed (whether out of income or capital) ~~in the normal course of administration or~~ pursuant to the provisions of this Declaration.

(d) "***Beneficiary***" means each Primary Beneficiary and each Residual Beneficiary, as applicable.

(e) "***Board of Trustees***" means (i) as of the Original Trustee Replacement Date, the individual trustees appointed by the Original Trustee pursuant to Section 5.7 on the basis described in the Trustee Replacement Annex, and (ii) thereafter, the group of trustees appointed hereunder and acting in such capacity.

(f) "***Business Day***" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day [and any other day on which the Province has elected to be closed for business].

(g) ~~(e)~~ "***Declaration***" means this Declaration of Trust, as it may be amended, restated, supplemented or otherwise modified from time to time, ~~including each of the Annexes hereto~~and includes each of the annexes and the Schedule attached hereto which constitute and form an integral part of this Declaration.

(h) ~~(f)~~ "***Electricity Distributor***" means, in respect of a designated service area or region in Ontario, the ~~distributer~~distributor of electricity to residences located in such area or region.

(i) ~~(g)~~ "***Electricity Invoice***" means an invoice issued by an Electricity Distributor in respect of electricity charges and related services and amounts incurred or assessed in respect of a residence located in the Electricity Distributor's designated service area or region in Ontario.

(j) ~~(h)~~ "***Eligible Investments***" means ~~[~~(i) a deposit ~~instruments or accounts~~receipt, note, certificate or instrument issued, guaranteed or ~~established by one or more Schedule I Canadian chartered banks].~~endorsed by a bank listed in Schedule I to the *Bank Act* (Canada), which

provides that the principal and any interest shall be fully paid no later than [one year] after the day the investment was made, or (ii) a deposit account at a bank listed in Schedule I to the *Bank Act* (Canada).

(k) ~~(i)~~ "***Eligible Measures***" means electricity efficiency and/or conservation measures determined by the Trustee from time to time~~, as more particularly determined in accordance with~~ on the basis contemplated in the Principles Annex and in the manner specified in and having regard to the Permitted Delegations Annex.

(l) ~~(j)~~ "***Final Distribution Date***" means the earlier of (i) the date specified as such or determined pursuant to the ~~TPA~~Transfer Payment Agreement[1], and (ii) the later of (x) the date (if any) on which the Trustee determines (by a resolution of the Board of Trustees) that no further distributions are likely to be made to any Primary Beneficiary and (y) •, 20[23].

(m) ~~(k)~~ "***HAP Eligible Person***" means an "Eligible Person" as defined in Section 3.1 of the document entitled "Conservation First Framework LDC Took Kit" published by the Independent Electricity System Operator and designated as Final v3.0 – March 11, ~~2016.~~2016, as amended in accordance with the Energy Conservation Agreement between the Independent Electricity System Operator and Electricity Distributors.

(n) "***License Agreement***" means any agreement under which the Trust or any Electricity Distributor possesses or acquires rights to use any trademarks, names, logos, copyrights, patents or other intellectual property for use in connection with communications or other dealings undertaken in relation to the Program, including for the purpose of branding, marketing and promoting the availability, terms and benefits of the Program to Primary Beneficiaries.

(p) ~~(m)~~ "***Original Trustee***" means Computershare Trust Company of Canada ~~and any successor~~, acting in its capacity as trustee hereunder, together with any additional or replacement Trustee appointed hereunder prior to the Original Trustee Replacement Date and any of their respective successors and assigns.

(q) "***Original Trustee Replacement Date***" has the meaning specified in Section 5.7, being the date on which the Original Trustee is replaced as trustee under this Declaration by the Board of Trustees as contemplated under Section 5.7.

(r) ~~(n)~~ "***Person***" includes any individual, sole proprietorship, corporation, partnership, joint venture, association, society, club, board, chamber, joint-stock company, trust, trustee, unincorporated or incorporated organization or entity or government or any entity, agency or political subdivision thereof.

[1] NTD: The TPA will provide that on an Event of Default (KPMG Comment- No! This is a problem…OPC Comment: Please see correspondence between the Province and the OAG w.r.t. transfer payment accountability provisions.) the remaining Assets will be paid over to the Government, on the basis that the Government's transfer thereunder is subject to such a reservation in circumstances of non-compliance. The TPA should also specify that the Trust will thereafter be wound up, which will tie in to this definition by way of the date so specified in the TPA. Accounting considerations to be discussed.

(s) ~~(o)~~ "***Primary Beneficiary***" means each individual that, as of a time of determination, satisfies each of the following criteria:

(i) the individual owns, rents or leases a residence located in Ontario and is the primary or secondary electricity utility account holder named on an Electricity Invoice issued in respect of that residence; and

(ii) the individual is not a HAP Eligible Person.

1.2 Headings and Table of Contents

The insertion of headings and the provision of a table of contents are for convenience of reference only and shall not affect the construction or interpretation of this Declaration.

1.3 References

Unless otherwise specified, all references to Sections are to Sections of this Declaration. The words "hereto~~,~~" "herein~~,~~" "hereof~~,~~" "hereunder" and similar expressions refer to this Declaration and not to any particular Section or other provision of this Declaration.

1.4 Number and Gender

Unless otherwise specified, words importing the singular include the plural and vice versa and words importing gender include all genders.

1.5 Governing Law

This Declaration shall be governed by, and construed and interpreted in accordance with, the laws of the Province of Ontario and of Canada applicable therein.

1.6 Severability

Any provision of this Declaration which is illegal, invalid or unenforceable in any jurisdiction shall not affect the legality, validity or enforceability of the remaining provisions and any such illegality, invalidity or unenforceability in any jurisdiction shall not affect the legality, validity or enforceability of such provision in any other jurisdiction.

1.7 Reference to the Trust and the Trustee

For greater certainty, where any reference is made in this Declaration to an act to be performed by or for or on behalf of the Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Trust, and, where any reference is made in this Declaration to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee solely in its capacity as trustee of the Trust. ~~No~~Except as provided under the Transfer Payment Agreement, no Person dealing with the Trust or the Trustee shall be bound to make any enquiry concerning, or has the right to require production of, any evidence of the validity of any act of, or transaction purporting to be made by, the Trustee.

1.8 Defect in Appointment

No action taken by the Trustee will be invalid or ineffective by reason only of any defect in the appointment of the Trustee or the compliance by the Trustee of any rules or procedures adopted by the Trustee and which is discovered after the taking of such action.

SECTION 2
CONCERNING THE TRUST

2.1 Objectives

The Trust is established to hold, invest, apply and dispose of the Assets for the benefit of the Beneficiaries in furtherance of the Purpose, as provided for in this Declaration. In furtherance of the Purpose:

(a) the Original Trustee shall hold and invest the Assets as contemplated in this Declaration until the Original Trustee Replacement Date, after which the Board of Trustees shall be duly appointed hereunder; and

(b) ~~The Trust is established for the sole purpose of providing holding and applying the Assets for the benefit of the Beneficiaries as provided in this Declaration. The activities of the Trust shall be to hold the Assets as contemplated in this Declaration until such time as the Trustee determines that the Assets are to be distributed~~the Board of Trustees shall hold, invest, apply and dispose of the Assets in accordance with this Declaration, including by determining the identities of and distributions (if any) to be made to or for the benefit of the Primary Beneficiaries in accordance with Sections 3.1 and 3.2 of this Declaration, having regard ~~and in accordance the Principles Annex, or otherwise to the Residual Beneficiary, in each case~~to the principles set forth in the Principles Annex and in the manner and on the basis contemplated in the Permitted Delegations Annex, or otherwise by determining the identities of and distributions to be made to or for the benefit of any Residual Beneficiary in accordance with ~~this Declaration.~~Section 3.3,

in each case and in all respects subject to the terms, limitation and requirements set forth in this Declaration.

2.2 Name of the Trust

The name of the Trust shall be the "Affordability Fund Trust" or such replacement name as the Trustee shall determine and specify from time to time. The Trustee shall hold the Assets and conduct the activities of the Trust under such name or variation thereof (including any variation of such name in the French language). If the Trustee determines to change the name of the Trust, the Trustee may specify and use such other designation or adopt such other name (including any name in the French language) as it considers appropriate and may hold the Assets and conduct the activities of the Trust under such ~~other~~ designation or other name.

2.3 Location

The head office and the situs of the administration of the Trust shall be • or such other address in Ontario as the Trustee ~~determined~~may determine from time to time.

2.4 Fiscal Year

The fiscal year of the Trust shall end on December 31 ~~in~~of each year.

SECTION 3
DISTRIBUTIONS

3.1 Distributions to ~~Identified~~ Primary Beneficiaries

Prior to the Final Distribution Date, the Trustee shall distribute the Assets (including capital or income) to the Primary Beneficiaries identified based on the application of the principles specified in the Principles Annex and in the manner and in the amounts determined on the basis contemplated by the Permitted Delegations Annex, in each case in the amounts and to the extent specified herein and therein, subject in all respects to the exercise by the Trustee of its discretion hereunder and to the exclusion of the other Beneficiaries. [Blakes: The intention has been to make the Principles and the Delegations clear and firm, so that MOE has greater certainty. There is scope for the Trustees to add to Principles. Uncertain why firm direction and delegations to LDCs would raise issues for the Trustee.]

3.2 ~~Maximum Amount of Distributions to Primary Beneficiaries~~Amount of Distributions to Primary Beneficiaries

~~The amount distributed by the Trustee to or for the benefit of any Primary Beneficiary shall not exceed the costs (including applicable taxes) incurred by or on behalf of such Primary Beneficiary (whether or not such costs have been paid or remain outstanding) in respect of Eligible Measures applied in respect of the Primary Beneficiary's Ontario residence. An amount distributed by the Trustee to a Primary Beneficiary shall not include any amount that would allow an Electricity Distributor to earn a profit.~~

For the purposes of determining the amount of distributions to be made to the Primary Beneficiaries, the Trustee shall have regard to and be entitled to rely on the recommendations of and information provided by Electricity Distributors acting as Administrative Services Agents appointed for the purposes, in the manner and substantially on the terms contemplated in the Permitted Delegations Annex, without any duty or obligation to verify or makes enquiries regarding the basis for or propriety of such recommendations or the accuracy or completeness of such information, except if and to the extent that the Trustee, in its discretion, determines that (i) it has actual knowledge that such recommendations are contrary to the reasonable application of the principles set forth in the Principles Annex or have been made on a basis that is manifestly contrary to such principles or the delegations and activities specified or contemplated to be undertaken under the Permitted Delegations Annex or (b) such information is known by the Trustee to be erroneous, contain a material misrepresentation or is materially incomplete.

3.3 Distributions to Residual Beneficiaries

~~On~~Prior to the Final Distribution Date, the Trustee shall ~~distribute~~identify the Residual Beneficiaries by consulting with and having regard to the recommendations of the Ontario Energy Board, based on **[Identify criteria that will narrow the scope to charities to those having an energy/social focus]**. On or as soon as practicable following the Final Distribution Date, the Trustee shall distribute all of the Assets (including capital or income) ~~to the Residual~~

~~Beneficiaries~~existing at that time to the Residual Beneficiaries, in each case in the amounts and to the extent determined by Trustee in its discretion hereunder[2] and to the exclusion of the other Beneficiaries.

SECTION 4
POWERS OF THE TRUSTEE

4.1 General

Subject to and in compliance with the terms, limitations and restrictions of this Declaration and notwithstanding applicable trust legislation, the Trustee shall have, without other or further authorization, full, exclusive and absolute power, control and authority over the Assets and over the affairs and activities of the Trust to the same extent as if the Trustee were not a trustee, but rather the sole and absolute owner of the Assets in its own right, including such power, control and authority to do all such acts and things as in its sole judgment and discretion are necessary, incidental or desirable for carrying on the affairs and activities of the Trust, with such powers of delegation as may be permitted or otherwise contemplated by this Declaration. Except as expressly provided in this Declaration, the enumeration in this Declaration of any specific power or authority shall not be construed as limiting the aforesaid general power or authority or any other specific power or authority set out herein. Subject to the terms, limitations and restrictions of this Declaration, every discretion or power hereby conferred on the Trustee is an absolute and uncontrolled discretion or power.

4.2 Specifically Enumerated Powers

The Trustee shall have the following specific powers and authorities:

(a) ***Transfer Payment Agreement.*** The Trustee shall have the power to enter into, amend, supplement, modify and perform its obligation under the Transfer Payment Agreement.

(b) ***Contracts and Undertakings.*** The Trustee shall have the power to enter into, amend, supplement, modify and perform its obligation under any contract entered into or undertaking given by the Trustee in furtherance of the Purpose, including any Administrative Services Agreement and any License Agreement.

(c) ***Power to Own, Hold and Manage.*** Subject to section 4.2(d), the Trustee shall have the power to own, hold and manage the Assets in such manner as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable.[3]

(d) ***Power to Invest in Eligible Investments.*** The Trustee shall have the power to invest the Assets only in Eligible Investments, and to change such Eligible Investments at any time and from time to time, all as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable, but always having regard to the Trustee's expectations regarding the timing of payments to be made to the Beneficiaries hereunder. If an investment of Assets in Eligible Investments would not be authorized under the applicable trust laws of Ontario, the Trustee shall

(p) ~~(m)~~ ***Additional Powers.*** The Trustee shall have the power to perform and do all such other acts, to take such steps and to execute all such deeds, transfers, assignments, agreements and other documents and instruments as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable for the carrying out of any of its powers hereunder or of any of the activities of the Trust as herein contemplated, or for the carrying out, promotion or advancement of the interests of the Trust, whether or not any of such acts, things, documents or instruments are herein expressly mentioned. Any good faith determination by the Trustee as to what is necessary, desirable or appropriate to carry out its powers or activities of the Trust as contemplated under this Declaration or to carry out, promote or advance the interests of the Trust shall be conclusive. Any construction of this Declaration or any determination as to the activities of the Trust or the existence of any power or authority hereunder made in good faith by the Trustee, relying upon the advice of counsel, shall be conclusive. In construing the provisions of this Declaration, there shall be a presumption in favour of a grant of power to the Trustee.

SECTION 5
CONCERNING THE TRUSTEE

5.1 Duty of Trustee

In performing its duties and exercising its powers under this Declaration, the Trustee shall act honestly, in good faith and with a view to the best interests of the Trust and the Beneficiaries and shall exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances (the "**Standard of Care**"). The Trustee shall observe and act in accordance with the terms of, and shall observe and comply with the limitations and restrictions set forth in, this Declaration, including having due regard to the principles set forth in the Principles Annex. To the extent that the Trustee has so delegated any of its duties or powers, it shall be deemed to have satisfied the Standard of Care in respect of the subject matter of such delegation, subject to the Trustee's overall duty as a trustee to exercise prudent oversight in relation to such delegation. Unless required by law, the Trustee will not be required to give any security, bonds or sureties in any jurisdiction for the performance of any of its duties and obligations under this Declaration. The Trustee (including the individual members of the Board of Trustees) will not be required to devote its entire time to the trust activities.

5.2 Limitation of Liability

The Trustee shall not be personally liable in tort, contract or otherwise to any Beneficiary or any other Person for any loss or diminution in the value of the Assets, or for any action or failure to act on the part of the Trustee or any of its employees or agents or any other Person, and shall not be subject to any personal liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses incurred by or against the Trust, howsoever arising, and resort will be had solely to the Assets for the payment, performance or satisfaction thereof. No property or assets of the Trustee, owned in its personal capacity or otherwise, will be subject to levy, execution or other enforcement procedures with respect to any obligation under this Declaration. However, the foregoing limitations in this Section ~~5.2~~ shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

5.3 Liability of Trustee under Contracts

Any document or instrument creating a liability or obligation of the Trust or of the Trustee will be conclusively deemed to have been executed by the Trustee only in its capacity as Trustee of the Trust and will be binding upon the Trustee only in its capacity as trustee hereunder and resort may not be had to, nor recourse or satisfaction be sought from, the property of the Trustee other than the Assets, whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Trust, or from its employees or agents, and in all cases resort will be had solely to the Assets for the payment, performance or satisfaction of any such liability or obligation. ~~Each such document or instrument shall contain a provision providing for the aforesaid limitation of liability.~~ However, the foregoing limitations in this Section ~~5.3~~ shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct. Each document or instrument creating a liability or obligation of the Trust or of the Trustee shall contain a provision providing for the aforesaid limitation of liability.

5.4 Funds of the Trustee

The Trustee shall not be required to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers.

5.5 Indemnification of Trustee

In addition to and without limiting any other protection hereunder or otherwise by law of the Trustee and its respective employees, agents, representatives and assigns (in this Section 5.5, collectively, the "**Representatives**"), the Trustee and its respective Representatives shall be indemnified, defended and saved harmless out of the Assets from, against and in respect of any and all liabilities arising or related to actions taken or omitted to be taken by any agent of the Trustee, losses, claims (including any claim arising out of the assessment of any tax on income by a taxing authority), damages, penalties, fines, actions, suits, demands, levies, assessments, costs, charges, expenses and disbursements (including, without limitation, any and all legal and advisor fees and disbursements) (in this Section 5.5, collectively, the "**Liabilities**") of whatever kind or nature which may at any time be suffered by, imposed upon, incurred by or asserted against the Trustee and its Representatives, whether groundless or otherwise, howsoever arising from or out of any act, omission or error of the Trustee, in each case made in connection with its acting as Trustee hereunder, in each case except and to the extent that the Liabilities are a result from or are caused by gross negligence, wilful misconduct, bad faith or breach of the Confidentiality obligations described in ~~Section~~section 5.9. Further, except as provided in ~~Section~~section 5.2, the Trustee shall not be liable to any Beneficiary for any loss or damage relating to any matter regarding the Trust, including any loss or diminution in value of the Assets. Notwithstanding any other provision hereof, the obligations provided for in this ~~Section~~section 5.5 shall survive any termination of the Trust ~~created hereby~~, whether by reason of removal or resignation of the Trustee, termination or discharge of this Declaration or otherwise.

5.6 Reliance upon Advice

Subject to ~~Section~~section 5.1, in performing its duties and exercising its powers hereunder, the Trustee may rely and may act or not act, and shall be fully protected in relying and acting or not acting, upon (a) any statement, telecopy or other electronic means of communication, writing, notice, resolution, report, opinion or other document or conversation believed by its to be genuine and correct and to have been signed, sent or made by the proper Person; (b) any opinion or advice received or information obtained from auditors, solicitors, or other professional advisers, whether retained by the Trustee or otherwise, and shall not be responsible or held liable for any loss or damage resulting from so relying or acting or not acting; and (c) the advice and actions of ~~the~~any Administrative Services Agent, including in connection with the delegations and reliances contemplated under the Permitted Delegations Annex. For greater certainty, it shall not be necessary for the Trustee to ascertain whether or not the Persons who have executed, signed or otherwise issued, authenticated or receipted such papers, writings or documents (including any Administrative Services Agreement, License Agreement or any other contract entered into by the Trustee) have authority to do so or that they are the same Persons named therein or otherwise to pass upon any requirement of such papers, writing or documents that may be essential for their validity or effectiveness or upon the truth and acceptability.

5.7 ~~Resignation~~Replacement of the Original Trustee

~~On or before •, 2017 or as soon thereafter as is practicable,~~

As soon as practicable and in any event prior to •, 2017, the Original Trustee shall ~~receive the recommendations of the Advisory Committee contemplated by and for the purposes described in~~appoint the Persons contemplated by the Trustee Replacement Annex ~~(the "**Advisory Committee**") and, in accordance with the procedures set forth in~~to comprise the Advisory Committee contemplated therein (once constituted, the "**Advisory Committee**"). As soon as practicable thereafter, the Original Trustee shall request that the Advisory Board make recommendations with respect to the composition of the "Board of Trustees", as contemplated by the Trustee Replacement Annex~~ and upon being satisfied that the persons recommended to become members of the Advisory Committee satisfy the criteria~~. The Trustee shall have no duty or obligation to investigate the basis for any of the Advisory Committee's recommendations and may rely on such recommendations without any duty of enquiry, supervision or oversight with respect to the activities and decision-making processes adopted by the Advisory Committee in its discretion, in full satisfaction of the Original Trustee's Standard of Care with respect to such matters hereunder. Except if the Trustee determines that the individuals recommended by the Advisory Committee to become members of such Board of Trustees are disqualified from so acting on the basis of manifest non-compliance with the "Selection Factors" set forth in the Trustee Replacement Annex, the Original Trustee shall appoint~~ as additional Trustees [number] of individuals recommended~~, as members of the Board of Trustees, [six] (five voting and one non-voting) of individuals from among those individuals who have been recommended for appointment to the Board of Trustees by the Advisory Committee. The Original Trustee may exercise its discretion in selecting such individuals for such appointment subject to compliance with the "Selection Factors" set forth in the Trustee Replacement Annex or, in the absence of such exercise, shall select from among individuals who would, if appointed, provide for compliance with the "Selection Factors" set forth in the Trustee Replacement Annex based on the alphabetic order of the their respective surnames. Upon the appointment of [~~number] additional trustees~~six] individuals pursuant to this provision and their agreement to act as members of the Board of Trustees, the Original Trustee shall be deemed to have resigned and shall cease to be a trustee~~. [Insert bare bones governance for the Board's initial purposes.]~~ (such resignation occurring on the "**Original Trustee Replacement Date**").

5.8 ~~Appointment of Successor Trustee~~Rules and Procedures of the Board of Trustees

(a) ***Initial Requirements***. As soon as practicable and in any event no later than [one] month following the Original Trustee Replacement Date, the Board of Trustees shall meet to take such decisions and actions as they deem necessary to ensure the proper management and administration of the Trust. The date (and location if in person) of the initial meeting shall be determined by a majority of the Board of Trustees.

(b) ***Meetings.*** Subject to the Board of Trustees' discretion to make such rules and procedures that they may deem desirable, meetings of the Board of Trustees may be held at such time and place as the trustee members of the Board of Trustees may agree upon or as they may fix by resolution for the purpose or if the meeting is called as hereinafter mentioned then at such time as may be designated in the notice calling the meeting. A meeting of the Board of Trustees may be called at any time by any two members of the Board of Trustees by two Business Days' notice given to the members of the Board of Trustees. No notice of any Board of Trustees' meeting

shall be necessary when a quorum is present if those comprising the quorum consent to the transaction of the affairs of the Trust and the absent trustee or trustees, if any, either before or after the meeting shall waive in writing notice of the meeting. Meetings of the Board of Trustees may be conducted in person, by telephone, or in such other manner as determined by the Board of Trustees. The Board of Trustees may elect a Chairperson.

(c) ***Quorum.*** At any meeting of the Board of Trustees, a majority of the members of the Board of Trustees shall be a quorum irrespective of the number of members in office, provided that quorum will not exist if the majority of members voting on a decision are Provincial employees or representatives. The decision of the majority of the members where quorum exists shall govern and shall be binding for all purposes and shall be acted upon and carried out in the same manner and with the same effect as if all the members concurred therein; provided always that in the case of equality of votes the Chairperson, if any, shall not be entitled to cast a second or deciding vote.

(d) ***Power to Adopt Rules and Procedures.*** The Board of Trustees may make such rules and procedures not inconsistent herewith as it may deem desirable for the proper management and administration of the Trust and the discharge of the responsibilities of the Board of Trustees.

(e) ~~[Add governance provisions to permit remaining trustees~~***Replacement of Members of the Board of Trustees***. The Board of Trustees shall have the power to replace any vacancy arising ~~after Board of Trustees is first constituted under Section 5.7 and to prohibit last trustee from resigning until replacement appointed, subject to an~~following the Original Trustee Replacement Date according to such rules and procedures as they deem appropriate, having regard for such considerations necessary to ensure that the composition of the Board of Trustees will be able to discharge its responsibilities in respect of the Declaration. If necessary, the Board of Trustees may fill any vacancy by application to the Courts of Ontario in the event of an unfilled vacancy.~~]~~

(f) ***Decisions of the Board of Trustees.*** Decisions and actions of the Board of Trustees shall be made by voting, with each individual member having one vote. Subject to quorum requirements, a majority vote shall be determinative in respect of such decisions and actions. Subject to quorum requirements, any decision or action taken by the majority of trustees will represent the decision or action of the Trustee, and not any member of the Board of Trustees.

(g) ***Conflicts of Interest.*** With respect to any matter before the Board of Trustees, to the extent of a conflict of interest, whether actual, perceived or potential, involving a member of the Board of Trustees' personal interests and a matter concerning the Trust, such member shall abstain from voting on the matter or taking any other discretionary action on the matter. For the purposes of the foregoing, no member of the Board of Trustees shall be deemed to have a conflict by reason only that the member holds any office or position with an Electricity Distributor, social services agency or governmental or quasi-governmental agency or entity (such as the Independent Electricity System Operator); provided, however, that in relation to any decision of the Board of Trustees pertaining specifically to a particular Electricity Distributor, any member of the Board of Trustees who is a director, officer or employee of the Electricity Distributor shall recuse himself or herself from participating in deliberations, discussions or voting in respect of such decision.

(h) ***Expenses*** and ***Reimbursements to Trustees.*** Members of the Board of Trustees shall be entitled to reimbursement for and in respect of their out-of-pocket expenses reasonably incurred

in discharging their duties and obligations as members of the Board of Trustees. The Board of Trustees shall serve without compensation.

5.9 Confidentiality

Notwithstanding the resignation or removal and discharge from the trusts and powers reposed in and conferred on the Trustee by this Declaration, or the termination of this Declaration, the Trustee so resigning or removed shall continue to treat as confidential all information relating to the Trust, the Assets and the Beneficiaries and shall only be entitled to make disclosures concerning such information if disclosure is required in the performance of the functions of the resigning or removed Trustee or is ordered by a court of competent jurisdiction or is otherwise required by law. The Trustee shall not be responsible or liable to any Person for any loss or damage arising out of or in any way sustained or incurred in any way relating to any such required disclosure. The obligations arising under this ~~Section [~~section 5.9~~]~~ shall survive the termination of the Trust.

5.10 Vesting in Successor Trustee

Any successor trustee (including any reconstituted Board of Trustees) shall automatically become vested with the Assets and with the same powers, rights, duties, responsibilities and trusts as if it, he or she had ~~been~~ originally been named as Trustee under this Declaration, without the requirement of any further instrument or act or conveyance, and the Trustee ceasing to act shall execute all such transfers and other documents and do all such other acts or things as may be necessary or desirable to assign, transfer, deliver to, and vest in, the successor trustee, upon the trusts expressed in this Declaration, all the Assets and all the rights, powers and trusts of the Trustee ceasing to act. The expense of any act, document, deed or other instrument or thing required under this Section ~~5.10,~~5.10, including for greater certainty, outstanding fees and unreimbursed expenses of the Trustee (including any member of the Board of Trustees) ceasing to act, shall be satisfied from the Assets.

5.11 Execution of ~~Documents~~Instruments

The Trustee shall have the power to execute all deeds, transfers, agreements, promissory notes and other instruments on behalf of the Trust.[3] Such power may be exercised by any one or more Administrative Services Agents acting in accordance with any delegated right to do so pursuant to an applicable Administrative Services Agreement, and any such execution of instrument by an Administrative Services Agent, acting in such capacity as agent of the Trust pursuant to the terms and conditions of such Administrative Services Agreement shall be deemed to be a proper execution of such instrument by the Trustee and shall be binding for all purposes on the Trust.

5.12 Decisions by the Trustee

If there is more than one Trustee, decisions of the Trust may be made by a majority of Trustees. Whenever the Trustees are unable to agree in relation to the commission or omission of any act or howsoever in the execution of the Trust, the decision of a majority of the Trustees shall prevail.[5]

[3] ~~Consider extending this power to the Administrative Services Agent.~~

(j) ~~(e)~~ specify supplemental procedures for the identification of Primary Beneficiaries and the exchange of information with Electricity Distributors in connection with identifying such Primary Beneficiaries ~~who will be the recipients~~; or

(k) ~~(f)~~ specify procedures for the transfer and transmission of funds from the Trust or any Administrative Services Agent acting on its behalf and with delegated responsibility over funds constituting Assets, to~~,~~ or for the benefit of, Beneficiaries or their designated representatives, payees or assignees.

6.2 Supplemental Declarations

The Trustee is authorized to execute any supplemental declaration of trust (including one or more amendments and restatements from time to time of this Declaration) to give effect to amendments to this Declaration made pursuant to ~~this Section 6.~~section 5.1.

SECTION 7
TERMINATION

7.1 Duration

Subject to ~~Section 7.3, [and Section~~section 7.2~~]~~, the Trust will continue in full force and effect so long as there ~~is~~are any Assets and until all of the debts, liabilities and obligations of the Trust have been paid and satisfied in full.[47]

~~**7.2 [Termination for Non-Performance**~~

~~**[NTD: Mechanism to address non-performance by Trustees?]**~~

7.2 ~~7.3~~ Termination and Distribution of Assets

Subject as hereinafter provided, the Trustee may terminate the Trust and wind up its affairs on such date as the Trustee, in its sole and absolute discretion, may determine and after paying or adequately providing for the payment and satisfaction of all debts, liabilities and obligations of the Trust and upon receipt of such releases, indemnities and discharges as the Trustee, relying on the opinion of counsel, deems necessary for the protection of the Beneficiaries and for its own protection. Notwithstanding the foregoing, the Trustee shall in any event terminate the Trust and wind up its affairs ~~not later than [December 31, 2037~~as soon as practicable after the Final Distribution Date~~] (the "**Termination Date**"). Upon~~. In connection with the termination of the Trust, the Trustee shall identify the Residual Beneficiaries and distribute or cause to be distributed the remaining Assets, in cash or in kind or partly in each, to the Residual ~~Beneficiary. PRINCIPLES ANNEX

The Trustee shall have regard to [, but shall not be specifically bound by,] the following principles ~~apply~~in applying its discretion in relation to the administration of the Trust:

1. Identification of Primary Beneficiary Payees

1.1 ~~A~~[Except in exceptional circumstances,] a Primary Beneficiary ~~should~~would not be expected to receive a ~~payment~~benefit from the Trust unless at the time of consideration it satisfies, in addition to the requirements contemplated in the definition of "Primary Beneficiary", each of the following criteria (the "**Selection ~~Criteria~~Factors**"):

~~(i) it is an [owner-occupied,] [non-commercial] electricity customer;~~

(i) ~~(ii)~~ it has ~~[committed] [made arrangements] [proposed] [indicated its willingness~~a participant agreement [with an applicable Electricity Distributor] to undertake measures (its "**Energy Plan**") to improve the electricity efficiency and/or promote the conservation of electricity at its Ontario residence;

(ii) ~~(iii)~~ its Energy Plan involves one or more Eligible Measures, as may be designated by the Trustee from time to time from;

(iii) ~~(iv)~~ it confirms that :

1. the primary purpose of its Energy Plan is the conservation and efficient use by the Primary Beneficiary of electricity, and is not for the purposes of the Primary Beneficiary making a profit;

2. ~~(v)~~ it would otherwise not have the financial resources to undertake the Eligible Measures included in its Energy Plan; and

3. ~~(vi) the Eligible Measures to be undertaken by it under its Energy Plan~~it would ~~not~~ otherwise not be ~~eligible for reimbursement from third parties, including under any efficiency or conservation program implemented by a governmental agency~~[a HAP Eligible Person][eligible to receive amounts in respect of the Eligible Measures under HAP];

(iv) ~~(vii)~~ it has demonstrated a need for financial assistance on the basis that its periodic electricity bills represent a financial burden, relative to its available financial resources; and

(v) ~~(viii) Such~~such other criteria as the Trustee may determine ~~after consultation with~~, including based on the recommendations of Electricity Distributors or other knowledgeable Persons made on the basis and in accordance with the delegations contemplated by the Permitted Delegations Annex or any applicable Administrative Services Agreement.

1.2 ~~The availability of~~It is recognized that, in furthering the Purpose, an efficient basis upon which to allocate funds to the Primary Beneficiaries ~~should be allocated on an equitable and consistent basis~~ across different areas and regions within ~~the Province, having regard to:~~Ontario may be based on the areas and regions serviced by the Electricity Distributors operating within Ontario.

1.3 It would not be contrary to the Purposes if funds are made available by the Trustee to the Primary Beneficiaries unequally across different areas and regions within Ontario, and it is expect that in making such an unequal division it would be appropriate to have regard to:

(i) broad economic parameters of economic activity and the specific financial resources of the residents of the areas and regions, in each case as an indication of the relative need of such residents across the areas and regions;

(ii) electricity use and efficiency levels of non-commercial electricity customers across the areas and regions;

(iii) specific regional indicators of economic weakness and need~~.~~; and

(iv) ~~1.3 An efficient basis upon which to allocate funds to the Beneficiaries across different areas and regions within the Province will be based on the designated areas and regions serviced by the Electricity Distributors operating within the Province.~~ such other factors as the Trustee may determine are relevant, including based on the submissions, advice and recommendations of Electricity Distributors or other knowledgeable Persons made on the basis and in accordance with the delegations contemplated by the Permitted Delegations Annex or any applicable Administrative Services Agreement.

1.4 ~~The~~It is recognized that, in furthering the Purpose, the designated Electricity Distributor for an area or region in which a Primary Beneficiary resides ~~will~~would be expected to:

(i) be a reliable source for the purpose of assessing and confirming whether ~~a~~ the Primary Beneficiary satisfies the Selection ~~Criteria~~Factors;

(ii) be an efficient intermediary for the purpose of communicating with the Primary Beneficiary, including regarding the availability, terms, conditions and intended purposes of ~~[Project]~~Program[8];

(iii) be able to ~~efficiently integrate and reflect any~~facilitate an efficient payment of distribution ~~payments~~ determined to be made to or on behalf of the Primary Beneficiary ~~within its~~, having regard to the Electricity Distributor's established practices, procedures and systems for dealing with its customers; and

(iv) have established contractual arrangements with the Primary Beneficiary that may apply to the protection and confidentiality of information provided by or respecting the Primary Beneficiary, which information may be useful in the consideration by the Electricity Distributor in its assessment of whether the

[8] Consider if the Trustees should control the messaging to ensure consistency across the Province.

Primary Beneficiary satisfies the Selection ~~Criteria~~Factors, which information may not otherwise be available or readily accessible ~~by the Trustee.~~or verifiable by the Trustee. [Blakes: These statements are included to substantiate the very significant delegation of decision making (dispositive powers) to and influence of the Electricity Distributors.]

1.5 ~~The designated~~It is recognized that, in furthering the Purpose, the Electricity Distributor for an area or region in which a Primary Beneficiary resides will have market and utilization information that may be useful in assessing the relative needs of Primary Beneficiaries within its ~~designated~~ area or region. Such information ~~will~~is expected to be relevant in assessing the extent to which one such Primary Beneficiary's financial needs and the merits of its Energy Plan are greater or more compelling than those of another such Primary Beneficiary, which comparison may be relevant to the extent that the funds allocable to the Primary Beneficiaries resident in the area or region are otherwise insufficient to meet the requests for funding by all such Primary Beneficiaries.

1.6 Accordingly, it is recognized that, in furthering the Purpose, it is consistent with the ~~Purposes of the Trust~~Purpose that the recommendations of Electricity Distributors be utilized and relied upon by the Trustee to guide the process of identifying particular Primary Beneficiaries ~~for~~in making distributions ~~under~~to the ~~[Project]~~Primary Beneficiaries.

1.7 If an Electricity Distributor for a particular area or region is unable or unwilling to assess or confirm the application of the Selection ~~Criteria~~Factors to Primary Beneficiaries residing in the area or region or to make recommendations in relation to such matters, one or more of the following may provide a suitable alternative source of information and for information gathering, assessment and confirmation purposes in relation to such area or region:

(i) other Electricity Distributors operating in adjacent or other areas or regions in ~~the Province~~Ontario;

(ii) [the Ontario Energy Board];

(iii) the Independent Electricity System Operator; and

(iv) anyone else having relevant expertise and access to information regarding the electricity market of the Province, in each case as may be considered relevant by the Trustee.

1.8 To the extent that privacy law or other legal requirements limit an Electricity Distributor from providing or making available specific information respecting the application of the Selection ~~Criteria~~Factors to a particular Primary Beneficiary or group of Primary Beneficiaries, it is recognized that, in furthering the Purpose, it may be appropriate to redact or make generic affected information regarding such Primary Beneficiary in connection with the identification and confirmation of a Primary Beneficiary's eligibility and participation in the ~~[Project]~~Program. If such limitations or restrictions would limit an Electricity ~~Distributors~~Distributor from providing or confirming the name of a particular Primary Beneficiary~~,~~ to the Trustee, then it should be sufficient that such

information may be obtained or disseminated on a confidential basis ~~and~~if and when required by the Trustee for the proper administration of the Trust and on that basis such impediments should not disqualify a Primary Beneficiary from participating in the benefits of the ~~[Project] to the extent~~Program, provided that that the confidential record-keeping of the Electricity Distributor would be available in connection with the application of any applicable legal process predicated on the identification of such Primary Beneficiary for the purposes of substantiating its rights as a Primary Beneficiary of the Trust or as to the validity or subsistence of the Trust.

2. Eligible Measures

2.1 Eligible Measures shall be identified having regard to the following (the "**Measures ~~Criteria~~Factors**"):

(i) ~~[~~electricity cost savings [NTD: Insert generic list of considerations relevant to the identification of the applicable spending uses].

(ii) primary home heating sources

[Blakes: MOE may wish to consider:

(iii) is the measure generally expected to result in improved energy conservation by a Primary Beneficiary if properly installed and used;

(iv) is the measure recognized under another Provincial program as being appropriate for achieving electricity conservation among a population analogous to the Primary Beneficiaries;

(v) has an independent source recognized the measure as being (x) energy efficient in design, (y) more energy efficient than similar products available in the market intended for similar usage, or (z) effective in promoting energy conservation;

(vi) does the measure present any unacceptable health or safety considerations, either with respect to the Primary Beneficiary, a party providing or installing the measure, or the physical environment;

(vii) is the measure broadly available to residents across different areas and regions of the Province;

(viii) is it reasonable to expect that the measure would, over its anticipated useful life, generate greater costs savings in respect of electricity efficiency or conservation than the cost of the measure itself; or

(ix) is the measure a requirement or precursor to another measure, the other measure being one which meets any of the other Measures Factors.]

2.2 In identifying and applying the Measures ~~Criteria~~Factors, Electricity Distributors ~~will~~would be expected to have expertise in assessing the suitability of efficiency and conservation measures in their respective areas and regions, which may differ across areas and regions across the Province based on factors (among other things) such as the

climate, geography, density, electricity infrastructure, residential structures, and electricity use rates applicable within such areas or regions.

2.3 Unless otherwise specified by the Board of Trustees, the ~~following~~ measures ~~will be considered Eligible Measures: See Schedule A~~ specified in Schedule A to this Principles Annex may initially be considered to be consistent with the Measures Factors (subject to change as contemplated under the Permitted Delegations Annex).

3. ~~Other~~Promotion of the Program

3.1 It is expected that the Trustee will undertake or engage others to undertake efforts to promote the availability, terms and benefits of the Program to Primary Beneficiaries.

3.2 [NTD: Insert any expectations of the Province regarding associating the Program to the Government, including in any external communications to or marketing directed at Electricity Distributors and Primary Beneficiaries.]

3.3 [NTD: Indicate that the Trustee would be free to enter into License Agreements with the Province, provided that the terms of such License Agreements are consistent with the Purpose and the Program, and that such License Agreements may permit the sub-license of IP to Electricity Distributors and permit the engagement of the Province to provide services related to the use of related IP rights.

3.4 [NTD: Insert any expectations regarding the observance of License Agreements]

4. Conduct of the Trust and the Program

4.1 ~~3.1~~ It is expected that administrative expenses of the ~~Trustee~~Board of Trustees and its members, including any expenses relating to the Trust, to the establishment of the [Trust][Affordability Fund] and any expenses related to ~~delivery of the program by~~the implementation and operation of the Program, including by or through Electricity Distributors~~, will be in accordance~~ and other relevant entities, will be recognized and subject to reimbursement on a basis that is substantially consistent with the principles outlined in the [Province's Transfer Payment Accountability Directive/Travel, Meal and Hospitality Expenses Directive][~~5~~9], ~~in~~ the current form of which attached as Schedule B to this Principles Annex ~~as Exhibit 1.~~ .

4.2 ~~3.2~~ The Trustee is expected to conduct its activities ~~to ensure that~~in a manner that complies in all material respects with the Transfer Payment Agreement, including to:

(i) ~~public funds are spent~~act prudently and in furtherance of the Purpose;

(ii) ~~the Trustee is accountable~~report annually the results of its activities for information purposes to the Province ~~for program activities~~in connection with the Program;

[~~5~~9] NTD: Ministry to confirm applicable Directive(s).

(iii) ~~it complies~~comply with the Province's request for any independent verification~~/audit~~ or audit if determined to be necessary or appropriate by the Province;

(iv) ~~the Province can recover the funds if they are not being used for the purposes intended.~~return of Assets that have not been distributed if it is [determined][manifestly demonstrated by the Province] that the Trustee has breached its Standard of Care in discharging its material duties under the Declaration, and has not cured such material breach despite having been given a reasonable opportunity by the Province to do so in light of the circumstances of such material breach, with the result that all or a significant part of the Assets have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose.]

4.3 ~~3.3 It is expected that~~ Electricity Distributors ~~will~~are not intended to directly profit from distributions ~~made from the Trust~~of funds made from the Trust, although it is recognized that the objectives of electricity efficiency and conservation of Primary Beneficiaries located in the service area or region of an Electricity Distributor, and the cost savings and improved credit worthiness of such Primary Beneficiaries, may be financially beneficial to the Electricity Distributor.

4.4 ~~3.4 It is expected that distributions~~Distributions from the Trust ~~will~~are intended to allow receiving Primary Beneficiaries to undertake Eligible Measures at no or minimal personal cost.

4.5 ~~3.5 It~~Without in any way limiting the discretion of the Board of Trustees to extend the period during which the benefits of the Program may be available to the Primary Beneficiaries, up to and including the Final Distribution Date, it is expected that the Trust Assets ~~will~~would be distributed ~~between April 1, 2017 and March 31, 2019.~~to Primary Beneficiaries during the period from the Original Trustee Replacement Date to [March 31, 2019].

SCHEDULE A TO THE PRINCIPLES ANNEX
INITIAL ELIGIBLE MEASURES[10]

~~Basic~~Initial Specified **Measures**
Block Heater Timer (just timer) – rated for outdoor use, have at least a 15 amp/1800 watt capacity, be cold weather resistant, bear a C-UL or CSA certification mark
Power bar with integrated timer, and switched power outlets, four each for a total of 8 outlets, have a total capacity of 15 amps. The switched outlets must remain "live", independent of timer settings, so long as the power bar itself remains switched on. The power bar must bear either a C-UL or CSA certification mark.
Efficient Showerheads (standard) - rated at no more than 4.8 Lpm (1.25 U.S. gpm) and be of the laminar flow type (non-aerating).
Efficient Showerhead (handheld) - rated at no more than 4.8 Lpm (1.25 U.S. gpm) and be of the laminar flow type (non-aerating).
Efficient Aerators (kitchen) - rated no more than 5.7 Lpm (1.5 U.S. gpm), dual threaded to allow installation in both thread type faucets, swivel type with pause lever.
Efficient Aerators (bathroom) - rated no more than 3.8 Lpm (1.0 U.S. gpm), be dual threaded to allow installation in both thread type faucets.
Hot Water Tank Pipe Insulation - 1/2" inside diameter – foam, meets ASTM –C547-00, minimum 3/4" thick
Hot Water Tank Pipe Insulation - 3/4 " inside diameter - – foam, meets ASTM –C547-00, minimum 3/4" thick
Hot Water Tank Insulation - fibreglass R10 (fits up to a 60 gal tank) – not bubble wrap
≤11W ENERGY STAR® Qualified LED A Shape (60W) (minimum 600 Lumen output) (Formerly: 7W – 11W ENERGY STAR® Qualified LED A Shape (60W))

[10] These measures are indicative. Eligible measures added to HAP during the administration of the Trust may also be appropriately considered relevant by the Trustee.

~~Basic~~Initial Specified Measures
≤14W ENERGY STAR® Qualified LED A Shape (75W) (minimum 800 Lumen output) (Formerly: 10W – 14W ENERGY STAR® Qualified LED A Shape (75W))
≤23W ENERGY STAR® Qualified LED A Shape (100W) (minimum 1600 Lumen output) (Formerly:17W – 23W ENERGY STAR® Qualified LED A Shape (100W))
≤16W ENERGY STAR® Qualified LED PAR 20 (minimum 600 Lumen output) (Formerly: 8W – 12W ENERGY STAR® Qualified LED PAR 20)
≤16W ENERGY STAR® Qualified LED PAR30 & PAR38 (minimum 600 Lumen output) (Formerly: 8W – 12W ENERGY STAR® Qualified LED PAR 30)
≤23W ENERGY STAR® Qualified LED PAR (minimum 1100 Lumen output) (Formerly: 14W – 18W ENERGY STAR® Qualified LED PAR 38)
≤6W ENERGY STAR® Qualified LED MR 16 / PAR 16 (minimum 250 Lumen output) (Formerly: 7W – 10W ENERGY STAR®
Qualified LED MR 16 / PAR 16 - GU 10 Base)
≤11W ENERGY STAR® Qualified LED MR 16 (minimum 400 Lumen output) (Formerly: 7W – 12W ENERGY STAR® Qualified LED MR 16 GU 5.3 Base)
ENERGY STAR® LED Wet Location Rated PAR lamp ≤ 23 Watt (minimum 1100 Lumen output)
Recessed Downlight Fixture including LED with Light Output >600 and <800 lumens (Retrofit Measure List)
Recessed Downlight Fixture including LED with Light Output >800 lumens (Retrofit Measure List)
Indoor Drying Rack

Extended Measures
Replace refrigerator with ENERGY STAR qualified refrigerator - 15.5 - 16.9 cubic foot top freezer, automatic defrost, refrigerator/ freezer, no through the door ice service
Replace refrigerator with ENERGY STAR qualified refrigerator - 17.0 - 18.4 cubic foot top freezer, automatic defrost, refrigerator/ freezer, no through the door ice service
Replace refrigerator with a refrigerator that has a consumption level of less than 425 kwh, 10 – 12.5 cubic foot top freezer, automatic defrost, refrigerator freezer, no through the door ice service
Replace freezer with ENERGY STAR qualified freezer - 12-14.4 cubic foot freezer
~~12-14.4 cubic foot freezer~~
Replace freezer with ENERGY STAR qualified freezer - 14.5 - 16.0 cubic foot freezer
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 6,000 – 7,999 BTU/hr with C-UL or CSA certification mark
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 8,000 – 9,999 BTU/hr with C-UL or CSA certification mark
~~certification mark~~
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 10,000 – 12,000 BTU/hr with C-UL or CSA certification mark
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 14.2 - 21.2 l/day (30-44.9 pints/day) dehumidifier
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 21.3 - 25.4 l/day (45-53.9 pints/day) dehumidifier

Extended Measures
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 25.5 - 35.5 l/day (54-75 pints/day) dehumidifier ~~dehumidifier dehumidifier~~
Programmable Thermostat – line voltage – meets CAN/CSA-C828-06 standard, minimum performance: Droop: 1.5°C, Differential: 0.5°C, Precision 0% within 0.5°C of the original set point of 22°C
Programmable Thermostat – low voltage - meets CAN/CSA-C828-06 standard, minimum performance: Droop: 1.5°C, Differential: 0.5°C, Precision 0% within 0.5°C of the original set point of 22°C

PERMITTED DELEGATION ANNEX

1. Under ~~Section~~section 4.2(~~d~~g) of the Declaration, the Trustee has the power to: [(~~A~~a) appoint, employ or retain Administrative Services Agents for the purpose of discharging its duties and obligations under the Declaration; and (~~B~~b) enter into, perform, enforce and amend Administrative Services Agreements].

2. In accordance with ~~Section~~section 4.2(g) of the Declaration, consistent with the principles set forth in the Principles Annex, the Trustee or its agent will seek to enter into one or more Administrative Services Agreements with individual Electricity Distributors under which the Electricity Distributors will act as Administrative Service Agents to the Trustee. In this manner, the Trustee will delegate certain of its powers and duties to the Electricity Distributors.

3. Under ~~Section~~section 5.1 of the Declaration, to the extent the Trustee has delegated any of its duties or powers, it shall be deemed to have satisfied the Standard of Care in respect of the subject matter of such delegation, subject to the Trustee's overall duty to exercise prudent oversight thereof. The Trustee is entitled to rely on an Electricity Distributor to discharge the duties delegated to it, as Administrative Services Agent, pursuant to an Administrative Services Agreement as described in this Annex.

4. ~~Without limitation, the Administrative Services Agreements may provide for the following:~~Accordingly, and without limiting the Trustee's right to delegate under the Declaration and its other rights, powers and discretion as Trustee, the Trustee will be permitted to, and is expected to seek to, enter into Administrative Services Agreements with Electricity Distributors in order to further the Purpose. It is expected that such Administrative Services Agreements will include customary terms and conditions for an administrative services arrangement of this type and, in addition, would be expected (subject to the acceptance and agreement of the applicable Electricity Distributor counterparty) to address the following points in particular:

    a. **Identification of Applicable Primary Beneficiary Payees and Determination of Individual Distribution Amounts**

        i. Each Electricity Distributor ~~will~~would make an initial assessment of the financial needs of Primary Beneficiaries within its designated service area or region, having regard to ~~[~~the Selection Factors set forth in section 1.3 of the Principles Annex, together with applicable economic data~~]~~, in order to prepare and provide to the Trustee an estimate of the number of Primary Beneficiaries who the Electricity Distributor reasonably expects would satisfy the ~~selection factors set forth under clause 1.1 ["Identification of Beneficiary Payees"] in the Principles Annex~~Selection Factors.

        ii. Each Electricity Distributor ~~will~~would make an initial assessment of the measures it would recommend be included as Eligible Measures, having regard to ~~[considerations]~~the Measures Factors set forth in section 2.1 of the Principles Annex, in order to prepare and provide to the Trustee an estimate of

the average cost per Primary Beneficiary Payee (as defined below) of such Eligible Measures that the Electricity Distributor reasonably expects would apply in respect of Primary Beneficiaries resident in its service area or region.

iii. Based on the product of (i) and (ii), above, and such other considerations as it considers to be directly relevant, each Electricity Distributor ~~will~~would make a written recommendation to the Trustee regarding the aggregate funding amount that the Electricity Distributor anticipates ~~may~~would be utilized under the ~~[Project]~~Program by the Primary Beneficiaries resident in its service area or region (the "**Local Funding Estimate**"). Such recommendation ~~will~~would be accompanied, when submitted to the Trustee, by a detailed explanation regarding the assumptions, financial parameters, suitability considerations and other information underlying the Local Funding Estimate (including the type of information contemplated by ~~"[Insert]" under the Principles Annex, which will~~the Selections Factors and the Measures Factors, which would be relied upon by the Trustee in its assessment regarding the allocation of available funding to or for the benefit of the Primary Beneficiaries across the specified areas and regions of ~~the Province of~~ Ontario ~~(the "**Province**")~~.

iv. The Trustee ~~will~~would inform the Electricity Distributor regarding the aggregate of the amount determined by the Trustee to be made available under the ~~[Project]~~Program for Primary Beneficiaries in the Electricity Distributor's designated service area or region (for each ~~LDC~~Electricity Distributor, its "**Maximum ~~LDC~~Electricity Distributor Allocation**") and as to any maximum amount that may be paid to or for the benefit of any single Primary Beneficiary [or group of related Primary Beneficiaries] located in the servicer area or region of the Electricity Distributor (the "**Maximum Primary Beneficiary Amount**"). The Maximum ~~LDC Amount~~Electricity Distributor Allocation and Maximum Primary Beneficiary Amount may vary between areas and regions, among the Primary Beneficiaries within such areas and regions, and may be increased by the Trustee~~,~~ from time to time in its discretion.

v. Each Electricity Distributor ~~will~~would apply the principles set forth under ~~[~~"Identification of Primary Beneficiary Payees" in the Principles Annex~~]~~ to identify and make recommendations to the Trustee regarding the amount of funds (if any) to be distributed to or for the benefit of Primary Beneficiaries resident within its ~~designated~~ service area or region from time to time (the "**Primary Beneficiary Payees**").

vi. Each Electricity Distributor ~~will~~would ensure that the aggregate of the amounts it recommends be distributed to or for the benefit of Primary Beneficiary Payees from time to time does not exceed (1) its Maximum ~~LDC~~Electricity Distributor Allocation and (2) for any single Primary Beneficiary [or group of related Primary Beneficiaries] located in the ~~servicer~~service area or region of the Electricity Distributor, the lesser of (x) the applicable Maximum ~~Beneficiary Amount~~Primary Beneficiary Amount and (y) the estimated costs (including any applicable taxes, but excluding any

amount payable to the Electricity Distributor by or on behalf of the Primary Beneficiary) to be incurred by or on behalf of such Primary Beneficiary (whether or not such costs have been paid or remain outstanding) in respect of Eligible Measures applied or to be applied in respect of the Primary Beneficiary's Ontario residence.

vii. The Trustee ~~will~~would provide written confirmation to each Electricity Distributor:

1. Either (x) that the recommendations specified of the Electricity Distributor in clause (v), above, have been accepted, or (y) as to the specific reasons for any non-acceptance; and

2. The amount of the distributions to be paid to or for the benefit of each Primary Beneficiary Payee that is resident in the Electricity Distributor's service area or region.

viii. With respect to each Primary Beneficiary resident in a Electricity Distributor's service area or region that is confirmed as a Primary Beneficiary Payee, the Electricity Distributor would provide the Trustee written confirmation as to:

1. ~~2.~~ The identity of ~~each~~such Primary Beneficiary Payee ~~resident in the Electricity Distributor's service area or region and its residential address;~~; and

2. The amount of the distribution paid to or for the benefit of such Primary Beneficiary Payee.

ix. ~~3. The amount of the distribution to be paid to or for the benefit of each such Beneficiary Payee.~~If the amount of a distribution to be made to a Primary Beneficiary Payee is based on the estimated costs to be incurred by or on behalf of such Primary Beneficiary and, prior to making the distribution to the Primary Beneficiary Payee, the Electricity Distributor determines that the actual costs (including any applicable taxes but excluding any amount payable to the Electricity Distributor by or on behalf of the Primary Beneficiary) incurred or to be incurred by or on behalf of such Primary Beneficiary in respect of Eligible Measures applied or to be applied in respect of the Primary Beneficiary's Ontario residence has or would be less than such estimated costs, then the amount to be distributed to the Primary Beneficiary shall be based on such actual costs.

b. **Making of Distributions to Primary Beneficiaries**

i. Promptly after the Trustee confirms the identity of a Primary Beneficiary Payee resident in ~~a~~an Electricity Distributor's service area or region and the amount of the distribution to be paid to or for the benefit of such Primary Beneficiary Payee, the Trustee ~~will~~would arrange for payment to or on the

direction of the Electricity Distributor of an amount equal to the amount of such distribution.

ii. Promptly upon receipt of funds in respect of a distribution to ~~a~~be made to a Primary Beneficiary Payee, the Electricity Distributor ~~will~~would arrange for payment of the full amount of such distribution to or for the benefit of the ~~Beneficiary Payee~~Primary Beneficiary Payee (including by direct payment to a third party of, or as a reimbursement or rebate of, the costs of applicable Eligible Measures installed at the residence of and for the benefit of the Primary Beneficiary Payee), without reduction or set-off by the Electricity Distributor.

iii. If the amount paid to an Electricity Distributor in respect of a distribution to be made to a Primary Beneficiary exceeds the actual amount of the distribution made to or on behalf of the Primary Beneficiary, the Electricity Distributor shall promptly return such excess to the Trustee, whereupon the proceeds of such returned amount shall continue to form part of the Assets.

c. **Promotion of the Program**

i. [NTD: Insert any specific items regarding the use of IP by Electricity Distributors]

d. **Establishment of Operational, Administrative, Record-Keeping and Other Systems and Policies to facilitate the Program**

i. The Electricity Distributor would establish such operational, administrative, record-keeping and other systems and policies as are necessary to facilitate the Program and perform its duties under the Administrative Services Agreement, including systems or policies to: identify Primary Beneficiary Payees; comply with applicable privacy and regulatory laws; communicate with Primary Beneficiaries on behalf of the Trust; assess Eligible Measures; determine the Local Funding Estimate; monitor its recommendations to the Trustee against its Maximum Electricity Distributor Allocation and the Maximum Primary Beneficiary Amount; receive funds from the Trust in respect of distributions to the Primary Beneficiary Payees and transfer such funds to the appropriate recipients for the benefit of the Primary Beneficiary Payees; preparation and timely delivery to Primary Beneficiary Payees of such documents as are required by the *Income Tax Act* (Canada); and create and maintain records in respect of the foregoing.

ii. The Electricity Distributor would set up a separate bank account for the purpose of receiving funds from the Trust in respect of distributions to the Primary Beneficiary Payees and the transfer of such funds to the appropriate recipients for the benefit of the Primary Beneficiary Payees.

e. ~~c.~~ **Reporting, Record-Keeping, Inspection and Disclosure and Compliance Matters**

i. The Electricity Distributor ~~will provide to the Trustee quarterly and annual reports ("**Reports**") for the duration of the~~would provide record-keeping, clerical and bookkeeping services relating to all matters relating to its recommendations and the performance of its other duties and obligations under its Administrative Services Agreement.

ii. The Electricity Distributor ~~will~~would keep and maintain all financial records and non-financial documents and records relating to the provision of services under ~~the~~its Administrative Services Agreement. [~~Specify required~~NTD: Consider specifying any particular records regarding individual Primary Beneficiary Payees needed to ensure the proper function of the Trust or the Program]

iii. The Electricity Distributor would provide to the Trustee quarterly and annual reports ("**Reports**") for the duration of its Administrative Services Agreement. Such Reports would set out, among other things, the amounts of the distributions paid to or for the benefit of applicable Primary Beneficiary Payees, the average distribution amount per such Primary Beneficiary Payee, the Eligible Measures for which distributions have been made, and the uptake of energy efficiency measures.

iv. The Electricity Distributor would agree to provide to the Trustee such information as is necessary for the Trustee to (v) comply with applicable law; (w) prepare financial statements for the Trust; (x) prepare and submit such documents as are required under the *Income Tax Act* (Canada); (y) comply with the Trust's applicable obligations under the Transfer Payment Agreement; and (z) such other matters as the Trustee reasonably requests.

v. ~~iii.~~ The Trustee, its authorized representatives or an independent auditor ~~may~~would be permitted to, at its own expense, on twenty-four hours' notice to the Electricity Distributor and during normal business hours, inspect the records of and information respecting the Electricity Distributor to confirm its compliance with the Administrative Services Agreement, including regarding its ~~process~~processes for ~~determining~~recommending the Primary Beneficiary Payees~~,~~ and their respective distribution amounts and regarding the delivery of Trust funds ~~to [or for the benefit of] the Beneficiary Payees. The Trustee, its authorized representatives or an independent auditor may inspect and copy all records and documents kept in accordance with the Administrative Services Agreement and conduct an audit or investigation of the Electricity Distributor in respect of the identification of the applicable Beneficiary Payees, the amount of distributions made to or for the benefit of the Beneficiary Payees; and the delivery of funds to or for the benefit of the Beneficiary Payees.~~on behalf of the Trustee to or for the benefit of the Primary Beneficiary Payees.

f. ~~d.~~ **Standard of Care**

i. The Electricity Distributor ~~will~~would be required to agree to perform its duties provided under the Administrative Services Agreement exercising the

degree of care, diligence and skill that a reasonably prudent Person would exercise in comparable circumstances.

ii. In performing its duties under the Administrative Services Agreement (including the recommending of Primary Beneficiary Payees to the Trustee), the Electricity Distributor ~~will~~would be required to agree to seek to avoid actual, potential or perceived conflicts of interest.

iii. The Electricity Distributor would be required to agree to that it would not, in performing its obligations under the Administrative Services Agreement, take any action which it knows or ought reasonably to know would cause the Trustee or the Trust to be in violation of any law, rule or regulation applicable to it.

g. ~~e.~~ **Expenses**

~~i.~~ The Electricity Distributor ~~will~~would be eligible to receive reasonable compensation and reimbursement of its actual out-of-pocket costs associated with the performance of its duties and obligations under the Administrative Services Agreement, subject to compliance with requirements substantially equivalent to the Province's Travel, Meal and Hospitality Expenses Directive. Such compensation amounts and reimbursement entitlements ~~will~~would be specified in the Administrative Services Agreement.

h. **Representations**

The Electricity Distributor would make customary representations to the Trust regarding, among other things, its legal capacity; authorization; non-contravention of law or material contract to which it is a party; and the enforceability of the Administrative Services Agreement.

i. **Indemnification**

The Electricity Distributor would be required to agree to provide customary indemnities to the Trust and the Trustee from and against claims, damages and liabilities which may the Trust or Trustee may suffer or incur as the result of any breach of the Administrative Services Agreement by the Electricity Distributor or its representatives.

~~[Other matters you may consider dealing with here include~~ *[NTD: MOE, please advise whether you wish to address any of the following matters upfront in an administrative services agreement: (1) LDC compliance with privacy law~~/confidentiality/legal considerations and~~ requirements~~;~~/ money laundering~~; preparation of accounting and tax statements by the Trust; compliance with regulatory~~ laws; (2)legal representation if joined in any product warranty claims (i.e., to the extent the Trust is sued in connection with a purchase of Eligible Measures); (3)specific manner of flowing money to manufacturers and suppliers of Eligible Measures;~~ appropriate reps and indemnities from LDCs; specific reporting of cash and allocations;~~(4) logistics of banking and cash flow mechanics and related record-keeping; (5) production of*

Hi everyone. Here are revised versions of the Declaration and the TPA, which try to reflect the consolidated comments passed on over the past few days. Please note that the attached blacklines show changes back to the versions of these documents we last circulated (early Thursday, see below). I appreciate that you may have been working with a later version, but I have gone back to the earlier versions so we can get everyone onto the same page. Also, please let me know if you would like to see the cumulative bubble notes (Track Changes) from earlier versions – we can generate these separately if useful, but our 'cleaning software' has automatically deleted these in making this particular circulation of documents. Lastly, I do not have Michel (KPMG)'s coordinates (I was copied into the appointment yesterday so my invite does not include all of the attendees). Would one of you please forward this to Michel (cc. me) and anyone else who should be looking at these drafts at this time. Regards, Steve

Hi David, Paul,

Find attached our comments on Blake's edits and comments on the TPA and the Trust Declaration. Also attached is the one time AG guidance on accounting principles (we realize Blakes may already have this, but OPCD's comments refer to this document).

Could you kindly share these with Blakes this evening. We have left some placeholders for additional input from CSD and OPCD (cc'd) and will look to provide additional comments at our call tomorrow with Blakes.

Our comments to the Trust Deed are on top of a clean version Blakes had sent. Our comments on the TPA are on top of a tracked version Blakes had sent. Apologies for the inconsistency – we ran into some version control issues on our end.

Charlotte (cc'd) will be in touch with regards to setting up a call with Blakes, as well as LSB, CSD and OPCD, tomorrow morning.

Thank you,
Emma

ONTARIO TRANSFER PAYMENT AGREEMENT

THE AGREEMENT, effective as of the • day of March, 2017 (the **"Effective Date"**)

B E T W E E N :

Her Majesty the Queen in right of Ontario
as represented by the Minister of Energy

(the "Province")

- and -

Computershare Trust Company of Canada, in its capacity as trustee of Affordability Fund Trust

(together with its successors and assigns, the "Recipient" and, together with the Province, the "Parties")

BACKGROUND

Computershare Trust Company of Canada is the original trustee of the Affordability Fund Trust.

The Province wishes to provide Funds to the Recipient to be held, invested, applied and distributed in accordance with the terms of the Declaration of Trust (defined below), in furtherance of the Purpose (as defined in the Declaration of Trust), including having regard to the Principles set forth in Annex A.

CONSIDERATION

In consideration of the mutual covenants and agreements contained in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is expressly acknowledged, the Parties agree as follows:

ENTIRE AGREEMENT

This agreement (as amended, restated, supplemented or otherwise modified from time to time, the **"Agreement"**), including:

Schedule "A" - General Terms and Conditions
Schedule "B" - Project Specific Information
Schedule "C" - Project - Certain Obligations of the Recipient
Schedule "D" - Budget
Schedule "E" - Payment Plan
Schedule "F" - Reporting
Annex "A" - Principles, and
any amending agreement entered into as provided for below,

constitutes the entire agreement between the Parties with respect to the subject matter contained in this Agreement and supersedes all prior oral or written representations and agreements.

COUNTERPARTS

The Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

AMENDING THE AGREEMENT

The Agreement may only be amended by a written agreement duly executed by the Parties.

ACKNOWLEDGEMENT

The Recipient:

(a) acknowledges that it has read and understands the provisions contained in the entire Agreement; and

(b) agrees to be bound by the terms and conditions contained in the entire Agreement.

IN WITNESS WHEREOF, the Parties have executed the Agreement on the dates set out below.

SCHEDULE "A"
GENERAL TERMS AND CONDITIONS

1.0 INTERPRETATION AND DEFINITIONS

1.1 Interpretation. For the purposes of interpretation:

(a) words in the singular include the plural and vice-versa;

(b) words in one gender include all genders;

(c) the headings do not form part of the Agreement; they are for reference only and will not affect the interpretation of the Agreement;

(d) any reference to dollars or currency will be in Canadian dollars and currency;

(e) "include", "includes" and "including" denote that the subsequent list is not exhaustive;

(f) where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Affordability Fund Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust, and, where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust; and

(g) [it is intended that the transfer of the Funds to the Recipient will be a transfer made to a "non-controlled trust" (as that term is given meaning in • applicable to the accounting rules and principles applicable to the Province as of the date of the Agreement), and so if a term or condition of the Agreement is determined to conflict with the requirements applicable to the Province recording the transfers to the Recipient of Funds contemplated hereunder as an expense incurred by the Province on the date of the transfer of Funds under the Agreement otherwise in connection with activities undertaken by the Province with such a "non-controlled trust", then such term or condition shall be given a meaning and shall have an effect insofar as it is possible to interpret such term or condition in a manner that eliminates such conflict while preserving the other provisions of the Agreement and furthering the Purpose.][1]

1.2 Definitions. In the Agreement, the following terms will have the following meanings:

"Affordability Fund Trust" means the trust established and governed by the Declaration of Trust, and for greater certainty includes such trust operating under any other name that may be designated from time to time by the Trustee in accordance with the Declaration of Trust.

"BPSAA" means the Broader Public Sector Accountability Act, 2010 (Ontario).

"**Beneficiary**" has the meaning given to such term in the Declaration of Trust.

"Budget" means the Recipient's budget attached to the Agreement as Schedule "D".

"Business Day" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day and any other day on which the Province has elected to be closed for business.

[1] NTD: Consider if this sort of fail-safe is helpful.

"**Declaration of Trust**" means the declaration of trust made as of March [•], 2017, under which the Affordability Fund Trust was established by the Trustee, as such declaration of trust may be amended, restated, supplemented or otherwise modified from time to time with the consent of the Province.

"Expiration Date" means the date on which this Agreement will expire and is the date set out in Schedule "B".

"Funds" means the money the Province provides to the Recipient pursuant to the Agreement.

"Maximum Funds" means the maximum amount of Funds that the Province will provide the Recipient under the Agreement, as set out in Schedule "B".

"Notice" means any communication given or required to be given pursuant to the Agreement.

"Party" means either the Province or the Recipient.

"**Person**" includes any individual, sole proprietorship, corporation, partnership, joint venture, association, society, club, board, chamber, joint-stock company, trust, trustee, unincorporated or incorporated organization or entity or government or any entity, agency or political subdivision thereof.

"**Program**" has the meaning given to such term in the Declaration of Trust.

"Project" means the undertaking described in Schedule "C".

"**Purpose**" has the meaning given to such term in the Declaration of Trust.

"PSSDA" means the *Public Sector Salary Disclosure Act, 1996* (Ontario).

"Reports" means the reports described in Schedule "F".

"**Trustee**" means, initially, Computershare Trust Company of Canada, and any additional or replacement trustee in its capacity as trustee of the Affordability Fund Trust pursuant to the Declaration of Trust, including the Board of Trustees (as defined in the Declaration of Trust) and each of their respective successors and permitted assigns.

2.0 REPRESENTATIONS, WARRANTIES AND COVENANTS

2.1 General. The Recipient represents, warrants and covenants that:

(a) the Trustee is the trustee of the Affordability Fund Trust; and

(b) the Affordability Fund Trust is, and will continue to be for the term of the Agreement, a trust existing under and governed by the laws of the Province of Ontario.

2.2 Execution of Agreement. The Recipient represents and warrants that it has:

(a) the full power and authority to enter into the Agreement; and

(b) taken all necessary actions to authorize the execution of the Agreement.

2.3 Governance. The Recipient represents, warrants and covenants that it has, and will maintain, in writing for the period during which the Agreement is in effect:

(a) decision-making mechanisms and procedures to enable the Recipient to hold, invest, manage, apply and distribute the Funds in accordance with the Declaration of Trust in furtherance of the Purpose; and

(b) procedures to enable the preparation and delivery of all Reports required pursuant to Article 5.0.

2.4 Supporting Documentation. Upon request, the Recipient will provide the Province with proof of the matters referred to in this Article 2.0.

3.0 TERM OF THE AGREEMENT

3.1 Term. The term of the Agreement will commence on the Effective Date and will expire on the later of the Expiration Date and the date on which the Affordability Fund Trust is terminated in accordance with the Declaration of Trust.

3.2 Extension. The term of the Agreement may be extended by further agreement between the Parties.

3.3 Extension of the Declaration of Trust. If the Province determines that an extension of the Declaration of Trust (beyond the "Final Distribution Date" and time for termination, each as specified or determined thereunder) is consistent with and in furtherance of the Purpose and the Province's original intentions and expectations in establishing the Project, the Province may request that the Recipient extend the Declaration of Trust to a date specified by the Province in a Notice (such date not to be later than •), whereupon the Recipient, so long as the Trustee does not have a reasonable basis to believe that such an extension would be inconsistent with the Purpose or weaken the protections intended for the benefit of the Trustee pursuant to the Declaration of Trust, will undertake such actions as it may consider to be necessary or appropriate to so extend the Declaration of Trust, including by amending the Declaration of Trust to provide for such an extension and to modify any other term or requirement as would be necessary or prudent to conform such term or requirement in light of such extension.

4.0 FUNDS AND CARRYING OUT THE PROJECT

4.1 Funds Provided. The Province will:

(a) provide the Recipient up to the Maximum Funds to be held, invested, applied and distributed in accordance with the terms of the Project and the Declaration of Trust;

(b) provide the Funds to the Recipient in accordance with the Payment Plan attached to the Agreement as Schedule "E"; and

(c) deposit the Funds into an account designated by the Recipient, provided that the account:

(i) resides at a Canadian financial institution; and

(ii) is in the name of the Recipient.

4.2 Limitation on Payment of Funds. Despite section 4.1, the Province is not obligated to provide any Funds to the Recipient until the Requirements (as specified and defined in Schedule C) have been satisfied.

4.3 Use of Funds and Project. The Recipient will use, apply and distribute the Funds only for and in furtherance of the Purpose, including having regard to the Principles set forth in Annex A.

4.4 Province's Role Limited to Providing Funds. For greater clarity, the Province's role under the Agreement is limited to providing Funds to the Recipient and the Province is not responsible for carrying out or overseeing the terms of the Declaration of Trust.

4.5 Maximum Funds. The Recipient acknowledges that the Funds available to it pursuant to the Agreement will not exceed the Maximum Funds.

4.6 Funding, Not Procurement. For greater clarity, the Recipient acknowledges that:

(a) it is receiving funding from the Province for the Project and is not providing goods or services to the Province[2]; and

(b) the funding the Province is providing under the Agreement is funding for the purposes of the PSSDA.

5.0 RECIPIENT'S ACQUISITION OF GOODS OR SERVICES, AND DISPOSAL OF ASSETS

5.1 Acquisition. If the Recipient acquires goods, services, or both with or by applying the proceeds of the Funds, it will do so through a process that promotes the best value for money and will take reasonable steps to ensure that its Administrative Services Agents also follow a process that promotes the best value for money when acquiring goods and services with or by applying the proceeds of the Funds.

6.0 CONFLICT OF INTEREST

6.1 No Conflict of Interest. The Recipient will carry out the Program and use, apply and distribute the Funds without an actual, potential or perceived conflict of interest.

6.2 Conflict of Interest Includes. For the purposes of this Article, a conflict of interest includes any circumstances where:

(a) the Recipient; or
(b) any person who has the capacity to influence the Recipient's decisions[3],
has outside commitments, relationships or financial interests that could, or could be seen to, interfere with the Recipient's objective, unbiased and impartial judgment relating to the Project, or the Recipient's use, application or distribution of the Funds, or both.

6.3 Disclosure to Province. The Recipient will disclose to the Province, without delay, any situation that a reasonable person would interpret as an actual, potential or perceived conflict of interest.

7.0 REPORTING, ACCOUNTING AND REVIEW

7.1 Preparation and Submission. The Recipient will:

(a) submit to the Province at the address referred to in Schedule "B", all Reports in accordance with the timelines and content requirements set out in Schedule "F", or in a form as specified by the Province from time to time;

(b) submit to the Province at the address referred to in Schedule "B", any other reports as may be requested by the Province from time to time in accordance with the timelines and content requirements specified by the Province;

---

[2] NTD: Consider in relation to promotional objectives and in the context of any License Agreement.
[3] NTD: Need to consider how this works in relation to Administrative Services Agents. Is the intention that the Trustee will be in breach of the Agreement if an Administrative Services Agent is itself in a conflict, or should this be recast to require the Trustee to seek remedies (i.e., termination) if an Administrative Agent is determined to be (diligence requirement?) in breach of the conflicts of interest requirements contemplated in the Permitted Delegations Annex?

(c) ensure that all Reports and other reports are completed to the satisfaction of the Province; and

(d) ensure that all Reports and other reports are signed on behalf of the Recipient by an authorized signatory.

7.2 Record Maintenance. The Recipient will keep and maintain financial and other records necessary to permit it to satisfy its obligations under section 7.1 and to permit the Province to exercise its rights under section 7.3.

7.3 Inspection. The Province, its authorized representatives or an independent auditor identified by the Province may, at its own expense, upon twenty-four hours' Notice to the Recipient and during normal business hours, inspect the records of and information respecting the Recipient to confirm its compliance with the terms of this Agreement, including to ensure consistency with the Purpose and, for these purposes, the Province, its authorized representatives or an independent auditor identified by the Province may take one or more of the following actions:

(a) inspect and copy the records and documents referred to in section 7.2;

(b) keep any copies made pursuant to section 7.3(a); and

(c) conduct an audit or investigation of the Recipient in respect of the expenditure of the Funds to confirm that the Funds have been used, applied and distributed for and in furtherance of the Purpose, including a review of the Trust's processes, records, documents and information to ensure that funds disbursed to Electricity Distributors were used, applied and distributed for and in furtherance of the Purpose.

7.4 Disclosure. To assist in respect of the rights set out in section 7.3, the Recipient will disclose any information requested by the Province, its authorized representatives or an independent auditor identified by the Province, and will do so in the form requested by the Province, its authorized representatives or an independent auditor identified by the Province, as the case may be.

7.5 No Control of Records. No provision of the Agreement will be construed so as to give the Province any control whatsoever over the Recipient's records.

7.6 Auditor General. For greater certainty, the Province's rights under this Article are in addition to and do not limit any rights[4] provided to the Auditor General pursuant to section 9.1 of the *Auditor General Act* (Ontario).

8.0 COMMUNICATIONS REQUIREMENTS

8.1 Publication. The Recipient will indicate, in any of its Program -related publications, whether written, oral, or visual, that the views expressed in the publication are the views of the Recipient and do not necessarily reflect those of the Province.[5]

9.0 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

9.1 FIPPA. The Recipient acknowledges that the Province is bound by the *Freedom of Information and Protection of Privacy Act* (Ontario) and that any information provided to the Province in connection with the Project or otherwise in connection with the Agreement may be subject to disclosure in accordance with that Act.

---

[4] NTD: Does the AG have any authority in respect of an non-controlled trust? If not, this probably needs to be rephrased so that the Trustee agrees to facilitate the Province's compliance with this statutute.
[5] NTD: Consider in light of possible additions to the Declaration/Principles regarding the promotion of the Program.

10.0 INSURANCE

10.1 Insurance. The Recipient [has made enquiries to confirm][believes] that insurance policies of the type contemplated in Schedule C are generally available in Canada.[6]

11.0 EVENT OF DEFAULT, CORRECTIVE ACTION AND TERMINATION FOR DEFAULT

11.1 Events of Default. An Event of Default will occur if:

(a) the Recipient fails to perform or observe any covenant in this Agreement and such failure has and continues to have a material adverse effect on the Province and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(b) any representation or warranty made by the Recipient in the Agreement shall prove to have been incorrect in any material respect when made or deemed made, and, if capable of remedy, continues to be incorrect in any material respect during any Notice period applicable under section 11.2 after the earlier to occur of (i) the actual knowledge thereof by the Recipient or (ii) receipt by the Recipient of Notice thereof from the Province;

(c) it is [determined][manifestly demonstrated by the Province] that the Recipient has breached its Standard of Care (within the meaning given in and context of the Declaration of Trust) in discharging its material duties under the Declaration of Trust, with the result that all or a significant part of the Funds have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose, and, if such breach is capable of remedy, it continues and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(d) an [Insolvency Event] shall have occurred and be continuing with respect to the Recipient.

11.2 Consequences of Events of Default and Corrective Action. If an Event of Default occurs, the Province may, at any time, take one or more of the following actions:

(a) provide the Recipient with Notice allowing the Recipient an opportunity to remedy the Event of Default during a specified Notice Period[7];

(b) seek an order of specific performance, including an order that the Recipient pursue its available remedies under the Agreement against third parties;

(c) require, by Notice of demand, that the Recipient transfer to the Province (without any need for compensation, indemnity or consideration to the Recipient or any Beneficiary or other third party) any and all Assets remaining in the possession or under the control of the Recipient [that can reasonably be traced or attributed to the Funds][after first providing for the completion and performance by the Recipient of any unperformed contractual obligations of the Recipient undertaken in compliance with the Declaration of Trust on or prior to transfer]; and

(d) terminate the Agreement, including immediately, without liability, penalty or costs to the Province upon giving Notice to the Recipient.

---

[6] NTD: Consider if this is helpful from an accounting perspective.
[7] NTD: Consider whether to provide for a notice period within the specific Events of Default, rather than making cures entirely in the Provinces discretion.

The transfer of Funds in accordance with the Agreement is made by the Province with the expressed intention and reservation that the transferred Funds shall be returned to the Province and the entitlements of the Recipient in remaining Funds shall thereby be revoked with reversion thereof to the Province in the circumstances contemplated in Section 11.2(c).

11.3 Opportunity to Remedy. If, in accordance with section 11.2, the Province provides the Recipient with an opportunity to remedy the Event of Default, the Province will provide Notice to the Recipient of:

(a) the particulars of the Event of Default; and

(b) the Notice Period.

11.4 Recipient not Remedying. If the Province has provided the Recipient with an opportunity to remedy the Event of Default pursuant to section 11.2(a), and:

(a) the Recipient does not remedy the Event of Default within the Notice Period;

(b) it becomes apparent to the Province that the Recipient cannot adequately remedy the Event of Default within the Notice Period; or

(c) the Recipient is not proceeding to remedy the Event of Default in a way that is satisfactory to the Province,

the Province may extend any Notice period, or initiate any one or more of the actions provided for in section 11.2.

12.0 REPAYMENT

12.1 Debt Due. If, pursuant to the Agreement: the Province demands the payment of any Funds from the Recipient pursuant to section 11.2(c) such Funds or other amount will be deemed to be a debt due and owing to the Province by the Recipient, and the Recipient will pay or return the amount to the Province immediately, unless the Province directs otherwise.

12.2 Interest Rate. The Province may charge the Recipient interest on any money owing by the Recipient at the then current interest rate charged by the Province of Ontario on accounts receivable.

12.3 Payment of Money to Province. The Recipient will pay any money owing to the Province by cheque payable to the "Ontario Minister of Finance" and delivered to the Province at the address referred to in **[Schedule "B"]**.

12.4 Failure to Repay. Without limiting the application of section 43 of the Financial Administration Act (Ontario), if the Recipient fails to repay any amount owing under the Agreement, Her Majesty the Queen in right of Ontario may deduct any unpaid amount from any money payable to the Recipient by Her Majesty the Queen in right of Ontario. [8]

13.0 NOTICE

13.1 Notice in Writing and Addressed. Notice will be in writing and will be delivered by email, postage-prepaid mail, personal delivery or fax, and will be addressed to the Province and the Recipient respectively as set out in Schedule "B", or as either Party later designates to the other by Notice.

13.2 Notice Given. Notice will be deemed to have been given:

[8] NTD: Discuss.

(a) in the case of postage-prepaid mail, five Business Days after the Notice is mailed; or

(b) in the case of email, personal delivery or fax, one Business Day after the Notice is delivered.

13.3 Postal Disruption. Despite section 13.2(a), in the event of a postal disruption:

(a) Notice by postage-prepaid mail will not be deemed to be received; and

(b) the Party giving Notice will provide Notice by email, personal delivery or by fax.

14.0 SEVERABILITY OF PROVISIONS

14.1 Invalidity or Unenforceability of Any Provision. The invalidity or unenforceability of any provision of the Agreement will not affect the validity or enforceability of any other provision of the Agreement. Any invalid or unenforceable provision will be deemed to be severed.

15.0 WAIVER

15.1 Waivers in Writing. If a Party fails to comply with any term of the Agreement, that Party may only rely on a waiver of the other Party if the other Party has provided a written waiver in accordance with the Notice provisions in Article 13.0. Any waiver must refer to a specific failure to comply and will not have the effect of waiving any subsequent failures to comply.

16.0 INDEPENDENT PARTIES

16.1 Parties Independent. The Recipient acknowledges that it is not an agent, joint venturer, partner or employee of the Province, and the Recipient will not represent itself in any way that might be taken by a reasonable person to suggest that it is, or take any actions that could establish or imply such a relationship.

17.0 ASSIGNMENT OF AGREEMENT OR FUNDS

17.1 Agreement Binding. All rights and obligations contained in the Agreement will extend to and be binding on the Parties' respective heirs, executors, administrators, successors and permitted assigns.

18.0 LIMITATION OF LIABILITY

18.1 This Agreement has been entered into by the Trustee solely in its capacity as trustee of the Recipient and is not binding on the Trustee in any other capacity, whether in tort, contract or otherwise. **The Beneficiaries of the Recipient are not subject to any liability in respect of the Recipient.** Resort may not be had to, nor recourse or satisfaction be sought from, the private property of the Trustee (whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Recipient), its directors, officers, employees, or agents, or the private property of any Beneficiary, and resort will be had solely to the property of the Recipient held in trust by the Trustee for the payment, performance or satisfaction of any liability or obligation of the Recipient or the Trustee under this Agreement. However, the foregoing limitations in this section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

19.0 GOVERNING LAW

19.1 Governing Law. The Agreement and the rights, obligations and relations of the Parties will be governed by and construed in accordance with the laws of the Province of Ontario and the applicable federal laws of Canada. Any actions or proceedings arising in connection with the Agreement will be conducted in the courts of Ontario, which will have exclusive jurisdiction over such proceedings.

20.0 FURTHER ASSURANCES

20.1 Agreement into Effect. The Recipient will provide such further assurances as the Province may request from time to time with respect to any matter to which the Agreement pertains, and will otherwise do or cause to be done all acts or things necessary to implement and carry into effect the terms and conditions of the Agreement to their full extent.

20.2 Declaration of Trust. The Trustee covenants that it shall not amend, restate or terminate the Declaration of Trust without obtaining the written consent of the Province in respect of same.

21.0 JOINT AND SEVERAL LIABILITY

21.1 Joint and Several Liability. Where the Recipient is comprised of more than one entity, all such entities will be jointly and severally liable to the Province for the fulfillment of the obligations of the Recipient under the Agreement.[9]

22.0 RIGHTS AND REMEDIES CUMULATIVE

22.1 Rights and Remedies Cumulative. The rights and remedies of the Province under the Agreement are cumulative and are in addition to, and not in substitution for, any of its rights and remedies provided by law or in equity.

23.0 ACKNOWLEDGEMENT OF OTHER LEGISLATION AND DIRECTIVES

23.1 Recipient Acknowledges. The Recipient acknowledges that by receiving Funds it may become subject to legislation applicable to organizations that receive funding from the Government of Ontario, including the BPSAA, the PSSDA, and the *Auditor General Act* (Ontario).

24.0 SURVIVAL

24.1 Survival. The following Articles and sections, and all applicable cross-referenced sections and schedules, will continue in full force and effect for a period of seven years from the date of expiry or termination of the Agreement: Article 1.0 and any other applicable definitions, section, 4.5, section 7.1 (to the extent that the Recipient has not provided the Reports to the satisfaction of the Province), sections 7.2, 7.3, 7.4, 7.5, 7.6, Article 8.0, Article 12.0, Article 14.0, Article 16.0, Article 17.0, Article 19.0, Article 20.0, Article 21.0 and Article 24.0. SCHEDULE "C"

PROJECT

For the purposes of this Agreement, the "Project" is the distribution of the Funds in accordance with the Declaration of Trust.

It is intended the Project will be undertaken by the Recipient in furtherance of the Purpose and in accordance with the Declaration of Trust. In this regard, it is expected that the Recipient will undertake the Program having regard to the Budget and the Principles set forth in Annex A.

Notwithstanding anything to the contrary contained in the Agreement or the Declaration of Trust, until such time as each of the following conditions have been completed to the satisfaction of or waived by the Province (the "**Requirements**"), the Recipient shall not distribute any Funds to any Beneficiary.

1. The Original Trustee Replacement Date (as defined in the Declaration of Trust) shall have occurred.

2. An administrative services agreement[10] shall have been entered into between the Recipient and an Administrative Services Agent providing for the administrative services necessary for the Recipient to perform its obligations herein and execute the Project.

3. Procedures have been developed and implemented under which Electricity Distributors (as defined in the Declaration of Trust) will be invited to assist with (a) the identification and selection of Primary Beneficiaries under the Declaration of Trust, (b) the determination of the amount of Funds to be distributed to particular Primary Beneficiaries, and (c) the distribution of Funds to or for the benefit of such Primary Beneficiaries (in each case on the basis contemplated in the Permitted Delegations Annex).

4. The Recipient has obtained commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage. To demonstrate satisfaction, the Recipient will provide the Province with certificates of insurance, or other proof as may be requested by the Province, that confirms such insurance coverage and will make available to the Province a copy of each applicable insurance policy.

Each of the Requirements may be accomplished by the Recipient entering into such agreements as may be necessary or expedient, including any required amendment or amendment and restatement of the Declaration of Trust that the Trustee determines is reasonably required in order to accomplish the Requirements. The Province shall provide notice in writing to the Recipient when the Requirements have been completed to the satisfaction of the Province. Funds may be expended to pay the expenses of the Trustee in completing the Requirements.

[10] NTD: Consider this in light of the need for individual administrative services agreements with each of the Electricity Distributors. This may relate to the original idea that a single administrative services agreement would be entered into with Hydro One.

SCHEDULE “D”

Recipient’s Budget

1. It is expected that the administrative expenses of the Fund, including any administrative expenses of the Recipient (or any administrative services agents or other agents retained by the Recipient), relating to the establishment of the Affordability Fund Trust and satisfying the Requirements (as defined in Schedule “C”) and any expenses related to the operation of the Trust and the execution of the Project (including any reimbursable expenses incurred by any Administrative Services Agent (as such terms are defined in the Declaration of Trust), will be no greater than 10 percent of the total Project budget.

2. The only expenditures incurred by the Recipient that are eligible for reimbursement are actual (excluding HST) administrative overhead expenses incurred by or on behalf of the Recipient that directly related to the Recipient or the establishment of the Affordability Fund Trust.

4. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.

5. It is expected any travel, meals and hospitality expenses by the Recipient will be consistent with the Province’s Travel, Meal and Hospitality Expenses Directive. Entities receiving funding from the Recipient are also expected to adhere to the Province’s Travel, Meal and Hospitality Expenses Directive and the Recipient is expected to request the same of such Entities. Alcohol and First-Class travel are not considered eligible claims and disbursements for hospitality, incidental or food expenses shall not be covered by the Funds, including the following:

    - Meals, snacks and beverages
    - Gratuities
    - Laundry or dry cleaning
    - Valet services
    - Dependent care
    - Home management
    - Personal telephone calls

6. In the event that the Recipient performs any procurements, it is expected that all procurements will reflect the principles of Ontario’s Public Service Procurement Directive.

SCHEDULE “E”

PAYMENT PLAN

PAYMENT DATE	MAXIMUM FUNDS TO BE DISBURSED BY THE PROVINCE
Within 7 days of signing the Agreement	$ 100,000,000[11]

[11] Investment income and proceeds of the Funds are to be applied for the Purpose in accordance with the Declaration of Trust.

SCHEDULE "F"

REPORTING

Reports will be provided quarterly on the basis of the government's fiscal year starting at the execution of this Agreement and continuing until conclusion of the Agreement. Annual Reports will be provided annually on a fiscal basis starting at the execution of this Agreement and continuing until conclusion of the Agreement. Quarterly Reports and Annual Reports shall be submitted to the Province within one month following the end of the reporting period that they represent.

The Recipient shall prepare six (6) Quarterly Reports and two (2) Annual Report as outlined below. Reports shall explicitly demonstrate impact of Province's funding and address report detail requirements listed below.

NAME OF REPORT	DUE DATE
Quarterly Report #1	July 31, 2017
Quarterly Report #2	October 31, 2017
Quarterly Report #3	January 31, 2018
Annual Report #1	April 30, 2018
Quarterly Report #4	July 31, 2018
Quarterly Report #5	October 31, 2018
Quarterly Report #6	January 31, 2019
Annual Report #2	April 30, 2019

Requirements for Quarterly Reports

- The Recipient will provide Quarterly Reports which will include a report back on the Trustee-developed performance management criteria. Quarterly Report requirements will be determined from time to time by the Province, and initially will include:

25.0 Amounts disbursed by the Recipient in the previous quarter. It is expected that this information will be provided at the electricity distributor level.
26.0 Total Affordability Fund interest accrued to date
27.0 Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor
28.0 Any challenges or modifications required to the application, funding, or eligibility processes/rules
29.0 Key activities planned for the upcoming quarter

Requirements for Annual Report

- The Recipient will provide an Annual Report to the Province which will include a report back on the Trustee-developed performance management criteria. Annual Report requirements include:

30.0 A description of electricity distributor application process and the criteria used by the Recipient to manage funds.
31.0 Identify and describe any challenges with achieving goals and proposed solutions, if applicable.
32.0 Lesson learned.

33.0 Electricity distributor and customer feedback
34.0 Amounts disbursed by the Recipient in the previous year. It is expected that this information will be provided at the electricity distributor level.
35.0 Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor
36.0 Total Affordability Fund interest accrued to date

- As part of the Annual Report, the Recipient will also provide the Province with an audited financial statement for the previous year.

SCHEDULE "A"
GENERAL TERMS AND CONDITIONS

1.0 INTERPRETATION AND DEFINITIONS

1.1 Interpretation. For the purposes of interpretation:

(a) words in the singular include the plural and vice-versa;

(b) words in one gender include all genders;

(c) the headings do not form part of the Agreement; they are for reference only and will not affect the interpretation of the Agreement;

(d) any reference to dollars or currency will be in Canadian dollars and currency;

(e) "include", "includes" and "including" denote that the subsequent list is not exhaustive; ~~and~~

(f) where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Affordability Fund Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust, and, where any reference is made in the Agreement to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Affordability Fund Trust~~.~~; and

(g) [it is intended that the transfer of the Funds to the Recipient will be a transfer made to a "non-controlled trust" (as that term is given meaning in • applicable to the accounting rules and principles applicable to the Province as of the date of the Agreement), and so if a term or condition of the Agreement is determined to conflict with the requirements applicable to the Province recording the transfers to the Recipient of Funds contemplated hereunder as an expense incurred by the Province on the date of the transfer of Funds under the Agreement otherwise in connection with activities undertaken by the Province with such a "non-controlled trust", then such term or condition shall be given a meaning and shall have an effect insofar as it is possible to interpret such term or condition in a manner that eliminates such conflict while preserving the other provisions of the Agreement and furthering the Purpose.][1]

1.2 Definitions. In the Agreement, the following terms will have the following meanings:

"**Affordability Fund Trust**" means the trust established and governed by the Declaration of Trust, and for greater certainty includes such trust operating under any other name that may be designated from time to time by the Trustee in accordance with the Declaration of Trust.

"BPSAA" means the Broader Public Sector Accountability Act, 2010 (Ontario).

"**Beneficiary**" has the meaning given to such term in the Declaration of Trust.

"Budget" means the Recipient's budget attached to the Agreement as Schedule "D".

"Business Day" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day and any other day on which the Province has elected to be closed for business.

[1] NTD: Consider if this sort of fail-safe is helpful.

"**Declaration of Trust**" means the declaration of trust made as of March [•], 2017, under which the Affordability Fund Trust was established by the Trustee, as such declaration of trust may be amended, restated, supplemented or otherwise modified from time to time with the consent of the Province.

"Expiration Date" means the date on which this Agreement will expire and is the date set out in Schedule "B".

"Funds" means the money the Province provides to the Recipient pursuant to the Agreement.

"Maximum Funds" means the maximum amount of Funds that the Province will provide the Recipient under the Agreement, as set out in Schedule "B".

"Notice" means any communication given or required to be given pursuant to the Agreement.

"Party" means either the Province or the Recipient.

"**Person**" includes any individual, sole proprietorship, corporation, partnership, joint venture, association, society, club, board, chamber, joint-stock company, trust, trustee, unincorporated or incorporated organization or entity or government or any entity, agency or political subdivision thereof.

"**Program**" has the meaning given to such term in the Declaration of Trust.

"Project" means the undertaking described in Schedule "C".

"**Purpose**" has the meaning given to such term in the Declaration of Trust.

"PSSDA" means the *Public Sector Salary Disclosure Act, 1996* (Ontario).

"Reports" means the reports described in Schedule "F".

"**Trustee**" means, initially, Computershare Trust Company of Canada ~~or~~, and any additional or replacement trustee in its capacity as trustee of the Affordability Fund Trust pursuant to the Declaration of Trust, including the Board of Trustees (as defined in the Declaration of Trust) and each of their respective successors and permitted assigns.

2.0 REPRESENTATIONS, WARRANTIES AND COVENANTS

2.1 General. The Recipient represents, warrants and covenants that:

(a) ~~The~~the Trustee is the trustee of the Affordability Fund Trust; and

(b) ~~The~~the Affordability Fund Trust is, and will continue to be for the term of the Agreement, a trust existing under and governed by the laws of the Province of Ontario.

2.2 Execution of Agreement. The Recipient represents and warrants that it has:

(a) the full power and authority to enter into the Agreement; and

(b) taken all necessary actions to authorize the execution of the Agreement.

2.3 Governance. The Recipient represents, warrants and covenants that it has, and will maintain, in writing for the period during which the Agreement is in effect:

(a) decision-making mechanisms and procedures to enable the Recipient to hold, invest, manage, apply and distribute the Funds in accordance with the Declaration of Trust in furtherance of the Purpose; and

(b) procedures to enable the preparation and delivery of all Reports required pursuant to Article 5.0.

2.4 Supporting Documentation. Upon request, the Recipient will provide the Province with proof of the matters referred to in this Article 2.0.

3.0 TERM OF THE AGREEMENT

3.1 Term. The term of the Agreement will commence on the Effective Date and will expire on the later of the Expiration Date and the date on which the Affordability Fund Trust is terminated in accordance with the Declaration of Trust.

3.2 Extension. The term of the Agreement may be extended by further agreement between the Parties.

3.3 Extension of the Declaration of Trust. If the Province determines that an extension of the Declaration of Trust (beyond the "Final Distribution Date" and time for termination, each as specified or determined thereunder) is consistent with and in furtherance of the Purpose and the Province's original intentions and expectations in establishing the Project, the Province may request that the Recipient extend the Declaration of Trust to a date specified by the Province in a Notice (such date not to be later than •), whereupon the Recipient, so long as the Trustee does not have a reasonable basis to believe that such an extension would be inconsistent with the Purpose or weaken the protections intended for the benefit of the Trustee pursuant to the Declaration of Trust, will undertake such actions as it may consider to be necessary or appropriate to so extend the Declaration of Trust, including by amending the Declaration of Trust to provide for such an extension and to modify any other term or requirement as would be necessary or prudent to conform such term or requirement in light of such extension.

4.0 FUNDS AND CARRYING OUT THE PROJECT

4.1 Funds Provided. The Province will:

(a) provide the Recipient up to the Maximum Funds to be held, invested, applied and distributed in accordance with the terms of the Project and the Declaration of Trust;

(b) provide the Funds to the Recipient in accordance with the Payment Plan attached to the Agreement as Schedule "E"; and

(c) deposit the Funds into an account designated by the Recipient, provided that the account:

(i) resides at a Canadian financial institution; and

(ii) is in the name of the Recipient.

4.2 Limitation on Payment of Funds. Despite section 4.1, the Province is not obligated to provide any Funds to the Recipient until the ~~Recipient provides the insurance certificate or other proof as the Province may request pursuant to [section 10.2]~~Requirements (as specified and defined in Schedule C) have been satisfied.

4.3 Use of Funds and Project. The Recipient will use, apply and distribute the Funds only for ~~the purpose contemplated by the Project, the Declaration of Trust and~~and in furtherance of the Purpose, including having regard to the Principles set forth in Annex A.

4.4 Province's Role Limited to Providing Funds. For greater clarity, the Province's role under the Agreement is limited to providing Funds to the Recipient and the Province is not responsible for carrying out or overseeing the terms of the Declaration of Trust.

4.5 Maximum Funds. The Recipient acknowledges that the Funds available to it pursuant to the

Agreement will not exceed the Maximum Funds.

4.6 Funding, Not Procurement. For greater clarity, the Recipient acknowledges that:

(a) it is receiving funding from the Province for the Project and is not providing goods or services to the Province[2]; and

(b) the funding the Province is providing under the Agreement is funding for the purposes of the PSSDA.

5.0 RECIPIENT'S ACQUISITION OF GOODS OR SERVICES, AND DISPOSAL OF ASSETS

5.1 Acquisition. If the Recipient acquires goods, services, or both with or by applying the proceeds of the Funds, it will do so through a process that promotes the best value for money and will take reasonable steps to ensure that its Administrative Services Agents also follow a process that promotes the best value for money when acquiring goods and services with or by applying the proceeds of the Funds.

6.0 CONFLICT OF INTEREST

6.1 No Conflict of Interest. The Recipient will carry out the ~~Project~~Program and use, apply and distribute the Funds without an actual, potential or perceived conflict of interest.

6.2 Conflict of Interest Includes. For the purposes of this Article, a conflict of interest includes any circumstances where:

(a) the Recipient; or

(b) any person who has the capacity to influence the Recipient's decisions[3],

has outside commitments, relationships or financial interests that could, or could be seen to, interfere with the Recipient's objective, unbiased and impartial judgment relating to the Project, or the ~~use~~Recipient's use, application or distribution of the Funds, or both.

~~**6.3 Disclosure to Province.** The Recipient will:~~

6.3 ~~(a)~~ **Disclosure to Province.** The Recipient will disclose to the Province, without delay, any situation that a reasonable person would interpret as an actual, potential or perceived conflict of interest~~; and~~.

7.0 REPORTING, ACCOUNTING AND REVIEW

7.1 Preparation and Submission. The Recipient will:

[2] NTD: Consider in relation to promotional objectives and in the context of any License Agreement.
[3] NTD: Need to consider how this works in relation to Administrative Services Agents. Is the intention that the Trustee will be in breach of the Agreement if an Administrative Services Agent is itself in a conflict, or should this be recast to require the Trustee to seek remedies (i.e., termination) if an Administrative Agent is determined to be (diligence requirement?) in breach of the conflicts of interest requirements contemplated in the Permitted Delegations Annex?

(a) submit to the Province at the address referred to in Schedule "B", all Reports in accordance with the timelines and content requirements set out in Schedule "F", or in a form as specified by the Province from time to time;

(b) submit to the Province at the address referred to in Schedule "B", any other reports as may be requested by the Province from time to time in accordance with the timelines and content requirements specified by the Province;

(c) ensure that all Reports and other reports are completed to the satisfaction of the Province; and

(d) ensure that all Reports and other reports are signed on behalf of the Recipient by an authorized signatory.

7.2 Record Maintenance. The Recipient will keep and maintain financial and other records necessary to permit it to satisfy its obligations under section 7.1 and to permit the Province to exercise its rights under section 7.3.

7.3 Inspection. The Province, its authorized representatives or an independent auditor identified by the Province may, at its own expense, upon twenty-four hours' Notice to the Recipient and during normal business hours, inspect the records of and information respecting the Recipient to confirm its compliance with the terms of this Agreement, including to ensure consistency with the ~~purposes of the Project and regarding the Recipient's allocation and expenditure of the Funds~~Purpose and, for these purposes, the Province, its authorized representatives or an independent auditor identified by the Province may take one or more of the following actions:

(a) inspect and copy the records and documents referred to in section 7.2;

(b) keep any copies made pursuant to section 7.3(a); and

(c) conduct an audit or investigation of the Recipient in respect of the expenditure of the Funds to confirm that the Funds have been used, applied and distributed for and in furtherance of the Purpose, including a review of the Trust's processes, records, documents and information to ensure that funds disbursed to Electricity Distributors were used, applied and distributed for and in furtherance of the Purpose.

7.4 Disclosure. To assist in respect of the rights set out in section ~~7.3~~7.3, the Recipient will disclose any information requested by the Province, its authorized representatives or an independent auditor identified by the Province, and will do so in the form requested by the Province, its authorized representatives or an independent auditor identified by the Province, as the case may be.

7.5 No Control of Records. No provision of the Agreement will be construed so as to give the Province any control whatsoever over the Recipient's records.

7.6 Auditor General. For greater certainty, the Province's rights under this Article are in addition to and do not limit any rights[4] provided to the Auditor General pursuant to section 9.1 of the *Auditor General Act* (Ontario).

8.0 COMMUNICATIONS REQUIREMENTS

[4] NTD: Does the AG have any authority in respect of an non-controlled trust? If not, this probably needs to be rephrased so that the Trustee agrees to facilitate the Province's compliance with this statutute.

8.1 **Publication.** The Recipient will indicate, in any of its ~~Project~~Program -related publications, whether written, oral, or visual, that the views expressed in the publication are the views of the Recipient and do not necessarily reflect those of the Province.[5]

9.0 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

9.1 **FIPPA.** The Recipient acknowledges that the Province is bound by the *Freedom of Information and Protection of Privacy Act* (Ontario) and that any information provided to the Province in connection with the Project or otherwise in connection with the Agreement may be subject to disclosure in accordance with that Act.

10.0 INSURANCE

10.1 ~~**Recipient's Insurance.** The Recipient represents and warrants that it has, and will maintain for the term of the Agreement, at its own cost and expense, with insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, all the necessary and appropriate insurance that a prudent person similar to the Recipient would maintain, including commercial general liability insurance on an occurrence basis for third party bodily injury, personal injury and property damage, to an inclusive limit of not less than the amount set out in Schedule "B" per occurrence. The policy will include the following:~~**Insurance.** The Recipient [has made enquiries to confirm][believes] that insurance policies of the type contemplated in Schedule C are generally available in Canada.[6]

~~(a) contractual liability coverage; and~~

~~(b) a 30 day written notice of cancellation.~~

~~**10.2** **Proof of Insurance.** The Recipient will provide the Province with certificates of insurance, or other proof as may be requested by the Province, that confirms the insurance coverage as provided for in section 10.1. Upon the request of the Province, the Recipient will make available to the Province a copy of each insurance policy.~~

11.0 EVENT OF DEFAULT, CORRECTIVE ACTION AND TERMINATION FOR DEFAULT

11.1 **Events of Default.** An Event of Default will occur if ~~the Recipient breaches any representation, warranty, covenant or other term of this Agreement.~~:

(a) the Recipient fails to perform or observe any covenant in this Agreement and such failure has and continues to have a material adverse effect on the Province and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(b) any representation or warranty made by the Recipient in the Agreement shall prove to have been incorrect in any material respect when made or deemed made, and, if capable of remedy, continues to be incorrect in any material respect during any Notice period applicable under section 11.2 after the earlier to occur of (i) the actual knowledge thereof by the Recipient or (ii) receipt by the Recipient of Notice thereof from the Province;

(c) it is [determined][manifestly demonstrated by the Province] that the Recipient has breached its Standard of Care (within the meaning given in and context of the Declaration of Trust) in discharging its material duties under the Declaration of Trust, with the result that all or a significant part of the Funds have not been or are not being applied in furtherance of the

[5] NTD: Consider in light of possible additions to the Declaration/Principles regarding the promotion of the Program.
[6] NTD: Consider if this is helpful from an accounting perspective.

Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose, and, if such breach is capable of remedy, it continues and remains unremedied during any Notice period applicable under section 11.2 after the earlier of (i) actual knowledge thereof by the Recipient, or (ii) receipt by the Recipient of Notice thereof from the Province;

(d) an [Insolvency Event] shall have occurred and be continuing with respect to the Recipient.

11.2 Consequences of Events of Default and Corrective Action. If an Event of Default occurs, the Province may, at any time, take one or more of the following actions:

(a) provide the Recipient with Notice allowing the Recipient an opportunity to remedy the Event of Default during a specified Notice Period[7];

(b) seek an order of specific performance, including an order that the Recipient pursue its available remedies under the Agreement against third parties;

(c) ~~recover any Funds~~require, by Notice of demand, that the Recipient transfer to the Province (without any need for compensation, indemnity or consideration to the Recipient or any Beneficiary or other third party) any and all Assets remaining in the possession or under the control of the Recipient [that can reasonably be traced or attributed to the Funds][after first providing for the completion and performance by the Recipient of any unperformed contractual obligations of the Recipient undertaken in compliance with the Declaration of Trust on or prior to transfer]; and

(d) terminate the Agreement ~~at any time~~, including immediately, without liability, penalty or costs to the Province upon giving Notice to the Recipient.

The transfer of Funds in accordance with the Agreement is made by the Province with the expressed intention and reservation that the transferred Funds shall be returned to the Province and the entitlements of the Recipient in remaining Funds shall thereby be revoked with reversion thereof to the Province in the circumstances contemplated in Section 11.2(c).

11.3 Opportunity to Remedy. If, in accordance with section ~~9.2(a),~~11.2, the Province provides the Recipient with an opportunity to remedy the Event of Default, the Province will provide Notice to the Recipient of:

(a) the particulars of the Event of Default; and

(b) the Notice Period.

11.4 Recipient not Remedying. If the Province has provided the Recipient with an opportunity to remedy the Event of Default pursuant to section 11.2(a), and:

(a) the Recipient does not remedy the Event of Default within the Notice Period;

(b) it becomes apparent to the Province that the Recipient cannot adequately remedy the Event of Default within the Notice Period; or

(c) the Recipient is not proceeding to remedy the Event of Default in a way that is satisfactory to the Province,

the Province may extend ~~the~~any Notice ~~Period~~period, or initiate any one or more of the actions provided for in section 11.2.

[7] NTD: Consider whether to provide for a notice period within the specific Events of Default, rather than making cures entirely in the Provinces discretion.

~~**11.5 When Termination Effective.** Termination under this Article will take effect as set out in the Notice.~~

12.0 REPAYMENT

12.1 Debt Due. If, pursuant to the Agreement: the Province demands the payment of any Funds from the Recipient pursuant to section 11.2 (c) such Funds or other amount will be deemed to be a debt due and owing to the Province by the Recipient, and the Recipient will pay or return the amount to the Province immediately, unless the Province directs otherwise.

12.2 Interest Rate. The Province may charge the Recipient interest on any money owing by the Recipient at the then current interest rate charged by the Province of Ontario on accounts receivable.

12.3 Payment of Money to Province. The Recipient will pay any money owing to the Province by cheque payable to the "Ontario Minister of Finance" and delivered to the Province at the address referred to in **[Schedule "B"]**.

12.4 Failure to Repay. Without limiting the application of section 43 of the Financial Administration Act (Ontario), if the Recipient fails to repay any amount owing under the Agreement, Her Majesty the Queen in right of Ontario may deduct any unpaid amount from any money payable to the Recipient by Her Majesty the Queen in right of Ontario. [8]

13.0 NOTICE

13.1 Notice in Writing and Addressed. Notice will be in writing and will be delivered by email, postage-prepaid mail, personal delivery or fax, and will be addressed to the Province and the Recipient respectively as set out in Schedule "B", or as either Party later designates to the other by Notice.

13.2 Notice Given. Notice will be deemed to have been given:

(a) in the case of postage-prepaid mail, five Business Days after the Notice is mailed; or

(b) in the case of email, personal delivery or fax, one Business Day after the Notice is delivered.

13.3 Postal Disruption. Despite section 13.2(a), in the event of a postal disruption:

(a) Notice by postage-prepaid mail will not be deemed to be received; and

(b) the Party giving Notice will provide Notice by email, personal delivery or by fax.

14.0 SEVERABILITY OF PROVISIONS

14.1 Invalidity or Unenforceability of Any Provision. The invalidity or unenforceability of any provision of the Agreement will not affect the validity or enforceability of any other provision of the Agreement. Any invalid or unenforceable provision will be deemed to be severed.

15.0 WAIVER

15.1 Waivers in Writing. If a Party fails to comply with any term of the Agreement, that Party may only rely on a waiver of the other Party if the other Party has provided a written waiver in accordance with the Notice provisions in Article 13.0. Any waiver must refer to a specific failure to comply and will not have the effect of waiving any subsequent failures to comply.

16.0 INDEPENDENT PARTIES

[8] NTD: Discuss.

16.1 **Parties Independent.** The Recipient acknowledges that it is not an agent, joint venturer, partner or employee of the Province, and the Recipient will not represent itself in any way that might be taken by a reasonable person to suggest that it is, or take any actions that could establish or imply such a relationship.

17.0 ASSIGNMENT OF AGREEMENT OR FUNDS

17.1 **Agreement Binding.** All rights and obligations contained in the Agreement will extend to and be binding on the Parties' respective heirs, executors, administrators, successors and permitted assigns.

18.0 LIMITATION OF LIABILITY

18.1 This Agreement has been entered into by the Trustee solely in its capacity as trustee of the Recipient and is not binding on the Trustee in any other capacity, whether in tort, contract or otherwise. **The Beneficiaries of the Recipient are not subject to any liability in respect of the Recipient.** Resort may not be had to, nor recourse or satisfaction be sought from, the private property of the Trustee (whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Recipient), its directors, officers, employees, or agents, or the private property of any Beneficiary, and resort will be had solely to the property of the Recipient held in trust by the Trustee for the payment, performance or satisfaction of any liability or obligation of the Recipient or the Trustee under this Agreement. However, the foregoing limitations in this section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

19.0 GOVERNING LAW

19.1 **Governing Law.** The Agreement and the rights, obligations and relations of the Parties will be governed by and construed in accordance with the laws of the Province of Ontario and the applicable federal laws of Canada. Any actions or proceedings arising in connection with the Agreement will be conducted in the courts of Ontario, which will have exclusive jurisdiction over such proceedings.

20.0 FURTHER ASSURANCES

20.1 **Agreement into Effect.** The Recipient will provide such further assurances as the Province may request from time to time with respect to any matter to which the Agreement pertains, and will otherwise do or cause to be done all acts or things necessary to implement and carry into effect the terms and conditions of the Agreement to their full extent.

20.2 **Declaration of Trust.** The Trustee covenants that it shall not amend, restate or terminate the Declaration of Trust without obtaining the written consent of the Province in respect of same.

21.0 JOINT AND SEVERAL LIABILITY

21.1 **Joint and Several Liability.** Where the Recipient is comprised of more than one entity, all such entities will be jointly and severally liable to the Province for the fulfillment of the obligations of the Recipient under the Agreement.[9]

22.0 RIGHTS AND REMEDIES CUMULATIVE

22.1 **Rights and Remedies Cumulative.** The rights and remedies of the Province under the Agreement are cumulative and are in addition to, and not in substitution for, any of its rights and remedies provided by law or in equity.

23.0 ACKNOWLEDGEMENT OF OTHER LEGISLATION AND DIRECTIVES

[9] NTD: Consider further in the context of the Board of Trustees

23.1 **Recipient Acknowledges.** The Recipient acknowledges that by receiving Funds it may become subject to legislation applicable to organizations that receive funding from the Government of Ontario, including the BPSAA, the PSSDA, and the *Auditor General Act* (Ontario).

24.0 SURVIVAL

24.1 **Survival.** The following Articles and sections, and all applicable cross-referenced sections and schedules, will continue in full force and effect for a period of seven years from the date of expiry or termination of the Agreement: Article 1.0 and any other applicable definitions, section, 4.5, section 7.1 (to the extent that the Recipient has not provided the Reports to the satisfaction of the Province), sections 7.2, 7.3, 7.4,~~7.5~~ 7.5, 7.6, Article 8.0, Article 12.0, Article ~~12.0~~14.0, Article ~~14.0,~~16.0, Article 17.0, Article ~~17.0~~19.0, Article 20.0, Article 21.0 and Article 24.0. SCHEDULE "C"

PROJECT

For the purposes of this Agreement, the "Project" is the distribution of the Funds in accordance with the Declaration of Trust.

~~The Project will be completed subject to the requirements of the Budget and in accordance with the Principles set forth in Annex A.~~

~~SCHEDULE "D"~~

It is intended the Project will be undertaken by the Recipient in furtherance of the Purpose and in accordance with the Declaration of Trust. In this regard, it is expected that the Recipient will undertake the Program having regard to the Budget and the Principles set forth in Annex A.

Notwithstanding anything to the contrary contained in the Agreement or the Declaration of Trust, until such time as each of the following conditions have been completed to the satisfaction of or waived by the Province (the "**Requirements**"), the Recipient shall not distribute any Funds to any Beneficiary.

1. The Original Trustee Replacement Date (as defined in the Declaration of Trust) shall have occurred.

2. An administrative services agreement[10] shall have been entered into between the Recipient and an Administrative Services Agent providing for the administrative services necessary for the Recipient to perform its obligations herein and execute the Project.

3. Procedures have been developed and implemented under which Electricity Distributors (as defined in the Declaration of Trust) will be invited to assist with (a) the identification and selection of Primary Beneficiaries under the Declaration of Trust, (b) the determination of the amount of Funds to be distributed to particular Primary Beneficiaries, and (c) the distribution of Funds to or for the benefit of such Primary Beneficiaries (in each case on the basis contemplated in the Permitted Delegations Annex).

4. The Recipient has obtained commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage. To demonstrate satisfaction, the Recipient will provide the Province with certificates of insurance, or other proof as may be requested by the Province, that confirms such insurance coverage and will make available to the Province a copy of each applicable insurance policy.

Each of the Requirements may be accomplished by the Recipient entering into such agreements as may be necessary or expedient, including any required amendment or amendment and restatement of the Declaration of Trust that the Trustee determines is reasonably required in order to accomplish the Requirements. The Province shall provide notice in writing to the Recipient when the Requirements have been completed to the satisfaction of the Province. Funds may be expended to pay the expenses of the Trustee in completing the Requirements.

[10] NTD: Consider this in light of the need for individual administrative services agreements with each of the Electricity Distributors. This may relate to the original idea that a single administrative services agreement would be entered into with Hydro One.

SCHEDULE "D"

Recipient's Budget

1. It is expected that the administrative expenses of the Fund, including any administrative expenses of the Recipient (or any administrative services agents or other agents retained by the Recipient), relating to the establishment of the Affordability Fund Trust and satisfying the Requirements (as defined in Schedule "C") and any expenses related to the operation of the Trust and the execution of the Project (including any reimbursable expenses incurred by any Administrative Services Agent (as such terms are defined in the Declaration of Trust), will be no greater than 10 percent of the total Project budget.

2. ~~Only actual (excluding HST) incurred~~The only expenditures incurred by the Recipient that are eligible for reimbursement are actual (excluding HST) administrative overhead expenses incurred by or on behalf of the Recipient that directly related to the Recipient or the establishment of the Affordability Fund Trust.

4. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.

~~3.~~5. It is expected any travel, meals and hospitality expenses by the Recipient will be consistent with the Province's Travel, Meal and Hospitality Expenses Directive. Entities receiving funding from the Recipient are also expected to adhere to the Province's Travel, Meal and Hospitality Expenses Directive and the Recipient is expected to request the same of such Entities. Alcohol and First-Class travel are not considered eligible claims and disbursements for hospitality, incidental or food expenses shall not be covered by the Funds, including the following:

   - Meals, snacks and beverages
   - Gratuities
   - Laundry or dry cleaning
   - Valet services
   - Dependent care
   - Home management
   - Personal telephone calls

~~4. Overhead expenses that are not directly related to the Recipient and establishment of the Affordability Fund should not be reimbursed.~~

~~5. Any expenses that have been or may be reimbursed by other parties should not be reimbursed by the Fund.~~

6. In the event that the Recipient performs any procurements, it is expected that all procurements will reflect the principles of Ontario's Public Service Procurement Directive.

SCHEDULE "E"

SCHEDULE "F"

REPORTING

~~Quarterly~~ Reports will be provided quarterly on the basis of the government's fiscal year starting at the execution of this Agreement and continuing until conclusion of the Agreement. Annual Reports will be provided annually on a fiscal basis starting at the execution of this Agreement and continuing until conclusion of the Agreement. Quarterly Reports and Annual Reports shall be submitted to the Province within one month following the end of the reporting period that they represent.

The Recipient shall prepare six (6) Quarterly Reports and two (2) Annual Report as outlined below. Reports shall explicitly demonstrate impact of Province's funding and address report detail requirements listed below.

NAME OF REPORT	DUE DATE
Quarterly Report #1	July 31, 2017
Quarterly Report #2	October 31, 2017
Quarterly Report #3	January 31, 2018

Quarterly Report #4	July 31, 2018
Quarterly Report #5	October 31, 2018
Quarterly Report #6	January 31, 2019
Annual Report #2	April 30, 2019

Requirements for Quarterly Reports

- The Recipient will provide Quarterly Reports which will include a report back on the Trustee-developed performance management criteria. Quarterly Report requirements will be determined from time to time by the Province, and initially will include:

25.0 ~~o~~ Amounts disbursed by the Recipient in the previous quarter. It is expected that this information will be provided at the electricity distributor level.

26.0 ~~o~~ Total Affordability Fund interest accrued to date

27.0 ~~o~~ Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor

28.0 ~~o~~ Any challenges or modifications required to the application, funding, or eligibility processes/rules

29.0 ~~o~~ Key activities planned for the upcoming quarter

Requirements for Annual Report

- The Recipient will provide an Annual Report to the Province which will include a report back on the Trustee-developed performance management criteria. Annual Report requirements include:

30.0 ~~o~~ A description of electricity distributor application process and the criteria used by the Recipient to manage funds.

31.0 ~~o~~ Identify and describe any challenges with achieving goals and proposed solutions, if applicable.

32.0 ~~o~~ Lesson learned.

33.0 ~~o~~ Electricity distributor and customer feedback

34.0 ~~o~~ Amounts disbursed by the Recipient in the previous year. It is expected that this information will be provided at the electricity distributor level.

35.0 ~~o~~ Key activities and achievements from the quarter being reported, including number of participant households per electricity distributor, average participant incentive cost per electricity distributor, and uptake of energy efficiency measures per electricity distributor

36.0 ~~o~~ Total Affordability Fund interest accrued to date

- As part of the Annual Report, the Recipient will also provide the Province with an audited financial statement for the previous year.

[RELABEL HEADINGS AND REGENERATE TABLE OF CONTENTS]

DECLARATION OF TRUST

This Declaration of Trust is made as of March •, 2017, by Computershare Trust Company of Canada, a trust company established under the laws of Canada and licensed to carry on business as a trust company in each of the provinces and territories of Canada (together with its successors and assigns and the other trustees (including the Board of Trustees) contemplated herein, the "**Trustee**").

WHEREAS Computershare Trust Company of Canada, as the Trustee, wishes to establish a trust to acquire, hold, manage, invest, apply and dispose of certain property for the benefit of certain Beneficiaries as herein described.

NOW THEREFORE Computershare Trust Company of Canada, as the Trustee, hereby declares that it holds in trust as trustee (a) the sum of ONE HUNDRED DOLLARS ($100) contributed by it on this date and (b) all other property of every type and description which it may hereafter acquire or hold in its capacity as trustee of the Trust and all income therefrom and proceeds thereof, to hold, manage, invest, apply and dispose of same on and subject to the provisions set forth in this Declaration of Trust, including the annexes and schedule attached hereto.

SECTION 1
INTERPRETATION

1.1 Definitions

In this Declaration:

(a) "***Administrative Services Agent***" means each agent, which may include any Electricity Distributor or other Person, appointed from time to time under an Administrative Services Agreement, and its successors and permitted assigns solely in such capacity.

(b) "***Administrative Services Agreement***" means each agreement entered into from time to time by the Trust and one or more Administrative Services Agents or other Persons, in furtherance of the Purpose, under which the Administrative Services Agent would agree to provide specified administrative and other services to and on behalf of the Trustee (including, following the Original Trustee Replacement Date, the Permitted Delegations Annex), as such agreement may be amended, supplemented, restated, renewed or replaced from time to time. [Blakes: A Day 1 Administrative Services Agreement would likely be requested by Computershare to address the possibility of interim administrative issues. It would also be useful to the extent that it is necessary for someone to advise Computershare if an unforeseen event arises or amendments are required to the Declaration, in the event initial changes are necessary to make the Declaration acceptable to potential Board members. All of this is trying to avoid potential gridlock if something comes up and Computershare is unwilling to act without direction.]

(c) "***Assets***" means, collectively, the following:

(i) the $100 Canadian referred to above, contributed by Computershare Trust Company of Canada on the date hereof;

(ii) all other property which is now or which at any time in the future may be issued, assigned, transferred, provided, donated, gifted and contributed to the Trustee (including pursuant to the Transfer Payment Agreement) to be held in trust pursuant to this Declaration (and which the Trustee is willing to accept and hold);

(iii) all acquisitions of property made by the Trust;

(iv) all property which may at any time be substituted for or in respect of the property referred to in clauses (i), (ii) and (iii), above;

(v) all income of the Trust, including investment income generated by the investment of the property referred to in clauses (i), (ii), (iii) and (iv), above; and

(vi) all proceeds of disposition of any of the property referred to in clauses (i) through (v) above,

but excludes any property paid out or distributed (whether out of income or capital) pursuant to the provisions of this Declaration.

(d) "***Beneficiary***" means each Primary Beneficiary and each Residual Beneficiary, as applicable.

(e) "***Board of Trustees***" means (i) as of the Original Trustee Replacement Date, the individual trustees appointed by the Original Trustee pursuant to Section 5.7 on the basis described in the Trustee Replacement Annex, and (ii) thereafter, the group of trustees appointed hereunder and acting in such capacity.

(f) "***Business Day***" means any working day, Monday to Friday inclusive, excluding statutory and other holidays, namely: New Year's Day; Family Day; Good Friday; Easter Monday; Victoria Day; Canada Day; Civic Holiday; Labour Day; Thanksgiving Day; Remembrance Day; Christmas Day; Boxing Day [and any other day on which the Province has elected to be closed for business].

(g) "***Declaration***" means this Declaration of Trust, as it may be amended, restated, supplemented or otherwise modified from time to time, and includes each of the annexes and the Schedule attached hereto which constitute and form an integral part of this Declaration.

(h) "***Electricity Distributor***" means, in respect of a designated service area or region in Ontario, the distributor of electricity to residences located in such area or region.

(i) "***Electricity Invoice***" means an invoice issued by an Electricity Distributor in respect of electricity charges and related services and amounts incurred or assessed in respect of a residence located in the Electricity Distributor's designated service area or region in Ontario.

(j) "***Eligible Investments***" means (i) a deposit receipt, note, certificate or instrument issued, guaranteed or endorsed by a bank listed in Schedule I to the *Bank Act* (Canada), which provides that the principal and any interest shall be fully paid no later than [one year] after the day the investment was made, or (ii) a deposit account at a bank listed in Schedule I to the *Bank Act* (Canada).

(k) "***Eligible Measures***" means electricity efficiency and/or conservation measures determined by the Trustee from time to time on the basis contemplated in the Principles Annex and in the manner specified in and having regard to the Permitted Delegations Annex.

(l) "***Final Distribution Date***" means the earlier of (i) the date specified as such or determined pursuant to the Transfer Payment Agreement[1], and (ii) the later of (x) the date (if any) on which the Trustee determines (by a resolution of the Board of Trustees) that no further distributions are likely to be made to any Primary Beneficiary and (y) •, 20[23].

(m) "***HAP Eligible Person***" means an "Eligible Person" as defined in Section 3.1 of the document entitled "Conservation First Framework LDC Took Kit" published by the Independent Electricity System Operator and designated as Final v3.0 – March 11, 2016, as amended in accordance with the Energy Conservation Agreement between the Independent Electricity System Operator and Electricity Distributors.

(n) "***License Agreement***" means any agreement under which the Trust or any Electricity Distributor possesses or acquires rights to use any trademarks, names, logos, copyrights, patents or other intellectual property for use in connection with communications or other dealings undertaken in relation to the Program, including for the purpose of branding, marketing and promoting the availability, terms and benefits of the Program to Primary Beneficiaries.

1.2 Headings and Table of Contents

The insertion of headings and the provision of a table of contents are for convenience of reference only and shall not affect the construction or interpretation of this Declaration.

1.3 References

Unless otherwise specified, all references to Sections are to Sections of this Declaration. The words "hereto", "herein", "hereof", "hereunder" and similar expressions refer to this Declaration and not to any particular Section or other provision of this Declaration.

1.4 Number and Gender

Unless otherwise specified, words importing the singular include the plural and vice versa and words importing gender include all genders.

1.5 Governing Law

This Declaration shall be governed by, and construed and interpreted in accordance with, the laws of the Province of Ontario and of Canada applicable therein.

1.6 Severability

Any provision of this Declaration which is illegal, invalid or unenforceable in any jurisdiction shall not affect the legality, validity or enforceability of the remaining provisions and any such illegality, invalidity or unenforceability in any jurisdiction shall not affect the legality, validity or enforceability of such provision in any other jurisdiction.

1.7 Reference to the Trust and the Trustee

For greater certainty, where any reference is made in this Declaration to an act to be performed by or for or on behalf of the Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee in its capacity as trustee of the Trust, and, where any reference is made in this Declaration to an act to be performed by or for or on behalf of the Trustee, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by or for or on behalf of the Trustee solely in its capacity as trustee of the Trust. Except as provided under the Transfer Payment Agreement, no Person dealing with the Trust or the Trustee shall be bound to make any enquiry concerning, or has the right to require production of, any evidence of the validity of any act of, or transaction purporting to be made by, the Trustee.

1.8 Defect in Appointment

No action taken by the Trustee will be invalid or ineffective by reason only of any defect in the appointment of the Trustee or the compliance by the Trustee of any rules or procedures adopted by the Trustee and which is discovered after the taking of such action.

SECTION 2
CONCERNING THE TRUST

2.1 Objectives

The Trust is established to hold, invest, apply and dispose of the Assets for the benefit of the Beneficiaries in furtherance of the Purpose, as provided for in this Declaration. In furtherance of the Purpose:

(a) the Original Trustee shall hold and invest the Assets as contemplated in this Declaration until the Original Trustee Replacement Date, after which the Board of Trustees shall be duly appointed hereunder; and

(b) the Board of Trustees shall hold, invest, apply and dispose of the Assets in accordance with this Declaration, including by determining the identities of and distributions (if any) to be made to or for the benefit of the Primary Beneficiaries in accordance with Sections 3.1 and 3.2 of this Declaration, having regard to the principles set forth in the Principles Annex and in the manner and on the basis contemplated in the Permitted Delegations Annex, or otherwise by determining the identities of and distributions to be made to or for the benefit of any Residual Beneficiary in accordance with Section 3.3,

in each case and in all respects subject to the terms, limitation and requirements set forth in this Declaration.

2.2 Name of the Trust

The name of the Trust shall be the "Affordability Fund Trust" or such replacement name as the Trustee shall determine and specify from time to time. The Trustee shall hold the Assets and conduct the activities of the Trust under such name or variation thereof (including any variation of such name in the French language). If the Trustee determines to change the name of the Trust, the Trustee may specify and use such other designation or adopt such other name (including any name in the French language) as it considers appropriate and may hold the Assets and conduct the activities of the Trust under such designation or other name.

2.3 Location

The head office and the situs of the administration of the Trust shall be • or such other address in Ontario as the Trustee may determine from time to time.

2.4 Fiscal Year

The fiscal year of the Trust shall end on December 31 of each year.

SECTION 3
DISTRIBUTIONS

3.1 Distributions to Primary Beneficiaries

Prior to the Final Distribution Date, the Trustee shall distribute the Assets (including capital or income) to the Primary Beneficiaries identified based on the application of the principles

specified in the Principles Annex and in the manner and in the amounts determined on the basis contemplated by the Permitted Delegations Annex, in each case in the amounts and to the extent specified herein and therein, subject in all respects to the exercise by the Trustee of its discretion hereunder and to the exclusion of the other Beneficiaries. [Blakes: The intention has been to make the Principles and the Delegations clear and firm, so that MOE has greater certainty. There is scope for the Trustees to add to Principles. Uncertain why firm direction and delegations to LDCs would raise issues for the Trustee.]

3.2 Amount of Distributions to Primary Beneficiaries

For the purposes of determining the amount of distributions to be made to the Primary Beneficiaries, the Trustee shall have regard to and be entitled to rely on the recommendations of and information provided by Electricity Distributors acting as Administrative Services Agents appointed for the purposes, in the manner and substantially on the terms contemplated in the Permitted Delegations Annex, without any duty or obligation to verify or makes enquiries regarding the basis for or propriety of such recommendations or the accuracy or completeness of such information, except if and to the extent that the Trustee, in its discretion, determines that (i) it has actual knowledge that such recommendations are contrary to the reasonable application of the principles set forth in the Principles Annex or have been made on a basis that is manifestly contrary to such principles or the delegations and activities specified or contemplated to be undertaken under the Permitted Delegations Annex or (b) such information is known by the Trustee to be erroneous, contain a material misrepresentation or is materially incomplete.

3.3 Distributions to Residual Beneficiaries

Prior to the Final Distribution Date, the Trustee shall identify the Residual Beneficiaries by consulting with and having regard to the recommendations of the Ontario Energy Board, based on **[Identify criteria that will narrow the scope to charities to those having an energy/social focus]**. On or as soon as practicable following the Final Distribution Date, the Trustee shall distribute all of the Assets (including capital or income) existing at that time to the Residual Beneficiaries, in each case in the amounts and to the extent determined by Trustee in its discretion hereunder[2] and to the exclusion of the other Beneficiaries.

SECTION 4
POWERS OF THE TRUSTEE

4.1 General

Subject to and in compliance with the terms, limitations and restrictions of this Declaration and notwithstanding applicable trust legislation, the Trustee shall have, without other or further authorization, full, exclusive and absolute power, control and authority over the Assets and over the affairs and activities of the Trust to the same extent as if the Trustee were not a trustee, but rather the sole and absolute owner of the Assets in its own right, including such power, control and authority to do all such acts and things as in its sole judgment and discretion are necessary, incidental or desirable for carrying on the affairs and activities of the Trust, with such powers of delegation as may be permitted or otherwise contemplated by this Declaration. Except as

[2] NTD: Consider if principles should be included regarding the maximum amount any particular charity may receive.

expressly provided in this Declaration, the enumeration in this Declaration of any specific power or authority shall not be construed as limiting the aforesaid general power or authority or any other specific power or authority set out herein. Subject to the terms, limitations and restrictions of this Declaration, every discretion or power hereby conferred on the Trustee is an absolute and uncontrolled discretion or power.

4.2 Specifically Enumerated Powers

The Trustee shall have the following specific powers and authorities:

(a) ***Transfer Payment Agreement.*** The Trustee shall have the power to enter into, amend, supplement, modify and perform its obligation under the Transfer Payment Agreement.

(b) ***Contracts and Undertakings.*** The Trustee shall have the power to enter into, amend, supplement, modify and perform its obligation under any contract entered into or undertaking given by the Trustee in furtherance of the Purpose, including any Administrative Services Agreement and any License Agreement.

(c) ***Power to Own, Hold and Manage.*** Subject to section 4.2(d), the Trustee shall have the power to own, hold and manage the Assets in such manner as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable.[3]

(d) ***Power to Invest in Eligible Investments.*** The Trustee shall have the power to invest the Assets only in Eligible Investments, and to change such Eligible Investments at any time and from time to time, all as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable, but always having regard to the Trustee's expectations regarding the timing of payments to be made to the Beneficiaries hereunder. If an investment of Assets in Eligible Investments would not be authorized under the applicable trust laws of Ontario, the Trustee shall nevertheless be permitted to make an investment of the Assets in such Eligible Investments. The Trustee will have no liability for the diminution in the value of any investment in Eligible Investments made hereunder.

(e) ***Power to Dispose of Assets.*** The Trustee shall have the power to sell, convey, assign, transfer, exchange and in any other manner dispose of the Assets or any part or parts thereof free and clear of any and all trusts established under this Declaration, by public or private sale, for cash or on credit, with or without advertisement, and subject to such restrictions, stipulations, agreements and reservations as the Trustee in its sole and absolute discretion may consider appropriate or advisable, and to execute and deliver and perform any agreement, deed, conveyance, transfer or other document or instrument in connection with the foregoing.[4]

[4] Consider limiting this broad power. (KPMG Comment: Why? Be careful) OPC Comment: Not sure what these comments refer to, but worth discussing to confirm. [Blakes: We could not think of a case where the trustee would be required to dispose of assets, and wondered if a broad power should recognize

(f) ***Power to Apply Assets and Proceeds to Make Distributions to Beneficiaries.*** The Trustee shall have the power to apply the Assets and the proceeds and income derived therefrom to make distributions to the Beneficiaries contemplated by Section 3, and to execute and deliver and perform any agreement, deed, conveyance, transfer or other document or instrument in connection with therewith.

(g) ***Power to Delegate and to Appoint Agents, etc.*** The Trustee shall have the power to appoint, employ or contract with any Person as the Trustee in its sole and absolute discretion may consider appropriate or advisable in connection with the activities of the Trust. Without limiting the generality of the foregoing:

(i) the Trustee will have the power at any time and from time to time to appoint, employ or retain consultants, financial advisers, technical advisers, legal counsel, accountants, administrative services agents, insurers, insurance agents and insurance brokers, as the Trustee may require for the purpose of discharging its duties hereunder and shall not be responsible for or for the actions of any of them, including to:

(A) act for and on behalf of the Trust in connection with any and all matters in any way relating to the negotiation, settlement, entering into, amending, performance and enforcement of the Transfer Payment Agreement, the Administrative Services Agreements, any License Agreement and any other agreements and contracts to which the Trust becomes a party in accordance with this Declaration;

(B) to provide or cause to be provided any or all kinds of administrative services in any way relating to the activities of the Trust;

(C) to act as attorney in fact, agent or trustee in the acquisition, holding, investment, application, sale or other disposition of the Assets and in the handling, prosecuting, defending or settling of any claims of or made against the Trust;

(D) to value the Assets and determine the net income of the Trust; and

(E) to make any filings, elections and submissions (including in respect of taxation matters) in connection with the Trust's compliance with applicable laws and regulatory requirements; and

(ii) the Trustee may pay remuneration and reimbursements from the Assets for services performed for it or on its behalf in the discharge of the trusts hereof without taxation for costs or fees of any counsel, solicitor or attorney.

Without limiting the foregoing, it is expected that the Board of Trustees will (a) seek to enter into Administrative Services Agreements with Electricity Distributors for the purposes

contemplated by the Permitted Delegations Annex, and on such terms and conditions (including terms and conditions as to the payment of reasonable fees and expenses) not inconsistent therewith as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable, and (b) obtain commercial general liability insurance from insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, that in the opinion of the Recipient a prudent person similar to the Recipient would maintain, and having an inclusive limit of not less than $2,000,000 per occurrence and providing for contractual liability coverage.

(h) ***Power to Operate Accounts.*** The Trustee shall have the power to (i) open and operate accounts at any chartered bank, trust company or other financial institution in Canada or elsewhere, as the Trustee in its sole and absolute discretion may consider appropriate or advisable; (ii) deposit therein any moneys or securities forming part of the Assets whether or not such deposits will earn interest; (iii) withdraw such deposits at such times and in such manner as the Trustee may determine; (iv) draw, make, endorse, deposit or otherwise deal in cheques, bills of exchange, promissory notes, drafts and other kinds of instruments and securities; and (v) enter into contracts or agreements with any such chartered bank, trust company or other financial institution containing such terms and provisions as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable. In connection therewith, the Trustee shall have no liability or responsibility for any loss which may occur by reason of the failure of any such chartered bank, trust company or other financial institution.

(i) ***Power to Collect, etc.*** The Trustee shall have the power to (i) collect, sue for, receive and give receipts for all sums of money or other property due to the Trust; (ii) consent to extensions of time for payment or to the renewal of any securities or obligations; (iii) engage or intervene in, prosecute, defend, compound, compromise, abandon or adjust by arbitration or otherwise, any demands, claims, actions, suits or proceedings relating to the Trust or the Assets; (iv) exercise any and all remedies available to the Trustee under any agreement or as may otherwise be available, including any power of foreclosure or sale available at law; (v) in connection with any such foreclosure or sale, purchase or otherwise acquire title to any property and to convey good title thereto free of any and all trusts hereby established, or to take or retake possession of any property secured under any agreement or instrument; (vi) extend the time, with or without security, for the payment or delivery of any debts or property; (vii) execute and deliver releases, acquittances, discharges, agreements or other instruments related thereto; and (viii) pay or satisfy any debts or claims upon any evidence that the Trustee, in its sole and absolute discretion, may determine to be sufficient.

(j) ***Power to Pay Trustee's Fees.*** The Original Trustee shall be entitled to be paid and receive the fees set forth in the Original Trustee's schedule of fees delivered as of the date hereof as compensation for its services under this Declaration, and to be reimbursed for its out-of-pocket expenses reasonably incurred, in each case from the Assets and without the approval of any Beneficiary or any court. The Original Trustee shall [Blakes: Someone will need to settle funds to create a valid trust] be entitled, in its sole and absolute discretion, to withdraw funds from time to time for such purpose from any account of the Trust. Members of the Board of Trustees shall be entitled to reimbursement for and in respect of their out-of-pocket expenses reasonably incurred in discharging their respective duties and obligations under this Declaration and any contract of the Trust entered into in accordance with this Declaration, in each case

without the approval of any Beneficiary or any court, provided that the members of the Board of Trustees have general regard to sorts of limitations as are set forth in the "Travel, Meal and Hospitality Expenses Directive of the Province" specified and amended by the Province from time to time, a copy of the current version of which is attached as Exhibit 1 to the Principles Annex.

(k) ***Power to Pay Taxes.*** The Trustee shall have the power to (i) pay, deduct, withhold or remit any taxes or assessments which are required by law to be paid, deducted, withheld or remitted together with or from any payment made by the Trustee; (ii) pay all taxes or assessments of whatever kind or nature imposed upon or against the Trust or the Trustee in connection with the Assets or any part thereof; (iii) collect and remit all taxes and assessments of whatever kind or nature required to be collected and remitted by the Trust or the Trustee in connection with their activities or the Assets or any part thereof; (iv) appeal, settle or compromise tax claims or liabilities; and (v) for the foregoing purposes, to make such returns, elections and submissions and do all such other acts and things as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable.

(l) ***Power to Appoint Auditors.*** The Trustee shall have the power to select and appoint and discharge and re-appoint, in its sole and absolute discretion, an auditor or auditors of the Trust and to settle and pay the fees of any such auditor or auditors from any account of the Trust.

(m) ***Form of Accounts.*** The Trustee shall have the power to determine and change from time to time, in its sole and absolute discretion, the method or form in which the accounts of the Trust will be kept and shall not be required to keep or provide accounts in the form usually required by law to be kept or provided by trustees; provided that such method or form reasonably complies with generally accepted accounting principles in effect in Canada to the extent applicable.

(n) ***Title to Assets.*** The Trustee shall have the power to cause all or any part of the Assets to be held by or registered, in its sole and absolute discretion, in the name of any Person.

(o) ***Delegation of Discretion***. The Trustee shall have the power to delegate the right and power to exercise, or concur in the exercise of any discretion or power, conferred on the Trustee in this Declaration or conferred by law to any one or more of its directors, officers, employees, agents, representatives or to such other Person, as the Trustee, in its sole and absolute discretion, may think is appropriate or advisable, including to one or more Administrative Services Agents and their respective employees, officers and directors under a related Administrative Services Agreement entered into by the Trust substantially on the basis contemplated in the Permitted Delegations Annex. In particular, the Trustee shall have the power to accept, rely on and follow the recommendations of an Electricity Distributor made under and in accordance with the Permitted Delegation Annex with respect to a the identification of, and the determination of distributions (if any) to be made to, any Primary Beneficiary, except if and in so far as the Trustee has actual knowledge that (1) such Primary Beneficiary did not in fact satisfy the "Selection Factors" specified in the Principles Annex as of the applicable time of determination; and/or (ii) the amount recommended to be distributed to the Primary Beneficiary was not calculated in substantial compliance with, or was calculated in a manner that is manifestly contrary to the requirements set forth or contemplated in, the Permitted Delegation Annex or the applicable Administrative Services Agreement.

(p) ***Additional Powers.*** The Trustee shall have the power to perform and do all such other acts, to take such steps and to execute all such deeds, transfers, assignments, agreements and other documents and instruments as the Trustee, in its sole and absolute discretion, may consider appropriate or advisable for the carrying out of any of its powers hereunder or of any of the activities of the Trust as herein contemplated, or for the carrying out, promotion or advancement of the interests of the Trust, whether or not any of such acts, things, documents or instruments are herein expressly mentioned. Any good faith determination by the Trustee as to what is necessary, desirable or appropriate to carry out its powers or activities of the Trust as contemplated under this Declaration or to carry out, promote or advance the interests of the Trust shall be conclusive. Any construction of this Declaration or any determination as to the activities of the Trust or the existence of any power or authority hereunder made in good faith by the Trustee, relying upon the advice of counsel, shall be conclusive. In construing the provisions of this Declaration, there shall be a presumption in favour of a grant of power to the Trustee.

SECTION 5
CONCERNING THE TRUSTEE

5.1 Duty of Trustee

In performing its duties and exercising its powers under this Declaration, the Trustee shall act honestly, in good faith and with a view to the best interests of the Trust and the Beneficiaries and shall exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances (the "**Standard of Care**"). The Trustee shall observe and act in accordance with the terms of, and shall observe and comply with the limitations and restrictions set forth in, this Declaration, including having due regard to the principles set forth in the Principles Annex. To the extent that the Trustee has so delegated any of its duties or powers, it shall be deemed to have satisfied the Standard of Care in respect of the subject matter of such delegation, subject to the Trustee's overall duty as a trustee to exercise prudent oversight in relation to such delegation. Unless required by law, the Trustee will not be required to give any security, bonds or sureties in any jurisdiction for the performance of any of its duties and obligations under this Declaration. The Trustee (including the individual members of the Board of Trustees) will not be required to devote its entire time to the trust activities.

5.2 Limitation of Liability

The Trustee shall not be personally liable in tort, contract or otherwise to any Beneficiary or any other Person for any loss or diminution in the value of the Assets, or for any action or failure to act on the part of the Trustee or any of its employees or agents or any other Person, and shall not be subject to any personal liability for any debts, liabilities, obligations, claims, demands, judgments, costs, charges or expenses incurred by or against the Trust, howsoever arising, and resort will be had solely to the Assets for the payment, performance or satisfaction thereof. No property or assets of the Trustee, owned in its personal capacity or otherwise, will be subject to levy, execution or other enforcement procedure**s** with respect to any obligation under this Declaration. However, the foregoing limitations in this Section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct.

5.3 Liability of Trustee under Contracts

Any document or instrument creating a liability or obligation of the Trust or of the Trustee will be conclusively deemed to have been executed by the Trustee only in its capacity as Trustee of the Trust and will be binding upon the Trustee only in its capacity as trustee hereunder and resort may not be had to, nor recourse or satisfaction be sought from, the property of the Trustee other than the Assets, whether owned by its in its personal capacity or in any other capacity other than in its capacity as Trustee of the Trust, or from its employees or agents, and in all cases resort will be had solely to the Assets for the payment, performance or satisfaction of any such liability or obligation. However, the foregoing limitations in this Section shall not apply where the Trustee has demonstrated gross negligence, bad faith, fraud or wilful misconduct. Each document or instrument creating a liability or obligation of the Trust or of the Trustee shall contain a provision providing for the aforesaid limitation of liability.

5.4 Funds of the Trustee

The Trustee shall not be required to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers.

5.5 Indemnification of Trustee

In addition to and without limiting any other protection hereunder or otherwise by law of the Trustee and its respective employees, agents, representatives and assigns (in this Section 5.5, collectively, the "**Representatives**"), the Trustee and its respective Representatives shall be indemnified, defended and saved harmless out of the Assets from, against and in respect of any and all liabilities arising or related to actions taken or omitted to be taken by any agent of the Trustee, losses, claims (including any claim arising out of the assessment of any tax on income by a taxing authority), damages, penalties, fines, actions, suits, demands, levies, assessments, costs, charges, expenses and disbursements (including, without limitation, any and all legal and advisor fees and disbursements) (in this Section 5.5, collectively, the "**Liabilities**") of whatever kind or nature which may at any time be suffered by, imposed upon, incurred by or asserted against the Trustee and its Representatives, whether groundless or otherwise, howsoever arising from or out of any act, omission or error of the Trustee, in each case made in connection with its acting as Trustee hereunder, in each case except and to the extent that the Liabilities are a result from or are caused by gross negligence, wilful misconduct, bad faith or breach of the Confidentiality obligations described in section 5.9. Further, except as provided in section 5.2, the Trustee shall not be liable to any Beneficiary for any loss or damage relating to any matter regarding the Trust, including any loss or diminution in value of the Assets. Notwithstanding any other provision hereof, the obligations provided for in this section 5.5 shall survive any termination of the Trust, whether by reason of removal or resignation of the Trustee, termination or discharge of this Declaration or otherwise.

5.6 Reliance upon Advice

Subject to section 5.1, in performing its duties and exercising its powers hereunder, the Trustee may rely and may act or not act, and shall be fully protected in relying and acting or not acting, upon (a) any statement, telecopy or other electronic means of communication, writing, notice, resolution, report, opinion or other document or conversation believed by its to be genuine and

correct and to have been signed, sent or made by the proper Person; (b) any opinion or advice received or information obtained from auditors, solicitors, or other professional advisers, whether retained by the Trustee or otherwise, and shall not be responsible or held liable for any loss or damage resulting from so relying or acting or not acting; and (c) the advice and actions of any Administrative Services Agent, including in connection with the delegations and reliances contemplated under the Permitted Delegations Annex. For greater certainty, it shall not be necessary for the Trustee to ascertain whether or not the Persons who have executed, signed or otherwise issued, authenticated or receipted such papers, writings or documents (including any Administrative Services Agreement, License Agreement or any other contract entered into by the Trustee) have authority to do so or that they are the same Persons named therein or otherwise to pass upon any requirement of such papers, writing or documents that may be essential for their validity or effectiveness or upon the truth and acceptability.

5.7 Replacement of the Original Trustee

As soon as practicable and in any event prior to •, 2017, the Original Trustee shall appoint the Persons contemplated by the Trustee Replacement Annex to comprise the Advisory Committee contemplated therein (once constituted, the "**Advisory Committee**"). As soon as practicable thereafter, the Original Trustee shall request that the Advisory Board make recommendations with respect to the composition of the "Board of Trustees", as contemplated by the Trustee Replacement Annex. The Trustee shall have no duty or obligation to investigate the basis for any of the Advisory Committee's recommendations and may rely on such recommendations without any duty of enquiry, supervision or oversight with respect to the activities and decision-making processes adopted by the Advisory Committee in its discretion, in full satisfaction of the Original Trustee's Standard of Care with respect to such matters hereunder. Except if the Trustee determines that the individuals recommended by the Advisory Committee to become members of such Board of Trustees are disqualified from so acting on the basis of manifest non-compliance with the "Selection Factors" set forth in the Trustee Replacement Annex, the Original Trustee shall appoint, as members of the Board of Trustees, [six] (five voting and one non-voting) of individuals from among those individuals who have been recommended for appointment to the Board of Trustees by the Advisory Committee. The Original Trustee may exercise its discretion in selecting such individuals for such appointment subject to compliance with the "Selection Factors" set forth in the Trustee Replacement Annex or, in the absence of such exercise, shall select from among individuals who would, if appointed, provide for compliance with the "Selection Factors" set forth in the Trustee Replacement Annex based on the alphabetic order of the their respective surnames. Upon the appointment of [six] individuals pursuant to this provision and their agreement to act as members of the Board of Trustees, the Original Trustee shall be deemed to have resigned and shall cease to be a trustee (such resignation occurring on the "**Original Trustee Replacement Date**").

5.8 Rules and Procedures of the Board of Trustees

(a) ***Initial Requirements***. As soon as practicable and in any event no later than [one] month following the Original Trustee Replacement Date, the Board of Trustees shall meet to take such decisions and actions as they deem necessary to ensure the proper management and administration of the Trust. The date (and location if in person) of the initial meeting shall be determined by a majority of the Board of Trustees.

(b) ***Meetings.*** Subject to the Board of Trustees' discretion to make such rules and procedures that they may deem desirable, meetings of the Board of Trustees may be held at such time and place as the trustee members of the Board of Trustees may agree upon or as they may fix by resolution for the purpose or if the meeting is called as hereinafter mentioned then at such time as may be designated in the notice calling the meeting. A meeting of the Board of Trustees may be called at any time by any two members of the Board of Trustees by two Business Days' notice given to the members of the Board of Trustees. No notice of any Board of Trustees' meeting shall be necessary when a quorum is present if those comprising the quorum consent to the transaction of the affairs of the Trust and the absent trustee or trustees, if any, either before or after the meeting shall waive in writing notice of the meeting. Meetings of the Board of Trustees may be conducted in person, by telephone, or in such other manner as determined by the Board of Trustees. The Board of Trustees may elect a Chairperson.

(c) ***Quorum.*** At any meeting of the Board of Trustees, a majority of the members of the Board of Trustees shall be a quorum irrespective of the number of members in office, provided that quorum will not exist if the majority of members voting on a decision are Provincial employees or representatives. The decision of the majority of the members where quorum exists shall govern and shall be binding for all purposes and shall be acted upon and carried out in the same manner and with the same effect as if all the members concurred therein; provided always that in the case of equality of votes the Chairperson, if any, shall not be entitled to cast a second or deciding vote.

(d) ***Power to Adopt Rules and Procedures.*** The Board of Trustees may make such rules and procedures not inconsistent herewith as it may deem desirable for the proper management and administration of the Trust and the discharge of the responsibilities of the Board of Trustees.

(e) ***Replacement of Members of the Board of Trustees***. The Board of Trustees shall have the power to replace any vacancy arising following the Original Trustee Replacement Date according to such rules and procedures as they deem appropriate, having regard for such considerations necessary to ensure that the composition of the Board of Trustees will be able to discharge its responsibilities in respect of the Declaration. If necessary, the Board of Trustees may fill any vacancy by application to the Courts of Ontario in the event of an unfilled vacancy.

(f) ***Decisions of the Board of Trustees.*** Decisions and actions of the Board of Trustees shall be made by voting, with each individual member having one vote. Subject to quorum requirements, a majority vote shall be determinative in respect of such decisions and actions. Subject to quorum requirements, any decision or action taken by the majority of trustees will represent the decision or action of the Trustee, and not any member of the Board of Trustees.

(g) ***Conflicts of Interest.*** With respect to any matter before the Board of Trustees, to the extent of a conflict of interest, whether actual, perceived or potential, involving a member of the Board of Trustees' personal interests and a matter concerning the Trust, such member shall abstain from voting on the matter or taking any other discretionary action on the matter. For the purposes of the foregoing, no member of the Board of Trustees shall be deemed to have a conflict by reason only that the member holds any office or position with an Electricity Distributor, social services agency or governmental or quasi-governmental agency or entity (such as the Independent Electricity System Operator); provided, however, that in relation to any decision of the Board of Trustees pertaining specifically to a particular Electricity Distributor, any member of the Board of Trustees who is a director, officer or employee of the Electricity

Distributor shall recuse himself or herself from participating in deliberations, discussions or voting in respect of such decision.

(h) ***Expenses*** and ***Reimbursements to Trustees.*** Members of the Board of Trustees shall be entitled to reimbursement for and in respect of their out-of-pocket expenses reasonably incurred in discharging their duties and obligations as members of the Board of Trustees. The Board of Trustees shall serve without compensation.

5.9 Confidentiality

Notwithstanding the resignation or removal and discharge from the trusts and powers reposed in and conferred on the Trustee by this Declaration, or the termination of this Declaration, the Trustee so resigning or removed shall continue to treat as confidential all information relating to the Trust, the Assets and the Beneficiaries and shall only be entitled to make disclosures concerning such information if disclosure is required in the performance of the functions of the resigning or removed Trustee or is ordered by a court of competent jurisdiction or is otherwise required by law. The Trustee shall not be responsible or liable to any Person for any loss or damage arising out of or in any way sustained or incurred in any way relating to any such required disclosure. The obligations arising under this section 5.9 shall survive the termination of the Trust.

5.10 Vesting in Successor Trustee

Any successor trustee (including any reconstituted Board of Trustees) shall automatically become vested with the Assets and with the same powers, rights, duties, responsibilities and trusts as if it, he or she had originally been named as Trustee under this Declaration, without the requirement of any further instrument or act or conveyance, and the Trustee ceasing to act shall execute all such transfers and other documents and do all such other acts or things as may be necessary or desirable to assign, transfer, deliver to, and vest in, the successor trustee, upon the trusts expressed in this Declaration, all the Assets and all the rights, powers and trusts of the Trustee ceasing to act. The expense of any act, document, deed or other instrument or thing required under this Section 5.10, including for greater certainty, outstanding fees and unreimbursed expenses of the Trustee (including any member of the Board of Trustees) ceasing to act, shall be satisfied from the Assets.

5.11 Execution of Instruments

The Trustee shall have the power to execute all deeds, transfers, agreements, promissory notes and other instruments on behalf of the Trust. Such power may be exercised by any one or more Administrative Services Agents acting in accordance with any delegated right to do so pursuant to an applicable Administrative Services Agreement, and any such execution of instrument by an Administrative Services Agent, acting in such capacity as agent of the Trust pursuant to the terms and conditions of such Administrative Services Agreement shall be deemed to be a proper execution of such instrument by the Trustee and shall be binding for all purposes on the Trust.

5.12 Decisions by the Trustee

If there is more than one Trustee, decisions of the Trust may be made by a majority of Trustees. Whenever the Trustees are unable to agree in relation to the commission or omission of any act

or howsoever in the execution of the Trust, the decision of a majority of the Trustees shall prevail.[5]

SECTION 6
AMENDMENTS AND SUPPLEMENTS

6.1 Amendments

Subject to the requirements of the Transfer Payment Agreement, the Trustee shall have the power in its sole and absolute discretion from time to time without the approval of any Beneficiary or any court to amend, vary, supplement, replace or restate this Declaration in its entirety or any portion thereof. [ADD BACK THE PROVISO?] Without in any way limiting the foregoing, any such amendments, variations, supplements, replacements or restatements may:[Blakes: Discuss MOE certainty of Declaration and why this flexibility/Trustee discretion would be needed or appropriate. Deletion assumes that TPA may include limitations on amendments.]

(a) add provisions for the replacement of or appointment of additional trustees to act with the Original Trustee prior to the Original Trustee Replacement Date;

(b) in the case of the Original Trustee, add provisions to those contemplated in the Trustee Replacement Annex in respect of the appointment of the members and the formation and empowerment of the Board of Trustees;

(c) in the case of the Original Trustee, vary the terms and requirements applicable to the duties, responsibilities, obligations, liabilities, indemnities, protections, limitations, restrictions, compensation, expense reimbursements and such other matters, in each case as the Advisory Committee may indicate are necessary be made in order to attract and receive confirmation of appointment of appropriately qualified individuals that the Advisory Committee specifies are to be appointed as members of the Board of Trustees in accordance with its recommendations;

(d) add additional or replace existing Trustees[6];

(e) add to or reasonably clarify the principles set forth in the Principles Annex;

(f) add to or reasonably clarify the delegations and activities contemplated to be made in the Permitted Delegation Annex;

(g) include provisions for the management of the Trust by the Trustees, including the making of rules, requirements and procedures governing the decision-making of the Board of Trustees;

(h) add provisions for the replacement of members of the Board of Trustees (in addition to those provisions contemplated in section 5.7 and the Trustee Replacement Annex);

[6] NTD: Consider and, if retained, integrate with Board concepts.

(i) provide for the engagement of any Person or Persons as managers, administrators or other service providers to the Trust, including any additional or replacement Administrative Services Agent or representative thereof;

(j) specify supplemental procedures for the identification of Primary Beneficiaries and the exchange of information with Electricity Distributors in connection with identifying such Primary Beneficiaries; or

(k) specify procedures for the transfer and transmission of funds from the Trust or any Administrative Services Agent acting on its behalf and with delegated responsibility over funds constituting Assets, to or for the benefit of, Beneficiaries or their designated representatives, payees or assignees.

6.2 Supplemental Declarations

The Trustee is authorized to execute any supplemental declaration of trust (including one or more amendments and restatements from time to time of this Declaration) to give effect to amendments to this Declaration made pursuant to section 5.1.

SECTION 7
TERMINATION

7.1 Duration

Subject to section 7.2, the Trust will continue in full force and effect so long as there are any Assets and until all of the debts, liabilities and obligations of the Trust have been paid and satisfied in full.[7]

7.2 Termination and Distribution of Assets

Subject as hereinafter provided, the Trustee may terminate the Trust and wind up its affairs on such date as the Trustee, in its sole and absolute discretion, may determine and after paying or adequately providing for the payment and satisfaction of all debts, liabilities and obligations of the Trust and upon receipt of such releases, indemnities and discharges as the Trustee, relying on the opinion of counsel, deems necessary for the protection of the Beneficiaries and for its own protection. Notwithstanding the foregoing, the Trustee shall in any event terminate the Trust and wind up its affairs as soon as practicable after the Final Distribution Date. In connection with the termination of the Trust, the Trustee shall identify the Residual Beneficiaries and distribute or cause to be distributed the remaining Assets, in cash or in kind or partly in each, to the Residual Beneficiaries, in each case in accordance with section 3.3.

7.3 Distribution of Assets on Final Distribution Date

If the Trust holds Assets on the Final Distribution Date, such assets shall promptly be paid to the Residual Beneficiaries in accordance with Section 3.3.

[7] NTD: Consider early termination scenarios.

SECTION 8
ACCEPTANCE OF TRUSTS

8.1 Acceptance of Trusts

The Trustee hereby accepts the trusts and duties contained in this Declaration and agrees to perform the same upon the terms and conditions hereof until discharged therefrom.

PRINCIPLES ANNEX

The Trustee shall have regard to [, but shall not be specifically bound by,] the following principles in applying its discretion in relation to the administration of the Trust:

1. Identification of Primary Beneficiary Payees

1.1 [Except in exceptional circumstances,] a Primary Beneficiary would not be expected to receive a benefit from the Trust unless at the time of consideration it satisfies, in addition to the requirements contemplated in the definition of "Primary Beneficiary", each of the following criteria (the "**Selection Factors**"):

(i) it has a participant agreement [with an applicable Electricity Distributor] to undertake measures (its "**Energy Plan**") to improve the electricity efficiency and/or promote the conservation of electricity at its Ontario residence;

(ii) its Energy Plan involves one or more Eligible Measures, as may be designated by the Trustee from time to time from;

(iii) it confirms that:

1. the primary purpose of its Energy Plan is the conservation and efficient use by the Primary Beneficiary of electricity, and is not for the purposes of the Primary Beneficiary making a profit;

2. it would otherwise not have the financial resources to undertake the Eligible Measures included in its Energy Plan; and

3. it would otherwise not be [a HAP Eligible Person][eligible to receive amounts in respect of the Eligible Measures under HAP];

(iv) it has demonstrated a need for financial assistance on the basis that its periodic electricity bills represent a financial burden, relative to its available financial resources; and

(v) such other criteria as the Trustee may determine, including based on the recommendations of Electricity Distributors or other knowledgeable Persons made on the basis and in accordance with the delegations contemplated by the Permitted Delegations Annex or any applicable Administrative Services Agreement.

1.2 It is recognized that, in furthering the Purpose, an efficient basis upon which to allocate funds to the Primary Beneficiaries across different areas and regions within Ontario may be based on the areas and regions serviced by the Electricity Distributors operating within Ontario.

1.3 It would not be contrary to the Purposes if funds are made available by the Trustee to the Primary Beneficiaries unequally across different areas and regions within Ontario, and it

is expect that in making such an unequal division it would be appropriate to have regard to:

(i) broad economic parameters of economic activity and the specific financial resources of the residents of the areas and regions, in each case as an indication of the relative need of such residents across the areas and regions;

(ii) electricity use and efficiency levels of non-commercial electricity customers across the areas and regions;

(iii) specific regional indicators of economic weakness and need; and

(iv) such other factors as the Trustee may determine are relevant, including based on the submissions, advice and recommendations of Electricity Distributors or other knowledgeable Persons made on the basis and in accordance with the delegations contemplated by the Permitted Delegations Annex or any applicable Administrative Services Agreement.

1.4 It is recognized that, in furthering the Purpose, the designated Electricity Distributor for an area or region in which a Primary Beneficiary resides would be expected to:

(i) be a reliable source for the purpose of assessing and confirming whether the Primary Beneficiary satisfies the Selection Factors;

(ii) be an efficient intermediary for the purpose of communicating with the Primary Beneficiary, including regarding the availability, terms, conditions and intended purposes of Program[8];

(iii) be able to facilitate an efficient payment of distribution determined to be made to or on behalf of the Primary Beneficiary, having regard to the Electricity Distributor's established practices, procedures and systems for dealing with its customers; and

(iv) have established contractual arrangements with the Primary Beneficiary that may apply to the protection and confidentiality of information provided by or respecting the Primary Beneficiary, which information may be useful in the consideration by the Electricity Distributor in its assessment of whether the Primary Beneficiary satisfies the Selection Factors, which information may not otherwise be available or readily accessible or verifiable by the Trustee. [Blakes: These statements are included to substantiate the very significant delegation of decision making (dispositive powers) to and influence of the Electricity Distributors.]

1.5 It is recognized that, in furthering the Purpose, the Electricity Distributor for an area or region in which a Primary Beneficiary resides will have market and utilization information that may be useful in assessing the relative needs of Primary Beneficiaries within its area or region. Such information is expected to be relevant in assessing the

[8] Consider if the Trustees should control the messaging to ensure consistency across the Province.

extent to which one such Primary Beneficiary's financial needs and the merits of its Energy Plan are greater or more compelling than those of another such Primary Beneficiary, which comparison may be relevant to the extent that the funds allocable to the Primary Beneficiaries resident in the area or region are otherwise insufficient to meet the requests for funding by all such Primary Beneficiaries.

1.6 Accordingly, it is recognized that, in furthering the Purpose, it is consistent with the Purpose that the recommendations of Electricity Distributors be utilized and relied upon by the Trustee to guide the process of identifying particular Primary Beneficiaries in making distributions to the Primary Beneficiaries.

1.7 If an Electricity Distributor for a particular area or region is unable or unwilling to assess or confirm the application of the Selection Factors to Primary Beneficiaries residing in the area or region or to make recommendations in relation to such matters, one or more of the following may provide a suitable alternative source of information and for information gathering, assessment and confirmation purposes in relation to such area or region:

(i) other Electricity Distributors operating in adjacent or other areas or regions in Ontario;

(ii) [the Ontario Energy Board];

(iii) the Independent Electricity System Operator; and

(iv) anyone else having relevant expertise and access to information regarding the electricity market of the Province, in each case as may be considered relevant by the Trustee.

1.8 To the extent that privacy law or other legal requirements limit an Electricity Distributor from providing or making available specific information respecting the application of the Selection Factors to a particular Primary Beneficiary or group of Primary Beneficiaries, it is recognized that, in furthering the Purpose, it may be appropriate to redact or make generic affected information regarding such Primary Beneficiary in connection with the identification and confirmation of a Primary Beneficiary's eligibility and participation in the Program. If such limitations or restrictions would limit an Electricity Distributor from providing or confirming the name of a particular Primary Beneficiary to the Trustee, then it should be sufficient that such information may be obtained or disseminated on a confidential basis if and when required by the Trustee for the proper administration of the Trust and on that basis such impediments should not disqualify a Primary Beneficiary from participating in the benefits of the Program, provided that that the confidential record-keeping of the Electricity Distributor would be available in connection with the application of any applicable legal process predicated on the identification of such Primary Beneficiary for the purposes of substantiating its rights as a Primary Beneficiary of the Trust or as to the validity or subsistence of the Trust.

2. Eligible Measures

2.1 Eligible Measures shall be identified having regard to the following (the "**Measures Factors**"):

(i) electricity cost savings [NTD: Insert generic list of considerations relevant to the identification of the applicable spending uses].

(ii) primary home heating sources

[Blakes: MOE may wish to consider:

(iii) is the measure generally expected to result in improved energy conservation by a Primary Beneficiary if properly installed and used;

(iv) is the measure recognized under another Provincial program as being appropriate for achieving electricity conservation among a population analogous to the Primary Beneficiaries;

(v) has an independent source recognized the measure as being (x) energy efficient in design, (y) more energy efficient than similar products available in the market intended for similar usage, or (z) effective in promoting energy conservation;

(vi) does the measure present any unacceptable health or safety considerations, either with respect to the Primary Beneficiary, a party providing or installing the measure, or the physical environment;

(vii) is the measure broadly available to residents across different areas and regions of the Province;

(viii) is it reasonable to expect that the measure would, over its anticipated useful life, generate greater costs savings in respect of electricity efficiency or conservation than the cost of the measure itself; or

(ix) is the measure a requirement or precursor to another measure, the other measure being one which meets any of the other Measures Factors.]

2.2 In identifying and applying the Measures Factors, Electricity Distributors would be expected to have expertise in assessing the suitability of efficiency and conservation measures in their respective areas and regions, which may differ across areas and regions across the Province based on factors (among other things) such as the climate, geography, density, electricity infrastructure, residential structures, and electricity use rates applicable within such areas or regions.

2.3 Unless otherwise specified by the Board of Trustees, the measures specified in Schedule A to this Principles Annex may initially be considered to be consistent with the Measures Factors (subject to change as contemplated under the Permitted Delegations Annex).

3. Promotion of the Program

3.1 It is expected that the Trustee will undertake or engage others to undertake efforts to promote the availability, terms and benefits of the Program to Primary Beneficiaries.

3.2 [NTD: Insert any expectations of the Province regarding associating the Program to the Government, including in any external communications to or marketing directed at Electricity Distributors and Primary Beneficiaries.]

3.3 [NTD: Indicate that the Trustee would be free to enter into License Agreements with the Province, provided that the terms of such License Agreements are consistent with the Purpose and the Program, and that such License Agreements may permit the sub-license of IP to Electricity Distributors and permit the engagement of the Province to provide services related to the use of related IP rights.

3.4 [NTD: Insert any expectations regarding the observance of License Agreements]

4. Conduct of the Trust and the Program

4.1 It is expected that administrative expenses of the Board of Trustees and its members, including any expenses relating to the Trust, to the establishment of the [Trust][Affordability Fund] and any expenses related to the implementation and operation of the Program, including by or through Electricity Distributors and other relevant entities, will be recognized and subject to reimbursement on a basis that is substantially consistent with the principles outlined in the [Province's Transfer Payment Accountability Directive/Travel, Meal and Hospitality Expenses Directive][9], the current form of which attached as Schedule B to this Principles Annex.

4.2 The Trustee is expected to conduct its activities in a manner that complies in all material respects with the Transfer Payment Agreement, including to:

(i) act prudently and in furtherance of the Purpose;

(ii) report annually the results of its activities for information purposes to the Province in connection with the Program;

(iii) comply with the Province's request for any independent verification or audit if determined to be necessary or appropriate by the Province;

(iv) return of Assets that have not been distributed if it is [determined][manifestly demonstrated by the Province] that the Trustee has breached its Standard of Care in discharging its material duties under the Declaration, and has not cured such material breach despite having been given a reasonable opportunity by the Province to do so in light of the circumstances of such material breach, with the result that all or a significant part of the Assets have not been or are not being applied in furtherance of the Purpose or are being applied in a manner that is directly contrary or without regard to the Purpose.]

[9] NTD: Ministry to confirm applicable Directive(s).

4.3 Electricity Distributors are not intended to directly profit from distributions of funds made from the Trust, although it is recognized that the objectives of electricity efficiency and conservation of Primary Beneficiaries located in the service area or region of an Electricity Distributor, and the cost savings and improved credit worthiness of such Primary Beneficiaries, may be financially beneficial to the Electricity Distributor.

4.4 Distributions from the Trust are intended to allow receiving Primary Beneficiaries to undertake Eligible Measures at no or minimal personal cost.

4.5 Without in any way limiting the discretion of the Board of Trustees to extend the period during which the benefits of the Program may be available to the Primary Beneficiaries, up to and including the Final Distribution Date, it is expected that the Trust Assets would be distributed to Primary Beneficiaries during the period from the Original Trustee Replacement Date to [March 31, 2019].

SCHEDULE A TO THE PRINCIPLES ANNEX
INITIAL ELIGIBLE MEASURES[10]

Initial Specified Measures
Block Heater Timer (just timer) – rated for outdoor use, have at least a 15 amp/1800 watt capacity, be cold weather resistant, bear a C-UL or CSA certification mark
Power bar with integrated timer, and switched power outlets, four each for a total of 8 outlets, have a total capacity of 15 amps. The switched outlets must remain "live", independent of timer settings, so long as the power bar itself remains switched on. The power bar must bear either a C-UL or CSA certification mark.
Efficient Showerheads (standard) - rated at no more than 4.8 Lpm (1.25 U.S. gpm) and be of the laminar flow type (non-aerating).
Efficient Showerhead (handheld) - rated at no more than 4.8 Lpm (1.25 U.S. gpm) and be of the laminar flow type (non-aerating).
Efficient Aerators (kitchen) - rated no more than 5.7 Lpm (1.5 U.S. gpm), dual threaded to allow installation in both thread type faucets, swivel type with pause lever.
Efficient Aerators (bathroom) - rated no more than 3.8 Lpm (1.0 U.S. gpm), be dual threaded to allow installation in both thread type faucets.
Hot Water Tank Pipe Insulation - $^1/_2$" inside diameter – foam, meets ASTM –C547-00, minimum $^3/_4$" thick
Hot Water Tank Pipe Insulation - $^3/_4$ " inside diameter - – foam, meets ASTM –C547-00, minimum $^3/_4$" thick
Hot Water Tank Insulation - fibreglass R10 (fits up to a 60 gal tank) – not bubble wrap
≤11W ENERGY STAR® Qualified LED A Shape (60W) (minimum 600 Lumen output) (Formerly: 7W – 11W ENERGY STAR® Qualified LED A Shape (60W))

[10] These measures are indicative. Eligible measures added to HAP during the administration of the Trust may also be appropriately considered relevant by the Trustee.

Initial Specified Measures
≤14W ENERGY STAR® Qualified LED A Shape (75W) (minimum 800 Lumen output) (Formerly: 10W – 14W ENERGY STAR® Qualified LED A Shape (75W))
≤23W ENERGY STAR® Qualified LED A Shape (100W) (minimum 1600 Lumen output) (Formerly:17W – 23W ENERGY STAR® Qualified LED A Shape (100W))
≤16W ENERGY STAR® Qualified LED PAR 20 (minimum 600 Lumen output) (Formerly: 8W – 12W ENERGY STAR® Qualified LED PAR 20)
≤16W ENERGY STAR® Qualified LED PAR30 & PAR38 (minimum 600 Lumen output) (Formerly: 8W – 12W ENERGY STAR® Qualified LED PAR 30)
≤23W ENERGY STAR® Qualified LED PAR (minimum 1100 Lumen output) (Formerly: 14W – 18W ENERGY STAR® Qualified LED PAR 38)
≤6W ENERGY STAR® Qualified LED MR 16 / PAR 16 (minimum 250 Lumen output) (Formerly: 7W – 10W ENERGY STAR®
Qualified LED MR 16 / PAR 16 - GU 10 Base)
≤11W ENERGY STAR® Qualified LED MR 16 (minimum 400 Lumen output) (Formerly: 7W – 12W ENERGY STAR® Qualified LED MR 16 GU 5.3 Base)
ENERGY STAR® LED Wet Location Rated PAR lamp ≤ 23 Watt (minimum 1100 Lumen output)
Recessed Downlight Fixture including LED with Light Output >600 and <800 lumens (Retrofit Measure List)
Recessed Downlight Fixture including LED with Light Output >800 lumens (Retrofit Measure List)
Indoor Drying Rack

Extended Measures
Replace refrigerator with ENERGY STAR qualified refrigerator - 15.5 - 16.9 cubic foot top freezer, automatic defrost, refrigerator/ freezer, no through the door ice service
Replace refrigerator with ENERGY STAR qualified refrigerator - 17.0 - 18.4 cubic foot top freezer, automatic defrost, refrigerator/ freezer, no through the door ice service
Replace refrigerator with a refrigerator that has a consumption level of less than 425 kwh, 10 – 12.5 cubic foot top freezer, automatic defrost, refrigerator freezer, no through the door ice service
Replace freezer with ENERGY STAR qualified freezer - 12-14.4 cubic foot freezer
Replace freezer with ENERGY STAR qualified freezer - 14.5 - 16.0 cubic foot freezer
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 6,000 – 7,999 BTU/hr with C-UL or CSA certification mark
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 8,000 – 9,999 BTU/hr with C-UL or CSA certification mark
Replace existing window air conditioner with ENERGY STAR qualified window air conditioner - 10,000 – 12,000 BTU/hr with C-UL or CSA certification mark
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 14.2 - 21.2 l/day (30-44.9 pints/day) dehumidifier
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 21.3 - 25.4 l/day (45-53.9 pints/day) dehumidifier

Extended Measures
Replace existing dehumidifier with ENERGY STAR qualified portable dehumidifier - 25.5 - 35.5 l/day (54-75 pints/day) dehumidifier
Programmable Thermostat – line voltage – meets CAN/CSA-C828-06 standard, minimum performance: Droop: 1.5°C, Differential: 0.5°C, Precision 0% within 0.5°C of the original set point of 22°C
Programmable Thermostat – low voltage - meets CAN/CSA-C828-06 standard, minimum performance: Droop: 1.5°C, Differential: 0.5°C, Precision 0% within 0.5°C of the original set point of 22°C

Weatherization Measures

SCHEDULE B TO THE PRINCIPLES ANNEX
PERMITTED EXPENSE REIMBURSEMENTS

[NTD: Insert the Province's Transfer Payment Accountability Directive/Travel, Meal and Hospitality Expenses Directive. Please forward a Word version if available.]

PERMITTED DELEGATION ANNEX

1. Under section 4.2(g) of the Declaration, the Trustee has the power to: [(a) appoint, employ or retain Administrative Services Agents for the purpose of discharging its duties and obligations under the Declaration; and (b) enter into, perform, enforce and amend Administrative Services Agreements].

2. In accordance with section 4.2(g) of the Declaration, consistent with the principles set forth in the Principles Annex, the Trustee or its agent will seek to enter into one or more Administrative Services Agreements with individual Electricity Distributors under which the Electricity Distributors will act as Administrative Service Agents to the Trustee. In this manner, the Trustee will delegate certain of its powers and duties to the Electricity Distributors.

3. Under section 5.1 of the Declaration, to the extent the Trustee has delegated any of its duties or powers, it shall be deemed to have satisfied the Standard of Care in respect of the subject matter of such delegation, subject to the Trustee's overall duty to exercise prudent oversight thereof. The Trustee is entitled to rely on an Electricity Distributor to discharge the duties delegated to it, as Administrative Services Agent, pursuant to an Administrative Services Agreement as described in this Annex.

4. Accordingly, and without limiting the Trustee's right to delegate under the Declaration and its other rights, powers and discretion as Trustee, the Trustee will be permitted to, and is expected to seek to, enter into Administrative Services Agreements with Electricity Distributors in order to further the Purpose. It is expected that such Administrative Services Agreements will include customary terms and conditions for an administrative services arrangement of this type and, in addition, would be expected (subject to the acceptance and agreement of the applicable Electricity Distributor counterparty) to address the following points in particular:

    a. **Identification of Applicable Primary Beneficiary Payees and Determination of Individual Distribution Amounts**

        i. Each Electricity Distributor would make an initial assessment of the financial needs of Primary Beneficiaries within its designated service area or region, having regard to the Selection Factors set forth in section 1.3 of the Principles Annex, together with applicable economic data, in order to prepare and provide to the Trustee an estimate of the number of Primary Beneficiaries who the Electricity Distributor reasonably expects would satisfy the Selection Factors.

        ii. Each Electricity Distributor would make an initial assessment of the measures it would recommend be included as Eligible Measures, having regard to the Measures Factors set forth in section 2.1 of the Principles Annex, in order to prepare and provide to the Trustee an estimate of the average cost per Primary Beneficiary Payee (as defined below) of such Eligible Measures that the Electricity Distributor reasonably expects would apply in respect of Primary Beneficiaries resident in its service area or region.

iii. Based on the product of (i) and (ii), above, and such other considerations as it considers to be directly relevant, each Electricity Distributor would make a written recommendation to the Trustee regarding the aggregate funding amount that the Electricity Distributor anticipates would be utilized under the Program by the Primary Beneficiaries resident in its service area or region (the "**Local Funding Estimate**"). Such recommendation would be accompanied, when submitted to the Trustee, by a detailed explanation regarding the assumptions, financial parameters, suitability considerations and other information underlying the Local Funding Estimate (including the type of information contemplated by the Selections Factors and the Measures Factors, which would be relied upon by the Trustee in its assessment regarding the allocation of available funding to or for the benefit of the Primary Beneficiaries across the specified areas and regions of Ontario.

iv. The Trustee would inform the Electricity Distributor regarding the aggregate of the amount determined by the Trustee to be made available under the Program for Primary Beneficiaries in the Electricity Distributor's designated service area or region (for each Electricity Distributor, its "**Maximum Electricity Distributor Allocation**") and as to any maximum amount that may be paid to or for the benefit of any single Primary Beneficiary [or group of related Primary Beneficiaries] located in the servicer area or region of the Electricity Distributor (the "**Maximum Primary Beneficiary Amount**"). The Maximum Electricity Distributor Allocation and Maximum Primary Beneficiary Amount may vary between areas and regions, among the Primary Beneficiaries within such areas and regions, and may be increased by the Trustee from time to time in its discretion.

v. Each Electricity Distributor would apply the principles set forth under "Identification of Primary Beneficiary Payees" in the Principles Annex to identify and make recommendations to the Trustee regarding the amount of funds (if any) to be distributed to or for the benefit of Primary Beneficiaries resident within its service area or region from time to time (the "**Primary Beneficiary Payees**").

vi. Each Electricity Distributor would ensure that the aggregate of the amounts it recommends be distributed to or for the benefit of Primary Beneficiary Payees from time to time does not exceed (1) its Maximum Electricity Distributor Allocation and (2) for any single Primary Beneficiary [or group of related Primary Beneficiaries] located in the service area or region of the Electricity Distributor, the lesser of (x) the applicable Maximum Primary Beneficiary Amount and (y) the estimated costs (including any applicable taxes, but excluding any amount payable to the Electricity Distributor by or on behalf of the Primary Beneficiary) to be incurred by or on behalf of such Primary Beneficiary (whether or not such costs have been paid or remain outstanding) in respect of Eligible Measures applied or to be applied in respect of the Primary Beneficiary's Ontario residence.

vii. The Trustee would provide written confirmation to each Electricity Distributor:

1. Either (x) that the recommendations specified of the Electricity Distributor in clause (v), above, have been accepted, or (y) as to the specific reasons for any non-acceptance; and

2. The amount of the distributions to be paid to or for the benefit of each Primary Beneficiary Payee that is resident in the Electricity Distributor's service area or region.

viii. With respect to each Primary Beneficiary resident in a Electricity Distributor's service area or region that is confirmed as a Primary Beneficiary Payee, the Electricity Distributor would provide the Trustee written confirmation as to:

1. The identity of such Primary Beneficiary Payee; and

2. The amount of the distribution paid to or for the benefit of such Primary Beneficiary Payee.

ix. If the amount of a distribution to be made to a Primary Beneficiary Payee is based on the estimated costs to be incurred by or on behalf of such Primary Beneficiary and, prior to making the distribution to the Primary Beneficiary Payee, the Electricity Distributor determines that the actual costs (including any applicable taxes but excluding any amount payable to the Electricity Distributor by or on behalf of the Primary Beneficiary) incurred or to be incurred by or on behalf of such Primary Beneficiary in respect of Eligible Measures applied or to be applied in respect of the Primary Beneficiary's Ontario residence has or would be less than such estimated costs, then the amount to be distributed to the Primary Beneficiary shall be based on such actual costs.

b. **Making of Distributions to Primary Beneficiaries**

i. Promptly after the Trustee confirms the identity of a Primary Beneficiary Payee resident in an Electricity Distributor's service area or region and the amount of the distribution to be paid to or for the benefit of such Primary Beneficiary Payee, the Trustee would arrange for payment to or on the direction of the Electricity Distributor of an amount equal to the amount of such distribution.

ii. Promptly upon receipt of funds in respect of a distribution to be made to a Primary Beneficiary Payee, the Electricity Distributor would arrange for payment of the full amount of such distribution to or for the benefit of the Primary Beneficiary Payee (including by direct payment to a third party of, or as a reimbursement or rebate of, the costs of applicable Eligible Measures installed at the residence of and for the benefit of the Primary Beneficiary Payee), without reduction or set-off by the Electricity Distributor.

iii. If the amount paid to an Electricity Distributor in respect of a distribution to be made to a Primary Beneficiary exceeds the actual amount of the distribution made to or on behalf of the Primary Beneficiary, the Electricity

Distributor shall promptly return such excess to the Trustee, whereupon the proceeds of such returned amount shall continue to form part of the Assets.

c. **Promotion of the Program**

i. [NTD: Insert any specific items regarding the use of IP by Electricity Distributors]

d. **Establishment of Operational, Administrative, Record-Keeping and Other Systems and Policies to facilitate the Program**

i. The Electricity Distributor would establish such operational, administrative, record-keeping and other systems and policies as are necessary to facilitate the Program and perform its duties under the Administrative Services Agreement, including systems or policies to: identify Primary Beneficiary Payees; comply with applicable privacy and regulatory laws; communicate with Primary Beneficiaries on behalf of the Trust; assess Eligible Measures; determine the Local Funding Estimate; monitor its recommendations to the Trustee against its Maximum Electricity Distributor Allocation and the Maximum Primary Beneficiary Amount; receive funds from the Trust in respect of distributions to the Primary Beneficiary Payees and transfer such funds to the appropriate recipients for the benefit of the Primary Beneficiary Payees; preparation and timely delivery to Primary Beneficiary Payees of such documents as are required by the *Income Tax Act* (Canada); and create and maintain records in respect of the foregoing.

ii. The Electricity Distributor would set up a separate bank account for the purpose of receiving funds from the Trust in respect of distributions to the Primary Beneficiary Payees and the transfer of such funds to the appropriate recipients for the benefit of the Primary Beneficiary Payees.

e. **Reporting, Record-Keeping, Inspection and Disclosure and Compliance Matters**

i. The Electricity Distributor would provide record-keeping, clerical and bookkeeping services relating to all matters relating to its recommendations and the performance of its other duties and obligations under its Administrative Services Agreement.

ii. The Electricity Distributor would keep and maintain all financial records and non-financial documents and records relating to the provision of services under its Administrative Services Agreement. [NTD: Consider specifying any particular records regarding individual Primary Beneficiary Payees needed to ensure the proper function of the Trust or the Program]

iii. The Electricity Distributor would provide to the Trustee quarterly and annual reports ("**Reports**") for the duration of its Administrative Services Agreement. Such Reports would set out, among other things, the amounts of the distributions paid to or for the benefit of applicable Primary Beneficiary Payees, the average distribution amount per such Primary Beneficiary Payee,

the Eligible Measures for which distributions have been made, and the uptake of energy efficiency measures.

iv. The Electricity Distributor would agree to provide to the Trustee such information as is necessary for the Trustee to (v) comply with applicable law; (w) prepare financial statements for the Trust; (x) prepare and submit such documents as are required under the *Income Tax Act* (Canada); (y) comply with the Trust's applicable obligations under the Transfer Payment Agreement; and (z) such other matters as the Trustee reasonably requests.

v. The Trustee, its authorized representatives or an independent auditor would be permitted to, at its own expense, on twenty-four hours' notice to the Electricity Distributor and during normal business hours, inspect the records of and information respecting the Electricity Distributor to confirm its compliance with the Administrative Services Agreement, including regarding its processes for recommending the Primary Beneficiary Payees and their respective distribution amounts and regarding the delivery of Trust funds on behalf of the Trustee to or for the benefit of the Primary Beneficiary Payees.

f. **Standard of Care**

i. The Electricity Distributor would be required to agree to perform its duties provided under the Administrative Services Agreement exercising the degree of care, diligence and skill that a reasonably prudent Person would exercise in comparable circumstances.

ii. In performing its duties under the Administrative Services Agreement (including the recommending of Primary Beneficiary Payees to the Trustee), the Electricity Distributor would be required to agree to seek to avoid actual, potential or perceived conflicts of interest.

iii. The Electricity Distributor would be required to agree to that it would not, in performing its obligations under the Administrative Services Agreement, take any action which it knows or ought reasonably to know would cause the Trustee or the Trust to be in violation of any law, rule or regulation applicable to it.

g. **Expenses**

The Electricity Distributor would be eligible to receive reasonable compensation and reimbursement of its actual out-of-pocket costs associated with the performance of its duties and obligations under the Administrative Services Agreement, subject to compliance with requirements substantially equivalent to the Province's Travel, Meal and Hospitality Expenses Directive. Such compensation amounts and reimbursement entitlements would be specified in the Administrative Services Agreement.

h. **Representations**

The Electricity Distributor would make customary representations to the Trust regarding, among other things, its legal capacity; authorization; non-contravention of law or material contract to which it is a party; and the enforceability of the Administrative Services Agreement.

i. **Indemnification**

The Electricity Distributor would be required to agree to provide customary indemnities to the Trust and the Trustee from and against claims, damages and liabilities which may the Trust or Trustee may suffer or incur as the result of any breach of the Administrative Services Agreement by the Electricity Distributor or its representatives.

[NTD: MOE, please advise whether you wish to address any of the following matters upfront in an administrative services agreement: (1) LDC compliance with privacy law requirements/ money laundering laws; (2)legal representation if joined in any product warranty claims (i.e., to the extent the Trust is sued in connection with a purchase of Eligible Measures); (3)specific manner of flowing money to manufacturers and suppliers of Eligible Measures;(4) logistics of banking and cash flow mechanics and related record-keeping; (5) production of information for Trustee to satisfy legal requirements applicable to the Trust (i.e., tax; record keeping); (6) preparation of tax remittances for beneficiaries (applicable?);(7) required communications to Primary Beneficiaries on behalf of the Trust (including to comply with applicable laws);(8) preparation and submission of applications, etc., that may be contemplated by the Program;and (9) LDC fault-based termination scenarios]
