Hi Boafoa,

I've attached the following products for the SoC's review.

Event: University of Waterloo visit

Date: Friday, November 24, 2017

Materials:

- Detailed itinerary
- Slide deck
- Additional slides updated from Fall Economic Statement, if needed

A few things to note:

- I started out basing this deck off the SoC's presentation at Rotman, but since it's a more general, celebratory event rather than a technical presentation to a class, I chose to focus on the OPS of the future and the skills that will be needed in the public service (this was also the direction suggested by the event organizers)
 - o If the SoC would prefer to add more material on Ontario's economy, I've updated those slides based on the Fall Economic Statement
- It's a bit of a shorter deck, to allow time for Q&A
- I updated **slide 17** about the Blueprint/Anti-Racism Strategy rather than using the bubble slide from the BOPSers deck because I think it will be clearer for an external audience
- I put a new title on **slide 18** to focus it towards how public servants should work to support innovation and change
- It's unlikely that the SoC will arrive by 11:45 am as stated in the itinerary, since he has an event at Macdonald Block from 10-10:15 am—please let me know if you'd like us to ask the event organizers to expect him closer to 12:15 pm

Please let me know if you have any questions, concerns, or revisions.

Thanks,
Joanna
