Looks like this is moving quickly. Here is the draft minute. The plan is to have Cabinet sit as Treasury Board on Wednesday to minute the changes to the social programs and distribution costs.

happy long weekend,
Helen

Draft electricity minute FYI.

2A ii addresses the caveat that if non fiscal GA smoothing mechanism cannot be established, this will require TB funding approval.

Usual energy password.

Subject: Minute

Hi,

Attached is an updated minute. This has been edited from a previous version we had shared. We have removed much of the details (e.g., many of the % and \$) as we aren't sure that those will be something that could be locked in at this time and may better be the purview of TB. The general structure is the same but this is more high level. You'll see we have included some comments as there are areas we'll need to confirm with you the best way to capture them.

Happy to chat anytime. Will share the cabinet note shortly as well. Of note, have just shared the minute (minus the comments) with the PO. We won't share the note with them yet until you and others have had an opportunity to review.

Thanks,

Martha
