Hi all,

Can we please sort out a game plan for tomorrow?

Dane – can you please lead this with MOF DMO and our staff?

My suggestion would be to table the attached deck as a briefing tool to remind the Minister of where things landed (as he was not at Cabinet). The attached is substantially the Cabinet deck, though I updated the title page and slide 8 around the rollout as these have firmed up vs. at the time this went to Cabinet.

Sofie – you may want to take a quick look at that particular slide.

In addition to the deck, we can table the top media Qs/As. I'm not sure it makes sense to walk through the other NRs?

K.

Yea, our MO indicated they'd like to walk him through the comms products (QAs, etc) and he likely need a refresher on the deck as well.

Thanks, Jamille. Is the comms focus what your MO has asked for?

Sofie and Bryant, I suspect, will be at the tech briefing.

Fab. Thanks.

Also, appreciate that the timing for Minister Sousa's briefing is not ideal for many TBS staff who are attending the tech briefing. As I mentioned to Patrick, I think this will primarily be a comms-oriented briefing so if you could advise staff that we just need those who can speak to the OPCD deck (if necessary) and to the comms products (Patrick suggested just Sofie and Bryant). Trying to avoid having staff waste their time sitting around but I'm unsure of who the most appropriate collection of individuals would include.

Coolio.

Dane will send along the updated deck, when it comes our way.

A heads up that I hear Minister Sandals is hoping to connect with Minister Sousa some time tomorrow before the avail

Hey Kyle- yes, we're going to have to cut that. Not sure what happened there.

Would you be able to flip OPCD's deck so we can leave it with the Minister overnight?

Thanks,

Jamille

Hey there – a note that the tech briefing starts at 1pm, so we'll need to figure whether this is cut short or rather, what staff can stay behind.
