QAs attached.

Jordan, here are the KMs I've sent around – however, they will be updated to reflect the language in the Point of Order.

- The Public Accounts are released each year as part of the Province's commitment to being open and transparent.
- The Public Accounts are prepared by the Treasury Board Secretariat and the consolidated financial statements are then independently audited by the Auditor General.
- At this time, I have directed Treasury Board Secretariat staff to work closely with the Auditor General to finalize the audit.
- I expect the Public Accounts to be finalized shortly.
- Our government remains on track to meet/improve upon our deficit performance for 2015-16.

And we are prepping arguments if a point of privilege is raised – any products we receive will be reflected in our drafting.

Hi, wanted to follow up on my convo with Mike. There is no need to indicate a timeline in Minister Sandals point of order (if required) this aft. We can say "shortly".

Can you share a draft of proposed language for point of order?

Beckie, I understand Bromm has been chatting with your office. No need to Naqvi to say anything in the house. But you guys will need to be ready to respond to q's from media and obviously a potential point of privilege. Can you share km's/q and a?

Thank you!
