Steen,

The documents attached have been reviewed and updated accordingly. I would note that we are still in the process of an audit with the AG at the moment, so there may be further updates to these as we get greater context around the outcomes of that process.

Cheers,

Jordan

Hi Jordan: Hope you had a good weekend. Just checking in on the status of IESO input on the attached SCOPA / Chapter 2 products.

We're trying to land a package for DMO review before sending on to TBS.

Thanks,

Steen

Thanks Jordan.

I've attached a package of Q&As that TBS asked for related to the OAG's recommendations in Chapter 2. There are about 5 questions related to IESO that I'd ask that your folks take a look at. If you want to add some additional questions, please do (e.g., Q&As prepared for Estimates on IESO's role in OFHP).

If you have any questions, please give me a call.

Hi Steen,

Thanks. We'll target getting this turned around by Monday and let you know if we run into any delays.

Cheers,

Jordan

Good afternoon Kim / Jordan. As we prepare for our appearance at SCOPA, we've been asked by our COMs shop for IESO input on the attached "friendly Q/A" and "Response Table" to the AG's recommendations. There will likely be additional products to review, but for now this is the first batch.

- Re the friendly Q/A, content for IESO's question was taken from the friendly Q/A used at estimates. Generally looks good. I'd ask that your review and update as necessary.
- Re Response Table, I've highlighted the section that IESO should review and update as necessary.

The edited materials can be passed along to Hilary. Ideally, it would be good to get materials back by Monday.

If you have any questions, please give me a call.

Steen
