Hi both – do we have a final version of this chart somewhere by any chance? Wanted to take a look as a cross-reference for the mandate letter review exercise. Thanks!

Subject: CCAP Tracking Chart

Hi all,

Please find attached a chart that was pulled together to track all of the Climate Change Action Plan items. Could I ask that each of advisor please look through the chart at the items assigned to your respective ministries and ensure that the information (e.g. policy status, funding, implementation, etc.) are correct. Please pay particular attention to the items that have question marks under the Policy Status section, as those are the ones where we don't have adequate information.

If each advisor could return their input to me by EOD January 3rd, that would be really appreciated.

Please feel free to let me know if you have any questions.

Thanks,
Mo
