

PD&G Committee: Priorities Report

Cabinet Office, Policy & Delivery
October 19, 2017

CABINET CONFIDENTIAL

Legislative Planning

From 2013-2017, the Legislature passed an average of 13 GOVERNMENT BILLS per sitting, with spring sittings having higher numbers and longer sitting days.

SPRING 2017 Accomplishments	Tracking for FALL 2017 <i>(Sep to Dec sitting)</i>	
	Spring 2017 Bills <i>(carried-over)</i> : 3	Fall 2017 Bills <i>(tracking)</i> : 8
• 8 bills carried-over from fall • 12 bills introduced • 17 bills passed — also — • 129 regulations • 1188 Orders in Council	1. Building Better Communities and Conserving Watersheds Act, 2017 (Bill 139) 2. Construction Lien Amendment Act, 2017 (Bill 142) 3. Fair Workplaces, Better Jobs Act, 2017 (Bill 148)	1. Represent'n Statute Law Amendment Act, 2017 (Bill 152) 2. Cutting Unnecessary Red Tape Act, 2017 (Bill 154) 3. Strengthening Quality and Accountability for Patients Act, 2017 (Bill 160) 4. Protecting a Woman's Right to Access Abortion Services Act, 2017 (Bill 163) 5. Strengthening Protection for Ontario Consumers Act, 2017 (Bill 166) 6. MOF/Others – Fall (FES) Bill Bundle 7. MCSCS/MAG – Policing Bundle 8. MAG/MOF/MOHLTC/MTO – Cannabis Bundle

SITTING DAYS: 46 & TOTAL BILLS: 11

FORWARD TO SPRING 2018

- February or March 2018 anticipated being the latest introduction to ensure passage
 - Around 65 sitting days remain in the Parliamentary Calendar until the statutory start of the writ period
 - 19 Cabinet meetings expected to remain, with 9 LRC meetings, until the start of the writ period
 - 95 policy items can fit within scheduled Cabinet meetings (assuming 5 items per Cabinet)

Upcoming Milestones/Highlights

Then and Now: Key Activities & Overall Risk Status

6. Building Inclusive Communities and Improving the Justice System Justice Reforms (Corrections and Policing) Basic Income Pilot	28

1. Helping You and Your Family

Priority	Actions Over the Next Year	Measures of Success	Key Risks	
Fair Housing Plan	- Continuing implementation of tenant protection measures (e.g., development and introduction of a standard lease for regular residential tenancies). - Announced the Housing Delivery Group to support the Provincial Land Development Facilitator in identifying and finding solutions for housing developments. - Held 4 development approvals roundtable meetings to identify potential improvements to the residential development approvals process in fall 2017. - Leveraging surplus provincial properties to deliver new affordable housing units; complete transactions for wave 1 sites in early fiscal year 2018-19; potential announcement of wave 2 sites by fall 2017. - Consult on, seek approval and implement new Development Charges rebate program in fall 2017/winter 2018. - Change rules for “double-ending” and undertake broader review of real estate legislation. - Analyze practices that may be contributing to tax avoidance and excessive speculation, including “paper flipping”.	- Improvements in development approvals process and successfully facilitating specific housing projects. - Increased consumer awareness of and confidence in protections in real estate industry. - Increased supply of affordable and market rental units. - Measured internally through periodic stakeholder engagement and monitoring of public and stakeholder feedback.	- High stakeholder sensitivity. - Challenge to balance measures to protect tenants and incent new rental supply. - Potential disincentive for landlords/developers to create more rental housing given interest rate hikes and perceived impact on expanded rent control. Many factors impact housing market and supply that are outside of Province’s control. (population and employment growth, immigration, consumer preferences, interest rate changes, federal regulations). - Ability to effectively enforce measures to prevent conflicts of interest.	04:51

1. Helping You and Your Family (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks	
Autism	- Continue transition to new Ontario Autism Program (OAP). - Continue to consult with the OAP Advisory Committee and the Autism Spectrum Disorder (ASD) Clinical Expert Committee. - Implement new direct funding approach in fall 2017. - Explore measures to guarantee the qualifications of Applied Behaviour Analysis (ABA) practitioners. - Finalize pilot approach and begin piloting in-school autism therapy in fall 2017.	- Reduced wait times for autism services. - Intensity (number of hours) of therapy. - Improvement in clinical outcomes. - Positive public and stakeholder feedback.	- Impact on families due to program transition. - Service continuity. - Long wait-times for services. - Phased, measured approach to integration of services in schools contrasted with expectations from the Ontario Autism Program Advisory Committee of immediate integration of autism services into classrooms. A key enabler of this integration are the measures being explored regarding ABA practitioner qualifications.	04.63

1. Helping You and Your Family (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks
Early Years and Child Care	<u>Increasing Access:</u> - Continue expansion of child care spaces (e.g., fee subsidies and school-based, broader public sector, and community-based capital spaces). - Modernize funding approach for First Nations and expand child care on reserve. - Launch application-based \$100 million fund to support innovative licensed child care solutions in March 2018. <u>Ensuring Affordability:</u> - Complete affordability study for child care by February 2018. <u>Workforce Strategy:</u> - Complete compensation study for early years and child care educators by December 2017. - Begin providing resources to support professional learning and development for early years and child care employees. <u>Public Awareness:</u> - Start marketing campaign regarding 100,000 spaces in fall 2017. - Launch one-stop online hub for information on early years programs and child care by winter 2018.	- Progress towards 100,000 new licensed child care spaces, including capital builds and number of fee subsidies. - Length of waitlists for fee subsidy. - Retention and recruitment of early years and child care employees. - Compliance with legislative and regulatory requirements for children's health and safety and well-being.	- Continued federal funding. - Capacity to create spaces, including capacity of child care providers to increase spaces, and system's ability to address any potential impact from minimum wage increases (includes risk of increased parent fees). - Retention and recruitment of child care workers due to low compensation. Maintaining the quality of licensed child care during expansion. - Potential misalignment of location of demand for spaces and the availability of capital space across the province. - Accountability around funding and space creation. - Future funding pressures, depending on outcome of workforce strategy and affordability studies.

1. Helping You and Your Family (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks
Ontario's Fair Hydro Plan	- Automatic enrollment of social assistance recipients for the Ontario Electricity Support Program (OESP) – June 2018. - Ongoing continued enrollment of eligible customers into Rural or Remote Rate Protection/Distribution Rate Protection and First Nation Delivery Credit (FNDC). - Ongoing work with agencies, Local Distribution Companies (LDCs) and partners on implementation of Global Adjustment (GA) refinancing, including: - Ontario Power Generation (OPG)/Special Purpose Vehicle (SPV) to produce Financing Plans consistent with the Fair Allocation Amount - fall 2017; - OPG/SPV to begin purchasing of investment asset - fall 2017; and - OPG/SPV working with lenders and credit rating agencies in establishing the vehicles for selling of investment asset interests - fall 2017.	- Residential electricity bills reduced on average by 25% and held at the rate of inflation for 4 years. - Establishment of a AAA or AA rated investment asset. - Increased OESP enrollment. - Industrial Conservation Initiative (ICI) expansion contributing to further reductions in peak electricity demand levels. - Rural distribution rates in line with those paid in more urban areas of the Province. - Continued enrollment of FNDC-eligible customers not currently enrolled in utility systems.	- GA refinancing is based on a number of assumptions and is unique, which increases the risk of unknown factors impacting its performance. To mitigate financial, accounting and constitutional law risk, the Ministry of Energy has worked closely with agencies and external advisors in the development of the legislation on which GA refinancing is based. - Officers of the Legislature, in addition to the Auditor General, may issue contrary opinions on GA refinancing. - Auditor General, in addition to the special report, could qualify or issue an adverse opinion on Ontario's books. - Higher bill increases following the end of the inflationary cap.

1. Helping You and Your Family (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks	
Seniors Strategy/ Long-Term Care	- Develop and release a Seniors Strategy discussion paper in fall 2017 that emphasizes the government's commitment to support seniors to remain healthy, independent, engaged, and active across all stages of senior life; that highlights current and net-new initiatives to achieve this objective; and that seeks feedback on what more government can do in the future. - Launch a new website in fall 2017 that provides one-window access for information on all government programs and services for seniors. - Contemplate additional actions/investments over the coming 6-9 months (e.g., long-term care investments).	- Stakeholders and members of the public see the release of the discussion paper as demonstrating government's responsiveness to the needs of Ontario's diverse older population. - Ontario's seniors experience tangible benefits, with immediate and longer term deliverables (e.g., improved access to information about services and supports; increased recreational and engagement opportunities; improved access to appropriate health care).	- Short timeline to develop and launch a large cross-government Seniors Strategy discussion paper for release in fall 2017. - Demonstrating immediate action for seniors through some modest new initiatives in fall 2017, and possibly additional initiatives over the coming year, requires additional financial investments (above and beyond the ministries' approved allocations) - Strong stakeholder and public expectations for government to take action to respond to issues in long-term care homes (LTCH) sector and issues of an aging population, but results may take time to be achieved (e.g., building/delivery of new LTCH beds).	04.27

1. Helping You and Your Family (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks	
Consumer Protection	- Introduce legislative amendments to enhance consumer protections and reduce regulatory burden in travel sales industry (<i>Travel Industry Act</i>) as well as in the real estate industry (<i>Real Estate and Business Brokers Act</i>), fall 2017. - Introduce legislation to restructure the Ontario New Home Warranty Program (Tarion) in fall 2017. - Introduce regulations to give effect to the <i>Ticket Speculation Act</i> in fall 2017. - Introduce legislation to protect restrict the use of the term financial planners to suitably qualified individuals in fall 2017. - Bring into effect regulations to implement the 2017 <i>Putting Consumers First Act</i> to protect consumers from aggressive door to door sales in certain sectors and the regulations to implement the 2016 <i>Protecting Rewards Point Act</i> to prohibit the expiry of loyalty rewards points due to the passage of time alone January 1, 2018. - Bring into effect regulations to implement the 2017 <i>Putting Consumers First Act</i> to improve regulation of debt collection and pay day loans in early 2018.	- Greater transparency and consumer awareness in both the travel and real estate industries. - Improved transparency and consumer satisfaction with the new home warranty model. - Fewer consumer complaints as reported to Consumer Protection Ontario and administrative authorities. - Consumers are better able to access event tickets at fair prices. - Retail investors are aware of the term Financial Planner designation when seeking advice. - More effective oversight of debt collection practices and more effective enforcement or rules. - Greater consumer awareness of the costs of using alternative financial services and less repeat borrowing.	- Industry stakeholders may respond negatively to increased controls or compliance requirements designed to enhance consumer protections. - High public expectations with respect to achieving greater protections, transparency and fairness particularly regarding changes around multiple representation in the real estate industry, restructuring of Tarion, ticket speculation, and protection of loyalty rewards points. - Potential fiscal risk that the new Tarion model as a delegated administrative authority (particularly the new warranty fund administrator) being determined as under the control of government by the Office of the Provincial Controller Division or the Office of the Auditor General of Ontario (OAGO) which could result in the consolidation of the warranty fund into the province's accounts. - Retail investors may misunderstand the limited scope of the right-to-title bill.	04.52

2. Creating Opportunities and Security/ Investing in People and Jobs

Priority	Actions Over the Next Year	Measures of Success	Key Risks	
NAFTA/ Trade Issues	- Ministry of International Trade and the Provincial Trade Advisor continue to advance Ontario's interests by engaging with Global Affairs Canada (GAC) in the NAFTA renegotiations. - Ontario is engaged with state governments and with business associations on mutual interests. - The fourth round of negotiations occurred October 11 - 15 in Washington, D.C. Further rounds are expected to follow this year. - Tracking to Cabinet November 15, 2017 to update on negotiations and seek a renewed mandate. - Continued opportunities for Ontario business to inform negotiations.	- High-level of engagement with GAC at working and senior levels throughout negotiations. - Ontario's economic and policy interests reflected in federal negotiating objectives. - Strategic relationships with other provinces and territories in areas of alignment. - Ontario business continues to invest in the province and remains confident in continued economic growth.	- Greater level of uncertainty that surrounds negotiations, and potential for the Federal government to accept positions that are not in Ontario's interest. - Business concerns if potential outcomes would increase operating costs, increase competition and/or result in reduced investment in the province.	01.11-01.12

2. Creating Opportunities and Security/ Investing in People and Jobs (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks
Fair Workplaces, Better Jobs	• Passage of Bill 148, the <i>Fair Workplaces, Better Jobs Act</i> (FWBJA) expected in fall 2017. • Implement exemptions under the <i>Employment Standards Act</i> (ESA) and the <i>Labour Relations Act</i> (LRA) in fall 2017. • Approval of regulations under the ESA and the LRA to implement the FWBJA in late fall 2017. • Increased enforcement capacity and education and outreach activities.	• Reduced prevalence of precarious work. • Strengthened employment standards. • Reduce barrier to unionization and collective bargaining. • Greater degree of compliance with Employment Standards. • Expediting the time it takes employees to receive their entitlements by 50%, expand individual claim investigations to all employees where appropriate, and complete 45,000 proactive inspections (1 in 10 workplaces to be inspected annually) by 2020-21.	• Potential for unforeseen or unintended impacts given the scope of measures, timing of the implementation and lack of full stakeholder input on some aspects of the proposal (e.g., minimum wage). • Potential for reduced flexibility for employers, increased costs and potentially reduced competitiveness with other jurisdictions. • Financial impact on public sector could impact implementation of other commitments (e.g., expansion of child care spaces while maintaining affordability).

2. Creating Opportunities and Security/ Investing in People and Jobs (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks	
Small Business Strategy	- Introduce <i>Cutting Unnecessary Red Tape</i> legislation and regulations to reduce burdens and practices that cost businesses time and money, in fall 2017. - Launch Small Business Strategy to include tax measures, procurement changes, regulatory opportunities, fee reductions, skills and training initiatives, peer lending, concierge service, and Main Street revitalization, in Fall Economic Statement (FES).	- Percentage of regulatory initiatives that are quantified by ministries. - Reduction in administrative costs of regulatory compliance. - Increased number of small business services including through the Ontario Investment Office. - Small businesses consider Ontario as a fair and balanced place to invest and grow.	- Increased expectation of small business sector/stakeholders. - Proposed measures may not impact sectors most impacted by labour changes. - Potential financial commitments have also been cast as being time-limited, and if extended could introduce structural pressure in the fiscal plan.	01.05
Cap and Trade	- Link with California and Quebec cap and trade market in January 2018, with first joint auction in February 2018. - Develop second compliance period program design. - Put in place offsets regulation in winter 2018.	- Continued emissions reductions and achievement of Ontario's 2020 and 2030 greenhouse gas reduction targets. - Compliance with the regulatory requirements, including reporting.	- Concerns related to lower proceeds from joint auctions as a result of Ontario entities buying California allowances. - Continued heightened stakeholder interest, including from the Auditor General and the Financial Accountability Office, in how government invests cap and trade proceeds.	03.03

See Appendix page 11 for additional details on the Small Business Strategy and page 12 for details on Cap and Trade

2. Creating Opportunities and Security/ Investing in People and Jobs (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks
Federal-Provincial Infrastructure	• Draft provincial agreement expected in November 2017 – negotiations to take place over the fall with a final agreement targeted before March 31, 2018. • Ontario to develop list of recommended projects for funding. • Province will continue to emphasize three key principles throughout the negotiations: - o Funding should not result in additional fiscal pressure for the province or municipalities. - o Agreements should be global (not project-by-project) and provide sufficient flexibility to re-profile funding between programs. - o Agreement administration and reporting requirements should be streamlined, reasonable, and appropriately resourced.	• Negotiating strategy aligned with Association of Municipalities of Ontario, City of Toronto, and Chiefs of Ontario where possible, while protecting the provincial interest. • Negotiated agreement with federal government that aligns with Ontario's priorities, and that: - o Promotes good infrastructure planning, including directing federal funding to existing priorities and in-plan projects; - o Is flexible and accounts for Ontario's existing infrastructure spend of \$190 billion; and - o Minimizes impact to the province's fiscal plan.	• Agreement may contain elements that will put pressure on Ontario – e.g., if funding is directed to municipal projects and the Province is required to cost-share (e.g., 33%), federal funding could create significant fiscal impact for the province. • Differing priorities between affected parties (e.g., municipalities) may create challenges establishing unified negotiating strategy. • Federal government has signalled intent to move to a per capita allocation model for certain federal investments in affordable housing. This would increase Ontario's allocation and create cost pressures, as Ontario is required to match federal investments.

2. Creating Opportunities and Security/ Investing in People and Jobs (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks
Cannabis	- Introduce legislation setting out Ontario's priorities (including retail and distribution model, minimum age for selling, places of use, possession and sharing, home cultivation, workplace safety, prevention and harm reduction). - Cross-ministry implementation to support Ontario's objectives-including protecting youth and vulnerable populations, promoting public health and safety, including road safety, harm reduction and prevention and shrinking the illicit market. - Enable government control-board, retail (storefront and online) sale of cannabis coincident with Federal commitment of July 2018.	<u>Retail:</u> - Legal storefronts and online; Net provincial revenue from the sale of cannabis (e.g., direct taxation or federal transfer plus net income of cannabis retailer). <u>Enforcement:</u> - Number and pace of elimination of dispensaries; Charges laid under provincial legislation. Youth diversion plan implemented. <u>Prevention/Public Health:</u> - School curricula updated; impact of media and communication tools; workplace safety and number of on-the-job incidents. <u>Economic Development:</u> - Number of licensed producers in Ontario; Participation in high-value add firms (e.g., production, cultivation, research and development, services). <u>Road Safety:</u> - Number of charges laid; training and deployment of Oral Fluid Screening Device/ Standard Field Sobriety Test (contingent on federal approval).	- Aggressive implementation timeline driven by federal deadlines (i.e., July 2018). - Time and potential costs associated with training all respective parties and potential impacts (e.g., impaired driving if not implemented on time). - Stakeholder concerns/ expectations with Ontario's approach. - Implications and differing consideration for medical cannabis. - Appropriate balance of policy objectives (public safety, protection of youth/vulnerable population). - Ensuring alignment and an integrated approach to implementation across impacted ministries.

CABINET CONFIDENTIAL

3. Strengthening Health Care

Priority	Actions Over the Next Year	Measures of Success	Key Risks	
LHIN Transformation	- Following seamless transition of Community Care Access Centres (CCACs) staff and functions under the Local Health Integration Networks (LHINs) in spring 2017, identify and implement actions to tangibly improve patient experience, leveraging new LHIN capacity (e.g., integrating home and community care coordination with primary care). - Develop and implement new performance and reporting tools (e.g., care coordinator performance dashboard, new Ministry-LHIN Accountability Agreement indicators).	- Patients and health care providers continue to experience no disruption as a result of transitioning home and community care services to LHINs and expanding LHINs' mandates. - Patients experience improved access to more integrated care (primary care, home and community care, mental health and addictions services, and palliative care). - Patients and communities experience care that is more responsive to local sub-LHIN region needs.	Expectations on a broader 'transformation' and improvements among key stakeholders (e.g., professional associations) in the short-term now that transition is complete, but changes may be incremental and gradual over time.	07.02

4. Investing in Education and Building a Highly Skilled Workforce

Priority	Actions Over the Next Year	Measures of Success	Key Risks	
Achieving Excellence for the Whole Learner (Including Measures to Improve Equity and Well-being)	<u>Curriculum Revitalization:</u> - Consult on revitalized curriculum based around global competencies beginning in fall 2017. - Pilot and implement redesigned Grade 9 curriculum in early 2018.	- Improved student outcomes including achievement information and consideration of identity-based data. - Expanded provincial assessment approach. - Enhanced equity initiatives in board and school improvement plans. - Launched provincial well-being indicators (indicators TBD). - Improved parent and community connections to schools.	- Assessment changes, particularly to EQAO, could affect public confidence in the education system. “Initiative fatigue” to wide array of reforms in schools currently being implemented. - Implications for teacher and principal/vice principal workload and the limitations in collective agreements around introducing new policies. - Quality data on sub-populations and key indicators (e.g., indigenous graduation rate, well-being). - Cross-ministry integration of initiatives and resources for focus and coherence (e.g., Anti-Racism Directorate’s framework for the collection of race-based data).	08.03
	<u>Assessment and Reporting:</u> - Implement new assessment and reporting tools and practices, including new report card and update school climate surveys by September 2018. - Review Education Quality and Accountability Office (EQAO) provincial assessment beginning in fall 2017.			08.05
	<u>Improving Well-Being:</u> - Establish provincial well-being indicators by September 2018. - Co-develop Indigenous-specific well-being indicators. - Allocate \$49M Budget investments in initiatives to improve student well-being. <u>Ensuring Equity:</u> - Implement Equity Action Plan beginning September 2017.			08.29

4. Investing in Education and Building a Highly Skilled Workforce (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks	
Experiential Learning Including Career Kick-Start Strategy	- Continue to invest in new Career Kick-Start Strategy starting in 2017-18 to close the experience gap for students, which includes initiatives such as expansion of Specialist High Skills Major (SHSM) program for Grade 11 and 12 students and Career Ready Fund. - Develop and implement strategy to modernize the apprenticeship system.	- Expanded experiential learning opportunities for learners. - Increased apprenticeship participation and completions, and clearer pathways to apprenticeship.	- Continued engagement/coordination with partners required for delivery. - Measurement of outcomes required to ensure progress towards goals. - Potential financial implications of proposed next steps on apprenticeship; will also need to consider a plan to achieve the related savings target for the Apprenticeship Training Tax Credit (ATTC).	08.18
Lifelong Learning and Skills Plan	Continue to work with partners on policy development and implementation of plan components starting in 2017-18 to support adult learners and workers including (e.g., enhancing system navigation, developing common learner intake, expanding and improving Literacy and Basic Skills program, enhancing dual credit opportunities for adults).	- Improved literacy, numeracy, and language skills for adult learners. - Improved learner experience and navigation of adult education pathways. - Extension of Ontario Education Number (OEN) to adult education programs.	- Continued engagement/coordination with partners required for delivery. - Measurement of outcomes required to ensure progress towards goals. - Ongoing investment required to implement plan; future financial risks to be determined.	08.23
				08.17

See Appendix page 21 for additional details on Experiential Learning and page 22 for details on Lifelong Learning and Skills Plan

5. Building Transit and Transportation (continued)

Priority	Actions Over the Next Year	Measures of Success	Key Risks
Transit and Transportation – Outside the GTHA	- Establish High Speed Rail (HSR) governance structure. - Complete Waterloo LRT (pt. 1) – spring 2018. - Complete Ottawa LRT Stage 1 May 2018; Stage 2 construction expected to begin Q3 2018. - Approval in Principle Transfer Payment Agreement and procurement for King-Victoria Transit Hub in Kitchener expected fall 2017. - Request For Service for HSR Terms of Reference expected to be issued December 2017 and awarded by early 2018. - Announce province's contribution to London's Shift Rapid Transit Initiative (TBC). - CN Rail negotiations, planning & design for Niagara GO extension.	- Increased transit ridership. - Increased modal split. - Projects delivered on time and on budget. - Meet HSR EA requirements through Individual Environmental Assessment Process. - Approval of HSR environmental assessment (EA).	- Delivery timelines. - Large, complex infrastructure projects. - Stakeholders may expect additional commitments for HSR including more funding.
Other Transit and Transportation	- Introduction of road safety legislation (drug and alcohol impaired driving, distracted driving, vulnerable road users) expected fall 2017 (TBC) . - Introduction of HOT lanes legislation expected fall 2017. - Response to GTA West Expert Panel report expected October/November 2017. - Release of the Northern Ontario Multimodal Transportation Strategy – late 2017. - Procurement for Highway 427 HOT lanes toll collection system ongoing through 2018. - Release of the Greater Golden Horseshoe Multimodal Strategy and Plan – late 2018. - Implementation of Community Transportation Grant Program (TBC). - Improved intercommunity bus service in Northern Ontario (TBC).	- Improved road safety (e.g., reduced numbers of collisions). - Increased transit ridership. - Improved transportation options, especially for individuals in rural and/or northern areas.	- Delivery timeline/resource challenges associated with implementing drug impaired driving road safety measures by July 1, 2018. - Some projects have funding, while others do not.

13.01-13.06

See Appendix page 24 for additional details on these two priorities

6. Building Inclusive Communities and Improving the Justice System

Priority	Actions Over the Next Year	Measures of Success	Key Risks	
Justice Reforms (Corrections and Policing)	- Introduce legislation to reform Ontario's corrections system, including segregation, in fall 2017. - Continue work to transform healthcare services in correctional facilities with report back in spring 2018. - Introduce legislation to implement the Strategy for a Safer Ontario (SSO) and reform of police oversight bodies in fall 2017. <i>Ontario Special Investigations Unit Act</i> to come into effect in April 2018.	- Decreased use of segregation. - Increased alternatives to segregation. - Improved delivery of healthcare services in the corrections sector. - Increased public confidence and satisfaction in police. - New police oversight agencies are established and fully functioning. - Number of professional misconduct cases closed within mandated timelines.	- High stakeholder and public expectations. - Significant financial, capital, and staffing resources required – not in fiscal plan and potential labour implications. - Challenging cultures to shift.	04.42
				04.43
Basic Income Pilot	- Launch the second phase of the Basic Income Pilot in fall 2017, which includes: - Expanding to a third site (Lindsay); and - Co-designing and planning for the implementation of a First Nation Basic Income Pilot.	- Successfully scale up participation in pilot, with the objective of reaching 4,000 participants. - Measure and evaluate the impacts of a BI model, assessed for key outcomes over time (including, but not limited to quality of life, food security, enhanced labour market interaction, and overall well-being). - Evaluation results to inform the path to comprehensive reform of the income security system.	- Linkage/overlap/confusion with Income Security Reform. - Managing expectations related to roll-out of the pilot; the province is experimenting and there will be lessons learned along the way. - Managing expectations of First Nations partners on the scope and scale of the First Nation Pilot. - Ambitious timeline and some unknowns (e.g., timelines for enrolling participants).	05.04

See Appendix page 25 for additional details on Justice Reforms (Corrections and Policing) and page 26 for additional details on the Basic Income Pilot
