Hi Cindy and Mark,

This should be the last SCOPA product for review (knock on wood...) SoC remarks. You will see they are kept pretty high-level.

Cindy I'll put some review time in your calendar this afternoon after BPC as some time has opened up. We're booking you a room at Whitney so you don't need to travel back and forth in between meetings.

Mark will you be able to review before 230pm?

Thanks
Sarah

Subject: For Review - SCOPA - SoC Key Messages

Hi Patrick & Sarah,

Thanks very much for the check-ins earlier today.

To confirm, we are still waiting to hear back from DMO regarding their preference to: a) receive a hard copy of the briefing binder tomorrow or b) receive an e-binder over the weekend, which will include materials more fully reviewed by program area/OTB. We will be sure to keep you updated.

We have also asked for their timeline as to when the SoC needs briefing materials. At this time, we are tracking for Friday morning. However, in the interest of time and considering that we may be asked to deliver materials immediately, I am attaching the **SoC key messages for Cindy and Karen's review**. I will keep you updated with any timelines I get, but if we could get their review on these **by tomorrow afternoon**, I think we should be in good shape.

These KMs are also being shared with MOF and Energy for their immediate review. To confirm, these KMs are largely drawn from pre-existing material.

Thanks very much for everything,

Alisha
