Subject: RE: ENG | Echo Announcement Tracker

Hi Everyone,

To keep everything organized I'd produce a master spreadsheet for tracking echo announcements opportunities that are confirm or tracking.

These opportunities can include:

- Echo announcements
- Radio interviews
- Op-Eds
- Multicultural outreach

Regional Minister Outreach:

My understanding is that SASIs are coordinating outreach done by Regional Ministers. Please keep your Regional Advisor and myself informed of any opportunities you have identified. The attached excel should give you a better sense of the details we are tracking.

Non Regional Minister Outreach:

Regional Advisors are working with constit offices to identify all outreach opportunities across the province outside the main announcements underway by Regional Ministers and their teams.

I will periodically update this email chain with a current copy of the spreadsheet so we are all working from the same thing. Please note that Integration with Senior Staff is scheduled for today at 3:00PM. I will be bringing a copy of this tracker to the meeting, so please try to have as many updates sent to me by that time.

Bryan Bossin from PO Comms has been added to the list so they are aware of all developments.
