Hi there,

Please find attached the agenda along with speaking /demo notes (in red) for the PERL demo as discussed at our meeting last Friday (also is the formatted sample of the excel doc). Let me know if you would like any changes made. Thinking the demo will take about 30 -40 minutes.

Most of the individuals on the PERL invite do not have access (only 2 have access), therefore I added some additional content re access requests coming through their specific DMO's office.

Shirquille's last day was Apr 27th so I will contact Kelly O'Brien (Manager, PERL) regarding whether or not we need to set up and adobe connect link for our demo. I will let Kelly know that we will be just working through the system and that there is no deck.

Thanks,
Naomi
