Hey Christine,

OTB is flagging several issues related to the Affordability Fund Request. Have you had any conversations with the MO on how the outstanding issues will be addressed?

Regards,

Dane Nelson, Senior Policy Advisor

Subject: FW: Affordability Fund TB submission materials

Hi Dane –

We've received this submission on the affordability fund, the ask is for \$200M in 16-17 offset from the c-fund. As discussed at the Chair's briefing yesterday, there are a number of issues that need to be resolved with respect to program design, \$s and profile for the investment.

Please share with the MO in case they haven't received. It would be useful to know if they have conversations planned with MOF/ENE MOs on the issues flagged above. If you could let us know please.

Thanks,

P.
