Secretary,

We do not cover off the public accounts chapter in our AG Briefing material, as it isn't a VFM audit. That said, TBS produced a helpful overview of this chapter (attached), should it be useful to you in the event that public accounts come up tomorrow morning in conversation.

Thanks,
Boafoa

Secretary

Tomorrow you will be briefed on the AG report. Please find attached the deck for the discussion. The lead DM (or delegate) will be in attendance to speak to their own report. Communications will speak to the issues management component.

Thanks
Boafoa
