Hi,
Here's the latest version of the deck. We tried to incorporate comments from MOF / TBS. This version is with my MO for review but it will likely be the version we will use at Major Projects tomorrow. Keley can share with your EAs.

Subject: Potential Rate Mitigation

Hi,

Attached is a draft of the rate mitigation deck. This is tracking to major projects on Thursday for a preliminary discussion. As you can see there are a number of initiatives that have fiscal implications so your input and comments would be appreciated. Keley can coordinate with your EAs. I understand that Andrew T. plans to share with PO/your MOs.
