Hi Patrick, Nina and Sarah,

Please find attached the latest Electricity TB/MBC note – still a work in progress as you can see (with placeholders) but here are the changes in this version (I have attached a clean version and a track-changed version):

- For GA smoothing, revised numbers to include “RPP Eligible only” from “RPP only”
- Revised numbers for RRRP – resulting in higher overall fiscal impact (note – I don’t think the CO note has been updated to reflect the latest numbers)
- Included text from the Affordability Fund TB sub and enhanced the Minute (there are some placeholders..)
- OPCD, OFA staff edits included – though I think Cindy may have further comments?
- Minute updated, based on the latest CO minute, and also incorporated Karen’s comments from earlier.

Happy to make further changes post the 1 pm DM meeting (note: I’m not available from 1-5 pm, but both James and I can check in later on further direction/changes).

Thank you

Felix
