Your electricity charges	\$149.77

**Total amount you owe by Aug 28/17****\$144.77**

Powering 32 North Street

Point of Delivery: 50150150

Residential Medium Density

Electricity	\$82.16
--------------------------	----------------

This is the cost of generating the electricity you used this period. Usage is measured in kilowatt-hours (kWh) and depends on the wattage of devices you use and how long you use them. The Ontario Energy Board (OEB) sets the cost per kWh and the **money collected goes directly to the electricity generators**.

Delivery	\$56.03
-----------------------	----------------

This is the cost of ensuring you have reliable power when you need it. **Hydro One collects this money** to build, maintain, and operate the electricity infrastructure, which includes power lines, steel towers and wood poles covering 960,000 sq. km. A portion of this cost is fixed and a portion varies depending on the amount of electricity used.

Regulatory Charges	\$4.45
---------------------------------	---------------

The **Independent Electricity System Operator (IESO)** uses this money to manage electricity supply and demand in the province, which is necessary to ensure that there is enough electricity to meet Ontario's needs all the times.

HST (12345-1234-RT1111)	\$18.54
--------------------------------------	----------------

8% Provincial Rebate	-\$11.41
-----------------------------------	-----------------

Total of your electricity charges	\$149.77
--	-----------------

Your Adjustments

-\$5.00

Conservation program credit

-\$5.00

Meter Number	Current Reading	Previous Reading	Difference	Usage in kWh
123456789000	Aug 4/17 2,701	Jul 4/17 1,701	1,000	(x1) = 1,000

This is a summary of how we calculated the amount you owe.

For more details on your electricity charges, see the following section.

If payment is not received by Aug 28/17 a calculated late payment charge of 1.5% compounded monthly (19.5% per year) from the statement date will be applied to your account.

What is my Time-of-Use breakdown?

70% Keeping the system reliable and available**15%**
Fixing outages**15%**
Customer services

Hydro One - How the System Works

Hydro One's role is to make sure that Ontario's electricity can flow directly to you, our customers, through our system safely and reliably.

Energy Saving Tip

Phantom Power

Electronics use energy even when off. Plug them into power bars with timers or auto-shutoff to lower energy use.
