Subject: Summary Note on the FAO

Please find attached an integrated summary note with potential key messages that we've pulled together with input from across the system to use with the Minister at the briefing tomorrow.

In the past, we've sometimes briefed right from the executive summary of the report, but the note is a nice overall summary of the key points and has a reconciliation table that's a bit easier to follow.

We are also preparing a single, integrated Q and A, which we hope to be able to have by the time of the briefing tomorrow, that tie together and integrate all messaging related to the following fiscal/budget related reports – as they will no doubt be looked upon as one overall assessment of the Budget plan:

- n Response to the AG Review of the PER
- n CD Howe Report on Fiscal Transparency
- n FAO Report
