Independent Panel to Deliver Recommendations on Accounting for Pension Assets

NEWS

November XX, 2016

Ontario has appointed four members to the Pension Asset Expert Advisory Panel. This short-term advisory body, chaired by Tricia O'Malley, has been appointed by the President of the Treasury Board, and comprises experts in the areas of jointly sponsored pension plans, actuarial modelling for pension plans and Public Sector Accounting Standards (PSAS).

The independent panel will deliver advice and recommendations to the government on the application of public sector accounting standards to Ontario's pension assets. Panel members will also provide advice on how to value pension assets reported on the province's books, taking into account future decisions which might be made by the plan's sponsor or sponsors.

The report is due to the President of the Treasury Board by the end of the year. It will be shared with the Auditor General of Ontario and be made public.

Responsible financial management is part of Ontario's plan to create jobs, grow the economy and help people in their everyday lives.
