Subject: SoC Comms Products for University of Waterloo visit (Nov. 24)

Secretary,

I've attached the following products for your review

Event: University of Waterloo visit

Date: Friday, November 24, 2017

Materials:

- Detailed itinerary
- Slide deck
- Additional slides updated from Fall Economic Statement, if needed

A few things to note:

- We started out basing this deck off your presentation at Rotman, but since it's a more general, celebratory event rather than a technical presentation to a class, we chose to focus on the OPS of the future and the skills that will be needed in the public service (this was also the direction suggested by the event organizers)
- If the SoC would prefer to add more material on Ontario's economy, we've updated those slides based on the Fall Economic Statement
- It's a bit of a shorter deck, to allow time for Q&A
- We updated **slide 17** about the Blueprint/Anti-Racism Strategy rather than using the bubble slide from the BOPSers deck because we think it will be clearer for an external audience
- We put a new title on **slide 18** to focus it towards how public servants should work to support innovation and change

Thank you
Boafoa
