Thanks Tim.

For slide 15, can we separate the PIT portion from the others while still keeping it on the same slide? Given the Minister's view on this I don't think it would be advisable that it would be lumped in with the others particularly because the others have been assumed into the fiscal planning for the last two months.

For the speaking points, my slight changes are redlined as attached.

Subject: MMMP Fiscal Architecture and Minister Speaking Notes

Please find attached:

- Fiscal architecture deck updated post-MMMP – Wanted to make sure you had an opportunity to review before it goes over to CO/PO. Key changes include smaller boxes on the 'sliding scale of risk' (as per SOC's comments) and the addition of a note on the targeted tax measures slide to point out how much more is being invested in Education as part of this budget, to provide context for the EPT increase.
- Draft Minister's speaking notes for MMMP – Ali I've tried to make sure the various points you wanted to see included in there are there. The speaking points are divided into two sections: one to talk about fiscal architecture, and secondly, to speak to the narrative.

Let us know if you'd like any edits or further changes.
