Subject: Committee Binder - Edits

Hey Martin,

I have a few updates to the committee binder for tomorrow on our end. The voting chart had a few corrections to be made to it to make sure it met the order which the Clerks will use in committee - I've updated it in the attached, so let me know if there are any issues (I've included the tracked changes, but it may be easier to switch to a cleaner version).

I'm going to have a few updates to the amendment analyses tab as well. I'd like to take another look over it in the morning with Atel, and will get our edits to you as early as possible - probably around 9am.

Have a great night,
David
