Please find attached a draft communications package of materials to support the "release of unaudited financial statements" scenario. Since most of the comms portion will likely be focussed on this new scenario, I wanted to provide as much time as possible for some advance review before our meeting later. In this package the following are included:

1. Current holding messaging for the Minister
2. Key messages – post release
3. News Release
4. Backgrounder
5. Media Information Note (optional for distribution at technical briefing)
6. Qs&As
7. Post technical-briefing speaking points:
 - Minister Sandals – on the release of the Financial Statements
 - Minister Sousa – on the fiscal outlook

Based on emails in the last few minutes, I notice we already have some catching up to do on some of the language and will incorporate into the next version.

Please share any other edits/feedback you may have and we will do our best to incorporate as much as possible before the 2:30 meeting.

Thanks
Sofie
