Attached please find a high level summary of the current fiscal year- end forecast as well as a table of strategic investments the ministry had been tracking in-year. The General Ledger closes mid-April so the numbers may fluctuate. A final year-end deck will be provided to Senior Management Teams, DMs, SoC including lessons learned and opportunities for strengthening forecasting across the ministry going forward (and a plan to do so).

Subject: Presentations in Beijing and Hong Kong on Canada and China in an Uncertain World

Hi Steve,

As part of the Canadian Embassy's "Canada in Conversation in China" series, I recently gave presentations in Beijing (March 21) and Hong Kong (March 23) on the global economic and geopolitical context facing both countries. It examines how policy is reorienting in Canada in response to this disruptive and uncertain global context, where Canada's strengths and competitive advantages lie, and it looks ahead to prospective areas where Canada and China could work better together for our mutual benefit.

The presentation, entitled "China, Canada and an Era of Global Disruption", is attached. I thought it might be of interest given today's unsettled global context and the imperative for Canada to diversify its trade and investment links.

Kevin
