Subject: Technical Briefing Deck

Here's the tech deck and a summary of the former Panel's report (which will be delivered by Uros Karadzic).

Tech deck:

- Pls use: Confederation17
- Helen/Scott open up with context
- Cindy to speak to:
 - o Preparation of the financial statements and key changes to these public accounts (including those we agree with the AG on)
 - o IESO related changes (qualified on)
 - o Pension asset related accounting (qualified on)
- Turn over to Uros to summarise former panel report

TBS' MO is reviewing, will share any edits. IESO has looked at their slides. Focus is supposed to be largely on the Pensions, hence the prominence in the deck.

Tech briefing:

- In the Nipigon room.
- Starts at 1:00
- Media Avail w two ministers: starts at 1:45, is the current tracking

Media kits are being prepared.

Thanks
