Hi Rob,

Here's the MYAP with our updates tracked. We also made some suggestions to Fair Housing (not essential) which is a 6th floor item and passed those along for their consideration.

Also per my earlier email - as a supplement for the MYAP priorities for the DM's reference, please find attached a slide deck providing more detail on the Autism In-School pilots. Of particular interest are slides 3-8, which lays out the implementation plan for the pilots, including which school boards are participating and how the pilots will be administered and evaluated. (The rest of the deck outlines options for a communications plan and what future implementation of the pilots could look like.).

Have a great weekend!

Lidya
