Good Evening:

Enclosed you will find an EARLY product that still needs a lot of work and research, but that begins to provide a menu of levers to meet the enhanced rate mitigation commitment from Premier's Ottawa speech.

Slides 8 / 9 are the menu / options.

Slide 8 = rate reduction on the average Ontario residential household monthly bill

Slide 9 = impacts on industrial customer.

The rest of the product then explains each lever in a slide or two.

As a menu, we opted to include more, rather than less items ensure that no stone was left unturned.

I understand a fiscal prep / major projects style forum is being contemplated for later this week; so obviously a lot to discuss - but let me know if you have any immediate questions or concerns that we should prepare responses to for later this week.

Take care,

Andrew
