Hi Cindy/Sarah -

Can you use this version of the note please to remove the acronyms? There's a bullet that was added late today that references the independent financial review commission note (also attached for your reference).

Thank you.

Subject: RE: Implementation Notes

Made a small revision to the title for the independent commission and also added in a bullet to the accounting issues note to cross-reference with the independent commission.

I've taken an attempt at the hiring freeze note (attached), which I believe Karen wanted to review before going to Helen.

Attached the other notes that Jamie provided with no further edits.

I'll send the deck separately.

Subject: Implementation Notes

Hi there – here are the 7 notes that I have.

I have revised the titles of each to map more directly to the ToC provided (except for the Independent Commission note, as I missed the discussion on that item).

I believe there was one comment to connect the Overview of Key Accounting Issues to

the Independent Commission, but I may have misinterpreted that.

I took a preliminary stab at edits to the hiring freeze note, but it is rough. Mostly just removing the historical context.

Unfortunately I have to run right after this meeting but will be available early tomorrow to roll in edits as needed.

Thanks,

Jamie
