Good morning Christine,

Please find the Minister's speaking points for Cabinet attached and the PA Cabinet deck (shared previously - no updates). For the meeting at 11am this morning, staff will start off with the Cabinet remarks and then we'll go into the data visualization material.

Hi Dane –

Please see attached for the speaking notes (new to you) and Cabinet deck (same but attached for ease of reference). Karen has reviewed the attached and is good with them.

f I understood the outcome of yesterday's post meeting discussions, we'll begin the discussion at 11 with the minister on these products, before moving into the data visualization pieces.

Amanda, I'd appreciate if you could make sure the digital/comms folks know , I don't think they were privy to that conversation though Sofie was present. If anyone heard differently, please let Sarah and I know.

Thanks,

P.
