Hi James,

Attached is a version of Energy's deck with our comments included. As well, attached are some slides we have prepared related to this proposal.

Hi TBS,

Re the revised deck from energy – let's touch base sometime (early?) today on the tracking. Thinking about sequencing with the Minister's evaluation. I'm avail from 930-1030. Are any of you free then?

Megan

Hi,

See attached and below. We are aiming to turn around a new version of the deck, incorporating any comments your ministries might have before major projects on Thursday. As such, could you please pass along your comments by end of day tomorrow?

If there are questions, I'm happy to discuss.

Thanks,
Keley

Subject: Potential Rate Mitigation

Hi,

Attached is a draft of the rate mitigation deck. This is tracking to major projects on Thursday for a preliminary discussion. As you can see there are a number of initiatives that have fiscal implications so your input and comments would be appreciated. Keley can coordinate with your EAs. I understand that Andrew T. plans to share with PO/your MOs.

Serge
