

Treasury Board Secretariat
Question Period Report – Tuesday May 30, 2017

Questions:

- 1) MPP Brown (PC) to Minister McMahon (Tourism) - re: Do you think a massive rubber yellow duck is appropriate for our 150th birthday celebrations? Taxpayer dollars for that!?
- 2) MPP Brown (PC) to Minister Naqvi (House Leader) & Minister Duguid (Economic Development) – re: Will you stop Bill 132, the supposed Fair Hydro Plan? OPSEU leader Warren Thomas is asking you to do this, just one of many.
- 3) MPP Horwath (NDP) to Acting Premier and Minister Sandals (Treasury Board) - re: **Last week it became clear just how far the Premier's willing to go to try to revive her personal and political fortunes. She's planning to force utility companies to deliver political inserts containing a message aimed at saving the Liberal party. Does the Premier believe that by forcing, by regulation, private companies to campaign on her behalf, does she believe, Speaker, that this is aboveboard and honest?**
- 4) MPP Horwath (NDP) to Acting Premier/Minister Matthews – re: **Your advertising within hydro bills is wrong on all accounts.**
- 5) MPP Forster (NDP) to Minister Matthews (Acting Premier) – re: Will there be paid sick days and three weeks' vacation in your new Labour bill?
